PIECES OF a big 707 jet airliner rained down on communities bordering San Francisco airport Monday when a Pan American plane caught fire on takeoff with 143 persons aboard. The plane landed safely at nearby Travis Air Force Base. Top photo shows a wing tip which fell between two houses in South San Francisco. The plane's right motor, below, fell between buildings in San Bruno. No one was reported hurt on the ground. (AP wirephoto)

## Jetliner Loses Engine, Part of Wing; Makes Miracle Landing

SAN FRANCISCO (AP)—A Pan American pilot gave thanks today for the "miracle" that let him nurse his passenger-filled 707 jet to a safe landing, despite the loss of 20 feet of wing and an engine which scattered in a populated area but hurt no one. Aboard were 143 passengers and a crew of 10. Two minutes after the Honolulu-bound jet took off from San Francisco International Airport Monday, Capt. Charles H. (Chuck) Kimes, 44, of Danville, Calif., felt a heavy vibration in his right outboard engine.

Hundred of persons in South San Francisco and San Bruno saw a ball of fire blossom on the end of the starboard wing as the No. 4 engine snapped off and plummeted to earth like a flaming meteor.

Then one-third of the wing, trailing blazing debris, broke off and slanted to earth. In the plane, pilot Kimes told his terrified passengers in a calm voice, "We have had some trouble. Keep calm and everything will be okay."

Kimes, pouring additional power to his other engines to keep his 270,000-pound plane flying, elected to head Flight 843 to Travis Air Force Base 50 miles away, where runways were long and emergency facilities many.

"I kept it going with a lot of help," Kimes said later. "It was a miracle."

At Travis, fighter planes scrambled into the air to escort him and make visual airborne inspections of the damage. A Coast Guard plane was already alongside the crippled airliner. The fire was out by this time.

Shortly after 2:30 p.m., less than half an hour after takeoff, Kimes' plane was circling Travis. Then a new crisis arose. The right landing gear refused to lower hydraulically.

First Officer F. R. Miller of Calistoga, Calif., with help from others of the crew, manually cranked down the gear. The plane landed safely. Passengers wept for joy as they debarked by way of the plane's emergency chute.

All the passengers except nine flew on to Honolulu Monday night on another Pan American 707.

"IKE" HAS CHECKUP  
WASHINGTON (AP)—Former President Dwight D. Eisenhower entered Walter Reed Army Hospital today for his periodical physical check. Hospital authorities said he might be discharged as early as this evening.

## Lost Vote Is Target Of GOP

WASHINGTON (AP)—Chairman Ray C. Bliss outlined to the Republican National Committee today an ambitious program aimed at reclaiming the big-city, Negro and young peoples' vote he said had been stolen away by the Democrats.

Bliss told a closed session of the committee he intends to "enlarge and broaden existing programs to build support among Negro voters." He said the Republicans will concentrate on big-city areas where they had 41 per cent of the vote in 1960 but dropped to 32 per cent when Barry Goldwater was the presidential candidate last year.

There will be a program, Bliss said, directed at getting college students and others of that age enlisted as Republican workers. He noted that by 1970 half of the U.S. population will be under 25 years of age.

Also on the agenda at the meeting was a recommendation by Bliss for appointment of a special committee to study reforms in procedure of national nominating conventions. Former President Dwight D. Eisenhower told the committee Monday the conventions are chaotic, marked by "confusion, noise, impossible department."

Eisenhower gave this formula for producing light and reason at the nominating conventions, which so often are overwhelmed by hoopla and bedlam:

—Give the permanent chairman dictatorial powers.

—Name 6-foot-4 sergeants at arms, police officer types perhaps.

—Limit demonstrations to five minutes; anything more than that is "spurious and phony."

—Cut down the number of delegates and make the alternates sit in the galleries.

Finally, Eisenhower turned toward a press table and, addressing reporters, said "I say all press, all publicity media, should be excluded from the floor."

## Six Directors Of Chamber Are Elected

Six new directors have been elected to the Twin Falls Chamber of Commerce Board of Directors, Ray Rostron, secretary-manager reported Tuesday.

Ballots were counted Monday afternoon in the chamber office. Elected for three-year terms were James Kinney, Fidelity National Bank; Earl Faulkner, the Paris; Jack Shaw, Sears, Roebuck and Co., and Pat O'Connor, Idaho Power Co.

Elected for two-year terms were Bob Day, Amalgamated Sugar Co., and John Christoferson, Carleson Pontiac-Cadillac.

Carryovers on the board are Douglas Kramer, first vice president; Dr. Paul Heuston, second vice-president; Gordon Edgar, Henry Woodall, Joe Cilek and Tommy Walker.

Rostron said the new board of directors will meet soon to elect officers for the coming year.

Retiring directors are Willard Rees, president; Ted Roth, Vern Harmer, C. E. (Bud) Wadsworth Jr., James Phelps and Dudley Driscoll. The entire chamber membership expressed appreciation for the time and effort put forth by the retiring directors.

The canvassing committee appointed by Rees consisted of Robert Harvey, Joe Milrany, Ernest Marlow, Juneau Shinn, Jerry Shane and William Sellers.

The county commissioners met Monday and Tuesday as a Board of Equalization to evaluate appeals by county citizens against real property assessments they felt were unequal.

Morris Carlson, commission chairman, said that about 12 persons met with the commissioners Monday and that many or more met Tuesday.

Citizens wishing to appeal real and personal property taxes assessed by the county assessor may do so July 6 and 7, at which time the commissioners again will meet as the Board of Equalization.

Carlson explained that the remaining days of the week will be spent evaluating the real and personal property owned by taxpayers making appeals.

## Good Policy

WASHINGTON (UPI)—Sen. Len Jordan, R-Idaho, said Tuesday words uttered by Sen. William Borah in 1916 are good guidelines for U. S. foreign policy today.

Jordan praised the former Idaho senator in a senate speech noting the 100th anniversary of Borah's birth.

Jordan quoted Borah as saying at the 1916 Republican National Convention, "make our position strong for America first, for the protection of American rights here and abroad, and those who live America abroad above all will be with us; the rest we do not want."

Jordan said Borah later in the speech emphasized that "a nation which declares itself too proud to fight will soon be regarded by the nations of the earth as too cowardly to live."

## Borah Given Tributes on Anniversary

By The Associated Press  
Government leaders in Idaho and Washington, D. C., scheduled tributes Tuesday to the late Senator William F. Borah—the "Lion of Idaho"—on the 100th anniversary of his birth.

Idaho Congressmen planned speeches of tribute on the House and Senate floors while in Idaho Gov. Robert E. Smylie planned to lay a wreath at Borah's grave in Morris Hill Cemetery at 10:30 a. m.

In remarks prepared for his tribute on the Senate floor, Sen. Frank Church referred to Borah as a "splendidly independent man."

"He was not an organization man," said Church. "While he lived, he was usually making things uncomfortable for men in high places, both in and out of his party."

Borah, who served in the Senate 33 years and was chairman of the Foreign Affairs Committee for 13, was often a champion of unpopular causes, said Church.

"His place in history is not yet settled," Church said, "but sure it is that he will have one—a distinction that comes to few."

## Funds Allocated For Elmore Road

WASHINGTON (AP)—An allocation of \$31,455 in federal funds to finance flood damage repairs to an Idaho road was announced today by Sen. Frank Church and Rep. Compton I. White, Idaho Democrats.

The funds will be used to repair the Pine to Featherville road in Elmore County.

Church said the grant brings to \$942,783 the funds allocated to Idaho for repair of roads damaged by floods last winter.

## U.S., Vietnamese Paratroopers Join In Jungle Strike

SAIGON, Viet Nam (AP)—U.S. and Vietnamese paratroopers hunted together for the Viet Cong in the jungle 30 miles north of Saigon today in their first such combined operation of the war. About 800 Australian infantry also moved in late in the day. A Viet Cong grenade killed a young American paratrooper as he groped down a jungle path festooned with vines and creepers. He was the first man from the U.S. Army's 173rd Airborne Brigade to die in action in Viet Nam. A rifle bullet wounded another in the chest.

More than 1,200 men of the 173rd and two Vietnamese airborne battalions—perhaps 400 men—were lifted into the area Monday by a fleet of more than 130 helicopters. This followed up a B52 jet bombardment of a three-square-mile section of the Viet Cong stronghold June 18 and a sweep last Thursday by one battalion of the 173rd.

As in the previous operations, visual contact with the enemy was slight. A U.S. military spokesman said American and Vietnamese casualties were light so far.

Meanwhile, U.S. Air Force planes made their deepest strike into North Viet Nam today, hitting a barracks and supply depot 150 miles west north of Hanoi, U.S. military spokesmen announced.

The spokesmen said the Thu-an Chau depot was two miles farther north than any previous Air Force target. They said pilots reported destroying 32 buildings and damaging 20 others.

A U.S. Air Force B57 jet bomber was hit by Communist ground fire as it supported a ground operation 15 miles from Saigon and crashed and burned in a rice field two miles north of the Saigon airport, U.S. spokesmen reported.

The two crewmen ejected from the plane after the left wing caught fire, but one man's parachute failed to open, the spokesmen said. His body was recovered. The second airman parachuted into a river and a search was being made for him.

The dead flier was the 430th American killed in combat in Viet Nam.

A second American plane, an RF101, was shot down at low altitude on another raid north of the Hanoi line, and the pilot was presumed killed, spokesmen announced. The plane was flying support for an attack by other aircraft on the Son La barracks and supply depot about 140 miles west northwest of Hanoi. It has been the target of several previous attacks.

Reliable sources reported an American adviser was killed and another wounded in a major engagement being fought by troops of the Vietnamese 7th division near Cai Lay, in the Mekong delta about 45 miles southwest of Saigon.

WOUNDED U.S. HELICOPTER GUNNERS receive emergency aid aboard their craft on return to the Tan Hiep airfield from landing U.S. and Vietnamese paratroopers in Viet Cong area 30 miles north of Saigon Tuesday. ## 460 Persons Attend Sales Tax Clinic

Approximately 460 people attended a sales tax clinic Tuesday at the American Legion Hall to learn about the various aspects of the sales tax which goes into effect Thursday. The sales tax clinic began at 9 a.m. A panel of men connected with the sales tax gave brief remarks, then a question session followed with the audience handing in written questions to the panel. The panel consisted of Max Yost, director of the Associated Taxpayers of Idaho; Floyd West, state tax collector; Buzz Smith, area tax collector; Kenneth Tipton, in charge of the sales tax division for Idaho and Vern Doshier, Twin Falls state tax commissioner.

## River Spills Over Banks In Arco Area

ARCO (UPI)—The Big Lost River, which has caused nearly \$400,000 worth of flood damage this month, continued to spill over its banks in the Arco area Tuesday.

Heavy snowpack plus 1.88 inches of rainfall recorded in the area over the weekend caused another surge of inundation, according to Ed Ramshaw, Butte County civil defense director.

Ramshaw estimated there have been or are more than 5,500 acres of land flooded by the river. This estimate, he said, includes 1,200 acres of cropland.

Mackay reservoir is nearly at capacity, he added. It can hold 44,000 acre feet and Tuesday reached nearly 42,000.

Six and possibly more families have been forced to leave their homes as a result of the swollen river, Ramshaw said.

He reported flooding not only around the town of Arco but some inside the community.

He said there was one-way traffic only over the bridge on U. S. 93A between Arco and Moore. He said an attempt would be made to put a culvert into the old main highway leading to Moore.

Ramshaw estimated the damage to crops in the county so far this month at \$250,000, damage to roads and bridges at \$50,000 and damage to canals nearly \$100,000.

## Stock Market Somersaults, Action Heavy

NEW YORK (AP)—A turbulent stock market soared and plunged and then advanced again late today in the heaviest trading of the year.

First-hour volume of 2.63 million shares was the heaviest ever recorded by the New York Stock Exchange.

Volume for the day was expected to total 10.3 million shares, compared with 7.66 million Monday. It would be the first 10-million share day this year.

The gain petered out by noon and by 2 p.m. the market was declining at about the same pace.

At 11:30 a.m. the Dow Jones average of 30 industrial stocks was up 7.74 at 848.33. A half-hour later the gain was cut nearly in half. At 2 p.m. the average was at 835.54, off 5.05.

The Dow 30 industrials closed at 851.40, up 10.81.

The gyrations came after four straight days of losses, including the year's worst one-day loss Monday.

## M. J. Bays Is Promoted by State Police

BOISE (AP)—Advancement of State Police Second Lt. Maurice J. Bays Jr., Twin Falls, to first lieutenant was announced Monday by the Idaho State Police Merit Board.

Supt. A. E. Perkins said Bays will be assigned as field inspector in the headquarters division in Boise. He has been with the Idaho State Police since 1946 and recently completed a course in police administration at Northwestern University.

"His duties as staff officer," Perkins said, "will be to inspect the six state police districts in Idaho for personnel, equipment and to see that they are all following the operations manual."

Charles Sterling, 36, officer in charge of a Boise roving port of entry, was advanced to patrolman and will be stationed at Mountain Home. He succeeds Calvin Barnard, who was promoted to sergeant and transferred to Pocatello.

Carroll R. Green, 30, a roving port of entry officer at Caldwell, was named to succeed Sterling at Boise.

# Idaho Young Republicans Make Unity Move

By RICHARD CHARNOCK  
BOISE (UPI)—In a surprising unity move, the new state president of the Young Republicans has appointed the man he defeated to head an important re-organization committee.

James L. Larry Schoenhut, Cascade, confirmed to UPI Monday night he had named Dennis M. Olsen, Idaho Falls, to chair a committee for constitutional revision of the organization.

Olsen, who accepted the appointment, said he did so in the belief the Young Republicans constitution was one of the stumbling blocks toward unity in Idaho's Young Republicans.

But he said his acceptance of the appointment did not rule out the possibility reported earlier Monday that those defeated at the weekend convention at Idaho Falls might appeal to the National Young Republicans.

"I'm not foreclosing the possibility," Olsen said. "If there is an indication of the real need, I think there was a gross inequity at the state convention. But I'd rather take care of it right here in Idaho."

Nevertheless, Olsen, whose forces abstained from voting in the election between him and Schoenhut Saturday, said he felt there was going to be unity within Idaho's Young Republicans.

As yet, other members of the constitutional committee have not been appointed, Olsen said he felt they should come from throughout the state.

Olsen indicated he had not worked out exactly what he hoped to do with the committee except to resolve contradictions within Young Republicans state constitution.

While Olsen's faction at the convention challenged delegations from college Young Repub-

lican Clubs, Olsen said he believed those clubs were a very important segment of the Young Republicans.

"This is their first start in politics," he said.

## Fund Raising Methods Are Considered

SHOSHONE—Ways to raise money for the new 4-H camp were considered at the Magic 4-H Club meeting held Monday at the home of Mr. and Mrs. V. C. Ross.

Each member is to bring an idea for this to the next meeting. Carlene Sheer gave a demonstration on how to cast on knitting and how to purl. Charlene Race demonstrated the knit stitch.

Tina Froscher gave a demonstration on how to make brownies at the Wednesday Wonder club held at her home. Mrs. J. R. Churchman is the leader and showed members how to fringe scarves and directed their work on aprons.

"I'VE GOT TO WORK until I die." So says Peter Ronca, blacksmith, who was 85 years old Tuesday. Ronca is shown working at an anvil in his blacksmith shop behind his home in Roseto, Pa., where he turns out ornamental ironwork of all kinds. Ronca also still works daily as a blacksmith in the area's slate quarries. (AP wirephoto)

## Blacksmith Turns 85, but He'll Work Until He Dies

ROSETO, Pa. (AP)—"I said it over 65 years ago, and I say it now, with more conviction than ever — I've got to work till I die."

That is the birthday text of Peter Ronca, who turns a sturdy and determined 85 today. He is the pride of this Lehigh Valley town of less than 2,000 which has become famous in the last few years for the longevity of its citizens.

Ronca, one of Roseto's oldest residents, still works daily as a blacksmith in the area's slate quarries, turning out frequently as early as 4 a.m.

Boasting remarkable health for a man of any age, Ronca also helps one of his sons, Nicholas, in his garage business, cultivates a large garden, rides a bicycle for sport, picks fruits by climbing trees, crusades against indolence.

It cost him a pang even to take his birthday off, but since it is practically a community holiday he could do little else. Hundreds of visitors, members of the Ronca family — some of them from Italy—plus the unabashedly curious are expected.

And there are letters, cards and telegrams from many admirers, including governors, senators and other dignitaries. Ever since Roseto moved into focus as the town all but devoid of heart ailments — although Rosetans eat as if there were no tomorrow — Ronca has been getting letters galore. "I try to reply to all these good people," Ronca said. "They have problems, most of them, and I want to help. But I have no sure-fire answers. I think we live long here, keep well and stay happy because we work hard and have real peace of mind." Ronca and his wife, Maria, celebrated their 60th wedding anniversary April 30.

## Plan Changed On Pictures From Mars

WASHINGTON (AP) — The National Aeronautics and Space Administration said Monday that Mariner 4 pictures of Mars will be released as they are processed.

This is a change from an earlier decision that most of the pictures would be withheld from the public until after scientists had analyzed and discussed them.

NASA said officials of the Jet Propulsion Laboratory at Pasadena, Calif., plan to release the first of the expected 20 photographs as soon as they have gone through the complex processing system.

The agency said this could be within 36 to 48 hours after Mariner begins taking the pictures at about 7 p.m. EST July 14.

Mariner 4 is to pass within 5,600 miles of Mars July 14, taking the 20 photographs in 24 minutes and recording them on magnetic tape. It will then be 134 million miles from the earth.

Computers and a digital photographic processor will convert the teletype tapes into picture form.

## Appeal for Aid to Poles Is Revealed

WASHINGTON (AP) — Details of an urgent but futile appeal by President Franklin D. Roosevelt and British Prime Minister Winston Churchill to Soviet Premier Stalin in August 1944 to help the Warsaw resistance fighters were disclosed Monday.

The wartime papers, released by the State Department, showed that Roosevelt and Churchill were greatly concerned over Soviet policies which even before the end of World War II were laying the foundation for the Iron Curtain and the cold war.

The appeal by Roosevelt and Churchill to Stalin was dispatched on Aug. 20, 1944, and said:

"We are thinking of world opinion if the anti-Nazis in Warsaw are in effect abandoned. We believe that all three of us should do the utmost to save as many of the patriots there as possible.

"We hope that you will drop immediate supplies and munitions to the patriot Poles in Warsaw, or that you will agree to help our planes in doing it very quickly. We hope you will approve. The time element is of extreme importance."

Two days later, Stalin rejected the appeal, saying:

"Sooner or later the truth about the group of criminals who have embarked on the Warsaw adventure in order to seize power, will become known to everybody. These people have exploited the good faith of the people of Warsaw, throwing many almost unarmed people against the German guns, tanks and aircraft."

Stalin refused to permit American bombers to fly arms to the Polish underground fighting in Warsaw and then land on Soviet soil.

The account is documented in a 1,478-page State Department volume on U.S. foreign relations for 1944.

## Senators Reverse Vote on Customs Duty Exemption

WASHINGTON (AP) — The Senate Finance Committee reversed itself Monday and accepted President Johnson's recommendation for a \$50 duty-free exemption on purchases brought back from abroad by U.S. tourists.

At a morning session the panel voted 8 to 7 to go along with the House on a limit of \$100 based on retail value of the purchases.

But at a hastily called afternoon session, the committee backed up and agreed to go along with the \$50 ceiling, also based on retail value. The vote this time was 11 to 6.

The Senate committee kept a \$200 limit for the Virgin Islands as well as to other countries.

## Two Youths Sentenced For Rioting

LACONIA, N.H. (AP) — Two Massachusetts youths were found guilty in Laconia District Court Monday of failing to disperse on the order of an officer during a riot June 19 at Weirs Beach. Both were sentenced to a year at hard labor in jail.

Samuel Sadowski and Paul Murphy, both 18 and both from Wakefield, Mass., were the first of 33 youths to be brought to trial on similar charges stemming from the riot.

Sadowski and Murphy appealed their convictions to Belknap County Superior Court. Bail was set at \$1,000 each.

In Sadowski's case — the first heard — County Atty. Richard Brouillard urged Judge Bernard Snierson to impose the maximum \$500 fine provided by law for the offense — and no jail sentence. But in both cases Snierson imposed the maximum jail sentence allowed — and no fine.

Both youths were convicted under New Hampshire's tough, new antiriot law which was rushed through the legislature two days before the trouble broke out among a Saturday night crowd of more than 5,000 — many of them drawn to the area by a long weekend of motorcycle racing at nearby London.

## Parking Meters Noted in Buhl

BUHL — Buhl Police Chief Charles Burbank Tuesday called residents' attention to the fact that new double parking meters have been installed throughout the business section in Buhl with special emphasis placed on those located along North and South Broadway Avenue.

Chief Burbank pointed out residents parking along Broadway Avenue fail to see a parking meter in front of their car and leave without noticing that the new double parking meter is now located at the rear of their vehicle and fail to put money in it for parking time.

To avoid overtime parking tickets he urges everyone to now check the meter at the rear of his car.

**PROFITS DISTRIBUTED**  
**BOISE (UPI)**—Supt. Fred Charlton of the state liquor dispensary Monday authorized distribution of \$1,250,000 in liquor profits — \$331,250 of which will go to Idaho's general fund.

The rest of the profits will be split up among counties, junior colleges and incorporated villages and cities. Counties and junior colleges will get \$622,000 from the quarterly distribution and incorporated cities and villages \$33,750.

**RULES TOO STRICT**  
**BOISE (AP)**—Strict qualifications that "seem to preclude almost everyone in Idaho" are making appointment of a new personnel board difficult, says Gov. Robert E. Smylie.

The three-man board is to administer a new merit system, adopted by the 1965 legislature, designed to base job security on merit rather than political changes.

Smylie said two outstanding restrictions are that the board members must have party affiliation but must not have been politically active in the past year—and must not have been connected with state government during that time.

**TRUCK DRIVER ROBBED**  
**BOISE (AP)**—A beer truck driver told police he was robbed of nearly \$1,000 Monday night in front of a Garden City tavern west of here.

Walter Berkenble, 29, Boise, said something hard was thrust in his back as he left the tavern and a man demanded his money.

Berkenble said he started to turn and was struck across the back of the head. Police said he was treated at St. Luke's Hospital for a large bruise on his head.

**HEARING SCHEDULED**  
**BOISE (AP)**—The State Board of Health announced Monday it will hold a public hearing July 14 on regulations governing the testing in infants for phenylketonuria, commonly called PKU.

The disorder can cause mental retardation and by testing at birth treatments can be undertaken at once.

Dr. T. O. Carver, state health administrator, said anyone interested is welcome to speak at the hearing. He said written statements also will be accepted.

**CREDIT UNION OPENS**  
**POCATELLO (AP)**—Nearly 100 persons learned the "credit union idea" Monday at the grand opening of the Idaho Central Credit Union.

Mayor Earl Pond cut the ribbon on the 25th anniversary of Idaho Central and cited the building for outstanding aesthetic and functional design.

Idaho Central President Everett Curzon sketched the history of the union from its formation in Boise in 1940, its move to Caldwell in 1944, and to Pocatello in 1948.

**RIVERS RISING**  
**BOISE (AP)**—Henry's Fork of the Snake River was measured Monday at 9.43 feet at Rexburg, about one-half foot above official flood stage, but the Weather Bureau said the stream is beginning to fall.

The Portneuf at Pocatello was measured at 5.87 feet Monday, the bureau said, and is expected to climb to 5.8 feet Tuesday. The level for Wednesday is forecast at 5.7 feet.

The bureau predicted continued fall in the Salmon River at Salmon.

**Disease Battle Funds Okayed**  
**WASHINGTON (AP)**—The Senate passed Monday a bill to authorize federal grants of \$650 million in the next four years for establishment of regional medical complexes to combat heart disease, cancer and stroke.

The measure, sent to the House by voice vote, is a major part of President Johnson's health program. He recommended expenditures of \$1.1 billion over five years.

**AID FUNDS DOUBTED**  
**BOISE (UPI)**—An act providing for federal aid to elementary and secondary schools may not be funded by Congress before October, Public Instruction Supt. D. F. Engelking said Monday.

The superintendent returned Saturday from a three-day meeting of chief state school officers in Washington, D. C., where the new act was one of the matters discussed.

**CENTENARIAN DIES**  
**RIGBY (AP)**—Mrs. Margaret George, who celebrated her 100th birthday on April 1, died in a Rigby nursing home.

She and her husband, who died in 1929, homesteaded land near Thornton in Jefferson County.

**STATE JOB FILLED**  
**BOISE (UPI)**—Elmer Tilden Reeves, Boise, a retired Navy man, Monday was employed to succeed Henry Bates as Statehouse building superintendent, land commissioner O. J. Buxton reported.

Bates, who became 73, is retiring Wednesday because of his age, Buxton said. He was hired three years ago this coming September.

**GRASSMAN PICKED**  
**CHALLIS (AP)**—Kenneth Stewart, Mackay, was selected as the Custer County Grassman of the Year, Vic Rainey, chairman of the contest announced Monday.

Stewart won over two other finalists, J. J. Sanderson and Bud Nelson.

**RECORD SOUGHT**  
**IDAHO FALLS (UPI)**—A four member night club musical group Monday went after a record of sorts—43 hours of continuous music.

The group, known as the High Notes, started its marathon effort at 8 a.m. Members of the group said the old record for continuous playing is 42 1/2 hours.

Members of the combo are Harry Boynton, Jerry Rayne, Sammy Fisher and Anne Robinson.

**TRUSTEES RE-ELECTED**  
**CHALLIS (AP)**—Chairman Piero Piva and Vice Chairman Waldo Wall were re-elected for the fifth consecutive year as first officers of the Challis School Board at the June meeting of the trustees.

Mrs. Florence Kerr was re-appointed treasurer of the board.

**REMODELING PLANNED**  
**BOISE (UPI)**—Public Instruction Supt. D. E. Engelking said Monday his department plans to remodel former Statehouse offices of the agriculture commissioners before using them.

Agriculture Commissioner Stanley I. Trenhale moved his offices last Friday and Saturday to space in the Bank of Idaho Building from the second floor of the Statehouse.

Trenhale's new offices formerly were used by the public utilities commission. Remodeling of the capitol building offices, across the hall from Engelking's present office suite, will begin immediately, the superintendent said.

**Four Saved as Big Yacht Sinks**  
**MIAMI (UPI)**—A large yacht sank off the northeast coast of Cuba Monday.

A Norwegian freighter and a U.S. Navy destroyer rescued the craft's four crewmen.

The 104-foot yacht Lake St. John sank before dawn in the Old Bahamas Channel skirting the north coast of Cuba. No reason was given immediately for the mishap.

**COLLAPSING WALL** of burning department store in Fort Collins, Colo., buried and fatally injured Fire Chief Clifford Carpenter, 49, early Tuesday. Unidentified man in white shirt runs from the scene. Fireman in left center—also escaped. Chief Carpenter was holding the hose seen just to the right of the fireman and apparently did not realize the building was toppling. Fireman James Wichel was holding the hose shown circled in the center and was hurt by the falling debris. (AP wirephoto)

## Fire Chief Is Killed as Wall Tumbles

**FORT COLLINS, Colo. (UPI)**—A fire swept through a two-story brick building in downtown Fort Collins Monday night, fatally injuring Fire Chief Clifford Carpenter and destroying three stores. Two other firemen were injured.

Doctors at Poudre Valley Memorial Hospital said they pronounced Carpenter, about 50, dead at 12:30 a.m. following futile attempts to revive him. He was injured when a wall of the building collapsed, burying him under debris.

Firemen controlled the blaze in about two hours and prevented it from spreading to other buildings. But the building housing State Dry Goods Co., Collinad Drugs and Bowen's Book Store was a total loss.

Carpenter was buried under about two feet of rubble when the structure collapsed. Policeman Russell Buch rushed in while the bricks were still falling to try to rescue the chief, and he and other officers dug Carpenter out with their hands within a couple of minutes.

Another fireman, Lt. Ed Yonkers, also was trapped by the falling wall. He was reported in fair condition.

A third fireman escaped with only minor injuries, and two others ran out just in time.

Newsman Phil Walker of Radio Station KZIX said the south and east walls of the building, on the corner of College Avenue and Oak, fell down all at once.

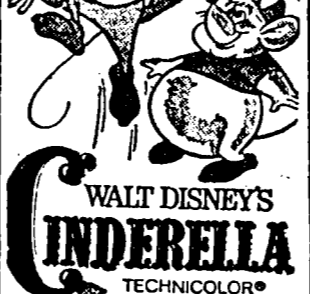

"We were standing right in front of it when it went down," Walker said. "Two of the firemen were completely buried. One of the policemen said the chief was buried under a couple of feet of rubble. Russell Buch ran in there while it was still falling down."

Walker said Carpenter had celebrated his 25th wedding anniversary only Sunday.

The cause of the fire was undetermined. There was a report that it started with an electrical short in the dry goods store, followed by an explosion when the flames reached the drug-store.

**SOLDIER ACQUITTED**  
**LEOPOLDVILLE, The Congo (AP)**—A German-born South African mercenary was acquitted in Leopoldville Monday of a charge of stealing 54 million Congolese francs (\$360,000) from Lt. Col. Michael Hoare's 5th Commando payroll.

### Anniversaries Observed at Buhl Service

**HANSEN** — The quarterly birthday anniversary dinner, held for members with birthday anniversaries this quarter, was held by members of the Royal Neighbor Lodge at Woodman Hall.

Honored guests include Mrs. Wayne Smith, Mrs. D. J. Panting, Mrs. Earl Tridle, Mrs. Lewis Reed and Mrs. Grace Rambo.

Guests were Mrs. H. R. Peterson and daughter, Jeri, Mrs. Frank Lundy, Mrs. Agnes Baker and Mrs. Grace Robinson, Baldwin Park, Calif., Dr. Glenn A. Hoss, Twin Falls, and James Worsley, Boise.

Mrs. Cloe Weech and Mrs. O. C. Anderson decorated the tables with rosebuds, candles and peonies. Mrs. Ethel McDonald baked and decorated the birthday anniversary cake.

Dr. Hoss and Worsley, executive director of the American Cancer Society for Idaho, presented the program. Two films were shown and Dr. Hoss conducted a question and answer period following the dinner.

The next meeting is set for July 13. Mrs. Wayne Smith and Mrs. Earl Baker will plan the entertainment.

### Judy Lemke, Swainston Say Nuptial Vows

**WENDELL**—Nuptial vows recited May 29 at the Calvary Lutheran Church, Gooding, united in marriage Judy Lemke, daughter of Mr. and Mrs. Otto Lemke, Wendell, and Gary Swainston, son of Mr. and Mrs. A. M. Swainston, Jerome.

Rev. E. Walter Bellmann solemnized the double ring ceremony.

Given in marriage by her father, the bride wore a floor-length gown of Chantilly lace and tulle, fashioned with a fitted bodice, long lily point sleeves, and a Peter Pan lace collar, enhanced with seed pearls and sequins. The bouffant skirt of tulle over a ruffled underskirt was outlined with clipped applique lace.

The bride carried a bouquet of pink roses and carnations centered on a white Bible. Her jewelry was a sterling cross centered with a diamond, a gift from the bridegroom.

Matron of honor was Mrs. Berry L. White, Arco, sister of the bride. Bridesmaids were Mrs. Ronnie Lemke, Jackpot, Nev., sister-in-law of the bride; Carol Burks, Jerome, sister of the bridegroom, and Lucy Spangenberg, Battle Mountain, Nev.

Albert Swainston, brother of the bridegroom, was a candle lighter. Dusty Lemke, niece of the bride, and Debby Abernathy, Jackpot, were flower girls. Timothy White, Arco, nephew of the bride, was ring-bearer.

Leo Dawson, Wendell, was best man. Ushers were Berry White, Arco, and Charles Burks, Jerome.

Mrs. L. H. Snively, organist, played the traditional wedding music and accompanied Elaine Dittmer, soloist.

The reception was held in the church hall. Mrs. Leo Dawson was in charge of the guest book. Gifts were arranged by Carolyn Mills, Ruby Strickland, Patty Madalena and Sherry Dawson.

The refreshment table was covered with lace and centered with a miniature bride and bridegroom. The cake was flanked by sweetheart cakes and candles.

The cake, baked by Ella Robinson, was cut and served by Mrs. Leo Stephens. Presiding at the punch bowl was Mrs. Robert Lemke and serving coffee was Mrs. Hubert Wood.

Out-of-town guests attended from Rupert, Idaho Falls, Arco, Bellevue, Jerome, Twin Falls and Wendell, and Jackpot and Battle Mountain, Nev.

### Katherine White Is Bride of Patrick Hoole

Katherine Mary White, daughter of Mrs. Warren L. Howell and the late Robert E. White, Twin Falls, and Patrick Henry Hoole, son of Mrs. John Hoole, Rock Springs, Wyo., were united in marriage June 19 in rites at the Episcopal Church of the Ascension.

Rev. Warren L. Howell officiated.

Matron of honor was the bride's mother. Best man was James Hoole, Pocatello, brother of the bridegroom. Organist was Mrs. JoAnne Cubit.

The bride was given in marriage by her uncle, Richard White, Boise. Acolytes were Robert White and Thomas White, brothers of the bride.

Following the ceremony, a reception and luncheon were held at the Rogerson Hotel Desert Room.

The couple will reside in Pocatello.

### Good Fellowship Circle Reports First Meeting

**FILER** — The first meeting of the reorganized Good Fellowship Circle of the Woman's Society of Christian Service was held at the home of Mrs. Winnifred Lahue, chairman.

Rev. Allen Reesor opened the meeting with a prayer and Mrs. Raymond Thomas presented the devotional service.

Mrs. Jacob Talk was elected co-chairman; Mrs. Thomas, secretary; Mrs. Ethel Haag, treasurer, and Mrs. Della Coates, courtesy chairman.

Mrs. A. A. Davis, Mrs. Harvey Peters and Mrs. Clarence McKibben were elected to the telephone committee.

Mrs. Ethel Haag presented the lesson on the Neha University, Seoul, Korea. The group voted to adopt a mission project for the year. A coffee hour preceded the meeting.

### Mrs. E. Coates Receives Quilt

**CAREY**—Mrs. Elwin Coates, immediate past president, was presented a "State Bird" quilt by Mrs. Lee Peterson, president, when the Friendly Neighbor Club met for an all day quilting bee at the home of Mrs. Harold Whitty.

The quilt, made by club members, had the official birds of the fifty states embroidered on white blocks with a coral-colored background.

The benefit drive for the Blaine County Hospital and the July 24 parade float were discussed. Float members are Mrs. Wayne Peterson, Mrs. Elwin Coates and Mrs. Chris Dodge. Mrs. Lloyd Davis is a new member.

The quilting was completed on a silk quilt belonging to Mrs. Rhea Allred, Gannett. Members plan to work on the float in July.

ROSE LEE CASPER

### Rose Casper, Wagner Reveal Wedding Plans

Mr. and Mrs. C. F. Casper announce the engagement of their daughter, Rose Lee, to David H. Wagner, son of Mrs. Rose M. Wagner, and the late L. D. Wagner, all Twin Falls.

The bride-elect is a 1965 graduate of Twin Falls High School. Wagner is a 1962 graduate of Murtaugh High School and served three years in the armed forces in Germany.

An August wedding is planned.

### Mrs. A. Hurst Gives Lesson

### Idaho Said Developing New Image

JACKSON LAKE LODGE, Wyo. (AP)—The Association of State Planning and Development Agencies was told Monday that the State of Idaho is developing a new favorable image for attraction of industry.

The executive secretary of the Idaho Department of Commerce and Development, Louise Shadduck, made the statement at the association's annual convention Monday.

She said the Idaho Legislature has struck a balance and stability between income property and sales tax which will provide a more attractive tax climate for attraction of industry to the state.

Miss Shadduck also said for the first time in history Idaho had made an appropriation exclusively for industrial development. An appropriation of \$60,000 was earmarked for this purpose in addition to the department's regular appropriation, which is used for both tourist and industrial promotion.

Miss Shadduck said the new tax structure, educational programs and expansion of the industrial development program "provides adequate proof that Idaho people aspire to economic growth."

She said "at long last the Idaho Legislature has put the horse in front of the car in industrial promotion. Idaho has reached the stage now where we can offer a real attractive program to new industries."

### Medicare Is Described as Inadequate

SUN VALLEY, Idaho (AP)—The present program of providing federal financial aid for medical care was described Monday as being adequate for Idaho residents.

The assessment was given by Dr. Corwin E. Groom of Pocatello, president of the Idaho State Medical Association, which began its 73rd annual meeting in Sun Valley.

Asked for the Idaho Association's position in relation to the American Medical Association stand on medicare, Dr. Groom said:

"As the AMA has declared, we must judge the various aspects of the program before we can make a decision.

"The Kerr-Mills bill has been very adequate for Idaho and it seems wise to finance medical assistance to those who are needy, not just for the aged, many of whom are in excellent economic position."

A speaker at the convention was Dr. Ralph C. Benson, professor and chairman of the department of obstetrics and gynecology at the University of Oregon Medical School.

Dr. Wallace H. Pierce of Lewiston was named president-elect at a pre-meeting business session Saturday to succeed Groom.

### Report Given on Poverty Program

WASHINGTON (AP)—Sargent Shriver, who is running President Johnson's antipoverty program, says it already has helped 3.1 million people and the figure should jump to 5.9 million in the year ahead.

He told a Senate Labor subcommittee Monday that 102 Job Corps centers are being opened, 3,100 community action grants have been made, 75,000 college students assisted, 260,000 youngsters enrolled in neighborhood Youth Corps projects, 10,000 rural loans made, and 88,000 adults brought into work-experience projects. In addition, he said 530,000 children were enrolled in preschool centers in Project Head Start this summer.

WASHINGTON (AP)—The Education Office said today some 600 Cuban refugees will attend U.S. colleges and universities this summer on loans made available by the office.

### Angry Over France, Man Snubs Medal

HAMMOND, Ind. (UPI)—Irving N. Chayken said Monday he is returning to France the Croix de Guerre he received nearly a half century ago because President Charles de Gaulle's "stubborn attitude" has wiped out his respect for the French nation.

Chayken, a jeweler, bought a quarter of a page of space in the Hammond Times to criticize De Gaulle in an open letter as "a major threat to the peace of the Western Hemisphere."

"I am an American first and always and those who belittle this great nation have no place in my heart after all that America has done to restore and preserve the freedom of France," Chayken said.

"I am returning this medal because I no longer have the respect of the country that gave it to me."

Chayken was awarded the coveted French medal in July, 1918, for helping to safety the wounded from his company during fighting near Soissons, France, in World War I.

### New Debt Limit Becomes Law

WASHINGTON (AP)—A new temporary national debt limit of \$328 billion became law Monday — just two days before the legal ceiling on outstanding debt would have fallen well below the amount actually owed.

President Johnson signed the bill Monday setting a new temporary limit for one year.

### Mountaineer Wins Dispute With Government Over Land

WASHINGTON (UPI)—A Tennessee mountaineer so poor he said ordinary poverty looked mighty attractive Monday won his argument with the government. He won't lose his 55 acres of hillside and he won't be fined \$1,717.52.

Rep. James H. Quillen, R-Tenn., said the Agriculture Department advised him it has relinquished its claim to the land and has asked the Justice Department to drop its action against Cooke County farmer Willford Metcalf.

Metcalf wrote Quillen in May that his troubles with Uncle Sam began several years ago when he was cutting some timber trying to eke out a living for himself and his family.

A Forest Service ranger came by and said part of the 150-acre mountain tract Metcalf thought he had bought for \$800 back in 1950 actually belonged to the government and the trees he had cut were on government land.

One thing led to another. Finally, last April 28 the government gave Metcalf 30 days to put up \$1,717.52—the presumed value of the timber he cut—and to get off the 55 acres in question.

Appealing to his congressman for help, Metcalf said he couldn't afford a survey himself and hoped the government would run a new one to make sure he wasn't right.

"If they won't do that then you have my permission to trade," he wrote Quillen. "I will take the \$1,717.52 and give them my whole farm. I can take that and buy a better place out on the road."

"I read in the paper that Congress and the President was fighting poverty. That's good and I'm for it, but tell the President if he has any poverty left over from some other place to send it down here. It's better that us mountain folks has been used to."

Quillen said Monday his pro-

### Four in Family Feared Dead in Ship Sinking

EL ROSARIO, Mex. (AP)—Four members of a California family were feared dead today, after a 14-year-old girl told of a ship sinking at sea, her 1 1/2-mile swim to a deserted Mexican coast and two days of wandering — cold and hungry — before being found.

Denise Winter of Murietta, Calif., said Monday she was apparently the only survivor after her family's 45-foot cabin cruiser developed engine trouble and sank Saturday afternoon off La Punta San Fernando, on Baja California's sparsely populated coast.

The boat was operated by her stepfather, Warren Winter, 40. With him were Denise's mother, Mary Beth Winter, 36; sister, Sheree, 12, and brother, Lance, 11.

Winter, a real estate agent, left San Quentin Island, Calif., June 23 to take his family for a vacation at La Paz, Mex., according to a family friend.

### Even a lady could learn to like Soft Whiskey. It's not hard.

Many women don't find whiskey very likeable. In fact, they find it hard to take. But we've changed all that. We've given whiskey more appeal. A lady can even drink Soft Whiskey straight. Without batting an eyelash. Soft Whiskey swallows nice and easy, treating her ever so tenderly. But don't get the wrong idea. Soft Whiskey is no softie. It's 86 proof. And does exactly what any 86 proof does. It

just does it softer. So lady, be discreet. Now, about the softening process. All we can tell you is, some of Calvert Extra is distilled in small batches instead of huge ones. Forgive our being so closemouthed. But after all, we're not going to make it easy for anyone to steal our women.

### Woman Dies Despite Use Of Pig Liver

BOSTON (UPI)—A 34-year-old woman kept alive for 18 days with the aid of a pig's liver died late Monday of a gastrointestinal hemorrhage. Dr. William V. McDermott Jr., chief of the Harvard surgical unit at Boston City Hospital, said the woman began to fail early in the day and failed to respond to "every possible practical medical and surgical technique."

The woman, whose identity was never disclosed, had undergone five porcine liver perfusions in which her blood was pumped through the liver of a dead pig. Her own liver had ceased to function.

The 18 days she remained alive after entering the hospital near death was a medical record for the new technique. In six previous attempts to save life with the pig's liver technique, no patient had survived longer than 12 days.

During her fight for life, the woman's condition had improved to the point where she was able to watch television, eat solid foods and sit up in bed.

"Unfortunately, and in spite of the temporary improvement which resulted from the support of the porcine liver perfusions, the patient's own liver could not resume sufficient function," Dr. McDermott said.

### Space Walk Eyed For Next Mission

HOUSTON, Tex. (AP)—A Manned Spacecraft Center spokesman said Monday a brief space walk may be added to the Gemini-5 mission in August.

Astronauts Charles (Pete) Conrad and Gordon Cooper will man the Gemini-5.

Deputy Project Manager Kenneth Kleinnecht said one experiment still under consideration requires a space walk. He said the experiment uses a device attached to the spacecraft's adapter rear section.

Since the adapter is jettisoned before re-entry, an astronaut would have to leave his ship, retrieve the device and bring it into the cabin, Kleinnecht said.

# Cowboy Hurlers Team up For Two-Hitter; Homers Ice First MV Victory

Hal (Bucky) Jeffcoat Jr., and lanky Larry Tolliver teamed up on a two-hitter and Jay Reed and John Marsden contributed homeruns Monday night as the Magic Valley Cowboys broke into the Pioneer League win column with a 6-0 shutout of the Pocatello Dodgers. Jeffcoat worked the first four innings in no-hit fashion and Tolliver, 6-6 and 225 pounds, kept it going for two more. But Pocatello's John Wyatt broke the spell with a wrongfield double leading off the seventh and Jim Barfield slashed a single up the middle in the ninth. Still Jeffcoat (8) and Tolliver (9) contented themselves with 17 strikeouts.

## Whitfield, Indians Rip Red Sox 9-2

BOSTON (AP) — Fred Whitfield's opposite field three-run homer launched Cleveland toward a 9-2 romp over Boston Monday night and the Indians' 15th victory in their last 17 games.

Cleveland survived some wild spells by its own pitching staff after building up a 5-0 lead by the top of the fourth inning. Cleveland starter Luis Tiant got his seventh victory but needed help in the sixth from Floyd Weaver. Tiant had worked 3 2-3 innings in the first game of Sunday's doubleheader but Manager Birdie Tebbets came right back with him.

The Indians, who collected 35 hits and 21 runs in sweeping Sunday's doubleheader, added 14 hits Monday night.

## Mets Sweep Twin Wins From Braves

NEW YORK (AP) — Jack Fisher's strong pitching in the opener and a five-run burst in the fourth inning of the second game carried the last-place New York Mets to a doubleheader sweep over Milwaukee Monday night, 5-2 and 6-3.

The National League tallenders ended their latest losing string at five games and the double setback gave the Braves their longest losing streak of the season, four straight.

Fisher, who had lost four in a row, scattered nine hits in the first game and got key support from Roy McMillan. The veteran shortstop knocked in the Mets' first run with a single in the third inning, then tripled in a run and scored the decisive run on Ed Kranepool's sacrifice fly in the fifth.

Kranepool launched the Mets' big fourth inning in the second game with a homer off loser Hank Fischer.

Sneed defeated Syd Scott, his British opponent, last year, 7 and 6.

## Giardello to Bypass Tiger In Title Bout

PHILADELPHIA (UPI) — Middleweight champion Joey Giardello will bypass Dick Tiger of Nigeria and meet either Joey Archer or George Benton in a title bout here Sept. 20, it was announced Monday.

Giardello's adviser, Arnold Giovanetti, said a local promoter who will handle the bout decided to turn down Tiger because the Nigerian demanded 30 per cent of the gate. The promoter regarded it as "too much," Giovanetti said.

Whether it will be Archer or Benton is expected to be announced later this week. Archer, of New York City, is ranked second to Tiger by the World Boxing Association. Benton, of Philadelphia, is ranked No. 4.

## Cub Pitchers Hold Angels For 8-2 Win

CALDWELL (AP) — Three treasure Valley Cub pitchers held the Idaho Falls Angels to 3 hits Monday night while teammates scored off Angels pitchers for an 8-2 win in Simplot Stadium.

The two clubs complete a three game series Tuesday night. Ray Newman pitched five innings for the Cubs to take credit for the win.

The Treasure Valley club took nine hits off three Idaho Falls pitchers and put the game out of reach in the third inning with a three-run burst against starting and losing pitcher Jim Allen.

Paul Campbell took two of the Angels' three hits in four trips to plate. He hit a double and a single.

The two clubs move to Idaho Falls Wednesday night for a four-game series.

## Chicago Rips Twins 17-4 to Tie Loop Lead

ST. PAUL-MINNEAPOLIS (AP) — Tom McCraw's grand slam homer and a seven-run sixth inning uprising triggered by Danny Cater's homer carried the Chicago White Sox to a 17-4 victory over Minnesota Monday night and into a tie for the American League lead.

The crushing defeat knocked the Twins out of first place for the first time since May 20 and enabled the White Sox and Cleveland Indians to leap into a tie for the top spot. The 17 runs, put together with a 19-hit attack, tied the major league high for the season.

McCraw tagged his grand slam in the fifth inning before Cater homered and singled as the White Sox sent 12 men to the plate in the sixth inning, bringing relief pitcher Eddie Fisher his ninth victory against two losses.

CHICAGO (AP) — Larry Jackson, a 24-game winner last season, pitched a six-hitter and Ron Santo and Dor Landrum hit two-run homers Monday in a 7-2 victory for the Chicago Cubs over the Houston Astros.

It was Jackson's fifth victory and Dave Giusti's first defeat by the Cubs over a two-year span.

Santo hit his 16th home run over the left field bleachers in the fourth following Billy Williams' 26th double. Landrum connected for his third homer in the fifth with Glenn Beckert on after Beckert had driven in Vic Roznovsky and Don Kessinger with a two-run single. Landrum stole home in the eighth, having moved around on a single, stolen base and a fly ball.

# Floyd May Be Ready To Join Top Golfers

ST. PAUL, Minn. (AP) — Raymond Floyd, a beely young better who brims with confidence on a golf course, may be ready to join the likes of Arnold Palmer and Jack Nicklaus in the power brigade on the pro golf tour.

Floyd, playing his third year on the pro tour although only 22, slammed his way to the championship in the \$100,000 St. Paul Open Sunday and picked up the biggest check of his career, \$20,000.

He shot a final-round 69 on wind-blown Keller golf course to take the top prize with a 72-hole total of 270—14 under par and four strokes better than Tommy Aaron and Gene Littler.

Palmer and Doug Sanders predict big things for Floyd. "He's a real good golfer now and he'll get better," Palmer said. "He's one who doesn't let things bother him."

"Floyd is going to be a great golfer," said Sanders. "He is a fine putter, hits the long ball and has a good temperament for golf."

Floyd, youngest man ever to win a PGA tour tournament when he copped the St. Petersburg Open in 1963 at age 20, posted a three-under 33 on the front nine Sunday to go four strokes in front and nobody could catch him.

A native of Fayetteville, N.C., where his father once owned a golf course, Floyd now plays out of St. Andrews, Ill.

Aaron slipped to a one-over-par 72 Sunday but still tied for

second with Gene Littler, who came in with a 70 for a 274 total. They won \$9,750.  
Denn Refram was fourth at 275 to take \$5,000.  
Deadlocked for fifth at 278 were Nicklaus and Bruce Devlin, while Palmer, Joe Campbell, Dick Sikes and Gardner Dickinson all had 277.

Most gasolines are clean when they leave the refinery. But on the way to your car—in transit and in storage—they pick up impurities that could choke off power, reduce engine efficiency... could even stop you cold. Automotive engineers asked for an answer to this problem—American Oil Research developed the American FINAL/FILTER: It rids gasoline of tiny impurities right at the pump nozzle. If you depend on your car for your livelihood (and even if you don't) it pays to "fill 'er up filtered" with American, Regular or American, Super-Premium.

Peace Corps Test Is Set For July 10

An opportunity for Twin Falls area residents to apply for the Peace Corps will be available 9 a.m. July 10 in the Civil Service Room, Twin Falls post office.

Applicants will take the Peace Corps Placement Test, which is not passed or failed and requires no study. It measures general aptitude and the ability to learn a language.

If, for example, test scores indicate limited language acquiring ability, the Peace Corps tries to place the applicant in an English-speaking area.

The test is used by the Peace Corps only as a tool in matching volunteers and jobs. The Peace Corps application is the most important indicator of suitability for Peace Corps service.

Applicants should plan on about one and one-half hours at the testing center, unless they wish to take the Spanish or French language achievement test, which requires an additional hour.

Doctors Are Reactivating Idle Hospital

JACKSONVILLE, Fla. (AP) - It was a fine 50-bed hospital; one among a community of 15,000 would be proud to have. But it didn't have any doctors.

But at least the medical isolation of Trujillo is being changed. The guiding force is Dr. John J. (Jack) Fisher, a Jacksonville obstetrician. Fisher's enthusiasm has infected a dozen or so other medical men around Florida and at least one dentist, Dr. William J. Averch of Daytona Beach, who is coming out of retirement.

Col. Paul A. Harmon, the Army's site commander, said the Army's pre-encampment support activities will be finished for the July 4 weekend. Gen. Brown said he was particularly impressed by the ration breakdown system that receives each scout troop to receive food rations within 45 minutes after the breakdown begins.

Accompanying Gen. Brown on the inspection tour were his aide, Maj. E. H. Bousall III; R. E. Hopper, Idaho commissioner of law enforcement; Maj. Gen. George B. Bennett, Idaho adjutant general; and Miss Mary Adams, the Girl Scout Roundup director.

Need-More Cash? Get It Today... The Want Ad Way

HOW TO WRITE A GOOD CLASSIFIED WANT AD

1-IT'S ALWAYS BEST to start your advertisement with the name of the article or service you have to offer. If you have an apartment or room for rent or property for sale start your advertisement with the location.

2-BE CLEAR. Readers respond more quickly and favorably to information that is complete and definite. Do not include the very most important aspects of any advertisement to include the price.

3-MAKE IT EASY for the reader to reach you. Always insert your telephone number or your name and address. If you do not have regular hours give a preferred time to have prospective callers call.

4-THE GREATER THE READER ATTENTION can be secured for your advertisement by using concrete illustrations. Play safe and use a seven-day order in best and costs less. There are also very special monthly rates for those who are desiring to keep their name and offering before the public every day.

5-PLACE YOURSELF in the reader's position and ask yourself what you would like to know (about your offer). The answer you give will make a good classified ad.

6-CLASSIFIED readers are already interested in buying your used or new merchandise. These people have the money and are already in the market. So give them every advantage you can with good ad copy.

7-WANT ADS THAT FAIL to attract attention do so not through any lack of readership, but because they are often carelessly written and do not contain enough information to get prompt action.

8-TO PLACE YOUR ADVERTISEMENT in the Twin Falls Classified Want Ad, call 733-0931 or write to the editor, 1100 Main Street, Twin Falls, Idaho.

### Drop in Net Farm Income Is Predicted

MINNEAPOLIS (UPI)—Secretary of Agriculture Orville L. Freeman said Monday net farm income will drop as much as 50 per cent unless Congress renews the farm commodity programs.

Freeman said it is a "shameful, shocking" thing that 2.5 million farm families are not even earning the minimum national wage of \$1.25 an hour.

Only 400,000 commercial family farms earn their operators wages comparable to those of a skilled factory worker, Freeman said.

"We are advancing" because of "sound, purposeful commodity programs," he said, but renewal of these programs now before Congress "is not certain."

"Yet if the commodity programs are abandoned, if farmers are not kept equipped with adequate tools for supply management and price support, net farm income will drop as much as 50 per cent," he said.

### Homebodies

MELBOURNE, Australia (AP)—Australians from the state of Victoria are the world's leading homeowners, with 75 per cent of the householders owning their homes, reports the state housing minister.

In the United States 61.9 per cent of the householders own their own homes, the minister said.

### Funds OK'd For Regional Medical Units

WASHINGTON (AP)—The Senate approved a \$650-million authorization bill Monday to establish regional medical centers to fight the nation's three major killers: heart disease, cancer and stroke.

A major part of President Johnson's health program, the plan if approved by the House will combine medical schools, hospitals and research institutions for coordinated programs.

The aim is to bring patients the latest advances in the prevention, diagnosis and treatment of the illnesses the Senate Labor and Welfare Committee said caused 71 per cent of the nation's deaths.

There is no mention in the bill, passed by a voice vote, of any proposed sites for the regional centers.

The measure authorizes appropriation of the \$650 million over a four-year period; \$50 million the next fiscal year starting July 1, \$100 million the following year, \$200 million the third year and \$300 million the fourth.

The federal government could pay all of the cost of planning the centers and 90 per cent of the cost of building and equipping them.

### Bandleader Red Nichols, Age 60, Dies

LAS VEGAS, Nev. (AP)—Bandleader Loring (Red) Nichols, who turned a baton and a trumpet into some of jazz music's greatest moments, died of a heart attack Monday. He was 60.

Nichols was stricken at his motel and pronounced dead on arrival at Southern Nevada Memorial Hospital.

He had been performing nightly at the Mint Hotel Casino.

Nichols' career spanned 42 years in show business as a leader of both big bands and his famous Five Pennies combo.

He hired and developed some of popular music's all-time greats, including Benny Goodman, Artie Shaw, Jimmy Dorsey and Gene Krupa. Glenn Miller was his first arranger.

In 1958 his life story, "The Five Pennies," was made into a motion picture starring Danny Kaye.

Nichols broke in his trumpet as a kid in the early 20s in New York. He caught on with the college crowds and his big band became one of the greatest of the 1930s.

### Saltbed Mineral Deposits Wanted

SALT LAKE CITY (AP)—Phillips Petroleum Co. says it has asked the Bureau of Land Management to use 50,000 acres of lakebed bordering the Great Salt Lake.

David C. Arnold, manager of Phillips' minerals division, said Monday his firm hoped to study the lake's saline deposits and the feasibility of developing magnesium and potassium.

Arnold said the BLM has taken no action on the application — possibly pending a decision on whether the lakebeds are owned by Utah or the federal government.

### Chicago Civil Rights Group Blocks Street

By United Press International  
Civil rights demonstrators clogged traffic on a busy Chicago street Monday and police hauled 75 of them to jail. Early Tuesday morning demonstrators created a disturbance in a courtroom.

The demonstrators, seeking the removal of controversial public school Supt. Benjamin C. Willis, staged a sit-down during the evening rush hour on a Loop street outside city hall.

Earlier, about 600 persons had marched on city hall while a delegation conferred with Mayor Richard J. Daley. The group wants Daley to help oust Willis, accused of preserving alleged de facto segregation in Chicago schools.

The delegation said it was "totally unsuccessful" in getting Daley's aid.

The demonstrators who sat down in the street blocked traffic for about 10 minutes. Then police vans rolled up and officers began making mass arrests.

Fifty-one adults and 21 juveniles were seized, bringing to more than 625 the number of arrests in Chicago during the current demonstrations.

A free-for-all developed between police and demonstrators during the arrests Monday and a clergyman was struck several times. A water bomb was tossed onto spectators from a nearby building.

At Camden, Ala., police arrested 18 persons, including 12 Negroes, on charges of breaking the city's anti-boycott statute.

The group, participants in a summer civil rights program of the Southern Christian Leadership Conference, were accused of leading a boycott against Camden merchants.

The group was arrested at a church which served as their headquarters.

Elsewhere:  
New Orleans: Three Negro civil rights workers testified Monday in a damage suit against officials and police of Bogalusa, La., accused of brutality. The officials have been charged in federal court with failing to protect civil rights demonstrators.

Denver: Roy Wilkins, executive director of the National Association for the Advancement of Colored People (NAACP), said Monday that "Jim Crow and all the evil he represents are on their last leg in America."

### Skateboard Rules Listed For Safety

SALT LAKE CITY (AP) — Utah Safety Council President Robert R. Sonntag said today that a National Safety Council report shows there have been five skateboard fatalities across the country—four of them children five years or under.

Four of the five deaths involved collisions with a motor vehicle.

The council also said that at least 200 injuries from the sport have occurred since April.

The Utah Safety Council suggests that parents continue to instruct their children to follow these safety rules:

Skateboards should not be used on public streets or driveways that incline to the streets. Steep hills also are not suitable places for skateboarding.

Control, not speed, should be emphasized.

Skateboarders should be mindful of the right of pedestrians.

Any child who is unwilling or not old enough — to follow these rules should not be permitted to use skateboards.

### Daughter of Buhl Couple To Join Samoan TV Project

BUHL — Blanche Novacek, daughter of Mr. and Mrs. Charles Novacek, 720 11th Ave. N., Buhl, is leaving for the South Pacific to participate in the National Association of Educational Broadcasters Educational Television Research Project at Pago Pago (Pago), American Samoa.

BLANCHE NOVACEK

Miss Novacek will be on leave of absence to work as producer-director in the ETV project there, the first ETV system in any of the world's underdeveloped areas.

Before her appointment to American Samoa, she had been employed as producer - writer with channel 62 in Tacoma, Wash.

Educational television went on the air in Pago Pago Oct. 5. Its programs are videotaped at the Michael J. Kirwan Educational Center at Pago Pago. From the studio center, they go by microwave to 1,603-foot Mount Alava, across Pago Pago harbor to a series of 40,000-watt transmitters.

The programs are received at a series of consolidated village schools, where a mainland principal supervises a staff of Samoan teachers.

The ETV network was the idea of American Samoa Gov. H. Rex Lee who found a backward school system in existence when he took office in 1961.

The American Samoan ETV system is the first in the world in which television supplants, rather than supplements, classroom teachers. When the system is in full operation, all instruction for some 8,000 elementary and high school students will be by television.

Miss Novacek received her master of education degree at the University of Idaho in 1960. She is a member of National Association of Educational Broadcasters, life member of National Education Association, and American Childhood Education, International. Also, she has served two years on the Washington Education Association, state committee on implementation of work conditions.

After visiting her parents and sister and her husband, Mr. and Mrs. Larry Mathiesen, she will leave Thursday and visit ETV facilities in Honolulu, en route to Pago Pago.
