

ROCK under the surface of the desolate Bruneau...
...blast...
...explosion in the same general area at a later date.

Giant Crater Is Carved by Explosion

MOUNTAIN HOME (AP)—Dust was still settling to cover a 100-foot deep crater carved out of a section of arid Bruneau River plateau of southwestern Idaho Thursday by an 88-ton non-nuclear blast. The shot, possible forerunner of an underground nuclear test...
...hurdled lava rock and dirt 3,100 feet above the site. It appeared for a while that the shot, nearly scrubbed Wednesday night when a leak was discovered in the spherical cylinder holding the liquid explosives, would have to be postponed.

Side Resigns, Appointed by Shepard

STEPHEN W. BOLLER resigned to take a law firm in Shoshone, Idaho, as an assistant to Shepard for the past year. The resignation was announced Tuesday by Attorney Allan G. Shepard.

United Fund Solicitation Nearly Done

TWIN FALLS United Fund solicitation is progressing "very well" with about 90 per cent of the goal of \$73,000. The solicitation is completed by C. W. (Bud) Wadsworth, chairman.

Settling of Paper Strike Is Expected

NEW YORK (AP)—A stepped-up drive to settle the 15-day-old AFL-CIO New York Newspaper Guild - New York Times strike was expected today following an accord between the Guild and publishers.

Nearly 200,000 pounds of nitromethane was used in the blast, which blew a crater 200 feet across and 100 feet deep in the desert floor. The ground shook from the vantage point from which this picture was taken, 3,300 feet from ground zero. (Times-News photo by O. A. (Gus) Kelker)

Desert Blast Was Powerful, Beautiful

By O. A. (GUS) KELKER
Times-News Feature Editor
BRUNEAU — It seemed peculiar, but when the big blast took place you could hear expressions of "My God" and "It's beautiful" above the rumble which speeded across the desolate test site.

Bomb Scare

LONDON (UPI) Edwin Ellis drove a 35-ton excavating machine over an unexploded bomb three times Thursday before he realized what the obstacle was. "I took a deep breath and beat it, fast," he said. But later in the day he went back to the site to give the bomb a cushion and posed for photographers.

Boycott of U.N. Called By Cambodia

UNITED NATIONS, N.Y. (AP) — Cambodia today announced a boycott of all working committees of the U.N. General Assembly on grounds the United Nations was ineffective.

New Fighting Reported in Kashmir

KARACHI, Pakistan (AP) — Radio Pakistan reported fresh fighting today between Indian and Pakistani forces on the Kashmir cease-fire line north of Chhamb.

City Plans Drive to Clean Mess in Twin Falls Alleys

"If over there was a bad side of Twin Falls, our alleys would surely fill the bill," said Twin Falls City Manager L. L. (Herb) Derrick as he and the new city sanitation engineer, Chad Thompson, drove through some of the alleys around Twin Falls, this week.

U.S. Warnings On Cigarettes Will Continue

WASHINGTON (AP) — Dr. William H. Stewart, new surgeon general of the Public Health Service, said today he supports and intends to continue the present policy of warnings that cigarette smoking is a health hazard.

Inquest Set Into Burley Man's Death

RUPERT — An inquest will be held at 7 p.m. Friday at the Minidoka county Courthouse, Rupert, to determine cause of death of Darrel Grigg, 19.

Smylie Asks Agreement on License Law

BOISE (AP) — Gov. Robert F. Smylie said today he has asked both sides in a dispute over a new Idaho contractor licensing law to try to get together on what the statute should require.

Plant Sale Is Announced In Pocatello

POCATELLO (AP) — Sale of the Thokol Chemical Corp. plant here was formally announced Thursday in a joint statement released by Dr. H. W. Ritchey, president of Thokol, Bristol, Pa., and John O. Gottlieb, Beverly Hills, Calif.

Indonesian Aide Crushes Uprising Against Sukarno

TOKYO (AP) — Indonesian Defense Minister Gen. Abdul Haris Nasution has crushed an uprising against President Sukarno and both he and Sukarno are safe and well, Radio Jakarta reported Friday night.

68 Viet Cong Dead In Delta Fighting

SAIGON, South Viet Nam (AP) — A U.S. military spokesman today reported one of the biggest battles in the Mekong Delta in months, with 68 Viet Cong bodies counted and another 100 guerrillas believed killed or wounded.

Plant Sale Is Announced In Pocatello

POCATELLO (AP) — Sale of the Thokol Chemical Corp. plant here was formally announced Thursday in a joint statement released by Dr. H. W. Ritchey, president of Thokol, Bristol, Pa., and John O. Gottlieb, Beverly Hills, Calif.

Indonesian Aide Crushes Uprising Against Sukarno

TOKYO (AP) — Indonesian Defense Minister Gen. Abdul Haris Nasution has crushed an uprising against President Sukarno and both he and Sukarno are safe and well, Radio Jakarta reported Friday night. The broadcast-announcement came a few hours after a revolutionary council led by Lt. Col. Untung, a battalion commander in Sukarno's bodyguard, announced it had seized power and proclaimed itself "the source of all authority."

OVERTURNED AND UNSIGHTLY wire trash container is typical of the vlogs to be seen in most Twin Falls alleys. Wood, rock and other debris is not required to be hauled away by city crews and homeowners must make their own arrangements to dispose of such waste material. Many alleys have become "literal" junkyards, due to thoughtless littering by citizens. (Times-News photo)

ANNOUNCING THE '66s FROM FORD!

FORDS: new quiet, ultra-luxurious LTD's, new high-performance 7-Litre models with 428-cu.in. V-8 **FAIRLANES:** lively new XL's, GT's, convertibles. **FALCONS:** new flair for the economy champ. **MUSTANGS:** more fun-filled than ever. **FEATURES:** from a new stereo tape player option...to a new Magic Doorgate for wagons (swings out for people and down for cargo).

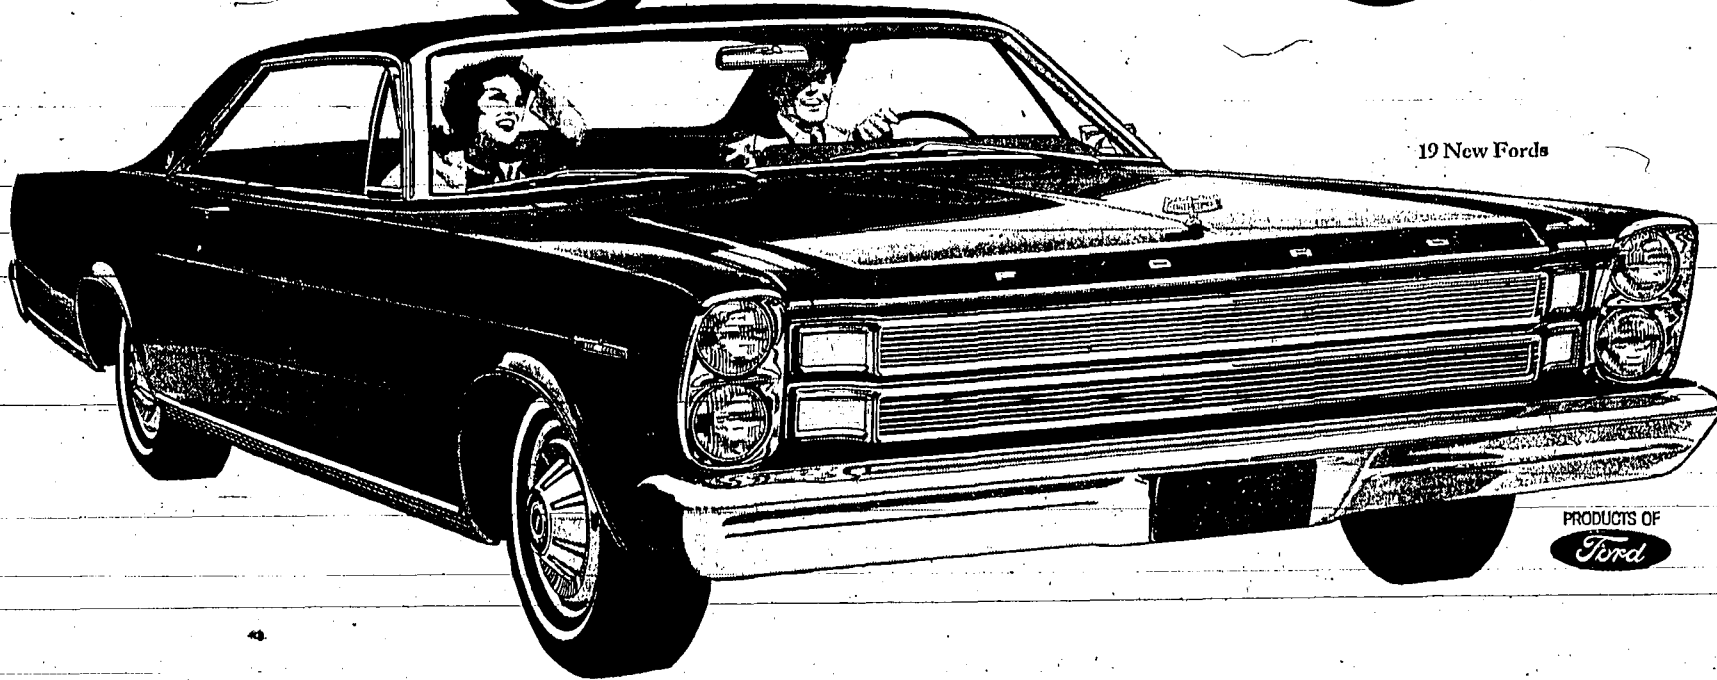

7 New Falcons

3 New Mustangs

13 New Fairlans

19 New Fords

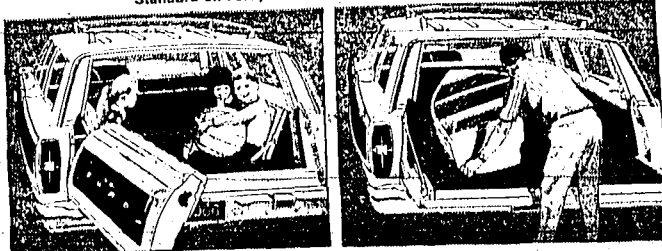

See them! Drive them!

Today at your Ford Dealer's: The most exciting line of Total-Performers ever. ■ Nineteen new Fords—offering one of the world's quietest rides. New Stereo-sonic Tape Player option—provides over 70 minutes of music. New station wagon Magic Doorgate—swings out for people and down for cargo. New V-8 power up to 428 cu. in. New 7-Litre high-performance series with 428 V-8 and front power disc brakes standard. Seven new Standard Safety Package features (on all '66 cars from Ford) including emergency flasher system. ■ Thirteen new Fairlans—still rugged and reliable, but now with new looks, liveliness, luxury. New convertibles, paneled Squire wagons, sports-luxury XL's, high-performance GT's and GT/A's. GT/A's have new "Sport Shift" Cruise-O-Matic—use it as an automatic—or as a stick shift. ■ Seven new Falcons—now America's Economy Champ is the best-riding, best-looking, most spacious Falcon ever. New body has stronger, more durable parts. Lively standard 170-cu. in. Six, optional V-8's. ■ Three new Mustangs—more fun than ever in America's Favorite Fun Car. New stereo tape player option, new 5-dial

instrument cluster, handsome new front-end grille. 200-cu. in. Six, bucket seats, sporty floor shift, all-vinyl interiors, carpeting—all standard. Biggest choice of options ever. Come try Total-Performance '66.

New station wagon Magic Doorgate—swings out for people and down for cargo. Standard on Ford, Fairlane; low-cost option on Falcon.

TWIN FALLS BUSINESS COLLEGE

260 Second Street East 733-6522

EXAMINING BEADS earned by Carol Reppeto, left, daughter of Mr. and Mrs. W. R. Reppeto, Twin Falls, and two Blue Birds, Lisa Logan, center, daughter of Mr. and Mrs. William Logan, and Becky Jo Moore, daughter of Mr. and Mrs. Roland Moore. These beads are earned by Camp Fire Girls for citizenship.

Camp Fire Girls Program Is Memorable Experience

It has been said the four main objectives of the Camp Fire program are to develop "love of the out-of-doors and skill in outdoor living"; "the capacity for fun, friendship, and happy group relationships"; "the formation of healthful habits"; and "a happy heart that will bring a girl beauty, romance and adventure in the common things of daily life."

As an integral part of the United Fund, these objectives become a girl participating in the Camp Fire program finds it one of the most memorable experiences of her youth and will carry these experiences with her throughout her adult life; thus, such a program can be a building block to an enriched and rewarding life.

and dislikes, talents or limitations. Most important, the program is intended to "develop pride in woman's traditional qualities—tenderness, affection and skill in human relationships." These are some of the necessary attributes of the woman of tomorrow.

Training in leadership includes awareness of the community. Girls learn to know a broad community resource; the workers and about the leaders.

Field trips to businesses, factories, museums and other local places of interest are one means of fostering interest in the community. Speakers and participation in local events also broaden the girl's knowledge. Better citizenship for the future results from these experiences.

Leadership opportunities for members extend beyond the group. Intergroup and council events call for assistance from older girls. At Blue Bird camps, older girls conduct the ceremonial part of the program. Occasionally, older girls plan and carry out a sports day for younger girls, involving leadership. Many other programs implement the widening of leadership qualities.

Citizenship also is an important facet of the Camp Fire girls program. Honor beads are earned in this category. Although beads are earned only in the Camp Fire and older levels of the program, Blue Birds also include citizenship in their objectives.

Service projects help develop concern for others. "Give Service" is the motto of the organization.

Maintaining good grades in school and participating in such campaigns as safety or physical fitness count for honors in citizenship. Church activities and attendance, care of children in a church nursery, helping other organizations in one's church, all are a part of this "craft."

ENROLLMENT IS RECORD
LEWISTON (UPI)—Enrollment at Lewis-Clark Normal School has reached 659, the highest number in its history. Although heads are earned only in the Camp Fire and older

Failure

BANGKOK, Thailand (AP)—Police have discovered that a drive to keep counting couples out of public parks at night may have backfired.

The couples are now meeting in temple courtyards, where sanctuary from the law is considered a traditional privilege. Police officials say they have asked monks of the hundreds of temples in this Buddhist nation to help keep the couples out of the courtyards.

Youths to Stand Trial on Assault

ROBERT—Four Burley youths were bound over to district court after a preliminary hearing held Wednesday afternoon by Probate Judge Lowell Blacker.

Charles Valdez, 20; Cleo Tamos, 19; Dan Alexander, 16; and Gustavo Alexander, 16, are charged with assault with intent to commit murder in connection with a shooting incident Sept. 4, outside Gary's Sugar Shack, located on the grounds of the old W-V armory property in north Burley.

The four are accused of wounding Leon Bruner, 17, Heyburn, and Frank Warr, 20, Burley.

Attorney for the Burley youths is Norman L. Nielson, Burley, and they are being held in the county jail in lieu of a \$5,000 bond.

Lincoln Continental for 1966: unmistakably new, yet unmistakably Continental.

Continental. There is a new high-performance 462 cubic inch engine and an all-new transmission. Together, they provide an even smoother flow of power.

In addition to an impressive list of standard equipment, Continental offers innovations in luxury options. For example, there is an all-new Stereo-Sonic Tape System/AM radio. Simply put in a cartridge and four-speaker stereo sound is yours. And there is the new temperature control system that automatically maintains the temperature you select, regardless of changes in the weather outside.

Come take a closer look at Continental for 1966. Accept your Continental dealer's invitation to drive it, experience it, and to discover how easy it can be to own a Lincoln Continental.

One look tells you Continental styling is new, totally new from the dynamic front grille to the graceful contours of the rear design. And yet you know that this new styling is a contemporary expression of the continuing Continental look. All three new models are distinctively Lincoln Continental. Each is built to the highest standards in the world and tested more thoroughly than any other car.

Inside Continental, you will find increased spaciousness; more head room, more shoulder room, more trunk space. New reserves of power are yours to command in the Lincoln

Idaho News

DIRECTOR APPOINTED
LEWISTON, Idaho (AP) — A Latah County public health nurse, Mrs. Franklin Grace Smith, has been appointed director of the new School of Nursing at Lewis-Clark Normal School.

The announcement was made by College President Wayne Sims, who said the State Board of Education approved the appointment Wednesday. Mrs. Smith will assume the post Oct. 18.

COOP WEEK PROCLAIMED
BOISE (UPI)—Gov. William F. Dreyfus, acting as chief executive in the absence of Gov. Robert E. Smylie earlier this week, proclaimed Coop Week in Idaho.

Dreyfus urged Idahoans to "celebrate and give recognition to the importance of farmer cooperation in the state."

Farmer cooperatives, the acting governor said, "make a significant contribution to a sound agricultural economy in Idaho, and are a means by which individual farmers may pursue a pattern of independently owned and operated farming units."

GRANT APPROVED
BOISE (AP) — A grant of \$3,012 to finance operations of the Idaho State Office of Economic Opportunity has been approved by the federal OEO office.

Sen. Frank Church and Rep. Compton J. White, Idaho Democrats, said the state OEO office will use the funds to provide technical assistance to communities planning community action programs.

TO PURCHASE LAND
BOISE (UPI)—Idaho's Department of Highways soon will begin purchase of right of way for the Boise by-pass and the Interstate connector route, John P. Mix, department chief of right of way agent, said Thursday.

In conjunction with land purchases, Mix said the department will provide relocation advisory assistance to occupants of dwellings affected.

The highway department has estimated that approximately forty dwellings will be affected by highway construction in the Boise area, Mix said.

Construction of Interstate Highway No. 16 in the Boise area is scheduled to begin in 1966. Its completion will provide full inter-state travel from the Oregon Line at Ontario through to Mountain Home.

HASNT READ LETTER
BOISE (AP)—Gov. Robert E. Smylie says he hasn't read a letter from Greater Idaho, Inc., asking him to call a special session on the city but that he will "when the opportunity presents itself."

The letter, written by the pro-ban organization's president, Philip Jungert of Lewiston, contends the sales tax law would be defeated at the 1968 referendum and asks that the special session be called to enact its revenue program.

Smylie said, however, he doesn't attach much value to the suggestion.

Greater Idaho, Inc., advocates a gaming program similar to Nevada's with proceeds going to teachers, veterans, state employees and the state general fund.

Mrs. Lee's Funeral Held

HEYBURN—Funeral services for Mrs. Laura Edna Lee were conducted Tuesday at the Heyburn LDS Second Ward Chapel by Bishop Ned Moon.

The family prayer was by Norman Lee and Mrs. LaPriel Stoddard played meditation music.

The life sketch was read by Bishop Moon and Ralph McCornis was speaker. Remarks were offered by Woodrow Darley and Mrs. John Woodskov.

Special music was presented by two duets consisting of Glynda Wilcox and Reed Jensen, and Mrs. Keith Bailey and Mrs. Ray Bailey. A quartet formed by Donald Handy, Desmond Welch, Jensen and Wilcox also sang.

The invocation was by Joseph Horn and Charles Morrison gave the benediction.

Funeral arrangements were under the direction of the second ward Relief Society Singing Mothers.

Palbearers were Darrell Tiley, Allen Lee, Denny Hellowell, Francis Wilcox, Scott Gray and Vern Lewis.

Last rites were held at the Riverside Cemetery, Heyburn, where Arlo Leo dedicated the grave.

REMAINS SATISFACTORY
CALDWELL (UPI)— Reynolds McMillan Jr., 23, Caldwell, wounded in a shooting incident earlier Thursday, remained in satisfactory condition Thursday night at a Caldwell hospital.

Caldwell police charged Evident Milton Terry Jr., 29, Route 7, Caldwell, with aggravated assault and battery in connection with the incident.

McMillan was struck in the left knee with a .22 caliber bullet in front of a food store on the west side of the city.

Terry was held in Canyon County Jail in lieu of \$100 bond. The case was continued to 10 a.m. Friday morning.

RECEIVES GRANT
WASHINGTON (UPI)—The Idaho State Office of Economic Opportunity has received a \$34,012 federal grant to help communities plan and coordinate anti-poverty programs.

The grant was announced Thursday by Sen. Frank Church and Rep. Compton J. White Jr., Idaho Democrats. They said the money will be used to provide technical assistance to the Idaho communities for local campaigns under the community action program.

OFFICERS ELECTED
WALLACE (UPI)—The three-day convention of Idaho County Assessors ended Thursday following election of officers and selection of Mountain Home as the site for the 1968 convention.

Officers named included: Vearl Crystal, Rigby, Jefferson County assessor; president; George Jensen, Idaho Falls, vice president; Eugene Taylor, Moscow, secretary; and Don Jensen, Paris, treasurer.

The assessors voted during the day to set up districts within their state organization so that there was a local continuity and strength in the presently constituted state association.

Roy D. Leonardson, Boise, offered the districting proposal saying he felt assessors now have too little say on the state commission for decisions on tax matters.

26 Valley Students Earn Degrees

IDAHO STATE UNIVERSITY
POCATELLO—There are 26 Magic Valley residents among the 128 students who qualified for degrees during the summer session at ISU.

They will receive their degrees at the 30th annual commencement June 5, 1965.

Completing requirements for bachelor of science degree in mathematics is Jacqueline Bare, Rupert.

Bachelor of arts, College of Education, candidates include: Debra L. Bachner, Haxton; Alice K. Christolm, Burley; Mary Fern Crandall, Rupert; Marjorie L. Eldredge, Shoshone; Dorothy Grow Guest, Twin Falls; June Savage Haggard, Kimberly; Fanne L. Haines, Oakley; Gerda L. Henderson, Gooding; and Fred Lee Jackson, and Hazel G. Kleinkopf, both Jerome, all elementary.

Others are Sally Lucille Lee, Jerome; Kathlyn Cranney Mayes, Oakley; Melba Rowlands, Jerome; Carl Nels Swanson, Castleford; Etta Viola Taylor, Almo; and Marian Nye Taylor, Malta, all elementary.

Bachelor of science, College of Education — Glenn Ernest Cannon, Twin Falls, elementary; Clyde Bruce Landreth, Hazelton, education, social science; Elmer W. Parke, Gooding, education-physical education; Thomas M. Vaughn, Wendell, elementary.

Bachelor of science, College of Business Administration — Jonathan J. James, Harrington, Twin Falls, general business. Division of medical arts — Linda Rose Callahan, Oakley; Regina I. Durfee, Wendell, and Robert Eugene Zagata, Buhl all bachelor of science, speech pathology and audiology. Master of arts in education, Joan Helen Zillner, Burley, elementary education.

Miss Kohnopp Heads Filer Club

FILER—Linda Kohnopp has been elected 1965-66 president of Dedoulmal at the Filer High School.

Susan Russler is vice president; Gloria Lassen, secretary; Colleen Bingham, treasurer, and Ellen Lanting, reporter. Mrs. Lataine Hughes is faculty advisor.

The group states its goals are to serve the school and the community. A present project is making the football programs for the home games. The group sponsored a freshmen orientation assembly at the beginning of the school year.

FEATURED SPOKER at the Idaho Art Association conference that started Friday at Sun Valley is Joseph Mugnaini. His Academy Award-winning film "Icarus," is one of the highlights of the Friday night season, which is open to the public. (Sun Valley photo)

Academy Award-Winning Film Is Feature of Meet

Joseph Mugnaini, a teacher for many years at Otis Art Institute, Los Angeles, is the featured speaker at the ninth annual Idaho Arts Association conference, Sun Valley, Friday through Sunday.

He is widely recognized for his work as an illustrator for both Heritage Press and Limited Editions.

His Academy Award-winning film "Icarus," the story of a man about to be projected into space written by Ray Bradbury, is one of the highlights of the Friday night session, which is open to the public, from 7 to 9 p.m. in the Opera House.

In keeping with this contemporary theme, Helen Apperly will open the program with her spectacular "Composition in Projected Light," an avant garde expression of a mobile form of visual art.

The third portion of the event is given over to Mrs. Vesta Ward, well known as a state

Rocky Mountain Gas Elects Head

DENVER (UPI)—Collis P. Chandler Jr., president of Chandler and Associates and the Chandler-Simpson Oil Co. of Denver, was elected president of the Rocky Mountain Oil and Gas Association Thursday.

Chandler succeeds Warren A. Myton of Casper, Wyo.

Thomas F. Strunk of Casper was named vice president for Wyoming; Charles W. Corbett of Denver was re-elected vice president for Colorado; and R. W. McCanne of Denver was elected treasurer, succeeding Walter W. Wittinger, who held office for eight terms.

Other officers are Richard M. Morrow, vice president for Nebraska; George M. Washington, vice president for Montana; and Fred H. Evans, vice president for Utah and Idaho.

Miss Kohnopp Heads Filer Club

T.F. School Has Exchange Program Talk

John Wolfe, president of the Twin Falls chapter of the American Field Service, spoke at an assembly Tuesday at Twin Falls High School about foreign exchange students.

Mrs. John Breckenridge is American Field Service mother and Martin Gutierrez is Twin Falls High School exchange student.

Frank Barnett, Twin Falls chief of police, spoke about alcoholic beverages and what would happen if a student was found with it in his or her possession or consuming it if under the age of twenty-one. He said it would ruin chances of getting into colleges, the armed forces and of getting a good job.

At the end of the assembly student body president Paul Fink announced the class officers for the 1965-1966 school year.

The sophomores elected Scott Williams, president; Scott Crutcher, vice president; Leslie Benoit secretary, and Toni Florence, treasurer.

Junior elected Bill Van Engelen, president; Jerry Routh, vice president; Alice Simonds, secretary, and Patty Berry, treasurer.

Seniors elected Rip Wilson, president; Jim Mottern, vice president; Bonnie Williams, secretary, and Carolyn Brodine, treasurer.

Services Held For Carl Dudley

Funeral services for Carl C. Dudley, 81, Twin Falls, who died Sunday were held at 2:30 p.m. Wednesday at the First Methodist Church with Dr. Harold N. Nye and Rev. Henry J. Grunhardt officiating.

Soloist was Mrs. Russell Potter and organist was Mr. Tom Holter.

Palbearers were Carl Boyd, Frank Briggs, Henry Cour, Lloyd Davidson, Albert Dougherty and Malloy-Fisher.

Concluding services were held in Sunset Memorial Park.

Identical Names Cutoff Date Is Set for Water

HINGHAM, Mass. (UPI) — A North Weymouth girl will have identical first and last names when she weds.

Miss Joyce Mary Barrett wed Thursday for a license to wed Joseph C. Joyce of Hingham. His mother's maiden name was Cella Joyce. His mother's maiden name was Mary A. Barrett.

The two families are not related.

Hansen Says Bill Not as Objectional

BOISE (AP) — Rep. George Hansen, R-Idaho, says a compromise version of the federal immigration bill eliminates most of the objectional features of the original House measure.

Hansen voted against the original bill but supported the compromise which will be signed by President Johnson Sunday.

The Idaho Republican said he was pleased with a section of the compromise limiting the number of immigrants from Western hemisphere countries.

"This restriction of immigrants from areas in Central and South America which have contributed significantly to increasing welfare costs and Communist infiltration," said Hansen, "is obviously of extreme importance to us and the Communists."

Lutheran Women Slate Fall Rally

Buhl.—Informative films, committee and convention reports will highlight the Lutheran annual fall rally meeting to be held Sunday at St. John's Lutheran Church in Buhl.

The event will begin with registrations from 2:30 to 3:30 p.m. The opening devotionals will be by Rev. John Frese, Jerome zone councillor. Mrs. Irene Westendorf, Gooding, zone chairman, will conduct the business session.

Reports will be submitted by Mrs. Lorna Werner, Christian growth chairman; Mrs. Doris Rainke, first vice president; and Mrs. Jo Anne Meyer, retreat chairman.

Theme of the afternoon meet is "Spotlight on Brazil." A film on the work being done there will be shown as well as highlights on the national convention held in July at San Diego, Calif. Mrs. Louise Kummerlohr, district president, will speak at the conclude. Special entertainment will be presented by the Burley League. A supper will be served at 5:30 p.m. followed with a fellowship hour. The closing devotionals at 7 p.m. will be presented by the local League.

The regular church evening

Tuttle Grange Officers Listed

Those to be installed are William Maude, master; Ed Davis, overseer; Mrs. William Utlican, lecturer; Mrs. Boyd Graves, treasurer; Mrs. Glenn Patterson, secretary; Walter Stewart, gatekeeper; Glenn Patterson, steward; Mrs. Raymond Lower, chaplain.

Gene Miller, assistant steward; Mrs. Ed Davis, Ceres; Mrs. William Maude, Pomona; Mrs. Walter Stewart, Flora; Mrs. Gene Miller, lady assistant steward; Raymond Wright for three-year term as executive committee member; William Utlican, two-year term as executive committee member.

Mrs. Maude was elected home economics chairman.

Henry Stratton Honored at Rites

TEROME.—Funeral services for Henry Leroy Stratton were conducted Wednesday afternoon at Home Funeral Chapel by Bishop Herrick M. Drake.

Family prayer was given by Dwight Thompson and the invocation by President Ross C. Lee. Musical selections included a solo by George Bennett and quartet numbers by Wayne Thompson, Bennett, Raymond Jones and Carl Havens.

pallbearers were George Walker, David Walker, Henry Reid, Larry Young, Neal Young and Tom Sauer. Flowers were carried by the Second Ward Reformation Society members, John L. Stratton dedicated the grave at the Jerome cemetery.

ENROLLMENT NOTED—MOSCOW (UPI)—Enrollment at University of Idaho stood at 5,934 Friday, nearly 800 more than a year ago, university officials reported.

PIPING—ENVELOPES—with pamphlets on fire prevention are three members of the Twin Falls Fire Department. They are among many firemen who prepared envelopes of pamphlets to be mailed to Twin Falls residents Friday for Fire

Pamphlets Being Sent Out For Fire Prevention Week

L. Z. Bartlett, Twin Falls fire chief, Friday urged a renewal of fire prevention efforts through-out Twin Falls to hold down loss of life and destruction of property.

Bartlett announced that Fire Prevention Week is Sunday through Oct. 9.

The local fire department is mailing out fire prevention pamphlets and safety check lists to all Twin Falls residents. Bartlett said homeowners are urged to use these check lists and check out the condition of the home in regards to fire prevention.

Bartlett said fires are failures. He said every hour, fire destroys or damages 67 American homes. Every hour and 20 minutes, one person—most frequently a child or elderly person—dies in a dwelling fire, Bartlett added.

"These figures," Bartlett said, "are the measure of our failure to heed fire hazards, and the measurable results of our failure to correct them."

Prevention Week, Sunday through Oct. 9. From left are Larry Crippen, John King and Lloyd Gumbrel. Twin Falls residents are urged to remove all fire hazards and make their homes safe from fire. (Times-News photo)

and uncleared rubbish becomes a breeding place for fire," states Bartlett.

"The cause of most fire deaths in the home also is no mystery. They occur when the simple rules of safety from fire are violated—smoking in bed, leaving children alone in the house and neglecting to teach children stuffed chair, electrical circuits that matches and lighters are overloaded and overused—not playthings."

A critical failure is being unprepared for fire emergencies in the home, states Bartlett.

Fire Prevention Week is a time to recognize this fact and to act to remove hazards and reform habits.

Bartlett concluded, "Your actions and attitude now can make you and your family safe from the tragic consequences of fire in the months ahead."

Special Mass Ordered for U.N. Mission

VATICAN CITY (AP)—The Vatican Ecumenical Council today ordered a special Mass in St. Peter's Basilica for the success of Pope Paul's mission to the United Nations.

The Mass will be celebrated before the bishops of the Roman Catholic Church hierarchy as the pontiff's plane is flying over the Atlantic Ocean on its way to New York Monday.

In another action, the council scheduled a one-week recess to give its drafting commissions time to rewrite controversial declarations on religious liberty and modern world problems, including birth control.

The 2,200 cardinals, patriarchs, archbishops and bishops were told that the council would not meet the week of Oct. 18.

It was the first time since the council convened in 1962 that such a break has been scheduled in the midst of a session. The council is now in its fourth and final session, with officials hoping to wind up its business by Christmas.

Buhl Election Data Reported

BUHL.—Nominating petitions for the Buhl city election slated for Nov. 2, when a mayor and two councilmen will be elected to four-year terms, may be filed beginning Oct. 7 with the deadline set for Oct. 20, according to city officials.

Registration books will open Oct. 7 and close Oct. 20. Reed P. Maughan, who has served as mayor for Buhl for the past two years, has announced his intention to seek reelection to the post.

Robert Peterson, ward two, who has served eight years and eight months on the council, indicated he will not seek reelection. Myron Thompson, councilman of ward one, who has served four years and eight months, was non-committal at this time.

CONSTRUCTION ANNOUNCED
NEWARK, N.J. (AP)—A \$3-million mental health center and a \$250,000 day care center for retarded children will be built by the state on an urban renewal site in Newark, mayor Hugh J. Addonizio has announced.

YOUR BIRTHDAY and HOROSCOPE

FRIDAY, Oct. 1—Born today, you are made of very strong stuff indeed, being one of those who can face almost any crisis and still come up not only fighting but smiling. Life, as you see it, was meant to be lived brightly as well as bravely, and it is not enough for you merely to struggle against adversity; you must stand up justly and fully aware that the "bad" in one's life is as necessary to the fabric of the whole as the "good."

It is people such as you who, ultimately, make the world go round. People who refuse to accept defeat as doing, who turn defeat into victory. It is people such as you who create order out of chaos, good out of bad, and the possible out of the impossible. For those of your caliber, need is not the mother of invention; all things are gists for your mill.

You may never be a great financial success. You may never win any prizes as Mr. or Miss Congeniality. You will, however, live life to its fullest, knowing sadness and joy, pain and pleasure, love and hatred, success and failure—and reveling in all of it. Those fortunate enough to be in your circle of intimates will know that they have been in the presence of a complete human being.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

Saturday, Oct. 2
LIBRA (Sept. 24-Oct. 23)—The decisions you make today may have to last you a long time, so take care. Family affairs should be your first concern.

SCORPIO (Oct. 24-Nov. 22)—Set your course before you get underway. Avoid carrying the burden of unneeded emotional or material gear.

SAGITTARIUS (Nov. 23-Dec. 22)—Respond to the younger generation. Where you approve, let your approval be known—and vice versa!

CAPRICORN (Dec. 23-Jan. 20)—Easy and difficult chores can be handled readily if you keep your wits about you. Rely on your best judgment.

AQUARIUS (Jan. 21-Feb. 19)—The wisdom of your decision and not the speed in what counts most. Avoid taking anything at face value.

PISCES (Feb. 20-March 20)—Complete household chores early. Then spend the remainder of the day in close communication with family members.

ARIES (March 21-April 20)—Don't attempt to schedule your time too closely today. Unexpected—and pleasant—happenings may require changes of mind.

TAURUS (April 21-May 21)—Move at your own speed today. The biggest services you can do yourself is to try to keep up with the "other person."

GEMINI (May 22-June 21)—Best to relax your hold on younger family members at this time. Dependence only breeds more of the same.

CANCER (June 22-July 23)—Deal with business matters only where necessary. This should be a day dedicated to family affairs.

LEO (July 24-Aug. 23)—Don't pronounce yourself ready for any activity until you feel you really are.

VIRGO (Aug. 24-Sept. 23)—Timing is all-important today. Know what has to be done and when to do it, and you should know success by day's end.

SATURDAY, October 2—Born today, you are inclined to be overly modest about your accomplishments, or even your possibilities, taking what might be called "delight" in hiding your light under a bushel. Modesty is a virtue, to be sure, but when carried to the degree as you are prone to carry it, it becomes a handicap to success in your private and professional lives.

Although you make friends easily, once you decide to do so, you give off an initial impression of shyness, even aloofness, that is likely to complicate your relationships at first. This makes it difficult for others to feel that they really know you. Learn to value yourself more than you do; you have many excellent qualities, and not recognizing them or making them known is a crime against yourself.

For one of your basic nature, an early marriage may well be best. The love and dependence upon you of a family, could be what you need to give you worth and to encourage you to "blow your own horn" as much as other people do, and perhaps—with great justification, incidentally—even more so.

To find out what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

Sunday, October 3
LIBRA (Sept. 24-Oct. 23)—Turn away from material gain and toward spiritual benefits. Do a good deed you might have overlooked.

SCORPIO (Oct. 24-Nov. 22)—Master your own emotions and you will be able to master this day, regardless of what it brings.

SAGITTARIUS (Nov. 23-Dec. 22)—Expert status is won only with difficulty. Stick to it at hand and your success is assured.

CAPRICORN (Dec. 23-Jan. 20)—A happy day shared with happy friends. Have fun—but don't take romance too seriously.

AQUARIUS (Jan. 21-Feb. 19)—Be on the alert for opportunities from unexpected quarters. Friends have your best interests at heart.

PISCES (Feb. 20-March 20)—Avoid friction with family members, especially with those of the younger generation. This is the time to help.

ARIES (March 21-April 20)—Disregard rumors concerning those at a distance. Make contacts to discover what's what.

TAURUS (April 21-May 21)—One picture is worth a thousand words. Remember this, and guide others through demonstrations rather than lectures.

GEMINI (May 22-June 21)—A day when you may well be known for the company you keep. Work toward your spiritual benefit.

CANCER (June 22-July 23)—Morning worship should set your mind and heart in the direction of the good.

LEO (July 24-Aug. 23)—The step-by-step approach serves best today. After morning worship, take things as they come.

VIRGO (Aug. 24-Sept. 23)—A day which may seem unimportant now, but which will prove helpful later. Make decisions with care.

Church Urges Federal Aid To Education

POCATELLO (AP)—A call for increasing amounts of federal aid to all levels of education, coupled with prohibitions against government intrusion has been voiced by Sen. Frank Church, D-Idaho.

The Idaho Democrat, speaking Thursday at the annual meeting of District 5, 6 and 7 of the Idaho Education Association, also called Idaho's increasing expenditures for education.

Church called 1965 "the greatest year for public education in the history of Congress."

"By happy coincidence," he continued, "the same can be said for our own state legislature."

He noted, however, that Congress failed to make provision for construction in its elementary and secondary school acts.

"Accordingly," he said, "I am co-sponsoring a bill to provide funds for elementary and secondary school construction."

But Church also called for continuing local control over education.

INADEQUATE AND LIDLESS garbage cans are in use by the majority of Twin Falls residents. The wind or stray dogs can get at this garbage and strew it all over the alley, causing many unwholesome and unsanitary conditions. Many junk cars and evidence of burned garbage, all of which are against city ordinances, can be found in most Twin Falls alleys. (Times-News photo)

Cleanup of T.F. Alleys Is Planned

(Continued From Page One) their rounds made, yet people seem to expect them to do just that.

"If they want this extra service, they had better be prepared to pay the three or four dollars per month it would require," said Derrick.

"What we need," said Derrick, "is an organized cleanup campaign in our alleys and back yards. Up until recently we haven't been enforcing ordinances concerning garbage disposal and sanitation, but if we can't get the citizens in cooperation in cleaning up our alleys and keeping them clean, we will have to start issuing citations for violations," added Derrick.

Some of the most frequent violations are burning organic garbage, inadequate and lidless garbage cans, junked autos left in the alleys, rock, brick, logs and scrap iron along the alley right-of-way, garbage cans in the alley right-of-way, faulty incinerators, trash strewn around garbage cans and a host of other violations.

It also has been noticed that many small buildings and fences are in the alley right-of-way. Junk yards occupy many back yards in residential districts and add to the unwholesome and unsanitary conditions of the alleys.

Derrick said, "I don't think the people of Twin Falls are so poor that they can't afford to hire someone to come haul away the accumulated junk behind their homes or do it themselves."

Girls' Stater Speaks to Club

Girls' State delegate, Cathie Hamlett, was guest speaker during the Twin Falls Scorpimist Club meeting Tuesday night at Wegener Coffee Shop dining room.

Miss Hamlett spoke on government, people and activities at Girls' State in June at Caldwell. Miss Hamlett was introduced by Mrs. Christina Peterson, program chairman.

Mrs. E. W. Walker was welcomed as a new member. It was announced that Founders Day dinner will be held at Depot Grill in October.

RECEIVES MEDAL

Scouts Making Plans for Farm-City Week Activities

Cub Scouts, Boy Scouts, Explorers and adult leaders of the Snake River Area Council will join forces with other youth groups, business professional, and farm organizations in the observance of Farm-City Week, Nov. 18 to 25.

Scout Executive Michael J. Mazzone said Friday that Farm-City Week will involve boys and leaders in activities that show the important role being played by both farm and city people in the American way of life.

By bringing neighbors together, Mazzone said, there comes a better appreciation of the interdependence of urban and rural communities.

The President of the United States—proclaims Farm-City Week officially each year. Bipartisan congressional resolutions passed each year endorse its observance.

The program is developed by the National Farm-City Committee, Inc., which has more than 150 members representing

farmers, business, industry, government agencies, schools, associations, youth and civic organizations of many kinds. Their efforts are entirely voluntary.

Scouting is one of the most successful Farm-City programs in the United States today, Mazzone said. It has a grand total membership of 3,585,700 boys and adult leaders in 140,191 units.

Currently, there are 33,414 rural Scout units and 1,017,840 rural boys and adult leaders in scouting. Thousands of other rural boys are members of Scout units meeting in suburban or larger communities.

Thirty-five of the more than 100 merit badges available to Boy Scouts deal with animal husbandry, plant cultivation and other items of special interest to rural boys. Mazzone said that besides assisting local organizations in the public observance of Farm-City Week, by acting as flag bearers, aides and messengers, exchange visits will be held between urban rural units.

Some Scout units will build and place exhibits and window displays showing the interdependence of rural and urban people and how Scouting serves both areas.

Others will present programs to churches or synagogues, service clubs and other public groups.

Shirley Walker reported on subscriptions to the PTA magazine. Mrs. Dallas Brown took the roll call. Rev. Kennedy conducted a song fest with Mrs. Alan Pierce accompanist.

Mrs. Calvin Harper played a recorded speech on "The Dream of Peace" by Dr. John Forbo. Floyd Bowers presented the teachers and Mrs. B. P. Johnson presented each with a corsage and boutonniere.

Cleans Clothes CLEANER! Troy National LAUNDRY CLEANERS

It was a man destined to change the destiny of the world. From his theories, a dozen years later came the atomic bomb. His name was Albert Einstein. Remember the year? In those days it didn't take a mathematical genius to figure out that a car was an important investment—and legitimate savings in a better deal were worth taking advantage of. The year was 1933. Today, an even smarter car shopper is looking for savings. You'll be surprised at how much we can save you on a brand-new Dodge, Chrysler or Imperial. We'll give you the business to stay, and we'll give you a better price on each car. So we can give you a better deal, at 1101 Hesse's Dodge City, 500 Block 2nd Ave. S., Twin Falls, Phone 313-5776.

Haul

CHESTER, Pa. (AP)—Hurler stole a new truck and a load of supplies from Joseph Pastuzer's building supply firm this way. They also took a German shepherd watchdog.

REMEMBER WHEN?

By BOB REESE

Many things happened that year. Roosevelt was inaugurated for the first time, and in his inauguration day address he told a nation gripped by depression that the "only thing we have lost is fear." Prohibition ended that same year, and the day of the speakeasy was over. The N.R.A. was "born," but the breadline continued to grow.

Over by Europe a man named Hitler was in the news, begging to greater prominence in Germany. And from that came led came a stream of refugees coming the way of the land of freedom. One of those refugees was a mild, middle-aged man with a striking spray of white hair. He settled in New Jersey, at Princeton.

He was a man destined to change the destiny of the world. From his theories, a dozen years later came the atomic bomb. His name was Albert Einstein. Remember the year? In those days it didn't take a mathematical genius to figure out that a car was an important investment—and legitimate savings in a better deal were worth taking advantage of. The year was 1933. Today, an even smarter car shopper is looking for savings. You'll be surprised at how much we can save you on a brand-new Dodge, Chrysler or Imperial. Miriam Rebekah Lodge Convenes For First Meet

FILER—Miriam Rebekah Lodge held its first meeting of the season at the IOOF Hall. A luncheon preceded the business meeting, which was presided over by Mrs. Lynn K. Childers, president. Other guests included a number of family picnic and social acquaintances at the fair. Mrs. H. A. Childers reported on the 100th anniversary of the lodge, which she attended in Caldwell, Mrs. David Cooper, deputy. Mrs. Cooper and Mrs. Childers were elected delegates to the Rebekah Assembly stated Oct. 18 in Caldwell. Mrs. Ruby asked each member to bring another member to the Tuesday meeting. The Rebekah committee is Mrs. Victor Hostetter, Mrs. Victor Ralph, Mrs. C. E. Lancaster and Mrs. Glen Hostetter.

Annual Harvest Festival Set For Saturday

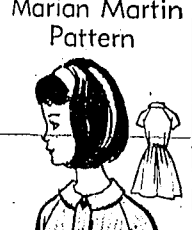

FILER—Rebekah Lodge No. 23 and Twin Falls Lodge No. 23, Independent Order of Odd Fellows, will host the annual Harvest Festival from 9:30 a.m. to 8 p.m. Saturday in the Odd Fellows Hall, 235 Third Ave. E. Mrs. Glynn Smith, general chairman of the event, reports that lunch will be served from 11 a.m. to 2 p.m. and that the booths in the bazaar are open all day. As in the past, such items as cooked food and candy, handwork, aprons, quilts and other homemade items will be offered for sale. A very successful festival in former years, the Harvest Festival raises funds for the improvement of the hall which serves as a meeting place for several Twin Falls organizations. Assisting Mrs. Smith on the general committee are Mrs. E. J. Gentry, Mrs. Claude Wiley and Mrs. Geneva Baird. In charge of the various committees are Mrs. Winnifred Benedict, kitchen; Mrs. Georgia Martin, cooked food; Mrs. Merrill Porter, candy; Mr. and Mrs. Carl Ridgeway, country store; Mrs. Alice Shuler, fancy work; Mrs. Bill Conbery, aprons; Mrs. George Benjamin, children's clothing; Mrs. J. L. Lazarus, knick-knack; Mrs. Tillie Hall, quilts; Mrs. Myrtle Bair, grab-bag; and Mrs. William Boyd, publicity.

Jay-C-Ettes Host Dinner

FILER—Mrs. Helen Welker, state president, and Mrs. Shirley Hartburg, state vice president, were guests of honor at a dinner hosted in Hall by the Filer and Ruhl Jay-C-Ettes. The Filer unit reported on the Mexican food booth they operated at the Twin Falls County Fair. All proceeds from the booth are to be donated to the Happy Day School, Twin Falls.

MR. AND MRS. LARRY WATSON
(Shlg Morita photo)

Area Couple Marries in LDS Temple

RUPERT—Mr. and Mrs. Larry Watson were united in marriage in the LDS Temple in Salt Lake City, Utah, Saturday. The bride is the daughter of Mr. and Mrs. Melvin Durrant, Rupert, and Watson is the son of Mr. and Mrs. Darrell Watson, Arimo. The double ring ceremony was performed by President William Kilpatrick. Guests accompanying the couple to the temple were the parents of the bride, Mr. and Mrs. Dean Durrant, Salt Lake City; Mr. and Mrs. Wayne Wheatley and Stephen Wheatley, Robin; and Mrs. Ruel Christensen and Mrs. Lulu Welch, Arimo. The bridegroom's parents hosted a wedding breakfast at Westbank following the ceremony. A reception was held in the Rupert LDS Cultural Hall. The couple greeted guests before a large white heart-shaped arch accented with a cluster of wedding bells tied with pink ribbon. Large floral baskets of pink and green gladioli flanked the arch. The bride wore a floor-length gown of white satin, fashioned with tiers of lace over the full skirt. The gown featured a scalloped neckline, long pointed sleeves and a cathedral train. Her shoulder-length veil was held by a pearl tiara. A cascading arrangement of pink roses and carnations centered with a white orchid formed her bridal bouquet. Marjorie Durrant, sister of the bride, was maid of honor. Bridesmaids were Rena Watson, sister of the bride; Beverly Durrant, sister-in-law of the bride; Imogene Hadley and Carolyn Smith. Stephen Wheatley and K. L. Dahlke were attendants to the bridegroom. Sheldon Durrant and Kimbal Watson, brothers of the couple, were giftbearers, assisted by

Mrs. W. Shouse Gives Lesson

HAZELTON—Mrs. Walter Shouse presented the lesson when the Hazelton United Presbyterian Women met at the home of Mrs. Claude Bernard. Mrs. Shouse chose her topic, "The Reluctant Missionary," from the book of Jonah. Mrs. E. C. Bair gave an explanation of the Fellowship of the Least Coin Fund. Mrs. Shouse and Mrs. Ethelyn Walkington were appointed co-chairmen to compose a tentative schedule plan for the coming year. It was announced that the Kendall Presbyterian Workshop will be held Oct. 27. All members are urged to attend. The next meeting is Wednesday in the church social hall, with Mrs. Bair as hostess.

Mary Amende, Bristol Recite Nuptial Vows

AUBURN—The Magic Valley Christian College Chapel was the setting for the Sept. 5 ceremony in marrying Mary Lynn Amende, daughter of Mr. and Mrs. Keith Amende, Albon, and Bruce Bristol, son of Mr. and Mrs. Randle Bristol, Twin Falls.

The double ring ceremony was performed by Don Neilson, minister of Magic Valley Christian College, before an arch flanked by candelabra, arrangements of fern and beauty baskets of yellow chrysanthemums and lavender gladioli. The bride, given in marriage by her father, recited vows in a floor-length gown of white satin, accented with a lace bodice and long lace sleeves with a high ruffle at the neckline. Her shoulder-length veil of illusion was adorned with lace and fell from a tiara of white feathers. The bride styled and made her wedding gown.

She carried a cascade arrangement of flowers made of white and lavender feathers. Sharon Amende was maid of honor. Bridesmaids were Anna Marie Amende and Judy Clark. Carol Amende was flower girl. Candlelighters were Gloria Amende and Susan Amende.

Keith Farris was best man. Gary Bristol was ringbearer. Ushers were Andy Bristol, Morgan Love, Gary Sadler and Larry Hammel.

Don Neilson was soloist, accompanied by Mrs. Bruce Turner. Traditional wedding music was sung by the Rupert Church of Christ Chorus with a Harding College Chorus recorder. Mrs. Keith Farris and Judy Barkdoll sang, accompanied by Judy Graham.

The wedding cake, baked by Mrs. Delores Anderson, was decorated in pink and green and topped with pink satin wedding bells. Guests were served at quarter tables covered with green net over white linen and centered with milk glass bud vases holding pink gladioli.

Serving punch and cake were Linda Mills, Mrs. Sharon Stoker, Gloria Russell, Berdine Dahlke, Brenda Watson and Trina Watson. The couple took a honeymoon trip to Yellowstone National Park and Jackson Hole, Wyo. The couple was honored at an open house in Murray, Utah, hosted by Mr. and Mrs. George Wright, uncle and aunt of the bride.

Pre-nuptial showers for the bride were hosted by Susan Knight, Gail Young and Imogene Hadley, in Salt Lake City, and by Mrs. LaMar Hartley and Mrs. Vivian Burke, Rupert.

The couple will reside in Memphis, Tenn., where the bridegroom will attend a Navy school.

A rehearsal dinner was held at the Albion Grange Hall, with grange members serving dinner.

Social Events

Wheeling Stars will dance Saturday night at the Bairdatorium. Bill Coffield is the caller. Members are asked to bring sandwiches or dessert. Guests are welcome.

CAREY—Officers will be installed at the Presbyterian Women's Organization meeting set for Friday afternoon at the home of Mrs. Helen Ghannelli, Placato.

Pumpkin Harvest Loaf

1 1/2 cups flour
1 teaspoon soda
2 teaspoons pumpkin pie spice
1/2 teaspoon salt
1/2 cup butter
1 cup sugar
2 eggs
1 cup cooked or canned pumpkin
1 cup chocolate chips
3/4 cup nuts, chopped
Grease bottom of a 9 by 5-inch loaf pan.

Sift dry ingredients. Cream butter and sugar. Add eggs and beat well. At low speed add dry ingredients alternately with the pumpkin. Stir in the chocolate chips and nuts. Pour into loaf pan and sprinkle with chopped nuts.

Bake at 350 degrees for 65 to 75 minutes. Cool. Drizzle glaze over top. Let stand for at least six hours before serving.

Glaze

1/2 cup confectioners sugar
1/2 teaspoon nutmeg
1/2 teaspoon cinnamon
Blend in one to two table-spoons cream. Pour over loaf.

(The Times-News will pay \$5 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page editor. The recipe becomes the property of the Times-News and cannot be returned.)

Double Ring Wedding Rites Unite Couple

KING HILL—Michael Parkes, son of Mr. and Mrs. John Parke, King Hill, and Lynn Ellen Shurtz, daughter of Mr. and Mrs. Arthur B. Tushberg, Moscow, were united in marriage Aug. 28 at the home of the bride's parents.

Rev. Jack Adams, pastor of the First Christian Church, performed the double ring ceremony.

The bride, given in marriage by her father, wore a rose brocade silk afternoon dress with matching accessories and carried a bouquet of white roses.

Mrs. Dale Smith, Moscow, sister of the bridegroom, was maid of honor.

Following the wedding, a reception was held with the Tushberg family in charge of arrangements. The bride's table was centered with a three-tiered wedding cake baked by the bride's mother. The cake was cut and served by Mrs. Gary Tushberg, Moscow, sister-in-law of the bride. Coffee and punch were served by Mrs. Lynn Tushberg and Mrs. Douglas Stephenson, Moscow, aunts of the bride.

The home was decorated with arrangements of fall flowers. The couple will reside at 41 E. Eighth St., Moscow.

Two Infants Die in Fire At Blackfoot

BLACKFOOT, Idaho (AP) — Two infant boys died in an apartment fire Thursday, apparently the result of two older children playing with matches. The victims were Robert Humphreys, about nine months, and Curtis LeFevre, seven months.

The infants, with four of the children, were in the three-room apartment of Mrs. Helen LeFevre, mother of one of the dead infants. Mrs. LeFevre's sister, Ellen May Berer, 15, was babysitting.

Bingham County Coroner Carl Staley said the boys had been put to bed and the babysitter had gone to the kitchen. He said two older children found some matches in the bedroom and set the wall on fire.

The babysitter attempted to rescue the infants but her hair caught fire and she was forced to flee, he said. When she returned to try again, the flames forced her outside and she telephoned for help, he said.

The Humphreys baby was dead on arrival at Bingham Memorial Hospital. The LeFevre baby was not found until firemen were told there might be another body in the charred apartment.

Southeast Is Hit by Heavy Rains, Floods

By the Associated Press

Heavy rain splashed areas in the Southeast today and a wet belt spread across sections in the eastern third of the nation.

Mobile, Ala., was swamped Thursday by a 15-inch rainfall, the heaviest in the city's history. Flooding forced evacuation of more than 200 persons from their homes in low-lying areas, closed business establishments and schools and caused giant traffic jams.

Hundreds of cars were flooded as water flowed through the streets, measuring three feet deep at one of the city's busiest intersections.

Rural roads throughout Mobile County were inundated and many cars waded ashore.

Heavy rain hit other parts of Alabama and also Mississippi, Tennessee, Florida and Georgia.

Dry and unseasonably cool weather covered much of the western two-thirds section of the nation except in front of California. Temperatures soared to the 90s in Southern California Thursday, with wind gusts up to 50 m.p.h. in some places.

But cool air dropped temperatures to the 40s from the Rockies to the western edge of the Great Lakes region. It also was cool in parts of northern New England. Early morning readings ranged from 20 at O'Fallon, Maine, to 83 at Key West, Fla.

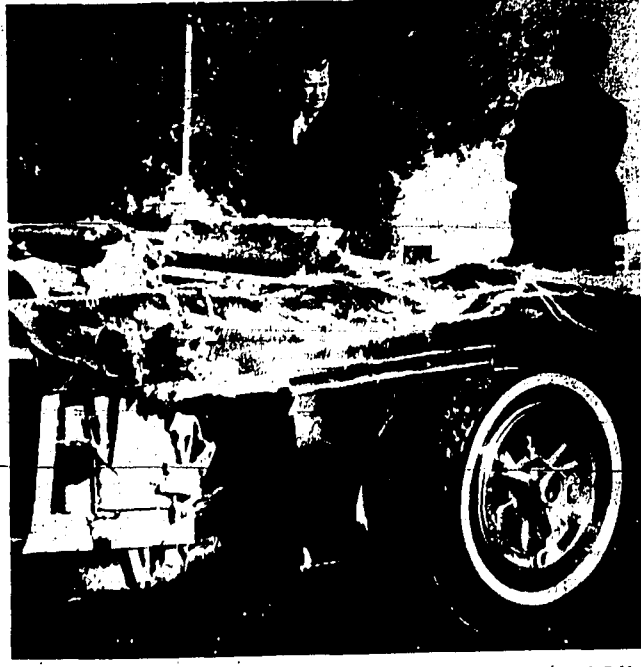

Mariner 4 Power To Be Shut Off

PASADENA, Calif. (AP)—Scientists at Jet Propulsion Laboratory planned to send a "farewell and well-done" signal through 101 million miles of space today to Mariner 4, the spacecraft that photographed the face of Mars last July 14.

Spokesmen said the signal would cut off the U.S. spacecraft's high-power antenna as Mariner 4 soars on in its orbit around the sun.

But, they added, they will try to re-establish contact in the summer of 1967, when Mariner 4's orbit will bring it back toward earth, as close as 29 million miles, for a possible return of the 21 historic Mars photos.

CONFIRMED CASES
CHICAGO (AP)—The Journal of the American Veterinary Medical Association says laboratory-confirmed cases of rabies in animals were 20 per cent higher in 1964 than in 1963.

BYSTANDERS EXAMINE 1965 Corvette whose driver, Darrell B. Grigg, 19, son of Golden Grigg, Burley, was killed instantly about 8 a.m. Thursday when the sports car collided with an empty school bus at the intersection of Highway 27 and the Alfreco Road. Impact of the collision drove the car underneath the 1964 Chevrolet bus, owned by Minidoka County school district. A wrecker was needed to lift the bus off the car and free Grigg's body. His body is in one of the vans. Sandra Langley, Grigg's wife, who was with him, is reported in good condition at Cassia Memorial Hospital. An inquest is slated into the accident. (Times-News photo)

Valley PTA Has Teacher Reception

EDEN-HAZELTON — Teachers from the Eden-Hazleton School District No. 202 were honored at a reception held Wednesday evening at the Valley High School.

Approximately 200 persons attended the annual PTA sponsored event. Mrs. Donald McBride, PTA president, was in charge of the arrangements, assisted by members of the PTA: Mrs. Clyde Kaeraman, school hot lunch representative; and members of Mrs. Ferrell Chambers' home economics class.

The welcome address was given by Mrs. Phillip Cochran, PTA president, and Deanne Ecranbrack responded in behalf of the teachers.

Presentation of the teachers was made by Dr. Thomas Utterback, superintendent, and Andrew Rogerson, school board chairman, introduced trustees. They are Albert Bruno, Herman Huettig, Austin Mathoney, Harold Grant, Mrs. Violet Porter, and Mrs. Jule LaFontaine, secretary.

Rogerson noted that the school board meets the second Monday of each month and invited everyone to attend.

Mrs. Cochran introduced the officers and chairman of the PTA. They are Mrs. Phyllis English, vice president; Mrs. Arthur H. Baisch, second vice president; Mrs. D. L. Louder, secretary; Mrs. Deane Russell, treasurer and publicity chairman; Mrs. Donald McBride, hospital; Mrs. Deane Tife, program, and Mrs. John Roice, room mothers.

Mrs. Werner Krohn is procedure book chairman; Mrs. Robert Sellers and Mrs. Ray Ernst,

membership; Mrs. James Grant, congress publications; Mrs. Jack Robinette, health; Mrs. Rex McClain, yearbook; Mrs. Marion McClain, magazines; Mrs. Elmer Pyne, founder's day; Mr. and Mrs. Lomke Burns, newsletter, and Mrs. Wesley Therman, legislation.

Theme for the reception was "Let's Raise the Curtain." The PTA has chosen to purchase a new drapery curtain for the auditorium stage as a project this year. A fund-raising event will be held to assist in the purchase.

Highlight of the evening's entertainment was the appearance of the "Cody's Kids." The six youngsters, all children (except one) of the well-known sextet, The Codas, are almost as talented as their "moms."

They chose three numbers from "Mury Poppins" and carried them off with the aplomb of seasoned veterans. The girls, aged from 7 to 11, are Jeanne and Sarah Harman, Jeva-Doo and Kim McDonald, Deanne Mathoney, and Holly McDonald. The Codas, including Mrs. Fitzgerald McDonald, Mrs. Fi-

Ketchum Klassic Set Oct. 9-10

KETCHUM—Fifth annual Ketchum Klassic, sponsored by the Southwest Idaho Sports Car Club, will be held Oct. 9 and 10 in Ketchum.

A full two-day calendar is planned, according to Art McConnell, president of the sponsoring club. Lead-off event is the Sun Valley rally with the first car departing at 1 p.m. Oct. 9 at the Jerome Municipal Park. Trophies will be awarded by the Jerome Chamber of Commerce.

The Alpine Auto-Kahn, a one-mile timed competition, is scheduled for 10 a.m. Sunday at Ketchum.

Gene Baisch, Mrs. Wesley Harman, Mrs. Dexter Watkins, Mrs. Rex McClain and Mrs. Marion McClain, accompanied by Mrs. Donald Atkinson, sang two of the selections with which they took second place in the music competition at the National American Legion and Auxiliary convention held in Portland last month.

Death Claims T.F. Woman At Age of 71

Mrs. Anna Scott, Robinson, 71, 1234 Elmwood Circle, died early Friday morning in Magic Valley Memorial Hospital of a long illness.

She was born Aug. 10, 1891, at Reynolds. She attended school at Reynolds and Link's Business College at Boise. She was married to Clarence Asher Robinson on Sept. 6, 1933, at Montpelier. He died in July, 1950.

She came to the real estate business in the Twin Falls in 1933 and was in the past 30 years. She retired in January, 1961. She was a member of the Episcopal Church of the Ascension and the Twin Falls Board of Realtors.

Surviving are a sister, Mrs. Lila Scott Feldman, Harbor City, Calif., and two nephews, Frank Feldman, Twin Falls, and Donald D. Feldman, Harbor City, Calif.

Funeral services will be conducted at 11 a.m. Monday at Episcopal Church of the Ascension by Rev. Warren Howell. Final rites will be held at Twin Falls Cemetery. Family suggests memorials may be made to Episcopal Church of the Ascension memorial fund and may be left at the church office or mailed to White Mortuary, box 845, Twin Falls.

Fairfield Plans Film on Sunday

FAIRFIELD—"Inhale the Incense," a missionary film, will be shown at 7 p.m. Sunday in the Community Church.

The church will observe the annual missionary conference Oct. 6-10. Services will be held daily at 7:30 p.m. and at 11 a.m. and 7 p.m. on Sunday.

Fov, and Mrs. John Kearns, Denver, missionaries to the American Indians; Bob Rayburn, with Village Missions; Rev. and Mrs. Paul Lund, missionaries to Haiti, and Valdeen Newman, Sudan missionary, will be special guests for the conference.

All meetings are open to the public, according to Rev. W. James Post, host pastor. There will be special music, films and curios displayed.

GOES ON MANEUVERS
JEROME — Pfc. LeRoy D. May, 22, son of Mr. and Mrs. Donald N. May, 619 E. Fourth, Jerome, participated in an extensive one-week training exercise in Naples, Italy.

Double Alarms

JOPLINE, Mo. (UPI) — Firemen saw a fire at two alarms Thursday, one at the home of Edward Trease and the other at the home of his brother, Arthur.

The flames damaged a bedroom at Arthur's home and a sofa at Edward's residence.

Both Edward and Arthur are city firemen.

Reports Given At Richfield Legion Meet

RICHFIELD — Delegates to Boys' State and Girls' State made their official reports at an open meeting of the American Legion and Auxiliary Tuesday night.

Mrs. Jerry Davis, auxiliary president, introduced Carolyn Chaffield, Girls' State delegate from the auxiliary, and Michael Swainston and Milton Behr, Boys' State delegates sent by the Legionnaires.

Members of the junior class of Richfield high school and their parents were special guests. Mrs. Lyle Piper was refreshment hostess.

The Legion and Auxiliary held separate meetings after the public meet and approved donations to purchase eight flags for the new Richfield elementary school soon to be completed.

Auxiliary members set 8 p.m. Oct. 26 as date of the annual pheasant fry and game dinner. Legionnaires heard a report by Clifford Conner, delegate, on the National Legion convention at Portland this year.

The men made plans for entertaining the fourth district at Richfield next spring.

Recreational Areas Attract More Persons

WASHINGTON (AP) — Recreation areas on newly created Reclamation Bureau reservoirs in the West attracted nearly 70 per cent more visitors during the 1964 season than in 1963, the Interior Department reported Friday.

When statistics are compiled for the 1965 season they are expected to show another large gain, secretary Stewart L. Udall said.

Nearly 2.4 million visitors fished, boated, swam, camped, picnicked, or just enjoyed the scenery and air last year at the eight manmade lakes that have been established since 1960, the bureau reported. In 1963 the visitors to the same spots numbered about 1.4 million.

Visits to the 202 older recreation spots on reclamation areas throughout Western states totaled about 32 million last year. In all, the bureau provides nearly 1.4 million acres of water surface and about 10,000 miles of shoreline for outdoor recreation.

Udall said that one of the youngest reservoirs rapidly is becoming one of the most popular recreation areas in the West — Lake Powell, behind Glen Canyon Dam, on the Colorado River in Northern Arizona. The lake drew 698,000 visitors last year, compared with 411,000 in 1963.

Other reservoirs of the Colorado River storage project also are proving major magnets for the tourist trade. Flaming Gorge eight manmade lakes that have been established since 1960, the 571,000 visits in 1964, up from 410,000 the year before.

TV Networks Give Time to Papal Visit

NEW YORK (AP) — The three major television networks agreed to devote more airtime to the papal visit beginning Monday to Wednesday.

One network, the American Broadcasting Co., might be in jeopardy of a bid because of its commitment to televise any of the National Football League's playoff games between the Giants and Dolphins.

The West Coast game would normally begin at 3 p.m. New York time, a half hour before the Pope's scheduled address to the United Nations General Assembly.

ABC-TV President Thomas Moore said the network had agreed to televise the game any Monday night game time, "in 4 p.m. New York time," he added, "we'll televise the Pope's address, and if the game has started, we'll cut it in progress."

The National Broadcasting Co. has the most profitable television coverage of the Pope's visit, live from 9 a.m. to 11 p.m. and from 7:30 p.m. to 9 p.m. This gives out all the regular entertainment programming by NBC.

ABC has tentatively scheduled coverage from 9 to 10 p.m. and from 10 to 11 p.m. when Pope Paul VI celebrates a Mass for peace at Yankee Stadium.

The Columbia Broadcasting System will devote two hours to the papal visit, 8 a.m. to 10 a.m. and 5 p.m. to 7 p.m. On Oct. 2 to the conclusion of the stadium Mass. A spokesman said CBS will have regular programming outside those hours.

Aquanauts Getting Help On Pancakes

LA JOLLA, Calif. (AP) — The housewives of the United States are trying to help the aquanauts of the Navy's Sealab 2 overcome their worst catastrophe to date: Their pancakes.

In the underwater laboratory, where the air is mostly helium and atmospheric pressure is seven times that at the surface, the aquanauts' flippances turned into disaster: scorched on the outside, gummy on the inside.

After the aquanauts reported last week that their pancakes fried, women began to volunteer culinary advice.

"We have been flooded with letters from housewives from coast to coast," a Sealab spokesman reported. "They have all recommended pancake cooking procedures guaranteed to help the divers."

Among the suggestions:

Use a greaseless cooking pan. Change the ingredients to pinch more of this, a bit less of that. Lower the heat. Raise the heat. Try frozen batter.

The Navy has been considering the suggestions — although, said a spokesman, housewives don't really realize that aquanaut frycooks are up against.

Because of the added pressure, things cook faster. Heat transfers quickly from the griddle to the pancake. When the "smoke" rises, perfect the inside in just an easy pop.

Say scientists had already tried greaseless pans — perfect for use by persons who can't have grease in their diets — because grease would have soaked up the Sealab atmosphere.

The atmosphere was fine, but the pancakes were incredibly inedible.

Now Navy scientists will give the frozen pancake batter a whirl.

They'll try it first in a topside laboratory, duplicating Sealab's conditions. If it works, they'll send it down to the bottom of the sea — and the aquanauts will try again to have pancakes for breakfast.

Castro Opens "Exit Gates" To Country

MIAMI, Fla. (AP) — Fidel Castro said today he was throwing exit gates from his Communist island completely open and challenged the United States to cooperate through diplomatic channels.

The Cuban prime minister said he would let anyone on the island leave for exile after Oct. 10—a considerably broader offer than the one he made Tuesday.

He suggested that the United States, if it were interested, pursue the matter through diplomatic channels. This was exactly what the United States had told Castro to do to show he was serious when he made his original open door policy announcement Tuesday.

Castro's promise Tuesday to lift Cuba's sugar cane curtain involved only relatives of persons already living in the United States. The offer was studied cautiously in Washington and viewed in some quarters as an attempt to embarrass the American government.

The boarded prime minister said in a Havana radio broadcast that if the United States doesn't want to discuss the matter in public, it should use the channels of diplomacy—in this case, the Swiss Embassy in Havana.

Since the break in U.S.-Cuban relations in 1961, the Swiss have represented American interests in Cuba.

Shop Purchased

FILER — Norman Billington, Hagerman, has bought an interest in the Eaton Barber Shop. With the addition of a second barber, the shop will remain open six days a week rather than five, stated Ralph Eaton, proprietor.

Mr. and Mrs. Billington have lived in Hagerman for the past seven years but plan to move to Filer as soon as they find living quarters.

College Trustee Talks in Declo

DECLO—William (Bill) Wiseman, owner of the Burley Livestock Commission Co. and a member of the board of trustees for the College of Southern Idaho, was introduced by Lt. Gov. Wayne O. Lewis at the Declo Kiwanis Club meeting Monday at Min's Cafe.

Wiseman reported a total enrollment of 552 students for the first semester. He spoke of the organization of the board and expressed his opinion that the college will be a great asset to all of Magic Valley.

Earl Darrington, president, conducted the business meeting with Joe Gillette giving the invocation and Nelson Taylor leading the pledge.

The nominating committee, with Joe Gillette as chairman, met after the luncheon and will report next week.

GIRL IS FINALIST

WEISER (UPI) — A Weiser girl, Karen Renee Ryder, 17, Thursday was advanced to finalist competition in the national Miss Teenage of America contest.

DISPLAYING PRIZES to be won in the annual Punt, Pass and Kick Contest, sponsored by Union Motors and the Twin Falls Parks and Recreation Department, are Ralph Pond, left, and Kelly Nealon. The contest will be held at 1 p.m. Oct. 8 in Harmon Park and boys 8-13 years old may compete. (Times-News photo)

Punt, Pass, Kick Contest Scheduled Here Thursday

Chad Browning, city recreation director, announces the annual Punt, Pass and Kick Contest, sponsored by Union Motors and the Twin Falls Parks and Recreation Department, will be held at 1 p.m. Oct. 8 in Harmon Park.

The contest is open to all boys 8 to 13 years old who are not players on a junior high school team. No special footwear may be worn — only sneakers or street shoes are allowed.

Boys 8, 9 and 10 years old can win an NFL type warm-up jacket, a sturdily made football helmet or a regulation size football. Boys 11, 12 and 13 can win gold, silver or bronze trophies.

No pre-registration is necessary.

Seven-year-olds who will reach their eighth birthday by Jan. 9, 1966, may compete but will not be eligible.

Anyone desiring more information may call Chad Browning at 733-0800 or 733-5944.

Dying Chipmunk Causes Bubonic Plague in Boy

SAN FRANCISCO (AP) — In the woods near his home the little boy found a chipmunk. It was strangely tame and docile and it trembled as he cuddled it in his hands.

The boy didn't know the chipmunk was dying.

Nor could anyone know that a flea hopped from the tiny creature and later bit the boy.

Within hours, the bacillus of bubonic plague was beginning to move through the bloodstream of five-year-old Johnny Cox.

Bubonic plague, the "black death" probably has killed more persons than all the wars in which mankind has engaged. Johnny Cox was in grave condition when he was taken to a hospital Sept. 17. There was a prompt diagnosis, although less than one percent of the nation's doctors has ever seen a case of plague.

Massive shots of antibiotics followed. As days passed the progress of the disease slowed, then halted.

Doctors reported Johnny should be able to go home early next week.

Dr. Edward Shaw, head of the department of pediatrics at University of California Medical Center, San Francisco, said Johnny had the least serious form of bubonic plague. The type is known as "systemic plague" from the Latin word for woods or forest.

Systemic plague has been discovered among wild rodents in 131 counties of 15 Western states. It is transmitted by fleas and is found in field mice, ground squirrels, rabbits, prairie dogs, chipmunks and other creatures of woods and fields.

College Trustee Talks in Declo

DECLO—William (Bill) Wiseman, owner of the Burley Livestock Commission Co. and a member of the board of trustees for the College of Southern Idaho, was introduced by Lt. Gov. Wayne O. Lewis at the Declo Kiwanis Club meeting Monday at Min's Cafe.

Introducing the lively new driving machines: the big, new-generation Comets.

Listen to the roar of the '66 Comets. They're bigger, wider, up to 8 inches longer than any Comet before. They make driving other cars seem like walking. Comet's new fire and spirited luxury come in 11 roomier models: racy Cyclones, sporty Callentes, stylish Capris, rakish 202's. For a sample of Comet's style, take the Callente. Notice the smart upholstery... the handsome, simulated wood-grain panels. For spine-tingling action try Comet's new Cyclone GT. Its new 390 4-barrel V-8 delivers the kind of go that can shove you right back in your bucket seat. Whatever you want — action cars with pure excitement, 3-speed or 4-speed manual transmissions or automatics, inviting interiors — Comet's got it. Plus a long, tempting list of options that includes built-in air conditioning... power windows, power brakes, and power everything. All this in a parade of Comets that promises the exciting performance you expect from the holder of more world's records than any other U.S. make.

Room Helpers Announced For Valley

HAZELTON-EDEN — Room mothers have been announced for the valley school system. Senior class mothers are Mrs. Joan Weatherwax, Mrs. John Metzler, Mrs. Elmer Hagenman, Mrs. Herman Hagenman, Mrs. Dan Bergeson and Mrs. Donald McDonald.

Juniors—Mrs. Paul Schwarz, Mrs. Boyd Hagen, Mrs. Vern Schutte, Mrs. Donald Black, Mrs. John Metzler and Mrs. Grant Turner.

Sophomores—Mrs. John Rolce, Mrs. Walter Shoups, Mrs. D. I. Louder and Mrs. William Cline.

Freshman—Mrs. Wallace Prange, Mrs. Ross Wall, Mrs. Glenn Wells, Mrs. Elaine Hall, Mrs. George Kroll and Mrs. Elrod Schwab.

Seventh grade—Mrs. Chester Pumphries and Mrs. Werner Krohn.

Sixth grade—Mrs. W. H. Vaughn's room, Mrs. Pat Pharris, Mrs. Carlisle Butler and Mrs. John Taylor; Raymond Scholers' room, Mrs. Sue H. Bennet and Mrs. Austin Matheny.

Fifth grade—Mrs. Ernest Reed's room, Mrs. Charles Utz and Mrs. Everett Hughes; Mrs. Ernest Buchhorn's room, Mrs. Donald McDonald and Mrs. Carl Nelson.

Fourth grade—Mrs. Robert Hughes' room, Mrs. Denni Elm, Mrs. Jon Dickerson and Mrs. Harold Griffiths; Mrs. Lonnie Burns' room, Mrs. David Hagan and Mrs. Rex McClain; Mrs. Leonard Hamilton's room, Mrs. Annos Humann and Mrs. Lester McNeil.

Third grade—Mrs. Donald Atkinson's room, Mrs. Wesley Harman and Mrs. Robert Stepp; Mrs. Julie Brown's room, Mrs. Kenneth Beem and Mrs. Leon Baldwin.

Second grade—Mrs. Luvern Boyd's room, Mrs. James Grant and Mrs. Lyle Wehr; Mrs. Bert Reed's room, Mrs. Howard Barker and Mrs. Harold Barker; Mrs. C. A. Romer's room, Mrs. Omar Carter and Mrs. Ray Ernst.

STANDING BESIDE 400-POUND CAKE in the Blue Lakes Branch of Twin Falls Bank and Trust Co. is JoAnn Meyer, an employee at the branch office. The cake was made for Lynwood Shopping Center's eighth anniversary celebration, now under way. George Canoy and Joy Rihelhart, Safeway bakers, made the cake in two and one-half days, using 35 pounds of flour, 108 pounds of sugar, 33 pounds of liquid milk—48 pounds of butter, 22 pounds of eggs, five pounds of vanilla and 36 ounces of salt. Inside the cake there are 600 capsules with certificates for free prizes from Lynwood Shopping Center merchants. The cake will be cut at 1 p.m. Saturday. (Times-News photo)

First grade—Mrs. Ronald Larson, Mrs. Ena Reed's room; Metcalf's room, Mrs. Donald Ray, Kincaid and Mrs. Hutchins and Mrs. Everard Ger, David Louder.

Unit Meets To Develop Resources

ST. LOUIS, Mo. (AP) — The Lewis and Clark Commission was meeting here Friday to lay plans for developing the historic, wildlife and recreation resources along the route of the Lewis and Clark expedition.

On Thursday it received a report on a study coordinated by the Bureau of Outdoor Recreation of the Interior Department. The report recommended a highway over the entire 7,500-mile route from St. Louis to the Pacific Ocean and back. Existing highways would be used where possible.

Meriwether Lewis and William Clark left St. Louis May 14, 1804, to explore the western United States. They returned Sept. 23, 1806. The 27-member commission was created by Congress last year.

The Interior Department report recommended marking the trail with a special symbol, providing facilities for hikers along the Missouri and Columbia River systems which the explorers followed, making trails for hiking and horseback riding and acquiring major sites for recreational development.

Duplicate Club Reports Winners

Magic Valley Duplicate Bridge Club met Wednesday afternoon at the Episcopal Church.

North and south winners were Mrs. E. W. Sinclair and Mrs. N. R. Towle, first; Mrs. J. T. Shelby and Mrs. A. J. Lindemer, second; and Mrs. H. D. Fitzpatrick and Mrs. Robert Tucker, third.

East and west winners include Mrs. H. R. Tillery and Mrs. O. H. Weirich, tied for first with Mrs. C. J. Staugh and Mrs. A. P. Russell, and Mrs. Artell Kelly and Mrs. W. J. King, third.

Guests were Mrs. Betty Umbreit—North Bend, Wash., and Mrs. Esther Monroe, Oroville, Wash.

GIRL PLEDGED

FILER—Karen Ruth Jordan, Delta Gamma, is one of 103 girls who were pledged Monday on the Whitman College Campus, Walla Walla, Wash., as urged

Everything Goes

AELTON, Ill. (AP)—When the Aelton Kiwanis Club has charity auction everything goes.

One man made the mistake of taking off his sport coat at the auction Wednesday and returned to find it gone. Another says his tobacco pouch got to the highest bidder when he put it down last night.

—One containing identification badges of the entire Kiwanis Club also was sold by mistake.

Reds Observe Anniversary

Reds observed the 50th anniversary of the Communist Party in a grand parade reviewed by Communist chairman Mao Tse-tung, the Chinese leadership, and 2,000 guests, none of them of the first rank.

The Russians were represented by no-one of major importance.

The East wind is prevailing over the West wind," shouted the mayor of Peking, Peng Chen in the keynote speech. "Imperialism and its lackeys will not last very long."

He said the ambitions of the United States "have exceeded those of Hitler, Mussolini, and Goebbels" and called for a broad international fight against U.S. "imperialism."

Peng said that the Russian line of revisionism "remains the principal danger in the international Communist movement."

Bilyeu Added To List for Chairmanship

POCATELLO (AP) — The name of Bannock County Democratic Chairman Charles Bilyeu has been added to the list of aspirants for the party's state chairmanship.

Bilyeu's backers in Bannock County are supporting for the Idaho State University instructor has been growing since Lloyd Walker of Twin Falls announced he will leave the post Oct. 30.

At a county central committee meeting earlier this month, Mrs. Ludena Erickson said she would resign as state Democratic vice-chairman if support for Bilyeu seemed strong enough to bring him into the race.

Other possible candidates for Walker's job are E. T. Waters of Boise, a real-estate businessman; John Walters of Boise, a former state chairman and now a Bureau of Land Management employee; and Wayne Fuller, a Caldwell attorney.

The state central committee will name an interim chairman at its Oct. 30 meeting.

TELEVISION SCHEDULES

"The King Family," (8 p.m. ABC) — The power of power illustrated by the family in "Old MacDonald Had a Farm" — "Get Smart," (Color, 6:30 p.m. NBC) — Tonight's episode in Don Adams out to trap an infiltrator in CONTROL's espionage training school.

"Hollywood Palace," (Color, 7:30 and 9:30 p.m. ABC) — The Astaire plays host to ballet stars Rudolf Nureyev and Margot Fonteyn of London's famed Royal Ballet Company.

BEST SATURDAY NIGHT MOVIES

"Sunset Boulevard," (1950) Gloria Swanson, William Holden, Jack Welch, Erich von Stroheim, Nancy Olson and Fred Clark (7 p.m. KUTV, KBOI and KIFI) — Gloria Swanson's tour de force as an aging actress desperately wanting a comeback. Holden is her playwright writer in Billy Wilder's classic film. Watch for Clemm, DeMille, Buster Keaton, Hedda Hopper and J. B. Warner in "cameo" appearances.

"Men in War," (1957) Robert Ryan, Aldo Ray, Vic Morrow and Robert Keith (7:30 p.m. KCPX) — Tough, realistic territory during the Korean War. Fine performances. One of the few really good war pictures.

"1 ACCUSE"

Starring JOSE FERRER

ON THEISEN THEATER

FRIDAY, 10:30 p.m.

KMYT CANNEL 11

TV Schedules

FRIDAY, OCT. 1

"Hogan's Heroes," (Color, 6:30 p.m. CBS) — Colonel Klink receives word that Stalag 13 has made the "top ten" in Germany as prisoner-of-war camp ratings.

"Kornblit of the Year," (7:30 p.m. CBS) — What Klink doesn't know is that the "honors" is part of a ruse to enable Allied agents to enter the camp and examine a bomb stored there.

"The Smothers Brothers Show," (7:30 p.m. CBS) — Probationary angel Tom leads a band of wealthy and sophisticated American Indians on the warpath to force a showdown in their efforts to build a hospital for their community.

"Honey West," (8 p.m. ABC) — Honey melts over "The Abominable Snowman," mystery of a man who committed murder to obtain a package of glass paperweights. Henry Jones is guest.

"Chicago Symphony," (Special, 7 p.m. KUED, University of Utah) — Jenn Martinson conducts the orchestra in Brahms' Symphony No. 2 and "Variations for Orchestra on a Theme of Paganini," by Dlasher.

BEST FRIDAY NIGHT MOVIES

"Female on the Beach," (1955) Joan Crawford, Jeff Chandler and Jan Sterling (8 p.m. KSL) — The owner of a beach house moves into it after the renter dies under mysterious circumstances.

FRIDAY, OCTOBER 1, 1965

Copies of free, monthly schedules describing educational programs on KUED are available by sending your name, address and Zip code to: University Radio and Television Services, University of Utah, 301 Music Hall, Salt Lake City, Utah 84112. Requests, once received, are put on a permanent mailing list. KUED originates as Channel 7, but the station is broadcast on cable television systems in several Magic Valley communities and may have a different number on the cable. In Twin Falls, it's Cable No. 1, which also is used for some Boise programs when KUED is not operating. Information below is furnished by the stations and questions should be directed to the station concerned. "TBA" indicates programs are to be announced.

WHITTLE LEADS CACTUS PETE'S TOURNEY

Arizona Pro Has 7-Under 61 to Pace First Day; Still Is One Shot Back

EARLY LEADER of the Cactus Pete's Open Golf Tournament, ex-Twin Falls pro Cliff Whittle, now head man at Scottsdale, Ariz., Country Club, displays the putting stroke that got him seven birdies en route to a seven-under par 61. Whittle didn't have a bogey on his scorecard. (Times-News photo)

Cliff Whittle, Scottsdale, Ariz., Country Club pro and reigning Idaho Open champion who owns the course record of 58, carved out a torrid seven-under par 61 Thursday to grab the first-day lead in the \$10,000 Cactus Pete's Open. Whittle, who was head pro at the Twin Falls Municipal course before taking the Scottsdale position, bungled in seven birdies and 11 pars in posting his record.

"The trouble is, this thing is only a fourth over," he said placing over his shoulder. He didn't have far behind to look. Perched one stroke back was tour player Ken Still, Tacoma, who with fellow Washingtonian Kermit Zarley, Yakima, have been established as favorites. Still had a 62 as the one-two spots were undisputed.

The bog jam started at five-under par 63 with Hickey, Denver, who is experimenting with his grip; Lou Kokal, Ely, who has always been a great fairway player and found his putter Thursday; Norm Backley, Missoula, Utah, and an All-American, Denver, who is a member of the U.S. Amateur team of Tom Nielsen and Tom Hornbuckle.

Zarley and two professionals were knotted at 64. With Zarley were Bill Emmons, Wenatchee, Wash., and Thomas Jefferson, Las Vegas.

Overall the short Twin Falls course took a beating with 30 pros bettering the 68-par standard. Another 14 turned in even 68s.

The man commanding the biggest, and almost only, gallery, the young Babe Hickey, former Twin Falls pro now playing on the tour out of Pocatello, Hickey started well, going three under on the first four holes.

He went back to seven with three straight bogies but got things going again with the 155-yard three-par 16th hole. There he put his tee shot in a sandtrap, took two strokes getting out and finally wound up with a four-over seven. He still had a par 68.

"That's the way I play," he said afterward. "A million birdies and a million bogies."

Whittle, who led by two strokes after the first day last year and then skied out of contention—felt confident in his game and laid the credit at the feet of veteran Al John Bulla, Phoenix, a wood-shifter mallet putter and fast greens.

"Bulla has helped my game tremendously in the last year," Whittle said. "He's given me a new wedge shot that while I haven't mastered it yet, it still was getting everything close to the flag for me today. He's teaching me to use more body. I guess what he's done is improve my follow-through."

"The greens are much faster than we have in Arizona but I've always liked slick greens. I put this putter (the wood-shifter one) on the shelf two years ago and didn't use it until the middle of this summer. Since then I've won 11 prizes and three opens (Idaho, Provo and Little Phoenix). Leaving it on the shelf evidently has cost me a lot of money," he smiled.

He added things went pretty much routinely except "I played two holes commercial." He used irons to stay away from possible trouble on his tee shots on these.

While the pros were sweeping the first several spots as expected, Salt Lake City's Herb Pollock took the lead in the amateur division with a one-under 67. Don Lowman, Twin Falls, was Joe Tomus, Great Falls, who's his closest competition, two strokes back.

"The tournament will continue through Sunday night with the 12 to 16-stroke-under par predictions for the winner going past the hundreds unless the weather man can come up with some Southern Idaho winds to lighten the narrow municipal course fairways.

Brodie Leads 49ers Against Colts in Week's NFL Highlight

By United Press International

John Brodie, winging passes at a record clip this season, leads San Francisco against the Baltimore Colts Sunday in a game that could establish the Forty Niners as a definite National Football League contender. Brodie, a nine-year veteran, currently leads in the league passing with 30 completions in 40 attempts good for 505 yards and five touchdowns. The surprising Forty Niners, last in the Western Division in 1964 and sporting a 2-2 pre-season mark this year, have raced to a 2-0 record on the strength of Brodie's passing and the running of rookie Ken Willard.

San Francisco set a club scoring record in beating Chicago 52-21 in the season opener and the Forty Niners came back last week to whip Pittsburgh 27-17 while Baltimore was losing 20-12 to Green Bay. The Colts, hampered by Johnny Unitas suffering an arm injury against the Packers, drubbed Minnesota 35-16 in their NFL opener.

In other Sunday games, Chicago travels to Green Bay, Cleveland journeys to Philadelphia, Los Angeles hosts Minnesota, New York invades Pittsburgh and Detroit entertains Washington.

In a key Eastern Division game Monday, the undefeated Dallas Cowboys meet the Cardinals at St. Louis.

Brodie holds four: San Francisco's passing record, two six-yard yardage records, two 252-yard passes and completed 193. The 30-year-old Californian, who has passed for over 10,000 yards in the NFL, tops the league by averaging 12.63 yards a toss this season.

The Packers, who whipped the Colts despite the loss of their first-string backfield because of injuries, boast league interception leader Herb Adderley (four steals). Green Bay is looking for its third consecutive victory while Chicago guns for its first triumph. Johnny Morris of the Bears ranks second in the NFL receiving department with 11 catches.

Jimmy Brown, the league's best rusher with 175 yards, leads Cleveland and against the Eagles—Brown's quarterback, Frank Ryan, is still hobbled by a foot injury. Philadelphia's Timmy Brown tops NFL in receiving with 15 catches and rookie Al Nelson is the kickoff return leader.

Los Angeles coach Harland Svare termed Terry Baker's performance last week "miraculous." Baker caught eight passes including one for the winning touchdown against Chicago. Minnesota needs a victory desperately after two consecutive losses, but is up against Bill Munson who had a big day for the Rams last week, hitting on 27 of 45 passes for 295 yards.

The Giants surprised Philadelphia last week on the strength of Andy Steinbach's three field goals and the running of rookie Tucker Fredericksen, who picked up 76 yards in 17 carries. New York's Earl Morrall completed 12 of 18 passes. The Steelers have yet to win this season.

The undefeated Lions tangle with the winless Redskins, for the first time since 1966. Minnesota's three TD passes led Detroit to a victory over Minnesota last week. Washington, the league's lowest scoring team, has a formidable opponent in the Lions, the NFL's top defensive squad.

Marichal Has Double Dose Of Trouble

SAN FRANCISCO (AP)—Pitcher Juan Marichal got a double dose of trouble Thursday as he suffered a hairline fracture in the last joint of his left thumb during the seventh inning and minutes later was served with papers in a \$10,000 damage suit brought by Los Angeles Dodger catcher John Roseboro.

Marichal, the right-handed ace of the San Francisco pitching staff, came into the Giants clubhouse after colliding with Cincinnati shortstop Leo Cardenas and was served with the papers in the nearly empty room.

San Francisco trainer Leo Hughes said Marichal could pitch in the last game of the season on Sunday if needed.

Marichal hit Roseboro over the head with a bat during a fracas at Candlestick Park on Aug. 22. A free-for-all brawl then erupted among the players.

Marichal has a double dose of trouble Thursday as he suffered a hairline fracture in the last joint of his left thumb during the seventh inning and minutes later was served with papers in a \$10,000 damage suit brought by Los Angeles Dodger catcher John Roseboro.

Dodgers Win 13th in Row to Retain Lead

LOS ANGELES (AP)—Don Drysdale pitched a three-hitter Thursday night as the Los Angeles Dodgers won their 13th consecutive game and maintained their two-game lead in the National League pennant race by defeating Milwaukee 4-0. The Dodgers, who haven't lost since Sept. 15, held their margin over the San Francisco Giants, who trimmed Cincinnati 5-3 earlier in the day.

Giants Down Reds 5-3 on Cepeda's Hit

SAN FRANCISCO (AP)—Pinch hitter Orlando Cepeda belted a two-run homer with one out in the ninth inning Thursday, lifting the San Francisco Giants to a 5-3 victory over Cincinnati.

The victory, only their third in the last nine games, kept the second-place Giants two games behind the National League leading Los Angeles Dodgers, who defeated Milwaukee 4-1.

Pinch runner Lee Maye, who had been in the lineup Thursday, was hit in the eighth inning by a double by Tom Haller. Cepeda, who missed much of the season because of a bad knee, then batted for Maye and hit the first homer of the year.

Jim Hart, who had homered earlier, doubled with two outs in the eighth inning and was home on Jesus Alou's single, knocking the game at 3-3.

The Reds had gone ahead in the first time in the top of the inning when Frank Robinson blasted a homer for Jim Murrell, who took over for Jim Maye, who was hurt in the eighth and taken to a hospital for X-rays.

Cincinnati 000 101 010-3 71
San Fran. 100 100 012-5 111

After Alou struck out, Mike DeLoach doubled Torre to third. But Drysdale toughened, getting pinch hitter Gene Oliver on a line drive to second baseman Jim Lefebvre and striking out pinch hitter Denis Menke.

Drysdale also contributed two singles to the Los Angeles attack, driving in the second run and raising his average to .302, making him the only Dodger batting better than .300.

Milwaukee 000 000 000-0 31
Los Angeles 020 011 008-4 90

Fischer, Kelley (6), Oliver (6), Oskinski (6), Niecko (8) and Torre; Drysdale and Roseboro. W—Drysdale (23-12). L—Fischer (8-9).

McDowell Is New Member Of 300 Club

By The Associated Press

Quickie Quiz: What pitcher's striking out batters at a fast clip than Sandy Koufax?

Stumped?

None other than Cleveland's Sam McDowell, whose individual performance has been overshadowed in recent weeks by the developments of the American League pennant race and without fanfare has joined Koufax as a member of the exclusive 300-strikeout club.

McDowell, a former major league pitcher in only his second full major league season, raised his strikeout total to 318 Wednesday night by fanning 12 in a five-inning, 5-3 victory over the New York Yankees.

McDowell, who has a 13-0 record with a best-in-league 2.17 earned-run average, hit struck out 10 or more batters in 17 games this season, while coming only the fifth pitcher in major league history to hit the 300-strikeout plateau.

Only Koufax in the NL and Rube Waddell, Walter Johnson and Bob Feller in the AL have scoring in the hard-fought game.

Twin Falls Sops Rip Buhl 22-0

BUHL—The Twin Falls sophomores scored a safety on the opening kickoff and dominated the remainder of the game for a 22-0 victory over Buhl.

The safety and a pass from Von Wells to Scott Williams put Twin Falls ahead 8-0 at the end of the first quarter. Twin Falls made it 16-0 at the half on another safety and a 75-yard kickoff return by Brett Staples.

A 65-yard run by Mike Ferguson in the fourth ended the scoring in the hard-fought game.

South Africa Is Leader in Canada Cup Golf Match

MADRID (UPI) — Lanky Harold Henning rammed in a 30-foot putt on the 18th green Thursday to give South Africa the team lead by one stroke after the first round of the 13th International trophy and Canada Cup match. Henning's putt, for a birdie three, gave him a score of 35-37-72 to go with teammate Gary Player's 36-34-70 over the 7,006 yard, par-72 Club De Campo course for a 142 team total.

Griese Was Too Small to Join Irish

LAFAYETTE, Ind. (AP) — He was interested in going to Notre Dame. They thought he was too small. But Bob Griese's tremendous history over Notre Dame last Saturday and shot of 67 on the 18th hole of the Associated Press Top Ten tennis tournament last Saturday, kept him from joining the Irish.

"I just didn't do anything well," Lemna said disgruntled. "If you thought I was struggling, you were exactly right." He opened with three bogeys and caught another on the sixth hole where he three-putted, but retrieved some ground with a 12-foot birdie putt on the eighth. He scrambled out of bunkers on the 11th and 12th for pars and rambled in a 25-foot putt on the 14th for a birdie. But just when he looked as though he was ready to stage a charge, he double-bogeyed the 19th yard, par-four 15th where he drove into a bunker, came out short, took three to reach the green and three-putted.

Nicklaus birdied the second and fourth going out and made his first error on the short 11th where he took a four-iron and whacked it 50 yards over the green. He chipped back and three-putted for a double-bogey five. He bunkered his drive at the 17th for another bogey. Nicklaus appeared satisfied after the round.

Giardello Is Winner of Salary Bout

NEW YORK (UPI) — Joey Giardello won a decision over Madison Square Garden Thursday before he signed to defend his world middleweight title against Dick Tiger of Nigeria at the Garden Oct. 21.

The champion was an hour late in appearing at the New York Athletic Commission offices for the formal signing. He and his adviser, Arnold Giovannetti, went first to Madison Square Garden to renegotiate terms. Tiger, the challenger, appeared at the commission offices 15 minutes early.

Preliminary terms for the bout had promised Giardello a guarantee of \$50,000 or 40 percent of the total net receipts, which would include the rich return from home television.

The Garden has not yet announced any arrangement for live TV and Giardello was not to be wanted to sign.

"We made a new agreement," said Giovannetti. "We probably will be home TV, but if not, then we will get more money from the Garden," said Giovannetti.

Teddy Brenner, Garden matchmaker, said that Ned Rich, Garden official, "is certain there will be TV."

Giardello then walked over to the commission office, but by then Tiger had left for a cup walk with 20 minutes before the fight became official with the formal signing.

WORLD MIDDLEWEIGHT boxing champion, Joey Giardello, left, and challenger Dick Tiger were in gloved embrace after signing in New York Thursday for their fight Oct. 21. It will be their fourth meeting, with Giardello winning twice before, taking the title from Tiger in 1943. (AP wirephoto)

LOSING HIS HAT as he slides into home is Jerry Adair of the Baltimore Orioles in the seventh inning of Thursday night's contest with the Minnesota Twins at Baltimore. Twins catcher Earl Batty dives toward Adair in an unsuccessful effort to make the tag on the sliding Oriole. The Twins won 7-6. (AP wirephoto)

Versalles-Led Twins Edge Orioles 7-6

BALTIMORE (AP) — Shortstop Zoilo Versalles, starting for the first time since Minnesota clinched the American League pennant, slugged a grand slam homer and led the Twins to a 7-6 victory over the Baltimore Orioles Thursday night.

Versalles doubled in the third inning and then hit his first career grand slam in the fifth inning off loser Milt Pappas before retiring from the game. Jerry Kindall, who replaced Versalles, singled to launch a two-run rally which put Minnesota ahead 7-1 in the seventh, but his error in the bottom of the inning paved the way for four unearned Oriole runs. Kindall's two-out wild throw allowed another run to score in the eighth.

Breedlove Is After Record At Salt Flats

LOS ANGELES (UPI) — Crafty Craig Breedlove took his all-new jet racer to western Utah's salt flats Thursday, where he will make a bid to regain the world land speed record.

The 28-year-old southern California daredevil unveiled his new "Spirit of America" West Coast jet racer in Los Angeles then began the trip to Utah to set up camp at Bonneville Salt Flats.

Breedlove and his crew were expected to reach the salt flats this weekend and hoped to begin practice runs in the new \$200,000 racer Sunday, weather permitting.

While at Bonneville the Los Angeles speed enthusiast will try to surpass the record—set 530 miles an hour held by Art Arfons of Akron, Ohio.

Breedlove, who started building his car at age 14, unveiled the sleek, streamlined racer at a press conference conducted by Goodyear Tire and Rubber Company, sponsor of the car.

The needle-nosed pop bottle-shaped vehicle is designed for super-speed. Breedlove, first man to drive a car faster than 500 miles an hour, has set a goal of 600 mph at Bonneville. The car, powered by a 370 jet engine, is capable of 850 m.p.h.

Far West Gridiron Action May Produce Upsets This Week End

Gridiron action in the Far West has already produced some major shocks, and more may be coming up in this, the third week of the annual autumn madness. The schedule features a neighborhood brawl between surprising Washington State and Idaho at Pullman, Ohio State at Washington, UCLA at Penn State, Stanford at the Air Force Academy, Brigham Young at Oregon, Kansas at California and Oregon State at Southern California.

Cardinals Use 19-Hit Attack To Rip Astros

HOUSTON (AP) — Lou Brock and Curt Flood each rapped four hits, sparking a 19-hit St. Louis attack that buried Houston 19-8 Thursday night. It was the Cardinals' first victory in the Astrodome after five losses in which they scored just eight runs.

Brock had three singles and a triple, scoring three runs, while Flood collected four singles and scored four times.

Bating Leaders

American League Bating (400 at bats) — Oliva, Minnesota, .321; Yastrzemski, Boston, .311.

Runs — Harper, Cincinnati, 125; Mays, San Francisco, 125; Johnson, Cincinnati, 109.

Home Runs — Mays, San Francisco, 51; McCovey, San Francisco, 39.

Stolen Bases — Wilks, Los Angeles, 93; Brock, St. Louis, 60.

Japan Auto Set for U.S. Grand Prix

WATKINS GLEN, N.Y. (UPI) — Two young Californians think they have a Japanese formula car that can win Sunday's United States Grand Prix.

"This car is so far ahead of the first one, I think we've got a real chance this time," was the reaction of Richie Ginther of Granada Hills, after seeing the new 12-cylinder Honda flown in from Japan just for the race.

"This car should be faster than the old one and besides we've gotten most of the bugs worked out," said Tomita's No. 2 driver, Ronnie Buchanan of Hollywood.

The two American drivers and a half dozen Japanese mechanics spent 14 hours working on the new machine at the technical building on the race course.

Honda first began racing over a year ago when it introduced the monster 12-cylinder car.

The UCLA Bruins, idle last week, are still in the question mark class. They lost to Michigan State and Michigan State disposed of Penn State, 23-0.

The small, but aggressive Bruins may be over-scheduled, but an upset is quite possible.

Washington's Huskies, apparently slow in getting untracked thus far, meet a perennial power from the Big Ten in Ohio State. The Huskies lost to Navy at Waco, Tex., last Saturday, and Ohio State bowed to North Carolina.

Oregon, loser to an aroused Iowa team, meets BYU, which won over Kansas State.

Stanford, held to a tie by Underdog Navy, is favored to beat the Oregon State couldn't handle Iowa's Gary Snook. Now the Beavers face Garrett, who led USC to a 26-6 romp over Wisconsin.

This corner's personal picks: Southern Cal, Cal, Oregon, Stanford, Washington, Penn State and Washington State.

Lobos Lose Two To Knee Injuries

ALBUQUERQUE, N.M. (UPI) — The University of New Mexico will be without the services of second-string quarterback Doug Hendrick and defensive tackle Bill O'Neill when they meet Colorado State University Saturday night.

Hendrick twisted a knee prior to the Lobos' 35-14 loss to Texas Western last week and O'Neill also injured his knee during the contest.

Restrictions Asked On Migratory Fish

BOISE (AP) — Idaho, joined by upstream and Colorado River states, successfully staved off Thursday an effort designed to scuttle a resolution-urging equitable harvesting of salmon in the Pacific Northwest. The resolution, presented at concluding sessions of the Western Conference of the Council of State Governments, put delegates on record as favoring management and harvesting of migratory fish "so that no one state shall harvest an excess of a population of fish at the expense of another state."

The resolution was opposed by delegates from Oregon, who had a fight to amend the proposal. Joining Oregon in voting for the amendment were Washington and Alaska. Eight states voted against the amendment.

Presenting the case for the resolution was Idaho State Rep. Helen McKinney. She complained that "someone unbecomingly" in last spring and summer's salmon run in the Columbia River, causing cancellation of sport fishing in Idaho.

"All we are asking for is to have an equitable harvest of fish," Mrs. McKinney said. She was sharply critical of policies adopted in Oregon and Washington she said allowed commercial fisheries to harvest salmon and steelhead at Idaho's expense.

Oregon spokesmen argued the resolution would be stronger and "more useful" without the "at the expense of another state" language.

Grizzlies Host Bengals in Big Sky Loop Opener

MISSOULA (UPI) — Montana's inexperienced Grizzlies are host Saturday to the big Idaho State University Bengals in the Big Sky Conference football opener for both teams.

Montana, with a host of sophomores and transfers in its lineup, is looking to rattle first victory. The Grizzlies have lost road games to Utah, 28-13, and South Dakota, 15-14.

The Bengals, last year's conference runner-up, bring a 1-1 record to Missoula. ISC defeated College of Idaho 48-7, and lost to Omaha University, 20-14.

"Two people can't work together when they're not in agreement," said Deal, who noted that he and Keane were "not in agreement" on the way the New York pitching staff should be handled.

Bell Survives In British Golf

ST. ANDREWS, Scotland (UPI) — Judy Bell of Colorado Springs, Colo., won two matches Thursday to become the only United States survivor in the quarter-finals of the British Women's Golf Championship.

Miss Bell, a bespectacled Curtis Cupper, beat English champion Ruth Porter 3 and 2 in a morning round and then eliminated Connie Lugton of Scotland 3 and 1.

Market and Financial Report

Stocks

MARKETS AT A GLANCE

NEW YORK (AP)—The stock market ended mixed today.

In early trading profits were taken in many of the high-flyers which were prominent in the September advance. Makers of color television sets also backed away from recent gains. Aerospace stocks were strong at the start and most kept part of their gains at the end.

Volume for the day was estimated at 7.4 million shares compared with 6.6 million Thursday.

There was the picture near the close.

Profit taking hit a number of the recent speculative favorites and spread to such recently strong groups as electronics and airlines. In a second-day reaction to the award of the \$2-billion contract for the huge C5A plane to Lockheed, that stock trimmed an early gain of about 2 1/2 to 3 points to 12 1/2. The unsuccessful bidders, Boeing and Douglas Aircraft, rebounded about a point each from Thursday's sharp losses.

SCM Corp., ranging between a gain and a loss as more profits were taken, was down 1/2. Most active stock and was almost even late in the day.

Radio Corp. was heavily traded and down nearly a point. Smith last more than a point, Raytheon and Sperry Rand fractions.

Losses of about 2 each were suffered by Delta Airlines, Northwest Airlines and National Airlines as profits were taken in them. Eastern gained about 1/2, American a fraction.

HIM lost 8, Xerox rose more than a point.

Averages

Dow Jones Industrial Average 119.48, up 1/2.
Standard & Poor's 500 119.48, up 1/2.
Nasdaq Composite 119.48, up 1/2.
NYSE 119.48, up 1/2.
AMEX 119.48, up 1/2.

Grain

CHICAGO (AP)—Trade in the grain futures market became generally dull today after a period of active opening and most prices showed a tendency toward weakness.

Brokers said commercial demand was very light all around and that the market faltered easily when sell orders showed that takers were scarce.

Corn again moved at season lows with shorts ranging to major fractions.

Carlot receipts were estimated at: wheat 5 cars, corn 96, oats 2, rye none, barley 10, soybeans 22.

PORTLAND
PORTLAND (AP) — Oct. 1
Close: Portland Grain Exchange.
Wheat 1.52 1/2, 1.52 1/2, 1.52 1/2.

Butter and Eggs

CHICAGO (AP)—Chicago Mercantile Exchange—Butter steady; wholesale buying prices unchanged. 99 score AA 62 1/2, 92 A 62 1/2; 90 B 61 1/2; 89 C 61 1/2; 88 D 60 1/2.
Eggs uneasy; wholesale buying prices unchanged, 70 per cent or better grade A white 39; mixed 39; mediums 35; standards 31; dirties unquoted, checks 23.

PEAS AND LENTILS

SPOKANE—This weekly price report on peas and lentils covers the market Sept. 2-20.

The market showed a slight increase in both price and interest for green peas this past period while black and yellow peas remained steady. There was a lessening of activity in the lentil market, although there were a slight price increase. Average prices quoted for the past week were: Greens, \$3.55; yellow, \$3.55; black, \$3.17; and lentils, \$9.80.

All prices are quoted fresh from F.O.B. car at shipping point. Storage and handling charges should be added to arrive at net price to grower.

Farm AND Ranch

Magic-Valley's Week-End Farm Paper

SECTION

Oct. 1-2, 1965 Twin Falls Times-News 21

Long Fences and Canals

Harvesting began this week at Tuttle at the Ted ... Willis Hawkes and Floyd Mafin also have ... and all are working together with a harvesting machine ... and crew. Haying, corn silage storing and bean com ... also is going on at Tuttle now.

and Mrs. Bobby Jones, Filer, have their Quarterhorse ... Kewash Dusty Bar, back at their ranch. The horse ... the Jack Jones ranch for some time where he was ... and trained.

Ernesto Haley, Filer, recently purchased "Johnny Rebel Bar," ... Quarterhorse gelding, from Mr. and Mrs. Bobby Jones, Filer. ... plans to enter the horse in cow cutting events.

John Sherman, King Hill, manager of the Glenns Ferry Co-Op ... Association store, reports that 99,020 pounds of wheat has been ... to Shields at Buhl, by farmers in the area. Sherman also ... a fertilizer mixing plant is being installed at the ... Glenns Ferry store.

Many reports of good silage in Richfield this year are counter- ... ed by other farmers having to turn their fields over to pasture ... and the tops of the corn down too much to chop well. ... is one of the first farmers to complete chopping ... for his herd of 130 Holsteins. Dowell's hay is considered ... and this year, too, going four and one-half tons to the acre.

The water table has receded in Carey Valley since farmers ... stopped using a great amount of water for irrigation pur- ... poses. Basements are now dry after a summer of the highest ... water in the memory of many oldtimers.

Members of the Elba Cattleman's Association are gathering ... the herds from the forest pastures west of Elba and putting ... in forest pastures low on the flat next to the Chandler ranch ... Clyde valley where they will stay until they move them to ... various ranches throughout the surrounding area soon.

Fred Peterson and Forrest Armstrong, Richfield, purchased ... of Robert S. Speedy's band of sheep. Most of the ewes were ... sold to buyers in Gooding. Speedy is retiring after 35 years in ... sheep business and 50 years as a Richfield farmer.

Robbins Brothers, Rupert, have been hauling grain for the ... Top Sheep Co., from the ranch north of Carey to Rupert.

Health is chopping corn for silage at the H. McCoy Jones ... ranch on King Hill Creek, according to Sam Maupin, ranch ... manager.

Harvesting of grain and second crop alfalfa in Carey Valley ... resumed after snow and freezing temperatures put a stop to ... operations.

Trail is threshing clover seed at the Ray Thompson ranch ... of King Hill. Thompson is in the process of putting up his ... crop of hay.

At the George Peter ranch, east of King Hill, about 20 acres ... new ground has been cleared, leveled and planted to barley ... alfalfa. Peter is in Brunau this week rounding up cattle. ... Peter and children visited the cow camp over the weekend.

Richfield Man Is Awarded Grassman of Year Title

SHOSHONE—Leroy Magoffin, Richfield, was awarded the Lincoln County Grassman of the Year title after a tour of grass- ... farms.

Judges for the event were ... (Bob) Hill, Burley, and ... Magoffin has managed to avoid ... overgrazing on pasture lands, ... allowing his grasses and leg- ... umes to maintain heavy stands ... which leave very little room for ... weeds to grow. Good manage- ... ment of hay fields and spraying ... of grain fields and ditch banks ... have assisted greatly in elimi- ... nation of the weeds which once ... grow abundantly over much of ... the farm, the judges said.

Magoffin believes that a ... "sow's ear is not inherently a ... good material from which a silk ... purse may be made." He seeds ... his orchard grass with alfalfa ... for hay and pasture. Under his ... type of management with this ... type of livestock he produces, ... he has no fear of blout.

"Later orchard grass is a later ... maturing grass than the com- ... mon orchard grass and it gives ... the alfalfa a chance to approach ... maturity before the grass itself ... goes to seed and gets tough and ... unpalatable.

This doesn't mean that be- ... cause he uses later orchard ... grass and alfalfa, all other ... grasses and legumes are poor. ... As far as production of forage ... is concerned, under his type of ... management, his chosen vari- ... eties produce the most feed for ... his livestock and he believes in ... producing the best.

"The grasses and legumes must ... be fertilized and carefully ir- ... rigated in order for them to ... produce to their maximum ca- ... pacity. His barnyard manure is ... spread on the pastures and ap- ... plications of commercial fertil- ... izers are applied to replace the ... nitrogen and phosphate which ... are used by the livestock.

His hay stands are as care- ... fully managed as his pastures. ... Even though the grassman tour ... wasn't conducted until after ... severe frosts had ravaged the ... fields, his pastures and hay ... fields still had a good, healthy ... deep green color, the reflection ... of good management.

The Magoffin family's Inter- ... ests extend outside the bound- ... aries of their farm. He is pre- ... sently a member of the school ... board at Richfield, Farm Bu- ... reau member, and has been ac- ... tive in all farm organizations.

The family calls upon the ... county agent for a great deal of ... assistance in many agricultural ... matters and participates in the ... Wood River Soil & Water Con- ... servation District's program and ... function, and he takes advan- ... tage of the advice and assist- ... ance offered through the SCS ... and BLM.

Fat Stock Sale Acclaimed Best

From all quarters, last Satur- ... day's 4-H and FFA Fat Stock ... Sale has been hailed as a suc- ... cess.

Club members, buyers and ... backers all expressed satisfac- ... tion.

In sheer monetary terms, the ... sale was a success. Premium ... prices totaling \$13,215 were ... garnered by the hardworking 4-H ... and FFA club members.

Prices were as high as \$500 ... per hundred pounds for both the ... grand champion and reserve ... champion beef animals.

A record \$180 per hundred ... pounds was paid for the grand ... champion steer.

Olav Genn, Sales Day Com- ... mittee member, called the sale ... "the best run ever." He credit- ... ed Sale Day Committee Chair- ... man Edward Shuff, and commit- ... tee vice chairman, John Law- ... rence, both Twin Falls, for the ... smoothness with which the sale ... progressed.

Genn further credited two new ... rulings—that only one animal ... could be sold by each club mem- ... ber, and that the animals must ... be quality animals and well ... groomed—to be sold—for the ... sale's success.

Genn and Wilmar Priest, Je- ... rone County extension agent, ... agreed the sale involved a non- ... profit response from the Magic ... Valley community.

Not only were the rural areas ... represented by the club mem-

bers, but area cities supplied a ... great number of the buyers.

"This is for everybody, and ... when sale day comes everybody ... helps," Genn said.

Priest pointed out that three- ... fourths of the money received ... by the 4-Hers and FFA mem- ... bers will be either reinvested in ... livestock operations, most of ... which are ultimately used to fi- ... nance college expenses, or put ... Continued on Page 22

outright into college savings.
His observations were supported by the youngsters questioned by the Times-News. Without exception, they said, along with the owner of the grand champion sheep, 11-year-old Jeff Shewmaker, Jerome, "I'm going to save up all the money I get for college."
John M. Barker, Buhl, one of the buyers at the sale, observed that the "sale does encourage the youngsters to do a fine job of feeding so that they can come out with the top price."
Barker continued, "You come up here every year and see these kids getting closer and closer to the top... and finally you see them make the top."
Barker said he preferred to bid for animals from the Buhl area because "the kids are more pleased to have people from their own area bid than for someone from a hundred miles away to bid for their animals—even if they get the same price."
Agent Genn said that one of the important things responsible for the success of the sale was "a place to hold it, and we've got the best here. This is an ultra-modern livestock facility."
He singled out Cecil Brim, Twin Falls, owner of the facilities, for special credit.
"These things deserve recognition," Genn said.
Further, he said, the Sale Day

Foreign Cigarette Demand Increases Despite Reports

WASHINGTON (UPI) — The Agriculture Department said today that cigarette production was up 5.6 per cent, Western Europe up 1 per cent, Eastern Europe up 4 per cent, Africa up 6 per cent, Asia, including Communist China, up 6.1 per cent, and Australia and New Zealand up 1.4 per cent.
In other areas, South American countries showed a net decline of 1.2 per cent.
In other areas, South American cigarette production was up 5.6 per cent, Western Europe up 1 per cent, Eastern Europe up 4 per cent, Africa up 6 per cent, Asia, including Communist China, up 6.1 per cent, and Australia and New Zealand up 1.4 per cent.
The department said output in the United States, the world's largest cigarette producer, fell last year because of a government report on smoking and health.
But the world as a whole, in spite of this and other similar reports, produced 2,526 billion cigarettes last year. This compares with production of 2,458 billion in 1963.
The department pointed out, however, that the 1964 gain of 2.8 per cent was smaller than usual. From 1958 through 1963, cigarette production rose at an average rate of 4.6 per cent a year.
Last year's American production was \$40.1 billion cigarettes, down 1.9 per cent from 1963. All Northern and Central Amer-

Green Giant to Expand Products

BUILD — Typical of the expanding packed vegetable industry, the Green Giant Company announced that it is in the process of introducing 30 new products for introduction this year exceeds the total of new products introduced by the company during the past 10 years. Twelve of the 30 new products are additions to the firm's frozen vegetable line, two are canned products and the remaining 16 are introduction of frozen vegetables into the institutional market.

Congressmen Predict Farm Workers Soon Will Have \$1.75 Minimum Wage

WASHINGTON (UPI) — Rep. Albert Quie, R-Minn., predicted Friday that Congress would vote to bring farm workers under the coverage of the federal minimum wage law next year.
Quie said the House and Senate would approve the action as soon as the Johnson administration asks for it. And, he added, he expects that request to come next year.
The House Labor Committee has been trying to get the job done this year. It has approved a bill which would, among other things, provide minimum wage coverage for an estimated 1.3 million farm workers.
But this bill has been held up in the House Rules Committee and is not expected to get final congressional action this year.
Quie and many others believe an administration source agreed. He thinks that farm workers will be brought under the minimum wage law in some form or other next year.
In the Senate, a spokesman for Sen. Harrison A. Williams Jr., D-N.J., said the Senator was "hopeful" on the same issue. Williams is sponsoring his own wage floor bill for agricultural workers.
Earlier this year, Labor Sec-

Exports of U.S. Farm Foods Told

WASHINGTON (UPI) — The Agriculture Department reports Food and Peace exports of agricultural commodities under Public Law 480 amounting to about \$400 million, or 10 percent during the first half of 1965.
The shipments included: wheat, 160.4 million bushels; wheat flour, 2.4 million hundred-weight; corn, 6 million bushels; barley, 1.5 million bushels; soybean oil, 262.2 million pounds; cotton seed oil, 17.2 million pounds; tallow, 80 million pounds; tobacco, 1.69 million pounds; rice, 6.4 million hundred-weight; non-fat dry milk, 1.2 million pounds; dry whole milk, 1.8 million pounds; beef, 10.5 million pounds; cotton, 266,000 bales.

Phosphorus Needs Cited For Eroded Hilltop Soils

MOSCOW — You need more phosphorus management has more influence on phosphorus than the soil series, I'm talking about such things as rotations, cultural practices and fertilization." The Idaho scientist recommends farmers determine fertilizer needs by soil testing. If phosphorus is low in the soil, an application of 18 to 22 pounds of actual phosphorus will do the job.
"Apply it this fall," Baker says. The phosphorus must be mixed with the soil or injected into the soil for best results. "You can take care of nitrogen, phosphorus and potassium needs all in one operation if soil conditions permit," Baker points out. "Don't try to do this over. Apply phosphorus and sulfur this fall but save at least part of the nitrogen for next spring."
The studies by Baker and other scientists, Roger Harder and David Van Houten, are summarized in a University of Idaho publication, "Phosphorus Requirements of Severely Eroded Palouse Soils." Copies of the folder, Idaho Current Information Series No. 15, may be obtained from county agricultural agents or by writing Mailing Room, College of Agriculture, University of Idaho.

Report Offers Cattle Contract Information

MOSCOW — Selling by contract is a popular method of marketing Idaho feeder cattle. And it's a method that can lead to misunderstanding and dissatisfaction for either seller or buyer, according to a University of Idaho report.
The problem frequently is the contract itself. Contracts often fail to spell out all the obligations and rights on both buyer and seller. Essential contract items are discussed in a new University of Idaho publication, "What to Look for in Cattle Sales Contracts," by Ed Duren and R. Wayne Robinson, both with the University's Agricultural Extension Service. Duren is area livestock agent serving Caribou, Bear Lake and Franklin counties, and Robinson is extension economist.

In the publication, the two specialists point out the need to clearly identify all animals to be included in sales contracts. They also discuss conditions of payment, delivery and weighing and shrinkage. Each of these is important to both buyer and seller.
Because cattle sales contracts are legal documents enforceable by law, it is highly advisable to seek legal help in preparing one. Duren and Robinson emphasized.

White Clover Crop Down 10 Per Cent

BOISE — The 1965 crop of white clover seed in Idaho is estimated at 4.23 million pounds, according to the USDA Crop Reporting Service for Idaho. A decrease of 10 per cent from the 1964 crop of 4.63 million pounds is due to a decrease in the 1959-63 average production. The average for harvest this year is estimated at 18,000 acres, compared with the revised 1964 average of 17,000 acres, or an average of 16,700 acres, or 10 per cent below last year but the same as average. The national production of white clover seed this year is forecast at 5.23 million pounds. The 1964 crop would be 10 per cent below the 1965 crop, but one estimate of 5.87 million but one more than the 1959-63 per cent. Production in Louisiana was 450,000 pounds, 29 per cent below the 630,000 pounds produced in 1964. White clover seed produced in the Pacific Northwest, while the eight per cent of the year's total, was less than more than average. White clover seed acreage, for harvest is estimated at 25,300 for the Nation, down one per cent from 1964 and 13 per cent below average. Acreage in Louisiana was 5,000 compared with 1964. In Idaho, the acreage increased six per cent from a year earlier but in Oregon acreage was down eight per cent. Yields were below last year in Louisiana and in Idaho, the yield was above the Oregon, yields were above those in 1964, and above average in Idaho, the major producing state, most fields got off to a good start this spring. However, the frost reduced the early seed in some fields and dry weather reduced the late seed in other fields. After an early Idaho harvest was delayed by rain, and some clover sprouted in the field.

IDAHO STATE 4-H TRACTOR DRIVING CHAMPION, Ron Larsen, Picabo, matches his skill for Western United States honors Tuesday at Madison, Wis., with a field of 20 state winners. The farm youth is shown here receiving his state trophy from D. L. Granzow (right), American Oil Company field sales manager from Twin Falls, as Idaho state 4-H leader, D. E. Warren, watches. The American Oil Foundation sponsors awards in 40 states for the 4-H tractor program.

Picabo Youth Will Represent Idaho At 4-H Western Tractor Driving Meet

PICABO — Ronald Castle, 17, Picabo, will compete with 20 high ranking 4-H tractor operators at the University of Wisconsin Sunday through Tuesday during the ninth annual Western U.S. 4-H Tractor Operators' Contest. Ronald, a seven-year club member, earned the honor of representing Idaho by winning the state contest. His work this year with tractors and farm machinery included 400 hours spent in field work and 70 hours in servicing the seven tractors on his parents' ranch. The young farmer is the son of Mr. and Mrs. Willis Castle who operate a 700-acre ranch in Blaine County. An American Oil Foundation, donor of 4-H tractor program awards in 40 states, provided the state winner's expense-paid trip and other recognition. The regional operators contest will test the knowledge and skill of the tractor contestants in five events — driving with two- and four-wheeled farm implements, attached, safety, written quiz, and a practical test of troubleshooting. Scoring will be as in golf, low score wins. Trophies will go to the four top contenders. Ronald and other contestants will be concerned mostly with versatility report. During the 1964-65 marketing season Idaho Russets not only kept a premium price above other Russets in the same market, but the premium was larger than it had been the previous year. Questionnaires were mailed to chain store headquarters and terminal market handlers. Handlers and chain store buyers were personally interviewed in Denver, Minneapolis, Chicago, New York, Boston, Pittsburgh, Atlanta and Dallas in an effort to determine how the higher prices affected their trade. Experienced produce people expressed amazement at the way fresh potatoes continued to move even with the exceedingly high prices this past season. Many stated that they expected potatoes to stop moving entirely, much lower than actually reached. They sold approximately 85 to 90 per cent as many potatoes this past season as the two before. The surveys conducted by the University of Idaho shed some light on the price at which consumers switch away from Idaho Russets to other Russets or other types of potatoes. See Something New — Pampas Grass Blooms, Globe Seed — Adv.

Detailed University Study Relates 1964's High Potato Prices to Demand

BOISE — The small 1964 Idaho Russet potato crop resulted in prices that were two and one-half times as high as the previous year, and to the surprise of many retailers, the high prices failed to significantly reduce the volume merchandised throughout the nation, according to a detailed analysis of the 1964 marketing year. The study, "High Prices and Demand for Idaho Fresh Market Potatoes," was undertaken as a joint research project by the University of Idaho Extension Service and the College of Agriculture at the university. Cecil Kent and John H. Weber, authors of the report, said throughout the 1964-65 marketing season, U.S. potato prices were such higher than the industry had anticipated. Yet Idaho Russets maintained a wider margin over competitive potatoes than was recorded the previous season. Consumer reluctance to much higher potato prices did not materialize to the degree that many had expected. Because of the short crop, all producers could not supply all of the needs of their regular customers — the fresh and processing markets. Processors used enough potatoes to finish their normal seasonal runs, but were compelled to bid prices up in Idaho to insure the quantity. Prices rose early and stayed exceptionally high all through the season, the report said. Early season price rises caused fresh market handlers to prevent a drastic reduction in consumption of all fresh potatoes. It was predicted that at \$10 to \$12 per hundred, retail fresh potatoes would stop moving in quantity. Some handlers predicted Idaho Russets could maintain their usual premium at the higher price level. The predictions did not come true. All potatoes continued to move. Idaho potatoes sold at an increasing premium. In an effort to determine the effect of the high prices on the demand for Idaho potatoes, data on potato shipments and unloads were analyzed, and a questionnaire was mailed to terminal market handlers and chain store produce buyers for their subjective opinions. U.S. carlot shipments of fresh potatoes from the 1964 late crop were 87 per cent of the 1963 crop. However, Idaho shipments were only 59 per cent of the 1963 crop. Total potato unloads from the 1964 crop were 92 per cent of those of the previous year. However, Idaho unloads were only 64 per cent of 1963, considerably less than average. Of the potatoes from the major growing areas, the university report lists unloads from Maine and New York — Long Island were slightly above the 1963 level, while those from Idaho and the Red River Valley were far below. All other growing areas supplied nearly the same amounts as in 1963. The four major growing areas — Idaho, Maine, Red River Valley and New York — Long Island — had only 85 per cent as many unloads as the 1963 crop, as compared to 92 per cent for all growing areas combined. Comparing potato shipments with unloads shows that while only 59 per cent as many Idaho potatoes were shipped from the 1964 crop as compared to the 1963 crop, 64 per cent as many, a higher percentage, were unloaded in the 41 major markets. This indicates a different distribution pattern for the higher-priced year. A higher percentage of shipments went to major markets. The average f.o.b. price for 1964 crop USA Idaho potatoes in 100-pound burlap sacks was \$10.50 — more than two and one-half times the average 1963 price of \$2.54. In both years prices changed as the season progressed. The average price in April for the 1963 crop was \$3.37, or 162 per cent of the October price. The average price in April for the 1964 crop was \$8.84, or 180 per cent of the October price for that crop year. To get an indication of what the higher 1964-65 prices meant in terms of income to the State of Idaho, the monthly average price was multiplied by the carlots moved that month, which in turn was multiplied by the average weight per car, 430 hundredweight. On this basis, the 26,885 cars shipped from the 1963 crop would bring in \$20 million, while only 17,809 cars — shipped from the 1964 crop would bring in \$50 million. With only two-thirds as many cars of potatoes from the 1964 crop, income was 72 per cent greater, according to the university report.

from D. L. Granzow (right), American Oil Company field sales manager from Twin Falls, as Idaho state 4-H leader, D. E. Warren, watches. The American Oil Foundation sponsors awards in 40 states for the 4-H tractor program.

the contest, but also scheduled are recognition events and an educational tour to Wisconsin Dells, circus museum at Baraboo and American Breeders Service Headquarters. The tractor contest is jointly sponsored by the Cooperative Extension Service, University of Wisconsin, American Oil Foundation, and the National 4-H Service Committee.

U.S. Farm Skills May Soon Be Used Abroad for Agricultural Development

WASHINGTON (UPI)—U.S. farm research and extension workers may soon find a growing need for their skills in programs designed to head off food shortages overseas. Officials are expanding the U.S. efforts to help the world's hungry are currently under study by the Johnson Administration. Details of the proposals still are secret. But it is no secret that the plans fall generally into two areas: Using U.S. surplus food to help feed the developing nations of Asia, Africa and Latin America, and increasing efforts to help these nations step-up their own agricultural production. Earlier this year, an agriculture department study predicted that efforts to raise farm productivity abroad may soon run into a world shortage of trained agricultural research workers.

USDA Ships Corn Meal to Aid Diets

WASHINGTON (UPI) — The Agriculture Department has announced a program to improve the diets of needy children overseas. The department plans to buy 1 million pounds of gelatinized corn meal for use in overseas aid programs. The corn meal will be used mainly as a drink base, in combination with non-fat dry milk powder. In most cases, the processed corn meal will be donated through voluntary charitable agencies who operate school lunch and other programs designed primarily to help children and expectant mothers. The Agriculture Department reported that experimental use of the gelatinized corn meal has indicated it will be acceptable in several Latin American countries, India, and the Philippines.

It would include retired farmers, or farmers willing to take temporary leave to help in training and demonstration projects. Holland Bulbs are here, Globe Seed & Feed Co.—Adv.

ELECTRIC POWER GENERATOR is readied for use at the new Central Idaho 4-H Camp. Ardell Dayley, Burley, pours gasoline into the engine with the assistance of James Eaklin, Halley. The engine will generate power for use in the construction of the camp, which is now under way. Access roads have been graded, and power lines are being extended 15 miles to service the camp. (Times-News photo)

Construction Work Begins to Ready Central Idaho 4-H Camp for 1966

KETCHUM — Work on the \$20,000 Central Idaho 4-H Camp on Quadrant creek 20 miles north of Ketchum was started Monday. Leveling and removing fir pine and aspen trees from the area where the 120x24 foot lodge and dining room will be built was completed Wednesday and the cement footing and foundation are expected to be completed next week.

Dayley Brothers of Burley in conjunction with Titus Inc. of Jerome were awarded the contract for the work. Duggan Brothers of Hagerman will build the log structure.

Plans call for the lodge to be covered before bad weather sets in. Warmer mild weather during the past week have favored the project.

Also being rushed to completion is the 15-mile power line from North Fork Store to the camp site. The poles were laid in place this week and the work of setting them and stringing wire should be completed in the next few days.

Lloyd Smith manager of the Halley office of the Idaho Power Company said the extension is being built at a cost of \$40,000. A spur line will extend to Russian John Ranger Station; a line will extend to Easley, and a spur will extend up Butterfield Creek to the proposed ski area there.

W. G. Priest, Jerome County extension agent and Ed Martin, Jerome County Fairground manager, trucked two 8 by 10 foot tall buildings to the grounds Tuesday. These were donated by the Jerome County Fair Board and will be used until permanent structures can be erected.

Accompanying them was Alex Schaefer of the South Central District Health Department, who advised James Eaklin, Blaine County agriculture agent

Ray Lincoln Discusses Range Problems At Meeting of Idaho Farm Managers

Ray Lincoln, Twin Falls, told late summer meeting of the Idaho Society of Farm and Ranch Managers and Appraisers Friday that the problems that arise between government administrators and the range livestock people "usually stem from misunderstandings. By that I mean misunderstandings of who is the boss."

Lincoln is a Twin Falls County Representative in the Idaho State Legislature, and a member of the Bureau of Land Management Advisory Board, and a past president of the Idaho Wool Growers' Association.

Speaking of the problems of the range operator, Lincoln said, "These people, over the years, not only have taught us who is the boss, but have earned our respect as well."

Acknowledging the friction that has often typified government-range operator relations in the past, Lincoln recalled that the first-generation rancher nearly always "built their outfits themselves. They resented the fact that some college kid, as they called them, tried to tell them the condition of their range." But, according to Lincoln, the ranchers have begrudgingly learned that "the college kids

coln, this not only improved the ranges, but "it proved to the people involved and to Congress the benefits of spending some money on the ranges, and the huge returns that would result from it."

Among other problems facing the range operator, Lincoln noted that "two-legged predator losses" in cattle amount to about one per cent, compared with two per cent losses from straying.

In addition, the "tote-goat and sheep crowd" are beginning to cause problems, he said. As the amount of range fencing increases, the fences interfere with cross-country travel.

Lincoln concluded, "They represent the fence; and in many cases, leave the gates open."

Holland Hulbs are here, Glan Seed & Feed Co.—Adv.

were right, but it took some educating to prove this.

"The average old-timer died hard. Today, the relationship between the government administrators and livestock people is good, perhaps speaking in terms of labor shortages on the range. He said the old herd-ers are dying or retiring, and there are very few young people who want this type of work by his reckoning, more sheep-

Marketing Quotas for U.S. Sugar Growers Set to Pass

WASHINGTON (UPI) — A proposed increase in marketing quotas for U.S. sugar growers apparently will be passed by the House next week with major controversy.

The House Rules Committee Tuesday cleared a controversial new sugar bill for floor action. But the disputes on the measure centered on provisions dealing with marketing quotas for foreign quotas section.

This action reflects the fact that there has been little dispute over the domestic quota increase since U. S. sugar industry groups reached a compromise agreement early this year.

The terms of the agreement are included in the sugar bill now pending before the House. They were endorsed by the administration and adopted virtually without change by the House Agriculture Committee. The bill fixes the marketing quota for U.S. beet sugar, be-

Why fall application of phosphorus is better

FERTILIZATION FACTS FROM YOUR SOIL FERTILITY SPECIALISTS

Phosphorus should be placed deep in the root zone as far ahead of planting as possible. The best way to do this is by application and plow-down in the fall.

Sixteen years of field trials by a leading western sugar company, comparing fall versus spring fertilization of sugar beets, have always shown fall application to be better.

The comparisons were made as follows:

1. The fall applications were always plowed down.
2. Spring applications were either disc or banded into the seedbed, or side-dressed about thinning time.
3. Comparisons were made using straight phosphate fertilizer and various nitrogen-phosphate mixes.

Results:

All kinds and mixtures reacted similarly. Sometimes the differences were small, but at no time did spring applications or split applications give a higher yield than the fall plowdown application.

For more information about fall application of phosphorus or any other aspects of fall fertilization, be sure and see your USS Soil Fertility Specialists.

"TRADE WIND" WHEAT KING MULTI-USE BED

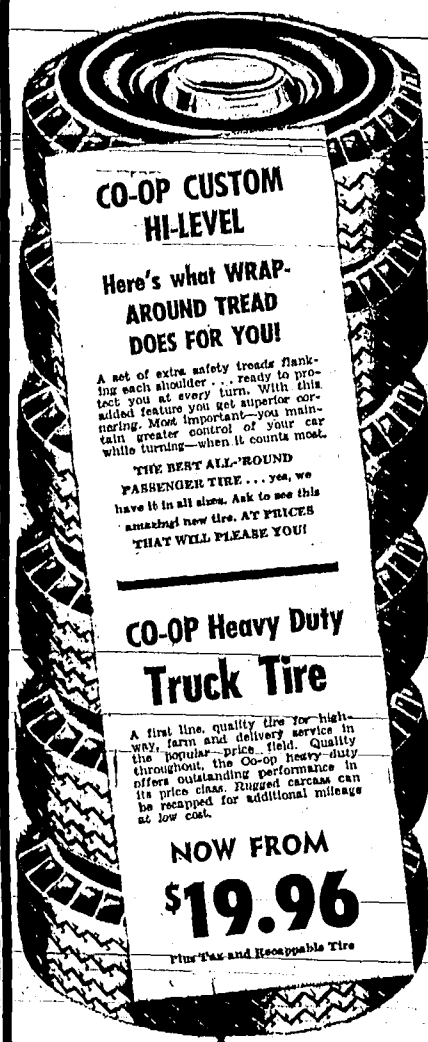

GRAIN-BEET-STOCK TRUCK BODY

Tradewind studies the farmer's needs, then builds the bed that will serve him best! Take the all steel Grain Body — it is lighter, lighter, stronger, lasts longer, and looks better all the while! But the main advantage in owning a Wheat King is the easy operating hardware, the easy changing sides and gates that adapt this one body to every hauling job.

"TRADEWIND" TRUCK BODIES FOR EVERY TYPE NEED.

62.4 and 1,600; Holly, grade Holstein owned by Kurt Westendorf, Gooding, 62.4 and 2,150; Brownie, grade Brown Swiss, owned by C. F. Lehman, Wendell, 62.2 and 1,800; Anita, registered Holstein owned by Jerry Westendorf, Gooding, 62.0 and 1,830.

No. 4, grade Holstein owned by Harvey Wood, Gooding, 62.0 and 2,000; No. 31, grade Holstein owned by Bob Tupper, Hagerman, 62.0 and 1,830; Patty, grade Holstein owned by Elden Arriga, Hagerman, 61.9 and 1,200.

No. 47, grade Holstein owned by V. F. McFann, Wendell, 61.7 and 1,470; No. 64, grade Holstein owned by Barbara Farm Dairy, Shoshone, 61.4 and 1,800; No. 20, grade Holstein owned by Bob Tupper, Hagerman, 61.0 and 1,840; No. 32, grade Holstein owned by Bob Tupper, Hagerman, 61.0 and 2,020.

No. 37, grade Holstein owned by Bob Tupper, Hagerman, 61.0 and 1,600; No. 41, grade Holstein owned by Jerry owned by Frank Jones, King Hill, 60.5 and 1,260; Humpty, grade Holstein owned by Phares and Bob Schiffer, Wendell, 60.5 and 1,650; No. 30, grade Holstein owned by Wesley Monson, Shoshone, 60.2 and 1,770; No. 35, grade Holstein owned by Wesley Monson, 60.2 and 1,720.

No. 24, grade Holstein owned by Bob Tupper, Hagerman, 60.0 and 2,130; No. 14, grade Holstein owned by Gordon Adams, Hagerman, 60.0 and 1,580.

Chub, grade Holstein owned by C. F. Lehman, Wendell, 60.0 and 2,000.

Declo FFA Team Is Second Place State Fair Winner

BLACKFOOT—The FFA Declo Judging Team consisting of Edward Hatch, Max Fuqua, and Stanley Schewe, placed second in the dairy judging contest at the Eastern Idaho State Fair in Blackfoot. Bert Gartner, inspector, accompanied the boys to Blackfoot where they were presented a banner after beating 33 other teams.

Hatch, who is a senior, placed second in the individual judging Declo.

Federation Seeks Uniform Grade "A" Milk Ordinance

WASHINGTON (UPI)—A nationwide group of milk producers soon will be asked to go to work to adopt a single, uniform grade "A" milk ordinance, a model ordinance drawn up by the U.S. Public Health Service.

If the milk producers approve the proposed resolution, it would be their first formal call for nationwide use of a single grade "A" milk law.

The federation's drafting committee has also approved a proposal calling for federal regulation of producer-handlers in milksheds controlled by federal milk marketing orders.

Producer-handlers are operators who produce milk on their own farm and also distribute milk.

A federation official said the Agriculture Department regulates ordinary handlers and marketing order milksheds, but does not regulate producer-handlers.

If the milk federation convention approves the new proposal, the group would ask Congress next year for legislation to guarantee regulation of producer-handlers.

Attends Meet

TRENTON, N.J.—Stanley I. Trenhulle, Boise, commissioner of the Idaho Department of Agriculture, arrived here today to represent Idaho at the annual convention of the National Association of State Departments of Agriculture. The convention will be held next week at the Princeton Inn, Princeton, N. J.

Topics for discussion at the convention are expected to include governmental involvement in water resource planning, the role of federal and state agencies in promoting farmer marketing-oriented groups, interrelations between federal and state agencies, and new developments in agricultural production and marketing.

Profit Is Lower Than Salaries

WASHINGTON (UPI)—The Internal Revenue Service reported a study showed farmers earned more money from wages and salaries than from their farm operations.

Farm returns for 1962 reported \$6.9 billion in income from wages and salaries. Income from farm profits in the same year was reported at \$3.4 billion.

Two Gooding Girls Win 4-H Honor

HAGERMAN—Cherill Tate, daughter of Mr. and Mrs. Harvey Tate, Hagerman, and Beverly Hanston, daughter of Mrs. Vinora Hanston, Bliss and Gooding, have been selected as two of the 25 Idaho 4-H members to attend the all-expense paid trip to the National 4-H Congress in Chicago, Nov. 28 to Dec. 2.

Miss Tate is the state winner in the bread contest, sponsored nationally by Standard Brands, Inc. She has been a 4-H member for nine years. For seven years she took foods projects, concentrating mainly on breads, and giving demonstrations on various phases of bread-making.

Last spring her Science Fair project at Hagerman High school was on "Baker Yeast" and was a second-place winner in the fair. She is attending the University of Idaho, majoring in home economics. She also has won the county Union Pacific scholarship for outstanding 4-H work and a University of Idaho scholarship for girls in home economics. She is a member of the 4-H club.

Commission to Study Use of Farmer Pools to Strengthen Marketing Power

WASHINGTON—The National Commission on Food Marketing wants to know whether U.S. farmers can strengthen their bargaining power in the nation's total food marketing system if they pool their forces.

A hearing next Nov. 3-4 in Washington, D.C. will explore the possibilities of improving the position of food growers through their own collective efforts. Commission Chairman Philip B. Gibson announced today.

Acknowledging that farm cooperatives and bargaining associations have been participating in the marketing of farm products for some time, Chairman Gibson explained:

"In addition to considering ways in which farmers might pool their bargaining power through collective efforts, the Commission wants to know if there are limitations on such efforts and what role the government should play in assisting farmer cooperatives."

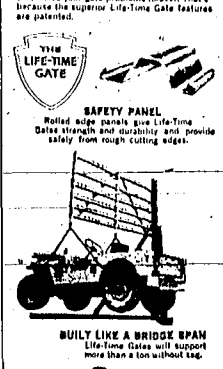

He added that witnesses for the November hearing would include farm principals from national farm organizations, the National Council of Farmer Cooperatives, Holland Bulbs are here, Globe Seed & Feed Co.—Adv.

North Side Canal to Cut Deliveries

JEROME — Water deliveries by the North Side Canal Co. will be reduced to amounts adequate for stock water Oct. 11 at Milner Dam, Douglas Finkelnburg, manager, reports.

The cutoff date of the stock water delivery will be announced after the October board meeting. He noted reason for the cutoff Oct. 10 is because there is little use for irrigation water after that time and it will enable the company to divert its entire flow through the Gooding canal.

This will allow the company to continue necessary maintenance work in the concrete section of the main canal.

Finkelnburg said he and R. O. Ward, J. R. Hagan, R. E. Woolley and Lester Saunders, directors, and H. Griffiths, company attorney, as well as R. P. Parry and John Rosholt, Twin Falls attorneys, attended a two-day tour of the Snake River watershed last week.

The official reported that a presentation by Norman Moore, assistant regional director of the Bureau of Reclamation, on the status of American Falls Reservoir was of particular interest.

Moore said it is the opinion of the chief engineer of the Denver office that the American Falls dam must be replaced. He pointed out that preliminary estimates indicate the cost of replacing the existing structure will be in excess of \$17,000,000. He also indicated a more detailed study of the situation might be ready sometime next spring. It was emphasized, however, Finkelnburg added, that there is no immediate danger of failure of the dam.

Average Is Given for Area Cows

GOODING — Dairy cows on production testing in the Gooding, Lincoln, Jerome Dairy Herd Improvement Association No. 1 during August averaged 38 pounds of butterfat per cow and 1,002 pounds of milk, reports Sam R. Gardner, tester for the unit.

The production figures include all cows on test, including dry cows. The report showed that 989 cows were on test, with 906 cows in production and 83 cows dry.

Herd tested for butterfat milk, total cows and cows in production include: Curt Westendorf, Gooding, 50.7, 1,611, 12, 12; Bob Tupper, Hagerman, 47, 1,418, 51, 44; Jerry Westendorf, Gooding, 47, 1,383, 7, 7; V. F. McHain, Wendell, 43.5, 1,230, 83, 49.

Harvey Wood, 44.8, 1,320, 13, 13; Kirk Hays and son, Wendell, 44.5, 785, 33, 28; Phares and Bob Schiffer, Wendell, 40.3, 1,212, 25, 25; R. W. Lehman, Wendell, 37.4, 1,110, 39, 34; Wesley Monson, Shoshone, 37.4, 1,043, 83, 83; Gordon Adams, Hagerman, 37.0,

Coleman Scores "Unholy Alliance" to Remove Idaho's Water to Southwest

California and Arizona are joined in an "Unholy Alliance" to transfer Idaho's water, Alex Coleman, Twin Falls, Idaho, representative to the National Advisory Board for the Bureau of Reclamation, said Friday.

He was addressing the late summer meeting of the Idaho Society of Farm and Ranch Managers and Appraisers held in Twin Falls at the American Legion Hall.

Discussing how and why California will take Idaho's water, Coleman said "It is not a fact that there is a surplus of water resources in the state."

Rather, he said, during dry years there is not enough water to fill downstream reservoirs, much less to export to the Southwest.

He said the problem of priorities for the use of water has been discussed for thousands of years, beginning with the codes of Babylon. Then, as now, the water was used first for drink and then for washing, house hold purposes, for irrigation and finally navigation. Today, according to Coleman, we simply substitute industry for navigation.

Then, as now, irrigation had priority over other uses, such as industry. The most dangerous proposal for the removal of Idaho water, according to Coleman, is the plan to pump more than one million acre feet of water each year from the Snake River at Hagerman. The plan, proposed by a firm of Los Angeles engineers, would call for lifting water 3,200 feet out of the Snake River Basin, would then drop it 4,500 feet into Lake Meade, for a net drop of 1,300 feet. Coleman said the engineers claim that there would be a net generation of electricity of 10 per cent.

The Californians further claim that the cost of this water to California would be \$32 per acre foot, which is considerably cheaper than either the movement of water from Northern California at \$63 per acre foot, or desalinization of ocean water at more than \$200 per acre foot.

According to Coleman, a project such as this is dangerous to Idaho just because it is feasible. "It makes sense to the Southwest, and the populous Southwest has much political power."

But, according to Coleman, this transfer of water would be by way of upsetting the traditional and legal set of water-distribution and legal usage priorities that the needs

of agriculture come before industry. Coleman listed several of Idaho's safeguards against encroachment from the Southwest. He said that these did not guarantee retention of water rights, but that they did establish precedents favorable for water retention.

First, he listed Idaho's compact with Wyoming for the allocation of Snake River water. Written into the compact was the qualification that no transfer of water from the basin dams on the lower river below of its origin is acceptable. Further, the license issued by the Federal Power Commission to the Idaho Power Company to the Idaho Power Company for the construction of three change-of-direction dams on the lower river below of its origin is acceptable.

Further, the license issued by the Federal Power Commission to the Idaho Power Company for the construction of three change-of-direction dams on the lower river below of its origin is acceptable.

HARVEY W. MAUTH has been named to the Board of Directors of Rogers Brothers Co.

Harvey Mauth Appointed to Rogers Board

BOISE — Harvey W. Mauth, current secretary-treasurer of the Idaho Eastern Oregon Seed Association and chairman of that organization's High Bright Research Committee, has been appointed to the Rogers Brothers Co. Board of Directors.

As a veteran of the seed industry in Idaho, Mauth is a member of the Garden Seed Research Committee of the American Seed Trade Association.

Mauth was recently promoted to a position of General Manager of the Rogers Seed Division from that of Production Manager, a position in which he had served for a number of years.

Bluegrass Crop Rises for Year

BOISE — United States production of Marion Kentucky bluegrass seed in 1965 is forecast at 3.40 million pounds by the Crop Reporting Board. This is four per cent more than last year's revised production of 3.27 million pounds but one per cent less than the 1959-63 average production.

Harvested acreage was larger this year in Idaho, Washington and Oregon but lower in California. Production was above a year earlier in Idaho, Oregon, and California but below 1964 in Washington.

Relocation Move For Veterinary College Studied

WENATCHEE, Wash. (AP) — A recommendation that Washington State University's College of Veterinary Medicine be moved from Pullman to the University of Washington in Seattle was considered by a committee of the State Veterinary Medicine Association here.

The college advisory committee of the Association acts in an advisory capacity to Washington State's veterinary medicine school. It has no power to order the proposed change.

Phosphorus and People

Producing elemental phosphorus from phosphate shale is a highly technical process.

It takes modern plant facilities and sophisticated engineering technology.

But most importantly, it takes people.

FMC annually invests multi-millions of dollars on plant modernization to remain in a competitive position in the industry.

At the same time, emphasis is not only on brick and mortar and the latest operational techniques.

Fred S. Rooney, resident manager, believes that:

"Equally important is a continuing effort to improve working con-

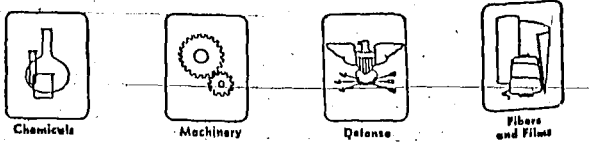

ditions and to create a pleasant environment for all of our fine employees."

Along these lines, FMC now has professional landscape architects and gardeners busy on an extensive five-year plant beautification program—Much already has been accomplished.

Trees, grass, flowers, shrubbery, paved walkways, parking areas, plant rest break facilities and many other planned improvements are not vital to the manufacture of phosphorus.

But it all makes FMC—the largest plant of its kind in the West—a better place for more than 400 people—your good neighbors—to earn their daily livelihood.

GET MORE WATER PER DOLLAR

FROM REDA Submergib PUMPS

- Lowest operating and maintenance costs!
- THE MOST COMPLETE SUBMERGIBLE PUMP UNIT, for water flow 1/2" to 1 1/2" and larger. Discharge range 10 to 300 ft.
- Capable to over 5,000 gallons per minute.
- For depths to over 1,000 feet.
- The water works for 1/2 through 1 1/2 H.P. models.
- No added water factory needed for highest efficiency.
- FULLY WARRANTED for your protection!

Over 100,000 Reda units have been installed for use in homes, farms, industries and municipalities. Wherever dependable water supplies are required, CHOOSE REDA, the practical low cost submergible pump!
