## Contract Given For \$1.5 Million Sun Valley Units

BY O. A. (GUS) KELKER  
SUN VALLEY — Mitchell Construction Co., Pocatello, has been awarded a \$1.5 million contract for construction of 50 condominium apartments, it was announced late Monday by Joseph Leggett, vice-president of the Janss Corp. Leggett, who is in charge of the Sun Valley operation, purchased from the Union Pacific Railroad, said the apartments would be constructed adjacent to, but would not be connected with the Sun Valley Lodge. He added that the six buildings, housing from 6 to 10 apartments each, would be built near the lodge so that tenants will have access to all facilities. The apartments will be two and three bedroom units.

The Janss official said that the contract to an Idaho firm is in accordance with the policy of the corporation to award contracts for development of the area whenever possible. At the same time David Jay Wood, architect in residence, said the apartments have been designed with the most important features of resort living in mind. The space and view-in mind. Each location has been carefully selected to afford a view from Dollar Mountain. The units will be of natural wood, and plaster construction. There will be balconies to take advantage of the mountain sun. The architect said that there would be plenty of surprises in styling but that they would harmonize with existing buildings. Leslie Mitchell, owner of the Mitchell firm, has been in business in Idaho for 11 years. The present time of an eight year dormitory at the Idaho State University and only this week was awarded the contract for construction of a new Methodist church in the Gate City. The Sun Valley apartments are the first step in a building program planned by the Janss Corp. Another major improvement announced earlier was construction of two double-chair lifts on the Warm Springs run Bald Mountain. This will permit skiers the advantage of the famous slopes of the famed Bald Mountain.

Heavy equipment for the apartment construction started arrive here late Monday afternoon and the job is to be completed by Dec. 17 so that the company can be a certainty for the 1965-66 winter season.

## Thanks Given For Help by TWIN Group

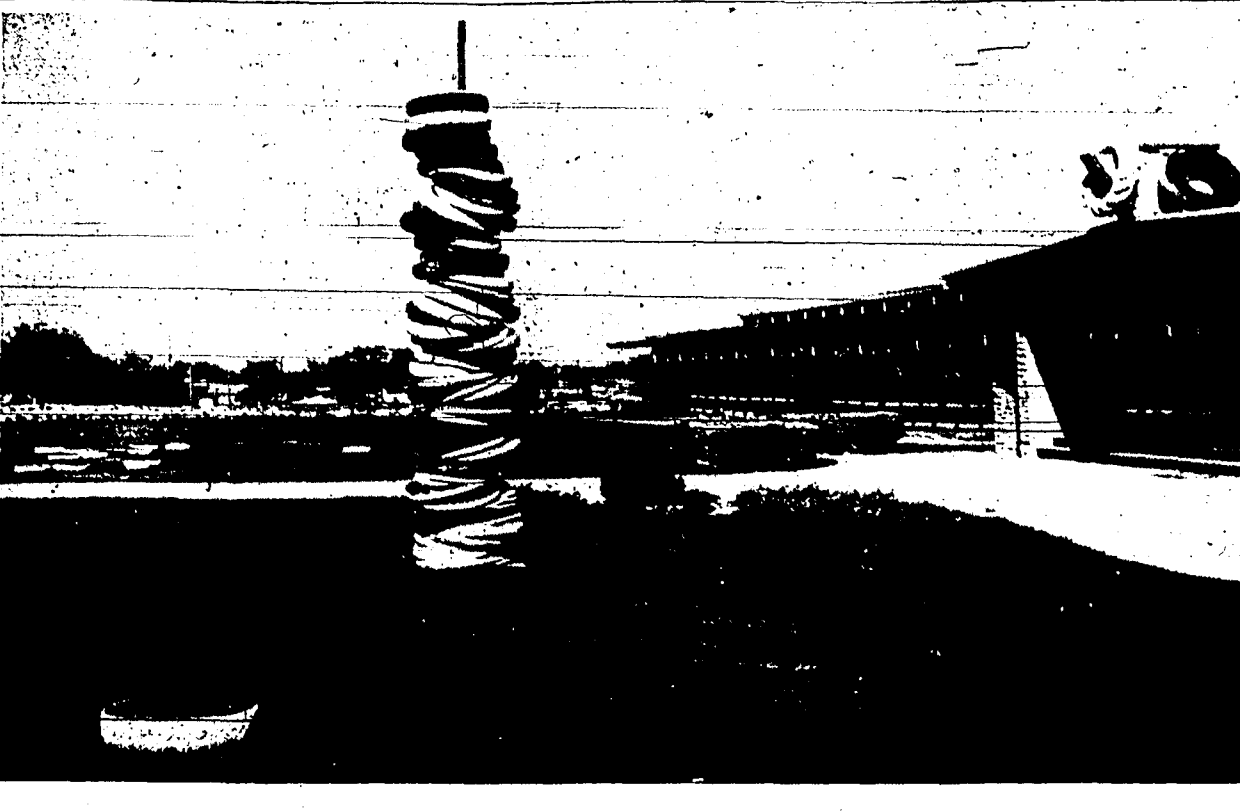

Alm Anderson, chairman, of the Water Improvement Now Committee, reported to the Twin Falls City Commission in a letter Tuesday morning the committee met for its last time Monday night and thanked the committee members and city officers for their cooperation.

As chairman of this committee I am filled with immense pride at the wonderful cooperation of the many members in doing so unselfishly of their time. Anderson said.

The issue is now before the committee and we hope that whatever their decision is, that it will be the will of the people and that none of us should have any animosity towards a neighbor or a friend for having a different opinion," he continued.

The TWIN Committee chairman expressed appreciation for the work of H. L. (Herb) Derrick, city manager, and Paul Peterson, city engineer, who "received a lot of abuse and few thanks."

Early in April the committee began meeting to explain the water bond issue to the citizens of Twin Falls. They organized a speakers bureau and published fact sheets concerning the proposed water system.

ATTIRED IN PRE-GRADUATION fashion is the flagpole at Twin Falls High School. This scene greeted early arrivals at the high school Tuesday morning as the result of the traditional year-end pranks by students Monday night. Besides ringing the flagpole with old tires, tires were strewn over the lawn and on the roofs of the buildings, and a number of bales of straw were stacked up at the school and an old car was perched on the stack. ## "Head Start"

WASHINGTON (AP) — President Johnson announced today plans to give half a million poor children an educational "head start" this summer. The program is designed to prepare the disadvantaged children so they can hold their own with others when formal schooling starts in the fall. It combines administration efforts in the education and antipoverty fields.

In a statement to a news conference, Johnson said the "head start" program will enroll 530,000 youngsters at 11,000 child development centers in 2,500 communities covering all 50 states. It will cost an estimated \$112 million in federal and \$16 million in local matching funds.

## Early Voting Heavy Here on Water Bond

A steady stream of voters was reported at all five polls for the water bond election at noon today. Heavy voting was reported at wards one and two in the Twin Falls County Court House and the City Hall. At 11 a.m. 400 persons had voted at the City Hall, according to Mrs. Constance J. Leiser, city clerk. Polls will close at 8 p.m. Twin Falls residents will decide through the election whether or not they will accept the \$2.5 million proposal to improve the city water system. It was reported Saturday night that there were 3,810 persons registered to vote in the election.

## Chief Steel Bargainers Meet Briefly

PITTSBURGH (UPI) — Chief steel bargainers met for only an hour today to lay the groundwork for negotiations on a new wage contract. United Steelworkers (USW) President J. McDonald and R. Conrad Cooper of U. S. Steel Corp., chief industry bargainer, issued a joint statement which said: "All groups will proceed with the work assigned them as provided for in the extension agreement."

## Probe of Mine Blast Under Way

TONYPANDY, Wales (UPI) — A team of inspectors today crawled through a shattered mine shaft for an on-the-spot investigation of a coal mine explosion which killed 31 miners yesterday. Thirteen other miners were injured.

A union official, meanwhile, said he was "certain" the 12 investigators will find "breaches of the (mine safety) act."

The blast tore through a tunnel 870 feet underground at the Cabrian Colliery, one of the largest mines in the bleak South Wales Rhondda Valley.

## Pupils Clean School Area After 'Prank'

Twin Falls High School students spent much of the day Tuesday cleaning up after a "prank" which involved hauling junk onto the school grounds, placing an old car on the gymnasium roof and other activities. George Staudaher, principal, said at noon Tuesday, "We're having a big clean up."

## Appeal Made on Dominican Issue

UNITED NATIONS (UPI) — Secretary General Thant today issued a "most pressing and urgent appeal" to all sides in the Dominican Republic fighting to heed the Security Council's call for a strict ceasefire.

## School Vote Results Eyed At Richfield

RICHFIELD — School officials were conferring Tuesday over what action to take regarding the outcome of Monday's school trustee election.

## Air Strikes Resumed In Viet Nam

SAIGON (AP) — The United States resumed air strikes against North Viet Nam today, a U.S. military spokesman said. The spokesman said 30 U.S. Navy war planes from the 7th Fleet carrier Coral Sea attacked a petroleum storage area at Phu Qui, 125 miles south of Hanoi. Initial pilot reports said severe damage was inflicted on the target, which was reported burning. All planes returned safely, a spokesman said. The strikes were the first against the Communist North in six days. There was no explanation here for their resumption.

## Crackdown Is Ordered In Bolivia

LA PAZ, Bolivia (AP) — Bolivia's military junta ordered a crackdown today on mounting workers' protests against the exile of leftist labor leader Juan Lechin.

After a day of bloody rioting and a general strike in La Paz, the junta declared a state of siege and ordered a general mobilization of all males 19 to 50. The move evidently was designed to put the men under military law.

The junta also declared all labor union posts vacant and said they would be filled by union elections to be held within 40 days.

A general strike shut down La Paz Monday and unrest spread to other parts of the country.

Tin miners at Mina Vitococo, 200 miles south of the capital, seized the mine's administrative and technical employees and held them hostage.

The president of the Bolivian Mining Corporation, Col. Juan Lechin Suarez, also announced that miners seized control of the Catavi Siglo Veinte mine, where 18 months ago miners held four Americans hostage.

Some 7,000 workers clashed with police in La Paz. A government spokesman said one person was killed and 19 others were injured. Eight of the wounded were policemen, he said.

## City Manager Hits Vandalism at Plant

City Manager H. L. (Herb) Derrick requested Monday night during the Twin Falls City Commission meeting at the City Hall that a more strict effort be made on the part of area citizens to deter vandalism, especially at the city sewer treatment plant. He said that although the road to the plant is private, persons have been permitted to enter the area during the day to tour the plant. Recently the plant has been entered at night, the chain to the gate cut, pumps shut off, gas valves opened and the caretaker's house entered.

## Civil Rights Killing Probe Costs Listed

WASHINGTON (UPI) — The FBI has spent more than \$740,000 in its attempts to bring the killers of three civil rights workers in Mississippi last year to justice.

The costs of investigations into the Mississippi killings and other outbursts of violence against the civil rights movement were contained in testimony by FBI chief J. Edgar Hoover before a House appropriations subcommittee.

Hoover opposed former Atty. Gen. Robert F. Kennedy's decision to appoint Joseph Valachi testify publicly about organized crime on the ground that it would be wiser to investigate the information privately.

Hoover said that President E. Kennedy's assassin, Lee Harvey Oswald, never would have been murdered if there had been a federal law covering attacks on a president or vice president. Federal jurisdiction would have prevented "the episode in Dallas following the assassination" from taking place.

Some corrupt parole officers have been in the pay of the Cosa Nostra crime syndicate. Hoover also said that in some instances courts have been "too lenient" in sentencing repeat offenders.

Hoover's testimony was made in connection with his request for money to hire 418 more agents and 389 other new employees for his enforcement agency.

ORDERED TO REST BONN (UPI) — Konrad Adenauer, former chancellor of West Germany, has been ordered by his doctors to rest for another week.

## College Trustees Study Technical Training Aspects

The board of trustees of the College of Southern Idaho discussed the technical training aspect of the college Monday night at a board meeting.

Discussion centered around selection of a director for the technical program but decision of the board was not announced.

Dr. James L. Taylor, administrator of the college, nor Robert Blastock, jr., president of the board, were available for comment Tuesday morning.

THIS WAS THE SCENE Monday at the Douglas Davis home in Southeast Dallas, Tex. The wrecked car at left is the fifth vehicle to plow off a curve and hit the house. At right is a sports car that has been chained to the house since it arrived in 1963. The owner hasn't returned to claim the car and Davis chained it until damages are paid. No one has been injured in the series of accidents, but the Davis family is getting a little bit "shell shocked." (AP wirephoto)

**SYNOPSIS AND AGRICULTURAL SUMMARY**  
High pressure has moved into the Northern Intermountain region and winds diminished during the night. Clear skies except for some high thin cloudiness and nearly calm winds were being reported across Southern Idaho this morning. Minimum temperatures at reporting points in Southern Idaho were as much as 13 degrees colder, with greatest cooling occurring in southeastern valleys. Low temperature readings were near to slightly below freezing across agricultural valleys early this morning and orchard heaters were in use in the fruit growing areas of Southwestern Idaho.

Warmer air is following in the wake of the colder air of yesterday which also lowered daytime temperatures from 10- to 22 degrees. A low pressure center at the surface is moving north-eastward from the Eastern Pacific and approaching the Pacific Northwest coast. Fair weather will prevail across Southern Idaho today, but cloudiness ahead of the storm will bring partly cloudy skies tonight and Wednesday. Some scattered shower activity will be associated with the movement of this storm on Wednesday and Thursday, but present indications are that it will be confined mostly to mountain areas.

Rising temperatures today brought on by warmer air from the west will occur today with slight warming extending into Wednesday. Maximum temperatures today will move into the mid 60s to mid 70s and on Wednesday in the 70s in most valleys. Minimum temperatures tonight will be higher with little chance for frost and freezing temperatures tonight. Lows will range in the 40s in Magic Valley.

Evaporation rates have been high in the past two or three days due to windy conditions in part and should lower slightly, but continue around .30 of an inch the next couple of days. In most areas only light precipitation, and in some areas no precipitation has occurred so far this month. Under these conditions irrigation will be an increasing farm activity to keep soil moisture levels sufficient. All farming activities and outdoor work will continue to have favorable weather today and Wednesday. Light winds today will be ideal for spraying and dusting operations.

# Zoning Data Included in Questions

Questionnaires dealing with county zoning information have been released to the public by Citizens' Committee on Zoning. Dr. Willard H. Clark, Twin Falls, is chairman of the committee.

The questionnaires discuss proposed Twin Falls County zoning laws which would cause the unincorporated area outside cities and towns in the county to be zoned.

It asks questions about 14 items included in the proposed zoning regulation, which was the topic of discussion at a number of public hearings conducted by the Twin Falls County Commissioners and the County Zoning Board.

Questions are asked on topics ranging from building permits to inspection and penalty for violation of the act.

Children in public schools in the county have been handed the questionnaires, which also may be obtained at Ace Realty, 1524 Addison Ave. E.

The committee urges residents to secure copies of the questionnaire, fill them out, and return them to the committee by way of expressing their opinions as to what they wish in the way of county zoning.

It was explained that after the one junior high school winner had been selected, the posters were combined and judged together. Approximately 70 posters from Twin Falls County schools were entered, but all winners were from Twin Falls.

### Commission OK's Permit Transfers

BOISE (UPI)—The Public Utilities Commission Monday authorized transfer of two motor common carrier permits, amendment of another and granted a temporary permit.

A permit held by G. J. Seaward, Blackfoot, was transferred to Ben Ashley, Soda Springs, and one held by Raymond G. Owen, Pocatello, was transferred to Jerry Howell, Pocatello.

The permit of Kay Honda, Idaho Falls, was amended to include authority to haul mobile trailer homes to all points in the state.

Empire Lines, Inc., Spokane, was given authority from June 15-Aug. 15 to haul passengers between Coeur d'Alene and Faragut during the Girl Scout encampment.

### Second Polish Defection Is Reported

BERLIN (AP)—Another defection from Poland's diplomatic colony in Berlin was reported today. U.S. authorities said the 19-year-old son of the Polish economic attache in East Berlin escaped to West Berlin two weeks ago and asked for political asylum.

The chief of the Polish military mission in West Berlin, Wladislaw Tykocinski, defected Sunday and was flown to West Germany. U.S. officials said his request for political asylum in the United States was under consideration.

The economic attache's son was Marek Radomski, who presented a diplomatic passport to the East German border guards at checkpoint Charlie on May 5 and crossed through the Berlin wall.

On the West Berlin side, Radomski told U.S. military police at the checkpoint that he wanted political asylum.

U.S. officials contacted Tykocinski's Polish mission in West Berlin and arranged for Polish diplomats to talk to the boy to satisfy them that his decision was entirely voluntary.

A telephone conversation between the youth and his mother also was arranged, but Marek did not change his decision to stay in the West, a U.S. spokesman said.

REV. WENDELL COE, appointed as superintendent of the Eastern District of the Idaho Conference of the Methodist Church, He succeeds Rev. Charles W. Pasley, Boise, who held the post for five years and has been granted a sabbatical leave for the next year. Rev. Mr. Coe, Boise, currently is pastor of the Whitney Community Methodist Church there.

# NATIONAL WHIRLIGIG

WASHINGTON—Because Congress is populated by politicians, President Lyndon Johnson may lose the tax-cutting championship Johnson may lose the tax-cutting championship to Capitol Hill this year. Some of the boys up there want to show the home folks that anything Lyndon can do they can do better.

In Capitol corridors and committee rooms, there is serious talk about tossing new largesse to the taxpayers in the form of three proposals:

1. Slowing down planned increases in Social Security payroll taxes designed to finance medicare program.
2. Cutting income taxes again, this time largely in the lower income brackets.
3. Slashing excise taxes far beyond the \$1.75 billion proposed by President Johnson. Some Hill types want to trim as much as \$4 billion from these taxes.

LBJ OPPOSES 'BIG CUT' NOW—Johnson is not amused by these efforts to get it for the taxpayer wholesale. Possibly he is sorry he ever proposed an excise tax cut, but he can't be faulted on that one. He and his advisers conceived the reduction last January as a fiscal stimulus to keep the economy moving ahead after the effects of the 1964 income-tax cut presumably had spent themselves. But since then the rate of the economy's expansion has accelerated beyond forecasts, resulting in new pressures on Congress to wield a sharper axe on taxes.

Johnson and his advisers oppose any large-scale cuts now. They feel they would be wasted when the economy is in the middle of its first real boom in 10 years. They want to save the prescription until the patient gets sick again.

But on Capitol Hill there are new converts every day to the club which feels that the time has come at last to give the citizens a substantial tax reduction all along the line. As one of them put it the other day, "If we don't get it now, somebody downtown will arrange another international crisis and we'll never get it. The country is in good shape, and that's the only time you can cut taxes."

SLOWING EFFECT—Admittedly, the new Social Security taxes would have a tendency to slow down the economy. Money the working man would ordinarily spend in the market place will be channeled into Uncle Sam's treasury, and it would be some time before any substantial share of these taxes would be channeled back into the economy in the form of hospital and doctors' fees. At this stage, it is quite probable that if the new SS taxes are not postponed Congress will decide to cushion the impact by raising the rates more gradually than now specified.

Social Security taxes are expected to rise by about \$5 billion in 1968, and a drain of that size on purchasing power could cause trouble. Some administration experts, who don't want to tinker with these payments, are pushing another income tax cut as a means of compensating for this. For the taxpayer, the prospects are cheerful; he is almost certain to get more relief from some source this year.

## Views of Others

**A VERY BAD SMELL**

The machinations of the department of Interior in moving to swap federal timberlands in Oregon for private acreage desired for Point Reyes National park in California have been thoroughly exposed in *Business*, Editor Gerry Pratt's articles in *The Oregonian*.

It's a shameful record of secrecy and outright lying employed by government officials to conceal a backstage deal harmful to Oregon. The classification of sustained-yield-federal-forest lands in Curry county administered by the bureau of land management as "disposable" for the purpose of trading them for Point Reyes private property was ordered by Charles H. Stoddard, BLM's national director. State Director Russel E. Getty, whose administration of Oregon range and forest lands has been outstanding, apparently has been replaced because he and his staff objected.

Dissembling bureaucrats in Washington, D.C., concealed the reasons for kicking out Russ Getty from Governor Hatfield, ex-Governor Sprague and his BLM advisory committee, Oregon members of congress and the press until *The Oregonian* exposed the plot.

Obviously, Director Stoddard has his orders. And the orders had to come from the head of the department, Secretary of Interior Stewart Udall. Mr. Udall has created for himself a national reputation as a conservationist. He is red-hot for wilderness areas. But he is also red-hot for parks and playgrounds which lure millions of voters. Apparently he is not so concerned about timberlands which provide employment and profits or about the sustained-yield principle carried out by the BLM in Oregon in blocking O and C and public domain lands for perpetual cutting.

The BLM has a long history of indifferent public relations, punitive transfers of personnel and domination by the user interest it is supposed to regulate. We find it difficult to accept, however, that the idea of trading sustained-yield timber in Oregon for parklands in Marin county, Calif., originated with BLM Secretary Udall holds the key to this give-away of an Oregon resource which smells far worse than the Al Sarena mining-timber incident Oregon Democrats rode into office a decade ago.

The Johnson administration must be shown that it can't get away with it.—*The Oregonian*.

**TO KNOW AMERICA**

It has been a standing joke of provincialism for too many years to accuse New Yorkers of viewing anything west of the Hudson (or Bostonians anything west of Newton Center) as simply "out there," and not worth much. But there is a painful lump of truth in it, not only for New York and Boston, but for all of us.

In Sunday's *Inquirer*, Secretary of the Interior Stewart Udall summed it up in one sad sentence: "It is surprising that so few Americans have really seen America."

It is, indeed, time and past time that we all acquaint ourselves more thoroughly with the magnificent continent on which we live.

Just the national parks alone would fill volumes. And we are delighted to note that the Tocks Island Recreational Area plan for the Delaware Valley is now advancing rapidly in congress and should soon rate a volume of its own. It has been a longer struggle than many anticipated, but it will be worth it.

For the green of the forest, the grandeur of the mountains, the skyblue of the lakes and streams can be only dimly appreciated any way but first hand. And reaching across the years to touch history is far more meaningful in person than any other way; yet we would dread to take a poll of how many . . . have touched the Liberty Bell.

It is time for Americans to know America. We hope to help them do it, for it is not only basic education but a spiritual blessing for which there is no substitute.—*Philadelphia Inquirer*.

### POT SHOTS

Dear Shooter:

Dieting isn't one of those things a person can stick to easily. If I'd lost a pound for every time I started a diet, there would be no need for even thinking about dieting again.

It's not so much the candy and pastry, although I find these items somewhat more than attractive, but it's just the idea of not getting enough to eat. When I still feel hungry when I leave the table, it just keeps gnawing away on me.

And I don't find any of the various substitutes are satisfying, either.

In a manner of speaking, I find a diet sure takes the starch out of me. And if there's a pun there, you're welcome.

### COMMON GOAL

Dear Sir:

Our family has been shopping for a new car and has discovered that most of the cars we want carry a price tag that's a bit more than we care to pay. Another way of putting it is that we just can't afford the payments.

Frankly, we're looking for an expensive car with all the accessories for a price considerably under the cost of the compacts we've been looking at. We feel there's a real market for automobiles if any of the manufacturers will concentrate on turning out something like this.

In fact, if the car manufacturers can keep turning out cars that look more and more expensive, while continuing to cut the price, they'll build up their business to astronomical proportions.

And just like us, they won't be able to afford it!

While I'm waiting for my income tax refund, such as it is, the thought occurs to me that money can make that well-known rustle in more ways than one.

### Interpreting The News

By WILLIAM RYAN

SANTO DOMINGO, Dominican Republic (AP)—U.S. forces occupied Santo Domingo with stunning speed and efficiency. Getting out will be a much bigger problem.

A consensus of informed persons, interviewed during an extended tour of the country outside the armed camp which is the capital, is that the Dominican Republic would explode if American forces left suddenly now.

It may be a long time before all of the 21,000 or so U.S. personnel can leave. They are all in Santo Domingo or at the nearby San Isidro Air Base. But their presence seems enough to discourage any attempt at a full-blown revolution.

Around the country it seems evident that there are sufficient Communist-leaning and Castroist elements to plunge the nation into turmoil should the opportunity present itself. Few doubt that arms are being smuggled regularly into the northern provinces.

One factor which may yet save the Dominican Republic is that, as of now, there is no outstanding leader on the extreme left who is able to capture the imagination and loyalty of the restless young men who are thirsting for radical change.

"Uncle Sam, what now?" a young lawyer asked me in Santiago, the nation's second capital, whose middle class is cowering in dread of what may happen there should the Yankees leave.

The question is on many lips in tormented Santo Domingo. The intervention of American forces may have prevented a bloodbath. It may even have averted an attempt by elements of the extreme left to seize a constitutionalist revolt.

All this may have been a calculated risk which weighed the probable adverse impact in Latin America and the rest of the world against U.S. interest in averting at any cost another

Cuba in the Western Hemisphere.

The question whether such massive intervention was necessary now is academic. It has happened.

Perhaps, one hears, U.S. support for the rebels when they staged their coup April 24 might have averted the leftist infiltration, once arms were passed out among thousands of civilians. Military intervention probably was the only answer in a situation critically important to the U.S. sphere of influence.

Virtually overnight the U.S. military built up a force on this island rivaling that now involved in South Viet Nam. It may have averted a civil war here and another Cuba. Some worry whether it might have started a new Viet Nam. All that is lacking, some say, is a guerrilla movement.

That it is argued, at least some U.S. forces may have to remain in Santo Domingo for a long time, with all that means in impact on the rest of Latin America and the image of Uncle Sam reverting to the days of half a century ago.

The Dominican coup was army officers against a civilian junta. Its avowed aim was to restore the 1963 Constitution and to bring back Juan Bosch, elected in 1962 and ousted a year later, as the constitutional president.

It seemed like just another coup in a country which had become accustomed to them. But there was a difference. The word "Constitution" meant something to many young people. It was not Bosch himself they yearned for but the luxury of constitutionality so briefly experienced.

It is difficult to prove, but what evidence there is points to the likelihood that extremist elements in the country, which are fairly numerous, saw an opportunity and attempted to capitalize on what had happened. The coup had seemed to get off to a bad start and to

# MARQUIS CHILDS WRITES ON WASHINGTON

WASHINGTON—As the power behind the administration's Latin-American policy, Thomas C. Mann carries a heavy burden. Part of that burden—he takes it with an outwardly casual air—is the blame put on him for hardening the American line in the southern half of the Hemisphere.

Measured against the high productivity of the free enterprise system in North America the Adam Smith-Mann philosophy has a compelling logic. Whether it has any application to the impoverished lands south of the border, where there are a few very rich and a great mass of the very poor, is a question.

Whatever his ideological bent, the realist looking at Latin America can hardly take much comfort in what he sees. Mann cites Mexico as one country advancing toward a free enterprise system. But elsewhere the evidence of progress toward a viable capitalism is hard to find.

Whether the \$10 billion Alliance for Progress program could work a transformation is certainly open to doubt. Mann speaks soberly of the greatest obstacle to progress—population doubling every 20 years. New mouths to feed absorb any surplus that might go into investment. The birth rate in Central America may well be the highest in the world—three per cent or more ahead of India and China.

For the realist the political picture in Latin America offers no more consolation than the economic picture. In recent years six military coups have replaced duly-elected governments. Delivering the commencement address at the University of Notre Dame a year ago, Mann said: "Unilateral intervention for the purpose of forcing constitutional changes in another country does not always serve either the cause of democracy or the national security interests of the United States. He continued:

"To illustrate, not long ago a majority of the Guatemalan people voted in free elections for Jacobo Arbenz Guzman, a candidate for president. Later the Guatemalan people discovered that Arbenz was a Marxist-Leninist. Colonel (Carlos) Castillo Armas led a successful revolt and was widely acclaimed by his people when he marched into Guatemala City. Had we been unconditionally committed to the support of all constitutional governments under all circumstances, we would have been obliged to do everything within our power to bring about the overthrow of Castillo and to restore a Marxist-Leninist power against the will of the Guatemalan people."

What Mann did not say was that the successful revolt of Castillo Armas was engineered and financed by the United States as testimony before a Senate committee in 1961 clearly showed. The Central Intelligence Agency provided the planes and trained personnel, with a large assist from American ambassadors in the field, for the overthrow of Arbenz.

By implication, at least, Mann seemed to be saying that unilateral intervention may or may not serve the security interests of the United States. Obviously, to have undone the work of the CIA in Guatemala would have been absurd. By the same measure, to prevent a rebellion judged communist-dominated from taking over in the Dominican Republic would be a requirement of America's own security.

A Texan, born and brought up in the border town of Laredo, Mann has also been called a pragmatist. Translated into Texan, that means doing what you must do when you find you have to do it. And that definition fits the Texan in White House, too.

## Bridge by Jacoby

**OVERCALL HELPS DEFENSIVE PLAY**

As Edgar Kaplan points out in "Competitive Bidding in Modern Bridge" the main purpose of the weak jump overcall is to deprive your opponent of valuable bidding space. Sometimes this tactic winds up badly when you get doubled; on other occasions the opponents go on to their normal successful contract, but once in a while the bid upsets their lines of communication and gets them into a wrong contract.

U.S. forces, sent first to protect Americans and then to prevent another Cuba-like takeover, soon ringed the rebel area of the capital with awesome might. The U.S. forces cut the rebel zone in half to establish a corridor. The rebels were under siege, a real revolution in a trap. From offensive action, however, since their mission was supposed to be peace-making. But the rebels, faced with such might, had nowhere to go. Their leader, Col. Francisco Caamaño Deon, and his forces were confined to a fourth of the city, with little prospect of extending their authority into the country they purported to represent.

Thus a stalemate developed in which the only way out had to be political through negotiations. Whatever way out may be found, the Dominican Republic will remain in danger for a long time—35 long, perhaps, as its economy remains backward and its young people remain angry.

**CARD SENSE**

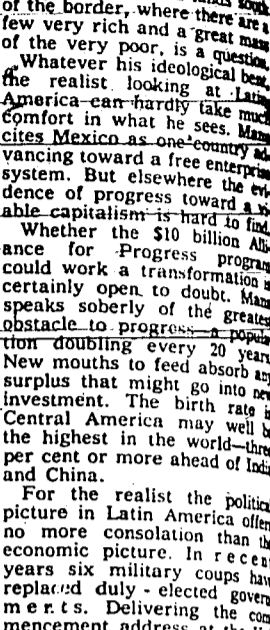

—The bidding has been: South West North East 1 ♠ Pass 1 ♠ Pass 2 ♠ Pass 2 ♠ Pass 2 ♠ Pass 2 ♠ Pass

—You, South, hold: ♠ KQJ2 ♥ A 10 8 6 3 2 ♠ A 6 5 4 ♣ A 10 8 7 5 3 2 ♦ A 10 8 7 5 3 2

—A Pass, five clubs is out of right and one heart stopper and a mere 14 points in high cards does not make a no-trump game look attractive.

**TODAY'S QUESTION**

Instead of bidding two clubs your partner jumps to three clubs over your one spade. What do you do now? (Answer Next Issue)

### The Doctor Says

By WAYNE G. BRANDSTADT, M. D.

So many readers have written, with high blood pressure. It is in safe and has no side effects. Tranquilizers, especially those derived from Rauwolfia serpentina, are of value, although some of them produce side effects. Mannitol hexanitrate is sometimes given to dilate the arteries and thus reduce the blood pressure. None of these is likely to aggravate your ulcer, but it is true that other drugs which can be used effectively in persons without ulcers may cause stomach upsets in ulcer sufferers.

Q—I have always had a low blood pressure. The last time I went to my doctor he couldn't get it at all. What does this mean?

A—A low blood pressure is an asset (unless the upper level goes below 96, in which case you might be approaching a state of shock). In some persons with fleshy arms and normally low blood pressure the pulsations are hard to detect, but this should cause you no alarm.

Q—My son had a series of boils and our doctor gave him Aureomycin. Would this help my arthritis?

A—Arthritis is not primarily an infectious disease. This drug would not be of any value in its treatment.

Q—The problem of high blood pressure is attacked from several angles. Water pills, to rid the body of both salt and water, are widely used. A hormone (Normotensin) is often given to neutralize the excess of adrenal secretion found in many persons

# 64 Wendell Seniors Graduated

WENDELL — Sixty-four seniors received their diplomas in commencement services Sunday evening at the Wendell High School Gymnasium before an overflow crowd.

Ray W. Turner, superintendent, introduced Dr. Gene Odle, dean of students at the College of Idaho, Caldwell, who spoke on the need to further one's education after high school. He chose as his topic, "The Years Ahead, or 60 Years Without Stumbling."

He stated that no one should fear there will be too many trained people for the jobs in America as there is a continual demand for more persons with advanced training. Education is worthwhile and is continual throughout life.

"The important thing after high school is to choose the field with regard to long range implications and to make a pattern of experience and life with a job that fits one's abilities, interests and intelligence. Intelligence is our most precious talent," he declared.

He concluded by admonishing the graduates to live life fully as you go—be proud of what you do and are. Live for others as you live and when death comes—tomorrow or at the end of 60 years, may it come without your stumbling.

The valedictory address was given by Joan Maltz and the salutatory address by JoAnn Wike.

The Trojan band, directed by Omar F. Bose, played and the high school assembly sang. Rev. Jack A. Jennings gave the invocation and Rev. Edward V. Hargreaves offered the benediction.

George W. Rogers, principal, presented the class and the awards. Diplomas were presented by Farren Chandler, vice-chairman of the school board. A special certificate was presented to Herschell Lamb, "Idaho Teacher of the Year."

Chandler, on behalf of the school board, in recognition and appreciation of his 20 years of dedicated service as a member of the Wendell school faculty.

Members of the graduating class are Keith Gale Adams, Alfred Emery Burrus, Rodney Cline Boss, Sharon Rose Branch, Denise Kay Bright, Marilyn Louise Buker, Michael Glen Carter, Rose Mary Carrusa, F. Wayne Chandler, Mike Estes Coffman, Phyllis Dixon, Sandra Gayle Durfee, Judith Helen Evett, David Hulet, Francis, Margene Kay Gratzler Freeman, Sandra Ruth Gates, Helen Louise Gibb, Ted Hall, Theresa Maureen Harms, Orville J. The award is given to a local member of the organization who made outstanding contributions to both the professions and the community during the year.

**NO DANGER CITED**  
**IDAHO FALLS (AP)**—Henry C. Eagle, Snake River District 38 watermaster reiterated Monday there is no immediate flood danger west of Rexburg on Henry's Fork of the Snake River, despite reports to the contrary from the Weather Bureau at Boise.

Eagle said he was informed that both Henry's Fork (North Fork) and the Teton River, which usually floods in the spring, contain heavy flows but appear in no danger of spilling over the banks at any place. He said he conferred with officials of the Madison-Fremont Irrigation District at St. Anthony who are keeping a close eye on the situation.

## Astronomers Find Distant Radio Signals

**PASADENA, Calif. (AP)**—An astronomer said Monday that five recently found radio sources — including one the Russians speculated might be a supercivilization — are the farthest and fastest objects yet discovered.  
 The most distant, called 3C-9, appears to be receding at 80 percent of the velocity of light, or 149,000 miles a second, Dr. Maarten Schmidt told a symposium at the California Institute of Technology.  
 The radio source made famous last month by Soviet reports of 100-day signal variations, called CTA-102, is receding at 114,000 miles a second, said Schmidt, Caltech professor of astronomy and staff member of the Mt. Wilson-Palomar observatories.

The five are so far away scientists don't know how to measure their distances, but Schmidt said all are much farther than the previous-most distant source, called 3C-147.  
 They are called quasistellar — star-like — radio sources, or quasars. Astronomers believe each has a mass of at least 100 million suns, radiating light and radio waves with tremendous energy — enough to reach earth over almost incomprehensible distances.  
 Schmidt would guess the distance only as "many billions of light years." A light year is the distance traveled in a year by a beam of light going 186,000 miles a second.

The universe is considered generally to be 10 to 15 billion years old. Schmidt said the light we now see from 3C-9 started only a few billion years after the universe was born.  
 Most astronomers believe the universe is expanding, that its clusters of stars, called galaxies, are rushing outward at speeds which increase with distance. They have found a way to estimate the speed and from this guess at the distance.

When Soviet astronomers said they had found a variation in radio signals from CTA-102 that might be evidence of transmission by intelligent beings, astronomers here said they were sure the signal came from a natural, not an artificial source.

 The garden was planted in conjunction with Mrs. Lyndon B. Johnson's "Let's Beautify America" program. It will be marked with a plaque presented by Mrs. Lewis Koehler, president of the Idaho State Federation of Garden Clubs.  
 The Cape Coral roses are a special hybridized plant developed in Florida.

**WIDOW WINS CASE**  
**BOISE (UPI)**—Federal District Court Judge Fred M. Taylor Monday awarded a Boise widow the \$55,000 she ased for in the death of her husband.

The sum was awarded Mrs. Alta E. Griffith, wife of Daniel P. Griffith, in a trial without jury.  
 Mrs. Griffith asked that amount from Peter Kiewit Sons, Inc., the construction firm, for the death of her husband Jan. 6, 1965. She said her husband was washed off a barge in the Snake River while working for the firm.

**DEATH RATE DROPS**  
**BOISE (AP)**—An increase in estimated mileage brought Idaho's highway death rate sharply downward in the first three months of 1965, the State Highway Department reported today.

The agency said the deaths in the three months numbered 42 compared with 47 in the corresponding period last year. That was a decline of 11 percent.

The death rate per 100 million vehicle-miles, however, was down 16 percent, from 6.9 to 5.8. The department said estimated vehicle miles traveled gained from 687 million in the first three months of 1964 to 721 million this year.

**DISTRICT MEET SET**  
**BOISE (UPI)**—Members of Optimist International plan to hold their 1966 Pacific Northwest District Convention in Boise, according to Jim Fesenden, zone 6 lieutenant governor.

Fesenden disclosed selection of Boise for the meeting after local Optimists and their wives returned from this year's convention in New Westminster, B.C. He said next year's meeting will be held May 18-21.

**SMYLIE TO SPEAK**

 The conference will be in the Owyhee hotel.

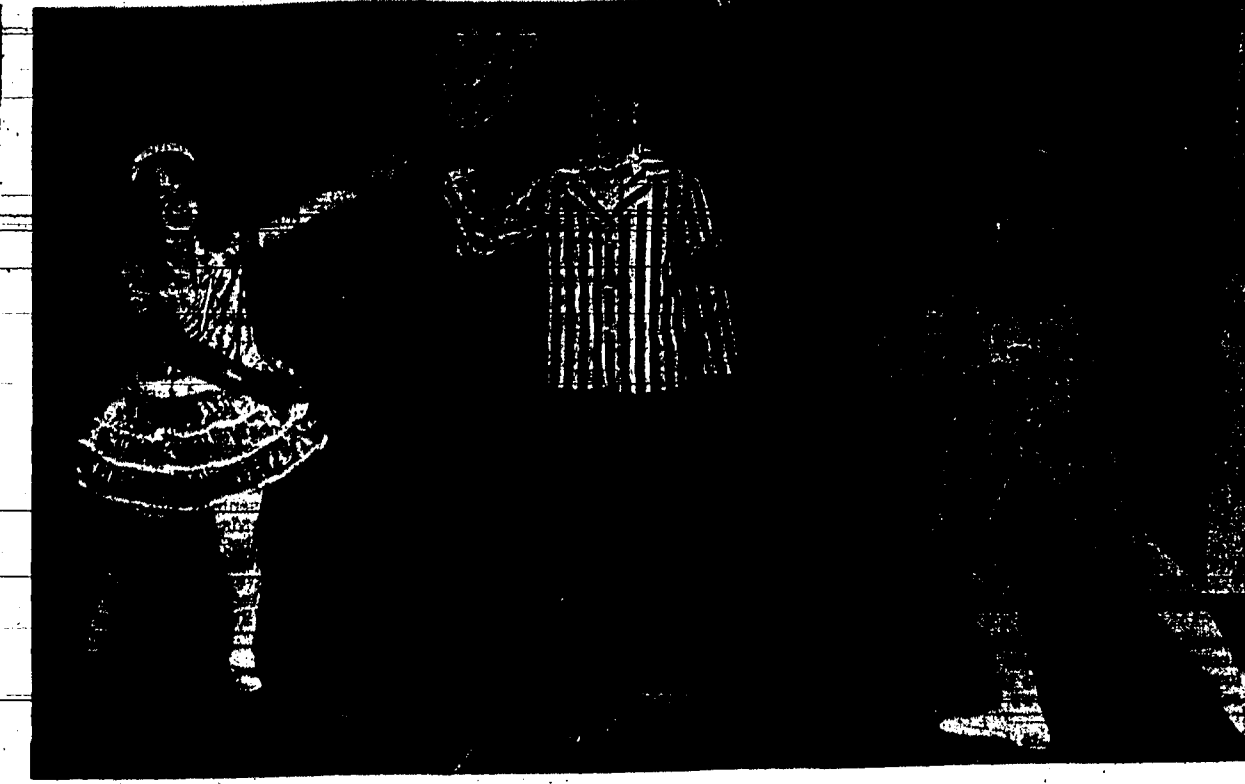

**NO MAIL OPENED**  
**BOISE (AP)**—No private mail has been seized or opened in Idaho in connection with income tax collection enforcement, Calvin Wright, district Internal Revenue Service director, said last Monday.  
 Wright said his statement was prompted by inquiries from newsmen after Sen. Frank Church, D-Idaho, and others charged private mail had been intercepted for delinquent tax collection.  
 "I cannot speak for other areas," Wright said. "But no private mail has been seized or opened here."

**ROUTES INSPECTED**  
**WHITEBIRD, Idaho (AP)**—Routes for a second section of U.S. Highway 95 to replace the winding road over Whitebird Hill were being inspected today by members of the Idaho Highway Board.

Ten alternates have been proposed for the section on the south side of the long hill. At its meeting Monday in Boise, the board favored the shortest and cheapest — one that would cost \$5.8 million.  
 A 7.2 mile section replacing curves on the north side of the hill is expected to be finished and ready for motorists next fall.

## Soviet Groups Visiting U.S. Include Spies, Hoover Says

**WASHINGTON (AP)**—FBI Director J. Edgar Hoover says spies are included in virtually every Soviet group that visits the United States — diplomats, newsmen, scientists, businessmen, students and cultural exchange missions.  
 "In regard to the Communist bloc espionage attack against this country, there has been no letup whatsoever," Hoover told a House Appropriations subcommittee.

"Our government is about to allow them to establish consulates in many parts of the country which, of course, will make our work more difficult," he added in testimony March 4, made public Monday night.  
 Asked if he thinks advantages in cultural exchange will offset this disadvantage, the man who has headed the Federal Bureau of Investigation for 41 years replied:

"We have found in practically every cultural exchange group or student group that has come to this country, there is always a member of the KGB, the intelligence service of the Russian government. They are called students but some are 36, 37 or 38 years old."

Hoover went on: "The numerous Soviet scientific delegations which arrive in the United States to tour U.S. universities and scientific establishments invariably have among their members Soviet scientists who have been given special assignments by the KGB. It is established Soviet policy that among such groups are one or more full-time KGB officers who are in charge of the delegations."  
 Upon returning, Soviet scientists who have visited the United States under the exchange program are required by the KGB to submit comprehensive reports on the technical aspects of their trip, including descriptions of installations visited, research being conducted and the status of particular projects.  
 "They must also submit reports concerning Americans contacted for possible future use by the KGB."

Many Soviet exchange students attending U.S. colleges and universities are used as agents by the KGB, Hoover said.  
 "Having the responsibility of obtaining any information of intelligence interest, they photograph — or deliver to their KGB superiors for photographing — documents and scientific papers to which they have access as students."  
 "Of the Soviet students in the United States for the school year

## Church Plans Mann Creek Bill Change

**GREEN RIVER, Wyo. (AP)**—Sen. Frank Church, D-Idaho, said Monday he would propose an amendment to the "Wild Rivers Bill" deleting provisions for government power to condemn riverside land.  
 Church made the statement after more than 45 Wyoming residents testified at a public hearing here conducted by the Senate Interior Committee.  
 Church also said he might consider cutting the amount of the Green River to be included in the measure.  
 The measure calls for natural state designation of 84 miles of the river. It would block construction of dams, levees and other controlling structures.  
 A few representatives of sportsmen's groups voiced favor for the bill.  
 But dozens of ranchers testified it would destroy their livestock operations in the Green River Valley, preclude construction of proposed Kendall Dam and stop five planned irrigation projects.

**Two-Day Flower Show, School Held in Jerome**  
JEROME—Point scoring of flower arrangements concluded the two-day flower show and the two-day school course No. 3 held at the Jerome Episcopal Church in the Jerome Parish Hall.

Monochromatic-color schemes and interpretive design were discussed in instruction given by Mrs. John E. Higgins, Oklahoma City, Okla., accredited instructor of the National Council of State Garden Clubs.

Interpretive designs in monochromatic color values, "Here Comes the Sun," in yellow, and "It's Spring Again," in yellow-green, were points scored by students taking the course for credit toward a flower show judge's certificate.

Mrs. Higgins lectured on elements and principles of design and judging procedures. Arrangements were made by students.

Hubert Gundell, Denver, Colo., explained the organization of flower shows the first day and talked on the culture of African violets, coleus, ferns, cacti and succulents. Discussion was held on point scoring followed by examination on scoring specimens for credit.

Mrs. Sam Hawkins African violets and other horticulture. Mrs. J. R. Webster and Mrs. Harry Morris were in charge of registration and hospitality. Mrs. S. W. Smith, school chairman, was assisted by Mrs. Victor Nelson and Mrs. J. T. Rickets.

Horticulture master judging panel members included Gundell, Mrs. Webster and Mrs. Sam Porter. Members of the arrangements master panel included Mrs. John Flatt, Mrs. Rickets and Mrs. Higgins.

**Rita M. Lang, Severt Repeat Nuptial Vows**  
Rita Martha Lang, daughter of Mr. and Mrs. Virgil Lang, was married to Gene Severt, son of Mr. and Mrs. Claude Severt, in an afternoon ceremony April 24 at St. Edward's Catholic Church.

Rev. Thomas Taylor performed the double ring ceremony before a background setting of Easter lilies.

Given in marriage by her father, the bride wore a floor-length gown of white imported lace over satin, fashioned with a fitted bodice featuring a scooped neckline and long lily point sleeves. The gown was enhanced with a chapel train. Her fingertip veil of white nylon illusion was held by a crown of sequins and pearls. She wore a single strand of pearls and carried a bouquet of pink carnations and an orchid-centered on a prayer Robert Hatch and Kathy McInroy was bridesmaid. They wore gowns of brocade satin accented with long sleeves and A-shaped skirts. Each carried a bouquet of pink and white carnations.

Gary Gravens was best man. Ushers were Gary Loughland, Dean Severt, Gale Hawkins and James Sudson.

Barbara Goetz was flower girl. She wore a pink brocade satin dress and carried a white ribbon-trimmed basket filled with flower petals. Edward Lang,

**Valley Mothers Feted at Tea, Fashion Show**  
HAGERMAN—Members of the Girls' Club and home economics department were hostesses for the mothers of the community at a tea and fashion show in the home economics rooms of Prince Memorial Gymnasium.

"Fashion Notes" was the theme of the event. A backdrop of white was decorated with a fashion model and musical notes. Individual tables were decorated with spring flowers. The serving table was centered with a pink carnation bouquet, flanked by lighted tapers.

Vicki Behrens, Girls' Club president, gave the welcome and introduced the officers: Evelyn Boyer, vice president; Sheri Elliott, secretary; and Rene Laughlin, treasurer.

Miss Behrens explained the point system for earning the marks necessary to receive the club pin and awards. The high schools girls chorus sang two numbers, accompanied by Hanna Agers, Mrs. Henry Cherry and Mrs. Leon Greive, counselors, were presented corsages from the girls.

The style show was narrated by Diane Greaterex, Cherril Tate and Laura Lemmon. Home economics students modeled various items of clothing made during the year including shifts, jumpers, blouses, skirts, suits, formal and party dresses.

Miss Behrens read a poem in tribute to mothers and presented Mrs. Cherry a gift from the club.

Serving refreshments were Mrs. Ralph Behrens and Mrs. George Lemmon.

### Bids Asked For Building At University

UNIVERSITY OF IDAHO, Moscow—Bids for construction of a new Art and Architecture building at the University of Idaho have been called by Arthur Warren, state commissioner of public works, Boise. Bids will be opened at the university at 2 p.m. June 8.

The 1963 session of the State Legislature allotted \$475,000 for the structure, which will replace the present Art and Architecture building. The old building to be razed to make way for the new one is a frame structure erected in 1910.

The new building, designed by Hummel, Hummel, Jones and Shawver, Boise architects, will provide four stories in the studio part, and a one-story wing. The wing will house a products library or study room, a foyer for registration with exhibit space, and the main offices of the Art and Architecture department.

The entire north wall of the studio part of the building will have a curtain of windows similar to the north wall of the library building. All major rooms will be on this side. In the basement will be areas for painting, sculpture, pottery and a shop, as well as offices for these areas and general service and storage areas.

The ground floor area will be devoted to design, drawing and commercial art and a room for presses. The second floor will house drafting laboratories for freshman and sophomore architects, a general classroom-seminar which may be divided by folding partition to make its use more flexible.

The third floor differs little from the second, except for one essential factor—the floor is raised in height to accommodate a part mezzanine that will house fifth-year thesis students in a skylined studio.

### Garaged Again

LIVERPOOL, England (AP)—Famous English lady driver Margaret Hunter, 67, has been garaged again—for driving while disqualified from driving.

The lady, who gained fame when an instructor once leaped from her car yelling, "This is suicide!" was fined \$70 and banned for driving for another year.

### Plaque to Honor Late President

LOS ANGELES (AP)—A plaque honoring the late President John F. Kennedy will be unveiled Saturday, May 29, at the peristyle entrance of the Coliseum.

The Coliseum Commission authorized the plaque to mark the location where Kennedy accepted the 1960 Democratic presidential nomination. The late president would have been 48 on the day of the ceremony.

PERSONNEL DEALING WITH administration and hospital cashiers were especially invited to the Tuesday sessions.

The Tuesday meeting dealt with problem-solving sessions, with each of Monday's topics being discussed.

According to James Rosenbaum, administrator, Magic Valley Memorial hospital, about 75 persons from throughout the state attended the meeting.

The group's next meeting will be Thursday and Friday at the University of Idaho, Moscow.

### TO ATTEND MEETING KING HILL

— Mr. and Mrs. William Trail, King Hill, will attend a state meeting of county auditors in Moscow Wednesday through Saturday. Trail is the Elmore county clerk of the district court, ex-officio auditor and recorder at Mountain Home.

### Hospital Accountants Close State Workshop Meet in T.F.

The Idaho chapter, American Association of Hospital Accountants, concluded its state meeting Tuesday afternoon at the Rogerson Hotel, after a two-day workshop concerning hospital internal control.

Monday's topics mainly concerned the accountants and bookkeepers. Mrs. Ilene Bartlett, CPA, Caldwell Memorial Hospital, Caldwell, spoke to the group on accounts receivable control; Ron Garner, CPA, Ernest and Ernst, Boise, talked on cash control.

Accounts payable controls were discussed by William Tonkin, CPA, Ernest and Ernst, Boise, and Leon C. Felder, administrator, St. Benedict's hospital, Jerome, led a discussion on inventory controls.

Other topics included plant assets control by Garner and insurance controls by Mrs. Bartlett.

Personnel dealing with administration and hospital cashiers were especially invited to the Tuesday sessions.

# Hunt Not Sure Collision Was Just Accident

**NEW YORK (AP)**—Ron Hunt, out for possibly the remainder of the baseball season with a severe separation of the left shoulder, isn't entirely convinced that the injury-causing collision with Phil Gagliano of St. Louis was accidental. "I guess it was unintentional," the Mets' All-Star second baseman said unconvincingly in his hospital room where the club had arranged an informal press conference Sunday. "But I don't understand how he said he didn't see me."

The reference was to the incident that took place in the fifth inning of last Tuesday night's game in Shea Stadium.

With the bases filled and one out for St. Louis, Lou Brock hit a bounding ball to second base. As Hunt set himself to field the ball on the edge of the infield grass, he and Gagliano, the runner on first base, collided.

The umpire, Mel Steiner, called Gagliano out for interference and ordered the runners returned to their bases as Hunt lay on the ground.

"I wanted to get in front of him to make the play," Hunt explained. "Then I got hit. I don't think he could help but see me."

Gagliano, the Cards' young second baseman, said last week that the collision was caused when Hunt ran into him although he admitted he had made a bad play.

"The shoulder felt numb all over when I got up from the ground," Hunt recalled. "It's going to be tough if I have to miss the whole season."

The injury was diagnosed as a complete acromio clavicular separation of the left shoulder. During a subsequent 90 minute operation, a pin was inserted to hold the clavicle together.

Hunt displayed a telegram he had received from Gagliano. It read, "Hoping you're feeling better. Incident purely unintentional."

## Jofre to Risk Crown Ninth Time Tonight

**NAGOYA, Japan (AP)**—Undeclared Eder Jofre of Brazil will risk his world bantamweight boxing crown for the ninth time Tuesday night when he meets former flyweight king Masahiko, Fighting Harada of Japan.

The 15-round match will be staged at the Aichi prefectural gymnasium in this southwestern Japanese city.

Barney Ross, former world lightweight and welter champ, will be the referee. Jay Edson of Phoenix, Ariz., will be one of the two judges, and the other judge will be announced just before the fight.

Brazil's Golden Boy will enter the ring as a heavy favorite because of his amazing record and his impressive workouts in Nagoya. Jofre has won 48 fights, never lost and fought three draws. Harada, 21, has a 38-3 record.

## Chicago Rips A's 13-2 for Eighth in Row

**KANSAS CITY (AP)**—The Chicago White Sox won their eighth straight game Monday night, mauling Kansas City 13-2 behind Gary Peters' first complete game this season.

Peters, a 20-game winner last year, scattered eight hits in posting his fourth victory against two defeats.

The White Sox battered four Kansas City pitchers for 15 hits, three of them home runs.

Floyd Robinson connected with one on the three-run first inning. Pete Ward homered in the third and Ken Berry made it 5-0 with a solo blast in the sixth.

Robinson and Berry each singled in a run in Chicago's six-run seventh inning while Bill Skowron drove in a pair with a single.

Jim Gentile spoiled Peters' shutout with a two-run double in the Athletics' half of the seventh.

## Dodgers Rally In 11th to Down Astros

**HOUSTON (AP)**—Sandy Koufax' single ignited a four-run rally in the 11th inning that gave the Los Angeles Dodgers a 5-4 victory over Houston Monday night.

Koufax, however, needed relief help from Bob Miller in the Astros' half of the inning before posting his fifth victory against two defeats. Miller relieved with one run in, two men on and one out and escaped the jam with one more run on a ground out.

Koufax, who struck out 13 and allowed five hits, singled with one out in the 11th off Houston starter Bob Bruce. Maury Wills singled and Hal Woodeshick replaced Bruce. Woodeshick walked Wes Parker, loading the bases, but struck out Willie Davis.

Ron Fairly then beat out a hit off Woodeshick's leg, scoring Koufax with the tie-breaking run, and when second baseman Joe Morgan fielded the error and threw wildly past first. Wills also scored. Two more runs crossed on another throwing error by Morgan.

## Rouse Scores TKO in Fifth

**BOISE (UPI)**—Seventh-ranked light heavyweight Roger Rouse, San Francisco, pounded out a fifth round technical knockout Monday night over Seattle's George Gaskin.

The bout was stopped at the 2:59 point in the round when Gaskin appeared unable to defend himself. The sharp punching Rouse, a former Idaho State University star carried the fight to the young Seattle fighter.

There were no knockdowns. Rouse weight 179 and Gaskin 177.

**RETIRED GRAND WESTERN Archery Tournament trophy is displayed by Mrs. Jack Sears on her return to Twin Falls after the weekend Grand Western shoot at Elko. Mrs. Sears has made the trip to the annual meet three times and each time has won the women's class A instinctive division. (Times-News photo)**

## Mrs. Sears Retires Elko Meet Trophy

Mrs. Jack Sears retired the Jess Huntsman Grand Western Archery Tournament trophy at Elko over the weekend as seven of the twelve Ot-Yo-Kwa Bowmen attending the meet returned with trophies. The Buhl Bowmen also had a large attendance at the annual tournament.

Mrs. Sears fired a 993 in class A instinctive competition to win the 5-year-old trophy for the third straight year. Clarice Gandolfo, Reno, won the trophy in 1961 and 1962.

Other Twin Falls archers returning with laurels were Nina Fisher, who shot a 669 in class C freestyle for third place; Doris Imgard, third place class B instinctive, 697; Dewey Gay, first place class C instinctive, 986; Charles Sestanovich, third place class D instinctive, 745; David Gay, third place junior class, 928, and Billy Windsor, first place junior class with 478.

The two-day shoot consisted of 28 field, 28 hunter and 28 animal targets. The field and hunter targets were shot on Saturday and the animal targets on Sunday. There were about 150 archers at the meet.

## Froehling and Richey Score Tennis Victories

**PARIS (UPI)**—Frank Froehling of Coral Gables, Fla., and Cliff Richey of Dallas, Texas, scored opening-round victories in the French International Tennis Tournament Monday but New York's Roger Werkman failed in his bid for an upset.

Froehling, seeded 11th in the tournament, defeated Mitsuru Fujii of Japan, 7-5, 6-0, 6-1, while Richey beat Bernard Montreud of France, 6-4, 6-4, 6-3.

Werkman, considered a long shot but confident that he would make a good showing, encountered ninth-seeded Indian Davis Cupper Ramanathan Krishnan on a day when Krishnan's precision strokes were at their best. The result was a swift, easy 6-2, 6-4, 6-3 victory for Krishnan and a bewildered disappointment for Werkman.

## Nicklaus Is Back on Top Of PGA List

**PALM BEACH GARDENS, Fla. (UPI)**—Although Jack Nicklaus had to settle for a third place tie in the New Orleans Open, it was good enough to move him back into his customary No. 1 spot on pro-golf's money winning list.

Nicklaus earned \$4,500 at New Orleans, pushing his official money winnings for the year to \$33,900. The husky Ohioan also has earned \$10,788.49 in sanctioned tournaments for total earnings of \$49,688.49.

Doug Sanders, last week's leader, finished in a tie for 20th at New Orleans. That was worth \$1,058 and dropped him into second place with \$37,168.11 in official earnings and a total of \$47,115.76.

Bruce Devlin, who tied Billy Martindale for second place at New Orleans, vaulted from seventh to third place. He has earned \$31,695.28 in official money and \$2,644.65 in unsanctioned tournaments for a total of \$34,339.93.

George Knudson remained fourth with \$28,625 in official earnings and a total of \$33,240.71, while Bobby Nichols moved from sixth to fifth with \$26,559.24 (\$28,762.99).

Martindale and Dick Mayer, who won the New Orleans Open by canning a 90-foot chip shot on the final hole, both cracked the top 10 for the first time this year. Martindale was eighth with \$23,365.67 (\$24,623.59) and Mayer was ninth with \$20,562.50 (\$21,462.50).

Rounding out the top 10 were Bruce Crampton, sixth, \$25,670.17 (\$37,754.06), Billy Casper, seventh, \$23,367.08 (\$47,335.22) and Bob Charles, 10th, \$19,950 (\$22,500.51).

# Probe Set for Salt Flats to See if Raceway Is Drying up

**SALT LAKE CITY (UPI)**—Steps have been initiated to probe beneath the world's greatest speedway on Utah's Bonneville Salt Flats to determine if the famed raceway is in danger of drying up. The Bonneville Speedway Association approved a resolution at its meeting Thursday giving the State Engineer authority to make test drillings into the salt beds. The test drillings would determine whether ground water is being pumped away by industrial users thus robbing the speedway of its life-giving moisture.

Bill Backman, association secretary, told association board members "there's no telling how long the course will last and now is a good time to start the tests to determine the water level."

He said spot drillings would be made on scattered parts of the famed speedway—site of numerous world land speed records.

Harry Wilbert, district engineer for the State Road Commission, also gave a report to the group on plans for the interstate highway across the salt flats.

He said location of the interstate route would cut an estimated 5,000 to 6,000 feet off the south end of the speedway. However, he emphasized the relocation of the highway wouldn't reduce the size of the course since a similar distance would be gained on the opposite end.

He also told of plans to build a frontage road from the interstate route to the speedway and to construct rest areas on the edge of the course for tourists crossing western Utah.

Backman also presented a tentative race schedule for this summer. The board approved requests by two groups to use the speedway and tabled a third.

Requests approved came from the Summer Brothers of Ontario, Calif., and the Southern California Timing Association. The Summers Brothers will visit the salt flats July 11-18 to make a bid for a world land speed record in a non-jet powered car.

The Southern California Timing Association was given the dates of Aug. 22-23 to stage the annual Bonneville Nationals.

The group tabled the request from a Seattle group to race an experimental jet car during the period Oct. 3-16.

The Summers Brothers will shoot for the 406 mile per hour mark established by Britisher Donald Campbell in Australia last year.

## Wildcats Drop Bobcats Twice

**OGDEN, Utah (AP)**—Centerfielder Lyle Johnston paced the Weber State College Wildcats to 3-2 and 9-0 Big Sky Conference doubleheader baseball victories over Montana State College Monday.

Johnston had six hits in eight trips to the plate, good for five RBI's.

Freshman southpaw Larry Pearson shut out the visiting Bobcats in the second game on a three-hitter.

In the first game, left hander Ron Jancek went the distance for his sixth victory, against one loss.

Weber, now 8-2, meets Idaho State University in a doubleheader Thursday at Pocatello.

# Hernandez Had to KO Rossito Early To Retain Crown

MARACAIBO (UPI)—Carlos Hernandez said Monday he had to knock out Mario Rossito early if he was to successfully defend his junior welterweight title. Hernandez scored a technical knockout over Rossito when the Colombian challenger failed to answer the bell for the fifth round Sunday night in the first world championship bout ever staged in this oil capital city of over half a million residents.

"Rossito is a dangerous boxer and I had to move fast to stop his prediction that if the fight went 12 rounds he would win," said the Venezuelan champion.

Hernandez, making his first title defense since winning the crown on a disputed decision over Eddie Perkins of Chicago in Caracas last Jan. 18, was impressive in making good his boast he would knock out Rossito within six rounds.

Rossito, the second-ranked challenger behind Perkins in the division, took repeated left jabs to the head and was tagged by a series of rights by the long-reaching Hernandez.

The challenger forced the champion to fight in close during the second and third rounds, managing to keep the battle on even terms during these sessions.

But in the fourth, Hernandez, weighing 137½ pounds to 138½ for Rossito, began pulverizing the Colombian with powerful lefts and opened a cut over his opponent's right eye.

Then sacrificing caution, Hernandez pressed the attack and pounded Rossito with massive body blows.

Hernandez, it was learned, was fined \$500 before the fight for breaking training Saturday night, when the fight was postponed because of rain. His trainer, Israel Espana, was suspended for a year.

Another downpour Sunday almost caused further postponement of the fight.

An estimated 6,000 fans watched the fight in which Hernandez reportedly received \$8,800, and Rossito got \$2,200.

INDIANAPOLIS (AP)—A. J. Foyt owns all the records for the 500-mile race at the Indianapolis Motor Speedway from the 150-mile point to the finish.

And he'll be in an ideal spot May 31 to pick up the other marks.

Foyt, 30, four-time national driving champion from Houston, Tex., won the 500 last year for the second time and set records all the way after taking charge at 150 miles.

But the marks for the qualifications and the early part of the race eluded him.

He took care of qualifications Saturday by roaring four times around the 2½-mile track at an average of 161.233 miles per hour and hitting a hot lap at 161.958. He drove the No. 1 Sheraton-Thompson rear-engine Lotus-Ford.

As the fastest qualifier on the first trial day, Foyt will start the race in the pole position—inside spot in the front three-car row of the 33-car field.

Nineteen cars qualified Saturday, at speeds from Foyt's record of 153.407 by Norm Hall of Hollywood, Calif. Two more qualified Sunday, filling a tentative line-up of seven rows for the race.

Twelve places at the rear of the field remain to be filled next weekend. After 12 cars have qualified, a car still may make the field with a higher speed than one or more of the earlier qualifiers. The slowest car then will be eliminated.

Only the 33 fastest cars will start the race.

Jim Clark, 29, former world champion of Duns, Scotland, ran four laps at 160.719 and one at 160.973.

Foyt, Clark and Dart Gurney of Costa Mesa, Calif., all driving Lotus-Fords, will start in the front row.

POSSIBLE BOUT—NEW YORK (AP)—At Bolan, adviser to ex-heavyweight champion Floyd Patterson, said Monday he had discussed a possible London bout with Henry Cooper in September with British promoter Henry Levine but was holding off everything pending the Cassius Clay-Sonny Liston title fight May 25 in Lewiston, Maine.

# Montana and Idaho Split Twin Bill

MOSCOW, Idaho (AP)—After suffering a 8-0 walloping Monday, the Montana Grizzlies responded in the second game of a Big Sky doubleheader to defeat Idaho 1-0 in an extra-inning baseball game.

Montana's Hoyt Demers held the Vandals hitless through 7.2 innings of the second game, in which the Grizzlies scored their winning run on three singles in the eighth inning.

Big hitter for Idaho was Jim Carmichael, who got three hits, including a homerun, in the first game and one in the second.

# Ryun Says Sprint Work Aided in Run

WICHITA, Kan. (AP)—Olympian Jim Ryun of Wichita East High School attributes his amazing 3:58.3 mile—first sub-four-minute mile ever run—in high school competition to his extra work in the sprints.

"In any race a mile or less it's a matter of speed," said the 18-year-old, dark-haired lad. "I didn't start bringing my mile times down until I started working harder on the sprints.

"This time, I knew it was my last high school race and I wanted to make it good."

That amounts to a major speech for the modest Ryun. He is looking forward to four big West Coast meets, starting with the Modesto, Calif., Relays May 28.

But he won't speculate on his chances against great veteran milers such as Dwyll Burleson, Jim Grelle, Tom O'Hara and Peter Snell of New Zealand, the world-record holder at 3:54.1.

Ryun's 3:58.3 at the Kansas State meet Saturday is a tremendous accomplishment because he did it with no one pressing him the last half mile. His coach, J. D. Edmiston, timed his last quarter in 55.7 seconds. The crowd of 7,000 urged him on all the way.

Ryun's time is better than the NCAA meet record of 3:59.8 by Burleson and compares to the American record of 3:55.5 by Jim Beatty, and the collegiate mark of 3:56.9 by O'Hara.

# AL Pitchers On Lookout For Rookie

KANSAS CITY (AP)—Left-handed hurlers in the American League will be on the lookout for a first-year batter when they meet the Kansas City Athletics.

He is Rene Lachemann, 20-year-old catcher who Sunday came up with a sensational performance as the cellar-place A's won a doubleheader against the Minnesota Twins.

"He'll be given every opportunity to play against left-handers," was the word from a happy Haywood Sullivan, who had just been appointed manager.

Lachemann, one of five first-year players on the club, came in as a pinch hitter in the ninth inning of the first game and his single sent home the tying run.

In the nightcap he got his second call of the season for duty behind the plate and rapped out three hits in four tries, one a homer that put the game out of reach of the Twins.

# Boston Fielder Injures Kidney

BOSTON (AP)—The Boston Red Sox said Monday outfielder Carl Yastrzemski suffered a bruised kidney Sunday and will not make the six-game road trip to New York and Cleveland.

Yastrzemski, the 1963 American League batting champion, was injured in the seventh inning of the nightcap in a doubleheader with Detroit when he collided with second baseman Jake Wood in an attempt to break up a double play.

# Three Hitters Guide Orioles Over Yankees

BALTIMORE (AP)—John Orsino, Bob Johnson and Jack Brandt pounded out a total of 10 hits and led the Baltimore Orioles to a 9-2 victory over the New York Yankees Monday night.

Orsino, starting at first base instead of his normal catching position, knocked in three runs with a homer and two singles. His two-run single in the fifth gave Baltimore a 6-2 lead and chased Ford, whose record dropped to 2-5.

Johnson, filling in at third base for the injured Brooks Robinson, collected three singles and a double while driving in two runs. Brandt had a double and two singles, igniting two of the rallies against Ford.

# Liston Begins Training in New Headquarters

POLAND SPRING, Maine (UPI)—Heavyweight challenger Sonny Liston, whose trainer says he has reached a new peak of physical condition, began training Monday in his new headquarters in this resort community.

The former champion rested Sunday and received a welcome visit from Gov. John H. Reed, who was nearby to address a group of mail carriers.

Liston arrived in a playful mood Saturday night after breaking camp at Dedham, Mass. The usually dour fighter shocked several newsmen first by offering them a box of candy and second by pulling a string that caused the box to deliver an electric shock.

Willie Reddish, Liston's trainer, said Liston was "the best conditioned ever" for the May 25 championship fight with Cassius Clay in Lewiston.

# Caldwell Takes Division Title

CALDWELL (UPI)—Caldwell's Cougars squeezed home a run in the bottom of the last inning Monday night and beat Boise high school 1-0 for the District baseball title.

First baseman Phil Smith stroked the key hit, a single to center that scored pitcher Steve Garman from second. Garman reached second on a fielder's choice and an error.

Garman hooked up with the Braves' Kent Scott in the tight pitching duel. Each hurler yielded only three hits and fanned eight.

# Giants' Shaw Wants to Escape From Bullpen for Starting Job

SAN FRANCISCO (AP)—Bob Shaw, winner of his first start for the San Francisco Giants after nine relief jobs, wants to escape the bullpen for good. "I think I'm best suited to start," said Shaw. "The way I look at it, a good reliever must either have a great fast ball or some unorthodox pitch. I don't overpower hitters and I don't have an unorthodox pitch. Even when I used to start regularly, I always seemed to have trouble early. Once I get started, I seem to be all right."

Shaw may get his wish because the Giants' starting rotation isn't set and the club has landed a couple of bullpen men—Bill Henry in a trade from Cincinnati and Masanori Murakami after settlement of a dispute with a Japanese team.

Henry and Murakami are left-handed but the Giants also have a fire-balling right-hander in Bob Bolin and Frank Lizy, who has turned in some good relief jobs.

Shaw gave up hits to the first two batters in Sunday's start against Houston. Then he retired the side and pitched shut-out ball until Jim Wynne led off the seventh with a homer. When John Bateman led off the eighth with a single, Shaw went out but he was the winner 4-3. It was the longest he's pitched since 1963 when he was with the Milwaukee Braves.

Shaw had an 18-6 record with the Chicago White Sox when they won the American League pennant in 1959 and was 1-1 in the World Series. Traded to Milwaukee in 1962 he continued to start and was picked to the National League all-star team. In 1963 he went to the bullpen.

# Taylor Saves 2-1 Victory For Phillies

ST. LOUIS (AP)—Tony Taylor's home run and clutch throw saved Bo Belinsky's first National League victory Monday night as Philadelphia edged St. Louis 2-1.

Belinsky, who had lost twice, had a two-hit 2-0 shutout until the eighth inning. Phil Gagliano singled with one out, moved to second on Gus Triandos' passed ball as Julian Javier struck out and scored on Lou Brock's single.

Curt Flood followed with a double into the right field corner, but Brock was cut down at the plate, Taylor taking Johnny Callison's throw and firing a strike to Triandos.

The play touched off a heated argument during which St. Louis Coach Joe Schultz was ejected from the game. Phila. 100 000 010-2 11 0 St. Louis 000 000 010-1 5 1

# Utah All-Star Grid Game Set

LOGAN (AP)—The fifth annual Utah State University varsity vs. pro All-Stars spring football game will be played in Romney Stadium Saturday at 7 p.m.

Many former USU athletes who are now playing professional football in the National, American and Canadian leagues have indicated that they will be on hand for the game. Some 18 are expected.

# AL PITCHERS ON LOOKOUT FOR ROOKIE

# Mays, Horton Are Shaking up Hurlers

NEW YORK (AP)—Willie Mays of San Francisco hit .667 in his last seven games and Willie Horton of Detroit batted .600 in his last eight which are good enough reasons why pitchers who have to face them must be getting the shakes. Mays' performance parallels his sensational start of last season when he had a .393 average and 14 homers in his first 31 games. His figures Monday after 31 games were .403 and 13 homeruns.

On the strength of a 16-for-24 showing in last week's games, the Giants' star soared from ninth place on a gain of 64 points from .344 to take over the National League batting lead. He also is the pace-setter in homers and trails only Chicago's Ernie Banks in the runs batted in competition, 26 to 34.

Horton, the American League batting leader at .403, had a .289 average last Monday. However, he's had 18 hits in 30 tries since then, including six home runs. The Tigers' young outfielder heads the AL with nine home runs.

Gordon Coleman, Cincinnati first baseman, climbed two notches to second in the National League batting race. He gained 16 points to .389 with six hits in 13 times at bat.

Joe Torre of Milwaukee rushed up to deadlock Philadelphia's Richie Allen for third place. Torre picked up 20 points with nine safeties in 21 trips while Allen lost five points with 11 hits in 31 at bats. Each is hitting .368. The figures include Sunday's games.

Vie Davillo, Cleveland's diminutive outfielder, moved into the runner-up position in the American League. He boosted his average 17 points to .355 with 11 hits in 18 tries, a .611 pace.

Big Bob Gibson of St. Louis is the National League pitching leader with a 7-0 mark while John Buzhardt of Chicago, Hank Aguirre of Detroit and Camilo Pascual of Minnesota top the AL with 4-0 records.

# Angels Down Twins 5-3 in 10th Inning

LOS ANGELES—Catcher Bob Rodgers singled in Alvin Pearson in the bottom of the 10th inning Monday night to give the Los Angeles Angels a 5-4 victory over the Minnesota Twins.

Pearson led off the 10th with a double against relief pitcher and loser Johnny Klippstein. He was sacrificed to third and Mel Nelson took over for the Twins on the mound. Rodgers blooped his single over second base into centerfield to end the three-hour contest. Relief pitcher Bob Lee, who worked the final three innings, got credit for the victory.

The Twins took a 2-0 lead in the second inning, helped by an error and mental lapses of the Angels. After Harmon Killebrew walked, Bobby Knop juggled Jimmie Hall's grounder for an error. Bob Allison then popped the ball, but Fred Newman hesitated where to make the play, finally forcing Hall at second.

# Runmans Offers Bout to Archer

LOS ANGELES (AP)—Promoter Larry Runmans said Monday he has offered \$10,000 to Joey Archer, No. 1 middleweight contender, to fight Sugar Ray Robinson next July.

Runmans said Robinson wants to fight Archer in order to get a chance to fight Joey Giardello, the world middleweight champion.

We will close at 12 Noon, Saturdays starting May 15, until the first of November.

### Church Fetes Graduates With Banquet

BUHL. — Senior and eighth grade graduates who are members of the Buhl First Presbyterian Church were feted at a banquet Sunday evening at the church. The event was sponsored by the United Presbyterian Women's Association and the United Presbyterian youth group of the church.

Seniors honored were Randy Baxter, Jim Barker, Jeff Fehrbacher, Linda Robertson, David Pender, Tom Skeem, Phil Busmann, and Mike Pierce. Eighth grade graduates are Pamela Beard, Marjorie Atkins, Sherri Hart, Ralph Core, and Karen Atkins. Parents of seniors were special guests.

Senior graduates were presented with gifts from Mrs. Harold Ellis, UPW president, on behalf of the association, and eighth grade graduates were presented gifts by Elvin Noh, adviser, compliments of the youth group. Each senior spoke briefly on his future plans.

Rev. Dale K. Olson, pastor, was guest speaker. Shari Robinson served as mistress of ceremonies.

### Rights Marches Planned by King

NEW YORK (AP)—The Rev. Martin Luther King said Monday civil rights demonstrations are necessary in the North this summer and he will lead some personally.

He said his Southern Christian Leadership Conference "decided to work in the North this summer," and an SCLC executive committee will decide next Monday what cities will be the targets.

### Gased Roses

WOMBWELL, England (UPI)—Horace Fawcett, 68, is demanding \$56 damages from the East Midland Gas Board, claiming that fumes from a broken pipe killed 20 of his prize-roses.

### Johnson Speaks At Luci's School

WASHINGTON (AP)—President Johnson will be the commencement speaker June 1 when his daughter Luci, 17, is graduated from National Cathedral School for Girls.

He confirmed the reports at a White House state dinner Monday night.

Luci plans to go on to Georgetown University School of Nursing in the fall.

### Commencement Exercises Held for Shoshone Seniors

SHOSHONE — Commencement exercises were held for Shoshone high school seniors Friday night at the high school gymnasium with Sen. Jack M. Murphy, R-Lincoln, as speaker. He challenged the youths to prepare, use initiative, courage and take responsibility.

The high school band played the professional and recessional under direction of Harry Ralph. The Rev. John F. Tulk gave the prayers.

Musical numbers included a selection by the band. A trio, Pam Lecertua, Pat Lecertua and Jere Alexander singing to guitar accompaniment, a piano solo by Danny Pagoaga and the high school senior triple trio. Larry Haddock gave the valedictorian address on the topic "Ahead."

Gina Arrossa, salutatorian, spoke on "Best of Life."

Supt. Vernon Exner presented special awards. Scholarship awards went to Larry Haddock, \$1,200; Laurie Serpa, \$1,200, both to the College of Idaho; Galen Guthrie, the Union Pacific scholarship to the University of Idaho; Dick Jessor, youth honor, full tuition to the University of Idaho; Ginger Ross, three awards, totaling \$850.

The Danforth awards were presented to Louise Larsen and Larry Haddock. The American Legion awards were presented to the two top scholastic students.

Dr. Arthur White presented these.

Mrs. Hazel Haddock, clerk of the school board for a number of years, was presented a corsage by her grandson, Larry, on behalf of her services to the school.

Principal Carl Kinney presented the class to E. R. Werry, chairman of the school board, for presentation of the diplomas. Receiving them were Jere Alexander, Gina Arrossa, Richard Baumann, Dale Bennett, Linda Berriochoa, Steven Boeinger, Robert Bozzuto, Larry Braun, Sherry Buhler, Linda Chapman, Karen Coffman, Charlotte Climer, Ronnie Conklin, Kathie Everett, Galen Guthrie, Larry Haddock, Karen Hansen, Kathy Hovey.
