City Budget Has Lower Mill Levy, Gives Pay Hikes

Twin Falls City Commissioners Monday approved a \$2,084,615 city budget which both reduces mill levies and grants salary increases to a majority of city employees. Commissioners reduced the 1966 levy to 50 mills, down two mills from last year. The 50-mill rate was the third lowest approved during the past 15 years. The reduction, reflecting the county revaluation program and increased city revenues from the state sales tax, resulted from a two and one-half mill reduction for the street sprinkling, flushing and clogging fund to five and three-fourths mill and the elimination of a one-fourth mill bond redemption levy.

The library fund, anticipating facility improvements, rose one mill to the maximum allowable five-mill rate. Tax levies for other funds remained unchanged, the general fund at 30 mills; recreation at three mills; fire, airport and street lighting at two and one-half mills each, and bond, one-fourth of a mill. Despite an increase in the city's total assessed valuation of \$4,676,140 to \$14,587,558, the new levies are expected to reduce city taxes by \$2,084,615 to \$27,731,634. Only about 24.7 percent of the city's budget is gathered through the city's tax levies. The remainder of city revenues comes from state license sales, state highway allocations, highway district mill levy and numerous court and service charges by the city. City Manager H. L. Derrick, says salaries paid city employees are nearly \$100 per month lower than cities of the same size in western states, excluding California.

Derrick told city commission-

Draftee Law Introduced By Senator

WASHINGTON (AP) — Assembling he was free of a presidential restriction imposed last August, Sen. Ernest Gruening, D-Alaska, introduced legislation today to prohibit the involuntary assignment of draftees to fight in South Viet Nam.

In a Senate speech, Gruening said President Johnson told him at a White House conference Aug. 26 that "if we were not out of Viet Nam by January, I would be free to do anything I pleased."

Gruening offered three separate amendments, all designed to bar the sending of draftees to South-Viet Nam-unless they volunteer for such service or Congress later authorizes "the assignment to duty in South-east Asia of persons involuntarily inducted into the armed forces."

He and Sen. Wayne Morse, D-Ore., offered the proposals as amendments to the pending \$12.3-billion defense supplemental bill for Viet Nam.

CITY SANITATION INSPECTOR Chad Thompson examines huge pile of booklets prepared by his department. The booklets, explaining the new policy of strict enforcement of sanitation ordinances, will be mailed to each family in the city. (Times-News photo)

Combine Head Says No Site Selected

POCATELLO (AP) — The managing director of a magnesium combine that has surveyed a number of Northwest plant sites, including one in Pocatello, says no site has been selected.

The director, George Wunder, said in New York a number of the original 30 to 40 site proposals have been eliminated, but would not say how many are still being considered, or whether Pocatello is one of them.

Wunder is director of a combine known as the magnesium project, administered by the National Lead Co. and Hooker Chemical Co. of New York, and the H-K Co. of Salt Lake City.

He said availability of low-cost power would be a factor in site selection but said studies have not progressed far enough to include review of proposals for bringing cheap federal power into southern Idaho.

"Wunder said the site would be for a chemical extractor plant to be built in conjunction with a plant on the shores of the Great Salt Lake. Cost of both projects is estimated at \$37 million.

The survey of the 150-acre Pocatello site near the municipal airport was made by W. R. McCormick, chief engineer for Titanium Metals Corp. National Lead Co. is an owner of Titanium Metals.

Titanium Metals reportedly decided against locating a plant in Idaho partly because cheap federal power was not available.

Monsoon Rains Kill 40 in Burma
RANGOON, Burma (AP) — Monsoon rains have killed at least 40 persons, left thousands homeless and destroyed more than 200,000 acres of rice in central Burma.

Troops, police and civilian volunteers have been rushed to the stricken areas where flood damage has seriously endangered Burma's economic position for 1966.

The Agriculture Department has drawn up plans for winter crop cultivation to compensate farmers in part at least for the rice crops they have lost.

DEAD FISH ARE SCOOPED FROM TROUGHS at the Idaho Trout Processing plant, Filner, where vandalism caused the death of thousands of trout. Alfred Iverson, owner and manager of the plant, said no estimate of the loss is possible yet because it

will take most of Tuesday to remove the remaining dead fish. The fresh water supply to the fish tanks was plugged with several barrels, causing several tons of fish to die of suffocation over the weekend. (Times-News photo)

Copies of Sawtooth Study Report Arrive

First copies of the long-awaited Sawtooth Mountain Area study, conducted jointly by the United States Forest Service and the National Park Service, were received by individuals in Magic Valley Tuesday. The 43-page report, which included two decisions reached by the joint study group assigned to the area, went to interested persons who had either requested a copy or those directly connected with the conclusions reached.

The group included sportsmen and sports organizations, registrars, county officials, business users of the area and related individuals. The report highlighted conclusions reached during the joint study.

The copies being received in this area were distributed through facilities of the Forest Service. A letter from Edward Cliff, chief of the Forest Service, accompanied each report.

The report provides various solutions to the controversial disposition and jurisdiction over the area including Sawtooth Valley and Stanley Basin. The area includes 571,330 acres of Sawtooth Mountain range—the Galena Summit area and also areas near the towns of Stanley and Atlanta.

In stating its conclusions, the report calls "intrusive and seemingly destructive developments . . . the greatest immediate threat to the scenic integrity of valley lands and their enjoyment by visitors."

Hotels, subdivisions, power lines and signs were listed as examples of "inharmenous structures" making up the "man-made invasions" threatening the beauty of the Sawtooth Mountains.

The report states that "Recreation, particularly aesthetic and wilderness enjoyment, should be the recognized key values in all management plans for the Complex."

Activities such as farming, grazing, timber harvesting, mining and subdivisions "should be controlled (or eliminated where necessary) to protect and enhance the dominant recreation, natural and historic values."

The study concludes the present use of the primitive area is near its capacity, particularly in the case of riding and pack stock. Any material increase in visitation will result in "dilution of the wilderness experience."

The National Forest portion has seen an increase in visitors from 121,000 in 1958 to 340,000 in 1963. The Forest Service reports the area cannot accommodate more than three times the usage—1 million visitors. See SAWTOOTH, Pg. 2, Col. 1

Johnson-Fulbright Problems Denied

WASHINGTON (AP)—The White House said today there is no "personal disenchantment" between President Johnson and Chairman J. W. Fulbright, D-Ark., of the Senate Foreign Relations Committee. Press secretary Bill D. Moyers said in response to questions that he knows of nothing to warrant reports of "personal disenchantment that I have read about in the press."

Fulbright, a frequent critic of Johnson administration policies in foreign affairs, urged Monday that his committee be consulted before the President makes any decision on when or whether to resume bombing of North Viet Nam.

Fulbright suggested, too, that the Communist Viet Cong be recognized as a party to any peace pact. This drew a mixed reaction from other members of Congress.

"It would seem to me a proper part of the negotiations would be the Viet Cong," Fulbright told newsmen.

He said that "the policy of not recognizing the Viet Cong as a major party to any negotiations may be a stumbling block to the peace offensive."

Fulbright made his remarks after Secretary of State Dean Rusk explained the administration's position at a three-hour closed committee session.

Questioned by newsmen, Fulbright said he had mentioned his suggestions to Rusk, but the secretary "didn't agree."

A Republican member of Fulbright's committee, Sen. Clifford P. Case of New Jersey, said he didn't believe that recognition of the Viet Cong was a major factor.

Blizzard at Malta Upsets Big Truck
Port of entry officers at Bury Tuesday were investigating a truck accident on Highway 20 near Malta Monday night during a major blizzard.

Name of the driver of a large tractor-trailer rig which slid into and jack-knifed into the borrow pit was not available because officers have not been able to contact him since he went to Bury Tuesday to find a wrecker. Patrolman Charles Peguh said Tuesday.

The blizzard was spotty and was at its worst between 6 and 8:30 p.m. Monday. Twenty-six inches of snow were measured Monday morning at the Bury weather station. Reports Mr. Claude Jones Tuesday, making excellent sight conditions for mid-week operations. The ski area will be open Wednesday and Thursday. The road to the area was closed.

A snow flow was reported by the State Highway Department at 8:30 a.m. on Galena Summit 20 from Carey to Craters of the Moon and on State Highway 68 at Fairfield.

46 Die in Transport Plane Crash

SAIGON, South Viet Nam (AP)—A U.S. Air Force troop transport carrying 45 Americans and a cargo of mortar shells crashed in dense fog and rain today in the central highlands just after taking off from An Khe. All aboard were killed. The twin-engine C123 Fairchild Provider slammed into a hillside five miles east of An Khe and the impact exploded the mortar shells. The plane carried a crew of four from the 315th Air Commando Group and 42 soldiers of the 7th Cavalry Regiment. U.S. officials said it was the worst American air crash in the Vietnam war.

Ammunition and grenades carried by the soldiers aboard exploded in the tremendous heat.

A search party reached the scene at night in heavy rain. The cloud ceiling was 300 feet when the plane took off.

The cause of the crash was not immediately known.

An Khe is the staging area for the 315th Air Commando Group, which has been fighting the Viet Cong and North Vietnamese forces in the highlands. It lies 250 miles northeast of Saigon in mountainous terrain where Communist soldiers occasionally shoot at American crewmen.

The C123 is a lumbering aircraft with a stalling speed of 100 miles an hour.

The worst air disaster of the Vietnam war involved a U.S. Air Force C123 which crashed into a peak south of Nha Trang last Dec. 11, killing 81 Vietnamese and two American crewmen.

The highest American toll in a plane crash directly connected with the war occurred last Aug. 24 when a U.S. Marine Corps C130 transport carrying 63 Marines and two sailors bled to the front from a brief levee crashed into Hong Kong harbor.

The unit killed in the crash today was en route to join one of the 100th Airborne Division's units. See CRASH, Page 2, Col. 4

Filibuster Slows Senate Business

WASHINGTON (AP)—Foes of the bill to end the right of states to ban the union shop forced a slowdown of Senate business today to block a parliamentary maneuver to bring the measure to a vote.

The move was to force a lengthy reading of the Journal of Monday's business. The Journal was 52 pages long, 30 of these consisting of President Johnson's budget message. A filibuster was launched Monday evening against a preliminary motion by Democratic Sen. Mansfield of Montana to bring the bill up as the pending business.

But Mansfield arranged for a two-hour "morning hour" period at the opening of today's session during which, if he could get recognition, he could make a motion to bring up the bill.

It was to forestall this that opponents asked for the reading of the Journal. Under Senate rules, the Journal reading and several other things must be done before Mansfield would be entitled to recognition.

Normally the Senate agrees each day to a routine motion to consider the Journal of the previous day approved without reading.

Republican Leader Everett M. Dirksen of Illinois is directing the fight against the bill to repeal Section 14B of the Taft-Hartley Act. The section permits states to outlaw union shop contracts unless the employer has to join a union or at least pay dues.

Dirksen, who quibbled against the bill, said he would make the effort to bring up a 14B repealer last October, starting this Monday with a two-hour 16-minute speech against Mansfield's motion to bring it up in this session.

Reeder heard the fire alarm and ran to the scene within seven minutes. He found the cutoff point and after about 45 minutes of digging the water was shut off. Reeder said that a section of pipe had not been turned off and freezing had caused it to burst.

The flood ruined some sheet rock and acoustical tile which was stored in the room.

Pull Troops Back
NEW DELHI, India (AP) — India and Pakistan began pulling their troops back today in four separate areas as provided in the Tashkent agreement.

The agreement signed Jan. 10 by the Soviet Minister Liaqat Khan and Pakistani President Shahnawaz Khan called for troop withdrawals along the line by Feb. 25.

NAMED TO BUREAU
WASHINGTON (AP)—Bethline Church, wife of Sen. Frank Church, D-Idaho, has been named to the National Classification Program's Small Speaks Bureau. It was announced today.

Mother Is Charged in Baby's Death

JACKSON, Wyo. (AP)—Pansy Jackson, 22, whose infant daughter was found in a shallow grave last summer near the Idaho-Wyoming border, was charged with second degree murder Monday.

Her arrest followed the sentencing Monday morning of her boy friend, Lee Wayne Daniels, 22, of Aberdeen, S. D., who pleaded guilty to a second degree murder charge in connection with the death of the five-month-old girl.

In a court appearance lasting about three minutes, Daniels pleaded guilty to an amended information charge, charged with first degree murder. He was sentenced to from 20 to 21 years in the Wyoming State Prison by District Judge C. Stewart Davis.

Daniels' trial was originally scheduled for Feb. 15.

Last October, Daniels pleaded innocent and innocent by reason of insanity to a charge of first degree murder. He was taken to the state hospital for mental tests, then transferred to jail.

Miss Jones testified at a preliminary hearing that she had lived with him in several states.

The body of the child was found in a shallow roadside grave near Swan Valley, Idaho last August. The mother and Daniels were arrested in Bend, Ore., and Daniels was extradited to Wyoming for trial.

Miss Jones testified that Daniels had taken the child after it started to act up and "hit its head upon the roof of the car."

An autopsy revealed the child had died of a beating.

County Attorney Floyd King said no date has been set for a preliminary hearing for Miss Jones.

Drinking Parties Said Death Cause

FAIRFAX, Va. (AP)—Fairfax County police Monday blamed drinking parties for the death of one teen-ager and the critical condition of another in bitter weather temperatures and snow.

Det. Lt. R. H. Lester said the dead youth and another boy, investigation showed, had wandered from drinking parties and passed out.

Lester said it was "a foregone conclusion that there is more teen-agers drinking than you ever hear about."

But he added: "This is a big county with a lot of people. These kids have grownups buying whiskey for them and we simply can't check every house."

The first victim, Allan E. MacArthur, 17, was found dead Saturday afternoon in a ditch in North Springfield.

The second youth, a 15-year-old student at Lee High School, was found about 4 a.m. Sunday on the bank of a lake at West Springfield Golf and Country Club.

Patrolman Thaddeus Hartman, investigating a complaint of a disorderly party, discovered the youth unconscious, nearly covered with mud and drifting snow. He was still in serious condition Monday and doctors fear he may lose some of his fingers and toes from frostbite.

MARCHING BAND for "Pippi Longstockings" was formed during Monday night rehearsals at the home of Mr. and Mrs. Eugene Morning. Seated, in back, from left are Brenda Sue Permann, daughter of Mr. and Mrs. LeRoy Permann and Mrs. Claire Theener, choral director for "Pippi." Seated on the floor from left are Greg Lawley, son of Mr. and Mrs. Duane Lawley; Roxanne Buckendorf, daughter of Mr. and Mrs. Wayne Buckendorf; and Jeff Davis, son of Mr. and Mrs. R. E. Davis. (Times-News photo)

Rehearsals Progressing On 'Pippi Longstockings'

"Pippi Longstockings," a delightful story about some delightful children, is just as all children's parts and about 20 children's parts.

The three children's leads are double-cast, with Jackie Hovey, daughter of Mr. and Mrs. Larry Hovey, and Kerry Jones, daughter of Dr. and Mrs. William Jones, playing "Pippi."

Annikka is played by Mary Ann Babbel, daughter of Mr. and Mrs. Roy Babbel, and Carol Greer, daughter of Mr. and Mrs. Rex Greer. Tommy is played by Greg Lawley, son of Mr. and Mrs. Duane Lawley, and Carl Wurster, son of Dr. and Mrs. C. F. Wurster.

The cast and crew are in the process now of putting together different segments of the show. Monday night a group of children met at Mr. and Mrs. Sturgill's home to practice songs which later will be choreographed by Mrs. Wills Dean Nelson.

Mrs. Claire Theener, filler, choral director in local elementary schools, is directing the children's choral parts.

When the young performers met Monday they were in the process of forming a children's marching band.

The enthusiasm displayed by the children over the various rehearsals is the kind of spirit that both adult and child performers manage to maintain throughout rehearsals and performances.

Dates and times for the show this year, which for the first time will have eight performances, are 4:30 p.m. Feb. 18 and Feb. 25, and 10 a.m. 2 p.m. and 7:30 p.m. Feb. 19 and Feb. 26.

Many area schools bring entire busloads of youngsters to view the performances.

Auction Set

Built-Buhl Grange will observe its annual pancake supper and benefit auction for various charities on Thursday at the Grange hall. The public is invited.

There is no charge for the pancake supper which will be served from 6 to 8 p.m. Of the proceeds from the auction, 50 per cent will be given to the March of Dimes program, and the remainder of the money will be divided among the Cancer, Heart and Muscular Dystrophy funds. Auctioned off will be produce, canned goods and bazaar items.

Callus

SPACE CENTER, Houston, Tex. (AP)—Astronaut M. Scott Carpenter says surgeons probably will have to remove a callus from his left arm before he can be considered for another space flight.

One of the seven original astronauts, Carpenter broke an arm in a motorcycle accident in 1964 in Bermuda. He said the accident caused a callus to form on the bone just below the elbow.

"The doctor is not too confident the surgery will work and I'm not too confident the doctor will do it," he said in an interview Monday.

Farm Bureau Youth Group Holds Social

CAREY—A chili supper and social sponsored by the Young People's Committee of the Farm Bureau was held Saturday at the home of Mr. and Mrs. John Barton.

Raymond Kohne, chairman, gave the Farm Bureau policies. Larry Peterson talked on resolutions and Jay Strode told the advantages of Farm Bureau membership.

Facts and experience pertaining to the Discussion Meets and the national convention were given by Dr. Barton. Mrs. Jay Strode discussed women's projects and Mrs. Larry Peterson's topic was "Public Relations."

Information on the first program and Farm Locator Map were given by Leland Hentrich.

Games were played with Nick Pundy, Mrs. Leland Hentrich and Mrs. Jay Strode as winners.

Electric Car Is Useful in Power Failure

PACIFIC PALISADES, Calif. (AP)—Horsepower—and house-power are interchangeable in the home of Jamison Handy Jr., where the house usually runs the car—and the car can run the house, if it has to.

Handy's car, a 1916 Detroit electric, proved useful Monday when a 30-minute power failure darkened about 200,000 homes in western sections of Los Angeles just before dawn.

Handy, 51, an electrical engineer, plugged in an extension cord and the car's 185-volt battery took over.

"The lights went on, I used my electric shaver, my wife ran the toaster and we listened to news reports on the radio," he said.

"We had to unplug the refrigerator and television set, which won't accept direct current," Handy said.

"Luckily, the blackout caught us with the battery fully charged. We could have gone for about 20 hours on it."

He said he bought the antique car in 1935 in Detroit, Mich., and his wife, Rosemary, put 25,000 miles on it during World War II—saving money and gasoline rationing stamps.

"We still use it for shopping," Handy said. "It's quicker and handier than warming up the engine of an ordinary car."

Student at Murtaugh to Attend Meet

MURTAUGH—Owen Davis, Murtaugh High School junior, has been selected as one of 20 Idaho students to attend the 1966 Inter-mountain Junior Science and Humanities Symposium, according to Supt. Florin Hulse.

The Symposium, using the theme "The Emerging Scientist," will be held at the University of Utah, Salt Lake City, March 10-11.

The event is sponsored by the U. S. Army Dugway Proving Ground, Dugway, Utah; U. S. Army—Junior Science and Humanities Symposium, Duke University; U. S. Army Research Office, Durham, N. C.; and the University of Utah.

Davis, along with other participants, will stay at Camp Williams National Guard Camp south of Salt Lake City. Food, lodging and intrasymposium transportation will be provided free to all delegates.

Davis is the son of Mr. and Mrs. Kent Davis, Murtaugh. His interests are in biology and physics. He plans to attend college upon graduation.

IT COSTS NO MORE TO OWN RCA WHIRLPOOL

WORTH LOOKING INTO

If your home is without the benefits of flameless clothes drying, or if you have an older dryer about due for replacement, we suggest a look at the newest models now on display at your electrical dealer's.

Included in the new features are electronic sensors which select the right amount of heat and shut off automatically when clothes are dry. Most makes have wash 'n wear cycles for the new synthetics, to eliminate the need for drip drying. Some have self-cleaning lint filters. There are many other fine features in the good-looking new

models—including larger capacity and greater drying speed.

About two in every three homes served by Idaho Power Company use electric dryers. If yours is not among them, we suggest a visit to your favorite electrical dealer. Electric drying is a work-saving convenience every modern family needs.

Some people come to Soft Whiskey the hard way.

Some people will go to any length to find the whiskey they want. And their search sometimes takes them to many a strange brew. Of course, others are luckier. They try Soft Whiskey first. And once they do, they never have to try anything else. You don't settle for Soft Whiskey. You drink it only because you like it.

That's because Soft Whiskey does anything any other whiskey can do.

only it does it softer. (It's 86 proof.) We came to Soft Whiskey the hard way (after thousands of experiments). And we make it the hard way, by doing some distilling in small batches instead of large ones. Anything else we could tell you is top secret. Once you find we're the only Soft Whiskey, you'll know why. Even if you did come to it the hard way.

Female Walk Is Explained By Doctor

CHICAGO (AP) — Women who wiggle when they walk have no physiological reason for the habit, says a bone specialist.

"The female walk can be put on," said Dr. Louis H. Parades, assistant professor of orthopedics at the University of Texas, Southwestern Medical School in Dallas.

"It (the walk) can be learned without difficulty and easily becomes a habit," Parades said Monday.

For several years Parades and his colleagues have been taking movies of people walking. One of the questions they sought to answer was: Why do women wiggle when they walk?

"We can find no physiological reason why women should have a walk that way," Parades said at the 33rd annual meeting of the American Academy of Orthopedic Surgeons.

But, he said, the movies indicate that women who show a marked hip movement take short steps and keep their knees stiff. Because of this, he said, their hip bone is forced to oscillate.

Men do not show the hip gait because they typically take long steps and keep their knees loose, said the doctor. As a result, he said, men have a smoother walk.

Parades said that high-heeled shoes have nothing to do with the female gait.

The formula is simple: When short steps are taken with stiff knees, the hip bone oscillates. When one side of the hip bone goes up, the other side goes down. And that ends the mystery.

He said that if the pelvic structure were not capable of gyrating, women who took short steps would bob up and down in an unbecoming gait.

He added that the undulating female gait must certainly not come naturally. It has to be learned.

Last Honor Paid Johnnie Dennis

—Dennis—Funeral services for Johnnie Dennis were held at 2 p.m. Monday in the Albertson-Dickard Chapel with Rev. H. B. Thomas officiating.

Mrs. Blanche Smith served as organist and Mrs. W. F. Chisham, as soloist.

Funeral services were held for James P. Lynch Jr., William Ling, Marvin Cox, Frank Flier, James Clark and Glen Clark.

Concluding rites were held in the Buhl Cemetery.

Party Slated

Buhl—Northview Grange is sponsoring a benefit picnic party at 8 p.m. Wednesday in the Northview Community hall with all residents of the area invited to attend.

Volcano Erupts

ANCHORAGE, Alaska (AP)—Mt. Redoubt, a volcano 120 miles southwest of Anchorage, erupted Monday, spewing black ash and smoke 20,000 feet above it.

Stork Race

TORONTO (AP)—Using a toboggan, Antoni Beardsell waged a nip-and-tuck race with the stork Sunday as he hauled his wife to Grace Hospital during a snowstorm. He won, but the stork ran a close second as Mrs. Beardsell gave birth to a seven-pound daughter, the couple's second child.

Cold Weather Penetrates Deep South

By The Associated Press
Cold weather gripped most of the United States today, penetrating into Florida and the Deep South.

The temperature reached below zero Monday in Louisville, Ky. A 70-year-old woman and two grandchildren died in a fire in their rural home near Jackson in eastern Kentucky.

In western New York, hit by a weekend snow storm, two persons died. They brought to 15 the number of deaths in New York state attributed to heart attacks while clearing snow or pushing stalled cars.

Schools were closed in 16 Kentucky counties today because of the extreme cold.

The early-morning low was 15 at Louisville.

The Arkansas State Police said all roads in the state were in very bad condition from snow and freezing rain.

Several public schools were closed today in Arkansas, including all in the Little Rock area.

Snow, sleet and freezing rain covered a vast area of the South today. Sleet pelted Mississippi as far south as Jackson and Meridian.

Hazardous-driving warnings were in effect for Arkansas, western Tennessee, parts of Mississippi and Alabama.

Insurance Agent Here Gets Honor

Warren B. Murphy, 137 Seventh Ave. E., general agent for Kentucky Central Life Insurance Co. here, has received two honors from his company.

Murphy, who represents Kentucky Central throughout Idaho, attended the company's annual sales conference for career general agents last week in Lexington, Ky., and was elected vice president of the General Agents' Association for 1966.

The general agents, representing 14 states, attended a full schedule of meetings on modern sales techniques, recruiting and agency management.

At the company's awards banquet, Murphy was honored as one of the company's top producers in 1965 and was presented with a Leaders Club pin adorned with six diamonds.

U. S. Makes New Peace Overture

CAIRO (AP)—The United States has made a new peace overture to Hanoi and offered to hold off resumption of U.S. air raids on North Viet Nam until a response is received, sources in Cairo reported today.

The new offer was conveyed to Egyptian officials by the U.S. ambassador to Cairo, Lucius Battle, in the course of a meeting Monday with the Foreign Minister's undersecretary, Mohamed Hassan El Zayyat, the sources said.

El Zayyat relayed the new approach to North Viet Nam's ambassador, Nguyen Xuan, soon after meeting Battle.

Two inches of snow fell in Little Rock, Ark., Monday, with one-inch falls in Wichita, Kan.; Tulsa, Okla.; and Pine Bluff and El Dorado, Ark.

Miami, Fla., had its coldest day of the winter Monday with a low of 42 and a high of 70.

The Northeast was smothered under up to two feet of snow from Sunday's storm.

The snow in Maryland ranged from 17 inches in Garrett County to 1 inch in Northeast, Md.

Schools were closed in five Maryland counties Monday.

ANNOUNCES PLANS
KELLOGG, Idaho (AP)—The Bunker Hill Co. announced Monday it will consolidate research and assay facilities of its mine, lead smelter and electrolytic zinc plant in a new centralized laboratory.

A company publication, the Bunker Hill Reporter, said the work will begin on site preparation about March 15, and the new research and analytical laboratory is to be completed by June 1.

The lab will be constructed on a site located near the mill, near here. Six houses will be removed to make room for the new building.

GETS PROBATION
POCATELLO (AP)—An elderly Pocatello shoemaker, Nicholas Joseph Jones, received one year probation from Fifth District Court on a charge stemming from a shooting last Aug. 15.

Jones was charged with a charge of inflicting another by a discharge of a firearm. The lesser charge was for carrying a deadly weapon with a deadly weapon charge to which Jones had pleaded guilty.

Jones was accused of shooting a woman through the hand following an argument between Jones and another man. The woman attempted to deflect the gun wielded by Jones during the argument and was shot through the hand.

WOMAN DIES
LEWISTON (AP)—The death of a Washington woman injured in a head-on collision near here last Wednesday raises Idaho's 1965 traffic toll to 5. At this time last year the toll was 13.

The woman, Mrs. Mary Kay Wamsley, 41, of Uniontown, Wash., died Monday. They said she was passing a car when driven by J. C. Bryan of Lewiston that collided with one driven by Del Anderson, also of Lewiston.

CONTEST STAGED
POCATELLO (AP)—Idaho finalists in an American Legion high school oratorical contest will compete at Idaho State University Monday.

Their topic is the U.S. Constitution.

Grand Holland, contest chairman, said four Idaho winners will compete in a regional meet here March 25, against winners from Alaska, Oregon and Montana.

The regional winners compete in sectional meets for places in the national finals.

Tennessee Solon Initiates Dial-Your-Congressman Idea

By RAYMOND J. CROWLEY
WASHINGTON (AP)—A grocer seeking a small business loan. A dietitian who slipped on the kitchen floor. A young woman-to-be who became a dietitian.

Along distance, all these poured their woes or ambitions into the ear of a friendly legislator. "Dial-Your-Congressman" is the name of the system.

From 3 to 5 p.m. on Mondays, any constituent with a problem can drop by Grider's Memphis office and speak direct to the congressman.

Grider, a three-career man—submarine skipper, lawyer and politician has become convinced since arriving here in January 1965, that congressmen must be available.

"The government—simply doesn't work," he says. "Unless Congress members act as conduits for citizens to bring their absolutely legitimate problems to the attention of the proper agencies."

A man with a sense of humor, Grider warned up for Monday's phone-to-person technique, by talking into a dead phone.

"What, madame, you say your son wants to go to Viet Nam? There must be something wrong with the connection."

"Yes, sir. I will have your son out of prison tomorrow morning."

First of the real callers was a dietitian who got to the Memphis office two hours early, to make sure she was first on the phone.

Her story: She slipped on the

ABC's of Choosing Right Form for Income Tax Return Are Listed

By JAMES MARLOW
WASHINGTON (AP)—This is the ABC of choosing the right form—1040 or 1040A—for your 1965 income tax return. Anyone can use 1040. Not everyone can use 1040A which is a punchcard and simpler.

You can use 1040A only if your income was under \$10,000, and then only if you meet these conditions:

1. Almost all your income was "wages" from which tax was withheld and no more than \$200 of it was in interest, dividends, or other income.
2. You take the standard deduction allowed for personal exemptions.
3. Your expenses were more than the standard cover, you can claim them in full but only by itemizing to prove you had them. Then you must use the 1040.
4. You have a wife who is a dependent.
5. You must use 1040 if your income was other than described above or if you claim to be head of household or a widow or widower who qualifies as surviving spouse.
6. You have a special tax break—claim credit for retirement insurance or exclusion for sick pay, paid an estimated tax during 1965, or claim travel, transportation, moving, or other expense.

Officers Are Elected for Carey School

CAREY—Class officers at the Carey High School for the second semester have been elected. School officials announced Monday.

Senior class officers are Mary Ann Hennel, president; Jane Peck, vice president; Nina Peterson, secretary; and Gretchen Stults and Mary Murdock, advertising managers.

Junior class, Rick Mechem, president; Buddy Sides, vice president; Connie Barton, secretary; and Marilyn Green and Barbara Pyrah, advertising managers.

Sophomores, Vicki Barlow, president; Alan Orchard, vice president; Mary Justesen, secretary; Diane Cross and James Murdock, advertising managers.

Freshmen, Robert Hennefer, president; Susan Cook, vice president; Renae Parker, secretary; and Laura Lee Green and Barbara Baird, advertising managers.

Death Benefits Are Awarded in Jetliner Crash

SALT LAKE CITY (AP)—Death benefits totaling more than \$30,000 have been awarded to survivors of two victims of November's jetliner crash at the Salt Lake City airport by the Utah Industrial Commission.

Reports show the benefits will go to survivors of Ronald Whitaker, 34, and Allen D. Berry, 34, Salt Lake City. Whitaker was vice-president and sales manager of Amalgamated Super Co. Berry was a district sales manager for Boise Cascade Corp.

Whitaker's survivors are the receive \$18,474 and Berry's \$14,727. In both cases, the benefits will be paid over a 12 week period.

War Ability Of Red China Is Doubled

WASHINGTON (AP)—A Chinese Nationalist military expert says "Communist China is now capable of sustained large-scale conventional war outside, her own borders."

Although this estimate was not related directly to the war in Viet Nam, it obviously bears on the capacity of communist China to intrude itself into the conflict.

The analysis was made by Wu Siang-chun, an adviser in the Nationalist Chinese Defense Planning Bureau. It appeared in the latest issue of the professional journal published at the U.S. Army Institute of School, Ft. Benning, Ga.

Today the Communist Chinese army is still essentially an infantry force," he wrote. "It is composed principally of infantry units equipped with only a few tanks, artillery pieces, and motor vehicles."

The Nationalist Chinese expert noted that the Communist regime has displayed modern weapons and mechanized forces during national celebrations. But, he said, these can only be regarded as "the ornaments of the Red armed forces."

Booming

POCATELLO (AP)—Comptroller of sales at the city-owned Mountain View Cemetery are booming before the price goes up.

Castro L. Goetz, section, says he has sold nearly 115 lots for future use since the city commission revealed plans Jan. 4 to increase prices. He said normal rates for the period would be four or five.

A proposed city ordinance introduced Jan. 6 would have doubled lot prices from \$50 to \$100 — but four local morticians persuaded commissioners to increase the prices instead to \$75.

The ordinance must be read at three commission meetings before it can become effective.

MR. AND MRS. PETER M. LINK II

Irene Ammons, Link Exchange Wedding Vows

HANSEN—The marriage of Irene Ammons and Peter M. Link II was performed in a setting of ivory and gold in the Evangelical White chapel, Twin Falls, Dec. 19. Dr. Mrs. Irene Ammons, 19, of 19th St. and Main, was the bride. She wore a gown of ivory and gold, with a long train and a full skirt. Her hair was styled in a short, wavy bob. She carried a bouquet of white flowers. Peter M. Link II, 21, of 19th St. and Main, was the groom. He wore a dark suit and tie. He carried a ring box. The ceremony was officiated by Dr. E. W. Wilson. The wedding was held at the Evangelical White chapel, 19th St. and Main. The reception was held at the home of Mrs. Ammons. The bride and groom were surrounded by family and friends. The bride's father, Mr. Ammons, gave her away. The bride and groom exchanged vows and rings. The ceremony was a beautiful and memorable event.

The bride, escorted by her father, wore an ivory gown of imported silk. It was fastened with a scooped neckline, empire waistline, short trumpet sleeves and a sheer floor-length skirt. The skirt and sleeves were trimmed by wide bands of Italian lace. The sculptured chapel train was applied with Italian lace. Her elbow-length veil of ivory illusion was held by a shell of pearls. The bride carried a large gold-colored bouquet of chrysanthemums, arranged with gold and draped with tulle. The groom wore a dark suit. The wedding was held at the Evangelical White chapel, 19th St. and Main. The reception was held at the home of Mrs. Ammons. The bride and groom were surrounded by family and friends. The bride's father, Mr. Ammons, gave her away. The bride and groom exchanged vows and rings. The ceremony was a beautiful and memorable event.

Janie Goodman Is Leader of

MURTAUGH—Janie Goodman was elected president of the Murtaugh Chapter, Future Homemakers of America, at the meeting at the high school. Other officers elected who will be installed in ceremonies Feb. 12 are: Carmel Bailey, vice president; Shirley Silvers, secretary; Louise Hranec, treasurer; Julie Love, reporter; Faye Peterson, hostess; Karen Rumlait, representative to student council; Wilma Silvers, reporter; and Leanna Egbert, degree chairman.

Memorial Service Held By Rebekahs

HAGERMAN—Thomas Wilkey, founder of the IOOF Lodge, was honored with a memorial at the meeting of the Rebekah Lodge, 100th St. and Main, Jan. 22. The chapter was draped in honor of Mrs. Janie Gridley, who died at Behrer's home, Jan. 19. Mrs. Wilkey was the wife of John Wilkey, who was the first president of the IOOF Lodge. The chapter was led by Mrs. Janie Gridley. The service was held at the IOOF Lodge, 100th St. and Main. The chapter was draped in honor of Mrs. Janie Gridley. The service was held at the IOOF Lodge, 100th St. and Main.

CAMP FIRE COUNCIL officers for 1966 were elected during the annual council meeting at the Cafeteria in the Elks building. Seated, from left, are Morris Roth, first vice president; Mrs. O. Johnson, president; Mrs. Cora

Mrs. O. Johnson Named Head of Local Council

Mrs. O. Johnson was elected president of the Twin Falls Council of Camp Fire Girls at the annual dinner meeting in the Elks Cafeteria. Mrs. Johnson was the first woman to be elected president of the council. She was elected to a two-year term. The council is composed of 12 members. The council is responsible for the activities of the Camp Fire Girls in the Twin Falls area. The council is led by Mrs. Johnson. The council is responsible for the activities of the Camp Fire Girls in the Twin Falls area. The council is led by Mrs. Johnson. The council is responsible for the activities of the Camp Fire Girls in the Twin Falls area. The council is led by Mrs. Johnson.

Social Events

Boots and Bubbles Square Dance Club will dance at 8:30 p.m. Wednesday at the Baird room. Edna Davis will call. All square dancers are welcome. Members are asked to bring dessert or sandwiches.

So-Journey Club will hold its monthly card party at the home of Mrs. Max Reese, 201 Pierce St., Thursday evening, Feb. 23. Ladies Auxiliary of World War I Barracks 509 will meet at 1 p.m. Friday at the home of Mrs. Debbie C. Stone on Filer Avenue.

General Meet Held by Area Methodist WSCS

KIMBERLY—The general meeting of the Woman's Society of Christian Service was held at the Kimberly Methodist Church, 100th St. and Main, Jan. 22. Mrs. Austin Moore, president of the Hansen Circle, presided. The Portland Assembly set for May 12 through 15 was discussed. Four women from the Kimberly-Hansen area are planning to attend. The group decided to pay their registration fees and also hold a series of fund-raising projects to help with their expenses. A cooked food sale was planned for 10 a.m. Feb. 12.

Appointed for Rebekah Lodge

Standing committees were appointed by Mrs. W. O. Widener, Rebekah Lodge No. 78, meeting at the Odd Fellows Hall. Mrs. Ada Mae Puddy, Mrs. LaVerne Rudolph and Mrs. Doris Porter are members of the audit committee; Mrs. Mabel Couberty, Mrs. Virginia Wolter and Mrs. Ruth Wolter, Mrs. Margaret Watta, Mrs. Thelma Dean and Mrs. Mae Doolittle, courtesy and introductions; Mrs. Clara Anderson, Mrs. Goldie Ridgeway and Mrs. Sigrid Smith, delegate-fund; and Mrs. Martin and Mrs. Puddy, publicity.

Quilting Bee

CAREY—The Friendly Neighbor Club will hold an all-day quilting bee Wednesday at the home of Mrs. Harold Whitty. A potluck luncheon will be held. Two quilts belonging to Mrs. Jessa Farnsworth were completed in two days by members of the club who met at the home of Mrs. Lee Peterson. The Friendly Neighbor Club books were made by the officers when they met at the home of Mrs. Barney Sparks. Several members of the Potlatch Council of Camp Fire Girls were in attendance.

Magic Valley Favorites

MRS. J. W. ALLEN
Box 304, Kimberly
Wiener Marzetti
4 cups tomato juice
1 envelope (1½ ounces) dry onion soup mix
8 ounces noodles, uncooked
1 pound winners
½ cup (2 ounces) shredded cheddar cheese
Reduce heat and simmer for 15 minutes. Cut winners in half crosswise and add to skillet. Simmer covered for five minutes longer. Just before serving, sprinkle with grated cheese. Makes four to five servings.
(The Times-News will pay \$2.50 each week for the best recipe submitted for Magic Valley Favorites. It will have a favorite recipe, just mail it to the Editor, Times-News, 100th St. and Main, Twin Falls, Idaho. The recipe must be original and not previously published.)

Service Slated

KIMBERLY—Members of the Kimberly-Hansen Woman's Society of Christian Service and the Christian Women's Fellowship met at the home of Mrs. Ralph Nelson to plan for the Feb. 25 World Day of Prayer. The combined meeting will be at the Christian Church, with Mrs. Ogle Wall as the leader.
