## Unit Okays Bill For Punishing Anti-War Groups

WASHINGTON (AP)—The House Committee on Un-American Activities gave unanimous approval today to administration-opposed legislation to slap stiff criminal penalties on the activities of some anti-Viet Nam war groups. In less than an hour, the full committee ratified the amended bill approved Tuesday by the subcommittee which conducted four tumultuous days of investigation into the groups, which contend that the United States is guilty of aggression in Viet Nam.

Chairman Edwin E. Willis, D-La., said the bill will be brought promptly before the House.

Overwhelming House passage of the controversial bill is expected, but it may face death in the Senate where the Democratic and Republican leadership are less than enthusiastic about it.

The committee vote today was 7 to 0, with two committee members absent, Reps. Charles Weller, D-Cal., and George F. Senner Jr., D-Ariz.

Amendments ratified by the full committee delete prohibitions on advising, urging or counseling persons to send supplies, give blood or otherwise help enemies of the United States, or to block U.S. troop and material shipments.

Ramsey Clark, deputy attorney general, told the committee Tuesday that the bill is unnecessary and possibly unconstitutional.

Rep. Joe R. Pool, Texas Democrat who is the chief sponsor of the bill, and who chaired most of the committee's hearings on it, said meanwhile that he had called off a trip to Viet Nam due to start Thursday.

## CSI Starts 'Block' Class Program

Consideration for the student who works during the day has prompted the organization of the College of Southern Idaho's "block" classes, according to Dr. Donald Keith, dean of the college.

"Block" classes usually meet one night a week for two or three and a half hours, depending on the credit assigned to the class. They are especially convenient for the part-time student, Keith noted.

The "blocks" have been arranged for students desiring classes in accounting, stocks and bonds, English composition and each of the six English and literature classes offered by the college, as well as debate, speech, history, American government, psychology, music methods and music appreciation.

The college will hold a late registration period from 5 to 7:30 p.m. Thursday for the benefit of part-time academic students. An estimated 300 students are expected to enroll in this capacity. The registration will be held at the Vocational Building on Kimberly Road.

Full-time students are defined as those who carry a credit load of nine hours or less.

Keith also announced Wednesday that all Freshmen orientation activities have been canceled. The orientation was scheduled for Aug. 30 at 1 p.m. Orientation now will be handled through English 101 classes.

The action was taken, according to Keith, because "orientation activities usually don't reach the students who need it the most." He defined orientation as an explanation of the college's rules and regulations.

## Jerome County Fair Opens Thursday, Style Revue Winners Are Reported

(See Photo on Page 3)  
JEROME—The Jerome County Fair and Rodeo will officially open Thursday afternoon with a parade, featuring a queen, a sheriff's posse, a float and at least one cowboy.

Tuesday night, before a packed house in the 4-H Building, nearly 60 girls showed off their handiwork with a needle.

High point of the evening was the announcement of the outstanding awards, which followed the ribbon parade. Top junior model selected by the judges was Jane Carlisle, 12, daughter of Mr. and Mrs. Wayne Carlisle. Top senior model was Barbara Fuller, 14, daughter of Mr. and Mrs. Robert Fuller.

Top model of the show award went to Susan Kasmir, 17,

## Presidential Visit Scheduled Friday

By The Associated Press  
Officials of the National Reactor Testing Station have confirmed reports that President Johnson will attend ceremonies there Friday to commemorate the 20th anniversary of the first production of electricity using atomic power. Although the White House had not confirmed by late Tuesday rumors that Johnson would attend, W. L. Ginkel, Idaho operations manager for the station, said the chief executive officer was expected to attend the ceremonies at the NRTS in the eastern Idaho desert.

## Former Head Of Sun Valley Dies at 79

SUN VALLEY—Pat Rogers, genial and temperamental Irishman who served Sun Valley as general manager from 1938 to 1952, died Tuesday at Santa Fe, N. M., after a long illness.

Mr. Rogers, who guided the resort through 14 flourishing years, would have been 77 this week.

He was invited to take over leadership of the resort by Averell Harriman, now a United States ambassador, when it became evident the resort needed a guiding hand.

He came to Sun Valley from the Utah Pacific developed the ski resort. His answer to Harriman's invitation is said to have been, "I don't know anything about the management of a luxury hotel, I'm a hot dog man."

But, as general manager of the first great American ski resort, he became a popular host to kings, dukes, presidents and Hollywood celebrities.

Baseball was his diversion and during his tenure at Sun Valley each department had a team. Guests attended games as much to see Rogers' temperament in action as to view the game itself.

He returned to the Utah Parks in 1952 and retired from there in 1957. He was a resident of Phoenix, Ariz., at the time of his death.

He was made a Knight of St. Gregory by the Catholic Church for his outstanding service to youth.

His widow, Margaret, he is survived by one daughter, Sister Mary Elaine, Creighton University, Omaha, Neb. Funeral services will be conducted Friday in Santa Fe.

## New Stamp

YELLOWSTONE NATIONAL PARK, Wyo. (AP)—The government will spend more than \$10,000 to kick off a new 5-cent stamp today.

The 50th anniversary of the National Park Service is being commemorated in the nation's oldest national park with a stamp carrying the new park service emblem, "Park-cape USA."

## Illinois Guard to Be Activated for Civil Rights March

(See Picture on Page 5)  
SPRINGFIELD, Ill. (AP)—Gov. Otto Kerner said today he will activate the Illinois National Guard this week in preparation for a scheduled march of civil rights demonstrators into Cicero Sunday. Gov. Kerner said he probably will issue an executive order Friday to move the troops onto the street Saturday or Sunday.

## Auto Workers Stage Protest in Detroit

DETROIT (AP)—Skilled United Auto Workers demonstrated today at Chrysler Corp. headquarters to protest refusal of the Big Three car makers to reopen labor contracts. The tradesmen, rejected Monday in their bid to reopen contracts to negotiate their demands for a 50-cent hourly pay raise planned to march for four hours at the Chrysler offices. Joe Zapha, an officer of the UAW's Chrysler Local 212, said representatives of skilled workers in 22 Detroit-area locals of the UAW called for the demonstration.

Only off-duty employees were being asked to participate, he said, but it was expected some skilled tradesmen might not go to work in order to participate in the demonstration.

Chrysler, General Motors Corp. and Ford Motor Co. declined Monday to discuss revamping of skilled trades wages in contracts with the UAW. The pacts will expire Sept. 6, 1967.

One concern among industry officials about any reopening of the contract was that unskilled and semiskilled production workers might also call for renegotiation of present contract wages.

The nearly 180,000 skilled workers and 600,000 other production workers in the Big Three.

Plans for the demonstration were formed by the 31 an Hour Movement Committee, comprised of UAW skilled tradesmen.

Its chairman, Christopher J. Manning, said: "The refusal of the Big Three to open the wage agreement on behalf of skilled trades has spurred the committee to further courses of action and has also generated more determination in the ranks to unite in this struggle."

Unofficial estimates of the loss were more than \$5 million.

Two persons aiding in rescue operations were stricken with fatal heart attacks.

Eighteen persons were injured, three of them critically. Most of the building's 90 employees had left for lunch shortly before the explosion tore into the midsection of the two-story structure.

Earl Smith, 45, manager of the firm's organic research laboratory was believed climbing the stairs to attend an executive luncheon when the explosion occurred. He was presumed dead.

Harley Jensen, division manager for Northern Illinois Electric Service Co., said the utility had received no complaints of building gas at the plant.

Arrests Now Total 7 in Bar Incident

One man was arrested Wednesday morning and five others were picked up on warrants Tuesday on charges stemming from an early Saturday morning incident at the Villa Lorraine, Pleasant Drive.

The seventh man involved in the first great American ski resort, he became a popular host to kings, dukes, presidents and Hollywood celebrities.

He returned to the Utah Parks in 1952 and retired from there in 1957. He was a resident of Phoenix, Ariz., at the time of his death.

He was made a Knight of St. Gregory by the Catholic Church for his outstanding service to youth.

His widow, Margaret, he is survived by one daughter, Sister Mary Elaine, Creighton University, Omaha, Neb. Funeral services will be conducted Friday in Santa Fe.

Arrested for restricting and obstructing a public officer were Larry Smith, 21, Huley; John Graybill, 22, 2054 11th Ave. E.; Paul Fuller and Larry Martin, 23, Murtagh.

Larry Truscott, 21, 402 Lake Blvd. N., Twin Falls, was arrested for restricting and obstructing a public officer and rioting. Jerry McCreary, 21, Twin Falls, was arrested for rioting and unlawful assembly.

Graybill was released Tuesday afternoon on a \$300 bond and is to appear in Probate Court Monday. Truscott was first held on a \$200 bond for restricting and rioting and was released on a \$300 bond for rioting and rioting. Probate Judge Zeb Ann Shumaker set the bond at \$100. See ARRESTS, Page 2, Col. 4.

## West German Row Becomes More Serious

BOON, Germany (AP)—The growing row between West German military and political leaders over a crisis proportioned today as a third general asked to be relieved.

A Defense Ministry spokesman disclosed that Maj. Gen. Günther Pappe, commander of the Third Military Region, has asked to be relieved of his command because he disagreed with a Defense Ministry decision allowing servicemen to join a labor union.

The row threatened to topple Defense Minister Kai-Uwe von Hassel and reach into the office of Chancellor Ludwig Erhard.

## Need for Regional Airport Discussed

Efforts to establish a regional airport north of the Snake River were boosted Tuesday when a meeting of T. F. Municipal Airport officials, City and County Commissioners produced almost unanimous approval of the Cornell, Howland, Hayes and Merryfield firm's recommendations toward this end. The committee also decided that a regional airport was a definite necessity and plans were made to appoint a committee to contact representatives of Cassia, Gooding, Minidoka, Jerome, Blaine, Lincoln and Camas counties with the ultimate goal of establishing a regional airport committee.

The regional committee would be composed of representatives of the participating counties and it is to be formed for the purpose of selecting the most appropriate regional airport site.

Area counties must be invited to participate in the development of a regional airport in order for the airport to receive federal financing. The question of the airport's site, therefore, must be resolved through a consensus of the participating airports.

Five prospective sites have been suggested by the Cornell, Howland, Hayes and Merryfield company, a professional engineering and planning firm.

A new regional airport is necessary, according to Edwin Gooding, Jr., local manager, because the existing airport facilities in Magic Valley are inadequate to accommodate DC-9 medium range jet aircraft. It is more economical, he added, to construct a regional airport, with multi-county participation, than it is to improve present facilities without assistance from other areas.

The action was taken during Tuesday meeting at the Holiday Inn.

The girls were apprehended by Howard Johnson, officer at the Shoshone Falls Park.

## Soviet Union Orbits Space Laboratory

MOSCOW (AP)—The Soviet Union launched today a small unmanned space laboratory toward the moon, apparently to join America's Lunar Orbiter in photographing earth's surface from near orbit.

The exact goal of the Soviet satellite, Luna 11, was not immediately disclosed.

But from the sparse details the Soviets released, it was clear that it will go with Luna 11 that it will be orbiting the moon as its American counterpart is now doing.

The main purpose of the station is the further testing of systems of an artificial moon Sputnik (satellite) and scientific explorations in near lunar space," said Tass, the official Soviet news agency.

This indicated Luna-11 would orbit the moon at a close range rather than land on the lunar surface.

While photographs taken with a lens that shows greater areas will provide information on the

## 5 Girls Face Canyon Wall Cleaning Job

Five Filer girls, all seniors at Filer High School, were sentenced by Twin Falls City Police to paint their class numerals on the canyon walls along Shoshone Falls park.

According to Lt. Ernest Marlow, juvenile officer, the girls appeared Wednesday morning with their parents. He said the girls and parents were most cooperative, and agreed the girls should clean up the painting.

Marlow said the girls were instructed to use solvent or whatever was necessary to remove the paint, and have the job completed by Saturday morning.

The girls were apprehended by Howard Johnson, officer at the Shoshone Falls Park.

## Earth Is Photographed at Age of 4 1/2 Billion Years

HAMPTON, Va. (AP)—At the age of about 4 1/2 billion years, earth had just had its picture taken by a Soviet satellite.

Officials of the National Aeronautics and Space Administration announced today that the photograph Tuesday at 12:36 p.m. A spokesman at Langley Research Center said today confirmation had been received that the photo had been taken.

The command called for the photo to be stored on film in the Luna 11 camera. It will be transmitted Thursday to the deep space receiving station at Goldstone, Calif.

The officials hope the photo will provide information on the

ST. LOUIS — President Johnson has appeared on live TV 63 times in the past two years, 14 times more than President Eisenhower in eight years and 32 times more than President Kennedy in three.

Yet when Mr. Johnson eulogizes the Great Society, his voice is

Mice.

Yet with the red-ink budget-conscious borrowing, an unfavorable balance of payments abroad while our gold reserve hits another new 28-year-old, the rising wages without increased productivity and the upward spiral of inflation, our nation has acquired staggering economic problems that are obvious.

historical blue-plate seems to go over no better here in the Midwest Farm Belt than in the East, South, Pacific Coast or anywhere else, to be sample political sentiment. The President himself proba-

by stands much higher with the country than some polls indicate. But he is bucking a trend against his programs. As Jimmy Durante used to say: "It's the middle class that's it."

There is no substantial evidence that great numbers of Americans are alarmed and concerned about what you might call "government by executive order" and even less evidence that the nation is widely out-

look some of the market out-lets. The result is a widespread apathy toward facts versus an abhorrence.

In the Farm Belt heretofore, administration statements are interpreted as putting the chief blame for inflation on farm prices, implying that Washington's so-called anti-inflation program is geared to holding the line or even to knocking farm prices down.

But now farmers are clout-

regarded about it. However, a leading source does exist that "Do As I Do" is the motto.

When the country is in a complaining mood, little things often register nearly as heavily as the big. A tax up or a price down.

Mr. Johnson flies off to a Texas week-end aboard his \$5.4 million (taxpayers) jet smack in the middle of the airlines strike. Do they think, as do many, that the government's stranded public isn't watching?

Washington officials, whether it's due to the Viet Nam war, the mounting draft calls, or the combination of public anxieties and the fact that the government realize that the floor has moved beneath them; that the national

by the increased cost of everything the farm family buys.

Even though the farmers' income (in dollarettes) is up \$4 billion since 1960, in terms of dollars it's down \$1 billion. At today's cost of living, the farmers' compensation is down.

Nor is the plummy, trumped-up investigation of bread prices, charged to the farmer's scapegoat, doing the farmer's income any good. The farmers know a great deal about that nonsense. After food-processing wages and taxes, the food processor's profit is a mere penny paid in the housewife's kitchen food basket. And the baking industry is notoriously among the least profitable processors of all.

The air is very heady up on the Jupiter-like pyramid where they live, and their resistance to self-deception is not strong. In the past, he has been a man of great and loud confidence in the unending order of good times, crowned again as late as 10 days ago about the "economic miracle" of the 1960s. He has now stated: "We have learned how to achieve prosperity."

He trotted onto the TV screens his White House economic advisers, Messrs. Ackley, Eckstein and Okun. The Three Blind Messrs. Ackley, Eckstein and Okun had better hit for the tall timber if they show up around here.

# Capital Report

By WILLIAM RYAN

The thunder over Asia sounds louder and more ominous.

The Chinese army high command, purged of dissident elements, appears to be gaining momentum, possibly over China's 700 million people.

This emerging leadership, by its own account still struggling to resolve deep internal conflicts, seems likely to inaugurate a new world organization, directed by Peking and excluding any Soviet participation.

If that were all that was involved, the world would not be so serious enough, given the current leadership's insistence on violence as the only road to China's power in underdeveloped countries.

China's power in underdeveloped countries also could have meaning some day for Viet Nam.

At this time, Red China, enmeshed in a power struggle, seems unlikely to want to risk

beliefs that only violent warfare can defeat Americanism led by the United States."

Thus, under Lin's leadership the Kremlin has been placed beyond the pale. With calculated indifference, Lin has rejected the Kremlin's bid for world Communist unity of action on Viet Nam has been rejected. There is no room for the Kremlin on nothing, so far as Peking is concerned.

The Central Committee cannot have made revolutionary Communist advances in Asia, Africa and Latin America—to rally to a united front with Peking. But it said the "modern revisionists" who are "right-wing opportunists" have been conducting "splitist, disruptive and subversive activities within the international Communist movement and the national liberation movement (and) they cannot, of course, be included in this unit-

deeper involvement in the Vietnamese conflict. But with the war in Laos and Cambodia emerging, the time conceivably could come when Red China might be more willing to gamble.

Marshall Lin Piao, reputedly a believer in the "human sea" concept, was tested in the Korean conflict. He was then a man of considerable authority. He may have been real, but he was not a leader. He seems more and more, these days a leader whose words and presence are simply a useful illusion, standing side by side in the power struggle.

He said in a 1962 interview: "A clear line of demarcation must be drawn in dealing with the modern revisionist group with the CPSU and its party, Soviet Union at its core. We must cooperatively reach out to expose their true features as scabs. It is necessary to have united action with them."

Lin Piao said its statement of June 14, 1962, was "a programmatic statement of the Party's attitude toward the Soviet Union," that Moscow, in rejecting it, no longer could claim leadership in the revolutionary communist movement. He said the Party would not reject peaceful coexistence as

Marshall Lin has a reputation for hating all foreigners, including Russians. He has been a vocal and persistent advocate of "revolutionism"—meaning Communism—thinking like Soviet Communists. Lin's "Long Live People's Republic of China" year, is extolled as party doctrine.

Of all the Peking Politburo members only Lin—apart from Mao—was singled out for praise by the Central Committee communiqué. Lin's role in the purge was described as a 12-day meeting early this month. It extolled Lin's leadership in the purge as "the most important factor in the whole party and the whole country." Such praise, usually reserved for Mao.

Lin's attitude is continuing and, according to the communiqué and other recent statements, still meeting much resistance. But the army seems in control, and Lin is the only Communist in Peking who is not a Chinese. He is the most dangerous man in Peking today.

A firm believer in "people's war" the sort now going on in Viet Nam, Lin is a vocal advocate of enormous manpower superiority in battle—and Lin has enormous manpower to draw on.

A top military theoretician, he is also a leading fire-artist among the Peking leadership.

Lin is also the prime minister, a leading Politburo member, a holder of many other impor-

## Effects of Plane Crash Fatal for Man

HARTFORD, Conn. (AP). — John T. Emmanuel, trapped six days in the wreckage of a small plane, died today in Hartford Hospital.

Emmanuel, who was rescued Sunday from the slopes of Mt. Higby in nearby Middletown, was transferred Tuesday to Hartford Hospital from Meriden Hospital.

Dr. Eugene Silliman said Tuesday night that Emmanuel, 39, of Hartford, was suffering from "a total state of fatigue to mind and body."

The crash Aug. 15 of the single-engine Cessna killed the pilot, Richard C. Grimaldi, 32, of Newington.

They had left Block Island, R.I., and were scheduled to land in Hartford several hours later. The plane hit the rock face of Mt. Higby and plunged into dense foliage at the bottom of the cliff.

Emmanuel was planned in the wreckage. The plane was not visible to searching Civil Air Patrol pilots.

## Large Number Of Antiques Are Expected

FILER—In 1953 the Antique building at the Twin Falls County Fair displayed over 2,000 articles, and superintendents state they look for an even larger number during this year's fair Sept. 7-10.

The building was remodeled and renovated before last year's fair to make room for many more displays and to accommodate the large number of persons who collect antiques and wish to exhibit them and also the many interested persons who wish to view them.

Several new classes have been added this year including Oriental china, muffinners, jardiniere, cloisonne and others, according to Mrs. Milton Hamilton Hanson, Filer, and Mrs. H. W. Lehman, Buhl, superintendents.

A total of 209 classes is listed in the division which include glass articles, metal articles, earthenware, kitchen articles, furniture and tack.

Entries close for this department at 6 p.m. Sept. 5 with judging set for Sept. 6. Exhibits will be judged according to age and condition and of original appearance and form.

All exhibitors are prohibited from entering inside the rail, except as permitted by the superintendents. Exhibits will be released between 10 a.m. and 5 p.m. Sept. 11 and no exhibitor will be allowed to pick up another exhibitor's exhibits without written authorization.

## Soviet Union Sentences Six Baptists to Prison Terms

MOSCOW (AP). — The Soviet Union has sentenced six men to prison terms of unspecified length on charges of "antisocial activity" through books that contained "lies" and "influencing children" "non-sensical notions on real and good—they convince belief, "nonsensical notions on real and good—there is no happiness on earth and never can be."

The newspaper "Teacher" said Tuesday that the trial took place in Rostov-on-Don but did not say when.

According to the paper, the sect organized a street demonstration last May 2 and disrupted public order not only by the demonstration but by baptizing 40 young persons in the Don River. One of those baptized was a girl member of the Young Communists' League.

The paper said she and another girl "behaved hysterically and fanatically in court" during the trial.

The sect leaders set up an illegal Sunday School "in which illiterate and fanatical teachers taught 'God's word' to children 8 to 11 years old, and persistently and systematically accustomed them to a religious outlook," the Gazette said.

The May 2 baptism came on a Sunday immediately after May Day which happened to fall on a Sunday this year. The indictment charged the sect with holding meetings that conflicted with official Soviet holidays, all of which come on Sundays except for May Day and the

there was any connection between this Baptist sect and another one at Mtsensk, near Orel, denounced last May 22.

The Russian, with more than 200,000 members, is the second largest Baptist community in the world after the United States.

Many Baptists at the American Embassy have attended services at the Moscow Baptist church and sung in the choir.

## MEETING SLATED

MOSCOW, Idaho (AP) — The North Idaho Chamber of Commerce's post election meeting will start Nov. 17 in Lewiston, Idaho. The meeting will be held at the Moscow Chamber of Commerce, said here Tuesday.

He said 113 chamber members from 16 North Idaho communities will meet with legislators and office holders in a pre-legislative meeting.

## CROPS AIDED

BOISE (AP) — Despite light weekend frosts in southeast Idaho, warm dry weather during days added more Idaho irrigated crop and harvesting operations last week, according to the U.S. Agriculture Department.

The department's Crop Reporting Service for Idaho said scattered showers delayed harvesting in some areas in North Idaho during the week but generally good progress was made on remaining acreage.

## EMPHASIZES LAW

BOISE (AP) — D. F. Engling, state superintendent of public instruction, has emphasized that state law requires motorists to stop when a school bus is loading or unloading children.

Engling said the Motor Vehicle Code amended during this year's special legislative session provides that all school buses must use flashing red working lights and stop signal arms when they are stopped.

Drivers must, he said, stop when the buses are loading or unloading the children, whether the bus is in the same or opposite lane.

## WILDERNESS EYED

SALMON, Idaho (AP) — Former U.S. Rep. Ralph Harding said Tuesday he favors legislation to help preserve scenic Idaho wilderness areas.

Harding — who is running for the U.S. Senate seat now occupied by Republican Sen. Len B. Jordan — said, "Sen. Frank Church was instrumental in gaining this wild legislation. Yet our Republican senators have fought this and other conservation measures which are designed to keep our state beautiful."

JAKARTA, Indonesia (AP) — Some 20,000 people on the Indonesian island of Lombok, a neighbor of Bali, are facing starvation, a Lombok official said Tuesday.

# Young Gangs Working for Mao Tze-tung

TOKYO (AP) — Reports reaching here today said gangs of teenagers called Red Guards were ranging through the cities of Communist China in a zealous campaign to wipe out vestiges of opposition to Mao Tze-tung.

A Japanese correspondent reported the gangs had issued an ultimatum demanding that the eight minor parties allied with the ruling Communists dissolve themselves within 72 hours from Tuesday midnight.

"If you don't dissolve yourselves we will help you dissolve," the ultimatum reportedly said.

It was not clear whether the Red Guards, who have been given the go-ahead signal by the Communist leadership, were acting on their own in demanding the minor-party abolition.

If they are reflecting the official position of the new leadership, it means that the Communists after 30 years of often unsuccessful experiments have at last abandoned the fiction of "united front" cooperation.

## HEADS DELEGATION

Dixon, Jerome, will be honored at a farewell testimonial at 4:15 p.m. Sunday in the Jerome First Ward LDS Chapel, prior to her departure for an Andes South Mission, with headquarters in La Paz, Bolivia. She is a graduate of Jerome High School and Ricks College, Rexburg, and attended Utah State University.

## Beachcomber

HUNTINGTON BEACH, Calif. (AP)—Dolores Carlson applies modern technology to the venerable art of beachcombing.

Along the sand she walks each day, carrying a mine sweeper-like detector and a battered basket.

Mrs. Carlson listens through earphones to a telling buzz from the detector which cost her \$134, then sifts the sand with the basket. The straining often produces a daily yield of \$15 in coins, plus religious medals, cigarette lighters, and once, a radio.

## Change Eyed In Air Route To Las Vegas

An extension of Federal Airway No. 293 from Mormon Mesa, Nev., to Elko, Nev., and from Elko to Twin Falls which would provide Twin Falls with a direct airway to Las Vegas is being considered by the Federal Aviation Agency, according to Edwin C. Woods, Joslin Field manager.

The extension would be accomplished by an amendment to Part 71 of the Federal Aviation Regulations.

Pilots en route to Las Vegas must presently fly direct outside of controlled airspace or detour to the east and proceed via Salt Lake City or to the West via Reno, Nev., with the resulting increase in airway mileage. The extension would provide a north-south route between Idaho and Las Vegas and would reduce the airway mileage from Elko to Twin Falls via Wells, by seven miles.

In addition, the extension is expected to produce a mean enroute altitude lower than that presently authorized on the Elko, Wells, Twin Falls segment.

FAIRFIELD — Marilyn Kay Costella, daughter of Mr. and Mrs. Wilfred E. Costella, Fairfield, and Robert R. Riley, Fresno, Calif., son of Mrs. Louise R. Williams, Fresno, were united in marriage in a candlelight ceremony Aug. 13.

Rev. Herman Pope, pastor of the Gooding Church of Christ officiated at the double ring rites held in the Fairfield Community Church. The ceremony was held under an archway of white roses and ferns flanked by candelabra and baskets of pink and white gladioli grown especially for the occasion by Mrs. Carl Linder, Midvale, grandmother of the bride.

Norman Hatch, of the Pepperdine College faculty, Los Angeles, was organist. He also sang two solos with Mrs. Phil Brackenhury, as accompanist. The bridegroom sang "One Hand, One Heart" during the ceremony.

The bride was given in marriage by her father.

The bride wore a floor length empire gown of silk organza with re-embroidered Alencon lace bodice and kapuki sleeves accented with seed pearls and aurora borealis stones. The slim skirt was of Alencon lace trimmed with seed pearls. Her silk organza coat train flowed from her shoulders. The bouffant elbow length illusion net veil was held by silk organza roses on a base of seed pearls and trimmed with aurora borealis stones. Her bouquet was of long stemmed pink roses with cascading ribbon and lily.

Adorned Gay Moore, Phoenix, Ariz., was maid of honor; Mrs. Wellington Mock, Los Angeles, Mrs. Patrick Funkhouser, Corral and Mrs. Carl Costella, Fresno, Calif., sister-in-law of the bride, were bridesmaids.

A reception was held in the church recreation room catered by the Ruth and Naomi Society with Mrs. Keith Strom in charge. The room was decorated in pink and white bells.

Mrs. Scott Qualls, Weiser, aunt of the bride, baked and decorated the four-tiered wedding cake which was pink and white and topped with wedding bells. The cake was cut and served by Mrs. Qualls, assisted by Mrs. Carl Linder, Midvale, grandmother of the bride, William Russell, Mt. # Seminary Class Starts At Shoshone

SHOSHONE — Seminary classes for the local LDS Church will begin at 7:15 p.m. Monday, the same day the public schools begin, according to Bishop D. H. Hansen.

Classes are held at the church building each morning for all high school age pupils who wish to enroll.

A study is held of the Bible, Old Testament, The New Testament, Book of Mormon and church history, the courses rotating from year to year so that a student may take all four studies during his four years of high school.

Bishop Hansen also announced the state conference to be held Sept. 24-25 will be a geological and Relief Society conference.

# Signup Set For Burley Football

BURLEY — Cassia and Minidoka county boys planning to participate in the Snake River Junior Football League should obtain their football pants and canvas shoes, now according to Dave Lewis, League chairman.

League approved pants are now available at Henderson's Dad and Lad store, Burley. Former Junior League players may take their pants to Henderson's where the league will attempt to sell them.

Lewis also reminded prospective players that only canvas shoes without cleats of any kind may be used. Team sponsors provide helmets, shoulder pads, game jerseys and game socks. Boys 9 through 12 may register at Simplot Soilbuilders in Burley and Rupert, and at Leonard's Mobile in Declo.

Nearly 200 boys in Cassia and Minidoka counties already have signed for Snake River Junior League Football, according to Darrell Edinborough, registration chairman.

"This is about one third of the total that we expect," Darrell stated.

The league, formerly known as the Burley Junior Football League, will include teams from Rupert, Paul, Heyburn, Declo and Burley, and is open to any eligible boy in Minidoka and Cassia Counties.

To be eligible a boy must be 9 years old by Oct. 15 and not more than 12 years old on that date. Thirteen-year-old boys under 50 pounds will be eligible to play in the Snake League if they do not participate in the school program.

Darrington urged boys to register right away. Team assignments will be made Aug. 29 and practice will start Aug. 31. "A boy will have a better chance of being assigned to the same team he played on last year if he registers before Aug. 29," Darrington stated.

A parent must accompany the boy at registration and a birth certificate or other proof of age must be presented at that time. Registration fee of \$2 includes insurance.

## AFL Planned To Raid NFL Into Defeat

NEW YORK (AP) — The National Football League was forced to merge with the rival American League to prevent a wholesale raid on its top talent, Sports Illustrated said Tuesday. The magazine, in a copyrighted article, said the then AFL Commissioner Al Davis' master plan for elevating his league to the No. 1 position was to buy up all the NFL's quarterbacks. Sports Illustrated quotes General Manager Scotty Stirling of Oakland as saying: "If this merger had been put off two days, we would have had 10 NFL players under contract at Oakland and four of them were quarterbacks." Stirling already had signed Roman Gabriel, the Los Angeles quarterback, St. reports, and was ready to grab off Rudy Bukich of Chicago, Jim Ninowski of Cleveland, Sonny Jurgensen of Washington, Milt Plum of Detroit, Fran Tarkenton of Minnesota and John Brodie of San Francisco, the magazine said. Paul Hornung, Willie Wood and Herb Adderley were ready to go to the New York Jets, Stirling said. Green Bay also was slated to lose Henry Jordan and Jim Taylor. Stirling was contacted by phone from the Buffalo training camp in Santa Rosa, Calif. "I was quoted out of context in Sports Illustrated," Stirling said. "I was just talking about the situation as it existed in the American League and not about the Raiders specifically."

## Wilson Finds That Hard Work Helps

By The Associated Press  
The change-of-scenery was a little painful for Earl Wilson, but he's found that the harder he works the less it hurts. Wilson, traded from Boston to Detroit two months ago, recited off his sixth straight victory Sunday and hit one of five five-run homers in a 9-4 romp over American League-leading Baltimore. The triumph, Wilson's 10th in 14 decisions since joining the Tigers, gave him an over-all mark of 15-9, his best by far in seven major league seasons. "Maybe it would be a good thing for every player to be traded once in a while," the 30-year-old right-hander said after checking the Orioles on seven hits and striking out 11. "I felt a little hurt when I was traded, but I also think the move gave me a little incentive." Wilson, who was 13-14 with the Red Sox last season and 5-5 before the June 13 trade, couldn't explain his sudden success at Detroit. "I still think it's easier pitching in Boston than in this park," he said. Clubs permitted to keep 42 players each. They must reach the 40-man regular-season limit by next Tuesday, three days before the season opener at Miami.

## Wilson Finds That Hard Work Helps

Other members of the club are Keith and Larry Shark, Doug and Dave Pember, Gary Swan, Ross Rytting, Jim Blackley, Gary Matlock, Carl Lech, Stan Arns and Tom Fischer. "If we could go into the regional hitting the way we did in state, I'm sure we could win it," says Brown. "I've never seen a team get hot like this one did in state. After a couple of good rallies the boys got it thinking they couldn't be stopped and after that we really had a good time." "I was the luckiest pitcher in the tournament," Brown said of his own award. "I didn't have to pitch against the Buhl team." Farmer's National-Faux Cigar picked up some pitching aid in lefty Ross Rytting, who established himself as one of the state's best around Pocatello and moved to Twin Falls this summer. Rytting is the team's one allowed pickup member and joins with Brown and Gary

## Patterson, Wife Get Divorce

NEW YORK (AP) — Former heavyweight champion Floyd Patterson has divorced his wife of 10 years, the former Sandra Elizabeth Hicks, Patterson's attorney, Julius November, said Tuesday. November said Mrs. Patterson obtained the decree last month in Juarez, Mexico. The reason for the split, the attorney added, was that Patterson insisted on continuing his ring career over the objections of his wife who wanted him to retire.

## Y-Program Described at Chamber Meet

**BURLEY**—Rick Wilson, Twin Falls, and Jeff Haynes, Burley, were guest speakers during the Monday noon luncheon meeting of the Chamber of Commerce at Bryan's Cafe.

Wilson, YMCA Youth Governor of Idaho, noted that very few people know the working program of the YMCA. The organization was started 30 years ago in the East and the first organization in Idaho was started 29 years ago.

During the mock session at Boise, most of the legislation bills presented have at least one year's research behind them, Wilson stated. The key to the full organization is people participation. Recently, the Reader's Digest backed the YMCA program and spent about \$30,000 in backing the program and for expenses of the state youth governors to go to Washington, D.C.

Forty of the state youth governors were able to attend the meeting in Washington, D.C., Wilson said. In Washington they attended group sessions, press conferences, defense briefings and were addressed by President Johnson.

Jeff Haynes spoke on the "World's Teen-Age Show" which he attended in Chicago, as he Idaho governor of Boys' State. The program was to show off today's teen-agers in an educational light and select a teen-aging king and queen. Youth attendees were tested, interviewed, gave speeches and presented a talent program.

The king and queen selected both were from Oklahoma and are outstanding teen-agers, Haynes said. The meeting in Chicago was a good example of today's teenagers as they should be recognized, he noted.

Wilson will attend Columbia University and Haynes will attend Rice University this fall. Ted Kelsey, president of the Cassia County Fair Board, reported the attendance this year was the largest since 1953. All board members were pleased with all departments of the fair. Guests were Mr. and Mrs. Quinn Wilson, Mrs. Lottie Reed, all Burley, Mr. and Mrs. Gus

## Edible

**LOS ANGELES (AP)**—Mrs. Tak Woo's problem with her car is mushrooming. She said Tuesday she did not know whether to take it to a mechanic or a gardener when she found a crop of brown and white mushrooms sprouting from the floor matting.

She decided on a mechanic who said, "It looks like there may be a leak in the air conditioner which makes the carpet damp." And if repairing the air conditioner doesn't do it? "I'm on my third crop," says Mrs. Woo. "If only I could be sure they were edible."

## Sawyer Sees 'Silent War' On Nevada

**LAS VEGAS (AP)**—Gov. Grant Sawyer says the federal government has declared "silent warfare" against Nevada by alleging casino rackets and then refusing to reveal wiretap evidence.

Sawyer has left for Washington, D.C., for a conference on federal-state relations. An aide said he would not meet with Atty. Gen. Nicholas Katzenbach, who ordered the FBI to keep wiretap information secret.

The governor said if the Justice Department won't turn over its evidence, "I demand that they call off the dogs."

Katzenbach suppressed 112 documents the FBI claimed to have through executive privilege. Katzenbach announced his "keep-secret" order in an affidavit answering a \$4.5 million dollar wiretapping suit filed by former major owner Edward Levinson of the Fremont Hotel-Casino in Las Vegas.

Erickson, Almo; Mr. and Mrs. Jerry Wilson, all members of Rick Wilson's family, and Mary McCluskey, all Twin Falls; Mrs. William Haynes, Burley, and Ken Rosecrans, Oakley, president of Oakley Chamber of Commerce.

## Old Mariner Plans Second Try at Sea

**NEW YORK (AP)**—Capt. William Willis, the 72-year-old mariner who was stricken with a hernia as he attempted to cross the Atlantic alone in an 11-foot sailboat, says he is going to try again.

Willis, who flew into New York Tuesday, said he had suffered the hernia a month before he was rescued by a Coast Guard cutter about 1,000 miles east of Newfoundland.

"I was as helpless as a kitten," he said. "Sometimes I had to nail myself under canvas to prevent being thrown into the sea during storms."

His radio failed him, he said, but he finally caught the attention of a passing vessel "by waving and shouting like a madman."

Willis, who set out from New York June 22 hoping to reach Plymouth, England, arrived from Saint John, N.B., where the cutter took him, and was welcomed with a tearful embrace by his wife.

The sailor said he was still in pain, but he did not know if he would undergo surgery until he consulted with his doctor.

He did know he wasn't going to give up. "I am going to try again as soon as I recover," he said.

## Busy Do's 4-H Club Has Meeting

Four demonstrations highlighted the Tuesday meeting of the Busy Do's 4-H club at the home of Mrs. Lee Eldredge.

Demonstrations were: "cake from a mix," by Ann Holloway; "fruit crisp," by Marsha Isham; "removing stains from wool," by Glenda Eldredge; and "three different kinds of sandwiches," by Gena Hafer.

Vicki Holloway, president, called the meeting to order and Gena Hafer led the Pledge of Allegiance. Dixie Eldredge led the 4-H pledge.

Projects and record books were discussed during the meeting hosted by Ann Holloway.

**MANY VARIATIONS OF SIMPLE HAND**

Jim remarks: "Here is a hand that looks ridiculously simple. South has a sound, opening no-trump and North an automatic raise to game. If West opens his four-card spade suit South is very likely to go down in spite of the partnership total of 28 high card points. However, West

and West to defend carefully if they want to foil South's plan." Jim: "South will probably start by winning the spade and running off four diamond tricks. West will let a couple of hearts go and East will probably discard a spade. Then if South knocks out the ace of hearts it will be up to East to lead his queen of spades. Otherwise South will be able to throw him back in the lead to force him to lead from his queen of clubs."

## YOUR BIRTHDAY and HOROSCOPE

**WEDNESDAY, AUGUST 24**—Born today, you are not one to keep your feelings to yourself. When you are happy you show it, and when you are angry or disappointed you do not hesitate to let others know about it. For you, the telling of how you feel acts as a medicine, curing you of those feelings should they be incapacitating ones — or as a catalyst, heightening those feelings should they be gay and joyous ones. You are, in short, one who shares himself with others completely, and needs to do so.

The same necessity to share with others carries over to material things. Should you ever take little real pleasure in it until you could use it to help others less fortunate; should you ever gain material rewards for a job well done on the employment scene, you would not rest until any who had had a hand in your success was rewarded, too. It should go with-out saying that such an attitude does much to gain and keep your friends.

You need only take care that, feeling the way you do about giving of yourself and becoming wealthy, you would take little real pleasure in it until you could use it to help others less fortunate; should you ever gain material rewards for a job well done on the employment scene, you would not rest until any who had had a hand in your success was rewarded, too. It should go with-out saying that such an attitude does much to gain and keep your friends.

**PAISCES (Feb. 20-March 21)**—You will no doubt be unable to gloss over the unpleasant facts of the present situation. Face them honestly to find solutions quickly.

your possessions, you do not come to believe that others should or could feel the same way. The longer you live, the more you will discover that most people are not sharers by nature, and that you are a rarity. You must not be disappointed by this fact — but you must accept it.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

**LIBRA (Sept. 24-Oct. 23)**—Don't complicate matters by insisting that others conform to your own standards. Enlarge your understanding and you'll enlarge your horizons.

**SCORPIO (Oct. 24-Nov. 22)**—A business-as-usual day regardless of the temptation to make it otherwise. Today may well be the prelude to big things ahead.

**SAGITTARIUS (Nov. 23-Dec. 22)**—Intellectual integrity is important to your success now. Refuse to give voice to opinions you don't really hold.

**ARIES (March 22-April 20)**—Avoid vague and generalized expressions of opinion. Answer direct questions directly. No beating about the bush!

**TAURUS (April 21-May 21)**—Let your own determination to succeed form the primary inspiration for your work today. Building your way through, if necessary.

**GEMINI (May 22-June 21)**—Morning setbacks need not determine the course for the day — not unless you let them. Pick up the pieces quickly, and get on with it.

**CANCER (June 22-July 23)**—Undisciplined flamboyance and a liking for the complicated could spoil your chances for gain today. Keep your high spirits in check.

**LEO (July 24-Aug. 23)**—Let nothing of an artificial nature influence you in your decisions today. Let there be nothing fanciful about your facts and figures.

## CLASSIFIED ADS

### HOW TO WRITE

#### A GOOD

#### CLASSIFIED WANT AD

1—IT'S ALWAYS BEST to start your advertisement with the name of the article or service you have to offer. If you have an apartment or property for sale start your advertisement with this location.

2—BE CLEAR. Readers respond more quickly and when given complete or definite information. One of the very most important aspects of any advertisement is to include the price.

3—MAKE IT EASY for the reader to respond to your ad. Always insert your telephone number and a home address. If you do not have regular hours, give a preferred time to have your ad contact you.

4—THE GREATEST READER ATTENTION can be secured for your advertisement by using consecutive insertions. Play safe—a seven-day order is best and costs least. There are also very special monthly rates for those who do a string of keeping their name and offering before the public every day. You can stop your ad at any time, and then you pay only for the days it is published.

5—PLACE YOURSELF in the reader's position and ask yourself: "What do I need to know (about your offer)? The answer you give will make a good Classified Ad."

6—CLASSIFIED readers are already interested in what you have to offer. They are already in the market to buy. So give them every advantage you can with good ad copy.

7—WANT ADS THAT FAIL to bring satisfaction do so, not through any lack of reader-ship, but because they are often carelessly worded and do not contain enough information to get prompt action.

8—TO PLACE YOUR ADVERTISEMENT in the Twin Falls newspaper, where you reach the greatest Classified Want Ad audience in Magic Valley, call 733-0931 or one of the Times-News' free phone numbers if you live in an area outside Twin Falls and ask for an Ad-taker. It's as easy as calling a friend because our Ad-takers are selected to be helpful in such matters. Remember, you get 7 days for the price of 5.
