RUPERT — Roy Thomas, state police officer, reported a radar check was conducted Wednesday night for one hour and five minutes on a state highway in Minidoka County, and 12 persons were cited for speeding.

The citations were: M. A. Wicks, Rupert; and Dennis M. Taylor, Heyburn, for speeding 100 miles per hour; Randy Freeman, James E. O'Donnell, both Rupert; and Dennis Bean, Paul Rogers, Rupert, traveling 72 miles per hour; Koenig, Robert S. Adams, Paul, and Lynn H. Thomas, Buhl, traveling 72 miles per hour; Bob L. Williams and Stephen E. Ottley, both Rupert, traveling 70 miles per hour; and Roger L. Durlay, Rupert, driving 70 miles per hour.

The officer noted that all drivers cited for speeding are high school age except one.

**State Land Official****Talks at Meet**

SHOSHONE — Orval Hadley, manager of the Bureau of Land Management office in the Shoshone National Forest, returned from his trip with the Eastern Idaho Chamber of Commerce at President Johnson's dedication speech in Arco at a training session here.

Hadley also spoke on wildland classification and multiple use of the public domain. Curtis Taylor, also of the state office, explained desert land application and entries.

He related the history of land disposal and the responsibilities of the responsible area managers. He outlined the proposed and initial classification decisions pertaining to desert land applications.

Ben Gomm, Shoshone, realty specialist, spoke on appraisals and zoning.

Other speakers included Louis David Lofdinski, who spoke on purposes; Mrs. S. M. Hall, free use, records and reports; Lawrence Bardsey, recreation, and Del Waddops, Burley district, land laws.

BLM personnel attended from Burley, Arco, and Shoshone districts, as well as from the state office. It was announced that while Gomm is on leave to study at the University of Wisconsin-Losinski will be in overall charge of the lands work. Quigley is responsible for applications in the Burley Hill resource area. Gerty for the Wildhorse River and Bardsey for the Wood River area.

**Lin Piao Asks Guards to Expand Purge**

TOKYO (AP) — Red China's Defense Minister Lin Piao, called on the militant young Red Guards Wednesday night to expand the purge now sweeping the Chinese mainland but warned them against coercion and force.

"Don't hit people," Mao Tse-tung's heir apparent told 500,000 young Red Guards at a meeting of the Chinese People's Revolutionary Party in Peking's "Hall of the Thousand Chilins" (Square of Heavenly Peace).

Lin, 50, said he spoke for Mao, irritated by violence and the like.

But coercion or force, he said, did not mention the state of his "soul." His "soul" was his side during the rally. But the Lin, according to the New York-based Chinese News Agency, called on the young "chairman" of the Chinese People's Revolutionary Party to "expel the Red Guards to carry on their campaign by reasoning and not by coercion or force."

The teen-aged Red Guards have been carrying out a nationwide purge of foreign and pro-Communist influences as part of the "cultural revolution" to smash four old "idols": revisionism, imperialism, bureaucracy and center-heavy bureaucracy.

The youthful purge has been to a handful of bourgeois rightists, some advice in minder land.

From elsewhere in the Communist world came a report of similar purges. Premier Chou En-lai gave the same advice in minder land.

**LEGAL SECRETARY** Mrs. Barbara Werner, Pittsburgh, Pa., left her office with \$240 to purchase a lamp Wednesday and while walking down the street toward a post office a man ran up behind her, grabbed her purse and left on the run. So, Mrs. Werner removed her high-heel shoes and started in pursuit. When the purse-snatcher was slowed in crossing an intersection, Mrs. Werner caught up to him and let him have it on the head with her shoe, taking her purse back as the man staggered from the blow. ### Senate Okays Funds for Food Plan

WASHINGTON (AP) — The Senate has approved a two-year \$5-billion extension of the Food for Peace program after sharp debate on whether winter rations and alternative medicines should be allowed in items sent to hungry and needy peoples around the world.

The measure was approved 74 to 2 with Sens. Frank J. Lausche, D-Ohio, and John J. Tunney, R-Calif., in opposition. It now goes back to the House for consideration of numerous Senate amendments.

Williams wanted to ban all alcohol beverages and tobacco from the program. But Sen. John S. Connor, R-Ky., successfully offered an amendment which would ban alcoholic beverages from sale either for foreign currencies or for general credits, and non-nicotine tobacco and its products from being on the list of gifts.

It was brought out in debate that no liquor nor alcoholic beverages ever had been sent overseas under the program.

## Driver Cited After Mishap At Murtaugh

MURTAUGH—A Twin Falls youth was cited after a three-car accident about 10 p.m. Wednesday, one mile west of Murtaugh on U.S. Highway 20.

Larry Heideman, 15, 1945 Heyburn Ave., E., was cited for passing without sufficient clearance by Idaho State Police. According to investigating officer Heideman was driving a 1965 Chevrolet Chevelle which was attempting to pass a 1965 White Autocar semi-truck tractor when the accident occurred.

Police said when Heideman was attempting to pass the truck, an oncoming car, a 1965 Chrysler driven by Rickie Ray, pulled out in front of him. Heideman was approaching so Heideman applied his brakes.

Heideman's car then sideswiped the oncoming auto, police said, and bounced into the rear dual wheels of a semi-truck van which was being pulled by the truck tractor, driven by James S. Ford, 43, 2037 Falls Ave., E.

Officers said the truck and the Chevelle were headed west on Highway 20 and the Chevelle was going east.

There were no injuries and the Chevelle received about \$75 damage to its left front and the Chevelle received \$40 damage.

## Texas and Far East Plagued With Often Fatal 'Sleeping Sickness'

By ALTON BLAKESLEE Associated Press Writer

NEW YORK (AP)—By the dozens and hundreds, people are falling ill in Texas and the Far East from sudden explosions of so-called "sleeping sickness," and for many the sleep is forever.

This "sleeping sickness" is more precisely known as encephalitis, or brainitis, a virus which can produce inflammation and destructive changes in the brain and spine cord—or no real symptoms at all.

Epidemics, such as occurring now, are unusual in the United States.

The virus striking in Texas is a form known as St. Louis encephalitis, while those who got it in Asia and the Far East are infected with Japanese B encephalitis. Two other related forms that sometimes also strike individuals in epidemics are Eastern equine and Western equine encephalitis.

There are mysteries still about these viruses.

Birds are apparently the main reservoir of St. Louis encephalitis. Mosquitoes of the Culicidae family are the carriers, transferring the virus from birds to man, horses and to other animals. Some species of birds die from the virus, while others are not sickened at all, medical texts explain.

### Ceremony Slated For Apprentices

The Twin Falls Area Joint Apprenticeship Council will meet Wednesday night at the Labor Temple to plan completion ceremonies for 10 apprentices.

The ceremonies will be held at 8 p.m. Sept. 30 in the Cafeteria Room of the Depot Grill.

The apprentices completed their training in the crafts of bricklaying, plumbing,

electricians, and carpentry.

Three of the 10 are power linemen for the city of Burley.

**Picnic Held**

Dcelo Kiwanis Club members gathered for their annual picnic Saturday at Dcelo Village Park with Bruce Turner, president, welcoming the group.

Leading the pledge-to-the-flag was Everett Pardew, with the prayer given by Joseph Presler.

Clifford Sutton led the group in singing. Mrs. Clifford Sutton, assisted by Mrs. Bruce Turner, was in charge of menu arrangements.

Most humans infected by birds are either showy and party upon heavy recent rains or have general signs of illness, or have general symptoms, including fever. But once in a while, encephalitis bursts forth in epidemic form. Health officials in Texas

and the Far East are worried.

Despite the name "equine,"

mosquitoes of the Culicidae

family do not spread this disease from infected horses, says Today's Health Guide, published by the American Medical Association. Vaccines are available to protect horses and mules, but similar vaccines are not generally recommended for humans.

People immunized against the virus—Epidemics may occur because people have not been exposed much in the past, and the virus may hit harder at times, says one physician familiar with the disease.

The virus infection can bring high fever, convulsions and generalized rigidity, headaches, muscle pains and stomach upsets, and coma and delirium in more severe stages.

And yet, it adds, there is no specific drug to help victims.

### Committees Are Set up by T.F. Chamber of Commerce

Twin Falls Chamber of Commerce committees were selected yesterday to discuss some of the ideas that were mentioned during Wednesday's meeting.

Ray Rostro, secretary-manager, said the committee chairman also discussed several ideas on how to keep the local Chamber the most active in the area.

Committee chairmen attending the meeting were Edward Shaft, agriculture; Otto Florence Jr., airport; Hugh Coats, civic; William Boyd, community relations; Donald Jackson, industrial; William Grange, legislation; Robert Harvey, retail; Mrs. Harris, advertising and promotion; and James Stokes, transportation.

Beside discussing several ideas, Rostro said the chairman selected committee members from the Chamber roster.

Rostro said the committees

are to be held every year.

## Impact of India's Population Is Grim

**NEW DELHI** India (AP)—September, but there will be no official recognition of the million primitive village backlog of them. When you have 499,999 people, what's one more?

Census officials decline to compute the exact time. They acknowledge that India will pass the half-billion mark in

— the Soviet Union, Australia and Japan.

India's population is expected only by Com-

munist China, which has an estimated 750 million people.

The impact of population pressure has a grim, personal meaning here.

If conditions continue as they

have on the subcontinent, among them:

One chance in four of learning to read or write.

A life expectancy of 45 years less if the baby is a girl—com-

pared with 70 in the United States.

An average income of \$4 per

year, or 13 cents per day. Lifetime filled with illness and dis-

ease, because of an insufficient diet and poorly balanced diet and because of contaminated water and unsanitary surroundings.

With massive assistance from

abroad, India is making prog-

ress, but it is slow and uneven,

and increases in food availabil-

ity—ironically, this progress lies

behind India's skyrocketing

population.

Epidemics used to kill mil-

lions of people. In 1911 an esti-

mated 13 million Indians died of tons of grain to India.

## Harding Is Speaker at Burley Meet

BURLEY — Former Congressman Ralph Harding, who thinks the United States should escalate the Viet Nam war to the point of "World War III" where nobody wins.

Harding, who is a candidate for U.S. senator, was speaking at a panel discussion Wednesday night in Burley, sponsored by the Cassia County Ministerial Association.

"Nothing would make me happier than to see an end to hostilities in Viet Nam," Harding said.

"But on the other hand, I will say now, it would look like a Communist victory resulting in Laos, Cambodia, and Thailand going Communist," he said.

Others on the panel were independent gubernatorial candidate Perry Swisher of Boise, Boise City Councilman Col. F. J. Bush, Fred Schubert of the College of Idaho at Caldwell, and Samuel Day, editor of the Idaho Observer in Boise.

## Saddle Bronc Champion to Ride at Fair

FILER — Shawn Davis, 25, national saddle bronc riding champion, is among the well-known cowboy personalities who will appear at the annual Twin Falls County Fair and Rodeo Sept. 7-10.

Davis, who hails from White Hall, Mont., will be among an estimated 175 entrants who will be trying out for some \$9,700 in purse money and entry fees during the scheduled four nights of riding and rodeo action in the fairgrounds arena.

Last year, a total of 170 cowboys and 160 horses in five events with Ellis Lewis, Pendleton, Ore., and Ellie Lewis, Fallon, Nev., sharing the pay-off as he pocketed \$25 as the winner. Davis wound up in tie for second and third place with Lee Johnson, Omak, Wash.

Other top hands along with Davis, who plan to compete this year, are: Eddie Andrus, Millville, Calif.; Jim Steen, Glenn Ferry; Dennis Thurmon, Fallon, Nev.; Jim Wise, Loveland, Colo.; and Buzz Seely, Roosevelt, Wash.

Wise, 33, is ranked seventh in current standings for the saddle bronc riding championship this

von Davis, returning fourth — kept by the RCA at its national contests approved each year by the professional Rodeo Cowboys Association.

As one of more than 500 such offices in Denver, Colo., contestants in the twin falls for Program Headstart, the boy's Association competition in this year will be tangling with breakdown of the final entries for the twin falls county rodeo, which is owned by the Twin Falls County Fair Association. The rodeo will be conducted at the arena, Marysville, Calif., instead of \$1,129 as printed in yesterday's edition of the Times-News.

Judges selected by both the RCA and the rodeo committee are responsible for rule enforcement.

In all RCA sanctioned rodeos, a contestant's winnings in the Filer Fair-Rodeo will be credited to him in his respective category, as far as his place for this year's national rodeo titles. There are championships, carrying \$24,000 in added money, go to the top money winner in each event category at the end of the year. A record of each member's earnings throughout the season is

published weekly in the civic club rooms.

All Democratic local candidates will be present, according to Mrs. Phillip Bare, who said all interested persons are invited.

## Harding to Talk

RUPERT — Ralph Harding, candidate for the U.S. Senate, will speak at 8 p.m. Thursday for a meeting at the civic club rooms.

Democratic local candidates will be present, according to Mrs. Phillip Bare, who said all interested persons are invited.

## Correction

In a story on the latest figures for Program Headstart, the boy's Association competition in this year will be tangling with breakdown of the final entries for the twin falls county rodeo, which is owned by the Twin Falls County Fair Association. The rodeo will be conducted at the arena, Marysville, Calif., instead of \$1,129 as printed in yesterday's edition of the Times-News.

## CONSULTANT DIES

PROVIDENCE, R.I. — Frank A. Tool, 50, Providence-based market consultant for the Washington Water Power Co. and manager of the Inland Empire League, died Wednesday in a hospital here.

A cool, refreshing Mule made with Smirnoff and 7-Up® is a treat to start with and stay with. Only Smirnoff, filtered through 14,000 pounds of activated charcoal, blends so perfectly with 7-Up. So never forget the rule for the Mule...Always use Smirnoff.

## Cheryl Eckles, Adams Exchange Nuptial Promise

**SHOSHONE** — Cheryl Eckles, daughter of Calvin Eckles, Wendell, and the late Mrs. Donna Eckles, and Roddy Lee Adams, son of Mr. and Mrs. Lyda Adams, Shoshone, were married July 29 at the LDS Church, Wendell, with Rev. Rudie Chandon officiating.

The double ring ceremony was performed before baskets of pink phlox, pink roses and white gerbera.

Soloist was Ella Mae Parker, with Maureen Byington at the organ.

Escorted by her father, the bride wore a long white bridal gown of traditional bridal satin featuring long pointed sleeves and appliqued flowers on the bodice, neckline and bottom of the skirt. Her shoulder-length sheer veil was held by a white satin rose. The dress was made by Mrs. Glen C. Anderson. The bride's bouquet was pink roses.

Mrs. Ron Stickham, Wendell, was matron of honor, and Rita Goble, Wendell, was bridesmaid.

Best man was Ardee Gull, Jerome, and standing with him was Stickham. Ushers were Larry Adams and Jack Lancaster.

Nancy Lancaster, Mary J. Anderson and Beccle Eckles served as flower girls.

A reception was held immediately after the wedding at the church, followed by a luncheon at the home of the bride's sister, the bridegroom, who was in charge of the guest list. Gifts were carried by Beccle Eckles, sister of the bride; and Kevin Lancaster, cousin of the bride. Arrangements for the gifts were made June 1st and Tammie Hause.

The bride's table was covered with white lace and accented with pink phlox bouquets. Centering the table was a four-tiered wedding cake decorated with pink roses and topped with a wedding bell, accented by a heart-shaped setting.

The cake was baked and decorated by Mrs. Dan Niesfener. Serving the cake were Mrs. Warren-Eckles, Goading, mother of the bride, and Mrs. Ardell Haberman, Jerome, cousin of the bride.

Pouring punch was La Rue St. John, mother of the bride. Reception hostess was Mrs. Glen C. Anderson, assisted by Mrs. Muriel Lancaster, aunt of the bride.

Out-of-town guests attended from Aberdeen, Twin Falls, Burley, Cascade, Pocatello, Gooding, Shoshone, Jerome and Salt Lake City.

The couple will reside on his father's farm in North Shoshone, where the bridegroom will assist with farming.

Mrs. Francis Goble, assisted by Mrs. Glen Anderson, hosted a bride-elect shower in July.

## Marian Martin Pattern

10-20

Mark Kreilkamp served the Nuptial Mass.

Harry B. Ingalls was best man. Ushers were Charles McWilliams, Robert McWilliams, both brothers of the bride; Fred D. Harder, Dr. R. G. Roberts and Peter Link.

A reception after the wedding ceremony was held at the Blue Room Club.

The bride's table was covered with an embroidered organdy cloth skirted to the floor and enhanced with moss green velvet ribbons placed at each corner. The four-tiered wedding cake was topped with a moss green ribbon and a blackberry garland. Greenery and garlands encircled the cake and decorated the silver candleabra.

The refreshment table was centered with an arrangement of white chrysanthemums. Matching cherub candleholders with pads of green moss accented with velveteen. Topiary trees studded with chrysanthemums were used as a background setting for the orchestra. Arrangements of chrysanthemums were placed on white wrought iron pedestals and used as a background for the refreshments.

Mrs. John Reischewander, Albany, N.Y., and Mrs. Harley Knip, Blackfoot, both aunts of the bride, served the wedding cake. Punch was served by Mrs. Howard Gerrish, Mrs. Robert McWilliams, Dr. Edward B. Ingalls, Mrs. Peter C. Gill, who displayed by Mrs. R. G. Roberts and Mrs. Wanda Ghoshman.

Pre-nuptial parties were hosted by Mrs. W. J. Peters, Mrs. C. G. Wyllie, Mrs. W. A. Turner, Mrs. Jack Cubit, Mrs. Thomas Mullin, Mrs. —— and Mrs. Jack Mullinway and Dr. and Mrs. V. V. Telford.

## Heyburn Couple

### United in Temple Rites

**HEYBURN** — The Idaho Falls LDS Tabernacle was the setting for the July 28 wedding of Lana Jeanne McCordell and Leslie Robert Stimpson. A double ring ceremony was performed by President Alden Poulsen.

The bride is the daughter of Mrs. Helen Walker, Mrs. McCordell

and Stimpson is the son of Mr.

and Mrs. Robert James Stimpson, all Heyburn.

The couple was honored July 29 at a reception in the Tabernacle hall.

Guests were greeted before an arch entwined with greenery and centered at the top with satin streamers and wedding bells. The arch was flanked by beauty baskets of gold pompon chrysanthemums accented by green streamers.

The bride wore a peau de soie gown of traditional white Chantilly lace rose appliques with aurora borealis borders bordered the rounded neckline accented with a large bow at the waist, featuring lily-point sleeves.

The floor length gown with soft pleats at the waist was further enhanced by a chapel train which flowed from the waist and accented by lace appliques.

Accented by lace appliques, the peau de soie was accented by a seed

pearl necklace and a finger tip veil of bridal illusion. She carried a cascade of white, daisies and yellow roses tied with white satin streamers. Her attire was complemented by a pearl necklace borrowed from Mrs. Nelma McCordell, her aunt.

Mrs. Jerry Peck, cousin of the bride, was matron of honor. Bridesmaids were Linda Stimpson and Mrs. Robert Desplas Jr., both sisters of the bride.

Mr. and Mrs. Richard Brundage, Salt Lake City, and Mrs. Melvin Steward, Rexburg, and Kent Sheranian were attendants.

Gifts were received by Mrs. Elmer Holter, Salt Lake City, and Irwin Jones was best man and ushers included Robert DeSpain Jr., Steven McCordell, brother of the bride, Larry McCordell and John McCordell, cousins of the bride.

Mary Budge, Salt Lake City, registered the guests.

The tiered wedding cake, centered on a table covered with white lace, was accented with white, green and yellow flowers and garnished with green swan separators and was topped by two white miniature wedding bands, wedding bells and white satin.

The bride's table featured old fashioned silverware, baskets of flowers, glasses and a middle vase of chrysanthemums.

Guests were served at quarter tables covered with white embroidered cloths centered by arrangements of summer flowers accented by green net. Mrs. Nelma McCordell, Bur-

bank, was Mrs. Marion Warner.

Lori Stimpson was master of ceremonies and the prayer was offered by Elmer Holter.

## Vows Recited

By T.F. Miss,  
J. Pettingill

Marilyn Joan Myers, daughter of Mr. and Mrs. Wayne Myers, Twin Falls, became the bride of James A. Pettingill, son of Mr. and Mrs. Elwood Pettingill, Filer, July 29 in rites at the LDS Chapel, Harrison Street, Twin Falls.

Bishop Ted Larsen performed the ceremony. Ms. Grant Holman played the traditional wedding music. The chapel was decorated with green gladioli and pink chrysanthemums. White satin bows centered with a single pink rose marked the bride's belt.

The bride, given in marriage by her father, wore a gown of white satin peau de soie, featuring an empire line accented with lace and seed pearls and a short chapel train attached at the waist. A shoulder-length veil was held by a maid of honor. Her bouquet of pink carnations and roses was centered with a pink Calla lily, orchid, velvet ivy and tied with loops of matching ribbon.

Bridal attendants were Mrs. Lloyd Bascom, matron of honor; Linda Myers, sister of the bride; and Mrs. Linda Myers, sister-in-law of the bride.

Larry Pettingill, brother of the bridegroom, was best man. Lloyd Bascom and Gary Mai were ushers.

A reception was held at the home of the bride's parents after the wedding ceremony. Gardenia lamps, decorated with sage green while rope lights on the pathways lit the home. The bride's table was covered with an embroidered dacron cloth and centered with a four-tiered wedding cake. Silver candleabra draped with garlands of amelias.

## Presbyterian Rites Set in New Church

WENDELL — Members of the United Presbyterian church will observe entry-day in their new church on First Avenue E. for the coming week. At 11 a.m. Sunday, announced Rev. Jack Jennings, pastor.

Preceding the church service the congregation will gather at the entrance for the brief "Service of Entry."

All classes of the school church school will meet at 9 a.m. in the classrooms of the new building but the Junior high class which has been meeting at the home of Dr. and Mrs. H. F. Holstinger, will continue meeting there until otherwise announced.

For the first two months services in the Presbyterian congregation have been held at the Masonic Temple and although work at the new church is incomplete it is far enough along to allow the regular services and meetings to be held there. The formal dedication and the formal dedication of the new church is tentatively set for Nov. 6, said Rev. Jennings.

## Tooth Care Test Results Are Revealed

WASHINGTON (AP) — Of the two groups tested, the children using the U.S. Public Health Service technique had 50 percent fewer cavities.

A test similar to some sponsored by toothpaste companies was conducted recently in New York City, N.Y., by Dr. Harold R. Englander, a dentist with the National Institute of Dental Research.

Using a group of 500 school children ranging in age from 4 to 12 years, Englander tested a number of different fluorides to children's teeth.

More than half the children wore a specially fitted plastic mouthpiece for a six-minute period each day. The mouthpiece was filled with a fluoride solution containing 1.1 per cent sodium fluoride. Half used one type of gel, half used a different type.

In a report to a meeting of the American Academy of Pedodontics, Englander said the children using the mouthpieces developed an average of 0.9 and 1.1 new decayed, missing and filled tooth surfaces.

The children who did not use the mouthpieces developed an average of 4.4.

## Wilson Asked To Join in Troop Study

LONDON (AP) — President Johnson, concerned at Britain's haste to cut her Rhine army, has called on Prime Minister Harold Wilson to join American-British-West German studies of the whole problem of allied defense planning in mid-European Europe.

British officials, reporting this today, said Wilson had advised the President of Britain's willingness to join these talks but had added that Britain's Army may not be allowed to take the steam out of current exchanges on the issue within the North Atlantic alliance.

The President's move, according to British authorities, came as a follow-up to a recent visit of the American Ambassador. The information given by informants here is that the Americans are worried by evidence of British pressure on London to accept a series of cuts in the Rhine army by October to save an overseas military spending.

## Crash Hurts Grandson of Hailey Pair

HAILEY — Mr. and Mrs. George Kibble received word Wednesday that their grandson, James Lee Kinney, was injured in an automobile accident near their home, Yukon Territory, that morning.

The accident was reported to the Blaine County sheriff's office and RAYA NO particular.

Kinney, who had spent the summer visiting his grandparents here, was en route to Pueblo, Colorado, where he had visited the University there, and was driving over the Alcan Highway.

Kinney's parents, Mr. and Mrs. Roman Kinney, are with the Bureau of Indian Affairs at Belieff, and teaching at Tukwila on the Kunisukokwa River. Kinney is a son of a Shoshone. His mother, Mrs. Nellie Leverick, Salt Lake City, and a registered nurse, left by airplane, Wednesday morning to care for her nephew.

## Candidate Says Rules Are Illegal

CONWAY, Ark. (AP) — Jim Johnson, a Democratic party's nominee for governor in Arkansas, thinks school desegregation guidelines are illegal, but he has enrolled his twin sons in a class that will have Negro students.

"I promised that I would obey the law," Johnson said. "I still believe the federal school desegregation guidelines are illegal because they go beyond the civil rights laws."

Johnson's wife, Virginia, enrolled the twins, Danny and David, 6, in the first grade of the Conway elementary school Wednesday. The boys' teacher said she understood there would be three Negro children in their class.

Johnson, running against Republican Winthrop Rockefeller, came to prominence as a spokesman for segregation groups.

## Ogden School To Offer Sex Education

OGDEN (AP) — The Ogden City School District will offer a sex education class to all ninth-grade students this fall. A record of 100 percent of parents and teachers of the students.

James Garner, director of secondary education, said a questionnaire was sent to the parents of all ninth-grade students in the district and also to all ninth-grade teachers.

The survey was taken early this year, Garner said, and has been studied since then.

Dr. T.O. Smith, superintendent, announced that the class would be offered this year at the school board meeting Aug. 22. He said it would be part of the social studies program.

The class will be offered for

nine weeks with students attending a one-hour session per week, Smith said.

Dr. Smith said, "The rest of the time they will study geography and vocational training."

Students will be separated into all-boy and all-girl classes for part of the instruction, Garner pointed out.

He felt it "would be better not to separate the students throughout the entire year," he said.

"But several parents said they would rather have the class separated during parts of the teaching," he said.

The parents and teachers disagreed on some areas on where the responsibility for sex education should fall. Both groups favored the class, however. Of the parents polled, 81 per cent were in favor of the class.

Ninety-eight per cent of the teachers felt the class should be taught.

## Nugents Move Into New Home

AUSTIN, Tex. (AP) — Mr. and Mrs. Patrick J. Nugent have set up housekeeping in their brick duplex apartment, guarded by concealed closed-circuit television cameras and Secret Service agents.

President Johnson's daughter, Luci, and her husband of 3½ weeks pulled up in front of their apartment in Luci's dark-green sports car at 4:10 p.m., Wednesday.

Since their Aug. 4 wedding, the couple's security equipment has been installed. Three closed-circuit television cameras, their lenses barely visible in wooden containers matching the trim of the duplex, are trained on the front, side and back yards. A bank-wide wire-way system connects the two houses.

Several at the end of the court yard. Also constructed was a high privacy fence along the side and back. Their refrigerator was moved in just 10 minutes before they arrived.

Later that day, two hours after they arrived, they drove to a nearby supermarket and bought \$30.13 worth of groceries.

Like many new husbands, Pat whistled in dismay when

the cashier rang up the total. He paid with a \$5 bill.

# Error Lets Dodgers Get Decisive Run in 13th to Defeat Magic Valley 6-5

OGDEN (AP) — The Ogden Dodgers scored in the bottom of the 13th inning Wednesday night when Bob Stinson scored on an infield grounder when the Magic Valley catcher dropped the ball. Stinson was hit by a pitch solo second, was sacrificed to third and then scored on the ground ball by Mike Criscione to pace the Dodger's 6-5 win. The game was a pitcher's duel for some five innings between

Cowboy hurler Mike Howard and Pat Hart for the Dodgers. Howard was the losing pitcher while Hart picked up the win on relief for Mike Price.

## Sports FROM ALL ANGLES

By LARRY HOVEY  
Latest tip concerning the University of Idaho basketball job. The new coach will be either Sam Aubrey, currently an assistant at Oklahoma State, or Wayne Anderson, who has been at Idaho for several years as assistant.

It appears that Anderson has the inside track although Aubrey has some credentials and has rounded up some great references to back his candidacy.

"Aubrey was the fresh-coach when Eddie Sutton, now College of Southern Idaho mentor, entered at Oklahoma State."

CSI currently has its eight "coaches" listed in the school and Coach Sutton met Wednesday night with a group of local men and invited them to try out for the job.

A couple of local men who should have a good shot at the job are Doug Denner, who graduated four years ago from Buhl, and Brian Ward, a 1983 product of Mountain High. Both are former players on his club teams, playing outlaw ball the past four years and at 6-4 should be valuable in the draw.

Eagles' Ward is the 6-2 jumping jack who played for the Utah State fresh-some last year.

With Fred Terrell, Shoshone, on the club, Coach Sutton now has nine boys. He plans to keep 16 or 17, so several local boys will get long looks over the summer.

Anybody interested in getting behind the Eagles can do so by attending the next booster meeting at 8:30 p.m. Tuesday at the college offices on Third avenue west.

Schedulewise, Sutton has added Montana State fresh will go along on a home-and-home basis this year. The Eagles will probably have 24 games this season.

Gooding High School administrators or the school board or both dropped a bombshell this week when it posted new academic requirements for participation in athletics. The new edict says all boys must have a minimum average grade, either based on cumulative grades, meaning there's no hope for a football player to become eligible this year as the break is in January.

Needless to say, this edict has the town pretty well divided.

The state interscholastic activities association requires a boy to have passed three subjects in the previous semester to be eligible. A "D" is passing.

The recent fire that ravaged the South Hills Shoshone Basin area has left the Idaho Fish and Game Department quite pessimistic. The fire destroyed a lot of valuable winter range, which has been plowing out in the area for years and wasn't going to start again.

The field is made up of about 60 Americans, 30 British and 50 players from other parts of Europe, Asia, Africa and South America. Four Americans were three shots behind at 71, and U.S. Open champion Greg Norman was also behind at 72.

The San Geron population in the Shoshone Basin, after showing slowly decline for the past 10 years, appeared to have leveled off, and perhaps even improved a little in the past two seasons. With the scrubland and nesting grounds wiped out, appears the Shoshone Basin is becoming a desert again he considered a resource.

Meanwhile, the forest service is still watching the fire situation. If things continue, it is possible some big game hunts could be canceled or at least curtailed.

Asked of that possibility, Merle Morris, director of recreation education, notes "they (the forest service) realize we are faced with a major problem in carrying big game over this winter. We must have a harvest this year to have what winter range we can. Of course, they have plans concerning the animals, but we are not sure on them and watching the forest service will give the hunters every break this year. We definitely need some harvesting of big game and they know it."

# NINE GAMES TO USHER IN FOOTBALL YEAR

## Tigers Try Filer Friday, Twin Falls Hosts Buhl Saturday in Main Events

High school football storms squarely into the scene this weekend with Twin Falls hosting Buhl and Jerome going against Filer in the highlights of a nine-game, opening slate. Following last year's "down" season, the 1966 year should be up generally with races offered in all the conferences. For the larger schools the conferences are still well in advance but many of the smaller teams are playing for keeps right off the bat.

In conference play Castleford will travel to Rait River while Carey moves into Richfield. The other seven games are tune-ups.

The Filer night spotlight is on Filer where Jerome, the host club, has been coaxed by Jerry Dichtl and Filer shows off what it has retained from last year's line club. Jerome will be relying on the running of Dennis Stauffer and while the "Tigers" aren't a huge team coach Dichtl says "we are bigger than I thought we'd be."

Filer retains some of its older gridiron stars, including Eddie Elling. The Wildcats lost their senior starting backfield to graduation but has quarterback Ron Wyatt, 62, 175 pounds, to build around.

In other Friday play Minico and Burley will resume their traditional opening with a jamboree at Burley. Held in Durkee, the city's two sophomores will pit it out in this one.

Burley looks good in the backfield with Morris Gunnell and Hanks but Coach Budge could use more size. Minico Coach Ed Schenck has numbers and size but the Spartans are getting used to a new offense.

Wood River, which figures to be a strong contender in the Big Eight League, opened at Pocatello on Saturday.

Joining the likes of a coach and coach Keith Wilson will be relying almost entirely on underclassmen.

A couple of teams that could be spoilers meet at Shoshone where the Redskins, KHN, will building from last season, will entertain the Oakley Hornets. Twin Falls and Buhl have been battling it out for eight years now with every little to choose from. Twin Falls holds the win edge 4-3 and there was a tie.

Coach Ed Patterson says "We could be pretty tough if we can get past Twin Falls without having someone killed." But the Indians aren't that bad. "We're pretty good in the interior line and our backfield is coming along pretty well," he admits.

Twin Falls' big game record rules as a slight favorite in the battle. The Indians are paced by Flint Garpening in the line and Dave McCollum and Dick Johnson in the backfield.

The Juniors of the Twin Falls club have traveled to Vienna, Ferry to help them out. Weston debut. The Pilots return 13 veterans this year and should be up after last year's 3-8 year.

will return to Jaycees Park

for their last appearance of

The Cowboys, with host

Idaho Falls over four days,

Sterling Jewelry's most popular player award will be presented and a pair of Safeway nights are planned during the final series.

The Tigers aren't a huge team

coach Dichtl says "we are

bigger than I thought we'd be."

Filer retains some of its older gridiron stars, including Eddie Elling. The Wildcats lost their senior starting backfield to graduation but has quarterback Ron Wyatt, 62, 175 pounds, to build around.

In other Friday play Minico and Burley will resume their traditional opening with a jamboree at Burley. Held in Durkee, the city's two sophomores will pit it out in this one.

Burley looks good in the backfield with Morris Gunnell and Hanks but Coach Budge could use more size. Minico Coach Ed Schenck has numbers and size but the Spartans are getting used to a new offense.

Wood River, which figures to be a strong contender in the Big Eight League, opened at Pocatello on Saturday.

Joining the likes of a coach and coach Keith Wilson will be relying almost entirely on underclassmen.

RECEIVING HELPING HAND from school bus driver Mrs. Jay Osmer Lowe as they prepare to board the bus for the trip to school are Jerry Stomets, left, and his sister Jill and Timmy James. Mrs. Lowe has been driving for Kirkman Bros. School Transportation for eight years. (Times-News photo)

## Bus Load of Children Is Enjoyment?— Drivers for Twin Falls Firm Think so

There are about as many different types of attitudes as there are drivers for driving a school bus as there are drivers for driving a school bus as there never is a next question asked by anyone," he added.

children, but long-time drivers agree that continued driving is based upon enjoyment.

"You just have to like your job to want to stay in this business," says Shirley Tucker, a driver for the Kirkman Bros. School Transportation firm for five years. Tucker devotes his time away from the buses to his farm near Filer.

Kirkman Bros. currently employs 22 school bus drivers. Many of their drivers sign up because they find extra time on their hands and a driver's hours fit in with several types of part-time jobs.

"It's certainly not the money," says Jack Kirkman regarding the question of why most drivers stay with their jobs for long periods of time. "There isn't enough involved—they just have to like being around kids and providing a service for the community," he adds.

Of the 22 school bus drivers employed by Kirkman Bros., 7 are women. Kirkman notes that some of the women are better drivers than many men, being able to handle the controls in traffic, as well as the kids, with ease and competency. However, restricts his women drivers to certain routes, restricting to place them in a situation that would find them isolated from immediate help.

"A woman driver shouldn't have more than one mile from shelter and help at any time," he said.

Winter road conditions and isolation, therefore, have combined to make rural school bus routes generally reserved for men.

Kirkman hires his drivers upon consideration of their driving ability, reaction to heavy traffic and ability with children. Service and driving records are taken into consideration; however, restricts his women drivers to certain routes, restricting to place them in a situation that would find them isolated from immediate help.

A prospective driver's attitude toward children is extremely important. The driver must be firm, but not tyrannical, and friendly without being lax.

"You can't take a 'let them get by this time—I'll get them

"Say  
PEPSI  
PLEASE"

time they get to high school,'" he said.

Mrs. Jay Osmer Lowe, a junior high school teacher, voted the "toughest to handle" division attributes this behavior—or lack of it, to still another factor. "These kids don't belong in the children's class nor in the strictly adult class," she commented. "I feel that they don't know where they belong and behave accordingly," she concluded.

Elementary school children are general favorites among many of the drivers, although just as many are somewhat more difficult to manage. "The G.O.P. membership list of the President's Club to ferret out possible influence-peddling and criminal violations.

In a continuing attack on the Democratic party's big fund-raising organization, the G.O.P. urged—President Johnson to shut it down—and open its books to the public. They also made plans to publish in the Congressional Record the names and addresses of the members of the club for the past three years—around 2,000—and invited newsmen to seek any links between them and big government contracts.

There was no immediate White House comment on the proposal, but several weeks ago Republican members have been speaking of "striking coincidences" in the award of contracts to big donors to the club, which is open to persons who contribute at least \$1,000 to the campaign.

Following an a news conference Wednesday, House GOP Leader Gerald R. Ford of Michigan said party investigators

have found evidence of "political favoritism and skulduggery" in the award of contracts to "those whose there is smoke there must be fire," he added. "And I think the smoke is getting so thick in the inner

duced when any group of children are confined to limited enclosures, all the drivers agreed to keep the noise "down-to-a dull roar."

While each of the drivers have different reasons for driving school buses in the first place, as well as approaching their work in different ways, they all agree that the safety of the kids is our biggest concern."

DeWitt Lahue started driving four years ago because "I wanted something to do with my time around kids," he said. Lahue is the Kirkman firm's oldest driver, tallying more than 50 years of major accident-free driving.

He attempts to be "firm, yet not too firm" with his young

group.

"I don't know what you would put down to me, but it's the fact that they let us up on the bus in motion, riding side-

ways or automobile screaming," he said. "A good talking to," he said.

Lahue's answer to disciplinary

problems is to "kick them out of the bus."

As far as the general attitude

of the drivers is concerned, consensus reveals that supposed explanations of this age group's rebellious behavior vary considerably among the drivers.

"High schoolers are by far the worst kids in the world to control," Tucker said. "I sort of feel that it's because there's less beginning to grow up a little and they want to impress the world," he added.

Mrs. Helenia Ehresman, a school bus driver for five years, doesn't feel that she can pinpoint any particular age group as being the most difficult for her.

"I enjoy my children very much," she commented, adding that she felt that "the troublemakers come in all shapes and sizes and are not restricted to any special grade."

Most of the drivers agree that junior high students offer more resistance to discipline than any other school group.

ways or automobile screaming," he said. "A good talking to," he said.

"High schoolers are by far the worst kids in the world to control," Tucker said. "I sort of feel that it's because there's less beginning to grow up a little and they want to impress the world," he added.

Mrs. Helenia Ehresman, a school bus driver for five years, doesn't feel that she can pinpoint any particular age group as being the most difficult for her.

"I enjoy my children very much," she commented, adding that she felt that "the troublemakers come in all shapes and sizes and are not restricted to any special grade."

Most of the drivers agree that junior high students offer more resistance to discipline than any other school group.

"I don't know what you would put down to me, but it's the fact that they let us up on the bus in motion, riding side-

ways or automobile screaming," he said. "A good talking to," he said.

Lahue's answer to disciplinary

problems is to "kick them out of the bus."

As far as the general attitude

of the drivers is concerned, consensus reveals that supposed explanations of this age group's rebellious behavior vary considerably among the drivers.

## BRIDGE BY JACOBY

## WHAT TO MISLEAD

## BRIDGE PARTNER

The basic false-card play is an effort to fool an opponent. It is almost axiomatic that you never false-card when you are likely to fool your partner.

There is one conspicuous exception. You may want to go out of your way to fool him.

West makes his normal opening lead of the four of hearts.

West will reason that South holds the queen of hearts and that there is no future in a heart continuation. He will also need to consider the other three distinct possibilities in clubs.

With the club shift, East is able to cash two clubs and a heart. Without it, East will win a heart and continue in hopes of promoting a trump trick for his partner. South will ruff high, draw trumps and eventually get rid of the two clubs on dummy's diamonds.

## CARD SENSE

Q.—The bidding was: West North East South 1♦ P—Pass 2♦ P—Pass 2♦ P—Pass 2♦ P—Pass

Opening lead—W 4

It does not make the slightest difference whether the jack or three is played from dummy. East must false-card with the king.

TODAY'S QUESTION:

You bid three diamonds. West bid three spades. Your partner doubled. What do you do?
