SAIGON, Dec. 29 (UPI)—Communist machine gunners turned the Vietnamese sky into a shooting gallery today, bringing down three U. S. helicopters and wounding six American crewmen. A U. S. military spokesman said five of the wounded were in "good condition" and the sixth was "serious". He said the sixth American had a "serious" knee wound. The three American helicopters were shot down and two others hit by red groundfire this afternoon as they tried to airlift Vietnamese troop reinforcements to a village which had been occupied by communist guerrillas for the second time in three weeks.

Viet Cong Free Sugar Cane Expert

SAIGON, South Viet Nam, Dec. 29 (UPI)—Communist guerrillas today freed a Filipino sugar cane expert from the U. S. aid mission and his wife. The expert, Joseph W. Granger, 50, was an American field representative. The Philippine, Eligio Laugico, 40, was captured by American officials brought him back from the coastal city of Qui Nhon. They advised him to talk to newsmen, but he said Granger was "taken over" by the Viet Cong. Laugico twisted his hands as he waited for transportation from the airport. He said his hands were tied behind his back for most of his captivity.

Humphrey Resigns From Senate Post

WASHINGTON, Dec. 29 (UPI)—Senator Humphrey formally resigned today as a Democratic senator from Minnesota. The resignation clears the way for the appointment by Gov. Carl Rolvaag of Walter Frederick Mondale, 30, Minnesota attorney general, to serve during the remaining two years of Humphrey's term. Humphrey's announcement came with the release of a letter to the governor, dated last Wednesday, saying he was resigning from the office of senator upon the appointment of a new senator effective Wednesday.

20 Hostages Rescued by Mercenaries

PROPOVIDVILLE, the Congo, Dec. 29 (UPI)—White mercenaries today rescued 20 hostages from a bank in Wamba and rescued more than 120 white hostages. But they reported about 10 white hostages were slaughtered by Congolese rebels. The mercenaries seized Wamba 10 hours after dawn this morning following a drive of more than 200 miles from Stanleyville, former capital of a communist-backed rebel Congo. The column reached back that night and 150 European hostages close to release had been freed. But the mercenaries said they had discovered the rebels had butchered several hostages on Christmas Day.

Funeral Set For Victims Of Accident

Funeral services for a Twin Falls couple, Joe Wilford, 35, and his wife, Margaret, 32, who were killed early Monday when their car crashed into a tree, have been scheduled for 10 a. m. Thursday in Twin Falls mortuary chapel. The Rev. Thomas Taylor, St. Edward's Catholic church, will officiate. Rosary will be recited at 7:30 p. m. Wednesday at the chapel, and final rites will be held at Sunset Memorial park, Mr. and Mrs. Wilford, 2141 Edwidge avenue, were killed at 12:50 a. m. Monday on U. S. Highway 30, about a mile north of Twin Falls. They were alone in the car at the time of the accident, both were dead on arrival at Magic Valley Memorial hospital.

Colon Praises McNamara's Reserve Plan

WASHINGTON, Dec. 29 (UPI)—BARRY GOLDWATER, Republican senator from Arizona, today praised Secretary of Defense Robert S. McNamara, his personal chief for his program of the army reserve in the national guard. He also commended McNamara, but with some qualifications, on the steps being taken to down unneeded military units.

Snow Blocks Food Airlift to 500 for Third Straight Day

SAN FRANCISCO, Dec. 29 (UPI)—For the third straight day a snowstorm blocked an urgently needed food airlift for 500 refugees cut off in remote Siakiyou mountain canyons by the coast's disastrous Christmas week storms and floods. The plight of the refugees, isolated for nine days on the Klamath and Salmon rivers in northwestern California, was the center of critical immediate need in the ravaged four-state region.

Report Meet Called On Minidoka Damage

Mop-up operations and repair work on road and canal damage caused in last week's flooding continued Tuesday in several Magic Valley counties. A public meeting is planned for 8 p. m. Tuesday in the Minidoka county courthouse, Rupert, to hear reports on the damage from the bureau of reclamation, county highway and Minidoka County Irrigation district officials. Burt Van Every, chairman of the Minidoka county commission, who called the meeting, said it is not yet possible to get complete and accurate estimates of damage.

Flood-Ruin Estimates Trickle In

BOISE, Dec. 29 (UPI)—Damage estimates from the week-long flood in Idaho are beginning to trickle in. The road damage is being reported by county commissioners, Van Every said. Mop-up operations are progressing in Fairfield, where water is still flowing down both sides of Main street. Rupert Lindsay, civil defense director for Minidoka county, said Tuesday he has asked for financial assistance through the state but has received no assurance that any federal funds can be recovered.

Property Tax Levies to Support Idaho Public Schools Are Listed by Districts

BOISE, Dec. 29 (UPI)—Operating expenditures in Idaho's 133 school districts average \$39 a year for each student, an average daily attendance but vary from a low of \$20 to \$103. To provide the funds for this support counties and school districts levy property taxes ranging from a low of 10¢ per \$100 assessed valuation to a high of \$4.25. The district's operating levy is \$7 and added to that are county levies of \$1 in Twin Falls and \$1.50 in Owyhee county. The district's operating levy is \$1.64. The district's operating levy is \$1.64. The district's operating levy is \$1.64.

Surprise Strike Is Called Against Southern Railroad

WASHINGTON, Dec. 29 (UPI)—The Brotherhood of Locomotive Firemen and Enginemen called a surprise strike today against the Southern railway system, spanning 13 states and the District of Columbia. Spokesmen for the AFL-CIO union claimed several hours after the strike began at 6 a. m. that the walkout was 75 per cent effective. The strike, in a dispute over the operation of some trains without firemen, caught government officials by surprise. A spokesman for the national mediation board, which handles railroad labor disputes, declined to speculate whether the government would intervene.

W. D. Brown, president of the union, said the strike was called without notice, apparently because "Southern is operating freight and yard engines without firemen only when no firemen are available. Brown said Southern has offered all its firemen that non would be eliminated except by promotion, retirement or dismissal for cause.

J. W. Jennings, vice president of the union, said the railroad started running some engines without firemen last Saturday despite an agreement to meet Jan. 13 to negotiate the issue. Reports of picketing calls in from various points along the 13-state Southern system, which services such cities as Washington, Atlanta, Birmingham, New Orleans, Memphis, St. Louis and Louisville.

Although the carrier began violating our contract at 12:01 a. m. Dec. 28, the Brotherhood refrained from strike action until today, when the holiday travelers would not be stranded, Jennings said in his statement. He said the carrier could have precipitated the crisis as early as Nov. 3, 1964, when progress of the Railway Labor Act would have permitted either side to move on its own on this issue.

In addition to the issue of operating locomotives without firemen or balpers as they are frequently called since diesel units became common—the union is pushing demands for a new contract. See STRIKE, Page 2, Col. 4.

U.S. Will Supply Egypt With Wheat

WASHINGTON, Dec. 29 (UPI)—Only five days after Egypt's President Gamal Abdel Nasser had told America in effect to "go to hell," the United States is going through with plans to provide him with 400,000 worth of surplus wheat. The agriculture department issued an authorization yesterday for the purchase of that amount of wheat under the food-for-peace program.

The department will pay cash for the wheat in the open market and Egypt will pay for the grain in its own currency, a part of which will be spent in the United Arab Republic. Although arrangements for the transaction had been made some time ago, the United States still could have stopped the deal after Nasser's speech of last week.

He accused U.S. Ambassador Lucius Battle of trying to put economic sanctions on Egypt and a cheering crowd in New York said: "Anyone who does not like our attitude can drink from the sea. And if the Mediterranean is not big enough, we will give him the Red Sea to drink, too." In Egyptian slang, to "drink from the sea" is the equivalent of to "go to hell."

Trio Hijacks Brink's Truck for \$223,000

CHICAGO, Dec. 29 (UPI)—The loot in the hijacking of a Brink's armored truck from a Roman Catholic church was set at \$223,000 today. The FBI and police investigated the possibility that the robbery was linked to an almost identical bank truck looting in New Jersey last week. A. S. Genet, president of Brink's, made the estimate of loot taken from the Brink's truck in suburban Norridge last night. Three masked bandits invaded the rectory of the Divine Savior church, tied up two priests, and lay in ambush for the money-laden truck to come for proceeds from Sunday's collections.

The holdup was almost a carbon copy of the \$138,000 robbery of a bank truck from in front of St. Anthony's Roman Catholic church at Paterson, N. J., a week ago yesterday. "There were three masked bandits in both cases. At Paterson they also invaded the rectory, bound the priests together, looted the church safe, ambushed the truck guards, and passed up bags of silver." Michael J. Spolito, acting chief of detectives of the Chicago police force, said it was possible that an eastern gang had come to the Midwest and pulled off a reenactment of the Paterson robbery.

If they did, they would have needed local talent, Spolito said. "This took planning. It's just as likely that a local holdup gang studied the Paterson job and was inspired." One of the gunmen pushed his way into the rectory and, when a Brink's messenger appeared, slugged him and got into his uniform and walked to the truck. The driver opened the truck door to him. "The driver should have not opened the door," Genet told the United Press International. "It was a human error. I suspect that it should not have happened. Everything other employees did was correct except for the opening of the door. The messenger was not at fault. He could not be blamed because he was ambushed." Genet said the driver was under protection from the firm. "Exactly a week ago, three bandits invaded St. Anthony's church rectory in Paterson, N. J., handcuffed four priests and a sexton, bound two guards and looted a bank truck of more than \$200,000 when it arrived to pick up collection money."

St. Edward's Student Back Here as Nun

After an absence of 15 years, Dorothy Chevalier has returned to Twin Falls for a short visit during the holiday season. Miss Chevalier, who is now known as Sister Monica, "Sister of Humility," Ottumwa, Ia., in 1951 she was graduated from St. Edward's Catholic school in Twin Falls and in 1955 she entered the convent in Ottumwa. She is the first student from St. Edward's to enter a convent and pursue a life in a religious order.

Early this week she and a companion, Sister Anita, arrived in Twin Falls, where they stayed at the home of her brother, James Chevalier, 161 Polk street. Most of the sisters' spare time during the past few days has been devoted to renewing old acquaintances in Twin Falls.

At present, Sister Monica is teaching first grade at a church school in Glendive, Mont., and her companion is teaching at Sidney, Mont. Sister Monica has been teaching for the past seven years and, as a rule, she is moved from place to place quite often. Several informal receptions have been given for the former Twin Falls resident and her companion at St. Edward's.

The two sisters will depart Wednesday for Montana.

Sage Trees

Sagebrush is a particularly plentiful and nearly useless type of vegetation in the uncultivated areas of Magic Valley. A few persons, viewing the almost limitless expanses of sagebrush in many portions of the West, have searched for an economical use for the plant, with little or no success. Yet there is a possibility for Twin Falls to capitalize on sagebrush at this particular time of year.

Sixty years ago, pioneers observed their first Christmas in Twin Falls. The first Christmas tree was a big clump of sagebrush. It was handy and in those days of horse transportation a rather formidable journey would have been required to obtain the traditional pine tree. It's a tradition worth perpetuating for Twin Falls.

It's the novelty that attracts attention and sagebrush Christmas trees offer the possibility of a novelty that would be remembered by all visitors to Twin Falls during the holiday season. Anyone who inquired about the sage trees could be told about the first local tree.

Sagebrush Christmas trees could be displayed in all the public places where an ordinary Christmas tree is exhibited. The publicity potential is considerable. Maximum exposure of the sagebrush Christmas trees could be obtained by using them in bus and airplane terminal buildings, hotels and motels, such public buildings as the city hall and courthouse and any stores that customarily use trees in the holidays. Anyone who didn't care to be explaining the sagebrush tree to visitors could prepare a simple printed explanation to be displayed near the tree.

The idea of a sagebrush Christmas tree certainly isn't new. More and more of them are used in private homes around Magic Valley every year. The trees have a slightly pungent odor and a rugged charm that appeals to those who use them. Supply offers no particular problem because sagebrush is available in any size or shape along the foothills to the south of Twin Falls.

More widespread use of sage trees offers a good publicity potential to Twin Falls in addition to perpetuating a holiday tradition. It's worth keeping in mind for the Christmas season of 1965.

PERSONAL MATTER

Juvenile delinquency and juvenile crime can hit any family, regardless of social position or financial means. Yet there are some circumstances thought to increase the probability of youngsters becoming entangled with the law. One of those factors is divorce and it has been widely assumed that children in families broken by divorce are far more likely to find themselves in difficulty. It's a generality that, like most generalities, is not necessarily true.

The Idaho department of health, charged with handling cases that come under the state youth rehabilitation act, reports children from broken homes are slightly more susceptible to delinquency. The department notes 11.6 per cent more children termed delinquent are from broken homes than in the general population of the state. Certainly the factor of broken homes has to be considered in delinquency, but the percentage doesn't indicate it's a major factor. It would seem delinquency is more of a personal matter.

Perhaps more important are conditions within the home. It's possible, as the department of health points out, that conditions in an unbroken home can be far worse than when divorce has separated the parents. The department concludes that emotional stability of the parents is worth more attention. Of course, it's more likely that an atmosphere of emotional stability will be found in the unbroken home because instability is one of the major causes contributing to divorce. It follows that instability on the part of parents is likely to be transmitted to children regardless of whether the marriage survives.

This leads to the contention of many persons that there is no such thing as juvenile delinquency—that parents are responsible for nearly every case in which youngsters stray from the accepted course. Yet here's another generality that fails in its application to many cases of juvenile misbehavior. It fails particularly in those cases in which no one can answer the question of self-blaming parents: "What did I do wrong?"

Perhaps the only generality that applies to juvenile delinquency is that it's a personal matter; that each case has to be considered individually with special attention to peculiarities of circumstances, environment and personalities.

NATIONAL WHIRLIGIG

Editor's note: Andrew Tully is on a brief holiday. The following items have been written by high government officials, members of congress and leading political figures.

BY SEN. PHILIP A. HART
D. Mich.
WASHINGTON, Dec. 28.—Most of us know how irritatingly difficult it is to deal with a salesman who distrusts a glib pitchman who is expert at giving the appearance of a bargain while skillfully dodging our attempts to make him prove it. And if we happen to buy his product anyway, we walk away with the nagging suspicion that we have been taken.

In the supermarket today, it is almost impossible to avoid this kind of salesmanship. Because the only salesmen in packages his puny arms can hold are the various sizes of packages are all competing for attention they tend to become constantly more shrill, more clever in their promises and less forthright with the facts.

BILL YOU TRUTH!—The truth in packaging bill that has been introduced in senate after a lengthy hearing and investigation is designed to give the housewife a chance to make a rational purchasing decision.

The bill, predictably, has had strong opposition from much of the food processing industry but Business Week magazine recently ran an article on the bill:

"Ever since Hart started stirring things up a couple of years ago, executives of companies manufacturing products found in the supermarket have been running to Washington to protest the bill. But, at certain times, they have been busy changing packages that Hart might object to."

And it is true that some manufacturers have improved their packages, most notably by printing the net weight on the front panel of the package instead of underneath or on top where only a persistent hunt can discover it.

OTHER PROVISIONS—Here are some of the other provisions the truth in packaging bill would offer, none of them, I think, outrageously unreasonable:

Packages should contain no illustrations that would deceive the consumer as to content. Chocolate chips, for example, should be as evident in the cookies as they are in the picture on the package.

No more "cents off" deals or "economy size" designations. These are printed on the manufacturer's label but imply false retail price. Too often, the consumer realizes absolutely no savings.

The federal trade commission will be authorized to set up weights and measures in which a certain product line may be sold. The standard weights, for example, selling in packages of 13 ounces, all under a pound. This makes it almost impossible for a housewife to figure the cost-per ounce of them all.

NO SLACK PACKS—Prevent the use of packages that might deceive the consumer as to content. This, for example, holding the four-inch candy bar, and would prohibit an unreasonable amount of empty space inside any box.

Establish "serving" standards. How much flit of sole, for instance, will "serve four?" One pound or four forksful.

NEEDED: THEOLOGICAL SEMINARY
One tangible result of the ecumenical movement has been the establishment of the Graduate Theological Union at Berkeley, Calif. It combines the graduate facilities of the seven theological seminaries in the Bay area into one graduate school offering doctorates in philosophy and theology.

It is within any range of the University of California—Berkeley, Calif. It combines the graduate facilities of the seven theological seminaries in the Bay area into one graduate school offering doctorates in philosophy and theology.

Being an article in last week's "Time" magazine concerning the success of the graduate school, a reader of mine asked me to write an article on the development of the Pacific Northwest. Not only is there no graduate school of theology in this vast region, there is no undergraduate school. Any young man in the Northwest who wants to enter the ministry must go to some other section of the country for his preparatory training. Having been trained elsewhere, he may or may not return.

It would be difficult to imagine this entire section of the country—this vast area for the development of the Pacific Northwest. POT SHOTS

IT GOES ON AND ON
Dear Pot Shots:
I just couldn't resist writing you after reading the letter from Doc Laver. I love my dog and my kids and I've tried to discipline both. The family has a lot of fun with our little dog, but the dog never comes up to me and puts his arms (or paws) around my neck with a mushy kiss, bear hug and a "I love you, Mommy!" He certainly can't help Dad with chores or watch and discuss bill games to the point of arguing.

TURN IT OFF!

Seems to me that the people who can make it rain are all here in the West.
If they can make it rain, why can't they stop it or send it east where they need it so bad?

I have not followed the entire discourse between "J. Keopets" and "S.O. Dooney." But it rather sounds like S.O.D. is having her intentions and beliefs misunderstood.
This is an eens-old curse, S.O.D. Don't be disheartened and don't cast pearls before swine. Charly and kindness are best kept secret. In this world, anyway.
I am sorry that you feel beaten over this affair, and that now you intend to "pass through." It's probably hit your car, a pool of life and reason all year. Believe me, you'll set a pattern and be able to pass through every place on Earth. Do you want to?
I'm also perturbed that you are sorry for yourself over the denial of your desire for children and motherhood. Think of all the dear, trapped, ill-equipped little mothers who wonder about their circumstances and envy yours... Ben There (Twin Falls)

WASHINGTON, Dec. 29 (UPI)—The war on poverty is now under way in earnest and "from here on out, we'll be moving ahead very rapidly," Gargent Shriver said Monday.

Shriver is director of the office of economic opportunity (CEO), a new federal agency which congress has authorized to coordinate nine programs in the war on poverty. He said in an interview with UPI that hundreds of additional projects are already in the mill, and all of the money provided by congress will be committed before the end of the fiscal year.

THE OEO HAS 784 million dollars to spend by next June 30. So far, Shriver has allocated 177 million dollars of it to 212 different projects.

A—A blood sugar test taken before breakfast should be 60 to 90 and two hours after breakfast it should not exceed 120. If you are probably mildly diabetic. A glucose-tolerance test should be made to confirm this. Your diabetes, if that is what your tests show, should be fairly easy to control but my advice is to eat a diet without the use of insulin or other drugs.

Interpreting the News

BY LYLE WILSON
United Press International
Arizona is doing the necessary toward making the state's next generation of teen-agers the most intelligent, best educated, least delinquent of that age group in the United States.
The bleeding hearts of social reform should inquire into what goes on in Arizona. Why? Because it goes on in a dynamic reform in elementary education. The objective of reform is to teach the little kids to read. On the basis of results to date the objective is being attained. This is very good news indeed because it is not nonsense to believe that intelligent, well-educated citizenry is the best defense of the American way of life, come war cold or hot.

No matter how intelligent a kid may be, he cannot hope to become a well educated, or well equipped citizen unless he learns to read. The little Arizona kids were not learning and that is why Mrs. Bettina Rubalcava, of Scottsdale and others moved to shake up the Arizona schools. Mrs. Rubalcava (her husband is Madison avenue's Raymond Rubicam) fostered an organization called Arizona Citizens for Strengthening Public School Education (ACSPSE).

The inclusion of a required course in phonetics at Arizona State university where teachers are trained. Phonetics is the tool of choice by which young children are introduced to the alphabet—the source of letters, the association of letters in other sounds, the creation of syllables by a combination of letters and the pronunciation by a combination of syllables.

A wildfire spread across Arizona, school districts of the phonics system of teaching reading.
—A really astonishing improvement in the reading level of kids.
—The improvement in reading level was accompanied by improvement in the academic area.
Mrs. Rubalcava and her class take care of the phonics system that no child can make useful academic progress if he cannot read. Openness to answer that proposition is not a wrong-headed idea. However, until phonics is taught the little kids to read the so-called look-say method which requires a little to memorize the outlines of words added to his vocabulary may not be the best way. This leads to confusion because of an inability to distinguish easily between words such as argon and argon, monkey and monkey, funny bunny, English is not a picture language.
Arizona claims to be among the 50 states in the race to which it is slouching. Mrs. Rubalcava and her class can and should be doing it. Monetary school children do not learn to read because of high school dropout and the unemployed juvenile delinquency rate is high. Phonics is one of our greatest social and economic problems.
ACSPSE came into being because Arizona parents and teachers believe the little kids were not getting the best of good lives. If you have the problem in your town, you need information on how to do about it. You can obtain that information from the Arizona Reform Foundation, 35 N. 44th street, New York, 35, N.Y.

Poor Man's Plato

BY HAL BOYLE
NEW YORK, Dec. 29 (UPI)—A columnist might not know if he didn't open his mail: Someone has discovered or at least claimed—that the average U. S. housewife spends 40 hours yearly in the kitchen whereas her husband, if he worked a 40-hour week, would spend only 2,000 hours on the job. The only explanation is that she is taking women longer and longer to thaw out those appetizing dinners.
And if someone gave you a million dollars in one lump sum, what would you do? Count it, of course. And how long would it take you? Well, on a 40-hour week basis, it would take you seven weeks to find out how rich you were.
Plato spent half their earned income on food. Americans spend only 10 per cent and are still too fat.
Here is a surprising fact that may have escaped your attention: The average man goes to the store from right to left, inter one line went from left to right and the next from right to left, but after about 500 B.C. all lines went from left to right.
Plato noted: "Life is a voyage," said Napoleon Bonaparte. Seneca, the Roman sage, said existence was "a state of warfare," and E. B. White described life as "a sentence that begins with a yawn."
The Bible says life is "a vapor that appeareth for a little time then vanisheth away," and Irving Berlin put it this way, "It is 10 per cent how you make it."

Guard Units Lift Ban On Negroes

WASHINGTON, Dec. 29 (AP) — The chief of the national guard today said all 50 states with Alabama and Mississippi falling behind — have dropped bars against mixing Negroes and whites in their guard units.

The national guard of all states, the District of Columbia and Puerto Rico is now integrated, Gen. Winston P. Wilson, chief of the national guard, said today.

All restrictions, whether by law or administrative regulation, barring membership for race, religion or national origin, have been eliminated in the national guard, he added.

GEN. WINSTON P. WILSON, chief of the national guard bureau, said all 50 states have dropped bars against mixing Negroes and whites in their guard units. The last two states to lift restrictions were Alabama and Mississippi. (AP wirephoto)

Wilson, chief of the national guard bureau, acknowledged that there had been "only token integration in some areas so far."

At Wilson, an air guard general from Arkansas, contended that token integration "represents a milestone in the history of the national guard."

President Johnson and his committee on equal opportunity for the armed forces said last Sunday they were encouraged at Wilson's desegregation of the guard. They strongly indicated they were not satisfied with token integration in some states.

Brig. Gen. Francis S. Greenleaf, deputy chief of the bureau, said "We expect progress to continue."

Eighteen months ago there were 10 states that had not integrated their guard organizations. They were Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee and Virginia. The drive to persuade these states to integrate began in earnest when Wilson became guard bureau chief in the summer of 1963.

It was a slow job of missionary work, done through personal contact and conversation where

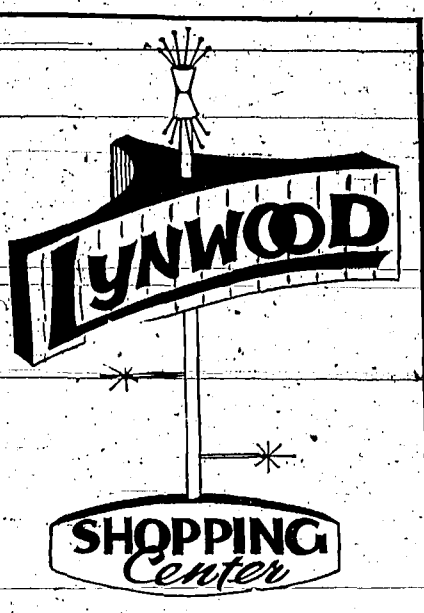

possible, Wilson was something less than welcome in some of the governor's offices at first. The last two states to fall in line were Alabama and Mississippi. Gov. George O. Wallace of Alabama contended during the autumn and Gov. Paul Johnson of Mississippi made it unanimous Dec. 1.

Stop Winter Wrinkles
Use the colder months to give your skin a lovely bloom, but guard against dry wrinkles caused by the cold air. Even mildly crisp air causes the skin to contract, preventing protective oils from reaching the surface. Ask your druggist for a little oil of olay, and before you make-up, smooth it over your face, neck and hands. For-will-be-answered how quickly this moist oil will give the skin a peaches-and-cream loveliness, especially on cold days. Your druggist should be able to get you a small supply.

News Around Idaho

No Dollars Until Coin Crisis Solved

WASHINGTON, Dec. 29 (AP)—It will be a while yet before Americans who like to spend all their dollars have more of the cartwheels to jingle in the pockets of their joints.

Treasury department officials said yesterday they have no more plans to mint more of the coins which are still in demand as currency in Western states, until the current coin shortage is over.

After requests by Western members of the House, the U. S. mint permission last summer to make 45 million more of the cartwheels, the first authorized since 1935. But officials said the mint is too busy producing the coins now to start making silver dollars.

"We're not about to start making silver dollars while we still got a coin shortage on our hands," one official said. Many observers feel that minting new dollars would not help the shortage because most of the coins would become collectors items.

One official said there were no plans to start production of silver dollars in the immediate future, meaning the next two or three months at least.

Smylie Lists Idaho's Top Development

BOISE, Dec. 29 (AP)—Gov. Robert E. Smylie placed at the top of his list of the most important developments of the year.

"The biggest single development of 1944 of course was the progress produced by the special session in the winter of 1944 by the people of Idaho," Smylie said.

"The water amendment was undoubtedly the most constructive development of the year, and for its economic and recreational potential acquisition of Farragut was next."

Both items were the development of the special session of the legislature Smylie called last summer.

"The session adopted a 31-member committee's recommendation to amend the Idaho constitution to permit state development of water resources. This was overwhelmingly approved by the voters."

Farragut came by a land exchange with the federal government. The former naval training station and wildlife refuge was swapped for land on the Clearwater river for construction of Bunker Hill dam.

An International Girl Scout roundup will be held at Farragut next summer.

Smylie said Farragut was "one more step in the creation of a statewide park system in Idaho. He said Farragut state park will have a great economic advantage for the people of the north as well as the entire state of Idaho.

Mrs. Katie Hall Honored at Rites

BURLEY, Dec. 29.—Funeral services for Mrs. Katie E. Hall were conducted Monday in the Joseph Payne Memorial chapel by the Rev. Paul L. Tidlow.

Mrs. Hall, 78, died at her home in Burley, Idaho, on Dec. 27.

Funeral services were held at the direction of Rose Freymiller, Vivian Pace, Dorothy Watson and JoAnn Hink.

Eastern Star rites were held under the direction of the Evergreen chapter No. 42, O.E.S., in the Pleasant View cemetery.

8 Anti-Poverty Grants Reported

WASHINGTON, Dec. 29.—Eight new anti-poverty grants totaling \$24,645 were announced today by the office of economic opportunity (OEO) in Washington.

The grants which will benefit seven states were for community action programs.

The cities and amounts: Corpus Christi, Tex., \$20,300; Durham, N.C., \$1,800; Cleveland, \$1,875; New Orleans, \$12,000; Atlanta, Ga., \$4,025; Knox County, Ky., \$2,880; Coosa Valley, Ga., \$2,113; and nine Georgia counties, \$6,408.

Other states for which grants were awarded: Oregon, Oglethorpe and Walton counties.

Eugene Jones Is Contest Winner

PAINEFIELD, Dec. 29.—Mr. and Mrs. Eugene Jones were first place winners in the Christmas lighting contest conducted by the Elmer Miller post of the American Legion.

Mr. and Mrs. Tom Cox took second place. Mrs. Georgia Wolfe and Mr. and Mrs. Zahner Edwards tied for third place. The homes of Mr. and Mrs. Don Cox and Dr. and Mrs. M. J. Kerns received honorable mention. This was the first year that prizes have been awarded for home decorations.

POCASTELLO, Dec. 29 (AP)—Main roads and highways have been left Pocatello's streets full of holes which have been caused by heavy rains. The water and street superintendent, said, "The first went out of the ground and all that water came and just started eating away at the streets."

BOISE, Dec. 29 (AP)—The only daughter of Idaho Gov. Robert E. Smylie, Miss Ruby Rosewater Simpson, was married yesterday to Clement Leroy Otter, the son of Mr. and Mrs. Bernard Otter, Council. The ceremony was performed in St. John's Catholic cathedral and a reception was held in the Hillcrest Country club. The newly married couple will live at Caldwell, where both will attend the College of Idaho.

BOISE, Dec. 29 (AP)—Repair costs for the road from Arrowrock to Idaho Falls, washed out in a number of places. The road is being repaired by the U. S. forest service, and it will not be until permanent repairs can be made in the spring.

DUBOIS, Dec. 29 (AP)—State Sen. Harry R. Harn, Dubois, Clark county Republican chairman, said today that Clark county was not represented at a regional Republican meeting in Rexburg last week. He said news stories referred to the nine-county district, which includes Clark county, and that National Chairman Dean Burch. Actually, Harn said, Clark county Republicans did not take part in the meeting. Harn said he was told only five of the nine counties were represented at the Rexburg meeting.

New snow fell in some sections of northern Idaho today and a slide restricted travel on U. S. 95 in the Higgins area. State police said traffic was going through but only one vehicle passed. State police said snow fell in the Fourth of July canyon stretch of U. S. 10 and in the Moscow area. Highways were snow covered or had icy spots in all sections of the north. Roads also were snow covered at Weiser, in southwestern Idaho, and there were icy spots in the Boise area. Pavement was reported bare, but wet, in the Twin Falls area throughout eastern Idaho highways were snow covered or had icy spots.

BOISE, Dec. 29 (AP)—Annexation given final approval by the city council last night added three square miles to Boise's incorporated area and boosted the city's population to an estimated 34,491. This is the largest annexation since the city's original 1900 population of 3,491. The city council voted today to accept the annexation of the former city of Garden City and gave it the same status as other Idaho cities of the first class. The result was easier annexation. The new territory added was south and west of the former city limits. The area contained about 11,000 residents. The biggest annexation move was the first following the 1931 legislature's action. In 1932 annexations increased the population to 11,977 and about 4,000 more were added the next year. The city's total population is now estimated at 34,491 of that total live in the metropolitan Boise area.

POCASTELLO, Dec. 29 (AP)—Bannock county commission Chairman Emmett Spraker today urged residents of the upper Fortneuf drainage area to present written testimony of their opinions on flood control at public hearings set in January. Three hearings will be held to give the public an opportunity to tell the U. S. army corps of engineers their needs and desires regarding the Fortneuf flood control project. Hearings are scheduled Jan. 25 at 1 p.m. at the Lava Hot Springs community building, Jan. 14 at 8 p.m. at the Pocatello high school auditorium, and Jan. 13 at 8 p.m. at the Downey grade school auditorium. "Last week's water trouble should make us realize we can have a flood at any time of the year," Spraker said. "It is imperative that we get our testimony for the upper-Fortneuf drainage," Spraker said. He said hearings are being held in the interest of the public and the public should take enough interest in the problem to present a written report on what kind of development will be most beneficial.

BOISE, Dec. 29 (AP)—A plan for "common-sense behavior" and a little extra effort on the part of Idaho motorists over the long New Year's week-end has been urged by the Boise Police Department. A. E. Perkins, Perkins said the Christmas-New Year period is faced with more dread by traffic officials than any other holiday period of the year. "Drinking drivers, too much hurry and worry, and usually bad road and weather conditions combine to make the last two holidays of the year the most dangerous," said Perkins. Last New Year two people died on Idaho highways during the 26-hour holiday period. This year the holiday will extend over 72 hours.

WALLACE, Dec. 29 (AP)—Seven or eight bridges over Pine creek in the Pinehurst area will have to be replaced, according to Ewing Little, chairman of the Shoshone county board of commissioners. He said approaches to four other concrete bridges would have to be repaired. They also are near Pinehurst, 17 miles west of this county seat. Temporary bridges were stranded by flood waters on the 125 families which last week were stranded by flood waters on Pine creek's west fork can go in and out. No estimates of damage in the county, believed hardest hit by last week's flood waters in Idaho, have been made, Little said.

Spy Admits Doing Work In Pentagon

STOCKHOLM, Dec. 29 (AP)—Former Swedish air force Col. Eric Wennerstrom, jailed for life as a Russian spy, said he once handed U. S. secrets to a Soviet agent in the Pentagon in Stockholm, according to portions of his testimony released yesterday.

Wennerstrom claimed it was easy for him to get into close contact with American officials in Stockholm, according to portions of his testimony released yesterday.

Wennerstrom's disclosures were included in testimony taken during his previously secret pre-trial investigation made public yesterday. He was tried and jailed earlier this year.

He claimed he drifted into spying "by chance." After jokingly telling a Soviet agent in the Pentagon in Stockholm the location of a Swedish military airfield for 5,000 crowns (\$1,000).

A few weeks later, he said, the Russian colonel told him "everything was done" and to proceed with his work.

"I panicked" and spent most of the night walking back and forth in my room," Wennerstrom told police. But he eventually handed over what he claimed was a false map and pocketed the money.

When he was later transferred to Moscow, he said, he agreed to work for the American section of Soviet intelligence and was handed a false map (for \$1,000) as an advance against expenses he might incur filtering secrets from U. S. embassy staff.

Coast Guard, Navy to Get Rid of Whale

NEW YORK, Dec. 29 (AP)—The navy and coast guard teamed up today for a whale of a job.

Operation whals involved disposing of 35 tons of whale found floating in the Hudson river off Manhattan Island.

The 52-foot finback whale, too big to bury and condemned as a hazard to navigation, was taken to sea and exploded by navy demolition men.

The coast guard plans to tow the carcass out of New York harbor behind the lighter "Gorham." A navy demolition team then was to do its work off Sandy Hook, N.J., some 39 miles south of here.

The whale was to be loaded with hundreds of pounds of explosives and blown to pieces.

Buckingham Palace Has Labor Troubles

LONDON, Dec. 29 (AP)—Buckingham Palace is having labor trouble. The union representing palace workers complains one of the problems is lack of direct contact with management.

There long have been misunderstandings, the union says. Palace employees work too hard. The grumblings came out into the open yesterday when union sources said the situation had been brought to the attention of the minister in charge.

According to the sources, the civil service union sent a pre-Christmas letter to Gunter asking him to do something to improve the lot of palace employees, including establishing some avenue of contact with those responsible for their working conditions.

The union contends its officials now are forbidden to enter the guarded, gilded palace gates for discussions with union representatives there, although the staff there has elected its own shop steward.

ARMS REPORTED MISSING

CHICAGO, Dec. 29 (AP)—More than 100 weapons ranging from pistols to machine guns are missing from the "That's All Right" arsenal, police said today. The weapons were believed to belong to the U. S. army.

Wrong Idea

MEXPRIER, Tenn., Dec. 29 (AP)—Louis Garrett returned to his park automobile, found the front fender wiped. The car that did it was gone.

His spirits brightened momentarily when he spotted a note under his windshield wiper.

"There are at least 20 people watching while I write this. They think I am putting down my name, address and phone number. But I ain't."

Priest Starts Exile From L.A. Church

CHICAGO, Dec. 29 (AP)—The Rev. John V. Coffield came to Chicago last night to start his self-imposed exile from the Los Angeles Catholic archdiocese in protest against what he termed a scandalous racial situation.

Coffield, 60, and a Roman Catholic priest in Los Angeles 24 years, said in a brief statement:

"It would be extremely bad taste for a priest to publicly disagree with a cardinal, except that the position of Negroes in Los Angeles is so scandalous that I stand by the statement I made here."

Coffield said in Los Angeles he had obtained a three-year leave of absence in protest against California's abolition of anti-discrimination housing laws and against his silencing by his cardinal on the race issue.

He said at a news conference that James Francis Cardinal McIntyre, archbishop of Los Angeles, told him "I should not speak on race."

The chancery office in Los Angeles in a statement said the priest's absence in protest had been imposed on Coffield.

The priest said that he had been ordered in June to take a five-month "enforced vacation" because he had spoken out against a proposal which prohibits open occupancy laws in California.

"On Nov. 14th, I was ordered to maintain a silence on religion," he said. "I choose instead a self-imposed exile from the diocese as a gesture of protest against, and rather than be a part of, the continuing evil of silence."

Mgr. Francis W. Byrne, chancellor of the Chicago archdiocese, said he had been advised that the Rev. Mr. Coffield had received permission a week ago from McIntyre to leave Los Angeles and study at the University of Chicago.

'Talent Hunt' Ordered for Cabinet Posts

WASHINGTON, Dec. 29 (AP)—President Johnson had a lot of officials and their wives sitting on the edge of their chairs today—some with a sense of foreboding, some in hopeful expectation.

Much excitement was aroused by word that the President plans a shakeup in his "little cabinet"; that he will make many new appointments to such posts as secretary, assistant secretary and other administrators.

"The President has ordered 'talent hunt.' He wants, so far as possible, to recruit his new administrators from men and women already in government."

So the question arose: Who will get the job and who will be promoted to jobs paying as high as \$30,000 a year.

It is one of the hardest aspects to crack, because the President is playing his cards so close to his chest.

Asthma Formula Prescribed Most By Doctors—Available Now Without Prescription

Stop Attacks in Minutes... Relief Lasts for Months...
New York, N. Y. (Special)—The asthma formula prescribed more than any other by doctors for their private patients is now available to asthma sufferers without prescription.

Medical tests proved this formula stops attacks in minutes, gives hours of freedom from recurrence of painful asthma spasms.

This formula is so effective that it is the physician's leading asthma prescription—so safe when used as directed that now it can be sold without prescription in most states.

Judith Daniels Bride of Charles Player

CHARLESONE, Dec. 29—Judith Daniels, daughter of Sam Daniels, Gooding, and Mrs. Daniels, Shoshone, and Mr. Charles Player, son of Mr. Charles Garrigalt, Play-er, Salt Lake City, exchanged wedding vows Dec. 27 in the Salt Lake LDS temple.

The ceremony was performed in the temple altar by the temple priesthood officiator. Accompanying the couple were family members and friends. A reception was held at the groom's home ward, Cottonwood ninth, Salt Lake City, at wedding breakfast, for the couple, party, was served at the house hotel president's home.

The couple greeted guests from an archway of fresh holly and pine flanked by baskets of red and white flowers.

The bride wore a floor-length gown of white tulle with a fitted bodice, rounded neckline and long sleeves. Her shoulder-length veil was held by a crown of red berries. The bride's bouquets were made of cascading white carnations centered with a white and red corsage and tied with the satin streamers.

The groom wore a tuxedo decorated in red and white. The hall was decorated with a miniature white picket fence with a small white opening.

Matron of honor, Mrs. James Cheney, wore a light green cascade-length gown trimmed with a rounded neckline. She carried a red and white corsage accented with white ribbons. Karen Play-er, sister of the bridegroom, and Mrs. Clark, were bridesmaids. Marie Nelson was best man.

For her traveling ensemble, the bride wore a powder blue suit and the orchid corsage from her bridal bouquet.

The bride is a graduate of Shoshone high school, attended Brigham Young university and is now employed at the LDS genealogical society, Salt Lake City. Player is a graduate of Salt Lake City high school, served a two year mission for the LDS church to the northwestern states, and is a junior at the University of Utah, majoring in biology.

Showers in addition to the receptions were hosted in Salt Lake City by Mrs. Robert L. Marchant, Mrs. James E. Faust, Mrs. Elizabeth Nielsen, Mrs. Werther Thomas, Mrs. Murray F. Allen and Mrs. Charles E. Mitchell, and Fay Clark, Miss. Loree and Elaine Castleton.

Out-of-town guests for the Shoshone reception attended from Salt Lake City and Du-chaine, Utah; Gooding, Twin Falls, Dietrich and Pocatello. The couple will reside at 2000 Fardown avenue, Salt Lake City.

Shockers Close Gap in AP Poll; Michigan Leads

By The Associated Press
Wichita's Shockers, who piled up 109 points in beating Pittsburgh for their sixth triumph, edged closer to top-ranked Michigan in The Associated Press' weekly college basketball poll Monday. There was a relatively light shakeup in the rankings, much less than is expected to result from the hectic holiday tournament schedule now under way.

Oregon State Keeps Classic Record Intact

PORTLAND, Ore., Dec. 29 (AP)—Junior Dave Fox poured in 10 points in overtime Monday night for a 65-64 victory over Army that preserved Oregon State's record of never having lost a West classic basketball tournament game.

That sent Oregon State into the semifinals Tuesday night against Northwestern, which defeated Washington State, 70-65, earlier Monday night.

Oregon State and Army played a scrambling, high-pressure defensive game. No more than three points separated the teams at any time through the second half when little Bob Seidlo led Army to an eight-point advantage at 35-27.

Oregon State widened away at the end of the first half when it went on a shooting streak for Oregon State, scoring nine straight points that put his team ahead, 49-44.

Army bucked back with a 6-2 dice flurry making a reverse layin in the final minute that sent the game into overtime at 51-51.

Sophomores Rich Mason and Jim Burns led the scoring for Northwestern, but it was not until the 8-foot, 8-inch Pitts entered the game that Northwestern was able to take the sting out of Washington State's attack. Pitts shot for 10 points in the first half before Burns went in, driving the margin was down to 34-29, and after 10 minutes of play in the second half, Burns put Northwestern ahead, 51-50.

Namath Hurts Knee, 'Bama Hopes Drop

MIAMI, Fla., Dec. 29 (AP)—Alabama's ace quarterback, Joe Namath, re-injured his right knee in a workout Monday and threw a pall over the Crimson Tide's hopes of beating Texas in Friday night's Orange Bowl football game.

The 190-pound senior from Beaver Falls, Pa., went down while doing a routine handoff in a warmup at Miami stadium.

He was rushed to the dressing room where his knee was first preliminarily examined and then surgically examined.

"We don't know how serious it is but this is something that I was afraid of," said Coach Paul "Bear" Bryant. "If we don't have Namath our chances against a strong Texas team will be hurt."

Namath, called by Bryant the greatest football player he had ever seen, first hurt his knee in the fourth game of the season against North Carolina State. He re-injured it against Florida two weeks later and saw only spot service after that.

Alabama's ace quarterback Steve Sloan is holding practice with a similar right knee injury and his value for the Orange Bowl game is in doubt.

Bryant said if both quarterbacks should be lost, he would have to depend on a rookie named Buddy French, whose experience to date has been only in kicking and holding the ball for placements.

Razorbacks Hurt During Practice

HOUSTON, Dec. 29 (AP)—Arkansas linemen and backer Ronnie Caviness and all-Southeastern Conference center Jerry Johnson, Arkansas' injured players during workouts for the Cotton Bowl Monday.

Caviness had a sore lower back and Lamb re-injured a leg muscle in the Texas game, but both are expected to be ready to play against Nebraska Friday.

Naults-Led Celts Drop Lakers

BOSTON, Dec. 29 (AP)—Billie Naults' hot shooting cemented an early lead as the Boston Celtics defeated the Los Angeles Lakers 133-119 Monday night in the second game of the National Basketball Association doubleheader.

In the opener, Duke Delschere and Jerry Dillingham scored the Detroit Pistons to a 123-112 victory over the New York Knicks.

Wichita Tips Villanova in Cage Tourney

PHILADELPHIA, Dec. 29 (AP)—Dave Stallworth, with a 20-point second half, led second-ranked Wichita to a 88-74 victory over Villanova Monday night and into the finals of the Quaker City basketball tournament against St. Joseph's of Philadelphia, an upset victory over Villanova.

Unbeaten St. Joseph's, the nation's 10th-ranked team, dispatched a 16-point lead but rallied in the final 5 1/2 minutes for a 75-71 triumph over the sixth-ranked Illini.

Lower this season only to top-ranked Michigan in eight games, Wichita rallied from a five-point deficit on center to three-point plays by Stallworth and Kelly Feltz for a 51-50 lead with 13:35 to play.

With Stallworth, Dave Leach and Pete leading, the Shockers pulled away to hand Villanova its first loss after eight victories.

St. Joseph's led 51-37 at half time, but the Big Ten team, with spurts of 8-0 and 10-0, tied the score at 61 on a drive by a foot, 8-inch, Skip Thoren with 10:59 to play.

Bill McKenney and Thoren combined to lead Iowa to give Wichita a 65-61 lead.

The score was tied three times before Thoren pivoted to give Illinois the edge at 60-57. But St. Joseph's Cliff Anderson scored on a drive from the corner and Penn State dumped one in after a scramble under the basket with 4:18 remaining to give the Hawks a lead they never lost.

In consolation bracket games Stan Pawlak scored a career high of 30 points to lead Penn to a 71-50 victory over Pitt, and Stan McKenney scored 19 and Ray Bennett 14 in a second half surge as New York University defeated Holy Cross 87-76.

Penn and New York will meet in the first game of Tuesday's triple-header. The Penn-Pitt game was tied seven times and the lead changed on 11 occasions in the first half before Penn went ahead in the last 90 seconds on three Pawlak free throws. Pitt's Bob Lovett narrowed it to 31-29 as the half ended.

Wichita's lead was 51-49 at the end of the first half. Villanova's Steve Sloan, in his second game with a similar right knee injury and his value for the Orange Bowl game is in doubt.

UCLA, Utah Advance in L. A. Classic

LOS ANGELES, Dec. 29 (AP)—UCLA cut down Arizona with blazing speed, a full court press and precision ball handling, 99-79, Monday night to advance to the second round of the Los Angeles Basketball classic. In earlier games, third-ranked Minnesota halted

depleted Gophers went 10 minutes and 44 seconds without scoring a field goal.

With the score at 71-70, Achte Clark drove in for a layup to give Minnesota breathing room. Lou Hudson connected on a short jumper to boost the Gophers' lead to five points with less than three minutes to play.

Jim Hermann scored four points for Washington on a jump shot and two free throws, and the Huskies again trailed by only one point.

Hudson was fouled with five seconds left. He sank both free throws to give the Gophers their seventh straight victory.

Iowa led the Trojans 30-24 at halftime but Southern Cal rebounded early in the second half and tied the score 36-36 on a 10-foot jumper by Bill Westphal.

Iowa sped out of danger with 15 seconds remaining, George Fisher sank a free throw for the Utes, and when Bill Curtis dropped in a 15-foot jump shot it left the Spartans two points short at the buzzer.

Fisher and Grubby Leah led Utah with 28 and 25 points, respectively. High for Michigan State was Curtis with 27.

Minnesota built up a 17-point lead early in the second half of the game with the Huskies, then lost its scoring touch. While Washington was rallying, the un-

depleted Gophers went 10 minutes and 44 seconds without scoring a field goal.

Incentive Bonuses Denied by Clubs

By The Associated Press
Officials of the Buffalo Bills and Baltimore Colts denied reports Monday that their players were rewarded with incentive bonuses for victories. Both American and National Football League rules prohibit bonuses for winning a game or a title. Ralph Wilson, president of the Bills, denied a report that he had given each player \$2,000 for beating the San Diego Chargers for the AFL title Saturday.

East Settles Quarterback Problem

SAN FRANCISCO, Dec. 29 (AP)—The East's startling quarterback problem for Saturday's East-West Shrine football game here may have been settled on Monday night when Roger Staubach of Navy beat out one out of Detroit with his passing and roll-out running for the South.

He flew 3,000 miles and by day later proved in practice with the East team on the Santa Clara University field that his Miami performance was the standard.

Sunday he hit his target 10 times in 10 attempts as the East eleven stepped up its tempo as the watchful eyes of Coach Pete Elliott on the sidelines.

Observers said the 6-foot, 1-inch Staubach's showing indicated that he won't be selected to play Sunday in the AFL-NFL game. The 6-foot, 10-inch Pittsburgh quarterback who has been trading with the East was not steady.

No blanket bonus for incentive can be given to players in money for winning a game or a title. An individual player can have a bonus arrangement in his contract.

"But it is customary for players to be given bonuses or wagers at the end of a season by the club."

Both owners are noted for their generosity with players. The Bills each collected \$1,688 for beating the Chargers in the championship game.

Woman Athlete Of Year Named

MOSCOW, Dec. 29 (AP)—For the first time in history, Soviet sports writers Monday chose a woman as the Soviet athlete of the year.

Lidia Skoblikova, a world speed skating champion and winner of four gold medals at the Innsbruck Winter Olympic, headed the list of top Soviet athletes chosen by news, radio and television men.

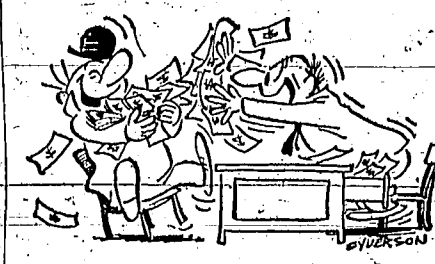

Valery Brumel, Olympic champion in the high jump and top Soviet athlete for the past three years, finished eighth in the 1964 poll.

Three straight baskets, two by Dennis Pauling and one by Chris Pervall.

With four minutes to play USC closed to 47-54, on a 20-foot jumper by John Bacon but Iowa pulled away with another six-point burst.

WHAT'S POIN
SAN JOSE, Dec. 29 (AP)—University of San Francisco overwhipped Pepperdine 103-84 Monday night as USF broke its own scoring record in the West Coast Athletic conference Christmas tournament at San Jose.

Biography of a Mouse - Continued

As a teen-ager, Basil Ratbone showed signs of becoming the most important living creature on earth.

As a student, he just barely squeaked by.

As an athlete, he was always at the tail-end.

Altho he did do nicely in school plays, he had the second lead in "A Mouse is Not a Gnome."

And was an understudy in "You Take the High Rodent, and I'll Take the Low Rodent."
