Astronauts Undergoing 11 Days of Debriefing After Historic Mission

CAPE KENNEDY, Fla. (AP) — Astronauts Gordon Cooper and Charles Conrad flew back today to this base from which they were launched on their epic, eight-day voyage in space. Two Navy planes, bringing the spacemen off the deck of the aircraft carrier Lake Champlain, landed on the Cape Kennedy "skid strip" at 11:42 a.m. EST. Florida's Gov. Haydon Burns, joining with space officials in greeting the nation's newest heroes, presented each astronaut with a plaque engraved with the great seal of the state and expressing "the appreciation of the state of Florida" for the

Recovery of Gemini 5 spacecraft and Astronauts Charles Conrad Jr. and Gordon Cooper Jr. after their eight-day historic space flight are shown in photos on page 10.

epic journey that started here "It's great to be back on solid ground," Cooper said. "And we're glad to be getting back to work, writing a report on the flight—the good, the bad, the indifferent."

"We hope it will be a report that will improve the quality of later flights." Refreshed by a 12-hour sleep on the carrier, Cooper and Conrad looked hale and hearty. Each said he "felt fine" and had suffered no ill effects at all from the marathon journey in the vacuum of space.

After the brief greetings, Cooper and Conrad were hustled away to begin the long mission reviews that will keep them in seclusion 11 days.

Dr. Charles A. Berry, Gemini flight surgeon, said each had

Santo Domingo Sees Heaviest Exchange of Fire Since June

SANTO DOMINGO, Dominican Republic (AP) — Rebel troops and the Inter-American Peace Force engaged in a heavy exchange of fire during the night in the most serious outbreak since June. Rebel headquarters reported at least 5 dead and 10 wounded in the sharp, two-hour firefight ending shortly after midnight. Organization of American States sources said rebel casualties had been reported

Coalition May Form to Quell Greek Crisis

(See picture on page 8) ATHENS, Greece (AP) — Indications mounted today that King Constantine may try to form a coalition government in an effort to find a way out of Greece's political crisis.

The 25-year-old monarch was reported ready to appeal to all political factions to help him now that Parliament has brought down the second government he tried to form since the crisis began July 15.

The 9-day government of Elias Tsirimokos was defeated 159-135 in a confidence vote Sunday. Tsirimokos went to the royal palace Sunday night to hand in his resignation.

After almost two hours with the king, the 58-year-old Socialist told newsmen Constantine would once again try to form a government out of Parliament's ranks.

Tsirimokos said the next government would have to be accepted by all 300 members of Parliament — indicating the king was contemplating a coalition regime.

Such a plan might run into opposition from former Premier George Papandreou, 77-year-old leader of the Center Union party and chief antagonist of the king. Papandreou has said he would not accept any coalition unless he headed it and his party ran it.

Church Notes Aid to Flooded Idaho Counties

WASHINGTON (AP) — Sen. Frank Church, D-Idaho, announced today that the U. S. Army Corps of Engineers has assigned a top priority rating to projects aimed at alleviating flood damage conditions on the Big Lost River.

He said the corps has notified him a field survey team moved into Butte and Custer counties today to study flood damage.

Church said he asked the corps to take over flood damage work after the office of emergency planning declined to do so.

PERSONNEL TOTAL GIVEN SAIGON, South Viet Nam (AP) — The number of U. S. military personnel in South Viet Nam totaled about 90,050 as of midnight Thursday, Aug. 26, an announcement said today.

SAC Bombers Hit Posts In Viet Cong

SAIGON, South Viet Nam (AP) — U.S. B52 bombers from the Strategic Air Command again hit suspected Viet Cong positions in two weekend raids in South Viet Nam, a U.S. military spokesman announced today.

Communist gunners shot down an American plane over North Viet Nam and Viet Cong guerrillas attacked a half-dozen outposts south of Saigon, over-running three of them.

One of the B52 strikes was made Saturday in northern Quang Tin Province, 325 miles north of Saigon. The other, on Sunday, again hit Zone D, the 600-square-mile jungle area which starts 30 miles north of Saigon.

The strikes by the Guam-based eight-engine planes were the 13th and 14th reported in the war. Five of them were carried out in the last six days.

Under new security regulations, the spokesman did not give the number of planes taking part or the number of bombs dropped.

Elements of a U.S. Marine battalion killed an estimated 10 Viet Cong and wounded 8 others Sunday in a clash near the giant U.S.-South Vietnamese air base at Da Nang, military spokesman reported.

2 Maritime Unions Ask Strike End

NEW YORK (AP) — Leaders of two maritime unions said they will recommend speedy ratification of the agreement ending the costly 75-day shipping strike in East and Gulf Coast ports.

The two unions are the International Organization of Masters, Mates and Pilots, and the American Radio Association, both AFL-CIO.

Ratification could come by Wednesday, with ships sailing the following day.

President Johnson, who announced the settlement, hailed it as a step "toward a new and responsible maritime policy in this country."

Secretary of Labor W. Willard Wirtz and union and management negotiators had held continuous bargaining sessions in Washington.

Nearly 100 ships have been idled by the strike that began June 15. President Johnson said strike losses, which have been estimated unofficially at about \$150 million, "cannot ever be recovered."

Orientation Held for New College Students

More than 140 College of Southern Idaho students attended the freshman orientation session Monday morning at Twin Falls High School Gymnasium. Dr. Don L. Keith, dean of the college, began the session by introducing faculty members to the students. He then gave the students a brief resume of parking, dress, and attendance regulations to be in effect during the coming semester. Next on the agenda Monday was an explanation of the Blue Cross Insurance plan by Ted Schlemmer, Twin Falls office.

Dr. Keith then had a question and answer session which was followed by coffee and doughnuts, served by the District High Lunch Ladies.

Dr. Keith said approximately 250 students were registered Thursday and Friday and another 150 were expected to register Monday and Tuesday. The American College tests will be given again Tuesday morning at the high school for all freshmen who have not taken it, states Dr. Keith.

Fee for taking the test is \$8. The college office, located in the old hospital building on Addison Avenue West, will be open 8 a. m. to 5 p. m. Tuesday and classes will start at 3:30 p. m. Wednesday in the high school.

Hurricane Slower but Stronger

MIAMI, Fla. (AP) — Hurricane Betsy slowed its pace and gathered strength today as it turned into the open Atlantic about 290 miles north of San Juan, Puerto Rico.

Betsy, carrying 80-mile-an-hour winds, was no threat to any land area through Tuesday, forecasters said.

The Miami Weather bureau said the hurricane, second in the Atlantic this year, was expected to grow stronger as it continued whirling north-northwest at 8 miles an hour through the day.

Late this morning, Betsy was about 920 miles east-southeast of Miami.

Steel Strike Affects Are Noted by Johnson

WASHINGTON (AP) — President Johnson told steel union and management negotiators today that a strike would have tragic consequences for the nation's economy and hamper its defense program.

Seeking to head off a crippling steel strike scheduled one month after midnight Tuesday, Johnson urged both sides to put the national interest first and make concessions toward a settlement.

Gooding Sets Vote On College District

GOODING—Gooding County residents will vote Tuesday to determine whether their county will join the College of Southern Idaho District. Leland Burris, a member of the Gooding Junior College Committee, said he felt that the vote would carry but not by too big a majority. He also stated that he felt it would be passed by the younger citizens of Gooding County who have children they want to put through college. The general consensus is that the vote would be passed by a smaller margin than in the Jerome election held Friday.

Jerome County residents voted 1,151 to 136 to add their county to the Junior College District.

Polls will open for Gooding County residents at noon Tuesday and close at 8 p. m.

Voters may cast their ballots at Gooding, Wendell, Hagerman and Bliss High schools.

Voters must be 21 years old or more to qualify, residents of the state for six months, residents of the county for 30 days and a resident of the school district in which they vote.

They must be parents or guardians of children under 21 or taxpayers on real or personal property. A majority vote is required to pass the election.

At a meeting Friday morning, Dr. James L. Taylor, president of College of Southern Idaho, spoke to officers of the Gooding Parent-Teachers Association and told the group that if Gooding joins the junior college district, the college would be the largest in Idaho and possibly in the West.

WASHINGTON (AP)—A friend gave President Johnson's daughter, Luci, two hamsters—and now there are 11 in the White House.

The nine baby hamsters were born on the President's 52th birthday Friday.

The momma and papa hamsters were given to Luci by an unnamed friend for her 15th birthday recently.

Aquanauts Set up House For Test

LA JOLLA, Calif. (AP)—Ten aquanauts finish setting up housekeeping today for their 45-day endurance test in Sealab 2, 205 feet below the Pacific Ocean surface.

Then they'll swim out to help hook up a communications and data gathering unit on the side of their undersea trailer.

"Our views of marine life are tremendously exciting," team leader M. Scott Carpenter radioed to the surface Sunday.

"Visibility down here is much greater than we had hoped for," he said. "We should be extremely successful with our marine biology experiments."

A mass of unusually clear water now surrounds the undersea craft, giving the aquanauts 60 to 70 feet visibility, a Navy spokesman said.

"During preliminary dives, the water was so murky, they could see only about 20 feet," he said.

The divers descended Saturday to their 12-by-58-foot steel cylinder on the ocean floor 1,000 yards from this Southern California resort. They dove down wearing skin diving gear.

Using underwater breathing apparatus, they later swam to a rocket-shaped personnel transfer capsule 30 feet away to inspect its workings. The capsule, clearly visible from Sealab 2, will be used to bring the aquanauts to the surface in emergencies or for final decompression on ascending at the end of their tours.

Space Return Brings Peace To Families

SEABROOK, Tex. (UPI) — The smooth return to earth Sunday of the Gemini 5 spacecraft brought particular peace of mind to two space families for whom the past eight days have been the longest of their lives.

Trudy Cooper, wife of astronaut L. Gordon Cooper Jr., called the flight "wonderful" and said she looks forward to having her husband back home as soon as space officials complete the post-flight quizzing.

"It could not be beaten," Mrs. Charles (Pete) Conrad said of the flight, but she added that the next 11 days' wait may be more of a strain than were the days of the flight.

After talking to their husbands, the women went to church as they had last Sunday.

Trudy Cooper and her two daughters, and Jane Conrad and her four sons, arose before dawn and watched the space ship, like a dim morning star, go overhead on its next-to-last orbit.

Then they went inside to gather at television sets and radios to follow the flight's last moments. Two hours later both wives and the Cooper girls, Camala, 16, and Janita, 15, went to the manned spacecraft center for a closer look and to speak to the astronauts by telephone.

THREE FLIGHT DIRECTORS of Gemini 5 are a happy trio as they puff cigars in Mission Control at Manned Spacecraft Center after the successful landing of the spacecraft. Shown from left to right are Christopher C. Kraft, John Hodge and Gene Kranz. The astronauts are undergoing debriefings Monday. (NASA photo via AP wirephoto)

Congress May Agree on Bill For New Unit

WASHINGTON (AP) — Congress may reach final agreement this week on a bill to create a new Department of Housing and Urban Development.

Otherwise, both the House and Senate planned to take up little of consequence, looking ahead instead to a long Labor Day weekend.

The slow week junks once and for all earlier hopes for adjournment by Labor Day. While the Democratic leadership still speaks of possibly winding up the year's work by mid-September, Senate Republican Leader Everett M. Dirksen says he expects Congress still to be here in October.

Only two bills were listed on the Senate's published "Program Ahead." One deals with a claims agreement with Canada and the other with public lands in Florida.

The House schedule, while heavier, listed nothing to stir up a major fuss. It includes bills dealing with federal aid for schools in disaster areas, the sale or loan of surplus naval vessels to friendly foreign nations, implementation of an agreement with Canada to drop tariffs on automotive products and research in high-speed ground transportation.

Cubans Arrested in Assassin Try

MIAMI, Fla. (AP) — More than 10,000 Cubans have been arrested following an attempt to assassinate Fidel Castro, an exile group says.

The Students Revolutionary Directorate said Sunday the prime minister narrowly escaped death while returning to Havana from a rally in Santa Clara July 27.

The exile organization, attributing its information to clandestine cells operating inside Cuba, said many anti-Castroites were shot by firing squads after the attempt on the prime minister's life.

73 CASES DIAGNOSED BOISE (AP) — The Idaho Tuberculosis Association reported today 73 new cases of tuberculosis were diagnosed in Idaho during 1964.

Brigham City School Still Deadlocked

BRIGHAM CITY, Utah (AP) — Schools in Box Elder County had nothing on the agenda today, the opening day for the fall term.

The reason, of course, was the deadlock between the school board and the Box Elder Education Association over teacher contracts.

Originally the board planned to open schools as usual today, then send the students home if not enough teachers showed up.

But the board decided over the weekend to postpone the opening pending a break in negotiations which were scheduled to continue this afternoon.

The teachers group called for this afternoon's meeting at 4 o'clock in the county courthouse in Brigham City to present a compromise salary schedule.

The terms of the compromise proposal were not made public. Teachers asked for salary hikes that would cost an estimated \$163,000 while the board offered a \$103,000 package.

Board President J. D. Harris of Tremonton said he could not predict when school will start for the 8,600 students in the district. It will depend on the compromise proposal.

But he said, "Any action at all couldn't help but thrill us. We're glad that the teachers will even come and sit down with us."

Box Elder is the only district in the state that has not settled on new contracts.

Burley Women's Club Holds Meet

BURLEY — S. H. Hibbert, local attorney, was guest speaker Thursday morning during a regular meeting of the Credit Women's Breakfast Club at the National Hotel.

Invocation was given by Mrs. Jasper Kidd. Reports were given by committee chairmen on activities and plans for the Sept. 11 and 12 Southern Idaho Consumer Credit Convention during which time the Credit Women's Breakfast Club Region 2 will also be meeting at the Ponderosa Inn. It was announced that Mrs. Ruby Northey, Yakima, Wash., President of District Ten, and Mrs. Evelyn Phillips, Spokane, Wash., first vice president, district ten, will conduct the Credit Women's Breakfast Club workshop, Sept. 11, and will also preside Sept. 12 during the annual conference breakfast.

Hibbert spoke on legal points of promissory notes, labor liens, material liens and collection costs. A question and answer period was held following his talk.

Guests were Paula Bandy, Miss Cassia County, and Mr. Hibbert.

CHILDREN'S THEATER CONFERENCE awards were presented to these three persons during the American Educational Theater Association conference last week at Miami Beach, Fla. From left are Dr. Albert Mitchell, Brigham Young University, Edwin Strawbridge award for outstanding service to Children's Theater Conference; Mrs. Eugene Sturgill, Twin Falls, Community Children's Theater, outstanding theater of year award, and C. H. Jennings, University of Texas, Chorpensing Cup, an exhibit award. Mrs. Sturgill's award is the Winifred Ward award.

Idaho Traveling Offers Easygoing Tourist Pleasure

BOISE (Special)—Dramatic in the world's five most beautiful lakes. At each bend of the road one sees a drama in new and changing color on the lake. It offers exquisite impressions akin to fantasy.

Idaho's main road from east to west traverses the Snake River Valley with an amazing variety of interests.

Here are most of the main centers of population of the state and every one of them is close in minutes and miles to trout streams, water sports, and ski hills: never far from mountains, forests, and even trackless wilderness areas.

Coursing through the Snake Valley you can enjoy the waterfalls, the gorges, the fabulous Thousand Springs. The running mountains, distant and mysterious, show you signs that guided pioneers on the Oregon Trail.

This trip on Idaho's open lands has a fascination related to the spell of the sea with its vastnesses of land and sky and its invitation to be sure you cross the next horizon.

Of the road in the Sawtooths from Challis to Shoshone, one world-traveler stated: "I have driven steeper highways, but never one which so much gave me the feeling I was on top of the roof of the world!"

On the western side of the state are highways which breeze through colorful channeled valleys rimmed by mountains in ever-changing colors. Northward the road winds through many mountains, but takes you among scenes of rewarding beauty. And north is the land of the living-blue-lakes.

The lakes are the focal points of the Panhandle and each is distinctive. Alternate highway 95 has an out-of-this-world approach to Lake Coeur d'Alene which has been called one of

Funeral Held At Carey for R. L. Dedman

CAREY — Funeral services for Ronald Isadore Dedman were held Saturday in Carey LDS Ward Chapel with Bishop Barth Cook officiating.

Darwin Weaver read the family prayer and Rhonda Hunt gave the invocation. Mrs. Verd Murdock was organist. Ronald Peck, Vernon Woodbury, Kurtis Pyrah and Allen Pyrah sang a quartet and a duet was sung by Mrs. Leon Peck and Ronald Peck.

Cloyd Mechem gave the obituary and speaker was Don Patterson. W. C. Eldredge gave the benediction.

Pallbearers were Allen Eldredge, Burl Eldredge, Lynn Knutsen, Gilbert Cross, Gene Mills and Yardley Howard.

Honorary pallbearers were Alfred Albrethsen, Alex Albrethsen, Earl Knutsen, Erik Knutsen, Forrest Eldredge, W. C. Eldredge, Jack Green, Lyle Phippen and Claude Harkins.

Flowers were arranged under the direction of Mrs. Alfred Albrethsen.

Final rites were held in Carey Cemetery.

If you plant it or feed it—**GLOBE SEED** Will have it!

Well-Named
BUENOS AIRES (UPI) — Coin-operated pinball machines, although illegal in some areas of Argentina, still have a distinctive name.

They are called "trampaneddas," which means "coin swallows."

Faculty List for Minidoka County Schools Announced

RUPERT — A complete list of teachers for the county schools has been released from the central school office, and the teaching staff will be complete when school commences Monday, according to Camden Meyer, County school superintendent.

Two vacancies remained earlier in the week, but Meyer reported teachers have been hired to fill them.

The teaching staff includes 20 new teachers, with a total of 86 faculty personnel. The list includes:

Acquia school: principal, Sherman Peck; first grade, Elaine Beard and Nelda Montgomery; second grade, Elizabeth Coon and Ethel Nutting; third grade, Mavis Hanky and Sharel Knight; fourth grade, Eileen Greene and Merle Stallings; fifth grade, Lloyd Stallings; sixth grade, Marian Weaver and Shirley Timmons.

Heyburn elementary: principal, Lund Christensen; first grade, Katherine Darley, Velma White and Genevieve Wodkowski; second grade, Verona Ravsten, Eleanor Sommer and Cleo Winn; third grade, Grace Hill, Ruth Peterson and Truth Wrigley; fourth grade, Randa Loveland, Eleanor Bair and Rae Mae Stevens; fifth grade, Dwayne Harrison, Carol Hunt and Della Ward; sixth grade, Frank Ravsten, Ann Stocking and Clark Barlow.

Heyburn Junior High School: Ann Lou Bair, Alice Fern Crandall, Stevens Heiner, Elmore Moore, Floyd Schrenk and Desmond Welch.

Lincoln: principal, F. Gene Snapp; fourth grade, Wanda Ballard, Aleene Humphries, Wilma Rickert and Ruth Van Slyke; fifth grade, Lillian Holmes, Norma Nelson and Diana Somsen; sixth grade, Mary C. Asson, Marlene Bryner and Duane Halverson, and special education, Alice Cannon.

Memorial: principal, Gene Snapp; first grade, Geraldine Eilers, Kate Patterson, Jewel Aldridge and LaRue Smith; second grade, Veta Gattmull, Olga Dalpaiz, Connie O'Donnell and Laurine Schaffer; third

grade, Verna Hruza, Virginia Jones, Deloris Loveland and Opal Rasmussen.

Paul Elementary: principal, Boyd Earl; first grade, Grace Brown, Vera Williams and Sharon Kay Bohlen, Dorothy House and Elaine Maves; third grade, Lucy Jensen, Ila Maves and Sybil Saunders; fourth grade, Laura Mae Arthur, Fann Schutte and Margaret McLean; fifth grade, Ferrell Kump, Lillian Decker and Ella Suhr; sixth grade, Flo Adams, Ruth Shurrum and Ione Loveland.

Pioneer: supervising principal, Wayne Fagg; first grade, Dorothy Schenk; second grade, Lucy Easton; third grade, Muriel Francisco; fourth grade, Gwenn Burgess, Kerbs; fifth grade, Howard Peck, and sixth grade, Norma Sowers.

Washington Junior High School: principal, Wayne Fagg; Lulu Anderson, Mel Kaiser, Robert Briggs, Doris Bruns, Floyd Browning, Kenna Durfee, Clara Hansen, George Helewel, Esther Lay, Tess Malan, Stanley Mortensen, Raymond Olson, Kesi Severe, Maureen Stefan, Esther Whiting, Jack Whiting, Jeanne Carlson, Ed Schenk and Jean Wilson, special education.

COOKING STEAKS at the First Annual Twin Falls YMCA Men's Steak Barbecue held Saturday night is Lou Thorson, left, and Lloyd Bledsoe, right. The barbecue, where more than 130 persons attended, was to raise funds for programming and operating expenses of the YMCA. (Times-News photo)

Little Short

SAN FRANCISCO (UPI)—When multi-millionaire Walter S. Johnson, 80, went to city hall for the marriage ceremony uniting him with Margherita Dan, 61, a little thing like money almost gummed up the works. Johnson, whose industrial fortune is estimated at \$26 million, had to borrow \$2 from his best man for the marriage license.

Cub Scouts Hold Races

DECLO—Go-cart races highlighted the Declo Cub Scout Pack meeting Friday evening at the LDS Cultural Hall. Danny Lee Phillips of Den three gave the opening prayer. Mrs. Clarence Phillips, den mother, presented the Parents Flip Chart in her demonstration of the Cub Scout program, assisted by Danny Lee Phillips and Jim Darrington. She recognized the following Scout workers: Floyd West, chairman; J. Harry Darrington, Cub Master; Ray Schmidt, activity chairman; Bob Duqua, finance, and Owen Osterhout, achievement chairman. Den two, under the direction of their leader, Mrs. Wilma Blanchard, and the group sang, Danny West, representing Den 4, recited a poem. Achievement awards were presented to Danny Phillips, Jim Darrington, Tim Preston, Scott Priest, Gavlen Smyer, Brian Blanchard, Randy Osterhout, Scott Mallory and Robby Riding. A potluck supper was held in the Cultural Hall after the program, followed by the go-cart races. Assisting the racers were Nelson Taylor, Manuel Arguello and Jay Kidd. The winner of the evening was Mike Schmidt, of Den one. Retreating the colors were Randy Osterhout, Anson Parke and Ross Hurst. Earl Darrington gave the closing prayer.

Grand Slam

HUNTSVILLE, Tex. (UPI)—A Jersey cow owned by farmer Dewey Grissom had a bovine grand slam, which occurs only once in several hundred thousand births. The cow had twins in 1962, a single calf in 1963, and triplets—"Eeny," "Meeny," "Mo, Troubles" in 1965. The sire is a Santa Gertrudis bull.

ASSIGNED TO DUTY

Tourism Ranked As Idaho's Second Largest Industry

BOISE (AP)—Tourism now ranks as Idaho's second largest industry. But is the state deriving maximum benefit from spending by the thousands of visitors crossing its borders each year?

Many experts in the field say no. They point out that a great majority of the visitors—particularly those traveling in campers and house trailers—continue on through the state with only brief stops for sight-seeing. Typical of that type of tourist is the family from Nebraska traveling in a camper trailer. "We'd like to stay in Idaho for a few days and take in the sights," they said. "But we can't find a place to pitch camp and it's just too expensive to stay in a hotel or motel. We're going on to Oregon where we know there are campgrounds."

Another family said it had planned to spend some time in the Boise area but rearranged its schedule because of inadequate camping facilities. Private developers, realizing this, are busy setting up "pay" campgrounds across the nation, including one along the Boise River in Ada County. The 1965 Legislature also took a good look at the new trend in vacations and came up with a plan to assist counties in their bid for the tourist dollar.

As an important adjunct to the statute creating a parks department, the lawmakers enacted a bill permitting the 44 counties to create their own park system. The measure simply broadens the powers of the county commissioners to allow them to acquire land for park and recreation facilities and to levy five cents on each \$100 of assessed valuation to develop and maintain them.

The counties will also get an assist from the federal government which has already made available to Idaho \$850,000 in matching funds that they will share along with the state Parks Department.

ers are enthusiastic about the program, many point out that they do not have the professional know-how to organize and implement such a program. Jon Soderblom, acting director of the state Parks Department, says, however, counties seeking aid can count on the full cooperation of his department. And he points out that a master plan listing the state's needs in the park and recreation field will be available to the counties.

130 Attend T. F. YMCA Barbecue, \$665 Collected

More than 130 persons attended the First Annual YMCA Men's Steak Barbecue held at 6 p.m. Saturday night in the Twin Falls YMCA-YWCA building. The barbecue was held to raise funds for operating and programming expenses and is to become an annual affair, according to W. W. (Bill) Pressey, YMCA chairman. All the cooking for the event was done by YMCA men while serving was by Beta Hi-Y and dishwashing was conducted by

Twin Hi-Y. Lou Thorson, Lloyd Bledsoe, Ernie Marlow and Rev. Forrest Hibbard assumed the chef's chores and Jack Watts was in charge of entertainment. The program contained a large array of local talent with folk songs by Ken Eklund and Randy Skeem, a girl's quartet, an eighth grade boy's combo, dancing by Teri Thornock and Ann King, and Helen Gee sang "Bali Hai". About \$665 was collected from the event, Pressey said.

Cleans Clothes CLEANER!

Troy National LAUNDRY CLEANERS

Meet the third member of our Millionth Telephone Club

The 3-millionth telephone. Significant for you. Significant for us.

Our newest telephone is an appropriate symbol of the growth and progress of the area we serve. Just how appropriate can best be measured by this fact: Although we waited nearly 69 years to grow into our 1-millionth phone, the second was installed in less than ten years. The third in only seven.

The 3-millionth is ringing in the lobby of the Ampex Corporation's new building in Colorado Springs, where it demonstrates in a meaningful way just how your life and ours is improved by the arrival of new business, new jobs, and new payrolls.

What about the 4-millionth phone? We don't know where it will ring, nor when. But we're working toward it right now. Today.

Communism Still Clouds Malaysia

KUALA LUMPUR, Malaysia (AP) — Malaysia, enters its third year Tuesday, with its future clouded by Communist ambitions and internal discord.

Conceived as a bulwark against communism in storm-tossed Southeast Asia, the federation was jolted by the breakaway of Singapore State Aug. 9. The shock waves are still stirring restlessness in Malaysia's Borneo states of Sabah and Sarawak.

Another ominous sign is the continued Communist campaign to extend its power in the area. These ambitions were underscored last week with the discovery of a Red plot to take over Singapore by assassinating Prime Minister Lee Kuan Yew and his cabinet.

The conspiracy was laid to Indonesian Communists but many Singapore officials see the hand of Peking behind the plot. If the Red Chinese could install a Communist regime in the strategic port, they would be well on their way to catching Malaysia — and the United States — in a giant vice.

From the north, the Chinese are already exerting pressure on non-Communist Southeast Asia through North Viet Nam.

Governors Importance to GOP Debated

WASHINGTON (AP) — Sen. Hugh Scott closed swords today with Barry Goldwater over the importance of Republican governors to the GOP cause.

Republican governors, said Scott, have become "the greatest single source of strength and vitality" in the party.

The Pennsylvania, a former chairman of the Republican National Committee, spoke out in a prepared Senate speech as the tempo of Republican politics picked up.

First, National Chairman Ray Bliss, called the 27-member policy committee into session to approve task force reports on civil rights and the balance of payments.

Second, the 17 Republican governors, headed by Gov. Robert E. Smylie of Idaho, planned to open a headquarters in Washington.

Goldwater, the Republican presidential candidate in 1964, asserted in a newspaper column Aug. 11 that the governors intend to "represent the views of a special faction of the Republican party."

"We must look to the Congress for Republican policy," wrote Goldwater, a former Republican senator from Arizona.

Obviously taking issue with this view, Scott said the Republican governors are providing at the state level "a strong nucleus of decision makers and action takers around which we can rebuild and strengthen our party."

Hearing Set for Man Charged in Negro's Killing

GREENSBORO, Ala. (AP) — A preliminary hearing was set today on a murder charge against a young Negro who authorities said admitted beating an elderly Negro, cutting out his tongue and robbing him of \$26.

The victim, Perry Smaw, 87, of near Greensboro, died last Friday, five days after he was found crumpled in the doorway of his home. He was not able to identify his assailant.

Hale County Solicitor Richard Poellnitz and Col. Al Ling, state public safety director, said in a joint statement that Roosevelt Long, 21, had admitted the attack on Smaw in a signed statement. Long, who was arrested for questioning during the week, gave no motive, they said.

SENTENCE SUSPENDED BOISE (UPI) — Mrs. Betty Russell, 18, has received a 30-day suspended jail term and six months probation for assault and battery of three children she was babysitting.

Ada County Sheriff Paul Bright said his grandchildren, age 4, 3 and 1½, were beaten with a belt. The sheriff said investigation started when bruises were discovered on the children.

STUDENTS REGISTER BOISE (AP) — Nearly 2,000 Boise College students — including the college's first juniors — begin registering Monday for fall classes that convene Thursday.

The institution ended the spring term as a junior college and opened for the summer session as a four-year college. The change was authorized by the 1961 Legislature.

Courses for juniors have been added this year and senior class courses are to be scheduled next year.

CONTRACTORS TO BID IDAHO FALLS (UPI) — Contractors will bid Sept. 30 for excavation for the Power Burst Facility (PBF) reactor building at the National Reactor Testing Station in eastern Idaho.

The project, a 90-day job estimated at about \$100,000, is limited to small businesses under an agreement between the Atomic Energy Commission and the Small Business Administration.

LOANS REPORTED BOISE (AP) — Real estate loans totaling \$3,011,561 in Idaho were approved by the Prudential Insurance Co. during the first seven months of 1965, the company reported Sunday.

The company said it loaned \$1,212,974 to finance residential properties in the state, \$22,000 for commercial and industrial uses and \$1,776,587 for farm improvements.

MAY BE CANDIDATE IDAHO FALLS (UPI) — Veteran Idaho Democratic Party Leader A. W. (Bill) Brunt said Sunday he is giving serious consideration to running for Congress in 1966.

"I've had quite a lot of people talk to me about it," the two-time state Democratic Chairman said. "I haven't ruled it out at all."

Brunt said he has made no final decision on the possibility. Democrats next year will try to unseat Republican Rep. George V. Hansen. Hansen ousted two-term Democratic Rep. Ralph R. Harding from the Idaho 2nd District seat in 1964.

STATE FAIR OPENS BOISE (AP) — The Western Idaho State Fair opens Tuesday for its last season on fairgrounds that have been in use since 1903.

The 1966 fair is planned for new and larger grounds on U.S. Highway 20, said fair manager Ambrose W. Johnson.

Contestants will be competing for \$30,000 in cash prizes in the fair's 16 major divisions including art, livestock, produce, cooking, home arts and industry.

The fair continues through Saturday night.

SCHEDULES SPEECH WASHINGTON (AP) — The White House announced Sunday that Mrs. Lyndon B. Johnson will make a luncheon speech Oct. 1 at the annual meeting of the Associated Press Managing Editors in Buffalo, N.Y.

DAMAGE SET SALMON, Idaho (AP) — Damage to the Salmon River Road resulting from last June's high water has been set at \$26,000.

Arthur Bevan, Salmon National Forest engineer, said that amount will be needed to make repairs. Funds have been requested from the region office of the Forest Service.

Bevan said the Forest Service hopes to get much of the road repair work done before the heavy fall traffic of fishing and hunting.

INQUEST SET CALDWELL (UPI) — An inquest into the traffic death of Larry Leavitt, 29, will be held at the Canyon County Courthouse Wednesday at 1:30 p.m.

The inquest was ordered by Coroner Dr. Henry Wesche. Leavitt was fatally injured in an accident at South Klamath Avenue and Ustick Road early Wednesday. He was a passenger in a car driven by Lee James Anderson, 20, Marsing. Leavitt also was from Marsing.

SYSTEM STUDIED CALDWELL, Idaho (AP) — Details of a three-semester system at the College of Idaho, which includes a six-week period for special courses in January and February, will be under study at a faculty meeting Sept. 9-10.

The proposal already has faculty approval and was approved in principle by college trustees last June. It would go into effect next fall if necessary course details can be worked out.

The school year would begin with a 14-week semester from September to December and end with a 14-week semester from February to June, said Warren B. Knox, college president.

NEW OFFICES USED NAMPÁ (UPI) — New administrative offices of the Idaho State School and Hospital will be occupied starting Tuesday.

About \$190,000 was spent to remodel White Hall at the hospital. The project will allow placing of all administrative offices under one roof.

INSPECT ROADS BOISE (AP) — Six Peruvian highway officials are in Idaho to tour the state's mountain road construction and its highway department headquarters.

The Peruvian officials are to inspect the Boise headquarters and Boise Valley roads Monday.

They will tour highway construction between Lowman and Stanley around the Sawtooth Mountains Tuesday and the Cascade-Warm Lake Road construction project Wednesday.

They fly to Denver Thursday morning.

FEES INCREASED BOISE (UPI) — State Health Department officials said Sunday the maximum amount patients pay to state hospitals for hospital and treatment fees will be increased Jan. 1.

The money is collected from patients who are able to pay. The department said the increase will be the first in more than four years and represents an adjustment for the increased cost of living.

MADAME CHIANG KAI-SHEK, wife of the Nationalist China president, disembarks from Chinese Air Force plane at LaGuardia Airport, N.Y., Sunday after flight from Travis Air Force Base, near San Francisco. She called for destruction of Red China's atomic installations before they expand any further. She said Red China's possession of the atomic bomb "jeopardizes the position of every nation in the world." (AP wirephoto)

Buhl Has Three Minor Accidents

BUHL — Three minor accidents were investigated here Friday with one citation issued in the mishaps, according to Buhl City Police.

Clinton Brandon, 16, Buhl, was cited for failure to yield right of way when his 1959 Chevrolet collided with a 1965 Chevrolet pick-up truck driven by Felix A. Larragan, 47, Castletford, at 6:10 p.m. Brandon had stopped for a stop sign at Maughan's Drive-In and pulled onto truck lane, colliding with the west bound truck. Damages were estimated at \$150 to Brandon's vehicle and \$200 to the truck.

At 1:10 p.m. Jerry E. Norrls, 31, Buhl, pulled from a parking space on Main Street, turned too fast and his 1957 Ford pickup truck struck the left rear

fender of a properly parked 1959 Ford belonging to Ted Pence, Buhl. No damages were reported to the truck and \$25 damages resulted to the parked car.

At 11:20 a.m. Friday, Donald S. Coleman, 28, Twin Falls, pulled from a parking space on Main Street and his 1965 Chevrolet caught the bumper of a properly parked 1960 Chevrolet belonging to William L. Coates, Buhl. Minor damages resulted to both vehicles.

3,000 Negroes To Integrate

COLUMBIA, S.C. (AP) — By the end of this week, when all South Carolina public schools will have reopened, 3,000 Negroes are expected to be attending classes with white children.

Fifty-six of the state's 108 school districts reopened last week with 700 Negroes in desegregated schools. There were no disturbances. There are about 500,000 white children in the state's public schools and about 150,000 Negroes.

Dr. King Enrolls Children in School Without Trouble

ATLANTA (UPI) — Dr. Martin Luther King Jr. and his assistant in the civil rights movement today enrolled five of their children in a previously all-white elementary school. King's wife brought two of her children, and Mrs. Ralph Abernathy, whose husband is vice president of King's Southern Christian Leadership Conference (SCLC), enrolled three of her children in the Spring Street school.

The enrollment of the children took place without incident. They were among thousands of Negro youngsters who took their seats today in previously all-white schools as classes began.

It was the first massive desegregation of schools since the U.S. Supreme Court ordered an

end of classroom discrimination in 1954.

Martin Luther King, III, and Yolanda were enrolled at Spring Street where the children of many prominent Atlanta families attend, along with Donza, Juana and Ralph Abernathy, III.

School desegregation in the South had moved at a comparatively slow pace before the U.S. Office of Education this year ordered schools to accept all students or lose millions of dollars in federal funds.

There were indications that

the number of Negro children attending desegregated schools in the South may have more than double the 66,000 who enrolled last year. The 66,000 represented only 2.5 per cent of the eligible Negro students in 11 southern states.

Atlanta lowered segregation bars throughout its school system this year and the only criteria for space to be available in the school to which children are transferring.

Sen. Goldwater Urges Approval of Lower Colorado River Basin Project

WASHINGTON (UPI) — Former Sen. Barry M. Goldwater, R-Ariz., appeared Monday before the House subcommittee on irrigation and reclamation to urge approval of a bill to authorize construction of the Lower Colorado River Basin project.

Goldwater said the project was even more practical and

necessary than when it was first proposed in the 1940's.

The senator stressed the need for construction of a dam in Bridge Canyon, which he said would enhance "the feasibility of the Colorado River Basin."

He also said that "contrary to much unfair and uninformative propaganda," the project would not "violate the grandeur and

the lower gorge of the park—or the monument."

"I know more surely of this probably than anyone attending the hearings," Goldwater said. "I have twice in my life made the passage through the entire length of the Grand Canyon on the Colorado. The most recent trip was in July of this year."

Monday, Aug. 30, 1965
Twin Falls Times-News 7

Goldwater said that during his trip, he tried to visualize the kind of lake that would be formed by Bridge Canyon.

"It would be, in my opinion, one of the great attractions in the West, which would add to rather than detract from the beauties of the monument and the park."

He also said that a dam and lake would contribute "immeasurably" to the economic welfare of the Hualapai Indians.

OUSTED GREEK PREMIER George Papandreou wears a smile and lifts a glass to toast the defeat of Premier Elias Tsirimokos. Tsirimokos, the second man designated by King Constantine to form a new government, could not gather enough votes for a vote of confidence by parliament in Athens Sunday. Papandreou was ousted by the young king July 15 and since then the country's governmental crisis has grown. (AP wirephoto by cable from Athens)

Knowledgeable Use of Ice Cubes Handy for First Aid

NEW YORK (UPI) — On-stant first aid in the home is as near as the refrigerator, according to Dr. Carroll L. Witten, President-Elect of the American Academy of General Practice.

Ice has long been regarded by the medical profession as a domestic remedy which eases pain, controls bleeding and keeps infection from spreading. For the homemaker, often called upon to handle minor burns, insect stings, cuts, splinters, removals, sprains or bruises, a knowledgeable use of the ice cube as instant first aid is extremely valuable.

One of its greatest assets, as any mother will testify, is its appeal. Children love ice. Therefore, its use as a soothing balm for youngsters' minor injuries makes mother's job of attending to these everyday emergencies easier. Fortunately, with the efficient ice-making methods of today's refrigerator-freezers — some ice trays (GE) even fill themselves automatically — mothers can always be assured of an abundance of ice cubes.

Here are some "ice-First Aid" pointers recommended by Dr. Witten:

- To relieve the painful sensation that usually accompanies the removal of a splinter, first rub over the area with an ice cube until it becomes numb.
- For mild hand burns, where skin is unbroken and no blisters appear, place hand into bowl of cold water to which ice cubes have been added. For a finger or other small areas, place an ice cube directly over the burned area until it no longer hurts when the cube is removed. As a result, there will usually be very little swelling, no blisters.
- Ice also offers first aid for the rough and tumble of children's games. When a shin is kicked, a sprain occurs, or an eye bruised, applying ice cubes instantly over the injured area will help constrict blood vessels and thus control bleeding.
- If someone in the family has a headache that's due to simple muscular strain, an application of ice can often relieve it. For such large areas, place cracked cubes in a fluffy towel for ice bags.
- If a stray mosquito zeroes in on one of the brood, reach

for a cube. Many skin irritations can be relieved by an ice cube, including the itching of insect stings.

— For nosebleed, hold the affected nostril closed with one finger, tilt the head to the opposite side and apply just below the cheek on the side that's bleeding. Continue with intermittent application. The ice pack can be transferred to the temple to prevent discomfort for the patient. Continue with application at either location until the bleeding is checked.

Murder Charged In Shooting of Negro Fisherman

ANNISTON, Ala. (AP) — A Negro father of seven children was killed by a blast from a shotgun and Sheriff Roy Snead said a white man has been charged with murder.

The shooting occurred Saturday night, Snead said, when the victim, Thad Christian, 54, and a companion apparently were fishing in a creek and Robert E. Haynes, 41, "went down to run them off."

The shooting took place on a road eight miles northeast of Anniston, about 300 yards from Haynes' home, Snead said.

Observer, Pilot Die in Oregon Airplane Crash

PRINEVILLE, Ore. (AP) — A U.S. Forest Service observer and his pilot have been found dead in the wreckage of their small airplane in the Stevenson Mountain area of Central Oregon.

The Cessna 182 plane disappeared Friday morning while on a routine fire check. The wreckage was spotted from a search plane Sunday, and two hours later a ground team reached the scene.

Dead were John Beswick, about 40, Culver, Ore., the pilot, and Carl Seitzman, about 30, Prineville, a Forest Service observer.

Professor Says Students Are Being Turned Into Robots

COLORADO SPRINGS (UPI) — Students who complain that some colleges are trying to turn them into academic robots can take heart. There's at least one college professor who agrees.

Professor Frank Krutke of Colorado College said stiff academic loads may be turning some students into mechanical robots.

"Most professors disagree with this, but I'm beginning to think it may be true at some colleges," he said.

Krutke said he founded his statement on a year long study of freshman English programs on leading campuses throughout the country. Among the colleges he visited were Carleton, Claremont, Pomona, Scripps, Florida Presbyterian "Grinnell" Haver-

ford, New College, Oberlin, Occidental, Swarthmore, Wesleyan, Pennsylvania, Vermont and Washington.

"Students seem to think they are overworked — especially at the best colleges," Krutke said. "I am beginning to agree. Some of the course assignments seem too hard. The professors want a lot these days and they want it

done thoroughly."

Krutke urged that required first year courses be especially imaginative and well planned.

"I did not find this was the case. Many of the required freshman courses were dull," he said.

Krutke's study was financed through a grant from Danforth Foundation of St. Louis, Mo.

Boyd Lowe Is Speaker at Women's Meet

HANSEN — Boyd Lowe, Twin Falls, president of the Twin Falls Mental Health Association and guidance counselor in the Twin Falls schools, was guest speaker at the Women's Society of Christian Service meeting at the Community Methodist Church.

He spoke on mental illness and the need for a mental health clinic in this area. He stated this is the only illness without adequate facilities for treatment at the present time.

He stated that prevention of the illness, especially in children, is to discover the symptoms before they become too deeply imbedded. Counseling, locally, for mild cases, can be given while the patient continues duties at home.

He urged the society to help obtain a county health center by asking that a committee be appointed to investigate the need, a committee to be chosen by the county commissioners.

He extended an invitation to the group to attend a luncheon meeting set for Sept. 24 at the YWCA to listen to a guest speaker on this subject. Those wishing to go may contact Mrs. Bryan Harris Sr., a member of the WSCS.

It was reported the church board of trustees met and decided that due to vandalism in the church recently, the church would remain locked. Keys are being made, but for the present, anyone wanting entrance to the church can obtain a key from Mrs. Ralph Simmons.

Because of the Twin Falls County Fair, the next regular meeting date is Thursday, A 2 p.m. dessert luncheon will be featured.

A picnic dinner was held. Guests were Mrs. Ora Simpson, Mrs. Rose Wiseman, Mrs. Bryan Harris Jr., Winona Campbell and Mrs. Dale Richardson.

(Album photo)

Carol Coonts, O'Harra Wed in LDS Ceremony

Carol Gay Coonts, daughter of Mr. and Mrs. W. E. Coonts, Twin Falls, and Clyde Lewis O'Harra, son of Mr. and Mrs. Clyde O'Harra, Boise, were united in marriage Aug. 12 in a ceremony at the LDS Seventh Ward Chapel.

The double ring ceremony was performed by Bishop Orville Thompson before an arch of white gladioli and blue chrysanthemums.

Given in marriage by her father, the bride wore a floor-length silk taffeta gown. The embroidered fitted bodice was enhanced with a rounded neckline. The gown was accented with a Chantilly lace jacket featuring lily point sleeves.

The bouffant skirt was adorned at the back with a flowing cummerbund.

Her shoulder-length veil of silk illusion was held by a tiara of twin roses and seed pearls. A white orchid surrounded with blue net and streamers formed her bridal bouquet.

Matron of honor was Mrs. Darla Hancock, sister of the bride. Best man was Roy O. Hancock, Hansen.

Traditional wedding music was played by Mrs. Reva Allen, Eden.

A reception was held in the Recreation Hall following the ceremony. The bride's table was covered with lace and centered with a four-tiered wedding cake. The cake was decorated with blue roses and silver leaves and topped with two white sugar bells and blue ribbons.

The cake was served by Mrs. Ida Stastny and Mrs. Dorothy Brown. Mrs. Gladys Choate served mints and nuts in blue and white sugar nutcups. Mrs. Adine Webb poured punch. Guests were registered by Mary Jenkins.

Gifts were displayed by Alice Jacobson, Gay Choate, Launa O'Harra and Fayma O'Harra. Background music for the reception was played by Mrs. Reva Allen, aunt of the bride.

Following a honeymoon trip to Yellowstone National Park, the couple will reside in Boise.

A pre-nuptial shower was given for the bride by Mrs. Harold Moore and Mrs. Hancock, Hansen.

Potluck Held
DECLO — LDS Primary of teachers and teachers met for a potluck supper.

The group gathered around a campfire and Mrs. Glen Bywater gave the opening prayer and blessing on the food.

Mrs. Carl Osterhout, Primary president, was in charge of the business meeting and distributed new roll cards.

Social Events

Salmon Social Club will meet at 2 p.m. Thursday at the home of Mrs. Glen Nelson.

Barrett Family Has Reunion

MAITA — Members of the William Riley Barrett family held a family reunion at the William M. Barrett residence, Maleta.

The family gathered for an evening wiener roast and hootenanny. An early breakfast was served the next morning at the Clarence Barrett home. A program was presented, with Joseph Barrett, West Sacramento, Calif., as master of ceremonies.

Special guests were Richard Barrett, Salt Lake City; Mrs. Elsie Mae Frahm, Boise, and William M. Barrett.

A noon luncheon was served. The birthday anniversaries of Doniece Barrett, Curtis Barrett, Arlene Otleby and Sharlene Otleby were observed.

Dee Tracy was elected president of the family organization, with Mrs. Rosa Phillips, Mrs. Melba Barrett and Mrs. Juan Tracy as assistants.

BRUNCH HELD
Members of the Country Woman's Club met for a brunch with Mrs. Lawrence Bird, Mrs. Nora Lewis presented the entertainment featuring jokes and poems. The next meeting is set for Sept. 15.

Cheryl Adams, Reed Exchange Nuptial Vows

GOODING—Residing in Gooding following their wedding are Mr. and Mrs. Michael Reed. The bride is the former Cheryl Leilani Adams, daughter of Mr. and Mrs. Jack Adams, Weiser. Reed is the son of Mr. and Mrs. Floyd Thornton, Gooding.

Rev. Howard Bailey of the First Baptist Church, Weiser, performed the double ring ceremony in a setting of white gladioli and orchid chrysanthemums.

The bride wore a white peau de soie and alencon lace gown, accented with an illusion veil attached to a sweetheart crown of seed pearls. She carried a bouquet of white roses and orchid-colored chrysanthemums.

Judi Lard, Weiser, was maid of honor. Bridesmaids were Sandra Shamburg, Nampa, and Ann Lindahl, Coeur d'Alene.

Ginger McConkey, New Plymouth, was candlelighter, and Cheryl Adams, Weiser, niece of the bride, was flower girl. Mitchell Adams, Weiser, brother of the bride, was ringbearer.

Rev. Don Hardenbrook, Payette, and Jean Iasnack, cousin of the bride, sang two duets. Accompanist was Dixie Thomas, Cambridge.

Best man was Raymond Fleming, Ushers were Larry Gee and Darwin Adams, Weiser. Mrs. Alva Reed, Paul, cousin of the bridegroom, was in charge of the guest book at the reception. Gifts were displayed by Elsie Dickerson, Sandra Holt and Glenna Matthews.

Thelma Houck, aunt of the bride, and Darla Adams, sister-in-law of the bride, served the wedding cake. Gladys Pattegon served the bridegroom's cake and Betty Dyas poured coffee.

Pauline Pope figured punch. All are aunts of the bride.

Delegates Give Reports at Public Meeting

CAREY—Reports were given by Girls' State and Boys' State delegates during a public meeting in the Community Church, sponsored by the American Legion Auxiliary, Dave Davis Unit No. 106.

Prayer was given by Mrs. Jack Green, chaplain. Music was directed by Mrs. Leonard Carlson, accompanied by Mrs. Verd Murdock.

Mrs. Lionel Hutton gave the welcome and introduced the delegates. Mary Murdock, daughter of Mr. and Mrs. Verd Murdock, spoke on Girls' State. John Hunt, son of Mr. and Mrs. R. Hunt, spoke on Boys' State.

Magic Valley Favorites

MRS. EVA L. WARNER
Box 275, Hayburn

Blonde Brownies
Melt and cool one-third cup shortening and one cup brown sugar. Add and beat well one egg and one teaspoon vanilla. Sift together and add one cup flour and one-half teaspoon baking powder. Add one-half cup coconut.

Pour into a 9 by 9-inch buttered pan. Sprinkle one-half package chocolate chips over top of batter. Bake at 350 degrees for 20 to 25 minutes.

(The Times-News will pay \$5 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page editor. The recipe becomes the property of the Times-News and cannot be returned.)

Helps You Overcome FALSE TEETH Looseness and Worry.
No longer be annoyed or feel ill-ease because of loose, wobbly false teeth. FASTEETH, an improved Blue (non-oxid) powder, sprinkles on your plates, holds them firm so they feel more comfortable. Avoid embarrassing caused by loose plates. Get FASTEETH at any drug counter.

Photos Show Recovery of Gemini 5, Astronauts After 8-Day Flight

ASTRONAUT CHARLES CONRAD holds onto the spacecraft while Gordon Cooper waits in a raft after splashdown in the Atlantic Ocean Sunday. Frogmen have secured the capsule with a flotation collar. (AP wirephoto)

DIGGING INTO a tray of real food aboard the aircraft carrier USS Lake Champlain is Astronaut L. Gordon Cooper Jr. Seemingly to enjoy the space traveler as much as Cooper enjoys the food is Bruce Adams, Minneapolis, Minn. (AP wirephoto)

A RESCUE HELICOPTER hauls up one of the astronauts from a rubber raft at completion of their 120-orbit flight Sunday. (AP wirephoto)

ASTRONAUT CHARLES CONRAD is hoisted aboard helicopter from a raft after he completed a historic eight-day flight in space with Gordon Cooper. (AP wirephoto)

Space Flight, in Sense, Was Make-Believe Trip to Moon

CAPE KENNEDY (AP) — Gemini 5 was a make-believe trip to the moon, in a sense. The eight days equal the estimated time needed to go to the moon, stay a day, and come back to earth, state NASA officials. Many of the experiments aboard the 4,500-pound vehicle pertained to the Apollo mission — the projected moon flight — the most important being radar tests. The moon trip plan calls for rendezvous and docking of two space ships for a successful mission. Even though the rendezvous portion of the flight ended in failure during the first day, Charles Mathews, Gemini program manager, and Christopher C. Kraft Jr., flight director, expressed confidence that enough data had been gained from a later make-believe rendezvous with a phantom Agena rocket to guarantee success. The final equipment failure came after the spacecraft had landed 103 miles from its target, an error caused by wrong information fed from a ground-based computer to the spacecraft's computer. The communication system quit.

EIGHT DAY SHADOWS are compared by astronauts Charles Conrad, left, and Gordon Cooper after their arrival back on earth. (AP wirephoto by radio from USS Lake Champlain)

TWO WEARY ASTRONAUTS, Charles Conrad, left, and Gordon Cooper, engage in animated conversation in the sick bay aboard the carrier USS Lake Champlain Sunday after their historic eight-day space flight. (AP wirephoto)

ASTRONAUTS Charles Conrad, left, and Gordon Cooper wave to crew of the USS Lake Champlain as they walk to elevator which took them to sick bay for tests. The astronauts were brought to the carrier by helicopter after their splashdown in the Atlantic which terminated their historic space flight. (AP wirephoto by radio from USS Lake Champlain)

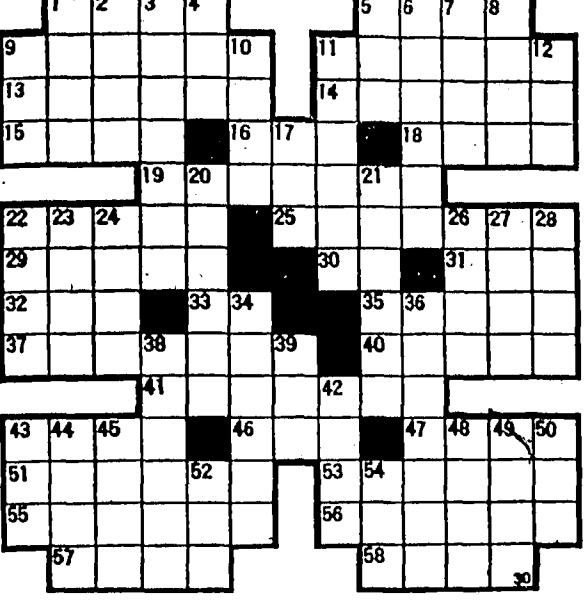

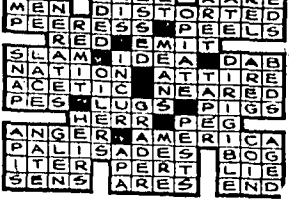

CHECKING THEIR GEMINI 5 aboard the aircraft carrier USS Lake Champlain after their pickup Sunday is Charles Conrad Jr., left, and L. Gordon Cooper Jr. The heroes of the world's longest space flight inspected their "home away from home" shortly after it was secured on the deck of the carrier. (AP wirephoto)
