## Ruins of Boston Hotel Searched For Fire Victims

BOSTON (AP) — Firemen, working construction cranes, Saturday searched the ruins of an explosion and fire-ravaged Paramount Hotel in downtown Boston, seeking persons who might have been trapped in Friday night's tragedy. At least nine persons were known dead and about 60 others were injured in the fire which swept the 10-story hotel, a bar and adjoining coffee shop. The identified dead were:

Barbara Rawling, 35, Boston; Patricia Osborne, 27, Boston; Michael Cohen, 50, suburban Milton; Albert White, Philadelphia, Pa., and Herbert C. McBride, 40, a resident of the hotel. Three of the injured were reported in serious condition at hospitals. Another six remained under treatment at hospitals. Several others were feared trapped in the ice-coated rubble and firemen worked to remove some eight feet of water from the hotel cellar in the chance other victims might be found. Manager John DiCicco of the 60-room Paramount said 63 persons were registered, including 40 who were permanent residents. He said he could not say how many were in his quarters.

The devastating explosion also rocked the adjacent South Hotel, but the flames did not reach it. A scene of the explosion and fire is only a block from Boston Common in an area known as the "Combat Zone." Nearby are many bars, restaurants and two theaters showing "adult only" movies. The blast opened a 60-foot-long crater in normally busy Boylston Street and shattered windows in buildings as far as three blocks away. Identification of the dead was delayed many hours due to the extensive injuries they suffered. Officials denied charts, scraps of personal papers, and clothing in efforts to identify patrons in the bar and coffee shop were hurried up by the strong winds which had been dropped back into the instantly burning cellars. Site of the dead were found in three rooms removed from upper-floor rooms of the Paramount. Cause of the explosion was still to be determined. Witnesses said they saw flames shooting from the area.

**Decision on College Site Is Delayed**  
The decision of a site for the College of Southern Idaho has been delayed after members of the site selection committee requested additional time for issuing their recommendations. Robert S. Blastock Jr., CSI Board of Trustees chairman, said Dr. Raymond Young, dean of the year, Friday requested an indefinite length of time to fully evaluate possible sites. The committee members earlier had announced their report would be made public by Jan. 21. Additional information had been requested by the team as recently as Jan. 16.

**France Wins Battle for Market Veto**  
LUXEMBOURG (AP) — President Charles de Gaulle's France Sunday won its battle to keep a veto for six months of the European Common Market. In return, France promised to resume full cooperation with the organization on July 1. French delegates had stayed away from all major meetings at Common Market headquarters in Brussels since July 1. The boycott ended only when Foreign Minister Maurice Couve de Murville appeared in Paris to argue for the veto.

**Medical Unit Plans Meet At Sun Valley**  
About 100 members of the Far Western Medical Association, Los Angeles, arrived at the Sun Valley resort Saturday afternoon, en route to Sun Valley for a six-day convention, mixed with skiing. Dr. Keller Kantola said the group has been doing this for the past eight years alternating between Aspen, Colo., and Sun Valley. Dr. Kantola said they usually acquire three or four broken legs at each convention, but it has been several orthopedic surgeons in the group.

**Results of Snowmobile Races Listed**  
KETCHUM — Seventy-two snowmobilers took part Saturday in Sun Valley's first snowmobile race. Harold (Holly) Houffburg, Kimberly, announcer, estimated the attendance at 500. Registrars were Ken (Gene) D. J. Wendorf.

Winner of the marathon race was Wayne Hersh, Twin Falls, in a 34-horsepower machine. The powder pull race for women was won by Mrs. Wayne Hersh, Twin Falls, also in a 34-horsepower machine. Mrs. Tom (Twin Falls) won the 10-horsepower race for women. In the junior race, 15 years and under, first place winner was Brian Grassman, Twin Falls.

**Group Doubts Constitutional Revision Should be Entrusted to Legislators**  
BOISE (AP) — Should the work of revising Idaho's 1889 constitution be entrusted to legislators caught up in the moving politics of a legislative session? — Constitutional Revision Commission — with legislative members of the commission pressing the issue this past week. "A man in the legislature," said Sen. Perry Swisher, R-Idaho, "ought to be supplementing with some paper and a fifth whiskey and come up with some inspired language. He should be subject to deliberation by somebody such as this (the revision commission). The commission indicated its agreement by recommending that broad constitutional amend-

## Record Cold, Drifts Plague Parts of U.S.

Record-cracking cold and gale force winds socked an shocked huge sections of the nation Saturday. A blizzard swept across Tennessee, blanketing the state with mounds of snow. Up to a foot of snow clogged roads in other parts of the South while the storm wheeled northward to carry winter's wags up the Atlantic seaboard. One of the most widespread seas of cold in years brought shivers and suffering to millions between the Rockies and the Atlantic Ocean. Low marks that had stood as long as 72 years fell by the wayside Saturday. Temperatures plunged as far as -27 in Wisconsin, N.D.

**Gem Fiddlers Slate Confab In Gooding**  
GOODING — The Idaho Old Time Fiddlers Association will hold its second annual convention in Gooding Friday and Saturday. According to Allen C. Rice, president, the organization has a membership of nearly 500 persons from throughout Idaho and represents some "community interest" fiddling programs during the past year.

**Spain Bans Planes With Nuclear Arms**  
WASHINGTON (AP) — Spain's ban against U.S. planes carrying nuclear weapons will be lifted over that country can be an inconvenience but is expected to leave American strategic bomber-missile deterrent power unaffected. The light official U.S. silence on developments which have mushroomed up from the collision of an American B52 and a KC135 tanker plane with resulting failure to find one of the nuclear weapons aboard continued despite Saturday's formal announcement in Madrid. "There Manuel Fraga Ibarra, information minister, told, new order is 'without time limit.' It is pointed out by strategists that repeated efforts by the United States to conduct operations either from American bases in Spain or from other bases can be conducted over international waters rather than over Spain."

**Blaze Destroys Zion Park Lodge**  
ZION NATIONAL PARK, Utah (AP) — Only two wings and a partial masonry and black metal building marked the site of Zion Lodge Saturday. Fire burned out the main part of the five-story tourist landmark Friday, causing damage estimated at \$350,000. The Zion Lodge, Zion Park Co., which owned and operated the lodge, said an investigator was expected from headquarters of the Union Pacific Railroad at Omaha. The park company is a subsidiary of the railroad.

## Coastal Operation Brings Sharpest Action of 1966

SAIGON, South Viet Nam (AP) — American troops counted more than 200 Viet Cong dead Saturday night from coastal search and destroy operations that have developed some of the sharpest fighting of the new year. Helicopters and paratroopers shared in the strikes. The U.S. 1st cavalry, Airborne Division, a relatively new concept in warfare, proved its mobility and firepower again with a blow against Red guerrillas of the Bong Son sector rather like that inflicted on North Viet Nam's regular in the Ia Drang Valley last November. Helicopters and planes poured in explosives and reinforcements to help seal a two-day battle in that sector 300 miles northeast of Saigon. The cavalrymen, though suffering considerable casualties of their own, counted 159 Viet Cong killed and 50 captured. Among prizes was an anti-aircraft gun and two 81 mortars.

**Plane Forced To Land on Highway 30**  
KING HILL — No injuries or damages were reported when a two-passenger Beechcraft airplane landed on Highway 30 at a point west of King Hill at 3:30 p.m. Saturday. The plane, piloted and owned by William Dunkley, Boise, was forced to land because of fuel pump failure. John Lore, Boise, was a passenger in the craft. Dunkley was enroute to Burley and refuel at Burley before setting the plane down. Frank York, Idaho State police officer, King Hill Port of Entry, was on his way to Burley when he saw the plane preparing to land on the highway and stopped oncoming traffic to clear a landing area. **Approach to Peace Eyed By President**  
WASHINGTON — President Johnson gave intensive and focused consideration Saturday to the latest suggestion from Pope Paul VI for a possible new approach to peace in Viet Nam. Johnson directed Secretary of State Dean Rusk and U.N. Ambassador Wm. French Goldberg to pursue the matter. "It appeared that in the light of Pope Paul's action, Johnson would have responded Saturday to the papal suggestion, through a personal statement or some other means," said a White House spokesman. "These apparently are the reasons why the administration is giving much thought to the papal proposal." In December, after the Pope proposed a Christmas truce, Johnson's spokesman was somewhat reluctant to take up the offer because it appeared to be a political and propagandistic move. However, when the Pope followed through with a similar proposal, policymakers here felt the need to respond with a higher moral level and were encouraged to announce their own peace-seeking plans, without mentioning or water down the feeling they had for the Communists.

**U.S. Marines Is Announced**  
QUANG NGAI, South Viet Nam (AP) — Thousands of U.S. Marines landed Friday south of central Viet Nam, the first landing what was described as the biggest amphibious assault since Inchon in the Korean peninsula. The announcement of the landing was followed by military authorities until Sunday for reasons of security. Their objective was to seek out and destroy North Vietnamese regular troops and hard core Viet Cong guerrilla operations. The Viet Cong have been in the area, about 325 miles northeast of Saigon, for many years. It is their central lowlands stronghold. The Marines met no resistance Saturday but were surprised Saturday afternoon by a heavy mortar and intermittent light rain.

**Safety Barrier Project at Murtaugh Lake Is Started**  
Construction of a safety barrier for the local fish and game association unit, the barrier will prevent unwelcome sportsmen from being swept into a Southern Idaho Fish and Game Association barrier in place, he noted, recreational use of the lake can be resumed. The telephone poles for the barrier were surveyed by Idaho Power Co., Malberg reported. Donald Zuck is project chairman for the fish and game association. The work party bored holes in the poles and trimmed them to uniform length at the "barrier yard" of the canal company. The materials for the barrier will be transported to Murtaugh Lake when ready for installation.

**Three Found Innocent in Chicago Case**  
CHICAGO (AP) — A federal court jury here Saturday found three months hearing evidence of fraud and conspiracy in the Chicago drug bribery case found Dr. Andrew Ivy, an internationally known physiologist, and two others innocent. The jury's decision was announced after 11 days of deliberations of evidence against Dr. Steven Durovic, the drug distributor. The jury of seven women and five men returned its verdict for the three after 40 hours of action Saturday that began at 4:48 p.m. Tuesday. Ivy, 72, Jubilan, over the verdict, hailed it as "a great victory for freedom of medical research."

# Changes in Recreation Permit Noted

WASHINGTON (AP)—Secretary of the Interior Stewart L. Udall announced today that the new \$7 federal recreation permit more attractive than its predecessor...

Officially called the annual federal recreation permit, the permit will be valid on a nationwide basis. Receipts from its sale help fund the acquisition and development of outdoor recreation areas under federal land and water conservation fund program.

It will add to its purchaser and it will accompany him in a private automobile if he goes to an area of recreation between April 1 and March 31, 1967.

An important change from last year follows and the permit in his own automobile. Use of the sticker supposedly was limited to insurance and development of outdoor recreation areas under federal land and water conservation fund program.

## Hot Lunch Prices Hiked At Wendell

WENDELL — There will be an increase of five cents per lunch in the hot lunch program for the Wendell school starting Jan. 31. This is the first time since the program was installed that a raise in the cost of meals has been necessary, said Ray Turner, school superintendent.

The increase in price has been caused by several factors, the most important one being that the government has almost stopped the supply of staple commodities. The prices of various staples have increased on the domestic market, so the price of the meal had to increase in order to cover the cost of operation, Turner noted.

The Wendell school board discussed the matter and decided it was better to raise the meal price rather than lower the quality, which has always been a class "A" meal to comply with specifications set by the state department and Federal government.

## Two Films Are Shown to Hansen PTA

HANSEN — Supt. William Barnard showed two films, "Your Child and Discipline" and "Focus-Individual Leadership Responsibility," at the regular PTA meeting Thursday night in the school lunchroom.

Famphlets on supplementary reading concerning the subjects were given to those present at the question and answer period was held after each film.

Cecil Stanger gave the invocation.

As a fund-raising project, members decided to run the concessions at the basketball tournament which will be at the Hansen Gymnasium, Feb. 24-26, and March 3-6. As an additional fund-raising project, a basketball game with the faculty members and school trustees versus the farmers was planned tentatively for March 10.

Mrs. E. C. Crockett asked a petition be signed protesting aid to communist countries, which will be sent to congressmen.

Janice Walker played a piano solo.

Due to the basketball tournament, a change in the regular meeting date will be arranged and announced later.

Barnard stated that an opening to the warmth of the room,

## Hailey Student Places in Science Talent Search

HAILEY — Mary Dietrich, daughter of Mr. and Mrs. Emory Dietrich and a senior in Wood River High School, has been named in the honors group in the 25th Annual Science Talent Search for the Westinghouse Science Scholarships and Awards.

Only the top 10 per cent of those who complete entries in the Science Talent Search were included in the honors group. There were 82 girls and 216 boys from the nation who were chosen. Out of this number only two were from Idaho.

The honors list is distributed to all universities and colleges in the United States as a recommendation for scholarships or grants.

Of the Honors Group, 71 per cent of the boys and 68 per cent of the girls rank in the upper five per cent of their class.

Miss Dietrich was awarded a \$9 research grant from the Idaho Academy of Science earlier this year. This was one of the few grants awarded to high school students for them to carry on research during their high school career.

Miss Dietrich's project was

"pigmentation in Bacteria Induced by Mutations." She obtained cultures of two bacteria which have a pigment and tested them under various conditions.

Purple ("X") ultraviolet light was used as a mutagenic agent. After obtaining colorless species she crossed the two strains, one colorless and one colored, and came out with all colored bacteria, indicating the heredity was changed.

After a detailed study this project was submitted in the contest. Later this year she will present her work before the Idaho Academy of Science in Boise.

Out of the 300 winners in the honor group, 40 will be chosen to take an all-expense paid trip to Washington, D. C. for one week.

There the 40 will compete for more than \$4,000 worth of scholarships. The remaining 260 probably will receive scholar-

## Wendell Grange Has Benefit Pinochle Party

WENDELL — Ten tables of pinochle were in play Thursday evening at the Wendell Grange No. 82 hall for the benefit of the March-of-Dimes.

The amount raised for the cause was \$27.50.

Mrs. John Austin was in charge of the tables and was assisted in serving by Mrs. Ben Guilford.

# Assessment Equalization Causing Problems

The 20-20-40 bill which was passed by the last legislature is causing quite a few problems within the county level of government, according to Clifford Thompson, Twin Falls county assessor.

According to Thompson, one of the problems facing county assessors throughout the state is that the bill is causing a flood of taxpayers' questions about increases in assessed valuation this year compared to those in 1965.

Thompson said the new law requires all assessors to reach a ratio of 20 per cent of full cash value which was used in 1965. Such adjustments are to be made proportionately over a four-year period beginning this year, at a ratio of 14 per cent of the same full cash value which was used in 1965.

Thompson said, "If taxes are the same as, or less than, they were in 1965 I will be the most pleasantly surprised man in Magic Valley because I don't think it is possible."

"Any time there is an increase in the ratio of assessment, then it doesn't make sense to me that your taxes can be the same or less than 1965. Frankly I don't see how it can help but be more."

Thompson expressed the opinion that, other than the fact that this so-called 20-20-40 bill is supposed to create statewide uniformity of assessment, I think it is a poor law."

Thompson said that he will now have to change 16,000 to 17,000 appraisal cards each year until the 20 per cent ratio is arrived at and that, "not only is this time consuming, it will cost the taxpayers \$1,200 to \$2,000."

salaries per year until such time as the provisions of this law are complied with."

He noted he is not responsible for the amount of tax that people pay and added, "My job is to determine the value of personal and real property accord-

ing to methods prescribed by the state tax commission. If there is any change in this 20-20-40 bill it must be done through legislation."

Thompson concluded by stating, "I am hopeful that people will have a complete understanding of this law, and what the assessor must do as required by this law, so that the assessor's office will not be held responsible for increases in assessments or taxes."

He felt that people should attend public meetings on the budget.

**SPEAKER NAMED**  
**BLACKFOOT (AP)**—Sen. Hugh Scott (R-Pa.) was the featured speaker at the annual Eastern Idaho Lincoln Day Banquet in Idaho Falls Feb. 15, according to Lincoln, Blackfoot, banquet chairman.

Republicans from 18 East Idaho counties are expected to attend.

**DON'T QUALIFY**  
**BOISE (AP)**—Splitter political parties are expected to make another stab for recognition in Idaho this election year. But secretary of State Arnold Williams says none has qualified since he has been in office.

"It seems that every election year, we get a lot of these splitter parties who want to know how they can get organized," he said in an interview.

**CHARGE ANSWERED**  
**BOISE (AP)**—Gov. Robert E. Smyth replied to charges of partisanship made by two Democratic officials involving a deed to Farragut State Park turned over to Idaho Thursday morning.

A joint statement issued by Secretary of State Arnold Williams and State Auditor Joe Williams criticized Smyth for not inviting Democratic members of the State Board to attend the presentation.

**LAND SOLD**  
**BOISE (AP)**—O. J. Buxton, Idaho real estate commissioner, reported Friday two land sales in Owyhee County.

The purchasers were Alice F. Lawrence and E. P. Lawrence, Sacramento, Calif., who bought two parcels of 200 acres each. Buxton reported the sales at the appraised price of \$8,800.

**CHANGE ASKED**  
**BOISE (AP)**—Catholic Bishop of Idaho said Friday he is hopeful the present ban against public school competing for sports, music and forensic awards in this state will be amended.

But the Most Rev. Sylvester Trelien, bishop of the Boise diocese, which includes the entire state, said he plans no formal protest against the action taken last Saturday by the Idaho Inter-Scholastic Activities Association.

"My recommendation now is," he said, "that the private schools try again next year. I am confident that most people are reasonable and that the question will come to be more fully understood and that ultimate justice and charity will prevail."

**TRUCK HIT**  
**WEISER, IDAHO (AP)**—A Union Pacific passenger train crashed into a stalled pickup south of Weiser Saturday and carried it nearly three-fourths of a mile down the tracks.

The pickup driver, James Cahill Sr., 65, of Weiser, told officers he tried to push the vehicle off the tracks and jump the car but "before we got there, his dog was killed."

**TAXES DROP**  
**BOISE (AP)**—Idaho property taxes took a state-wide average drop this year for the first time since 1943, the Associated Taxpayers of Idaho reported today.

New York, executive manager of the association, said the total 1965 property tax bill in the state is \$78,370,000—down \$1,823,000 from 1964.

The drop is due to repeal of the state property taxes and to other taxes under the state and use tax law of 1965, Yost said.

**PROJECT EYED**  
**POCATELLO (AP)**—City Manager William Webb said Saturday he has received a definite word from the U. S. Army Corps of Engineers on a request by the engineers to quarry rock for ripraping purposes from the lava outcroppings south of Ross Park.

Webb said an officer of the Corps of Engineers told him that the engineers wanted to remove rock from an area of about two square blocks of the lava bluffs.

The ripraping will be at both ends of a \$5 million flood control project on the Portneuf River scheduled to begin this summer. Completion date is estimated at December 1967. The river channel will be lined with concrete through most of the city.

**SITE CHOSEN**  
**BOISE (AP)**—Boise's Gowen Field is one of four sites proposed for an expanded National Guard flight training program to increase helicopter pilot training.

Gen. George Bennett, Idaho adjutant general, said Friday the other three sites are Nashville, Tenn.; Camp Mabury, Texas; and Stockton, Calif.

Bennett heads a committee which proposed the sites and the expanded program to procure and train more Army National Guard aviators.

If the program is approved, Bennett said, Gowen Field could be expanded, but existing facilities would be used at first.

**QUOTA SET**  
**BOISE (AP)**—Idaho's draft quota is 63 men for 63 men, Gen. John E. Welch, state director of selective service, announced today.

Welch said the call compares with one for 28 men in March 1965.

**PARLEY SLATED**  
**BOISE (AP)**—Nearly 200 power officials of southern Idaho and eastern Oregon are expected to attend the 11th annual conference of the Snake River Valley Electrical Association here Feb. 12.

**WHEAT LISTED**  
**BOISE (AP)**—Stocks of wheat on Idaho farms and in commercial silos Jan. 1 was 23,940,000 bushels, the U. S. Department of Agriculture said today.

The department's crop reporting service for Idaho said the stocks are lower than on Jan. 1, 1965, when the figure was 25,167,000 bushels.

**REPORT DENIES**  
**BOISE (AP)**—Idaho State Sen. Don Samuelson, R-Bonanza, denied any association with the John Birch Society.

The North Idaho senator, a Republican gubernatorial candidate, issued a statement Friday repudiating an item in the current issue of "Newsweek" magazine.

"I have never, directly, indirectly or even casually, been connected with the John Birch Society in any way," he said.

The item called Samuelson "a red hound" and "a collector of \$30,000 war chest" for him.

**MEET CLASSES**  
**POCATELLO (AP)**—A three-day meeting of the Idaho Agricultural Stabilization Conservation Service closed Friday for nearly 35 delegates.

The convention adjourned after a talk by Lewis Hargis of Astoria, state ASCS committee.

APPEARING RECENTLY with Lawrence Walk on Welch's show is Randy Whipple, son of Maj. and Mrs. Dale Whipple, former Twin Falls and Burley area residents. Randy, 7, is making guest appearances on "The Adventures of Ozzie and Harriet" television show.

**Peace Corps Tests Scheduled**  
**Former Area Boy Staring In TV Shows**

Peace Corps tests will be administered Feb. 12 in Twin Falls as a part of selection of applicants.

The test, used in conjunction with a general application form, is intended to measure general aptitude and the ability to learn a language—not education or achievement.

The examination will be held at 9 a. m. in the Civil Service room of the post office building. The application form must be filled out prior to a person's admission to the test.

Applications may be obtained from local post offices or from the Peace Corps, Washington, D. C., 20525.

**Refunds Ready**  
 Taxpayers will again be offered the opportunity of taking income tax refunds in United States Savings Bonds, Twin Falls Savings Bond Chairman Patrick J. Hamilton announced Saturday.

The savings option, introduced in 1963, is in addition to the two standard options of taking tax refunds in cash or applying them to next year's tax liability.

**Francis True to Attend Meeting**  
 Francis L. True, president of the local chapter of the Snake River Valley Electrical Association will attend the unit's 11th annual conference.

The meeting is intended to provide a forum for sharing ideas and innovations affecting the electrical industry.

## Promotion of Lloyd LeClair Is Announced

Lloyd LeClair has been promoted to manager of the Twin Falls office of Idaho Savings and Loan Association, it was announced Saturday after an association board meeting.

LeClair replaces Dwin Knigge, who was promoted to manager of the company's Boise office.

LeClair is a graduate of Twin Falls High School and Gonzaga University. He has worked for Jerome Co-Operative Creamery until his Twin Falls operations were closed, at which time he became a loan officer of the savings and loan office.

LeClair announced the association's home office in Twin Falls shows a steady growth of more than \$1 million during 1965 to a total of more than \$5 million.

## Businessmen Show Interest In Workshop

Much interest has been shown regarding this Feb. 10 workshop for beginning businessmen sponsored by the Twin Falls Chamber of Commerce.

Ray Rostrom, chamber manager, reports a number of applications for the workshop already have been filed. However, there are still places available for the limited number of openings.

The workshop, which will be conducted without charge to participants, will include general discussions on prevention of financial resources waste, fundamentals of management, preparations for starting a business and the need for outside counsel assistance.

Workshop periods will include consideration of population and size characteristics of small businesses, personnel and financial factors, organization, location, taxes, insurance, and the showing of a film on small-business management.

### Mothers-March Collections Aid 14 Residents in Area

Preventing birth defects is the primary goal of the National March of Dimes and the local chapter helps in this endeavor by furnishing medical help for eight county children affected by birth defects.

Largely through funds gained through the March of Dimes, polio was conquered and workers in the March of Dimes now hope birth defects can meet the same end. More than 250,000 babies, one out of 16, are born with serious birth defects every year in the United States.

Mrs. Virgil Malone, chairman of the drive, said the March of Dimes should be completed within a week, with volunteers covering different sections of the county each night.

No particular goal has been set, but the group hopes to obtain enough funds to provide sufficient medical support for the 14 county residents it has undertaken to help.

## Faithful Service Acknowledged at Dance Hosted by Gooding Members

By MARY THOMPSON

GOODING—Thirty years of "faithful service" were acknowledged at the Gooding Dance Club's January dance when Arlon Bastian, Twin Falls, who has played for the club since its inception in 1935, was presented a plaque in recognition of his years of unflinching service to the club.

He also received a large drawing of himself, which was done by Mrs. Harold LaCroix, and used as the main theme for the decorations. Following the dance the picture was presented to Bastian.

Charter members of the club were invited as special guests, seated at a special table, and honored with a special dance. Former members of the club also were invited to pay special tribute to Bastian.

The club first was organized when two friends, bored with winter cold and snow, decided to do something to cheer themselves. Back in 1935 they visualized the fun of a dance club, and the product of this dream is still one of the most popular social events in Gooding.

Mrs. Bob (Mae) Lyon and Mrs. Welliver (Zoe) Miller, friends and neighbors, decided to carry out their idea, and mailed approximately 50 post cards asking friends if they would be interested in joining a dance club which would meet once a month.

The response was immediate and most favorable, for all 50 answers were "yes" and the Gooding Dance Club came into being.

Mrs. Lyon's husband was operating a dance hall in a building owned by Ed Howard, and gave them a "real good deal" on the price. They contacted Glen Bates and asked him to play for them, which he did. Bastian, a member of that first orchestra, later formed his own band and has continued to play for the dances.

Many of the first couples who joined the club are still members and Mr. and Mrs. Lyon only recently dropped out for health reasons.

Records of the organization go back only to about 1939, and it is difficult to establish the names of charter members, some of whom were the E. B. Boltes, Monte Millers, Joe Evans, C. G. "Late" Lyons, Ernest Cramblets, Fred Vandergraffs, R. M. Robertsons, Ralph Faulkners, Martin Wiswells, Maynard Hills and E. H. Kardis, in addition to the Welliver Millers and Bob Lyons.

Of course, there were many others, and most probably names have been omitted which should be included, but with the help of Mrs. Lyon, this partial list was compiled.

Membership is by invitation only, and the policy of the club is directed by four executive board members, last year's president and secretary-treasurer. The last two named are elected by the membership at the final dance of the year.

A membership of about 60 is maintained, with each couple asked to help on the committee for one of the five dances. This includes the decorating, (Continued on Page 10, Col. 1)

### Arlon Bastian Honored at Gooding Dance

(Continued from page 9) providing sandwiches, coffee and all the miscellaneous things that must be done before and after each dance. Two couples serve as co-chairmen and take care of all the "organizational headaches" before each dance. Dances start in October and continue through February, with the December Christmas dance as one of the most outstanding and well-attended.

Decorations have run the gamut from Inauguration Day, January white sales, silver Christmas trees — to autumn leaves, Halloween, wishing wells and travel trips.

While you won't see very many dancing the "frug," "mashed potato," "awm" or any of the other fad dances, you will see a large group of people enjoying themselves immensely at a real "fun" dance.

### WCSO Program Highlights Monthly Meet

BURL—A program, "Where the Women Are" relating to the activities of Christian women in all phases of the business and political world, highlighted the monthly meeting of the Buhl Methodist Women's Society of Christian Service.

### Magic Valley Favorites

WORTHINGTON — Mrs. LYLE W. ROUT 172 Washington St., Twin Falls, has a favorite recipe just mailed to the Idaho Department, Women's Page of the Times-News and cannot give it.

**(Danish Apple Cake)**

Four cups applesauce, seasoned and sweetened to taste as you would for apple pie.

With a rolling pin finely crush 24 zwieback, (makes two cups crumbs).

In a skillet over low heat, melt one-fourth cup butter or margarine and add crumbs. Stir constantly until crumbs are just golden.

Preheat oven to 315 degrees. Line bottom of a nine-inch glass layer cake pan with crumbs. Add a layer of applesauce and a layer of crumbs until all is used, ending with a layer of crumbs. Bake 20 minutes. Cool and refrigerate several hours.

At serving time, whip one cup heavy whipping cream and drop spoonfuls around outer top edge of cake. Then decorate the whipped cream with bits of red jelly.

Makes 10 to 12 servings.

(Note: Mrs. Rout seasons the applesauce with one teaspoon cinnamon and five or six drops lemon juice. For diabetic diets sweeten the applesauce with honey or artificial sweetener and omit the jelly.)

The Times-News will pay \$5 each for the best recipe submitted to Magic Valley Favorites. If you

### NOW DEAFNESS MAY BE CURED WITHOUT SURGERY

St. Paul, Minn.—(Special)—For years, many people thought the only permanent cure for deafness was thru surgery. But a new invention (by a deaf inventor) is proving that you can have good hearing again without surgery.

This new invention is completely different from a hearing aid. It gives you good hearing (and lets you UNDERSTAND what you hear) without cords, wires and with nothing in your clothes, on your glasses or behind your ear.

To learn more about this new way to hear better without painful surgery, write the inventor, c/o Hearing Information Center, 215 Commerce Bldg., St. Paul, Minnesota.

### Don't miss another KISS

Don't let a lipstick smudge embarrass you. In the cold light of day a lipstick stain is just a mixture of fats, oils, waxes and dyes.

DON'T TOUCH THIS STAIN WITH WATER.

Just get the smudge to us as quickly as you can. In most cases we can make it disappear. It may well be worth the trip.

Never settle for less than that professionally groomed look.

## YOUR BIRTHDAY and HOROSCOPE

SUNDAY, JANUARY 30 — Your time and your energy are being used in a combination of dreamer and doer, and so long as you keep a nice balance between the two your life should be both profitable and personally happy. Let the dreamer side of your nature get out of control, however, and you may be in for trouble, for, although dreams are an imaginative and sensitive person such as you are, they are death to a career when they are not backed up by something more solid.

An early marriage may well be indicated for both men and women born on this date. The responsibilities of home and family could work wonders insofar as your ambition is concerned. You may be a day-bound to succeed in order to achieve the things possible for you of your intelligence and abilities. Needless to say, however, such duty becomes a reality with marriage — the better.

Although you try to be an aloof exterior, it generally does not fool others any more than it does yourself. For your emotions to be close to the surface to be successfully hidden and those who know you even a little soon know you are not really like. If you are wise, then, you will stop wasting energy trying to put a face on.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let us know your birthday star by your daily guide.

## Mayfair Shop Schedules Grand Opening Thursday

The grand opening of the new Mayfair Shop, women's clothing store in the Rogerston Hotel building will begin at 9:30 a.m. Thursday and continue throughout the week with daily door prize drawings, according to Frank L. Cook, owner.

Cook said the store will be closed Wednesday in order to set up new stock and put finishing touches on refurbishing. The new store is twice as large as it was prior to the fire and now has many more services to offer. Cook said the selection of goods is much larger and there are quite a few Italian imports.

The wedding goods department has been enlarged, and people can now buy wedding shower gifts in the basement of the Mayfair. The shop also has a new campus shop, sportswear department, lingerie department, notions, shoes, and has enlarged the custom sizes section.

Other shops to open in the hotel building are Hunt's Barber Shop, the Golden Barber Shop, the coffee shop, March 15, and the hotel, May 15. A new facility, because of the fire, will be completed, new furnishings and the corner, ground floor, store space is available for lease.

Hotel manager, said, "It has been quite a job since the fire. This is mostly a new facility because the only part of the old building open pair championships will be held at 1 p.m. Saturday in the Elks Club.

LITTLE MORE THAN four months ago the fire-swept Rogerston Hotel was surrounded by firemen frantically working to extinguish blaze. The hotel at that time was a stately three-story structure towering above single story shops next-door. The Mayfair Shop was then confined to the hotel building. Now it has expanded to building next door. (Times-News photo)

## Fred Turner, Ketchum, Dies at Age 69

KETCHUM — Funeral services for Fred H. Turner will be conducted at 2 p.m. Monday at the Ketchum Sun Valley LDS Church by Rev. Eric Jungbauer, pastor of the Hjalley Community Church.

Mr. Turner, 69, died Thursday at the Veterans Hospital of a lingering illness.

He was born March 25, 1896, at Grace, and married Gladys Bird, Jerome, on June 15, 1925, in Gooding. They lived there for several years and then Turner served as Jerome County sheriff in 1929 and 1930.

They came to Sun Valley when it opened and he was assistant division special agent for Union Pacific at Sun Valley until retiring two years ago.

Since that time he has served intermittently as Blaine County deputy sheriff.

He was senior warden of Hjalley Lodge No. 16, AF and AM, and belonged to Blenheim chapter No. 23, Order of Eastern Star. A veteran of World War I, he was adjutant for David Ketchum American Legion post at the time of his death and past commander.

Survivors include his widow, one son, Dean Turner, Costa Mesa, Calif., and two grandsons. Final rites will be in Ketchum Cemetery by the American Legion post and the Masonic Lodge. Friends may call at Bird Funeral Home until time of services.

# Budget for Lincoln Area Is Increased

**SHOSHONE** — Total budget for Lincoln County for the coming year has been tentatively set by county commissioners at \$1,618,312.88 more than the budget of last year of \$154,610. The budget will be acted upon by the board of commissioners on or before Feb. 14, 1966.

Very few increases in salaries for present employees of the county are proposed. In some departments new programs have been instituted and thus require budgeting of additional money to hire some extra help, such as in the County Agent's office where an additional \$300 is proposed for salary this year. This is the amount of assessment toward salary for Lincoln County will pay if a home demonstration agent is hired to serve a three county area.

Additional work in the assessor's and treasurer's offices have necessitated allowing some funds for extra help during the rush seasons.

In some departments the budget has been proposed at a lower rate than was approved last year, as in the case of the Probate Court where other expenses were set at \$1,457 a year ago, only \$126.40 of the amount.

Therefore, the budget for other expenses is set at \$1,300 this year with salaries the same. \$5,400 for the judge and his office help — the same as a year ago. Total probate court budget is \$6,740 on the proposed budget.

The legal advertisement on the budget is often misleading to citizens, county officers point out, because the rate is not what was budgeted, but what was spent, and in most instances that is below the budget.

The current expense fund is proposed at \$1,011,239 this year, and this is the area that covers nearly all the area that covers operations. Last year \$91,872 was adopted for current expense with \$66,128.29 of the amount spent.

The health budget is proposed at \$5,388, the same as was adopted last year, while \$5,325.82 was spent.

Post control budget is \$100, \$100 more than was approved last year, while \$94.80 was spent.

The memorial fund will remain at \$600 and the indenture fund will remain at \$15,000. For the year ending June 30, 1965, the county record shows \$13,638.13 spent.

The county fund has been \$45,000, while it was approved at \$40,000 last year and \$38,140.33 was spent.

While the current expense fund, the Sheriff's office budget is proposed at \$13,140, with \$9,440 for wages of the sheriff and deputy and \$3,700 for other expenses.

County assessor and deputy help will run \$2,100 with other expenses proposed at \$2,600 to make a total budget of \$10,700. The county clerk, deputy and deputy wages are set at \$7,600 to make a total budget of \$1,300 to make a total budget of \$9,400.

County treasurer and office help will be \$7,500 with other expenses of \$2,200 to make a total budget of \$9,700.

The prosecuting attorney's budget is proposed at a total of \$1,388, \$5,540 for his wages and his office help, and \$1,050 for other expenses of his office.

Post office bids are asked on Monday. BURELY — General Services Administration will issue invitation to bid for the extension and remodeling of the U. S. Post Office at Overland Avenue and East Forest Street, Burley. The announcement was made by Sen. Len B. Jovan.

Bids for the work will be opened March 3. Estimated cost for the construction is \$250,000.

The addition will be north of the present building, which is now a driveway, according to Burley Postmaster Joseph P. Lambert. Remodeling of the facility will include a larger lobby and additional space for new post office boxes.

The postmaster's office, which is now on the north side of the structure, will be moved to the south side of the building. The area for sorting and handling mail also will be enlarged.

## CHOREOGRAPHER FOR DILETTANTE PRODUCTION OF 'The Music Man'

Phillip Keeler, leads dancers through rambunctious movements of dance number, Keeler, a University of Utah professor of ballet, files to Twin Falls every Saturday evening to direct weekend rehearsals. ## Dance Rehearsals Showing Sparkle for "Music Man"

Direct the dances of the musical March 9 Dilettante Group of Magic Valley production of Meredith Willson's "The Music Man" are progressing rapidly and evening and weekend sessions at the Washington School Auditorium, under the supervision of Phillip Keeler, choreographer for the production.

Rehearsals that began as early as November, already have resulted in well-executed movements for the major scenes for the musical. The ruddy glow of enthusiasm shown by the dancers now may be an indication of a polished performance to come.

Keeler is a University of Utah professor of ballet who weekly makes the trip to Twin Falls to

Falls every Saturday evening to direct weekend rehearsals. He maintains the key to the success of the musical, "folksy" mood is unsophisticated, lively choreography. (Times-News photo)

continued. "It is more a folks-dance derivative than a classical dance."

Here a midwestern idiom predominates. There is little premium placed on virtuosity in the technical sense. Rather, it is placed on showmanship.

The choreographer remarked that the production displays properties of small-town life. It has its gossip, political climbers, social bugs—all of these elements are treated with a lot of charm and without a great deal of sophistication. This is its great appeal, along with the great melodies you can go home humming."

The enthusiastic dancers who remain the production's success rests range in age from 10 to 18 years and are students at area schools.

They include Carla Blatock, Clara Blatock, Lu Ann Vincent, Laura Vincent and Mike Brown. Healer: Will Healer, Jeanine Berry, Brook Call, Dawn Skinner, Sandy Hopkins, Teresa Stokes, Valerie Wood, Velma Guyer, Lynn Summerfield, Jackie Bizer, Connie Kelley, Debbie Bradford, Patrice Bradford and Terri Driscoll, all Twin Falls.

## Championship Bridge Game Held in T.F.

Twin Falls unit of the American Contract Bridge League held its open pairs championship game Thursday night at the American Legion Hall.

Winners are Dr. and Mrs. H. E. Burgess, first; Mr. and Mrs. William Goodman, second; Mrs. H. Miller Proctor and Don Lusk, third; Mrs. Lenore McMahon and Mrs. Charles Welter, tied for fourth with Mr. and Mrs. John Miller, and Mrs. R. A. Archer and Mrs. Barbara Robison, sixth.

Alex Galt Walle reported for the officiating committee. Four directors will be elected Feb. 17 at the Legion Hall.

Mrs. Proctor reported on the sectional tournament to be held March 11-13 at the Elks building. Program for the event was announced and copies of the program will be sent with invitations to other units in the area.

Brumbach, Paul Dougherty, Chuck Lassen, Mike Rowe, Gary Stimpson, Bob Bowden, Terry McNew, Steve Trout, Sherri Brown, Guy Watson, Kim Nussen, Ronnie Cook, Mike Christensen and Dennis Thompson, all Twin Falls.

Rehearsals which began last fall, are being held evenings during the week, Saturday evenings and Sunday afternoons and evenings.

Keeler, a soloist with the Salt Lake City Civic Ballet, boarded an airplane bound for Twin Falls immediately after Saturday rehearsal in Salt Lake. He arrives here in time to work with the local dancers Saturday evenings and Sundays.

After the weekend's rehearsal he is again bound for his Monday university classes.

"I feel a Renaissance in the air," Keeler noted. "The genuine enthusiasm generated by local dancers and actors is an indication that such an evening is possible in Magic Valley."

## Theme Is Set For Buhl's Youth Fete

ELDON W. HURST, son of Mr. and Mrs. Lee W. Hurst, Declo, will be honored at a farewell testimonial at 4 p.m. Sunday at the Declo LDS Chapel prior to leaving on a Spanish-American mission with headquarters at San Antonio, Tex. He will enter the mission home in Salt Lake City Feb. 7 and then attend a 12-week course in Spanish at Brigham Young University. He was graduated from Declo High School in 1965 and attended BYU for one semester.

The annual banquet is sponsored by the youth of the participating churches of the Buhl Ministerial Association and is being held in conjunction with the Religion in American Life program.

In charge of arrangements are Church of the Nazarene, ticket sales, identification tags and song sheets; First Baptist Church-of-the-Nazarene, ticket sales, identification tags and song sheets; First Baptist Church, worship service; First Methodist Church, film and song leader; First Presbyterian Church, publicity; and First Christian Church, decorations.

## '25 REWARD

January 6-1966. Edward Dunsen rented a pair of new camper beds with 20 to 30-3.50 day painted in the upper angle iron on both jacks. Somebody must have seen them. Jacks some time this year. Letters were large and could be painted over or stained off.

Here is the odd thing about this. He gave 300 2nd Avenue North as his address and 733-0238 as phone. The address is California Apartments, but the phone is for the apartments, but the phone of the owner who live next door.

Under any circumstances this is embarrassing and perhaps forgetty, need not wait for conviction, just give proof of the man and we will take care of conviction. A recent Idaho Legislature passed along rental law which holds down to say it is assumed payment. If rental is out 10 days past due in date or if registered letter is sent to last given address (whether received or not). Of course forgery is a penal law.

# TWIN FALLS DROPS HIGHLAND, POCATELLO

## Bruins Edge Indians in Overtime, Set Scoring Records Against Rams

Scoring records fell all over the place Saturday night when the Twin Falls Bruins topped the Highland Rams 91-85 to complete a weekend sweep over the two Pocatello schools. Ken High's free throw with five seconds left in overtime let the Bruins win 68-67 Friday night, although individual records were set. Twin Falls' Ned Williams missing the Southern Idaho Conference one-game mark of 39 by three—the team totals did. The 91 points was a high, so far, as SIC records show, and also was six points better than anything a Twin Falls team has managed before.

### Two-Tourney Plan OK'd by Area Teams

JEROME—Unanimous approval for combining the district A-1 and A-2 basketball tournaments was given by the seven invited schools in a Friday meeting here.

The new format, which is designed to return the district playoffs into the bonus it once was for area fans, will have the two classifications strung out to separate the first weekend and coming together for the final two or possibly three nights in Twin Falls.

Friday's decision cleared up the opening pairings for the A-2 teams of Twin Falls, Burley, Minico, while the pairings for the A-1 teams (Jerome, Buhl, Gooding and Filer) will depend on the final standings of the Southcentral Idaho Conference.

In the A-1 Twin Falls will be at Minico Feb. 25 and the winner of that game will be at Burley Feb. 28. The A-2, with the action started on Buhl, will have the SIC champion Gooding Mountain Home going against the fourth place club with the two and three teams meeting in the other. There will be no interplay between the classifications.

### Patterson and Rudd Pace Carey Victory

CAREY—Jerry Rudd and Larell Patterson hit 22 and 21 points, respectively, Friday night to pace the Carey Panthers to a 52-42 victory over Bluffs, even though Ken Robbins hit 22 points in a losing effort.

Bluffs had a three-point edge at the end of the first half, but behind the Panther attack two points in the second and then 11 in the third.

Carey also took the junior varsity game 64-33.

Scoreboard: Carey 52, Bluffs 42. Carey: Patterson 22, Rudd 21. Bluffs: Robbins 22.

### Burley Uses Late Surge to Defeat Bull

BURLEY—Burley's Bobcat put down a flurry by the Bull Indians early in the fourth quarter and went on to claim a 69-42 conference victory Saturday night.

Burley jumped into an early lead behind the scoring of Morgan and held an eight-point margin at halftime. Bull lunched back in the third quarter to cut the lead to four points and early in the final quarter pulled to within one at 34-33.

The Wood River Church boys got clutch points as Burley righted itself and pulled away.

Scoreboard: Burley 69, Bull 42. Burley: Morgan, Wood River Church.

### Two Guide Devils Over Hailey 67-46

HAILEY—Murfrough had two players shooting 20 points Saturday night as the Red Devils dropped the Wood River Wolves to a 67-46 conference game.

Nebecker had 21 and Jim Henson 20 for the Devils as they took an 18-5 lead in the first quarter and then paced a 26-point third to put it out of reach.

Murfrough hit Wood River 46. Nebecker 21, Henson 20.

Scoreboard: Hailey 67, Devils 46. Hailey: Nebecker 21, Henson 20.

### Two Records Equaled in Indoor Meet

BOSTON (AP)—Willie Davenport and Theresa Lewis, teammates at Southern University, equaled records in the 45-yard hurdles and 40-yard run Saturday night at the Boston A.A. games but had to share top billing with Canada's Bill Crothers.

Davenport swept over the hurdles in 5.4 seconds to tie the indoor record and Lewis captured the quarter mile in 4:41, equalling the meet record.

Crothers, on the other hand, ran just well enough to win the 1,000 in 2:59.5, looking over his shoulder most of the last lap, then came back with a brilliant 47.2 anchor lap on the fastest mile relay of the night.

John Pennel, meanwhile, won the Pole Vault at 19 feet and again failed in a bid to raise his indoor mark to 17 feet.

Yale's time matched the record set by Wendell Miller of Lewis in this meet two years ago.

### Grand View Is 48-47 Winner Over Bliss

BLISS—Grand View jumped into an early lead and nursed it steadily upward Saturday night in defeating the Bliss Blues 48-47.

The visitors never trailed after some early skirmishing and went from 15-point leads throughout.

The Grand View 48, Bliss 47. Grand View: [Player names and stats].

Scoreboard: Grand View 48, Bliss 47. Grand View: [Player names and stats].

### Winds and Rain Halt Lucky Golf Tourney

SAN FRANCISCO (AP)—Heavy rains, whipped by 35-mile-an-hour winds, caused postponement of Saturday's Golf Tournament. The third round will be played on Sunday, with the 18-hole finals Monday over the Harding Park Municipal Course.

The forecast Sunday was for showers and variable cloudiness with decreasing winds.

Twenty players had finished their third round in quest of the \$5,000 first prize. Two were out of play.

Scoreboard: Golf Tournament results.

### Saenger-Led Filer Edges Pirates 59-51

FILER—Lloyd Saenger hit 28 points while taking care of the boards Saturday night to pace the Pirates to a 59-51 victory over Filer in the first quarter.

Gier to a 59-51 victory over Filer's Gerry.

The two teams battled it out in the first half, ending in a 28-28 deadlock.

Scoreboard: Filer 59, Pirates 51. Filer: Saenger 28.

### Boyer Guides Winds and Rain Halt Lucky Golf Tourney

HAGERMAN—A five-point lead at the end of the first quarter Friday night and behind the 25-22 shooting of Alan Boyer the Pirates went on to drop Canas County 72-56 in a Northside Conference game.

Pick Johnson, went on from there to widen the margin to 12 in the second, 13 in the third and 18 in the fourth.

Twenty players had finished their third round in quest of the \$5,000 first prize. Two were out of play.

Frank Beard, the second round leader at 133, nine under par, had played four holes and was one over par when acting as caddy.

Steve Shabala first called a 45-minute delay. When the storm failed to slacken play was cancelled.

Arnold Palmer, who finished his second round with a 139, was one over par for his six holes and had played Saturday.

The last time a PGA tournament lost a day to weather was August 1965, during the Carling World Tournament in Sutton, Mass.

When the Lucky resumes Sunday, the standings will be the same as Friday with Dave Reagan, Ken Venturi, Ray Floyd, P.G.A. Mooney and Mike Souchak deadlocked in second place at 136.

Duke's top-ranked basketball team pulled away from North Carolina State in the last seven minutes Saturday for an 84-77 victory. 12th straight for the once-beaten Blue Devils.

After the 17th life score of the game, 67-67, with just over seven minutes to play, Duke shot ahead to stay on top with free throws.

Coach Warren Chapman, until the closing minutes, the teams never returned to the 20-day ago up with a perfect record in 1962.

Scoreboard: Duke 84, North Carolina State 77. Duke: Reagan, Venturi, Floyd.

### Lemm Returns to Oilers as Coach

HOUSTON, Tex. (AP)—Walt Lemm became coach of the Houston Oilers again Saturday in a PGA Tournament.

Lemm, 46, who quit as head coach of the National League St. Louis Cardinals 20 days ago, returned to the Oilers job he gave up with a perfect record in 1962.

Scoreboard: Houston Oilers 84, North Carolina State 77.

### Hanes Leads Burley Past Broncos 78-55

BLACKFOOT (AP)—Led by Jeff Hanes' 20 points, the Burley Broncos topped Blackfoot 78-55 Friday night to stay in contention in the Eastern Idaho Conference.

The Broncos dominated the game from the first basket and won 31-25 at halftime.

With Church leading the way Burley came within a 22-point third quarter to put the game on ice.

Filer's Bandy A. Hanes 25, Connor 16, Henderson 9, Anderson 8. St. Louis Cardinals 20 days ago, returned to the Oilers job he gave up with a perfect record in 1962.

Scoreboard: Burley 78, Broncos 55. Burley: Hanes 20.

ON THE HORNS OF A DILEMMA, Ned Williams' predicament is clearly indicated by the expression on his face as he is caught atop Pocatello's Brent Koffler. However, Larry Hoopes (13) was charged with fouling Williams and causing the slugging, which is Pocatello's Nick Trankovic who is getting some support from Bruin Ken High. Twin Falls won 85-87 in overtime. (Times-News photo)

## Powers Hits 45, Creighton Trims Bengals 104-95

POCATELLO, Idaho (AP)—Six-foot-seven Tim Powers scored 45 points Saturday night as he led Creighton University of Omaha to a 104-95 basketball victory over Idaho State University. Powers collected 17 field goals and made 11 out of 12 free throw attempts to better the old Idaho State Fieldhouse record of 43 points set by ISU's Art Crump in 1963.

### Tigers Romp To 60-44 Win Over Minico

JEROME—Jerome started a new lineup and came up with its biggest offensive showing of the season Saturday night in turning back the Minico Sparrows 60-44.

Although there were three new faces—all juniors—in the Tiger lineup, it was a familiar one that proved the star.

Pat Williams enjoyed a great night, plunking 11 rough 28 points. He hit 11 of 20 from the field, six of them from the charity line and grabbed off 15 rebounds.

When Jerome was leading by a never-to-be relinquished lead, Williams hit 14 of those eight minutes and led 17 at halftime when he led in led by 11.

Minico led only once at 31, but the Tigers took a five-point lead at the end of the quarter and always had at least that much margin trailing 33 to 31 at the end of the game.

Scoreboard: Tigers 60, Minico 44. Tigers: Williams 28.

### Utah Blasts Utags by 94-79 Tally

LOGAN, Utah (AP)—Utah's smooth and balanced offense smoothed Utah State Saturday night in blasting the non-conference Utag basketball team.

The Aggies were not out and only three players carried their scoring punch. Les Powell took game-winning baskets with 26 points.

Utah jumped ahead at the start and led throughout the game, leading at halftime 50-40.

In the second half, Utah threw a full-court press against the straggling Utag, who could not make the jury and shoot tactic work.

Results of the matches, Poole's team listed first, include 88—Steve MacBeth pinned Steve Wondelich, 100—Bob Hayball pinned Tom Billington; 115 pounds—Bill Hayball was decided by Mike Ford.

Mike Kolby defeated Ed Rupert; 130—John Caccia pinned Carl Malione; 136—Doug Coffin was decided by Mike Ford.

Henry Gonzales was decided by Mike Ford; 137—A. Willard pinned Al Winterholler; 158—Duane Norton was decided by Skip Turner; 82—Curt Neville was pinned by Don Yragui; heavyweight—A. Russell pinned Mike O'Dell.

UPSETS ST. JOSEPH'S PHILADELPHIA (AP)—St. Joseph's upset the Blue Devils in a row Friday night, rolling past the Gooding State Redskins 104-44.

The game was tight only in the first quarter as Dietrich exploded a 12-11 lead into a comfortable 38-19 intermission margin.

MRS. WILLIAM (PENNY) GRANGE looks up from her knitting to ponder the next scene she will capture in oils. Although she has been painting for only four years and her work has received much special recognition, she declares that she "knows really nothing about art, and cares less." Her husband, a Twin Falls businessman, is an avid amateur photographer and amusing situations develop as they pursue their individual hobbies. Some of the paintings completed by Mrs. Grange hang from the wall of her home in this picture. They are typical of her work. (Times-News photo)

# Hobbies of Husband, Wife Result in Many Amusing Situations for Local Duo

BY O. A. (GUS) KELKER  
Times-News Feature Editor

"East is east and west is west and never . . ."  
That is how the well known quotation which evasions the twin that will never meet starts out. It has a counterpart in Twin Falls with a husband and wife team of artist and amateur photographer.

Only thing is they have met. They have been married for more than 25 years and it is only over the past four years or so that there has been any competition of hobbies.

The couple is Mr. and Mrs. William (Bill) Grange. She is known as Penny. Bill was king of the walk until he made a tactical mistake. Four Christmas masses ago he bought Penny a complete oil painting outfit, enabling her to realize a long-standing desire to dabble in oils.

From that time on, things started to change. No longer was he king in the household. He had been, he found, dethroned by the queen.

—He was confronted with an idealist. In case you haven't figured it out, an idealist is a person who sees things, makes things, like they want them. Bill points out that Penny is doing a scene, and telephone pole gets in her way she just leaves it out.

With him and photography, things are different. He would be classed as a realist. He would have to leave the pole in the picture or remove it by brute force.

The two met in New Zealand when Bill was there on a business trip as a young man. They meeting blossomed—and they were married. He brought her back to the United States along with his trusty camera. On that trip he shot more than 2,000 pictures—mostly of Penny.

In New Zealand his wife's parents, at the insistence of teachers, had permitted her to enter art school, but they ruled out painting.

"They frankly said that young ladies did not do that sort of thing and so I had to take dressmaking, design, lettering, English literature and that sort of thing. I still had painting in the back of my mind.

"After we were married and came to the United States I still felt that way, but we didn't have enough money. The years kept going on and on and —we were confronted with an idealist. In case you haven't figured it out, an idealist is a person who sees things, makes things, like they want them. Bill points out that Penny is doing a scene, and telephone pole gets in her way she just leaves it out.

Painting, she says, is relaxing and a satisfying hobby.

"When Bill gave me all the necessary ingredients, I just called his bluff and used them," she laughed.

Bill bought his first camera in 1937, and since that time has worn out several. He leans toward the 35mm-size but now has his eye on a two and one-quarter-inch format.

"Then I'll use the smaller cameras exclusively for color and the larger one for black and white. This probably will mean that I'll have to get my own darkroom, but that will come as a matter of course," he said.

Actually, Bill points out that the hobbies each of them follow are really compatible.

"She looks at my slide shows and I look at her paintings," he said.

He has found out one thing, and that is that it takes longer to paint a scene than photograph it.

"Before Penny started to paint," he said, "she would become quite disoriented if she had to wait 15 minutes for me to stop and take a color picture. Now she will sit in one spot all day long."

Although she does not paint from color slides, she sometimes uses those her husband takes for reference at a later date.

TWIN FALLS, IDAHO, SUNDAY, JANUARY 30, 1968

PEDESTAL SUPPORTING bust of the late Ernest Hemingway rises from snowfield near Sun Valley and beside the Trail Creek road. Robert Hoag, new staff recreation officer for the Sawtooth National Forest, with headquarters in Twin Falls, looks at the likeness. The monument is on private land which will be landscaped and cared for by the resort owners. The general public will be unable to reach the monument until the snow melts. (Times-News photo)

AS A LAST RESORT William (Bill) Grange, Twin Falls businessman, takes a color picture of one of the oil paintings done by his wife. Living with an artist poses some problems to a man with photography as a hobby. He considers himself a realist and his wife an idealist. Along this line he points out

that if she objects to a telephone pole she just leaves it out while he must leave it in. They actually combine vacation and field trips to the point where each keeps waiting for the other to complete a project. He has been taking pictures much longer than she has been painting. (Times-News photo)

# Bronze Likeness of Hemingway Looks Out Over Country He Loved

SUN VALLEY — The bronze likeness of the head of Ernest Hemingway, famed author who made this area his home and who died here and is buried in the "Ketchum" cemetery, looks out over the hills and mountains the late author loved.

Originally it was planned to put the monument on Forest Service land at the Wood-River campground near Highway 53, but a subsequent decision found it placed above Sun Valley, and near the Trail Creek road.

Dedication of the bust will come next summer, with the widow and many prominent people present. By dedication time, landscaping of the area surrounding the monument will have been completed. The site is on private land and maintenance will be by owners of this resort.

At present a mantle of deep snow separates the monument site from the road which leads to the high country beyond. Hemingway and his friends—including the late Gary Cooper—hunted and fished there many times.

The bust is so placed that it looks out over the area toward the high country. It is not visible from the highway. When completed, a trail will lead from a small parking area near that road toward Trail Creek and the monument site, down a slight incline.

Some residents of the Sun Valley area who knew Hemingway when he resided here, express the opinion that the rough bronze might be somewhat of a shock to Idaho citizens who have been used to seeing more conventional bronze likenesses.

It is secured atop a concrete shaft with the profile being the first likeness noted. Hemingway is sculptured with the full beard which was such a familiar sight in this area. A straight-on view is possible by climbing the rise on which the monument is placed.

The Hemingway home is located in the Warm Springs area near Ketchum and can be seen from the cemetery where the author is buried, and which con-

tains the remains of many of the pioneers who first settled in the Wood River Valley back in the 1870's.

Full particulars concerning the dedication are being worked out by resort officials and members of a special committee set up for that purpose.

SCULPTURE IN BRONZE of the late Ernest Hemingway 'waits out' the long winter near Sun Valley. The monument will be dedicated next summer, with many prominent people expected to be present. The rough features of this famed writer, some say, may prove a bit of a shock to Idaho tourists who are used to more conventional bronze busts. (Times-News photo)

# AS YOUR MINISTER SEES IT

"Are Ethics Impractical?"

BY CAPT. GEORGE DRIVER  
Salvation Army  
Are morality, ethics, honor and integrity just a collection of meaningless words, too impractical for everyday use? Certainly it's easy to believe so, based on what we see, what we hear and what we read of moral decay in our America society.

Within the last few years news headlines have called our attention again and again to an endless series of shocking scandals—city hall internal revenue West Point, Air Force Academy, police departments, TV quiz, football basketball—scandal of an ever increasing number. For many people, bribes, kickbacks, payoffs and shakedowns have become a way of life.

William Longgodd, in a series of articles on the subject in the New York "World-Telegram," recently collected the white collar employees of this country are stealing about \$4 million each day from their employers. N. Morgan Woods, manager of the Claims Bureau of the North American Insurance Association, says insurance fraud has developed almost to the point of an annual sport practiced by 100,000 persons over the past few years.

Padded and fraudulent claims cost the industry \$350 million annually, which shows a staggering increase over the past few years. Mr. Woods declares, "The general lowering of moral standards throughout the country is basic to the entire problem. You could see it worsen month by month, year by year. It is rampant in every segment of our society."

"This, of course, is a sad commentary on the values which a host of adult Americans live in this our day. But worse than that is the fact that the upcoming generation is imitating what they perceive to be standard practice. A Columbia University student disclosed that at least half of the 6,000 college students sampled in the study engaged in some form of cheating, such as plagiarism, copying, and the like. This does not project a very pleasant picture for the future of our great nation. Crime is on the increase. Corruption is fast becoming a part of the Built-in-Easy of living."

"We are in an awful mess. And can predict no improvement as long as so many people believe the philosophic nonsense that 'men and women are more weak than corrupt, more immoral than immoral, more unenlightened than unenlightened, and more foolish than foolish.'"

## 8 Ketchum Men Protest Fish Project

KETCHUM—Eight members of the Ketchum-Sun Valley Chamber of Commerce went to Portland Wednesday to lend their influence to limit activity of commercial salmon interests in the Columbia River.

They are Robert F. Glenn, Robert R. Glenn, Merwin Esterhild, R. E. Armet, Richard Alf, Eugene Miller, Don Fife and E. V. McClain.

A report was given on progress of the county Economic Development Administration committee secretary, Richard Edwards. Scott pointed out that the council survey will soon be ready for distribution.

Edwards said that the EDA can become effective.

Rep. Compton White, in a letter to the chamber, told of a meeting to be held soon which he believes will resolve the problem of cleaning Big Wood River and still retain good fishing in the stream.

"The things that have made us a bright, burning flame of faith in Him can scatter in a night that has invaded the land without and the heart within. The conclusion of this whole matter? It's high time that America fell on her face in repentance. It's high time that she recover her habits of worship her reverence for God's Day, God's House and God's Book. Only a bright, burning flame of faith in Him can scatter in a night that has invaded the land without and the heart within."

GIVEN INVITATION

## Life in MAGIC VALLEY

Uniforms for RICHFIELD'S junior high school basketball teams are available this year only because of the quick thinking and hard work of one Richfield woman and the assistance of some high school students. The need for saving the garments came during Richfield's disastrous school fire last March 2. Mrs. James (Eunice) Powell helped move the well-remembered and muddy uniforms over to the high school gymnasium as they were thrown out of their basement storage room by La-Rae Brown, school bus mechanic and driver, and Burr Atkins, present school board member. Knowing the red and white uniforms would be ruined if left long in that condition, Mrs. Powell discussed the matter with Supd. F. R. Briggs, who told her to go ahead and salvage any she could.

An old conventional washer was moved from the Powell ranch to the high school shop building and she went to work on what turned out to be a two-day job. The first day she was assisted by her older daughter, Carolyn, Carla Hoodenpyle and Gleana Conner.

The second day the group was aided by Faylie King. High school boys drove a pickup truck carrying washed uniforms to clotheslines all over town, where they were dried.

Many uniforms had to be washed several times and some were burned too badly to be saved, but 49 uniforms were salvaged. They had been purchased by the junior high school students from funds raised in their magazine subscription sale.

Seventh grade students are among the proud possessors of the suits for the first time this year. Their special thank-you and community appreciation are extended Mrs. Powell, who also serves as seventh grade room mother for the PTA.

A humorous side effect of the uniform salvage operation was the appreciation payment by the insurance company. Both Mrs. Powell and her daughter received checks, with Carolyn

and two dollars more than her mother. Mrs. Powell donated her check to the building fund for Richfield's new elementary school.

Carl Behr, DECLO, celebrated his 88th birthday anniversary this week with a "world memories" to look back upon. Behr, who was born Jan. 27, 1878, in Holstein, Germany, had a father named Peter, who had the sea in his blood and spent his lifetime sailing the many coasts of the world.

Young Carl, at the age of 23 left his homeland and came to the new country to attempt to follow his father's route. He arrived in Connecticut where he worked as a garbier before traveling across the states to Spokane, Washington.

In Sumner Lake, Oregon, he married Nellie Curtis in 1913, moving to Declo in 1914. Deciding they would settle on the Atlantic coast, they moved to Maryland in 1915, but soon returned, as Behr's health was very poor.

Behr commented that it felt better to breathe the air of Idaho and stated "It's hard to beat the Intermountain area for a place to settle, especially Idaho." From 1919 until 1952 Behr lived on his farm in Declo and raised four children, Louis Behr, Spokane, Wash., Mrs. C. (Dorothy) Matlock, and Chester Behr, both Declo; and Mrs. Verlow (Bernice) Rehn, BURLEY.

STUDYING PLANS for Frontier Days, which will be held in July are, from left, Jack Windsor, general chairman for the rodeo and all activities; Robert Harvey, president, and Ivan Skinner, chairman of the parade-judging committee. Vigilante activities will begin July 22. The parade will be at 5 p.m., July 30 and the rodeo is slated for 8 p.m. July 30 and 31. The event should attract thousands to the city. (Times-News photo)

### Parades, Bands, Riding Competition Will Be Frontier Days Show Features

A bigger and better parade and rodeo is expected for the Frontier Days to be held July 30 and 31, with more bands, floats and professional entertainment for this year.

This will be the second annual Frontier Days in Twin Falls, sponsored by the Frontier Riding Club.

This year the horse section in the parade will be grouped into classes: Prizes will be given for different categories in the parade. Vigilante activities will be held July 22 and will last through July 31. The club expects much enthusiasm for the show this year and anticipates wide cooperation by people of Twin Falls.

The rodeo will be held July 30 and 31 and will start at 8 p.m. both nights. A gigantic fireworks display will follow the rodeo July 31. A ride-off event with six bucking Palominos and bucking ponies for the children

will be among the events. During the rodeo, feature attractions will be held.

Harold Prunty, Elko, Nev., will be stock producer for this year's rodeo. He is one of the outstanding rodeo producers in the West, having had good stock in the San Francisco Cow Palace and many other outstanding rodeos.

One of the feature attractions of the rodeo will be a golden Palomino named "Patfinder," which is owned by the Prunty Diamond & Rodeo Co.

This horse was purchased about 10 years ago from the Riddle Ranch, Riddle. It was a well-trained saddle horse that eventually went sour. It also is one of the six Palominos which will be used in the all Palomino final ride-off.

Three years ago the horse was chosen Horse of the Year by the International Rodeo Association. It also was chosen saddle bronc of the year at Reno, Nev., last weekend by the Nevada Cowboys Association.

The club is expected to have an outstanding queen contest this year. The queen will re-

ceive, as one of her prizes, a Circle-Y trophy saddle donated by the Twin Falls Band and Trust Co.

Beth Williams, 19 Caldwell, last year's Frontier Days queen, will reign as queen over the rodeo this year.

During Miss Williams' younger days, she and her sister led the Caldwell Junior Riding Club drill team for three years on their matched ponies.

In 1957, she was her first buckle as junior division champion of the Caldwell Junior Rodeo. She has added to her buckle collection with winnings in barrel racing, High School Rodeo Association and Idaho Girls' Rodeo Association.

Miss Williams was runner-up in the district and state high school rodeo as a freshman and went on to national high school rodeo where she tied for the fastest time in girls' breakaway calf roping.

Highlights of her competition include champion high school cowgirl for Idaho in 1962, 1959 junior barrel racing champion, 1961 senior barrel racing champion and 1963 tied-down calf roping champion of the Idaho Girls' Rodeo Association.

Jack Windsor, general chairman for the rodeo and all activities, Robert Harvey is president and Ivan Skinner is chairman of the parade-judging committee.

Her 1965 summer of barrel racing brought her third-place in the Idaho Cowgirls' Association, third place and rookie of the year in Oregon Barrel Racing Association and eighth in Utah Barrel Racing Association. She was graduated as valedictorian of her high school class and was winner of the Elks' Most Valuable Student Award for Idaho. She was also named most outstanding science student of her class.

She was a member of the high school drill team, performed in the opera and was active as a student council officer.

Miss Williams attended Whitman College for two years, where she was a cheerleader and also performed in a ballet role in the college operetta. She is now a scholarship student at Rice University, Houston, Tex.

Jack Windsor is general chairman for the rodeo and all activities, Robert Harvey is president and Ivan Skinner is

### Support of Savings Bond Sales Lauded

Sales of United States savings bonds in Idaho during 1965 totaled \$7,333,449. It was announced Thursday by James S. Kinneary, volunteer district bond chairman.

Kinneary said more than 60 per cent of total sales were made by citizens who regularly invest part of their wages in bond purchases.

By the end of the year, 1,515 new savors had been added to the 423 payroll savors already participating, he noted.

"Their support of the Bond program, more than at any time since the Korean conflict, is making a vital contribution to the strength and security of the nation," Kinneary said.

### Research Proves Heart Attacks More Prevalent Among Ambitious Men

SAN FRANCISCO (UPI)—Whether a man is a hustler or aggressive, ambitious "man on the go" is the fellow to watch for a heart attack, a massive research study disclosed.

A startling 85 per cent of heart victims in the 39-49 age brackets were men with a certain emotional complex, the study found. They were the ones who, before their attacks, had been tagged as having "excessive drive, aggressiveness and ambition... preoccupation with competitive activity; vocational deadlines and similar pressures."

The first large-scale effort to find out whether emotional makeup can signal danger to the heart was conducted by a team of doctors at Mount Zion Hospital here. The findings were published in the Journal of the American Medical Association.

The doctors concluded that

DWARF FRUIT TREES: Should the dwarf plant dwarf fruit trees or the standard kind? I think that a gardener should look into the dwarf trees. They are easier to plant and harvest, and they ordinarily come into bearing several years earlier than regular or "standard" trees.

Dwarf and semi-dwarf apple trees are made by grafting a piece of wood (twig) of the desired standard variety (such as McIntosh or Delicious) onto a rootstock known as Malling. Malling rootstocks are identified by use of Roman numerals. You can see listed in catalogs as EM (after East Malling Research Station in England) IX, VII, VI, V, IV, III, II, I. Your catalog lists a variety having an EM IX rootstock, then you know you have the same tree, but you have the trunk, or full dwarf. The same variety, grafted onto an EM VII rootstock, will be about 12 feet tall, or a semi-dwarf tree.

If the variety is grafted to an EM rootstock, the tree will grow about 12 feet tall, and if the variety is grown on a standard rootstock, it will be 20 or more feet high and you have a standard tree. In other words, by using different rootstocks, you can get dwarf trees to grow at various heights.

You can grow not only dwarf plants, but also dwarf peaches, apricots, dwarf plums and peaches, and they even have dwarfed blueberries.

BIRDS AGAIN: Several gardeners have written to tell me how they have had birds on their plants, which are possible, but not from the small birds. Most of them use a cage made of 1/2 inch wire mesh, and they clip the wires at several places. At several places the wires are clipped with pliers, and the opening is just large enough to prevent the larger birds from entering the cage.

Another suggestion is to make a bird screen of fine mesh and one for pigeons (and other big birds), each about 20 feet long. You can make a pigeon feeder and regular bird seed in the smaller feeder. Another suggestion is to use a chicken feed (containing some cracked corn) on the ground, to keep the birds from pecking at the feed. At several places the wires are clipped with pliers, and the opening is just large enough to prevent the larger birds from entering the cage.

POINSETTAS AGAIN: A reader writes: "Either you're wrong or I am. I've tried to keep the poinsettia in a bright window out direct sun, but in the middle of the winter my florist state to place it in a sunny window. My florist is very well known."

When you grow poinsettias will do better in a bright window, out of the rays of direct sun. However, on flowers, poinsettias are very hardy and disease-resistant. As with other plants, the more dense it becomes, the more dense it becomes.

Balewa Is Given Press Credit 'Good' By The Associated Press. "Balewa's Good." That's how even the opposition press referred to Nigeria's prime minister, Sir Abacha Tafawa Balewa, 54, the 41st premier of Africa's most populous nation, when he was elected to office on Jan. 11, 1966.

The tall, thin-faced Moslem minister, who has been in the news where few public figures are revered by the newspapers, probably the first in black Africa to be elected to office. Balewa became prime minister in 1962 largely because he was an unassuming figure with a skillful administrator's touch and was said to show promise of becoming black-Africa's leader.

FLYING EAGLE coin was first introduced in 1857. Many thousands were produced. Some collectors call them "white cents."

STRIKEROVER COINS from the United States mint are striking new. This strikerover coin is a dime. Superimposing of coins was practiced in the interests of economy.

# The Money Box

BY FRANK SCHELL

It is gratifying to get so much attention to our "strikerover" national Coin Week. By way of explanation - National Coin Week is sponsored by the American Numismatic Association.

Next question comes from a reader in Butte, Idaho. He writes: "The other day in looking through some things of my father's I came across a coin which I am wondering about. On one side it says United States of America, on the other one cent. The date (1857) has an eagle in flying position. The coin does not look like copper, but like silver. Is this an actual coin?"

Answer: It is an actual coin, and an old friend to most collectors of United States coins. Your coin is the first known "Flying Eagle" cent, well known to the small sized copper coinage of the United States. Prior to this time, the mint manufactured only large cents, but in 1856 the new pattern was introduced and in 1857 and 1858 many thousands of them were produced.

The peculiar silver appearance of the coin is due to the fact that about 12 per cent nickel was added to the copper in the Northern region. It is said to speak of these high-nickel cents as "white cents."

Several Cub Scout badges were awarded during Congregational Thursday night of Cub Scout Pack 168, sponsored by Our Savior Lutheran Church. Wolf badges were awarded to J. D. Roman, Frank Kelly and John McManis. Calvin Miller received a silver arrow and the H award.

# FROM THE BOTTOM OF THIRTY-ONE HEARTS . . .

# WE THANK YOU

Thank you for making 1965 the biggest year we've ever had!

Thank you for making Mercury Magic Valley's Number 1 car!

Thank you for making Theisen Motors one of the largest Lincoln-Mercury dealers in the entire Northwest in only 13 short but successful years. We feel this growth and success has been due to our creed of service. We like to prove that we really care about our customers . . . we put ourselves in our customer's shoes. We are dedicated to bending over backwards to please you . . . not only serving you in the gracious manner to which you have been accustomed at Theisen Motors, but with a little extra touch of hospitality as well.

## WHO CARES

ABOUT YOU AND YOUR CAR?

# WE DO!

You'll find more at Theisen Motors! Excellent, courteous service, sound automobile retailing, low local bank financing, cooperation from our front door to our service department exit. This is not to imply in any way that all Magic Valley auto dealers are not equally honest and fair dealing or that any of them would try to mislead you with false statements or advertising. All are conscientious businessmen. But we at Theisen Motors have a position to maintain as Magic Valley's No. 1 auto dealer so we pledge to try even harder to please you. 85% of our customers are repeat buyers of Theisen Motors! We believe in the old adage: "The louder he proclaimed his honesty, the faster I counted my silverware. So we won't go on about our integrity . . . we simply invite you to stop in and experience a new kind of thrill in dealing here.

Sincerely,

**EMMETT HARRISON**

BUT ALMOST  
AN UNEXPECT-  
ED GIFT!

ROPE IS  
A USEFUL TOOL,  
AND I HAVE  
NOT FORGOTTEN  
HOW TO USE  
IT!

CLICK!

UNLOCK  
THE DOOR!  
-IS TIME TO  
QUESTION  
THE  
SWINE!

TOMMYGUN, CELL  
KEYS AND CAR KEYS!  
I'LL BORROW THESE,  
COMRADES, AND LEAVE  
'EM AT THE BORDER!

ALWAYS YOU  
WILL BE MY HERO,

ALL THAT ARE  
BETWEEN US AND  
FREEDOM ARE  
NINE FIELDS,  
ELECTRIC FENCES  
AND BORDER  
PATROLS!

OBSTACLES OF  
NO CONSEQUENCE,  
MAYAM! LET'S  
BE GOING!

JUMP IN!

TURN! THE  
BORDER IS  
THAT WAY!

LATER,  
KITTEN! I  
GOTTA PICK UP  
MY LUGGAGE  
AT THE HOTEL!

Unaware  
that he
