Funeral services for Mrs. Effie May Hand Lancaster were conducted Tuesday in White mortuary chapel by the Rev. D. L. Mikel. Friends may call from Tuesday afternoon until time of services Thursday at Thompson chapel.

Funeral services for the Rev. Bert A. Powell will be conducted at 1:30 p.m. Friday in the Gooding Methodist church by the Rev. Warren H. McConnell and the Rev. Charles E. Easley, Jr., assisted by the Rev. Henry Northard, Twin Falls.

### Burton Edges Out His Wife On Star List

HOLLYWOOD, Jan. 5 (AP)—Mrs. Richard Burton isn't among Hollywood's top ten box-office stars this year, but Mr. Burton is.

The Welsh actor edged into 10th place and nosed his wife, Elizabeth Taylor, into 11th.

Results of the annual poll of exhibitors by the trade magazine Motion Picture Herald were announced Sunday.

For the third straight year, Doris Day was named No. 1 draw. Other repeaters were Jack Lemmon, second; Rock Hudson, third; John Wayne, fourth; Cary Grant, fifth; Elvis Presley, sixth; and Paul Newman, seventh. Rita Hayworth, eighth, was the other newcomer besides Burton to the select list.

A SIX-GALLON PIN was awarded to Harry J. Gibson, 1708 Eldridge avenue, Monday at the Red Cross blood drawing by nurse Elinor Eakin. Gibson, who gives blood every two months, has donated all six gallons in Twin Falls drawings. (Times-News photo)

### Bullfights Planned at Las Vegas

LAS VEGAS, Jan. 5 (AP)—Bullfights are coming to this gambling town—sans blood, sword and full-length horns. Sort of like a touch football game, in other words.

Senor Ignacio Garcia, Jr., 28-year-old president of International Bullfights, Inc., said his group would present four "fights" a night Feb. 19, 20, 21 indoors at the Las Vegas convention center.

Garcia, Guadalupe, told a press conference here today the occasion will mark the first time bullfights would appear north of the border and the event would feature two Mexican and two American bullfighters.

The matadors (Mexican) and the novilleros (American) are called have yet to be selected and buyers are looking for a dozen bulls to debut with the ends of their horns cut off as a safety factor.

The bulls, each to weigh about 150 pounds, will not be killed in the arena. They will be, however, sold for slaughter afterwards, Garcia said.

The production will be an attempt to show the color, music and romance of the bullfighting to Americans (willing to fork over up to \$25 for a seat) who don't go for the more gory aspects of the sport.

**BIRTH REPORTED**  
CAREY, Jan. 5 — A girl was born to Mr. and Mrs. Ward Winchester, Morgan, Utah. It was reported today Mrs. Winchester is the daughter of Mr. and Mrs. June Parnworth, Carey.

### YOUR BIRTHDAY and HOROSCOPE

**TUESDAY, Jan. 5.**—Born today, you are basically philosophical, one who searches after truth and, finding it, desires to share it. The truth, however, is not always without pain and there will be times when you will be hurt, perhaps even wronged, because of it. You will never abandon your search, though, or your desires.

You have an unusual amount of personal magnetism and it is quite likely that you will find your place among people. Sympathetic, loving, self-sacrificing, you will not only draw others to you but succeed in keeping them close by bonds of loyalty and devotion.

An imaginative, creative mind in a strong, healthy body, you are ideally suited to a career requiring stamina and wisdom, determination and fortitude. You can be extremely influential when you want to be. At the same time, you are able to turn a deaf ear toward anyone trying to influence you against your will or beliefs.

Among those born on this date are Robert Morrison, Scottish missionary, noted for work in China; Cyrus Hamlin, American missionary, noted for work in Turkey; Stephen Decatur, American naval hero.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

**Wednesday, Jan. 6.**  
**CAPRICORN (Dec. 23 - Jan. 20)**—Avoid any endeavor, regardless of any inducements, for which you have not been adequately prepared.  
**AQUARIUS (Jan. 21-Feb. 19)**—Arrange your time carefully. This is a day which may demand more than usual from Aquarius. Be quick and keep alert!  
**PISCES (Feb. 20-March 20)**—Make an effort to contact individuals who can be of direct financial assistance to you. Avoid procrastination.  
**ARIES (March 21-April 20)**—Gather your supporters for a final count before setting off on a new adventure. Don't minimize the approval of others.

**TAURUS (April 21-May 21)**—Make a special effort to be easy to get along with. The Taurus who puts his dictatorial foot forward may be in for a rude awakening.

**GEMINI (May 22-June 21)**—Your natural wisdom should be enough to insure correct decisions, as on your guard against intrigue.

**CANCER (June 22-July 23)**—Don't allow your standard of behavior to fall below its accustomed level. Thwart temptation by turning a deaf ear!

**LEO (July 24-Aug. 23)**—Ideals are one thing, ideas another. Live by the one, to be sure—but today's the day for conjuring up the other.

**VIRGO (Aug. 24-Sept. 23)**—Attract the people you need by a display of charm you know will please them. Support for your ideas will result.

**LIBRA (Sept. 24-Oct. 23)**—How you handle yourself at social gatherings may be as vital to your business success as your professional know-how. See to it!

**SCORPIO (Oct. 24-Nov. 23)**—Face the facts of an unpleasant situation rather than trying to change them. Seeing the truth helps to deal with it.

**SAGITTARIUS (Nov. 23-Dec. 22)**—Don't let your conversation get out of hand. Avoid offering opinions when only your willing ear is asked for!

### New Bill for Medicare Is Proposed

WASHINGTON, Jan. 5 (AP)—Backers of health care for the aged, heartened by the Democrats' new strength in the House, introduced a "medicare" bill yesterday that stood a good chance of passage.

The measure proposed hospital and nursing care for all persons 65 and older, to be financed by a separate payroll tax and supervised by the social security administration.

The bill also would include a seven per cent increase in present social security benefits. It was proposed by Rep. Cecil R. King, D., Calif., and Sen. Clinton B. Anderson, D., N. M.

King and Anderson have co-sponsored administration Medicare bills for the three past Congresses. Last year their bill, in the form of an amendment to a house-passed bill boosting social security benefits, passed the Senate but died in a House-Senate conference committee.

The new King-Anderson bill would provide 80 days of hospitalization a year with the patient paying for the first day. It also proposed outpatient and diagnostic services for the elderly.

The new Medicare plan would be financed by a separate tax of 3 per cent on the first \$5,600 of each worker's earnings. The employer would make a matching contribution. This tax would be raised eventually to 45 per cent by 1969.

Present social security benefits are financed by a tax on the first \$4,800 of each employee's salary.

The social security tax now paid by employees and employers also would be increased under the bill to provide for higher cash benefits for recipients.

Under the new schedule, the maximum social security retirement payment would be increased from \$127 to \$135.90 a month.

REP. GERALD R. FORD of Michigan, is the new house Republican leader. Ford, a former football player, defeated Rep. Charles McNair, 64, of Indiana, when House Republicans met Monday. Hallock held the GOP post for six years. (AP wirephoto)

### Wiener Roast Is Slated at Buhl

BUHL, Jan. 5 (AP)—Christmas tree parties and wiener roasts for West End youngsters sponsored by the Buhl Kiwanis club will be held at 4:30 p.m. Saturday at Paris field.

Residents are asked to leave their trees either in alleys so they can be picked up by a work crew, or to leave them at Paris field prior to Saturday. Volunteers are to furnish their own roasting forks for the event.

### City Welfare Workers in N.Y. Strike

NEW YORK, Jan. 5 (AP)—Thousands of city welfare employees—white collar workers who hand out nearly 40 million dollars a month to New York's needy—denied a court order yesterday and went on strike for higher pay. Machinery was set up for the possible firing of the strikers.

Welfare Commissioner James B. Dumpsion ordered the names of the strikers sent to the city comptroller to be taken off the payroll.

"Does this mean they are fired?" he was asked.

"Yes," Dumpsion replied.

He acted under a state law which prohibits public employees from walking off their jobs in economic dispute. A department spokesman said that although the employees are "technically fired" they usually are rehired when the dispute is settled.

However, the spokesman said the strikers probably will be penalized a loss of three days' pay for each day they are off the job.

### Mrs. Oswald Enters College

ANN ARBOR, Mich., Jan. 5 (AP)—Mrs. Marina Oswald, widow of President Kennedy's assassin, yesterday enrolled at the University of Michigan.

Mrs. Oswald, a native of Russia, will take an intensive course in English with about 30 other students at the U. of M. English language institute.

Mrs. Oswald arrived without fanfare. University officials said she would not grant any interviews.

Mrs. Oswald will take an eight-week course beginning Thursday. Her stay in Ann Arbor is sponsored by the First Presbyterian church, which will make all the necessary living arrangements.

**HOME ON LEAVE**  
KEPCHUM, Jan. 5 (AP)—Glenn, son of Mrs. and Mrs. James A. Glenn, Ketchum, was home on a 15-day Christmas furlough from Kemper military school and college, Bloomville, Mo.

**Editor's note:** Andrew Tully is on a brief holiday. During his absence his column will be written by high government officials, members of congress and leading political figures.

**By J. EDGAR HOOVER**  
**Director, Federal Bureau of Investigation**  
WASHINGTON, Jan. 5 — "Let us have faith that right makes might, and in that faith let us to the end dare to do our duty as we understand it."  
*These words, written over 100 years ago by Abraham Lincoln, speak with special clarity to America today. Our country is caught up in a vast ideological conflict—a conflict with a ferocious, atheistic communism which would destroy our institutions of free government. The enemy today possesses the atomic bomb, vast military forces, and dangerous missiles. He has declared his intention, time after time, to work untrudgingly until the red flag waves victoriously over the White House.*

In America today the communist party, U.S.A., is in a highly optimistic mood. The party feels that it stands on the threshold of new gains in our society. It is working to portray itself as a legitimate political organization within the traditions of our democratic society. It seeks to convince our citizens that it is American in origin and owes no loyalty to Soviet Russia—which is not true.

**INFILTRATING COLLEGES**—The party is searching for new ways to bring its propaganda message to the American people. For the past three years the party has been conducting a college speaking program. Through this program the party has established a National Lecture Bureau, whereby it seeks to send party speakers to college campuses. In this way the party can present its propaganda theme to thousands of young people and faculty members. In addition, it often can gain extensive press, radio and television coverage.

Part of the party's current optimism is its belief that it has a great reservoir of reserve support among the people, that is, individuals who sympathize with the party, who would be willing to help the party in selected areas, but who will not formally join the party. How can the support of these many thousands be tapped? That is the party's concern today. Should new fronts be formed? Should old fronts be reorganized? What new tactical campaigns should be instituted? These are major problems engaging the party's attention today.

Above all, the party wants to extend its influence among young people. That's a key reason for its college speaking program.

**PROGRAM SUCCEEDING**—From the party's point of view, this program has been a great success. Last June, under the party's sponsorship, a new youth front, the W. E. B. Dubois Clubs of America, was established. Chapters of this organization are now being formed on college campuses around the country. The Dubois clubs seek to attract so-called Marxist-oriented young people. Actually these groups are agitation and propaganda centers, under party control, whose purpose is to promote the communist program among students.

The party seeks contact not only with college students but also with what it calls the "working-class youth"—those young people who go directly from high school into the labor force. It hopes to convince them that the future lies with Marxism-Leninism, not our free system of government. The party has been talking about an increase of "radicalization" among American young people. By this term the communists mean an inclination toward, or sympathetic understanding of, the communist point of view.

**OUR HERITAGE**—Every American, especially young people, needs to know more about the principles which have made America strong—the courage, perseverance and integrity of the Founding Fathers who gave their lives that liberty might be theirs. These men and women had faith that they could make a difference, that by standing for what is honest, noble and courageous they would be creating a society which was good. They had sailed from hostile lands, braved the cold winds of winter and lived in frigid simplicity—all because they wanted to create on these shores a land which would embody the deepest yearnings of the human heart for freedom.

They dared to do their duty as they understood it! How today America needs this striving toward an ideal, this willingness to grasp the torch of responsibility, this eagerness to withstand bitter adversity in the cause of what is right.

The communists would deny the validity of the American way. They say that our freedoms are "shallow," "meaningless," "bourgeois." They offer what they call a "new way," "new way" which we know means death to the iron spike of tyrannical freedom broken on the discipline of dictatorial rule.

**VIEWS OF OTHERS**

**THE THREAT COMES HOME**  
Imagine our consternation when we opened a letter from the census bureau and found that a report on retail sales in Bannock county have risen by 21 per cent in the past five years. It was the method of preparing the report that has us worried.

An accompanying note from the bureau informed us that the news story had been typed by the computer at 10 lines per second. A rapid count of the lines (as rapid as our un-computerized eyes would allow) determined that the report was typed in about two and one-half seconds. This we figured—again without benefit of a computer—was 50 to 100 times faster than the fastest reporter I could find, as we say in the trade, "bang out the story. This is a threat to our job security but to be taken lightly.

# Putting His Stamp on

## POT SHOTS

**DOES IT WORK?**  
**Dear Pot Shots:**  
We received a seed catalogue in the mail the other day and it got me to wondering why folks don't plant their gardens in the fall rather than waiting until spring. Nature does all her planting in the fall, what with seeds maturing and falling into the soil to grow the following spring. Why not do all the fertilizing and seed bed preparation in the fall and then plant the garden in the fall. These seeds won't germinate until the soil is warm enough and wet enough the next spring anyway. And planting in the fall should guarantee an early garden and perhaps the vegetables would be far healthier and bigger too.

**PUPS FOR KIDS DEPT.**  
A female German shepherd that loves children must have a new home because the family just has too many dogs. You can phone 825-5285 in Eden anytime.

**JUST KEEP BUSY**  
**Dear Pot Shots:**  
I have stumbled across an idea that could be of use to those people who would like to cut down on their nibbling between meals or smoking or any of a host of other habits that could be undesirable or an actual threat to health.  
Just keep busy; keep doing something all the time. Sure, it won't keep the smoking or nibbling off your mind, but if you keep your hands busy doing something and your mind busy concentrating on something, you won't have so much time to think about that next piece of candy or that next cigarette.  
It still takes a bit of will (or won't) power, but it's not nearly so hard to refrain from the habit you're trying to kick if you can be busy doing something. My "keep busy" effort is devoted to tying fishing flies. It's fun, besides, and I haven't smoked for two weeks now!

**KITTENS FOR KIDS DEPT.**  
**Dear Pot Shots:**  
I have two pretty, playful healthy kittens about 5 months old to give away to families with no small children. These kittens are part Persian, clean and housebroken. We live two and one-eighth miles east on Falls avenue east from Blue Lakes boulevard north or

## World Corners

**By PHIL NEWSOM**  
**UPI Foreign News Analyst**  
No sooner does the United States smooth the ruffled feathers of one small friend than it finds itself involved with another. Both involve questions of national pride, a national ambition, or the nature of the global extent of U.S. activities and responsibilities.

Phil Newsom  
The Philippines charged that the ambassador's story was a hoax designed to obscure U.S. responsibilities in the two shootings, and an effort to the Filipino people. Out of this, despite efforts by President Diosdado Macapagal to preserve calm, came demands for revision of the treaty and calls for Blair's recall.

Denmark.  
In the one incident a 14-year-old Filipino was killed by a shot in the back fired by an American sentry trying to scare away scavengers picking up empty shells and cartridge cases on a target range.  
In the other, two marine caps

## The Doctor Says

**BY WAYNE G. BRANDSTADT, M.D.**  
In a previous column we have seen that mental retardation is not a diagnosis but a wastebasket into which a wide variety of underlying conditions has been dumped.  
Many of these causes can be prevented and others can be treated. A noted example is phenylketonuria.  
Laboratory tests now make it possible to recognize this disease when the baby is only a few days old. He can then be given a special, very restricted diet that will prevent brain damage.  
This diet consists chiefly of vegetables and fruit and a specially prepared commercially available protein supplement.  
No milk, eggs or meat are allowed. If this diet is followed until the child is 5 or 6, the danger is past and he can then be given a normal diet.  
Another metabolic abnormality, Wilson's disease, is characterized by a retention of copper in the body. This process is usually fatal unless the child reaches his teens.  
Treatment with a diet that omits such copper-containing foods as liver, oysters and mushrooms is most effective when the diagnosis is made before there is any outward manifestation of the disease.  
Recently a test has been developed which will identify the potential victim, making it possible to start treatment in time to prevent brain damage.  
Lead poisoning is becoming rarer, due to the use of leadless paints for cribs and interior decorations. Babies who live in houses where lead paint is still present, however, often get scales of paint as they flake off the walls.  
Lead poisoning in school children may cause brain damage, but if the disease is discovered before it has occurred, small doses of ethylmercuric di-

"Southeast Asia is the scene of a crucial historical question... whether a course of aggression is going to be allowed to move ahead and whether appetites will be allowed to grow upon feeding."  
RIO, Mexico—A survivor describing the collapse of a church during mass in which at least 60 parishioners and the priest were killed.  
"It happened so fast nobody had a chance to run. I heard a noise and looked up. The middle of the roof seemed to be crumbling."  
WASHINGTON—Rep. Albert W. Watson, D. S. C., commenting on being stripped of his congressional security by Democrats because he defected during the presidential election.  
"They are renegeing us, as white southerners, to the kitchen where we get crumbs, while others are rewarded in the banquet hall. I cannot remain a Democrat under these conditions."  
SAN FRANCISCO—George Grace, regional director of emergency planning, warning what might happen if the temperature rises suddenly in flood-stricken Pacific Northwest.  
"If that snow melts fast, we're going to have a repeat of the recent floods."

**THE THREAT COMES HOME**  
Imagine our consternation when we opened a letter from the census bureau and found that a report on retail sales in Bannock county have risen by 21 per cent in the past five years. It was the method of preparing the report that has us worried.

**BY EYEL WILSON**  
**United Press International**  
The moment of truth is nearby for the Lyndon B. Johnson-Hubert H. Humphrey team and for the millions of citizens who voted LBJ all the way.

This crucial moment will arrive with disclosure of President Johnson's legislative program for the first session of the 89th congress. The disclosure will come in Johnson's January 10 message to congress.

Most of the labor and a lot of management were among the major elements supporting the Johnson-Humphrey ticket. Everybody could be happy because it is the custom of presidential candidates in their speeches and national parties in their platforms to offer something for everybody.

Moreover, he talked economy and tax reduction. The lefties who may have had doubts about Johnson were soothed by Humphrey's presence on the Democratic ticket, and by the platform.

And thus it came about in the 1964 presidential campaign that the Democrats got the voters coming or going. But the outline of a legislative program of proposal requires a certain precision of language that can be avoided in a campaign speech or a campaign document.

## Poor Man's Plato

**By HAL BOYLE**  
NEW YORK, Jan. 5 — The world will be a better place throughout 1965—and you'll have to watch your step to keep from being stung.

The crystal ball is even more clouded than usual, but a peek into its mystic depths discloses a host of trends that probably will happen:

In general, in nations where U.S. troops are stationed it has been agreed that the nation in question should have jurisdiction in case of a crime off base, while the U.S. retains jurisdiction if committed on base.

Germany, which made less out of war than anybody, will continue to make more out of peace than anybody.

# Hoover Says Communists Active in U. S.

WASHINGTON, Jan. 5 (AP)—FBI Director J. Edgar Hoover says the communist party is trying to increase its influence in the civil rights movement and step up its recruitment of American youths.

Hoover made the statements in a report on FBI activities in 1964 made public yesterday. Submitted to Acting Atty. Gen. Nicholas Katzenbach, the report said the party is making every effort to increase its influence in the racial struggle and continues to promote the false impression that it is a legitimate political party.

It has assigned priority to a recruitment campaign aimed at gaining new members from among America's youth. To implement this program, Hoover listed a new national Marxist youth organization last June—the "W.E.B. DuBois" clubs of America.

"Chapters of this group have already appeared on several college campuses."

Hoover did not name the colleges.

The 70-year-old FBI chief said his agents had been active in civil rights law enforcement, investigating 600 cases during the year. This represented a "sharp trend upward," he said.

He cited the FBI arrest of 21 persons in connection with the slaying of three civil rights workers in Mississippi. He also noted that FBI investigations were conducted into alleged police brutality, and the bombings and burnings of Negro homes and churches.

Hoover said final tabulations for 1964 would show the apprehension of about 13,200 fugitives and recovery of more than 20,500 stolen automobiles in FBI-investigated cases. Both figures are increases of nearly 1,000 over the previous year.

The FBI director said Times, sayings and recoveries, resulting from FBI cases totaled more than 200 million dollars, more than paying the way of the bureau. The annual FBI budget is about 150 million dollars.

## Car Leaves Road, Strikes Hangar

LA PORTE, Tex., Jan. 5 (AP)—A woman was trapped and burned to death and her husband injured when their car left a highway last night, hurtled through an airplane hangar and burst into flames. Ten airplanes were destroyed.

The woman was Mrs. Paul Troy Crawford, 29, Houston. Her husband, 34, was hospitalized with second and third-degree burns.

Cliff Hays, owner of the flying service bearing his name, said several other airplanes were damaged. He estimated damage to the planes at \$120,000 and extensive damage to his new \$35,000 hangar.

The hangar at the La Porte Municipal airport east of Houston is located only about 20 feet from the highway.

## NEW SCIENTIFIC METHOD FOR HAIR PRESERVATION — 97% FEWER BALD HEADS\* — HAIR EXPERT IN TWIN FALLS WEDNESDAY ONLY

If you suffer from dandruff, through its completion on a pro-excessive hair fall, thinning hair, excess oiliness or dryness, or itchy scalp, or if your scalp is still creating hair, we urge you to take a few moments of your time to see the Harlow specialists and find out what you can do for your particular hair and scalp problem.

Surveys among men and women in all walks of life show that the worst enemies of your hair are (1) doubt and (2) delay. Many balding people who are doing nothing to help themselves are justifying their condition with thinking like this: "I don't think anybody can stop hair loss" — or "I'm going to see an expert when I get around to it." That doesn't solve your problem. You are going to keep losing your hair until you are bald — unless you get your scalp in a healthy hair-growing condition again.

Combining newer scientific methods for hair presentation, consultation, and personal periodical checkups, we have 97% satisfaction among clients we accepted for treatment. A phenomenal record of satisfaction? No, when you realize that we only consider those that we know can be helped under our guarantee if you are accepted.

If you are accepted, results are guaranteed by the Harlow company. You don't have to take our word — you will be given a written guarantee from the best of your treatments to your scalp.

Remember, once your hair is gone it's too late! So act now — see our specialist and put an end to your hair worries.

## Charge Filed After Crash On Addison

James F. Duravan, 10, 193 Corner street, was charged with following too closely, after a collision Saturday with a 1958 Mercury driven by Charles R. Reis, 19, Filer. Reis was making a turn at the 300 block of Addison avenue west when Duravan's car struck his from behind.

Damage to the Reis automobile totaled \$50 and \$100 to the 1951 Dodge Duravan was driving.

There were no injuries.

William Maz, 16, 595 Madison street, was cited for reckless driving Saturday when the 1958 Ford he was driving collided with a parked car owned by Gary DeFord, 333, Second avenue west. Maz made a left turn onto Second street east and collided with the properly parked car. There was an estimated \$100 damage to DeFord's car, but there were no injuries.

Slick accounted for an accident involving a 1964 Dodge driven by Harold Lyons, 21, route 1, Jerome, and a 1957 Chevrolet driven by Michael Vincent, 20, Sunday.

Vincent stopped on Falls avenue and Frontier road to make a left turn when Lyons was unable to make the stop due to icy roads and hit the Chevrolet from behind.

Although no one was injured there was \$200 damage to the Lyons automobile and \$150 to the Vincent vehicle.

## Boisean Injured In Gun Accident

RENO, Jan. 5 (AP)—A Boise man is in fair condition today at a Reno hospital where he is undergoing treatment for a gunshot wound in the shoulder, apparently the result of a fast draw mishap.

The injured man, 25-year-old Ralph Davis, was found unconscious in his car yesterday on Nevada highway 17 between Reno and Virginia City.

A sheriff's officer says Davis apparently had been out for target practice with a .22 caliber pistol. He was wearing a fast-draw holster.

Davis had been visiting at the home of his sister, Mary, Susan, Reno.

## Booms Expected After Crash

CHICAGO, Jan. 5 (AP)—Strategic air command bombers will break high over Chicago today, beginning a three-month training mission expected to strain windows and perhaps nerves to the breaking point.

Residents have been warned to expect repeated sonic booms caused by B58 Hustler bombers flying at supersonic speeds. The planes are attached to the 305th Bomb Wing at Trinker Hill air force base in Indiana.

## Dutch Liner Hits Railroad Barge

NEW YORK, Jan. 5 (AP)—The Dutch liner Nieuw Amsterdam struck a railroad barge today while returning from a West Indies cruise with 471 passengers. Despite a two-foot-long gash in her starboard bow, the ship reached dock unaided.

There was no immediate reports of any injuries.

The barge apparently was floating loose and lost some of its cargo of freight cars when the accident occurred about a half-mile north of the new Ver-

ranzo-Narrows bridge. The coast guard said there was no one aboard the barge when the 30,000-ton, 758-foot Holland-American Line ship hit it in clear weather.

# News Around Idaho

## Meredith to Talk on Negro Crisis in U.S.

LAGOS, Nigeria, Jan. 5 (AP)—American Negro James Meredith announced yesterday he will travel around the world to discuss the Negro problem in the United States.

A statement from his office in Ibadan, where Meredith attends the university, said that on his return to the United States he will walk from Memphis, Tenn., to Jackson, Miss., reporting Negroes "not be harmed on his way out."

At present, Meredith and his family are in Dahomey as guests of the government. Meredith has been giving speeches on the Negro situation in the United States during his stay there.

Meredith, the first known Negro to attend the University of Mississippi at Oxford, Miss., usually discusses the oppression, poverty and intimidation suffered by the Negro in the U. S. He also talks of racial violence in Mississippi and the relationship between the American and African Negro.

## Loyalty Oath Is Taken by Idaho Judge

BOISE, Jan. 5 (AP)—Justice Emory T. Knudson yesterday became the first elected state officer to publicly subscribe to Idaho's controversial loyalty oath.

The oath, still involved in federal court litigation, was put into the statutes by the 1963 legislature. An injunction against its enforcement was issued but Chief Justice Henry McQuade said this did not affect Justice Knudson.

Justice Knudson was reelected in the August non-partisan judicial election to another term on the bench.

"It's the one prescribed by the last legislature," Justice Knudson said when asked why he took the oath and the legislators did not. He added that the legislative oath is in the state constitution while his oath is statutory.

He added that he had "no objection to taking any part" of the loyalty oath which includes a disclaimer of membership in any subversive organizations either now or during the past five years.

The chief justice, who administered the oath of office first to Knudson and then to the legislators in a joint session, early this afternoon, said the oath to be administered to members of the court is different from the one administered to the legislators.

## Sawtooth Forest Rangers, Staff Hold Meeting

Sawtooth forest rangers and staff officers are meeting Monday and Tuesday in the conference room of the Sawtooth National Forest district office in Twin Falls for personnel management discussions. This meeting will provide instruction in guiding, training and evaluating forest service employees for which rangers are responsible.

Max Rees, supervisor, Sawtooth national forest, will head the Tuesday program on employment procedures, safety practices and training plans. He will direct a discussion of elements essential to make performance ratings.

Two films concerning managerial philosophies and the development of employees will be shown.

## KNOTHOLE NEWS

- The Twin Falls parks and recreation department knothole basketball schedule for Saturday is announced by Chad Browning, recreation director.

- At 2 p.m.—Nabs Snarling Tigers vs. Walkers Bobcats, Hemings Tomshawks drew a bye this week.
- Players are asked not to bring their own basketballs to the gymnasium.

## BOISE, Jan. 5 (AP)—Sen. Burns' Bill, answered roll call at the start of the 1965 Idaho legislature yesterday. The bill was excused for the rest of the week. His wife is ill and Burns asked permission to return to his home at Moore.

IDAHO FALLS, Jan. 5 (AP)—Two radar maintenance men, showed in on Sawtooth mountain near here, are stranded despite efforts by heavy equipment to remove them. The men, Jerry Lamier and William Mayor, both Ashton, say they are comfortable and have enough food, but have been out of cigarettes for several days.

BOISE, Jan. 5 (AP)—Job opportunities and vocational training for the mentally retarded will be discussed at a day-long session in Boise Thursday, conducted by the Idaho Council on Mental Retardation. Parents, educators and state and federal officials have been invited to express opinions at the session. Testimony heard will aid the council in preparing a blueprint for better services for the mentally retarded.

REXBURG, Jan. 5 (AP)—The Parent-Teachers association says its drive for a sales tax to help meet school needs has been endorsed by Dick Smith, former chairman of the Idaho senate's education committee. Smith said the sales tax, combined with downward adjustments in other taxes, could provide for education. He said the PTA is promoting the sales tax through "education alert" petitions being circulated by volunteers throughout the state.

IDAHO FALLS, Jan. 5 (AP)—Pepper's Allied Metal company, Salt Lake City, yesterday still had not assigned a crew to remove steel from an abandoned project at the national reactor testing station near Idaho Falls. The company was an unwitting storm center in a dispute at the reactor station which saw members of the Ironworkers union place pickets on all roads leading to the site. Because all construction crafts refused to pass pickets, all construction work was halted at the site for seven days. When and if the company would return to the site to remove the steel, became a question today. Construction crafts returned to work last Tuesday. The company has until Jan. 11 to remove the steel, according to the contract. If the company defaults on removal of the steel, it would pay some \$600 in penalty.

POCATELLO, Jan. 5 (AP)—Six Chicagoans have pleaded guilty to reduced-murder charges in the July slaying of Downey village Marshal Daniel F. Woodland. The six are Eugene Roddy, 44, Harvey Pulver, 22, Edward A. King, 29, Carletta Lee Hill, 18, Frances Lehtley, 26, also known as Pauline Roberts, and Susan Hayes, 18. The men pleaded guilty to second degree murder and the women to voluntary manslaughter. A date will be set for sentencing after statements are issued in their behalf. The six are accused of shooting Woodland last July 16 as he attempted to halt a burglary at the Downey Orange Growers, Inc. store in Downey.

POCATELLO, Jan. 5 (AP)—Flood-damage repair and removal of debris from clogged Portneuf river and Marsh creek will be asked of the army corps of engineers as part of federal disaster aid. The work will be requested by the Bannock county commission, according to Chairman Emmette Spraker. He says debris has caused the two streams to change course in several places. Bannock county is one of 26 Idaho counties which President Johnson has declared federal disaster areas eligible for emergency aid to restore public facilities.

By The Associated Press  
Snow fell at higher elevations but highway conditions throughout Idaho generally were improved today. State police said new snow was reported at several points on U. S. 10 and U. S. 20 and was required. Use of chains was advised on U. S. 12 at Tolo pass where there also was new snow. U. S. 91 at Mofida pass was opened to one-lane travel but state police said there still was some drifting. State route 29 from Leadore into Montana was closed. Highways in the Bonners Ferry, Banpoint and Fourth of July canyon to Kellogg areas were snow covered and there was broken snow floor at Coeur d'Alene. Ice spots were listed in the Moscow and Lewiston areas and U. S. 95 was icy at Grangeville and Whitebird hill.

## Roll Call Is Interrupted on House Floor

WASHINGTON, Jan. 5 (AP)—A man with blackened face and stovepipe hat raced past guards into the house chamber yesterday and disrupted a roll call shouting "The Mississippi delegation!"

He was grabbed by police and dragged out of the chamber. He identified himself as a member of the American Nazi party and said his name was Robert Lloyd. The intruder was dressed in a bizarre costume, with black-face makeup, a top hat and black tights, with a fur-like black loincloth.

As uniformed police dragged him to an elevator, he shouted "Long live Rockwell!" He said he was one of the followers of George Lincoln Rockwell, leader of the American Nazi party.

Members were in the middle of a roll call on the opening day of the congress when the interruption occurred.

Members sat in stunned silence as the uninvited guest danced and shouted from the well of the chamber.

Doorman Robert Williamson said the intruder "showed me backwards and rushed right past me. I couldn't do anything."

His main intelligible cry—"The Mississippi delegation!"—obviously referred to yesterday's effort by Mississippi Freedom Democrats to bar the seating of Mississippi house members and seat instead three Negro women elected in an unofficial ballot among the state's Negroes.

## Caution Urged On Well Water

BURLEY, Jan. 5 (AP)—Caution should be exercised in the use of water from private water systems in areas of the recent flood, local health department officials said today.

Sample bottles may be obtained from the local health department in the Cassia county courthouse. Tests will be made free of charge to determine if the water supply is contaminated from the recent flooding in the area.

Contaminated water systems must be disinfected for safe usage. Instructions for disinfecting water systems are available from the local health department office.

CRASH KILLS 14  
QUITO, Ecuador, Jan. 5 (AP)—A blowout was blamed today for a truck accident in which 14 migrant farmhands were killed, and 40 others injured 30 miles south of Quito.

## Cold

MINEROLA, N.Y., Jan. 5 (AP)—Two-year-old Kathy has a cold—and with it some cold sores.

Her mother, Mrs. Brian Bentley, said last night as she sat tending the child to bed, "Come here, Kathy, I'm going to put some vaseline on you."

Kathy replied, "Mummy, I'm not a cat."

## Cenarrusa Installed in House Post

BOISE, Jan. 5 (AP)—Rep. Pete Cenarrusa, R., Blaine, was installed as speaker of the Idaho house of representatives yesterday, but members failed to complete their organizational work by declining to name all key attaches.

Cenarrusa was chosen by Republicans as their nominee for a second term as speaker at their Sunday night caucus. He was formally nominated by Rep. William Lanting, R., Twin Falls, the majority leader. The second was voiced by Rep. Darrell Manning, D., Bannock, the minority leader, and by unanimous consent Cenarrusa was elected by acclamation.

Robert Remaklus, Cascade, acted as chief clerk during yesterday's session.

Cenarrusa said, however, that Remaklus has indicated he will not be available throughout the session but will stay on until organizational work is completed.

The house adopted as its temporary rules, the rules which governed the 1963 session.

## Nat King Cole Is Responding To Treatments

SANTA MONICA, Calif., Jan. 5 (AP)—Singer Nat King Cole has continued to respond favorably to treatment for a lung tumor, a spokesman said today.

## Idaho Power To Sell Stock

BOISE, Jan. 5 (AP)—Idaho Power company received approval yesterday to put on sale 25,000 shares of \$5 par value common stock.

Proceeds from the sale of the stock will be used to repay short-term bank loans now outstanding. The power company told the Idaho public utilities commission.

In approving the sale of the common stock, the commission ordered the firm to "immediately inform it by telephone and telegram when negotiation for the sale of the stocks had been completed with an underwriter."

## 100 ARE ORPHANED

PUEBLA, Mexico, Jan. 5 (AP)—More than 100 children, mostly under 10 years old, were orphaned when the roof of a new Roman Catholic church collapsed Sunday at Rijo, 80 miles southwest of Puebla, killing 60 persons.

Commander Fall is pilot of the twin-engine RA5C heavy reconnaissance jet, named the Vigilante, which carries a plot of sophisticated photography gear. The Vigilantes are launched from catapults. (AP wirephoto)

## 3 Australians to Try New System for Beating One-Armed Bandits in Nevada

LAS VEGAS, Jan. 5 (AP)—Somehow in one of the 368 businesses containing this gambling city's 8,128 slot machines stand three Australians who claim a sure-fire system for beating the "one-armed bandits."

But the owners and operators here don't appear worried about the invaders from Sydney.

This gambling mecca has a maxim that covers the situation. It goes like this: "We welcome any and all gamblers. But for the system player, we send a taxi."

The truth further holds that system players lost systematically.

Before leaving the land under, George Clappett, a realtor who invented the system and head of the syndicate's three-man team, said he was confident the Aussies could "crack" the Las Vegas machines despite casino operators' claims it can't be done.

"All we want is to crack one of the big casinos like those in Las Vegas for a jackpot, then we will know we can beat any machine in the world," said one of the three before leaving Australia.

The syndicate claimed it had won more than \$200,000 with its system in Australia. Its activities there drew widespread attention. Sydney newspapers published step-by-step instructions on how the system works, complete with photographs and diagrams.

Gambling clubs in Australia have banned syndicate members from their premises or revoked their memberships.

Thousands of slot machine players there have tried their luck with it, but none of the clubs has reported any unusual losses. Police report nothing illegal about the system.

Thus the stage was set yesterday when reports reached here that Campett, Keith Jenkins, an ornamental steel manufacturer, and a third man—identified only as "Roy"—supposedly had arrived.

Reporters trudged in and out of gambling casinos yesterday trying to find the three Australians for interviews. But nobody knows what they look like and some .12 million tourists come here yearly.

Reports from Australia indicated that the syndicate's "system" involved pulling the slot machine lever half-way down and lining up the desired payoff symbols on the reels by suspending or slowing down their action.

Gamblers and investigators felt the Australian system was similar to the rhythm system invented here 25 years ago.

The rhythm system created a stir here in the 1940's and 1950's until casinos installed variable timers in the slot machines, destroying the rhythm system, the only known legal way to beat the slots.

In the rhythm system, the player times pulling the handle and thereby determines which symbols come up. Within an hour or so, a skillful player can empty a slot machine of all its coins.

## Chemist to Talk At Oregon Meet

Dr. Ernest Koke, Twin Falls chemist, left Tuesday morning en route to Oregon State university, Corvallis, to be one of the principal speakers at the annual meeting of the Oregon Essential Oil Growers league Jan. 7-8.

He was invited to present a technical treatise on the chemistry, research and procedures he developed for the production of natural essential oils and also aromatic chemicals produced from these oils through organic synthesis.

Dr. Koke has been nationally recognized during his 35 years of work in this field.

## Voting Listed In House by Area Solons

WASHINGTON, Jan. 5 (AP)—Intermountain region representatives followed party lines yesterday in the roll call vote that approved 224-91 changes in house rules aimed at eliminating obstacles to President Johnson's program.

Voting for the measure were 208 Democrats and 18 Republicans—compared with 78 Democrats and 123 Republicans for the action.

Idaho's Compton I. White, Jr., Democrat, voted for the action while Republican George Hansen voted against it.

In Montana Arnold Olsen, Democrat voted for and James Batten, Republican, against.

Utah's Dave King, Democrat, voted in favor of the measure and Laurence Burton, Republican, voted against the action.

In Wyoming the lone Democrat, Teño Rancallo, did not vote.

**Relief Society At Paul Holds Holiday Party**  
 PAUL, Jan. 5 — The annual Christmas party for members of the Paul LDS ward Relief society was held in conjunction with their monthly literature lesson.  
 The lesson, entitled "Poetry of Faith in God and Man," was presented by Mrs. Lenn Garner, class instructor. Her lesson was coordinated by a record of poetry by Bruce B. Clark.  
 Mistress of ceremonies was Mrs. Lawrence Mellor, president. Congregational singing was under the direction of Mrs. Larry Harper and Mrs. Fred Kloepfer.  
 Mrs. Kloepfer played two organ selections and a Christmas story was by Mrs. Lamona Hymas. Mrs. Paul Brown sang, accompanied by her daughter, Bobbie Sue Brown who also played a piano selection.  
 Michael Brown and Paul Brown sang, accompanied by Mrs. Brown.  
 There was a cooked food gift, exchange and refreshments were served by Mrs. Wallace Peterman, Mrs. Ernest Straubhaar, Mrs. Fred Paek, Mrs. Harper and Mrs. Mellor.

**Social Events**  
 The meeting of the Royal Neighbors club will be held at 8 p.m. Friday in the clubhouse. Mrs. Don Ryan will be hostess.  
 KING HILL — The King Hill Home Improvement club will meet Thursday at the home of Mrs. Glenn McCleary for their first meeting for 1965. Mrs. McCleary, newly elected president, will preside.  
 Ladies of the Elks will meet at 8 p.m. Tuesday at the lodge hall. Willa Dean, Nelson school of dance will present Terri Thor-nock, Miss Physical Fitness.  
 BUHL — Buhl chapter No. 38, Order of Eastern Star will meet in regular session at 8:15 p.m. Thursday at the Masonic temple.  
 BUHL — Home Culture club will meet at 1:15 p.m. luncheon Friday at the home of Mrs. Thomas Hejmanek. Mrs. John Rhoads and Mrs. N. L. Larson will be the co-hostesses. All members are urged to bring used clothing for the Nampa colony.  
 HAGERMAN — Union Rebekah lodge will meet at 8 p.m. Tuesday at the YCOF hall.  
 BLISS — The Flower club will meet at 2 p.m. Wednesday at the home of Mrs. Vern Stevens.  
 HAGERMAN — Fydella club will meet at 2 p.m. Wednesday at the Reorganized LDS church.  
 HAGERMAN — Members of the Past Noble Grands club will elect officers at 2 p.m. Thursday at the home of Mrs. Elwood Grimes.

**N. Y. Designer Talks on New Fashion Trends**  
 HELEN HENNESSY  
 NEW YORK, Jan. 5 (NEA) — In her showroom at Pattulo-Jo Copeland on New York's Seventh avenue, designer Jo Copeland talked to me about current fashion trends.  
 Surrounded by her own beautiful spring collection, Miss Copeland gave her views on such topics as pants, above-the-knee skirts and the current trend toward nudity.  
 She is an articulate woman and her comments were sharp and to the point.  
 Re pants: "I don't understand all this hysteria about pants. They've been around for a long time. There's nothing wrong with a woman wearing them if she knows when, where and how. But they don't belong in the city or in a chic restaurant anywhere. And for formal wear, they are out of order entirely."  
 On short skirts: "They're awful. Knees are ugly. Instead of exposing them, we should thank our stars it's possible to hide them with skirts."  
 Re cut-to-the-ribs and little tops: "I don't like vulgarly even when it's done expensively. In fact, I find it more offensive than anyone with a lot of money to spend on clothes should know better."  
 "But," said Jo Copeland, "a designer can't ignore the kooky styles that make shock news in the collections. These shockers either find their correct niche eventually at the hands of designers or they die because they were no good to begin with."  
 "Take the sack. It's still with us—but all the bugs are out. The current relaxed silhouette is the result of the sack in its original form."  
 "So a designer, you see, must be respectful of every new

movement. New direction is inspiring, but you must know how far to go with it."  
 She feels strongly that women should look pretty, elegant and feminine at all times. And she has accomplished this for the women who wear her designs.  
 Freshness and femininity is the mood of the Joe Copeland spring collection of suits, daytime dresses and formal gowns. She has used soft crepes, crisp silks and floating chiffon. Her colors include bright floral prints, spring's favorite navy and a whole new range of pinks in the coral-salmon family rather than in the mauve tones.  
 Here is a lady who knows whereof she speaks. And every item she has designed for spring is the essence of the elegant femininity she believes in.

Ask our friendly sales people for assistance in choosing your travel wardrobe.

# UCLA Takes Over First in AP Poll; Indiana Is Voted Into Second Place

By The Associated Press

UCLA's red-hot Bruins, the 1964 NCAA champions, have replaced Michigan as the nation's No. 1 college basketball team and figure to enjoy their status a bit longer than Indiana did. The Hoosiers, who surged into second place on the poll, suffered their first setback of the season Monday night, losing their Big Ten opener to Illinois 86-81.

## Boxing Receives Boosts in Congress

WASHINGTON, Jan. 5 (UPI)—Boxing received four boosts from members of both houses Monday as the 89th congress opened and Sen. Philip A. Hart, D., announced he would reintroduce "in a couple of weeks" the bill to provide for a national boxing commission.

## Coaches Add Names to All-Star Team

NEW YORK, Jan. 5 (AP)—East Coast Coach Red Auerbach of Boston and West Coast Coach Alex Hannum of San Francisco have named their All-Star teams for the National Basketball Association all-star game in St. Louis, Jan. 15.

Auerbach picked Reed of the New York Knicks and Costello of Philadelphia to the East team Monday. Hannum selected Thurmond of San Francisco and Ollie Johnson of Baltimore to supplement the eight-man squads previously selected by NBA writers and sportscasters.

Previously named to the East team were Bill Russell, Sam Jones and Tom Helms of Boston, Oscar Robertson, Wayne Embry and Jerry Lucas of Cincinnati, and Luscious Jackson and Hal Greer of Philadelphia.

## Ram Fullback Has Operation

LOS ANGELES, Jan. 5 (AP)—Veteran fullback Dick Bass should be as good as new for next year's professional football season, his physician said Monday after the Rams' star underwent knee surgery.

Dr. Danny Levinthal said Bass was operated on for removal of both left knee cartilages to clear up chronic trouble that plagued him throughout the 1964 season.

Bass was expected to remain in St. John's hospital, Santa Monica, for at least a week.

LOOKING FOR A WAY to the basket, Bradley's Alex McNutt (12) is blocked by Wichita's John Criss (25) during first half action in Peoria, Ill., Monday night. In the back are Kelly Fets (31) and Tom Campbell (32). Wichita won the contest 85-79. (AP wirephoto)

# Weber State Rips Idaho 105-71 for First Loop Win

OGDEN, Jan. 5 (AP)—Weber State Wildcats cracked the century mark with 17 seconds left to give them an easy 105-71 win over the University of Idaho in Ogden. The Wildcats broke a tight game midway through the first half on successive baskets by Bob Belka and John Silbermangel who scored three quick buckets apiece.

## McCloughan Denies Pact With Raiders

HONOLULU, Jan. 5 (AP)—Another controversy surrounding a signing by a professional football team loomed Monday. Nebraska halfback Kent McCloughan said he had not signed with the Oakland Raiders of the American Football League as had been previously reported.

Last Friday, the Raiders announced they had signed McCloughan immediately following the "contract" game in Dallas, Tex., in which Arkansas defeated Nebraska.

Oakland talked to me, but I did not sign," McCloughan said in Honolulu, where he plays in Friday's Hula Bowl.

In Oakland, the Raiders office declined comment. A spokesman said coach and general manager Al Davis was the only club official who could comment, and he was out of town.

The spokesman said Davis' whereabouts were unknown. Ollie Spencer, the Raiders assistant coach who reportedly signed McCloughan, also was reported by the front office to be out of town and unavailable.

McCloughan said he might want to go out for track in the spring. The 6-foot, 1-inch, 200-pound Big Eight sprint champion runs the 100 yard dash in 9.5.

McCloughan said he leans toward Oakland because they offered more money than Washington, the National Football League team that drafted him on the third round.

Wichita grabbed a 46-36 half-time lead only to see Bradley move within two points at 55-53. But the Wheatshockers then took command of the game to roll to an easy victory.

## Billikens Hold Tulsa for Win

ST. LOUIS, Jan. 5 (AP)—St. Louis university took a 13-point first half lead and then survived a Tulsa rush in the last seven minutes for a 54-53 Missouri Valley conference basketball victory Monday night.

A traveling violation with two seconds remaining ended Tulsa's last hope.

The Billikens held Tulsa to six field goals in the first half and tied 31-31 at the break. The margin reached 16 points four times in the final 20 minutes before Tulsa found the range. The Hurricanes fired in eight straight points to slice the lead to 49-41 with 4 minutes, 21 seconds to go.

Twice in the last two minutes, Tulsa's Carlos Grippao hit key goals, the second one cutting the score to 54-53 with 34 seconds left.

# SPORTS

## Antitrust Bill Introduced For Baseball

WASHINGTON, Jan. 5 (AP)—Rep. Clement J. Zablocki, D., Wis., concerned over the prospective transfer of the Milwaukee Braves to Atlanta, introduced legislation Monday to end the partial exemption of professional baseball from the antitrust laws.

Zablocki said in a statement that the agreement to transfer the Milwaukee team and other recent activities have "dispelled any doubt that baseball is first a business and only secondarily a sport."

The present exemption allows members of baseball leagues to agree on territorial rights and also sanctions control of players

## Wichita Shocks Bradley 85-79

PEORIA, Ill., Jan. 5 (AP)—Wichita, the nation's No. 2 basketball team, stormed over Bradley 85-79 Monday with all five starters scoring in double figures.

The triumph was Wichita's third straight in Missouri Valley play while Bradley suffered its third straight loss.

Wichita grabbed a 46-36 half-time lead only to see Bradley move within two points at 55-53. But the Wheatshockers then took command of the game to roll to an easy victory.

## Billikens Hold Tulsa for Win

ST. LOUIS, Jan. 5 (AP)—St. Louis university took a 13-point first half lead and then survived a Tulsa rush in the last seven minutes for a 54-53 Missouri Valley conference basketball victory Monday night.

A traveling violation with two seconds remaining ended Tulsa's last hope.

**Man Upset Over Salary**  
Even Namath

STON, Jan. 5 (AP)—Quarterback Frank Ryan of the Cleveland Browns of the NFL football league says if Namath is worth \$400,000, he is worth a million.

He made the comment after watching Namath, the star quarterback, perform in Texas in the Orange Bowl at Miami Friday night.

Namath is the best college back I've seen this year," Ryan said. "He has all the tools, big hip, though, and he'll keep all those tools."

23-year-old passing star Namath's upset victory over Baltimore Colts in the championship game is a feat of seven NFL seasons.

If the price tag on Namath bothered him, Ryan certainly it does. I think he's worth more than any rookie, and he includes my future in any club."

Namath earns about 25,000 a year.

**Scott Oil Sales City Win**

Oil led by the 14-point lead of Mel Hine, downed Mustang Homes Monday in the Twin Falls city oil league. Dale Schlader is man for the losers with 11 points.

Gray's 10 points; high for pointed Cappel's Texaco a 48-39 victory over Hinefield. Dean Krumm or Dean's.

Neas took a 45-23 top victory over the Twin Falls creation department, led by Myers. Myers scored 16 and Larry Anderson had the department.

"Let's turn our attention to the brake, Mrs. Boggs. I think you've about mastered the horn!"

"Wouldn't a joint account be handier for you, Pet? Then you wouldn't have to be always doing out what I want!"

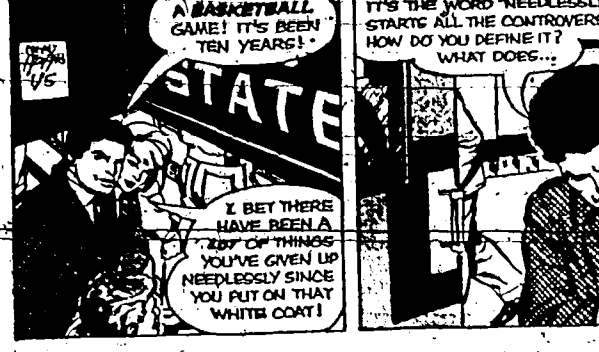

"They're selling taped music now, Pop! You don't have to tape them secretly in the booth anymore!"

"No, no, Baxter, you don't have the scientific approach to your problem. Let me simply list all possible sources of trouble, then concentrate on the most likely one. Er, could you be out of gas?"

"Oh, I knew it—I just knew it would happen! I made a bet with myself that you'd do that before we got through playin'!"

"A basketball game! It's been ten years!"

"Bug! Help me! I've been wobbled!"

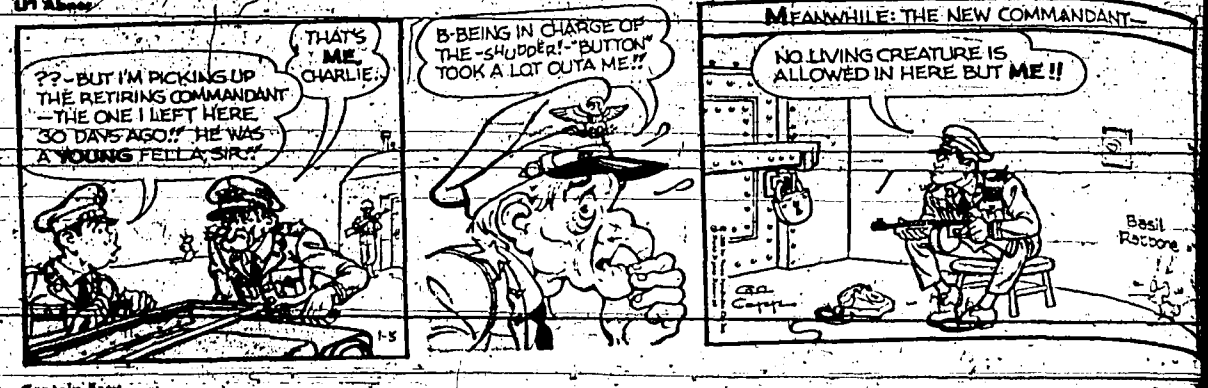

"Well, that's where you didn't use your head! You shoulda bet me I'd do it—then it'da been more careful, and it woulda happened!"

"Hold it! That we keep for the coffee hour."

"Evening, Dr. Lanier. I see we finally got you out!"

"??—but I'm picking up the retiring commandant—the one I left here 30 days ago! He was a young fella sir!"

"I have bad news, Lurkie. That's the one the gallery selected to exhibit thru next week!"

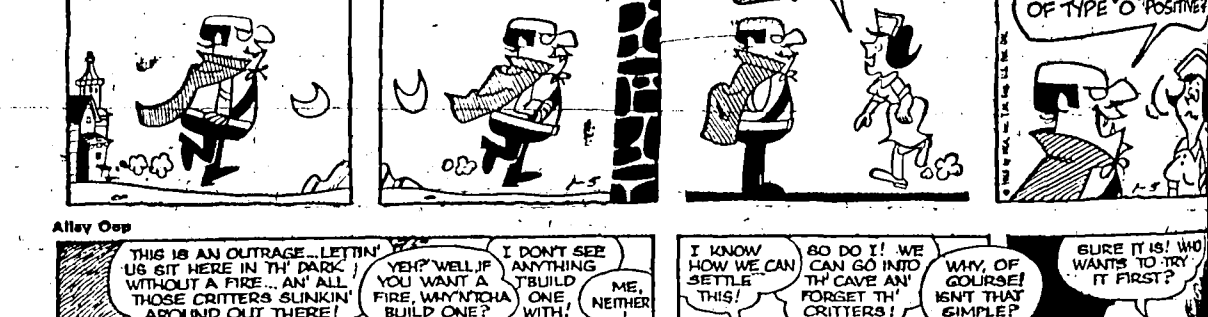

"I'm chagrined, too! Frankly, I need the money now. If you could be happy with this one you can have it at a bargain!"

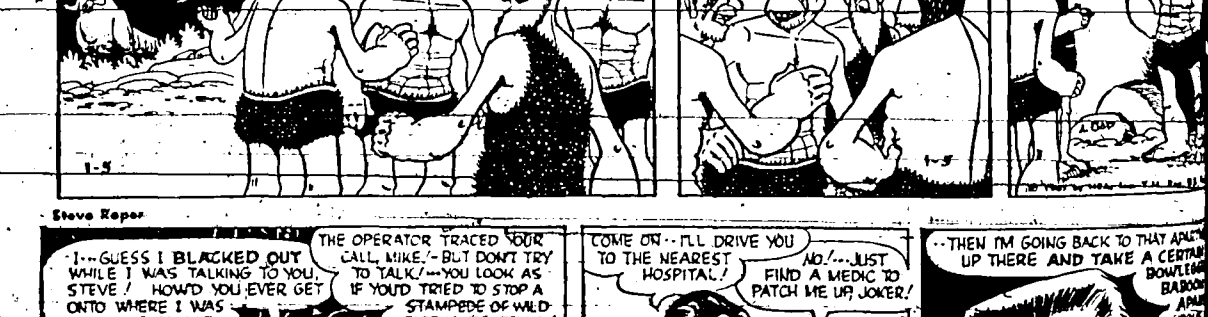

"You won't believe this... I just asked June to marry me! Guess what her answer was!"

"You want Chip to take this animal to your niece at the university?"

"Oh, the fencing's over, Kirby. You lost—don't you remember?"

"I guess you're right, you warned me to be alert."

"I guess I blacked out while I was talking to you, Steve! How'd you ever get onto where I was calling from?"

"Blame the Reds! Our aid was going so well at old Tui's village too. Morale so high the militiamen were out at night counter-ambushing the guerrillas!"

"But, mother, how can you help me with my problems? You've lived such a sheltered life!"

### Downfall of Solon Started 2 Years Ago

WASHINGTON, Dec. 5 (AP)—For Charlie Halleck, the ousted leader of house Republicans, the bell started tolling two years ago.

That was the day militant younger Republicans started a sudden coup and put Rep. Gerald R. Ford of Michigan in as chairman of the Republican conference.

Ford deposed an old-line Halleck lieutenant, Rep. Charles B. Hoeven of Iowa, in the job of presiding over "partywide" caucus.

"This is just the first step," said Hoeven at the time. "The next to go will be Halleck."

What Hoeven foresaw was that the discontent that brought Ford, 51, to the fore was actually aimed at a clean sweep of the old house GOP leadership, Halleck, 64, saw it, too. He tried to head off the expected blow.

Ironically, Halleck's efforts to placate the younger members cost him support among the old-timers and the first direct move against his leadership actually came from the latter source.

A group of 60 to 70 conservatives, angered at Halleck's commitment to President John F. Kennedy to support the civil rights bill through the house, held two meetings last spring that resulted in an ultimatum to the hurried leader: quit playing around with the moderates or face a leadership challenge.

Halleck finished the year with both wings of the party snapping at him and it took only two election debates to end the Republican's 38-house seats to touch off his downfall.

Within a week of the election Reps. Charles E. Goodell of New York and Robert P. Griffin of Michigan had started sounding out members on their attitude toward a leadership change.

Griffin, 41, and Goodell, 38, sparked the earlier uprising that had moved Ford into Hoeven's spot. Their aim then was the same as now: to give the younger members more voice in setting GOP policy in the house, and to work out constructive alternatives to Democratic programs.

Halleck had several handicaps against him. He was no match in physical appearance for the handsome, vigorous Ford. There was a large residue of resentment against him among the old-timers who supported Rep. Joseph W. Martin, Jr. of Massachusetts when Halleck toppled him six years ago.

Rep. Hansen introduces Amend Bill

BOISE, Jan. 3 (AP)—Congressman George Hansen, R., Idaho, introduced a bill in Washington that would permit states not to reapportion one of their legislative bodies on the basis of population, his office here announced yesterday.

Hansen said his bill calls for a constitutional amendment to permit apportionment of a legislative body on the basis of factors other than population if the voters approve in a statewide referendum.

He said the amendment would be in line with the Supreme Court ruling that apportionment be based on population in order to give every citizen equal representation in the legislature.

"This is certainly giving equal weight to the vote of every voter in the state," Hansen said, "and it returns to the state some of the rights to handle their own affairs without meddling by the federal government."

Hansen also introduced a bill to extend the broccox program, which provides Mexican labor for farmers, for two years.

Clothing Items, Bedding Sought For Buhl Family

Residents of the Twin Falls area have been asked to donate items of food, clothing, furniture, bedding and other household items to a Buhl family which was burned out of its home New Year's eve.

Mrs. Irene Hayes, whose home on Eighth street south burned to the ground with nothing being saved, has three sons and two daughters. The boys' sizes are 14, 10 and six; girls, 10 and three.

The house was destroyed when an oil stove exploded. No one was home at the time and firemen were notified about 12:05 a.m.

Items should be taken to the Buhl fire station at the city hall.

18th Century Paintings Found

LONDON, Jan. 5 (AP)—The United Arab Republic's embassy in London has discovered a fortune in paintings by the 18th century Venetian artist Giovanni Tiepolo on its drawing room ceiling.

British experts value the paintings at \$400,000 to \$700,000.

"The paintings have long been admitted," said an embassy spokesman, "but it was not until recently that an expert was called in to look at them."

"It was then discovered that the paintings were by Tiepolo, and not directly onto the ceiling, as we had always thought, but on canvas and framed."

NEW CIRCUITS UNVEILED  
HICKSVILLE, N. Y., Jan. 5 (AP)—Microelectronic circuits that can operate on only two ten-thousandths of a watt were announced yesterday by General Instrument corporation.

A FAST DRAW from a bra strap gun holster is demonstrated by a JOURNALIST, South Africa, housewife. This new type of holster was designed by a gun expert in her home city. The holster fits snugly at the waist of the bra and the manufacturer claims the bustline remains unchanged. In a test, a woman was able to draw and fire a pistol in three seconds. The holster is selling mainly to women who have to return home late at night unescorted. (AP wirephoto by cable from London)

### Capsule Biographies of Eight New Senators in 89th Congress Are Listed

By United Press International  
Here are capsule biographies of the eight new senators in the 89th congress:

Robert P. Kennedy: Declared himself a "New Yorker by choice" when he announced his candidacy for the senate from New York. He had to be. The 38-year-old brother of the late John F. Kennedy had not lived in New York long enough to vote himself.

Kennedy's defeat of Sen. Kenneth B. Keating, R., N. Y., makes him a force to be reckoned with in Democratic politics. The former attorney general's election marks the first time in U. S. history that a single family had produced three senators in one generation.

Joseph D. Tydings: Followed in his father's political footsteps to defeat Republican Sen. J. Glenn Beall for one of Maryland's senate seats. The 35-year-old stepson of the late Sen. Millard E. Tydings was an early supporter of the late President John F. Kennedy, who encouraged him to make the race against Beall.

A seven-year veteran of the Maryland legislature and former U. S. attorney for the state, he conducted his campaign along Kennedy-type lines, complete with whistle-stop train tours and "teas for Tydings."

George Murphy: 62, was a song and dance man in the movies and on the Broadway stage of yesterday before gravitating into business and politics. He always was the nice guy who lost the girl in the last reel. But his luck changed when, in his first bid for elective office, he beat Democratic Sen. Pierre Salinger to win one of California's senate seats.

A native of New Haven, Conn., Murphy made his movie debut in 1934. He describes himself as a "middle-of-the-road Republican."

Fred R. Harris: At 33, is the youngest man ever to serve in the senate from Oklahoma. That's nothing new for the Democrat from Cotton county. He was one of the youngest men ever elected to the state senate in 1956.

In a long uphill battle, he defeated Democratic Sen. J. Howard Edmondson for the nomination, then was matched against former Oklahoma football coach Bud Wilkinson. He is known in Oklahoma as one of the "hay-baler Harris" boys—so called because his father operated a custom baler.

First Baby in Minidoka County Is Premature

RUPERT, Jan. 5—The first baby born this new year in Minidoka county was a boy born at 10:42 a. m. Sunday to Mr. and Mrs. Leon Walton, Paul.

The three-pound, eight-ounce boy, was reported about two months premature. It is the first baby born to the Waltons.

No name has as yet been selected for the child.

Several Rupert merchants have decided to donate prizes to the family.

Six Germans Cross Border

BERLIN, Jan. 3 (AP)—An East Berliner yesterday escaped under communist fire and five other refugees slipped across the Berlin wall undetected during the night, Western police reported.

The flights to freedom came as the communists closed the anti-refugee wall to West Berliners until Easter.

The wall had been opened from Dec. 19 to last midnight for West Berliners to make one-day Christmas visits to relatives in East Berlin. A total of 251,000 West Berliners went through five special crossing points for reunions with fathers, mothers and other relatives trapped behind the wall and forbidden to cross into West Berlin.

### State Agencies Seek 153 Million

BOISE, Jan. 5 (AP)—State agencies have requested a total of \$153,487,023 from Idaho's general fund budget for the biennial period, an increase of 42 million dollars over this biennium.

The figures were shown yesterday when the budget director released the 1965-67 proposed budget to state departments.

Against the requests from the general fund, Budget Director Don I. Walker anticipated revenue in the next two years into the general fund of only \$98,331,052, using current revenue sources.

He also predicted that revenue will fall short \$3,645,056.24 at the end of the biennium. Next June 30, Idaho's constitution prohibits any deficit in the general fund at the end of a biennium.

This biennium's general fund spending was set by the last legislature at 101.8 billion dollars, but Gov. ROBERT E. Smythe ordered a 4.8 per cent holdback during the first quarter when it was seen that revenue would fall short in matching expenditures.

The budget book contained no recommendations on department expenses. The legislative council's budget subcommittee held hearings on the budget requests last month and passed the requests along to the governor without recommendation.

One of the largest increases in the next biennium would come from the agriculture department. Its proposed budget is \$353,904 more than this biennium's. Another large request came from the attorney general's office in the amount of \$72,000.

Others were the auditor's office, asking for \$58,821 more; the governor's office, \$48,797 more; and the state treasurer asked for an increase of \$39,002 from the general fund over this biennium's amount.

VISITS INDIA  
NEW DELHI, India, Jan. 5 (AP)—New Soviet Premier Alexei N. Kosygin has accepted an invitation to visit India, officials sources said yesterday.

In education, the department of public instruction asked nearly a million dollars more in department operations. The school aid request is 27 million dollars more, but this was not in the budget book.

### Discover the difference in the '65 Chevrolets (As different from other cars as they are from each other)

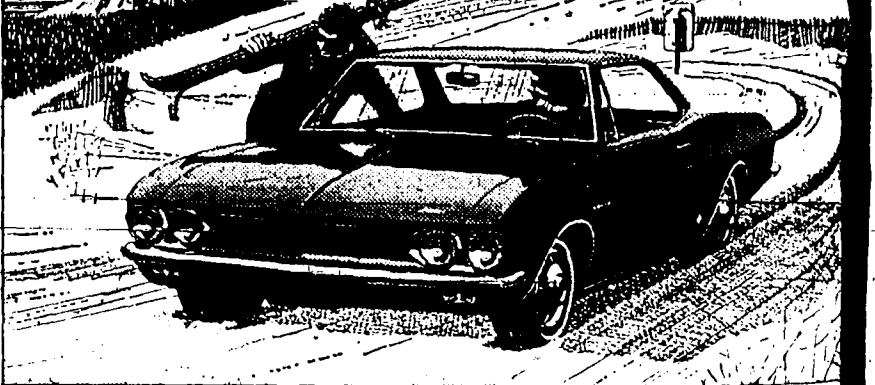

**CHEVROLET**—As roomy a car as Chevrolet's ever built. When you take in everything, there's more room inside this car than in any Chevrolet as far back as they go. It's wider this year. The windows are curved for more shoulder room. The engine's been moved forward for more foot room. So, besides the way '65 Chevrolet looks and rides, we now have one more reason to ask you: What you get by paying more for a car—except bigger monthly payments?

**CHEVELLE**—The most popular intermediate-sized car you can buy. Of all the cars its size, Chevelle is the biggest seller. Why? Because it has a smooth Full Coil suspension ride. Because most models come with thick deep-twist carpeting and all-vinyl interiors; and all are available with up to 350 hp that's just Grrrrrrrr!

**CHEVY II**—As economical a car as you can own, but... But those rust-resisting rocker panels, self-adjusting brakes and those smooth dependable engines have never been in more beautiful surroundings. Come see what some very expensive looking styling changes and yards of luxurious upholstery can do.

**CORVAIR**—The only rear engine American car made. You should read what the car enthusiast magazines say about it. They think there's nothing else this side of the Atlantic that can touch its styling or ride. They say if you haven't driven a new Corsa with 180 hp, you just don't know what you're missing.

**CORVETTE**—The only true sports car America makes. Now everybody claims to have a "true" sports car. But other dealers can't say it's available with a fuel-injected V8, as Corvette does. Or with 4-wheel disc brakes, as Corvette does. They can't say they have one with a clear conscience.

Drive something really new—discover the difference at your Chevrolet dealer's  
**Chevrolet • Chevelle • Chevy II • Corvair • Corvette**
