

Auto Accidents In Magic Valley Take Lives of 4

Magic Valley's traffic death toll continued to rise as four more persons lost their lives in auto accidents over the weekend in Gooding and Minidoka counties. Three Navajo Indian men from Sweetwater, Ariz., Indian reservation lost their lives sometime Saturday night in a single car accident seven miles south of Wendell. Vern Royse, Gooding County sheriff, identified the three as Tom Joe, about 16; Kae Joe, about 20, and James Woody, about 17. Royse said that the driver of the car apparently was Kae Joe. A passenger, Charles Taylor, about 45, was taken to St. Benedict's Hospital, Jerome, where he was treated for a broken collar bone and released.

Royse said information about the accident was scanty. An interpreter had to be used in questioning Taylor.

According to the sheriff, the accident happened at about 8 p.m. Saturday as the 1955 Ford station wagon failed to negotiate a curve, leaving the roadway. The car traveled through about 60 feet of fence, struck two large holes and came to rest on its side 309 feet from the road.

A wrecker was called to the scene and the bodies of the men could be removed.

The wreck was discovered about 7 a.m. Sunday when Royce, Minidoka County sheriff, was on the roadway and took him to the Jerome hospital. Minick stopped at the nearest farm house and reported the accident to authorities.

Seven Deaths Counted on Idaho Roads

By The Associated Press

Three southern Idaho traffic accidents killed seven persons late Saturday night and early Sunday and sent the state's traffic fatality toll for the year soaring to 146.

Two of the accidents — near Idaho Falls and near Wendell — killed three people each.

With three other deaths reported Saturday, they boosted the highway carnage to 146 killed on Idaho highways this weekend. The 146 total was one more than were killed in the corresponding period last year. Seventeen persons have died in Idaho traffic accidents in the last five days.

The latest crash reported was Sunday on U.S. Highway 20 seven miles east of the Idaho Port of Entry near Idaho Falls. This accident, which killed three and sent five to the hospital, was a head-on collision.

The dead were identified as Nettie Elaine King, 29, of Irwin, Idaho, driver of one car, and passengers in the other, Linda Marvel, 7, and his wife, Martha, 66, both of Cynthiana, Ind.

State Police said the Indiana car, driven by Charles R. Robinson of Cynthiana, attempted to pass a truck making a left turn and crashed head-on into the King machine.

Truman Shows Improvement

KANSAS CITY (AP)—Hospital attendants said today that former President Harry S. Truman had a "comfortable feeling" last night and slept well.

The hospital said Truman, recovering from colitis, an intestinal disturbance "has shown improvement. His condition is somewhat strengthened. He is progressing satisfactorily."

Two Agencies Cooperate for Idaho Ballot

BOISE (AP) — News gathering agencies throughout Idaho will cooperate Tuesday night in making the only statewide tabulation of the vote in the state's primary election.

The two wire services — the Associated Press and United Press International — will operate the state tabulation in Boise under the name of Idaho Election Service.

Feeding results in from the 44 counties will be newspapers and radio and television stations.

B52s Attack Enemy Base Near Saigon

SAIGON, South Viet Nam (AP)—High-flying B-52 bombers plastered a Viet Cong base camp near Saigon today and ground troops sweeping in after the raid uncovered a big cache of arms and ammunition.

The eight-engine giants dropped their bombs 25 miles northwest of Saigon shortly after dawn. The thunderous explosions could be heard in the capital.

Two hours later, helicopters poured infantrymen of the U.S. 25th Division into the area. They found 50,000 rounds of ammunition, mines, booby traps and submachine guns but no enemy bodies. Two U.S. helicopters were hit by ground fire after landing the troops but were repaired and flown out without casualties.

Ground fighting throughout South Viet Nam was generally light except in the central highlands where other troops of the 25th Division came under heavy mortar and automatic weapons attack at dawn.

Drugs, Cash Taken in T. F. Burglaries

About 750 dextrine capsules and 400 dextrine tablets were taken from the Medical Arts Pharmacy early Sunday and late Saturday night.

About \$300 was taken in three other break-ins over the weekend.

Barnett said the pharmacy was entered by breaking a window on the east side of the building located at 1515 Addison Ave. E. The intruder went through the Forest Service office and into the drugstore, Larry Hatch, pharmacist, said the stolen drugs are commonly referred to as "pen pills." He said the drugs were taken from the pharmacy and could be sold for much more in larger metropolitan areas.

Sniper Kills 7, Wounds 25 From Campus Tower At University of Texas

AUSTIN, Tex. (AP)—A deadly accurate sniper killed seven persons and wounded 25 others today before police gunned him down in his perch high in the University of Texas tower. The sniper, killed by policemen who climbed to the observation platform above him, was identified as a 24-year-old architectural engineering student at the university, Joseph Whitman. Police who burst in upon Whitman as he was still shooting said the sniper was armed with two high-powered 30-06 deer rifles, a sawed-off shotgun and a .357 Magnum pistol.

He terrorized the campus an hour and a half, picking off some victims as far as two blocks away as they walked along Austin's main downtown street during the busy lunch hour.

After firing back at the sniper from behind trees and buildings below, officers finally entered the tower through an underground tunnel, climbed to the observation tower above the campus's perch and let fire at him with pistols and a shotgun.

The firing began at 11:55 a.m. and at 1:20 p.m. (CST) police quickly shot him down. Police said Whitman had with him in addition to his weapons a plastic container of gasoline and a supply of food and water in a footlocker.

Some of his victims fell on the grass of the campus mall. Rescuers were pinned down, and an armored truck was used to pick up the wounded.

The victims included a policeman, a girl student, a 5 ft. 11 in. boy, a city electrical utility worker and an Associated Press newsmen.

A justice of the peace identified the victims as follows: See SNIPER, Page 2, Column 6.

Voters Have Say Tuesday To End Long Primary

Voters have their day Tuesday when polling places open for the Idaho primary election after weeks of campaigning.

Polls will be open from 8 a.m. to 6 p.m. County Clerk Harold Lancaster announced a last-minute change for Bull Precinct No. 1. The polling place will be moved to the Bull Improvement Co. from the American Legion Hall. Lancaster said the last-minute change was made necessary because of a prior commitment for the hall. The improvement firm is located at 907 Main Ave.

New Service Election results Tuesday will be compiled for the first time by Magic Valley Election Service.

The agency is made up of the Times-News and the three radio stations in Twin Falls, KTFJ, KTLK and KTVL.

Goal of the agency is to compile election results faster and eliminate duplication of effort.

LSD "Trip" Proves Fatal For Youth

BERKELEY, Calif. (AP)—An LSD "trip" with three friends ended with a fatal three-story fall for a Berkeley youth Sunday.

Friends of Vernon L. Cox, 20, occasional University of California student and son of a retired Air Force officer, told police he jumped from a window some four hours after taking the hallucinatory drug LSD for the first time.

Kenneth D. Tavlin, 19, one of the witnesses to Cox's behavior under the influence of the drug, said, "Vernon was in touch with reality one minute and the next minute he lost control. We restrained him several times from leaving the apartment."

Other witnesses were Ronald E. Ryer, 23, and Francis D. Turner, 20. Both lived in the Telegraph Avenue building from which the youth jumped, across the street from the one in which he lived.

They said Cox repeatedly insisted he was going to take a trip to Europe.

"When they prevented" him from leaving the apartment for the last time, they said, police ran into a bedroom and jumped out the window.

Police said no arrests were made.

Bank Worker Transferred To New Post

WENDELL, — Ronald R. Conrad, who has been associated with the Idaho First National Bank of Wendell since 1954, has been transferred to Cottonwood.

Conrad first joined the bank staff in 1961 at the Buhl office. He came to Wendell as chief clerk in 1964 and in 1965 was named assistant cashier.

Conrad is a native of Idaho and graduated from Castletide High School and attended business college in Twin Falls.

While in Buhl he was active with the Boy Scouts and a member of the Buhl Rotary club. In Wendell he is vice president of the Wendell Lion's club and has served as president of the South Central Chapter of the American Institute of Banking.

Mr. and Mrs. Conrad have two sons and plan to move to Cottonwood early in August.

Dennis Griffin, Meridian, is coming to the Wendell bank as chief clerk. He and his wife have two children.

Young John Kennedy Gives Sea Shell for Wedding Gift

NEWPORT, R.I. (AP)—the Auchincloss estate John Kennedy Jr. gave as a wedding gift—the silver trays and porcelain—there is a big speckled brown and white sea shell: the gift of John F. Kennedy, Jr.

And to show that 5—going on 6—is older than last year, the card is signed in big block letters, "John." Not John John.

The little boy with the English-style haircut and "family Kennedy air is growing up and he's letting people know it.

He went to Bailey's Beach—a exclusive society spot in Newport— and threw sand at people Sunday.

"Watch out!" he yelled, then let bathers have it.

"Wham," he said, picking up another handful.

John was one of seven pages in Saturday's wedding of Janet Auchincloss to Lewis P. Ruth.

erford of New York. Janet is John's aunt, his mother's half sister. John likes Janet.

He said that's why he gave her the big brown and white shell from his storehouse of John's treasures.

Mrs. Kennedy gave the bride and groom a set of blue leatherbound books by the late president, Caroline, who will be swimming, instruction, hiking, and cabin activities.

"That boy travels 90 miles an hour, at right angles, to the forest," a family friend said. John is the first to admit it.

"Watch me," he says, then takes off on a 50-yard dash.

ENTRY POINT NOTED

MEXICO CITY (AP)—George H. Gaffney, U.S. Narcotics Department commissioner, says Mexico is the main point of entry for narcotics into the United States. He is in Mexico to discuss drug traffic with Justice Minister Antonio Rocha Cordo.

After the wedding party left, hundreds rushed into the church, grabbing flowers from the main altar and pieces of the white cloth on the aisle floor.

Others ripped pieces from the canvas canopy at the entrance.

The Kennedy's spent Sunday relaxing after Saturday's marriage festivities—which included 2,000 people jamming streets about the church, monumental traffic and hundreds of spectators lined up around roads leading to the Auchincloss estate.

The unruly mob scene at the wedding was one of the worst in Newport since Jacqueline was married in the same church in 1953.

The new Mrs. Rutherford left the church in tears as she was confronted by the unruly crowd. Spectators stretched out to touch her gown and jostled her.

Official Asks Plan Against Inflation

WASHINGTON (AP)—Arthur F. Burns, a leading economic adviser to Republicans, advocates an anti-inflationary program, including cuts in foreign and nondefense spending.

Burns, who was chairman of President Dwight D. Eisenhower's Council of Economic Advisors, also advocates suspension of the seven per cent tax credit allowed for investment in productive equipment.

Burns' views were given to House Republicans at a closed meeting July 20. The text was made public Sunday night.

Burns also said personal income taxes should not be increased now in view of recent hesitation in consumer markets.

Other suggestions Burns made:—Give up the wage-price guidelines which "create illusions and lead to a postponement of corrective policies."

—Stop playing games with the federal budget.

—Trim foreign aid and troop commitments in Europe.

Brushing aside any questions of politics, Thi. 43, said through a translator the purpose of his visit was to undergo treatment of a sinus condition and to visit two sons studying in this country.

It seems to take care of families for two and three generations and reject people who have been taxpayers all of their lives and suddenly face the consequences. They need help and which they seek only after using all of their own resources," Samuelson charged.

"In an omnibus appropriation bill, you have to vote against the whole bill in the hopes of taking up the individual parts. I am against this type of appropriation legislation," the candidate said.

"House Bill No. 314 covered eight educational agency appropriations under a similar bill, and again—I could not justify all of the individual budgets. Some of the increases in their budgets were not justifiable and we tried to cut them to justifiable increases. I have said that we must do the best job that we can to educate our children, because the proper education of our children is the backbone of our nation."

He Teacher Needs "We must put our money in good teachers—not in gimmicks," Samuelson concluded.

Supports Budgets "I supported all of these budgets in the Finance Committee except that of the Department of Public Assistance," Samuelson said. "In view of the way that this department was—and is—being handled, I could not justify a 20 per cent increase in its budgets. People all over the State have had problems with this department."

"What the governor failed to reveal is that the Finance Committee tried to mimic a procedure of the federal government and lumped many agency appropriations together under one bill and forced gas to vote for unwarranted increases in the budgets of some of his pet agencies. For instance, Senate Bill No. 231 appropriates money to the following agencies:

"Children's Home, Boise, \$124,000; Children's Home, Memorial Hospital, Boise, \$36,000; Department of Public Assistance, \$12,900,000; Veterans Affairs Commission, \$128,286; Veterans Home-General fund, \$114,600; Endowment, \$46,600 and Federal funds, \$108,200.

"The governor must be becoming panicky! When a man holding a high office in government such as he does will stoop to distortion of facts and half truths in news releases and letters to school teachers and the public, he either does not understand what he is talking about, or he is deliberately trying to mislead people!" Brushing aside any questions of politics, Thi. 43, said through a translator the purpose of his visit was to undergo treatment of a sinus condition and to visit two sons studying in this country.

It seems to take care of families for two and three generations and reject people who have been taxpayers all of their lives and suddenly face the consequences. They need help and which they seek only after using all of their own resources," Samuelson charged.

"In an omnibus appropriation bill, you have to vote against the whole bill in the hopes of taking up the individual parts. I am against this type of appropriation legislation," the candidate said.

"House Bill No. 314 covered eight educational agency appropriations under a similar bill, and again—I could not justify all of the individual budgets. Some of the increases in their budgets were not justifiable and we tried to cut them to justifiable increases. I have said that we must do the best job that we can to educate our children, because the proper education of our children is the backbone of our nation."

He Teacher Needs "We must put our money in good teachers—not in gimmicks," Samuelson concluded.

"In view of the way that this department was—and is—being handled, I could not justify a 20 per cent increase in its budgets. People all over the State have had problems with this department."

"What the governor failed to reveal is that the Finance Committee tried to mimic a procedure of the federal government and lumped many agency appropriations together under one bill and forced gas to vote for unwarranted increases in the budgets of some of his pet agencies. For instance, Senate Bill No. 231 appropriates money to the following agencies:

"Children's Home, Boise, \$124,000; Children's Home, Memorial Hospital, Boise, \$36,000; Department of Public Assistance, \$12,900,000; Veterans Affairs Commission, \$128,286; Veterans Home-General fund, \$114,600; Endowment, \$46,600 and Federal funds, \$108,200.

Cash, Gem Robbers Are Cautious

MIAMI, Fla. (AP) — Security-conscious robbers got \$100,000 in cash and gems during a three-hour foray Sunday in a North Miami Beach department store.

A watchman they tied up said the gunmen and their woman lookout kept vigil against police with walkie-talkies.

They apparently rehearsed the walkie-talkie tactic in public Saturday. Shoppers told police they had noticed two men using the instruments in the store's parking lot.

Watchman Art Porep, 54, said two armed men bound him to a cot. Then they and perhaps others methodically pried open two safes after blinding out nearby windows.

Porep said the female sentry, posted near the door, would whisper in a husky voice, "Danger red, danger red, police car entering parking lot" and the men would suspend their labors until the danger was past.

Cattlemen Bring Ghost Town to Life

SILVER CITY, Idaho (AP) — Cattlemen from throughout the West brought this southwest Idaho ghost town back to life over the weekend, and one of the issues before them was an old one: cattle rustling.

The occasion was the Idaho Cattlemen Association's 88th annual meeting, which draws hundreds of cattlemen and visitors from western states.

Dancing until dawn ended with a healthy outdoor breakfast Sunday morning. It began with an old West style barbecue Saturday night.

The annual event goes back to the days when cattlemen banded together to protect themselves from Indians and rustlers — and one of those problems was back on the agenda this year.

The cattlemen passed a resolution asking that county prosecutors be required to give immediate and full attention to increasing incidents of livestock rustling and butchering.

Other resolutions opposed a federal bill that would increase the minimum wage from \$1.25 to \$1.60 by 1969 and urged more study of the Bureau of Land Management's proposal to raise range fees.

The minimum wage bill would increase the minimum for agricultural workers from \$1 to \$1.25. Leo Stanford of Jordan Valley, Ore., was elected president of the association to succeed Don Davis of Brunson.

Other new officers are Bill Tindall of Grasmere, vice president, and Jess Wilson of Marsing, secretary.

Soviet Economic Growth Declines

WASHINGTON (AP) — A congressional report says Soviet economic growth has declined sharply and the gap between the Soviet and U.S. Gross National Product has not narrowed since 1968.

As a result, the report to a subcommittee of the Senate House Economic Committee continues, the Soviet Union no longer boasts of catching up industrially with the United States by 1970.

Your Spine and Your Health

The common cold and the Chiropractor's concept of it: "The Doctor of Chiropractic sees a cold as a warning of a more serious condition in the body. This warning is in the form of an imbalance of metabolism — too much secretion, too little elimination. He sees a cold as a sign of a body below par in its ability to properly eliminate.

Dr. Ludwig C. Landwehr, D.D., D.C., writes, "The work of a body is performed by a myriad of muscles, glands, nerves and cells, all of which are controlled in their actions by the nervous system. When the nervous system is not properly performing their work of elimination, there are two primary causes:

1. There is an interference with the normal flow of information to the nerve centers controlling the various channels of elimination.

2. There is a nutritional deficiency resulting in a weakening of those nerves and the channels of elimination which they control.

Both of these factors should be considered and steps should be taken to correct them. If these conditions are not corrected, but allowed to degenerate, there will undoubtedly be a recurrence of the cold or worse.

White House Aides Look for Advance Men to Make Campaign Arrangements

WASHINGTON (AP) — White House aides, suspecting President Johnson's campaign travels this fall will be extensive, are beginning to worry about finding advance men to make appropriate arrangements.

No campaign tour is complete without the advance man — the fellow who goes out ahead to prepare the way for the president and his entourage.

In many ways, it's like the old-time traveling circus. Good advance men are in short supply at the White House right now. For that reason, press secretary Bill D. Moyers has persuaded Tom Johnson, an assistant enlisted to work in the press office for only one year, to stay on the job at least through November. He had been scheduled to depart Aug. 15.

Johnson — he is "Tom" to the President and the White House staff — is still in his 20's. He is one of two tested advance men on the White House staff. He was the man, for example, who made the advance arrangements — outside the security and communications fields — for President's July 23 foray into Indiana, Illinois and Kentucky.

That trip went smoothly. Crowds were on hand at each stop. There were plenty of welcoming banners. And, in Indianapolis at least, the streets were littered with Democratic campaign literature after the chief executive's departure.

In an off-year election, the White House advance man presumably doesn't have to worry about distribution of campaign fliers. But, nearly everywhere else, with the exception of security and communications,

the advance man, working with Secret Service agents, must work out the President's travel route and schedule. He is greeted by plenty of homemade placards. He even has been bands on hand — and that known to suggest the exact let-learn either "Hello Lyndon" to be placed on these don't — or "Hail to the Chief." President Johnson's associates are saying that, for the foreseeable future, he probably will confine his travels to week-end expeditions such as last month's trip to the midlands.

But the fact that Tom Johnson isn't going home to Macon — at least right now — is one sign they're hedging these bets.

Army Has Problem on Its Hands

WASHINGTON (AP) — The Army disclosed today it is weak-limbed during this period, but they are relatively few. They are more than 130,000 National Guard and Reserve recruits into "selected Reserve force" which would be the first called in mobilization.

The backlog of guardsmen and reservists waiting to undergo active duty grounding in being taken to pare down the Army's military specialties has backlog, the Army said. A variety of measures are now being considered.

This is because the Army's training centers are jammed with regular rookies. Meanwhile, the Guard and Reserve recruits are being given stopgap training at home these basic determinations are

Some guardsmen and reservists made, it is considered premature to consider suspending enlistment during this period, but they are relatively few. They are more than 130,000 National Guard and Reserve recruits into "selected Reserve force" which would be the first called in mobilization.

Asked about what steps are being taken to pare down the Army's military specialties has backlog, the Army said. A variety of measures are now being considered.

The Army also said it is debating the degree to which the prebasic training at home stations could be credited toward the basic combat training required of new recruits.

Although the Army refers to this as "a substantial amount of training," sources said in many instances it amounts to little more than close-order drill.

The men affected by this situation are youths who have signed up under what is called the Reserve enlistment program. A man joining this program is given from four to 10 months active duty training and then serves the balance of his six-year obligation with a specific Reserve or Guard unit.

The backlog was caused by the big buildup in regular forces ordered in mid-1965 by President Johnson because of the Viet Nam war.

The backlog totaled about 35,000 men on June 30, 1965. But for at least the last three months it has been stuck above the 130,000 mark, with the most recent figure given as 133,000 at the end of last month.

"The man who can win in November"

ANDRUS for GOVERNOR

"It's time to get Idaho moving — we've got to catch up with the rest of the country. There's much to be done... improve education, modernize our State government, plan the use of our water resources, develop new jobs and raise the income of our citizens. With your support and your vote I'll bring a fresh new approach to Idaho government in the coming year."

Cecil Andrus

"The single most important function of state government is the education of our children. To better accomplish this in Idaho I have proposed several new programs — an expanded educational TV network, state-supported scholarships to Idaho universities, and public kindergartens."

"Idaho must have a state government responsive to the needs of its people and dedicated to the development of the state. Since 1960 Idaho's growth rate of 3.8% has fallen far behind the national 6.7% rate — we either start to develop Idaho now, or sit and watch the world go by."

Spotty Rain Lowers Idaho Fire Danger

A spotty rain storm that moved across eastern Idaho Sunday has reduced forest fire danger for a few days, but U.S. Forest Service officials expect a drying trend and hazardous conditions again by mid-week. Drought has plagued the forests since spring.

Sunday's storm was just enough to dampen two forest fires that had burned uncontrolled for more than 24 hours in the Caribou and Challis National Forests. The two blazes, both believed caused by careless campers or hikers, blackened approximately 2,500 acres of dry sage and grassland and some timber before the rain helped 325 fire fighters bring them under control.

One fire was located about 30 miles northwest of Howe in Butte County, on the Challis forest reserve. It burned some 1,300 acres. The other burned 1,000 acres in the Challis National Forest about 32 miles east of Idaho Falls.

Forest Service officials at regional headquarters in Ogden, Utah, said the rain storm was extremely spotty, with precipitation amounts ranging from a trace to more than an inch at an isolated station near Yellowstone National Park.

Rainfall was heaviest in the national forests surrounding Yellowstone National Park. At Bishop Mountain west of Pond's Lodge in Island Park, 1.16 inch of precipitation was recorded. Rexburg had .99 between midnight and 2 p.m. Sunday. Other stations and the amounts recorded were: West Yellowstone .38; Lake (Yellowstone Park) .31; Bailey .07; Swan Valley Ranger Station east of Idaho Falls .04 and 1.16 inches in Sawtooth National Forest .32.

Colonel Returned From War Is Grateful For Prayers

BARDSTOWN, Ky. (AP)—"I am grateful for the prayers today," Col. Hal G. Moore Jr. told the hundreds gathered to honor him and other Viet Nam veterans, "but I am more grateful for the prayers you gave my men and me while we were in Viet Nam."

The silence was in contrast to the parade and other celebrations of the citizens of Bardstown and planned to honor Moore, winner of the Distinguished Service Cross for valor in Viet Nam.

The festivities were planned when Moore, a Bardstown native, brought his wife and five children home to visit his widowed mother. Included in the plans was a "Hal Moore Night" at a local theatrical pageant, the Stephen Foster story, which honors another son of Bardstown.

The colonel said no. But he told officials he approved of a reception in honor of all area veterans of Viet Nam and families who had lost a relative there.

Army Spec. 4 Michael Davenport of Greensburg, Ky., was one of those honored. He was Moore's driver and radio man for nine months in Viet Nam.

Davenport said the revised program was typical of Col. Moore.

"He never wanted anything his men couldn't have, too," Davenport said. "He's just the greatest I've ever served under."

Davenport drove 100 miles to attend the reception. "I would have traveled a lot farther to honor this man. He took risks he didn't have to to inspire the men, and he did, too."

Davenport returned four days after Moore in November.

Another Bardstown veteran who served under Moore, Spec. Raymond Ford, died in action in February. At the reception Moore took his mother, Bertha Ford aside and told her he is proud of her man.

"It was his duty and he wanted to serve," the mother said.

British Close Colonial Office

Although some 30 British governors will rule directly around the globe, the Colonial Office was closed at midnight and its functions were transferred to the new Dependencies Territories Division under the commonwealth secretary.

India Eyes Ban On Atomic Bomb

NEW DELHI, India (AP)—Members of Parliament pressed Prime Minister Indira Gandhi today to relax India's ban on atomic weapons because of newspaper reports that Pakistan will set off an A-bomb in 1968 with Red China's help.

Mrs. Gandhi expressed "concern and distress" over the reports, but added: "Even if China explodes a bomb in the Ganges, it will be China's bomb, not Pakistan's, and I do not think Pakistan can so quickly acquire the know-how to explode its own bomb."

Oath Given to Sato's Cabinet

TOKYO (AP)—Prime Minister Eisaku Sato's revamped 19-member Cabinet was sworn in before Emperor Hirohito today in a ceremony at the Imperial Palace.

Sato reshuffled the Cabinet Sunday in a routine annual move to appease rival factions in his ruling Liberal Democratic party. He said there would be a no-change-in-foreign-policy and he would concentrate on development of the economy. There has been mounting criticism of the rising cost of living.

Plans Made to Save Wildlife

MIAMI, Fla. (AP)—The Corps of Engineers plan to pump water from areas north of the Florida Everglades into Lake Okechobee in hopes of saving wildlife threatened by floods.

Excess water has been pumped from farm lands into the wilderness north of Everglades Park, but conservationists say this has endangered wildlife, including the last herd of Everglades deer in the wilderness.

Satellite Idea Proposed for Television

NEW YORK (AP)—The Ford Foundation proposed today a system of domestic communications satellites that it said could "make the desert bloom for whole new areas of television."

The proposal envisioned a national, non-commercial television network to provide programs of excellence not profitable for commercial networks.

The Ford Foundation's plan would give a boost—both financial and in facilities—to educational television.

The commercial networks, such as NBC, CBS and ABC, in effect would pay for operating the noncommercial network and part of educational television.

McGeorge Bundy, Ford Foundation president, said the proposed satellite system could be operated so cheaply that networks could use the system themselves, support non-commercial television and still save money over what they now pay for landing transmission.

Bundy, former top presidential adviser, said the Ford Foundation did not want to own or operate the system.

"We exist for the purpose of giving money away—as wisely and constructively as we can," he said. "This is the source of our deep interest in the present question."

The Ford Foundation, the largest single supporter of non-commercial television, submitted its proposal to the Federal Communications Commission today.

Family Has Late Yule For Soldier

CINCINNATI, Ohio (AP)—Everything is ready in the Cincinnati home of Army Capt. Tim McFadden for his return after 13 months in Viet Nam.

Included is a big sign on his parents' house, a decorated Christmas tree with presents, and a pile of genuine snowballs that survived the recent heat wave in the family freezer.

Mr. and Mrs. Robert McFadden, of suburban Norwood, said Tim wrote them last winter expressing hope that "maybe we'll have a snowball fight when I get home."

Tim arrived in the United States Sunday. The McFaddens have three other sons in the armed forces.

Japan's Impact On Asia Viewed

WASHINGTON (AP)—Edwin O. Reischauer, retiring U.S. ambassador to Tokyo, said today in the long run, "Japan will probably do more to affect the future of Asia than China."

In a copyright interview in U.S. News & World Report, Reischauer said: "China's influence is negative and recognized as such by everybody, whereas the positive role Japan can play is not so widely understood as yet."

No Dive

RIO DE JANEIRO (AP)—Cardinal Dom Jaime de Barros Camara of Rio de Janeiro, declaring the church is "not a dive but a holy place," has been religious services with rock 'n' roll combos.

The decision was a reaction to a swimming service held recently in Ipanema, in which the "Brazilian bibles" sang a rock 'n' roll adaptation of the Ave Maria.

YOUR BIRTHDAY and HOROSCOPE

MONDAY, August 1 — Born today, you have a vivid personality that can add a spark to the already bright and enliven the all but hopelessly dull. Always welcome at any gathering, you need only take care that you do not begin to give so much of yourself and your time to socializing that you begin to neglect your own popularity. A great "plus" in life, but it should only be that—a "plus." The pursuit of it should not become life itself!

You have definite advantages when it comes to dealing with people. To begin with, you have a knack for knowing what others want and like, and the intelligence to be able to supply those wants and likes with fair ease. So long as you do not succumb to the temptation to fulfill wants that compromise your own high ideals, you should be able to mark your life periodically with outstanding success in your involvements with others.

Because your personal relationships promise to be both many and strong, it is something to be proud of. You will marry very early in life. You will probably not be inclined to shed the many and settle for the one until near middle age, if a man, and certainly not until the desire for a family and home of your own gets the best of you, if a woman. Your marriage should be a happy one, however, if a good nature counts for anything!

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

Tuesday, August 2
1.E.O. (July 24-Aug. 23) — Be noncommittal. If asked for your personal opinion on argumentative issues, play coy and avoid serious consequences.

VIRGO (Aug. 24-Sept. 23) — Employ your ingrained sense of humor and modesty when faced with making decisions on matters of duty or personal morals.

LIBRA (Sept. 24-Oct. 23) — Make certain you understand the situation ahead of half-knowledge could cause a serious setback.

SCORPIO (Oct. 24-Nov. 23) — Take care that you do not inflict any material damage on what does not belong to you. Prove worthy of a trust.

SAGITTARIUS (Nov. 23-Dec. 23) — Hospitality pays big dividends today. Stretch a welcome hand toward those seeking company and solace.

1.7 Billion Hit In Poverty War

WASHINGTON (AP)—Grants totaling \$1,742,678,429 have been made since the anti-poverty program began in the late fall of 1964, the Office of Economic Opportunity said today.

GEMINI (May 21-June 21)—Last week's efforts begin to pay off. In this week's reward, avoid becoming overconfident, however, as congratulations come your way.

CANCER (June 22-July 23)—You should be able to launch that new hobby at this time. Take care, however, not to make inroads into time allocated for necessary work.

ARIES (March 22-April 20)—Latent talents may well come to the surface today and start you off in a new and exciting direction. Follow the lead of instinct.

TAURUS (April 21-May 21)—Talent talents may well come to the surface today and start you off in a new and exciting direction. Follow the lead of instinct.

Idaho Banks Lag on 1966 Growth List

PORTLAND (Special) — Idaho's nine nationally chartered banks experienced less asset growth in the first half of 1966 than their counterparts in Washington, Montana and Alaska, though they did slightly better than the national banks of Oregon, says Kenneth W. Leaf, regional administrator of national banks in the Thirteenth Region, which comprises all these states.

Total assets of Idaho's national banks declined by \$10 million, or 1.4 per cent between January and June of this year, compared with an increase of 1.4 per cent for the region as a whole. Their total loans and discounts increased by 2.1 per cent, somewhat less than the regional increase of 5.9 per cent. Though the total of their cash assets increased by 3.8 per cent, Idaho's national banks sold more than \$20 million of U.S. Government securities, or more than 18 per cent.

The liabilities of Idaho's national banks also declined, mostly because of a 5.3 per cent decline in demand deposit that was offset in part by a 2.3 per cent increase in time and savings deposits. For the region as a whole, demand deposits of national banks increased by 0.5 per cent in the first half of this year, and time and savings deposits by 1.9 per cent.

3 Got Away

SIRACUSA, Sicily (AP) — A big swordfish in the Mediterranean can tell the story of three fishermen who got away.

Sebastiano Gilierto, Salvatore Aloi and Francesco Zanzaretta harpooned the fish, but when they tried to haul it into their boat, the fish battered all three with its tail-knocking-one into the sea and stabbing Gilierto in the arm with its sword. Then the fish swam away.

Mrs. Stroud, 83, Dies of Long Illness

JEROME — Mrs. Edna May Stroud, 83, long-time Jerome resident, died Saturday morning at Sky View Manor, Twin Falls, of a long illness.

Mrs. Stroud was born at Newport, Ind., on July 18, 1883. She was a member of the Methodist Church and Syringa Rebekah Lodge No. 110.

Surviving are one sister, Mrs. Edith Rodgers, Danville, Ill., and two brothers, Lester W. Dunlap, Catlin, Ill., and Samuel A. Dunlap, Armstrong, Ill.

Funeral services will be conducted at 2 p.m. Wednesday at the Wiley Funeral Chapel by Rev. John N. Garbrandt of the Methodist Church.

Final rites are set in the Miller Cemetery with ritualistic services by Syringa Rebekah Lodge. Friends may call at the funeral chapel Tuesday afternoon and evening, and until time of services Wednesday.

Take Poll

IDAHO FALLS (AP) — An Idaho Falls radio station says a straw poll shows voters in the Idaho Falls area prefer Republican Don Samuelson of Sandpoint and Democrat William Dee of Grangeville for Idaho governor.

The radio station conducted a straw poll Friday by asking listeners to telephone and voice their preference in the gubernatorial primary election Tuesday.

West Coast Boardings up as Airline Strike Hits Region

SEATTLE (Special) — West Coast Airlines boardings are daily over the same period a running 32 per cent ahead of last year for the period covering the major airline strike.

During the first 20 days of the strike, West Coast carried 41,181 passengers, an increase of 711 over the same period a year ago, when 26,965 were boarded.

Wilson Gets Plane Order On U. S. Visit

LONDON (AP) — President Johnson gave Prime Minister Harold Wilson an aircraft order worth \$100 million during the British leader's visit to Washington, according to reports circulating here Sunday.

The order was for British Rolls Royce jet aircraft engines and parts to be used in U.S. Air Force A-7 Corsair planes. A spokesman for Rolls Royce said: "Although this has been forecast and is expected, there is no confirmation of the order yet."

The United States has promised to help Britain offset her military orders from the United States by buying from Britain where possible.

The reported Rolls Royce order would represent nearly a third of \$248 million worth of U.S. defense orders placed here to offset Britain's purchase from the United States of 50 swing-wing F111 aircraft, along with earlier orders for Phantom and Hercules aircraft.

Miss Dean, Schlange Wed In Twin Falls

FILED—Martha Lou Dean, daughter of Mr. and Mrs. Neal Dean, and Ronnie L. Schlange, son of Mr. and Mrs. Otto Schlange, were united in marriage July 5 in Immanuel Lutheran Church, Twin Falls.

The double ring ceremony was performed by Rev. Harold then before an altar decorated with baskets of pink and white gladioli.

The bride, given in marriage by her father, wore a street-length dress of white lace over peau de soie. The gown was fashioned with a low rounded neck, fitted bodice and long sleeves. Her shoulder-length tiered veil of illusion was held by a beaded crown and she carried a bouquet of carnations and roses backed by net and ribbon streamers.

Mrs. Joyce Biggerstaff, Murtaugh, sister of the bride, was matron of honor. Edward Dean, brother of the bride, was best man.

Harvey Mickelson was organist and soloist.

A reception was held at the home of the bridegroom's parents, Margaret Dean, Boise, sister of the bride, was in charge of the guest book and the gifts.

The three-tiered wedding cake was decorated in pink and white and topped by a miniature bride and groom. Sweetheart cakes bearing the names of the bride and bridegroom flanked the large cake. Mrs. Donald Edwards, Mountain Home, sister of the bride, served the cake. Mrs. Thomas Parks, aunt of the bridegroom, poured punch, and Mrs. Ralph Dean, aunt of the bride, presided at the coffee service.

The couple went on a honeymoon trip to Ogden. The bride was honored at three pre-nuptial showers. Cheryl Webster hosted a miscellaneous shower and Mrs. Ralph Dean and Mrs. C. T. Dean gave a kitchen shower. A combination linen and lingerie shower was hosted by Mrs. Parks and Mrs. Biggerstaff.

BETTY BOVEY

Bold Design in Fabric Popular For Shifts

By MARY BROOKS PICKEN
The shift goes on and on as a favorite fashion and it is particularly attractive when done in boldly patterned fabrics.

If you are fortunate enough to find a gay, Persian print, buy it. It is a design that has survived through many centuries and is ever-favored when high color is desired. The Persian motifs are used in tapestries, rugs, bowls, as well as fabrics of all kinds. The colors may vary, but the design remains basically the same.

There is a zipper in the back of the dress shown. This dress hangs straight from shoulder to hem.

Silk, sheer wools and jerseys are best for this silhouette as you will want it to be something. Some of the lighter, weight bonded fabrics are ideal. If your fabric is even semi-sheer, then by all means line it through out.

Use a hem 2 1/2 to 3 inches deep and put it by hand.

If the silhouette is becoming to you, then make several dresses in the same style, varying your fabric enough to make each seem entirely different.

Betty Bovey, Soli Disclose Wedding Date

JEROME—Mr. and Mrs. Paul Samuel Bovey, Jerome, announce the engagement and forthcoming marriage of their daughter, Betty Diantha, Honolulu, Hawaii, to Gary M. Soli, son of Dr. and Mrs. L.R. Soli, Eldora, Iowa.

Miss Bovey is a graduate of the University of Idaho and is affiliated with Gamma Phi Beta Sorority. She received the Fulbright Scholarship to France and her masters degree from the University of Illinois. She is teaching French at the Kanehameha Schools for Hawaiian children only.

Soli was graduated from St. Olaf College, Northfield, Minn., and studied at the University of Minnesota. Soli is manager of the Soli Special Services, a medical equipment firm.

An Aug. 6 wedding is set at St. John's-by-the-sea Episcopal Church, Kahului, Hawaii.

Cigarette Prices Rise In Poland

WARSAW, Poland (AP) — The Poles, considered the third-biggest smokers in Europe by the Polish Press Agency, are paying 15 to 30 per cent more for their cigarettes today.

The cigarette "health" hazard was cited by the news agency as one reason for the tobacco price boost, the first in 12 years. The agency said cigarette consumption had increased 40 per cent since the last increase in 1954.

Other changes, effective Sunday and today, include higher prices for coal and carp and lower prices for television sets and refrigerators. Seventeen-inch sets were cut \$20 but still cost \$250.

President of Argentina Has It Rough

BUENOS AIRES (AP)—Lt. Gen. Juan Carlos Onganía leaped aboard a tiger June 23 as revolutionary president of Argentina and has ridden a month almost as easily as he sits a polo pony.

But there are indications that keeping the tiger tamed may be another matter.

The first hint of a rough ride ahead appeared when textile and metal worker unions squared off for battles with management, ending the labor truce that came when Onganía's coup overthrew President Arturo Illia. That problem remains to be solved.

Still, only the bare outlines of the government to come were visible in the first month: free enterprise, reconstruction of the social security system, ardent court to foreign capital, a national housing program, and plowing under all vestiges of communism.

Onganía, moving cautiously, had not completed his top-level administrative team as the first 30 days ended. The general insists on applying rigid rules of conduct to public officials, even to the smallest details.

This insistence on personal purity and a rigid moral code stems in great part from the general's own devotion to the Catholic Church—a devotion leading to far-reaching applications.

Onganía so far has made no more than a scouting approach to Argentina's major problems. He figures to stay in power at least 10 years, some think.

First of all there's a trotting inflation. He'll have to battle both labor and business if he puts a limit on wages and prices.

Onganía has to solve the tremendous national budget deficit. To do this, he must revise the inefficient government-owned railroads and other state monopolies. Here he'll be at odds with labor again.

He has, too, to refinance Argentina's \$2 billion public debt of which \$300 million comes due this year and \$275 million next year.

He also must negotiate a loan to get his big housing, highway and security setups under way. His No. 1 salesman, engineer-economist Alvaro Alsogaray, has gone to the United States on just such a trip, a 24-day mission that will take him also to Europe and Japan.

On the diplomatic front, the general has won recognition from 60-odd countries, including the United States.

Onganía must solve the political riddle presented by the follower of ex-Dictator Juan D. Peron. He banned political parties as a first step and promised labor unions, largely controlled by Peronists, that he would keep hands off as long as they stayed out of politics.

But when the country next goes to the polls, the working class seeking socialist reform—essentially the Peronist voting strength—must be handled. Argentina has been living for a month now in a time of truce. No one knows how long it will be before the sniping begins again.

PASS RESOLUTION
MONTICMERY, Ala. (AP)—A resolution expressing unanimous support of the United States' stand in Viet Nam has been passed by the Alabama House.

Use of FBI "Bugs" Induces Nervous Complaints From Washington Public

WASHINGTON (AP)—A sort of nervous complaint induced by the public exposure of various "bugs" is besetting Washington this summer.

The condition, known locally as "the bug flap," apparently has affected the hearing of a number of federal agents all across the country. Some of them had been accustomed to eavesdropping on other people's conversations.

The flap, a government slang for a state of uproar—stemmed from complaints over the use of electronic eavesdropping equipment—"bugs"—and wiretaps by federal agents.

As a result of the flap, the Federal Bureau of Investigation maintains it is now using wiretaps and electronic bugs only with the written permission of the attorney general.

The Internal Revenue Service's school for special agents on wiretapping, electronic eavesdropping and lock-picking has been closed.

The Food and Drug Administration says its intelligence kits—tiny broadcast stations with tape recorders on the receiver's end—are now locked up and can be used only in very special cases.

At the Department of Justice, assorted crime cases reportedly are under review to ascertain whether any of the accumulated evidence was obtained through the use of wiretaps or bugs.

What is going to result from all this in the way of new legislation, executive department orders or court rulings is, for the present, guesswork.

There has been speculation that, as a result of the "Fred Black Jr. bugging case," Washington is about to witness an attempt to bring the FBI under the more direct control of the attorney general.

While the FBI is theoretically already subordinate to the Department of Justice, it has long operated as a sort of independent fiefdom under its director, J. Edgar Hoover.

The current flap has been emerging gradually over the past 18 months; since the Senate subcommittee on Administrative Practice and Procedure began hearings into complaints that federal agents had invaded the privacy of individuals.

But what raised it to a major flap was the May 24 appearance by U.S. Solicitor General Thurgood Marshall before the U.S. Supreme Court. There he disclosed that the FBI had bugged the Washington hotel quarters

of Fred Black, a public relations man and sometime associate of Bobby Baker, former Democratic majority secretary in the Senate.

Black had been convicted of evading \$91,000 in income taxes and given a prison sentence of 15 months to four years. Baker is waiting trial in December on charges of larceny and tax evasion.

Marshall hinted in his statement to the Supreme Court that the FBI had bugged Black's quarters without the knowledge of the attorney general.

The Supreme Court, which on May 4 had declined to review Black's conviction, immediately ordered the Justice Department to explain in detail all the circumstances surrounding the bugging, including the person responsible.

The court's questions have raised doubts about whether Black's conviction will stand. Defense attorneys have already indicated the issue of wiretapping and bugging will be raised in the Baker case. The FBI has already denied the use of wiretaps, bugs, or "any improper source" in gathering evidence in the Baker case.

Three consecutive attorney generals—William Rogers, Robert F. Kennedy and Nicholas Katzenbach—have said they had approved wiretapping only in cases involving national security.

There is a distinction between wiretapping and bugging.

In wiretapping the actual terminals of a telephone line are bridged to permit a third person to eavesdrop. This is the usual practice although induction coils can also be used.

A bug operates independently of the telephone system. It is a tiny microphone which can be connected directly by wire to a listening post. Or it can be a tiny, battery-powered broadcast station with a range of nearly three miles in some instances.

The 1934 Federal Communications Act states that it is illegal to tap telephone conversations between two persons without the knowledge of either and then divulge the contents of that conversation to anyone else.

There is no federal law regulating bugging although the Federal Communications Commission established a regulation

POLICE LOOK at broken windshields and windows of cars parked by civil rights marchers in Marquette Park at Chicago Sunday night. The marchers parked their cars to walk through an all-white residential area on the city's Southwest side. Seat cushion in street was set afire. Other cars were overturned and burned in the outbreak of violence. (AP wirephoto)

In May that anyone, other than law enforcement officers, using the broadcast devices could be fined \$500 a day for each day of illegal use.

The federal courts have ruled repeatedly that evidence gleaned through the use of wiretaps is inadmissible on the grounds that it violates the constitutional ban against compelling a person to testify against himself.

Every state has laws against trespass and breaking and entering. The planning of a bug without the consent of an occupant of a dwelling place or office usually requires an act of trespass or breaking and entering.

The federal courts have ruled that evidence acquired through the use of bugs planted in such fashion is prohibited under the Fourth Amendment's ban on illegal search and seizure.

Despite all this there is considerable evidence before the courts that some federal agents have been undeterred by either the law or the court's rulings in the past in their use of wiretaps and bugs.

There has never been a federal prosecution of a federal agent for wiretapping. The Senate subcommittee's records indicate that at least 13 federal agencies, excluding the Department of Defense and the Central Intelligence Agency, whose prosecution is supposedly with the collection of foreign intelligence

data, have acquired some current flap, the use of these means of eavesdropping on conversations. The subcommittee's investigators said, apparently came to an abrupt halt.

Carter Is Gooding Champ For Third Year in Row; Memmott Has Best Round

GOODING—Newt Carter of Boise clipped one stroke off par Sunday to capture his third Gooding Amateur championship in as many years, but the sensation of the day was Jon Memmott of Twin Falls who fired a 68 at three under, the best round of the tourney, to take second one stroke back. Carter shot a 72 in Saturday's first round to tie for the championship flight lead with Reed Vestal of Gooding. His 70 Sunday gave him a 142 total. Don Lowman of Jerome, one stroke back after Saturday's round, fired even par 71 Sunday to place third in the championship flight.

Lanier Leads Giants Over Atlanta 4-3

ATLANTA (AP)—Hal Lanier rapped four straight singles, drove in two runs and scored another, leading San Francisco to a 4-3 victory over Atlanta Sunday that snapped the Giants' losing string at four.

Willie McCovey hit a solo home run in the seventh, his 20th, and it proved decisive. Bob Buhl picked up his sixth victory for the Giants on a five-hitter but his wildness and an error gave the Braves two runs in the fourth. Singles by Carty and Ed Matthews and Frank Bollin's sacrifice fly produced the third run in the ninth.

Bollin walked Mack Jones and Joe Torre, and Rico Carty drove in Jones with the Braves' first hit of the game, a single up the middle. Torre then scored from third when catcher Ossie Virgil threw wild returning a pitch. San Fran., 001 100-4 11 1. Atlanta 000 200-3 5 2. Bolls and Virgil; Kelly, Ritchie (7), Abernathy (8) and Torre. Home run—San Francisco, McCovey (20).

Clay Slates His Fifth Title Defense

By The Associated Press Heavyweight champion Cassius Clay makes his fifth title defense and his second in London within three months when he takes on unranked Brian Steward of England Saturday night.

The 24-year-old champion from Louisville, Ky., a 10-1 favorite to whip the oft-beaten, 22-year-old former British title holder in their 15-round at London's Earl's Court Stadium. The bout will be telecast to the United States and other parts of the world by Early Bird Satellite and will be radio broadcast by the Mutual network.

Starting time will be about 8 p.m. EDT. A capacity crowd of 18,500, paying from \$5.88 to \$58.00, is expected by British promoter Jack Solomons.

Clay has been guaranteed \$250,000 plus a hefty percentage of the television and other ancillary receipts. London, getting his second crack at the world title, will earn about \$12,000. In his first shot, London was stopped by Floyd Patterson, at Indianapolis, Ind., May 1, 1959, in the 11th round.

Mountain Home Tops Jerome for State Meet Spot

MOUNTAIN-HOME (AP)—Mountain Home won a place in the state American Legion baseball tournament Saturday night with 10-0 and 12-0 over Jerome in a district five double header.

The Elmore County crew and Jerome were the only two teams from district five that were registered for the tourney.

Larry Munro hurled a no-hitter for Mountain Home in the opener and Bill Guley had a triple and a single in the second game. Munro also had a triple in the first game to help his own cause.

Casper Is Speedway Golf Victor

INDIANAPOLIS (AP)—Methodist Billy Casper, carrying a sheet of tournament rules in his hip pocket after five players were disqualified for ignoring them, became the first PGA player this year to win four titles when he captured the \$32,000 Speedway Golf Festival Sunday.

Casper, unbothered by any pollen count that could wreck his battle with allergies, fired a 34-36-70 for a 72-hole total of 277, 11 under par, in dismantling the new Speedway course. Par was 270. The links stretching 3,779 yards were so barren in spots that winter rules—improving lies on the fairways—were enforced.

From the start, the tournament failed to carry the usual interest with the pros because of Tony Lama's plane crash death a week ago. This seemed to sadden the whole affair and players wore bits of black ribbon in remembrance.

Then there started to be drops.

Shaw Checks Chicago 2-1 For New York

NEW YORK (AP)—Bob Shaw checked Chicago on five hits as the New York Mets edged the Cubs 2-1 Sunday, completing the winningest month in their five-year history.

The Mets, finishing July with an 18-14 record, scored the deciding run in the sixth inning when Phils lost Ed Kranepool's fly ball in the sun for a triple and Glen Jones delivered a knockout with a single.

Shaw, bringing his season mark to 9-9, blanked the Cubs on three hits until the eighth. When Phils reached first on Wilson's error and scored. Ken Goer's error and scored. When Glenn Beckert was being thrown out at second trying to stretch a single.

Russia Lauds Soccer Champs

LONDON (AP)—The disappointed Russians joined the world Sunday in praising Britain for its 4-2 overtime victory over West Germany in the World Cup soccer final.

"The victory was deserved and fair," said Pravda, the Communist party organ in Moscow. "The British players won by skillful playing."

Soviet sportsman echoed the sentiment with the comment: "The English won convincingly and beautifully."

Chicago Stops Yanks Twice 4-1 and 5-0

CHICAGO (AP)—Right-hander Joel Horlen and southpaw Tommy John hurled the Chicago White Sox to a 4-1, 5-0 doubleheader sweep over the New York Yankees Sunday.

Horlen survived a shaky start in the opener, when he yielded five singles in the first two innings, before settling down and retiring the last 24 batters in order.

Horlen recorded only his seventh victory against 10 defeats but lowered his American League-leading earned run average among starting pitchers to 2.17.

A four-run second-inning splurge in the second game took the pressure off John, who posted his ninth victory in 15 decisions and his fourth triumph in the last five starts.

The Sox made only two hits in the big inning—a double by Bert Campanella and a two-run single by Alvin Dark.

White collected three doubles, his 18th homer and a single and a walk.

Stuart Sparks Dodgers Over Cardinals 6-4

ST. LOUIS (AP)—Dick Stuart, who earlier drove in two runs with a single and homer, doubled home the Cardinals with two out in the ninth and scored on John Roseboro's single, sparking Los Angeles to a 6-4 victory over St. Louis Sunday.

The loss halted the Cardinals' winning streak at six games and was only their second in the last 14 games.

Orlando Cepeda led St. Louis with a 4-3 lead, rapping three hits, scoring two runs and driving in one.

Phil Regan pitched the last two innings for the Dodgers and picked up his ninth victory. Los Angeles 101 001 003-6 12 1. St. Louis 020 110 00x-4 8 1. Falcons Set Exhibition With Eagles

ATLANTA (AP)—The Atlanta Falcons will field an all-veteran line-up Monday night when they make their first appearance in the National Football League against the Philadelphia Eagles in an exhibition game.

The "battle" is the first of 37 NFL preseason tests before the season starts, but all have been with other NFL clubs.

Some of the Atlanta starters, including quarterback Dennis Claxton, have had little playing experience, but all have been with other NFL clubs.

Claxton spent two years with the Green Bay Packers but was involved in only three plays.

The former Nebraska star hopes to nail down the starting job in the exhibition season before a pair of rookies get a chance to make him a benchwarmer again.

"I think I can do the job," Claxton said. "During the workouts this summer I had a lot more confidence than I ever did at Green Bay, because I knew there I wasn't going to get to play no matter what I did."

The game is the first of two this week for both teams. Atlanta plays the Cardinals at St. Louis and the Eagles battle the Chicago Bears at Memphis, Tenn., Saturday night.

Tigers Drop A's Twice 5-4 and 7-1

DENVER CITY (AP)—The Detroit Tigers, held to one hit by rookie Jim Nash for eight innings, scored three runs in the ninth for a 5-4 victory over Kansas City Sunday.

Horlen survived a shaky start in the opener, when he yielded five singles in the first two innings, before settling down and retiring the last 24 batters in order.

Horlen recorded only his seventh victory against 10 defeats but lowered his American League-leading earned run average among starting pitchers to 2.17.

Reynolds Pads Strikeout Total With 17 as Magic Valley Tips Angels 9-5

Bob Reynolds, the Pioneer League's strikeout king, padded his total with 17 more Sunday night in hurling the Magic Valley Cowboys past Idaho Falls Angels 9-5. A throwing error in the first inning proved decisive for Magic Valley, which seized on the gate-opening opportunity to score four unearned runs in that frame. The rest of the 'Cowboys' runs came in odd fashion, augmented largely by Idaho Falls' wildness and bases on balls. Idaho Falls out-hit Magic Valley 10 to five but Reynolds walked only three men while Magic Valley benefited from 12 off four Angel hurlers.

Redlegs Rally In Fifth to Trim Astros

CINCINNATI (AP) — Leo Cardenas stole home in the fifth inning, capping a four-run rally that sparked the Cincinnati Reds to a 10-6 victory over Houston and a split of their doubleheader Sunday.

Dave Glust pitched a three-hitter as the Astros won the first game 7-6, ending their seven-game losing string and the Reds' five-game winning streak.

The Reds went into the fifth inning of the nightcap trailing 6-3 but tied the score on doubles by Vada Pinson and Tommy Helms, a single by Deron Johnson, Cardenas' infield hit and a throwing error by shortstop Sonny Jackson.

Cardenas raced to third on Jackson's wild throw and then stole home while reliever Jim Owens was pitching to Jim Coker, sending the Reds in front to stay.

Ogden Rips Cubs 17-8 to Tie for Lead

CALDWELL (AP)—The Ogden Dodgers batted in five runs each in the fourth, seventh and ninth innings Sunday night to take a 17-8 Pioneer League win over the Treasure Valley Cubs.

The victory put the Dodgers and Cubs into a tie for the league lead.

The Dodgers collected 14 hits off six Treasure Valley pitchers. Rich Thompson and Jim Hibbs led the Ogden attack with four hits apiece and John Wyatt contributed a triple and a single.

Treasure Valley, trailing 7-0 after three innings, hit three homers in the fourth and another homer and a single in the sixth to tie the score—and then lose it.

Hitting the Cubs' homers were Fred Rodriguez, Jeff Rude, Elvianous Peters and Jerry Szukala.

Treasure Valley pitcher Dana Freudenman threw only six pitches to be charged with the defeat. Ogden's Frank Staub pitched two-thirds of an inning to take the win.

Roche Captures Tennis Crown

SOUTH ORANGE, N.J. (AP) — Tony Roche, a talented Australian left-hander, earned U.S. Davis Cupper Clay Graebner in straight sets Sunday, 6-4, 6-4, 6-3, and won the Eastern Grass Court Tennis championship.

Down a Floyd Fales of New York wasted an early lead, then rallied to beat Rosamary Casals of San Francisco, 5-7, 6-3, 8-0 in the women's final.

Plea Made For Return of Dove Bands

BOISE (AP) — The Idaho Fish and Game Department wants its mourning dove-bands back. The department says it has banded 3,200 birds in the last two years in a program being conducted throughout the western states to determine mourning dove migration patterns.

The program is useless if hunters do not send the bands back to the department, said State Bird Supervisor Elwood Bizeau.

He said about two-thirds of all bands recovered to date were taken from birds that did not get out of Idaho. Mexico is the major out-of-state recovery area, he said.

Idaho Falls rolled back to within a run in the second on four hits, the key blows being singles by Bruce Christensen and Steve Schneider. The third club matched single runs over the next three innings, the Cowboys staying on top by one.

In the seventh Magic Valley pulled ahead by two when Don Hahn walked, took second on a wild pitch, third on a ground-out and scored on a balk. Magic Valley tied it in the eighth again with little hitting help. Don DeSousa walked, stole second and took third on a passed ball. He scored on Cusano's ground out. The retired Hebert, at second, Hahn then came up with a bloop single that chased pinch-runner Charlie Post home.

Conigliaro, Boston Clip Senators 5-2

WASHINGTON (AP) — Tony Conigliaro batted in two runs with a first-inning homer and the lead run with a single in the eighth inning, leading the Boston Red Sox to a 5-2 victory over the Washington Senators Sunday.

Joe Foy walked, opening the Boston eighth, and Carl Yastrzemski singled to center, sending Foy to third. Ron Kline relieved Dick Lines and Conigliaro poked the first pitch to left, scoring Foy and breaking a 2-2 tie.

The Red Sox added two more runs after an intentional walk to George Scott and Petrolcelli's single with the bases loaded.

Jerome Tops Wood River Baseball Meet

HAILEY—Jerome Wranglers took an easy 10-2 victory over Stripes of Twin Falls Sunday to win the Wood River Valley League Invitational championship.

Jerome gained the finals Saturday by defeating Burley and Rupert. Stripes dropped Viter Saturday and Tom Sutton hurled a no-hitter Sunday as the Twin Falls team blanked Rexburg 2-0.

Earlier Buhl upended Challis 8-3 to gain the consolation finals, but lost out in a 3-2 squeaker to Kintley.

Rain threatened most of the day Sunday, but the intermittent sprinkles were not enough to delay the tourney.

Wagner-Led Indians Nip Angels 3-2

ANAHEIM (AP) — Leon Wagner drove in two runs with his 16th homer and a single, leading the Cleveland Indians to a 3-2 victory over the California Angels Sunday.

Ricky Colavito also homered for Cleveland as the Indians salvaged the final game of a three-game series.

Colavito's 23rd homer broke a 1-1 tie in the sixth and Wagner made it 3-1 with a seventh-inning homer off Bob Lee. Wagner had singled home a run in the third inning.

ARE YOU IN THE KNOW?

It's a fact that thousands of Western car owners can now save money and improve performance with new, improved Richfield Gasoline.

Are you in the know?

If your car's engine requires better than usual "regular grade," but does not need a full premium grade gasoline, this New Richfield Gasoline is the one for you. It meets the needs of cars requiring a middle grade fuel — yet costs no more than other regulars of major quality.

gasoline. New, improved Richfield has the anti-knock power of a mid-premium gasoline, backed by the company that provides the West's finest premium — Richfield Boron. And you don't pay extra for it!

If your car requires a middle grade gasoline for best performance, New Richfield is your best value. Try a tankful.
