

Sales Tax Brings Tax Levy Cut For 5 Counties

Taxpayers in at least half of the Magic Valley counties will be paying less taxes in December, thanks to the new three per cent sales tax. A survey by the "Times News" Tuesday indicates levies have been decreased in Blaine, Minidoka, Gooding, Lincoln and Camas counties, with Jerome county commissioners still not decided with the task of setting levies for the 1965-66 year. However, Cassia county's levy of seven mills remains the same and in Blaine county, the combined state, county and school levies total \$7.08 per \$100 assessed valuation compared to \$6.76 last year. Officials explain that while several state levies including the ad valorem, teachers retirement and social security, were eliminated because of the sales tax, local county activity necessitates the increase. Blaine county levy went up from \$2.53 to \$3.05 because of a new levy for the county fair of five cents per \$100 assessed valuation, a 20-cent increase in the indigent fund, 10-cent hike in road and bridge levy and five-cent increase in the airport levy.

Legislation To Assist Businessmen

WASHINGTON (AP) — President Johnson signed into law legislation which he said was for American businessmen and the great Agricultural Extension Service. The law is done for the American farmer. It is known as the State Technical Extension Act. It provides a five-year program of matching grants to states to make scientific and technical information available to industry. Johnson signed the bill in a ceremony attended by members of Congress, some governors and other officials. The President said the new law will put into the hands of businessmen the fruits of research and development, result in the creation of new industries and the expansion of old ones, and the development of cheaper and better consumer products. It reduces the impact of technological changes on the economy and diversify local industry and assist in the retraining of workers whose skills are outmoded.

T.F. Misses Blood Quota By 36 Pints

(See picture on page 5)
The 36 pints missed by 176-pint twin falls blood donor at a Red Cross blood drive at the American Legion hall, Oct. 14, who turned out for the blood drive, seven were rejected and 83 gave replacements. A four-gallon pin was presented to Oren Fisher; three-gallon pins were given to Bert Bollinger, Wayne Klaus and Hubert Hendrix, and one-gallon pins were presented to Ed Foulk, Mrs. Dorothy Rome, Mack Dodson and John Johnson. Group donations included the LDS Church, 17; Elks Lodge, 11; Methodist Church, 11; Idaho Power and Lutheran Church, each nine; First Presbyterian Church and St. Edward's Catholic Church, each eight; Twin Falls Typographical Union, seven; Twin Falls Post Office, six; Quality Roofers and the Christian Church, each five, and the United Church, four. The doctor in attendance was Dr. Harry Brumback. Nurses were Mrs. Jane Wirsching, Mrs. Kenneth Givens, Mrs. Elbert Huber, Mrs. Mary Dalton, Mrs. Mary Hammond, Mrs. Mary and Mrs. Duane Schrenk. India Boasts Wins In West Pakistan

NEW DELHI, India (AP)—India declared today it had won its military objectives in two sectors of West Pakistan. Authoritative sources said Prime Minister Lal Bahadur Shastri was seriously considering a cessation of hostilities. There was no assurance that Shastri and U.N. Secretary-General U Thant, now in New Delhi, would be able to agree on a formula for halting the war, however. Nor was there any indication Pakistan was ready to talk peace. That was reliably reported to have told U.N. workers in New Delhi that despite their differences, India and Pakistan in recent days have shown an interest in stopping the bloodshed that began Sept. 6. Thant, who has visited Pakistan, appears to have won strong backing from the big powers, especially the Soviet Union and the United States. Soviet Communist party leader Leonid Brezhnev today called for an end to the fighting. The United States is reported ready to cut off massive economic aid to the subcontinent until the fighting ceases.

Americans Taken Out Of Pakistan

WASHINGTON (AP) — The U.S. Air Force will airlift some 1,100 to 1,200 Americans, mainly women and children from West and East Pakistan today, State Department officials said. The airlift will start at 8 p.m. EST from the Lahore area of West Pakistan. Lahore is about 10 miles from the Kashmir war front and within reach of artillery fire. At least six C-130 transports will fly from Tehran, Iran. A few hours later about eight C-130 transports from Bangkok, Thailand, and Clark Air Force Base near Manila in the Philippines will begin the evacuation of 500 to 600 Americans from the Dacca region of East Pakistan. These Americans will be flown to Manila. U.S. authorities said that most of the evacuees would be women and children who are the dependents of U.S. government officials and workers in Pakistan. There will also be some American officials who are classified as nonessential because the fighting with India has made it impossible for them to carry out their jobs. Most of these are employees of the agency for International Development, officials said.

Senate Okay Expected on Farm Bill

WASHINGTON (UPI)—Administration forces, saved from defeat on a key amendment by Vice President Hubert H. Humphrey, were confident of final Senate approval today of the farm bill. But before the final vote, the Senate had to dispose of a number of other amendments to the big package of farm programs. And some of these could touch off a fight. The most controversial of the amendments dealt with the minimum price at which the government sells its surplus wheat. Sen. Karl E. Mundt, R-S.D., sought to raise the price from the present 105 per cent of the price support loan rate to 115 per cent. Humphrey hailed the administration out of a tight spot Monday when he cast the vote-breaking vote to assure adoption of an amendment sponsored by Sen. Ross Bass, D-Tenn. It was only the second time this session the vice president has had to vote.

Blaine Has New Assessor

HAILEY — W. D. Martindale, Blaine's former city sheriff, was sworn in Tuesday morning as Blaine county assessor by George F. McCoy, county clerk. Martindale replaces John Irvin, who has resigned to go into business. Irvin was appointed by county commissioners to replace the late Lloyd A. Wilson, who died last November. The new assessor has been employed by the forest service for 15 years. He is a former school teacher and was graduated from the former Albion State Normal.

Court Suspends Law Requiring Idaho Private Contractors to Be Licensed

BOISE (AP) — Judge J. Ray Welch suspended in Third District Court today enforcement of the 1963 law requiring private contractors in Idaho to be licensed. The suspension will stand until the determination of the legality of the law, which requires contractors to post a \$1,000 bond before they can obtain a license. It was primarily that provision which was challenged in court, brought by seven contractors. They contended their inability to obtain bonds prevented them from qualifying under the law, thus depriving them of their means of livelihood. Deputy Atty. Gen. Michael Southcombe, representing the Private Contractors, B.A.A., which is defendant in the suit, argued against suspension of the law while the case is being decided. He contended that to suspend the law meant elimination of the protection of the public which was intended to give. Conflict in Laws Dictates Hike in College Tax Levy

A possible conflict in state laws, casting doubt on Jerome County's right to levy taxes to support the College of Southern Idaho this year, has resulted in an increase of the Twin Falls County levy for the college from 4.5 mills to 5.25 mills. The college board of trustees explained that the levy was increased so there would be sufficient funds to balance the college budget, in case Jerome County cannot provide tax funds for the college this year. The junior college district was established in Twin Falls County last November and Jerome County voted to join the district last month. A state tax law limits taxation of property annexed to a taxation unit after the second Monday in January each year. If it is ruled that Jerome County may levy the college tax this year, the board declared, additional funds collected this year will be used in next year's budget. The college board stressed that contrary to reports, the Jerome County commission "has not refused to accept a levy certification, but is awaiting a legal determination of the problem." The following statement was issued Tuesday by the Board of Trustees of the College of Southern Idaho: "At a meeting yesterday afternoon the board certified a levy of 5.25 mills to the Board of County Commissioners of both Jerome and Twin Falls counties. This levy was changed from the original levy of 4.5 mills upon the advice of the Board's attorneys. "It was explained to the board that the question of a possible conflict in the new law providing for the establishment of junior college districts and a provision in the revenue and taxation law was now under study. "The law creating junior college districts gave taxing authority to the districts. However, another statute carries certain limitations concerning the taxation of property annexed to a taxing unit after the second Monday in January of each year. "Jerome County was annexed to the district by an election held August, 1965. The Board of County Commissioners of Jerome County has not refused to accept a levy certification but is waiting a legal determination of the problem. "The levy of 5.25 mills was certified by the board to each county to insure that if the Jerome County levy cannot be made, there will be sufficient funds to balance the budget. See CONFLICT, Page 2, Col. 7.

Infantry in Viet Nam Will Be Increased

WASHINGTON (AP) — Thousands more Army infantrymen are expected to be shipped to South Vietnam in a continuing build-up beyond the 125,000-man troop level announced by President Johnson. Defense sources indicated that the remainder of the 1st Infantry Division is likely to follow one of its brigades already in Viet Nam. Dimensions of the additional build-up in Viet Nam are unclear. Final presidential decisions may still be pending. However, knowledgeable sources said they look for a substantial increase in U.S. troop strength in Viet Nam. An estimated 11,000 members of the 1st Infantry Division still are at Ft. Riley, Kan. There have been a number of inquiries they may be getting ready to move out. Among other things, it is reported the Army will train a new division, probably an infantry outfit, at Ft. Riley. That post can accommodate only one division-size force at a time, sources said. In addition to more infantrymen, it was indicated the Army probably will send combat support and logistics elements to Viet Nam. These, too, likely would be numbered in the thousands. The bulk of new troop movements to Viet Nam probably will involve Army forces, sources said. The movement probably will be spread out over weeks and even months. Secretary of State Dean Rusk pried up the lid on the build-up situation Monday when he told newsman on Capitol Hill the prospective troop level in Viet Nam has been raised above 125,000. Arrival of the Army's 1st Cavalry Division, a helicopter-borne airborne outfit, is under way. When completed, it will bring U.S. troops strength in Viet Nam close to the 125,000 mark.

Secretaries In Selection For New Post

WASHINGTON (AP) — President Johnson, searching for the right man to head the new Department of Housing and Urban Development, is in the usual predicament of appointment-makers. He is bound to make somebody unhappy. Examples: friends of Robert C. Weaver say he will be most disappointed if he does not get the position. So will a number of Negro organizations. If Weaver is picked, other hopefuls will feel let down. Weaver, 47-year-old Negro, since 1961 has headed the Housing and Home Finance Agency which will be absorbed in the new Cabinet department. In 1962, President John F. Kennedy announced he would appoint Weaver to the new job if Congress created a Congress. Weaver refused to say that. Of course the Kennedy commitment is not binding on Johnson. Weaver is a long-time housing specialist and author, among other publications, of "The Negro Ghettos." The U.S. Conference of Mayors would like to see Johnson choose someone with broader experience in handling not only housing, but other urban problems. If Johnson does not name Weaver, he is expected to find another high position for him. This would tend to allay any resentment among Negro organizations. Although admiring his work, Negro leaders are not unanimous in backing him. Rep. Adam Clayton Powell, D-N.Y., has said he would prefer former Rep. Albert Rains, D-Ala. Rains was chairman of the House subcommittee on housing.

Strike OK'd Against Oil Industry

DENVER (UPI) — The Oil Chemical and Atomic Workers International Union today authorized a strike for almost 50,000 employees against oil industry installations across the nation Oct. 8 unless a 5 per cent general wage increase is granted. A. F. Grospiron, OCAW president, said in Denver he advised district directors of the union throughout the nation to prepare for a general oil industry strike at 12:01 a.m. Oct. 8. He did not say which oil plants would be struck if negotiations fail. "Each individual company knows which of its installations is subject to strike," Grospiron said, "and, of course, the proper notice will be provided in advance to management in each plant." Grospiron said negotiations were being stepped up in oil refineries and other installations in efforts to obtain the 5 per cent wage hike.

Time Requested In Murder Case

BURLEY — Juan Ruiz, 40, Rupert, requested time to consult an attorney and was granted two days when he appeared before Cassia County Probate Judge Vern Carter on charges of first degree murder. Ruiz is being held in Cassia County jail with a bond set. He is charged with the fatal slaying of Augustin Ramirez, Paul, foreman of the Callan Phillips ranch, after an argument Saturday night at the Rancho Bonita Tavern.

Astronauts Get Exceptional Service Medal From Johnson

WASHINGTON (AP) — With four boys climbing in the back seat, President Johnson welcomed to the capital today record-setting astronauts L. Gordon Cooper Jr. and Charles Conrad Jr. Conrad's four boys, ranging in age from 4 to 10, grinned and subjected the presidential desk as Johnson presented the astronauts with the Exceptional Service Medal of the National Aeronautics and Space Administration. The astronauts were honored for their eight-day Gemini 5 flight last month that set a record for manned orbits in space. The medal presentation in the presidential office was the highest yet for returned space heroes. There was a third Exceptional Service Medal winner, Dr. Charles Berry, director of space medicine at the Manned Space Flight Center in Houston, was honored for contributions to space medicine. Cooper and Conrad were cited for "outstanding contributions to the technology of manned space flight." In a sense, the Conrad boys stole the show. Three of them perched behind Johnson's desk and commercial boats destroyed or damaged.

5 Thought Dead In Ship Blast

MONTREAL (UPI)—An explosion and fire shattered the 7,800-ton freighter Fort William early today and the vessel turned over on her side at her pier in Montreal harbor. At least five of her 21-man crew were trapped in the burning ship and were believed dead. The remaining 16 crew members escaped, including the captain who was pulled through a porthole. Three suffered minor injuries.

Baby Beagle

LONDON (AP)—Beagle Ringo Starr's wife Maureen gave birth to a son Monday in Queen Charlotte's Hospital. Ringo married Maureen Cox, a hairdresser from the Beatles' hometown of Liverpool, in February. She was one of his first fans when the Beatles, then unknown, played at the Cavern Club. In July, the 25-year-old drummer bought a mansion of 15 rooms. It included a nursery suite of three rooms.

Daughter of Area Woman Dies at Arco

ARCO — Mrs. Eleanor Kathleen Spellman, 41, died here Saturday evening.

She was born Aug. 15, 1921, at Wieser. She attended Wieser schools and was married to Glenn Landon in Wieser in 1940. They were later separated. She and Landon lived in Idaho Falls prior to 1939, when she moved to Arco. She married to Lewis Spellman. He died in January, 1941.

Surviving are six sons, Robert Landon, Riverside, Calif.; Jimmie Landon, serving overseas with the U.S. Navy; Allen Landon and Mike Landon, both in Idaho Falls; and Joe Spellman and Bill Spellman, both Arco; three daughters, Suzie Spellman, Melody Spellman and Barbara Spellman, all Arco; her mother, Mrs. Helen Gieskey, Gooding; a brother, Robert Gieskey, Riverside, Calif.; a sister, Mrs. Kay Landon, Las Angeles, Calif., and two grandchildren.

An infant son, Larry Spellman, died in 1933.

Rosary will be recited at the Marvel Memorial Chapel, Arco, at 8 p.m. Tuesday. Requiem Mass will be celebrated at St. Ann's Catholic Church at 2 p.m. Wednesday. Burial will be at Hillcrest cemetery, Arco.

Astronauts

one, sitting in the presidential chair. The fourth astronaut, watching a White House stenographer record what was said at the ceremony.

The presidential call was to be followed by lunch with the National Aeronautics and Space Administration, a motorcade in the Capitol and a welcoming reception at the House of Representatives.

During the day Cooper and Conrad also hope to find out more about their 2-day, six-country goodwill tour that begins Wednesday with a trip to the congress of the International Astronautical Federation at Athens, Greece.

Other stops will be in Izmir and Ankara, Turkey; Addis Ababa, Ethiopia; Tannanria, Malagasy Republic; Nairobi, Kenya, and Lagos and Kano, Nigeria.

No itineraries have been announced for the flight. A NASA official said most of the details have been left to the American officials in each country.

Because of the desire to stress the peaceful aspects of space exploration, the astronauts will wear civilian clothes although Cooper is an Air Force lieutenant colonel and Conrad is a Navy commander.

The astronauts' wives and the Cooper daughters, Camille, 16, and Janine, 15, will have the help, but the Conrads' four sons, who accompanied their parents to Washington, will remain behind with relatives.

SYNOPSIS AND AGRICULTURAL SUMMARY
An upper air disturbance along with a weak front-cold system moved rapidly across Southern Idaho yesterday and although threatening clouds appeared in most of these valleys reports of precipitation from Valley stations in Southern Idaho were limited to less than measurable amounts. Most noticeable is the return to cooler and windy weather, with skies continuing to range from partly cloudy to cloudy.

High pressure is located in Southern Oregon and extends into Southern Idaho, but another storm system is located on the British Columbia coast. Moisture ahead of this storm is quite extensive over British Columbia and the northern portion of Washington and Idaho. This moisture is being pulled westward across the northern part of the Pacific Northwest and Northern Idaho, resulting in variable cloudiness continuing over these valleys for the next two days. Precipitation is expected to remain mostly over the northern mountains in Southern Idaho. The outlook for Thursday is for partly cloudy and warmer weather.

Daily temperatures today and Wednesday will range in the 60s to mid 70s, tonight will be in the 40s to 50s. Wind will be from the north with minimums expected to range in the 30s to mid 40s. Scattered frost is possible in higher valleys and in coldest spots in Magic Valley.

Harvesting operations should be able to make progress the next two or three days. Harvesting of grain in Camas Prairie was delayed momentarily yesterday by light rain, although less than measurable rainfall was reported from Fairfield. Stronger frost will be a threat again in some local areas, but temperatures are not expected to fall any lower than what has already occurred two weeks previously.

The revenue to balance the budget for the operation of the junior college.

It is hoped that the people in the district will realize that this is a legal technicality which must be solved. The change of a levy from 4.5 mills to 5.25 mills in Twin Falls County means, for example, an increase of 75 cents per year on an \$8,000 home.

The junior college is off to an excellent start and is providing training for many students. It is important to all that this training not be disrupted because of any misunderstanding between various people in the district.

If the levy is made and collected in Jerome County the additional funds will be used in the next year's budget.

College Has Flag Raising Ceremonies

ALBION — Flag raising ceremonies were conducted Monday on the campus of Magic Valley Christian College by Mrs. Ruth Nelson, vice chairman of the Teton County Republican Central Committee.

An American flag presented by Rep. George Hansen, R-Idaho, to Al Putnam, president of the Burley Chamber of Commerce, and in turn presented to Mrs. Nelson, president of the Magic Valley Chamber of Commerce, and in turn presented to Mrs. Nelson, president of the Magic Valley Chamber of Commerce, was raised on the 93-foot pole at the college.

The flag pole was erected June 1, 1941. The flag was first raised from the pole since the State College was closed. The flag was raised by Don Kershner, South Lorego, Calif.; Larry Mitchell, Newport, Ark.; and Leonard Keyson, Hawaii.

The program was led by William VanWinkle, first year coach of the college.

Registration for students continues Tuesday with classes starting Wednesday.

Death Takes E.H. Pember

ALBION — E. H. Pember, 84, president of the Magic Valley Christian College, died Monday afternoon at a Pullman, Wash. hospital of a brief illness.

He was born April 25, 1881, at Albion, Wis., and married Emma Kuenell there Jan. 21, 1911. They came to Buhl in 1914 and homesteaded a farm in the Fairview district where they farmed until retiring about 1949 ago.

Mr. Pember continued living on the farm until moving to Pullman in the spring. Mrs. Pember died May 10, 1955. He belonged to the Buhl Presbyterian church, Buhl Lodge No. 21, 1000, and Modern Woodmen Lodge at Buhl.

Survivors include two sons, Walter L. Pember, Boise, and Robert E. Pember, Boise; two daughters, Mrs. Edna Kiefer, Pullman, and Mrs. Edith Sange, Tacoma, Wash.; nine grandchildren and 11 great-grandchildren.

Funeral services will be conducted at 2 p.m. Friday at the Buhl First United Presbyterian Church by Rev. Dale K. Olson. Friends may call at the Albion-Dickard Funeral Home from 1 until 8 p.m. Thursday and from 9 a.m. until noon Friday. The family suggests donations to the Heart Fund. Concluding rites will be held at the Buhl cemetery.

Postal Department Names Persons Hired for Program

WASHINGTON (AP) — With school starting and summer jobs completed, the Post Office Department has cleared the way for naming the students and other young people hired under a special job program.

Postmaster General John A. Gronowski, in lifting a ban on disclosure of the hiring lists, disclosed that 39 per cent of the summer employees were recommended by Congress members. Some congressmen already have said their own sons were on the summer pay roll.

The other 61 per cent, Gronowski said, were referred by state employment and other local service agencies or by postmasters.

Some Republicans, among

In the face of congressional and newspaper demands that the lists be made public, Gronowski had refused, saying it might "embarrass some of these innocent individuals by implying that they were guilty of an offense."

But Monday he authorized postmasters throughout the country to make the names of summer workers available upon request.

Longstanding postal regulations forbid giving out lists of postal employees and their pay, he said, but the ban can now be lifted for the summer workers since the young people are no longer on the pay roll.

Prisoner, 73, Seeks Parole For 16th Time

HUTTONSVILLE, Wis. — A 73-year-old man, who has spent more than two-thirds of his life in prison, tries again today to win his freedom.

William Hollie Griffith, 73, makes his 16th appearance before the West Virginia Board of Probation and Parole.

Griffith was imprisoned at age 41 for killing a Bremer County law officer in 1915. He escaped six years later and was convicted of killing two men during his period of freedom.

Now the prison librarian, Griffith feels his good personal record since the escape should help him gain parole. He has saved about \$13,000 from operation of a prison tailor shop.

A Calhoun County group has asked Gov. Hallett Smith to paralyze Griffith's parole. Griffith is employed as a garment factory at Grantsville in an economically depressed area.

Soft Whiskey. The whiskey with a shock absorber.

Soft Whiskey coasts down real easy. In other words, it doesn't shake you up.

If you're wondering how we smoothed out the bumps, all we can tell you on that score, is that we do some distilling in small batches instead of large ones.

As concerns the rest of the formula, no comment. You see, other distillers have been trying to come up with a Soft Whiskey for years. And you can't blame us for trying to get as much mileage out of it as we can. Especially when you consider that even we failed in thou-

sands of experiments before we hit it: an 86 proof that does what any 86 proof does. Only does it softer.

So, if you think for one minute that Soft Whiskey is weak whiskey—you're in for another kind of shock.

Hailey Plans Informational Lighted Sign

HAILEY—A lighted informational sign, street light improvement on State Highway 21 from Boise to Stanley, a Ladies Night, the Homecoming Football game and Homecoming were discussed at Monday meeting of the Chamber of Commerce meeting at the Star Cafe.

Chris Shirts exhibited a color sketch of a 5' by 12-foot, two-faced lighted sign which would be placed near the entrance to the city and will give the dates of important coming community and school events.

The chamber voted to pledge toward the purchase price of the sign. Shirts said the committee has budgeted \$100 toward its purchase.

Shirts said he will appear before the city council, the school board and the Rotary Club to ask for their support and the chamber also is interested.

President Leo Stavros reported V. L. Murphree has invited the chamber to hold its annual Ladies Night at his new restaurant, now under construction at the corner of Main and Carthage streets.

Four of the restaurant will be a feature of the evening.

After hearing a letter from the Stanley Highway Authority, a letter read by the secretary, it was voted.

It was reported crews are grading and surfacing 4.1 miles of the road east from Lowman and 4.3 miles northwest from Stanley lake junction.

Federal funds have been allocated for surfacing 16.5 miles from Stanley lake junction northwest, and forest highway funds have been allocated for grading and surfacing 2.5 miles from Kirkham Hot Springs to the Jordan Bridge east of Lowman. The two latter contracts will be let this fall.

After discussing a proposed change and extension of city lights, Ira Hoffman, representing the city council, was advised the chamber has not yet reached a decision on the matter.

Robert Rippen reported all towers and lines at Rotunda were painted Sunday by a volunteer crew and arrangements are being made to complete the work next week. He reported the ski committee was pleased to note that no vandalism had taken place.

Jack Ensign was appointed to audit the outgoing treasurer's book.

Stavros reported the chamber entered a covered wagon in the Home Days parade at Ketchum and will try to buy the vehicle for future entry.

The decorations of Christmas tree decorations was discussed and Stavros volunteered to check into the purchase of some next week in Boise.

A letter from Senator Len Jordan, R., Idaho, was read complimenting the character of young men from this community as was exemplified by a bicyclist—Tom McCoy—while in Washington, D.C.

Merchants present pledged to close their business houses from 10 a. m. Saturday for the Wood River High School Homecoming football game.

Dr. Alden M. Packer and Verne Exner were welcomed as new members and Mrs. Roberta McKecher, secretary, reported 28 members have paid their dues.

Fischer Quints Celebrate Second Year in Seclusion of Farm Home

ABERDEEN, S.D. (AP) — A traveler driving into Aberdeen from the east sees a big billboard that reads:

"Welcome to Aberdeen, home of..."

Not until he gets near the billboard can he see the rest of it: "Fischer Quints."

A lush field of corn blocks out this reference to Aberdeen's five most famous inhabitants, who reached their second birthday today.

Aberdeen became a famous town the morning that James Andrew, Mary Margaret, Mary Magdalene, Mary Catherine and Mary Ann were born to Andrew J. Fischer, then a \$76-a-week shipping clerk, and his wife, Mary Ann, St. Luke's, the red brick hospital that kept the quintessence alive in their first critical days, became the eye of a hurricane of scrambling newsmen.

There were those in Aberdeen, as there would be in any town, who saw fortune along with fame and an eager world beating a lucrative path to the quints' door.

But today, as the quints turn a healthy, lumpy and normal-appearing 2, there is no path, and no door.

Further, today's birthday party will be a private one, behind the doors of the 17-room, \$100,000 ranch home a mile southwest of Aberdeen which the quints made possible.

A year ago Aberdeen folks — most of whom have not to this day seen the quints — might have wished for a public whoop. Today Aberdeen is resigned to, adjusted to, or sympathetic to — depending on who is doing the talking — the wall of privacy behind which the Fischers have retreated.

Whatever there may have been of early dreams of easy tourist dollars, lured to Aberdeen by the quints, have vanished. If the quints have made even a small bulge in the Aberdeen economy, it is not apparent to the casual visitor.

The four girls and their brother have never been put on public display. Mrs. Fischer occasionally takes them along when

Top Scout Leader Helps Plan Event

Andrew J. Murphy, New Brunswick, N.J., assistant director of activities and special events service of National Council, Boy Scouts of America, is in Twin Falls meeting with several Scout committees, states J. James Gunning, Snake River Area Council activities committee chairman.

MURPHY WILL ASSIST COMPUTER chairman in planning the 1966 activities program year. He also will meet with the executive board Wednesday at the Scout Service Center.

Murphy has been active in scouting since 1932. He started his career in scouting in 1931 as a field scout executive at Bridgeport, Conn. In 1935 he was named district scout executive at Newark, N.J., where he stayed until 1948. The national council then selected him as district scout executive and promoted him to assistant Scout executive in charge of camping, activities and public relations.

He accepted his present position in 1957. He assists the regions and local councils in operation of activities program.

Murphy also conducts training council for professional and key volunteers in scouting.

ANDREW J. MURPHY, assistant director of the Activities and Special Events Services of the National Council, Boy Scouts of America will be in the Snake River Council area for the next three days. Murphy will be meeting with various committees during his stay and will give guidance to the planning for the 1966 activities program year.

That kind of money comes from exclusivity, from carefully rationed glimpses the world gets of the quints via certain magazines and advertising media. These contracts were signed after intensely competitive bidding; not long after the quints' birth, if humane considerations for the babies didn't keep a curious world at arm's length, business considerations would.

Educated estimates of the Fischers' annual income from these sources range up to \$250,000. Under court jurisdiction, the bulk of it is put in trust for the quints and their brothers and sisters.

Meanwhile, Andy Fischer happily cares for the 800-acre cattle ranch the new wealth made possible. Mrs. Fischer, a conscientious mother, looks after the children with a hired housekeeper. Never active socially, the average-looking parents appear occasionally at civic or social functions, still shy at the spotlight.

TAKE CITIZENSHIP OATH

BOISE (AP)—Six children and 25 adults took the oath of citizenship Monday in special ceremonies held in federal district court in Boise. Presiding at the naturalization ceremonies was retired Federal District Court Judge Chase Clark.

The new Americans came from Hungary, China, Spain, Germany, England, Greece, France, Mexico and Ireland. Several were wives of present or former servicemen.

MEET OPENS IN BOISE

BOISE (AP)—The annual meeting of the Idaho District of the International Association of Personnel in Employment, Tuesday will open in Boise Tuesday.

BENEFITS PLEDGED

BOISE (AP)—The Idaho Health Department pledged Monday that none of its programs financed primarily by federal funds will deny participation or benefits to anyone on the basis of race, color or national origin.

The pledge was filed with the U. S. Department of Health, Education and Welfare as required by the Civil Rights Act of 1964.

"Every member of this department," said Dr. Terrell O. Carver, state health administrator, "is duty bound to adhere to this pledge.

Carver said anyone who believes discrimination is being practiced may file a complaint with the department. He said corrective action would be taken as necessary.

Apostle Is Speaker for LDS Meet

WENDELL—Elder Thomas S. Monson, Salt Lake City, was the presiding general authority for the 56th quarterly conference of the LDS-Gooding stake Saturday and Sunday at the Jerome Stake House.

Elder Monson is one of the 12 apostles of the LDS Church. The conference was conducted by President Ross C. Lee.

Accompanying Elder Monson were W. Roy Brown, priesthood genealogical committee of the church; Golden L. Barrett, Sunday school general superintendent; and President Weening, regional president of the missionary work of the Pocatello-Idaho Falls area.

Elder Monson explained the difference between Mormonism and any other religion by direct revelation and the baptismal immersion pattern. His address in the afternoon was on the subject of service—why and how to serve.

President Weening spoke of the extensive missionary work being done in 18 Indian, Japanese, Chinese, Greek, Italian and Jewish communities in the Pocatello-Idaho Falls area and of the 110 Indian students from the western states who have been placed in LDS homes to attend school in that area. There are now 1,500 students on the placement program of the church.

Elder Brown spoke on family life in pre-Christ, here on earth and in the life to come. Two young people, James R. McCauley, Hazelton, and Kay Rogers, Gooding, spoke on the family home evening program of the church.

Elder Barrett reviewed the Sunday school program. He paid tribute to Mrs. Ella Mae Parker, Wendell, who sang with him in a radio group when they were both serving in the Eastern States Mission in their youth.

President Lee's address was on the subject of the commandment, "Honor Thy Father and Thy Mother," and it was directed especially to parents that they might live worthy of respect and honor by their children. Other speakers were President Galt Hendrickson and President H. Thomas Eximone. Guest speakers were Elder Willard Barney, Safford, Ariz., and Veri Dixon, Gooding.

The Wendell Ward choir, directed by Mrs. Parker and accompanied by Mrs. L. N. Huntington, furnished four special numbers for the conference. Mrs. Cecil Durrant played the organ prelude and accompanied the congregational singing. Mrs. Everett Cox, Wendell, was the director.

Stake workers released were Mrs. Ardell Haberman, Jerome, from Primary and Mrs. Fernan Nielson, Gooding, from Sunday School Stake board. Ferguson Camp, Jerome, was called to the office of Seventy in the Melchizedek priesthood.

Prayers were offered by William B. Butler, stake patriarch; Bishop R. C. Dixon, Gooding; Deacon Roy Dixon, Jerome; and Bishop Leo Olson, Jerome.

Assisting with work at the conference were Norman Sant, DeVerl Call, Richard Everson and Dora Humphries. Mr. and Mrs. Bev Gonn, furnished flowers.

Meet Slated

FILER—A planning meeting for parents of Cub Scouts, don mothers, and committee members will be held at 8:30 p.m. Thursday at the American Legion.

Parents with boys of Cub Scout age are also welcome to attend.

APPOINTMENT ANNOUNCED

BOISE (AP)—Appointment of Robert H. Des Aulniers as administrative assistant in charge of personnel was announced Monday by the Idaho Department of Health.

Des Aulniers will be in charge of revision of the department's compensation and classification systems.

Prior to his appointment Des Aulniers was associated with the Nationwide Mutual Insurance Co.

WATERSHED DISTRICT SET

BOISE (AP)—The Idaho Soil Conservation Commission reported today it has approved establishment of the Rock Creek-Watershed-Improvement District in northern Benewah County.

The proposal was referred to the commission after gaining approval of area landholders in a special election.

Elected chairman of the commission is its regular meeting in Boise was James N. Marshall of Idaho Falls. He succeeds Marion Holben of Genesee, who was named vice chairman.

PLEADS INNOCENT

BLACKFOOT (AP)—Lavar Chaffin, 32, charged with the first degree slaying of his wife Aug. 13 here entered a plea of innocent in Sixth District Court Monday.

Appearing before Judge J. W. Whitler, Chaffin was represented by Attorney R. W. Whitler, Pocatello. Whitler asked that bail be set for his client, but Judge Monson denied the motion. Trial date will be announced later.

Chaffin was retained his gun discharged accidentally.

FILING OPENS

POCATELLO (AP)—Filing opened Tuesday for an election Oct. 12 to fill three vacancies on the city commission.

The filing period closed today this morning, but Charles Y. (Chick) Satterfield, realtor, picked up nominating petitions and indicated he plans to seek a seat. He said he would make a formal announcement of his candidacy.

Those whose terms are expiring include Fred Burton, Rampton Barlow, E. Norman Vaughn. Burton, a veteran of 15 years on the commission said he will not run again. Barlow and Vaughn have announced no decision.

The deadline for filing nominating petitions is Sept. 25.

COMMISSIONERS SET LEVY

POCATELLO (AP)—County commissioners today included only one Democrat.

Municipal Airport—cutting for aid in maintaining the facility.

Last spring, city officials requested that the county include the mill in the 1964 budget. The mill is to be levied on the airport—the county commissioners indicated they would be levying the mill. The city is also levying a mill this year.

The county commissioners said today they might be able to levy a full mill.

City officials appeared before the county commission today to discuss the mill. The mill will be put on by the county, there will be county representation on the airport board in the future.

De Gaulle Wants Change in NATO

PARIS (UPI)—President Charles de Gaulle may make formal demands early next year for an end to the integrated command structure of NATO, informed sources said today.

The source said de Gaulle would like to see the treaty open negotiations with France's allies; the sources added, De Gaulle will go through with his threat to pull France out of NATO by 1969 "at the latest."

MAKING PLANS for the annual FFA and 4-H Fat Stock Show and Sale, scheduled for Sept. 25 at the Twin Falls Livestock Commission Co., are, from left, Cecil Brim, owner of the commission company which is donating facilities for the sale; John Lawrence, vocational agriculture instructor at Twin Falls High School, and a member of the show and sale committee, Ed Shaff, Twin Falls, chairman of the committee. The three are part of a group of nearly 60 persons who met at the commission company Monday night to make final plans for the sale. (Times-News photo)

Plans Made for 4-H, FFA Fat Stock Show and Sale

The annual district FFA and 4-H Club Fat Stock Show and Sale is scheduled for Sept. 25 at the Twin Falls Livestock Commission Co.

A large group of area men, including businessmen, vocational agriculture instructors, committee agents and 4-H Club livestock leaders, are working on the affair.

Cecil Brim, owner of the commission company, is donating the use of his facilities for the annual event.

Animals to be shown and sold must be brought to the Twin Falls Livestock Commission Co. between 8 and 9:30 a.m. Sept. 25. The show starts promptly at 10 a.m., with the sale getting under way at 1 p.m.

All FFA and 4-H members with bona fide projects within the district may sell an animal, provided they have not sold another animal during the year at a like sale.

Only one animal, beef, swine or sheep, may be sold per member, and only animals grading good or better may be entered in the show and listed on the sale order.

Animals must be clean and well groomed, reports Gene Stock, not measuring up to grade, or ungraded animals, may be sold after the fat stock sale.

Gene said many young people entered the agriculture project sell their animals at sales such as this one, and with the money received are able to pay a large part of their education.

Norton, who has over-all responsibility for keeping American soldiers here supplied with 81,000 different items of equipment, said he had considered at one point taking boots from rear-echelon soldiers and sending them up front.

The danger of spreading foot ailments deterred him.

Until last week's airlift, some "Screening Eagles" had been going into action in tennis shoes, senior officers of the 101st said this reporter.

Norton said it was "quite a shocker" to see how fast steamy jungle rip boots of pieces. Each man of the 101st brought two pairs of leather boots with him on landing July 29.

The majority of the 101st wore all-terrain boots and Vietnam's humidity makes the uppers come away from the soles. The new jungle boots being issued have heavy canvas uppers equipped with leech-proof drainholes to get rid of the water that constantly soaks a jungle fighter's feet.

Infantrymen's Boots Are Falling Apart

SAIGON (AP)—American infantrymen have been going into combat in boots that are falling apart.

Senior officers of the 101st Airborne Division said some of their men marched against the Viet Cong last week in boots with gaping holes in their uppers and with soles which peeled off as they hiked through the jungle.

Gen. John Norton, deputy commanding general of the U.S. Army in Vietnam, said today that jungle boots had been airlifted to the 101st to meet "emergency requirements" over the past few days.

But he said it would be several weeks before enough boots were available in Viet Nam so that combat soldiers whose foot gear were worn out could get replacements.

Norton, who has over-all responsibility for keeping American soldiers here supplied with 81,000 different items of equipment, said he had considered at one point taking boots from rear-echelon soldiers and sending them up front.

Why the Honeywell Pentax has become America's favorite 35mm single-lens-reflex camera

In the autumn of 1953 the Honeywell Pentax was introduced to American photographers. Today, the Honeywell Pentax leads its field in sales. It is a prized possession of thousands of amateur photographers and a valuable tool for many creative professionals.

The Honeywell Pentax has earned its acceptance because it is a quality product, sold at a sensible price, and backed by a respected company. To assure the highest standards of quality and customer satisfaction, each Honeywell Pentax camera is inspected twice.

First, it is inspected at every step of the manufacturing process by the Asahi Optical Co. Upon its arrival in the U.S., each camera is rigorously inspected again by technicians at the Honeywell Pentax Service Center in Denver. Only after passing this inspection is a Honeywell Pentax camera offered for sale.

Please visit us soon for a demonstration of the Honeywell Pentax. An examination of its classic design and incomparable workmanship will convince you that the Honeywell Pentax is more than a superb camera—it is an investment in personal pleasure and photographic satisfaction for many years to come.

West Germany Election May Bring Government Change

By CARL HARTMAN
The Soviets, but it would be anti-Communist.

West Germany's election Sunday may bring some important changes in Chancellor Ludwig Erhard's government — or even his own eclipse.

Pollsters agree on one point: The fight is so close it could go any of several ways.

The likeliest seems to be that Erhard's Christian Democratic party will continue to be the biggest in the Bundestag, the important house of the West German Parliament. Its junior partner in the government, the Free Democratic party, is probably certain to suffer losses.

If this coalition can go on ruling the country, even though weakened, West Germany's policies are likely to undergo little change.

The government would stand close with the United States, but refuse any major aid in the Viet Nam War. It would try to reconcile French President Charles de Gaulle to his partners in the European Common Market, but with small prospect of success.

Erhard's Christian Democratic party will continue to be the biggest in the Bundestag, the important house of the West German Parliament. Its junior partner in the government, the Free Democratic party, is probably certain to suffer losses.

If this coalition can go on ruling the country, even though weakened, West Germany's policies are likely to undergo little change.

The present coalition has a comfortable majority in the Bundestag: 308 votes to 190 for the Social Democrats of West Berlin Mayor Willy Brandt.

If friends of De Gaulle make a good showing, Foreign Minister Gerhard Schroeder could lose his job. The result could be a leaning toward France and away from the United States.

If the mood is heavy there will be pressure for what the Germans call a "grand coalition" between the Christian Democrats and the Socialists. Erhard has come up against such a coalition hardly ever since a government, or even remain in the Cabinet.

A government with Socialists in it probably would try harder to find points of agreement with the Soviet Union.

SMYLYE TO SPEAK
MOSCOW (UPI)—Gov. Robert E. Smylye will speak at the president's convocation for the University of Idaho students Sunday. A governor has never before addressed the traditional gathering.

Miss Mitchell, Robertson Say Wedding Vows

GOODING—Christelle Mitchell, daughter of Mr. and Mrs. Robert C. Mitchell, Gooding, and George Robertson, son of Rev. and Mrs. William L. Robertson, Blaine, Ariz., were united in marriage Aug. 14 at the Church of the Nazarene, Gooding.

Rev. Mr. Robertson performed the double ring ceremony before an altar flanked by baskets of white chrysanthemums and charruseau Spider chrysanthemums accented with blue ribbon bows. Lighted tapers in tall candelabra completed the setting.

The bride, given in marriage by her father, wore a floor-length gown of white silk organza over peau de soie which she designed and made. The fitted bodice, fashioned with a square neckline and long sleeves, was enhanced with hand applied French alencon lace accented by French lace over organza encircled the waist.

A distinguishing feature of the gown was the modified full, tucked skirt, decorated with appliques and seed pearls. Her fingertip veil of silk illusion was held by a crown of pearls and crystals.

She carried a cascade bouquet of pink baby roses and ivy, centered with a white orchid.

Milvany Mitchell, sister of the bride, was maid of honor. Bridesmaids were Judy Robertson, sister of the bridegroom; Linda Coates, Fairfield, cousin of the bride, and Mrs. Welton Ward, Malad.

Best man was Howard Shaver, Gooding. Ushers were David

MR. AND MRS. HERMAN PETERS (Shig Morita photo)

Miss Meyer Is Married to Kenneth Peters

EDEN—The Eden Trinity Lutheran Church was the setting for the Aug. 21 evening ceremony uniting in marriage Marianno Meyer, daughter of Mr. and Mrs. Gerhard Meyer, and Kenneth Peters, son of Herman Peters and the late Mrs. H. Peters, Wegner, S. D.

Rev. Roland Langbecker performed the double ring ceremony before an altar decorated with baskets of white gladioli and white pompano Chrysanthemums and tall white tapers in white wrought-iron candelabra.

Given in marriage by her father, the bride wore a floor-length sheath gown of satin fashioned with a fitted bodice featuring a scooped neckline outlined with embroidered lace flowers. Her shoulder-length veil of illusion net was held by a crown of pearls and crystals. She carried a bridal bouquet of green cymbidium orchids and stephanotis tied with white satin ribbon.

Matron of honor was Mrs. Berwyn Mussman, sister of the bride. Bridesmaids were Mrs. Harold Sorrells, Boise, sister of the bride, and Mrs. Roger Hanson, Pocatello, and Janice Meyer, Denver, Colo., both cousins of the bride.

Best man was Herman Peters Jr., Wegner, brother of the bridegroom. Ushers were John Meyer and Donald Meyer, both brothers of the bride, and Berwyn Mussman, brother-in-law of the bride.

Ruth Langbecker was organist and soloist. Mrs. Mitta Naito, Nampa, and Mrs. Joseph Macrillo, Hailey, soloists.

A reception was held immediately following the ceremony in the Social Hall. Clemens Meyerhoff played the background music.

The bride's table was covered with a white organza flounce over green and centered with a four-tiered wedding cake. The

cake was baked and decorated by Mrs. Leslie Lauge and featured pink ruscus and green accents, encircled at the base with white gladioli and white Spider Chrysanthemums. It was topped with a miniature bride and groom figurine under a wreath which held a cross entwined with wedding rings.

Mrs. Alvin Meyerhoff, aunt of the bride, cut and served the cake, assisted by Mrs. Leonard Schutte, Nampa, and Mrs. Walter Ehlers, Mrs. Edna Bruns, president at the purchase, and Mrs. Raymond Meyerhoff, poured coffee.

Patricia Meyerhoff registered guests. Gifts were carried by Steven Meyerhoff, John Bruns and Matthew Lohues and were displayed by Evelyn Schutte, Nampa; Mrs. Roger Roney, Caldwell, and Janet Wellhousen.

Following a wedding trip to Yellowstone National Park and Salt Lake City, the couple will reside in Cleveland, Ohio, where the bride is teaching school and the bridegroom is employed with Weather Forecast, Inc.

Out-of-town guests attended from South Dakota, Pocatello, Fair, Nampa, Caldwell, Boise, Buhl, Twin Falls and Hazelton.

Pre-nuptial showers honoring the bride were given in Anytown, Tex., by the Lutheran Church Choir members, and a party by Mrs. Walter Ehlers and Mrs. Alvin Meyerhoff.

Primary Meets

ELBA—The Elba LDS Primary held its first meeting of the fall season at the LDS Chapel, under the direction of the Primary presidency, Mrs. John Nye, Mrs. Arlo Lloyd and Mrs. Keith Darrington.

Margaret Nye, Primary organist, and Mrs. Orvil Beecher, chorister, will have charge of the music for the year. Other teachers are Mrs. Arthur Ward, Mrs. Stanley Lloyd, Mrs. Donald Chandler and Deborah Beecher.

And I, the peerless prognosticator of the gridiron, again am in the thick of the autumn madness. With this issue of the Times-News I hurl the gauntlet at my millions of readers throughout the world, challenging them to the battle of knowledge, wits and hunch playing that have made football predicting one of the truly great annual efforts of the arm.

At another thousand or so teams during spring drills. I do not make these claims boastfully, only to show you the caliber of competition you will be running against should you choose to enter. Let us again go over the ground rules of the contest. Each reader of the Times-News is eligible to enter once per week. The ballot, which will give you a good indication since my personal choices will be included, will be carried Tuesday through Thursday in the Times-News. All entries must be mailed to the Times-News by noon Friday (unless otherwise noted). The contest will run through 10 weekends in which we will cover the outstanding games of the nation. The results of each weekly contest will be announced the following Tuesday. In addition, the top 10 prognosticators will become eligible for the big contest—the bowl games affair. Now for the more rewarding aspects of the competition. The weekly winner will receive \$10, runner-up \$5 and third place \$2.50. The bowl contest prizes are doubled. Ties will be broken through the point system, not point spread. Should you pick Tuttle Tech to beat Rogerson U. 7-6 and Rogerson U. comes up with a 20-0 victory, you miss by 13 points on Rogerson and 6 on Tuttle Tech for a total of 19 points. Please remember, we care not a farthing for point spread. We want actual scores. I have purposely made the opening contest an easy one. I don't expect to miss any myself, harrumph! Let me urge all of you to enter the competition. The investment is small, the reward great. I will be back next week with my usual excuses. Until then, remember the Friday noon deadline.

POWERED BY 15 rockets, this 28-foot-long, 6,500-pound car made its first public test run Monday at the Akron-Canton Airport near Akron, Ohio. Wait Arfons, left, built the new car during the last six months while Bobby Tatroe, right, will be at its controls for an assault on the world land speed record next week at Bonneville salt flats. Arfons said the Wingfoot Express can reach a speed of 750 miles an hour in 21 seconds. (AP Wirephoto)

Arfons Starts Trials for Speed Mark

AKRON, Ohio (AP) — A rocket-powered race car designed by Wait Arfons for an assault on the world land speed record at the Bonneville, Utah, Salt Flats this fall roared down a runway at the Akron-Canton airport Monday in its first public showing. The blue Wingfoot Express fired only two of the 15 rockets that Arfons said could thrust it across the Salt Flats at 750 miles per hour 21 seconds after takeoff. The rocket car made a run of just under one mile. The driver, Bobby Tatroe, 24, of Grand Rapids, Mich., said its speed reached 120 miles an hour. Arfons, 48, started building the rocket car in March, with the sponsorship of Goodwrench Tire & Rubber Co. He said its cost was way over \$100,000. This is the fifth racer he has built over 15 years. The Wingfoot Express is 28 feet long and nine feet to the top of its tail fin. The two front wheels are set close together and the fender-covered rear wheels are 13 feet apart. It weighs 6,500 pounds. The 15 JATO solid fuel rocket engines, each with 1,000 pounds thrust, develop up to 28,000 horsepower, Arfons said. During the week beginning next Sunday, and again during the week of Oct. 17 and Oct. 24, the Wingfoot Express, with Tatroe driving, will try to smash the 538.71-m.p.h. land speed record posted by Wait's brother, Art, last fall in a jet-powered car.

Alou Deserves Some Credit for Giants' Position in Standings

BY BEN OLAN
Associated Press Staff Writer

NEW YORK (AP) — Let's give Jesus Alou some credit for helping put the San Francisco Giants in an advantageous position in the National League pennant race. While Willie Mays has been walloping home runs and Juan Marichal pitching exceptional baseball, Alou has been hitting at a .393 pace during the Giants' current 10-game winning streak prior to Monday night's game. Since San Francisco started its streak Sept. 4, Jesus has collected 11 hits in 28 times at bat. Meanwhile, Mays has hit at a .310 clip with 13 safeties in 42 at-bats. The Giants head the NL pennant by two games. Jesus Alou, a 274 batsman as a rookie last year, is in sixth place in the circuit's batting race with a .340 average. Mays is third at .317. Pittsburgh's Roberto Clemente, the leader, slumped 10 points to .336 in last week's games. He collected only three hits in 23 times at bat. Hank Aaron of Milwaukee held second place with a .329 mark, a gain of two points. Aaron had seven hits in 18 tries in last week's action. Mays, who fell one point, followed by Billy Williams, Cincinnati, .313 and Pete Rose, Cincinnati, .312. Tony Oliva of Minnesota took over the AL home run lead. He hit two last week, giving him 24 for the year. Detroit's Willie Horton is second with 27. Rocky Colavito of Cleveland had four RBI last week, pushing his top mark to 97. Mays slugged three homers and lifted his leading total to 46. Deron Johnson, Cincinnati, boosted his pace-setting run batted in total to 118, seven more than he had a week ago. Meanwhile, Carl Yastrzemski's American League batting lead has been cut in half. The Boston outfielder, who led by 10 points a week ago, now leads by only five. He fell four points to 171 with five hits in 21 attempts while Minnesota's Tony Oliva gained one point to 318 with a 9-for-27 showing. Brooks Robinson of Baltimore remained in the No. 3 position despite a four point drop to .308. Fred Whitfield of Cleveland is

Utahs Stress Ball Handling In Workouts

LOGAN, Utah (UPI) — It's no secret that Utah State University football coach Tony Knapp is stressing ball handling in this week's practice sessions. Knapp and 7,000 fans who watched the Aggies wallop Hawaii 21-12 last Saturday also saw the Utah State squad lose possession of the ball 10 times. The Aggies lost eight fumbles and the Rainbows intercepted two Utah State passes. Knapp said the timing and execution was poor in the Hawaii game and that many players were missing their assignments. Despite the mistakes and raggedness in spots, the Aggies had some good moments. On the offensive side, fullback Roy Shivers picked up 91 yards in

T. F. Course Holds Final Scotch Meet

The Twin Falls Municipal Golf Course hosted its final mixed scotch ball tournament of the season Sunday along with a ladies derby composed of the 10 low qualifiers in the women's club championship. Course Professional Clyde Thomson reported 50 entries turned out under sunny skies for the scotch ball meet, which was played over 18 holes. Jim McCoard and V. Smith came out tops in the gross category while Dale Smith and Vernon Thaece were the low net winners. Winner of the ladies derby was Myrtle Peterson, place was Pat Williams and show was Virginia Unheim. Second low gross winners were Bob McCreer and Shirley Straughn with Larry Hatch and Glenda McCreer third. Second low net winners were

Soviet Hockey Team to Play Spokane Jets

SPOKANE (AP)—The world championship Russian national hockey team has been tentatively scheduled to play the Spokane Jets Dec. 18. Colin Kilburn, coach and general manager of the Jets, said Monday final approval must come from the Western International League of which Spokane is a member. He said the Russian's two-week tour of Canada and the United States was authorized by the International Ice Hockey Federation and arranged in part by the U. S. State Department. Spokane is usually considered "off limits" for international competition because of the proximity of Fairchild Air Force Base, Kilburn explained. The Russians will play eight games on the tour, and then compete in the six-day international competition at Colorado Springs, Colo. Spokane and Fort Wayne, Ind., are the only United States teams the Soviets will play before the Colorado tournament. Del Rupert and Elaine Bowen and third went to Vern Parkin and Cathy Smith.

DODGE DOES IT WITH

8-YEAR OR 50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTION

Chrysler Corporation warrants for 8 years or 50,000 miles or 1500 hours of operation, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler dealer's expense any defective parts, including the engine and drive train, which are covered by this warranty. The warranty is void if the owner has (1) the engine oil changed and universal joints (except sealed-type) lubricated and the oil-bath-type cabulator air filter cleaned every 3 months or 4000 miles, whichever comes first, (2) the engine oil filter replaced and dry-type cabulator air filter cleaned every second oil change, and dry-type cabulator air filter element replaced every 24,000 miles, (3) the crankcase ventilation system cleaned and serviced every 4000 miles, and (4) the transmission and drive shaft lubricants changed every 30,000 miles. The foregoing services must be performed more often when reasonably required due to severe duty or regular "stop and go" operation. Every 6 months the owner must furnish to such a dealer evidence of performance of the required services and request the dealer to certify (1) receipt of such evidence and (2) the vehicle's current mileage.

Law Wins Ninth in Row For Pirates

PITTSBURGH (AP) — Vernon Law, backed by the hitting of Willie Stargell and Gene Alley, survived a four-run Cincinnati first inning for his ninth straight victory as the Pittsburgh Pirates defeated the Reds 8-4 Monday. The defeat dropped Cincinnati three full games behind National League leading San Francisco, which played Monday night. It moved the Pirates within six games of the Giants. The Pirates got right back into the game with the first run of Sammy Ellis, who was hitting for his 20th victory. In the second, Alley doubled and scored the tying run on Bob Nalley's single. Ted Davalton then relieved Ellis and was greeted by Virlion's double, which moved Bailey to third. Bailey scored on Stargell's sacrifice fly. Cincinnati — 400 000 000 — 8 1. Pittsburgh — 321 100 108 — 8 12 0. Ellis, Davidson (2), Locke (4), Craig (5), Arrigo (8) and Edwards; Law and Pagliaroni. W — Law (17-9). L — Ellis (19-9). Home runs — Cincinnati, Johnson (29), Pittsburgh, Alley (4).

Mays Hits 500th As Giants Extend Lead to 2 1/2 Games

HOUSTON (AP) — Willie Mays hit his 500th career homer and Juan Marichal won his 22nd game while driving in two runs, sparking the National League-leading San Francisco Giants to their 11th straight victory, a 5-1 decision over Houston Monday night. The triumph gave the rumpaging Giants a 2 1/2 game lead over idle Los Angeles, the largest margin anyone has had in the hectic race in a month.

Harding Is Suspended by NBA Head

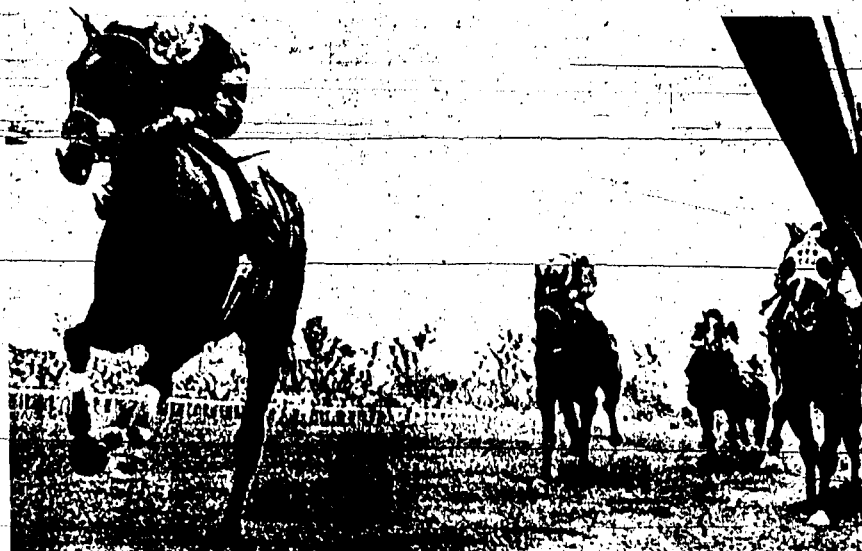

NEW YORK (AP) — Reggie Harding, seven-foot center of the Detroit Pistons, has been suspended indefinitely for conduct detrimental to pro basketball, was announced Monday by Walter Kennedy, president of the National Basketball Association.

Kennedy said the 23-year-old Detroit player was found guilty on an assault and battery charge in Detroit last week and was given a suspended sentence. Harding was fined \$2,000 by the Detroit club with a warning that he faced further disciplinary action by the club if he got into more trouble.

Kennedy said that within 48 hours of the club's action, Harding was arrested by Detroit police on a charge of loitering in an area of illegal occupation. The 242-pound giant had been cited one of the coming stars of the NBA. He averaged 11 points and 11 rebounds a game last season. He did not go to college. In Detroit, the Pistons announced that Harding had been placed on waivers and would be given his unconditional release if no other NBA team claimed him for the \$1,000 waiver price.

Tom Rolfe Sets Record for American Derby

CHICAGO (UPI) — Tom Rolfe raced to victory in track record time Monday under a whipping ride by Willie Shoemaker to take the \$125,000 American Derby for 3-year-olds at Arlington Park.

"It was a real good trip. We broke well and just played it by ear up to the back stretch but he started banking and looking around when we turned for home," he said. "Shortly after that, Royal Gunner sneaked back up on the rail, but I got after Tom Rolfe pretty good and it was clear sailing from there."

Trainer Frank Whiteley said, "This was probably his best race. The plans are to take him to France and I'm going to have 'Shoe' work him on the turf in New York as soon as we get back there. I don't know just what to expect from him on the turf, but one thing is certain. He'll try his hardest."

Spahn Says Giants Are Roaring Toward National Loop Pennant

SAN FRANCISCO (UPI) — Warren Spahn, the 44-year-old legend dropped last July by the 10th-place New York Mets, feels the club which picked him up is roaring toward the National League pennant. "We're in the driver's seat," Spahn said Sunday after going the distance in the nightcap to help the San Francisco Giants sweep a doubleheader from the bumbling Chicago Cubs 4-3 and 9-2 for their 10th straight. "There shouldn't be any pressure on us now. The pressure should be on the other clubs to catch us."

Idaho, Weber Lead Big Sky Into Action

By United Press International
 Hard-nosed Idaho and rejuvenated Weber State, both boasting new coaches, lead Big Sky Conference football teams into action Saturday while defending champion Montana State takes a rest.

Idaho, starting the 1965 campaign under the guidance of Steve Musant, a former assistant-under-the-departed Ben Andros, opens its season on the road against talented University of Washington at Seattle.

Weber State, hoping for better things under new coach Sark Arslanian, stays at home to entertain Arizona State College in a night game at Ogden.

Idaho enters the season tangle with midwest rivals. The Bengals travel to Nebraska to meet Omaha University and Montana takes on South Dakota at Billings.

Montana State, a 22-0 victor over South Dakota State in its season opener last Saturday, is idle.

Montana will be playing its second game of the season. The Grizzlies opened their campaign 16-3 Saturday by dropping a 28-13 decision to Utah of the Western Athletic Conference.

Idaho will be bucking tradition in its game with Washington since the Vandals have beaten the Huskies only twice in 30 outings between the two clubs.

Arizona State College also will unveil a new coach in its game with Weber. Andy MacDonald directs the Lumberjacks, having replaced Max Spilshury. Last year, Arizona State thumped Weber 41-6.

Idaho State, which by tradition tangles with a revenge-bent Omaha squad. Last season the Bengals thumped Omaha, 40-0.

Lions Lose Split End Gail Cogdill

DETROIT (AP) — The Detroit Lions announced Monday that split end Gail Cogdill has suffered a fractured right kneecap and would be lost to the National Football League team for from five to six weeks.

Cogdill was injured Sunday in an exhibition game against the Washington Redskins.

AFL Formally Gives Franchise

HOUSTON, Tex. (AP) — American Football League owners formally awarded a 1966 franchise to Miami, Fla., Monday and then voted to expand to 10 teams in 1967.

Commissioner Joe Foss said the 10th city will be elected early next year and probably will be picked from among Chicago, Los Angeles, New Orleans, Milwaukee and Washington.

Foss also said it is possible additional cities will be added in 1968 and 1969.

Griffith Slates Nontitle Bout

NEW YORK (UPI) — Emilio G. Fitch, a welterweight champion of the world, tangles with Dave Terronez in a 10-round nontitle bout Tuesday at Fresno, Calif., in the top light of this week's boxing schedule.

Griffith, a Virginia Islander now living in Washington, N. J., has defended his title once this year and in 1964 fought six times to earn him "fighter of the year" honors.

TRAINER AILS

NEW YORK (UPI) — James E. (Sunny Jim) Fitzsimmons, the 91-year-old patriarch of thoroughbred horse trainers, was listed in fair condition Monday night after he was admitted to Hillcrest Hospital for diagnosis of a heart complaint.

Card Bonus Baby Put on Probation

DETROIT (UPI) — Art (Pinky) Deras, the prize \$30,000 bonus baby of the baseball St. Louis Cardinals, Monday was placed on probation for drinking.

Deras, 19, and two friends who also are minors, pleaded guilty to violating the state liquor law after his arrest Saturday night. He was arrested while drinking beer in a Hamtramck tavern.

Deras and his two friends were put on six months' probation by Hamtramck Municipal Judge Walter A. Paruk.

Heat Hurts Britons' U.S. Amateur Hopes

TULSA, Okla. (UPI) — Searing, 102-degree temperatures struck Southern Hills Country Club Monday and you can take the word of Irishman Joe Carr that it "bloody well wrote us (the British Walker Cuppers) out" of contention for the U.S. National Amateur Championship opening Wednesday.

The unprecedented heat created more talk than the practice rounds over the 6,077-yard layout, which snuggles in a shallow, high-ridge. It was a far cry from the low 80s that prevailed when Carr's Walker Cup mates scored a stunning deadlock with the Americans at Baltimore 10 days ago. And it was even further from the calm which Carr and his mates are used to in the British Isles, "where it might get up to 72 once in a while."

Carr, 35-year-old British Cup captain who held himself out of the action at Baltimore, said that if the stifling heat continues it "will leave us absolutely no chance."

"If it had stayed around 80, I think one or two of our boys might still have a chance on the last day," Carr said. "But this heat dulls your senses and you do things wrong. It's the hottest I've ever seen. My head kept jumping out there."

Carr has had practice rounds of 79-75-79 over the par 35-36-71 course.

Young Peter Townsend, the 18-year-old British boy's champion and cup player from St. Albans in Hertford, echoed Carr's sentiments.

"The heat was terrible," he said. "When someone commented that an 18-year-old should be able to stand it, he said, 'Not when you're not used to it.'"

In contrast to the Britishers' plights, former U.S. Champion Gene Darymple walked with the bases loaded, forcing in the tying run.

Milwaukee 100 020 000-3 10 2 Philadelphia 010 020 100-4 12 3 Johnson, Nickro (7) and Torres, Culp and Darymple, W. Carr (11-9), 1-1, Nickro (1-3), who lowered his practice score from a 78 Sunday to a 71 Monday in the same foursome with Carr, said he thought the winner when Carr singled home Tony Gonzalez, in the bottom of the fifth the Phils knotted it at 3-3, aided by a throwing error by first baseman Gene Oliver and two walks by Johnson.

Darymple walked with the bases loaded, forcing in the tying run.

Darymple's Homer Lets Phillies Win

PHILADELPHIA (AP) — Clay Darymple smashed a bases-empty homer in the seventh inning, lifting Philadelphia to a 4-3 victory over Milwaukee Monday night in a game played in a light rain.

It was the Phillies' fifth straight triumph.

League President Warren Giles, by telephone, ordered the game to start, even if it was drizzling, and play continued uninterrupted.

"I think one or two of our boys might still have a chance on the last day," Carr said. "But this heat dulls your senses and you do things wrong. It's the hottest I've ever seen. My head kept jumping out there."

the

Drive . . . Gift Makes Your DOLLARS Work 8 Times

When your neighbor calls on behalf of the UNITED appeal . . . give him a neighborly welcome. He's doing a service for his community that pays only in the satisfaction that comes from helping others. Count your blessings . . . then let your heart decide!

Give more once . . . not once more! Your one contribution carries a big load when you give to the United Fund Campaign. You help in time of need . . . you help the ill, the aged, the handicapped, and the underprivileged through the welfare organizations of Twin Falls.

Your "Fair-Share" contribution helps support the Boy Scouts, Red Cross, U.S.O., Y.M.C.A., Y.W.C.A., Arthritis, Camp Fire Girls, Salvation Army.

One pledge from you means so much to many. Give now . . . use the easy convenient payroll deduction plan where you work!

The FAIR SHARE PLAN

A Practical Way to Decide How Much to Give To The United Fund . . . One Drive . . . One Gift!

Your share is a realistic and fair amount of dollars on your part needed to help support B organizations. The Fair Share Plan is not designed to tell you exactly what to give. It is merely a guide to aid you in determining your donation. How much you give is up to you . . . your heart and conscience.
