Caldwell Man Dies After Gooding Crash

GOODING, Nov. 3 — Ray Wilcox, 71, Caldwell, died at 3:30 p.m. Monday at Gooding Memorial hospital of injuries received in a car-tractor accident about 11 a.m. Saturday one and one-fourth miles west of Gooding on highway 20-26. Deputy Sheriff Dal Muir said Mr. Wilcox died of multiple fractures received in the accident. Officers said he was traveling west in a 1963 Studebaker and attempted to pass a westbound Case 900 tractor being operated by Lloyd Liernan, who farms west of Gooding. Liernan was making a left-hand turn and Wilcox's vehicle hit the rear of the tractor. It was reported Mr. Wilcox was not thrown from his car, but apparently was thrown against the windshield.

Officers reported Liernan was not injured, although both the car and tractor were demolished.

The 26th traffic death in Magic Valley occurred Nov. 3 in Gooding county.

T. F. Police Judge Relieved of Duties

Twin Falls City Police Judge Dale Adamson was officially relieved of his duties at Monday night's meeting of the Twin Falls city commission and representatives of the Idaho department of highways presented a plan which will lead to reconstruction of state highway 74 south of Rock creek bridge. Adamson has been on a leave of absence since the appointment of Harry Turner as temporary judge. The move was taken to upgrade the position of police judge by naming an attorney to the position. "Only time will tell if the commission has made the right move," said commission chairman, Egon Kerner, who said the move appears to be working fine. The chairman added:

"The motion to relieve Adamson as police judge was made by Cal McIntyre and seconded by Frank Swann. It passed unanimously."

Adamson rose and addressed the commission. "The position has been upgraded," he quipped. "I've tried for years to get the commission to attend police court, so I guess I did accomplish my goal."

Adamson said he would be glad to be relieved of his duties. "I've tried for years to get the commission to attend police court, so I guess I did accomplish my goal."

American Voters Throng To Polls; Turnout Is Heavy, May Set Record

WASHINGTON, Nov. 3 (UPI)—American voters in record-smashing numbers today registered their choice for President between Lyndon B. Johnson and Barry M. Goldwater. Indications were that nearly 72 million ballots would be cast by poll closing. This would top the record 68.8 million votes cast in 1960. Reports from

First Voters

DIXVILLE NOTCH, N.H., Nov. 3 (AP)—The first persons to vote in the nation today picked Republican Barry Goldwater as their choice for president — all eight of them.

In 1960, this hamlet, all of whose voters are registered Republicans, gave nine votes to Richard M. Nixon.

This year, the arena's voters met in a hotel at midnight to cast their ballots. Also receiving all eight votes was John H. Hefner, Republican opponent of Democratic Gov. John McRae.

Dixville Notch, one of 25 unincorporated communities in New Hampshire, is in a White Mountain pass near the Canadian border. Only four families live here.

King Saud of Saudi Arabia

AMMAN, Jordan, Nov. 3 (AP)—Levish King Saud of Saudi Arabia was dethroned yesterday and his younger brother, Crown Prince Faisal, proclaimed monarch of the oil-rich desert kingdom, radio Mecca announced.

No reason was disclosed for the ouster of the free-spending Saud who had ruled Saudi Arabia in true feudal manner since 1932 on the death of his father.

But the 60-year-old Saud long has been accused of squandering millions of dollars from oil revenues for his own personal pleasures instead of improving the lot of his people. On the other hand, he was credited with austere life and initiated various reforms while serving as regent.

The heavy voting was not altogether an indication of pro-Johnson sentiment. For example, Alabama, a state considered to Goldwater by the Johnson forces before the election, appeared to be producing a heavier vote than it did four years ago. Some keen state and local races also contributed to the big turnout.

In Los Angeles county (Calif.), considered Goldwater country, 62 per cent of those registered voted in the first 30 minutes after the polls opened. This compared with three-tenths of one per cent at the first half-hour in 1960.

Indications of record balloting also came from such widely separated regions as Connecticut and Oklahoma, Texas and South Carolina.

In Alaska, S.G. the voters was so heavy that the Republican county chairman, Brad Hays, took it on himself to hire carpenters to build more voting booths.

Perce, a protégé of former President Dwight D. Eisenhower, has endorsed and supported GOP presidential candidate, Barry Goldwater, but has pointed to differences between him and the Arizona.

National interest in Arkansas stems from a fact that a Republican, Winthrop Rockefeller, 52, is given an outside chance to turn aside the bid of Democratic Gov. Orval Faubus, 54, for a sixth two-year term.

Faubus, who won his first term in 1954, has been governor almost as long as Rockefeller, brother of New York's Gov. Nelson A. Rockefeller, has lived in the state.

Perce, who has refused to endorse the national GOP ticket, voted in Rochester, meanwhile, and declined to reveal whether his ballot went to Miller and the Republican presidential nominee, Barry Goldwater.

Miller traveled about 12 miles to Olcott, north of this western New York city, to cast his vote in a fire station, after 60,000 miles of campaigning.

Keating, who had refused to endorse the national GOP ticket, voted in Rochester, meanwhile, and declined to reveal whether his ballot went to Miller and the Republican presidential nominee, Barry Goldwater.

Early Voting Heavy At Magic Valley Polls

Magic Valley voters took advantage of clear skies and sunshine Tuesday and went to the polls in unusually large numbers. A spot check of polling places in Twin Falls indicated that the vote was heavier than usual and that a steady stream of voters had made their way to the polls throughout the morning. At noon, precinct No. 10, Morningstar school, reported that election officials had been "really busy" during the morning and that an "almost 100 per cent vote" is expected before the polls close at 8 p.m.

Precinct No. 8, Lincoln school, reported that about 125 had voted.

Another Twin Falls precinct, No. 25, Robert Stuart junior high school, reported that about 120 out of more than 500 registered had voted by 7:30 a.m.

An unofficial report from precinct No. 25, Church of Christ, indicated that the vote was "as heavy as had been expected."

Johnson Is 'Key' to N.Y. Senate Race

ALBANY, N.Y., Nov. 3 (UPI)—The bitterly fought New York senate race between incumbent Kenneth E. Keating and Robert F. Kennedy will be decided today and President Johnson's strength is the "key" to the outcome.

The Keating-Kennedy battle has overshadowed the presidential contest in New York where Johnson is an odds-on favorite to win the state's 40 electoral votes.

The polls opened at 8 a. m. and more than seven million are expected to vote before the booths close at 9 p. m.

State GOP leaders have written-off New York in the White House fight. They believe Keating can be defeated by a plurality is held to a million or less. Democrats, however, predict the President's margin will be greater than Dwight D. Eisenhower's 14 million in 1952.

Pollsters predicting a landslide victory for the Johnson-Kennedy ticket gave Kennedy the edge in the senate struggle but coupled their forecasts with a heavy warning that the length of the presidential race, which has been a heavy burden on voters splitting their tickets.

The New York senate fight has attracted national interest and is second only to the Johnson-Goldwater contest because the outcome could have heavy impact on the political futures of some of the top leaders of both parties.

A Gooding precinct had a steady stream of voters since the polls opened and by mid-morning 68 ballots had been cast. Another Gooding precinct reported 80 persons had voted by 9:30 a.m., considerably more than the usual number.

Heavy balloting also was reported in Minidoka county, with election officials in the precincts in Washington school. Civic buildings and the armory building in Rupert indicated a larger-than-usual turnout.

At school and the courthouse polling places reported a lighter turnout, but this was credited to the large number of absentee ballots.

Idahoans Swarm to Vote, Record Expected

By The Associated Press
Idahoans thronged front of polling places today when they opened at 8 a.m. today and reported that the turnout was heavier than in any previous election.

The state's most populous county, Ada, Recorder Clarence Plimling was predicting a vote of more than 45,000, compared with 44,720 in the record-setting 1960 election. Absentee voting set a record of 5,880. The previous high was 5,327.

Watch Out for Illogical Opinions, False Clinches

By The Reading Laboratory, Inc.

Written for Newspaper Enterprise Association

Time your reading of this column and compare your speed with that indicated at the end. The expected speed assumes a daily five per cent improvement.

Since the beginning of time people have been saying things like: "Every man has a right to his own opinion." The everlasting mother-in-law has wailed: "Some father, he'll make me drive a nail." And there has always been a teacher to say, "This school has had nothing but trouble since your Algonquin enrolled."

If these statements are as old as the hills, let us venerate their age, not their logic.

Generally, the man who defends every man's right to his opinion has never had one. He owns a pet collection of clichés, some inherited biases and a home-grown thickheadedness. An opinion is a conclusion you reach after a fair study of evidence FOR and evidence AGAINST. So what our friend is really saying is: "Every man has a right to his own whatever comes into his head." The fallacy is trying to palm this off as opinion.

The worried mother-in-law sets out to prove that her non-in-law will make a poor father. She does make a good point: he is an awful carpenter. But she doesn't prove the point she is trying to make.

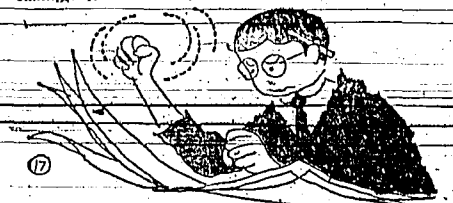

Poor Algonquin came before all the school trouble. Everyone knows that a cause always comes before an effect, but you can't say that everything that precedes the effect is its cause. It's like saying in a political essay: "There was no dope traffic in this town till Mayor Allgood took office," or "We never had a tornado here until coffee-vending machines were introduced."

Try this one out. You hear it every day in the week. "Every man has a right to a living wage." Does he? Think again. Shouldn't that statement be "every man has a right TO EARN a living wage" or "Every FULLY EMPLOYED man has a right to a living wage."

Here's a real beauty. "This is a free country, so I have a right to do what I darn well please." The teacher in the first grade tried to get through to this fellow when he raised his hand to ask, "Can I leave the room?" The teacher said what they all say: "You can, but you may not." The teacher was trying to get across the difference between ABILITY and RIGHT. Now you have to straighten out your friend and tell him that, free country or not, he is ABLE to do what he darn well pleases; he has a RIGHT to do only what the law, morals and convention darn well please.

In all such statements (and they will appear in the most respectable writing with somewhat more sophistication), ask yourself two questions: What does he say he's proving? What is he really proving?

There are other everyday gems of illogic that few ever detect. Let's try more. "This paper is losing patience with those doctors who oppose water fluoridation in the face of the testimony of so many experts." Looks harmless, but it's what is called the "vicious circle." In calling some men "experts" the writer is ASSUMING

the good of fluoridation—because they are not experts. If fluoridation is not all they say it is, the writer is assuming as proved exactly what he's trying to prove.

Somewhat along the same line, but a different fallacy, is the pretty codd who reinforces her case against capital punishment by quoting Marlon Brando and Steve Allen. She would be just as logical if she asked Dr. Albert Schweitzer to make the final selection of this year's top 10 pop tunes; Schweitzer is as much of a pop cat as Brando is a criminologist. No man is an authority once he leaves his field.

In critical reading learn to examine and question general statements, especially the sacred cows most people utter.

Youth, 16, Plays Football With Two Artificial Legs

BARRACKVILLE, W. Va., Nov. 3 (AP)—Jack Rice is an average teen-ager except for one thing—he plays football with artificial legs.

Jack, 16, lost his legs just below the knees seven years ago when he was run over by a Gulf Mobile and Ohio railroad freight train near Milwood, W. Va. Despite that, he has been a regular on the Barrackville high school football team for three seasons.

A circuit court jury in Chicago awarded Jack \$115,000 yesterday in a personal-injury suit against the railroad.

Jack moved with his family to this northern West Virginia coal-mining community three years ago. He is the son of Mr. and Mrs. George Rice, who also have five daughters.

After the accident, doctors fitted Jack with a plastic sleeve just below each knee, over the remaining part of the lower leg, and joined it with an artificial rubber foot.

Each limb has only one joint, at the arch of the foot. The artificial limbs are lined with rubber socks. Regular size eighth shoes fit over the artificial feet.

captain, Robert F. Tidd, right. Prudential joined a list of life insurance companies with 100 per cent participation of Twin Falls company employees for United Fund donations. (Times-News photo)

"They don't bother me a bit," Jack says. "I'm just not quite as fast as some of the other guys."

Jack said when he first tried out for the team, "I heard people say a few times that I couldn't play."

"But I didn't pay any attention—I didn't care what they said."

"All my life I've wanted to play football."

Jack started as a defensive guard but now is a linebacker.

Coach Nathan Creswell says Jack is a "hard-nosed, smart player, extremely popular with his teammates."

An A. B. student, he hopes to attend college next year and take a pre-medical course.

CAB Tells What Caused Plane Crash

WASHINGTON, Nov. 3 (AP) — A passenger deeply in debt and insured for \$105,000 pumped bullets into the two pilots of an airplane during a flight last May, the civil aeronautics board said today. The plane crashed into a low California hill, killing 44 persons.

As the Pacific Air Lines plane was going down, a high-pitched voice cried into its radio system: "Guys, shoot! We're down! I was tryin' to help!"

The somewhat garbled message, recorded on tape and made public earlier, was the last word from the plane before it crashed and exploded.

In reporting today on its investigation of the tragedy, the CAB said that its crash experts, working with the federal bureau of investigation, had concluded that the probable cause of the May 7 crash was "the shooting of the captain and the first officer by a passenger."

Francisco Gonzalez, 27, was a native of the Philippines who was working for a San Francisco department store. Along with his 40 fellow passengers and three crew members, he died in the crash near San Ramon, only 21 miles from the Oakland airport. The plane was bound from Reno to San Francisco.

The CAB said Gonzalez bought a revolver and ammunition on the evening of May 6, showed the gun to numerous friends, told one of them he intended to shoot himself, told others he would die May 6 or 7. It also said he bought insurance policies at the airport. Their total: \$105,000.

Last Aug. 6 a new rule went into effect requiring that the door separating the passenger cabin from the crew cabin on all scheduled airlines be kept locked during flight.

Narcotics Traffic Rises In Chicago

CHICAGO, Nov. 3 (AP) — Narcotics trafficking among teenagers, long a nationwide problem, is getting out of hand in the Chicago area, a police official said today.

Teen-agers from all social and economic levels, but predominantly Caucasian, are using "bennies and Christmas trees" for kicks, Lt. Col. Cornelius Casey said in an interview.

Casey, commander of the narcotics section, said amphetamine sulfate "pop pills," bennies, and brightly colored, barbiturate capsules—Christmas trees—are sold by and to teen-agers, for 10 to 25 cents per pill.

Doctors prescribe amphetamines as stimulants and appetite stimulants, and barbiturates as tranquilizers and sleep inducers. Casey cited two recent cases.

One involved a 22-year-old man who attacked three policemen, hauling two down a flight of steps. He admitted using pills.

The other concerned a 20-year-old girl who said she walked the streets to support an amphetamine habit started by her sister and brother-in-law, who sold her pills once her habit was formed.

Casey said his unit makes 800 narcotic arrests per year in the 17-to 20 age group and that "a good portion" involve victims of pills.

"You can't tell what the teen-age user is likely to do," Casey said. "They take three or four at a time, and they take them only for one reason—to get high."

Casey said barbiturates are more dangerous to the user because an overdose can kill. Casey said the danger of amphetamines is that they produce aggressive, antisocial behavior.

Casey said the drugs are too easy to obtain, and claimed some pharmacists sell pills without prescriptions.

Lassoed

LOS ANGELES, Nov. 3 (AP) — Rope-trick artist Monte Montana, cruising along the San Diego freeway yesterday, came across a wild deer loose on the highway.

Also at the scene was Ernest E. Wolfe, who said, "Out of this Cadillac pulling a horse trailer stepped this guy and dressed up in a Western costume with lasso in his hand. Boy, was I surprised."

The deer, too, was surprised. Montana, amazed, it quickly and hustled it off the highway.

CATHO CALLS ON REDS. HAVANA, Nov. 3 (AP) — Minister Fidel Castro has called on his fellow communists in the Cuban government to study capitalism to learn how to end war.

In the Bishop's company's presentation of highlights from Shaw's masterpiece, "Saint Joan," the Maid hears voices speaking to her in the Angelus bells that come across the countryside of Lorraine, France. The company, the only full time touring repertoire group of its kind in the world, will present the show drama at 8 p.m., Nov. 9, at the Jerome Christian church.

Bishop's Company to Give Drama at Jerome Church

JEROME, Nov. 3 (AP) — George Bernard Shaw's "Saint Joan," a significant and important drama, will be given by the Bishop's company at the Jerome Christian church at 8 p.m., Nov. 9. Reports the Rev. Ralph Pethergill, Methodist pastor.

The Bishop's company, internationally known touring group, has presented over 6,000 productions in a 12 year touring record of 22 national tours covering over a million miles. Their presentation of "Saint Joan" will demonstrate the versatility of the company, which was founded in 1932 by Phyllis Headley Baker.

The company, first reported group of its kind in the world, presents this play by Shaw, considered by many to be the finest of the several plays about Joan of Arc. It begins with Joan's life as a simple girl who heard God's commands through her voices, giving her complete faith and purpose.

Staged by the Bishop's company, "Saint Joan" finds heightened meaning in its new and vital form, a masterpiece of the actor's excitement that seems, if possible, more significant today than when it first appeared, according to the Rev. Mr. Pethergill.

The Bishop's company presentation reveals the essence of the 10-year-old girl herself, depicting her scenes with Joan and the men who had a key part in her road to total fulfillment.

The Bishop's company will present "Saint Joan" under the sponsorship of the Jerome Methodist, Presbyterian, and Christian churches.

Utahn Dies in Tractor Accident. MAGNNA, Utah, Nov. 3 (AP) — Harold E. Harding, 40, Magnna, was fatally injured yesterday afternoon when a tractor he was driving veered out of control and rolled 65 feet along 34th street west.

Harding was pronounced dead of chest injuries at Salt Lake General hospital three hours later.

Deputy Dan Pfeiffer said Harding's tractor had a fatal dis- covered jammed between a rear wheel and the frame of the tractor. The body lay some 20 feet from where the tractor came to rest.

He was hunting deer in the Ryana gulch area, about 60 miles southwest of Meeker, with his 17-year-old son and a neighbor.

Driver Cited. NORLEY, Nov. 3 (AP) — Richard D. Blawie, 27, 911 Eastland drive, Twin Falls, was cited for drunk driving, after the 1955 Chevrolet he was driving turned over in a borrow pit at 12:30 a.m. Sunday one mile west of Burley on highway 30.

According to the investigating Idaho state police officer, Blawie had attempted to turn the vehicle into a cave when it started skidding into a borrow pit and rolled over.

Damage was estimated at \$150 to the vehicle. No injuries were reported.

Nurses Plan Workshop Here Nov. 6

The second in a series of workshops sponsored by the Idaho State Nurses association, district No. 1, in conjunction with participation attending the Western Interstate Commission for Higher Education, will be held Nov. 6 and 7 at Magic Valley Memorial hospital auditorium. Registration will begin at 8:15 a.m.

The day's activities include "The Nurse's Image of the Nurse," by Eileen Oranbolt, director of nursing at the State Tuberculosis hospital, Gooding; "The Patient's Image of a Nurse," by Glenn Mavensamp, director of nursing at Gooding Memorial hospital and "The Limitations of Tradition," by Gene Van Sant, associate professor of nursing, University of Utah, who is the consultant for the workshop.

A film, "Myocardial Infarction," will be shown and used as a teaching tool and a panel, "This Kind of Nurse I Like," which includes a doctor, a patient, a nurse and a ward clerk will give insight into better nurse-patient relationship.

The workshop is open to registered nurses only.

PLANE HAS TROUBLE

TAIPEI, Formosa, Nov. 3 (AP) — A U.S. cargo plane from the Philippines with two pilots aboard developed engine trouble yesterday and the pilots ditched it in the Formosa Strait about 15 miles south of the Pescadore Islands.

Explosion Rocks Ship, One Is Killed

ST. JOHN, N.B., Nov. 3 (AP)—An explosion and fire ripped the Royal Canadian Navy's transport ship HMCS Bonaventure tonight, killing one man and sending four others to a hospital.

A spokesman for St. John Shipbuilding and Dry Dock company said the dead and injured were dry dock workers and not navy personnel.

The blast occurred in a refrigeration unit aboard the giant carrier, which has been here for repairs following its return from duty on Cyprus.

More than 200 men were on the ship when the blast occurred. The ship was carrying 1,000 tons of food and other supplies for the United Nations peace-keeping operations there.

Sickness Hits 3 Soldiers At Ft. Ord

FT. ORD, Calif., Nov. 3 (AP)—Three soldiers at Fort Ord, Calif., have been stricken with meningitis at this training center, the army reported yesterday.

The new cases brought to a total of 20 the number of persons stricken with meningitis this year at the base or as a result of having been at the base—puzzling persons, including one civilian, have died from the disease.

Two of the latest victims were reported in serious condition. They are Pvt. Richard J. Weigel, 21, son of Mr. and Mrs. John A. Weigel, Pomona, Calif., who was in his seventh week of basic training, and Pvt. Frank W. Cooper, son of Mr. and Mrs. W. Cooper, Malmstrom air force base, Mont., in his third week of basic.

The third victim, Pvt. David R. Johnson, 10, son of Mrs. Anna Johnson, San Francisco, who was in his first week of advanced infantry training, was reported in better condition with a less serious type of meningitis.

All three soldiers were admitted to the post hospital during the week-end.

Early last month, under mounting public demand to quarantine the base, the army ordered suspension of unit training at Ft. Ord for the month of November. Several cases have occurred since the army order.

The post also directed that reservists assigned to duty at Ft. Ord should wear masks and avoid contact with the base at the time of the order.

They said they could receive no visitors except their parents and that they would have to wear masks and avoid contact with the base. Instead, they proceeded with advanced training.

In addition, army medical authorities recently began using a special drug to select volunteers in an effort to prevent further outbreaks of meningitis.

Planes Drop Leaflets on Two Islands

KUALA LUMPUR, Malaysia, Nov. 3 (AP)—Malaysian forces dropped thousands of leaflets on two Indonesian invasion bases yesterday, urging Indonesian troops to defy President Sukarno's orders to "cease hostilities."

A government statement said the leaflets were dropped on the islands of Bangkalis and Kurimoon off the east coast of the Indonesian island of Sumatra, across the Malacca strait from Malaysia.

Recent Indonesian invasion attempts by Indonesian paratroopers and guerrillas were reported by Malaysian government officials to have originated in Bangkalis and Kurimoon.

Sukarno was in North Korea where he was reported to have been a subject of a campaign to crush the Malaysian federation. The official North Korean news agency monitored in Tokyo, said Sukarno was saying Indonesia would host a conference of the "new emerging forces" soon.

Sukarno was scheduled to leave North Korea today for Shanghai and conferences with communist Chinese officials.

Former Valley Citizens Finish Air Force Study

Two former Valley residents have been graduated from air force training courses.

News Around Idaho

RAIMON, Nov. 3 (AP)—Griffin Williams, Lemhi county, yesterday was investigating the theft of \$500 in cash and checks from the Crescent club early Sunday morning.

Williams, who started the investigation, said the theft occurred between 3 and 4 a.m. The total included \$1,000 in checks and about \$500 in cash. The sheriff said there was no evidence of forced entry and that either the clerk or a key used for entry was used.

The combination of the safe was apparently known. The club is operated by Lee Peterson and Marvin Barrett. Barrett said the club kept large amounts of money on hand to use in cashing checks for customers.

BOISE, Nov. 3 (AP)—Spectators have had widely varying success in bagging ducks and geese since the waterfowl season opened Oct. 10, the Idaho fish and game department said today.

The agency said hunters reported that in general, opening day and the following Sunday provided good hunting. Since then, hunters have been extremely disappointed. The department said, however, that the best hunting is in the lower Snake river valley and along the lower Snake river.

IDAHO FALLS, Nov. 3 (AP)—Undercutters of battle in what could be a price war among gasoline dealers in Idaho Falls yesterday called for major price reductions with many service station operators hitting a sharp reduction in price. Most service stations connected with national distributors were charging 33.9 and 37.9 cents per gallon for regular and premium gasoline, respectively. Independent operators were charging between 28.9 and 31.9 cents per gallon for regular gasoline, and about four cents higher for premium gasoline. One service station operator said he looks for a "real drop in the next few days" in prices. He said that dealers connected with national organizations were expected to follow examples of "independent" dealers in lowering prices. He also blamed a gasoline business slump for the "war." Two years ago, a brief price battle took place in the fall.

BOISE, Nov. 3 (AP)—The Idaho board of health will go over proposed health legislation to be presented to the 1965 legislature during its quarterly meeting scheduled for Thursday and Friday, Nov. 4-5, at the Idaho state capitol.

The board is considering the state's mental retardation planning program, water pollution control, and proposed domestic water supply regulations are also on the agenda. Action is also scheduled on recommendations formulated by the Idaho hospital advisory council at its meeting in Boise last month.

IDAHO FALLS, Nov. 3 (AP)—Lewis Wyatt, discharged Idaho Falls zoo-keeper, through his attorney, has filed a petition seeking a hearing before local civil service commissioners asking city officials to justify the firing by demonstration of cause. The hearing is the first in the city's history, possibly in Idaho, that involves a municipal employee outside police or fire departments. Wyatt was notified of his discharge effective Oct. 15 in mid-September. The city council 10 days ago upheld the firing and ordered Wyatt to vacate a city-owned residence included as part of the salary. City and recreation director, Cranner, in firing Wyatt, said he was incompetent in handling the duties of zoo-keeper.

BLACKFOOT, Nov. 3 (AP)—Bingham county authorities planned to conduct an air search for the exhaust pipe of a car in which a missing 16-year-old girl was last seen. Susan Hansen, a junior at Blackfoot high school, was reported missing Thursday when she failed to return home from a grocery shopping trip. An extensive search of the area Sunday failed to turn up any clues to her whereabouts. The search of the area Sunday was ordered by Ernest Cranner, city and recreation director. Cranner, in firing Wyatt, said he was incompetent in handling the duties of zoo-keeper.

Sgt. AWOL

Loses Battle With Cancer

FAIRBANKS, Alaska, Nov. 3 (AP)—Sgt. AWOL, native of Kori and veteran of three years of war, is dead.

To an outsider, she was just a dog named AWOL. But she was a lot more than a mutt to the men of Company B, Fourth Battalion, Ninth Infantry Regiment, and the entire company turned out for the military funeral during the week-end.

AWOL wandered into the lines of the Ninth Infantry in Korea in 1950. The GIs brought her back to Ft. Lewis, Wash., in 1954. She got a taste of fame there when she played a supporting role in the Abbie Hoffman story, "To Hell and Back."

In 1956, she came to Ft. Wainwright, near Fairbanks. With her buddies, she worked her way up to a commission as a lieutenant and only to be busted in a court martial because she was "unladylike" during a court-martial.

AWOL, who reared 140 offspring in her 17 years, became ill several weeks ago. Infantrymen nursed her. Veterinarians were called in. But it was of no avail. AWOL had cancer.

Parade at Kimberly Draws Crowd

KIMBERLY, Nov. 3 (AP)—Large crowds viewed the fallowen parade and harvest festival Saturday in Kimberly.

Pleasant fall weather enticed many youngsters to join in the parade. Approximately 200 children, sponsored by the local Kiwanis Club, were under the direction of the Rev. Earl Fisher, assisted by Mrs. Jane McElroy and Mrs. Shirley White.

The parade was led by parade marshal, Sheriff James Bonham, followed by the Kimberly high school drill team. Approximately 200 children, sponsored by the local Kiwanis Club, were under the direction of the Rev. Earl Fisher, assisted by Mrs. Jane McElroy and Mrs. Shirley White.

YOUR BIRTHDAY and HOROSCOPE

TUESDAY, NOV. 3—Birth today, you have the spirit of adventure in your mind's eye. One of those for whom nothing in nature exists either without purpose or without beauty and vibrancy. You probably will not rest until you have seen and expressed your appreciation for most of what the world has to offer.

Despite all this, you are not at all a "nature boy" or a "nature girl." You have complexities of mind and spirit that could never be satisfied by a simple nature, and your potential sophistication is entirely out of the question for a true child of nature. Indeed, you have a free choice of life or country. You could be happy in either.

Because you have a need for variety, it is to be hoped that the male you select will, likewise, be a lover of the new and different. Because great energy will be required of the one who elects to share a life with you, it is even more fervently to be hoped that you will choose a mate of great stamina and vitality.

Among those born on this date are: William Cullen Bryant, American poet; Vilhelm Steffanson, Arctic explorer; King Leopold of Belgium.

"To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide."

Wednesday, Nov. 4

SCORPIO (Oct. 24-Nov. 22)—Be mild of manner and actively and should survive the thick of the day's battles without a scratch.

SAGITTARIUS (Nov. 23-Dec. 22)—Satisfy your curiosity as far as possible—but take care not to appear a busybody to those who might resent your nosiness.

CAPRICORN (Dec. 23-Jan. 20)—Avoid taking your neighbors' complaints too seriously; they may merely be testing your reaction. Remain friendly and tolerant.

AQUARIUS (Jan. 21-Feb. 19)

TAURUS (April 21-May 21)—A day when reality and the obvious reason to the Taurus who is in a receptive frame of mind. Learn from the experience of others.

GEMINI (May 22-June 21)—If you are ever to believe you will have to rise early, work late today. Take your responsibilities to heart.

CANCER (June 22-July 23)—A day for employing only conventional powers to gain your "odd-ball" techniques will probably backfire.

LEO (July 24-Aug. 23)—Don't insist on your own terms; take a look at somebody else's and you may be surprised by what you see that's new.

VIRGO (Aug. 24-Sept. 23)—Let friends forestall boredom as they will; you know best the value of a good turn. Show your willingness to cooperate.

LIBRA (Sept. 24-Oct. 23)—Take a few minutes to do your co-worker a good turn. Show your willingness to cooperate.

TV TODAY

TUESDAY, NOV. 3

All three networks abandon their regular scheduled programs tonight and are slated to start covering the '64 election at 8 p.m., although they may begin earlier if any significant breaking trends develop. The networks are expected to stay on the air until major races have been decided. Here's a brief rundown of activities on each of the networks:

NBC: KUTV, KTVB, KIFI

Chet Huntley and David Brinkley are in charge of NBC's team. Computer projections and voting trends in the major contests will be reported by John Chancellor, with Frank McGee handling congressional races and Edwin Newman reporting on gubernatorial action.

CBS: KRL, KID, KBOI, KMYT

Walter Cronkite heads CBS' coverage tonight. Besides reports on various races by Harry Reasoner, Roger Mudd, Robert Trout, Mike Wallace, Eric Sevareid and Martin Agronsky, there will be telecasts from party and candidate headquarters.

ABC: KCXK

This network's coverage of the election will be directed by Howard K. Smith and Edward P. Morgan. Helping out as consultants will be Sen. Sam J. Ervin, Jr., D., N.C., former Ambassador Charles Book, and former White House aide Arthur M. Schlesinger, Jr.

Beauty Hint

Margaret Merrill advises that it is quite simple for every woman to promote an English country-style complexion. Her hint is to gain a peachy-and-cream complexion by using a cloth with cold water from your refrigerator and press it over your face for a few minutes once or twice a day. Then, to hold the good of the complexion, use a cold water smooth on a little tropical oil of olay. Think oil is rather scarce and expensive but your drug store should be able to get you a small supply.

Local Ceremony

Julie Ann Staples, daughter of Mr. and Mrs. T. R. Staples, Twin Falls, and Timothy W. Nitzel, son of Mr. and Mrs. Dale Nitzel, Bloomington, Ill., were united in marriage Oct. 24 at the LDS temple in Twin Falls. The presence of the immediate family, Elder Lane Staples offered the prayer.

The double ring ceremony was performed by Elder Joe Saltsburg, first counselor to the seventh ward bishopric.

The Relief society room was decorated with a basket of large white chrysanthemums accented with a red bow.

The bride, given in marriage by her father, wore a winter-white knit sheath dress accented with a corsage of red roses.

The bride's mother chose an aqua two-piece dress of wool mod with black accessories. The bridegroom's mother wore a blue crepe dress with a white blue jacket with black accessories.

Following the ceremony, a dinner was held at Koto's cafe dining room. The table was decorated with pink roses and topped with a miniature bride and bridegroom.

The bride was graduated from Twin Falls high school in 1962. She is a graduate of Bloomington high school, and is serving with the air force stationed at Mountain Home air force base.

The couple will reside in Boise.

Double Ring Wedding Rites Unite Couple

A candlelight ceremony solemnized Sept. 8 at St. John's Lutheran church united in marriage Beverly Ann Burgelester, daughter of Mr. and Mrs. Louis Burgelester, American Falls, and David Lee Nelson, son of Mr. and Mrs. A. P. Nelson, Twin Falls.

The Rev. Floyd Vokors performed the double ring ceremony in a setting of cathedral baskets of orange gladioli, cream and bronze-colored lily-of-the-valleys, autumn ribbon, matching altar bouquets and tall, tapered candles.

Entering the chapel on the arm of her father, the bride wore a floor-length gown of peach-colored tulle with a white lace-trimmed and a chapel train. The bodice featured a round neckline and long tapered sleeves. The bodice and skirt were accented with lace appliques.

Her veil of bridal illusion was held by a nylon organza rose embellished by a soft bow and pearlized lilies of the valley. She carried a cascade bouquet of feathered tangerine-colored carnations, ivory and cymbidium orchids.

Mrs. Tony Burgelester, sister-in-law of the bride, was matron of honor. Bridesmaids were Mrs. Gary Elver and Mrs. Doreen Hall.

They were identically attired in moss green floor-length satin gowns accented with white lace-trimmed sleeves. They carried white bouquets of cream- and bronze-colored lily-of-the-valleys, bronze pompons, wheat straw, flowers, and grapes tied with moss green ribbon.

Flower girl, Mary Kay Nelson, sister of the bridegroom, wore a floor-length dress of gold-colored satin and carried a basket of natural straw filled with bronze-colored pompons, straw flowers, fuzzy chrysanthemums and grapefruit chrysanthemums and grapes.

Stanley Allaberry, cousin of the bride, was ringbearer. He carried the rings on a heart-shaped satin pillow. Chamberlain, brother of the bride, and Andy Nelson, brother of the bridegroom, were ushers.

Scott Nelson, brother of the bridegroom, was best man. Ushers were Tony Burgelester and Kenny Burgelester, brother of the bride, and Donnie Escam, Oakland, Calif.

Traditional wedding music was played by Mrs. Arthur Adolf. Vocal duets were sung by Mrs. Otto Tiede and Philip Vokors.

The bride's mother wore a shimmering dress of brown lace over beige taffeta with brown accessories and a corsage of orange gladioli with jeweled trim. The bridegroom's mother chose a dress of blue silk and wore a corsage of cream-colored gladioli.

Mrs. William Liens provided background organ music for the reception held at the home of the bride.

The bride's table was covered with gold-colored satin and white tulle. The table was accented with orange gladioli, bronze-colored pompons and green grapes.

A four-tiered wedding cake centered the table and was flanked by silver candelabra carrying white candles. The cake was decorated with orange gladioli, bronze-colored pompons, tangerine-colored lily-of-the-valleys, and white and orange ribbons.

After coffee service and crystal punch bowl were used on the bride's table. The cake was baked, decorated and cut by Mrs. Verna Schutte, Esther Burgelester, aunt of the bride, assisted in serving the cake. Punch and coffee were served by Mrs. Lynn Hartley, aunt of the bridegroom, and Mrs. Scott Nelson, sister-in-law of the bridegroom. Also assisting with serving was Mrs. Larry Allaberry, aunt of the bride.

William Liens was master of ceremonies for the program.

For traveling, Mrs. Nelson chose a two-piece all-weather suit with moss green accessories. Cymbidium orchids from the bride's bouquet were used for her corsage.

The bride attended Pacific Lutheran university for two years before transferring to Idaho State university where she was graduated in elementary education.

The bridegroom is a graduate of the Idaho State university college of pharmacy.

The couple will reside in Twin Falls for one month before leaving for the Brooks Army Medical Center, San Antonio, Tex. Upon completion of nine weeks basic training, Second Lieut. Nelson will be assigned to William Beaumont General Hospital, El Paso, Tex., where the couple will reside for two years.

Notre Dame Takes Over Lead in Top Ten Poll, Buckeyes Drop to Second

By the Associated Press

Notre Dame, assured of its first winning season since 1958, stormed to the top of the Associated Press major college football poll today, gaining a narrow margin over Ohio State, leader for the previous two weeks. The revitalized Irish, unbeaten in six games, drew 29 of 48 first-place votes and 160 points in the weekly poll of sportswriters and sportsmen.

The Buckeyes, also 6-0, received 11 votes for the top spot and 424 points over all.

Notre Dame moved to the front with a surprisingly easy 40-0 triumph over Navy last Saturday. At the same time, Ohio State had trouble outlasting Iowa 21-19.

The next four teams in last week's rankings held their positions—Alabama, third, Arkansas fourth, Nebraska fifth and Texas as sixth. Oregon, No. 7 last week, dropped from the top 10 as a result of its 10-8 loss to Stanford.

The Irish have four games to go in their bid for their first unbeaten season since 1953 and their first unbeaten, unless they lose the national championship, since 1949 when they last won the national championship.

Life under Coach Ara Parseghian after an extended period of mediocrity, Notre Dame has won six games for the first time since 1958 when its final record was 4-7. The Irish will try to make it their seventh victory this Saturday at Pittsburgh, Michigan State, Iowa and Southern California follow on the schedule.

The Irish have moved to the head of the national major college teams behind the record-breaking passing combination of quarterback John Huarte and end Jack Snow, neither of whom is anything outstanding last season.

"The ability was there, of course," said Parseghian, "but they never were able to distinguish themselves."

The Irish have finished in the top 10 five times since 1949. They wound up second with a 9-0-1 record in 1953 after holding the No. 1 spot until the last week of the season. Maryland, 10-0, won the title that year.

If both Notre Dame and Ohio State remain undefeated the rest of the way, the Buckeyes will have trouble regaining the lead, particularly because they play only three home games.

Alabama, Arkansas and Nebraska also are without a loss. Each won its seventh game Saturday. Alabama whipped Mississippi State 28-0. Arkansas blanked Texas A and M 17-0 and Nebraska downing Missouri 9-0.

Texas also recorded a shutout, 7-0, over Southern Methodist.

Georgia Tech knocked off previously undefeated Duke 21-8. Stanford stopped Auburn 14-0. Purdue beat Illinois 20-14.

Wittenberg Is Top Small College Pick

By The Associated Press

The Wittenberg Tigers chalked up an overwhelming plurality in this week's Associated Press small college football poll. On the strength of their 40-7 conquest of Ohio Wesleyan.

The Springfield, Ohio, team, unbeaten in seven games, collected 12 first place votes and 129 points in the polling by a regional panel of 16 writers and broadcasters.

Prarie View of Texas was second with 104 points followed by Florida A and M with 102.

Although there were no changes among the first three, there was considerable shifting of positions in the remainder of the top ten.

Louisiana Tech, tied for fifth place, rushed up to grab fourth place after beating Tennessee Tech 25-6. San Diego State moved up two notches to fifth, trouncing Fresno State 44-6 for a 3-1 record.

Los Angeles State, Texas A and M, Minnesota Concordia, Arkansas State and Massachusetts round out the list.

CBS Officially Controls Yanks

KANSAS CITY, Nov. 3 (AP)—The Kansas City Chiefs placed veteran running back Jack Spikes on waivers Monday, trimming their roster to 33 players.

He will be a free agent unless claimed by an American Football league team within 48 hours.

Stanford's Ray Handley, one of the nation's leading ground gainers, has been named "back of the week" by the Pacific Athletic conference for his performance in the Indians' upset, 40-9, over Oregon last Saturday.

The fleet-footed junior carried the football 31 times for Stanford against the Ducks, and rolled up 113 yards.

Handley scored Stanford's only touchdown, bulging his way into the end zone from five yards out in the third quarter. He supplied most of the power in the 30-yard touchdown drive in nine plays, all on the ground.

Handley's rushing leader all year, added 113 yards against Oregon for a 686-yard total and a 5.3 average.

Cal's Tom Blanchfield, the 1963 scoring champ, pulled closer to current leader Mike Garrett of USC, by kicking three conversions against UCLA to make it a 66 to 59-point margin.

Morton's 100-yard dash was clocked at 16.8 seconds. He had 35 receptions for 255 yards and two touchdowns.

Dave Lewis of Stanford leads punters for the second straight week with a 42.9 yard average on 21 punts.

Berry, now holder of the AAW record for touchdowns passed in a career, upped his total Saturday to 38 with a toss against Washington.

Morton's "Morton" test run by one. Both have surpassed Don McArthur's old mark of 33.

The operation was recommended by physicians at Loma-Loma hospital, where Ford underwent examination of his shoulder. He was released Monday.

NEW YORK, Nov. 3 (AP)—Pittsburgh's Willie Ford of the New York Yankees will undergo a shoulder operation Monday at St. Luke's hospital in Houston, Tex., the club announced.

The operation was recommended by physicians at Loma-Loma hospital, where Ford underwent examination of his shoulder. He was released Monday.

FIRST AND LAST moose for both L. F. Inman, left, and Bob Inman, were taken near Ashland Sunday. Both father and son have been putting in for a moose permit for several years and were quite surprised when they made it this year. The father's moose was brought down with two shots from a .30-06 at about 50 yards and Bob took his with a .300 Magnum at a slightly farther distance. To return the moose to Ashton, the Inmans had to clear some tree stumps and brush to get a vehicle close enough to load the two huge beasts. Their weight was estimated to be between 1,000 and 1,250 pounds. (Times-News photo)

Atlanta Team Loses Franchise

NEW YORK, Nov. 3 (AP)—The Atlanta Spartans, in their first season, had their franchise revoked Monday by the Atlantic Coast Football league for failing to meet financial obligations.

Commissioner Joseph Rosenbloom said the league had to pay the Atlanta players for Saturday night's game at Spartan stadium. The club's financial obligations.

The move threw the Southern division of the Atlantic Coast league into turmoil. Atlanta is in fifth place with a 3-2 record but has three games left. All scheduled at home against Pittsburgh Valley, Newark and Mohawk Valley. The first two are in the race for Southern division honors.

Student May Have Saved Cager's Arm

OKLAHOMA CITY, Nov. 3 (AP)—A fast-thinking pre-medical student and a five-man team of surgeons combined Monday to successfully attempt to restore the severed arm of an Oklahoma State University basketball player.

Bob Swaffar, 20, lost his right arm in a fast-spinning water exercise in the athletic department laundry. Witnesses and physicians said the arm was twisted off about mid-way between the shoulder and elbow.

Swaffar was rushed by ambulance to the University of Oklahoma medical center here. The severed arm was packed in ice for the 35-mile trip from Stillwater, Okla.

A five-surgeon team, working on reimplantation techniques for the past 2 1/2 years, restored the arm in a six-hour operation, ending about 7 a.m.

Much of the credit for chances of success went to Gary Hassmann, 22, also an Oklahoma State basketball player who is taking a pre-medical course.

Hassmann, from Anchorage, Ky., was with Swaffar when the accident occurred. He quickly wrapped the stub of Swaffar's arm in wet towels and put the severed arm in a bucket of cold water. Swaffar then was rushed to the Stillwater Municipal hospital and from there to Oklahoma City.

Following the operation here, Hassmann's hospital issued a statement saying that Swaffar's general condition was superb.

"We'll know in a few days," the surgeons' statement said, "whether or not the reimplantation was successful."

Astronaut's Plane Crash Is Probed

HOUSTON, Nov. 3 (AP)—An investigation into the Halloween day airplane crash that killed U.S. astronaut Theodore G. Freeman may take several weeks to complete, the federal space agency said yesterday.

But features pulled from the wreckage indicated Freeman's fast-moving T-38 jet trainer might have collided with low-flying birds.

The 34-year-old air force captain died of a skull fracture and severe chest injuries suffered when he either ejected or was accidentally pulled from the jet as it streaked toward a landing at Ellington air force base, south of Houston.

The death, first in the U.S. astronaut ranks east a pall of gloom over the space program and slowed the schedule of the other 23 space trainees to a death march in honor of the quiet man who wanted to go to the moon.

A memorial service was held today at Seabrook, Tex., Methodist church, about three miles from the Freeman home. The body will be shipped to Arlington, Va., for burial with full military honors Wednesday.

Wall Opened To Pensioned East Germans

BERLIN, Nov. 3 (AP)—The communists yesterday opened the Iron Curtain to pensioned East Germans too old to work. Thousands took advantage of the offer of freedom in the West.

It was the first time that any East German had been allowed to leave Communist territory since the Berlin wall was built three years ago.

The passes were good for one month. But many of the pensioners said they never would return. The East German government knew it and probably did not care.

The offer of an estimated three million men and women eligible for the passes left by interloper trains arriving in West Berlin, Frankfurt, Hanover, Munich, Hamburg, Dresden and other West German cities. All of the men were past 65. The women were past 60.

It was estimated that 1.5 million would leave East Germany by Christmas.

About 4,000 arrived yesterday in West Berlin.

INSPECTING the booster for the Gemini-Titan rocket combination that will launch them into orbit early next year are the primary astronaut team for America's first two-man space flight. They are, from left, navy Lieut. Cmdr. John W. Young and air force Maj. Virgil I. Grissom. The astronauts were on hand when the Martin company delivered the combination to the air force and the space agency. (AP wirephoto)

Jaycees Set Seminar on Retardation

OMAHA, Neb., Nov. 3—A seminar tackling problems in mental health and mental retardation will draw 150 Jaycee civic leaders here from 50 states, Nov. 11-12.

The two-day workshop, that of its kind for laymen, is jointly sponsored by the Nebraska Psychiatric Institute and the United States Junior Chamber of Commerce.

G. Merrill Martin, national Jaycee vice president, Detroit, Mich., predicts the seminar will intensify Jaycee activity in mental health and mental retardation areas.

The civic group's program, now in its second year, hits at in-

NEW YORK, Nov. 3 (AP)—Wendell Willkie buttons are big sellers at Ben Kaplan's Ya-Junk Shoppe.

"I've sold about 1,000 Wendell Willkie buttons so far this fall," he said yesterday. Kaplan gets 50 cents for Willkie buttons, left over from the 1940 campaign when Republican Willkie lost to Franklin D. Roosevelt.

admission of mental hospitals and promotes community-centered treatment facilities and rehabilitation services.

Jaycee officials report 14 of the nation's mental health and mental retardation authorities will speak to and work with seminar delegates.

The national Jaycee program is co-sponsored by the Joseph P. Kennedy, Jr. foundation; Sears, Roebuck and company, and the Rockefeller Brothers fund.

U.N. Meet Is Postponed

UNITED NATIONS, Nov. 3 (AP)—U. N. Secretary General Thant announced yesterday the official postponement of the general assembly, opening from Nov. 10 to Dec. 1.

A poll of U.N. members began nine days ago showing 98 in favor of a postponement and 10 in opposition. Fourteen delegations abstained.

The postponement is the second this year. The General Assembly normally opens the third Tuesday in September, but was postponed until Nov. 10 because of the U.S. presidential election.

Several Nations suggested the second postponement to give Russia and the United States more time to work out a solution of their differences over the financing of U.N. peace-keeping operations.

Khrushchev's Own Techniques Were Used to Topple Him From Red Power

By WILLIAM L. BYAN
AP Special Correspondent

Once too often, Nikita Khrushchev—Khrushchev—let Moscow. The men he left behind used his own techniques to topple him from power.

How was Khrushchev dethroned? A combination of the military brass and conservative communists—using lessons learned from Khrushchev—was behind the upheaval.

Why was Khrushchev dethroned? Apparently he lost the support of the communist party central committee. Soviet communism has been rocked by monumental failures much of them due to the system and the built-in bureaucracy—under a Khrushchev who had struggled to balance dogma with practicality.

In the Khrushchev era, the Soviet party and government were humiliated by the Cuban missile crisis; by agricultural failures requiring a turn to capital markets to feed the Soviet people; and by a clear challenge from Red China to the Kremlin's world communist leadership.

Khrushchev was not present Tuesday evening, Sept. 20, at a Moscow reception for visiting President Sukarno of Indonesia. Khrushchev did not know that his protégé, Leonid Brezhnev and Alexei N. Kosygin, "roommates" over his job, spent much of the evening off by themselves in earnest private talk.

Khrushchev had not been too interested in paying homage to Sukarno, a man who had implicitly criticized his policies while seeking Soviet aid. In fact, Khrushchev was leaving for a vacation at his hideout at Gagra on the Black Sea.

By all odds, it should have been safe enough for him to leave. He had a formidable machine in the central committee. In the seven years since he ousted the Stalinists, Khrushchev had replaced about 75 per cent of all party secretaries around the country.

"Many times before he had been able to turn his back on men in Moscow whom he considered his own proteges. Nothing important was in the offing except preparation of a welcome for a foreigner—some team which was going to orbit the earth.

There was no central committee meeting scheduled until the mid-November date—Khrushchev himself, as first party secretary, had planned to take up the vexing problem of Red China's challenge.

When Khrushchev greeted the orbiting astronaut by radio he was Monday, Oct. 12. He promised the spacemen he would be on hand to give them a safe reception in Moscow. He seemed fully confident he would be there.

Much of what happened to Khrushchev must remain in the realm of educated speculation. But there are deadly parallels in the history of Soviet politics: A suddenly called central committee meeting; a speech denouncing the current dictator; the military brass wailing a "Khrushchev is a scoundrel" de-Khrushchevization, as there had been de-Stalinization under his rule.

Khrushchev himself laid down the pattern in 1957. He ousted the aid of Defense Minister Georgi Zhukov to summon a sudden meeting of the central committee and paid his debt of gratitude to the old war hero by disgracing and retiring him.

Khrushchev set the precedent. The central committee could be watched as there would be no comeback. He would gradually be pictured to the public as a unifying, unifying dictator who wrecked the Soviet economy at home and Soviet image abroad.

The catalogue of sins is long, as was the catalogue of Stalin's sins after Khrushchev took over. Publicly, the most important accusation concern Soviet humiliation in the Cuban missile crisis, embarrassment at agricultural failures and the strong challenge from Red China. But probably most important is the sin of treading on the wrong toe.

Only two weeks before he was deposed, Khrushchev was pictured publicly as ready to give top priority to coalmining industry. This was more than merely, it was a one-man revolution. For all the years of the Soviet Union, emphasis had been on heavy industry, which builds world and military power, with the consumer industry taking what was left. The Khrushchev

negotiated cutting back military spending and the loss would not be big.

Almost everything that has gone wrong with the Soviet Union and world communism is likely to be blamed on Khrushchev in a general re-education of a Soviet public with whom he has been all too popular.

But many of the things that happened under Khrushchev probably would have happened anyway. The developments seemed to come from causes inherent in the Soviet system.

The new regime may try to reverse many of Khrushchev's policies. But momentum already created in the USSR may tilt heavily toward a larger share of population for a larger share of Soviet riches. In the long run, even the new regime is likely to feel obliged to make concessions to these pressures.

RECRUITER DATE SET

Comet roars from bottom to top of world to show it's still World's Durability Champion

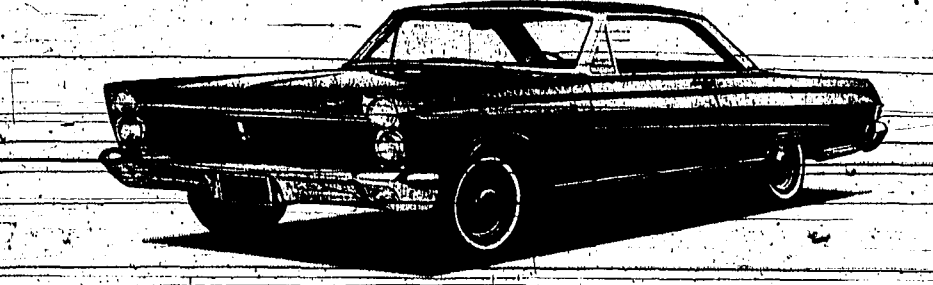

Regular production show: 1000 models run for 40 days and nights in historic 16,200-mile grind to "top." Like all famous durability tests of the past rolled into one: the 1/2-ton Run, the Baja Run, the Over-the-Andes Run.

What's the sense of driving Comet through 16,200 miles of sleet, ice, snow, mire, mountains, etc.? To show you that Comet "can do." Don't you think it's time to come see the one that's not just lively and beautiful, but tough and powerful, too. Comet!

Comet started Sept. 12 from Ushuaia, Tierra del Fuego. First leg of long grind wound up and down tough, single-lane, snow-covered stretch of Andes Mountains.

Everyone seemed to know the Comets were coming. Crowd scenes like this one were common. Mud, mire, jungle. Comet had it—and took it all without any mechanical repairs at all on the route. In Canada, Comets near goal. No other cars had ever tried to complete long run in so little time.
