

Railroad Merger Recommended by Federal Agency

WASHINGTON, March 29 (AP)—Merger of the Pennsylvania and New York Central railroads was recommended today by examiners for the interstate commerce commission. If finally approved by the ICC, the Penn-Central would be the United States' largest rail system. Strict conditions were laid down, one of which would require the two railroads to provide freight service over the lines of the New Haven railroad. But the examiners—contrary to expectations in the railroad industry—did not recommend that the merged Penn-Central system support the New Haven's bankrupt passenger operation "unless a plan is provided to offset the present operating deficits on a sound economic basis."

The merger, if approved by the commission, would create a 19,631-mile system that would operate in 14 states, the District of Columbia and Canada. It would serve most major population centers between the East Coast and the Mississippi river.

Examiners Jerome K. Lyle and Henry C. Darmstadter, who conducted extensive hearings on the complex proposal, concluded: "It is our belief that the overall benefits to be derived from consummation of the proposed merger clearly outweigh any injury which has not or cannot be protected through the imposition of conditions" sic. The examiners did not recommend inclusion of the financially troubled Erie-Lackawanna railroad in the merged Penn-Central. But they left the record open for 10 years to permit future consideration of such action if the Erie-Lackawanna is not successful in its attempt to be admitted to the Norfolk and Western railway system. That system has in-

Nearly 100 Bills Are on Smylie's Desk

BOISE, March 29 (UP)—Nearly 100 bills approved by the regular session of the 38th Idaho legislature remained on Gov. Robert E. Smylie's desk for consideration today. Smylie has until 11:10 p.m. Tuesday to complete action on the measures. He said more than 90 of the bills reached his office only today.

"The 10 days allowed by the constitution is a tight time enough to do the job right," Smylie said. "This is another subject for discussion by the new constitutional revision commission when it is appointed and begins its work."

Viet Nam War Discussed by Taylor; Rusk

WASHINGTON, March 29 (AP)—Ambassador Maxwell D. Taylor discussed the Viet Nam struggle today with Secretary of State Dean Rusk. Opening a round of top-level Washington consultations, Taylor met with Rusk for about an hour this morning. The American envoy to Saigon is here for a one-week series of discussions on additional measures to try to force communist North Viet Nam and the communist rebels in South Viet Nam to end their aggression.

Taylor planned to confer with other state and defense department officials before seeing President Johnson. Taylor's schedule was relatively light today and there was no official word on when Johnson would receive him for a thorough discussion of the situation. Taylor arrived in Washington Tuesday.

He told newsmen at Andrews air force base outside the capital that there is an "air of optimism" in South Viet Nam. But, he added, it is "too early to talk about negotiations or ending the war" despite that optimism.

What he apparently had in mind was the effect of the U.S. and South Vietnamese air strikes against North Vietnamese installations. The sorties began Feb. 7 and are continuing at an increased tempo.

Jets Bomb Red Radar Installations

SAIGON, South Viet Nam, March 29 (AP)—F-4 Phantom II fighter-bombers attacked radar installations on Bach Long Island, following up a raid Friday against that military target in the Gulf of Tonkin.

Enemy ground fire downed a Skyhawk jet in the area. The pilot was reported rescued uninjured.

The attack was the 13th in a series of raids launched against North Viet Nam Feb. 7. Bach Long, only 80 miles west of Red China's Hainan Island, and 100 miles south of the Chinese mainland, is the northernmost point to be hit.

Radio Peking charged that eight U.S. military planes intruded into Communist China's territorial air space near Hainan Island in two groups during the day. The Chinese maintain their water and air space rights extend 12 miles from their coasts.

Today's raid was led by Cmdr. Henry P. Gildeman, Coe of Ft. Belvoir, Colo., in command of a Phantom II fighter jet. Gildeman, who flew directly to Saigon following the raid, said his primary objective had been substantially damaged.

A participant in four or five previous raids, he said the ground fire on this one was "about the same as usual."

Gildeman said a Phantom jet fighter he was flying was not hit but that he did not know how many other aircraft had been struck by ground fire.

Klan Leaders Seek Meet With Johnson

WASHINGTON, March 29 (AP)—Two Ku Klux Klan leaders have asked for a face-to-face meeting with President Johnson following his denunciation of the organization as "hooded bigots."

A justice department representative will be in touch with Ku Klux Klan leaders who have requested an interview with President Johnson. A department spokesman said today.

The details of the exchange have not been worked out, he said, but the representative has yet to be chosen. "I'll attempt to ascertain the views of the Klan leaders."

A White House spokesman said the request made in a telegram sent by Georgia Grand Dragon Calvin F. Craig and Imperial Wizard Robert M. Shelton, Jr. had been received and routinely referred to Atty. Gen. Nicholas Katzenbach.

Johnson attacked the Klan Friday when he announced the arrest of four Alabama members in the night-riding slaying of Viola Gregg Liuzzo, 39, Detroit, a white civil rights worker. She was shot on a lonely stretch of highway near Selma. The President called for a congressional investigation and warned klansmen to quit and "return to a decent society—before it is too late."

Declared Johnson: "We will not be intimidated by the terrorists of the Viet Cong."

The Klan leaders said, however, they hoped to talk with the President about more than just that criticism.

BALLOTS SABOTAGED
LEOPOLDVILLE, The Congo, March 29 (AP)—Voting in the Congolese elections ended in chaos here yesterday. Government officials accused electoral officers of sabotaging the balloting.

EX-SOLON DIES
JOLIET, Ill., March 29 (AP)—Former Rep. Noah Mason, R., Ill., died here today following a short illness. He was 83 and served the 15th district in congress for 26 years during 13 consecutive terms.

WOMAN AND BOY look at the front of their shattered home in Santiago, Chile, after a giant earthquake ripped through central Chile Sunday. The quake shattered homes in scores of communities, ripped open a 230-foot-high dam, drowning 330 to 400 persons. Thousands were injured, some by the earthquake. (AP wirephoto by radio from Santiago)

Cassia School Bond Vote Slated Tuesday

BURLEY, March 29 — Cassia county residents will face the future of the county educational system when they vote Tuesday on a proposed \$1,250,000 school bond issue. This will mean a 3.9 mill increase in assessment, according to figures released by the central school office. If the bond issue is passed funds will be used to build six additional rooms at Burley high school, an additional two rooms at Declo high school and three rooms at Raft River high school, for the seventh and eighth grades which will provide two rooms for the elementary students.

President to Confer With African Chief

WASHINGTON, March 29 (AP)—Maurice Yameogo, the pro-Western president of the little republic of Upper Volta in the heart of West Africa, arrives today for a state visit with President Johnson.

The red-carpet welcome for the African leader will include a state dinner tonight at the White House, with 35 American Indian dancers from 14 tribes providing entertainment. Yameogo has had a strong interest in American Indians.

The 44-year-old Yameogo and his wife were to fly to Washington by helicopter from Williamsburg, Va. They arrived in the restored colonial capital last night following a flight from Africa in a U.S. air force jet.

Rebellion Is Smashed In Brazil

RIO DE JANEIRO, March 29 (AP)—Brazilian army troops yesterday smashed a rebellion by Communist-led terrorists and captured the leader of the insurgents. An army sergeant was killed in the fighting.

The troops surrounded the leftist guerrillas near the village of Foz Do Iguaçu, where on Friday the presidents of Brazil and Paraguay inaugurated a friendship bridge.

The war ministry said 13th infantry regiment troops captured Col. Jefferson Gardin Osorio, the communist rebel chief, and three of his followers when they tried to escape from Paraná state. The communist terrorists apparently were trying to reach Argentina.

Sgt. Carlos Camargo was killed trying to capture Osorio. About 15 other lefts abandoned their weapons and fled. The war ministry said a search is continuing for the rest of the communist band.

EX-SOLON DIES
JOLIET, Ill., March 29 (AP)—Former Rep. Noah Mason, R., Ill., died here today following a short illness. He was 83 and served the 15th district in congress for 26 years during 13 consecutive terms.

N. Y. Paper Parade Honors Astronauts

NEW YORK, March 29 (AP)—The skies were somber gray, but Broadway radiated a glory of its own today in honor of America's first buddies in space travel. Virgil I. Grissom and John W. Young took their bows as the city offered the fervent, flamboyant tributes of a nation. Although the weather was dark and drizzly, it was bright with banners, bands and cheers along Broadway — the "Street of Heroes" — as thousands saluted the Gemini astronauts. Cloudbursts of torn paper outdid the rain as the pair rode through massed, applauding ranks. Umbrella-sheltered throngs lined the streets. Others filled sky-scraper windows above.

Legislators

All Twin Falls county legislators will attend the weekly legislative luncheon at noon Tuesday in the American Legion hall. David Mead, chairman of the no-host luncheon, said the legislators will each make reports on the session just ended and that a question and answer session will be held following their talks.

19 Hospitals In Idaho Are Accredited

CHICAGO, March 29 (AP)—Nineteen Idaho institutions are listed in the roster of accredited hospitals released today by the joint commission on accreditation of hospitals. Idaho hospitals listed are: Boise, St. Alphonsus hospital and St. Luke's hospital; Burley, Cassia Memorial hospital; Caldwell, Caldwell Memorial hospital; Cottonwood, St. Mary's hospital; Gooding, Gooding County Memorial hospital and Idaho State Tuberculosis hospital; Grangeville, General hospital; Idaho Falls — Idaho Falls LDS hospital and Sacred Heart hospital; Terome, St. Benedict's hospital; Kellogg, West Shoshone General hospital; Lewiston, St. Joseph's hospital; Nampa, Mercy Hospital, Samaritan Community hospital; Orofino, Clearwater Valley hospital; Pocatello — Bannock Memorial hospital and St. Anthony Mercy hospital; Twin Falls, Magic Valley Memorial hospital.

The joint commission said accreditation of a hospital means it has voluntarily submitted to a survey of its facilities and patient care. Organizations making up the commission include the American college of physicians, American college of surgeons, American hospital association and the American Medical Association.

Freighter Sinks After Collision

FOKKESTONE, England, March 29 (AP)—The 1,056-ton West German freighter Katharina Kolkmann sank after a collision today with the 923-ton British freighter Gannet in the English Channel.

Rescuers picked up 14 of the Katharina's crew. One man was missing.

Plumbers Picket U. S. Rocket Site

CAPE KENNEDY, March 29 (AP)—An out-of-town plumbers' union local picketed America's vast space port today, tying up about 200 million dollars in space construction for the sixth time in 14 months. Pickets from the Plumbers and Pipefitters union, Local 803 of Orlando, Fla., turned away 4,500 of 5,000 construction workers.

The federal space agency earlier had warned that such picketing would cause "untold millions of damage to the nation's space program."

Earthquake Hits Chile, 247 Killed

SANTIAGO, Chile, March 29 (UPI)—New, light Earth tremors shook Chile early today in the wake of yesterday's massive quake which killed at least 247 persons. Seismologists said the new Earth movements could be considered customary aftershocks. There were no immediate reports of casualties or damage. National police officially listed as dead 214 residents of the village of Le Cobre which was wiped out by tons of mud and water when a dam burst. Elsewhere, 33 persons were known dead, including four each in Santiago and Valparaiso — Chile's two largest cities.

Four Persons Hospitalized After Wrecks

Four people were listed in from fair to good condition Monday afternoon at Magic Valley Memorial hospital where they were taken following two separate accidents west of Twin Falls Sunday and Monday.

Mr. and Mrs. Joseph L. Gurwell, Piler, were listed in good condition at the hospital after Gurwell apparently lost control of the steering on the 1961 Chevrolet he was driving about 3:32 p.m. Sunday after one-half of a mile east of Curry on highway 30. The vehicle struck a power pole.

According to the investigating deputy, Gurwell was traveling west on the highway. The vehicle jumped a curb, cleared off a telephone pole and spun around facing east. Telephone service was disrupted in the Curry area for a short time following the accident.

A Rexburg youth and a Twin Falls woman were hospitalized after a three-car accident about 2:30 a.m. Monday on U.S. highway 93 about one and one-half miles south of the 93-30 junction.

Robert W. Hayselled, 18, Rexburg, and Mrs. Whaley, 69, 1723 Falls avenue east, were both injured in the three-car crash.

According to the investigating county deputy, Hayselled had stopped the 1955 Chevrolet he was driving on the highway to make a U turn. A 1964 Dodge driven north by Harvey A. Plummer, 39, 1625 Addison avenue, collided with the rear of the Hayselled vehicle.

Grocery Firm Hit Third Time by Fire

Fire, which destroyed portions of Matthews, Inc., a discount grocery store located west of Twin Falls Thursday, again broke out Sunday afternoon and for the fourth time early Monday morning.

The fire department was called to the store twice Thursday. Rural fire department personnel were called back to the grocery store Sunday afternoon after the blaze, which originated Thursday and was thought to be out, again ignited.

The department personnel thought they had the fire out Sunday but early Monday morning Deputy Sheriff Thomas Majors was driving toward the city and saw the grocery store again ablaze. The fire department was again called and extinguished the flames.

Thursday's fire was blamed on faulty wiring in the attic of the building. No estimate of damage was available.

Tax Anticipation Notes Are Issued

BOISE, March 29 (AP)—Issuance of 1.5 million worth of tax anticipation notes to finance state governmental operations were reported today by State Treasurer Marjorie Ruth Moon. That brings the total of notes outstanding to \$9,750,000.

Miss Moon said, however, that she plans to redeem some of the notes by Wednesday. Tax anticipation notes are issued against idle state funds during periods of slack revenue returns and are redeemed as income payments are received by the tax collector.

19 ARE KILLED
RIO DE JANEIRO, Brazil, March 29 (AP)—Nineteen persons were reported killed and 33 injured early today when a communist train crashed into a derailed freight train.

**Mild Gases Only Minor Part
Of World's Chemical Arsenal**
WASHINGTON, March 29 (AP)—Tear and nauseating gases, like those used in Viet Nam with an ensuing worldwide clamor, are only a mild and minor portion of the chemical arsenal possessed by communist and non-communist powers.

"They make you cry and vomit, incapacitate you for a few minutes or hours. But compared with other weapons in the chemical biological radiological-CBR arsenal, they are almost benign."

Some of the others can kill almost instantly or bring a slow and strangling death.

Even those not fatally toxic, some psychochemical compounds, can reduce men temporarily to something approaching idiocy or produce an anesthetized sleep.

Among the powers, the United States, Soviet Union and Red China have some or many of these types.

They were spawned first in Germany, which developed mustard, phosgene and chlorine toxic gases and used them on Allied forces in World War I.

From World War II, German laboratories came the first compounds for today's nerve gases.

"They were not used in that war. But when the nazis were defeated, the data and production equipment fell into the hands of the victors, including the Soviet Union and the United States."

The Soviet Union passed along to Red China supplies and help in setting up the Chinese communists for production of their own material. The Chinese Reds also may have captured some

Nebraska's Legislature Is Reapportioned

LINCOLN, Neb., March 29 (AP)—The Nebraska legislature under orders from a federal court to reapportion itself this year along strict population lines.

The bill, which was signed immediately by Gov. Frank B. Morrison had wide bi-partisan support.

The bill is expected to be challenged in federal district court by the Nebraska AFL-CIO. The labor union contends it does not comply with the U. S. supreme court's "one man-one vote" doctrine.

The AFL-CIO believes true equal representation apportionment can be obtained in Nebraska only by crossing county lines. The bill does not do that.

Under the bill, urban forces would have their most powerful voice in the Unicameral since it became operative in 1977.

Supporters of the bill conceded the legislature will probably have to reapportion itself again after the 1970 census. The measure approved today is based on the 1960 census.

Fund Raising Event Slated By Grange

WENDELL, March 29—West Point Grange will sponsor a pancake supper Friday at the hall. All proceeds will be sent to the Idaho Youth Ranch, Rupert. Final plans were made for this activity at the Friday meeting of the Grange.

Donations were made to the American Cancer society. Reports of committees were given. More work was planned at the dumpgrounds. Barriers will be erected at the viewpoint and a litter barrel will be placed there.

Mrs. Edwin Bitterli was elected to fill the vacancy of Flora. A program arranged by Mrs. Chris Kuriz was presented. The program placed special emphasis on spring and March. Irish music was played by Walter Mrachek and Mrs. Greg Tussy read the history of St. Patrick's day.

Other program offerings were by Mrs. Bitterli, Mr. and Mrs. Elmer Hanson, Ervin East and Pharo Schiffer. Mrs. Kuriz conducted a quiz. Refreshments were served by Mrs. Carl Doramus and Mrs. Lora Bright.

Howard Antes Of Buhl Dies At Age of 61

BUHL, March 29—Howard E. Antes, 61, 510 South Broadway avenue, died at 5:30 a.m. Sunday at the Twin Falls Clinic hospital of a short illness.

He was born Jan. 2, 1904, at Flemington, N.J., and for 28 years he was an engineer in the research and engineering department of the Esso division of Standard Oil company in New Jersey. He moved to Reno, Nev., in 1958 and in January, 1962, he moved to Buhl and purchased the Oregon Trail motel and apartments which he had operated since that time.

He was a member of the Buhl lodge No. 53 AF and AM, Corner Stone lodge No. 229 AF and AM, Linden, N.J., Scottish Rite Bodies and the Crescent Temple of the Shrine at Trenton, N.J., and the Ochs Shrine club of Buhl.

Survivors include his widow, Mrs. Elizabeth Antes, Buhl; two daughters, Mrs. Eleanor LaBaw, Mansfield, O., and Mrs. Eunice Harris, Trenton; two sisters and one brother; 10 grandchildren, and two great-grandchildren.

Funeral services will be conducted at 11 a.m. Tuesday at the Albertson-Dickard chapel by the Rev. Delmar M. Talley, pastor of the Buhl First Christian church. Masonic rites will be by the Buhl lodge No. 53 AF and AM under the direction of Thomas M. Kendrick. The family requests that contributions be made either to the Shrine hospital for crippled children or the cancer fund and may be left at the funeral home. Final rites will be in the Mountain View cemetery, Boise.

Magic Valley Funerals

BUHL—Funeral services for Howard E. Antes are scheduled for 11 a.m. Tuesday at the Albertson-Dickard chapel by the Rev. Delmar M. Talley, pastor of the Buhl First Christian church officiating. Masonic ritual rites will be by Buhl Lodge No. 53, AF and AM under the direction of Thomas M. Kendrick. The family requests that contributions be made either to the Shrine hospital for crippled children or the cancer fund and may be left at the funeral home. Final rites will be in the Mountain View cemetery, Boise.

Twin Falls—Graveside Services

TWIN FALLS—Graveside services for Edgar J. Coleman will be conducted at 2 p.m. Tuesday in the Twin Falls cemetery, with a Twin Falls Christian church minister officiating. Reynolds funeral chapel is in charge.

Twin Falls—Graveside Services

TWIN FALLS—Graveside services for Todd Wayne Loh will be conducted at 11 a.m. Tuesday in Sunset Memorial park by Bishop M. Sherman Brennan. Friends may call until 10:45 a.m. Tuesday at White mortuary.

Burley—Funeral Services

BURLEY—Funeral services for William Henry Barton will be conducted at 9 p.m. Tuesday at McCulloch funeral home by the Rev. John Pickler, of the Burley Presbyterian church. Masonic and military graveside rites will be conducted at Pleasant View cemetery. Friends may call at the funeral home Tuesday until time of services.

Jerome—Funeral Services

JEROME—Funeral services for Mrs. May Prater Hendry will be held at 2 p.m. Tuesday in the Jerome LDS second ward chapel with Bishop Herrick M. Drake officiating. Final rites will be at the Jerome cemetery. Friends may call until 1 p.m. Tuesday.

Weather, Temperatures

MAGIC VALLEY—Partly cloudy and warmer today and tonight. Mostly cloudy Tuesday. Outlook for Wednesday, variable cloudiness with a few showers. Highs today and Tuesday, 62 to 65, lows tonight 31 to 35, except Camia prairie highs today and Tuesday 42 to 48, Lows tonight 15 to 20. Temperatures at 8 a.m.: 33 at Jerome, 38 at T.F. weather bureau with 67 per cent humidity, 35 at Rupert, 15 at Fairfield, 40 at Buhl, 36 at Castleford, 37 at Gooding. At noon: 58 at T.F. weather bureau with 32 per cent humidity. Barometer: 30.96.

Reiman Gets Cycle Victory At Daytona

DAYTONA BEACH, Fla., March 29 (AP)—Defending champion Roger Reiman, Kewanee, Ill., won the American Motorcycle association Daytona 200-mile race for expert riders Sunday in the rain astride a Harley-Davidson.

Reiman scored his back-to-back victory with an average of 90.4 miles-per-hour for the 200 miles around the 3.81-mile course at Daytona-International speedway.

It was shy of the record of 94.83 miles per hour Reiman set last year on a day race.

The 26-year-old AMA national titleholder also won the Daytona 200 in 1961.

Mert Lawwill, San Francisco, on a Harley-Davidson, ran second. He was 40 seconds behind Reiman.

They were the only two riders in the starting field of 94 to complete all 53 laps.

Reiman commanded the lead on the 14th lap and was never headed. He collected \$2,250 of the total \$12,250 purse. Three riders were injured in the race attended by 8,500 fans.

Buddy Stubbs, Belflower, Ark., suffered knee, elbow and shoulder injuries; Bill Jasper, Centerville, Ill., received an elbow injury, and Cal Rayburn, Spring Valley, Calif., suffered abrasions of the hands, wrists, elbows and knees.

Start of the race was delayed 35 minutes because of rain, which fell heavily before the start of the race and then continued for most of the time.

150 Grangers Attend Meet In Murtaugh

About 150 Grange members from throughout Twin Falls county witnessed the conferring of the third and fourth degrees at the Murtaugh old high school gymnasium Saturday evening.

This was a special meeting called by Pomona Grange. Members of the Knoll, Twin Falls, Hollister and Mountain Rock Granges presented the third degree with Mrs. Harry Sharp, chairman.

The fourth degree was conferred by members of the Buhl, Filer, Cedar Draw and North View Granges with Mrs. Donald Dietz as captain.

Mrs. Velma Freadwell, Pomona home economics chairman, was assisted in serving refreshments by members of the Mountain Rock Grange.

The next regular meeting of the Pomona Grange is scheduled April 10 at the Filer Grange hall.

Earthquake

(Continued From Page 1)

for the exits at Santiano's race track where a grandstand collapsed.

Tremors in Valparaiso leveled the large prefabricated building housing the public market and destroyed hundreds of ramshackle dwellings in the slums.

The mayor of Valparaiso described the disaster as "catastrophic."

Four deaths were reported at Llay-Llay, three each at Quilota, Capilla and Cerro La Campana, two each at La Lega and Quilpu, and one each at San Felipe, Colina, Mion, Olmué and Ventanas.

Three persons were killed at the popular Pacific beach resort of Vina Del Mar when a wall collapsed.

The shattered dam held back the waters of El Colbre (copper) reservoir in the La Calra mining area. The village at the base of the reservoir was wiped out.

Diego Avila, a La Cerla miner, said he was bicycling to a village above the reservoir when the earthquake began rumbling. "There was a tremendous noise when the dam broke open," Diego said. "Five minutes later there was nothing—only mud."

Eduard Slinan, minister of mines, told newsmen as many as 400 persons may have been buried. He said it was difficult to estimate the number of villagers living in the valley.

Prentice Is Leader In Open Tourney

JACKSON, Miss., March 29 (AP)—Jo Ann Prentice, who has been on the tour eight years without breaking into the winners' circle, kept a one-stroke lead after the second round Sunday in the \$10,000 All-State women's golf tournament.

The curvaceous Birmingham, Ala., swinger shot a par-matching 72 for a 96-hole total of 148.

She blazed through the first nine holes with four birdies. But they were nullified by four bogeys when her chip shots went off target.

Kathy Whitworth, winner of last week's tour opener, also carded a 72 for a 147 total. Sandra Haynie had a 71 for a 149 score.

Judy Torlumke and Susie Maxwell shot 70s—the tournaments best score—to go with their first round 80s. They were bracketed in fourth place at 150 with Betsy Rawls and Marlene Thorge. Haynie had a 75.

Beliveau-Led Canadiens Nip Rangers 5-3

NEW YORK, March 29 (AP)—Jean Beliveau fired two goals—his 19th and 20th of the season—as the Montreal Canadiens, alternating their goals at five-minute intervals, defeated the New York Rangers 5-3 Sunday night in the regular-season finale for both National Hockey league teams.

The Canadiens finished in second place and will meet fourth-place Toronto in a Stanley cup semifinal playoff series beginning Thursday. The Rangers wound up first, missing the playoffs.

Charlie Hodge started in the Montreal nets, played approximately five minutes and gave way to Gump Worsley. The two took turns from then on as Coach Toe Blake prepped them for the upcoming post-season games.

Worsley making his first appearance against the Rangers in New York since they traded him to Montreal in June, 1963, yielded all three goals. He had 17 saves to 15 for Hodge and 33 for New York goaltender Marcel Paille.

Beliveau's goals came in the second period, giving the Canadiens a 3-2 edge. Henri Richard's breakaway goal, 2:30 for 1-1, swung the center—increased the margin to 4-2 early in the third period. Dick Duff, another former Ranger, sealed the decision with 21 minutes to play after Lou Angott's goal had pulled New York within one at 4-3.

Too Many

ALBANY, Calif., March 29 (AP)—The \$15,000 added California derby trial tops off this week's racing at Golden Gate fields with so many entries eligible that the race may be run in two divisions.

Valley Traffic Courts

Clifford E. Kestler, 31, 429 Wakfield, forfeited a \$100 bond by Twin Falls Police Judge Harry Turner for failure to drive in a lane roadway.

Loren R. Brown, 18, Paul, forfeited a \$10 bond and was assigned three violation points by Judge Turner for speeding.

Holt Burrup, 45, Caldwell, was fined \$100 and costs and suspended 90 days by Judge Turner for drunken driving.

Ciarabelle B. Wyckoff, 65, route 1, Kimberly, was fined \$15 and costs and assigned three violation points by Judge Turner for speeding.

150 Grangers Attend Meet In Murtaugh

About 150 Grange members from throughout Twin Falls county witnessed the conferring of the third and fourth degrees at the Murtaugh old high school gymnasium Saturday evening.

This was a special meeting called by Pomona Grange. Members of the Knoll, Twin Falls, Hollister and Mountain Rock Granges presented the third degree with Mrs. Harry Sharp, chairman.

The fourth degree was conferred by members of the Buhl, Filer, Cedar Draw and North View Granges with Mrs. Donald Dietz as captain.

Mrs. Velma Freadwell, Pomona home economics chairman, was assisted in serving refreshments by members of the Mountain Rock Grange.

The next regular meeting of the Pomona Grange is scheduled April 10 at the Filer Grange hall.

Earthquake

(Continued From Page 1)

for the exits at Santiano's race track where a grandstand collapsed.

Tremors in Valparaiso leveled the large prefabricated building housing the public market and destroyed hundreds of ramshackle dwellings in the slums.

The mayor of Valparaiso described the disaster as "catastrophic."

Four deaths were reported at Llay-Llay, three each at Quilota, Capilla and Cerro La Campana, two each at La Lega and Quilpu, and one each at San Felipe, Colina, Mion, Olmué and Ventanas.

Three persons were killed at the popular Pacific beach resort of Vina Del Mar when a wall collapsed.

The shattered dam held back the waters of El Colbre (copper) reservoir in the La Calra mining area. The village at the base of the reservoir was wiped out.

Diego Avila, a La Cerla miner, said he was bicycling to a village above the reservoir when the earthquake began rumbling. "There was a tremendous noise when the dam broke open," Diego said. "Five minutes later there was nothing—only mud."

Eduard Slinan, minister of mines, told newsmen as many as 400 persons may have been buried. He said it was difficult to estimate the number of villagers living in the valley.

Prentice Is Leader In Open Tourney

JACKSON, Miss., March 29 (AP)—Jo Ann Prentice, who has been on the tour eight years without breaking into the winners' circle, kept a one-stroke lead after the second round Sunday in the \$10,000 All-State women's golf tournament.

The curvaceous Birmingham, Ala., swinger shot a par-matching 72 for a 96-hole total of 148.

She blazed through the first nine holes with four birdies. But they were nullified by four bogeys when her chip shots went off target.

Kathy Whitworth, winner of last week's tour opener, also carded a 72 for a 147 total. Sandra Haynie had a 71 for a 149 score.

Judy Torlumke and Susie Maxwell shot 70s—the tournaments best score—to go with their first round 80s. They were bracketed in fourth place at 150 with Betsy Rawls and Marlene Thorge. Haynie had a 75.

Beliveau-Led Canadiens Nip Rangers 5-3

NEW YORK, March 29 (AP)—Jean Beliveau fired two goals—his 19th and 20th of the season—as the Montreal Canadiens, alternating their goals at five-minute intervals, defeated the New York Rangers 5-3 Sunday night in the regular-season finale for both National Hockey league teams.

The Canadiens finished in second place and will meet fourth-place Toronto in a Stanley cup semifinal playoff series beginning Thursday. The Rangers wound up first, missing the playoffs.

Charlie Hodge started in the Montreal nets, played approximately five minutes and gave way to Gump Worsley. The two took turns from then on as Coach Toe Blake prepped them for the upcoming post-season games.

Worsley making his first appearance against the Rangers in New York since they traded him to Montreal in June, 1963, yielded all three goals. He had 17 saves to 15 for Hodge and 33 for New York goaltender Marcel Paille.

Beliveau's goals came in the second period, giving the Canadiens a 3-2 edge. Henri Richard's breakaway goal, 2:30 for 1-1, swung the center—increased the margin to 4-2 early in the third period. Dick Duff, another former Ranger, sealed the decision with 21 minutes to play after Lou Angott's goal had pulled New York within one at 4-3.

Too Many

ALBANY, Calif., March 29 (AP)—The \$15,000 added California derby trial tops off this week's racing at Golden Gate fields with so many entries eligible that the race may be run in two divisions.

Pari-Mutuel

RUPERT, March 29—Members of the board of directors of the Rupert Chamber of Commerce voted to conduct pari-mutuel racing in connection with the annual Super Rodeo and July 4th celebration. The rodeo committee obtained the July dates last year for pari-mutuel racing but were unable to get ready in time to hold the racing with the annual July celebration.

The directors meeting was held following the regular luncheon meeting Thursday at the Hirling cafe.

Minico high school students presented the program for the meeting with Dennis Ruppert reporting on current school activities. He reported the Minico boys debate team took first place in the regional debate tournament at Riggins recently and the girls team took second place. Both teams earned the right to participate in the state tournament to be held April 2-3 at Moscow.

Ruppert also reported student body elections at Minico were getting under way.

John Tarp, a junior at Minico, presented the oration that recently won for him the state Legion contest. Tarp reported he will be competing on a regional level with winners from Alaska, Montana and Washington, with the winner scheduled to enter national competition April 6 at Portland. The theme of the oratory was "The People's Constitution. Ours to Defend."

Tarp stated the purpose of any oration is to move the audience to action.

Grace Kraus presented a dramatic reading and Larry Duffin gave an after dinner speech.

Donald Dickson was program chairman and introduced students.

Cub Scouts "Model" at Buhl Meeting

BUHL, March 29—A humorous skit, "Fashions on Parade," was the special feature of the evening when Cub Scouts of pack 4 held their monthly meeting at the First Methodist church, the sponsoring organization.

Cub's impressions of some appeared were modeled by Fred Jensen, Jimmy Burns, Pat Hamilton, Mike Hamilton, Pat Manman, Doug Spriter, Keith Christensen, Lee Hammerquist, Greg Gullik and Mark Olson. Mr. Richard Burns served as narrator. The traditional Easter songs were played by Mrs. Carol Todd, pianist. The fashion show was designed by Mrs. W. W. Jensen.

Awards were presented to Ricky Thometz, lion badge; Lee Hammerquist, bear badge; Timmy Howard, lion badge; Jay Mical, silver arrow; Jimmy Pence, denner stripe, and Nicky Todd, assistant denner stripe. The inspection trophy was awarded to den 4.

The opening ceremony was by den 3. The colors were presented by Ricky Jensen, Lee Hammerquist, Mike Hamilton and Pat Hamilton, with Doug Spriter leading the flag salute.

W. W. Jensen, Cubmaster, and Richard Thometz, assistant Cubmaster, presided over the meeting.

Edgar Coleman Dies of Short Illness in T. F.

Edgar J. Coleman, 56, died at 10:30 p.m. Saturday at Mag Valley Memorial hospital of a short illness.

He was born April 10, 1908, to Colby, Kans. He came to Twin Falls about 1940 and worked in this area as a sheepherder on a farm laborer.

Survivors include a sister, Mrs. Robert A. Fowler, Winchester. Graveside services will be conducted at 2 p.m. Tuesday in the Twin Falls cemetery, with a Twin Falls Christian church minister officiating. Reynolds funeral chapel is in charge.

Progress Is Given in Communities

SHOSHONE, March 29—Progress of work in various communities was reported at the North Side Communities meeting held at the Mountain View bowling lanes here Friday.

Ralph Smith and C. R. Jones, Ruperts, stated they had sent telegrams to Sen. Frank Church regarding the wilderness bill for Idaho and resolutions had been returned for study. A complete study will be made at the next meeting when Don Pitts Gooding will bring a map showing the proposed wilderness park area.

All congressional delegates will be informed that the North Side communities are not in favor of the recreation area.

Gooding chamber members reported Independent Birth meat company has started a building there which will employ 40 women at the outset and around 100 women as it gets going. The building should be complete by April 15.

Wendell chamber reported work on a memorial for Emerson Pugnire at Crystal Springs recreation area and Rupert reported on construction of a road north and south from Paul.

Shoshone reported on the proposed job corps site for Shoshone area and a current project of cleaning the river channel in Shoshone as a flood control measure.

Plans are to have a legislator at the April 29 meeting to speak on the reappointment and sales tax.

Charge Dropped

Criminal assault charges against Daniel Earl Parris, 21, Twin Falls, were dismissed by Twin Falls Police Judge Harry Turner for insufficient evidence.

Parris was arrested Jan. 31 by city police and charged with criminally assaulting a married woman who was giving him a ride home from a bar.

Members Listed

WENDELL, March 29—New members received into the Wendell chapter of the National Honor Society Friday at the home economics rooms were seven seniors, Denise Bright, Sandra Durfee, Judy Ewert, Linda Ruby, Pam Wert, Greg Taylor and Robert Turner.

Each initiate received a membership certificate. Refreshments were served to members and parents.

Humphrey Pays Visit to Liuzzo Family

DETROIT, March 29 (AP)—Vice President Hubert H. Humphrey today visited the family of the slain civil rights leader and told her father to "keep your family together and remain strong."

Humphrey was visiting the grief-stricken family of Mrs. Viola Gregg Liuzzo, the civil rights worker shot and killed on an Alabama highway last Thursday.

The vice president saw Anthony J. Liuzzo and his five children last night in a brief but emotional five-minute visit. "I want to pay my condolences and express sympathy to you and your family," he said. "I hope it was the normal and the nice thing to do—it was very private."

Humphrey was one of several dignitaries who paid their respects to the Liuzzos yesterday. Other mourners included Sen. Philip A. Hart, D., Mich., and Mayor Jerome Cavanagh. The Rev. Martin Luther King, Jr., and Teamsters President James Hoffa were among those expected today.

Mrs. Liuzzo will be buried Tuesday after a requiem mass at Immaculate Heart of Mary Catholic Church. In her memory, Michigan began two days of official mourning today.

A proclamation by Gov. George Romney urged "every citizen to observe this period in his own way." The people showed their feelings in many ways. Many memorial services were planned, including one by the NAACP tonight.

Carloads of floral offerings and money have been coming in. Charles O'Brien, a family friend, said, "The flowers are from people, plain people, and the money is in ones and fives and that's just from ordinary people too."

N. Y. Police Probe Killing Of 3 Butchers

NEW YORK, March 29 (AP)—Police appealed to the public for help today in efforts to track down the killers of three Brooklyn butchers, gunned down in the freezer compartment of a meat market in the week-end robbery.

The store is located in the Bedford-Stuyvesant section of Brooklyn, one of the city's high crime areas and the scene of a racial slaying last week as well as widespread looting and rioting last summer.

Yesterday, scores of persons, many with police records, were picked up and questioned in connection with the triple slaying.

The bodies were found by police officers early yesterday in the walk-in cold storage room of the Spring Valley Meat market after the wife of one of the men called police to report she was worried because her husband had not come home.

A police radio car was sent to the scene and officers found the door of the store unlocked and the lights turned on.

Inside the freezer they found Joseph Wilczkowski, 38, Isidore Rosenhouse, 44, co-owners of the store, and an employee, Jack Mastromanni, 55.

Police said it was believed the three had been shot one-by-one with the same .32 caliber automatic pistol. Each man was shot twice in the head.

German Couple Crosses Border

BERLIN, March 29—An East German couple and their three children tore their way through barbed wire shortly before dawn today and escaped to West Berlin.

The family's escape was not noticed by communist border guards. It occurred in the Spandau district where the frontier is sealed off by three thick barbed-wire fences.

THE BRITISH princess royal, aunt of Queen Elizabeth, died Sunday after a heart attack at the age of 67. Called the "forgetful princess," she was the only daughter of King George V. She preferred the quiet of Yorkshire to the London social whirl. (AP wire-photo)

Heart Attack Takes Life of Queen's Aunt

LONDON, March 29 (AP)—Britain's Princess Royal, the gentle and retiring "Auntie May" of Queen Elizabeth II and sister of the Duke of Windsor, died yesterday of a heart attack. She was 67.

Flags flew at half-staff today across the nation to mourn the death of the popular princess who collapsed while working in the sunlit grounds of her home, Harewood house in Yorkshire, with her son, the Earl of Harewood and two grandchildren.

"I feel dizzy," she said suddenly and lost consciousness. Lord Harewood, 42, helped her to a bench and she was rushed to the house, but she was dead by the time a doctor arrived.

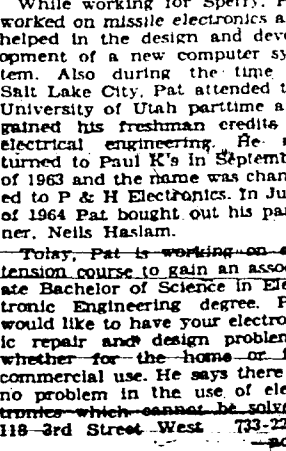

The queen was told of her aunt's death at Windsor Castle and immediately ordered a week's court mourning.

Informed sources said a private funeral will probably be held at Harewood house, where her husband is buried.

The one member of the British royal family most likely to be affected by the death of the princess, popularly known as Princess Mary, is Queen Elizabeth's 14-year-old daughter, Princess Anne.

If the queen follows tradition, Princess Anne will inherit the title of "Princess Royal" which has been conferred on the eldest daughters of monarchs for about 200 years.

PAT PATTERSON
C. D. "Pat" Patterson is a lifetime resident of Magic Valley. Born and raised at Hansen, he attended school 12 years there. During high school, Pat became interested in amateur radio and in 1951 passed the government test for his license.

Soon after high school graduation he entered the Navy where he attended Naval Electronics school at Treasure Island, Calif. During his four years of naval service he maintained and repaired such delicate electronic equipment as radar, navigational, communication and missile electronic equipment. When Pat was stationed in the U.S. he also worked part time in various radio and TV shops.

After separation from the Navy he was employed by Paul K's TV Service in Twin Falls, as a technician. In October, 1960 Pat and Nells Haslam bought out the former owner of Paul K's and started a partnership.

For business reasons in June of 1962 he went to work for Sperry Rand in Salt Lake City as a junior engineer to gain some manufacturing and engineering experience which was deemed essential to the continued growth of the business.

While working for Sperry, Pat worked on missile electronics and helped in the design and development of a new computer system. Also during the time in Salt Lake City, Pat attended the University of Utah parttime and gained his freshman credits in electrical engineering. He returned to Paul K's in September of 1963 and the name was changed to P & H Electronics. In June of 1964 Pat bought out his partner, Nells Haslam.

Today, Pat is working on an extension course to obtain an associate Bachelor of Science in Electronic Engineering degree. Pat would like to have your electronic repair and design problems, whether for the home or for commercial use. He says there is no problem in the use of electronics which cannot be solved.

118-3rd Street West 733-2260

Viet Cong Show Homey Touch in Allegiance Drive

SAIGON, South Viet Nam, March 29 (AP)—Pressing a campaign to win the allegiance of the people in the Vietnamese countryside, the Viet Cong are demonstrating a homey touch.

Known for their ability to live, work and fight on a people-to-people level, the communist guerrillas appear to believe they have found in the family photo album the answer to the West's four-color propaganda brochures.

Recent secret material obtained through Vietnamese intelligence sources included albums containing pictures of family groups, sweethearts, religious meetings, funerals and political and military gatherings.

They were taken from Viet Cong prisoners and bodies and show clearly the degree of organization that has been achieved by the Viet Cong in some areas.

One of the themes played up in the pictures apparently was designed to support the claim that there is religious freedom under communist regimes.

Many of the pictures in one album were of a religious meeting in "Phuoc Long" district. This district is believed to correspond roughly to South Viet Nam's official Phuoc Long province. About 80 miles north of Saigon, and includes the region known as "D" zone, where the Viet Cong have found a haven for years.

Banners in the pictures proclaimed the gathering was a reunion meeting of the Free Front of National Liberation of Viet Nam. "The liberation front is now in the hands of the people."

Other pictures were of an important political meeting in a tent-like structure, where Viet Cong links and officers were displayed. Speakers were shown addressing the audience over microphones, while members of the crowd raised clenched fists in an expression of voting.

Other pictures were of a more martial nature. One showed a group of well-equipped troops marching with the Viet Cong flag flying.

In many of the pictures, the subjects wore the black pajama-type blouse and pants long associated with the communist guerrillas. But the marching soldiers were in khaki uniforms.

One thing they seemed to lack, either by choice or by circumstance, was footwear. All the marching troops were barefoot.

Informants said the photo albums undoubtedly were used by the Viet Cong to show on a personal level what they claim is their way of life. It is believed the albums are passed from hand to hand among the dwellers of South Viet Nam's hamlets and villages.

The campaign is low key, but people who follow such work closely believe it is effective.

Rupert Jaycees List Officers

RUPERT, March 29 (AP)—New officers of the Rupert Jaycees have been announced. Nite Maricle is president; David Van Houten, first vice president; David Teeter, treasurer; and Dale Alumbaugh, secretary.

Other officers include Wayne Matthews, internal director and Philip McInturf, external director. Larry Hawkins, outgoing president, will be the state director.

The new officers will be installed April 10.

RATES INCREASED

LONDON, March 29 (AP)—Britain's postal rates for letters will go up one penny on May 15. The current rate is four cents. The increase is expected to produce 103.6 million dollars added annual revenue.

Bath Salts

WELTUNG, Burk Furg, March 29 (AP)—Young businessman Robert Walker, 11, made bath salts to sell on Mother's day Sunday from ordinary washing soap, his mother's cake coloring and his sister's perfume.

Profits so far average out at one shilling sixpence (21 cents) on every sevenpence (8 cents) invested.

DOCTOR DIES

CHICAGO, March 29 (AP)—Dr. Robert Talbot McElvenny, 90, a pioneer in the field of hip and spine surgery, died yesterday.

He was on the staff of Wesley Memorial hospital since 1941 and at his death was senior attending surgeon.

OF TWIN FALLS

NATIONAL WHIRLIGIG

By ANDREW TULLY
WASHINGTON, March 28—Two separate announcements last week emphasize the necessity for taking a cold, realistic view of France's practically glorious Charles de Gaulle, that view is of a spoiled, if aging, brat who seems determined to undermine the financial structure of a nation to which France is in hock for more than 7 billion dollars in war debt.

Early in the week, Secretary of the Treasury Douglas Dillon gave the House appropriations committee some information it had asked for. It was that 91 foreign nations owe the U. S. a total of 37 billion. Of this total, France owes 6.4 billion from World War I and 629 million from World War II.

APPLES PRESSURE—Meanwhile, back at the federal reserve board, officials announced that America's stock of gold had fallen by 250 million in just one week. And most of the loss represents sales to France.

These sales were not a happenstance thing. When de Gaulle is not trying to run U. S. policy in Viet Nam, he is conducting a war of nerves with Washington over international monetary policy. De Gaulle has urged that the dollar and sterling be de-emphasized as international reserve currencies and that the world return to the gold standard dropped by the U. S. in 1934. Nobody seems much interested, but France has applied pressure.

MORALITY QUESTIONED—There has been a steady outflow of U. S. gold for the past 15 years. A start was made toward stanching this flow in 1964, but so far this year the loss totals 825 million, and more than half of this drain—481.5 million—is the result of French buying. France, which in recent years has had a considerable dollar surplus, converted 450 million into American gold in 1962, 518 million in 1963 and 404 million in 1964.

There is, of course, nothing illegal in France's tinkering with the integrity of the dollar. But since it serves no purpose other than to advance de Gaulle's monetary gimmick, its morality is open to question. The U. S. has had a gold problem for a long time now, and notwithstanding de Gaulle's pious denials, his purchases clearly are designed to make this problem worse.

TIME TO PAY UP—As a cynic who accepts a foreign nation's friendship provided only that it is accompanied by a cereal boxtop, I do not suggest that France should be influenced by any feeling of gratitude to the U. S. for balling it out of two wars. But possibly the time has come to ask Charles de Gaulle for a little something on account. Seven billion dollars would go a long way toward financing President Johnson's war on poverty, with maybe a little left over for a good steak. If de Gaulle can buy gold, he can get up 10 bucks a week, or something, to pay his country's debt.

It is not considered sophisticated to mention war debts in this age of image-making, but perhaps we should make out some reminders to our deadbeat pals. Great Britain is into us for some 13 billions, and Russia owes us nearly one billion for World War II help and a debt the rest inherited from the czars.

To give these reminders force, President Johnson could step up his program to cut the outflow of American capital to developed nations. You can't buy U. S. gold if you don't have U. S. dollars.

Views of Others

PASSING THE BUDGET BUCK
The board of supervisors has reacted with righteous indignation to the proliferation of jobs on the county payroll. We hope the feeling lasts at least until June 30.

More than 3,000 new workers already have been added during the current fiscal year and the supervisors ordered a freeze on all new positions. Department heads, however, apparently didn't get the word, for they asked for 3,788 more employees in 1965-66.

"THIS IS AN ALARMING MIRROR" of the board's members called Supervisor Frank G. Bonelli. The additional jobs, he said, would cost \$28.6 million dollars in the first year alone and increase the number of county workers to 51,581.

Supervisors have reason to be edgy. The total budget for the county and special districts in 1965-66 may top one billion dollars for the first time in history.

They complain, and with reason, that many services and functions are required by state law and by the county charter and, therefore, beyond board control.

Nevertheless considerable budgetary discretion remains with the board—if the members choose to exercise it and not just talk about it.

"We now have one county employe for every 145 residents in the county," said Bonelli. "The ratio of county workers is increasing faster than the population."

"We cannot justify this. Everyone should know where we're heading."

Everyone would like to know the fiscal direction of the county. Far more than that, everyone would like to know that something is being done to restrain spending and property taxes.

Thus Supervisor Bonelli and his colleagues should be reminded that they, not the department heads, approve appropriation requests. The board can't pass the buck on the budget.—Los Angeles Times.

CANDY, PERFUME AND SCHMALZ
Never underestimate the power of a Soviet candy store. Or perfume shop. Or cosmetic shop. Every establishment that sells anything of interest to women in the Soviet Union will be raided by husbands, fiancées, and sons of all ages. For that is the date of International Women's day, a kind of St. Valentine's day schmalzed up, but with the saintliness austere removed.

Soviet women are movers and shakers. Of all physicians in the Soviet Union, three-fourths are women. As Tass reminded its readers on Women's day last year, about two-thirds of all economists are women (ah-hah), as are nearly half of all factory workers. The supreme Soviet has almost 400 women members.

Last year Neles Leben, the German language supplement of Pravda, carried a front page salute to a seamstress who had earned the title of "Activist of Communist Labor" also in a laundry, woman, and a nurse. Tass insists that the problem of equality for women did "not exist at all" in Russia.

The day has its less sober side. Georgian peasants fly in thousands of little bunches of blue, white, and pink flowers—anemones, tulips, mimosa, snowdrops, and the yellow flowers Russians call the immortal—for sale in Moscow's Central market.

All this is in keeping with a trend in the Soviet Union toward glamour. Marriages, once about as ceremonious as a trip to the meat market, are becoming more sentimental, and more and more couples are getting wed in wedding "palaces" instead of district registration centers. More and more brides wear veils and carry flowers. Civil marriage is still referred to as "registration" in the Soviet Union, but the woman who does the registering administers the solemn "safeguard your love."—Editorial Research Reports.

TAXPAYERS ARE HEROES, TOO!
Backing our astronauts are millions of ordinary space men who provide the cash. You know, the ones who get the government forms and fill in the \$ spaces.—Concrete (Wash.) Herald.

"What Have You Got There?"

POT SHOTS

TOO DRESSY?
We were having breakfast the other morning and our new telephone directory happened to be lying close at hand, but upside down. I glanced at it and danged near swallowed my coffee cup!

Maybe some families look like that in the breakfast nook, but not our family! The Chief Cook and Bottle Washer always has a hair net and no makeup that early in the day. She usually is wearing pajamas, robe and slippers.

The kids might be wearing pajamas and they always look like they will wake up in about another hour or so.

And the Head of the Family is rarely shaved by the time he hoists that first cup of Java!

Obviously, either we're not the model family or else the telephone company didn't find the model family. Or else that scene on the back of the phone directory is lunch or dinner.

PUPS FOR KIDS' DEPT.
A spayed female chihuahua about 2 years old has to be given away. She's real good with children. You can pick her up at No. 49, Washington courts.

INSIDE INFORMATION?
Dear Pot Shots:
There has to be some way to get this vital information to the people who need it and I don't think the weather bureau would be much interested in sharing the credit.

A n y w a y, my calculations show the last killing frost this spring will occur on May 15. We'll have plenty of real nice days before that and there will be some cool nights afterward, but May 15 is positively the last killing frost of spring.

I know all the gardeners and farmers will be interested in this vital information. If you have any influence, you might get the weather bureau people to file this information away and check it against what their instruments will tell them later. And I'll bet anything you can't get those stuffed shirts to go out on a limb about the last killing frost this early in the season.

I, Forecast
(Twin Falls)

VICIOUS PREMEDITATION
Dear Pot Shots:
We were working in a friend's kitchen the other day when she started sawing away with a knife that was equally dull on both edges.

"Guess I'll have to get Jim mad at me again," she said.

It seems he puts razor edges on all her kitchen knives whenever he loses his temper!

... They claim their house has "lived-in" look, but it hasn't been occupied for the last year or so by a large organization that specializes in wrecking houses."

GENTLEMAN IN THE

World Corners

By PHIL NEWSOM
(UPI Foreign News Analyst)
Despite President Charles de Gaulle's efforts to streamline French politics, French elections still can be complicated affairs as shown by just-completed municipal voting in which the Gaullists had hoped to show impressive gains.

Instead, the Gaullists suffered a serious setback, notably in Paris.

The communists, the second largest party in France, registered important gains.

And in Marseilles, France's second largest city, a socialist won over the combined opposition of both the Gaullists and the communists.

The complications arise from the fact that in 149 cities—those with more than 35,000 population—voting is by the majority system. If no slate wins a majority the first time around, then a second election is held. This time a plurality is sufficient.

Such was the situation in both Paris and Marseilles and it therefore became difficult to say whether Frenchmen were voting "for" or "against."

In Paris, for example, conservative voters held a grudge against de Gaulle for giving away Algeria. Therefore, they do not vote for communism, but they do vote against de Gaulle.

Similarly, a French peasant may not know much about Marxism, but traditionally he is in protest against the established order.

With this as a background, Frenchmen are assessing the results of their latest voting record. The first conclusion seemed to be that de Gaulle's Union for the New Republic (UNR) party would be in trouble without him.

This in turn was expected to reinforce de Gaulle's determination to run for a second seven-year term next December unless his health forbids it.

The "second" conclusion was that the election had given new stature to Marseilles Mayor Gaston Defferre, a socialist who has run Marseilles for 12 years.

Defferre already is an announced presidential candidate and, while few other French politicians share his confidence, he really believes he can defeat de Gaulle.

He would maintain de Gaulle's costly nuclear striking force but he is pledged to much closer cooperation with the United States and NATO. He also would press for European unification even at the cost of some French sovereignty.

The French communist party underwent a change in leadership last May in a search for a new dynamism. But its new strength as shown in the municipal elections is attributed more to any great rise in popularity.

The facts seem to be that the elections showed no great popular shift and that most Frenchmen feel they are doing pretty well.

The Doctor Says

By WAYNE G. BRANDSTADT, M.D.
If you plan your child home all summer, keep to keep him occupied. This does not mean letting him sit in front of the TV several hours a day. If there are friends his own age in the neighborhood, you won't have much of a problem. Otherwise summer school even though he grumbles about it, may be a good idea.

For the child who has spent a head of his class many summers, he has a harder time adjusting to camp than others because he must suddenly share the center of the stage with a group of other children he never saw before.

Learning to overcome homesickness is a part of growing up and a very valuable lesson. For this reason most camp directors ignore it.

Many a parent, in answer to a letter full of heartbreak, has appeared at camp to take her youngster home and find that he would no more think of leaving before the camp breaks up than he would wash behind the ears without being told to.

Quotes From the News

By United Press International
HOUSTON — Ben Heller of Neiman Marcus asked why singer Shirley Jones' \$16,000 floor-length mink coat is sleeveless.

"We want it to be beautiful. If you want to be warm get a blanket."

CHICAGO — A white civil rights worker, telling how he was rushed from the street into a Seima church by fellow-rights workers the night following the Montgomery march.

They said the film was on patrol and the streets weren't safe for white people from outside Seima. We spent the night in fear and darkness.

WASHINGTON — Treasury Secretary C. Douglas Dillon, calling for additional millions in the new budget for the secret service:

"Without these additional resources it will simply not be possible for the secret service to provide the protection for the President and his family that the tragic event of November, 1963, has proved to be necessary."

DETROIT — Vice-President Hubert Humphrey to the widower of slain civil rights worker Viola Liuzzo during an emotional five-minute visit:

"Keep your family together and remain strong."

TAYLOR'S VIEWS ON WORLD NEWS

By HENRY J. TAYLOR
MERCURY, Nev., March 29 — Nevada is the seventh largest state in area in the Union and 35 percent of it is federally owned. The nuclear weapons test center here, in turn, covers 1,350 square miles of it.

Project Gemini got a boost here, too, Nevada test site specialists helped the rocket, and the rocket is helping to nurse the center's own Project Gemini I. Satchel.

This is a little-known program to develop a rocket engine with a nuclear reactor that would give it virtually unlimited range. Actually, several successful power flights have been made within this incredibly barren wasteland, most of which is as eerie, desolate and forbidding as the surface of the moon.

The real news here, however, is buried behind routine announcements — and it is buried very deep. It's reassuring to find out what's happening under the scenes, while the heat that flows across these sands like liquid tin.

The problem goes back to the limited nuclear test-ban treaty signed in Moscow on Aug. 5, 1963. This writer has a vivid and painful recollection of this treaty's forerunner, the moratorium on testing. For this first agreement involved 340 sessions with the Russians in Geneva. The Kremlin delegates talked for a period of 24 months. These sessions ended in 1958. Then the USSR blew the whole thing up on Sept. 1, 1961, and followed this faithlessness with its record-breaking 50-megaton explosion of Oct. 30, 1961.

Excuse? They didn't even offer any. They just lit the fuse, as if nothing whatever had been discussed or decided in Switzerland.

The test-ban treaty of 1963 put our enormous test facilities in the Pacific on a stand-by basis.

These are controlled from here and are known as the Johnston Atoll complex. They are an outgrowth of the Bikini tests where a single primitive 1946 bomb lifted a column of water two miles in weight greater than the combined tonnage of the entire U. S. navy.

The Johnston installation is suitable only for tests that spread into the atmosphere and the

By burrowing them (some) times at a cost of 5.5 million dollars in certain types of geological formations we are able to cut the atmosphere out and simulate the lighter air of high altitudes and even the vacuum that occurs in outer space.

Bang goes the nuclear test. Incredibly complex instrumentation records the results. In this way we're learning some of the things the ban on atmospheric tests choked off.

The Kremlin knows this. The Russians are doing the same thing. Nevada is trying to provide us with an insurance policy against a second Soviet faithlessness, come the day.

Poor Man's Plato
The worst decision ever made at city hall here is the one banning hurdy gurdies from the streets. Their merry music still is missed in the daily turmoil of the metropolises.

The odds are better than even that the next woman on 30 you meet will have a toothpick in her purse.

A woman who has had triplets never lacks a subject of conversation the rest of her life.

Girls with frizzy or light-curl hair always let you kiss them goodnight on the first date. Try this and see for yourself.

What this country needs more than a good five-cent cigar is fewer two-bit intellectual frauds. In his book, H. L. Mencken used to nail their scalps to the barn door, but since his passing no one has arisen quite so adept as he at exposing avant-garde quacks in art, literature and music.

The guy who always has time to stop and give you advice never seems able to spare a moment to lend you a helping hand.

As long as most men can't sew on buttons, there'll always be place in this world for a good woman.

The guys who complain most about their first childhood always seem to enjoy their second one.

SOUTH AVOIDS LEADING CLUBS
The annual Intercollegiate Bridge tournament gives the contestants a chance to play 18 hands which furnish tests in both bidding and play. In each case after the actual bidding there will be a directed contract and declarer will usually play against a directed lead.

All players get to be declarer, but in these articles I will always favor declarer to the South seat in accordance with custom in bridge columns.

Bidding par for the first hand was for North and South to reach four spades. The simple and normal way to get there

king of diamonds and we assume that this lead would have been made without direction at practically all tables.

South is supposed to make his contract and his problem is to avoid the loss of three club tricks. The hand has been set up so that South will start the club tricks if he has to start the suit himself, but there is a way to force his opponents to help him out.

He must win the first trick. Then he must time the play of hearts and trumps in such manner that he will discard one of his diamonds (not a club) on one of dummy's high hearts, and on both dummy's low hearts lead with two of his trumps.

Trumps twice to position the lead teeth and eventually to lead a second diamond from either hand. It won't matter which opponent wins the trick. He will either have to lead a club to give declarer a sure club trick or a diamond to give him a ruff and a discard.

News Around Idaho

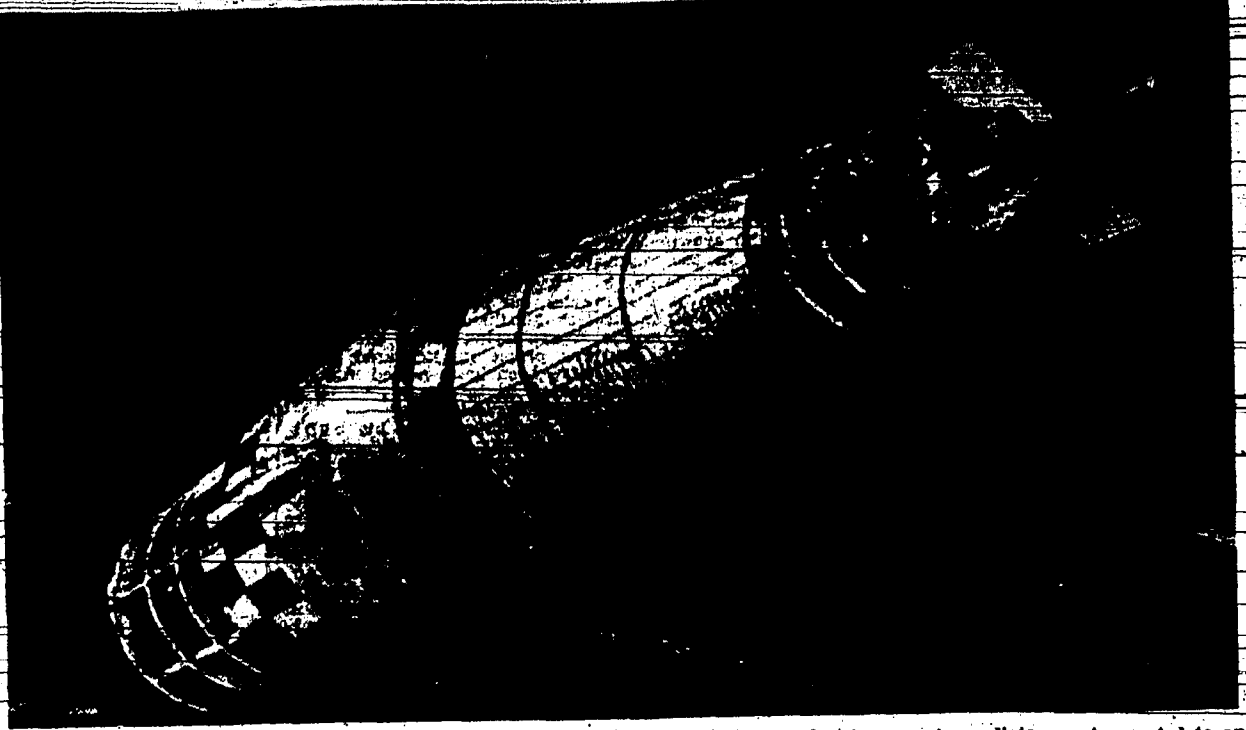

BOISE, March 29 (AP)—A four-year-old boy who accidentally hanged himself died yesterday after a car crashing him to a hospital collided with a police car at a downtown intersection. The youngster, Gary Williams, became entangled in a frayed rope on which he was swinging from a shed to a ladder behind his home, said Corporal Ed Faris. The boy was found by his mother, a neighbor, Pat Hotchkiss, 21, was rushing the boy to a hospital through a red light, police said, when his car collided with a patrol car driven by Frank Richardson. Richardson took the youngster to the hospital in another police car and administered mouth-to-mouth resuscitation. But the boy was dead on arrival. Hotchkiss' appearance yesterday was in poor condition, but was admitted for observation, hospital attendants said. The dead boy's brother, Rickie, also a passenger in Hotchkiss' car, was not believed seriously injured.

POCATELLO, March 29 (AP)—City officials here are hopeful an increase for cities in state liquor proceeds authorized by the legislature will provide funds for five more policemen. Earl Poma, chairman of the city commission, said it is not known how much added revenue will be available. But he and Chief of Police John Perkins agree the extra should be used to bolster the police force, which has to cope with most of the problems created by liquor. The police force presently numbers 41 men here.

POCATELLO, March 29 (AP)—Fees of the Idaho sales tax, who hope to force a public vote on the question, will be here Tuesday night in search of volunteers to help pass petitions. The anti-sales tax referendum committee has assigned two of its representatives, Robert L. Farber and Ronald Manser, both Payette, to meet with interested Bannock county residents at 8 p.m. Tuesday at the Bannock hotel. Farber said 25,000 signatures are needed statewide to force the question on the ballot in November of 1966. The signatures must be collected, checked by the county clerk in each county and notarized by May 17. Any registered voter is eligible to sign. If the move is successful, the sales tax could be eliminated by passage of the referendum in the November, 1966 election. The sales tax, passed by the last legislature, will go into effect July 1.

CALDWELL, March 29 (AP)—Rodeo livestock for the Caldwell-Treasure Valley roundup June 8-12 will include about 100 bucking horses, 50 roping, 90 steers and 40 bulls, rodeo chairman H. B. Davis said yesterday. A contract for the animals was signed with Christensen Brothers of Eugene, Ore., which is "famous for coming up the nearest, toughest and wildest livestock to page in western rodeo arenas." Davis said singing star Patti Page is scheduled to appear at the affair, a successor to the former Caldwell night rodeo, Davis said.

POCATELLO, March 29 (AP)—Police Chief John Perkins has recommended that desk sergeants be given authority to act as magistrates to facilitate signing of complaints. Perkins said a new policy which will require police to sign complaints in fights involving youths may cause inconvenience to officers. Complaints must be signed in the presence of a magistrate, and municipal Judge R. Don Bistine is generally available only at 9:30 a.m. on weekdays for such purposes. Because desk sergeants are on duty 24 hours, they should be logical choices as magistrates, Perkins said. Their judicial authority would be limited to issuing complaints. Policemen have been ordered to take a more active role in signing complaints in the fights between youths in hopes of stemming further violence.

THIS IS AN ARTIST'S concept of the compact SNAP-10A nuclear power system in space, which will be tested by the air force at Vandenberg air force base, Calif. It shows the reactor, leg, and thermoelectric converter-radiator, center, mated to an Agena vehicle. The 500-watt electrical system is expected to be launched this week. (AP wirephoto)

Damage to U. S. Schools in 1964 by Vandalism Reported

WASHINGTON, March 29 (AP)—The unofficial vandalism report begins this week. April through November period highlighted by the smashing of school windows.

The malicious destruction of school property costs local taxpayers millions of dollars a year. The toll in New York City for the 1963-64 school year was \$1,254,000. In Chicago it was \$883,025. In Boston it was \$189,700.

On another basis, says the report of a national survey by the Baltimore, Md., public schools, the nation's worst record may be in Richmond, Va.

However, this may reflect more on the thoroughness of some of the reports than on Virginia's capital.

Richmond reported vandalism damage of \$122,068, less than one-tenth of New York's, but it represents a cost of \$2.70 for each pupil enrolled.

Other per-pupil costs were \$1.20 in New York City, \$1.01 in Chicago and \$1 in Boston.

At the other end of the scale, Omaha, Neb., and El Paso, Tex., reported a per-pupil cost of vandalism of only three cents. The total dollar-cost of vandalism was reported as \$1,750 in Omaha and \$1,520 in El Paso.

However, 87 per cent of Richmond's reported toll was due to arson. There was damage of slightly more than \$100,000 to one school alone, all of which was recovered by insurance.

The balance of the loss in Richmond came from larcenies and window breakage. Neither El Paso or Omaha reported any larcenies and Omaha, in fact, said all its \$1,750 damage was in window breakage.

On the other hand, Atlanta, Ga., reported a \$17,266 loss from arson, but nothing for window breakage or any other reason.

Whatever the thoroughness of the reports, the 32 cities responding to the questionnaire reported vandalism damage of 3.7 million dollars of which 2.5 million dollars was in broken windows.

A separate report issued by the Boston public schools put the cost of vandalism in these terms:

No Surfing
BILLINGS, March 29 (AP)—There's no surf in Montana—not even on the airport road in Billings—as three teenagers discovered in the juvenile traffic court.

They found that Judge Fred Dugan considers the use of the roller-equipped boards, known as "sidewalk surfers," a traffic violation, at least on the airport road.

Each was fined \$8.

Speech, Hearing Group to Hold Annual Meeting

The Idaho Speech and Hearing association will hold its annual convention April 9 and 10 in the Twin Falls YW-YMCA building, according to Mrs. Merle Stoddard, director of the Easter Seal center, and Mrs. P. B. Johnston, teacher at the Idaho State school for the Deaf and Blind, Gooding.

Registration begins at 8:30 a.m. April 9, and the meeting starts at 9:30. Special speakers will present and explain their ideas throughout the two days. There will be a business meeting Friday afternoon.

Interested persons are invited to attend but reservations must be made with Mrs. Stoddard at the Easter Seal center, 1527

YOUR BIRTHDAY and HOROSCOPE

by **STELLA**

MONDAY, March 29 — Born today, you have administrative talents far beyond the average, and this quality alone should see you in a position of leadership within a relatively short time at the start of your chosen career. Mentally alert, yet somewhat sentimentally inclined, you strike a good balance between the coldly analytical and the warmhearted, instinctively sympathetic.

Although you are modest to the degree necessary for those who would not be taken for egocentrics, at the same time you do not like either to be taken for granted or to have your accomplishments passed over without due comment and praise. As much as you will accept credit, however, you will also give it where it is due; you are definitely not one to accept accolades which do not belong to you!

Highly inventive, one of your chief pleasures is seeing what you can make out of nothing, so to speak. You make an enthusiastic hobbyist because of this trait, and should never lack for a means of entertainment even when, to others, it would seem that none is available. Making something out of nothing is poor strategy when it comes to choosing a mate, however, in such an enterprise you will do better to know precisely what you are getting!

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

Tuesday, March 30
ARIES (March 21-April 20) — Enjoy the pleasures of life at the same time that you perform the duties and responsibilities of it.

TAURUS (April 21-May 21) — Not how you feel but the impression you convey to others will be the dominating factor in this day's success.

GEMINI (May 22-June 21) — Now the day for the negative approach! The Gemini who seeks to please will give up. As soon as possible.

CANCER (June 22-July 23) — Construction action rather than adverse criticism is the order of the day for Cancer.

LEO (July 24-Aug. 23) — Take care that in the process of pointing out the imperfections of others you do not also reveal the imperfections in yourself!

VIRGO (Aug. 24-Sept. 23) — Avoid approaching the events of this day with any fixed ideas of how you should react. Bend with the wind.

LIBRA (Sept. 24-Oct. 23) — Anger may be utilized to suit your purpose and needs; fury cannot. Take care that you do not allow the one to deteriorate into the other!

SCORPIO (Oct. 24-Nov. 23) — The dictatorial Scorpio is apt to get nowhere fast today. Kindness and gentle direction are what is needed.

SAGITTARIUS (Nov. 23-Dec. 22) — Allow the positive side of your nature to predominate when faced with a problem, begin immediately to seek a solution.

CAPRICORN (Dec. 23-Jan. 20) — To gratify your own personal desires may be fun for the moment; it is apt to be profitless in the long run, however!

AQUARIUS (Jan. 21-Feb. 19) — Exert all the charm of your command and you should be able to take the lead today over your competitors.

PISCES (Feb. 20-March 20) — Do not allow your fondness for the luxurious side of life to get out of hand. There are days for watching the budget!

Other per-pupil costs were \$1.20 in New York City, \$1.01 in Chicago and \$1 in Boston.

At the other end of the scale, Omaha, Neb., and El Paso, Tex., reported a per-pupil cost of vandalism of only three cents. The total dollar-cost of vandalism was reported as \$1,750 in Omaha and \$1,520 in El Paso.

However, 87 per cent of Richmond's reported toll was due to arson. There was damage of slightly more than \$100,000 to one school alone, all of which was recovered by insurance.

Presbyterian Women Convene

EDEN, March 29—The United Presbyterian Women met at the home of Mrs. Lester McNeil for their regular meeting.

Marian Martin Pattern

9385 SIZES 34-48 by Marian Martin

IN GOOD TASTE You'd like to look smart this summer, but haven't time to fuss. Here's the dress for you — graceful, easy with a throat-slimming neckline.

GREEN EMERALD printed with afternoon dress was featured in the spring and summer collection of Paris designer Yves Saint-Laurent. An emerald green woolen cloak with slits on the side is worn with the dress along with navy blue leather shoes, feed gloves and a straw hat with a grainy border. (AP wirephoto)

THIS WEDDING-GOWN was shown at the spring and summer collection of Yves Saint-Laurent of Paris. A white straw hat holds the stitched veil decorated with yellow flowers that frames the gown of white stitches material. This wedding gown was a special feature at the showing. (AP wirephoto)

Op and Pop Are Latest in Fashion World

(Editor's Note — The latest vogue in the constantly changing world of art are op and pop, that is art which looks like a pop-up book or a comic strip, and which is based on a reproduction of common, everyday items. The world of fashion, always on the alert to attract the lady buyer, has taken advantage of the new interest in op and pop. Fashion writers Jean Sprain Wilson reviews the latest in this sometimes misused up million.)

Dad-Daughter Social Held

BYU Moves Computer to Ricks College

PROVO, March 29 (AP) — An eight-ton IBM 650 computer has been moved from Brigham Young University to Ricks college in Rexburg.

Twenty men moved the computer which consists of four units, each weighing about two tons.

The machine, which contains vacuum tubes and is activated by punched cards, has been at BYU since 1959, primarily as a student trainer.

It was replaced two years ago by an IBM 7040 computer which is transistorized and is activated by magnetic tape.

The machine sent to Ricks was demonstrated recently by Dr. Gary Carlson, director of the BYU computer research center. He calculated the density and velocity of air at mesh points on an aircraft wing section.

It required eight million operations per solution. Using pencil and paper, a man would take 15 years to solve the problem. The IBM 650, which can handle 2,000 additions per second, did it in 16 minutes.

Spring Music Concert Held At Richfield

RICHFIELD, March 29 — The Richfield spring musical concert was presented Friday evening by the two school bands and three choral groups. Howard Knowles, school music director, was in charge of arrangements and directed each group.

The fifth and sixth grade chorus sang an instrument song, seventh and eighth grade chorus sang numbers from "South Pacific."

The high school chorus presented a medley of songs from their January musical, "Tune In." Joy Faddis, Marilyn Crowther, Eva King and Jan Jansen were featured in duet and solo numbers. The combined choruses sang "Go Tell it on the Mountain." Phyllis Flavel was piano accompanist.

The elementary grades' beginners band and the high school band were presented by Knowles in traditional and modern arrangements. Both bands played in the finale "Shadowland Waltz."

A novelty musical skit was presented by a group of girls under the direction of Mrs. E. Sanders who is also piano accompanist.

Scout Awards Are Given to Valley Cubs

BUHL, March 29 — Awards presentations by the meeting of the monthly pack meeting of Cub Scouts pack 105, sponsored by the Buhl VFW post, when it met Friday at the VFW hall.

Awards went to Mike Ozmun, Robert Compton, bobcat pin; Steve Cook and Eugene Milden, wolf badge; Jeff Gabard and Chuck Gillett, bear badge; Jeff Gabard, one-year pin; Robert Shropshire, Johnny Fields, and Jimmy Scherbinske, each a two-year pin; Graig Uptain, Robert Shropshire, and David Bloxham, lion badges.

Robert Patrick, Randy Cullmore, and Robin Nejeschleba, denner strip; Craine Thompson, assistant denner strip; Craine Uptain, Chuck Gillett, Eugene Milden, Jeff Gabard, David Bloxham, Robert Shropshire, and Mike Huff, gold arrows; David Bloxham, Mike Huff, and Eugene Milden, silver arrows. Donald Huff, awards chairman, presented the awards. A den mother's pin went to Mrs. E. E. Uptain, for two years of service.

For the program Benita Peterson, foreign exchange student attending Buhl high school, gave an illustrated talk with slides on life in her homeland, Denmark. Den 4, under the direction of Mrs. Uptain, led the opening ceremony.

A committee meeting for 8 p.m. at the home of Dr. Myron Thompson was announced. The date for the annual fund raising, Cub Scout carnival sponsored by the post, was set for 7 p.m. April 29 at the VFW hall with the public invited.

Rites Held for Mr. Shurtleff

Funeral services for Lamond Sinclair Shurtleff were held Monday at the Episcopal Church of the Ascension with the Rev. Warren Howell officiating.

Organist was Mrs. Warren Howell.

pallbearers were H. B. Reynolds, Ivan Garrand, Michael Reed, Jack Carson, Ray Lincoln and D. A. Jackson.

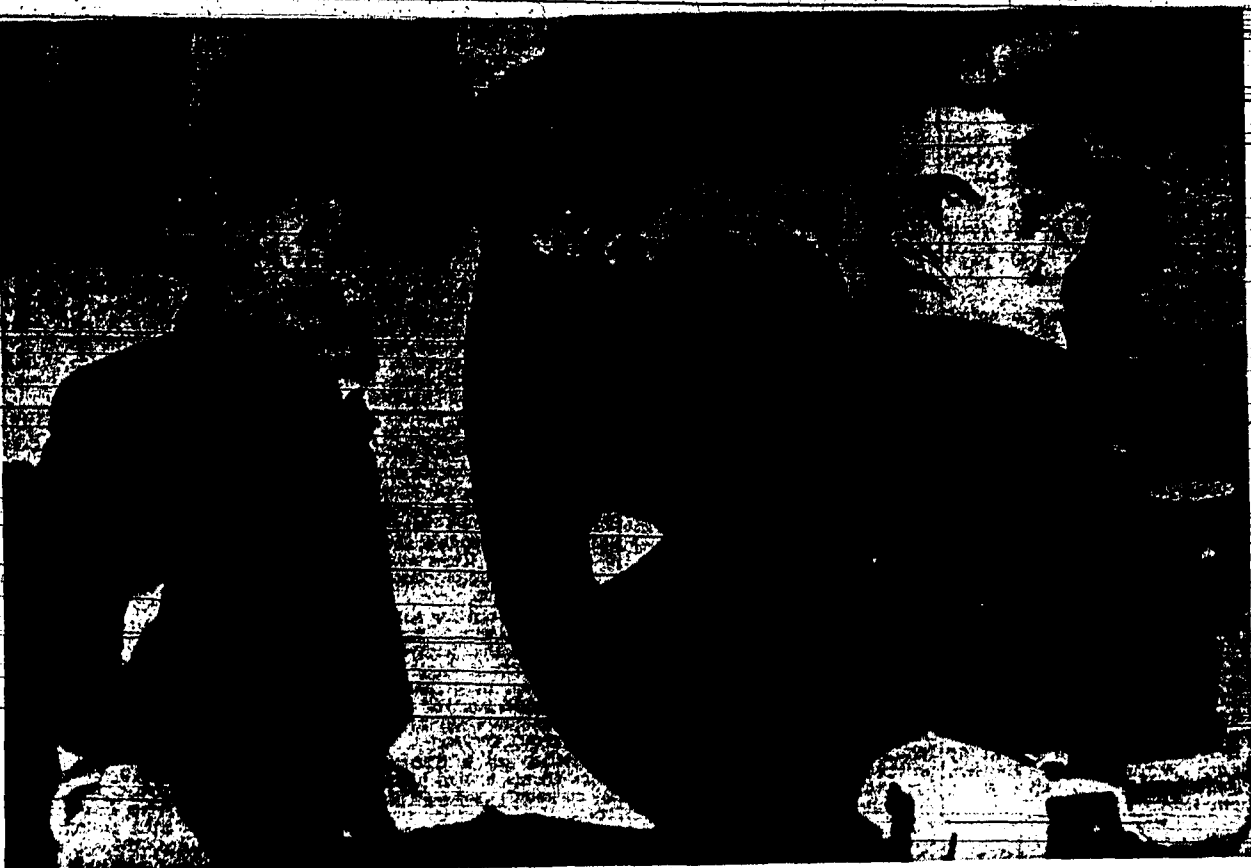

Honorary pallbearers were W. B. Wilkinson, Richard Robinson, E. W. McRoberts, Bill Ostrander, Artell Kelly, Roy Frizzle, Glen Trail, Harvey Cook, Paul Hadley, Thomas White, R. H. Halpin, W. G. Brown and Eugene White.

Concluding services were held in Twin Falls cemetery under the direction of White mortuary.

PLANS SUBMITTED

PITTSBURGH, March 29 (AP) — The United Steelworkers union (USW) today submitted its demands for a new contract with the steel industry.

A source said the wage package may surpass the recent settlement which ended a three week can industry strike.

LDS Benefit Concert Slated In Three Towns in April

BUHL, March 29 — Accomplished musicians will be featured in an LDS benefit concert set for April in three Magic Valley communities.

Guest artists who will appear in the production are Mrs. John Challan, Buhl, a concert pianist; Mrs. Thomas McVey, Twin Falls, and Jayson Fowles, Bellevue, as guest vocalists.

Mrs. Challan, a newcomer to Buhl, is a native of Massachusetts but has spent most of her life in the Los Angeles area. She started studying piano at the age of 10 years making her first public appearance on radio at the age of 12.

Mrs. Challan competed in many musical events and received her training from American and European teachers. Because of her unusual talent she gained scholarships from all of them. She received instruction under such prominent instructors as Lillian Steuber, Abby De Avrette, who was from the Vienna Conservatory of music; Oscar Wagner, Dr. John Crown, all of Los Angeles, and L. E. Behmer, noted impresario of the Pacific coast.

Mrs. Challan taught eight years at the Brown Gables Conservatory of music in Brentwood, Calif. In 1953 she won an achievement award in piano competition for the American Allied Arts association. She has appeared in numerous benefit recitals.

She and her husband moved to Buhl a year ago. Challan serves as head of the English department in the Buhl high school. They have one son, Ronnie, who is serving in the armed services.

Mrs. McVey, an outstanding vocalist, spent her early life in New Mexico and Texas, and moved with her family to Nampa, where she completed her grade school and high school education. She received her higher education at Idaho State university.

A student of Lucille Lippincott, Boise, Mrs. McVey has appeared in various musical productions of the LDS church in the Dilettante musicals and sang with the Boise Philharmonic concert production.

She and her husband reside in Twin Falls and they have four children.

Jayson R. Fowles, a native of Oakley, received his elementary and high school education there. He received his degree in music from the University of Idaho at Moscow and attended India university, one of the leading schools of opera in America. He completed an LDS mission

PTA's Fate Is Undecided At Shoshone

SHOSHONE, March 29 — Whether or not there will be a PTA in Shoshone next year will be determined by popular vote. People attending the last PTA meeting for the season, to be held April 19, will decide, officers announced Friday following their meeting.

Efforts of a nominating committee to prepare a slate of officers for approval at the March meeting were of no avail. The committee reported having contacted at least 30 persons for the office of president and all had excuses for not taking the post.

Many said there was "too much politics in PTA," or "too much red tape in reports to the state office," or "too few teachers support PTA," and "too few parents put forth an effort to carry out the organization's work."

Members of the nominating committee were Mrs. Vern Johnson, Mrs. Joe Paogaga and Mrs. Frank Onida.

All persons interested, one way or the other, are urged to attend the April meeting.

Mrs. R. G. Neher, program chairman, led a panel discussion on the values of speaking a second language, at the meeting.

Mrs. William Thomason explained the value of a second language in foreign employment; Mrs. Joe Paogaga told of the enjoyment of knowing a different language and of benefits it gives in aiding people; Mike Urrutia told of a second language in the business field and Margaret Stallard told of the value of a second language in studying English.

Room prizes were won by Mrs. Dorothy Clayton's fifth grade and the seventh grade at the high school.

Second grade room mothers served refreshments.

RETURNS HOME

Music Event Is Slated at Glenns Ferry

GLENN'S FERRY, March 29 — The music department of the Glenns Ferry school will present its annual spring concert at 8 p.m. Thursday in the high school gymnasium.

Among the numbers to be presented will be the selections to be used at the music festival at Gooding, April 9-10. The junior and senior high school bands, boys and girls' glee club, and chorus will take part.

Some of the highlights will be the playing of "How The West Was Won," by the senior band; "La Comparaite," junior high band; "It's Me," boys' glee club; "Let There Be Music," girls' glee club, and the final, "Nation's Creed," by the combined high school bands and chorus.

Robert Fuikerson will direct the band. Mrs. Lee Nichols will direct the chorus groups and Vivian Smith, sophomore, will be the accompanist.

Admission will be charged.

Poverty Drive Stepped up in Poor Counties

WASHINGTON, March 29 (AP) — The White House yesterday announced an intensive anti-poverty drive in the nation's poorest counties.

The drive was discussed in a White House statement, naming 182 counties—all but 11 in the South—which are too poor to pay 10 per cent of the cost of anti-poverty programs within their borders.

Special teams from the office of economic opportunity (OEO) will be sent to the counties to launch community action programs to help stimulate regional economies, the White House said.

The law creating the OEO requires it to determine what counties cannot pay part of the costs of local anti-poverty projects. The OEO said the federal government will pay all costs in counties where per capita income is less than \$750 a year. Other counties must pay at least 10 per cent of the program costs.

The government will pay all costs in the counties named, which also had to show that they could not raise the money through public or private financing.

The White House said 2.3 million persons live in the 182 counties and called the announcement a new "lease on hope" for them.

It named as the ten poorest, with their average annual per capita income: Wade Hampton, Ala., \$424; Wolfe, Ky., \$435; Magoffin, Ky., \$455; Fayette, Tenn., \$470; Owsley, Ky., \$474; Webster, Ga., \$475; Hancock, Tenn., \$480; Leslie, Ky., \$487; Jefferson, Miss., \$494, and Issaquena, Miss., \$505.

Infant Dies

Todd Wayne Laib, infant son of Mr. and Mrs. Robert L. Laib, Twin Falls, died Saturday at Magic Valley Memorial hospital.

He was born Feb. 1, 1965, in Twin Falls. He was a member of the LDS church.

Surviving besides his parents are one sister, Victoria Dee Laib, Twin Falls; paternal grandparents, Mr. and Mrs. John Laib, Twin Falls; maternal grandparents, Mr. and Mrs. Lee Gamble, Caldwell; great-grandfather, John Laib, Twin Falls, and maternal great-grandparents, Mr. and Mrs. A. B. Gamble, Grantsville, Utah.

Graveside services will be held at 11 a.m. Tuesday in Sunset Memorial park with Bishop M. Sherman Swensen presiding. Friends may call until 10:45 a.m. Tuesday at White mortuary.

FOOD SNAPPERS
By Dr. Ernest D. Paul, D.C.

Are you one who eats to live (satisfaction of body needs) or one who lives to eat (satisfaction of taste)? Perhaps you belong to the very small group who eat just what their bodies require and chew each mouthful thirty-two times (once for each tooth).

If you enjoy the taste of good food, why bolt it down half chewed. There is no satisfaction from a bloated stomach, each caused from fast eating. No satisfaction from an overladen stomach caused from an inability to stop eating. No satisfaction from snapping twice at each capacity mouthful and then washing it down with any liquid convenient.

Dull headaches, gas pains and bloated stomachs are common complaints of those who devour their meals before the cook has taken off her apron to sit at the table.

Radiant health requires a solid foundation provided by a straight spine, nerves free of interference and common sense health rules.

TV Schedules

MONDAY, MARCH 29

The Andy Williams Show, 7:30 p.m. NBC—Featured guests tonight are singer-actor Pat Boone and comic Phil Harris.

The Alfred Hitchcock Show, 8:30 p.m. NBC—Scene of tonight's episode in London, where a stranger is on the loose.

"Sing Crosby Show," (8:30 p.m. ABC)—Singer-actor Mel Torme is featured in tonight's episode as a college professor who moonlights by playing in a local club.

"Ben Casey," (9 p.m. ABC)—Casey's confronted by three appealing, but rather difficult neurosurgeons. One is ambitious, another is arrogant and the third just plods along.

BEST MONDAY NIGHT MOVIES

"Seminole," (Color, 1963) Rock Hudson, Barbara Hale and Anthony Quinn (9 p.m. KSL)—Fairly good adventure yarn about why the Seminoles never signed a peace treaty with the United States. Plenty of action.

"The Egyptian," (Color, 1934) Victor Mature, Edmund Purdom, Gene Tierney and Michael Wilding (11 p.m. KSL)—Lavish spectacle based on the best-selling novel. A physician during the time of the pharaohs is exiled for carrying on with a seductive temptress.

Business Mirror

By SAM DAWSON: NEW YORK, March 29 (AP)—For every company whose profits in the early weeks of 1965 are trailing year-ago figures there are four who are making more money this year than they did last year.

So far, reports from 125 companies whose fiscal year starts earlier than the calendar one, and estimates by top executives of some other companies show only 24 making less than in their 1964 first quarter. Three of these were operating in the red.

The Daily Investor

By WILLIAM A. DOYLE: Q. How do you figure a price-earnings ratio when a company reports a deficit? This question came up in connection with the stock of a company which operated at a loss.

Now, if the market price of the stock happened to be \$12 a share, the P-E ratio would be "12-to-one." Another way to say it would be that the stock is "selling at 12 times earnings."

Quarterly Dividend Is Declared

The board of directors of Investors Mutual, Inc., has declared a regular quarterly cash dividend of 10 1/2 cents per share, payable March 28, to shareholders of record at the close of business on March 25.

Karlsruud Chorale Show

Featured Changes in Mood

By MRS. BYRLE CARR: Fifteen enthusiastic young men marched vigorously across the stage in one line to the individuality introduced to us by stately, laughing and genial stars of the Karlsruud Chorale, Edmond Karlrud. An informative paragraph about each singer in the program notes revealed that we would have a marvelous concert brought to us by the Community Concert association. We were not disappointed.

Some of the mood changes were jarring, such as following "Boris Godunov" with "Die Friedemann." However, the constant rearrangements of singers added interest to the program. Most of the songs were in English. Without meaning to alight any of the selections or soloists, all of whom were superb, I would like to mention particular numbers such as the intriguing echo chorus "O Pini e Pini" by Lesring and Mozart's "Ave Verum" of beautifully built harmonies sung quietly and reverently.

For living on a grand scale!

Hart Defeats Rodgers on Eighth Hole of Playoff For Azalea Open Crown

MOTIONING FOR BALL to stay in cup is Phil Rodgers after hitting the 18th green and tying Dick Hart for a sudden death playoff in the Azalea open golf tournament in Wilmington, N.C. Hart won after eight holes of the playoff. (AP wire-photo)

WILMINGTON, N.C., March 29 (AP)—Dick Hart's 18-inch putt on the eighth extra hole Sunday beat Phil Rodgers in the longest playoff to a decision in PGA history, and secured the top money in the Azalea open golf tourney. Hart, who had never before won a PGA sanctioned tourney, overhauled Rodgers, the 54-hole leader, and they finished regulation play with 276s for 72 holes. The playoff was the longest to a decision on record. Three years ago Bob Goalby beat Art Wall in seven extra holes in the Insurance City open at Hartford, Conn. The longest playoff, 11 holes, was halted by darkness in Detroit in 1949, with Cary Middlecoff and Lloyd Mangrum being declared co-champions.

Hart, a club pro from Hinsdale, Ill., won it with a par three on the eighth, while Rodgers took a bogey. Hart missed the green, but an excellent chip left him a short putt.

Rodgers also missed the green and chipped within four feet. He missed the par putt, however, and a chance for top money of \$3,850.

Hart birdied the 72nd hole for a fourth round 69, matching Bill Martindale for the day's low score to split \$600 with him in bonus money.

Joe Campbell, finished third at 280, two strokes back of the leaders.

Hart had scores of 70-65-72-69 for the first four rounds of the 70-hole Cape Fear Country club 12 under par.

Second money was worth \$2,800 to the 27-year-old Rodgers and Campbell won \$1,875 for third.

Rodgers, one-stroke leader after three rounds, remained a shot ahead of Hart after each was out in 37. Hart, playing one group in front of Rodgers, birdied the 13th hole, eagled the 15th, a par five, with a 40-yard wedge shot, and birdied No. 18.

Rodgers birdied 10, 11 and 16 and saved a par four on 18 getting down in two after missing the green to force a playoff.

The hour and 15 minute playoff began with four pars, Hart missing a five-foot birdie putt that would have won him on the second. Each took a bogey on the par three fifth and Hart made a par five on the 54-yard sixth, with a seven-foot putt after missing the green and running the ball up to the hole with a putter from over a bank below the green.

On No. 7 Rodgers prolonged it by blasting from a trap and knocking in a 3-foot putt for a par four.

On the eighth extra hole, a second putt in the hole with his chip shot, the ball stopped 17 feet from the hole for his winning par. Rodgers chipped 12 feet by the hole and missed the putt, he needed to stay alive.

Twin Card Fighters Break Camp

MONTICELLO, N. Y., March 29 (AP)—Four fighters, principals in the championship double-header at Madison Square Garden Tuesday night, either broke camp or prepared to do so Sunday.

All finished the boxing phase of their training Saturday.

Jose Stabile, who meets champion Emile Griffith for the welterweight crown in one of the 15 rounds, left for New York Sunday afternoon, after declaring he'll be the fourth Cuban to win the 148-pound title. The others were Kid Gavilan, the late Benny Paret and Luis Rodriguez.

Light heavyweight champion Willie Pastrano and challenger Jose Torres will break camp Monday. Each did light work Sunday.

"I am the champion and have something Torres wants," said Pastrano after loosening up with work on the bags, rope skipping and calisthenics. "But he is not going to get it."

Manager Angelo Dundee said Pastrano was in the greatest shape of his career after boxing a total of 113 rounds and running 108 miles.

"It's the first time he has done road work in a hilly area," said Dundee. "As the result his legs are in great shape."

Griffith did a little light work, planned to go to a party Sunday night, and then take off for New York sometime Monday.

Beaver Count Is Down for Second Year

BOISE, March 29—The number of beaver colonies per stream mile on permanent routes in all five geographical districts of the Idaho fish and game department are "significantly down for the second year in a row," it was announced today.

Wesley M. Shaw, Boise game biologist, says the count on 31 comparable routes was down 13 per cent from 1963 for the state as a whole, and down 21 per cent from 1959. The average number of beaver colonies per square mile is based on six continuous years of study over the same routes.

"The 78 routes covered in 1964 contained about 455 miles of streams and 261 beaver colonies for an average of 1.74 stream miles per colony," Shaw explained. "A comparison with the density of 1.4 in 1963 and a previous high of 1.3 miles per colony in 1961 indicates this is the second significant reduction in density during the six years of trend counts."

Shaw said that complaints about beaver depredations are down about 26 per cent from other recent years, but still are more numerous than for any other wild animal or bird species.

Canucks Clinch WHL Third Spot

VANCOUVER, March 29 (AP)—Vancouver Canucks broke loose for three late goals to defeat Victoria Maple Leafs 7-4 Sunday and clinch third place in their last game of the Western Hockey league season.

The win before 3,358 fans was Canucks' eighth consecutive home-ice victory over Victoria and gave Vancouver 70 points, four more than the fourth-place Leafs.

Defenseman Ron Matthews, with three goals and one assist, and Howie Hughes, Bob Kabel, Larry Popeln and Bruce Carmichael with single goals, led Vancouver to the win.

KICKING UP A CLOUD of dust as he comes into the halfway pylon in Sunday's Magic Valley Sports Car club's speed-cross event is John W. Melkie in an Austin Healey. Melkie had an average of 152.8 over two laps at the Jerome county fairgrounds. (Times-News photo)

Boise Driver Has Fastest Time In Local Sports Car Contest

JEROME, March 29—A Boise driver logged the fastest time of the day with a Sunbeam Tiger Sunday to pace the other 81 entrants in the Magic Valley Sports Car Club's auto cross-speed event at the Jerome county fairgrounds while another Boise driver placed first in the women's class. Bill Travis piloted his Sunbeam around the slippery oval track in the fastest time, 1:43.6 and Olen Holcomb, Boise, logged the second fastest time of the day at 1:44.85. Nola Foster won the women's division with a time of 1:48.15 and Linda Hall, also Boise, came in at 2:01.55 for second.

Bruins Thump Top Team Chicago 3-1

BOSTON, March 29 (AP)—Boston's Ed Westfall, Tom Williams and Johnny Bucyk humbled playoff-bound Chicago 3-1 Sunday night in a bone-rattling National Hockey league season's finish.

Murray Oliver added two assists.

The Bruins thus closed out their winningest season in five years—all of them in the league cellar—with their 21st victory. The third place but straggling Black Hawks, opening the first round Stanley cup series at Detroit Thursday, went down to a fifth straight loss.

Boston rookie goalie Jack Norris appeared headed for his second major league shutout until defenseman Matt Ravlich blasted a 40-foot screen shot through his grasp at 11:19 of the final period.

The most spectacular score of the game came by Williams at 9:51 of the second period. The Boston defense was girding frantically against Black Hawks' power play with Norris operating minus his stick after it had been snapped in two.

The defenders finally cleared the puck to the other end where Williams promptly stole it from Red Hay and fired a 10-footer which deflected off Elmer Vasovic's stick and sailed over Hall into the goal.

Mets Re-Acquire Pitcher Lary

ST. PETERSBURG, Fla., March 29 (AP)—The New York Mets announced Sunday they had re-acquired veteran right-handed pitcher Frank Lary from the Milwaukee Braves.

Lary, who'll be 34 April 10, had a 2-3 record with the Mets last season after being obtained from Detroit and before being sent to Milwaukee in the deal that brought pitcher Dennis Ribant to the New York National league club. With the Braves he was 1-0 in two starts, both against the San Francisco Giants.

Mets officials explained the deal this way. Out of several deals with Milwaukee, including the ones that put Roy McMillan and Ribant in New York uniforms, the Braves owed them four players. They chose Lary.

Clemente Joins Pirate Training

MIAMI, Fla., March 29 (AP)—Roberto Clemente, last year's batting champion who has been ill at his home in Puerto Rico, arrived here Saturday and worked out with the Pittsburgh Pirates Sunday.

Clemente said he is still 10 pounds under his playing weight and is uncertain whether he will be able to open the season April 12.

With Milwaukee, including the ones that put Roy McMillan and Ribant in New York uniforms, the Braves owed them four players. They chose Lary.

Boise, Bill Travis was first with 1:57.8 and Pete Soderlund had a 2:06.8 average for second.

WEDNESDAY, MARCH 31

As I have sold my farm, I will sell the following at Public Auction located 700 North 90 West of Rupert or 7 miles North and 3/4 miles West of Rupert. Watch for sale markers.

SALE TIME: 11 A.M.
Lunch by Ladies of the Christian Church

TRACTORS - TRUCKS

- 1962 Massey-Ferguson No. 85 Tractor, diesel, live power, power steering, wide front end, in perfect condition, with 3 point, also a single front end to be sold separately.
- Ford Tractor, No. 900-950, row crop type, has 300 hours since overhauled, 3-pt. and front mount manure loader to be sold separately.
- 1955 Chevrolet 2-ton Truck, has 500 miles on motor after overhauled, PTO, good rubber, and 15' Omaha grain and stock bed with a rear dump hoist.

PLANTING AND CULTIVATING EQUIPMENT

- 1963 Ford Cultivator, 6-row, rear mount, with beet and bean tools and clamps complete, 3-pt. hitch. Two 2 1/4" fool bars, one 8' and one 12' Case Grain Drill, 20-hole, double disc, on rubber, with seeder attachment.
- John Deere Spud Planter, 2-row, with phosphate attachment.
- IHC Spud Planter, 2-row.

HARVESTING AND HAYING EQUIPMENT

- 1960 IHC Corn Chopper, PTO drive, heavy duty.

Robinson Sparks Reds Over Yankees

Frank Robinson's three-run homer in the first inning sparked the Cincinnati Reds to a 4-2 victory over the New York Yankees Sunday. It was the Yankees' 10th loss in their last 12 games and dropped them to eighth in the American league exhibition baseball standings. Robinson connected off Jim Bouton after Pete Rose doubled and Vada Pinson was hit by a pitch. Clete Boyer homered in the fifth for New York.

Rookie Jim Jenkins ended the day's longest contest, singling across Dick Reese in the 14th inning for a 7-6 Minnesota victory over the Los Angeles Dodgers.

In other one-run games Baltimore edged Pittsburgh 4-3 and Kansas City nipped St. Louis 9-8 in 10 innings. Brooks Robinson singled across Baltimore's winning run following earlier home runs by Jack Brandt and Jerry Adair.

Tom Reynolds drove in Kansas City's winning run with what appeared to be a homerun but quickly was ruled only a single. Reynolds' drive cleared the right field fence, but he passed Ken Suarez between first and second base and was declared out. He was given credit for a single, and only Ed Charles from second was allowed to score.

The Chicago White Sox defeated Detroit 5-3 as Danny Cater rapped three hits and drove in two runs while John Romano batted in two on one on a homer.

In another 4-3 game one Cleveland squad beat Boston behind Leon Wagner's two-run homer while another lost to the Los Angeles Angels.

Landrum and Mack Kuykendall smacked homers in the Chicago Cubs' 11-3 triumph over San Francisco.

The New York Mets knocked off Milwaukee 6-2 with Gary Kroll and Dennis Ribant combining to stop the Braves. Ribant retired the last nine Braves in order after Kroll scattered nine hits in six innings.

MIAMI, Fla., March 29 (AP)—Roberto Clemente, last year's batting champion who has been ill at his home in Puerto Rico, arrived here Saturday and worked out with the Pittsburgh Pirates Sunday.

Clemente said he is still 10 pounds under his playing weight and is uncertain whether he will be able to open the season April 12.

With Milwaukee, including the ones that put Roy McMillan and Ribant in New York uniforms, the Braves owed them four players. They chose Lary.

Boise, Bill Travis was first with 1:57.8 and Pete Soderlund had a 2:06.8 average for second.

Golf Meet

Twin Falls Ladies Golf Association will hold its 45th-anniversary coffee hour at 11 a.m. Thursday at the Municipal golf course.

Leafs Blank Wings, Take Trophy Home

DETROIT, March 29 (AP)—Toronto Maple Leafs blanked the Detroit Red Wings 4-0 Sunday night and brought home the National Hockey league Vezina trophy for goaltending team.

The Maple Leafs' shutout was a heartbreaker for Red Wings goalie Roger Crozier. Crozier went into the game with 171 goals scored against him in 173 for Sawchuk and Bower. He wound up with 175. Three in many.

Left wing McKenney slammer one shot past Crozier at 6:19 of the first period. The Horton bounced one off the post for a second Maple Leaf tally at 7:45 of the second period.

center Pete Stenkowski took a perfect pass at 7:33 of the third period for what proved to be the trophy-winning goal.

The fourth Toronto goal came in the last three seconds of the game on a hard shot by Dave Keon. It was mere dressing.

It marked the first time the Red Wings had been shut out at home since Jan. 29, 1963. The last time they were shut out was at home at 14.

It was a frustrating night for Coach Sid Abel and veteran Red Wings players. The Wings crowned only last week at the 1964-65 regular season champions, were outskated, outplayed and outchecked by the defense-minded Leafs, bent on bringing the Vezina trophy back to Maple Leaf Gardens.

GETTING UP NIGHTS MAKES MANY FEEL OLD

After 35, common kidney or bladder irritations often occur and may make you tense and nervous from too frequent passages both day and night. Some of the causes are: constipation, indigestion, backache and feel old. Use Cytex. In such irritation, Cytex promptly brings fast relief. Cytex curbing irritating germs in strong acid urine, and restores your pH to Cytex at drugstore. Feel better!

76ers Tip Royals 108-94 to Take 2-1 Playoff Edge

CINCINNATI, March 29 (AP)—The Philadelphia 76ers shook loose from the Cincinnati Royals late in the first period Sunday and then raced to a 108-94 victory which gave them a 2-1 edge in the best-of-5 National Basketball association Eastern division semifinals. The fourth game of the series will be played in Philadelphia Wednesday night. The winner of this series will meet the Boston Celtics in the Eastern division finals.

Branson Is Winner of Auto Race

PHOENIX, Ariz., March 29 (AP)—Don Branson of Champaign, Ill., drove a conventional front-wheel-drive Offenhauser to victory in the first annual Jim-Bryan memorial 150-mile auto race. Branson, 44, recorded an average speed of about 195 miles an hour, although the official figure was not immediately computed. Second was Jim McCreath, Arlington, Tex., driving a rear-wheel-drive Offenhauser. The first engine failure occurred only one lap after the start.

The pre-race favorite, A. J. Foyt, went out after 40 laps with engine trouble. Foyt, in his first appearance since he was injured last year in a crash at the 500-mile race in California, was leading the race at the 100-mile mark. Foyt streaked off to the early lead from his pole position, but lost the lead to Lloyd Ruby of Wichita Falls, Tex., after 10 laps.

Second-year driver Mario Andretti, Massena, Pa., took over after 40 miles and held the lead until the 111-mile mark when he spun out after colliding with a car driven by John Ruthven of Fort Worth, Tex. Andretti came back but he lost too much ground to catch the new leaders. The caution flag was out four times but there were no injuries. An estimated crowd of 15,000 watched the race in 75-degree weather at Phoenix International, the only track in the west which can handle Indianapolis 500-type cars.

Report Is Released on Aussie Stars

MELBOURNE, Australia, March 29 (AP)—A controversial Olympic games report which resulted in four girls, including Dawn Fraser, being expelled from swimming has been released in a two-page report. The report was made by Melbourne businessman and swimming team manager, William Stoeck, to the Amateur Swimming Union of Australia Feb. 27. Because of the report "Dawn Fraser was banned from amateur swimming for 10 years, Linda McKay for four and Marlene Duncan and Nan Duncan for three. A complete page has been cut from the report under the heading "personal personnel reports." It deals separately with the four girls' behavior. However, the girls are mentioned several times in other parts of the report. In a preface to the report, Stoeck said: "With the exception of four members whom I will name in the latter part of my report, all members conducted themselves so as to uphold the traditions of their country." It is understood only 11 unembellished copies of the report are in existence. Apart from references to the four girls being deleted, a report on Olympic team general manager Leonard Carnow has also been cut out. References to Carnow covers almost three-quarters of a page under the heading "headquarters."

McKinley Downs Ashe in Tennis

PHOENIX, Ariz., March 29 (AP)—Chucky Chuck McKinley took the week-end off from his work as a New York businessman and clinched the break Sunday with a 6-10, 6-4, 10-8 victory over Arthur Ashe in the finals of the Thunderbird Invitational tennis championships. McKinley, still the nation's second ranked, was all business on the court, bringing resounding applause with his dashing retrieves and his overhead slams. McKinley was scored first in the tournament and Ashe, a UCLA student considered a prime hope for the United States in future international competition, was seeded second. Justina Bricks of St. Louis upset defending champion Alicia Albert of Pebble Beach, Calif., 6-2, 6-4 in women's singles.

Bowling

BOWLING: Men's Bowling League defeated Green's Trust 4-1, Empire defeated Maple 3-0, and... Modern Woodmen defeated... High individual game, Margo Adams... 2-10, 6-4, 10-8 victory over Arthur Ashe in the finals of the Thunderbird Invitational tennis championships.

PREPARING ONE of the more difficult targets at the O-Yo-Kwa-Bowman's range at Dierke's lake Sunday are four members of the group. From left are Victor Fisher, Vera Stanger, Dewy Gay and Jim Fisher. The club is putting its 28-target three-star range in shape for the upcoming meets to be held there. (Times-News photo)

Mills Takes Race Victory In Italy

MILAN, March 29 (AP)—Lieut. Billy Mills of the United States Marines, the 10,000-meter gold medal winner at the Tokyo Olympic games, won the international Cinque Mulini cross country race at nearby San Vittore Olona Sunday. Second was Mike Freary of Britain. Sumo Vasic of Yugoslavia was third. Competitors from five countries participated at the race called the Five Mills because the 10-kilometer course runs close to five old mills. The 28-year-old Mills covered the distance in 31 minutes, 56 seconds. Freary made it in 32:29 and Vasic in 32:44. A crowd of 10,000 cheered as Mills went by with a rhythmic stride among other competitors in the lead. "I never expected such a reception," said the lanky Olympic champion, smiling and waving at the crowd. "I had a little American flag in my hands. 'I was well prepared,' he commented. 'Besides, as a Mills I could not fail to win the Mills race.'" Mills is on a European tour. He will be in London competing in a track and field event April 2 and in Berlin on April 7 for another event.

Walt Bellamy chalked some words of wisdom on the dressing room blackboard after the Baltimore Bullets, crushed the St. Louis Hawks 131-99 Saturday night. "This is a \$10,000. Do not cruse." It was a monetary reminder that the bullets have an opportunity to close out their best-of-5 series against the Hawks Tuesday night in the Western division semifinals of the National Basketball association playoffs.

Message

BALTIMORE, March 29 (AP)—Walt Bellamy chalked some words of wisdom on the dressing room blackboard after the Baltimore Bullets, crushed the St. Louis Hawks 131-99 Saturday night. "This is a \$10,000. Do not cruse." It was a monetary reminder that the bullets have an opportunity to close out their best-of-5 series against the Hawks Tuesday night in the Western division semifinals of the National Basketball association playoffs.

Two Added to Florida Derby

MIAMI, Fla., March 29 (AP)—The Florida derby gained two more probable starters Sunday when the Gummo and Gallant Lad, leaving the field for Saturday's feature uncertain until later in the week. C. T. Chenery, owner of Gallant Lad, will supplement his speedy colt for 1 1/2-mile event on payment of the \$5,000 fee. Trainer J. H. Casey Hayes reported. Trainer Eddie Neloy said Gummo, winner of the \$29,875 Senatorial stakes at Laurel, would be shipped to Gulfstream park for the Derby. Gallant Lad earned a starting spot in the \$100,000 event although he finished seventh in the Fountain of Youth stakes last Wednesday Hayes said.

"Four on Floor" May Be Out After Hall's Automatic Victory at Sebring

SEBRING, Fla., March 29 (AP)—Race experts acknowledged that Hall's cars were the fastest on the course at nearly 105 miles per hour but were doubtful he could go the whole 12 hours because of the problems involving an automatic transmission. That problem, they said, involved the fact that automatic transmissions do nothing to help brake the car coming into the corners. Drivers of standard cars used the downshift technique of working the engine and brakes together to slow the car as it comes into a turn. "He said Hall would have to use his brakes alone and that these wouldn't hold out. But they did. 'We changed the brake pads midway in the race just to play it safe,' said the 38-year-old Texas oilman. 'But on inspection, we found that the original pads would have lasted the whole race.' Hall believes that automatic transmissions such as his—made out of standard parts—are the coming thing in road racing. Of course, the purists who love to hear the throaty rap of engines being downshifted—around 33 times per lap in the case of Sebring—are not happy with the turn of events. But as one competitor put it: 'It's the coming thing. You can't knock success.' A 1961 Shelby-produced Ford GT, driven by Ken Miles of

Hollywood, Calif., and Bruce McLaren of New Zealand won the prototype trophy, finishing second with 192 laps. Another Shelby car, a Ford-powered Cobra manufactured in Venice, Calif., won the grand touring category with 190 laps driven by Jo Schlesser of Nancy, France, and Bob Bondurant of Beverly Glen Canyon, Calif. Of the 66 cars that started Saturday, only 42 turned enough laps to qualify as finishing. Race experts acknowledged that Hall's cars were the fastest on the course at nearly 105 miles per hour but were doubtful he could go the whole 12 hours because of the problems involving an automatic transmission. That problem, they said, involved the fact that automatic transmissions do nothing to help brake the car coming into the corners. Drivers of standard cars used the downshift technique of working the engine and brakes together to slow the car as it comes into a turn. "He said Hall would have to use his brakes alone and that these wouldn't hold out. But they did. 'We changed the brake pads midway in the race just to play it safe,' said the 38-year-old Texas oilman. 'But on inspection, we found that the original pads would have lasted the whole race.' Hold Me Is Feature Victor

PHOENIX, Ariz., March 29 (AP)—Hold Me, ridden by veteran Johnny Longden, came from behind at the top of the stretch to win Sunday's feature race at Turf Paradise by a neck. The 6-year-old brown horse ran the one mile in 1:35 3/5 and paid \$6.00, 3.20 and 3.00. Loukahl returned \$2.80 and 2.60 for second and Durowi paid \$3.40 to show. A crowd of 4,600 bet \$212,466.

Baseball Brass to Narrow Voting Field

CLEARWATER, Fla., March 29 (AP)—The top baseball brass will take the first serious step toward naming a successor to Commissioner Ford Frick Monday but no election is expected from the meeting of the 20 clubs at Frick's spring training hotel. All of the clubs were supposed to have filed a sealed envelope with Frick's office, containing their nomination for the job. However, Frick said Sunday he had received only 12 or 13.

"I do not believe there is much chance of naming a commissioner at this meeting," said Frick. "Our main business is to name a chairman of the selection committee to replace Phil Wrigley who has resigned." Wrigley, owner of the Chicago Cubs, will not be present at the special meeting but he will have a representative on hand. Actually, the owners can take their time. Frick's term does not expire until mid-September and he has agreed to remain in office through the 1965 world series. Warren Giles, president of the National League, and Joe Cronin, president of the American League, agree with Frick that no commissioner will be named at this time. A new commissioner must be chosen at least seven weeks in each of the 16 club leagues. Although 14 will do the job, the new club must have at least a 7-3 edge in each league. At the end of the struggle, the usual procedure is to cast a unanimous ballot. The owners already have voted to arm the new man with many of the dictatorial powers given Judge Kenesaw Mountain Landis, the first commissioner when he was named in 1920 in the wake of the Black Sox scandal. Bill Shea, a New York attorney who led the fight to bring a second team to New York after the Dodgers and Giants moved west, has the support of the New York Mets who play their home games in Shea stadium. Shea reportedly has other support in the National League but little, if any, in the American League. Giles has removed himself from consideration because of his age but several other baseball men, including Cronin, are mentioned prominently. They include Buzzy Bavant of the Los Angeles Dodgers, Lee McPhail of the Baltimore Ori-

Thomson Is Hong Kong Open Victor

HONO KONG, March 29 (AP)—Australia's Pete Thomson won the 1965 Hong Kong open golf tournament Sunday, noosing out New Zealand's Ross Newdick 7/8 to 2/8. Tomoo Ishii of Japan was third with 281. Taipei's Hsieh Yung-Yo, defending the title he won here in 1963 and 1964, tied for fourth place at 284 with Ben Arda of the Philippines and Guy Wolstenholme of England. For Thomson, four times winner of the British Open and 1960 winner of the Hong Kong open, the win was worth \$1,820. Newdick collected \$1,100, and Ishii \$806. Thomson, who went into the playoff round with a two stroke lead over Newdick, shot an even par 70 Sunday. Newdick was one under par. The list of "outsider" candidates is long. In addition to Shea, it includes Senators Robert Kennedy of New York, Philip Hart of Michigan and Eugene McCarthy of Minnesota, Supreme Court Justice Byron (Whizzer) White, the former football star, Gen. Maxwell Taylor, Richard Nixon, Milton Eisenhower, brother of the former president, and Anthony Celebrezze, former Cleveland mayor and cabinet member.
