Governors To Meet In Denver

BOISE, Nov. 17 (UPI)—Gov. Robert E. Smylie announced today that the Republican Governors' association will meet in Denver Dec. 4-5 to discuss the causes of the Nov. 8 election-defeat and the future of the GOP.

"It is not unlikely that the governors will support creation of a 'conservative advisory council' which could formulate party positions and prepare to correct the image of the party as it stood in the 1966 elections," said Smylie. "He said the governors will discuss the leadership of the national committee of the national committee."

"There are those that believe

that the governors are furnish-

ing the catalyst which will precipi-

tate a decision on this important

change," said Smylie.

He is among GOP leaders who

advocated removal of na-

tional chairman Dean Burch,

saying it is necessary to give the

party a more moderate image.

Smylie said the governors fear

they have earned the right of

"much greater voice in party

affair, but intend to work with

GOP congressional leaders.

Promoters of
Cancer Drug
Are Indicted

CHICAGO, Nov. 17 (UPI)—The promoters of the controversial cancer drug Krebiozen, including Dr. Andrew C. Ivy, internationally known physiologist, were indicted today for conspiracy, mail fraud, mislabeling and making false statements to the government.

The indictment, returned by a federal grand jury, also named as defendants in the Krebiozen research foundation, Promit International, Inc., whose president, Dr. Steven Durovich, 59, discovered the drug; his brother, Marko, 44, a lawyer, and Dr. William J. Phillips, 41, a physician, all of Chicago.

Dr. Ivy, a leading proponent of the drug, is research professor of biochemistry at Roosevelt University and a former vice president of the University of Illinois.

The indictment charges that the defendants reported one Krebiozen patient healthy when he had been dead six years. It charges that they reported the cost of producing one gram of Krebiozen as \$170,000 when it actually was \$10,000. They claimed to do this to let people in their cities know what happened on the farm.

Jack Angell, director of radio-TV services for the American Farm Bureau, said more city dwellers would be willing their congressmen, if they realized how much they are affected by government-supported farm programs.

He said many people don't know that the Farm Bureau is the only so-called lobby group that repeatedly asks Congress for less rather than more money. The organization generally opposes government farm pro-

grams.

The bureau's first broke a window and entered the vocational agriculture shop which is a separate building from the high school. Some automotive tools and equipment were stolen there. They then broke a window into the industrial arts room in the math school building.

Rex Engelking, superintendent, said the窃贼 were stopped by the police.

Talent contest winners were Ann Miller, Rigby, in the senior division, with reading; Donna Miyasaki, Sugar City, a baton twirler, in the junior division, and Gordon Jenkins, Rigby, in the circulation content.

Boise-Las Vegas Air Route Hit by T.F.

Three bids were awarded and a motion to protest West Coast airlines application for a Boise-Las Vegas route was passed during the regular Monday night meeting of the Twin Falls city commissioners. Allstate Insurance company submitted low bid of \$6,239.20 on general liability insurance and it also included false arrest insurance. Bids were accepted on three police cars from three different automobile companies. Willis Motor company bid \$1,155 on a Plymouth; Glen G. Jenkins Chevrolet company bid \$1,225.18 on a Chevrolet, and Union Motors, Inc., bid \$1,130 on a Ford. Trade-in allowances were made on existing police cars.

The city commission voted to protest the West Coast application and to support the application for an air route by Bonanza Airlines because Twin Falls was included in the proposal. Bonanza filing West Coast is seeking nonstop service between Boise and Las Vegas.

The third bid awarded was for nonstop route and the city will bid 8,000 cubic yards of gravel from Twin Falls Construction company at 81 cents per yard and 4,000 cubic yards from Aetek Construction company.

City Manager W. L. Derrick voiced an objection to a waiver of fees asked by the state of Idaho. Derrick pointed out that the state required fees from the city on some electrical inspection on work—the electrical performed at Shoshone Falls and the sewage treatment plant. Most of the time the fees are waived on both sides, but Derrick felt that the fee situation should be on the farm.

The農業 manager, director of radio-TV services for the American Farm Bureau, said more city dwellers would be willing their congressmen, if they realized how much they are affected by government-supported farm programs.

He said many people don't know that the Farm Bureau is the only so-called lobby group that repeatedly asks Congress for less rather than more money. The organization generally opposes government farm pro-

grams.

Yank Dies in Clash With Viet Cong

SAIGON, South Viet Nam, Nov. 17 (UPI) — A U.S. Army special forces soldier was killed and another wounded today in a clash with communist Viet Cong guerrillas 15 miles east of Saigon, an American military spokesman said.

The spokesman said four Vietnamese government "Strike Force" troops also were killed and six wounded in the clash.

Communist losses, if any, were not reported.

The death of the special forces soldier brought to 226 the number of Americans killed in action since the buildup of U.S. aid began in January, 1961. Another 27 have been killed in non-combat incidents, bringing the over-all American death toll in Viet Nam to 322.

The latest communist clash bore the appearance of an ambush, but the spokesman did not refer to it as such.

He said a patrol of American-trained and led "Strike Force" troops engaged a Viet Cong unit of undetermined strength in Bien Hoa province, 40 miles west of Saigon. The attack took place in a highway section of national highway 15 at 10:30 a.m.

The wounded American was treated for an arm wound and released for duty, the spokesman said.

Earlier, Typhoon Kate flooded in the mountains of South Viet Nam. The death toll from two early typhoons climbed to more than 7,000.

House Burns At Ketchum

KETCHUM, Nov. 17 — A brick and frame one-story house owned by Mr. and Mrs. Walter Huljet and valued at approximately \$30,000 was destroyed by fire of unknown cause Monday morning in the Glassford Heights area, four miles north of Ketchum on highway 93.

Charles Atterbury, Ketchum fire chief, observed smoke rising late at night 6 a.m. to discover the ceiling in the living room was ablaze. Although the cause of the fire is unknown, it is believed to have started in the attic, Atterbury said.

Mr. and Mrs. Huljet and their two small children got out of the house unharmed but nearly all their belongings were lost. They got their two cars and a large box of ammunition from their garage and salvaged some furniture from the house.

The fire chief said the rural fire truck holds only 650 gallons of "water-wel," a chemical solution, and firemen ran out and had to return to Ketchum. The load was partially covered by insurance.

The family had moved into the house about a year ago. The blaze was kept from spreading to a nearby workshop and neighboring houses.

SYNOPTIC AND AGRICULTURAL SUMMARY

A low pressure center aloft with associated cold air in the southwestern states was responsible for the snow that fell in the valleys of southern Idaho during the past 24 hours. The AEC site near Arco reported .36 of an inch of precipitation with six inches of snow on the ground for the greatest fall, with Jerome reporting .03 of an inch and four inches of snow on the ground. Readings this morning were .10 of an inch or less.

Only a few traces were reported from Magic Valley stations. Southwestern valleys reported from .01 to .10 of an inch with an inch of snow on the ground in local areas. Minimum temperatures reading last night showed warming of from two to as much as 16 degrees over the previous night's low temperatures. Minimums were mostly in the 20s except in the northern portion of Magic Valley, where some early morning decrease in cloudiness allowed temperatures to dip into the 10s.

The low pressure center is in the southern United States is expected to move along the southern California coast during the next two days, resulting in an end to snow showers in southern Idaho. Partly cloudy skies with some night and early morning valley fog is forecast for the valleys of southern Idaho today and Wednesday. Low pressure aloft is deepening in the eastern United States and cold air at the surface will be moving southward out of Canada mostly east of the Continental divide during the next two days. Some areas of cloudy skies are possible in extreme eastern Idaho valleys as this cold air moves southward along the Continental divide.

Maximum temperatures today and Wednesday will range from the upper 20s to low 40s with minimum temperatures tonight dropping into the 10 to 20 degrees range in most valleys of southern Idaho. Below zero readings are forecast for tonight in Camas Prairie.

Congo Troop To Attack

Rebel Post

KINSHASA, Congo, Nov. 17.—Premier Moise Tshombe's white mercenary army has set up a post in this north-central Congo town for an assault on the rebel stronghold of Stanleyville.

There is no definite indication when the attack on rebel leader Gaston Soumialo's headquarters, 28 miles to the north, will come, "which depends on the weather," said one mercenary officer. "Rain is our great enemy and this country favors the rebels and their guerrilla tactics. If we get bogged down on the road we could find ourselves in real trouble."

The mercenary forces, mostly Belgians, South Africans and Britons, are preparing their equipment for the push.

Steel sheeting seized from a local factory is being bolted to trucks as makeshift armor. Captured rebel machine guns have been mounted on battered jeeps.

Communist Chinese arms have been found among supplies taken from the rebels. Ammunition box bore Chinese characters.

Red China is backing the rebels of the eastern Congo.

U.S. Hercules freighter planes fly almost daily into Kinshasa-Leopoldville with supplies for the central government army.

American helicopters piloted by Belgian crews make hourly flights over the Kinshasa area.

U.S. troops guard the aircraft at Kinshasa airport.

Kindu, a town of less than 5,000 population, was seized 10 days ago.

The front-line-in-the-jungle town is 12 miles west of Kinshasa, at a small river bridge. Rebels on the north bank lob over mortar shells and fire machine guns daily.

Hagerman Holds Harvest Dance

HAGERMAN, Nov. 17.—The annual PFA harvest ball was held Friday night with the crowning of Variete Cook as queen at intermission. Other contestants were Terri Larson, Evelyn Royer and Rena Laughlin.

The queen was crowned by Kathy Scruggs, last year's harvest queen. Girls were presented to each candidate. They were escorted by YMCA officers, Tony Anderson, Alan Marsh, John Gibson and Joseph Griffith.

Decorations were made of straw bales, corn stalks and pumpkins. PFA adviser Darrell Haffield, served elder and doughnut. Haffield, served elder and doughnut.

State Police Investigate 4 Accidents

Hilda J. Hull, 16, Idaho Sparks High School student, was cited by Idaho state police officers for failure to yield the right of way after a head-on accident at 4:40 p.m. yesterday, just miles east of Twin Falls.

The investigating officer reported that Miss Hull apparently stopped for a sign on the county road but then proceeded onto highway 50.

Miss Hull, Ciner and passenger in Miss Hull's vehicle, Shirley K. Farmer, 15, 42nd Street, Heyburn; Diane K. Walker, 15, 330 Heyburn Avenue, and Kurt C. Teater, 17, Kimball Road, received minor injuries but did not require hospitalization.

Louis Donlinis, Bugni, 30, Marysville, Calif., was attempting to use a 1954 Willys jeep at 11 p.m. Saturday to pull a car out of a borrow pit four and one-half miles north of the Idaho-Veada state line.

The jeep apparently hit some rocks and slid into the borrow pit, rolling over. Burnt and passengers in the vehicle, Dorothy Bright, 39, Marysville, Calif., and Robert H. Greeley, 50, Yuba City, Calif., received minor injuries but did not require hospitalization.

In other accidents investigated by the state police over the weekend, Frank S. Thornton, 65, Castleford, was investigating officers that he was driving a 1963 Ford pickup truck at 6 p.m. Sunday five miles east and three miles south of Kigeron when the vehicle started sliding on ice roads.

The truck slid off the east side of the highway, up a bank then turned completely over.

The highways were snow-covered and no citation was issued. Thornton was reportedly uninjured.

Mrs. Lillian M. Callen, 64, Kimberly, backed a 1962 Dodge from a parking space at 4:15 p.m. Saturday in the Main street of Kimberly when the vehicle struck a 1961 Studebaker driven along Main street by Mrs. Nancy E. Daniel, 34, Kimberly.

No citation was issued and no injuries reported.

Sugar Harvest To Start in Cuba

MIAMI, Fla., Nov. 17 (UPI)—Cuba is getting an early start in harvesting sugar cane, its major cash crop.

Cuban Radio reported cutting off cane Nov. 10 and milling it in the Pinar del Rio province. Traditionally the sugar harvest has been a 90-day affair from January to April. The Cuban Sugar Growers association in Havana attributed the early harvest to a need for immediate dollars.

Grenade Kills 3 in New Jersey

TRENTON, N.J., Nov. 17 (UPI)—An exploding hand grenade killed three people in front of a tavern early today.

Police identified the dead as patrolman John J. Clover, 39; John Christie, Jr., 37, the holder of the grenade, and a bystander, Harold E. Loath, 23, all Trenton.

A second policeman, Roland Crap, 27, was struck by metal fragments in the arm and leg but "managed to radio for help."

Police were called to the Oak Cafe at 1 a.m. by the manager, who said a man with a bomb was outside.

Police said Christie was awaiting trial for shooting a special officer in a bar last February.

They said they were questioning Christie outside the tavern when he exploded the grenade in his pocket.

At least five were injured, police reported.

At an old time price!

Last night I was third in line for a shower.

Anxious to step in and drench my soiled skin in good clean hot water, I paced back and forth outside the bathroom door.

At last it was my turn.

I turned on the tap with breathless anticipation.

The water was ice cold.

We need a gas water heater, I said vehemently. So today I called the gas company.

P.S. Gas heats water so fast you just don't run out of hot water.

Through its pipelines, El Paso Natural provides wholesale natural gas service. In southern Idaho, the retail gas distribution company is Intermountain Gas Company.

Study of Judicial System Set

The Idaho Magistrates association will consider a resolution to join with the Idaho state bar association and the Idaho supreme court in preparing a full report on upgrading of the entire judicial system in the state, during the association's meeting Friday and Saturday in Boise.

Glen A. Phillips, president, of the association, said that "the association and judges have seen the need to change the system and is working to make major changes which will provide for them a modern, realistic, workable and efficient judicial system. We (the association) are in many ways still working with the courts that were started in England many centuries ago."

The association will recommend that the small claims court handle claims up to a new maximum of \$500 or \$250.

The maximum at the present time is only \$100 and Phillips stated that "many professional people have requested a change in the law because they have trouble getting attorneys to handle claims under \$250."

The association also will consider making recommendations to abolish the criminal court cost that is now levied in criminal cases.

The association feels that the additional assessment of court costs is an additional penalty to a person found guilty or pleading guilty. By recommending this abolishment, they hope to have the counties receive a slightly higher percentage of the fines to go to the general fund to replace the court costs in operation of courts.

City courts do not assess costs and many citizens now do not understand why court costs are assessed in justice and probate courts.

The Justice of the peace is no longer on a fee system, so abolishing the costs will do away with a lot of paper work and additional reports, Phillips said.

A suggested change in the penalty for negligent homicide by automobile will be discussed. It has been suggested that a person convicted of negligent homicide by auto face the same penalty as involuntary manslaughter.

The present penalty is a fine up to \$4,000 or one year in prison or both. The suggested change is for a fine of \$4,000 or up to 10 years in prison or both.

News Around Idaho

BOISE, Nov. 17 (UPI)—The 1965 convention of the Idaho Realtors and Builders association has been rescheduled from Barley to Peacemaker Inn for the meeting is May 16-19. Association said it was necessary to pick another site because the Barley motel at which the meeting was to be held would undergo remodeling at the time.

BOISE, Nov. 17 (UPI)—The U. S. agriculture department will send more than 16,000 livestock survey cards to farmers and ranchers in Idaho next week. The department's statistical reporting service uses the cards as its main source of information in estimating live stock and poultry numbers on Gem state farms.

BOISE, Nov. 17 (UPI)—The Idaho supreme court ruled yesterday that several leases negotiated after dissolution of a partnership are considered partnership assets and must be accounted for in the dissolution. The ruling upheld a Nez Perce district court decision awarding \$5,000 to Louise Elliot, the divorced wife of Gordon Elliot. In the divorce action, Mrs. Elliot was awarded her husband's interests in his three dissolved cattle and farming partnerships with his brother, Philip Elliot. Mrs. Elliot sued for an accounting but Philip refused to provide it on grounds that his brother had no interest in the remaining assets. The high court ruled, however, that Philip was accountable at Mrs. Elliot for the value of the renewal leases because of his failure to promptly wind up the affairs of the partnership.

BOISE, Nov. 17 (UPI)—Boise police yesterday investigated a burglary at a Boise men's store in which \$1,400 in cash, checks and merchandise was taken. Officers said clothing taken from Ralph Davis' store was valued at \$1,000.

POCATELLO, Nov. 17 (UPI)—Assistant Interior Secretary John Carver says establishment of a public land law review commission may well prove to have been the most significant achievement by the 85th congressional session. At the annual meeting of the Idaho Wool Growers association, Carver, a former Forest Service official, said that the commission is charged with studying laws and regulations governing the retention, management and disposition of public lands. "At one and the same time," he said, "we must do two things: look to the adequacy of our public land laws in meeting the needs of 280 million people and act immediately to conserve and protect areas needed for public recreational use."

WALLACE, Nov. 17 (UPI)—A dividend of 20 cents a share has been announced by directors of Day Mines, Inc. The dividend brought total payments per share this year to 35 cents and total disbursements to \$178,350.

MCALLEN, Nov. 17 (UPI)—A "logical and rational" approach to planning for development of primitive and wilderness areas was urged yesterday by Gov. Robert E. Smylie at a meeting here of representatives of forest-industrial-recreational interests and government and state officials. Smylie called for development of multi-purpose forest access roads declaring they are needed for policing the opened areas. George Bauch, Lewiston, vice president of land management for Potlatch Forests, Inc., told delegates at the night's banquet that forest roads must be developed permanent and developed with the interests of all users in mind. "Lack of access roads," he said, "not only restricts economic growth, but also makes it impossible to utilize opportunities for recreational and wildlife management."

BOISE, Nov. 17 (UPI)—The National Guard association of the United States announced yesterday the election of Brig. Gen. James M. Tracy, Idaho assistant adjutant general for air, as a member of its executive council. General Tracy is also a member of the association's publications committee.

RT. MARION, Nov. 17 (UPI)—The second trial of Edwin Carl Swallow, 21, charged with a deadly weapon offense, opened yesterday with 11 prospective jurors in the Deep Creek area. Swallow was found guilty last May of the charge which grew out of an incident in which he allegedly shot at a moving pickup truck and injured Emmett Dawson, 33, Hager. Dawson was sleeping in the pickup's camper which had, according to Nezperch County Sheriff's officers, crossed over Swallow's property after snow had covered road signs. Dawson was a member of a hunting party. A panel of 100 prospective jurors reduced by more than half yesterday because many said they had already formed opinions on the case. The second trial was granted because Swallow's attorney, Vernon K. Smith, Boise, exhibited new evidence in the case.

GRANGEVILLE, Nov. 17 (UPI)—Trial of an 84-year-old pensioner accused of first degree murder in the shooting death of his partner in August of 1963 was expected to get under way in district court here Wednesday. Clayaged is Herbert Beeson who shared a cabin about 20 miles east of here with the partner, William Mendenhall, 40, Glenwood. Selection of a jury began yesterday, however, that was not completed. Beeson, who claims he shot in self defense during an argument, has been released on bond and living at a nursing home in Lewiston.

BOISE, Nov. 17 (UPI)—Atty. Gen. Allan G. Shepard says he has received a request from state Sen. Ray Burge for a recount of votes in the Power county precincts and that he has set the maximum time for the recount, which was the lower by two votes in the election.

Kennewick Yard Meadows in the Power county senatorial race, has also asked the state Supreme Court to order that five disputed absentee ballots be included in the recount and the official count. Shepard had earlier ruled that the two ballots, received the day after the Nov. 3 election, would not be counted because state law provides that such ballots must be delivered by the county recorder the day before the election to be valid. Burge contested, however, that that interpretation of the law is erroneous and Idaho statute that state absentee ballots must be mailed in the ballot box in person one day before the election. He noted that both absentee ballots were postmarked Nov. 4 thus were valid under the statute.

Hearing Set for Idaho Falls Man In Salt Lake City

SALT LAKE CITY, Nov. 17 (UPI)—A preliminary hearing will be held Dec. 18 for James Ray Bradshaw, 22, charged with first degree murder in the shooting of Dr. Martin Luther King.

Bradshaw, Idaho Falls, was arraigned yesterday before city Judge James C. Beck. He will stand trial in the Salt Lake County jail.

He is charged with the Friday night shooting of Vickie Griffith Bradshaw, 18.

Man Found Frozen on Freight Train

W.F., Nov. 17 (UPI)—A 52-year-old Ohio man was found frozen to death yesterday on an eastbound Western Pacific freight train.

He was identified as John Fred Verett, Zanesville, Acting Elko county Coroner Lynn Lindquist said. Verett, wearing a light sweater and jacket, was curled up as if he had gone to sleep.

Lindquist said police tried to chip the body out of ice which had formed at the bottom of the flatcar.

The mercury went down to five degrees below zero yesterday morning in northeast Nevada.

Pilot Flees Cuba, Flies To Florida

MIAAMI, Nov. 17 (UPI)—A Cuban pilot and his crop duster plane crewman defected yesterday and flew to Florida on the heels of 10 Cuban refugees who arrived in two boats.

After landing at Naval Air Station in Key West, Fla., the two others naked for political asylum and were brought to Miami for interrogation by immigration authorities.

They apparently were tracked by U.S. radar and kept under surveillance by U.S. jets but authorities gave no details.

As they arrived 30 exiles including eight women and one teenage girl were processed at the Cuban refugee center here where they told of fleeing the island in two boats. The group of 24 told how they seized the 55-foot government fishing boat after surprising three militiamen ashore.

One Cuban woman was brought here with the group. The other two were put over the side in a small boat near an island a short distance from the fishing port of La Coloma on Cuba's southern coast, they said.

A spokesman at the Cuban office here said the Czechoslovakian embassy in Washington has been notified that the militiamen want to return to Cuba. Details being held at the Open-Lock Immigration detention barracks pending completion of arrangements.

The other group of 15 refugees came from Matanzas in a 22-foot boat.

Arrival of the two boats marked the first large number of refugees to reach Florida in weeks. Increased vigilance of the coast by the Castro regime is making it "very, very difficult" to escape, they said.

Jay-C-Ettes Donate Check To School for Retarded

TWIN FALLS, Nov. 17 (UPI)—Twin Falls Jay-C-Ettes donated \$100 Monday to the Happy Day School for Retarded Children, sponsored by the Twin Falls County Council for Retarded Children, Monday.

The school to teach at one time he continued.

He added that Nov. 15-26 is not aside at National Retarded Children's week.

Parents and friends of the mentally retarded were urged to day to pay tribute publicly and privately to the late President John F. Kennedy during the 1964 observance this week.

The suggestion came, the Rev. Mr. Schreckenberg continued, from Dr. Stafford L. Warren, special assistant to the President for mental retardation, who recalled that "President Kennedy was assassinated during the 1963 observance of the week for the retarded."

"Because of what happened in 1963, to come this special week for the mentally retarded will be observed with a mixture of sorrow and gratitude—sorrow because of his untimely death, gratitude because he lived long enough to plan and inaugurate the world's first national program to combat mental retardation," Dr. Warren stated.

The Rev. Mr. Schreckenberg reported that in 1961 President

Steen joined the professional ranks less than a year ago to finish this season among the nation's top 10 winners in bull riding. He will compete in the title playoffs in December in Los Angeles.

NEW RATING

WEYBURN, Nov. 17—Ronald Clos, son of Mr. and Mrs. Roland Clos, who has been stationed in Korea for the past 13 months, has a new rating of specialist fourth class. He is a helicopter mechanic.

Presenting the check to the Rev. Robert Schreckenberg, left, president of the council, are JoAnn Schlagel, center, and Mary Lou Lancaster. (Times-News photo)

Kennedy appointed a panel on mental retardation to study the problem and offer recommendations for an all-out attack on it.

He said Dr. Warren reminds that it was President Kennedy, more than any other single person, who took the retarded by the hand to lead them from the attics and into the schools, the businesses and the playgrounds of their own communities.

The Rev. Mr. Schreckenberg urged all Twin Falls residents and service clubs to donate funds to the retarded by the end of the year.

42 Stills in S.C. Wrecked By Officers

COLUMBIA, S.C., Nov. 17 (UPI)—Federal and state officers, armed with axes and dynamite, wrecked 42 illicit whisky stills yesterday in an attempt to slow the flow of poison moonshine.

"It was a war against moonshiners," a federal agent said. "No state or federal law made breaking moonshiners' property illegal—in-shifting—the flow of lethal moonshine responsible for perhaps as many as six deaths in recent weeks."

The raids began at dawn and by dusk 42 stills had been destroyed.

Still hidden in woods and swamps from the mountains to the coast were broken up and dynamited in raids conducted by 60 agents of the federal alcohol and tobacco tax unit (ATU) and state law-enforcement division.

LDS Temple Is Dedicated At Oakland

OAKLAND, Calif., Nov. 17 (UPI) — A gleaming, golden-spired temple was dedicated today by the LDS church on a site where 40 years ago the church president envisioned a "great white temple of the Lord."

Church officials, led by 81-year-old President David O. McKay, this morning began three days of dedicatory services at the new Oakland temple. The five million-dollar structure stands on a promontory of the Oakland hills visible from most of the San Francisco bay area.

The late President George Albert Smith in 1924 envisioned on the site a temple as "an emblem to all the world travelers as they pass through the Golden Gate."

Following its completion recently, 347,000 persons walked through the temple to see its sculptured panels, rare marble and great cast-stone baptismal font. From now on, only members of the church "of high character who attain willingly certain attributes" will be permitted to enter the temple, President McKay told reporters.

Dedication services will be repeated nineteen times in the next three days so that all 40,000 qualified members can attend.

Two Soldiers Are Ill With Meningitis

PT. ORD, Calif., Nov. 17 (UPI) — Meningitis struck two more young soldiers at Pt. Ord yesterday, bringing to 102 the number of persons afflicted with the disease here this year.

The latest victims were Pvt. Kevin R. Kemper, 17, son of entertainer Ronnie Kemper, San Francisco, and Pvt. William R. Benedict, 17, son of Mrs. W. J. Benedict, Cranada Hills, Calif.

There have been 15 deaths from meningitis at Pt. Ord this year. Training of recruits is scheduled to be halted for the month of December in hopes of controlling the outbreak.

Kemper and Benedict were both listed in serious condition.

Kemper was in his seventh week of advance infantry training, and Benedict was in his eighth week of basic training.

The elder Kemper, a former band leader, currently sings and plays piano at the Domino club, a San Francisco night spot.

He said his son "looks tired and can hardly talk, but feels fairly good."

"Doctors say the first 36 hours are the dangerous ones," Kemper said. "They believe they got it soon enough."

Gospel Music Concert Set Thursday

Rudy Atwood, Hollywood, Calif., Gospel pianist who also has two other musical talents, will present a sacred concert at 7:30 p.m. Thursday in the O'Leary Junior high school auditorium.

Atwood has been the featured pianist on the Old Fashioned Revival hour, a radio program, for more than 24 years, and has recorded more than 15 long playing albums. He is a recognized master of the keyboard. His program will include many of his own piano arrangements of hymns and sacred songs.

Mrs. Mary Ross, renowned pianist who played for three years with the Kansas City Philharmonic, also will appear Thursday. Mrs. Ross appeared on the Ed Sullivan show, the Calgary Stampede, and has recorded with Atwood. Her program will feature her own arrangements. She is married to the Rev. Lanson Ross, Nampa, and has two children.

Marvin Honore, a Canadian tenor from Vancouver, British Columbia, will appear in the vocal spotlight. Honore has appeared at both the Metropolitan Opera house and Carnegie Hall and also in concert on television.

He was one of the original writers of the constitution for the Vancouver Opera association and director of two choral groups which tour the United States each summer. He has recently appeared at the New York World's Fair.

The Spirit of Idaho committee will sponsor the event.

WENDELL Juniors To Give Comedy

Youth Bags Deer While On Crutches

RUIDOSO, N.M., Nov. 17 (UPI) — A 14-year-old Ruidoso, N.M., boy didn't let the fact he had twice broken his same leg spoil his deer hunting.

Kenneth Whipple, son of Mr. and Mrs. James Whipple, Ruidoso, shot a seven-point buck deer near Ruidoso while perched on crutches.

Young Whipple broke two bones in his leg, requiring a hospitalization and a six-week stay in bed. When running up and down two days after having the cast removed, he broke the leg again running up a high school football game.

WENDELL Juniors To Give Comedy

WENDELL, Nov. 17 (UPI) — The Brain Storm, a comedy by Betty Knappe, will be presented by the Wendell High school Juniors at 8 p.m. Friday at the grade school auditorium.

Mrs. James Eaton, English and speech director, will be assisted by Verne Wellard, student director.

Lead roles are played by Steve Everett, David Harrelson, Pays Powell, Judy Hendrix, Rita Dobie, Virginia May, Tammy Lee, Jean Richards, Carolyn Black, Delores Robinson, Karen Conner, Colleen Warthen, Nick Freeman, Danny Eaton, Dennis Nelson, Gail Brownies and Douglas Brown.

Tickets may be purchased from members of the junior class or may be secured at the door.

Leash Law

A diamond of the Twin Falls city leash law will be held at 7:30 p.m. Wednesday at the home of Robert Murphy, 227 Walnut Street.

Murphy has fifteen persons who are not dog owners, as well as those who are, to attend the meeting. Refreshments will be served following the meeting.

Fairfield Lists Honor Students

FARFIELD, Nov. 17 — The honor roll for the first nine weeks of school has been released for the Camas County high school.

Sixty seniors include Linda Coates, Janice Kevin, Clinton Bellard, Linda Carman, Nalda Packham and Jim Rice. Juniors are Donna Cox, Mike Cook, Dennis Costello and Linda Wilson. Sophomores include Nels Bennett and Ellen Krahn and freshmen are Steven Miller and Marianne Kavan.

COMPOSER DIES

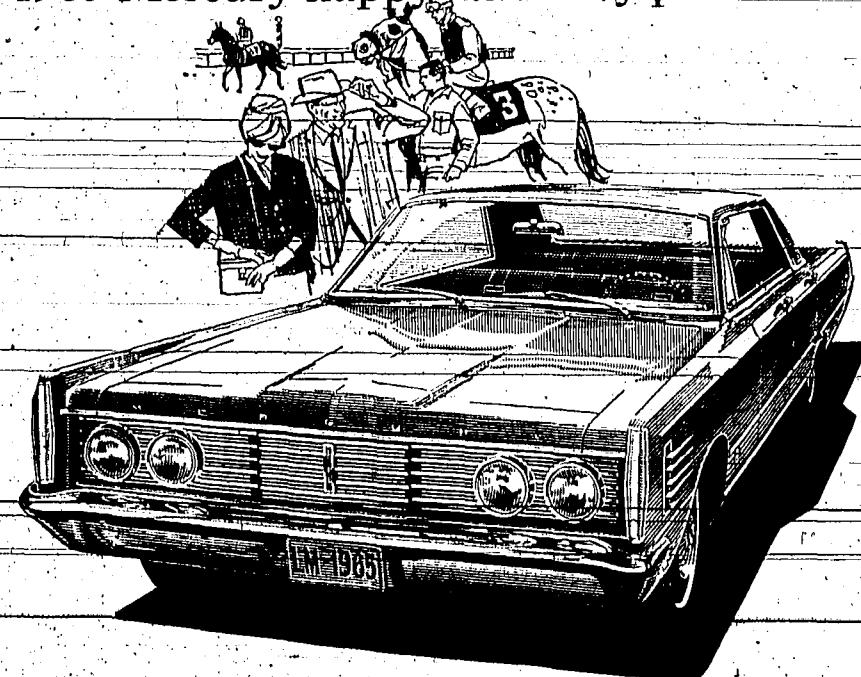

WASHINGTON, Nov. 17 (UPI) — Army Undersecretary of Defense Ignatius, of Los Angeles, will be buried Saturday morning at Fort Rosecrans National Cemetery, San Diego. Ignatius, 60, who set "The Lord's Prayer" to music, died last night at his home.

Students at Seminary Receive Pins

SHOSHONE. Nov. 17—Students from Shoshone ward seminary who have received pins and guards for four years of seminary work this year are Sherry Buhler, Steven Thorne, Joan Larson and Karen Hansen. Mrs. Harrell Thorne, instructor, reported today.

Juniors who have received pins for three years of seminary are Jill Thorne and Mark Dill.

In order to receive a pin, the student must have attended three years of LDS seminary. The guard is awarded for the fourth year of study.

Seminary classes are held at 7:15 a. m. daily at the church for all high school age students. The text this year is the New Testament.

Gov. Sawyer Talks With Germans

MUNICH, Germany, Nov. 17—**Nev.** Gov. Grant Sawyer and 37 other members of the Nevada tourist mission to Europe were guests of honor yesterday at Bavarian Premier Alford Coppol at a luncheon at the Hotel Jahnresseleien (four star) hotel.

Walter, the Nevedan was received by Munich Mayor Hans-Joachim Vossel in his chambers in the ancient city hall.

A meeting with local businessmen, city officials and the press was held in the Bayerischer Hof hotel in the evening. At this gathering, Sawyer outlined the attractions of his state for tourists, industry and commerce.

William Bellman, owner of the Bellman Auto company of Las Vegas, said Nevada is a free state which offers tax benefits to exporters who store their merchandise there. He said this would be a great attraction to those European entrepreneurs who want to sell their products all over the United States but keep supplies in reach at a place where they are not subject to personal property tax.

He said:

Other members of the group, which included travel agents, mayors of Nevada's 15 cities, older owners and executives of the state's gambling casinos, and the state's European tourists hunting, fishing and gambling.

Nevada is also interested in attracting industry, and still has choice properties available for interested parties, they said.

Bellman said the group was pleased with contact made so far on the trip and accomplishments so far surpassed expectations.

Today, the visitors will enjoy a day off with some members planning to see the local sights, while others arranged individual meetings with business partners.

On Wednesday, the group will fly to Zurich, Switzerland.

Driver Cut

Nov. 17—A car accident resulted in a minor laceration for the driver, Richard Lewis, 30, after he hit a Mercury hit black ice on the overpass .7 of a mile west of Dallas on highway 30 Friday.

According to state patrolman Winter J. Schley, the car slid into the guard rail and down an embankment about 15 feet and over end. The Mercury was demolished, and seat belts were attributed to saving Lewis from serious injury. No citation was issued.

Close Call

TEMPLE, Nov. 17 (UPI)—Two men were pinned for 40 minutes in the wreckage of a car flattened by a semi-trailer truck last night—but got out without a scratch.

It took six wreckers and two other trucks to haul the semi-trailer back upright after it careened across the center line and toppled over on the car containing Mrs. Shirley Richardson, 50, and Mrs. D. Q. Baskin, 61, both of Temple.

A preliminary hearing was

MARKETS AND FINANCE

Stocks

NEW YORK. Nov. 17 (UPI)—The stock market closed higher to end its week with early gains and its best gain since Oct. 20. Trading was active. Total volume was 28.6 million shares, up 4.7 million shares, or a one-point jump by DuPont—shading the best gain of 0—but beaten the averages.

The distribution of Dupont's remaining 25 million-share of General Motors stocks spurred the general gains, advanced 0.6, meanwhile, advanced more than a point, despite the resounding presence of the additional share on the market. Chrysler and Ford added fractions, although Ford's labor trouble remained unresolved.

Stocks moved ahead as a group, gains as the season wore on. Jones and Laughlin held its advance exceeding one point. U.S. Steel clung to a fractional advance. Bethlehem traded unchanged after erasing a small gain.

Midland Square Charcoal, marking another fractional gain, ended again as the most active stock.

The market reached its best point around midday, then pared off about 2 cents. Comsat rose about 2 cents.

Ahead around a point—again were Western Air Lines, Radio Corp. Control, Radio-Text, Corp., Harvester, Merck, Texaco, Philip Morris (dividends), United Carbide, Boeing and Lear.

Shares of Rockwell, two about 2 cents, Rockwell, two about 2 cents, Rockwell, two about 2 cents.

Aho and Union Oil of California also rose about 2 cents.

Prices of the American Stock Exchange were irregularly high, or in active trading.

Corporate bonds were mixed.

U.S. government bonds drifted slightly lower.

Final Week-End of Gridcasting Is Near; Hoople Trys Again

By MAJOR AMOS B. HOOPLE

At last it is here. The final week-end of the Times-News gridcasting content, bloodied and perhaps even a bit bowed, this will be the final time I have to compete with the peerless predictors from Magic Valley. Egad! They are frighteningly accurate. But Hoople does not quit. I think I shall

give myself another chance and predict the bowl games right along with the best of you. I usually play to the caliber of my competition. Ahem!

"On this our final week-end, the ballot is filled with treacherous traditional rivalries. Some give me pause, otherwise make me shudder. Of course, I selected the roughest of the collegiates to do.

"Those that bother me most are Kansas-Missouri, Pitt-Penn State-Pitt, UCLA-Taylor-SMU and Duke-North Carolina. I offer my congratulations beforehand to any predictor who can indicate that distance counts without at least one fall. I expect to however, Harrumph!

"This will be the last call for several steady contributors. Let me again outline the contest format. You must have won money or received an honorable mention in one of the 10 weekly contests to be eligible for the bowl competition. A list of eligible persons will be run when the bowl ballot is published on the Times-News sports page.

Now let us look at the week immediately past.

Hardin Starts Verbal War With Army

N.Y. Nov. 17—Navy's Coach Wayne Hardin threw the first spear in the traditional psychological tussle with Army Monday by bravely proclaiming:

"We've lost some battles, but we don't intend to lose the war."

"Everybody knows our season starts and ends on one day—the day we play Army," the outspoken Hardin added in an informal talk to the weekly meeting of New York football writers.

"If we beat Army, no matter how many earlier games we have lost, our season is a success. If we lose, no matter how many we have won, it is a failure."

"It is the game we have to win."

Army and Navy, both limping through disappointing seasons, meet in Philadelphia Nov. 22. Although Army has a 3-0 record and Navy, 3-1, the game remains a spectacle that attracts the attention of the entire country. Uncle Sam is an aluminum of both.

EASY WIN

LONDON, Nov. 17.—David Coventry, 24-year-old leading contender for the British lightweight title, jabbed his way to an easy 10-round decision Monday night over 30-year-old Tommy Tibbs of Boston at Royal Albert Hall.
