## Hurricane Alma Moves to Havana After Killing 73

MIAMI, Fla. (AP)—Hurricane Alma, with 73 dead in her soggy wake, sent gale winds into the Cuban capital of Havana today and reached 400 miles outward to lash the Florida Keys with squalls. At least two cities, one on the Cuban coast and another on the Cuban Isle of Pines, were evacuated as the 90-mile winds moved in, pouring torrential rains and churning the sea into massive waves. Even before Alma developed into a tropical storm, the Honduran Weather Service reported, she pounded San Rafael in western Honduras with a 30-inch deluge and left 73 persons dead in a sea of mud.

Gale warnings were hoisted today over the lower Florida Keys from Marathon to Key West. Heavy rain and winds gusting at 40 miles an hour gave warnings to Key West, the state's southernmost city, of the advancing storm.

Winds were expected to reach gale force in the Keys this afternoon or tonight.

A Weather Bureau advisory at 11 a.m. EST placed the storm center 215 miles south-southwest of Havana and 460 miles south-southwest of Miami.

With no weather forces to exert a definite influence on the hurricane's movement, it crawled forward at a six-mile-an-hour pace.

The Isle of Pines was to feel the full force of hurricane wind late tonight and western Cuba by late tonight or early Wednesday.

The Isle of Pines has a big penitentiary jammed with political prisoners of Fidel Castro's Communist regime.

The 6th Missile Battalion, stationed at the base, was alerted. See STORM, pg. 2, col 4

## Students in Panama Call For Campaign

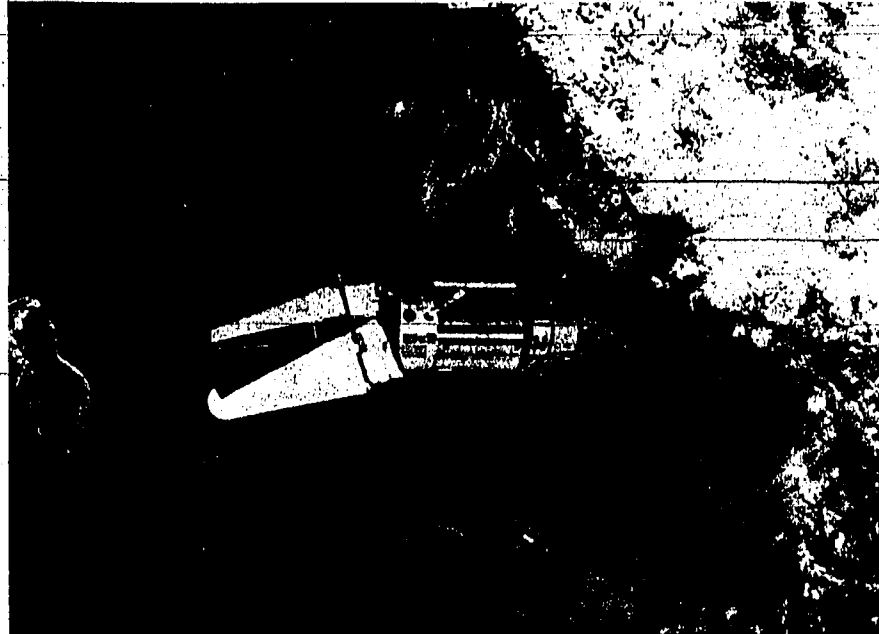

PANAMA (AP)—Student speakers at the University of Panama called Monday night for a street guerrilla campaign against the Panamanian national guard after two students were killed in eight hours of disorders in Colon and Panama.

Guardsmen panned more than 1,000 protesting students into the campus and drove them back with tear gas when they tried to break out.

President Marco A. Robles closed all high schools in Colon and Panama indefinitely, but the autonomous university was not affected.

Forty-nine persons, including nine guardsmen, were injured, and at least 42 were arrested in Colon, Panama's second city at the Caribbean end of the Panama Canal.

Among those arrested was former world lightweight boxing champion Ismael Laguna. Officials said he was seized while firing an automatic pistol at national guardsmen.

## Need for Action on Cracking Dam Cited

Pressing importance of immediate action to remedy the deteriorating condition of American Falls Dam was brought out here Tuesday as directors of the American Falls Reservoir District met to hear a report by an engineering firm on a study of the dam. Board members pointed out that because of its weakened condition, the upper eight feet of the dam was not filled during the fall and winter. This year, which is a short-water year with very little runoff, drought conditions in the area could have been averted considerably had the dam been filled to capacity during the off season.

Filling of the reservoir, including the upper eight feet, would have provided about 400,000 acre feet of water more than is available.

The Bechtel Corp., San Francisco, Calif., had been retained by the Board to make an independent study and a historical study of the dam. The Board of directors had been informed that the Bureau of Reclamation had said a reaction had set in between the cement and the aggregate in the entire American Falls dam and the dam was slowly deteriorating.

The study by the Bechtel Corp. was authorized to make was to confirm, reject or add to these findings. The corporation agreed with the bureau's decision not to fill the upper eight feet of the dam during the fall and winter. The ice which forms back of the dam during the winter exerts tremendous pressure on the face of the dam which is quite narrow.

The concrete in the dam is laid in staggered sections so there is no danger except that the normal safety is not maintained if ice is allowed to form in the upper eight feet of the dam.

The Bechtel Corp. found a reinforcing project would cost in excess of \$500,000. The board is undecided if this reinforcement should be undertaken if the general deterioration of the dam would make it necessary to construct a new dam.

Investigation into the vandalism at Twin Falls High School is continuing, and police said they expect to make more arrests before the week is over.

Probate Judge Zoe Ann Shubb said she will release all the names of persons involved when the investigation is complete and charges have been filed against the persons connected.

Judge Shubb said this will include the name of the 17-year-old boy arrested Friday.

Seamans told an interviewer of the "extremely valuable" experience and knowledge gained in the orbiting exploits of astronauts Thomas P. Stafford and Eugene A. Cernan.

Seamans is deputy administrator of the National Aeronautics and Space Administration. Overhauling all accomplishments of the latest mission, in his view, were the facts that these different rendezvous techniques worked out as planned, and the constantly improving re-entry procedure brought the space vehicle down practically on the button.

Seamans was reluctant to draw any scorecard to show exactly how this country stands in the space competition with Russia.

## Astronauts Begin Recalling Mission

CAPE KENNEDY, Fla. (AP)—The triumphant Gemini 9 astronauts, eager to talk, tackled today the tedious job of recalling for experts the disappointments and successes of a historic three days in space.

Officials want to know every detail, and space twins Thomas P. Stafford and Eugene A. Cernan plan to take 11 days to serve them. All points to the fact Gemini 9—troubled as it was—added to the log of experience needed for man's journey to the moon.

"It was a disappointment in spots," Cernan told friends. "But we did get some real good information, a great deal of experience."

The 32-year-old father of one returned from space the world's champion space walker, and with a direct one-grade promotion by the President to Navy commander.

Cernan and Stafford splashed with amazing accuracy back to earth at 10 a.m. Monday, riding their scorched spacechips to within 3 1/2 miles of the recovery aircraft carrier Wasp in the Atlantic.

They got a jubilant welcome aboard the carrier, then flew to Cape Kennedy in separate planes shortly before 7 p.m. After four days of debriefings here, the pilots will have a happy reunion with their families in Houston, Tex.

The public will hear dramatic details of Gemini 9's orbital chases and Cernan's breathtaking space walk at a news conference scheduled by the astronauts in Houston June 17.

During 72 hours, 21 minutes in space—Stafford and Cernan rolled up a stream of victories that included:

—Cernan's 2 hour and 2 minute cosmic stroll, the longest ever, although 30 minutes shorter than originally planned. His face paled and froze, and he had to ditch a plan to use a super, rocket-propelled backpack to shoot through the heavens.

—Three rendezvous chases after a target satellite, all of which figure strongly in future man-in-space programs, including the one that will someday return men from the moon.

—Their landing demonstrated that two astronauts could steer a spacecraft to a pinpoint landing. In fact, Gemini 9 came so close that many aboard the carrier heard the spacecraft's sonic boom as it broke the sound barrier.

A major setback, though, was the fact Gemini 9 did not get a chance to link to its chase target, shot into space two days ahead of the two astronauts. A shroud failed to eject and expose a cocking "orange" making it look, in Stafford's words, like "an angry alligator."

## NATO Officials Open Annual Spring Meet

BRUSSELS (AP)—Foreign ministers of the North Atlantic Treaty Organization open their annual spring meeting today to discuss measures made necessary by France's withdrawal from the alliance's military command. The ministers also were to discuss a Danish plan to seek a European security settlement with the Soviet Union. This was expected to produce still another fundamental disagreement with France. Following an all-day preliminary meeting Monday, the 14 non-French members of NATO had these decisions ready for French Foreign Minister Maurice Couve de Murville:

1. Belgium agreed to provide a home for the NATO military command, Supreme Headquarters Allied Powers Europe (SHAPE). President Charles de Gaulle has told it to leave Paris by next April 1.

2. The 14 ministers agreed to meet again in October to decide whether to move the NATO Council, the alliance's permanent political body, from Paris. Prodded by the United States and Britain, the 14 reportedly recognized the importance of keeping the political group close to SHAPE for efficiency and security. But Canada and other smaller powers felt its retention in Paris for the time being might facilitate negotiations with De Gaulle on France's future participation in the alliance.

3. The 14 agreed to combine and streamline several other NATO theater commands, to shift them from Paris to the Low Countries or West Germany, to send NATO's Defense College from Paris to Rome and to close up the American office against "Fitzsimmons."

## Meredith Vows Return To March

(See Picture on Page 7)

MEMPHIS, Tenn. (AP)—James H. Meredith, whose civil rights march through Mississippi was stopped by a sniper attack, vowed today that "I shall return and we shall arrive" in Jackson, Miss., in a statement read by a Negro lawyer while he recuperated in his hospital room from superficial shotgun wounds. Meredith added: "I was thinking I had made a mistake not to carry a gun. I could have knocked him off with one shot had I been prepared. My father, who lived in Mississippi, would have been prepared."

Meredith was visited today by two other civil rights leaders—comedian Dick Gregory of Chicago, who made plans to retrace Meredith's path back from nearby Hernando, Miss.; and Dr. Martin Luther King Jr. of Atlanta.

King conferred privately with Meredith in his hospital room. Gregory said he felt Meredith should have had a convoy of federal agents, and said he felt the shooting Monday proved negligence by law-enforcement officials.

Meredith, first known member of his race to enter the University of Mississippi at nearby Oxford amid rioting four years ago, gave his statement to A.W. Willis, a Memphis lawyer who has represented Meredith for years, is the only Negro in the Tennessee Legislature and chairman of the Tennessee Commission on Human Relations.

In his statement, Meredith said he hopes the significance of the early stage of his march—to drum up more registered Negro voters in Mississippi—was not lost when he was ambushed.

The significance, Meredith said, was in his reception by Negro residents of Hernando, the only town of any size which he passed through before he was shot. Hernando is about 20 miles south of Memphis.

"Hundreds of Negroes lined up to see me," he said.

Dr. George P. Scholer, 57, well known sportsman and civic leader in Twin Falls, died unexpectedly early Tuesday morning at his summer home in the Boulder View area, north of Ketchum, presumably of a heart attack.

An optometrist in Twin Falls since 1933, he was graduate of the University of Southern California in 1931 and started his practice in Burley that same year. He served as president of the Idaho State Optometric Association for three years and was a member of the American Optometric Association.

An active sportsman and Scout leader, Dr. Scholer was a past president of the Idaho State Wildlife Federation, and belonged to the Southern Idaho Fish and Game Association, advisory board of the Forest Service and the Snake River Boy Scout Council for which he served two terms as president.

He received the Boy Scout Silver Beaver award. An active member of the Presbyterian church, he taught a day school and was a deacon and former elder in the church, as well as singing in the church men's chorus. He formerly belonged to the Burley Rotary Club and Twin Falls Lions Club.

Dr. Scholer belonged to the Twin Falls Lodge No. 45, 1,183, Twin Falls Lodge No. 45, AF and AM, and the Odd Fellows lodge.

He was born March 7, 1909, at Spokane, and married Edna Fowles June 5, 1935, in the Burley Presbyterian Church.

Survivors besides his widow, include his mother, Mrs. Esther See DR. SCHOLER, pg. 2, col 7

## Smylie Asks Soil Bank Land Release

BOISE (AP)—Gov. Robert E. Smylie asked the U.S. Department of Agriculture Monday to release soil bank lands in Ada County where cattle men said drought and wind have severely damaged forage crops and pastures.

The Governor made the same request for Washington County last week after ranchers there reported "extreme drought conditions."

Because of dry weather conditions over Southern Idaho, Smylie said he expects ranchers to request soil bank land withdrawals throughout the summer.

Approval of the requests would mean that ranchers could reclaim retired lands for use only for livestock grazing. Smylie advised livestockmen that soil bank lands are easily withdrawn, but it is necessary first to request approval through county agricultural stabilization and conservation offices.

IS PERSONS KILLED  
SEOUL, South Korea (AP)—Fifteen persons were killed and 44 others seriously injured Monday when a bus plunged down a 100-foot cliff, near Chonju, 100 miles south of Seoul, police reported today.

Theron W. Ward, 11th District Court Judge, addressed the group following a no-host lunch on Monday. He told of the proposed updating of Idaho's judicial system, including doing away with lower courts and handling all cases through the probate court.

He stressed the importance of enacting legislation on this matter and said the plan is scheduled for realization by January, 1969.

Secretary of State L. E. Campbell, former warden at the Idaho State Penitentiary, told of importance of the civil rights of inmates in the prison. Fred Abrams, training officer at the state's penal institution, told of personal problems confronted by inmates and officials dealing with them.

The need of more personnel in the Fish and Game Department was pointed out by Hawley Hill, Boise. He also told of problems of game protection and duties of the conservation officer.

Charles Bonny, of the motor vehicle branch of the Department of Law Enforcement, discussed the point system of punishing traffic violators.

## City Set to Eliminate Rationing of Water

Twin Falls residents apparently are going to be able to water their lawns to their heart's content this summer. This good news was reported to the City Commission Monday night by City Manager H. L. Derrick. Derrick said the large water mains now being installed in the city will improve the distribution system so that alternate-day rationing, in effect the last several years, will not be necessary this summer—except in case of emergency. The commission instructed City Attorney William J. Langley to prepare an ordinance repealing the lawn sprinkling ordinance. The water main installation project is 80 to 90 percent complete, Derrick declared.

Others items approved at the meeting were installation of a water line for an industrial site down Eastland Drive toward the sugar factory, and a plat for the College Terrace Subdivision.

Commissioners Calvin G. McIntyre, R. George Bennett and Frank H. Feldman were appointed to study out-of-town sewerage and to determine how far they should extend and how many people can hook onto them.

Egon H. Kroll, chairman of the City Commission, was unanimously elected the official delegate to the Idaho Municipal League Convention at Coeur d'Alene July 14-16.

Applications for building permits and licenses were read and approved.

John Laraby, a fireman who was injured recently, was approved for re-employment by the commissioners. Dr. Ellwood T. Rees stated that Laraby passed his physical examination and was ready to return to work.

Commissioner John K. Angerhauser introduced Carolyn Olmstead, a delegate to Girls' State. She is the daughter of Mr. and Mrs. Neil Olmstead, Route 2, Twin Falls.

The Urban Renewal Program was discussed, and plans were made to give the public more information about it.

The meeting was adjourned at 10:10 p.m.

## Bus Strike Closer To Settlement

SAN FRANCISCO (AP)—Negotiators seeking to end the three-week-old strike of Western Greyhound Lines employees in 11 states moved one step closer to agreement Monday with tentative settlement on pensions.

The agreement would give drivers who retire at the age of 60 with 30 years service half their regular pay, or about \$5,000 a year on the average.

The strike began May 15 and has cost the company \$500,000 in lost revenues.

PRESIDENT RETURNS  
WASHINGTON (AP)—President Johnson flew back today from a weekend stay at his Texas ranch following the graduation of daughter Lynda, 22, Saturday from the University of Texas.

The College of Southern Idaho received the largest of four federal grants totaling more than one third of \$1,000,000. Sen. Frank Church, D., Idaho, announced Tuesday.

The Magic Valley Institution was awarded \$240,244 to assist in construction of an academic building. Total cost of the project is \$488,800. Idaho State University, Pocatello, received a \$3,454 grant and Northwest Nazarene College, Nampa, received \$2,750 grant. Both of these grants are for the purchase of closed-circuit television equipment for classroom use.

The Idaho State Health Department received \$130,000 from the U. S. Public Health Service to assist in the Idaho Maternity and Infant Care Program.

# WHIRLIGIG

WASHINGTON — Hubert Humphrey is not looking back wistfully to the days when he was the darling of the way-out, left-wing radicals. Sitting in his king-size office in the baroque old State Department building, only a holler from the White House, the vice president flatly rejects the New Left's attempts to equate the war in Vietnam with the civil rights struggle here at home.

"Viet Nam is an international civil rights issue, all right," says Humphrey, "but not in the sense some civil rights leaders insist on seeing it. Civil rights here in America are an underprivileged people, and civil rights leaders should be on their side, not seeking to explain the other side."

## Why Tuxedos?

There was something of a stink in the California Central Valley community of Dos Palos when it was learned that federal funds would be used to rent tuxedos for 16 students attending the Junior-Senior Prom. Principal Neil Nordstrom didn't stutter when he explained that \$232 would be spent to rent tuxedos and pay for prom dinners for the 16 students. "This money comes under the Elementary Secondary Education Act," he explained. Somehow false reports have gotten out that the money was from anti-poverty funds. This is just not so.

The principal went on to explain that the 16 boys in question "are from needy, deprived families. This will be part of their training in etiquette, manners and cultural improvement." One can't help wondering just how much permanent benefit will accrue to any one of the 16 boys because he got to wear a rented tuxedo for one evening.

The big question is just why in tunkel did the youngsters have to have tuxedos in the first place? Even the ones who could afford them.

The ordinary man can go through life without ever feeling the need for a tuxedo. Perhaps a tuxedo is a necessity in the upper circles of business and industry. Certainly it appears to be necessary for entertainers and those constantly in attendance in the dinner circuit of metropolitan areas. But for the ordinary person, a tuxedo still had to be rented as a luxury. For the "needy, deprived families" which concern Principal Nordstrom, a tuxedo isn't a luxury. It's an outrageous waste of money that could be used to much better advantage.

It's ridiculous for youngsters to plan a high school event at which admission is restricted only to those who can afford a tuxedo or formal dress. Certainly the youngsters like to "dress up" and look classy for an evening. But dress should be specified as optional, formal for those who have the means and/or desire while still being semi-formal for others.

In this respect, parents and school administrators could provide valuable guidance. If they would. Besides, parents and school officials probably are far more conscious of dress than the youngsters themselves.

If Principal Nordstrom was so concerned about "training in etiquette, manners and cultural improvement," it would seem his school could have accomplished a good deal more along that line during the regular school year. It's doubtful that a junior-senior prom would come up with much of lasting benefit. Getting down to brass tacks, the tuxedo rental caper was just one more way local school authorities have dreamed up to spend ever-increasing showers of federal funds.

## WELL-EARNED HONOR

Wilford H. (Bill) Herrett, Filer manufacturer, could have been the only person who was surprised when he was designated Idaho Small Businessman of the Year. Certainly no one in Filer was surprised by the award. As Herrett's Acme Machine Works has grown in importance to the community, Filer residents have become convinced that Mr. Herrett is a businessman without peer.

The high regard is shared widely. A close friend admirably labels Mr. Herrett as a genius, and the term isn't questioned. Employees at the Acme plant recently voted to reject union representation by more than a two-to-one margin. There couldn't be any better illustration of the high regard in which Mr. Herrett is held.

In announcing the selection of Mr. Herrett for the honor, it was pointed out his business has grown from a small, one-man blacksmith and machine shop in 1947 to a plant of 60 to 85 employees and a payroll in excess of a quarter of a million dollars annually. No one who knows Mr. Herrett would imagine that the company's growth will stop there.

Bill Herrett may be a genius in the manufacture of metal products, but he's also quite evidently a man of perseverence, vision and imagination. What other explanation is there for a man who builds a nationwide business from a one-man operation? And what other explanation is there for a man who builds that business in a place rather far removed from his sources of raw material?

Filer is justly proud of Mr. Herrett, a pride that should be duplicated throughout Magic Valley. Make no mistake, the wide publicity given Mr. Herrett and his well-earned honor will bring plenty of favorable publicity to Filer and the whole valley.

If Magic Valley residents should want to look only at what Mr. Herrett has given to the area to date, they'll still have to be impressed by a plant that employs upwards of 85 persons. Now it's time to give Mr. Herrett something — applause, praise, congratulations and a great big "thank you." It's little enough in exchange for what he has done for Magic Valley.

# WHIRLIGIG

WASHINGTON — Hubert Humphrey is not looking back wistfully to the days when he was the darling of the way-out, left-wing radicals. Sitting in his king-size office in the baroque old State Department building, only a holler from the White House, the vice president flatly rejects the New Left's attempts to equate the war in Vietnam with the civil rights struggle here at home.

"Viet Nam is an international civil rights issue, all right," says Humphrey, "but not in the sense some civil rights leaders insist on seeing it. Civil rights here in America are an underprivileged people, and civil rights leaders should be on their side, not seeking to explain the other side."

— NO FREEDOM UNDER COMMUNISM —  
"These people are seeking freedom. Freedom from the old colonialism, from the new Communism exported by Red China. We should remember that Communism never protected anybody's rights — black, white or yellow. The Reds are the implacable, mortal enemy of human freedom and dignity everywhere — the kind of freedom and dignity the Negro at last is beginning to enjoy here in America."

An interviewer gets the impression Humphrey is saddened by the defection of some of his former supporters on the liberal side — but that is all. Clearly, he has no plans to make up to them by altering his viewpoint.

"My position on Viet Nam is a position of principle," Humphrey says, "and there is the same ring in his voice that was there in the old days when he was leading the liberal advance guard. They position requires a good deal of sacrifice of convenience and popularity, but I'm not going to change it. I'm too old to turn my back in principle — I always was too old for that. I'm not going to change my position for the sake of convenience."

CITES OREGON VOTE — In that connection, Humphrey is wryly amused by the apizing reappraisal of the recent primary elections by some political pundit in print and on the air. As he sees it, they seem to be taking the position that Lyndon Johnson can't be permitted to win one.

Humphrey cites the victory of Rep. Robert Duncan, an all-out supporter of the President's Viet Nam policy, in the Oregon Democratic primary for U.S. senator, before the primary. "Humphrey notes, 'Everybody was saying that a defeat for Duncan would be a defeat for Lyndon Johnson. But when Duncan won, those people had some second thoughts and decided that his victory had nothing to do with the Viet Nam war but resulted from his greater popularity. If Duncan had lost, of course, the headlines would have read 'Johnson Repudiated!'"

OPPOSITIONS CHANGE THE SUBJECT — The vice president also recalled that Mayor Robert-High of Miami, who won the gubernatorial nomination from Gov. Haydon Burns, was another candidate who backed the Johnson Viet Nam policy. "But you'd never know it to hear some people talk," he says. "Now they're saying the only issue was racism. Well, racism was one of two major issues, the other being the Johnson policy in Viet Nam."

Humphrey is shy of discussing his political rivalry with Sen. Bobby Kennedy. But sometimes he can't resist a sly poke at those around him. He notes that Abe Beame, the Democrats' mayoralty candidate in New York City, was endorsed by President Johnson, Kennedy and himself. "Yet when Beame and Bobby campaigned for Beame, Humphrey noted, not a Bobby Kennedy defeat. How interesting."

Tomorrow: Humphrey discusses some possible presidential candidates — including himself.

## Views of Others

### JOINT JAIL?

Bonneville County Sheriff Lester G. Hopkins, in a letter to the Idaho Fair League of Women Voters, expressed a continuing, considerable concern here—the lack of adequate jail facilities.

This is particularly true for detention of juveniles, as Sheriff Hopkins pointed out.

The city has the same problem. The city has a "tank" which is difficult to police, and two upstairs cells used for juveniles and women. One cell obviously is most inadequate some days for juveniles.

In the county, the principal reception center for wayward youth, the present facilities accommodate only three persons. The Probate Court as the sheriff pointed out, has a waiting list of offenders for the use of the detention room, and there is no facility for girls.

Sheriff Hopkins proposed new jail facilities for the entire county—juvenile and adult.

May we go one step further, May we recommend the examination of a plan to develop joint jail facilities, for both juvenile and adult, for both the city and the county.

Bonneville County and Pocatello are now considering such a joint facility.

Not only are jail facilities decidedly needed, but a joint facility can be operated more efficiently and at less cost. Presently, both city and county have to employ dispatchers and control officers. Two dispatchers could serve for both city and county in one facility except for emergency conditions. The city also has to cater its prisoner food while the county prepares its own. A kitchen for both would also be more efficient.

In this consideration, eventually a joint law enforcement building and jail facility is worth stating it through up to the city and county.

This, of course, is part of a parcel of the more effective total picture—an eventual city-county building. The county was not interested when the city approached the subject a few years ago. The city subsequently bought the Smith Building on C street and converted it into a jail. But the time will surely come when both value and practicality will come on us. Why not make a beginning with a joint jail facility at a place where larger things can come later? It's worth the thought.—Idaho Falls Post-Register.

### HALF-A-PENNY FOR GOOD REPUTE

To reduce litter along highways in stream beds and in parks, we have been pondering edible beer bottles and cans or at least soluble ones. Until some inventive soul perfects such a container, however, we commend to all concerned the successful program of the Coors brewery in the line of the 11 Western states in which it has been operating.

Coors pays a penny for each bottle and can returned. This really costs it only half a cent. The recovery rate is said to have reached 85 per cent. Last year 104,000,000 bottles and more than 14,000,000 aluminum cans were turned in. In all, this contributed considerably to the spending money of the young people.

It may have done as much for the brewery's favorable "image" as for the enhancement of Western economy.—St. Louis Post-Dispatch.

## Interpreting The News

By JAMES MARLOW

### POT SHOTS

IT BEGAN THAT WAY!  
I had a flat tire out in the country the other day and had to wait a long time before a nice man stopped and changed the tire for me.

While I was waiting, I thought it would be wonderful if tires were made so they wouldn't get flat. And then I thought, what seems to be a growing disappointment.

But the poll results must be disturbing to a man who likes to feel he has broad public support for his actions before he acts. Consensus, calls it. He had it in 1960, a blunder time then. In that first year after his election Congress, overwhelmingly controlled by his Democrats, listened to him dutifully and responded with the most productive legislation ever in history.

He isn't having the same sleighride now. In the meantime two things above all happened: The United States got up to its neck in Viet Nam, where factional chaos sometimes makes American help look ludicrous, and the criticism of American involvement and Johnson's leadership took on big dimensions.

Johnson had a choice. He could have tackled his critics head-on, say with a direct appeal on television or let his top aides do the answering. He chose the second course which has been much less than fully effective.

His own explanations have been in speeches and news conferences, sandwiched in among other things, and his aides, trying to state the administration's case to Congress, got hanged and interrupted by critics.

Perhaps Johnson hoped as weeks and months passed the war would take such a happy turn that the critics, and the doubts and discontent set ablaze by them, would be rendered meaningless. Instead the war got worse.

Q — When cobalt treatments are given do the cobalt rays destroy only the tumor cells or do they also destroy healthy cells in the area?

A — Although the healthy cells are more resistant to radiation than most tumor cells, healthy cells are also damaged by rays of cobalt-60. That is why the placement of the needles and the duration of the treatment must be carefully controlled.

Q — What is lymphosarcoma? Is it related to leukemia?

A — This is a type of cancer that may be found in different parts of the body. Another name for it is Hodgkin's disease. It resembles leukemia in that it involves the lymph nodes and is sometimes characterized by a high white blood cell count.

Q — What are the symptoms of bone cancer? Can you have this without having cancer in any other part of the body?

A — The symptoms vary. There may be pain in the bone and a hard swelling or the bone may become eroded and break with a minimum of trauma. Some cancers start in a bone and spread to other parts of the body, but many bone cancers are an offshoot from an initial cancer in some distant part.

Q — My father died of a sarcoma that affected the bones in his legs. What is the cause of this disease? Is it hereditary?

A — The cause of osteosarcoma is unknown. This is a very malignant type of cancer but it is not hereditary.

Q — About a year ago I had a Pap smear. It was abnormal. Although microscopic examination of the removed uterus showed the presence of cancer the doctor believes he got it all but he wants me to have a checkup every three months. How can a Pap smear show whether the cancer has spread elsewhere in my body?

A — The Pap smear will not show cancer in other parts but should be done to determine whether there is any malignant change in the operative scar. If a change is found, prompt removal or cobalt needles would give you the best chance for a cure. Your checkup should include a physical examination as well as a Pap smear.

# MARQUIS CHILDS WRITES ON WASHINGTON

WASHINGTON — As he mastered the technique of the press conference, the late President Kennedy went from the humorist to the yokel.

He asked the commission to try once again, this is unlikely. When, therefore, the delegates meet in the palace of the old League of Nations at Geneva, they will know time is running out. What must seem astonishing in light of the endless exchanges over the years is how unsure the two principal powers are in their respective positions.

Americans ask, as they have repeatedly for nearly three years, whether the Russians really want a non-proliferation treaty. Or is the whole business of advance and retreat, hope raised high and hope dashed, only a device to drive a wedge between Germany and the United States and further fragment the Western Alliance?

Something new has been added. Alexei Roschin has replaced Samyon V. Markin as head of the Soviet delegation. Even presidential senators who visited the commission sessions earlier this year — Stuart Symington of Missouri was one — were convinced that Roschin, in contrast to his predecessor who played the old propaganda record, wants a treaty.

The Russians will not, of course, accept any degree of German participation in NATO's collective control and possible use of nuclear weapons. No German finger on a shared trigger. Consultation, yes, if it is not too openly advertised. This is where skepticism within the government here persists. Isn't it certain, as the question is put, that the so-called German threat will be used to raise the two nuclear giants, the United States and the Soviet Union, cannot agree on the terms of a treaty, the issue will be passed

increases to 3.2 per cent a year. Just a couple of weeks ago AFL-CIO President George Meany, more and more critical of Johnson's administration, announced: "I don't buy the idea that labor needs the Democratic party."

Negroes are pushing for more and more action; although Johnson while as a senator and president has done more to push through civil rights legislation than any man in this century. Inflation, or the danger of it, is a problem. The United States has its hands full trying to reorganize the North Atlantic Treaty alliance. Johnson is under pressure to be nicer to Red China, which just hisses.

The best break Johnson has had so far in 1964 is that critical trouble has not broken out elsewhere around the world while the United States is bogged down in Viet Nam.

The nuclear calendar plays some odd tricks. By sheer coincidence, on June 14, when the disarmament commission resumes its work, the late Bernard Baruch proposed to the United Nations Atomic Energy Commission the American plan for strict, veto-proof international control of the dread force science had unlocked in splitting the atom. "We are here," Baruch said on that momentous occasion, "to make a choice between the quick and the dead."

The march of events in two decades has seen, with the exception of the nuclear test ban treaty and the limited application, the unimpeded spread of nuclear weaponry. America then had a monopoly. Thanks in part to traitorous men such as Klaus Fuchs, the Soviet Union got the bomb first in advance of America. Then came the Chinese, with help from this country.

Short of a greater effort at Geneva, the list in a few years will be 10 or 11 or 12 and the bottle will be forever out of the bottle.

she is. A — Using the term "idiot" loosely is a popular indoor sport but not one to be taken seriously. A true idiot has an IQ of 20 or less and is not able to dress, feed or bathe herself. If you called a true idiot by that name, she couldn't care less.

WEST'S DOUBLE IS PUNISHED  
North was on his way to a slam after his partner responded two spades to the Stayman two-club bid. His use of Blackwood was a check to make sure that his partner would hold an ace.

Frank Long, one of our best dummy players but he needed all his skill plus the information given by West to bring this one home.

He drew two rounds of trumps, led a heart to dummy's queen, cashed the king of hearts, ruffed his low heart dummy's card to his hand, with a third trump and discarded two of dummy's diamonds on his last trump and the ace of hearts.

West discarded the queen of diamonds on the last trump but had expected to discard when Frank led the last heart. He let his three clubs go.

He hoped Frank would play him for the blank ace of diamonds, but no one gets far trying to fool a player of Frank's caliber. Frank ran off four club tricks and conceded a diamond trick.

CARD SENSE  
The bidding has been:  
West North East South  
2 ♠ 3 ♠ 4 ♠ 1 ♠  
3 ♠ 4 ♠ 5 ♠ 6 ♠  
You, South, hold:  
AQ953 ♠ 432 ♠ KJ75  
What do you do?

A — Pass. Your partner will look at his own 13 cards and decide for him by a five-spade bid or a double.

TODAY'S QUESTION  
West passes and your partner bids two diamonds. After your one-spade overcall. East bids two hearts. What do you do?

## Miss Byington, Hadley Wed in Temple Rites

Janet Kay Byington, daughter of Mr. and Mrs. Delmer Byington, Twin Falls, became the bride of H. Stanley Hadley, Emmett, in LDS Temple rites solemnized May 6 in Idaho Falls.

President Wilford Smith officiated at the double ring ceremony. The couple was accompanied to the temple by friends and relatives.

A wedding reception was held that evening at the LDS Elgith Ward Cultural Hall. The reception line was formed under a decorated arch of pink and white roses.

The bride wore a floor-length gown of white brocade designed by her mother, fashioned with a fitted waistline and a rounded neckline embroidered with seed pearls. A pearl trimmed tulle held her elbow-length veil of nylon tulle. She carried a bouquet of pink carnations and white rosebuds.

Maid of honor was Laura Hadley, sister of the bridegroom. Bridesmaid was Janet Kunder, roommate of the bride. Linda Byington, sister of the bride, was junior bridesmaid.

Steven Hadley, twin brother of the bridegroom, was best man.

The bride's table was decorated in pink and white and centered with a three-tiered wedding cake decorated with pink roses and topped with a miniature bride and bridegroom.

The cake was baked and decorated by Mr. and Mrs. Eugene Poulter, Filer. Mrs. Max Parkinson and Mrs. Keith Willyard, former roommates of the bride, served the cake and punch. Assisting with the refreshments were Mrs. Jay Buhler, Mrs. D. Dillon, Mrs. Milton Hackett and Sherry Card.

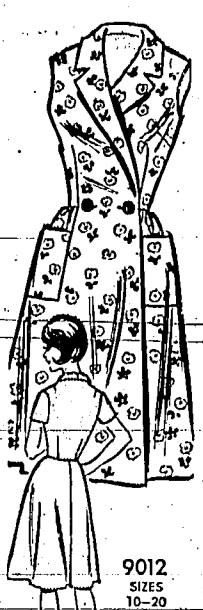

Gifts were displayed by Dinna Thorbeck, Joyce Johnson and Darlene Myroie. Mrs. Leonard Parkinson was in charge of the guest book.

Laver B. Thorbeck was master of ceremonies for the program. Prayers were given by Bishop A. E. Larson and Leon Hammond.

The bride and bridegroom were honored at an open house May 7 in Emmett. A pre-nuptial shower in honor of the bride was hosted by Mrs. Douglas Brown and Mrs. Eugene Sturgill.

After the couple is graduated from the college in spring, they will reside at Jackson Lake Lodge, Moran, Wyo., for the summer.

**BODY FOUND**  
RIRIE, Idaho (AP)—The body of a Salt Lake City man who drowned last winter was recovered from the South end of the Snake River lake Monday.

He was identified as Raymond King, 30. The identification was made by Dr. Hazel McGaffey, Bonneville County coroner.

The body was found by two fishermen, Mr. and Mrs. Gary Cates of Mila, Idaho. Bonneville County sheriff's officers made the recovery.

**APPOINTMENT MADE**  
BOISE (AP)—Appointment of Victor Durden of New Meadows as a member of the advisory council for the Idaho Department of Commerce and Development was announced Monday by Gov. Robert E. Smylie.

Smylie said Durden's appointment fills a vacancy left by the resignation of A. L. Barnes of Lewiston.

**ADVERTISE IDAHO**  
BOISE (AP)—The "Idaho Is What The Rest Of The World Would Like To Be" advertising campaign is boosting requests for information on the state.

The Department of Commerce and Development said 345,652 requests for literature on Idaho's industrial potential and vacation offerings have been answered during March and April.

**PRESS FOR ANSWER**  
BOISE (AP)—The anti-sales tax Greater Idaho, Inc., pressed the Idaho attorney general's office today for a specific answer on who can sign its nominating petitions for independent candidates.

Greater Idaho President Philip Jungert of Lewiston, who has indicated the group plans to run a slate of independent candidates, may sign petitions for independent.

Idaho law prohibits such signing on the principle the signer would be nominating two candidates.

**Africans Asked to Meet Obligations**

**STELLENBOSCH**, South Africa (AP)—Sen. Robert F. Kennedy said today he expects to meet with South African students to meet what he called "our obligations to all those who need our help, whatever their nationality or the color of their skins."

His words were directed at about 270 students who had been admitted to Stellenbosch University, a citadel of South Africa's apartheid (racial segregation) policies.

Monday, the visiting New York Democrat urged students at Cape Town University to work for an end to their government's racial segregation policies and "strip the last remnants of that ancient, cruel belief from the civilization of man."

He spoke in the same vein at the Stellenbosch campus, where he was in the residence hall. The university is 30 miles east of Cape Town.

**Death Takes Mrs. Cranney**

**BURLEY**—Mrs. Janice M. Cranney, 37, died Monday at St. Alphonsus Hospital, Boise, of cancer. She had lived here for many years, moving to Boise last January.

She was born May 20, 1929, at Oakley and was graduated from high school there and attended Brigham Young University, Provo. On Oct. 11, 1949, she was married to Lex G. Cranney in the Salt Lake City LDS Temple.

After their marriage they lived in Burley until January, 1966, when they moved to Boise, where she had lived since. She was an active member of the LDS Church and had worked in the Relief Society, Sunday school, MIA and was a Cub Scout den mother.

Survivors include her husband, Lex; one daughter, Ann Cranney and two sons, Jerry Cranney and Donald Cranney, all Boise; mother, Mrs. Annie Mercer, Oakley; one sister, Mrs. Marjorie Evans, Portland, and one brother, Winston Mercer, Provo.

Funeral services will be conducted at 2 p.m. Friday in the Burley LDS Seventh Ward chapel by Bishop's Counselor.

**POWER DISRUPTED**  
MOSCOW, Idaho (AP)—A tree fell into a 110,000-volt transmission line near here Monday, knocking the line out of service and disrupting electrical service in northern Idaho for the third time in less than a week.

The power failure Monday occurred in exactly the same area between south of Moscow and Grangeville that went without service for some three hours last Thursday.

The first breakdown, caused by a lightning strike, disrupted service to some 10,000 homes and businesses.

**MAN CHARGED**

BOISE (AP)—An assault with a deadly weapon charge was filed Monday against a Boise man police say shot his roommate in what they called a "brawl."

Reuben Stokes, 43, was being held for arraignment on the charge Monday afternoon. His alleged victim, Charles Higgins, 40, was recovering in a Boise hospital with a stomach wound.

Detective John Boehm said Stokes told police he shot Higgins when Higgins threatened to hit him with a chair. Boehm quoted witnesses as saying there long had been friction between the two men.

**Young Demo Head Notes Water Issue**

Retention of Idaho water for use in Idaho is of utmost importance to residents of this state and Magic Valley, according to S. A. Kolman, president of the Magic Valley Young Democratic Club.

In a prepared news release Kolman said, "For the past two weeks it has become increasingly obvious in Southern Idaho that our livestock and farm economy is in serious trouble from drought. By election time in November the problem of water development will be one of the principle campaign issues in this state."

"No less a political figure than Mary Brooks, Republican National Convention chairman, and state senator from Blaine County, has recognized Southern Idaho as a potential disaster area. Indeed, now South Idaho counties, including Twin Falls County, are already contemplating application to the federal government for designation as disaster areas."

Kolman said he feels a gubernatorial candidate must understand and "make clear" his position on Idaho water and irrigation problems. The only two persons to have done this, according to Kolman, are Lloyd J. Walker and Cecil Andrus.

Kolman said Walker has spoken out sharply in opposition to transfer of Columbia Basin water to the Southwestern states, and for immediate development of surface and subterranean water in the state of Idaho.

On the other hand, Kolman said the folks Andrus proposes to store water in North Idaho reservoirs for sale to Southwestern neighbor states, is an unsatisfactory solution to the problem.

Kolman said, "I am today writing all gubernatorial and congressional candidates requesting that their positions in regard to transfer of Columbia Basin water be made public. Each delegate to the state convention must, in order to vote intelligently, be fully aware of each candidate's position in relation to development of Idaho water resources."

Kolman said each delegate must consider carefully whether the public record of any particular candidate is acceptable to the citizens of Southern Idaho.

"Please do not cast your ballot without first obtaining this vital information," Kolman said.

Newell Nelson, Final rites will be held in the Oakley Cemetery. Friends may call at the Payne Mortuary Thursday afternoon and evening and Friday until time of services. The family suggests memorials to the American Cancer Society. They may be left at the mortuary.

## Man, Wife Establish New Flight Record

MANILA (AP) — A flying American rancher and his wife today set a new world record for a round-the-world flight in a light plane.

To the cheers of some 200 Filipinos, Robert and Joan Wallick landed at Manila airport five days, six hours, 16 minutes and 40 seconds after they left it.

The previous light plane record of eight days, 18 hours, 35 minutes and 57 seconds was set by Conrad, the flying grandfather, in 1961.

The Wallicks, who live on a ranch at Big Horn, Wyo., piloted a twin-engine Beechcraft Bonanza.

The Wallicks were only six minutes and 40 seconds behind schedule at the end of their 23,629-mile flight.

Mrs. Wallick looked fresh and relaxed as she stepped from the plane and waved to the crowd. She said she wanted a bath and a chocolate malted.

## Pilot Failure Is Cited as Crash Cause

WASHINGTON (AP) — The Civil Aeronautics Board has cited pilot failure as the probable cause of the crash of a Boeing 727 jet at Salt Lake City last Nov. 11 that killed 43 persons.

In its unanimous report, the board said Capt. Gale C. Kehlmeier failed to take timely action to arrest an excessive descent rate during the landing approach.

The United Air Lines jet struck the ground 135 feet short of the runway threshold at Salt Lake City Municipal Airport, the board said, and skidded about 2,838 feet on its nose gear and bottom fuselage. It caught fire.

The board said the plane's rate of descent during the final approach, about 2,300 feet per minute, was nearly three times the recommended rate, and the plane still was above the normal glide slope.

It said continuing the approach under these circumstances "was not only contrary to recommended procedures, but well beyond the parameters which are expected of a prudent pilot."

The board said training records of Kehlmeier, a 24-year veteran with the airline who had accumulated 17,743 hours of pilot time, "indicated a pattern of below-average judgment, as well as a tendency to deviate from standard operating procedures and practices."

Kehlmeier, who lives at Denver, Colo., could not be reached for comment on the CAB's report.

The investigation showed no significant malfunctioning of the aircraft or any of its components, the board said. It added that if power had been applied at the proper time the plane could have made a normal landing.

The airliner carried 85 passengers and a crew of 6. All crew members and 42 passengers survived.

The board said impact of the crash did not produce any traumatic injuries which would have precluded the escape of every passenger. It added that the passengers' race for the exits prevented the stewardess from reaching her assigned duty station for evacuation.

## Republicans Oppose Raising U.S. Debt Limit

WASHINGTON (AP) — Key House Republicans say they will oppose raising the national debt limit from \$328 billion to \$330 billion for the year beginning July 1.

The eight-GOP members of the Ways and Means Committee said Monday in a minority report on the debt ceiling bill that support of the bill would endorse what they called fiscal deception by President Johnson's administration.

If no legislation is approved, the limit automatically will drop to \$285 billion. The administration had asked for a \$332 billion ceiling.

## Mrs. Carl's Funeral Held

HAILEY — Funeral services for Mrs. Jack (Gladys) Carl were conducted at 2 p.m. Monday at the First Funeral Home by Rev. Eric Jungbauer, pastor of the Community Baptist Church.

Garth E. Sims was soloist and Mrs. Roberta McKorcher was organist.

Active pallbearers were Harmon Harding, L. E. Oates, John O'Crowley, Lee Jones, J. E. Leichter and George Allen. Honorary pallbearers were Frank Hewitt, Claude Porter, John Reeder and Del Panting. Last rites were held in the Hailey Cemetery.

## Baker Trial Is Set for January

WASHINGTON (AP) — The Bobby Baker income tax evasion trial has been postponed until Jan. 6, 1967 — nearly two months after the November elections.

The former secretary to Senate Democrats has pleaded innocent to a nine-count indictment charging him with conspiracy, tax evasion, theft, transportation of stolen money and fraud.

## Improved

MIAMI, Fla. (AP) — June Clark appears to be gaining ground in her months-old battle against sneezing.

The 17-year-old girl, who had been sneezing as often as once every five seconds, now sneezes only every 8 to 10 minutes, her father said Monday.

June has improved since she awoke from a chemically induced sleep. She had been put to sleep at a hospital in hopes the treatment would alter the reflexes believed to have caused the sneezing since early January.

## 40 Men to Resume Hunt For Lost Boy

LAS VEGAS, Nev. (AP) — A team of 40 men was expected to resume the search today for a 6-year-old boy missing 10 days on snow-capped Mt. Charleston.

More than 300 men have spent the past week looking for the boy, Larry Jeffrey, of nearby Henderson, Nev.

Clark County sheriff's deputies said chances were slim that Larry, dressed only in blue jeans and a short-sleeved shirt, survived near-freezing temperatures at night.

Larry wandered away from his brothers May 28.

## 382 Cubans Given Visas For Games

WASHINGTON (AP) — Granting of visas to 382 Cubans to participate in the 1966 Central American and Caribbean games in Puerto Rico does not represent any softening of U.S. policy toward prime minister Fidel Castro's Cuban government, officials said today.

Officials said the visas were approved because of the International Olympic Committee's strict nondiscrimination rules. If the United States had not agreed to admit Cuban competitors to the Rio de Janeiro June 11-25 games, they said, it would have jeopardized the U.S. position in the Olympic system.

Basic U.S. policy toward Cuba calls for isolating the island to the fullest extent possible from contact with the outside world. Announcement of issuance of the visas by the U.S. Embassy in Mexico City was made last week. The policy decision to admit the Cuban athletes, coaches and trainers to Puerto Rico had been announced earlier.

Four years ago the United States admitted Olympic competitors from Communist East Germany to take part in the Winter Olympic games in this country although the United States does not recognize East Germany.

The Caribbean Games were held in Jamaica in 1962. A large Cuban participation there was followed by several defections by individuals who decided not to return to their homes.

## IRS Has Plan to Publicize Crackdown on Moonshiners

WASHINGTON (AP) — The Internal Revenue Service, in a move to publicize its crackdown on moonshiners, has come up with a radio program which an IRS memo boasted would "brainwash the citizenry" and "second only to Batman."

With this disclosure today, it appeared Uncle Sam's tax collectors were trying to fight crime with what the memo admitted might be considered chutzpah.

But Sen. Edward V. Long, D-Mo., isn't amused. "As one reads the memo he feels he is reading from a script of the 'makelove' television world of Batman," he said in a speech prepared for the Senate today.

Joseph S. Rosapepe, IRS information director, said in a

## Californians Voting for Nominees

By The Associated Press California Republicans choose today between Ronald Reagan, the movie actor and former Mayor George Christopher, San Francisco as their nominee for governor. In the Democratic primary, Gov. Edmund G. (Pat) Brown was favored to defeat Mayor Samuel W. Yorty of Los Angeles.

Meanwhile, congressional primaries were held in Mississippi and South Dakota.

Reagan and Christopher wound up long, expensive campaigns Monday, both insisting they could beat off Brown's bid for a third consecutive statehouse term if nominated. Two other candidates in the Republican primary—Warren Dorn, a Los Angeles county supervisor, and William Penn Patrick, a businessman—were not expected to win many votes.

Mississippi's congressional primaries were the first since a recent 300 per cent increase in registration of Negro voters. Sen. James O. Eastland, expected to win Democratic re-nomination easily, along with five Democratic incumbents in the U.S. House of Representatives, a feature of the voting was the first-ever state Republican party primary to nominate a candidate for U.S. representative.

Federal observers were assigned to observe the elections in Mississippi in order to make sure that newly registered Negroes were permitted free access to the polls.

The top contest in South Dakota was between Sen. Keith Mundt and Richard Munnich, a Sioux Falls attorney, for the Republican nomination for the U.S. Senate. Mundt, seeking his fourth term, was a topheavy favorite.

## House OKs Tax Exemption Bill

WASHINGTON (AP) — The House has passed unanimously and sent to the Senate a bill to double the tax exemption for many self-employed persons setting up retirement plans for themselves.

Present law permits self-employed persons to deduct for income tax purposes only one-half their contributions to retirement programs. The House bill would increase these deductions to \$2,500 a year, or 10 per cent of earned income, whichever is smaller.

## BERRY'S WORLD

"I think, if you check the individuals involved in the burning of our library, you'll find they all had books overdue!"

## YOUR BIRTHDAY and HOROSCOPE

**TUESDAY, June 7** — Born today, you have an exceptionally sincere nature. Trust in you is never misplaced, for you can be counted on to keep a confidence, fulfill a promise, take on a responsibility, of effectively carry out whatever duty is given to you. You will even go above and beyond the call of duty, going that extra mile that gives a bit of glory to the mundane, a bit of polish to the dull. A worthy member of any organization, you should be successful in whatever you undertake. You have the rare talent of knowing how to keep in the background at the same time that you tactfully and diplomatically offer constructive advice. Possessed of a good business head, you are as much at home with the large, overall picture of a project as you are with the most minute detail having to do with its success. Yet you do not insist on taking a front seat in policy-making; you are quite willing to let others have their share of authority. You could well be a success in a law office, an attorney, politician, or statesman, for not only have you the ability to think straight and realistically, you also have the conscience it takes to foil none of the people none of the time. Indeed, it is this last — quite a rarity in our day and age — that makes you a man or woman both you and your associates can be proud of. To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

**Wednesday, June 8**  
**GEMINI (May 22-June 21)** — Combine business and social obligations effectively, and you should know success beyond your expectations. Refuse to entertain doubt.  
**CANCER (June 22-July 23)** — Don't put too much stock in the promises of others. The wise Cancer will see his own way home.

**through the day's difficulties.**  
**LEO (July 24-Aug. 23)** — An excellent day for the ambitious Leo to show the stuff of which he is made. Obstacles placed in your path may be merely tests of your reasoning powers.  
**VIRGO (Aug. 24-Sept. 23)** — Avoid anything that smacks of impulsiveness today. Guard your place in line for promotion, or you may find yourself bringing up the rear.  
**LIBRA (Sept. 24-Oct. 23)** — Don't waste valuable time today with non-essentials. Re-check all plans leading to future activity with utmost care.  
**SCORPIO (Oct. 24-Nov. 23)** — Complete a present project if possible, but avoid beginning anything new at the moment. A day for taking stock of yourself and your work.  
**SAGITTARIUS (Nov. 23-Dec. 22)** — Don't allow even well-meant critics to put you off your stride today. If you've made your plans carefully, you should be on the right track.  
**CAPRICORN (Dec. 23-Jan. 20)** — Another good day! Take advantage of it by calling on your mental and physical reserves of energy to put across a difficult deal.  
**AQUARIUS (Jan. 21-Feb. 19)** — Test all new opportunities for practicality before committing yourself. Don't be fooled by the superficialities.  
**PISCES (Feb. 20-March 21)** — Caution should enable you to side-step the pitfalls of adverse tendencies this morning. Afternoon hours are good.  
**ARIES (March 22-April 20)** — It is the sincere straightforward Aries who will gain the day though it may not seem so at the time you are speaking up.  
**TAURUS (April 21-May 21)** — Strict attention to duty should keep you from losing any business or professional ground today. Demonstrate affection at home.

## '66 May Be Year of Reluctant Dragons in GOP History

**WASHINGTON (AP)** — In Republican party history, 1966 may go down as the year of the reluctant dragons.

First, Gov. Nelson A. Rockefeller of New York — and now Gov. William W. Scranton of Pennsylvania — have declared themselves uninterested in running for president in 1968.

Gov. George Romney of Michigan says he is only running for governor. Former Vice President Richard M. Nixon says he is not a candidate for anything. You may take them at their word but don't bet that the politicians will.

Often in politics, "no" has meant "maybe" and politicians don't give up easily on a potential nominee if they think he might be a winner.

In 1948 when "boosters" were booming Gen. Dwight D. Eisenhower as a presidential possibility, he issued a statement saying, "I am not available for and cannot accept nomination for high political office." He said his decision was "definite and positive."

Early in 1953 he said he was a Republican and indicated he would run for president if he received a "clear cut call to political duty." The call came, he answered it and spent eight years in the White House.

Adlai E. Stevenson, who was to be the Democratic presidential nominee twice, once took exactly the same attitude as Romney's present one.

After President Harry S. Truman said in March 1953 that he would not be a candidate for reelection, Stevenson was asked if he might be a candidate.

"I am a candidate for governor of Illinois and nothing else," he replied.

Stevenson remained the reluctant man in public attitude. Even as the convention was in meeting, he said, "If it be possible let this cup pass me."

Those words are from St. Matthew's report of what Jesus said at Getsemane. The rest of the verse: "Nevertheless not as I will but as Thou wilt."

The political reluctance to accept a reluctant man's words ringing and dead in the case of President Calvin Coolidge.

On Aug. 2, 1927 Coolidge declared, "I do not choose to run for President in 1928."

Yet efforts to draft him persisted right up to the Republican convention in June 1928. The argument of the would-be drafters was that not choosing to run didn't mean that he wouldn't accept a nomination.

Coolidge never expanded on his statement.

Anyhow, don't bet that all the politicians have "scratched Rockefeller and Scranton off their lists of presidential possibilities."

The two were about as firm and direct as a man can be, but still they were elected. Coolidge was re-elected.

William Tecumseh Sherman's renunciation:

"If nominated, I will not run. If elected, I will not serve."

**4-H Club Has Demonstrations**

Demonstrations were given by Carolyn McKinney, Dianne Westbrook, Kim Loder, Linda Ashcraft, Sheri Qualls, Jane Reynolds and Anita Baker at the Boots and Bows 4-H Club meeting Friday at the home of Anita Baker.

Refreshments were served by Mrs. Harlan Baker.

The next meeting will be held at 7 p.m. Wednesday at the home of Sheri Qualls.

# 1966 Lineup of College Stars Is up for Review

## In Spring Baseball Draft

NEW YORK (AP)—The 1966 crop of college baseball stars and high school graduates will be up for review Tuesday when the annual spring draft of free agents is held by baseball's major and minor leagues. ### Boise Bowler Rolls 300 at Ranch Bowl

GOODING—Perfect games in bowling are few and far between. Like the 300 game, Larry Cook of Boise rolled Friday at the Ranch Bowl, the first one since the establishment opened six and one-half years ago.

Cook was bowling with Ernest Fields of Gooding and hit 300 on his second game. His other two were 216 and 202 for a whopping 720 series. Fields rolled a very respectable 624.

The Idaho Bowling Proprietors Association will send Cook \$25 for his feat. Had he rolled his 300 during sanctioned league play he would have received \$300 from the I.B.P.A.

### AFL, NFL to Merge, Says Sports Editor

MILWAUKEE, Wis. (AP)—The American and National Football Leagues may merge, says a sports editor, said in his column Monday night.

Larson, quoting unidentified sources, said a common draft will not serve as a starting point in a peace move because of possible legal complications.

"Rather, it will be only part of a logical part of a much bigger and more sensational merger deal. A complete merger."

"Yup, that's the way I heard it from people around the country who should have a pretty fair idea of what's going on in both leagues."

Larson outlined a plan that calls for a 24-team league, including all 15 in the NFL and all nine in the AFL. The teams would be split into two leagues of 12 teams each. Each league in turn, Larson said, would have two six-team divisions.

"That would mean three rich playoff teams in each league and one for the championship," he said.

Larson quoted an American League spokesman as saying, "Whatever the plan, I believe there will be a championship game after next season, with complete realignment set for 1967."

Larson prefaced his column by noting that "No one is denying that representatives of the two major leagues have been working on a war settlement formula and probably are still so engaged at this very moment."

### Sox Nip Braves

BOSTON (AP)—Boston rookie Joe Foy touched off a two-run seventh inning with a long triple in helping the Red Sox to a 5-3 exhibition victory over the Atlanta Braves Monday night before a crowd of 18,037.

### Howard-Led Senators Tip Orioles 5-3

WASHINGTON (AP)—Frank Howard's three-run homer in the third-inning ended a Washington scoring famine and the Senators went on to trim the Baltimore Orioles 5-3 Monday night behind the five-hit pitching of Phil Ortega.

Howard's line-drive shot into the visitors' bullpen off loser John Miller sent the Senators ahead 3-1 and Ortega held the Orioles in check for his fifth victory in seven decisions.

The Senators had scored only one run in 39 innings prior to Howard's blast.

Frank Robinson drove in all the Baltimore runs, the last two on his 13th and 14th homers.

Ortega singled in the third, and with one out Bob Saverine walked. With two away Howard

Miller, Drabowsky (8) and Etchebarren; Ortega and Casanova, W. Ortega 6-2, 1-1. J. Miller 0-2.

Home runs — Baltimore, F. Robinson 2 (14), Washington, Howard (7), Driskman (3).

### Cardenas and Stargell Fall Shy of Marks

By The Associated Press  
Leo Cardenas fell one homer shy of a record. He won't get another chance — without starting over.

Willie Stargell fell one hit shy of a record. He will get another chance — without starting over.

Cardenas, Cincinnati's 100-homer shortstop, slumped four homers and drove in eight runs as the Reds split a doubleheader with Chicago Sunday, winning the opener 8-3 before the Cubs took the nightcap 9-5.

By hitting four homers in a twinbill, Cardenas accomplished a feat that hadn't been done since the 1953 season. But he still fell one shy of the five St. Louis Cardinals hit in a 1954 doubleheader.

Cardenas won't get another chance, unless he starts another muscle-flexing streak, but Stargell still has a chance to match the National League and major league records for most consecutive hits.

The Pittsburgh slugger was interrupted by the end of the Pirates' 10-5 victory over Houston after collecting five straight hits, including two homers. And he still had a streak of nine consecutive hits intact.

When the Pirates meet St. Louis Tuesday night he'll get a shot at the NL record of 10—last achieved by Cincinnati's

Woody Williams in 1943—and the major-league record of 12—last reached by Walt Dropo of Detroit in 1952.

All teams in The Associated Press final Top Ten of the 1965 season will be seen: Alabama, Michigan State, Arkansas, UCLA, Nebraska, Missouri, Tennessee, LSU, Notre Dame and Southern California. Of the 14 teams in major bowl games, 11 appear on the 1966 TV schedule.

On Saturday, Oct. 8, when the World Series will be on in the park of the American League champion, ABC will televise Tennessee at Georgia Tech starting at 4:30 p.m. EDT.

Unique on the schedule is a double doubleheader. This occurs Nov. 19 when Notre Dame at Michigan State followed by UCLA at Southern California will be seen in the East and parts of the South, Midwest, Southwest, Rocky Mountains and California. Simultaneously, Kentucky at Tennessee followed by Stanford at California will be seen in the majority of the South and parts of the Midwest and Rocky Mountains and the

### Easy Win

CINCINNATI (AP)—Pitcher Jim Malachuk of the San Francisco Giants was an easy winner of the National League's player of the month award for May.

Malachuk, who had six victories without a defeat in May, received 44 of the 50 votes cast by baseball writers and broadcasters who make up the voting

Marichal's earned run average for May was 0.97. He pitched 65 innings, allowing only 38 hits and 7 earned runs. He struck out 42 and walked only 9.

### Chicago Rips Angels for Fifth in Row

ANAHEIM (AP)—Floyd Robinson drove in two runs with a single and sacrifice fly while Bill Skowron and rookie Leo Elia cracked home runs as the Chicago White Sox whipped California 5-1 Monday night for their fifth straight victory.

Left-hander Juan Pizarro picked up his fifth victory of the season against one loss but needed relief help from rookie Dennis Higgins, who came on in the sixth and retired all 11 batters he faced.

Elia cracked his first major league homer with the bases empty in the second inning and Skowron hit his second of the year in the fifth.

Robinson drove in a first-inning run with a two-out single and knocked in another in the fifth with his fly ball before Skowron homered.

The White Sox, who have won nine of their last 11 games, knocked out California starter Jack Sanford after four innings and wrapped up the victory with their two runs in the fifth off reliever Jim McGlothlin.

Chicago's record now stands at 15-10.

### 14-Year-Old Lands Large Cutthroat

"It was exciting just to see him bring him in," said Joe Bearden commenting on the 24-inch, 4 1/2-pound cutthroat trout that 14-year-old Randy Powell landed Monday about two miles upstream from Twin Falls.

Powell, son of Mr. and Mrs. Ed Powell, 1643 Third Ave. E., was using a spin-cast outfit with salmon eggs as bait. "The young lad said that he didn't care much for fishing," although he hasn't done much yet.

Bearden was the more excited of the two even though he "didn't catch a thing," and for that matter he "didn't even get a bite."

After Powell had played the large fish out, he reeled him in near the boat where they both grabbed him and flopped him into the boat. Upon first measurement, while it was still flopping around, the pair came up with 23 1/2 inches.

Later measurement, however, showed the fish to be an even 24.

### Francis to Stay At Ranger Helm

NEW YORK (AP)—Emile (Cat) Francis, determined to be the one to lift the New York Rangers into a contending position from the bench as well as from the front office, said Monday he will continue to coach the National Hockey League club.

Francis' announcement ended rumors he would step down in order to devote full time to his general manager's duties. Jack Gordon, his assistant, had been reported in line to succeed the 30-year-old Francis on the bench.

The Rangers finished last season in the cellar of the six-team league for the first time in seven years. Francis replaced Red Sullivan as coach six weeks after the opening of the campaign.

### Little Moves Up on PGA List

PALM BEACH GARDENS, Fla. (AP)—Gene Littler, who won \$12,000 of his second-place finish in the Memphis Open, moved into eighth place among professional golfers with \$35,893 in total earnings this year.

Doug Sanders continued to pace the pack with \$74,540, made up of \$54,551 in official winnings and \$19,989 in unofficial money. The Professional Golfers' Association reported Monday.

Gay Brewer moved up to second place with a total of \$55,088 while Jack Nicklaus came from fifth last week to third with \$54,313, followed by Frank Beard at \$51,027, and Arnold Palmer, who finished with \$47,067 in official winnings but second in total money at \$66,801.

### 15 U.S. Golfers Advance In British Amateur Meet

CARNOUSTIE, Scotland (AP)—Fifteen Americans won their matches in the first round of the British Amateur Golf Championship Monday—a day when Carnoustie put on its kindest face.

The wind dropped, the sun came out and it wasn't until late in the evening that the east wind came in to chill the players and start the rain.

Bill Hyndman of Philadelphia and Bill Campbell of Huntington, W.Va., got into the second round without being called on to play. Hyndman was among several who had byes, Campbell moved up by default.

The United States will start the second round Tuesday with 29 entries in a field cut to 128. Thirteen Americans lost their opening matches and one, Barry Van Gorbik of Palm Beach, Fla., scratched.

Bobby Cole, 18-year-old South African, ranked among the favorites to take the title, defeated T.W. Homer of England 5 and 4. Peter Townsend, 19-year-old English youth who was made a 4 to 1 favorite to win the championship, coasted to a 5 and 3 victory over Bobby Smith of Scotland.

Michael Lint, British Walker Cup star and one of the eight seeds in the field, and Ireland's Joe Carr, British Walker Cup captain, and three-times amateur champion, also went into the second round.

### Ford Placed on Disabled List

NEW YORK (AP)—Whitely Ford, the New York Yankees' veteran left-hander, was placed on the 15-day disabled list Monday because of continuing trouble with his pitching arm.

The 37-year-old southpaw has pitched only three innings during his return to his home in Los Angeles. Tiger officials said no decision will be made for some time on his role with the American League club.

Coach Bob Swift is acting manager in Dressen's absence. He had the same duty in 1965 when Dressen suffered a heart attack during spring training.

# Oliva In Good Spot For Third Bat Title

NEW YORK (AP)—Tony Oliva, the 25-year-old Cuban who hits enough for two guys while playing for the Minnesota Twins, is in a good position to become the second player in American League history to win three consecutive batting titles. The last eluded Ted Williams.

Joe Dimaggio and other AL stars. Only Ty Cobb put together as many as three AL crowns in succession. He won nine championships from 1907 through 1915 and took the title three times in a row, 1917 through 1919. Honus Wagner, Rogers Hornsby and Stan Musial have been the only National League players to make it three straight.

Oliva, the batting champ in his first seasons in the big league in 1964 and 1965, has opened up a 22-point lead this season. He lifted his average five more points to .35 by collecting 12 hits in 37 tries in last week's games.

Frank Robinson of Baltimore advanced from fourth place to the runner-up position. He picked up 23 points for .333 with 10 hits in 20 times at bat.

Brooks Robinson, the other half of the Orioles' one-two punch, slipped one notch to .313 with 10-for-38 performance. Norm Siebern of California is fourth at .309 followed by rookie Rick Reichardt, another Angel, .302. The figures include Sunday's games.

The Pittsburgh Pirates dominate the National League, batting race. Manny Mota continued to set the pace although his average dropped 50 points to .345. He had only seven hits in 32 at bats last week.

Matty Alou, another Pirate, moved up one place to second at .329, although he lost seven points with a 6-for-21 showing. Curt Flood of St. Louis grabbed third place on a gain of 36 points to .328. Flood had 16 hits in 32 attempts.

Willie Stargell of the Pirates was another hot hitter. He climbed to fourth on a 37-point pickup to .327. Stargell has hit safely in his last nine times at bat and is within one of tying the NL record for consecutive safe outs.

Hank Aaron of Atlanta continued to lead the NL in homers with 18 and runs batted in with 40. He slammed two home runs and had six RBI in last week's action.

Oliva tied rookie George Scott for the AL home run lead. The Twins' star had three and Scott one last week. Both have 13 homers. Brooks Robinson remained on top in RBI with 45, five more than last week.

By The Associated Press  
Gary Peters is putting less kick into his work this season and getting more kicks out of it. Peters, who isn't lifting his leg as high this year, brought his batting average on Washington Sunday, pitching a two-hitter as the Chicago White Sox completed a sweep of a doubleheader with a 12-0 victory. They won the opener 4-1.

The start for Peters was fit first in two weeks, since he strained the bicep in his left arm in the first inning of a game against Cleveland.

"It was the best game I've thrown in two years," said Peters, who didn't allow the Senators a hit until the seventh inning. The performance brought his record to 3-2 and his earned run average to 2.18.

It also gave him two complete games, one more than he had all last year, and one shutout, also one more than he had last year when he dipped from 20-gamb season in 1964 to a 10-12 record and a 3.63 ERA.

The 29-year-old left-hander believes a combination of bad timing and incorrect kicking affected his pitching last year.

While Peters is enjoying his pitching move, the rest of the White Sox staff is having "thymoo."

The shutout was the sixth in the last 10 games for Chicago, a period which has seen the pitching staff post an amazing ERA of 0.80. In that time, the White Sox have won eight games and moved from seventh place, 10 1/2 games back, to fourth place, 5 1/2 out.

### Dressen Leaves Detroit Hospital

DETROIT (AP)—Manager Charles Dressen of the Detroit Tigers was discharged Monday from Henry Ford Hospital where he was admitted after suffering a second heart attack May 16.

Ten pounds under his normal weight of 160 pounds, Dressen will remain in Detroit rather than return to his home in Los Angeles. Tiger officials said no decision will be made for some time on his role with the American League club.

Coach Bob Swift is acting manager in Dressen's absence. He had the same duty in 1965 when Dressen suffered a heart attack during spring training.

## Program Gets Children's Show Award

Wonderful little Charlie Brown, he of the daily and Sunday comic strips, doesn't get to laugh very much. He's the Born Loser of all time, with the negatives of life frequently be-setting him. But he's wearing a smile these days because — for once — he's elated.

His first TV program, "A Charlie Brown Christmas," aired over CBS-TV late last year, won him and the other delightful Charles M. Schulz "Peanuts" characters both a coveted Emmy and a Peabody Award as "Best Children's Show."

Some people argue about this. Not about the awards, certainly, but about the category. Many feel that Charlie Brown, Linus,

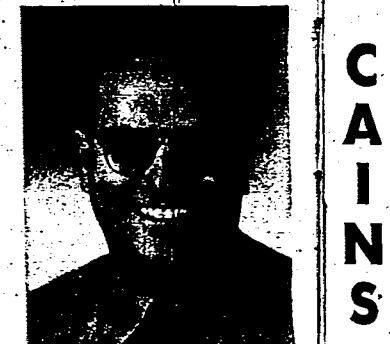

highly successful novel by Belmo Lay Jr. and Sy Bartlett. It also was made into a motion picture which starred Gregory Peck.

"12 O'Clock High" flies under the banner of OM Productions and 20th Century-Fox Television with Quinn Martin as executive producer.

Lucy, Snoopy and all the rest belong in a much more sophisticated awards grouping, insisting that "their" humor and morality are as adult as "Kukla, Fran and Ollie."

While this minor argument goes on, Charlie Brown's mouth is widening into an even greater grin, despite the fact that on his second show, "Charlie Brown's All-Star," he's once again a loser — the way fans love him best. It will be seen in color Wednesday, evening, June 8 on CBS-TV.

The fortunate few who have peeked over the shoulders of producers Lee Mendelson and Bill Melendez into the Moviola, during editing, say "it's an even more joyful show than the first."

There, there, dear! There'll be plenty of time for you to worry about being a mother-in-law!

"But that's ridiculous, counselor! If I didn't always have the last word our disagreements would never be settled!"

"I think 'penny wise and pound foolish' means weighing yourself and then forgetting to go on a diet!"

# The Daily Investor

On one hand it increases capital spending. On the other it cripples business by slowing down deliveries and creating shortages.

## Optometrists Hold Meeting In Sun Valley

SUN VALLEY (AP)—More than 200 optometrists from 10 Western states opened a four-day technical conference in Sun Valley Monday.

Dr. Newton of Chicago, president of the National Eye Research Foundation, addressed the opening meeting on latest developments in the contact lens field.

Recently fitted contact lens patients were used as subjects in a workshop.

## Dedication Set for New LDS Chapel

HOLLISTER — Hollister Branch President David Chadwick announced that the formal dedication of the new LDS Chapel will be held at 11:00 a.m. Sunday.

The annual branch conference sacrament will be held at 10:30 a.m. with special dedication services to follow.

Cost of the new chapel was \$90,000. President Lloyd Hamilton, Twin Falls stake president, will be in charge of the services with Rex Hall and E. J. Morgan assisting.

The chapel was finished last fall and landscaping is being done currently.

Memberships of the Hollister Church is 150. The dedication is open to the public.

## Dead Horse Cave Meet Set July 9

GOODING — The Odd Fellows from British Columbia will confer the degree at the Dead Horse Cave meeting to be held in Gooding July 9, according to Robert Bryn, associate chairman of the annual event.

The class of candidates for the degree will come from all the lodges in Idaho, and will be designated as "International Good Will" members, in honor of the sovereign grand master, James Main, Vancouver, British Columbia.

Jack O. Morrow, Caldwell, grand secretary of Idaho IOOF, attended a meeting in Gooding Friday evening, and advised that advance inquiry indicates the possibilities that there will be more than 200 visitors from outside of Idaho.

Zane Harrison, Hill City, grand warden for the Idaho Grand Lodge, also attended the meeting.

Mrs. A. Brown, Mrs. Lancaster, Mrs. McCloud and Mrs. Parr, Wendell, attended the meeting as representatives of the Cave Women. They plan to hold an open house in the afternoon at the Gooding JOOF Hall and an evening program.

District committeemen present in addition to Bryan were Charles Kiser, Hagerman; Elmer Jordan, Wendell; Earl Wilson and Boyd Harrison, Fairfield, and George Eubanks, Elton Osborne, Clarence Reynolds and Herb Savage, all Gooding.

## Students Receive C. of I. Positions

Several Twin Falls area students attending the College of Idaho have received appointments to positions for the fall at the Caldwell campus.

Sandra Smith, daughter of Mr. and Mrs. Victor E. Smith, Route 2, sophomore, has been named one of two co-editors of "Prospectus," a literary publication issued annually.

Cathy Marshall, daughter of Dr. and Mrs. J. W. Marshall, 1133 Locust St., freshman, has been named to the President's Reception Committee for student orientation activities in September.

Judy Smith, daughter of Mrs. Leah L. Smith, Ellier, freshman, will be in charge of the information table at orientation.

## Non-Indonesian Schools Closed

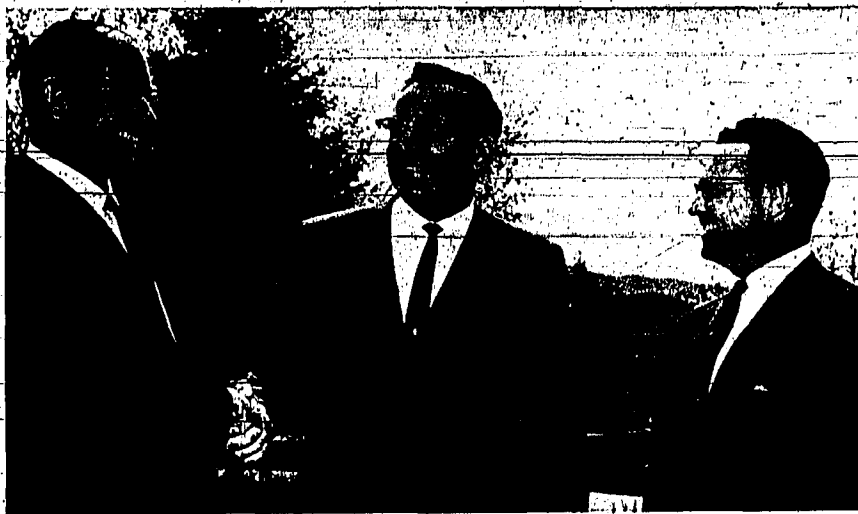

JAKARTA, Indonesia (AP)—The Indonesian Education Ministry announced today that all non-Indonesian schools except those for embassy children would be closed.

The move is primarily aimed at Chinese schools. But the status of the large international school supported by an American firm and one run by the Catholic Church in Jakarta was not spelled out.

## Series Begins

BURLEY — Rev. Glenn A. Koch announced today that the Lutheran Church, Missouri Synod, is sponsoring immediately a new television series to be placed into the "Love My Feet" program, entitled, "The Church in the High Rise."

The program is not only up to date, but also projects into tomorrow, facing the probable problems and opportunities and bringing God's answer to them, Rev. Koch said.

PRESIDENT OF THE Idaho Optometric Association Dr. Charles Parker, Jerome, left, welcomes Dr. Eugene McCrary, College Park, Md., center, and Dr. Donald Jones, Eugene, Ore., to the meeting of the Western States Optometric Conference Monday at Sun Valley. Dr. McCrary is president of the American Optometric Association and Dr. Jones heads the Oregon association. Some 200 optometrists are attending educational courses on glaucoma detection, contact lens fitting and three dimensional refraction at the Sun Valley conference. (Sun Valley photo)

## Awards Are Presented to Utah, Idaho and Washington Newspapers

PARK CITY, Utah (AP)—The Salt Lake Tribune won the annual cooperation award from its regional colleagues.

The plaque was presented Monday night at the annual meeting of editors and publishers of Associated Press member newspapers in Utah, Idaho and Spokane, Wash.

It is awarded each year to the AP member newspaper who is judged outstanding for continual excellent contributions of news stories and photographs to the AP report of the region, a report used by all the members.

The award cited the Tribune's "continuing and excellent news and photo membership support" during the year, highlighted by its picture coverage of the crash of a jet airliner at the Salt Lake airport last November.

An award of excellence was presented to the sports department of the Statesman Newspapers in Boise "for outstanding contribution to the AP news report through supervision and compilation of Associated Press Idaho High School Top Ten polls in football and basketball."

Winners in the annual photo contest of Associated Press member newspapers in Utah.

## Coincidence

INGLEWOOD, Calif. (AP)—The little girl born Monday, the sixth day of the sixth month of the century's 60 year, chose to come along at 6:06 a.m. and weigh in at 6 pounds, 6 ounces.

The girl, as yet unnamed, was born to Mr. and Mrs. James Maxwell of nearby Torrance. And guess how many children the Maxwell's now have? That's right, Four.

## Richfield Cafe, Motel Reopen

RICHFIELD — The Pheasant Club Cafe and Motel have reopened under new management. Mr. and Mrs. Dean Medley, Biles, are managing the Richfield business for William E. Swan. They have leased the Nebraska bar, in Shoshone from Swan, also.

The Richfield business will be operated by Mr. and Mrs. Loral Murray. Cooks for the cafe are Mrs. Jerry Davis and Mrs. Scott Erwin, both Richfield. Waitresses are Mrs. Lois Roebuck and Mrs. Murray. Mrs. Roebuck and three children have moved to Richfield from Biles. James Murray, brother of Loral Murray, is assisting with operation of the Nebraska bar.

## Fires Reported Over Weekend

SHOSHONE—Two fires were reported over the weekend by Wendell Elliott, fire control officer, at the Bureau of Land Management, local office.

One of the fires was north of Rupert, and about 1,000 acres of range land burned. The second fire, Sunday afternoon north of Shoshone Falls, was called a spot fire, because it was small. Both were man caused.

Crews for the fire season are being organized at this time and are being put to work though it is two weeks earlier than usual, Elliott said. This is because of what appears to be an earlier fire season than usual.

## 2 Murtaugh Women Hurt In Accident

MURTAUGH—Two Murtaugh women were taken to Magic Valley Memorial Hospital where they were treated for injuries and released after a two-car collision at 1:55 p.m. Sunday.

of the women, Mrs. Delpha Bourn, 40, began backing out of her driveway. The other driver, Mrs. Mary Christensen, 48, told officers she was driving her 1954 Ford north on the old U.S. 30, and was looking at a house while she was driving.

She said she did not see Mrs. Bourn emerging from her driveway, and didn't know she had struck the Bourn vehicle until her head hit the windshield. Her vehicle stopped 450 feet from the point of impact. Mrs. Bourn told Watkins she had looked to see if anyone was coming, but did not see the other vehicle until just before the impact occurred as one

the impact, Mrs. Bourn was issued a citation for failure to yield the right of way. Hospital spokesmen said both women were treated for slight facial lacerations and released. Officers estimated damage to the two vehicles at \$1,800.

MAN HONORED — BUHI — John Barinaga, son of Mr. and Mrs. Valentin Barinaga, was honored last week by the General Electric Co. in Schenectady, N. Y., as one of the "Sailors of the Month". Barinaga attended schools in Castleford and was graduated from the University of Idaho.
