## War Fund Bill Gets Senate OK

WASHINGTON (AP) — The Senate overwhelmingly passed today a \$13.1-billion appropriation bill, most of which will go to finance the war in Viet Nam.

The roll-call vote was 87-2. The "No" votes were cast by Sens. Wayne Morse, D-Ore., and Ernest Gruening, D-Alaska.

Although the bulk of the funds will be used to provide more manpower, weapons and bases, the bill includes \$415 million in economic aid, \$2.75 million of it for South Viet Nam and the remainder for other trouble spots in Asia and Latin America.

The measure was passed by the House a week ago by a 389-7 vote, but it must go back there for action on Senate amendments limiting the secretary of defense's authority to transfer funds in support of South Vietnamese and other Allied forces.

The bill covers supplemental funds for the current fiscal year ending June 30.

The action came after a warning that Americans may show their frustrations at the polls if the Communists are not forced to the peace table soon.

The blunt election-year warning came Monday from Sen. Richard B. Russell, chairman of the Armed Services Committee and one of President Johnson's strongest supporters on Capitol Hill.

Declaring that "the American people will not tolerate indefinitely the kind of war we are waging there," Russell urged harder blows at the North Vietnamese, including the closing of the port of Haiphong.

Russell indicated he had expressed these views to President Johnson. The Georgia Democrat said he saw little danger of the Chinese marching into the conflict "as long as we do not land forces near the China border." In any case, he said, "we will be compelled to take a calculated risk to bring this war to a close."

Russell gave his views as the Senate opened debate on the \$13.1-billion supplemental appropriation with Sen. Joseph S. Clark, D-Pa., urging the United States to end the war by negotiating with the Viet Cong.

The appropriation bill was sought by President Johnson to provide U.S. forces with a bigger arsenal of men, money and firepower to carry on operations in Southeast Asia.

Senate leaders had hoped to complete action on the measure Monday but put off a vote until today after Clark urged that more time was needed for speeches.

## Bulletin

BOISE (AP) — Gov. Robert E. Smylie signed into law today a bill reappointing the Idaho Legislature into a Senate of 35 members and a House of 70 representatives.

The governor, immediately after the signing, petitioned U. S. District Court to uphold constitutionality of the plan.

The 35-70 plan, sponsored by Rep. Walter Little, R-Payette, was passed during the third special legislative session which adjourned last week.

## Girls Unable to Reach Home Because of Drifts

FAIRFIELD—A tale of students unable to reach their home southwest of Fairfield Monday because of drifting roads denied the fact it was spring according to the calendar.

Three daughters of Mr. and Mrs. E. F. Wilson, who live five miles southwest of here, spent the night at the home of Frank DeShon, conservation officer, after his attempts to drive them home resulted in his Jeep becoming stalled.

Sheriff Paul Cox, who was following DeShon in a county car, also became stalled. The two men spent one and one-half hours digging out the sheriff's car. The girls notified their parents from the DeShon home that they were safe. Helen Wilson is a high school student and Mae and Sonya are in grade school.

Fairfield received three to four inches of snow Monday morning, but the wind continued drifting the snow throughout the day. County and state crews worked all day Monday trying to keep roads open and buses were able to make their rounds.

Tuesday the wind had stopped and it was cold and clear with all roads reported open.

## Opinions Voiced on Parking Elimination

The Twin Falls City Commission placed an ordinance eliminating parking along Addison Avenue West on first reading during a meeting Monday evening at which four business operators voiced their opinions on the proposal. E. W. Kopp, operator of the Cove, 496 Addison Ave. W., said during the summer months tourists frequently visit his establishment and they park on the street in front of the firm. He said he has three parking spaces in front of the firm and that the turnover of parking there is great during the tourist season.

He added he receives a large amount of revenue from people who use the three parking places.

The city commission had an ordinance drawn up for elimination of parking along Addison Avenue West after considering a request from the newly-formed City Highway Commission, which in turn considered a report by the state highway department.

The report noted the extremely high incidence of rear-end and sideswiping-type accidents resulting from a dividing median only four feet wide, which does not provide harbor for vehicles preparing to make left-hand turns into businesses.

The state highway department recommends the median should be widened to 14 feet and lanes of 14 and 13 feet be provided — the additional space being taken from the space currently provided for parking.

Mrs. Roy Grubb, operator of the Cape Cod Motel, 482 Addison Ave. W., said the cause of most accidents along Addison Avenue west was from speeding rather than from parking.

She told the commission that tourists sometimes park on the street to inquire about a room, instead of driving onto the motel's property.

Ernest Martin, owner of Carrier Motel, 130 Addison Avenue West, said about 90 per cent of inquiries about rooms are from people who park on the street in front of the motel.

Martin also stated most of the accidents are caused by speeding and not by the parking along the street.

H. L. (Herb) Derrick, city manager, and Egon Kroll, chairman of the city commission, explained that it was not the parking that was creating the traffic problem, but of not enough room for the control of the street.

LOS ANGELES (AP) — Lloyd Hand, former U.S. Chief of Protocol, said today he'll seek the Democratic nomination for California lieutenant governor.

## School District Plans Budget Of \$2.74 Million; Board to Seek Museum Planning Grant

Twin Falls School District 411 trustees Monday gave preliminary approval to a \$2,745,529 budget for the coming school year and agreed to seek \$30,000 federal planning grant to precede any application for federal funds to expand the Herrett Arts and Science Center. The board postponed action on a proposed "Operation Head Start" kindergarten program. The \$2.74 million budgeted for the 1966-67 school year is slightly higher than the \$2.61 million budgeted for the current year, of which \$2.42 million actually was spent.

The budget, which will be considered at a public hearing April 4 before final action by the trustees, calls for a reduction in the mill levy from 43 to 42 mills.

The reduction stems from a reduction in the bond redemption levy from 11 to 10 mills. The general fund calls for 30 mills, and the plant facilities fund 2 mills.

According to Supt. Ernest Ragland, the mill levy is contingent on the effect of the 20-20-40 law on the district's assessed valuation, now listed at \$22,329,439. Should the assessment be increased because of the law, a proportionate reduction in the tax levy must be made to avoid over-taxing.

The board, facing an April 4 deadline for application for a grant under the PACE program in the elementary and Secondary Education Act of 1965, agreed to take the first step for the likely expansion of the Herrett Arts and Science Center.

The trustees directed Ragland to make application for a federal planning grant which would enable the district to obtain a professional appraisal of the possibility of incorporating a vastly expanded Herrett Arts and Science Center into the educational programs offered by the local district.

School District lawyer Tim Robertson advised the trustees that the planning project is best undertaken without ties to the Herrett center.

Such a planning program would permit the school trustees to consider alternatives to affiliating with the museum and planetarium, including, he said, "bringing in an astronaut to speak to and meet with students or set up a series of guest lectures — only a few of the many possibilities outlined under the PACE program."

The trustees generally agreed that the application for the planning grant entails no specific commitment to the Herrett center.

After considerable discussion with representatives of the Twin Falls museum, the trustees expressed agreement that any incorporation of the center would require a separation of the Herrett jewelry business and the school.

## CSI Board Plans Bond Election Soon

College of Southern Idaho trustees Monday night revealed they are hoping to hold a bond election before end of the current term, May 15.

The trustees announced their selection of Cushing-Terrill Associates, Billings, Mont., with instructions that the work should be completed, if possible, in time to hold a bond election to finance the project before May 15.

Dr. James Taylor, CSI president, reported Tuesday morning that Edward Jones, representing the planning firm, will arrive in Twin Falls Wednesday to discuss the planning company's role in the development of the campus, and to determine whether the college timetable can be met.

The Cushing-Terrill Associates were among four groups of planners who earlier met with college trustees to present their ideas for future campus development.

The planners will help determine what facilities will be needed on the campus and indicate the approximate cost of these facilities — necessary before approaching voters with a district bond proposal.

Taylor noted that the college now has more than 700 students enrolled, which leads the trustees to anticipate a much larger enrollment for the college's second year.

The board was reminded that a University of Idaho accreditation team will visit CSI March 23.

## Alpinist Falls in Mt. Eiger Climb

KLEINE SCHEIDEGG, Switzerland (AP) — One of the alpinists scaling the mile-high north face of Mt. Eiger fell more than 3,000 feet to his death today.

He was not immediately identified.

The final assault on the peak was being made by a combined German and British-U.S. team.

## Mystery

ALBION — Who made the large redwood sign and left it at the entrance of Magic Valley Christian College?

Donald Neilson, president, said Tuesday the sign, which has a picture of a panther on it, is "very nice and we'd like to know who to thank for it."

The sign appeared sometime Sunday night. It is made of heavy redwood with red and black letters. The panther, nicknamed for the college's athletic teams, is painted in black.

## Contract Is Accepted by Beet Growers

Members of the Twin Falls Beet Growers Association, meeting Monday at the American Legion Hall with directors of the association, decided to accept the 1966 contract offered by the Amalgamated Sugar Co.

The contract was accepted after two hours of discussion. Terms of the 1966 contract are essentially the same as the 1965 contract.

It also was voted during the meeting to start negotiations with the sugar company for the 1967 contract. Officials noted they will notify the company that they expect the contract to be offered and accepted by Sept. 20 of this year.

Members were of the opinion they should not wait until spring of 1967 to begin negotiations on a contract as they did this year.

In the 1966 contract the association had asked for 30 cents more per ton than they had received for the 1965 contract. Officers reported during the meeting the company officials had refused to grant the 30 cent increase and had refused to negotiate such an increase.

The Boise-Nyssa beet growers last week had accepted the lower contract.

## 100 Are Missing After Boat Sinks

DACCA, East Pakistan (AP) — About 100 passengers were reported missing after a motor launch caught fire and sank Sunday night in the Meghna River 12 miles from Dacca.

Another 100 persons on board were rescued.

One of the survivors said he was asleep when the fire broke out and was awakened by the screams of the passengers. "There was a mad rush all around and people began jumping into the river," he said.

## Choices Named for Atom Smasher Site

WASHINGTON (AP) — The government narrowed today its search for a site for a \$375-million atom-smasher, the world's largest. The National Academy of Sciences, after appraisal of 85 proposed sites, recommended further study of sites at: Ann Arbor, Mich.; Brookhaven National Laboratory, N.Y.; Madison, Wis.; the Sierra foothills near Sacramento, Calif.; South Barrington or Denver, Colo. As to the first five sites, the selection committee said they all have "either the nucleus of a strong accelerator design group or one of the nation's outstanding universities nearby."

## Smylie Sees Bright Side In Selections

Denver, the report said, "has neither the university strength nearby nor the existing design group that is considered desirable." But it said the combined advantages of geology, accessibility, good climate and an area readily available large enough to accommodate any conceivable experiment or expansion are such as to make the Denver site merit serious consideration.

The recommendation is not binding on either the Atomic Energy Commission, which would operate the 200-billion-electron-volt particle accelerator, or Congress, which has not yet authorized the new atomic research laboratory.

The reduced list goes to the Atomic Energy Commission for the final site selection.

At one time more than 200 applicants were in the running. In discussing each of the sites recommended today, the academy's report made these points:

Ann Arbor — A chief attraction is its proximity to the University of Michigan, a major school with strength in the physical, engineering and mathematical sciences. The Detroit Metropolitan Airport, about 35 minutes driving time away, has frequent direct flights to other major metropolitan centers. Large lakes in the vicinity moderate the climate.

Brookhaven — The shape of the 6,000-acre site is satisfactory. The laboratory already existing is an AEC facility at which an extensive program in high-energy physics now is being carried out. It is accessible to New York City and Northeastern universities. The climate is moderated by the ocean. Adequate power can be obtained from the Long Island Lighting Co.

Denver — Considerable excavation would be required in the rolling terrain, but the material could be removed cheaply. The University of Colorado and University of Denver could provide See ATOM, pg. 2, col. 4

## Retail Price Of Milk Goes Up in Valley

The retail price of milk rose Monday and Tuesday by two cents a quart, to 24 cents, as a result of price increases by Magic Valley creameries.

According to Nille Casten, sales manager for Ida Gem Dairymen, Inc., Jerome, the two-cent increase will be distributed among the dairymen, stores and creameries, with about half of the increase going to the dairymen, and a quarter to both stores and creameries.

He said the move was necessitated by increased costs, including five increases in labor costs since the last milk price rise in 1961.

He termed the move a response to "an industry need for survival."

## County Group Plans Fight Against Sales Tax Repeal

The Twin Falls County section of the Forward Idaho Committee met Monday night with representatives of local organizations and interested persons Tuesday noon to begin preliminary efforts to avoid repeal of the sales tax.

William Grange told the group of about 20 persons there is no alternative to retaining the sales tax other than first upping property taxes and then income taxes.

He distributed a kit containing materials about effects of the tax. He noted the impact of the tax in reducing both property and income taxes in many areas of the state.

Carl Irwin, former Republican state senator from Twin Falls County, discussed the history of sales-tax legislation in the Idaho legislature.

Lauterbach, chairman of the Twin Falls County chapter of the committee. ## Korean Fighting Forces Are Backed By "Dove Units" to Aid Vietnamese

QUI NHON, South Viet Nam (AP) — The 22,000 Koreans in Viet Nam are helping to win the war by spending as much time helping the Vietnamese as they do shooting Viet Cong.

The bulk of the Korean outfit are tough army regulars and seasoned marines who are the largest foreign fighting force in Viet Nam after the Americans. Backing them up are the "dove units" — construction gangs building roads — and schools and medical teams giving aid to civilians as well as soldiers.

Stationed at Qui Nhon, a central Viet Nam port on the South China Sea, is South Korea's famed Tiger Division which has chalked up a notable battle record since it landed here last fall.

"We have trained for the weather and the climate of Viet Nam and we have learned the Viet Cong tactics," said Maj. Gen. Myung Shin-cha, commander of Korean forces in Viet Nam.

Capt. Kwon Joon-taek, a member of the Tiger Division, said his men were especially trained in night fighting, at which the Communist have long excelled.

"The Viet Cong are good, but we are better," he said.

## Plan for Vice President's House May Be Hampered

WASHINGTON (AP) — A nonwar project that could be delayed until the Viet Nam war's drain on the Treasury slows down.

This goes far beyond even "butler" at a time when this nation also has to provide "guns." The 11 Republican committee members said in a joint statement.

They said there was no justification for spending the money when the administration has proposed cuts in the school milk program, military housing and educational programs.

The Democratic majority on the Public Works Committee said construction of a residence for the vice president is "long overdue" because of "the accelerating burden upon the office of the vice president."

Congress has been toying with the idea of a "little White House" for almost 50 years. In the past, several prominent citizens have offered to donate mansions in Washington as an official residence for the vice president.

The Senate last year passed a bill to set up a commission to study the whole subject.

But this is not the time, Ford said, to spend money on any

## Canterbury Archbishop Attends Meet

ROME (AP) — The Anglican Archbishop of Canterbury, who left London amid cries of "Traitor," was cheered today on his arrival here for a Christian unity meeting with Pope Paul VI.

Dr. Michael Ramsey arrived by plane on the first official visit by a head of the Anglican Church to the Vatican since the schism of 1534.

The archbishop and the Pope will discuss Christian unity in a meeting Wednesday at the Vatican, and on the following day will pray together and exchange an embrace of peace.

Five militant anti-Catholics shouted "you traitor" as the archbishop prepared to leave for Rome from the London airport. The demonstrators — four clergymen and a Belfast city councillor — boarded the plane with the archbishop to carry their protest to Rome. They had led a demonstration against the visit outside the archbishop's Lambeth Palace last Friday.

The five demonstrators began shouting as the archbishop stood on the front steps to the plane waiting to a group of newsmen. Police escorted them quickly to the back steps of the plane and after questioning them for awhile allowed them to board it. They kept shouting.

Four were ministers representing the British Council of the International Council of Christian Churches, a mainly fundamentalist body with headquarters in Evanston, Ill.

The five were the Rev. Ian Paisley, moderator of the Free Presbyterian Church of Northern Ireland, who picketed the Vatican at the opening of the Ecumenical Council; the Rev. John Wylie, another Free Presbyterian minister; the Rev. Jack Glass, a Baptist from Glasgow; the Rev. Robert Hood, an Anglican vicar in North London; and James McCarroll of the Belfast City Council.

## Champion Bridge Teams Compete

Championship teams of four duplicate bridge played Monday night in the American Legion Hall.

Mrs. H. M. Proctor, Donald Lusk, Mrs. E. H. Adkins and Mrs. J. C. McMillin were first; Mrs. W. C. Kays, Mrs. A. P. Russell, Mrs. H. C. Hall and Mrs. C. P. Otto, second; and Mr. and Mrs. R. W. Wood, Mr. and Mrs. G. M. Wolf, Mr. and Mrs. L. L. Saunders and Mr. and Mrs. H. E. Warnke tied for third.

The third phase of the Korean mission in Viet Nam is at Vung Tau, about 50 miles south of Saigon, where a hospital has been set up in a rambling French colonial building.

"We feel that medicine is better than bullets to win over the Vietnamese people," said Col. Song Ik-hoon, commander of the 1st Korean Mobile Army Surgical Unit. "In medicine there is no boundary."

At the evacuation hospital 27 doctors and 33 nurses staff an establishment that includes an air-conditioned operating room, X-ray section, laboratory and buildings equipped with 400 beds.

Civilians as well as military personnel are treated.

The most important part of our civil aid program is the treatment of the people themselves," said Brig. Gen. Cho Moon-whan, who set up the Korean installation at Di An.

"Touching an infant, giving candy to a young boy, showing respect for the aged — these things mean more than a million dollars in a foreign aid program."

When the Vietnamese first ventured into the Koreans' medical clinics, many were distrustful and unfriendly.

"Now, however, we have gained their friendship and trust," Cho said.

## Masterpoint Is Played by Club

Winners are reported for the Monday Afternoon Bridge Club which met at the Episcopal Church for masterpoint play.

North and south winners were Mrs. K. E. Kail and Mrs. Roy Frizzelle, first; Mrs. R. R. Williams and Mrs. J. W. Brown, second; Mrs. A. C. Victor and Mrs. T. T. Greenhalgh, third; and Mrs. M. G. Bloem and Mrs. G. J. Jansen, fourth.

East and west winners include Mrs. V. R. Teasley and Mrs. H. L. Standlee, first; Mrs. L. R. Dunken and Mrs. O. H. Weinrich, second; Mrs. M. Stasny and Mrs. M. Konicek, third; and Mrs. W. J. King and Mrs. M. B. Hibe, fourth.

**PROBATE JUDGE Zoe Ann Shaub, second from left, and Judge O. P. Duvall, third from left, shake hands after Judge Shaub was reinstated as chairman of the Salvation Army**

## Zoe Ann Shaub Reinstalled As Salvation Army Leader

Probate Judge Zoe Ann Shaub was reinstated as chairman of the Twin Falls advisory board of the Salvation Army during a dinner meeting Monday night.

Installing Judge Shaub was a former probate judge, O. P. Duvall, who was an original member of the advisory board and a lifetime member of that group.

The occasion for the dinner meeting at the YM-YWCA building was the annual report of the Salvation Army.

Special speaker was Rev. R. Lewis Graham, chaplain at the Idaho State Penitentiary. He said the Salvation Army has been helpful at the prison by helping parolees reentering society. He said the Salvation Army helps in job referrals and transportation for those just out of prison.

The Salvation Army, on the local level, aids families of inmates in the penitentiary.

Attending the meeting from Boise was Salvation Army Maj. Marie Anderson, who is with the Booth Memorial Hospital there. The hospital is a home for unwed mothers and is one of the many throughout the United States run by the Salvation Army.

Last year more than 16,000 unwed mothers were aided by the Salvation Army.

A report of activities for 1965 was given, including financial statements, services, rendered, programs under sponsorship of the organization and operation of the Thrift Store.

Other officers of the advisory board are George Hartley, vice chairman; Mrs. Alda Strong, secretary, and Howard Burkhardt, treasurer.

## Heyburn Lions Club Has Charter Night Ceremony

HEYBURN — Faren Faler, Twin Falls, international counselor of the Lion's club, told new charter members of the Heyburn Lion's club Saturday night the organization was founded on the prospect of service and that because of this membership each should not expect self gain, but self satisfaction.

He said the self satisfaction will come by knowing that "we are making this a better world to live in."

Faler was keynote speaker during the charter night of the Heyburn club which was held at the Ponderosa Inn. He presented an inside picture of what he termed "the fastest growing service organization in the world, with over 20,000 clubs in 132 countries."

He explained the meaning of LIONS to represent, "liberty, intelligence and our nation's safety." He said a Lion must love his fellowman, be willing to give his time and energy, to help the less fortunate, to help a child to see and help the handicapped.

The club charter and membership pins were presented by C. E. (Edd) Bossard, Twin Falls, district governor, with Ned Warner, club president, accepting the charter.

## Emerson LDS Ward Chapel Is Dedicated

**EMERSON** — In dedicating the new Emerson LDS ward chapel Sunday morning, Elder Alvin R. Dyer, assistant to the Council of 12 Apostles of the LDS Church Salt Lake City, said, "The Kingdom of God is not in a building—but in your heart."

He stressed the need of following the home evening program to keep a sound family unity, and urged the parents to honor the priesthood and attend their meetings so the family unit can benefit from the program.

In reference to world conflict and crime, he noted that the problem of today is not political or social, but is spiritual.

"The answer cannot come can alone but must come from relation with God."

The elder concluded his remarks with the dedicatory prayer on the \$294,258.49 building which recently was constructed and paid for through special projects, cash donation and one-half of the cost provided by the LDS church tithing funds.

Bishop Clifton May, who was presiding during the time the building was constructed, paid special tribute to those who assisted with the building project.

He said they had exhausted all efforts to purchase a small amount of land for the building site because none of the area farmers wanted to break up their farms. He expressed gratitude for J. A. Bauer, Paul businessman who sold them the needed property which is located near Highway 25 four and one-half miles west of Paul.

Remarks were given by Bishop Alton Haslam and Rodney Hansen, Minidoka LDS Stake president. The invocation was by Bishop Lenz Hunt, and Albert Hyrum Morgan gave the benediction.

Arlene Short sang a solo accompanied by Susanne Haslam, who also played meditation music on the organ.

The Emerson ward choir sang two numbers under the direction of Howard Corless and Miss Haslam.

Special guests included Reed Holist, building supervisor; Bishop May, Keith Merrill and Verl Green, members of the former, bishopric; President Hansen, Jay Merrill and Earl Griffin, members of the Minidoka LDS stake presidency, and Elder Dyer.

Members of the Emerson ward bishopric include Alton Haslam, bishop, and Derald Green and Clyde Harper, both counselors.

## WOMAN KILLED

**COEUR D'ALENE, Idaho** (AP) — Mrs. Doris Ann Call, 47, of Missoula, Mont., was killed Monday afternoon in a car-truck collision on the slush-covered highway through Fourth of July Canyon, east of here.

State police said Mrs. Call was in a car driven by her son when it fishtailed on a curve, crossed into the oncoming lane and struck the left front dual of a semi-truck.

She died outright.

The son, Stephen A. Zimmerman, suffered minor injuries, according to police.

Clearwater Valley High of Kootenai was second.

In the women's division, Prairie High of Cottonwood was first and Lakeland second.

## ENDORSE TAX

**MOSCOW** (AP) — Moscow Chamber of Commerce President Wilmer Cox, announced Monday that his organization has strongly endorsed a positive vote to retain the Idaho state sales tax during the referendum vote in November.

Cox reported that the Moscow chamber feels that retention of the sales tax is a necessity for sound fiscal responsibility in state financial affairs.

The Moscow Chamber of Commerce is concerned for the continuation of financing the departments of state government, he said.

"We believe it is imperative that the citizens of the state realize the chaos that would come from the financial gap if the sales tax is defeated during a non-legislative period."

## JURY CHOSEN

**POCATELLO** (AP) — A jury was chosen in U. S. District court Monday to try a \$300,000 suit for flood damage filed by several Bancroft residents against the Union Pacific Railroad.

The suit alleges that a passing track and a dike built by the railroad caused water to back up in Bancroft and cause considerable property damage. The suit said the damage occurred in February and March of 1962 and January of 1963.

The railroad maintains the floods were an "Act of God" and "Union Pacific is not liable." The trial begins Monday to determine liability only.

## PLAN FAIR

**BLACKFOOT** (AP) — Fair planning is not underway later than usual this year, but the Southeastern Idaho Fair Board anticipates all will be in readiness for the fair by Sept. 13, starting date.

The board met this weekend with other livestock superintendents, Bingham County Extension Service, grounds supervisor, and captain of the fairground police.

The planning meeting was called to iron out problems of other years, to plan the 1966 fair, to decide on judges for the livestock entries.

## SECTION HAND KILLED

**POCATELLO** (AP) — A railroad section hand, Keith A. Henderson, was killed about noon Monday when he was run over by a switching engine in the Union Pacific Railroad yards here.

Police said Henderson, 40, of the Whitman Hotel, was cleaning switches when the accident happened. The engine had stopped to wait for a switch to be opened. It started up again and had gone only a short distance when it struck Henderson.

The man was dragged several feet under the wheels and was badly mangled. Bannock County Coroner Burton John said the cause of death was apparently decapitation.

## MILL BURNS

**SANTA** (AP) — Damage was estimated at between \$350,000 and \$400,000 from a fire that destroyed the Tyson Creek stud mill Sunday morning west of this panhandle lumbering town.

W. B. Harvey, vice president of the mill, made the estimate. He said there are no definite plans to rebuild.

Investigators said the fire's cause may never be known.

## GO TO POLLS

**IDAHO FALLS** (AP) — Voters went to the polls here today to decide whether a \$2.3 million bond issue should be approved for a new high school — and where it should be built.

School officials say the second high school is needed in the city because the existing school is overcrowded and high freshman enrollment is expected next year.

Whether to put the school on the west side of the Snake River or in the southeast section was put on the ballot when controversy developed between residents on the location.

## FREEDOM DENIED

**POCATELLO** (AP) — John Dee Larsen, convicted of the knife slaying of a Pocatello girl in 1962, has been denied freedom on bail while waiting for the State Supreme Court to hear his appeal.

The Supreme Court is scheduled to review Larsen's conviction April 13—nearly four years to the day after the slaying of Vicki Jo Quinn, 16, on April 15, 1962.

Larsen's attorney, John R. Black, sought bail on grounds of illegal evidence — unrecorded statements made to sheriff's officers — was introduced at Larsen's trial and on grounds the appeal hearing was unduly delayed.

## SUIT FILED

**BOISE** (AP) — A \$130,500 suit was filed against the Union Pacific Railroad in U. S. District Court Monday by a Pocatello worker who said he was maimed in an accident while working for the railroad in Pocatello.

William E. Davis said he was pinned by a 300-pound timber that slipped while he and other workers were loading a truck in the Union Pacific yards at Pocatello.

## DOCTOR APPOINTED

**BOISE** (AP) — Appointment of Dr. John W. Wurster of Pocatello to the Idaho Commission on Alcoholism was announced Monday by Gov. Robert E. Smylie.

Dr. Wurster will fill the vacancy created by the death of Mrs. Marguerite Campbell. Smylie said Wurster's term will end next July 1.

## Congressman Is Robbed in His Office

**WASHINGTON** (AP) — A masked bandit attacked Rep. James C. Cleveland in his Capitol Hill office Monday night and robbed him of \$40. The congressman suffered a minor cut during a struggle with the knife-wielding intruder.

Police said Cleveland, a New Hampshire Republican, was working alone in his fifth-floor office suite in the Longworth House Office Building across the street from the Capitol when the robber burst in, threatened him with a knife and took the money.

In an interview a few hours later, Cleveland said, "I feel all right now."

The congressman, 45, was given a tetanus shot at nearby Casualty Hospital for a minor cut on his left arm. No stitches were required, a hospital spokesman said.

What happened was this, Powell said.

Cleveland had just completed some paper work in his inner office and picked up a folder to leave on a secretary's desk in his outer office. The doors to both the inner and outer rooms of the suite were open.

At about 11:20 p.m. he was surprised by a young Negro wearing a handkerchief over his face and carrying a knife. The man threatened the congressman, told him he was desperate and demanded money. There was a scuffle and Cleveland was stabbed.

Cleveland then removed his wallet and gave the man \$40. Before leaving, the assailant asked whether there was any money in the office safe. Cleveland told him no and the robber left.

Cleveland was treated at the hospital and later returned to his office with police.

## GM President Apologizes to Senate Unit

**WASHINGTON** (AP) — The president of General Motors, James M. Roche, apologized to a Senate committee today for any responsibility the auto firm had in the alleged private-eye harassment of a critic of automobile safety.

Roche told the committee: "While there can be no disagreement over General Motors' legal right to ascertain necessary facts preparatory to litigation, I am not here to excuse, condone or justify in any way our investigating" Ralph Nader, an attorney and author of the book "Unsafe at Any Speed."

Roche said he had been surprised to learn that GM was investigating Nader. "I have made every effort to obtain all the facts since learning about this two weeks ago," he said.

Roche said to the best of his knowledge the "investigation" initiated by GM, contrary to some speculation, did not employ girls as sex-lures, did not employ detectives giving false names, did not employ Allied Investigations, Inc., did not use recording devices during interviews, did not follow Mr. Nader in Iowa and Pennsylvania, did not have him under surveillance during the day he testified before this subcommittee, did not follow him in any private place and did not constantly ring his private telephone number late at night with false statements or anonymous warnings.

Roche said the investigation by GM was started last November, before Nader's book had been published and before he was scheduled to appear before the Senate Government Operations subcommittee.

Roche was invited to appear before the subcommittee by its chairman, Sen. Abraham Ribicoff, D-Conn., who has been conducting hearings on road safety and the government's role in it. After Nader testified before the subcommittee there were reports that he was being harassed by private detectives.

Roche said that as of Nov. 1 of last year GM was a defendant in more than 100 law suits involving some \$40 million in damage claims relating to the design of its Corvair cars of the 1960 through 1961 models.

Nader has been particularly critical of the Corvair's safety design. Roche said GM was worried by what he called "the harsh attack" on the automobile outside the courtroom.

## Annual Event

**COVENTRY, R.I.** (AP) — William B. Longridge has made his annual report to police. Burglars have raided his sporting goods shop for the 24th time in 23 years.

Police said the thieves used a ladder to gain entrance to the second story. The intruders then ripped up floor boards to get to the first floor where they took nine guns valued at \$600.

## Court Okays Apportioning For Nevada

**LAS VEGAS, Nev.** (AP) — Two gambling centers have wrested control from country cattlemen in reapportionment of one of the nation's least constitutionally representative legislatures.

The centers — Las Vegas and Reno — won the power to choose half of Nevada's lawmakers Monday as U. S. District Court approved the state's 1965 legislative reapportionment act.

Nevada was a major violator of the U. S. Supreme Court's one-man, one-vote doctrine. Before reapportionment, four per cent of Nevada's voters theoretically could have controlled its legislature.

Las Vegas, home of half the state's population, was the biggest loser. Its 500,000 residents were represented by a single senator.

That gave Las Vegas residents about 1,000 the representation enjoyed by Storey County's 568 residents, also entitled to one senator.

Rural areas viewed their domination of the legislature as a checks-and-balances system that served the state well.

"I think under our... (old) system, Las Vegas... (was) treated very fairly by the remainder of the state," said Lt. Gov. Paul Laxalt, Senate president.

But judges said that "Nevada's malapportioned... legislature... after much 'travel, frustration, boredom, clowning, hard work, hot anger, honest compromise, barely concealed self-interest, enlightened statesmanship and even tears'... has given birth to a plan which this court cannot say is constitutionally impermissible."

## Finland Led By Social Democrats

**HELSINKI, Finland** (AP) — The Social Democrats will be the largest party in the new Finnish Parliament, almost complete election results showed Monday night. Extensive maneuvering to form a coalition government now is expected.

The Social Democrats won a total of 54 seats, a gain of 16. The formerly dominant Agrarian party dropped to third place. The Communists remained the second-strongest party with 47 seats, the same as before.

There has been no response from the Social Democrats so far to a Communist invitation to join in a popular front, but observers expect the new government to be at least tinged with Red.

Up to now, all parties have supported a policy of neutrality between East and West.

## Bellevue PTA Slates Dinner

**BELLEVUE** — To raise funds to pay for an asphalt surface on the play area around the Bellevue grade school building the PTA will hold a public spaghetti dinner Sunday.

The meal will be served from 2 to 6 p.m. All students are selling tickets. A gift project will be held in hopes the entire amount needed may be raised and the work done this spring.

## Abortions by California Doctors Are Investigated

**LOS ANGELES** (AP) — A which Dr. McNulty spoke, later told newsmen: "The State Board of Medical Examiners is appointed by the governor. It is not a group elected by the State Medical Association and does not necessarily represent the association's views."

"It is to be hoped that the board would be of help in finding solutions to problems that the majority of physicians can agree with, but this is not always the case."

The exchange reflected a growing dispute among California's 22,000 physicians over proposals to liberalize abortion laws.

The conflict is expected to break into the open Wednesday, when the CMA's House of Delegates votes on resolutions asking the association to back what they describe as "more realistic and human abortion laws."

One resolution offered by the Marin County Medical Society urges that abortion be made legal (1) if the mother has a serious physical or mental ailment, (2) if she can be shown to be morally or mentally incompetent to rear a child, (3) if the pregnancy resulted from rape or incest, (4) if the mother is unmarried and under 16 or (5) if there is a risk the baby will be malformed.

"This is hypocrisy," Dr. McNulty said. "If the law is wrong, it is up to the people to change it. It is not up to the doctor to circumvent it, no matter how much he may disagree or want to change the law."

His statement drew sharp comment from Dr. Keith P. Russell, Los Angeles obstetrician who is chairman of the CMA Committee on Maternal and Child Health.

## Homemakers Convention Set Thursday

RUPERT — "The Magical World of Homemaking" is the theme for the South Central District Extension Homemakers Convention scheduled Thursday at the Christian Church. Approximately 300 homemakers are expected at the district meet which includes all the Magic Valley area.

Mrs. Hylak Beaver, Heyburn, district director, will conduct the morning business session. Mrs. Steve Goodwin, Hazelton, is district secretary, with Mrs. Irene Chambers, Filer, district director-elect. Business will include electing a nominating committee to make selections for next years election.

Registration and a coffee hour will be featured from 9:30 until 10 a.m. Thursday in the Youth Room at the church. The 11 extension clubs in the county, under the direction of Mrs. Dorothy Kildow county council president, will host the convention with The Happy Homemakers, the Worthwhile Club and Willing Hands Club in charge of registration.

Mrs. Harlow Cheney, general chairman, reported Mrs. J. E. Shepherd, Boise state president, will be in attendance, as well as other state officers.

Lunch will be served by the women of the Christian Church. The Dandy Doers Club is in charge of name tags and the VFW Battle Stars, Nicholiettes and Paul Planners are in charge of packets.

Members of the Jolly Neighbors, 57 Dessert Dozen, Good Neighbors and Hynes Club are in charge of table favors and decorations.

Mrs. Roger Brown, Rupert, vice president of Minidoka County Council, will serve as master of ceremonies for the afternoon session. Garth Eames, former county commissioner, is guest speaker.

The "Sweet Adelines," a women's barbershop group, will present musical numbers directed by Clifford Mullikin, Burley. Shirley Hondo will present piano selections. A short skit will be presented by county workers.

## Unit Workshop Is Scheduled

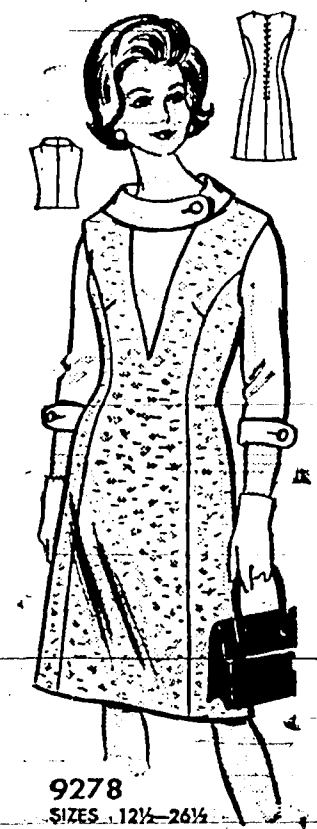

KING HILL — Mrs. Martin Woodward, world service chairman of the United Presbyterian Women's Society, announces used clothing is needed and an all day workshop will be held Wednesday at the King Hill United Presbyterian Church.

Members will mend the clothing for shipment to disaster areas in foreign countries.

Mrs. Woodward invites all members to attend and bring sewing tools and a sack lunch. She asked members to bring greeting cards. She stated needles, black and white thread, four yards of black and white material and five yards of printed material are needed for the packets to be sent to Viet Nam.

Anyone wanting to donate materials can leave it at the King Hill church or contact Mrs. Woodward.

MR. AND MRS. LARRY MORRIS (Shig Morita photo)

## Miss Lancaster Is Bride of Larry Morris

FILER — Nancy Jo Lancaster, daughter of Mr. and Mrs. Rex Lancaster, and Larry Morris, son of Mr. and Mrs. Lewis Morris, were united in marriage March 5 in the First Baptist Church, Twin Falls.

The double ring ceremony was performed by Rev. Ernest Haselblad before an arch of lighted tapers and large baskets of chrysanthemums.

The bride, given in marriage by her father, wore a floor-length gown of ivory bridal satin, fashioned with lily point sleeves and a scooped neckline. The fitted bodice tapered to a cummerbund at the waist which ended in a large bow held by two self bows. Her only jewelry was a pendant watch, a gift from the bridegroom.

Her elbow-length veil of illusion was held by a headpiece of flower petals over lace enhanced with seed pearls. She carried a three-tiered tiptop of yellow cushion poms, golden Garnet roses and ivy.

Re Ann Burkhardt, sister of the bride, was matron of honor, and bridesmaids were Sharon Pubanz and Faye Lancaster, sister of the bride. Miss Lancaster also was soloist and was accompanied by Nancy Brackett, organist.

Julie Self was flower girl and carried a white basket filled with yellow petals.

David Morris, brother of the bridegroom, was best man, and ushers were Kenneth Morris, brother of the bridegroom, and Roger Thomas, Gordon Lancaster, brother of the bride, and Donald Lancaster, brother of the bridegroom.

Mrs. Richard Self presided at the guest book and Mrs. David Morris displayed the gifts. Connie Stroud and Jeanne Lancaster carried the gifts.

The reception table was centered with a four-tiered wedding cake decorated with yellow roses, silver leaves, delicate lattice work and white sugar bells. It was topped with white bells and tulle and flanked by sweetheart cakes decorated in green and bearing the names of the bride couple. The table held arrangements of cherub vases with yellow poms and golden Garnet roses.

The cake was baked and served by Mrs. Raymond Lancaster, Wendell, aunt of the bride, assisted by Mrs. Ted Glassinger, aunt of the bride. Mrs. Mabel Barron served punch and Mrs. Frank Sikes, great-aunt of the bride, presided at the coffee service. Mrs. Self and Mrs. David Morris assisted with serving and women of the church were in charge of the kitchen.

The couple took a honeymoon trip to Jackson Hole, Wyo.

The bride was honored with three pre-nuptial miscellaneous showers. The women of the Filer Grange hosted a shower at the Filer Grange Hall; Mrs. Warren Stroud, Mrs. Glassinger and Mrs. Raymond Lancaster, aunts of the bride, gave a shower at the Stroud home, and Mrs. Richard Self, Mrs. Edna, hosted a shower, assisted by Mrs. David Morris, Hazelton.

Mrs. Fran Hopper, home service director for Intermountain Gas Co., was assisted by Mrs. Janie Newman and Charlotte Sandifer, both J. R. Simplot Co. food demonstrators. Mrs. Keith Stoddard was guest demonstrator.

Several prizes were awarded and a display of the new gas appliances was viewed.

The best represented club prizes were presented to Rupert LDS Fourth Ward, first; Rupert Grange, second, and Rupert Methodist Church, third; for Minidoka County, and the Burley Methodist Church, first; Pink Ladies, Burley, second, and Star LDS Ward, third, for Cassia County.

The tea tables were centered with green carnation trees. Assisting at the tea tables were Mrs. Paul Hansen, Mrs. G. S. Marchant, Mrs. Kathleen Lyons, Mrs. Wendell McMurray, Mrs. Ed Schwaegler, Mrs. Kent Woodland, Annjean Coltrin, Mrs. Adelle Hylton, Mrs. Robert Piazza, Mrs. Walter Tollefson, Mrs. Nolan Myers, Mrs. George Quartermann Jr. and Mrs. Frances Higgins.

The event was sponsored by Intermountain Gas Co., the Herald-Bulletin and J. R. Simplot Co.

Club Convenes Mrs. Charles Mattice gave the thought for the day and Mrs. Otto Scherbinske received a special gift at the Goodwill Club meeting at the home of Mrs. H. C. Thompson.

Mrs. Josephine Ehresman led the flag salute and Mrs. Walker Carr led the prayer. Mrs. Lillian Brownfield was a guest.

STUDYING A MAP ARE Ray Gallagher and his daughter, Lela, 14, to locate a spot in Michigan that they had not visited. Back in 1955 it was feared Lela was going blind and Gallagher set out to show her "everything under the sun." Her eyesight since has improved, but that first trip to explore the wonders of nature has lengthened into a journey of more than 410,000 miles, all inside Michigan. The experience has turned Gallagher, an auto plant worker, into an historian, a writer, a maker of recordings and a storehouse of knowledge. (AP wirephoto)

## Traveling to Help Daughter Benefits Writer-Father

DETROIT (AP) — They feared their daughter was going blind. So in 1955 Ray and Lela Gallagher set out to show young Lela B. "everything under the sun."

That first trip with their daughter to explore Michigan has lengthened into a journey of more than 410,000 miles, all inside the state.

And, while Lela B., now 14, has retained her vision through a series of operations and special training, the experience has turned Gallagher into a knowl-

## Building for Government Is Lucrative

WASHINGTON (AP) — Building military facilities in South Viet Nam is a lucrative business: profits are assured, Uncle Sam foots the costs and there is no competition.

One big construction combine, known simply as RMK-BRJ has been assigned to provide the United States with runways, housing, administration buildings and warehouses U.S. troops need to keep a military foothold in Viet Nam.

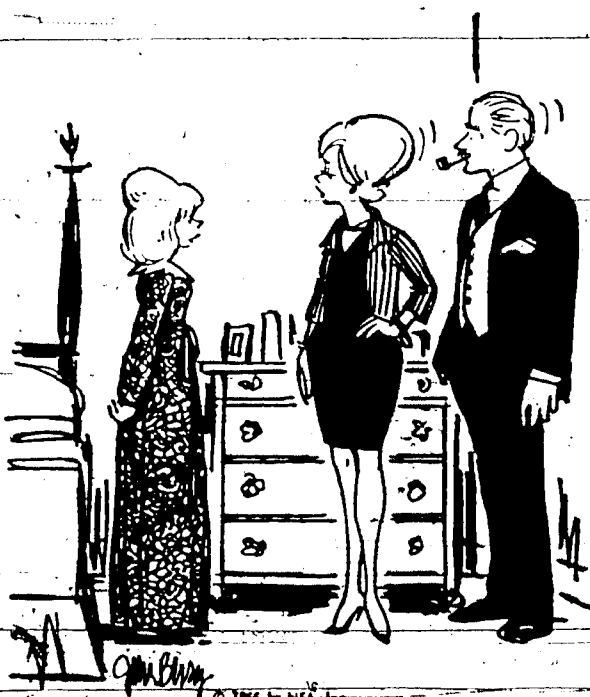

For work so far the combine had earned \$3.5 million. Projects are under way at 14 major locations, from the naval base at Da Nang in the north to Soc Trang in the delta area south of Saigon.

RMK-BRJ actually is four companies in a joint venture: Raymond International Inc., of New York; Morrison-Knudsen of Boise, Idaho; Brown and Root of Houston, Tex.; and the J. A. Jones Const. Co. of Charlotte, N.C.

The firm has completed more than \$120 million worth of construction on a crash basis and has been assigned another \$320 million. In 1965, some Pentagon officials believe, the Viet Nam construction bill will top \$700 million.

The company employs about 32,000 workers, including 27,000 Vietnamese who must be trained, 2,000 U.S. citizens who train them, and 3,000 skilled laborers imported from such countries as Korea and The Philippines.

## BERRY'S WORLD

## Man Survives Mishap, but Lacks Senses

ROCHESTER, Minn. (AP) —

Kenny Rieken's eyes were open, fluttering unevenly as though bothered by the light.

He lay on a white bed in the Samaritan Nursing Home, his head turned toward his mother. He could not feel her hand on his cheek, nor hear her voice asking, "What's the matter, Sonny?" Nor see her tears.

She has no hope that he will talk to her again, nor even be aware he is still alive.

More than nine years ago a car in which Kenneth Rieken and a teen-age friend were riding smashed down an embankment, his a parked tractor and utility pole and rolled over.

The friend, though critically hurt, recovered.

Kenneth has never regained his senses. In the nursing home where he has aged to manhood he is given nourishment through a feeding tube every three hours. He was in a Rochester hospital for two years.

He is 27 now, an age at which he had once hoped to be coaching a high school football or basketball team. Because his heart is still strong, he may live for years more. But doctors say he will never recover consciousness. Damage to the brain spinal and nerve systems was permanent. He has only occasional muscle spasms now.

He had been captain of the Grand Meadow, Minn., High School football and basketball teams. He worked in spare hours at various jobs to help the family.

His 47-year-old, brown-haired mother lost her husband, William Rieken, to leukemia and a heart attack a year ago. She was left with her daughters Deborah, 10; Sharon, 16, and Kenny. A third daughter, Judith, 19, is married.

The \$45,000 insurance payment which the family received for Kenneth is gone. The family lived on Social Security and Mrs. Rieken's wages from a Rochester manufacturing plant. She has not worked since February.

"Sometimes I dread going to see Sonny," she said. "It tortures me to see him that way. Sometimes I think whether it wouldn't be better if he stopped living. But I could never want that. Just to be able to touch him is enough for me."

## Firm Held Guilty In Campaign

WASHINGTON (AP) — The

National Labor Relations Board held the big J.P. Stevens and Co. Southern Textile chain guilty today of "flagrant unlawfulness" in an antiunion campaign, and ordered the company to reinstate 71 workers.

In addition to reinstatements with back pay plus interest, the board went beyond usual procedure in ordering the company to read to its some 40,000 employees in North and South Carolina a pledge to cease unfair labor practices.

The board said this unusual step was ordered "to undo the effect of the massive and deliberate unfair labor practices."

## Amplifier

RICHFIELD — A new amplifier has been installed at the high school gymnasium auditorium, it was announced Saturday. It replaces the much smaller speaking system formerly used.

The new system has six speakers and 75 watt amplifier. Supt. F. R. Briggs has expressed the school district's appreciation to the Richfield Club for paying for half the new system. Funds for the project were raised chiefly from donations on a quilt made by the club last year.

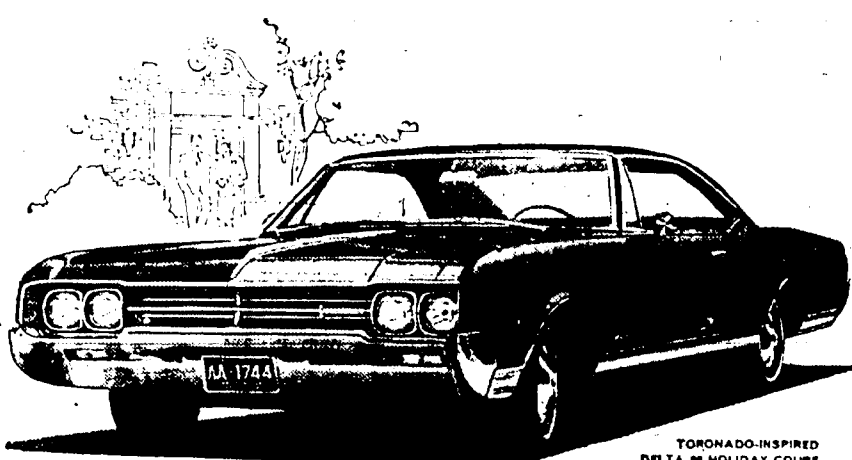

## 2 Arraigned on Forgery Charges

William D. Edson, 18, and Nelson L. Pyle, 21, both Buhi, waived preliminary hearing on a charge of forgery and were bound over to District Court by Twin Falls Police Judge Harry B. Turner Monday morning.

Police said the two had a "get rich scheme" whereby Edson would write checks payable to Pyle and Pyle would cash them. The charge states the men used a fictitious name when signing the checks.

Judge Turner reduced Pyle's bond from \$1,000 to \$500. Bond for Edson was set at \$1,000, and both men are in jail in lieu of the bond.

## Three Astronauts Chosen For Manned Apollo Flight

SPACE CENTER, Houston, Tex. (AP) — One of the United States' original astronauts, Virgil I. Grissom, almost drowned in 1961 when his Mercury capsule sank after he became the second American to rocket into space.

About four years later, he took his second space ride — the first man to do so — as command pilot on the maiden mission of the two-man Gemini program.

Now, he is back again, to launch another project. The short, crewcut Air Force lieutenant colonel will be commander aboard the nation's first three-man spaceship, an Apollo craft like one designed to carry men to the moon.

Grissom, Air Force Lt. Col. Edward H. White II and Navy Lt. Col. Roger B. Chaffee were named Monday to take an Apollo spacecraft on a shakedown cruise of up to 14 days in earth orbit.

The flight will be the first of at least four manned Apollo flights planned before the United States attempts to shoot three men to the moon before 1970, perhaps by late 1968.

The space triplets are officially slated to take the first flight in early 1967, but if all goes well in training and spacecraft preparation for the mission, it could be launched as early as November.

Their mission might be sort of a ring-out the old, and ring-in the new in the staging a space rendezvous between the Apollo ship and the last two-man Gemini spacecraft, currently Gemini 12.

Such a rendezvous, Dr. Robert Gilruth, director of the Manned Spacecraft Center, said Monday "would have many purposes. It's always nice to have someone take a look at you (in space)."

Gemini would be taking an orbiting glance at Apollo, a possibility Apollo officials would like to see come about. Dr. Joseph Shea, Apollo program manager, said "a study is going on but it's too early to say (if flights)," he said. "He was commander of Gemini 5, and now will be commander of Gemini 11. It is always good to have cool heads in this business."

## Hard Way

RANSON, W. Va. (AP) — Authorities said Andrew J. Ford took his own life by placing a shotgun shell over his heart, placing a carpenter's center punch in the shell, and hitting the punch with a hammer, firing the shell. His body was found Monday.

For Gemini 12. However, while announcing the three-man team, Gilruth also released names of the prime crew for Gemini 11, a two-or-three-day mission to include a rendezvous, a link-up in space and a space walk.

Command pilot on Gemini 11 will be Navy Cmdr. Charles Conrad Jr., veteran pilot of the eight-day flight of Gemini 5, and Navy Lt. Cmdr. Richard F. Gordon Jr., who has not taken a flight. The two served as back-up crewmen on Gemini 8.

Gilruth lauded Grissom when announcing his selection. "Gus Grissom made the see-like to see come about. Dr. Joseph Shea, Apollo program manager, said "a study is going on but it's too early to say (if flights)," he said. "He was commander of Gemini 5, and now will be commander of Gemini 11. It is always good to have cool heads in this business."

## Early Spring Snowstorm Hits Region

By The Associated Press

An early spring snowstorm swept areas in the Rocky Mountain region today and headed into the northern plains.

Northerly winds whipped the fresh snow in sections of Utah, Colorado, Wyoming and Montana. Several inches of snow covered the northern Rockies and four to six inches was indicated during the day across southern Montana.

The Weather Bureau issued hazardous driving warnings from Wyoming to Minnesota and said near-blizzard conditions were expected in northwestern Minnesota and the Dakotas.

The mercury dropped to the teens in parts of Montana. Severe thunderstorms, with strong winds, rain and hail, broke out Monday, the first full day of spring, from the Central Plains to the Great Lakes region.

Illinois appeared the hardest-hit state, with property damage heaviest in central sections. Damaging storms also were reported in Wisconsin, Missouri and Iowa.

## Highlights for Week

### Promising Specials

7:30 Wednesday 7SL — "The Men in Black," a report on the role of the Roman Catholic Church in Ireland including candid criticism of the church from man-in-the-street interviews.

9:00 Wednesday 2SL, 7, 8 — "Julie Andrews," a rerun of the hit special in which Julie hosts Gene Kelly and the New Christy Minstrels.

9:00 Wednesday 2B — "Saga of Western Main: Beethoven," explores Beethoven's role as an emancipator whose innovations freed music from rigid 18th-century formalism.

9:00 Friday 7SL — "The Dance Artistry of Jose Limon," explores the artistry of Limon, dancer, choreographer and director of the American Dance Theater at New York's Lincoln Center.

6:00 Saturday 2SL, 7B, 8 — America's Junior Miss Pageant — special.

### Best Bets for Movies

8:00 Wednesday 4 — "The Key," 1958, involves a situation in which David Ross has the key to Stella's apartment but can use it only if his best friend is killed; stars William Holden and Sophia Loren.

10:30 Wednesday 5 — "My Cousin Rachel," 1953, features Richard Burton and Olivia de Havilland, is the 19th century story of Philip Ashley who believes that his foster father was poisoned by Ambrose's wife, Rachel.

7:00 Saturday 2SL, 8 — "Where the Boys Are," is the inherently mediocre movie that holds much in the way of historical interest. It was the catalyst that prompted the huge flood of collegians to make the trip to Fort Lauderdale, Fla., which resulted in the well-publicized beach riots of the following spring.

10:50 Sunday 5 — "The Old Man and the Sea," is the film version of Idaho's Ernest Hemingway's justly-oft-read novel, which more than any of his works was responsible for the Nobel Prize for Literature being offered the author.

### Special Sports Events

3:00 Saturday, CBS Golf Classic features Team best ball match play elimination tournament.

2:00 Sunday 2SL, 7B — Jacksonville Open PGA Golf Tournament at Jacksonville, Fla.

## Doctor Will Assist With "Confidential for Women"

Dr. Theodore Isaac Rubin, distinguished psychiatrist and author of the novel "David and Lisa," which was made into a prize-winning motion picture, has been signed to serve as human relations advisor on ABC-TV's "Confidential for Women."

The Monday-through-Friday program will concern itself with dramatized investigation into the pressures and problems confronting today's women.

"Confidential for Women"

## Nostalgic Numbers to Be Featured

Nostalgic musical numbers dominate much of entertainment when Bing Crosby plays host to Nanette Fabray and Tammy Grimes on the colorcast of "The Hollywood Palace" Saturday, March 26 (ABC-TV, 9:30-10:30 p.m., PST).

Bing and Nanette will sing a medley of familiar favorites including "Greensleeves," "Country Garden" and "Indian Love Call." Crosby also will join Tammy in the singing of a specialty number, "Typically English," and Bing will warble the venerable "When the Red Red Robin Comes Bob, Bob Bobbin' Along" and "The Men in My Little Girl's Life."

Miss Fabray will tap dance a spool on American marching songs, and Miss Grimes will solo "Feeling Good."

Others on the bill include Jackie Mason, night club monologist; Cully Richards, comedy pantomimist; Del Morales and his troupe of acrobats, and David Frost, British satirist.

### STAR EMPATHIZES

Ray Thinnies, who stars in 20th Century-Fox Television's "The Long Hot Summer" (Wednesdays, ABC-TV), says he empathizes with the heroes of the current spy and secret agent series as he lived the life of an "undercover actor" when he was trying to get a foothold in television.

# GREAT NEWS!

## Things Are GETTING BETTER

all the time!

DON'T TELL A SOUL... BUT

April 18th is the day

And that needs a word of explanation!

You'll remember that since late in January Cable Vision has had to comply with an order issued by the Federal Communications Commission. This order required non-duplication of programs appearing on the local TV station.

We didn't like it... and neither did you. But it was the law and we had no choice. Then in February the FCC changed their initial order. Instead of protecting the local TV station for 30 days, FCC reduced this time to ONE day.

And April 18th is the day this amended ruling goes into effect. In other words, you will be able to see the programs you enjoyed seeing with practically no deletion.

We really appreciate the patience of users of Cable Vision in putting up with this situation... but we ask you to keep in mind that we had no choice. However we are so happy to announce this new date.

## 'Space' Star Watches TV On Weekends

Lovely June Lockhart, currently starring in producer Irwin Allen's exciting 20th Century-Fox Television adventure series, "Lost in Space" (seen each Wednesday at 7:30 p.m. over CBS-TV), works daily from 7 a.m. until 8 p.m., five days a week with fellow actors Guy Williams, Jonathan Harris, Mark Goodard, Marta Kristen, Angela Cartwright and Billy Mumy.

On weekends, June likes to spend her time with her family watching, of all things, television.

Recently, June reported for work on Monday mornings for a series of closeups with Jonathan.

"You know something, Jonathan," began June, "if I weren't so fond of you I'd go crazy."

"And what prompted that remark, young lady," inquired the actor in his finest dulcet tones.

"It's not enough that I have to work with you every day of the week. Then, on my weekend off from the show, what do I find on my television screen? You in re-runs of 'The Third Man.' You in re-runs of 'The Bill Dana Show,' and even you in my late, late movie, 'Botany Bay.'"

### LEARNS JUDO

For her guest star appearance in the title role of "Carlotta, Come Home" episode of 20th Century-Fox Television's "The Long Hot Summer," Nina Foch learned judo and karate at the hands of a Los Angeles-born Japanese named Shuji Joe Nozawa who calls himself Fuji for short.

## Telephone Hour Matches Sunday Mood of Viewer

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP) — NBC's Telephone Hour, turning up every other Sunday at 6:30 p.m. EST, somehow seems to match nicely the viewer's Sunday evening mood. Some of the public affairs programs that are placed there on the alternate weeks, however worthy, are not such a happy fit.

A case in point was Sunday evening's "The Reformation," a handsomely illustrated lecture on 16th century European history. It was a timely subject and an interesting explanation of the great religious revolt led by the flinty Martin Luther and John Calvin, which established Protestantism amid ecclesiastical and political turbulence.

The program suggested that we may now be on the verge of a second Reformation of a different character since the recent Vatican Ecumenical Council has been breaking some of the barriers between Christian unity.

The color cameras wandered around handsome old palaces and over serene pastoral scenes which were sites of stormy events long past, and lovingly scanned ancient portraits and crumbling documents.

But it was not enough to really bring the story to life and the result was a slow, dragging hour. The narration appeared to be especially framed to avoid awkward phrases or misinterpretation. This very caution meant that some of the high drama and fierce conflict was glossed over.

Perhaps the program would have gone down a bit easier during an earlier Sunday hour. But it was not right sandwiched between Frank McGee's news show and a Walt Disney tale of an escaped circus tiger.

Desi Arnaz, the orchestra leader turned comedian turned

tycoon, will return to television as a creator and developer of new programs, CBS said.

Arnaz sold his interest in the Desilu Studios a year after he and Lucille Ball were divorced.

Now he has formed a new production company to work on four specific properties for CBS aimed at the 1967-68 season as well as feature motion pictures.

## Guest Star For Women's Show Listed

Kim Hunter, winner of an "Oscar" for her vivid portrayal of Stella in the picture "Streetcar Named Desire," and prior to that recipient of the Donaldson and New York Drama Critics Awards in the Broadway version of the same drama, will guest-star in a week-long dramatized exploration of problems confronting today's women on ABC-TV's "Confidential for Women," debuting Monday, March 28, 2-2:30 p.m., PST.

Miss Hunter plays the role of Martha in the premiere week's dramatization, "Love After Marriage," Monday, March 28 through Friday, April 1.

Martha, twice divorced and mother of young daughters, must choose between encouraging romance with Henry Fellows, about to end his own 20-year marriage, or facing the realities of what led to the failures of their respective marriages.

As announced previously, James Daly plays Henry Fellows, Neva Patterson is seen as his wife Helen, and Eliane Nadeau plays their daughter Laura.

EVERY DAY is Ladies' Day for Jerry Lewis, surrounded by beautiful women in the Technicolor comedy, "The Ladies Man," on "The CBS Thursday Night Movies," Thursday, March 24 (9 p.m. EST) on the CBS Television Network.

## Streisand Show to Have History Note

A glimpse backwards into history will be captured in the Barbra Streisand special for Chemstrand, "Color Me Barbra," airing Wednesday, over CBS-TV.

In a cultural excursion taped on location at the Philadelphia Museum of Art, Barbra Streisand wanders into an Egyptian temple. She is transformed into the elegant queen of yesterday, Nefertiti. Barbra was intrigued by the idea of portraying the famous lady because she herself has often been called "the Booklyn Nefertiti."

Before the scene was taped, several of the stage hands were moving props around. The director asked someone to dust off a plaster of Paris reproduction of the ancient Queen's famous head.

After performing his chore, he poked his friend and commented, "Didja notice that that bust looks just like an Egyptian Strisand?"

## Miss Nolan to Play "Big Valley"

Kathy Nolan brings tears to Lee Majors' eyes March 23.

Red-haired Miss Nolan is the guest star in the March 23 episode of "The Big Valley" playing Majors' former girl friend from "back home."

"We have some wonderful scenes where I am still very much in love with her," says Majors, one of the regular stars of the ABC-TV color drama, "but I think the one which will be a memorable milestone in my career is a death scene."

SCREEN STAR DEBBIE Reynolds gets a warm welcome from Ed Sullivan when she makes a rare live television appearance on "The Ed Sullivan Show," in color, Sunday, March 27 on the CBS Television Network. Miss Reynolds sings "It's a Miracle," from her forthcoming motion picture, "The Singing Nun," and also is seen in sequences from the film.

# Top Skiers From Five Countries Stop in T.F. En Route to Sun Valley

The French, Austrian, Canadian, Swiss and U. S. Ski teams stopped for a short time in Twin Falls Monday afternoon en route to Sun Valley for the American International team race, starting Thursday. The 84 representatives from the five countries arrived aboard a chartered plane from Stowe, Vt., and departed 45 minutes later aboard three buses. Besides skiers from each team, the group consisted of coaches, doctors, trainers and members of the foreign press. Everyone seemed to be in fine spirits after landing and felt sure that they would not encounter the winds that hampered a recent meet at Stowe.

## New Cup Ordered to Replace Stolen One

LONDON (AP)—The English Football Association announced today that a new World Soccer Cup is being ordered to replace the gold Jules Rimet trophy stolen from a Methodist church hall by a thief who passed up an 88.4-million stamp collection. Police checked criminal haunts in an attempt to recover the cup before it is melted down. But the Football Association was taking no chances for the World Cup finals, to be contested by 16 teams in England next July.

Scotland Yard held little hope that the trophy would be recovered.

"This was a professional job," one detective said, "and sentiment doesn't figure with these people. Almost certainly the cup will be melted down."

The cup, soccer's most coveted prize, is insured for \$34,000, but the gold in it is worth only about a tenth of that.

"It is a disgraceful business," said British Minister of Sport Denis Howell, a former soccer referee.

"One can only hope that the people who have taken the trophy have got some pride in the good name of Britain, in which case they will return it at once."

The Jules Rimet trophy was snatched from a padlocked showcase in London's Central Hall, headquarters of the Methodist Church, just before noon Sunday.

The cup was brought to Britain under close guard for the finals of the World Cup in July, being played in England for the first time since the competition began 36 years ago.

It was put on display in Central Hall last week as part of a "stamps and sport" exhibition. Security guards said it was in its case Sunday at 11 a.m. At the next check, an hour later, it was gone.

Police said the thief apparently went into Central Hall with crowds attending the usual Sunday service in another part of the building.

Passing up the hymn singing, he walked up the stairs to the door of the trophy exhibition, forced open the showcase, they said.

The trophy stands 10 inches high and weighs about nine pounds. It is a statuette of a female figure holding an octagonal cup above her head.

Jules Rimet, a French lawyer and international football enthusiast, gave it to the game in 1930. Now the World Cup is second only to the Olympics in international crowd appeal.

## Maloney Signs For \$46,000

TAMPA, Fla. (AP) — Pitching ace Jim Maloney, ended his hold-out Monday by signing a 1966 contract with the Cincinnati Reds for an estimated \$46,000.

Maloney, who had a 20-9 record last season, thus became the highest paid pitcher in the Reds' history. Bob Purkey received an estimated \$40,000 from Cincinnati in 1963.

A team spokesman said Maloney had been working out and told Assistant General Manager Phil Seghi he expected to be

## Magic Bowl Doubles Meet Nears Start

The Magic Bowl's second annual Handicap Doubles Tournament, with \$500 added by Kay's Supper Club and Slim's Royal Lounge, will get underway Saturday morning with an estimated prize fund of \$4,000.

The first place doubles team is guaranteed \$500 and second place will be guaranteed \$250.

The Tournament will run through April 17 and bowlers may bowl as often as they like, anytime the lanes are available, but may place only once on the prize list with the same partner.

As an added attraction this year a single Classic will be rolled each Sunday at 4 p.m. Entries for this will close when each Sunday squad of 28 has been filled. Prizes will be awarded after each squad rolls.

Another goal for the bowlers to shoot at will be the \$100 award for the high handicap doubles score each week for the first three weeks. The entries for the doubles portion of the tournament will close when the last squad goes on at midnight April 17.

Entries and rules may be obtained from the Magic Bowl.

## Robinson to Use Head to Foil Hurlers

MIAMI, Fla. (AP)—Baltimore's Frank Robinson, an American League leader after 10 seasons in the majors, admits the pitchers will have the advantage over him at the start of the season.

But he's counting on having one big advantage—his head. "It'll be out there; right over the plate."

"That's got to be a new experience for them," said Robinson. "With the exception of, maybe, Minnie Minoso, most of the pitchers in this league have never pitched against a guy who leans out over the plate as much as I do."

Robinson, who led the National League in various categories as a lifetime .303 hitter with the Cincinnati Reds, almost invariably led the league in the number of times he was hit by a pitched ball because of his unusual stance.

Last year he was hit 18 times—leading the league for the sixth time—and brought his major league total to 118. Oddly, Robinson first adopted his lean-over-the-plate stance as a defensive weapon when he came up to the majors in 1956.

able to take his regular turn in three weeks—right about opening day.

SKI TEAMS FROM five nations arrived at Twin Falls Airport Monday amid a howling wind storm, and expressed hopes the winds would not prevail at Sun Valley during the four-day International Team Races which will begin there Thursday. Walking away from the plane loading ramp is Jim Huega, who won a Bronze Medal in the 1964 Winter Olympics; at the bottom of the ramp is Jean Saubert, who won a silver medal during the same competition. At the top of the ramp are unidentified members of the American Ski Team. American star Billy Kidd won't be at the competition because of a sprained ankle. (Times-News photo)

# Baseball Contends Move Is Justified

MILWAUKEE (AP)—Baseball used statements of three of the game's leading figures Monday to spell out its contention that transfer of the Braves from Milwaukee to Atlanta is justified and National League expansion is not. The testimony on vital points came from pretrial depositions from Warren Giles, National League president; M. Donald Grant, chairman of the board of the New York Mets; and Walter O'Malley, president of the Los Angeles Dodgers.

None of the three was present. Their places on the witness stand were taken by defense attorneys who were questioned by colleagues. The testimony was put into the record in question and answer form with occasional objections from attorneys for the plaintiff, the State of Wisconsin.

The procedure consumed the entire 17th day of the trial of Wisconsin's antitrust suit against baseball. The state, in its complaint against the National League and its members, accuses club owners of conspiring to boycott Milwaukee as a major league city by approving the Braves transfer and rejecting Milwaukee's bid for a 1966 expansion franchise.

The three key witnesses denied knowledge of any agreement to abandon Milwaukee as a big league town. And they generally agreed that the Braves move was justified by declining attendance in recent years, the advent of the Minneapolis Twins, troubles over the County Stadium lease and so-called hostility by the press and politicians.

Earlier Monday, a National League attorney complained that defense counsel had not been given time to adequately prepare for the trial.

"Preparation of this case had to be fitted into a terribly brief, unreasonable time schedule," Bowie Kuhn told the court. "We've had to throw it together as best we could."

Baseball attorneys had sought repeatedly to delay the start of the trial, now in its fourth week before Circuit Judge Elmer Raller. State attorneys argued that the defense was trying to stall until after the opening of the baseball season next month.

Judge Raller has made several efforts to speed up the action. He ordered the first Saturday session last week and has threatened to hold court at night.

The Saturday session brought a protest by Kuhn against lengthy hours and a plea that the trial be put on a 9 a.m.-to 5 p.m. schedule, Monday through Friday.

The defense continued Monday to read into the record the deposition previously taken from Warren Giles, president of the National League. In it, Giles expressed the opinion that Milwaukee "was" a good baseball town but said he now had grave doubts about the city's "willingness to support a National League club."

Giles denied knowledge of any agreement to boycott Milwaukee as a major league city. He said he had approved transfer of the Braves from Milwaukee to Atlanta because "it was in the interest of the league to do so."

The National League and its member clubs, defendants in the suit, are charged with violating Wisconsin's antitrust law by using monopolistic procedure to deprive Milwaukee of major league baseball. The league rejected an application by Milwaukee Brewers Inc. for an expansion franchise.

## Bank Tries New Training Program

Watching Ernie Banks of the Chicago Cubs warm up for a spring exhibition game against San Francisco, coach Whitey Lockman said, "He looks just the same as ever, doesn't he."

Banks, who was 35 on Jan. 31, works harder than most rookies and this year started in February with a training program designed by ex-sprint champion Jesse Owens.

"I feel 1,000 per cent better this spring than in the past," Banks said. "I feel better and stronger at this point than in past springs."

"What I'm really shooting for is to be stronger and have more stamina in June, July and August. Those hot ones get up to you if not ready for them. You can get out of shape real quick."

The program basically consists of a lot of running, wind sprints, quick starts plus usual calisthenics.

"I'm going to stick with it right through the season," Banks said.

the Year Championship, will match 12 American and five British pros. Top prize will be \$55,000.

## SPORTS

**21 Cities to View Title Bout**  
NEW YORK (AP)—The outfit handling the closed-circuit telecast of the Cassius Clay-George Chuvalo heavyweight title bout in Toronto on March 29 said Monday that outlets in at least 21 cities in the United States have contracted to show the fight.

Mike Malitz, executive vice president of Main Bout, Inc., which owns the ancillary rights of the bout, said the outlets have a potential seating capacity of 125,000.

He said the list did not include New York, which he said figured to have five or more outlets, or the Canadian sites.

**SETS RECORD**  
LENINGRAD (AP)—Igor Ter-Ovanesyan of the Soviet Union bettered his own world indoor long jump record with a leap of 26 feet, 10.4 inches here Saturday, the Tass News Agency reported. Igor set the previous mark of 26-10 in New York in 1963.

## Monbouquette, Ford Pitch Strong Games

Whitey Ford and Bill Monbouquette turned in strong pitching performances in exhibition baseball Monday. Ford, the New York Yankees' 37-year-old left-hander, hurled six innings of two-hit ball as the Yanks blanked Los Angeles 3-0. Maury Wills, who ended a holdout siege five days ago, played his first game for the Dodgers and was hitless in three at bats, walking once.

## Buckpasser Now Has Infection

MIAMI, Fla. (AP)—Buckpasser, champion 2-year-old of 1965, and considered a Triple Crown threat this year, has developed an infection in a cracked hoof and may be out of racing for months.

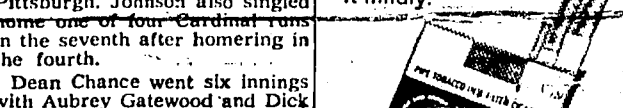

"It doesn't look particularly promising because of that infection," said Bill Bane, a California blacksmith who came here to try to patch the cracked hoof. "If it clears up, then there is a very good chance that I can apply the patch successfully."

Bane said Monday. "But you can't patch a horse if there's infection there."

## Reward!

Reward your taste with the rich flavor of Half and Halls. You'll like 'em fine, and that's putting it mildly.

Dean Chance went six innings with Aubrey Gatewood and Dick Egan finishing up on a three-hit shutout as California blanked Cleveland 1-0. Chance allowed just three hits, and the Angels got their run in the fifth when Jackie Warner doubled, moved to third on an infield out and scored on Gary Bell's wild pitch.

The Chicago Cubs bounced five hits in the fifth inning and scored all their runs in a 4-2 victory over San Francisco.

**BOISE (AP)—**Eleven Idaho cities—including two newcomers to the list—were announced Monday as sites for horse racing with pari-mutuel betting this year. The Idaho Racing Committee said Coeur d'Alene and Glenns Ferry plan racing for the first time since pari-mutuel betting was legalized by the 1963 legislature.

**Racing days for 1966 number 63, a boost of five from last year and 15 more than in 1964, the first year of legal betting.**

**The North Idaho Racing Association will sponsor the Coeur d'Alene meet, to be held at the Fairgrounds. The dates are June 25-26, July 2-3-4 and Aug. 20-21, 23-27-28.**

**The Glenns Ferry meet is scheduled Aug. 11-12-13-14 and will be sponsored by the Elmore County Fair Board. The racing will be at the fairgrounds.**

**Other meets, with sponsors, places and dates:**  
Treasure Valley Horse Breeder-Racing Association, Fairgrounds, Boise, May 14-15, 21-22, 23-29-30.

## YOUR BIRTHDAY and HOROSCOPE

**TUESDAY, March 22** — Born with too much feeling and too little thought. Guard against this and both you and those about you will be better off.

**Wednesday, March 23** — Aries (March 22-April 20) — Seize whatever opportunity for advancement comes your way today. The added responsibility may not be as difficult to shoulder as you think.

**TAURUS** (April 21-May 21) — An exceptionally good day both at home and in the business or professional world. Plan a social evening to top things off.

**GEMINI** (May 22-June 21) — A day for exploiting some new idea to the point where returns become recognizably profitable. Release your adventuresome nature.

**CANCER** (June 22-July 23) — Not the day to play follow the leader. See what you can do wrestling with any problem on your own.

**LEO** (July 24-Aug. 23) — Time for showing real friendliness and cooperation of spirit. Rewards may not be immediate, but they should be worthwhile.

**VIRGO** (Aug. 24-Sept. 23) — Should business or financial matters concerning another come up for your attention now, remember to be scrupulously fair.

**LIBRA** (Sept. 24-Oct. 23) — Remember that leadership is not only important in your work; it is also important on the home front.

**SCORPIO** (Oct. 24-Nov. 22) — Originally coupled with practicality is the key to today's success. Receive excellent dividends on your mental ability.

**SAGITTARIUS** (Nov. 23-Dec. 22) — Secure the results you're after through a definite show of mastery over your material. Avoid any hesitation.

**CAPRICORN** (Dec. 23-Jan. 20) — You should be able to show the stuff you're made of today. Don't let another get ahead of you simply because you've been lazy!

**AQUARIUS** (Jan. 21-Feb. 19) — Pay close attention to matters of concern to you personally this morning. Plan for a social afternoon and evening.

**PISCES** (Feb. 20-March 21) — Happy and lasting rewards to the Pisces who is helpful today to those less fortunate than he. Lend a sympathetic ear.

**EX-RESIDENT INJURED** — KING HILL. — Mrs. Wesley Fink reports that her sister, Mrs. Virginia Pitts, was injured recently when she fell down a flight of stairs at her home in Seattle, Wash. She was taken to a hospital where X-rays showed several ribs broken on her right side, and her liver was badly bruised. She has been released from the hospital and is convalescing at the home of relatives. Mrs. Pitts is a former King Hill resident.
