## U.S. Senators Get Viet Nam Report From McNamara

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara has told senators the United States does not aim to hold up in its efforts to escalate the war by trying to crush Ho Chi Minh's regime in North Viet Nam. For those who worry the conflict may inch toward a nuclear showdown, McNamara said he can't conceive of the United States using nuclear weapons in South Viet Nam. McNamara's remarks were in previously censored testimony given early this month before the Senate Armed Services and Appropriations committees but made public today on the eve of Senate debate on Viet Nam.

He revealed a report, based on interrogation of Viet Cong and North Vietnamese prisoners, which concluded that stepped-up U.S. action on the ground and in the air had taken a toll of Viet Cong morale and combat effectiveness.

Nevertheless, McNamara said, the Communists continue their advance in the South and give evidence of plans for a further increase.

But he told the senators he was not prepared to say he will "get much worse before they get better."

The McNamara testimony was released as eight liberal House Democrats joined in a call for a military slowdown in Viet Nam, and admission of the first settlements to be pacified by U.S. Marines, last week.

The group recently set itself up as a special official commission to study the Viet Nam problem and conferred with a group of experts it described as "particularly qualified" to discuss the situation.

The conference was sponsored by Rep. Benjamin S. Rosenthal of New York, Charles C. Diggs Jr., of Michigan, Don Edwards of California, Leonard P. Bunt of New York, Donald M. Fraser of Minnesota, Robert W. Kastenmeier and Henry Reubin Brown of Wisconsin, and William F. Ryan of New York.

"There are diplomatic alternatives, not yet fully explored, to continued military escalation of the war in Viet Nam," the committee said. "Continued bombing of North Viet Nam is not in the American interest either in shortening the war or in improving prospects for a negotiated settlement. There should be no further escalation of American troop commitment."

## Freeman Says U.S. to Boost Rice Crops

SAIGON, South Viet Nam (AP)—Secretary of Agriculture Orville L. Freeman said today U.S. rice farmers will increase their acreage so they can ship more South Viet Nam as much of its staple food as it needs.

"We do not propose to let the Viet Cong or the speculators dominate the rice situation in Viet Nam," Freeman said at the end of a five-day visit. "We will bring in enough rice to see that this is true."

He said President Johnson already has authorized an increase in the U.S. rice acreage to provide enough to meet demand.

The secretary said he found South Viet Nam's agricultural "much more advanced than he had expected. He stressed that fertilizer is just as important as bullets in the war effort."

## Stricken

BOISE (AP)—State Sen. Fred Glenn, D-Adams, suffered a heart attack today and was taken to a hospital in Boise.

Sen. William J. Dee, D-Idaho, the majority leader, said that Glenn's condition was serious and he was expected to return to the Legislature during its special session which began Monday.

## Viet Cong Assassinate Village Chief

DA-NANG, Viet Nam (AP)—The village chief of Le My, one of the first settlements to be pacified by U.S. Marines, last week, was assassinated today.

Informal sources said two Viet Cong armed with submachine guns fired on the chief, named Thong, while he was attending a Buddhist festival in a hamlet a mile from Le My. The Viet Cong just north of Da Nang, is the showcase of the Marines' civil action program. Almost all government officials and dignitaries who visit Da Nang are given a tour of Le My.

## George Fry Is Named as T. F. Ranger

George B. Fry has been named the new Twin Falls ranger, Supervisor P. M. Rees of the Southwest National Forest, announced Tuesday.

Fry replaces Ned D. Millard who recently retired. He comes from Heber, Utah, where he was active in civic and youth groups. He served as first vice president of the Lions Club, was on the school board, and was on the board of directors of both the Wataich Chamber of Commerce and the School for Retarded Children.

During World War II, Fry served in the 8th Air Force from January 1942 to October 1945 in both the U.S. and England. After the Korean War, he served with the Strategic Air Command from August 1950 to August 1951 in England.

Fry's career with the Forest Service started in December 1951 on the Boise National Forest, where he served on the Gardner Valley Ranger District. In August 1954, he moved to the Baker Ranger District, Nevada National Forest, where he was ranger.

In May 1955, he transferred to the Spence Ranger District, Targhee National Forest, where he again served as district ranger. In September 1959, he moved to the Heber Ranger District, Uinta National Forest, as the district ranger.

HOLDING GIFTS for Twin Falls servicemen in Viet Nam are, from left, Mrs. L. James Koutlik, Mrs. John Christofferson and Mrs. Kelly Kelley, all members of the Petticoat Pollys. The group is collecting toilet articles, paperback books and other small items servicemen find hard to get in Viet Nam.

The group will pack the items and ship them to Viet Nam, and welcomes any contributions. A donation box is located at the Chamber of Commerce. Further information on the project may be obtained by telephoning 733-9486. (Times-News photo)

## Meeting Held Here By Church Women

The annual meeting and training session of South Idaho United Church Women began Monday at the First Methodist Church at Twin Falls. The two-day meet included the board of managers meeting, lunch for board members, registration, literature browsing, meditation, a potluck dinner, training sessions, panel discussions, luncheon at the Y.W.C.A. Tuesday, a dinner and ski program, and a closing symposium entitled "Involvement in the World."

## Restrictions Eased On Cable Television

WASHINGTON (AP)—The Federal Communications Commission assumed control today of the growing Community Antenna Television (CATV), or cable television industry. But it eased one of the toughest restrictions under which some CATV systems have had to operate. It said the systems must avoid duplicating the programs of local television stations only on the day those programs are carried by the local stations.

## Contract Crop Group Elects Officers Here

Representatives of six counties elected Louis Reink, Twin Falls, to serve as permanent chairman of a Magic Valley Contract Crops Committee Monday at a meeting in Twin Falls.

Others on the committee are Charles Harris, Twin Falls, vice chairman; Cliff Iverson, Gooding, secretary; and Don Atkinson, Hazelton, treasurer. The committee was organized to help growers and processors in the Magic Valley area. The committee will have a number of programs from the community antenna over coaxial cable into the home.

## Allied Operation Kills 88 Viet Cong

SAIGON, South Viet Nam (AP)—U.S. air cavalrymen killed 88 Viet Cong today in Operation Eagle's Claw, swiftness the known enemy dead in widespread Allied strikes over the last 36 hours to 498. Air and artillery bombardments are estimated to have added 150 others in two sectors, on the central coast and in the Mekong Delta. Most of the action centered around Bong Son, 300 miles northeast of Saigon. This is the base of big maneuvers by American, South Vietnamese and South Korean troops now reported to have occurred for 1,683 communist dead since Jan. 25.

The 3rd Brigade of the U.S. 1st Air Cavalry Division struck the Viet Cong today in valley 12 miles southwest of Bong Son. A dispatch from the scene said casualties of the Americans were extremely light. Troops securing the area reported finding 100 bodies, victims of 12 passes Monday by two U.S. A-1H fighter-bombers which caught the Viet Cong in the open and hit them with rockets, bombs and cannon fire.

## Rupert Pair Held up by Bad Weather

Mr. and Mrs. Dean Valentine, who landed safely at an isolated Panajito Indian village after bad weather interrupted their flight to Mexico City last Wednesday, still are in Phoenix.

Valentine telephoned his mother, Mrs. C. H. Valentine, Rupert, Monday afternoon, and his wife would not try to catch up with the rest of an air group headed by Capt. Moulton, Idaho aeronautics lieutenant. They are staying with Valentine's cousin, Clair Titus, former Rupert resident, now living in Phoenix.

Deen said they would stay in Phoenix until the weather cleared. His mother reported, adding she told him the weather also was bad here Monday.

The 17-year-old industry serves about 6.6 million persons in two million homes—about 1 percent of the nation's television viewers.

The FCC said, its new one-day rule, which will apply to all systems, "will give the CATV subscribers access in network programs on the same day they are presented by the network."

Although the commission formally adopted the rules, Congress and the courts may have to decide whether it has the authority to enforce them.

Reactions of spokesmen for the local television industry varied markedly, if expected, following the Federal Communications Commission's reversal of its controversial "15-day non-duplication policy."

The policy reversal is generally considered a victory for the community antenna CATV systems, which have protested vigorously the old restrictive ruling prohibiting duplication of programs within 15 days of broadcast by local television stations.

## First Plan Presented In Session

BOISE (AP)—The first Idaho reapportionment plan was introduced in special session today and at least four others were understood to be in the works. Introduced in the House was a plan that would divide the state into subdistricts, each having one state senator.

## Crews Work On Roads In Buhl Area

Highway crews worked throughout Monday night to get roads open in the west end of Twin Falls county. School was closed in Castleford, but Buhl classes were in full operation.

Buhl school officials said some of the buses were not able to complete their routes because of the students unable to get to school by different routes.

Most of the county roads in the Buhl area are in poor condition, with the Clover and Castleford communities the hardest hit.

High winds Tuesday were cancelling efforts of the highway crews and it was reported drifting on streets in Buhl. All side streets in Buhl are snow covered and extremely slick.

The wind also was blowing in Burley but there was not enough snow to cause much drifting. Roads made in the area are now covered.

## Humphrey Speaks At Pakistan Stop

KARACHI, Pakistan (AP)—Vice President Hubert H. Humphrey arrived in Pakistan today with a promise that the United States will push its so far unsuccessful offensive to bring peace through negotiation to Viet Nam. Humphrey flew 2,300 miles from Bangkok to Karachi after pledging bigger U.S. military aid to Thailand's fight to cope with increasing Communist infiltration. A Karachi newspaper said Humphrey told an audience: "My government has been and continues to be engaged in a most searching and intensive effort to bring about an honorable peace in Southeast Asia."

## County Fund Of \$2,826,912 Is Approved

A 1966 county budget of \$2,826,912 was approved Monday morning by the Twin Falls County Commission.

This figure is \$30,560 less than the figure set for the tentative budget, but the commissioners had thought Monday morning that \$3,000 would be trimmed from the budget. The figure was raised this figure by \$1,560 before signing the final budget.

The largest reduction is in the county's 1966 operating budget of \$4,000, and County Clerk Harold Lancaster said that this was because of the 20-20-40 bill, had a great effect on the county's budget. The last legislature will make a 20 percent assessed valuation from a state-wide basis by 1970.

## House Member From Texas Dies

WASHINGTON (AP)—Rep. Albert Thomas, 67, veteran Democratic congressman from Texas, died today.

A native of Nacogdoches, Texas, and a resident of Houston, Thomas had been a member of the House of Representatives for 15 two-year terms beginning with the 75th Congress of 1937.

Death was attributed to cancer, from which Thomas had long suffered. He died at a Washington home.

Thomas was graduate of Rice University, and held a law degree from the University of Texas. He was a World War I veteran.

Both Grange and Glassman noted the current deletions will be continued until the ruling becomes effective, which is expected to be about April 1.

As a result of the commission's ruling, the public complaint session-Monday.

## 23 Dead After Train Derailment

RANGON, Burma (AP)—The toll in the derailment of a passenger train 370 miles north of Rangoon, Burma, rose today to 23 dead and 30 critically injured, according to reports, reaching 23 dead.

The passenger train was traveling at full speed just out of Shwepyithar when it ran off the rails. Funds were sent to crash into a deep valley.

It was Burma's second rail disaster in 10 weeks.

## Government Hopes to Ease Poverty in Rural Sections

WASHINGTON (AP) — The government hopes to begin a new kind of federal attack on poverty this year. The target is rural America. The initial effort will be to help the poorest of the poor.

The vehicle for the new government program is the Rural Community Development Service, a planning agency authorized last year. President Johnson has asked Congress for \$5 million to give the agency the go-ahead to begin operations in all 50 states.

The service's main goal is to set up hundreds of rural planning districts and provide the incentive for them to tackle the immediate — and future — problems in their areas on a local level.

Rural America has long withstood the government's antipoverty programs. Statistics show that its poverty rate is nearly twice that of the rest of the nation.

ment's concern for the future of rural America has been the inability of small rural areas to help themselves to the funds available from the Office of Economic Opportunity, the administration's antipoverty agency.

The OEO's community action program has distributed less than 16 per cent of its funds to rural areas. Spokesmen said one reason is the lack of federal funds.

But Lewis said today in an interview the proposed program would go far beyond battling poverty.

"For one thing, we want to attract new industry," he said. "We're organizing a nationwide campaign to encourage businesses with expansion plans to locate in rural areas and to provide jobs for young people in rural areas without much training."

Lewis said some studies indicate as few as 1 of 10 farm boys can expect to make a living on the farm.

# ISAAC NEWTON DISCOVERS MERCURY!

"If Sir Isaac had had a car like this, he would have been too busy having fun to discover gravity," says Delaware insurance executive.

Isaac B. Newton, 52, of Milford, Del., didn't believe such a car existed before he drove the new Mercury Park Lane.

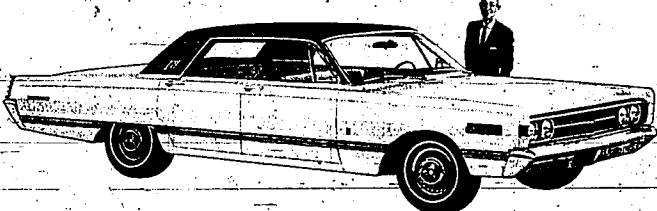

About the 6-way adjustable front seat, he said: "I'm 6'2", my wife's 5'6". With this seat there's no trouble fitting it to each of us."

About the power steering, he said: "Drives with such little effort and so stable on the road!"

## Here are more things Isaac discovered...

- Mercury's silk-on-satin ride—the way Mercury drives is unique, smooth, substantial, hushed.
- Pull power choice—ranging up to the Super Mustang's 428 cu. in. V-8 with 4-barrel carburetor. Three transmission choices: 3- and 4-speed manual, and the butter-smooth Multi-Drive Merc-O-Matic.
- 17 models to choose from—in 4 distinguished series, the Park Lane, Montclair, Monterey and S-55. Plus the Colony Park and the Commuter station wagons.
- 7-position tilt steering wheel—with power steering and automatic transmission.
- Many standard safety features—including backup lights, emergency flashers, padded dash and visor, 4 seat belts.

## Labor Heads Gather for Annual Meet

MIAMI BEACH, Fla. (AP)—Labor leaders began gathering today for their annual session in the sun, but seemed more in a mood to get heated up over grievances with the Johnson administration and Congress.

"Our boys are more than a little burned up," said a spokesman for the AFL-CIO Construction and Building Trades Department, opening a series of meetings of the 13-million member labor federation.

The construction unions are angry over being singled out by the Johnson administration for "excessive" wage hikes and a proposal by Secretary of Labor W. Willard Wirtz for compulsory contract settlements.

Wirtz is scheduled to address the labor leaders next week and a source close to AFL-CIO President George Meany quoted Meany as saying, "I don't know what kind of reception he's going to get, but it's going to be rough."

The federation's Maritime Trade Department, meeting later this week, is ready to sound off against government policies which union leaders claim will cripple the U.S. Merchant Marine.

At the main show, the AFL-CIO executive council starting next Monday, leaders reportedly will denounce increasing White House pressure to hold down wage demands as a curb against inflation.

## New Dance

WASHINGTON (AP)—The 1920s had the Charleston and the '40s the fox trot and now comes "The Johnson Jump."

Killer Joe Fire, the host of the discoteque set, demonstrated it Monday at a Heart Association benefit luncheon attended by about 1,000 women—including Mrs. Lyndon B. Johnson.

"The Johnson Jump" is a combination of the old Lindy Hop, the Salsa Q and a few modern steps: Fire and his partner Nancy Montez ran through a rendition.

Mrs. Johnson, the guest of honor as national honorary Heart Sunday chairman, joined in the applause and laughter—but didn't try out the dance motions.

## MANY MAY MOVE

WASHINGTON (AP)—Government assistance in relocating the unemployed, plus a job of fer and effective placement could induce many unemployed to move to locations where jobs are available, a congressional report says.

## 5-Year-Old Starts at Top As Major

LANING, Mich. (AP) — A bouncy 5-year-old, who is fighting leukemia, is the newest trainee in a fighting man's unit, and he's starting at the top as a major.

He's Dickie Weber of Lansing, a blue-eyed, crew-cut blond who was awarded a major's gold oak leaf by the 4th Howitzer Battalion of the U.S. Army Reserve's 20th Artillery.

Dickie has worn his own Army uniform for more than a year. During that time he and doctors at University of Michigan hospitals have waged a grueling battle against his blood disease.

Effects of the disease are spreading throughout his active body as doctors rotate drugs to find a cure.

Dr. C. Samuel Hansel, a Boy Scout friend of Dickie's dad, Richard Weber, learned about Dickie's redoubt Army interest and mentioned it last week to the 4th Howitzer Battalion commander, Maj. Charles Bragg. It was Bragg's idea to have the unit "adopt" Dickie.

Dickie was dressed in his uniform two hours before his first drill last Saturday.

At Sunday's closing formation, nearly 300 officers and men of the unit heard orders granting Dickie his major's commission.

"I don't get kisses anymore," observed his father. "Majors don't kiss their dinks. It has to be a salute or handshake."

Next month the reserve unit will give blood in Dickie's name. He receives personal letters and blood transfusions — sometimes under emergency conditions.

"He accepts the medication and the shots," says his mother. "Now he'll even tell the nurse which finger he's pricked with."

Hospitalized several times last spring and summer, Dickie is tough now to put in a day at kindergarten.

Major Dickie jumps into a Jeep or gives snappy salutes to his new Army buddies.

His mother says, "If you didn't know most of the time you wouldn't guess anything was wrong."

## Snow, Cold Hit Western Parts of U.S.

By The Associated Press

Wintry weather, with snow and cold, hit areas from the Rocky Mountain region into the Midwest today, ending a spell of unseasonably mild temperatures in some sections.

Coldwave warnings were posted for Montana and the Continental Divide and temperatures dropped to below zero from Minnesota to Missouri.

Chilly weather extended eastward to the Appalachians.

Snow fell in the Rockies, across South Dakota to the Great Lakes region and in the upper Ohio-Valley. Two inches of snow in a six-hour period gave Salt Lake City, Utah, a total of nine inches on the ground.

The mercury dipped to 25 below zero at International Falls, Minn., and 26 below at Williston, N.D. The cold air was expected to move across the upper Mississippi Valley eastward into New England.

Snow fell Monday from southern Illinois to western parts of Pennsylvania and New York State.

Gregory Charged For Fishing

OLYMPIA, Wash. (AP) — Negro comedian Dick Gregory charged with illegal fishing, said Monday night he will surrender to law enforcement officials Tuesday morning in Seattle, Wash.

A warrant for his arrest was issued to Thurston County Superior Court after Gregory went fishing with three Indians in the Nisqually River in a continuation of what Gregory says is an effort to focus attention on the Indians' fight with the state over fishing rights.

Gregory was charged with two counts of fishing illegally with nets Monday and Feb. 6. He netted one fish Monday.

## Distributing Milk to Youngsters in the Buhl Kindergarten

sponsored by federal funds is Mrs. Harold Atkins, instructor. Milk is provided youngsters for both morning and afternoon classes. Receiving the milk is Tammy Anderson, while

Basic instruction is provided in readiness for mathematics, reading and writing, as well as an enriched program in the area of language arts, including rhythms and art. Certified teachers, Mrs. Harold Atkins and Mrs. Bernard Hopwood, instruct the classes.

Many benefits are derived from this program as it identifies early the child who is going to need extra help in learning, the child who is too immature for the first grade and may need an extended kindergarten program. It also identifies the child with physical or emotional difficulties and those in need of social adjustment, the teacher's eye.

The teacher evaluates and observes the child. This, along with a health record retained by the school nurse and texts recorded at the beginning and close to the semester, is kept on permanent file. With these findings school administrators can appraise the youngster and advise the parents of problems that may exist and work toward possible solutions.

Many problems which couldn't be recognized until too late in the first grade can now be realized and corrected with this new program. Rex Engleking, superintendent of Buhl public schools, said. He expressed the desire to see that every preschool child either attends a public or private school program in readiness.

This program is only effective for this school semester. An application will have to be re-submitted to the U.S. Office of Education, Washington, D.C., through the Idaho State Department of Education for the fall term.

In addition to the readiness classes, the federal funds have been utilized to expand the school program in other areas. A full-time nurse has been employed, as well as an element

ary school librarian and two teachers' aides.

A special education class and a transition room have been instituted. The latter provides special training for those children who need strengthening after a first grade level prior to entering the second grade.

Mrs. Sara Fowler, social studies consultant for the State Department of Education, in a recent visit to the Buhl School system, commended the readiness program and highly praised Engleking and elementary school administrators, Lee Popplewell and Mrs. Lucille Hever.

Curriculum director, for having the initiative and foresight in establishing such a course.

She stated much effort and planning went into setting up such a program and it is not only an advantage to the school system but to the community as well.

"If this program is a success, perhaps it will serve as an incentive for other community and school districts to follow," Mrs. Fowler asserted.

## Race Plaques Presented to Cub Scouts

Awards were presented to the Pinewood Derby winners during a recent meeting of Cub Scout Pack 63, reports Cleo

## Marine Air Group 36 Lifts Troops, Supplies to Front

JOHNSON CITY, South Viet Nam (AP) — You won't find it on a map but a wooden sign attached to a makeshift control tower from the man who got him. You lower says:

Johnson City International. Elevation 40 feet. MAG 36 is Marine Air Group 36, a bunch of helicopter pilots.

They face an 800-foot climb to lift troops and supplies to the front lines and to evacuate the wounded. They take part in every other mission.

Johnson City became a reality when thousands of Marine infantrymen made an amphibious assault south of Quang Ngai City and established a beachhead off the South China Sea in support of Operation Double Eagle.

Johnson City actually is the headquarters for the task force but the hub of activity is a strip of sand 3,600 feet long and 1,000 feet wide. That's where 78 helicopters supporting the operation work from — blowing up a sand storm when they take off or land.

The strip of sand is named after Col. William G. Johnson, 45, commander of MAG 36. During the first week of its operation, 21 helicopters were hit by enemy ground fire, Johnson said.

"We've had two shot down and we've recovered them both," he added. "We had no men seriously wounded. I've been very lucky."

A typical example of the perils the helicopter faces is a mission involving Capt. Russell Randall, 27, of San Francisco, his crew chief, Sgt. Marvin N. Treadway of Evanston, Wyo., and the machine gunner, Cpl. Graden M. Thompson of Waycross, Ga.

"We saw a man get hit on our approach to the landing zone to rescue some troops," Randall recalled. "We knew the zone was under fire before we started in. We were about 30 feet from the man who got hit. You could see him lying there."

"I pointed him out to the crew chief and asked him if he could get him back to the aircraft. Treadway and Thompson went out to him under fire and determined a stretcher would be needed. Thompson came back for the stretcher while Treadway administered first aid."

"They crawled back with the stretcher between them. Rounds were hitting around the aircraft, but none hit it."

The pilots and crew members put in long hours, starting at dawn and finishing up well after dark. During the first 11 days of Operation Double Eagle, they flew 335 missions and 7,634 sorties. They carried 9,832 troops and 384 tons of cargo.

## Concentrated Fish Powder Is Developed

WASHINGTON (AP) — A newly developed protein-rich powdered fish concentrate is described by the National Academy of Sciences as "Safe, nutritious, wholesome and fit for human consumption."

It's also tasteless, colorless and odorless and the academy has recommended that 3,000 tons be produced by the U.S. Fish and Wildlife Service, the Bureau of Commercial Fisheries, for nutritional studies.

Development of the concentrate was announced by Secretary of the Interior Stewart L. Udall. He said the product converts an edible fish-bone into a powder that contains 80 percent protein plus nutritionally valuable minerals.

Udall said the product — a dietary supplement — could be used to correct nutritional deficiencies among two-thirds of the world's population.

## Get Flag

GAINESSVILLE, Fla. (AP) — Students at the University of Florida were presented a captured flag of the Viet Cong Monday night at the conclusion of "Operation Appreciation."

Second Lt. Edward Spinalo, Venice, Calif., presented the flag that he and his unit captured during fighting in South Viet Nam one year ago. Spinalo is one of four young combat officers honored in the campus event last weekend.

The four Army men made brief remarks at a mass rally in the university auditorium. About 10 demonstrators handed out leaflets protesting the war in Viet Nam before and during their talks.

## Sportsman Program to Have Thrills

"ABC - TV's 'The American Sportsman' ranges from Africa to South Carolina to capture the thrills of an African Cape buffalo hunt, trout fishing and rabbit shooting, Sunday, 2 p.m., MST, channel 2, KBOI and channel 11, KMTV.

The program is hosted by Curt Gowdy and is the fifth in an 11-part color series on the world of hunting and fishing. Joe Foss, commissioner of the American Football League, hunts Cape buffalo in the Narok District and plains country of Kenya, Africa, with professional hunter Bill Ryan. Their quarry is a jungle beast weighing almost 3,000 pounds that has been held accountable for the deaths of at least two villagers.

ABC cameras will spot this rogue buffalo, which has been earmarked for destruction by Narok game warden Lynn Temple-Bornham, feeding on jungle grass. Near him is another buffalo, and in the background, a giraffe. The hunters move through the brush, being careful not to come in view of the giraffe. Then Foss sights his rifle and fires. As the rogue falls, the second buffalo charges.

In another African setting, "The American Sportsman" takes a brief look at the luxury of safari campfire.

The scene then shifts to remote Lake General Paz near the Argentine - Chile border where Joe Brown, noted outdoor writer and one of the world's best-known light-tackle fishermen, fishes for the giant Eastern brook trout.

The lake is only 1,500 miles from Antarctica, and the winds are so severe that children attend school in the summer when they are generally snowed in.

Brooks teams with series host Curt Gowdy in a fishing contest against two of Argentina's best anglers.

The pine tree country of South Carolina is another "American Sportsman" locale. Here, Larry Craig, a former pro football player for the Green Bay Packers, and a neighborhood youngster participate in a rabbit shoot.

Roose Arledge is executive producer of "The American Sportsman." The producer - director of the African segments is Fred Gaddette, and Francis Carter Wolf is production supervisor for trout fishing. Lee Wulff is producer of the rabbit shooting segment. Lorrie Hassan is coordinating producer and Justin Morgan production manager of "The American Sportsman."

## Baron Involved With Jewel Thief

John Banner is surrounded by sparkling glamour — of the female and gem variety — when he becomes involved with a jewel thief on "The Baron" in color, Thursday, Feb. 17.

In "Something For a Rainy Day," Banner is contacted by the aged and spiritually broken Mark Seldon, a convicted jewel thief, who asks The Baron to act as intermediary in returning the jewels for the reward.

The Baron and Seldon's beautiful daughter, Jean, feel that Seldon has paid for his crime and deserves the insurance company's reward. However, there are two other parties interested in the gem.

Steve Forrest stars as The Baron.

CAROL CHANNING stars in "An Evening With Carol Channing, or How You Can Watch Television Without Being Pinged In," color special to be presented Friday, Feb. 18 (8:30-9:30 p.m. EST) on the CBS Television Network. Joining Mrs. Channing on the broadcast are guest stars David McCallum and George Burns.

## Star Never Will Forget One Letter

Carol Channing was discussing an m-m-b with guest stars, David McCallum and George Burns, during the taping of her first special for General Foods, "An Evening With Carol Channing," which airs on CBS Friday.

All three have kept the mail-men quite busy, but the "Hello, Dolly!" star revealed there is one letter in particular she will never forget.

It was from a New Jersey resident (Dorothy Gordon, 122 Wade St., Jersey City), who wrote that a disturbed youth set fire to five homes, including hers. Aroused by thick clouds of smoke seeping into her second-floor bedroom, the writer jumped out of bed.

She had to leave behind all her clothes and valuables. Clad only in pajamas and an old housecoat, she groped her way down the dark, smoke-filled stairway, kept by step.

"It wasn't until I was safely out in the pure air," continued the letter, "that I realized I was humming, 'Hello, Dolly!' every step of the way."

## Guest Stars for "Fugitive" Listed

Laura Devon guests as Penelope Dufour, whom motel odd-job man Richard Kimble tutors in self-improvement, and Paul Richards as bookie Eddie Slade, the man she wants to marry, on "The Fugitive" (ABC, 10-11, PST).

In "The Chinese Sunset," Officer Fred Braglin, who is posing as a motel guest, keeps Slade under surveillance, decides to cultivate Kimble's friendship because he is close to Slade's girlfriend. Braglin is bothered because Kimble has too much class for the job he holds.

## Bing Crosby Plays Host To Son Gary

Bing Crosby plays host to his eldest son, Gary, his singing partner, Rosemary Clooney, Edgar Bergen, comic Henry Youngman and other talented chums on the colorcast of "The Hollywood Palace" Feb. 19 (ABC, 9:30-10:30 p.m., PST). This show replaces the program lineup previously announced for this date.

Rosemary is programmed for a blues medley, and she'll join Bing, Gary, Henry and Edgar in a rendition of "Hear That Band," "Molly Muddle," "Poor People of Paris" and "New Vienna Woods." Bing's opening song selection are "Just the Way You Are" and "Stay as Sweet as You Are," and Gary solos "Who Can I Turn To?"

Gary turns comedian for a sketch with his dad and Henry to show them how he has mastered the old saw. Edgar Bergen shows off his skill as a portrait painter for Bing and a

## Bobby Sherman Sets Appearance

# Plans Set for Stocking Falcons; CBS Pays \$2 Million for Game Rights

**PALM BEACH, Fla. (AP)** — The National Football League set up a plan for stocking its new Atlanta franchise Monday and the formula was received with enthusiasm by Falcons officials. The NFL owners unanimously approved the selection plan which will enable the Falcons to choose their players from each of the 14 teams that operated in 1965, after a 5 1/2 hour afternoon session at the league's winter meeting.

## Ralston, Ashe Vie For No.1 Ranking

**SALISBURY, Md. (AP)** — Dennis Ralston and Arthur Ashe open their battle for the No. 1 position in American tennis Tuesday, facing foreign opponents in the first round of the National Indoor Tennis Championship. The tournament, continuing through next Sunday's No. 1 and No. 2 players, who are expected to fight it out for the Wimbledon and U.S. crown this year and the top spot on the Davis Cup team.

Ralston, from Bakersfield, Calif., is currently ranked No. 1 last year's record, which includes five straight triumphs over Ashe — but the slender Negro-British player is launching his American campaign on an impetus of a successful run in Australia.

Both Ralston and Ashe have engaged in indoor tune-ups but they regard this one — the National — as the big money test.

The top-seeded Ralston faces Boris Yovanovitch, Yugoslavian, in his first match and the second-seeded Ashe goes against India's young Jaideep Mukherjee.

All seeded players, domestic and foreign, play Tuesday in the 12-hour program, starting in the Civic Center at 12 noon.

Charles Pasarell, the young Puerto Rican who is No. 3 in the domestic list and who beat Ashe in the Philadelphia Sunday, plays against the young Jaideep Mukherjee.

Manuel Santana of Spain, winner of the U.S. Open last year, and top-seeded in the foreign group, makes his tournament debut against Dick Dell of Bethesda, Md.

Jan-Erik Lundquist of Sweden, who defeated Ralston for the title last year, takes his No. 2 seed against Bill Tjrum of U.S.A. — U.S. Open runner-up.

David Power of Fort Collins, Colo., and Rafael Osuna of Mexico, who played in the U.S. Open last year, take their No. 3 and No. 4 seeds.

## Judge Denies Delay for Braves Trial

**MILWAUKEE, Wis. (AP)** — Circuit Judge Elmer W. Rorer refused Monday night to delay the trial of the Milwaukee Braves' antitrust suit against the National League.

The judge said the trial must begin as scheduled on Feb. 23.

"I see nothing now or different in anything today than what was presented heretofore," the judge said in rejecting the Braves' plea that the trial be delayed until July 1.

"Baseball attorneys argued that a trial date two weeks from Monday's hearing would give the Braves' attorneys time to prepare their defense. Wisconsin has charged the Braves and the league violated state antitrust laws by abandoning Milwaukee as a major league city."

The judge reserved decision on a defense motion that he limit the trial to one day. The Braves are seeking an injunction to force the league to place a baseball team in Milwaukee this year.

The Braves, who are now scheduled to open the 1966 season in Atlanta, are seeking an injunction to force the league to place a baseball team in Milwaukee this year.

## Indoor Vault Record Goes Into Books

**LOS ANGELES (AP)** — A world record of 16 feet, 10 inches by pole-vaulter John Pennel went into the record book today, falling into an upset finish in the featured two-mile run as an aftermath of the Los Angeles Times Indoor Games.

Many of the world famous track and field athletes headed to the next big event on the winter indoor circuit, the New York Athletic Club meet Saturday night in Madison Square Garden.

Pennel supplied the world record last Saturday night before 14,777 fans when he belted his own indoor mark of 16:9 1/2, made here last Jan. 22.

Pennel still hopes to become the first indoor vaulting champion in 1967, just as he was the first to achieve the height outdoors.

"I feel that 17 feet is not far off for me indoors," said Pennel, adding, "I am shooting for 17 1/2 outdoors this summer."

Pennel, representing the Southern California Striders, failed in three attempts at 17 1/2. Bill Buttle, the slope, shouldered 31-year-old distance runner from New Zealand, was the surprise winner in the featured two-mile race.

He put on an unexpected burst of speed in the final three laps to win the race in 8:37.4, Clarke's 8:38.4 and Keino got in at 8:40.7.

TO COACH EAST SAN FRANCISCO (AP) — Dan Daugherty of Michigan State will act as head coach of the East squad in the 42nd annual East-West Shrine football game at Kear Stadium on Dec. 31.

# Kentucky Reigns Unchallenged as Top Cage Team

Kentucky's unbeaten and virtually untested Wildcats reign all but unchallenged as the nation's No. 1 college basketball team in the latest Associated Press rankings. In one of the strongest showings ever in the weekly poll, Kentucky was placed first on 40 of the 42 ballots Monday by a nationwide panel, and received one second and one fourth. The two other first-place votes went to St. Joseph's of Pennsylvania, No. 2, and unranked Dayton.

## Buhl Hosts Junior High Cage Tourney

Buhl-O'Leary Junior High School divided its players into two teams Monday night and the A team joined Glenn Ferry and Filler in the semifinals of the Buhl Junior High School basketball tournament.

The split of O'Leary came after Carleton failed to show up because of heavy snow in the area. The A team dropped Robert Stuart 44-23 behind McClain's 18 points. Wells had 10 for the Joes.

Glenn Ferry was paced by South with 11 and Carpenter with 10. A 41-23 victory over Buhl-Anderson had eight for the host team.

Flair advanced after Ramsey scored 14 points for 18-17 over the O'Leary B team. The single elimination consolation tournament will resume Tuesday for the Joes.

Robert Stuart vs. O'Leary B and Glenn Ferry vs. O'Leary A. There will be no games Wednesday and the finals will be held Thursday.

## EIC Scoring Race Is Far From Settled

Idaho Falls wrapped up the Eastern Idaho Conference title last Saturday, but the scoring race was still on between the Spartans, Boyd and Minico's Rich Nielson.

The two are separated only by six tenths of a point with Boyd on top with 48.3 points per game average. Nielson led 23 points in the Spartans' 65-49 victory over Burley Saturday to tie his career high.

Boyd scored 21 against Burley Friday to remain in the lead. Boyd has one game left while Nielson has two more chances to overtake him.

The Tigers got unexpected help in clinching the title when Bonneville won second place Madison over the weekend. With one game remaining the Spartans are 9-0 and while Madison now is 6-2.

**EIC Standings**

Team	W	L	Pct
Idaho Falls	10	0	.100
Boyd	9	1	.900
Bonneville	8	2	.800
Madison	6	2	.750
Burley	5	3	.625

## Linfield Nips Coyotes 75-69 In Loop Play

CALDWELL (AP) — Linfield College turned back College of Idaho 75-69 in a Northwest Conference Basketball game Monday night despite a 29-point outburst by Talt Jackson.

Jackson's performance, tops for the night, broke the all-time conference scoring record in the Linfield building. It was formerly held by R. C. Owens.

College of Idaho took a quick lead until Linfield's Ed Griffin tied the score at 54-44 with 10:03 left in the second half.

Griffin and teammate John Lee each connected for 20 points to pace Linfield's attack. A late rally in the second coupled with a strong defense prevented the Coyotes from taking the lead again.

Jackson scored seven field goals in the first half but Griffin held him to four after intermission.

## Rice Loses 27th in Row, But Coach Retains Humor

HOUSTON, Tex. (AP) — The Rice University basketball team has lost 27 straight games — currently the longest losing streak in the nation — but Coach George Carlisle still has his sense of humor.

"The other day," Carlisle said, "one of the kids got out his old high school scrapbook and thumbed through it. He wanted to see what it was like to win a few."

Carlisle has tried everything to break the funk. "I've tried giving them a pep talk. I've tried not talking to them. I've jugged the line-up. We've done everything to the point of being silly."

On the day of a game the trainer doesn't let for the players to put sour cream on their beard positions.

"So before one game, I let them load up on sour cream,"

LAYING CHIP SHOT in close on the 16th green to salvage his par is Dudley Wysong of Casper, Wyo., en route to winning the \$50,000 Phoenix Open golf tournament Monday.

Wysong, who pocketed \$10,000, was six strokes behind leader Gardner Dickinson Jr. at the start of the final round, but caught him on the 16th and went ahead with another on the 17th. He carded a 68 for the day. (AP wirephoto)

## Wysong Fires 66 to Take Phoenix Open

PHOENIX, Ariz. (AP) — Dudley Wysong, a spunky 26-year-old from Casper, Wyo., caught ailing Gardner Dickinson Jr. on the back nine with brilliant five-under-par 66 Monday to capture first place in the \$50,000 Phoenix Open Golf Tournament. Wysong, who started the day six strokes off the pace, gained four strokes on Dickinson on the front nine with a two-under par 34.

He caught Dickinson with a birdie on the 14th hole and went ahead when he dropped in a 30-foot birdie putt on 17. He wrapped it up with a 12-foot birdie putt on 18.

Wysong had rounds of 73-69, 70-66 — 278 on the 6,755-yard Phoenix Country Club course.

Dickinson dropped a three-foot putt for a bird on 18 and captured undisputed second place with a 72 and 278. Gene Littler, who shot 70, was alone in third at 280.

In the singles scratch event, Dick Hill of Pocatello took over first place with a 681.

Hill also took over the all-events lead with a total of 1,845 plus. Lee Popplewell of Buhl had the handicap best of 10.

In the doubles handicap Ray Miles and O. K. Jones, both of Ripley, posted a 1,314.

In the 18-hole event, handikap Ken Young & Co. of Idaho Falls played over first place with a score of 1,314.

The new team scratch leader is Harrison Jewers of Pocatello with 1,387.

Remaining in first place in the singles handicap division were first-week leaders William Strean and Corlie Hammer, both of Idaho Falls 714.

Holding their first place in the scratch division were the scratch division winners, Keith Anderson of Arco, 1,185.

The tournament is two weeks old and scheduled to run through April 10.

**Friars Slip Paul**

CHICAGO (AP) — All-American candidate Jim Walker scored 31 points Monday night and led the Friars to a 75-69 victory over De Paul.

The triumph was the 18th against two defeats for the Friars while De Paul suffered its fifth loss in 20 games. Walker, who had been averaging 25.8 per game, brought Providence back from the brink of defeat in the final two minutes and put his team ahead on a three-point play, 51-48.

The Rice problem may be just a little more painful to Owl football fans because across from the high-scoring University of Houston, Cougars have won 12 straight for a 1-14 record.

Carlisle, a successful, high school coach, spent one year as Rice freshman coach and took the head coaching job three years ago succeeding the late John Frankie.

## Chamberlain Sets All-Time NBA Point Mark, 76ers Win 149-123

CHARLESTON, W.Va. (AP) — Wilt Chamberlain, second only to Boston's Bill Russell, added another milestone to his legendary National Basketball Association career Monday night with a 41-point performance to set an all-time scoring record in Philadelphia's 149-123 victory over Detroit.

The 7-foot-1 pivot man brought his career scoring record to 20,884, four better than the now retired Bob Pettit of the St. Louis Hawks. Chamberlain is now in his seventh year in the NBA.

Wilt left the ball game with one minute left as the estimated 5,000 fans cheered. Throughout the first half, it looked as though the fans were in for a disappointment as Wilt was content to act as a playmaker and scored 10 points.

But he warmed up to the task after the intermission, and in the last five minutes really went after the all-time record.

Along the line, Wilt became the No. 2 man in career rebounding, again eclipsing Pettit. When he grabbed his fourth rebound early in the game, Chamberlain sent his career mark to 10,477.

Philadelphia won in a runaway, Hal Greer scored 22 points, the 76ers in front at 84, and Philadelphia just pulled away from there. It was 35-26 at the end of the first and 70-51 at half time.

It was then that Wilt seemed to go after the record, and he and Greer paced Philadelphia to a 110-78 margin at the end of the third period.

Wilt entered the fourth quarter with 22 points, and the crowd seemed to sense the record was in sight. Wilt and Greer paced Philadelphia to a record 149-123 victory, the biggest margin in the history of the Philadelphia attack while pivot man Ray Scott scored 21.

The victory also moved Philadelphia one-half game closer to the lead in the Eastern Division, and the 76ers now trail the Boston Celtics by 1/2 game.

**23RD SIGNS**

ST. PAUL, MINNEAPOLIS (AP) — The Minnesota Twins announced Monday the signing of pitchers Dave Boswell and Stu Pletsch to contracts, bringing to 23 the number of the American League champions under contract.
