

Hostages
Rescued
In Congo

LEOPOLDVILLE, The Congo, Dec. 1 (AP)—White mercenaries have rescued from 165 to 180 rebel heat-guns in a cotton-growing region about 260 miles north of Stanleyville, a Belgian embassy spokesman said today.

The report came as the rebels fought back in Stanleyville, the capital insurgent capital seized a week ago. The airport was closed by rebel fire and most of the city was reported in rebel hands.

A fourth American missionary was reported slain by the rebels.

—William M. Chasenay, 28,

Phoenix. His parents in Phoenix said they had received reports from his organization, the World Wide Evangelical Crusade, that he was killed at Wainza.

The report of the latest rescue operation came just most of those rescued were being held.

There was no word from a fifth U.S. missionary who remained in rebel territory at Bopope. She is Mary Baker, Richmond, Va., whose unevangelized field mission is at Bala, Ovnywad, Pa.

The hostages were freed at Dungla and Dumball in the northern Congo.

Some of the hostages have already been flown to Leopoldville. Babil and Dingala are in the heart of a cotton-growing region about 100 miles north of the border.

Dogbane

Twin Falls mailmen have received an early Christmas present, but they probably won't be able to use it at least until after Christmas.

Postmaster Fred Bauer and the local postmaster have received a "surprise-of-a-lifetime," a dog derringer in narrow aerosol spray cans.

The solution inside is made up of mineral oil and extract of cayenne pepper.

A shot in the face is guaranteed to keep a dog at his distance, the post-office department claims.

Bauer said none of the many cans will be mailed.

He has been instructed in its use—probably not until after Christmas.

"Anyway," Bauer said, "we haven't had much trouble with dogs here since the dog leash ordinance went into effect, so it's not much of a problem locally."

CAP Marks Its 23rd Year In Existence

A 23rd anniversary meeting of civil air patrol will be held at the local headquarters, Joellin field, at 7 p.m. Wednesday.

The CAP observed its anniversary Tuesday.

Col. Dwight Shaw, Idaho wing commander, in announcing the meeting, said the community can well be proud of the service performed by the CAP in times of disaster.

The volunteer group works with the youth of the community to help them become better citizens and in teaching them the fundamentals of radio and aerospace education, Col. Shaw said.

Working in coordination with the U.S. air force, the CAP has earned the "largest volunteer group in the United States" status, according to an annual report.

The CAP was founded in 1941 as an official civilian auxiliary to the air force.

Members fly search and rescue missions, cooperate with civil defense agencies in national emergencies, flying and flying mercy missions to assist people and communities stricken by floods, hurricanes or other natural disasters.

The unit also leads the search for lost aircraft persons missing in the mountains and other similar rescue operations.

The Idaho wing has its headquarters at Joellin field, Twin Falls.

20 SHOPPING DAYS TIL CHRISTMAS

U.S., Red Spacecraft Race to Mars; Russian Ship in Trouble

PASADENA, Calif., Dec. 1 (AP)—U.S. and Soviet spacecraft raced toward mysterious Mars today but the Soviet vehicle had two serious handicaps: It was launched two days later and is not working properly.

If the power supply is only half what they planned, Zond 2 is in real trouble," said Dr. William Pickering, director of jet propulsion laboratory which built the U.S. Mariner 4 craft. The Soviet news agency Tass earlier had reported radio

reports indicated the Soviet probe's power supply

"is approximately 50 per cent below expected."

"If this turns out to be the case," Pickering said, "their Zond 2 may not have enough power to send back any useful data even if it passes close to Mars."

He said he did not have enough information yet to say whether the Soviet craft yesterday could overtake Mariner 4, launched Saturday.

Mariner 4 is scheduled to fly within 8,000 miles of Mars July 14, televising pictures which could answer ancient questions about the reddish planet, believed most likely of all others in this solar system to support some form of life.

Mariner 4 is racing now, its speed pre-set, moving in a perfect position for the next crucial stop in its 350-million-mile flight: a midcourse maneuver to refine its trajectory. It probably will come later this week.

The midcourse maneuver may increase Mariner's speed slightly. See MARINER SHOT, Page 2, Col. 5

Winner of Yule Contest Is Announced

Mrs. Coy Walden, 314 Blue Lakes Boulevard, won \$100 for voting the same as the judges in the Christmas window decoration contest.

First prize was won by the Mayfair shop, second was Cain's Furniture and Appliances and third was Hughes store.

The judges felt the window all were so well decorated that they selected three honorable mentions. Those awards went to Idaho Department store, J. C. Penney company, and Peacock Western Apparel.

The Chamber of Commerce reported approximately 750 persons voted. The second missing link box appeared mysteriously at the police station last week and the ballot in it was counted, too.

"United Fund Day" Scheduled in T.F.

Next Tuesday has been set aside as "United Fund Day" in Twin Falls. At a meeting of the UF board Tuesday morning in the Rogerson hotel State room,

reports were made by Robert Day for the Amalgamated Sugar company. Day reported that the drive at the factory would be completed by Friday. U. N. Terry reported

for the Twin Falls clinic, the national guard and part

of the attorneys. He stated the clinic had only three

cards to go, and would

then be 100 per cent. Other reports were made by Harry Old Cook on the highway department and district four of Idaho state police. He reported the police were 100 per cent.

Frank Faler reported on life insurance agents and said that all but six agents have pledged to date. He expects 100 per cent participation.

Joe Ryan reported on the fire and casualty agents, the Rev. Earl Middle on ministers. Mike Hamilton reported he and Dr. Louis were accepting the responsibility for certain 11 federal employees. Grant Russell and Oran Fisher reported on the special gifts division, and that they are spending this week working in that area.

The four majorities of the general drive made good reports, indicating continued success. Coley Parrish reported more than \$6000 came in from the rural areas, and that contacts still are being made.

Edith Roberson reported the official kickoff for the residential drive was held Monday and work is under way.

Idaho Solons Believe It Is Necessary To Reapportion House by Population

By EARL L. JESTER

BOISE, Dec. 1 (AP)—Legislative reapportionment is a problem that has no easy solution. To solve it in a way acceptable to the more populous counties means taking away representation that now gives the sparsely settled areas majority control.

Some suggested that no attempt be made at reapportionment, despite the court rulings.

"Let the court do it," said Ben Hebert, Ketchum, R. E. Bonneville, and their colleagues. If they have this much power we can satisfy them anyway."

Reapportionment of the Senate, now made up of one member from each of the 44 counties—is less popular. Only 33 per cent of those represented in the poll think the senate should be re-apportioned, even though the United States supreme court says it must be.

Reapportionment plan should include reduction in the number

of districts.

"I prefer," he said, "that it be done by the legislature without further intervention by the court."

Rep. Aden Hyde, R. E. Bonneville, said the new reapportionment plan should be based on population basis—it will disenfranchise Idaho's three

hostages.

"I believe the house present membership is too large," he said.

500 License Plates Sold Here by Noon

Formula to Avoid Showdown on Dues OK'd at U.N. Meet

UNITED NATIONS, N. Y., Dec. 1 (AP)—The United Nations announced today that agreement had been reached on a formula to avoid a U. S.-Soviet showdown in the general assembly on peace-keeping assessments. The announcement came a few minutes after the 112-nation assembly had been scheduled to open its 19th session. It was agreed that the assembly would transact only non-controversial business at the initial meeting.

Business at the meeting will include the election of a new president and admission of three new members. This would conclude the business of the day.

The agreement left hanging what would be done eventually about action to suspend Soviet voting rights in accordance with U. N. charter provisions dealing with back debts.

Secretary-General U. Thant said he achieved agreement with two major world representatives of the four big powers and other key delegates. Presumably they will continue negotiating while the general policy statements of delegations are made during the coming days.

Behind-the-scenes diplomatic activity was intense as the opening hour approached without a solution of the deadlock which threatened one of the gravest crises ever faced by the world organization.

Evidence of Red Aid In Saigon Reviewed

WASHINGTON, Dec. 1 (AP)—President Johnson and his top policymakers today reviewed "accumulating evidence" of increased support from communist North Viet Nam to red guerrilla forces in the south through the jungle trails of Laos, a White House statement reported. Johnson instructed Ambassador Maxwell D. Taylor "to consult urgently with the South Vietnamese government as to measures that should be taken to improve the situation in all its aspects," the statement said. The President also reaffirmed basic U. S. policy of "providing all possible and useful assistance to the South Vietnamese people and government in their struggle to defeat the externally supported insurgency and aggression being conducted against them."

The reference to the flow of supplies from North Viet Nam to the south appeared to confirm earlier speculation that the Government here was considering action against the communist supply lines in the mountain jungles of Laos.

But the statement stopped short of disclosing any policy decision by Johnson other than to say that he instructed Taylor to consult with the South Vietnamese government.

Johnson conferred with Secretary of State Dean Rusk, Secretary of Defense Robert S. McNamara, Vice President-elect Hubert Humphrey, CIA chief Alexander, and military advisers.

In a preamble to the formal agenda, Smylie said the governors are determined to "affirm the principle that the Republican party should promote policies designed to broaden its appeal so that it can truly become a majority force in the government of the United States."

"But we said," Johnson's lawyer said, "that the party has the right to rework the party platform and that they don't intend to usurp the prerogatives of the Republican national committee or the campaign and policy committees of the house of representatives and the senate."

It was through Williams that Reynolds explored the idea of a joint committee of the two parties.

Williams, chairman of the public-relations association, listed an agenda for the organization's meeting scheduled to open Thursday at the Brown Palace Hotel in Denver.

Alliance for Progress Program Is Explained

WASHINGTON, Dec. 1.—The Alliance for Progress is three things:

It is an idea, conceived in Latin America and given birth through the late President John F. Kennedy.

It is a weapon, designed to show the continent its deadly rents on the principles of Democratic freedom; not Communism.

But primarily it is a cooperative economic and social development program, backed by United States and designed for the Latin Americans to do their work.

First proposed by Kennedy in a speech on March 13, 1961, and created the following August at Punta del Este, Uruguay, the alliance began with a burst of enthusiasm. Then it sputtered. It quickly became enmeshed in governmental red tape. It was overly dependent on United States money. It was criticized from all sides.

"Alpaca, all progress, no," said the skeptics.

The alliance almost died with Kennedy on Nov. 22, 1963, in Dallas. He was, it is, its guiding spirit.

President Johnson tried to breathe new life into the alliance. He promised to double U. S. efforts in the alliance and called on the Latin Americans to do the same.

He pulled Ambassador Thomas C. Mann from the U. S. embassy in Mexico City and gave him three diplomatic hats—U. S. coordinator for the alliance, Assistant secretary for inter-American affairs, and personal adviser to the President. Johnson and Mann both encouraged the creation last March of an eight-man, multilateral alliance coordinating committee. It is known by its Spanish initials of CIAP.

Then suddenly, the alliance began to show progress. During 1964, its goals began to move from the planning sheets to reality in the cities, the rural areas and in the governments themselves.

The CIAP said this month that

100 million school books, 100 million dollars for regular income for 50 million people.

Three years ago, tax laws were revised in Latin America and education was made a top sport. This year, 12 governments revised substantially increased the revenue after strengthening their laws and their collection and enforcement systems.

Eleven countries have launched agrarian reform programs calling for land redistribution, improved marketing, transportation facilities and credit, and a closer look at scientific farming.

Other nations are following their example.

This does not mean the alliance is over the hump and assured of success. Nor does it mean

that all the Latin-American countries have emerged from the economic and social jungle. Far from it.

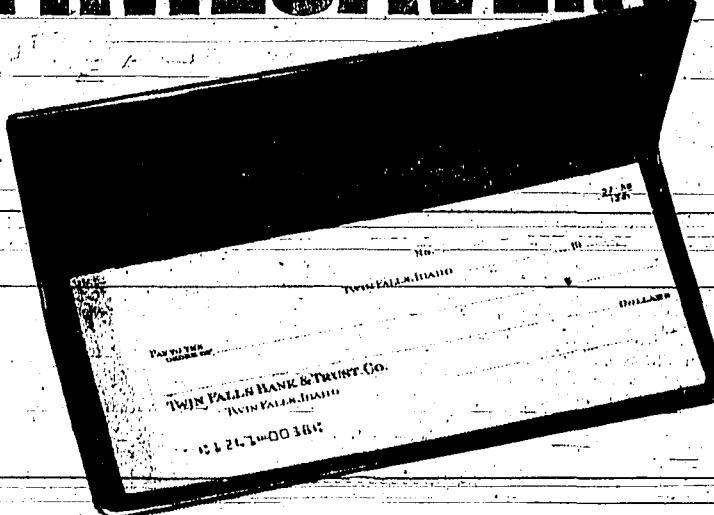

But the feeling is stronger than ever that the alliance goals can be achieved in 1965 to satisfy the basic needs of the American people for human, work and land, health and schools will be attained.

4 Arrested For Killing 35 to 40 Deer

WILLIAMSPORT, Pa., Dec. 1.—State game officials arrested four men yesterday on charges of widespread deer killing in what a western game enforcement official called the worst case of this kind in recent memory.

R. M. Morningstar, supervisor of the state game commission's north-central district, who said deerdeer had been killed, re-

ported the men were rounded up into the state's the two week duration. Morningstar, with 20 years as game protector, said more arrests may be upcoming.

When the arrests were made portion of 14 deer carcasses and

debris were found.

Arrested were Donald Litzelman, his brother, Donald Litzelman, and their cousin, Howard Litzelman, all of Trout run; and John Wickes, Williamsport.

Howard Litzelman was charged with killing and selling 23 deer,

and this was set at \$7,000.

Darcey Litzelman was released under a \$2,000 bail-on-charges of killing and selling 15 deer, six bucks, two does and one fawn.

Richard Litzelman paid a \$100 fine for illegal possession of a deer. Wickes was fined—in default of a \$50 fine—\$100 for the illegal slaying of five deer.

Male and Female Correctional Officers Needed

Examinations are now open for filling male and female correctional officers positions at federal, penal and correctional institutions announced Mrs. Agnes A. Stronk, examiner-in-charge, board of U. S. civil service examiners.

Male correctional officers are needed at various locations throughout the U. S., and women are employed only at Alderson, W. Va., and Los Angeles, Calif.

To qualify, applicants must pass a written test and must have had appropriate experience which required dealing effectively with individuals or groups of persons and which demonstrated the judgment and ability to take, supervise, instruct, or counsel persons.

All parcels should be addressed on-only-one-side-and-should-always have the address written on the inside of the package in care of the exterior wrapping should come off.

Sanger emphasized that ZIP coding, the addresses on parcels and letters help insure against loss due to improper addressing.

Since each area of the country has an individual ZIP code, there is little chance of a piece of mail destined for one city being directed to another city which may have a similar name. For example, there are at least 10 possible cities in the country which would have Springfield in the address. Use of the proper ZIP code will send mail to the right postoffice.

"We are asking everyone to be especially cooperative this holiday season. During the peak of the rush we expect that seven billion pieces of mail will be delivered during the month of December. That's quite a bit of mail!" the postmaster said yesterday.

Take the GTO, for instance. The greatest tiger of them all. Even real tigers cower when this baby speaks. It loads 335 horses under that hood. Plus bucket seats. Carpeting. Real walnut dash. And like that. Yet it sells for less than a lot of pussycats with imitation stripes. And of course the GTO's optional 360-hp engine puts it so far out in front of the pack that it goes kind of lonesome. Then there's the LeMans. Same kind of pizzazz. Same kind of crackle. Only with slightly smaller teeth. But don't worry, it can still handle the pussycats. If you haven't priced a tiger lately, you'd better. Now.

Navy Plane Crashes in Desert Area

FALLOON, Nev., Dec. 1 (UPI)—A navy fighter-bomber crashed and burned on the Nevada desert yesterday while the pilot circled low to guide rescuers to a fellow aviator who had crash-landed nearby.

A spokesman for the Fallon naval auxiliary air station said the two propeller-driven A-1 Skyraiders had been returning from a practice bombing mission.

One pilot, Lt. Col. W. E. Edson, reported engine failure. He landed his plane into the salt flats 20 miles from Fallon and escaped unharmed.

The other pilot, Lieut. (jg) Richard Keith Whitney, swooped his plane down to about 1,000 feet altitude and circled over Edson's craft to guide a rescue helicopter. The helicopter crew was picking up Edson when Whitney's plane apparently stalled, and plunged to the ground.

It exploded on impact and burned. Whitney was killed.

Both aviators were stationed at Alameda naval air station, Calif.

Cannon Gets More Votes in Nevada

RENO, Nev., Dec. 1 (UPI)—Independent Democrat Howard Cannon picked up 104 votes yesterday in his failed recount battle with Republican Lieut. Gov. Paul Laxalt for one of Nevada's U. S. Senate seats.

Cannon won the Nov. 3 election by 45 votes, but Laxalt demanded the recount after the state supreme court on Nov. 25 certified the total giving Cannon 67,338 to 67,283 for Laxalt.

Election officials in a Clark county (Las Vegas) precinct said yesterday Cannon received 100 more votes than originally credited him in the initial count because of late-located homes.

Clark county has about half the state's ballots.

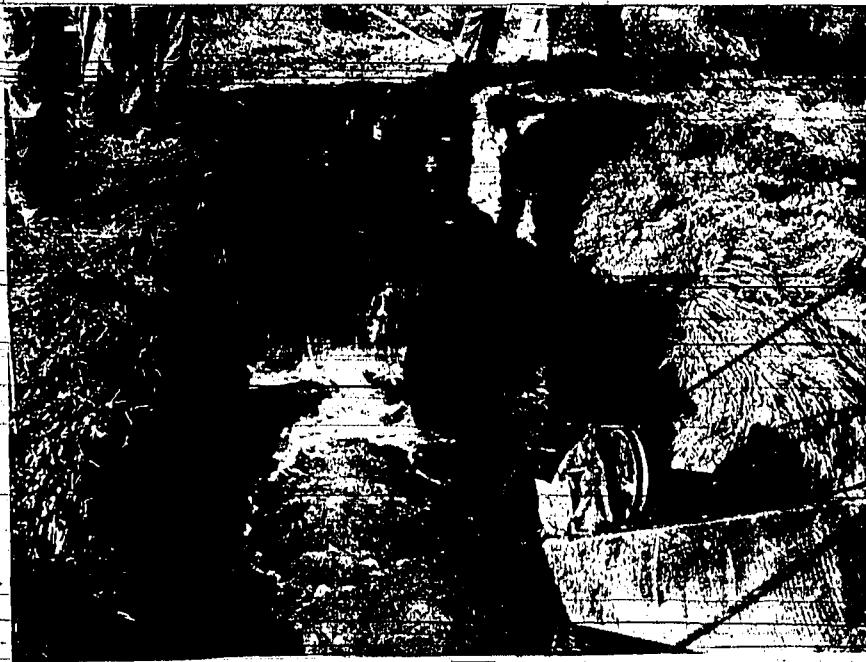

The error, along with gains from two counties which have completed the recount, gave Cannon a net gain of 104 votes with 15 counties still counting.

Washoe county (Reno), which cast about 20 per cent of the total, found no changes in its voting machines, but Cannon picked up a net gain of three votes in the recount board gave Laxalt 10 more than the original count and Cannon got seven less.

Attorneys for the two candidates challenged some 1,000 hand-marked Washoe absentee ballots on grounds of improper marks. They were counted and put in envelopes in the event they eventually must be considered by the state supreme court in a legal test.

WATER GUSHED out of a large hole gouged in a 30-inch mainline water pipe Monday morning when a "back-hoe" shovel was used in construction of the new city sewer system struck the pipe. City officials said about 500,000 gallons of water was lost when the line was gouged. Water covered some streets in South

Park and flowed over into Rock Creek canyon. Paul Newton, city engineer, said repairing of the line was completed about 2:30 a.m. Tuesday and interrupted water service restored. Newton said it is "too early" to determine a cost estimate of the damage. (Times-News photo)

Living Under Threat of Death in Congo Recounted

NEW YORK, Dec. 1 (UPI)—Four missionary workers from the Rev. Hector McMillan, Avermore, Ont., when he was shot and killed by rebels outside their mission house during the Stanleville massacre last Tuesday.

They arrived last night on a jet flight from Brussels to undergo medical examinations at a mission headquarters outside Philadelphia.

"All are members of the Un-evangelized Fields Mission, Inc., Bala-Cynwyd, Pa."

"I was in rebel hands for three months," said Paul Miller, a 30-year-old nurse. "I was held in prison for 30 days. I was hit on the head four times with a baton and threatened with death many times."

Mrs. Miller, a native of Pennsylvania who has worked in Africa for 22 years, and she would go to the Philadelphia headquarters for re-enrollment.

The other three missionaries are Canadian. They are Virgin Walker, a gray-haired Bible teacher, and Mr. and Mrs. David Grant, St. John, N.B. Miss Walker, who has been in Africa for the past 20 years, gave her permanent address as Mount, Ont.

MISS WALKER said she was sent yards away from the Rev. Hector McMillan, Avermore, Ont., when he was shot and killed by rebels outside their mission house during the Stanleville massacre last Tuesday.

She said that McMillan's wife and children had been ordered to remain in the mission house while the minister was escorted outside by rebels.

The women and children were told to stay in one room, "we were hidden there, and we were unable to sleep through the night," she said.

She said two of McMillan's children were wounded in the shooting inside the house.

The Grant couple was asked by photographers to "smile" for a picture. Grant said: "We've been very ill right. We're happy to be alive."

Grant, a builder, and his wife, who has been in Africa for the past 20 years, gave her permanent address as Mount, Ont.

Judge Orders Solon Jailed When in N.Y.

NEW YORK, Dec. 1 (UPI)—An angry judge today ordered Rep. Adam Clayton Powell, Jr., N.Y., arrested the minute he next steps foot into New York state.

It was the latest legal maneuver in the Negro congressman's fight to keep from paying \$46,000 in damages which won a slender judgment against him.

Powell had been ordered to appear in the criminal section of New York supreme court today to begin trial on charges he illegally transferred \$600 of his personal funds to his wife to avoid paying it to Mrs. Esther James as part of the slander award.

But the congressman failed to show up.

A previous warrant for his arrest, which had impeded him from serving on powerful committees, became effective on Friday, when a member of the Abyssinian Baptist church in Harlem, Jimmie Lee, visited his wife in New York on Sunday and immediately returned to Washington.

Justice Alfred J. Cawse, Jr., issued a new warrant today. Under terms of this warrant, it can be served at any time of the day or night, on any day of the week, anywhere inside the state of New York.

Survivors include his widow, one son, William Humphrey, two daughters, Deborah Ann Humphrey and Candace Marie Humphrey; one sister, Mrs. Frankender; all Berkeley, and one brother, Ray E. Humphrey, Twin Falls.

Funeral services were held Saturday at the Berkley-Hill Chapel, with Dr. Fred Stripp conducting the services.

TRANSPLANT PATIENT DIES

LEEDS, England, Dec. 1 (UPI)—Peter Lucas, who had a dead man's kidney grafted to him two years ago in an operation that won worldwide attention, died yesterday. He was 30 last Saturday.

Abandon NATO Plan, Solon Advises

SAN FRANCISCO, Dec. 1 (UPI)—The U.S. state department should abandon its proposal for a multi-lateral nuclear pact, Rep. Chet Holifield, D-Calif., said yesterday.

Holifield, a leading congressional spokesman on atomic affairs, will be chairman of the joint atom-energy committee in the 88th congress.

"In view of the obviously unenthusiastic reception (the MLF proposal) has received among most of our NATO allies," he said, "I fail to understand why a certain small group within the department continues to foster it."

Holifield told a news conference that he was not speaking officially for the atomic energy committee—but, he said, "most of the members feel the same way I do."

He said he and other congressmen "have a sharp doubt in our minds as to the military value" of the MLF, "and we also doubt the wisdom of having this lead to another decision."

The United States would sponsor a fleet of nuclear-armed ships manned by multinational crews from the various NATO allies.

Holifield, who is here to address a meeting of the atomic industrial forum conference, said the MLF proposal has been the project of a small group of state department insiders from the Eisenhower administration.

Haggerty's Not Involved in Terry Lawsuit

Elmer J. Haggerty, Twin Falls avenue west, said Monday that neither his name nor that of his wife are on the preliminary note which is involved in a suit by U. N. Terry.

The Idaho News reported Sunday that Terry had filed a \$2,584.32 suit against Mr. and Mrs. James L. Corney, Northeast Farms, Hixie-wide Adjustment Bureau, Inc., and the Haggerty's for payment of a promissory note issued Feb. 12, 1959.

Haggerty said that his name and that of his wife were mentioned in the legal paper due to the fact that they currently occupy the property owned by Terry. He and his wife, Mrs. Terry, were not in Twin Falls in 1959, having arrived here in 1962.

Burley, Rupert Schedule Clinic

BURLEY, Dec. 1 (UPI)—A 14-year-old Meridian man who was injured yesterday after rescuing his two small daughters from his burning home was reported in fair condition today at a Boise hospital. Molvin Hodges sustained head wounds and burns about the face and shoulders in an explosion that leveled the frame structure. Witnesses said Hodges carried the two girls, Ronnie, 1, and Marla, 3, to safety then went back into the house to look for his three sons who he feared were trapped in the fire. They said he was apparently struck on the head by a board when an explosion tore out two walls of the house. He was dragged to safety along the road after the explosion after the election. Plaintiff Judge Merlin H. Young ruled in favor of Crowley, and White appealed.

A JUNE BIRTHDAY will be held throughout the day and a public concert will be presented at 8 p.m. Friday in the Burley gymnasium.

Conductor of the joint 150-member band will be Ralph Laycock, Brigham Young university, Provo, Utah. The approximate 500-voice combined choir will be directed by Norman Logan, University of Idaho.

The public is invited to the evening concert. A small admission will be charged.

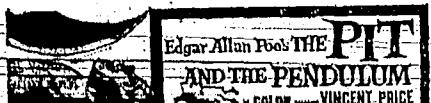

Mrs. Jacoby Is Honored at Rites

JEROME, Dec. 1 (UPI)—Funeral services were conducted for Mrs. Alice Pease Jacoby at 3 p.m. Monday at the Hove funeral chapel by the Rev. Ralph R. Petherell.

Mrs. Dolores Jacoby was the soloist and accompanist. Pallbearers were Judge Charles Scogin, Darroll Schnitter, Lester Schnitter, Clarence Fallon, Abe Calkins and Don Snow. Final rites were at the Sunset Memorial Park.

News Around Idaho

BOISE, Dec. 1 (UPI)—The November paycheck of state employee John Ward will reflect two new tax exemptions—one for old age and the other for a newborn son. Ward, an employee of the department of commerce and development, observed his 65th birthday during the month, and again became the father of a son, he Chester Charles Ward Jr., a 10-day-old veteran, who celebrated his birthday by passing an eye test for his driver's license with perfect vision.

BOISE, Dec. 1 (UPI)—An increase from \$51,861 to \$54,056 in the 1965 promotional budget of the state department of commerce and development has been recommended by the agency's advisory council. The council, which met in Boise yesterday, noted that the 1965 promotional program will be supplemented by approximately \$37,000 worth of industrial development and tourist literature paid for with 1964 funds. In a breakdown of proposed 1965 spending, Liquid Shadwick, department executive secretary, said \$14,216 will be allotted for advertising in trade magazines; \$3,000 for trade newspapers; \$4,000 for publicity; \$10,000 for department publications; \$4,500 for industrial field trips; and \$35,500 for special promotional programs.

BOISE, Dec. 1 (UPI)—The lifting of retail sales restrictions on Vick's inhalers has been announced by the state board of pharmacy. The board, which ordered last month that Vick's inhalers be sold only on a doctor's prescription, said it decided to lift the restriction after a thorough investigation. It said, however, that prescriptions are still required for the purchase of Vick's, Wyoming and Dristan inhalers.

BOISE, Dec. 1 (UPI)—The state fish and game department reports deer and elk hunting is still legal in two management units and that the deer season will remain open through Dec. 15 in nine units. The agency said units 26 and 27 are still open to mule deer units.

BOISE, Dec. 1 (UPI)—The Idaho supreme court was considering today arguments presented on an appeal from a lower court ruling in a dispute over who is the rightful probate judge of Boise county.

Attorney Robert Koenig, who contends the ruling has left in doubt the status of every appointed official in the state holding elective office, asked the court to settle the dispute by ruling that William W. White is entitled to serve as probate judge until Jan. 11. But Probate Judge-Elect Aeriel Crowley maintained he is entitled to take over the office immediately.

He clearly declares that when a person is serving in elective office by appointment, the person elected at the next election takes over immediately after election. White was appointed probate judge in 1963 when Crowley resigned to serve a church mission. Crowley returned and won election Nov. 3. He went to court when White refused to give up the position after the election. Plaintiff Judge Merlin H. Young ruled in favor of Crowley, and White appealed.

ATRIEDMAN, Dec. 1 (UPI)—A 48-year-old Meridian man who was injured yesterday after rescuing his two small daughters from his burning home was reported in fair condition today at a Boise hospital.

Molvin Hodges sustained head wounds and burns about the face and shoulders in an explosion that leveled the frame structure. BLACKFOOT, Dec. 1 (UPI)—The skeletal tests were given today to persons to be identified with the death of Susan Hinman, 16. The girl's body was found a week ago in Spring Creek on the Blackfoot Indian reservation. Sheriff Alvin Head said most of the persons tested were not directly involved in the case. The tests were to be administered by Kenneth Barkley of the Idaho state police. The Blackfoot girl vanished Oct. 29 when she went grocery shopping in the family car. The vehicle was found that same night about three blocks away. It had been driven about 65 miles. Head said investigation had established that the car was at what was known as Conover dam on Blackfoot river, four miles south of town. He said a drive from Blackfoot to the dam, then to the Cable bridge on the reservation by way of the Fort Hall Agency, the return to Blackfoot added up to 65 miles. The sheriff said that at least one good fingerprint had been obtained from the car.

Mild Form OF Meningitis Strikes Child

BOISE, Dec. 1 (UPI)—A 21-month-old boy, the son of an infantry instructor here, has been stricken with a mild form of meningitis, the army said today.

However, a spokesman said, the type of meningitis is not the same as that which has stricken 105 others at the base this year and killed 15.

The boy, Steven J. Rudd, son of Spec. 5 and Mrs. Donald Rudd; and his wife, Mrs. Ruth Rudd, were admitted to the post hospital Sunday night. A hospital spokesman said the ailment was diagnosed as meningitis and the child was in a "stable condition" between the infant's meningitis and the type of meningitis which has afflicted others at the base.

The army closed down its basic training operations for two months yesterday in an attempt to halt the spread of the disease.

Williams Still Critical; Doctors Say He May Be Fighting in Six Months

HOUSTON, Dec. 1 (AP) — Doctors said Monday heavy-weight boxer Cleveland Williams — critically wounded in the stomach by a blast from a policeman's pistol — may be fighting again in six months. Williams, 31, the No. 2 ranking heavy-weight, underwent nearly six hours of surgery after being shot by highway patrolman Dale E. Witton in a scuffle about midnight Saturday. Witton, 30, said Williams struck him and tried to flee after the boxer was arrested on suspicion of driving while intoxicated.

GAMES TONIGHT

Three high school games will open the Music Valley basketball season Tuesday. Shoshone will entertain the Gooding Senators; Carey will be at Wood River of Huley, and Hailey River will host the Burley Jaycees.

Ideas will meet Washington State and Idaho State takes on Utah State in the opener for the state's two universities.

Morton and Garrett Top PAC Offenses

SAN FRANCISCO, Dec. 1 (AP) — A towering power and a stocky runner dominated the Pacific Athletic conference's individual statistical race section.

California's Craig Morton, 6 feet, 4-inch quarterback, led the PAC in passing and total offense while Southern California's Mike Garrett, only 5-foot, 9 inches, paced the loop in rushing and scoring.

End Jack Schraub of California and quarterback Dave Lewis of Stanford also won individual titles for pass catching and punting, respectively.

Morton netted 3,121 yards, passing on 185 completions, 308 attempts to beat out Southern Calif.'s Craig Ferlic and Oregon's Bob Berry for the aerial title. Ferlic's passes got 2,974 yards compared with Henry's 1,478.

Morton lost 220 yards on the ground mostly while attempting to pass, but his throwing still was enough to give him the total offense title with 1,883 yards.

Ferlic again was second with 1,695 yards, trailed by UCLA's Larry Zeno with 1,600 and Berry with 1,533.

Garrett netted 848 yards on 217 carries in winning the rushing title by a scant 19 yards over Stanford's Ray Handley, who carried the only 34 fewer times. Clarence Williams of Washington State had third with 322 yards and netted a 5-yard average per carry compared with Garrett's 4.4 and Handley's 4.8.

GROUP MEETS

NEW YORK, Dec. 1 (AP) — Representatives of 50 thoroughbred race tracks in the United States and Canada open Tuesday the annual Thoroughbred section of the Thoroughbred racing association.

In his own mind that the only reason Williams tried to get out of the police car is "the big guy was afraid of what I might say to him when I found out he was in jail. He was scared to death," Williams, who said he was going to demand a complete investigation of the incident, indicated the injury will cost at least one million dollars in lost earnings.

Also signed were Arizona defensive back Floyd Hilltop, the Bills' No. 10 selection; two 12th round selections — Auburn tackle Chuck Hurton and Wichita linebacker Pete Miller — and one of last year's futures, Notre Dame end Paul Costa.

Pastrano Retains Light Heavy Crown

MANCHESTER, England, Dec. 1 (AP) — Light heavyweight champion Willie Pastrano of Miami retained his title by stopping Terry Downes of London in the 11th round of a 16-round bout. The 29-year-old American dropped the 28-year-old Briton twice in the 11th

round Monday night to why a technical knockout. Until the 11th, the aggressive Briton had given the clever champion rugged battles.

It was Pastrano's second defense of the 175-pound division crown and his second straight

boxer but a light-hitter.

This was his 13th knockout, most of them of the technical variety. His record is 63-10-3.

Pressed through most of the fight by the swarming Briton, Pastrano brought the sellout crowd of 6,000 in the Hells Vue stadium to its feet when he opened up in the 11th with a technical knockout.

Pastrano won the title 11 months ago on a 15-round upset decision over Harold Johnson at Las Vegas, Nev. In his first defense — he stopped Argentina's Gregorio Peralva on cuts in the 10th round at New Orleans last April 10.

Downes, a partner in a string of betting shops, had won seven straight bouts since he lost his share of the world middleweight title to Paul Pender in Boston in 1962.

Pastrano, who weighed 174½ pounds to Downes' 171, is a fine boxer but a light-hitter.

Once again it was a fight that did the damage. Referee Andy Smythe of Ireland then stepped in and halted the fight at 1:12 of the 11th.

The Associated Press' scorecard had Downes leading in

rounds, 8-3 with two even. The AP gave Pastrano the first, fourth and eighth rounds and Downes the third, fifth, sixth, seventh and tenth. The second and ninth rounds were called even.

If it was for the World Boxing Association's heavyweight championship.

The question was put to both

Pastrano and Patterson at a press luncheon to announce the formal signing of their four-

12-round bout at Madison Square Garden Jan. 20. The match had been announced previously and the luncheon was the opening of the ballyhoo campaign.

Asked if he would fight again if he didn't get the recognition, Pastrano said, "I'd do it in my

power."

For the sequel was put to his manager, Dan Florio, who was sitting next to Patterson.

"No comment," Florio said.

Chuvalo Wants Shot At Terrell Next

NEW YORK, Dec. 1 (AP) — Canadian George Chuvalo said Monday he'd like to fight to have the situation — an unscrambled in April, but still heavily wounded champion — to say if he would meet Terrell even if it was for the World Boxing Association's heavyweight championship.

The question was put to both Chuvalo and Patterson at a press luncheon to announce the formal signing of their four-

Alabama Rated Nation's Best Over Arkansas as Notre Dame Takes Third

By The Associated Press

Alabama's all-conquering Crimson Tide was named the national collegiate football champion today, edging out unbeaten Arkansas by a paper-thin margin in the balloting by a nation-wide panel of sportswriters and broadcasters. Mighty 'Bama, which was supposed to be in a building year, gained 3416 first-place votes and 565 points on the basis

on 10 points for a first-place vote, nine for second, eight for third and so on. Arkansas received 114 first-place votes and 464 points. It was second on practically all the other ballots—with one selector splitting his first-place vote between the two contenders on this last of the weekly Associated press polls.

Notre Dame, the leader for the last few weeks and deprived of a storybook finish by last week's 20-19 upset by Southern California, was third with 404 points and six first-place votes.

Big Ten champion and Rose Bowl-bound Michigan got the other three first-place votes and finished in fourth place with 400 points.

Paul (Bear) Bryant, the Alabama coach who played the other and from the immortal Don Hutson for the Tide in the mid-30s, was hibernating in the Alabama back woods waiting for the word on the final balloting and was not immediately available for comment.

Bryant, who now has two national championships in the last four years, at Alabama after finally coming home from way stations at Maryland, Kentucky and Texas A & M, had maintained all along that Alabama deserved the top spot.

"We've had the best when they were at their best," Bryant said when the Tide finished their season Thanksgiving, competing in a 10-game regular schedule, up-and-down Auburn, Arkansas, under Coach Frank Broyles, meanwhile, who was beaten through 10 games unblemished.

The Pokes, who have never won a national championship, got by Oklahoma State, Texas, Texas Christian and Baylor, then reached their peak with a 14-12 triumph over previously unbeaten, then top-ranked and defending national champion Texas.

Their brilliant defense, a perfect complement to the offense on an excellently balanced team, shut out the last five opponents—Wichita State, Texas A & M, Rice, Southern Methodist and dangerous Texas Tech.

Even with that brilliant record, however, the Pokes never reached the No. 1 spot and spent most of the last half of the season in the No. 3 spot.

The key to the whole thing, of course, was Southern California's upset of Notre Dame in both teams' final game of the season.

The Irish, among the national also rans for several seasons, had lived AFE parenthesis from northwestern to rebuild their football fortunes and the youthful Armenian had forged a 9-0 record and the No. 1 ranking going into the game.

But Southern Cal storm from behind—a 17-0 deficit—beat the Irish and set up the ballot duel between Alabama and Arkansas.

1. Alabama (34½) (10-0) 515½
2. Arkansas (11½) (10-0) 486½
3. Notre Dame (0-0) 442
4. Michigan (3) (8-1) 400
5. Texas 9-1 322
6. Nebraska 9-1 235
7. Louisiana State 7-1-1 202
8. Oregon State 8-3 133
9. Ohio State 7-2 97

Auburn, Florida State, Georgia, Georgia Tech, Illinois, Oklahoma, Oregon, Princeton, Penn State, Tulsa, Syracuse, Utah, Washington.

Chad Brownning, director of parks and recreation, asks all interested persons to attend.

DETROIT, Dec. 1 (UPI)—The University of Detroit, where football has been a loser on the field and at the cash register, said today it is dropping the sport.

Over the past three seasons the football Titans have won six games, lost 21 and tied one. The school won three of its 10 games this year.

The very Rev. Laurence V. Bitt, S. J., president of the school, said the football program this year lost "well in excess of \$5,000."

He said the university "does not have money and does not know any prospects of having any prospects of having the substantial funds that would be required to continue football at even its present level."

Father Bitt said average attendance at U-D football games had dropped from 15,000 in 1958 to 11,200 this year.

Majors Pick 63 in Annual Player Draft

HOUSTON, Dec. 1 (UPI)—Duke, farmhand at Syracuse Carmel, a cocky outfielder called to the minors by the New York Mets for sassing Manager Casey Stengel, was one of the players selected Monday by the major league baseball draft.

The majors, led by the Washington Senators, acquired 63 minor leaguers, a record-tying number, for \$372,000. Only four were picked in the regular draft for \$25,000 each. The others were first-year men purchased for \$15,000 each.

Jim Dickson, a pitcher who had been up briefly in the major leagues with the Houston Colt 45s in 1963, was the only player picked. The Kansas City A's, who shelled out \$25,000 for the 26-year-old right-hander, who posted a 2-4 average, he walked 12 batters and drove in 34 runs in 70 games.

The Senators selected seven players, more than any other club. But the Colts, who picked six, spent the most money. They paid \$23,000 to \$45,000 for the Senators. Kansas City also took six players at a cost of \$45,000.

Hoople Draws up "Formidable" Ballot for 1964 Bowl Contests

By MAJOR AMOS E. HOOPLES
At least we attain the moment of truth. It is bowl casting time and the Times-News has formulated one of the most formidable ballots every thrown into the teeth of Magic Valley's final prognosticators.

Before all of you start picking up your pencils to enter, let me inform you only those listed below are eligible. The eligibility

list includes money winners and honorable mentions—for our 10 points for a first-place vote, nine for second, eight for third and so on.

Arkansas received 11½ first-place votes and 46½ points.

It was second on practically all

the other ballots—with one selector splitting his first-place

MARKETS AND FINANCE

Stocks

NEW YORK. Dec. 1 (UPI)—The stock market closed with a moderate gain yesterday.

It was the most drastic drop in six consecutive days of decline.

Volumes for the day were estimated at 4.7 million shares, compared with 4.87 million yesterday.

Prices were down from the start but the fall accelerated after midday.

Brokers said the market was showing its displeasure over tighter money rates. The situation was far from clear-cut, however, last week sent the market into a nosedive.

Chrysler, up more than a point, appeared likely to be the most active stock of the day.

Also very active was Comptel, which had been held high after opening of trading was delayed in an accumulation of orders.

Trading also was delayed in Chicago and North Western, which followed up its plunge of nearly 6 points Monday with a loss of more than 4 Chicago Great Western lost more than 8 points.

Homestake Mining, actively traded, held a gain of a point.

Losses of around a point were taken by Cerro, Time, Bear, Hoechst, Caterpillar and Air Reduction.

Xerox gained more than a point and International Business Machines more than 2.

The New York Stock Exchange was irregularly high in moderate trading.

Estimated carlot receipts were wheat 8, corn 72, barley 8, soybeans 7 and oats and rye none.
