Inez Pelts Yucatan Peninsula

MERIDA, Mexico (AP)—Hurricane Inez pelted villages on the northern coast of the Yucatan Peninsula today with heavy winds, high tides and rain, then headed for the southwestern Gulf of Mexico, packing 125-mile-an-hour winds.

Properly damage in the port of Progreso, about 22 miles from Merida, was reported heavy.

Up to 100,000 people, however, there were no reports of deaths or serious injury.

In a noon advisory the New Orleans Weather Bureau said Inez was about 185 miles north of Merida, moving toward the west-southwest about 10 miles an hour.

"Inez is expected to move on a west-southwest course for the next 12 to 24 hours at a slower rate of speed," the advisory said. "Little change in size or intensity is expected."

About three-quarters of the 10,000 residents of Progreso were evacuated to Merida, Mexico. Some came to Merida from Progreso this morning reporting heavy damage in the port because of wave action on waterfront construction and because of wind and rain against the poorly built houses in some sections of the city, though the wind and rain had been lighter than expected.

Heavy rain started in Merida about 7 p.m. Thursday. There was some fear of flooding in lower sections of the Yucatan capital, but no serious damage has been reported here.

Inez came into the Yucatan Peninsula early today after 14 days of battering Caribbean and Bahama Islands and the coast of Yucatan.

Gov. Luis Torres Mejias pleaded for federal aid. Trucks, trains and a caravan of buses escorted refugees from Progreso.

Those who stayed sought shelter in the port's stronger buildings. On high ground, however, the steadily increasing winds kicked up high seas off the port.

Federal troops, sailors and Marines were sent to Merida to guard against looting.

Natural Gas Line Broken By Workers

About 20 minutes were required Thursday afternoon to plug a ruptured natural gas line and avert possible danger on Twin Falls' Main Avenue North.

The four-inch pipe was broken about 5:35 p.m. at the old Sawtooth station as a scoop-hauler dug into the earth as crews were clearing debris from the partially demolished brick structure.

City, county and state police quickly cordoned off the area, surrounding the old and new Sawtooth Stores and the Twin Falls Fire Department was called to stand-by.

The Department 11, Darrell Howard said, the department had to plug to stop the flow of gas, as stood by until later when the gas was cut off and plugged the leak.

"He said it was fortunate the fuel was natural gas, which quickly evaporates, instead of kerosene which is a flammable liquid form. He said no flames flared in the area, but quickly rose, alleviating a potential hazard by inhalation.

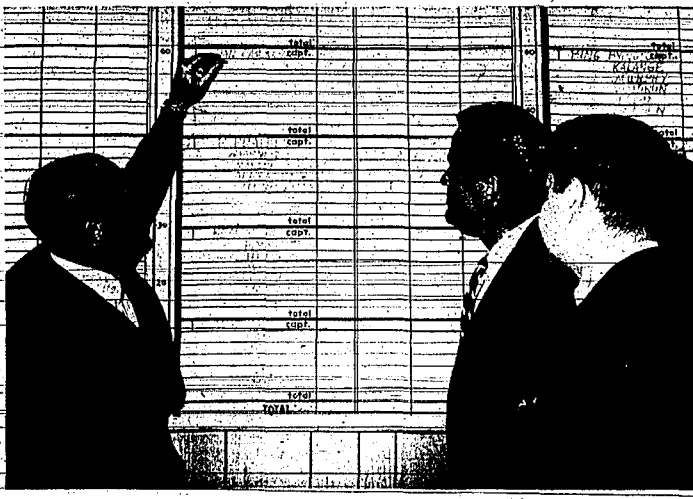

He said, however, a spark in an area where flames were heavily concentrated, city police said pressure of the escaping gas was so forceful that bricks which landed on the rupture as a wall tumbled over and straight into the air.

Subandrio Had Little Reaction To News of Coup

JAKARTA, Indonesia (AP)—A witness at the trial of former Foreign Minister Subandrio testified today that President Sukarno righted the scales after the attempt Communist coup last October lightly.

Subandrio is accused of having knowledge of the plot and of the Communist activities since 1955. He was sentenced to life in prison twice this week demanding Sukarno be brought to trial on similar charges.

BILL STALEMATED
WASHINGTON (AP)—The Senate-House conference on the \$175-billion anti-poverty bill failed to make any progress in resolving the party differences at their first session Friday.

LISTING WORKERS on a chart for the Twin Falls United Fund Drive is Dan Obenbach, left, team captain in the commercial division of the drive. Looking on are two United Fund workers, Frank Florence, center, and Allen Betz. More than 100 workers attended the United Fund's first report session Friday noon at the Rogerson Hotel Roundup Room. It was reported that the drive is about 52 per cent ahead of last year's drive at this time. (Times-News photo)

Utah Man Loses Life In One-Car Accident

NORLAND—A Utah farm laborer whose body was found at 3:40 p.m. Thursday in the wreckage of his car four and one-half miles east of here became Minidoka County's sixth traffic fatality for 1966. Sheriff Thorpe Johnson identified the victim as 28-year-old Franco M. Leyvas. Perry, Utah, Johnson said the wreckage was found by a railroad crew working near Norland, 12 miles north of Rupert. He said the victim had last been seen about 2 p.m. The Sheriff said Mr. Leyvas apparently lost control of his 1964 Chevrolet and went off the right side of the gravelled county road. He said the car traveled 720 feet along a ditch bank, struck a rock embankment and traveled another 50 feet.

The victim's body was still in the car, according to Johnson, who said Mr. Leyvas probably died from head injuries and severe lacerations about the throat.

The 1960 Magic Valley traffic death toll reached 28, the latest death, four behind last year's toll for the same date.

Mr. Leyvas was born Dec. 26, 1938, in Texas. In 1960, he was married in Layton and later separated from his wife, Mrs. Lapa Leyvas, who lives in Minidoka. Survivors include his widow, one son, Ricardo Leyvas, and one daughter, Silvia. He was both Minidoka and parent, Mr. and Mrs. Esteban Leyvas, of Pocatello, Ariz., and several brothers and sisters.

Funeral services are pending.

Education Board Okays CSI Bonds

POCATELLO (AP)—The State Board of Education approved today the sale of \$1 million in coupon bonds by the College of Southern Idaho Junior College District at Twin Falls.

The money will be used in the first phase of constructing a two-year junior college at Twin Falls. The \$1 million is part of a \$3 million bond issue approved by voters in the Junior college district at a special election May 10.

The board acted on several personnel changes for the University of Idaho and Idaho State University. More than 20 school districts were approved for ISU and about 60 were approved for the University of Idaho.

Vote Recorded

WASHINGTON (AP)—Here is the way Utah and Idaho voters voted on the \$10.4 billion federal aid bill for grade and high schools which the Senate passed Thursday night 54-19.

Republicans against: Jordan of Idaho.

Democrats for: Most of Utah.

Republicans against: Bennett of Utah.

Samuelson Reveals Disenchantment With Sales Tax in Kiwanis Club Talk

By O. A. (Gus) Koller

Don Samuelson's personal feelings toward Idaho's sales tax were made as much as the tax itself when he spoke to the Kiwanis Club Thursday night.

Samuelson, who has been in the political campaign for under way.

But there was a slight, but new, glimpse into the thinking of the Republican candidate for governor of Idaho as he spoke to members of the Twin Falls Kiwanis Club Thursday night.

That glimpse convinced many of the party faithful present that the candidate didn't really think

UF Is 52 Per Cent Ahead of Last Year

The Twin Falls United Fund Drive is about 52 per cent ahead of last year's drive, it was announced during the United Fund report session Friday noon at the Rogerson Hotel Roundup Room. Team captains noting 100 per cent contacts so far in the drive include Ronald Hamilton, Gordon Gray, Earl Morrison, Jack Sears, Earl Rickford, Emerson Sears and Norman White. These men were commended by Holland (Holly) Houtburg, master of ceremonies.

More than \$1,700 has been turned in by the General Drive part of the United Fund Drive, it was announced by Pat O'Connor, district director.

Guest speaker was Dr. Donald Keith, academic dean of the College of Southern Idaho. Dr. Keith stressed how important the United Fund is to the community in general.

He also told of the success of the College Division of the drive and how it made success.

Dr. Keith said \$207.50 was turned in from the faculty of the college, with 70 per cent of the employees contacted.

The next report session will be Oct. 14, O'Connor said.

The participating agencies of the United Fund are USO, Salvation Army, Red Cross, Artistic and Rheumatism Foundation, Camp Fire Girls, Boy Scouts, YMCA and the YWCA.

Home Front Politics Dominate Conference

WASHINGTON (AP)—President Johnson says it takes Congress just the way it is and thinks most candidates for re-election will win. But he says he has no plans to support any Democratic candidate for governor who is a segregationist.

Home front politics loomed large in Johnson's news conference Thursday—with the Nov. 8 election slightly more than a month away—even though the topic of the day was his planned trip to Asia later this month.

The President in an opening statement said he will meet in Manila with leaders of Asian countries "that are most directly helping the South Vietnamese to resist aggression and to build a free nation."

Later he outlined the itinerary for an arduous six-day tour of Australia, New Zealand, the Philippines, South Korea, Thailand and Malaysia which he and Mrs. Johnson will cover in 16 days.

With all the talk of far journeys the first question put to Johnson dealt with politics.

The President in an opening statement said he will meet in Manila with leaders of Asian countries "that are most directly helping the South Vietnamese to resist aggression and to build a free nation."

Human Error Caused Crash

WASHINGTON (AP)—The Civil Aeronautics Board blamed human error today for the Boeing 727 crash in which 58 persons were killed near Great River, Cincinnati, April last.

It said the probable cause was what it called failure of the plane's crew to monitor the altitude-measuring instrument during the approach to the airport at Covington, Ky.

"The board noted that a 727 had been involved in three other fatal accidents within a six-month period, on landing or on the start of a gradual approach to a landing—in Lake Michigan, Aug. 16, 1965, all killed; in Salt Lake City, Utah, Nov. 11, with 43 deaths and 49 survivors; and in Tokyo Bay, Feb. 4, when 133 were killed."

But it said that with regard to the Cincinnati crash, "the flight characteristics were not a factor."

At the same time the board stressed that because the 727 is highly responsive and versatile, these favorable qualities may be misleading to the pilot or greater liberties may be taken with that type of plane than with others, especially in normal approaches and landings.

Samuelson Reveals Disenchantment With Sales Tax in Kiwanis Club Talk

By O. A. (Gus) Koller

Don Samuelson's personal feelings toward Idaho's sales tax were made as much as the tax itself when he spoke to the Kiwanis Club Thursday night.

Samuelson, who has been in the political campaign for under way.

But there was a slight, but new, glimpse into the thinking of the Republican candidate for governor of Idaho as he spoke to members of the Twin Falls Kiwanis Club Thursday night.

That glimpse convinced many of the party faithful present that the candidate didn't really think

Smylie Considers Special Session to Study Tax Relief

POCATELLO (AP)—A special legislative session this month was under "serious consideration" today by Gov. Robert E. Smylie as a means of studying tax relief recommendations. Repeal of the state's tax on olumargarine and the sales tax on prescription drugs was recommended by a legislative Interim Tax Committee. Equity almost requires that this relief be enacted into law if we can afford it and it appears that we can," the governor claimed.

Smylie's suggestion for immediate relief was joined Thursday by a similar one from State Sen. Perry Swisher, running for the governor's office as an independent.

"The Interim Tax Committee," Swisher said in Idaho Falls, "has proved that our prosperity, created by tax reform, has provided enough cash flow to allow repeal of the oleo tax and the sales tax on prescription drugs."

"The gains were made in his (Smylie's) administration," Swisher said. "If we do not repeal these taxes now, the credit will mistakenly go to the new administration. If we do not repeal these taxes now, the credit will mistakenly go to the new administration. If we do not repeal these taxes now, the credit will mistakenly go to the new administration."

Smylie said he had conferred with legislative leaders and hoped they would concur with the governor's desire for "a quick and productive session."

The change in state revenue after the recommended tax cuts would involve less than \$2 million, according to Norman Martin, Smylie's press secretary.

The tax committee—Rep. Arvil Miller, R-Bingham, chairman—said the present tax structure could be altered to change the tax which also included a study of tax exemptions for charitable organizations and sales tax exemptions for the 1967 World Book Scout Journals at Keweenaw State Park.

The committee said Idaho's business climate would improve with elimination of the inventory tax, but that local governments would first have to find some substitute source of revenue.

Johnson Plans to Cut Europe Forces

NEW YORK (AP)—President Johnson, announcing a broad new program to improve East-West relations, called today for a "gradual and balanced" reduction of armed forces in central Europe. In a major speech on European policy, Johnson announced that the United States is cutting trade restraints on "hundreds of non-strategic items" which this country has accumulated since the end of World War II.

This was one of seven new steps, as the President described them, designed to strengthen ties between Communist Eastern Europe, the United States and other Western nations.

Johnson, in his text prepared for delivery at the National Conference of Editorial Writers, strongly re-emphasized U.S. policy to keep the Western alliance—NATO—"strong and abreast of the times." He also reconfirmed U.S. support for European unity, declaring a united Western Europe can be our equal partner in helping to build a peaceful and just world order.

Grand Jury Investigation Requested

BOISE (AP)—A Boise group announced today plans to circulate a petition for a grand jury investigation of the closing of the Idaho Savings and Loan Association.

The group, which included Mrs. Irene Cook and Mrs. Lillian Shelton, they said they hoped to obtain a grand jury investigation of the closing of the Idaho Savings and Loan Association.

They said they hoped to obtain a grand jury investigation of the closing of the Idaho Savings and Loan Association.

Planned Tax Session Is Attacked

WEISER, Idaho (AP)—The Idaho Anti-Tax Reform Committee called today for a special session of the legislature Thursday for a "sick political maneuver by a governor trying to get a vote to repeal the sales tax down the people's throat."

"He and the interim tax committee who made the suggestions," the committee said, "are the present bad sales tax law. You would think the way it is expressed that somebody can engineer a vote to repeal the law and they are a bunch of scoundrels trying to help the little people who pay the bill."

"It is so important now to call a special session at the expense of the poor taxpayer when over 60,000 people asked for a vote to repeal the sales tax," the committee said.

The statement was signed by the Democrat legislator John B. Lloyd of Weiser, the chairman of the committee.

Search for Missing Craft Is Organized

CEDAR CITY, Utah (AP)—The Utah Civil Air Patrol and the Federal Bureau of Investigation are working to begin a search for an airplane missing since Sunday with four persons aboard.

The plane, a brown and white Piper Comanche, left Denver Sunday morning and reported to the Federal Aviation Administration at Bryce Canyon about 7:30 p.m.

The pilot, believed to be Dr. Delbert H. Boal of Denver, reported being conditions about 12 minutes later, officially said, and failed to report in at the next checking station.

A search was started earlier this week but was canceled when a plane matching the description of Boal's checked in at the Palm Springs airport. However, the plane was not the one piloted by Boal.

But officials said the search would center out of Cedar City in southern Utah.

Candidate Favors Drug Tax Repeal

MONTPELIER, Idaho (AP)—State Sen. Don W. Samuelson, Republican nominee for governor, said today against the sales tax should be removed from prescription drugs and that the oleomargarine tax should be repealed.

But he did not say explicitly whether he favored a special session of the legislature Friday to repeal the sales tax, he said Thursday by Gov. Robert E. Smylie.

Jordan Tells Harding to "Go Ahead" With Inquiry

By The Associated Press

Republican Sen. Len Jordan Thursday said his opponent should "go ahead and ask for an investigation" of the campaign practices of Republican State Chairman John McMurray.

His opponent—Democratic Senate candidate Ralph Harding—had threatened that Jordan refuse a statement of McMurray's campaign practices and a possible investigation of Harding's past campaign for his brother while Harding practices in Congress.

Jordan threatened to "take the matter to the Fair Campaign Practices Committee for investigation unless Jordan 'discovered' McMurray's statement," he said.

But Jordan not only refused to disavow the statement, he noted that Harding did not deny that his brother, Don T. Harding, had worked on the Capitol Hill force while Harding was in Congress.

The Republican Senator argued that a possible investigation of Harding's past campaign for his brother while Harding practices in Congress.

A Salmon man announced Thursday the formation of a duce team in the bill "is pretty hard to swallow."

Ousted

MOSCOW (AP)—The Soviet Union today ordered all students from Red China out of the country.

The government said it was taking the step in retaliation against the ouster of Soviet students from China in September.

All Chinese students are to be sent out of the Soviet Union before the end of October.

Helicopter Crashes With Ten Aboard

PORTLAND (AP)—An Army helicopter with 10 persons aboard crashed today while landing near the wreckage of an airliner. First reports said four persons were injured slightly.

The helicopter, flying livestock to the wreckage of a West Coast Airlines plane, lost power about 60 feet above the ground. It rolled down a 150-foot embankment and hit, overturning several times.

A second helicopter was sent to the scene, with a doctor and a medic to begin first aid. The crash was only a few hundred yards from where the airliner went down last weekend.

Federal authorities have had crews at the scene all week, probing the wreckage.

Approval Is Given Aid Bill In Congress

WASHINGTON (AP)—Congress today approved a \$10.4 billion aid bill for grade and high schools in a 54-19 vote.

The bill was approved by a 54-19 vote in the House and a 54-19 vote in the Senate.

The bill was approved by a 54-19 vote in the House and a 54-19 vote in the Senate.

Sugar Quotas Increased by 50,000 Tons

WASHINGTON (AP)—The agriculture department Thursday increased the 1966 sugar quota by 50,000 tons, raising the quantity to be sold in the U.S. market this year to 10,375,000 short tons, raw value.

Quotas were set at 10 million tons at the beginning of the year.

The department controls the marketing of sugar under a program designed to stabilize prices and supplies.

The announcement Thursday said sales of refined sugar through September this year have been well above normal. It said the additional supplies of refined sugar resulting from Thursday's quota increase, will meet the demands of American consumers.

Gov. Smylie To Dedicate Structure

BURLEY—Gov. Robert E. Smylie will dedicate the new Department of Employment building at the intersection of Emerson Road. The new building will furnish employment service for Cassia and Minidoka counties.

At 2 p.m. the same day Gov. Smylie will cut the ribbon of the new portion of Interstate 80N which borders the north city limits of Burley. The Burley Chamber of Commerce president will introduce the governor and other dignitaries.

The Burley High School Band will furnish music for the ribbon cutting ceremony.

At 2:30 p.m. a caravan composed of antique cars and trucks and modern vehicles will travel the new freeway to Jerome. The caravan will be joined at the Hansen bridge intersection by a caravan from Burley and continue on to Jerome to dedicate the terminus there.

The public is invited to both the Department of Employment building dedication and the new freeway ceremony which will be held directly north of the Ponchafero Inn.

Magic Valley Funerals

GANNETT—Graveside services for Robert Wayne Gannett, 68, of Burley, Idaho, and Mrs. Robert Gannett, 65, of Burley, Idaho, will be held at 10 a.m. Saturday at the Burley Memorial Home, Burley, Idaho.

TWIN FALLS—Funeral services for Mrs. Florence B. Jackson, 68, of Twin Falls, Idaho, will be held at 2 p.m. Saturday at the White Memorial Chapel with Bishop E. D. Crockett officiating. Final rites will be held in Sunset Memorial Park. Friends may call at the Mortuary Friday and Saturday until time of services.

T. F. Man Given Life Prison Term

A Twin Falls man charged with sexual abuse and incest with a minor child was sentenced to life imprisonment in the Idaho State Penitentiary Thursday by District Judge Theron Ward.

Arvel Elmer Vann, 52, 205 Quincy St., had been held in Twin Falls County Jail since his arrest on charges of sexual abuse and incest with a minor child. Vann appeared in court and pleaded guilty to one of the counts on Sept. 16, and the second count was dismissed. He then was taken to State Hospital South, Blackfoot, where he underwent medical examinations prior to sentencing.

The former Boise man was taken to the penal institution Thursday afternoon by Twin Falls County Sheriff James J. Benham.

Airport Proposal To Be Discussed

SHOSHONE—Members of the Shoshone Chamber of Commerce and area businessmen are invited to attend a chamber meeting at 12:30 p.m. Monday at the Manhattan Cafe to hear discussion on a proposed new airport for Magic Valley.

The discussion will be held by Tomlin Field airport manager, James W. Wood, and representatives of the Twin Falls Chamber of Commerce.

SUPPORT URGED
WASHINGTON (AP)—Seven Democratic members of the House Foreign Affairs Committee sent a telegram Thursday to the United States support for the United Nations administering the authority for South-West Africa.

Weather, Temperatures

MAGIC VALLEY—Fair with variable high cloudiness through Saturday. Precipitation probability near zero. Highs in 70s; lows in 40s, except Cassia Prairie low in upper 30s; Halley and Wood River Valley low in 40s. Less than 15 miles an hour. Outlook Sunday, little change. Temperatures at 8 a.m.: 45 at Kimberly with 74 per cent humidity, 44 at T.F. with 80 per cent humidity, 43 at Rupert, 32 at Fairfield, 42 at Halley, 48 at Gooding; at noon, 54 at T.F., 48 at Fairfield, 47 at Halley, 54 at Gooding. Highs: 60-65. Low: 35-40. Precipitation: 0.00-0.05. Wind: light to moderate. Barometer: 30.18. Soil temperature: A.T.F., four-inch 58, eight-inch 56, 20-inch 53. Soil: 65. At Rupert, four-inch 55; three-inch level: At Buhl, 53; at Castleford, 60.

SYNOPSIS AND AGRICULTURAL SUMMARY

A weak disturbance moving through the Pacific-Northwest to the west will be followed by another weak disturbance tomorrow. These will cause variable high cloudiness over Southern Idaho, but no precipitation or light showers in the mountains.

Except for some high cloudiness, excellent fall weather is expected to continue with little change through the weekend. Afternoons will be moderately warm and nights will be cool but without frost in most of the agricultural areas. Winds will continue rather light today and Saturday.

A slow warming trend has continued during the past 24 hours with most places two to five degrees warmer than Wednesday and Wednesday night.

FIVE-DAY FORECAST

Warm dry weather will continue through another five days. High pressure will prevail over the Western States, and the truck traffic from the Pacific states will be well to the north in Canada, with little effect on Southern Idaho.

Temperatures Saturday through Wednesday will average three to seven degrees above normal, with only small changes from day to day. Most of the period, but turning somewhat cooler about Wednesday. Normal maximum and minimum temperatures for this period are Gooding 68-40, Twin Falls 70-37 and Burley 65-35. There will be little or no precipitation, and much of the period will be sunny with some increase in cloudiness after the first of next week. Sunshine should average 70 to 80 per cent of possible hours. Winds will continue rather light through the weekend, with some increase in westerly wind next week.

Continuing fine fall weather will enable farmers to proceed with the potato harvest and the harvest of late beans and remaining seed crops and hay. Nights will continue cool but temperatures should remain above freezing in most agricultural areas until about Tuesday night. No rain is yet in sight to help the germination of fall seeded grain.

3 Wishes of Cancer Victim Come True

CENTREVILLE, Mich. (AP) — Larry Rink's three wishes have come true. Rink is the 21-year-old cancer victim who now has no evidence of the disease remaining in his body.

He learned last July, after cancerous tissue from other parts of his body was removed, that tests showed no traces of his cancer remaining.

He said then, "Now I'll get my new leg and then I hope I can find a good job and take care of my wife and baby."

Within days, Rink was fitted with an artificial leg. His right leg was amputated more than a year ago because of bone cancer.

Three weeks ago he began his first job in more than a year as a stock clerk at H. G. Wells and Co., a tool firm in nearby Three Rivers.

And on Sept. 24, Rink's wife, Jeanne, 20, gave birth to their first child, Fine Ann.

Dr. Ray Houghton, the family physician who first advised Rink to undergo the experimental cancer transplants, delivered Tina.

Rink was undergoing X-rays at South Bend (Ind.) Osteopathic Hospital to check for any evidence of cancer. He was delivering the child there. The X-rays showed no trace of cancer, Dr. Houghton said.

The 6-foot, cancer patient now weighs 154 pounds, up from 140 last July.

Hundreds of persons from across the nation have telephoned and sent letters and telegrams to Rink and Houghton, asking for cancer cures.

"I refer them back to their own doctors," Houghton said, "with advice that they contact Roswell Park Memorial Institute, the Buffalo, N.Y. hospital, where the 'cures' transplants were undertaken. Three other persons involved in the experiments died."

Houghton says that Rink has not been pronounced cured of cancer.

"You don't call a cancer patient cured until they go five to ten years without any evidence. It takes just a few cells to lie dormant and pop up again."

GE Officials To Meet With Mediators

WASHINGTON (AP) — President Johnson's special high-level mediation panel will meet Friday with top company and union negotiators.

General Electric Co. strike, it was announced Thursday night.

Secretary of Defense Robert S. McNamara, Secretary of Labor W. Willard Wirtz and Secretary of Commerce John F. Kennedy will meet with the negotiators at an announced time and place.

"They are being very secretive about this," said a source close to the negotiations in which the government is trying to head off a strike that could hamper production of many war products used by U.S. forces in Viet Nam.

The three secretaries decided on Friday's meeting after hearing a report from the chief federal mediator, William E. Skirkin, who described his talks with both sides Thursday as "useful."

Chief company negotiator Philip D. Moore and President Paul Jennings of the AFL-CIO International Union of Electrical Workers exchanged harsh comments at separate news conferences and refused to budge from their bargaining positions. But informed sources indicated there was some hope for a breakthrough in the deadlock that could lead to progress toward a settlement.

DON SAMUELSON, center, Republican candidate for governor of Idaho in the November election, is welcomed to the Twin Falls Kiwanis Club meeting where he was guest speaker Thursday.

Samuelson Reveals Stand At Kiwanis Meeting Here

(Continued From Page One)

Samuelson said he would follow the mandate of the people in this matter "and will accept the vote of the majority." He said emphatically that he had "never once said that we should repeal the sales tax law."

Samuelson said during his remarks that the "daily and weekly" press of the state had written from time to time that he had voted against the sales tax. He admitted that this vote record in the legislature was true, but said that he could support the tax if the people wanted it.

The speaker was introduced by Joe McCollum, Kiwanis program chairman for the day. The Democratic candidate for governor, Cecil Andrus, will not appear before the local club, although an invitation was issued to him to speak. The late Charles Herndon was scheduled to speak to club members and address his position during the day.

Samuelson answered without hesitation and said "that platform was written for just one man. I was supposed to not have a chance of getting the nomination then and I had no part in putting that plank in the platform."

The entire question-answer period took no longer than five minutes, but what transpired overshadowed what had been said before that time.

However, in his remarks before the question period he said that the state would be about \$15 million in debt "if we turn (the sales tax) out."

But just before that, Samuelson said the "spending in Idaho has to be within the state's natural growth."

"We must stay within our ability to pay. We can borrow for the future, but we must use it before more than we can pay back."

He hammered home the suggestion that voters and everyone else "think for yourself."

He said he had told two groups of high school students only the day before to do the same thing and also told them that "We are not very proud of the things which are being left to the future generations of this country."

He told the Kiwanis members that "it doesn't take any courage to say yes" to all spending suggestions and added that "I have no secrets."

"I'll work with you and all people, regardless of politics, right after taking office," he said.

He told the audience that he originally voted against the sales tax because he was elected senator from Bonner county and that those who supported him and elected him wanted it that way.

Founders Day Observed by Speech Club

Magic Toastmistress group met Thursday evening at the Roperson Hotel in observance of Founder's Day.

Mrs. Ethel Martin gave the invocation and past presidents were honored by Mrs. Dean (Shirley) Kendrick.

Mrs. Robert (Alice Jean) Davis presented the parliamentary lesson and Mrs. Alda Strong gave educational highlights. Lexicology, the study of words, was reported by Mrs. Alvin (Mildred) Jenkins.

Speakers for the annual obituary were Mrs. George (Betty) Dever, "Communication," Mrs. Grant (Dorothy) Sanborn, "Self-Defense, 1966," and Mrs. Sterling (Wanda) Larsen, "The Time Is Out of Joint."

Guests at the meeting were Mrs. J. Campbell, Mrs. J. W. Robinson, Mrs. Ruth K. Jones and Mrs. Dennis Tabel. Three members of the Burley group also attended.

Council 7 Meet Slated On Saturday

The Toastmistress Council 7 fall meeting will begin at 4 p.m. Saturday in the Twin Falls Elks Hall with Mrs. Lella Ballis, Salt Lake City, guest speaker.

Mrs. Ballis is the Snake River Regional Supervisor, and will be making the district visit to the council.

A noon luncheon will be served followed by panel discussions on membership with Mrs. Sterling Larson, Twin Falls, panel narrator. Panel members will be Mrs. Fern Nielson, Mrs. LeRoy Arrington, both Twin Falls, and Edith Nancelos, Jerome.

The business meeting will be conducted by Mrs. Arrington, council chairman. Members attending the all-day meeting will be from the Jerida Toastmistress Club, Jerome; Burley Toastmistress Club, Burley; Magic Toastmistress, Twin Falls, and the Twin Falls Toastmistress Club.

Hostesses for the event is the Twin Falls Toastmistress Club.

Who's Who Lists Olen Seamon

Olen Seamon, a Twin Falls accountant, is listed in the 1967-68 Volume 10, Marquis edition of Who's who in the West.

Seamon and John H. Peterson, formed a partnership of Peterson and Seamon in 1955 and later added two more partners to form the present accounting firm of Peterson, Seamon, Stacey and Bancroft.

He is a member of the Idaho Society of CPAs and was secretary-director of the unit.

Mr. and Mrs. Seamon have four children, Debra Anne, 13; Randall, 12; Sherri Lou, 9, and Jerry Olen, 6. The family resides at 205 Elm Ave. E.

BROTHER DIES WENDELL — Mr. and Mrs. Herschell Lamb were called to Medford, Ore., because of the death of Lamb's older brother. Services were held there at 2 p.m. Wednesday.

Vote Wednesday

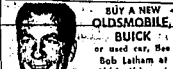

WENDELL — The special election to decide if the Wendell city council should sell the Fireman's park will be held Wednesday, not Tuesday as incorrectly stated in Thursday's Times-News.

Vote approval is required for sale of any city property used as a public park. The First National Bank is interested in securing the lots for a new bank building. No registration is necessary and polling places will be held at the city hall for the West ward and the Methodist Church for the East ward.

At First Security Bank YOU can select the exact day or days you want to receive high, guaranteed bank interest

Savings Certificates

5% per annum

for 6 months — thereafter for 3 months

The rate of interest is determined by the length of time you decide to leave your money for safe-keeping with the Internomonth West's largest banking organization.

With 5% Savings Certificates, interest is mailed to you by check on the maturity date you select — then every 3 months.

Thus you can enjoy quarterly income at high interest. You can even have monthly income by the proper arrangement of first maturity dates.

Savings Certificates available at \$500, and additional amounts in multiples of \$100.

Certificates of Deposit

4 1/2% per annum

for shorter periods

Passbook Savings

4% per annum

Interest paid twice a year — June 30 and Dec. 31. Deposits received by the 15th of any month earn interest from the 1st day of the month.

Each depositor's account in First Security Bank IS INSURED TO \$10,000.00 by the Federal Deposit Insurance Corporation.

they had—neither horses nor wheels and it was difficult to travel through the steaming jungles of Alaska and our Pacific Northwest and it was not until now reached Mexico that a high civilization was developed in either the Northern or Southern Hemisphere. Yet traditions there hint of an Atlantis.

When the Sahara dried up and drove its population to the rivers and jungles of Africa, they were attracted at Atlantis. Their legends placed it beyond the Sahara in the ocean near the columns of Hercules (Gibraltar) in the process.

Dr. Mayor led an American Geog team aboard the ship "Albatross," which was the U.S.N.'s research vessel chain "Albatross." At the time announced on Sept. 4, the team launched a "discovered" world that it found Plato's world. Off the coast of Spain, at a depth of 1,300 feet, a "seismic profile" confirmed Galanopolis as a city of the past.

"Spunkys or not," Soviet scientists often prefers to be irresponsible than to be wrong. It is easier, And the Russian people can be sure, will be nothing of this at all."

WASHINGTON (AP)—An undertaker isn't necessarily the right man for a chicken farm, particularly if he has a taste for chickens is to beat them with a stick and scare them with a fog horn.

Mao Tse-tung, 72, who buried ancient China, "using a stick and a fog horn" to lead the modern Chinese, and making a mess of it, even though right now they sound as docile as chickens

clency but their voices have been hushed with terror. Yet the tactless seem to have the same qualms as his self.

As an authoritarian most of his life, perhaps he has the same qualms about his rise to power. He has lost his life against his sister father. It is not hard to see why he would like to destroy any dissent. He has been the ruler of China as he thinks it ought to be and challenge his right to

On a 14-month-tour the Red Chinese celebrated the 75th anniversary of the Mao-led revolution which captured all mainland China for Communism.

It was a scene of the supreme revolutionary leaders and guerrilla fighters.

His regime unified a chaotic and impoverished country. But then he had the task of taking it into the 20th century as fast as possible, with all that meant in industrialization and everything else.

This is where he revealed, despite himself, that an underdog may not be a good checklist for a great leader.

A military leader made out of place trying to guide and run a country which needs to organize

and fitness for his present or for omniscient parliament. If he is not a leader, he is a dictator. Yet he can't escape the paradox, since he saw it happen with Stalin, that the deeper the dictatorship, the more the people try to date tomorrow. Mao is trying to make yesterday forever. He is having him killed.

The result: The Chinese people are being clubbed into conformity and into subservience to him, his sayings his actions, his words. Criticism is being rendered impossible, and the sanctity of Mao is being shouted into its skulls.

He knows well the tradition of the Chinese, superior

Racial Strife In California Becomes Issue

SACRAMENTO, Calif. (AP) — Racial strife and voter hostility to open housing laws have raised fears among California Democrats that a white backlash will hurt Gov. Edmund G. Brown's chances for reelection.

Both Brown and his Republican opponent, Ronald Reagan, have said they'll try to avoid playing politics with last week's rioting in San Francisco Negro district.

A Brown aide said the governor's action in calling out the National Guard came off "as well they doesn't seem to be any backlash." But he echoed private fears in the Brown camp when he said, "You always figure you're an automatic loser when you have trouble. You're the manager of the team and you take the losses."

The violence, just six weeks before the election, renewed talk of the racial issue — a major one in 1964 when Californians by a more than 2-1 vote adopted a constitutional amendment that nullified the state law requiring open housing.

Last year, the U.S. Supreme Court overturned the amendment. That sparked a campaign by one group to repeal the amendment.

Brown blamed a white backlash for helping Mayor Samuel Y. Young of Los Angeles make a strong, but losing, showing against him in the June primary for the Democratic nomination.

Despite their political statements, Brown and Reagan criticized each other during and after the San Francisco riots.

Reagan said the governor hasn't the courage to stand up to the so-called leaders who apologize for or excuse talking to the streets and bloodshed.

Brown said, "I think it would be highly dangerous to have any motion picture actor who has played governor handling a situation like this."

Induct Youngest Men First, Kennedy Says

WASHINGTON (AP) — Sen. Edward M. Kennedy says the Selective Service System should start inducting the youngest eligible men first in order to make the Massachusetts Democrat also said in a speech to a Democratic women's club Thursday that deferments should be drastically curtailed.

"The policy of liberal deferments and the policy of drafting the oldest first are the two major defects in our present system," he said. "The first and most important step, I believe, is to turn the system around so that 18-year-olds are drafted first, being drafted last, could be drafted first."

Under such a system, Kennedy said men who were ruled eligible but not inducted during their 19th year would not again be subject to call until all 18-year-olds of the succeeding year had been chosen.

Idaho News

MOTHER ACQUITTED

COEUR D'ALENE, Idaho (AP) — Mrs. Clifford L. Golden was acquitted Thursday of charges that she kept her children from attending school.

The Spirit Lake, Idaho woman was one of two persons charged with "encouraging violation of a law by a minor after the second, fourth and sixth grade classes in the Spirit Lake School district failed to prove Mrs. Golden's charges."

Golden was indicted in 1964 after she was instructed when they were not in the public schools.

Justice of the Peace Craig C. Koenig supervised a dismissal motion by Mrs. Golden's attorney, Thomas Mitchell. He said the prosecution failed to prove Mrs. Golden's charges.

The school board controlling the area had decided to conduct the second, fourth and sixth grade classes in the Spirit Lake School district, first, third and fifth grade classes at Athol, nine miles away.

Parents of 26 first, third and fifth grade pupils did not want their children riding nine miles away to school.

The school board started their own school in the Spirit Lake American Legion Hall.

Body of Pilot Found in Wreckage

TOOELE, Utah (AP) — The body of Darrell Hicks, 22, of Ogden, has been found in the wreckage of a light plane in a canyon four miles east of the Tooele Army Depot.

Hicks had been missing since he took off on a solo flight Wednesday from Ogden. He was carrying a radio and a Weber State College student.

He had filed a local flight plan and some friends thought he might have decided to scout for duck hunting sites around Great Salt Lake.

The Utah Civil Air Patrol found the wreckage Thursday in Solick Canyon about 9:15 a.m. A search had started at dawn.

The wreckage was spotted by Louise B. Morrison and George A. Morrison, both of Ogden.

Searchers said the plane probably crashed sometime Wednesday afternoon.

STUDENTS TRAINED
BOISE (AP) — Handicapped students in Idaho are being trained in a program sponsored by the Idaho Vocational Rehabilitation Department.

The program, which is the largest of its kind in the state, is a joint project of the Idaho Department of Education and the Idaho Vocational Rehabilitation Department.

The program is designed to train students in the use of computers, which are being used in a variety of ways in the state.

The program is being run by the Idaho Department of Education, which is in charge of the state's public schools.

The program is being run by the Idaho Department of Education, which is in charge of the state's public schools.

State Policemen Get Assignments

IDAHO State Policemen Charles Griffin, formerly of the Cottrell Port of Entry, has been promoted to officer in charge of the Cottrell Port of Entry, working out of Pocatello.

Lt. Clark Hand, Boise, announcing Griffin's promotion Thursday, said that J. Nickerson will be assigned to the Cottrell Port of Entry, Nickerson, a recruit on the force, is from Boise.

Opens Tonight

BOISE (AP) — The Idaho State Fair opens tonight at 7:00 p.m. The fair will run through September 11.

The fair is being held at the Idaho State Fairgrounds in Boise.

The fair is being held at the Idaho State Fairgrounds in Boise.

The fair is being held at the Idaho State Fairgrounds in Boise.

FATHER KILLED

PIERCE, Idaho (AP) — A North Idaho father of two died Thursday when he was struck in the head by a snag falling from a tree.

He was Dwight Richard Allgood, of Orofino, who was setting chokers on a load of logs at Cache Creek 16 miles northwest of Pierce, at the time of the accident.

TRAINING SET

CALDWELL, Idaho (AP) — Medical secretaries will be trained in Caldwell Memorial Hospital, beginning in November.

The training is being conducted by the Marjorie Training and Development Act.

According to Richard C. Renstrom, of the Idaho Department of Employment in Caldwell, the classes will be open to all Idaho women aged 18 to 50 who can type and pass an aptitude test.

Women may apply to take the tuition-free course, Renstrom said, until the Oct. 28 deadline.

CAMPAIN BEGINS

BOISE (AP) — American Legion members from Idaho will conduct a campaign at the Idaho State Fairgrounds, next week in Indianapolis to elect Bernard F. Gratton of Emmet, Idaho, as the national commander in 1967.

Gratton retired last month from the Legion's national executive committee, and his campaign for highest post has begun for next year.

Gratton also will represent Idaho before a Legion group considering holding a national conference of Legion-sponsored boys' camps at Idaho's Farragut State Park in 1970.

TOUR LINKED
LONDON (AP) — Moscow Radio in an English-language broadcast today called President Johnson's impending tour of Southeast Asia "a propaganda stunt" linked with American congressional elections.

New Mechanical Heart Is Developed in Indiana

INDIANAPOLIS, Ind. (AP) — A team of Indiana University Medical School scientists announced Thursday they have developed a complete mechanical heart and are ready to implant it in a patient who otherwise would certainly die.

"It has performed efficiently without bad side effects, in short-term animal experiments."

The project was different from that of other groups who have been designing and testing devices or pumps to ease the load of a diseased — but not hopelessly damaged — heart.

The Indiana project has been a close collaboration of physicians and engineers, headed by Dr. Harris B. Shumacker Jr., chairman of the school's department of surgery, and Dr. Winston H. Burns, who initiated and coordinated the work.

Engineering support was given by President-elect Ford Wayne, Ind., and funds were provided by the James Whitcomb Riley Memorial Association in Indianapolis.

The investigators said in a statement that they had no intention of removing a patient's heart and substituting the new device "until it is made necessary by an obviously hopeless clinical situation."

"A team of heart specialists would have to agree that the patient's heart was hopelessly damaged beyond all possibility of recovery and that death was imminent. The patient's family would have to understand clearly the trial nature of the operation."

"We hope that we can develop a mechanical heart as refined and as nearly perfect as possible. No matter how satisfied we may become with the heart, we would not use it if there appeared to be any chance of recovery without it's use."

Dr. Schumacker and Burns said the implantation is "not too difficult" and the first part of the operation "is just like an open heart operation."

The mechanical heart is only slightly larger than the human heart and approach it in efficiency.

clency, the team said. The power source is an electric motor, 1.8 inches by about one inch, which is attached to a wire brought through the body wall to a battery which can be carried in an ordinary brief case.

The scientists' future plans include development of a power transmission system which will require no wire, possibly with microwaves. It also will investigate the possibility of implantable power sources such as atomic batteries.

Area Students Join Fraternities

Nine Magic Valley men are among 223 Utah State University students at Logan who have been pledged to fraternities at the university.

Four who pledged Pi Kappa Alpha are Leon Badger and Elton Comdie, both Rupert; Kent L. Holbrook, Burley, and John Reader, Twin Falls.

Three pledged to Sigma Chi are Bryan Felt, Rupert; Brent Peterson, Twin Falls; and Ben Taylor, Burley.

Unit Associate Council Leaders Are Installed

WENDELL — Mrs. Harry Fritsch, president of the Wendell Unit of the International Order of Job's Daughters, was installing officer for members of the associate council at the hotel at the Masonic Temple. She was assisted by Ynes Ydrárga, guide; Mary Truittson, marshal; and Marcia Melton, recorder.

Installed were Mrs. A. B. Meitard and Mrs. Guy Callen, members of the hospital committee; Mrs. William E. Fritsch, president of the unit; Mrs. A. B. Meitard, director of epochs; Mrs. Sam Bingham, director of good will; and Bingham, fraternal relations.

John Hansen, honored guest, presided. Introductions included: Susan Cooper, past honored queen and Grand Mother Representative of Texas; Mrs. Fritsch, past queen and guardian; John West, associate guardian; Mrs. Bingham, past matron and past guardian; Bingham, past master of the AF and AM, worthy patron of Star of the West Chapter No. 35, and Jobite. Chapter of Bethel No. 12.

The honored guest announced that Margaret Jobe, Idaho Falls, past honored queen and present grand guardian, will make her official visit to Wendell Nov. 16. Practices will be held the last two weeks in October.

A communication concerning the sales of Christmas wreaths was read by the secretary.

A discussion was held concerning the "Mystery Mother" party. A decision was reached to have the party Oct. 28, with the theme, "Roaring Twenties."

Final arrangements will be made at the next meeting.

An original poem, "Recipe for Making a Job's Daughter," was read by Elaine Amper, Bethel librarian.

Kathy Kuhn, Vikki Pepper, and Leslie Sullivan served refreshments.

Mrs. Unzicker Shows Slides

BUHL — Mrs. John Unzicker, Idaho Mother of the Year, showed films and slides of her trip to New York for members of the Buhlgrove Congregational Church at the home of Mrs. George Fritz.

Guests were Mrs. Thorleif Rangen and Mrs. Unzicker. An invitation was received by the Buhlgrove Congregational Church to a Rupert club meeting in honor of Helen Dickerson, state president.

Snackbooks were distributed. The next meeting is set for 7:15 p.m., Oct. 14, at the home of Mrs. Frank Chandler, with Mrs. Dallas Cox as co-hostess.

LANCE CPL. AND MRS. ELMER L. RIDGWAY

Shirlene Wall Is Bride of Elmer Ridgway

JEROME — At a double ring ceremony Sept. 7, performed by the father of the bridegroom, Shirlene Mae Wall, daughter of Mr. and Mrs. Orlie Wall, became the bride of Elmer L. Ridgway, Jr., son of Mr. and Mrs. Elmer Ridgway Sr., of Jerome.

The Church of the Assembly of God Church was decorated with beauty baskets of white and salmon-colored gladioli, flanked by white tapers in white-wrought-iron candelabra. Mrs. Russell King, pianist, played the traditional wedding music, and accompanied Orville Wall and Norman Wall, brothers of the bride, who sang two selections.

Given in marriage by her father, the bride wore a gown of white tulle, fashioned with a sweetheart neckline and three-quarter length sleeves, applied with brocade lace. The gown featured a short train. A tiara of sea pearls and sequins, and her "bridal veil" were also knotted in the white shower ribbons.

Her bouquet, a white orchid surrounded by Tailsman roses, which were also knotted in the white shower ribbons, was carried on a white Bible. Her only jewelry was a single strand crystal necklace belonging to her mother.

Bridal attendants were Mrs. Gerald Blake, sister of the bride, and Susan Ridgway, sister of the bridegroom. Candelighters were Mrs. Orlie Wall and Deborah Rhonda Blake and Terry Wall, niece and nephew of the bride, who served as flower girl and ring bearer.

Best man was Keith Cooran, and ushers were Merlin Blake and Norman Wall.

WCS Panel Discussion Held at Meier

HANSEN — Mrs. Cletus Klutz, 2535 N. 1st, and Mrs. Hugh Sanderson, 1211 N. 1st, held the panel discussion on "The Christian and Culture" at the Meier and Frank department store.

Mrs. Klutz led the devotional service. Mrs. Sanderson was the main speaker. She discussed the Christian's role in society and the importance of faith in daily life.

Annual Fashion Show Scheduled

RUPERT — Fashion Forecast for Fall is the theme for the annual style show and luncheon being presented by the Pink Ladies of the Minidoka Memorial Hospital Guild, scheduled for 4 p.m. Monday.

Funds from the style show will be used to purchase furniture for the recently completed patients' ward. Some furniture has been purchased through memorial gifts, but the Pink Ladies are hoping to complete the project through proceeds from the fashion show.

Mrs. Carl Keely and Mrs. A. F. Dalby are co-chairmen for the event, and Mrs. David Van Houten is in charge of decorations. Advance tickets are available from any guild member or at the Lantern Boutique.

Are Elected

PILER — Elmer Lanning has been elected president of the Future Teachers of America of the Piler High School.

Jeri Sue Hinkley is vice president. Penny Ward, secretary; Betty Greene, historian; and Junior Elliott, reporter.

The group plans to visit the Idaho State Dept. and Rural School, Gooding, in the future. Senior members will attend the FTA convention in Caldwell in November.

Candy School

Magic Valley homemakers do not forget the free public candy making school set for Tuesday at the American Legion Hall, sponsored by the Twin Falls Times-News Publishing Co.

Two classes will be featured from 2 to 4 p.m., and from 7:30 to 8:30 p.m. E. Remington Davenport, instructing the classes, Davenport has taught thousands of people to put the profession of candy making to work in the home.

During the classes he will make three kinds of candy and explain the techniques of 10 related candies.

The Twin Falls Times-News invites all Magic Valley homemakers to attend, either of the two free classes at the American Legion Hall.

Past Noble Grands Feted By Rebekahs

WENDELL — Past noble grands were honored at the evening meeting of Idaho Rebekah Lodge No. 96 at the Old Fellows Hall.

Mrs. Walter Stockham, noble grand, read an original poem and presented each of the twelve past noble grands with a certificate of appreciation.

The cake, decorated with salmon-colored roses and white wedding bells, was topped with frozen cream and salmon-colored gladioli blossoms. It was cut and served by Mrs. Alex Morgan, Delia Cole, grandmother of the bridegroom, and Mrs. Orlie Wall, Hansen, aunt of the bride, Mrs. Virgil Whitaker, Jerome, and Mrs. Chester Whitaker, Twin Falls, cousin of the bride.

Assisting with the reception were women of the Baptist Church. Gifts were arranged by Shirley Sheppard and Patty Colman.

During the reception, Mrs. Orlie Wall was soloist, accompanied by Mrs. Russell King. The bride will reside with her parents while the bridegroom returns to his base at New River, N.C., to prepare for a tour of duty in Viet-Nam.

Out-of-state guests attended from Delta and Montrose, Colo., and Tooele, Utah.

Bridal showers honoring the bride were hosted by Mrs. Elmer Ridgway, assisted by Mrs. Orlie Wall and Susan Ridgway, and by Mrs. Virgil Whitaker, Jerome, aunt of the bride, and Mrs. Chester Whitaker, Twin Falls, cousin of the bride.

W W Club Has Regular Meet

TUTTLE — The W W Club held its fall and winter season of social events at the home of Mrs. Sam Thornton, Hagerman.

Mrs. William Maude led the devotional service and reported on the Home Extension Council meeting she attended. She related members of the Christmas Festival set for Oct. 24 at the Gooding Grange Hall.

Mrs. Leona Brooks led a discussion on time saving hints, based on a sheet of information distributed by the Extension Homemakers Service.

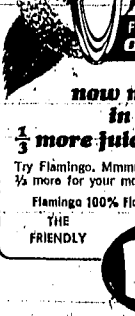

Mrs. Victor Gail was a guest. Mrs. Wright received a gift. The next meeting is Oct. 29 at the home of Mrs. Frank Rivescroft.

Magic Valley Favorites

MRS. GARY POST
Royal 4 Box 27, Buhl

Requofort Dressing
1 pint mayonnaise (not salad dressing)
1 cup sour cream
1 cup buttermilk
1 tablespoon onion, minced, fresh or dry
Pepper and garlic salt to taste
1 1/2-cup wedge requofort cheese

Combine above ingredients and let age 24 hours. Makes one quart. It will not spoil, but may thin after setting for awhile. Add buttermilk to thin. Blue cheese can be substituted for the requofort.

MR. AND MRS. DELBERT L. SMITH (Morris photo)

Miss Casebeer, Smith Exchange Nuptial Promise

LEILA June Casebeer, daughter of Mr. and Mrs. Craig Casebeer, Buhl, was married to Delbert LeRoy Smith, Twin Falls, in rites Sept. 24 at the Tyler Street Baptist Church.

Rev. Paul Whitfield performed the double ring ceremony before a setting of beauty baskets containing pink and white chrysanthemums.

The bride, given in marriage by her father, wore a street-length gown of white bonded crepe enhanced with a waist-length veil of illusion. She carried a bouquet of pink and white chrysanthemums.

Matron of honor was Mrs. James Wray, sister of the bride; ringbearer was Brian Curtis, Boise, nephew of the bride.

Best man was Jerry Salsbury, Boise, and ushers were Douglas Young and Tim Moore, Twin Falls; Gary Salisbury, Boise, and Ron Smith, son of the bridegroom.

Organists were Jarrel Moore, Twin Falls, and Mrs. Gerald Jensen, Buhl. Soloist was Mrs. Bill Watt, Buhl.

A reception was held at the home of the bridegroom, 228 Du Bois Ave., Twin Falls. The bride's table was covered with an ecru lace cloth and centered with a three-tiered wedding cake. Guests were registered by Anna Grubbs and Debra Smith, daughter of the bridegroom.

Reception assistants were Mrs. William Curtis, Boise; Mrs. Helen Curtis, Boise; Mrs. Dalos and Mrs. Carl Tomlin, Buhl; and by women of the Tyler Street Baptist Church.

Book Fair Is Scheduled by Local AAUW

Final plans for the Book Fair were formulated at a recent meeting of the American Association of University Women at the home of the president, Mrs. Eldon Evans.

The Book Fair will be held Thursday at the present quarters of the Book Room, 121 and 1/2 Ave. F, above the Western Union office. The sale of books will be held from 9 a.m. to 5 p.m., both days.

Mrs. Evans reports there are many books of all kinds, most of which are in very good condition. Proceeds from the Book Fair will be used to build up the AAUW Scholarship Loan Fund for students of the College of Southern Idaho.

The program for the October general meeting, to be held Saturday, will be presented by the legislative committee, with Mrs. Zoe Ann Shaul, chairman. Representatives of such political party in Twin Falls County will be present to inform members of the issues in the coming election.

The luncheon meeting will be held at 1 p.m. at the YWCA building. Graduates of accredited colleges are invited to attend and learn more about AAUW.

WORK DAY HELD

KING HILL — A work day was held at the home of Mrs. W. W. Knox, sponsored by the After School of Our Lady Line Catholic Church, of Fleming, Idaho. Members are preparing Christmas items for the bazaar and ten to be held Nov. 9 at the Plich Fork Ranch.

Alice F. Hite Is Engaged to Garth L. Bowen

EDEN — HAZELTON, Mr. and Mrs. General Hite, Twin Falls, announce the engagement and forthcoming marriage of their daughter, Alice Faye, to Garth L. Bowen, son of Mrs. Gladys Bowen, Burley.

The bride-elect was graduated from Valley High School with the class of 1964 and is employed at Rogers, Burley.

Bowen attended Burley schools and is employed at the Atlantic and Pacific Processing Plant, Burley.

An Oct. 21 wedding is planned at the Hazelton Ward LDS Church.

Central Zone Meeting Held By Lutherans

BURLEY — "Patterns for Living" was the theme for the Lutheran Women's Missionary League at the Zion Lutheran Church. Registration began at 2:30 p.m., followed by the opening devotional service by P. Fred Jerome, central zone counselor.

The welcome was given by Mrs. Walter Tollerfson, president of Burley League. Response was given by Lea Hardwick, Clover League.

Business conducted included treasurer's report by Mrs. Clara Anderson, Twin Falls; Mrs. Helen Stammerjohn and Mrs. Arnold Auderheide, Jerome; and auditing committee report by Mrs. Doris Ehlers, Twin Falls, reported by Mrs. Inez Leoni, Rupert.

Guest speaker was Mrs. Edith Monis, Gooding, talking on "What's New in Africa." A display of African carvings, grass mat crafts, tapestries and simple household tools was shown by Mrs. Morris.

During the dinner hour, the Clover Lutheran Women's Missionary League presented the program, "Macedonia Call," which was viewed.

Newly elected Central Zone officers were installed by Rev. Glen Koch, Burley. Carolyn

Grid Merger Will Fail If Congress Kills Trust Bill

WASHINGTON (AP) — NFL Commissioner Pete Rozelle said Thursday he would make a strong, but reluctant recommendation that the National and American football leagues call off their merger plans if Congress refused to sanction the agreement through legislation. Rozelle, whose recommendation would carry considerable weight with the presidents of the 24 professional teams involved, said the threats of legal action against the consolidation "make the plan extremely hazardous in the absence of congressional approval."

Bobcats and Weber Top Big Sky Slate

By The Associated Press
Weber State College and Montana State go off this week to meet opponents in games which might be decisive in determining the Big Sky Conference football championship and the Associated Press small college champion.

The Wildcats will be seeking revenge against the Grizzlies after a 20-14 loss in a game at Missoula. Weber State last year was named for the Big Sky title when the Grizzlies upset them in a game at Ogden.

The Bobcats, the nation's third ranked small college team in this week's AP poll, go to Fargo, N.D., to play the top-ranked team, North Dakota State.

Weber State whipped Los Angeles State 27-0 in a game at Ogden. The White brothers, Lee and Luther, scored five touchdowns between them and the rest of the Weber offense rolled over the Mustangs in a 34-0 victory, staggering Los Angeles State defense.

Montana State, unlike Weber State, was considered an also-ran in this year's Big Sky race. But the Bobcats have unveiled a strong offense and stubborn defense which last Saturday crumbled Fresno State 55-6.

In the other game involving Big Sky teams, Idaho goes to Idaho State in a match in Pocatello against a so-called weak Bengal team.

Idaho's Vandals, along with Weber State, were favorites in the conference. But the Vandals have not been impressive so far this year with the exception of last week's 28-7 victory over University of Pacific.

But, Idaho has Ray McDonald, a hulking fullback who this week led the nation's backs in yards gained rushing.

Polaris Goes After Third Trot Crown

LEXINGTON, Ky. (AP) — Vonties-Futurity winner Polaris goes after the third jewel in racing's triple crown Friday, heading a field of nine in the \$61,602 Kentucky Futurity.

Missing from the feature at the Lexington Trots will be Hambletonian winner Kerry Way, who wasn't made eligible for the Futurity.

Polish racing, owned by Pat Gennaro and Tony Lescosse of Rochester, N.Y., has won eight of 21 starts this time of 200 to 250 for a mile and bankroll of \$179,031 is the most imposing of any of his challenges in the Futurity field.

Coming from the inside in the opening heat will be Stover Hanover, owned by A. C. Nudge and Ken Owen and driven by John Simpson Sr.

Shatter Way, owned by Kurt Hjelberg of Mellrud, Sweden, will start from the second spot, with Abner Stable's All American in No. 2.

Outside Polaris, in order, will be Mrs. Marie Gentile's Truident, the Armstrong Bros.' Governor Arnold, Samuel Collier's Gay Sam, Clearview Stable's Replica and Allwood Stable's Brokers Choice.

T.F. Sophomores Roll to 40-7 Win Over Burley Crew

Twin Falls' sophomores extended their season record to 4-1 Thursday night by rolling over the Burley sophomores 40-7.

Twin Falls scored twice in the first quarter, Jeff Wyatt scoring from the one and Dick Little from the 15. Burley bounced back with 3-0, left in the half when Ken Crist went over from the two and Andy Bengoa converted. Before the half ended, Twin Falls sent Jerry Ginge in from the five after a long run by Yonta and it up.

In the second half Kelly Qualls capped a long drive by getting the ball few yards and Little and Ralph Peyton added two more touchdowns.

Twin Falls will travel to Pocatello next Thursday and host Highland the week after. Both clubs are undefeated.

THE TIMES-NEWS

SPORTS

Army Has Just Spirit Against Irish Power

WEST POINT, N.Y. (AP) — If enthusiasm can win football games, underdog Army will have a lot going for it when it meets Notre Dame in South Bend Saturday in a renewal of one of the game's most colorful rivalries.

Spirit here on the Hudson is undrilled after three straight victories by the Cadets, under their new coach, Tom Cahill.

Cadets swarmed out, to the practice field Wednesday and carried on a constant din of cheering and clapping as the players went through their routines.

Old timers say not since the days of Coach Earl Rell Blaik a decade ago has there been such a spontaneous demonstration on the part of the cadets.

A pep rally was scheduled Thursday night at which Capt. Pete Dwykins, 1966 Irishman Trophy winner and later a Rhodes Scholar, was the principal speaker.

THE AMALGAMATED SUGAR COMPANY

'Big Three,' Casper Gain Tourney Wins

VIRGINIA WATER, England (AP) — The biggest names in golf—Jack Nicklaus, Arnold Palmer, Billy Casper and Gary Player—conquered Wentworth's West course with par-shattering figures Thursday and qualified for the semifinals of the World Match Play Tournament. Nicklaus will play Casper and Palmer will face Player Friday in a renewal of the 36-hole elimination matches. The winners will clash Saturday for the \$40,000 first prize put up by a cigarette company.

The powerful Nicklaus, of Columbus, Ohio, holder of the Masters and British Open crowns, fired the best single round — a 10-under-par 64 — but Palmer, hiding to reclaim the title he won four years ago, scored the most decisive victory in the opening matches.

Nicklaus grabbed a 5-hole lead with his sensational morning round and lost only three holes in beating Dave Thomas, a bull-shouldered Westman, 6 and 5. Palmer, coming from a six-week layoff, looked like the imposing charger of old in crushing Roberto De Vincenzi of Argentina 10 and 8.

Casper, the U.S. Open champion from San Diego, Calif., canned an eagle putt of 60 feet from off the green at the fourth hole for an early lead and went on to beat Peter Thomson of Australia, five-times winner of the British Open, 3 and 2.

Player, who won the American-Open-Canada-Cup-Winter Series and this event last year, the hardest-time-of-it-one down after 18 holes, he rallied for a 4-up triumph over Neil Coles, the British Ryder Cup ace.

MacPhail May Join Yankees

LOS ANGELES (AP) — Lee MacPhail, former Baltimore general manager and now the executive assistant to the baseball commissioner, refused Thursday to discuss reports he will become general manager of the New York Yankees, a club of which his father once was part owner.

"As a baby sister, I've found the most dangerous age in man is five years old!"

BRIDGE BY JACOBY

SOUTH SEEKS NEEDED TRICK

It usually pays to try to develop your longest suit at no-trump. Sometimes you just don't have time, in that case you must scramble for your tricks somewhere else.

South was one point shy for his partner's opening bid. He heard that his two ten spots would make up for that deficiency.

South captured East's jack of spades with his king and counted

All You Can Eat JUST 2.75

Along Fences and Canals

Preparation is under way at the ranch of Mr. and Mrs. Clyde Southwick, north of King Hill, to cut their milo, which will be fed to their stock during the winter months.

Mr. and Mrs. Chester Loucks have remodeled their farm home at Tuttle and have moved to the farm from Twin Falls.

George Terry, King Hill, is baling hay at the Keck Ranch at Hammett this week.

Karl Caranahan is cutting beans at his ranch south of King Hill, in Pasadena Valley. He also is threshing beans in the afternoon because of the heavy dew that collects on the beans during the night.

With the extended good weather this fall, the bean crop will be much better than anticipated, Lincoln county farmers report. The week's frost helped the potato situation some by killing the vines. Next farmers are busy now cutting silage corn and planting fall wheat. Extra irrigation was required to keep hay growing in the unseasonable heat. This, too, has caused the alfalfa fields to become extra rich and farmers are having some difficulty with bloating of animals.

Emergency Funds Granted Shoshone Basin Fire Area

Lee T. Morgan, state conservationist, Soil Conservation Service, has received word from the U.S. Department of Agriculture that \$75,000 in emergency funds has been made available for the Shoshone Basin fire area. The money will be used for the land owners in the fire area to clear brush, fence, and rippling to reduce runoff and to stabilize the soil. It is planned to rip to a depth of 15 to 16 inches and at 40-foot levels.

Production Level Noted In Herd Here

Dairy cows on production testing in Unit 2 of the Twin Falls County Dairy Herd Improvement Association during September averaged 29 pounds of butterfat per cow and 1,083 pounds of milk, reports County Agent Donald Young. Production figures include all cows, including dry cows. The September record of testing supervisor Tom Bergstrom, Twin Falls, showed that 1,303 cows were on test, with 1,228 in production, and 135 dry cows.

In the large herds of over 50 cows, Alvin and Stan Smutny, Twin Falls, had the highest production average of 52 pounds of butterfat, 1,576 pounds of milk, with 134 cows milking of a total of 137 other large producers. The national association of the Junior Herd Breeders was organized here one year ago.

Each state will send two official delegates, adult and visitors, competitors in various national contests and candidates for directors for a total of approximately 150 people.

Gene Randall, Kimberly, 35; Hanssen, 35, 129, 38 and 29; and Roger Stafford, Kimberly, 35, 1,132, 45 and 30.

In the small herds, under 25 cows, Grant Hall, Buhl, was high with 56, 1,409, 12 and 12. Other high producing herds are: E. W. Andrews, Filer, 40, 1,233, 30 and 25; Vernon Lassen, Filer, 40, 869, 42 and 38; Harvey Grindstaff, Buhl, 39, 1,013, 42 and 30;

Eastern Idaho Sugar Beet Harvest Gets Under Way

IDAHO FALLS — Harvest of sugar-laden root, Olsen said a 1966 crop of sugar beets in prospect. Storage of feed eastern Idaho started on Oct. 6, according to Lloyd V. Olsen, district manager for Utah Idaho Sugar Co. Olsen noted this year's crop "average to better than average." Although the unfavorable weather last spring was not conducive to good early growth of the area's crops the general weather pattern this fall has been excellent for maturing sugar beets.

Land Law Conference Set in Boise

MOSCOW — Land law experts from throughout the United States will converge on Boise Monday for the first Public Land Law Conference sponsored by the University of Idaho. The purpose of the conference is to "provide a forum for an exchange of views on the public land laws and related problems by various representatives of the public, state and Federal agencies," according to Dr. Ernest W. Harung, U of I president.

More than 200 persons are expected to attend the conference, which is open to the public. The first general session will be opened by Dr. H. Walker Stetson, U of I vice president, followed by a history of the development of public land law presented by Ernest Wohletz, College of Forestry dean. The conference will continue Tuesday with panel discussions on farm and range land laws and water and recreation land laws.

TEN-YEAR-OLD custom-built combine, C. B. Hay, was purchased in 1956 by M. H. and H. E. Wuebbenhorst. It has been used since that time in the harvesting of beans for the Agrow Seed Co. The machine was manufactured in San Jose, Calif.

Bean Combine Machines Show Great Progress Since Steam Engine Days

BY O. A. (Gus) KECKER Times-News Farm Editor
FILER — Mr. H. Wuebbenhorst, who lives down Buhl way, started combining back in Nebraska when a steam engine came to the combines, the combines new in the fields.

"In the early days when the steamers were in use, the equipment was stationary and wagons brought the wheat or beans to that spot. Today the combines are mobile and go from field to field," M. H. said.

Then H. E. cut in with another observation. In those early days it required about 14 men to run a steam operation for wheat and up to 20 men for the bean operation. Today with the mobile equipment, two men do the job in much less time than the 20 used to take. The new equipment also can thresh more than the stationary could.

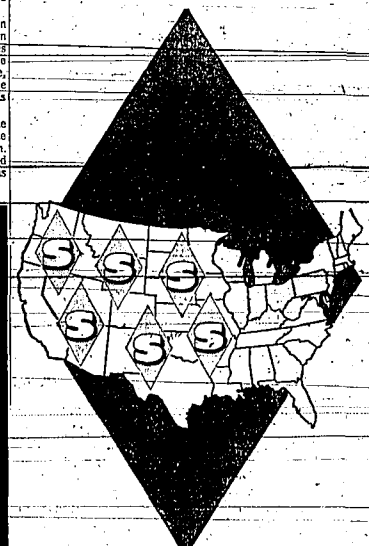

With the equipment now in use, two men can easily care for 20 to 25 acres a day. The steamers were in use, the equipment was stationary and wagons brought the wheat or beans to that spot. Today the combines are mobile and go from field to field.

Water to Be Turned Out Of Canals

KING HILL — Water will be turned out of the King Hill Irrigation system Monday, Donald Flock, chairman of the board of directors, reports after a board meeting this week.

Maintenance crews will begin tearing down the old wooden siphon at Big Pile, 15 miles southeast of King Hill. The Galey Construction Co., Boise, will install a six-foot concrete siphon as soon as the water is out, Flock said.

Ted Moore, manager of the district, will be in charge of the dismantling of the old siphon. When this project is completed there will be no wooden siphons beyond Glens Ferry.

GROWING SOMEWHERE? Use Simplot Fertilizers

You will find that whatever your specific fertilizer needs may be, there's a Simplot Diamond Brand Fertilizer especially suited to your needs and that it is of the finest quality. The Simplot Company produces fertilizers as prime products. Each is engineered in process and formula to be the finest product that can be delivered to the farmer, whether it is bag, bulk or liquid. And, today's finest quality may be improved tomorrow, because Simplot researchers are always looking for ways to make good products better. Use Simplot Fertilizers from your nearby Simplot dealer for easy-to-apply materials that make you more profit.

WHOLESALE FOOD is one of the items which, taken together, result in "healthy" and vitalized living, according to 4-H Club officials. This picture shows several bread types, all of which can be part of a daily diet. (4-H photo)

Bread Baking Defined as Real Thrill

CHICAGO—"Some days when things just don't seem to be going right," said 18-year-old 4-H'er, Connie Bushey, "I retreat to the kitchen, forget my troubles, and make a loaf of bread."

"It's a real thrill to see the smiles when my family takes that first bite of my latest bread creation," she added.

Connie obviously hasn't made all of her best breads "when things weren't going right," because in nine years she has made the equivalent of 1,300 loaves. She has given numerous demonstrations on yeast breads, rolls, and coffee cakes, appeared on television and has become an experienced judge of home-baked foods.

She is typical of the top ranking women who will be named \$500 scholarship winners in November for outstanding 4-H Bread projects. Connie won a scholarship last year which she already has applied at Purdue University where she has finished her freshman year.

The scholarships plus trips to the National 4-H Club Congress for state award winners are provided by Standard Brands Incorporated. As national sponsor of the 4-H Bread program, the

corporation will provide medals of honor for some 4,500 county award winners.

Altogether, well over a half million 4-H'ers have participated in a bread project this year, according to an estimate made by the National 4-H Service Committee, which arranges the 4-H programs in cooperation with the Extension Service.

BANQUET SET

PORTLAND, Ore.—A banquet for Hereford enthusiasts with a "new look" will be a special feature of the many HEREFORD activities to be held in conjunction with the Pacific International Livestock Exposition here October 11-21.

Bids Called For Fence Replacement

PORTLAND — Bids are invited by the Bureau of Land Management, Department of the Interior, for construction of approximately 10 miles of fence on public land in Twin Falls, Cassia, and Bannock Counties, Idaho.

Four individual projects are included in the fencing work, bids for which will be opened at 2 p.m. Pacific daylight time, October 11, 1966, in the Bureau's Service Center, 710 N. E. Holladay Street (P.O. Box 3861), Portland, Oregon 97208.

Bids will furnish all of the fence materials and the contractor is required to provide supervision, labor, transportation and such other supplies necessary to complete the fence construction.

For the convenience of interested bidders, a guided inspection tour of the project site will be conducted by a bureau representative.

The District Manager of BLM in Burley, should be contacted for tour and other information on invitation 1947. The telephone number is 678-5514.

The Portland service center also will furnish more details on the work to be done.

Small business concerns, only are asked to submit bids.

Increases Told

BOISE (AP) — Guidance and counseling personnel in Idaho schools increased during the 1965-66 school year at three times the former rate, the Idaho Education Association reported Thursday.

During the year 48 counselors were added to staffs of Idaho schools, boosting the total to 238, Wayne York, IEA executive secretary, said.

Water Shutoff Date for Rupert Area Is Oct. 14

RUPERT — Ditchriders of the A and B Irrigation District will turn off the pumps and shut off the water at their regular arrival times at each installation, on October 14, according to Virgil D. Temple, manager. This will include all of the deep well systems on the North Side Pumping Division, and the Unit A Pumping Plant on Snake River.

Use of water has been exceptionally heavy this year, due to the low precipitation last winter and carry over from the previous season.

However, the demand for water had declined rapidly since September 1st, and has now reached the point where expansion of the pumps is required to meet the water orders without unnecessary waste and loss of water. Pumps throttled use all most as much power,

(Ingr. in both water and power will be achieved by closing the irrigation season as early as reasonably possible.

Hearing on Wilderness Area Is Set

OGDEN—Regional Forester Floyd Iverson reminds interested Americans that a public hearing will be held on the proposal to establish a High Uintas Wilderness. The proposal is to establish by act of Congress a 225,000-acre wilderness in the Uinta Mountains, on the Ashley and Wasatch National Forests in Utah.

The hearing will begin at nine o'clock the morning of October 12 in the basement (B-20) of the Federal Building, 124 South State Street, Salt Lake City. Utah's Dean Gardner, Attorney in Charge, from the Department of Agriculture office of the general counsel, will preside at this meeting in behalf of the secretary of agriculture.

Both written and oral statements will be taken during the hearing. All persons wishing to present a statement will be asked to complete a registration card. These cards will be available in the hearing room.

Proceedings of the hearing will be transcribed and the record will consist of the transcript of the hearing plus written statements.

Federal, state, county and local government representatives will appear first at the hearing. They will be followed by representatives of national, state, and local organizations. Private individuals will be called in alphabetical order.

Persons may submit statements for the record without attending the hearing. Statements will continue to be received until November 12, 1966, and should be addressed to Regional Forester, U. S. Forest Service, Federal Building, 224 25th Street, Ogden, Utah 84401.

This hearing and the Forest Service proposals which preceded it are required by the Wilderness Act of 1964. The act directs the secretary of agriculture to review areas classified as primitive, such as the High Uintas Primitive Area, and determine their suitability for preservation as wilderness. The report and a complete record of the hearing will turn to the President, who in turn will make his recommendations to Congress. "We hope anyone interested to testify concerning this proposal will do so at this time," concluded Iverson.

Prairie Pigs Led to Big Indian War

FAIRFIELD—Cannas Prairie was an important feeding ground for cavalry horses in the days when soldiers were stationed at Fort Buford. Government opened the area for settlement in 1877. But the settlers allowed their pigs the run of the prairie, some of which had been reserved by treaty for Indian use.

The Indians resented the pigs eating one of their favorite foods (the camas) and the Bancock Indian War of 1878 flared, retarding settlement.

The mute, crumbling chimneys on Chimney Creek suggest there once was a village here to settle the area but that mystery has never been solved.

The land was the big attraction then as now, for it would grow vegetables and grains without the aid of irrigation. Cannas County's real wealth has always been in farming.

The northern part of Cannas is situated with mountains, the Sawtooths, the Smoky, and the Soldiers while the south is the rich Canaan Prairie. The climate is especially favorable for growing crops with the air light and dry in winter and summer moderately but with cool nights. This area of over 100,000 acres is called the granary of southern Idaho.

FOREIGN REPORTERS, decked out in doctors' gowns, view the Chuvash State Farm near the central Ukrainian city of Poltava. Farm and industrial achievements in the post-war government, officials report. The tours include many of the government farms in a diversified program. (AP wirephoto).

Grain Harvest Complete in Idaho as Weather Stays Fair; Ranges Poor

BOISE—Continued fair weather during the latter part of last week permitted rapid progress of field activities in all areas. Showers Sept. 25 slowed harvest activities in the southern half of the state. Grain harvest was virtually complete in all areas.

While harvest of the third-cut alfalfa hay, silage corn, red clover, and alfalfa continued, major farm activities during the week included fall plowing, fall seeding, fertilizing, and harvest of remaining crops.

Soil moisture in all areas is low and in some cases is below normal. The seeding of fall grains—harvest of potatoes—gained momentum in the south. Harvesting in the central and east. Potato vine killing is progressing rapidly as a killing frost had not been received by the end of the week. The dry bean harvest progressed rapidly. Livestock are being moved to winter ranges where the grass will permit. Poor conditions of fall ranges have caused an increased sale of livestock.

Area reports follow:
SOUTHWEST IDAHO: Warm weather continued to deplete soil moisture supplies in nearly all localities. These weather conditions have been favorable for harvesting activities which are generally completed in all areas. Other farm activities include fall plowing, fertilizer application, livestock movement and general farm chores. Planting of fall grains continued where soil moisture supplies would allow and vary by area as to per cent completed. Emerged stands of winter grains appear sturdy in some areas but are generally reported to be good. Livestock were continuing to be moved to winter quarters in all areas and were reported to be in good condition.

Apple harvest is underway in most areas and varies up to 80 per cent completed. Harvest of third-cut alfalfa hay and silage corn is nearly completed while the harvest of alfalfa and red clover seed continues. Planting of winter grains was proceeding and emerged stands were reported to be good. Livestock are being moved to winter ranges, however dry range conditions have caused an increase in livestock sales. Most ranges vary from fair to poor in condition.

SOUTHCENTRAL IDAHO: Scattered showers brought good weather early in the week, however, harvesting activities continued with good progress. Harvest of small grains is essentially completed and the wheat harvest is well advanced.

Hayride Set By Hagerman FFA Chapter
HAGERMAN—Members of the Future Farmers of America will hold a hayride at 7:30 p.m. Saturday.

Members should meet at the school at this time. Gail Hoskie, president, at the meeting Tuesday evening, picked the executive committee: Gary Ahlberg, Wallace Akers, Bruce Aschua, and John Gibson to choose the route for the hayride.

Kenneth Barton, Dick Miller and Hoskie were named to put a chart on the board in the gym room to show the points earned by members.

Chapter farmer initiation will be held the first meeting in November, and the Greenhand initiation will be held the second meeting in November. Members voted to hold their meetings on the first and third Tuesdays of each month, when possible. The Harvest Fall is set for Nov. 11.

USE TIMES-NEWS WANT ADS FOR FAST SELLING RESULTS

areas. Potato harvest has been delayed due to the lack of vine-killing frost. Planting of winter grain crops varied from 20 to 50 per cent completed. Emerged stands vary as more soil moisture is needed to germinate the seeds. Livestock are being moved to winter ranges and to market.

EASTERN IDAHO: Rain—the first part of the week delayed harvesting but a warming trend toward the end of the week was beneficial for all operations. Major farm activities were reported to be potato vine killing and harvest, fall plowing and planting, hay harvest and livestock movement. Grain harvest was virtually complete in all

Lamb and Wool Promotion Program Gains Approval

SALT LAKE CITY—A preliminary nationwide tally of the lamb and wool promotion referendum shows "yes" votes by 79.8 per cent of the sheep producers voting and owning 79.2 per cent of the sheep represented in the referendum vote.

This report from Washington, D. C., was received by Edwin E. Marsh, executive secretary, National Wool Growers Association.

Under the regulations for this promotion program, the Secretary of Agriculture declares the referendum "successful" if either two-thirds of those voting own wool and lamb promotion or two-thirds of the sheep pro-

duction represented in the vote, is favorable. Therefore, on the basis of these preliminary returns, the program will continue.

Marsh said that nationwide approval for the promotion program is "firmly indicated by the fact that eight out of every 10 producers participating in the referendum cast 'yes' ballots; thus demonstrating confidence in the value of their own wool and lamb promotion program."

Gooding Okays Building Permits

GOODING—Gooding city councilmen approved several building permits at their regular meeting held Tuesday night at the city hall.

Permits were approved for Gene Abercrombie, 14th Ave. W., addition of a dining room, \$50; Harold Northrop, 410 8th Ave. E., carport, \$1,300; Mirimar, 214 Main St., new sign, no charge; Alvin Gortell, Wyoming St., addition, \$2,000; Clark, Sloman and Leavelle, 10th and Washington, duplex, \$10,000; and Robert W. Miles, 1000 California St., remodeling, \$300.

F. H. Weber met with the city council concerning a building permit. No action was taken pending further investigation.

British Army Recruiting Is Colorful

LONDON (AP) — The posters show young men sportsmanlike, skiing, playing soccer and sunbathing on tropical beaches.

A holiday camp?

No — just part of an expensive and successful recruiting drive mounted by the British army, a volunteer fighting force. Unlike the United States, Soviet Union, West Germany, France and most other countries, there is no draft in Britain.

It costs the army \$305 million a year in advertising to help maintain its strength of 150,000. To lure young Britons away from civilian jobs, the army has transformed itself — from the rough-and-ready days before World War II when the army was the only haven for many unemployed men.

Split and polish discipline has relaxed. The private's daily pay has shot up from a meager 20 shillings — 28 cents — in the 1930s to 25 shillings, \$3.50 — plus free food and quarters.

Married soldiers get allowances and families generally have housing facilities overseas. Travel is also used by the army as an inducement in its recruiting campaign. Britain maintains garrisons in West Germany, A.C.N. Singapore, Hong Kong, the Caribbean and other spots around the world.

But as Britain's responsibilities overseas diminish, new problems arise. "Camp facilities in Britain are not as good as they are overseas," says a senior spokesman. "If all our troops came home we'd be in a real spot. There's nowhere to put them all."

Britain had 15,000 Gurkhas involved in the recently resolved confrontation between Malaysia and Indonesia. About 5,000 are being withdrawn from the area — some returning to Britain and others to Hong Kong.

Britain's largest garrison is in West Germany. The Rhine army totals 51,000 men. Berlin has 3,000 more.

There have been demands in Parliament that West Germany contribute more to the cost of the force and even that the troops pull out.

The army has another problem posed by its 15,000 Gurkhas in India and Nepal. The tough little Gurkhas played a prominent part in Britain's successful fight against the Communists in Malaya in the early 1950s and in the Malaysian-Indonesian confrontation.

Now that the confrontation is over, the army may have to cut the Gurkha force to 10,000.

Apart from its army, Britain maintains a force of 85,000 men and a navy and royal marine force of 83,000. Thus Britain has 361,000 men under arms. The United States has 416 million.

Extension Granted for Range Work

Users of public domain range lands have been given an extension to Dec. 31 for filing applications for or unauthorized range improvements. It was announced here by Joe T. Tallin, state director of the Bureau of Land Management.

According to BLM Director Boyd L. Rasmussen the extension was granted because the original deadline of Sept. 30 came at a busy season for the cattlemen and sheepmen, especially during range conditions have been aggravated by drought conditions. The extension gives range users time to inventory improvements not covered by written permits.

Applications are required for fences, buildings, corrals, cattle guards, and all other unauthorized improvements on lands administered by the Bureau of Land Management. This will include many which have been on the ground for years, said Tallin.

Applications are now due by the end of the year, and should be submitted to the local district manager.

berhorst and H. E. Wuebberhorst, both of the Buhl area, who have combined for the Asgrow concern for the past 10 years. It is estimated that the two men have combined 6,000 acres of beans in the Filer and Buhl areas. (Times-News photo)

1967 Turkey Crop Expected to Pass Previous Year; Price Drop May Come

CHICAGO — The 1967 turkey crop is expected to be five to 10 percent above 1966 according to the Poultry Survey Committee and they predicted that if expansion in 1967 should exceed five percent farm prices during the September-December 1967 marketing period are likely to drop sharply below the same period this year.

The committee, composed of leading college economists and sponsored by the American Food Manufacturers Association and the National Turkey Federation, stated that broiler marketing during the first half of 1967 are expected to be 10 to 12 percent greater than 1966, but prices about one and one-half cents under the same period of 1966.

U.S. farm egg prices for the 12-month period starting Oct. 1, 1966 are expected to average about five cents below the favorable price of the preceding 12 months, the committee said.

The Poultry Survey Committee is composed of Dr. Ralph L. Baker, Ohio State University; Dr. William R. Harner, North Carolina State University; Dr. Richard A. Kohls, Purdue University; Dr. Henry L. Zaretsky, Michigan State University; and Dr. Jerome Siebert, University of California. Economists from industry and USDA serve as ex-officio members. The committee meets quarterly to forecast supplies and prices of turkeys, broilers and eggs.

The complete report of the committee is as follows: TURKEYS — U.S. farm turkey prices during October-December should at least equal the 27.4 cents average prices received during this period a year ago. The substantial late season price increase of last year, however, is not expected.

The carry-over of cold storage stocks in 1967 will be about 10 percent above the 200 million pounds of January 1966. The increase in 1967 turkey production of 5 to 10 percent is currently anticipated. Certainly, the early season turkey hatch will be substantially above year earlier levels. Feed costs for this early production will be about 10 percent above a year ago. Feed costs during the heavy summer feeding period may not be much different from those of this period in 1966. It should be remembered, however, that 1966 feed prices were substantially above those of 1965.

The consumer acceptance of processed turkey meat has been increasing rapidly, and this will bolster the demand for the export market operations, where quality construction is wanted at an economical price. Dependable performance and good mileage make the Metro Mile ideal for most any short haul operation. Just like every Cooper truck tire, it's quality built in every respect.

Cooper's Metro Mile is one of America's best values in a really low-priced truck tire. Designed for local cartage and farm to market operations, where quality construction is wanted at an economical price. Dependable performance and good mileage make the Metro Mile ideal for most any short haul operation. Just like every Cooper truck tire, it's quality built in every respect.

Neighborhood Youth Corps in Rural, City Areas Aids Gem State Economy

BUTTE — The Idaho state economy was \$100 better off last year because of the 12 Neighborhood Youth Corps projects operating in rural and city areas, located in Room 315, Federal Building, Butte, Mont. 59701.

This was the announcement made by A. J. Craig, field representative of the U.S. Department of Labor, N.Y.C. agency.

The \$267,700 represented the federal share of operating costs for seasonal slumps, and particularly those small-volume merchants located in or close to economically depressed areas, in both urban and rural localities.

Enrollees, ranging from 16 through 21 years of age, were paid \$1.25 an hour for working nearly full time in Neighborhood Youth Corps programs designed to fight the local war on poverty, in most cases the money thus earned enabled the youth to return to school this fall and reduced the number leaving the classrooms for economic reasons.

Project sponsors in the Gem State included: School District No. 151, with 64 enrollees in a project involving \$28,510 in federal funds; Twin Falls, School District 411, with 25 enrollees in a project involving \$12,740 in federal funds; Boise, Idaho, State Soil Conservation Commission, 113 enrollees, in a project involving \$33,910 in federal funds.

Fort Hall, Fort Hall Business Council, with 61 enrollees in a project involving \$24,520 in federal funds; Boise, Ada County N.Y.C. Inc., with 50 enrollees in a project involving \$24,510 in federal funds; Aberdeen, Bingham School District No. 53, with 10 enrollees in a project involving \$4,630 in federal funds; Preston, Franklin County Fair Board, with 28 enrollees in a project involving \$12,710 in federal funds.

Mosteller, Bear Lake School District No. 33, with 10 enrollees in a project involving \$4,630 in federal funds; Boise, Idaho State Forestry Department, with 58 enrollees in a project involving \$28,880 in federal funds; Payette, Lincoln Alpine 4-H Camp, Inc., with 19 enrollees in a project involving \$5,000 in federal funds; Lapwai, Nez Perce Tribal Executive Committee, with 85 enrollees in a project involving \$37,440 in federal funds; and Plummer, Coeur d'Alene Tribal Council, with 55 enrollees in a project involving \$37,400 in federal funds.

Nationally, an estimated \$88,000,000 in new purchasing power has found its way into the mainstream of hundreds of local economies this summer through Neighborhood Youth Corps projects.

Youth Corps experience indicated that broiler prices fall below cost of production — up 16.18 per cent in the first quarter of 1967. Considerable expansion of processing capacity is under way. These conditions suggest a need for caution.

Results of Cow Testing Termed Good

The D.H.A. testing program for milk production shows—real results, for August. One thousand and two hundred and twenty-two cows in 27 herds on test produced a total of 1,337,038 pounds of milk and 46,999 pounds of butterfat.

This means that the average cow in the association produced 101 pounds of milk and 35.3 pounds of butterfat. Included in this count is 114 dry cows during the month. Forty cows produced in excess of 567 pounds of butterfat, according to information from the county agent's office.

Byce Allred, local supervisor, in his report for the month shows the top producing herds with a production average of 1,715 pounds of milk and 56.0 pounds of butterfat, 1,511 pounds of milk and 51.0 pounds of butterfat per cow in two herds over 20 cows.

Three top producing cows in the association produced 2,400 lbs. milk with a 4.0 per cent fat test and 96 lbs. butterfat. The second place cow produced 2,439 lbs. milk with a 3.8 per cent fat test and 93 lbs. butterfat produced.

Homemaker Session at Pocatello Is Termed Success; Seminars Featured

POCATELLO—Attendance of the 17th annual "Homemaker's Council" reached the 235 mark on the final day of the two-day convention held in Pocatello at the Bannock Hotel.

Homemakers from all parts of the state participated in this two-day convention which began Thursday. Theme for the convention was "You in Your World."

Mrs. J. E. Shepherd, Eagle, president of the state organization conducted the opening session. In the afternoon, Mrs. Paul Pattee, Pocatello, presented the colors made by Idaho State University ROTC Unit. Mrs. Paul Pattee also presented the colors made by the Idaho State University ROTC Unit.

Presentations of the colors were made by Idaho State University ROTC Unit. Mrs. Paul Pattee also presented the colors made by the Idaho State University ROTC Unit.

MICHAEL QUESNELL, former Twin Falls High School student who is now a freshman at the University of Idaho, will be one of four Idaho youths to receive the coveted American Farmer degree at Kansas City early next week. He is a son of Mr. and Mrs. Harvey Quesnell.

MICHAEL O'DELL, a Twin Falls High School student, will be one of four Idaho youths to receive the coveted American Farmer degree at Kansas City early next week. He is a son of Mr. and Mrs. Harvey O'Dell.

DAN CRESS, a Twin Falls High School student, will be one of four Idaho youths to receive the coveted American Farmer degree at Kansas City early next week. He is a son of Mr. and Mrs. Harvey Cress.

Twin Falls Youth to Receive Coveted American Farmer Award at FFA Meet

Four boys will represent the year and who are showing evidence of becoming successful in the future in an agricultural occupation.

In addition to the boys who have official parts in the convention program, many of the Idaho vocational agriculture students will attend just to view the proceedings.

Robert Wells, Michael O'Dell, Dan Cress, and Harvey Quesnell will be one of four youth in the state to be honored with the degree and will be in a thousand may attend the convention from Idaho.

The other three boys, all high school students here, are Dan Cress, Michael O'Dell and Harvey Quesnell. They are delegates of the local chapter.

On-the-job training program supervisor, Boise, said he had received information from vocational agriculture instructors over the state, indicating that Idaho attendance at the convention will be the highest in the history of the program.

They will all make the trip on the special train under adult supervision.

On-Job Training Approved For Automotive Mechanics

SEATTLE—Approval of an on-the-job training program with the Idaho Automobile Dealers Association, Boise, was announced here today by Roscoe Burt, regional director of the U.S. Department of Labor's Bureau of Apprenticeship and Training.

Burt said 100 persons will be trained for 26 weeks as automotive mechanics and body repairmen.

Financing of the program will involve \$80,750 in federal funds. The contract was negotiated by the Idaho Automobile Dealers Association, Boise.

Texas Leads All States In Hereford Registrations

KANSAS CITY, Mo. (Special)—The Hereford cattle of Texas again ranked first in the total number of Hereford registrations during the fiscal year ending Aug. 31, according to Paul Swaffler, secretary of the American Hereford Association.

Registrations in Texas continued to grow as indicated by the 12-month period, a jump of nearly 4,000 head from the previous year.

Oklahoma Hereford breeders moved back into second place after dropping to third a year ago, losing out to Kansas by some 400 head.

Idaho Hereford breeders registered 2,267 compared to 2,181 for Kansas breeders.

Nebraska continued to rank fourth in Hereford registrations during the past year with 26,193.

An interesting battle has been going on among breeders in Oklahoma, Kansas and Nebraska for several years. Only twice in the past 10 years have these three states been out of second, third and fourth rankings.

Roundup of the top 10 states in Hereford registrations, with no change in ranking from last year, were: 5th, Montana, 24,575; 6th, Missouri, 23,280; 7th, South Dakota, 21,189; 8th, Colorado, 19,518; 9th, North Dakota, 16,370; and 10th, California, 13,822.

Completing the 20 Hereford states according to the number of registrations, were: Illinois, Kentucky, Iowa, Tennessee, Wyoming, Oregon, Mississippi, Arkansas, New Mexico and Idaho.

CONSTRUCTION OK'D.—The Oregon Highway Commission approved an agreement with the Idaho Highway Department today for construction of an additional 162-mile-long highway between the Snake River and the Snake River.

Increase in Sales Shown In Report

MINNEAPOLIS.—General Mills announced that estimated earnings and sales for the first quarter of its current fiscal year show increases over the same period of 1965-66.

Profits after taxes during the 13-week sales at \$150,284,000, compared with \$142,948,000 a year ago. Earnings per sales dollar, at 4.4 cents, were up from 4.3 cents a year ago.

In reporting the quarterly estimates and comparisons with last year, General Mills stated that figures for the "Tom-Houston" brand, which had been incorporated in both instances, under pooling of instances accounting procedure.

In reporting the quarterly estimates and comparisons with last year, General Mills stated that figures for the "Tom-Houston" brand, which had been incorporated in both instances, under pooling of instances accounting procedure.

Charles H. Bell, General Mills Chairman, and General Mills President, said increased first quarter sales had been accomplished despite a reduction in flour sales during the first quarter of 1965-66.

Index Up

BOISE (AP)—The index of prices received by Idaho farmers moved up six points in the month ended Sept. 15, the U.S. Department of Agriculture reported today.

The index stood at 279 percent of the 1910-14 average. The department said price increases were reported for barley, alfalfa, hay, potatoes, apples, red clover seed, alfalfa seed, dry beans, cattle, eggs and butterfat.

First Security Watch award went to the outstanding 4-H Girl, Karen Anderson.

Boise Valley Angus trophy for first steer was awarded to Vann McKee. Trail Breeding trophy was presented to Bob Miller by William Trail. Boise Valley Angus trophy for breeding animals was given to Diana Hostet. Idaho Cattlemen's Association belt buckle was presented to Phyllis Lord. Statesman trophies were presented to Harry Knox for sheep, Gary Groesbeck for hogs, Mary Blake for dairy, Phyllis Lord for beef, Beth Davis for Reserve Beef.

Dinner Awards were presented to Bob Parish and Gloria Hansen.

Feed Barley Adopted for North Idaho

UNIVERSITY OF IDAHO—Moscow—A new, high yielding winter feed barley variety, named Luther, developed by the University of Idaho Department of Plant Sciences, announced.

The new variety, named Luther, averaged more than 100 bushels per acre in yield trials in this area's 20 to 25 inch rainfall zone, Finley said. This is five to 15 bushels higher than the common winter feed barley varieties, Alpine, White Winter and Hudson.

Luther is also shorter and has a stronger straw than the other varieties. It does not lodge even under very heavy fertilization.

A mutant or sport of Alpine barley, Luther was created with the help of a chemical mutagen, diethyl sulfate, a material which induces permanent gene changes. It was developed by Dr. R. A. Nilan and Carl Muller, Washington State University barley breeders, and was named in honor of the late Dr. Luther Smith, WSU plant geneticist from 1936 to 1952.

Seed of the new variety will not be generally available until the fall of 1967. About 16,000 pounds of foundation seed is being distributed this fall to certified seed growers, primarily in Washington, Finley said. Small amounts of both Luther's seed and foundation seed have been planted at the university's plant science farm at Moscow.

JOHN PARKINSON

3 south, 5 west and 1/2 south of Jerome.

Richard D. Blincoe, Heyburn, Named Lincoln County Grassman for 1966

SHOSHONE—Richard D. Blincoe, Heyburn, was named Lincoln County Grassman of the Year for 1966 as a result of a contest held for judging purposes, for installing and perfecting the four farms visited. Pete Arrossa was named second place or "runner-up."

Blincoe, in partnership with his sons, Richard L. and Larry, operates a large tract of grassland in the Kinama area in Lincoln County.

The Blincoe family runs sheep and cattle on their farms, and they own and operate a feeder cattle setup South and West of Paul. At the feeder area, they store hay and grain from their Lincoln County and other farms. Most of the hay and grain are made into pellets, about the diameter of a lead pencil and approximately three-fourths of an inch long.

"Vitamins and other necessary ingredients are added to the pellets as they are manufactured. By 'pelleting' they have grain waste of feed is virtually eliminated. Corn stlage is fed along with the pellets. The silage is stored and cured in large above-ground piles, consisting of widely spaced rows of baled hay, and the space between the rows of baled hay is used to prevent the seepage of moisture from the curing silage and to prevent entry of "foreign" moisture from the ground.

WASHINGTON (AP)—Farm product prices declined 1 percent during the month ended Sept. 15. This halted an upturn of several months.

Reporting the decline, the Agriculture Department said today that sharply lower prices for hogs and soybeans were mainly responsible. Higher wholesale milk and egg prices limited the decrease.

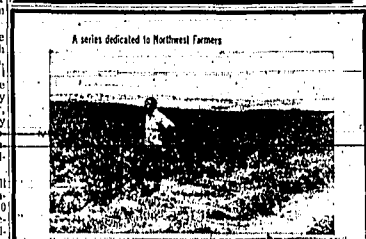

The mid-September farm price level was 8 percent above that of a year earlier.

Before 1916, the farmer was unable to get needed log from mortgage crisis. When the Federal Land Bank was created, the way was paved for the farmer to get this type of credit on the same terms as other businessmen.

Today, the farmer's progress is shown by the fact that he's feeling more people with less land and fewer farm hands. This means that he uses the tools of scientific technology, innovation and capital to get where he is.

The Federal Land Bank has been the provider for much of his capital. We and that you have played a significant role in the progress of agriculture.

NEW LEMHI COUNTY Grassman-of-the-Year, Robert Thomas, Salmon area rancher, and his wife pose at their ranch. The judging committee made Thomas over three other candidates after a tour of the four ranches. The Thomases and their sons, Kelly, 13, and Kim, 11, live on a 200-acre ranch just outside Salmon. Thomas runs 120 head of cattle and 75 head of sheep. He is active in county agricultural affairs. (Times-News photo)

"People Clothes" Worn by Postulants At Spokane's Fort Wright College

SPokane—Except for a crucifix on a chain around her neck, the postulant of the Sisters of the Holy Names of Jesus and Mary is indistinguishable from other students at Fort Wright College.

The seven postulants, for the first time, are wearing "people clothes" instead of the traditional habit—brown jacket, tan skirt, white blouse.

They attend college classes with the "regular" students, may hold student body office and can participate in extracurricular activities short of dating or "mixed" affairs.

They will take their own special classes on religious formation on campus, and they will live together in Kings House—formerly the residence of the Sisters' commandant. They will do their own housekeeping, cooking, marketing and budgeting.

Three postulant sisters will share their quarters. Sister Thomas Maureen, Sister Daniel Mary and Sister Anthony Mary, director of sister formation for this province.

It was Sister Anthony Mary and her group who assessed the needs of postulants and felt this was the best means of introducing young women into religious life.

Mother Kathleen Clate, provincial superior, said the new system—unique in the United States—would "introduce the girls into the practices and customs of religious life as they understand them."

"They will not accept the formalities of religious life without understanding the 'why' of it. Silence doesn't mean a thing to them now, so this rule will wait until they understand its necessity and its purpose. The same applies to meditation. They will have short periods of meditation as soon as they can benefit."

She said that in previous years "postulants not often were withdrawn and overwhelmed. I am convinced a more gradual introduction to religious life is the answer."

While the new introductory approach to religious life has slowed participation in the formalities, it has accelerated indoctrination in the community apostolate work.

Postulants are completing a crash course in Confraternity of Christian Doctrine methods so that they can assist professional sisters engaged in this work. Formerly there was quite a lag between postulancy and apostolic work.

The provincial superior said:

"Terrific Response" On House Vacancy

Advertiser reported from 15 to 20 calls about the 10 day sale of lots of house hunting prospects. Remember that "don't put all your eggs in one basket" rule—sell your property in 10 days now!

tempted political blackmail, not one shovelful of dirt has been turned on these two needed projects in the past two years despite the united efforts of Idaho's Congressional delegation.

Since the Lower Snake River project was taken off the agenda by the voters, bipartisan cooperation has been restored and we are back on the track with the Eastern Idaho water resource project where backers of the project have been not hampered by little more time to undo the damage that was done in 1964.

Compare this political situation of eastern Idaho water projects with the remarkable progress we have made on the great Dworshak dam and Mann Creek projects which were authorized in the same year as the Lower Snake River project.

The advantage of being located in the First Congressional District where backers of the project have been not hampered by little more time to undo the damage that was done in 1964.

Our Thanks... Our Appreciation...

The 4-H and F.F.A. Youth of Magic Valley, and their leaders and advisors, take this method of expressing their heartfelt THANKS AND APPRECIATION to those buyers listed below who so ably supported this year's FAT STOCK SALE at the Twin Falls Commission Company.

It is from such supporters that Youth finds the driving urge to participate in such worthy projects and in turn reap the rewards of a job well done.
