

Cambodia Asks U.S. to Stop Bombing

PHNOM PENH — Cambodia (AP) — The Cambodian government wants to come back to Cambodia, they must decide, once and for all, to stop bombing us," Prince Norodom Sihanouk says.

Sihanouk added that his people would "sack the American Embassy as they have already done, if there were new bombs" on our frontier zones by the Americans."

Relations between the two countries broke down in early 1965 following incidents along Cambodia's border with South Vietnam. American planes recently bombed the Cambodian village of Thieck Trach, and Washington said there was confusion about the exact line of the frontier.

Sihanouk expressed his views to West German author Klaus Mehnert during an interview Saturday.

Scientists Do Full Synthesis Of Insulin

NEW YORK (AP) — Communist Chinese scientists have performed a full synthesis of insulin, Dr. Klaus Hofmann reported Sunday. It is the first major scientific achievement to come out of that country, since their atomic development is considered merely a technological feat.

Dr. Hofmann, director of the Protein Research Laboratory at the University of Pennsylvania, said, "It is the most complex synthesis of a biologically active natural product accomplished to date." He had just met in Beijing, Rockefellers' United Nations.

Normal insulin for treating diabetes is derived from animals, Dr. Hofmann said. West German scientists had confirmed, by experimentation, the Chinese claim to have synthesized it.

Man Ends 3,000-Mile Balloon Trip

VILLAS, N.J. (AP) — After more than 3,000 miles, five months and 200 hours in the air, Tracy Barnes, in his balloon, down near this Delaware Bay community Sunday and remarked:

"It's just a damned hard thing to do."

He had floated from San Diego, Calif. On the way, he had reached a record altitude of 10,000 feet above sea level, looking forward to the experience.

For example, she has never traveled in an airplane. "I'm looking forward to it," she said. "But with butterflies."

Oklahoma seems impatient for her triumphant return. As classes end, even the school's president said:

"A walkout is as good a way as any to show the school's enthusiasm for Jane Ann. It's an opportunity."

COMMISSIONED

BUFFALO, N.Y. — Commander Duhl has been commissioned a second Lieutenant upon completion of the U.S. Air Force Reserve Officer Training Corps program at MacDill Air Force Base, Fla.

He said it was the first transcontinental balloon flight ever made.

Next, he wants to balloon his way to Europe if he can find a sponsor.

Never Learn

Around the world trout have the reputation of being the most sought after species of fish. Thousands of fishermen will fish a lifetime without ever catching one, for the simple reason they live in a region where streams or lakes are not conducive to trout life. In Idaho, it's different. Trout are caught in record numbers in all portions of the state. It doesn't just happen that way. Although trout are native to Idaho waters, perhaps the majority of trout that eventually wind up in a fisherman's creel started life in a hatchery. The "put and take" program costs thousands of dollars annually, but most citizens are aware of it and believe it's money well spent.

One of the sidelight expenses that could be avoided is the necessity to remove so-called trash or rough fish from a body of water to permit trout to exist. Fish such as carp, suckers, chubs, squawfish multiply so rapidly that they crowd trout right out of the picture. So do some of the less popular game fish, such as perch, for example. Trout cannot compete successfully with these other fish for available food.

The Fish and Game Department has started a program to eliminate all fish this fall from Island Park Reservoir. The project will cost about \$20,000 and it will be a couple of years before the dividends start rolling in. The department will plant catchable size trout in the reservoir after millions of chubs have been removed, but it will be two or three years before trout are big enough to be a major attraction.

Eight years ago, the department cleaned out Island Park Reservoir. An estimated 24 million nongame fish were killed while about 100,000 game fish turned up right along with them.

It's possible the renovation project eight years ago missed enough chubs and suckers to result in a repeat of circumstances. But more than likely, fisherman hauled in "minnows" from other watersheds to use as bait and paved the way for the present population explosion of chubs. That's the way chubs got into the Island Park country in the first place. A few fishermen insist on using live "minnows" for bait because that's the best way to catch big fish. Living bait that escapes the hook and survives means the eventual end of trout fishing.

There's an example of a similar nature in Magic Valley. Fishing at Magic Reservoir has been little short of fabulous for the last couple of years. But Fish and Game Department biologists in effect have told fisherman to enjoy it while they can, because perch outnumber trout in that body of water. Trout fishing at Magic has no place to go except downward.

It's been only a few short years since the Fish and Game Department cleaned out Magic Reservoir. It's possible a few perch were missed and led to the present condition. However, it's far more likely a disgruntled perch fisherman or two dumped perch back in the reservoir. Regardless of what happened, it's already plain that Magic Reservoir will have to be cleaned out again to give it a chance to produce the tremendous trout harvest it's capable of producing.

The cost of such a renovation program is high, but not impossible when water levels fall. Without low water conditions, the cost is prohibitive. Already, it's certain that the level of Magic won't be low enough this fall to eliminate the tremendous perch population.

When drought conditions and low use of water bring the level of Magic Reservoir low enough to permit the fish renovation program, fisherman can only hope everyone finally has learned the lesson. Magic Reservoir can produce tremendous numbers of trout that will grow to tackle-busting proportions. Magic Valley fishermen can have those conditions, but not if someone insists on using live minnows. In fact, not if someone insists on thinking trout and perch make a fine combination.

VIEWS OF OTHERS

CYCLE OF AGE AS KILLER

The motorcycle has come of age. Within a few short years it has emerged as a full-fledged killer of human beings.

It was not long ago that the cycle was primarily that of an amateur, taking the country—those far apart from us in society—on its automobile. It was a machine of sport—used for hill climbing on Sundays.

Now today, our nation's young people have substituted the motorcycle for the bicycle, a machine too slow for modern-day youth.

The motorcycle's popularity cannot be overlooked. Neither can the death and injury it has caused.

Figures show Idaho registration of motorcycles four times greater today than it was in 1950. In 1950 there were 76,500 registered. In 1967 there were 367,500 registered.

Bannock County registration alone has increased 55 per cent over last year when 1960 were on the books. This year there are 4,270.

Our nation's experts are alarmed by the increasing number of deaths by the motorcycle. In 1967 it resulted in 1,600 deaths nationwide.

The cost of such a renovation program is high, but not impossible when water levels fall. Without low water conditions, the cost is prohibitive. Already, it's certain that the level of Magic won't be low enough this fall to eliminate the tremendous perch population.

When drought conditions and low use of water bring the level of Magic Reservoir low enough to permit the fish renovation program, fisherman can only hope everyone finally has learned the lesson. Magic Reservoir can produce tremendous numbers of trout that will grow to tackle-busting proportions. Magic Valley fishermen can have those conditions, but not if someone insists on using live minnows. In fact, not if someone insists on thinking trout and perch make a fine combination.

HOLLOW VICTORY

A couple of U.S. senators saw the discrimination in allowing reservists and members of the National Guard to stay home while drafted men were being sent to Viet Nam. They gained passage of a provision that permits callup of those sons of reservists—but it's unlikely to be a hollow victory.

Both President Johnson and Defense Secretary Robert S. McNamara are opposed to calling reservists or guardmen. Anyway, the President already had authority to use guardmen and reservists. Supposedly, those standby military units are available to supplement the regular armed forces whenever and wherever needed. It comes down to a matter of who decides the need.

ST. LOUIS POST-DISPATCH

NATIONAL WHIRLIGIG

By ANDREW TULLY

WASHINGTON—Although the Soviet government publicly rejected President Johnson's call for closer relations between the U.S. and Russia, its private reaction to war and encouraging American diplomats to American diplomatic sources.

In effect, the secret message transmitted through diplomatic channels to the President was thus: Soviet government officials are open to American diplomatic sources.

For the sake of relations and his fear of nuclear war, and that the door was "open" to new specific proposals. The message also hinted that it might be worthwhile to arrange a "Little Summit" meeting between the two leaders.

Anders Tully, between the Russian and American officials, the latter is included Ambassador Averell Harriman.

The official reaction to Johnson's Idaho Falls speech, as carried by Pravda, was the usual necessary hogwash for consumption both domestically and in Communist China. The Kremlin feels it is politically safe to switch its public line must continue to be that the U.S. is an aggressor in Viet Nam and is committed to the destruction of Communist nations everywhere.

SEEING EYE TO EYE—But the private fact is that the U.S. and Soviet Union today are closer to reaching real understandings on a variety of issues than at any time since World War II. Even as the President spoke in Idaho Falls, Soviet and American delegates in Geneva already were "very close" to agreement on a nonproliferation pact. All the spread of atomic weapons. Indeed, the agreement may have been wrapped up as this is written. Meanwhile, the Kremlin welcomed Johnson's assurance that the Viet Nam war would not spread to other countries and would not endanger Russian interests. That's the kind of meat and potatoes the Russians are interested in.

In fact, too, Moscow agrees with President Johnson's idea of a formal partnership between the two great nuclear powers to keep peace in the world. Whatever loose, expedient arrangements Moscow might make with Red China, Russian ears are aggressively expansionist regime in Peking continue to grow.

WILL CONTINUE DIPLOMACY—Indeed, the same time was never so ripe for some kind of an agreement with Russia, and is determined to push efforts in that direction. It is Johnson's premise that you have to make peace with your enemy, that there's no profit in merely agreeing with your friends. Therefore, he will pursue his negotiations with Moscow even if it means economic crisis inflation

Yankee Fork Construction Contract Let

CHALLIS — A contract for construction of 3.2 miles of the Yankee Fork Service road from Sunbeam to the dredge tailings has been awarded to Karl Wondall and Sons, Boise.

The Fores-Servco contract with the Boise firm totals \$213,970.

The project involves clearing, grading and drainage for a 24-mile stretch of roadway.

Six inches of crushed gravel and a light bituminous surface treatment will be placed on the roadbed. Retaining structures to stabilize road slopes are also planned.

The improvement is part of the five-year program to restore the historic Yankee Fork area of the Salmon River.

Schedule for Bookmobile Is Announced

Schedule for the March 1-10 library service demonstration Bookmobile was announced Saturday by the Twin Falls Public Library.

The schedule follows:

Route 2 — Tuesday: Picabo, 9:30 a.m.; Gannett, 10:45 a.m.; Carey, 12:15 p.m.; Timmerman, 1:45 p.m.; Mullen, 2:45 p.m.

Route 3 — Wednesday: Artesia City, 10 a.m.; Murtaugh, 11:30 a.m.; Milner (Glenn Breeding residence), 1:50 p.m.; Hansen, 3 p.m.

Route 4 — Friday: Rogerson, 9:30 a.m.; Hollister, 10:50 a.m.; Griff residence, 12:30 p.m.; Castleford, 2 p.m.

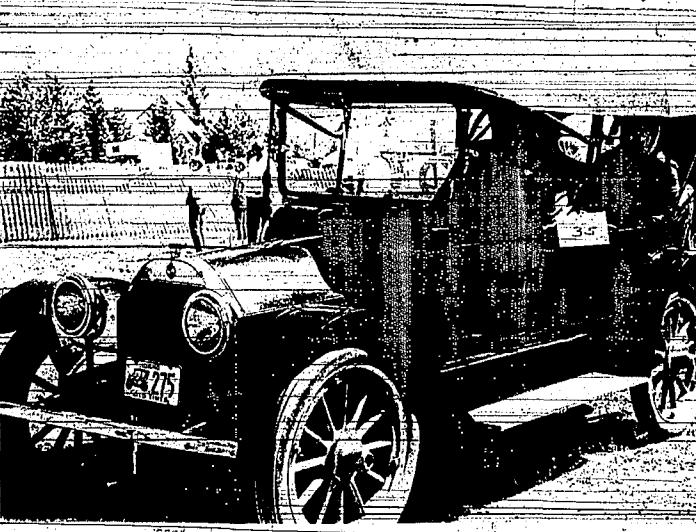

Route 5 — Saturday: View, 10:30 a.m.; Albion, noon; Malad, 2 p.m.; Payette, 3 p.m.

Route 5 — Tuesday, Sept. 20: Dietrich, 9:30 a.m.; Palmer Service Center, 11 a.m.; Eden, 1:45 p.m.; Hazelton, 2:30 p.m.

Route 6 — Wednesday, Sept. 21: Kimberly, 9:30 a.m.; Labor Camp, 1:30 p.m.

Route 8 — Friday, Sept. 23: Twin Falls Office, 9 a.m.; Boise City, 10:30 a.m.; West Point Store, 1:30 p.m.; Orchard Valley, Grange Hall, 3 p.m.

The bookmobile returns to each of those places at two-week intervals, at which time books may be returned or renewed, and new books checked out.

OLDEST CAR IN THE Horseless Carriages Parade Sunday at the Wagon Days Celebration was this 1910 Oldsmobile, shown here with Eugene Noxon, Ketchum, at the wheel with Mrs.

Noxon in the back seat. The car is owned by Mr. and Mrs. Ted Gruener, Chardon, Ohio. The car is a Model 42 and was made in Lansing, Mich. (Times-News photo)

Auto Safety Standards to Be Set by Commerce Secretary

WASHINGTON (AP) — The Senate's 11 passenger cars and four new auto safety standards required by the Commerce Department for 1968 model cars by Jan. 31, 1967.

Although the act itself does not spell out any standards, it is expected that the secretary will order most or all of the 26 safety standards already adopted by the General Services Administration for passenger cars to be brought by the government.

The first 17 of those standards take effect for government purchases of 1967 models, the remaining nine for 1968 models. Although none of the 26 standards is mandatory, it is anticipated that the public—before 1968 models, most of the first 17 are being included by car makers as standard equipment on all 1967 models.

The standards include anchorage points for both lap and shoulder belts for certain seating places. This means seat belts for both front and back

seats. It is required that the seats be able to withstand impact or knee-injury to a person wearing a lap seat belt.

2. Construction of forward compartments so as to reduce the likelihood of head impact or neck injury to a person

wearing a lap seat belt.

3. Recessed instrument-panel instruments and control devices.

4. Collapsible steering column and other energy-absorbing provisions in the steering control system.

The first 17 of those standards

take effect for government purchases of 1967 models, the remaining nine for 1968 models.

Although none of the 26 standards is mandatory, it is anticipated that the public—before 1968 models, most of the first 17 are being included by car makers as standard equipment on all 1967 models.

The standards include anchorage points for both lap and shoulder belts for certain seating places. This means seat belts for both front and back

seats. It is required that the seats be able to withstand impact or knee-injury to a person

wearing a lap seat belt.

5. Safety door latches and handles.

6. Safety anchorage of seats, headrests, side markers, tire safety

and safety rims. Government

tire standards vary according to proposed use of the vehicle.

7. Four-way flashers. A switch

permitting all four turn signals

to operate simultaneously.

8. Safety glass and glazing materials.

9. Recessed or padded ash trays and lighters.

10. Padded arm rests.

11. Padding of seat backs to protect rear seat passengers from heat. Head rests are required front seat passengers from whiplash.

12. Windshield wipers and washers, including coverage of a larger area than has previously been standard.

13. Provision of glare reduction surfaces—anything that reflects light must produce a glare that reduces vision.

14. Control of air pollution through compliance with the standard proposed by the

Health and Welfare Department Dec. 31, 1965.

15. Back-up lights.

16. Rear view mirror or mirrors.

17. Window and door controls recessed or made of breakoff materials.

18. Window and door controls recessed or made of breakoff materials.

YOUR BIRTHDAY and HOROSCOPE

MONDAY, SEPTEMBER 12 — Born today, you have an acute awareness of other people and of the climate of a situation.

At the same time, you have intelligence and quick actions, as far as such activities do not compromise your basic principles — to this awareness, and thus to allow the mood of

the times and the people in those times to aid you rather than hamper you in your efforts.

Needless to say, you would make an excellent politician, even if you were not.

Emotionally, you have doubt ripened slowly, which is a distinct advantage, for it means that you have remained long enough in each stage of your emotional development to gain some real understanding of it. This understanding of yourself is of tremendous value.

It is important for you to realize that people are basically much the same. It enables you to understand the behavior and motives of others.

You have great strength of character. You recognize and

weaknesses which you have the wisdom to see. You have the strength to see, however, the wrongs in others.

ARIES (March 21-April 20) — Your inner strength will be your bulwark against the trials and tribulations of a difficult day. Don't give in to depression.

SAGITTARIUS (Nov. 22-Dec. 21) — Avoid being sent out of the way by "yesterday," to whom you have given your trust.

TAKING stock of your material assets at this time. If a budget overhaul is in order, now is the time to do something about it.

CAPRICORN (Dec. 22-Jan. 20) — Let your inner strength be your bulwark against the trials and tribulations of a difficult day. Don't give in to depression.

AQUARIUS (Jan. 21-Feb. 19) — A good day for the Aquarius who keeps his eyes and ears open to the sight and sound of wisdom. Good fortune comes from strange quarters.

PISCES (Feb. 20-March 21) — An emotionally fulfilling day for Pisces. Try if you can to keep your heart from outraging the sentiments, however, you may feel.

TAURUS (April 21-May 21) — Have this same characteristic trait. You accept others in their strength and in their human foibles, only asking, not that they change, but that they accept the in the same way.

TAURUS (April 21-May 21) — To find what is in store for you tomorrow, select your birthday and let the corresponding paragraph tell you what may be your daily guide.

TUESDAY, September 13 — VIRGO (Aug. 24-Sept. 23) — Make a decision now as to

territory. Investments should be put in pay off at this time if you have taken care of them.

GEMINI (May 22-June 21) — Unexpected pleasure in the form of material assets may well come to Gemini today. Be grateful for the gains and don't demand more.

CANCER (June 22-July 22) — Cancer, you know, work and leisure so as to get the most out of each. Refuse to be taken into activities you're not interested in.

LEO (July 23-Aug. 22) — A day with an unusual touch of sophistication for the Leo whose powers of observation are followed by the art of mimicry.

Compensation

BANGKOK (UPI)—(AP)—Banks will pay 500 million dollars to foreign banks it nationalized in 1961, the government announced, two big Communist Chinese banks, the People's Bank of China and the Bank of Communications, are excluded.

Your Spine and Your Health

By Dr. Harold C. Landwehr

Back Injuries: Thousands of working men know what Chiropractic can do for back injuries. They know that when other methods fail to give them relief, Chiropractic can help.

It is important for employees, company pension insurance companies, and insurance companies to recognize this fact. Actual studies have been made of injured workers and

Chiropractic brings the workers back to work with less chance of re-injury. The charge of malingerizing, less cost to the insurance companies, faster recovery—these are the results of Chiropractic.

To the Chiropractic physician, the spine represents the keyboard, as it were, with 33 keys. He can play them all, and he can play them well.

Several large industrial firms employing Chiropractors on full time basis have found the results most gratifying.

(One of a series of articles published to explain and illustrate the practice of science and sports, written by Dr. Harold C. Landwehr, who is located at 717 Main Ave. W., Twin Falls, Tel. 733-0523.) Ad

MOSCOW (AP) — Tass, the official Soviet news agency, reported today a U.S. citizen and former Roman Catholic priest has been granted "political asylum" in the Soviet Union.

Tass identified the American as Harold M. Koch and said he made his request "to protest against the criminal United States aggression in Viet Nam."

The Tass report did not give any further information about Koch.

An American Embassy spokesman said the Tass story was the first he had heard of the matter and that inquiries had started to find out more about Koch and his presence in Moscow.

Tass said the competent authorities examined the request and granted it. There was no mention of where the American is now or what he is doing.

Tass gave this text of the statement it said Koch made to the foreign ministry:

"Harold M. Koch asks to be granted political asylum in the Soviet Union. I make this request for the following reasons:

1. I protest against American aggression in Viet Nam which is daily increasing in force, cruelty and injustice.

2. The American leaders are ignoring the helplessness and misery of the impoverished people in the States and especially the colored people who are pushing forward the undeclared war against the Vietnamese people.

3. Lastly, I wish to join the Soviet people in their work of promoting world peace and building a new social order in their country.

I request that the authorities in the U.S.S.R. consider my application for political asylum and grant me an opportunity to take an active part in the struggle against the injustice and cruelty of the Vietnamese war.

I would be willing to use the press and any other medium that may be given an opportunity to be given me.

RETURNS TO SCHOOL

RICHFIELD — Larry Deeds has returned to Idaho where he will work on his master's degree in mechanical engineering at the university after graduating in June. He is a son of Mr. and Mrs. Lyle Deeds, Richfield.

Littler Sinks 22-Foot Putt in Playoff to Win World Series of Golf

AKRON, Ohio (AP) — Gene Littler, whose double bogey 7 on the 16th-hole set the stage for a dramatic three-way playoff with Jack Nicklaus and Al Geiburger, dropped a 22-foot birdie putt in a sudden death playoff Sunday that won the World Series of Golf and its top prize of \$50,000. Littler, who admitted he was lucky to gain a World Series berth, collected his biggest paycheck when he slammed home

Vikings Gain 20-20 Tie With 49ers

SAN FRANCISCO (AP) — Fred Gossman's 15-yard field goal went into the wind with six seconds remaining to gain a 20-20 tie for the Minnesota Vikings against the San Francisco 49ers in their National Football League opener Sunday. Windless field goals exhibited by the 49ers never trailed the Vikings and held the lead until the waning seconds when quarterback Fran Tarkenton engineered an 80-yard drive culminated by Cox's second tie-pointed.

Tarkenton, who had been held scoreless in his first two starts, opened the scoring with a wind-swept field goal of 44 and 46 yards in the first quarter. Al Green in regulation figures, and on the half-time the 49ers held a 20-7 lead having scored twice on passes by quarterback John Brodie.

Minnesota 0 7 10 20
San Francisco 6 14 0 20

Bakken Field Goal Lets Cards Win

ST. LOUIS (AP) — Jim Bakken's 27-yard field goal with seconds to play gave the St. Louis Cardinals a 16-13 come-back victory over the Philadelphia Eagles in the National Football League opener for both teams Sunday.

Bakken, who kicked three field goals and scored 10 points, capped a 10-point fourth quarter rally. Quarterback Charley Johnson, coming over from Dallas, the one yard line for the only St. Louis touchdown.

The Cardinals' touchdown drive was featured by a Johnson pass intended for end Sonny Jurgensen, the Philadelphia 24, however, Brodie, an Eagle defender deflected the ball and rookie Johnny Roland grabbed it and drove to the 16. Two plays later Johnson scored.

Philadelphia 3 7 0 3-13
St. Louis 0 3-10-16-16

Gossett Kicks Rams Over Falcons 19-14

ATLANTA (AP) — Bruce Gossett kicked two field goals, plus two fumble-kicks, totaling the Rams to a 19-14 victory over ambitious Atlanta in the Falcons' first National Football League game.

The Rams rolled to a 160 lead in the first half, but the third-period saw the Atlanta offense score three touchdowns and Dick Hall replaced Miller.

Hall, retired pinhead, Sam Williams on a ground for the second out, the runners holding, but Herale Allen sent the Twins ahead 6-4 with a two-run double.

After an intentional walk to the one-out single off Stil Miller and Killebrew followed with his 35th homer, tying the game at 6-6. Rich Reiter singled and three Baltimore walks put the Twins collecting 10 hits in the inning.

Tony Oliva started the rally with one-out single off Stil Miller and Killebrew followed with his 35th homer, tying the game at 6-6. Rich Reiter singled and three Baltimore walks put the Twins collecting 10 hits in the fourth victory in a row.

The loss dropped the Tigers into third place in the American League, one-half game behind Milwaukee.

Atlanta 19 14-19
Milwaukee 16 10-20 6 10 2
Minnesota 10 10-16-11 17 2

McNally, S. Miller (7), Jim Brabender (8) and Tom Warren; Grant, Worthington (6) and Zimmerman, Nixon (9). W-Worthington 6-3, 1-8, Miller (23), Killebrew (35).

BRIDGE BY JACOBY

HARD TO LOSE — managed to find a way to go BUT SOUTH DID — down.

North and South both bid their hands with reckless abandon. He decided that play North had at mere ten points was more likely to work than for his two diamond response try to establish diamonds for a but was still able to find a discard. Then he played his ace second bid while South with a trumps. West dropped the complete minimum opening and Jack and South looked at it a little sick-card suit jumped to carefully. Then he played his ace of clubs entered dummy hands with the king of clubs, led the ace of clubs, entered dummy hearts, East played the queen of hearts and ruffed. East let his hand with his ace of clubs go on that low hand with his ten of hearts. Then South ruffed the third heart and led a spade to dummy's king.

As you can see the hand is

Tricks will be minimum break. You bid two spades. West and I think because is going to work. South will hold a diamond but can't lose another trick. Or can he? What do you think?

South, an unlucky expert type. (Answer—Next Issue)

Nixon Fears Expansion of Viet Nam War

NEW YORK (AP) — Former Vice President Richard M. Nixon says he fears President Johnson will "go overboard" in expanding the war in Viet Nam and end up by making that country an American dependency.

Nixon, who recently returned from Saigon and is considered a possible "Republican" candidate for president in 1968, appeared Sunday on the CBS television program, "Face the Nation."

Nixon has called for an increase of 25 per cent in the number of American troops to serve in Viet Nam. But he said he was "distressed" to read published reports that the Johnson administration "was thinking of raising the present troop level of about 300,000 to 600,000 or 750,000."

"There is a grave danger at the present time," he said, "that the administration will go overboard in increasing the forces in Viet Nam."

"We might be able to win the war—but by doing so we would have on our hands a dependency for a generation to come that's the way it would be."

The cold war in Viet Nam, Nixon contended, was "the split in the Democratic party."

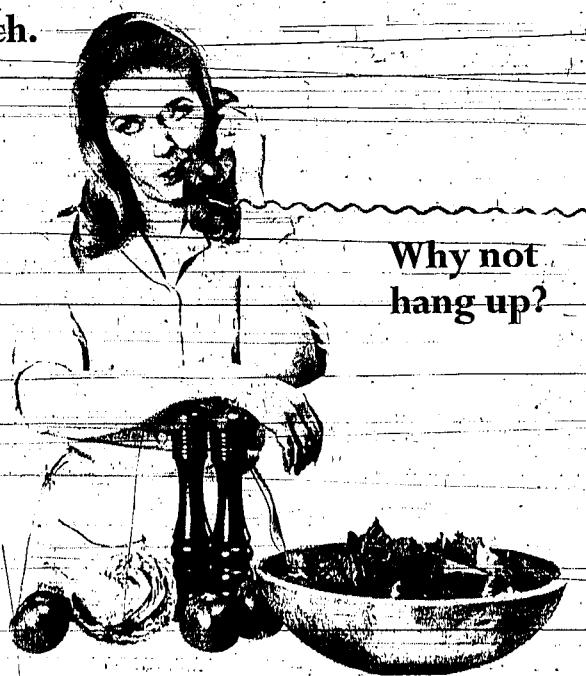

This split, he said, leads the enemy to believe that the United States will give in. He said he was referring to Democrats favoring expansion and those favoring increased efforts for negotiations.

ENDING THEIR SUMMER as interns for Sen. Frank Church, D-Idaho, are two Idaho State University students. From left are Ted Peterson, son of Mr. and Mrs. Phillip Peterson, Pocatello; and Doris Betts, daughter of Ernest Betts, Twin Falls. They are reviewing some of the highlights of their summer in Washington, D.C., with Sen. Church.

UNIT MAY CHANGE — Nials may be turned into an in serving a limited term, according to Sen. Frank Church, D-Idaho, who is an authorative Catholicism College of Cardi with the top bishop of each na port here today.

Let's say
you're getting a
pushy telephone
sales pitch.

Why not
hang up?

We deplore the dinnertime sales call...
or any other phone sales call, for that matter, that doesn't thoughtfully consider your interest and convenience first.

In fact, we work with businesses to help them use the phone for your benefit and theirs.

Businesses that nobly collect prospects, carefully train callers, train calls to your convenience—and protect their

information from deceptively tactful and pressure—find the telephone a very useful tool.

Not all sales callers do this. And that's when you probably hang up.

Mountain States Telephone

Filer Delegate Returns From Legion Gathering

FILER — Col. E. T. Harshbarger has returned from the American Legion Convention at Washington, D. C., where he served as an Idaho delegate, was on the foreign relations committee, and was a member of the national commander's distinguished guests committee.

Col. Harshbarger also served on the election team for Bernard Bratton Emmett, who is a candidate for the position of American Legion National Commander-in-Chief.

Speakers at the convention included President Lyndon Johnson, Vice President Hubert Humphries, Secretary of State Dean Rusk, Richard Nixon, related impressions gained on his recent visit to Viet Nam.

AIRMAN SELECTED — Paul — Airman Donald D. Thrall, Jr., 18, of Minot, Minn., is M— Thrall, Route 4, Paul has been selected for technical training at Lowry Air Force Base, Colo., as a U.S. A.F. Force munitions specialist.

HOW TO WRITE

A GOOD

CLASSIFIED-WANT AD

1-IT'S ALWAYS BEST to start your advertisement—with the price. If you don't know what you have to offer, if you have an apartment or room for rent, or a car for sale, include your advertisement with the location.

2-BE CLEAR. Readers respond more quickly and favorably when given complete or definite information. The very most important aspect of your advertisement is to include the price.

3-MAKE IT EASY for the reader to get in touch with you. Insert your telephone number or your name and address. If you work regular hours, give a preferred time when you can be reached.

4-THREE GREATEST READER ATTENTION is secured by advertising consecutively. Insertions in three consecutive issues of the paper is best and costs less! There are also very special monthly rates for consecutive insertions.

5-PLACE YOURSELF IN the right place. Let the public know what you would like to know about your offer.

6-CLASSIFIED—considerable readership is secured by buying your used or new merchandise. Many people are already in the market to buy. So give them a chance to buy from you with good ad copy.

7-WANT ADS THAT FAIL to attract attention are usually passed through any stack of readership because they are often considered uninteresting. Do not contain enough information to get prompt action.

8-TO PLACE YOUR ADVERTISEMENT in the "Push Sales" column, which is written especially for the classified section. Advertisements in "Push Sales" are read by many more people than in the regular classified section.

9-CARD OF THANKS — Mrs. NELLIE H. MOLEY—wishes to express her sincere thanks for the kindness that was showered on her during the time she was in the hospital.
