WASHINGTON, Oct. 3 (AP)—A politically impatient congress disposed of some odds and ends today, then closed shop and hustled off to the hushings—where its lengthy legislative record will loom large in campaign oratory. Adjournment came in the senate at 1:41 p.m., and in the house at 3:16 p.m. Both adjourned until Jan. 4 which means the 88th congress has completed its record—unless it is recalled in special session by President Johnson. As the wind-up came the President was urged to do just that. Sen. Jennings Randolph, D., W. Va., sent Johnson a telegram urging a post-election sitting for a massive revival program for Appalachia and with health care for the aged—two major administration projects left stranded by adjournment. There was no hint from the White House whether the President is considering such a step. Johnson's readings of the election results could determine his course on these matters, at least one of which—health care under social security—seems certain to be a top campaign issue in many districts.

## France, Will Not Pull Out, Says Leader

PARIS, Oct. 3 (AP)—President Charles de Gaulle has no intention of pulling France out of NATO, responsible French sources said today. They said he will make this clear to President Johnson if he is re-elected and makes a trip to Europe early next year.

Qualified informants said de Gaulle will tell Johnson that he plans to keep France in the NATO treaty comes up for renewal.

De Gaulle, French sources said, will tell Johnson that France is perfectly happy with the NATO pact and remains fully convinced of the value for continuation of the Atlantic alliance.

However, the sources said, de Gaulle will explain that he disagrees in many ways with the manner in which NATO has developed.

For one thing, they said, he will urge the need for a progressively larger role for France and other European NATO members in running the alliance.

## Plane Hits Peak; Bodies Are Charred

TREVELEX, Spain, Oct. 3 (AP)—The wreckage of a French airliner was found today high on a peak in southern Spain. The bodies of the 80 persons aboard scattered over the headstream of the Valley of Hell, civil guards reported. Some villagers reported seeing burning parts falling from the sky yesterday, the day the plane vanished on a flight from Paris to Africa, the civil guard said. Whether this meant the plane exploded in air or the villagers had seen debris falling from the point of impact on 11,043-foot Alencabra peak was not known. All aboard were reported to be French or Mauritanians. The plane's ultimate destination was Nouakchott, Mauritania.

A civil guard statement said the plane appeared to be off course after leaving La Palma de Mallorca for Tangier, its next stop. The weather in the area was reported good.

It could be that the plane had developed trouble and with its radio equipment out of order was trying to find any airport for an emergency landing, the civil guard report said.

The nearest airport would be Gijón, about 200 air miles northwest of the scene of the crash on the Sierra Nevada peak.

The plane is completely destroyed and its thousands of fragments scattered all over an area of more than 600 yards, said the report. Two civil guards who were first to reach the scene.

"The bodies, horribly mutilated or burned, were far beyond recognition. Smoke was still coming from the wreckage," one said.

The plane, a propeller-driven DC-8 of the Union de Transportes Aériens (UTA) plowed into the peak at a spot where the Valley of Hell stream begins. The site is difficult to reach although only 16 miles north of Trevélex.

Most passengers were adults but there appeared to be some children among them, the civil guard said. The plane, operated by the private French line, carried a crew of seven and 73 passengers.

UTA headquarters in Paris said the last word heard from the plane was near Alicante, Spain, about a third of the way between Palma de Mallorca and Tangier.

## 5 Men Arrested for Violating Negro Rights, 4 Are Lawmen

MERIDIAN, Miss., Oct. 3 (AP)—The FBI, armed with civil rights warrants, arrested five Neshoba county men today, including Sheriff Lawrence Rainey and his Deputy Cecil Price, on charges of violating the rights of Negroes. All were released on \$1,000 bond on each count after about three hours in custody. Rainey, 41, and Price, 26, were picked up at the courthouse in Philadelphia, about 40 miles from here, by FBI agents.

## Warehouse Burns; Loss Is \$40,000

JEROME, Oct. 3 (AP)—Fire of undetermined origin gutted a storage warehouse about 6:30 p.m. Saturday, causing damages estimated at about \$40,000. The warehouse, located on Main street west, was owned by L. Harrison Enterprises and rented by Titus, Inc., for storage purposes.

The building was valued at about \$10,000 but about \$5,000 worth of lumber was stored in the building along with several vehicles and other merchandise, with a total value of about \$25,000.

A school bus, owned by St. Edward's Catholic school, used to transport Jerome students to the Catholic school, a cement mixer truck, a moving van, a 1957 Plymouth station wagon and a power saw were listed among the items stored in the warehouse.

It was reported that prompt action by Jerome residents prevented the fire from spreading to nearby Jerome Lumber company. The warehouse was located between two service stations and was reported that the station owners sprayed the top of their businesses to keep them from catching fire.

## UF Report The first report meeting of the United Fund campaign was held Friday morning showing the Auto Dealers division, under Capt. Miles Browning and H. G. Lauterbach, almost completed, reports chairman W. W. (Bill) Pressey.

The pledges show a substantial increase, of at least 20 per cent over last year, he said.

A second report meeting will be held at 7 a.m. Tuesday.

## Nationalists Are Arrested For Rioting

BELFAST, Northern Ireland, Oct. 3 (AP)—Police held 30 Irish nationalists today after the third straight night of pre-election rioting in which scores were injured.

The fighting flared again last night in a revival of an old and bitter feud after officers had removed the Irish Republic's flag, outlawed in the six counties of Northern Ireland.

Arouned Republicans demanding union with Ireland's 26 counties to the south are running candidates for 10 seats in the House of Commons in the election Oct. 15.

Despite appeals for calm, the rioting took an ugly turn. Violence in recent years since the Irish state formally severed its Commonwealth ties in 1949, maintaining Northern Ireland belongs with it.

The government outlawed the Irish Republican army. Flying of the republic's flag has led to previous violence, although the issue had not stirred trouble lately until this week.

TEACHER DIES  
POCATELLO, Oct. 3 (AP)—Bertha L. Atkin, 80, early-day teacher and superintendent of schools here, died today at St. Anthony hospital after a short illness.

## 23 Persons Die as Tornadoes Precede Violent Hurricane

NEW ORLEANS, Oct. 23 (UPI)—Hurricane Hilda smashed her full 120-mile-an-hour fury into south Louisiana Cajun country tonight and howled inland. Killers preceded it and the toll of dead and injured mounted. At least 23 persons were killed, 18 of them in three tornadoes that all but destroyed the fishing community of Larose. Another five died when their car was swept off U.S. highway 61 into Bayou Manchac south of Baton Rouge. Hilda's center crashed ashore and 120-mile-an-hour winds shrieked through almost-deserted Franklin. The same winds hit Cypress on Vermilion Bay where a courageous civil defense worker, Leo Olander, perished in a truck and radioed details from an isolated peninsula.

A westward shift by Hilda endangered wider areas.

Within 90 minutes, three tornadoes dropped from the rain-black skies over Larose, a community of 2,000 on Bayou Lafourche in Lafourche Parish (county).

UPI staff photographer Pete Plater arrived within an hour and reported as many as 40 houses crushed that some homes were just like vacant lots. He counted 13 bodies.

Survivors, some of them bleeding from their injuries, crawled helping out survivors out. Victims—no forests of rain-fall and the winds rose to herald the onrush of Hilda.

One man with about 50 cuts on him, his shirt red with blood, helped out the injured until he himself was led away. His father and brother had been killed.

Autobuses sped down slick roads into the gales that sliced rain horizontally like a knife-blade to bring the victims to Raceland. Corner Philip Robinson said there were 17 dead. They were taken to Falgout funeral home.

Sheriff Eddie St. Marie bulldozed through the streets in his car ordering civil defense workers and survivors out. Hilda was getting too close for safety. No one cried. They were too numb.

The survivors said they heard "whirling noise like a cyclone" and "a tornado, the frequent by-product of hurricanes."

Twisters hit at the New Orleans suburb of Kenner, injuring 10 people, police reported.

## Refugees Use Boxcars to Flee Hilda

LAFAYETTE, La., Oct. 3 (AP)—Boats and cars fled to safety after a particularly high water and vicious winds of hurricane Hilda yesterday by climbing aboard two Southern Pacific boxcars in all.

The trains started picking people up at Morgan City and added evacuees and cars as needed—at each point on the line on the 75-mile route northward.

Up to 50 refugees climbed aboard each boxcar. Once, en route, they stood up, sat down, knelt on blankets, and nibbled on food fetched out of paper sacks.

Reaching Lafayette, the St. Mary Parish residents were carried by school bus, army truck and donated commercial vehicles to a public school and several community centers in Lafayette to live out Hilda.

Civil defense personnel maintained communications and provided transportation. The Red Cross served food and registered the potential Hilda victims.

## Society, Politics Mix Successfully At Tea Given by Mrs. Hemmingsway

KETCHUM, Oct. 3—Society mixed with politics at a gala social gathering in the glittering Ketchum Lodge here Friday night and the results were termed most successful today by Blaine county Democrats.

An "I'm for Lyndon" ten was hosted by Mrs. Mary Hemmingsway, widow of famed author Ernest Hemmingsway, with some 125 invitations issued to both the socially elite and politically prominent, primarily of Blaine county but also from other parts of the state.

While Mrs. Hemmingsway is a longtime Democrat herself, the atmosphere of the tea definitely showed some Republicans as supporting President Johnson.

This was accentuated by the presence of Dr. William Hall, McCall, former president of the College of Idaho, Caldwell, a self-proclaimed lifelong Republican, who was now state chairman of Citizens for Johnson committee.

Dr. Hall spoke at the tea, pointing out he would have voted for Governor Rockefeller, but he "simply couldn't vote for Goldwater." He announced the formation of the Blaine County Citizens for Johnson group and named a "teen-agers for Johnson" club.

Mrs. Hemmingsway is one of 10 founders of the Blaine County Citizens for Johnson. It was formed out five of the 10 founders consider themselves Republicans. Mrs. Don Bennett, wife of an illustrator and water color artist, is chairman of the citizen group.

## Rupert Youth Killed In Burley Area Crash

BURLEY, Oct. 3—A Rupert teen-ager was killed and a Heyburn youth listed in fair condition Saturday night as the result of a motorcycle-car accident at 1:20 p.m. today at a county road intersection four miles south and two and one-half miles east of Burley. Darwin K. Hayden, 14, son of Mr. and Mrs. Harold Hayden, 402 14th street, Rupert, died a few minutes after the crash, according to Deputy Sheriff Wes Woodall. Reported in critical condition are Fred Judd, 14, son of Mr. and Mrs. Marshall J. Judd, Heyburn. The Heyburn youth was a passenger on a Honda motorcycle driven by young Judd. The motorcycle collided with a 1957 Ford driven by M. Dean Jones, 15, route 2, Burley. The car is owned by his mother, Mrs. Lorna Brower. The Jones youth was not hurt.

Witnesses told investigating officers the car had stopped at the stop sign and was starting to enter traffic heading east when

## Blick Claims Demos Give Him Backing

George L. Blick, Republican state senator from Twin Falls county, stated Saturday that he has the support of "many fiscally responsible, conservative Democrats" in his campaign for reelection.

In his statement, Senator Blick declared, "In reply to a so-called 'Republicans for Wagner committee' which appeared in print Friday, I would like to inform my opponent that I am not only a Republican, but I am a Democrat."

He said that many fiscally responsible, conservative Democrats have assured me of their support and that I appreciate and welcome. However, I have no intention of violating their confidence by publishing their names.

"So far as Republicans are concerned," Senator Blick's statement continued, "if there are those who believe in Wheeler-Blick-Democrat big spending, as my opponent apparently does, then I can only say I'm sorry to lose this few because they disagree with me on tight budget control policies."

"My principles are based on financial responsibility and I know that what most of the people in Twin Falls county want and deserve," the senator continued. "I assure the people of Twin Falls county that I have no intention of engaging in a crash program, and we shall continue to live within our means."

Senator Blick's specific reference was to an article which appeared in the Friday afternoon edition of the Times-News concerning the formation of a Republican support committee for Blick's opponent, Roscoe Wagner, Democrat.

## T. F. Has Chance for State Penitentiary

Possibility that Twin Falls county might be considered as site for a new state penitentiary was voiced here Saturday by State Sen. George Blick, Castleford. Blick voiced the possibility in commenting on a meeting of the state's permanent building fund council scheduled in Boise Oct. 13, and said he would "welcome an expression of opinion from the citizens of Twin Falls county" as to their feelings about the matter. Blick, a member of the permanent building fund council, said, "It came to mind several days ago that among other state buildings to be considered (at the Oct. 13 meeting) would be a new penitentiary. I have been on the board of corrections for a number of years and I am sure that the board of corrections would be in a position to recommend a site for a new penitentiary."

"To my knowledge nothing has been done in the Ada county area and I am sure the board would like to look over sites in other areas if Ada county has no further interest."

"Here we will be talking about a state institution that has an annual payroll of about \$1,000,000 that employs around 100 civilian persons."

"It will require around 1,200 acres of farmland. It must be a temperate climate area where all crops may be grown. They must have doctor and hospital facilities nearby."

"Twin Falls county needs all requirements. This facility could be located some miles from a municipality."

"I would welcome an expression of opinion from the citizens of Twin Falls county as to the feeling regarding this possibility."

"It could be handled by chambers of commerce and other civic organizations in Burley, Pocatello, or elsewhere. If there is a favorable reaction by the citizens of the county toward this possibility I shall use my experience and knowledge of legislative procedure to get the board of corrections to come to our county to check available sites."

Church stressed how important it was to have a penitentiary. See POLITICS, Page 2, Col. 6

## TV Driver

CINCINNATI, Oct. 3 (AP)—Joseph Farrell, 22, suburban Norwood, was fined \$25 and had his license suspended for six months yesterday for watching television while driving.

Police said Farrell had a television set with a five-inch screen playing in the dashboard of his car while stopped for a traffic light. He was convicted under a 1964 city ordinance making it unlawful to operate an auto with a television set in view of the driver.

## J. U. Rencher Is Honored By Teachers

BURLEY, Oct. 3 — John U. Rencher, retiring teacher, was honored at the Cassia County Teachers' association meeting Wednesday night at the Burley senior high school.

A tribute in song and verse, under the direction of Albert Hylton, Ronald Archibald and Fern Williams, was paid to him. Mrs. Williams, president of the association, presided at the meeting. Special music was furnished by the Burley high school band with Archibald conducting.

A financial report and presentation of the 1964-65 budget was given by Josephine Jolley and Estelle O'Leary read the minutes of the last meeting.

The review and progress of the seven-point program was given by Merrill Robinson. Harold Blauer reported on "Professional Rights and Responsibilities." Ezra Moore, Cassia county school superintendent, made announcements and explained new school policies.

The teachers received instructions in the departmental sectional meetings. Refreshments were served by the Overland school. The next faculty meeting will be held Oct. 20, in Burley.

## Workshop Is Held by PTA In Minidoka

RUPERT, Oct. 3 — The accomplishments of the national PTA and current projects of the PTA were outlined by Mrs. Floyd Kelling, fourth district president, at a workshop held this week at Minidoka high school.

Mrs. Kelling pointed out some of the accomplishments included legislation to keep children in school, hot lunch program, health examinations for pre-school children, library facilities, recreation program and stipending of teacher qualification and salaries.

She reported the PTA is currently working for legislation on mental health problems involving children, a family court program and a program for alcoholism, drug addiction and sex behavior among adolescents. Also the PTA has been helpful in bringing driver education program to schools.

Mrs. Harlow Cheney, president of the Minidoka county council, conducted the meeting and community singing was under the direction of Mrs. Q. D. Brown.

The invocation was given by the Rev. Edwin Huber and presentation of the colors was by post 48 of Heyburn.

Camden Meyer, county school superintendent, spoke briefly with Mrs. Dick Ashcraft, presenting the theme, "Coyle, a good citizen," as an example of good citizenship.

Kath Merrill, Jr., directed a skit and a trio including Nancy Williams, Alonna Rice and Debra Smith sang, accompanied by Twyla Hubbard.

Forty-five PTA executives attended the workshop from Lincoln Memorial elementary school, Acquia, Pioneer, Pershing, Paul, Washington, Heyburn and Minico.

Presidents and vice presidents as well as principals met with Mrs. Cheney and Mrs. Fred Orsach. Mrs. John Wise conducted the secretaries department and Mrs. Clarence Gibson, Jr. met with treasurers.

Mrs. Robert Schenk met with historians; Mrs. Ashcraft, membership; and Mrs. Floyd Kelling and Mrs. Aldo Dallio met with program officials.

Mrs. Elmer Plocher, national PTA publications official; Mrs. George Grant, budget and finance; Mrs. Dick Walton, magazine; Mrs. Lowder, legislation; and Mrs. Dale Crib, parliamentary procedure and by-laws workers.

A social hour was held at the close of the evening.

## College Quartet To Sing Sunday

The Collegian quartet from Northwest Nazarene college in Nampa, will sing at two Magic Valley churches Sunday.

At 10:45 a.m., the quartet will sing at the Twin Falls First Church of the Nazarene, Sixth avenue and Pioneer street. At 8 p.m., the group will appear at the Kimberly Church of the Nazarene.

The public is invited to attend both services.

SMOKING IN BED isn't dangerous—as long as you have a fireman and fire fighting equipment close at hand, as demonstrated by James Miller, pulling up a sloped white resting in the Twin Falls fire station, and Donald King, standing by to avert a tragedy in case Miller does off. Both Miller and King are firemen in the Twin Falls fire department, which is busy with activities during Fire Prevention week, today through Saturday. (Times-News photo)

## Reduction of Death and Destruction Is Goal of T. F. Fire Prevention Week

A renewal of fire prevention efforts throughout the area with the view of holding down loss of life and destruction of property by fire, was urged Friday by L. Z. Bartlett, Twin Falls fire chief, who announced that Fire Prevention week will be today through Saturday.

The local fire department is making out fire prevention pamphlets and safety lists to home owners, industrial plants and mercantile establishments throughout the city.

The department, upon request, will be happy to talk or present demonstrations to school students, bodies or organizations on fire prevention, Bartlett stated.

A colored pamphlet entitled "What Causes Fires," has been circulated in the schools and also a fire prevention check list is to be sent home with each school child.

"Despite fire prevention efforts and the installation of the latest protective devices, industrial fires loom large as a contributor to the nation's losses," Bartlett noted.

Fire in 1963 destroyed more than one billion dollars of property, and took 11,800 lives, he added.

Fire prevention efforts over the years have been paying rich dividends. The growth rate of the country's national wealth subject to destruction from fire has been one and one-half times the rate of increase in fire losses since the end of World War II, a national report shows.

Any resident wishing to have his home inspected by the city fire department is urged to contact the department, Bartlett said.

A proclamation announcing Fire Prevention week was signed Friday by Egon H. Kroll, chairman, board of commissioners, Twin Falls.

The document states that "the economy of the community is affected by fire—burned out businesses are symbols of lost purchasing power, reduced tax support and cashed payrolls; customers of fire-damaged stores often take their trade elsewhere and do not return; the buying habits of people who have lost their homes or jobs are drastically altered."

It is also noted in the proclamation that authorities estimate that three out of every four fires can be prevented—those caused by carelessness, neglect or ignorance of facts.

Kroll concludes his document by admonishing residents of Twin Falls to heed the advice, "Don't give fire a place to start."

## Valley Firms Seek Permits As Carriers

Three applications for motor carrier authority and one for transfer of a permit have been submitted by Magic Valley firms to the Idaho public utilities commission.

Hearing will be held Thursday, Oct. 15 at 9 a.m. at the Dan-nock Hotel, Pocatello, on a transportation by H. Gary Oman, route 1 Aberdeen, who requests a permit for a motor carrier authority to transport farm products over irregular routes in Cassia county.

Royal Johnson, doing business as Johnson and Sons Trucking, Hazelton, has filed an application for authority to transport agricultural products over irregular routes within a 150-mile radius of Hazelton, and to haul seed potatoes over routes within a 350-mile radius of Hazelton. His attorney is John R. Coleman, Pocatello building, Twin Falls. The hearing will be held Wednesday, Oct. 21, 10:30 a.m. in the council chambers, at city hall in Twin Falls.

Also scheduled for Oct. 21 at the council chambers, at city hall in Twin Falls is a hearing on an application by Warren Nelhaug, doing business as Imperial Produce.

## Hansen Blasts Harding for Vote on Soviet Wheat Deal

George Hansen, Republican candidate for congress, declared in Twin Falls Friday, "My opponent cast three ballots in favor of extending credit to communist nations through the export-import bank, and then cast the deciding ballot—197-180—to allow export subsidies to communist countries."

"All this, and the wheat deal with the Soviet Union, is playing havoc with our world leadership and disrupting our economy at home," he said.

"Communist nations are directed by a boycott against having wheat in as much as it comes a major in special subsidies so that the wheat could be sold to the Soviet Union as the far lower world price instead of at the price an American would pay if he bought it."

"Our farmers," said Hansen, and William O. Tolman, Republican, were held Thursday afternoon in the Kimberly LDS ward chapel with Elder Russell Jensen officiating.

have found themselves in a dilemma because the White House, not they, initiated a deal supposedly for their benefit, which has given the Soviet Union a big financial break at the expense of the U.S. treasury. And the subsidies for the Russian benefit keep climbing.

"At present the American taxpayers have contributed approximately 45 million dollars in subsidies for the benefit of the Soviet Union."

"And finally, the members of congress kept in session day after day, night after night until last Christmas eve because the President insisted on authority to give extended export-import bank credits to the Soviet Union—now know that the original congressional prohibition against sale of government-subsidized agricultural commodities to communist nations was right!"

## Maddox Gets Bullet-Dent From Attack

LONG BEACH, Calif., Oct. 3 (U-P)—One machine gun bullet hit the destroyer Maddox and two torpedoes missed by 300 yards when the Maddox fought off communist torpedo boats in the Gulf of Tonkin.

These details of the Aug. 2 engagement were disclosed by a spokesman as the Maddox returned here yesterday after seven months' Far East sea duty.

The bullet mark was still here, a 20-caliber shell-impale on the destroyer's funnel. The crew said the torpedoes had been tracked on sonar.

Crewmen said the Maddox had been attacked before the firing started. Capt. John J. Herrick, Garden Grove, Calif., flag officer of destroyer division 102, who was aboard the ship, said it was a deliberate attack on their part. Their torpedoes were on the way before we fired our first shots.

Maddox crewmen said they had sunk one communist torpedo boat and damaged two others two days later the Maddox and the destroyer Turner Joy were attacked again. Enid Dean Abney, 33, Harbor City, Calif., boatman's mate aboard the ship, thought it was the start of World War III.

The Joy's crew said they believed they had sunk two boats in the second engagement.

## Riot Ends Peacefully On Campus

BERKELEY, Calif., Oct. 3 (U-P)—A demonstration at the University of California over a campus ban on collection of civil rights funds and other matters ended peacefully last night.

Some 400 demonstrators and the crowd of 3,500 spectators began moving for campus exits after announcement of a six-point accord between the demonstrators and University President Clark Kerr.

The demonstration began Wednesday.

The accord was read by Mario Savio, 21-year-old philosophy major who was among eight students suspended in the political dispute which stirred the three-day demonstration.

Among the six points was a promise that the University of California will not press charges against Jack Weinberg, the 24-year-old non-student taken into custody by campus police.

Weinberg sat in a campus police car until 11:30 a.m. Thursday after the crowd began to leave about 7:45 p.m. last night.

Students sat around the police car and prevented its departure.

At the crowd broke up, Weinberg, a non-student whose detention by campus police yesterday ended the six-day part of the demonstration, was booked at campus police headquarters on a charge of trespassing and released on his own recognizance.

"We feel that law and order have been preserved on the Berkeley campus," said Chancellor E. W. Strong after the agreement was read.

"This is a victory for law and order and reason."

## Fire Burns Out of Hand

OKANOGAN, Oct. 3 (U-P)—Fire burned out of control last night and today, spreading over an area of 2,500 to 3,000 acres about nine miles southwest of Okanogan.

Wind up to 40 miles an hour whipped the flames through the state and private timberland Friday, but it died down to a light breeze during the night.

About 50 to 75 men were manning the three-mile front of the fire during the night, and 24 more men were brought from the Larch mountain honor camp near Vancouver and 15 more were due this morning. About 20 men were to be brought from the state's Spruce canyon honor camp near Colville and another 40 men were expected from an honor camp near Okanogan.

## Plane Making Is Still Issue in Senatorial Race

SPOKANE, Oct. 3 (U-P)—Plane making in Senate continued to be a major issue yesterday in the state senatorial race.

Democratic Ben. Henry Jackson and his Republican opponent Lloyd Andrews debated the controversial TPC award before the Washington Newspaper Publishers association.

Andrews charged that the Democrats used political pressure to draw the 6 billion dollar fire-bomber contract to President Johnson's home state and accused Jackson of not actively campaigning to see that it was made instead to Boeing company, Seattle.

## Two Are Burned In Washington

SPOKANE, Oct. 3 (U-P)—A Spokane grandmother and her grandson were seriously burned last night when flames enveloped them after the attempted to start a fire in a sawdust burner with cleaning solvent, police said.

In critical condition with second and third degree burns Mrs. Leola C. Rhoads, 48, Spokane, 1167 Grandson, Bill C. Stubbett, 6, Harrington, Wash., had second and third degree burns over 40 per cent of his body. He was in serious condition.

## Local Issues Discussed at Voter League Guest Night

Local "lively issues" were discussed at the annual fall guest meeting of the League of Women Voters Thursday night at the home of Mrs. John Martin.

Guests were welcomed by Mrs. Richard Brizee, membership chairman, who introduced Mrs. Leland Davidson, president. An explanation of the league, its purpose and background, were given by Mrs. Davidson.

Five members spoke briefly on current governmental topics of interest to Twin Falls voters and discussion was held as a model meeting to show guests how the league operates.

Mrs. Vernon E. Smith on city planning, which is pending action by the city council to budget funds for a comprehensive feasibility study by a consultant firm. Mrs. Richard High discussed the city's current water supply which, she said, is inadequate for current needs but will be inadequate for any future growth.

The proposed junior college was discussed by Mrs. Robert Nelson, state item chairman, who also explained one of the three amendments to the state constitution which will be on the ballot Nov. 2 to allow the sale of revenue bonds to improve the Lewiston port.

Although the revenue bonds will be paid for entirely by users of the facilities, Lewiston is unable to issue them unless the constitution is amended, she noted, and voters throughout the state must vote on any state constitutional amendments. The League of Women Voters of Idaho supports the amendment for the Lewiston port, she stated.

City-county relations and services provided by both could be combined were outlined by Mrs. James Brennan, Filer. Mrs. T. M.

## Appeal Filed On Event In Rodeos

CHICHEYENNE, Wyo., Oct. 3 (U-P)—An appeal was filed in the Wyoming supreme court yesterday seeking a halt to steer roping in Wyoming rodeos.

A suit by the Wyoming humane society to force the state veterinarian to stop steer roping under anti-cruelty laws was dismissed in Laramie county district court in July.

The society claims steers are treated cruelly in the rodeo event in which they are roped, thrown and tied by cowboys.

The main complaint is against the jerking action of the rope when it is looped around the steer's hindquarters as it runs.

The Wyoming attorney general's office has ruled that Wyoming's anti-cruelty statute does not apply to steers and that the matter was settled in another suit dismissed by the same district judge in 1962.

## Sale Planned

BUHL, Oct. 3 (U-P)—The Buhl Lions club will hold its annual light globe sale on Wednesday and Thursday evenings, club officials reported today. Proceeds from the event go to the eyesight conservation program sponsored by the club.

## Senator Hits At Secrecy Over Affairs

WITH GOLDWATER IN ILLINOIS, Oct. 3 (U-P)—Sen. Barry Goldwater accused the Johnson administration today of trying to draw a veil of secrecy over its operations in foreign affairs.

The Republican presidential nominee told a crowd estimated at 3,000 persons who gathered at a rally in Chicago in Calcutta, that the draft of a proposed treaty to prevent the spread of nuclear information to other nations was not revealed to the American people until he spoke about it in India last night.

The revelation that a treaty draft was under preparation was made by Sir Douglas Home in a campaign speech in England. The state department confirmed that this was a working paper which would be the basis for possible negotiation of an international agreement.

## Man Poses As Agent, Jumps on Car

PROVIDENCE, R. I., Oct. 3 (U-P)—A 10-year-old student rode on the running board of Mrs. Lyndon B. Johnson's car while posing briefly and undetected as a secret service agent during the President's visit here Monday, the Brown University newspaper said yesterday.

The Brown Daily Herald said it had "absolute" pictorial proof that Nell P. Coady, a student at Johnson and Wales junior college here, helped secret service men control crowds and assist Mrs. Johnson's car during the President's appearance at city hall and later on the Brown campus.

Coady was not available immediately for comment. A relative answered the telephone at his home but would not permit him to come to the phone.

Jeffrey C. Liss, 21, Chicago, editor-in-chief of the student newspaper said photographs taken during the presidential visit "make the story believable."

"It was Coady himself who came to our newspaper and said he had posed as a secret service agent," Liss said.

Liss said he and Mary Jean Matthews, 20, Rutherford, N.J., one of the newspaper's two managing editors, presented the photographs for identification to Providence secret service agents.

"The secret service did a lot of checking and identified all but one man surrounding Mrs. Johnson's car as a legitimate secret service agent," Liss said.

Comparison photos showed the "unidentifiable" man to be Coady," Liss said.

## Boy, 7, Killed

HEAVERTON, Oct. 3 (U-P)—A 7-year-old boy was killed yesterday when he was struck by a car while running across the street in front of an automobile and was struck and killed yesterday.

Byron Keith Smith, 7, was killed while attempting to cross Farmington road at 130th street. Two companions remained at the side of the road.

ATTENDS MEET.—KING HILL, Oct. 3.—Mr. and Mrs. W. W. Knox are in San Francisco where Knox is attending an executive board of independent bankers association of the federal reserve district.

**Forgot**

WANDSWORTH, England, Oct. 3 (U-P)—Judge Harold Lloyd forgot his wig yesterday and couldn't find a spare, and tried three cases without it. When the messenger finally arrived with the forgotten wig, the judge excused his own behavior, by saying, "I believe it does not invalidate any of my decisions."

## Drunk Flying Causes Most Of Accidents

WASHINGTON, Oct. 3 (U-P)—Drunken flying may be approaching the seriousness of drunken driving.

The federal aviation agency (FAA) disclosed yesterday that statistics performed on over 100 of the private pilots killed in crashes last year revealed the presence of alcohol in 35 per cent of them "in significant amounts."

Dr. M. B. White, federal air surgeon, said the statistics involved 158 individuals, with 88 having a significant amount of alcohol in their blood.

The figures were given to the FAA's national symposium on aviation problems during a two-day closed session.

## Miracle Fibers

no longer make headlines in our newspaper. There has been such fantastic progress in the development of synthetic fibers that we have come to take them for granted. In addition to the durable, wonderfully washable vinyl materials with their leather-like beauty, such synthetics as nylon and dacron upholstery fabrics are being used in wide variety... and are opening a new era of easy-care beauty.

The modern miracle fibers have brought a new richness of color to upholstery, and they are remarkably easy to clean and restore, as well as being hard wearing. You can't find them, be surrounded by these fabrics from floor to ceiling... in draperies... and in your upholstered seats.

Science has brought new comfort, too, to your furniture, with shape retaining foam padding. If you haven't visited our showroom lately, why not stop in this week... and see all the color, comfort and beauty you've been missing!

## Mrs. Rogers Directs PTA At Heyburn

HEYBURN, Oct. 3 — Mrs. Wayne Rogers was elected president of the Heyburn school PTA during the Thursday night meeting. The position was left vacant last month when Virgil Matson moved from the area.

Mrs. Rogers previously was installed vice president. Mrs. Leo Moore was elected new vice president. Mrs. Ed Matson is secretary and Mrs. Leo Paul is treasurer.

Committee chairmen introduced were: Mrs. Louis Blumenson, home room mothers; Beverly Heiner, parliamentarian; Ronald Depper, budget and finance; Mrs. Earl Killian, historian and procedure book; Mrs. Lund Christensen, hospitality; Duane Harrison, legislative.

Mrs. Kenneth Easton, magazine representative; Mrs. Fred Glenn, membership; Mrs. Denver James, pre-school; Mrs. Roger McBride, publicity; Mrs. Verlon Sutton, program; Mrs. Everett Savage, music, and Lund Christensen, adviser.

The meeting, conducted by Mrs. Rogers, was opened with prayer by Everett Savage. Mrs. John Stone and Duane Harrison sang background music on the organ.

A reception and program honoring teachers was directed by Mrs. Q. D. Brown assisted by Mr. and Mrs. Christensen.

Honored were Sheryl Gardner, Kay Darley, Mrs. John Wadsworth, and Mrs. Yelma White, first grade; Mrs. Frank Ravsten, Mrs. Melburn Winn and Mrs. Eleanor Sommer, second grade; Mrs. Truth Wrigley, Mrs. Victor Hill and Mrs. Earl Peterson, third grade.

Mrs. Kenneth Durfee, Mrs. Naida Loveland and Mrs. Walter Asen, fourth grade; Duane Harrison, Mrs. Lena Hunt and Mrs. Duane Ward, fifth grade; Mrs. Clifford Stocking, Mrs. William Sowers and Frank Ravsten, sixth grade; Mrs. Edred Blair, Desmond Welch, Floyd Schenk, Steven Heiner, Elmer Moore and Mrs. Clyde Crandell, junior high; Christensen, principal, and Mrs. Brown, secretary.

Also introduced were Ernest Kump, custodian, and Mrs. Erma Avery who had served in the hot lunch program 21 years.

Judy Johnston sang two sections and accompanied herself on the piano. John Stone played the saw accompanied by Mrs. Stone and Larry Moore. Mrs. Rogers announced a legislative meeting for the county school and PTA officials will be held at 8 p.m. Oct. 22 at the high school. The public is invited.

In response to the recent article published entitled, "Down with PTA," Mrs. Brown said many things people take for granted in the community were instigated by the PTA such as hot lunch, eye clinics and pre-school shots.

Christensen announced there are 117 first graders. The Heyburn school unit, which includes three large buildings, currently has 607 students enrolled.

Refreshments were served by the executive committee with Mrs. Louis Blumenson presiding at the tea table.

## Gospel Singing Group Schedules Monday Concert

A gospel singing group, the Claiborne Quartette, will present a concert at the O'Leary Junior high school auditorium at 8 p.m. Monday.

Also appearing on the program will be the King's Harvesters, another gospel singing group. The Claiborne quartet travels approximately 100,000 miles a year in a special bus, singing in churches, school assemblies and civic clubs. Besides concert work, the group sings at evangelistic meetings and has produced several long-playing record albums.

There will be no admission charge for the concert but a free-will offering will be taken.

## Fish Culturists From France Visit Magic Valley Trout Farm Operations

French fish culturists, 30 in number, from all parts of France visited Magic Valley trout farms Friday and Saturday as a part of their 14-day tour of fish farms in the United States.

Friday they toured the Snake River Trout farm and Saturday they were guests of Ranger's in Buhl.

Purpose of their tour is to observe the feeding, breeding and care of fish in the modern fishery of this country. In the group are biologists interested in the breeding aspects and fishery managers concerned with the feeding and care of trout. Most of the group attended a college of university for their special field.

## Heyburn Man Gives Piano, Organ Recital

HEYBURN, Oct. 3 — Ellis Christensen, 10, presented a piano and organ recital Thursday evening at the Heyburn LDS ward chapel. He is the son of Mr. and Mrs. Lund Christensen.

Christensen has been playing three years and received training from his father.

Selections presented on the piano were "Concerto No. 1 in B-flat minor" by Schalkovsky; "Theme from the Apartment" by Charles Williams; "Sabre Dance" by Aram Khachaturian; and "Rustles of Spring" by Christian Sinding.

Organ selections were "Quiet Village" by Leslie Baxter; "Ben Hur Chariot Race" by E. T. Paull; "Berenice" from the "Student Prince" by Romberg; "Bumble-Boogie" by Jack Pina; and "The Lord's Prayer" by Albert K. Malotte.

"Glow Worm," a piano duet, was presented by Ellis Christensen and Lund Christensen.

The recital was presented prior to young Christensen's departure for a two year LDS mission with headquarters in South Dakota. He enters the Salt Lake City mission home Monday.

## Phyllis Champlin Is 4-H President

Phyllis Champlin was elected president of the Merry Maids 4-H club Thursday at a meeting at the home of Mrs. Robert Norris, club leader.

Other officers elected for the coming year are Linda Jones, vice president; Belle Norris, secretary-treasurer; Duane Genette, reporter; Marilyn VanNoy, telephone chairman; Linda Angell, song leader; and Carol Molyneux, roll call chairman.

CENTIMETER—An achievement from the county fair was distributed and clothing and food projects for next year were explained by Mrs. Norris.

Officers will be installed by June Norris, junior leader, at the next meeting, Oct. 15.

## Service Held

BUIH, Oct. 3 — Graveside services for Mrs. Margaret L. Folen were conducted at 11 a.m. Friday in the Sunset Memorial park, Twin Falls, by the Rev. Delmar M. Talley, pastor of the Buhl First Christian church.

## Youths Are Released By Police

CUNEO, Italy, Oct. 3 (AP) — Three mountain climbing youths who found and thought they could keep a fortune in jewels from King Saud's wrecked jet plane have been released by police.

But the jewels—more than 350 diamonds and other precious stones worth several hundred thousand dollars—were still in custody today, waiting for a court decision on the three youths' claim of "finders' keepers."

Saud's plane, carrying jewelry and other personal baggage, crashed March 30, 1960, on a mountain southwest of here on a flight from Geneva in Nice, Saudi Arabia, after 18 crew members or members of the King's retinue died.

Police cordoned off the isolated, snow-covered area for weeks but never found the jewels. The three youths, all members of well-to-do families here, said they found the jewels scattered on the mountain slope while on a climbing expedition this summer.

The youths, Carlo Marchisio, 19, Guido Grossi, 18, and Piero Giacchi, 18, were quiet as they found the jewels should be theirs because they were found "after the zone had been opened up and the search stopped."

## New Control Device Shows Promise

NEW YORK, Oct. 3 (AP) — Population control experts from 40 nations learned yesterday that new birth control devices for women show much promise in the battle to halt the worldwide population explosion.

The devices—called intra-uterine devices (IUD)—differ from other contraceptive methods in that for effectiveness they do not depend on high intelligence, literacy or memory of the women using them.

They can be used easily by the educationally and economically deprived, when medically indicated.

These points were made during opening sessions of a two-day conference on contraception sponsored by the population control council.

In India, one nation with a critical population control problem, it was reported that mobile clinics are being used to speed up introduction of the devices.

COUNCIL TO MEET  
STOBILONE, Oct. 3 — City council will meet at 8 p.m. Tuesday at the city hall.

## Bridge Results Are Reported

JEROME, Oct. 3 — The Jerome Duplicate Bridge club met Saturday afternoon at the Jerome Episcopal parish hall.

North and south winners are Mrs. H. M. Proctor and Mrs. C. J. Straughn, first; Mrs. A. J. Meeks and C. Montgomery, second; and Mrs. H. G. Hall and Mrs. Irving Towle, third.

## Rotary Projects Highlight Meet

BUIH, Oct. 3 — An informative program relating to Rotary club functions highlighted the Buhl Rotary club's regular luncheon meeting Thursday at the R and R cafe.

Participants in the program were James T. Shields, who spoke on classification survey; George Likness, Rotary foundation; Charles Boring, attendance; and John Barker on behalf of Jess Eastman spoke on classification changes. Barker was program chairman.

Guests introduced were Olin Smith, Buhl, and Logan Latham, Boise. Fred Atken, Moorpark, Calif., was a visiting Rotarian.

## Death Takes Miss Drew, 48, Emerson

EMERSON, Oct. 3 — Dorothy E. Drew, 48, lifelong resident of the Emmons district, died Thursday at St. Alphonsus hospital, Boise, after an extended illness.

She was born Jan. 31, 1918, at Emerson and attended schools here and was graduated in 1938 from the Heyburn high school.

She attended the College of Idaho, Caldwell, and belonged to the Hurley Presbyterian church, the Christian Endeavor, taught a Sunday school class for two years and was active in the musical department of the church.

Survivors include her mother, Mrs. Florence Drew, Emerson; one sister, Mrs. Lewis (Mary) Harris, Helena, Mont.; three brothers, John E. Drew and William C. Drew, both Heyburn, and Walter J. Drew, Connel, Wash.

Funeral services will be conducted at 3:30 p.m. Monday in the Hurley Presbyterian church by the Rev. John Pickrell. Concluding rites will be held in the Riverside cemetery, Heyburn. Friends may call at the Day's mortuary Sunday afternoon and evening and Monday until time of service. The family suggests memorials to the Hurley Presbyterian church.

## Jusell Is New Scout Chief In Region 11

Appointment of Judson O. Jusell as regional scout executive of region 11, Boy Scouts of America, has been announced by Chief Scout Executive Joseph A. Brunton, Jr., and Dr. Joseph W. Marshall, Twin Falls, chairman of the region's executive committee.

Jusell succeeds O. D. Sharpe who will retire Dec. 1 after serving in that capacity since 1954. His office will be in Portland, Ore.

Since 1960, Jusell has been regional scout executive in region 8 with headquarters in Kansas City, Mo. The region has 253,115 boys and leaders in 6,567 units in 20 local Boy Scout councils.

Jusell is an Eagle Scout and was an assistant scoutmaster and scoutmaster before joining the professional service in 1921.

He is a graduate of the University of Akron and the 21st national training school for professional leaders in Scouting.

He began his professional career on the staff of the Akron, O., area council in 1921, advancing to assistant scout executive before becoming scout executive at Springfield, Ill., in 1940.

From 1944 to 1949, he was a deputy scout executive of region 3 with headquarters in Philadelphia, Pa. He served as scout executive at Louisville, Ky., from 1949 to 1952 and at Minneapolis, Minn., until 1950.

Jusell has been an active leader in the Presbyterian church, Rotary, the council of Social Agencies and the United Fund. He and his wife live in Prairie Village, Kan. They have three sons.

Region 11 comprises Alaska, Idaho, Oregon, Washington and western Montana.

## Buhl Man Suggests Albion as Site for Area Junior College

Editor, Times-News:

I am not very bright, so maybe some of you who are quite intelligent could please explain something to me.

We seem to be having quite a bit of argument, pro and con, relative to a junior college to be located in the area of Twin Falls. Now, of course, this will be quite expensive. It will increase in the tax of the Twin Falls county residents.

Over at Albion there is a state facility that used to be known as Albion Normal, SICE, etc., and is state supported.

Now of course someone is paying taxes or have paid taxes to build and support this fine group of buildings for these many years. The church supported group that now leases these buildings from the state for some like \$100 per year seems to be in financial difficulty and also suffers from lack of students.

Now, right here is where I

## Sales Tax, Reapportionment Stands Scored by T. F. Man

Editor, Times-News:

Once again the editorial approach to an issue becomes unfavorable with the Times-News. I wish, the veiled defense of the recent court ruling on state legislative reapportionment.

As an argument presented, a statement was made of support of "wastefulness" from rural areas if seeds, feed, fertilizer and farm machinery would be exempted from this tax. Editors take opinion that this is just saying too much.

Why is it? By placing a sales tax on these items it places a minority group footing the bill for a major part of the tax.

In all fairness a sales tax should be placed solely on items that everyone uses. A farmer has to eat, let's place a sales tax on groceries. He buys a pair of shoes once in a while, fine, let's make him pay for that. He sits down to the evening to read a paper, make him pay extra for the paper. The chair he is sitting in is something that adorns most of our homes, tax for that. I am against a sales tax on new linotype machine for the Times-News, for not everyone has occasion to use this type of machine. Neither has everyone occasion to combine or tractor. At least one sees very few setting in the back yards of homes.

Most people, or families, buy a car once in a while. Good, when

## Writer Likes a Controversy; Cites Junior College Stand

Editor, Times-News:

I am being chastised by Karl Haroldson and Robert Blaustock for using a wrong figure. The unqualified figure was from Dr. Charles, president of Boise Junior College. I couldn't break it down. I was in error. We now have a controversy; this is good. Mr. Haroldson mentioned income from tuition. This is wrong. The income from tuition is a maximum of \$75 tuition, times the number of students; it cannot be pinpointed at this time. However, the tuition is a very small percentage of cost of student instruction.

The income from liquor tax fund can be pinpointed on last year. If it is correct, it would amount to \$2,713.71. This represents 1 1/2 plus which must be recovered by the county and towns in additional taxes; not of junior college taxes, but directly related to junior college expenses. In round figures, we are voting on 10 million increase in taxes.

Haroldson used 6 mills levy at Boise Junior college and Mr.

## Rupert Man Says Harding, BPA Plan Make Sense

Following is an excerpt from an anti-Harding, anti-BPA speech delivered at the Rupert, Idaho, by J. R. Simpson, vice president and general manager of the chemical and minerals division, J. R. Simpson company.

The coal industry that supplies the steam generators presently serving part of the electric furnace (phosphate) industry in Idaho will suffer as soon as the customer's contract runs out so he can get the cheaper DPA rate.

Is it not inconceivable that Idaho industry must use steam generated power while there exists a power surplus in the Northwest? So that surplus will be exported off to states more progressive than Idaho.

Under those conditions we may all have to depend on steam generated power, with its high cost, for future electrical expansion.

Mr. Harding and the BPA make sense. Steam power for Idaho doesn't.

## Pay Hike Shows Weakness of Congressman, Writer Says

Editor, Times-News:

Our economical talking congressmen wanted to boost their own salaries from \$22,500 to \$32,500 or an increase of 44.44 per cent; and that \$3,500 of members' salaries be devoted for the purposes to offset living expenses. House leaders tried to sneak this bill through on a voice vote on March 10, 1964. Rep. H. R. Gross, R., Ariz., led the fight for the passage, but Rep. H. R. Gross, R., Ariz., called for the roll call vote, which defeated the bill by 221 to 184. This was a shock to the freshman congressman from Arizona since the bill would have given him and his brother, Stewart, a \$20,000 a year boost in salaries out of your pocket. Representative Gross called the \$10,000 increase "extravagant" at a time when taxes were being cut and the President was calling for economy.

After the first Texas I ever knew who talks economy out of one side of his mouth and asks for bigger appropriations out of the other while whistling the "Yankee Doodle" at the same time.

Since this was one of President Johnson's "must" legislation—the boys on the hill, in line and on March 10, 1964, Rep. H. R. Gross, R., Ariz., and James H. Morrison, D., La., introduced bills H. R. 10434 and H. R. 1044, respectively.

These two bills were practically the same, the salary raises were the same, only the wording varies a little here and there. I sure like the way these bills are worded. The third line of the act may be cited as the government employees salary reform act of 1964.

O boy! I love that word "reform." Did you know Bobby Baker, his call girls or some of the members of congress?

This act raised the pay of senators and representatives \$7,500

## Writer Urges Voters to Pick Man, Not Party

Editor, Times-News:

Editorial "Americans—How many voters? Time Nov. 3, will finally vote their party ticket?"

Would it be more fair and intelligent to examine and listen to the four key men—four sources of information and four numerous books available at little cost to purchaser, congressional records free to all inquirers through state senators, both Democrat and Republican—then make a decision for the man and his running mate (merely a heart-beat away from the presidency) most suited by virtue of Christ's teachings to the love of country and her basically sound constitution?

Is it not well and best for the U.S. of America, her citizens rightfully proud of the—right to free press and the right to free speech and the guiding helm the most qualified man more important than party preference or lay person differences?

## Unicameral Legislature Is Desired by Twin Falls Man

Editor, Times-News:

What should be our decision to the reapportionment response? Representative democracy is in a severe time of testing. Most of us believe that it is the best type of human government. Almost every country in the world is attempting in one way or another to imitate it. The test in our country is whether we can conserve that which is vital to it, while at the same time being willing to change that which is unworkable.

For too long the privileged voter through his legislators has related a more equitable representation in disregard of the most basic constitutional principle—the supreme court decision on reapportionment (regardless of its merits).

## Writer Lauds Endorsement of Junior College

Editor, Times-News:

BRAVO for your editorial last Monday strongly endorsing the junior college.

There are far too many "Clarence Boverys" who are not only against a junior college but are consistently against all local efforts for advancement and improvement.

One wonders why they are so opposed to insurance in our future. One wonders if they are too naive and backward to open their minds and fully study the needs for a junior college. Are they satisfied with their continually negative position? One wonders if their interest could ever include any progressive benefits of any community?

Are they satisfied with their own educational background and eager to deprive the overworked future generation?

One also wonders if their motives are purely selfish—refusal to spend at or less a month for higher educational opportunity for all who seek it.

A need for schools was realized at the birth of this nation and our country advanced beyond the fondest dreams. We now realize a need for more higher education. Are we going to have to wait until it is too late or are we going to heed this alarm?

Re-reading of your editorial might awaken the "Clarence Boverys." One certainly hopes so.

## River Pollution Is Described as Serious Problem

Editor, Times-News:

I wholeheartedly agree with Ross Parker when he said in last week's Forum that more should be said and more done about river pollution.

We all make a lot of noise about industrial pollution, but we overlook the very things we are doing ourselves to clutter up our beautiful Teton River. There has got to be somebody living in the Thousand Springs area who is throwing every imaginable kind of litter in the river.

If you don't think I'm just going down to the campground below the river bank settlement and watch it coming down. It happens every day. Besides being a pollution problem it is unsightly and dangerous to skiers.

I think a check by the health department would probably reveal other disposal not quite so visible to the eye. I hope such a check will be made soon.

There have been lots of time and energy spent by a few public minded citizens to make an enjoyable recreation site there for the benefit of the public and it should be protected.

However, I think the best procedure would be for each of us to try to be half as nice to others as we want them to be to us. The only way we can all enjoy the beautiful Thousand Springs site is for each of us to do our part. Let your motto be: I pledge to leave my camp as clean as I would like to find it. That would be a good example for our children, too. Think it over, Dad and Ma, please.

## Pastor Attacks Editorial on End of World

Editor, Times-News:

Did the Times-News editorial really mean what it said about the "end of the world" in last Tuesday's edition?

Who took place in Utah by Mrs. Brown's group and what may still be done by others, doesn't mean that the prediction and declaration of the coming end of this world is usually pronounced by some off-hand religious sect. Every true believing Christian has this conviction and I think most of those who have some degree of intelligence that should be classified as being scientific-minded.

To deny the possibility of a mysterious force being capable of being sent down to the Earth, is in my judgment denying the entire teaching of Jesus Christ. Even the observance of the Lord's Supper (Communion) is a denial of the resurrection of Jesus Christ and the judgment of this world. As to where men might run to survive this event, the Bible says, "The day of the Lord will come as a thief in the night, in which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up. Wherefore, be diligent that ye may be found of Him (Jesus Christ) who will come to save souls." (1 Peter 3:10-13)

I didn't dare remain silent on this matter and I believe my weaker brother to be led astray with the editorial statement—"It's best to face the future hand in hand." It is not a statement of what is in store for mankind.

## 'Republicans for Wagner' Unit Is Called Amusing

Editor, Times-News:

The so-called Republicans for Wagner group as organized by the Wagner for Senator campaign manager is quite amusing.

As a former county finance chairman for the Republican party I did not recognize the names of any member of this group as a contributor to the campaign.

Such a movement reminds me of a group of ministers organizing a "Blindmen for Christ" society. I do not think any of the voters have been fooled.

## Excited Blue Bird Girls Give Program at Fly-up

BY NORMA HERZINGER  
Women's Page Editor

There is a time in young girls' lives when the excitement of an event almost overwhelms them—a memorable experience that is rarely forgotten. Such was the fly-up for the Blue Bird girls.

The Twin Falls Council of Camp Fire Girls held its annual Blue Bird fly-up at the Robert Stuart Junior high school gymnasium. The occasion celebrates the graduation of fourth grade Blue Bird girls going into the Camp Fire level of the program. After the two years of Blue Birds, they are ready to begin working for rank and honors, the first rank being trail seeker. They may earn beads in seven crafts, home, outdoors, creative arts, frontiers, business, sports and games and citizenship.

Mothers and fathers and friends and relatives were guests at this event and observed the many skills and programs presented by the various Blue Bird groups throughout Twin Falls county.

As Blue Birds, the girls "learn by doing" through creative play, by means of handicraft, home activities, games, field trips, service projects and parties. Learning to get along together in a group is a step toward democratic living. Thinking of others through service, learning about their community, taking an interest in nature and the out-of-doors and in conservation—all are a part of the character-building program offered at Blue Bird level of the Camp Fire Girls program.

At the fly-up, the graduating groups presented the program, each group giving a skit, song, play, pantomime or other number. All groups participated in the marching and the songs. Older girls in their colorful kowns, which displayed beads and honors they had earned, marched especially in the graduation ceremonies. At this time they tied on the new Camp Fire Girls scarves to replace the Blue Bird suspenders.

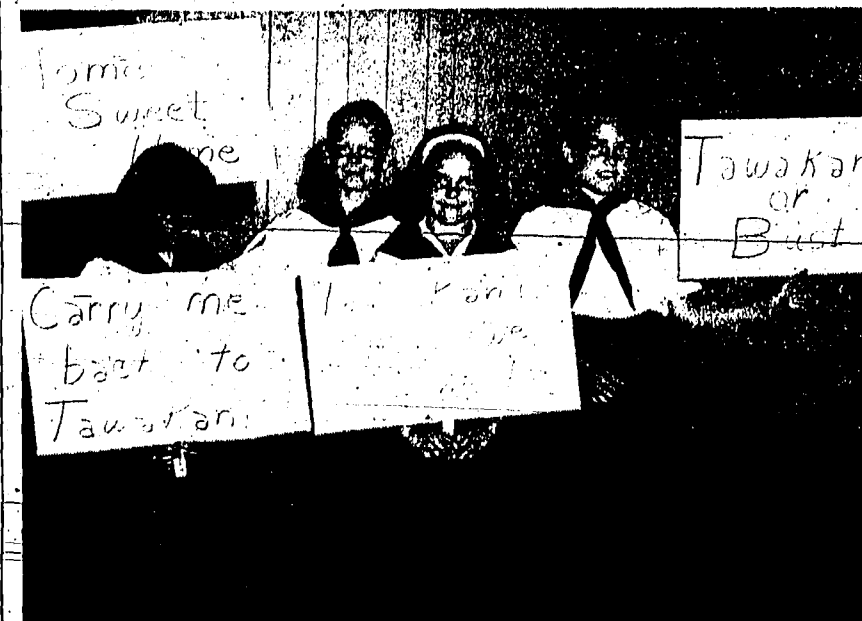

The graduation ceremony was conducted by Mrs. James Vandenberg, executive director of the council. She explained the significance of the fly-up, giving directions for the ceremony.

Committee members for the fly-up include Mrs. Paul Carlson, Mrs. Jack Swisher, Mrs. H. J. Smith, Mrs. Eugene Murphy, Mrs. Alfred Clay, Mrs. E. D. Reddick, Mrs. Harley Sizemore, Mrs. Ken Garey and Mrs. Eva Walker. Song leader was Mrs. Swisher and Mrs. Smith was pianist. Jack Muldowney was master of ceremonies. Mrs. J. F. Dewey is council president. Ushers for the evening were members of the Junior HI and

## Newlyweds Are Feted Following Temple Rites

**RUPERT, Oct. 3**—A theme of hearts and flowers and a color scheme of coral and white with accents of aqua formed the decorations for the wedding reception held July 18 at the Minidoka LDS temple in honor of Mr. and Mrs. Carl Jay Tolman.

The young couple was married July 17 at the Idaho Falls LDS temple in a single ring ceremony officiated by Elder Raymond W. Miller.

Mr. Tolman is the former Claudia Walker, daughter of Mr. and Mrs. Ralph Walker, Rupert, and Tolman is the son of Mr. and Mrs. Glen Tolman, Oakley.

The couple greeted guests before a heart-shaped arch flanked with tall baskets of seasonal flowers. Wicker baskets and urns of seasonal flowers were placed about the hall. Mrs. Reed Hanson arranged the flowers.

The bride wore a floor-length gown of Chantilly lace over tulle, featuring a fitted bodice, scalloped neckline and long lily-point sleeves.

The full gathered skirt was fashioned with a slit from the gift table, a slit from the side back and five tiers in the center back panel. An elbow-length veil of bridal tulle was held by a pearl tiara.

The bride carried a bouquet of cascading blue and white carnations tied with lace and centered with a net heart. Her dress was made by her mother.

Concubine Tolman, sister of the bridegroom, was maid of honor. She was attired in a coral-colored atreel-length dress fashioned with a bouquet of carnations and a heart-shaped skirt.

Five wore white accessories and carried a coral-colored carnation and heart-shaped white net bouquet. Bridesmaids, Marie Walker and Ruth Tolman, sisters of the couple, were attired like the maid of honor.

The bride's mother chose a polished cotton aqua afternoon dress. The bridegroom's mother wore a coral-colored afternoon dress of linen. Each wore a corsage of white and blue carnations and white accessories.

Mrs. Allen Tolman, sister-in-law of the bridegroom, was in charge of the guest book. Baggage and displaying gifts were Janet Badger, Gayle Campbell and Laurel Lee Berg. Camille Nichols, played background music. Rodney Walker, brother of the bride, Golden Tolman, Gloria Tolman and Lorraine Tolman, brother and sisters of the bridegroom, and Jo Ann Tolman, cousin of the bridegroom, carried the gifts.

Serving refreshments at quarter tables were Sheryl Blacker, DeeAnn Hansen, Evelyn Dixon, Kathy Pittard, Anna Rice and Raean Knight. The tables were covered with coral net heart-shaped baskets holding white flowers.

The bride's cake, baked and decorated by Mrs. Austin Walker, aunt of the bride, was placed on a mirror and centered on the table covered with lace. It was flanked by open-faced hearts holding white flowers and ribbon stars bearing the names of the bride and bridegroom. Aqua net streamers were placed under the hearts. A similar heart centered

MR. AND MRS. CARL JAY TOLMAN

the gift table. Pvt. David Walker, brother of the bride, served as master of ceremonies for the program, which was held in the cultural hall.

Prayers were offered by Golden Moffit, grandfather of the bridegroom and Ardel Jensen, uncle of the bride.

Assisting in the kitchen were Mrs. Keith Dixon, Mrs. Alma Blacker, Mr. and Mrs. DeWayne Anderson, Mr. and Mrs. Ardel Jensen, Sandra Jensen and Carla Dawn Walker.

For her wedding trip, the bride wore a gray and white striped three-piece suit dress and the corsage from her bridal bouquet.

The bride was graduated from Minico high school with the class of 1964. Tolman was graduated from Oakley high school in 1961 and is employed in Oakley.

## Shoshone Civic Club Reports Luncheon Meet

**SHOSHONE, Oct. 3**—The first meeting of the fall season for the Civic club was held at the Memorial building with a covered dish luncheon served prior to the business meeting. Paul Tanaka and Mrs. Mary Peterson, presidents of the club, were honored.

In charge of the luncheon were Mrs. Richard Gentry, president; Mrs. Paul Jacobson, vice president; Mrs. Reid Newby, secretary; and Mrs. Dale Chatterton, treasurer.

Tables were decorated with fall flowers.

Past presidents presented corsages included Mrs. Domingo Bologna, district four recording secretary; Mrs. Charles Olshab, Twin Falls, district four president; Mrs. Omer Shook, Mrs. C. F. Shook, Mrs. Corwin Bliva, Mrs. Harrell Thorne, Mrs. Marvin Cole, Mrs. Elizabeth Leake and Mrs. Ella Vredenburg.

Through correspondence read by Mrs. Newby information was given on CARE packages and other solicited projects.

As a member of the park fencing community project, Mrs. Jacobson reported \$150 has been spent by the club and labor had been donated for the 160 feet of fence now in. A special thanks was given to Charles Priest who has donated much time to the project.

Approval was given for paying eight cents a mile for out-of-town speakers for the club.

The group voted to have the audit committee on an annual basis.

Mrs. Olshab, in remarks to the club, urged interest in the coming election. She said, "be a flag-raiser, flag-waving group, get the people out to vote."

She outlined some of the General Federation projects for this year, among which are a safety program, freedom's foundation and community improvement.

Mrs. Leon Pagoga reported for the auditing committee. Other committee members were Mrs. Snow Coffin and Mrs. Charles Hansen.

Reporting on the flower show at the county fair, Mrs. Ella Vredenburg said her committee included Mrs. Omer Shook, Mrs. Edna Tanaka and Mrs. Mary Peterson.

There were 42 persons who entered flowers in the flower show this year, coming from all parts of the county. The grand prize winner for adult entries is Mrs. Del B. Hatt, north Shoshone. She will receive a cash award from the club.

Other guests introduced were Mrs. Keith Anderson, Mrs. Rita

Row, Mrs. Willa Caraway, Mrs. William Mabbitt and Mrs. Howard Johnson.

The certificate received for being Idaho's community service project winner last year was exhibited. This was won by the club for work done in promoting a new library for the city.

Appointed to the ways and means committee were Mrs. Bologna, Mrs. Charles Hansen, Mrs. Frank Onida and Mrs. R. O. Nelson.

The next meeting will be held at 2 p.m. Oct. 16 at the Memorial hall. Mrs. Floyd Kalling will be in charge of a program on public welfare.

Hostesses will be Mrs. Edna Tanaka, Mrs. Mary Peterson, Mrs. Leonard Daugherty and Mrs. C. F. Shook.

Other guests introduced were Mrs. Keith Anderson, Mrs. Rita

## Annual Blue Bird Fly-Up Held in T. F.

Continued From Page 9

Horizon club. This program was sponsored by the Rotary club. Each graduating blue bird receives a certificate and a special felt honor which will be the first she may wear on her new Camp Fire jacket. This honor indicates her membership as a Blue Bird. The ceremony closed with singing the Camp Fire song by all.

The Camp Fire level, which is for fourth, fifth and sixth grade girls. After this, they may become Junior or Senior Camp Fire girls during the seventh and eighth grades. Horizon club, following this, is for ninth grade through high school.

While activities are planned through groups and for the general interest of groups, each girl's individual needs are kept in mind, giving opportunity for her own development. By means of small groups, leaders and girls may come to know each other well as friends, giving that security which young girls need.

The Camp Fire girls theme is "Enter—Camp Fire Girls in '64." This theme is taken for the title of the Camp Fire girls annual project for 1964. Each year the annual project differs with emphasis on a special subject or idea. It is a traditional program tool.

This project highlights the newly revised program, and stresses the current activities of our girls from 7 years of age, through high school. In many ways girls of the four age levels can show the community at large that in Camp Fire girls they have fun and learn. Who is their audience? Parents, friends, both young and old, members of civic, religious and fraternal organizations. Indeed, the entire community.

The year's program includes activities in four areas under the following headings: "We enter to learn," "We enter to serve," "We enter to have fun," and "We enter to tell our story." As they carry out these activities, all the Camp Fire girls will learn more about people, places and things.

(Dudley photo)

## Miss McArthur, Lupton Recite Nuptial Promise

BUHL, Oct. 3 — Nuptial vows were exchanged in a candlelight ceremony Aug. 30 in the First Methodist church by Gail Ann McArthur, daughter of Mr. and Mrs. James McArthur, Buhl, and Frank B. Lupton, son of Mr. and Mrs. Howard Lupton, Cedar Rapids, Ia.

The double ring wedding rites were solemnized by the Rev. Dwight Wilsher. Vase arrangements of white gladioli and blue delphiniums, white candelabra with lighted tapered tapers formed the background setting for the ceremony.

The bride, given in marriage by her father, wore an original gown she made and designed herself, of white crystalline high-lighted with lace accents. The fitted bodice featured dolman sleeves and a modified scooped neckline which descended into a V in back and released a flowing chapel-length train. Soft pleats enhanced the waistline of the floor-length skirt.

A queen's crown studded with seed pearls released her bouffant veil of bride's illusion. Her wedding bouquet was five long stemmed red roses tied with satin ribbon bows and flowing streamers. Her jewelry was a cameo necklace, belonging to her grandmother, and cameo earrings, a gift from the bridegroom.

For tokens of sentiment, the bride wore a blue garter, a gift from Linda Abbott, had a penny in one slipper and had an English penny in her other slipper.

Mrs. Gary Wright, was matron of honor. She wore a white cotton eyelet over blue satin floor-length gown. She carried a single

long, stemmed red rose.

Gary Wright was best man. Ushers were Darrell Hatfield and Frederick Brailford. Bobby Allison and Billy Allison served as taper lighters.

Traditional wedding music was played by Mrs. Everett Martin, organist. She also accompanied Mrs. Denny Patrick, soloist.

The bride's mother wore a lavender cotton lace dinner dress with a matching jacket and a corsage of orchid gladioli and yellow rose buds. The bridegroom's mother was attired in a pink silk dress accented with a pink lace jacket and a corsage of pink gladioli and rosebuds. Mrs. David McArthur, grandmother of the bride, chose a dark blue jersey dress and a corsage of orange gladioli. All of the corsages were made by Mrs. Robert Allison, aunt of the bride.

Following the ceremony, the newlyweds greeted guests at a reception held at the home of the bride's parents.

The bride's table featured a white lace tablecloth underscored with blue tulle. Highlighted with a three-tiered wedding cake iced in white with blue trim accents. The cake was cut and served by Mrs. Robert Allison and Mrs. Road Reams, aunts of the bride.

Mrs. Frank Downing, aunt of the bridegroom, presided at the coffee service, and Mrs. D. E. Wiese, cousin of the bridegroom, poured punch. Eva Wagner was in charge of the gift table and Mrs. Larry Francis registered the guests.

Other reception assistants were Mrs. Janet Latham, Mrs. John Thompson, Mrs. William Hatfield and Mrs. Vernal Peterson. Mrs. Elvin Noh was in charge of floral decorations for the church and Mrs. Fred Brailford, floral decorations for the reception.

For her wedding trip, the new Mrs. Lupton changed to a two-

## Redskins Score Three in Second Half to Win 27th Meeting Between Rivals

**SALT LAKE CITY, Oct. 3**—The University of Utah put together two long scoring drives in the last half and struck for a third touchdown with 50 seconds left in the game tonight to defeat the University of Idaho Vandals 22-0. The Vandals were in the game through the fourth quarter but a clip nullified a 68-yard touchdown pass and Bill Scott later dropped a pass in the end zone. Idaho also had three scoring opportunities in the first half but could never muster a knockout punch.

The first few minutes resulted in an exchange of punts. Late in the period, Idaho's punter, Dave Allen, kicked a 42-yard punt over the Utah line and into the end zone. The first few minutes of the game were a yard loss and then Idaho had three scoring opportunities in the first half but could never muster a knockout punch.

## Andros Says Vandals Not Mentally Ready

**SALT LAKE CITY, Oct. 3**—We weren't mentally ready, we made too many mistakes," said Idaho coach Dec Andros after watching his Vandals drop a 22-0 decision tonight. "Our effort wasn't bad and the score doesn't indicate of the game. We were still in it in the fourth quarter." Andros declared much comment on the two plays that could have earned Idaho at least a tie. The first was the successful clip by Bill Scott at the 24-yard line when Joe Chapman was headed for a touchdown in the third quarter. In the fourth quarter, Idaho's defense dropped a pass in the end zone.

## Wilkinson, Egloff Lead Wyoming Tilt

**LAWRENCE, Kans., Oct. 3**—Wyoming combined the passing and running of Dick Egloff and the kicking of George Wilkinson for a 17-14 football victory over Kansas today. Wilkinson's pinpoint passing was a key in both Wyoming touchdowns. One was set up by a 42-yard punt return by Egloff. Egloff's first quarter 25-yard field goal provided the actual margin of victory as the Jayhawks completed a 12-play, 75-yard drive for a touchdown, as the final gull sounded.

## Gun Bow Halts Kelso's Loot Bid

**NEW YORK, Oct. 3**—Gun Bow halted his bid in front just at the finish line today and Kelso from becoming the world's leading money winner as he won the \$100,000 Woodward at Aqueduct in a thrilling finish.

Gun Bow, 4-year-old from the Grayson farm ridden by Walter Dunn, and Kelso, the four-time horse of the year from Mrs. Richard S. Dufrenoy's homebred stable, hooked up one-sixteenth of a mile from the end of the 1 1/4-mile race.

## Brown Nips Penn With Field Goal

**PROVIDENCE, R. I., Oct. 3**—Halifax Tom Mennell trotted in from the bench with less than two minutes left today to boot a 33-yard field goal as Brown whipped Pennsylvania 3-0 in the Ivy league football opener for both teams.

Brown's double barreled offense led by quarterback Jim Dundas and halfback Bob Hall bogged down repeatedly as the Penn defense strangled almost all Bruin scoring threats.

Then Woodson gathered a swing kick that rammed to Idaho's 24-yard line. Two plays later Allen hit Jerry Robinson in the end zone for the touchdown and Woodson kicked the field goal for a two-point conversion. The scoring came with 30 seconds left.

Utah	Idaho
First downs	17
Passing yards	231

## Bobcats Roll To 20-0 Win Over Madison

**REXBURG, Oct. 3**—The undefeated Rexburg Bobcats, sputtering at times on offense but crushing on defense, rolled over Madison of Rexburg 20-0 yesterday in an Eastern Idaho conference game.

## Bears Hand 13-6 Setback To Dietrich

**BLISS, Oct. 3**—The Bliss Bears ground out one touchdown and struck on a 60-yard pass play for another yesterday, they dropped the Dietrich Blue Devils 13-6.

## Bowling

**KIM LANE**—The Kim Lane Bowling League... The Kim Lane Bowling League... The Kim Lane Bowling League...

## Borah Overhauls Bulldogs 33-7

**HOISE, Oct. 3**—Stung by a stubborn Nampa defense in the first half, Borah outlasted the third 24 minutes and in the final 3-7 Southern Idaho conference victory last night.

Opening defense of the SIC crown, Borah used nearly 22 minutes of the first half before converting a drive. Quarterback Steve Broce sneaked for a 12-yard touchdown at the end of an 85-yard drive.

## World Land Speed Record Is Green's "Dream Come True"

**BONNEVILLE SALT FLATS, Utah, Oct. 3**—An 18-year dream came true for Tom Green when he piloted the jet-powered "Wingfoot Express" to a world land speed record.

**SLIDING SAFELY** home on Joe Christopher's bases-loaded single in the first inning against the St. Louis Cardinals is New York Mets shortstop Roy McMillan. Bob Klaus scored ahead of McMillan and Lou Brock's throw from left field to catcher Tim Lincecum was too late to catch McMillan. (AP wirephoto)

## New York Mets Dump Cards 15-5 and Into Tie With Reds

**ST. LOUIS, Oct. 3**—The unpredictable New York Mets dumped St. Louis into a first-place tie in the unbelievable National League pennant race, annihilating the Cardinals 15-5 today, behind a five-homer barrage.

The Cardinals, who had been in a losing streak, topped the Cardinals into a deadlock with Cincinnati with one game remaining on the regular schedule. The Reds, idle Saturday, play third-place Philadelphia at Cincinnati Sunday while the Cardinals again meet the Mets.

The Phillies, also idle, moved to the win one game of the lead while the San Francisco Giants were 2 1/2 games back. If St. Louis loses its game the race will end in a three-way tie.

## Brewer Hurls Dodgers Past Houston 7-0

**LOS ANGELES, Oct. 3**—Left-hander Jim Brewer of the Los Angeles Dodgers pitched a five-hitter, collected three hits himself and drove in two runs tonight in a 7-0 victory over the Houston Colt .45's.

## Last Period Pass Nets Falcon Win

**AIR FORCE ACADEMY, Colo., Oct. 3**—Air Force, still frustrated by a spattering offense, broke open a tight football game with a 45-yard scoring pass in the final period today and beat Colorado State University 14-6.

## Iacavazzi-Led Tigers Down Lions 23-13

**PRINCETON, N.J., Oct. 3**—A pair of 61-yard runs by Iacavazzi the first two times he carried the ball enabled the Lions to withstand a record-breaking passing attack by Columbia.

Iacavazzi, cracking the milds from the Tigers' new formation, booted a 45-yard pass down early in the first period. He then carried early in the second quarter, breaking away on the same play from his 16 to the Columbia 23 to set up a tally that put Princeton ahead to stay. He scored the final touchdown on a one-yard drive.

It was Princeton's second straight triumph, while Columbia suffered its first setback in two games. Princeton also made it 11 in a row over the Lions who have not beaten the Tigers since 1945.

# ASTORQUIA PASSES T.F. PAST HIGHLAND

## Senior Accounts for 230 Yards in Sparking Easy 26-7 Conference Victory.

Quarterback John Astorquia began the season heralded as the best passer Twin Falls had produced in many years. He tried only 30 passes in the first four games. Friday night it was the Astorquia experiment. The senior passed 40 times, completing 11 of them for 230 yards and a touchdown in leading the Twin Falls Bruins to an easy 26-7 Southern Idaho conference victory over the Highland Rams.

## Griffin and Buhl Belt Shelley 36-19

**BUHL, Oct. 3**—With senior quarterback Clark Griffin throwing well, the Buhl Indians unleashed their best attack of the season last night and rolled over Shelley 36-19. The Indians moved in front 30-0 and the eastern Idaho club couldn't move until coach Ed Peterson went to the bench. A long pass from Griffin to Jeff Lewis started the Buhl scoring parade. The 40-yard play carried to the three yard line and three plays later Griffin sneaked in from a yard out.

## Mushers Belt Bruneau, up Win Streak

**PAIRFIELD, Oct. 3**—The third-ranked Camas County Mustangs belted Bruneau 40-0 Friday in a Snake River eight-man conference game and streaked their unbeaten (once tied) run to 20 games. Dennis Costello capped a first quarter Camas County drive by diving in from three yards out. Early in the second quarter, Darrell Cox hooked up with Jim Smith for a 15-yard scoring play and before the half ended Bill Bartholomew picked off a Bruneau pass and returned it 30 yards for a score. Costello got both conversions. The Mustangs scored twice more in the third quarter, the first on a 40-yard pass from Bartholomew to Clint Ballard and the second on a one-yard plunge by Cox. Bartholomew got one extra point.

## Solons Coast Past Winless Bulldogs 39-0

**GOODING, Oct. 3**—The Gooding Senators, who specialize in killing a foe early, did it again last night as they cruised to a 39-0 victory over the winless Kimberly Bulldogs with three first quarter touchdowns and coasted into a 39-0 Big Eight conference victory. Kimberly had to punt four plays after the opening kickoff. Gooding then marched 47 yards in nine plays. Carla Baumgartner getting the last yard on a reverse. Four plays later Baumgartner again punted and on the next play Adamson hit David Hockland with a scoring pass. Then late in the period Tom Young recovered a Kimberly fumble and six plays later Rusty Dwyer skinned end for the touchdown. The second quarter was scoreless.

## Shoshone Is 33-12 Winner Over Hailey

**SHOSHONE, Oct. 3**—Danny Pogoda scored with an interception pass in the first quarter last night to point the Shoshone Indians to a 33-12 victory over the winless Wood River Wolves. Pogoda's defensive gem resulted in Shoshone's only scoring until the second period when Steve Thorne scored on an end sweep. In the third quarter Thorne took a pass for the third Shoshone touchdown and then big George Trenkle, who plays defensive tackle and offensive fullback, took over for a pair of fourth quarter scores. Both came on short plunges. Wood River got its first touchdown on an 80-yard punt return and a long pass carried to the Shoshone two-yard line and set up the final touchdown.

## Mazurek Leads Pitt to Victory

**PITTSBURGH, Oct. 3**—A host of speedy Pitt backs led by quarterback Fred Mazurek reeled off yardage almost at will today to rout the Panthers their first football victory, a 34-7 trouncing of William and Mary. Mazurek didn't ignore the passing game either, completing 10 of 16 for 141 yards and a touchdown.

## Huarte's Arm Leads Irish Over Purdue 34-15

**SOUTH BEND, Ind., Oct. 3**—Notre Dame's Fighting Irish, led by quarterback Ara Parseghian, proved the new Irish were for real as they followed their 31-7 conquest of Wisconsin with an even more devastating mauling of Purdue, 34-15 today for their second straight conquest of a Big Ten football rival. The home debut of new Coach Ara Parseghian proved the new Irish were for real as they followed their 31-7 conquest of Wisconsin with an even more devastating mauling of Purdue, 34-15 today for their second straight conquest of a Big Ten football rival.

## Snook Leads Iowa Over Washington

**IOWA CITY, Ia., Oct. 3**—Gary Snook powered Iowa to a 23-0 upset of Washington today with passing that rattled the defense of the nation's 10th-ranked football team. The rangy Iowa quarterback tossed two touchdown passes and scored on a plunge in a comeback that sends Iowa into Big Ten action next week with a perfect record. Snook completed 19 of 32 passes for 215 yards. He hit on 8 of 19 in the first quarter for 110 yards and propelled Iowa to a 14-0 lead.

## Clemson Relays On Defense for 14-7 Victory

**ATLANTA, Oct. 3**—Georgia Tech battled underdog Clemson off its turf today but was outlasted when it came to actually scoring that the Yellow Jackets had to rely on a rugged defense to turn back the Tigers 14-7.

## Hornets Power Past Castleford by 41-21

**CASTLEFORD, Oct. 3**—The Declo Hornets ran up a 34-7 halftime lead and then coasted to a 41-21 decision over the Castleford Wolves yesterday. The Hornets took the opening kickoff and rolled to the five yard line before John Goodman carried the ball in. Gene Fries then added the first of five conversions. Castleford replied seconds later when Gary West romped 60 yards on a quarterback rollout. But four plays later Declo was back on top to stay, the on-again points coming on a 33-yard scoring pass from Mike Mathews to Goodman.

## Fumbles Let Bonneville Drop Minico

**IDAHO FALLS, Oct. 3**—Bonneville high school crashed in two Minico fumbles for a pair of touchdowns and went on to defeat the Spartans 27-6 in an Eastern Idaho conference battle yesterday. The luckless Spartans fumbled the ball eight times and Bonneville defense men scooped them up to score. The longest was a 60-yard fumble after the Spartans had driven into Bonneville territory on a scoring drive. Of the eight fumbles, Minico lost six of them.

## MSU Upsets Trojans With Field Goal

**EAST LANSING, Mich., Oct. 3**—A 40-yard field goal by kicker Dick Kenney, was the killing play today as Michigan State upset favored Southern California 17-7. The Trojans previously beat Colorado 21-0 and Oklahoma 40-14, and were ranked second in The Associated Press poll last week. Kenney was making his first appearance in college game. His 40-yard boot in the first period set an MSU record, topping a 47-yard three-pointer by Earl Lattimer against Northwestern in 1952.

# New Access Road, Lift Facilities Will Boost Pomerelle Popularity

BY O. A. (GUS) KELKER  
Times-News Feature Editor  
BURLEY, Oct. 3.—When the snow is deep, and the powder surface is just right, the Pomerelle area will come into its own. The ski area southeast of here, which through the years has been gaining in popularity, this year actually will hit the big time with completion of a brand new double chair lift (this in addition to a platter lift) and a wide, two-way road which will permit skiers to follow their sport much later in the season than was heretofore possible.

Right now workmen are scurrying over the hills and valleys of the area getting things done before winter actually arrives. They think they will make it. The ski area, located on the south fork of Howell canyon, has been in operation for the past six years, but nothing approaching the ambitious program which springs loose this winter has been attempted.

The canyon road—a one-way trail, at best—especially when deep snow was pushed along the edges—is being replaced by one that looks like a super highway by comparison. It is graded, many of the sharp curves have been eliminated, it has a good surface and is constructed in a way which permits the snow to be pushed over the edge instead of piling up to impede travel.

Gravel surface will remain on the road this season but, under supervision of the Burley, Albion and Cassia county highway districts, it will be oiled, probably next year so it will be in use by the 1965-66 season in its finished state.

Road construction, under supervision of the Sawtooth forest officials, is being carried on by the LaBarge Service company—a bid-by-the-time of \$200,000 people an hour.

Another improvement will be introduction of electricity to the area through the REA. Previous years have seen the use of gas-line engines to operate lift facilities.

Next summer plans call for construction of a lodge to replace the present warming hut. This lodge will be strictly modern and will offer adequate facilities for the skiers. It will be in operation for the 1965-66 season.

The ski facility is operated by a private organization. This group of individuals obtained a loan from the small business administration to complete the improvements. Private improvements will be made with private financing. Operation is by Pomerelle Ski, Inc.

Construction of the ski lift is by Harlan Jensen, Burley.

CEMENT BASE for one of many towers for the new double chair lift at Pomerelle is built for rugged use. District Ranger Merlin Block, shown inspecting one of them, said that the cement is poured to a depth of about seven feet and the base itself is four by five feet at the top. The towers of the ski lift are anchored to this base. The main base, at the bottom of the hill, is many times larger than these which extend to the top. (Times-News photo)

Records of the Sawtooth forest show that there are more than 50,000 individuals visiting the canyon area each year and that 80 per cent of this number use the area in the summer.

All officials admit, though, that the improved road and lift facilities at the ski area probably will prompt a jump in winter usage.

The new double chair lift will extend for a distance of 4,300 feet up the mountainside, and the old platter lift will be in a new location, extending a distance of 3,500 feet. The double chair lift will have a capacity of 800 people an hour.

At the same time the announcement was made that the ski improvement is being rushed to completion, Merlin Block, Burley district forest ranger, announced extensive expansion of the Thompson campground at the head of Howell canyon. This area has been improved to the point that 10 new units are now available. All these units can be occupied by campers, camp trailers or tents.

Ranger Block added that the facility includes new tables, grills and toilets. Drinking water is available. The work, he said, is a part of the multiple use formula which has been followed by the forest service.

Even before the present improvements in the ski area were contemplated the Pomerelle district has been popular with those who follow the winter sport. Various communities, including Burley and Rupert, sponsor ski schools which send hundreds of youngsters given instruction by trained instructors who donate

PATH THROUGH PINE trees which will be followed by the new double chair lift at the Pomerelle ski area, stands out in bold relief in this picture. Pine trees on either side will aid in protecting skiers from wintry winds during the ride up to the top. The new and modern lift will have a capacity of 800 passengers an hour. (Times-News photo)

TWIN FALLS, IDAHO, SUNDAY, OCTOBER 4, 1964

# Twin Falls Agent, Beehive, Buhl Apiarist, Star in TV Commercial

BY G. H. CHAMBERS  
A hive full of bees, a Twin Falls insurance agent and a beekeeper from Buhl formed the cast of a one-minute television commercial which is now receiving national coverage.

To put this one-minute production together required the services of an eight-man television crew from New York City, almost a ton of sound equipment, 5,000 feet of film and three days of work.

Mutual of New York Life insurance company is the sponsor. A year ago the company decided that one of its published advertisements received considerable readership. This advertisement

ment concerned Ross Prather, Twin Falls agent, and Millard Stahlman, Buhl beekeeper. The Idaho group is alternating on television with a similar commercial from Tennessee.

Thus, Prather, Stahlman and Stahlman's bees were cast in brief but starring roles. Representing MONY is Benton and Bowles, Inc., New York City advertising firm. They contacted Filmways, Inc., also New York, and the decision was reached to shoot the commercial on location.

On location meant using one of Stahlman's hives near Bellevue and around the Stahlman house, Idaho's rugged Sawtooth mountains would form the backdrop in filming the Bellevue episode.

In addition to the actors, Stahlman and Prather, there were several interested observers. Henry Hayden, MONY advertising director, was there. Representing Benton and Bowles was Fletcher Coleman, who also served as producer. Onlookers included members of Stahlman's family and members of Ross Prather's family.

The shooting schedule called for early morning rising and getting to Bellevue from Twin Falls by 9 or 9:30 a.m. Lunch was taken at Sun Valley's Challenger Inn and this provided

The scene revolved around a simple plot. The camera would zoom in on Stahlman, who was working at the hive.

NEW YORK CITY cinematographer Bert Spelvoigt used some 5,000 feet of film to make a television commercial in Magic Valley. The commercial will be released on a national basis and uses two Magic Valley subjects in the minute-long spot. (Times-News photo)

ONE WAY to increase light upon a subject is to use a reflector to deflect the sun's rays on the subject. The reflector can be easily moved and was used extensively during the filming of a national television commercial near Bellevue. (Times-News photo)

# Life in MAGIC VALLEY

James F. McCoy, who was 90 years old Thursday, has lived all but the first five of these years in KETCHUM and HATLEY, and says if he had it to do over again it would be the same. Coming from California, through Nevada, via covered wagon with his parents, George W. and Sarah Jane McCoy, in 1870, he was not old enough to share the terrors of Indian attacks which his parents and those who traveled with them experienced. The McCoy's pitched a tent, together with three other families who had just arrived, on "Graveyard flat" just north of Ketchum. It was Nov. 13 and there was not yet any snow.

"Within a few days there was several feet of snow, however," McCoy says. "I have always stuck in my mind as I had never seen snow before."

"My father built us a log cabin on some flat ground down by the river, southwest of where Ketchum is now, as best as we could. We were one of the first families to have a house."

"When we came through Hatley there was just one tent there, and no other signs of habitation," McCoy said. "The mining boom had just begun."

McCoy remembers working in the Philadelphia smelter, built at the mouth of Warm Springs creek, when he was just a boy. "It was the first place in Idaho to have electric lights, and I remember how they fascinated me. I was making \$3.25 for a 12-hour shift, working charges to the smelting furnace. I felt like a millionaire," he laughed.

McCoy reminisced about carrying mail, which had accumulated all winter in the Ketchum postoffice, over Caliana summit to Stanley, more than 50 years ago.

"There was more than 300 pounds of mail. It took five days to make the trip," he said. We cut pine boughs and laid them on our canvas for a bed, and made a big bonfire at night."

McCoy also snowed out into the empty valley to look five days to miners there. Anyone traveling the Dollarhide summit in winter has as his greatest hazard the many and violent snowdrifts. McCoy recalls two men—not miners—who made their fortune there when they uncovered a ledge of silver.

"Tom Tuke and Walter Clark, who operated a pack train, were making a trail into the Smoky country. The ledge they uncovered was not far from Carrievan mining property, which was a big producer in the early days."

As you pass by the Ketchum cemetery while driving along highway 93, if you will look for the largest headstone there—that is Tom Tuke's. He had no kin that anyone knew, and willed the greater part of the fortune he made in that mine to Fred Gooding, who was running sheep there.

With some of the money he made in that mine Clark built and operated the store which Jack Lane later bought and has operated for many years, McCoy said.

McCoy's father ran the sampler and assay office in Ketchum for many years.

"The bank in Ketchum whose president was Horace Lewis would buy the ore. Dad had a round table in the middle of the room where they pulverized the ore to get samples. One day while Dad was preparing some dust for a sample, out of the corner of his eye he saw the man who had bought it in a twinkling some grey copper on it. He told Lewis about it and the man did not sell his ore to the bank."

"Talk about the streets of Ketchum being crowded nowadays," said McCoy, "when I was a young man they were so crowded you could hardly get along. And you didn't dare let anyone know you had \$5 in your pocket. I remember one miner who came to town and said he had been laid off, but he wasn't worrying because he had \$50 in his pocket. He didn't keep it very long."

McCoy attended the first little wooden schoolhouse built in Ketchum.

"Then in 1885 a brick one was built. Dad helped build it and his brother Will had the sand and mortar to build that school. The clay for the bricks was taken out of the holes which are still on the east side of Ketchum hill. There is a mystery about that schoolhouse, the pioneer recalls. The day they laid the cornerstone there was a crowd of 400 people to witness it. That cornerstone was set a metal box into which there was every denomination of money placed.

"And you know when that

brick building was torn down to put up a new one, there wasn't a sign of any money in that cornerstone," McCoy declares.

McCoy also recalls the wagon the late Shade Benson's father (Shade Benson was a prominent Hatley merchant for many years) had bought from a man while they were cranking the plains on their way here.

Benson at that time ran a dairy up Trail creek near where SUN VALLEY now stands. One day Shade and another boy were playing around the wagon. Benson saw something glitter at the kingbolt.

Investigating, the two boys found a morticed oak plank in the boiler with a gold brick for which Benson received \$1,600. Old timers believed the original owners of the wagon had probably been killed by Indians, McCoy said.

"Of course there was the silver that was stolen here and was always believed to be buried somewhere between the Cold Springs ranch and the bridge across the Wood river nearby. As far as I know no one ever found it," he adds.

McCoy worked in the Boulder and Independence mine. He also did considerable freighting. Forty years ago he purchased an original 80 acres where the Red Top motel a few miles south of Ketchum now stands.

He later bought the adjoining Berry ranch of 100 acres and then purchased 120 acres on the hillside back of the ranch. He ran beef and milk cattle. In 1942 he sold out and retired, and moved to Hatley.

"I saw Ketchum born—I saw it die after the demonization of silver there were only 12 families who lived in Ketchum year around — and I have seen it reborn," he says.

Helping McCoy celebrate his 90th birthday anniversary were his brothers and sisters, Arnold McCoy, BELLEVUE; Edith McCoy, GOODING; Mrs. Sadie Hickey, BELLHAR; and Mrs. Lena Gable, CANNING.

Their children and grandchildren. His children, Mrs. Edith Harsan, Medical Springs, Ore.; James McCoy, Jr., Bremerton, Wash.; Mrs. Lenora Lewis, Boise; William McCoy, Coeur d'Alene; Mrs. Mary Morris, Sun Valley; Ralph McCoy, Sacramento, Calif. and Mrs. Rosa Smith and George McCoy, Hatley, and their children and grandchildren also were present.

At a reception last Sunday on the lawn of the McCoy home many friends came from all parts of the country.

Mrs. Robert Higgs cut and served the birthday cake. Mrs. Orin Shirts served punch and Mrs. James Higgs and Mrs. James McCoy, Jr., poured coffee. Lynn Higgs was in charge of the guest book.

A surprise dinner for him was held at the Star cafe dining room, with all of his family present. A birthday dinner was served Thursday for members of the family still here.

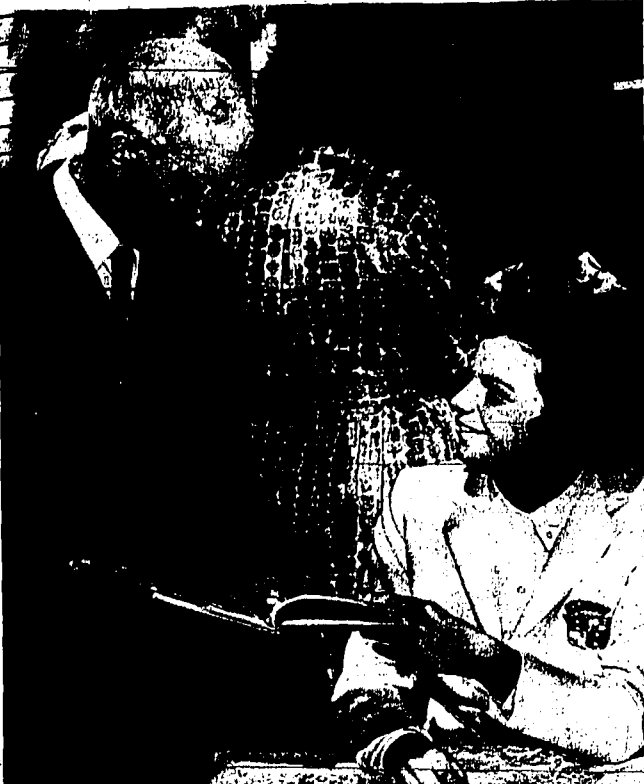

## Hazelton Man Files Suit Here

Keith Munsee, Hazelton, has filed a \$24,023.13 suit in eleventh district court against Union Pacific railroad and Baulthaus and Moyer, Inc., North Dakota, for damages on five loads of feeder lambs he received.

Munsee states in the suit he purchased the five loads of feeder lambs from Baulthaus and Moyer, Inc., but when he received them they had a disease "blue tongue" and had to be quarantined. He alleges the animals lost weight in shipping and that one had a broken leg and was useless.

Munsee also alleges that Baulthaus and Moyer, Inc., made the decision to ship the animals by rail.

## AS YOUR MINISTER SEES IT

The Preacher's Call

REV. D. E. MIKEL, Lynwood Chapel

Since preaching and salvation are related by the Bible as cause and effect, and since everybody is in need of salvation, the preacher's call becomes a matter of universal interest.

If this "call" is not a matter of importance to the preacher, then his entire motivation in his work is lacking. This may explain why some people have such a low opinion of ministers.

The conviction that God does call certain men into the ministry is one that is shared very generally in Christianity and rests upon very solid foundations.

In the first place we meet the fact of the preacher's call upon the pages of the Bible again and again. To read either in the Old or New Testament, is to come upon a company of men who are unique. These men (preachers) cannot be accounted for in terms of their times or environment. They are men of deep earnestness and seemed possessed with a compelling sense of mission. Though they evidence genuine humility, they dare come before society and declare emphatically, "Thus saith the Lord." They cannot be explained except in terms of God. They have been divinely called as preachers.

This truth is told in an illustrious manner by the life of Moses. From the fields as a shepherd, God called to him, "Come Now . . . I will send thee unto Pharaoh." The pages of church history affirm our faith in the Divine Call of preachers. The church has not had a career of constant victory. There have been relapses and recoveries. These periods of recovery (revivals) have always come by divinely called men. These men have been able to say reverently and yet gladly, "I could have been a Paulkner, Billy."

God called and anointed me to preach the Gospel." Both the Bible and church history reveal the fact that God calls certain men to the ministry.

To this is added the equally impressive present day experience of scores and hundreds of men in pulpits in the country, the small villages and crowded cities, who affirm that they dare preach the unsearchable riches of Jesus Christ because the Spirit of the Lord has anointed them for this purpose.

I have stressed my faith in the divine call of preachers against the sound of many voices of today. Preaching is not a profession. It is not simply a means of earning a living or even feeling one is contributing good to his generation. Preaching is still God's way of telling us that He is God. . . . that He loves mankind; that He is a jealous love; and we need to beware that when He

# Now! '65 Chevrolet

'65 Chevrolet Impala Sport Coupe—with new Sweep-line roof.

If what you see moves you, wait'll you take the wheel

(V8's with—GRRRR!—up to 400 hp)

One look at those longer, wider lines tells you it's the kind of car you just couldn't buy before without getting into the higher price brackets. But one drive will tell you a lot more.

When you take the wheel of that clean-cut Impala Sport Coupe above, for example, you've got your kind of engine going for you. There's an even half dozen available this year—anything you name from a quieter 6 to a V8 with the authority of 400 hp.

And the road feels like satin because our engineers came up with a new Full Coil suspension system, teamed it with a Wide-Stroke

design, and made our famous Jet-smooth ride even smoother and more stable. On top of that, you've got the kind of space and comfort you'd expect to pay a lot more than a Chevrolet price for. And the kind of elegance, too. Like the look of fine walnut on the Impala's stylish new instrument panel. The rich combination of brocaded and deep-grained vinyl upholstery. The tailored wall panels under the frameless curved windows. And the beauty of Body by Fisher craftsmanship.

Beginning to feel like it's your kind of car? There'll be no doubt about it when you drive the real thing at your dealer's.

## Fish-Game Specialist Asks Hunters To Read Regulations on Duck Season

**BY JIM HUMPHREY**  
Idaho fish-game department  
BOISE, Oct. 3—Elwood Bizeau is one man who can break down the Idaho waterfowl for 1964-65 to their bare bones and come up with the essentials that are important to hunters. He is the game bird supervisor for the Idaho fish and game department, with headquarters in Boise.

Most everybody who is interested knows by now that the statewide waterfowl season starts Oct. 10. But many hunters may not know why they are handed copies of the federal waterfowl regulations at the time they buy their "duck stamps" at the post office, and why the are handed copies of the Idaho fish and game commission regulations when they stop at the nearest sport shop to pick up some shells. And why both sets of regulations say the same thing, albeit in different words.

Either set of regulations, state or federal, may cause even veteran waterfowlers to recoil in bewilderment, says Bizeau, because of several changes made this year.

He not only unscrambles the rules and picks out the essentials, but also explains the reasons for some of the changes.

Commenting that Idaho's waterfowlers either are duck or goose hunters, and sometimes both, Bizeau says they generally have little truck with mergansers, coots or Wilson's snipe. Thus he rules out all discussion of regulations concerning these species from this article. Then he bears down on duck and goose regulations.

Bizeau points out that the goose season is about the same as last year. It runs for 90 days statewide, from Oct. 10 to Jan. 7. Last year it was the same length, except for the noon opening which does not apply this fall. Bag limits are the same as 1963 — daily limit of three geese, straight or mixed bag.

Only one exception is imposed. In the southeastern counties of Bonneville, Caribou, Bear Lake and a portion of Bingham, a two-geese bag limit still is in effect on a particular population of honkers which needs extra protection.

Bizeau says shooting hours on geese all over the state are one-half hour before sunrise to sunset — exactly the same as last year.

"This is important to remember," he adds, "because in 22 counties of the state this year the daily closing hour for duck shooting is different from geese."

Turning to ducks, he explains that waterfowlers over the past few years have become familiar with the fact that certain counties in southwest, southcentral and north Idaho have bag and possession limits on ducks that

are different from the rest of the state.

"This amounts to a 'bonus' or 'extra bag' of mallards in 22 counties, as specified in the regulations," Bizeau points out. "These counties actually form a part of a larger wintering mallard area which includes eastern Washington and northeastern Oregon. This now is becoming known as the 'Pacific Northwest mallard wintering area.'"

During the past decade, this sector gradually has become the terminal point for a large segment of the mallards which funnel down the Pacific flyway each fall. The rapid increase in agricultural crops in eastern Washington and to a lesser extent, in northeast Oregon and southwest Idaho, has been the main attraction. The mallards are beginning to winter in such large numbers this far north simply because there is more to eat.

In recent years, Washington's winter inventory has been approaching a million birds, and Idaho's winter duck count averages approximately 400,000. Most of the Idaho mallards are in the 22 counties which have the "extra" mallard regulation.

Bizeau avers that the high potential for crop losses to feeding waterfowl and the good possibility of extensive duck-winter loss posed by this winter buildup of mallards in the Pacific Northwest has caused the federal government to enact regulations aimed at providing more hunting pressure and taking more mallards from this wintering group.

Specifically, the 22 Idaho counties within the Idaho mallard wintering area have the most liberal duck regulations in many years in at least three ways.

—The hunting season on ducks, but not geese, in the 22 counties runs from Oct. 10-Jan. 24, a span of 107 days. Counties outside the Idaho mallard wintering area have the same hunting season for both ducks and geese — Oct. 10-Jan. 7.

—Duck hunting within the mallard wintering area begins one-half hour before sunrise and stops one-half hour after sunset. This is a big change from the sunset closing of recent years and it applies only in the "extra mallard" counties.

In Idaho's remaining counties outside the mallard wintering area, shooting hours are the same on both ducks and geese — one-half hour before sunrise to sunset. This year there is no noon opening on the first day of season anywhere in the state for either ducks and geese.

Shooting starts one-half hour before sunrise on all days of the season.

—The daily duck bag limit for the 22 counties within the mallard wintering area is eight birds provided that at least four are mallards. The possession limit after the first day of the season in the 22 counties is twice the daily bag limit, or 16 ducks, of which at least eight must be mallards. Experienced hunters know that the stipulation calling for the high proportion of mallards in the bag is no problem since eight out of every ten ducks taken in the past years have been mallards, anyway.

The duck bag and possession limits in the remaining counties of Idaho outside the Pacific Northwest wintering mallard area are "five and five" — unchanged from last year. Any duck species may be included in this bag limit.

Another important change from recent years is that the closed season on cans and red-

heads has been lifted. This year, with population levels looking better for these highly-prized diving ducks, the hunter may include two canvasbacks, two redheads, or one each, in this bag and possession limits. Only two wood ducks are permitted in the daily bag and possession limits.

However, many years of waterfowl bag checks show that the canvasbacks, redheads and wood ducks make up a very minor part of the annual statewide harvest. Usually less than one per cent each. Nevertheless, Bizeau reports there are a few spots in the state where these species occur in fair numbers at certain times of the season.

Waterfowl regulations now are available from license vendors. On the back cover are the official Standard Time sunrise and sunset tables. This is for the convenience of hunters and to help them observe legal shooting hours. But the tables are not legal shooting hours!

Because of the different shooting hours on ducks and geese this year, and the complications of Pacific, mountain and daylight saving time, no less than 10 separate tables would have been necessary to list all of the different shooting hours. These would have been very confusing, indeed.

It is believed that the official sunrise and sunset tables will help hunters make their own adjustments and determinations about the shooting hours which apply for the area to be hunted and for the kind of waterfowl to be hunted, either ducks or geese. The map on the cover of the waterfowl regulations, together with the shooting time example, should help clarify this point.

Confused? Re-read this article carefully and study the regulations. Then go out and enjoy one of the most liberal waterfowl hunting seasons in recent years. All will be right with the world again when those big, succulent mallards are brought home for dinner.

## MAGIC VALLEY PORTRAIT . . .

## Retired Former Local Resident First To Admit Idaho Still His First Love

Henry Rees, one of those responsible for the success of the Milner low-lift irrigation setup, is the first to admit that although he is retired and lives in California, Idaho is still his first love.

"Every chance I get I come back to visit," he said. "Idaho is the first place I ever lived and I just lived here too long to really get used to any other section of the country."

Former farmer, irrigation expert, miner, education official and memorial park owner, Rees now resides with his wife in Oceanside, Calif.

Rees' trip "home" to Twin Falls this time is even more important to him and his wife than former visits. The reason is, they will mark their 45th wedding anniversary at an open house planned by their daughter, Mrs. Robert Harney, at the Harney home. The festivities will go from 2 to 6 p. m., and oldtimers as well as newer friends are expected to attend.

"Getting so it is hard for me to run all over," Rees laughed, "so, guess our daughter thought it would be easier if all the folks to come to her home. One thing is certain, there will be a lot of looking back into the past during those three hours."

Rees was born at Emporia, Kans., of Welsh parents on Aug. 17, 1900. His parents were farmers. He received his schooling in Kansas and when the community of Twin Falls was only six years old he moved with his parents and brothers and sisters to the community where he was born, to the new area.

"I really don't know why father came out here or how he heard of Twin Falls, but he did and we high-tailed it west," Rees said.

Aside from the parents, there were seven youngsters in the group, with two more being born in this area after the move was accomplished. His father, David, became a farmer in this area and, as such, participated in many of the events which led to its development.

Branching off from farming, Rees went into the construction business and participated in building Arrowrock dam near Boise. A brother, William, was with him on that job and lost his life in a drowning accident. His body never was found.

Going into the service in World War I, he was assigned to the army to an unusual program which saw him serving as a "topper" in the lumber areas of Washington. The army needed wood and it was Rees who climbed to the top of the high trees and sawed off the tops before the rest of the tree was felled.

It was after this service that he married Ethel King in Seattle, in

HENRY REES

1919. The two had known each other for years. Her parents settled in the Jerome-Twin Falls area in 1900 and her father drew land in the Jerome tract drawing of that year. It was about six years later that she moved with her family to Seattle.

After their marriage the couple moved to Milner where Henry engaged in the construction end of the Milner low-lift project. Later they owned a farm at the head of Murtaugh lake. It was a 20-acre spread on which diversified crops were grown.

It was in 1933, while serving as manager of the low-lift project, that he went east in search of financial aid for the setup.

With him was Harry Eaton,

then a banker and now president of the Twin Falls Bank and Trust company. Rees likes to recall that Eaton, for some reason, ran out of spending money.

"It was the first time I ever got to loan money to a banker," he laughs.

Prestige of business later forced him to "take a real" and he moved with his family to the wild and woolly semi-ghost town of Rocky Bar. He soon found himself a member of the school board in that small community and the first teacher hired—and taking his first job—was Earl Carlson, who is now principal of Burley high school.

Coming back to Murtaugh after the rest, Rees settled south

of Murtaugh lake and at that time had five young sons in school. They are all living and two of them still are in this area. Reading in Twin Falls is Mrs. R. L. Betty Harney, while Elmer Rees resides at Murtaugh. The other children are Mrs. Ralph (Norma) Wolfstein, Los Angeles; Mrs. J. W. (Florence) Funk, Seattle; and Mrs. Lee, Rochester, N. Y.

While residing at Murtaugh and farming he was active in Methodist church work, with the Boy Scouts organization and also served on the school board.

Another well known educator of this section was hired because of the suggestions advanced by Rees. He is Ernest Ragland, then superintendent at Murtaugh and now superintendent of the Twin Falls system. After about 10 years in Murtaugh, he sold the farm and moved to Twin Falls where in 1947, he purchased Sunset Memorial park, which he operated until 1955 when he retired. His son-in-law, Robert Harney, now owns the property.

During the time he was a resident of Twin Falls he was very active in community projects. He was a member and served on the land board of the Kiwanis club, was a member of the Methodist church, the Twin Falls Chamber of Commerce, the Twin Falls Grange, the Masonic Lodge and the American Legion.

He also served on the Twin Falls city safety board and was a member of the committee appointed to give a name to the rim-to-rim bridge. The name Ferrine Memorial bridge was selected.

"The only trouble about being retired is trying to keep busy," Rees said. "After you get in the habit of doing things, it is hard to stop."

**TIRED PADDLERS** can resort to motor power in the latest Wonder Boat built by John M. Bahr, Twin Falls. He laughingly refers to this means of water transportation as providing for

those people who want to exercise without really doing anything but sitting. In this case the small motor does the work rather than a paddlewheel run by leg power. (Times-News photo)

**EASY GOING** is the keynote for this water conveyance which is one of the "dream children" of John M. Bahr, Twin Falls. The custom-made "paddler" is one of several boats by Bahr but this one provides innovations which, for instance, permit installation of a small outboard motor for those who tire of the foot power method. Mrs. Bahr is pictured here with her husband. (Times-News photo)

## Means for Exercise or Rest Provided In Boat Constructed by Local Man

It has been a couple of years now since John M. Bahr, Twin Falls, constructed his first paddlewheel contrivance which, on water, might be likened to a ferryboat—small scale, of course—which used to ply across San Francisco Bay.

Now he has come up with a revolutionary boat which provides exercise for those who want it and rest for those who are not looking for exercise but still want to be on the open water.

The first water carriers of this type which he made had the paddle wheel in the rear and behind the seat where passengers were situated. The pedals which operated the wheel were in front of the passengers.

With his latest idea, the paddle wheel has been moved up front. This provides space for a small outboard which can be secured at the rear of the boat. The pedals are still in the same place.

"I just got to thinking that some people wanted to exercise but some didn't want to. This new setup will permit them to go either way," he said.

The conveyance, he said, has been developed by trial and error methods and all he has turned out are custom made. The newest model will carry 600 pounds gross—two large passengers, for instance—and a rudder lever operated by one of these passengers is used for directional control.

Pontoon are foam filled fiberglass but metal can also be used. It is adaptable to both river and lake use and can be operated by children as well as adults.

At present time "boats" of this type, all made by Bahr, are now in operation at Redfish Lake, Menlo, Boise, Dierke's lake and Mack's Inn, the latter in the Island Park country.

The present one is the first of the new type.

"I've dubbed it the Wonder Boat because I've wondered how many things it could do," Bahr laughs.

"I'll never get rich putting these boats out but I have a lot of fun making them."

Manufacture of these boats by Bahr is one of many unique sidelines in which various citizens of Magic Valley indulge.

## Reading Is Needed Skill In Education

BY DAVID NYVICK  
TPI Education Specialist

The ability to read is the key to knowledge. Without this skill a student could not possibly do well in his school work. It is for this reason that educators are constantly searching to improve the instruction of reading.

Learning to read is a complex process. It involves all of a child's experiences. It is much more than instruction in a classroom.

Once a child enters school, a teacher provides experiences and activities as background for the teaching of reading. The actual mechanics of reading are taught in the classroom.

What is a reader? It is an individual who enjoys books. He doesn't consider reading as a chore but rather a form of entertainment. A reader recognizes the value and knowledge obtained from books. Even more than that, he gains understanding, experiences emotions, and becomes a part of the story.

The school cannot accomplish the entire job alone. A classroom with 25 or more students has many distractions. A teacher attempts to work with each individual but certainly can't provide the same warmth and understanding which parents are in a position to supply. A student often has difficulty finding privacy in the normal classroom. The home and parents have an important role to play. Parents' attitude have a substantial influence on those of their children. Parents who enjoy reading and show respect for books tend to give their children the same respect for books. Children learn from their surroundings.

Up until the age when a child attends school, parents usually have the entire responsibility for learning. This is the period when a child should have many experiences. The usual trips to the zoo, park, farm, and city are valuable. There are many possible experiences which depend upon location, occupation, income, and interest of the family. The main idea is to give a child as broad a background as possible in this way when he starts to read he will have had experiences to which he can refer. Consider how difficult it would be to learn to read the word cow if the student had no experience with a cow.

Once a child is in school a parent should see that he has a quiet, well lighted place where he can read. It is good for a child to actually own some books. He should also be familiar with the local library.

Parents should share in a child's reading. Try to create enthusiasm. Show the child that you are interested in his reading. A parent should not be afraid

to help a child who wants to learn how to read. On the other hand, a parent should not force the child to learn before a genuine desire arises.

NEW ROAD FOR the Pomerelle ski and recreation area south-east of Burley will make the old one look like a pioneer trail. Being rushed to completion so it can be used this winter, the road is set for oil surfacing next year. It eliminates many curves of the old road and permits snow to be pushed over the edge. It will permit operation of the ski facilities several weeks longer next year because it will permit easy access. Merlin Stock, Burley district ranger, is shown on the road. (Times-News photo)

## Coach Talks At Rupert's C. of C. Meet

RUPERT, Oct. 3 — Approximately 170 boys were put into football uniforms at the beginning of the football season, and youngsters are assured plenty of competition this year. Glen Maughan, athletic director at Minico high school, told members of the Rupert Chamber of Commerce Thursday, at the morning cafe.

According to Maughan, 60 boys now make up the varsity team. 40 boys are playing sophomore football, and 65 freshmen make up that team. Minico has an ambitious athletic program outlined for the year, with a heavy football schedule.

Other coaching personnel from Minico introduced at the meeting included Duane (Red) Halverson, varsity coaching staff; Richard Warburton, sophomore coach, and Les Iron, assistant freshman coach. Ray Baras, freshman coach, was unable to attend.

Coach Halverson emphasized a "formation is being used in football this year, and a good deal of work has been put into the formation change."

He said the boys are in a better position to play football now than at any other time this season.

Of the 78 boys signing for freshman football at the beginning of the season, 65 were still working out. The coach commended groups and organizations for the interest in the Little League football program in Minico county, pointing out many schools in the area have junior high school football.

Minico county is at a disadvantage as many games are with schools who have the program and are a couple years ahead in

their participation, he noted.

Charles Hendricks, of the Burley Chamber of Commerce, asked for assistance in obtaining dump trucks and gasoline to haul gravel to the Howell canyon road. He emphasized \$150,000 is needed to complete the 7.2 miles of road to the ski lift.

Hendricks pointed out the forest service has spent \$200,000 on the 24-foot wide, well drained road with six per cent grade. The Burley and Abbot highway district have each pledged \$20,000. Hendricks said gravel must be put on the road before snow comes. Also it is hoped enough money will come from a matching government fund to black-top the road next year.

According to Hendricks, a traffic survey showed 54 per cent

of the cars traveling the Howell canyon road were non-Casalia county cars.

He reported 32 per cent of the vehicles were from Minidoka county. The area provides an outstanding recreation area for both counties both summer and winter. Those able to provide trucks to haul gravel located south of Burley should be ready to start Monday, Hendricks said.

Richard Bohle, chamber president, read a letter from Blaine Sessions, district highway commissioner, inviting chamber members to an open house on Wednesday at district headquarters in Shoshone to observe national highway week Sunday through Oct. 10.

Guest of the club was Robert Detmers, Burley.

their time and talents to the project.

Through cooperation of officials at famed Sun Valley, these instructors are given special training at the Wood river valley complex.

The Pomerelle area, past records show, is located along a weather belt which sees deep snows available even when some other areas have not been able to operate.

As one official put it, the snows have really been too deep in the past years with the result the road was open at some times only to trucks or four wheel drive vehicles. Most of the time chains were required on all other cars.

With completion of the wide, all-weather road, the entry problem will be minimized and operation is expected into late March even when snow is gone from the road. At that time it still clings to the ski run areas.

The new facilities completed this year will permit the ski school to be operated on a greater scale than heretofore and other communities will be invited to take advantage of the area.

When, in the 1955-56 season the lodge is in operation and the road surfaced, officials express the opinion that the sky will be the limit and Pomerelle will be more popular than ever from a regional standpoint.

HOME MADE lamp is examined by Delmer Davies, 566 Wirsching street. Davies learned wood-working while a patient at the veterans hospital in Van Nuys, Calif. He recently terminated 11 years of employment at Bendix Aviation despite being handicapped. (Times-News photo)

## Confinement to Wheelchair Didn't Curb Desire of Handicapped T.F. Man

One would hardly expect that a person confined to a wheelchair is a likely candidate to win bowling trophies and bowling honors, but Delmer Davies, 566 Wirsching street, once threw a 214 game during a tournament in California.

That 214 game won him a trip to Las Vegas. According to Davies, outlook is important when one is limited to living in a wheelchair. Some people call it being handicapped, but people like Davies prefer to say it is just limiting.

Today is the beginning of National Employ the Physically Handicapped week. The week ends Saturday.

Davies' episode is typical of hundreds of Americans who are handicapped and still find beneficial roles in society. With proper training they can take care of themselves, become better than average citizens, and they prefer to be self-reliant.

Davies became disabled because of a service connected situation. He had a growth on his back which caused his release from military service. He was operated on and the operation left him a paraplegic. The paralysis affected his legs.

He was sent to the veterans hospital in Van Nuys, Calif., for rehabilitation and training.

The toughest part of all this was accepting the fact that he would never walk again. However, once accepted, he began the fight to re-enter society as a useful citizen.

Davies is originally from Idaho Falls. His father was a farmer and a carpenter. Work with his hands came naturally.

It took Davies two years in the hospital to finally master his situation. In 1952 he began working for the Bendix Aviation company.

The first job had no challenge. He started out—drapping—hairs of nuts and bolts.

"After so long I went to the foreman and told him that I

wanted to do something else in the plant," said Davies. The chat with the foreman brought him to a job on the assembly plant, which involved hydraulics. In time he worked up to foreman.

While taking rehabilitation work at the Van Nuys hospital he met and married his wife who at that time was a registered nurse at the hospital.

Bowling was only one of Davies' hobbies. He began wood-working and building things around the house. During the 11 years he worked for Bendix he wore out three cars driving back and forth to work.

"It was difficult at times

## T. F. Library To Host Conference

Helen M. Miller, Idaho state librarian, and her staff will be featured guests at the library workshop being hosted Thursday by the Twin Falls public library.

Announces Mrs. Kenneth Keever, secretary of the board of trustees and chairman of the conference.

The meeting is one of a series to be held in the state for the benefit of all public and district librarians, trustees, legislators and community leaders. Other state meetings are being held in Grangeville, Coeur d'Alene, Rexburg and Boise.

Mrs. U. N. Terry will be in charge of the coffee hour which will open the meeting. She will be assisted by Mrs. Alice Haynes, local librarian, Mrs. John Platt, Mrs. E. M. Wright, and Mrs. Theodore Roth.

The first item on the agenda for discussion will be library legislation. This will be followed by a topic concerning library buildings and federal aid. Theodore Roth, chairman of the

It took 11 hours of time to work eight hours on the job," said Davies.

In 1963 he terminated his employment with Bendix and moved to Twin Falls. Twin Falls was preferred over his hometown of Idaho Falls because of the milder winter.

The Davies home is full of his handwork. The bathroom, for example, has a slanting cupboard underneath the sink. The door slides to either side permitting Davies to move his wheelchair up to the sink. Davies constructed this himself.

In the living room is a bookcase constructed by Davies, a room divider constructed by Davies, a stone fireplace constructed by Davies and his father, and the family home has trophies and lamps constructed by Davies.

He sometimes enlists the help of his wife or one of his two daughters to help him with some of the larger pieces of plywood. Fishing and week-end camping have since replaced bowling as Davies' main hobbies. He fishes from a boat or wherever he can get his car close to a stream.

"You can't shut out the world when something happens that limits your life," claims Davies. "Outlook is important and opportunity is important."

trustee board, will discuss the remodeling of the Twin Falls public library.

Library standards adopted by the public library division and the trustees and friends division at the 1964 McCall conference will be presented by members of the Idaho Library association.

Mrs. Keever will tell of the action taken by the local board to meet those requirements. She will also speak at the workshops in Pocatello and Boise on this matter.

A luncheon will be held in the Roundup room of the Roger-son hotel.

officials in the company. This, plus the high readership in the published advertisement, swung the decision to use Idaho, Prather and Stahlman.

The toughest part of shooting the spot, according to Prather, is to follow instructions to relax

and act natural with a dozen people looking on and watching every little move.

During one part of the filming Stahlman got tongue-tied and a break was needed to relax the "stars." The bees performed without incident.

All in all, it was interesting

to watch no matter how many times the scene was shot. The bees behaved admirably and the only person stung was Stahlman.

However, one member of the crew was heard to remark, "Next time let's bring the bees, mountains and stuff to New York. It's easier."

BUHL BEEKEEPER Millard Stahlman prepares to run through a shooting of a national television commercial which was filmed at one of his places near Hellsburg. Some 5,000 feet of film was used to make the minute-long spot. TV Graphics, New York City, spent three days on location to make the spot. (Times-News photo)

## TV Schedule

**MONDAY, OCT. 5**

"Voyage to the Bottom of the Sea," 8:30 p.m. ABC—Rick O'Connell appears in a mysterious episode involving a rendezvous between the sub and another ship, which is supposed to be carrying a Latin American president. But when they get there the other vessel is strangely empty.

"The Lucille Ball Show," 7 and 9:30 p.m. CBS—Lucy falls for an athletic guy, so to get out of being involved in sports she claims to enjoy those that happen to be out of season.

"No Time for Sergeants," 7:30 p.m. ABC—Willard and some friends visit his grandfather's farm, but are quarantined there when one of them catches measles.

"Wendy and Me," 8 p.m. ABC—A friend of Wendy's who's a secret wedding and even the justice of the peace isn't sure who's getting hitched.

"The Casey" 10 p.m. ABC—Stella Stevens and Ben Piazza are featured in tonight's episode. It concerns an artist who is led

**BEST MONDAY NIGHT MOVIE**

"Ask Any Girl," (Color, 1959) Shirley MacLaine, David Niven, Cig Young and Rod Taylor (6:30 p.m. KUTV and KIPV)—Enterprising comedy about a smalltown girl who moves to New York City for a job and a husband.

"Five Against the House," (1955) Guy Madison, Kim Novak and Brian Keith (10:35 p.m. KCPX)—Engrossing drama about four college students and a glamorous night club singer who plan to hold up a large gambling casino in Reno, merely as an experiment. Good performance by Brian Keith as Brick.

ASLETT CONSTRUCTION COMPANY, Twin Falls, is operating this busy asphalt mixing plant at Big Bar on the Snake river to provide surfacing material for Idaho Power company's new access highway to the Hells Canyon dam site. Gravel for Aslett's extensive paving work in North America's deepest gorge is being produced at two other rock-crushing plants, one several miles from the asphalt plant and one at Oxbow. The Twin Falls

contractor, which has a \$580,000 contract for the paving, is working two shifts seven days a week to complete the projects before winter.

## John Birch Society Has More Members, Money

BY DON ROTHBERG and BORIS KLEIN

Associated Press Writers  
The current debate about extremism plainly has been no vice to the John Birch Society. It says its membership rolls and its treasury have grown faster.

Unsuccessful efforts at the Republican National Convention to insert a plank in the GOP platform condemning extremist groups — and naming the John Birch Society among others — actually helped the society, said

its public relations director, John H. Toussaint. "Attendance at our meetings increased substantially," he said. "People heard so much about us they were curious. They wanted to find out the truth."

Toussaint, 35, a former Republican congressman from California who became \$30,000-a-year spokesman for the Birch Society last June, said it still was Birch policy not to reveal actual membership figures or names of members — not through any desire to work in secrecy, he says. "We just don't want our members to be bothered by solicitors."

But he says the society is still short of its goal of one million members, set by Robert Welch, who founded the organization in 1958.

It also is against Birch Society policy to endorse political candidates, Toussaint says, but in his private view the nomination of Sen. Barry Goldwater, has given the society added purpose.

"Sen. Goldwater," he says, "has espoused a conservative constitutional position which many Americans can associate themselves with and which Birch members have found acceptable."

The Birch Society was not acceptable to some at the San Francisco convention. Gov. William W. Scrantom of Pennsylvania, then fighting for the Republican presidential nomination, led the battle to denounce the society by name. He referred to the society as "this weird presence in America," and said it was trying to take over the Republican party. He also said it represented an "extremism alien to our shores" and was seeking "the subversion of liberty."

The platform committee rejected Scrantom's plea for a denunciation, and the convention went on to nominate Goldwater. The senator has described Welch as "intemperate and unwise," and accused him of making "damaging, ridiculous and very stupid statements." As for members of the society, Goldwater said: "They are anti-Communists and I don't see how we can be against that. The society itself, he said, is on no subversive list."

## Large Marriage License Bureau Showing Gains

NEW YORK, Oct. 3 (AP) — The world's largest marriage license bureau is busier than ever because of the bumper crop of World War II babies now making applications for licenses to get married.

Herman Katz, who heads New York City's marriage license bureau, reports that 1964 will be one of the biggest years for licenses issued. And 1964 being a leap year has nothing to do with it, he adds.

"The kids today are getting married younger," Katz said. "The fact of the matter is that the big rush is on because of the World War II babies who have reached the marrying age. And, of course, some of the younger men are getting married to take advantage of the draft deferment for married men."

But 1964 will never top the record of 106,447 licenses issued in 1946 when World War II ended and discharged veterans rushed home to the sweethearts who waited for them.

In the first seven months of 1964, the bureau issued 41,865 licenses, an increase of 2,078 over the same period in 1963.

A check of the applications shows that most licenses are being issued to 18-year-old girls

and 21-year-old men, the minimum age requirements for marriages without parental consent. Many licenses have been issued to girls under 18 and men under 21, but with parental consent.

Legally, licenses can be issued to girls as young as 14 and boys as young as 16 with court sanction.

Last year the applications showed that most licenses were issued to applicants from 21 to 23 years of age.

When Katz performs a wedding — he and his six deputies, besides judges and Mayor Robert F. Wagner, are the only non-clergy members authorized to perform weddings in New York City — he takes the couple to the city's wedding chapel, small but tastefully decorated, with a pot-pourri and stained glass window.

"When I take that couple I try to give the impression to the couple before me that they're the only two people in the world

who are getting married," Katz said. The ceremony takes five minutes, but Katz stretches it out as long as possible. Last year the city issued more licenses and expects to approach 80,000 by December 31. Only the states outside of New York issued more licenses in 1963. Pennsylvania issued 71,211; Illinois, 64,352; Texas, 57,676; California, 52,268; New York State issued 130,311.

"Nevada, which issued 11,220 doesn't count," said Katz. "It's a business there, what with all their divorces. Here it's something special."

## Tests Available

EDEN-HAZELTON, Oct. 3 — Kay Hill, guidance director at Valley high school, announced today that all 1964 graduates who wish to enter the 1965-66 National Merit Scholarship competition should register now at the school office.

Students who will complete secondary school in 1966 and enter college in the same calendar year are eligible for scholarship consideration in the 45-46 Merit Program. Merit scholarships are four-year awards, the extent of a winner's financial need determining the amount of his stipend.

(Third of a Series about Idaho Irrigation Development)

## What Happened at Dry Lake

In the winter of 1962, the Dry Lake tract of land south of Nampa was a vast expanse of barren, sagebrush covered desert. Today it is a heart-warming sweep of green, highly productive farm land — 20,000 acres of it this third crop year later — transformed by enterprising Idaho farmers and electric pumping from the Snake river, a lift of 500 feet.

This Idaho irrigation development is a significant accomplishment. It was the first major break-through for the area to lift river water profitably such a height. It has now been followed by a lift of 625 feet from the Snake river — at Sailor Creek near Glens Ferry — irrigat-

ing 4,000 acres in its first season, which is identical in acreage with the first year at Dry Lake.

These impressive projects, together with the many others using electric pump irrigation to achieve beneficial utilization of the Snake river and its tributaries, are examples of Idaho's orderly irrigation development paving the way for continued agricultural progress.

Idaho farmers and electric pumping have made more than a million acres productive in recent years with crops of sugar beets, potatoes and grain. The pace of development by individual enterprise is at the rate of 50,000 acres per year.

Because these acres are scattered throughout southern Idaho, few people realize their extent. The fact is: pump irrigation now serves an area of land three times the size of the Boise Valley.

This kind of progress can and will continue — without detriment to the agricultural economy and its existing investment.

BARKER CARNEY, HERE, IS  
 A KRAFE! — TEMPORARILY  
 WITHOUT WORK! HE SAYS WE  
 CAN USE THIS MERRY-60-  
 ROUND FOR BUILDING OUR  
 GIANT PIZZA! WE'LL REMOVE  
 THE ACCOUTREMENTS AND  
 — PRESTO! — THE CIRCULAR  
 BASE, COVERED WITH FOIL,  
 BECOMES A READY-  
 MADE TIN!

WE'LL NEED  
 A LOT OF  
 STUFF  
 PEPPERONI  
 SAUSAGE,  
 FLOUR,  
 SHORTENING,  
 SALT, TOMATO  
 SAUCE

I GOT A FRIEND,  
 LAFACIO SPUMONI,  
 IN THE IMPORTING  
 BUSINESS! HE'G  
 GOT TONS  
 OF WICH  
 STUFF!

IT'LL BE  
 40 FEET  
 ACROSS!

## Out Our Way

HAH! RUNNIN' AWAY AGAIN, EH? WELL TAKE THIS KEY WITH YOU! I'LL GETTIN' FED UP WITH BEIN' WAKEUPED DURING THE NIGHT TO LET YOU BACK IN! IT AIN'T FUNNY ANY MORE!

I'LL SAY IT AIN'T, NOT WITH 'TH' CHEWIN'-OUT YOU GAVE ME-THE LAST TIME I GOT YOU OUTA BED? I ALREADY GOT A KEY!

"What do you mean, it looks like a REAL baby?  
It is a REAL baby!"

It is a **REAL** baby.

L'L ADNER DEAR!!

THE OTHER ONE IS STILL OUT! THE DOCTOR IS PUTTING BACK THE LAST OF HIS TEETH RIGHT NOW!!

HE'S COMING TO!!

I WANNA H... YOU WAN YAH!

THE BEASTIES ARE IN MY HEAD NOW!! YOU PUT HIS TOOTH IN ME!!

HE'S TALKING NONSENSE!! STRAP HIM DOWN!!

I HAVE TWO HOUSE CALLS TO MAKE! I'LL BE BACK AT THE HOSPITAL IN A COUPLE OF HOURS!

PHONE NUMBERS WHERE I CAN BE REACHED?

YOU DOING THIS, MISS GALET? WHY ARE YOU TAKING CARE OF MY BROTHER?

NEEDED INTENSIVE NURSING CARE FOR THE NEXT TWENTY-FOUR HOURS... NO SPECIAL DUTY NURSES WERE AVAILABLE!

I'VE BEEN TOLD YOU CAN BE REACHED ANYTIME!

SHOULD YOU PUT YOURSELF OUT? MY BROTHER DOESN'T MEAN ANY THINGS TO YOU!

WELL, MR. SATELL, AND I'M A NURSE! IT'S MY JOB TO TAKE CARE OF THE SICK!

WELL, MR. SATELL, AND I'M A NURSE! IT'S MY JOB TO TAKE CARE OF THE SICK!

**Gasoline All**

It was right nice of the officer to write to a note. But I don't reckon it says?

I think it's a luvv-tation! He said he wanted you to appear in court!

Don't know as I'll go! Understand them affairs is kinda dressy!

Let 'er down, Bart!

Hang to Moore's!

Somethin' tell out from under the shack!

I declare! A' old tin box!

## Short Run

DID YOU HEAR THE NEW SENATORS SPEECH?

YUP

IS HE THE SILVER-TONGUED ORATOR THEY SAY?

I'M NOT SURE ABOUT THAT.

BUT HE DOES HAVE PLENTY OF GOLD IN HIS TEETH.

**Alley Oop**

WELL, THAT SOLVES TH' MYSTERY OF TH' TINY, 10,000 YEAR OL' MUMMY!

IT'S ABSOLUTELY INCONCEIVABLE!

HE WASN'T AN EARTHMAN AT ALL... JUST A GUY FROM OUTER SPACE, SOMEWHERE!

YEH...

...WHOM I REMODELED INTO A BLAST FROM TH' LIGHT PROJECTOR!

AW, DON'T FEEL BAD, OSCAR... YOU DIDN'T KNOCK 'EM OFF ALTOGETHER!

NO... ONLY ABOUT TWO-THIRDS OF THE WAY!

**Vic FLINT**

HI, LIE, WHAT'S NEW AND FRIGHTENING IN THE HEADLINES?

THEY STILL HAVEN'T CAUGHT UP WITH THAT GUNNER MAXIM FELLOW.

HOW ABOUT HIS PARTNER?  
ANY LEADS ON HIM?

AFTER NEARLY  
A WEEK,  
THE POLICE  
STILL WERE  
LOOKING  
FOR  
SUMNER  
MARM  
AND HIS  
UNKNOWN  
PARTNER  
WHO HAD  
ROBBED A  
JEWELRY  
STORE.

COULD BE LIBBY, BUT—

H'LO, FLINT, GOT A MINUTE?

SURE, FLINT—AND I'D TELL  
YA FOR NOTHING, BUT I AIN'T  
HAD A SQUARE MEAL IN A  
WEEK AND—

HERE'S TWO BUCKS, WARBLE, THEN GET OUT!

YEAH, SURE... IT'S ABOUT THAT BANCROFT JEWEL ROBBERY.

HERE'S TWO BUCKS, WARBLE, THEN GET OUT!

YEAH, SURE... IT'S ABOUT THAT BANCROFT JEWEL ROBBERY.

I GOT IT FROM THE GRAPEVINE THAT MAXIM STASHED TH' LOOT SOMEPLACE INSIDE WORA AMUSEMENT PARK TILL TH' HEAT'S OFF.

MY-UM, SOURCE  
ALSO TELLS ME THAT  
HE SHOT HIS PARTNER  
LATER AND DISPOSED  
OF THE BODY.

YOU JUST SANG GRAND OPERA, CANARY, BUT FOR TWO BUCKS YOU MUST HAVE AN ANGLE.

I HAVE, FLINT—THE INSURANCE COMPANY'S REWARD FOR FINDING THE ICE!

YOU JUST SANG GRAND OPERA, CANARY, BUT FOR TWO BUCKS YOU MUST HAVE AN ANGLE.

I HAVE, FLINT—THE INSURANCE COMPANY'S REWARD FOR FINDING THE ICE!

IT AMOUNTS TO 3,500 CLAMS. FIND THE ICE AND YOU'N ME'LL SPLIT THE PAYOFF DOWN TH' MIDDLE!

THE NOT BROS CHES & WAL

DID YOU SEE JACK SAORING THE CHURCH? I THINK IT WAS TERRIBLE!

WHAT DO YOU THINK YOU'RE UP TO?

T.M. Reg. U.S. Pat. & Off.

72 CENTS A DOZEN FOR THOSE EGGS? THAT'S 6 CENTS FOR EACH EGG.

YOU'RE FORGETTING THAT ONE OF 'EM WAS A FRAIGLE DANK! WORK FOR A HEN!

THESE SHAWLS ARE THE LATEST PATTERNS. THE COLORS ARE FAST! THEY'RE MOTH-PROOF! THEY DON'T SHRINK, AND A VERY GOOD YARN!

YES, AND YOU TELL ME REAL WIGGLES!

# BOOTS

SOUNDS GOOD, DUD!

ONLY MAYBE THE GIRLS WOULD LIKE US TO TAKE THEM SOMEWHERE BEFORE THE COOL WEATHER SETS IN!

DON'T YOU HAVE THE HAPPY THOUGHTS?

IF WE SET TO IT WE'VE GOT SOME EXCUSE...

OUR MINDS CAN THINK GOOD...

I DON'T THINK I FEEL RIGHT DOING THAT, DUD!

CMON BOOTS, WE'VE TEACH THOSE CONVINING MEN A THING OR TWO

DOESN'T RUGGLES NOW YOUR CONSCIENCE BUG IS BITTING AT ME?

WELL, MAYBE YOU'RE RIGHT, BOOTS!

BUT JUST IN CASE THEIR CONSCENCES START LOSING THE BATTLE WE'LL BE STANDING BY AS REINFORCEMENTS!

## BABE 'N' HORACE

WHAT ARE YOU DOING BACK HOME AGAIN?

I GOT TO THE BUS STOP AND REMEMBERED I HADN'T KISSED YOU GOODBYE, BABE!

IT WAS SWEET OF YOU TO COME ALL THE WAY BACK HOME JUST FOR THAT, DEAR!

UH... I'M BROKE, TOO-- CAN YOU LEND ME BUS FARE TILL I GET MY PEN TODAY?

THANKS TO PATRICIA LOVERY (AGE 11) NEWARK, N.J.

THANKS TO SHERRY PIERCE (AGE 11) DUNELON, FLORIDA

THANKS TO LINDA SALMON (AGE 12) PLAINFIELD, ILLINOIS

I WENT TO THE FOOTBALL FIELD AND CALLED WILLIS A DOZEN TIMES--AS USUAL HE PAID NO ATTENTION TO ME! LET'S EAT DINNER WITH HIM!

NOT THIS TIME! WHEN HE'S TOLD TO COME HOME HE'S COMING--I HAVE TO GO AFTER HIM MYSELF!

HI, MR. WILLIS! WATCH WILLIS HE'VE LONG SPIRAL!

WASN'T THAT A PIP MR. WILLIS?

OH, WHY DON'T THEY COME HOME? I'M LOSING AN APPETITE!

AND I'M LOSING MY PATIENCE! YOU'D BETTER GO AFTER THEM!

WILLIS SAYS YOU PLAYED FOOTBALL IN COLLEGE! HAVE YOU BEEN WORKING OUT WITH HIM ON PASSING?

WELL, WE TOSS A FEW NOW AND THEN!

I SAW YOU COMING! WHAT UNDER THE SUN?

IT ISN'T HOW YOU PLAY THE GAME, IT'S WHETHER YOU WIN OR LOSE, EH, MOM?

LET'S EAT!

A BACHELOR ALWAYS HAS MORE MONEY THAN A MARRIED MAN AND NEVER PAYS ALIMONY!

DAD, WHEN I GROW UP I'M GOING TO BE A BACHELOR!

WHAT DO YOU KNOW ABOUT BEING A BACHELOR?

THAT'S FUNNY! I'LL BET YOU CAN'T TELL ME WHAT ALIMONY IS!

ALIMONY IS SOMETHING DAVY CROCHETT FOUGHT FOR IN TEXAS AND LOST!

YOU'RE HOPELESS!
