### Top Floor Guttled, Other Businesses Are Damaged By Smoke and Water

The Rogerson Hotel, a Twin Falls landmark for more than 50 years, was heavily damaged Tuesday morning by a raging blaze in the top floor of the three-story building. Seven persons who were in the hotel got out before anyone was injured. Thirty-six firemen with four trucks battled the blaze about seven hours before

ONE FIREMAN, upper right, takes second breath before confining the light to control a raging fire in the top floor and roof of Rogerson Hotel, a Twin Falls landmark. None of the flames was overcome by smoke, but two or three of them were cut slightly by flying glass. Firemen fought the blaze for about seven hours, from 4:30 to 11:30 a.m. Tuesday, before

reporting it under control. The fire started in the kitchen, on the main floor. Seven persons in the hotel got out before any of them were injured. The extent of the damage to the building and four businesses housed by the building has not been determined. Two fire trucks were maintaining a guard at the scene Tuesday afternoon. (Times-News photo)

The fire was reported under control at 11:30 a.m. L. Z. (Zeke) Bartlett, Twin Falls fire chief, said the fire, which started in the kitchen on the main floor, was confined to the top floor. He said the other two floors were damaged extensively by water and smoke. He added he did not know the extent of damage to the hotel or building or other businesses in the building.

The fire department was summoned at 4:25 a.m. Tuesday by Herbert Coleman, the hotel's night cleanup man.

Bartlett said Coleman had finished cleaning up and turned on the gas range. Grease, either on the stove or immediately nearby, burst into flames, Bartlett said.

Bartlett said the flames shot up the vent and flume to the roof. The fire also broke out around the flume on all three floors.

The blaze mushroomed in the attic and top floor. Bartlett said the firemen were able to confine the blaze to the top floor.

The seven persons in the hotel were awakened and taken out by Harry Parks, night clerk, and Jake Eiter, an employee. The seven are now staying in the Rogerson Motor Inn, located across the alley from the burned hotel.

Bartlett said two or three firemen received slight injuries. One fireman, Donald King, injured his knee and two or three others were cut slightly by flying glass.

All firemen will stay on duty today, Bartlett said, and will work in shifts putting out small fires. Also, two fire trucks will remain at the scene at all times.

### Charges to Be Filed In Rupert Shooting

RUPERT — A complaint charging assault with intent to commit murder was expected to be filed Tuesday afternoon by Larry Duff, Minidoka county prosecuting attorney, in the shooting incident at the old Rupert Armory Saturday night. Four youths, one of whom has definitely been linked with the incident, were apprehended by officers Monday night in Jerome. They were returned to Rupert by local police Monday night and are being held in the Minidoka county jail. Although officers declined to release the names of the youths, reportedly aged 17, 18 and 20, it was understood they are of Spanish American descent and the shooting is believed to be the result of name calling.

It also was rumored in Rupert Tuesday that citizens living in the neighborhood of the armory building may circulate a petition to close the weekly dances there. The dances have been the site of much beer bottle throwing and have caused other police problems.

The two youths who were shot in the entrance of the building were Leon Bruner, 17, and Frank Warr, 20, both Burley. Warr was treated for a flesh wound and released, but Bruner is still at Minidoka Memorial Hospital, where he was reported in good condition Tuesday.

It was first reported the shooting occurred when a car pulled up in front of the armory and the assailant fired into the crowd of ten-agers in front of the building. Tuesday, however, police said further investigation indicated this was not correct.

The four suspects apparently were in the building and had been subjected to name calling before the shooting took place, witnesses have told police.

### T.F. County Fair Opens Wednesday

(See photos Page 3 and Page 10)  
FILER — The Twin Falls county fairgrounds hummed with activity Tuesday as judges examined exhibits and superintendents placed ribbons on winning entries in preparation for the official opening of the 49th annual event on Wednesday morning. Fair officials report an outstanding array of exhibits are ready in all departments. Several department superintendents expressed surprise at the large number of entries which began coming in as early as Sunday. Entries were completed by Monday afternoon in all departments except flowers and horses where entries can be brought until 9 a.m. Wednesday.

Mrs. Tom Shouse, wife and assistant of the secretary-manager, said produce entries are of excellent quality. The antique building, which has been enlarged to hold many more articles, is completely filled. Mrs. Milton Hansen, superintendent, reports.

Concessions began doing business as soon as their stands were put up Monday. Grange and 4-H members were busy all day, Monday putting finishing touches on their displays.

Rain fell Monday evening, which worried fair officials who said they will be keeping an anxious eye on the weather for the four days of the fair.

Wagner weather is predicted for Wednesday, East End Day, which should see a large number of fairgoers. Many people like to attend the fair when the exhibits, especially the flowers, are at their freshest.

### India, Pakistan to Lose U.S. Military Aid

WASHINGTON (AP) — The United States was reported today to have suspended military aid shipments to India and Pakistan.

Word of the move came out after a State Department spokesman told a news conference. "We are concerned that United States military equipment is being used by both sides in their spreading war."

The economic as well as military assistance programs to India and Pakistan were reported to be under review, but inform-

ants said no decision had been made to suspend economic aid. The State Department spokesman said earlier that "no decisions" on either side, but he insisted this was a political and not a result of a policy decision.

House Republican Leader Gerald R. Ford of Michigan said in a statement that President Johnson should call on the United States to halt the fighting or lose economic aid which has amounted to almost \$10 billion since World War II.

Senate Democratic Leader Mike Mansfield of Montana suggested the United States might offer economic aid as an inducement to end the fighting.

At a news conference, Mansfield noted that no aid now is moving to either country, but he said provision for such assistance is included in the foreign aid bill signed Monday by Johnson.

The Johnson administration undoubtedly will have to review U.S. aid programs in the two countries if the conflict is prolonged, officials said privately.

### Soviets Offer To Join in Test Bans

GENEVA (AP) — The Soviet Union offered today to join the West in a ban on all underground nuclear tests but again rejected an international control and inspection system to police the ban.

Soviet delegate Semyon K. Tsarapkin told the 17-nation disarmament conference the Russians are prepared to sign a formal treaty extending the Moscow limited test-ban treaty to those large underground tests which can be identified by existing national control systems.

Tsarapkin linked his offer with a demand for a similar ban on all other underground tests.

Tsarapkin reiterated that the Soviet-Union would not accept any kind of on-site inspection to police the ban.

The Western powers have repeatedly rejected similar Soviet suggestions in the past, saying there is no way to distinguish at long range between the shock tremors of a small nuclear blast and those of a natural earthquake.

### Dominican Holds Off Disarmament

SANTO DOMINGO, Dominican Republic (AP) — Dominican rebel leaders held off on major disarmament moves in their second day of appointment of a provisional secretary of the armed forces.

President Hector Garcia Godoy has not yet filled the post and completed his cabinet.

"There was no visible sign the rebels were collecting arms or dismantling defenses, as called for in the Inter-American peace formula."

Rebel chiefs have said they want to see how well the president handles the military, especially Gen. Elias Wessin y Wessin. They want to see him transferred out of the country or kept out of any position of power. He was a leader of the 1963 overthrow of President Juan B. Bosch and the fight to break the rebellion this year.

### Resort City Gets Beating From Betsy

MIAMI, Fla. (AP) — Hurricane Betsy's astride Nassau today, giving the world-famed resort city a terrible beating with 135-mile-an-hour winds and massive tides, and south Florida was warned that it might be in for days of anxiety.

A shortwave radio report picked up by the Miami Weather Bureau at 9 a.m. said winds had risen to 135 miles an hour in Nassau.

Otherwise, a communications blackout caused by widespread power failure hid the fate of Nassau and other Bahamas islands battered by the vicious and abnormal tropic storm.

Although Betsy was stationary, her path winds were spreading outward closer to the Florida coast. Guests reached 60 miles an hour at Miami and were expected to increase rapidly.

"Florida is in for a long siege," said Gordon Dunn, chief storm forecaster at Miami. "We must be reconciled to a prolonged period of warnings and threats. Betsy may be around for several days."

### Kiwanians Adjusting Plans for Convention

Twin Falls Kiwanians, almost on the eve of the arrival of an expected 500 delegates and their wives from throughout the region for the Utah-Idaho District Kiwanis International convention, busily readjusted plans Tuesday as a result of the Rogerson Hotel fire. Gordon Cox, convention chairman, said the registration center for the convention will have to be shifted from the Rogerson Hotel and its new location will be announced Wednesday.

Although the old portion of the hotel will be unusable for lodging, Cox added, the Rogerson Motor Inn, facing on Second Street East, was not damaged and will be used for accommodations.

Hotels and other rooming facilities in Twin Falls are being contacted to take care of any persons who cannot be accommodated in the Motor Inn.

About 30 reservations had to be canceled by the hotel.

Two steers and 20 lambs were used. Weather was good for the annual event, which draws many former residents and visitors.

Miles Nance won first place in floats for the parade. A group of Holloway girls; Vicki McKittrick, Marla Duffy, Karla Wonderlich and Patricia Moran, called the "School Belles," were second, and Sam's club was third.

Other results were, best decorated bicycle: Thomas Kohler, first; Louis Quenell, second; Jeffrey Jortling, third; best behaved horses: Marie Friesland, and Rita Hurst, first; and a buffet dinner at the country club.

BRIGHAM CITY, Utah (AP)—A member of the Box Elder County School Board said the board might meet again today to accept the charges against the county's school salary schedule.

The county's 8,600 students have missed their sixth scheduled day of school.

Norman Jeppson of Mammoth reported the possibility of a board meeting as President David Johnson of the Box Elder Education Association charged the board with saying things it didn't mean.

Johnson said the board had no desire to open schools today and said members were in hiding.

School Board President J. D. Harris and Superintendent J. H. Haws were not available Monday for comment. Teachers said Harris or Haws would have to make the first move to re-open negotiations.

Johnson attacked the second item in an agreement negotiated by Gov. Calvin L. Rampton and signed by Haws.

**Congress Faces Farm Bill, Big-Money Appropriations, Presidential Veto**

WASHINGTON (AP)—With labor Day behind it, Congress has some long days this week with struggles over a farm bill, a presidential veto and some big-money appropriations.

Although there had been hopes lawmakers would be on their way home by now, they have a long docket of major and minor bills—and controversies—that could well extend into October.

The House starts it out today with a dispute over its Armed Services Committee's decision not to stir up a fight over President Johnson's veto of a plan to strengthen Congress' hand in base-closing arguments with the Pentagon.

Instead, the committee is tied up with the administration's move to compromise a version to require the Pentagon to give Congress a 30-day notice and a full report on future base shutdowns.

**45 Injured In Milwaukee Explosions**

MILWAUKEE, Wis. (AP)—At least 45 persons were injured in two explosions that shattered homes in a near-downtown neighborhood Monday night.

The second blast sprayed glass and debris on a crowd of spectators which had gathered after the first explosion crumpled a two-story frame home.

Fire Chief James R. Mahor said escaping natural gas probably caused the blasts. A Milwaukee Gas Light Co. spokesman said instruments detected a concentration of gas in the air.

There were no fatalities. Most of the injured were released after treatment and all those hospitalized were listed in satisfactory condition.

**Manry Says Lake Rougher Than Atlantic**

CLEVELAND, Ohio (AP)—Robert Manry and his 13½-foot tubboat, Tinkerbelle, which he sailed across the Atlantic Ocean to Falmouth, England, this summer, took a dunking Monday in Lake Erie. Manry said it was "worse than any in the Atlantic."

The mishap occurred while Tinkerbelle was being towed ashore by a motorboat to escape dangerously high winds and eight-foot waves. The rubber scaped bottom, the tow line broke and a wave hit at the same time as the boats were entering a channel off the mouth of the Chagrin River.

Manry was tossed overboard, and water poured into the cabin.

**Transport Plane Search Stopped**

MANNING (AP)—A U.S. Air Force transport missing for eight days has been given up as lost, an Air Force spokesman said today.

The spokesman said that the search for the C-123 was called off Monday night.

The four-engine plane took off with nine crewmen from Nha Trang, in South Viet Nam, on a flight to Formosa on Aug. 31, flying a routine course over the China Sea. It made routine position checks until it reached an area off the west coast of Formosa.

# Imposition Feared at Schweitzer Hospital

LAMBARENE, Gabon (AP) — Methods were not applicable to work continued as usual to the continent's primitive heart. Dr. Albert Schweitzer's hospital will continue in the jungle hospital but some of the "spirit of my father," said the founder of humanitarianism's daughter. "I am confident that Gabon would impose new regulations on the institution."

Dr. Schweitzer, who died Saturday night at the age of 90, had refused to apply to the French government for a license to teach the Africans European medical methods. Dispute between French and African nationalists, he contended that advanced

discuss everything. "We count on the help of Schweitzer committee through out the world," she said. Dr. Albert Schweitzer, 92-year-old Swiss assistant, is the new head of the medical staff, and Mrs. Eckert is directing the hospital administration.

Dr. Schweitzer suffered a cerebral stroke on Aug. 28 and for most of last week was in a coma. The cause deepened and he died quietly the next night in his wooden hut.

"At no time was there any suffering," a medical bulletin said. He was buried Sunday close to his hut, beside the grave of his wife. She died in 1957.

Schweitzer abandoned promising careers as a theologian, musician, writer and physician to set up his hospital deep in the rain forests of French Equatorial Africa in 1913.

"I am here to help," he repeatedly told visitors who wanted to know why he had sacrificed a comfortable life in Europe. "I am not looking for anything. I am just a doctor in Africa."

At the ramshackle hospital in clearing on the banks of the Ogooua River, Schweitzer became a legend, a man variously called a saint and the world's greatest living missionary.

Over the years, some 60,000 Africans flocked to the hospital for care by "the great white doctor." They came by canoe and over jungle trails although more modern medical facilities were sprouting up elsewhere.

Hostess night will be observed Sept. 17 with a potluck supper at 7 p.m. All members are invited to bring friends and other Grangers are welcome. Mr. and Mrs. Art Currier and Mr. and Mrs. Glen McKee and the home economics committee will serve. Refreshments were served by Mr. and Mrs. Ralph Denton.

# Fontelle Dam Situation Is Unchanged

FONTENELLE, Wyo. (AP)—The situation at leaking Fontelle Dam in southwestern Wyoming remains unchanged today, Bureau of Reclamation officials said.

David L. Crandall, regional director for the Bureau of Reclamation, said a check this morning showed the leak is continuing at a uniform rate and the reservoir level continues to decline.

A morning check indicated the water level in the reservoir had dropped nearly ten feet since the beginning of the draw down last Saturday.

About 73,000 acre feet of water has been released from the reservoir since the beginning of the draw down.

Crandall said reports from Green River indicate control is being maintained on the swollen river flows with minor flooding in some low-lying areas.

"We must consider the situation as remaining serious until we are able to lower Fontelle Reservoir sufficiently to stop the flow of the leak," Crandall said.

At Green River, Wyoming representatives of the American Red Cross moved in to help coordinate activities should they be needed, and an alert remains in effect for residents of Green River lying 50 miles downstream from the faulty one-year-old earthfilled dam.

## TWO DROWNED

COUNCIL (AP)—The Idaho State Police reported today two men drowned in a boating accident on the Lost Valley Reservoir near Tamarack in Adams County.

Officers said both bodies were recovered but that positive identification of the victims had not been made.

They said the boat apparently overturned, throwing the two men into the icy waters.

## LOANS ANNOUNCED

BOISE (UPI)—Loans totaling \$16,001,650 were made by the Farmers Home Administration in Idaho during fiscal 1965, State Director Max Hanson announced Tuesday.

The tax director said this represents an increase of 150 per cent above the 1964 level. He said approximately 25,000 rural Idahoans benefited from FHA services during this year, although only 4,000 have unduplicated loans.

The funds advanced by the U.S. Department of Agriculture agency were used to strengthen the economic base of small rural communities, he said, and to improve the income of farm operators and other rural residents.

## SERVICES SET

CALDWELL (AP)—Funeral services for Robert E. Smylie, uncle of Gov. Robert E. Smylie, were scheduled Monday for 10:30 a.m. Wednesday at Pock-a-n-d-a-k-a-n-Davis Funeral Chapel.

Smylie died Sunday in a Caldwell Hospital at the age of 77.

## BANDIT ESCAPES

COEUR D'ALENE, Idaho (AP)—A man wearing a cowboy hat and green coveralls walked in to a Coeur d'Alene store Sunday night and told the clerk to fill a sack with money or he would be killed.

The clerk, Charles Olmstead, 33, put nearly \$1,000 into the sack.

Police were still hunting for the bandit Monday.

## CAPTAIN HONORED

POCATELLO (AP)—Army Captain Robert F. Mollnell, Pocatello, has been awarded the Vietnamese Medal of Honor, first class, in a presentation ceremony at this Citadel.

Capt. Mollnell was credited with leading his "Cobra" platoon in attack against well armed and fortified Viet Cong positions.

According to the commendation, the captain brought his platoon "on a scramble call" after receiving a "scramble call" from a South Vietnamese outpost.

Under heavy mortar and ground fire, within 30 minutes after arriving on station, he had accounted for destruction of three Viet Cong positions and many machine gun emplacements.

His quick response to the call-for-help saved the outpost from total destruction and accounted for many dead Viet Cong, the commendation said.

# Omahans Flee From Flooded Lowlands

OMAHA (AP)—Thousands of Omahans tumbled out of their homes in the early morning hours today and fled for safety as rains of up to seven inches sent creeks over their banks and flooded lowlands in a large residential section of West Omaha.

More than a dozen evacuation centers were set up within hours to care for the displaced householders and law enforcement agencies mobilized volunteers to help route traffic and rescue stranded persons.

There were no immediate reports of flood deaths.

Heinz was the great grandson of J. J. Heinz, founder of the food company. His mother was Elizabeth Hill Heinz, who divorced his father in the early 1940s.

## Heinz Heir Dies Of Self-Inflicted Gunshot Wound

CHICAGO (UPI)—Clifford Stanton Heinz III, heir to the Heinz food fortune, died early today, apparently of self-inflicted gunshot wounds, police reported.

They said it appeared Heinz, 26, shot himself in the stomach and in the head with a .25 caliber pistol.

Heinz was the great grandson of J. J. Heinz, founder of the food company. His mother was Elizabeth Hill Heinz, who divorced his father in the early 1940s.

## Mrs. Johnson Is On Western Tour

JOHNSON CITY, Tex. (AP)—Mrs. Lyndon B. Johnson set out today on a speaking tour, sight-seeing trip to Grand Teton National Park in Wyoming.

Joined by her daughter, Lynda, Mrs. Johnson will spend four days at Jackson Hole, Wyo., and take part in the dedication of gardens at the University of Denver on her way back to Washington Friday.

## U Thant Leaves For Conferences

UNITED NATIONS (AP)—Secretary-General U Thant will leave tonight for Pakistan and India to seek to end the fighting between the two countries.

A U.N. spokesman said that U Thant will arrive in Rawalpindi Thursday. He will go on to New Delhi from Rawalpindi, but his flight plans are not yet fixed for that part of his mission, the spokesman said.

# Sex Angle in Employment May Prompt Side Problem

WASHINGTON (AP)—The sex angle in employment threats to provide a network of side issues for the agency originally created to ensure equal treatment for Negro job-seekers.

"We're still in the confusion stage," an Equal Employment Opportunity Commission official said today.

He was referring to the organizational problems which face any new bureau, but the description also might be applied to the commission's first steps over uncharted legal ground.

Significantly, a decision on whether to permit separate "help wanted" ads for men and women was delayed for weeks.

Commission Chairman Franklin D. Roosevelt Jr. appointed a committee representing employers, employment agencies, women's organizations and newspapers to offer suggestions.

Sources close to the commission said it now has decided to permit "separate but equal" ads. An employer may advertise jobs for men and women separately.

Bartering further snags, guidelines on want ads will be announced in a few days.

There was wide disagreement within the committee. A closed session last week was described as "pretty steamy."

Newspaper representatives reportedly argued heatedly for the separate ads.

Roosevelt previously had said that the commission would not tolerate ads which specify "colored" or "white."

An official said a relatively small percentage of the 800 complaints received so far involved alleged discrimination against women. Some 325 were recommended for investigation, 123 were referred to state or local commissions, 142 were sent to other federal agencies and 200 were rejected.

# Harriman Says Americans Stand Behind Johnson

COPENHAGEN, Denmark (AP)—U.S. Special Ambassador W. Averell Harriman said Monday night that most Americans stand squarely behind President Johnson's policies in Viet Nam.

The 74-year-old roving envoy told newsmen that the President's policies "are supported by an overwhelming majority of Congress and an overwhelming majority of the American people. Some accounts suggesting differently in the press are just not true."

## ASTRONAUT HONORED

CHAPMAN, Kan. (AP)—Capt. Joe Engle, at 33 this nation's youngest astronaut, was honored Monday by his hometown of Chapman.

# Incapable

LONDON (AP)—Sparrow Brunye, 32, a garage-gang was fined \$2.80 for being drunk while in charge of a horse. Police said Brunye was incapable of handling the animal and created a traffic jam in a downtown London street.

### Heart Attack Is Fatal for C. L. Wimmer

**GOODING** — Charles L. Wimmer, 58, longtime Gooding resident, died early Sunday morning at the Twin Falls Hospital in Salt Lake City. He was taken ill Friday morning. Death was attributed to a heart condition.

He was born Sept. 5, 1897, in Kingsley, Ia., and attended school near Danvers, Minn. On June 23, 1918, he married Louella Palmer at Danport, Ia. The couple came to Gooding in 1925.

Mr. Wimmer was employed by the Churchill-Paint Co., until 1940 when he established his own painting business. He was active in the business at the time of death.

He belonged to the IOOF Lodge No. 130, Marguerite, Rockwell Lodge No. 98 and attended the Baptist Church. Survivors include his widow, two sons, Edwin Wimmer, Pocatello, and Ervin Wimmer, Salt Lake City; one daughter, Mrs. Beulah (Marie) Hoffman, Twin Falls, Wash.; one sister, Mrs. Alice Wilcox, Des Moines, Ia., and five grandchildren.

Funeral services will be conducted at 2 p.m. Wednesday at the Simpson Funeral Chapel by Dr. James Anderson, First Baptist Church. Burial will be held in Elmwood Cemetery. Friends may call at the chapel Tuesday evening and until time of services Wednesday.

### Assault Is Begun Along China Sea

**SAIGON, Viet Nam (AP)** — U.S. Marines launched a major assault today on a peninsula along the South China Sea, but a day's end reported no major contact with Communist guerrillas.

At the same time, a U.S. military spokesman in Saigon reported that a U.S. Marine unit Sunday had used tear gas as the "most harmless method" to remove women and children from tunnels where Viet Cong suspects were believed hiding.

The civilians — along with the Communist suspects — were removed from tunnels and caves near Qui Nhon, 200 miles north of Saigon, the spokesman said. He said they suffered nothing more than crying from the effects of the tear gas.

Of today's big assault, 20 miles south of Chu Lai, on the Datang peninsula, a Marine spokesman said: "We have not located any of the Viet Cong units reported in the area. Indications are right now they may have gone."

A Vietnamese unit, operating south of the Marines, was reported earlier in contact with the Viet Cong. Helicopters were ferrying Vietnamese wounded to the Da Nang military hospital.

### Wrong Yard

**SIDNEY, N.Y. (UPI)** — William J. Fuller landed in the wrong back yard when giving an exhibition parachute jump for a crowd at a nearby little league baseball game.

Fuller, 34, of Coudersville, Pa., landed in the yard of police Captain N. G. Feakes. He was arrested for violating a state law prohibiting sport parachuting, pleaded guilty and was fined \$25.

### Problem of Teachers to Be Studied

**WASHINGTON (AP)** — The National Education Association said today it will send a 36-man task force through the south to study the problems of Negro teachers who have lost their jobs because of school integration.

The survey will get underway in about two weeks, and will cover 17 southern and border states. Samuel B. Ethridge of the NEA told a news conference that the NEA knows of 300 Negroes who have been displaced, and estimates the total at about 600.

Ethridge said 5,500 Negro teachers could lose their positions. In addition to these losses due to integration, Ethridge said at least 200 Negroes have lost teaching jobs in Florida because of low scores made on the National Teacher Examination.

Exact figures are hard to come by, Ethridge said, because many Negro teachers accept their dismissal without a fuss.

Dr. William G. Carr, executive secretary of the NEA, said the organization is raising a \$1 million fund through donations from its 943,000 members to support the civil and professional rights of all its members, white and Negro.

The fund will be used, Carr said, to help the victims of legal, capricious dismissals, punitive transfers, intimidation, and other invasions of the professional rights of teachers.

### Williams Returns After Checkup

**BOISE (AP)** — Secretary of State Arnold Williams returned today after an absence of two weeks.

He spent a brief time in a hospital for a checkup of the effect of medication he had been taking since a heart attack early in the summer. The remainder of the time was spent resting at his home.

He said he did not know why the commander had taken the action, adding that he may not have been aware of a post against the use of tear gas or any other gas in Viet Nam.

### Ned Leavitt Given Eagle Scout Award at Ceremony

Ned Leavitt, son of Mr. and Mrs. Jack E. Leavitt, 468 Bracken St. N., received an Eagle Scout award Monday night during a court of honor at the Twin Falls LDS Eighth Ward Chapel on Harrison Street.

Leavitt also received four merit badges during the ceremony—camping, safety, nature and citizenship in the nation. Featured speaker at the troop court of honor was Alan Hutchison, field director of the Snake River Area Council.

Other awards, presented by Donald Anderson, scoutmaster of Eighth Ward troop No. 79, included Danny Sizemore, perfect attendance; Jack Anderson, Val Bird and Reed Card, all second class rank, and Randy Leavitt, first class.

Ren Bird, Val Bird, La Dell Byington, Reed Card, Randy Leavitt, Jerry Staley, Jerry Sturges and Tom Stokor received merit badges.

### Chamber Notes Bank Clearings

**BOISE (UPI)**—Bank clearings of \$104 million during July were reported Tuesday by the Greater Boise Chamber of Commerce. This was an increase of 49.9 per cent from the \$69.3 million in the same month a year earlier. Bank debits for July rose 15.5 per cent from \$184.4 million in 1964 to \$213 million last July.

### GUARDS FIRE SHOTS BERLIN (UPI) — Communist East German border guards Tuesday fired between 15 and 20 shots at the American sector near Nikolaasse, West Berlin police reported.

### Negroes of Watts Area Don't Care Who Has Public Office

By AL KUETTNER  
United Press International

Negroes in the troubled Watts district of Los Angeles do not care who holds public office, they will deliver food, housing, jobs and a feeling of belonging to the society.

Many Negroes in the south-central region of the sprawling Los Angeles area contend they do not care enough of these things. They say this is the major factor that triggered a riot Aug. 11-15, which cost 37 lives and possibly \$10 million in property damage.

There is nothing to stop Negroes in Los Angeles from voting for the party of their choice, as a matter of fact, no laws, no discrimination, no tricky tests.

Yet, for reasons that are not together plan to many people, they often do not vote — or they

describe the candidate espousing their cause. "Liberals" is the word most Negro leaders use to explain this situation. Gilbert Lindsay, who holds public office, says that in this way when speaking to his fellow Negroes from the Watts district, "Their minds are blurred."

Lindsay is qualified to explain the situation. He is a member of the Los Angeles City Council, representing the Watts district. He once was on the Los Angeles City Council, representing the Watts district. He once was on the Los Angeles City Council, representing the Watts district.

In his evaluation of the Watts' trouble, Lindsay is referring to only a small segment of the Negro population. The height of the riot, no more than

10,000 were involved, even directly. This is a group which Lindsay described as "not belonging to society."

Richard M. Nixon has walked its streets hand-holding and asking for votes. So have Rep. James Roosevelt, Gov. Edmund Brown and Mayor Samuel Yorty.

The Watts area, blackened and pillaged in the riot, is gradually coming back to order. Merchants are ordering new inventories to replace supplies burned or stolen. Building owners are pouring new foundations. Police are covering their beats with

### Paris Designer Introduces New Shape in Coats

PARIS (UPI) — A new shape in coats — fitted in front but swooping out like Cadillac tail fins in back — was hailed by buyers at the opening winter collection of designer Cristobal Balenciaga.

Buyers emerged with swelling reports that the Spanish-born designer still was the king of Paris, as far as an all-around designer was concerned, and the most important trend maker.

One New York buyer said he would place orders immediately for the coats of several different lengths. They buttoned down a straight, fitted front underneath the usual tiny Balenciaga collar. But underneath a half-belt in back, the coats flared out in jutting fullness.

The buyers cheered a new fabric for cocktail dresses; crepe, which looks like silk, and heretofore has been made only in raincoats. Balenciaga's own colored or bright green shiny crepe dresses were topped by matching coats.

He also used slick black crepe for the more conventional raincoat, worn with a rain hat. Dress buyers told reporters the master-designer also brought down the house with a series of either bright pink or black short cocktail dresses in flouting sheer organza. Ruffles bounced around the hemlines and the mannequins wore gigantic matching pancake hats.

MR. AND MRS. RONALD R. SHANHOLTZ (Jordan's photo)

### Miss Petersen, Shanholtz Say Nuptial Vows

WENDELL — The Wendell United Presbyterian Church was the setting for the ceremony Aug. 14 uniting in marriage Dianne Elaine Petersen, daughter of Mr. and Mrs. Clyde C. Petersen, Wendell, and Ronald R. Shanholtz, son of Mr. and Mrs. Richard C. Shanholtz, Nampa.

Rev. Jack C. Jennings solemnized the double ring nuptials before a setting of pink gladioli and pink chrysanthemums, flanked by lighted tapers in candelabra and baskets of white gladioli and pink carnations.

Mrs. Harold F. Holsinger played the prelude and the traditional wedding music, Mrs. Larry Petersen, accompanied by Mrs. Holsinger, was soloist.

The bride, given in marriage by her father, wore a floor-length gown of white peau de soie, fashioned with a rounded neckline and lily pointed sleeves accented with scrolls of lace and pearls.

The detachable chapel train enhanced with matching scroll was held at the waistline with bows of peau de soie.

Her fingertip veil of silk illusion fell from a coronet of seed pearls with orange blossom trim. She carried a cascade bouquet of pink roses and stephanotis, tied with white ribbon and tulle.

Mrs. Earl Royse, Lake Oswego, Ore., sister of the bride, was matron of honor. Bridesmaids were Mrs. Larry Petersen, Wendell, sister-in-law of the bride; Pamela Shanholtz, Nampa, sister of the bridegroom; and Mrs. Earl Brown, Gooding.

Kristle Royce and Lisa Petersen, nieces of the bride, were flower girls. Brian Petersen, brother of the bride, was ring-bearer.

Mike Garety, Denver, Colo., was best man. Ushers were Douglas Shanholtz, brother of the bridegroom; Robert Reinhart, Sheridan, Wyo.; and Earl Royse, Lake Oswego, brother-in-law of the bride.

The reception was held in the social room of the church; Pat Hall, Pocatello, sorority sister of the bride, presided at the

guest book. Gifts were arranged by Evelyn Ogee and Effie Karelus, both Pocatello. Robyn Frith and Becky Frith carried the gifts.

The bride's table was covered with white lace over a soft rose pink cloth and centered with a four-tiered wedding cake decorated with pink roses and white tulle. The cake was topped with two large pink satin wedding bells, Lilies of the Valley and pink tulle. The mirror base of the centerpiece was surrounded by pink carnations and greenery. Pink tapers in double candle holders in a crystal punch bowl and a silver coffee service completed the table appointments.

Mrs. C. E. Spencer and Mrs. Glen Harmon, both Wendell, presided at the punch bowl and coffee service. Other reception assistants were women of the United Presbyterian Church.

The couple spent their honeymoon in San Francisco.

The couple will reside in Bellingham, Wash., where Shanholtz is employed with SAGA Food Service.

Guests attended from California, Oregon, Colorado, Wyoming, Nampa, Boise, Pocatello, Filer, Emmett, Jerome, Oakley, Gooding and Wendell.

### Linda Jones, Thompson Wed In Filer Rites

FILER — Linda Jones, daughter of Mr. and Mrs. Leonard Jones, Filer, and Charlie Thompson, son of Mr. and Mrs. Robert Thompson were united in marriage Aug. 2 in an evening ceremony at the Filer IOOF Hall.

The single ring ceremony was performed by Bishop Shaw of the Buhl LDS Church. The hall was decorated with large baskets of pink and white gladioli.

Christy Reed played the traditional wedding music.

The bride, given in marriage by her father, wore a street-length gown of white chiffon over satin. Her shoulder-length veil was held by a crystal crown. She carried a bouquet of pink roses.

Matron of honor was Mrs. Betty Baxter, sister of the bridegroom. Fay Jones, sister of the bride, flower girl, carried a basket filled with pink flower petals.

Best man was Johnny Thompson, brother of the bridegroom. Ushers were Michael Jones and Junior Thompson.

The reception was held immediately following the ceremony. The bride's table was covered with lace over pink and white tulle and a three-tiered wedding cake decorated in a pink and white motif.

Mrs. Norma Miller cut and served the cake. Gifts were displayed by Mrs. Jordan Sizemore and Debbie Sizemore.

Pre-nuptial showers were given for the bride by Thelma Sizemore, Marlo Zimmers and Mrs. Baxter.

# Labor Day Is Quiet in Most Resort Areas

By The Associated Press  
The long Labor Day weekend ended with comparative peace and quiet at vacation spots. Property owners reported that youth rioting was troubled by arrests were made, but mostly for minor violations. Property damage was practically nil.

At Lake George, N.Y., nearly all persons were arrested, but only for violating a local ordinance that prohibits carrying open beer cans in the street.

Robert Caldwell, mayor of the Adirondack Mountain resort, termed this trouble-free weekend "the most successful Labor Day yet."

Caldwell said the biggest problem was traffic. An estimated 10,000 persons crowded the area, which has a permanent population of 1,000.

During the Labor Day holiday at Lake George in 1961 several hundred youths battled police and dispersed by fire hoses.

At Rockaway Beach, Mo., a series of disorders over the week-end of July weekend, Sheriff Frank Cardwell said Sunday night. "It's awful quiet here. All the traffic has left. We have here a ghost town."

There were 15 arrests, Cardwell said, for public drunkenness and illegal possession of firearms and beverages, but the total number was substantially less than in previous years for even a nonholiday.

"Our Independence Day there were 180 convictions on similar charges," the sheriff said.

At North Beach, Md., a total of 31 arrests were made over the weekend, mostly on disorderly conduct charges.

Local police, aided by state troopers, broke up a series of parties on Sunday involving about 1,500 motorcyclists jamming the Chesapeake Bay resort for races at a nearby track.

Sunday night quiet prevailed, Police Chief Gerald Ray said. "Most of them were from out of state and have gone."

At Russell's Point, Ohio — when rioting at a d d the Fourth of July weekend, causing hundreds of thousands of dollars damage — police were ready with roadblocks on routes leading into town.

There were about 40 "preventive" arrests, including conviction of fireworks and some 22 caliber pistols.

# Marine Corps Considering Use of Draft

WASHINGTON (AP) — The Marine Corps is seriously and reluctantly considering use of the draft for the first time since the Korean war, defense sources said today.

The corps, which considers itself an elite organization, would rather not resort to the draft.

Although recruiting is up, there is a question whether the Marines can get the 65,000 recruits they will need without taking some draftees.

The corps said no decision has been made on whether to dip into Selective Service for the first time since May 1952 — more than 13 years ago.

Last month enlistment of young men in the Marine Corps increased by 20 per cent, an experience shared by the other armed services in the wake of President Johnson's action doubling monthly draft quotas.

If the level of about 5,600 new recruits could be sustained over the full fiscal year ending next July 1, the Marines could fill their requirements wholly with volunteers. It would be a tight fit, however.

The Marines need about 35,000 new men to make up for normal losses through attrition.

In addition, the corps has been authorized to increase by 20,000 men above the previously planned 193,000. This is part of the general buildup of U.S. forces in connection with the war in South Viet Nam.

# Peace Fixed By Agreement

PITTSBURGH (AP) — The signatures are on a new contract and labor peace in the basic steel industry is guaranteed for 35 months.

The agreement, which was negotiated last week in Washington under constant prodding from President Johnson, was signed late Monday night by President I. W. Abel of the United Steelworkers Union and chief industry negotiator R. Conrad Cooper.

Although the contract has averted what Johnson said would have been an economy-jarring strike, it remains to be seen if it will lead to a general or selective increase in steel prices. The industry has given no inkling of its plans.

The pact, approved by the union's wage policy committee Sunday, provides an hourly increase of almost 50 cents in wages and benefits for about 450,000 steelworkers.

The settlement exceeded the White House wage guideline of 3.2 per cent a year. It is closer to 3.5 per cent.

Both Cooper and Abel were in good spirits for the signing ceremony in a downtown hotel. Cooper later attended a union party for about an hour. He shook hands with Abel and the two men drank a toast to the new pact.

Just before the signing, Cooper, an executive vice president of U.S. Steel Corp., told newsmen he was 62 and probably would never sign another contract.

# Negro Leader Asks Emphasis On Employment

NEW YORK (AP) — Negro leader A. Philip Randolph has called on the civil rights movement to put more emphasis on employment.

Randolph, head of the American Labor Council, told a Harlem Labor Day program the civil rights movement is on its way to "triumphant success."

"Now I think we have got to put more emphasis on employment," Randolph said.

"The unorganized black workers of this country and the unorganized white workers as well as the 'hate' give them the will of organization and they will lift themselves out of poverty."

# Khan to Mediate Kashmir Dispute

NATROBI, Kenya (AP) — The Pakistani high commissioner, K. Pann, announced today President Mohammed Ayub Khan has accepted an offer by President Jomo Kenyatta of Kenya to mediate the India-Pakistan dispute over Kashmir.

Pann said Kenyatta's offer was made eight days ago. The high commissioner added it was not yet decided how Kenyatta would attempt to bring the two sides together.

# Rogerson Hotel Is Heavily Damaged by Morning Blaze

(Continued from page one) A main blaze was under control, and the top floor was completely gutted, but the other two floors had just water and smoke damage. The basement also was damaged by smoke and water.

William Hoops Jr., president of Rogerson Hotel, Inc., said he did not know the extent of the damage to the building or contents and could not estimate it until he had time to survey the damage inside and talk with insurance adjusters. The firm owns the building.

Ben Mottern, co-owner of the hotel business, coffee shop and Golden R, said it would be a day or two before anyone would know the extent of damages.

The other four businesses in the building, all damaged by water and smoke, are The Mayfair Shop, Crandall Flower Shop, Hunt's Barber Shop and Iris' Apparel Shop.

# Capital Punishment Thought Moral, Legal Question

By HARRY FERGUSON  
WASHINGTON (UPI) — Each morning for 12 years and five months Edgar Labat and Clifford Poret have awakened wondering whether they were going to die in the electric chair. They have lived under the death sentence longer than any other person in the history of the U.S. penal system.

The two Negroes were convicted in Louisiana on March 23, 1953, for "aggravated rape" of a New Orleans woman. Under state law the death sentence is mandatory. Labat and Poret have been tried three times and convicted three times. Their lawyers have kept them out of the electric chair by raising legal questions about the exclusion of Negroes from the grand jury and the trial-verdict.

The story of Labat and Poret never caught the attention of the world as did the Cheryl Chessman case in California, even though they have spent more time in the shadow of death than he did. But Chessman is dead and these two men are still active. Thus when the argument rages among the experts about capital punishment, Labat and Poret suddenly become the most famous prisoners in this nation.

No moral or legal question of our time has divided the experts so sharply than whether a man for any reason whatever and in this nation is against capital punishment, but the argument remains as violent as ever.

Is it inhuman torture to keep Labat and Poret wondering for more than 12 years whether they are going to die and, if so, when? Does capital punishment deter crime? Do men who have committed murder go forth to kill again when they are paroled from a prison sentence?

A non-expert, trying to form an intelligent opinion about the death penalty, finds himself in a tangle of contradictions with no sign posts marking a way out. Should we look for a moral judgment in, for instance, the Bible:

"Whoever sheds the blood of man, by man shall his blood be shed." —Genesis.

"Thou shalt not kill." —Exodus.

Or should we depend on a legal judgment, like this:

Raunsey S. Clark, deputy attorney general of the United States, recently sent a letter to Congress saying the Justice Department was opposed to capital punishment in principle. But Director J. Edgar Hoover of the Federal Bureau of Investigation — an arm of the Justice Department — defends capital punishment. "We must never allow misguided compassion to erase our concern for the hundreds of unfortunate, innocent victims of heinous criminals," Hoover maintains.

# Water Filter Cigarette Is Being Made

NEW YORK (UPI) — The American Tobacco Co. announced Tuesday it will market a new filter cigarette with a water tip.

Robert H. Walker, president and chairman of the board of the tobacco company, said the new brand will be known as Water Filter.

Small capsules of water in the filter can be broken by punching the tip, Walker said.

Water from the capsules goes back to about 1900, when the water pipe first appeared in Persia and India, Walker said.

"Now for the first time Waterford adapts this ancient device for enjoyment of today's cigarette smokers."

# Steelers Pluck Veteran From Coaching Staff to Replace Buddy Parker

PITTSBURGH (AP)—The Pittsburgh Steelers plucked veteran assistant Mike Nixon from their coaching staff Monday and signed him to a one-year contract as head coach of the National Football League club. Nixon, 43, fills the gap left by the sudden resignation Sunday of Raymond K. (Buddy) Parker. Selection of Nixon was no surprise. With the NFL season opening in less than two weeks, it was almost mandatory that the Steelers pick a man familiar with the team's plays and players. This is the second head coaching job in the NFL for Nixon, who had been Parker's chief aide. He guided the Washington Redskins in 1955-56.

Tight Relief, Homeruns Let Orioles Win

NEW YORK (AP)—Home runs by rookies Andy Etchebarren and Carl Belfrage backed the shutout relief pitching of Jim Palmer and Stu Miller as the Baltimore Orioles whipped the New York Yankees 6-2, completing a sweep of their Monday doubleheader.

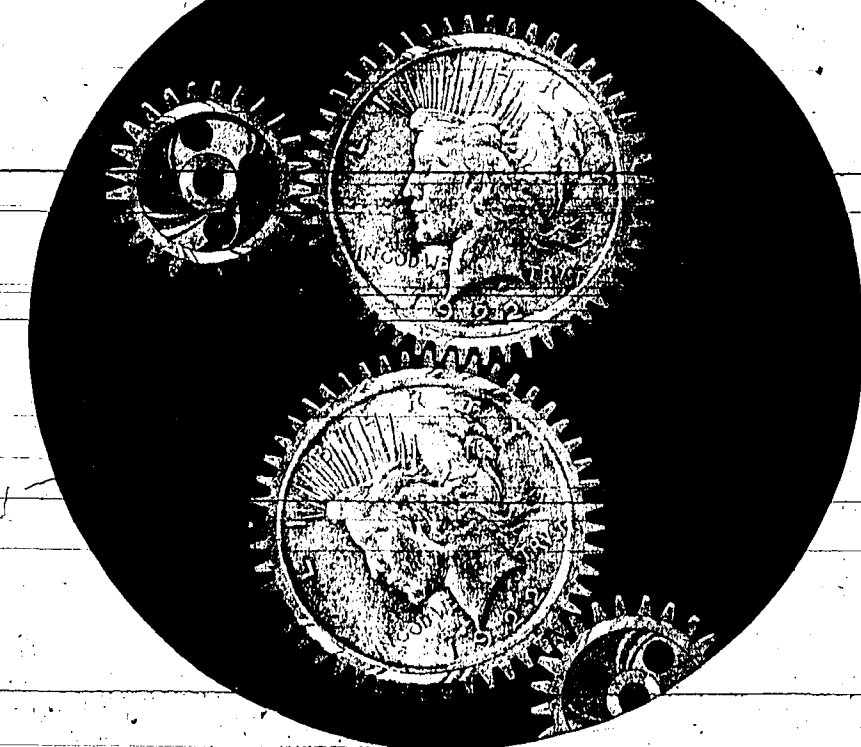

Milt Pappas and reliever Dick Hall collaborated for a three-game victory over Whitey Ford. The Yankees now have lost five straight games since Etchebarren's first major league homer, a three-run inside-the-park shot off Bill Stafford in the fifth inning, erased a 2-0 New York lead in the nightcap. Belfrage belted his 21st of the season—and his sixth against the Yankees—with one on in the sixth.

Sam Downes' fourth-inning solo homer provided the winning margin in the opener as Ford took his first loss at Yankee Stadium this year after reeling off 10 straight victories in the New York park. Ford is 14-10 over-all.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

NEW YORK, N. Y. (Special)—For the first time science has found a new healing substance with a non-irritating ability to shrink hemorrhoids, relieve itching, and relieve pain—without surgery.

In case after case while gently relieving pain, actual reduction (shrinkage) took place.

Most surprising of all—results were so thorough that sufferers made astonishing statements like "This has cured to be a problem!"

The secret is a new healing substance—also known as a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation 118. At all drug counters.

# Rosholt Takes Magic Valley Amateur Crown; Purves Second

John Rosholt, former University of Idaho golf team member and now a Twin Falls attorney, won the Magic Valley Amateur golf championship Monday with a four-shot edge over the field. Rosholt, who entered the day three shots behind two-day leader Carl Hoss, fired a backluster 72 and was going away. Only Jim Purves, who started nine shots out and wound up in second place, played consistently good golf in the three-day wrap-up.

GOLF CHAMPION JOHN ROSHOLT, left, receives the congratulations of runner-up Jim Purves after winning the annual Magic Valley Amateur golf tournament. Rosholt took the prize with a seven-over-par 211. (Times-News photo)

Hoss, after a 66 and 69 on the 68 par courses, skied to an 81 and fell into a tie with Newt Carter, Hoss, who had shank problems. Carter took third by beating Hoss in a sudden-death playoff.

Rosholt ended the tournament with a seven-over-par 211 while Purves and 215. Carter and Hoss were another stroke back while John Pyno, Burley, took fifth with 217.

The day was marked by double bogies — one four-over par effort — in the championship flight and Hoss got the first, knocking his opening drive out of bounds and fell four shots back when Hoss bogied the first hole. He got those shots back in the next two holes, getting a birdie while Hoss went double bogey and they evened it up with a par three on the third while Hoss had another bogey.

The men stayed even for the next two holes before Rosholt spurred into a three-shot lead on the final three holes with two pars and a birdie.

Rosholt opened the back nine with a bogey and Hoss got one back there. Meanwhile, the consistent Carter pulled up to within two shots with a birdie.

But Carter, who had overcome one shanked-out-of-bounds shot, fell out of contention on the par 11th hole. He shanked his tee shot out and ended up with a three-putt and a seven. That put him seven out.

Hoss continued the pressure and pulled to within one with a par on the 12th hole. He and Rosholt traded strokes on the 14th and 15th but then came the blow that dropped Hoss. After a long recovery shot for an eagle on the 16th, he charged to the green. The ball fell the green and wound up in an irrigation ditch. Hoss took a double bogey on that and had to gamble in an effort to get back.

He flew the 17th green also, again landing in a ditch, and his recovery shot for an eagle on the 18th green when he missed a 12-inch putt that would have put him in with Purves at 216.

The other flight winners were: First flight—Dana Serp, 216; Gary Hubert, Bob Johnson, Ron Chaffin and Bob Anderson. Second flight—Jim Judd, Jess Lowman, Larry Hatch and (tie) Willie Peterson and Carl Reeler.

Third flight — Marv Aslett, Rexburg; Larry Crane, (tie) Ken Hell and Sherm Bellwood; Ruppert and fifth — John Serp, 216; Gary Hubert, Bob Johnson, Ron Chaffin and Bob Anderson. Second flight—Jim Judd, Jess Lowman, Larry Hatch and (tie) Willie Peterson and Carl Reeler.

# Sox Defeat Angels Twice 4-3 and 2-1

CHICAGO (AP)—Ken Berry, whose seventh-inning homer tied the game, led off the ninth with a single and scored the winning run on Aubrey Gatewood's bases-loaded wild pitch, giving the Chicago White Sox a 4-3 victory over Los Angeles and a sweep of their doubleheader Monday.

Smoky Burgess' 10th-inning pinch single delivered the winning run in the White Sox' 2-1 victory in the first game.

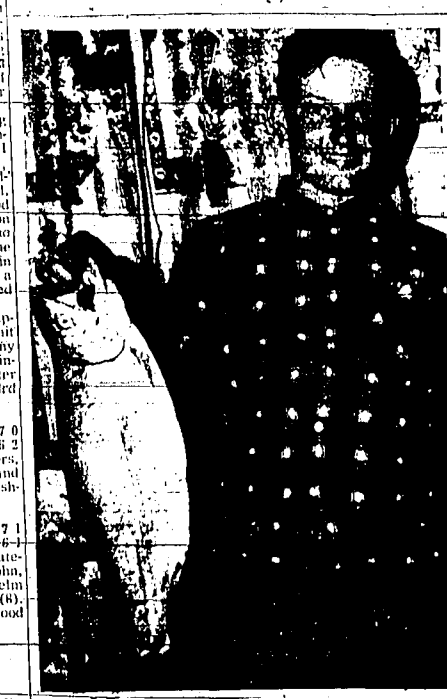

After Berry singled, Hoyt Wilhelm sacrificed him to second, and Dan Buford was walked intentionally. Elroy Roberts grounded to a Bobby Knapp, who bobbled the ball, loading the bases. Then, with J. C. Martin at bat, Gatewood uncorked a wild pitch, and Berry raced home.

The 38-year-old Burgess slugged his 13th career pinch hit to deep right, scoring Danny Cater from third with the winning run in the opener. Cater had singled and gone to third on Ron Hansen's single.

# T. F. Entry Wins State Tennis Title

BOISE (AP)—Boise's Barbara Chandler picked up another women's singles championship Monday in the Idaho State Tennis Tournament and Idaho State University's Frank Humphreys of Twin Falls won the men's singles.

Mrs. Chandler, defending champion from 1964, beat Linda Baker of Boise in the championship game 6-0, 7-2. She also teamed up with Joyce DeLano to beat Leslie Burns and Miss Baker in women's doubles.

Humphreys dropped Dick Axell 11-9, 4-6, 8-6, in one of the most exciting matches of the day.

Marlin Schrier of Boise took the girls 10 and 18 singles wins from her twin sister Mary and then the twins teamed up to win the girls 16 doubles.

Bob Thompson of Vancouver, Wash., won the junior men's 18 singles, beating John Stohler of Boise, 6-2, 6-3.

# Jarrett Takes First Spot in Southern 500

DARLINGTON, S. C. (AP)—Ned Jarrett won the Southern 500 stock car race Monday after a mechanical trouble sidelined the day's two top leaders, Darrel Dieringer and Fred Lorenzen, with 41 laps to go.

Jarrett, 32-year-old factory Ford driver from Camden, S. C., collected the \$20,200 first-prize money and will also earn some money for the 63 laps he led the race.

Buddy Baker, driving the 1965 Plymouth started in the race by his father, three-time winner Buck Baker, finished second. Dieringer finished third, although he drove from the 62nd lap without brakes; Buddy Arrington finished fourth, and Roy Mayne in a 1965 Chevrolet was fifth.

Jarrett, known as the gentleman of the stock car crowd and one of the best short-track drivers around, put his Ford in the lead for good on the 326th lap over the 1 1/2-mile Darlington International Raceway and sailed home without any serious challenge.

The Bakers took home \$9,140 Sunday, the most frustrating of his 19-year career, led for 187 laps of the 364 turns on this demanding highly banked oval, and appeared to be safely home with his only victory of the year when his brakes failed on his aging 1964 Mercury.

FOREST HILLS, N.Y. (AP)—Bounding Chuck McKinley, still a gallery favorite, bounced Davis Cupper Clark Graebner 6-11, 6-3, 6-3, 6-0 Monday and moved toward a semifinal meeting with his old rival, Roy Emerson, in the National Tennis Championships. Emerson, the top-seeded defending champion from Australia, toyed with 18-year-old Cliff Richey of Dallas, Tex., 6-3, 6-3, 6-0 as favorites moved ahead to the round of 16 at the West Side Tennis Club. Second-seeded Maria Bueno of Brazil led the women's advance with a 6-2, 6-4, triple break over Mlle. Janine Leffrig of France.

# Farrell, Wynn Pace Astros Over Chicago

HOUSTON (AP)—Dick Farrell paced a five-hitter and Jim Wynn laced a disputed two-run homer in the sixth inning as the Houston Astros edged the Chicago Cubs 2-1 Monday night.

Jo Morgan singled with two outs in the sixth for the third Houston hit off Larry Jackson. After Morgan stole second Wynn hit his 19th homer into the left-field stands.

The ball bounced back onto the playing field and the Cubs argued that it had caromed off the wall. But umpire Chris Pelekas gave the home run signal.

The homer erased a 1-0 Chicago lead and set the pace for the slim margin the rest of the way for his 10th victory against nine defeats. Jackson, who allowed seven hits in 25 decisions, took his 18th loss in 25 decisions. It was his first loss to the Astros after three 1965 victories.

RUIDOSO DOWNS, N. M. (AP)—Savannah Jr. splashed to a victory over a sloppy track Monday in the seventh running of the All-American Quarter Horse Futurity at Rutdon Downs.

A record crowd of 9,956 saw Art's Model take second place and Rapid Vite capture third in the \$419,460 race which track officials say is the richest purse in American horse racing circles.

The win was worth \$102,720 for Savannah Jr.'s owners, J. R. and R. E. Cates of Tulsa, Okla.

# Torre, Carty Spark Braves Over Mets

MILWAUKEE (AP)—Joe Torre drilled a bases-loaded single, sparking a three-run inning that carried the Milwaukee Braves to a 3-1 win over the New York Mets Monday.

The Braves won the first game 4-2 as Rico Carty drove in three runs with a double and a home run.

Torre's two-run single in the third capped a rally that Carty opened with a walk. Singles by Mack Jones and Hank Aaron brought in one run before a walk to Eddie Mathews loaded the bases for Torre.

Carty, who had five hits in the doubleheader, got his biggest in the fourth inning of the opener when he sliced a two-run double to right.

DETROIT (AP)—Dalton Jones rapped three hits, including a two-run homer in the seventh inning, and Earl Wilson pitched a six-hitter in leading the Boston Red Sox to a 4-1 victory over the Detroit Tigers Monday.

Wilson blanked the Tigers until the eighth inning when they put together three singles, the last by Don Wert, for their only run.

The Red Sox scored two unearned runs in the first inning when first baseman Norm Cash threw the ball away after fielding Jones' infield single.

Jim Gosger, who had singled, scored on the play, and Jones reached third. Jones then scored on Bill Freehan's passed ball.

# Cougars to Pass 35-40 Per Cent

SPOKANE (AP)—Washington State University's Cougars will balance their running this season with 35-50 per cent passing, football coach Bert Clark says.

During a short scrimmage Saturday before about 40 visiting sportswriters, the first offensive unit completed six of seven pass attempts and scored four touchdowns but Clark said he was looking for some hard running from Larry Elmes, T. C. McClellan and Ten Geron.

The WSU team "is very inexperienced, very young and most of them are still learning the game of football," he told the Skywriters Tour of West Coast sports writers. But "we'll struggle and do the best we can."

# YOUR BIRTHDAY and HOROSCOPE

**WEDNESDAY, Sept. 8**  
**VIRGO (Aug. 24-Sept. 2)** — Success could come in a variety of disguises today, so don't overlook a thing.  
**LIBRA (Sept. 24-Oct. 23)** — Give your full attention and energies to the job at hand. Promotion could mean failure.  
**SCORPIO (Oct. 24-Nov. 22)** — Excellent prospects along business lines, especially where the sale of real estate is involved.  
**SAGITTARIUS (Nov. 23-Dec. 22)** — You can act impulsively and yet to your advantage. Play it cool in all business dealings.  
**CAPRICORN (Dec. 23-Jan. 20)** — Rewards for personal services recently rendered are in order. Make all contacts with this in mind.  
**AQUARIUS (Jan. 21-Feb. 19)** — Complete a long-pending business deal at this point. Don't let any more grass grow under your feet.  
**PISCES (Feb. 20-March 20)** — It may be to your distinct advantage to see that employment problems are solved immediately.  
**ARIES (March 21-April 20)** — Social gains and personal popularity develop interdependently today. Don't neglect business duties, however.  
**Taurus (April 21-May 21)** — A day filled with good fortune for the Taurus who recognizes which side his bread is buttered on.  
**GEMINI (May 22-June 21)** — See that you receive your full share of what should be unexpected profits.  
**CANCER (June 22-July 23)** — Swift and conclusive action is indicated for today. Play your part effectively, and cheer in the rewards.  
**LEO (July 24-Aug. 23)** — Today you should be able to accomplish more than you thought possible. Exert your full energies.

**Speeding**  
**PUEBLO, Colo. (UPI)** — A city speed limit for horses is in effect.  
 That fact came out Monday in an accident involving an automobile and a gelding pony at a Pueblo racetrack.  
 Ten-year-old Robert D. Dal of Pueblo was riding the pony. The pony and a car driven by Andrew Macintosh of Pueblo collided.  
 The driver of the automobile reported that the boy appeared to be exceeding the speed limit for horses but did not see a citation to him.  
 The boy suffered a broken leg in the accident, which was reported in a preliminary condition at a hospital.

**Integration Move Doesn't Materialize**  
**NATCHEZ, Miss. (AP)** — An announced move to integrate white schools here did not materialize when classroom doors opened.  
 Negro leaders said Monday an attempt would be made to enter white schools which opened today on a segregated basis.  
 School officials reported near noon that there had been no such attempt.  
 Meanwhile, the some 650 National Guardsmen ordered in to block "imminent riot" pulled out after patrolling for five days.  
 The Rev. Sheed Baldwin said he was delighted by the withdrawal of the taxpayers' money, he said.  
 Militant Negroes and the Negro Klan were both reported heavily armed but few guns were in the hands during the guard's stay.  
 Gov. Paul Johnson sent the guard into Natchez, at the request of city officials, due to a tense situation resulting from the bombing of a Negro leader's auto and the rejection of integration demands.  
 The bomb, wired to the auto's ignition, injured the president of the Natchez chapter of the National Association for the Advancement of Colored People, George Metcalfe.  
 Metcalfe was reported recovering at a hospital.

**Cause of Aerial Ride Fall Unknown**  
**LINCOLN, Neb. (AP)** — "The cause of the collapse of an aerial ride at the Nebraska State Fair remained a mystery today.  
 While a record-breaking crowd of over 100,000 tramped around the grounds Monday, investigators are attempting to determine the cause of the fall.  
 The ride, which carried 100 passengers, tumbled from gondolas to the ground Sunday. Three others are listed in serious condition at Lincoln hospitals.  
 Fair Manager Henry Brandt said he does not know what the official reports will show, but from everyone I have talked to there certainly was no indication of negligence on anyone's part."

**Crosby Cancels Trip to England Because of Virus**  
**HOLLYWOOD (AP)** — Bing Crosby has canceled a plane trip to England because of a "little virus," the singer's brother Larry said today.  
 "He's at home — at Villa — it's nothing serious," Bing's brother added.  
 The 61-year-old star was to have occupied the Royal Box at the St. Regis hotel here Wednesday.

**2 Bodies Found In Remote Area Of Arizona**  
**ASHFORD, Ariz. (AP)** — Policemen stumbled Monday onto the bodies of two young men, shot to death with their hands behind their backs.  
 The victims, in their mid-20s, each had been shot twice.  
 Investigators said one of the men had been beaten severely on the head.  
 A physician estimated they had been dead 12 to 18 hours.  
 Identification or money was found on the bodies, about 75 feet apart in a remote area of cedar, trees and rocks seven miles east of Ashford.

**DISCUSS PROBLEMS**  
**WELLSVILLE, Finland (AP)** — U.S. ambassador at large, W. Averell Harriman, met with Finnish officials at the Foreign Ministry Monday for talks on "international problems."

MISS IOWA, Marie Elizabeth Mushro, Sioux City, left, meets the current Miss America, Vanda Kay Van Dyke, Phoenix, Ariz. Miss Mushro, who faced death six years ago because of a heart defect and underwent a successful operation, has vowed to donate one-half of her earnings to the American Heart Association if she becomes Miss America-1966 this week. A successor to Miss Van Dyke will be named Saturday night after three nights of preliminary competition. (AP wirephoto)

### Miss-Iowa Faced Death 6 Years Ago

ATLANTIC CITY, N.J. (AP) — Marie Elizabeth Mushro, the 39-year-old beauty representing Iowa in the Miss America pageant, faced death six years ago because of a heart defect.

The Morningside College junior says she wants to win the title so she can contribute to heart research.

Miss Mushro was born with a heart defect.

"The doctor said I had a hole in my heart and that I probably would not live very long," she said in an interview. "I wasn't able to lead a normal life until 1959."

"They said later that my heart was out of my body for 24 minutes while an electrical heart pump machine took over the job of my heart."

When she was named Miss Iowa, she vowed that if she won the Miss America contest, I would give half of my earnings to the American Heart Association.

Miss America of 1966, who will be chosen Saturday night, wins a \$10,000 scholarship and personal appearance contracts which have earned the current queen, Vanda Kay Van Dyke, of Phoenix, Ariz., an estimated \$80,000.

Miss Mushro, nicknamed "Trophy" by her family and friends, has wavy brown hair, brown eyes and an olive complexion. She is of Syrian-Lebanese ancestry.

She stands 5 feet 5 1/2 inches, weighs 118 pounds and measures 30-24-34.

### Blast Planned In Bruneau River Canyon

LAS VEGAS, Nev. (AP) — Only those persons in the immediate area are expected to hear and feel the experimental blast planned in the Bruneau River Canyon of Southern Idaho Sept. 30, the Atomic Energy Commission said today.

Plans call for the detonating of 100 tons of chemicals. If the blast proves successful a later nuclear blast may be touched off with the force of 100,000 tons of TNT.

The Sept. 30 experimental blast will be conducted by the U. S. Army engineers nuclear cratering group as part of a joint research program by the AEC and the Army engineers.

Nuclear excavation is part of the AEC plowshare program, intended to develop peaceful uses for atomic energy.

Data from the Sept. 30 explosion, the AEC said, "will be used in the general development of cratering theory and to develop techniques for predicting the stability of crater slopes."

"Other cratering data," the agency said, "will be obtained, such as crater depth and width, angle of slope, scatter of debris and debris fallback into the crater as related to the size of the explosion and the depth of its burial."

"Information on ground motion and atmospheric shock waves will be recorded at the time of the detonation by mobile seismographs and microbarographs."

"It is expected that earth and air shock will be felt and heard only by persons quite close to the explosion and not by those who live or work outside the isolated site area."

### Spotted

COLUMBIA, S.C. (AP) — Warden W. D. Locke of the South Carolina State Penitentiary was driving along Monday when he spotted an escaped convict, Howard G. Lightly, in a passing taxi.

Locke accused his car in front of the taxi and captured the 33-year-old convict, who had escaped four hours earlier, Gollyguy, of Greenville, S.C., was serving a two-year term for housebreaking and larceny.

### 7 Killed in Gem Mishaps Over Holiday

By The Associated Press

Two men drowned in a Labor Day weekend motor boat accident in Idaho, and five other persons were killed in traffic accidents.

Drowned when their motorboat overturned on Lost Valley Reservoir west of McCall were Ray H. Tixer, 32, and Glenn Gorenman, 31, both of Nampa.

Coroner Harold Whitaker said there apparently were no witnesses but fishermen had seen the two men earlier skimming around the lake in the 14-foot boat.

The five traffic deaths and two others not counted in the Labor Day weekend (ID) raised Idaho's toll for the year to 183. At this time last year, the toll stood at 169.

The traffic victims were: Miss Priscilla Moffitt, 18, of Nampa, who died Sunday-night of injuries suffered the day before when she was struck by a car while walking home from work.

Clinton Tinsle, 34, of Leupp, Ariz., killed when the car he was driving went out of control on a curve in Pocatello Sunday night, crashed through a guard rail and overturned.

Mrs. Mary Schultz, 70, of Alamogordo, N. M., killed in a head-on collision Sunday on U. S. 28 eight miles west of Pallsades near the Idaho-Wyoming border.

Miss Gloria Jean Riggs, 19, of Erie, Pa., killed Sunday when a car she was riding veered off a highway near American Falls and crashed into a guard rail.

Gerhard A. Kollerbaum, 29, of Sylmar, Calif., fatally injured in a head-on collision Saturday near Rexburg.

A Clarkston, Wash., man — Clyde Jenkins — was killed when his car collided with a truck Friday near St. Maries but state police said the accident was before the Labor Day weekend traffic count began at 6 p.m.

Mrs. Eldora J. Briscoe, 75, of Pocatello died Sunday night of injuries suffered in a roadside collision in the city Wednesday.

North and south winners were Mrs. H. E. Burgess and Mrs. J. C. McMillin, first; Mr. and Mrs. Robert Suss, second, and Mrs. Clyde Straughn and Mrs. Juanita Querry, third.

Each Meet winners include Mr. and Mrs. John Brown, first; Mrs. Charles Otto and Mrs. Herman Hall, second, and Mrs. H. M. Proctor and Donald Lusk, third.
