Greek Cypriots March Against Britons, U.S.

(See Photo on Page 10)

NICOSIA, Cyprus, Aug. 12 (AP)—Greek Cypriots demonstrated against Americans and Britons in Nicosia after Turkish air force jets made further reconnaissance runs over Cyprus today. Turkey said the jets were airborne before it received word of the U. N. security council appeal for all nations to quit flying over the embattled island and that it is suspending such operations "for the time being."

A placard-carrying crowd protesting to believe that the United States and Britain support the Turkish air attacks on Greek Cypriot positions in the Kokkina area battle last week-end paraded through Nicosia streets and massed outside the U. S. embassy.

"Murderers, get out," they yelled. "Get out, you sons of donkeys."

Protesters demanded: "Yankees go home. Britons go home." A dozen Greek Cypriot policemen headed by District Chief Michael Pantelides took up positions around the embassy. Pantelides eventually persuaded the demonstrators to move on.

In New York, the Cyprus delegation to the United Nations weighed reports of the day's Turkish flights over Cyprus, but there was no move toward a request for a new meeting of the security council.

A government spokesman in Ankara said the Turkish jets taken off before receipt of a request to all nations to stop flights over Cyprus. He said they were fighters ordered to photograph but not to attack or bomb Greek Cypriot positions or troops movements.

Greece charged that the Turks flew over the Greek islands of Crete and Rhodes, both Tuesday and today, and demanded that they quit it.

Premier George Papandreu's government warned Turkey that any further violations of Greek air space "would compel Greece to act accordingly."

Greeks Say Cyprus Chief Breaks Pact

ATHENS, Greece, Aug. 12 (AP)—Greece has accused Cyprus President Makarios of breaking his agreement not to order military attacks against Turkish Cypriots without consulting Athens, according to informed sources here.

Despite this rift with Archbishop Makarios, Greece Tuesday night promised "all its forces" to stand by the Greek Cypriots if Turkish attacks are renewed.

Tension slackened yesterday with universal observance of the cease-fire but tightened again today with a United Nations report from Cyprus that another Turkish air force plane reconnoitered the island this morning.

A Greek Foreign Ministry spokesman said Turkish Premier Ismet Inonu had sent a "constructive" message to Greek Premier George Papandreu yesterday urging accelerated peace talks on Cyprus.

The note was "under consideration," the spokesman said.

Informed sources said Makarios had promised during a visit to Athens three weeks ago to consult the Greek government before taking any military action.

THREE HELICOPTERS swoop down as they converge on a communist Viet Cong machine gun nest in jungle northwest of Saigon Wednesday. One of the largest helicopter assaults of the war was hurried Wednesday against a reported concentration of 2,000 to 3,000 Viet Cong in the jungle area. Ninety-six Vietnamese and U. S. army helicopters carried nearly 1,000 Vietnamese troops into the attack. (AP wirephoto via cable from Saigon)

Johnson Tells Lawyers About Rights Law and Asian Crisis

NEW YORK, Aug. 12 (AP)—President Johnson told the American Bar association today he will enforce the civil rights law and citizens must observe it—regardless of demonstrations in the streets and violence in the night. In a city where racial disorder erupted recently in Harlem and Brooklyn, Johnson pledged that: "We will not permit any part of America to become a jungle, where the weak are the prey of the strong and the many." While speaking of maintaining law and order among American citizens, Johnson also stressed in his prepared address that "we work for peaceful process among nations."

Johnson said, to help for the defense of freedom "because it was right that we should."

But he beckoned to America's allies to lend a strengthened hand and he upheld the administration's over-all policy in Viet Nam—a policy that has drawn the fire of Sen. Barry Goldwater, Republican presidential nominee.

Johnson took advantage of the forum the lawyers offered to restate principles and policies, and guiding the administration with respect to both Viet Nam and Cyprus.

It is our duty to the North Atlantic Treaty organization to which Greece and Turkey belong, to help prevent its disruption by a war in Cyprus.

He said it also is our duty to help avoid large-scale loss of life among Cypriots and to uphold the principle of peaceful settlement of disputes.

In South Viet Nam, through three administrations, Johnson said, the United States has had one consistent aim—the observation of 1954 agreements guaranteeing the nation's independence.

"That independence," he said, "has been the constant target."

Johnson said the constant target has been the constant target of the United States.

Under consideration were proposed regulations governing all public water supply systems, whether owned by a governmental agency or private business.

"Our primary responsibility, of course," said Dr. F. O. Carver, state health administrator, "is to protect the water supplies for our own residents. But it is essential, too, that we protect the water used by visitors to our state. If we are to assure the continued growth of tourism, some suggestions for changes in the proposed regulations were received at the hearing. Dr. Carver said the proposals of the state department of health, along with the suggested changes, will go to the state board of health for consideration at its November meeting.

3 Planes Sent

WASHINGTON, Aug. 12 (AP)—The defense department announced today that four huge air force transport planes are being sent to the air-locked Congo with "their own maintenance and guard personnel" aboard.

It was learned that there were 40 82nd airborne troopers, 10 other army men and 56 air force maintenance men aboard the planes. They are due in Leopoldville Thursday night.

Pentagon newsmen were given to understand that the 82nd airborne troopers would engage in no kind of operations in the Congo other than protection of American property.

Feeder Cattle Sale Slated For Jerome

JEROME, Aug. 12—A special feeder cattle sale will be held at 10 a.m. Saturday at the Jerome Livestock Commission company, sponsored by the Idaho Cattle Feeders association, reports Murray O'Tourke, Jerome, sale chairman.

Ed Arnold, Gooding, president, said notifications have been sent to all members of the feeder organization and to many livestock producers throughout the state.

Prank Thomas, manager of the local commission company, is handling cattle consignments and he reports interest by producers is high in this special feeder sale.

No-hat buffet dinner will be held at 6:30 p.m. Friday at the Jerome Elks lodge. Dancing will follow the dinner. The 10-day model in Jerome will be buyers' O'Tourke urges those who plan on staying overnight to make their reservations as soon as possible either with the motel or through the association's office.

Feeder buyers are potential buyers of Idaho-produced feeder cattle have been urged to attend the sale with more than 4,000 head of choice and quality feeder steers and heifers expected to be consigned.

In addition to the sale of feeder cattle, several feeders have indicated they will consign fat cattle to the sale, O'Tourke said.

The arrangement committee includes Russell Lindstrom, Paul, Joe Hansen, Wendell, Robert Fields, Gooding; Henry Jones, Eden, and Ralph Olinstead, Twin Falls.

The special sale will be a high-light of the four-day part-meat horse race meet which opened in Jerome today.

Boise Fireman Dies of Injuries Received in Blaze

BOISE, Aug. 12 (AP)—A Boise city fireman died today of injuries received in a fire which destroyed a furniture warehouse.

Boyd Hubbell, 40, a 14-year veteran of service with the fire department, died in a hospital without regaining consciousness. He was overcome while fighting a Monday night blaze which destroyed the warehouse adjacent to the Peterson Furniture company at 23rd and Fairview.

U.S. Pilot Killed in Plane Raid

XA BA HAO, Viet Nam, Aug. 12 (AP)—One of the largest helicopter assaults of the South Viet Nam war was hurried today against a reported concentration of some 3,000 communist Viet Cong in a jungle area. Ninety-six Vietnamese and U. S. army helicopters carried nearly 1,000 Vietnamese troops into the attack. Minutes after the assault began, a young U. S. army first lieutenant slumped dead at his controls. A 50-caliber armor-piercing machinegun bullet had passed through the windshield as the helicopter was making a strafing pass and pierced his heart.

"He was the seventh pilot in our class of 50 to be killed in Viet Nam," Capt. Robert Estes, Anson, Me., said.

Another armed helicopter, flown by Maj. Ralph Irvin, Redding, Calif., also was shot up badly but limped back to Saigon. Irvin and his crew escaped injury.

Every available helicopter in the southern half of South Viet Nam was rounded up for the operation.

But the morning started poorly. The helicopters and the Vietnamese air force fighters that were to have blasted rockets into the assault zone had to turn away when heavy ground fog rolled in.

It was nearly 9:30 a.m. before the operation got under way again.

"It's nice for the Viet Cong this was a bad day," said a spotter plane have given them fair warning. They've seen the U.S. PILOT, Page 2, Col. 6

None of the five Americans wounded in the explosion is in a serious condition, a U. S. spokesman said.

Negro, White Youths Go on Violence Spree

ELIZABETH, N. J., Aug. 12 (AP)—Negroes in Paterson and both Negro and white youths in Elizabeth went on violent apes last night in which gasoline bombs, rocks and empty bottles were hurled, store windows smashed and one store was looted. The scenes of the disorders were quiet today. The outbreaks began first in Paterson and, as order was restored there, flared up in Elizabeth. Both are major industrial cities in northeastern New Jersey. Elizabeth police said three cars carrying white youths roamed through the streets of a predominantly Negro neighborhood, tossing bottles. Negroes smashed a tavern window, police said, and a Negro man was charged with looting.

Paterson Mayor Frank X. Graves said today, "We have every reason to believe there will be further trouble. We are prepared for further trouble tonight."

In Elizabeth, acting Police Director Michael D. Roy said he did not believe the disturbances were racially motivated, but were the work of "a group of young guys out for a lark."

Police appeared to be in control in both cities.

Twelve separate incidents were reported in Paterson. At least three store windows were smashed.

Mayor Graves said a dozen Negro youths boarded a bus and smashed its windows.

Two fires were started in Elizabeth. A Negro man was accused of looting a clothing store and three white youths were arrested after they allegedly threw a bottle from a car. A Negro man was arrested in Paterson on a disorderly persons charge.

Paterson is about 15 miles west of New York city and Elizabeth is 25 miles south of Paterson.

Police said the trouble in Elizabeth began at 11:30 p.m. when a gasoline bomb burst on the sidewalk outside a closed tavern.

As three fire engines roared to the scene, a second gasoline bomb crashed through the window of the tavern and started a small fire.

Four persons were arrested in Elizabeth. A Negro man was accused of looting a clothing store and three white youths were arrested after they allegedly threw a bottle from a car. A Negro man was arrested in Paterson on a disorderly persons charge.

Paterson is about 15 miles west of New York city and Elizabeth is 25 miles south of Paterson.

Cool Snap in U.S. Brings Frost, Storms

By United Press International
A mid-August cool snap brought freezing temperatures to the Northern Plains today and set temperature records as far south as Oklahoma. It was 30 degrees at Marshall, N. D., and 32 at Wishek, N. D. Some small grain and corn crops were damaged by frost in the Dakotas. The mercury skidded to 33 at Glad Valley, N. D., and at Bismarck, N. D., the coldest reading for Aug. 12 at Bismarck. In Nebraska, a 42 at Grand Island and a 38 at North Platte were 10 degrees cooler than the previous low for the date.

Other records included North Dakota, 32; Omaha and Sioux Falls, S. D., 34; Concordia, Kan., 45; Goodland, Kan., 47; Des Moines and Springfield, Mo., 48; Topeka, Kan., 50; Wichita, Kan., 52; Kansas City, Mo., 53; St. Louis, Mo., and Tulsa, Okla., 54.

The weather bureau blamed the cold on a "winterlike" storm center swirling across the Great Lakes. It pushed swiftly southward to Texas and eastward to the Appalachians.

The cold front's advance triggered thunder and wind storms from the Midwest to Texas. High winds hit Michigan and heavy rain drenched the Ohio valley last night and today.

Snow fell at the 13,000 level in the La Plata mountains of southwestern Colorado yesterday.

But to the east and south of the advancing cold air temperatures remained hot and humidity high. It was 100 degrees at Miami, Fla., today.

Heavy rains swept ahead of the cold front into the Ohio valley. Charleston, W. Va., and Huntington, W. Va., all recorded more than an inch of rain during the night.

Severe thunderstorms at Cleveland caused power failures to 200 homes and left 300 homes without telephone service. Tornadoes lashed Grove City near Columbus, O., peeling a roof off a barn and blowing down tree limbs.

In charge of the canteen and luncheon were Mrs. Harold Holben, Mrs. Ed Morris, Mrs. Helen Perry and Mrs. Ernest Fields. Gooding city employees helped with loading and unloading.

Prophetess Has Surrendered to Rhodesia Troops

LUSAKA, Northern Rhodesia, Aug. 12 (AP)—Prophetess Alice Mashamba, mystical leader of the Catholic Lusaka religious sect, was captured today by Rhodesian troops.

The Northern Rhodesian government has reported 401 African killed and 344 wounded in its attempt to end the rampage of the Lumpa sect in the northern region of the country, 60 miles from Lusaka.

Goldwater Disavows Extremists at Meet

HERSHEY, Pa., Aug. 12 (AP)—Republican presidential nominee Barry Goldwater disavowed extremists of the left and right today, and promised, if he wins the presidency, to consult in advance with former President Eisenhower on appointments to key cabinet posts. "I seek the support of no extremists—of the left or the right," Goldwater told a closed-door summit conference of Republican leaders he had summoned here in a bid for party unity. Goldwater said he was confident there would be no "so-called extremist takeover of the party."

His statement was distributed in advance.

In it, he said that if elected president, he will consult Eisenhower, former Vice President Richard M. Nixon and other experienced leaders seasoned in world affairs before naming secretaries of defense or state, or any other key national security posts.

Goldwater said his foreign policy would be patterned upon Eisenhower's, and continued: "If all this amounts to an impulsive and trigger-happy action, I seek Goldwater, Page 2, Col. 4"

The deployment of the planes indicated "Zaire's determination to strengthen defenses against rebel attempts to capture more key cities following the fall of Stanleyville last week. There were reports of other rebel drive elsewhere in the eastern Congo. Communist-backed forces were reported advancing southward from Manono in northern Katanga after fierce fighting with Katanga gendarmes in which both sides suffered heavy casualties.

Tahombe has put off a planned visit to his former capital of Elizabethville until after the recapture of Stanleyville, the third largest city in the Congo.

Orval G. Hatley, BLM land office manager, said the withdrawal of the land is from operation of the public land and mining laws.

Withdrawn

BOISE, Aug. 12—Withdrawal of a five-acre tract on Bell mountain eight airline miles southeast of Bellevue, was announced today by the bureau of land management. It said it wanted the land as a site for a fire lookout and communications center.

Orval G. Hatley, BLM land office manager, said the withdrawal of the land is from operation of the public land and mining laws.

Planes Sent To Bolster Congo Forces

LEOPOLDVILLE, The Congo, Aug. 12 (AP)—Premier Léonard's government yesterday sent two fighter-bombers to bolster its forces in the eastern Congo to bolster local defenses against an expected attack by communist-backed rebels.

Reports from Bukavu, capital of rebel-infested Kivu Province, said a strong force of Gaston Soumialot's guerrillas was approaching the city from the west.

Filing of Writ Is Delayed in Olson Case

Filing of a writ of habeas corpus in the case of George Olson, charged with the Aug. 22 slaying of Keith T. Gates, Boise, was delayed Tuesday, but authorities in Boise said the writ was expected to be filed Wednesday afternoon.

Olson's attorney, Vernon K. Smith, Boise, was expected to file the writ charging that the defendant is being held illegally in Twin Falls county jail.

Smith alleged that the site of the shooting is not in Twin Falls and that Olson's arraignment in Twin Falls police court is therefore illegal. The city ordinance which annexes the area where the murder occurred, said Smith, is defective and thus void.

Eleventh district Judge Theron Ward granted a delay of the Aug. 17 trial date to allow filing of the writ.

Olson's ex-wife, Mrs. Anna Lee McKinnon, was wounded in the Aug. 22 shooting.

Congress Gives Final Okay to Food Stamp Plan

WASHINGTON, Aug. 12 (AP)—Congress gave its final endorsement today to the President Johnson's bill to sell food stamps at a discount to the needy for use like cash at grocery stores.

The food stamp plan is part of Johnson's anti-poverty program and stood high on his "must" list for passage at this session of congress.

The stamp program is an expanded version of one that has been tried experimentally in more than 40 communities.

Fair Season Continues as Gooding Opens Thursday

GOODING, Aug. 12—Magic Valley fair season continues this week with the Gooding county fair slated Thursday through Saturday. Two parades, one for adult divisions and the other for children, will kick off the fair Thursday.

The children's parade, under the direction of the Rotary club, is scheduled for 1:30 p.m. The adult parade at 2:30 p.m. will feature four divisions, commercial, organizations, comedy and historical. Three prizes will be awarded in each division, according to Clinton Abercrombie, chairman.

Judging was under way today at the Gooding fairgrounds on women's division exhibits and 4-H livestock exhibits were being entered. The 4-H style revue will be held at 8 p.m. today at the elementary school auditorium.

Judging will continue on Thursday and Friday a horse show is planned at 7 p.m. in the rodeo arena. Saturday quarter horse working event will be held at 1:30 p.m. with the 4-H awards assembly at 2 p.m. A rodeo is planned for 8 p.m. all three days of the fair with the 1964 queen to be selected Saturday. Cure for Corns Told by Doctor

NEW YORK, Aug. 12 (AP)—Painful corns disappear with injections of a spongy plastic between the corn and the bone underneath, reports Dr. Irwin Acker, Greensboro, N. C.

He told the annual meeting of the American Podiatry association yesterday. The plastic acts as a mattress or shock absorber that takes pressure off the afflicted area.

He said he successfully treated six corn sufferers with all-ene-rubber materials used in plastic surgery. The said pain stops the first day and the corn disappears after a few days.

Paul Players Participate In Football

PAUL, Aug. 12—Klopper Company and the Paul club are completing arrangements for 25 boys in the Paul area to participate in the Paul football league in Burley.

Klopper's is sponsoring the league and the Lions club is furnishing coaches. All are under 10 years of age and are asked to register at Burley's Soil-Building office in Burley by Aug. 15.

This is the first year Paul will enter a team in the league, which was organized by the Burley Kiwanis club in 1952. The first year 100 boys from Burley played, and because of a larger demand for expansion the Burley area was included the second year and approximately 200 boys participated.

Ed Kelley, general chairman for the league, said this year Burley, Declo, Heyburn and Paul are included and approximately 400 participants are expected. Darrell Darrington, registrar, reports that 52 boys signed on Monday, the opening day for registration. The registration fee of \$2 includes the boys' insurance. All boys should furnish their football pants, tennis shoes and practice jersey. Sponsors will provide helmets, shoulder pads and playing jersey.

Boise Chamber Sets Buhl Visit

BOISE, Aug. 12—The Greater Boise Chamber of Commerce is scheduling a goodwill tour to neighboring parts of Idaho with a visit slated in Buhl Sept. 16. It was announced today by local Chamber of Commerce officials. The Boise group is hosting a breakfast at 7:30 a.m. on that day in Buhl and has requested 25 local business leaders to be their guests at the event. Buhl Chamber of Commerce members who wish to be included in this list are urged to contact Lloyd Byrne, secretary, by Saturday.

CHECK FOR \$180 was presented Tuesday night to Mrs. Gladys Coxen, center, supervising teacher from the special education department of Twin Falls school district, during a dinner meeting of the Twin Falls Jay-C-Ettes in the Depot grill Caboose room. Mrs. Betty Grigg, left, Jay-C-Ettes' treasurer, is shown presenting the check. Mrs. Carmie White, right, was chairman of a fund-raising dance revue sponsored by the Jay-C-Ettes in cooperation with the Willis Dean Nielsen dance studio. Money raised by the dance revue will be used for items needed for extracurricular activities of students enrolled in the special education classes at Robert Stuart Junior High School in Twin Falls. YWCA Girls To Sign up For Camping

Magic Valley girls ages 9 through 14 will have their last opportunity to sign up for YWCA camp at 7:30 p.m. Wednesday at a health screening in the First Baptist church, 939 Shoshone street east.

The girls' camp will be held Aug. 15 through 23 at Cathedral Pines, 14 miles north of Kelso. Swimming will be at Easley hot springs. Girls will be leaving at 10 a.m. Saturday from the new "Y" building, 1751 Elizabeth boulevard, by chartered bus.

Mrs. Marvin Molyneux, camp director, explained that Y-Camp gives the girls an opportunity to

have a full camping experience while learning good sportsmanship and citizenship. A counselor will be available for each six girls and they do many activities as cabin groups, in addition to full camp activities. Parents are asked to attend the health screening with their children.

Mrs. Nixon Tours Norway by Bus

BERGEN, Norway, Aug. 12 (UP)—Mrs. Richard M. Nixon and her daughters, Patricia, 18, and Julia, 16, left Bergen today for a bus tour of Norway.

The wife of the former U. S. vice president and her children are to arrive in Oslo next Saturday. They'll visit Sweden and Denmark before flying back to New York City.

Two Heyburn Men Named As Trustees

PAUL, Aug. 12—Two local men have been appointed to the village board here to serve out the unexpired terms of Jake Heitz and Danus Wehler, who recently moved out of the village limits.

Arthur Ulrich, 44, lifelong Heyburn resident, and Frank Woods, 32, a resident the past two years, were appointed seats this month on the board.

Ulrich and his wife, the former Linda Munsee of Paul, reside in the Grove addition. They have a married daughter and two grandchildren. He is employed at the Mithdoka Lumber company and serves as a volunteer on the West End fire department.

Woods, who works as office manager of Blimpot Heyburn operations, his wife, the former Marilyn Green, Twin Falls, and their three children live in the Manning addition on Grove street.

Chile Breaks Relations With Cuba

SANTIAGO, Chile, Aug. 12 (AP)—Chile announced yesterday a break in relations with Cuba and agreed to impose other sanctions voted against the island by the Organisation of American States (OAS).

The announcement was made by President Jorge Alessandri who said the break will involve not only diplomatic and consular relations, but trade relations as well.

Chile had been one of four Latin American nations to maintain relations with Cuba, although that country was voted out of the OAS by the American family of nations, months ago.

The Chilean break will leave only Mexico, Bolivia and Uruguay with relations with Cuba. Last week, Mexico announced it would not carry out the OAS sanctions although, at least in theory, they were mandatory on all OAS member nations.

Boy Found in Refrigerated Railroad Car

HYALAND, Pa., Aug. 12 (AP)—The frozen body of an 11-year-old runaway boy was found in a refrigerated railroad car full of honeydew melons from California, police disclosed yesterday.

The victim was identified as Ramon Gutierrez, 11, son of Mr. and Mrs. Otilio Gutierrez, who live on a ranch outside Woodland, Calif. They have four other children.

The boy's fingers were streaked with blood and crimson spots dotted the inside of his sealed, rolling tomb, indicating he had made a desperate effort to claw his way out.

A fruit inspector discovered the boy's body Monday night when he opened the car at Hyaland, a suburb of Miami.

"There was no sign he tried to eat any of the melons," said detective Sgt. Ted Semanick.

The railroad car was part of a shipment from the Rose Valley Produce company at Woodland, Calif. It was dispatched on the 2,600-mile journey from the west coast on July 29, the same day young Ramon disappeared.

Yolo county Sheriff Lieut. Allen Walkers said Ramon, who was in a special class for slow learners, had run away from home the day before he became entombed in the car, but had been picked up by officers in West Sacramento and returned to his family.

The next morning he disappeared again and nothing more was heard of him until his body was discovered Monday.

Officials said he apparently climbed aboard the railroad car at Woodland, not realizing it would be sealed.

Dietrich School To Open Aug. 31

DIETRICH, Aug. 12—Dietrich schools will open Aug. 31, it was announced after the board meeting Monday. Donald Boyer, legislation, was hired as social science instructor and football coach.

A discussion was held on needed repairs for the roof of the newer addition of the building. Final arrangements for opening of school will be made at a special meeting of the board after Supt. Ray Briggs returns from summer school at the University of Idaho Saturday.

DOIRIE, Aug. 12 (AP)—Films of attractions in Idaho for industries and tourists have been telecast to approximately one and one-half million people. Most notable, said Louise Shaddock, head of the department of commerce and development, is that they were "all shown on requests from the stations where a proved audience interest in Idaho exists."

ARCO, Aug. 12 (AP)—A rioting that violence was involved in the death of a 17-year-old Arco youth has prompted an intensive investigation. An autopsy showed that Kent Reed died of asphyxiation from external pressure on his chest and neck. The sheriff's office said that accidental death by vehicle had been ruled out. Reed was found dead near Howe Friday after he had disappeared from a teenage party nearby 24 hours earlier. The Idaho state police have been asked for polygraph equipment and technicians to aid in the investigation.

POCATELLO, Aug. 12 (AP)—A 40-year-old man pleaded guilty to charges of embezzling money from two banks and an Idaho Falls woman claimed no contact in another embezzlement case heard in U. S. district court yesterday. Judge J. H. McInnis set Sept. 15 as sentencing date for both defendants. Richard Wayne Winters, 23, admitted embezzling \$224 in early 1963 while a bookkeeper at the Idaho Falls First National bank. He also pleaded guilty to taking \$1,054 between last October and April of this year while employed at the Blackfoot branch of the Idaho Bank and Trust. Reginald Reeves, his attorney, said Waters had made restitution to both banks and asked for probation. Mrs. Virginia Brown pleaded no contest to a charge of embezzling \$75 from the First National Bank at Idaho Falls between October of last year and this April. She was a teller at the bank.

IDAHO FALLS, Aug. 12 (AP)—The nation's first lady, Mrs. Lady Bird Johnson, will make an appearance Saturday at 1 p. m. at a fund-raising field in Idaho Falls on route to Jackson Hole, Wyo. This was the word received by telephone yesterday by Mayor E. Eddie Pedersen from U. S. Sen. Frank Church and U. S. Rep. Ralph Harbison. Also appearing on the outdoor rostrum besides Mrs. Johnson will be the U. S. Secretary of the Interior Stuart Udall, Congressman Harold E. Stump, Idaho Falls Mayor Pedersen and his wife, and a number of community leaders in Idaho Falls to make the event an exuberant Idaho-wide welcome to Mrs. Johnson.

BOISE, Aug. 12 (AP)—The state highway department has under advisement apparent low bids for four construction projects—two of them in the north of the state and two in the south. Holland Construction company, Billings, Mont., entered an apparent low bid yesterday at \$1,002,462 for construction of 2.281 miles of interstate highway between Pinehurst and Emmerville in Shoshone county. The other north Idaho job involved 8,738 miles of construction on the Worley-Herburn park road in Kootenai county. Apparent low bid submitted by Inland Asphalt company, Spokane, Wash., was \$70,532. Apparent low bidder for a 337.5 foot concrete bridge over the Boise river on the Strawberry Glen road west of Boise in Ada county was Watkins Construction company, Boise. The bid was for \$154,356. Nelson-Deppe, Inc., Nampa, submitted the apparent low offer, \$80,800 for eight miles of construction of state highway 71 from Cambridge northwest in Washington county.

Rupert Man Is Cited in Crash

RUPERT, Aug. 12—Walter B. Schroeder, 37, Rupert, was cited for improper backing after an accident at 1 p. m. Saturday on Sixth street in Rupert.

Schroeder backed his 1961 Chevrolet from a parking area into a 1957 Dodge driven by Aurelio M. Ruiz, 16, Wilson labor camp.

Rupert police investigating the accident reported \$25 damage to the right side of the Dodge and \$5 damage to the Chevrolet.

RUPERT, Aug. 12—Some 175 persons were honored Monday at the annual "Old Folks" party which was held at the Minidoka LDS Tabernacle, with David L. Garner chairman for the event.

The group met at the Wilson theater for a current movie, compliments of manager William Markland. Lunch was served at 12:30 p. m. in the cultural hall under the direction of the state Relief society with Bertha Durr, president.

Mrs. Emma McIntosh was awarded the prize for being the oldest woman in attendance. She is 93 and came to the Oakley area in 1981, from Grantville, Utah. Mrs. McIntosh lives in the geriatrics ward in Minidoka Memorial hospital.

James A. Handy, oldest man present, will be 90. He came to the Minidoka area in 1901. He has the distinction of being the first voter in Minidoka county, in the 1906 election.

Henschel's Rupert Floral department presented the prize for the oldest woman and Roper Clothing store furnished the prize for the oldest man at the party.

After the awards were given a program was presented. Barbara Ramsey gave a reading and a trio composed of Alonna Rice, Nancy Williams and Delores Smith sang two numbers.

Garner reported all persons in the area who are 65 or over were invited to attend the event. They said all persons were invited regardless of their religious association.

Rodney Hansen, state president of the LDS church, presided briefly and Leslie T. Harper gave the prayer.

Honor Court Is Held at Outdoor Meet

HOLLISTER, Aug. 12—A court of honor for members of Boy Scout troop 64 sponsored by the Hollister Presbyterian church was held at Bear gulch during the annual "Meeting in the Pines."

Scoutmaster C. J. Boas and assistant Scoutmaster John Hensstock, presented a first class badge to William Collins and a second class badge to Greg Lansing as well as numerous merit badges.

Mr. and Mrs. Elvete Pastoor were elected as co-chairmen for the 1965 meeting. Glenda Latimer was chosen secretary.

The Rev. John N. Garrahan, Twin Falls Methodist minister, gave the address of the afternoon. Men of the church sang a special number, accompanied by Elvete Lansing.

Scouts conducted games. There were 52 persons attending the evening vesper service and camp fire. C. M. Lansing, Mrs. LaRoy Piesner and Mrs. Pastoor cooked breakfast for the group.

House Passes Benefit Bill for War Veterans

WASHINGTON, Aug. 12 (AP)—The house passed a bill that would increase pension benefits for war veterans or their widows.

Approval came yesterday on a 388-0 roll-call vote. The bill now goes to the senate.

The Veterans administration estimates the measure would add 44 million dollars to pensions in this fiscal year that ends next June 30 and mount in cost until it added 111 million dollars to pensions in the 1969 fiscal year.

At the most, the increase could come to \$35 a month. This would apply to a veteran with three dependents who has an income of less than \$1,200 a year. His new maximum would be \$110 a month.

Heart Attack Takes Life of Noted Author

CONTRIBUTOR, England, Aug. 12.—Lancaster Fleming, author of the fiction book "Secret Agent," died today of a heart attack. He was 66, a newspaperman who turned to fiction writing in 1930. Fleming was one of the world's biggest money-making authors. In addition to his novels, he wrote two movies, "No. 1" and "From Russia with Love." A third film, "Goldfinger," has just been completed. Fleming died at the Kent and Canterbury hospital.

Fleming's books sold millions of copies around the world. His fans included many famous persons, the late President John F. Kennedy among them. Allen Dulles, former director of the U.S. central intelligence agency, also listed Fleming as an avid follower of Fleming's fiction. Fleming was a like his hero, James Bond, with considerable charm and a flare for food, cars and travel. In 1953, Fleming married Anne Geraldine, the former Lady Rosemary. An Lady Rosemary, her marriage to the British newspaper owner, Lord Rothermere, was dissolved in 1952. Fleming's brother, Peter Fleming, also is an author.

Experimental Training Program Is Viewed as Project Worth Continuing

By EARLE L. JESTER

BOISE, Aug. 12 (AP)—An experimental program which gave university training to 15 Idaho students not yet out of high school was described today as a project worth continuing.

"It went over so well the first year," said D. F. Engelsing, state superintendent of public instruction, "that we have hopes that it can be continued. The problem is one of financing."

Organized by Idaho State University in Pocatello, it involved giving the 15 selected students scholarships for the summer session between their junior and senior years.

The credits they earned this summer will apply to their college course, Engelsing said, either at Idaho State or at any other school they choose to attend after they graduate from high school next spring.

The 15 were chosen from

among the top two per cent of high school juniors throughout the state. Those named came from all sections of Idaho.

All were required to take a standard university freshman English course but had a choice of other classes.

"Both the university and the students were very well pleased at the work that was done," Engelsing said. "The university reports these students were able to do work comparable to that of regular college students."

"We feel the program will provide an incentive for high school students to go on with their education. We think it will have a favorable effect on other students, in that those actually taking part will carry back to their schools a report on what college is like."

"I think this is a good program and is worth experimenting with further."

Engelsing said a number of the students have written to him expressing gratification at having been chosen to take part in the experiment this summer. One of them was Elaine Eldemiller, Wilder.

"It seems," she wrote, "that there is emphasis placed on giving athletic scholarships to college in Idaho school while the academic end of the picture is being neglected."

"I feel that the summer honors program is a move in the right direction. This program gave us the opportunity to become acquainted with ISU and what that school has to offer."

Martha McMurray, Idaho Falls, said the eight-week program "was well executed and highly worthwhile."

Mary Kay Walker, Kimberly, said an "exceptional feature of the program" was the students taking part.

Shoshone Church School Finished

SHOSHONE, Aug. 12—Vacation church school family service will be held at 9:30 a.m. Sunday at Christ church Episcopal. A coffee hour will follow at the parish hall where crafts and workbooks of the students will be displayed.

The school was in session the past two weeks.

Teachers have been Bonnie Lowery and Maureen Murphy, nursery class; Mrs. John George, kindergarten; Mrs. H. H. Hubbard, primary; Mrs. Ray Kelley, junior class; Marilyn Manning and Katie Hansen, organists; Michael Manning and Timothy Freeman, Marilynn Manning and Linda Parsons, crafts; Mrs. R. C. Scher, church school superintendent, with the Rev. John P. Talk, vicar, supervising.

"I gained a lot just from associating with the other students," she said.

Unmanned Gemini Flight Is Planned Before October

HOUSTON, Tex., Aug. 12 (AP)—Top space officials said today only unforeseen problems would keep two Gemini flights from being made this year.

Charles W. Matthews, Gemini program director, indicated all the bugs have been found and the spacecraft and they will be ready for shipping to Cape Kennedy, Fla., before the end of August.

"I will be completely honest," he said, "the situation is very tight but we still plan the unmanned flight before October and the manned mission in December."

"I can say we are not going to accelerate activity on the crew's safety is endangered."

"We are not going to stick our heads in the sand and rush blindly along just to meet a schedule, and by the same token we are not going to doggedly maintain we can meet the schedule when we know we can't."

Gemini is about one year behind the schedule originally announced in 1962. In May 1963 a top level meeting set new schedules after a hard look at the program.

The present schedule calls for the first flight to be unmanned—it originally was set to be the first manned flight—and to be made in the third quarter of 1964, which includes July, August and September.

"These are the only dates officially released by the manned spacecraft center, and these are the times Matthews and Dr. Robert Gilruth, manned spacecraft center director, reiterated."

"We have not changed the schedule from the one originally announced," said Dr. Gilruth. "We are sticking with that timetable."

"The GTC capsule for the manned flight of Maj. Virgil Grib-

bin and Lieut. Cmdr. John W. Young will already have been delivered at the cape when the ready for the December flight."

Exchangites Hear Report On Conclave

A report on the 40th annual National Exchange club convention July 26-31 at the Flamingo hotel, Las Vegas, Nev., was given by Clifford Smallwood during the regular Tuesday noon luncheon meeting of the Twin Falls Exchange club in the Hogerson hotel.

Smallwood, delegate to the convention from the Twin Falls club, commented on highlights of the meeting.

Speakers included Bill Vecek, who owned the 1948 world champion Cleveland Indians, the St. Louis Browns and the 1959 pennant-winning Chicago White Sox, and Martin Dies, former Texas congressman who spearheaded the establishment of the house committee on un-American activities.

Dies spoke during the convention on "Danger signals of our time."

Smallwood said points brought out by Dies in his address included that true liberalism is the decentralization of power; too many of the present day liberals are liberal with the money of taxpayers and conservative with their own; human rights cannot be separated from property rights; social security is a sound policy only if it is administered honestly, and for every human right there is a human responsibility.

Another report at the convention was given by Dr. Porter L. Portune, Jr., Toledo, O., National Exchange club executive secretary, who commented on membership gains during the year. There were 25 new clubs formed during the past year and total membership now stands at 41,000.

Smallwood said he attended a seminar on club functioning and remarked that the problems which seemed to confront most clubs were fund raising and inactive membership.

Another highlight of the convention was the "E" breakfast and seminar. Requirements and qualifications for the big "E" banner, a National Exchange award for active clubs, were outlined. Speeches were given during the big "E" seminar on efficiency and club expansion.

The 1965 national convention will be held Aug. 8-12 at Hartford, Conn.

Between 1,500 and 2,000 delegates attended the Las Vegas convention.

During other business at the Twin Falls club's meeting formation of an Exchangites club for girls was discussed. No action was taken.

The next meeting will be held Tuesday noon at the Hogerson hotel.

Train Robber Escapes From British Prison

LONDON, Aug. 12 (AP)—A 33-year-old convict serving a 33-year term for his part in Britain's great train robbery escaped before dawn today from Birmingham prison.

Scotland Yard posted men on all major roads surrounding London on the lunch that the escapee, Charles Frederick Wilson, would head for the capital.

Most of the \$7,075,000 loot in the robbery just a year ago has not been recovered.

Prison officials said Wilson had help in breaking out. They said several men got inside, knocked out a night patrol officer and then scaled the prison wall with a rope ladder.

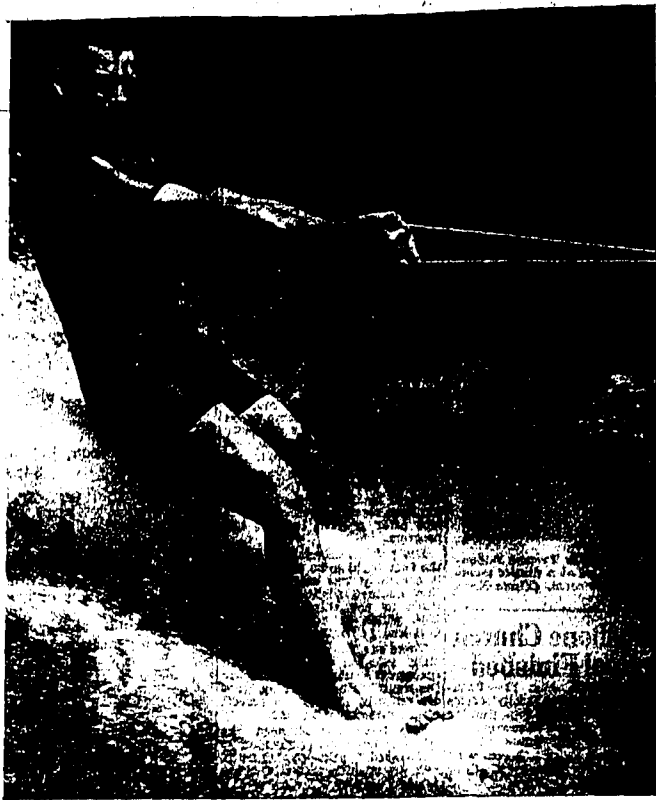

Sidewalk Exhibit Set for Rupert

RUPERT, Aug. 12—A sidewalk art exhibit will be held Sunday afternoon at the home of Mrs. Flora Trantham, 306 South C street, Rupert.

Art students ranging in age from third through the sixth grade have been attending a weekly class at Mrs. Trantham's home during the summer months. The students have been taking a basic art course using pencil, chalk, water color and oil.

Art work will be displayed between 2 and 7 p. m. Sunday and the students will attend to show their work.

The public is invited to view the accomplishments of the students. Mrs. Trantham stated.

BAKEFOOT WATER SKIING will be featured at a water ski and boat show Sunday at the Twin Falls Canyon Country club. Idaho's Thousand Springs Water Sports club, Inc., will present the show. Doing the barefoot skiing is Junior Switzer, a member of the club.

Police Seek Clues for Missing Girl

SALT LAKE CITY, Aug. 12 (AP)—Police reported no new leads today in the case of a West Virginia girl reported missing on a cross-country bus trip.

The search for Linda Marie Parks, 10, of Paden City, W. Va., centered on Salt Lake City over the week-end after a man in Modesto, Calif., reportedly told police he killed the girl in Utah.

However, checks of two versions of the man's story turned up no trace of her body.

Police said they were continuing to check the leads they had, including a statement by four employees of a downtown bar that they had seen a girl answering Miss Parks' description over the week-end.

David Lee White, 20, was charged with grand theft after police said he tried to claim Miss Parks' baggage at Turlock Park, Calif., bus station, where she was headed.

Then, police said, he told his story of hitting her over the head with a hammer and dropping her body on a road north of Salt Lake City. Later, according to police, White changed the tale to say he had left the body downtown.

No trace of a body was found in either area.

Senate Hearing For Idaho Park Has Been Set

WASHINGTON, Aug. 12 (AP)—Hearings in the senate Aug. 18 will consider the creation of a new Perce National Historic park in north central Idaho.

Sen. Frank Church, D-Yd., said yesterday he hopes the bill can be called up early in the next session and "that 1965 will see the creation of the first national park in Idaho."

Under the legislation, he said the Lewis and Clark expedition, gold discovery, the Nez Perce Indian war and other events would be correlated under one administration.

Other hearing on the proposal, Church added, will be held in Idaho sometime in the fall.

ARM BROKEN
KING HILL, Aug. 12—Shannon Critfield, 10-year-old daughter of Mr. and Mrs. James Critfield, was taken to Boise for treatment Monday for a broken arm. She was injured when she fell from her horse during the annual rodeo at the Elmore county fair in Glenns Ferry Saturday night.

Canyon Country Club Sets Water Ski and Boat Show

Twin Falls Canyon Country club is sponsoring a water ski and boat show Sunday at the club. Idaho's Thousand Springs Water Sports club, Inc., will present the show.

The water sports club was formed to further promote interest in water skiing throughout the state, according to Richard Sheppard, Canyon Country club manager.

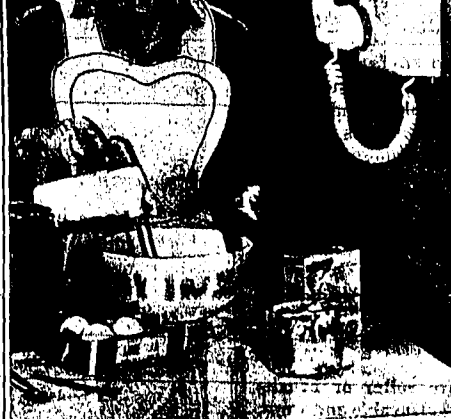

The club consists of trick skiing, show skiing, pyramids, mixed doubles, jumping, clown act, barefoot skiing, saucer act, kite flying, women's ballet and a boat drill.

Myrla Schroeder, commodore for the water sports club, said they will have a kit flight only if the wind is right.

Sheppard said there will be a small charge. Both members and persons who are not members may watch the show.

The Thousand Springs Water Sports club was organized in 1952. It has a membership of about 50 families.

Water ski tournaments have been held annually since 1954 by the club. One of the highlights each year is the annual boat cruise and potluck supper. Also each year the club has several shows. Any profits from these activities go toward a clubhouse, which is under construction.

DUP Slates Four-County Meet in T.F.

Mrs. Kate B. Carter, Salt Lake City, nationally-recognized, as one of the foremost writers of pioneer and western history, will be featured speaker at a one-day convention Saturday of Daughters of the Utah Pioneers companies from Twin Falls, Cassia, Minidoka and Jerome counties.

The convention, which will be held at the Twin Falls DUP company at the Twin Falls LDS stake tabernacle, Maule street north.

Mrs. Carter will head a group of about 40 officers from the DUP central company who are traveling by bus and conducting similar conventions throughout the western states.

About 200 delegates from the four Magic Valley counties are expected to attend the convention, where they will be seated on writing and gathering historical data, preserving markers, landmarks and relics, and other pioneer lore information.

A highlight of the convention will be an excursion to the Stricker cabin, a Twin Falls county historical site located one mile east, five miles south and another mile east of Kimberly. The Twin Falls DUP company, which has made restoration and maintenance of the cabin a group project, has placed markers giving directions to the cabin.

Mrs. Alta Webb, Twin Falls company president, urges officers of companies attending the convention to send reservations for delegates in advance by writing either to her at 426 Bracken street north, or to Mrs. A. P. Davis, 510 Third avenue east, both Twin Falls.

A catered luncheon will be held between the two convention sessions.

Sub-Water Still Bothering Carey

CAREY, Aug. 12—Sub-water is still seeping in every day at different homes in Carey.

It is becoming quite a serious situation and nothing can be done about it except try to pump the water as it comes in, officials say.

Many people who were using their basements for sleeping quarters or storage have had to move everything out.

Contract

CHICAGO, Aug. 12 (AP)—Carpenter Curt Moberg was on his best behavior today. After nearly three years of marriage and one year's separation, Moberg and his wife were granted a year-long trial reconciliation yesterday after signing a 31-point contract.

Moberg pledged to work 40-hour weeks, give up bowling, submit to visits from his wife's family and give up hunting and fishing trips.

Winners for Bridge Series Are Reported

Twin Falls Junior Duplicate Bridge club met Monday afternoon at the Episcopal church for the annual session of a five-week series.

Winners for the series are Mrs. H. G. Laah, first; Mrs. Fred Wamman, second, and Mrs. G. W. Prazler, third, and Mrs. E. J. Ater, fourth.

Eight tables were in play Monday and this week's winners include north-south Mrs. Fred Wamman and Mrs. T. T. Greenhalgh, first; Mrs. A. L. Johnson and Mrs. W. H. Swope, second, and Mrs. G. W. Prazler and Mrs. Roy Hill, third.

Meningitis at Army Post Has Been Controlled

FT. ORD, Calif., Aug. 12 (AP)—Army officials say a meningitis outbreak that has claimed 10 lives at Ft. Ord apparently has been controlled.

Post Surgeon Roland B. Sigafos said yesterday "we still have nine patients in the hospital, but, thankfully, all are now off the serious list."

The disease has stricken 61 persons so far this year at this army training base. Nine soldiers and a child, a military dependant, have died of the disease.

Telephone Expansion Work Finished in Heyburn Area

HEYBURN, Aug. 12—A one-hundred and fifty thousand dollar expansion project by the Mountain States Telephone and Telegraph company for serving people in the Heyburn area and areas adjacent to Burley with one and two-party lines is completed, Dean Gibson, manager of the Burley telephone operations, announced today.

The telephone company has been working in the area the past year laying the ground work for this service. According to Gibson, 317 subscribers in both the Burley outlying areas and the Heyburn village have had their "mileage" dropped, allowing them the better service.

The manager explained the Burley city limits has been the boundary for the lower base rate for private and two-party lines, and subscribers over the boundary were charged an air mileage rate.

This expansion, of putting the facilities over the present boundary, automatically expands the base rate into the Heyburn area. Gibson said it is the first base rate change since December, 1958.

The manager noted the Burley office has had 25 new hook-ups the past month by persons who had been waiting for the project's completion. In the Heyburn area, 260 subscribers previously on eight party lines, have been changed to private and two-party.

The Heyburn area includes the village limits and west along the Alfresco road taking in the district located east of Burley and 27th street to one-half mile south on Overland avenue, Burley, have received this new service.

Dan Wornecroft, service foreman in charge of installations, was overseer of the expansion.

The telephone company and the village of Heyburn worked jointly on the construction of poles and setting of lines. The poles will house telephone lines and village power lines. Both Gibson and Virgil Matson, village manager, commented on their cooperation.

Emerson Miss, M. J. Wooden Wed in Temple

PAUL, Aug. 12—Janis Meacham, daughter of Mr. and Mrs. Parley Meacham, Emerson, and Melvin J. Wooden, Afton, Wyo., were joined in marriage in the Idaho Falls LDS temple July 19.

The double ring ceremony was performed by Elder Roy Wood. Accompanying the couple to the temple were the bride's parents, Mr. and Mrs. Victor Engkrat, Mrs. E. J. Wooden and Mr. and Mrs. Scott, Ogden.

They were honored at a reception and dance that evening at the Emerson ward cultural hall, with John Blum's orchestra furnishing the music.

The couple greeted guests before an archway entwined with greenery and flanked by beauty baskets of white gladioli, and white chrysanthemums.

The bride's wedding gown of tulle and lace was fastened with a fitted bodice, sweetheart neckline and lily point sleeves. A long train of tulle and lace trailed behind her. The gown was further embellished by the floor-length beaded skirt with a chapel train.

A crown of tiny twisted pearls, held her bonnet veil of illusion. She wore a blue gar-

ter, a tear-drop pearl necklace which was a gift from her mother, or a borrowed handkerchief and had a penny in her shoe. She carried a cascade of white carnations centered by an orchid.

Mrs. Victor Engkrat, sister of the bride, was matron of honor. She wore an orchid crystalline dress designed with plain bodice and bell-shaped skirt. She carried a bouquet of orchid and white carnations. Bridesmaids were Linda Scott, Carolyn Thibault, Ellen Hansen and Connie Meacham, sister of the bride. Each wore dresses identical to the matron of honor and carried white carnation nosegay bouquets.

Cindy Engkrat and Lorrie Meacham, nieces of the bride, wore flower girls. They were dressed in white crystalline trimmed in orchid and wore white and orchid carnation corsages. All the attendants wore white accessories.

Ralph Gail, Afton, Wyo., was best man.

For her daughter's reception, Mrs. Meacham selected a beige crepe afternoon dress. Mrs. Wooden chose an orchid lace afternoon dress. Both wore corsages of a white rose and orchid carnations.

Mrs. Veri Meacham, Twin Falls, sister-in-law of the bride, was in charge of the guest book.

The four-tiered wedding cake was centered on a lace covered table.

Gifts carried by Jan Meacham, Joan Engkrat, Vickie Engkrat, and Terry Meacham, all nieces of the bride, were arranged by Mrs. Bruce Meacham, sister-in-law of the bride, Maxene Peterson, Arlene Short, Kay Woodland and Janet Hunt.

Guests were served at tables covered with white cloths trimmed in orchid. Tables were centered with crystal snifters containing a floating orchid. Serving the guests were Elsie Merrill, Nicki Neild, Christine Dayton, Naomi Hansen, Kathleen Tingey and Wanda Ashcraft.

Presiding in the kitchen were Mrs. Merrill Maxwell, Mrs. Wynn Tingey, Mrs. Donald Green and Mrs. Alma Blacker.

Hall decorations in shades of orchid and white were by Mrs. Veri Meacham, Mrs. Bruce Meacham and Connie Meacham.

Masters of ceremony were Bruce Meacham, brother of the bride, and Victor Engkrat, brother-in-law of the bride.

For a trip to Yellowstone National park, the bride selected a dusty rose shift dress with matching jacket and beige accessories.

The parents of the bridegroom hosted the wedding party to dinner at the West Bank restaurant.

Wooden was graduated from Afton high school in 1962. He attended Utah State university, Ricks college, and will enter Brigham Young university this fall, where he will major in law. They are currently making their home in Jackson, Wyo., where the bridegroom is employed.

N. Y. Editor Gives Tips on Beauty Aids

NEW YORK, Aug. 12 (AP)—Use of soaps, moisturizing oils, creams and lotions in this country is similar to a dog chasing its tail. It's just one merry, confusing circle.

As you know we use more soap than any other country. But a woman over 25 faces the problem of natural loss of skin moisture. This presents a dilemma. What do you do if you continue your regular bathing habits and soap facials? You use moisturizing creams and facial cleansing creams. And then you get back into the tub and wash the day's accumulation of grime off. But you also add a bath oil to doubly protect you against dry, itching skin.

Despite this merry-go-round, "water can become a friend to the skin rather than an enemy," according to Martin P. Emory, president of a firm producing moisturizing bath oil and soap.

Because of a dry skin problem in his family, Emory looked around for a product that would ease it. That was in 1955.

"The fragrances of bath oils on the market then," he says, "were terrible. And many bath products were just detergents with a smell and you can get a burn from the market then." With \$15,000, a knowledge of the business and help with the formulation, Emory launched a therapeutic moisturizing oil. Its early use was by podiatrists in whom treatment and other doctors recommended it for patients who suffered skin irritations because of high blood pressure and diabetes. Eventually the break into the consumer field came.

This is a brief version of a success story in the beauty products field. It reflects, though, the increased interest in and use of bath oils with pleasing fragrances here in the last few years.

Two new beauty aids that are soothing to the skin and especially good for summer use are a popular scent now in cologne form and a moisturizing lotion that pours as a foam. The lotion liquefies as you smooth it on after bathing. The foamy state keeps it from dripping or running as you apply it.

Colognes are good hot weather companions. Splash on cologne liberally after a bath or shower. Or before an evening date sprinkle cologne over ice cubes in a bowl, saturate a cotton pad with this icy cologne and place it on your forehead. Lie down for 15 minutes, close your eyes and relax.

Solon Tells Carriers of Pay Raise

MINNEAPOLIS, Minn., Aug. 12 (AP)—The role of the federal government as an employer was depicted in a bad light by Rep. Olsen, D. Mont., in an address before the National Rural Letter Carriers association yesterday.

While calling the new pay act just signed by the President the "most comprehensive pay adjustment ever enacted" for federal employees, Olsen contended it was only won after "a long-fought and long-overdue upward salary adjustment." He said it was a "most sad situation and a sorry commentary on the way federal employees seemingly must always receive any kind of benefits."

"I firmly believe that the federal government in its role of an employer and the largest employer of persons in America," Olsen said, "should properly set the standard for the whole nation in enlightened and responsible personnel practices."

The record of such pay raises, Olsen said, was one of "not being secured without a 'long gamut of rallies, marches on Washington, dragged-out hearings, discharge petitions, vetoes, and endless controversy.'"

Instead, the western Montana congressman said, the federal government should provide pay and working conditions that should be a "model for private industry to aspire to." He said the federal workers should not always have to try to "catch up" with their counterparts in private industry.

"Our government," he said, "should not only be willing, but anxious, to provide its employees with fair and equitable pay and with other benefits for the unparalleled public service they render."

Until this comes about, Olsen said, there were still those in congress who were willing to fight for the improvements. Olsen commended the association for its record of having achieved a national 100 per cent membership within only three days of the current year.

Achievement Day Plans Are Made

MILNER, Aug. 12—Final plans were made for the Achievement day of the Milnerites 4-H club at a meeting Monday afternoon at the home of their leader, Mrs. Edwin Brune.

Carol Warr demonstrated putting in a slipper, and Myra Kirk on making machine darts.

Members worked on 4-H record books and sewing projects. Mrs. Brune instructed the members on the requirements for the fair. Final plans were made for the club's booth at the fair.

Fair Booth Is Discussed At 4-H Meet

MILNER, Aug. 12—Members of the Beaver Woods and Pipers 4-H club discussed their fair booth at a meeting Sunday afternoon at the home of Mary Brune and Mark Brune.

Demonstrations were given by Edward Warr on trimming a lamb's hool; Mary Brune on blocking a lamb; Ann Seymour on showing a lamb; Danny Simpson, making a trouble light, and Sheila Simpson showed members how to scrape off dishes with a rubber scraper.

Talks were given by Leona Simpson on bugs for an entomology project and cleaning a refrigerator; Mark Brune on clipping pigs ears; Davey Kloor on the growth of wheat; Randy Kloor on diseases in wheat; Danny Simpson on parts of a hog and Edward Warr showing a pig.

Bernum Warr, leader, discussed the requirements for the fair and ways to get the animals ready. Various phases of the electrification were discussed and a special meeting will be called for members taking this project.

MELTON MOWBRAY, England, Aug. 12 (AP)—Seventy-year-old Eli Tucker was fined five pounds (\$14) yesterday for saying that, on his 60th birthday, he would "blow his neighbor's head off" with a shotgun.

Tucker, who was charged with using threats against the neighbor, Ian Jason, said he was angry because a light from Jason's house shone onto his bed.

Johnson Says Voting Is Duty Of All Americans

WASHINGTON, Aug. 12 (AP)—Voting is the first duty of democracy," says President Johnson. And he wants every eligible American to register and vote this fall.

He made his appeal yesterday at a White House meeting sponsored by the American Heritage Foundation. A bipartisan group of about 170 political, civic, business and government leaders attended.

Johnson said almost 35 per cent of the electorate failed to vote four years ago and almost 40 million eligible men and women are not registered to vote this year.

"We preach the virtues of democracy abroad," Johnson said. "We must practice its duties at home."

Traffic Jam Used to Defy Rights Law

ATLANTA, Aug. 12 (AP)—Segregationist James Maddox, aged 50, today defied a new Georgia law, causing a huge traffic jam by blocking the entrance to his restaurant and again defying the new civil rights law.

"You're dirty communists and you'll never get a piece of fried chicken here," the enraged Maddox shouted at three Negroes who turned up at his restaurant in the afternoon and sought service.

Maddox had a pistol strapped to his side, but kept it in its holster under his coat.

After turning away the Negroes, Maddox learned late in the afternoon that police had been rerouting traffic around his restaurant because of the large crowd that had gathered.

With that Maddox leaped into his auto, drove to one corner and parked his car across the street in a manner that blocked the police.

His wife took another car and similarly tied up traffic at another police barricade at another intersection. Several other persons in the crowd drove their cars to the intersection.

A wrecker arrived on the scene to haul away the cars but the segregationist leaped into the cab and pulled out the ignition key as the crowd surged around it.

Another wrecker arrived on scene a short time later and Maddox seated himself in the back of the wrecker for an impromptu news conference.

"This is a police state," Maddox said. "The Atlanta police department won't let my customers through."

The encounter with police lasted about 45 minutes.

Finally Supt. Y. G. Cowan, of the Atlanta police department arrived and told Maddox, "If you help disperse the traffic jam we'll put a man down there at the corner and make sure your customers get in."

Buhl Man Cited After Accident

BUHL, Aug. 12—Jesus Flores, 32, Buhl labor camp, was cited for operating a vehicle on the wrong side of the roadway after a two-car accident at 8:45 p.m. Sunday five miles north of Buhl on a county road.

Flores, traveling north on the Melon Valley road, rounded a curve on the wrong side of the roadway, officers said, and his 1953 Ford struck the left front door of an oncoming south-bound 1953 Chevrolet driven by Marion Combes, 56, Buhl. After the impact the Flores car ricocheted off the right side of the roadway falling over a 15 foot embankment coming to rest on a pile of rocks.

There were no injuries, according to Deputy Sheriff Curtis Pryor and State Patrolman Richard Burns, investigating officers. Damages were set at \$100 to the Chevrolet and \$350 to the Ford.

YOUR BIRTHDAY and HOROSCOPE

WEDNESDAY, Aug. 12 — Horoscopes today may have some difficulty during your growing-up years in overcoming a predisposition to a fiery temperament. To gain control over your own emotions — at least in public, where they have a bearing on your relationship with other people — will in all probability be your first and your hardest battle.

Once you learn to guide yourself unerringly in your desired direction without falling victim to the dictates of emotional whims and fancies, you will be on route to success in whatever career you may choose. Something in the arts will probably claim you, as you have definite creative talents.

Because you are inclined to act on feeling rather than reason, it is important that you seek a mate in whom reason is predominant. The mercurial type is

definitely not for you; such a mate would only aggravate your own emotional responses. Some one calm, good-humored, reasonable, and willing to oppose you when you need opposing — such a person is the one you should seek.

Among those born on this date are: Robert Southey, English poet; George Bellows, noted American painter; Mary Roberts Rinehart, author.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

Thursday, Aug. 13
LEO (July 24-Aug. 23) — The greatest service you can do yourself is to create another with enough good sense to work out his own problem.

VIROGO (Aug. 24-Sept. 23) — Avoid interfering in another's private affairs. What you will

gain for your trouble will not be worth the risk.

LIRRA (Sept. 24-Oct. 23) — Lean heavily on the words of children. It may well be that they can see to the center of your problem.

SCORPIO (Oct. 24-Nov. 23) — Avoid playing favorites. Co-workers may be especially prone to jealousy today.

SAGITTARIUS (Nov. 23-Dec. 22) — Whoever your matter of health is involved, make your decision on that basis. You can ill afford sickness now.

CAPRICORN (Dec. 23-Jan. 31) — Make an effort to see yourself as others see you. Your ambition may be showing, and this could cause untold mischief!

AQUARIUS (Jan. 31-Feb. 19) — Be sure to meet others on their own level. These are days when you need the support of friends; make an effort to get it.

PISCES (Feb. 20-March 20) — Don't allow your love to interfere with your domestic life. You would be wiser to mix a business opportunity than to risk upset at home.

ARIES (March 21-April 20) — A day for the fun-loving Aries to pull out all the stops. So long as you injure neither yourself nor others, the sky's the limit!

TAURUS (April 21-May 21) —

Livestock Club Plans for Fair

HAZELTON, Aug. 12 — East End Livestock club members made final plans for completion of projects when they met Tuesday evening at the home of Donnie Ellis.

All record books are to be completed and brought to the last meeting of the year which will be held Aug. 18, at the home of Mike Munge. Leaders Charles Thornton and Glen Hall will check record books and sign them at that time.

Animals are to be brought to the Jerome county fairgrounds Aug. 19 for entry in the Jerome county fair, Aug. 20, 22.

A day when Taurus the Bull may be tempted to behave like a sheep. Don't stand on your own two feet!

CELESTIAL (May 22-June 21) — Gemini's divided nature may cause emotional difficulties. Try to go in only one direction at a time!

CANCER (June 22-July 23) — You can turn a social contact into a business deal highly beneficial to both parties. But save plenty of margin for error.

Seaman Slashed To Death in Pacific Ocean

SAN FRANCISCO, Aug. 12 (AP)—A knife-wielding brawler in a slashed one crewman to death as they lay sleeping aboard the Lebanese steamship St. Nicholas, 1200 miles northwest of Honolulu, the coast guard reported yesterday.

Fragmentary reports received by the coast guard indicated the boatman, identified as Ali Kasari, then terrorized the rest of the unarmored crew. A later message indicated the boatman had been captured or had surrendered and the vessel would continue its trip to Japan.

Victims of the knife-throwing were identified as able-bodied seaman Abdullah Rahil, who died immediately, according to radio dispatches received by the coast guard. These dispatches identified the wounded man only as Camilleri.

Wendell Mill In Operation After Blaze

JEWELRY, Aug. 12—The Wendell Mill and Lumber Company is operating almost at full rate after the July 29 fire which destroyed a large shavings bin, tractor and baler, and a power pole housing a 12500-volt line.

According to Ray Rogers, manager, the 16-foot square bin has been replaced allowing the planer to operate. He noted a new tractor and baler haven't been purchased as yet. The company buys the shavings which are used by poultry businesses.

Rogers said although the insurance company has gone over the damage scene, they are still unable to estimate the amount of damage done by the fire.

Band Concert Program Set

Twin Falls municipal band will hold its weekly summer park concert at 8:15 p.m. Thursday in the band shell in the city park.

Arthur Vandenberg, baritone horn soloist, will be featured at the concert. He is a former member of the band and orchestra at Twin Falls high school.

The program includes, "Royal Decree March," by W. P. Englund; "Dedication and Benediction," from "Les Huguenots," by Meyerbeer; "L'Esclandre," by Walter L. Wadsworth; "The Green Domino," by Charles Grunwald; and "Quick March, Sea Songs," by R. Vaughan Williams.

After intermission the band will play "March of the Leathernecks," Morton Gould; "Birth of Dawn," baritone solo by Vandenberg; by Herbert L. Clarke; "The Star Spangled Banner," by Maurice Whitley; "The Red Mill Overture," Victor Herbert; "American Legion March," Parker; and "The Star Spangled Banner" will conclude the concert.

Charles Ratcliffe is director.

Award Assembly Highlights 4-H Fair Held in Shoshone

SHOSHONE, Aug. 12—The awards assembly was the highlight of the 4-H fair held Friday and Saturday at Shoshone.

James L. Graves, Idaho county extension agent and Mrs. Raymond Bernard were in charge of arrangements.

Kathy Ross received the first Security Foundation award, a wrist watch, for being the outstanding girl of achievement in the county this year. Each year the award rotates from girls to boys in 4-H work.

Scholarships to 1965 club congress went to Virginia Ross, from Idaho Grange; DeAnn Stutzman, in general achievement, from Wood River Center; Orange; Richard Tows, for boy's achievement, from Southern Idaho Production Credit association.

Other club congress winners were Glenn Nelson, in beef achievement, from Dietrich Butte Cattlemen's association; David Chaffield, dairy achievement, from Shoshone Rotary club; and Linda Riley, dairy achievement, a carryover award from the 1963 fair.

Richard Tows received a radio, a special award from Shoshone Floral for outstanding achievement in boys' clubs. Perry Jaddock made the presentation to Miss Ross from First Security Foundation.

The 4-H barn award was presented to David Chaffield, and by Mr. and Mrs. Ralph Hill, Jr. Lincoln County Marketing association provided the award.

High point PFA boy was Gaten Guthrie who received a trophy from Dr. Paul Jacobson. Dan Hance received the trophy for high point 4-H boy and was given a trophy from Gateway Toggery, and Becky Gomm took the trophy for high point 4-H girl and received an award from Manhattan safe.

Melinda Broyles won the style revue trophy which was provided by Gateway Toggery.

Miss Gomm also won the 4-H camp scholarship given in memory of the late county extension agent for Lincoln county, J. Howard Manning by the V. O. Ross family.

High point member in the Dietrich 4-H club who received trophies from Dietrich Grange, were Janene Primmore and Linda Atkins.

Lloyd Towne won the trophy for high point boy in Dietrich club, and Cheryl Towne won the high point girl from Dietrich trophy, both awarded by Dietrich Grange.

Virginia Ross received the trophy for high point member in 4-H club sponsored by Magic Grange.

Fitting and showing awards were provided by the fair board. Leigh Kelley, Lincoln County Marketing association, Beaton company and Dr. Paul Jacobson.

Winners included Danny Larsen, 4-H beef; Rodney Riley, 4-H dairy; Phyllis Morgan, 4-H sheep; from Raco, 4-H horse; Donald Croft, PFA beef; Virginia Ross received the trophy for 4-H awine which was presented by the fair board.

Kevin Guthrie and Sandra Gomm received 4-H trophies and scholarships given to the two outstanding first year 4-H members by Croose drug store.

AN EXAMPLE OF A YOUTH who is a willing and good worker, according to Larry Mitchell of the Twin Falls youth employment service, is 16-year-old James Peterson. Peterson became the 500th non-agricultural placement this summer when he recently started working for Carroll Warfield, left, manager of Penny Wise drugstore, Twin Falls. Peterson, 1830 Osterloh avenue, has had 15 different part-time jobs this summer, most of them as a yard boy or farm laborer. He has been in the youth employment service program for three years. Youth Employment Service Placements Soaring in T.F.

More than a 100 per cent increase in placements this summer over 1963 shows the surging confidence in the Magic Valley youths by employers, Larry Mitchell, director of the Twin Falls youth employment service (YES), said Tuesday.

A total of 734 agricultural placements and 521 non-agricultural placements had been made through Tuesday afternoon, compared to 228 and 349 in the whole year of 1963. Figures for 1963 were 378 and 340, respectively.

"Employers are finding out that these youngsters, most of them of high school age, are willing to work very hard," Mitchell said. "Some youths have been working out in the fields since June 1, almost every day."

Mitchell noted that of the 1,255 placements, complaints have been heard about less than a half dozen. "And the complaints were because the kids simply weren't able to do the work, not because they didn't try."

He said the number of youths registering for work is showing vast increase "because they are not afraid of work." Some youths call him any after day for possible job openings.

Through Tuesday, 606 had registered at the employment security agency compared to 600 in 1963; 505 in 1962, 578 in 1961 and 492 in 1960.

There still is plenty of work left this summer, Mitchell stressed. He said youths this time of year often decide they better earn some money fast for school clothes.

Mitchell said it would be difficult to estimate how much money the youths have earned and spent in the community this summer, but that the sum would be substantial. Many youths have worked steady all summer.

Top agricultural jobs have been beef raising, weeding, haying, bucking, fruit picking and general farm labor. Youths have proven themselves in these non-agricultural jobs: Typing, sales clerk, service station attendant, stock boy or stock girl, baby sitting, dish washing, mother's helper, housework, window washing, gardening, yard work, car washing, cellar cleaning and waitressing.

The charge that the youths are taking jobs away from adults is false, Mitchell said, because a majority of the jobs they take are ones adults would not want. For example, youths do a great amount of yard work which is low-paying and which does not appeal to adults, he said.

Mitchell says his theory is that economics judge, receiving a trophy from Shaw's Electric. Mrs. Thurman Hansen received the National Wool Knitting contest award for adults.

Production of Coins Increased

WASHINGTON, Aug. 12 (AP)—The treasury department, announcing a 77 per cent increase in production of new coins last month, predicted yesterday that the nation's coin shortage would be over early next year.

Assistant treasury Secretary Robert A. Wallace said there was no question that small change will be adequate to meet national demands by early 1965.

With U. S. mints working 24 hours a day officials expect to double production of new coins by next spring.

"We're really purring," mint Director Eva B. Adams said. In July, the Denver and Philadelphia mints turned out 466 million coins—77 per cent more than year ago and 114 million more than in June.

Officials predicted the mints would be doing even better by fall. They said they were counting on 750 million new coins in November.

"If the ability to work must be learned—and is not a natural talent—then the inclusion of work experience in the education of young people is essential."

"Apparently many employers subscribe to this idea and we hope they continue to do so."

Brazilians Solve Illegal Car Parking

SAO PAULO, Brazil, Aug. 12 (AP)—It is de Janeiro solved its illegal parking problem by deflating the tires of violators.

Slater city Sao Paulo has come up with a more subtle but just as effective solution:

Illegally parked cars are impounded. To recover the car, the owner must go to the proper department and pay the 20 cruzeiros—less than two cents—fine.

Simple? The Paulistas have employed every trick in the bureaucratic book to make it complicated.

The owner must go in person. The point is on the outskirts near the airport. No buses go by it. It is either an expensive taxi ride or a long walk.

When the owner arrives he finds a fine ahead of him.

The delegate charged with accepting the fines is painstaking in checking documents and is obliged to pause frequently for coffee breaks or to talk on the telephone.

Appeals Court Reverses Ruling On Burley Case

SAN FRANCISCO, Aug. 12 (AP)—The U. S. court of appeals ruled yesterday that the Idaho Sheet Metal works of Burley, Ida., must pay overtime back to 1950 to its 12 employees.

The ninth circuit court of appeals reversed a decision by U. S. District Judge Fred M. Taylor, Burley, claiming a labor department complaint charging violation of the fair labor standards act.

The firm claimed exemption as a local retail business. The court of appeals said the company produced large sheet metal containers for major potato and beet processing firms engaged in interstate commerce.

Woman Hurt in Gooding Mishap

GOODING, Aug. 12—Neva Mackey, Midland, Wash., was treated for a possible fracture of her left arm after a collision at 8:45 a.m. Monday one mile north of Gooding.

Miss Mackey was a passenger in a 1958 Chevrolet driven by her mother, Mrs. Esther May Mackey. The Mackey car was traveling south on highway 40-40 when it collided with a 1963 Chevrolet driven by Travis G. Richardson, 77, Gooding.

Richardson was traveling north and attempted to make a left turn onto a county road when the accident occurred. The 1963 Chevrolet was demolished and Richardson's car received about \$500 damage to the left side.

Mrs. Mackey's son Everett, also a passenger in her car, escaped injury. Richardson was alone in his car, according to Gooding County Sheriff Verne Royce, investigating officer.

Duck Limits, Regulations About Same.

WASHINGTON, Aug. 12 (AP)—There were indications Tuesday that this year's duck hunting regulations will be about the same as last season, with probable addition to the permitted daily bag of one redhead or one canvasback.

There were also indications that the daily bag on coots may be increased by a few birds.

This developed as the fish and wildlife service presented the outlook for fall flights of migratory waterfowl to the waterfowl advisory committee.

The committee held closed discussions on the report and will continue the review Wednesday. Announcement of the 1964-65 regulations is expected early next week.

The service is forecasting a small decrease in the flights of ducks in the Pacific and Central flyways compared with last year, and no change in the flights for the Mississippi and Atlantic flyways.

Flights of geese and brant are expected to be about the same as last year, with small increases in the flights of coots in the Central, Mississippi and Atlantic flyways and no change in the Pacific flyway.

Shooting of redheads and canvasback ducks has been prohibited for several seasons but aerial surveys indicate a considerable increase in the numbers of both species since low levels were reported in 1961 and 1962.

Long Equals Official Shot Put Record

OSLO, Norway, Aug. 12 (AP)—Dallas Long, a young giant from Los Angeles, Calif., equalled his official world shot put record on his first throw Tuesday night but failed to better his pending record in an international track and field meet at Bislet stadium.

The 24-year-old Long made a throw of 65 feet, 10 1/2 inches on his first attempt, equaling his own accepted record. He did 67 feet, 10 inches earlier this year and this is up for approval as a record. Five more attempts to break that mark fell short.

Bill Hardin of Baton Rouge, La., and Mike Larrabee of Ventura, Calif., won races for the United States in the second day of the meet with 7,052 fans looking on. Poland's Edward Czerwik had to set a Bislet stadium record for the high jump to beat another American, Ed Carruthers of Santa Ana, Calif.

Long's series of six attempts in the shot put measured 65 feet, 10 1/2 inches; 65 feet, 10 1/2 inches; 65 feet, 4 1/2 inches; 64 feet, 6 1/2 inches; 62 feet, 0 1/2 inches and 64 feet, 3 inches. Second place went to Alfred Soszenko of Poland at 50 feet, 5 1/2 inches.

Hardin barely held off a strong finish by Janko Tuominen, 10-year-old Finnish champion, to win the 400-meter hurdles. The young Finn hit the last hurdle when he was moving up fast in the stretch. Both were timed in 60.4 seconds, a Scandinavian record for the Finn.

Larrabee, who won the 400 meters in record time Monday, took the 200-meter dash in 21.2 with Marian Feik of Poland second and Ollan Cassell of Houston, Tex., third.

Carruthers cleared 7 feet, 3/4 inch on his first attempt in the high jump, breaking the stadium record of 6 feet, 11 1/4 inches held by Stig Patterson of Sweden. He then made three unsuccessful attempts to clear 7 feet, 3 inches. Carruthers placed second with 6 feet, 10 1/2 inches.

Coach, Owner, Jump To Defend Brown

STANFORD, Calif., Aug. 12 (AP)—The coach and owner of the Cleveland Browns both jumped to the defense Tuesday of fullback Jim Brown, criticized for failing to block or fake by former Cleveland quarterback Otto Graham. Graham, coach of the Coast Guard academy, told a luncheon at Canton, O., earlier in the day that if he were the Cleveland coach he would trade Brown "if he didn't block or fake."

"I don't think there's anything for me to say," was the only comment made by Brown at the Stanford practice field where Cleveland is working out for Saturday's exhibition against the Los Angeles Rams.

"Jim Brown has done everything he has been asked," said coach Blanton Collier. "If there is criticism for him not blocking, it should be of me—not Brown."

"On pass protection he does a good job. When fullback, Ernie Green carries the ball, Jim blocks. I don't want Brown to take the blame for not blocking. He does it when I ask him to," Collier said.

"It is obvious that Otto Graham is not the coach of the Browns," said owner Arthur Modell. "The charge that Jim doesn't fake is ridiculous."

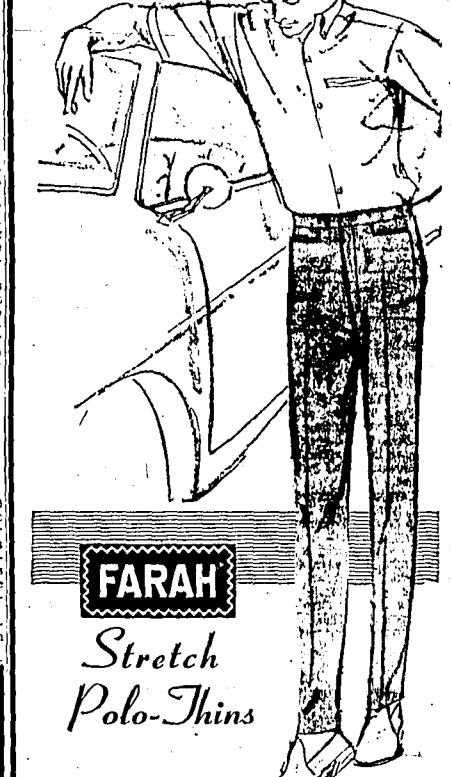

Against New York he does it quite a bit because we know their middle linebacker keys on him. That clears out the middle for the rest of the offense," Modell noted.

Graham was returning to New London, Conn., from coaching the all star college team last Friday at Chicago. He made his remarks to a National Football league hall of fame gathering of about 160.

"The Browns will not win anything as long as Brown is there," said Graham. "... He could block, but he doesn't. This is ridiculous."

700 Geese Are Banded on Idaho Waters

BOISE, Aug. 12—Seven hundred Canada geese were banded at seven different spots across southern Idaho this summer to learn migration routes and population turnover rates, the fish and game department reported today.

Elwood Rizeau, game bird supervisor, urged hunters who bag marked birds this fall and winter to return the bands to the U.S. Fish and wildlife service in Washington, D.C. He said Canada geese were banded on the lower Snake river from Mearns to Brownlee reservoir, on the Moun reservoir in Camas county, and inland park and Blackfoot reservoirs in eastern Idaho.

Idaho's banding program is a continuing effort to keep close surveillance on movement and mortality of this prized game bird.
