

F.F. Citizens to Vote Tuesday in Primary Election

Twin Falls county residents will go to the polls from 8 a.m. until 8 p.m. Tuesday and cast their votes in the first primary election since the new primary election law was passed during the last session of the legislature. The main difference in the two primary elections is that the voter does not have to declare his party during previous voting sessions, Harold Lancaster, county clerk, stated. There are four races slated for the primary election in the county and all are in the Republican party. They include a race for the four state representative positions, with William H. Roberts, Harry W. D. Claiborne, William Lanting and Ray Lincoln, being the contestants.

Gertrude Ross is running for state representative, and Arthur J. Bliff for state representative. In the county assessor's office and worked 10 years on the tax assessor's office.

Mr. Bliff was born and raised in Twin Falls and was graduated from the Twin Falls high school. He attended University of Idaho for two years at a business school. He had five years of experience in finance business. Commercial Credit Corporation, and for five years served as deputy county assessor and appraiser for the state's valuation program. He was 460 Piler avenue, has been county assessor since 1960, then he replaced Dr. J. Woodard Creed.

William Roberts, Duhi, was also attending school in the Twin Falls high school and has been associated with the Duhi Implement Company since 1940. He has two daughters, one attending the University of Idaho and one attending Duhi high school. He is on the board of directors of the International Association of Hardware and Implement Dealers for four years.

See T.F. CITIZENS, P. 11, Col. 1

Jury Rules in Favor Of Hospital, Doctor

BURLEY, Aug. 1.—A 12-member jury Saturday ruled unanimously against Henry Chase, a Burley man who was seeking \$50,000 in general damages and \$5,000 in money spent on drugs from a hospital corporation and an X-ray technician. The jury took two hours and 10 minutes to rule in favor of the Idaho Falls LDS hospital corporation that operates the Cassin Memorial hospital, Burley, and Merrill Jacobson, registered X-ray technician at the hospital.

Earlier Saturday Vernon K. Smith, the plaintiff's attorney, had asked for and received a reduction in general damages from \$50,000 to \$5,000, and a reduction in drugs from \$25,000 to \$5,000. The motion was granted by District Judge Lloyd Webb.

The trial reconvened Saturday morning with Jacobson, as the plaintiff, for the defense. Jacobson described the moving of Chase from the hospital bed to the X-ray room, where his chest was X-rayed, and then back to his bed.

Chase's defense rested its case at 11:15 a.m.

After a luncheon break, the judge gave instructions to the 12-member jury. Then attorneys for the prosecution and the defense made the closing statements.

Dr. Paul Houston, Twin Falls radiologist, testified Friday that he worked with the state patrol and identified X-rays taken of Chase when he underwent hip surgery in the Caldwell Memorial hospital, previous to Chase's heart attack in 1961. The radiologist was in the hospital when Chase's leg was jarred while X-rays were taken at the hospital, resulting in further injury to his hip, which was still in a cast from the Caldwell surgery at the time of his heart attack.

Houston testified, illustrating with a model skeleton, that the state patrol was not aware of the depth was only about three feet.

See JURY RULES, P. 2, Col. 1

PREPARING TO ATTACK nearly formidable stack of pancakes is Jonathan Wiley, 6, son of Mr. and Mrs. George Wiley, San Jose, Calif., who were passing through Twin Falls and decided to have breakfast at the YM-YWCA chuckwagon breakfast in Twin Falls city park. Standing behind him is his brother, Jonathan, 4, and his sister, Mary, 3. Behind the Wiley family is one of the cooks, Oscar Kaah, 445 Quincy street, and his son, Mark. (Times-News photo)

Paul Youth Listed Fair After Crash

PAUL, Aug. 1.—One boy was reported in fair condition last Saturday night, but six others, including a physician who was on his way to treat the boy, escaped serious injury in a two-car pile-up on highway 27.

Richard Winterholler, 16, Paul, was treated for multiple lacerations of the face and left arm and a neck injury. He is the son of Mr. and Mrs. William Winterholler, and was a passenger in a car driven by Tim Stitt, 16, Paul. Stitt was treated and released after the car crashed into a pickup at 8:30 p.m. Saturday.

Dr. Robert M. Stovall, Rupert, was on his way to the Cassin Memorial hospital to treat Winterholler one hour later when he collided with a car with six occupants about 180 yards from the scene of the first crash.

State Patrolman Charles Pugh said the wearing of a seat belt was the only thing that saved the doctor from injury.

Details of the two accidents were not available last Saturday night. Police are continuing investigation of the two.

5 Bodies Are Recovered in Plane Crash

LOS ANGELES, Aug. 1.—Lifeguard divers today located the wreckage of a private plane with six persons aboard that crashed into the Pacific ocean just after taking off from International airport early this morning.

Five bodies were discovered, three of them inside the wreckage, located in 150 feet of water about two and one-half miles off shore.

Eight divers from the county's underwater recovery team attached a line to the plane and brought the two bodies found outside the wreckage to the surface. The divers continued a search for the aircraft wreckage, though they reported visibility at the depth was only about three feet.

See JURY RULES, P. 2, Col. 1

600 People Attend T.F. "Y" Breakfast

Approximately 600 people were served hot cakes, eggs, sausage, and all the other "fixings" that go into a chuckwagon breakfast Saturday morning in Twin Falls city park. The breakfast, sponsored by the YM-YWCA, was termed "very successful and lots of fun" by Richard Conner, director of the "Y." Conner said that 100 pounds of sausage, 100 pounds of pancake flour and more than 90 dozen eggs were used to feed the hungry crowd. There were considerably more adults than children attending and "we used a lot of coffee," Conner said.

Solutions to Water Issue Are Asked

WASHINGTON, Aug. 1.—President Johnson pledged American support today for a worldwide effort under United Nations auspices to search for solutions to water problems over the next decade.

The president at the same time urged universities and scientific societies in this country to cooperate in the international hydrological decade being sponsored by the U.N. educational, scientific and cultural organization (UNESCO).

Some 60 nations, including the Soviet Union, will join in this 10-year program starting in January, 1965, to establish a network of stations to measure and track water in the cycle which runs from rain to underground absorption and eventual return to the atmosphere.

Officials said they did not expect the U.S. participation to require any particular budget increase. They said the United States presently spends about 70 million dollars a year on water resources with research conducted by 30 agencies.

Johnson discussed with his advisers a study by Dr. Donald Fleming, the planning for U.S. participation. The president, according to the White House, endorsed the project as one that is "important both in making knowledge serve man's welfare and in finding common ground on which the nations of the world could solve common problems."

Johnson is asked to reconsider Robert Kennedy.

HYANNISPORT, Mass., Aug. 1.—Nelson, friend of Kennedy, said Kennedy had launched a telegram and telephone drive designed to urge President Johnson to reconsider the attorney general as a running mate, informed sources here said today.

A Kennedy aide said the attorney general was aware of the campaign in his behalf but made it clear that Kennedy "was absolutely taking no part" in the drive.

In Washington, sources said President Johnson, who earlier this week ruled Kennedy out as a vice presidential candidate, said the attorney general played a major role in the 1964 election campaign.

Special Session Adjourns, Okays Every Proposal

BOISE, Aug. 1 (UPI)—Idaho's special legislative session adjourned into today after approving every point in Gov. Robert E. Smylie's special call. House Speaker Pete T. Connerman, gave the four-day session into "sine die" adjournment at 4:11 p.m. The senate had adjourned 10 minutes earlier. Both houses passed resolutions for a constitutional amendment creating a water development commission; a \$207,500 appropriation to construct facilities at Farnagut state park for next summer's International Girl Scout round-up; a \$200,000 appropriation to the legislative council to study reappointment, and gave authority to the council to spend up to \$150,000 for remodeling of the legislative chambers.

Photos Show Moon Safe Place to Land

WASHINGTON, Aug. 1 (UPI)—Scientists in charge of Ranger 7's historic flight to the moon told a thrilled President Johnson today that the Sea of Clouds area where the space vehicle crashed on target would be a safe landing spot for American astronauts. Johnson, visibly impressed, said the photographs of the lunar surface shown him "were very exciting." He asked if the U.S. plan to land men on the moon by 1970 could be carried out on schedule.

Home E. Newell, assistant administrator for space science application of the national aeronautics and space administration (NASA), said it could.

Newell and Dr. William Pickering, director of the California Institute of Technology's Jet Propulsion Laboratory, flew here to report personally to Johnson on the epochal achievement and show him close-up television pictures of the areas where Apollo 11 would land.

The president and the scientists agreed that the project is essential to American leadership on Earth.

In questions obviously aimed at criticism of the program by GOP presidential nominee Barry Goldwater and former President Dwight D. Eisenhower, among others, Johnson asked:

"Do you think we can first take the world and second space?"

Pickering and Newell said they didn't think so.

"So if we sit with our hands in our pockets and yield leadership in space to other powers, that would be in effect becoming their followers in the world we live in," Johnson asked.

"Yes," Pickering replied. "We have to think back to what happened after Sputnik."

Eisenhower has been critical of the cost of the moon program. See PHOTOS, Page 2, Col. 5

Buhl Youth Hurt in Hit, Run Accident

DUHI, Aug. 1.—The three occupants of a 1961 or 1962 Chevrolet were given until Monday evening to turn themselves over to Duhi police for a hit and run accident Saturday at the intersection of Linden street and Duhi street.

The 11-year-old boy suffered minor injuries.

The conditions set by the parents of Randy Birdwell are that the children will be dropped if the youth turn themselves in to pay for the badly damaged bicycle and the doctor, police reported.

The sidewalk along Broadway avenue and started across the pedestrian lane on Linden street when the car struck him. He told officers the car seemed to slow down as it stopped and then swerved to hit him.

After hitting the youth, one of the occupants of the car was heard to say "Let's get out of town." The car was then seen to turn left, police said.

Mr. and Mrs. William Birdwell said Randy suffered minor head and arm injuries. He was treated by a local physician who said the head wound did not seem too serious.

Wrong Can

TAIPEI, Formosa, Aug. 1.—Kason and his wife had just put out the lights and retired for the night when squadrons of mosquitoes began their nightly attack.

Kason was ready for them.

He fumbled around in the dark, found the push-button spray can he was looking for, and proceeded to counter-attack.

He buzz-bombed them in the air, on the walls and around the furniture.

When the Kasons woke up the next morning, they found that the mosquito had grabbed the wrong can. The bedroom was covered with blue paint.

Miss Greece Is Crowned, Protest Held

MIAMI BEACH, Aug. 1.—Miss Greece, a brunette model from Athens, was named the new Miss U.S. after Miss Turkey immediately walked out in a political protest.

The runnerup in order were the Misses England, Israel, Sweden and free China.

The winner, 20-year-old Kiriakos, a Greek, was crowned by CBS television audience in a shimmering blue evening gown and spoke in English a speech she had to memorize because she only speaks Greek.

She talked and managed to utter "I'm sorry."

Immediately after she was chosen by nine judges, Miss Turkey, Miss Duran, walked away angrily from the girls still gathered on the stage. She was one of the 15 semi-finalists and apparently was only staging a protest because her country and Greece have been at odds.

Explosions, Fire Destroys Detroit Firm

DETROIT, Aug. 1.—A series of violent explosions followed by fire destroyed the Dittler Paint company plant on the northwest side today. About eight spectators were injured.

Firemen sounded five alarms in a ten-minute period. Fire Chief John Thorne called it one of the worst fires he had ever seen in Detroit.

The first blast was felt about one mile away. Windows were blown out in homes and business places over a wide area.

Several series of lesser blasts occurred as barrels of paint and highly volatile lacquer went up like a string of firecrackers.

Gov. Smylie Is Pleased With Session

BOISE, Aug. 1.—Gov. Robert E. Smylie was plainly in high spirits today after a special session of the legislature approved everything he had requested, including a water plan and an appropriation for the 1965 Girl Scout round-up.

William Holden, Idaho Falls, chairman of the water study committee, also said he was "very, very pleased." He and the committee had been working on the water plan since February.

"It was one of the great days in Idaho legislative history," said Smylie. "These were some of the legislature's finest hours."

He would like to compliment the leadership on both sides of the aisle, who, with very few exceptions, performed in the historical tradition of Idaho statemanship.

Smylie said the water amendment "provides the basis for creation later by the legislature, if approved by the people, of a very strong and workable plan. It can do much for Idaho."

He said the amendment would continue an information agency on a volunteer basis, he said. "It can present an accurate picture of the plan. I am confident that there will be no objection, but that the people will approve."

Smylie said the appropriation for the Girl Scout state and national camp at Farnagut state park was a forward step in allowing the state to entertain the Girl Scouts and to add a tourist attraction.

Mars Will Be Next Space Target; Planet May Possibly Harbor Life

CAPE KENNEDY, Fla., Aug. 1.—Next space target for U.S. television cameras will be Mars—believed by most scientists to be the only planet besides Earth which might possibly harbor life.

Encouraged by the successful picture-taking mission of Ranger 7, officials of the Jet Propulsion Laboratory plan to launch the first of a series of Mars probes toward Mars during a favorable 28-day period starting in late October.

JPL also was responsible for the success of Ranger 7 and the Mariner 2 probe which relayed the first close-up scientific information on Venus during a fly-by in 1962.

The Mars explorers, Mariner 3 and 4, will have much more difficult assignments than Ranger 7 or Mariner 2.

They must survive eight months in the hostile space environment and then gather essential data during a swift 15-minute fly-by of Mars next June or July. They are to pass within 13,500 miles of the planet.

The cameras on each Mariner are to take 20 pictures because of communications limitations at that distance, more than 60 million miles, the television pictures will be stored on magnetic tape within the spacecraft and relayed to Earth at the rate of one a day.

In order to achieve a near-continuous view of Mars, each Mariner vehicle must fly a great arc path or orbit more than 350,000 miles, requiring 230 to 300 days depending on the launch date. Mariner 3 covered 224 million miles in three and one-half months to encounter Venus when it was 24 million miles from Earth. Mariner 2 traveled 133,665 miles in 88 days to hit the planet.

The probes could provide preliminary clues about the possibility of life on Mars. But their primary mission is to lay the groundwork for landing instrument packages on Mars later in this decade. This time the probes could be at Mars when the Mars 1966 mission is launched in 1966, when Mars is at its closest to Earth.

Sheriffs' Race Highlight Contests In Magic Valley Voting on Tuesday

Voters in five Magic Valley counties outside of Twin Falls are to elect sheriffs in Tuesday's primary election. The contests are in Jerome, Blaine, Minidoka and Blaine counties.

Other county posts where candidates are vying for their party's nomination include: GOP for probate judge in Jerome and Minidoka counties, county commissioner for each party in Gooding and Minidoka counties, GOP treasurer in Jerome and Blaine counties, and Blaine county sheriff.

The other sheriff races are in Jerome and Minidoka where the winner in Tuesday's vote will oppose Russell Shand, Jerome attorney, for the GOP nomination for probate judge. Frank L. Hewitt, Blaine, and Verne M. Royce, Gooding, have opposition in the primary.

Sheriff Hewitt is opposed by Corville E. Drexler, who served as Blaine deputy sheriff. Seeking the nomination from Sheriff Royce in a three-cornered race are O. E. Gates, former deputy sheriff, and John Edinborough, Gooding lawyer.

Schedule for Elmore Fair Is Reported

GLENN PERRY, Aug. 1 — Schedule of events for the third annual Elmore county fair, to be held at the Glenns Perry fairgrounds Thursday through Saturday, is announced.

The fair, consisting primarily of 4-H and open class exhibits, will feature a miniature stock, will feature a miniature stock, and gymnastics at 8 p.m. each of the three days.

Open class and 4-H projects will be registered from 2 to 4 p.m. Wednesday and livestock from 4 to 6 p.m. with the 4-H style review at 8 p.m.

Judging of 4-H and open class exhibits began at 9 a.m. Thursday with the 4-H livestock judging contest and judging of hog, fat beef and home economics and livestock demonstrations.

A parade is scheduled Thursday noon with judging of breeding classes of beef and dairy, lamb and the home economics. Friday's schedule continues with judging of 4-H and open class exhibits, fitting and show-class of hogs, beef and lambs and judging of home economics and livestock demonstrations.

Horses will be registered at 8 a.m. Saturday with fitting and show-class of animals slated at 9 a.m. Saturday, conformation of open projects, conformation of open projects and performance classes also are slated Saturday morning.

The fair concludes with the sale of 4-H fat beef, hogs and lambs at 1:30 p.m. Saturday.

Death Takes Joe Skaggs

KIMBERLY, Aug. 1 — Joe Ivan Skaggs, 31, Kimberly, died Saturday morning at the Idaho state hospital, Gooding, of a long illness.

He was born June 15, 1933, at Sulphur Springs, Ark., and was a member of the Methodist church. He is survived by his parents, Mr. and Mrs. Tilden Skaggs, Kimberly, one brother, Jerry L. Skaggs, and one sister, Mrs. Keith Draper, Salt Lake City.

Funeral services will be conducted at 2 p.m. Monday at White mortuary chapel by the Rev. John Garabrant.

Rites Held for Ruth E. Barnes

Funeral services for Ruth E. Barnes were conducted at White mortuary chapel Saturday by the Rev. Robert C. Richards.

Organist was Mrs. Helen Atkinson and Mrs. Inez Crothers and Mrs. Veta Balch sang a duet.

Palbearers were Harold Mackinson, William Brown, Jr., Elmo Human, Ralph Balch, Gene Balch and Theo Hadley.

Final rites were held in the Hazelton cemetery.

Long Eggs

LONDON, Aug. 1 (AP) — The British egg-marketing board said today that housewives may soon be able to buy 12 inch long hard-boiled eggs.

Under a process worked out for the past five years, about eight egg yolks would be taken from eggs, hard-boiled and then inserted again into the separately hard-boiled white.

"You can have an egg six feet long if you like," one official said.

Death Claims Jake Walter At Age of 63

Jake H. Walter, 63, 200 Alexander street, Twin Falls, died at his home early Saturday morning.

He was born Jan. 1, 1901, at Lincoln, Neb., and lived in Jerome for 17 years, coming from Seattle, Wash., where he married Lydia Blum, Jan. 20, 1921. They moved to Twin Falls in 1953 and had been employed at the Annamint Sugar company since 1948. He was a member of the Methodist church in Twin Falls.

Surviving besides his widow, and his mother, Mrs. Anna Walter, Brush, Colo., three sons, Harvey, Walter, Jerome, Alvin R. Walter, Boise, and Leroy Walter, Twin Falls; one daughter, Mrs. Elmyra Blodgett, Sacramento, Calif.; four brothers, Henry H. Walter, and Herb Walter, both Windsor, Colo.; John Walter, Greeley, Colo.; and Aaron Walter, Denver, and two sisters, Mrs. Elizabeth Burkhardt and Mrs. Pauline Schmeer, both Denver. One daughter preceded him in death.

Funeral services will be conducted at 2 p.m. Tuesday at White mortuary by the Rev. Henry Gornhardt. Final rites will be held in Sunset Memorial park. Family suggests memorials to the cancer fund and may be left at White mortuary.

Senate Will Consider House-Passed Bill to Boost Social Security Pay

by EDMON LE BRETTON
WASHINGTON, Aug. 1 (AP) — If the senate goes along with social security amendments voted by the house, 20 million beneficiaries will get a raise and most employed Americans—and their employers—will pay more social security taxes next year.

The bill now awaiting senate consideration would give a 5 percent raise to the 20 million persons—retired or disabled workers, widows and children—who receive social security payments. These would begin two months after enactment.

To pay for the increases, social security taxes would be increased effective Jan. 1 and a new scale of future steps would be substituted for those already provided by law.

The maximum increase next year would be \$1.20 each for employees earning as much as \$5,400, and for their employers. The base on which the tax is levied would be increased from \$4,000 to \$5,400.

However, as congress pressed to adjourn before the Democratic national convention opens Aug. 24, there is a big question mark over the bill.

Senate advocates of the administration's plan for health care of the elderly, which the house ways and means committee did not include in the proposed changes, say they will try to tie a reduced and possibly optional version of it to the social security bill.

If such an attempt is made, a deadlock resulting in no legislation this year could result.

Some examples of benefit increases under the house bill: —A single retired man now receiving \$400 a month would get \$420, one receiving \$450 would get \$480; one receiving \$127 would

get \$133.40; a man and wife now receiving \$126 would get \$132.30.

—A widow and two children now receiving \$88.50 would get \$93; a similar family getting \$254.10 would get \$259.10.

—Eventually, after some years of coverage at the new rates, benefits would go as high as \$143.40 for a single man, \$215.10 for a retired couple, \$300 for a family.

The new scale of taxes would bring a worker's annual contribution to \$250.20 by 1971, compared with the maximum of \$222 provided by present law and the current year top of \$174.

In addition to increasing benefits and taxes, the legislation would provide coverage of more beneficiaries, both present and future.

Still others would make it possible for persons receiving much of their incomes as tips, and for farmers, to qualify for larger future retirement payments.

The senate finance committee has scheduled a meeting Tuesday to discuss handling of the bill.

Kiwanians Hear Speech on BPA

Felix Gilkey, Bonneville power authority, spoke on how introduction of Bonneville power into Southern Idaho would affect the area, during the Thursday meeting of the Twin Falls Kiwanis club.

Dr. Ben Covington was introduced as a new member during the meeting. William Oelander and his son, Robert, were guests.

The next Thursday meeting has been canceled and in lieu of the meeting a visit of the soil research laboratory, east of the city, will be conducted at 6 p.m. Friday, followed by a dinner at 7:45 p.m. at the Town House, Kimberly.

The Aug. 13 meeting will be held at the Buhl country club.

Future. Some 600,000 persons 72 and older next year, most of them women, would be added under a provision liberalizing the rules for those who had been, or whose breadwinners had been, under social security for only a small part of their working lives.

Some 170,000 self-employed doctors of medicine and hospital interns would be brought into the system.

Additionally, the children of deceased workers who are over 18 but still in school would be retained on the rolls until their 22nd birthday anniversaries.

Another provision would allow widows to retire as young as 60, instead of 62, but at reduced pensions.

Still others would make it possible for persons receiving much of their incomes as tips, and for farmers, to qualify for larger future retirement payments.

The senate finance committee has scheduled a meeting Tuesday to discuss handling of the bill.

Mrs. Renken Is Paid Final Honor

Funeral services for Mrs. Bertha Renken were conducted Saturday at White mortuary chapel by the Rev. H. H. Waltrip.

Organist was Mrs. Mary Slagel and Mrs. Pauline Davis was soloist.

Palbearers were Eddie Dornier, Ronald Laib, Larry Laib, LeVern Berg, Robert Laib and Gary Laib.

Final rites were held in Sunset Memorial park.

Team Wins

SPRINGDALE, Aug. 1 — Springdale girls team won the Burley 1200 state MTA baseball tournament and will participate in the district meet. Hurley second ward was runnerup.

Mrs. Billy Kidd, Springdale MTA sports director, coached the winning team.

Reapportionment Effect on Farmer Viewed With Alarm

Editor, Times-News:
This concerns you, farmers, lawyers, merchants. The Supreme court has ruled 6-3 to reach down into each state and remake the state legislatures in the United States.

This will toss into the ashcan

our basic, time-honored cornerstone of American representative government. The new court decision shears farm people of a good share of the influence they have had in their state government.

Become informed fast and write your congressman and tell him what you think.

The farmer has declined to a mere eight per cent of the population and is the source of sustenance of the rest and part of the world. He is taking a terrible beating now and his percentage is dropping rapidly.

Merchants and lawyers, your

Crash Noted At Shoshone

SHOSHONE, Aug. 1—Several hundred dollars damage resulted to a 1964 Ford driven by Gary Depew, 19, Shoshone, when it hit a Texas truck driven by Clyde Hughes, Shoshone distributor, at 10 a. m. Thursday one and one-half miles north of Shoshone on highway 93. The truck was turning into the dump yard area.

The Ford belonged to Dale Depew, Wendell, a brother. Depew was cited for passing over a double line.

His sister, Georgia Depew, 14, was bruised in the accident. Another passenger, Cheryl Fleming, 10, Jerome, was uninjured.

This is the second car wrecked by the Depew family in a week. An older brother, Charles, was killed when the car he was driving overturned July 26.

In another accident Thursday, a 1960 Volkswagen—driven by Walter R. Jones, 10, North Shoshone, was damaged when the driver went to sleep and ran into a field on the Guy Payton farm in northwest Shoshone.

Jones was not injured. Some fence posts were knocked down on the farm and the car just missed hitting a telephone pole, according to Sheriff Thomas W. Conner, who investigated.

Efforts Against Spraying Started

SALMON, Aug. 1—Petitions are being circulated in Salmon for a new move to stop spraying of area forest lands.

Mrs. Louise C. Nelson, spokeswoman for a group calling itself the Committee Against Mass Poisoning, said copies of the petitions and signatures will be sent to members of the Idaho congressional delegation and the heads of the U. S. department of interior, department of health, education and welfare, the department of agriculture and to Abraham Ribicoff, now conducting hearings in congress on pesticides.

The committee was formed here in opposition to the \$30,000,000 spruce budworm spray project which has now been completed on the Salmon national forest.

Honored

WASHINGTON, Aug. 1—Pierre Salinger, California Democratic candidate for the U.S. senate, said here today he would "be honored to be appointed" to fill the vacancy created by the death of Sen. Clair Engle this week.

But he told reporters in Los Angeles last night he had had no discussions with Calif. Gov. Edmund G. Brown regarding Engle's seat.

Richfield Team Wins by Forfeit

RICHFIELD, Aug. 1—District championship was won by the Richfield MIA girls' softball team Thursday after forfeits by both the Gooding and Twin Falls LDS stake team winners.

Lack of enough players on the Jerome team—and Twin Falls team caused the forfeits, for the scheduled Thursday night playoff games at Richfield. Richfield was winner of the Blaine stake team during season play, and will now take part in the regional competition. The teams are sponsored by the LDS church.

Mrs. Jay Ward is coach of the Richfield team. Linda Kelley is pitcher and Eva King, catcher. Other players are Linda Sanders, Joy Faddis, Sharon Appell, and the five girls. To be eligible to play on the church teams, the girls are required to attend 75 per cent of the MIA meetings and 50 per cent of the sacrament meetings.

Two August games are scheduled to be held at Wendell and Jerome. Place and date for the regional meet has not been announced.

Death Noted

ALBION, Aug. 1—Oscar Bocco, former Albion resident, died Thursday in Corpus Christi, Tex.

His father was president of the Albion State Normal school for several years. Funeral services will be conducted at 10 a. m. Sunday in Corpus Christi, Tex. Final rites will also be in Corpus Christi.

days are numbered as well. When work days and see what's going on and get together with your neighbor and say, "We want this for our product. Others have and won. Why can't you? Legislation hasn't helped us. Collective bargaining will, so let's get together and push."

HOW CAN YOU TELL IT'S A RACKARD BELL?

THE GRASS IS GREENER, the sky is bluer, the clouds are whiter, the sunsets are redder than you'll see on any other set—it's color that would please mother nature herself.

The picture is brighter, cleaner, steadier, truer and free from fading. And so easy to operate—you set it and forget it because it's controlled automatically... in both color and black and white and corrected automatically. The best picture by far... thanks to 10 years of Packard Bell leadership in Color Television.

OLE! ELEGANT SPANISH COLOR TV

Crude Oil Line Breaks, Floods Creek

CROYDON, Utah, Aug. 1 (AP)—About 40,000 gallons of crude oil swept into Lost Creek yesterday when an eight-inch pipe broke at a dam about nine miles north of Croydon in Morgan county.

More than a mile of the creek was filled with oil from a pipe owned by Pipeline Service company, an affiliate of Blandford Oil, Indiana.

Repair crews from the pipe firm and Stenberg Construction company, which is building Lost Creek dam, had the situation under control by evening.

Fred Laake, bureau of reclamation project engineer, said there was no immediate explanation for the break. He said no construction equipment was near the line when it broke.

Choir Ends Two Weeks Of Concerts

MINNEAPOLIS, Aug. 1 (AP)—The Salt Lake Mormon tabernacle choir gave the final concert on its World's Fair tour in a sold-out performance at the University of Minnesota last night.

"It gave a performance that lived up to the almost fabulous reputation it has acquired over the decades," said John Sherman, music critic for the Minneapolis star.

The choir, traveling in five chartered planes, concluded a two-week tour that included performances at the White House and the New York World's Fair.

Conductor Richard P. Condie selected three sections of Brahms' "German Requiem," Mendelssohn's "Elijah" and four familiar hymns for the first portion of the program, concluding with modern hymns by Howard Hanson, Randall Thompson and Norman Lockwood.

"This music—this is that of solid yet luminous sound, and the agility and finesse with which the 332 singers intone and dovetail their parts," Sherman wrote.

The concert was sold out weeks ago.

GOP Teenagers Meet in Filer

FILER, Aug. 1 (AP)—Chairman of the Republican central committee for Twin Falls county, Joseph McCollum, and his son, Joseph McCollum, Jr., were guests at a meeting of the "Teen Age Republicans (TAR)" at the home of Barbara Brown, Thursday night.

Sample ballots were distributed to each member and the plans were made to canvass the town later that evening. McCollum spoke to the group about the recent Republican national convention in San Francisco, where he was a delegate, and his son spoke on the work he did at the convention.

A question period followed and it was decided to hold the regular meetings each fourth Thursday at 7:30 p.m. The next meeting will be held August 27 at the home of Terry Shiff.

Baby's Rites Set

GOODING, Aug. 1 (AP)—Gravelside services for Francis Ann Hunsaker, infant daughter of Mr. and Mrs. Dean R. Hunsaker, Pocatello, who died Friday noon at Gooding Memorial hospital, will be conducted at 9:30 a.m. Monday at Elmwood cemetery by the Rev. Larry Maxwell, pastor of the Glenside Baptist church.

The infant was born at the hospital Thursday. In addition to the parents, survivors include maternal grandparents, Mr. and Mrs. Orval Davis, Gooding; and paternal great-grandparents, the Rev. and Mrs. J. H. Skaggs, Twin Falls, and Mrs. Maude Davis, Jerome; paternal grandparents, Mr. and Mrs. Bill Hunsaker, Murtaugh; and paternal great-grandmothers, Mrs. Martha Hunsaker and Mrs. Myrtle Reed, both Rupert.

The cortege will leave the Thompson funeral chapel at 9:30 a.m. Monday.

NOISE, Aug. 1 (AP)—State finance officials believe that tax revenue will be sufficient to meet the expenses of the current biennium. The officials appeared before the house revenue and taxation committee yesterday. Rep. Arvil Miller, R., Blaine, the chairman, said the finance officials reported that some funds may be needed from the next biennium to balance the books, but not nearly so much as in 1963.

NOISE, Aug. 1 (AP)—Republican state chairman John O. McMurray has predicted a win in Idaho for Sen. Harry Goldwater, R., Ariz., if GOP lawmakers in the 100,000-acre party unity. He told legislators at the special session yesterday that his cousin as vice chairman of the delegations to the GOP national convention "is water over the dam, and we will build a strong, united party."

NOISE, Aug. 1 (AP)—A spray project is underway along the South fork of the Boise river in the Boise national forest to eradicate a heavy infestation of grasshoppers. Joining in the 100,000-acre project are the state department of agriculture, the U.S. department's plant pest control division, ranchers in the area and the national forest. An airplane sprayed the Smith's prairie area yesterday and another was to spray the Long Tom creek area today.

FAVETTE, Aug. 1 (AP)—The national apple institute will meet next year at Sun Valley, June 24-27. That announcement was made yesterday at the summer meeting of the Idaho State Historical society. About 200 members heard speakers and toured orchards in the Payette-Fruitland area.

HANDPOINT, Aug. 1 (AP)—In order to assure the shipment of water pollution, the Idaho state board of health has urged that counties adopt and enforce sanitation codes. These suggestions were outlined to northern Idaho officials at the state board of health concluded meetings in Handpoint. Speakers noted that the state cannot investigate every point, lake, cottage or home to assure that recreational activities are not polluting waters.

CALDWELL, Aug. 1 (AP)—A 19-year-old Nampa man was being held today in connection with the death of a 24-year-old boy. Frank Joseph Martinez was being held in the Canyon county jail after questioning in the death of Michael Anthony Coburn, son of Nampa's Mayor. Sheriff Dale Hulse said the child appeared to have been beaten. An autopsy was conducted last night.

SILVER CITY, Aug. 1 (AP)—This booming mining town of Idaho's territorial era came alive again today for the annual convention of the Owyhee County Association. After the business meeting during the day were scheduled a barbecue, all-night dance, midnight supper and a buckaroo breakfast Sunday.

BOISE, Aug. 1 (AP)—The Idaho state bar has issued a statement strongly criticizing Frank L. Benson, former Idaho attorney general, who has filed a suit against the state for the purpose of the Idaho supreme court. In addition, a motion to disbar the case has been filed by two Boise attorneys who charge that the complaint has been filed "for purely political purposes." Benson filed the court proceedings because, he said, the supreme court justices have increased their salaries since they took office. Such increases, said Benson, are in violation of Idaho's constitution.

POCATELLO, Aug. 1 (AP)—Three rear-end collisions in succession occurred this morning west of Pocatello, when steam and smoke from an industrial plant obscured vision on a nearby highway. The Pocatello county sheriff's office said one of the accidents resulted in injuries to three persons, although no names were available. The sheriff's office said fumes from the J. R. Simplot plant west of Pocatello apparently formed a cloud over U.S. highway 20N. When one driver stopped because of poor vision, a second car plowed into the rear of his vehicle. Three accidents occurred in quick succession in this manner, deputies said.

IDAHO FALLS, Aug. 1 (AP)—Grain dealers here said they have received instructions from their district offices which indicate that Idaho farmers can expect between 50 and 60 cents less per bushel this year under the federal wheat program. The subsidy price this year is \$1.41 per bushel, in Bonneville county, compared with \$1.55 a year ago. There is a differential of between one and three cents in other east Idaho counties.

IDAHO FALLS, Aug. 1 (AP)—Wheat stands of the upper Snake river valley will soon fall to the combines. A number of farmers began to begin the cutting next week and a handful began the harvest the latter part of this week. However, much of the harvest will not start for another week or more and from then it reaches its peak in late August and in September.

POCATELLO, Aug. 1 (AP)—The weather this year has been good for weeds and grasshoppers. And city sanitarian Clarence Perkins urges residents to cut down the weeds so the grasshoppers won't have such good places to grow and multiply. He says the growth of weeds has resulted in an abnormal number of grasshoppers this year and he's preparing some court citations for the few property owners who had failed to respond to warnings to cut their weeds.

RIGBY, Aug. 1 (AP)—Jefferson county prosecuting attorney Grant L. Young said yesterday charges of negligent homicide have been filed against Terrance Eugene Jensen, 19, Idaho Falls. Jensen was involved in a two-car accident July 25 in which Lennox E. Newman, 47, Rigby, was killed.

IDAHO FALLS, Aug. 1 (AP)—A new zoning ordinance that adds six more to the present nine was approved on the first of three readings by the Idaho Falls city council. The new ordinance includes specific descriptions of all requirements pertaining to building and zoning.

BOISE, Aug. 1 (AP)—A petition has been telegraphed to Idaho's U.S. senators endorsing an amendment to the U.S. constitution which would permit apportionment of one house of the state legislature on a non-population basis. The petition was signed by all but six of Idaho's senators yesterday, and was sent to Republican Sen. Frank Church and Democrat Frank Church. It also asked that interference by the supreme court be prohibited in legislative matters.

Mrs. Kennedy Still Has No Plan for Meet

WASHINGTON, Aug. 1 (AP)—Mrs. John F. Kennedy never planned to attend the Democratic national convention in Atlantic City later this month. Mrs. Kennedy's brother-in-law, Atty. Gen. Roswell P. Kennedy, said today.

There had been speculation that the widow of the assassinated president would return from a Mediterranean cruise in time for the convention.

These reports circulated before President Johnson publicly announced that the Democratic national convention would return from a brother-in-law, Atty. Gen. Roswell P. Kennedy.

5 Tourists Are Killed In Collision

PARIS, Aug. 1 (AP)—Five tourists were killed and two others critically injured today in a two-car collision on U.S. highway 80 between Paris and Bloomington.

Details were still sketchy hours after the p.m. accident, but it was believed all of the victims were from out of state. One of the death vehicles had a Wisconsin license and the other was from Pennsylvania.

Attendants at Matthews mortuary, Montpelier, where the victims were taken, identified two of the dead as Mr. and Mrs. Lambert Sheffield, Philadelphia, Pa.

They said the other three victims, two men and a woman, were not carrying any identification and their names could not be learned immediately.

Two other persons in the death cars were reported in critical condition at Bear Lake hospital, Montpelier.

Attendants at the hospital tentatively said the injuries of 17-year-old Roberta Hill and Josephine Landi, Homestown, unknown.

GALE C. ROBERTS
... son of Mr. and Mrs. Gale M. Roberts, Carey, has been called to serve a mission for the LDS church in Brazil. He will be honored at a testimonial at 7:30 p.m. Aug. 2 at the LDS church. On Aug. 17 Roberts will enter the mission home in Salt Lake City for a week's training prior to leaving on his mission.

Fourth

SAIGON, Aug. 1 (AP)—The fourth star of a full general was pinned today on Gen. William C. Westmoreland, commander of U.S. forces in South Viet Nam, by U. S. Ambassador Maxwell Taylor.

"We've come a long way since you were a lieutenant colonel and we served together for the first time," said Taylor, a former general who resigned as chairman of the U.S. Joint Chiefs of Staff to take the ambassadorship.

Battle Erupts Between Two Candidates

(By United Press International)

The campaign battle between Dick Smith and George V. Hansen erupted again today with Smith in the second congressional delegation leading a joint statement—highly critical of Hansen.

At the same time, Hansen's campaign manager, Richard Hendricks, Preston, said the organization backing Smith was using a last-minute effort to smear Hansen.

The Hannock county delegation, Reps. Darrell Manning, T. F. Torrell and Herman McDivitt, all Democrats, and Sen. Perry Swisher, Republican, criticized Hansen for saying in an interview that he entered the Republican campaign race late because he had been busy protesting activities he didn't like on the campus of Idaho State University.

Bomb Ban Conference Ends Into War of Words in Tokyo

TOKYO, Aug. 1 (AP)—A ban-the-bomb conference here has exploded into a war of words, with Soviet and Red Chinese factions grappling for control of the world peace movement.

The two communist giants called rival news conferences yesterday and accused each other of torpedoing the 10th International ban-the-bomb conference.

The Soviet bloc delegation, representatives from 28 other countries and three other front organizations, bolted from the meeting yesterday after the Chinese froze the Russians out of a share in the leadership.

Some African and Asian delegations backed Soviet charges that the Chinese had packed the conference leadership.

Soviet delegation leader Georgy Zhukov, a top propagandist, said at a three-hour news conference that responsibility for the outbreak was that of the Red Chinese, who turned it into "an arena for an unbridled slanderous campaign against the Soviet Union."

Chinese delegate Tan Mingchao, in a separate lengthy meeting with the press, replied that Zhukov was guilty of "hypocrisy" and "double-faced tactics."

News of Record

TWIN FALLS COUNTY District Court

Patricia Jimenez filed for divorce from Robert Jimenez on grounds of extreme mental cruelty. They were married in November, 1959.

Divorces were granted to Richard Webb from Janice Webb; Louise Arner from Walter Arner; Teresa Andrews from Gerald Andrews; Florence Sturgill from William Blain Sturgill; Ellen L. Groves from Charles A. Groves and Faye G. Trent from Leon Eugene Trent.

Allied Building Credit was granted a \$300 judgment against Norman T. Garlaga for payment of a bill.

MARY HODGE, daughter of Mr. and Mrs. K. D. Hodge, Twin Falls, shows one of her summer hair-styles learned while attending the University of Idaho, Moscow, for a year. She explains that she went swimming the night before having the picture taken, which shows a lot of extensive preparing is unnecessary for the hair style. (Times-News photo)

WITH HER BACK TURNED, Mary Hodge, a sophomore at the University of Idaho, Moscow, shows the ratted bun which holds her shoulder-length hair. Excess back hair is styled into a French roll which ends under the bun. A side curl on the right side adds variety to the summer hair-do. (Times-News photo)

POSING BEFORE A MIRROR is Sue Reese, daughter of Mr. and Mrs. Arthur Reese, Castleford, a University of Idaho coed who wears her hair in a French twist behind her head. Although the body of the hair-do is the same on both sides, the bangs

are separated on the right side for variety. Miss Reese says it takes about half an hour to copy this particular college-type hair style, with a lot of hair spray keeping it in place during the windy months. (Times-News photo)

SIMPLE BUT STYLISH is the hair style of Marnie Krellkamp, daughter of Dr. and Mrs. Bernard Krellkamp, Twin Falls. She says most of the girls wear their hair in a similar style at Seattle university, Seattle, Wash., because of the damp, breezy weather. This style is ratted on the top to give it height. (Times-News photo)

Twin Falls Coeds Don't Care Fig For Wigs, but Hair Styles Differ

BY LINDA KOONTZ

New York hair stylists are predicting use of the "wiglet" in upcoming hair fashion, but the Twin Falls coeds generally are saying no to the false hair piece.

"A couple of my roommates at school wore wigs all the time," commented Mary Hodge, a sophomore at the University of Idaho, Moscow. Miss Hodge said the wigs made quite a hit at the northern Idaho school.

"I've never known of anyone to wear either a wig or a wiglet," said Carolyn Breckenridge, a senior at Middlebury college, Middlebury, Vt.

College girls who attended school in Idaho agree on hair styles, whether they attend school in Moscow or Pocatello. Sue Reese, daughter of Mr. and Mrs. Arthur Reese, Castleford, said most of the girls wear their hair to class ratted upon the top of their head, while Miss Breckenridge said long, straight hair, pigtail or one long braid down the middle of the back are common in Vermont.

Miss Reese, who has naturally straight dark-brown hair, said it takes her about half an hour to comb her hair after curling it, because she must brush it out of the rollers, cut the shoulder-length hair, comb it on top of her head and then spray it thoroughly with hair spray. To curl it is another long process, since she uses large brush rollers all over her head, and it takes 30 to 40 minutes to dry under a hair dryer.

This process of washing, curling and combing takes place about every four days, depending on the occasion. For fancier events, such as formal dances,

a side flip often is seen.

The general style at the University of Idaho, says Miss Reese, is long hair, a lot of bangs, with the secret keeping the ends trimmed to look neat.

Mary Hodge, daughter of Mr. and Mrs. K. D. Hodge, Twin Falls, wears her naturally curly blonde hair upon the top of her head. Having naturally curly hair makes it easier to fix, so she takes only about five minutes to comb it. Her hair is about two inches below her shoulders, which calls for 40 to 60 minutes of drying under a hair dryer.

Miss Hodge usually wears her hair in a bouffant bun on top of her head without any bangs, or in a French roll.

"I sometimes wear my hair down, although that depends on how long I have to get to class in the mornings," Miss Hodge laughed.

"One trick is that I never go to bed with my hair curled, and I never curl it unless I've washed it first. I get the ends cut every two weeks, so they don't look broken," Miss Hodge added.

Diane Drake, a sophomore at Idaho State university, Pocatello, is another blonde coed with naturally curly hair. Although her hair isn't long enough to wear in a bun on top of her head, most of the ISU coeds agree with University of Idaho coeds in hair styles.

Miss Drake has a personal hair style, which includes brush rollers on each side and from the front straight down the back of her head, with a pin curl on each side pointing forward and pin curls in back. See COLLEGE, Page 8, Col. 1

LONG, STRAIGHT HAIR is common at Middlebury college, Middlebury, Vt., where the weather is humid and cold. Carolyn Breckenridge, daughter of Mr. and Mrs. John Breckenridge, Twin Falls, shows a shorter version of the Middlebury coed hair fashions with a bouffant style tucked behind her ears. A brush is used to style the body of the hair, but Miss Breckenridge says she styles her bangs with her hands. (Times-News photo)

BRUSH ROLLERS are used by most of the girls to get almost any type of hair. Marnie Krellkamp, daughter of Dr. and Mrs. Bernard Krellkamp, Twin Falls, has washed her hair, she puts it up every night dry with rollers all over her head. Her hair is then brushed out of the rollers and then combed. For special occasions she says most of the girls have their hair fixed professionally. (Times-News photo)

ADMIRING A ROSE is Diane Drake, daughter of Mr. and Mrs. Fred Drake, Twin Falls. Miss Drake shows a personal hair style she wears during school at Idaho State university, Pocatello. Wind and cold weather at the ISU campus call for hair-sprayed hair styles which won't fly out of shape. Brush rollers are used

to get the bouffant body, with pin curls used to get the curls at the tips on the bottom. Miss Drake explains that naturally curly hair is a nuisance in a necessary for the curls around the lips without nightly plumps and brush-roller dressing. (Times-News photo)

BEATNIK ELEMENT is featured with the coeds at Carleton college, Northfield, Minn., says Carol High, daughter of Mr. and Mrs. Richard High, Twin Falls. Miss High models the casual look of the long bangs draped over one eye. Most of the girls wear their hair long and straight, or in braids for class, and pile it upon their head for special occasions. The fashions are never solid and hair spray is used only when vitally necessary. (Times-News photo)

College Coeds Note Fashions Of Hair Styles

Continued from Page Seven

pointing up, when she curls her hair. "You need either a permanent or naturally curly hair to wear it like this," Miss Drake said.

Idaho coeds fix their hair in a ratted style to keep up with the weather. Both schools feature wind, rain, snow and cold weather, so the best hair style is one that can be pinned down securely and sprayed in place with hair spray.

Coeds at Middlebury college don't worry about the weather when it comes to hair styles. "They wear bad-weather sailing gear, which is a rain outfit that comes in grey-green or bright yellow," explains Miss Brockenridge. "The general style is shoulder length to long, straight with braids, with one long braid down the middle of the back—often seen in skiing season."

Head bands also are quite popular, with a few bangs or none. "The hair styles are very simple for the humid weather, which is rainy in the spring and fall, with a lot of snow and temperatures near zero in the winter."

Miss Brockenridge washes and curls her naturally curly hair every four or five days. Combing is a perfected process with her shorter hair, since she brushes it out of the curls, styles the body of the hair with brush and then uses her hands to arrange her bangs.

The beak-like element is featured at Carleton college, Northfield, Minn., explains Carol Light, daughter of Dr. and Mrs. Robert and High, Twin Falls. Since the weather is cold in the winter, with a lot of rain in the spring and fall, the girls wear their hair untreated, in a straight style, with the front draping across one side of the face. Long braids are often worn, or the hair is pulled straight behind the ears.

Miss High curls her hair about every other day and combs it by brushing it out of the curls and then combs it out, never using any hair spray until the body is completed. She uses a large brush rollers all curled under, and then brushes it up when combing it out.

Carleton college girls often wear their hair on top of their heads, sometimes ratted, for special occasions, such as formal dances, but ratted styles are quite uncommon for class or casual times.

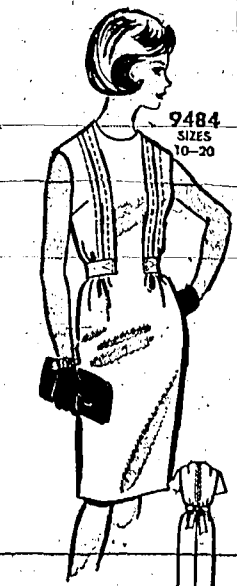

The breezy, rainy weather at Seattle university, Seattle, Wash., calls for shorter hair, often tucked behind the ears, explains Marlene Krellkamp, daughter of Dr. and Mrs. George L. Krellkamp, Twin Falls. Marip length is about the longest length at the college, with it ratted on top for height and sprayed with hair spray.

Miss Krellkamp says she curls her hair dry every night, unless she has washed it, putting brush rollers all over her head. She brushes it out of the curls and combs it to style it. She washes her hair about twice a week.

For special occasions most of the girls have their hair done at a beauty salon or have a friend fix it who has hair styling talents.

College girls have their own separate hair styles throughout the nation. Popular fashions in

Vicki Andrew, Tuttle Recite Nuptial Vows

HEYBURN, Aug. 1—The first Christian church, Burley, was the setting for the July 30 wedding rites uniting in marriage Vicki Andrew, daughter of Mr. and Mrs. Hubert Andrew, Heyburn, and Wayne Tuttle, son of Mr. and Mrs. Lloyd Tuttle, Albion. The double ring ceremony was performed by the Rev. Ronald L. Meyers, Whitefish, Mont., uncle of the bride.

MR. AND MRS. WAYNE TUTTLE (Inferred photo)

Given in marriage by her father, the bride wore a floor-length gown of Chantilly lace featuring a sweetheart neckline and lily point sleeves. Her illusion veil was held by a train of miniature pearls and crystals. She carried a bouquet of white roses.

The couple repeated vows before a white arch, complemented with candelabra and beauty baskets of white gladioli and arrangements of mock orange blossoms. Solists were Mrs. Donald Jones and Robert Miller, with Mrs. Carl Richardson as organist.

Annette Atkinson, cousin of the bride, was maid of honor. She wore a street-length gown of blue chiffon over taffeta. Bridesmaids were Patricia Dudley, Martha Tuttle, sister of the bridegroom, and Sherry Cole. Flowergirls were Jeanne Dede and Jeanie Brown. They wore matching gowns of blue taffeta styled with bell-shaped skirts with matching accessories. They carried white lace covered ribbons, decorated with corsages of white pom poms.

Angie Tuttle, sister of the bridegroom, was flower girl. She wore a blue taffeta ensemble. Donnie Atkinson, cousin of the bride, was ringbearer.

Jack Anderson was best man. Groomsmen were Terry Broome, cousin of the bride; Glenn Thompson, and Wayne Andrew, brother of the bride. Ushers were Gene Andrew and Dale Tuttle.

The bride's mother wore a gold-colored dress of lace and silk enhanced with white accessories. The bridegroom's mother chose a navy blue knit ensemble with white accessories. Each wore a white rose corsage.

Patricia Miller registered the guests at the reception. Gifts were arranged by Dianne Crowell, Patricia Head, Patsy Day, and Brenda Boyd and carried by Rick Brown and Edith Engblom.

The bride's table was covered with lace and centered with a four tiered wedding cake. The wedding cake was made and served by Mrs. Paul Andrew, aunt of the bride. Assisting with the serving were Mrs. Wayne Reeves, Mrs. Lealer Boyd, and Mrs. Verna Phillips.

For traveling, the new Mrs. Tuttle changed to a pink lace suit with white accessories.

Out-of-state guests attended from Missouri, Washington, Wyoming, Montana and California.

The bride was honored at a pre-nuptial shower given by Mrs. Paul Andrew, and a personal shower given by Annette Atkinson and Miss Day at the Day home.

The couple will reside in Albion.

Cheryl Fike, Wall Recite Wedding Vows

Cheryl La Fike, daughter of Mr. and Mrs. A. Ray Fike, and Landreth Gene Wall, son of Mr. and Mrs. Gene Wall, were united in marriage at the Twin Falls Baptist church, Sunday, Aug. 2, 1964.

The Rev. Ernest Hasselblad performed the double ring ceremony before an archway of white tapers and decorated baskets of white chrysanthemums and white gladioli flanked by candelabras.

The bride, given in marriage by her father, wore a floor-length gown of white tulle with a high collar, fitted bodice with short sleeves and long pointed sleeves. Covered buttons fastened the gown to the waist in back and the sleeves at the wrists.

The full, bell-shaped skirt was trimmed with bows at the waist and lower edge and formed a flowing chapel train in back. The bodice and skirt were accented by "embroidered" applique lace appliques. Her finger-ring illusion veil was held by a crown of seed pearls and iridescent sequins.

She carried a cascade of stephanotis, white roses and lily.

Tokens of sentiment worn by the bride included a blue garter, a dime in her shoe with the date of her birth and a white lace handkerchief carried at her mother's and grandmother's wedding. Her jewelry, a gift of the bridegroom, was a pendant necklace of the bride's birthstone, garnet, and seed pearls set in gold filigree with earrings to match. The jewelry was designed by the bridegroom.

Vivian Pied, Twin Falls, was maid-of-honor. Bridesmaids were Georgia McDonald, Twin Falls, and Bonnie McMartin, Spokane, Wash. Each wore floor-length dresses made of white crystal chain, with fitted bodice, full bell-shaped skirts, and short embroidered jackets of crystal chain which buttoned down the back to the waist with covered buttons.

Blond tulle veils, with clips of white flowers and seed pearls, white gloves and cascade bouquets of white Etoile d'Inde daisies completed the ensembles.

The bridesmaids' dresses were designed by the bride and made by the Fike with the help of the bridegroom's mother and the bride.

Candlelighters were Susan Silver and George Silver, Jr., niece and nephew of the bridegroom. Miss Silver wore a floor-length dress identical to that of the bridesmaids with a wrist corsage.

Kim Allen, daughter of Mr. and Mrs. John Allen, Twin Falls, was flower girl. Her dress was also floor-length and identical to the bridesmaids. She carried a white basket containing white flower petals.

Jeffrey Ronk, son of Dr. and Mrs. Howard Ronk, Twin Falls, carried the rings on a heart-shaped satin pillow trimmed with white lace and white streamers.

Norman Wall, Durley, cousin of the bridegroom, was best man. Paul Collins, John McKay and Orville Wall were ushers.

Joy Walker, organist, played traditional wedding music and accompanied the Rev. Martin

MIL AND MRS. LANDRETH GENE WALL (Keller photo)

Terrence, soloist, and Miss McDonald, also a soloist.

The bride's mother wore a blue lace sheath with matching jacket trimmed with silk and blue-sequined accents. The bridegroom's mother chose a beige lace dress with bone and green accessories. Each wore a cybium orchid corsage.

Mrs. Cecil E. Hart, Grand View, maternal grandmother of the bride, wore a violet figured dress and a pink cybium orchid corsage.

Guests were registered by Niki Ronk. Gifts were received by Jay Ronk and Cindy Ronk. The gift table was arranged by Mrs. Jack Lawson and Linda Bennett, cousins of the bride, both from Grand View, and Shirleen Wall, cousin of the bridegroom.

A reception was held immediately following the ceremony in the fellowship hall of the church. The bride's table was covered with a gathered nylon skirt in white, centered by the four-tiered wedding cake.

Mrs. Maurice Melton and Mrs. Orville McKay, both Twin Falls, cut and served the cake. Mrs. George Heilo, Walla Walla, Wash., aunt of the bride, presided at the punch bowl, and Mrs. Howard Ronk, Twin Falls, poured coffee. Other serving assistants were Mrs. John Allen, Mrs. Emil Hochhalter, Mrs. Orville Wall, Mrs. Orville Wall and Mrs. Gerald Blake.

For her wedding trip to the Grand Canyon, the bride changed into a white with black polka-dot sheath dress with black sleeveless coat ensemble, black patent accessories and a white hat. A white cattleya orchid corsage completed her outfit, which was designed and made by the bride.

A rehearsal supper was held at

Son of Buhl Couple Marries In California

BURL, Aug. 1—Making their home in South Gate, Calif., are newlyweds Mr. and Mrs. Ray L. Conner. The bride is the daughter of Mr. and Mrs. Samuel Mc-Nichols, Julian, Pa., and the bridegroom's parents are Mr. and Mrs. Carl Conner, Buhl.

The couple exchanged nuptial vows July 3 in the Aloha wedding chapel, North Long Beach, Calif. The Rev. A. H. Atkins performed the ceremony before a background setting of pink and white floral arrangements.

Mr. and Mrs. W. M. Edwards, Santa Fe Springs, Calif., sister and brother-in-law of the bridegroom, acted as attendants.

A reception honoring the couple was held at the home of Mrs. Roy Conner, Lynwood, Calif., sister-in-law of the bridegroom. The wedding cake was baked and decorated by Mrs. W. M. Edwards.

The bride is a graduate of Bald Eagle high school, Julian, Pa.

The bridegroom was graduated from the Buhl high school with the class of 1960. He served three years in the army and is employed by Fortune Home, California.

Mrs. Reichert Appoints Club Committees

PHIL, Aug. 1—Mrs. Edward Reichert, newly elected president, outlined the program for the year and appointed committee members at the meeting of the Poplar Hill Social Club at the home of Mrs. Guy Kimball.

Mrs. Mabel Barron and Mrs. Fred Reichert will serve on the courtesy committee; Mrs. Arlene Gier and Mrs. A. E. Harper, social; Mrs. Fred Clifford and Mrs. Alia Ortel, telephone.

Roll call topics for the year were discussed. Mrs. Clarence Lancaster and Mrs. Reuben Lierman presented entertainment.

Mrs. Fred Reichert will be hostess to the Aug. 25 meeting, assisted by Mrs. Barron.

Girls Present Short Musical

RICHFIELD, Aug. 1—A three act musical playlet was given by the Richfield girls under the direction of Mrs. Mark Jayness during a swimming party at the concluding summer MIA activities.

The play, called "Campromises," depicted the girls on route to summer church camp, at camp, and returning home with improved actions and cooperation.

Leon Cappa, counselor, conducted the opening exercises and Eva Kling, Phyllis Flavel and Linda Riley presented television commercials. Miss Flavel was piano accompanist for songs and Miss Riley was play prompter.

Ralph Kling, Royd Kling and Sterling Kling presented instrumental numbers.

Club Discusses Fair Display

WENDELL, Aug. 1—Plans for the flower display for the Gooding county fair Aug. 13-15, were made at the afternoon meeting of the County garden club held at the home of Mrs. Arthur Byce, Wendell.

Mrs. Carl Doramus was the assistant hostess.

Mrs. Harold Hainline, chairman of the fair flower display, appointed working committees to serve for the exhibits at the fair.

Lillian Smith, Hansen Repeat Wedding Vows

WENDELL, Aug. 1—The marriage of Lillian Smith, daughter of Mr. and Mrs. Thomas S. Smith, Wendell, to Larry J. Hansen, son of Mr. and Mrs. Jed Hansen, Wendell, was solemnized June 23 at the Salt Lake City LDS temple.

The ceremony was performed by Apostle Thomas S. Monson. The reception was held June 27 in the Wendell ward LDS cultural hall. Pink and white motif was used in flowers, cake and table decorations.

Matching baskets of pink and white peonies, bridal wreath and matching bouquets of pink and white roses were used as room decorations.

The bride was attired in a floor-length gown of Japanese metallic embroidered white satin. The gown was styled with a fitted bodice and long, flared sleeves. The full skirt, fashioned of unpressed pleats, featured a scalloped hemline.

Her fingertip veil of illusion net was held by a crown of pearls and rhinestones. She carried a cascade bouquet of pink roses and feathered pink carnations, tied with pink satin streamers and rhinestones.

The bride's gown, made by Mrs. Robert Smith, was made of material sent from Japan by Elder Laron Smith, brother of the bride.

Mrs. Bruce Williams, sister of the bride, was matron of honor. Bridesmaid was Joel Outler, Wendell. Each wore a gown of pink cotton brocade lace, fastened with a hoop-neckline and wrap-around belt skirts, enhanced with a pink carnation corsage.

Charles Hansen, Wendell, brother of the bridegroom, was best man.

The bride's mother wore a gown of royal blue metallic embroidered satin, enhanced with matching accessories. The bridegroom's mother chose a pastel blue afternoon dress with white accessories. Each wore a corsage of pink roses.

Mrs. Melvin Alfred was in charge of the guest book. Gifts were arranged by Mrs. Walter Blockhagen, Mrs. Vard McLean and Mrs. James Campbell.

Gifts were carried by Ann Yarraine Smith, Nancy Smith, Lona Smith and Laddie Smith, sisters of the bride, dressed in pink and blue matching dresses. The five-tiered cake, baked and decorated by Mrs. Dan Nief-

MR. AND MRS. LARRY J. HANSEN

feusser, was decorated with pastel pink roses and pink ribbon with white wedding bells and topped with a miniature bride and bridegroom. The lower tier was formed with three heart-shaped cakes. Other decorations on the table covered with Chinese lace were green fern and roses.

Mrs. Niefenegger cut and served the cake, assisted by Mrs. Farren Chandler and the serving girls, Beva Nebeker and Kathy McCrue. Mrs. Raymond Petersen served punch.

Melvin Alfred was master of ceremonies for the program. For traveling, the bride changed to a three-piece red knit suit with white accessories. The bride was graduated from Wendell high school and Ricks college and attended Brigham Young university.

Hansen was graduated from Wendell high school and served a two-year LDS mission in Canada. He has attended the University of Idaho for three years as a mechanical engineer student.

The couple will reside in Moscow, where both will continue their education.

Oregon Woman Lectures at Judging School

Mrs. L. H. Hammarshott, Aloha, Ore., accredited teacher for the African Violet Society of America, Inc., lectured on show practice, culture and use of violets in arrangements during the African Violet Judging school at the city hall.

A discussion on point scoring and a written examination were given to nine persons who will be able to judge African violet shows. Plans for scoring were provided by Mrs. L. C. Prescott and Mrs. Samuel Porter. Mrs. S. W. Smith was in charge of the school.

Persons from Magic Valley taking the test include Mrs. Samuel Hawkins and Mrs. Harry Morris, both Jerome, and Mrs. Victor Nelson, Marsy Park and Mrs. Smith, all Twin Falls.

Mrs. Nelson was the winner of the most awards during the Countywide flower show.

Class of 1939 Holds Reunion Dinner, Picnic

Graduates of the class of 1939 of the Twin Falls high school met for a reunion which included festivities Saturday night in Kimberly and a Sunday picnic in Twin Falls.

The Kimberly session, in the form of a banquet, was held at the Town House, while the Sunday picnic, with Don Snyder in charge, was at Harmon park.

At the Town House session Myron Donast was master of ceremonies, while special decorations were under the supervision of Mrs. Donast.

Richard Flynn, Mrs. Richard Brazier, all Twin Falls, and Mrs. Joe Duffek, Jerome.

Perris Sweet, Twin Falls, has served as president of the organization for the past five years. Mrs. Flynn was elected to that post for the next five years.

The 120 graduates attending voted to have another reunion in Twin Falls in 1969 and a committee was named to make arrangements at the proper time.

ATTEND PARTY
GLENNIS PERRY, Aug. 1—Mr. and Mrs. Robert Graham and Mrs. Frances Graham, Glenna Perry, attended a joint birthday dinner party at the home of their son, Mr. and Mrs. Larry Graham, Boise. The party was in honor of their son, Larry Graham and their grandson, Kent Graham.

PARTIES GIVEN
RICHFIELD, Aug. 1—Birthday anniversary parties have been given for Teresa DeWitt, 4, by Mrs. Howard DeWitt, and for Jerri Davis, 5, by Mrs. Jerry Davis.

WILMA GREENE

Wilma Greene Reveals Troth

RUPERT, Aug. 1—Wilma-Doe Greene and Gerald Gerlach, both students at the University of Idaho, are making plans for an Aug. 14 wedding.

Miss Greene is the daughter of Mr. and Mrs. Lee Greene, Rupert. Gerlach is the son of Mr. and Mrs. Alex Gerlach, Paul.

Miss Greene is affiliated with Alpha Phi sorority and Gerlach is a member of Kappa Sigma fraternity.

Family Honors Local Couple
Mr. and Mrs. Clifford Jennings were honored at a 45th wedding anniversary celebration at their Twin Falls home by members of the family.

The couple was married July 26, 1919, in Heaver City, Neb. They have five children, 16 grandchildren and 11 great-grandchildren.

ELAINE NEIBAUER

Miss Neibaur, Blunck Reveal Wedding Plans

PAUL, Aug. 1—Mr. and Mrs. Mack W. Neibaur announce the engagement of their daughter, Elaine, to William Henderson Blunck, son of Mr. and Mrs. William H. Blunck, Ronoke, Va.

Miss Neibaur was graduated from Minico high school in 1963 and attended Brigham Young university. Blunck filled an LDS northwestern states mission and attended BYU. Both plan to attend BYU this fall, where Miss Neibaur will major in English.

PRESENTS DEVOTIONS
FLER, Aug. 1—Karen Aufderheide led devotions and vespers at the meeting of the Clover Valley League.

Harold Schroeder was in charge of the topic, Charles Pubanz, Janet Pubanz and Kenneth Heinke furnished recreation for the evening. Faye Roessler, Daniel Roessler and Garry West served refreshments.

GOVEEN MCKENZIE

and Blunck in law.

An Aug. 28 wedding is planned at the Idaho Falls LDS temple.

Miss McKenzie Plans to Wed K. Huizinga

BURLEY, Aug. 1—Mr. and Mrs. Goy McKenzie, Rupert, announce the engagement of their daughter, Goveen, to Kenneth Huizinga, son of Mrs. Ann Anderson, Burley, and Arthur Huizinga, Phoenix.

Miss McKenzie is a 1963 graduate of Minico high school. She attended the University of Idaho and is affiliated with Alpha Gamma Delta sorority. She is employed by the Idaho First National bank, Rupert.

Huizinga is a 1962 graduate of Burley high school and is presently employed by Frank Moore company, Burley.

A wedding date has not been set.

SOCIAL STATED
HAILEY, Aug. 1—Plans for a picnic made by members of the Missionary circle of the Community Baptist church to hold a lawn social in August.

T.F. Citizens to Vote in Primary Election Tuesday

Continued From Page One

on the board of trustees for the First Presbyterian church of Buhl.

The three Republicans bidding for the representative in congress in the second congressional district are George Hansen, Keith H. Schofield and Dick Smith.

Others on the ballot in the Republican party include, Morris W. Carlson, for county commissioner, Marcus Hansen, for county commissioner in the third district, H. J. Schwindman for county clerk of the district court, James H. Benham for county sheriff, Zoe Ann Warberg Shabo for probate judge, James J. May for prosecuting attorney, Clifford H. Thompson for county assessor and John P. Cox for constable.

The Republican party has no one listed for precinct committee.

No contests are slated in the Democratic party.

Those listed on the Democratic party ballot include Ralph Harding, representative in congress; Horace Wagner, state senator; Robert Henry, Kenneth H. Rounding and Robert M. Stepanovich, state representative; W. M. Alrich, first district county commissioner; W. W. Lowery, third district county commissioner, and Harold A. Lancaster, county clerk of the district court.

Others on the ballot for the Democratic party include Richard A. Frazier for county sheriff; Ruth Jones for county treasurer; Roy Hubert Johnson for probate

Judge, and Ralph H. Anasdrup for county assessor.

County offices not applied for on the Democratic ticket include constable, precinct committee-man and county coroner.

With an estimated 25,110 residents registered to vote, the county clerk's office and several political organizations have been busy getting set for Tuesday's election.

Wednesday, Lancaster conducted a school for election officials in district court and there were at least 228 persons present at the meeting, in the room which seats 100.

All new election laws were discussed in connection with the new primary election law and a question and answer period was held. County attorney James J. May was present for legal advice.

By Saturday afternoon there had been 280 absentee ballots cast in the county clerk's office, Lancaster stated.

Under voting laws, the clerk's office is required to accept absentee ballots until Monday.

Mrs. Grace Patrick, chairman of the voter's service committee of the League of Women Voters, stated Saturday that the league hoped through their efforts, the voters might be more able to vote with more self-satisfaction, knowing that they were aware of the current issues and vote for the candidates they feel would correct the prevailing conditions and serve the public most effectively.

The league, in conjunction with other agencies across the state, has published and distributed a pamphlet entitled "It's Your X," designed to inform citizens of their voting rights, how to register and where to vote.

The pamphlet also is distributed in Spanish for the convenience of the transient workers, and other Spanish speaking people who are eligible to vote.

Mrs. Robert Summerfield, Twin Falls, state committee woman and local precinct chairman, said Saturday the county Democratic committee although not working on a "get out the vote" campaign as a group, was lightly organized in the individual precincts and all were working hard distributing sample ballots, individual letters. Committeemen have been working furiously getting all residents registered.

Joe McCollum, county Republican chairman, said Friday he felt encouraged with the efforts of the various precinct committeemen and other individuals in their efforts to help "get out the vote."

McCollum was especially encouraged with the work of several teenage Republican (YAT) clubs in the county and mentioned that the unit in Filer made a complete door-to-door canvass during the week encouraging people to register and vote.

He said the precinct committeemen also have visited the new corners in their precincts to help them get registered.

Precincts and voting places are Twin Falls No. 1, KOOP hall; No. 2, courthouse; No. 3, Swartz residence, 221 Eighth avenue east; No. 4, Bickel school; No. 5, Lincoln school; No. 6, DAV building; No. 7, Washington school; No. 8, Lynwood chapel; No. 9, Washington school; and No. 10, Morningstar school.

Twin Falls No. 11, Bickel school; No. 12, Van Gas and Appliances; No. 13, VFW building; No. 14, Merrill Auto company; No. 15, Southern Idaho Pipe and Steel, 250 South Park avenue; No. 16, church of the Brethren; No. 17, First Southern Baptist church; No. 18, Byron Wright residence, 342 Polk street; No. 19, high school; and No. 20, Southern Idaho Equipment company.

Twin Falls No. 21, Memorial Lutheran school; No. 22, Harrison school; No. 23, Oress Building Supply; No. 24, Church of Christ, Fifth avenue east, and No. 25, Robert Stuart junior high school.

Allendale voting place is the Mountain Rock Grange.

Buhl precincts and voting places are No. 1, Legion hall; No. 2, Andy and Bob's Motors; No. 3, Moose hall; No. 4, Magic Valley Motor; No. 5, City hall; No. 6, Methodist church; and No. 7, West End Youth center building.

Clover voting will be at the school house, Deep Creek at the Grange hall, Lucerne at the Lucerne Grange building and Castleford at the Methodist church.

Filer precincts are No. 1, Legion hall; No. 2, high school; No. 3, Central school; and Maron at the Ted Bicer residence.

Thomaz at Knoll Community center, larger at community center building; Hollister, Masonic hall; Hugerson, school house; Hansen, Grange hall; Kimberly, No. 1, Methodist church; Kimberly No. 2, high school; Appleton building; Rock Creek, Pleasant Valley school; and Mirtaugh, high school.

R. Kennedy Takes Look At N.Y. Race

WASHINGTON, Aug. 1 (AP) — Atty. Gen. Robert F. Kennedy is taking a second look at the New York senate race now that he has been eliminated from the Democratic vice presidential sweepstakes.

Kennedy left Washington yesterday for a week-end visit with his family at the cluster of Kennedy homes in Hyannis Port, Mass., on Cape Cod.

It was learned that he planned to use the time-to-think through his plans now that President Johnson has disavowed him from consideration as a running-mate.

Among the alternatives available to him is the possibility of entering the race for the senate seat now held by Sen. Kenneth B. Keating, R. N. Y., an opportunity he rejected earlier. Kennedy also is expected to ponder the role he will play in the forthcoming presidential campaign.

There was speculation from some White House sources that Johnson asked Kennedy to take a hand in the campaign, perhaps even to be the President's campaign manager.

Kennedy aides at the justice department refused comment on the speculation, referring all queries to the White House.

But it was learned that Johnson sought to avoid a new rift between himself and Kennedy by offering the attorney general some future responsibility, perhaps as campaign manager.

The attorney general neither rejected, nor accepted the offer. He did, however, reject a bid to another White House aide to get him to withdraw his name voluntarily from the list of those mentioned as Johnson's running-mate.

It was learned that Kennedy felt he could not do this and keep faith with his supporters.

But other sources said the attorney general could not very well reject the bid for campaign help because of his strong antipathy for the Republican nominee, Sen. Barry M. Goldwater.

Bolivia to End Relations With Cuba Shortly

LIMA, Peru, Aug. 1 (AP) — The Bolivian government will break relations with Cuba soon, Bolivian Foreign Minister Fernando Hurtado said here today.

Hurtado said the action would happen as campaign manager.

The attorney general neither rejected, nor accepted the offer. He did, however, reject a bid to another White House aide to get him to withdraw his name voluntarily from the list of those mentioned as Johnson's running-mate.

It was learned that Kennedy felt he could not do this and keep faith with his supporters.

But other sources said the attorney general could not very well reject the bid for campaign help because of his strong antipathy for the Republican nominee, Sen. Barry M. Goldwater.

GOING STEADY

Your electric washer and your quick recovery FLAMELESS electric water heater

Your flameless water heater pairs up beautifully with your automatic electric washer, or your dishwasher. Because it requires no chimney and burns no oxygen, you can place it right alongside the place of greatest use.

If yours is a family that keeps the washer, dishwasher and bath going steadily, you'll want to be sure you have a high speed, Quick Recovery flameless water heater. It can provide for all your hot water needs, even for larger families. Electric water heating is clean, fast, quiet and dependable. It's the modern way to heat water!

NEW QUICK RECOVERY FLAMELESS ELECTRIC WATER HEATERS

AS LOW AS \$3.00 A MONTH ON YOUR ELECTRIC BILL NO DOWN PAYMENT

Order through the dealer or plumber of your choice.

Highlights

Gooding Vote

GOODING, Aug. 1.—The race

**Men Search
For Former**

Edinburgh. Roysa served as Gooding city police officer and was deputy sheriff for four and one-half years prior to his appointment as sheriff last August.

to fill the unexpired term of K. H. Anderson.

Mr. G. served as deputy sheriff for two and one-half years under R. E. Callen and also was a member of the Gooding police.

* * *

Wrong Name

GOODING, Aug. 1.—James P. Goodett, whose name appeared on the Gooding ballot as a candidate for probate judge, has resigned the post and is not seeking election.

Mr. G. served as Mendota

search party combed the hills today for a missing plane believed piloted by country music star "Gene Autry." The former member of the tragically-plagued "Gene Autry" band.

Reeves and his plane accompanied, Dean Manuel, were being traveling from Nevada, Ark., to Nashville when the plane disappeared in the desert shortly after dawn yesterday.

The area where the plane was believed to be crashed is situated south of Nubia.

C. E. Spencer, Western justice of the peace, has been appointed to fill out the term and is a candidate for the probate judge's office.

department. He has done special investigation work for the Idaho state brand department and farms south of town.

Edinburgh, a real estate dealer, Gooding, is making his first bid for public office.

Other races in the Republican party are for third district coun-

ty commissioner and county treasurer. Only Democratic contest in for third district commissioner.

Jerry F. Renfrow, who has

served the past 22 years in the post, seeks nomination for reelection as GOP third district commissioner. He is a retired farmer, and has served on the Wendell school board and city council.

His opponent for the GOP nomination, Chauncey Willard, has been engaged in the truck and transportation business since 1924. He has resided in Wendell since 1924, serving as precinct committeeman for 15 years.

On the Democratic ticket, the third district commissioner post is sought by Keith Davis and John W. Newbrough, both Wendell. Davis has owned his market shop there since 1947. Newbrough is a farmer.

son and Mrs. Mildred Wendell. Mrs. Robertson is now treasurer under Mrs. Catherine Peterson, who is not seeking reelection.

Mrs. Robertson is active in several community clubs and is a 4-H leader. Her opponent, Mr. Wallace, has been office deputy in the Gooding county office since 1958. He previously worked at the First Security bank.

Unopposed GOP candidates include Robert A. Erkins, state senator; Melvin Gibson, state representative; Ray Hardison, first district county commissioner; and Mrs. Trueman Rodner, coroner. Bernice Rodner, coroner's clerk, is also unopposed.

Newburgh, a Wendell resident for 40 years, has been master of the West Point Grange, served on the Wendell school board and 13 years on the West Point highway board.

The final GOP contest is for the nomination for treasurer, fought by Mrs. Doris O. Robert-

rell, sheriff; Trus Perkins, treasurer, and Andrew P. James, prosecuting attorney.

WEIGHT CONTROL

Floyd Fires 68 To Share Lead In Canada Open

MONTREAL, Aug. 1 (AP)—Young Ray Floyd carved out a three-under-par 68 today and moved into a share of the lead with Arnold Palmer and Bill Collins, each with 209, after three rounds of the Canadian open golf championship. Floyd, a 21-year-old pro from Fayetteville, N.C., now playing out of St. Andrews, Ill., came from three strokes off the pace with a brilliant front nine over the Pinegrove course, to catch Palmer and the hunky Collins, who had shared the halfway lead at 131.

Sports FROM ALL ANGLES

By LARRY HOVKY

Magic Valley fans following the Philadelphia Phillies on television's week-end game are getting to see quite a few former Cowboys. The newest graduate, in time to make last Saturday's game, was Alex Johnson, who at this time, last year, was sitting around Jayce park.

Although Alex Johnson was three-for-four with two runs, a hit and a walk, he was not a factor in the Phillies' 1-0 victory over the Cardinals.

Which reminds us of last year when Alex was twice picked off third base in one game.

Alex joined John Shockey—the Phillies called him Cousin—and Richie Allen on the club as recent Cowboys graduates. Going further back, and due to a couple-three trades, the Phillies have another Cowboys in Gus Triandos, who played here in 1949.

Papa wondering why Shockey goes under a different name in the majors may be interested in the reason. When he was assigned here, he was told by manager Jack Phillips (Coke) Shockey was coming. When introduced by Ben Jewell it was John Shockey. His name turned out to be John Coten Shockey as did Johnny and I asked him how he would like to be known. "Call me John," Shockey said. "We did, but this is the first and only place he was known as John. Even in his parents' living room it's always been Coten."

While we have always accused the Idaho Intercollegiate Activities association of having thoughts and designs pre-dating the Idaho Amateur League Junior baseball program has some interesting ones, also.

The case in point? The 1964 tournament was based on a five-man bracket system. The first round to run an even-numbered tournament without something like a first-round bye to explain away.

The major point is that Twin Falls and Mountain Home had to stage a regional playoff for one berth. Why couldn't Mountain Home, as a district champion, have been allowed to go? It would have made it an even-numbered one.

John Briggs, Carey, the fastest man ever produced by this state, expects no trouble from the severely sprained ankle which kept him out of the Twin Falls recreation department's city track meet. John injured the ankle in a basketball game and was on crutches for two weeks.

When he returned Idaho State university track mentor, Dwyer told him he would try to compete in the meet—some four weeks after the injury—Holt gave him a lot of encouragement.

"Don't let those high school boys catch up with you," Dwyer said. "Hardly likely. Briggs' best time is 9.5 in the 100-yard dash and he has several 9.0 behind him."

Idaho State grid coach Babe Canale lined up five linemen for his first team this fall. They range from a 235-pound tackle to couple of 180-pound backs. But Idaho basketball coaches have picked up almost all the all-around star choices but there are many wondering if there is sufficient talent among the lot to win.

Plans for a 3,000 capacity bleacher have been okayed by the Twin Falls school board and the completion date is late September. That means the Bruins will play at least two more games at Lincoln field. If, and that is such a big word, the bleachers are completed on time, Twin Falls will host Horn in the stadium's inaugural. With the Bruin Boosters' bleachers on the north side of the field, the stadium should hold 4,100. Only twice, that we recall, have that many seats been in demand, but there's another point, Star-look for the district and regional track meets to catch spectators some money. Heretofore there was no way to control access.

Old Hat Scores Race Triumph

STANTON, Del., Aug. 1 (AP)—Stanley Courtois Old Hat, scoring the greatest triumph of her career, completely scrambled the championship filly and mare picture today at Delaware park when she captured the \$10,000 Delaware handicap by 14 lengths.

The victory was scored at the direct expense of Harry B. Scholander, favored to win the field and with three stakes triumphs against rivals of her own age to her credit.

Deadline Is Set for City Golf Tourney

The deadline for the Twin Falls city golf championships, to be played Aug. 8-9 on the Blue Lakes Country Club and Twin Falls Municipal golf courses, was set at 6 p.m. today.

For 60-100 expected entrants have sent their applications to Blue Lakes pro Dave Killen and city clerk Clyde Thompson.

After the first 30 holes of play, which will be divided into handicapped flights, the low-32 players, regardless of flight, will form a bracket system and play in the city competition Aug. 10 on the city course. The quarter and semi-finals will be played the following week-end to decide the two golfers to vie for the finals on Aug. 30.

Top contenders expected for the match play are David Ross, Jon Memmott, Bill Cook, Jim Bineclair, Dr. Glenn A. Hoss and Harvey Schuchman.

Killen and Thompson will announce the pairings Friday.

Chicago Nips Solons 9-8 in 10th Inning

WASHINGTON, Aug. 1 (AP)—Singles by Pete Ward and Dave Nicholson, followed by Tom Hanks' sacrifice fly in the 10th inning gave the Chicago White Sox a 9-8 victory over Washington today.

Dick Phillips' homer with two out in the ninth tied the score for the Senators and forced the game into overtime.

The victory nullified a fine performance by Washington's Don Locky, who drove in four runs with his 18th homer, two sacrifice flies and a bases-loaded single.

Chicago's lineup was: Washington, Aug. 1 (AP)—Singles by Pete Ward and Dave Nicholson, followed by Tom Hanks' sacrifice fly in the 10th inning gave the Chicago White Sox a 9-8 victory over Washington today.

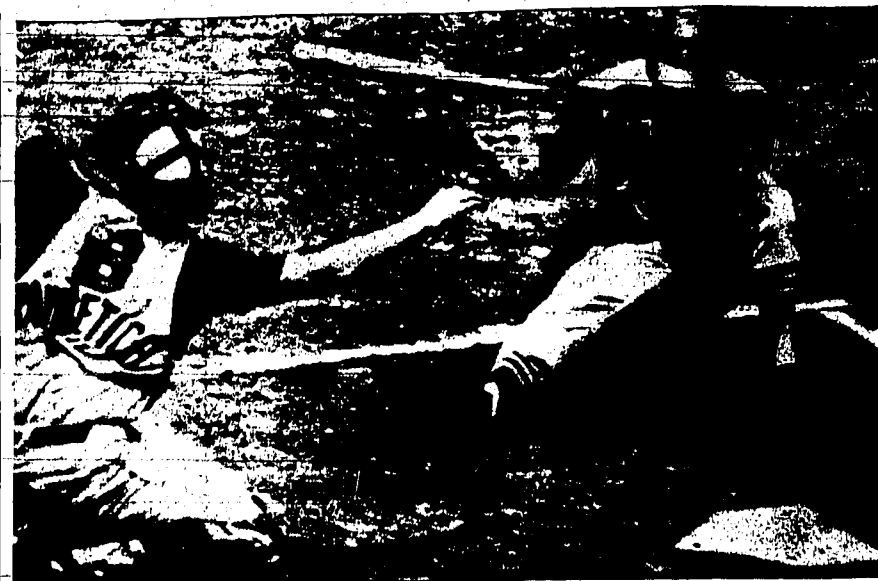

Dick Phillips' homer with two out in the ninth tied the score for the Senators and forced the game into overtime.

The victory nullified a fine performance by Washington's Don Locky, who drove in four runs with his 18th homer, two sacrifice flies and a bases-loaded single.

WILD PITCH sends Cardinals' Curt Flood to the ground in the first inning of Saturday's game with Cincinnati at St. Louis. Red catcher Don Pate makes a grab for the ball with his glove after it had narrowly missed Flood. The Reds rallied for five runs in the top of the seventh in nip the faltering Cardinals 5-3. Rookie Mel Queen capped the rally with a three-run homer and ruined the Cards' 3-1 lead. Pate's double and Marty Keough's single preceded Queen's blow. (AP wirephoto)

Aaron Leads Braves Past Chicago 8-4

CHICAGO, Aug. 1 (AP)—Frank Aaron hit relief pitcher in the eighth inning for a homerun and the Milwaukee Braves went on to an 8-4 victory over the Chicago Cubs today.

Aaron's homer, his 17th, broke a 4-4 tie. The Braves added a run in the eighth on Rico Carter's double, an error and a sacrifice fly, and added two more in the ninth. Wade Blasingame got the victory.

Milwaukee's lineup was: Aaron, 1st; Pate, 2nd; Keough, 3rd; Phillips, 4th; Hanks, 5th; Nicholson, 6th; Ward, 7th; Flood, 8th; and Phillips, 9th.

Chicago's lineup was: Pate, 1st; Keough, 2nd; Phillips, 3rd; Hanks, 4th; Nicholson, 5th; Ward, 6th; Flood, 7th; and Phillips, 8th.

Detroit Edges Indians in Last Inning

CLEVELAND, Aug. 1 (AP)—Singles by Gentes Brown, Dick McAuliffe and Don Demeter in the ninth inning gave Detroit a come-from-behind 3-1 victory over Cleveland today.

Until the ninth the Indians had seemed assured a third straight victory over the Tigers as Leo Stange's four-hit pitching and a fifth inning run.

Brown led off the ninth with a single, went to second on an infield out and scored the tying run on McAuliffe's single to right. McAuliffe went to second on the throw home and scored on Demeter's single to left.

Cleveland's lineup was: Pate, 1st; Keough, 2nd; Phillips, 3rd; Hanks, 4th; Nicholson, 5th; Ward, 6th; Flood, 7th; and Phillips, 8th.

Chicago's lineup was: Pate, 1st; Keough, 2nd; Phillips, 3rd; Hanks, 4th; Nicholson, 5th; Ward, 6th; Flood, 7th; and Phillips, 8th.

Dick Phillips' homer with two out in the ninth tied the score for the Senators and forced the game into overtime.

The victory nullified a fine performance by Washington's Don Locky, who drove in four runs with his 18th homer, two sacrifice flies and a bases-loaded single.

Tempers Flare as Cubs Rip Cowboys 8-3; Teams To Meet in T.F. Tonight

CALDWELL, Aug. 1 (AP)—Bill Davis had a shaky start that gave Magic Valley a pair of runs in the first inning, but went ahead to hurl a five-hitter as Treasure Valley took an 8-3 win tonight. The two teams will continue their rivalry Sunday night with the game switching to Twin Falls' Jaycee park. Game time is 8 p.m. A pair of Cub errors opened the first inning and the Cowboys took advantage to shove over a pair of unearned runs. Mike Gordon plated one run with a single and the other scored on an error at first base.

DOUBLE-JOINTED-BASEBALL CLOWN Max Patkin will make an appearance at Jaycee park Monday night while the Magic Valley Cowboys are entertaining the Treasure Valley Cubs. Patkin, whose antics come off during the game, will be making his first appearance here since 1952.

Jones' 0.62 ERA Is Tops in Cowboy Data

Tom Jones, who joined the Magic Valley Cowboys after the season started, grabbed off the highlights of the team's weekly statistical report with a sparkling 4-0 pitching record and an even more impressive 0.62 earned run average.

According to official statistics released by William Wells, Jones has the best ERA in the league but has not pitched the required 35 innings. On that technicality, Jones is behind Treasure Valley's Mike Glenn, who is 1-1.

Ramon Aldeon and Jim Fisher, a pair of catchers who see only top action in manager Rex Carr's use of four relievers, are the top Cowboys hitting over .300. Aldeon is .340 while Fisher is .345.

The statistics are based on play through Monday.

Return of Karras Has Detroit Dreaming of NFL Division Title

BLOOMFIELD HILLS, Mich., Aug. 1 (AP)—There is a new, high-spirited atmosphere at the Detroit Lions camp this year and the reason for it is simple—Alex Karras is back.

Karras, along with Green Bay Packers linemen Paul Hornum, was suspended last year and was not allowed to play. But the suspension had been lifted and no one is as anxious to get back into the National Football League as Karras.

"Sure, it was tough sitting out last season," the giant defensive tackle said. "But that's all over, and I'm anxious to get back and help us win the Western division title."

"I honestly think we have a good chance, providing we can stay healthy," he continued.

Without Karras, who had been an all-pro selection his last three seasons, the Lions slipped to a 5-8-1 record in 1963.

How much of this can be blamed on Karras' absence and how much came about because of a rash of injuries, cannot be determined.

But Coach George Wilson admits that Karras' loss was a terrific blow to the club, both on the field and in the morale department.

"Alex is great at keeping the team loose," said Wilson. "He has a real knack of keeping other players on their toes, with his gentle but effective, needling."

"I don't think we realized when we lost him just how much he meant to the over-all play of the club. But we found out—when we went along that he was almost impossible to replace."

Line coach Les Hangerman is the first to admit that Karras hasn't lost any of his desire or ability in the forced layoff. At and anxious to make up for the last time by coming back better than ever.

Yanks Down Twins 6-4 to Tighten Lead

MINNEAPOLIS-ST. PAUL, Aug. 1 (AP)—Stacy Mantle hit a 420-foot two-run homer and a long double as the New York Yankees beat Minnesota 6-4 today, tightening their hold on first place in the American League.

Until the ninth, Ralph Terry had a two-hitter going for the Yankees, both homers. Then, with one out, Tony Oliva doubled. After Harmon Killebrew walked, Terry was replaced by Hal Tilton.

A single by Jimmie Hall loaded the bases and a walk to Bob Allison forced in the Twins' fourth run. Earl Batley popped up and pinch hitter Johnny Gory hit into a game-ending force out.

Cops Title

ROBY, Aug. 1—Mrs. Doris Ingard, Twin Falls, won the distinctive division championship for women in the North West regional archery tournament sponsored by the National Field Archery association last week. This was the first time such events held in the United States to determine sectional champions.

Osuna Downs Stolle, Gives Mexico Split

MEXICO CITY, Aug. 1 (AP)—Rafael Osuna, the reigning U.S. singles champion, swept over Australia's Fred Stolle in the first round of the Pan American tournament today.

Chiefs Drop Angels, Take Second Spot

POCATELLO, Aug. 1 (AP)—Pocatello scored four runs in the fifth inning and six runs in the eighth to beat Idaho Falls 10-3 tonight.

"KNOT-HOLE BASEBALL"

He covered the court like a cat and his placements kept Stolle off balance. His service was at peak fault, while Stolle doubled a half-dozen times, once losing a game because of it.

TELEVISION SCHEDULES

SUNDAY, AUG. 3

"Arrest and Trial" (7:30 p.m. ABC)—Victoria Shaw, Jim Backus, George E. Stone and "The Western Head"—a good cast for "Arrest and Trial." A socialite leaves her boyfriend alone to face the music when he's caught after pulling off a stunt in which they both were involved.

"The Alfred Hitchcock Hour" (8 p.m. CBS)—A middle-aged man's penchant for "bigamy" leads to tragedy in "Three Wives Too Many," starring Teresa Wright and Dan Duryea.

"Hollywood Palace" (9 p.m. ABC)—Jose Greco, comedienne Rose Marie and Groucho Marx are featured in tonight's variety show.

BEST SUNDAY NIGHT MOVIES

"The Enemy Below" (1957) Robert Mitchum, Curt Jurgens, Theodore Bikel and David Hedison (10:15 p.m. KTVB)—Well-made submarine picture about a maneuver during World War II. A U.S. destroyer in the south Atlantic is pitted in a suspenseful war of nerves against a German U-boat.

"The McConnell Story" (1955) Alan Ladd and June Allyson (10:30 p.m. KSL)—Unadorned story of real life jet ace McConnell, acted as if he had lockjaw by Alan Ladd. As in many of her previous films, Miss Allyson winds up weeping in the window for her man.

Awards Meet Planned at Lincoln Fair

SHOSHONE, Aug. 1 — The awards meeting for Lincoln county fair will be held at 3:30 p. m. Aug. 8 at the fairgrounds.

A wristwatch will be presented to the outstanding girl in the county in achievement, given by First Security foundation. Each year the award is rotated from the girls to the boys, for outstanding achievement.

Five \$25 scholarships to Idaho club congress will be given. They are for girls achievement, from Idaho Grange, wholesale, Shoshone; general achievement, to the top member of Wood River livestock club, given by Wood River-Center Grange; boys achievement, from Southern Idaho Production Credit association; beef achievement, given by Dietrich Butte Cattlemen's association, and dairy animal achievement, from Shoshone Rotary club.

The outstanding 4-H member, 13 years or under, will receive a 4-H camp scholarship in memory of J. Howard Manning, from the V. C. Ross family.

High point girl in home economics will receive a trophy from Manhattan cafe, Shoshone, while the high point 4-H boy will receive a trophy from Gateway Tugery, Shoshone. High point PFA boy will receive a trophy from Dr. Paul Jacobsen, Shoshone.

Other trophies will be given to high point member in Richfield club, given by Richfield Grange; high point member in club sponsored by Magic Grange, given by Magic Grange, Shoshone, and high point boy or girl in Dietrich, given by Dietrich Grange.

The 4-H style revue trophy will be given by Gateway Tugery, Shoshone, while the home economics judging contest winner will receive a trophy from Elmer's of Shoshone.

Others include 4-H livestock judging contest, trophy given by Mike's old storage, Shoshone; PFA livestock judging contest winner, Dr. Paul Jacobsen; home economics demonstrations, Junior, intermediate and senior divisions, from Lincoln county fair board; agricultural demonstrations, Junior, intermediate and senior divisions, also from the fair board.

Livestock fitting and showing contest trophies will be given. They include 4-H beef, from fair board; 4-H sheep, Lincoln County Marketing association; 4-H dairy, Leigh Kelley, contract hauler to Ida Gem Dairyman, Inc.; 4-H horse, Benson Bean, Shoshone; PFA beef, fair board, and PFA dairy, Dr. Jacobsen.

The Ida Gem Dairyman, Inc., dairy contest winners will be based on 30 per cent for fitting and showing, 35 per cent for achievement and 35 per cent accuracy, completeness and neatness of records, with prizes of \$5, \$5 and \$3 in each of the three divisions.

Hansen's Department store, Shoshone, will provide 13 trophies for the fair, the majority of them for sewing projects. These include sewing is easy, and fashion-outfit-outfit-young-lady time outfit, stylish separates, wearable woollens, fall slattery, trimly tailored, 4-H family living, 4-H junior leadership, 4-H child care and 4-H handicraft.

Other trophies to be given by the fair board include 4-H foods, for best exhibit in each division; 4-H room improvement, freezing, canning, gardening, welding, safety, health, forestry, entomology, pebble pups and photography.

The outstanding first year 4-H dairy member will be given a halter by Mr. and Mrs. Floyd Cagle, Dietrich; the outstanding second year 4-H dairy member, a halter from Kraft Foods; the outstanding 4-H crop project winner, four-gallon can of motor oil, from C. M. Peilick, American Oil distributor, Shoshone, and Idaho Power company will give the trophy in electrification. Kathy Ross will give a trophy to the tree identification winner.

Buhl Youth Hurt In Auto Mishap

BUHL, Aug. 1—Melva L. Jean, 18, Buhl, was treated for minor cuts and bruises at a Buhl physician's office after the car he was driving leveled a fence post at 6 p.m. Friday, six and one-half miles southwest of Buhl. Jess was driving a 1956 Ford behind a truck when the truck passed a youth on a bicycle. After the truck passed the youth the youth swerved to the center of the highway and into the path of the Jess vehicle. Jess swerved his car to the left, and it veered into a fence post owned by Elwood Wing, route 2, Buhl. No citation was issued.

Couple Goes to Teach in Samoa

RICHFIELD, Aug. 1—Mr. and Mrs. Roy Miller and five children left to spend the next three years in Samoa where he will teach at an LDS church school. Both Mr. and Mrs. Miller are former Richfield residents and he served an LDS mission to the northeastern states and Canada after graduation from Richfield high school.

The couple resided in Germany while he was in the military service. Prior to his assignment in Samoa the family lived in Grantsville, Utah, where he was principal of a high school.

Mrs. Miller is a daughter of Mrs. M. C. Sorensen, Richfield, and Miller is a son of Mrs. Earl Pullman, Twin Falls.

To all Clients of the Tom Peavey Agency.

On July 29, the Berg and Taylor Agency completed negotiations with Mrs. Thomas Peavey to handle the business of the Peavey Agency.

The Berg and Taylor Agency always had the greatest professional respect for Mr. Peavey. The late Mr. Thomas Peavey certainly was one of the most respected insurance counselors in the intermountain area. Mr. Peavey always gave prompt, full-line service and rendered covering insurance protection through fine national companies at fair and competitive premium rates. The Peavey Agency had a deserved reputation for handling claims with courtesy and dispatch.

To maintain the excellent traditions of the Peavey Agency is a tremendous challenge. It is our promise, aim and goal to carry on the business of the Peavey Agency in the same efficient manner while continuing to give full service to our present clients.

It is our hope the Berg and Taylor Agency will have the privilege of continuing to serve all of Mr. Peavey's clients. We will be in contact with all Peavey clients in the immediate future days. You can be assured all coverages will continue, and policies needing immediate continuation and renewal will be handled by an enlarged Berg and Taylor staff.

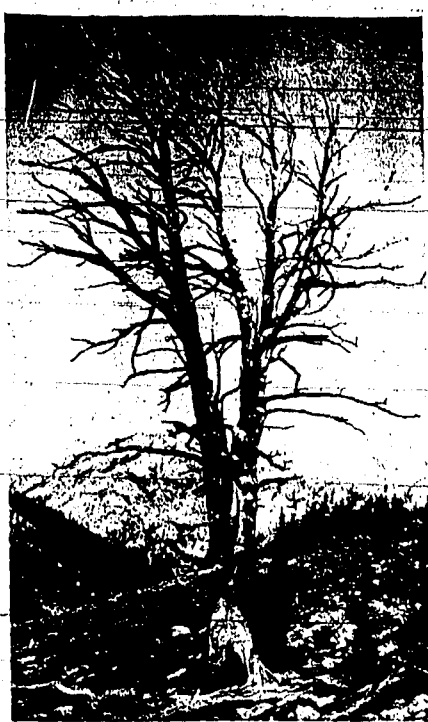

Berg and Taylor is the oldest insurance agency in Magic Valley. Believe we have demonstrated that we are conscientious and well qualified to handle all types of insurance with proficiency. Mr. Peavey's policy holders will be given this same established, thorough attention. Please call if you have any questions about policies carried by the Peavey Agency. The Berg and Taylor Phone number is 733-3410.

Sincerely,

Carl W. Berg

PORTION OF DEAD tree is studied by Edward C. Omond, assistant forest ranger at Sawtooth valley ranger station. The American revolution was real and vivid at the time this tree was small. (Times-News photo)

OLD TREE that saw birth nearly 200 years ago, now dead, stands stark against the sky. It is one of the "extra" back country visitors can view in Sawtooth forest areas. (Times-News photo)

TREES WHICH now 80's, probably were as such as this one, half day are seldom visitors.

STAIRWAY leads to abrupt dropoff at Shoshone falls. Twin Falls officials decided to fence the area before some unsuspecting tourist falls. Inspecting the fence is Howard Johnson, city parks director. Visitors to the famed falls still climb over the fence or walk around to reach the abandoned stairs. (Times-News photo)

HOLDING HAGGING FENCE erected to keep visitors off a dangerous overlook at Shoshone falls is Howard Johnson, director of city parks. The fence was erected to protect visitors. The fence had been up one week when the picture was taken. Although a perfect access is established path to block it completely, visitors simply walk around the fence. (Times-News photo)

Hazards at Shoshone Falls Fenced By City, but Visitors Ignore Wire

The unusual amount of water going over Shoshone Falls a few weeks ago brought scores of residents and tourists alike to the famed "Niagara of the West." It also brought to the attention of city officials certain hazards involved in viewing the falls.

For the most part Magic Valley residents are accustomed to driving down to the falls and climbing out on the various outcroppings and constructed viewpoints to look and snap pictures. In recent years, however, the area has become well known as a camping spot and a stopover for tourists. The park area around the falls is a city park. It is maintained by the city and to a limited extent the city has certain responsibilities.

A few weeks ago when the flow over the falls was attracting thousands of viewers, city officials began looking around. Howard Johnson, city parks director, said city officials became concerned when it came to their attention that an accident at the falls was quite likely.

Many residents and tourists would climb out on viewpoints all along the area over footpaths already trampled down by years of use. One viewpoint in particular brings the visitor directly over the rim of the falls. People simply would walk out on the point which is located just upstream from the constructed viewpoint. A close examination revealed that in some places the path was only a foot wide and

clung precariously to the side slope. A misplaced step could plunge the viewer down a drop estimated to be 50 or more feet onto the rocks, water, the falls and certain death.

The inspection by Johnson and other city employees also revealed that much has been taken for granted for a good many years. For example, the walk around the west end of the concession stand was inspected. The rock retaining wall, constructed by the WPA back in the 30's, is cracked and the ground around it is cracked. There are definite signs of collapse. The walk leads to the start of a staircase originally designed to come out on the floor of the canyon.

The staircase was constructed only part way. It ends in a drop of well over 100 feet straight to the canyon floor.

Actually, Johnson believes the city has been most fortunate that no deaths have occurred in recent years from a fall. But with more and more people using the area the possibility has increased. Thus in a move to protect citizenry and the unfamiliar tourist, the city began fencing this dangerous area.

"When we speak of visitors to the falls we speak of thousands of people," said Johnson. "The total figure could exceed a quarter of a million visitors," he added. He pointed out more than 300 campers have used the area this year. It is not uncommon for two or three trailers to spend

Pocatello Firm Given Contract For Burley Unit

POCATELLO, Aug. 1 (UP)—The Pocatello firm of Cedric Allen architects has been awarded a contract to design a new post-office at Burley.

Sen. Frank Church, D., Ida., and Rep. Ralph R. Harding, D., Ida., announced today that the drawings will be prepared by the spring of 1965. Estimated cost of the new postoffice is \$212,000.

"The entire facility will be enlarged," Cedric Allen said today. "We are designing an addition that will double the size of the building."

Bids will be called shortly after completion of plans next spring.

Johnson sums it up by saying, "The barn door was locked before the horse got away. In the meantime the horse insists on kicking down the building."

RUTH K. JONES for COUNTY TREASURER DEMOCRATIC TICKET

- Your present COUNTY TREASURER.
- 22 years of business-office experience.
- 18 years Deputy County Assessor of Twin Falls County.
- Lifetime resident of Twin Falls County. Graduated from Kimberly High School. Attended Twin Falls Business University.
- The daughter of the late Mr. O. A. Kimpton and Mrs. Kimpton, pioneer farmer of Kimberly.
- Qualified to represent TAXPAYERS interest.
- A widow.

Your continued support will be appreciated.

Group Seeks Protection of Trail Country

EUGENE, Ore., Aug. 1—Formation of a new national committee to work for the protection of hiking and riding trails was announced in the Northwest today. The committee will be known as the National Committee for the Protection of Trail Country.

The group's goals are to: (1) secure the integrity of local, state, and federal riding and hiking trails and wilderness trail country from the encroachment of two-wheeled vehicles and other machines; (2) protect the basic trail systems against severance by roads, highways and other developments; (3) promote adequate standards of trail maintenance and construction that are in harmony with values of the outdoor wilderness experience.

The committee will serve as a clearing house for information on trail problems and will promote cooperative action between existing hiking, riding, and other outdoor organizations.

The regional chairman of the committee in the Pacific Northwest is J. Michael McCloskey, 308 Tiffany building, Eugene, Ore. The national chairman is Fred Elder, Santa Barbara, Calif. Northwest directors include Dr. Karl Othman and Dr. Richard Noyes, Eugene and Harvey Manning, Seattle.

Elder explained that the committee's principal purpose is to curb the vehicle invasion of some of the remaining trail country that lies outside the nation's specially classified wilderness areas.

"This undisturbed wilderness is being overrun by roads at the disastrous rate of a million acres a year. Another major threat to the trail country is the construction of remote back country in the newly designed low-geared motorcycle and scooter that is driving up the trails at the end of the road to penetrate the heart of the last small strong-hold where hikers and horsemen have found refuge from city exhaust and noise."

Adjustments Needed for Moon Clock

PHILADELPHIA, Aug. 1 (UP)—What time will the first Earth men on the moon go by?

That's perhaps a silly question, but there is a real problem—at least as top scientists see it—in getting a man from Earth adjusted to time on the moon.

Man has had a biological clock built into him since his evolution. As he goes about his daily activities, his metabolism is geared to a 24-hour day.

Space medicine doctors are concerned with the lunar explorer's ability to adjust to conditions in which day and night, as we know them on Earth, do not exist. For most of us, daytime and nighttime regulate our activities.

How will man adapt himself to conditions on the moon where one lunar day equals 29 1/2 Earth days?

A "moon clock"—adjusted so that time on the moon can be computed exactly into the same period as time on Earth—is the answer, in the opinion of Dr. E. C. Levitt, director and director of Philadelphia's Felix Planetarium.

He took his theories and calculations to Martin M. Decker, chairman of the board of the national aeronautics association and president of the Decker corporation, Philadelphia.

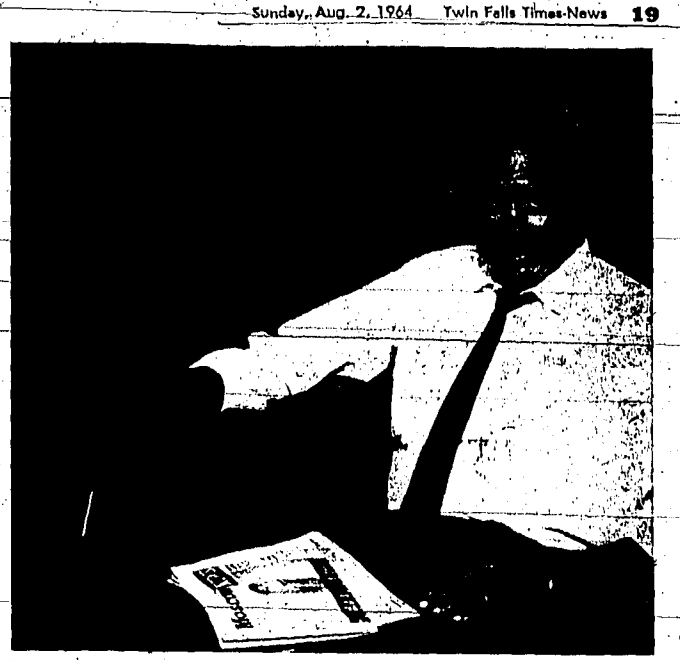

Decker built the moon clock, a two-dial device showing the Greenwich time on Earth and the local time for a particular point on the moon.

The position of the sun at any moment, even when it is below the horizon during the lunar night, is shown on a scale which marks off the 29 1/2 lunar days to one Earth day.

A calendar is incorporated in the clock to show the date on the Earth which will also be considered the date on the moon.

Decker thinks the United States will be the first nation to reach the moon, and "we will be up there within the next two or three years."

"Man will reach the moon very shortly and will live on the moon the same as we have on the earth and the North Pole," he predicts.

BROWNING THROUGH Russian newspaper is L. J. Keating, management executive, Williams-Overland Motors, Kaiser corporation, Sao Paulo, Brazil. Keating visited Moscow and several other European cities prior to a visit to his sister's farm near Murtaugh. (Times-News photo)

Kaiser Executive Includes Several Stops on Journey to Magic Valley

MURTAUGH, Aug. 1—At best the flight from Sao Paulo, Brazil, to Magic Valley is long, but the tourists tell them, but they appear interested, said Keating.

If one were to measure the difference in production methods it could be called minor differences. For example the Russians are "messy" in their work, but their workmanship, however, isn't messy.

In an American operated plant the smaller tools are picked up and cleaned off. In Russia, the tools are to let them clutter and get dirty. They haven't learned the value of a swept floor or preventive maintenance. It is basically the little things that spell the difference.

Keating noticed no real shortages of anything. Stores had stacks of food and clothing, but they are priced out of the reach of ordinary people. Quality in many of their manufactured items is missing, but as Keating pointed out it is far better than anything they have ever experienced. Moscow is alive with new projects, but as he pointed out, that was Moscow and he didn't get to see too much of the adjoining area.

Much to his surprise he was allowed to take pictures anywhere and he had several kind words for the official Russian travel agency, "Intourist." They were quite helpful in securing tours and meeting dates. In some cases they acted with more haste and accomplished more than many American agencies.

While Keating pointed out that activity was stirring in Moscow, it didn't compare to the hustle, bustle and growth going on in Sao Paulo. Sao Paulo is Brazil's largest city.

"Kaiser corporation is one of the American companies that is pioneering in Brazil. The corporation, as established in Brazil, is not fully one hundred percent American owned. Much of the ownership is in the hands of the Brazilians. The home ownership helps stabilize the business situation in Brazil. Over 10,000 people are employed at the Sao Paulo plant and another 20,000 people are employed in associated industries.

At the present time 10 vehicles are manufactured in Sao Paulo. The anti-American feeling is at a minimum in Brazil. The Brazilians have learned that in order to grow and prosper, capital is needed.

The number one problem in Brazil is stabilizing the money system. Inflation has hurt the economy to an extent, but Keating feels the present government is taking action to end the situation.

Keating pointed out that Kaiser is rapidly replacing many Americans in the plant with trained Brazilians. However, current expansion programs are making it necessary for many Americans to stay on in other or additional duties.

As for Castro, the Brazilians for the most part are anti-Castro. There are small student movements and demonstrations for and against the bearded Cuban.

Being a student in many South American nations is almost a lifetime profession. Keating pointed out that one student leader there is over 42 years old.

The company allows Americans to remain for a three month leave after three years' service with the company. A few days of the vacation were spent in Murtaugh where the Keating children had an opportunity to do some horseback riding and frolic on the Williams farm.

RE-ELECT CHIEF JUSTICE

EMERY T. KNUDSON TO THE IDAHO SUPREME COURT NON-PARTISAN BALLOT

Emery Knudson has had an outstanding legal career as a gifted practicing attorney in Idaho from 1921 to 1958, when he was elected to the Idaho Supreme Court. He has proven himself to be a distinguished justice and Chief Justice of Idaho's highest state tribunal.

Emery Knudson was born in Kootenai County, Idaho, graduated from Coeur d'Alene High School in 1914 and received a Bachelor of Law degree from the University of Idaho. He is a Navy veteran of World War I, a past President and served three years as Commissioner of the Idaho State Bar Association.

He has been formally endorsed by official action of a judge's severest critics, the lawyers of Idaho, members of the Idaho State Bar Association.

IDAHO NEEDS JUSTICE KNUDSON

Paid Pol. Adv. 4th and 11th Judicial Bar Assn., Howard E. Adkins, Pres.

England's Mail Order Empire Folds

LONDON, Aug. 1 (AP)—The little man with the thin face and the wavy beard always has looked the dramatic. Like cowboy films, and—thinking—big, and playing lute.

And making money. A few years ago, John Bloom, the clerk, once a salesman of pots and pans, wondered why a block like himself couldn't buy a few washing machines cheaply in Holland and sell them to housewives through the mail. No one had ever sold them like that before.

Bloom placed a "cut out the coupon and mail" advertisement in a newspaper to test his hunch—and got 7,000 replies. He became a success over night, and took over the Rolis Razor company and started making his own washing machines. And a millionaire John Bloom, he went into a boat with butter and eggs will be taken for hatching.

He had a yacht at Monte Carlo, two limousines, a plush apartment with butler and cook, a pretty young wife and a host of admirers. "He has a fantastic brain," they said. And "he's electric."

His faith regard for the profit motive was evident early in life when he was brought up on charges of running a cheap bus service on his own for fellow alms in the royal air force. But the judge dismissed the charges, remarking: "It's no sin to make a profit."

And for Bloom the profits came quickly.

At 32 John Bloom's face appeared almost as often in the British press as the Beatles.

The story of the David who took on the Goliaths of the industry, the real-life hero born of humble birth touched the nation.

Then cash. Rolis' profits for 1963 were \$3,348,000, an increase of \$1,001,400 over 1962. But the profits of Bloom's empire were explained, began to drop. Next they nosedived from 47 shillings (\$6.50) to about one shilling (14 cents) each.

Bloom reduced his staff, cut his own salary and that of his top aides and tried to merge with a major rival. He held a series of hurried and secretive meetings with banks, brokers and creditors. But to no avail.

Stocks continued to slide. Five members of parliament demanded the government open an official inquiry into the tangled affairs of the Rolis Razor company which was once valued on the stock market at 13 million pounds (\$6.4 million dollars) and slumped in total "paper" value to 100,000 pounds (\$4,000,000).

Finally, the company went into liquidation.

To date, no one has pinpointed the reason for this fall. But as the financial editor of the London Daily Mirror said, "It was because Bloom had not been able to find a brilliant idea to match his first."

Throughout it all, Bloom's pretty wife Anne, 24, once a secretary, stayed by his side. "He never ceases to amaze me," she said.

but the problem is being complicated now. The third, or Hells canyon reservoir will be under way in 1967, according to present plans. Leon Murphy, fish and game department river basin coordinator, says the incubation and rearing facilities for salmon and steelhead at Oxbow and Rapid river followed orders by the federal power commission for experimental programs to perpetuate the fall—a plan in which chinook runs in the Snake river below the Hells canyon dam, and to transplant at least part of the spring spawning runs to another river drainage.

Following the conclusion of the war, Koutnik completed his education at the University of Idaho, graduating with a degree in business administration.

Since his completion of college he has returned to several schools taking refresher courses and special study courses. He claims he is sort of an education nut. He believes that a few weeks on a campus enables one to get the tone of the newer thought trends and ideas. He has attended the University of Southern California, Idaho State university, Utah State university and Stanford.

Following graduation he moved to Texas. During the war he met his wife at Rowell, N. M. Her home was originally Dallas. They were married Feb. 12, 1944.

For the next year or so he managed three theaters in Odessa, Tex. He decided that the opportunity to advance himself was too limited.

Early in 1948, he moved to Boise and went to work for the Prudential Mortgage Loan company. Shortly after assuming duties in Boise he was transferred to Twin Falls. He is currently employed as a reviewing appraiser for the company covering most of central Idaho and Nevada.

In addition to working for Prudential, Koutnik also manages the American Legion hall. He is also involved in several private property transactions. He says he is no real estate broker, he just likes to speculate.

MAGIC VALLEY PORTRAIT . . . Non-Conformist Is Best Expression To Describe Resident of Twin Falls

If it's true that variety is the spice of life, then L. James Koutnik is a well-seasoned resident of Twin Falls. Since his arrival in Twin Falls in 1948, he has risen to be one of the more well known residents of the community. He has also contributed considerably to community growth and development.

If one were to try and single out Koutnik's most outstanding trait, it would have to be his individuality.

"Enjoying an individualist, a non-conformist and supporting what I think is right," said Koutnik. He's not the type of individual that is a non-conformist simply to be a non-conformist. He works individually for projects or tackles problems as a member of group, committee or organization.

Koutnik maintains an active interest in a number of clubs and organizations. In addition he has served on countless groups and other organizations. His reason for this activity is that he likes to get things going or get something finished.

At the present time Koutnik is devoting most of his time to his two main interests—flying and the Republican party. He is a member of the Idaho delegation which attended the recent national convention in San Francisco.

He describes himself as an ardent Republican. Although he is a direct party worker, he has no ambitions in seeking an office other than offices within the party. He is a precinct committeeman and a state committeeman.

He has great faith in the American political system. A person with a thin skin has no place in politics. To say he doesn't take his politics seriously is a misstatement.

However he doesn't let commitments get under his skin. He can sit down and chat in a positive and constructive manner with members of the opposition and get up from the table to continue the campaign. He doesn't believe in political enemies; they are opponents.

His other main interest is flying and has been since he enlisted in the United States army air corps in 1942. He holds a commission as a major in the air force reserves.

L. James Koutnik was born June 20, 1921, at Port Dodge, Ia. When he was 2-years-old the family moved to Nampa, where he attended public schools and started his college education at College of Idaho. That was in 1941.

In February of 1942 he was a flying cadet in the air corps. For a time he served as an instructor and then came a combat assignment with a B-29 group over Japan.

During one of the fire raids on Japan, Koutnik, serving as an aircraft commander, was shot down and the plane crashed at sea. After a day in the water he and his crew were picked up by the Navy.

Following the conclusion of the war, Koutnik completed his education at the University of Idaho, graduating with a degree in business administration.

Since his completion of college he has returned to several schools taking refresher courses and special study courses. He claims he is sort of an education nut. He believes that a few weeks on a campus enables one to get the tone of the newer thought trends and ideas. He has attended the University of Southern California, Idaho State university, Utah State university and Stanford.

Following graduation he moved to Texas. During the war he met his wife at Rowell, N. M. Her home was originally Dallas. They were married Feb. 12, 1944.

For the next year or so he managed three theaters in Odessa, Tex. He decided that the opportunity to advance himself was too limited.

Early in 1948, he moved to Boise and went to work for the Prudential Mortgage Loan company. Shortly after assuming duties in Boise he was transferred to Twin Falls. He is currently employed as a reviewing appraiser for the company covering most of central Idaho and Nevada.

In addition to working for Prudential, Koutnik also manages the American Legion hall. He is also involved in several private property transactions. He says he is no real estate broker, he just likes to speculate.

He is president of the Idaho Society of Review appraisers and a member of the Idaho Pilots association. He was a former liaison officer for the Air Force academy, just to name a few of the community positions he has held or is holding.

The Koutniks reside at 16 Fremont street. The two Koutnik boys, Gary Wayne, 8, and Don, 4, keep their father more or less busy when at home.

Koutnik's recreation includes fishing, skiing, and a regular Tuesday night game of cards. One night, include politics as part of his recreation.

He is a great believer in the American political method. You're going to be worried about your feelings and what people might think of you then get out of politics, but if you're a little thick skinned, can take the bad with the good, expect victory and defeat and can win every day with one group or people to benefit the community and still oppose them on other issues and yet retain good friends, then politics might be as good as it is for L. James Koutnik.

L. JAMES KOUTNIK

North Idaho Man Gains Bar Backing

BOISE, Aug. 1 (AP)—James E. Knudson, 67, is seeking a second six-year term. He was elected to the court in 1958 and became chief justice in January, 1963, under the court's provision for rotation of that post.

It appeared he would be re-elected, but he drew a last-minute rival in Frank L. Benson, former Democratic attorney general.

Benson has said he will file a lawsuit in federal court contending that a pay increase granted Knudson and other justices during his term of office is unconstitutional.

The bar endorsement was voted during the group's annual convention last month at Sun Valley. Its resolution said he had given "distinguished service" to the court and "has the confidence of the citizens of the state and the respect of the Idaho State Bar."

ATTENDS JAMBOREE KING HILL, Aug. 1—Hans Knux has returned from his trip to the Boy Scout Jamboree at Valley Forge. He was sponsored by the Glenns Ferry Club and a member of the Glenns Ferry Boy Scout Troop 26. He is the son of Mr. and Mrs. W. W. Knux, King Hill.

Society of Review appraisers and a member of the Idaho Pilots association. He was a former liaison officer for the Air Force academy, just to name a few of the community positions he has held or is holding.

Movement of Salmon Spawning Beds to New Areas Is Top Project in Idaho

BY JIM HUMPHREY

Idaho Fish-Game Department

BOISE, Aug. 1—The fisheries division of the Idaho fish and game department is attempting to transfer at least part of the spring spawning chinook, which historically used the Weiser river drainage, to the Rapid river, and to perpetuate fall spawning chinook salmon below the company's Hells canyon hydroelectric development projects. (Fish-game photo)

MEN SMOOTH CONCRETE to form part of outdoor raceways for fingerling salmon at the new Rapid river fish hatchery facility, built by the Idaho Power company and turned over to the Idaho fish and game department for management purposes. Behind low wire fence in background is adult holding pond for chinook salmon trapped and transferred from the company's Oxbow hatchery facilities in the Hells canyon reach of the Snake river. Working together, the Idaho Power company and the fish and game department are attempting to transfer at least part of the spring spawning chinook, which historically used the Weiser river drainage, to the Rapid river, and to perpetuate fall spawning chinook salmon below the company's Hells canyon hydroelectric development projects. (Fish-game photo)

they will be reared outside the hatchery in raceways until they are 12-15 months old. Then they will be released directly into the Rapid river, without any further handling.

The hatchery is designed to raise 600,000 chinook fingerlings to a size of 10 to 12 inches. Young fish are expected to be about six inches long when released into the river to begin their long migration to the ocean. Studies are under way to learn when natural downstream migration begins in the Rapid and Little Salmon rivers. Spring chinook and steelhead trout have used these waters for natural spawning for centuries.

Some 350 spring chinook salmon were placed in the holding pond of the newly completed hatchery in May. They are expected to "ripen" during late August or September, and the eggs will be taken for hatching.

Paul Cuplin, hatchery supervisor for the Idaho fish and game department, says that a similar experimental program is under way at the Oxbow dam facilities. Idaho Power company built the hatchery, adult holding ponds and raceways, but the department is responsible for the operation. This program began in 1961 when eggs were taken from fall chinook salmon, which normally would spawn in the Snake river below Swan falls during October and early November.

Adult fall chinook salmon are collected in the Oxbow fish trap, held in the adult ponds until "ripe," spawned and the eggs incubated during the winter.

The fingerlings were reared last spring in six new raceways and about one-half million were released directly into the Snake river in June. These were about two-three inches long when they started their downstream trek to the ocean nearly 600 miles away.

The purpose of the Oxbow hatchery and fish trapping-rearing program is to maintain as many Snake river fall chinook spawners returning to that point as possible. "Transporting" salmon around the two dams has been discontinued because downstream passage through the big Brownlee reservoir proved unsuccessful.

Following the work is continuing on the third hydroelectric dam in this Hells canyon system about 25 miles below Oxbow. The first water diversion or fish block is expected to occur next year. Dam waters from the lower Hells canyon dam will reach Oxbow. What then will happen to the Snake river salmon hatchery-rearing facilities is unknown.

Dam waters from the lower Hells canyon dam will reach Oxbow. What then will happen to the Snake river salmon hatchery-rearing facilities is unknown.

Adult fall chinook salmon are collected in the Oxbow fish trap, held in the adult ponds until "ripe," spawned and the eggs incubated during the winter.

The fingerlings were reared last spring in six new raceways and about one-half million were released directly into the Snake river in June. These were about two-three inches long when they started their downstream trek to the ocean nearly 600 miles away.

Deaf Child Star of Television

HOLLYWOOD, Aug. 1 (AP)—Eleven-year-old June Tread made her acting debut in a "Ben Casey" episode recently and the little girl didn't hear it.

June is deaf. Has been since she was 23 months old.

Bling Crosby's production company hired June and seven other deaf children for the "Casey" episode. All the children are students at the Mary E. Bennett School for the Deaf in Los Angeles where they are taught to lip read and to talk.

Little June, working in scenes with "Casey" star Vince Edwards and Dane Clark, turned in a credible acting job—a performance which had some of the show business types on the set close to tears at times.

The show's director, Marc Daniels, who has lost part of his hearing, said it would have been difficult to use a normal child actress for the role.

"I don't know how you would get a child actress to give you the sound of these children and their state of mind," Daniels said. "You've got to remember that these children don't know the sound of the human voice. They've never heard it. This child is not acting, she's playing herself."

Robert Cole, national president of the parents section of the Alexander Graham Bell association for the Deaf, was technical adviser for the episode.

The adult holding ponds have a 350-fish capacity. Salmon are held until the eggs are "ripe" late in August, then spawned and placed in the hatchery. When fingerlings reach the "fry" stage,

NEW METHOD of inshore transportation is tried by Mr. and Mrs. Robert Tucker, operators of the Redfish lake lodge, in Sawtooth valley over Galena summit. The "dream boats" are proving popular with the small fry. (Times-News photo)

Local Couple Becomes Part, Parcel of Redfish Lake Area After Five Seasons

REDFISH LAKE, Aug. 1—Robert and Evelyn Tucker, Twin Falls, are, after only five seasons, becoming part and parcel of the Redfish lake country in Sawtooth valley.

The husband-and-wife, who for years "labored" in the grocery and later the dry cleaning business in Twin Falls, one day decided that city living, year around, was for people other than them.

One thing led to another and they both ended up managing this popular mountain lake resort which each year attracts thousands from over the United States.

Tucker came to Bull from Nampa in 1929 and graduated from high school there. Later he became manager of the Safeway store in the same town and then, in 1944, moved to Twin Falls where he opened his own business at Five Points west. It was a grocery store and he operated that, with the aid of his wife, for six years.

It was then that he entered the cleaning business and remained in that for 10 years. He still owns the plant in Twin Falls, but it is now operated by his son, Dwight, while he and his wife are busy at this resort center.

His idea to get away from the city came when he was salmon fishing in the Sawtooth valley area. He spotted another place for sale and did some investigating.

About that time, however, three men were making a study of the same idea and Tucker heard that one of them—namely Robert Colner, Twin Falls—was interested in the purchase of the Redfish lake property.

The two got together, along with Mel Jensen, Twin Falls, and Arthur Harshbarger, a former Piler resident now living in Whittier, Calif., and as a result details were quickly settled.

The Redfish Lake Enterprises, Inc., firm was formed and the four became partners.

Tucker, with that mountain living-in-the-back-of-his-mind, gladly accepted the post as manager and the die was cast. His wife took over management of the grocery store and trading post and the project got under way.

"One thing is funny about this setup though," Tucker laughs, "I get to fish only about one-tenth of the time now than I got to fish before I came up here."

Season at the resort starts June 1 and runs through Sept. 7

but Tucker and his wife, as well as some of the staff, usually get in to stay as soon as the road is plowed out of the snow and remain until Nov. 15.

"My wife and I like to be in the first car in in the spring and the last car out in the fall," Tucker said, although he admits that because one boy is still in school in Twin Falls his wife usually travels home right after Labor day.

There are 24 employees in the Redfish operation, records show. Facilities offered include Redfish lodge, cabins, boats, trailer parking, a marina and a general store. The marina, for instance, has one of only two systems in Idaho which automatically mixes the correct amount of oil and gasoline for any motor.

Always on the lookout for something new along resort entertainment lines, Tucker recently purchased two water carriers called "dream boats." They are propelled by leg power and carry two persons.

Movement comes by means of a paddle wheel in the rear. He thought that the contrivances would be popular but he was borne out when they paid for themselves during the first three weeks of use.

Tucker points out that for about two months of the year Harshbarger comes up from Whittier and takes over the job as co-manager.

"He likes to get away from the city, too," Tucker said. Although his duties in season cramp his fishing style he does find more opportunity in the period between Labor day and mid November.

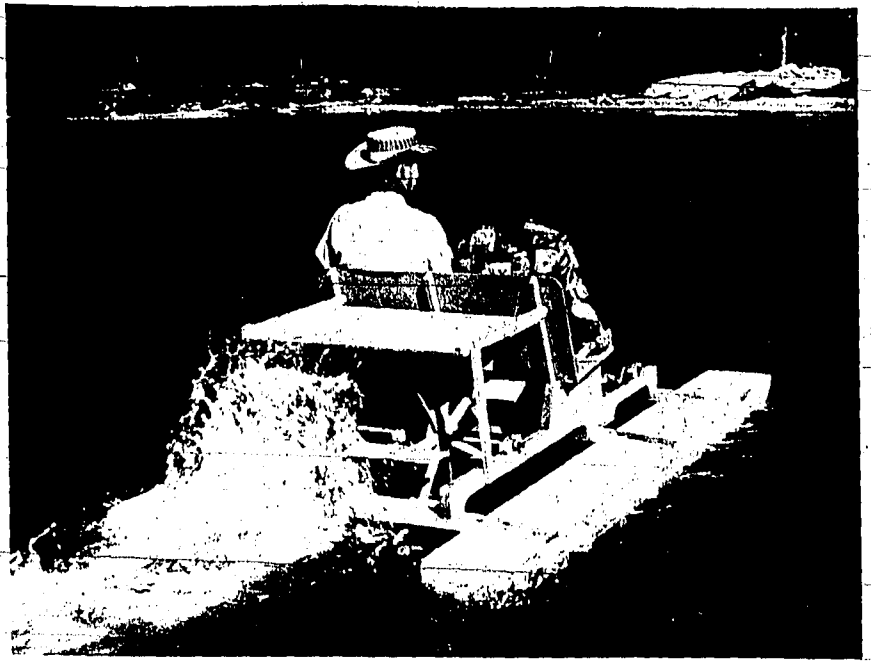

"Then this whole county is quiet and beautiful and you are practically alone," he said. "That's when I get in the things I cannot do in the summer so it all balances out. My wife and I think this is a swell way to live and we enjoy every minute of it."

An amateur camera fan, Tucker has assembled several color slide shows which he presents in front of the lodge four-nights a week. The other evening shows are presented by members of the Sawtooth forest staff.

These night shows are popular and prove that people are interested in the back country which many of them never get to see.

The last show attracted more than 200 to the grassy area in front of the lodge. They were people from all parts of the United States and they were anxious to learn more about Idaho.

Tucker and forest service officials see to it that this opportunity of learning more about Idaho is easy for tourists to do.

PADDLE WHEEL, of newest item of water transportation at Redfish lake creates a disturbance as passengers, Mr. and Mrs. Robert Tucker, pedal in unison. The new units, according to Tucker, have proved popular. (Times-News photo)

Benson Deep In Political Scramble

JEROME, Aug. 1 (U)—Frank L. Benson, Idaho's controversial attorney general from 1958 through 1962, is back on the election ballot, this time seeking a seat on the state supreme court.

Most of the time he was in office Benson had a dispute going with other officials, either in or out of the courts.

The same is true in this election campaign. He says he will file suit in U. S. district court asking for an order to bar payment to state supreme court justices of the salary increases voted them during their present terms of office.

Benson contends that the state Constitution forbids any increase in the salary of a supreme court justice during his term.

Justice E. T. Knudson, who he opposes, has said, however, that a supreme court decision on the question settled it, holding that the increases could be accepted.

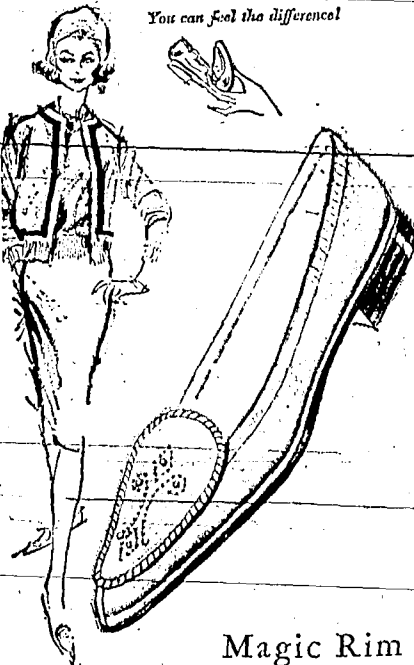

Benson says he thinks the federal court would reverse the decision.

With only two running, the primary election will decide who wins the supreme court seat.

The 60-year-old Benson often had cases before the court as attorney general, and lost most of them. At one time the court chastised him for what it called "unprofessional" conduct.

THREE AMONG MANY completing intensive course for Dilettante members enunciate as directed by Philip Keeler, right, head instructor in the ballet department at the University of Utah. Going through the practice period are, from left, Helen Gier, Howard Hagemeister and Mrs. Ivan Riqures. The two-week season ended Saturday night. (Times-News photo)

Two Swedish Girls Visit At Hailey

HAILEY, Aug. 1—Visiting at the home of Mr. and Mrs. Andrew Selander are the Selanders' granddaughter, Lalla Selander, and her friend, Anita Björström, students of Uppsala University of Sweden.

One hundred Swedish university students chartered a plane from Stockholm on June 21 to New York City for a visit with friends and relatives throughout the United States and to see how America lives.

They visited the Worlds Fair in New York and toured Boston and other places of interest. They attended a lecture on English exercise for good health.

FACTS ABOUT American youth are paramount in discussion as these two girls visit Hailey. Lalla Selander, left, granddaughter of Mr. and Mrs. Andrew Selander, Hailey, and her friend, Anita Björström, are both students at the Uppsala University of Sweden. They are enjoying a visit in the Wood river country. (Times-News photo)

300 Attend 4-H Judging Held at Filer

FILER, Aug. 1—Some 300 4-H club leaders, members and parents gathered at the fairgrounds Friday for the annual Filer Achievement day.

Olan Genn, 4-H county agent, termed the day very successful and praised Gene Sharp, 4-H council president, who supervised all activities.

Judging in beef, dairy, swine and sheep was held in the morning and horses in the afternoon.

Floyd Morrison, Murtaugh; Mrs. Harold Peterson, Filer; and Shirley Butler, Kimberly, gave evaluations in beef. Dennis Conrad, Castleford and Wilbur Van Zante, Twin Falls, judged dairy. Robert Blalock, Jr., Filer, and Rodney McCoy, Castleford, judged sheep, and Jerry Kruse, and son, Filer, judged swine.

Jay Cobb, Filer; Mrs. Roy Jeaser, Twin Falls; Nancy Light, Twin Falls; and Gladys Caudle, Twin Falls, evaluated horses.

The judges instructed the 4-H members in the details of fitting and showing of animals and answered questions in preparation for fair time.

Caroline Van Zante, Twin Falls, gave a dairy demonstration in the morning.

Agnes Hurst, home demonstration agent, stated the quality of the home economics exhibits was very good and the demonstrations excellent this year. She cited the ever increasing need for more leaders as there are always more youngsters interested in 4-H clubs but never enough leaders.

Mrs. Marvin Custer, Twin Falls, judged clothing exhibits. Mrs. Don Eldredge, Twin Falls, was in charge of the practice style revue, assisted by Mrs. John Burkhardt and Sue Loughmiller, both Twin Falls.

Mrs. Jack Shrophshire, Kimberly, and Mrs. Don Wavra, Ruhl,

Dilettante Study Course Series Ends

Two weeks of intensive training on "how to sell a song" was completed Saturday night by 35 members of the Dilettante group as they prepared for the 1964-65 season production slated for March of next year.

Instructors for the special course, which lasted for two weeks, with three hour sessions each night, were Philip Keeler, Salt Lake City, head instructor in the ballet department of the University of Utah and Mary Walker, Twin Falls singer and former Broadway musical comedy star.

Officers of the organization, which each year presents a nationally famed production featuring local talent, point out that the study sessions are held to aid in improving coming performances.

The Dilettante group now numbers more than 250 members scattered over Magic Valley and in other sections of Idaho. All

Politics Shows Rule Of Survival

WASHINGTON, Aug. 1 (AP)—Those who call themselves moderate Republicans are demonstrating the first rule of politics—the rule of survival.

This applies to the bolt of New York GOP Sen. Kenneth B. Keating and Jacob K. Javits from the GOP national ticket headed by conservative Sen. Barry Goldwater.

Both senators emphasized they were not bolting from the party, as such, but would campaign as state Republicans on their own platform rather than as members of a national party committed to a platform not to their liking.

New York City is so heavily Democratic that no Republican has a chance of carrying the state unless he is liberal enough to contain the Democratic majority.

Both Keating and Javits confirmed their long-held suspicions of impending defeat after returning home from the GOP National convention.

Keating checked-and-found-he-was-in serious trouble running on a ticket headed by Goldwater and the nominee's running mate, the equally conservative up-state New Yorker, Congressman William E. Miller.

evaluated the food exhibits and demonstrations. Mrs. Heber Loughmiller, Twin Falls, assisted.

participants in the production serve without remuneration and money raised by the performance goes either to the Twin Falls auditorium fund or for special scholarships for talented individuals.

Officers said that selection of the next production will come in about a month with initial rehearsals and casting coming shortly after the first of the year.

GOLDWATER

A Winning Team A Choice

KEITH SCHOFIELD SAYS:

"I stand four-square with Barry Goldwater and his dynamic conservatism. I respectfully ask voters of the second district to join in a tremendous grass roots movement, for this is the year of REPUBLICAN VICTORY."

"Agriculture is vital to the economy of this district. The Johnson administration has ruined the livelihood of sheep and cattle feeders by bargaining away their markets and supporting imports at a price detrimental to the American producers. I believe that these markets must be protected."

"The new WHEAT COTTON BILL completely disregards last May's Wheat Referendum which resoundingly showed farmers' disgust with Federal controls on farming."

"Continual government spending in excess of income robs our dollars of their purchasing power. I am convinced from personal experience in the Federal Government that billions of dollars could be cut from nondefense appropriations without impairing the effectiveness of the Federal Government."

ONE OF THREE special signs which tell tourists of the life habits of the salmon is pictured along the Salmon river north of Stanley. The three information signs are located at a spot where tourists can watch as female salmon dig holes in the gravel beds and lay their eggs. The signs were erected by Challis forest officials at the side of highway 93. A large turnout area is maintained there. (Times-News photo)

BELDOM NOTICED downstream side of famed Sunbeam dam in Stanley basin is a popular place for those family members waiting for fishermen to complete their stint on the precarious rock which stands at the side of the channel through which

salmon pass upstream. Women and children are much in evidence in this picture as they wait. The dam, a popular fishing spot, is on the Salmon river just above where Yankee fork enters the main stream. (Times-News photo)

Salmon Which Left Ocean Two Months Ago Being Caught in Stanley Area

LOWER STANLEY, Aug. 1 (AP) — Salmon which left the ocean more than two months ago are being caught by fishermen in this area and in sizeable numbers.

Cood catches are being reported all up and down this stretch of the river open to fishing. Some areas are closed at present because of spawning, but the main fishing areas will not be closed until Aug. 25. At this time all salmon fishing from the highway 93 bridge near Slate creek (in the Clayton area), upstream to where the Salmon emerges as a spring, will be through for the year.

Salmon fishing activities prove to be big business for residents up and down the river, and during the season the influx of Utah and California fishermen is noticeable.

Even after the salmon can be caught no more, fishermen still invade the valley in quest of trout. Fishing for trout in the river is a year-round affair.

Invading anglers are cautioned to check for sure which areas of the river are open for salmon fishing when they first arrive in the valley.

Joe Williams, operator of several businesses at this point, declares that every year some fishermen fail to see the posted signs or ask for information.

"Everyone in the valley along the river will not only tell visitors which water is open, but will also tell them where to fish," Williams declared.

Salmon fishing really came into its own on the Salmon river after the highway was paved from Ketchikan all the way to Salmon. Prior to that, the rutted gravel road kept all but the most hardy from bounding along to their favorite fishing holes.

Most of the fishing areas are in the Salmon and Challis national forests. Adequate picnic and camping areas are located along the length of the river and for those who do not wish to spend the night in a campground, many motel rooms are available.

The life-story of the salmon is an interesting one. After spawning the female salmon and the males which follow them from the ocean to the spawning beds in this area, die.

THIS FOR THE SALMON begins on the autumn day the egg is deposited in a sandy bed by the female. The eggs hatch in mid-winter and the small fish remain for about a year in the immediate vicinity of their birth. They then start the long swim to the Pacific ocean and, after a stay there of from one to three years, they return to the area where they were born to spawn and die.

These Chinook salmon travel from the ocean to the spawning beds despite hundreds of natural and man-made obstacles put in their path.

The swim from the Pacific ocean to McIlary dam, a distance of about 288 miles, is covered by the fish in about 34 days.

After 220 miles of river travel and about 60 days the fish has reached the city of Salmon. Sixty more miles and five days later the fish is at Challis and after about 71 days is at Lower Stanley—a distance of 855 miles from the ocean. The travel rate is about 12 miles a day and they have been known to travel by day as well as by night.

From the time they leave the ocean until they die they do not eat. They do not "bite" the bait offered them by the hundreds of fishermen who line their route.

Trial Set

SHOSHONE, Aug. 1 — Shuler Van Johnson, Dietrich, is being held in Lincoln county jail for trial on Monday before Probate Judge C. M. Wilson on a charge of lewd cohabitation.

He was arrested Thursday by Sheriff Thomas W. Conner.

CONNER HOME

KETCHIKAN, Aug. 1 — Mrs. W. W. Knox went to Boise this week after her daughter, Ann Knox, who underwent surgery at St. Alphonsus hospital last week.

"Kitty" of Gunsmoke To Marry

HOLLYWOOD, Aug. 1 (AP) — Amanda Blake has gone and got herself wrapped up in a romance that tops any of the script involving Kitty, the character she plays in television's "Gunsmoke."

Last June 15 red-haired Amanda met a handsome Arizona businessman for the first time and on Aug. 15—exactly two months later—they'll be married.

The man who swept the actress off her feet is Jason Day of Scottsdale, Ariz., and points west. He is rich, 30 years old, flies his own airplane and knows what he wants. Right now he

MANY SALMON end up in a smokehouse like this one operated by Joe Williams, merchant lower Stanley. Williams uses aspen as the smoke wood and it takes from two to three days properly treat the meat. Salmon fishing attracts hundreds to the Sawtooth valley-Stanley area each year. (Times-News photo)

wants to make Amanda Mrs. Day.

During lunch, Amanda happily displayed her nugget-sized diamond engagement ring. Day's eyes were on his fiancée.

"I've been a fan of 'Gunsmoke' for about five years," he said. "But I never thought much about Kitty one way or the other. Then last May I saw a picture of her in the paper and decided I had to meet her."

It took Day a month to make the connections.

The two had dinner together, chaperoned by Amanda's female press agent. Later that evening after Day had taken Amanda home she told her press agent, "I'm crazy about that man and I'm going to marry him."

ATTENTION!

STATE AND GENERAL AGENTS FOR HEALTH AND ACCIDENT HOSPITALIZATION AND LIFE INSURANCE

We are looking for a top-shelf man to represent our company in the state for Hospitalization, Sickness and Accident Insurance. The man we are seeking is now in the World A business but unsatisfied with his present company, due to lack of opportunity to expand. We want the man who won't be satisfied unless he can see \$50,000.00 or more, net income in three or four years from his agency.

From a company standpoint we are issuing policies that set, rather than meet, competition in our field. We offer the type of commission schedule that is conducive to building a second agency.

We are not looking for an employee, but we are looking for a self-employed, independent contractor who can fill the bill with 100% operation from the home office.

If you are the man we're looking for please give us a brief resume of yourself. Address it to the Minnesota Protective Association, 7 Hennepin Avenue, Minneapolis, Minnesota 55403. Attention T. K. Shaw.

Captain EASY

HERMANO WEAKES FROM SIDE TO SIDE TO TAKE ADVANTAGE OF ROJO'S PARTIAL BLINDNESS... THEN -

WHEN I RETURNED FROM DREAMLAND I WAS IN THE WIDE-OPEN SPACES BEYOND THE SUBURBS.

NOW I REMEMBER! HUGO THE WHEEL AND HIS PAL TRIS KELLY--

YOU LOOK PLUMB TUCKERED OUT, FELLER. WANNA LIFT?

YOU BET!

ROSY-FINGERED DAWN WAS REACHING FOR ME WHEN I GOT BACK TO MY HOTEL.

THANKS FOR THE RIDE!

I CAN'T FIGURE IT OUT! HUGO ASKED ME TO DO A JOB AND THEN SLUGGED ME--

READY TO GO TO WORK NOW, FLINT?

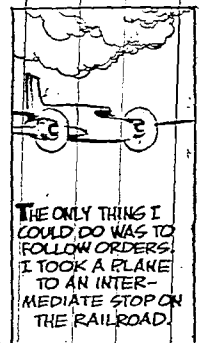

HUGO! YOU DON'T EXPECT ANY FAVORS NOW, DO YOU?

YOU'LL DO EXACTLY WHAT I SAY, SNOOPER. WE'VE GOT LIBBY LANG. ONE WORD OUT OF YOU TO THE COPS AND SHE GETS HURT! FIND JUDD BRETT!

HE PROBABLY LEFT THE PLANE FROM SOUTH AMERICA AT MIAMI AND IS COMIN' THIS WAY BY TRAIN!

THE ONLY THING I COULD DO WAS TO FOLLOW ORDERS. I TOOK A PLANE TO AN INTER-MEDIATE STOP ON THE RAILROAD.

HAD JUDD BRETT TAKEN ANOTHER WAY BACK, I'D HAVE BEEN OUT OF LUCK. BUT HE WAS ON THE MORNING TRAIN.

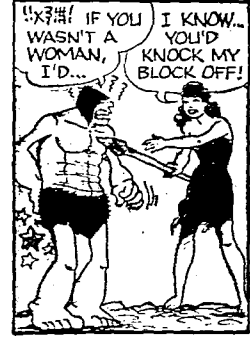

MY GOSH, OOP, ARE YOU GONNA STAND AROUND AN' LET THEM DO THIS TO YOUR POOR OL' KING GUZ??

WELL, GEE, GUZ, YOU BROUGHT THIS ON YOURSELF, YOU KNOW.

...BUT I'LL GO SEE WHAT I CAN DO! ALL RIGHT, ON YOUR WAY, HANDSOME! GET MOVING!

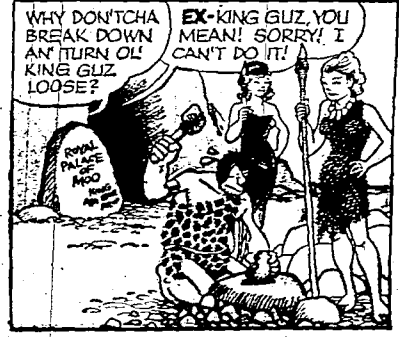

!!X?!! IF YOU WASN'T A WOMAN, I'D--

I KNOW... YOU'D KNOCK MY BLOCK OFF!

YEH? WHAT CAN I DO FOR YOU, OOP?

WHY DON'TCHA BREAK DOWN AN' TURN OL' KING GUZ LOOSE?

EX-KING GUZ, YOU MEAN! SORRY! I CAN'T DO IT!

MY GOSH, DON'TCHA THINK HE'S HAD ENOUGH? NO, I SURE DON'T!

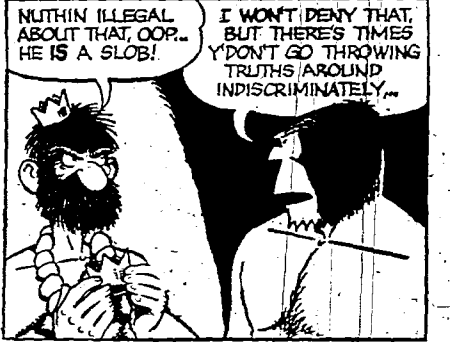

JUST 'CAUSE HE BENT UP YOUR CROWN A BIT?

OH, THERE'S MORE TO IT THAN THAT...

LYSEE, HE SET OUT TO EXTERMINATE ME

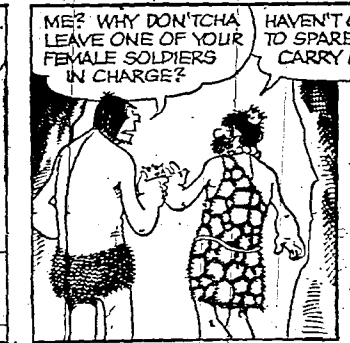

WELL, YEH, SURE HE DID, AFTER YOU CALLED 'IM A SLOB!

NUTHIN ILLEGAL ABOUT THAT, OOP... HE IS A SLOB!

...WHERE Y'GOIN'?

GOT A FEW THINGS TOO... LOOK AFTER THINGS HERE IN TH' PALACE, WILL YUH, BOY?

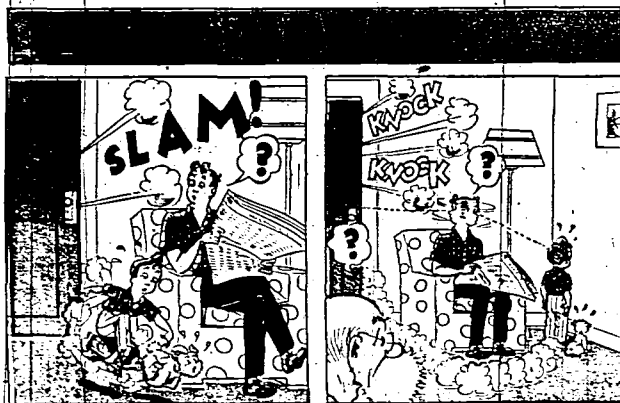

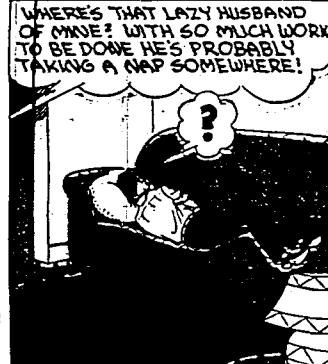

ME? WHY DON'TCHA LEAVE ONE OF YOUR FEVALE SOLDIERS IN CHARGE?

HAVEN'T GOT ONE TO SPARE, OOP... CARRY ON!

INTERESTING POLITICAL SITUATION... WHAT WILL THESE MONKEYS DO WITH IT?

THANKS TO
PAUL M. LAMING
