

Johnson Cites Asia Importance In Press Meet

WASHINGTON, June 2 (AP)—President Johnson said today the aim of Honolulu talks on southeast Asia is to promote the "efficiency and effectiveness" of American moves to stem the communist tide in that part of the world. Johnson said the future of all of southeast Asia is at stake in Laos and South Viet Nam. It is not just jungle warfare but a struggle for freedom on all fronts, he said in a statement read to a news conference. It was the President's first meeting with reporters since May 9.

Idaho Flags

Idaho flags are available now at the Times-News business office in addition to the American flag. The 12- by 18-inch state flags are being sold at a cost of 50 cents each as a public service. The new, 50-star American flag, which also includes the state flag, are still available at cost of \$1.25. Smaller flag sales included 12 to the village of Hazelton.

Salary Boost Can Be Paid, Smylie Avers

BOISE, June 2 (AP)—Salary increases are ordered for appointed officials can be paid despite the assembly's holdout, Gov. Robert E. Smylie said today.

The governor ordered salaries of 13 appointed state officers increased effective June 1 and the assembly's holdout yesterday by secretary of State Arnold Williams.

Smylie told newsmen he authorized the higher pay provided the departments involved had sufficient money. He said he believed all were able to arrange for the salary increases. That the governor said all of the agencies must come from the general fund, he said, but that he had ordered a year ago to set a general fund appropriation made by the 1963 legislature.

U. S. Officials Optimistic On Viet Nam

HONOLULU, June 2 (AP)—Some of the U. S. officials winding up a top-level strategy conference on southeast Asia were reported today to feel the deterioration in South Viet Nam has stopped. However, it was understood they would not be widely shared by others in the group of senior civilian authorities and military leaders, who have been studying the situation behind closed doors.

Secretary of State Dean Rusk, Secretary of Defense Robert S. McNamara and a plenitude of key policy makers planned to leave for Washington tonight after two days of intensive discussions on Pacific command headquarters.

T. F. Firm Gets Park Contract

Vaughn's Land-use Construction Co., Inc., has been awarded a contract by the national park service for planting and seeding the Snake River area in the Snake River National Park. The contract was awarded to Rep. Ralph Harding, Frank Church.

Asia Importance

It was a good letter then and it's a good letter now," he said. Johnson, who met with some 25 reporters in his office, declined to be drawn into an extended discussion of southeast Asian problems. He said he thought that should await completion of the Honolulu talks by top military, diplomatic and intelligence officials.

However, when Johnson was asked about a week-end statement by Rep. Melvin R. Laird, R-Wis., that the American government has laid plans for "muzzling" the press, Johnson said he had no plans that have been made.

India Prime Minister To Work for 'Order'

NEW DELHI, India, June 2 (AP)—Lal Bahadur Shastri, the next prime minister of India, promised the nation today he will work for "a new social order" at home and a nonaligned foreign policy. India cannot afford to associate with any power bloc in its foreign policy, he said. "In domestic affairs it must work for a 'peaceful revolution' to distribute wealth equally, Shastri told a news conference. A few hours earlier the ruling Congress party had named Shastri, 69, by acclamation to be its new leader, a designation which automatically carries nomination as prime minister.

Two Die as Plane Crashes Between Twin Falls, Wells

A Wells physician and a Boise fireman were killed early Tuesday when their light plane crashed on a flight from Boise to Wells, after encountering bad weather. Elko county Sheriff Jess Harris, who recovered the bodies from the wreckage in the boulder-strewn mountains about 40 miles north of Wells, identified the victims as Dr. John H. Patterson, the pilot, formerly Caldwell, and Croighton Thomas McNeill, a Boise fireman. Edwin Woods, manager of the Twin Falls airport, said the aircraft was last heard from about midnight when Patterson radioed to Burley that they were about five miles south of the airport at Twin Falls.

Parking Is Debated By T. F. Commission

Parking was the main topic of discussion at the Monday night meeting of the Twin Falls city board of commissioners. The subject came up twice during the meeting. Commissioner Robert Warberg questioned an application by Safeway stores to expand the existing building at Lynwood Shopping center. The proposed expansion would eliminate the row of parking along the front of the store. Warberg pointed out that the city requires four square feet of parking for one square foot of store area and he wondered if the unused area behind the center was considered as "being available for parking" or was the area to be blacktopped.

Burns Creek Substitute Has Cool Reception

WASHINGTON, June 2 (AP)—A proposed study on the Burns Creek dam project to replace the controversial Burns Creek dam proposal has met a cool reception in the house appropriations committee. Interior department officials said they would not know the cost of the bigger project until the study was completed, but predicted the price tag would exceed the \$7 million cost of Fallsades.

Interior department officials said they would not know the cost of the bigger project until the study was completed, but predicted the price tag would exceed the \$7 million cost of Fallsades. The study was proposed by Rep. Ralph Harding, D., Idaho, who told United Press International that the study would cost the original \$5 million project but would support the bigger dam if it were shown to be "economically feasible."

As his power is included in the project, the power committee will continue to oppose it, Harding said. "Therefore I am for the present Burns Creek dam without closing the door for an alternate project." The proposed study drew immediate fire from appropriations committee members of the fate of the earlier proposal, which was revived in this congress but which is unlikely to be acted upon. Rep. Edward P. Bohland, D., Mass., asked whether the interior department did not have "more pressing programs you ought to be spending your money on rather than spending money on a project that has already been turned down by congress."

125-Pint Quota Slated For Rupert

June 2—A quota of 125 pints of blood is the goal for the county when the Red Cross bloodmobile visits here from 10 a. m. to 2 p. m. June 9. The drawing will take place in the Rupert civic building.

Mrs. Robert Snapp, chairman of the drive, noted that 125 pints of blood during the four months from Jan. 1 through April 30 of the year, 63 pints of blood were used in the Memorial hospital and 33 pints in other hospitals. Mrs. Snapp said that 33 pints of blood were used for gamma globulin patients.

Blood used by county residents in other areas supporting the Red Cross program may be registered in Rupert, Mrs. Snapp explained. Blood and blood derivatives are furnished without charge to physicians and hospitals and the only cost to the patients is the fee charged by the hospital or physician-in-consultation with administering the product.

Type O negative blood is particularly needed, Mrs. Snapp said. Persons between the ages of 18 and 50 may donate blood, but 18 and 21 must be accompanied by a parent or guardian. The interval between donations should be at least eight weeks or five times a year, over that five times a year, donors should not give blood during pregnancy and for 12 months after delivery.

Also, donors should not give blood within six months of surgery or after transfusions. Persons with a history of hepatitis at any time in the past are automatically excluded as donors. It is suggested that donors should not eat a heavy meal or fatty foods within three to four hours prior to the donation.

According to Mrs. Snapp, many children in the county are deficient or deficient in iron in their blood fraction and the lack of it makes them extra susceptible to infectious diseases. Regular shots are used to counteract the deficiency.

Gamma globulin also is used in modifying measles and infectious hepatitis. Blood which has become outdated or is otherwise unsuitable for whole-blood transfusion is used for gamma globulin.

It is the direct responsibility of the recipients to recruit blood donors to repay blood which has been used, Mrs. Snapp explained.

\$4,674 Gained From Horses In Idaho Races

LOISE, June 2 (AP)—Part-mutuel horse racing so far in Idaho this year has returned a total of \$4,674 to the state's coffers—80 per cent of it goes to the public school fund.

Under the controversial new law allowing part-mutuel betting on the ponies there have been five days of racing so far. There were two week-ends of racing at Boise and a one-day meet at Emmet.

Totals taking a cut of the part-mutuel handle the state also gets additional money from license fees.

Quick! Pick a Chevrolet and fill in the spaces

Now's the time to see the great outdoors in a great Chevrolet buy!

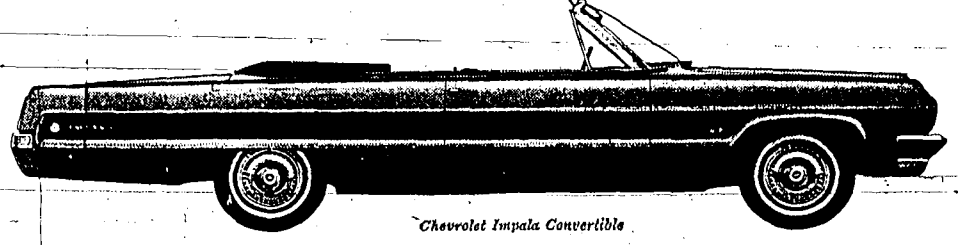

Here you are on the brink of vacation time. There's your Chevrolet dealer in the midst of Trade 'N' Travel Time. You two should get together! Object—celebrating the joys of summer in a new Chevrolet.

Why a Chevrolet? Well, with 15 models in four series, what possible reason is there to look further?

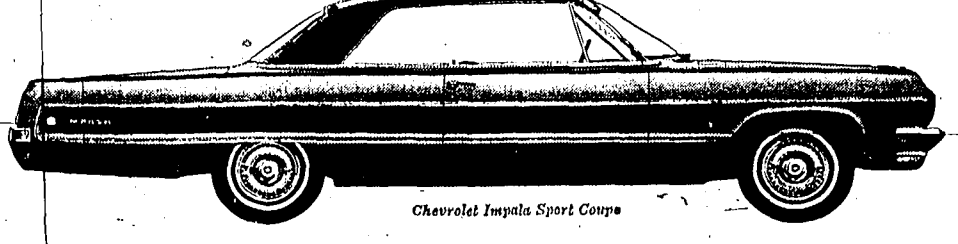

Take the Impala Super Sport (and a lot of people do just that). Comes as a Sport Coupe or Convertible. Has trimmings like front bucket seats, center console, special trim—all as standard equipment.

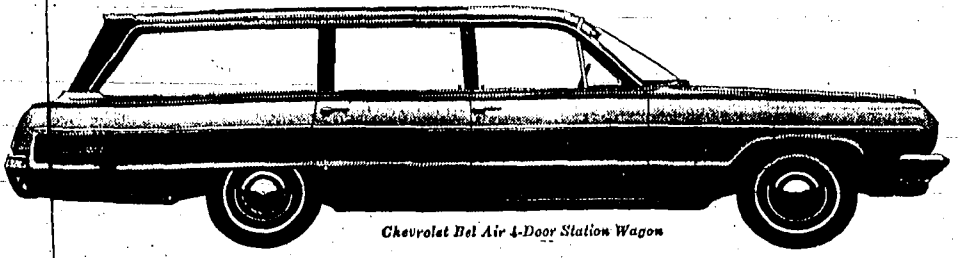

And offers a typically Chevrolet array of extra-cost options. Plain Impala are anything but. They come in all popular body styles, including wagons. They're dressed up to a fare-thee-well: fully carpeted interiors, upholstery as durable as it is attractive. Bel Air and Biscayne, the lower priced Chevrolets, make a practice of hiding it. All the conveniences, no sacrificing comfort or style. Did we mention that Trade 'N' Travel Time won't last forever? It won't. So see your Chevrolet dealer. Then go fill in the spaces.

WASHINGTON, June 2—Now that the supreme court has ordered Prince Edward county, in Virginia, to reopen its public schools to desegregation...
It is all very well to say the court's decision has ended the county's resistance to desegregation, but Negro children who have been deprived of an education for four years won't get it unless the money is forthcoming to pay for it.

WILL CRY POVERTY—One of these means uncaringly to cry poverty, a legitimate whimper. Prince Edward is a relatively poor county, whose schools were never models of a well-financed educational system. Yet it faces the responsibility of spending more money than has been customary in order to give the thousands of these children whose education has been so cruelly interrupted. Both the state of Virginia and the federal government have the wherewithal to assume part of this burden, and thus take a part in the spirit of the court's ruling.

COUNTY OPTION OUT—Such a tactic, the court said, was nothing more than compulsory school segregation, which its 1964 ruling had declared unconstitutional. It also got rid of the question of whether a state may close down all its schools in order to avoid integration. But these people are nursing a willow hope.

ONE LOOPHOLE LEFT—Home of the more radical segregationists are now muttering that the court left one big loophole. It is the question of whether a state may close down all its schools in order to avoid integration. But these people are nursing a willow hope.

THE NATIONAL IMPORTANCE of the Prince Edward decision is in the fact that it is the first time that the federal government has taken action to protect the rights of Negro children against a state which is trying to delay or avoid integration.

MARQUIS CHILDS WRITES ON WASHINGTON

WASHINGTON, June 2—Like the rain that falls from heaven, prescriptions for curing the ills of a congress long stuck on dead center roll off the presses every other day.

THEY are bold and forthright, as witnesses the on a night on Congress, the apoplexy attacks, made by Sen. Joseph Clark, D., Pa. Their cure have a surgical precision as in the slumping Marquis Childs system which puts tired old men, indifferent or stubbornly resistant, in key committee chairmanships.

These cures skirt around a deep-seated attitude. This is a profound distrust of government. Government for perhaps a majority of Americans is the monster to be thwarted if not put out of life.

WASHINGTON, June 2 (AP)—Mohandas Gandhi picked Jawaharlal Nehru as his political heir. But Nehru, who died last week as India's only prime minister in 17 years of independence, was the groomed one to succeed him.

THE INFLUENCES ON NEHRU were different from those affecting Gandhi—liberalism, socialism, Marxism. But he was not a conforming man; he was a man who sought to bring his country abreast of the time through socialism.

IT WAS IRONIC that one day Gandhi said in a newspaper article he wrote as tolerant of other people and with contempt for the weak and inefficient.

THE INFLUENCES ON NEHRU were different from those affecting Gandhi—liberalism, socialism, Marxism. But he was not a conforming man; he was a man who sought to bring his country abreast of the time through socialism.

Q—What could cause chronic inflammation of the tongue?
A—Inflammation of the tongue may be caused by a deficiency of vitamin B-12 or niacin in your diet. Both vitamins are supplied by leafy green vegetables and vitamin-enriched bread. Other possible causes are sprue and pernicious anemia.

Q—I had a spiral fracture of my upper arm in 1952. Two screws were used to hold the bone fragments in place. These screws do not bother me in any way. Will they have to come out later?
A—This is an approved method of treating spiral fractures of long bones.

Idaho Indians To Be Studied For Health

WASHINGTON, June 2 (AP)—A representative of the division of public health is scheduled to arrive in Idaho next week to confer with local officials on Indian health problems.

Rep. R. H. Gerding, D. Ida., said F. Gerard, chief of the division of public health, will discuss the health of the Indian population in meetings with hospital administrators and health officials.

Gerding said questions have arisen over application of the program in cases of Indians who travel from other areas to work.

Accompanying Gerard on the tour will be James Dawes, area medical social service consultant from the Portland office of the division of Indian health.

Idaho Pair Seeks Action For Skilled

WASHINGTON, June 2 (AP)—A committee of Idahoans presented the labor department today with a program for arousing nationwide interest in improving apprentice training and increasing the need for skilled craftsmen.

Nat Adams, Boise architect, was chief spokesman for the Idaho apprenticeship advisory committee in making the presentation.

It was accompanied by Warren Cassidy, Idaho regional representative of the labor department's bureau of apprenticeship and training, and Lyle Young, executive secretary of the Idaho Press association.

Adams requested that the federal committee on apprenticeship aid in publicizing the need for greater efforts in training skilled workers. He suggested that the President be asked to seek the assistance of the advertising council in promoting apprentice training.

Adams also presented these suggestions in behalf of the Idaho advisory committee: "The money be furnished the council to continue the program once it is established; that the bureau of apprenticeship and training buy two million decals promoting apprentice training, the decals be distributed for use on automobiles and office windows; that mail cancellation dies be bought promoting apprenticeship and that a public relations division be set up in the bureau of apprenticeship and training."

News Around Idaho

POCATELLO, June 2 (AP)—A hearing for Roy Lee Montoya, who admitted to Pocatello police that he shot and killed his father May 23, will be continued until an evaluation is made of the 13-year-old boy and his environment. Probate Judge W. H. Jensen ruled yesterday.

POCATELLO, June 2 (AP)—Republican congressional candidate George Hansen of Pocatello yesterday asserted that he is the victim of "one of the meanest character assassination attempts in Idaho politics for years." Hansen, in a statement, said there was "every evidence of a deliberate effort to defame" him and block his candidacy for congress at the Republican convention in Idaho Falls June 12-13.

MOUNTAIN HOME, June 2 (AP)—The Mountain Home Ministerial Association has voted to send a telegram to Idaho's senators urging strong support of proposed civil rights legislation. The Rev. Hugh G. Winterstein, vicar of St. James Episcopal church, said Sen. Frank Church, D. Ida., and Sen. Lem B. Jordan, R. Ida., also will be asked to support closure to limit debate.

BOISE, June 2 (AP)—Skid divers failed yesterday to find the body of a Boise man believed to have killed five persons three weeks ago, despite the lowering of the New River canal for a 12-hour period. The water was dropped to 10 feet in the 4 a.m. to 4 p.m. shutdown of the usually fast-flowing canal.

POCATELLO, June 2 (AP)—A proposal for expanded training of technicians and engineers to meet needs of the nuclear industry was presented yesterday to the state board of education. The delegation asked that the board establish a program at Idaho State University which would produce trained health physics technicians and another for training of reactor engineers.

POCATELLO, June 2 (AP)—A delegation from the Idaho American Legion appeared before the state board of education yesterday to ask what steps are being taken to keep unapplicable materials out of textbooks used in the state's educational system.

BOISE, June 2 (AP)—Units of the Idaho national guard's 11th armored cavalry, at Gowen field for a desert troop training period, planned to move into position in a desert area today for a three-day bivouac and simulated battle situation.

BOISE, June 2 (AP)—The state veterans affairs commission planned today to bring before Gov. Robert E. Smylie today the problem of trying to build a new veterans home with \$100,000. The problem was discussed yesterday at a meeting of the commission at the Veterans administration hospital in Boise.

COUNCIL, June 2 (AP)—The icy waters of the Lost Valley reservoir about 25 miles north of Council have claimed the lives of two Blackfoot brothers despite efforts of their father to help them. Douglas Lynn Friend, 9, and Donald Ray Friend, 11, drowned in the reservoir yesterday while on an outing with their family.

Damage Caused In 3-Car Crash

RUPERT, June 2 (AP)—A three-car accident Saturday night on F and East streets in Rupert resulted in considerable property damage but there were no injuries, police report.

Priscilla G. Morrison, 18, Heyburn, was cited for following too closely after the 1959 Chevrolet she was driving rammed a 1958 Ford driven by Lloyd D. Bean, 18, Rupert. The Ford then slammed into a 1955 Chevrolet driven by David C. Teeter, 31, Rupert.

Damage to the Teeter vehicle was \$300, approximately \$200 to the Bean auto and \$300 to the Chevrolet driven by Miss Morrison, police said.

YOUR BIRTHDAY and HOROSCOPE

TUESDAY, June 2—Born today, you have a great respect for home and family ties; and you will make important sacrifices for those you love. A keen judge of human nature, you have a quick and active mind capable of analyzing people or situations upon initial contact and with a high degree of accuracy. A person of exceptional tact, you know well how to exercise the fine art of diplomacy. Only take care that you do not exercise it to such a degree that you lose sight of your own true feelings.

You are generally firm in standing by what you believe, but you could never be described as one "set in his ways." You have too much sympathy and understanding of others for that. There are times, however, when an open stand against someone

or something must be taken at these times. If you have been true to yourself, you will be willing and able to fight for your convictions.

Because you are quick to grasp an opportunity which, with your analytical ability you have seen to be favorable long before others have, there may be those who think of you as one who will take a chance on anything. Actually, you have seen and analyzed the consequences of your

Red China Hits 'Overlords' at Honolulu Meet

TOKYO, June 2 (AP)—Red China said today "American overlords" at the Honolulu conference are planning military adventures that will sink them "ever deeper into the quagmire of aggression in South Viet Nam."

Radio Peking also charged that "troops of the United States had worked out plans to bomb Laotian cities."

"U. S. official circles are planning to extend the war to the Viet-Nam Democratic Republic," said the broadcast, quoting an article in the official People's Daily of Peking.

TEST TUBE BABIES

Q. Do "test tube" babies have the same legal rights as other children?

A. We presume that you refer to situations involving artificial insemination. If the husband is the father there seems to be no legal problems. When the situation involves a father (donor) who is not the husband, things get pretty mixed up. In a recent divorce action involving a husband and wife who had both consented to donor insemination, the court ruled that the non-father husband was legally responsible for the support of the child. However, the court did not rule on the property rights of the child.

COLOR BLINDNESS

Q. Is color blindness inherited?

A. Yes, in most cases. The defect seems to be passed along from the mother to male children. About 3 per cent of all males are "color blind," usually to red and green. Complete color blindness in which everything appears in shades of white to black is very rare.

Nicklaus Downs Boros In "Round of Champions," Is Tournament Favorite

COLUMBUS, O., June 2 (AP)—Jack Nicklaus has all but cemented the favorite's role for the PGA's 46th championship tournament here next month. The 24-year-old hometown idol tested the Columbus Country club course with impressive results Monday, beating Julius Boros by four strokes in a "Round of Champions" match. Defending PGA king Nicklaus toured the 6,861-yard par 34-36-70 layout in fine fashion with a 34-33-67.

Giants Take It Easy After Marathon Tilt

PITTSBURGH, June 2 (AP)—The Pittsburgh Pirates took things easy (and who could blame them) before heading to Tuesday night's series opener against the Philadelphia Phillies. Fortunately, the Giants enjoyed a day off Monday after their 32-inning, two-game marathon against the Mets in New York on Sunday when they finally captured the doubleheader 5-3 and 5-6.

"I've never been as tired after a day of baseball in my life," declared Willie Mays. "My plans for Monday are for rest—just rest."

Indians Tip Loop-Leading Chicago 3-0

CLEVELAND, June 2 (AP)—Left-hander Jack Kralick shut out the Chicago White Sox on four hits Monday night as the Cleveland Indians defeated the American League leaders 3-0.

Kralick, the Indians' winningest pitcher with five victories against one loss, was in control most of the way, striking out six and walking only two, although he hit one batter.

Rose Resigns From Vikings

ST. PAUL—MINNEAPOLIS, June 3 (AP)—Bert Rose, Jr., general manager of the Minnesota Vikings since the team's entry into the National Football league in 1961, resigned Monday effective immediately.

Giles Disallows Phillie Protest

PHILADELPHIA, June 2 (AP)—Phillie Phanatic manager Gene March who claimed that Pittsburgh pitcher Elroy Face "was inside the Phillies field scoreboard for six innings" during the May 28 Philadelphia game.

"The Phillies said Face 'went into the scoreboard after the fifth inning, and before the Philadelphia club came to bat in the top of the sixth inning' to use the restroom facilities."

Nicklaus Holds PGA's Money Lead

DUNEDIN, Fla., June 2 (AP)—Jack Nicklaus continued to hold the top spot in professional golf money winnings with \$48,951 through last week-end's Speedway open tournament, PGA standings showed Monday.

In second place was Arnold Palmer with \$16,113. Both golfers won two of the 12 tournaments they entered. Nicklaus finished in the top five twice more than Palmer.

Lary Accuses Drossen of Being Strict

NEW YORK, June 2 (AP)—Eight-hitter Frank Lary, acquired from Detroit by the New York Mets, said Monday that Tiger Manager Charlie Drossen enforces rules so strictly "I don't think the Tigers will ever win with him as manager."

"Drossen makes it tough," said Lary. "It's okay to have strict rules, but they shouldn't be carried to extremes. After all, I think I've been out long enough to handle myself on and off the field. When you play ball you have to be relaxed."

Snead, 472 Others Vie In Tourney

NEW YORK, June 2 (AP)—Old Sam Snead and 473 other guys with considerable golfing ability will try to shoot their way into the National open golf championship next Monday and Tuesday.

Snead has played in 23 consecutive opens without ever missing a hole-in-one. He is considered one of the best players in the world, but who must play through the sectional. Another 21 are exempt from all qualifying.

Straub Given Athletic Award

WEST POINT, N.Y., June 2 (AP)—Bill Straub, Mt. Kisco, N.Y. captain of Army's track and cross-country teams, received the Army Athletic association award Monday after being named the military academy's top contributor to the 1961-62 season.

Hill Files Suit Against Magazine

ST. LOUIS, June 2 (AP)—Jimmy Hill, star defensive back for the St. Louis football Cardinals, filed a \$2,150,000 libel suit in circuit court today against Time Inc. and the Pierce News agency of St. Louis.

Hill said the suit is based on an article in Time—published Sports Illustrated Nov. 11, 1963, distributed locally by the Pierce Agency, which "maliciously accused" Hill of "questionable incident." The play involved injuries to quarterback Earl Barr of the Green Bay Packers and Hill during a game in St. Louis last season.

"I tackled Barr," Hill said in describing the play in which Barr suffered an injury to his right throwing hand. "He kicked me in the mouth accidentally, and knocked my two front teeth out."

"I hit him with the back of my hand in the heat of the moment. I wouldn't have done it if I had thought. Those things happen in the heat of the moment. We weren't mad at each other after it was all over."

DETROIT, June 2 (AP)—Bill Freehan's grand slam homer in the sixth inning sparked the Detroit Tigers to a 10-3 exhibition game victory over the St. Louis Cardinals Monday night.

Oilers Fire Ivy; Baugh Named Coach

HOUSTON, June 2 (AP)—Frank Ivy was fired Monday as head football coach of the Houston Oilers and the job was given to the brand new assistant, Sammy Baugh, the former National league passing great.

Ivy also was relieved as general manager but K. S. (Bud) Adams, Jr., owner of the American league club said the remaining nine months on Ivy's two-year contract will be paid in full.

"California Primary" (7 p.m. CBS and ABC)—Walter Cronkite will hold down the fort at CBS while Howard K. Smith and Edward P. Morgan are in charge of reports from ABC. ABC plans a one-hour program and CBS is slated to go for at least 30 minutes.

"The Jack Benny Show" (7:30 p.m. CBS)—Jack plans to host a surprise party for Dennis Day, but Dennis listens on an extension phone while Jack calls for a caterer. This episode may be preempted on some channels if the primary program goes over.

Oilers Fire Ivy; Baugh Named Coach

HOUSTON, June 2 (AP)—Frank Ivy was fired Monday as head football coach of the Houston Oilers and the job was given to the brand new assistant, Sammy Baugh, the former National league passing great.

Ivy also was relieved as general manager but K. S. (Bud) Adams, Jr., owner of the American league club said the remaining nine months on Ivy's two-year contract will be paid in full.

Ivy had hired Baugh as his offensive assistant only two weeks ago and was shocked to learn upon reporting for work Monday that Baugh had replaced him as head coach with a one-year contract.

Adams said he decided abruptly over the week-end to make a change dictated by the reaction of Houston fans to Ivy's 6-8 season last year.

Stephen Tops City Tennis

Tom Stephen ran wild Monday in the Twin Falls City Junior high tennis tournament as he defeated Dick Johnson 6-1, 6-1, 6-1, in the ninth grade boys bracket.

In the ninth grade girls play, Janice Victor tripped Diane Beck 6-2, 6-3, 6-2. Scott Clyde took the eighth grade boys trophy by downing Jerry Mills 6-1, 4-6, 6-3, 6-3 and the girls award went to Tammy Toler for beating Ann Anderson 6-7, 6-3, 4-6, 4-6.

Jim Atkinson won the seventh grade boys hardware for his 6-4, 6-1, 6-1 defeat over Doug Hoop. Roberta Jimenez was the girls trophy by forfeit.

Each of the winners of the Twin Falls parks and recreation department sponsored event was presented a trophy.

Anyone wishing to register for tennis this summer can sign-up at 9 a.m. June 8 at the Harzard park recreation building.

U.S. Auto Club Probes Flaming Speedway Crash

Stuart Clouts Boston Past Angels 4-3

INDIANAPOLIS, June 2 (AP)—The deaths of two Indianapolis 600-mile race drivers in a flaming crackup prompted a promise of a quick investigation by the U.S. Auto Club into the use of highly flammable gasoline for racing fuel. The USAC director of competition, Henry Banks, said today a possible ban on gasoline would be discussed at a June 9 meeting. Don Cummins, chairman of the USAC technical committee, said, "You can bet there'll be some rule changes made." The highly explosive gasoline, was blamed by many drivers for the holocaust which took the lives of Eddie Sachs, 37, Detroit, and Dave MacDonald, 26, El Monte, Calif., in a second-lap pileup Saturday. USAC governs the race.

THE FLAMING TRAGEDY which caused the U. S. Auto club to promise investigation into the use of highly-flammable gasoline for racing fuel, shows rookie driver Dave MacDonald, El Monte, Calif., sitting at the wheel of his racer after hitting the wall coming out of the fourth turn on the second lap of the 500-mile race at Indianapolis Saturday. Race winner A. J. Foyt Houston, Tex., compared driving the rear-engine cars with riding "in a bathtub of gasoline." Many other drivers refuse to drive the cars, in which the driver is surrounded by gasoline. (AP wirephoto)

Stuart Clouts, pitcher for the Boston Red Sox, brought the Boston Angels from behind for a 4-3 victory over the Los Angeles Angels Monday night. Clouts' homer, his ninth of the season and seventh in the nine games, produced the only earned run off loser Barry Lutzan.

McDowell Has Chance to Prove Worth

CLEVELAND, June 2 (AP)—Sam McDowell, a southpaw whom the Cleveland Indians reportedly bid a \$100,000 bonus in 1960, could be getting his last chance to show the money wasn't wasted. A flop in the American league last two seasons, the 21-year-old hurler has dazzled the Pacific Coast league this year. In Portland, he hit a home run in his only at-bat, a one-hitter, a two-hitter and a three-hitter. He had five shutouts and 100 strikeouts in 131 innings. The Tribe recalled him Saturday, and he turned in a creditable relief performance against Washington Sunday. He struck out six in 3 1/3 innings and got credit for the victory.

Los Angeles Angels Monday night.
Clouts' homer, his ninth of the season and seventh in the nine games, produced the only earned run off loser Barry Lutzan.

Clay, who now says he should be called Muhammad Ali, set on the ring on a Saturday for the 15th mile drive through the grimy streets of this West African capital. He was dressed in a business suit and carried a ceremonial whip as he scoured in Ghana. He waved it constantly to encourage the cheering.

The question of safety in car construction is certain to be brought up at the USAC meeting, judging by violent arguments in the speedway garage area as the racing club prepared to move on to Sunday's 100-mile race. USAC governs the race.

CARBURETION tests last Thursday were stopped twice when pieces flew off the rear fenders of the MacDonald car, creating a hazard on the track. Air pressure evidently built up in the back section of the fenders where there was no rear outlet. They were repaired with riveted sections of aluminum before the race.

Week-End Far From Memorable For Slump Ridden Willie Mays

NEW YORK, June 2 (AP)—The Memorial day week-end was far from a memorable one for Willie Mays as the San Francisco Giants star dropped to fourth place in the National league batting competition. Mays' decline virtually was overlooked in the excitement of Sunday's marathon doubleheader against the New York Mets. He managed only one hit in 10 tries during the 23-inning second game after a 1-for-3 performance in the opener. As a result, Mays' average dropped to .364, putting him behind Milwaukee's Joe Torre and Pittsburgh's Roberto Clemente as well as the batting leader Billy Williams of the Chicago Cubs.

Bunker Uses Relief, Tips Athletics 8-4

KANSAS CITY, June 2 (AP)—Wally Bunker, Baltimore's 19-year-old pitching sensation, recorded his sixth victory without a loss Monday night but needed Dick Hall's relief help as the Orioles defeating the Kansas City Athletics 8-4. The Orioles remained in second place, trailing American league-leading Chicago by 16 percentage points.

Twins Top Yankees 2-1 Behind Stigman

ST. PAUL-MINNEAPOLIS, June 2 (AP)—Minnesota's Dick Stigman, touched for Elston Howard's long homer in the eighth inning, set the New York Yankees down on five hits pitching the Twins to a 2-1 victory Monday night. The Twins munged only six hits—one a homer by Don Mincher in the second inning. Minnesota then bunched three runs in the fifth inning for the decisive run off Ralph Terry.

Both the homers were mighty hitlogs. Mincher's bounced off the scoreboard in right center, a 435-foot drive. Howard's homer, routing Stigman's abtunt bid, was a 460-foot shot to center.

Lack of Through Streets Creates Traffic Problem

(Editor's note: This is the fourth in a series of articles on traffic control in the Twin Falls area. The first article was published on a similar plan for traffic control on a recent Monday.)

The basic problem within the central townsite, a large area with the highest traffic volume concentration within the community, is the lack of "through" streets. The traffic density is quite heavy throughout the townsite and only one street and four avenues are signed or signaled as "through" streets in their entirety.

These streets and avenues are Shoshone street, Main avenue, Second avenue west and south, Fourth avenue west and south, and Sixth avenue west and south.

A large portion of the community's population lives in areas to the north and east of the townsite. Shoshone street is the only controlled access street into the principal mercantile district from the north and east.

It is necessary to provide relief for Shoshone street, as well as to provide some traffic control throughout the townsite area lying northeast of Main avenue, containing all uncontrolled intersections.

It also is necessary to provide some "through" streets to allow north-south and east-to-west traffic movement in the townsite area northeast of Main avenue.

To accomplish this, the following recommendations are made in this report:

"Through" streets to the north-east of, and parallel to, Main avenue have become a necessity. It is recommended that Fourth avenue north and east, Sixth avenue north and east, and possibly Ninth avenue north and east become arterials or collectors.

The following recommendations are proposed to create more efficient and economical traffic flow and to reduce the number of traffic accidents within the townsite.

Three general recommendations that apply to the area, but do not necessarily affect the arterial street pattern, are the re- placement, updating and inter- connecting of traffic control signals in the principal mercantile district and surrounding streets; the total elimination of parking in all areas and the initiation of traffic counts along the one-way couplet near the central retailing area to determine if additional traffic control signals are warranted.

Stage two of the report urged scheduling occasional traffic counts at the following intersections to determine if control signals should be installed:

Main avenue and Third street north, Main avenue and Third street east, Addition avenue and Third street north, Blue Lakes boulevard and Third street east, Fourth avenue and Third street east, and Sixth avenue north and east, making these intersections the only two stops for the Third street arterials.

Due to the narrow width of Third streets north and east, all blocks along these streets that have not been widened should be aimed to eliminate on-street parking. A centerline stripe should be painted on these streets.

Stop signs should be installed at all streets intersecting Sixth avenue north and east. Intersections at each Third street would become four-way stop corners. Fourth avenue north and east should be designated as an arterial street, and all angle parking should be eliminated along this street. Parallel parking could continue, due to the 40-foot width, until such a time that the traffic load would require additional width.

Stop signs should be installed at all intersecting streets with the exception of Third street east and north. Fourth avenue traffic should be stopped at these two corners until traffic counts indicate a different pattern or need for signals.

Centerline striping and striping for parallel parking for two blocks each way from Shoshone street should be installed.

Third street north, Sixth avenue east and Blue Lakes boulevard, Sixth avenue east and Third street east, Second avenue west and Third street west and Second avenue south and Third street south.

The pattern should be evaluated after a year of use to be sure that it fits the traffic de- sire lines.

The third stage of the report advocated occasional traffic counts and accident records be reviewed to determine the need for arterial streets in the south- west area. It is possible that only one or two corners would need the Twin Falls police depart- ment's program of in- stance. It also is recommended that the Twin Falls police depart- ment's program of in- stance be continued as it did during 1962. An accident location map ready points out problem traffic areas. Clearly detailed accident reports by each investigating officer are an important aid in the analysis of accident causes and possible solutions, once locations of ac- cident frequency are observed.

Kramer Is Speaker for Legion Rites

RICHFIELD, June 2—Douglas Kramer, national American Legion committee man, Twin Falls, paid tribute to war dead and American servicemen in the Memorial day address Saturday at the Richfield cemetery rites.

He related incidents of life under communist rule in con- trast to the American way of life preserved for us by the ser- vicesmen who gave their lives in past wars and the ones now representing us in all parts of the free world.

Everett Ward, Richfield post commander, in a eulogy of the speaker and offered the mem- orial prayer. Louis Vaughn com- manded the firing squad of five members. Clifford Conner, Ralph Riley, Jr., Donald Myers, Melvin Pope and Odell Chaffield. Mem- bers of the color guard were Charles Mastas, Donald Riley, Jerry Johnston and James Powell.

Mary Chaffield played "Taps" with David Chaffield playing the echo in the cemetery sanctuary.

Parts of Horse Topic of 4-H Talk

MILNER, June 2—Mary Seymour gave an illustrated talk on the various parts of a horse at a 4-H club meeting Sunday afternoon at the home of Ann and Mary Seymour.

Edward Warr led the pledge of allegiance and Thomas Spann, the 4-H pledge. Farnum Warr, leader, discussed dates for tag- ging animals that will be sold at the fair and requirements for the various projects.

Warr thanked members of the club and members of the Milner-ettes 4-H club for helping clean the Milner cemetery.

Major Enters Innocent Plea In Viet Nam

SAIGON, South Viet Nam, June 2 (AP)—Vietnam Army Maj. Dang Ky pleaded innocent today in a charge of "attempted and premeditated murder" in connection with a bloody incident in Hue that precipitated the Buddhist crisis last year.

Young Ky, 37, went on trial before a nine-man revolutionary court similar to tribunals that sentenced Ngo Dinh Can, brother of the late President Ngo Dinh Diem, and Can's aide Phan Quang Dan, to death last April. They were shot May 9.

Eight persons were killed and 15 wounded after Dang Ky's troops opened fire to quell a Buddhist demonstration in Hue on May 8, 1963. The demonstration was held in defiance of a government ban.
