

Goldwater Urges Family Life for Bright Future

A plea for a return to family living as the only assurance of a bright future was voiced here Monday night by Barry Goldwater. Goldwater, Republican presidential candidate in the last election, was the featured speaker at the Snake River Area Boy Scout Council's annual Cabaret Internationale. He prefaced his remarks about today's youth with the comment that too much time is being spent bemoaning the fact that

two or three per cent of today's youth are delinquent. Not enough time, he declared, is being spent declaring about the 97 per cent that are going to be a credit to the country. Why the small percentage is being bled, he insisted, can be traced directly back to the family. "Under what would happen," he mused, "if all of the committee work that you men and women are engaged in stopped and you spent that time instead working with your children? Teachers today are taking more responsibility of teaching children things they should have been taught in the family—because they have to," Goldwater said. The things that are prized in America's great leaders, he asserted, are developed by the family. GOLDWATER, Pg. 2, Col. 4

Gemini 6 Target Date Set Oct. 25

SPACE CENTER, Houston, Tex. (AP)—Officials were confident today of meeting an Oct. 25 target date for launching Gemini 6, the country's next manned space flight. A Manned Spacecraft Center spokesman said a machinist's problem Monday at Cape Kennedy would not delay the launching. Capt. Walter M. Schirra, Jr., Air Force Major, James P. Stafford, the astronaut team picked for the two-week mission, started two weeks of rehearsals at Cape Kennedy in preparation for the flight. At the space center, flight controllers from around the world began training. Gemini will attempt to execute a space rendezvous and docking maneuver of an Agena spacecraft and the Gemini spacecraft.

Gov. Smylie Optimistic on GOP Chances

DEVER (AP) — Chairman of the Republican Governors Association, Robert E. Smylie, today predicted today Republicans will take back control of state capitols and legislatures in the 1968 election. "The ingredients for some winning and substantial gains are there," Smylie said in an interview while in Denver at a seven-state conference. "The ingredients for some winning and substantial gains are there," Smylie said in an interview while in Denver at a seven-state conference. "The ingredients for some winning and substantial gains are there," Smylie said in an interview while in Denver at a seven-state conference.

Benefits for Retired Raised

WASHINGTON (AP) — President Johnson signed today legislation increasing the annuities of retired government workers covered by the new Social Security system and their survivors. The increase will amount to \$103 million a year. The increased payments will be reflected in January checks.

Nations Favor Meet to Change International Monetary System

WASHINGTON (AP) — Ten nations announced agreement today on the first step to a world conference on monetary changes in the international monetary system. The nations instructed their delegates to study the need for additional money and credit and to report next spring. Director Pierre-Paul Kuczynski of the International Monetary Fund will chair the discussions. Industrialized nations, including the U.S., and several other countries on the one hand, and France and

CHATTING AFTER DINNER at the Snake River Area Boy Scout Council's Cabaret Internationale are, from left, Mr. Robert Erkin, Barry Goldwater and Dr. Joseph W. Marshall. Approximately 350 persons attended the event. Goldwater was the featured speaker at the annual event, which also featured Jack Elinkletter as master of ceremonies. (Times-News photo)

Pakistan Makes Proposal to U. N.

UNITED NATIONS, N.Y. (AP)—Pakistan proposed today that both India and Pakistan withdraw their military forces from disputed Kashmir and that a U.N. force take over pending a plebiscite to determine the territory's future. The proposal was made to the U.N. General Assembly in a speech by Pakistan's Foreign Minister Z. A. Bhutto, who warned that the situation remains grave despite the U.N. cease-fire. "A cease-fire and its observation," he said, "do not amount to peace. What is needed is firm action to eradicate the incentives to violence and fighting. What is needed is action to remove the seeds of war."

Enrollment at CSI Is 552, Board Told

Final enrollment figures for the College of Southern Idaho were released Monday night during a regular meeting of the board of trustees. Dr. James L. Taylor, college president, reported a total enrollment for the college's first semester of 552 students in academic and vocational classes. An exact breakdown of numbers of students from each county in the district was not completed since 38 special students have registered since the last report of this kind was tabulated. Dr. Taylor said, however, that most of these 38 special students were from Twin Falls County. Added to this number 377 students from Twin Falls County are enrolled at the college. Final registration was completed Tuesday, with Jerome County showing an enrollment of 47. Gooding and Minidoka Counties each have 14 students registered, with Lincoln County having 13 students enrolled. Blaine County has five students registered and Cassin County four. Out-of-area counties have a total of five students enrolled. Other area counties which do not have students enrolled for the first semester are Camas, Owyhee and Elmore. Portions of the latter two counties are included in the junior college area. Of the 552 students enrolled 269 are freshmen and 59 sophomores in the academic program. There are 269 freshmen and 59 sophomores in the academic program. There are 269 freshmen and 59 sophomores in the academic program.

Lobbying Rages on Union Shop

WASHINGTON (AP) — A fierce lobbying contest is raging behind the scenes as a Senate showdown nears the federal provision authorizing state bans on the union shop. It pits a lobbying task force from the AFL-CIO against the forces of the National Right to Work Committee. Men on both sides of the struggle described their efforts at persuasion in interviews. Without revealing a nose count, labor claims a Senate majority is prepared to vote for repeal of the provision, Section 14(b) of the Taft-Hartley Act. But Albert J. Zack, public relations director for the AFL-CIO, conceded the total fall short of the two-thirds it would take to quash a threatened Senate filibuster. Edward K. Nellor, the Right to Work Committee's chief lobbyist, claims neither side has the votes at this point. The tool at hand for Nellor's forces now is the filibuster which Senate Republican Leader Everett M. Dirksen said he will lead.

Plans Listed as Ranch Head Quits

RUPERT — New operational plans for the Idaho Youth Ranch were reported Tuesday following the resignation of Supt. J. R. Crowe. It was announced Monday that the board of directors had asked for and accepted his resignation because, according to Thomas Mahan, Jerome, chairman, Crowe found it "increasingly difficult to operate in the framework of the organization and accept authority and direction from the board of directors." John McCollum, director of the boys' program at the ranch, said Tuesday there will be no changes, administrative-wise, at the ranch, but that department heads have assumed full responsibility for their own department. All department heads will be working under the executive committee of the board of directors. Mr. and Mrs. T. A. Davis, who came here from Colorado about three months ago, have replaced Mr. and Mrs. Crowe as house parents in the temporary wood-frame building. A retired carpenter, Davis plans to start classes in woodworking and will take over plant management, including upkeep of the buildings. The Davises took over as house parents when the Crowes moved from the ranch into Rupert several weeks ago. Charles Raab, who had been ranch supervisor in charge of farming operations, resigned several weeks ago also. McCollum said he was unaware of the reasons and thought there was some feeling that something was wrong; they were too busy here. See CROWE, Pg. 2, Col. 5

Hearing for 3 Men Starts in Burley

BURLEY—Preliminary hearing started Tuesday in Cassin County Probate Court here for three men charged with first degree murder in the death of Augustin Ramirez, foreman for Callan Phillips, Paul rancher. Appearing before Judge Vern Carter are Ramon Cazarez, Juan R. Ruiz and Alvin M. Hana. They are represented by Norman Nelson, Thomas A. Church and Dean Kloepper, all Burley attorneys. The state is represented by Peter Snow, assistant prosecuting attorney. Mrs. William Hanes is serving as interpreter during the hearing. Three witnesses, all of whom were at the scene of the crime, gave details of the killing. Mr. Ramirez was pronounced dead upon arrival at Cassin Memorial Hospital here after the incident on 12:35 a.m. Sept. 12 in front of the Rancho Benito Tavern. The hearing was scheduled to resume Tuesday afternoon.

Ike Denies Chiang Kai-shek Overthrow Claim

WASHINGTON (AP) — Former President Dwight D. Eisenhower has been quoted as branding as "an absolute lie" the claim of a defunct Chinese Nationalist official that the United States wanted President Chiang Kai-shek overthrown in 1955. Chiang Kai-shek, Nationalist Chinese defense minister and eldest son of President Chiang, called it "nothing but psychological warfare." He said Eisenhower had authorized him to deny it over the phone. The charge was made in Peking Sunday by Li Tsung Jan, former Chinese Nationalist vice president who lived in this country from 1948 until he moved to Communist China earlier this year.

11 Killed in Taal Volcano Eruption

MANILA (AP) — The Taal Volcano erupted today and veiled in smoke and flame the fate of about 2,000 islanders who farmed on and around its gentle slopes. The Philippine constabulary said 11 persons were known dead. Intense heat barred rescue boats from landing on the 12.5-square-mile island centered around the volcano. Lava, ash and steaming mud covered more than half of the island, a scenic beauty spot on the tip of Luzon, 40 miles south of Manila. "I don't know when we can get in," said a constabulary officer at Batangas, the provincial capital. "We have four motorboats ready." The eruption was Taal's 19th in recorded history. The 18th, in 1911, is reported to have killed 1,335 people. The exact toll, however, never became known. It has been estimated by the World Almanac, an authoritative reference work, as 3,000. Taal came to life again at 2:30 a.m. with an earth-shattering roar. A column of flames and smoke, steam and lava spewed 15,000 feet into the air. A hundred of houses on the island were known to have made it to safety across the lake. Others were reported to have drowned in boats that capsized as they frantically tried to reach shore. A section of the island which appeared from the air to be relatively untouched. However, a plane which managed to fly low over the island today reported no signs of life. Between 4,000 and 7,000 refugees were being cared for in camps set up along Linau Ridge, which borders the inland lake. But most of these were from areas surrounding the lake. By late afternoon the periodic blasts from the volcano appeared to be subsiding. However, authorities said it was still far too dangerous to send boats from the outer shores of Lake Taal to determine the fate of the islanders.

Newspaper Dispute Sees Progress

NEW YORK (AP) — Progress was reported today on one of two fronts in New York's 13-day-old newspaper dispute, but there was no indication of a break in the deadlock on the other front. Mediator Theodore W. Kheel said "a specific proposal is on the table" on job security in talks between the AFL-CIO Mailers Union and the Publishers Association in New York. The mailers president, Thomas Lauria, said the union had accepted the proposal and was "waiting on the publishers." Association President John J. Galerin had no comment as the talks recessed early today. Negotiations between the AFL-CIO New York Newspaper Guild and the New York Times recessed with little apparent progress. Both sets of negotiations resume late in the morning. Kheel described job security as the central issue in the mailers-association talks. In the guild-Times talks, automation was the key issue. Between 4,000 and 7,000 refugees were being cared for in camps set up along Linau Ridge, which borders the inland lake. But most of these were from areas surrounding the lake. By late afternoon the periodic blasts from the volcano appeared to be subsiding. However, authorities said it was still far too dangerous to send boats from the outer shores of Lake Taal to determine the fate of the islanders.

Phu Cu Pass Area Scene Of Fighting

SAI GON — South-Viet-Nam (AP) — Hundreds of Vietnamese troops and Viet Cong fighters were battling late today in the Phu Cu Pass area, a U.S. military spokesman reported. The Viet Cong suffered heavy losses last week in the area, which is 295 miles northwest of Saigon and 45 miles northwest of Qui Nhon. A Vietnamese army unit reported that it was engaged with a large Viet Cong element, possibly one or two battalions. About 600 men are in a government ranger battalion and 500 to 600 in a Viet Cong battalion. Another Vietnamese army unit reported making contact at a nearby point with a Viet Cong group believed to be of company size. Tactical air strikes were launched to aid the government forces. No further details on the fighting and no estimates of casualties on either side were immediately available. A U.S. spokesman reported the death of three Americans in the crash of a chartered plane Monday about 25 miles west of Saigon. He said seven Vietnamese soldiers and a pilot were killed during the crash. It was believed the plane was shot down as it was coming in for a landing at Ban Tri, in Huay Nhat Province. It crashed about 200 yards short of the airstrip.

Finances Out of Red for One Day

BOISE (AP) — The Idaho Treasurer's office issued \$1,750,000 in tax anticipation notes Monday to bring the state out of the red for a day. The notes were issued in accordance with a constitutional requirement that the state cannot show a cash deficit for more than 30 days. Wednesday's activities will start with another registration session and a coffee hour at 8 a.m. This will be followed by the opening session at 9:15 a.m. in the First Methodist Church with Mrs. Adolf Helms, state president, presiding. At 10 a.m., a symposium on "Community Action Opportunities," with Mildred Haberly as moderator, will be held in the church and will be followed by the 5:00 COUNCIL, Pg. 2, Col. 7

Bishops Urge Use of Freud Lessons

VATICAN CITY (AP) — A group of Latin-American bishops urged today that the Roman Catholic Church make use of the psychological lessons of Sigmund Freud. The Vatican Ecumenical Council that "psychoanalysis can be useful in all fields of church activity." The proposal came during a council debate on the document on modern world problems, which deals with subjects ranging from atheism to nuclear war and birth control to politics. Some informants said the document is in "deep trouble" and that the council may not have time to fully act on it. Bishop Sergio Mayer Arce of Cuernavaca, Mexico, speaking for 10 Latin-American bishops, told the council the modern world document needed considerable revision. He complained the document overlooked the anthropological and psychological nature of the individual man. "It would be a mistake to ignore the conclusions of Freud," the bishop said, "referring to the Viennese pioneer in psychoanalysis, Sigmund Freud." Bishop Mendez Arce is noted for his progressive views. Members of a monastery in his diocese have undergone psychoanalysis with what church authorities call beneficial results. Most of the debate in St. Peter's Basilica today centered on atheism, according to council briefing officers. Few of the council fathers who spoke found favor with the modern world document's treatment of atheism. Most asked for an understanding approach to the individual atheist rather than condemnations of the phenomenon as such.

Boeing Gives Aid To Strikers

SEATTLE (AP) — The Boeing Co. moved Monday to lend financial aid to many striking members of the International Association of Machinists. The company announced it would pay the October payroll for the strikers and medical coverage of striking employees who have similar coverage in effect this month. The payments will be collected through payroll deductions when the strikers return to work, Boeing said.

Drawing Is Slated for Rupert Area

RUPERT—Residents of Mindoka County are reminded that the Red Cross Bloodmobile is scheduled to visit here from 2 to 6 p.m. Wednesday at the Civic building.

According to Mrs. Robert Saupp, bloodmobile chairman, the quota is 125 pints of blood and, of course, blood is especially needed.

During the last three months, Mindoka County residents used 43 pints of whole blood. At the present time 74 applicants are either receiving or awaiting replacement for gamma globulin shots.

The chief use of gamma globulin is directly related to the antibodies against infection which are concentrated in this fraction. For example, when gamma globulin is given to a child soon after exposure to measles, it will develop or neutralize infection will be prevented entirely.

Similarly, gamma globulin is effective in preventing infectious hepatitis. Increasing amounts of this fraction are being used in treating patients with an absence of gamma globulin from the blood.

Persons with this illness do not have the ability to manufacture their own gamma globulin and as a result, are highly susceptible to infections of many kinds. Periodic injections of gamma globulin give these patients the protection they need against infection, Mrs. Saupp said.

Many surgical procedures that save lives today depend for their success on the use of human blood. It takes 2, 15 or sometimes 20 pints of blood to operate the pump used in heart operations; eight pints to prime the artificial kidney machine. Treatment of a recent bleeding ulcer case required 40 pints.

The average man has 12 pints of blood, the average woman 10. A healthy person can safely give a pint every 75 to 90 days from age 18 through 50, he said. There is no charge for the blood itself, but there are processing charges connected with it.

Both the donor's and the patient's blood must be tested and typed by the laboratory. Then the samples, even though of the same type, must be mingled or "cross matched" to make sure of absolute compatibility.

Usually there is a charge for collection, which includes cost of try, needle, and the nurse's time. These charges vary in different hospitals.

When whole blood becomes available after a period of about 10 days, it is returned by the hospitals to the Boise Blood Center and several types of blood derivatives are produced. These use only a fraction of the whole blood.

She said 11 pints of whole blood are used to produce two grams of fibrinogen, a derivative used for hemorrhaging in certain complications of childbirth.

Gamma albumin, another blood derivative, is used for emergency treatment of shock and replacement of lost proteins, as in kidney and liver diseases.

One pint of blood is needed to produce four ccs of gamma globulin.

EMPTYING DOUGLAS FIR seed from a cone is Ray Evans, assistant forest ranger. The seed is light and has a wing which the wind catches and carries far. Cones have been gathered by forest service crews and are being stored temporarily at a warehouse at the Ketchum ranger station. After the pine nuts and fir seeds have been shelled they will be sent to a nursery at Boise and two years from now will be returned here for planting. (Times-News photo)

Pine Cones Make Noise Like Corn Popping in Warehouse

KETCHUM—Step into one of the warehouses at the Ketchum ranger station of the Sawtooth National Forest and listen for a second. You're convinced there is a pop-corn popping all around you.

But it's only the pine and fir seeds trying to break out of their confining cones. On three huge arpastraps spread over the floor of this warehouse are thousands of cones that have been gathered from various parts of the forest and brought in to ripen.

On one trap the lodgepole pine cones are piled; on a second, the white pine, and on the third, the Douglas fir. After the pine nuts and fir seeds have shelled out of their cones they will be sent to the Lucky Peak Nursery at Boise, where they will be planted and two years from now the small trees will be returned here for planting.

Dennis Schwartz, Charles Dees, Kent McAlee and Ray Ferreria have been the crew harvesting the cones. In gathering the pine nuts the men have worked in competition with the pine squirrels, who are laying in their winter supply, and camp robbers, who feast on the nuts, leaving only the skeleton of the cone on the tree. They work on the upper limbs.

Forest officials say that there is a bumper crop only once about every seven years, and that this year is one of them.

Mrs. Glodowski Honored at Rites

BUHI—Requiem High Mass for Mrs. Catherine Glodowski was celebrated at 10 a.m. Monday in the Bull Church of the Immaculate Conception by Rev. Patrick Meagher.

Music was by the church choir under the direction of Mrs. Roberta Sullivan. Mrs. Mirtilda Leahy was organist. Ushers were E. H. Turner and John Niichel.

Honorary pallbearers were Clarence Ford Sr., Joseph Kollmeyer, John McManaman, Merrill Wilson, Hugh McMullen, Lud Dierkes, Joseph Klein and D. S. Wray. Active pallbearers were Robert McManaman, James Glodowski, Conrad Wagn

ner, Frank Gliese and Frank Karel. Concluding rites were in the Bull Cemetery. Rosary was recited at 8 p.m. Sunday in the Albertson-Dickard Chapel.

Loans for Real Estate Reported

A total of \$303,293 in real estate loans was invested in Twin Falls during the first eight months of 1965 by the western home office of the Prudential Insurance Co., L. J. Koutnik, local investments manager for the company's mortgage loan department, announced Tuesday.

The entire amount was loaned to finance residential properties. In addition, during the same period, loans totaled \$3,250,794. This was divided, \$1,387,407 for residential purposes, \$22,000 for commercial and industrial uses, and \$1,841,387 for farm loans.

Dead End

ST. LOUIS, Mo. (AP)—Employees of the State Highway Planning Department took a traffic counter used to tabulate how often a street is traveled, and put it on a dead-end street. It is being removed.

Man Charged for Stealing Quarters

DENVER (UPI)—Federal officials Monday charged a 26-year-old employe of the U.S. Mint at Denver with stealing 2,000 newly minted quarters.

Charged was William E. Vaden. He was taken before a U.S. commissioner and released on \$500 personal recognizance bond.

Roland Osborne of the Secret Service said Vaden surrendered himself to officials after being questioned about the missing coins. Osborne said an investigation was started when an office received a tip that a man was attempting to sell new quarters to a supermarket.

Miss Lowery, Duerig Wed in Home Ceremony

KING HILL.—Marriage vows were exchanged by Raevon Lowery, King Hill, daughter of Mr. and Mrs. Raymond Knight Ridgeway, Colo., and Jack Duerig, son of Mrs. Vaughn Duerig, Glens Ferry, and Jack Duerig, Grover City, Calif., at the home of Mr. and Mrs. Duesel, Glens Ferry.

The single ring ceremony was performed by the Rev. Cecil Gilmore, Boise, before an archway of gladioli and gladioli on the patio at the Duesel home.

The bride, given in marriage by her brother-in-law, George Terry, King Hill, wore a turquoise two-piece suit enhanced with a corsage of pink roses. Maurita Coley, King Hill, was maid of honor. Peter Brownson, Coeur d'Alene, and Glenn Ferris, Glens Ferry, were best men.

Traditional wedding music was played by Mrs. Henry Robinson, Gooding. Soloist was Laura Copernoll, King Hill.

A reception was held after the ceremony. The bride's table was covered with a cloth which was a wedding gift of the bridegroom's grandmother, Mrs. Mattie Knight, Gooding. The table was centered with a four-tiered wedding cake topped with a miniature bride and bridegroom. Assisting in serving the cake was Mrs. John E. Miller, Pacatello, sister of the bridegroom.

The couple will reside in Pacatello, where the bridegroom will attend Idaho State University.

Guests attended from King Hill, Glens Ferry, Hammond, Gooding, Boise and Pacatello.

Annual Fall Rally Held by Area Baptists

CASTLEFORD.—The annual Fall Rally of the Baptist Mission Society of Central Association was held at the First Baptist Church, Castleford. The meeting began with registration and a coffee hour.

The morning session was called to order by the president, Mrs. Clifford Harris, Jerome. Rev. R. J. Kennedy gave the welcoming address. Devotional services were given by Mrs. Frank Schweissing, Filer. She related her remarks to the theme of the day, "Instruments for Concern Under God."

The Castleford High School Sextet, Jill Quigley, Mary McClain, Eileen Stambaugh, Linda Wiggins, Elvira Kennedy and Kathy Wilgus, accompanied by Linda Potteck.

Reviews of missionary reading and study books were given by Mrs. Jack Anderson, Gooding, and Mrs. Fred Peterson Jr. and Mrs. Ernest Coupe, Jerome.

A presentation of White Cross, its history and the ways in which it helps the missionaries in their work, was given by Mrs. Calvin Graybeal, association chairman of White Cross, assisted by Mrs. Willis Owen and Mrs. John Meyer.

The president of each society gave a report of the highlights of the work in her society.

At noon a potluck dinner was served and several humorous dinner music numbers were presented by Mrs. Margaret Melton, Mrs. Price Holloway and Mrs. Ralph Taylor.

The afternoon session was opened by group singing and the devotional service by Mrs. Keith Stenna, Jerome. The service was led by Rev. Gooding, Jerome, Rupert, Shoshone, Twin Falls and Castleford.

Mrs. Kenneth Henderson, guest speaker, spoke on her work as probation officer for Twin Falls County. She gave several examples of the types of cases she works with and stated that most juvenile delinquencies start with lack of proper training and understanding in the home.

Mrs. Melton, Mrs. Holloway and Mrs. Taylor sang two numbers, accompanied on the guitar by Mrs. Melton.

The meeting closed with a hymn and prayer by Mrs. Gene Kovar, Filer, who sang "Leader Follow Me" and "The Lord's Prayer" and prayer.

Local arrangements were made under the direction of Mrs. Troy Bradshaw, president; Mrs. Roy Haley and Mrs. William Fultz, menu; Mrs. Cathy Gray and Mrs. Sidney Wiggins, decorations; Mrs. Stanley Fields, Mrs. William Owen, Mrs. Alex Wells and Mrs. Roy Haley, dinner.

Mrs. John Meyer was in charge of registration, and Mrs. Howard A. R. and Mrs. Charles Cook, coffee hour.

MR. AND MRS. JOE CENARRUSA

Golden Wedding Anniversary Is Observed

HAILEY.—Mr. and Mrs. Joe Cenarrusa celebrated their Golden Wedding Anniversary at their home with a family dinner.

Helping their parents celebrate were their two sons, Peter T. Cenarrusa and Luis Cenarrusa, Carey, and their daughters, Mrs. Robert (Naves) Watson, Millvale, Calif., and Mrs. Frank (Lucia) Somsen, Hailey. Four of Mr. and Mrs. Cenarrusa's grandchildren were in attendance.

The Cenarrusa home was decorated with bouquets of gladioli. The refreshment table was covered with lace and centered with a large white wedding cake decorated with gold flowers.

Mr. and Mrs. Cenarrusa were married Sept. 11, 1915, in St. Peter's Catholic Church, Shoshone. Rev. Bernard Arreault performed the ceremony.

Immediately after their marriage the couple went to Carey to reside and Cenarrusa entered the sheep business which he followed until he retired five years ago. Mrs. Cenarrusa has always been active in her church work.

Margie Wood, Babcock Repeat Wedding Vows

St. Edward's Catholic Church was the setting for the Sept. 3 service which united in marriage Margie Wood, daughter of Mrs. Margaret Wood, and William E. Babcock, son of Mr. and Mrs. Edward Babcock, all Twin Falls.

The double ring ceremony was performed by Rt. Rev. Msgr. Edmund Cody before the altar decorated with two large baskets of large pink chrysanthemums and maroon gladioli tied with pink satin ribbon and candlelight.

Given in marriage by her brother, Earl Wood, the bride wore a floor-length empire waist sheath gown featuring a Chantilly lace scalloped neckline with a detachable train. Her shoulder-length veil was secured by a crown of pearls and sequins. She carried a white prayer book with a canoodle bouquet of white roses—jewel accents—a lavender, centered with white orchid.

Maid of honor was Jan Ashenbrenner, bridesmaids were Dianne Brown, Pamela Jones and Patti Bull, all Twin Falls.

Flower girl was Julie Salisbury, daughter of Mr. and Mrs. Joe Salisbury, Ringlener; ring bearer, Eric Jones, son of Mr. and Mrs. Arthur Jones, Hansen.

Michael Stowe was best man. Ushers were Richard Rees, Kimberly; Ted Leno, Twin Falls, and Arthur Jones, Hansen.

Mrs. Robert Blaseck, Jr., Filer, was soloist, accompanied by Mrs. Nellie Ostrom, who also played the traditional wedding music.

The reception was held at the Parliak-Hall immediately following the ceremony. The bride's table was decorated with white organdy over pink held in place by small and -squares of pheasant. A four-tiered wedding cake centered the table, flanked by a punch bowl and coffee service.

The wedding cake was served by Mrs. Jones. Coffee was poured by Mrs. Helen Zollitsch, great aunt of the bride. Punch was poured by Betty Leonard, great aunt of the bride. Assisting with the reception were Mrs. LuVarr Hansen, Mrs. Ralph Schnell and Mrs. Richard Young, all aunts of the bride. Connie Covington, aunt of the bride, was in charge of the guest book.

Hostesses were Mrs. E. L. Rayburn, Mrs. E. M. Dosssett and Mrs. Marvin Rubler.

FHA Unit Has Pizza Party

A pizza party was held by Twin Falls High School Chapter, Future Homemakers of America, as the opening social for the year at the home of Mrs. W. H. Anderson, advisor.

The main purpose of the party was to acquaint the officer candidates with the members. Officers were elected. They include: Janice Hartruf, vice president; Kathy Sperry, reporter; Ronda Miracle, altarian; Connie Donson, degree chairman, and Janet McBride, recreation chairman.

Officers elected last spring include Christy Clossner, president; Kay Liler, secretary, and Angela Abundis, treasurer.

Demonstration Given on Wigs

HANSEN.—Mrs. E. O. Hochlander and her sisters, Mrs. John Allen and Mrs. Marjorie Wisely, demonstrated wigs at the Friendship Club meeting at the home of Mrs. Kenneth Naylor.

They demonstrated the various types of wigs and showed how they are made.

Mrs. Vernon Hall, program chairman, introduced the guests.

Members were asked to bring old sheets and other materials to the next meeting to be given to the Mountain View Rest Home. Kimberly, and to bring their filled fruit jars for the barrel of fruit for the Boise Children's Home. Jars are obtainable at the home of Mrs. Thomas Steelhead.

Mrs. Ball is hostess for the Oct. 7 meeting and Mrs. Kenneth Naylor is program chairman.

Marian Martin Pattern

9195 SIZES 14½-24½
by Marian Martin

FOR HALF SIZES
For city-county living, the shirwaist is first choice. Note charms of this one—squarecut neck, easy tucks, softly rippling skirt.

Printed Pattern 9195: Half Size 14½, 16½, 18½, 20½, 22½, 24½. Size 16½ requires 3¼ yds. 35-inch fabric.

Fifty cents in coins for each pattern—add 15 cents for each pattern for first-class mailing and special handling. Send to Main Martin, Times-News Pattern Dept., 232 West 18th St., New York, N.Y. 10011. Print name, address with zip, size and style number.

Discover the secret of a well-dressed woman. Discover 350 flattering, new design ideas in our new Fall/Winter Pattern Catalog. All sizes. Coupon for free pattern in catalog. Send 50 cents.

Woman Honored

HANSEN.—Mrs. Gene Walker was honored at a pink and blue shower at the home of Mrs. Clarence Edwards, Twin Falls, with Mrs. Edwards and Mrs. Raymond Wright, Jerome, as hostesses.

Mrs. Lester McNeil, Eden, gave a story on the life of Mrs. Walker. Mrs. Wright and Mrs. Edwards presented readings.

Gifts were displayed on a table covered with lace and centered with a miniature cradle.

Club Convenes

Mrs. Ronald Schurepp gave the thought for the day when the Goodwill Club met at the home of Mrs. Henry Wambolt.

Mrs. Parrell Nelson led the flag salute and Mrs. Lawrence Hawkins gave the prayer.

A special prize was presented to Mrs. Leonard DeWani. Mrs. A. D. Roday received a secret pal gift.

Hobby Day Is Observed

Hobby Day was observed by Enamals Club members at a meeting at the Knoll Community Center.

Mrs. U. E. Allen was in charge of the program. Hobby items were displayed. Mrs. Jannette Kelly, a representative from Erickson Monograms and Hobby Shop, gave the program on various handicrafts.

Mrs. Ruth Koch was a guest. Hostesses were Mrs. E. L. Rayburn, Mrs. E. M. Dosssett and Mrs. Marvin Rubler.

MESSAGE TO STUDENTS: How to light your HOMEWORK

You can get more out of your studies, get better grades and make fewer mistakes when you protect your eyes from strain through proper use of light. One authoritative source offers these ten suggestions:

- USE LAMPS THAT SPREAD LIGHT.**
- Two wall or table lamps, one at either end of your desk, with shaded bulbs of at least 150 watts provide the best study lighting. The light then comes from two directions to cover the desk top without shadows.
 - If this isn't practical, use a single lamp, set close to your work, which casts light not only downward, but upward too. The best lamps have the bulb inside a light-diffusing glass bowl and a light-transmitting outer shade to spread and soften the glow.
 - Adjust your chair or the lamp so that the low edge of the lampshade is at eye level.
- HAVE A REGULAR, WELL-LIGHTED PLACE TO STUDY.**
- Study each night at the same place or area. Your own bedroom is probably best because it's quietest. It's also easy to provide it with good lighting.
 - Use a level work surface, a flat-top desk or table. It should be placed against a wall—never looking out a window into daylight glare or night darkness.
 - A light-colored desk top or hotter will reduce lighting contrasts and eye fatigue. A light-painted cork bulletin board will do the same for a dark wall.
- KEEP A GENERAL LIGHT ON IN THE ROOM.**
- Sharp contrasts of dark and light make your eyes work hard. Always keep a ceiling light, wall fixture or 3-way floor lamp lighted in addition to your study lighting.
- SOME HELPFUL STUDY TIPS.**
- Books and other reading matter should be propped or tilted about 30° toward the eyes. A flat book makes reading difficult.
 - Never read or work in your own shadow.
 - When you have a comfortable, well-lighted place to study, your mind won't wander from your work.
- Light is a bargain at Idaho Power's low rates. Use it generously for study, work or play. You live better... electrically!

from Walt Blaylock!

207 Shoshone St., South, the Camera Center television and appliance department is to get a new "face lifting" and a new name.

Walt Blaylock wants all friends and customers to know that he realizes this is a long overdue improvement, but like all of you farmers and home builders who don't have the money to work with, he has had personally to do most of the work and make gradual improvements.

But make no mistake about that old barn door that is still out in front—it will (much longer) be able to hide the quality merchandise inside. Color television that is second to none; washers with a lifetime guarantee on the transmission (the part that gets the most wear—don't tear); blower more beautiful duplex freezers than you have ever seen before, with greater capacity and convenience.

Once you know the quality you will never again want to waste your money on the cheapest thing you can buy.

And how would you like to have a floor that gleams for a year without waxing? Or woodwork with a finish that won't chip or crack, even if you hit it with a hammer? Just another little surprise that is in store for you when you come in to talk to Earl Johnson about the great values immediately available at the

Idaho News

Deputy Faces Jury Trial on Manslaughter

HAYNEVILLE, Ala. (AP) — A part-time deputy sheriff who fought successfully against a delay in his trial goes before a jury today on a charge of manslaughter in the killing of a civil rights worker.

First the trial judge, T. Werth Thurgard, and then a federal judge turned down motions Monday to postpone the trial of Thomas E. Coleman, 52-year-old special officer and a prominent Hayneville resident.

Coleman, a highway engineer in private life, is charged with slaying of James E. Pennell, an Episcopal seminary student from Kenne, N.H., who had come to Alabama to help Negroes in their struggle for voting rights.

Pennell, 27, was killed and a Catholic priest, Father Richard Morrison, 26, of Chicago, was critically wounded outside a Hayneville grocery store the afternoon of Aug. 20. Coleman also is under indictment on an assault and battery charge for the shooting of Morrison.

Thurgard in Circuit (State) Court and Richard T. Rives, speaking for a three-judge federal court, refused also to order postponement of another trial growing out of a separate civil rights slaying in rural Lowndes County.

Because of their rulings, a 21-year-old Ku Klux Klansman, Cello Leroy Williams Jr., was scheduled for trial here Wednesday, in the same century-old courtroom, on a charge of murder in the death of a white Detroit housewife, Viola Luzzo.

Whether Williams, a Fairfield, Ala., mechanic, actually is guilty this week will depend on the length of Coleman's trial. This is the final week of the September term of court. If his case is postponed, it may be set for trial again in a special court term in mid-October. Williams was tried last May, but the jury was unable to agree on a verdict.

Mrs. Luzzo, 39, wife of a Teamsters Union official, was slain in her car on U.S. Highway 80 last March 25 following the civil rights march from Selma to Montgomery. She had participated in the march and was helping drive other marchers back to Selma.

Woman Says She Doesn't Want Son

MIAMI, Fla. (AP) — A Detroit mother undergoing psychiatric tests has told investigators her 13-year-old mute and mentally retarded son is a good boy but she doesn't want him back. "Someone else must take him now," said Mrs. Victor Thorne, 44, who abandoned her son, Richard, at Miami International Airport last week.

Mrs. Thorne hasn't seen her son since she arrived in Miami Sunday night.

Mrs. Thorne spent Monday night with the family of Barron Shields, a juvenile court investigator. The investigator quoted her as saying: "I've gone as far as I can."

Shields said Mrs. Thorne did not talk much about Richard but said, "Maybe someone else can do more for him; he's a good boy."

Richard, whose plight attracted nationwide attention, has been unable to speak since he suffered brain damage from encephalitis and pneumonia at the age of 18 months.

Dr. Ben Shepard, chief juvenile court judge, ordered a psychiatric examination for Mrs. Thorne after her arrival in Miami.

"The boy will not be released until I am sure there will not be a recurrence of this episode," said Shepard.

Woman Says She Doesn't Want Son

RETURNS HOME
HOLLYWOOD (AP) — Actor Spencer Tracy, 65, returned home from the hospital Sunday. He was critically ill two weeks ago when an imbalance in body chemistry occurred 10 days after a prostate operation.

PEE-TO-BE PAID
BOISE (AP) — The Idaho Supreme Court Monday ordered an insurance company to pay a Pocatello man's attorney's fees for two suits after his wife and three children were killed in a car-truck collision.

The court said the Western Casualty and Surety Co. paid truck owner \$1,000 for damages but refused to defend James E. Pennell's suit for burial expenses because of an alleged conflict of interest.

FORMULATE POSITION
BOISE (AP) — Idaho's position on the controversial Wild Rivers Act now before Congress may be formulated Tuesday at a meeting of the state's water resources board.

Broad Chairman George Crookham of Caldwell said Monday six of the eight board members already have indicated opposition to the bill. The board is scheduled to meet Tuesday in Boise to discuss the state's position on the bill for possible later inclusion.

Crookham argued at the last meeting that the two Idaho rivers should not be committed to a study section of the bill for possible later inclusion.

COLORADOAN SPEAKS
BOISE (AP) — A group of Idaho legislators banking for ways to revise the state's lower court system were briefed Monday on how the job was done in Colorado.

Colorado's judicial administrator, John F. Hendry, told the legislative committee of the Idaho Legislative Council that he had played a major role in Colorado's court reorganization.

Hendry said public meetings throughout the state were attended by businessmen, publishers, labor representatives, leagues of women voters members and others—and they made valuable contributions.

NOTES ISSUED
BOISE (AP) — The State Treasurer's Office reported today it has issued an additional \$1,750,000 worth of tax anticipation notes to finance governmental operations.

Today's issue brought the total of notes outstanding to \$5 million. That compares with \$3.5 million a year ago.

The notes are issued against idle state funds during periods of "black revenue" receipts and are non-interest bearing.

DREYLOW APPOINTED
BOISE (AP) — Acting Gov. William E. Dreylow said Monday he is glad he did not have to replace a Republican Republican Party member "and antagonize the Republicans of Ada County."

Burt resigned from the legislature Friday on the heels of an attorney general's opinion identifying his dual role as a state legislator and as a partner in Idaho's new merit system law.

Less than 24 hours later, Gov. Robert E. Smylie appointed Boise Attorney Jess Lawley Jr., a Republican, to fill Burt's term.

MEET WITH ENGINEER
POCATELLO (AP) — City commissioners will meet with the district engineer for the Army Corps of Engineers Tuesday in an attempt to settle a dispute over the benefits of the Federal flood control project planned here.

Meeting with the commissioner will be Col. Frank Metzler, Walla-Walla, Wash. Army engineers have said that a mile of the river beyond the northwest city limits should not be included because it is not worth the \$150,000 cost. Total cost of the project, which includes building a concrete waterway through the city, is about \$5 million.

OPENING SET
POCATELLO (AP) — Continental Can Co. will open a metal container manufacturing facility Nov. 15 at a former naval ordnance plant now owned by Thibault Chemical Corp.

The announcement was made

Astronaut's Flying Future Appears Dim

SPACE CENTER, HOUSTON, Tex. (AP) — Alan B. Shepard Jr.'s future as a flying astronaut revealed that a bothersome inner ear illness is not getting any better.

Doctors gave the 42-year-old Navy captain an annual checkup last week and detected signs of the disorder with the aid of delicate instruments. He has had the ailment for more than two years.

Shepard looks normal. He has not curtailed any astronaut activities for the past year because of the illness, which is called labyrinthitis.

He says he feels fine and has not experienced a dizzy spell, which is one symptom of the illness, for more than one year. But because the disorder can still be detected, Shepard cannot even fly a plane alone for fear it may strike suddenly.

Officials have skipped over him in the selection of six Gemini flight crew. Dr. Charles A. Berry, astronaut flight physician says Shepard will not be chosen for a space team as long as the illness persists.

Jailbreak By Lemay Is Being Probed
MIAMI (UPI) — George Lemay, accused Caspian bank robber who escaped last December, stole a mattress stuffed with 100 feet of rope, a pair of gloves, a knife and a set of super-hack saw blades before he escaped.

Dade County Sheriff T. A. Buchanan disclosed Lemay's secret cache of escape paraphernalia Monday in announcing that a second jail guard was charged with accepting a bribe to help Lemay.

The sheriff also said two other guards were disciplined for failing to report similar bribes.

"He was working every angle to get out—he had at least two plans going for him," the sheriff said.

One was the saw-cut operation, which Buchanan called "almost impossible," and the other was the bribery plan that eventually worked.

Lemay is wanted for the 1961 robbery of the Montreal branch of the Nova Scotia Bank, which has been estimated at \$50 million dollars to as much as \$4 million. The loot still was missing.

Lemay, 47, seven stories down a utility cable last Tuesday night and roared off in a car that picked him up at the curb.

Jail guard Harold Algar and former deputy Carlo Nison were charged last week with aiding in Lemay's escape—allegedly on the promise of \$25,000. According to the sheriff, no money changed hands.

Monday, state charges of bribery were filed against Peter B. Jaworski, 34, guard on the fifth floor of the jail, where Lemay was imprisoned. He was accused of smuggling the nylon rope, hack saw blades and other implements to Lemay for an undisclosed amount of money.

Monday by Continental's Pacific Metals Division San Francisco Office. The plant will employ about 25 men.

Spud Champ FURTINGTON, England (AP) — Tom Cooke, 58, has laid claim to the potato-growing championship of the world.

From six plants in his cottage garden he says he has dug a total of 556 pounds 4 ounces of potatoes.

He now plans to retire from competition and rest on his record unless "someone, particularly in the United States, claims a better record."

Labor Board Announces Agreement

WASHINGTON (AP) — The National Labor Relations Board announced an agreement by the Teamsters Union to limit picketing or threatening employees of firms doing business with W. S. Hatch Co., Inc., of Woods Cross, Utah.

The Teamsters have been striking the Hatch, an international trucking firm.

Lawrence Mills, general manager of Hatch Co., said he was "very happy" with the action and that it verified original court charges made against the union.

William H. Lutz, secretary-treasurer of Teamsters Local 222, said he had not seen a copy of the order, and could make no comment.

The NLRB said Hatch and Local 222 and 316 of the Teamsters are in violation of the Hatch consent decree. That would prohibit any action by the union to force Dow Chemical Co. at Pittsburg, Calif., or Standard Oil Co. of California to stop doing business with Hatch.

The order is required to be posted in Union meeting halls.

Wilson Warns of Social Explosion

BLACKPOOL, England (AP) — Prime Minister Harold Wilson warned today a social explosion might burst upon Britain unless the government acts to curb the illegal flow of non-white immigrants into the country.

Addressing the annual convention of the labor party, Wilson defended official moves to thwart evasion of nonwhite immigration controls.

"How can the average person who knows nothing about gulsters be protected? Seek the advice of a professional teacher or other qualified individual who knows and plays the type of guitar you are interested in. Buy your instrument only from a local dealer whose principal business is music and who will stand behind the instrument he sells you."

No one is better qualified to know guitars than a guitar teacher. He teaches and plays guitars six days a week and sees all types of the instruments. If anyone would know the difference between a good guitar and a cheap one, it is the teacher.

If you are interested in buying a guitar, we would be happy to talk with you and show you our stock of all types of guitars. We are an authorized guitar dealer offering sales, instruction and repairs on acoustic, guitar and piano. Sales by appointment only.

BACK TO WORK
WASHINGTON (AP) — President Johnson returned to Washington early Tuesday after a long weekend at his Texas ranch. His plane landed at Andrews Air Force Base in nearby Maryland at 1:25 a.m. (EDT), and a helicopter deposited him at the White House grounds 15 minutes later.

Reapportionment, Water on Agenda for State Council

BOISE (AP) — Two key state problems—reapportionment and water—were on the agenda today for the 1965 annual meeting of the Western Conference of the Council of State Governments.

Ramifications of the U. S. Supreme Court decision that both houses of state legislatures must be reapportioned on the basis of population was the topic of Atty. Gen. Daniel R. McLeod of South Carolina.

More arguments on the future of transporting water from wet Northern states to dry Southern ones were promised at an afternoon panel conducted by the Western Interstate Commission on water problems.

E. G. Nielsen, administrator of the Arizona Power Authority, and California Water Resource Director William E. Wane were expected to give the Southwest's views.

Idaho State Rep. Alvin Brisson, D-Owyhee, said he would emphasize that Idaho must be able to use its water for its own future growth.

The 125 legislators and officials of 13 states were warned Monday the federal government would take control of meat inspection if states do not raise their standards.

Byron G. Allen, assistant to the U. S. secretary of agriculture, said scandals in state meat inspection have included

"dead or dying animals rushed into trade channels."

Allen said only two or three states have meat inspection standards as high as the federal government's.

A proposed law in Congress designed to give states control if they meet federal standards was explained by Charles V. Dick, deputy director of the California Agriculture Department.

Dick said the bill would authorize the secretary of agriculture to exempt such states from federal control.

WARNING TO PROSPECTIVE GUITAR BUYERS

As a sideline to the great popularity of all types of guitars at this time, there are a great many cheap imported guitars on the market. Interested by people who only interest in a quick profit. These instruments are poorly made and require much upkeep. Many of them are very difficult to play, thereby discouraging anyone who has a desire to learn to play. Some cannot be played at all.

How can the average person who knows nothing about guitars be protected? Seek the advice of a professional teacher or other qualified individual who knows and plays the type of guitar you are interested in. Buy your instrument only from a local dealer whose principal business is music and who will stand behind the instrument he sells you.

There are many advantages to fall fertilization with USS Fertilizers:

YOU BEAT THE SPRING RUSH

YOU DON'T HAVE TO WORRY ABOUT THE UNCERTAINTIES OF SPRING WEATHER

FERTILIZER IS WORKING FOR YOU ALL WINTER LONG

YOU USE LABOR AND EQUIPMENT MORE EFFICIENTLY

YOUR CROPS GET AN EARLY START NEXT SPRING

YOU GET MORE PASTURE IN EARLY SPRING

YOU HELP PREVENT COMPACTION OF THE SOIL

YOU INCREASE YIELDS

This year, see the dealer that sells USS Fertilizers and learn how "The Program That Pays" can help you THIS FALL.

Clemente, Oliva May Repeat as Batting Leaders

NEW YORK (AP)—With Roberto Clemente of Pittsburgh leading the National League by 10 points and Minnesota's Tony Oliva leading the American by six, the majors are likely to have the first repeat batting champions since 1952. Stan Musial of St. Louis and Ferris Fain of the Philadelphia A's, in 1951 and 1952, were the last players to put back-to-back titles together at the same time, Musial in the NL and Fain in the AL.

Orioles Drop A's, Claim Eighth in Row

BALTIMORE (AP)—Curl Fleury's two-run triple in the eighth inning Monday night carried the Baltimore Orioles to their eighth straight victory, 6-4, over Kansas City.

The Athletics went ahead in the top of the eighth 4-3 on Bert Campaneris' run-scoring single but the Orioles struck back in the bottom of the inning against John Wyatt. Wyatt out, Boggs singled and Brooks' rosbuster singled, then Fleury hit his triple. Jerry Adair brought in an insurance run with a sacrifice fly. Kansas City 600 020 110-1-9. Baltimore 002 010 038-7-2.

Hayes Finds Grid Speed Unlike Track

DALLAS, Tex. (AP)—Hub Hayes' Olympic gold medal hung around his neck like an albatross when the National Football League rookie started training with the Dallas Cowboys during the summer.

"Coach, I can't get past that linebacker. He grabs me every time I try to get past him," Hayes complained at training camp. "That's the way it is in this game," coach Red Hickey explained. "You gotta dodge him, get around him somehow."

Hull Leaves Black Hawk Training

CHICAGO (AP)—Superstar Bobby Hull and the Chicago Black Hawks are feuding to such a point that the golden jet has been absent from the club's Chicago training camp since Saturday.

Hull left Saturday when his two sons, Blake, 5, and Bobby, 4, were barred from the dressing room and hasn't been back since. Hull reportedly has asked for \$100,000 to play this season, a considerable increase over the \$30,000 he is to receive as revealed last season.

Although Hull has not yet agreed to terms, his leaving the club apparently has nothing to do with salary. Hull, reached at his home in Addison, Ill., said "I want to practice Saturday, bringing my two boys with me as I have been doing the last two years."

Pick 'Em
LAS VEGAS, Nev. (AP)—Bookies made the Los Angeles Dodgers and the San Francisco Giants betting favorites Monday for the National League pennant at 10-11.

SPORTS

CONGRATULATIONS are extended to Giant catcher Tom Hallory by teammate Jim Hart (left) after homering in the second inning against the Cardinals Monday. Hallor belted two homers and drove in five runs to pace an 8-4 victory that let the Giants stay in a tie with Los Angeles for the National League lead. (AP wirephoto)

Dodgers Win 10th, Stay in Loop Tie

LOS ANGELES (AP)—Willie Davis hit two home runs as the Los Angeles Dodgers remained in a tie for the National League lead by sweeping to their 10th straight victory Monday night, 6-1 over Cincinnati. By winning, the Dodgers remained tied at the top with the San Francisco Giants, who beat St. Louis 8-4 in an afternoon game. The third-place Reds lead one notch to fourth at 316, a loss of four points on a 4-for-10 showing.

Los Angeles, which has won three of its last four games, had three contenders having six games remaining. Ron Perranoski pitched four shutout innings in relief of winner Johnny Podres, who won his record to 7-6 in his first appearance in 15 days. The Dodgers swept up the game in the first three innings when they drove 21-game winner Sammy Ellis from the mound with six hits good for four runs.

The Reds—blow repeated opportunities as they collected 11 hits, five off Podres and six against Perranoski. Their only run came in the fourth when Frank Robinson doubled and Tony Perez singled him home. Cincinnati 000 100 000-1 11 3. Los Angeles 202 100 108-6 9 0. Ellis, Davidson (3), Jay (5), Zanni (7) and Edwards; Podres, Perranoski (6) and Roseboro. W—Davis (2) (10).

Ryan May Miss Tilt With Eagles
CLEVELAND, Ohio (AP)—Cleveland Brown quarterback Frank Ryan is limping—and bruised left foot and the team physician said Monday he won't know until late this week if Ryan will be able to start against the Philadelphia Eagles Sunday.

Ryan was injured during the first half of Sunday's National Football League game against the St. Louis Cardinals here.

WASHERMAN PICKED
KANSAS CITY (AP)—Tommy Washers was named MVP of the National Football League for the second time Sunday.

\$150,000 Has Nice Ring, Mays Admits

SAN FRANCISCO (AP)—Willie Mays said Monday he hadn't given any thought to asking for \$150,000 in 1966 but he added "I'd sure like to get it."

Mays, the highest-salaried baseball player with an annual pay of \$105,000, said he never had any trouble talking contract with Horace Stoneham, owner of the San Francisco Giants.

"Right now I've got a pennant to think about," said Mays. "Salary talk will come later. I never had any trouble with Mr. Stoneham and I don't expect any this time."

There have been reports that Mays would ask for \$150,000 next year.

When asked about the reports, Stoneham had this comment: "Let him ask for it (\$150,000). We've never had any problems before."

Mays, 34, is having one of his best years. Going into Monday's game his batting average was .316 and he had hit 50 homers and driven in 108 runs to lead the league in home runs and second in RBIs.

Haller Bats Giants Past Cardinals 8-4

SAN FRANCISCO (AP)—Tom Haller belted two homers and drove in five runs Monday, powering San Francisco to an 8-4 victory over St. Louis that kept the Giants in a tie with the Los Angeles Dodgers for first place in the National League.

Haller, who hit his homer off Cardinal starter Tracy Stallard in the second inning after Jim Hart walked and Jesus Alou doubled. He knocked in another run with an infield out in the third and hit his 16th homer of the season in the seventh, against Earl Brow. After Haller's big blow in the second, the Giants added two unearned runs in the third and made it 7-1 in the fourth on Willie McCovey's two-run double.

But it turned out anything but a breeze for San Francisco, as the Cardinals scrapped back. They nicked starter Warren Spahn for their first three hits and a run in the fourth, then chased the 44-year-old left-hander in the fifth, getting another run.

In the sixth, St. Louis had a run in—against Bob Bolin—and when Bill Henry became the third Giant pitcher. Another run came on a ground out, but after a walk reloading the bases, Henry struck out the truck and Frank Linzy struck out Curt Flood.

TAYLOR RETURNS
WASHINGTON (AP)—The Washington Redskins got some good news from the doctor Monday—quarterback Charley Taylor will be back in action next Sunday against Detroit.

Hoopie Sees Precocious Sophs As Reasons for Poor Showing

ALAS and luck! A last-minute touchdown and a lack of defense suddenly transformed into a boon, the butt of laughter on a late autumn Saturday afternoon. Egad! I can safely blame my lack of fortune on the meteoric rise of countless dozens of sophomores, all of whom I know were about, but few of whom I realized had the true potential of championship intercollegiate competitors.

It is discomfiting to think that a sophomore—judging, calling on such as Lehigh—North State should post two stunning victories against teams rich in experience and talent. Not to mention all the Swedes, Minnesota had to fall back—ahem, an unfortunate choice of words—rely on.

Word had some fantastic prognosticating from the May 14th correct selections: A crisp \$10 bill for your efforts, sir! Second place was another clear-cut decision, Todd Love day, Kimberly, coming up with 14 correct guesses almost equally astonishing. He will receive \$5.

Third place had to be decided on point predictions with the winner being James F. Rand, Hansen. That is worth \$2.50 to Mr. Rand.

Honorable mentions go to Dale Smith, Twin Falls; Tony Garcia, Rupert; Danny Gatton, Wendell; Evelyn Foster, Twin Falls; Devon Ruiter, Buhl; Max Matthews, Twin Falls; and Connie Glenn, Buhl.

Let me remind some of you that each contestant is allowed only one entry per week. Also, there were still a few who disregarded the noon Friday deadline and had to be disqualified. This week's slate should be considerably easier for you as I personally am going for a perfect slate. Will you join me?

So many times have we heard people say, "I can't get high enough limits"—we decided to do something about it. Now you can buy coverage in a regular stock company and get the kind of local service that we have provided all our clients for over 50 years.

Notre Dame Suspends 3 Players

LAFAYETTE, Ind. (AP)—Three Notre Dame football players arrested after the Purdue-Notre Dame clash Saturday were suspended from football activities by coach Ara Parsons Monday.

They are not dressed for the Saturday game because of injuries. Their scheduled city court appearance Monday was postponed until Oct. 4.

Charged with theft and illegal possession of alcoholic beverages are tackle Gerald Wise, 19, Detroit; halfback Jonathan Burish, 18, Akron, Ohio, and tackle Timothy Swearingen, 19, Columbus, Ohio.

They are six other Notre Dame students, including three more football players, were arrested Saturday after the protracted Irish lost 25-21 to Purdue.

The students, all sophomores, admitted heavy drinking and the theft of a television set and three radios from a Purdue dormitory, police said. Arraignments for the other six students, all charged with the liquor violations, was set for Thursday.

Vandals Watch WSU Game Films
MOSCOW, Idaho (AP)—Idaho's Vandal football team looked at films of the Washington State-Minnesota game Monday, then went outside for a light workout in sweat suits.

The Vandals defeated San Jose State 17-7 last Saturday and meet Washington State this week in a grudge match. Coach Steve Musseau introduced offensive and defense patterns to the Vandals which he said should exploit weaknesses in WSU's offense and defense. Musseau praised WSU's spirit and their ability to cause and take advantage of fumbles.

Cactus Pete's Field Sets Pro-Am Wednesday Over Blue Lakes, Muny Links

Bill Eggers, McMinnville, Ore., and Kermit Zarley, former NCAA golf champion out of Yakima, Wash., grabbed off the last two berths in the second annual Cactus Pete's \$10,000 Open golf tournament Monday. Tournament Chairman Paul Bullus said the field now is complete with 120 professionals and 80 amateurs. The stream of professionals and amateurs arriving in Twin Falls continued to swell Monday but the early birds chuffed throughout the day. The Municipal course was flooded irrigated Monday to soften it up for practice rounds Tuesday and a pro-am Wednesday. The open will run Thursday through Sunday.

Baker Finally Makes Grade in Pro Ranks

NEW YORK (AP) — Terry Baker used to hog the headlines when he was a college boy at Oregon State. Heisman Trophy, Maxwell and Pop Warner awards made him the most celebrated football collegian of his day. When the pro draft came around, Baker was No. 1 on the list of the Los Angeles Rams.

Baker Says This Is Year Of Decision

LOS ANGELES (UPI)—Terry Baker, who admits he had thought of quitting pro football if he didn't click with the Los Angeles Rams this year at halfback, Monday was honored as pro player of the week. Baker was presented the golden helmet award at the weekly meeting of the Southern California Football Writers Association for catching the name-winning pass in Sunday's 30-28 victory by the Rams over the Chicago Bears.

"I had made up my mind that this was the decisive year for me in professional football," the converted quarterback said. "I don't want to waste Coach Harland Sware's time and mine if it appeared I wasn't cut out for the pro game."

Signed originally as a quarterback, Baker's type of passing did not click in the pro game and for most of the year he was the forgotten man of the Rams.

But Sware felt that there was a place in the pro game for a player with Baker's all-around ability that the young coach pointed out most halfbacks take years of college as well as pro training to develop.

"I think Terry is ahead of schedule," he said. "He is a highly intelligent player—and we can do more things with him than most men. I feel he has enough qualities to do the job he's never been out of our plans but how we use him depends on the situation we face."

Green Bay Loses Taylor, Hornung

GREEN BAY, Wis. (AP) — Jim Taylor and Paul Hornung, the core of Green Bay's running attack, are on the doubtful list for the weekend Packers' (UPI) National Football League game Sunday against the Chicago Bears.

3-Day Rally

ADAMS, Wis. (AP)—After trailing for three days, unbeaten Adams-Friendship High School rallied Monday for a 12-7 football victory over Adams.

Adams led 7-0 Friday night when the lights failed early in the second period, but Adams-Friendship scored two touchdowns to come from behind when the game was resumed Monday.

Speed Mark On Salt Flats

BOONSVILLE SALT FLATS, Utah (AP)—A 102-pound woman from Detroit slipped into the driver's seat of an 8,000-horse-power jet auto Monday and powered to the first major world record-to-be set this year on the salt flats of Western Utah.

Betty Skelton went through the measured mile twice for a two-way average of 277.62 miles per hour. This was a record for women.

She shattered the 220 m.p.h. mark set last year by Paula Murphy of Los Angeles.

She drove an open cockpit drag racing car known as the Green Monster Cyclone, owned by Art Arfons of Akron, Ohio.

Her fastest time was on her second run through the flying kilometers—315.72 m.p.h.

Her three were: First run, mile 250 ft. sliver, 324.33; second run, mile 311.15, kilometer 315.72.

Her second run was faster because the track enabled her to take a two-mile longer running start.

Miss Skelton is a 39-year-old special projects director for the Campbell-Ewald Advertising Agency in Detroit. She also has flown jet airplanes and made nine jumps as a sky diver and held the women's auto speed record several years ago.

The weather was good and the salt track was in good condition as Miss Skelton made her run.

Art Arfons, here to try to beat her—his own world land speed record of 536.71 m.p.h. set last year, had engine trouble Monday with his bigger 15,000-horsepower Green Monster. He hoped to get it functioning for a speed run Tuesday.

Cedar Draw Grange Lists New Officers

DUH—New officers to serve the Cedar Draw Grange for the coming year were announced Tuesday. Richard Morgan is the new master, succeeding Gary Grindstaff to the post.

Other officers are Herman Rinder, overseer; Valdenn Anderson, gatekeeper; John Lundy, steward; Henry Dahlquist, assistant steward; Mrs. Ted Hicks, lecturer; Mrs. W. D. Stinson, chaplain; Mrs. Harvey Grindstaff, treasurer, and Mrs. Lonnie Moore, secretary.

Mrs. E. B. Hicks, Ceres; Mrs. Valdenn Anderson, Pomona; Mrs. Gary Grindstaff, Flora; Mrs. Henry Dahlquist, lady assistant stewardess; Mrs. Carl Hendrix, home economics chairman, and Gary Grindstaff, executive committee member for a three year term.

The business meeting Friday night also included a report on the Grange's booth display in the Twin Falls County Fair. It was noted the exhibit netted the Grange 36 first place blue ribbons; 21 second place red ribbons, and 24 third place white ribbons, along with more than \$300 in cash prizes.

It was also reported the display received first place in quality, completeness and second place in originality.

Members of the three Grange sponsored 4-H groups, Cedar Draw Thimbles, Cedar Draw Tractor Club and Cedar Draw 4-H Livestock Club, were guests and presented the program. Jimmy Brown, president of the Tractor Club, reported on the awards the membership won in the county fair and displayed its prize winning trophies.

Mrs. Tom Perkins, assistant leader of the Cedar Draw Thimbles, spoke on the accomplishments the girls made this year in sewing. The girls modeled the wearing apparel they made this year and presented a skit.

An Idaho products dinner preceded the meeting. It was sponsored under the direction of the home economics committee with Mrs. Dahlquist as chairman.

Engineer Cited For Services

WASHINGTON (AP)—Wallace H. Reynolds, engineer for several California nuclear projects, was cited Monday by the U. S. Atomic Energy Commission for outstanding service to the nation's nuclear program.

Reynolds, 41, recently retired as business manager and managing engineer of the University of California Lawrence Radiation Laboratory.

WORKMEN PILE SANDBAGS to reinforce the seawall at Capitrano Beach, Calif., Monday as high tides continued to threaten homes on the Southern California ocean front. Prisoners from four Forestry Conservation camps were working beside forest rangers, county crewmen and volunteers in their fight against the sea. (AP wirephoto)

Persistent

ATLANTA, Ga. (AP)—Three oak trees and a parrot have been stolen from an Atlanta woman's home, apparently by a man who will not take no for an answer.

Police quoted Ermgaard Lamoureux as saying she received a telephone call while visiting in North Carolina from a man who asked permission to remove the trees from her yard.

Mrs. Lamoureux said she refused but returned to find the trees and her parrot missing, police reported.

Idaho Cowboy Leads All-Around

DENVER (UPI)—Denn Oliver, 35-year-old cowboy from Boise, Idaho, pushed his total prize earnings for the year over \$23,000 over the weekend as he continued his drive for a third consecutive all-around cowboy title.

Professional cowboys picked up a total of \$48,179 in prize money this weekend at rodeos in Albuquerque, N.M.; the Western Washington fair at Puyallup; and the Mid-South fair at Memphis, Tenn.

Father Speaks Of Son's Execution

HOLLYWOOD, Fla. (UPI)—The father of a soldier reported executed by the Viet Cong said Monday his son had written recently that he was being treated "as well as could be expected" as a prisoner.

George Roraback, 63, said a chaplain from Fort Bragg, N. C., called Sunday night and told the family the Communist radio was reporting that Master Sgt. Kennedy Roraback, 33, had been executed by the Viet Cong as a "reprisal" for slaying of three Communist sympathizers by the South Vietnamese.

He said his son's wife "is half in shock." They have four children and a beautiful home. "We know what the boy was fighting for — to prevent the spread of communism. But with Cuba just 90 miles away, what is he doing 12,000 miles away?" Roraback said.

Roraback said his son was a 16-year career man in the Army's special forces and had gone to Vietnam in July of 1963. He was wounded about two weeks after he arrived, then was captured in November of 1963.

"We got a letter from him about two months ago. He had had malaria, but he was all right. He said they were treating him as well as could be expected. You sort of had to read between the lines," the father said.

The elder Roraback has two other sons who were in the service.

PACK MEET SET

BOISE—Cub Scouts of Pack 4 sponsored by the First Methodist Church will hold its first pack meeting of the season at 7:30 p.m. Thursday in the Fellowship hall of the church. All Cub Scouts and their parents are urged to attend.

Honored

BOISE (AP)—The woman who has greeted more than a half million visitors to Idaho's Statehouse during the past six years was honored by her fellow employees Monday.

Mrs. Hattie Derr, Statehouse receptionist, will leave her post Thursday to join her husband, Al Derr, at Creston, Wash., where he has accepted a position as superintendent of schools.

Derr was the unsuccessful Democratic gubernatorial candidate in 1958.

Mrs. Luetjen Is Honored at Rites

RUPERT — Funeral services for Mrs. Martha M. Luetjen were conducted Monday at the Trinity Lutheran Church with Rev. Leonard G. Metzner.

Mrs. Armin Ills was organist and a quartet including Shirley Miska, Robert Doekter, Hilda Holly and Armin Ills sang two songs.

Honorary pallbearers were John Gummerson, Tex Walker, Fred Bierwig and Eytholle Greer. Pallbearers were Melvin Pflughoeft, Donald Miska, Carroll Gummerson, Al Beltz, August Lange and Clark Barbus.

Flowers were arranged by Frella Greer, Gwen Pennell, Ada Walker, Rowena Beltz, Esther Zimmerman, Norma Pflughoeft, Maxine Engstrom and Cornelia Doekter.

Concluding rites were held in the Rupert cemetery.

News of Record

State Police Blotter
Guadalupe A. Mendez, 20, 1435 Normal Ave.; Burley, was the driver of a 1964 Chevrolet pickup truck owned by Albert Anderson and James O'Leary, which collided with a 1964 GMC truck owned and driven by Thomas C. Oman, 29, Naf, at 4 p.m. Saturday, 12 miles south of Burley on a county road. The truck was traveling east following another vehicle. The westbound GMC truck had just met an eastbound vehicle and due to dust the drivers were unable to see and their vehicles sideswiped in going by each other.

Burley Police Court
Leo Bnhe, 34, Cortez, Colo., 23, disturbing the peace, Colo. White 45, Amorat, Mo., 22, intoxication; Fred W. Hyatt, 53, Idaho Falls, \$35, intoxication; Roman R. Rodriguez, 20, 223 E. 3rd St., Rupert, \$50, contributing to the delinquency of a minor; Robert Spencer, 21, Haysman, and Vera Jozanovic, 47, Oakley, \$25 each, intoxication; Juan Pintero and Edward Murphy, 30, both Burley, and Arthur C. Hawkins, 41, Sacramento, Calif., \$25 each, intoxication; Gary N. Nelson, 15, 100 Burton Ave., Burley, \$15, improper mufflers; Edward L. Davis, 47, SanMateo, Calif., one day in the city jail for vagrancy.

Car Damaged

HALLEY—Carl Nelson, 19, son of a Valley employee, damaged his 1963 two-door Plymouth Fury at estimated \$300 when it overturned at 1 a.m. Monday.

Nelson was driving on the Canyon Run road up Warm Springs creek at the time of the accident. He was not injured.

What is the price tag on life?

Life in any form, small or great, is a precious gift. Yet if the marvel of life itself is free, what price should be placed on the medical care we need to sustain life when it falters?

A patient is not a product that goes through an assembly line. At every stage of his treatment, a hospital patient is dependent upon highly trained, skilled people. These people must be paid. Nearly seventy per cent of a hospital's expense goes to pay the salaries of the people who are entrusted with the patient's care. If they are not paid in accordance with their skill and responsibility, they won't be there the next time they are needed. Would you?

Certainly, hospital care is costly. But cost cannot be a factor where life and health are involved, and hospital administrators realize there must be some way to ease the financial burden of accompanying illness or accident.

That is why the hospitals of Idaho have organized Blue Cross — the only propayment health-care plan which furnishes you benefits in the form of hospital service, and not an indemnity of a fixed sum of money.

Only with Blue Cross do you experience the sense of security in knowing that you have the finest possible coverage wherever and whenever you need it.

One out of eight Idahoans will require hospital care this year. If you are one of them, you will realize there can be no price tag on life and health.

When you need Blue Cross, nothing else will do.
