SAIGON, South Viet Nam (AP)—A U.S. helicopter with four crewmen was shot down in North Viet Nam in an attempt to rescue a downed American pilot, a military spokesman said today. The four crewmen and the pilot were listed as missing, North Vietnamese troops were heading for the pilot after he ejected from his F105 on Monday, the spokesman said. The plane was on a bombing mission about 20 miles north of Vinh, about 100 miles north of the border between North and South Viet Nam, when it was hit by heavy ground fire, he said.

Student Is Charged in Hunt Mishap

WALLACE (UPI)—A University of Idaho student was charged Monday with involuntary manslaughter in connection with the shooting death of a hunting companion over the weekend. Jeffrey Hubert, 23, a graduate student at the university, was charged with the shooting death of another university student, Donald O. Dickinson, 26, Moscow, former Shoshone and Juppert resident, during a hunting trip into the "Buzard's Roost" area about 45 miles south of Avery in north-central Idaho Saturday. Hubert and Dickinson were members of a hunting party that included Dickinson's wife and another man into the wild and rugged area. The Shoshone County Sheriff's Office said it is expected Hubert will be brought back from Moscow, where he is attending classes, to be arraigned sometime this week.

28 Killed in Bolivia Street Skirmish

LA PAZ, Bolivia (UPI)—Rebels killed 28 men, women and children in a street battle that left 28 dead and 85 injured in southwestern Bolivia. The fighting took place in the mining centers of Lallagua and Sibo. The new casualties brought the toll for the past 72 hours to 32 killed and 105 wounded, according to official reports. The dead included several children, one of whom was shot and killed while trying to attach a dynamite fuse to an Army communications post. The government, which declared a state of siege, modified martial law after the new casualties, advanced its curfew order from 8 p.m. to 6 p.m. in the rebellious mining towns of southwestern Bolivia.

Indictment Made in Police Action on March

MOBILE, Ala. (UPI)—A federal grand jury investigating alleged police brutality against rights demonstrators in Selma and Marion refused to indict anyone. The jury had investigated the deaths of three demonstrators and the arrest of 60 others in Selma in March 7. The government blamed Communists and outlawed political leaders for the new wave of violence in the interior. Heavy damage to government buildings was reported in Canavi and Lallagua.

Open House Set Saturday for Sugar Plant at Paul

AUL — Open house for the expanded Amalgamated Sugar Co. here will be held from 10 a.m. to 4 p.m. Saturday. During the past two years the sugar factory has expanded to become the second largest in the United States and third in the world. Superintendent Rupert E. Backman reports the project has resulted in a new "building" of a new factory. Food will be served from noon to 4 p.m. and guests will be entertained. See OPEN HOUSE, Pg. 2, Col. 8

Religious Liberty Declaration Gets Preliminary Approval

VATICAN CITY (AP)—The Vatican Ecumenical Council voted preliminary approval of its religious liberty declaration, defeating a conservative bid to shelve the controversial document. A council spokesman said the assembly's cardinals, archbishops, bishops, patriarchs and other prelates voted 1,997 to 224 in favor of accepting the document as a basis for a definite declaration after further deliberation. This vote, in effect, committed the council to go ahead with the preparation of a final document putting the Roman Catholic Church on record in support of the right of every man to worship according to his conscience.

Auditorium Group Repeats Site Offer

Four members of the Twin Falls Civic Auditorium Association board attended Monday night's College of Southern Idaho trustee meeting and restated the offer made to the college board about a month ago. At that time the auditorium board offered the college 98 acres of land and facilities encompassing an auditorium. When the offer was made college trustees noted opening date for the college was coming up and other things would take priority over a site selection for several weeks. The college board advised the auditorium group at that time it would take the offer under advisement for a month or six weeks.

Red China Shows Photo Of U.S. Pilot

TOKYO (AP)—Communist China released today a photograph which it claimed was the picture of an American pilot captured by the Communists Monday. He was identified as Capt. Phillip E. Smith. A U.S. military source in Saigon said Smith, 30, was reported missing after parachuting into the Gulf of Tonkin. The Communist claim that Smith's F104 jet fighter was shot down over Hainan Island, south of the mainland.

India Minister Is Prepared to Order Cease-Fire in War

UNITED NATIONS, N.Y. (AP)—Indian Prime Minister Lal Bahadur Shastri notified the United Nations his country is ready to order a cease-fire in the Kashmir war if President Mohammed Ayub Khan of Pakistan will do likewise. Shastri's message was sent received from Pakistan to the Security Council's cease-fire resolution. Secretary-General U Thant told the U.N. General Assembly today the military conflicts in Kashmir and the disarmament deadline have reinforced his view that all countries—including Red China—should be represented at U.N. headquarters.

No CSI Levy Until 1966, Jerome Rules

JEROME — Jerome County will levy no tax money for the College of Southern Idaho until 1966, it was ruled Monday afternoon during a meeting of the Jerome County Commission. The ruling came as result of stipulations in the Idaho Code which prohibit taxation of property annexed to a taxation unit until after the second Monday in January each year. Jerome County residents voted last month to annex the county to the junior college district. The Twin Falls County levy for support of the college was raised from 4.5 to 6.25 mills Sept. 14 when college trustees became aware of the law. Trustees explained at the time the increase was made if Jerome County could still levy taxes for the junior college district, additional funds would be used in next year's budget.

Storms Hit From Texas To Wisconsin

BY THE ASSOCIATED PRESS For the second straight day torrential rains drenched a wide area from Texas to Wisconsin today in the wake of tornadoes and high winds. Many small streams in Oklahoma, Kansas, Missouri and Iowa were at bankful as runoff from the saturated ground continued. Eastern Kan., on the western edge of Stranger Creek, was evacuated today and the Weather Bureau warned downstream residents on Stranger Creek to take precautions against heavy flooding. Dubuque, Iowa, recorded 2.40 inches of rain in six hours to bring the 48-hour total to 7.01 inches.

John Savage, Demo Leader, Dies in T.F.

MURTAUGH—John I. Savage, 69, Twin Falls county fair board member, Democratic leader and well known rancher, died Tuesday morning in Twin Falls Clinic Hospital of a short illness. He was born in Beersheba Springs, Tenn., July 18, 1896, and moved to Kimberly in 1910. When he first came to Kimberly he worked for Wright's Nursery, now the Kimberly Nursery. Later he operated the Savage Transfer in Kimberly for many years.

Hearing Set On Zoning of Annexed Site

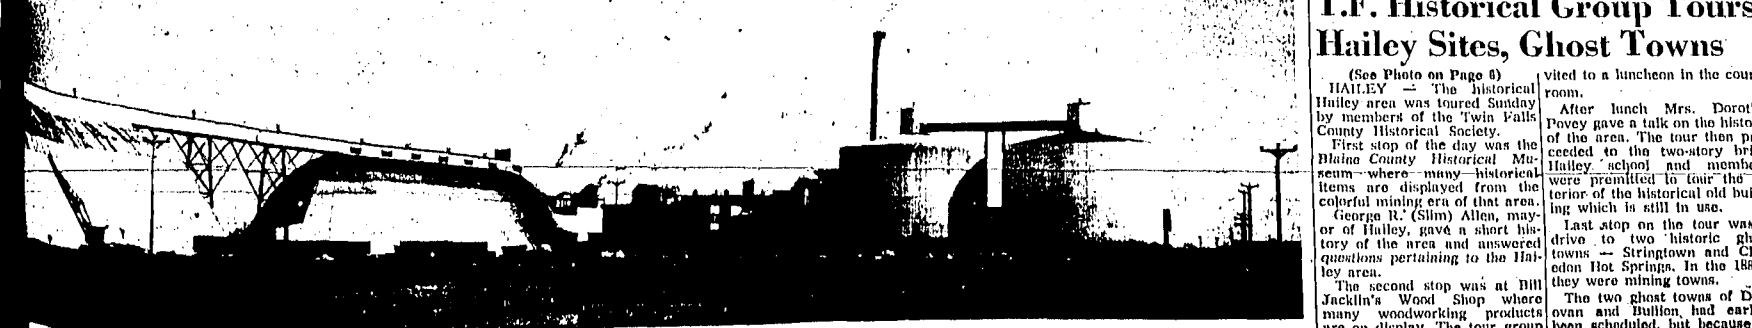

A date for public hearing on the zoning of land recently annexed on the east side of Blue Lake Boulevard North was set for Oct. 18 during the regular meeting of the Twin Falls City Commissioners Monday night. A public planning and zoning commission hearing was set for Oct. 11. The commission Monday night also adopted several proposals to amend the city code, including an amendment to an ordinance prohibiting littering of streets and alleys. The new amendment states it is a violation of the city law to throw debris from a vehicle and the act of placing debris on public or private property other than the property of the person depositing the debris.

I8 Roadside Rest Areas Are Approved

BOISE (AP)—Construction of 18 roadside rest areas on Idaho freeways and principal highways at a cost of \$537,950 was approved today by the State Highway Board. Eleven of the rest areas are included in the action program under the state's outdoor recreation master plan approved over the weekend by the parks board. The highway board hopes to receive \$101,475 in federal matching funds for the 11. Construction of the others at a cost of \$436,475 will be financed primarily by state funds. The roadside areas are to be constructed in 1966.

T.F. Historical Group Tours Hailey Sites, Ghost Towns

(See Photo on Page 8) HAILEY — The historical Hailey area was toured Sunday by members of the Twin Falls County Historical Society. First stop of the day was the Blaine County Historical Museum where many historical items are displayed from the colorful mining era of that area. George R. (Slim) Allen, mayor of Hailey, gave a short history of the area and answered questions pertaining to the Hailey area. The second stop was at Bill Jacklin's Wood Shop where many woodworking products are on display. The tour group then went to the Blaine County Courthouse and due to the chilly weather the members were invited to a luncheon in the courtroom. After lunch Mrs. Dorothy Povey gave a talk on the history of the area. The tour then proceeded to the two-story brick Hailey school and members were presented to tour the interior of the historical old building which is still in use. Last stop on the tour was a drive to two historic ghost towns — Stringtown and Charodon Hot Springs. In the 1880's they were mining towns. The two ghost towns of Donavan and Bullion had earlier been scheduled, but because of wet weather the roads leading to Donavan and Bullion were too muddy.

LANT EXPANSION PROJECT of the Amalgamated Sugar Co., Paul, has provided newer, modern facilities which have made the plant the second largest sugar producer in the world. With the added facilities, the plant is capable of slicing about 7,000 ton of beets which produce nearly two million pounds of sugar daily. Open house will be held from 11 a.m. to 4 p.m. Saturday with tours scheduled throughout the day. A special program and luncheon is planned in one of the new warehouses.

Dream of Doctor Is Coming True

WOODS HOLE, Mass. (AP) — For 45 years, Dr. Porter H. Smith, descendant of New England whaling captains, has dreamed of spreading medical knowledge and saved every penny during those years.

When he was married in 1961, he moved with his bride into a small apartment to cut expenses.

Dr. Smith plans to set up a Central America — and fulfill his dream of spreading medical knowledge to the 45-foot ship him aboard.

Smith said they hope to visit their three children, and a medical technician.

Smith said they hope to visit sometime next month.

He said the desire to help the deprived of other lands developed when he worked as a medic on freighters while studying medicine at Harvard and the University of Pennsylvania.

"I even chose my specialty in this mind," Dr. Smith, anesthesiologist, physician and surgeon, said. "I don't have regular patients depending on me."

His wife, Kay, 30, is an X-ray technician who has shared Dr. Smith's enthusiasm for the venture since before their marriage in 1961. The couple met in Middlebury, where he interned.

Dr. Smith said their three children, Theresa, 3, Jennifer, 2, and Sara Jones, 1, are excited about the trip. "They know they're going to live on a boat and that's all they talk about," he said.

The volunteer is Gisela Priebe, a young operating room technician the Smiths met in Milwaukee where Dr. Smith is in practice. She is a native of Hattlingen, Germany.

His wife, Miss Priebe and I will work together as a medical team," Dr. Smith said. "We are to become a sort of auxiliary to the hospital ship SS ... going to shallow water in Central America that is larger boat cannot enter."

Tennessee Fairgrounds Is Burned

NASHVILLE, Tenn. (AP) — Wind-fed flames swept through the Tennessee State Fair Grounds Monday night destroying three main exhibit-filled buildings and sending thousands of opening night spectators fleeing in fright.

An early morning count showed 18 persons received hospital treatment, 10 of them firemen who suffered smoke inhalation. None were believed critically injured or burned.

A preliminary probe of ruins revealed no bodies. Mayor Beverly Briley said there were no known missing persons.

Escapee Gets 2 Years for Assault

BOISE (UPI)—William Harvey Pulver, sentenced to the state prison last year for murder, was given an additional two years in the prison in an assault with a deadly weapon charge in connection with an escape in June.

Pulver was charged with striking Guard Donald Dye on the head with a metal bar during the June 20 escape.

A trial on the escape charge will be held in Cassia County later. Pulver's attorney won the change of venue in a claim that a televised confession by Pulver that he escaped from the prison would not permit the selection of a fair jury in Ada County.

Ada County Sheriff Paul Bright allowed television crews to broadcast Pulver's confession when he and another man were captured after the escape.

NATIONAL WHIRLIGIG

By ANDREW TULLY
WASHINGTON—Unless it does something about it in the meantime, the Republican will have two basic, grassroots domestic issues with which to belabor the Democrats in next year's congressional elections. Either one could decide the election races.

One is the high cost of living. The other is the burgeoning scandal currently bedeviling Johnson's nobly conceived but often sloppily administered anti-poverty program.

HOUSEWIVES RESTLESS TONIGHT—Two findings in a recent Louis Harris poll indicate the potential danger to the Democratic candidate in 1968. A majority of housewives polled report that meat, poultry and vegetables—the basic important foods—have gone up the most.

INDICATORS OF QUEER MANAGEMENT—This calls the average citizen's attention to the anti-poverty program, which mostly little incidents are beginning to crop up. The primary payments are being made for its groceries is not enchanted with the charge of Senate investigators that a Mississippi Head Start project paid the owner of a church \$100 to use a church toilet for eight weeks.

Desalting ocean water to make it potable isn't cheap. At present the cost is \$1 per thousand gallons, about 10 times what most of us now pay for fresh water.

MARQUIS CHILDS WRITES ON WASHINGTON

WASHINGTON—The likelihood that Republican Lyndon Johnson will win the November election is a foregone conclusion. But he will not win the election in the Democratic primary.

First and foremost, the Democrats in the White House not only dominates—controls even the flow of the news, but he plays the game of professional politics with a mastery rarely seen.

It is grossly unfair to blame Bliss for not showing greater progress in overcoming the delays of the November when Barry Goldwater carried down with him so many Republican members of Congress.

State Dean Rusk, concerned about the itchy look of the Chinese on the Indian frontier, said "our own advice to Peking would be to stay out and let the (U.N.) Security Council settle it."

With the world looking at them after this rebuff from what they called the paper-lip, the Red Chinese Thursday reacted as if to show the United States it couldn't tell them what to do.

They told India to pull its forces out of a border area claimed by Peking about 1,000 miles away from the Indian-Pakistan fighting or face "grave consequences."

This was a grim reminder to the Indians that Red China had struck hard and suddenly in 1962 and rolled the Indians back at several points in the Himalayas.

But coming so soon after Rusk's warning, it looks more like face-saving.

It was Fred Allen who observed: "A celebrity is a person who works hard—all his life—to become well-known, then wears dark glasses to avoid being recognized."

Woman Freed In Shrine Bombing Case

NEW YORK (AP) — A young woman has been freed from a jail sentence for her role in the plot to bomb the Statue of Liberty and other national shrines.

"I am truly sorry and repentant," Michelle Duclos, 26, told federal Judge William B. Herlands Monday.

Herlands suspended a five-year sentence, placed her on probation for five years and removed her forever from the United States.

Miss Duclos pleaded guilty to the August dynamite attack on the Statue of Liberty last winter for use of a bomb.

Judge Herlands said she had suspended her sentence as a government trial against three other defendants.

Father Wants Insurance or Boy Baby

FREMONT, Calif. (AP)—Robert Ahern, a shoe store manager, says he is willing to pay \$20,000—or a boy baby—for an insurance policy guaranteeing \$20,000—or a boy baby.

Ahern and his wife, Barbara, already have three boys and are about to become parents again. Their heart's desire, they disclose, is another boy, and not a girl.

On Sept. 29, Robert Kazmeyer will speak on "This Changing World". Nov. 6, Jeff Royall's topic will be "Tonic for Tired Blood". Jan. 27, Col. John D.

The father said in an interview Monday that he has asked Lloyd's agent to obtain the policy. The agent said the policy might cost \$4,000, he said that he and his wife along fine with their three boys, and it isn't that he doesn't like girls.

"But a girl would create problems," he said. "I'd have to buy her new and different toys and clothes. Have to add another room to their house. There's the end of the extras a girl needs. Every man knows it costs more to keep a girl happy."

Youth Gets Fraternity Top Award

John Sackett, son of Mr. and Mrs. Melvin Sackett, Twin Falls, received the Wilkinson award at a banquet at Blomington, Ind.

The award was established in 1930 to recognize each year the outstanding Phi Gamma Delta fraternity man of the nation, including Canadian universities and colleges.

The selection is based upon scholarship, service given to the members' local fraternity, leadership on the campus, service to the community as well as outstanding achievements.

This is the first time a Western fraternity man has been selected.

Sackett was graduated last spring from the University of Idaho school of engineering. He currently is attending the University of Arizona at Tucson, where he received a graduate scholarship. He plans to study for his master's and doctor's degree in nuclear engineering.

BOISE (UPI)—Rex Dean McWhorter, 39, Vancouver, Wash., was ordered to spend six months in the Ada County jail and serve two years on probation for an alleged \$300 robbery of a Boise market in June.

He was sentenced in Third District Court.

REPAIRS UNDER WAY
SALMON (AP)—Work is under way on repair of sections of the Salmon River road in the Salmon National Forest damaged by last spring's floods.

The \$25,000 project, expected to be completed Friday, is being financed through a special allotment of Forest Service funds.

APPROVES STUDY
BOISE (UPI)—The City Council Tuesday approved unanimously a proposal for a complete transit study of the Boise metropolitan area.

The Lewis-Cather and Co. of San Francisco offered to conduct the study of bus lines and operations in and around the capital city for \$18,000.

One-third of that sum would be provided by the city and the rest would come from federal grants the city would seek.

Before adjourning their meeting, councilmen also authorized an application through the State Commerce Department for a grant from the Housing and Home Finance Agency to aid in financing the study.

GRADUATES HONORED
NAMIKA (UPI)—Two graduates of Northwest Nazarene College have been selected outstanding young women of America by a group headed by Mrs. Lyndon B. Johnson.

They are Phyllis Hartley, a 1963 graduate NNC, and Irene Annans, NNA Idaho of 1962.

Outstanding young women of America are chosen on behalf of the nation's women of America who are contributing to their communities.

SIGHT IN DANGER
BOISE (UPI)—Officials at St. Alphonsus Hospital said Tuesday the sight of the right eye of a 13-year-old Vale, Ore., boy is in serious danger.

James Cummings, son of Mr. and Mrs. Merle Cummings, was transferred to the Boise hospital after being admitted to Holy Rosary Hospital Saturday.

The youngster was injured while trying to make a muzzle-loading rifle from the large part of a car radio-antenna.

MEETS WITH WEISER
BOISE (AP)—The State Highway Board plans to discuss right-of-way problems today, then meet with representatives of the Welser Chamber of Commerce.

The Welser delegation is expected to urge approval of a proposed bridge across the Snake River at Old Ferry.

At opening sessions of its September meeting Monday, the board set Oct. 27-30 as date for its annual tour of Southern and Eastern Idaho.

Board Secretary Wayne Summers said members will hold public meetings at Pocatello, Idaho Falls, Soda Springs and possibly at Blaine.

BOISE SELECTED
BOISE (AP)—Selection of Boise as site for the annual meeting of the National Association of Conservation Engineers was announced today by the Idaho Fish and Game Department.

The department said delegates from the 21 member states are expected to attend the three-day session scheduled to open Oct. 28.

Purpose of the association, organized in 1961, is to coordinate engineering plans and information in connection with fishery, game, recreation and forestry developments.

CANDIDATE NAMED
PACATILLO (AP)—The field of possible candidates in a city commission election Oct. 12 now numbers 11. Latest to begin circulating nominating petitions is Hampton Barlow, now a member of the commission.

Barlow, a junior high school teacher, is also a staff representative. He has served two years on the commission.

Norman Vaughn, also an incumbent, has been the only one to file his petition with the city clerk, and Don Brennan, an unsuccessful candidate in the last election, has been the only one to make a formal announcement of candidacy.

BID RECEIVED
BOISE (AP)—An offer of \$9,210 submitted by the Diamond Roofing Co. of Lawton was the only bid received Monday on a reroofing project at State Hospital North at Orofino.

Alman Construction Co. of Idaho Falls, with an offer of \$28,882, was apparent low bidder on a project involving remodeling of dairy facilities at the State Youth Training Center at St. Anthony.

HUNTERS FOUND
WALLACE (UPI)—Two hunters reported missing in southern Shoshone County turned up Monday and reported they had been delayed by trouble with their Jeep.

The two, Harold Cornell, 25, and Robert Wilson, 31, both Wallace, had planned to return Sunday. When they did not appear their families reported them missing.

F. W. Shutte Is Honored at Rites
EDEN—Funeral services for Frederick W. Shutte were held at 2:30 p.m. Monday at the Trinity Lutheran Church, Eden, with the Rev. Roland Langbecker, officiating.

Hymns were sung by the congregation and organist was Mr. Robert Trinks.

pallbearers were Harold Shutte, Leonard Shutte, Otto Ehlers, Vera Shutte, Delbert Wallis, and Lawrence Knigge.

Concluding rites were held at the Trinity Lutheran Cemetery, Eden.

SPEECHES PUBLISHED
WASHINGTON (AP)—A collection of speeches and statements by George M. Humphrey, a powerful Washington figure in 1953-57, has been published in book form by the Western Reserve Historical Society of Cleveland, Ohio.

ELMER ANNIS, president of the Twin Falls County Historical Society, signs Joe Fuld's register book at the Blaine County Historical Museum at Hiley during a field trip to Hiley Sunday. Fuld showed the 49 members who visited the museum his collection of political items which have brought him national recognition. (Times-News photo)

Widow of Policeman Shot by Oswald Still Lives Modestly

DALLAS, Tex. (AP)—There's little in her home to indicate Marie Tippit is a wealthy woman.

A new car stands in the driveway and a color television is in the living room. But the furniture shows the wear of three active children. The house, like the neighborhood, is modest.

—And Mrs. Tippit does the housework herself. "Ironing is my biggest job. I never seem to get caught up," she said.

The attractive brunette is the widow of J.D. Tippit, the Dallas police officer killed by President John F. Kennedy's assassin in the day Kennedy was shot—Nov. 22, 1963.

Tippit had stopped the assassin, Lee Harvey Oswald, for questioning on a street shortly after Kennedy was shot.

Had it not been for Tippit, officers say, Oswald might have fled the country.

Tippit's death brought spontaneous sympathy from around the world. It has made Mrs. Tippit wealthy.

She received thousands of letters with money enclosed. The total: \$647,579. Half of it went into a trust fund for the Tippit children. The widow received most of the rest.

But she didn't go on a spending spree.

"I want the children to grow up just like they would have if J.D. were still with us," she said. "I want them to learn to earn their way in the world just the way their father had to. If you make it easy for them, they won't know how when they grow up."

The children, Curtis, 6; Brenda, 8; and Allen, 15, receive the same allowance they had before.

H. C. Eagle, Engineer-in-Charge, USGS, Snake River Watermaster, State of Idaho.

Her views on remarriage have softened considerably since earlier interviews. "That will have to be left to the future. I have no plans now," she told a reporter recently.

But life without her husband is still an ache.

"I haven't adjusted—it's more a matter of accepting it and learning to live with it," she said.

"I bought the new car because it upset the children to see the old car pull into the drive. They expected to see their father get out," Mrs. Tippit said. "Raising the children without a father is difficult, especially the boys. They were so very close and played together a lot."

Creativity Separates Man, Machine

CHICAGO (AP)—Man may have to quit working and learn to loaf creatively to keep ahead of the machine, says a researcher associated with the Illinois Institute of Technology.

"The one distinguishing factor between man and machine, the ability to think creatively, is being threatened," said George Phillips, general manager of a management consulting firm owned by the institute.

He spoke Monday at a systems engineering conference during the production engineering and marketing tool show, which has attracted some 300,000 visitors from around the world.

Phillips expanded on his views in an interview Monday night.

Although machines are capable only of figuring and computing, Phillips said, "They're beginning to cross the line."

"Serious thinkers believe that in 15 or 20 years they'll develop a machine with an IQ of 120 that, in a number of areas, will be able to do creative thinking," he said.

The next step, symbiosis—in which a computer will be hooked to a human brain—is the "true marriage of man and machine," said Phillips.

How will man keep the machine from running ahead of him?

"It may well be learning to use leisure which will give us the edge," said Phillips.

This, he said, will involve a revolution in theology, government, philosophy, in virtually every discipline by which man has set up guidelines to order himself.

"We'll have to change our entire concept of what makes a good man get away from Puritan ethic that says a good man is one who works hard," said Phillips.

Merchant Marine Recruiter Sets Visit to T.F.

Capt. Richard H. O'Connell, Western training representative for the United States Merchant Marine Academy, will visit Twin Falls County on Oct. 1 to discuss admission requirements and appointment procedures at meetings with junior and senior high school counselors.

The 25-year-old college which he represents claims the Seven Seas as its campus and has advanced graduated 10 men from Idaho. Among the young men attending this college now is Cadet Melvin Flavel, Shoshone.

Captain O'Connell's stay in Twin Falls County will be limited, therefore, interested parents, high school graduates and seniors are urged to contact counselors for further information about the visit.

PLAQUE UNVEILED

FRENCHMAN BUTTE, Sisk. (AP)—A plaque has been unveiled at the site of the last big attack by the Cree Indians. Solomon Pritchard, a 103-year-old survivor of the 1885 raid, performed the honor.

BATTLE WEB WORM

TOKYO (AP)—Japanese agricultural authorities have declared war on the web worm, a plant pest originating in the United States. They said the invasion evens the score for the Japanese beetle, which has caused widespread crop damage in the United States.

Arrested

HARTFORD, Conn. (AP)—State Police said William H. Haskell, 56, of New London was driving along when a black car pulled out to pass him.

Haskell speeded up. So did the black car. Soon both were going at a high rate of speed.

Then the black car pulled Haskell over to the side of the road and out stepped State Police Commissioner Leo J. Mulcahy.

Haskell was arrested on a charge of speeding Monday.

Hope Given for Metric System

WASHINGTON (AP)—Senate has given new hope to those who want the United States to adopt the metric system of weights and measures.

By a vote Monday, the Senate passed a bill calling for a study of the proposal.

Earlier this month, the Rules Committee had referred a metric study bill.

Soft Whiskey.

The whiskey with a shock absorber.

Soft Whiskey coasts down real easy. It doesn't shake you up. In case you're wondering, we smooth out the bumps by doing some distilling in small batches instead of large ones. The rest of the formula, no comment. Other distillers have been trying to come up with a Soft Whiskey for years. And you can't blame us for trying to get as much mileage out of it as we can. Even we

failed in thousands of tries before we hit it an 86 proof that does what any 86 proof does. Only does it softer. So, if you think for one minute that Soft Whiskey is weak whiskey—you're in for another kind of shock.

Elsie Lindgren gave a talk, "Elsie and Sam," at the first meeting of the fall season of the Twin Falls chapter of the Order of the Eastern Star, at the Elks Temple.

She was welcomed by Mrs. Kelly, worthy matron, and the star points. Mrs. Kelly, Harold Sawyer, worthy patron, presided at the meeting.

Members introduced and welcomed Mrs. Grace Johnson, past grand matron, General Chapter projects; Paul Moseley, district No. 1 chairman, made a motion; Richard Machamer, and Mrs. Richard Machamer, bright stars.

Members include: Mrs. Machamer, associate commander; Mrs. Vern Routh, secretary; and Earl Goodson, associate patron.

Resolutions made by Mrs. Lindgren for the worthy grand matron's visit in October include: Myrtle Yaw, luncheon chairman; Mrs. Donald Kilborn, mistress; and Mrs. Lester Sell, decorations.

Resolutions were read from the chapter for its 50th anniversary set for Saturday, October 23, honoring 50-year members.

Eugene Pippitt, chairman of a committee to raise money to help furnish the region at the temple; an article for a Saturday at the Elks Temple; and Mrs. Pippitt, Mrs. Vernon Routh, and Mrs. Kelly.

MR. AND MRS. DAVID LOHR (Shig Morita photo)

Jo Ann Owen, Lohr Exchange Nuptial Promise

FILER—Jo Ann Owen, daughter of Mr. and Mrs. R. J. Owen, Twin Falls, and David Lohr, son of Mr. and Mrs. Earl Lohr, Filer, were united in marriage Aug. 19 at St. Edward's Catholic Church.

The Rev. Msgr. Edmund A. Cody performed the double ring ceremony before a background of vases of pink gladioli.

The bride, given in marriage by her father, wore a floor-length gown of mauve de soie which she designed and made. The gown featured an empire waist, scooped neckline and lily point sleeves. The train was attached at the waist with self fabric roses trimmed with seed pearls which cascaded down the length of the train.

A crown trimmed with seed pearls reposed her shoulder-length veil of illusion. She carried a cascade bouquet of pale pink gladioli. Her only jewelry was a diamond pendant necklace, a gift from the bridegroom.

Charlene Lintz, cousin of the bride, was maid of honor, and Kay Hostetter was bridesmaid.

Norman Lohr, brother of the bridegroom, was best man; others were Daniel Burns, brother-in-law of the bridegroom, and Richard Owen, brother of the bride.

A reception was held in the Parish Hall. The bride's table was centered with a three-tiered wedding cake decorated by the bride. The cake featured pink roses and green leaves and was topped with white wedding bells. Pink tapers in candelabra flanked the cake.

Guests were seated at tables which were centered with brassy sniffers holding floating gladioli. The refreshment table featured a pink candle which was the bride's nuptial promise which she announced her engagement.

The gift table featured a miniature bride and bridegroom in a heart-shaped arch, made by Mrs. Joe Taylor, aunt of the bridegroom.

Mrs. Edward Lintz and Mrs. Melvin Wilson, aunt of the bride, served the cake. Mrs. Marvin Lohr, aunt of the bridegroom, poured coffee, and Mrs. Burns, sister of the bridegroom, served punch.

Sharon Herrett was in charge of the guest book. Gifts were displayed by Diana Grey, Mrs. Herrett, Mrs. Connie Lohr, cousin of the bridegroom.

Carol Lookingbill was reception hostess and Mrs. Charles Knoble was in charge of serving, assisted by members of the Catholic Women's League.

Showers were given for the bride by Miss Hostetter, Miss Herrett, Mrs. Wilford Herrett and Mrs. Ralph Hostetter, and by Mrs. Charles Boss, Mrs. John Henstock, Mrs. Ora Jones, Mrs. Ora Jones, Mrs. Marion Pendergraft, Mrs. Steve Pastore, Mrs. Leonard Peters, Mrs. Raymond Ulrich and Mrs. William Lanting.

A rehearsal dinner was hosted by the bridegroom's parents.

The couple left for a honeymoon trip to Yellowstone National Park and the Jackson Hole area.

Killer Whale Is Permitted Vacation

SEATTLE (AP) — The captive killer whale Namu, hit performer in a Seattle aquarium this summer, will go on a somewhat restricted winter vacation starting next week.

The four-ton whale was purchased by Seattle Public Aquarium after he bungled into nets of Canadian fishermen last summer at Namu, B. C.

Aquarium Director Jim Griffin has leased a secluded cove on Puget Sound near Port Orchard, Wash., as winter quarters. There Namu can splash in salt water 50 feet deep. There will be a net across the entrance to keep him in and watchmen to keep the non-paying public out.

Smylie Urges Creation of New Office

MONTREAL, Canada (AP) — Creation of an Office of Community Development in the White House was urged today by Idaho Gov. Robert E. Smylie.

In remarks prepared for delivery at the convention of the International Association of City Managers, Smylie asserted creation of the Department of Urban Affairs has "nullified down the primacy of federal interest" in state affairs.

"Simply elevating the Housing and Home Finance Agency to cabinet status will not solve the problems faced by local communities," Smylie said.

The Idaho governor cited a specific instance in which he held the Federal Bureau of Public Roads allocated funds for construction of a highway in an area set aside for an urban renewal project.

"These federal programs are in conflict and because the immediate decision involved highway design, the Bureau of Public Roads was the tall which wagged the urban dog."

Smylie claimed "a reform" is needed in this dispute. "A White House office manned by persons with extensive experience in state and local problems would seem to be a more appropriate umpire," he said.

PERFORMING ONE OF MANY dances slated during the Cabaret International Boy Scout Banquet Monday at Blue Lakes Country Club—Is Reginald Laubin. He is performing an old-time dance of greeting, in which an extremely brave warrior was selected to honor visitors from neighboring tribes. Performing with Reginald in Indian dances will be Gladys Laubin.

Few Tickets Are Left for Goldwater-Boy Scout Fete

Less than 40 tickets for Cabaret International Boy Scout Banquet still are available, states Robert Erkins, president of the Snake River Area Council.

The annual event will be held at 8 p.m. Monday at Blue Lakes Country Club, with Jack Linklater, well-known television star and son of Art Linkletter, as master of ceremonies.

Featured speaker will be Barry Goldwater. Others on the program Monday evening will be Reginald Laubin and Gladys Laubin, dancers of the American Indian, which has won them international acclaim; Herman Primus, well-known Sun Valley singer; and two members of the Sun Valley orchestra.

Tickets for the banquet may be obtained at the Boy Scout Service Center, 164 Main Ave. N. Erkins said about 400 people

are expected to attend the banquet.

"We have only a few tickets left and we know of several people who have said they were going to attend but have not picked up their tickets," Erkins added. Erkins said the banquet starts at 8 p.m. Monday, with social hour at 7 p.m.

Accused Man Is Returned To Wyoming

JACKSON, Wyo. (AP) — Teton County Sheriff Carl Roice was scheduled to leave for Bend, Ore. this morning to return Lee Wayne Daniels, 22, to Jackson.

Daniels, a transient farm worker, is charged with murder in connection with the death of a five-month-old baby girl whose body was found in a shallow roadside grave near Swan River, Idaho, in August.

Daniels was arrested in Bend, Ore. on a first-degree murder charge filed by Idaho authorities, but the charge was dropped when officials determined the body died near Jackson.

An autopsy determined the child died of a crushed skull. She was the daughter of a traveling companion of Daniels.

Daniels' attorneys were unsuccessful in fighting extradition to Wyoming.

Daniels has been held in Bend since Aug. 7.

Miners' Strike Appears No Closer to End

POWATAN POINT, Ohio (AP) — The mushrooming three-state coal miners' strike moved into its 13th day today, apparently no closer to an end than when it began.

An estimated 5,100 miners from Western Pennsylvania and Northern West Virginia joined the wildcat walkout Monday, bringing to about 10,700 the total idled by the unusual dispute.

There were reports that the newly-mined at Gashtun and New Lexington, Ohio, would go out too in sympathy with the six miners whose firm, Sept. 7 touched off the walkout.

The strike began at the Hanna Coal Co.'s Ireland Mine at Moundsville, W. Va., where the 600 were fired for allegedly taking part in another unauthorized walkout a week earlier.

Fellow miners there went out by the next day and the walkout had spread to most of the union's district 6, which covers southeast Ohio and the Northern West Virginia Panhandle. Other districts have gradually joined with sympathy walkouts.

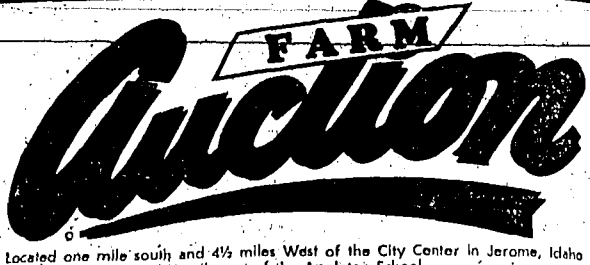

There have been no negotiations over the dispute because Hanna refuses to talk until the mine is back in operation.

Crop Damage Estimates Made

HANSEN—Vos Nabeker, who manages a number of farms in the Magic Valley area, re-

and freezing damage has been done to local crops. He said beans may be hurt from 40 per cent to 100 per cent, depending on how ripe and dry they were when hit.

He reported that alfalfa, not cut, also was badly damaged.

Notre Dame Takes Over No. 1 Spot as Nebraska Drops to Second in Poll

By The Associated Press

Notre Dame, an impressive opening game winner over California, has been named the No. 1 college football team in the nation vote by a panel of sports writers and sportscasters. Nebraska, the preseason poll leader, also received

over California, has been in the first regular season for The Associated Press. solid support after running over Texas Christian 34-14, and finished a close-up second to the Irish. Texas, No. 2 in preseason, also caught the eye of many with a 31-0 romp over Tulane. Michigan and Arkansas both got away fast and drew first place support.

Alabama was the only member of the preseason Top Ten to lose. Georgia upended Bear Bryant's Tide 18-17 with a hyprowed play and a gambling two-point conversion. Georgia drew one first-place vote but didn't make the Top Ten.

Southern California, which has been No. 7, dropped out of the Top Ten after a 20-20 tie with Minnesota Friday night. Little Ohio State also was passed over in the first voting.

Florida's triumph over Northwestern 24-12, Syracuse's 14-6 opening success against Navy and Kentucky's 7-0 upset of Missouri put those three teams into the top group.

Ara Parseghian's Irish, trying to capture the crown that escaped them last year when they lost their final game to Southern California, crushed California 48-6. Notre Dame rolled up impressive yardage on a ground attack headed by Bill Walkie and Don Eddy, and threw only seven passes.

Bob Churchlich, Nebraska's quarterback, threw two touchdown passes to split end Freeman White for a 14-0 lead over TCU in the first 12 minutes. Texas rolled over Tulane with ease in a game transferred from New Orleans to Austin because of hurricane damage to Tulane's stadium.

Michigan downed North Carolina 31-24 and earned enough votes for No. 4 rating. Arkansas, a 28-14 winner over Oklahoma State, took over the No. 5 position.

The vote, with points on a 10-9 scale, basis and first-place halts in parentheses: 1. Notre Dame (24) 1-0 472 2. Nebraska (16) 1-0 429 3. Texas (7) 1-0 376 4. Michigan (2) (1-0) 249 5. Arkansas (4) 1-0 230 6. Penn State 1-0 200 7. Louisiana State 1-0 164 8. Florida 1-0 95 9. Syracuse 1-0 84 10. Kentucky 1-0 78

TANGLE ON-MOUND occurred as Cleveland second baseman Pedro Gonzalez (24) charged out with a bat in his hand at Detroit Tiger pitcher Larry Sherry Monday night. They wrestled briefly before players from both dugouts separated them. Gonzalez went after Sherry following two inside pitches in the fifth inning. Gonzalez was ejected from the game by plate umpire Bill McKinley. The Indians won the 14-inning contest 4-4. (AP wirephoto)

A's Delay Twin Rush Toward Pennant 8-2

MINNEAPOLIS - ST. PAUL (AP) — Jim "Catfish" Hunter and reliever John Wyatt cut down Minnesota on four hits Monday as Kansas City beat the Twins 8-2 and delayed their rush to clinch the American League pennant. It was only the second defeat for the Twins in their last 11 games.

Indians Edge Tigers 5-4 in 14th Inning

CLEVELAND (AP) — Max Alvis led off the 14th inning with a single, his fourth hit of the game, and scored on Chico Salmons' pinch-hit, bases-loaded single, giving Cleveland a 5-4 victory over Detroit Monday night.

Alvis, who earlier rapped a nine and two double, singled off Orlando Pena, then raced to third as first baseman Norm Cash missed Pena's pickoff attempt. Pena walked Vic Davalillo and Fred Whitfield intentionally, loading the bases, before Salmons batted for Lou Clinton and singled to right.

The Tigers tied the game 4-4 in the ninth on singles by Bill Freehan, Don Demeter and Mickey Stanley, Detroit.

Georgia's Moore Named Back of Week

NEW YORK (UPI)—Georgia Sophomore daredevil Kirby Moore, who touched off the shots that upset Alabama, heads college football's first backfield-of-the-week selected Monday by United Press International.

Moore, perhaps too young to be overawed by Alabama, launched the fourth period fireworks that wound up in a 73-yard forward-lateral touchdown play. Then he calmly passed for two-point conversion that bounced last year's national champs, 18-17, in a stunning upset.

Hankinson drove underdog Minnesota relentlessly in a 20-20 tie with mighty Southern California, scoring two touchdowns and passing for the third.

Garrett, meanwhile, piled up 162 yards rushing and scored a pair of touchdowns, one rushing and the other on a pass reception.

Brothers, a soph who last year, accounted for both Oregon State touchdowns as the Beavers upset Illinois, 12-10. He ran for one and passed 10 yards for the winner in the fourth period.

Giants, Twins Still Picked By Computer

PHILADELPHIA (AP) — It's still the San Francisco Giants versus the Minnesota Twins in the World Series, according to Franklin Institute's baseball-oriented computer.

The computer figures the Giants will end the season with a 95-67 record, followed by Los Angeles with 82-70. Tied for third will be Cincinnati and Pittsburgh at 80-77 and Milwaukee follows in fifth with 83-74.

Chicago will be second in the AL, the computer predicts, followed by Baltimore, Detroit and Cleveland.

London KOs Discher in First Round

LIVERPOOL, England (AP) — Brian London, the former British heavyweight champion, knocked out Roger Discher of Oakland, Calif., in 52 seconds of the first round of a 10-rounder at Liverpool Stadium Monday night.

London, 31, and ranked seventh among the heavyweight contenders by the World Boxing Association, was a slight favorite over the eighth-ranked American.

Rischer was dropped twice before he went down to the third time and was counted out. London went straight out for the kill and had the American down on his knees with a good left.

Rischer hauled himself upright on the ropes only to have London move in again with lefts and rights to the head and body. As the crowd roared, the American went down again.

Rischer got up at the count of eight looking dazed, and London was on him again like lightning. Then the American folded up in a corner, after another barrage of blows and was counted out.

Laver Says Pro Tennis Unneeded

LONDON (UPI)—Rod Laver of Australia, who won the London Professional Indoor Tennis championship by beating Spain's Andres Gimeno 6-2, 6-3, 6-4 Saturday night said Sunday that young tennis amateurs don't really need pro tennis for a livelihood and the pro sport may be in jeopardy.

Recently, many young amateurs have turned down pro offers.

Chicago Man Lops 13 Hours Off Two-Way English Channel Swim

ST. MARGARET'S BAY, England (AP) — Ted Erikson, 37-year-old Chicago physiotherapist, clambered ashore beneath England's white cliffs early Tuesday to complete a record-breaking two-way swim of the English Channel. Erikson, the first channel swimmer to set his course by computer, was home and dry 30 hours, 3 minutes after leaving Dover Sunday. Only one other man has ever made the two-way swim—Argentina's Antonio Albertondo in 1961. Albertondo's time was 43 hours, five minutes.

Phils' Covington Asks for Release

MILWAUKEE (UPI) — Veteran Philadelphia Phillies outfielder Wes Covington said Monday night he's asked for his release, but hasn't received it.

Covington, 33, said he was perturbed over not playing as much as he'd like to this year and was certain there were Major League clubs who would like his services.

"I've asked for my release. I'm sure I can make my own deal," Covington told the Milwaukee Sentinel. "I haven't played at all."

in on the home leg toward England.

The channel is 22 miles wide. Swimmers, because of tides, swim much farther — usually about 40 to 45 miles on each leg.

Under rules of the English Channel Swimming Association, he was allowed five minutes on the French shore to renew his body coating of grease. The grease helps keep out the channel chill.

In fact, he took only three minutes ashore before plunging.

Murakami, Bolin Pace Giant Victory

CINCINNATI (AP) — Major Murakami received Bolin in the sixth inning but stopped Cincinnati's bid of the way as the National League-leading San Francisco Giants defeated Cincinnati 4-0 Monday night.

The victory, their 15th in the last 18 games, boosted the Giants to four games over the Los Angeles and 5 1/2 over the sagging third-place Reds.

Bob Bolin hit the Red's blanked 3-0 on four hits when he walked Vada Pinson and Frank Robinson with none out in the sixth. Manager Herman Franks promptly pulled Bolin and brought in Murakami.

The Japanese left-hander got pinch hitter Tony Perez on a foul pop before Franks, the major league leader in batting in, drove a liner to the right field. But Jesus Alou made a leaping stab of the ball at the bleacher screen for the second out.

Murakami then ended the threat by retiring John Edwards on a grounder.

How You May Never Take a Laxative Again!

New Miracle Regulator Keeps Waste Soft—So Bowels Move Naturally

New York, N.Y. (Special) — After 12 years' research, scientists have discovered a wonder-working substance that corrects constipation entirely without laxatives.

Doctors say most constipation occurs when waste loses moisture in the colon—becomes dry, hard, difficult to move. To give relief, laxatives have to force action by flushing, irritating or distending the intestine.

The new miracle substance known medically as dicitol is a diuretic—dissolves in water completely—dissolves in water completely. It simply makes the natural moisture in the colon moist and softens dry, hard waste so effectively. Then normal elimination follows naturally. This is working only on waste, so of you, the substance corrects constipation and restores regularity as no laxative can.

This new discovery has not been made available at drug stores under the name RENOVO. It is a safe—no habit-forming. No warning on the label—no prescription needed. Try RENOVO. Discover for yourself that you may never need to take a laxative again!

Sage Grouse Season Ends With Reports Showing Less Birds Per Hunter

The two-day sage grouse season ended Sunday and reports from checking stations Monday indicated that the average number of birds per hunter dropped considerably from that of 1964 on both the north and south sides of the Snake River. The number of hours per bird, on the other hand, almost doubled for both areas. Hunter participation dropped from 1,319 in 1964 on the north side to 806 for this year's two-day hunt. The south side, however, had 152 hunters compared to 97 in 1964. Idaho Fish and Game Department checking stations to the south of the river reported 72 birds were taken by the 152 hunters for an average of 48 birds per hunter and 8.3 hours per bird, compared to 79 birds for the 97 hunters checked in 1964. The 1964 averages were 81 birds per hunter and 4.4 hours per bird. The percentage of hunter taking limits dropped from 24 per cent to 20 per cent.

Hoople Hits .500 in Gridcasting Contest

Egad! I escaped the opening week with an even .500 average—don't laugh. Most of you can't make the same boast. I don't recall such an upset-filled first day of the collegiate season since the fall of 1936. But when you look at the slate I've assigned for next week, I expect even the strongest men to blanch. It makes this week's look like a cakewalk.

Phillies Beat Braves 4-1; 812 Watch

MILWAUKEE (AP) — The Philadelphia Phillies capitalized on Wade Blasingame's wildness for four runs in the first inning and beat the Milwaukee Braves 4-1 before the smallest crowd in the city's 13-season National League history.

Only 812 watched the Braves, a strong pennant contender, in the sixth and last game of their season since the seventh time in their last nine games. The club is slated to move to Atlanta next year.

Jack Culp went all the way for the Phils, scattering 10 hits. He gave up Henry Aaron's 32nd homer in the sixth and had to survive a ninth-inning threat for the victory.

Pat Corrales' two-run single was the key hit for Philadelphia in the first.

The game was held up twice by rain for a total of one hour, 45 minutes.

Redskins Name New President

WASHINGTON (AP) — The board of directors of the Washington Redskins replaced George P. Marshall as president Monday, and named his president-meritor.

The honorable mention list includes Norma Silver, Jerome Folman, Jerome Williams, Steve Filer, Dennis Thurston, George Dan Harbaugh, Gooden Russell Winch, Jerome Pele Urrilla, Twin Falls.

On the north side the majority of the 439 birds were taken by hunters in the Burna-Richfield area. The averages showed .54 birds per hunter and eight hours per bird. This compared to the 1964 reports of .79 birds per hunter and 4.5 hours spent in search for each. The percentage of hunters with limits the up from 20 per cent to 24 per cent.

The similarities in percentages of those with limits, even though these were less birds per hunter this season, was attributed to those hunters who got out and beat the brush despite the cold. Checking station officers surmised that if hunters had done this, the average would have risen and more would have taken home limits.

The early cold weather prior to the hunt was partially to blame for the poor showing, as it scattered the birds, especially in the lava country.

A total of 35 Hungarian partridges, 34 mourning doves, three quail, two cottontail and seven quail partridges were the only miscellaneous wildlife checked through the stations during the sage grouse hunt.

Arfons Plans Speed Tests On Salt Flats

BONNEVILLE SALT FLATS, Utah (AP) — Walt Arfons plans to make three test runs Tuesday of his rocket-powered "Wingfoot Express" and might shoot for a new world's land speed record Wednesday.

August and September rains have left water on the salt flats and Arfons will have only eight miles for test purposes Tuesday. But he said winds were clearing the flats of water and he might have 10 miles Wednesday.

He said that was a minimum distance for a record attempt in the racer which he says might go as fast as 800 miles per hour. At the altitude of the salt flats, the speed of sound is about 720 miles per hour.

Arfons' specially built vehicle looks like a rocket from the rear, and a jet fighter with stubby wings from the front. The test runs will be with 4, 6 and 10 rockets. The vehicle can hold 15 rockets, similar to those used to boost some large planes into the air.

A special device blasts off the front end of the rockets when the car slows, and parachutes are used for braking.

Vandals Prepare for Game With San Jose

MOSCOW (AP) — The University of Idaho Vandals took a look at films of the Stanford-San Jose game and went through a light workout in sweat suits Monday as Coach Steve Musseau toyed with a new offensive formation. The Vandals lost a hard-fought game to Washington 14-9 Saturday. They meet San Jose in Moscow this weekend.

Musseau said Musseau said — John Fourin, who suffered a slight injury in the Washington game, was in good condition and would continue as starting quarterback. The offensive formation was not entirely new, Musseau said. "It was one we didn't use against Washington, but we think it might work against San Jose. The kids have seen it a few times before," he noted.

Musseau said San Jose would be a tough foe. "They are bigger than we are and they are fast." The Idaho coach said the Vandals had San Jose's strong and weak points spotted after viewing films of the Spartans' game with Stanford.

"We're sure of one thing. They're a lot tougher than the Stanford score indicated," he said. Stanford beat San Jose 26-0.

Musseau noted that 17 of Stanford's points were scored as a result of punt runbacks or field goals.

He said the Vandals would spend the rest of the week honing their offense in an effort to capitalize on some San Jose weak spots the coaches hunted had been found.

Musseau also had his kicking units working hard on punt returns Monday.

Portland, Ore. (AP) — Hunting, fishing and conservation leaders from the United States, Canada and Mexico were told Monday by Oregon Gov. Mark Hatfield that the states cannot yield conservation and fishing off their reservations.

An important issue, he said, is regulation of Indians' hunting and fishing off their reservations.

Oregon has had little success in getting Indians to observe conservation efforts, nor has Congressional help been effective, he said.

Astronaut Plans Short Walk Around World

United Press International
SPACE CENTER, Houston (UPI)—Unheralded Rookie Astronaut David R. Scott will set out early next year to walk completely around the world in 86 minutes.

Scott will take his super- stroll more than 100 miles above earth, as copilot aboard America's orbiting Gemini 8 spacecraft.

Along the way, he plans to

stop long enough to turn a few bolts with a special set of space tools, retrieve a special radiation measurement package attached to Gemini 8's exterior, and perhaps take a side-trip to another satellite.

Slender, 33-year-old Dave Scott, an astronaut for less than two years, was named by the U.S. space agency to ride alongside the nation's first civilian "space pilot," Neil Armstrong,

aboard Gemini 8. Officials said the voyage is set between April 1 and July 1, 1968.

However, informed sources said Pilot Armstrong and right-handman Scott should take their fiery leap perhaps as early as February or March.

And when they set out aboard a Titan 2 booster from Cape Kennedy, they will begin the most fabulous cosmic adventure ever.

Gemini 8 will swing around in orbit for only two or three days—but long enough to send Scott off on the most daring "space walk" ever attempted, to link up repeatedly with another satellite after a unique game of "hide-and-seek," and to complete a "heavy experiment schedule."

Scott, a former Air Force test pilot and son of a retired general, was a surprise choice.

Astronaut Elliot See, a civilian had been considered the unofficial favorite, but See is 38 years old. There was speculation the agency preferred a younger man.

Astronaut Edward White stayed outside for about 20 minutes on the first day of the four-day flight of Gemini 4 last June 3-7. Scott expects to make his walk last through at least one complete revolution around earth.

One circuit will take about 86 minutes, give or take a few seconds.

Wearing a special, heavy-duty spacesuit to ward off the dangers of radiation and high-speed dust particles in space, Scott will zip around in the thick adapter section of the spaceship, retrieve the nuclear measurement package and pick up a bottle of life-giving oxygen.

He will carry along a "zot gun," similar to the device White used to propel himself around, only more powerful and carrying more fuel.

The gun got its name from a comic strip "P.C." Engineers at the manned space craft center became fascinated with the

expression "zot," shown in the comic strip everytime a lightning bolt hit.

Using the zot gun to aim himself, since there actually is no surface to walk upon in space, Scott will zip around in the thick adapter section of the spaceship, retrieve the nuclear measurement package and pick up a bottle of life-giving oxygen.

As Gemini 8 speeds along at five miles per second, he will exchange his 25-foot tether for one about 75 feet long.

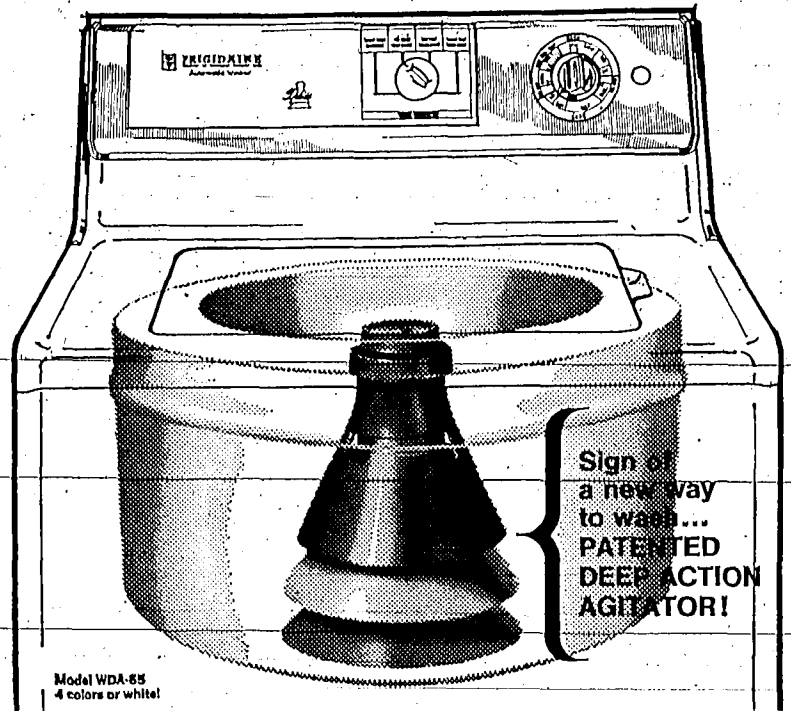

Thus firmly attached to the ship, Scott will take out his tools and try to find out what

problems men will face when they attempt such tasks as turning a screw in space. Experts are developing special jobs, and the astronauts test them.
