ELKO, Aug. 19 (UPI)—Firefighters bolstered by "hot-shot crews" from eight states battled to quell the worst range fires in Nevada's history today in an uphill fight that could be prolonged for an indefinite period. An earlier prediction of heavy showers for the fire-ravaged northeastern corner of the state was changed this morning, sending a pull of gloom over the force of more than 2,300 men fighting the wind-fanned flames. The open-range fires, touched off by lightning last Saturday, already have consumed over 350,000 acres in a 60-mile circle around Elko.

Man Relates Stories on Range Fire

ELKO, Aug. 19 (UPI)—"We got caught in a ravine up near Maggie creek," Matt began. "The top side of the ravine got hot, so we walked down to the bottom of it; then the bottom of it got hot, so we walked back up. That was when I saw the bird blow up."

Trontel looked across the table at Bob Smith, who had dispatched four days worth of range fire but hadn't heard of this. "Yeah, the bird blew up. It was a little bird flying in smoke in front of the fire. And he kept getting sucked into it. Until, poof—he went up in a little while. I saw him go up."

Trontel told the story of a flatbed truck that got caught in the Maggie creek fire, the biggest fire still out of control in north-central Nevada. He said the truck was going up a hill and broke a drive shaft. The fire was still at a distance, he said, so a catkiner built three bulldozer lines around the truck.

"Three catkins," said Trontel, "and that damn fire jumped right over them. The truck melted. It showed me part of the windshield. . . . See this water glass? That windshield melted into a ball of glass about the size of this water glass."

Rupert Youth Dies Of Mishap Injuries

BURLEY, Aug. 19—Orlando Robert Meiners, 14, son of John Robert Meiners and Mrs. Larry Harris, Rupert, died at 2:45 p.m. Tuesday in Cassia Memorial hospital from injuries he received in a motorcycle-truck accident at 5:10 p.m. Monday on East Main avenue, 500 feet east of the intersection with Highland avenue in Burley. Ronnie G. Russell, 16, Rupert, a passenger on the motorcycle driven by Meiners, was listed in improved condition today in Cassia Memorial hospital. Meiners was traveling east on Main street when a westbound Burley brick company 1964 GMC two-ton truck, driven by Philip

Assistant Is Selected for Area Hospital

JEROME, Aug. 19—Leon O. Peltier, 35, has been named assistant administrator of St. Benedict's hospital, according to Sister Mary Martina, hospital administrator. Sister Martina, in making the announcement, said that the hospital work load has steadily increased since the hospital has now reached the point where an assistant administrator is needed.

Peltier, 35, an Episcopalian, was graduated from the Pomona, Tex., high school and attended Northwest Nazarene college, Nampa, for two years. He has a bachelor of arts degree in economics from the College of Idaho, Caldwell, and had about one year of instruction at the University of Idaho's law school.

Peltier served in the U.S. air force from 1946-49 as an aerial photographer and is presently a captain in the reserve. In 1957 he was credit manager and later assistant administrator of the Caldwell Memorial hospital. Caldwell Memorial is a 75-bed general short-stay hospital, accredited by the Joint Commission on hospital accreditation.

In 1959 he was elected president of the Idaho chapter of the American Association of Hospital Accountants. This same year he was elected secretary of the Idaho Hospital Association's southwest council.

LIVING UNDER REAR of truck, operated by a Twin Falls city parks department wrecker, is 10-year-old Frank Cullinan, son of Mr. and Mrs. Phillip Cullinan, 463 Monroe street. The youth was struck by the truck Tuesday afternoon after he jumped from a bicycle into the path of the truck. He was taken to Magic Valley Memorial hospital by ambulance where he was in good condition, with abrasions only, Wednesday morning. (Times-News photo)

T. F. Boy, 10, Listed 'Good' After Mishap City Manager Tells Policemen To Tighten up on Ordinances

Twin Falls City Manager H. L. Derrick asked an estimated 20 members of the city police department to tighten up gradually on the enforcement of the city's ordinances at a special meeting between the police department and the Twin Falls city commission Tuesday evening. The meeting was held in the chambers of the city police judge. After asking for more enforcement of the city manager also promised the full backing of his office and the city commission, with the commissioners looking on and agreeing to support the force to meet the traffic problems not only on Addison avenue west, but all over the town.

Cassia Fair Opens, Jerome Sets Parade

The Magic Valley fair season was in full swing Wednesday with the opening of the four-day Cassia county fair at Burley and initial judging at the Jerome county fair which opens Thursday. The Jerome event officially opens with a Western parade at 4:30 p.m. Thursday, followed by the fifth annual free barbecue at 5:30 p.m. Some 7,000 pounds of choice beef are being readied for the big feed, which will include corn, beans, punch and coffee, plus 10,000 buns. Judging of 4-H, FFA and open class exhibits was under way Wednesday at both fairs. Livestock exhibits were being entered at Jerome and judging on home economic and miscellaneous exhibits were nearing completion.

A flag-raising ceremony was held Wednesday noon at the Cassia county fairgrounds under the direction of the Scoutmaster club. Horse racing started at 1 p.m. and the grand parade for the Burley event is slated for 10 a.m. Thursday.

Winners of the children's parade at Burley this morning include miscellaneous division, 8 years and under, Val Hunter, first; and Connie Archibald, second; 8 years and older, Wayne Johnson, Bruce Hopkins and Danny Amen, all first; Linda Hest, Paula Hurler and Stephanie Martin, second.

Pets and animal division—Ann Bailey, first; Fairbrothers children riding one horse, second and Laura Forscher, with two poodles, third. Tricycle and bicycle division, 8 years and under—Monte Bunker, first, and Karen Bedke, second. See FAIRS, Page 2, Column 4.

The plant originally planned to begin operations Aug. 15, but opening was delayed. According to Earl Anderson, division manager of the company's frozen potato department in Idaho, it will take a few days to put the plant into full operation.

Plans are to employ 125 men and women and the firm's weekly payroll will be about \$16,000. Potatoes will be purchased from the Hammett area for early processing, and as soon as available will be purchased locally for the Rupert plant.

RED RETURNS HOME MOSCOW, Aug. 19 (UPI)—Soviet Premier Nikita S. Khrushchev returned here yesterday from his two-week tour of France, Italy, South Russia and Central Asia, Tass reported.

The date was vacated after U.S. Attorney Sylvan Jeppesen said one of the defendants, Capt. William Early, had moved out of the state.

Early and Mountain Home air force base commander Col. Charles Allard are among air force officials who Anderson has charged with having falsely implicated him and having invaded his privacy.

Early and Allard had been asked to provide records of the confinement and interrogation of Anderson on a charge of murder after Theodore Thomas Diggle confessed to the murder. The air force maintained its charges against Anderson for another two months before releasing him.

U. S. Places Satellite in First Orbit

CAPE KENNEDY, Fla., Aug. 19 (AP)—The Syncom 3 satellite, intended to relay television pictures of the October Olympic games in Japan quickly to North America and Europe, rocketed into a preliminary orbit today en route to a planned stationary post high above the Pacific ocean. Officials were cheered by the early success of the mission. But the "Olympic Star" satellite must execute a number of complex maneuvers in the next 12 days to shift its orbit and reach its goal as the world's first truly synchronous - stationary - satellite.

While Syncom 3 is a research vehicle and television is not its main job, successful intercontinental transmission of Olympic pictures would be the most dramatic performance so far by communications satellites.

U.S., Japanese, Canadian and European interests plan to spend nearly one million dollars to demonstrate Olympic television capability with Syncom 3. Practically none of the transmission will be live, primarily because of time differences, and ironically, Canadian and European viewers will see more of the film relayed by Syncom 3 than will those in the United States.

The three-way TAD—three augmented Delta-rockets, barreled away from Cape Kennedy at 7:15 a.m. (EST) to propel the drum-shaped satellite into the "transfer" orbit—a great egg-shaped route reaching from 805 to 23,675 miles above the earth.

College Group Eyes Education Act Fund

Chances of obtaining federal aid for a community college in Twin Falls county were discussed here Tuesday with two state board of education officials. The aid would become available upon passage of the higher education facilities bill, which has cleared both houses of congress and is awaiting inclusion in the general omnibus appropriations bill. The two state education representatives are Ross E. Barney, assistant deputy superintendent of public instruction, and Wray L. Simmons, consultant to the Idaho state commission for higher education facilities.

They met here with members of the Committee of 25, which is spearheading the drive for a community college in this area. "The law clearly encourages new community colleges and technical institutes, and gives these new facilities an advantage over older institutions," Barney told the local group.

The higher education facilities act guarantees 40 per cent of construction and equipment for engineering, mathematics, physical and biological sciences, foreign languages and library facilities of any institution approved under federal and state regulations.

Stiller also is available for the vocational training side or phase of such institutions. The bill would make \$204,840 available for use in Idaho the first year. Of that total, \$74,101 See COLLEGE, Page 2, Column 7.

2 Reds Hint At New Space Spectacular

MOSCOW, Aug. 19 (UPI)—Two Soviet spacemen today gave fresh indications that the Soviets are planning a new space spectacular—possibly their biggest—in the next few days.

Andrian Nikolayev and Pavel Popovich, who orbited the Earth two years ago, said in a magazine article that "August is the month of cosmic flights."

"We are waiting for new launchings . . . by pilots who occurred to our friends to the cosmos," they said in the red star force magazine.

Their statement followed by a day the launching of three unmanned satellites from a single rocket. Today, the satellite was radiating information to ground stations which could be used in a manned launching.

Police Chief Is Killed at St. Anthony

ST. ANTHONY, Aug. 19 (UPI)—The police chief at St. Anthony was killed with a blast from a 410 gauge shotgun yesterday and police were holding a 78-year-old man for questioning today.

Deputy Sheriff John White of Fremont county said Police Chief Kenneth G. Brower, about 45, apparently was shot during an argument over location of a cattle guard.

A neighbor, James L. Thompson, 78, was taken into custody a short time after the shooting. White said Thompson made a statement, but declined to reveal its contents.

Brower had been police chief at St. Anthony since early this year. Previously, he was a deputy sheriff in Fremont county.

White said Thompson apparently approached Brower while the latter was installing a cattle guard on disputed property.

The deputy said one of three witnesses to the shooting quoted Thompson as saying: "I thought I told you there wasn't going to be a cattle guard."

According to the witness, Brower insisted there would be a cattle guard, and the shooting followed.

Police explained the brick company truck had turned into a service station and all but three feet of the vehicle was off the highway when it collided with the motorcycle.

Florida Youth, 15, Battles Big Sting Ray for 18 Hours

COCOA BEACH, Fla., Aug. 19 (UPI)—Bolstered by a ham sandwich, weary 15-year-old Tom Joyner, Jr., battled a 370-pound sting ray for 18 hours.

He finally got it to shore, but with the help of divers. "I don't care," Tom said. "I got him anyway."

He never let go of the line from 8:45 p.m. Monday until 1:30 p.m. Tuesday when two divers ran an oar through the ray's gills and helped Tom haul him to the beach with a boat.

A huge crowd, part of the thousands who came by during the day, had gathered.

Tom wouldn't leave the 600-foot-long Patrick air force base pier after he hooked into the ray, a round, flat-bodied creature with a whip-like tail capable of inflicting severe wounds.

Through the night, his father and friends fed him coffee. When morning came, the boy's Florida aun came. Tom switched to soft drinks.

His father sprayed the reel with water but it still burned Tom's hands through his heavy gloves.

Just before noon, Tom ate a huge sandwich—his only food during the battle. He was never able to bring the ray closer than 300 yards, and he decided to go.

Tom's battle wasn't the first at the pier. Last July, Mike Douglas, 15, battled a sting ray for 23 hours before losing it.

Also last July, Tom landed a 210-pound shark, a record for the pier.

ARTIST TO PAINT DOLLARS MADRID, Spain, Aug. 19 (UPI)—Pablo Salvador Dali, whose works are high prices in the United States, is doing a new one called "Dedication of the Dollar."

Registration Is Slated for Camas School

FAIRFIELD, Aug. 19.—Camas county schools will start Aug. 21, according to Supt. Harry Duell. Pre-registration of high school students will be from 8 a.m. to 5 p.m. and 6 to 9 p.m. Aug. 20. The hot lunch program will start on the first day of school.

There will be three new teachers on the high school faculty this year. Phyllis Nelson will teach social studies, Spanish and journalism. Mrs. Nelson attended the University of Wisconsin, Madison, and this is her first year of teaching.

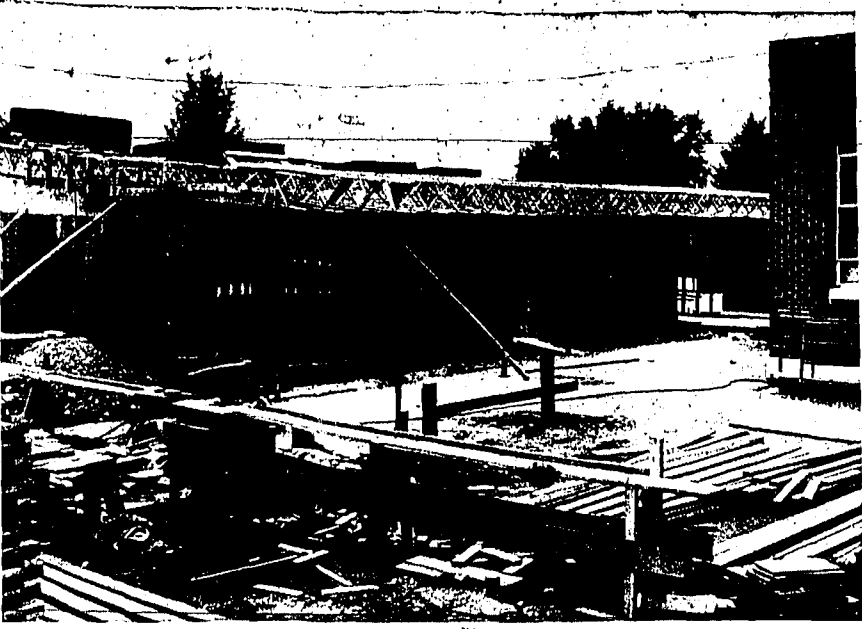

Vernon Mason will teach mathematics and science and has been teaching at Adrian, Ore. He attended the University of Oregon and has been attending ISU at Pullman this summer.

Donald Rant will be the new music teacher. The school was without a music teacher last year. Rant is from Seattle and has been attending ISU at Pullman this summer.

Other members of the high school faculty are Phil Brackenbury, science, social studies and mathematics coach. Brackenbury has been attending ISU this summer. Mrs. Phil Brackenbury will return to the faculty after a year's absence and will teach English and library. Mrs. Brackenbury is a football coach.

William Sweet is principal of the elementary school and also will teach the eighth grade. Mrs. Edwin Marshall will teach the seventh grade. Mrs. and Mrs. Marshall attended summer school at Albion, Tex.

School custodians are Carl Redrow, high school and Cecil Howard, elementary. Mrs. Zahner Edwards is in charge of the hot lunch room with Mrs. Glenn Gill and Mrs. Nolan Prock as assistants.

CONSTRUCTION is progressing rapidly on this six-classroom addition to the Murtaugh school system. The classrooms are expected to be in use by Nov. 1 and the new gymnasium is expected to be completed about Dec. 1, according to Truman Hile, chairman of the school board. The construction was made possible by a \$200,000 bond issue passed last February. Work is being done by the J. A. Clawson Construction company and the Oils Hall Construction firm, both Twin Falls, Watson and Leatham, Boise, are architects for the two buildings, being constructed of brick and brick veneer. New Gymnasium, Classroom Building At Murtaugh to Be Ready This Fall

MURTAUGH, Aug. 19.—With work going ahead according to schedule on construction of the new six-classroom building and the new gymnasium at Murtaugh, students can anticipate using the new facilities soon.

The classrooms are expected to be completed by Nov. 1 and the gymnasium about Dec. 1. The construction, made possible by the \$200,000 bond issue passed in February by the taxpayers of joint school district No. 418, Twin Falls and Camas counties, is being done by J. A. Clawson Construction company and Oils Hall Construction company, both Twin Falls.

The joint bid of the two firms was accepted by the board of trustees at the July 8 meeting and work began immediately.

The buildings, designed by Watson and Leatham, Boise architects, are being constructed of brick and brick veneer. At present the roof is being put on the classroom building. The construction of the gymnasium is also well advanced.

Natural gas will be used for heating the new classroom building and the gymnasium.

An additional 30-foot right of way has been purchased from the James Boyd estate which makes possible a 60-foot-wide roadway which has been opened on the south side of the new buildings, according to Truman Hile, school board chairman.

The new classrooms will make it possible to hold fourth, fifth and sixth grade classes in the grade school. For several years these three grades have been held in the high school building. The present four-room grade school building which is adjacent to the new building still will be used.

The proposed use of the six-classroom standard school plan will increase school efficiency and administration, Hile added.

The new gymnasium will have a seating capacity of from 1,200 to 1,500 compared to the 300 maximum capacity in the old gymnasium. Physical education classes, drill team practice, etc., will be carried on by high school students in the old gymnasium.

The present building program came into reality when taxpayers passed the \$200,000 bond issue after defeating two previous bond issues and several proposed school consolidation plans involving the Kimberly-Hansen-Murtaugh school districts.

Schools Will Start Aug. 31 In Minidoka

RUPERT, Aug. 19.—Minidoka county schools will start Aug. 31 with a complete day of study, according to Camden Meyer, superintendent of schools.

At the present time five vacancies exist in the faculty with three of these in the English department at Minico, one vacancy in the fourth grade at Paul and an unfilled position for first grade teacher at Memorial elementary. Meyer explained all possible effort is being made to obtain teachers by the opening date.

Registration for all elementary students, grades one through eight, will be held from 9 a.m. to noon and from 1 through 4 p.m. Aug. 27 at their respective schools. Students with last names beginning with the letter A through L are asked to report before noon and M through Z, no-later to register during the afternoon.

Registration for freshman students will be held at the high school on Monday, Aug. 24; sophomores on Tuesday, Aug. 25; juniors, Wednesday, Aug. 26, and seniors, Thursday, Aug. 27. Registration time for high school students will be from 1 to 3 p.m. and from 7 to 9 p.m. High school students are reminded picture will be taken at that time for the yearbook.

The fee schedule set up by the board of trustees for the school year includes grades one through six, \$7.50; grades seven and eight, \$10; and high school students grades nine through 12, \$25.

The cost of student insurance is slightly higher this year, according to Meyer. The cost is \$2.50 for grades one through six and \$3.50 for the junior and senior high school students.

An insurance program for students who participate in football is available under standard football program which costs \$15, a comprehensive football plan which costs \$20, or a deductible football plan which costs \$10.

All players participating in the football program must take the \$3.50 student insurance, as it is compulsory that those participating in football have some type of insurance.

Meyer pointed out the school board discussed the possibility of dismissing school for the Minidoka county fair but decided against this. However, all students that participate should be excused without penalty.

The controversial harvest vacation matter was discussed, according to Meyer, who pointed out much agitation exists in the county concerning closing school for harvest vacation. Because of teacher's institute falling on Oct. 12 and 13, which is a Monday and Tuesday, some discussion of closing school for the last three days was held. No action was taken.

Some of the schools in the county have a surplus of students in the lower grades, and some transferring from one school to another may be necessary. Meyer stated that they will wait until school gets under way before taking any action on this matter.

JUDY HALL, daughter of Mr. and Mrs. Delbert Hall, Jerome, is reigning queen for the Jerome county fair and rodeo, Thursday through Saturday. She will ride Pilex, an Albino quarterhorse, in the parade which officially opens the fair at 4:30 p.m. Thursday.

Youth Dives Into Canal, Breaks Neck

MAPLETON, Utah, Aug. 18.—A 16-year-old boy broke his neck yesterday when he dove into Strawberry canal in Mapleton.

Taken to Holy Cross hospital in Salt Lake City, where he was reported in serious condition, was Wendell Johnson, 16, son of Mr. and Mrs. Frank Johnson, Mapleton.

Town Marshal J. Ray Jensen said young Johnson was injured when he dove into the canal while swimming with companions about 5 p.m.

Jensen said the boy was unable to move after the mishap. He said the place the accident occurred was a popular swimming spot.

Demos in Camas Choose Officers

FAIRFIELD, Aug. 19.—Joe McCarter, Corral, has been named as the new chairman of the Democratic party for the Camas county central committee. He replaces Leslie Fur, who resigned since he is a candidate for state senator from the county.

Ruby has served many years in various capacities for the Democratic party. McCarter is a young farmer and businessman and is associated with his father, William McCarter, Hagerman, in the McCarter Cattle company.

Mrs. Olga Naser, Fairfield, was named as state committee woman and Newell Brooks was named as state committeeman. County committeemen for precinct one is Lonzo Baldwin and Willard Wilson, Corral, represents precinct two. Mrs. Paul Cox was reelected as secretary-treasurer.

NORTH POLE IS WARMER MOSCOW, Aug. 19.—It has been a long, hot summer at the North Pole, relatively speaking. The Soviet news agency Tass reported yesterday that temperatures have been "well above zero" in the arctic basin.

Too Much

SPRINGFIELD, Ill., Aug. 19.—A 600-pound barrow won two prizes at the Illinois State fair, but the strain of competition apparently was too much. It suffered a heart attack.

The hog, owned by Alvin Lehmann, Pleasant Plains, Ill., suffered the attack in its pen yesterday.

Wrong Ride

PRINCETON, England, Aug. 19.—A prisoner who escaped from a Dartmoor prison work party yesterday and tried to thumb a ride away from the jail was returned to his cell by the off-duty warden who stopped to give him a lift.

2-Man Flight Is Delayed By Lightning

CAPE KENNEDY, Aug. 10 (AP) — The federal space agency announced yesterday that lightning hit the Gemini launch pad Monday, causing damage that may delay the nation's first two-man space flight until next year.

A spokesman said the lightning damaged a Titan-2 rocket which was to be used in an Oct. 11 launch of the Gemini 10 and 11 spacecraft. The launch was to be a test of the two-stage booster rocket and the Gemini capsule.

NASA said the storm's effect on the launch date is not known, but some equipment aboard the rocket will have to be replaced and the complex and major systems will have to be put through some tests.

PROPOSED CIVIC auditorium is shown plotted on the main Twin Falls city park. The drawing illustrates one of three proposals. It shows the building with an attached parking lot and a playground area. A second drawing eliminates the attached parking and has a playground around the park. A third would provide for no increase in parking. The library is shown in the right foreground.

The county courthouse and O'Leary Junior high are shown on the left of the drawing. In the background, from right, are St. Edward's church and school, Twin Falls (Catholic) hospital and the First Christian church. The handball, wading pool and children's playground remain in their present locations. (Drawings by Harold Gerber)

Underwear

TOKYO, Aug. 10 (AP)—Japanese authorities are trying to discourage Tokyo males from wandering about publicly in their underwear for fear of the effect it might have on the tourist trade.

The problem has arisen because of a heat wave and the excellent air conditioning at the recently refurbished Tokyo International Airport. Reports say hundreds of men have been flocking to the airport terminal clad only in underpants, undershirts and sandals. There they relax in the cool lounges, oblivious to the stares of foreigners.

MR. AND MRS. ROSEL HYDE

Pocatello Pair Honored at LDS Open House

Mr. and Mrs. Rosel L. Hyde were honored at an open house June 20 at the LDS first and third ward cultural hall, Twin Falls, following a wedding ceremony in the Idaho Falls LDS temple.

Mrs. Hyde, the former Nina Leavitt, Homedale, is the daughter of Mr. and Mrs. Laurel E. Leavitt, Homedale, and Hyde is the son of Mr. and Mrs. Leslie W. Hyde, Pocatello, former Twin Falls resident.

The bride wore a floor-length gown of white delustrated satin. The bodice was designed with a rounded neckline accented with beaded pearl daisies. Embroidered flowers enhanced the tips of the lily point sleeves. Her pleated skirt fell into a short chapel train.

Her shoulder-length veil of illusion was styled with embroidered daisies around a chiffon rose. She carried a bouquet of pink cascading roses centered by an orchid.

The bridegroom's mother wore a pink brocade taffeta gown and a corsage of pink roses.

Guests were greeted by Mr. and Mrs. Albert Inman and Robert Inman, host man. Mr. and Mrs. Eldon Pile, sister and brother-in-law of the bridegroom, were hosts for the open house. Serving at the refreshment table were Sandra Pile and De-

laine Pile, sisters of the bridegroom, Myrna Bingham and Lorna Bingham, assisted by Mrs. Ester Bates, Marilyn Arrington, Susan Arrington and Jean Hingebottom.

Attending the gift table were Mr. and Mrs. Keith Egbert, Mr. and Mrs. Deloy Bingham and Mrs. Leon Wright. Marva Pile and Patricia Pile received the gifts.

Evanna Pile presided at the guest book.

Out-of-town guests attended from Logan, Homedale, Pocatello, Burley and Paul.

The couple was honored at a wedding reception in Homedale. They are now residing in Pocatello.

The bride is a graduate of Homedale high school. She attended Ricks college, Rexburg, and was graduated from Idaho State university, Pocatello, where she was affiliated with Lambda Delta Sigma. She has taught school in Pocatello and Las Vegas.

Hyde is a graduate of Twin Falls high school and Idaho State university.

California Designer Shows Fall Fashions

NEW YORK, Aug. 19 (AP) — "Belees," muttered the males. "Divine," murmured the females as James Galanos had the last word on what the moneyed miss will wear this winter.

Other American collections opened three months ago and the French ones recently, but the California designer projected himself from style plagiarism by waiting until the season was practically here before revealing his own designs.

His only concessions to the trousers trend here and abroad are quilted Chinese brocade heat-eco jump suits with sleeveless windlike velvet coats over them.

As far as the topsies fashion mindless gowns, Galanos conceded to the business on the spino side of the body only.

A self-fabric bra was a part of the otherwise backless to the waist number, with gown dangles dangling from the back hand.

But from the very first number — a black semi-fitted princess line with rounded button-detailed sleeves — it was obvious that architecture of the costume was more important to Galanos than the framework of the lady under it.

Among the slim coat and suit styling details were pocket flaps, tiny lapels, welt casing, sleeve-wrapped and apron-pleated skirts, belts banded across the

front, and some back belts along so low you could swing on them.

For the cocktail crowd, Galanos recommended starkly simple bias-cut wools or crepe with long sleeves and hemlined skirts. For the discotheque enthusiasts

Phillies to Underwrite New Stadium

PHILADELPHIA, Aug. 19 (AP)—The Philadelphia Phillies offered today to underwrite the full cost of a stadium in South Philadelphia. The offer was made as part of a plan to build a new stadium for the team. The stadium would be located in a North Philadelphia area. The club says the park is antiquated and parking facilities are inadequate.

Under the Phillies' offer, the team would become the stadium operator and assume all the risks. All revenues from attendance and concessions would go to the Phillies as would rentals from other potential tenants.

The Phillies play in Combs Mack stadium, a 35,000-seat capacity park located in a North Philadelphia area. The club says the park is antiquated and parking facilities are inadequate.

The Phillies pulled the game from the fire after Jyron Randolph had held them away from the plate for eight innings with an unearned run in the ninth to knot the count and then won in the 13th with the second teaming run off Randolph, who has now won one and dropped four games.

YOUR BIRTHDAY and HOROSCOPE

WEDNESDAY, Aug. 19—Born today, you have very definite ideas about things and are not easily persuaded to favor any course which does not immediately attract you. Given to making any judgments, you will make many a mistake. Nevertheless, your first reaction is generally your best reaction, and though you should develop the habit of thinking things through, you should seldom overlook your initial impression.

You have a great many talents, and the degree of success you achieve in life will depend almost completely upon the wisdom of your choice as to which talents to develop and follow. Should you choose unwisely, fame will most certainly elude you; there may well be compensations, however—money, love, happiness—to make up for the "loss."

You have an unusual sense of humor which might play a part in your career. Should you become a writer, you will make comically could be your forte. Be wise, however, and don't expect to get by on humor alone; develop your basic talent first and then add the fun as a frosting.

Among those born on this date are: James Gould Cozzens, noted novelist; Ogden Nash, humorist; poet; Orville Wright, co-inventor of the airplane.

To find what is in store for you tomorrow, select your birth-

you; then bring yourself into active relationship with them. Listen to advice.

VIRGO (Aug. 24-Sept. 23) — Keep to a middle course today; both in your activities and in your thinking. Don't go for broke!

LIBRA (Sept. 24-Oct. 23) — You would be wise to try to advance your knowledge of technical matters. Your future advancement may depend upon it.

SCORPIO (Oct. 24-Nov. 22) — You can make up for a dull morning by grabbing the opportunity blown in on a fresh afternoon breeze!

LEO (July 24-Aug. 23) — Hook out those who can be of aid to you.

22 — A day which promises to be unusually lively for Sagittarius. Strike a healthy balance between mental and physical activities.

CAPRICORN (Dec. 23-Jan. 20) — Take the initiative in securing the advancement. Make a study of on-the-job methods of production.

AQUARIUS (Jan. 21-Feb. 19) — Avoid whatever risks you can as you go about your own business. Avoid becoming involved.

PISCES (Feb. 20-March 20) — Be especially mindful of the passage of time. You will have to sail a direct, true course to reach your goal by evening.

ARIES (March 20-April 20) — If you are reluctant to speak your piece, try writing it. Weigh your words to achieve the desired results.

TAURUS (April 21-May 21) — Give your attention to small matters, especially if you are involved in either buying or selling. Price tags tell little today!

GEMINI (May 22-June 21) — Avoid becoming overly elated by the success of the morning. Keep to your pace and this can be the best day of the month!

CANCER (June 22-July 23) — Use both your intelligence and your inventiveness to keep business on an upward trend. Be your own best adviser.

TODAY'S TELEVISION SCHEDULES

WEDNESDAY, AUG. 19

"Great Conventions," (6 p.m. CBS)—A history of the Democratic conventions since 1932, examining the combination of factors that brought the Democrats to office in that year, and detailing the growth in importance of—and the battles for—the vice presidential position on the national ticket. CBS news correspondent Robert Trout is the reporter.

"Virginian," (6:30 p.m. NBC)—"A Bride for Liza," is the title of this week's comedy-drama. Peter Whitney plays the part of Liza Holstrom who sends Trampas after his mail-order bride and orders to bring her back safe.

"Beverly Hillsbillies," (7 p.m. CBS)—Bluegrass musicians Liza Plitt and Earl Scruggs join with Drysdale and Milt. Halloway addition a wife for Jed when they visit Beverly Hills with their own glamorous wives.

Smylie Says Republicans Will Win

PITTSBURGH, Aug. 19 (AP)—Robert E. Smylie of Idaho, chairman of the Republican Governors Association, yesterday predicted victory for Republican gubernatorial candidates in the fall.

Smylie made the comment at a brief news conference following a two-day "campaign school" for gubernatorial candidates.

A similar school opens today in Denver. Smylie left immediately to conduct the school. Approximately 12 persons were expected to attend.

Smylie told newsmen he felt the candidates and their "instructors" had meaningful discussions, and he hoped they would benefit the candidates and their campaigns. He predicted victory for GOP candidates in West Virginia, Illinois and Indiana, but he did not write off any of the states electing governors this fall.

"I feel that everyone who attended these short-courses work sessions went away with invaluable information and guidance for a winning campaign in each of the states involved," he said. "Such a conference would have proved useful to me when I was seeking the governorship the first time."

Charles Percy, candidate for governor of Illinois, said he felt one of the most useful subjects discussed was the split ticket voters. Percy said 37 per cent of the voters in the nation split their tickets, and it was essential to win their support. He estimated that 40 per cent of the Illinois voters split their tickets.

Percy said a voter who splits a ticket generally is well informed, has a high education and can be appealed to in a campaign.

Red Says U. S. Must Pay Debt For Attacking

TOKYO, Aug. 19 (AP)—Communist Chinese Foreign Minister Chen Yi said yesterday the United States must "pay a debt of blood" for attacking North Vietnam.

Chen's statement, at a reception in the Indonesia embassy in Peking, was broadcast by the New China news agency and monitored here.

"We hereby tell the United States frankly that the matter is far from being over," Chen said. "The aggressor must be punished. The debt of blood must be repaid."

It was one of the strongest communist Chinese statements since the U. S. air strikes against North Vietnamese naval bases were carried out in retaliation for attacks on American warships in the Gulf of Tonkin.

OGDEN, Aug. 19 (AP)—With an appropriation of \$10,000 approved for the job, engineering work for a new four-lane viaduct across the railroad yards in west Ogden somewhere north of the present 24th street viaduct is slated to start this fall.

Ernest H. Balch, commission chairman, announced the appropriation and the start on engineering work today.

The engineering work will include choice of a route and determination of grades, cuts and structures required.

Construction may not be started for two or three years, Balch said.

Final Plans Made for Air Fair

HILL AIR FORCE BASE (AP)—Final plans for the Weber Valley air fair slated for Aug. 29 at the Ogden municipal airport were discussed today by officials of the show and a representative of the USAF Thunderbirds.

Capt. Russell C. Goodman, Salt Lake City, narrator for the Thunderbirds, was on hand to discuss arrangements with A. R. Lutz, commander of the Ogden squadron of the air force association.

tion, sponsors of the air fair. The Thunderbirds will be a featured attraction at the show in their red, white and blue F-100 super sabers. They will put on a 30 minute show starting at 2 p.m.

A varied and attractive program has been planned between 10 a.m. and 2:30 p.m. It will include static displays of military and civilian aircraft, plus fly-bys of military and civilian aircraft.

Performances by Skydivers and paratroopers are also on the program.

LARGE TENT WAS FEATURED at the Lincoln county fair in 1927, as shown in an old photograph. According to records at the county extension agent's office Lincoln county held a fair in 1927, the first in 15 years, making the first fair as early as 1912. Since the sheep industry was a major business in Lincoln county in the earlier days, a sheep club was organized in 1928 and many sheep were exhibited. In 1930 the fair was abandoned because of the depression, but was begun again in 1935.

Records Show Lincoln's First Fair Was About 1912

RHODESTONE, Aug. 13 — Lincoln county held a fair in 1927, the first in 15 years. Therefore, fairs were held in the county as early as prior to 1912, current fair records at the county extension agent's office show.

The 1927 fair was organized largely on the strength of having a county agent, and this was the first agent in the county for six years.

The new agent was given credit in promoting the fair and it appeared that the skeptical and doubtful were watching every chance to discourage the fair as well as lay the blame for failure to the new agent, the record states.

However, the agent solicited each community in the county, and talked fair at individual opportunities and public meetings. He took an active interest in all departments and the fair was termed a success. Pessimism was swept away and the skeptical group found that a county agent is quite human and that his duties are to cooperate and help in county problems.

Nothing better could have happened to encourage extension work within the county. The people of the county became so enthusiastic that they decided to place a county exhibit at the Pomona Orange fair in Boise where the county won second place at the fair in competition with five counties.

Headquarters for this 1927 fair was at the present fairground site. The Marketing association building and large tents were used for the exhibit space.

A major business in the earlier days of Lincoln county was the sheep industry. To stimulate better flocking and to encourage the younger generation along this line, one sheep club was organized in 1928 and two in 1930. There were two demonstration teams and two judging teams. Ten completed projects showed a net profit of \$338.62. In addition, five of the boys had acquired pure-bred stock in the period.

The old record reads, "It is interesting to note the interest of the kids in this work. During the fair these kids were constantly on the sidelines giving the boys whatever assistance and encouragement possible, and incidentally, learning more about the sheep industry."

These early fairs were held to stimulate higher quality products with the county agent assisting in arranging displays. Three thousand people attended the fair of 1928, and four communities made agricultural exhibits.

In order to stimulate interest in a county fair, winning exhibits were reserved and placed on a county exhibit at the Ada county Pomona fair.

In 1930 the regular county fair was abandoned because of economic and crop adversities. In order to keep the fair organization intact, the county commissioners and fair board requested that the 4-H club of the county stage a club fair.

A committee was organized and a one-day fair was held at the school grounds at Richfield. The county appropriated \$300 for the project. There were ex-

hills of sheep, cattle and hogs for the boys while the girls displayed sewing and food. About 800 people attended the fair, with Frank Stevens in charge. He was a club boy at the time.

An interesting feature of the fair was the livestock judging contest between the club boys and their dads.

These achievement days, one-day fair events, were held at Richfield from 1930 to 1935, then moved back to Rhodestone, this time to the courthouse lawn.

Buhl Man Held Same Job for 37 Years at T.F. County Fair

Buhl, Aug. 11—In 1927 Albert Jagels, Buhl, took some of his dairy stock to the Twin Falls county fair to show them in open competition. At that time T. W. Richmond, Buhl, was supposed to be the dairy division superintendent but when he didn't show up at the fair that year, George Tucker, then secretary of the fair board, the post now held by Thomas Parks, of Jagels to take over the dairy division for that year. That was years ago and Jagels has been in the dairy division ever since, according to Parks, another man a superintendent. T. F. 4-H Group Discusses Fair

Members of the Pans and Needles 4-H club discussed decorations for their booth at the Twin Falls county fair Monday at a meeting at the home of Chris Peterson.

Mrs. Rex Greer, sewing leader, stressed that the members must have their sewing projects finished before the next meeting. Record books were distributed and discussed. Demonstrations were given by Janice Greer on kinds of seams and Chris Peterson on quilted eggs. The next meeting will be held Monday at the home of Janice Greer.

Teton Bill Is Hailed By Harding

WASHINGTON, Aug. 10 (AP)—House approval of a bill authorizing the \$2 million dollar Lower Teton project has been hailed by Rep. Ralph Harding, D. Idaho, as the most significant action by congress this year affecting Idaho.

The senate had passed a bill authorizing the project, but the house interior committee bill differed in minor details from the senate bill. The house yesterday amended the senate bill and returned it for final congressional action. Harding said he hoped the senate will agree to the house amendments. If not, he said, a conference committee would be required to iron out difficulties. The house bill calls for construction of the Fremont dam on the Lower Teton river and a 22,000 kilowatt capacity power plant that would help repay costs of the dam.

Three Airmen Involved in Auto Crash

Three Mountain Home airmen were involved in a one-car wreck at approximately 1 a.m. Tuesday, one mile west and one mile north of the Twin Falls city limits.

A 1957 Chevrolet, driven by Roy D. Sadler, 30, Mountain Home air force base, was traveling east on the county road and the driver lost control of the car on a corner turning south. The car skidded and rolled over, but none of the passengers was seriously injured.

The car skidded and rolled 318 feet before coming to a stop in a fence near the Canyon Trout farm. It was estimated by Twin Falls Deputy Sheriff Paul Corrier that the car was a total loss.

Sadler was cited for reckless driving. Dennis J. Rice, 18, also Mountain Home, was charged with drunkenness in a vehicle and was taken to Magic Valley Memorial hospital where he was X-rayed and released. George McAllice, 19, another passenger in the car was taken to the hospital where he was retained during the night for observation. There were no charges filed against McAllice.

Rice and Sadler appeared in court Tuesday morning where their bond was set at \$100 each, but the bond was dropped and they are being held for air force authorities.

Johnson Inks Hospital Bill

WASHINGTON, Aug. 19 (AP)—President Johnson signed yesterday a 1.4 billion dollar hospital construction and modernization bill, and hailed the present Congress as a "better-health Congress."

Johnson signed the five-year extension of the Hill-Burton act in the presence of a large delegation from congress and of government officials working in the field of health.

The President and the people of this country always have been great hospital builders, but that many of the hospitals, particularly in the larger cities, are obsolete and out of date.

The bill extends the longtime program of federal aid for hospital construction, known as the Hill-Burton act, with the addition of aid for modernization of older hospitals.
