## Strike Against GE Averted by Presidential Plea

WASHINGTON (AP)—Top brass of the Johnson administration arranged separate meetings today with negotiators for General Electric Corp. and the 11 unions after a presidential plea averted a nationwide strike against that vast defense producer. Secretary of Defense Robert S. McNamara, Secretary of Labor W. Willard Wirtz and Secretary of Commerce John T. Connor invited President George Meany of the AFL-CIO and the heads of the International Union of Electrical Workers (IUE) and its cooperating unions to an afternoon conference in Connor's office.

## Rain; Snow Reported in Magic Valley

Indian summer weather seems to be losing its grip in Magic Valley as the temp. overcast days of fall set in.

Traces of precipitation and light rain were reported during the last 24-hour period in several Magic Valley areas.

Fairfield reported light frost and enough rain to settle the dust. Gooding had .02 inches of precipitation early Sunday morning but no frost was reported.

Light snow was reported on Trail Creek above the 8,000-foot level. Galena Summit reported traces of light snow mixed with rain; with heavier snow around the top of the summit. Halley and Sun Valley reported light frost and traces of snow.

Burley and Rupert reported some rain, .18 and .16 inches respectively, but no frost was reported. Jerome was overcast Sunday, but no rain was reported.

Kimberly had 21 inches of precipitation during the last 24-hour period.

## Significant Snow Falls in Northwest

By The Associated Press  
The first significant snow of the season fell on lower elevations of the central Rockies today as freezing weather boiled parts of the Rockies and central Appalachians.

From 6 inches to a foot of snow fell in Casper, Wyo., and snow plows began operating for the first time this season.

Brisk northerly winds carried air across the northern plains and northern central Rockies. Temperatures dropped into the mid-20s in northwestern Montana.

Freezing temperatures included Kellsport, Mont., 25; Mullan, Idaho, 27; Casper, Wyo., 29; and Helena, Mont., 31.

A vast storm system covered the north central states causing rain or showers from southern Utah to northern Minnesota.

Snow began mixed with rain in the Black Hills.

Heavy rain struck Craig, Colo., in northwestern Colorado Sunday as rough weather boiled down from Canada. Precipitation at Craig totaled 1.4 inches in 12 hours.

## McNamara Plans Visit To War Zone

WASHINGTON (AP)—Secretary of Defense Robert W. McNamara will go to South Vietnam Saturday for a week-long visit to the war zone, the Pentagon announced today.

McNamara will confer in Viet Nam with U.S. Ambassador J. Edgar Hoover and Gen. William C. Westmoreland, head of the U.S. forces in that country.

The defense chief also will visit combat units in the field. On this, his eighth trip to Viet Nam.

Accompanying McNamara will be General Earle G. Wheeler, chairman of the Joint Chiefs of Staff, and assistant secretary of defense Arthur Sylvester, and John T. McNamara.

## Candidates Topics Are Varied

By The Associated Press  
Most candidates for governor and congressional seats had something to say Saturday—and most of them had a new twist for the University of Idaho's homecoming.

Democratic senatorial candidate Ralph Hurling called his incumbent opponent—Republican Sen. Lou Jordan—a "television debate."

"Division of our water and medical insurance for the aged" were a few of the subjects Hurling mentioned on which the two disagreed.

## Riot-Stricken Area's Curfew Is Lifted

SAN FRANCISCO (AP)—As the last 1,200 National Guardsmen rolled home Sunday, Mayor John E. Shelley lifted the curfew he imposed during San Francisco's race riots.

The mayor also ended the state of emergency he proclaimed during the Tuesday and Wednesday disturbances.

Shelley said he "drive to find jobs for unemployed Negroes as a means of preventing future trouble."

Rioting started after Matthew Johnson, 16, a Negro, was shot and killed by a white policeman while fleeing a stolen car. But the city official said Negro leaders declared the underlying cause was the lack of employment among the city's 80,000 Negroes.

Shelley urged employers to call a special telephone number if they had a job available.

San Francisco's Chamber of Commerce and other civic groups are working with him, the mayor said, "in a program to find these needed jobs."

## Ike Gives Views on War Strategy

WASHINGTON (AP)—Former President Dwight D. Eisenhower said today he believed the United States would not automatically preclude the use of nuclear weapons to win the war in Viet Nam.

"I would do anything that would bring the war to an honorable solution as rapidly as I could," Eisenhower said.

But Eisenhower said he would not criticize the war President Johnson is directing the U.S. effort.

When a reporter asked about nuclear weaponry, Eisenhower recalled his own experience as president during the Korean War.

"I never threatened openly to use the weapons there," Eisenhower said. But he also said he never never openly ruled out either.

"I don't know how I would fight this war," Eisenhower said.

"You would not automatically preclude the use of nuclear weapons?" the reporter asked.

"I would not automatically preclude anything," Eisenhower said.

# Reassessment Of Troops in Europe Asked

WASHINGTON (AP)—Senate Democratic Leader Mike Mansfield, noting Belgium's decision to reduce its military obligations to the North Atlantic Treaty Organization, again has called for a reassessment of the number of U.S. troops in Europe.

The Belgian Cabinet voted recently to request a cut in Belgium's yet-unfulfilled commitment of ground forces to NATO.

"This is another good reason for the United States to take another look-see at the European defense posture and consider most seriously a reduction in our commitments there," Mansfield said.

# Mrs. Wright, Buhl, Dies of Short Illness

BUHL—Mrs. Addie Debbie Wright, 85, died in the Harrah Nursing Home at 7:30 p.m. Saturday of a short illness.

Mrs. Wright was born in White Sulphur, Tenn., Jan. 17, 1881. She was married to Joseph Wright in Tennessee in 1909. The couple moved to Idaho in 1925. Mrs. Wright had lived in Buhl since then. She was a member of the Nazareth Church.

Survivors include three daughters, Mrs. Beattie Buhl, Mrs. Tillie Price, both Los Angeles, Calif., and Mrs. Gordie Northrop, Twin Falls; three sons, Sherman H. Wright, 40, Hayden, H. Wright, 38, Buhl, and Gen. H. Wright, 38, Lake City, three brothers, Lay-fette Welch, Portland, Ore.; Miles Welch, Phoenix, Ariz.; and Robert Welch, Wells, Nev.; 23 grandchildren; 17 great-grandchildren and one great-great-grandchild. Two sons and her husband preceded her in death.

Funeral services will be held at 2 p.m. Tuesday at the Buhl Nazareth Church with Rev. J. S. Sturgeon officiating. Burial, including rites will be in the Buhl Cemetery. Friends may call at the Alberston-Dickard Funeral Home until 8 p.m. Monday.

# Woman Gives Birth to Septuplets

BOSTON (AP)—After successful treatment with a fertility hormone, Sandra Cwiklinski was told she might have "twins or more," but scarcely expected septuplets.

The seven babies—four girls and three boys—were born Saturday four months premature, but one was dead at birth and the others died shortly afterward.

Mrs. Cwiklinski, 24 years old today, and her husband, William, 30, a shipper for a clothing firm, have one child, William Jr., 3.

Mrs. Cwiklinski is the first American woman known to have given birth to septuplets.

The hormone preparation she received is the same one linked with the birth of stillborn sextuplets and septuplets in Sweden last year, and with octuplets born in August 1965 to a woman in New Zealand and to another in Sweden.

Dr. Nuran Turky of New England Medical Center Hospital, one of a limited number of American researchers allowed to use the hormone, treated Mrs. Cwiklinski.

One of the principal goals of researchers studying the drug is to establish standards for effective dose levels that will be effective without overstimulating a woman's ovaries and thus lead to multiple births.

Mrs. Cwiklinski was reported resting comfortably today at St. Margaret's Hospital.

Hospital officials said the seven babies were normal and well formed for the five-month period but died due to the immaturity of their respiratory and reflex systems.

# Colorado Town Feels Earthquake

TRINIDAD, Colo. (AP)—An earthquake cracked plaster and moved in this northern Colorado town Sunday night. Estimates of the tremor's epicenter ranged from here to Socorro, N.M., 245 miles south.

The quake measured between 4.5 and 4.7 on the Richter scale, which measures intensity, and between five and six on the Mercalli scale, which is based on surface effects such as damage, with the top scale of nine.

There was no damage reported outside of Trinidad. The tremor hit at 8:30 p.m.

# New Battery May Pave Way For Electric-Powered Auto

DETROIT (AP)—Ford Motor Co. reported today it has achieved a major breakthrough by developing a new type battery which could pave the way for return of the electric-powered auto to U.S. highways.

Michael Ference, Jr., Ford vice president for scientific research, said the new battery could store up to 15 times as much energy as present lead-acid storage batteries.

The firm disclosed Sept. 15 that it was working on the electric car project.

Ference said in a prepared statement that Ford Motor Co. and Ford of England have joined forces to build two prototype models of the proposed electric car.

The two companies described the new product, the first experimental model of which is being built in England now, as "a low-cost, subcompact limited performance 'city car' to carry two adults and two passengers."

The first two cars, one designed for testing in England and the other in metropolitan suburban areas of the United States, will be powered initially by lead-acid batteries, such as those now used in cars.

Ference said Ford has developed a new type sodium-sulfur battery, which is still in its early stages.

He added, "It promises to meet the overall needs of an efficient, low-cost, compact, urban-suburban electric vehicle requiring only overnight recharging."

# Georgia Demo Withdraws From Race

ATLANTA, Ga. (AP)—Rep. Charles L. Weller, D-Ga., said today he is withdrawing as the Democratic nominee to succeed himself because he cannot support Lester G. Maddox, the Democratic nominee for governor.

"I cannot compromise with hate," Weller said at a news conference. "I cannot vote for Lester Maddox."

Weller, the Atlanta congressman who had won recognition for a third term, said he was "bound by his qualifying pledge to support party nominees in the general election. He said he could not violate his party oath of loyalty."

Maddox, an arch segregationist and fierce critic of the national Democratic leadership, won nomination last Wednesday in a primary runoff with moderate Ellis G. Arnall. Weller said Maddox was "the very symbol of violence and oppression."

His entire public career is directly contrary to my deepest convictions and beliefs," said Weller, who voted for the 1965 Voting Rights Act, "and while I cannot violate my oath, neither can I violate my principles."

"I will give up my office before I give up my principles," Weller said. He is a leader in the congressional investigation of the Ku Klux Klan during the last session. His Atlanta constituency includes a large number of Negroes.

Maddox, en route to Savannah for a speaking engagement, was not immediately available for comment.

# THE JUNIOR REALM

Q. What is love to teenage girls? Is it just "puppy love," infatuation or is it the real thing? I am in love with a fine boy, but I want to be sure of what teenage love is before I make any commitments. Jessie, 15.

A. Panelists: Jane Bale, college, North Dakota; Carol Baskette, high school, Ohio; Wendy Bernhardt, college, Nevada; Sharon Campbell, high school, Pennsylvania.

"We believe that any love, if it is not infatuation, is the real thing. We also believe that circumstances define the type of love. It is: Your case is a good illustration. You are in love with a fine boy. Is he equipped to give you a home, to furnish it, and to pay for the family which will inevitably follow?"

Has he been through college, and does he have his degree in the profession he wants to follow? In our four years, at least until we reach the age of 16, our companionship with the boys is, the romance of friendship, not the romance of love. The romance of friendship is something for us to enjoy, and it does not take us to the wedding altar, nor give us any of the responsibilities of the romance of love.

At your age we would believe that your love is an immature one and is either "puppy love" or the love of friendship. Some people say that teenage love is just admiration of good looks, athletic ability, social pulse, a zippy car or a fine popularity status.

Perhaps you will want to place your love for this fine young boy in the love of friendship. Because in that circle of love, you have all of the fine feelings of love, but you avoid its pitfalls.

Be patient. You have a long life ahead of you, and if you new settle down to one boy, you will miss many opportunities of marriage, some of which may take you to high places of leadership.

**Phoney Cash**  
WASHINGTON (AP) — Counterfeiters turned out record amounts of phoney money last fiscal year and apparently are headed for even higher production marks.

Reporting this today, the Secret Service said in its annual report that it seized a record \$9 million in counterfeit money during the fiscal year which ended last June 30. It said about 90 percent of the bogus bills were caught before they got into circulation.

The total seized the year before was 3.36 million.

## Humphrey Says Inflation Foremost Issue in Elections

WASHINGTON (AP) — Vice President Hubert H. Humphrey said "inflation" is the "quality of extent of the administration's program" ahead of the Viet Nam war as top issue in the November congressional elections.

Former Sen. Barry M. Goldwater agrees that Viet Nam will be a major issue. He says the increased cost of living and "morality" — crime on the streets — both will be more important.

But Rep. Melvin R. Laird said today President Johnson's conduct of the war is a major issue in the elections.

Laird, Wisconsin Republican who heads the House GOP Conference, said if the American people find Johnson's leadership of the war lacking, they will register this finding at the polls.

In remarks prepared for delivery in the House, Laird said that through extensive travels around the country he had identified four "great issues of 1966."

Besides Viet Nam, he said, the people are concerned about inflation, maintenance of a two-party system and what he called the steady growth of the federal system at the expense of state government.

In another statement, a former Air Force chief of staff, retired Gen. Curtis E. LeMay, said American voters are concerned in Viet Nam is the "ultimate in military blindness."

He said in an article in the magazine "Look" that the "popular philosophy" that we can, by cautious and limited military tactics, keep the peace from escalating into a larger conflict is the ultimate in military blindness. The only way to win a war is to escalate it one way or another above what the enemy can take. If we feel we can't win without unacceptable loss of lives, we should be fighting in the first place.

"We must win this war in such a way as to win it as quickly as possible," he said.

The general said this means attacking every valuable target, using naval and air power, to destroy his enemy's economy and his will to wage war.

Humphrey and Goldwater appeared in separate interviews and telecast Sunday on the first of a six-part series, "Elections '66," of the ABC network.

Goldwater, saying he was pleased by the increase in bombing in Viet Nam, explained: "I'm pleased as ex-

Childs was a former resident of Lewiston, Idaho, was a tavern operator in Coeur d'Alene.

## Three Injured In Accident At Kimberly

KIMBERLY—Three Buhl residents were hospitalized after a two-vehicle collision at Harden's Corner, just east of Kimberly, late Sunday night.

Investigating officers said the three were injured when a 1962 Dodge, driven by Jesus Ramas, 26, Buhl, collided head-on at 11:50 p.m. with a 1963 Chevrolet coupe, pickup truck, driven by August E. Telschow, 33, Huston, Texas.

Officers said the Ramas vehicle was going west on Highway 39 when it crossed over the center line on the curve, hitting the eastbound Texas truck. After the crash, the Chevrolet burst into flames and the Kimberly Fire Department was called to extinguish the blaze.

Passenger two passengers in the car, Margaret Ann Stewart, 24, both Buhl, were taken to Magic Valley Memorial Hospital. Miss Stewart and Ramas were reported in fair condition Monday morning. No conditions report was available on Telschow.

Telschow and his wife, Ann, 27, also were taken to the Twin Falls hospital where they were treated and released. Three children, riding in the camper were not injured.

Twin Falls County Sheriff's officers investigating the accident said the Chevrolet was completely demolished. Investigation is continuing.

**Court Grants Benefits to Idaho Widow**  
BOISE (AP) — The Idaho Supreme Court upheld today an order of the Industrial Accident Board granting death benefits to the widow of a North Idaho deputy sheriff.

Robert L. Hammond, deputy sheriff in Kootenai County, died Aug. 17, 1964, while investigating an accident.

The county and state insurance fund refused to pay death benefits under the industrial accident law, contending the death did not result from an accident in the course of Hammond's employment.

It was caused, the agencies contended, by a heart ailment. The Industrial Accident Board, however, ruled that while the heart ailment was the major cause of Hammond's death, the accident he was investigating in the course of duty was a contributing cause.

The board awarded benefits equal to one-third of the maximum permitted under the law. The Supreme Court upheld the board's ruling.

## American Rabbi Aiding in Joining of Jew, Arab World

NEW YORK (AP) — An American rabbi is searching for a place of stone in the Middle East, a place where the Jewish and Arab worlds of the Middle East.

"Nobody believed I could do this," said Rabbi Theodore Ross of Temple Sinai, a Reform synagogue in Forest Hills, a fashionable section of New York City's Queens Borough. "My congregation said I couldn't do it. I went ahead and did it anyway."

The stone Rabbi Ross sought, found and brought to the United States was a slab of granite from Mt. Sinai in Egypt—taken from the spot where Moses is said to have stood to receive the Ten Commandments.

"Lots of granite has been taken from that mountain," the rabbi said, "but to my knowledge, this is the first time anyone has taken any stones are not welcome in Arab nations. Rabbi Ross said he "half expected" his application for a visa to be denied.

"But when I told the Egyptian consul here what I wanted to do and why, he liked the idea," the rabbi said. "From that time on there never was a hitch."

Rabbi Ross called his expedition "a truly international venture" with cooperation from Christians, Moslems and Jews.

Most of his team was Egyptian, and for the six days they were at the mountain, they were quartered at a Greek-Orthodox monastery.

"I had intended to take stone cutters with me," Rabbi Ross said, "but I decided against it. I felt a sense of delicacy about cutting into the mountain, so I had the stone cut by a local worker of granite that could be lifted out."

The slab they found weighed 1,200 pounds and measured about 6,000 feet from the top of the mountain in heat, that ranged up to 150 degrees.

Rabbi Ross said he was just as he came from where Moses stood, but added that the exact spot is not easy to find.

He said the slab was a single mountain sticking out of the Egyptian desert, but it isn't, he said. "Mt. Sinai is actually a range of mountains."

"The peak that Moses scaled is known simply as Gebel Musa—Moses' Peak."

Back in the United States, the granite slab was turned over to a stone cutter and was broken into four pieces for two sets of tablets.

The tablets vary in thickness from two to four inches, and one is going to leave them just that way," Rabbi Ross said.

"The lettering was cut about one-half inch into the stone and the only way that was possible was in the area right around the letters. The original tablets must have been rough stone, but they will be smooth."

One set of tablets will be placed over the pulpit in the temple's main sanctuary, and the other will be placed on an exterior wall.

"There is one more piece of stone involved in this," Rabbi Ross said. "It was broken from the tablets, purposely."

"Our congregation is only 10 years old, and in our first seven years we had no money to build a temple. So the first Presbyterian church of Forest Hills let us worship there for the entire seven years."

The extra piece of stone will be polished and inscribed with thanks to that church and hung on our sanctuary wall."

That will have to wait, however, until the sanctuary wall is completed. There is about \$400,000 in construction work yet to be done on the temple.

Asked why the congregation spent several thousand dollars to send its 55-year-old rabbi to Egypt when it still needed money for its temple, Rabbi Ross said: "Those tablets are worth more to us than \$400,000 worth of mortar and brick."

And in this endeavor, "we have found that the international quest for these tablets—we have carved even a single hand-drawn wall that separates Arab world from Jewish, then all the trouble, and the expense, will have been rewarded handsomely."

## T. F. Man Is Given Peace Corps Post

Carl H. Helms, 26-year-old son of Mr. and Mrs. C. H. Helms, Twin Falls, has been named Peace Corps associate director for administration in Turkey. It was announced Saturday.

Helms arrived earlier this month in Ankara, Turkey, where last June he completed two years as a volunteer teacher in mathematics at Middle East Technical University.

Approximately 520 volunteers now screen in Turkey, Greece and Spain. Corps projects there include teaching English as a foreign language, nurses, training, rural community development, child care and university teaching.

Helms, born in Hawthorne, Calif., is a 1966 graduate of Twin Falls' high school. He received a B. S. degree in mathematics from Pacific Lutheran University, Tacoma, Wash., in 1962 and an M.A. degree in mathematics from Washington State University, Pullman, in 1964.

While studying at WSU, he was a teaching assistant in mathematics and worked one summer as a mathematician for the U. S. Geological Survey in Tacoma.

## 4 Injured in Two Separate Auto Mishaps

JEROME—Four persons were injured in two separate automobile accidents in Jerome County one hour apart late Sunday afternoon.

The first accident occurred at 4:15 p.m. three miles north and two miles east of Twin Falls, where a 1957 GMC pickup truck driven by Kenneth Copps, 16, 208 Blake St., Twin Falls, was going east on the road when it crossed the center line and struck a curve.

The truck left the roadway on the left side and rolled over. The driver and two passengers, Linda Rohrer and Robert Rohrer, both 15, Filer, were thrown from the vehicle.

All three were taken to Magic Valley Memorial Hospital where they were treated and released. Copps was cited for violation of the basic rule.

Damage to the truck was estimated at \$500.

The second of the accidents occurred at 5:15 p.m. on Highway 25, where a 1965 Pontiac was passing three other vehicles while going up a grade. Officers said the Pontiac vehicle was in the center lane when high winds caused a horse trailer to swerve, crossing the center double line, and crossing it.

A westbound 1966 Pontiac driven by John Leonard, 69, also Boise, was side-swiped by the Rohrer vehicle. Leonard was taken to St. Benedict's Hospital, Jerome, where he was treated and released. Leonard was cited for driving on the wrong side of the roadway.

Damages to the vehicles were estimated at \$200 to the 1965 Pontiac and \$500 to the 1967 Pontiac.

Idaho State Police officers investigated both mishaps.

CARL H. HELMS, son of Mr. and Mrs. C. H. Helms, 857 3rd Ave. W., has been named Peace Corps associate director for administration in Turkey.

## Washout

HOLLYWOOD (AP) — Film writer-producer Cy Bartlett's \$100,000 home has a wall to wall carpet of mud—thanks to a water main break in the Hollywood Hills Saturday.

The mud oozed into every room in the home, which is nearly all the furniture, and backed up against an exterior wall to the caves.

Bartlett, who wrote the book and film of "12 O'Clock High," lost a house in a mud washout in a rainstorm following a 1959 brush fire.

## Commission Sees No New Case Evidence

WASHINGTON (AP) — An assistant counsel for the Warren Commission that investigated the Kennedy assassination says he is convinced that reopening the investigation would disclose no new evidence or alter the commission's findings.

"There has not been a scintilla of new evidence disclosed in any of the books (about the commission's findings), to the best of my knowledge," Arlen Specter said in an interview published today by U.S. News and World Report.

President Roy Wood, granduncle of the bride, performed the double ring ceremony. Accompanying the couple to the temple were the parents of the bride and a bridegroom, Mrs. Elsie Moore, grandmother of the bride; Donald Sudweeks, brother of the bride; Harold Sudweeks, Idaho Falls, uncle of the bride; and Mrs. Clinton Sudweeks, Brentwood, Utah, aunt and maid of the bride; Mr. and Mrs. Reese Walker, Provo, and Bishop and Mrs. Ted Crockett, Hansen.

A wedding breakfast was held after the ceremony for the wedding party, hosts by the bridegroom's parents. A wedding reception was held that evening in the Kimberly-LDS Cultural Hall.

Guests entered the hall through a pathway of white columns draped with white satin rope. The bride wore a floor-length gown of dulced satin, enhanced with satin roses and leaves studded with seed pearls around the hemline. The bodice featured tiny point sleeves and an empire waistline coming to a point at the gown front.

A large satin rose enhanced the front of the empire waistline in back. Her fingertip-length veil of illusion was held by a silk organza rose. The dress and veil were designed and made by the bride's mother.

Her jewelry was a pearl necklace, "Jill From the Bridegroom. She carried a bouquet of white Shattered chrysanthemums and Abby roses accented with pearls and white streamers.

Maid of honor was Carolyn Sudweeks, sister of the bride, and bridesmaids were Valerie Sudweeks, sister of the bride; Paulina Cundick and Annette Cundick, sisters of the bridegroom; and Kaye Morgan.

Best man was Reese Walker, college roommate of the bridegroom. Ushers were Donald Sudweeks and Dennis Sudweeks, brothers of the bride.

Guests were registered by

Kathy Cundick, sister of the bridegroom.

The bride's table was covered with white over a tiered skirt of white ruffled grand and outlined with ivory. The three-tiered wedding cake centered a white table covered with red and decorated with apricot-colored roses enhanced with a bouquet of Abby roses inserted in the top layer. Ruffled-mesh and ferns surrounded the cake.

The refreshment table was enhanced with crystal candelabra, each containing an arrangement of yellow and bronze-colored chrysanthemums. Marian Crockett and Mrs. Bettie Claiborn presided at the refreshment table.

Gifts were received at the door by Brenda Sudweeks, sister of the bride, and Todd Claiborn, and registered and displayed by Camille Stout, Karol Walker and Kathleen Childs.

Guests were served at white net over apricot-colored cloths. The couple took a wedding trip to Sun Valley. They will reside at 311 E. 200 S., Provo, Utah, where both are attending Brigham Young University.

Pre-nuptial showers were hosted for the bride by Shirley Flood, Marjorie Crockett and Kay Morgan. An open house was held for the couple Sept. 2 in Salt Lake City, hosted by the bridegroom's parents.

Out-of-town guests attended from Brentwood, Calif.; Salt Lake City, Provo, Ogden and Springville, Utah; Pocatello, Idaho; and Twin Falls, Idaho. Mrs. Jennings, Murtaugh and Nampa.

# DODGERS COP NATIONAL LOOP PENNANT

## Koufax Scatters Seven Hits for 6-3 Win After L.A. Blows First Game

PHILADELPHIA (AP) — The Los Angeles Dodgers clinched their second consecutive National League pennant Sunday, beating Philadelphia 6-3 as Sandy Koufax, pitching for the first time this season with only two days rest, scattered seven hits. Manager Walter Alton reluctantly called upon his brilliant left-hander to save the day after the Dodgers blew the first game of a doubleheader 4-3 on two

WHO'S HAPPY? That's right, it's Sandy Koufax, shortly after he pitched the Los Angeles Dodgers to a 6-3 victory over Philadelphia Sunday in Philadelphia to win the National League Pennant. (AP wirephoto)

## Giants Win, but Pennant Bid Foiled

PITTSBURGH (AP) — The San Francisco Giants whipped Pittsburgh 7-3 Sunday with a four-run outburst in the 11th inning but lost their bid for a tie for first place in the National League when the Los Angeles Dodgers defeated Philadelphia 6-3 and won their second straight pennant. When the Dodgers lost the first game of their doubleheader 4-3 and San Francisco won on Willie McCovey's towering two-run homer and Tito Fuentes' two-run double, the Giants had a chance to tie for the pennant.

For that to happen, the Dodgers had to lose their second game and the Giants would have had to beat the Reds at Cincinnati in a make-up game Monday. A playoff would have resulted.

But the Dodgers ended that San Francisco hope by beating the Phillies behind the pitching of Sandy Koufax, who won his 27th game. The victory erased the need for the giant-red game Monday and left San Francisco in second place, finishing 1 1/2 games out.

The Pirates loaded the bases in their half of the ninth and again in the 10th, but Lindy McDaniel snuffed out the threats both times.

Then came the 11th. Steve Blass came into pitch for the Pirates, and leadoff batter Jim Hart greeted him with a single. Manager Herman Franks then called on McCovey to hit for Jack Hitt, and the pitcher was hit for a home run.

There was little suspense in the nightcap, however, especially after the dramatics of the first game.

The only suspense there actually was came in the ninth inning. Koufax went into the inning with a four-hit, 6-0 lead, but the Phillies rallied for three runs and had Bill White at second with a no-out, two-run double.

Koufax, however, bare down and struck out Bob Uecker, got pinch hitter Bobby Wine to ground out and fanned Jack Randall for the 10th straight out of the game.

In bringing his record to 27 victories, most of his career, and nine losses, Koufax duplicated his feat of last year when, working on just two days rest, he pitched a four-hitter as the Dodgers beat Milwaukee on the next-to-last day of the season and clinched the pennant.

Alton, who now has won six pennants in 15 years with the Dodgers, had hoped right-hander Don Drysdale would win the opener and clinch the pennant, so Koufax could rest for the opening of the World Series against the American League champion Baltimore Orioles.

But the Phillies forced his hand, and Koufax, if he is Alton's choice for the Series opener, again will have to work with two days rest instead of his regular three days.

Wes Parker opened the Dodgers' third inning with a walk and stole second as Koufax fanned Maury Wills flied out but Dick Schofield, whose throwing error let in the tying run, scored.

Although with Koufax pitching, one run is like five, Willie Davis brought the Los Angeles lead to 3-1 in the eighth.

The outburst came against Jim Bunning, the Phillies' ace right-hander.

Fortunately for the Dodgers, they added single runs in the fourth on John Roseboro's sacrifice fly, in the eighth on Tony Taylor's error and in the ninth on relief pitcher Steve Carlton's single.

It was a grim haul of Dodgers who took the field after they threw away the opener. They led 2-0 into the Phillies' eighth, but then the roof fell in.

Rich Allen started the eighth with a single and raced to third on a single by Tony Taylor. Taylor's error and in the ninth on relief pitcher Steve Carlton's single.

## Dodgers' Familiar Season-Long Tight Rope Act Ends With Flag

The Los Angeles Dodgers' familiar season-long tight rope walking act finally ended when they won the National League pennant for the second straight year. It was the first time a team had registered a repeat triumph since Manager Fred Haney's Milwaukee Braves did it in 1957-58. The clinching victory released a state of municipal mass nerves in Los Angeles where the Dodger faithful has followed every move since the club left on its final road trip. Los Angeles was only 1 1/2 games in front of the Pittsburgh Pirates when Manager Walter Alton led the Dodgers to Chicago for the first of the last 11 games.

Tension is old stuff in Dodger history since they moved to Los Angeles in 1958, the pennant was not decided until the day before the season ended.

For Alton, this was his fourth National League crown since the club came to Los Angeles in 1958. The Dodgers took over the lead for good on Sept. 11 when Sandy Koufax pitched his 23rd victory against Houston.

Prospects were hardly bright when Los Angeles came off its previous trip. They trailed the headlocked Pirates and San Francisco Giants by three games on Sept. 5.

But the Dodgers put together an eight-game winning streak, their longest of the season, included were the first two games, they won in a face-to-face confrontation at home with the Pirates.

Pittsburgh broke the string in the third game.

The Dodgers split four games with the pesky Philadelphia Phillies and then hit the road for the final drive.

It was a long and challenging year for the Dodgers.

A two-prong problem quickly developed when the team gathered at Vero Beach, Fla., for spring training. A couple of players were missing, and would stay missing for a full month. They were Koufax and Don Drysdale.

The pitching stars, who had won 49 games between them in 1965 — Sandy had 28 and Don 21 — staged one of the most famous holdouts in baseball history.

The management called it a holdout. The pitchers regarded it as a management lockout.

In any event, the pair combined negotiations and asked for \$2 million for three years, which split evenly.

Finally, on March 30, Sandy, Don and Vice President Buzzie Bavasi settled the matter. Sandy reportedly getting \$125,000 and Drysdale \$100,000.

They joined the club just 12 days before the season began.

Prior to gaining first place for good, Los Angeles crept to the top of the standings Aug. 7 by 10 1/2 of a percentage point and this lasted less than 24 hours when they blew a three-run lead the next day at Atlanta.

But the Dodgers, with first one and then another carrybig the club, remained in close contention most of the way. The low mark came May 13 at Houston when they coasted to fourth place, seven games from the top.

## Field Goal Lets Broncs Edge Houston

DENVER, Colo. (AP) — Gary Kroner kicked a 46-yard field goal with 27 seconds left to give Denver a sensational 43-0 American Football League victory over Houston, a team that humiliated the Broncs last month 45-7.

Houston, after George Blanda's three scoring passes to Charley Frazier for 79, 71, and 23 yards, appeared to have beaten Denver, fired to the heights by Goldie Sellers' 100-yard kickoff return for a second quarter touchdown.

The scoring feast reached frantic proportions with four touchdowns in four minutes of the third quarter. At the end of that span, Houston had gone ahead briefly for the first time 31-30.

In that four-minute span, Blanda threw pinpoint passes to Frazier, but Denver matched them with a John McCormick-to-Al Denon pass for 64 yards and a 21-yard touchdown trip after Willie Brown stole a Blanda pass and ran back 31 yards. That put Denver back in front 37-31.

The Oilers rolled back in front with 4:31 left in the fourth quarter on a 50-yard march climaxed by Blanda's 23-yard scoring pitch to Frazier.

Kroner, who earlier kicked field goals of 46, 33 and 31 yards missed from 52 yards with 1:45 left. That looked like the end for Denver, but the Broncos' defensive unit forced Houston to punt and Lewis Scott returned seven yards to the Denver 32 to start Denver's drive into position for Kroner's winning kick. The big play was McCormick's passes to Frazier for 14 and nine yards.

Cardinals Blank Chicago by 2-0

ST. LOUIS (AP) — Right-handed Jim Cozman, making his first appearance in the major leagues, allowed only two hits and pitched the St. Louis Cardinals to a 2-0 victory over the Chicago Cubs Sunday.

The Cardinals scored twice off Dick Ellsworth in the fourth inning. Mike Shannon and Tim McCarver drove in the runs.

## Bills Hand First Loss To Chiefs

KANSAS CITY, Mo. (AP) — The Kansas City Chiefs defeated the Dallas Cowboys 17-10 Sunday in a game that was a defensive slugfest.

The Bills had to lose their second game and the Chiefs would have had to beat the Reds at Cincinnati in a make-up game Monday. A playoff would have resulted.

But the Dodgers ended that San Francisco hope by beating the Phillies behind the pitching of Sandy Koufax, who won his 27th game. The victory erased the need for the giant-red game Monday and left San Francisco in second place, finishing 1 1/2 games out.

The Pirates loaded the bases in their half of the ninth and again in the 10th, but Lindy McDaniel snuffed out the threats both times.

Then came the 11th. Steve Blass came into pitch for the Pirates, and leadoff batter Jim Hart greeted him with a single. Manager Herman Franks then called on McCovey to hit for Jack Hitt, and the pitcher was hit for a home run.

Plan Predicted to Save Countless Heart Patients Need MORE Cash? Get It TODAY... The Want Ad Way!

**Plan Predicted to Save Countless Heart Patients**

DETROIT (AP) — A self-described "country doctor" has put into operation at a tiny Michigan hospital a plan to predict and save the lives of thousands of heart attack patients each year.

The plan was described by Dr. Stanley H. Dolbeare, 41, at a conference of the American Heart Association in Detroit.

Under the system, Dolbeare said, specially trained nurses are allowed to administer cardiopulmonary resuscitation to persons who are suffering heart stoppages.

Cardiopulmonary resuscitation is the forcing of air into the lungs through mouth to mouth breathing and chest squeezing at the same time.

Congress in Brazil to Elect Leader

BRASILIA, Brazil (AP) — Congress meets in joint session today to elect a new president and a new vice president.

Arthur da Costa e Silva, Brazil's first president, is the only candidate, he has the support of the army, navy, air force, and the National Renewal Alliance party which controls two-thirds of Congress.

Opposition members said they would boycott the session.

They hope that a quorum would not be present and the vote could not be held.

But government supporters say they will have 270 votes, 31 more than needed.

The candidate, a veteran army officer who is 64 today, has succeeded in securing the support of the National Renewal Alliance party which controls two-thirds of Congress.

Katzenbach Lauds Civil Rights Course

WASHINGTON (AP) — Democratic Sen. Charles McNichols Katzenbach says that recent reverses for the civil rights drive "the country has suffered" are "a temporary setback."

He said the country is "clearly right" there won't be any turning back.

He terms the setbacks a temporary setback, saying, "I don't think there will be any long-range damage."

The attorney general gave his views over the weekend at a news conference in Washington.

Katzenbach said the country is "clearly right" there won't be any turning back.

Hijacked Passengers On Their Way

BUENOS AIRES, Argentina, (AP) — The 43 passengers who boarded an Argentine airliner for a trip to Rio de Janeiro today were still on their way today.

Eighteen of the passengers hijacked the plane in light and dark clouds over the Atlantic.

The plane was flying over the Atlantic off the coast of Argentina, to dramatize Argentina's claim of the island.

Shipping Backlog Is Problem

SAIGON, South Viet Nam (AP) — A shipping backlog, cut to near zero only a few months ago, has again become a problem.

More than 400 freighters are waiting to be unloaded at this key port, U.S. officials and shipping sources said today.

These experts blamed the situation largely on fueling between the Army, the Agency for Foreign Development and the government.

The situation can be cured only by firm action at a high level, they said.

U.S., Britain Set Talks on Prisoner

BERLIN (AP) — The United States, Britain, France and the Soviet Union may begin talks today to cut the cost in the West German government of keeping Rudolf Hess in the huge prison house complex.

The one-time deputy fuhrer, now 72, is serving a life sentence imposed by the 1946 Nuremberg war crimes tribunal.

The first of the talks is expected to be held in Bonn.

CINCINNATI, Ohio (AP) — Greenwashed Avenue residents bolt doors now. A hardware store sells out of chain locks. A City Council votes \$20,000 to investigate the cause.

A metropolis allegedly littered from a series of savage murders was jolted again last week by the slaughter of a chemical engineer and his wife and their 4-year-old daughter in their suburban home.

"That vicious crime" points up the need to do something as radical as possible, said Cincinnati Councilman John E. Held, who already had spearheaded a special inquiry into racial violence.

Cincinnati's City Council authorized a committee headed by Held to spend up to \$20,000 in investigating ways to stem crime and violence. "Police" hearings start Friday.

"This is the third time we've been out of chain door locks in a hardware store manner," We

are selling a lot of door peep holes, too," said the store.

Gun sales have boomed, since the killings began last December. Sales spurt anew after each incident.

Not only one suburb, residents are considering adoption of a distress signal. In another household is circulating petitions calling for more gun laws.

Greenwashed Avenue residents are in Cincinnati. Held reports receiving many letters expressing a willingness to pay higher taxes if it meant the success of the gun laws.

Throughout the area in southwestern Ohio and northern Kentucky, women refuse to open their doors to strangers.

Greenwashed Avenue in suburban Bridgetown used to be the sort-of street where folks left their houses unlocked.

"I don't want to do that anymore," said Richard J. Meyer, who found the bodies of his next door neighbors last Tuesday.

Neighbors are angry. Linda Jones, 24, a former artist

tearfulness, and their daughter, Mrs. Dant, had been stabbed repeatedly. Mrs. Cracina had been raped.

So far no connection has been found between that crime and our other brutal killings.

They were:

Emogene Harrington, 55, wife of a University of Cincinnati professor, dentist, raped and strangled last Dec. 2 in the basement of her apartment house.

Nice Dant, 38, wife of a retired railroad employee, raped and strangled in her apartment April 1.

Jeannette M. Messer, 56, raped and strangled June 14 while walking her dog in the park.

Barbara Brown, 31, a nurse, raped March 14 after she shyly unwittingly got into a stolen taxi cab. The driver tried to rob and attack her.

Miss Brown was run down by a car when stabbed in the throat. She lived in the same apartment as Mrs. Dant, but police

# Mormons End Semi-Annual Conference

**SALT LAKE CITY (AP)** — The second annual conference of the Mormon Church ended Sunday with a call for parents to halt juvenile delinquency by strengthening their sons' and daughters' family life.

In addition, members of the LDS Church were told they cannot fully live their religion without working to stop communism.

The conference opened Friday at the Salt Lake Convention Center, but rain damped the thousands of church faithful who flocked to the annual gathering at the Mormon Tabernacle Sunday.

Speakers touched on subjects ranging from increasing crime and divorce rates, individualism and family — changing moral standards and the call to prevent delinquency.

But the speaker who drew the loudest reaction was the same man who raped and strangled the three older women.
