Resigning Farm Official Puts Bomb Into Campaign

WASHINGTON (AP)—A resigning Agriculture Department official has thrown something of a bomb into the current congressional campaign by charging the Kennedy-Johnson administration has been the "worst five years" in the history of modern agriculture.

The claim was made by Frank M. LeRoux, a former rancher from the Northwest who has served here since early 1961 as general sales manager for the department's surplus commodity disposal program.

LeRoux quit his job Monday, saying the Democrats had failed to carry out campaign promises to farmers. Some of the things he said about current farm policies have been said previously by administration foes.

Secretary of Agriculture Orville L. Freeman, a major target of a 64-page brochure published by LeRoux, has been serving the five-year period has been among the best ever for farmers.

Freeman declined comment. The department issued a statement saying it had not had time to analyze the LeRoux document but added "a quick review indicates a deceptive use of figures to refute facts that cannot be refuted."

The statement also said LeRoux was a "disappointed jobseeker" who had failed to get desired promotions because "he was not qualified for it."

LeRoux said he figured farm income in terms of dollars of constant value and took into consideration the great increase in farm capitalization. He found the net income of agriculture under Freeman has averaged 78 per cent of the parity goal farm programs, compared with 84.5 per cent under former secretary Ezra Taft Benson, 107.5 per cent under President Harry S. Truman and 81 per cent during the 1933-40 depression years.

LeRoux said that under Freeman, farm production was down 10 per cent.

Man Dies as Autos Collide Near Tuttle

TUTTLE — Gooding County's eighth traffic fatality for 1966 occurred Tuesday afternoon when a two-car accident killed a man.

Burley man was killed in a two-car accident near here. Sheriff's Office identified the victim as Lorenzo Vighi. Vighi was 45, single, and was driving a 1958 Chevrolet, involved in the 5:45 p.m. accident; Michael Ray Phillips, King Hill, said he was traveling west when he noticed the Vighi vehicle coming toward him. He said the 1957 Ford driven by Vighi was traveling in an erratic, wandering, back and forth across the road.

Phillips told officers as the Ford approached it crossed to the wrong side of the road, then turned back.

The 37th traffic death of 1966 in Magic Valley occurred Oct. 4, as the result of an accident in Gooding County.

**Mediators
Try to End
Two Disputes**

WASHINGTON (AP)—Federal mediators pushed today to speed up labor disputes involving the production of critical war material for Vietnam.

LeRoux resumed in the attempt to avert a nationwide strike against the huge General Electric Corp. Negotiations involving the Norfolk Thermomolders Corp. were moved here from Los Angeles.

The Department of Defense emphasized Tuesday that a threatened strike by some 120,000 General Electric workers would slow production of aircraft engines, radar equipment, bomb sights, aircraft weapons and other military hardware.

The Thermomolders manufactures chocks for bombs and aircraft rockets used in Viet Nam.

William E. Shinko, director of the Federal Mediation and Conciliation Service, talked with President Paul Jennings of the A.C.I.O. International Union of Electrical Workers Tuesday to persuade further the threatened strike that was postponed for two weeks at the request of President Johnson.

**Conference Date
Changed Again**

MANILA (AP)—The tentative date for the Manila summit meeting on Viet Nam was changed again today, Oct. 24.

It was the third date proposed, Philippine President Ferdinand E. Marcos in his original proposal for the meeting had suggested Oct. 18, later switched to Oct. 23-29.

Both Australia and New Zealand wanted an earlier meeting date because they have general elections within a month.

**Clear, Cool
Weather
Is Reported**

By The Associated Press

Clear, cool weather was reported today in most of the western and central part of the nation with showers in scattered sections.

Forecasters developed in the night and early morning in parts of Louisiana and southeast Texas. Showers also fell in the normally arid southwestern desert region and in the windward northern Great Lakes region. Northern Ohio inches of rain fell in midpoints at Gila Bend, Ariz., Tuesday.

Temperatures across the nation early today ranged from 70 at Blount, N.D., to 82 at Aberdeen, S.D., to 82 at Vero Beach, Fla. Some other readings and conditions: Washington 68, cloudy; Dallas 64, clear; Denver 45, clear; Phoenix 63, clear; Los Angeles 67, partly cloudy; San Francisco 65, clear; Seattle 61, clear.

**Write-in
Choice Named
In Georgia**

ATLANTA, Ga. (AP)—Georgia voters were offered a write-in choice for governor today when a citizens group endorsed candidate Ellis G. Arnall in opposition to Democratic and Republican nominees.

Arnall, loser in the Democratic primary runoff to register candidate Lester G. Maddox, was declared upon shortly before 1 a.m. by a committee set up at a meeting of several hundred persons to speed up labor disputes involving the production of critical war material for Vietnam.

Idaho Republicans Attack War on Poverty

By The Associated Press

The Johnson administration's war on poverty was severely criticized Tuesday by Republican candidates for congressional offices.

Sen. Don L. Jordan said in a statement issued in Washington that the Democrats in Congress have no part in the act of spending in an election year.

He was referring to administration amendments to the Economic Opportunity Act. Jordan said, "The problems of poverty," Jordan said, "are among the most critical our society faces, but we are not doing the job."

Jordan Says Resignation Reveals Flop

Sen. Don L. Jordan said today in a statement to an Idaho Republican legislative candidate that the resignation of a high administration official in disgust over the Great Society's farm program demonstrates the need for election of more Republicans this fall.

The official, Frank M. LeRoux, resigned as general sales manager of the U.S. Foreign Agricultural Service, said at his resignation news conference that by any reasonable standard, the last five years have been the worst for the American farmer under any political party in agricultural history.

Jordan said that LeRoux's charges that farmers are being neglected on behalf of consumers and that the Great Society's farm program demonstrates the need for election of more Republicans this fall.

Ruby Death Penalty Conviction Reversed

AUSTIN, Tex. (AP)—The Texas Court of Criminal Appeals reversed today the death penalty conviction of Jack Ruby, slayer of presidential assassin Lee Harvey Oswald. From left are Judges W. A. Morrison, H. K. Woodley and W. T. McDonald. The court reversed the conviction on grounds of inadmissible testimony and sent the case back for retrial in a county other than Dallas. (AP wirephoto)

Local Firm Has Low Bid On Project

Otis Hall Construction Company, Twin Falls, Tuesday entered the lowest bid of \$309,700 for the construction of the 50-unit senior citizens housing project planned by the Twin Falls Housing Authority.

The housing project will include 50 housing units, an office building and laundry for low-income elderly people. The project is planned with the assistance of the Housing Assistance Administration of the United States Department of Housing and Urban Development, according to Larry Hargreaves, executive director of the Twin Falls Housing Authority.

Two other bids were offered for the construction project. Tyson Construction Co., Pocatello, offered a bid of \$312,216 and Dettweiler Construction Company, Twin Falls, offered \$331,365.

The project has a 300-day completion date beginning the day the contracts are awarded, sometime in the next two weeks.

Otis Hall, commenting on the construction job, said he expected to employ approximately 30 workers for the project. After the 300-day completion date, 60 plays will be given for landscaping and planting.

The Twin Falls Housing Authority includes the Rev. Ernest Hansell, chairman; W. N. Terry, vice chairman; Margaret Watts, Frank Briggs and Ernie Geyer, all Twin Falls. Members of this commission are appointed by the City Council and serve with or without pay.

Architect for the project is Harold Gerber, Twin Falls. Members of the Twin Falls Housing Authority attended the bid opening.

Just in Time

SAIGON (AP)—The U.S. military command in Saigon today announced the capture of 25 tons of weapons and supplies from a Communist cache. "Just in time for the World Series," said a military spokesman.

Thant May Take Hand In Deadlock

UNITED NATIONS, N.Y. (AP)—Secretary of State Dean Rusk and U.N. Secretary-General U Thant conferred today at a luncheon meeting pointed-up by the disclosure that Thant is taking an active hand in trying to break the deadlock over Viet Nam. A U.N. spokesman confirmed that the secretary-general is making a concrete effort to bring the two sides to the negotiating table, but he declined to go into details. Dai Diem, the secretary-of-state for foreign affairs for South Vietnam, called on Thant just before the lunch with Rusk.

Diem also had an afternoon appointment with Rusk to talk over the forthcoming Asian peace conference in Manila.

The luncheon meeting between Rusk and Thant could provide a clue whether the Soviet Union has eased its hard line on Viet Nam.

Thant gave a luncheon Monday for Soviet Foreign Minister Andrei A. Gromyko and is believed to have sought Soviet views on the deadlocked efforts to bring the Viet Nam war to the conference table.

Rusk, who is expected to confer with Gromyko into this week before the Soviet minister goes to Washington to see President Johnson, is taking soundings to find out whether there has been any change in the diplomatic climate on Viet Nam.

The American secretary is giving a dinner at the Waldorf tonight for Foreign Minister Corneille Maesens of Romania, the Soviet bloc member which has maintained the friendliest relations with the Red-Chinese in the gunnery erupted between Moscow and Peking.

There have been persistent reports that a past year in Romania might serve as an "ice breaker" between the two superpowers.

Nez Grows Meaner Over Warm Waters

MIAMI, Fla. (AP)—Hurricane Inez, growing meaner again over the warm waters of the Gulf of Mexico, ground today to an ominous stop, lashing the seas with winds up to 120 miles an hour. Blocked by an immense high-pressure system over the gulf, the killer storm stalled after hitting the Dry Tortugas, 68 miles west of Key West, with gusts of 114 to 126 mile velocity. Unable to turn northward toward the upper Gulf Coast states, Inez now had two logical choices. She could swing back to northeast and strike Florida another blow—this time a more deadly one. Or she could move to the southwest, toward Central America.

Forecasters, dealing with the most unpredictable storm ever to howl out of the tropics, predicted Inez would remain stationary for 24 hours before going on the prowl again.

While she made up her mind, Inez could suck up warm moisture from the Gulf, which feeds fury into a hurricane—and grow more vicious by the hour.

Inez—hammered Key West with 90-mile winds, leaving surprisingly little damage behind.

A killer in the Caribbean, Inez was just a pesky, windstorm in Florida.

Key West, the nation's southernmost city, was blacked out by power failure, but otherwise the 40,000 residents saw little damage as they emerged from their homes in the blustery aftermath of the storm. Trees were knocked down, windows blown off, and some houses, trailers damaged by the wind.

Cavalrymen Press Badly Mauled Force

SAIGON—South Viet Nam (AP)—U.S. air cavalrymen mauling forces pressed against Communist forces near the coast of central Viet Nam today and reported a mounting toll of enemy troops killed, captured in four days of fighting.

The helicopter-borne American troops pushing down from the north, claiming 43 more North Vietnamese regulars of Viet Cong killed in the last 24 hours of Operation Irving and 60 more captured.

Units of the South Korean T-19 Division, battering at the Viet Cong in the south, had killed 77 more Communists and captured three. Along with South Vietnamese infantrymen, the U.S. forces would remain in the area, reaching 43 enemy killed and an unprecedented 194 captured.

The U.S. air offensive against North Viet Nam was hampered by foul weather, but B2 bombers flying at high altitudes above the weather, struck twice in South Viet Nam.

3 Hospitalized As Result of 2-Car Crash

WENDELL — Three persons were hospitalized as the result of a two-car collision at 10:40 a.m. Tuesday at the intersection of State Highway 33 and 35th St. in Wendell.

Reported in fairly good condition Wednesday at St. Benedict's Hospital, Jerome, were Harold Fahrwald, 40, and his wife, H. D. Fahrwald, 40, both 225 1/2 lb. Ave. E. 21, and Mrs. Gertrude Price, 78, Paris, is listed in fair condition.

Deputy Sheriff Bill Bunn, investigating officer, said citations are pending. He said the collision occurred when the 1961 Plymouth driven by Harold Fahrwald pulled out onto Highway 33 from Highway 40 in the path of a 1962 Dodge operated by Ray D. Zollinger, 31, Route 1, Bunker.

Zollinger and his wife, Mrs. Inez Zollinger, 47, were treated and released, but Mrs. Zollinger's mother, Mrs. Price, an 80-year-old patient, sustained cuts and bruises and was hospitalized.

The elder Fahrwald was a passenger on the car. Highway 40 was closed for about 45 minutes. Both men received cuts and bruises and other undetermined injuries.

Bunn said he had asked highway engineers in the past to investigate safety hazards at the intersection but to date, he said, no one was doing anything about it.

Wendell, because there has been too much bloodshed, death and heartbreak at both places. Engineers have assured him there is nothing wrong with the highway intersections, Bunn said, but he added "There must be something wrong somewhere."

He said many serious accidents continue to occur at this intersection.

DEMONSTRATING LIP READING TECHNIQUES is Mrs. Merle Stoddard, director of the Twin Seal Center, Twin Falls. Marge Pearson, Twin Falls, right, aided in the demonstration. Mrs. Stoddard will begin lip and speech reading classes at 8 p.m. Wednesday. The classes are for persons with insufficient or failing hearing. Speech reading is a supplement to hearing. Lip and Speech Reading Classes Scheduled at Easter Seal Center

Lip and speech reading classes will begin at 8 p.m. Wednesday at the Easter Seal Center, according to Mrs. Merle Stoddard, director.

The speech reading classes are primarily for adults who have begun to lose their hearing.

Persons who could use speech reading are those who hear well when talking with one or two people, but who have difficulty hearing in a crowd. Mrs. Stoddard commented that speech reading is much easier to learn if there is partial hearing. If a person waits until he is very hard of hearing, it is much more difficult to learn.

Mrs. Stoddard added that the course would begin by analyzing the formations of speech and the placement of the tongue, and how sounds are produced. The class will progress through consonant and vowel sounds and play a type of charades that is a type of lip reading.

Early in the course, persons will learn the 1,000 most frequently used words, then progress to general conversation.

All persons interested are urged to contact Mrs. Stoddard at the Easter Seal Center before Wednesday evening.

The class will be limited to 10.

Discussing the purposes of speech reading, Mrs. Stoddard said that the instruction is used to improve the person's understanding of speech. It is an intellectual approach to the problem of insufficient hearing.

The course method, which Mrs. Stoddard incorporated in her teaching, stresses the production of sounds. Students will practice through a sound-proof window, attempting to read the lips of a person on the other side. She stressed that students would not mouth the words but actually speak although they would not be heard. She added that speaking without voice, distorts movements and spoils the naturalness of normal speech.

Mrs. Stoddard added that normally vowels are sounded with an open mouth and consonants close the mouth.

FLORHAM PARK, N.J. (AP) — "I think it's about time I stopped driving."

With those words, William Hockenjos Sr. surrendered his driver's license Tuesday to A. James Sherwood, assistant New Jersey motor vehicle director.

Hockenjos has never received a summons or had an accident. It's just that at the age of 88, as a veteran of 60 years behind the wheel, he figures enough is enough.

Parliament OK's Princess's Wish

COPENHAGEN, Denmark (AP) — Princess Margrethe's wish to marry a French count was approved Tuesday by Parliament, paving the way for the engagement and subsequent marriage of the 29-year-old princess to the Danish throne.

The approval also started two days of state ceremonies. The princess' engagement to Count Henri de Laborde de Monpezat, 32-year-old third secretary at the French Embassy in London, will become official Wednesday after a meeting of the state council.

Students Elect

KETCHUM — Junior High school students have elected officers for the year.

Walter Haemmerle was named president. R. Paterson, vice president, and Kristy Bennett, secretary. Cheerleaders, elected from the eighth grade are Vicki Sablin, Linda Ray-Clements, and Miss Bennett.

Republican Campaigners Given Some Advice on War, Domestic Matters

WASHINGTON (AP) — Top Johnson agreed in advance of their campaign that racial tensions should be avoided as a deal with "increasing disregard for the rights of others, creeping cynicism toward corruption and mounting outbreaks of racial violence."

Bliss was asked whether the GOP considers civil rights and racial violence a legitimate issue in the current campaign.

Bliss said the party would not mount importance to 99 per cent of the people of this nation regardless of race, color or creed," he replied.

Former President Dwight D. Eisenhower spoke bitterly of deliberate rioting "engendered for no purpose but to hurt the rest of us."

A Republican spokesman said the policy statements, issued by the Republican Coordinating Committee, will be sent to all the members now campaigning to rebuild the party's battered fortunes in Congress and in state offices.

GOP National Chairman Ray C. Bliss cautiously forecast "reasonable gains" in the elections now little more than a month away.

But he also reported that GOP polls show "a reasonable number of people undecided," and he said the situation is volatile.

Bliss said the war is the voters' No. 1 concern, but worries about civil rights, crime and racial violence are not far behind.

NATIONAL WHIRLIGIG
By ANDREW TULLY
WASHINGTON — If taxpayers' money were not involved, the temptation would be considerable in this House to let Rep. Adam Clayton Powell pass unmolested on the grounds that he is surely the most engaging, casual ever to make the Washington scene. After all, the man deserves points for refusing to be a hypocrite in Congress never noted for his charm.
But the House investigation of this high priest of Harlem is conducted with a different purpose, as chairman of the House Education and Labor Committee, of \$250,000 in public funds to examine the anti-poverty program, and Powell's admitted habit of depositing the \$20,578 he paid his wife, a member of his staff, in his own bank account. Thus the circumstances make Powell a special case even in an institution notorious for petty incriminations who steal from their stationery accounts.

Warned Again
No literate person in the Pacific Northwest can ever say there haven't been ample warnings that the Southwest water Columbia River water. There was another warning just the other day when the Intermountain section of the American Water Works Association met in Sun Valley. One of the speakers was Frank M. Clinton, who is chief project engineer for the Metropolitan Water District of Southern California. He said importation of water from other areas is "the only long-range answer" to the water shortage in the Southwest. "It is naive to believe that the people will go to where the water is, rather than demand that the water be brought to them," he said.

Mr. Clinton is a former U.S. Bureau of Reclamation district engineer at Salt Lake City. He is an example of the sort of engineer, politically wise water engineers being hired in Southern California and other parts of the arid Southwest in preparation for the mighty drive to steal Columbia Basin water.
Engineer Clinton laid it out on the line at the Sun Valley meeting. He said present projects will satisfy the needs of the heavily populated Southern California areas until 1980, but Arizona would need more water before then. "It is hardly a secret that the Southwest water shortage is the Columbia River water. It is naive to believe that the people will go to where the water is, rather than demand that the water be brought to them," he said.

Idahoans will be forgiven if they turn a cold shoulder on that line of "absolute protection" against future water needs. There's no doubt the arid Southwest will advance all sorts of tempting proposals in their efforts to get Northwest water. But let no one be misled. The only absolute protection of Northwest water for the Northwest is to keep the water in the Northwest in the first place. Anyone who thinks it's possible to export the water until it's needed and then have the water returned is naive indeed.

Significantly, on the same day Mr. Clinton was speaking in Sun Valley, Gov. Robert E. Smylie was advising the Columbia Basin Inter-Agency Committee to put to full use the resources of the area. "The only way in which this resource (water) can be defended... is by putting it to use," he declared.

Perhaps the water issue will resolve itself, but Idahoans and the rest of the Pacific Northwest can't count on it. There's the possibility that new reclamation work in the next few years will take every drop of available water. But let's not sit back and wait for that eventuality.
The first line of defense for Maple Valley residents is to point out Snake River doesn't have a surplus; that in years of drought the watershed can't supply present needs. So far as water is concerned, Idaho still has something like three million acres of land that could be irrigated. Let's keep the Southwest away from Snake River headwaters.

PEOPLE DECIDE
Some months ago, leaders of Minnesota's Democratic-Farmer-Labor Party decided Gov. Karl F. Rolvaag couldn't win re-election. So they dumped the governor and nominated the lieutenant governor, A. M. Keith, for the next election. Gov. Rolvaag didn't take the action lying down. He ran for the DFL nomination on a slogan of "Let the people decide." Last month, the people decided, giving the governor the nomination by a margin in excess of two to one.

Party leaders were supposed to have taken their action in dumping the governor on the basis of a public opinion poll that showed he couldn't win. These private public opinion polls can be subject to error, as it was learned in Idaho in this year's primary election. Gov. Robert E. Smylie had said privately a poll showed he would be renominated "if as many as 60,000 Idahoans voted." Well, a whole of 60,000 more than 60,000 trooped to the polls, they went there for one purpose — to vote against Gov. Smylie.
There's a double-barreled lesson in the Minnesota and Idaho election experience so far this year. Party leaders can't bank and file voters down the path they have chosen. And public opinion polls — especially these specialized polls that can be purchased on any issue — aren't infallible. The people, that great mass of average citizens, will decide every election. Party leaders and polls not withstanding. Sometimes they can be unpredictable, too.

HIDDEN ENROLLMENT
There is a hidden side to today's college enrollment crash — generally hidden, that is, from those whose college experience was a generation or more past. In addition to full academic rolls, every college campus has a large number of students in its distant auxiliary, the wives of the married students.
Many of the wives are themselves students and this appears in the college enrollment figures. But the practical reason for their need as a breadwinner while hubby earns his degree.
But student, housewife, or working woman — the campus wife is a genuine part of the campus community, and commands a place in campus affairs. Most institutions give her special privileges in admission to campus events, including sports and other student activities. How could it be otherwise? She also has access to campus centers, cafeterias, student exchanges, and, in some cases, as a guest, to classrooms and laboratories.
The wives have their own clubs, both for good works and sociability, and many are members of sororities with chapters on campus.
In days gone by, an official enrollment of 10,000 students meant that there were just 10,000 students on the campus. Except on special occasions, today an enrollment of 10,000 often means 12,000 to 13,000 youngsters full time on campus, with the auxiliary thousands going very steady indeed. — The Oregonian

Believe It or Not
The ocean-front resort town of Ashbury Park, N.J., is planning to build a merry-go-round and playground, at a cost of over \$1 million. In preparation for the overhaul the town is evicting parents, including a Ripley Believe or Not exhibit.
Sprawling on the boardwalk, the town is expecting the nation's taxpayers to bear the cost of the overhaul. The Federal Government, for an Economic Development Act to cover 80 per cent of the total cost.
Residents of that town are supposedly "voluntarily" giving up their homes to make way for the new playground. Although Ashbury Park no longer legally qualifies as a city, it did when it applied for the money. The town fathers then hid the fact that the Federal Government was the one paying for the playground. The spectacle of a non-city resort community cashing in on the Great Society, once again, has qualified as a Ripley Believe or Not exhibit. The town fathers are now moving the playground site, however, it's only too easy to believe. — Wall Street Journal

Interpreting The News
By JAMES MARLOW
WASHINGTON (AP) — Stokely Carmichael, though never clear about it, should "black power" in a country where Negroes are only about 10 per cent of a population now numbering around 200 million.
So far this year at least 30 cities have been hit by racial violence. What good does this do Negroes? In some cases the riots may induce federal, state or city governments to more about Negro housing and employment.
But at the same time it antagonizes a lot of white people, many of whom have been sympathetic to the problems of Negroes. What's the kind of power Carmichael, the Negro leader, is talking about?
The whites have the real power. And this year, amid growing white antagonism, the civil rights cause has been hurt. Moderate-minded Negro leaders, like Dr. Martin Luther King Jr., take a dim view of Negro violence.
They said this month the civil rights movement has made too much progress through nonviolence to resort to violence now. Yet this week on a CBS television program, with Mike Wallace interviewing a number of Negro leaders, one of them, Willie Waters, editor of Alabama's "Liberator" paper, spoke contemptuously of moderate Negro leaders.
He said he meant Roy Wilkins, executive secretary of the NAACP, and Whitney Young, executive director of the National Urban League.
Watts called for forcing the white community to negotiate with Negroes. He didn't explain that, but how 10 per cent of the population can force the other 90 per cent to do anything is a mystery.

For more than a quarter of a century the Negroes have been fighting the white man, and with steady success, led by Walter White, Wilkins' predecessor, and then Wilkins' successor, Martin Luther King Jr.

Long disease, farmer's lung has been recognized for many years but the cause was discovered less than two years ago. It is a virus found in spoiled hay and is inhaled by farmers who pitch the hay.

The victim may develop chills and fever, cough, shortness of breath and weakness within a few hours after exposure to the mold. The disease may last several days or several weeks but complete recovery is the rule. However, the disease is not an infection as was thought at first but an allergic reaction.

After repeated attacks the victim may develop emphysema. Since there is no specific treatment except to avoid contact with mold hay, it would seem that the best way to avoid the disease is to wear a respirator when he can't stay out of the hay.

A similar farm hazard, silo-filler's disease, is neither an infection nor an allergy but a form of poisoning. When a silo is filled, various gases of nitrogen gas to form. These reach a high concentration within a day or two and any farmer who enters the silo without a mask is exposed to these gases, the chief offender being nitrogen dioxide.

The onset of symptoms is often very sudden. In the case of silo-filler's lung, cough and shortness of breath occur within minutes after exposure. The victim may develop emphysema, a sudden relapse with chills and fever often occurs.

Warning! All freshly filled silos should be "checked" for gas before a worker enters. If the silo is found to be dangerous, the worker should be removed from entering it.

TAYLOR'S VIEWS ON WASHINGTON

In usurping command of the Viet Nam War, Defense Secretary Robert S. McNamara is as much over his head as a pigmy at the summit of Mount Everest.

The grave and utterly frightful consequences of this and of Mr. McNamara's reign to the Department of Defense are confirmed again — by four-star general, Nathan F. Twining, director of the Joint Chiefs of Staff.

Unless the truth be recognized and the record heeded, the Vietnam war is a catastrophe. But all revelations about Mr. McNamara's reign, no matter how documented and clear, are made against great odds.

Mr. McNamara has a powerful image-making apparatus. He has muzzled the military leaders by a Defense Department direct order to the effect that the military press your concern even to a Senate committee in reply to a subpoena.

In his alarming book, "Neither Victory Nor Safety," retired Gen. Twining pleads with the Johnson administration to keep Mr. McNamara out of the defense office "not for the sake of protecting Secretary McNamara's reputation, but for the sake of the fighting men of the United States."

The battle-tested leader emphasizes that, by law, the Secretary of Defense must have a defense establishment with respect to its administration, management procedures, etc., and in the administration of the military establishment, Church states, however, that it is "terribly dangerous and unprecedented for the defense establishment to be in a position to be roughed over professional military judgments."

In short, the hospital superintendent should not run the hospital. But he should not let the surgeons how to take out an appendix or when to turn on the oxygen.

Gen. Bargaining, Compromise Will Precede Agreement on U-Thant's Successor

UNITED NATIONS, N.Y., by unwritten law, tradition and U.N. Development program; David Owen, British ambassador, who has been with the United Nations since its beginning, and two top Soviet members of the secretariat, Arkady A. Sobolev and Anatoly Dobrynin. Sobolev later returned as head of the Soviet U.N. Delegation. Dobrynin is now ambassador to Washington.

Except for the fact that they were representatives of the powers, any one of the group might have been considered a logical choice for the post of secretary-general.

Thus the United Nations has had a Norwegian, a Swede and a Burmese as secretary-general. But the membership of the organization has undergone a major change since 1945. More than half its 119 members are Asian and African countries. Names mentioned as Thant's possible successors have come from all parts of the world, but there may be a strong move to choose an African. One difficulty is that most of the African prospects are untied, controversial, among the Africans themselves, or are too closely identified with one of the big powers. No strongly backed candidate has emerged.

The job pays \$65,000 a year, including salary, entertainment and housing allowances.

Trade Mission Satisfied With Results

LONDON (AP) — The head of a Utah trade mission to Europe said today the members were highly satisfied with its results. Five members fly home today. One left Tuesday and one is remaining for some time. During their tour they have been in Athens, Belgrade, Budapest, Milan, Frankfurt and London. The trip started Sept. 12.

"We made many contacts in London," said Walter G. Smith, director of the mission and assistant director of the Utah Industrial Promotion Commission. "You don't conclude sales immediately in our type of industries," he said. "But our contacts were excellent and undoubtedly there's going to be business developments out of these contacts."

Wright said the entire trip was successful, but "it's hard to evaluate at present because of the diversity of our interests."

He said several licensing contracts were concluded during the two days in London. He had praise for the help given by Harold Hall, the U.S. Embassy commercial counselor.

Leaving with him were Edward F. Arthur, Harold E. Wright and Nicholas J. Strick. Byron B. Hinkley left at noon. William E. Buchanan left Tuesday. Ralph O. Hawkes is remaining.

William Miller Takes Part In Loaned Executive Setup

The "loaned executives" division of the United Fund Drive continues to grow with the addition of William H. Miller, 1402 Main Ave.

Miller has been "loaned" by the Fidelity National Bank, where he is assistant cashier, to aid his talents to those of other loaned executives, who each devote two and one-half days each week to the success of the drive.

Miller is a member of St. Edward's Catholic Church and is an active member of the Knights of Columbus and a former member of the Junior Chamber of Commerce.

He joined the Fidelity National Bank in 1949. He has completed several American Institute of Banking Courses and spent 33 months in the South Pacific with the company's engineers during World War II.

The loaned executives are serving the United Fund by helping to acquaint more business and professional groups with the Fair Share Giving program. They conduct information meetings with employee groups within these businesses in an effort to keep the public better informed about the United Fund Drive.

Speaks Out

WASHINGTON (AP) — Sen. George A. Murphy, R-Calif., an old hand with a microphone, broke a tradition Tuesday by using one on the Senate floor.

The Senate, unlike the House, has a tradition that no one is to use a public address system.

But Murphy, the former movie star and dance man, recently underwent throat surgery and his voice was still weak. He received consent to use a small battery-powered amplifying system, bringing debate on the poverty bill.

France Ends Atomic Tests

PARIS (AP) — France has ended its current series of atomic tests in the South Pacific with the explosion Tuesday of a fifth atomic device, the Defense Ministry says.

The plutonium-doped experimental device was set off over the testing grounds at Mururoa, 160 miles from Tahiti. There was no immediate indication of the size of the blast.

EXPERT CANDYMAKER, E. Remington Davenport, and his wife will demonstrate the art of candymaking at a free school Tuesday at the American Legion Hall, sponsored by the Twin Falls Times-News Publishing Co. Two classes are scheduled, one from 2 to 4 p.m. and from 7:30 to 9:30 p.m. No tickets are required and the Twin Falls Times-News invites all Magic Valley homemakers to attend the classes.

Candy School Set for Tuesday In Twin Falls

Candy making at its best will be demonstrated by professional candymaker, E. Remington Davenport for Magic Valley residents.
Davenport has taught thousands of people to put the professional touch on candy, and will demonstrate the tricks of his trade at a free public candy making school Tuesday at the Twin Falls American Legion Hall.

Two classes will be featured for the convenience of all Magic Valley homemakers, one from 2 to 4 p.m., and the other from 7:30 to 9:30 p.m.

No tickets are required and there is no obligation to the candy making school, sponsored by the Twin Falls Times-News Publishing Co.
Davenport, who has exchanged candy secrets with other top candymakers, will make three kinds of candy, fudge, peanut brittle and after dinner mints. During the school he will explain the techniques of 10 related candies and answer ques-

tions on such things as "why candy turns to sugar" and "why some recipes say 'cook without stirring,'" and many other questions from the audience.

Davenport has held candy making classes all over the west coast for the past 25 years and has authored two books on candy making, representing 25 years of study. His books can be purchased at the school for a nominal sum, but there is no obligation to buy.

The Twin Falls Times-News invites all Magic Valley homemakers to attend either of the two free classes at the American Legion Hall.

First Party in Series Held

GLENN FERRY—The Women of the Moose held their first card-party at the annual series. There will be four parties in the series and prizes will be awarded for each party with a grand prize at the end of the series.
The other parties are set for 8 p.m. Thursday at 1:30 p.m. Oct. 12, and the last one at 8 p.m. Oct. 20, all to be held at the Moose Home.

Lodge Members Are Honored

HANSEN — The quarterly birthday anniversary dinner was held at the regular Royal Neighbor Lodge meeting honoring members with birthdays in this quarter.
Honored were Mrs. Opa Simpson, Mrs. Ed Post, Mrs. Charlie Pyron, Mrs. Stella Hughes, Mrs. Mary Taylor and Mrs. Rose Wiseman.

Mrs. S. E. Brewer, San Diego, and Mrs. A. F. Daw were guests.

Plans were outlined for a hobo party to be held Tuesday, Oct. 12, at the Magic Valley lodge. Prizes will be awarded to those having the funniest costumes. Mrs. W. I. McFarland was appointed as chairman for the party, assisted by Mrs. Post and Mrs. Taylor.

Mrs. Lewis Reed and Mrs. Vernon Ball, program committee members, introduced R. E. Bailey who showed colored slides of his and Mrs. Bailey's trip to Europe.

Camp Fire Girls

Organization Set in Schools

Organization time is here again for the Camp Fire Girls and their friends. This week application forms will be sent home with all girls in the elementary schools, to be filled out by parents and returned to the teachers. School coordinators and their committees will then organize the groups.

Camp Fire Girls as a youth organization offers fun, friendship and educational activities for girls from the age of seven through high school. Blue Birds, in grades four and three, have a program based on creative play, helping little girls learn to adjust to group activity, to make friends and to learn through games, home activities, field trips, music and service projects.

Camp Fire girls of age 9, 10 and 11, or grades 4, 5 and 6, earn beads and honors in the seven crafts, and work for rank through specific requirements. The seven crafts cover the fields of home lore, outdoors, frontiers, creative arts, citizenship, business and games and sports. There are many opportunities for service, community contacts, social activities and camping. Symbolism is introduced at this age and this is a fascinating and rewarding study.

Junior High girls of 7 and 8 grades may work on the group Torch Bearer and also individual torch bearers in their choice of 25 fields. Their program is geared especially to this age, and provides fun and social activities along with service and other opportunities. Our community will provide a new program this fall, a charm school with periodic classes in all phases of personal improvement especially planned for junior high and high school girls.

Horizon Club members have a program designed to fit high school girls' needs. Grooming, careers, service, social activities, the community—all fit into the schedule. Community Volunteer Service is one phase of their program, giving girls opportunities to work in various agencies, hospitals for the elderly, special groups, or wherever they choose. This is not only useful to these institutions, but helps the girls decide their own future careers.

Mrs. Michael Mazzone is group organization chairman for the Twin Falls Council. School coordinators are Washington School, Mrs. Harold Smith; Lincoln, Mrs. Elmer Kisinger; Franklin, Mrs. Hank Kisinger; Morningside, Mrs. Arthur Dun-

Baptist Guild Hosts Annual Rush Party

FILER—Theme of the annual rush party of the Fellowship Guild of the First Baptist Church was "Where the Girls Are."

Diane Ransom, chairman, welcomed Shirley Wolfe and Pamela Miller, new members. Janet Haley was in charge of the devotional service. Kathy McCandless led group singing, and Miss Ransom conducted the business meeting. Miss McCandless read a brief history of the guild and requirements for membership were explained. Suelen Nelsen spoke on "Why the Fellowship Guild," and Dixie Davis described the guild symbol. Miss Ransom presented the parts for memorization to the new members.

Initiation games were conducted by Carla Hoag, Charlotte Melton and Sherry Wolfe. Janet Patterson served refreshments.

Miss Peterson, Moffitt Wed in Garden Rites

DECLO — The garden of Mr. and Mrs. Donald Peterson, Grace, was the setting Sept. 24 for the wedding of their daughter, Shannon, and George Moffitt, son of Mr. and Mrs. Ambrose Moffitt, Declo.

Bishop Gail M. Ray performed the double ring ceremony before a floral background flanked by cherub urns filled with multi-colored gladioli.

Roger Peterson, cousin of the bride, played the traditional wedding music and accom-

panied Lillian Peterson and Fardell Peterson as they sang.

The bride, after a marriage by her father, wore a floor-length gown of white silk tulle, styled with an empire waistline and detachable chapel train of Chantilly lace. Her shoulder-length veil of illusion was secured by a rose of silk tulle.

A cascading arrangement of gardenias and greenery was carried by the bride.

Meredith Skinner was attendant. Bridesmaids were Nellie Rae Harlocker, Lynn Nickelson, Susan Fongberg, Kathleen Varley and Brenda Corbett.

Charles Moffitt, brother of the bridegroom, served as best man. Ushers were Richard Kerbs, Max Fowler, Jay

Buzlants, Lynn Rowsell and Edward Skinner.

Ringbearers were Gregory Skinner and Alan Skinner, nephews of the bride.

Guests were ushered down a pedestal lighted lane and registered at a round table covered with a floor-length white satin cloth with pink satin drapes by Judy Turner and Lynn Fowler.

Gifts were arranged by Mrs. Charles Moffitt, Mrs. Richard Kerbs, sister of the bridegroom, and Julie Sargent. Gifts were carried by Julie Ann Kerbs, niece of the bridegroom.

The bride's table, covered with a floor-length white linen cloth, was centered with an all-white wedding cake trimmed

with cascading roses in pastel shades of pink.

Staple Ransom and Patty Park house cut and served the cake. Jan Peterson and Corinne Peterson presided at the punch bowl.

Guests were served at quarter tables covered with floor-length lace cloths centered with white wedding bells tied with pink ribbons.

Alpha Chi Omega Sorority sisters from Utah State University sang for their sorority sister at the reception.

The couple took a wedding trip to Yellowstone National Park.

The couple resides in Logan, where they are attending Utah State University.

Chapter No. 29 Honors Worthy Grand Matron

Mrs. Elsie Lathen, worthy grand-matron-of-the-Grand Chapter of Idaho, Order of Eastern Star, was officially welcomed by Twin Falls Chapter No. 29 at a luncheon served at the Masonic Temple.

The American flag was presented by Mr. and Mrs. Gene Sharp—and a tribute was read by Mrs. Ted Scott who also served as toastmistress.

A Bible ceremony, with a reading by Mrs. Artie Kelly and song by the quartette, concluded the program.

In the afternoon Mrs. Lathen conducted a school of instruction for officers and members of the Order of Eastern Star.

The stated meeting of Twin Falls Chapter No. 29 was held, with Mrs. Donald Kilborn, worthy matron, and Arthur Carrier, worthy patron, presiding. Mrs. Lathen was introduced and welcomed to the chapter. Mrs. Harold Nye, accompanied by Mrs. Russell Potter, sang in honor of Mrs. Lathen.

Introduced and welcomed were past grand matrons, Mrs. Henry Barton, Mrs. Grace Johnson and Mrs. Blythe Clemens, and past grand patrons, Mrs. Clayton M. and Mrs. Margaret, grand-conductresses, and Mrs. Henry Barton, grand treasurer, were introduced and welcomed as were the grand representatives, grand committee members, and appointees, visiting worthy matrons and worthy patrons and other distinguished guests.

Initiation was held for new members. The Golden Rule was the topic of the address given by the worthy grand matron.

Guests were present from Duhl, Filler, Burley, Gooding, Hagerman, Hollister, Jerome, Pocatello, Rupert, Paul, Wendell, McCall, Cascade, Milwaukee, Ore., and Stockton, Calif.

Refreshments were served by the committee. Mrs. Herman Grabert, Mr. and Mrs. Larry Hall, Mrs. J. E. Nancy Stevens, Glasby Recite

Wedding Vows

The First Methodist Church was the setting for the Aug. 21 afternoon wedding ceremony uniting in marriage Nancy Stevens, daughter of Mrs. Earl Carter, and Kenneth Glasby, son of Mr. and Mrs. Charles W. Glasby.

The double-ring ceremony was performed before an altar enhanced with pink and lavender gladioli and brass candelabra. Rev. Henry J. Gernhardt performed the ceremony.

The bride, escorted by her brother, wore a floor-length gown of silk organza. The Sabrina neckline was accented with scallops of Chantilly lace and seed pearls. The medium empire gown featured a detachable chapel train of scalloped Chantilly lace and seed pearls. Her shoulder-length veil was held by a single rose of lace, seed pearls and crystals. She wore a single strand of pearls, a gift from the bridegroom.

The bride carried a cascading bouquet of white stephanotis centered with an orchid.

Maria Catterson was maid of honor. Bridesmaids were Mrs. J. J. Harrington, Janice Glasby, and Cathy Duncan, Pocatello. Roxie

Rider, granddaughter of the minister, was flower girl.

Flowers were arranged by Crandall Flower Shop. Rodney Glasby, brother of the bridegroom, was best man. Ushers were David Thomas, Dennis Everett and Tim Hill, Shoshone, and James Linn, Twin Falls. Bradley Catterson was ring bearer.

Traditional wedding music was played by J. E. Hill, Mr. and Mrs. Iveta Sines sang, accompanied by Hill.

A reception was held immediately after the ceremony in the parlor of the church. The bride's table was centered with a three-tiered wedding cake. The cake was topped with a cluster of wedding bells which was also used on the wedding cake of the bride's mother. Pink taperees flanked the cake which was surrounded by ivy. The table was covered with a white flower over-linen and accented with streamers of ivy and pink ribbons.

The bridegroom's table was centered with rice bags of pink and lavender chiffon. The traditional wedding candle, borrowed from Mrs. J. J. Harrington, burned on the bridegroom's table.

Guests were registered by Mrs. Raymond Fox. The cake was cut and served by Mrs. Evelyn Ellis and Mrs. J. E. Hill. Punch and coffee were poured by Mrs. Robert Groves, Twin Falls, and Sandra Thronbrough.

Captured Corpsman Flies Home

TEHRAN, Iran (AP) — U.S. Peace Corpsman Thomas R. Dawson, held in Soviet custody for three weeks after he strayed across the Soviet-Iranian border while hunting sea shells, was flying home to the United States today.

The U.S. Embassy said Dawson, 24, left for Washington to report to the Peace Corps office and then visit his mother in Annapolis, Md.

Dawson was "handed" over to Iranian authorities Monday night at Astara, on the Caspian Sea, where he was seized Sept. 11 by Soviet border guards. Newsmen were not allowed to talk to him during his 24-hour stay in Tehran, apparently under the Iranian government did not want any repercussions from the Soviets.

Dawson told U.S. officials he felt fine and had been treated well by Soviet authorities.

In Washington, the State Department said no charges were being made. The Iranian government said they had to investigate the case to satisfy themselves that he had crossed the border innocently.

Pocatello to Host Annual Art Conclave

POCATELLO (Special) — The Idaho Art Association Convention will be held in Pocatello through Sunday.

Shiro Ikegawa, young Japanese print maker, heading the list of noted artists who will demonstrate or conduct workshops.

The convention is headed by Shiro Ikegawa, young Japanese print maker, heading the list of noted artists who will demonstrate or conduct workshops.

The convention is scheduled from noon to 5 p.m. in the foyer and a continuous showing of art films is set from 1 to 5 p.m. In the recital hall of the Fine Arts Building on Friday.

Other activities slated for Friday include the judging of membership and junior division exhibitions by Ikegawa followed by a social hour.

Most art films, workshops, demonstrations and discussion hours are set for Saturday.

Demonstrations will be given by George Roberts, chairman of art of the University of Idaho; Ray Obermyer, associate professor of art at ISU; Don Brown, associate professor of art at ISU; and Joseph Stuart, director of the Boise Gallery of Art.

The annual Idaho Art Association Banquet will be held in the Cosmopolitan Room of the Bannock Hotel at 8 p.m. Saturday.

Ikegawa will be the featured speaker and awards will be presented following the banquet.

A no-host breakfast at the Bannock Hotel will kick off Sunday's activities. A workshop in landscape painting will be conducted by Fred Oehl, past president of the IAA, in water color-weather permitting.

Twin Falls area artists are urged to attend the convention and those desiring reservations are asked to contact Mickey Marshall, 432-2716, or John Davis, chairman, department of Art at ISU.

Several members of the Magic Valley Art Guild plan to enter paintings in the IAA membership exhibitions, Marshall said.

TOURISM INCREASES (AP) — The number of tourists visiting Pocatello in the first eight months of this year increased by 30,649 over the same period last year, the Chinese Nationalist government announced.

FIVE-PASSENGER FLEETWOOD Eldorado, Cadillac's competing new luxury personal car, is the first car in the world to combine front-wheel-drive, variable ratio-power steering

Front-Wheel Drive Eldorado Is 1967 Cadillac Feature

Highlighting the Cadillac lineup of 1967 models is all new styling, unexcelled safety, comfort and convenience features and a completely new luxury personal car, the front-wheel-drive Fleetwood Eldorado.

The 1967 Cadillac will be on display in dealer showrooms Thursday, according to Calvin Werner, Cadillac Motor Car Division general manager and General Motors vice president.

The 1967 line has 12 models, with the new Eldorado replacing the Eldorado convertible in the Fleetwood series.

Prominent among the product improvements related to safety is an energy-absorbing steering wheel, used in combination with the energy-absorbing steering column that is standard on all General Motors cars.

The wheel deflects under severe body impact and cushions the driver against a padded surface inside the circumference of the wheel.

and automatic level control for a totally new driving experience. It's length is 221 inches — only three inches less than a Coupe de Ville — and its 53.6-inch height is only an inch less.

Additional product improvements related to safety include a red warning light on the dashboard to indicate any malfunction of the dual power brake system and folding rear-backs in two-door models that lock into position and are unlocked by a control button on the outside of the back seat.

Cadillac's high performance 360 horsepower V-8 engine is improved with a completely new intake system.

Equipment Purchased At Dietrich

DIETRICH — Sup. Harold Stroud reported at the PTA meeting Monday night at the high school building that arrangements have been made for purchase of the new public address system for the school.

Martin Jauregui, president, appointed Mrs. Don Knowles, room representative chairman, and the other room representatives to serve as general chairman in planning a dinner to be held according to tentative arrangements, on Oct. 29.

Funds raised will go toward payment of the public address system. There will also be a school carnival that night.

Roseann Dorn and Mrs. Linell Cooper will handle the publicity for the dinner.

Mrs. John Anderson, membership chairman, reported the group has 28 paid members.

Sup. Stroud announced that all Dietrich residents are invited to a PTA meeting at the high school on Oct. 12 when Mrs. Jaynes and Jack Murphy will speak on the Idaho Sales Tax.

For the program Monday night a film on the sales tax was shown, and the superintendent explained what the tax had done for Idaho Education.

PTA chairman for the year were listed with Mrs. Don Knowles, room representative chairman; Mrs. William Towne, hospitality; Mrs. Jack Murphy, finance; Mrs. Dale Hollaugh, magazine; Mrs. M. C. E. Stenerson, procedure book, and Mrs. Cooper, publicity.

Percy Will Resume Plans On Monday

CHICAGO (AP) — Industrialist Charles H. Percy said today he will resume his campaign for U.S. senator from Illinois next Monday.

"This is what I must do," he told a news conference in his campaign headquarters.

Percy said there can only be one question in the campaign — who can be the better senator from Illinois.

His democratic opponent, seeking a third term is Sen. Paul H. Douglas.

Percy said he and his family were grateful for the expressions of sympathy from their many friends, neighbors, press and others, which followed the slaying of his daughter, Valerie, 21, on Sept. 17.

Sen. Douglas resumed campaigning Tuesday.

The Percy family was in its suburban Kenilworth home on Sept. 18 when an intruder entered the second floor bedroom of Valerie and bludgeoned and slashed her to death.

The killer has not been found and police say they have no suspects.

The Percy family returned to Kenilworth Tuesday after spending several days in seclusion in California.

Bids Sought for Reforesting Fire-Damaged Range Land

The Sawtooth National Forest is accepting bids for the rental of six crawler tractors with operators, 60 DHDH or more, for pulling range land drills on the Magic Burn Area until Monday, according to W. L. Porter, contracting officer for the Sawtooth National Forest.

The 2,800-acre area to be reseeded with range grass is located 20 miles south of Twin Falls near the Rognon. The job will take approximately 30 days after the bids are opened. Reforesting is being conducted by the Ranger Management Division of the United States Department of Agriculture, Porter added.

The reseeded will be used to rehabilitate land burned in the Magic fire which ravaged 74,000 acres of land late in August. The present reseeded will cover the Hopper Gulch area in the Twin Falls Ranger District.

The burned area south and west of Oakley in the Burley Ranger District will be reseeded sometime this fall, Porter commented.

"Anyone interested, who has the equipment or is interested in the job should contact the Sawtooth National Forest Service, 1675 Addison Ave. E., Porter said.

Approximately 600 men fought the 74,000-acre blaze the last of August. Rehabilitation of watershed and acreage burned in the Magic fire was the Bureau of Land Management, 10,800 acres; Forest Service, 19,000 acres; state land, 3,000 acres; private land, 34,000.

The trained professional firefighters included men from the Hopi, Zuni, Santa Domingo, Navajo and Torgona Indian tribes from Arizona and New Mexico. In addition, the Shoshone from Nevada, Cal-Nev Indians from Washington and the Shoshone from Pocatello were on the fire.

Air Force Train Compared To Small City by Visitors

WENDELL — The Air Force train, which provides a rest area for personnel during their off-duty hours, is being compared to a small city by visitors who see it during open-house programs.

The Radar Bomb Scoring Express, which will be stationed on a siding near Wendell for several months, is self-sufficient enough to operate 4,500 kilowatts of electricity to run its own lights, heating, and other facilities.

Six generators aboard can produce 1,070 kilowatts of electricity enough to sustain 72 men for 30 days.

The train has its own diesel power plants, 10,000 gallons of fuel in each section, its own sewage disposal and a supply of 10,000 gallons of water. Repairs are made in a small machine shop in one of the cars. First aid facilities are available to handle minor illnesses and injuries.

Officers explained that experts aboard the train try to confuse the bombers' navigation and radar bombing equipment. This type of "battle" is called electronic countermeasures (ECM) and is expected to be a factor in any future all-out war.

The battle begins some distance away from the target area between the bomber crews and the ground personnel. As impulses are sent up from the RBSE train, the electronic warfare officers identify and counter-act with the aircraft's own ECM systems. The devices also are used to confuse the enemy's search radar and guided missiles to avoid detection and possible destruction.

Waldo Jones Heads Wood River Group

SHOSHONE — Waldo Jones is the new master for Wood River Center Grange, it was announced Tuesday, after the Grange meeting.

S. M. Hall will be overseer for the coming year with Mrs. Donald Sandy, lecturer; Mrs. Ward Miller, chaplain; Clifford Sutzman, treasurer; Mrs. Clifford Sutzman, secretary; Russell Kelley, gatekeeper; Gene Guthrie, steward; Donald Sandy, assistant steward; Mrs. Waldo Jones, lady assistant steward; Mrs. R. B. Kelley, Ceres; Mrs. S. M. Hall, Pomona; Mrs. Ada Sandy, Flora; Donald Sandy, new executive board member. Holdover executive board members are R. B. Kelley and Ward Miller.

Mrs. R. B. Kelley is home economics chairman with Mr. and Mrs. Donald Sandy, delegate to State Grange which will be held the last week of October in Moscow.

A potluck dinner will be held at 7:30 p.m., Saturday, followed by a social night. Past masters, two 25-year members and one 50-year member will be honored during the evening.

Adenauer Fails To Oust Erhard

BORN, Germany (AP) — Former Chancellor Konrad Adenauer failed Tuesday in another attempt to oust Chancellor Ludwig Erhard.

Members of his Christian average voters' bloc in the Bundestag party in the Bundestag voted overwhelmingly Tuesday to continue last year's average, the Commerce Department Adenauer, who was succeeded

by Erhard, came out publicly Sunday in favor of replacing Erhard with Eugen Gerstenmaier, the Bundestag president. The former chancellor has been a persistent critic of Erhard.

Adjournment Date Depends On 15th Bill

WASHINGTON (AP) — A 15th and final adjournment bill may not yet be on the drafting board, but the answer to whether Congress can hit its current adjournment target of Oct. 27, it provides financing for some of the more costly and controversial domestic programs, including the war on poverty and aid for education.

The bill can't start its tedious journey through the House and the Senate until the House Appropriations Committee writes it. The committee hasn't yet received the administration's estimates for money.

It can't write the bill until reparative measures giving legal status to the poverty and education programs have cleared Congress and have been signed by the President. A point of order made by any individual member could knock out money for any program not authorized by separate laws.

The poverty bill was passed Tuesday night by the Senate. It still must go to a Senate-House conference for adjustment of extensive differences.

The elementary and secondary school bill hasn't passed either branch but is on today's House docket. A separate bill has been approved by the House Labor and Public Welfare Committee but carries a much higher price tag than the House measure does. It could take a long Senate-House conference to work out a compromise.

Another school bill authorizing aid to higher education, has passed the House and been approved by the Senate committee.

Surprisingly New! Superbly Cadillac!

ELDORADO...world's finest personal car

SEDAN deVILLE...another dramatic Cadillac surprise

INTRODUCING THE 1967 STANDARD OF THE WORLD.

You are looking at two of the newest luxury cars ever created. They are typical of Cadillac for 1967. The Fleetwood Eldorado — the world's finest personal car — is the first exciting case in point. Eldorado is a styling masterpiece . . . with its spectacularly long hood, its daring new roof lines and its dramatic, rear quarter design. It is also an engineering triumph. For Eldorado is the first car in the world to combine the sure-footed traction of front wheel drive with the maneuverability of variable ratio power steering and the balance of automatic level control. And with all its split and action, Eldorado provides unusual live-passenger spaciousness and the quietness and comfort that only Cadillac could create. This brilliant advance also marks the Cadillac you are most familiar with. For they are the most beautiful Cadillacs of all time . . . with a new forward-sweeping grille and a new side contour that flows from front to rear. And with this new Cadillac look come a number of other achievements . . . the most luxurious interiors in history . . . a new generously padded instrument panel . . . a more responsive Cadillac engine . . . improved variable ratio power steering . . . and a new General Motors-developed energy absorbing steering column. Discover Cadillac for 1967 for yourself . . . at your authorized dealer's. Once you have personally seen and driven these exceptional new automobiles, you'll agree that never before has anything on the highway sold new so beautifully . . . or Cadillac as well.

Little Hope Seen for Conference

BUENOS AIRES, Argentina (AP) — Diplomats in Buenos Aires say most of the American governments realize the proposed conference of the hemisphere's presidents promises to achieve little. But it's one thing to say it, it's quite another to do it, and nobody wants to be the first to kill it.

The presidential conference was first proposed last May by Argentine President Arturo Illia. The proposal gained momentum when President Johnson endorsed it a few weeks later. Then Illia was overthrown by the Argentine military, and Gen. Juan Carlos Onganía replaced him.

Thus far there has been little agreement on time, place or agenda for the conference. Buenos Aires; Punta Del Este, Uruguay; Lima, Peru; and San Jose, Costa Rica, all have been suggested sites. The current word is Mexico City next March.

There is general agreement that the conference will be held with top-level economic matters to give a push to lagging plans for Latin-American development and economic integration.

The United States reportedly has proposed two subjects: "The Role of the United States in the Hemisphere" and "The Role of the Hemisphere in the World." The latter is considered a move to maintain U.S. military aid to combat Latin republics.

Several nations have already agreed to attend. The summit gathering, diplomats said here, because they feel the summit will do little more than satisfy the desire for a meeting, but foreign ministers approve earlier.

Ex-Wendell Woman Dies In Oregon

WENDELL — Mrs. Leah Heath, 55, former Wendell resident, died Tuesday morning at Klamath Falls, Ore.

She was born Dec. 9, 1911, at Cathlamet, Wash., moving to Wendell with her parents. She married to Nick Heath in 1931 at Myrtle Creek, Ore. She was a member of the Seventh-day Adventist Church.

Annual Legislative Event Set by Mental Health Unit

GOODING — T. Russell Mager, Pocatello, will be the speaker at the annual legislative dinner of the Gooding County Mental Health Association.

The no-host dinner will be held at the Lincoln Inn Cafe at 7 p.m. Oct. 13. Purpose of the dinner is to acquaint legislators and citizens with the needs and costs in the area of prevention and treatment of mental illness.

Mager is well-qualified to treat this subject, local officers say, since he served as the director of the Mental Health Center serving Latah and Nez Perce counties. He has his MSW degree from the University of Buffalo School of Social Work. After his graduation he worked one year as a psychiatric social worker in the New York State Child Guidance Clinic.

Mager was employed four years on the Neuropsychiatric Service in the Veterans' Administration Hospital of Buffalo. In 1953, he moved to Kennewick, Wash., where he helped pioneer a new state program as supervisor of the Washington State Mental Health Institute.

Four years later he went to State Hospital North at Orem, as chief social worker, again starting a new program. One

Catholics Slate Peace Prayers

HARLEY — Rev. Francis DeNardis, pastor of St. Charles Catholic Church here and Our Lady of the Snows Church in Ketchum, invites everyone to participate in the October Rotary to be held daily at 7:30 p.m. at the two churches.

Father DeNardis said the program of prayer will include the rosary and the Litany of the Holy Name, and is being done in accordance with the wishes of Pope Paul VI's plea for prayer that peace may be established in the world and especially in Southeast Asia.

In 1957 he went to Lewiston to start the Latah-Nez Perce County Mental Health Center. This year he moved to Pocatello where he is assistant professor of sociology at the Idaho State University. His employment at the university is to help initiate the undergraduate concentration within the Department of Sociology in social welfare.

Military Victory Not Felt Likely

NEW YORK (AP) — French Foreign Minister Maurice Couve de Murville reportedly told President Johnson that North Viet Nam no longer feels it can win a military victory in South Viet Nam, the New York Times said today.

But the French diplomat also was said to have told the President at their meeting Tuesday that the Hanoi regime is in no mood to negotiate a cease-fire, the Times reported.

Indicating that its information came from close associates of the French foreign minister, the Times dispatch from Washington reported de Murville explained that Hanoi believes it can keep its troops fighting indefinitely in South Viet Nam and also thinks published U.S. terms for a cease-fire are not clear.

The French diplomat reportedly feels only some dramatic American gesture can convince Hanoi to accept peace terms.

The French consider published American statements are deliberately unclear on how, when and under what conditions U.S. forces might be withdrawn from Viet Nam.

The French, for example, want to know if U.S. Ambassador Arthur J. Goldberg's statement on Sept. 22 calling for a phased withdrawal of "all external forces" means only North Vietnamese army regulars or does it also include the thousands of southern-born Vietnamese who have crossed into the south in recent years and are fighting with the Viet Cong.

Officers Trained

WILLIAMS AIR FORCE BASE, Ariz. (AP) — Thirty-three South Vietnamese air force officers have arrived in Arizona for six months of pilot training in F5 jets. The new, 1,200-mile-an-hour fighters are capable of operating from short jungle air strips.

Moderate Buddhists Mend Feud With Military Regime

SAIGON, South Viet. Nam (AP) — Moderate Buddhist leaders are patching up the bitter feud with South Viet Nam's military regime caused by the radical Buddhists. The militant Buddhists spread turmoil in Saigon and cities in the northern part of South Viet Nam six months ago. The government cracked down, and Buddhist leaders now are divided and isolated. Monks and laymen arrested during the government riots in May and June are trickling out of jail, let go in an apparent conciliatory move by the government. Eleven were freed over the weekend. More than 1,000 were rounded up during the rioting. Sources say several hundred hard-core militant Buddhists and their followers remain in prison. They have not been charged.

U.S. Pledges Aid To Thailand

BANGKOK, Thailand (AP) — The United States gave Thailand three small naval vessels Tuesday and renewed pledges to help Thailand in repelling Communist aggression. A patrol gunboat, landing ship support, barge and a minesweeper were handed over by U.S. Ambassador Graham Martin to the royal Thai navy commander-in-chief, Adm. Charon Chulamongkorn, in Bangkok.

Insurance Firm Names T.F. Manager

K. Gaylord Erickson has been appointed as a T.F. agency manager in Twin Falls for the newly formed Mutual of New York Intercontinental Agency. He will maintain a branch office at 1245 Lynwood Mall.

The Intercontinental Agency was formed by the merger of the company's Boise and Missoula, Mont., agency territories. The new agency is the largest MONY agency territory in the continental United States, covering an area of 505 miles in length and 540 miles wide. It will include nearly a million people in 61 counties—33 in Idaho, 18 in Montana, six in Oregon and two in Nevada.

The Intercontinental Agency will be managed by J. Richard Clarke, with headquarters in the MONY building in Boise. Erickson and four other assistant managers will help administer the agency's manpower, recruiting and financial training programs leading to careers as professional life insurance specialists.

Five Twin Falls residents already have advanced to high management positions in the company through MONY recruiting and training programs. These include an agency manager, three assistant agency managers and a management training assistant assigned to the company's home office in New York. Erickson, a graduate of Brigham Young University, Erickson joined MONY in 1961 as a field underwriter in Boise. He qualified for company sales status, earning a license, ranging in age from 6 to 10 years representing the top 25 per cent.

K. GAYLORD ERICKSON has been appointed assistant agency manager of Twin Falls of the newly formed Mutual of New York Intercontinental Agency. Headquarters of the agency is in Boise and it was formed by merging the company's Boise and Missoula agency territories.

Bank Insurance Provision OK'd

WASHINGTON (AP) — Government insurance would cover bank savings and loan accounts up to \$20,000, instead of \$10,000 as at present, under a measure approved by the House and sent to the Senate. The House voted Tuesday to include such a provision in a bank regulation bill already passed by the Senate.

The company's 3,800 man field force. The Ericksons have four children, ranging in age from 6 to 10 years representing the top 25 per cent.

Utah Unit Works For Liquor Vote

SALT LAKE CITY (AP) — A group calling itself the "Liquor on the Ballot Committee," or "LOB 68," has decided to ask political candidates to take a stand on allowing a statewide vote on liquor by the drink.

About 100 attended a meeting Tuesday night and decided to hold other meetings Oct. 18 and Nov. 1, with political candidates invited to appear.

The group's organizer is a local radio announcer, Joe Redburn. It's avowed purpose is to work toward getting Utah voters a chance to vote in 1968 on allowing liquor by the drink, probably on a county option basis.

Latin, Spanish Clubs Have Vote

HALLE Y — The Latin and Spanish Clubs of Wood River High School have elected officers for the year.

The Latin Club elected Joe Daily president and Vicki Rainey secretary-treasurer. The Spanish club officers elected were Mike McGraw, president; Linda Dunn, secretary-treasurer; and Jane McPherson, program chairman. Mrs. Marjorie Jensen, their instructor, is adviser.

NOW CARS

The NOW Cars. More than just "new" cars. The NOW Cars are designed from scratch for today's driving by today's drivers. They are cars on top of today from a company on top of today: The 1967 American Motors. 1967 is the year we've been planning for, pointing toward. The year we bring you cars full of today's spirit, bursting with today's ideas. Cars with more room, more power, more safety—cars more exciting than any we've ever built!

Engines for Now. Three sizes that go like eights—and four V-8s that weren't here a year ago. The most modern engines in the industry, from an acceleration champ Six to the 343 cu. in. 4-bbl. Typhoon V-8.

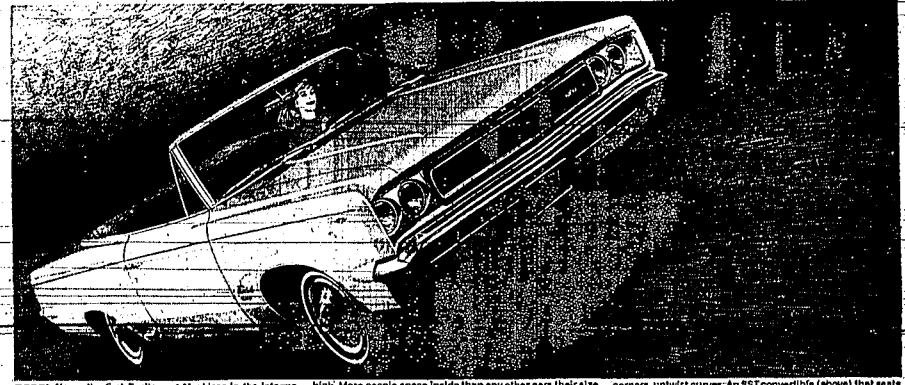

Innovations for Now. Convertibles that are true six-seaters. Wink lights visible from the side; rally lights that herald your approach, a road-smoothing 4-link rear suspension—the first time ever with a single unit body.

Safety for Now. Every 1967 American Motors car includes: long-awaited energy-absorbing steering column and deep-dish wheel; warning signal light to monitor both brake line systems; shoulder belt anchors; and the Double-Safety braking system we made standard five years before the rest of the industry. All built into solid, single-unit bodies.

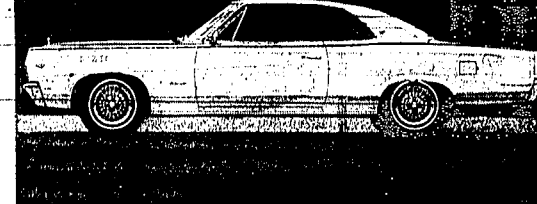

Quality for Now. Our past is one of quality. Quality built in—like the Deep-Dip rustproofing and Ceramic-Armored exhaust systems pioneered by American Motors. And when quality is built in, the value stays in.

See your American Motors/Rambler Dealer today. He's the only NOW Car dealer in town.

And now—this great new warranty. In addition to 2-year or 50,000-mile warranty, 24,000-mile warranty on the engine block, head, oil pan, timing cover, transmission case and internal parts (except manual clutch), torque converter, drive shaft, universal joints, rear axle, differential and rear wheel bearings of its 1967 cars be free from defects in material or workmanship for 5 years or 50,000 miles, whichever comes first. The owner must change the engine oil and install new oil filter every six (6) months or 4,000 miles, whichever comes first, clean oil filter and (if needed) top oil and carboxyl air cleaner element every 4,000 miles and replace it every 24,000 miles and furnish evidence of this service to an Authorized American Motors Dealer every six (6) months and have him certify its receipt and the car's mileage. Further, American Motors Corporation so warrants the remainder of the car for 2 years or 24,000 miles, whichever comes first, except tires (warranted by the manufacturer). Any part defective will be repaired or replaced, in accordance with the applicable portion of the warranty, without charge at an Authorized American Motors Dealer. Owner is responsible for deterioration, misuse and normal maintenance. **Quality built in—so the value stays in.**

REBEL Now—the first Excitement Machines in the intermediate class for Now that never existed before! A choice of five engines, topped by a 343 cu. in. Typhoon V-8. A 114" wheelbase. Excellent at the 107" long, 78" wide, 54" high. More people space inside than any other cars their size. A wide road stance and 4-link rear suspension to give down corners, untwist curves. An SST convertible (above) that seats 3 in back comfortably. Rebel: SST hardtop and SST convertible: 770 hardtop, sedan, wagon, 650 sedan, wagon.

AMBASSADOR Now—full-size luxury cars created for today, priced for the young man who wants his luxury car right now. 118" wheelbase. Interiors now as spacious as the most expensive full-size cars. ADPL convertible with room for 3 in the rear. Choice of 5 engines, silent engines to command. Your choice of Ambassador DPL hardtop (above) and DPL convertible: 990 hardtop, sedan, wagon, 880 sedan and wagon.

RAMBLER AMERICAN Now—Typical of a thrifty car to the low-priced economy change. Two Typhoon V-8s three big 6's. America's only complete line of compacts: floater hardtop (above), convertible; 440 sedan, hardtop, wagon; 220 sedan, wagon.

Today's Market and Financial Report

Stocks

NEW YORK (AP)—The stock market closed lower today with some of the glamor stocks taking sharp losses. Trading was active.

Xerox was off about 13 points in late dealings as rumors of price cuts in the copier field were bandied about Wall Street.

KLM Airlines lost half a dozen shares in the United States as it was down about 5 and Polaroid 6.

A report of a cut down in U.S. bombing operations in Viet Nam was said by analysts to have a bullish effect, temporarily, but other news reports about Viet Nam were so conflicting that the stock market community wallowed in uncertainty.

Stocks were a bit higher on balance at the start but trended backward amid the prevailing lack of conviction. By 3 p.m. Dow industrials were down 2.89 to 780.39.

Volume for the day was estimated at 6.5 million shares compared with 8.2 million Tuesday.

Uncertainty was produced in the trading by conflicting reports about the state of hostilities in Viet Nam. One Canadian report said United States bombing operations in the eastern sector of the demilitarized zone between North and South Viet Nam had come to a halt, lending hope for a general parley.

Aerospace defense stocks, electronics and other stocks weakened.

Down about 4 points were Xerox and American South. Health investment of about 2 were Pan American, Sulphur, Chicago and North Western and Helicopters. Telephone preferred dropped 4 and the preferred more than 2.

Down over 2 points were stock of United Aircraft, Anconada, Du Pont, Schering and U.S. Gypsum.

Prices declined in fairly active trading on the American Stock Exchange.

Lions Lead Poll Fourth Week in Row; Twin Falls Moves Into Fifth Place

With the 1966 Idaho prep grid campaign hitting the midway point this weekend, a natural comes-up-at-Pocatello-Friday-when-the-top-ranked team, the Southern Idaho Conference clash. For the fourth week in a row the Lions nailed down top Press poll with 13 out of 17 first place votes and a total

Yale Back Compared To Fictional Hero

NEW HAVEN, Conn. (AP) — Brian Dowling is much obliged that they're referring to him as Yale's new Frank Merriwell, but who was Frank Merriwell? "I never heard of Merriwell until I came here and I still haven't seen any of the books about him," says the sensational all-around sophomore athlete.

"Merriwell was supposed to be quite a guy who pulled off miracles. He'd hit a home run in the ninth to win a baseball game, then he'd rush over to the courts to win a tennis match. He'd follow this up with a 300 game in bowling." Dowling is a little embarrassed that he is being compared to the fictional sports hero who came out of the head of dime-paper-back novelist William Gilbert Paten during the early part of the century.

Here at Yale, there are many who predict that the good-looking, 6-foot-2, 195-pound youngster from Cleveland may become the most celebrated athlete in the Yale history. Frank Merriwell and his brother, Dick, of course excepted.

Brian is quarterback on the football team, a polished signal caller who accounted for 1,200 yards and led the Yale freshmen last year. He averaged more than 24 points with the basketball team, can play every position in baseball and is varsity material in both tennis and golf.

He is a three-sport star at Ignatius High School in Cleveland where he was sought by more than 100 colleges, including every Big Ten team and even Notre Dame, UCLA, Southern California, Georgia Tech and Vanderbilt, among others.

"My main aim in going to college is to get an education for a future career," Dowling explained. "Some influential men in our town recommended Yale. So Yale it was."

The elder Dowling knew he was going to die but had hoped to see his son play this season. "Saturday" he was so ill he did not even listen to the radio broadcast of the Rutgers game.

MAKE TRADE — KANSAS CITY (AP) — The Kansas City Chiefs, hurt by injuries, made several unsuccessful efforts to trade for a center back Monday, but obtained the back-kicker Mike Mercer from Buffalo for a No. 5 draft choice.

Vandal Film

Phil of the University of Idaho's 28-7 decision over University of Pacific game last Saturday will be shown at 8 p.m. Thursday in the Vandal Room at the Roger-Morrison Inn.

Programs and posters of the club will be passed out, not Vandal Booster. Idaho athletic business manager John Thomas and Bob Maker, athletic publisher, also are expected to be on hand.

Everyone, regardless of school leaning, is invited. Hank Woodall.

Kelly Takes Over as NFL Rush Leader

By The Associated Press

Leroy Kelly may not be a movie star like Jimmy Brown, but Kelly is putting on a line show for the Cleveland Browns of the National Football League.

The 205-pound halfback, who replaced the retired Brown in the Cleveland backfield, has replaced Brown as the NFL rushing leader.

The three-year pro from Moraga State College in California has scored and bulled for 352 yards and five touchdowns on 66 carries.

He also has taken over another familiar Brown role — Associated Press Offensive Back of the Week in the NFL. Kelly ran for 135 yards last Sunday in Cleveland's 28-7 victory over the New York Giants.

He scored one time from three yards out, set up a second TD with a 14-yard burst and gained another 48 yards on two kickoff returns.

"I don't try to think about replacing Jimmy Brown," says Kelly, 24, an eighth-round draft pick. "When I was sitting on the bench two years, I used to compare myself to the backs that were starting around the league and I knew I was as good as most of them."

I just want to be one of the best backs in the league, not a superstar like Jim Brown was."

Adcock to Emphasize Discipline

LOS ANGELES (AP) — Baseball's newest manager, big Joe Adcock, already has given notice to the Cleveland Indians: He plans to be tough.

"I'll be emphasizing discipline next season. I don't want to win any popularity contest. I'm going to demand the respect of the players. With me, baseball is a 24-hour-a-day proposition," Adcock said.

Adcock was signed Monday as Indians' manager at an undisclosed salary. His two-year contract allows him to select his own coaches.

Last Sunday Adcock, 38, finished his first season playing in the majors. He has spent the last three years as a first baseman for the California Angels.

Adcock, who played in the majors before in 1963 — when he played in 97 games — mainly as a pinch hitter. He spent three years in Cleveland and 10 years with the old Milwaukee Braves.

Adcock succeeds Bille Tibbitts, who quit the Indians last month.

Fishing Seasons; Rules to Be Set

BOISE (AP) — Fixing of the 1967 Idaho fishing season dates and rules will be the first item on the agenda for the State Fish and Game Commission's next meeting, beginning Oct. 27.

John R. Woodward, department director, said that although the general trout season ends Oct. 31 the 1966 regulations will continue in effect through Dec. 31.

There are many waters of the state, he said, which remain open for year-around fishing.

Alon Asks Giants To Be Traded

SANTO DOMINGO, Dominican Republic (AP) — San Antonio Spurs manager Alon said Tuesday he wants to be traded.

Alon, who makes his home here, said, "I would be an average of more than 200 with San Francisco, but I am sure I would be even better with any other club."

He battled 259 in 110 games in 1966.

Top 10 Teams, Headed by Spartans, Prepare for Tough Weekend Schedule

There's hardly an easy mark coming up for the nation's top 10 college football teams Saturday in a schedule highlighted by Michigan State-Michigan, Notre Dame-Army and Tennessee-Georgia Tech. The top-ranked Spartans meet the Wolverines at home, Michigan lost to North Carolina last weekend, but was impressive in its first two, defeating Oregon State 41-0 and California 17-7. Notre Dame, No. 3, faces the unbeaten Cadets at South Bend while Tennessee is at Georgia Tech in a game matching two ranking teams. The Volunteers are eighth and the Yellow Jackets ninth.

Smith Plans Tiger Coach, Player Shifts

DETROIT (AP) — Two more coaches and a possible trade of two were Mayo Smith's primary targets today as he prepared to watch the World Series in his new role as manager of the Detroit Tigers.

Smith, who signed a two-year contract Monday, immediately named Tony Caccioppo his third-base coach. Caccioppo, who managed at Philadelphia and Cincinnati in the late 1950s, said he felt the Tigers had "to get the pitching coordinated" and said he would do everything possible to make the pitching better.

Vice President and General Manager James A. Campbell announced Smith's appointment to the estimated \$25,000-\$30,000 a year job.

Coach Frank Skiff managed the team from July 14 to the close of the season. Skiff took over the team when Bob Swift, another coach, was hospitalized with lung cancer shortly after the All-Star Game. Swift remains in critical condition at a Detroit hospital. He managed the team in May when the late Charlie Dressen suffered a heart attack. Dressen died Aug. 10.

Lions Report Looney Fine

DETROIT (AP) — The Detroit Lions said Monday that fullback Joe Don Looney, who had been fined the equivalent of two games' salary before being traded to the Washington Redskins, "Looney was suspended" for his refusal to return to the field in the Sept. 25th game against the Atlanta Falcons. Looney said he was injured.

As a suspended player, Looney missed the Detroit Green Bay game Sunday and another paycheck.

Moore Named As College Back of Week

By The Associated Press

At the University of Washington, they think Don Moore soon will make everybody forget about Mike Garrett. But all Woody Hayes wants to forget about is Don Moore.

The Huskies' halfback, who gained 221 yards in 30 carries as Washington pounded Ohio State 38-22 last Saturday, is the Associated Press college football Back of the Week.

Ever since the season began, the Washington partisans have been saying that Moore is the rightful heir to Garrett of Southern California, the Heisman Trophy winner and premier back in college football last year.

"I expect they're right," said Hayes, the Ohio State coach after the game. His club had been two touchdowns favored before the game.

Moore, a 5-foot-8, 212-pound junior from Tacoma, Wash., was a little dazed by it all.

"Unbelievable," he grinned in the jubilant-Huskie locker room. "It feels nice, real nice."

Stuart Rallies, Upsets Gooding

Robert Stuart freshmen came out of nowhere with two touchdowns in the last six minutes of the decisive one on a nifty reception by Rick Frantz — and upset Gooding Jayvees 13-12 Tuesday night.

Gooding boomed into a 129 lead in the first 15 minutes of play and dominated until Randy Lamkins squatted loose 67 yards up the middle. A Gooding fumble at the 30-yard line set the 83 stage for Kenny Bliske's touchdown pass to Frantz.

Lankas Given Lineman of Week Honors

By The Associated Press

Playing for a consistent loser must be discouraging but not to Kansas State linebacker Danny Lankas, who is happy just to be able to play football. Once a doctor predicted that because of an ankle injury he would never play again.

For his brilliant and fiery effort in a losing cause against Colorado last Saturday, the 6-foot, 211-pound junior from Alwood, Kan., was named Lineman of the Week by The Associated Press.

"Lankas had a hand in stopping 27 of 58 Buffalo plays in Kansas State's 13th defeat, its 14th consecutive loss.

The aggressive Wildcat made eight unassisted tackles, assisted on 17 more; intercepted a pass on his own five and returned it 15 yards and battered down another pass on the K-State 30.

Twice he saved a touchdown by stopping Wilmer Cooks, Colorado's big fullback, for no gain a yard from the goal.

Lankas suffered a broken ankle and a torn ligament of the ankle in his junior year in high school. He played only one game as a senior.

"One doctor predicted I'd never play football again," said Lankas. He played five different positions in his sophomore year when Kansas State lost all 10 of its games.

Come Again?

SEATTLE, Wash. (AP) — Veteran fight manager Jack Hurley said Monday that heavyweight champion Cassius Clay "can't fight at all and the public will have proof of this."

"Eventually, Clay must fight Ernie Terrell and the people will realize this guy Clay can't fight a lick," Hurley told Puget Sound sports writers and sports-casters.

"Clay is scared to death. If he ever gets cut that will be the end of it. He'll look in the mirror to see if that pretty face is marred, then he'll hang it up."

Practice Is Under Way in Golf Tourney

VIRGINIA WATER, England (AP) — Arnold Palmer shot a six-under-par 65 in practice Tuesday for the World Match Play Golf Tournament and complained that his left shoulder still gives him trouble.

Palmer, of Latrobe, Pa., missed Roberto de Vicenzo of Argentina in the first round of the tournament, worth \$44,000, opening Thursday.

Jack Nicklaus, reigning British Open champion from Columbus, Ohio, shot a relaxed round and came off the last green saying, "Count my score as anything between 65 and 70. I played so many balls it was impossible to keep an accurate record."

Nicklaus is the 52 favorite to win the first prize of \$44,000. Palmer is second choice at 7-2, followed by Billy Casper of San Diego, Calif., at 4-1.

Vandals Start Preparation For Bengals

MOSCOW, Idaho (AP) — The Idaho Vandals were put through a rigorous two-hour practice session Tuesday as Coach Steve Musseau began earnest preparation for Saturday's football game with Idaho State in Pocatello.

In part, Musseau concentrated on Idaho's defense.

"Our boys did a fine job today," he said after the session. "I think Strickland and Nelson are going to give the Bengal-receivers trouble."

Musseau was referring to halfbacks Byron Strickland and Dick Nelson.

But shortly after his words of praise, Musseau announced he had learned Nelson had been lost to the Vandals for at least three weeks with infectious mononucleosis.

"Well, he's lucky to have Nicklaus back at all, but the doctors caught the disease at its earliest stages so there's a chance," he said.

Also, Musseau announced that Ray Miller, 265-pound defensive end, aggravated an old knee injury in last weekend's game and in a sad wreck.

"It's doubtful we'll have Miller for the Saturday game," he said.

Nevertheless, Musseau holds hope for the Idaho State game.

Bauer Thrust Into Job And Has Made Best of It

BALTIMORE (AP) — Hank Bauer was thrust into the role of baseball manager unexpectedly, but he can hardly be described as holding down the wrong job. The 44-year-old slippier of the American League champion Baltimore Orioles is a leader of men who keeps the players' respect. And his knowledge of the game's technical aspects improves every year.

West Texas Is No. 1 in Pass Offense

NEW YORK (AP) — Unbeaten West Texas State and Harvard each hold the lead in two categories in the major college football statistics released Tuesday.

West Texas State is No. 1 in total offense with a 473-yard average and in passing offense with a 301.3 yard mark. Harvard leads in rushing offense with a 301.5 and scoring with an average of 37.5 points over two games.

The figures compiled by the NCAA Service Bureau also show that Southern Mississippi has the best total-defense record, having limited opponents to 87 yards a game.

The other team leaders are Utah in rushing defense with 26.0, South Carolina in pass defense with an average of only 33 yards a game and Stanford in punting with a 45.9 mark for seven punts.

But when Charley Finley fired Joe Gordon, he asked me if I wanted the job. I took it right away, and thought later about how tough it was."

"People who think I'm rough just don't know me."

Bauer certainly gave 100 percent during his playing career, being noted as one of the great hustlers of the game. With the New York Yankees, he played in nine World Series.

In the middle of the 1961 season, Bauer suddenly was given an opportunity to manage the Kansas City Athletics.

"I never thought much about managing," he said. "I thought I'd probably finish my baseball career as a coach."

But when Charley Finley fired Joe Gordon, he asked me if I wanted the job. I took it right away, and thought later about how tough it was."

SPECIAL LIMITED ENROLLMENT! EXPIRES MIDNIGHT, NOVEMBER 6, 1966

Now...for people of all ages and families of all sizes—

Board of doctors announces a remarkable new **extra cash hospital plan**—expense-free, tax-free extra cash paid direct to you over and above any other insurance or Medicare—and, regardless of your age or size of your family, you can enroll for only \$1.00!

FOR THE VERY FIRST TIME, HERE IS A PLAN THAT ACTUALLY PAYS YOU: ■ extra cash for sicknesses ■ extra cash for accidents ■ extra cash for maternity ■ increased extra cash for cancer, heart attack or stroke ■ extra cash doubled when husband and wife are both injured ■ all in addition to any other insurance or Medicare!

Now, during this Limited Enrollment Period, you can enroll yourself and all eligible members of your family with no red tape and without any qualifications whatsoever—but you must mail your Enrollment no later than **Midnight, November 6, 1966!**

Think of it. Now, simply by the stroke of your pen, you may enjoy the expense-free, tax-free protection of The Doctors Hospital Plan—the new "bonus" plan that pays extra cash direct to you when a sudden accident or an unexpected sickness hospitalizes you or a covered member of your family! And you may enroll during this Limited Enrollment Period—without having to see a company representative and without any red tape whatsoever!

Why You Need The Doctors Hospital Plan In Addition To Ordinary Hospital Insurance

The unique Doctors Hospital Plan was created by Physicians Mutual Insurance Company, an insurance company run by doctors. It has specialized in health and accident protection for physicians, surgeons and dentists exclusively for more than 64 years. Now this fine old "doctors company" has created this remarkable new, tax-free extra cash plan and at a cost substantially less than you might expect!

Doctors know that ordinary hospital insurance—even Medicare—simply will not cover everything. Actually, even if your ordinary hospital insurance covers all your medical and hospital bills, what about all your other expenses—the bills that keep piling up at home—the tremendous and costly impact to your budget, your reserves, and your family life? Consider for a moment:

"If you, or husband, father and breadwinner, are suddenly hospitalized, your income stops, your expenses go up. Even if you have some kind of 'salary insurance' it probably won't come close to replacing your full-time pay. Where will the money come from for the rent or mortgage? For food, and daily transportation and the other bills that keep coming in while you're hospitalized?"

"If your wife is suddenly hospitalized, who will look after the family, do the laundry, the marketing, the cleaning? You may have to take time off your job—or hire full-time domestic help—to take care of things at home."

"If one of your children is suddenly hospitalized, you will certainly spare no expense. As a parent, you wouldn't even think of the cost."

"If you're over 65 and are suddenly hospitalized, Medicare, fine as it is, won't pay all of your hospital expenses or any household expenses. Most senior citizens want to use up savings if they may have taken a lifetime to accumulate...they want to retain their independence and not become a 'burden' to their children or community."

Without "extra cash" protection, a hospital emergency may leave you with savings gone, debts you can't pay, peace of mind shattered—and even recovery can be seriously delayed!

Now, thanks to the valuable new plan created by a board of doctors, you can stop worrying!

How The Plan Protects You And Your Family

Now, with the unique "extra cash" protection of The Doctors Hospital Plan, you can avoid these worries—because you can be assured of extra cash income when you or any covered member of your family goes to the hospital. No matter how large your family, no matter what your age or occupation, and without any qualifications whatsoever, you can choose any of four low-cost plans, specially tailored to suit your family's needs.

CHOOSE THE PLAN THAT SUITS YOU BEST—You can enroll for only \$1.00!

\$10,000 MAXIMUM—ALL-FAMILY PLAN: \$100 a week (\$14.28 a day) extra cash for you, \$75 weekly (\$10.71 daily) for your wife, \$50 weekly (\$7.14 daily) for each of your eligible children.

\$7,500 MAXIMUM—ONE-PARENT FAMILY PLAN: \$100 a week (\$14.28 a day) extra cash for you, \$50 weekly (\$7.14 daily) for each of your eligible children.

\$7,500 MAXIMUM—HUSBAND-WIFE PLAN: \$100 a week (\$14.28 a day) extra cash income for you, \$75 weekly (\$10.71 daily) for your wife.

\$5,000 MAXIMUM—INDIVIDUAL PLAN: \$100 a week (\$14.28 a day) extra cash for you.

If you are a young, growing family, we recommend the All-Family Plan. You and your wife are covered for all new sicknesses and accidents (including maternity benefits), after your policy has been in force for 10 months. And all your children (including future additions) between 3 months of age and under 21 are included at no extra cost as long as they are unmarried and live at home.

If you are the only parent living with your children, we suggest the One-Parent Family Plan. This covers you and all unmarried children living at home between 3 months of age and under 21. Under this plan, of course, future additions are not included. No maternity benefit is provided in the One-Parent Family Plan.

If you have no children, or if your children are grown and no longer dependent on you, you will want the Husband-Wife Plan. If you are living by yourself, choose the Individual Plan.

On all plans, your "extra cash" benefits are paid from the very first day you enter the hospital, for as long—and for as many times—as you are hospitalized, right up to the maximum (Aggregate of Benefits) of the plan you select.

SPECIAL EXTRA BENEFITS!

Which ever plan you choose, you get:

30% INCREASE IN YOUR CASH BENEFITS: If you or any member of your family is hospitalized for cancer (including Leukemia, Hodgkin's Disease, heart attack, acute myocardial infarction, coronary thrombosis and coronary occlusion), or stroke (apoplexy).

DOUBLE CASH BENEFITS: If both you and your wife are injured and hospitalized at the same time! You get twice the amount—\$350 A WEEK!

Important: Here is another real "plus"—if you have been told that anyone in your family is "uninsurable"! Even if one of your covered family members has suffered from chronic ailments in the past—ailments that come back again and again, or are likely to recur—you will be covered for these pre-existing conditions after your policy has been in force for two years!

Naturally, The Doctors Hospital Plan will cover any new sickness or accident. Accidents are covered immediately. After your policy is 30 days old, you are covered for sicknesses which begin thereafter. There are only these minimum necessary exceptions: pregnancy or any consequence thereof, unless you have the All-Family Plan which covers maternity after the policy is in force for 10 months; war, military service, nervous or mental disease or disorder, alcoholism or drug addiction, or if something happens "on the job" and is covered by Workmen's Compensation or Employer's Liability Laws. You are free to go to any hospital of your own choice that makes a charge for room and board, with these exceptions only: nursing homes, convalescent or self-care units of hospitals, Federal hospitals, or hospitals primarily for treatment of tuberculosis, alcoholism, drug addiction, or nervous or mental disorder.

In addition to the extra cash hospital benefits, you get all these valuable "extra" features:

Every Month More Money Is "Deposited" To Your "Health Bank Account"

Here's a wonderful "bonus," no matter which plan you choose—almost like having an "Auto Bank Account." When your policy is issued, your insurance provides up to \$10,000, \$7,500, or \$5,000—depending upon the plan you choose. This is your "Health Bank Account." Then, every month your policy is in force, a sum equal to your regular monthly premium (including your first month's premium) is actually added to your maximum. When you have claims, benefits are "withdrawn" from your "account!"

"withdrawn" from your "account!" It's much like making money in and taking it out of a bank account. Enjoy Peace Of Mind And Security

For as long as you live—and continue to pay your premiums, we will never cancel or refuse to renew your policy for health reasons—and we guarantee that we will never cancel, modify or terminate your policy unless we decline renewal on all policies of this type in your entire state or until the maximum (Aggregate of Benefits) of your policy has been paid.

You Get Paid In Addition To Your Other Insurance Or Medicare!

Yes, The Doctors Hospital Plan pays you in addition to any other company's health insurance you carry, whether individual or group—even Medicare! Furthermore, all your benefits are tax-free! In some cases, you may come out hundreds of dollars "ahead." Of course, you may have only one like policy with Physicians Mutual.

Surprisingly Low Cost

Membership in The Doctors Hospital Plan costs considerably less than you might expect. You pay only \$1.00 for your first month's coverage (regardless of your plan), then only \$3.95 a month for the All-Family Plan; only \$3.55 a month for the One-Parent Family Plan; only \$3.55 for the Husband-Wife Plan; and the Individual Plan costs only \$3.00. (When you become 65—or if you are over 65 now—Special Citizen rates apply. See the modest extra charge in the box following.) And remember, regardless of age, size of family or the plan you select, you get your first month for only \$1.00!

SPECIAL NOTE IF YOU ARE OVER 65

Even though Medicare will pay most of your hospital expenses it will not cover all of your needs. During this limited enrollment, you can get the extra cash protection you need during the high-risk senior years without any qualifications just by using the form below.

It's a fact that people over 65 are greater risks. They go to hospitals more often and have larger hospital bills than any other age group. That's exactly why senior citizens need extra cash protection! And that's why some hospital plans won't accept them or charge rates beyond their means. But The Doctors Hospital Plan not only accepts you regardless of age, it gives you easy-to-entire protection that is within your means. If you are over 65, now, or when you become 65, the following modest monthly increase applies. (This is the only increase that can ever be made as long as you continue your policy in force):

Male on All-Family or Husband-Wife Plan \$2.25
Female on One-Parent or Individual Plan 3.00
Male on any Plan 3.00

How Can A Plan Offer So Much For So Little?

The answer is simple: We have lower total sales volume. The Doctors Hospital Plan is a mass enrollment plan. All business is conducted directly between you and the company by mail. No salesmen or investigators are used. It all adds up to real savings we share with you by giving you high quality protection at low cost.

A Respected Company

As important as all the valuable benefits, the low cost and ease of enrollment is this vital fact: Your policy is backed by the resources, integrity and reputation of the Physicians Mutual Insurance Company, "the doctors company," specializing in health and accident protection, for physicians, surgeons and dentists, all across America for more than 64 years. Doctors' right in your own community know about us and may actually be insured by Physicians Mutual. (It is this fact that you have heard of Physicians Mutual. It's probably because this is one of the very few offerings it has made to the general public.) Serving hundreds of thousands of policyholders throughout the United States direct by mail, Physicians Mutual has its headquarters in Omaha, Nebraska, and is licensed and incorporated in that state. Its Board of Directors is composed entirely of respected members of the medical, dental and insurance professions.

Easy To Enroll—No Red Tape—No Salesman Will Call

If you enroll now, during this limited enrollment period there are no other qualifications other than to complete and mail the Enrollment Form below. We will issue you The Doctors Hospital Policy (Form 2304 Series) immediately—the same day we receive your Form. This automatically puts your policy in force. Along with your policy, you will receive a simple, easy-to-use Claim Form.

"When you receive your benefits, you can be sure that your claim will be handled promptly."

Why not take a moment right now to fill out your Enrollment Form and mail it with only \$1.00—the "introductory" cost for your first month's coverage.

Money-Back Guarantee

"When you receive your policy, you'll see that it is direct, honest and easy to understand. But if for any reason whatsoever you change your mind, you may return your policy within 10 days, and we will promptly refund your dollar."

Pleasant Note: Because this is a limited enrollment, we can only accept enrollments postmarked on or before the date shown on the form below. But please don't wait until that date! It is important that you act today! The sooner we receive your Form, the sooner The Doctors Hospital Plan will cover you. We cannot cover you if your policy is not in force!

19 Important Questions Answered

ABOUT THE NEW DOCTORS HOSPITAL PLAN

1. What is The Doctors Hospital Plan?
The Doctors Hospital Plan is a brand new, low-cost health protection plan that pays extra cash direct to you when you or a covered eligible member of your family is hospitalized.
2. Why do I need The Doctors Hospital Plan in addition to my regular insurance?
Probably your present hospital insurance won't cover all your hospital expenses, but even if it does, you will still need help to cover all your household expenses when you are hospitalized.
3. Can I collect even if I carry other health insurance?
Yes, The Doctors Hospital Plan pays you in addition to any health insurance you carry, whether individual or group—even in addition to Medicare! And all your benefits are tax-free (Of course, you may have only one like policy with Physicians Mutual).
4. Is there a lot of red tape to qualify?
None at all. Your only qualification is to complete and mail your Enrollment Form by the deadline date shown.
5. Which plan should I choose?
You may choose any of four low-cost plans—you can actually select the exact plan that suits you best! If you are a young, growing family, we recommend the All-Family Plan. You and your wife are covered for all new sicknesses and accidents. (Maternity benefits are included after your policy has been in force for 10 months.) All your children (including future additions) between 3 months of age and under 21 are included, at no extra cost, as long as they are unmarried and live at home. If you are the only parent living with your children, we suggest the One-Parent Family Plan. This covers you and all unmarried children living at home between 3 months of age and under 21. Under this plan, of course, future additions are not included. No maternity benefit is provided in the One-Parent Family Plan. If you have no children, or if your children are grown and no longer dependent on you, you will want the Husband-Wife Plan. If you are living by yourself, choose the Individual Plan.
6. If I become hospitalized, when do my benefits begin?
On all plans, your cash benefits are paid from the very first day you enter the hospital, for as long—and for as many times—as you are hospitalized, right up to the maximum (Aggregate of Benefits) of the plan you choose.
7. How much can I be paid?
Each plan has its own "Aggregate of Benefits" what we call "Health Bank Account." For example, under the ALL-FAMILY PLAN, the maximum is \$10,000—a \$100 a week (\$14.28 a day) extra cash for you; \$75 weekly (\$10.71 daily) for your wife; \$50 weekly (\$7.14 daily) for each of your eligible children. Under the ONE-PARENT PLAN, the maximum is \$7,500—a \$100 a week (\$14.28 daily) for you; \$50 weekly (\$7.14 daily) for each of your eligible children. Under the HUSBAND-WIFE PLAN, the maximum is \$7,500—a \$100 a week (\$14.28 daily) for you; \$75 weekly (\$10.71 daily) for your wife. Under the INDIVIDUAL PLAN, the maximum is \$5,000—a \$100 a week (\$14.28 daily) for you.
8. Are any additional benefits included in The Doctors Hospital Plan?
Yes, you receive a 30% increase in cash benefits if you are hospitalized for cancer (including Leukemia and Hodgkin's Disease), heart attack (acute myocardial infarction, coronary thrombosis and coronary occlusion), or stroke (apoplexy).
9. What are the "double" cash benefits?
If you and your wife are both injured and hospitalized at the same time and also covered by the ALL-FAMILY PLAN or the HUSBAND-WIFE PLAN, you get double cash benefits. You get twice the amount—\$350 A WEEK!
10. Does this plan pay in any hospital?
You will be covered in any hospital that makes a charge for room and board, except nursing homes, convalescent or self-care units of hospitals, Federal hospitals, or hospitals primarily for the treatment of tuberculosis, drug addiction, alcoholism, or nervous or mental disorder.
11. When does my policy go into force?
It becomes effective the very first day you receive your Enrollment Form. Accidents are covered on that date. After your policy is 30 days old, sicknesses which begin thereafter are covered. Under the ALL-FAMILY PLAN, pregnancy or any consequence thereof is also covered after your policy is 10 months old.
12. What if someone in my family has had a health problem that may occur again?
Even if one of your covered family members has suffered from chronic ailments in the past, pre-existing conditions are covered after the policy has been in force for two years.
13. What conditions aren't covered?
Only these minimum necessary exceptions: pregnancy or any consequence thereof, unless you have the ALL-FAMILY PLAN, war, military service, nervous or mental disease or disorder, alcoholism or drug addiction, or if something happens "on the job" and is covered by Workmen's Compensation or Employer's Liability Laws.
14. Can I drop out any time? Can you drop me?
We will never cancel or refuse to renew your policy for health reasons—for as long as you live and continue to pay your premiums. We guarantee that we will never cancel, modify or terminate your policy unless we decline renewal on all policies of this type in your entire state or until the maximum (Aggregate of Benefits) of your policy has been paid. You, of course, can drop your policy on any renewal date.
15. Why is The Doctors Hospital Plan almost like having an extra "bank account"?
When your policy is issued, your insurance provides up to \$10,000, \$7,500, or \$5,000—depending upon the plan you choose. This is your "Health Bank Account." Then, every month your policy is in force, a sum equal to your regular monthly premium (including your first month's premium) is actually added to your maximum. When you have claims, benefits are "withdrawn" from your "account!"
16. Will my claims be handled promptly?
Yes, with your policy, you will receive a simple, easy-to-use Claim Form. Your claims will be processed quickly and your checks sent directly to you.
17. Why are the premiums so low?
With The Doctors Hospital Plan, you actually get all these benefits—at a low cost—because this is a mass enrollment plan with no salesmen or agents. Our volume is higher and our sales costs are lower.
18. How much does my first month cost?
Only \$1.00, regardless of your age, the size of your family or the plan you select. After the first month, if you are under 65, you pay only \$3.95 a month; if you are 65 or over, you pay only \$4.25 a month for the ALL-FAMILY PLAN; only \$3.55 a month for the ONE-PARENT FAMILY PLAN; only \$3.55 a month for the HUSBAND-WIFE PLAN; only \$3.00 a month for the INDIVIDUAL PLAN. (When you are over 65, premiums increase. See modest increase in box above.)
19. Why should I enroll right now?
Because an unexpected sickness or accident could strike without warning—and you will not be covered if your policy is in force. Remember, if for any reason you change your mind, you may return your policy within 10 days and your \$1.00 will be refunded immediately.
