SAIGON, South Viet Nam (AP) — U.S. forces have entered the fighting around Qui Nhon and killed 18 Viet Cong, a U.S. spokesman announced today.

U.S. paratroopers of the 101st Airborne Brigade combed rice fields just north of the coastal city in central Viet Nam Wednesday and killed 17 guerrillas, the spokesman said.

The U.S. Army's 1st Cavalry Division also was reported in action in the Qui Nhon area, killing one Viet Cong and detaining two suspects about 10 miles west of the town.

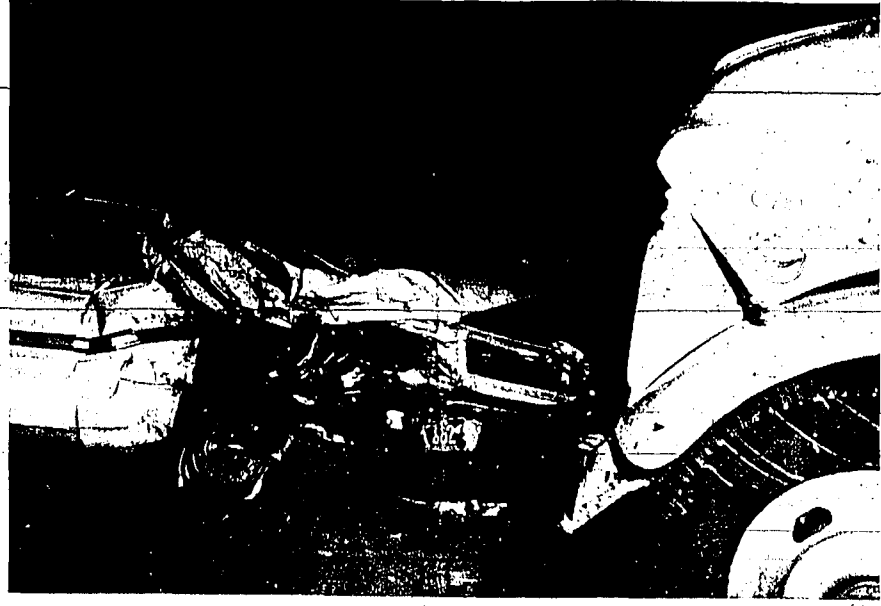

It was the first direct entry of U.S. troops into the continuing fighting between the Vietnamese army's 22nd Division and elements of four Communist regiments north of Qui Nhon. The Reds there have suffered heavy casualties in several military battles in the last two weeks along Highway No. 1 and along the Phu Cu Pass.

Meanwhile, the rest of the U.S. 1st Infantry Division began driving in Viet Nam to swell the total number of American troops in the embattled country to more than 140,000.

In Washington, the Defense Department disputed Peking's claim that a U.S. Air Force jet was shot down over Communist Viet Nam Tuesday.

The South Vietnamese army killed 13 Viet Cong in one operation in Vinh Province, 75 miles south of Saigon. Enemy action during the past 24 hours was reported sparse in comparison with the fighting in the Mekong Delta and the central coast earlier in the week.

The U.S. spokesman said the paratroopers operating north of Qui Nhon Wednesday picked up 10 military age, and 10 soldiers. One of the bearers led the Americans to 10 tons of hidden

3 T.F. Women Die As Car and Truck Crash Near Berger

BERGER—A grinding head-on collision early Thursday morning between a car and a tractor-trailer loaded with apples claimed the lives of three Twin Falls women. The accident occurred about 2:30 a.m. Thursday one-fourth of a mile north of here. Two of the women died instantly and the other died at 11:10 a.m. at Magic Valley Memorial Hospital. Dead are Mrs. Edith A. Cushman, 67, 321 Second Ave. N., driver of the 1962 Pontiac, and two of her three passengers, Mrs. Robert J. (Beulah Mae) Stevens, 55, 170 Jackson St., and Mrs. Nellie Lowery, 81, 303 Sixth Ave. N. The other passenger in the car, Mrs. Mary Landholm, 62, 651 Second Ave. N., is reported in poor condition at the hospital with multiple fractures and lacerations.

Johnson Stays Busy On Operation Eve

(See picture on page 28)

WASHINGTON (AP)—President Johnson kept busy with a heavy work load today—eve of his date for surgery to remove his gall bladder. His working day began with a ceremonial signing of a bill for up to \$50 million a year of federal aid for water and sewage facilities in rural areas. His schedule ran on into the evening, to be capped by a reception for all members of Congress—and finally departure for Bethesda, Md., Naval Hospital where he is to undergo surgery. His doctors say he should stay in the hospital 10 to 14 days.

Humphrey Cancels All Engagements

WASHINGTON (AP)—Vice President Hubert H. Humphrey has canceled all his speaking dates next week to be on hand while President Johnson recuperates from surgery.

But if all goes well for the President after his gall bladder operation Friday, Humphrey will plunge the week beginning Oct. 18 into a schedule of appearances akin to that of a presidential campaign.

Nobody expects Humphrey to have to make any emergency decisions during the time the President is hospitalized. However, the vice president felt he should be at the President's bedside and call for at least 10 days after the operation.

But if there are no adverse developments, Humphrey will resume his air travels with a typical day on Oct. 18.

Immunization Drive Is Announced Here

An immunization program, aimed at inoculating all children against measles, smallpox, diphtheria, whooping cough, tetanus and polio before their first birthday, was announced Wednesday by Dr. Luther C. Thompson, director of the South-Central District Health Department. In connection with this program, free polio vaccine is being made available for all children under 5 years old. Dr. Thompson said the necessary vaccine is being supplied to private physicians, with the stipulation that no charge be made for the vaccine to patients. A charge may be made for administering the vaccine.

"Only 20 per cent of the children in Idaho have been properly immunized against childhood diseases," said Dr. Thompson, at the monthly staff meeting Wednesday.

He outlined the new immunization program which became effective in Idaho Oct. 1, sponsored by the Idaho Department of Health. The program is financed by an assistance grant awarded to the Idaho Department of Health on April 21, 1965, under the authority of the Federal Vaccination Act of 1962.

Dr. Thompson added, "The main objective of this program is to get the parents of every newborn child in the state to see their family physician or health department clinic to secure proper immunizations before the child reaches one year of age.

"Most people don't realize the risks they are taking in not having their children immunized against childhood diseases such as measles, whooping cough, diphtheria and smallpox."

Thompson said that when birth certificates are completely processed by the Bureau of Vital Statistics, Page 2, Column 4

Sukarno and Army Leaders Deadlocked

JAKARTA, Indonesia (AP)—President Sukarno and the leaders of Indonesia's army appeared today to be locked in dispute over the future of Indonesia's big Communist party. Sukarno told his Cabinet Wednesday he disapproves of the army's campaign against the Communist party—PKI—for its alleged involvement in the abortive coup last Thursday which resulted in the slaying of six army generals. Sukarno's position was reported by First Deputy Premier Subandrio after a 3½-hour Cabinet meeting in the president's summer palace in Bogor, 40 miles south of Jakarta.

Subandrio, who is also foreign minister, said he himself believed a PKI statement Wednesday that it was not involved in the rebel movement. Leaders of the PKI appeared in public for the first time since last weekend and claimed that the party had nothing to do with the attempted coup, which it called "an internal affair of the army."

Two Communist Cabinet members attended the Bogor meeting, but D. N. Aidit, leader of Indonesia's 3 million Communists and a Cabinet minister without portfolio, was noticeably absent.

The army command began cracking down on the Communists after it crushed the Jakarta coup attempt and issued a state-of-war proclamation last Saturday.

The army charged that Communist youths, disguised in uniforms, tortured and then killed the six generals, including army Chief of Staff Achmad Yani. Their mutilated bodies were found in a common grave near the Intam air base outside Jakarta.

The army has reported arresting some 200 Communists and seizing a large number of weapons.

Twins Leading 2-1 In Last of Seventh

MINNEAPOLIS-ST. PAUL (AP)—Minnesota's slug-ging Twins unloaded on Dodgers ace Sandy Koufax in the sixth inning for two runs Thursday to break out of a scoreless tie with the Los Angeles National League champions. Then, in the first half of the seventh, the Dodgers came back with a single run to cut the margin to 2-1. Zoilo Versalles started the uprising by slashing a ground ball toward third

Luna 7 Is Nearing Moon

MOSCOW (AP)—The Soviet Union's Luna 7 spaceship was reported 36,000 miles from the moon and on course 13 hours before it was scheduled to reach the lunar surface about 5 p.m. (EST).

The official news agency Tass said all systems aboard the unmanned spaceship were functioning normally.

There still was no word on whether Luna 7 would attempt the first soft landing on the moon, but a Soviet publication issued today said there was little doubt such a landing could be accomplished. It did not specifically refer to Luna 7.

Damage Suit Goes to Jury at Gooding

GOODING—A civil case brought by a Twin Falls couple against a Wendell youth and his father over the death of Larry Gooding in a Twin Falls auto accident went to the jury shortly after noon Thursday.

Judge Charles Scoggins, who presided over the case which began in the Gooding County courthouse, recessed court until 1 p.m. Friday when the verdict is returned.

The suit was brought by Mrs. Harold Gooding, twin sister of the slain youth, against David Cantrell, father, Homer Cantrell, Wendell, for the July 8, 1964, death of the Oschners' son.

The Oschner boy was killed when he was scraped off the hood of an auto on which he was riding when the car sideswiped a 1955 Willys station wagon in the 200 block of Second St. in Twin Falls.

Cantrell boy was driver of the 1955 Mercury, which was involved in the accident. See TRIAL, Page 2, Column 6

Twin Win 5-1

Catcher Earl Battey singled to left, Killebrew stopping at second.

Dodgers manager Walt Alton went to the mound to confer with Koufax, but let his 26-game-winning-lefthander stay in. Koufax then set Bob Allison down on strikes and got Don Minecer to ground out.

In the top of the seventh, Fairly singled to left and Lefebvre singled to right, Fairly stopping at second, Parker sacrificed, with both runners advancing.

Dodgers catcher John Roseboro then singled to right. Fairly scored and Lefebvre stopped at third, Roseboro taking second on the throw to the plate.

Don Drysdale, Wednesday's losing pitcher, battled for Koufax and struck out on three pitches. Maury Wills ended the inning on a fly ball to Nosssek.

Mystery

SALMON, Idaho (AP)—Salmon's volunteer fire department has a smoky mystery on its hands today.

A prisoner ripped up a bedding, piled it in a jail shower stall, and then added his clothing to the heap and set it afire.

The blaze caused no damage, except for a lot of smoke. But firemen can't figure out how the prisoner got the fire started.

Firemen who searched the cell and the shower showed he had no matches on his person when jailed.

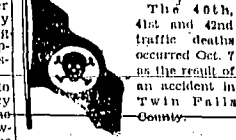

400 Acres of Range Land Are Burned

HILL CITY — Approximately 400 acres of range land were burned Wednesday, six miles south of here on Canas Prairie before being brought under control during the night.

The sagebrush and grass fire, believed to be man-caused, was reported about 11 a.m. Wednesday but not confirmed until firefighters called to Kenneth Harrison, acting information officer for the Bureau of Land Management district office at Shoshone.

Crows from the Forest Service and Burley district BLM office were called to assist in fighting the fire. They were released after the fire was brought under control and 25 Shoshone Indians were brought in Thursday morning to carry out the mop-up operations.

Two trapped hikers from Twin Falls and one from Boise were dispatched to the area located in the Burnett-Mountain area, about 3:15 p.m. Wednesday to drop retardant chemicals on the fire. Smoke jumpers from Boise were also ordered into the area but were unable to jump because of high winds. Fourteen forest service personnel from Ketchum, Hailey and Fairfield crews, a 10-man crew from Shoshone and a 10-man crew from Burley all fought the blaze.

The 40th, 41st and 42nd traffic deaths occurred Oct. 7 as the result of an accident in Twin Falls County.

Youth Corps Setup Okayed At Hazelton

BOISE (AP)—Gov. Robert E. Shafile reports he has approved establishment of a Neighborhood Youth Corps project at Hazelton and assignment of 10 VISTA volunteers to the Idaho State School and Hospital at Nampa.

The VISTA volunteer group, the fourth assigned to Idaho, will work with hospital officials in setting up programs designed to help patients return to normal community living.

Other VISTA groups are working with the Nez Perce, Kootenai and Shoshone Indian tribes.

A \$10,326 federal grant will finance the Hazelton youth corps project which will employ 10 boys and 15 girls between the ages of 16 and 21 to gain work experience and training while attending school. They will be selected from the Eden and Hazelton areas.

Raul Castro Is Visiting Soviets

MOSCOW (AP)—Deputy Prime Minister Raul Castro of Cuba, brother of Fidel, arrived in Odessa by ship today, reports the Soviet news agency.

Earlier, Castro had been reported in Varna, Bulgaria, on his way to the Soviet Union. The purpose of the visit was not announced either in Havana or in Moscow.

Reports Say Red China Upset Over Military Buildup in Southeast Asia

WASHINGTON (AP)—For several weeks the United States has been receiving reports from Western European Communist sources that the leaders of Red China are becoming alarmed at the American military buildup in Southeast Asia.

Washington officials believe the reports are substantially correct. They are convinced that the Chinese high command is beginning to understand the extent of the U.S. commitment in South Viet Nam and specifically the Johnson administration's determination to prevent a Communist takeover there.

The Chinese alarm is assumed here to be based on fears about how extensive the expansion of U.S. military power will be, how long the forces will remain in place, and whether the Chinese territory and whether the United States might on some pretext attack China.

There has been no indication, high officials say, that the Chinese in Peking has caused any veering of Chinese policy toward a negotiated settlement in Viet Nam.

On the contrary U.S. authorities judge that Peking's evident fears are creating a more hostile attitude toward the rest of the world and particularly the United States.

It is assumed that Peking is exhorting the leaders of North Viet Nam to harden their determination to pursue the war in South Viet Nam. In spite of the fact that U.S. actions have blunted North Viet Nam's offensive plans for the current monsoon season, there is no hint of early peace talks.

This present assessment by U.S. policymakers represents a considerable change in attitude since the last spring. At that time there was strong hope here that if the Viet Cong's monsoon offensive could be stopped by U.S.-South Viet Nam forces, the North Vietnamese would be ready for peace talks by the end of the year.

So far as the Chinese Communists are concerned South Viet Nam is apparently the sore point of a complex of crises clustering around the Red Chinese frontiers and, foremost among these, is the Moscow-Peking rivalry for leadership of Communist parties over the world and for influencing neutralist countries—a race in which the Soviet Union with its greater power and potential seems to be all well ahead.

Within the last week, Premier Chou En-lai said the Communists would unhesitatingly join the North Vietnamese if the United States continued its "war expansion" in Southeast Asia.

But many authorities here believe the Chinese in such statements are covering up weaknesses with words and reverses with bluster.

Increasing Importance of Air Travel Stressed Here

All phases of economy, in Idaho as well as other states in the nation, soon will be affected particularly in areas with inadequate airports or no airports at all.

In the past 10 years, Moulton said, businesses have increased air travel and air service use-

age from 20 to 80 per cent. He said this increase is because of very high speed of jets and smooth and steady adoption of air travel and service by businesses.

Many large firms are using air travel and air service more than any other type of transportation, Moulton said. Some large firms, he added, do business only by air service and some firms will not do business in areas with inadequate airports or no airports at all.

Sociology Class Gives Unusual Test

AUSTIN, Tex. (AP) — Suppose a stranger interrupted your breakfast in a restaurant by walking up, calmly drinking your tomato juice and departing without a word. What would you do?

Or you see your neighbor washing her clothes in the swimming pool?

A class of University of Texas sociology students is finding that their reaction most likely would be to do nothing.

Dr. Alexander Clark, an associate professor of sociology, regularly instructs senior class members to perform some harmless act that deviates from normal behavior and observe reactions.

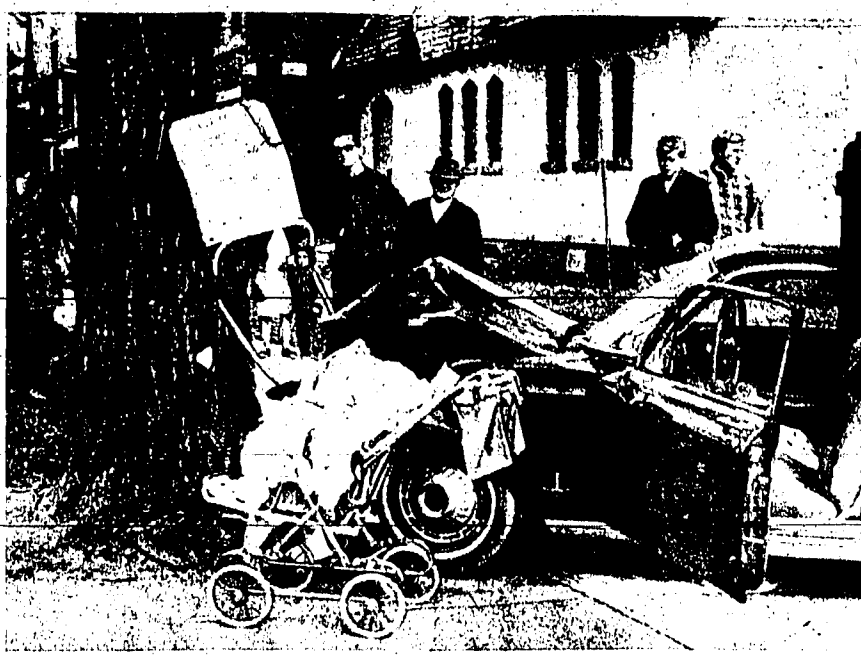

Clark and a colleague are writing a book on deviant behavior.

Strange things have been happening because of Clark's experiments.

A student walked over to two strangers eating breakfast in the Student Union, drank a glass of tomato juice and left without a word.

A coed dumped detergent in an apartment house swimming pool and proceeded to scrub her clothes.

Students discovered most people are just bewildered and do nothing at all.

Elder Hunter to Address LDS Stake Conference in Rupert

RUPERT—Elder Howard W. Hunter, member of the Council of Twelve Apostles of the LDS Church, Salt Lake City, will preside at the Minidoka quarterly conference scheduled for Saturday and Sunday.

General sessions of the conference will be held at 10 a.m. and 2 p.m. Sunday at the Minidoka Stake tabernacle with Rodney A. Hanson, Paul, stake president, conducting all conference sessions.

Also accompanying Elder Hunter will be Junius M. Jackson, a member of the Church's Priesthood and James H. Talman, member of the Sunday School General Board. They are scheduled to speak at general conference sessions and confer with local church leaders.

Elder Hunter was a prominent Southern California corporation lawyer and businessman before he came to the apostleship in 1959. At present he is director of several large industrial, real estate and insurance corporations in California and Utah.

Pasadena Valley Farmer Is Hurt

KING HILL—James Criffield, farmer in the Pasadena Valley area, south of King Hill, is convalescing at his home from bruises received in an accident.

He was returning from Glenns Ferry with his combine when a potato truck traveling west hit the combine as Criffield was turning off the Glenns Ferry Bridge.

The driver of the potato truck, Lowell Palmer, Heyburn, who was hauling potatoes from the Black Mesa project, said his brakes failed.

Damage to the potato truck was estimated at \$100 and \$200 to the combine, according to George Taylor, deputy sheriff, Glenns Ferry, who investigated the accident.

Luckless

PINEDALE, Wyo. (AP) — Three U.S. astronauts have left Western Wyoming for Houston's Space Center after three days of luckless elk hunting.

Gordon Cooper, Charles Conrad and Donald Slayton said dry and warm weather kept elk in the Wind River Mountains from coming down to lower valleys where the astronauts hunted.

Women Space Volunteers Not Suitable for Job

LONDON (AP) — Col. John Glenn said today none of the American women who have volunteered for space flights have been considered as suitable for the job, but one may some day be chosen.

That was the American astronaut's answer at a news conference to British women writers who said the U.S. space program discriminated against their sex and wanted to know why.

He said he had not yet found out why the Russians chose cosmonaut Valentina Tereshkova for a space flight.

committee in December, 1960, as special assistant to the chairman. His main responsibility is to handle the committee's broadened promotional activities in the area of equal opportunities for the nation's mentally handicapped. In 1964 he was appointed deputy executive secretary and now serves in both capacities.

He is married and the Posners have two children, Paul, 10, and Deborah, 8. They live in Silver Springs, Md.

Lost Boy Is Discovered at Roller Rink

Because of the alertness of an unidentified Twin Falls youngster, a search by Twin Falls City and county officers for a six-year-old boy missing after school let on Wednesday afternoon, was shortened, perhaps by hours.

The boy, David McRiff, was reported missing by his parents, Mr. and Mrs. John McRiff, Wendell Drive, about 7:30 p.m. after he failed to return home from first grade classes at Lincoln School.

Several off-duty officers were called into the search and back movie houses and other likely places were checked before an unidentified boy called the police station about 9:15 p.m. and reported the McRiff boy was at the Radio Rombova Roller Skating Rink.

The boy told officers he noticed a boy matching a description which had been broadcast and asked him his name. The boy replied "David McRiff" and the alert youngster called the police station to relay the information.

Rockefeller To Speak on C. of I. Campus

CALDWELL, Idaho (AP)—New York Gov. Nelson Rockefeller was due in Boise by plane at 2:30 p.m. today for two speaking appearances on the College of Idaho campus at Caldwell.

Rockefeller's two addresses will highlight the school's 75th anniversary homecoming celebration.

An honorary doctor's degree will be conferred on Rockefeller by the school following his address tonight at the Jewett Chapel Auditorium.

Idaho Gov. Robert E. Smylie, a graduate of the school, and Dr. A. M. Popma, Boise, chairman of the board of trustees, will join in placing the hood over the New York governor's shoulders.

Rockefeller will speak again to a student-faculty audience Friday.

Refuses Delay

DENVER, Colo. (UPI)—District Court Judge James C. Flanigan refused Wednesday to delay the start of a theft trial because a key witness for the prosecution was in Minneapolis, to watch the World Series.

University Team Studies Course of Betsy

COLLEGE STATION, Tex. (UPI)—A Texas A and M University oceanography team has retraced the trail of Hurricane Betsy and discovered evidence that she followed the warmer waters of the Gulf of Mexico to land.

Betsy was one of the worst hurricanes ever to hit Louisiana. The information gathered by the Texas oceanographers may lead to better predictions of where hurricanes will hit.

"It is pretty obvious that there is some tie—in between hurricane movements and the temperature of the water," Dr. Dalo Leipper, professor of oceanography, said. "Hurricanes don't form unless the temperature is at least 86 degrees Fahrenheit.

"Heat from the underlying ocean provides energy and contributes to the intensity and speed of the storm."

Dr. Leipper, six technicians and a graduate student spent 13 days checking Betsy's effects on 2,800 miles of the Gulf of Mexico.

"Fortunately, we had done research in the Gulf only two weeks before Betsy," Leipper said. "Roy Gaul, one of A and M's researchers, made three observations in the Gulf the day before the hurricane."

"We repeated three lines of observation, each 300 miles long, and two new ones. Generally, we found warmer water directly in the path of the hurricane's eye, which was unusually large, about 50 miles wide."

He noted that Betsy traveled about 20 miles an hour and needed only 10 hours to pass any given point in the Gulf.

"The hurricane did not have much time to modify the ocean. However, from 30 to 40 miles to the right and left of the eye we found the water to be three to four degrees cooler than the center due to the mixing of the water by wind and upwelling of the deeper water."

"We took readings in columns of water to depths of 3,000 feet and measured the salinity and oxygen to get clues as to where the water came from."

"Betsy caused disturbances up to 300 feet deep.

White House Has Bust of Churchill

WASHINGTON (AP)—A bronze bust of Sir Winston Churchill will be on permanent display in the White House.

President Johnson accepted the bust, by sculptor Jacob Epstein, at a reception Wednesday night and remarked that Churchill had been a natural-born citizen of the United States.

"He certainly would have been a resident of this house."

Like to Be Feted At Birthday Party

OLYMPIA (AP)—Former president Dwight D. Eisenhower and Gov. Dan Evans will be honored here Oct. 16 at a \$40 a couple birthday party.

The party will be in celebration of Eisenhower's 75th and Evans' 40th birthdays, said Brian Lewis, birthday party chairman. The former president was born Oct. 14, 1890, and Evans was born Oct. 16, 1925.

State Grange Convention Scheduled Oct. 26-29 at Gooding

Thursday, Oct. 7, 1965
Twin Falls Times-News 7

GOODING — Plans are progressing for the 57th annual state Grange convention to be held Oct. 26-29 in Gooding, according to state officials.

Several distinguished guest speakers are slated, including Sen. Len D. Jordan, Sen. Frank Church and Gov. Robert E. Smylie.

Roy Battles, Washington, D.C., will be a special guest speaker at the lecturer's program, Battles, born and raised on a farm in Ohio, has a lifetime of experience in the field of agriculture. He served for nine years as assistant to the master of the National Grange.

In 1961 he became director of

the Clear Channel Broadcasting Service in Washington, D.C. Clear Channel radio stations represent the only nighttime radio service available to over 25 million people living in remote regions involving nearly 60 per cent of the country geographically.

The 500 delegates expected at the convention will tour the Snake River Trout Farm near Buhl, and also the Stockmen's Meat Packing Corp. plant near Gooding on Saturday. Omar Schmidt is tour chairman.

The convention will get underway with a meeting of the directors and policyholder's meeting for the Grange Mutual Fire

Insurance Co. This meeting will begin at 9 a.m. Oct. 25. At 7 p.m. Oct. 25 there will be a state officer's practice.

Dance Held

DIETRICH — Junior high school students, under the direction of class instructor V. C. Ross, held a dance and a candy pull at the Dietrich school Friday evening.

Music was under the direction of Mrs. Alberta Sorensen and Mrs. Ruby McCowan and Mrs. Jean Sorensen was in charge of the candy pull. Teala Davis, who is moving soon, was presenting a gift from the students.

The convention will officially open at 9 a.m. Oct. 26 and will open in the sixth degree. Following this the Grange will lower to the fourth degree.

Other business on Tuesday will include the resolution books introduced and committee assignments made. At 11 a.m. there will be an address of welcome and the response.

Senator Jordan will speak at 11:30 a.m. and the state Grange Master, Ernie Jerome, Kana, will give his annual address.

The afternoon session will feature reports of state officers and the annual memorial service. In the evening there will be a youth meeting, state officer's practice

and committee meetings.

Wednesday sessions will include a lecturer's conference, conference of unwritten work, home economics, junior Grange and secretaries.

Several state officers are to be nominated. At noon Wednesday Governor Smylie will address the group. The primary election will follow at 12:30 p.m.

During the afternoon there will be the conferring of degrees. Wednesday evening also will feature conferring of the sixth degree and also a mixer.

Senator Church will speak at noon on Thursday. Other business to be conducted Thursday will be the lecturer's talent con-

test, election of state officers and the youth recognition hour. Battles will speak at 8 p.m. Thursday at the state lecturer's program, which is an open meeting, with the public invited.

Friday the convention delegates will conclude the convention with business meetings and the installation of officers at 8 p.m.

Registration for the sessions will be at the Lincoln Inn and meetings will be held at the National Guard Armory. Elmer Hanson, Gooding County Potomac Master, is heading the Granges of the county in making arrangements for the meetings.

He is being assisted by the masters of the Granges including: Ray Ruby, Wendell, William Maulsby, Tuttle; Chester Ewing, Gooding; Blaine Steele, Bliss; John Newbrough, West Point; Bill Scruggs, Hagerman; and Joseph Sellers, Orchard Valley. Elmore, Lincoln and Blaine counties will assist with the de-

gree work and Northside Potomac will host the mixer.

BOARD TO CONVENE
BOISE (AP)—A meeting of the board of directors of Blue Cross of Idaho will be held Saturday at Sun Valley. Leonard O. Thompson, Boise president, said the meeting will be held in conjunction with the annual convention of the Idaho Hospital Association.

DISPUTE PROBED
IDAHO FALLS (AP)—Union and company officials were expected to try again today to solve a dispute that has stopped electrical work at the SSG naval reactor project at the National Reactor Testing Station near here.

Some 25 electricians walked off the job Tuesday in a dispute with the Electric Boat Co. A spokesman for Electric Boat said the dispute concerned payment to electricians while they await clearance for jobs at the station.

2,000 ACRES BURNED
POCATELLO (AP)—A "controlled burn" on the Fort Hall Indian Reservation was blown out of control by high winds late Monday and burned an estimated 2,000 acres of brush before brought under control. Indian Agency and Bureau of Land Management officials said the actual burn outside the area intended for control was "not more than 100 acres."

LAND IMPROVED
BOISE (AP)—Idaho Power Co. estimates electric pump irrigation has increased the value of 65,000 acres of reclaimed land by \$35 million. T. E. Roach, company president, said the total is based on an estimated increase in value of \$500 to \$600 an acre for the irrigated land, as compared with its value prior to reclamation.

ENROLLMENT CLIMBS
POCATELLO (AP)—Enrollment at Idaho State University climbed to 4,385 as of Wednesday, according to associate registrar Darold Chambers. Chambers said final enrollment figures would be available "in about a week." Wednesday was the deadline for filing applications for admission.

CONTRACTS REPORTED
BOISE (AP)—Construction contracts costing nearly \$50 million now are in effect on Idaho highways, the State Highway Department reported today. Of the total, \$36 million covers 25 projects involving 110 miles of Interstate highway. An additional 17 projects involving 60 miles of other state highways at a cost of \$14 million. The State Bureau of Public Roads projects covering 28 miles will cost \$2.6 million.

Appleton Grange Has Booster Fete

JEROME — Appleton Grange members met Wednesday night for their annual booster night program.

Mr. and Mrs. Ira Kistler and Mr. and Mrs. J. V. Bumgarner, Gooding, were guests. Mrs. Kistler is state lecturer. Mrs. Jack Webster gave the invocation. Master Charles Burk presented the National Master's Address. Mrs. Webster presented a selection of poems. Wayne Corey, son of Mr. and Mrs. Francis Corey, played several piano selections. Mrs. Harry Morris, Appleton Grange lecturer, showed slides of her trip to Jackson Hole, Wyo., at a Garden Club delegate to the national meeting where Mrs. Lyndon B. Johnson was guest speaker.

Mr. and Mrs. Charles Burk were selected as delegates to State Grange with Mr. and Mrs. Harry Morris selected as alternates.

Officers for the coming year are: Melvin Newlan, master; Harry Morris, overseer; Mr. Harry Morris, lecturer; Arthur Hutchison, steward; Mr. and Mrs. Len Uter, assistant stewards; Mrs. Jack Webster, chairman; Charles Burk, secretary; Mrs. Melvin Newlan, treasurer; Clair Downing, gatekeeper; Mrs. Arthur Hutchison, Ceres; Mrs. Charles Burk, Pomona; Mrs. Clair Downing, Flora; Ray Looney, executive committee, and Mrs. Charles Burk, home economics chairman. Members having birthdays during the last three months were honored.

DEATH IS SUICIDE
IDAHO CITY (AP)—Boise County Sheriff Jack Williams ruled Wednesday that 59-year-old W. L. Elam of Boise, who was found hanged Tuesday near his burned out pickup truck camper, took his own life. Williams said there was no evidence of foul play and ruled the death a suicide. Elam's body was discovered hanging from the limb of a tree at the head of Meadow Creek, about 12 miles north of Idaho City.

MEET WITH PRESS
BOISE (AP)—Idaho State Democratic Chairman Lloyd Walker of Twin Falls and the party's three announced gubernatorial candidates have been invited to participate in panel discussions at the annual meeting of the Idaho Press Club scheduled for Sunday. Club officials emphasized Walker was invited in his capacity as Democratic State Chairman, a post he was resigned to on Oct. 30. They said panel members will discuss the overall political picture and then answer newsmen's questions.

INQUEST ORDERED
GRANGEVILLE (AP)—A coroner's inquest has been ordered in the death of William McMahon, a Lowell packer, who was killed Tuesday in a hunting accident near Coolwater Ridge. Three Idaho Falls doctors in the hunting party will be material witnesses at the inquest ordered by Dr. William C. Morrison, Idaho county coroner. Morrison accompanied Sheriff Gene Fazzell, prosecuting Attorney William H. Taylor, Jr., and Deputy Charles Bauer Wednesday when they packed into the backwoods area 76 miles northwest of here to remove the body. The trip occupied 16 hours, much of it by horseback.

Doctors Study Arteries of Smokers

BOSTON (AP)—Two doctors reported today that their study of a group of patients at a New Jersey veterans hospital showed a much higher degree of atherosclerosis—hardening of the arteries—among cigarette smokers. The study of 1,372 patients who died at the Veterans Administration Hospital, East Orange, N.J., was conducted between Jan. 1, 1955, and Dec. 31, 1960, by Dr. Oscar Auerbach, senior medical investigator at the hospital, and Dr. E. Cuyler Hamming of the American Cancer Society, New York City. Their findings were published in the New England Journal of Medicine today. "Hardening of the arteries, or the formation of fatty substances inside the arteries, is a common cause of blood clots and heart attacks."

Grange Master Conducts Meet

WENDELL—C. T. Crow, newly installed master of Wendell Grange No. 82, presided for his initial meeting Tuesday evening at the Wendell Grange Hall. Mrs. Lyle Lower served as pro tem chaplain. Henry Schmidt was installed as overseer. Mr. and Mrs. Ben Guilford, former members of the Wendell Grange, were re-instated. A report of farm machinery safety was given by Richard Jasper and the agricultural report by Schmidt. Plans for the Oct. 19 meeting were announced. A potluck dinner will be served at 7:30 p.m. preceding the business meeting. Cards will be played later in the evening. Members attending are to bring card tables, cards and pinocle chips. A program, arranged by Mrs. C. T. Crow, lecturer, included harmonica selections by Mrs. Richard Jasper; an educational reading by Mrs. Ray Ruby and stories of Halloween pranks, with all members participating.

Integrationist Beaten at Bus Protest

CRAWFORDVILLE, Ga. (AP)—Several white men attacked a white integrationist today, pulling him from his car and beating him with their fists minutes after Negroes tried again to board school buses with white children. Rescued by an agent of the Georgia Bureau of Investigation was Bill Trauner, 22, of New York. His sweater was torn and he said he was hit six or seven times, but there were no cuts or bruises visible. The youth did not appear to have been hurt seriously. "The attack took place after the first Negro pupils made another run to board buses with white school children. State police chased the demonstrators, grabbed them and held them. There were no arrests. The Tallapoosa County civil drive and a planned march to the Georgia Capitol in the words of a Negro leader, are aimed at "raising one and for all the school desegregation issue."

Stengel Watches Series From Bed

GLENDALE, Calif. (UPI)—Nasball's venerable Casey Stengel languished impatiently in bed Wednesday because of new pain from a hip fracture and viewed the World Series opener on television. His wife, Edna, served as spokesman for the ailing 73-year-old former New York Mets manager. "He's not feeling too well Wednesday," Mrs. Stengel said from their home in this suburb of Los Angeles.

McNamara Hit With Ignoring Congress Edict

WASHINGTON (AP)—Sen. John Stennis, D-Miss., charged Secretary of Defense Robert S. McNamara today with ignoring the mandate of Congress against scuttling the Army Reserves. In a Senate speech, Stennis protested the McNamara announcement last week that 55,000 trained Army Reservists in low priority units "would be deactivated." He questioned the accuracy of McNamara's statements that Senate leaders "received the plan favorably." Most of them had not even been consulted, Stennis said.

Youth's Cave Trap Is Scaled Off

(See picture on Page 22)
MEDINA, Ohio (AP) — Engineers are going to make sure no one else gets trapped in a cave that squeezed a boy in a vise-like grip for more than 25 hours before he was rescued.

Morris Baetzold, 14, ward of Cuyahoga County who lives in a detached children's home, was pulled to safety Wednesday after a 15-year-old Boy Scout wiggled three times into his sandstone prison and tied ropes and straps around his body.

Two hours later, engineers started to blast shut the mouth of the cave. They used 30 sticks of dynamite and will return today to finish the job.

Only the boy's family is allowed to see him at Medina Community Hospital until doctors complete a medical examination. He had minor cuts and bruises about the face and was suffering from exhaustion. Doctors said he was in fair condition.

"He says he is feeling fine," said his father, Raymond Baetzold.

Morris went exploring the cave at Whipp's Ledges near Hinckley with companions Tuesday. He crawled into a V-shaped crevice and got stuck, about 60 feet from the mouth of the cave and 35 feet underground.

"I've never seen a boy with so much guts in my life," said Jim Len, one of the rescue party. Len said the youth never panicked.

He was carried from the cave on a stretcher and the crowd of about 200 spectators, rescuers and newsmen cheered.

Bomber Pilots Will Operate Other Crafts

WASHINGTON (AP) — The Air Force will shift almost 1,250 bomber pilots and navigators to new jobs flying transports, fighter planes and reconnaissance jets, it was disclosed today.

The pilots and navigators have been operating B47 jet bombers which will disappear from the U.S. air fleet by next June.

The action reflects increasing emphasis on airlift and tactical air support and the decreasing importance of the nuclear bomber in U.S. war plans.

The Air Force said that over the next eight months 852 pilots and 291 navigators will be transferred from the Strategic Air Command to the Military Air Transport Service, the Tactical Air Command and the Air Training Command.

When the B47s are all retired, the United States still will have about 630 eight-jet B52 heavy bombers and 80 supersonic B58 bombers into the 1970s.

In recent years, the government has put out a drive to increase sharply the ability to airlift troops and equipment overseas.

The fleet of transport planes has roughly doubled since 1961.

PITTSFIELD, Mass. (AP) — Judge Clement Ferris Wednesday ordered two teen-aged boys to wash the six fire trucks they sent out on false alarms last weekend.

DAMAGES LISTED

BURL — Damages were estimated at \$150 when a 1955 Dodge truck driven by Joanne F. Meyer, 34, Route 2, 111er, backed from a parking space at Shelby's Market here and collided with a properly parked 1965 Chevrolet owned by Leonard Silver, Route 3, Borse, at 3 p.m. Tuesday. Damages were limited to the windshield of the car.

Canal Project Set at King Hill

KING HILL — Don McCarter, represented McCarter and Teller, Boise engineering firm, at the King Hill Irrigation district board of directors meeting Tuesday night, when plans were discussed for work at the headend of the canal.

Ted Moore, manager reported water will be turned out of the canal Oct. 10 and work will begin on the new project at the headend of the canal near Malad River, west of Hagerman.

Plans also were discussed for future work for the irrigation district, according to Don Black, chairman of the board.

The institute is sponsored jointly by State Department of Education and the Idaho Education Association.

Grand Jury Called for Arizona Trial

FLAGSTAFF, Ariz. (AP) — County Clerk's first grand jury in 50 years was summoned in Flagstaff today to hear evidence against a young Ohio couple in the Labor Day slaying of two New Hampshire men.

Donald M. Boggs, 23, of Londonderry, Ohio, and his 19-year-old girlfriend, Diane Radeliff, of Apesville, Ohio, are being held in the fatal shooting of Robert Willis, 23, and Halvor Johnson, 28, both of Newport, N. H.

Boggs waived a preliminary hearing and his attorney asked for a grand jury.

Justice of the Peace J. F. Brierley dismissed a murder charge against Miss Radeliff Wednesday, but it was merely a legal technicality.

The charge was dropped when County Atty. Jerry L. Smith declined to proceed with a preliminary hearing for the girl.

Smith said he would place his evidence against Miss Radeliff before the grand jury rather than at a preliminary hearing.

Two Ogden Boys Die in Fire Trying To Save Sister, Baby

OGDEN, Utah, (AP) — Farrell Maw fought back tears as he told how his two young sons died trying to save their sister and baby brother from an exploding fire that roared through their home.

"They died doing their duty," he said.

Maw said his sons Kevin, 10, and Gregory, 7, bolted back into the burning house after he rescued them from their basement bedroom.

He said the boys had been told to check the baby's crib and their sister's room if the house ever caught fire.

Kevin died next to the baby's crib. Gregory's body was found face down on his sister's bed with the covers pulled over his head.

The boys' sister, Debbie, 11, had led the baby, Bryce, 3, and two other brothers, Jeffrey, 6, and Phillip, 4, out of the burning building moments earlier.

The fire left only parts of walls and the roof of the Maw home Wednesday. Fire Chief Clyde L. Peterson estimated damage at several thousand dollars.

Maw said the fire started in a sleeping bag on a basement couch. Fire Marshal Robert G. Penton said it might have been ignited by a hot lightbulb nearby.

Debbie said she was awakened by a temperature-controlled fire alarm in the Maws' home.

"I did just what they (her parents) told me to do in case of a fire," she said. "First I telephoned grandpa. Then I got

Bryce, Phillip and Jeff and led them out of the house."

Their grandfather, Ted Tyree, met the children at the door. Their father and mother arrived seconds later from a 30-mile trip to Salt Lake City with friends.

Debbie tried to lead her grandfather back into the house for Kevin and Gregory. He pushed her back out.

Her father crawled down basement stairs to the boys' bedroom.

"They were in bed," he said. "I grabbed them both and went right through the basement's outside door with one of the kids in each arm. I guess, I kicked it off — hinges."

"We thought the baby was still in there. But then we saw he was safe in his mother's arms."

"We turned around and Kevin and Gregory were gone..."

"They were told to get the baby out of bed and see about their sister if there ever was a fire."

"They bolted back into the house. The fire exploded about the time the two little fellows reached the upstairs bedroom."

What can you make with Wilderness that you can't with Duncan, Betty and Ann?

Cherry Cream Pie.
Strawberry Cream Pie.
Blueberry Cream Pie.
Chocolate Cream Pie.

There's nothing else like it. Duncan, Betty and Ann have a lot... but not a complete pie mix. Only Wilderness has their famous fruit topping, luscious cream filling mix and graham cracker crust all in one box.

All you add is butter, milk, sugar and a few minutes of your time. No baking needed. The result is a cool, delicious 9-in. Wilderness pie with that wild, wonderful flavor that takes you away from tame, ordinary desserts.

You ought to try it. It's as easy as pie. (Maybe easier.) Ah, Wilderness... you've got it all. Even Cherry Cream Cake and Chocolate Cream Cake.

MR. AND MRS. ALLAN STEPHENSON

Miss Konicek, Stephenson Exchange Vows

HAZELTON—Patricia Konicek, daughter of Mr. and Mrs. Wesley Murphy, and Allan Stephenson, son of Mr. and Mrs. Virgil Stephenson, Burley, were united in marriage Sept. 4 in an evening ceremony at the First Lutheran church, Hazelton.

Rev. Donald Hoffman performed the double ring ceremony before the kneeling bench flanked with baskets of pink and white gladioli and white candles.

Escorted by her father, the bride wore a floor-length sheath gown of bridal satin featuring a lace bodice, scalloped neckline, long-sleeved and a chapel train. The bodice and necktie were hand embroidered with tiny seed pearls. Her shoulder-length veil of illusion net was secured by a cluster of pearlized leaves. Her only jewelry was a diamond and pearl pendant, a gift from the bridegroom.

She carried a bouquet of Lilies of the Valley, centered with white roses and tied with turquoise streamers on a white ribbon, a gift from her grandmother, Mrs. Hazel Clifton.

Maid of honor was Terri Konicek, sister of the bride. Bridesmaids were Teresa Stephenson, Burley, sister of the bridegroom, and Sandra McClain, Kelly Crater, Murtough, niece of the bridegroom; was flower girl; Candelights were Cheryl Kimmerling and Pamela Kimmerling, Boise, cousins of the bride.

Albert Lockwood, Eden, was best man. Ushers were Donald Crater, Murtough, and Lonnie Myers, Hazelton.

Mrs. Hoffman played the traditional wedding music and accompanied the soloist, Judy Hugemann.

Guests were registered by Patricia Harlow.

A reception was held in the church social hall immediately following the ceremony.

The bride's table was covered with white organza over turquoise and centered with a three-tiered wedding cake decorated with turquoise roses and topped with the miniature bride and groom standing before the heart-shaped wreath.

The cake was flanked by white tapers in golden holders and crystal bud vases containing a single white rosebud.

Mrs. Nancy Murphy and Mrs. Milton Rutledge cut and served the cake.

Presiding at the punch bowl was Mrs. Chester Lockwood. Mrs. Vera Lockwood poured

Sandra Hendrix Is Bride of Larry Roberts

BUHL—The Buhl First Christian Church was the setting for the Sept. 11 double ring candle-wedding rites uniting in marriage Sandra Hendrix, daughter of Mr. and Mrs. J. C. Hendrix, Buhl, and Larry Roberts, son of Mr. and Mrs. Ray Roberts, Murtaugh.

The nuptials were solemnized by Rev. Delmar M. Talley. Branches of white and lavender ribbons, adorned with white flowers and lavender ribbon swags, and large baskets of lavender and white gladioli formed the background decor for the ceremony.

The bride, given in marriage by her father, recited vows in a floor-length gown of Chantilly lace over bridal tulle. The fitted bodice was accented with a scalloped portrait neckline and the full skirt descended into a chapel-length train. A necklace of Black Hills Gold, a gift from the bridegroom, served as her only jewelry.

A queen's crown studded with pearl and diamond accents, and long sleeves of white tulle, the bride carried a cascade bouquet of lavender pomposes encircling a white Cattleya orchid highlighted with lavender velvet leaf accents.

Julie Hendrix, sister of the bride, was maid of honor. Bridesmaids were Sylvia Frost, Pocentello, and Marsha Roberts, sister of the bridegroom.

Lori Thomas, cousin of the bride, was flower girl and ring bearer. She carried a single pink rose enhanced with show-ribbon securing the wedding rings.

Steve Armstrong, Pocentello, was best man. Ushers and candlelighters were Jerry Hendrix, Buhl, brother of the bride, and Monte Saxton, Nampa.

Traditional wedding music was played by Mrs. Gerald Jensen. She also accompanied Mrs. William Watt, soloist.

Following the ceremony the newlyweds greeted guests at a reception in the church fellowship hall. An arbor decorated with huckleberry, greenery and lavender flowers formed the background setting for the receiving line.

The bride's table featured a white dazron flounce over lavender with white slipper satin tablecloth scalloped at the edges and caught with large orchid satin roses with lavender and white streamers. Centering the table was a three-tiered wedding cake embellished with white wedding bells and roses edged with lavender and topped with

MR. AND MRS. LARRY ROBERTS (Dudley photo)

a miniature bride and bridegroom.

The large cake was flanked with heart-shaped cakes bearing the couple's names. The cake was baked and decorated by Mrs. Lylo Thomas, Gooding, aunt of the bride.

Crystal candelabra adorned with crescent-shaped flower swags of white pomposes and lavender leaves with orchid tops completed the table arrangements. Other reception tables were covered with white lace tablecloths over lavender and centered with lavender and orchid not with lavender and satin roses and white frosted wedding bells.

Reception assistants were Mrs. Dean Haumont, Diane Dana, Kay Sullivan and Mrs. Dudley Thomas, Austin, Fox, cousin of the bride. In charge of the reception were Mrs. Preston Gentry, Mrs. Carl Hendrix, Mrs. E. W. Johnson and Mrs. Lynn Thomas, all aunts of the bride, Mrs. Ben Tussey and Mrs. James Hendrix.

Gifts were displayed by Mrs. Larry Stephenson, Mrs. Gordon Hendrix and Susan LaPray, Cindy Roberts, sister of the bridegroom, and Lane Thomas, wedding gift bearers.

Janice Strong, Boise, registered guests.

The couple took a wedding

trip to Yellowstone National Park. The couple resides in Pocentello.

Out-of-town guests attended from Idaho Falls, Pocentello, Burley, Twin Falls, Filer, Nampa, Weiser, Boise, Wendell, Gooding, Texas, Oregon and California.

Pre-nuptial events honoring the bride included a miscellaneous shower at the Cedar Draw Grange Hall, hosted by Mrs. Carl Hendrix, Mrs. Preston Gentry, Mrs. E. W. Johnson, Mrs. Ben Tussey, Mrs. Cecil Johnston, Mrs. Gordon Hendrix, Mrs. James Hendrix and Mrs. Thomas. A miscellaneous shower was held at the Paul Dana residence hosted by Diane Dana, Mrs. Lynch and Mrs. Haumont.

Literary Art Guild Convenes

Opening another season for the Literary Art Guild was Mrs. Bernell Skinner reviewing an autobiography, "My Shadow Runs Fast" by Bill Sande, at the home of Mrs. E. LeRoy Perrmann, hostess.

Co-hostesses were Mrs. Melvin Anderson and Mrs. Elwood Masoner.

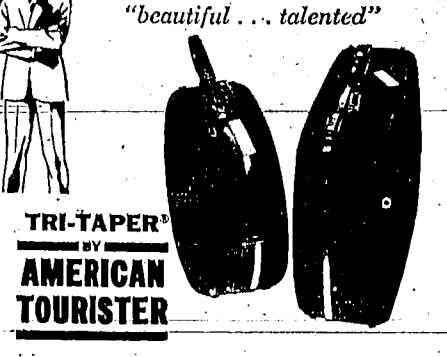

The guilded thought was presented by Mrs. Wayne Blauer and Mrs. Joe Salisbury gave the author's sketch.

Mrs. Vaughan Pond, president-elect, conducted the business session. A proposal was accepted to change meetings from Mondays to Thursdays to accommodate members.

The October meeting is at the home of Mrs. Leonard Maus.

FRIDAY AND SATURDAY

Schoolgirl-Celebrity Finds Fame in Mangled Maxims

SANTA BARBARA, Calif. (AP) — Schoolgirl Tessa Tracy's mangled maxims have made her a sudden celebrity. Tessa, 17, is an attractive blonde long famous among family and friends for cunning puns and fractured phrases like: "Where there's a ways, there's a means." "He's nothing but a liar and prefabricator." "It's so rheumatic to eat by candlelight."

Through the years her mother took notes and recently the Santa Barbara News-Press printed "The Collected Sayings of Miss Tessa Tracy" — a Born Malapropist.

The Associated Press carried them, and now Tessa's getting letters from appreciative readers from all over the country. A professor of urology at the University of California at Los Angeles wrote "Dear Com Tessa — that it was a 'rod leather duc' for him when he roard about her."

"I almost got historical," he professed. He appreciated her stimulation of somebody. "She's just a bladder-mouth." The professor sent "best wishes for your continued excess." Tessa replied: "Dear friend: I've been charged with insult and battery upon the another tongue and I don't even know what I did to provoke it. It feels as if I'd been caught in a mix masher, or, words, a traffic jumboree. "All this motorlety has churned my entire life potay curvy and it's minking me as fruitly as a nut cake. Suddenly I am overwholpad with fan tall, and all because my mother got an expiration. "She makes me so spurious, it's driving me to distinction.

Britain Asks U.N. to Make Special Trust

UNITED NATIONS, N.Y. (AP) — Britain proposed today that the U.N. General Assembly create a special brain trust to devise new methods of settling international disputes before they turn into shooting wars.

British Foreign Secretary Michael Stewart made the proposal in a policy speech to the 17-nation General Assembly. He pleaded also for a halt to the fighting in Viet-Nam and a settlement at the conference table.

He reiterated the British position that Communist China should be given U.N. representation.

Britain has put on the agenda of the General Assembly a proposal that the United Nations study how to set up new machinery to smooth differences between nations.

Elaborating on this in his policy speech, Stewart said there were a number of methods of settling international disputes that have not always been put to full use and "on further examination we are likely to find other methods."

He suggested that the assembly consider using the services of a small group of experts who would act as mediators to undertake impartial investigation of facts in any dispute.

He said Britain would welcome the creation of a peacekeeping "fund" which could draw on for "such future peacekeeping activities as may be necessary."

Boilermakers' Strike Halts Many Projects

SAN FRANCISCO (AP) — A Boilermakers union strike is halting construction on projects in five Western states as other unions recognize picketing.

Total value of the halted projects is unknown but runs into millions.

Most of the walkouts were in California, but spread Wednesday to Oregon, Arizona, Utah and Idaho.

Meatline sessions in South San Francisco averted walkouts in Washington, Alaska and Nevada.

Negotiators reported little progress.

About 3,500 boilermakers, engaged in construction, were on strike in the five states and up to 18,000 construction workers were idled.

Walkouts stopped construction on the \$10-million Stoll Chemical Co.'s fertilizer plant near St. Helens, Ore.

Boilermakers are asking for \$1.50 more an hour over their present pay range from \$4.75 to \$5.25 an hour. The union membership turned down an offer of 95 cents an hour more.

Sale Planned

SHOSHONE — A fund raising project will be carried out at the Richfield LDS Church Saturday, for the state building fund.

A sale of miscellaneous items will be held at 11 a.m. and will be sold at noon. The public is invited.

BUREAU TO MEET

HOLLISTER — A film from the Soil Conservation Office entitled "Water Movement in Soil" will be shown at the Salmon Tract Community Farm Bureau meeting 8 p.m. Friday in the Hollister Grange Hall. The Citizens committee and board members of the Filler School District will discuss the proposed building plan, reports Ora Jones, chairman.

Governor Says Future Water Needs Must Be Considered

SEATTLE (AP)—Washington Gov. Dan Evans says the present and future needs of the Northwest must be determined before there is any further discussion on diverting the area's water to the southwest.

Speaking to newsmen before a day-long meeting of the Columbia Basin Inter-Agency Committee Wednesday, Evans said, "Everyone assumes that this is a water-surplus area. It might be a water-surplus area today, but what of the future?"

He said diversion of Columbia River water could have adverse effects on fisheries and create problems in the fields of energy, power and recreation.

The governor criticized the Southwest for its lack of water conservation and said it should make sure it is making full use of its own water before taking any from the Northwest.

"They should determine whether they are utilizing what they have to the best advantage and whether they are practicing maximum conservation," he said. "Some areas don't have any conservation drive at all. They don't even have metered water."

Evans was optimistic about Washington, Oregon and Idaho working closely together on water resource matters. He said he was hopeful that this "preliminary conversations" on water problems with Gov. Mark Hatfield of Oregon and Gov. Robert Smylie of Idaho will lead to a formal government meeting soon. He said Montana could possibly be included in such talks.

Smoke Damages House at Buhl

BUHL—Extensive smoke damage resulted when a daveno caught fire at the Clyde Berry residence owned by John Payne and located at 914 Robertson in the McCollum addition about noon Wednesday.

No one was home at the time the fire broke out. A neighbor discovered smoke escaping from the structure and notified the local fire department who answered the summons at 12:30 p.m.

Local firemen noted the damage was extensively damaged and had set fire to an interior wall behind it. Flames were leaping at the ceiling when they arrived. They estimated another 15 minutes longer and the whole house would have been ablaze.

A cigarette is believed to have been the cause of the fire. Damages were undetermined.

Wendell Youth Cited in Crash

BUHL — Carolee Francis, 17, Route 1, Wendell, was cited for driving on the wrong side of the roadway after a two-car accident at 3:45 p.m. Saturday, four and one-half miles north of Buhl on the Clear Lakes Road.

Miss Francis had momentarily taken her eyes off the road while checking on her 3-year-old passenger, Lori Brown, a niece. Her northbound 1961 Mercury traveled over to the left side of the highway sideswiping a southbound 1958 Chevrolet driven by Laura J. Myers, 18, Buhl. There were no injuries. Damages were estimated at \$200 to each vehicle.

Stocks

NEW YORK (AP)—The stock market held an irregular gain in fairly active trading late this afternoon.

Volume for the day was estimated at 6.4 million shares compared with 6.05 million Wednesday.

Here was the picture near the close: Selective investment demand and a high speculative play for some favorites helped keep the market-plus territory by a small margin.

A rebound of 2 by Du Pont and a rise of about a point by Union Carbide helped shore up the indicators composed of key industrials.

On the more speculative side, Amperex topped as the most active stock as it gained a fraction. Allis-Chalmers and General Time also were heavily traded.

Up about a point in lively trading were Magnavox, California and United Fruit.

Several of the Western rails were strong.

Ahead about 2 were Zenith, Motorola and G.D. Searle. Gains of around a point or better were made by Eastern Air Lines, United States Smelting and IBM.

Motor, steel, building materials and Eastern railroads were mixed.

Prices turned mixed on the American Stock Exchange.

Corporate bonds were mostly unchanged. U.S. Treasury bonds staged a strong advance.

Q. There is something fishy about the quotations of stock in the over-the-counter market.

I suspect that brokers try to make a profit, as well as a commission, on over-the-counter transactions.

NEW YORK (AP)—President Johnson's hospital stay comes just as the first rift is sighted in the aura of good will between White House and business.

The threatened splits are over: First, rising interest rates, and second, increased investment of American business abroad.

The President would like interest rates to stay as high as possible to encourage further economic growth.

Bankers have been raising some borrowing charges because demands for loans are mounting.

The President wants business to keep dollars at home and hold down its overseas spending.

Most corporations have been doing this on a voluntary basis.

But the total of new American investments abroad is higher this year than last.

Businessmen say that most of the financing of this accelerated expansion has been done through foreign channels.

The 4 1/2 per cent prime rate for loans is the highest in most readily available.

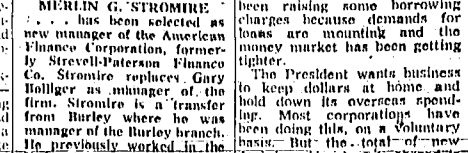

Bankers have been raising interest rates on a selective basis for some time.

They have left the prime rate alone because this basic interest rate, or symbol, is dear to President Johnson's heart.

Filer Takes on Jerome, Minico Meets Buhl in Weekend Grid Features

Filer's Wildcats, wanting desperately to get into the state's Top Ten ranking, go after the Jerome Tigers while the Minico Spartans put their undefeated blast on the line against Buhl in the features of this weekend's football action. Filer, which has coasted through five opponents, is favored against the Tigers, but this will be the Wildcats' first "prestige" game of the season. Filer hasn't beaten Jerome in 10 years, the first time it came close with a 0-0 deadlock in 1962. In the past five meetings, other than the tie, Jerome has rounded up 142 points while Filer has 38.

British Ryder Team "Feeling too Well"

SOUTHPORT, England (AP)—Britain's main worry today in trying to win back the Ryder Cup from the United States was that its professional golf stars are feeling too well. "It takes a little injury or sickness to bring the best out of the player," said British non-playing captain Harry Weisman. "I know our boys usually play a lot better if they have something wrong with them."

Ken Venturi, winner of the 1967 U.S. Open, played brilliant golf in practice Tuesday and said he had recovered from an operation on his hands.

Johnny Pott, 29-year-old star from Golf Hills, Miss., said that he pulled back in the four rounds on the opening day Thursday. "It wouldn't be fair to my partner if I played," Pott said. "I hope I shall be well enough to get into the match later."

Gov. Robert E. Smylie postscripted his message, "Please Steve, don't run for governor."

Patton Says Fame Due to Stint as Back

ATHENS, Ga. (AP)—Georgia tackle George Patton credits much of his sterling defensive play to his knowledge of the quarterback position which he played until last year.

But his fame has been derived from his linemen's pool.

He led the rugged Georgia defense in the Bulldogs' 15-7 upset of favored Michigan last week. The victory—Georgia's straight—boosted the Bulldogs into fourth place in the Associated Press national poll.

Patton's outstanding performance earned him the Lineman of the Week selection.

Patton just had real luck, and I have a great team to play with," the 6-foot-3, 210-pounder said Wednesday. "By having played quarterback, I know what I would call in many situations, and I have been able to figure out the play in interception with two, and those two could not have been more timely."

His first came against Alabama. He nabbed a wobbly pass from quarterback Steve Sloan and raced 55 yards for a touchdown to give Georgia a 10-0 lead. Georgia upset Alabama 18-17.

Against Michigan, he made a diving interception to halt a Wolverine drive deep in Georgia territory.

STATES DEFENSE LONDON (UPI)—Britain Curvis, British and Empire welterweight champion will defend his titles against Scotsman Sammy McSpadden at Cardiff Nov. 18 or 25.

Las Vegas Rates Series 'Tossup'

LAS VEGAS, Nev. (AP)—Minnesota power and no-8-2 victory over the Los Angeles Dodgers Wednesday moved Las Vegas bookies to rate the World Series in a betting tossup.

The two sports books accepting series bets say their even money for either team to win. The Dodgers were favored 10-11. However, the bookies have enough confidence in Sandy Koufax to make the Dodgers a 5-8 favorite in the second game Thursday at Minneapolis.

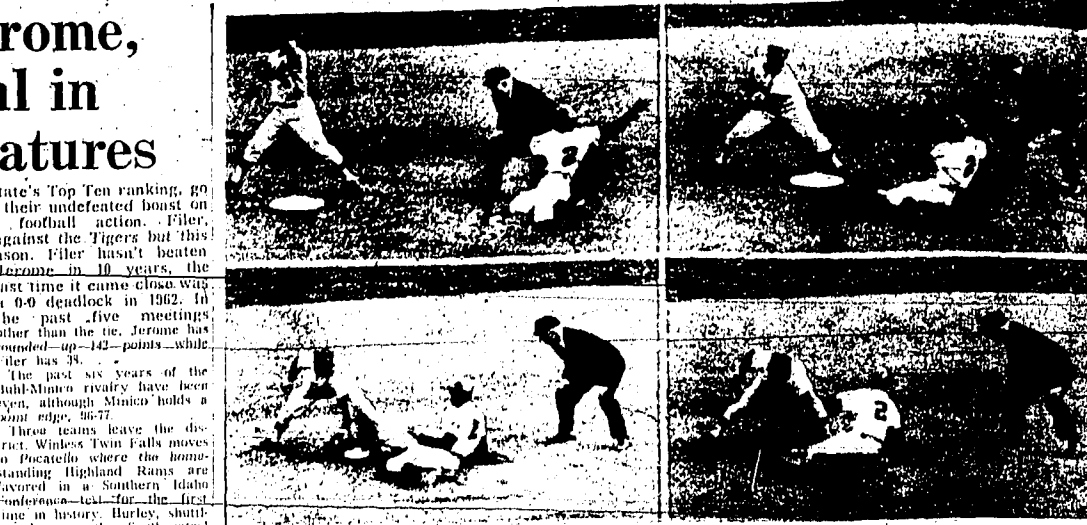

GETTING BETTER LONDON (AP)—Mexican featherweight Jesus Saucedo, semiconscious since he was knocked out in a fight here Sept. 7, is making progress and will be flown home next week, a London hospital spokesman said Wednesday.

Versalles Is "Lucky" to Get Four RBI

MINNEAPOLIS—ST. PAUL (AP)—Zollo Versailles, who proclaimed himself lucky to drive in four runs in Minnesota's 8-2 opening World Series victory Wednesday, sounded the keynote of the Twins' strained dressing room.

"We have to keep going," the wiry shortstop said. "There can be seven games. We all know that we've got to play hard."

Manager Sam Rice contained his optimism just as much as did Versailles.

"You always like to win that first one and get the momentum," Rice said. "It's like when you go into any series during the season. You want the first one badly."

"It's the same old story. We'll go one at a time. That Los Angeles is a good club. You can't relax with those guys. We'll keep playing the way we have all year."

There was no whooping it up. The sober faces tramping in left one wondering who won the game.

"We just play our game and we're okay," Versailles said. "There are seven games."

Versalles, slumping in the hero's label when prodded by newsmen, said, "I was pretty lucky to hit the home run, and I was lucky to get the other base hit."

L. A. Comes From Behind to Trim Warriors 117-113

POCATELLO (UPI)—Veterans Jerry West and Elgin Baylor paced the Los Angeles Lakers to a 117-113 come-from-behind victory over the San Francisco Warriors Wednesday night in a National Basketball Association exhibition game.

West and Baylor triggered a third quarter rally that brought the Lakers back from a 57-56 halftime deficit and into a comfortable 10-point lead.

West scored 23 points, while Baylor added 22 for the Lakers. Center LeRoy Ellis added 17 and rookie Gail Goodrich scored 16.

Big Nate Thurmond of the Warriors paced all scorers. The 6-foot-11 center poured through 26 points. Rookie Rick Barry added 19.

Stevens Tops Big College Total-Offense

NEW YORK (UPI) It's not easy to lose 129 yards rushing in three games and still lead all major college players in total offense, but Texas Western's Billy Stevens is doing just that.

Stevens has more than made up for his deficiency as a runner by connecting on 55 of 111 passes for 1,106 yards on 10 touchdowns. So, despite his minus-129 yards on the ground he still holds a 286-yard advantage over Purdue's Bob Griese in total offense, 977 to 691.

Almost all of Griese's 691 yards have come on passes, but the No. 3 man in total offense, completions earned him second place in the passing department. Stevens is a different kind of quarterback. Of his 683 yards, 476 have come on the ground, enough to give him the lead in the rushing department.

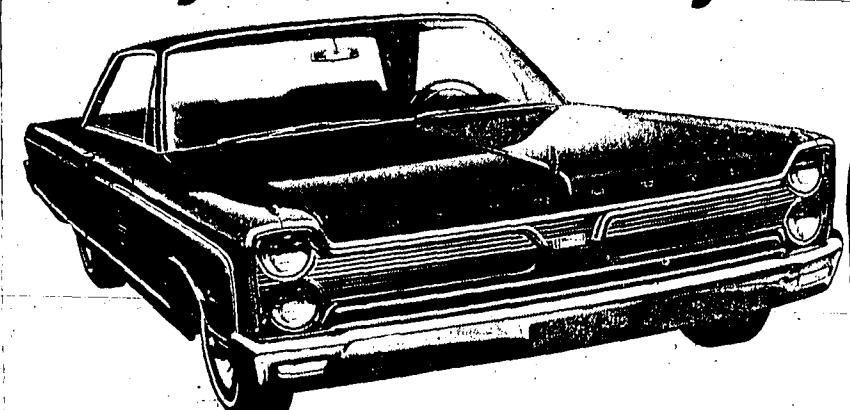

Southern California's Miles Garrett has gained 472 yards rushing in three games, most dropped to the No. 2 spot in rushing. The only other man with more than 400 yards running is Garrett Ford of West Virginia who holds down the No. 3 spot with 418.

Tulsa's Bill Anderson tops all the major college players with 116 tries, a 56.9 percentage. Stevens' 55 completions earned him second place in the passing department, although his 10 TDs and 1,106 yards are by far the best in the nation.

Clay Has "Falling Out" With Trainer

MIAMI BEACH (UPI)—Heavyweight champion Cassius Clay said Wednesday he had a "falling out" with trainer (Bardini) Brown and fired the long-wearing trainer "a couple of weeks ago."

Clay, training for a bout at Las Vegas with Floyd Patterson, declined to say why he fired Brown.

"It was a personal matter," said Clay, who insists upon being called Muhammad Ali. "We parted on good terms, but that's all I want to say about it."

"I fired him, that's all. I was in this camp and I can fire anybody I want to—my trainer, my wife, anybody."

Clay and his wife, Sonji, presently are separated.

Clay said Brown was "my trainer" and didn't have anything to do with getting his in shape for his July defense against Patterson.

Asked if he had made a statement to the World Boxing Association to be reinstated as the "official" world's heavyweight champion, Clay said: "Man, I don't care nothing about them. The Internal Revenue Service and the way they recognize and know I'm a champ."

Senator Fears End of Will To Produce

WASHINGTON (UPI) — Sen. Thurston — R — Oregon — says the "lines between government by consensus and tyranny by the majority is a very thin line."

Morton said he feared that Johnson administration programs in the fields of medical care, education and poverty may kill the nation's will to produce.

He said that there was a growing feeling that everything was to come from Washington and that this thinking may endanger representative government.

Morton made the comments at the concluding banquet of the annual conference of the Press-International Editors and publishers.

The Kentucky Republican, who this week attacked the John Birch Society's influence in GOP ranks, said his mail indicated that about 95 percent of those with political experience support his position.

The conference heard editor James G. Bellows of the New York Herald-Tribune criticize the nation's newspapers as behind the times at the final workshop session Wednesday. Bellows attacked Washington reporting which quotes government officials without naming them. "The press takes the blame if it turns out not to be true," he said. "We couldn't dig our own grave any better, and we wonder why we aren't believed as we should be. But we play the politicians game."

Ex-Convicts Plead Guilty To Kidnaping

SACRAMENTO, Calif. (AP) — Two ex-convicts who pleaded guilty in mid-trial to a California kidnaping, still face Oregon charges of murder, bank robbery and kidnaping.

Carl Clatus Howles, 21, and Wilfred Marlon Gray, 30, changed their pleas Wednesday and admitted kidnaping California's finance director, Hale Champion.

Still facing them are charges that during a five-day crime spree they robbed a bank at Portland, Ore., killed a deputy sheriff near Springfield, Ore., and kidnaped six other persons in Oregon mountains.

All those kidnaped had been held as hostages. The ex-convicts are to be sentenced Oct. 20 for the California crime and could get life in federal prison.

YOUR BIRTHDAY and HOROSCOPE

THURSDAY, Oct. 7 — Born today, you demand the utmost of yourself and of those with whom you are associated. As far as you are concerned, there is always room for improvement. And the person who notices you completely is rare indeed. Surprisingly enough, however, people like working with you; finding that you challenge them to do better than they ever thought possible. Even though they may think you don't appreciate their efforts, you seem to have been born with a gift for story-telling, and should you so choose you could probably commercialize this natural ability with very little effort for you have also been gift-

ed with both the imagination and the practicality such commercializing would take. Before you could gain real success along these lines, however, you would have to learn to be a more lenient critic of your work; otherwise, all your efforts will be merely the wastebasket. The same demand for perfection that guides you in your ordinary pursuits will probably present problems when it comes to conceiving for a number of many of your nature, you will hunt for perfection there, too, and will have to learn — perhaps the hard way — to compromise, for such perfection does not exist. If you are in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

Hardtop by Oldsmobile New for '66

To be produced as a six-passenger hardtop coupe, the new Oldsmobile Toronado features unusual interior space for passengers and luggage, outstanding driving traction and handling characteristics and styling like no other car on the road. It is 211 inches long, only 52.8 inches high and is built on a 118-inch wheelbase.

Toronado design objectives have been achieved through the elimination of the transmission hump and driveline tunnel, the development of an advanced torsion bar suspension system and the location of all power train components under the hood, well forward of the passenger compartment.

The transmission's torque converter is attached conventionally to the rear of the engine. The remaining section of the Turbo-Hydratic transmission is turned around and mounted along the left side of the engine, facing forward. A link chain assembly transfers power from the converter across the transmission gears to a differential unit bolted to the front of the transmission.

Its power plant, called the Toronado V8, is a modified, more powerful version of Oldsmobile's 425 cubic inch engine, and is rated at 385 horsepower. Performance increases result from improved engine breathing and completely new, more efficient carburetion.

Teamed with the Toronado V8 engine as standard equipment is the specially adapted version of Oldsmobile's Turbo Hydra-Matic transmission. In function and controls, it is basically the same as the standard three-speed Turbo Hydra-Matic but in construction and power transfer, it is completely new.

King Hill Grange To Meet Tuesday

KING HILL—King Hill Grange will meet at 8 p.m. Tuesday and a "detestation party" is slated, reports Mrs. Joe L. Young, home economics chairman. She requests that members show in some way what they detest most and prizes will be given to the member who has the best showing. Election of officers also is slated. Mrs. Florence Greer and Mrs. F. C. Anderson will be in charge of the refreshments.

ISU Slates Homecoming Next Week

POCAHELLO, (UPI)—"Symbols of Freedom" will be the theme for the 1965 homecoming celebration at Idaho State University next week.

The climax of the program will be the Idaho State-Montana State University Big Sky Conference football game Saturday, Oct. 16.

The ISU homecoming queen will be crowned at a pageant starting at 8 p.m. this Saturday at Frazier Auditorium.

A pep rally is scheduled at 7 p.m. Oct. 15. The homecoming parade will be staged Saturday morning. Another Saturday morning event will be the dedication of the new ISU women's dormitory, Garrison House.

TAKING QUINTUPLETS HOME from the hospital is something of a project. Mr. and Mrs. S. W. Lawson have the help of the grandmothers and a family friend as they leave Auckland, New Zealand, hospital with their quintuplets Tuesday en route to their home in nearby Henderson. From left are grandmother, Mrs. J. Wawson, carrying Deborah; the mother, with Lisa; the father, with Samuel; Mrs. H. Menzies, with Shirlene, and Mrs. E. West, a friend, with Selma. The quintuplets were born in July. (AP wirephoto by cable from Auckland)

White Men Cautious of Brazil Marubo Indians, Known for Canibalism

BENJAMIN CONSTANT, Brazil (AP)—Brazil's Marubo Indians are fond of the white man, preferably roasted on a spit over a bed of hot coals.

The Marubos is a hunter who prefers the vast upper Amazon jungle to the relatively limited confines of the river's muddy tributaries.

A cannibal from the Stone Age, his diet consists of meat of any kind. Jaguars, ocelots and wild pigs are the staples.

White settlers in the area are prone to resent this, particularly when the Marubos' more conventional food supplies run low.

The two races have been fighting an undeclared war for decades along the twisting Rio Curuca, 90 miles by plane south of this upper Amazon trading post.

Lately the white man has been getting the better of the jungle warfare. The Marubos, some 2,000 strong, have elected to stick to the bush.

Settlers tell this story: Years ago when the whites were fewer along the Rio Curuca, Marubos would raid a farm and kill everyone except young daughters. Those they would carry back to their villages.

Eventually the Brazilian armed forces got into the act.

First the air force bombed the Marubo villages in an effort to wipe them out. The villages suffered but others sprang up and the raids continued.

Then the navy sent in a gunboat which shelled Marubo hunting grounds along the Rio Curuca. The jungle vegetation and chattering monkeys took a beating, but the navy apparently hit little else.

Finally the army dispatched a force which systematically slaughtered several thousand Marubos.

The armed forces deny that, saying they have taken only protective measures in an effort to guarantee settlers' safety.

Few white men other than an occasional hunter have ventured into Maruboland alone and walked out alive.

Those that have reported that the Marubos is about 5 feet tall and hairless except for the top of his head. Both men and women wear no clothes, not even a loincloth.

Life expectancy seems to be about 30 years.

But life expectancy among whites who try to civilize the Marubos is no more than 20 years, the settlers claim.

Lieutenant Governor Post Gets Attention

BY RICHARD CHARNOCK (UPI)—More and more attention is being shown in the state to the lieutenant governor's post. The position originally was established in 1890 as a part of the executive and legislative branches of state government, and more attention in the past few years, Lt. Gov. Drevlow has served as acting governor during the absence of Gov. E. Smylie on state, federal and Republican Party, etc.

resulting rises there is every indication that travel will be even more important to future governors. Unless the constitution is changed—as some have suggested—this means the lieutenant governor of the future will spend a lot of time as acting chief executive. And because a governor serves on two politically important boards—land and examiners—and has broad appointive power, the selection of lieutenant governor is important to both parties.

There is no requirement in Idaho that a governor and lieutenant governor be from the same political party. Since 1959, the governor has been a Republican and the lieutenant governor, a Democrat. Republicans, and particularly Smylie, are acutely aware of this. One vote, right now, can change the political makeup of the Board of Examiners. At times, it can strengthen or it can weaken a majority on the land board.

This political diversity also can make a stonewall of a governor with eyes on other jobs. It is no secret, for instance, that Smylie would like to have taken the place on the U.S. Circuit Court bench in San Francisco that went to Judge M. Oliver Koelsch of Boise. But political obligations in the capitol ruled out his consideration of the post.

Wrong Line

SPARTA, Wis. (AP)—Someone should have told a Sparta couple that they were in the wrong line.

Monroe County Clerk David Herwig-family did, after the two waited four hours in a line of applicants for permits to shoot an extra deer during the coming-hunting season.

The couple wanted a marriage license. At times, it can strengthen or it can weaken a majority on the land board.

Pace Setters

DAKAR, Senegal (AP)—Proper fashion is made in Dakar, not Paris, the Senegalese police have decreed. Senegalese women were told to disregard the above the knee trend.
