

Guns Silenced Before Dawn on Kashmir Front

NEW DELHI, India (AP) — A U.N.-sponsored ceasefire silenced guns on the Indian-Pakistan front today after 22 days of bloody conflict, but continued unrest threatened within Kashmir, the cause of it all. The voice of Kashmir Radio, speaking for a revolutionary council that stirred outbreaks in the Indian-ruled segment of the border state last month, said a guerrilla war of liberation will be maintained. India's defense minister, Y. B. Chavan, charged that Pakistan is still infiltrating guerrillas into Indian Kashmir and said the Indian army has been given strict instructions to deal with them.

Carol Loses Fury; Turns Northward

MIAMI, Fla. (AP) — Hurricane Carol has lost some of its fury as the storm churns harmfully northward into cooler waters. Carol was moving at 12 miles an hour but was expected to slow down. Winds were estimated at 85 m.p.h. near the center with gusts extending 150 to 200 miles in all directions. The Miami Weather Bureau said Carol posed no threat to any land area for the next day. Fall Season Brings Heavy Rains, Floods

By The Associated Press
Autumn rushed in with violence today as rains pounded the nation's soggy midsection. Rivers flooded, farm lands were driving thousands of acres to higher ground. Autumn nudged summer into early, at 1:00 a.m. EST today. But the passing of the summer season was only a formality. The weather continues its early and damaging weeklong spree of torrential rainstorms which spawned rapid floods. At least two persons died in flood-connected accidents. Binding rains bringing up to 10 inches of water pelted much of Texas and sent the Pedernales River rising in front of President Johnson's LBJ Ranch. The Pedernales was 10 feet above normal, flowing over 1,300 water bridges leading to the LBJ Ranch, isolated by the waters. In the South, Arkansas was hard by torrential rains and 7 winds following heavy surge by Hurricane Betsy two days ago.

Chavan made clear in a speech to Parliament, however, that India, for the moment at least, regards this situation as separate from the truce agreement and not a threat to the peace that has newly come to the subcontinent of 500 million. The guns were silenced on the India-Pakistan front before dawn as scheduled in a ceasefire both sides accepted under U.N. auspices. On the mountainous northern frontier, Communist China failed to break the peace as India expected — and the Reds appeared to be building a Himalayan version of the Berlin wall. President Mohammed Ayub Khan of Pakistan said that if the Kashmir problem is not solved, "this continent will again be engulfed in a much wider conflict."

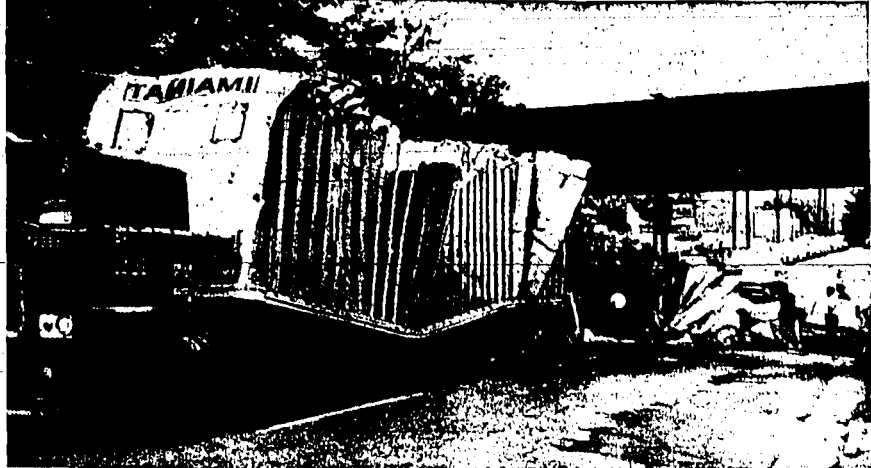

In a broadcast to the Pakistani people, Ayub called the U.N. Security Council's ceasefire order "inadequate and unsatisfactory" because it did not lay down a specific solution for Kashmir.

Bills Signed To Combat U. S. Crime

WASHINGTON (AP) — President Johnson has signed into law two bills aimed at combating crime. One measure provides \$1.5 million to finance national and district of Columbia commissions on law enforcement and the administration of justice. The other authorizes federal funds to help states, localities and private organizations improve law enforcement methods, court administration and prison operations.

DRAFT QUOTA CUT

BOISE (AP) — Idaho's November draft quota will be 100 men, down from the 113 for October, Gen. John E. Walsh said today.

TRACTOR-TRAILER RIG, which was only two inches too high for this underpass, was damaged Wednesday in downtown Charlotte, N.C. The trailer cleanly ripped off the top of the trailer, but did not damage the 40,000 pounds of sugar in the load. The clearance was 12 feet four inches and the trailer was 12 feet six inches high. No one was injured. (AP wirephoto)

SACRAMENTO, Calif. (UPI) — Mrs. Minnie Marshall applied for medicare benefits Wednesday. "My health has been very good," she said. "The only thing bothering me is my eyesight. I need to point a bit but now I do knitting because you can do that without looking." Mrs. Marshall will be 101 next week.

N. Y. Mayor Steps Into Strike Talks

NEW YORK (AP) — Mayor Robert F. Wagner stepped into the week-old New York newspaper shutdown today with plans to take part in negotiations with two unions. Wagner was to meet at 11 a.m. EDT with negotiators for the AFL-CIO New York Newspaper Guild and the New York Times. At noon the mayor planned to sit on talks between the AFL-CIO Mailers' Union and the Publishers Association of New York. The Guild struck the morning Times a week ago in a dispute centering on union demands for protection against job losses from automation and mergers. After the Times stopped publication, the Publishers Association members — all but one of the city's eight major dailies — also shut down. The nonmember paper, which has continued to publish, doubled its normal press run to 750,000. The matters announced Tuesday they would not go back to work without a new contract, even if the Guild dispute was settled. Wagner decided to step into the peace talks after receiving a report Wednesday night from mediator Theodore W. Kheel on a day of apparently fruitless negotiations.

Permit Issued For Motel Complex Here

A permit to build a 103-unit motel complex on Blue Lakes Boulevard North has been issued to Nielsen and Miller Construction Co., Twin Falls. The complex, scheduled to be completed in May for the 1966 season, will be located on a tract of land recently annexed by the city, between Falls Avenue East and the Pole Line Road, on the east side of Blue Lakes Boulevard North. Total cost of the facility will be \$1,400,000, states Ray Nielsen. Besides the motel units there will be a two-story masonry building which will include a dining room, bar, coffee shop and a convention center suitable for 200 persons. The facility will be a swimming pool, golf course and driving range and parking for 204 cars. The facility will be operated under the name of Holiday Inn, a national chain. It is being constructed by Twin Falls Inns, Inc. Architect for the motel complex is William W. Bond Jr. and Associates, Memphis, Tenn. Nielsen said sub contracts for the construction have not been let.

Survey Shows Beet Growers Are Anxious to Start Harvest

A survey of beet growers in the Twin Falls and Burley-Rupert district of the Amalgamated Sugar Co. indicates that farmers are anxious to get started next week with harvest operations. Ernest Blauer, Burley-Rupert district manager, said about half of the beet morning and the beets will begin its run. Robert Day, Twin Falls district manager, said a survey of farmers in his district indicated they were starting to harvest the beets next week. He said digging of beets is slated to begin Monday morning. The Twin Falls factory will begin processing Wednesday. Day said any beet grower who wants to start harvesting of beets should first contact the fieldman. Day said he anticipated no problem in the additional beets being shipped into the Twin Falls plant from the Burley-Rupert district. Beets grown in the east end of Magic Valley normally are processed at the Paul factory, but expansion projects at the plant are still under construction and the facilities will not be ready in time to handle the earlier harvest. Open house and tours scheduled this Saturday at the Paul plant, the second largest sugar producer in the United States, were canceled Tuesday in order not to delay construction. Blauer said Wednesday night that the survey of Burley-Rupert district farmers was successful and that the growers are very cooperative. He said the main problem is in having a more accelerated harvest than has been anticipated. He expected about 40 growers in the Burley-Rupert district area would begin digging beets Monday morning and predicted a good supply of beets will be received by the plant by the latter part of next week. Blauer added cancellation of the open house may result in processing beets at the Paul plant a few days earlier than originally planned. Day said if the need arises, all 16 receiving stations in the district would operate Monday, depending on the number of farmers who are digging beets. The Twin Falls plant can process about 4,000 tons of beets a day. The district manager said the plant will need only enough beets to keep the mill running, plus a small surplus to carry processing over the weekend. Day noted the district "can't start stockpiling them yet."

School Aid Bill Signed By Johnson

WASHINGTON (AP) — President Johnson signed today a bill providing money for the new school aid program and called on local officials and school boards to translate "the vision of this law into the vitality of our country's education system." As he signed the bill providing over \$1 billion for federal aid to elementary and secondary schools, Johnson said the federal government could not do the job alone. "The main task now lies with the local school boards, with the parents and teachers, with the state school superintendents and the state education commissioners," Johnson said. "To you, I say: Act now. Get your plans made. Open your schools to the promise of these new programs." Johnson said the bill would "reach out to 8.5 million children behind the more fortunate schoolmates by the dragging anchor of poverty."

Wage Bill Is Edged Out by Priority Item

WASHINGTON (AP) — A controversial \$1.75-minimum wage bill that far exceeds the administration's recommendations apparently has been edged out of the House by a more popular priority item. The wage bill, which cleared the House Education and Labor Committee last month, was blocked from normal access to the floor by the House Rules Committee. Instead, it is advancing under a procedure that permits it to be called up only on the second and fourth Mondays of any month. And Wednesday, House Speaker John W. McCormack, D-Mass., announced he has no intention of calling it up next Monday. That day has been set aside for a bill of the more popular kind. McCormack said, "I don't want to confuse the issue by calling up anything else." If the bill is not brought up Monday, then Oct. 11 is the next possible date. And by Oct. 11 Congress either will have moved forward or will be moving toward adjournment. The Senate has held only preliminary hearings. The bill would raise the \$1.25 minimum to \$1.75 by 1968 for 6.6 million workers now covered. It would also extend coverage for the first time to 7.9 million farm and small business workers.

Attempt to Kill Tshombe Foiled

LEOPOLDVILLE, The Congo (UPI) — An alleged attempt to assassinate Premier Moise Tshombe during a football match here Tuesday was foiled by soccer fans, a spokesman for the prime minister said today. He told a news conference authorities were holding two Congolese men who had been cocking revolvers just as Tshombe's car was leaving the King Baudouin Stadium after a soccer match between the Congo and Liberia. The two men, who both had admitted their intention of killing Tshombe, were apprehended by people in the crowd and turned over to the police, the spokesman said.

Farm, Ranch Group Sets State Parley

Annual state convention of the Idaho Society of Farm and Ranch Managers and Appraisers will be held Friday and Saturday at Twin Falls American Legion Hall. L. James Koutnik, Twin Falls, president, in announcing final plans for the two-day meeting, said about 100 members are expected. Featured speaker Friday evening at the annual banquet will be Gov. Robert Smylie. Other speakers Friday include Alex Coleman, Twin Falls, member of the National Advisory Board for the Bureau of Reclamation; Kenneth R. Jameson, Fort Collins, Colo., vice president of the American Society of Farm Managers and Rural Appraisers and owner of an agricultural management consulting and appraising firm; and Paul Hegdal, Twin Falls, director of Jack Rabbit Research Station, Department of Interior. Registration for the two-day event will be conducted from 8 to 9:30 a.m. Friday at the Legion Hall. Business sessions will begin at 9:30 a.m. and 1:30 p.m. Other scheduled speakers are William F. Schroeder, a Vale, Ore., attorney; Twin Falls County Rep. Ray Lincoln, past president of the Idaho Wool Growers Association and a member of the Bureau of Land Management Advisory Board; and Dean Cook, Twin Falls, a fishery water funder. Jameson will speak at a noon luncheon and officers will be elected Friday afternoon. Activities on Saturday include a tour of the Snake River Fruit Co. at Burley, with a bus leaving at 9 a.m. from the American Legion Hall for Burley, and a fish fry at noon at the Buhl Country Club. Coleman will speak during the Friday morning session on "How and Why California Will Take Idaho's Water." Hegdal will speak on "Anticommunist Problems," and the morning session will conclude with Schroeder speaking on "A Sequence to Range Management — an Obituary?" During the afternoon session Lincoln will discuss "Recent Developments and Problems in the Livestock Industry." Cook will speak on "The World's Oldest Method of Locating Un-See CONVENTION, Pg. 2, Col. 1ed."

Committee Gets Witness for Ku Klux Klan Investigation

WASHINGTON (AP) — The House Committee on Un-American Activities has located a key witness in its investigation of the Ku Klux Klan, a former klanman who "told all," a member of the committee said today. Charles L. Welter, D-Ga., disclosed that the onetime klanman gave the committee an inside look at the invisible empire at a five-hour secret session, this week. He will be very valuable in an interview he believed would get under way in the first or second week in October. Welter said the former klanman — whose identity has been shielded by the committee — said he had been a member of the Klan. "The Klan lives on violence," said Welter, "that's the purpose of the secrecy, to be violent." Welter said the committee will "expose the violence, so there won't be any question about it." But, he said, it will also concentrate on what he described as the "warfare between the Klan organizations for money and power and control. The Achilles heel of the Klan is finances — what they've done with it and what they haven't done with it." He said the "poor deluded folks" who have given money to the Klan in Montana, Iowa and special assessments "are going to be interested in what's happening to that money."

Red China's Action Hit By Goldberg

UNITED NATIONS, N.Y. (AP) — U.S. Ambassador Arthur J. Goldberg declared today the United States is trying to prevent South Viet Nam from becoming the first victim of Communist China's attempt at world domination. In a major policy speech to the 117-nation General Assembly, Goldberg unleashed a bitter attack on Communist China, accusing that country of seeking to change world order "by force and violence." He said Peking's present philosophy "can only lead to the most disastrous consequences for the entire world." As to U.S. actions in South Viet Nam, he said "We are helping to meet his challenge because we feel it must be met. And our goals in South Viet Nam are plain and simple. We seek only to insure the independence of Viet Nam, to free it from attack and opportunity for its people to determine their own future." He said the United States stands ready "to withdraw our forces when Communist aggression is ended and South Viet Nam is left alone to determine its own destiny in its own way by the principles of self-determination. "Above all, we seek a peaceful solution. We have repeatedly stated our willingness to enter into peaceful discussions, and I reaffirm that willingness here today." He said that the United States has asked U.N. members "individually and collectively to use their influence to bring about such discussions. We have asked each member of the Security Council and the secretary-general to help get such negotiations started." Goldberg declared that U.N. members, under the charter, share a common responsibility to demonstrate to those who use violence that violence does not pay. And we can also meet that responsibility by persuading the regimes of Hanoi and Peking to leave their neighbors alone. Goldberg opened his speech with a plea to India and Pakistan to reach a permanent peace settlement on the subcontinent, and an expression of gratification for their acceptance of the ceasefire order by the Security Council.

M. O. McVey At Age of 63

M. O. (Mort) McVey, 63, 864 Mountain View Drive, Twin Falls businessman, died Wednesday night at his home. He was born Aug. 2, 1902, at Hoxie, Kan. He was a member of the Methodist Church and Elk Lodge No. 137. Mr. McVey married Emma Oster Dec. 27, 1929, at Salt Lake City. He traveled for International Harvester before coming to Twin Falls, where he went into the farm implement business started by his father. He has been with McVey's, Inc., for the past 35 years. Surviving, besides his widow, are one sister, Mrs. Margaret Dakin, Twin Falls; a nephew, John Davis, Twin Falls; and a niece, Mrs. Henry Garn-Crescentia, Calif. His parents and a brother preceded him in death. Funeral services will be conducted at 11 a.m. Saturday in the Twin Falls First Methodist Church by Rev. Henry Garnhardt. Final rites will be held at Sunset Memorial Park. Friends may call at White Mortuary Chapel Friday and until 10 a.m. Saturday.

Chances Said Good in Atom Smasher Bid

BOISE (AP) — Denying "wild optimism," Gov. Robert E. Smylie said today he believes Idaho has as much chance of getting a \$300 million atom smasher as any of the other 84 bidders across the country. "We had quite a few competitors for the World Boy Scout jamboree," said Smylie, "but our class won the Bible." The World Jamboree will be held in Farragut State Park in Northern Idaho in 1967. The field of competitors for the atom smasher — a 200 billion volt proton accelerator that would be the world's largest — was narrowed to 85 from 128 two weeks ago by the Atomic Energy Commission. Smylie said Idaho's primary advantage is "cheap power and abundant water. A bill recently passed by Congress would clear the way for Bonneville Power Administration electricity to be supplied to the area." Idaho's bid is for a site on federal land near the National Reactor Testing Station near Arco. Smylie noted a nuclear physics program has been approved for Idaho State University in Pocatello and university officials intend to accelerate that program. Smylie also said at his morning news conference he would present his views favoring the proposed Wild Rivers Act to the Idaho Water Resources Board "if the opportunity presented itself."

NATIONAL WHIRLIGIG

By ANDREW TULLY
WASHINGTON — If it suits you, count autumn as a season when the prudent man will check the condition of his galoshes and see to his furnace; the citizen with a soul welcomes it for the bringing of good eating weather.

FOR ROASTS AND STEWS — The outside should be a golden brown, the fat brittle and crackling. Inside, the meat should be white, with no suggestion of pinkness; it should flake off the bone at the gentlest touch of the knife.

BEST ON WOOD STOVE — Or, baked beans will do splendidly. Soaked overnight, they should be hot and kept in the oven all day, a slat of self-pork-floating in the swamp of molasses, an onion cunningly concealed in the depths.

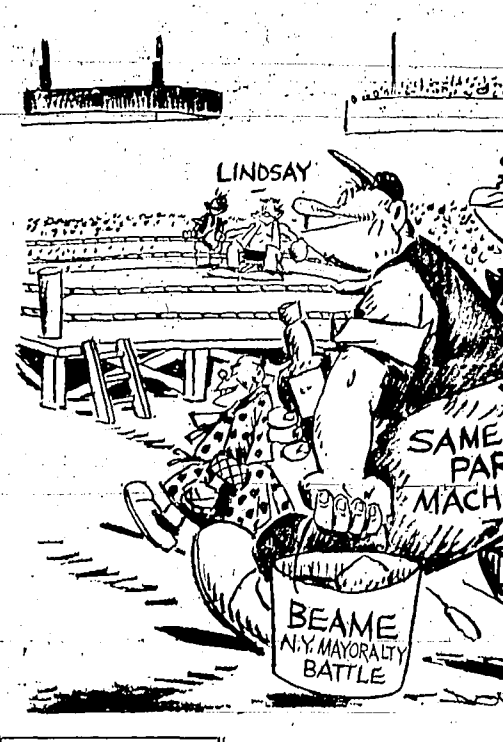

TO OTHERS, CONDOLENCES — Meanwhile, the season happily has passed for those mysterious cancerous dishes so frequently served up by the male has some influence, the guests will sit down to the majestic pot roast, caparioned with carrots and onions, or to the royal standing ribs.

Slow to Move

Quite often there's a reluctance to take action until long after it has become obvious a move is necessary.

I think this study will provide valuable information for the committee," says Schlechte. "Many of the current suggestions regarding organizational reorganization were researched at that time and the information obtained is as valid now as then."

The 1949 report recommended a withholding tax for collection of income tax, and Idaho has used the plan for several years.

Idaho taxpayers are entitled to ask what happened to the report back in 1949 and who was responsible for not paying more attention to a report that apparently still has considerable merit today.

NOT ALL ROXY

Only time will show how well those new color pictures will work on Idaho's license for drivers. No one knows yet how the photographs will stand up under the beating they'll take for three years.

Those color photographs haven't been required long enough yet for any comments on the sort of likeness that results. Presumably, the photo will bear a close resemblance to the subject, but if the color pictures develop a reputation like that of the infamous passport photograph, the idea may be worse than useless.

Girl, 16, to Be Tried as Adult in Case

FLAGSTAFF, Ariz. (AP) — Dixie Lee Radcliff will face trial with Donald Boggs, 23, on charges of murdering two men. Superior Court Judge Laurence T. Wren ruled for the second time Wednesday Miss Radcliff, 16, of Amesville, Ohio, must stand trial as an adult in the slaying of Robert Willis, 23, and John Johnson, 28, both of Newport, N. H., Sept. 7, near Ash Fork, Ariz.

The girl appeared for her second juvenile hearing because she did not have a lawyer when she was first ordered held. Jerry Smith, Coconino County attorney, now is expected to request, Oct. 7, grand jury indictment against Miss Radcliff and Boggs.

The Ohio girl's parents listened Wednesday to William Egan, her attorney, argued for the first phase of the project will be to replace the small mammal cages and put new ones near the base of the cliff in the park. She said the six new cages usually cost about \$500 apiece, but she hopes the first phase of the project will be to replace the small mammal cages and put new ones near the base of the cliff in the park. They turned back because they ran out of money. Arizona authorities say Boggs has admitted killing another man in Texas and Warren Leaker, a Brigham Young University student returning to school. Leaker's body was found in a car about 35 miles north of Cedar City.

Miss Radcliff has signed a written statement stating she had the same young University victims, and said Boggs, an ex-convict from Londonderry, Ohio, then shot them with a small-caliber weapon.

Sealab 2 Has To Postpone Dive Again

LA JOLIA, Calif. (AP) — A fouled line has caused the aquanauts in Sealab 2 to postpone their scheduled deep dive for the second time. The aquanauts left their capsule at 235 feet beneath the sea Wednesday on an excursion that could have taken them down to their safety limit of 266 feet. Their record to date is 234 feet.

But a kink developed in the airline to their depth gauge and they had to give it up for another day. Object of the deep dive is to recover a water station, a small climber, and a diver's oxygen rest and replenish their supply of breathing gas.

Visibility in the water around the Navy's underwater living project was the best it has been since the program started Aug. 20. The aquanauts said they could see 25 feet. The men are in good condition, according to two officials who paid them a short visit Wednesday.

Dr. George Bond, principal investigator, and Capt. Walter Maxzone, physiological control officer, swam down to the capsule and talked to the men for about 11 minutes. "They look much more healthy in person than they do in those shadowy pictures I see of them on the television," Bond said.

Pair Featured In New Zealand Newspaper Story

Rev. and Mrs. Roy Ferguson, 637 Borah Ave., were the subjects of a recent feature article in a New Zealand newspaper, the Wellington Evening Post.

What impressed the New Zealand reporter most about the Fergusons was that Mrs. Ferguson is a direct descendant of William (Buffalo Bill) Cody. Being a bit hazy on American history and folklore, they nicknamed him "Wild Bill" Cody.

The Fergusons are among a group of Americans in New Zealand on a Baptist, trans-Pacific crusade.

Union to Ask For Private Negotiations

HONOLULU (AP) — Harry Bridges, president of the International Long Shermen's and Warehousemen's Union, says he will ask President Johnson to stay out of next year's negotiations for dockworkers if the government attempts to mediate.

In a speech Wednesday at the Hawaii I.L.W.U.'s biennial convention, Bridges said "we don't want President Johnson coming around and expecting us to make a few sacrifices for Vietnam. It won't work. We don't want him to step into our negotiations."

Bridges, in an otherwise soft-toned speech, said his union considers itself expert at negotiations and asked it be left alone to do its job.

Council Will Debate Many Church Issues

VATICAN CITY (AP)—Small as well as major issues will come under the Vatican Council's scrutiny during its debate on the church in the modern world. It was learned today.

At the 2,500 Roman Catholic prelates of the council went into a third day of debate on the general lines of the document, some of the marginal issues it treats became known.

Major questions like birth control, nuclear warfare and world peace have gained all the attention since the document was first brought into St. Peter's basilica last October.

But the document does not overlook the minor actions that form a mosaic picture of morals — the speeding motorist who jeopardizes the lives of others, the tax dodger who lets fellow citizens carry an excessive burden, the violator of public hygiene who makes a nuisance of his neighborhood's health.

Some sections of the 30,000-word text have leaked out although the document is still secret.

As for the definition of who is one's neighbor, answered by Christ in the Gospel account of the Good Samaritan, the council schema gives the idea modern dress in this way:

"Our neighbor is the old man forgotten by everyone, the foreign worker without reason, the illegitimate child who unjustly bears the weight of a misdeed that the child itself did not commit, the hungry who appear unexpectedly on the television screen awakening our sleeping conscience."

GMC Lowers Auto Price About \$72

DETROIT (AP) — A \$72 "average reduction" in auto prices announced by General Motors Corp. in the wake of a Chrysler Corp. price increase has observers wondering what the trend in 1966 will be.

G.M., largest of the car makers, announced Wednesday a price cut ranging from \$52 to \$134 on lines of new 1966 cars. GM said this averaged out to \$72 on all its cars.

The reduction figures compare 1966 prices with the prices used for 1965 autos before this year's federal excise tax cut took effect. If compared with 65 prices after the tax decrease, the differences would be considerably less.

The GM statement followed by 48 hours the price increase announced by Chrysler.

It has not been made clear to what extent Chrysler's cost reflected the costs of additional car safety equipment, now standard in the industry. Chrysler's increases ranged from \$19 to \$84.

The new car price announcements come as the government watches carefully in view of the auto industry's impact on the national economy.

New 1966 cars will start showing up in showrooms of the nation's thousands of car dealers within the next two weeks.

Ford, another of the industry's big three, has yet to act on new prices. Ford may decrease itself in a day or two.

The industry, which enjoyed its greatest boom year in the production and sale of 1965 model cars, anticipates the 1966 car also will be a bellringer.

Practice of Doing Good Turn Daily Is Way of Life for Boys in Scouting

The Boy Scouts of America motto, "Do a good turn daily," has been subjected to a lot of kidding, but to many young men in the scouting program this is a way of life, states Robert A. Erkins, president of the Snake River Area Council.

The Scouting program is supported by the United Fund. Erkins said an opportunity for a spectacular good turn does not come every day, but most

Buhl Citizens Eye Problem About Water

BUHL—A delegation of citizens yesterday met with the Buhl city council Tuesday evening in an informal session to discuss the discontinuation of water service to residents in that area.

Earlier this month residents received official notice that water service to users residing east of Buhl on Highway 30 will be discontinued Nov. 1. The notice explained that the present water line is badly worn and is beyond repair and it is questionable if the city council can use city funds with which to replace the water line.

The notice also pointed out that the city has no funds available at the present time which could be used to replace the water line. It is noted residents are faced with the problem of digging their own wells, replacing the worn water line, or making other arrangements for water service.

After the discussion, the delegation selected a five-man committee composed of Richard Love, Andy Anderson, Donald Dietz, Benny Benson and Theodor Ranigen. The committee will represent the residents at future meetings with the city council to see how the problem can be resolved.

Scouts or Explorers are willing to lend a helping hand when needed. Recently the Scout office received a letter that emphasizes the point.

"The good turn daily motto may be old, but it's not a thing of the past.

"Cubs, Scouts and Explorers throughout the council practice it daily," Erkins added.

Erkins urged everyone to help support the scouting program by supporting the United Fund. The Snake River Area Council is an agency of United Fund.

Through this slogan of scouting, "Do a good turn daily," young men learn the ideals of scouting, citizenship training, character building and physical fitness.

Church Survey Is Made at Buhl

BUHL—The Buhl Ministerial Association, in cooperation with the local public schools, is conducting a survey this week in the schools of church preference of the school age children from the second grade on up.

Students are invited to fill out a card indicating which church they attend or which they prefer.

Purpose of the voluntary survey, according to Rev. Dale K. Olson, president of the Ministerial Association, is to provide information for the churches and to assist them in providing for the Christian education needs for the whole Buhl community.

All children and young people of the community are urged to attend regularly the church and church school of their choice, he said.

Actor's Son Dies From Shot Wound

WEST LOS ANGELES, Calif. (UPI) — Screen star Charles Boyer's only son, Michael, 21, died of a self-inflicted gunshot wound at his home early today, police reported.

Detectives who said the young man "had a record of doing funny things with guns," were unable to say immediately whether the shooting was accidental.

Officers said Boyer's girl friend, Marilyn Campbell, 22, was with him in the den when the shooting occurred but had her back turned. Boyer's roommate, John Kirsh, 22, was in another room watching television.

According to police, Miss Campbell had told Boyer earlier in the evening that she was breaking off their romance. He had threatened to kill himself and had held a .38-caliber snubnose revolver in his hand.

Community Day Discussed At UCW Parley

Mrs. Bert Larson stated this special day of ecumenical worship will be held Nov. 5 at 2 p.m. in the Episcopal Church of the Ascension. The theme is "Lait's Mission in World Affairs."

The offering will be used to support a training program for the women of Chile and other projects in South America. Special sewing kits containing scissors, needles, pins, buttons, hooks and thread, as well as remnants of material and yarn, are requested from all participating church groups.

Seven churches were represented at the meet. Mrs. B. F. Wason led the opening worship service. Mrs. Golda Ewing gave the welfare report and asked for contributions to this fund. She also read excerpts from a letter regarding a World Order Study Conference, held in Denver, Colo., for Oct. 20 in St. Louis, Mo.

Mrs. Rodney Turner gave a report of the Migrant Children's School conducted at the Twin Falls Labor Camp. Mrs. Charles Sloan reported on the Sewing Room which was open longer than the school.

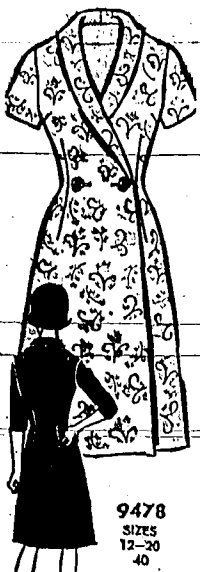

Mrs. Richard Barton, president, gave a report on the activities of the board meeting of UCW of Idaho which met in Boise. Three women from Twin Falls attended.

The annual meeting for all councils of UCW in Idaho will be held Feb. 14 through 18 in Twin Falls. Two representatives from Idaho are planning to attend a national training seminar in October in New York.

Mrs. Hayes distributed literature on "Sales Tax for Education." Volunteers to aid elementary students with reading were requested to contact the YWCA. A study of the United Nations was discussed and literature on UNICEF was distributed.

Youth groups in cooperative churches will be asked to participate in a Halloween Fun Drive. The meeting concluded with a filmstrip, "Trick-or-Treat for UNICEF."

Theme Given For Rupert Workshop

RUPERT—Parents are the "Key" was the theme for the annual Minidoka county PTA workshop held Monday evening in the Minico high school.

Camden Meyer, county superintendent, emphasized the tremendous growth in the field of education during the past few years and pointed out "we cannot envision the changes which will come about in the next 20 years."

He stressed the importance of parents being close to the school and their children, pointing out the trend of parents is to be deeply concerned with the schooling of children in the primary grades, and becoming more concerned as they relate to junior high and high school levels. Meyer urged parents to be more aware of the educational needs of students in high school.

"Parents have the responsibility of providing opportunities for their children either in education or vocational training," Meyer said.

Ed Topf, county PTA council president, conducted the meeting and Mrs. Margaret Bockwith conducted community singing. L. M. Whitaker gave the invocation.

Workshops and Delegates to State Conventions

Mrs. Harlow Cheney, district PTA president, emphasized that PTA funds should be used for PTA purposes such as sending delegates to both district and state conventions.

She urged all units to purchase the PTA magazine for executive officers with PTA funds. She pointed out that the magazine has articles by outstanding authorities on educational and juvenile subjects.

She urged program chairman to use PTA objectives and material in presenting programs at the various units. She stressed the need for a legislative meeting in October. Delegates can be instructed on voting procedures for the county group, when they attend state convention.

Workshops and Delegates to State Conventions

Workshops departments and those conducting included president, vice-presidents and principals, Ed Topf, Mrs. Wanda Sillin and Mrs. John Wise.

Secretaries department conducted by Mrs. Merlin Kay and Mrs. Vernon Walquist; treasurer, Mrs. Elmore Kocher; members, Mrs. A. D. Dahlen, program, Mrs. Cheney; publicity, Mrs. Larry Drake; historian, Mrs. Ruth Weble; national PTA publications and magazine, Mrs. Blaine Hodges, and hospitality, Mrs. Richard Ascherat.

A social hour was held after the workshop with the Paul schools as hostess unit.

COMBINE RESTS on its side Wednesday afternoon after it tumbled over into a ditch parallel to Chubb Road, two and one-half miles south of Kimberly. Owner of the combine, Delbert Clamplitt, Route 2, Kimberly, stated that he was driving south on the road with the right rear wheel on the shoulder. The wheel went into the ditch and Clamplitt barely had time to jump from the machine before it overturned. Twin Falls County Deputy Sheriff Paul Corder investigated. (Times-News photo)

Sales Tax Foes Consider Fate of State Finances If They Get Repeal

By **RICHARD CHARNOCK**
United Press International
BOISE (UPI)—Sales tax foes are beginning to show concern about what will happen to state finances if they are successful in getting the levy repealed next year.

Evidence of this concern came in the form of a letter to Gov. Robert E. Smylie this week from State Sen. Harold Collett, D-Elmore.

Collett, who voted against the controversial levy when it came before the Senate last winter, wants Smylie to include state

Pigeons have been perching on the air conditioner and on window ledges.

Officials have caught 200 pigeons in wire traps this summer.

The birds have been turned over to citizens who have pigeon lofts.

2 Charged in Escape of George Lemay

MIAMI, Fla. (AP)—Police have charged two men with aiding the escape of George Lemay while he was in the custody of the Miami Police. Lemay, 39, one of the most searched-for men in the Western Hemisphere, is accused of murdering a spectacular bank burglar in Montreal.

Sources in the Bahamas said two U.S. officials, one of them with the Immigration Department, arrived in Nassau to help in the search.

"We think that Lemay is out of the country and that his wife is with him," said the county sheriff T. A. Buchanan in Miami.

Earl Mixon, 31, a deputy sheriff until about a year ago, and Harold D. Algar, 27, were charged with helping Lemay escape. Algar was fined on \$2,500 bond. Mixon was fined on \$2,500 bond.

Buchanan claimed that Mixon and Lemay's attractive wife, Lisa, 29, planned the escape "from the outside." The sheriff accused Algar, a security officer at the Dade County jail, as being the inside man.

Buchanan said \$35,000 was offered as the price for liberating Lemay, who scrambled 90 feet down a cable Tuesday night from the seventh floor of the jail.

Lemay was arrested last May aboard a yacht he kept at Fort Lauderdale. He was identified from a wanted poster seen on the Early Bird satellite television program.

Mission Sunday Set by Church

PAUL—Members of the Paul Congregational Church will emphasize missions at three scheduled services Sunday, reports Rev. Edwin E. Huber, pastor.

Rev. Edward Grauman, Portland, area superintendent of the denomination, will be guest speaker. Junior and chancel choirs of the local church will worship during the day and a fellowship meal will be held at noon.

Boxes Added

HAILEY—Grant Patterson, Hailey postmaster, said Thursday a section of 80 new boxes has been installed in the post office. A partition was moved back to make room for them.

"There were some 500 boxes prior to installation of the new ones."

No Washing

BALTIMORE, Md. (AP)—Prisoners at the Baltimore County Jail in suburban Towson have been ordered to quit washing their own clothing.

Warden Stanley J. Fowler Jr. said wet clothing hanging over cell bars made the jail look "like a Chinese laundry." He told prisoners to send their clothes to the jail laundry or send them home with visiting friends.

Bruins to Dedicate New Field, Host Jerome in Friday Football Feature

Twin Falls dedicates a new stadium—and tries to win its first game along the way—and the eight-man Snake River Conference provides the first "crucial" test of the yet-young football season this week-end. School and city officials will help the athletic department get the new 4,000-seat Bruin Stadium in operation with dedication ceremonies at 7:30 p.m. Friday. Then they'll turn it over to the coaching staff and players who will try to make a big night of it by beating the Jerome Tigers at 8 p.m.

Bragan Is Rehired As Braves' Manager

MILWAUKEE, Wis. (AP) — Outspoken Bobby Bragan was rehired Wednesday as manager of the Braves only hours before the team was scheduled to close out its lame-duck season in Milwaukee. The announcement from team President John McHale that Bragan was given a new contract came as no surprise.

Pirates Turn Errors Into Win Over N.Y.

PITTSBURGH (AP) — The Pittsburgh Pirates took advantage of three New York errors in the fifth inning Wednesday night and scored four unearned runs en route to a 6-2 victory over the Mets.

First baseman Ed Kranepool bobbled pitcher Bob Friend's grounder for the first Mot error. Then, with two outs, the Pirates loaded the bases on a passed ball walk and Roberto Clemente's single.

Angels Sweep Twin Bill From Boston

LOS ANGELES (AP) — The California Angels celebrated the end of their five-year stay in Los Angeles by sweeping a doubleheader from the Boston Red Sox 10-1 and 2-0 in their final appearance at Chavez Ravine Wednesday night.

George Brunet, now 9-11, pitched a two-hitter for the victory in the nightcap after the Angels had backed Dean Chance's bid for his 15th victory with a season-high of 10 hits in the opener.

Orioles Keep Twins From Taking Flag

MINNEAPOLIS — ST. PAUL (AP) — Jerry Adair drove in four runs with a homer and double Wednesday, leading Baltimore to a 5-2 victory over Minnesota and once again delaying the Twins' rush to the American League pennant.

Minnesota's magic number for clinching the flag remained at three as the Orioles swept the two-game series and pinned a third straight loss on the Twins.

Any combination of Minnesota victories and Baltimore losses adding to three gives the "twins" pennant.

The Orioles tied off against Twins starter Jim Kaat, now 16-11, for eight hits in the first 4 1/2 innings.

Chicago Nips Detroit in Eighth Inning

DETROIT (AP) — Gene Freese's sacrifice fly in the eighth inning scored Al Weis with the winning run in the Chicago White Sox's 2-1 victory over Detroit Wednesday night.

Weis was running for pinch-hitter Dick Kenworthy, who was hit by a pitch leading off the inning. Weis went to second on a passed ball and reached third on Mickey Lolich's wild pickoff.

Cleveland Cops 4-3 Win Over Yankees

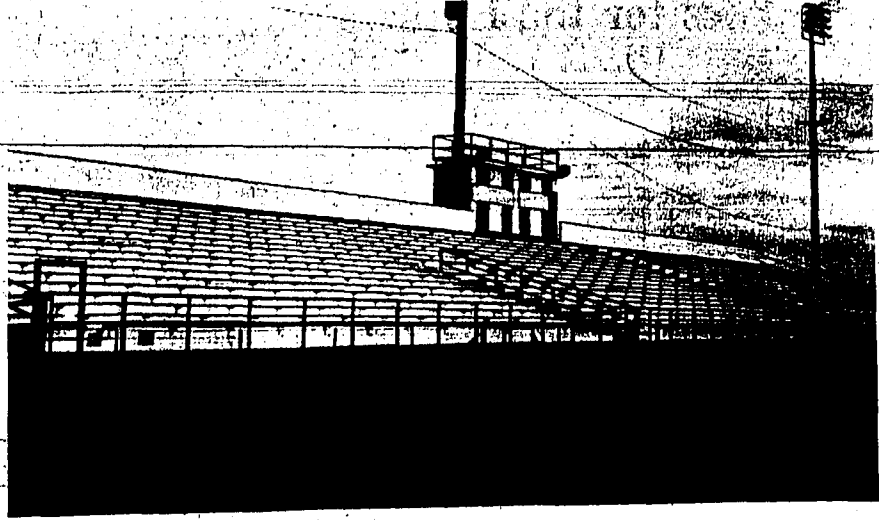

NEW YORK (AP) — Fred Whitfield's three-run homer and a bases-loaded walk to Leon Wagner gave Cleveland four seventh-inning runs and carried the Indians over the New York Yankees Wednesday, 4-3.

Solons Sweep Past A's in 8-2 Victory

KANSAS CITY (AP) — Jim King smashed a three-run homer and drove in four runs Wednesday night, leading the Washington Senators to an 8-2 victory over Kansas City.

The A's, treating the game as if it were an exhibition, announced they would use three rookie pitchers. They wound up using a total of six hurlers.

NAMED BACK OF WEEK NEW YORK (AP) — Billy Stevens, a Texas Western sophomore from Galveston, Tex., who set a football record by passing for 500 yards in Saturday night's opener, has been named Back of the Week by The Associated Press.

SET FOR DEDICATION Friday night is the new Bruin Stadium at Twin Falls high school. The bleachers, pictured, will hold 3,000 fans and coupled with those on the other side give the stadium a 4,150 seating capacity. The best lighted field in the state is a monument to cooperation among the school district, sports fans and the Twin Falls club. The Bruins will host the Jerome Tigers in the first game Friday with ceremonies to start at 7:30 p.m. (Times-News photo)

Red Homers Rout Giants And Marichal

CINCINNATI (AP) — The Cincinnati Reds knocked out Juan Marichal with a barrage of homers Wednesday night as they kept their pennant hopes alive with a 7-1 rout of the National League-leading San Francisco Giants.

Sammy Ellis posted his 21st victory, holding San Francisco to six hits, in helping the three-place Reds pull to within 3 1/2 games of the Giants.

John Edwards and Leo Cardenas hit consecutive homers in the fifth inning and Frank Robinson led it with a three-run homer in the sixth that sent Marichal to the showers. The Giant ace now is 22-12.

The victory was Cincinnati's second in a row in the three-game set with San Francisco, the Reds' final home series of the season. The Giants had won 16 of 17 games coming into Crosley Field.

Cincinnati picked up its first run in the fourth without a hit. Tommy Harper opened with a walk, stole second, and came the rest of the way when Tom Haller's throw to second was wild and got away from Willie Mays in center field.

Rookie Hurlers Cards Past Astros 4-1

ST. LOUIS (AP) — Rookie Larry Jaster pitched a four-hitter in his first major league start and Curt Flood hit two home runs as the St. Louis Cardinals downed the Houston Astros 4-1 Wednesday night.

Flood belted his first home run with Bob Tolson aboard on a single in the first inning and followed with his 11th in the seventh.

The Astros scored their only run in the ninth when Jim Wynn, who had walked twice previously, led off with a double and bases-loaded walk to Leon Wagner gave Cleveland four seventh-inning runs and carried the Indians over the New York Yankees Wednesday, 4-3.

Vandals 'Polish' For San Jose

MOSCOW, Idaho (AP) — The Idaho Vandals "rehabbed" some rough spots and put a little "polish" on their attack in a workout Wednesday as they prepared for a Saturday invasion by the San Jose State Spartans.

"We've got our game plans all laid out now," said Head Coach Steve Musseau. "We covered some of the finer points of the Spartan offense and defense today. There's only so much you can do without actually meeting your opponent. However, I think we got down to more of the business at hand today."

Thursday's workout, said Musseau, "will be more of the same—practice, rehash and polish."

Dodgers Nip Braves, Cut League Lead

MILWAUKEE (AP) — Los Angeles Dodgers climbed within two games of the National League pennant Wednesday night, edging Milwaukee 13-11 in the 11th inning after the Braves stole second base for the third time in the first game scored on Lou Johnson's single.

The Dodgers' sixth victory, in this last game scheduled to be played Milwaukee, cut another game off San Francisco's league lead. The Giants lead Cincinnati 7-1.

Willis beat out a hunt down third-base line with one out in the 11th and proceeded to second—his 15th theft of season. Jim Gilliam was intentionally walked, and later, Johnson singled to tie the game.

The Braves had jumped Dodgers' ace Sandy Kousser to his successor, Howie Reed, their home run bats, butting 6-1 lead in the first three innings before an embattled farewelled crowd of 12,877.

Koufex, Reed (37, 100), Miller (11), Tom Roseboro (8), Blasingame Dell (5), Osinski (7), (9), Olivo (10), Kelley (11), Torre, W.—Perranoski (34), Olivo (0-1).

Home runs—Los Angeles (12)—Milwaukee (3), (7), Jones (2), Oliver (1).

Top Professionals, Full Amateur Field Loom for 1965 Cactus Pete's Open

With opening round action still a week away, the second Annual Cactus Pete's Open golf tournament boasts a full amateur field and 95 professionals. Tournament Chairman Paul Bull reports the professional field has climbed to within 25 of the allotted 120 and verbal commitments have been received from about 35 of all depends on who gets their money into the tournament committee first.

ALMON RESERVOIR, with its long shoreline and largely accessible area, may soon become Twin Falls County's biggest recreational area outside of Snake River. The Bureau of Land Management, under its new multiple use system, has reserved the site for recreational purposes and will be the major reason if the reservoir is brought to its full potential. With new roads and campgrounds built, the reservoir is a recreational boon to hunters, fishermen, boaters and skiers.

Almon Lake Recreational Potential to Be Tapped

Almon Falls Reservoir, long known as a fishing spot for Magic Valley residents, is almost entirely surrounded by Bureau of Land Management land. It has been designated a prime recreational area and is one of Idaho's few reservoirs that isn't threatened by encroachment of private land. Now it appears the BLM is taking over in a big way under its new multiple use system, similar to the plan that has worked so successfully for the Forest Service in years past. The Almon Reservoir area falls under the jurisdiction of

the second Annual Cactus Pete's Open golf tournament boasts a full amateur field and 95 professionals. Tournament Chairman Paul Bull reports the professional field has climbed to within 25 of the allotted 120 and verbal commitments have been received from about 35 of all depends on who gets their money into the tournament committee first.

The honey drawing the bees is the \$10,000 purse underwritten by Cactus Pete's, Jackpot, Nev., and that figure makes it the biggest event ever offered in Idaho. Entries have been received from all the Western states plus Texas, Minnesota, South Dakota and a number of the second echelon tour players who would probably boost the total number of states represented to 25.

"This thing is really mushrooming on us," said host professional Clyde Thomsen, 47, thought perhaps our original aim of 100 professionals was just within the realistic limit. Now it appears we're going to have to turn some away."

Bull, who hailed the affair as a \$5,000 version of the Idaho Open last year, beams over the talent. "We have some great players," he notes. "They aren't known to many of the fans now but in a few years they'll be the tour figures. Right now we have about 12 men who are in the tier just behind the Palmers and Nicklauses—the ones who have to qualify for every PGA event... the ones who need nothing more than a little experience to start taking the big prizes. They remind me of Tony Lema when he played in the Idaho Open here several years ago. Nobody had heard of him then, but within three years he was very prominent."

Such talk makes it plain that defending champion Tom Illjeholm, Portland, may have trouble repeating. He won the title over Bob Adamson, formerly of Rupert, in a sudden death playoff. Back with Adamson are the men who rounded out the top five, Willie Barber, California; Chick Evans, Salt Lake City, and Ernie Schneider Jr., Ogden.

Known names to the area are Cliff Whittle, former M.H.V. course pro and now head man at Scottsdale, Ariz., Country Club, Whittle won the Idaho Open this summer. He joins Bob Duden, Portland, a Northwest favorite no matter where he plays. Coming off the tour are Babe Hickey, Pocatello, and Ken Still, Tacoma, rated one of the bright young stars on the PGA horizon.

"We've got more like Steve Spray (Iowa), Jim Ferrill (Kentucky), Yvan Cacha (California), Nick Nocke (Portland), Joe Kichlor, Jim Hornbuckle, Don Varnier, Wright Garrett and a dozen more," says Bull. "As I said, those names don't mean much now, but wait a few years."

The tournament will open with a pro-am divided between Blue Lakes Country Club and the Municipal course. It originally all was slated for the country club but the field appears headed for more than 250 players and the nine-hole course couldn't handle that number in one day. The championships will be decided over the next four days with Cactus Pete's providing free smorgasbords for the field Thursday through Saturday nights. A special events program is planned for Thursday evening.

The top 30 in the professional flight will divide the \$10,000 while the amateurs will spend their \$1,600 in merchandise prizes among 14 players. Last money of \$50 will be paid each day and \$500 awaits the first contestant to make a hole-in-one. The field will be cut to the low 60 professionals and ties for the final 18 holes Oct. 3.

Booklet Explains Wildlife Career

BOISE (AP)—A booklet titled "Careers in Wildlife Conservation" was recommended by the Idaho Fish and Game Department Tuesday for attention interested in wildlife biology, game management and a variety of related fields.

"There is no attempt to glamorize the field," said Fish and Game Director John R. Woodworth. "He said the booklet notes the work is hard, and while salaries will permit a man to live comfortably, he will never grow rich in wildlife biology."

Woodworth said qualifications for a wide range of conservation positions are listed. He said the booklet may be obtained from the conservation department, Olin Mathieson Chemical Corp., East Alton, Ill. the Burley BLM office where supervisor Jack Wilson has given every encouragement and whatever help he possibly could since the area was not included under the current fiscal budget. Wilson now reports he has asked additional funds to continue the development of Salmon Reservoir. If this money is made available to his office, the Almon Reservoir area may become a pioneer example of BLM multiple use to the benefit of Magic Valley hunters, fishermen, water skiers and boaters.

Study Planned on Salmon Run Plight

PORTLAND (AP)—Pacific Northwest fish officials decided Wednesday to try to find out by next year what is causing the failure of some fish runs in the Columbia River. "A disaster has been and is occurring in the upper Columbia River system," said J. R. Woodworth, director of the Idaho Fish and Game Department, and chairman of the Pacific Salmon Inter-Agency Council.

Woodworth noted that fishing for the summer Chinook run was banned on the entire Columbia system, and that for the first time in history there was no fishing for salmon in Idaho this year. The closures were made because of low fish counts in the upper Columbia system. Technicians will meet in Portland Sept. 29 to draw up plans and try to determine costs of the project. The council also voted for a program to put Pacific Coast salmon and steelhead statistics through a computer program to help regulate the resource and predict the size of runs.

START TRAINING NEW YORK (AP)—Frank (Tug) McGraw and Jim Bethke, a pair of young pitchers with the New York Mets of the National League, will start a 10-week Marine Reserve boot training session at Parris Island, S.C., Thursday.

Steelhead Await Idaho Anglers in Salmon River

SUNBEAM—Steelhead are in the Salmon River but there aren't any fishermen around to catch them. "That sums up the situation around Sunbeam Dam according to Sunbeam Store proprietor Van Renselar. "So far I know definitely of four being caught. I've heard about others but I don't really know for certain about them. Two have come out of the pool here (below Sunbeam Dam), both of them caught by that fellow from Ogden (Jesse A. Varington). The other two I've seen were caught in the 'tree hole' about three-quarters of a mile below here," Renselar said.

Weather has improved to the point where Renselar called Wednesday "pretty hot." "We're getting some ice in the mornings now but it's been shirtsleeve weather today (Wednesday)," he said. Steelhead after the only andrymon targets for Idaho fishermen this year since the salmon season was closed due to a small run. However, the Idaho Fish and Game Department expects a record run of steelhead. The run generally peaks in the Stanley flush area in October. Some 120,000 are expected this year against 80,000 usually.
