

Record Year of Water Forecast On Salmon Tract

By G. H. CHAMBERS
HOLLISTER, April 1—Salmon tract farmers Wednesday evening were told at the annual water forecast meeting here to go ahead and plant almost to their heart's content, as Morlan Nelson, soil conservation service snow surveyor, predicted a near-record runoff during 1965. It could be the greatest water year ever in the history of the Salmon tract. It is believed the 1965 runoff could exceed the 1909 flow. There were no records kept during 1909 and memory is the best information available. With a normal spring moisture, the total anticipated runoff, March 1, to Sept. 1, is estimated at 120,000-acre feet of water. With a dry spring, the runoff is estimated at 110,000 or less acre feet, and with a wet spring the runoff—generously—could hit 140,000-acre feet of water.

Inflow March 1 to Sept. 30	120,000
Inflow March 1 to April 1	6,500
Inflow April 1 to Sept. 30	113,500
H. Ft. in Dam March 31, 1965	54,900
Total Storage	168,400
Less Land Storage	-5,000
Res. Loss 20%	-32,680
Li Dam for Delivery	130,720
55% of Delivery	71,896
Less Cullas + Individual	4,465
To be delivered—Gross water	67,431
67,431	6000 shares @ 1.12

NEAR RECORD runoff is predicted by Morlan Nelson, soil conservation service snow surveyor, left, and brings a smile to the face of L. E. Joslin, Salmon tract farmer. The total runoff could hit 120,000-acre feet, which would set a record. The allotment is figured at 1.12 acre feet per share. (Times-News photo)

Hearing

The continued public hearing on the proposed Twin Falls county zoning ordinance and map will be held at 8 p.m. Thursday in the county courthouse. Twin Falls county commissioners urged all persons interested in the zoning ordinance to attend the session.

Viet Cong Casualties Are Reported

SAIGON, April 1 (AP)—Recent Viet Cong pilots reported today they had seen the bodies of 200 Viet Cong guerrillas killed in a major battle near Da Nang. But further south an Americanized ranger battalion narrowly escaped disaster by crawling to safety. The battle 30 miles from the big U.S. air base at Da Nang began yesterday when U.S. helicopters flew in about 2,000 government troops to attack Viet Cong guerrillas in a 48-square mile area of Boi Lot forest 26 miles northeast of Saigon. The guerrillas apparently were caught by surprise and suffered heavy casualties.

President Borrows for Income Taxes

WASHINGTON, April 1 (AP)—President Johnson disclosed today he recently borrowed \$100,000 to pay his federal income taxes. Johnson made this disclosure at a White House ceremony on the first day of issue of a "Crusade Against Cancer" commemorative postage stamp. The President brought up the subject of his taxes to make this point: If more lives are saved, as he has when he suffered a severe heart attack 10 years ago, there will be more people around to contribute to the economy and pay their taxes.

Bliss Takes Command of GOP Position

WASHINGTON, April 1 (AP)—Ohio's Ray C. Bliss took command of the Republican National committee today and called for a drive to build a party that offers a broad appeal to all the citizens of the United States. Speaking for the first time as national chairman, Bliss said: "We must transmit a sense of sound responsibility to all our citizens— young and old, rich and poor, black or white, employer or employee, city dweller or farmer."

2 Gooding County Women Killed in Headon Crash

TUTTLE, April 1—A headon collision one and one-half miles southeast of here Wednesday afternoon claimed the lives of two Gooding county women and injured four persons, two seriously. Killed in the two-car accident were Mrs. Robert Rodd, 32, Bliss, and Mrs. Elsie Harrison, 76, Wendell. A Wendell physician pronounced both women dead at the scene of the accident, which occurred on U. S. highway 25. Investigating officers said Mrs. Rodd was driving a 1956 Ford stationwagon in a southeasterly direction on the highway. The car collided with a 1950 Plymouth driven by Mrs. Roderick Lewis, Boise. No skid marks were visible indicating neither driver saw the other before the collision occurred.

New Public Housing Unit Slated in T.F.

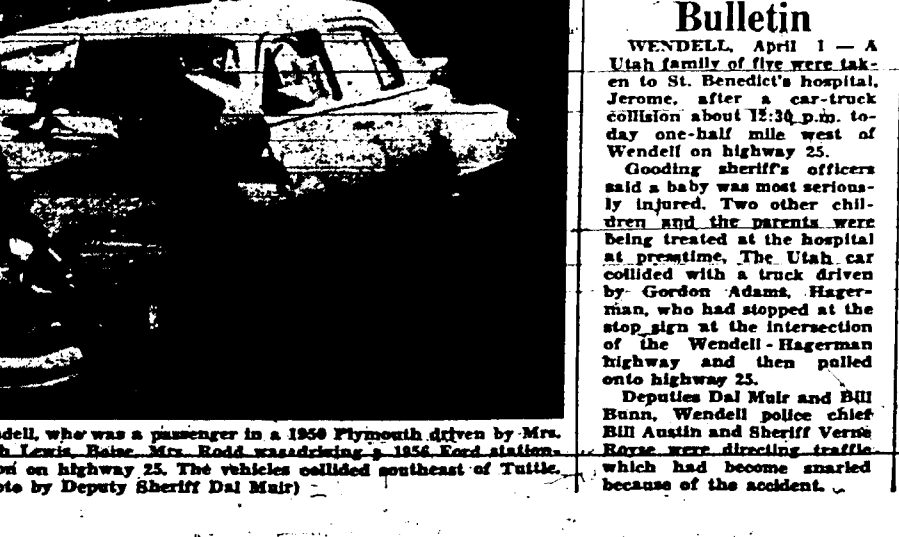

Preliminary work on the construction of 40 dwellings for elderly low income persons of the social security age group has begun in Twin Falls. The announcement was made Thursday by Sen. Frank Church, D., Ida., and confirmed by Lawrence Harper, executive director, Twin Falls housing authority. An \$8,000 loan to the Twin Falls housing authority for preliminary work on the units was approved Thursday by the housing and home finance agency, Washington, D. C., according to Senator Church.

School Bill Approved by Senate Unit

WASHINGTON, April 1 (AP)—The senate education subcommittee today unanimously approved the house-passed -3-billion-odd dollar house and high school bill after turlin down all amendments. Chairman Wayne Morse, D., Ore., said he talked with the White House after the action and that President Johnson was delighted. Johnson has been urging the senate to accept the house measure without change so that it can be signed into law speedily.

dic's hospital, Jerome, where four persons involved in the crash were taken, listed her condition as poor. Also hospitalized were three children of Mrs. Rodd. A stepson, Billy Ray Rodd, 11, and Harold Ross Rodd, 18 months, were listed in fairly good condition Thursday morning. The third child, Melvin Lee, Shannon, 4, was released today. Gooding county sheriff's officers said the collision occurred on a curve at the crest of a hill. The accident was investigated by Sheriff Vern Royce, and deputies Bill Burn and Dal Muir. Wednesday's two traffic fatalities were reported in the Fatalities section. See FATALITY, Page 2, Col. 4.

Bombs in Alabama Homes Disarmed, Another Explodes

BIRMINGHAM, Ala., April 1 (UPI)—A dynamite bomb exploded in the Negro section of the city early today injuring a 13-year-old boy. Other unexploded bombs were found at the homes of the mayor and the city's only councilwoman. Police said a bomb consisting of about 15 sticks of dynamite exploded in a concrete block garage at the home of T. R. Crowell, a Negro public accountant. Bombs were found at the home of Mayor Albert Boutwell and city Councilwoman Nina Miglianico, both considered moderates in their view toward the racial issue.

Burley Man Dies in Fall Into Power Lines

RUPERT, April 1—Orville Broadhead, Burley, died about 11:30 a.m. Thursday at Minidoka Memorial hospital of injuries received when he fell into electrical wires on an installation project at Minidoka dam. It was reported Mr. Broadhead, an employee of Bonneville power administration, was working at Minidoka dam helping to put in a new installation. He apparently fell from a tower and struck high power lines. He was brought to the Rupert hospital by ambulance and died soon after being admitted to the hospital. It was reported his shirt was burned off his body.

Wood River's Flood Threat Is Serious

BOISE, April 1 (AP)—The Wood river area in south central Idaho was described today as holding the most serious potential flood threat in the state at this time. Gov. Robert E. Smylie said latest reports show there is six feet of snow at Galena summit, where the Big Wood river originates. Any rapid melting could cause flooding downstream, he said, because of inadequate storage facilities. Under normal weather conditions that flood threat could persist until July 1, Smylie said. The Kootenai river also poses a flood threat at Bonners Ferry, Smylie said, and there is danger on the St. Joe river at St. Maries.

Water Level Of Reservoir Is Lowered

CAREY, April 1—"So far as Carey and the towns below are concerned, there is no flood threat from Little Wood River reservoir. The dam is down to where it will be able to hold runoff," Lowell Mechem, watermaster for the Little Wood River irrigation district, said today. In 1964 the reservoir filled on March 29 or 30, but there was not the moisture in the high country that there is this year. An estimated 4,000 acre feet of water would have been in the reservoir March 31 and Mechem said that 1,130 acre feet of water were dumped out of the reservoir Tuesday.

Airline Has Pilots' Strike

NEW YORK, April 1 (AP)—A pilots' strike crippled the globe-gridding operations of Pan American airlines today. Pan American, the country's largest international airline, announced a shutdown Wednesday night. Thousands of travelers were rebooked on other overseas carriers. The pilots said they would continue to fly government-chartered flights to South Viet Nam, Germany and other points where the United States has military installations.

Sea Searched For Victims Of Air Crash

TANGIER, Morocco, April 1 (AP)—Search planes scanned the sea today looking for bodies from a holiday airliner which crashed yesterday, killing all but three of the 63 persons aboard. An American woman, Mrs. Virginia Coleman, Plainfield, N. J., was believed among the dead. She had given up her apartment in Plainfield to spend a year in Europe. Her married daughter lives in London. Her son, Roger Coleman, lives in New York. By late last night, the bodies of 27 women and 17 men had been recovered and taken to Cadix, Spain.

India to Receive Loans From U.S.

NEW DELHI, India, April 1 (AP)—The United States signed agreements yesterday providing 118 million dollars in long-term loans and 10 million dollars in grants for Indian hydroelectric and irrigation projects. The nation's unemployment rate dropped to 4.7 per cent in March, the lowest level in more than seven years. Employment climbed to a record high of more than 70 million, the labor department said today.

April Fool's Day Is Celebrated With Traditional Hoaxes in Western Europe

LONDON, April 1 (AP)—Western Europe celebrated April Fool's day today with traditional hoaxes. The British Broadcasting corporation persuaded scores of television fans that it could transmit smells. The BBC brought in a genuine professor from London university to demonstrate the new "amellodivision." He fed coffee beans and then onions into a complicated array of fake equipment, explaining that their scents would break down into molecules and be transmitted through the screen. "For best results," he said, "stand six feet away from your set and sniff." He asked successful sniffers to report results by noon, the traditional deadline for April Fool's jokes. Such is the power of television that sniffers soon were telephoning to report that the scents had come across. Some claimed the onions made their eyes water. An elaborate joke in Stockholm threw thousands of homes into confusion. Printed leaflets, purportedly from the Swedish capital's gas and water company, told them the water would be cut off. Housewives were told to fill bathtubs and all available cans with water to last them while "certain adjustments" were made to the water system. After a torrent of calls from angry customers the company issued an official denial, putting the blame on some unknown joker. The Copenhagen newspaper Politiken reported with a straight face that the Danish parliament had been thrown into an uproar by a government bill requiring all dogs to be painted white. The act, it said, was road safety since white dogs are easier to see at night. Nobody knows for sure how all the fooling started. The Encyclopaedia Britannica says scholars have long disputed the custom's origin, though it probably is a survival from pagan celebrations of the spring equinox.

FORCE OF THE IMPACT in the two-car accident which claimed the lives of two Gooding county women Wednesday afternoon is shown in the twisted wreckage of the vehicles. Killed were Mrs. Robert Rodd, 32, Bliss, and Mrs. Elsie Harrison, 74.

Area Woman Injured in Car Mishap

JEROME, April 1 — Mrs. Janet M. Shonone, 58, was injured in a two-vehicle accident at 5:40 p.m. Tuesday on highway 53, eight miles northeast of here.

Buhl Woman Injured in Car Accident

Charlotte Tippet, 70, Buhl, was treated and dismissed from Magic Valley Memorial hospital Wednesday night for injuries sustained when the car in which she was traveling struck a fence about one mile west of Twin Falls on highway 30.

Weather, Temperatures

MAGIC VALLEY — Variable cloudiness with a few light showers today, tonight and Friday. Winds becoming 10 to 25 miles an hour with higher gusts this afternoon and tonight. Cooler tonight and Friday. Outlook for Saturday: Fair to cloudy with little change in temperature. High 50-55; Friday 55-62; low 30-35; Saturday 50-55; temperatures 50-55; Friday 45-50; low tonight 32-37. TEMPERATURES AT 8:30: 47 at Jerome, 55 at T. F., weather bureau with 27 per cent humidity, 58 at T. F. anatomy laboratory with 22 per cent humidity, 58 at Rupert, 34 at Fairfield, 52 at Buhl, 48 at Castleford, 53 at Gooding; at noon 64 at T. F. weather bureau with 27 per cent humidity. Barometer: 29.54. Soil temperatures: At T. F., four-inch 49, eight-inch 44, 20-inch 42; three-inch level: 33 at Buhl, 51 at Castleford.

SYNOPSIS AND AGRICULTURAL SUMMARY
Low pressure at the surface has moved into the Intermountain region with a cold front from southwestern Idaho into northern Nevada, southeastern Utah and through Arizona. Moisture has been slow to arrive with this storm system and as a result no precipitation has fallen in the valleys of southern Idaho during the past 24 hours. Temperatures over these valleys were on the rise again with Magic Valley stations reporting highest temperatures in the lower 70s. Twin Falls, Castleford, Buhl and Jerome all recorded 74 degrees for highest temperatures in southern Idaho. Nighttime temperatures were also quite warm with most readings in the 30s and 40s.

As low pressure aloft off the southern California coast edges a little farther inland the supply of moisture will increase into the Intermountain region. Variable cloudiness today and Friday will bring some light showers to the valleys of southern Idaho. Partly cloudy skies are expected on Saturday.

Some cooling is expected today with more cooling on Friday as temperatures range in the 60s today and lower into the 50s to low 60s Friday. Minimum temperatures tonight will range in the 30s to possible low 40s.

Weather conditions may cause some slight delays during the next couple of days but large amounts of work is being done. Farm activities include seed bed preparations, grain planting, some beet and vegetable planting and last-minute ditch cleaning.

THIRTY-DAY FORECAST

The forecast upper air chart shows low pressure along the West Coast and late the Intermountain region with the main storm track moving from the Gulf of Alaska onto the northern California coast and into the southern Intermountain region.

Temperatures over the valleys of southern Idaho will average from one to four degrees below normal. Greater amounts of cloudiness will cause daytime temperatures during April to show larger departures from normal than nighttime temperatures. Normal maximum temperatures range in the mid 50s in Magic Valley the first of April to the mid 60s in Magic Valley by the end of April. Normal minimum temperatures range in the lower 30s in Magic Valley the first of the month and the mid 30s in Magic Valley by the end of the month.

With low pressure being predominant during April, storms moving out of the Gulf of Alaska will be intensifying as they enter the United States and above normal precipitation is expected in the valleys of southern Idaho during the month. Precipitation will be in the form of rain or sleet changing to snow at times in higher valleys during night hours in lower valleys but little snow accumulation is expected other than in some of the eastern valleys. Precipitation totals will range from .75 to 1.50 inches in Magic Valley.

Sunshine will average below normal for April totaling 55 to 65 per cent of possible. Winds will also tend to average a little stronger with speeds from 12 to 15 miles an hour generally from a southerly direction. Soil temperatures at the three- to eight-inch depth will average in the 40s to mid 50s for the month across these agricultural valleys.

Cold, wet weather conditions will be unfavorable for seed bed preparations and crop planting as delays can be looked for. Above normal moisture will help spring pastures and rangelands advance with less dependence on feed for livestock as pastures green up. Winter wheat will benefit from additional moisture but lower temperatures may hold up growth at times.

Mrs. Cora E. Randolph, Gooding, Dies

GOODING, April 1 — Mrs. Cora E. Randolph, 68, died Wednesday afternoon at Gooding Memorial hospital of a long illness.

She was born Nov. 10, 1878, in Trear, Ia.

On Dec. 14, 1898, she was married to Eddy G. Randolph in Pula, Minn., and the following year they moved to Eddy county, North Dakota, where they homesteaded.

The family moved to Gooding in 1910 and farmed northeast of here until 1919 when they moved to the town. Mrs. Randolph was a member of the Gooding Methodist church.

Surviving are two daughters, Mrs. Clyde (Vera) Hawks and Mrs. Vernon (Neva) Bumgarner, both Gooding; two sisters, Mrs. Fred (Alberta) Starnes, Sheridan, Mont., and Mrs. Mayme (Betty) Wynne, Wyo., and brother, Ralph (Orthwell) Chubb, Wyo., four grandchildren and 15 great-grandchildren.

She was preceded in death by one sister and her husband, who died in 1949.

She had lived with her daughters for the last five years.

Funeral services will be conducted at 2 p.m. Saturday at the Gooding chapel, Gooding, by the Rev. W. McConnell. Friends may call at the chapel all day Friday and until 1:45 p.m. Saturday.

Fatality

(Continued From Page 1)
Fatalities raised Magic Valley's toll for the year to seven — the same number as listed at the same time last year. They were the third and fourth this year in Gooding county.

Magic Valley's last traffic fatality occurred Feb. 9, when Harold Buckendorf, Twin Falls, was killed in a Jerome county road crash.

Mrs. Elsie Jane Harrison was born March 25, 1889, at Eustis, Neb. She was married to Earl Joseph Harrison Dec. 30, 1925, at North Platte, Neb. The couple lived there one year, then moved to Eustis, Neb., where they built and operated the city hotel and cafe from 1928 to 1948.

Mr. Harrison died May 1, 1943. Mrs. Harrison was a member of the Evangelical Lutheran church from 1907 until 1949, when she moved to Wendell and joined Christ Lutheran church.

Survivors include five brothers, Henry W. Lehman, Buhl; Birch R. Lehman, Olathe, Colo.; Frank J. Lehman, Gooding; Harvey H. Lehman, Cozad, Neb.; and George A. Lehman, Ecklaka, Mont.; two sisters, Mrs. George (Marta) Klugeberg, Cozad, Neb., and Mrs. Anna (Viola) Koch, Wendell. Funeral services will be conducted at 10:30 a.m. Saturday in Christ Lutheran church, Wendell, by the Rev. E. Walter Belman of the Wendell and Gooding Lutheran churches.

Friends may call at Weaver mortuary, Wendell, until time of the service. The body will be shipped to Eustis, Neb., for services and burial.

Mrs. Rodd was born May 21, 1903, in Ontario, Ore., and attended schools in Nyssa, Ore.; Parma and Payette. On Feb. 24, 1962, she was married to Robert H. Rodd in Jerome.

She had lived in Ontario and Nyssa until 1961 when she came to the Hagerman-Bliss area.

Survivors include her husband; mother, Mrs. Claude Lee, Ontario, Ore.; two sons, Melvin Shannon and Harold Rodd; three step-sons, Billy Rodd, Robert Rodd, 10, and Loren Rodd, 9, all Bliss; one daughter, Debra C. Grandview, Wash.; step-daughter, Barbara Rodd; one brother, Walter E. Hatfield, Ontario, and four half-sisters.

Funeral services will be conducted at 10 a.m. Saturday at Thompson chapel by the Rev. Jack Foreman. Graveside services will be held at 10:30 a.m. Monday at Evergreen cemetery, Ontario. Friends may call at Thompson chapel, Gooding, Friday evening and until time of services Saturday.

Record Year

(Continued From Page 1)
Clarence Lattimer, manager of the Salmon River Canal company, said the reservoir has been rising at the rate of .1 of a foot per day for the past several days.

Nelson, in his forecast, pointed out there is plenty of high snow and that the mountains are saturated with water. He said small rivulets are beginning to form under the snowpack. Usually this doesn't happen until later in April. Should a warming trend start, the water will begin to move almost immediately.

The water can not go into the ground in the mountains, as the ground is saturated. It generally takes several days for the runoff to start moving, but at Salmon it could move immediately.

Prospects for the Roseworth tract were bright, but no records will be set. Nelson said a runoff of near 15,000 acre feet is in prospect for Roseworth. The watershed for Roseworth has very little land above 8,000 feet in elevation.

The formula for computing shares takes into consideration storage loss, an estimated 20 per cent, and the efficiency of the system and the farmer, which is figured at 85 per cent.

Nelson's report brought many smiles to the faces of the farmers attending the meeting, but there were few farmers who believed that the forecast would stand up. Water supply has never been forecast in excess of an acre foot per share in the history of the tract and it was hard to believe.

Many shook their heads in disbelief.

April snow surveys show high mountain station is still reading well above normal and above readings taken a year ago. The lower elevations are under the readings of last year but are still above normal, with the exception of Shoshone basin.

Magie mountain has 66 inches of snow, 23.7 inches of water content, compared to 64 inches of snow and 20.6 inches of water content a year ago. Average water content is 17.8 inches.

Higher on Deadline ridge, the water content is 29.2 inches and average is 21.7. Shoshone basin has a trace of water and average is 2.9 inches.

Hummingbird springs, one of the highest points on the watershed, has 82.2 inches of snow and 34.1 inches of water, compared to 65 inches of snow and 21.1 inches of water a year ago. Average water content is 21.4 inches.

Pole creek has 74 inches of snow and 27.1 inches of water. Average is 19.1 inches of water. Cedar creek has 32 inches of snow and 9.8 inches of water and average is 9.7 inches.

Jury Finds Burley Man "Not Guilty"

BURLEY, April 1 — A two-day trial for Angelo Icazulago, Burley, ended Wednesday afternoon when the 12-member jury returned a unanimous verdict of "not guilty" at 4:50 p.m. after deliberating the case about 45 minutes.

The defendant was charged with mayhem and biting off part of the left ear of Thelma Wickert, Burley, during a fight March 14, 1964, in the Calico Cat bar and cafe.

The defense called its final witness, Robert Carrier, during the afternoon session Wednesday and rested its case at 3:30 p.m.

After a short recess, eleventh district Judge Lloyd J. Webb instructed the jury and the attorneys presented their final arguments. The jury went out at 4:05 p.m. and returned 45 minutes later with the unanimous verdict, signed by A. T. Kline, foreman.

Driver Cited After Auto Strikes Walk

A 29-year-old Twin Falls man was cited for failure to report an accident after the car he was driving at 9 p.m. Wednesday struck the pedestrian walkway on the Perrine Memorial bridge.

He drove the vehicle with one flat tire about two miles into Twin Falls.

William B. Cummins, 29, 1213 Fifth avenue east, was driving his vehicle south across the bridge when it struck the pedestrian walk. Without stopping to repair the right front tire, which was flattened in the incident, Cummins drove the vehicle into Twin Falls.

An ambulance owned by White mortuary spotted the vehicle and after following it managed to stop the car by using the emergency vehicle's red light.

A relative of Cummins came along about that time and took Cummins to his home. The ambulance driver called city police who turned the matter over to state police.

Cummins was found at home asleep by state police officers who cited him for failure to report an accident.

and knocked two dents into the frame dwelling about a foot long and about three to four inches deep. It left a hole 10 feet wide and two to three feet deep in an alley behind the garage.

Police estimated that the blast may have shattered windows and caused other damages to as many as 20 to 30 homes in a radius of up to 100 yards away.

Crowell's 13-year-old son, Weymouth, was taken to a hospital and treated for a cut hand and later released when examination showed no other injuries.

Crowell's wife, authorities said, had not been active in the civil rights movement and had received no threatening telephone calls or letters.

Blaze at Farm Is Extinguished

Twin Falls mutual fire insurance trucks extinguished a fire about 10 p.m. Wednesday at the Bruce Carter residence, one mile south of the municipal airport.

According to the fire and called the fire trucks, the fire burned a fence and pile of lumber and a shed at the Carter place.

It was not known exactly what sparked the blaze, but it was reported weeds had been burned along the fence a few days prior to the Wednesday night blaze.

The only items thought to be in the burned shed were tools. Tractors parked near the blaze were moved by volunteers.

Hazelton Forms Cub Scout Pack

HAZELTON, April 1 — Cub Scout pack 83 has been newly organized in Hazelton, sponsored by the LDS church.

Members of the organization committee are Elsworth Hardy, chairman; Paul Juchau and Dean Eric Jimmie Christopher, son is Cubmaster.

There are 120 dens at present with a third now under discussion. Den mothers are Mrs. Christopher and Mrs. George Christopher, assisted by Mrs. William Brown, jr.

The boys are busy making kites and building birdhouses to be exhibited at the first pack night to be held at 8 p.m. Friday in the church building in Hazelton.

Title Firm Opens Office For Hailey

HAILEY, April 1 — The Sawtooth Title company, Inc., opened its office today at 115 South Main street in Hailey among T. W. Silvers, Twin Falls, president of the firm.

The opening concludes three and one-half months of work in setting up the title insurance plant here. More than 50,000 (50) or nearly 10 million pages has been processed to complete the tract index of all parcels of property in Blaine county.

All real property records were photographed on 35mm microfilm and reprinted on 1,000 foot rolls of white paper. The work was done through the cooperation of Blaine county officials.

John Davies is office manager in Hailey and Virginia Dietrich is secretary. Directors of the firm include, in addition to Silvers, Davies, vice president;

Annual Spring Pilgrimage From Campuses Under Way

By CHARLES L. WHIT... The first 10,000 pilgrims to the Florida beaches came from the Carolinas, Georgia, Alabama, Tennessee and Kentucky. Many more thousands were expected. "They'll be back with their suntans and I'll be very envious of them," said Ohio State Dean John Bonner. Generally, the campuses of the South and East and Midwest pour out students toward Florida, Bermuda and Nassau, the West sends water skiers to the spring runoff on the Pecos river at Carlsbad, N.M., and surfers to Mazatlan and Guaymas in Mexico and to Los Angeles. One group of University of Utah students took a fling at

Las Vegas' gambling tables. The word among the fraternity brothers at the University of Missouri was that West Palm Beach would be the Florida spot this season. At the University of Virginia, the sites were Bermuda and Nassau.

For four times the message was Nassau and at least three fraternities chartered boats to take several hundred students there. The popular Daytona and Port Lauderdale spots prepared for the usual thousands. The Daytona Beach city council appropriated \$10,000 for entertainment—and to hire reserve policemen to handle an anticipated 80,000-100,000 youthful visitors. Not rivaling the pleasure seekers in number was the movement of students to join in civil rights projects.

These included Notre Dame undergraduates preparing to help rebuild a bombed Negro church in Mississippi and inaugurate a study of Chicago's slums for a tutoring program. There were Boston university students planning to demonstrate in Washington—participating in a voter registration project in Raleigh, N.C. Some Methodist students at Indiana University prepared to travel to Mississippi and two dozen from the University of Kansas planned to join in civil rights projects in Jonesboro and Bogalusa, La.

NATIONAL WHIRLIGIG

By ANDREW TULLY
WASHINGTON, April 1—In 23 years of pushing about a world preoccupied with shootings, stabblings and other forms of internationally-legalized mayhem, I have never noticed anything more disturbing than the whimpers of the bleeding-heart club over the use of non-lethal gases against communist killers in Viet Nam.

The breast-beaters have dusted off all the old clichés about the necessity for fighting wars in a humane fashion, again overlooking the fact there ain't no such thing as humane warfare. War is dirty, ugly, sordid, brutal, obscene exercise—the last resort of politicians. The object of both sides is to kill or incapacitate enough human beings to force either capitulation or a negotiated settlement.

NO DEATH IS HUMANE.—War is not a cricket game. It has no rules, except the lofty pronouncement of statesmen who periodically claim that their method of murder is slightly less messy. A woman or a child killed by a rifle bullet is just as dead as one killed by an atomic bomb. The baby who starves to death because of an enemy blockade does not die a humane death—whatever that is.

Thus I am not prepared to defend any means employed in the making of war. If it is morally wrong to wound a man in the belly, it is morally wrong to make him sick with gas. But morality is not involved in the waging of war for the simple reason that war itself is immoral. In supporting any war waged by my country I do so not because my country is without sin but because the eventual choice is kill or be killed.

WHERE WERE APOLOGISTS' TEARS?—Fighting a war, Americans unfortunately are no better than other nationalities. We are engaged in mass homicide which may be legalized by international convention but not by a higher law. But there should be no double standard in this matter.

There was no donning of sackcloth or kneeling of teeth when the Viet Cong bombed the Brink officers' quarters in Saigon. How many of the liberal voices now condemning the Viet Cong for killing more than 400 South Vietnamese civilians and kidnapping more than 1,000 others in 1964. Where is all that international indignation when the Viet Cong burned whole villages to the ground?

BETTER GASED THAN DEAD.—Far from denouncing the U.S. for its resort to non-lethal gases, those foreign critics might salute us for a historical precedent. For the first time since the invention of gas, we are trying to win a war that kills neither combatants nor civilians. Those gases are not nice, but they are not fatal, either.

Finally, I refuse to be disturbed by most of our international critics. Those Labor MPs in Britain, the fringe editorialists and pious-sounding politicians in France, the mealy-mouthed leftists in Japan all lie in wait for the opportunity to pounce. With a little more of their kind, the Viet Cong would have been over long ago, but their sense of outrage is a sometime thing. They base to save it up for the day when we start lobbing bean bags at the Viet Cong.

Views of Others

SNOOPING ON THE MAIL
The snooping systems operated by the U.S. postoffice department are merely aimed at possible derelictions of employees. Big Brother may also be keeping tabs on your mail.

A senate judiciary subcommittee this week heard testimony on the postoffice's "mail cover" system. Any government agency may ask for a "mail cover" on any individual who has aroused "suspicion." The applicant may be the federal bureau of investigation, the veterans administration, the Portland police, or whatever. The request is usually granted, not even opened. A postmaster or supervisor orders the carrier on the route involved to note all information on the outside of any envelope or package addressed to an individual under "suspicion." Including return address and name, time and place of postmark. This information—on government form 2009—then goes into the suspect's file.

There are presumably such files on several hundred thousand U.S. citizens, many of whom are probably wholly unaware of the spying on their mail entirely outside the judicial process.

On its face, the practice is despicable. One's mail should be inviolate, unless it is a direct factor in a crime so judged by due process of law—such as mail fraud, pornography, etc. A postman should not be required to demean himself by participating in such "fishing" expeditions directed against the people he serves. He is not a policeman. More important, the testimony has frightening implications of insidious operations of bureaucracy. The Oregonian.

ELDERCARE MAKES SENSE
At the very time when the Johnson administration is again seeking enactment of the ridiculous and misleading medicare program, socialized medicine in Great Britain is under fire.

Britain's 23,000 family doctors, who earn an average of \$154 a week, consider themselves grossly overpaid. The general medical services committee of the British Medical Association has urged family doctors to quit the national health service. This is not the first indication that socialized medicine is in trouble in Britain. An exodus of British doctors—part of a "brain drain" that is draining the country's technological progress—has been under way for some time.

Meanwhile, the push for national health service in America has been by a salary tax appeal only to those who fall to see how little help it provides in paying medical costs of the elderly and how much it can cost in a lifetime of taxation.

Fortunately, the American Medical Association has fashioned a counter proposal (eldercare) which makes far more sense and will be far less harmful to both the public economy and to the medical profession.

If ever congress was faced by a timely warning of the dismaying results of government-controlled health, the current state of affairs in Britain is it. This is not to point a finger of scorn at a British error in judgment. But it is to show practical politicians and bureaucratic theoreticians that the medicare mistake can be avoided, and must be.—Memphis Commercial Appeal.

PHOBIAS EXPLORED
A psychologist from the University of Illinois claimed at a recent meeting of his fellows in New York that newspapermen had the highest anxiety level of any American occupational group which he had studied so far.

They were even more anxious, he said, than navy trainees, pilots in training, and business executives.

The fear of drowning, flaming death in an airplane and bankruptcy is less than that of sounding like an idiot in print—just as we had always thought.—Haltax (N.S.) Chronicle-Herald.

SILLY SEASON ARRIVES EARLY
Human nature being what it is, some weird proposals turn up in state legislative sessions through the land. Maine's 102nd legislature, freshly in session at Augusta, cannot count itself that exception. There are, for instance, the bills that would require legislators and lobbyists to wear large name badges as they pursue their tasks. Red badges for Democratic lions, blue for Republicans and yellow for lobbyists. Sounds like legislation to us. Colorful, anyway.—Bangor (Maine) Daily News.

Interpreting the News

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON, April 1—President Johnson denounced the Ku Klux Klan as a "hooded society of bigots." Bigotry in America has a long history but not in all its forms as violent, cruel and lawbreaking as the Klan.

There have been three sets of klans: The "Invisible Empire" which spread across the South after the Civil War; the Klan which flourished in the South and North and from Maine to Oregon after World War I; and the present Klan.

In the first two stages the Klan used terror and violence ranging from beatings and floggings to lynchings. In the present stage klansmen have been implicated in murders connected with Negroes' civil rights drives.

The first Klan, begun as a prank in 1865 to frighten newly-freed Negroes with the hoods and white sheets of the members, developed into a Southwide society with sinister methods and a single purpose: White supremacy.

Membership was secret under the banner of "chivalry, humanity, mercy and patriotism." White supremacy was achieved by the 1870's—meaning Negroes were cemented into subservience—and the Klan pretty much faded.

The Klan at the time was not alone in its secrecy or its purpose. There were others like the Knights of the White Camellia, the White League, the Invisible Empire, Pale Faces.

In 1915, D. W. Griffith produced America's first spectacular movie, "The Birth of a Nation," based on Thomas Dixon's pro-Klan novel, "The Clansman." In Georgia that year the Klan was resurrected under a burning cross on top of Lookout mountain.

The new Klan was still for white supremacy and anti-Negroes but now, like some other organizations of the past, it was against Catholics, Jews and immigrants.

The hooded ones also became moralists who flogged both men and women for conduct klansmen disapproved. A sample of the moralizing and the intellect being given in a new history of the Klan to be published this month, "Hooded Americanism" by Dr. David Chalmers.

He cites the case of a divorced woman with two children who married a divorced farmer. Both were taken to the woods and flogged by the Klan. Then, Chalmers says, one of the floggers, a klansman minister, told the woman:

"Sister, you were not punished in anger this evening; you were punished in a spirit of kindness and correction, to set your feet aright and to show your children how a good mother should go."

The floggers then took up a collection. Chalmers says, and gave the woman \$5.50 and a bottle of vasoline for her wounds.

Crowder Cleveland Hall, editor of Alabama's Montgomery Advertiser, is especially praised by Chalmers for his fight against the Klan. Chalmers quotes a Hall editorial on the "Chivalrous South" this way:

"At one time in the South a

MARQUIS CHILDS WRITES ON WASHINGTON

WASHINGTON, April 1—The legend of Lyndon Johnson as the giant Paul Bunyan of political looms large on the horizon.

How much is fact and how much myth the legend is in later years. What counts for the present is the score. Just as Bunyan driving his blue ox, Babe, (measuring 42 at the tip of the horns) got credit for every fabulous deed in the pioneering Northwest, so the President scores again and again.

The great wedding cake of a social security bill reported out by the house with a special reward committee, is the product of many forces. The Johnson landslide of last November was a clear mandate to end a long delay in broadening social security coverage. Opponents of medicare, notably the American Medical Association, miscalculated the temper of the house and opinion of the country.

But it can be counted another triumph for Johnson and his administration. Courting, cajoling, finger couldn't be lifted against a woman but now (this was in the 1920's) when there is a bit of gossip against a woman a Southerner had a new approach.

"We bend her over a barrel and put a log of fire to her and beat the hell out of her—we new southern gents."

Last week the President announced the arrest of four klansmen in the slaying of a Detroit woman, mother of five, who was shot in the head from a passing car in Alabama while on her way to give civil rights demonstrators a ride.

The second Klan—1915-1928—flourished nationwide, controlled politics in some places, was a big influence in Texas, Oklahoma, Indiana, Oregon and Maine. Many state officials were members.

It fell apart by 1928 from internal bickering, corruption and scandal. At its peak it had perhaps five million members. The first, post-Civil War Klan had no more than about 500,000.

An attempt to revive the Klan in 1945 failed. It sprang into life again after the 1954 supreme court decision outlawing segregation. Negroes then began to push for their long-denied civil rights.

Now the membership is perhaps no more than 15,000. But klansmen still burn crosses.

Besides Chalmers' book, another history of the Klan just hit the bookstores. This is William F. Randal's "The Ku Klux Klan—Century of Infamy." These two books tell a gruesome story.

These are minor complaints probably inevitable with an executive as strong as any in recent history. A more serious doubt relates the need of a man charged with such awesome responsibility for the kind of repose inviting reflection—the long, lonely look at events, past and future.

Winston Churchill understood the use of that kind of repose. The intense business of the White House—the complete absorption in conferences, briefings, intelligence—reports, appointments—prevails throughout the administration and notably in the state department. A high official in the department complains that so few days he has had only a dozen Sundays to himself. This might be called the squirrel-cage syndrome. At the worst it is motion for the sake of motion, with the captives chasing each other round and round and round.

Although it was not known at the time, a distinguished White House aide was brought into the White House and tried to get the President to slow down. At the end of two weeks he gave it up. He was observing a force of nature that lived by its own rules.

Grand Slam Can Be Made

It is up to him to notice that no one is going to throw a heart away and that if either opponent holds five hearts to the ten spot there is a potential heart suit. Then South should not note that there is something about hearts. He must start proceedings by playing one round of trumps. He can well afford that but he can't afford a second trump lead. Then he must play out ace, king and eight of hearts and ruff in dummy.

He is lucky to find West and singletons in both hearts and spades but his play raked nothing and actually produced his 13th trick.

A—My slight preference is for a raise to three hearts, but I would not criticize either a two no-trump bid or a pass. This hand is borderline.

TODAY'S QUESTION
Instead of bidding two hearts your partner has jumped to three hearts after your one no-trump. What do you do?
Answer: Best bid.

several rounds of bidding. Imagine that many South players started out with such unusual bids as two clubs and two diamonds and perhaps a few of them were properly punished by finding themselves dummy at seven no-trump.

Anyway, North and South get three points for getting to seven spades and East and West are awarded two points for not doubting that contract.

The Doctor Says

By WAYNE G. BRANDSTADT, M.D.
Hepatitis doesn't make you limp, but it makes you sick in other ways. Since there is as yet no vaccine or other specific treatment for this disease, the victim must get his symptoms treated and have good nursing care.

Complete and prolonged bed rest used to be prescribed but it has disadvantages. There is a growing tendency to encourage a moderate activity for many conditions that used to be treated with rest. The results have been encouraging and the advantages are fewer bed sores, maintenance of a better state of nutrition and less weakness.

Getting the victim to eat anything at all is a problem in the early stages of the disease but lemonade with glucose can usually be taken several times a day. Intravenous feeding may be required for a few days but when the newer drugs to combat nausea are used that may not be necessary.

Alcohol in any form should be avoided for at least six months because it puts a strain on an already damaged liver. Skillful management of both exercise and diet will reduce the duration of the acute stage and help to prevent relapses. These are common in the course of the disease, which usually lasts three or four months even with the best of care.

Neomycin and other antibiotics are sometimes given because they reduce the population of certain bacteria in the intestinal tract which cause no strain on the normal liver but may tax an ailing liver. When the course of the disease appears to be unduly long or when relapses occur, synthetic cortisone-like drugs are given with apparent benefit. Recent studies have shown that other drugs such as six-mercaptopurine and azathioprine are also helpful in chronic hepatitis.

In the final analysis, however, it is better to prevent this debilitating disease than to treat it. As is the case with other diseases transmitted by sexual prevention is a matter of community sanitation and prompt reporting of cases to the local health authorities.

Q. Where can I buy soap that contains hexachlorophene?
A. Many grocers carry such soap. Some brands are distributed only regionally. At a slightly higher cost, the drugstores carry several brands of hexachlorophene soap, all obtainable without prescription.

Speech Given On Sales Tax To Chamber

BUHL, April 1—A report on the Idaho sales tax was presented by William Roberts, Buhl, Twin Falls county state representative, during the Buhl Chamber of Commerce luncheon meeting Monday.

Roberts pointed out that the total state budget for the next biennium is approximately 135 million dollars. The three per cent sales tax is expected to raise some 58 million dollars of this amount, with a reduction in other state taxes to amount to 26 million dollars, he said.

The official noted the sales tax which is to go into effect July 1 will be levied as follows, one cent on 14 to 42 cents; two cents on 43 to 72 cents, and three cents on 73 cents to \$1.

Collectors of sales tax will

have until Oct. 15 to remit the first three months of tax collected and, thereafter, remittances to the state must be made on a monthly basis.

Some good to be exempt of sales tax include farm equipment, gasoline, gas, personal property to produce goods, electric, water and anything that goes into producing heat, school lunches, church functions, and many others.

The sales tax does offer relief on state income taxes, the official said. Tax will start out at two and one-half per cent on the first \$1,000 instead of three and four tenths per cent previously charged, then a graduation thereafter. The \$600 personal exemption will be allowed and also a \$10 exemption will be allowed on each dependent.

After the luncheon the board of directors met and authorized a payment of \$25 for membership dues in the Highway 30 association.

Airboats Tested for Use Against Viet Cong

CAN THO, South Viet Nam, April 1 (AP)—The airboat, a craft gaining popularity among sportsmen in shallow water areas such as the Susquehanna river and the Florida Everglades, is being tested here for possible use against communist Viet Cong guerrillas.

Vietnamese and U.S. military officials at this army corps headquarters, 80 miles southwest of Saigon, hope to develop tactics that will allow the boats to be used to great advantage against the insurgents.

A dozen of the boats—known in Pennsylvania as "Susquehanna skimmers"—have been put through the paces by a newly formed Vietnamese army unit.

The 35th river assault boat company has already tested battle in the 17-foot skimmers. But officials believe the day is not far off when the Vietnamese army will have a new means of running down the elusive Viet Cong in the marshy Mekong delta.

The red guerrillas regularly use river sampans to escape capture after their forays.

One U.S. army colonel involved in the testing said that if the boats do become operational, the Vietnamese army will be the first in the world to use boats powered by aircraft engines.

The principal advantage of the airboat is that it is fast, hitting more than 50 miles per hour under optimum conditions with light loads.

Enthusiasts claim the boats will "move" on a wet handkerchief, and that they are ideally suited for use in the rice paddies of the Delta region. Their shallow draft also would allow them to skim over the explosive mines that regularly sink the slower, steel-hulled Vietnamese navy river patrol boats.

But the skimmers also have serious drawbacks, and the question now facing military men here is whether the good outweighs the bad.

For one thing, army men complain that they "swamp" too easily. One of the boats actually dumped a load of newsmen into the drink during a recent demonstration.

just beneath the water's surface. When the high-speed skimmer raced past, the spikes would tear out the boat's bottom.

The airboats are completely vulnerable from the rear. While guerrillas could not shoot at the nine-man squad in the boat, the government troops could not return the fire because the engine would be in the way.

Test versions of the boat were ordered from the Danville, Pa., Airboats company and the hurricane Fiberglass Products company of Apurdisdale, Fla.

Although U.S. and Vietnamese military men state that the skimmers would not be nearly so susceptible to mines as other river craft, they concede that it would not take Viet Cong guerrillas long to figure out that the boats could be disabled with a far simpler and much less expensive sabotage device than a mine.

One officer said the airboats are so "thin-skinned" the Viet Cong could merely drive spikes in a coconut log and submerge it.

Russell, who has been commander here for the past three years, is retiring from the navy after 42 years of service.

Smile
WASHINGTON, April 1 (AP)—President Johnson wants his tax collectors to smile while they are wringing that last dime out of their victims.

"I cannot overstress the importance of courtesy and decent treatment of the taxpayers of this nation," Johnson told a gathering of internal revenue service district directors yesterday.

"None of us must ever forget that all of us are servants of the people," he added.

CALLING ALL BOYS and GIRLS FREE WANT ADS

During National Want Ad Week
APRIL 4 through 11

The Times-News wants to show every boy and girl from 6 to 16 years of age the tremendous pulling power of its Want Ads on some item you yourself own (not something someone has given you to sell, such as household articles, etc.) Insert your own ad of not more than 20 words FREE FOR THE ENTIRE WEEK. Here's your chance to "tell the world" you want a job to earn money... have a puppy for sale, or want one... have something to swap... want to sell your bike, or buy one... want to baby sit... sell or exchange dolls, musical instruments, birds, toys... in fact almost anything you want to do. You'll enjoy seeing your ad in print... and those of your friends. Here's hoping it works for you. There is absolutely no charge! Don't wait! Write your Want Ad and mail or bring it in to the Times-News today!

Don't Wait! Write Your Ad Now!
DEADLINE FOR ADS - APRIL 2, 5 P.M.

HERE'S ALL YOU DO

1. Write or print your want ad in the blank provided here, or on a plain piece of paper.
2. You must have Mom or Dad sign the blank. Make sure you have no more than 20 words, including your name, address and phone.
3. Bring or mail your want ad to the Times-News. Sorry, no phone orders accepted for "Free Want Ads."
4. The Times-News will run your ad free April 4 through April 11 only. If you get results before the time is up, be sure to call the Times-News and cancel your ad.
5. Have your free Want Ad in the Times-News office before 5:00 p.m. Friday, April 2, and it will appear in the Sunday, April 4, Times-News.

NOTE TO PARENTS—Let your children write their own want ads with as little help as possible on composition. We are not looking for perfectly worded ads — and they will be the children's work, not yours. Suggest to them what they may advertise if you wish, but let them have the fun of seeing their own efforts in print. We reserve the right to refuse children's ads which obviously are not their own.

Telephone Group Slates Area Confab

BUN VALLEY, April 1—Clifford W. Frisken, president, New York Telephone company, will be the keynote speaker at the section three conference, Telephone Pioneers of America, Thursday and Friday in Sun Valley.

Phalen is senior vice president of the national pioneer organization composed of telephone employees with 21 years' service. The purpose of the pioneer organization is to encourage continued community service and fellowship among active and retired telephone employees.

Approximately 50 leaders from 14 states will attend the conference to make plans for community service projects during the coming year. These projects include sponsoring Boy Scout and Girl Scout troops, volunteer work with handicapped and blind youngsters, hospital and home care for the aged, as well as civic betterment projects in their respective communities.

Section three is composed of chapters located in the states of Arizona, Utah, Colorado, Idaho, New Mexico, Texas, Wyoming, Montana, Minnesota, North and South Dakota, Nebraska and Iowa.

Welfare Costs Rise Despite Poverty Aid

WASHINGTON, April 1—President Johnson's new anti-poverty program apparently have not caused any reduction in federal-state financed welfare payments. In fact the cost is going up.

Congress was briefed on the welfare picture by the department of health, education and welfare during a closed hearing Feb. 24 on a department request for an additional 407.9 million dollars for public assistance payments. The hearing transcript was made public today.

Fred H. Steingler, director of the department's bureau of family service, said the money was needed this fiscal year to provide federal matching payments for state-administered public assistance.

Idaho's last year appropriated about 2.8 billion dollars for this purpose. But Steingler said this would not be enough.

"The need for the supplemental appropriation," he said, "arises primarily because the most recent program trends and fund requests from states for the first three quarters of the fiscal year 1965 indicate large expenditures under all programs than could be met from the appropriations approved by the congress."

RETURNS FROM VISIT
LONDON, April 1 (AP)—Israeli Premier Levi Eshkol flew back to Tel Aviv yesterday after a six day official visit to Britain. During the visit he discussed the Middle East situation with Prime Minister Harold Wilson and other British officials.

BOISE, April 1 (AP)—The 1965 Idaho legislature's regular session passed nearly half the bills introduced, a compilation by Gov. Robert E. Smylie's office showed yesterday. Of 708 bills introduced, 355 were approved by both the house and senate. Smylie signed 319 of them, vetoed 14 and permitted two to become law without his signature.

BOISE, April 1 (AP)—Plans for construction of a 2.5 million dollar particle board plant four miles north of La Grande in eastern Oregon have been announced by the Boise Cascade corporation. B. H. Moser, vice president, said the plant, which is scheduled to go into production during the first half of 1966, will employ about 80 persons and will produce 50 million square feet of particle board annually. He said construction will start immediately following approval of area rezoning by the Union county planning commission.

POCATELLO, April 1 (AP)—The Idaho Restaurant and Beverage Association will hold its 47th annual convention in Pocatello May 16-17, officials announced today. Association officials said prizes will be given to the woman chosen best waitress of the year and awards are offered in a culinary art display.

BOISE, April 1 (AP)—Awarding of a contract for construction of a metal feed storage building at Idaho State Hospital South, in Blackfoot, was reported today by public works Commissioner Arthur Warren. The contract for \$2,450 went to the Goodwin Construction company of Idaho Falls, the low bidder when offers were opened earlier this month. There were three other bidders. Warren also announced the calling of bids, to be opened April 22, on construction of the powerhouse fishway at the Lewiston Power dam in the Clearwater river. The fishway is a project of the Idaho fish and game department.

BOISE, April 1 (AP)—The department of commerce and development reported yesterday that traffic counts at Idaho borders indicate substantial gains in the state's tourism industry. Louise Shadwick, department executive secretary, said the traffic counts, which are used as a barometer in determining the number of tourists, have shown gains in December, January and February.

LEWISTON, April 1 (AP)—The Idaho highway department has denied it pressured Gov. Robert E. Smylie into vetoing a bill raising load limits on logging trucks. The charge was leveled yesterday by Rep. A. L. White, D., Clearwater, who said he was heavily disappointed when Smylie vetoed the measure. He said the bill "was a fair bill and would not have jeopardized either the highways themselves or the federal funds the state receives for highway construction." State highway Engineer Ellis Mathes said the department furnished some factual information to the governor but denied that any influence was used to persuade Smylie to veto the bill.

CALDWELL, April 1 (AP)—A Canyon county coroner's jury has returned a verdict of justifiable homicide in the March 24 shooting death of Donald W. Jensen, 70. Jensen's body was found behind a Caldwell appliance store after store owner Earl Simmons told police he captured a burglar. Simmons testified Jensen broke away and ran. He said Jensen fired at him and he shot back with a 12-gauge shotgun.

WALLACE, April 1 (AP)—American Smelting and Refining company has picked a site for its new "Coeur project" west of Wallace. The company has raised its budget from three million dollars to four million dollars. Harold L. Rice, president of Coeur d'Alene Mines Corporation, said today. The shaft will be sunk in the Silver Belt west of here, on the Rainbow property. In a letter to stockholders, Rice and Justin L. Rice, president of Rainbow Mining and Milling company, Ltd., said "after extensive drilling and testing of rock formations, a location has been selected for the new Coeur shaft and bulldozing and excavating is under way to prepare the site for a surface plant and shaft headframe. A hoist capable of reaching a depth of 5,000 feet has been purchased for use in the new shaft."

IDAHO FALLS, April 1 (AP)—Bonnevill county Prosecuting Attorney Jack Voshell has named arbitrator in a labor-dispute involving the Howard S. Wright company and the Southeast Idaho Building and Trades Council. The dispute, which centers on the firing of a carpenter's steward, resulted in a construction walkout at the national rec-testing station earlier this month. Work resumed, however, after both parties agreed to arbitration.

BLACKFOOT, April 1 (AP)—The farming operation at the State Hospital South may be abandoned, but the final decision may wait until the state health department's August meeting. Bingham Representative Wilbert Cammack, a member of the joint house-senate appropriations committee, said that the committee had sent a letter to the state department of public health recommending that the farming operation at the state hospital be abandoned for economy reasons. Cammack said that the committee had reviewed the budget of the state hospital and the cost of the farm operation during the recent legislative session, and concluded after discussions with state hospital south administrators, that the farm was not a paying proposition and was no benefit to care of patients at the hospital.

BOISE, April 1 (AP)—Robert Caruth, Boise, was announced today as ADSA county coordinator for the drive to repeal the sales tax. Plans for the drive to obtain 25,545 signatures on referendum petitions were outlined at a meeting last night, sponsored by the state anti-sales tax referendum committee. About 100 persons attended the meeting, directed by Dennis Sheehy and Jack Chamberlain, both Weiser.

Salvation Army Youth Meet Set
Capt. Jack Grabie, youth secretary for the Salvation Army Oregon-Southern Idaho division will meet with youth workers in Twin Falls April 9. He will conduct an all-day leadership training conference for youth workers from the division on April 10 in Pocatello. Woman Is Accidentally Shot in Hand

Mrs. Carol Gaster, 281 Addison avenue, was treated and discharged from Twin Falls Clinic hospital Wednesday where she was taken after a .22 caliber pistol discharged, shooting a bullet through her left hand.

According to Twin Falls Police Chief M. Frank Barnett, the gun discharged while Mrs. Gaster was taking it from the top of a refrigerator at her home.

Apparently she had pulled out a bottom drawer and started to climb up to get the gun and a lamp. She put the lamp in her right hand and the gun in her left.

As she started down some items fell and she attempted to grasp all the items the gun apparently was discharged.

The bullet entered her left palm and came out between the ring and center fingers.

Cosmetics Executive Dies in N. Y.

NEW YORK, April 1 (AP)—Mrs. Helena Rubinstein, 94, cosmetics executive, died today.

She had worked at her Fifth avenue office Monday, then became ill and was taken to New York hospital Tuesday night.

She had been in the cosmetics business 63 years. Her firm now is a 100 million dollar annual business.

Her career began by accident in Melbourne, Australia, while she was visiting her uncle's ranch.

The Australian housewives, with faces dried and roughened by the climate, began to borrow the facial cream she had brought with her from her native Poland.

She sent home for more and soon realized that she was spending most of her time advising women on beauty care. So she opened her own salon in Melbourne in 1902. A year and a half later she left Australia with \$100,000 in profits.

She operated salons in London and Paris before coming to New York in 1915.

Miss Rubinstein was married twice. Her first husband was Edward Titus, an American she met in Australia and married in London in 1908. Her only immediate survivor, Roy Titus, board chairman of Helena Rubinstein, Inc., was born of this marriage. The Tituses were divorced in 1932.

Her second husband was Georgian Prince Artchil Gourlelli-Tekhonka, who died the year after their 1937 marriage.

In an interview seven years ago, Miss Rubinstein was asked how she maintained her beauty schedule.

"Keep healthy," she replied. "And always do first the things you most dislike to do. With them out of the way, you then will find you have plenty of time left to do what you want."

Too Loud

KANSAS CITY, Mo., April 1 (AP)—Six firemen were injured slightly yesterday when two fire trucks, both en route to the same fire with sirens blaring, collided at an intersection.

A fire department dispatcher said the trucks, one a hook-and-ladder truck, one a hose truck, were on their "sirens wide open and couldn't hear each other."

House Okays Funds for Water Plans

WASHINGTON, April 1 (AP)—The house has authorized 180 million dollars in 10 years for planning water projects.

The authorization came in a measure passed yesterday by a vote of 383-0. The bill is similar to a measure passed Feb. 25 by the senate.

A senate-house conference committee will be required to resolve differences between them.

The house bill calls for:

- Federal grants of five million dollars annually to states for planning water resource development.
- Six million dollars a year to be used by river basin commissions.
- Creation of a cabinet-level water resources council.

The federal grants would be matched by states to encourage the states to play a major role in planning the use of their water and related land resources.

The river basin commissions would serve as principal agencies for the coordination of federal, state, local and nongovernmental plans.

The council would coordinate river basin plans and maintain a continuing study of water supply requirements and management.

Lincoln Students Attend Play Day

RICHFIELD, April 1—Seventeen Lincoln high school students and 11 Dietrich students attended play day at Idaho State university.

Linda Williams took second place in badminton singles and Marilyn Patterson and Diana Davis placed third in badminton doubles. Mrs. L. T. Sanders was faculty supervisor.

Richfield seniors will accompany the Dietrich seniors to Idaho State university Friday. Janet Plavel, Richfield student body vice president, is a candidate in the queen contest held during the day.

Fiery Object Lights up Sky In Northwest

By The Associated Press
A fiery object—believed to be a meteor—swept across the Pacific Northwest Wednesday night, illuminating the sky from Missoula, Mont., to Yakima, Wash., and as far north as the Canadian border.
The pilot of a commercial airplane over Ephrata, Wash., reported the object made "a bright cockpit" as it swept north-northwest.
A police matron at Lewiston, Ida., reported seeing the bright flash of the object as it moved across the sky at about 9:50 p.m.
The federal aviation agency control tower at Spokane International airport reported seeing the object.
"It was bright enough to back-light the light cloud-cover north of Spokane," a tower operator said. "It only lasted about three or four seconds. I called the other operator to look at the flash—but it was gone before he could get to the window of the tower."
"I would guess it was a meteor... it was bigger than a meteorite."
The U.S. weather bureau at Spokane said the object could have been a meteor or a satellite burning up in the atmosphere.
Other sightings were reported from Harrison, Ida., and Republic and Colville in northeastern Washington.
Highway Patrolman Ted Mason and others saw the flash at Havre, Mont. Residents of the Helena area reported the flash to the U.S. weather bureau. Helena residents saw the flash in western Montana.
Air force radar station near Kalispell and north of Havre said they had no reports on the cause of the flash.

Three Twin Falls Scouters Get Silver Beaver Awards

Three Twin Falls men were presented Wednesday night with the highest honor an area Boy Scout council can bestow upon its members, the Silver Beaver award.
Since 1931 only 68 members of the Snake River area council, Boy Scouts of America, have received the award.
The three men, U. N. Terry, council vice president; Kenneth McNew, council commissioner; and Dr. Vaughn Pond, council president, were presented the award on the basis of their outstanding contribution to the Scouting program through the years. The award is presented to adult Scouters only.
The awards were presented by Dr. Reuben Matson, Jerome, at the 40th annual banquet for Snake River Area Scouting leaders, Silver Beavers and their wives.
The annual report was submitted to the gathering, with the 1965 budget incorporated.

Shopping Tour Highlights Meet

A shopping tour of the vegetable department of Shelby's grocery store highlighted the Tuesday meeting of the Have Fun With Foods 4-H club. The members purchased vegetables suitable for a relish dish. Mrs. Kenneth Marshall, club leader, instructed the members in preparing the vegetables.
The next meeting will be held Tuesday at the home of Carol Greer.

Zing into spring! Corvair by Chevrolet

New Corvair Corsa Convertible and Sport Coupe top Corvair's 7-model lineup for '65—all with Body by Fisher.

The steering's crisper, the ride's flatter, the style's racier — even the grass looks a shade greener from behind the wheel of this new Corvair

You'll find a Corvair Corsa's instrument panel vastly more informative than an ordinary car's. But that's really only a fringe benefit of driving one.
Because for all its finely calibrated instrumentation—tachometer, manifold pressure gauge, even an electric clock with a sweep second hand for rally buffs—the most important thing that happens when you get a Corsa out on the road doesn't register on the dash. It registers on you.
You feel it in the steering—crisp and precise—as you double back on a curve. In the flat riveted-to-the-road stability of the new

fully independent suspension. In the response of the rear engine (up to 180 hp available now in Corsa's Turbo-Charged version).
You don't have to wear a sports car cap and sun goggles to appreciate things like this. Or the clean international cut of Corvair's styling.
Drop down to your dealer's now—while the trading's extra good—and see for yourself. Look over the dashboard gadgetry all you like, but by all means get out on the road where you can really handle the merchandise. We'll guarantee spring will look greener, sun goggles or no.

Area Methodist Circle Lessons Are Presented

WENDELL, April 1 — Circles of the Methodist church met for afternoon lessons, "Spiritual self discipline and the life within." Mrs. Fester Anderson was hostess for the Ruth Robb circle. Mrs. Arthur Byce presented the lesson and devotional service. A discussion on the lesson was held. Mrs. Byce is the April hostess.

The Cella Cowan circle met with Mrs. J. H. Waits. The lesson, prayer and scriptures were presented by Mrs. Ray Tener. Reading with the program were Mrs. Hugh Caldwell, Mrs. Eva Requa, Mrs. Glen Weinberg, Mrs. Grace Urban, Mrs. John Austin and Mrs. Waits.

Mrs. Caldwell displayed handmade articles. Mrs. Edwin Wheeler is hostess for the April meeting.

Area American Legion Observes Anniversary

RICHFIELD, April 1 — Celebration of the American Legion 48th birthday anniversary was marked by the presentation of a surprise gift and a visit from the 4th district auxiliary president, Mrs. Frances Whorton, Hagerman.

The party was held at the American Legion hall in conjunction with the annual Pan American banquet commemorating Costa Rica.

Mrs. Clifford Conner, Richfield auxiliary president, served as mistress of ceremonies. The banquet table featured a two-tiered anniversary cake decked with American flags and the American Legion poppy.

Food specialties, originating in Costa Rica, highlighted the banquet. Ceramic donkey carts filled with flowers centered the tables. Mrs. Ray Appell and Mrs. Johansen were hostesses.

Surprise feature of the anniversary party was the presentation of a birch wood podium for the American Legion hall from Mr. and Mrs. Frances Bergin, Shoshone.

Special guests were Mr. and Mrs. Bergin, Mr. and Mrs. Ernest Billiard, Hagerman, and Mrs. Whorton.

Separate meetings for the men and women's groups were held, with Mrs. Whorton reporting to the auxiliary on her project.

The 4th district meeting is set for 2 p.m. Tuesday at Shoshone. An evening banquet will be held at the Manhattan cafe.

Scholarship To Be Presented

FAIRFIELD, April 1 — The Camas club voted to award a \$100 scholarship to the salutatorian of the 1965 graduating class of Camas County high school. The award is to be used at the college of their choice. The third highest in the class will serve as alternate.

A \$25 donation was sent to the Idaho Youth ranch, Rupert. Donations were made to the Easter Seal and Cancer funds. Mrs. Estelle Vaught, Mrs. Thomas Sanford and Mrs. Herbert Gormley were named to the nominating committee.

Hostesses were Mrs. Glenn Miller, Mrs. Everett Trader, Mrs. Charles Dickinson, Mrs. Marion Kerns, Mrs. Pauline Merrill and Mrs. LeRoy Trader. The tables were decorated in a St. Patrick's day theme, featuring green plastic ponpons. Each guest received a favor.

Meeting Set

SHOSHONE, April 1 — Episcopal churchwomen will meet at 2 p.m. Tuesday at the home of Mrs. Howard Hill, north Shoshone. This meeting, date has been changed due to Holy week.

Mrs. Dale Vandegriff, district UTO chairman, will be the speaker.

Episcopal churchwomen from Calvary church, Jerome, will be guests.

Visit Beautiful Sunset Memorial Park

Spring is Coming On Fast . . .

Not weeks but days will bring the bursting of buds and the annual awakening of life and loveliness in our Park.

One of our most attractive features is the sculptured beauty of the bronze memorials that mark the graves and adorn the family plots.

We are trying to see each family that has an unmarked grave before the April 17 deadline for installation before Memorial Day. Possibly you may wish to make a selection now.

A selection need not cause you much expense. We have styles, sizes, designs and prices to suit your taste and fit your purse. A call to 733-5743 will bring those designs to your living room. If some other member of the family should be interviewed, won't you call and tell us?

The pride and satisfaction that comes to you from a suitable memorial on the grave of a loved one exceeds many lesser daily gratifications. Let us serve you.

Sub-District Meeting Held In Hagerman

HAGERMAN, April 1 — Methodist youth fellowship members from Gooding, Richfield, Jerome, Wendell and Glenns Ferry were guests of the Hagerman MYP unit for the Wood River MYP sub-district meeting.

Gooding members gave the opening worship. Officers were elected: David Hargreaves, Wendell, is president; Kristi Greenawald, Gooding, vice president; Marilyn Adams, Hagerman, secretary; Donald Nicholson, Jerome, treasurer; Barbara Adams, Hagerman, faith and witness chairman; Sharon Hansen, Gooding, fellowship and citizenship chairman; and Charles Correll, Jerome, outreach chairman.

Officers were installed in a candlelight ceremony, with the Hagerman MYP members in charge. Sam Rodriguez, Wendell, and the Rev. Warren McConnell, Gooding, sub-district counselor, were installing officers.

Frazier King, Burley, conference president, spoke on the conference work and the Purdue convocation of youth that he attended last summer.

Women of the Hagerman Woman's Society of Christian Service served a fried chicken dinner to the group in the church parlors. The Rev. Ralph Rothergill, Jerome, gave the invocation. Other ministers present were the Rev. E. V. Hargreaves, Wendell; Hagerman, and the Rev. Grace Weaver, Glenns Ferry.

Jokes were told by William Jones and talks were given by Reggie Teeter and Trent Stevens. The gymnasium was decorated in blue, gold, white and silver, with a large fountain in the center of the room.

Nancy Wickel was chairman of the program and publicity committee; Vickie Whiting and Linda Teeter, decorating committee, and Giner Hutchison, refreshment committee. Ernest Jensen's orchestra, Ordien, provided the dance music.

Raft River Has Junior Prom

MALTA, April 1 — "Three coins in a fountain" was the theme of the Junior prom held at the Raft River high school gymnasium.

The theme song was sung by Barbara Ward, Verma Tracy and Marilyn Beecher, accompanied by Debra Beecher. Cheryl Nelson presented a special dance number.

Jokes were told by William Jones and talks were given by Reggie Teeter and Trent Stevens. The gymnasium was decorated in blue, gold, white and silver, with a large fountain in the center of the room.

MILNER, April 1 — Mr. and Mrs. Edwin Brune entertained relatives at a pinochle party at their home. Mrs. Farnum Warr and Raymond Myerhoff won high prizes. Other prizes were won by Raymond Myerhoff, Alvin Myerhoff and Mr. and Mrs. J. E. Neumann.

EASTER BONNETS are as traditional as the Easter basket on the special Sunday in spring. Flowers are still in the fashion picture but this time are combined with straw and fabric as in the bonnet, upper left, decked with sprigs of bava. Another version of the bonnet, upper right, is in two-toned green straw with scallop details at the sides. These are by Lilly Dache. The double hat, new this spring, combines a straw brim over the fabric cap. Tiny sailor, lower left, is in natural straw. These are by Hatlie Carnegie designs.

Easter Bonnets Make Comeback This Season

By HELEN HENNESSY
NEW YORK, April 1 (NEA) — It has been a long time since the Easter bonnet has played its traditional role to the fullest extent. But this year it comes back into its own.

Current hairdos can cope with imprisonment and come alive again with the flick of a hairbrush. And so it's expected that hats will be as much a part of the Easter scene as they were before the teasing comb became the most important item on the dressing table.

The perennial flower hat has a dash of difference this time. Often combined with straw or fabric, flower hats follow the new kerchief and snood shapes rather than the pillbox of old.

There will be lots of straw braided and combinations of braided and sheer fabric to create an airy look.

Toggles and head-hugging turbans in silks, crepes and cottons will have fashion interest at the back of the hat.

Brims will be big in both popularity and size. Level brims, suggestive of the planter's hat, will beautifully accessorize skip-inny coats. Sloping coolie hats will highlight slim dress ensembles.

And over-sized bretons and other flattering upturned brims will make ideal suit hats on a sunny April Easter.

Among some of the newest shades on the avenue will be apricot, salmon, pink (both pale and vivid) and taupe.

Hats are young, soft and pretty.

Book Reviewed

DECLO, April 1 — Mrs. Robert Mead reviewed the book, "My Shadow Ran Fast," by Bill Sands, when the Declo Book Lore group met at her home.

The story depicted the life of the author, during years of hopelessness and imprisonment. Later in life new hope inspired him to write of his life.

Mrs. David Peterwon is hostess for the April meeting.

Article Read At Hazelton Women's Meet

HAZELTON, April 1 — An article by Shanti Solomon, founder of the Fellowship of the least coin, comparing it to the Biblical portrayal of the woman at the well, was read when the Hazelton United Presbyterian Women met at the home of Mrs. Walter Schouse.

Mrs. Olga Reiman presented the article and reported on the finances of the local fellowship. Mrs. Clark Brooks reported on another article on the same subject.

Plans were completed for the joint meeting with the young fellowship group honoring church family night.

Mrs. Pearl Raime conducted the worship service, assisted by Mrs. Alma Reiman. The lesson was "Life of freedom."

Discussion was held on the spring Presbyterian set for Tuesday at Idaho Falls.

Next meeting will be April 14 at the home of Mrs. Evelyn Mauley.

Conference Recording Is Heard at Meet

KING HILL, April 1.—Members of the King Hill United Presbyterian Women's association listened to a recording of the National United Presbyterian Women's conference when they met at the home of Mrs. Gerald Bybee, Glenns Ferry. Mrs. Charles Finlayson, who was the delegate to the conference at Purdue, Ind., presented the recording.

Mrs. Finlayson was in charge of the devotional lesson. "Free to Love Others," she read a letter from Mrs. Maria Ramos, a missionary in Portugal. Mrs. R. I. Barnes, president, announced the Presbyterian will hold Tuesday at Homedale. Each member attending is asked to take a sack lunch. The meeting is slated to begin at 9:30 a.m. A film, "King of Kings," will be shown at 8 p.m. April 18 at the King Hill church.

Mrs. Barnes appointed Mrs. Finlayson as the 1965 historian. A report on the World Day of Prayer ceremony was presented and members gave a vote of thanks to Mrs. Karl Carnahan and Mrs. Gerald Bybee who was in charge of the World Day of Prayer program.

Mrs. Martin Woodward reported on the sewing project and urges members to donate money or give the articles needed for the sewing project. Mrs. Woodward announced that May 15 is the deadline for the clothing drive.

Mrs. Robert Elvidge read a letter from Mrs. Greer reported on the reading books and the books that are available. Mrs. Marie Lawson reported on the Prayer chain that is being circulated among members.

Mrs. Woodward gave a talk on the least coin program, and used "Women of Ghana Africa" as her topic.

MR. AND MRS. JAMES O. TURNEY (Sherrod photo)

Anna Sherrod, Turney Recite Nuptial Vows

BURLEY, April 1—Anna Marie Sherrod, daughter of Mr. and Mrs. Fred Sherrod, and James O. Turney, son of Mr. and Mrs. Lee Turney, all Burley, were united in marriage March 19 at the Burley First Methodist church.

The background setting was formed with beauty baskets of pink chrysanthemums and white stock. The Rev. Paul L. Ludwig performed the double ring evening ceremony.

The bride, given in marriage by her father, wore a floor-length satin sheath gown with alencon lace appliques on the skirt. The alencon lace jacket featured long sleeves and satin covered buttons in back.

Her shoulder-length veil of illusion was held by a crown of seed pearls. Her jewelry was a silver cameo necklace given to her by the bridegroom. She carried a handkerchief belonging to Diana Malloy, wore a blue garter and had two pennies in her shoe.

She carried an array of pink baby shoes surrounded by white split carnations and lilies of the valley adorned with white satin streamers.

The bride's attendants were Mary Lou Sherrod, twin sister of the bride, maid of honor, and Pat Sherrod and Trudy Jane Sherrod, both sisters of the bride, bridesmaids. They wore identical pink creme-puff gowns styled with fitted bodices and soft pleated skirts. Each carried a cascade bouquet of large pink chrysanthemums surrounded by pink ribbon.

Shelly Priest, niece of the bridegroom, was flower girl. She was dressed in a pink chiffon. Richard O. Thompson was best man. Ushers were Lavere Lee and Gary Mahrt. Ricky Priest, nephew of the bridegroom, was ringbearer.

Mrs. Dorothy Uscola played the traditional wedding music and accompanied Al Thaxton, soloist.

The bride's mother was attired in a wedgewood blue lace and chiffon dress. The bridegroom's mother selected a pink lace ensemble. Each wore a corsage of baby pink roses and white split carnations.

The newlyweds greeted guests at a reception held in the recreation hall following the ceremony. The bride's table was covered with a lace cloth over pink and centered with a three-tiered wedding cake. The cake featured touches of pink roses and pink wedding bells and tulle adorned the top. A rosebowl containing a pink chrysanthemum flanked the wedding cake.

Mrs. Raymond Priest, sister of the bridegroom, cut and served the wedding cake. Mrs. Elda Harding poured the coffee and Mrs. Jane Ellis, cousin of the bridegroom, presided at the punch bowl.

Gifts were displayed by Cecilia Jones and Margaret Kirchner. Diana Malloy registered the guests.

The bride chose an off-white lined lace dress with pink accessories and the rose corsage from her wedding bouquet for her trousseau ensemble. The newlyweds will reside in Burley.

The bride is a senior at Burley high school. The bridegroom is a 1961 graduate of Burley high school. He is employed at Amalgamated Sugar company, Paul. A pre-nuptial shower honoring the bride was given by Launa Harding.

Former T. F. Residents Wed In Oregon

PORTLAND, Ore., April 1—Mary Jo DeAtley, daughter of Mr. and Mrs. A. E. DeAtley, Yakima, Wash., and Glenn E. Noble, son of Mr. and Mrs. A. R. Bravender, Portland, all former Twin Falls residents, were married March 20 in the Christian church, Hillsboro, Ore.

The Rev. Hubert E. Sins performed the ceremony. Baskets of white gladioli and stephanotis decorated the church, and candelabra banked the altar.

The bride, given in marriage by her father, wore a gown of fustian with a full train of imported meditation lace. Her illusion veil was held by a self-designed rose of satin and lace accented with seed pearls. She carried white rosebuds and stephanotis.

Mrs. Robert Hilton, Portland, was matron of honor. Bridesmaids were Mrs. Lee Cumpston, Portland, and Mrs. Al DeAtley, sister-in-law of the bride. They wore gowns of blue green and apple green brocade with apple green green cummerbunds and carried single long-stemmed white roses with blue streamers.

Patti Prusak and Peggy Prusak were candlelighters. They wore full-length apple green gowns, as did Janet DeAtley, flower girl, niece of the bride.

Michael Newell was best man. Ushers were Lee DeAtley, Orinda, Calif., and Al DeAtley, Yakima, brothers of the bride, and Thomas Barnwell, Keith Rislove and Ted Antonsen, all Portland.

The bride's mother wore a peach-colored silk linen dress enhanced with a corsage of green orchids. The bridegroom's mother wore a dress of rose crepe and lace accented with pink orchids.

Mrs. Lee DeAtley was reception hostess. The bride attended Yakima Valley college and was graduated from Western Washington college of education. She received a master degree from the University of California and has attended the University of Hawaii.

Noble attended Portland university and was graduated from Oregon State university. He has completed graduate work at Lewis and Clark college, Portland. Both are teaching in Portland public schools.

Magic Valley Favorites

MRS. LUCIEN LAFERRIERE
264 Wisconsin Avenue, Twin Falls

Boston Baked Beans
Soak two cups Idaho red Mexican beans or Idaho pinto beans in cold water overnight. Drain and put into bean pot.

2 cups boiling water
Add this mixture to the beans. Add one-half pound lean salt pork or ham cut into pieces. Cover and bake at 300 degrees for about six hours. Add more water when necessary. Uncover last 30 minutes to brown the beans. Two or three onions may be added buried in beans for extra flavor. Serves eight.

2 teaspoons salt
1/2 cup molasses

2 tablespoons brown sugar
1/2 teaspoon mustard
1/2 teaspoon pepper

(Note: If there is not time to soak beans overnight one can use this method. Rinse and sort beans, add to cold water. Bring to a boil and simmer for two minutes. Remove from heat, cover and let stand for one hour. Soak beans in water in which one-fourth teaspoon soda has been added to reduce flatulence.)

(The Times-News will pay \$5 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page editor. The recipe becomes the property of the Times-News and cannot be returned.)

Youngsters Get Chance to Trade and Sell Items Through Classified Ads

Want to trade your comic books, sell your dog or get a summer job? Young people between the ages of 8 and 18 have been invited by the Times-News classified advertising department to send in their ads to be run free of charge from Sunday through April 11.

For the third year the Times-News offers this service in observance of National Want Ad week. The ads will be run all week long.

"Kids Classified Korner" runs the ads as the children submit them. Last year most of the 90 ads used consisted of job inquiries.

One boy said, "I am an LDS Scout, 14, need money for Scout jamboree. Will do odd jobs, yard work, etc."

A young girl said, "I want my kitty found. He's big, black with a white spot on neck. I'm lonely."

"A bay boy pony, slow, gentle, two years old, star on his head, medium size" was offered for sale by a Bull girl.

An enterprising child from Jerome said, "White dog, part collie, nice farm dog. Someone dumped it here. If wanted, I will sell it for 50 cents."

Other advertisements ranged in content from trading roller skates for "a workable pogo stick" to selling "various colored Easter bunnies."

The classified advertising department reminds the children to get their ads in soon so they can be run for the full week. They not only help the children with their problems—but make interesting reading for the older set.

WRITING A CLASSIFIED advertisement requires quite a bit of concentration, according to Gary Miller, 8, son of Mr. and Mrs. Kenneth Miller, 1816 San LaRue avenue. Gary is trying to write a catchy ad to sell his pellet gun in the "Kids Classified Korner," which will run Sunday through April 11. (Times-News photo)

Wall Street Chatter

NEW YORK, April 1 (UPI) — Wright Investors' service says that although it still advises a policy of selective profit-taking it does not believe a major bear market is yet imminent.

The firm says it expects at least one interim price reaction of about ten per cent, but would regard this as an opportunity for selective new commitments rather than the beginning of an across the board collapse. Stanley Heller and company says that it would consider any further weakness in prices as a buying opportunity in view of the sound fundamental and technical condition.

Bache and company says current price weakness may be used for bargain hunting for long term, fundamentally attractive issues.

Newton D. Zinder of E. F. Hutton and company, Inc., says there seems reason to believe that the current decline may be close to an end, providing the market is not hit with a dose of bad news.

Who Are These UNITARIANS AND UNIVERSALISTS?

Unitarians and Universalists believe the striving to live nobly and constructively more important than the accepting of religious creeds.

Unitarians and Universalists are convinced that religious truth cannot be contrary to truth from any other source.

Unitarians and Universalists offer a religious program for children and adults of all cultures, with reason as our guide, and service as our aim.

They further believe that "the great end in religious education is not to stamp our minds irresistibly on the young but to stir up their own."

What is Extra Measure Service? It's a term we use to designate the extra benefits you'll find at the United States Steel Farm Service Center.

To build our E.M.S. program, we start with people who have the ability and desire to serve the farmer. This is backed with United States Steel research and a vast pool of agricultural talent. The most modern equipment and facilities are included as a necessary ingredient. We add special services, emphasize attention to details, insist on products of quality, and work conscientiously and skillfully to plan a soil fertility program just for you. Our approach is augmented by maximum integrity and a tradition of providing personal assistance. The result is E.M.S. Here are some specifics of Extra Measure Service:

The most modern equipment available

Latest bulk spreader trucks.

Efficient pull-type spreaders.

Specially-designed bulk bins for farmers in use.

New anhydrous ammonia tanks and 3-point field applicators, large trail applicators.

Plus our own special features.

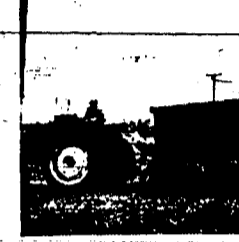

A mixer that STIRRES nutrients so thoroughly that a farmer gets a perfect mix every time — and in 5 minutes.

Low-pressure tires on spreading equipment that greatly reduce undesirable soil compaction.

Radio-dispatched service featuring direct communications between plant and field.

Pull-type spreaders that have electric brakes and lights for extra safety on highways.

Plus attention to detail.

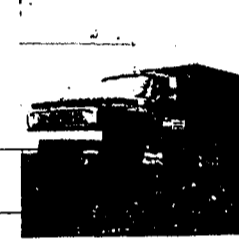

Bulk fertilizers are weighed in the mixer for greater accuracy.

Anhydrous ammonia tanks are weighed in the field — before and after every application; the farmer knows exactly what he is getting.

Spreaders on bulk applicators are checked before every use with tachometers.

Spreaders are calibrated before every application.

Plus distinctive services.

Irrigation application of fertilizer supervised by experts. (An indicator chemical is added to the water so you can see where fertilizer is applied.)

An aerial photograph of your farm in use at our Farm Service Center — an invaluable aid in tailoring a fertilization program for you.

Tissue testing to check plant in nutrient deficiencies.

Soil samples taken from your fields in a professional, careful manner to assure reliable results.

Plus "Program That Pays" planning.

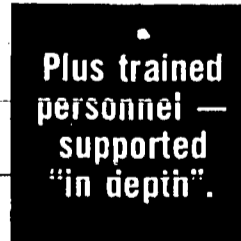

Soil Fertility Specialists take pride in planning a fertilization program that will give you the greatest return — never too much, never too little.

Plus research.

Our approach is supported by extensive research.

Plus trained personnel — supported "in depth".

United States Steel Applied Research

Soil Fertility Specialists are carefully selected.

Our people are put through a rigorous training program that is updated every month.

The team of Soil Fertility Specialists at each Farm Service Center is backed by U.S. Steel agronomists, chemical engineers, researchers. In fact, a vast pool of scientists is available to help bring you E.M.S.

Extra Measure Service

The items listed above are some of the reasons that enable us to say that at United States Steel Farm Service Centers you get EXTRA MEASURE SERVICE. But there are other reasons and one of

the most important is attitude. At United States Steel Farm Service Centers there is a tradition of going far beyond routine assistance to provide an extra measure of cooperation and help. No sale is as important as our reputation, no profit worthy of anything less than our very best. This is the heart of E.M.S. As a result, you'll find we have a sim-

ple interest in your problems, in your land, in your goals. And out of this personal interest comes the Extra Measure Service that will help you get a greater return from your land and your labor. Extra Measure Service — learn about it, benefit from it at your United States Steel Farm Service Center.

House to Vote Next Week On Medicare

WASHINGTON, April 1 (AP) — The house rules committee decided yesterday to vote next Tuesday on clearing President Johnson's health care program to the floor for final debate.

House leaders immediately made plans to roll up the bill in the house next Wednesday, with a final vote on passage expected Thursday or Friday.

The rules committee will hear testimony on the bill Monday and Tuesday, and vote at the close of Tuesday's session.

The bill, a liberalized version of one sought by Democratic administrations for years, would provide hospital care under social security for persons over 65. It also would include a voluntary insurance program to cover doctor bills and a seven per cent increase in retirement benefits.

Ways and Means action, taken at a closed session, came after GOP members of the group charged in a minority report that the medical care program would cripple the Social Security system by loading it with a huge debt.

The Republicans also claimed the insurance program was inadequate because it did not cover all prescribed drugs or provide for financing care during long illnesses.

The eight Republicans who voted against the program in committee aimed their heaviest criticism at the social security financing aspects of the plan.

They claimed that a GOP alternative proposal — a voluntary plan to provide hospital and medical insurance for the elderly — would do a better job at less cost.

Their report said the administration plan would impose on today's workers a 35 billion dollar liability for hospitalization benefits for persons over 65.

It also attacked the proposed increase in social security taxes to finance the hospital insurance program. The report said the concept that a worker "repays" his medical insurance premium to provide for his old age is a "myth."

Two Ranches Are Sold for 2.3 Million

RENO, April 1 (AP) — Owners of the Nevada Nile ranch near Lovelock and the Towle ranch near Fernley in western Nevada have sold the combined 12,000 acres for a total of 2.3 million dollars.

Title to the two ranches had been held by Norman Blitz, Reno, the John Mueller estate, the Ed Walts estate, John Blum and Thomas W. Dant, Denver.

Blitz said the sales were made to settle the Walts and Mueller estates.

The 8,000-acre ranch near Lovelock was sold for 1.8 million dollars to Nevada Nile Farms, Inc., Blitz said.

The Towle ranch was sold for \$500,000 to Mr. and Mrs. Frank Ghilla, Santa Barbara.

Blitz said the Ghillas "are planning quite extensive improvements" on the ranchland used for large crops of carrots, onions and potatoes.

Launching of Nuclear Power Plant Delayed

VANDENBERG AIR FORCE BASE, Calif., April 1 (AP) — The initial test launching of SNAP-10A, the world's first nuclear power plant for space vehicles, was delayed yesterday for at least 24 hours until Friday.

The air force had planned to send aloft the compact atomic power system, and an ion rocket engine conceived for future space journeys to Mars and beyond, today.

The atomic energy commission, cooperating in the project, said minor technical difficulties forced the delay. The problems were not related to the nuclear portion of the project.

Italian "Oscars" Are Presented

ROME, April 1 (AP) — Claudia Cardinale was awarded the Silver Ribbon prize as the best Italian actress of the year here last night.

The award—the Italian equivalent of the Oscar—went to her for her role in "La Ragazza Di Bube" (Bube's Girl).

Stanley Kubrick won the Silver Ribbon as the director of the best foreign film, "Dr. Strangelove."

LORA QUIGLEY ... has received a \$1,000 scholarship to Linfield college, McMinnville, Ore. She is the daughter of Mr. and Mrs. Ray Quigley, Buhl, and will be graduated from the Buhl high school where she is president of the Girls' league.

Girl at Buhl Gets Award

BUHL, April 1—Lora Quigley, daughter of Mr. and Mrs. Ray Quigley, Buhl, is the recipient of a \$1,000 scholarship grant to Linfield college, McMinnville, Ore.

The Buhl high school senior is president of the Buhl high school Girls league, is a member of the National Honor society, and holds a letter of commendation from the National Merit Scholarship program.

Miss Quigley has been chosen as the friendliest girl for the senior class; was selected as the girl of the month for January by the Business and Professional Women's club.

She participated in declamation last year, was sophomore class secretary, was homecoming princess for two years. She's been active and held office in Spanish club and is a member of the Pep club, and sings in a trio in the high school exchange assembly.

She is active in the First Christian church youth group, sings with a trio, and is pianist for the Sunday school junior department.

Miss Quigley plans to major in languages when she enrolls this fall at Linfield college.

Tokens

CARSON CITY, Nev., April 1 (AP) — A bill to allow tokens to be used in Nevada slot machines has passed the assembly and today is on Gov. Grant Sawyer's desk.

The measure is designed to meet the current coin shortage—especially of silver dollars—by allowing casinos to manufacture their own tokens subject to gaming commission approval.

Business Mirror NEW YORK, April 1 (U)—Bigger and better—these are the answers you get when you ask: How's business?

Today's economic upswing enters its 50th month. It continues upward in a big way.

But you can't call church bonds really similar to U.S. treasury notes.

That issue of five per cent treasury notes was an unusual situation.

Sun Valley Hosts Western States Junior Ski Meet

SUN VALLEY, April 1—Teams from nine western states will compete here Friday and Saturday in the western states junior team championships. The race, formerly known as the American Legion western states junior championships, has helped produce such stand-out racers as Bud Werner, Jim Heuga and Jean Saubert. Teams have been entered from California, Colorado, Idaho, Montana, Nevada, Utah, Washington and Wyoming. New Mexico will have a boys team only.

The downhill is scheduled for Friday with the boys starting at 10 a.m. from the Gold Sun gate at the Roundhouse on a course down Olympic. The girls race the same course from a start at the Roundhouse.

The downhill will be held on Round Mountain Saturday, beginning at 9:30 a.m. Two courses have been set for the boys by Sun Valley ski instructor Lennie Erhardt and one for the girls by instructor Raymond Worzinger. Both are accomplished athletes at course setting.

Skilling on the Idaho girls team are Pat Street, Ketchum; Patty Boydston, McCall; Cindy Piske, Boise, and alternate Ann Dorris, McCall. On the boys team are Ronnie Bell, John Sabala, Bruce Hammond, Mike Simpson and alternate Craig Fenwick, all from Ketchum.

Butch Harper is serving as girls coach while Jack Simpson is in charge of the boys team.

ROBBY BELL

JOHN SABALA

BRUCE HAMMOND

... all from Ketchum, will be carrying most of Idaho's hopes in the Western States junior ski championships Friday and Saturday at Sun Valley. The Ketchum team, coached by Jack Simpson, will be pitted against the best from nine states in the downhill Friday and slalom Saturday. The fourth member of the team, not pictured, is Mike Simpson, while Craig Fenwick is the alternate. All are from Ketchum.

Faloney Asking \$200,000 Pact

TORONTO, April 1 (AP)—Bernie Faloney, former quarterback at the University of Maryland, is reported asking more than \$200,000 in a three-year contract to continue playing football with the Montreal Alouettes.

The Globe and Mail said Wednesday that Faloney had asked to be traded to the Toronto Argonauts if the conditions couldn't be met.

Faloney, 32, now a Canadian citizen with interests in Hamilton, was traded to Montreal by Hamilton during the winter in a deal involving eight players.

Hoelt Says Braves Didn't Want to Win

LAKELAND, Fla., April 1 (AP)—Former Milwaukee southpaw Billy Hoelt said Wednesday the Braves didn't want to win the National League pennant last year because the team was moving to Atlanta.

Braves Manager Bobby Bragan, told of the accusation, replied, "Really, his accusations are so silly they don't deserve to be dignified by a denial."

"How do you move a team that wins a pennant?" said Hoelt, now with the Detroit Tigers. "They just didn't want to win the pennant."

Hoelt, a native of Oshkosh, Wis., was cut loose by the Braves at the end of the season. Milwaukee finished fifth last year, five games out of first place.

Hoelt, referring to Bragan, said, "It was demoralizing the way he made line-up changes. Our guys never knew when they were playing. And when they did play, they never knew where they'd hit in the line-up or where they'd play in the field."

"We had to know how to play 13 positions," Hoelt said. "If you were in a slump, Bragan kept playing you. But once you started hitting, he took you out."

"The guys got fed off because he did things like putting Lee Maye on third base and Hank Aaron on second. All we needed was to have Aaron spiked," Hoelt said.

Hoelt also criticized Bragan's starting of rookie pitchers Clay Carroll and Dan Schneider in a Labor Day doubleheader against the Chicago Cubs.

"Fortunately, we won both games but neither pitcher lasted more than two or three innings," said Hoelt. "Why would Bragan do something like that? We weren't too far out of first place and still had a month to go."

Informed of Hoelt's charges, Bragan said, "It looks like he's been reading Warren Spahn's copy. Spahn's been saying the same thing all spring."

"I don't see Hoelt's logic at all," Bragan said. "If we were going to Atlanta this year, I'd love to go as a champion instead of a fifth-place ball club."

Moyer Favored To Beat Lester

SAN FRANCISCO, April 1 (AP)—Further junior middleweight champion Denny Moyer moves into a familiar situation Friday night against undefeated hometown slugger Jimmy Lester in a 10-round bout at Kezar Pavilion.

The 23-year-old Moyer, Portland, is favored to end Lester's 15-fight perfect record that includes 12 knockouts.

Yanks Snap Loss Streak, Sox' Winning Streak Ends

By The Associated Press
The Chicago White Sox lost their five-game winning streak Wednesday while the New York Yankees escaped their four-game losing streak.

Houston defeated the White Sox 4-1 behind the three-hit pitching of Ken Johnson and Larry Dierker. The Yankees stopped Kansas City 6-3 despite five errors, two by left fielder Mickey Mantle.

Johnson pitched five perfect innings before giving up three runs and Chicago's only run in the sixth. Dierker hurled two less balls for the final two innings. Rusty Staub hit a two-run homer in the fourth.

The Yankees came from behind with four runs in the sixth. The last three coming on Tony Kubek's homerun. One of Mantle's errors cost a run in the third.

Tommy Davis and Maury Wills each rapped two hits in the Angeles Dodgers' 7-3 victory over St. Louis. Davis also drove in two runs while raising his spring average to .424. Wills increased his to .488.

Minnesota knocked off Baltimore 5-1 as Harmon Killebrew hammered his first homer of the exhibition baseball season. The homer was a three-run blast in the sixth.

Suit Is Settled Out of Court

DETROIT, April 1 (AP)—The \$5 million dollar libel and breach of contract suit against Fred Zellner, owner of the Detroit Pistons, has been settled out of court for \$255,000. It was announced today.

An end of the seven-week trial of the suit brought by W. Nicholas Kerby, former general manager of the National Basketball Association club, was announced after attorneys for both sides met with Federal Judge Ralph M. Freeman.

The Detroit News said it had learned the settlement included \$105,000 for the slander charge and an agreement to pay Kerby \$15,000 a year for 10 years.

Cepeda Can Only Improve After Debut

PHOENIX, Ariz., April 1 (AP)—Orlando Cepeda, slowly rounding his shape for the coming baseball season, can't help but improve his Cactus league debut at plate and field.

Because his right knee hasn't healed quickly enough after an off-season operation, the San Francisco Giant first baseman has been in the dugout most of the exhibition season.

Cepeda struck out in his first plate appearance Tuesday as a pinch hitter.

In his second appearance on Wednesday, he hit into a double play as a pinch-hitter in the eighth inning against the Boston Red Sox. But this didn't stop the exhibition win over their 12th opponent in 13 games, this time 6-3 at Scottsdale, Ariz.

Cepeda then told manager Herman Franks that he was ready to man the bag for the first time this year. And in the ninth inning, Cepeda dropped a routine throw from second baseman Hal Lanier.

Cepeda hopes to get in a substantial amount of playing time this week-end against the Los Angeles Angels in a two-game series at Palm Springs, Calif.

Clemente Signs With Pirates

PITTSBURGH, April 1 (AP)—Roberto Clemente, recovering from a fever but still underweight, has signed a contract with the Pittsburgh Pirates, the baseball club said Wednesday.

How much the outfielder received was not disclosed, but general manager Joe L. Brown said: "We consider Clemente to be one of the truly great players in all of baseball and his salary is commensurate with his ability to perform."

Clemente was hospitalized recently with a malaria-type fever. He lost about 30 pounds but has since regained part of it. He reported to the club Saturday.

Torres Wants Fights With Two Heavyweights and Giardello

NEW YORK, April 1—Jose Torres, boxing's newest Golden Boy, called himself "a great fighter" Wednesday and challenged heavyweight champion Cassius Clay, middleweight king Joey Giardello and former heavyweight ruler Floyd Patterson. "I would like to fight Muhammad Ali (Clay), Giardello and Patterson in that order," said the cocky, newly crowned light heavyweight champion who dethroned Willie Pastrano on a ninth-round technical knockout Tuesday night.

T.F. Club to Host Judo Tournament

The Twin Falls Judo club will sponsor a Southern Idaho invitational Judo tournament at the Robert Stuart junior high gymnasium beginning at 1:00 p.m. April 10.

Under the instruction of Guy Matsuoaka, the local Y Judo club has made tremendous progress in the past two years since its beginning in March, 1963. Several members have participated in A.A.U. tournaments in the Intermountain area. Some have won top honors in these meets.

Al Benkula won the grand champion award at the tournament held in Boise on March 27. Competition for the Invitational will meet on April 10 and will be in three classes: Junior, ages 13 to 18, and senior, 17 years and older.

Trophies will be awarded for winners and runner-ups in each class, to team champions, and for the grand champion and runner-ups in each class, to team champions, and for the grand champion and runner-up of the Judo clubs participating in the meet.

Include the Ontario Judo club, the Treasure Valley Community College, College of Idaho, Valley Judo club, Capital Home club of Boise, Mountain Home air force base Judo club, Idaho State "U" Judo club, and the Twin Falls YMCA Judo club.

Tickets may be purchased at the YMCA-YWCA, 1751 Elizabeth boulevard or from members of the Judo club. Tickets will be available at the door also.

Strike Closes Yonkers Raceway

YONKERS, N. Y., April 1 (AP)—The mutual windows remained closed and trotting stalls munched oats in their stalls Wednesday night at the strike-bound Yonkers raceway.

No agreement was reached in a bargaining session between the track management and clerks belonging to the Local 32-E, Building Service Employees Union.

The clerks, who man the betting windows, want a raise of \$1 a night for this year, with an increase of \$1 a night each of the next two years. The management has agreed to \$1 raises the second and third years, but not this year. Their pay now averages from \$24 to \$52 a night.

Clay Scorns Torres' Bid For Match

MIAMI, April 1 (AP)—Heavyweight champion Cassius Clay laughed at the idea Wednesday of fighting the new light heavyweight king, Jose Torres.

"I heard him say something about the heavyweights on color TV last night," said Clay. "But I didn't think he was serious. I'd fight him if the public demanded it, but do you think it would? No, it would be no match, and no one would pay to see it."

Torres had just won the heavyweight championship from Willie Pastrano in New York Tuesday night when he said he would like to challenge Clay.

Torres is 20 years old and Clay, who is training here for his May 23 rematch with Larry Liston at Boston, "has just talking."

Torres weighed 171 1/2 pounds in handling Pastrano such a bloody beating that the onetime boxing master probably will quit the ring.

Could Torres make the middleweight limit of 160 pounds, "I can make it easy and strong," the 28-year-old Puerto Rican-born New Yorker said. "I can fight at 175 as a light heavyweight and at 182 as a heavy and be fast and strong."

There is nothing lined up for him at present, except a two-week vacation in Puerto Rico and another two-week holiday in Mexico.

Welterweight king Emile Griffith, who trounced Cuban Jose Stabile in the first half of the championship doubleheader at Madison Square garden, said he would like to fight Giardello for the middleweight title.

"That's my dream," said the Virgin Islands native. "I've defended against all the top men in my division. I don't duck anyone."

Asked about Texan Manuel Gonzalez, who won a disputed decision over the champion in Houston last Jan. 27, the dapper 27-year-old New Yorker said: "I'd be happy to fight him for the title. Like I said, I don't duck anyone."

The first championship doubleheader ever in the Garden drew a crowd of 18,112 and a garden record gate of \$239,555 to continue the boxing boom here.

To keep the momentum going, matchmaker Teddy Brenner said he was hoping to sign Patterson and Canadian heavyweight king

NFL Slate Pits Contenders Early

NEW YORK, April 1 (AP)—Early-season meetings between last year's divisional champions and the leading contenders feature the 1965 National Football league schedule announced Thursday.

The league's 6th season of open Sunday, Sept. 19, will be Baltimore Colts meeting the Minnesota Vikings in one of seven games. The Colts won the Western conference title last year while Minnesota tied Green Bay for second in that division.

A week later Baltimore plays the Cleveland Browns, Eastern conference and league champions, meet the runner-up St. Louis Cardinals.

George Chuvalo for a rematch at the garden May 10 or if Patterson whipped Chuvalo 21-1 thriller that pulled a stadium crowd of 19,100 and \$18,423 at the garden Feb. 1.

"I think we will make it," said Brenner. "Patterson turned on Argentine Gregorio Perilla. He said he wanted Chuvalo. Chuvalo wants Patterson. Now we've got to sign them."

76ers Eliminate Royals, Advance to Semi-Finals

PHILADELPHIA, April 1 (AP) — Wilt Chamberlain scored 38 points and starred on defense to lead Philadelphia to a 119-112 victory Wednesday night over Cincinnati as the 76ers won the Eastern semifinals playoff of the National Basketball association. It was Philadelphia's third win against one defeat in the best-of-five series. The 76ers now meet the champion Boston Celtics for the Eastern title in a seven-game series beginning Sunday at Boston.

FROM ALL ANGLES

by LARRY HOVEY

Although the ever-changing sport of basketball escaped the real-revision at this year's annual rules committee meeting, the possibility of a big one was for next year.

Before adjourning the committee discussed the possibility of doing away with foul-out. This year will be the last.

Another type of foul, the so-called "aggressive foul," will be added to the group.

It is expected that the committee will make a decision on it probably by the end of the year.

Support by various individuals will vacillate from year to year depending on the type of foul.

Each coach has a different opinion on the matter. Some are in favor of it, some are not.

It is expected that the committee will make a decision on it probably by the end of the year.

Chamberlain, still hurting from a tender pancreas, was never better. He was a demon under the backboards, grabbing 28 rebounds, and blocked 10 Royals field goal attempts as they arched toward the basket. Two other blocks were called goal tending.

Even though the 7-foot, 1-inch "big dipper" sparked the victory was a team effort with Hal Greer collecting 23 points, Chet Walker 20 and Lucious Jackson 16.

Jerry Lucas, Cincinnati's dead-eye outside shot, was high for the losers with 35 points. Oscar Robertson, a unanimous NBA all-star choice, still seemed to be hurting from a sore right ankle but scored 24 points.

It was the first victory at home for either club in the playoff series. Philadelphia had won twice before at Cincinnati and had lost at home to the Royals last week.

Cincinnati started off poorly, unable to find the basket. In the first eight minutes, the Royals made only three of 21 field goal attempts and were down 19-10.

But Cincinnati streaked midway in the second period and tied it at 44 on Lucas' foul throw.

Chamberlain then hit for two of his 10 free throws and also stuffed in a two-pointer to put the 76ers ahead to stay.

Their biggest lead was 17 points on two occasions—89-72 at the end of the third period and 105-88 shortly before the end.

Robertson Is Unanimous All-Star Pick

NEW YORK, April 1 (AP)—Oscar Robertson of the Cincinnati Royals is a unanimous choice for the second straight year on the National Basketball association's 1964-65 all-star squad.

The Big O was picked Wednesday in addition to two other repeaters, Elgin Baylor and Jerry West of Los Angeles, and two new selections, Bill Russell of the Boston Celtics and Jerry Lucas of the Royals.

The team was selected by a vote of sports writers and broadcasters throughout the league, with each of the nine cities accorded one full vote. A perfect score thus would be nine votes, which Robertson received.

Eighty-one ballots were cast but were prorated to make one unit for each city. West received the next highest total with 8,500, followed by Russell, 8,511.

Bob Pettit of St. Louis, all-time leading scorer and an All-Star selection for the last 10 years, was placed on the second team with Wilt Chamberlain and Hal Greer of Philadelphia.

Sam Jones of Boston and Gus Johnson of the Baltimore Bullets.

Claiborne to Be Duke's First Negro

DANVILLE, Va., April 1 (AP)—One of the 225 winners of four-year scholarships under the first national achievement scholarship program may become the first Negro to play basketball for Duke University.

He is Claudius Claiborne, who ranks No. 1 in his class at John M. Langston high school and also was the leading scorer and No. 2 rebounder on a basketball team that won 23 straight games before losing in the state championship encounter.

Claiborne chose to attend Duke because of its engineering school, its nearness to his home and its athletic program.

"I feel sure that Claudius is a fine basketball player," Duke Coach Vic Bubas said Wednesday. "He'll be very welcome to come out for the team."

Among schools which expressed interest in Claiborne were Michigan State, Pennsylvania, Wake Forest, Davidson, Appalachian and Elon.

2. Effective whenever Washington State enacts similar legislation, fishermen and hunters on the Snake river between Idaho and Washington will be permitted to use licenses issued by either state. A similar agreement is in effect now between Idaho and Oregon where the Snake forms a boundary between the two states.

3. Authorizes the Idaho fish and game commission to define, classify or reclassify all kinds of wildlife except predatory animals and birds. Heretofore this was done by the state legislature.

4. Revises method of establishing private ponds and parks and stocking with fish and wildlife. Selling of game animals or fish from such operations is prohibited.

5. Designates conservation officers as peace officers in the enforcement of fish and game laws. This allows fish and game department men to serve warrants in their wildlife law enforcement work, and further provides that conservation officers are empowered to act as peace officers for other purposes if county law officers specifically request their assistance.

6. Increases the outfitters and guides licensing board from three to five members. Three must be qualified and licensed outfitters and guides. One of the two additional members must be a fish and game commissioner and the other a public representative. Annual resident license fees for outfitters are increased from \$25 to \$50, and resident guide fees from \$10 to \$15. Nonresident outfitter fees are hiked from \$100 to \$150.

McCarver Is Key to Cards' Flag Hopes

ST. PETERSBURG, Fla., April 1 (AP)—If anything happens to Tim McCarver, the Cardinals are in deep trouble.

That is what the wise baseball birds have been chirping all winter for the world champions are thin in the catching department behind young Timmy.

Well, something did happen to McCarver. He broke his right index finger in an exhibition game. Tim has been walking around with the finger in a cast, able to hit and run but unable to throw. He should be ready any minute.

The other day he grabbed a bat and won a game with a pinch hit. "What a way for a catcher to get a broken finger," said McCarver. "Having a follow step on it. I was trying to break up a double play against the Dodgers when their new second baseman, Jim LeFebvre, came down on my hand. We didn't know it was broken until a week later."

McCarver's broken finger was a sobering blow that curbed some of his acts as the club-house comedian.

"My idea is to go as hard as you can for as long as you can," said Tim. "I'm willing to catch all 162 games if they want. If somebody else does a better job, then I'll be the second string catcher."

"The only goal I have is to win another pennant. If we win again and I hit only 240 that will be all right. But if I hit only 240 our chances of winning again won't be too good."

"There is no danger of anybody feeling satisfied with himself on this club. We just did make it last year and everybody knows there is a lot of money to be made if you can keep on winning. It's hard to get on top and hard to stay on top but that is where the money is."

RELEASED SARASOTA, Fla., April 1 (AP)—Outfielder Glen Stephens, 32, was given his outright release by the Chicago White Sox Wednesday.

Olympians to Vie in U.S. Alpine Races

CRYSTAL MOUNTAIN, Wash., April 1 (AP)—Skiers who carried 13 Olympic medals home last winter to France, Austria and the United States will vie this weekend in the fickle Cascade mountain snows for U.S. national alpine championships and international trophies.

Last week the National Collegiate championships served as a preview for the bigger show at this winter resort 70 miles southeast of Seattle. Swiftly-changing weather, from bright sun to near-blizzard, tested the waxing knowledge of skiers.

Many of the college stars have remained to bid for U.S. alpine titles, daring to hope their indoctrination last week will improve their chances as well against the invading alpinists of Europe.

Rick Chaffee, a Denver university sophomore from Rutland, Vt., captured the slalom and alpine combined titles. Bill Marolt, Colorado university junior from Aspen, won the college downhill crown.

But the French, Swiss and Austrian teams have overwhelmed American skiers in competition at Vail, Colo., and Sun Valley. Murielle Goetschel of France was beaten in only one event in the two meets, placing fourth in the "traudle" Hecher of Austria won the downhill at Vail. Jean Saubert of Lakeview, Ore., tied Murielle in the giant slalom at Vail and was second in the slalom at Sun Valley for the best American performance.

LOS ANGELES, April 1 (AP)—The well-rested Los Angeles Lakers, bracing for their National Basketball association playoff clash with Baltimore, are healthy and unconcerned about a 14-day layoff.

"The club will be ready to play a good ball game," says Coach Fred Schaus, referring to Saturday's Western division final playoff series opener with the Bullets, victors in the semi-finals over St. Louis Tuesday night.

"We'll have our timing back," he said.

And the Lakers are healthy, even Elgin Baylor and Jerry West, the devastating one-two punch that has averaged a combined 50 points a game. In winning nights, the duo sometimes nets 70 points.

Both were hampered by sore knees toward the end of the regular season, sitting out several games.

Although Baylor threw a scare into Schaus during a scrimmage Tuesday, Schaus said, "They're healthy — completely healed."

Baylor's second finger on his left hand was hurt when wrestling for the ball under the basket and it was feared the veteran forward had a bad sprain, said Schaus. He was taken to a hospital.

"X-rays proved negative," he said. "Thank God! He'll be all right."

Schaus' team defeated Baltimore six out of 10 times during the season, but "you can't count on that now. It's all even again."

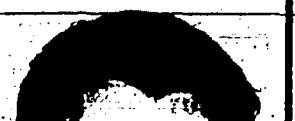

Schaus predicts a "slam-bang series" with a fired-up Bullets team featuring a "tremendous starting five."

Four players were tied with 71 in individual play. They were Steve Leonore and Jerry Hearn of Texas Tech, Hale Irwin of Colorado and Ken Pullon of Arizona State.

Frick Claims Lane Report Is in Error

KANSAS CITY, April 1 (AP)—The Kansas City Star quoted Ford Frick, baseball commissioner, Wednesday as saying that Frank Lane "has been quoted correctly" in a statement concerning reported plans of Charles O. Finley to move the Athletics to Milwaukee when the Braves transfer to Atlanta.

The Star talked to Frick at Belleair, Fla., for comment after Lane, Finley's onetime general manager, was quoted as saying the A's owner was planning to move the club.

Finley, by Kansas City Tuesday, said he did not "wish to add any dignity to any silly, idiotic statements by Mr. Frank Lane."

The star quoted Frick as saying: "I haven't talked to Lane and all I know is what I have read in the press. But certainly it is not true that either myself or Warren Giles, National League president, have made any commitment of back a move by the A's from Kansas City to Milwaukee."

"There just is no basis of fact in Lane's report."

Large Field Looms for Florida Derby

MIAMI, April 1 (AP)—A field of 10 and possibly 11 shined up Wednesday for Saturday's \$100,000 added Florida derby, a significant indicator of potential 3-year-old champions.

Native Charger, winner of the recent Flamingo stakes at Hialeah, heads the probable field. Also expected to go are Hall to All, Sparkling Johnny, Gallant Lad, Gummo, Maribeu, Battle Star, Flyalong, Louis Arnold and Spirit, with The Dancer a possibility.

With 11 going to post the purse would be \$121,800 and the winning owner's share \$81,900. Eight of the last 10 3-year-old champions finished first or second in the 1 1/2-mile Florida derby.

Native Charger, son of the great Native Dancer, probably will be a slight favorite under John L. Rotz, with support also going to Sparkling Johnny, with Bill Shoemaker; Hall to All, John Sellers; Gallant Lad, Ray Broussard, and Maribeu, Sam Boulmetis.

Stakes winners of 1965 are Native Charger, Flamingo; Hall to All, Hibiscus; Sparkling Johnny, Bahamas and Everglades; Maribeu, Fountain of Youth; Gallant Lad, Hutcheson; and Gummo, Senatorial.

These will carry 122 pounds each while the others get in with 118.

Buhl Bowmen Slate Spring Invitational

BUHL, April 1 (AP)—The Buhl Bowmen Archery club will hold its annual spring invitational shoot April 11 at the outdoor range at Hagerman.

Registration will be from 8:30 a.m. to 9:30 a.m. with the event to begin at 10 a.m. Twenty-eight hunters and 14 animal targets. Trophies will be awarded first place winners and ribbons for second and third place winners. A potluck dinner will be served at noon.

During the regular competitive indoor shoot Monday night at the clubhouse the traveling trophy went to Lowell Jagels, who took high scratch score for the men with a score of 511; Clara Jagels took high scratch score for the women with 363.

John Hector won high handicap for the men with a score of 583 and Joyce Hoffman took high handicap for the women with a score of 663.

Chandler Begins Job For New Grid League

LEXINGTON, Ky., April 1 (AP)—A. B. (Happy) Chandler, expounding on everything from football to baseball to politics, officially opened the headquarters of the new Continental Football League Wednesday. Displaying the grin that got him his nickname,

Chandler said there would be nothing minor about the CFL. He predicted, in fact, that it would be on a par with other professional leagues in time. "If you rated us right now, we'd have to be rated as the third league, but we're not a minor league, and we won't be," Chandler told a news conference at the headquarters opening.

The league, formed from members of the old United and Atlantic Coast leagues, will start next fall with 10 teams. Chandler predicted some of its games would be televised.

He also said the league "will expand in time and under the right circumstances, but there isn't much likelihood of it this year because we're too close up on the season."

Chandler, once Kentucky's senator, twice its governor and once major league baseball commissioner, said his new job doesn't necessarily mean he will forget politics.

"I've always been bitten by two bugs — the politics bug and the sports bug," he said.

But he said he "didn't renounce my citizenship or give up my right to do anything I want to do" when he took the job as CFL commissioner.

"Of course, I have no present political plans, but I can change my plans at any time. Right now, though, I just want to make a success of this league," he said.

He said no television contracts have been made yet and the league hasn't any plans about a draft of college players, but that those things would come in time.

He noted that he didn't apply for the job as CFL commissioner.

Ireland Says Chicago Will Host Tourney

CHICAGO, April 1 (AP)—Basketball Coach George Ireland, Chicago Loyola, told the university's annual awards banquet Wednesday night that Chicago stadium will be the site next year of the finals of the NCAA basketball tournament.

Loyola will be host to the meet, he said.

Arthur Morse, assistant to the athletic director at Loyola and promoter of stadium double-headers for years, told the group:

"This will be a short speech. Tickets are now on sale."

Ireland said Morse was "the man most responsible for obtaining the NCAA finals" for the stadium.

NCAA headquarters in Kansas City, said that its basketball committee, headed by Bernie Shively, Kentucky athletic director, has not yet made its recommendation to the NCAA executive committee.

The committee is known to be considering Chicago, Houston, University of Maryland, Buffalo, Omaha and Charlotte. It may make its recommendation and receive final approval when the executive committee meets in Kansas City April 8-9, the NCAA said.

In Lexington, Ky., Shively said the site has been picked and the executive committee will announce it after arrangements have been completed.

"I cannot confirm it," Shively said of Ireland's announcement. He declined further comment.

Fish, Game Department Cites Establishment of Parks Service as Key Legislative Advancement

BOISE, April 1 (AP)—The Idaho Fish and Game department today cited the establishment of the National Park Service as a key legislative advancement passed by the 86th session of the legislature that is of interest to outdoor enthusiasts.

The bill, according to director E. Woodworth, is the law which provides for an independent state game department. Governor E. Smylie says this bill is the greatest single advance in conservation since the enactment of the fish and game law by legislative action.

Legislation affecting wild conservation and outdoor recreation requires hunters to field mount and tax meat and furs in the same way as deer meat must be.

2. Effective whenever Washington State enacts similar legislation, fishermen and hunters on the Snake river between Idaho and Washington will be permitted to use licenses issued by either state. A similar agreement is in effect now between Idaho and Oregon where the Snake forms a boundary between the two states.

3. Authorizes the Idaho fish and game commission to define, classify or reclassify all kinds of wildlife except predatory animals and birds. Heretofore this was done by the state legislature.

Bullets Miss Passenger of Slain Woman

ATLANTA, April 1 (AP)—A Negro youth who was with Mrs. Viola Luzzo the night she was shot to death in Alabama disclosed yesterday that he also narrowly escaped death.

The youth, Leroy Moton, 19, said in an interview with United Press at least six shots fired at the car in which he and Mrs. Luzzo were riding "whizzed right by my head."

Mrs. Luzzo was killed on U. S. highway 80 near Lowndesboro, Ala., by nightriders as she was transporting demonstrators back to Selma at the end of the march on Montgomery. Four Ku Klux Klansmen have been charged by the FBI with violating Mrs. Luzzo's civil rights.

Moton, who caught a ride to Selma after the slaying, was taken into custody for his own protection and held as a material witness. He was later released under \$1,000 bond.

The tall, slender Negro youth was brought here by Dr. Martin Luther King's Southern Christian Leadership conference (SCLC) en route to Baltimore, Md., where he will give a report of his experiences to an SCLC board meeting. He is scheduled to go later to New York and other Eastern cities, not returning to Alabama until he is called to testify in the Luzzo case.

Moton said he returned to his home town of Selma about six months ago from New York where he was working as a waiter at a sandwich shop. He said he has been working as an unpaid SCLC worker and was a "transportation officer" during the Selma-Montgomery march.

Moton said near the Lowndesboro crossroad on U. S. 80, a Ford pulled alongside Mrs. Luzzo's car and suddenly the windshield shattered on the driver's side. Mrs. Luzzo slumped over the wheel and the car left the road, stopping against a farm fence.

The youth said the slaying weapon apparently contained a silencer because he could not hear any shots. He said the same car came back along highway

Cleanup

FAIRFIELD, April 1—Members of the Community church are engaged in a spring cleanup at the church. Part of the primary department rooms have been repainted.

Some of the rooms have been rebuilt and new shelves and cabinets added. The church kitchen was completely repainted.

Local Office Has Tax Return Aid

Persons needing social security numbers for their income tax returns should contact their local social security office, it was announced Wednesday.

Formerly it was necessary to write to social security headquarters in Baltimore to obtain the numbers.

While the local social security office should be contacted to get social security numbers, all tax forms, tax payments and questions about tax matters should be sent to the internal revenue office, it was noted.

Fruit Cake 4-H Club Has Meal

KING HILL, April 1—The Fruit Cake 4-H club members prepared the tossed salad and French dressing on Saturday when the members met at the home of Mrs. W. W. Knox, leader, who demonstrated a quick beef roast and vegetable dinner.

Mrs. James Russell, co-leader, demonstrated the preparation of vegetables. Members were told to complete their pin cushions and bring a 10-inch piece of material for machine sewing and a piece 4 by 10 inches for hand sewing to the next meeting.

Each member was requested to bring four cookies like they would prepare for display for the fair.

Refreshments were served by Mrs. Knox and daughters, Mary and Ann.

80, stopped opposite them and someone flashed a light into the car. Moton lay down and played dead.

YOUR BIRTHDAY and HOROSCOPE

THURSDAY, April 1—Born today, you'll like so many born under the sign of Aries, have a tremendous imagination and have been heavily endowed with the creative instinct. Beyond this, you also have been gifted with administrative talents of an unusual degree, and should have little trouble rising to a position of authority. Never satisfied with things as they are, you are one who not only looks for the next step forward in the progress of man and his world, but, having found that step, takes it!

Education and experience in the field are the two things that will see you in your rightful place of leadership in relatively short order. Without these, you may just possibly get lost in the crowd and never know the joy of fulfilling your very great potential. Remember, however, that experience often makes up for education; if you lack the latter, you need not give up; go after the former with a vengeance!

You are stable, but not quite as emotionally independent as you might think. It may be, however, that you will remain unwed until you are well along in years. Should this be the case, you may have to be extra careful in choosing a mate when the time comes; make sure the one you choose wants you and not your position or what you stand for.

To find what is in store for you tomorrow, select your birthday and lead the corresponding paragraph. Let your birthday star be your daily guide.

Friday, April 2

ARIES (March 21-April 20)—Strong influences may be exerted against you. Turn the tables by determinedly going your own way.

TAURUS (April 21-May 21)—If you let your native powers of reason lead the way, the day should end in profit.

GEMINI (May 22-June 21)—Impetuous action could land you in hot water. Temper your instincts with good sense.

CANCER (June 22-July 23)—Don't be fooled into thinking that what escapes you is what you really want. Chasing rainbows is a game for children!

LEO (July 24-Aug. 23)—Warm up your relationships with business associates. Don't be left out of the profits.

VIRGO (Aug. 24-Sept. 23)—Avoid going to extremes. Moderate actions, tone of voice, and enjoyments make a good day.

LIBRA (Sept. 24-Oct. 23)—Courage and initiative go hand in hand. Using some of each should see gains by evening.

SCORPIO (Oct. 24-Nov. 23)—Discontent can lead to unhappiness. Make an effort to be satisfied with things as they are.

SAGITTARIUS (Nov. 23-Dec. 22)—Business should take a turn for the better. Don't be put off by minor setbacks.

CAPRICORN (Dec. 23-Jan. 20)—Time for a change—in attitude, if nothing else! Take a good look at those nearest and dearest to see where you've gone astray.

Costly Project Under Way to Preserve Independence Hall

PHILADELPHIA, April 1 (AP)—It's costly to preserve and restore historic structures. Workers are restoring, for \$27,000 what is called America's most historic room—the assembly room in Independence Hall.

The Continental congress met in the room. It was here that the Declaration of Independence and the Articles of Confederation were signed, and the Constitution drafted.

On this July 4th, the assembly room will return to its original appearance, says Anderson.

After the assembly room is restored the same work will begin in the supreme court chamber, across the hallway.

Despite the renovation the hall remains open to the public. Rehabilitation of Independence Hall is the key project in development of a national park that, when completed, will cover five city blocks and more than 26 historic buildings.

Saga of Singin' Sam

By SIDNEY FIELDS

Sam Casceville closed the door behind the last passenger boarding his bus and was about to drive off when he saw two middle-aged women running to make it. He opened the door again, got out of his seat and called out to them.

"Don't rush, young lady. There's always more time than money," he climbed aboard grinning and patted the seats.

The other passengers smiled, too. They always sang with Sam. Sam's bus is a sort of special world and anyone stepping into it immediately feels free of the city's frenzy and indifference.

"Time now is 10:03 and 45 seconds," Sam announced. "Temperature 61 degrees. No rain due. This is 50th street. Madison Square garden. Change for Radio City Music hall. The Waldorf City Music hall. Stay healthy and say a prayer for me. Thank you."

Sam drives along Eighth avenue through factory and business districts, through slum, middle class and elegant areas. His passengers include the rich and poor.

He is known as Singin' Sam not only in New York but in far corners of America where visitors have carried the story of the bus driver with the friendly patter.

Between announcements and greetings this particular day, Sam broke into song with lyrics of his own . . . "Tra-la lala lala I love you. I love you. Oh I love you."

When a taxi cut across his path, he waved it through. "Go on, go on and God bless you!" he called.

Spotting an elderly man across the street, apparently uncertain

of where he was, Sam opened the window, gave him the directions he needed and then apologized. "Sorry I can't turn around and take you there, young man." Laughter filled the bus.

No matter what the age of his passengers they're always "young lady" or "young man" to Sam. And "They're all wonderful," he says. "Wonderful." And when he says it is sound truly joyous.

A very young lady boarded the bus with her mother. "I'm seven years old today," she confided to the bus driver. Sam congratulated her, then burst into a birthday song. Off came his hat which was passed through the bus. Six dollars was collected for a birthday gift—much to the delight of the girl and over the embarrassed protests of the mother.

Driven by the Mother Sam called out, "Look at the magnolia tree. Beautiful, isn't it?" Then in almost a sing song he told the whole world, "Oh, it's nice to be here. God, you a touch of heaven here too, you know."

Near the end of his run Sam stopped to yell out to a fruit dealer. "How's your sister-in-law?"

"She came home from the hospital yesterday."

"Tell her I'm praying for her."

The fruit dealer leaned inside the bus and handed him a pair. At the corner Sam gave it to a policeman.

For 28 years Sam has driven a bus. People wait for him. His chatter is a bonus that seldom comes with a 15-cent fare. When he isn't driving a bus, Sam and his wife love to visit their daughter, son-in-law and two grandchildren.

"Playing with the grandkids and working in the garden and driving a bus. That's my life," says Sam with a contented smile.

But sometimes the fact that he has had some dark days few people knew about.

Sam met his wife, Josephine, when she and her parents were steady passengers on the open trolley car he drove back in the late 20's before he switched to buses. Some years after their marriage Josephine developed a bad cough. The x-rays showed spots on both lungs.

One doctor suggested an up-state sanatorium where Josephine might have a fresh—or pass her final days in a clean, clean air. Sam had little money, so he worked double shifts to pay the heavy bills.

"I never stopped praying and believing she would get well. Never," Sam declared.

He carried his burden for eight years, alone. But one bright day, Josephine came back to him, smiling, healthy.

"You should see her now," he said, "like a girl of 25."

Then Sam confided, "I learned a lot during the years Josephine was sick. When people have trouble—and we all do—it's easy to be grouchy; hard to smile. I didn't want to burden my daughter, my wife, my in-laws, my passengers with my troubles. So while I drove, I talked, whistled, sang and laughed.

"The result was others around me smiled and talked and felt better. And seeing them feel better made me happier.

"I'm 64 and only a year away from retirement," Sam said. "But I'll drive as long as they let me. If I were rich I'd pay the company to let me drive, and pay the passengers to let me ride with them."

Friday, Helen Van Bozel tells an inspiring story of her husband, a Lorain, O., doctor, who knew his death was coming, prepared her for her life without him.

Talk Is Given On Language Arts at Meet

Phases of language arts were explained by six teachers from Morningside school at the Morningside PTA meeting Monday evening.

They emphasized that language arts in the primary and intermediate grades is not a separate subject, but is necessarily an integral part of all phases of learning.

The teachers also stressed the necessity of maintaining the reading grade level over the summer months by utilizing such aids as the summer "Weekly Reader" and the public library.

Mrs. Ruth Wing, speaking for the first grade level, said the child whose parents read to him is fortunate because he knows how to listen and how to express himself.

Learning to read is not a skill accomplished overnight. Much training, planning and hard work go into the teaching of this basic skill, according to Mrs. Edith Stephens, second grade teacher. She stated that phonics is not a subject, but a tool to unlock the door to learning.

Third grade work, according to Mrs. Frances York, is a follow-up to the informal styles used before. Abbreviations, alphabetizing, word perception, pre-

fixes and suffixes, and work with a glossary or dictionary are all introduced.

Mrs. Dorothy Guest said the task of the fourth grade teacher is to continue helping children extend, strengthen and coordinate reading, writing and speaking skills.

Major goal of the fifth grade teacher, according to Mrs. Norma Hellewell, is to broaden individual reading.

Reading is a habit, but it cannot be gained entirely in the primary and intermediate years," said Mrs. Lois Sprier of the sixth grade work. Students on this level have a lot of written work.

During the business meeting, Mr. and Mrs. Buzz Langdon were elected co-presidents; Dr. and Mrs. Paul B. Houston, first vice presidents; Dr. and Mrs. Howard Ronk, second vice pres-

idents; Mrs. John Aamodt, secretary, and Oleen Seamons, treasurer.

Yearly Lamb Banquet Held By Sheepmen

FILED April 1 — Ray Lincoln, Twin Falls, welcomed Kiwanis members as guests of sheepmen at the lamb banquet Tuesday evening in the Grange building.

Lincoln, past president of the Idaho Wool Growers association, vice president of the National Wool Growers association and a board member of the bureau of land management, also served as master of ceremonies for the annual dinner.

Arthur Chatburn, Kiwanis president, gave the response and the Rev. Eldon Shields, pastor of the Church of the Nazarene, offered the invocation.

Special guests introduced by Lincoln included Dr. Floyd Frank, veterinarian from the University of Idaho; Mel Claar, secretary of the Idaho Wool Growers association; Juneau Shinn, Twin Falls; Donald Youtz, county agent; Warren Daigh, past county agent; and Holland (Happy) Holly.

Houffburg Kimberly. Also introduced were three local bankers: Frank Giese, Buhl; Jack Ramsey and Lyle Frazier, Twin Falls.

O. A. (Gus) Kelker, Twin Falls, showed slides of Silver City and other Idaho ghost towns. Maurice Klaas served as song-leader for group singing.

The dinner was served by the Kiwanis Club at the Methodist Church. R. Baly and Lincoln furnished lambs for the banquet. Ralph Lerman supplied the potatoes.

Club Meets
BUHL, April 1 — The Junior Jersey Juicers 4-H club will meet at 2 p.m. April 11 at the home of Shirley and Kendall Meiers.

During the March meeting Pat Burbank gave a demonstration relative to the Jersey cow judging score card and evaluation of defects. Mary Van Zante led the pledge. Mike Burbank, president, led a discussion on decorating a window in the Buhl downtown business section to promote the 4-H clubs. Corene Butler was a guest.

Cattlemen in Blaine Elect

HAILEY, April 1 — All officers of the Blaine County Cattlemen's association were re-elected at the annual election dinner at the Hotel Hiawatha dining room Saturday evening.

C. W. Gardner will again serve as president, L. N. Purdy as vice president and Henry Wurst, George Hellyer and Carl Schoesler as other board members. James Eakin was appointed secretary-treasurer.

Purdy was reelected to a three-year term on the board of directors.

President Gardner said members of the association should include all of Blaine county and invited members of the Timmerman Hill, Laidlaw Park, Dry Creek and any other cattle association in the county to participate in all matters coming before this association.
