

Hunt for Victims Continues

GREAT FALLS, June 11 (UPI)—The grim hunt for the bodies of additional flood victims continued across water-torn Montana today, while some residents returned to their ravaged homes.

The official death toll from the 10-day rampage of the state's rivers remained at 28, but state officials feared the toll would rise as searchers covered the hard-hit northwest part of the state.

Only the Clark Fork river presented problems as it threatened sections of the Oregon area of Missoula, about 10 miles west of Great Falls.

The river continued to rise, but a three-foot high wall of sandbags kept an earth-fill levee from toppling the stream within its banks. More than 100 men worked all day yesterday to keep water from the 600 houses in the area. Only a few homes were threatened as sections threatened by the stream.

Gov. Tim Babcock, who had earlier estimated damage from the flood at 10 million dollars, said today that the damage was "worse than I had first estimated." Officials in his office said the damage could run to three or four times the original estimate.

THIS WAS THE SCENE Mr. and Mrs. Donald Renbarger, who had been away from their farm home near Dover, Kans., Wednesday evening, found at the top of a hill when returning home. As the Renbargers ran up to the wreckage of the car they recognized as belonging to their 17-year-old son, a neighbor caught and turned Mrs. Renbarger away from the sight. The father crawled into the wreckage to the body of son Darrel Dean Renbarger, slumped behind the wheel. The boy and two teenage companions all were dead. The car they collided with on the hilltop contained the badly injured forms of three other boys—all of the youths were classmates from Dover high school. (AP wirephoto)

Senate Kills Civil Rights Bill Exemption for Boarding Houses

WASHINGTON, June 11 (AP)—The senate refused today to broaden the exemption for small boarding houses from the public accommodations section of a civil rights bill. As the measure stands, it would exempt owner-operated establishments having no more than five rooms for rent from the provisions against racial discrimination. Sen. John S. Cooper, R., Ky., offered an amendment to raise this to 10 rooms, but the senate rejected it by a vote of 61-35.

A vote of 70-17 approved a Southern-sponsored "double jeopardy" amendment after it was modified so it would not apply to state laws. The amendment, offered by Sen. Sam J. Ervin, Jr., D., N. C., bars a person from being tried twice when the same act constitutes both a crime under federal law and a criminal contempt of court.

A similar amendment was approved Wednesday by a 40-48 vote, but it was wiped out because of the parliamentary situation existing at the time of the cloture vote. Overnight it was modified by Ervin to make clear that a person could be prosecuted for violating an anti-discrimination injunction obtained under the bill even if he had been acquitted in a state court for acts involving the same circumstances.

Sen. Hubert H. Humphrey, D., Minn., the bill's floor manager, said that with this change he was willing to accept the amendment. He had expressed concern that Ervin's amendment as originally offered would "destroy the effective enforcement" of the section of the bill banning discrimination in restaurants, hotels and other places of public accommodation.

Earlier the senate got in such a jam over an amendment offered by Sen. Russell B. Long, D., La., that it put it aside for the time being. Long's amendment was the first called up today as the senate proceeded under the strict limit on debate that went into effect yesterday after cloture was adopted by a history-making 71-20 vote.

Leaders estimated the battle over the bill now could be concluded, and the measure passed, by the end of next week. Long's amendment was offered to the section of the bill authorizing the withholding of federal funds from programs in which discrimination is practiced. An amendment to strike out this part of the bill, offered by Sen. Albert Gore, D., Tenn., was rejected yesterday, 69-26.

Long said his amendment was designed "to make sure the bill doesn't do what its sponsors say it doesn't."

U. S. Aide Confers With Turkish Head

ANKARA, Turkey, June 11 (AP)—U. S. Undersecretary of State George W. Ball flew to the Turkish capital today with Premier Ismet Inönü, who later declared: "We are on the way to find a solution."

The foreign minister, Feridun Cemal Erkin, told reporters, "The United States has actively intervened in the Cyprus matter and America wants this question to be settled in a peaceful way and according to legitimate interests of Greece and Turkey."

Ball was dispatched to Athens and Ankara by President Johnson as the Cyprus crisis appeared to worsen in the wake of reports last week that Turkey planned military intervention in the troubled Mediterranean island.

Ball told newsmen on his arrival in Ankara last night he had brought a solution to the Cyprus dispute, which threatens to touch off a war between Greece and Turkey, both members of the North Atlantic Treaty organization.

He said Johnson had sent him to learn the views of the Turkish government, accused by the Greek and Cypriot governments of preparing to invade the Mediterranean island off Turkey's south coast.

STARR LEAVES LONDON, June 11 (AP)—Illing Starr, acting drummer of the Beatles, left the hospital today and said he would fly to Australia to join the rock 'n' roll quartet. He has been under treatment for an acute, throbbing infection.

House Committee Refuses Funds for BPA Idaho Line

WASHINGTON, June 11 (AP)—The house appropriations committee rejected today a request for one million dollars to design a federal power line in Oregon and Idaho. The 400-mile line would carry Bonneville power administration power from McNary dam in Oregon across southern Idaho to a point near Alexander in eastern Idaho. The appropriations committee approved recent action by a subcommittee which deleted the one million dollars requested by BPA for use in the fiscal year beginning July 1.

Instead, the full committee recommended extension of the BPA marketing area into southern Idaho and that negotiations be held for the transmission of federal power into the area by private firms. The committee said the high voltage transmission line and required facilities could ultimately cost 133 million.

It directed "that no funds be expended for any other purpose than for good faith negotiations to be conducted or initiated with interested parties to wheel Bonneville power to serve preference customers (rural cooperatives and other groups getting first call on federal power) only in the southern Idaho federal marketing area."

"The committee is confident," it said in its report, "that further negotiation efforts can be made."

"If no satisfactory wheeling arrangements can be reported to the committee by the time of its action on the fiscal year 1965 budget requests (in calendar 1965), it will invite a further proposal for federal construction." See HOUSE, Page 2, Column 4.

Scorched Pomona Ship Crawls Back

MONTELEONE, June 11 (AP)—The hull ship Pomona, 11,815 tons, headed to death with an axiomatic month ago, dotted back to port today with its hull scorched by a fire that sent most of its crew adrift in lifeboats.

All but three crewmen spent five hours on lifeboats or rafts after flames engulfed the terror-haunted ship's engine room yesterday. The three who stayed aboard managed to control the blaze and reported later the damage was past and all hands were accounted for. A big log the crippled ship in tow.

At least one of the lifeboats swamped immediately when put to the sea by the abandoning crewmen. A coast guard plane dropped them a raft. The Brazilian-owned freighter, a World War II vintage Liberty ship, sailed from here Tuesday night with a Chinese crew flown from Hong Kong to replace the multi-national crew which quit after the vessel's upper works caught fire and they lived in terror of his uncaught killer.

1964 Wheat Crop Appears Above 1963

WASHINGTON, June 11 (AP)—The agriculture department today forecast this year's wheat crop at 1,213,000,000 bushels, 7 per cent more than last year. Last year's crop totaled 1,137,641,000 bushels and the five-year (1958-62) average was 1,252,847,000 bushels.

The winter wheat crop was put at 910,800,000 bushels compared with 842,000,000 last year and 842,000,000 last year and 1,019,870,000 for the five-year average.

The spring wheat estimate—the first of the year—was 232,200,000 bushels compared with 295,641,000 last year and 295,641,000 for the five-year average.

The yield of winter wheat per harvested acre was forecast at 26.9 bushels compared with 26.9 bushels indicated a month ago, 26.1 last year and 26.1 for the five-year average. No yield estimates were given for spring wheat.

The acreage for harvest, the yield per acre and the production, respectively, of winter wheat for Idaho were: 600,000; 30.6 and 18,230,000.

The indicated production of spring wheat for Idaho was 18,136,000.

WASHINGTON EARLY on a new fad is Judy Manseyer, daughter of Mr. and Mrs. Donald Renbarger, Twin Falls, who is home on summer vacation from Denver university. She displays a 12-by-18-inch Idaho state flag she bought to display on the wall of her room when she returns to college in the fall. The flag has a rich blue background and the state seal is brightly colored in yellow, green, red, blue and black. The Times-News is making the individual state flags available as a public service, as well as United States flag kits, which contain the state flag, individual state flags and U. S. flag kits for \$3.25, including staff, lanyard, mounting bracket and U. S. and Idaho flags. The flags and kits are available at the Times-News office. Full payment should accompany mail orders. Progress Reported On Civic Auditorium

Headquarters of the Civic Auditorium association, Inc., has been moved to the Twin Falls Chamber of Commerce office, 160 Second avenue south, according to Jewell Bakes, office secretary. Announcement of the headquarters move was made during a meeting Thursday morning of the association board of directors. The same phone number, 733-5169, will be retained, so that anyone wishing information regarding their subscription may call that number.

Bakes will be on a part time basis at the headquarters to handle subscription receipts and statements. David Mead, finance committee chairman, reported pledges totaling \$1,000 in advance of expectations from new subscribers, and urged subscribers to keep their pledges up to date as the finance committee work may be kept efficient.

Most reported named funds have been invested in interest-bearing certificates of deposit through the cooperation of the Twin Falls Bank and Trust company, the Federal National bank and the First Security bank of Twin Falls.

Mechanical and electrical engineers are being interviewed for work on positions with architect Mrs. Marshall Latham, Dr. Harry P. Brumbach, Jr., Charles Allen, Carl Berg and Dr. Arthur Prantz.

The site committee plans to take a number of options on possible building locations. Carl Berg, site committee chairman, announced.

The next board meeting will be in approximately two weeks, to discuss the progress reports, said Brumbach, president.

Chiropractor Meet Starts Here Friday

Egon Kroll, Twin Falls city commissioner, chairman will welcome delegates to the annual convention of the Idaho Association of Chiropractic Physicians Friday at the Roger's Hotel.

The convention, which will be held Friday, Saturday and Sunday, will begin with registration at 8 a.m. Friday, followed by the welcome by Kroll. The Rev. Ernest Hasselblad will give the invocation. A business meeting will follow. The business session will consist of reports from the president of the association, secretary and treasurer.

Reports also will be given by the ACA delegate and nomination of officers will be held Friday. Robert Elliot, president of Western States college, Portland, Ore., will present a talk on chiropractic medicine. Friday, Dr. Appa Anderson, Portland, Ore., will give a talk on "Cardiac Measurements," at 1:30 p.m. Friday.

Dr. Elliot will speak on office problems of coronary disease. Among those convalesced were nationally known Nelson-Mandiola, known as the "Black Pimpernel" for his feats in eluding police, and Walter Blau.

Antelope Migration Is Proof of Summer

HAILEY, June 11—Although the question of whether summer has arrived in the Big Wood valley, as throughout Magic Valley, is debatable, as far as weather is concerned, Dr. David Clark's local observation bears it out. The antelope have migrated from the local observation area into the mountains, five miles into the mountains, five

Eight Guilty in African Trial

PRETORIA, South Africa, June 11 (AP)—Eight defendants in South Africa's major treason trial were found guilty today by a judge. A white defendant was acquitted. Among those convicted were African nationalist leaders Nelson-Mandiola, known as the "Black Pimpernel" for his feats in eluding police, and Walter Blau.

Jordan Not Taking Sides In Gem Meet

WASHINGTON, June 11 (AP)—Sen. Len B. Jordan, R., Idaho, declares he is not taking sides in the organization of party officials in his home state and he will not attend the state convention, which is to be held in Boise, Idaho, today.

The door of the Republican party must not be closed to party members, he said.

Some of the party organization officials are concerned, Jordan said, that he doesn't believe he should "select one Republican over another."

"I am sure that I will be able to work with whomever the majority shall select," he said.

Some of the party's supporters within the state are also backing within the state, including Idaho Gov. Frank S. Meyer, Lewiston, for national committee member against incumbent Harley Markham, Pocatello, who has the backing of Gov. Robert E. Taylor.

"The differences of opinion and choice with open minds will result in a stronger, more vibrant Republican organization," said Jordan.

Goldwater Says Leaders Wreck Party

WASHINGTON, June 11 (AP)—Sen. Barry Goldwater accused Republican leaders yesterday of wrecking the party with efforts to stop his headlong drive for the GOP presidential nomination.

The Arizona spoke to newsmen after he voted—as promised—against a motion to close the party's 75-day debate on the civil rights bill. Closure was approved 71-29.

And, fully aware of the political risks of saying so, Goldwater declared he would vote against the bill itself if it is not changed to meet his objections.

"GOP leaders, he said, 'seem to me to be doing nothing but wrecking the party by their actions.' The scolding referred to the National Governors Conference, which ended yesterday in Cleveland, as 'nothing more than a top Goldwater meeting.'

The stop-Goldwater drive never really got going in Cleveland, and Goldwater's GOP critics were left today with a bitter loss of the party's platform. Goldwater said he preferred a "general statement of principles."

Goldwater also expressed confidence that he cannot be stopped, a view more and more reinforced by party professionals as they admit, "They are running out of people to stop me," he said, estimating that he will capture the nomination on the first ballot.

Spraying Protest Made at Hearing

BOISE, June 11 (AP)—A pesticide controversy came to the state capitol yesterday as southern Idaho farmers and crop raisers filled a hearing record with protests over a proposed regulation on chlorinated hydrocarbon insecticides.

The state agriculture department hearing drew more than 50 persons to the house of representatives chambers.

Most speakers attacked a regulation that would require farmers who hire commercial applicators of hydrocarbons to get affidavits from producers of primary products or forage or buyers within a quarter mile of the farm to be sprayed or dusted.

Murphy Marries Young Teacher

NEW YORK, June 11 (AP)—Dr. James H. Murphy, whose wife preceded him to become the bride of New York Gov. Nelson A. Rockefeller, yesterday was married to schoolteacher Victoria Thompson.

The ceremony uniting Murphy, 47, and Miss Thompson, who is his 20th, took place at the Episcopal Church of the Epiphany in Manhattan.

The new Mrs. Murphy had been teaching two of Murphy's four children by his former marriage in her classes, at the exclusive Chelton school here.

Gangland Characters Flock To Wedding of Czar's Son

CHICAGO, June 11 (AP)—Some of gangland's most celebrated characters jammed a suburban roadhouse last night for a sumptuous wedding feast in honor of the newlywed son of reputed underworld czar emeritus Anthony J. (Big Tony) Accardo.

Scores of hoodlums joined about 1,000 other guests in banqueting cold-cash gifts of up to \$1,000 to Anthony E. Accardo, 29, and his beauty queen bride, the former Janet Marie Hawley, 22, daughter of a Green River, Wyo., rancher.

Goldwater Bags GOP Utah Vote

SALT LAKE CITY, June 11 (AP)—Backers of Sen. Barry Goldwater for president say they expect to get at least half of Utah's 14 national convention votes at the state Republican convention tomorrow.

"It's not a question of whether we'll get delegates," says Goldwater's campaign manager in Utah, Fred L. Finlason, "but rather how many."

"I expect we'll get at least half," he said today.

Heavy Forest Damage Set After Storm

MISSOULA, June 11 (AP)—Regional Forester Neal M. Bahns reports heavy rain and floods have caused extensive damage in forests of northern Idaho and northwestern Montana.

Bahns sent a wire to Montana Gov. Tim Babcock offering help of forest service personnel and facilities in meeting Montana flood problems.

He said a number of bridges were out and roads, trails, air fields and campgrounds damaged in the Clearwater and Nepperco forests of Idaho and the Lolo, Flathead, Helena and Lewis and Clark forests in Montana.

He said the Castle creek recreation area on the Clearwater river near Orangeville was washed out.

There was a 4,000 cubic foot rock-dirt slide across the road along the Selway river north of Elk-Oly, and the Allison creek bridge was out east of Riggins.

The Selway river road was under water in several places north of Elk City and the Boundary creek campground on Meadow creek east of Orangeville was under water. A bridge way on the creek was expected to go out.

Bahns said Smith creek road southeast of Orofino was damaged extensively and the Orogrande road was flooded south of the Iningalaw ranger station.

Private Title To Nuclear Fuels Urged

WASHINGTON, June 11 (AP)—Uranium producers, nuclear fuel processors, and reactor manufacturers joined today in supporting legislation to permit private ownership of nuclear fuels.

They suggested a variety of safeguards.

Dean A. McClellan, president of Kerr-McGee Oil Industries, the nation's second largest uranium producer, urged the congressional private ownership committee to provide restrictions against importation of foreign nuclear fuels for domestic use so as to encourage domestic producers to continue exploration for replenishment of reserves.

Robert W. Adams, president of Western Nuclear, Incorporated, said he is less concerned about import competition than about the sale of uranium from the government stockpile. He urged that sales from the stockpile be deferred until a "healthy nuclear fuel market exists."

Marines Set New Record For Jumping

CHEERY POINT, N. O., June 11 (AP)—The U.S. Marines claim today to have broken a world altitude record in parachuting previously held by the Russians.

The marine corps announced a team of nine parachutists made a night jump of 43,100 feet freefalling to a height of 1,000 feet before opening their parachutes.

If certified by the Parachute Club of America and the Federation Aeronautique Internationale, the jump will replace the 41,000-foot record set by a Russian team in 1961.

The marines jumped June 10 from a KC-130 Hercules transport, which reached a new altitude record for the aircraft to give the men a crack at the record. The jump was staged 11 a.m. at the Ft. Meade drop zone at Ft. Bragg.

Who made the orange more tempting than the apple?

Smirnoff did it—with the famous Smirnoff Screwdriver, America's most popular vodka drink. It not only looks like orange juice, it tastes like orange juice. That's because crystal clear Smirnoff, filtered through tons of activated charcoal, blends so perfectly with fruit juice and soft drinks. Just pour a jigger of Smirnoff over ice cubes, fill glass with orange juice and stir. Tempting? It's downright irresistible!

Soil Packing Is Topic for Grange Meet

KIMBERLY, June 11—Bruce Lulloff spoke to members of the Kimberly Grange on soil compaction during their meeting Monday night. Lulloff stressed how moving heavy equipment onto fields which were still wet will pack the soil and reduce the crop yield.

Mr. Roy Durk, home economics chairman, thanked Grange women for their assistance on the soil compaction. It was announced the Twin Falls County Grange will meet in the Deep Creek Grange hall Saturday night.

Mrs. Dora Nall announced there was a need for a Scout group to be responsible for the flag display in the village park on holidays.

Grangers were informed the next meeting would be preceded by a potluck supper. Letters were read from Janice Budweeks, who thanked the Grangers for their financial support of her trip to Ohio's States, and Mrs. Glenn Miller and Warren Mcley for cards and flowers sent them during their recent illnesses.

Fifteen members of the Mountain Rock Grange presented the program which included an article on taxes written by Mrs. Henry Reideman, and a Father's Day prayer by Mrs. Lyle Parrar. Musical selections were presented by Reideman and his son, William Reideman.

The history of the pledge to the flag was given and the closing thought was presented by Mrs. Yvonne Treadwell. After the meeting the members viewed the rock and jewelry display set up by Perle Bellville.

News Around Idaho

Harding Has Report on His Visitors

WASHINGTON, June 11 (AP)—Rep. Ralph Harding, D., Idaho, says visitors to his office from Idaho average four or five a day and that he and his staff make every effort to make all of them feel welcome.

"I feel it is an important part of my congressional work," Harding said, "to help these Idaho people find their bit of Idaho in the heart of our nation's capital city."

Harding said he provides information for the visitors on their way to the office from throughout the Washington area and historic sections of adjacent Virginia.

"In addition," he said, "the Idahoans who stop by my office about noon on a day during which I am in the city are given arrangements in advance invited to join me in a cup of hot soup in the famous house of representatives dining room."

Ole Miss to Get Third Negro Pupil

OXFORD, Miss., June 11 (AP)—The University of Mississippi, which since 1962 has refused its status as an all-white institution, prepared today to accept its third Negro student.

On Sept. 30, 1962, when the first Negro arrived on the oak-encircled campus, a light of dawn and a crowd of thousands of Cleveland Donnell, 17, Jackson, Miss., who wants to become a lawyer, will register for the summer term.

Federal Judge Harold Cox said the way for Donnell to enroll. He also directed Donnell to refrain from participating in civil rights activities or from engaging in any publicity programs by civil rights groups. Donnell was arrested twice last summer for carrying a rifle in connection with rights protests in Jackson.

Foreign Aid Bill Passed Nearly Intact

WASHINGTON, June 11 (AP)—The House has approved President Johnson's 3.5 billion dollar foreign aid bill, virtually intact for the first time in the 17-year history of the program.

The authorization bill, which sets a ceiling on aid spending for the fiscal year 1965, is the money, was the smallest bill to be passed.

The bill on a 230-176 vote and now goes to the Senate, where action is not expected until later this month.

A total of 66 Republicans joined 174 Democrats in voting for the bill, with 115 Republicans and 60 Democrats against.

Johnson, who had described his program as a "bare bones" request, hailed the vote as "wise and prudent." He said that "these members of both parties, who with unity concluded that this is not the time to be cutting a carefully drawn measure, deserve the thanks of their countrymen."

But the battle is only half over for the administration. The aid appropriations will come later in the legislative process and opponents have promised to attempt to cut it again.

Order Removes Missile Pickets

CAPE KENNEDY, June 11 (AP)—A federal court order today removed a picket line which space officials said cost the government a million dollars a day and hampered progress on efforts to put men on the moon.

Construction workers started back to their jobs on 215 million dollars worth of space projects, but officials indicated they expected it to be Friday before the full force of 3,500 workers was back on the job.

The order of U. S. District Judge George Young went into effect at 7 a. m. (EDT).

The workers, who belong to 14 building and trades unions, walked out Monday morning.

Sicily Criminals Sent to Prison

PALERMO, Sicily, June 11 (AP)—A Palermo court yesterday sentenced 27 underworld figures to a total of 105 years in prison.

It was the first breakthrough in a massive drive against the city's society of crime, which traditionally silences witnesses and deals out its own punishment.

Healthy

PHILADELPHIA, June 11 (AP)—Anna Lamorgina's neighbors are planning a block party today to celebrate her 100th birthday anniversary.

Mrs. Lamorgina, a native of Italy, has five surviving children, 40 grandchildren, 91 great-grandchildren, 24 great-grandchildren and three great-great-grandchildren.

Active in good health, Mrs. Lamorgina boasts of never having been hospitalized for an illness.

FOCATELLO, June 11 (AP)—City and county officials here will meet next week with U. S. Army corps of engineers on the proposed flood control project. The meeting will be held Tuesday morning, with members of the city and county commissions expected to attend.

BOISE, June 11 (AP)—Budget Director Don I. Walker today said he is proposing for state agencies a new budget form he believes will help legislators decide how to spend Idaho's money. It would put the work or services of the agencies in three categories in order of necessity. Walker said it would give the lawmakers a better idea of where the money is going, and what effect cuts in budget requests would have. So far, he said, he has proposed the new form only for larger agencies, including education, health and fish and game. He said the highway department can't use it, but he is hopeful that some other kind of improved form can be worked out for that agency.

BLACKFOOT, June 11 (AP)—The Idaho probate judges wound up their three-day meeting here with an election of new officers and with the adjournment of the association. Judge Winston Benson, Blackfoot, was elected president of the association. He succeeded Judge Leald Sharp, Salmon. Judge Orvil D. Robinson, Preston, was named vice president. He succeeded Judge Benson. Two of the resolutions passed in the meeting seek action by the state legislature on the jurisdiction of the probate court in juvenile commitments and one in the adoption laws. They favored a proposal that the probate judge have the authority to commit a juvenile directly to the youth training center at St. Anthony without turning him over to the state board of health and also that the youth be returned to the jurisdiction of the court which committed him upon parole.

BOISE, June 11 (AP)—U. S. district court yesterday ordered foreclosure of a mortgage held by the federal government on the Jerome county farm of a Blackfoot man, L. John Henninger did not appear to contest the court proceeding. The government claimed \$31,348 was unpaid in principal and interest on promissory notes.

IDAHO FALLS, June 11 (AP)—The first Western airlines Electric jet to land in Idaho Falls yesterday was heralded to the field amidst a flurry of welcoming ceremonies. Western inaugurated 400-mile-per-hour service to cities in Idaho and Montana, an important link in improving services extending from Los Angeles to Calgary, Alberta.

BLACKFOOT, June 11 (AP)—The problem of who is to pay for medical expenses of transient farm workers, particularly Navajo Indians, was discussed yesterday at a meeting between Blingham county commissioners, the bureau of Indian affairs and hospital administrators from Blackfoot, Focattello and Idaho Falls. The Navajo Indians are primarily brought in by the Utah Sugar company for work in sugar beets. They may be injured off the job, receive medical treatment, and then leave without paying their medical bills. The officials at the meeting tried to decide who should pay. County Commissioner Leo Heale, Shelley, suggested that the company who shipped in the workers, such as the U-T Sugar company, should be responsible for payment while they are here. This possibility was left for further investigation.

SALMON, June 11 (AP)—June 23 as been set as the target date for the opening of a war against the spruce budworm in the Salmon national forest. The campaign, a chemical control effort on 600,000 acres of the forest, has received the endorsement of the Idaho forest industries committee, which described it as essential to save an estimated 600 million board feet of timber. A number of forest authorities were quoted supporting the project but there has been some concern among sportsmen that it would be harmful to wildlife.

CAMBRIDGE, June 11 (AP)—A new ski area in the Hill mountain area north of Cambridge on the north side of Sturgill mountain is expected to be in operation by next winter with a day lodge and lift. Articles of incorporation for Hill Mountain company, incorporated, Welter, having capital stock of \$75,000 have been filed with Secretary of State Arnold Williams.

BOISE, June 11 (AP)—Coble company of Spokane was listed today as the apparent low bidder on a U. S. bureau of public roads project in northern Idaho. The federal agency said the firm bid \$593,838, the lowest of three offers.

MOBOW, June 11 (AP)—Basic bids of three firms for construction of a new classroom center at the University of Idaho totaled \$1,200,000. Kenneth A. Dick, university financial vice president, said today all bids now go to the board of regents for review and consideration.

BOISE, June 11 (AP)—Disposal of an application for use of water from Henry's fork of the Snake river for a ground water recharge plan was announced today. Carl Tappan, state reclamation engineer, said the disposal was asked by the Upper Snake Ground Water Users Association, which filed the application a year ago. The association was made up of eight canal and irrigation companies and James Stewart of Terrell, the secretary, signed the application. No reason was given for the request for disposal and Tappan said it would be granted as a formality.

LOADING UP ON meat is Mrs. Paul Magee, Twin Falls housewife who won a 10-minute free shopping spree in a national contest sponsored by the Pepsi-Cola Bottling company. At 10 a.m. Wednesday Mrs. Magee began taking all she could carry to the checkout counter at Shelby's GMA store. In 10 minutes she carried \$166.59 worth of groceries to the stand. (Times-News photo)

Swim Signup Is Saturday At Ketchum

KETCHUM, June 11 (AP)—Mrs. Jack Bennett, Pappose club chairman for the Red Cross, announced today that the annual swimming lessons at the Bald Mountain Hot Springs, announced that registration will be from 10 a.m. to noon Saturday at the pool.

She and Mrs. Norman Watson, who will be instructor, will register children who have completed the first grade in school through adult age.

Mrs. Bennett requests anyone who has taken lessons before to bring his Red Cross card. A charge of \$1.50 for the use of the pool for the two weeks of classes will be made.

Utah and Capital Cited for Safety

CHICAGO, June 11 (AP)—The National Safety Council today cited Utah and Salt Lake City for outstanding accomplishments in traffic safety.

The National council, which cites 117 cities and towns, 35 states and one county on the basis of reports in the annual traffic inventory for 1963.

Utah was awarded certification of achievement for keeping good-accident records and for organizing for traffic safety improvement. The state was also cited for its public and school traffic safety education programs.

Salt Lake City received a certificate for maintaining a high level of performance in traffic engineering.

Free Shopping Spree for T. F. Woman Nets \$166.59

Only one person was hard at work in Shelby's market at 10 a.m. Wednesday. That was Mrs. Paul Magee, Twin Falls housewife, who won a 10-minute free shopping spree in a national contest sponsored by the Pepsi-Cola Bottling company.

With press media, family and friends looking on, the Twin Falls housewife began lugging meat and other items to the first checkout stand, where store owner Joe Shelby watched the items.

Only a few scattered whippersnappers broke the silence as Mrs. Magee picked her way through the wares the store offered. Her main interest was the meat counter, and more than three-fourths of the items bought for the stand were meat products.

Several times she used her skirt to carry the large loads. She would simply dump the load on the counter and Shelby would open his arms to keep everything from toppling.

She seemed unmindful of the crowd, the reporters and the cameras, flashing only an occasional smile as her face indicated her mind was on other things. Finally the word came: "Time's up," and everyone began chattering, including Mrs. Magee, whose face then broke into a broad smile.

"The total on the cash register read \$166.59."

Smylie Says Platform to Be Acceptable

CLEVELAND, June 11 (AP)—Gov. Robert E. Smylie of Idaho predicted today that Republican governors will produce a "forward-looking" platform declaration that Ben. Barry Goldwater will accept as the GOP presidential nominee.

Smylie said in an interview the failure of the 16 Republican governors to agree on a policy declaration during the Governors conference which ended yesterday does not mean the project will be abandoned.

The Governors' conference wound up without producing a new moderate opponent for the conservative Goldwater.

Most Republican governors seemed to agree with Smylie, who said he thinks Goldwater has the nomination locked up.

Kennedy Asked To Brazil Rites

SAO PAULO, Brazil, June 11 (AP)—Atty. Gen. Robert F. Kennedy has been invited to come here in September to lay the cornerstone of a 5,000-family, low-cost housing development.

The American Institute for the Development of Free Enterprise granted a 10 million dollar loan, guaranteed by the governments of the United States and Brazil, for construction of the project.

Prince Opposes Flights by U. S.

VIENTIANE, Laos, June 11 (AP)—Neutralist Premier Prince Souvanna Phouma wants to put a flight in the Laos civil war and their escort by armed jet fighters, sources close to him report.

U. S. Ambassador Leonard Ungert told the press that no official request had been received. But he confirmed that the subject still is under continuous discussion between the Lao government and the United States.

BETTER LATE THAN NEVER
BAR HARBOR, Me., June 11 (AP)—Mrs. Harriet Brout, who was graduated from high school last night, 22 years after she dropped out because of illness and death in her family said: "I just promised myself that if I had the time, I'd finish school. The time has just arrived."

MR. AND MRS. MICHAEL D. PETERS (Album photo)

Miss Brower, Peters Repeat Nuptial Promise

Lois Doe Brower and Michael Delmar Peters were married in a double ring ceremony June 10 at the Twin Falls First Methodist church. The ceremony was performed by the Rev. Earl W. Riddle.

The bride is the daughter of Pountain C. Brower, Twin Falls. Peters is the son of Mr. and Mrs. Delmar R. Peters, Pocatello.

Janice Harding, Piler, was soloist, accompanied by Mrs. Mary White, who also played the traditional wedding music.

The bride was given in marriage by her father. She wore a gown of white peat de sole enhanced with light sleeves and a chapel train. Her fingertip veil of illusion was held by a good friend. She carried a bouquet of white orchids and white carnations.

Maid of honor was Kathy White, Twin Falls. Bridesmaids were Karen Peters, sister of the bridegroom, and Kathy Rusely, both Pocatello, and Karen King, Twin Falls.

The attendants wore identical dresses of medium blue peat de sole with matching accessories. The maid of honor carried a bouquet of blue carnations tied with white streamers. The bridesmaids carried white carnation bouquets tied with blue streamers.

Hert Parker, Pocatello, was best man. Ushers were Michael Hansen and John Chang, both Pocatello, and William Brower, brother of the bride. Susan Peters and John Peters, sister and brother of the bridegroom, were candlelighters. Becky Peters, sister of the bridegroom, was flower girl.

The bridegroom's mother wore a shirup colored summer wool suit with pale pink accessories. A reception was held in the fellowship hall of the church. Miss Peters, sister of the bridegroom, was in charge of the guest book. Mrs. Lee Garner, Pocatello, was in charge of the gifts, unaided by Sidney Littlefield, Twin Falls, and Judy Harding, Piler.

The three-tiered wedding cake was served by Mrs. Hansen and Mrs. Joyce Harding, Piler. Punch was served by Mrs. Riddle and coffee was poured by Mrs. D. A. McGuire, Twin Falls.

The bride's supper was given following the rehearsal by Mrs. Harding at her Piler home.

The bride changed to a pink linen suit accented with crystal necktie and earrings, a gift from the bridegroom, for traveling.

The bride is a 1963 graduate of Twin Falls high school and received the Twin Falls Bank and Trust company scholarship that year. She is a Junior at Idaho State university, where she is majoring in elementary education. Peters attended Pocatello high school and received his BS degree this spring at ISU. He is a physics major.

The bridegroom accepted an assistantship at ISU and will continue his studies toward a masters degree. The couple will reside at 624 East Halliday, Pocatello.

Pre-nuptial showers were given for the bride by Mrs. Riddle and by Mrs. Rusely and Miss King, Pocatello.

Mrs. John E. Hamilton, Canon City, Colo., grandmother of the bridegroom, was a special guest.

New Law on Women's Pay Takes Effect

WASHINGTON, June 11 (AP)—A new law requiring equal pay for equal work goes into effect today, covering more than 7 million women under the fair labor standards act.

"But this doesn't mean all these women are going to get pay raises," said a labor department spokesman. "We don't know how many of these women may be making less than men."

The law, the equal pay act of 1963, amends the fair labor standards act and forbids employers from discriminating in wages solely on the basis of sex. It applies to men, too, although the labor department said it was drafted primarily to protect women from discriminatory pay practices.

Civil Rights Action May Break Jam

WASHINGTON, June 11 (AP)—The Senate's decision to end the civil rights filibuster may break a jam of legislative bills holding back a flood of major administration measures.

The action yesterday certainly brightened the outlook for final adjournment of Congress well before the November presidential and congressional elections.

House Speaker John W. McCormack, D, Mass., said prospects are good for adjournment by Aug. 23, the Saturday preceding the opening of the Democratic national convention in Atlantic City.

He added, however, that it might be necessary to return for a brief window between the end of the convention and Labor day.

Should the Senate finish with the civil rights bill by the end of next week, House leaders hope to spend it to President Johnson before the recess proceeding the start of the Republican national convention in San Francisco on July 13. "The House could trim several days off the pre-convention recess scheduled to start July 3 and end July 20."

The civil rights bill passed the House early this year, but several amendments must be acted on by the House.

Demo Rift on Chairman Expected

BOISE, June 11 (AP)—Controversy over a platform expression on taxes appeared possible today as a prelude to the Idaho Democratic state assembly's potential party-splitting squabble over a state chairman.

Groups and individuals throughout the state were invited to make platform suggestions to a committee headed by state Rep. P. F. Terrell, Tootsie.

Ready for stimulation was a request from Blaine county Democrats who proposed the party go on record in favor of "a broad base tax accompanied by appropriate income and property tax relief."

The suggestion is likely to stir vigorous objections from opponents of a sales tax, who contend that continuation of the tax will make it difficult for Democratic legislative candidates to campaign successfully in many areas.

The Idaho Education association will ask the party to endorse a sales tax coupled with a tax reform program and 50 per cent state support for the public schools.

The platform committee planned to hear suggestions during the morning, then meet in sections during the afternoon to discuss the proposals.

Fighting together of a rough draft of a platform was anticipated during the evening, ready for presentation to the full committee following the opening of the assembly's business.

State Chairman Lloyd Walker will preside over the assembly until the selection of a permanent chairman, one of the early orders of business.

Selection of a party chairman, however, is not scheduled until tomorrow when the assembly also will name other party officers.

Chairman Walker delegates to the Democratic national convention, adopt the platform and ratify constitutional nominations.

There is no contest for nomination before the Democratic assembly, with the two incumbent congressmen, Rep. Conpton I. White in the first district and Rep. Ralph H. Harding in the second.

Harding will be the keynote speaker, addressing the assembly tomorrow morning, following a welcome by Boise Mayor Eugene Skelton.

Seward, Alaska, Sets Celebration

SEWARD, Alaska, June 11 (AP)—This city will celebrate its three-month anniversary on June 27, three months after its waterfront was devastated by the Good Friday earthquake and resulting tidal waves.

Thousands of money and space will make the celebration more subdued than originally planned, says James Harrison, city manager. The festivities that began originally for April 25, the announcement that Seward had been one of 11 cities chosen for all-America city honors were made March 26, the day before the big quake.

LYNDA, OLDEST DAUGHTER of President and Mrs. Johnson, supervises refreshments on the White House lawn Wednesday where she was hostess to some of the nation's highest school graduates. The event followed the President's awarding of medals to 121 youngsters picked as Presidential Scholars. (AP wirephoto)

Johnson Is Genial Host To Scholars

WASHINGTON, June 11 (AP)—President Johnson heaped praise, lavished the hospitality of the White House and gathered an array of famous Americans to honor 121 high school graduates picked for intellectual attainment as the nation's first "presidential scholars."

No money went with the award, but the five hours these youngsters spent in the White House last evening was historic and unforgettable.

"They met the President and his family in formal and informal mood. They wandered through the stately rooms of the White House and got a look at the Johnsons' pet beagle."

And they mingled with such famous personalities as actress Helen Hayes, poet Ogden Nash, choreographer George Balanchine, physicist J. Robert Oppenheimer, astronaut Navy Captain Neil A. Armstrong, Jr., and novelist Harper Lee.

Before the party was over, Johnson and his wife came down from seats on the Truman balcony to shake out on the carpet of the south lawn to watch the Kingdon Trio in the final act of an evening outdoor show put on for the scholars.

School Board Retains Aide At Jerome

JEROME, June 11 (AP)—Ronald Bonnichsen was re-elected chairman of the board of trustees of the Jerome school district 201 Monday night.

Now members, Levi Gifford from some three and William H. Bonnichsen, were named by Warren Kaye, clerk. Mrs. Lola Pyke was elected vice chairman and W. L. Hills was elected treasurer.

It was decided the trustees will meet with school patrons at 8:30 p.m. Saturday at the Canyonside Grange hall to hear suggestions for combining students in the Jerome-Canyonside area in one school to arrive at a one-grade per teacher situation.

Contracts have been offered Bruce Campbell as a commercial teacher and Mrs. Ylva Van Camp, local teacher.

It was announced by the superintendent there are four more vacancies on the teaching staff. The recommendation of the superintendent was accepted by the board and the hot lunch supervisor's salary was raised from an hourly basis to \$2,500 per year.

Mrs. Bette Knight, Mrs. Dorothy Matthews, practical nurses, Mrs. Lola Pyke and the superintendent of schools were approved to serve on the advisory board for practical nursing education.

Girl, 13, Leading Near Normal Life, but Blind

QUANTICO, Mass., June 11 (AP)—Janis, 13, likes to ride her bicycle, climb trees and play ball. Not so unusual for a 13-year-old girl, except that Janis has been blind since birth.

Janis, a seventh grade classmate at Quantico Junior high school can see. But this doesn't stop her from getting A's and B's.

Janis walks to and from school by herself, and after practicing in playground, she started riding her bicycle in Quantico streets. But she always takes a friend along.

Janis talks freely about her blindness which she doesn't consider a handicap. She recalled once when she got into trouble at school by climbing onto the roof of the building.

"I wanted to see what it looked like," she said with an impish grin.

Portrait Approved

LONDON, June 11 (AP)—Queen Elizabeth II has approved a new effigy for use by Britain and the Commonwealth countries which wish to adorn their coins with her portrait.

Second Judge Petition Issued

BOISE, June 11 (AP)—Nominating petitions for justice of the Idaho supreme court have been picked up by a person who declined to give his name or say who the petitions were for.

Secretary of State Arnold Williams said the petitions picked yesterday were the second ones this year taken out for that office. The first petitions were taken out about two months ago.

Ultimate

NEW YORK, June 4 (AP)—Emmanuel Rees, the campaign button "king" today issued an ultimatum for the upcoming Republican national convention.

It read: "Stop everybody."

Only one justice is up for election this year, Chief Justice E. T. Knudsen. He has not said yet whether he will run.

Masterpoint Is Played by Club

BURLEY, June 11 (AP)—Mini-Casino Duplicate Bridge club had 12½ tables Tuesday evening for masterpoint play at the Elks lodge.

North-south winners were Mr. and Mrs. Howell Onau, Burley, first; Mr. and Mrs. A. M. Bolson, Burley, second; Mrs. C. J. Straghan and Mrs. M. Querry, Twin Falls, third, and Mrs. Faye Jensen and Mrs. C. H. Wehrlich, Twin Falls, fourth.

East-west winners include Mrs. E. L. Belcher and Mrs. E. Watkins, Hazelton, first; Mrs. and Mrs. Harry Warnke, Meyburn, second; Mrs. Thomas Howarth and Mrs. Ernest Cooper, Burley, third, and Mrs. George Whitlock and Mrs. Del Holmes, Burley, fourth.

T. F. Man to Keep Doctor Line Going

Dr. Jerome R. Rees, son of Dr. and Mrs. Ellwood T. Rees, 800 El Monte street, will be graduated from Jefferson Medical college, Philadelphia, Pa., Friday.

Rees is the third generation physician in the direct male line and the sixth in his immediate family to receive an MD degree.

The graduate's father and an uncle, Dr. G. Stanford Rees, were graduated from the University of Pennsylvania school of medicine; two other uncles, Dr. H. David Rees and Dr. Robert L. Rees, were graduated from Northwestern university medical school, and Rees' grandfather, the late Dr. N. J. Rees, was a graduate of Rush Medical college, Chicago, Ill.

Rees attended Twin Falls high school and received his pre-medical degree at the University of Utah. He will serve his internship at Memorial hospital of Long Beach, Long Beach, Calif.

DR. JEROME R. REES, son of Dr. and Mrs. Ellwood T. Rees, Twin Falls, is the third generation physician in the direct line and the sixth in his immediate family to receive a doctor's degree. He will be graduated Friday at Jefferson Medical college, Philadelphia, Pa.

Report Says Airman Pay Level Low

WASHINGTON, June 11 (AP)—An air force survey showed today that about 5,000 enlisted air force officers, many heads of families, are "underlighting" or holding part-time jobs to supplement their service income.

No similar figures were available from the army and navy, but the situation in these services was believed to be about the same. An estimated one-third of the 2,004,000 men in the armed forces have incomes below the minimum for a family of four.

At the root of the situation, officials said, is the fact that in the last 12 years pay raises has been granted for men in uniform with less than two years service.

Anti-Gambling Drive Progresses

TACOMA, June 11 (AP)—A drive to keep legalized local option gambling out of Washington was reported today with strength today as some 500 Methodist leaders met for their Pacific Northwest annual conference.

The churchmen met in legislative committee preparing material to be presented to the conference which will convene through Sunday on the campus of the University of Puget Sound.

Missing

HOBART, Okla., June 11 (AP)—Descendants of Chief Big Bow, a fierce old Kiowa Indian warrior buried in 1901, and others gathered yesterday about what they thought was the grave of the ex-army scout in a planned burial ceremony.

The remains were to have been transferred to Ft. Sill for military rites.

Diggers, however, could not locate the grave on the funeral day, even though they looked in 50 places while the crowd waited.

The search resumed today.

CAGNEY DIES
HOLLYWOOD, June 11 (AP)—Dr. Harry V. Cagney, 68, brother of actor James Cagney and actor Tom Mix, died yesterday in his home of an apparent heart attack.

International River Plan Is Approved

OTTAWA, June 11 (AP)—The Columbia River control and project cleared its final hurdle yesterday as the U.S. Senate approved the 1961 U. S.-Canada treaty.

The U. S. Congress approved the treaty in 1957, after the U. S. had agreed to ratify the long-pending project.

Since the U. S. Congress approved the treaty in 1957, the U. S. has agreed to ratify the long-pending project.

The United States is to pay the Columbia 274.8 million dollars by Oct. 1 covering downstream power benefits for 30 years. Another U. S. payment of 20 million dollars will cover the cost of three flood-control dams to be completed in British Columbia by 1971.

Washington Faces Many Damage Suits

OLYMPIA, June 11 (AP)—The state of Washington has been sued for more than 250 million dollars in the past three years for allegedly causing injury to its citizens and damage to their property.

So far, the state has had to pay out less than \$215,000 since a 1961 law was enacted making it liable for damages caused by its actions.

Before that, the state had been immune from suits under the common law theory the king could do no wrong, and for the people to sue the state would be to sue the king.

The impact of the 1961 law is spelled out today in figures compiled by the state Atty. Gen. John J. O'Connell's office and state fiscal officer.

Of 125 claims seeking \$100 million have been filed with the state auditor's office.

Another 92 damage suits for \$44 million have been brought against the state in superior courts.

Utahns Face Headaches Of Shelters

SALT LAKE CITY, June 11 (AP)—"No one gets really hungry the first day," said a force Col. Ray Padel as he munched his own state dinner—a dry cracker.

Padel was one of 31 Salt Lake residents and their families who have completed 24 hours in a fallout shelter yesterday as part of a department of defense project to train people to manage disasters.

"I couldn't sleep good last night," said five-year-old John Chase, a sliver of the floor "I sure was one bunk for every 100 people."

"Everyone gets 34 crackers a day," said Mrs. Paul Eklund, who helped issue the meals. "That's 710 calories, just enough to keep you going if you don't eat too much of the floor."

Each person also got a quart of drinking water during the 24 hours.

Five wives of reservists and their children were cramped in the shelter. Each had less than square feet of the total area.

"This training is supposed to prepare these people, both mentally and physically, for life after an actual attack," said William Parson, Utah State "shelter" professor.

"Shelters can save between 40 and 120 million people in case of an attack," he said, adding that occupants of a shelter could face five tough problems: adjusting to cramped quarters, change in diet, getting medical care, adjusting to the isolation problem and the uncertainty of the outside conditions.

"We are also being trained to deal with panic, confusion and fear," Padel said. "A shelter manager would have to keep 50 or more people alive for several weeks before the fallout reached safe level."

Lewis W. Carson Honored at Rites

BONAVILLE, June 11 (AP)—Funeral services for Lewis William Carson were conducted Tuesday afternoon in the McCulloch funeral home chapel by the Rev. Floyd W. White.

Organ selections were played by Juanita Peters, Annie Beck and a piano solo. Mrs. Juanita Carson, soloist, sang two selections.

Funeral services were Robert Hanks, Jr., Walter, Larry Carson and Gaylin Tanner and Gaylin Hatch.

Services were arranged by the Carson family and the Carson family.

\$1,000 Raised at Basque Dinner for Trip to Fair

SUN VALLEY — The Basque dinner given by the Blaine County Republican Women's club proved an outstanding success in raising money to help send the Oklahoma dancers of Hope to the World Fair with more than \$1,000 in hand.

A lamb donated by the Carranza and Bonson Sheep company was auctioned by Douglas Alfred, Gannett. In the first round of the bidding, it was purchased for \$165 by Joe Laragon who turned it back to be purchased next time by Bud Purdy and Chuck Larkin for \$160.

Auctioned a third time, it was bid at \$106 by Charles Hendricks of the Union Steel company. Hendricks, who donated it to the Blaine County hospital.

Although Saturday night's benefit was in no way a political project, the Blaine County Republican women are pledged not to tell that Hendricks is the chairman of the Cassia county Democratic party.

A joint roast brought almost as much as the dinner. It was purchased first by Harry Betts for \$42.50, second by Bud Purdy for \$35 and for the third and last time by Mack Tabor for \$28.

At the last minute, a group of Oklahoma dancers, who were expected to come, were unable to appear, but the Basque dancing of four local youngsters more than filled the gap. Hooping a very hot job were Maureen and Patricia McGinnis, Gannett, and Kim and Joey Laragon, Ketchum.

Special contributions to the dinner were made by Dave and Marlo Ayarra, who donated the facilities of the dining room of the Hawaiian hot and cooked restaurant, by the Carranza and Bonson Sheep company, who donated the lamb for the dinner as well as the prize lamb that was sold at auction; by Harry Betts for \$165; by Joe Laragon, who turned it back to be purchased next time by Bud Purdy and Chuck Larkin for \$160.

The wine served was donated by the club owners in Hiley. The writing of the program and the barbecuing of the lamb was the contribution of Sun Valley.

900 Signed For Rupert Swim Classes

RUPERT, June 11—Mrs. Elaine Burton, Red Cross swimming instructor, reports more than 900 children and adults are enrolled for the three seasons of the Red Cross swimming lessons.

Included in the schedule this year is a special class for instructors, in which 12 are enrolled. It is scheduled to get under way Friday. Mrs. Burton reports six adults are enrolled in the water safety instruction course and six in water safety aid class.

Also planned is a special class for children who are handicapped in any way, in which five are enrolled. The instructor, experienced, qualified instructor will teach the exceptional class.

The rest of the record enrollment consists of the beginners' class with 600; advanced beginners, 140; intermediates, 111; swimmers, 33; junior life saving, 10; and adults, 14.

The first class will begin on June 22 and run through July 3; second class will begin on July 6 through July 18, and the third class will get under way July 20 and finish Aug. 1.

Bowling Alley Involved in Suit

Brunswick corporation filed a \$37,129.33 suit against Bowling Alley in a special session of the Eleventh district court alleging violation of a sales contract entered into on June 29, 1958.

Eldon E. Murray, manager of the Bowling Alley, stated Thursday that the operation of the Bowling Alley would not be affected by the suit and it will remain open.

Anti-Goldwater Fires Merely Flicker As Governors Adjourn Annual Meet

CLEVELAND, June 11 (AP)—The nation's governors adjourned their 1964 conference yesterday with Republican anti-Goldwater fires merely flickering in Michigan Gov. George Romney's final Mand.

The politically tumultuous 66th meeting of the governors—an annual dress rehearsal for the GOP convention next month in view of Sen. Barry Goldwater's big nomination lead—ended with Romney refusing to become an active presidential candidate. He did promise to fight for a "forthright" platform and for candidates supporting it.

Nebraska Gov. Grant Sawyer, (five of 10th Falls, Ind.) a Democrat, was elected chairman of the conference for the coming year, and Minneapolis was chosen as the site for the July 1965 meeting. Sawyer succeeds Gov. William Scrantom, Jr., Kansas Republican. The chairmanship alternates between the two political parties each year.

Republican policy dominated the five-day conference. Moderates trying to build a real "top-Goldwater" movement by rallying support for an alternative candidate more in tune with progressive party views and their hopes dashed early in the game.

Former President Dwight D. Eisenhower at first encouraged Romney, but later cooled Pennsylvania Gov. William Scrantom's interest in entering the presidential race. From the moderates turned to Romney, who had outspokenly promised to do all in his power to block Goldwater if the Arizona did not alter his views.

Former Vice President Richard M. Nixon, with claimed support for a neutral Republican governor, urged Romney to become an avowed candidate. Romney hesitated for a few hours, then announced Tuesday he would not seek the nomination but would remain open to a draft.

Yesterday Romney issued his final statement, declaring that the nation "desperately needs a national party dedicated to a national rebirth, not by turning backward but by solving today's problems with the eternal and universal principles that have made us the only true hope of mankind."

"I intend to fight for a forthright Republican party platform that spells out the issues and the answers to these issues, based on our Republican heritage and proven American principles. This is the first step."

"I intend to select candidates pledged to a platform of this type. I intend to participate vigorously in both developments and to join with others of like mind to do so."

New Trustee Is Selected At Richfield

RICHFIELD, June 11—Richfield school board reorganized for the year, named a new school board member, hired two teachers, and planned summer work for repair of the two schools at the June board meeting held Tuesday evening.

Clifford Conner was reelected board chairman; Ralph Riley, Jr., named vice chairman; Mrs. Wendell Johnson and Mrs. Harold Pridmore reappointed clerk and treasurer, respectively; Lester Johnson reelected as custodian, and Mrs. Ralph Riley, Sr., and Mrs. Sterling King rehired as cooks.

Grant Plavel was named to fill out the unexpired term of Jerry Johnston until the next election. Johnston, elected in zone three, has moved to zone five, causing the vacancy.

Mrs. L. R. (Gladys) Sanderson was hired to teach home economics in the high school and Mrs. Max (Alice) Behr was hired as first grade teacher. Both are Richfield women.

Bids for purchase of a new 64-passenger school bus will be let this week and opened at the July 14 meeting.

Extension of the serving bar in the lunchroom, hot water placed in the grade school, and painting jobs at the two schools and a roof section were listed as summer work at the schools.

Supt. P. R. Briggs gave the oath of office to Plavel and Riley. Riley was reelected for a three-year term, of office this year. Bruce Simpson, the other trustee reelected this spring, was unable to attend and will be sworn in at the July meeting.

Superintendent Briggs stated two applications for the high school vacancy in mathematics and football coaching are being considered this week.

Briggs will attend the University of Idaho summer session and Percy Christensen, high school principal, is attending Idaho State university this summer.

Five Years in Russia Take Communism Out of Couple

MOSCOW, June 11 (AP)—A New York couple left Moscow's International airport for the United States in disgust today. The couple was interviewed just before boarding a plane with their daughter, Joanna, 13. "The main thing we couldn't stand was the lack of freedom here," Mrs. Block said. "We were fed up with life under Russian communism. Our friends were afraid to come and visit us, and we couldn't read the things we wanted to read."

The Blocks left New York in 1959 and went to Poland, hoping to obtain asylum in Communist China. When they ran into difficulties they accepted Soviet residence and set up housekeeping in the Black sea port of Odessa.

The U.S. embassy here helped the Blocks get visas to return to the United States. They said they had not taken out Soviet citizenship.

Mrs. Block said they raised the money to pay for the trip back to New York by selling all their possessions.

"Look at us," Mrs. Block said. "Just rags and bundles. Three or all our worldly possessions."

Rupert Summer Band to Start

RUPERT, June 11—Any adult interested in performing with the summer band in Rupert this summer is urged to contact Keith Parry before June 16.

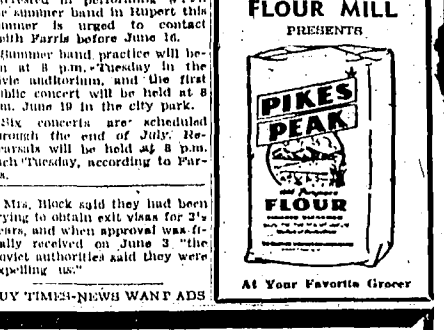

Summer band practice will begin at 8 p.m. Tuesday in the Civic auditorium, and the first public concert will be held at 8 p.m. June 19 in the city park.

Six concerts are scheduled through the end of July. Rehearsals will be held at 8 p.m. each Tuesday, according to Parry.

Mrs. Block said they had been trying to obtain exit visas for 2 1/2 years, and when approval was finally received on June 3 "the Soviet authorities said they were expelling us."

LAS VEGAS, Nev., June 11 (AP)—Welterweight champion Emilio Griffith and challenger Luis Rodriguez will wage an aggressive fight in their 15-round title match Friday, their handlers declared Wednesday at a meeting of the Nevada boxing commission.

Interference Call Lets Sox Edge Orioles

CHICAGO, June 11 (AP)—The Chicago White Sox capitalized on an interference call against Baltimore catcher Dick Brown in the fourth inning, scoring the decisive run and defeating the Orioles 2-1 Wednesday night.

The White Sox scored their first run in the opening frame on a triple by Tom McCraw and Lloyd Robinson's double. Then, in the fourth after Robinson singled, Brown was called for interfering with batter Pete Ward.

Ward was awarded first base Robinson advanced to second and scored on Ron Hansen's single.

There was quite an argument over the height of the fighters' trunks. The Rodriguez crowd says Griffith has a habit of wearing his pants too high and blow is landed around the mid-section of the Griffith corner claims foul.

James Deskin, executive secretary of the commission, was dispatched to make a personal examination of the respective trunks and the protective cups. He reported later that both sets were legal and the commission ordered that the trunks be worn at waist level—and no pulling up during the fight.

Under Nevada boxing rules, no fighter can be awarded a victory on the claim of a low blow. If a contestant falls to the floor or otherwise indicates an unwillingness to continue because of a claim of a low blow, the contest shall be declared a knockout for the boxer who delivered the blow. This assumption is good enough to prevent a serious injury.

Angels Sweep Two Games With Indians

CLEVELAND, June 11 (AP)—Jim Fregal drove in the winning run with his first home run, Los Angeles' 7-4, 11-inning first game victory over Cleveland and the Angels went on to sweep the two-night doubleheader Wednesday by winning the nightcap 5-3 with a four-run fourth inning rally.

Fregal rapped a three-run homer off Pedro Ramos in the fifth of the opener to give the Angels a 4-1 lead. He had driven in the first run with a double in the fourth scoring Ed Kirkpatrick.

Yanks Trade Victories With Boston

BOSTON, June 11 (AP)—Home-run by Roger Maris powered the New York Yankees to a 10-6 victory over Boston Wednesday night after the Red Sox won the opener of the day-night doubleheader.

Maris' homer, his ninth, put the Yankees ahead 5-4 in the fifth. Then after Boston grabbed a 6-5 lead on Lee Thomas' two-run homer in the fifth, New York came back for two runs in the sixth.

Back to back homers by Tony Conigliaro and Dick Williams gave the Red Sox a victory in the day game.

Named Coach

Dave Killen, head professional at Blue Lakes Country club, will be coach and manager of the University of Idaho golf team in the NCAA championships in Colorado Springs next week.

Killen will leave late Friday night or early Saturday morning with the four-man team, which includes Dick Traill, a sophomore from Boise.

The tournament begins with 72 holes of qualifying Monday and Tuesday and runs through a match-play elimination Wednesday through Saturday.

Kobs Cited for Baseball Work

OMAHA, June 11 (AP)—John H. Kobs, Michigan State, active in the direction of all 18 NCAA baseball tournaments, was named recipient of the Laffy Conroy silver baseball award Wednesday.

The award is sponsored by the National Collegiate Baseball Writers' association and given annually to a person considered to have done the most for college baseball that year.

Kobs will receive the trophy from Gomez, a former New York Yankee pitching great, at the annual coaches and NCAA winter meetings next January in Chicago.

Seton Hall Rips, Ousts Texas 14-5

OMAHA, June 11 (AP)—Seton Hall erupted for 11 runs in the eighth inning and eliminated Texas A & M 14-5 Wednesday, but rain forced postponement of the other three second-round games in the college world series.

The entire schedule was moved up 24 hours. Arizona State will meet Mississippi in the losers' bracket Thursday afternoon.

Minnesota will face Maine and Missouri will meet defending champion Southern California in the Thursday night winners' bracket.

Solons Turn A's Errors Into 3-1 Win

WASHINGTON, June 11 (AP)—The Washington Senators took advantage of three errors by Kansas City shortstop Wayne Gausy and defeated the Athletics 3-1 Wednesday night. The Senators now have won three straight games for the first time this season.

The Senators scored in the second inning after a throwing error by Gausy and used his third error to start a two-run seventh inning rally.

In the second, Don Lock singled and reached third when Gausy threw wild to first on Don Leppert's grounder. Lock scored on a grounder.

Ramos to Defend Against Saldivar

MEXICO CITY, June 11 (AP)—Sugar Ramos has agreed to defend his world featherweight boxing title against Vicente Saldivar, the Mexican champion, in Mexico City in the late fall, promoter Miguel de la Colina said Wednesday.

The promoter said the bout probably will be staged in late September in the El Tero Plaza.

Ramos, a Cuban exile now living in Mexico City, has been guaranteed \$40,000 and Saldivar \$10,000, the promoter said.

The Cuban doctor and the Mexican boxing commission have ordered the Cuban to just three months because of the weight-making ordeal and strenuous title fight he had with Floyd Robertson in Ghana last month.

Lopez to Go With Strongest Team In All-Star Game

CHICAGO, June 11 (AP)—Manager Al Lopez of the Chicago White Sox, confronted by a National League "best American League" squad possible for the 1964 all star game. Lopez, who has come out second best in two world series and three previous all star managerial efforts, was named Wednesday by Joe Cronin, league president, to handle the Americans in the July 7 inter-league game at New York's Shea stadium.

Pistons Were Outfigured By Baltimore

BALTIMORE, June 11 (AP)—Gene Shue, former National Basketball Association star, Wednesday the Baltimore Orioles had engineered the "strongest since Brinks" in their 100th game, a 107-97 victory over the Detroit Pistons.

"The Bulls really played a lot of foul," Shue said. "I don't know any club in the league you do that to, it's Detroit. They have the worst foul play in the league. I played for them. They've gotten rid of all the stars clean."

Shue, who retired recently after 10 years as a backcourt player in the NBA, referred to Tuesday night which saw Howell, Don Ohl and Bob Love to Baltimore in exchange for Terry Disinger, Rod Thorn and Don Ohl.

In addition, the Bulls received Detroit's No. 2 draft choice, Les Hunter, and Loyola of Chicago and Villanova of Villanova.

Frick Meets With Winter Leagues

NEW YORK, June 11 (AP)—Baseball commissioner Peter U. Braveman discussed rules and procedures with winter-league representatives Wednesday in Havana, Puerto Rico, for the Dominican Republic and Nicaragua.

"We expect to come out of this with a good operational program," said Frick. "The problem is that we are faced with the winter and conditions are difficult. I hope it will come up with a set of a long range detailed paper."

State Meet On Business Set at Boise

BOISE, June 12 (AP)—Expansion of small business in Idaho and in neighboring eastern Oregon was listed Wednesday as the aim of a statewide conference in Boise June 26.

The session will be sponsored jointly by the Idaho department of commerce and development and the federal small business administration.

Businessmen, bankers, Chamber of Commerce officials and civic and business development groups were invited to attend.

"The sessions will be the most extensive and far-reaching efforts ever made in broad-scale development of Idaho business," said Louise Bhaditick, secretary of the department of commerce and development.

"This applies to expanding present concerns, inviting desirable outside businesses into the area and in creating new business and industries in the state."

The sessions will be held in the house of representatives chamber in the state capitol.

Gov. Robert E. Smylie will speak at the opening of the session and Hugh Wagner, publisher of the Idaho State Journal at Boise, will give the keynote address.

Fred Humphrey, Boise, vice president of the Idaho First National bank, will discuss Idaho's current economy and a panel discussion on local development will be directed by Leon Barnes, Boise, chief of the investment division of the small business administration; Warren Barry, Twin Falls, a member of the IDA state advisory council, and C. D. Brown, Boise, SBA loan specialist.

William Orange, secretary of the Twin Falls Chamber of Commerce, will explain methods used in his community to expand business.

Other speakers will include Robert Hodges, Boise, vice president of the Intermountain Gas company; Frank Seelye, chairman of the division of business administration at Idaho State university; A. C. Lightbahl, Baker, Ore.; Orland Mayer, Boise, Idaho Power company, and Bert Bransy, Boise, manager of Associated Industries of Idaho.

Oliver Davis, head of the small business administration office in Boise, said, "It is hoped that Idaho businessmen will take advantage of the meetings to start exploring the possibilities offered through SBA loans and operations."

Small Tracts of Land to Be Sold

SHEOSHEON, June 11 — Orval G. Hadley, acting land office manager, bureau of land management, Boise, announced today an offer for sale of 11 small tracts of land located on the west side of Magic reservoir in Blaine county, about 26 miles from Sheosheon.

According to Hadley the tracts will be sold at a public auction in the district court room at Sheosheon at 10 a.m. June 26.

To obtain information on the tract descriptions, appraisals and bidding requirements, inquiries may be addressed to the manager, Idaho land office, P. O. Box 2237, Boise, or the district manager, box 308, Sheosheon.

Tax Clamor Grows in Idaho Politics From Persons of Many Walks of Life

BY RICHARD CHARNOCK
BOISE, June 11 (AP)—Tax talk is picking up momentum among the politicians as well as the professional politicians in Idaho as they head for center stage in the legislative campaign.

A conservative piece since the adjournment of the 1963 legislature, it has received growing attention through reports of a retention shortfall.

"Property owners, for instance, complain their burden is getting out of hand. Wage earners, despite their recent federal reduction, feel their income taxes are too high. Businessmen believe their taxes are unfair and are driving away potential industries."

Yet, the clamor—and in some cases the need—for more revenue to run state and local government in Idaho grows day after day. It's no secret, for instance, that general fund revenues are expected to run about five million dollars short of appropriations this session.

And it's not even confidential that a cutback ordered in state spending has many educators up in arms. Their state aid isn't as great as they thought it would be and taxpayers in individual districts are being hit by many cases at making up the difference.

So, for these reasons and others more subtle, the subject of finances is destined for a major role in the forthcoming primary and general election campaigns for the legislature.

There was a move earlier to persuade Gov. Robert E. Smylie to call a special session this summer to revise the tax laws and sweeten the kitty for education and other governmental purposes.

However, sources close to the governor say he won't do it. For one thing, they say, there is no outward sign the lawmakers have changed their thinking since they defeated the sales tax package in 1963.

For another, this is an election year. Democrats are mounting a major effort to win control of the state senate and are trying to at least out the re-

publican majority in the house if they can't dislodge the GOP from control of that body.

"This, therefore, would be no time to 'rock the boat' with a controversial special session on finances that might end up raising existing taxes or imposing new ones."

Juvenile Case Load Down In Twin Falls

Last month five juvenile cases were card in Twin Falls probate court, compared with an average of about five a week, Judge Zoe Ann Warberg reported Wednesday.

Why the decrease? It could be because it is the end of the school year and juveniles are working, or it could be because Judge Warberg is trying out a new system which consists of placing juveniles in jail for probation violations.

Although Judge Warberg is not completely sure of the reason for the decline, she noted that the maximum penalty for violations would be a commitment to the industrial training school at St. Anthony and she has placed a minimum penalty of one week in jail on offenders.

"This minimum penalty," Judge Warberg noted, "shows I mean business."

Most of the juvenile cases handled in probate court lately have been for car theft, reason for the increase in car theft cases is not known, but it was noted that those caught stealing cars are between 15 and 18 years of age — too young to get a legal driver's license.

Most of the juveniles who steal cars take them and ride around the city. When juveniles take cars across the state line then the FBI can come into the picture, the judge stated.

Osborn Kimpton Rites Conducted

Funeral services for Osborn A. Kimpton were conducted Wednesday in White mortuary chapel by the Rev. Earl W. Eldridge.

pallbearers were Robert Blanzell, Carl Norris, George Knapp, Harvey Wood, Donald Taylor and Donald Hamilton.

Tom Holtz was the organist and soloist was Mrs. Terry Sullivan.

Concluding services were held at Twin Falls cemetery.

By solving a tax problem for the Republicans and a Republican governor. And while the Republican-led house in 1963 passed a sales tax bill the Republican-dominated senate shot it down. So there is divided thinking in that party, too. Nearly all agree that something should be done to revise the present tax structure and there is without a doubt going to be a lot of talk about it in the coming campaign.

It will be interesting to see, however, whether the legislators — once elected — can translate this the 1960 gubernatorial election into action.

It would be doubtful, for instance, that the Democrats, if they were in the majority this time, would want to jockey for the 1960 gubernatorial election into action.

Spacemen Seek Gentle Landing

WASHINGTON, June 11 (AP)—Engineers are striving to introduce a little controlled slowness into space flight.

They want to do this in the interests of safety, economy and dignity.

Spacecraft rocket into the sky at speeds of about 18,000 or 25,000 miles an hour, depend on whether they are going into orbit around the earth or to the moon or beyond.

Those that come back reenter the earth's atmosphere at the same speeds at which they left it. It is at this point that the engineers would like to change the way returning spacecraft have operated so far.

What they would like to do is to make a craft shaped for high speed flight conduct itself coming home in such a way that it may be able to bring it off.

All spacecraft recovered thus far have been lowered to the earth's surface by parachute. This worked well enough for the Mercury man-in-orbit program. It is the method which will be used to land the Apollo spacecraft after voyages to the moon.

This is almost as difficult as it sounds. But engineers of the national aeronautics and space administration (NASA) believe they may be able to bring it off.

But a parachute descent is essentially uncontrolled and it is possible, however, to come back from an outing on the moon or some asteroid. It is more or less like having to swim ashore from a liner after an ocean cruise.

Spacecraft like the Mercury capsule and its successors don't have enough of what the aeronautical experts call "lift" to glide home to a gentle landing the way aircraft do.

But engineers believe it may be possible to shape spacecraft of the future in such a way that they can function like bullets leaving the earth and like gliders returning.

Most people probably think of a "lifting body" as looking something like a regulation winged airplane. It is possible, however, to make one in which the overall structure resembles a set of fat-bellied triangular wings.

NASA has done some landing experiments with such a shape as the M-2. With a pilot to mark the M-2 is towed to high altitude by an airplane and they cut loose.

There is something "comical" about the way the M-2 works. Pilots watching a film of the event invariably chuckle. But it's not a laughing matter. The thing gets down in one piece and seems to offer considerable promise for the future.

Smile, You May Be on Picturephone

WASHINGTON, June 11 (AP)—Picturephone.

The television rings, a willow shade descends from the shower, he picks up the phone.

"Smile," the voice at the other end says. "You're on Picturephone."

The blonde disappears from view in a dead faint.

Whacky? Silly? Impossible? Not at all. The telephone of the future, equipped with television camera and screen, so you can see the person you are talking to, is here. It has been dubbed "picturephone" by its inventor, the American Telephone and Telegraph company.

Actually, the television telephone has been around since at least 1927. That was when the first public demonstration was made in the United States of the transmission of television over telephone lines.

But the problem then was that it took a room full of equipment to power the gadget. The 1954 version is about the size of a typewriter.

Picturephone was first demonstrated April 20 at the Bell system's exhibit at the New York World's Fair in a call to Disney land in California.

If the system is approved by the federal communications commission, the Bell system plans to inaugurate picturephone in mid-June at public locations in Washington, New York and Chicago.

Shoplifting Is Continuing Problem for Local Stores

During the past few weeks, personnel at Bonanza store, Inc., have apprehended nine juveniles for shoplifting.

According to Twin Falls Police Chief M. Frank Barnett, at least six of those apprehended for shoplifting at the store were girls from 14 to 18 years old.

Store employees are on the lookout for shoplifters, Barnett noted, and those apprehended will be taken to the police department where their parents will be contacted to come and get them.

If the parents do not come and sign a paper saying that they will return and talk with Juvenile Officer E. E. Marlow, the juveniles will be placed in jail.

Barnett noted that juveniles are handled according to their individual records.

A large percentage of those apprehended for shoplifting are minors, except around Christmas when about half of those caught are adults.

The location of the store largely controls when and whether shoplifters will strike. For example, Pennywise drugstore apprehended a few shoplifters after school hours, but in other stores, most shoplifting occurs on week-ends.

Loss due to shoplifting

amounts to several million dollars a day throughout the United States, and in most serious thefts, some shoplifting background. Probate Judge Zoe Ann War-

berg, commenting on the subject, said a lot of cases in her court involve people in lower income families, but some also come from higher income families. Some of those caught are shop-

Sonja Martin's Funeral Is Held

Funeral services for Sonja Daniece Martin were conducted Wednesday at the fourth ward LDS church by Bishop Claude Brown.

Honorary pallbearers were Leonard Vank, Jerry Houser, Marvin Prescott and Roland Hilton.

Active pallbearers were Darrell Hamilton, Gus True, Roy McAllister, Bud Sweet, Charles Park and Dean Wilson.

Yea Leatham gave the family prayer and the invocation and a solo was sung by Mrs. Nancy Dalton, accompanied by Mrs. Zane Pecker, organist.

Elder Errol Hansen gave the benediction and Elder Raymond Burgess was the speaker. Bishop Claude Brown, Jr. gave the dedication of the grave.

Concluding services were held at Twin Falls cemetery.

Driver Cited

Louise Miller, 47, route 2, was cited by Twin Falls sheriff deputies for failure to yield the right of way after a two-car accident at 1:50 p. m. Tuesday at Eastland drive south and Highland drive east.

Investigating officers reported Donald L. Finn, 36, route 1, Miller, had stopped his 1968 Chevrolet on Eastland drive, then pulled into the path of the 1968 Plymouth driven by Mrs. Miller.

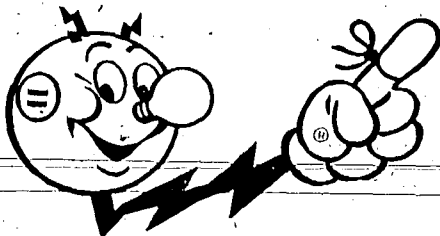

No injuries were reported.

Explorers Find Large Cave

CUSTER, S.D., June 11 (AP)—Thanks to the curiosity of a cave-exploring couple, a hole in the Black hills of South Dakota may turn out to be one of the largest caves on earth and the geological find of the decade.

The hole is Jewel cave, and up to a few years ago it was regarded as a mildly interesting but strictly minor league aberration of the rugged Black hills country.

No one knew precisely where it ended, and in 1959 Herb and Jan Conn of Custer set out to find out.

They have not gotten to the end yet. But they have mapped four formations which are unique in the United States. They have mapped 13 1/2 miles of new passages and uncovered leads to others that they total hundreds of miles. If they do, Jewel cave would be one of the earth's largest caves.

"Jensen, how would you like to go out to Boonville? It's a nice little city of some 80,000 heads!"

"Are you trying to tell me what kind of suit you think I should choose for you?"

"It was just Shultz with a Beatle wig!"

First Midsummer Blizzard in History Paralyzes Miami!! Headed This Way!!

Baffled scientists are unable to explain disaster.

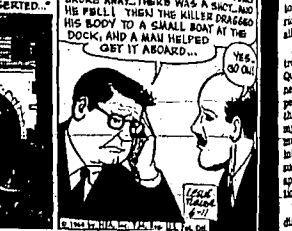

Meanin' Joe's comin' fo' his annual good-will visit!!

Where did you first see these men?

Now, down to the pier, you slabbermouth!

I'd better hang up Melissa! Someone's ringing the waiting room bell!

How are you this morning, June? Has Rox got ten into the office yet?

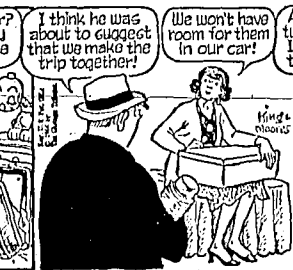

Did you say anything to him about seeing the announcement in the paper?

I think he was about to suggest that we make the trip together!

Yes, Phyllis, Avery and Emily are driving up to the mountains and they plan to leave Monday, too!

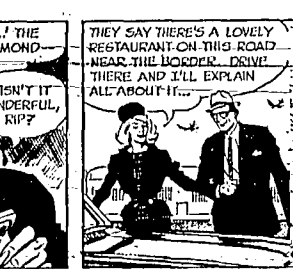

And if we went in two cars - heavens! I don't even want to think about it!

I... I can't tell you how happy I am!

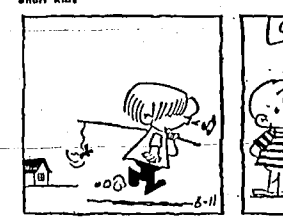

But Marya! The McStiles diamond - how? Why?

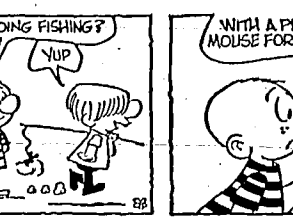

They say there's a lovely restaurant on the road near the border. Drive there and I'll explain all about it...

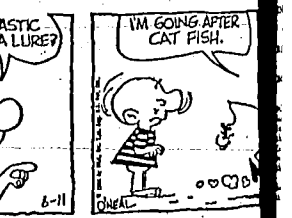

She greets happy - but strange - too...

Going fishing?

With a plastic mouse for a lure?

I'm going after cat fish.

Sacrificed any? Th' people of moo sacrificed enough already?

...butluggin, liftin' strainin', an totin' all these books an' grayes...

...the weather god appreciates th' physical efforts of his mortal subjects...

Drop your gun, Big Joe! I've got it over to me!

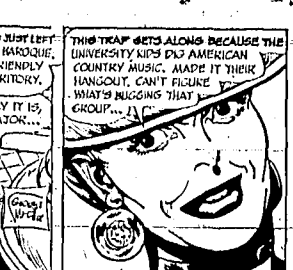

Run! Before he takes both captive!

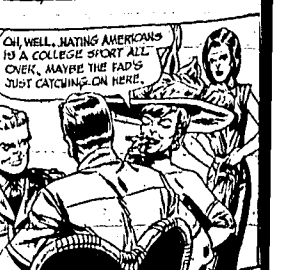

Sorry, folks... end of the line!

Those young Thai who just left... don't like our company baroque, thought this was friendly territory...

This trap gets along because the university kids did American country music, made it their hangout, can't flute what's buggins that group...

Oh, well, hating Americans is a college sport all over, maybe the fap's just catching on here...

YOUR BIRTHDAY AND HOROSCOPE

THURSDAY, June 11 — Born today, you are a natural-born leader and a fluent conversationalist. Still, you are not one to gamble. Life is too short to waste time on things that do not matter to you.

Alert and friendly, you have no trouble getting along with others. You are a natural-born leader and a fluent conversationalist. Still, you are not one to gamble.

Among those born on this date: Billie Holiday, pianist; Geraldine Ferraro, poet; Jeanette MacDonald, singer; and many others.

LEO (July 21-Aug. 23) — See to business matters early in the day. The opportunity for change may well be one in a lifetime.

LIBRA (Sept. 24-Oct. 23) — Increasing good influences should bring good fortune to the Libra whose plans will see actions as sound and realistic.

SCORPIO (Oct. 24-Nov. 22) — Look for advancement in your work. Good fortune is yours, but do not be misled by promises that are too good to be true.

SAGITTARIUS (Nov. 23-Dec. 22) — The Sagittarius who handles today may well be lost tomorrow. Insofar as professional advancement is concerned, do not be misled by promises that are too good to be true.

LEGAL ADVERTISEMENTS: NOTICE TO CREDITORS IN THE PROBATE COURT OF TWIN FALLS COUNTY, IDAHO. Estate of Hazel W. Borwick, deceased.

CAPRICORN (Dec. 23-Jan. 20) — Continue your education. You are a natural-born leader and a fluent conversationalist. Still, you are not one to gamble.

AQUARIUS (Jan. 21-Feb. 19) — Co-workers can be of great help to the Aquarius who seeks support at a common level of understanding.

PISCES (Feb. 20-March 20) — Gains accrue to both employee and employer. You are a natural-born leader and a fluent conversationalist. Still, you are not one to gamble.

ARIES (March 21-April 20) — You can hardly go wrong if dealing with the fair sex today. A day when women seem to make the world go 'round!

TAURUS (April 21-May 21) — Make morning decisions on a carefully considered basis. You are a natural-born leader and a fluent conversationalist. Still, you are not one to gamble.

CALL FOR BID ON URDA OFFICE SPACE. NOTICE is hereby given that United States Office Building, 214 East Main Street, Twin Falls, Idaho, is being offered for sale.
