

New Wave of Optimism Prevailing Quest for Conquer of Leukemia

By FRANK CAREY
AP Science Writer
BETHESDA, Md. (AP) —
You'd never guess that the
bouncy, blonde with sparkling
blue eyes who comes home once
a month from Indiana on a rather
special visit isn't supposed to
be alive.
Five-year-old Yvonne O-
Bryan of Derby, Ind., is a vic-

tim of acute leukemia. But for
some time now, she has shown
no discernible symptoms.
She's been living on borrowed
time for at least six months —
think, apparently, to provide
time for developments in chemical
warfare against this dread incur-
able, blood-cancer.
When doctors in Indiana diag-
nosed her case a year and a half
ago, they gave her only a year
to live.

After being treated for some
time by other means, Yvonne
became a participant in a
potentially revolutionary leuk-
emia research program. It
features a kind of "shotgun"
method of using combinations of
drugs. The program is centered
at the National Cancer Insti-
tute, an arm of the Public
Health Service's National Insti-
tutes of Health.

It should be emphasized that
NCI doctors promised no cure;
they say only that the technique
holds promise.

After undergoing several
courses of treatment here for
two months, Yvonne went home
to Derby.

But she returns once a month
to the hospital for treatments
which will continue indefinitely.
The drugs that have sustained
Yvonne's life are four very pow-
erful substances that are poten-
tially toxic and require adminis-
tration and monitoring by
trained specialists.

One is "vincristine" derived
from the periwinkle plant.

Two others, methotrexate
and 6-mercaptopurine, are so-
called "anti-metabolites" that
"trick" a cancer into believing
they are nutritional.

The fourth is the hormonal
substance prednisolone, which
helps suppress the wild growth
of white blood cells that charac-
terize leukemia.

Yvonne's mother, Lucille,
who accompanies the child on
the monthly visits to Bethesda,
entertains no false hopes.

Mrs. O'Bryan notes that three
leukemic children who entered
the hospital after Yvonne have
died. And she says Yvonne's
doctors have told her the child
"can't live on (presently avail-
able) drugs forever."

Yvonne's case — duplicated
by a small but growing number
of persons whose lives have
been prolonged by anti-leukemic
drugs — illustrates a
newly intensified thrust to con-
quer the disease.

Leukemia strikes people of all
ages and is the leading fatal
malady of childhood. There are
18,000 new cases of leukemia
yearly in the United States.

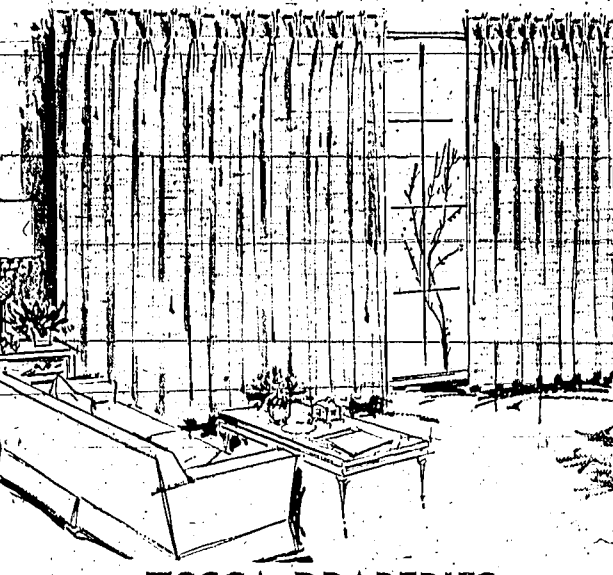

Optimism pervades the ranks
of government and private leuk-
emia researchers. Government
scientists just this week dared
to suggest there may now be
possibilities for indefinite con-
trol in some patients by chemi-
cal means.

About 100 Americans are
alive today, up to 14 years after

The Daily Investor

I have found in an old
think certificates for stock in
two companies. These were
bought in 1918 and 1920 by my
father, who has been dead since
1925. I am told that one of the
stocks is presently worth \$800.
How do I find out if any divi-
dends have been paid on this
stock over the years?

I can't get any information on
the other stock. Can you give
me any leads on checking the
value (if any) of old stock cer-
tificates?

A. It's that season of the year
again. Even if I never glanced
at the calendar or looked at the
flowers in bloom, I would know
that it's spring-cleaning time
— by the batch of letters such as
yours that come in. You ladies
do keep finding old certificates.

— So, let's go through the basic
steps of tracing such things.

Write to the office of the sec-
retary of state, in the capital
of the state in which the com-
pany was incorporated. The
state of incorporation is printed
on the certificate. That office
will be able to tell you if the
company's charter is still in ef-
fect and can often provide other
helpful information.

If the company is still in ex-
istence, the office of the secre-
tary of state will provide you
with its address. Write the com-
pany and ask for information
about the value of the stock you
found.

However, because of such
things as mergers, name changes,
reorganizations and just plain
business blunders, it can be
mightily difficult to get infor-
mation on most old stocks.

If you want to duck the dot-
yourself aspects of this, you can
turn the chore over to a broker-
age firm. Some brokers will han-
dle this kind of work for a fee.
Some won't. Over the years I
have found R. M. Smythe & Co.,
79 Wall Street, New York City,
to be the best in this area. If
the old gentlemen at that firm
can't trace an old security, I
doubt that anybody can.

Q. The company for which I
want to trace the stock has
around the country a number
of times. As a result, I have
bought stocks while living in
different cities. Being careless,
I did not keep the confirmation
statements I received from the
broker. Can you help me?

A. Write to the broker through
whom you bought the stock. Ask
him to send you a duplicate
confirmation slip. (At this point
it would be wise to write to all
the brokers you have dealt with
and "check" the same request.)

Any brokerage firm with good
records should be able to pro-
vide the information. If yours
can't or won't you might have
an old cancelled check showing
the price you paid.

If you're still in the dark
about the only thing you can do
to estimate the price you paid.
You should have some idea of
the date on which you bought.
Go to a public library and look
up the microfilm file of news-
paper stock tables of the price
at that time.

However, if the Internal Re-
venue Service questions your re-
turn, your carelessness might
cost you tax dollars.

(Doyle will answer only representa-
tive letters of general interest in his
column. He cannot answer phone
calls.)

2 Brothers Charged in Shootings

RICHMOND, W. (AP) — Two brothers were in custody today, charged in two of seven recent shootings that took six lives and set fear loose on the century-old cobble streets of this city's East End.

Arrested Sunday were William Penn, 25, charged with murder, and his brother, Thomas Lee Penn, 18, charged with rape and malicious wounding. Police said the boys were being questioned about all seven shootings.

William Penn is charged in the shooting death of James H. Carter, 52, of nearby Sandston, whose body was found last Tuesday in a rural area just east of Richmond. He had been shot several times.

Thomas Penn voluntarily gave himself up and was charged in the May 22 rape-shooting of a 14-year-old Negro girl. The victim, who survived four bullet wounds, told police her assailant had bragged about killing two white men the night before and also had spoken of a girl named Cynthia.

Blain May 21, a 19-year-old dropout active in the peace movement, and Malcolm L. Norment, 41, a Richmond motel clerk. Their bodies were found in a weed-strawed East End lot, shot a total of 17 times. Carter, Wilkins and Norment were white.

Cynthia Johnson, a 16-year-old Negro, was found shot to death May 10, also in the city's East End, a deteriorating portion of old Richmond now largely occupied by Negroes.

The two other victims were Willie Sexton, 21, whose body was found April 17 in the nearby Chickahominy River and Mo-Willie Leon Spencer, 78, a motel employee. Both were Negro.

Police said all the victims had been shot with a .38-caliber weapon. Results have not yet been made public on ballistics tests run on 32 bullets recovered from the six bodies.

Bills for Water Project; Commission to See Action

WASHINGTON (AP) — If administration doesn't interfere, bills to authorize a big water project and a national water commission will be called up for congressional committee action this week.

The House Interior Committee and Reclamation subcommittee has scheduled for consideration Thursday and Friday 21 bills to authorize the \$1.6 billion Lower Colorado River basin project. But there is doubt the necessary 12-member quorum will be present during the Memorial Day week.

The Senate Interior Committee plans to dispose of the Water Commission bill Wednesday, assuming it can muster a quorum. This measure has been linked in debate with the Colorado River project bill, and their fates may be bound together.

More compromise is ahead for the oft-changed project bill, which would authorize the construction of two big Colorado River dams in Arizona, five smaller projects in California, and a study of whether water should be diverted from another basin into the Colorado River.

Members of Congress and other officials from the Pacific Northwest are opposing the study provision on the grounds it is aimed at taking water from their Columbia River basin.

They protested at recent hearings that no such study should be made by the Interior Department, which itself is proposing and would build the lower Colorado River project.

Among influential critics of an Interior study is Sen. Henry M. Jackson, D-Wash., chairman of the Senate Interior Committee and sponsor of the commission bill, scheduled to be taken up Wednesday. This bill would establish a seven-member commission to make a broad study of the nation's water problems, including possible diversions.

Administration support of the commission proposal was voiced at a recent Senate hearing by Secretary of Interior Stewart Udall.

The House Interior Committee is faced with the job of trying to devise a compromise that would retain the support of the seven Colorado River states for the lower Colorado project and at the same time satisfy their Pacific Northwest opponents.

These possibilities for compromise exist: — The Interior study could be broadened under Interior Department supervision.

A study could be authorized conditionally by the National Water Commission when and if one is established by Congress, or — The National Water Commission could be authorized in a rider to the Colorado project bill.

If no quorum can be raised by the House subcommittee this week, members probably will discuss the bill for two days and put off a decision on it until next week.

They protested at recent hearings that no such study should be made by the Interior Department, which itself is proposing and would build the lower Colorado River project.

Idaho News

OPINION EXPECTED
BOISE (AP) — An opinion on whether proposed nominating petition forms of Greater Idaho, Inc., of Lewiston, are legal is expected this week.

The forms were submitted to Secretary of State L. E. Clapp Monday ago for examination. Clapp then asked Atty. Gen. Allan Shepard whether the petitions had to be labeled "Independent."

Greater Idaho has announced plans to run independent candidates for governor, lieutenant governor, secretary of state and attorney general.

URGES BOYCOTT
LEWISTON, Idaho (AP) — Greater Idaho, Inc., of Lewiston, has urged shoppers to boycott stores displaying pro-sales tax stickers.

Phillip Jungert, Greater Idaho president, asked for the boycott Saturday.

He said the Forward Idaho Committee, a pro-sales tax group, is distributing the stickers to chambers of commerce for use by merchant members.

"Their aim is to lead the people into believing that most people are in favor of the sales tax while actually most are against the tax," he said.

Greater Idaho favors casino-type gambling, instead of the sales tax, to boost tourism and revenues.

INFORMATION READY
BOISE (AP) — Idaho's new "airport facilities directory" and "air map" being distributed this week describe 127 airports and landing strips in the state — many of them in the rugged wilderness area.

Director Chet Moulton said the 197 usable airports compare to 80 in the state shortly after World War II. A network of landing strips in the wilderness areas are for emergency use by sportsmen, forestry and management people.

Only 13 Idaho communities have more than 5,000 persons, Moulton said, but the state ranks fifth nationally in aircraft ownership.

MEN RESCUED
BANKS, Idaho (AP) — Two men running the rapids on the North Fork of the Payette River near Banks were rescued Sunday after their rubber raft struck a rock and overturned. Harold S. Vaughn, 24, of Payette and Raymond Clifford Cox, of Ontario, Ore., were taken off a boulder in the middle of the stream with a rope and extension ladders.

Boise County Deputy Sheriff Sam Charters said neither was seriously hurt although Cox may have wrenched his back.

California Puts Clamp On LSD Drug

SACRAMENTO, Calif. (AP) — California today becomes the first state to clamp controls on the fantasy-producing drug LSD. Gov. Edmund G. Brown explained a prime aim is to protect "young thrill-seekers."

The governor put the issue before the special session of the state legislature, and it responded after lengthy hearings with overwhelming support for the legislation.

Brown signs the bill into law today. He declared in a prepared statement, "This bill will not hamper proper use of the drug for legitimate purposes — experimentation and psychotherapy. It will help curb dangerous and unauthorized use."

"Congress is still debating a law for this drug," he said in noting recent congressional hearings. "We have one." His office said that while other states are moving against the drug, none has yet had a crack-down signed into law.

It makes unauthorized possession or knowing use of the drug a misdemeanor punishable by a maximum fine of \$1,000 or a year in county jail.

Illegal manufacture, possession for the purpose of sale, or sale of LSD is a felony bringing penalties of one to five years imprisonment for the first offense and two to 10 years for repeated lawbreaking.

"As in our anticarcinogenics laws, we have reserved our toughest penalties for the people who would peddle this drug illegally," Brown said at his temporary Los Angeles home. Site of the bill signing — announcement of the bill signing came at Sacramento.

**Honorary Law
Degree Given
To Smylie**

SPOKANE (AP) — An honorary doctor of laws degree was awarded to Idaho Gov. Robert E. Smylie Sunday at Gonzaga University.

Smylie has received two other honorary degrees — from his alma mater, College of Idaho, and George Washington University.

The Very Rev. John P. Leary, S. J., university president, said in prepared remarks for the award to Smylie:

"We feel his many years of public service in a state bordering our own, and from which so many of our Gonzaga students come, makes him a fitting recipient for this honorary degree."

NIGHT SKIES in Twin Falls will be brightened during the West Coast Shows of California carnival, sponsored by the Twin Falls Lions club, to be held Wednesday through Sunday at the Motor-Vu corner on Kimberly Road. This time-exposure scene portrays the brilliance of pinwheel lights and thrilling spectacles found only in a carnival. Special discount tickets for rides may be obtained from downtown merchants.

T. F. Lions Club Carnival to Feature West Coast Shows

For the first time in Idaho the Twin Falls Lions Club Carnival will feature California's West Coast Shows Wednesday through Sunday at the Motor-Vu corner on Kimberly Road. These will be 18 thrilling rides, such as the new Sky Diver, Ski Jump, German Trabant, Mad Mouse and the 1800-foot Overhead Skyline.

The West Coast Show Toy Soldier Kiddiand will feature the world's only portable monorail. On the midway, there will be 40 fun stands and five shows.

Proceeds from the West Coast Shows will be divided among the different projects sponsored by the Twin Falls Lions Club.

During the past year, this organization has sponsored a Little League football team, provided a scoreboard for the Twin Falls High School athletic field, sold rugs and brooms for Live, Inc., which is designed to help the handicapped, donated to send boys to Boys' State, and sponsored the Miss Twin Falls Pageant, plus a \$200 scholarship for the winner.

The main project of the Lions Club is purchasing eyeglasses for the needy. About \$1,000 was spent during the past year for this project, which is an international project.

Woman Perishes In Cemetery Fire
CLEVELAND, N.M. (AP) — A Cleveland woman was burned to death while clearing weeds from a cemetery in preparation for Memorial Day.

Officers said Regina L. Apodaca, about 70, was with a group of volunteers working at the small town cemetery Sunday.

The grass and weeds flared up while being cleared by burning and she died in the flames.

Space Age Conclave Set At Triumph

The fourth annual Space Age Conclave of Triumph, Inc., will be held June 17-19 at Triumph, Idaho.

"Many timely topics, including the sighting of UFO's, will be discussed at the three-day gathering, which is non-denominational," according to Milton Haar, president of Triumph, Inc.

Triumph, Inc., is, according to Haar, "a non-profit organization under the laws of Idaho and dedicated to the uplifting of man's consciousness and to bring in greater understanding."

Speakers are expected from Washington, Arizona, Idaho, California and Oregon, Haar reports. Several of the speakers are internationally known, he adds, including Maj. Wayne S. Aho, Seattle, who will show 50 UFO slides and will answer questions.

For those desiring accommodations at Triumph, it is necessary to bring sleeping bags, blankets and light housekeeping supplies.

Triumph is the old community at Triumph Mine, along the east fork of Big Wood River between Hailey and Ketchum.

The conclave will be conducted on a free will offering basis. One meal a day will be served to the group.

Identity of Dead Lawman Still Unknown

BATTLE MOUNTAIN, Nev. (AP) — Deputy Sheriff Fred Nielsen was a nice-looking, well-liked young man who had done a good job in his three weeks as an officer.

Only his name wasn't Fred Nielsen. It was Michael Leroy Williams.

Lander County Sheriff Don Maestretti says he has run into blank walls trying to find out more than the name since Tuesday, when the deputy died in a traffic accident.

"There's nothing, not even so much as a post card," Maestretti said.

The Federal Bureau of Investigation notified Maestretti Friday that Nielsen's fingerprints belonged to a man named Michael Leroy Williams. The body lies unclaimed in a Winnemucca mortuary.

Nielsen had been around Battle Mountain six to eight months, mostly working as a cook. Maestretti said he did not check references when Nielsen applied for the deputy's job.

"We desperately needed help," he said.

Battle Mountain, a town of 2,000 in northern Nevada, is enjoying a copper mining boom and is jammed with newcomers. Nielsen was on a routine run Tuesday when his patrol car went off the highway and overturned. Maestretti began to wonder when he found a Social Security card on the body that had another name. Nothing in Nielsen's motel room gave a clue to his identity.

Nielsen, or Williams, was 32, about 6-foot-1, weighed about 175 pounds, had brown hair and was balding. Maestretti has no photos of him.

Primary Classes Start Wednesday

SHOSHONE — Primary classes at the LDS Church will begin at 9:30 a.m. Wednesdays during the summer school vacation, according to Mrs. Frank Garrett, president.

The summer classes, held each week, feature summer recreation and handicraft projects for the various age children. Cook-out and camping are stressed.

Older girls are beginning work on their Liaison Holiday, when they entertain their mothers and are graduated from Primary.

Mrs. Richard Sorenson is the counselor to Mrs. Garrett and Mrs. Gerald Quinn is secretary.

TRANSPLANTING PROJECT on a large scale was carried on the past 10 days at Sun Valley where Owen Stapleton and a crew of four men have been moving 40 native spruce trees from the grounds across the lawn from the lodge entrance to locations around the condominiums. They were brought down from the Galena area when the resort was started in 1937. The trees were about 10 feet tall then, but most of them now are between 30 and 40 feet in height. (Times-News photo)

Native Spruce Trees Are Transplanted at Sun Valley

HAILEY — Owen Stapleton, with his Michigan loader and a crew of four men, have been busy the past 10 days moving some 40 native spruce trees at Sun Valley.

The trees are being transferred from the grounds across the lawn from the lodge entrance, where they edged the tennis and badminton courts, to locations around the condominiums. They were brought down from the Galena area when the resort was started in 1937, when

they were about 10 feet tall. Most of them are now between 30 and 40 feet high.

When moved from Galena the trees all grew.

In order to preserve them now, Clyde Sowershy and a crew from Sun Valley have stooled them out with a back-hoe.

Stapleton then moved in with his Michigan and ran the blade beneath the tree some 4 to 5 feet down, with that much earth remaining untouched on either side of the tree.

This stool was chained to the Michigan, the tree was carried to the hole dug for it and gently lowered. Water is being run onto the roots, almost constantly for several days.

Stapleton's crew, who were kept busy during the transporting, holding the tree from falling by means of long ropes, included Tom Peterson, Don Bedford, Harry Hainsworth and Joe Gotsdiner.

Thornley-Williams, Hailey, Stapleton and Sowershy moved the trees to the resort in 1937.

Park Bill Is Studied by Organization

SHOSHONE — A study was made of the new Park Bill and Recreation Area Bill for the Sawtooth National Forest when members of the North Side Communities met Thursday evening at the Bergin Funeral Chapel.

Earl Skidmore, Wendell, Herb Love, Shoshone, and W. W. Whitehead, Wendell, will present a statement from the North Side Board regarding the bill at the public hearings set for June 13 and 14 at Sun Valley. The Sawtooth Valley representatives also will present their opinions at that time.

The next North Side Communities meeting will be held at 8 p.m. July 28 at the Shoshone Bowling Alley, unless members are otherwise notified.

Representatives were present from Hailey, Jerome, Gooding, Wendell and Shoshone.

Temple Burns

TOKYO (AP) — A Tokyo Buddhist temple regarded for centuries as a protector against fire disasters was destroyed last week by fire of undetermined cause. The Soji temple, or Nishinari Daijitsu, one of Japan's oldest wooden structures, was built by the Buddhist Saint Kobo more than 1,000 years ago.

HIT BY SNOWSTORM TUTTIN, Yugoslavia (AP) — A snowstorm hit southern Serbia during the night, ripping down telephone lines and power cables and felling trees. As much as 18-20 inches of snow were reported in some regions around Tutin.

UFO Caught And Is Kept In Custody

BEACON, N.Y. (AP) — Police in this Dutchess County community have captured an unidentified flying object (UFO) and are keeping it in custody until somebody figures out where it came from and to whom it belongs.

It was described by police as being one inch square, four inches long with a light bulb on one end and a tiny parachute on the other.

It was called to the public attention when it floated down from the sky into a tree in front of the home of a member of the city Board of Supervisors.

A team called out from Stewart Air Force Base admitted it was baffled.

But one member quipped, "It probably belongs to the Navy."

Has Twins

MOSCOW (AP) — A camel named Jelmayan has given birth to twins high in the mountains of Kirgiz in central Asia. The Soviet news agency said this rarely happens.

Grange Holds Memory Rites

RICHFIELD — Richfield Grange held Memorial services at the Wednesday night meeting at the home of Mr. and Mrs. H. A. Ross.

The rites honored Clark Hand Sr., Richfield pioneer. Taking part in the ceremony were the Ross Granges, Mrs. Eugene Alexander, Mrs. H. A. Ross and Mrs. Agnes Powell.

The Grange approved sponsoring Richfield 4-H clubs again this year. Glen Ross, West End Club leader, announced an organization meeting will be held at his home.

Ross reported on contacts for the proposed bean growers warehouse at Richfield. Plans were made to enter a float in the June 11 Outlaw day parade and sponsor a queen candidate.

Raymond Goicoechea won a membership attendance prize at the meeting.

The June 8 meeting will be held at the home of Mr. and Mrs. Burl Atkins.

SOLDIER DISCHARGED FILER — Allen L. Webster, son of Mr. and Mrs. James Webster, Filer, who enlisted in the Army May 3, was flown home Thursday from Ft. Ord, Calif., with a medical discharge.

RICHFIELD — Mrs. Louis Vaughn was hostess for members of the Merit Bridge Club. Mrs. Melvin Brauburger was a guest. Prize winners were Mrs. Lyle Piper, Mrs. Manuel King, Mrs. Charles Maestas and Mrs. Ralph Riley Jr.

Your Spine and Your Health

By Dr. Ludwig C. Landwehr

X-rays give information about your spine and body; they enable the doctor of chiropractic to analyze your spinal balance—and health. X-ray and palpation (feeling with his fingers) are important factors in his diagnosis of the relationship of the bones of the spine to other bones and structures. Many postural conditions result from occupational causes or other activities that put abnormal stresses on parts of the body and ultimately can cause many physical problems.

X-ray diagnosis aids the doctor of chiropractic to correct your problems and enables him to give you sound advice which can help avoid future illness and/or discomfort.

(One of a series of articles published in the public interest to explain and illustrate the practice of scientific chiropractic, written by Dr. Ludwig C. Landwehr, whose office is located at 117 Main Ave. W., Twin Falls, Tel. 733-6322.)

Soft Look Stressed for June Brides

By ALICIA HART

Will the June bride who dances a hot waltz at her reception be a '68 caricature of the '20's flapper who did a mean Charleston after her wedding ceremony?

If she adheres strictly to current fashion and make-up fads she may be.

The severe architectural haircut favored by many apes the shingled "do." Skirts are short, short—just like in the good old days. For this reason bridal advisers are working overtime to encourage brides to be more demure and feminine than their prototypes.

Many flapper brides wore short, short, satiny wedding gowns with trains sweeping incongruously from the waistline or shoulder and full-length veils. Bouquets were huge. Make-up featured rouged cheeks, severely plucked eyebrows and lips often "painted" in a Clara Bow nose.

In contrast the bride who plans an informal, perhaps garden wedding, this June will avoid the short, short hem. She should select a hair style that is soft, feminine and topped

with a simple crisp veil and coronet.

Make-up, too, will add to the image of the blushing bride. Foundation in a pinkish tone and blush to contour the face help here. One cosmetic house suggests a bride-to-be take some professional make-up lessons offered in many department stores to make herself appear a little bit more special. Start these a month before the wedding so the new approach to make-up won't shock those at the wedding, especially the bridegroom.

Although many have come to feel their eye make-up is as essential as their lingerie and would feel naked without it, play down mascara and use subtle light blues or grays for eye shadow. Wear false eyelashes if you normally do. But

this isn't the day to try them for the first time.

Lipstick can be slightly deeper in the pink and coral vein but avoid brilliant reds. A pale nail polish, too, is a better selection for the bride than her attendants than a startling iridescent shade of orange, silver or gold.

The over-all effect for today's bride is one of softness and naturalness. The wedding day is the time of soft knobby clothes in a Sonny and Cher and appear as the woman your fiancé hopes he is marrying.

PARTY HELD

MALTA — Members of the Ruff River Chapter, Future Homemakers of America, were guests of Mrs. Denny Whitaker, adviser, at a slumber party at her home.

Magic Valley Favorites

DOCIA E. ROOT

Route 2, Box 133, Gooding

Tuna-Cashew Casserole
1 6-ounce can tuna, drained
4 ounces cashews
1 can cream of mushroom soup

1 can, small, mushrooms
¼ cup minced onions
1 cup diced celery
¼ cup water

Salt and pepper to taste
Mix thoroughly, then add two-thirds of a four-ounce package Chinese noodles and mix again.

Pour into a buttered casserole. Sprinkle balance of noodles over top.

Bake at 350 degrees, uncovered for 35 minutes.

(Note: One cup peas or ½ cup sliced olives or green peppers can be added if desired.)

The Times-News will pay \$5 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page editor. The recipe becomes the property of the Times-News and cannot be returned.

Couple Repeats Marriage Vows In French Rites

DIETRICH — Jane Ellen Downhower, daughter of Mr. and Mrs. John Henry Downhower, Altadena, Calif., was married to Lt. Gary Francis Bowman, son of Mr. and Mrs. Walter Bowman, Ellettsville, April 30 in Chilton, Idaho.

The couple was united in marriage in two ceremonies, a French civil ceremony required by French law, and an LDS Church wedding.

Monsieur G. Drydo, mayor of Chilton, officiated at the French civil ceremony. The wedding party then went to the United States Army Post Chapel, outside Chilton, where Elder David O. Steffen performed the LDS ceremony.

The bride wore a floor-length wedding gown of white cotton enhanced with embroidered bodice and sleeves. She carried a spray of white Dutch lilies and daisies. She was given in marriage by Capt. Remund Dowber, commander of the Polish Guard Unit serving with the U.S. in Chilton.

Ruth Andrews, a teacher for the Army, was maid of honor. Best man was 2nd Lt. Clarry Campbell.

The newly married couple, stationed with the Army in Chilton, will return to the United States in November.

Annual Pansy Breakfast Held At University

UNIVERSITY OF IDAHO — Moscow-Delta Delta Delta at the University of Idaho held its annual Pansy Breakfast in the Chapter House.

Pat McCollister, Houston Hall, received the \$200 Tri Delta scholarship. Miss McCollister is a sophomore majoring in French from Orofino.

The breakfast honors senior women and all the engaged or newly married seniors who walked through a large archway made of pansies and shap-

LT. AND MRS. GARY F. BOWMAN

ed like a wedding ring.

In the style show, "Don Voyage Honeymoon," girls modeled ensembles from a honeymoon trousseau. A sports outfit, the bride's going away outfit, afternoon wear, and evening wear were shown by Tri Delta models, Karen Stillman, Jackie Hove, Lorraine Wachter, Michele and Ann Rutledge.

The climax of the program was a mock wedding. Phyllis Lindley was the "Pansy Bride" and the bridegroom was Richard Rush, DTD, ASUI president. Best man was Arthur Crane, Graham Hall, ASUI vice president, and ushers were Gary Vest, Vigil, and Joseph McCollum, SAE, both executive board members.

Assessor Is Convicted of Taking Bribes

SAN FRANCISCO (AP) — Russell Wolden, San Francisco assessor for 20 years, has been convicted by a Superior Court jury of accepting money bribes for cutting property assessments.

Wolden, 55, depicted by the prosecution as acquiring a luxury apartment and trips to Europe by favored treatment of big firms, thus became the third county assessor in two states to face a sentence for tax scandals.

Earlier this year an assessor at Seattle, Wash., and one in Oakland, Calif., got prison terms for taking bribes.

After a 60-day trial, the jury of eight men and four women required more than two days to reach the verdict for Wolden, accused of taking thousands of dollars in cash from tax consultants to cut assessments for their corporate clients.

Wolden was convicted on eight counts of bribery and one of conspiracy. A penalty of one to 14 years in prison is possible on each count.

In addition, the penal code requires that he forfeit his office and that he be disqualified from ever holding state office again.

Wolden will be sentenced June 20.

War Is Void Of Unknown U. S. Soldier

WASHINGTON (AP) — The Viet Nam war is without a single unknown American fallen in battle, Pentagon records showed Saturday.

This probably makes the war unique in history.

Pentagon historians said they cannot be certain whether this has happened in any past U.S. war, but that "in recorded history for all major wars there have been 'unknown' battle casualties."

In World War I, there were 1,600 American battle deaths who never were identified. In World War II, the total of unknowns was 8,532. In Korea, it was held to 850.

"As yet there have been no 'unknowns' as a result of the Vietnamese war," the defense department said.

A total of 3,468 American servicemen were listed as having been killed by the enemy in Viet Nam through last Saturday. There have been more battle deaths since then.

Military men said a main reason for the lack of "unknowns" in this war is the battle involved comparatively small units compared with the mass actions of past conflicts.

Unlike previous wars, Americans who fall in Viet Nam are not buried at the scene of battle. Each fatality is flown back to the United States and delivered to his nearest relatives for burial.

Two Indians Charged With Glue Sniffing

FORT DUCHESSNE, Utah (AP) — Two young Ute Indian children have been charged with glue sniffing after reporting that they were with another child who may have died as a result of inhaling glue fumes.

The two, a nine-year-old boy and an 11-year-old girl, are to appear before Juvenile Judge Paul C. Keller in the Ute Tribal Court at Fort Duchesne June 2.

Glue sniffing is punishable as a misdemeanor.

Exact cause of the death of Alfred Ray Bush, 11, is still under investigation. But he was reported to have been sniffing glue when he collapsed and died last week.

Candidate for Queen Title Is Selected

CAREY — Connie Barton, a senior at Carey High School, was selected Carey Riding Club's candidate to the July 4 Halley Celebration Days of the Old West Queen Saturday at the Carey Rodeo Grounds.

Miss Barton, daughter of Mr. and Mrs. Boyd Barton Carey, will succeed Karen Baldwin, Pleasant, present queen, who was present at the Carey Rodeo Grounds on Saturday.

Baldwin instructed contestants on events to be held in the contest finals.

She invited Miss Barton to a Friday meeting at the home of Mrs. Ted Uhrig, Halley, queen of the Carey Rodeo Grounds.

Other competitors in the Carey contest were Annette Dilworth and Julie Parke.

Judges were Mrs. Earl Baird, Ray Sparks and Wallace Stocking. The Carey club will donate \$30 to its candidate to help purchase a western outfit for the Halley queen competition.

TRIP DELAYED — A White House spokesman says Lyndon Johnson's scheduled trip to Europe has been delayed temporarily, at least for the time being.

YOUNG'S DAIRY AWARD is discussed by, from left, General Manager Uriel J. Simmons and Production Manager G. L. Smout, of the dairy. The Twin Falls firm was presented Merit Award of the Quality Check Dairy Production and Sales Conference held recently in Chicago. (Times-News photo)

Abortion Still Appears to Be Most Widely Used Means of Birth Control

ADDIS ABABA, Ethiopia (AP) — Despite advances in birth control methods, a study group for the United Nations Children's Fund says abortion still appears to be the most widely used means in the world today.

"Illegal abortions are increasing in many places where families feel competing pressures between large numbers of surviving children and rising aspirations for them," says the report.

"It is accompanied by a high risk of complications. The risks are especially great for the large numbers of poor who resort to self-induced abortion who are abandoned by the inept and the untrained."

The study group noted that in the United States nearly half the maternal deaths in large cities are the result of illegal abortion.

Studies in Santiago, Chile, show one woman in every four has had at least one induced abortion.

"Most of these women are married, have living children and secured the abortion with the knowledge and consent of their husbands," says the report.

Australia, India, Korea, Nationalist China, Canada, the United States, and the countries of Western Europe and South America were cited as nations where illegal abortion is "practiced more or less widely."

The report says that in a number of countries legalized abortion is the leading method of birth control although most regard the wider spread of contraceptive methods as preferable.

Some other countries permit abortion for defined medical, eugenic and social reasons and for pregnancies resulting from sex crimes.

"Liberalization of restrictive abortion laws no doubt lessens or removes the guilt-producing shadow of clandestinity," says the report.

"It also greatly reduces the risk of complications." In Japan and some countries of Eastern Europe, for example, the mortality rates are quite small, with risks actually significantly lower than those of childbirth.

"But where liberal abortion policies are followed the total number of abortions often equal or exceed the number of live births," the report noted.

Pleading Patriotism Song Setting New Sale Records

HOLLYWOOD (AP) — A patriotic song, written by a Nashville newscaster and recorded by a country singer, is the fastest-selling single in Warner Bros. Records' 10-year history.

"There's probably been nothing like it since the early Beatles days," says a spokesman, reporting:

"The firm's three plants in California, Indiana and New York switched from 8- to 24-hour operation to manufacture the records."

A disc-jockey's tip sheet reported a "wildfire" of radio station use and predicted a sale of two million copies within three or four weeks.

"Day for Decision" released May 11, sold 212,000 copies in two weeks. The record company chartered a plane to fly 12,000 copies to Chicago to meet demand. The recitation was played on high school assemblies and Sunday church services. The Chicago Tribune carried the text on page one.

Not all stations have played the record. KMPC, Los Angeles, rejected the narrative as inappropriate to its music format. KFWB, Los Angeles, on the first day of play, "took a couple of thousand phone calls, about 15 of which were from crackpots who said we shouldn't play anything like that. Otherwise the response has been favorable and fantastic. Mothers have called crying."

Spokesmen say the recitation was written by Allen N. Pelletier, newscaster for WKAR-Radio, Nashville, as a reaction to drift-card burnings. After an initial noncommercial recording by Lin Broadcasting Corp., Warner Bros. made the recording at Nashville with Tennessee baritone Johnny Sea and musical background.

Sea, 25, in Hollywood to make another recording before flying to Germany to sing for U.S.

Woman, 78, Is Unusual Graduate

EVANSTON, Ill. (AP) — For several reasons Mrs. Lucien Jack may be the most unusual of the graduates who will receive diplomas June 11 from Northwestern University.

She's been going to night school for 20 years.

To do so, she commutes from her home in Waukegan, Ill., a round trip of about 80 miles.

And she's 78.

Mrs. Jack, a widow, enrolled in evening classes in 1946.

Her pursuit of knowledge was at a leisurely pace. She said she started with eight hours of class-work per semester. But then she dropped down to two and skipped a couple of semesters to tour South America. She majored in Spanish.

She said she went to college because she was bored with women's club work.

Committee Says Dee Has Votes

BOISE (AP) — A committee supporting Idaho State Sen. William J. Dee of Grangeville for governor asserted today Dee has enough votes to win endorsement at the Democratic State Assembly next month.

A spokesman for the Dee for Governor Committee said a poll taken at the hotel hotel showed "a comfortable margin of favorable delegates."

The number of delegates the committee claimed "favorable" to Dee, an opponent of the state sales tax, was not disclosed.

Movie Hero Is No Longer All Good Nor Villain All Bad

HOLLYWOOD (AP) — No longer is the hero all good, the villain uncompromisingly ruthless. It's an age of antiheroes and anti-villains.

Lee Marvin suggested to an Oscar in "Cat on a Hot Tin Roof" as a heavy with an almost incapacitating weakness for booze.

James Bond is a hero, but would you trust your wife with him?

Musing along these lines, Werner Klemperer — himself an anti-villain in vain, apocryphal Col. Wilhelm Klink, prison camp commandant in television's "Hogan's Heroes" — says: "I'm sick and tired of the goodie hero, who can do no wrong. Thank goodness we've dimensionalized the hero and give them faults."

To balance that, our villains are not starkly evil men but have other qualities that round out their character. With both more humanized, we create truer conflict because it's more believable.

He cited Alec Guinness' humanized crooks in "The Lavender Hill Mob," Culp and Cosby weaknesses and faults in television's "I Spy," evil-doers doing good in "The Rogues" and bumbling hero Don Adams in "Get Smart."

He played my share of standard villains," Klemperer confessed. He was a syndicate head who telephoned death orders in "Flight to Hong Kong," a psychiatrist-saboteur in "Five Steps to Danger," the arch-villain in "Operation Eichmann" and a fanatical Nazi judge on trial in "Judgment at Nuremberg."

There were many other movie and TV television appearances for Werner, but "Hogan's Heroes" brought him fame and an autograph request.

As monied Col. Klink, he achieves each week a rather of frustration provoked by resourceful Yank prisoners led by Bob Crane.

Klemperer, 44, is the pink-cheeked, shiny-domed, blue-eyed son of famed orchestra conductor Otto Klemperer.

When Werner was 11, his father moved from the Berlin State Opera to the Los Angeles Philharmonic. From a tutor who spoke no German, Werner and his sister Lotte learned in three months enough English to enter high school.

He lives in Beverly Hills with his wife Susan and children Mark, 6, and Erika, 3. His widowed father heads the new Philharmonia Orchestra in London and has a home in Zurich.

On a visit Werner ran an episode of "Hogan's Heroes" for his father, who was not impressed. The elder Klemperer, 81, and a classicist, asked the actor when he was going to do something serious.

YOUR BIRTHDAY and HOROSCOPE

MONDAY, May 30 — Born to do you have both creative and executive ability — a combination of talents more rare than you might think. Able both to conceive an original idea and to turn that idea into profitable practicality, you have need only of partners or co-workers who can handle the myriad details as you yourself can "run the business," so to speak. It is not likely, however, that as a young adult you will be in a position to do this. Bide your time, and draw upon your infinite wells of patience.

An individualist who enjoys being an independent of others as possible, you will have to take care that you don't bite off more than you can chew. Don't deny yourself the pleasure of marriage and a family simply because you are afraid of emotional involvement. You need not relinquish your own "self" while living with and understanding another.

You need to be warned against over-doing things physically and mentally. So alert, so active, especially at all that you do, you are quite likely to skip meals, lose sleep, and otherwise deal yourself harm in your zeal to achieve success through work. Take care to set aside enough time for rest and relaxation, especially at weekends when you may find it most difficult to "let up."

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your guide.

GEMINI (May 22-June 21) — Make an effort to demonstrate an interest in the welfare of others. Your concern should be amply rewarded at a later date.

CANCER (June 22-July 23) — Avoid over-enthusiasm and the importance of social contacts to the job at hand. If you do your work well, it shouldn't matter whom you know.

LEO (July 24-Aug. 23) — Hidden talents brought out into the open should show you the way to increasing your business or professional profits.

VIRGO (Aug. 24-Sept. 23) — Keep your standards and ideals high while taking care not to overlook the profit-making aspects of a good proposition.

LIBRA (Sept. 24-Oct. 23) — Stick close to matters of business and don't be distracted by the temptation to over-socialize.

SCORPIO (Oct. 24-Nov. 23) — The Scorpio who keeps to his regular high routine should score high in the accomplishment department today.

SAGITTARIUS (Nov. 23-Dec. 22) — A key day for getting results from all your endeavors. Let your own charm and personality do much of the work for you.

CAPRICORN (Dec. 23-Jan. 20) — Make a genuine effort to improve your employment situation, and you should see results by evening. Couple tact with firmness of purpose.

AQUARIUS (Jan. 21-Feb. 10) — Contacts should play a vital role right now in furthering your career. Make sure you offend no one by a thoughtless word or deed.

PISCES (Feb. 20-March 21) — Make sure you end this day with at least one good deed to your credit. Look after the business of another with honor and dispatch.

ARIES (March 22-April 20) — Carry out well-made plans and you should be able to make up for time lost recently. But don't expect to have your cake and eat it too!

TAURUS (April 21-May 21) — Intuitive hunches are apt to be correct today, especially if they have to do with business or profession. Don't rely on others for leads.

Lightning Starts 3 Range Fires

SHOSHONE — Three range fires were reported after lightning storms at 3:15 p.m. Saturday near the east end of Lincoln County.

One fire was extinguished by Shoshone Bureau of Land Management crew along the railroad track between Dietrich and North Butte Lookout.

The crew proceeded to a larger fire at Awinsa east of Dietrich. A total of three crews fought the blaze until about 10 p.m. when it was reportedly brought under control.

A third blaze was extinguished by rain before a tanker crew reached the scene near Owinsa.

To Italian Town
NEW YORK (AP) — A 400-year-old violin, made by Andrea Amati, has gone back to the city where it was made, Cremona, Italy. It will be displayed in City Hall, and visiting virtuosos will be allowed to play it on occasion.

The violin, one of 24 instruments made in 1566 for King Charles IX of France, was sold to the city fathers of Cremona by Reinhold Wurflitzer, Inc., New York violin makers and dealers. A company spokesman said the price was "around \$20,000." Only four of the King Charles instruments are known to exist. The rest disappeared during the French Revolution.

White Announces Plans for Week

WASHINGTON (AP) — Idaho Congressman Compton L. White Jr. announced today he will attend meetings in Grangeville and Lewiston this week and deliver a commencement address at Moscow High School.

White said the Grangeville meeting will be at noon Tuesday and he will speak to the Lewiston Kiwanis Club at noon Wednesday before the Moscow commencement address at 8 that night.

World's Top Drivers to Go After \$750,000 in Indianapolis 500 Today

INDIANAPOLIS (AP)—The world's top racing drivers will pull on insulated underwear and flame-resistant coveralls Monday and charge for a \$750,000 pot in the golden anniversary 500-mile auto race. The big question was whether Italian-born Mario Andretti, the 1965 U. S. Auto Club champion who dominated preliminary trials, could maintain his record pace for the distance. Drivers were re-

A. J. Foyt, who had Andretti's pole position last year, kept it only a couple of hundred yards before Scot Jimmy Clark passed him and went on to win going away. Clark is back in the same No. 2 starting spot this year.

Other former winners besides Clark ready to challenge the 5-Andretti, who finished third in his first 500-start last year, were Foyt, Parnelli Jones and Roger Ward. None of them was conceding anything.

Nobody has led the entire race since it was started in 1911 on the 2½-mile track, then a brick surface and now covered with tarmac asphalt.

The 1968 race is truly an international affair for one of the few times since World War I. Strong contenders besides Clark, the '65 world road-racing champion, included newcomer Graham Hill of London, No. 2 in the world standings, Jackie Stewart—Scotlan's another and rookie and world No. 3, and Dan Gurney of Costa Mesa, Calif., No. 4.

Rear-engine cars powered by special Ford racing engines, almost identical with Clark's winning power plant, filled 24 of 33 starting spots.

Front-engine Offenhausers which have dominated the race for many years before 1965 were represented by a single bright red car driven by veteran Bobby Grim of Indianapolis.

Most cars in the field were capable of running long distances at more than 160 m.p.h., compared with Clark's record of a little over 150 in 1967. Much of the credit for the tremendous speed was given to new, low-profile tires with treads almost a-foot wide.

Last year's model racing tires already had so much bite that transmissions and clutches were chewed up on many cars, and only 12 starters were left with 123 miles to go. Car builders beefed up the power trains for this year and hope they hold up better under the strain.

The 1965 race was run without an injury but driver Chuck Rodee of Indianapolis was killed this May 14 when he crashed into the concrete retaining wall on a qualifying run. He was 198 57th fatality at the oval track since it opened in 1909 with a series of short races.

The suspense would continue beyond the finish of the 50th 500. Official standings will not be released until 8 a.m. EST Tuesday, after a check of the electric timing tape; and the payoff will not be known until the traditional victory dinner Tuesday night.

The anticipated crowd of possibly 300,000 had little reason to fear a rainout. That hasn't happened since 1915 in one of America's strangest weather situations. It usually rains somewhere on Memorial Day—but not in Indianapolis.

Cubs Make Second Trade With Braves

CHICAGO (AP)—The Chicago Cubs made their second trade with the Atlanta Braves in two days Sunday, obtaining veteran outfielder Marty Keough in exchange for first baseman-outfielder Johnny Herrnein. The Cubs also purchased lefthanded pitcher Arnold Earley from the Braves' Richmond farm club and will send him to Tacoma of the Pacific Coast League.

Saturday, the Cubs obtained first baseman Lee Thomas from the Braves in exchange for relief pitcher Ted Abernathy. The Cubs also purchased Chuck Estrada, former Baltimore Oriole pitcher, from the Tacoma farm club.

Keough, 32, underwent surgery in a Cincinnati hospital last week for an air pocket in his chest. A left-handed hitter, he was obtained by the Braves earlier this season from Cincinnati. He will join the Cubs Tuesday in Pittsburgh. He was hitting .058 for the Braves.

Herrnein, 32, came to the Cubs along with Adolfo Phillips and Ferguson Jenkins earlier this season from the Philadelphia Phillies in exchange for veteran pitchers Bob Buhl and Larry Jackson. Herrnein, a left-handed hitter, was batting .145.

Earley, 32, came to the Braves with Thomas from the Boston Red Sox last winter in a trade that sent pitchers Bob Sawdski and Dan Galski to Boston.

Estrada, a right-hander, will join the Cubs Monday. He and Keough will put the Cubs one man over the 25-man playing limit.

The Senators scored all of their runs in the first inning on Don Lock's three-run homer which carried an estimated 474 feet into the upper stands in deep center.

The clout of Jerry Stephenson followed walks to Don Blassingame and Bob Saverine, and was one of only two hits off Stephenson for seven innings.

Boston had only two baserunners through seven innings. Jim Gonder on a walk in the first and Rico Petrocelli on Willie Kirkland's error in the sixth.

Ortega became the fourth American League pitcher to fan seven in a row.

Ryne Duren of the Angels, pitcher, followed by Steve Denny and Denny McLain of the Tigers are the others who have accomplished the feat. Richard did it April 24.

Wild Throw Lets Cards Nip Reds 3-2

ST. LOUIS (AP)—Bob Tolman, who drove in the tying run in the seventh inning, scored from first base in the 10th on a wild throw by relief pitcher Ted Davidson, boosting the St. Louis Cardinals to a 3-2 victory over Cincinnati Sunday.

Tolman drew a walk leading off the 10th against Davidson, third Cincinnati pitcher. Curt Flood bunted toward the mound and when Davidson threw the ball past first base, Tolman raced around with the winning run.

Nelson Briles went the Reds hitless for 6 1/3 innings, but before the seventh inning was over, Cincinnati exploded for two runs and a 2-1 lead for starting pitcher Joey Jay.

In the seventh, Gordy Coleman doubled and scored the tying run on a single by Art Shamsky. Deron Johnson doubled, scoring pinch runner Dick Simpson.

The Cards tied it in the seventh. With two out, Bob Skinner batted for Briles, bounced a hit in front of the plate and continued to second on catcher John Edwards' bad throw. After Lou Brock walked, Tolman singled in the tying run.

Solons Re-Call Relief Hurler

WASHINGTON (AP)—The Washington Senators Sunday recalled pitcher Steve Largent, a 23-year-old right-handed relief pitcher, from their York club of the Eastern League.

Jim Duckworth, who has not pitched since May 13 due to an ailing back, has been placed on the disabled list for 15 days. Duckworth started four games this season and has an 0-3 record.

Clay Dines With Egyptian General

ALEXANDRIA, Egypt (AP)—Heavyweight champion Cassius Clay dined with Lt. Gen. Sullivan Zayat, commander-in-chief of the Egyptian Navy, Sunday and toured several industrial centers.

Clay also visited resort areas of the Mediterranean port. He is visiting Egypt at the invitation of the Egyptian High Council.

Lema Shoots 65 For Record Win In Golf Tourney

OKLAHOMA CITY, Okla. (AP)—Tony Lema fired a blazing seven-under-par 65 Sunday, piling up the largest victory edge on the PGA tour this season, in winning the \$57,000 Oklahoma City Open Golf Tournament.

Lema, who started the day one stroke behind Saturday's leader young Tom Weiskopf, finished with a four-day total of 271 — 17 strokes ahead of Weiskopf, who was second.

Lema wiped out the old record of 277 for the 7,173-yard par-72 Quail Creek Golf and Country Club course, set in 1964 by Arnold Palmer.

It was Lema's first tournament victory of the year and his first win since last year's Carling World Open in August.

Weiskopf shot a 72, 11 strokes under par with a 277.

Minors champion Jack Nicklaus finished with a 71 for the day and a total of 270 — good for third-place money.

Lema collected \$8,500 for his victory. Weiskopf picked up \$4,600, and Nicklaus got \$3,700.

Lema, who earlier this year suffered from a painful elbow irritation, now has shot 14 straight rounds of 71 or better in four tournaments.

His only bogey in the four-day tournament here came after a two-stroke penalty Friday.

Lema seized the lead from Weiskopf with a birdie on the second hole and added short birdies on Nos. 5, 7 and 9 to lead the front side. He birdied three of the first four holes on the back nine, and coasted in.

Youthful Kermit Zarley came in with a 70 for a 280 total and fourth place. Bruce Devlin was fifth at 281 after a two-under-par 70.

Johnny Pott, the two-day leader, skied to a 75 and finished tied with two other golfers for sixth with a total of 282.

Gary Player, the defending U.S. Open champion, was tied with Pott after a two-under-par final round of 70 as was Frank Beard, the New Orleans Open winner, who carded a 69.

The Oklahoma sunshine and amazing windless weather held throughout the affair, marking the first time in the last six PGA stops the tour wasn't plagued by showers.

Astros Tip Pirates 3-2 In 12 Innings

HOUSTON (AP) — Jim Gentile led off the 11th inning with a home run, lifting Houston past Pittsburgh 3-2 Sunday.

Gentile's home run, his seventh, sailed into the right-center-field stands. It came off Roy Face, who entered the game in the ninth inning.

The Pirates threatened in the top of the 11th when, with two out, Bill Mazeroski doubled. But Claude Raymond ended the inning by striking out Jerry May.

Home runs — Houston, Datman (7), Gentile (7).

Reichardt, Angels Edge Tigers 2-1

DETROIT (AP) — Rick Reichardt's two-run homer in the sixth inning lifted California to a 2-1 victory over Detroit Sunday before 21,115 fans at the Tigers' annual Bat Day.

Left-hander George Brunet stopped Detroit on three hits as the Angels took the series, two games to one, marking the first time they have ever won a series in Tiger Stadium.

The Tigers broke a scoreless pitching duel between Brunet and Hank Aguirre in the fifth inning when Jake Wood singled, was sacrificed to second, and came home on a single by Norm Cash.

Buford Paces Chicago Past Yankees 2-0

NEW YORK (AP) — Don Buford tripled home one run and scored the other in the third inning as the Chicago White Sox blanked the New York Yankees 2-0 Sunday behind the three-hit pitching of Tommy John.

The victory was only the third for the White Sox in their last 13 games. The Yankees had won seven of their last eight.

Wayne Causey, acquired by Chicago Saturday in a trade with Kansas City, led off the third against Bob Friend with a single. John sacrificed and Tommy Agee fouled out.

Buford then rapped his triple over Mickey Maule's head in center field, scoring Causey, and Tom McCraw followed with a bloop single to right, sending Buford across.

John and Roman Friend, Hamilton (4), Reniff (9) and Howard. W — John. 4-2. L — Friend. 1-4.

Brown Guides Giants Over Phillies 6-5

SAN FRANCISCO (AP) — Ollie Brown, who drove in the tying run in the eighth inning, singled across the winning run in the 10th inning Sunday, giving San Francisco a 6-5 victory over Philadelphia.

Bo Belinsky started the 10th by hitting Jim Hart with a pitch. One out later, Jim Davenport singled Hart to third, and Brown followed with a single up the middle.

Trailing 5-3 in the eighth, the Giants tied the score on Hart's 12th homer, Cap Peterson's single, a sacrifice and Brown's run-scoring single.

The Phillies, held to one hit by Bob Bolin through six innings, exploded for five runs in the seventh to erase San Francisco's 3-0 lead.

Phil. 000 000 000 500 0—5 4 0 San Fran. 210 000 020 1—6 16 1

Home runs — Philadelphia, Dalrymple (1), San Francisco, Mays (11), Hart (12).

Kathy Whitworth was runner-up with a final round 89 and a 211 total worth \$1,200. Ruth Jes-

sen, the second-round leader, was third with a 212 and earned \$1,000.

Cutler Holds Lead in Blue Lakes Golf

Chick Cutler fired a 74 Sunday to tie for the lead in the Gross division in the first annual Blue Lakes Memorial Day "wide open to Members" golf meet.

Cutler's total 145 for the first two days of the three-day meet once again placed him ahead of Lynn Hempleman, who fired his second consecutive 74 for a 148.

Rick Speth had a 75-75-150 to hold third. Dick Serpa added a 75 to Saturday's 76 for 151 and fourth and Jim Sinclair had a 152.

J. D. Claiborn held a two-stroke lead in the net division with his 68-68-132. Bill Speth and Jim Henry both came in with 67-67-134 to tie for second.

W. B. Murphy was holding down fourth spot with a 70-68-138.

Low gross leader for women members was Reba Henry with a 95-87-182.

The two new greens, Nos. 10 and 16, were conquered only once apiece again Sunday, but this time by the same golfer.

Harvey B. Schlagenhauf had a birdie three on 10 and a birdie four on 16. According to Ed Harper, Schlagenhauf scored both with 40-foot snaking putts.

Miss Mann Wins In Women's Golf

BATON ROUGE, La. (AP) — Tall Carol Mann came through under pressure Sunday to win the \$10,000 Baton Rouge Ladies Golf Tournament by two strokes.

Miss Mann, shooting her second straight one-under-par 71 after a record opening round of 67 on the Sherwood Forest Country Club course, finished with a 54-hole total of 209.

Kathy Whitworth was runner-up with a final round 89 and a 211 total worth \$1,200. Ruth Jes-

sen, the second-round leader, was third with a 212 and earned \$1,000.

Batley Gives Twins Sweep Of Twin Bill

CLEVELAND (AP) — Earl Batley drove in two runs in the first game and singled in the only run of the second as the Minnesota Twins swept the Cleveland Indians 6-1 and 1-0 Sunday.

The double victory came after the Twins had lost eight of their previous nine games and also halted the Indians' five-game winning streak.

Batley's run-scoring single in the eighth inning of the nightcap was only the third hit off Luis Tiant and gave Jim Grant his fourth victory against five defeats. Grant stymied the Indians on four hits.

Batley drove in what proved to be the decisive run in the first game with a fourth-inning single, then singled across the first run in Minnesota's three-run outburst in the ninth that put the game beyond the Indians' reach.

Tony Oliva hit his 10th homer for the Twins in the first inning while Max Alvis' homer in the sixth was the only run off Jim Kant, who scattered eight hits.

(First Game)
Minnesota 100 100 003—5 8 1 Cleveland 000 001 000—1 8 1

Kant and Batley; Zimmerman (9); Kelley, Allen (9) and Azcue. W—Kant. 5-1. L—Kelley. 2-1.

Home runs — Minnesota, Oliva (10), Cleveland, Alvis (3).

(Second game)
Minnesota 000 000 010—1 3 1 Cleveland 000 000 000—0 4 0

Grant and Batley; Tiant, McMahon (9) and Sims. W—Grant. 4-5. L—Tiant. 4-3.

Giants Replace Hurler Perry

SAN FRANCISCO (AP) — The San Francisco Giants recalled utility player Ossie Virgil, 33, Sunday from Phoenix of the Pacific Coast League to replace their No. 2 pitcher, Gaylord Perry.

Perry severely sprained his left ankle sliding in a game last Tuesday and was placed on the Disabled list Saturday.

Toolson Has 74 to Break Tie, Win Rupert Amateur; Kerbal Falls to Second

RUPERT—Val Toolson of Rupert shot three strokes better than Burley's Woody Kerbal Sunday to break a first round tie and take honors in the gross division of the Championship flight in the first annual Rupert Amateur Golf Tournament. Both fired 70s Saturday over the Rupert Country Club course, but Toolson came in with a 74 Sunday and Kerbal a 77, good enough for second. Don Toolson of Rupert, who had a 71 Saturday skied to an 82 and fourth place behind Mike Robertson of Burley. Robertson had a 151 for the two day meet.

The net division honors of the championship flight went to Tom Church of Burley with a 132. Dr. Gary Simmons of Twin Falls placed second with a 134. Vern Burk, host professional, termed Sunday as a "beautiful day for golf" and added that

Nossek Leads A's Victory Over Orioles

KANSAS CITY (AP) — Joe Nossek doubled in two runs and scored another, making the Kansas City Athletics to a 6-3 victory over Baltimore Sunday.

Right-hander Jim Catfish Hunter held the Orioles hitless until the fifth inning but needed relief help from Jack Aker in the seventh to post his fourth victory in seven decisions.

Nossek sent the A's ahead to stay with his two-run double off loser Jim Palmer in the second. Danny Cater, acquired from Chicago Saturday, led off the inning with a double and Dick Greer walked. One out later Nossek scored both runners with a double to center.

Mike Herzberger delivered a Kansas City run in the third with a sacrifice fly. Larry Stahl singled across another in the fifth and the A's wrapped it up in the sixth on Ken Harrelson's third homer, a walk to Nossek and Phil Roof's triple.

Baltimore 000 021 000—3 7 0
Kansas City 021 012 000—6 7 0
Home run—Kansas City, Harrelson (3).

Two Lead Field in T. F. Golf Tourney

Stan Meyers and Jim McCord toured the Twin Falls Municipal Golf Course with net 62 Sunday to take the first round lead in the Twin Falls Men's Golf Association medal play handicap tournament.

The final round of the tournament will be completed Monday.

Third place also ended in a tie when Ken McLain and Lowell Wills recorded 63s. John Hilday had sole ownership of fifth with 64 and Lloyd Cox and Doyle Dugger had 65 for seventh. Eighth was tied by six golfers at 68. They were Bruce Mechem, Don Hutchings, Cliff Smith, Dale Smith, Elwood Masoner, and Rex Ward.

The association is putting up \$150 in merchandise for the two-day event. Sunday golfers played with foursomes of their choosing, but pairings and tee-off times will be assigned Monday.

Bag Change

BOISE (AP) — Chinook salmon fishermen were reminded Sunday that a change in this year's regulations requires them to count jack salmon less than 20 inches long in their bag limit.

The Idaho Fish and Game Commission said the regulations, which previously allowed salmon less than 20 inches in length to be counted as trout, were changed last fall.

In both cases, the bag and possession limits for salmon and steelhead trout remain the same, but the commission added.

Santo's Homer In 10th Lets Chicago Win

CHICAGO (AP) — Ron Santo hit Billy O'Dell's 3-2 pitch for a home run in the 10th inning Sunday, ending the Chicago Cubs' 1-2 victory over Atlanta.

Santo, who won Saturday's game with a three-run homer in the 12th inning, was the leadoff batter in the 10th and drove the ball into the left-field seats for his ninth homer.

The Braves tied the game 2-2 in the ninth when Eddie Mathews hit a disputed, inside-the-park, home run.

Mathews' drive went to the bottom of the right-field wall at the foul line and bounced away from Billy Williams. The Cubs argued that the ball was foul, but first-base umpire Bob Engel ruled otherwise.

The Braves didn't score off Ferguson Jenkins until the eighth when Mack Jones raced home from third. A second baseman Glenn Beckert threw wild to the plate on Atlanta's attempted double steal.

Freight Rate Reductions Announced

BOISE (AP) — Freight rate reductions of more than 30 percent in some cases were announced today for grain shipments moving into the Magic Valley area in southern Idaho.

The Union Pacific Railroad rate reductions, effective in 30 to 45 days, were announced by Robert L. Henry of Boise, administrator of the Idaho Transportation Council.

The reductions of more than 30 per cent, he said, will be on 120,000-pound car load minimums.

Giving an example of the rate change, Henry said shippers of grain from Idaho Falls to Twin Falls will pay 21 cents per hundred weight, a 12½ cent reduction.

Water Board Concerned on Commission

BOISE (AP) — Grave concern over formation of a Columbia River Basin commission that would necessarily include Wyoming, Utah and Nevada was expressed today in a statement by an Idaho Water Resource Board member.

Dr. Evan Kackley of Boise and Soda Springs said those three states have favored exportation of Columbia River water into the Colorado River system — and they would vote equally with Idaho in the commission. Kackley, a strong opponent of exportation of northwest water, said "there are grave causes for worry."

He had the statement read into the record at a Water Resource Board meeting Friday and distributed it to the press Saturday.

The board earlier had authorized Gov. Robert E. Smylie to initiate Idaho's participation in such a commission.

Son Honored

SHOSHONE — James Haddock, son of Mr. and Mrs. Robert Haddock, sophomore at the College of Idaho, Caldwell, is among students who received honors at the school's annual Awards Assembly.

He received a citation from Scarab, honorary scholastic fraternity.

New officers of the Burley Toastmistress club were installed by Mrs. LeRoy Arrington, Twin Falls, at a meeting in the Idaho Bank and Trust conference room. From left are Mrs. T. Wayne Woodland, president; Mrs. Howard Donaldson, vice president;

Burley Toastmistress Club Installs New Officers

BURLEY — New officers of the Burley Toastmistress Club were installed Tuesday evening in conference room of Idaho Bank and Trust Building.

Mrs. Olin Baker gave the invocation and led the pledge to the flag. Welcome was given by Mrs. LePage Layton, president.

Table topics were directed by Mrs. F. M. Funk using the theme "Control by Law." Mrs. Delta Jones and Mrs. LeRoy Arrington, Twin Falls, were table topic winners.

General theme of the evening was Hawaii. Toastmistress was Mrs. Glenice Stevenson. Speakers were Mrs. Jones, using the

son, vice president: Mrs. Delta Jones, secretary; Mrs. Glenice Stevenson, treasurer, and Mrs. LePage Layton and Mrs. Olin Baker, club representatives.

Outgoing officers were each presented a red rose. New officers were each presented a pink carnation corsage.

Mrs. Layton, outgoing president, was given a past president's pin by Mrs. Woodland, new president, in behalf of the club members.

It was announced that six Burley Toastmistress Club members will attend the International Toastmistress Northern Region Convention, June 10-12 at Salt Lake City with convention headquarters at the Hotel Utah.

The Burley Club will host Council Nine June 13 with place to be announced.

Guests were Mrs. John Bur-ling, Mrs. Grabert and Mrs. Arrington, all Twin Falls; and Mrs. Eva Hatfield, Burley.

ACCUSED U.S. — The Soviet Union has accused the United States of being the main force behind alleged plans to undermine Cypriot independence.

MOGSCOW (AP) — The Soviet Union has accused the United States of being the main force behind alleged plans to undermine Cypriot independence.

Face of Viet Nam 1966 Is Pictured in Town of Hoi An

HOI AN, Viet Nam (AP) — This duty town — with its hand-ful of Buddhist dissidents, barbed wire, helpless leaders and pathetic population — is the face of Viet Nam, 1966.

The pain, hopelessness, fatigue and indifference to the events rocking the country are all here.

Hoi An, about 60 miles northwest of Saigon, is a miniature Viet Nam, with all its problems and lack of solutions.

In the center of the town a handful of destitute soldiers and Buddhist "suicide squads" are locked in a pagoda in what appears to be symbolic resistance to the government of Premier Nguyen Cao Ky.

"Killing" the pagoda, barbed wire have been thrown to isolate the insurgents. But food comes through regularly, carried by old women with shir-veled faces under their big straw conical hats.

"We cannot let them starve — they are relatives of the people of this town," said the local gar-rison commander, Lt. Col. Nguyen Thi Lap.

Machine guns protrude from the pagoda grounds, and mor-tars are in position. So far, no one has used them. Officially, Hoi An is in government hands, and the strange fortress in the town does not seem to disturb anyone.

The men locked in the pagoda are part of Viet Nam's "recent history." They followed slogans, appeals of rebel generals and the impassioned call of a Buddhist chaplain who led a bat-talion of the 51st Regiment "to the rebellion."

The battalion, however, soon disintegrated, most of its men hoping to visit Yugoslavia within the next few months, Radio Bel- grade said today.

The chaplain fled. Some of his soldiers are still in the pagoda. The stark problem of Viet Nam's indecision — of half-hearted protest and clamor for "something new and better" ended in this pathetic "defen-sive perimeter."

"We are letting them stay there, they don't do any harm," said Col. Lap, grimacing.

The dusty streets of Hoi An are lined with barbed wire. Expressionless troops in heavy American helmets, their bol-lers hung with hand grenades, dis-tantly stand watch. Some crouch in the dust.

Over the surrounding coun-try, American planes fly re- lentless missions against the Viet Cong. Somehow, to the peo- ple of Hoi An, this has become a strange war, fought by stran- gers.

A Pentagon spokes- man said the February call for 2,400 physicians begin- ning in July has been trim- med to 1,713 "due to a re- duction in the casualty rate estimates for Southeast Asia."

The spokesman also said more doctors are volunteer- ing for active duty than was anticipated.

Reduces Call

WASHINGTON (AP) — The Defense Department has re- duced by nearly one-third its special draft call for doc- tors.

A Pentagon spokes- man said the February call for 2,400 physicians begin- ning in July has been trim- med to 1,713 "due to a re- duction in the casualty rate estimates for Southeast Asia."

The spokesman also said more doctors are volunteer- ing for active duty than was anticipated.

ANTICIPATES TRIP

BELGRADE, Yugoslavia (AP) — Leonid I. Brezhnev, Soviet-Communist party chief, hopes to visit Yugoslavia within the next few months, Radio Bel- grade said today.

Times-News CLASSIFIED DEPARTMENT

Will Be Closed
MONDAY, MAY 30
For Memorial Day

Please call 733-0931
Saturday before 11:00 a.m.
For Monday and Tuesday ads.

Let's Have A RUMMAGE SALE

Why not? It's very simple. Just gather up clothing, furniture, ap- pliances or any household item that is no longer of use to you and you might not need. Make up your list, sit at the telephone, call 733-0931 and you are in the Classified Department! An ad taker will help you word the ad, explain charges and prove you are on your way to making some good "bad" cash. For more information, place your ad for at least 10 days in advance. (This way you get a special rate.) All very simple, isn't it?

Phone 733-0931
