

T.F. to Receive Funds for Urban Renewal Survey

Twin Falls became the first Idaho city to have an urban renewal project and will receive an \$84,881 federal advance for the project's survey and planning, Sen. Frank Church, D-Idaho, said Monday in Washington. Vuy Hudson, chairman of the Twin Falls Urban Renewal Agency, said a renewal project staff would be assembled immediately. A project director, assistant director and office staff will be hired to conduct the planning survey of the six-acre downtown site financed by the advance. The survey will determine whether a project is feasible and what concrete action will be taken.

Hudson said preliminary estimates indicate the complete project will require a federal capital grant of \$371,521.

"These funds are being held in reserve for the Twin Falls project by the Federal Government application to the Housing and Home Finance Agency."

The site proposed for the renewal project is on and around a half block area which includes the whole block bounded on the north by Second Avenue South, on the east by Second Street South, on the south by Third Avenue South and on the west by Shoshone Street South.

The site also includes the adjoining three-half blocks bounded on the north by the alley between Main Avenue and Second Avenue South, on the east by Third Street South, on the south by Second Avenue South and on the west by Second Street South.

"Application for the grant was made by the local renewal agency in November, 1965."

The swift approval of the Twin Falls application was "a tribute to express 'gratification' that it went through the first reading." Normally, he said, similar applications are delayed by legal technicalities which often result in an application being submitted several times.

Hudson estimated one month would be required to set up a local staff, and an additional eight months required to complete the study by his September target date.

The \$371,421 earmarked for the project will revert to the Federal Government if the survey indicates there is no need for renewal of the area or if the survey does not determine to complete the project.

Smyle Eyes Favorable Apportioning

BOISE (AP) — Idaho legislators can come up with apportionment that will give all Idahoans a fair share of the money, Robert E. Smyle said over the weekend, but they will have to put statesmanship above party politics.

In an address to the Idaho Press Association, Smyle said "The idea of a proper apportionment is not new. It is a fact of life. It is not new, nor is it a fact of life."

"The governor discounted fears that the new apportionment will give city voters more legislative seats at the expense of rural areas."

"We can contrive an acceptable plan," Smyle said, "that will give all people an adequate, but not disproportionate, representation on the basis of economics, sociology, geography and population."

But the governor — who said Friday he will not announce his own political plans until after the election — said the "conservative" plan is "a fair and equitable plan."

"Downright partisan," he said, "may seem at the moment, but it will find its true place in the future."

Some Valley Roads Slick After Snow

Almost all roads in the southern part of Magic Valley were snow-covered and slick Monday morning after a light snow-fall Sunday and Sunday night.

The only part of the valley not reporting any new snow was the Hallett-Ketchum area where roads were clear and dry Monday morning. Burely reported the heaviest snowfall in the valley from one to two inches of snow over the weekend and roads were snow covered and slick Monday morning.

The Buhl, Glendon, Fairfield, Richfield, Canning, Ferry, Shoshone and Carey areas reported from one to two inches of snow over the weekend and roads were falling at Carey, Kimberly, Twin Falls and Flory Monday morning.

Mrs. Claude Jones said one foot of snow fell over a brief period Sunday afternoon and night at Magic Mountain Ski Resort making skiing prospects excellent for the midweek activities. The roads to the area were being plowed open Monday morning.

Johnson to Decide on Viet Nam Bombing

WASHINGTON (AP) — President Johnson is expected to decide this week whether to resume the bombing of North Viet Nam after a major military escalation of the Vietnamese war, such as bombing Hanoi, is considered unlikely at this time.

Secretary of State Dean Rusk said Sunday night the decision on renewed bombing is still to be made. He refused to say what he favored or predicted what course Johnson would choose.

The President is caught between advocates of totally conventional proposals. Many foreign governments, some members of Congress, some officials in the administration favor prolonging the pause. Others, including military leaders, and

Congress Dubious Of Budget Effect

WASHINGTON (AP) — Congress received President Johnson's \$112.8-billion budget today with reservations about the effect on domestic programs of any large-scale expansion of the Viet Nam war. Both Democrats and Republicans predicted the President's \$37.15-billion defense budget will go virtually unopposed, but that his promise to come back for more money and taxes if the conflict gets hotter will ignite a drive to curtail spending at home.

Doctor Goes On Trial for Poisoning

TACOMA, Wash. (AP) — For the second time in less than four years, a physician goes on trial here today on charges he tried to poison his wife.

As in the first case involving a different spouse, Dr. Robert E. Boehme, 45, and his present wife, Mary, maintain he's innocent.

The doctor's first trial was in 1962. He was acquitted of trying to kill his previous wife, Dorothy, by injecting a lethal substance on the pretext of taking a blood sample.

During that trial, Dorothy Boehme testified she did not believe her husband tried to harm her. Within three months she was dead of meningitis.

After about a year, the doctor, who practices at Port Orchard, Wash., about 25 miles northwest of here, married his present wife, 32.

Last summer she was hospitalized here after being injured in an accident.

The state charges that it was during that time that Dr. Boehme entered her room and injected a toxic substance into her right hip.

She was released from the hospital July 16. Two months later, Pierce County Prosecutor John McCulloch filed the assault charge. The wife termed the charge "a frameup."

Smylie Says Council Plan Progressive

BOISE (AP) — A proposed governmental reorganization plan was described today by Gov. Robert E. Smylie as reflecting a "new attitude of resistance to rational reorganization of the executive and legislative branches of Idaho's government."

The plan was presented to the legislative council Saturday by Gov. Smylie and his staff.

"Let's hope," Smylie said in remarks prepared for a noon legislative meeting, "that the constructive and effective support for sound and sensible reform measures continues."

He called the proposal "an excellent and significant legislative step in the direction of effective and efficient state government."

Smylie spoke at a joint meeting of the Idaho State Broadcasters Association and the Boise Ad Club.

He noted that he had recommended various governmental reorganization plans in his legislative messages in 1959, 1961, 1963 and 1965.

"While there are some parts of the report which I hope the council will not take," Smylie said, "the report as a whole is a long and very worthwhile step in the right direction."

"Some of the suggestions will need to be implemented by constitutional revision and I hope the constitutional revision commission will study the report carefully."

"Different local governments are the best way to stem the tide of encroaching centralism. If we want to keep the federal government out of our affairs we need to make sure that no effort to strengthen state and local government is overlooked."

"But it will not be enough to simply strengthen the machinery. Even the strongest government needs fuel to make it work. For that reason we need to be sure that local government—the cities, the counties, the school districts and others—have the financial muscle to meet and master the problems of their people."

Smylie said the recommendation on government reorganization "is the most effective contribution to good government" made by the council since its creation in 1962.

"I think," he added, "it promotes a long and successful career of service for the new agency."

200 Utahns Return From Celebration

COLONIA, Calif. (AP) — The 200 Utah descendants of the Mormon Battalion were home of enroute home today after a celebration at Colonia last week marking the anniversary of the discovery of gold in California.

A group of Salt Lake City children, in pioneer dress, marching in the parade Saturday.

The theme of this year's gold discovery celebration was based on the presence at Sutter's Mill in 1848 of six members of the Mormon Battalion, which had been formed to serve in the war with Mexico.

After gold was discovered at the mill the gold rush started. "Four buses took the Utahns, many first and second-generation descendants of the Mormon Battalion, to Colonia."

Few Changes, None Basic, Are Noted For 1965 Income Tax Returns

WASHINGTON (AP)—Your 1965 income tax return must be in on or before April 15. There have been a few changes, but none basic.

The tax on 1965 income is a little lower than the previous year's, but the new rates are no different. The reason is a tax cut spread over two years. No further cut is in sight.

There's a \$5 penalty for failing to file your return on time. If you fail to file your Social Security number, you'll have to pay a \$25 penalty for each copy of your withholding statements you get for tax withheld from you in 1965.

Report only taxable income. Some income, like Social Security payments, is not taxable. If too much tax was withheld from you, you can get a refund but only if you file a return. Who must file one?

Anyone under 65, including children, who had \$500 or more taxable income—\$1,200 if you were 65 or older. You were covered 65 for all of 1965 if your birthday was as late as Jan. 1, 1966.

A self-employed person, in addition to paying a 5.4 per cent Social Security tax on income was \$400 or more even though gross income was less than \$500.

A person under or over 65, even though receiving nontaxable Social Security payments, must pay a Social Security tax on any taxable earned income he had. There's a limit on how much of it he can have and still draw Social Security payments. If in doubt, consult the nearest Social Security office.

Be sure to read the instruction sheet—taxpayers-by-the-internal Revenue Service. It has information, plus tax tables and tax schedules you'll need in working out your tax.

For 50 cents you'll get far more detailed information by buying from your nearest IRS office its "E-1" booklet, "Your Federal Income Tax."

Everyone under 65 filing a return gets a \$50 exemption for himself—\$1,200 if you're 65—plus \$500 for each dependent under or over 65. You also get a \$200 exemption for your wife, \$1,200 if she's 65—provided she meets certain conditions to be explained in No. 3 in this series.

Takes Time

POCATELLO (AP)—Leslie M. Walker of Pocatello has learned the postal service always gets the mail through eventually.

On Friday—the mailman delivered a package containing a tape recording Walker's wife and children prepared and mailed July 4, 1963. It was sent to El Salvador, Central America, where Walker was employed as a project engineer on the Guajoyo Dam, a government project.

Mrs. Walker reported the package contained no postmarks under that the original, New Plymouth, Idaho, postmark was still there.

Father Sought in Killing of Three Children, Wife

BALTIMORE, Md. (AP) — A young mother and her three small children were found beaten and slashed to death in their home today.

Police identified the dead as Mrs. Geraldine Taylor, 21, her two daughters, Sandie Riley, 5, and Jacqueline Taylor, 3, and her infant son, Curtis Taylor, 14 months.

The woman had been severely beaten and possibly stabbed. The children's throats had been cut. A hunting knife was found nearby.

Police said they were looking for the father of the children, a year-old hotel worker.

The tax on 1965 income is a little lower than the previous year's, but the new rates are no different. The reason is a tax cut spread over two years. No further cut is in sight.

There's a \$5 penalty for failing to file your return on time. If you fail to file your Social Security number, you'll have to pay a \$25 penalty for each copy of your withholding statements you get for tax withheld from you in 1965.

Report only taxable income. Some income, like Social Security payments, is not taxable. If too much tax was withheld from you, you can get a refund but only if you file a return. Who must file one?

Anyone under 65, including children, who had \$500 or more taxable income—\$1,200 if you were 65 or older. You were covered 65 for all of 1965 if your birthday was as late as Jan. 1, 1966.

A self-employed person, in addition to paying a 5.4 per cent Social Security tax on income was \$400 or more even though gross income was less than \$500.

A person under or over 65, even though receiving nontaxable Social Security payments, must pay a Social Security tax on any taxable earned income he had. There's a limit on how much of it he can have and still draw Social Security payments. If in doubt, consult the nearest Social Security office.

Be sure to read the instruction sheet—taxpayers-by-the-internal Revenue Service. It has information, plus tax tables and tax schedules you'll need in working out your tax.

For 50 cents you'll get far more detailed information by buying from your nearest IRS office its "E-1" booklet, "Your Federal Income Tax."

Everyone under 65 filing a return gets a \$50 exemption for himself—\$1,200 if you're 65—plus \$500 for each dependent under or over 65. You also get a \$200 exemption for your wife, \$1,200 if she's 65—provided she meets certain conditions to be explained in No. 3 in this series.

Few Changes, None Basic, Are Noted For 1965 Income Tax Returns

WASHINGTON (AP)—Your 1965 income tax return must be in on or before April 15. There have been a few changes, but none basic.

FLAMELESS WATER HEATING

Modern families want the best quality they can buy. That includes flameless electric water heating... ever so clean, quiet, dependable, easy to service. A longtime favorite in our area, where more than 100,000 families heat water electrically, it's now gaining in popularity all across the nation. Only electric water heaters are completely wrapped in insulation. All of the heat goes into the water. Their exteriors are cool and clean, so you can install them anywhere. You can buy a new, quick-recovery electric model — including any necessary wiring or plumbing, for as little as \$300 a month, on your electric bill, if you wish, with no down payment. Order through the dealer or plumber of your choice.

Section of Voting Act to Be Reviewed

WASHINGTON (AP) — The Supreme Court agreed today to review a decision holding unconstitutional a section of the new Voting Rights Act aimed at permitting non-English speaking Puerto Ricans to register and vote in New York State.

A special U.S. District Court here ruled Congress does not have the power to set voter qualification standards by simple statute, but may initiate a constitutional amendment requiring ratification by the states.

The Justice Department appealed directly to the Supreme Court, asking prompt reversal of the decision.

New York State's constitution requires voters to be able to read and write English.

Smuggling Ring Exposed In Germany

SAARBRUECKEN, Germany (AP) — Justice authorities say they have exposed a German ring that has been smuggling Czechoslovak weapons to the Kurdish insurgents in Iraq and may have also supplied the Congolese rebels.

A state court spokesman said the ring was uncovered by the arrest of Heinrich Loosen, 30-year-old gas station manager picked up at the French-German border with a carload of pistols.

He said the arms were part of a shipment of 1,000 pistols that was to be smuggled to the Kurds via France and Turkey.

The spokesman said Loosen was fined \$45,000 for violating customs laws. Four other Germans were also picked up and have been freed after questioning.

Less Money Is Requested For AEC

WASHINGTON (AP) — For the third year in a row, President Johnson asks Congress today for less money for the Atomic Energy Commission.

The agency indicates spending decline was made possible primarily by the steady build-up in recent years of America's stockpile of nuclear arms.

Overall expenditures by the AEC in fiscal 1967 are estimated to be \$2.3 billion, down \$80 million from 1966.

Johnson said also that despite the cutbacks, the AEC would continue in the coming fiscal year at about the same level as this year on underground testing and toward developing improved weapons.

Research also will be intensified in the quest to produce low cost electricity from the atom, including designing a special test reactor which would cost \$25 million.

And, while no funding provision was made in the current budget for the proposed 200 billion-electron-volt (Bevatron) 337-million atom-smasher machine for which 83 communities in 40 states are competing, the administration's budget text said:

"Design funds... will be requested once a site has been selected and the design has been authorized."

Chairman Glenn T. Seaborg of the AEC already has promised that the site will be chosen this calendar year.

The current budget estimates the capital cost of the atom-smasher at about \$375 million.

On spending for peaceful uses of nuclear energy, the budget text said:

"Work on the so-called 'fast breeder' reactors... which would produce more fuel than they consume... will be intensified, with the design in 1967 of a special test reactor expected to cost about \$75 million. In addition, the Atomic Energy Commission is exploring 'slow breeder' technology, using thorium as a fuel, and is continuing to pur-

DON ROBERTSON, son of Mr. and Mrs. Alma Robertson, Gooding, has been selected as a member of the United States of America High School Band. It has been announced by Frank Webster, music instructor, as a member of this select organization, he will attend five days of intensive rehearsals next summer in Memphis, Tenn., and the group will spend June 22 to July 14, presenting a series of concerts in eastern cities and in Canada. Gooding Senior Saxophone Player Selected for Band

GOODING — Don Robertson, son of Mr. and Mrs. Alma Robertson, Gooding, has been selected a member of the United States of America High School Band. Frank Webster, music instructor at Gooding High School reports.

A senior at Gooding High School, Robertson plays first alto saxophone.

The United States of America High School Band is organized, trained and directed by the First Chair of America, which is a national honor organization formed in 1949 for outstanding bands, orchestras and choruses honoring "first chair members" of America's outstanding organizations.

The band has plans for the finest concert and educational tour in the history of the organization, Webster said. This will be the fifth tour for the outstanding group.

All applicants for the U. S. of A. band must be highly recommended by their directors and then must submit a tape recording demonstrating their musical ability.

Robertson submitted a tape with his application. The tapes are auditioned by a select committee and the most outstanding students are selected from the many who submit tapes.

The 1966 band and chorus will assemble June 10 at Memphis, Tenn., and will spend five days in intensive rehearsal in preparation for their elaborate concert tour. They will present a concert in the Memphis Coliseum June 23.

They will travel by Continental Silver Eagle buses to Atlantic City, where they will present a two shorter term approach as "the advanced converters" of more efficient utilization of nuclear fuels."

Death Claims Mrs. Holland At Age of 60

EDEN—Mrs. Maude M. Holland, 60, died at her home Monday morning.

She was born Dec. 20, 1905, in Hancock County, Ky. She came to Idaho in 1935 from Kentucky, and has lived in the Eden area since then. She was married to Claude Frank Holland Aug. 12, 1935, in Rockport, Ind. Mrs. Holland was a member of the Methodist Church in Kentucky.

Surviving besides her husband, are a son, John Hugh Holland, Borley; three daughters, Mrs. Clayton (Doris) Turner, Portland, Ore.; Mrs. Fred (Glad) Robinson, Twin Falls; and Mrs. Robert (Frankie) Brinkman, Pocatello; a sister, Mrs. Edmond (Lucy) Kelly, Grandview, Ind., and 10 grandchildren.

Funeral services are pending.

Tip in Slaying Case May Be Loose Talk

LAS VEGAS, Nev. (AP)—An informer's tip that may have led to an arrest in the December double-murder at the Glendale truck stop is probably loose talk, Sheriff's Lt. Glenn Simmons said today.

However, the tipster—his address and identity are secret—was brought to Las Vegas for further questioning.

Sheriff's Lt. Glenn Simmons said the tip appeared to stem from a drunken conversation in a Utah bar.

Meanwhile, a Richfield, Utah, resident and former police officer has provided a description of a suspect that compares with a composite description put together by the Clark County Sheriff's office.

Sheriff's deputies were traveling the route they think was taken by the killers into Utah. They were carrying possible pictures of the men who beat the truck stop operator and his cook to death in a 1947 robbery Dec. 7.

The victims were Lester McCormick, 54, the operator, and his cook, James Boyle, 52.

LOANS REPORTED
BOISE (AP)—The Prudential Insurance Co. reported today it invested \$3,350,000 in Idaho real estate loans during 1965.

Of the total, \$3,283,209 was for farm loans, \$2,045,771 for residences and \$22,000 for commercial and industrial purposes.

FOOT SOLDIER'S MAINSTAY—The Army is issuing a new tropical combat boot expected to answer footwear complaints in steaming Viet Nam, where climate and tropical mud quickly rot away stitching and rip out soles, heels and parts of the old-style boot.

The new model has a sole of nitrile rubber and polyvinyl chloride vulcanized directly to the boot. In 10 years of rigorous testing, it has held up for 1½ years in constant use under tropical conditions, compared with an average of about three weeks for the old standard tropical boot.

MAN HONORED
BOISE (AP)—A Boise radio station manager who does his own mortuaring was named the city's outstanding young man of the year Saturday night by the Boise Junior Chamber of Commerce.

Donald Liebenort, manager of KEST, also received the junior chamber's distinguished award at an annual awards banquet.

The honor came a plaque and Ada County state license number 1.

Liebenort is president of the Boise Optimist Club, a Chamber of Commerce director and a member of several chamber committees.

M. A. (Dan) Danzer, president of the Capital Distributing Co., was named "Best of the year" for which he was awarded a plaque and traveling trophy—a spittoon.

TRUCK OFF ROAD
MALAD, Idaho (AP)—The trailer of a diesel truck carrying "radioactive" signs went off an icy road eight miles north of Malad early today.

There were no injuries, and two men were checked for possible radiation burns at Bannock Medical Hospital in Pocatello. They were released after showing no signs of injury or exposure.

The Pacific Intermountain Express truck was headed for Salt Lake City. It was driven by Clinton J. Durfee of Salt Lake City. The other man checked for possible radiation injuries was identified by the hospital as Paul Winter, believed to be from Idaho Falls.

A spokesman for the Atomic Energy Commission quoted Durfee as saying the truck did not turn over and was not damaged.

British Want Bombing Lull Prolonged
LONDON (AP)—A high government source said today Foreign Secretary Michael Stewart will make a strong plea for an extension of the U.S. bombing pause in North Viet Nam when he flies to Washington Wednesday.

The British would like to see the pause prolonged at least until Feb. 21, when Prime Minister Wilson visits Moscow to discuss the Viet Nam problem and other world issues with Soviet leaders.

The informant said the British government believes a resumption of bombing would be justifiable now only if there were compelling military reasons to show that the North Vietnamese were using the pause to their great advantage.

PAYMENTS NOTED
BOISE (AP)—First benefit payments under Idaho's new public employees retirement system will go to 213 former government employees Friday, according to Ralph F. Gibson, chairman of the Retirement System Board.

Gibson said payments totaling \$22,939 will go to the former state and local government employees covered by the system.

He said monthly payments vary from \$12 to \$500.

JURY PLAN URGED
AMERICAN TAILS (AP)—Some Idaho city will be urged to try out the "Teen Age Jury" plan in use in several states, the American Legion's Idaho commander said Sunday.

Commander Donn McClain of American Falls said he has appointed a committee to study the plan by which teenagers accused of minor offenses are tried by teenage juries before adult judges.

"Many juvenile court judges," McClain said, "have found young offenders pay more attention to their behavior when they know they will be tried by persons of their own age."

On the committee to study the plan and present it to a city in the state are Sen. Harry R. Harn, R-Clark, Stephen Booher of Shoshone and Melvin J. Alasger, Moscow.

STATUE PRESERVED
BOISE (AP)—A bigger-than-life statue of George Washington on his horse presented to Idaho 57 years ago and the object of vandals ever since may be put under glass.

The State Land Board is considering not only a glass enclosure for the statue in the Capitol grounds but replacing of the original statue with a wall.

The statue was carved from the trunk of a yellow pine from Garden Valley north of Boise by Charles Oetner, a political fugitive from Germany who followed the Gold Rush to California, then Idaho.

T. F. Man Gets Prison Sentence For Auto Theft

BOISE (AP)—Harold Dean Halseth, Twin Falls, was sentenced today to three years in prison on a charge of interstate transportation of a stolen car.

Halseth was sentenced in U.S. District Court by Judge Ray McClain. He was convicted earlier this month following a jury trial.

He was accused of driving the stolen car from Kennewick, Wash., to Buhl, in November, 1965.

MESSY AFTERMATH. Duke, N. M., grocer Joe Brooks was greeted by this scene when he opened his store Sunday after an earthquake which hit the northern New Mexico country Saturday night. The quake toppled hundreds of cans and bottles into the aisles. (AP wirephoto)

Budget Has Increase for AEC Site

WASHINGTON (AP)—The budget proposal submitted by President Johnson today includes a \$10 million increase for Atomic Energy Commission operations in Idaho.

Sen. Len Jordan, R-Idaho, said he had been advised by the AEC that the increase would be for construction of modifications and additions to the SIV reactor facility at the National Reactor Testing Station.

Jordan said the project would be in addition to all other projects under way at the eastern Idaho site.

The AEC budget seeks \$35,251,000 for operations affecting Idaho. For the current fiscal year the budget was \$35,025,000.

Beatle Hair-Style Causes Gang Fight

SALT LAKE CITY (AP)—A gang fight that erupted over a Beatle-style haircut Sunday ended with three youths arrested and two others recovering from stab wounds.

Police Chief N. D. "Pete" Hayward said the fight started when some University of Utah students playing football at a local playground made fun of seven youths—especially one with long hair flowing to his shoulders.

Police said that a scuffle followed and Robert Adamson, 18, of Holladay was stabbed in the arm, hand and ribs. His doctor said one of the punctures barely missed his heart. Adamson was treated and released.

Another youth, Greg Markham, 18, of Salt Lake City, was cut on the arm and chest. He was treated at Cottonwood LDS Hospital and released.

Two youths arrested were 15-

Budget
WASHINGTON (AP)—President Johnson wants the government to spend \$568.36 for each man, woman and child in the country in the year starting July 1.

That's what the President's proposed \$112.8-billion budget comes to on a per capita basis, using the Census Bureau's estimate that the population on Jan. 1, 1967—the middle of the fiscal year—will be 186,549,600.

By the end of the fiscal year, June 30, 1967, the public debt will total \$221.7 billion, Johnson said. Based on a fiscal year-end population estimate of 190,845,000, that comes to \$1,069.74 per person.

year-olds and the other, Don W. Pasberg, 21, of Salt Lake City was charged with assault with intent to commit bodily harm. Pasberg, who sported the long hair, was later released on bond pending arraignment Monday.

Today's Market and Financial Report

Stocks

NEW YORK (AP) — The stock market rallied as President Johnson's recent budget was expected to Congress today. Trading was heavy early this afternoon.

Finance issues took a new lease on life. Electronics, some office equipment and photographic supplies, airlines, motors and steel were among the gainers. The advance was not very broad. Oil, tobacco and a group of non-ferrous metals showed scarcely any change. Utilities were mixed. Railed edged higher on balance.

Advances appeared in some sections of the list. At the same time there was considerable activity in lower-priced issues.

The Associated Press was up 3.4 at 30 1/2 with industrials up 3, rails up 1 and utilities up 1.

The Dow Jones industrial average at noon was up 4.67 at 924 1/2.

Johnson's budget, tailored to rising defense spending as well as the needs of the Great Society, was accompanied by a four-point jump by Boeing and gains of about 2 points by General Aircraft and General Dynamics.

Aircraft rose 1 1/2. Some published market commentaries in a pessimistic psychology as a bullish factor.

Zenith and IBM gained 1 each. Control Data rose 1/2. Xerox lost about 1/2 despite its big gain in profits.

Scherer was a 4-point gainer prior to its directors' meeting. Its stock was a possible stock split for this issue.

Among lower-priced issues, Brainerd was a 3-point gainer. Brunner was off slightly after an early gain; and Roan Selection Trust, which opened on 50,000 shares, was a fractional gainer.

Prices advanced in heavy trading on the American Stock Exchange. Up about 3 points were O'Leary Copper and Soliton Devices. Gains of around 2 were made by Eastern National, Syntex and National Video. Up about a point were Multimed, Alaska Airlines, and American National.

Corporate bonds were unchanged to mixed. U.S. Treasury bonds declined generally.
