Winds Lift Smog Which Has Hung Over East Coast

By JOHN MORGANTHALER
NEW YORK (AP) — Millions of people on the Eastern seaboard had new cause for thanksgiving Saturday. Fresh winds blew away the awful smog which had hung over them since the holiday eve. From Baltimore to Boston, winds-and-rain-lifted the lid of stagnant warm air that trapped the nation's most populous area in its own foul fumes. State Health Commissioner Roscoe Kandle of New Jersey said the experience should stand "as a sobering reminder that mankind must get very much busier about the enormous job of controlling his environment."
"The alert," he said, "should reveal to us all the unwelcome possibility that time could be on our side if we let it. It underscores the vital importance of working together to clean our own self-preservation."
Most of the area had been under a first-stage alert, under which people were asked to drive less, burn no rubbish, and use less coal and oil for heating. Unusually warm temperatures helped them cooperate.
As the winds came, New York See SMOG, Page 2, Col. 6

Don Allen To Speak At Local Scout Event

Don Allen, a news director for the American Broadcasting Co. will be the featured speaker for the third annual Snake River Area Council's Cabaret International. The announcement was made by Robert (Bob) Erkins, president of the council. It will be held at 7:30 p.m. Saturday at the Blue Lakes Country Club. Mr. Allen's news has been the best and his news reporting capabilities has been described as "imaginative." He combines this imaginative writing and newscasting ability to write his own commercials as well. He is known for his appearance on the television news program "60 Minutes." Mr. Allen was born in New York and his family now reside in the San Fernando Valley of southern California. His wife is the former Patricia Jean Fuqua and all their children were born in Twin Falls.

In addition to Mr. Allen there will be the highlight of Danny O'Neal, nationally known singer who will act as master of ceremonies for the event.
Each year the adult-scouters have put on this affair to supplement the young men's program. It has been very beneficial in helping the council to provide camping for those who cannot afford such an experience," Erkins said.

Last year the cabaret hosted Barry Goldwater and Jack Lindholm.
Following the dinner and entertainment a reception and dance will follow.

Death Toll Runs Ahead Of Last Year

By The Associated Press
The death toll on the nation's highways during the four-day Thanksgiving holiday ran ahead of last year's record pace Saturday.
Accidents that caused multiple deaths added to the mounting toll.
Traffic deaths totaled 445, including 84 under 18 years of age since the start of the count at 6 p.m. local time Wednesday. This was nearly 20 per cent ahead of the total during the same period last Thanksgiving weekend.
During last year's Thanksgiving weekend, 615 persons were killed in traffic accidents, a record high for that holiday. A recent survey of a four-day non-holiday period by The Associated Press showed 546 traffic fatalities.
The National Safety Council did not make an advance estimate of the Thanksgiving traffic toll. A spokesman said the highway traffic pattern "a run" does not reach the high mileage volume that builds up on other holidays.
Five persons, including two married couples, were killed Saturday in a head-on collision near a village east of Ithaca, site of Cornell University.
Four persons died Saturday in a head-on crash north of Arcola, Ill.

BANNED
KUWAIT (AP) — The Arab Boycott Bureau adopted a resolution Saturday banning Radio Corp. of America — RCA — and its affiliates from doing business in the Arab world because of its dealings with Israel.

A MODERN SANTA—A new twist to the old Santa Claus story was played out Saturday afternoon in an automobile that towed the plane.

A SMALL GIRL usually finds it difficult to find a suitable perch during a parade, but Cathy Mazzone, daughter of Mike Mazzone, Twin Falls, solved the problem as she was one of approximately 300 children and adults who greeted Santa Claus Saturday afternoon when the gentleman flew in for a short visit. (Times-News photo)

Jolly Old Santa Claus Visits Twin Falls, Gives Out Toys

The grand old gentleman from the North Pole paid another visit to Twin Falls Saturday and distributed an apparently endless supply of candy and toys to an equally endless supply of children during an early afternoon parade observed by more than four hundred children and adults. Prior to the parade, one of the kind visitor's helpers, assisted by Kenneth Heppner, chief pilot for the Reeder Flying Service, dropped a bag of toys from a low-flying airplane to a scrambling crowd of children at the Bank and Trust corner. Several other helpers distributed more than 800 toys to the children after the drop.
The plane was granted special permission by the city to fly within 100 feet of ground level in order to make the drop.
Santa demonstrated again that he is in step with the times by leading the parade in a new automobile that towed a bright.

Road Mishap Fatal For Malta Girl, 16

BURLEY — Cathy Ward, 16, Malta, was killed instantly at about noon Friday when the vehicle in which she was riding went off the road and was impaled by a guard rail. According to investigating officer Idaho State Patrolman Charles Peugh, Miss Ward, the daughter of Mr. and Mrs. Eugene Peugh—Berber Farm, Hurd, 18, Snowville, Utah. Peugh said the car was traveling south on Interstate 15W about 17 miles east of here. She said Miss Ward apparently went to sleep. The car went off the edge of the road and about 30 feet of

Russ Paper Makes Attack On Peking

MOSCOW (AP) — The Soviet Communist party paper Pravda called Sunday upon opponents of Mao Tse-tung inside China to halt his "erroneous course."
The most sweeping attack on Peking made here in recent years charged that Mao's policies have brought "failures in domestic and foreign policy" that caused growing dissatisfaction in China.
"The attack, made in an editorial, for the first time clearly distinguished the Kremlin up with the dissatisfied elements."
"The interests of unity of all revolutionary forces in the struggle against imperialism demand that the nationalist, anti-Soviet policy and attempts to distort Marxism-Leninism and replace it with the ideology and practice of Mao Tse-tung, is overcome."

27 Killed In Plane Crash Near Saigon

By EDWIN J. WHITE
SAIGON, South Viet Nam (AP) — A U.S. Air Force C-119 transport crashed and exploded shortly after taking off from Saigon's Tan Son Nhut Airport Saturday night and officials said all 27 Americans aboard were killed.
All victims were U.S. military personnel—except one—U.S. Defense Department officials, authorities reported.
Names were withheld pending notification of relatives.
The plane crashed one mile from the airport and its wreckage burned while mixed in a rice paddy. Authorities said a crash was caused by a mechanical failure.
In North Viet Nam, American planes flew through thunderstorms and heavy clouds Saturday to bomb staging and supply areas. Headquarters reported. The number of strikes reported was limited by the monsoon season.

Viet Cong Orders Separate Two-Day Truces On Holidays

By LEWIS HAWKINS
—WASHINGTON (AP)—The Viet Cong broadcast orders to its forces Saturday to observe a two-day Christmas truce and a separate two-day New Year's truce in Viet Nam. It made the orders conditional on observance of the cease-fire by the United States and its allies. The truces would be in effect from 7 a.m. Saigon time on Dec. 24 to 7 a.m. on Dec. 26 and from 7 a.m. Saigon time on Dec. 31 to 7 a.m. Jan. 2. Translated into Eastern Standard time the truces would be from 6 p.m. Dec. 22 to 6 p.m. Dec. 25 and again from 6 p.m. Dec. 30 to 6 p.m. Jan. 1.
The broadcast brought no immediate official reaction from the State or Defense departments or the White House although the latter confirmed that the possibilities for a Christmas truce were being discussed with South Vietnamese government leaders in Saigon.
However, it appears likely the Viet Cong move insures that some sort of truce will be in effect for the holidays.
But it seems equally clear that any such cease-fire will be an anticipated and prolonged interruption of the U.S. bombing of North Viet Nam such as developed from last year's Christmas truce unless the enemy makes some comparable move to lower the level of the conflict.
The Western news correspondents closely this year with the Buddhist new year, Tet, which begins on Jan. 2, a major holiday for the Vietnamese.
Perhaps significantly, the Viet Cong truce order came ahead of an anticipated appeal by Pope Paul VI for an intermission in the conflict at the time of the Christmas festival.
The broadcast order was in a broadcast by Radio Liberation, the official voice of the National Front for the Liberation of the political area of the Viet Cong. It was monitored here by government listeners and in Britain by the British Broadcasting Corp.
The broadcast was described as "orderly" by the U.S. State Dept. and the U.S. Army's Joint News Bureau.

Two Major Parties Okay Coalition

BONN, Germany (AP) — West Germany's two major parties — the Christian Democrats and the Social Democrats — agreed Saturday to form a new coalition government and replace Chancellor Ludwig Erhard.
West Berlin Mayor Willy Brandt, the Socialist leader, told a reporter he sees no reason to doubt this proposal. His successor will be Kurt Georg Kiesinger, the Christian Democrat candidate.
Brandt shrugged off as unimportant the suggestion that as vice chancellor he would have much less influence. But he did not deny that this was the job he might take.
Brandt pointed out that his party has nearly 40 per cent of the votes in the Bundestag and that there would have to be a partnership in policy matters.
Brandt said in a television interview that the Socialists had made the present coalition decision in order to give West Germany a stable government. Their alternative — a deal with the small Free Democrats — "would not have produced a practical majority," he explained.

Loss From Bad Checks May Cause Hike In T.F. Grocery Store Prices

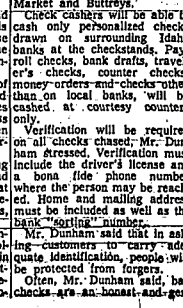

Market and Buttrays.
Check cashers will be able to cash only personalized checks drawn on surrounding Idaho banks at the checkstands. Payroll checks, bank drafts, travelers' checks, counter checks, money orders and checks drawn on local banks, will be cashed at courtesy counters only.
Verification will be required on all checks cashed; Mr. Dunham stressed. Verification must include the driver's license or bona fide phone number where the person may be reached. Home and mailing addresses must be included as well as the bank's routing number.
Mr. Dunham said that in asking customers to carry "heavy" identification, people will be protected from forgery.
Often Mr. Dunham said, bad checks are an honest and good

Order Asked By Governor In Holy City

By ROY ESSOYAN
JERUSALEM, Jordan State (AP) — Gov. Awad El Khatib told the police of Jerusalem Saturday to maintain order and warned that further anti-government demonstrations would be put down.
This Holy City and most of the towns on the Jordan River's west bank were shaken by a riot after anti-government rioting Friday in Jerusalem in which 50 demonstrators were killed and six persons seriously wounded.
In the capital of Amman, the Interior Ministry charged that "Communists and members of other subversive parties" were behind the trouble.
The riot runs on money were seized with some persons who had been arrested. It said the demonstrations began as a protest against Israel, "but subversive elements infiltrated the people."

Robert Vanausdelin Named City Editor

Robert (Bob) Vanausdelin, who has been head reporter and news editor at the Times-News for 1 1/2 years, has been advanced to the post of city editor. Mr. Vanausdelin has been with the Times-News for the past 5 1/2 years. He was born in Twin Falls and attended schools here. He was graduated from the Twin Falls High School in 1959. In March, 1960, he joined the Idaho Army National Guard and received his commission as a second lieutenant in March, 1962. He married Karen Wright in 1961 at Wendell. They have two sons, Michael, 4, and Kurt, 2.
Mr. Vanausdelin is a member of the Twin Falls Exchange Club and the First Baptist Church, Twin Falls.
The Vanausdelins reside at 545 Washington St., Kimberly.

Tax Sharing Plan Drafted By GOP Aide
WASHINGTON (AP) — A House Republican leader has already drafted a plan for sharing federal taxes with state and local governments that will be a cornerstone of GOP policy in the next Congress.
The plan calls for turning back to the states a substantial income tax receipts to states and localities to use as they see fit. The amount would rise gradually to 25 per cent.
Offered by Rep. Charles E. Goodell, R-N.Y., the plan is the first concrete proposal by the House GOP leadership since the Republican election triumph of Nov. 6.
"This proposal seeks to provide for the great public needs of the 1960s and 1970s by equipping state and local governments to meet these needs," said Goodell. "It is an alternative to the philosophy of the Great Society."
Goodell, chairman of the Republican Planning and Research Committee, said the sharing of funds would reduce state administrative subdivisions of Washington.
"It is not being offered, at least originally, as a substitute for any existing programs, although in time it may permit some of them to be cut back."

Rockefeller Friends With Miss Percy

WASHINGTON (AP) — John D. Rockefeller IV was quoted Saturday as saying he has been seeing "a good deal" of Sharon Percy, daughter of Republican Senator Charles H. Percy of Illinois.

The Washington Post reported that in a telephone call to Rockefeller's home in Charlottesville, Va., Friday night he said he had "just returned after spending a few days with my family."

Asked whether he and Miss Percy had plans for marriage, Rockefeller said, "I have seen a good deal of her but we have not made any announcement."

Rockefeller, 78, was elected as a Democrat this month to the West Virginia House of Delegates. He is a nephew of Gov. Nelson A. Rockefeller of New York and Gov.-elect Winthrop Rockefeller of Arkansas, both Republicans.

The young Rockefeller served in the Peace Corps and with the State Department before going to Charleston to work in the Appalachian youth program of the war on poverty.

Miss Percy has visited Rockefeller in Charleston at least twice, sources here said. She stayed at the home of W. E. Chilton III, publisher of the Charleston Gazette.

REV. AND MRS. A. H. MILLER ... musicians, singers and gospel ministers, will begin a series of special services at the Twin Falls First Assembly of God Church, Locust Street North at Shoup Avenue, beginning at 11 a.m. Sunday and each evening except Saturdays at 7:30 p.m. Monday evening is Men Only Night. Rev. and Mrs. Miller have pastored several Montana churches and traveled in the Evangelistic ministry. The public is invited.

Government Experiment Ease Traffic Jams Report

By NEIL GILBRIDE — The government reported today a successful experiment to ease rush-hour traffic jams by luring people out of their cars and jampering them with "premium-bus" service.

But when the federal government ran out, the troubles began. A special "premium" bus was dropped altogether in Peoria, Ill.

It continued in Peoria, Ill., transit company began making such trials as the first during an emergency breakdown and passengers started dropping out of "club" at a rapid rate.

But, said the interim report, the company then began cutting the extras and by last report was climbing up again. There'll be a follow-up report later.

The special rush-hour experiment undertaken at Decatur and Peoria, Ill., started off with a single busload of 31 passengers and wound up with 17 routes carrying 52 passengers, the report said. It overtopped regular bus service in many areas.

The project was "essentially a personalized home-to-work and return express commuter service," the report said.

This meant picking up passengers virtually at their front doors, high-speed lifts, free taxi rides whenever a bus broke down and a monthly billing system instead of having passengers fumble for change to drop in a fare box.

Each passenger merely showed a special "flash" in getting on the bus and in payments of \$8 to 10 month, depending on how they rode.

But when the federal government ran out, the troubles began. A special "premium" bus was dropped altogether in Peoria, Ill.

Hanoi Hannah Seems Dull To Unsophisticated GIs

By KENNETH L. WHITING SAIGON, South Viet. Nam (AP) — Hard-hearted Hanoi Hannah, a radio voice of Communist North Viet Nam, just doesn't have it.

Perhaps she's trying too hard. Even the more unsophisticated GIs find Hannah's heavy dose of propaganda on the dull side. And her music is not top in pops.

Hanoi Hannah follows in the footsteps of World War II's Tokyo Rose and Axis Sally. They tried to attract listeners and win influence among American troops.

The broadcasting formula seems simple: get a girl with a sexy voice and a batch of American records likely to appeal to lonely servicemen, intersperse legitimate news items with bits of the anti-U.S. propaganda and sit back while grumbling and dissension spread among the enemy.

Hannah falls on at least two counts. Her voice isn't sexy and the propaganda pitch isn't subtle.

Axis Sally and Tokyo Rose

often addressed their dulcet tones to specific American units. They told individual soldiers and sailors that their wives were being unfaithful while their men faced death.

Hannah is less specific and more political.

Her half-hour show is broadcast on the shortwave band daily, starting at 8 p.m. on 11840 and 9835 kilocycles.

Friday's program was fairly typical. Hannah introduced a special broadcast to American servicemen in South Viet Nam.

A rickety jazz number came next.

Hannah then spent five minutes quoting "Western news agencies" on American battle losses.

This was followed by antiwar items apparently gleaned from U.S. newspapers. Hannah reported student demonstrations, peace picketing and rallies. She

quoted one draft-age youth as telling the Chicago Daily News that "I'd rather be dead than drafted."

Next came a rock 'n' roll tune titled "Glad All Over" and the show's feature attraction, a talk on "President Johnson's insomnia."

Hannah contended LBJ was "losing and turning, unable to sleep because of 'longhair and jangler' U. S. losses in Viet Nam and worldwide protests against the war."

Her theme was that the President was "too full of care to sleep, and when sleep finally did come it was filled with nightmares."

Hannah appealed to GIs "as clear-minded men don't let yourself be strung along in Johnson's nightmare."

The show usually ends with Hannah reciting the names, ranks and branches of the service of Americans killed in Viet Nam. These are released by the Defense Department in Washington. A schmalzy version of "To Each His Own" signed off Friday's program.

Bank Robbed Of \$25,000 By Gunman

SHELBY, N.C. (AP) — A well-dressed gunman, posing as a government agent, telephoned a bank official for an appointment, then calmly robbed the bank of \$25,000 Saturday and escaped with the bank official as his hostage.

William E. Pearce, 33, senior vice president and cashier of the First National Bank was released unharmed in a movie theater in Charlotte, some 40 miles east of Shelby, nearly three hours later.

Pearce's secretary, Mrs. Charlotte Gray, an officer in the bank, telephoned the bank about 12:30 p.m. said he was a government agent, and that Pearce remain at the bank about 20 minutes until he arrived.

Cleveland County Sheriff Hayward Allen said the bandit, carrying a briefcase, first went to Mabel Elliott, a teller, and asked to see Pearce.

The Charlotte office of the FBI said the man showed a Georgia Bureau of Investigation card in Pearce's office.

The bandit then pulled a pistol and presented Pearce with a list of bills he wanted amounting to \$25,000.

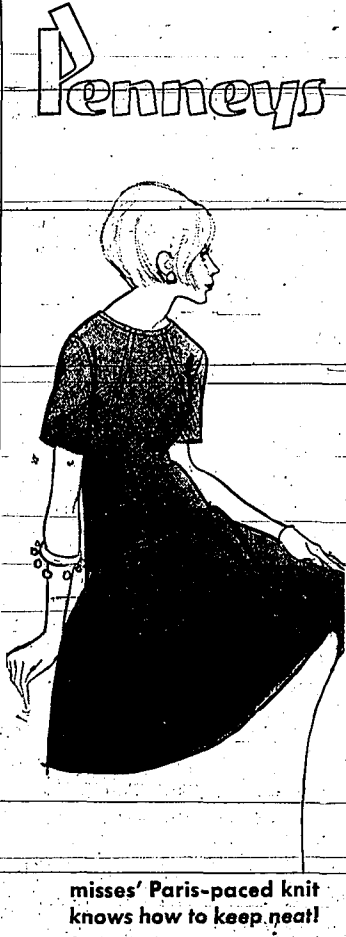

Pearce accompanied the bandit to the vault, where Pearce consulted. Fred Morehead and was informed the bank didn't have \$20,000 in cash. The bandit then ordered \$25,000 in \$100 and \$50 bills. Morehead made up the package and gave it to the bandit.

Morehead said later the bandit and Pearce conversed in low tones while he was inside the vault.

"I thought there was something funny going on," Morehead said, "but I didn't know what." Mr. Pearce was calm through it all, and so was the bandit.

After receiving the money, the bandit told Pearce, "Let's go." Pearce remarked to another employee that he would be back after lunch.

A Inspector Robert Raper, saw Pearce get into the driver's seat of a yellow and black car and drive away with the bandit.

SOS From WXXX

Only a few years ago, Americans waited expectantly for the revolution that television was supposed to work in the nation's educational system.

Today, to be sure, some 10 million elementary, high school and college students, plus another million persons in the general population, are served in greater or lesser degree by the 115 educational television stations in the United States.

Yet for all this, the most significant contribution television has made to education is that it has "displayed in public many closed classroom doors—uninspired teaching."

This indictment is contained in a 95-page report, "Learning by Television," published by The Fund for the Advancement of Education.

The authors of the report cite a survey made by the National Instructional Television Laboratory which found that of 150 elementary schools only 40 percent were in the process of being converted to television.

Not nearly enough has been done, says the report, to integrate television into the classroom, either in the average teacher's day program or the total curriculum of the school or college.

"Your typical classroom teacher cares much more about what her principal says and wants than she cares about what signal she gets from WXXX."

If television is ever to upgrade the quality of American education and encourage individual learning, concludes the report, instead of merely being thrown into the breach to alleviate the problems caused by too few teachers and too many students, it will have to be used a lot more flexibly and imaginatively than it has so far.

THREE BAGS FULL

Uncle Sam is trying to "pull the wool" over the eyes of the consumer. It will succeed, it could transform the herding of sheep, llamas and alpacas into a booming industry that could bring in \$12 million a year and stimulate related economic activity to the tune of \$30 to \$50 million in a country that desperately needs it.

A study made a few years ago found that Bolivia had six million sheep, six million llamas and 500,000 alpacas. Together they could produce some eight million pounds of wool a year. However, only 10 per cent of the animals were being sheared.

For centuries, Indians in the two-mile-high Altiplano (highland) region of Bolivia have been raising the animals, pulling or cutting only the wool they needed for their blankets and clothing. They were afraid to shear the animals because they did not realize the wool would grow back and often waited until one died before shearing.

Today a program started by Utah State University under the Alliance for Progress is teaching the Altiplano Indians how to shear their herds and, by so doing, to enter into the economic life of the nation in an important way.

U.S. ECONOMY: A RUNAWAY

Despite high interest rates, the repeal of the seven per cent tax credit on new investment and appeals from the President, business will probably breakers to the trust of expansion in 1967.

In a survey of 2,000 manufacturers conducted by Modern Industry magazine, fewer than 20 per cent of the respondents indicated that they will definitely halt or defer spending on plant remodeling and construction unless the tight-money situation permits for longer than it has.

Most of the manufacturers are evenly divided between those who do not expect to change their 1967 plans and those who will go ahead but may decide to defer marginal projects.

One manufacturer replied that his own firm's assessment of the overall state of the economy will change in the next few years will carry more weight than any recent moves by the government.

Stated one executive vice president: "We will build it production requires, regardless of the money market."

It isn't easy to checkrein an economy that is diversified and exuberant as the one we enjoy today.

NATIONAL WHIRLIGIG

WASHINGTON—Developments in Japan and India in recent weeks have put the United States and the Soviet Union on notice that time is becoming of the essence on an international treaty to bar the spread of nuclear weapons.

After 20 years of agonizing horror over the thought of producing nuclear arms, the Japanese people at last have been able to breathe a sigh of relief.

India is threatening to abstain from signing any non-proliferation treaty which doesn't include the right to possess nuclear weapons.

Andrew Tully, editor of the Twin Falls Times News, says the U.S. and Soviets have around, the more difficult it's going to be to bring the rest of the world into an agreement.

In Japan, the main point is that the people should even be talking about making nuclear weapons. Ever since the end of World War II, the subject had the status almost of an official taboo.

It is not just academic chatter, either. Experts say Japan has the technology, the money and the facilities to build a medium-range nuclear missile in 18 months to two years.

OLYMPIC GAMES RAISED PRIDE—Red China is mostly in the same old, same old rut, but we may live to wish the Japanese had never been to those damned Olympic games in 1964.

At any rate, a poll taken by University of Tokyo students in their home towns during the fall holidays showed that 10 per cent of high school and college students are in the great favor of Japan producing nuclear arms.

INDIA'S STAND, MYSTERY AS USUAL—India, as usual, has managed to speak in a way where it stands. Her ambassador to the United Nations, C. K. Trivedi, made a speech recently in which he indicated strongly that India would not sign any nuclear treaty.

CAUSE-AND-EFFECT—Federal budget talk revolves around President Johnson's \$112.8 billion figure. Forget it, it's a bookkeeper's reckoning.

Views of Others—Federal budget talk revolves around President Johnson's \$112.8 billion figure. Forget it, it's a bookkeeper's reckoning.

PREVENTION AND CONTROL—Last year, in a study on understanding the menace of alcohol to society, this newspaper called for the federal government to declare all-out war on alcoholism.

U.S. ECONOMY: A RUNAWAY—Despite high interest rates, the repeal of the seven per cent tax credit on new investment and appeals from the President, business will probably breakers to the trust of expansion in 1967.

Today And Tomorrow

By WALTER LIPPMAN

The center of our greatest concern today is an unanswered question: as the paramount power in the Pacific, what is our proper role as the Asian continent opens before us?

I find it enlightening to remember that while Americans are today in a friendly mood toward China, the Chinese are not so friendly toward us.

THE HEART OF THE REAL debate about isolation was whether the United States should intervene in a European war, and the answer was no.

NEW YORK (AP)—The idea of "cold storage" for persons in science finds ways in the distant future to restore their health.

THE PRESIDENT AND SECRETARY Rusk are passionately convinced that we face the same kind of peril from across the Atlantic today as we faced across the Atlantic in the two German wars.

THE PROSPECTS OF IMMORALITY—The "Prospects of immortality" is a book by Dr. Schurr, a physicist teacher at Highland Park (Mich.) college.

THE PRESIDENT AND SECRETARY Rusk are passionately convinced that we face the same kind of peril from across the Atlantic today as we faced across the Atlantic in the two German wars.

THE PROSPECTS OF IMMORALITY—The "Prospects of immortality" is a book by Dr. Schurr, a physicist teacher at Highland Park (Mich.) college.

THE PRESIDENT AND SECRETARY Rusk are passionately convinced that we face the same kind of peril from across the Atlantic today as we faced across the Atlantic in the two German wars.

MARQUIS CHILDS WRITES ON WASHINGTON

WASHINGTON—Even before the votes were counted in the recent election, Humphrey had prepared a fall-back position. His own private opinion is that he would lose for a loss of 40 or 41 house seats.

It is a speech to the Westinghouse Board of Directors at the Phillips Conference in Philadelphia that got almost no attention at the time.

At a model, Humphrey pointed to the Rural Electrification Administration, which since its start in 1935 has loaned \$8 billion at an average interest rate of 2 per cent.

As a national housing development fund, in Humphrey's proposal, the government would guarantee loans to investment profit corporations and cooperatives.

THE HEART OF THE REAL debate about isolation was whether the United States should intervene in a European war, and the answer was no.

Poor Man's Plato

By HAL BOYLE

NEW YORK (AP)—Memory is the magic mirror of life. At will it can blot out the harsh present and in an instant reply the past, bringing to mind clearly again the warmth of vanished scenes, voices and faces.

And you've got a pretty big storehouse of memories yourself. You can look back and remember when?

Some pranks in school was always secretly sticking a stick in your back that said, "Kiss me hard."

People would give a good deal of thought to the subject of what that cost more money than a ball and a half.

they were made of solid gold. At bedtime, small boys had the crinkly red marks around their faces left there by garters that they had pulled down during the night.

Some small birds were emotionally affected by the result of being forced to wear asslitted little Lord Fauntleroy outfits.

postman came to the house twice a day—and still found time to read most of the postcards in his delivery pouch.

About the only people who seemed to retire on pensions were railroad men and government employes.

Plaque For Plane Victim Is Displayed

KING HILL—Kenneth Jones displayed the copper plaque for William F. Sanderson who died in April, 1937, in an airplane accident north of King Hill, when the King Hill Grange met Tuesday night.

The plaque will be installed at the scene of the accident by the Grange soon.

Mr. Jones also announced that work will start Monday on remodeling the King Hill post office in preparation of the new post office equipment to be installed. A temporary post office will operate in the Grange hall while the work is being done in the post office.

Mr. Jones asked that members be at the post office at 9 a.m. Monday and to bring hammers, crow bars, and other equipment—to the present installation. A new floor will be laid.

Mr. and Mrs. H. O. Lipe were selected to buy clothing for a student at the Gooding State school. This is one of the projects the Grange has sponsored for several years.

Plans were discussed for the annual Christmas party to be held at 8 p.m. Dec. 16 at the Grange hall. There will be a gift exchange and the home economics chairman, Mrs. H. O. Lipe, and her committee will be in charge of arrangements.

Mrs. Denver Allred announced Mrs. Arthur Greer was awarded a blue ribbon and gift, for the publicity book at State Grange, Mrs. Joel Young, lecturer, also received an award.

Mrs. Allred read a letter from Herb Edwards, Elmore county agent, asking the Grange to sponsor a landscaping school in the near future. The matter was tabled.

She also read a letter from the National Grange asking for donations for the Youth Project during the Centennial year. These funds will be used for scholarships and other projects pertaining to the Youth program.

Plans were made for a picnic at the next meeting in December, proceeds of which will help defray expenses of the post office project.

A Thanksgiving dinner was held in the Grange dining hall preceding the meeting with Mrs. E. Spencer and Mrs. John Bapine in charge.

N. Y. Man Celebrates 112 Years

AKRON, N.Y. (AP)—Barthold Brier arose at dawn today, took his usual one-mile walk and then returned home to a cup of coffee and a piece of cake on his 112th birthday.

He expected to have coffee and cake at intervals throughout the day as friends stopped by to wish him a happy birthday.

Mrs. William S. Fenton, with whom Brier lives, said the day-long celebration was conceived because "We don't want to interrupt his routine."

Brier rests often before retiring at 7 p.m.

He was born Nov. 26, 1854 at Arnhem, the Netherlands. He was orphaned as a child and raised by a grandmother. He came to the United States in 1887 and lived for nearly 78 years in the Niagara county community of Johnson, Creek.

Brier never married. He moved to this community east of Buffalo eight months ago when Mrs. Fenton and her husband decided they could not bear to see him in an old folks home away from his garden and freedom to take long walks.

Mrs. Fenton's aunt had employed Brier for many years as a farmhand.

ADDING THE FINISHING touches to her painting is Mrs. William Grange, Twin Falls, president of the Art Guild, at Eagle Valley. Mrs. Grange is preparing for the group's Christmas art show which will begin Friday and continue through Dec. 8 at the Blue Lanes Shopping Center. Hours for the showing will be from 10 a.m. to 9 p.m., and Guild members will be on hand to answer questions. Individual members will have paintings for sale at the showing. No admission will be charged. (Times-News photo)

Three Hurt In Separate Auto Mishaps

Twin Falls County sheriff's officers investigated two accidents, five minutes apart, Friday which resulted in minor injuries to three persons.

The first accident, investigated by Deputy Sheriff T. V. Kendrick, occurred at 10:45 a.m. about three-fourths of a mile east of Castelford. Mr. Kendrick said the mishap happened when the right rear tire of a 1953 Dodge pickup truck blew, causing the truck and a two-wheeled trailer it was pulling, to go off the road, striking a power pole and turning over on the left side.

Driver of the truck, Elwin M. Crandall, 25, 304 Van Buron St., Twin Falls, and a passenger, John Wheeler, Twin Falls, received minor injuries. No citations were issued.

Five minutes later, at 10:50 a.m., officers were called to the intersection of U. S. 30 and Fairgrounds Avenue, near Fifth. Deputy Sheriff Wayne Hankins, investigating officer, said a 1956 Chevrolet pickup truck struck a Ford convertible driven by Libby Barrow, Cradock, 41, Fremont, Calif.

Mr. Hankins said the Chevrolet was going south on the Fairgrounds road and had started to pull across the highway, apparently not seeing the other vehicle approaching from the west.

Mrs. Cradock received minor injuries in the incident, but her two passengers, Mrs. Agnes Kodesh, 70, Buhl, and Barbara Cradock, 16, escaped injury.

Shaft of the car was not injured. She was cited for failure to yield the right of way.

The Twin Falls meeting will be held Tuesday, but one held in Burley will not.

The first part of both programs include panel discussions on cattle feeder operations and the individual feeders. A discussion of present activities and reports will complete the programs.

Members of the association are asked to bring interested persons.

Controversial Court Revision Plan Given To Legislature With No Recommendation

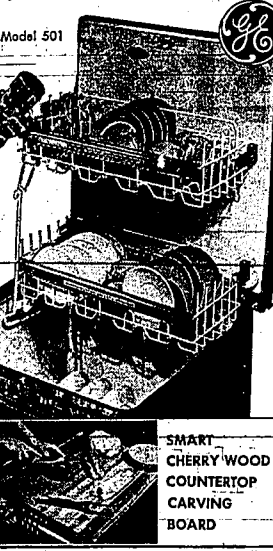

BOISE (AP) — A controversially sent the court revision Council committee proposal on to the legislature which will appoint magistrates rather than election of magistrates. The proposal would eliminate the state's lower courts and put on the 1967 Legislature's calendar Saturday with little debate and no recommendation. The Legislative Council member of the Legislative

The proposal would "humbly" their functions taken over by their replacements would be appointed by the governor. The proposal also would create a state judicial council to oversee operation of Idaho courts. Their first terms and be endorsed by the public vote. If rejected, the three-level court system would be eliminated and succeeding terms.

Before considering the proposal, the council was one of seven prepared by turned down a request that council committees which the investigate state public assistance payments for indigent. The 1967 Legislature is in session.

Speaker Is Named for Rupert Club

BURLEY — Philip Geary, an observer and speaker for Trans World Airlines and a rare combination of adventurer, educator, former Army Chaplain, will be guest speaker with Jim Thursday during the Burley-Rupert Knife and Fork Club dinner meeting in the Burley Elks Hall.

As described by a television producer as a young man who has lived both dangerously and imaginatively, Geary first became absorbed with world peoples in Bengal, India, from 1940 to 1945. Then he volunteered for Army duty and was sent to the South Pacific where he served as Chaplain for 27 months.

Now making his home in New York, Geary was formerly an assistant director of TWA's program of air education before taking on his present position. The job took him into 25 countries on four continents. He also had been in the service of Continental Airlines and the Scandinavian Airlines.

A veteran air traveler, who many years ago flew his own plane, Geary's platform appearances have been almost as prolific as his travels. In one year he made 185 speeches in 42 states and five foreign countries.

PHILIP GEARY — an observer and speaker for Trans World Airlines will be guest speaker at 7 p.m. Thursday for the Burley-Rupert Knife and Fork Club dinner meeting in the Burley Elks Hall. Geary has had an adventurous life as an educator and former Army chaplain.

This maled traveling 140,000 air miles to make all the speeches. "Always on the go, Geary has made many recent flying trips to the Southeast Asia area to observe conditions and bring back a report for the many airlines he addresses. Last fall he went to India to get the facts on the India-Pakistan conflict.

Implications Noted For Samuelson's Statements

BOISE (AP) — Gov.-elect Don W. Samuelson has talked about "leveling off" spending for education in Idaho. Such fiscal action could have varied implications.

It could mean next year's spending will stay within the current biennium. That would require a general fund budget of \$185-million and \$37-million appropriation for public schools.

It could mean spending only what money can be produced with the current tax structure. Samuelson has indicated he likes this approach, although not saying he has this in mind for education.

Samuelson's spending ideas will be known when he presents his proposed budget to the 1967 Legislature, in January.

Before then, there is certain to be discussion — both in and out of the legislature — regarding Idaho's financial course in the years ahead.

WELCOME —

You're very welcome... In fact we are inviting you personally to join hundreds of satisfied people in this area who use the WANI ADS credit system. They call their "no money" used items through these ads every day of the week. Many families make regular check-ups around the home and find buyers for items that are not being used. You try them! but the \$37.3 million the legislature provided represented a 43 per cent boost over the preceding biennium.

Samuelson pointed to that big increase in suggesting "leveling off" appropriations.

Educators say unless further increases are made the state will trail its neighbors and there will be pressure on teachers to move elsewhere for bigger salaries.

Estimates are that for the biennium starting next July 1, Idaho needs a general fund appropriation of \$71 million to provide one-half the cost of operating the public schools at a level of \$400 per child.

Whether the increase of \$11 million could be achieved without increasing tax is an unanswered question.

State Tax Collector Floyd West recently listed revenues received up to Nov. 1 are about \$2.8 million per month, compared with \$2.5 million the year the tax was created — a gain of more than 10 per cent in less than 18 months.

May Quit Publishing

FAIRFIELD — The Camas County Courier announced its Thursday paper may be its last ending more than 61 years of publishing.

Orin N. Garrett, owner and editor, said the publication would cease unless purchase by neighboring papers could be arranged. He said he and his wife have been unable to find a purchaser who would continue independent operation.

"Explanations are hard to make to our friends here in the county," Garrett wrote in a front page editorial.

"We haven't wanted to 'kill the Courier,'" he wrote. "We have seen communities continue to wither away because of the loss of a newspaper."

The Courier serves one of Idaho's two smallest counties. Camas had a population of 917 in 1980, slightly more than Clark's 880.

Garrett did not name neighboring publishers who might acquire the paper but said if the deal is signed, the Courier will have a resident editor and will be published in another plant.

Wood River High School To Host Career Day Wednesday

HAILEY — Wood River High School will host a college-career day Wednesday.

Representatives from six colleges and consultants representing 25 professional fields will present information to 500 high school students.

Information concerning college entrance and requirements will be furnished by counselors from the University of Idaho, Idaho State University, College of Idaho, Ricks College, Boise College and the College of Southern Idaho.

Seniors from Shoshone, Dietrich and Richfield will meet with the college personnel as well as Blaine County seniors from Wood River and Carey High Schools.

Twenty-six speakers will present information sessions concerning their individual careers for the senior students and undergraduates from local high schools. Each student will have the opportunity to select and attend six different sessions during the day.

Professional consultants include Dr. Miguel, medicine; Fred Hahn, law; Bob Brady, journalism; Brad Lewis, mathematics; all of Idaho Falls. Charles Stevens, manager, Holiday Motel, Twin Falls, will discuss hotel and motel management.

Students interested in careers in psychology will hear Mr. Jack Stenick of the State Department of Mental Health. All branches of the armed services will have representatives present to contact the boys and the girls may talk to Sgt. Mike Blackner, Boise, concerning army training in the W.A.C.

Idaho Power home demonstration agent, Mrs. Helen Walker, Twin Falls, will discuss the many career opportunities available in the field of economics. Dr. L. L. Dean, head of the Research Center, Twin Falls, will present new developments in agriculture and changes in training requirements. Stanley Snow, Twin Falls, will talk on a career in accounting.

The state library board plans to send Fred Ensey to discuss library training with students interested in that field. Special Agent Jack Newell will explain opportunities with the FBI. Careers in education will be discussed by William Wielander, Bellevue; special education, Miss June Worthington, Blaine; special teacher; and teaching the handicapped by a representative from the Gooding State School.

Other consultants include Juan Marchena of Juan's School of Beauty; Dr. Glenn Overcut, Bellevue, veterinary; science, Mrs. Louise Rauhke, nursing; Sandy Webster, retail selling in recent; Ralph Clack, forestry; and Mrs. Betty Jean Hammond, modeling.

A special display will be presented by the Bell Telephone Co. under the direction of manager T. A. White.

Film demonstrations and discussions of business training will be available all day in the business department under the direction of instructor Mrs. Glenn Smith. Business school representatives will include Kinman Business University, Boise; Business College, Twin Falls; Business College and Stevens Heninger Business University, Ogden.

A new feature of the day-long program will be a continual showing of career films conducted by Robert Carling and

Woman Sees

Need For States Rights

SALMON — "The states are dead unless they start doing something to maintain their rights," Mrs. Helen McKinley, District 20A newly elected state representative, told Salmon Chamber of Commerce members.

She said the federal government is trying to and has legislation before it to control taxes levied by individual states. "The U.S. Government owns more land than any other government in the world and is attempting to get more land," she said.

Mrs. McKinley reported on the recent meeting in Nogales, Ariz., of the Western Conference of the Council of State Governments to which she was a delegate. She said that the people of the community should become aware of the proposed North American Water and Power Alliance which would transform the Salmon River into a series of dams and reservoirs as part of a giant system to move water out of Canada and the Northwest to the Southwest.

SNOWFALL HALTS TRAFFIC IN Vienna. Cars are buried under eight inches of snow and traffic came to a standstill after a heavy snowstorm in Vienna. (AP wirephoto via cable from Vienna)

MARINE RE-ENLISTS son of Mr. and Mrs. Dennis Shoshone—Dennis Everett, in the Marine Corps for four years and left this week for Salt duty.

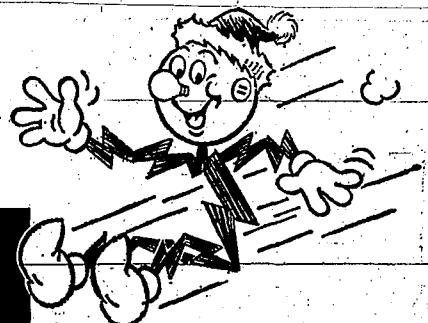

Area Group Will Sponsor Holiday Party

SHOSHONE—The annual children's Christmas party sponsored by Shoshone Chamber of Commerce will be held Dec. 10, with a free movie and a visit from Santa with treats. Arrangements committee members are Reid Newby, chairman, Mike Urrutia, Joe Berrichoa and Mrs. Virginia Larsen. Committeemen for the lighting contest also to be sponsored again this year by the chamber are Francis Bergin and Harold Thorne. Prizes will be awarded to winners of home lighting.

The annual Chamber election dinner will be held Monday evening, Dec. 5. Oliver Davis, Boise Regional director of the Small Business Administration, and Ben Haurich, Richfield, farmer and conservationist, will be speakers for the evening. Mr. Davis will discuss "Challenge on Main Street" and Mr. Haurich will discuss outdoor recreation opportunities in Lincoln County.

IDAHO POWER COMPANY IN CO-OPERATION WITH SNAKE RIVER VALLEY ELECTRICAL ASSOCIATION

Current Christmas Stamp Is Proving Controversial

By STEPHEN M. AUG WASHINGTON (AP) — The Post Office is bracing itself for an expected onrush of customer eager to purchase what may be the best-selling, most controversial and certainly most colorful Christmas stamp.

The five-color stamp, a reproduction of Flemish Renaissance painter Hans Memling's "Madonna and Child with Angels," was on sale Nov. 1 at Christmas meetings that — as a spokesman said — "It is his religious theme that has brought the stamp both praise and complaints. In 1957, 1963 and 1964, the Post Office's Christmas stamps depicted nothing — more religious — than candles, wreaths and nativity scenes. Last year's stamp pictured a winged angel with a trumpet.

Some of those opposed to issuance of a Christmas stamp felt this year's venture went too far.

A spokesman for the American Civil Liberties Union said, "The stamp has a religious motif — a Christian motif — and therefore is a governmental means of showing preference for a single religion, clearly a preferential governmental aid propagating a religious faith."

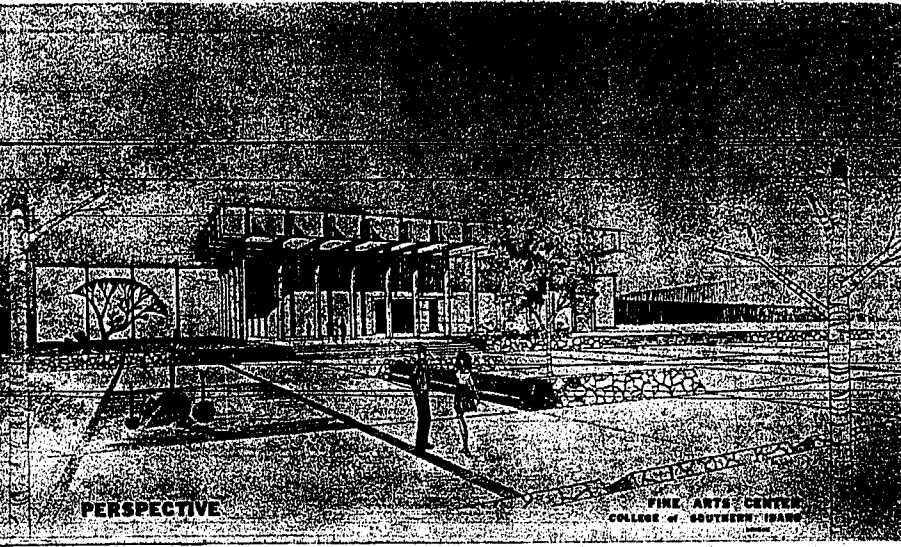

The Post Office official line is that the stamp celebrates a famed work of art. And, as with any Christmas stamp, its real purpose is to have Christmas card mailers pay five cents per card — the Christmas stamp costs five cents — rather than verbal and certainly most colorful Christmas stamp.

But Postmaster Gen. Lawrence F. O'Brien is known to have told representatives of seven influential Jewish organizations at a holiday reception meeting that — as a spokesman said — "he was not going to be a hypocrite in issuing a Christmas stamp and claim it was divorced from religion from the true meaning of Christmas."

The department has printed 1.2 billion of the stamp at a cost of \$304,000 — or 4.2 cents per sheet of 100 — and expects to sell them for \$60 million. The average one-color stamp costs 2 cents per sheet of 100, or about \$240,000 for 1.2 billion.

PERSPECTIVE
FINE ARTS CENTER
COLLEGE OF SOUTHERN IDAHO

DRAWING OF THE FINE ARTS CENTER, now on the planning board, is bringing dreams of the College as Southern Idaho toward reality. Construction is expected to begin in a few months. Proposed funding for this multi-purpose facility is through private funds, including

Drawing Of Fine Arts Center Turns Dream For CSI Into Practical Reality

The dream of the College of Southern Idaho is rapidly becoming a believable reality. Those closely associated with the institution during the past two years have never had a doubt—but there has been speculation from some who have followed the concept that "We'll believe we've got a college when we can see it."

Many other items should prove the reality of CSI to the spectators as well as the board of trustees, a recently purchased 230-acre site for the college and the hardest of all to ignore, some 1,100 students attending the institution.

If that isn't enough to erase any doubts about the existence of the college, F. Edward Jones, campus planner and architect, has offered a solution—drawings of proposed campus facilities.

With buildings in the planning stage, it is conceivable that construction is not far off. The rapid progression of plans indicates that all systems are available to help pay the cost of educating the area's youth.

One of the first drawings submitted by Jones is that of the fine arts center. Proposed funding for this multi-purpose facility is through private funds—some \$400,000 from the Civic Auditorium Association, and a federal grant.

Jones and Twin Falls architect Harold Gerber, in planning the center, worked closely with Aldrich Bowler and Paul Bull, representatives of the Civic Auditorium group.

The importance of meeting the needs of both the college and the area were adhered to.

Farmers Are Undecided On Lineup

PORTALES, N.M. (AP) — Farmers who staked out a U.S. office more than a week ago explored the contours of a line-up but were not closer to deciding who would be first in line Monday when registration begins for federal farm money.

The farmers, camping outside the Agricultural Stabilization and Conservation office in the eastern New Mexico city, arranged a final meeting Sunday.

"An unofficial waiting list for the cropland adjustment program, similar to the old soil bank, grew to 116 names. But the list, selected by farmers who arrived more than a week ago, has been rejected by many late arrivals.

The camp, consisting of trailers and truck-campers, was quiet and friendly until Friday when other farmers arrived and announced they would not abide by the unofficial ground rules the farmers already had set up.

The Agricultural Stabilization and Conservation chairman for the county, Delbert Brown, told the farmers they must decide how the line will be formed Monday. He said the program calls for applications on a first come basis and "we cannot vary one iota from the regulations or we will jeopardize the entire program."

At stake is the county's \$124,000 allocation under the program for which farmers will be paid to keep cropland out of production. The line began to form after the program was announced that the money would go around.

Clemency Asked By Ex-Minister

JAKARTA, Indonesia (AP) — Former Foreign Minister Subandrio has asked for clemency from President Sukarno, 48 hours before an appeal would have become invalid.

Subandrio's sentence to death by the military tribunal for helping the abortive Communist coup in October 1965, was given 30 days to apply for clemency from Sukarno.

So far, of the six persons sentenced to death for helping the Communist takeover last year, five, including Subandrio, have asked for clemency from Sukarno. Sukarno has answered any of the appeals.

Three Killed

HAVANA (AP) — An explosion at a vocational military school in a suburban Havana residential area killed three girls and injured more than a dozen other students.

Army officials said the blast Friday was caused by an "accidental fire" among chemicals.

The Communist power play last year, five, including Subandrio, have asked for clemency from Sukarno. Sukarno has answered any of the appeals.

Magic Valley Chamber Of Commerce Will Organize

BURLEY. — A Magic Valley Chamber of Commerce is to be organized by a meeting beginning at 2 p.m. Dec. 7 at the North Side Cafe, Jerome, announced Dr. James L. Taylor, Twin Falls, president of the College of Southern Idaho, and Walter W. Schramm, Burley, representative of the manager of the Herald-Bulletin.

The group will be composed of civic and business leaders from throughout the Magic Valley to promote valley-wide projects of common interest.

The organizational work will continue through the evening following a no-host dinner until a constitution and by-laws have been adopted. Officers will be elected and representatives elected from each community.

"It will be necessary to accomplish the full organization of the group in one meeting in order that the group will be functioning by the time the state legislature convenes in January," stated Mr. Schramm, co-chairman. It is planned to have the Magic Valley represented at the January meeting by members of the new organization.

The new group will be able to take its place with the Treasure

Inflation Is Predicted By Economist

WASHINGTON (AP) — The chief economist of the U.S. Chamber of Commerce said Saturday night there will be more inflation in 1967 unless the government takes further action.

Dr. Carl H. Madden said the government must impose fiscal restraints to offset the effects of growing defense spending and the big spending of the 88th Congress.

While noting "Increasing signs that the superbomb which has gripped the economy since autumn of 1965 is cooling off," he said, "The prospects for continued inflation now growing as unions seek wage increases because they believe they will be moderated by a tight money policy less severe than one calculated to slow the economy into a recession."

some \$400,000 from the Civic Auditorium Association and a federal grant. F. Edward Jones, campus planner and architect, and Harold Gerber, Twin Falls architect, have worked closely with Aldrich Bowler and Paul Bull, representing the Civic Auditorium group.

18,000 square feet. This portion forms the core of the building with classrooms on either side.

A single-story portion on one side has been devoted to music in the projected plan. This segment of the structure covers 4,410 square feet, including teaching labs for both voice and instruments, office and storage facilities and practice rooms.

At the other side of the auditorium is a two-story wing designed for drama and art. The upper story is expected to house the art portion.

It will include teaching lab for drawing, sculpture and design. Office and storage space also are included, along with a kitchen and "bug room."

The lower deck, devoted to drama, will house teaching labs, adaptable to dressing rooms, storage, office and seminar rooms.

The square footage of the complex totals 42,000 square feet. College officials do not expect to have adequate funds to complete the whole project in first phase construction. Therefore, it is planned to build one side of classrooms and the auditorium with the other wing of classrooms to be added in the future.

As in other proposed campus facilities, administrators, trustees and architects are keeping a sharp eye on finances.

The fine arts center is to be a light-colored structure, Jones said, with darker contrasts. This color scheme will be followed throughout the other buildings on campus.

They probably will be built from pre-cast concrete with steel beams and girders used extensively, Jones said. The modern, yet not ultra-modern type of construction will be the trend on the CSI campus.

Keeping an eye to the advantages of aesthetics, Jones has projected beautifully landscaped grounds to complement the buildings. He said it is hoped

to use some native lava rock landscaping to give the campus a personality of its own.

A memo from the Civic Auditorium Association was sent to Jones for use in planning the center. He said he felt the suggestions in the memo submitted by Bowler were "very realistic."

Among features suggested for consideration were absorptive and echo-minimizing acoustics, at least 800 seats with a good view and proper lighting from each stage with "field" possibilities of "thrusting" and opening with maximum backstage space and ceiling allowing for rigged flies without the "expensive full grid and 50-foot ceiling" openings to accommodate large architectural items a shop facility for set construction and ample parking space nearby.

Also keeping an eye to economics, Bowler's suggestion to the architects was for "handy, very unfinished, economical dressing rooms which favor easy access to stage proper and provide for masked, 'cross-overs' and/or 'across-behind' walkways."

The auditorium group also felt that the seating capacity for the theater should be viewed from two general standpoints. The group surmised that about two to three per cent of the area's populace would avail themselves of these facilities for most events. They said the Dil-

etians Group of Magic Valley achieve this maximum and generalized that the percentage rule holds to the facts of the Magic Valley area.

Therefore, the auditorium memo stated, "We feel the 1,800 to 2,000 seat auditorium would create a feeling of an "empty house" for college and amateur production units.

"For the occasional event of the one-night stand of nationally important programs," the memo continued, "more attention should be devoted to funding modifications of gyms to install acoustical baffles and mountable stages that are catalogued in modern architectural literature rather than trying to shrink a 2,000 seat auditorium to an audience of theater lovers which numbers between 400 and 800 per performance."

Lindell Hits On Scoring Passes Of 42 And 23 Yards In Final Quarter For Win

PHILADELPHIA (AP)—Sophomore quarterback Sieve Lindell hit for touchdowns passes of 42 and 23 yards about five minutes apart in the final period Saturday that sent Army to a 20-7 victory over Navy and its most successful football season in eight years.

Fund For Skier Is Past Halfway Mark

The drive to raise \$800 to send Gary Mortenson of Twin Falls to the VI Winter Games for the Deaf at Berchtesgaden, West Germany, Feb. 20-25, has passed the halfway point.

GARY MORTENSON ... will be Idaho's representative in the VI Winter Games for the Deaf at Berchtesgaden, West Germany, Feb. 20-25.

Navy took the ball from Army near midfield in the fading minutes but Dave Rivers, a tight end from Richmond, Ky., rushed in and smacked Bill Newton for a 15-yard loss, and the Middle broke the tie.

Army started Navy in the opening minutes when sophomore fullback Charles Taylor broke a 100-yard run and scored a touchdown.

With Cartwright connecting on passes to his 6-foot-3 receiver, Rob Taylor, Navy slammed back and tied the score early in the second period.

During the 70-yard drive, Cartwright completed passes to Taylor for 28 and 31 yards and another to Mike Clark for 19.

John Church, Navy's place-kicking specialist, made good the conversion and later, just before the first half ended, made an unsuccessful try for a field goal from the Army's 20.

Army 7 0 0 13-20 Navy 0 7 0 0 7

Stabler's Arm Sends 'Bama To 34-0 Win

MOBILE, Ala. (AP)—Quarterback Kenny Stabler passed for three touchdowns as Sugar Bowl-bound Alabama defeated Southern Mississippi 34-0 Saturday.

Bama's Tide, third ranked nationally, broke open a tough defensive game in the third quarter with an eight-play drive from midfield.

David Chatwood, a rugged 176-pound runner, slashed over from the 13 on a pitchout for the score that put Bama in a commanding position at 13-0.

The Tide had scored two touchdowns on breaks in the second quarter as Southern Mississippi, ranked first in the nation on defense, stemmed Bama's drives.

The Tide scored first after recovering a Southern fumble on the Mississippians' 20.

BEATS CLARK ROBERT, Tasmania (AP)—Hobart, Australia, Olympic and world champion long-distance runner, was defeated by Tasmanian middle-distance star John Denholm in the one-mile invitation race at north Hobart Oval today.

FINDING HIS TARGET Navy back John Cartwright (19) cocks his arm as Army defensive end Bob Manufachewsky (77) tries to get in to break up the play in the second period of Saturday's Army-Navy classic at Philadelphia.

Super Bowl Site Selection To Feature Pro Grid Loop Meeting

NEW YORK (AP) — The date and site of the Super Bowl game between the champions of the National Football League and the American Football League will be set this week when the Associated Press Sports Writer ... whether to use the two-point conversion rule, as in effect in the AFL, or the one-point rule, used by the NFL.

Vols Blank Vanderbilt In Bowl Tuneup

NASHVILLE, Tenn. (AP)—Tennessee, tuning up for a Gauley Park Bowl game, blanked Vanderbilt with three first-quarter touchdowns and used receivers to score in the second half.

The Vols scored the first three times they got the ball. Fullback Richard Pickens ran for one touchdown and quarterback Dewey Warren added two more in the first period.

Warren passed 14 yards to end Johnny Mills for a second quarter touchdown.

The victory gave Tennessee a 12 regular season record and left Vanderbilt at 1-9.

There was much pregame speculation that Vandy Coach Jack Green might resign after four straight losing seasons.

Warren set the tone of the game on the first play with completion to Mills. He hit six of his first seven passes in engineering scoring drives of 65, 58 and 24 yards.

Setting Tennessee passing and total offense records each time he fired a completion, Warren hit 12 of 23 for 118 yards; Mills, also setting a record, had reception marks, caught 5 for 54 yards.

Vanderbilt, able to run only six plays in the first quarter, put together four drives into Tennessee territory but could not score.

Three NFL Players Hold Key To Race

By The Associated Press Scrambling Fran Tarkenton, Terry Nofsinger and John Unitas hold the key to the National Football League race in vital Sunday games.

Green Bay, upset by Tarkenton and the Minnesota Vikings 20-17 on Nov. 5 and upended earlier by rambling George Mira of San Francisco, must handle the Vikings this time to retain its Western lead.

The Packers, 6-2, need a victory at Minnesota, 3-6-1, to be sure of retaining their one-game edge over the Baltimore Colts.

The other team will go into the Eastern Conference which had Atlanta this season.

When the two eight-team conferences are realigned, each will be divided into two four-team divisions. The winners of the divisions will play next year for the right to play off for the league title.

The AFL may discuss expansion to a 10th team in 1968 but probably will confine itself to the 1967 schedule and matters involving the merger.

Waynesburg Gets NAIA Bowl Berth

ALBUQUERQUE, N.M. (AP)—Richard Dabbs' five-victory touchdown pass to Bob Milteneberger with 14 seconds remaining won Waynesburg College, Pa., a 30-7 football victory against New Mexico Highlands Saturday and a place in the National Association of Intercollegiate Athletics champion Bowl.

Waynesburg goes into the Dec. 10 Champion Bowl at Tulsa, Okla., against winner of Tuesday's Central (Iowa) State vs. Whitewater (Wis.) State semifinal.

Waynesburg, trailing 20-7 at halftime, came back strong in the second half and took a 23-20 lead after three periods.

Clemson Tips Gamecocks, Takes Crown

CLEMSON, S.C. (AP)—Clemson pulled away from aroused South Carolina in the second hour Saturday for a 35-10 victory that gave Clemson the Atlantic Coast football championship.

Quarterback Jimmy Addison put the game out of the Gamecocks' reach when he hit Ph. Rogers on a 48-yard touchdown play in the third period. That made a 12-0 Clemson up 10 in Tiger tackle Harry Olszowski sewed it up in the final period when he picked up a teammate's fumble in the backfield and ran 13 yards for a score.

Clemson added a final touchdown just before the end of Addison's 12-yard pass to end Edgar McGee.

The victory gave Clemson a final 6-1 conference record, 6-4 overall and prevented North Carolina State, which finished 5-2 in the ACC, from sharing its fourth straight conference title. South Carolina won only 10 in Paul Dietzel's first year as coach.

Intra-State Duel Won By Mississippi

OXFORD, Miss. (AP)—Mississippi's defense-minded Rebels fought an offensive North Carolina State game Saturday and crushed Mississippi 24-0 behind the passing of quarterback Bruce Newell and the running of halfback Doug Cunningham.

While the vaunted Rebel defense stymied State throughout the contest, Mississippi's superior line play opened wide holes for Ole Miss runners and receivers.

Miss scored two touchdowns and a field goal in the second quarter and a touchdown in the fourth.

The Rebels were the eighth against two losses for Bluebonnet Bowl-bound Mississippi. The loss was State's eighth against the Rebels. The record was 23 straight by Woody Woodall of Auburn in 1962-63.

His 24-year field goal in the second year of two seasons to 87 points, a school career high for a kicker.

Lawrence's Long Scoring Sprint Triggers Upset

ATHENS, Ga. (AP) — Once-beaten Georgia, ignited by Kent Lawrence's 71-yard scoring sprint, spoiled Georgia Tech's bid for a perfect season Saturday by whipping the Yellow Jackets 23-14 in their traditional football finale. Bobby Eiter, who missed his first extra point of the year after Lawrence's run, booted three field goals to provide the cushion needed by the seventh-ranked Bulldogs, whose defense was led by tackles George Patton and Bill Stanfill.

Patton, closing out a brilliant year, recovered a fumble, tipped a pass into the hands of a teammate and intercepted another pass which he legged to the Tech 22 in the closing minutes.

Georgia Tech, losing for the first time this year, generated only one scoring drive until the closing minutes, with Stanfill repeatedly throwing quarterback Kirby Moore for big losses.

The fifth-ranked Yellow Jackets, who will play Florida in the Orange Bowl, drove 90 yards in 15 plays early in the second quarter for a 7-0 lead which was quickly erased by the Bulldogs.

Quarterback Kirby Moore hit on passes of 11 and 23 yards and ran 18 yards to set up Georgia's go-ahead touchdown, scored by Brad Johnson on a two-yard pass.

Lawrence started Cotton Bowl-bound Georgia's surge by returning a punt 71 yards for a first-quarter touchdown.

Tech's initial scoring drive was led by halfback Lenny Snow, whose running set up King's 27-yard touchdown burst. Sophomore quarterback Larry Good added another touchdown with five seconds left on a four-yard run.

South Lake Tahoe is 6,200 feet high, Mexico City 7,200 feet.

Miami Edges Ninth-Ranked Florida 21-16

GAINESVILLE, Fla. (AP) — Miami used a powerful offense to jump ahead of Florida Saturday and then had to hold on for a shaky 21-16 victory over the ninth-ranked Gators.

Trailing 21-3 midway the third quarter, Heisman Trophy winner Steve Spurrier found the range and began leading his team back. The Gators scored twice and were threatening on Miami's 30 when the gun sounded.

Miami quarterback Bill Miller was the sparkplug as the Hurricanes finished the regular season with a 7-1 record and a Liberty Bowl berth. Florida, 2-2, plays Georgia in the Orange Bowl.

The victory gave Miami decisions over Orange, Rose and Cotton Bowl teams, as well as highly ranked Southern California.

Miller beat Spurrier at his own game. He ran 40 yards for one touchdown, passed 10 yards to Steve Smith for another and pitched out to fullback Doug McGee for the third Miami touchdown.

Miller gained 199 rushing and passed for 52 for a total 271-yard output.

Spurrier passed 49 times and connected on 28 for 223 yards. End Richard Trapp started 12 of the series for a Southeastern Conference season record of 63 receptions, surpassing the 58 set last year by Florida's Charley Casey.

U. S. Skiing Teams Train At Alta, Utah

ALTA, Utah (AP) — Utahns have long boasted the "greatest snow on earth" at their wondrous Mountain ski resorts, but members of the U.S. Olympic jump and Nordic teams maintained it was "the only snow on earth" for their work.

Nordic coach A.J. Merrill and jump coach Art Torkie moved their charges into this high mountain resort earlier this week because the area provided the only acceptable training conditions at this early stage of the winter.

"We'd like to stay here all winter," Coach Merrill said Saturday as he and Torkie surveyed the 50-meter Landa jump hill.

Torkie agreed that conditions were excellent, but he said "a jumper can't work out on one hill, too long or the cramps kill his style." He said his jump team would be leaving soon to train at other suitable locations, or to return to their respective colleges and universities.

Many of the nation's skiing colleges sent their stars to Alta this past week where week-long training sessions were set up. Most of them will return to their homes by Monday.

TURNING THE CORNER: Georgia Tech's Kirby Moore (17) plays early in the second quarter for a 7-0 lead which was quickly erased by the Bulldogs.

Baseball Architects Face Chore Of Rebuilding Yanks' Winning Legend

By DICK COUCH
Associated Press Sports Writer
NEW YORK (AP) — The rebuilding boom is in full swing in New York. Tenement walls come tumbling down and steel columns and steel girders rise from the rubble.

The biggest pick-and-shovel job in town, however, is still on the drawing board in a 22nd floor office suite on Fifth Avenue. There, the firm of Burke, MacPhail and Houk is trying to put the Yankees back together again.

Michael Burke, 43, a M.C. Columbia Broadcasting System vice president who runs the network's baseball venture, is Lee MacPhail, son of a former Yankee boss and architect of Baltimore's 1956 championship club, and Ralph Houk, veteran of 27 campaigns as Yankee farm hand, player, general manager and field manager, are the builders.

Their task: To breathe new life into an aging, inflating ball club that has plummeted from top-to-bottom in two short seasons. And to keep people coming to Yankee Stadium after the football season is over.

Burke, who succeeded Dan Topping as club president last September, when CBS bought Topping's 10 per cent interest and gained complete ownership, is eager to begin the reclamation project.

"I'm in the baseball business from now on," says the 50-year-old former "Lionel Lincoln" Pennsylvania athlete, the whose pre-battle exploits include a cloak-and-dagger stint with the OSS in World War II, a screen writing fling in Hollywood and the management of the Ringling Brothers circus before joining CBS 10 years ago.

"We have problems," he says. "There's no getting around that. Any team that finishes in 10th place presents problems, particularly if the team is the Yankees."

"We are not depressed. There's a great resurgence of excitement."

Houk, who stepped down as

general manager early last season and began his second tour as field pilot, replacing Johnny Keane, and MacPhail, who returns to the Yankees as general manager after an eight-year absence from the club, also are anxious to begin the build-up.

"It will be a pleasure for me to be managing on the field from the start," says Houk, who has three years remaining on a \$75,000 per year contract. "I can get started in spring training... that's when I like to be able to set up my club."

"Rejoining the Yankees will be like returning home," says MacPhail, whose father, Larry, was president of the Yankees in 1946, when he broke into baseball as business manager of the club's Kansas City farm.

MacPhail was the Yankees' farm club director from 1950 to 1958, when he moved on to Baltimore to become general manager, and later president of the Orioles. In 1966, he was named chief aide to William D. Eckert, the new baseball commissioner. MacPhail rejoins the Yankees officially on Dec. 3, a week after the start of baseball's winter meetings.

"When Lee joins us," says Burke, "we should have a tight tandem... three guys running the store and working toward a club."

West Texas Nips Utah In Last Quarter 27-20

EL PASO, Tex. (AP) — Reserve quarterback Brooks Dawson drove Texas Western College to two touchdowns in the final five minutes Saturday night as the Miners beat Utah 27-20 in a nonconference football game. Trailing 20-13 going into the final quarter, Dawson passed 10 yards to Chuck Hughes for a touchdown and then passed to Leroy Johnson for two two-point conversions—knocking the game at 20-20.

Johnson went over from two yards out for the final margin. Western also had a field goal and a safety in its scoring summary.

Hughes scored in the second quarter on a 25-yard pass from starting quarterback Billy Stevens, who was injured in the final quarter and gave way to Dawson.

Two of Utah's touchdowns came after Western fumbles on Utah punts. Ole Kent Ramon on a Miner fumble at the Western 17 in the second quarter, setting up Jack Gehlke's 15-yard scoring pass to Martin Driggs on a tackle-eligible play.

Utah's Jerome Lawson recovered the other fumble on the ground line in the third quarter. Lawson carried over for the touchdown.

Gene Cabading took a 62-yard run from Darrell Bigelow for the other Utah score.

Arizona Tops A-State With Late Pass

TUCSON, Ariz. (AP) — Quarterback John Goodman hit halfback Les Plummer with a 19-yard scoring pass with less than two minutes to play to give Arizona State a 20-17 Western Athletic Conference football victory over Arizona.

Arizona State had taken a 10-0 lead in the first period on a 45-yard field goal by Bob Rokita and then took advantage of an Arizona miscue for another score.

Arizona evened the score when Reed's pass was picked off by ASU's Ken Dyer on the Arizona 38-yard line. Travis Williams carried over three plays later from the 36.

Arizona evened the score when Reed hit Mike Jim Green with a four-yard scoring pass and on a 22-yard field goal by Ken Sarnecki.

After a scoreless third period, Rokita put ASU in front with a 39-yard field goal. Reed gave the Wildcats the lead a few minutes when he hit Fritz Greenlee on a 70-yard touchdown pass.

Reed needed 23 completions to earn the national passing crown, but completed 20-38 for 289 yards.

Arizona State finished with a 5-6 season record and 3-2 in conference play. Arizona dropped to 3-7 overall and 1-4 in the league.

Coach Denies Threat Rumor

DALLAS, Tex. (AP) — Coach Hayden Fry of Southern Methodist University denied Saturday night that there had been a threat of death for his star Negro player Jerry Lewis and said as far as he could find there hadn't even been a rumor of one.

Reports from Fort Worth, Tex., where Lewis starred in Southern Methodist's 21-0 football victory over Texas Christian, said police clamped a security guard on Lewis in response to a death threat.

Fry said security police at Fort Worth told him they had no specific rumor that any threat had been made on Lewis and that they were only taking the usual precautionary measures to protect a football team.

The Yankees are expected to deal freely during the inter-league trading period, and rumors persist that Maris and third baseman Clete Boyer are among those ticketed for new clubs.

SWEEPS SERIES OVER MOUNTAIN HOME

Sparks Eagles To 73-46 Romp After 77-70 In Opener

ward Humes put on a great all-round display Saturday night as he led the 73-46 romp over the Mountain Home Sweeps series. The Eagles in beating the service club 77-70 Friday night. Humes showed a player he was heralded to be as

he again was the floor general, held Mountain Home's Robert Robertson to four points after 23 Friday night—and pumped through 19 points. He sat out the first 14 minutes of the second half.

Mountain Home tried to upset the Eagles with a zone defense as the game opened but Fred Stevens exploded the experiment with some fine outside shooting and the Plainsmen varied their defense but it didn't matter. The Eagles pulled steadily away.

With Humes and Stevens providing the points, the Eagles jumped into a 26-8 edge in the first 10 minutes. The offensive display finally crested at 33 points before Coach Ed Sutton cleared the bench.

The Eagles showed great improvement over their opener Friday as Coach Sutton's man-to-man defense held Mountain Home well outside and the Plainsmen had a hard time pulling the strings, the Eagles waited until the good shot was there and hit extremely well.

After Stevens scored six of the first nine Eagle points from the outside, CSI put on some crisp passing and penetrated into the boards three of the next four times down the floor. Don Deuel, again rebounding well, Humes, with four points, and a bucket by Pleis Vann pushed the count from 11-0 to 28-8 and it was all downhill.

The Plainsmen's collapsing defense gave Vann five inside after scoring 30 Friday night. Vann had been content with 10 before fouling out. —

It was a combination of Vann and Humes, with a sudden outside shooting burst by Mark Rich that carried the Eagles to victory Friday night.

Vann got the ball often in the keyhole area and spun and whirled for 10 field goals and added 10 of 14 free throw attempts.

The Eagles move to Ricks College at Rexburg Wednesday and return Saturday to Twin Falls to take on Snow College. They are expected to be two of the toughest on the schedule this year.

At Denver, San Diego will be coming off an idle week and is struggling to stay alive in the West. The Chargers are 5-4-1 while Denver is 2-8.

San Diego is 10-3 overall against the Broncos and have beaten them in their last six meetings. They're solid favorites to do it again, particularly so with the return of Lance Alworth—the ace receiver—who will be back after an absence due to injury.

Illinois Joins Wisconsin In Baseball Suit

WASHINGTON (AP) — Illinois has intervened in an ongoing Supreme Court hearing seeking a Supreme Court ruling on Wisconsin's antitrust ban on club membership charges resulting from the move of the Milwaukee Braves to Atlanta.

In a "friend-of-the-court" brief, Illinois officials said Friday their state last year adopted a new antitrust act modeled in many ways after federal laws.

"Illinois has attempted to vigorously assert its new act against local violations of well recognized antitrust policies," said the brief of Illinois Attorney Gen. William G. Clark.

DRIVING THE BASE LINE, Don Deuel, 6-foot, 5-inch forward for CSI, scored a field goal off Dukes Hayden (44) of Mountain Home during action Friday night. CSI took the game 77-70. (Times-News photo)

UCLA Favored To Win National Title In AP's Pre-Season Poll

NEW YORK (AP) — The UCLA Bruins, with fabulous sophomore Lew Alcindor, are favored to win the national collegiate basketball championship in the 1967 season that opens Thursday. The choice of Coach Johnny Wooden's Bruins in the preseason Associated Press poll, announced Saturday, is hardly a surprise. Ever since Alcindor, a 7-foot-1 New York City high school star, enrolled at the Los Angeles school, followers of the Bruins have been eagerly awaiting his varsity debut. That will come on Saturday against Southern California.

UCLA, national champs in 1964 and 1965, was picked to make it three in a row in the 1966 preseason AP poll, but the handwriting was on the wall when Alcindor led the freshman to victory over the varsity in their annual game before the season started.

The Bruins ended with an 18-8 record and didn't even make the NCAA championship tourney, losing out to Oregon State in the Pacific 8. This time Wooden views the season with cautious optimism.

The Bruins beat out Texas Western, the defending national champions, and Kentucky, the team the Miners beat for the title last March, in the preseason voting by an Associated Press panel of sports-writers.

UCLA polled 12 first place votes, 13 from the Miners from El Paso and got a total of 163 points to 143 for Texas Western, Kentucky open a first place vote and 126 points.

The Duke Blue Devils, who finished third nationally in the NCAA tourney, polled 114 points. Last March, landed fourth place with 91 points. The Louisville Cardinals of the Missouri Valley Conference were ranked fifth with one first place vote and 70 points.

Rounding out the preseason Top Ten are, in order, New Mexico, Houston, Western Kentucky, North Carolina and Cincinnati. Boston College, Kansas and Chicago Loyola missed by only a few points of making the Top Ten.

Texas Western opens its season Thursday against Sam Houston. Kentucky opens Saturday against Virginia. Duke starts Friday against Virginia Tech and Louisville Saturday against Georgetown, Ky.

The Top Ten with first place votes in parentheses, total points on basis of 169 etc.

1. UCLA (12) 163
2. Texas Western (3) 143
3. Kentucky (1) 126
4. Duke 91
5. Louisville (1) 70
6. New Mexico 39
7. Houston 27
8. West Kentucky 26
9. North Carolina 22
10. Cincinnati 21

Kilgore Trims Ferrum 28-7 In Shrine Bowl

SAVANNAH, Ga. (AP)—Overbeaten, but top ranked Kilgore, Tex., Junior College scored 21 points in the fourth quarter Friday night to defeat Ferrum, Va., Junior College 28-7. In the annual Shrine Bowl football game, the national junior college championship.

Deadlocked at 7-7, Kilgore turned a fumble recovery into a quick touchdown and within four minutes the Rangers had 28 points to put the game out of reach.

Ferrum used a "muddle huddle" play to grab a 7-0 lead in the first quarter. It was simply a quick snap and quarterback Joel Deboe pitched to wingback Mike Brabley who swept the left side for 42 yards and a touchdown.

RIPS CINCINNATI — CINCINNATI (AP)—The thick fog did not spoil Bruce Matze's run as Miami University's star quarterback connected with four touchdowns and led the Redskins to a 28-0 rout over Cincinnati.

Your Spine and Your Health

By Dr. Ludwig C. Landwehr
LUMBAGO, which is actually a form of muscular rheumatism, is a low grade inflammation of the muscles and their sheaths. This inflammation, naturally, extends to the terminal endings of the nerves, which makes a movement extremely painful. It is Lumbago when the condition is localized in the lumbar region of the spine. "Flexorudis" is the name for the same condition occurring higher up, between the ribs. — Dr. Landwehr

Ortiz Risks His Boxing Crown Against Elorde

NEW YORK (AP) — There will be plenty of police in Madison Square Garden Monday night when 3-1 favored Carlos Ortiz risks his lightweight boxing title against junior lightweight king Flash Elorde of Manila in a television 15-rounder. Both were happy to hear that the special force will be beefed up for their return.

Reds' Helms Is Rookie Of Year

Associated Press Sports Writer NEW YORK (AP) — Tommy Helms of the Cincinnati Reds, a shortstop in the minors, a second baseman in the spring and a third baseman in the summer, has been named National League Rookie of the Year by the Baseball Writers' Association of America.

A 20-man committee, composed of two writers from each National League city, gave Helms 12 votes.

Sonny Jackson, Houston shortstop, was second with three votes, followed by Tito Fuentes, San Francisco shortstop, with two votes. The remaining votes were awarded among Clem Jones, New York infielder; Randy Hundley, Chicago Cubs' catcher, and Larry Jaster, St. Louis pitcher. Each got one.

The American League Rookie of the Year, named Wednesday, was Tommie Agee, Chicago White Sox center fielder.

Although Helms was a star shortstop in the minors, he moved to second base last year, followed by Tito Fuentes, San Francisco shortstop, at short and decided to switch.

The switch affected Rose's play and he was returned to second in early season. Helms took over at third and did a fine job.

The city of Burley has not yet selected Tawzer's successor. He will assume his new duties in Pocatello after the first of the year.

Tawzer had been at the Burley course for one morning before from the Country Club at Rupert.

Sophomores O'Brien And Seymour Ignite Awesome Irish Offensive Display

LOS ANGELES (AP) — Awesome Notre Dame, ignited by a pair of 18-year-old sophomores, blasted Southern California 51-0 Saturday as the Irish strengthened their claim for the 1966 national collegiate football championship. Quarterback Coley O'Brien, who took over for injured quarterback Terry Hanratty, and his 64-pass receiver, Jim Seymour, were the key figures.

FROM ALL ANGLES

By LARRY HOVEY
Times-News Sports Editor

An interesting week may lie ahead when the Southern Idaho Conference meets in Twin Falls, Idaho, Thursday. The meeting still appears to be somewhat tentative, many of the school administrators planning to attend a convention in Boise on the day before the start of the week. So if the principals are not expected to get back from that swing in time, the meeting will be expected to be a "dry run."

George Staudacher, Twin Falls principal, has called for the meeting, which in turn has been approved by the SIC chairman and principal of Highland. Staudacher seeks the meeting as rather an administrative matter, rather than getting something finalized.

Early week rumors that Caldwell and Nampa were to be expected to be expected by officials of those schools, but Mr. Staudacher would like to hear the same opinions from the superintendents of those districts.

Pocatello and Highland are rather expected to be expected by officials of those schools, but Mr. Staudacher would like to hear the same opinions from the superintendents of those districts.

SMU Rips TCU For Loop Title

PORT WORTH, TEX. (AP) — Jerry Lewis took a 89-yard touchdown pass and Mac White passed for two scores as Southern Methodist beat Texas Christian University 21-0 and won the Southwest Conference football championship.

SMU by winning also became first in the Cotton Bowl, the first time a Mustang team has played in that game since 1949. SMU will meet Georgia in the college football classic Dec. 31. Southern Methodist called on its strong defense to halt three desperate Horned Frog drives, twice with intercepted passes.

Florida State Rolls Over Terps 45-21

TALLAHASSEE, Fla. (AP) — Bowl-bound Florida State showed off its potent offense Saturday night as it scored an easy 45-21 victory over Maryland. The Seminoles ran up their biggest point total of the year and finished the regular season with a 6-4 record. They will meet Wyoming in the Sun Bowl at El Paso, Tex., Dec. 24.

FSU ran up a 31-point lead over Maryland and the reserves played the rest of the game. Quarterbacks Gary Pajic and Kim Hammond alternated through most of the game with the stringer Bill Burkhardt finishing up in the fourth quarter.

Pajic set two school records with his part-time performance, breaking the records for the most pass completions and for the most yards in total offense. He gained 143 yards to bring his season total to 1,735 which bettered the total of 1,637 set by Steve Tensi in 1964.

Pajic also completed nine passes, giving him 125 for the season to better Tensi's mark of 121.

Maryland quarterback Alan Pasirana had the play most of the first half because of a sore arm and reserve quarterback Dave Stola could not get the yardage offense going. Pasirana connected for three touchdown passes in the second half after FSU had already put the game out of reach.

Pajic and Hammond each threw touchdown passes. Four different FSU backs scored the other touchdowns on short runs. FSU's superiority showed up in the statistics, particularly in the first downs and passing yards.

FSU had 27 first downs to 13 for Maryland and gained 287 yards in the air, compared to 167 for the Terps.

SPORTS

Carter, Ogden Pace BYU Over Pacific

PROVO, Utah (AP) — Virgil Carter's record-setting passing and John Ogden's running carried Brigham Young to a 38-0 romp over University of Pacific Saturday in the last football game of the season for both teams. Carter threw three touchdown passes to tie the NCAA career scoring record of 60 set by Babe Parilli of Kentucky. His 367 yards running and passing against Pacific extended his NCAA career total yardage record to 6,254 yards. Ogden, a counter thrust to Carter's passing, ran for 107 yards and scored two touchdowns. Carter's passing, ran for three touchdowns and kept Pacific's defense off balance. Ogden gained 104 yards, a career high, in his final game for BYU.

BYU picked apart Pacific's line on offense, holding nothing to minute 10 yards, and defense and gave Tiger quarterback Bob Lee little chance to set for his passes. Lee, the only offensive weapon Pacific had, completed 17 passes for 234 yards.

Carter's three scoring passes to Kent Obern for 8 yards, Ogden for 5 yards and Oborn again for 14 yards. Carter also scored the first touchdown of the game on a 10-yard scamper down the right sideline.

Carter almost threw a 51st

Rams Tear Past Iowa State 34-10

FORT COLLINS, Colo. (AP) — Colorado State University closed out its first winning football season since 1955 Saturday by tearing through Iowa State 34-10.

Capitalizing on the running of Oscar Reed, the Rams scored four 80-yard drives in a game that no other team this year.

Reed led both teams in ground gaining. He carried 5.9 yards a carry for 24 carries and a total of 142 for the contest.

Sidewalks-Who Needs 'Em

People over 40, or thereabouts, can remember when sidewalks were just that. They were compressed dirt, wooden or concrete trails which were located beside the roadways. They also served to separate the road from the nearby houses or places of business, but, for the most part, people walked on them.

Now a sidewalk is a forlorn item which goes from here to there all alone. Seldom does a human walk down—or up—one. True, when school is taking up or has let out for the day there is sidewalk activity among the small fry. But other than that, at all,

people seldom walk outside their own home.

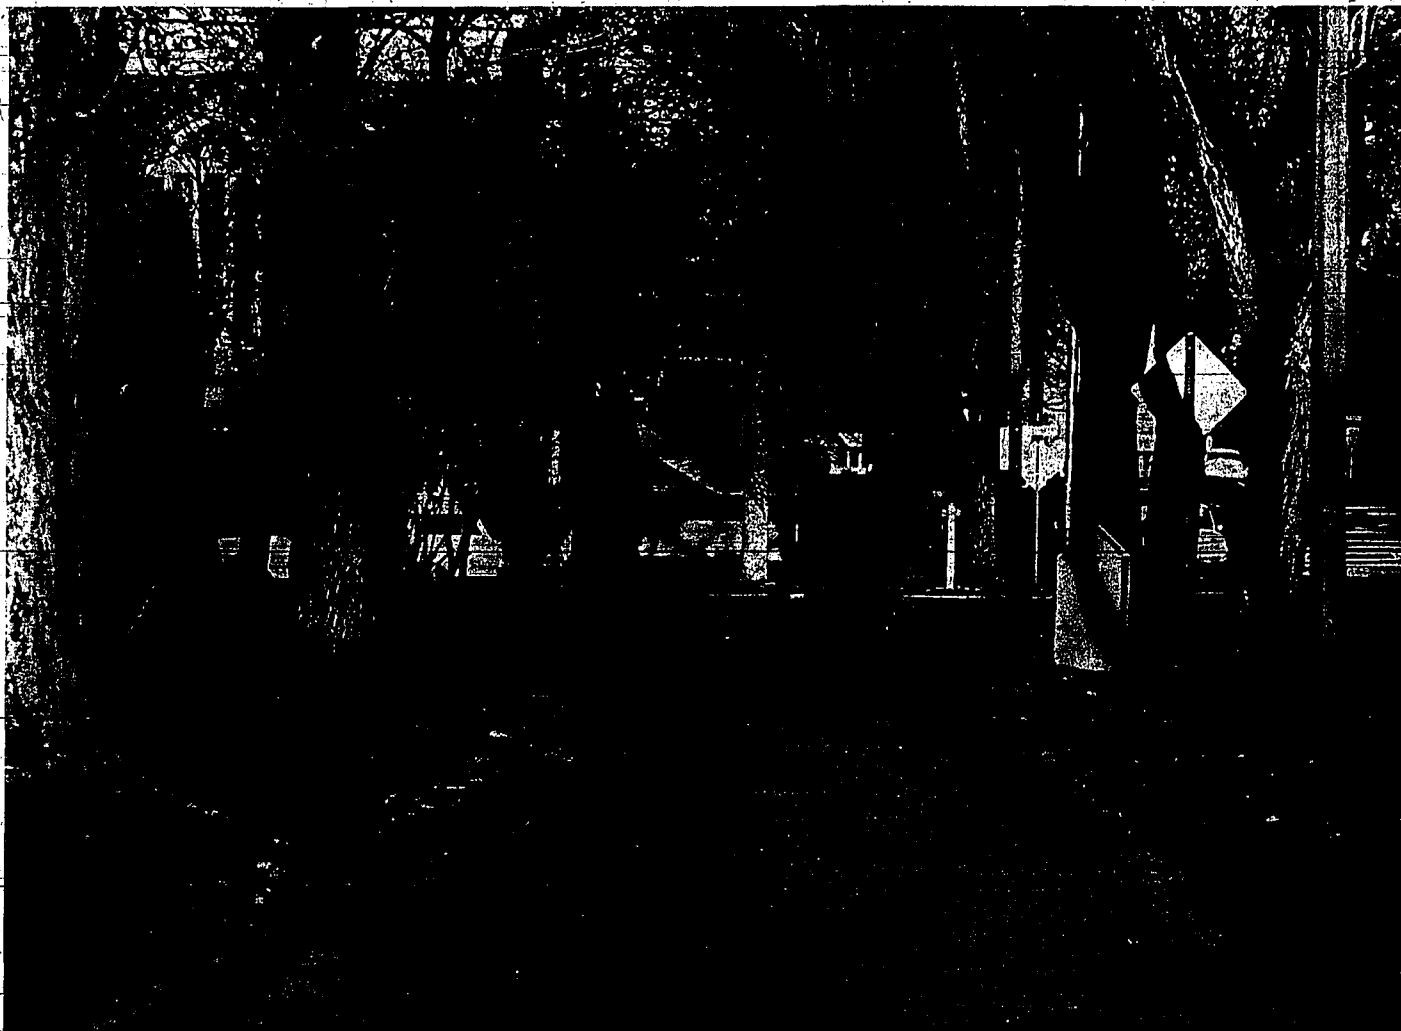

Walking is one of the oldest arts-of-man. At first, of course, he probably crawled but then when he stood up things began to happen.

Things continued to happen right down to the time when the automobile was invented, then walking started a decline until it has reached the non-social status it occupies today. The art is so changed that even shoes are thinner because they are used so little. Some have even abandoned the soles and wear only slippers with no soles at all.

There are some people, eventually, who have legs because they cryplace. The present one will probably never find this out.

But in Twin Falls, same is true in scores of communities—sidewalks are practically a thing of the past. So are the old sidewalks.

The art of living geared for speed, not loafing. The old sidewalks walk downtown of the past. So are they down the new sidewalks.

EIGHT-BLOCKS OP—available sidewalk and no pedestrians! This view, taken on a recent balmy fall afternoon with the sun shining and no breeze blowing, shows eight blocks of

nothing but space. The Times-News photographer was standing on the corner at Shoshone Street North and Fourth Avenue North and the camera shows a white structure far down

the sidewalk. It is the side of the Washington School, eight blocks away. One lone moving car, and another parked one, show at the right of the picture. Most city folks now use cars,

not legs, in getting from one place to another. Sidewalk joney pathways. Now they lead from here to nowhere. (Times-News photo)

WITH A PRACTICED flourish David Humphrey, Future Homemakers of America vice president, cracks and scrambles eggs while his "left-hand man," Del Rupert Jr., fillets a rather of bacon. These boys, along with 16 others are members of home economics cooking class at the Twin Falls High School. Mrs. John Anderson, instructor, states that the boys are apt students and seem to be enjoying the course immensely. (Times-News photo)

Cookery Unit Applauded By Senior Boys

In the last few years, parents have been startled by the innovations that have appeared in education.

There's a new home economics "cooking class" this year at the Twin Falls High School that may cause lifted eyebrows but it is sure to bring a smile of approval, at least from the mothers. Eighteen boys are enrolled and from all reports and appearances they are having a wonderful time.

Mrs. John Anderson, the teacher, says that the course is standard, beginning cookery. There were more boys who wanted to enroll but there wasn't room.

These senior students will delve into consumer education, family finance including budgeting and insurance, good grooming, good manners, mending, simple sewing and how to wash and iron, as well as getting a complete meal and serving it attractively.

They will learn the basis of good nutrition and how to plan and cook and serve a meal based on these health essentials. More specifically they will make muffins, biscuits, cakes, salads and learn many other skills usually thought to be in a woman's province.

David Humphrey, an enthusiastic member of the class, has been elected vice-president by the 23 members of the local group of Future Home Makers of America. He is the first boy in the history of F.H.M.A. to hold an office. Twelve other boys from this class are members of this organization.

Hagerman Starts Learning Center

HAGERMAN — This farming community, nestled along the Snake River in the Hagerman valley, soon will be playing host to school administrators throughout the state to show off a new innovation in educational progress for rural schools.

Hagerman is the only rural community in the state to have an Individualized Learning Center, paid for through a federal grant totaling about \$241,165.

And since this is a pilot project, the center will be open to tours for other school officials to view, best evaluate the center.

Some 50 superintendents of rural schools the same size as Hagerman and some Washington, are slated to inspect the facilities Dec. 1. Administrators will first visit the center on Dec. 1. (Continued on Page 2)

DISCUSSING CONVERSION OF the old study hall and library at the Hagerman High School, now nearing completion, into an Individualized Learning Center are, from left, George Carnie, superintendent, with Mrs. Roy Stawser, center, librarian, and Jessie Cherry, Hagerman librarian. This is the first center to be established in Idaho for rural communities and will be visited by school administrators of farming communities of comparable size on Dec. 1. Tours are slated after the center is in operation. The center is financed by a federal grant totaling \$241,165.

The Green Thumb

By GEORGE ABRAHAM

TRIMMING EVERGREENS: This is the time of year many ask me if their evergreens can be trimmed. If so, do you use hedge shears, pruners, sickle or knife?

First, yes, evergreens can be safely trimmed now. Tops can be cut out of the tall growing types and sides can be thinned. If your evergreens are to be sheared, then use hedge shears or a trimmer.

Arboretum are good examples of evergreens that need to be sheared. Shear them with your hand shears, without regard to needle or leaf location. Just don't cut in too deeply as it leaves a bare scar.

Yews, both upright and spreading, can be sheared or pruned, whichever method you prefer. Usually the spreading types are sheared into a round ball. If a formal effect is preferred, you can trim them into an informal type, merely by letting the shrubs grow gracefully, without the shearing process to do the job.

Pfitzer juniper (a spreading type) does not lend itself to shearing and should be trimmed by cutting. Cut the branches here, so that it looks more or less star-shaped from a bird's eye view.

Canadian Hemlock lends itself to shearing and topping; otherwise it would grow into a tree 50 feet tall. Take a pair of shears and shear the top. It needs to get that get the shape and height you wish. If it is too tall, take a pair of clippers and cut it back to a reasonable height.

Don't be afraid to trim your evergreens and if you do tackle them, be sure to use a sharp razor. Give them a careful trim.

TINY GARDENS TIP: Here's one more tip for your bulletin on "Tiny Gardens For Tiny Tot's." When peeling carrots or turnips, cut off top layer of vegetable about 1/2 inch thick, put in a saucer of water with pebbles or gravel in it. Allow top to bob in water and within three days you should have a nice little fern.

Do not let water dry out. Carefully observe the centerpiece, and will last for several weeks.

Or try this: Hollow out the center of a turnip from bottom up, leaving the top intact. With a darning needle, put a string handle on. Fill turnip with soil and hang up, for a hanging basket. The top will sprout and grow up around the sides.

Extends and give more tips for our new bulletin, "Tiny Gardens For Tiny Tot's." We'll put them together and offer it free later.

POISONOUS PLANTS: The list of poisonous plants about us is endless. Some of them are so used we could hardly do without them. Take the handsome evergreen, the Japanese Yew, the fruiting or female form of Taxus. The fleshy fruit tastes good (and many people eat them) but it's the seeds and needles which contain the poisonous trace or shrubs in Great Britain.

Rochester Taxus cuspidata (spreading yew) caused the death of four deer, one reindeer and one burro who were in branches were accidentally included with material placed in the pens with these animals.

Red cedar fruit is attractive to children, although the pulp itself is not especially poisonous. It is a special danger because concentrations of the harmful alkaloid.

One-bearing evergreens are safe, and a water repellent. Control Center reminds us that a lost hiker could eat seeds if any for survival, or he could nibble on new tips, or chew the cambium bark.

It's not practical to eliminate all plants which are poisonous. For example, cabbages has been shown to produce gotters in rabbits; narcissus bulbs are toxic, and so are ribwort leaves, but we can't expect to get along without these useful plants. The best we can do is to constantly

Rightwing Terrorists Join Marxists In Guatemala

BY ROBERT BRELLEZ
GUATEMALA (AP) — Rightwing extremists and leftwing Marxists joined the war, launched by Marxist guerrillas, on Guatemala's four-month-old government.

This is one of the main reasons the fledgling center-left government has had to deal with economic problems, recently restored firm security measures under a state of siege by which some constitutional rights are suspended.

Guatemalans have endured these sometimes irksome security precautions since 1954 and aren't particularly disturbed this time.

The flat side of tulip bulbs to ward the rim of the pot. The broader leaf grows from this side and makes a better looking pot of tulips.

Set daffodil bulbs in pot, with tip just showing above soil surface. Place the pots in darkness in a cold temperature for a period of 10 to 12 weeks. Burying them outside under a covering of leaves and straw is good, if you don't have a cool enough cellar.

R. O. of Tuttle: Did you know that popped popcorn is a food that birds really love? You can make a small box with a hole in it, or you can take a plastic bleach container, cut a hole in the side and hang it on a tree. It makes an ideal feeder and holds a lot of popped corn. You'll be surprised to see how many birds will flock to the feeders.

R. O. of Murtagh: "My poinsettia is dropping its leaves. It grew fine until I added some dry fertilizer to the soil. What can be done now?"

"If the plant upside down and wash the dry plants from the soil surface, then soak the plant well to remove any excess salts. New leaves should appear. Anything that injures the roots will cause yellowing of the leaves. Grow the plant in a window and keep the soil uniformly moistened at all times."

FREE: Want your poinsettia to bloom for Christmas? Send me a self-addressed, stamped envelope and ask for a copy of my guide, "How To Make Your Poinsettia Bloom." It's a special guide tips on growing this handsome plant.

Life in MAGIC VALLEY

Far away places with strange sounding names such as Bulgaria, Romania, Yugoslavia, Turkey, Greece, Italy and Japan. These hardly sound like the places that a couple residing in the small communities of PAUL and DELO might visit. But, the professor of Charles Clark, a civil engineer, has taken him and his family to some 15 European and Asian countries. Clark, who is the son of Mr. and Mrs. Ray Clark, Paul, recently has returned to his home in Magic Valley after a year-long assignment with headquarters in Rome, Italy. Clark is the son of Mr. and Mrs. Ray Clark, Paul, and his wife is the former RaNaë Gillett, Declo. (Times-News photo.)

owned by Clark, who has alex dating back to the time of Alexander the Great and before. These coins are made of silver and show excellent workmanship.

He has tiny Greek coins, a third size of our dime, that are called burial coins. In ancient Greece, they were tucked under the tongue of the deceased as payment for their passage to cross the River Styx after they had died, so the ancient legend goes.

The Lion and the Sun, symbols of old Persian religion, are easily seen on some of the Persian coins.

One of the Greek coins that he has acquired shows the symbol of Athena, the goddess of wisdom, and her personal symbol, the owl. This particular coin has been selected by the University of California as its symbol.

Many of the coins were found in a cleft dating back to the time of the Crusades. River stones sometimes called the Cradle of Civilization.

Many of his artifacts, such as a silver dagger and a sword, are gifts. He has also acquired some coins and relics merchants, to whom the villagers bring their coins and artifacts to sell.

However, Clark and a friend also turned up some ancient coins with the help of a metal detector.

Mrs. Clark and the children will remain in Declo, until Clark receives his new assignment that might take him to other countries of the world.

Santa's Arrival Left In Doubt
CLIFTON, N.J. (AP) — Santa Claus says the City Council is neither a public official nor a foreign power, so he can't land here.

A department store (W.T. Grant Co.) had applied for permission to land Santa by helicopter at a shopping plaza Friday to launch the Christmas shopping season.

But an ordinance forbids flying machines from landing in Clifton's airportless 12 square miles. The two exceptions are public officials and foreign powers.

"We love Santa Claus in Clifton," said the councilman. "We welcome him by sea, land... any way but by air."

MAGIC VALLEY PORTRAIT

Dr. Jensen, Author And Scientist, Finds Little Time For Relaxation

Although he likes to play golf and terms himself a "bug" for good music, Dr. M. E. Jensen finds little time for these relaxations.

DR. M. E. JENSEN

His official title is Investigations Leader for Water Research. That means he is technical advisor in his field for the projects and research that is carried on at the United States Department of Agriculture at the Center as well as by two researchers at Washington State University, Pullman, Wash., and two in Prosser, Wash.

Dr. Jensen and his wife, Doris, have three children. Connie, who is 13 is a student at the College of Southern Idaho in Twin Falls. Jeffrey, 14, is the next oldest and he is followed by Eric, 4.

Gratitude Is Theme For Speech Club

BURLEY — "Gratitude" was the general theme Tuesday evening during the Burley Toastmasters Club meeting in the conference room of the Idaho Bank and Trust.

Dr. Jensen's writing is for scientific journals and also used as chapters in technical books, sometimes used as texts in the field. Dr. Jensen also approves manuscripts written by the researchers that work under him.

Aside from his work, Dr. Jensen has been busy with planning for the meeting on evapotranspiration and its role in water management which will be held Dec. 5 and 6 in Chicago.

He is a member of the American Society of Agricultural Engineers, the American Society of Civil Engineers, the Soil Scientists Society of America and the International Commission on Irrigation and Drainage.

He is also a member of such honorary groups as Alpha Zeta, Phi Kappa Phi and Sigma Xi. He is active in the Magic Valley Chapter of Research Scientists which was established here in 1964 and the I. B. Ferrin Toastmasters Club, of which he is president.

Dr. Jensen attended the 4th International Congress on Irrigation and Drainage in Madrid, Spain, and at that time traveled in Europe, studying the water problems common in those countries. During this trip he visited Norway, where he met with the Oslo, Norway, which is the birthplace of his father.

Meet Slated

FILER — The Filer Kindergarten Association will hold its annual organization meeting at 8 p. m. Tuesday in the Junior High School.

Officers will be elected and plans made for the coming sessions. Parents of children eligible for kindergarten are invited to attend.

Dice From Early Rome Were Crooked, Museum Head Says

By EDY GILMORE LONDON (AP) — Friends, Romans, countrymen, lend me your ears, for the Romans, when brought Christianity to England, also seem to have brought along several pairs of crooked dice.

"I'm afraid," said director Norman Cook of the City of London's Guildhall Museum. "Here, see for yourself."

He held forth several pairs of dice dredged up from the Roman ruins on which the city of London stands. The biggest die — which the dictionary says is singular for dice — had a neat hole in one side.

"Definitely a case of plugging," said the director. "The Roman London as now, plugging is one of the easiest ways of doctoring a pair of dice. You ream out a section of the die, insert a small slug of something heavy, like lead, then replace the section."

"Now, examine this pair," said the museum director. "The second pair, though smaller than the plugged pair, should come up more often than the heavier side. Gravity acts to that."

"Very interesting," said this reporter who, in the back alleys of a small southern town years ago, learned the rudiments of card shooting, or rolling the bones.

"Which," said I. Given a conventional shake and roll, the 6 and the 1 were longer than the other sides.

"The City of London — now the financial section of Greater London — is the real old part of the Roman and pre-Roman part."

He said that when the Royal Exchange, which houses the Guildhall Museum, was built, thousands of Roman objects were found when the builders dug down to make the foundations.

"Well, one pair was found in little Bell Alley in Roman deposits. The others we found in London Wall. They're all in excellent condition."

"These dice were definitely being used throughout the period when Britain was one of the parts of the Roman empire, and that's from 55 B.C. to 410 A.D. You see, if you dig a hole anywhere in the City of London, the chances are 10 to 1 that you're going to find some Roman stuff. People have been living and working in the City of London for something like 2,000 years."

"The City of London — now the financial section of Greater London — is the real old part of the Roman and pre-Roman part."

SUBSTITUTING FOR HER husband, Mrs. Aldrich Bowler, Buhl, will serve on the state commission for the Governor's Conference on the Arts and Humanities.

Mrs. Aldrich Bowler To Serve On Arts And Humanities Commission

BOISE — Mrs. Aldrich Bowler, Hagerman, has been appointed to serve on the state commission for the Governor's Conference on the Arts and Humanities.

Mrs. Bowler is substituting for her husband who is a Buhl teacher and head of the Antique Festival Theatre.

The conference, which was held in Boise Nov. 14 through 16, featured such speakers as Alvin C. Harkberger, president of the Institute for Humanistic Studies; Charles C. Mark, director of state and community operations, National Endowment for the Arts; Omar Lerman, managing director of the American Ballet

U.S. Army To Double ROTC Scholarships

UNIVERSITY OF IDAHO, Moscow — The Army will double the number of four-year ROTC scholarships to be awarded during 1967 and will increase its two-year scholarship awards by at least 250, Maj. N. A. Matthias Jr., executive officer announced this week.

The North Idaho conferees' meeting was headed by Glenn Lockery, U of I department of music, and Fulton G. Gale, Blomquist, ISU assistant professor of speech.

19 Area Men Enlist In Navy

A total of 19 Magic Valley men have recently enlisted in the United States Navy, the Twin Falls Navy recruiting officer announced Friday.

Enlisting were William D. Thomson, Burley; James I. Hammond, Rupert; and Michael Palmer, Coalinga; Dennis J. Fischer, Filer; and Steven C. Anderson, King Hill.

Others include Steven E. Kuerster, Coalinga; E. Monge Douglas, W. Parker and Chugg, all Rupert; Lawrence D. Wagner and Kenneth E. Campbell, both Burley; John C. Jones and Edwin C. Zollinger, both Burley; Kenneth M. Roseman, Coalinga; Kenneth E. Wright, Murtada; David A. Schepps, Castleford; Larry E. Williams, Shoshone; Gary E. Palmer, Coalinga; Dennis J. Fischer, Filer; and Steven C. Anderson, King Hill.

NOT ALL THE memories of the days in Pearl Harbor were sad ones. Ted Anderson, left, Kenneth Walters, Richard Hansing, Dwight Burton and John Larrabee find some of these were hilarious. The five men met recently in their own observance of the 25th anniversary of the bombing of Pearl Harbor by the Japanese. These five, among others now residing in Magic Valley, were all present the day of the bombing. (Times-News photo)

Slippery Acres Slinks To Oblivion In Blue Pacific

PORTUGUESE BEND, Calif. (AP)—Ten years ago a hunk of this picturesque peninsula community began sinking, like setting sun, slowly into the sea. It is still sinking. Of 158 families originally about what has come to be known as "Slippery Acres," 30 gamely remain. "For this hardy group" it has been a fantastic decade. The 120 acres on which they dwell have—in slow motion—crumpled, cracked, humped, sagged, zigged and zagged. And their homes, yards, fences, walks and driveways have done the same as the land beneath them. The blue Pacific at the rate of a fraction of an inch a day. Residents, who could be forgiven for being a little nervous after seeing homes in the \$40,000 and up class deteriorate to an assessed value of \$500, are remarkably chipping.

Election Date Is Listed For ASCS Vote

SHOSHONE.—The approaching election of Agriculture Stabilization and Conservation community committees is explained by county officials. The committee committees are the ASC county committee in administering the price support, acreage diversion, agricultural conservation and farm action program in the county. They are particularly responsible for keeping their neighbors informed about the programs. The county committee supervises the ASC county office and is responsible for the administration of the various programs. Voting will be by mail, the chairman, Eugene Alexander, explains. Ballots have been sent to each known eligible voter. In case eligible voters fail to receive a ballot through the mail they should call the office or stop in and pick up a ballot. Generally, a farm owner or operator is eligible to vote if he is eligible to take part in one or more of the County ASC programs. Eligibility to vote or to hold office as a conservation man is not restricted by reason of race, creed or national origin. Envelopes containing marked ballots may be mailed or returned to the ASC County Office any time before Dec. 1. Ballots will be tabulated publicly by the County committees on Dec. 6. If you are at the County ASC office, the public is invited to witness the vote counting. Nominics for ASC community committees include: Richard A. Community, Office Armstrong, Roger Freeman, Jack Husbmitt, Harold Priddy, Ralph Jones, J. R. Sanders, Bruce Sorenson, Don Ward, Everett Ward and Melvia Wellhausen; Shoshone "B" Community, Paul B. Covert, Ernest Bossiger, Eldon Guthrie, S. M. Hall, Howard Hill, George Horn, Carl Kerner, Jr., Marvin Laughlin and Wayne Sorenson; Dietrich "C" community, Lowell Anderson, Walter Bowman, Clifford Davis, Delbert Helker, Richard Hubert, Martin Jauregui, James Messery, Ernest Reynolds, Monte Sorenson and Ralph Towne; Rimnema Community, J. Reed Crystall, J. Lowell Maughan, Mack Neibauer, Cal Phillips, Cecil Terry and Richard Ward. For each committee, three regular members and two alternates will be elected. The chairman, vice chairman, and third regular member of the elected ASC Community Committee will also serve as delegates to the county convention to be held within the next few weeks. The alternate committees will also serve as alternate delegates to the convention. Delegates to the convention will elect farmers to fill vacancies on the ASC

Five Twin Falls Men Spend Evening In Observance Of Pearl Harbor Day

On Dec. 7 members of the Pearl Harbor Association will observe the 25th anniversary of the surprise attack that plunged the United States into World War II. This meeting will be held in Honolulu. Last Monday evening a number of Twin Falls men who were at Pearl Harbor on the day of their own observance of that historic date in the Colonial Room of the Rogerson Hotel. Ted Anderson, Richard Hansing, John Larrabee, Kenneth Walters and Dwight Burton were present although there are many others in the valley who were also at Pearl Harbor. Memories were thick as the men recalled fragments of what they were doing when the first explosion occurred that morning. Ted Anderson remembers that he was in the basement of the hospital on shore. He recalls the stretch of burning flesh, the difficulty in trying to eat. He said no one was hungry but knew they had to eat to keep their strength. Kenneth Walters had just raised the signal on the flagpole ordering the American flag on all ships. It was five minutes to eight o'clock. Walters had been scheduled for shore leave that weekend, but had decided to stay aboard ship and had taken another's duty. Richard Hansing was having breakfast, Ted Anderson was lying on the top bunk reading the funnies. John Larrabee, Burton and Hansing recalled the long hours of duty not all the talk was of that day of destruction. The five men all say they were during the evening speaking of the places they had been the men they had known and of course the many battles which took place during that war in the South Pacific. Larrabee and Burton were aboard the same ship during the course of the war and Larrabee later came to Twin Falls as a Navy Recruiter. He said that when the time came for his discharge, he scouted all the last-minute details and was on his way back to Twin Falls within the hour. Anderson was stationed at Sun Valley when it was serving as a Naval Convalescent Hospital. While he was there he met a young girl, they were married and now make their home in Twin Falls.

Churchill's Biography Of Famed Father Draws Praise

BY COLIN FROST EAST BERGHOLT, England (AP)—From the depths of a green armchair beside a crackling log fire, Randolph Churchill is conducting a massive literary enterprise in the style that his father conducted battles. At his left sits a stenographer, one of a staff of four. At his feet, a huddle of small dogs. On his right, incongruous in the drawing room of an English country house, is a multichannel intercom linking him with researchers and archivists. The pink-walled mansion has been turned into a writing factory. In converted bedrooms and two sunrooms in the grounds are Randolph's raw material—the thousands upon thousands of letters, memoranda, and manuscripts which Winston Churchill accumulated in the more than 60 years he blazed across the English scene. Randolph's biography of his father, acclaimed by the critics on the appearance of the first volume in England this month, will be a monumental work. Winston's youth was spent before the telephone killed the art of letter writing. He and his contemporaries wrote for the future, knowing that their letters would be stored away for the autumn evenings as families now keep photographs. By the time the telephone took over, Churchill was in any case on the public record. A corps of secretaries ruled the ocean of papers flooding a life in politics and authorship, filing them in bins in boxes that now line the strongroom walls. Randolph's theme for the work is "He shall be his own biographer." Extracts from Churchill's letters and writings form the backbone of the intended five volumes. Randolph supplies the linking narrative and commentary. The first volume tells of Churchill's desperately unhappy childhood amid the brutality of English boarding school, and the thrusting ambition that brought him fame and a place in Parliament at 25. The second, already at the printers, takes his career to the brink of World War I. Alongside each volume are to be published—companions, intended for scholars and historians, giving the relevant letters and documents in full. The companion publications for the first two volumes alone run to more than 1.5 million words. Randolph's technique is in effect to work backwards: first the masses of papers are sorted and the material for the companion publications goes to the printer. It returns in proof form, a proof marked secret and carrying Randolph's copyright. From these proofs he assembles the biography proper. "Like his father he seldom uses pen or ink," he prefers instead to think over his memoirs. "I set it in a mind and dictate to a stenographer. He works no set hours and often writes in the car, or while working through the night. He revises his manuscript heavily and often. "To my regret, I haven't kept a diary," Randolph says. "Of course, I have thousands of anecdotes about my father. But I can never hope to recapture the subtleties of his conversation, the skill and timing with which he would talk to some of his friends. I shall never hope to imagine and then, with a word of gesture, explode it." But, said Randolph, will the biography present a deep analysis of his father's place in history? His task is to provide the setting for Churchill to tell his own story.

"WHAT KIND OF A DEAL IS THIS?" asks Lt. Douglas Hunter, Orem, Utah, as Capt. Orin Shiras, Halley, kisses the hand of Hunter's wife as they greeted them at a recent formal social at the Holiday Inn. This traditional Regimental Commander's Officers' Ball includes National Guard officers

from the first, second and third squadrons of the 116th Armored Cavalry Regiment, Headquarters Troop and Aviation Co. Standing in the background are Lt. and Mrs. Dennis Griffin. Guests attended the social from throughout Idaho. (Times-News photo)

LOOKING AT THE MEDALS displayed on the jacket of WO4 Chris Fearheller, Jerome, is Mrs. Enrique Vasquez II. Mr. Fearheller is personnel officer for the third squadron. Mrs. Vasquez that he received the medals during World War II. Mr. Fearheller looks on. Mrs. Fearheller is personnel officer for the third squadron. (Times-News photo)

AMONG THE GUESTS AT a recent National Guard officers' party are Col. and Mrs. James S. Brooks and Lt. Col. Thomas Hovenden, all Boise. Col. Brooks is chief of staff and Col.

Hovenden is third squadron commander. Long distance travelers spent the night in Twin Falls and returned to their homes the following day. (Times-News photo)

THE REGIMENTAL COMMANDER'S BALL held at the Holiday Inn was attended by approximately 200 persons. Among those attending were Maj. Gen. and Mrs. George B. Bennett, Boise, left, and Col. and Mrs. Edward G. Elliott,

Burley. Gen. Bennett is adjutant general of Idaho, and Col. Elliott is commanding officer of the 116th Armored Cavalry Regiment. This is the eighth annual social hosted for the 116th. (Times-News photo)

DISCUSSING THE EVENING'S ACTIVITIES are Maj. and Mrs. Samuel K. Magaw, Twin Falls, at a recent Regimental Commander's Officers' Ball in Twin Falls. Maj. Magaw is regimental adjutant. (Times-News photo)

Beautiful Women Are Praised At Officers' Ball

By NORMA HERZINGER
Women's Page Editor

"I knew Idaho was famous for its beautiful women, but I did not realize most of them were married to National Guard officers," stated Col. Edward G. Elliott, regimental commander, when he gave the welcoming address at a recent formal gathering of National Guard officers of the 116th Armored Cavalry Regiment and their ladies at the Holiday Inn.

This traditional Regimental Commander's Officers' Ball included officers from the first, second and third squadrons of the 116th Armored Cavalry Regiment, Headquarters Troop and Aviation Co. which involves Boise Valley, Pocatello-Idaho Falls area, Magic Valley, and to the Utah border.

The evening began as the officers and their ladies were greeted by "Welcome 116th Armored Cavalry" written in large bold letters on the towering marquee at the Holiday Inn. Officers in their dress blues were the order of the evening and their ladies looked beautiful in their long formal gowns and exquisite cocktail dresses as they entered the banquet rooms.

A cocktail hour was held from 7 to 8 p.m. as a get-acquainted time, with many friendships renewed and new ones established.

The tables were beautifully decorated in a fall motif and accented with placecards indicating the seating arrangement. The head table was enhanced with a large arrangement of yellow and golden-colored chrysanthemums with greenery and contrasting ribbons.

Seated at the head table, along with Col. and Mrs. Elliott, were Lt. Col. and Mrs. Theodore R. Pence, Buhl; Lt. Col. Thomas Hovenden and his lady; Lt. Col. William T. Armstrong, Twin Falls; Lt. Col. and Mrs. Paul H. Jones, Pocatello; Lt. Col. and Mrs. Don A. Duvall, Caldwell; and special guests, Maj. Gen. and Mrs. George B. Bennett and Col. and Mrs.

PRESENTING A FLOWER to his favorite lady is Lt. Ormond T. Smith, Buhl, at a social gathering in Twin Falls. His favorite lady is his wife, Pat, and the yellow chrysanthemum came from the elaborate centerpiece on the head banquet table. (Times-News photo)

Christmas Show Scheduled By Garden Club

Plans for the Twin Falls Garden Club's standard Christmas show, "Magic of December," were completed, when members of the show committee met at the home of Mrs. F. W. Hicks, chairman.

The two day show will be open to the public from 1:30 p.m. to 7:30 p.m. Thursday and from 10 a.m. to 5:30 p.m. Friday at the Rogerson Motor Inn Round-up Room. A small admission will be charged. Mrs. C. Lawson is in charge of tickets. Tickets can be purchased at the door.

For the show are open to all home gardeners and non-professional arrangers, and will be accepted from 9 to 11 a.m. Thursday. Entries will be received before Thursday.

Exhibitors are allowed one entry in each class or subclass. Containers will be provided at the show room for cut branches or cut flowers. Entries must remain in place until the close of the show, 5:30 p.m. Friday.

Judging will begin at 11:30 a.m. Thursday and decisions of judges will be final.

The show committee will exercise care but cannot be held responsible for personal injury, loss or damage of any property.

Class awards given on basis of quality will be seals; first, second, third and honorable mention, respectively.

Section awards will be given for best potted plant, best cut material, best door or wall decoration and best decorative design in Section C.

Best of show awards in section B, decorative designs, will be given for best arrangement with fresh cut plant material predominating. An award of merit may be given to the specimen scoring 95 points or more in horticulture division.

The top awards, tricolor and award of distinction, may be given as judges decide, to best blue ribbon arrangement from section B and C in artistic division if requirements are met. They must score 95 points or more and must be composed of all fresh cut plant material or all dried and/or treated plant material. Accessories permitted in both categories.

Sweepstakes awards will be given to winners of blue ribbons in each division. Entries in the cultural division must have been grown by exhibitor three months or more, and named if known.

Potted plant classes include African Violet, single or crepe, named. Sub classes are single, any color. Double flowers, pink, red or wine, blue, orchid and multi-color.

Begonia—fibrous, fibrous and others. Vines as hoyas (wax plant) ivy, philodendron.

Cactus grown in pot under seven inches across; Cactus in pot 7 to 15 inches. Succulents as aloes, jade plant and stapelia. Same measurements as cactus classes.

Geraniums will be classed for scented leaf, variegated leaf and flowering kinds.

Classes will be set up for any other flowering, foliage or fruiting houseplant.

Planters under seven inches and seven inches or more and dish gardens may be exhibited. Classes in section B, cut branches 15 to 30 inches long of

DISCUSSING THE TICKET SALES for the membership banquet for the Magic Valley—Hairdressers Association and Cosmetologist Association, Inc., Affiliate No. 4, are standing from left, Carolyn Slack and Billie Scott, new members, and secretary, Hazel Bowden. The banquet will be held at 8 p.m. Dec. 5 at the Holiday Inn. Mrs. Esther Smack is president of the local group.

hardy vines, shrubs and trees include one specimen each class, pyracantha, oregon grape, juniper, yew, pine, any other greenery, any other unclassified vine, shrub or tree and any other horticulture-as-cut-flowers.

Extra cultural classes may be created if there are two or more entries of same kind.

No artificial flowers or artificial foliage are permitted in the artistic division classes. The use of ribbon, dried, cured or treated plant material, artificial fruit (remove leaves) or coloring agents will be permitted unless otherwise specified. Accessories for backgrounds permitted.

Section A includes classes for wreaths, fresh material dominant and wreath with dry material dominant. Plaques must contain plant material in the design and be equipped for hanging. Swags may be predominantly fresh material and predominantly dry material.

In Section B, the theme class, "Magic of December," arrangements predominantly white (fresh material dominant and dry material dominant) will be staged against dark blue background 36 inches high. Arrangements featuring one or more candles and arrangements featuring weathered wood will be staged against a white background 36 inches high.

A 24-inch high white background will be provided for following classes, arrangement ex-

pressive of a Christmas song (title), a, fresh material dominant, dry material dominant; arrangements of all fresh material and arrangements in paired containers, suitable for a mantel.

Section C includes limited classes for niches, pedestals and table settings. Exhibitor must reserve space by Monday, Call Mrs. S. W. Smith, 733-1315, or Mrs. V. W. Nelson, 733-746, and inquire size of space.

December Beauty, arrangement in a niche; 5 entries; arrangement for pedestal, approximately 23 inches high, entries; "Christmas Bruneh" capsule table setting, using cloth for background, plate and decora-

tive unit (arrangement); may use accessories. Other divisions of the show will include classes for grade school children and junior high school as "Christmas Joy," an arrangement for a coffee table; a house plant. High school gardeners may exhibit in two classes of corsages, daytime wear and party time.

"Magic of Christmas" arrangement for a hall table, potted plant.

The educational division will show various book collections for horticulture, flower school, landscaping and displays featuring objectives of National Council of State Garden Clubs as conservation birds, anti-litter, etc.

Mrs. Victor Nelson, assisted by Mrs. R. Miller, Mrs. H. Gil-

lette, Mrs. A. Powell and Mrs. J. Reynolds are in charge of staging. Mrs. Ivan Pierce and Mrs. T. C. Hartwell, posters; Mrs. Leo Anderson, radio; Mrs. John Flatt, schedule; Mrs. E. Steffen and Marian Turner, coffee table; Mrs. Smith, entries; and Mrs. Sam Forter, classification. Mrs. Edd Reichert is in charge of judges and clerks. Mrs. Floyd Bandy is special prizes chairman.

There will be a table for the sale of dried materials for arrangements.

SUMMER PARTY HELD FILER — Mrs. Homer Schnell was hostess at a potluck dinner and slumber party for Junior and senior girls of the United Missionary Church.

Magic Valley Favorites

WEEK'S RECIPE WINNER
CHERYL CHAMBERS
Route 2, Filer

Cantonese Duck
2 ducks (2-1/2 pounds dressed)
Garlic, salt and pepper
1 sprigs parsley and one-half lemon
1 lemon halved
8 slices bacon
1/2 cup prepared mustard
1 tablespoon soy-sauce
1 cup apricot preserves
1 tablespoon lemon juice
1 teaspoon grated orange peel
1/2 cup melted butter
Sprinkle ducks, inside and out, with salt and pepper. Place two sprigs parsley and one-half lemon on cavity of each. Cover breast of each duck with bacon and fasten with string.

Cantonese Sauce
Combine mustard and remaining ingredients (except butter) and heat in a double boiler over hot water. Place ducks breast up in a baking pan. Roast in a pre-heated oven at 350 degrees, 30 to 45 minutes per pound. Basting frequently with butter and once with Cantonese Sauce.

Carve ducks, serve with rice and remaining Cantonese Sauce.

Home-Teachers Feted At Social
ACEQUIA — The bishopric of the Acequia Second LDS Ward sponsored a social for home teachers who completed 100 per cent of their teaching during the past three months.

The honored guests enjoyed an evening of basketball at the LDS cultural hall, followed by a hamburger fry. Hosts were Bishop Van Sorenson and his counselors, John A. (Burt) Stevenson and Richard Johnson.

USE SUGAR
Using brown sugar in chocolate brownies gives interesting flavor.

Play Scheduled By Area Stake
HAILEY — "It Begins With Balloons," an evening of drama and music, will be presented by members of the Blaine LDS Stake at 8 p.m. Wednesday in the Hailey LDS Cultural Hall.

Theme of the play demonstrates the fact that it is difficult for children to make choices as it is for grown-ups to make decisions.

The play is under the direction of Harold Butler, Blaine Stake MIA officer. Participating will be members from Shoshone, Picher, Richfield, Carey, Hailey and Sun Valley.

Robert Carling, Hailey, plays the lead part as the balloon vendor, with Steve Shiras, Hailey, and Cheryl Dylington, Ganett, in supporting roles. There are 30 other speaking parts and 60 persons in the chorus.

Mrs. Arthur Hall, substituting for the stake drama director, Mrs. Louis Bolden, is in charge of speaking parts and Mrs. Alden M. Packer, Hailey ward music director, assisted by her pianist, Mrs. Raymond Lyon, are in charge of the musical numbers.

The event is the annual Parent-Youth Night for the stake.

SLUMBER PARTY HELD
FILER — Mrs. Homer Schnell was hostess at a potluck dinner and slumber party for Junior and senior girls of the United Missionary Church.

YULE PARTY SET

FILER — North Street Club members made plans for a Christmas party at the home of Mrs. Elma Fouts. The event will be held Dec. 17 at the home of Mr. and Mrs. Walter Schenkel and husbands of members will be guests.

Youthful Beauty

From the early twenties, bedtime massage with a vitalizing night cream is ideal for softening traces of surface skin dryness and thin lines. Apply Olay vitalizing night cream to cheeks, forehead, and throat and coax it into the skin with light, upward mousing strokes, then remove with a tissue. Such care will encourage complexion loveliness.

**Social Held
By Idaho's
Rodeo Cowboys**

Idaho's rodeo cowboys polished up their boots and dug out their glad rags for the climax of their day long Idaho Cowboys Association Convention at the American Legion Hall.

Approximately 250 cowboys, wives, sweethearts, and people whose interests lay in stock, tack and rodeo in general took part in the cocktail-hour, smorgasbord and awards presentation. Bill Vickers, Twin Falls, was master of ceremonies at the presentation and Miss Rodeo Idaho, Rosemary Vassar, Caldwell, presented the awards.

Saddles were awarded to Lonnie Wright, Nampa, all-around cowboy; Harold Tewe, Mountain Home, bareback riding; Bob Juler, Buhl, bulldogging; David Erickson, Elko, Rev. saddle bronc riding; James Gibbs, Wendell, bull riding; Robert Johnson, Caldwell, calf roping; Donald Davis, Meridian, team roping, and Diane Elam, Eagle, barrel racing.

Buckles and hats were awarded to second and third place winners.

Larry Brown, Gooding, was named "Rookie of the Year" and presented a buckle. Area stockmen received trophies for top rodeo stock.

The "MC's," a local country-western band provided music for the dance after the awards banquet.

IDAHO COWBOY ASSOCIATION BANQUET brought together champion cowboys and members from throughout the state at the American Legion Hall. Among them were, from left, Jerry Meyers, Focattello; Larry Brown, "Rookie of the Year;" Rose-

Mary Vassar, Miss Rodeo Idaho, Caldwell, and Jim Sharp, Challis. Saddles and buckles were awarded to the top money winners in each event. The group meets at the end of each rodeo season to honor the top cowboys. (Times-News photo)

**Garden-Book
Is Reviewed By
Mrs. Pastoor**

Mrs. John Pastoor reviewed "Peacock Manure and Marigolds" by Janet Gillespie when the Countrywide Flower Club met at the home of Mrs. Eldred Taylor.

An advocate of organic gardening, the author related in a humorous-manner incidents in a New Hampshire garden. She recommended the use of natural fertilizers and compost to maintain good garden illth. Growing marigolds and chives with other flowers in the borders helps to discourage insects the author stated.

Mrs. Peter Thornion gave the secretary-treasurer's report. Members discussed various garden books and magazines and viewed members' scrapbooks kept during the year.

The hostess served refreshments. The next meeting is a potluck-luncheon-December 16 at the home of Mrs. Lyle Schlichter. The club decided to provide the cost of the turkey. A gift exchange will be held.

Mrs. Loomis Set To Speak At Club Meet

FAIRFIELD — Mrs. Glenn Loomis, Nampa, will be the special speaker for the November meeting of the Town and Country (Christian Women's Club. Mrs. William Bolton, Gooding, will display "Winter Bouquets," and Wayne Corey, young Jerome pianist, will provide special music.

The event will be held at 8 p.m. Monday at the American Legion Hall. Reservations must be made with Mrs. Earl Pearson or Mrs. Melvin Brooks.

This will be the last meeting for 1966.

During the executive meeting, Mrs. Bausher announced the names of the new executive committee appointed by the nominating committee. Mrs. Claude Stiland is chairman; Mrs. Dwight Osborne, co-chairman; Mrs. Harold Brooks, secretary; Mrs. William Simpson, treasurer; Mrs. Walter Pearson and Mrs. David Lemmon, special features; Mrs. Perdita Carman and Mrs. Edward Reagan, music; Mrs. Doran Cluer, hostesses; Mrs. Loy Vankie and Mrs. Kelley Thomason, food; Mrs. Glenn Miller, prayer favors; Mrs. Les Daniel, publicity; Mrs. William Sweet, table settings; Mrs. Keith Strom, decorations; Mrs. Phillip Brackenbury, printing; Mrs. Gwinn Rice, prayer branches; and Mrs. Aiken Bausher, book club.

Advisers are Mrs. James Post, Mrs. Edward Krainin, Mrs. Rice and Mrs. Pearson. The new committee is in charge of the January meeting.

KATHLEEN RAE HACKING

Miss Hacking, Tribulla Set Wedding Date

Mr. and Mrs. Byron Hacking, Twin Falls, announce the engagement of their daughter, Kathleen Rae, to David Michael Tribulla, son of Mrs. Clarabelle Tribulla.

Kathleen is a 1962 graduate of Twin Falls High School and a graduate of Idaho State University. He is employed at McVey's Inc.

A June 21 wedding is planned.

Maroa Woman's Club Officers Are Elected

FILER — Mrs. Raymond Hapwiler was elected president of the Maroa-Woman's Club at the home of Mrs. Elwood McCauley.

Mr. and Mrs. Leroy Kohantopp received gifts. Mrs. Harry Sharp assisted the hostesses in serving refreshments.

Mrs. Leon Wright is hostess for the Christmas potluck dinner which will be held at 1 p.m. Dec. 8. Mrs. Mal is co-hostess. A gift exchange will be featured.

Spring Showing Set Wednesday

An advance showing of the Queen's Way spring and supper 1967 fashion will be held at 7:30 p.m. Wednesday at the Holiday Inn.

Mrs. Lucien Lafriere will head the list of models and Mrs. Ester Wood is hostess.

Refreshments will be served.

Mrs. Mills Is Club President

FILER — Mrs. Howard Mills was elected president of Spring Club at the home of Mrs. Lorenzo Haley.

Mrs. Charles Hart was chosen vice president; Mrs. Haley, secretary - treasurer; and Mrs. Joe Krepek, reporter.

Mrs. C. M. Rector and Mrs. Claude Brown were guests and Mrs. Brown joined the club.

Members exchanged Thanksgiving ideas and names were drawn for the Christmas gift exchange which is Dec. 20 at the home of Mrs. Paul Haah.

Mrs. Haah and Mrs. Fred Webb presented the program, "Creative Christmas Ideas." Mrs. Perry Young was colporteur.

Magnavox

Magnavox PORTABLES

NO TUBES

Solid-State Components replace tubes and damaging heat—the principal causes of break-down—to give you magnificent 24" pictures, superb sound and lasting reliability!

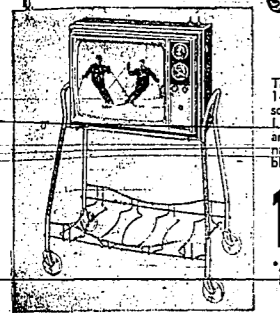

So efficient—uses less power than a small lightbulb. Saves you both power and service costs. Pictures and sound come on without annoying "tube warm-up" delay. So dependable—solid-state components are guaranteed 5 years; other parts 1 year—replaced by us if defects develop in normal use. Free labor first year.

All screen sizes are diagonal measure.

ASTRO-SONIC 24" PICTURE
"Tubeless TV" model 1-A360 is wonderfully compact or mobile—complete with T-226 mobile cart, yet perfect for shelves or tables, too.

WITH CART \$229⁵⁰

17" Personal*

The Sun Valley—model 1-T119 with 14 1/2" sq. in. screen, high-performance 3 I.F. Stage chassis (not just 2), and telescoping dipole antenna. Complete with T-231 mobile cart.

129⁹⁰ WITH CART

*All Screen Sizes are Diagonal Measure

MAGNAVOX ALWAYS BRINGS YOU PERFECT PICTURES AUTOMATICALLY . . . DAY OR NIGHT!

Exclusive Videomatic makes all picture adjustments for you—electronically, continuously—always perfectly! Chromatic Optical Filter adds superb picture depth and dimension—eliminates the cause of eyestrain. Other extra-value features include: extended-range speaker; tone control; channel selector windows. Also available with TOTAL Remote Control, complete with mobile cart.

- Now—better pictures—than you've ever before seen from a portable, even from distant stations!
- Elegant WOOD case—of fine hardwood solids; adds beauty to any room—improves tone quality!
- Highest reliability—assured by full-transformer powered chassis and exclusive Space-Age Bonded Circuitry.

only \$159⁹⁰

Shown on optional T-209 Mobile Cart

The Westerns—1-T124, in rich Natural Walnut finish, 19" diagonal measure screen.

Magnavox is the finest by any comparison . . . yet costs you no more than others! Your family deserves the best in TV—a magnificent Magnavox. You get all the advanced features above, plus Automatic Picture and Sound Stabilizers; telescoping dipole antenna. Beautiful slim, space-saving case is wonderfully practical on shelves, tables—or in book-cases. Truly, an ideal second set!

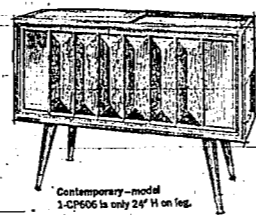

COME IN—see our wide selection of Quality Magnavox TV from \$89⁹⁰

Beautifully Captured in Danish Modern and Contemporary Styling

MAGNAVOX has the most complete selection of furniture styles in all home entertainment products . . . and many models, in Modern French Provincial, Mediterranean and Italian Provincial Stylings.

MAGNAVOX costs less to buy, and costs you less to own. Magnavox is the only name brand sold directly only to a few carefully selected dealers in each community—dealers who are dedicated to serving you. There are no "middlemen" costs. Thus—you are able to enjoy excellence at prices usually less than you'd pay for other brands when these are offered at so-called "discount" prices.

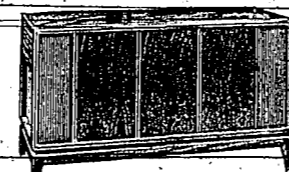

Magnavox ASTRO-SONIC STEREO

Contemporary—model 1-CP606 is only 24" H on legs.

Select from these beautiful styles Your Choice... **\$149⁵⁰**

Also Available As Model 1RP610 with AM-FM-FM Stereo . . . **198⁵⁰**

Only \$298⁵⁰ Contemporary fine furniture cabinet has storage for over 80 records. Gliding top panels open to record player and all controls without disturbing your top-of-set decorative accessories. Other styles also available. Model 1-CP606.

Two Magnavox High-Efficiency 12" Bass Woofers—reproduce true bass tones without annoying "rumble" or distortion. Magnavox Woofers let you enjoy the full beauty of music!

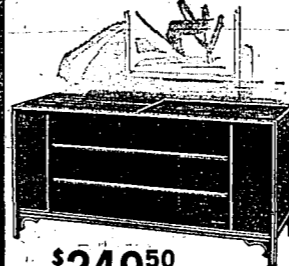

Two exclusive Magnavox 1,000 cycle Exponential Treble Horns—have the equivalent acoustical efficiency of over 20 treble cone-type speakers! They re-create treble—give difficult percussion tones—with purity and realism unequalled by any other makes today!

SOLID-STATE Radio-Amplifier—sets an entirely new standard of performance: 30-Watts undistorted music power; exciting Stereo FM; drift-free and noise-free Monaural FM; and selective AM radio—pulls in even distant stations with ease!

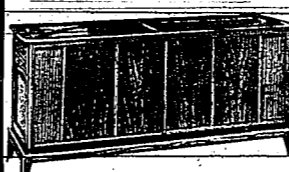

Now, your records can last a lifetime! The exclusive Micromatic Record Player with Diamond Stylus banishes discernible record and stylus wear. So accurate, so exacting—it handles your records more carefully than human hands!

Magnavox COLOR TELEVISION

The Contemporary, model 3-U505 with convenient Channel Selector Windows, Tone Control, and Magnavox extended-range speaker. **\$459⁵⁰**

\$398⁵⁰

\$429⁵⁰

These exclusive features... make Magnavox Color TV your best buy!

- Brilliant Color Tube—brings you brighter, more vivid 265 sq. in. pictures that are far superior to other makes today!
- Chromatone—adds thrilling dimension, depth to color; warm beauty to otherwise drab black and white pictures.
- Quick Pictures—flash on in just 12 seconds, four times faster than others.
- Color Purifier—(degausser) automatically keeps all pictures pure, both monochrome and color, even if your Magnavox has been moved.
- Magnavox Sound—world famous for its fidelity, adds extra program realism.
- Highest Reliability—precision Magnavox Bonded Circuitry, just as in today's most advanced stereo-space electronic devices... assures lasting dependability.

EXCLUSIVE MAGNAVOX AUTOMATIC COLOR... keeps them that way; always holds colors true and eliminates the necessity of critical "fine-tuning" that usually degrades pictures.

TOTAL Remote Control, so wonderfully convenient, lets you change channels, adjust volume, turn TV on/off, or cut off the sound—all without wires or batteries. At-the-bit push-button Power Tuning, too.

Gliding Tambour Doors enhance the beautiful Contemporary fine furniture cabinet, and conceal the TV screen when not in use.

Make your first Color TV the best! Model 1-7516 with Brilliant Color Tube, brings you most vivid 176 sq. in. rectangular pictures. Color Purifier—(degausser) automatically keeps all pictures pure. So versatile, you can enjoy it on shelves or tables (only 18 1/2" H with legs removed), or on optional matching mobile cart.

Mobile TV—Contemporary model 1-7500 with 180 sq. in. rectangular color pictures. Brilliant Color Tube, Chromatone, and Quick-On. Sluggin on enjoy it as a table model; only 26 1/4" L, 16 1/2" D, 19 1/2" H. Also available in beautiful Colonial styling.

Training Meets Scheduled For Group Leaders

Plans are being made for an all-day training session for leaders of Blue Bird and Camp Fire groups in Buhl, Wednesday. The staff of the Twin Falls Council Office, Mrs. James Vandenberg, executive director, and Mrs. Dorothy Peavey, field worker, will present the classes with the assistance of Mrs. Arthur Duncan, training chairman, and several experienced leaders.

The opening session will be on general information pertaining to all groups. The film-strip, "The Open Road," will be shown. Philosophy and purposes of Camp Fire Girls and relationship with the National Organization, will be discussed. Council events of interest to all groups will be explained.

At 1 p.m. the session will open with singing of Blue Bird and Camp Fire songs. The place of music in the entire program will be discussed.

Members will then divide into Blue Bird and Camp Fire interest groups. Blue Bird interest groups will cover the entire program for this age level, including content of meetings, balanced program, calendars, service projects, camping, field trips, parties and games, and choosing group names.

Camp Fire training will include an explanation of ranks and honors, national projects, outdoor lore and symbolism. The latter subject will cover background of symbolism, uses in the program, choosing names, games and group symbols.

The place has tentatively been set at Wesley Hall. Those who can stay all day are asked to bring a sack lunch. A nursery for small children will be provided.

Anyone interested in any part of the Camp Fire program, whether a leader or not, is welcome to attend.

Women Praised During Local Officers' Ball

Continued From Page 23
James S. Brooks, who were all introduced by Col. Elliott.

Featured speaker for the evening was Gen. Eugene. He also gave a tribute to women emphasizing the beauty and elegance of those present. He stressed the importance of a woman's role in the life of each officer with her tolerance and endurance of the demands made on his time by the National Guard.

The invocation was given by Col. Armstrong. After dinner guests danced to the delightful music of Allen De Vries and his orchestra, with an occasional guest appearance of one of the musically inclined officers.

Reservations were made for the following evening to spend the night in Twin Falls and return to their homes the following day. Approximately 200 persons attend the symposium.

This is the eighth annual officers party hosted for officers of the 116th. Ordinarily this social is held one evening in June during annual field training at Gowen Field, Boise. Since the men were assigned to eight days in the field during the last summer encampment, it was not possible for such a social to be held.

The attendance and support of this social were overwhelming, and it is anticipated that this tradition will be held annually during this time of year.

Mrs. Pugmire Conducts Meet

HAGERMAN — LDS Relief Society was conducted by Mrs. Marion Pugmire at the LDS Church, with Mrs. Nels Anderson and Mrs. Ethel Boyer in charge of the music.

Mrs. Vern Dixon, stake Relief Society president, Gooding, and Mrs. Barbara Durfee, stake homemaker, counselor, Gooding, were guests. Prayers were given by Mrs. Fred Zellar and Mrs. Lida Anderson.

Mrs. Verda Wood gave the social relation lesson, "The Sentative Line," reminding women that they share in the responsibility of making a good marriage.

The Thursday meeting is the literature lesson.

DANCING TO THE MUSIC OF Allan DeVries and his orchestra are Lt. and Mrs. Leonard Holst, Twin Falls, during the Regional Commander's Officers' Ball at the Holiday Inn. Lt. Holst is executive officer of L-7 Troop, Twin Falls. Special guests for the evening were Maj. Gen. and Mrs. George B. Bennett and Col. and Mrs. James S. Brooks, all Boise. (Times-News photo)

Meeting Slated For Camping Association

The Southern Idaho District of the Oregon Section, American Camping Association, will have a meeting at the Holiday Inn Friday and Saturday according to an announcement by Rev. Don McBride, Jerome, president of the Southern Idaho District.

The opening session will begin at 6 p.m. with dinner. The Saturday meeting is at 9 a.m. The subject will be a review of the past year's camping throughout the various groups represented, including slides and/or movies.

Anyone interested in camping for youth is welcome to attend. Reservations are required for the dinner meetings; call directly to the Holiday Inn or to the office of the Camp Fire Girls, 733-6214.

ANNIVERSARY

RUPERT—Evelyn Star Rebekahs Lodge No. 23 held its anniversary observance at the evening meeting at the 1007 Hall, Rupert.

Presentation of a 25-year veteran jewel was made by Mrs. Vernal Jones to Mrs. Emma Rickett while Mrs. John Wise read a tribute to her. Mrs. Floyd Clevenger received a gift as parliamentarian for the Rebekah Assembly next year, and is also international area representative for the IARA. Mrs. Iva Scheepach received a gift as last year's lodge deputy.

Officers nominated include Mrs. Wise, noble grand; Mrs. Jones, lawson; Mrs. T. F. Brady, vice grand; Mrs. Alfred Ralls, secretary; Mrs. Clevenger, financial secretary, and Mrs. Russell Jacobson, treasurer.

Officers will be elected at the Dec. 1 meeting. Program numbers included those presented by a quartet, Jerry Dean, Wilma Corr, Leann Warren, and Bruce Anderson. The Theta Rho Girls performed a drill honoring the Rebekahs, and a member of their group, Karen Short, played two piano selections.

It was announced that the Theta Rho Girls will have a special luncheon Tuesday. A potluck dinner preceded the meeting.

MRS. BARNES FETED KING HILL—Mrs. E. L. Barnes was honored at a party at the home of Mrs. Addie Smith by members of her Bible class, with Mrs. Elbert Lawson and Mrs. Marie Lawson as hostesses. Mrs. Barnes is teacher of the class.

MR. AND MRS. ELVIE H. BERRY (Dudley photo)

Amendments Are Explained

FILER—Mrs. Robert Nelson, Twin Falls, president of the League of Women Voters, explained the amendments which were voted on in the general election to Woman's Society of Christian Service members. Mrs. Jacob Toik introduced Mrs. Nelson.

Mrs. Gilbert DeKlotz presented Rev. Robert Gibson, pastor of the Twin Falls Methodist Church, who addressed the group. Ruth McDonough was in charge of the business meeting.

The refreshment table was covered with a lace cloth and centered with an arrangement of fruit. Mrs. Paul Hush and Mrs. C. G. Thomas presided at the tea and coffee services. Mrs. Della Coates and Mrs. Orville Sackett were members of the tea committee.

auction at the Hillside Helpers Christmas party. Mrs. George Ernart will be used to purchase tickets for the Idaho Youth Ranch, Rupert. USE TIMES-NEWS WANT ADS FOR FAST SELLING RESULTS

Xi Chapter Luncheon Held

Xi Chapter, Delta Kappa Gamma, International Honor Society for women teachers, met for a luncheon meeting at the Rogerson Hotel. The luncheon tables were decorated with autumn flowers.

Mrs. Pauline Struchel, Aberdeen, state president, was a special guest. She reported on the International Convention held in Cleveland, Ohio, and on changes made in the society's constitution. She urged members to attend the Northwest Regional Conference set for July, 1967, in Anchorage, Alaska.

Two candidates, Mrs. Shirley Nehrbass, Twin Falls, and Mrs. Mary Slaughter, Kimberly, were initiated into the society. The December meeting is a joint meeting with Gamma Chapter, Burley, and will be held at the Burley Fondotosa Inn.

There's DOUBLE REWARD for YOU in a Beauty Culture Career

1. It's interesting, dignified, rewarding
2. It puts "Beauty" in the lives of others.

Beauty is America's fourth largest and fastest-growing industry. It offers almost limitless opportunities in a wide variety of good paying positions. Beauty Culture training is the key to professional success in this vast, interesting, dignified and rewarding profession. Beauty Arts has been supplying salons with highly trained beauticians since 1937 and many have successful shops of their own!

Let us tell and show you what your future can be. Come in and see "Beauty in the Making." There's no obligation. We have a few scholarships available for November and December.

Unusual and distinctive candles from all over the world... in Krengels, candle dept.

- (1.) THE SPIRIT OF CHRISTMAS is embodied in this tree shaped candle with red decorations, wooden base and spangles. Burns 100 hours, 16" tall, \$5.00.
- (2.) EARLY PILGRIMS found that the bayberry bush produced a berry with a scent that enticed the spirit. Now a Christmas tradition this bayberry candle with green matching holder and gold decoration. \$2.00
- (3.) MILK GLASS candle-holders in Early American Style by Fenton. Distinctive styling in the hand made tradition of Fenton. \$3.95 each, candles not included.
- (4.) DECORATED HURRICANE with white wrought-iron-petal base with a red candle in crystal glass chimney. Comes with a sprig of red berries and holly. 8" high. \$2.00.
- (5.) ELEGANT, SLENDER, solid color give better light. Large selection of colors, 12" high, \$2.00. Also available in 6-inch and 9-inch heights.
- (6.) SNOBALL CANDLE that burns 40 hours with a warm glow. Exquisitely decorated in a handsome style since each one has its decoration applied entirely by hand.
- (7.) SCENTED SNIFTER makes this candle unusual. It burns 70 hours, spreading a delightful pine scent. When the candle is burned there remains a holiday cocktail shaker or snifter.
- (8.) TWELVE NEW SCENTS in 3" prism candles. All the essential oils have been imported from France. Large variety of colors and scents. 3" high with approximately 35 burning hours, \$1.25
- (9.) ROPE TYPE Candles available in Red or Green with attractive glitter. Burns in 6" or 12" heights with burning time from 65 to 100 hours.
- (10.) 3" diameter prism candle 6" tall. Very stately appearance. Imaginatively wrapped, the many scents including the Christmas scents. Approximate burning time 72 hours \$2.00.
- (11.) 17" PYRAMID comes in a variety of colors to enhance any home. Beautiful combinations of colors that are hand applied by craftsman. Also available in 12" heights. 17" candle \$3.50.
- (12.) BAYBERRY GOBLET with Merry Christmas and the spirit contained therein. Bayberry scent, beautiful green. \$2.50
- (13.) TINY TWIST HOLLY WREATH, simple and graceful. Small enough for bridge table and perfectly suited for the serving table in multiple use. Complete with 12" tiny twist candles. \$4.00

DOWNTOWN and LYNWOOD

THE "TRADE DOLLAR" which was issued from 1873 until 1878 for general circulation. In the later 1800's the standard coin-for-trade-with-the-Orient-was-the-Mexican-peso and hence they refused the American dollar of that time and the heavier Trade Dollar was issued. (Times-New Photo)

The Money Box

BY FRANK SCHELL

First letter this week comes from Mr. J. D. R., Twin Falls, and reads: "I have the following odd coins which I would like to know the value of (if any) and who (if anyone) might be interested: (Here follows a list of 2 coins from Hesterburg, 5 from Japan (?), 3 from the Philippines, 1 from Germany, and 1 from Mexico; 1 from the United States 5 cent piece)"

Answer: I feel quite compelled to send you a tracing of each coin, and something about the condition. I am sure I can help you. I do not know who might be interested in purchasing them, although I doubt if they are worth much, since into foreign coinage is not hard to get, and there is a lot of it. Drop me a description and I'll help you out.

From L. D. Jerome: "I have a silver dollar which is real odd. It says United States of America on it, but the side where the head should be is a woman sitting on some kind of seat. Her right arm is stretched out in front, with a bouquet in her hand. The back has an eagle on it, and under the eagle it says '410 GR—S. 900 FT—' (the dashes are letters I can't read. There are some funny letters stamped into it which look like Chinese—is this a real piece of money and what is it worth?"

Answer: You have a "Trade Dollar," issued from 1873 until 1878 for general circulation. The Trade Dollar has an interesting history and one well worth repeating. In the later 1800's the standard coin for trade with the Orient was the Mexican peso. This coin contained more silver and was worth more than our dollar—hence the Trade Dollar was issued in preference to either our coin or those of the British. Great Britain coined a "Trade Dollar" in 1873 and started issuing this particular coin (see illustration) with a weight of 420 grains of silver, 200 fine (the missing letters on your coin) to compete with the peso.

The coin was legal tender here in the United States only to \$5.00—that is, no one had to take it for more than that amount—but when silver bullion declined in price, the legal tender provision of the act was nullified, so that they were no longer legal money here in the United States.

In 1887 Congress passed a law authorizing the purchase by the treasury of all Trade Dollars which were not mutilated—and also in 1887 the law authorizing their issuance was repealed. The peculiar name of the coin, I am sure, "CHOP" marks. A great many Chinese merchants were skeptical of these coins, and usually on the merchant who was well-known and respected, would check a Trade Dollar for weight and fineness and then he would stamp it with his "chop" or mark.

From then on, Chinese would take the coin, honoring the merchant. Sometimes these coins were (chop-marked) several times, by different merchants who checked them to make sure they were genuine. A great many of these dollars traveled back and forth between the United States and the Orient a great many times on the Clipper Ships. Your coin must be one of these.

Most of the Trade Dollars are worth considerably over face value now, although the larger grade command much smaller prices. The "chop marks" do not necessarily lower the value, but if you care to sell them as much as I suspect, it is only about a "Good" grade—consequently would bring some where-around \$3.00 if you were to sell it. I would be interested to know where you got it—since the Trade Dollar appears infrequently in this area.

We are still trying to get in touch with the gentleman whose address was Ganett, Idaho. He showed us a token from Parma, Idaho, and we are desirous of contacting him again.

To Mrs. S. E. U., East St. Louis, Ill.: Thank you for the letter—we will be very happy to examine your silver dollars if you care to bring them along with you when you come to Twin Falls in the spring.

(Questions on coins and currency should be sent to The Money Box, c/o the Times News, Twin Falls, Idaho.)

LYNWOOD

and ducks will do one place today, but gone tomorrow. It may be two weeks before they start down-out-of-the-sky and settle at the Deer Flat Refuge in southwestern Idaho. At such times they loaf along the waterways and duck shooting is outstanding.

Many years of duck and geese hunting by state and federal game management agencies show that waterfowl migrations follow fairly well defined paths from breeding grounds in the north to southern wintering areas. Out of this body of facts has grown the recognition of the Central Flyways into the Pacific. On the basis of these administrative units they have been divided into the Pacific, Central Flyway into the Pacific. Of this body of facts has grown the recognition of the Central Flyways into the Pacific. On the basis of these administrative units they have been divided into the Pacific, Central Flyway into the Pacific.

Occasionally the boundaries of the flyways are altered, based on refinement of banding data. This occurred recently with the switch of these portions of Montana, Wyoming, Colorado and New Mexico lying west of the Continental Divide on the Pacific. All Idahoans, whether hunters or not, are interested primarily in the Pacific Flyway. It extends from Alaska to South America, with boundaries reaching out of Hawaii and Siberia on the west, and the Continental Divide on the East. It includes Alaska, the Canadian Provinces of British Columbia, Alberta, Yukon, a portion of Mackenzie District, and the American states lying on the west slope of the Rocky Mountain range.

The big push was two weeks earlier than normal. Last year's date was Nov. 3. But that fall flight pattern through Idaho developed the same time in 1963. It peaked out the last week of December because the birds lagged in Montana until deep end storms drove them on to Idaho.

Ducks and geese this year were a little late to have made strong recoveries from the bad times at the start of this decade. Waterfowl hunting in the Gem state has been excellent the past few weeks. Birds seen on feeding and resting places peak strongly to the comeback, with some observers claiming that the concentrations are akin to those of the late '30's.

For example, ducks on the 30 counting areas in Idaho doubled during the week ending Nov. 12. Deer Flat Refuge in Canyon County, which often has the most dense concentration of mallards on the Pacific Flyway, had an estimated 40,500 ducks the same week—more than four times the number found just seven days previously. The year's peak at Deer Flat still is to come because of great numbers in eastern and southeastern Idaho which are reported from east to west. Some of these are 57,000 in Jefferson County; 47,000 at the Monticello Wildlife Refuge, and 200,000 at American Falls Reservoir.

The numbers change from day to day. The changes from week to week are reported on the basis of counting estimates every day. Sometimes thousands of ducks and geese move out of a concentration area and are not found for days until they turn up about the same numbers at another point. Often two or three thousand ducks and geese move out of a concentration area and are not found for days until they turn up about the same numbers at another point. Often two or three thousand ducks and geese move out of a concentration area and are not found for days until they turn up about the same numbers at another point. Often two or three thousand ducks and geese move out of a concentration area and are not found for days until they turn up about the same numbers at another point.

Property Of Ford Firm Confiscated

CAIRO (AP)—Egyptian authorities have seized the Ford Motor Co.'s property and deposits in Egyptian banks pending clearance of custom debts totaling \$1.7 million, a government announcement said today.

At Dearborn, Mich., headquarters of Ford Motor Co., Ford officials, including President Arjay Miller and Allen W. Merrell, vice president, civic and government affairs, were in a hastily called meeting to discuss the seizure.

A Ford spokesman said the Alexandria plant "had been closed" since last February. The amount accumulated because of custom duties and spare parts imported by Ford into the United Arab Republic, authorities said.

Ford has one plant at Semoha in Alexandria for assembling cars and tractors.

There was no immediate information available on the amount Ford has in Egyptian banks or the value of its plant.

North Vietnamese Troops Survive As Heavy Bombs Reshape Dome Of Hill

By PETER ARNETT
 SAIGON, South Viet Nam (AP)—An enemy was supposed to be alive on Hill 484, but still the rifle fire and grenades came, down the blackened slopes.
 The U.S. Marine company, now-planned to the slope, had been confidently during the preceding 48 hours as heavy bombs reshaped the contours of Hill 484. Napalm had burned off every bit of vegetation.
 Incredibly, the North Vietnamese troops were still on the bald dome of the hill and still fighting. Their primitive bunkers had proved a satisfactory defense against the devastating American air and artillery power.
 The Marines finally had to take the hill the hard way, routing out the enemy in hand-to-hand combat. Their casualties were as heavy as those of the North Vietnamese.
 All over Viet Nam similar actions are being fought. The Communists are making good use of the bunker and the tunnel, the oldest forms of self-defense.
 The bunkers that withstood the firepower of American planes and artillery on Hill 484 were typical enemy positions. The entrances were zigzag trenches covered by heavy logs and earth five feet deep. Tunnels bored 20 feet into the hill. Firing apertures were cut in the hillside.
 The enemy troops could hide from the searing napalm in the lowest level of the bunkers, breathing through air vents. A direct hit by a 500-pound bomb could have caved in a bunker, but there were no direct hits. The bunkers were not even visible from the air and detectable on the ground only at a close distance.
 The earthworks of Hill 484 were comparatively simple. Elsewhere in Viet Nam genera-

tions of Viet Cong have burrowed into the earth for safety had concentrated, constructing ingenious tunnel systems. A typical Viet Cong village of thatched huts in the jungle will have connecting tunnels with entrances—concealed—under cooking fires, well shafts or river banks. Ventilation holes are traps from the walls of the hidden by bushes.
 Millions of hours of work have gone into constructing tunnel systems. Troops of the U.S. 101st Airborne Division discovered a tunnel complex on a plateau near Tuy Hoa which was large enough to sleep two North Vietnamese regiments, or nearly 4,000 men.
 It was estimated that more than 2,000 cubic yards of earth had been moved by hand to construct the mile-long tunnel system. "Tunnel rats" of the 101st wearing goggles and carrying pistols, spent a week crawling through the hot, unlit, labyrinthine tunnels. They pulled steel spikes three-foot-high, tunnels and cleared rooms 15 feet wide. The "tunnel rats" sealed the floors with gas crystals that vaporize when disturbed, and blew up some of the main shafts. Engineers calculated it would take more than five tons of explosives to destroy the whole network.

Slides Shown To Historical Society Meet
 The first winter meeting of the Twin Falls County Historical Society held Tuesday evening in the Robert Stuart Junior High School was attended by approximately 125 members and guests, stated Ed Jagels, society member.
 Several members showed color slides of field trips taken during the year, which included Indian grinding stones and the Tuna Trail near Blaine, Rock, Castleford, the Oregon Trail, Indian petroglyphs and the migrant landmark and the Rock-northwest of King Hill, and the ghost towns of Silver City, Verna, Sawtooth City, Coeur and Bonanza.
 Indian grinding stones and other artifacts as well as ghost town relics such as Chinese opium bottles and cans were on display.

BRIDGE BY JACOBY

ON DECEPTION - If you watch the average declarer, follow suit he almost always plays his lowest card. Experts have a tendency to mix them up. Sometimes they have a reason, other times they are merely keeping in practice so as to form a pattern. All of this is part of declarer's strategy. He does not want to let his opponents know that he

clubs. If he does this the defense will pick up four quick club down. The expert in deception will win the first trick with the ace instead of the queen. Then he will lose the same diamond finesse but it is dollars to doughnuts that West will continue spades. South will make his queen of spades after all and go about his business of winning the rubber.

South's false-card would have been a poor play in match point duplicate because it would cost him an overtrick in the diamond finesse won. In rubber bridge he could afford to give up this overtrick. Of course, if West shifted to a club anyway the false-card would really be expensive. East would cash five clubs and then give his partner four spade tricks.

Panda From China, Prohibited From Entering U.S., Resides In England

LONDON (AP) — Once upon a time, in the most inaccessible mountains of the Province of Sichuan, there was a baby panda. It was a fluffy black and white fur and it had no idea it was going to grow up to be a cold-war ambassador between East and West.

This baby panda was captured by a Chinese collecting team on Independence Day, July 4, 1957, when she was about six months old. They took her on a train to Peking Zoo where she was cared for by a beautiful Chinese girl who lived with her day and night.

The Chinese called this baby panda Chi-Chi, which means "naughty, mischievous little girl." For that is what she was. There were two other giant pandas in Peking Zoo at that time. They were older than Chi-Chi, so they were kept apart.

Chi-Chi was born in a zoo in East Africa for one giant panda. So he took a large collection of big and small animals, some ferocious and some not so ferocious, and set off for China. There for a long time he talked with the Chinese and eventually an exchange was arranged. The Chinese may not have known the exchange was for the United States.

The Chinese took the African animals and told Demmer he could have any one of the three giant pandas in the Peking Zoo. For days and days the animal collector watched the three giant pandas and their, at last, the youngest, Chi-Chi, the youngest, and took her into his charge. May 5, 1958.

struck for Chi-Chi with a water pool, rocks and logs on which she dozes in the daytime, and a swing.

Chi-Chi, who is fond of eating bamboo leaves and a mash of rice, milk, apples, bananas, vitamins, glucose and boiled chicken, now weighs 235 pounds. Perhaps it's all those bars of milk chocolate that she nibbles.

There in the panda pit, Chi-Chi lived quite happily, lazing in the sun or hiding from the English smog in her hot indoor, heated and air-conditioned den.

Then a couple of years ago, zoologists began worrying about the future of the giant panda population. It is believed there are very few still living in the wild so the Chinese government issued an order strictly protecting the few that remain.

There are only about a dozen pandas in captivity. Eight of these are in the Peking Zoo where they have twice bred baby giant pandas. Another four or five are believed to be in other Chinese zoos.

Outside of China there are only two — An-An, a male, in Moscow, and Chi-Chi in London.

About two years ago the Russians and the British began independently to consider the possibility of breeding their pandas.

Again international politics came into the picture. There was a split between the Russians and the Chinese Communists. Since the Russians couldn't get together with the Chinese to breed pandas, they agreed to cooperate with the British.

So for seven months this year, Chi-Chi visited with An-An in Moscow. After a bit of politeness at the start, when An-An attacked Chi-Chi, the two got on well together — but they didn't mate.

Now, the London Zoo hopes that talks between the British and Soviet governments will lead to An-An visiting Chi-Chi in London next spring for another attempt at mating.

Meanwhile, in Hong Kong, the Communist newspaper Ta Kung Pao claimed the attempted mating was really the great panda plot, suggesting it was staged for the sake of the United States.

"America," the paper said, "has long wanted a panda. The lack of trade relations between China and America has deprived the United States of having a panda of origin to go to the United States."

MERRILL BLOSSER
1.4.48 No. 115, 116

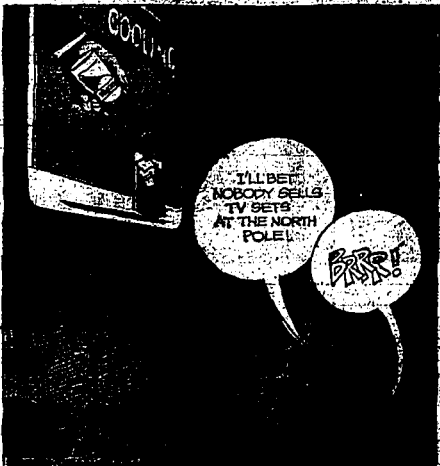

FLUOR

THE
VIC FLINT JOE THUNDER

The moment he arrived in Barren Waste, Joe Thunder was aware of the strange behavior of the Aurora Borealis.

I'LL BET NOBODY BELLS TV SETS AT THE NORTH POLE!

BOOM!

Sir Harry Vulgarian was already there in his guise as a dog-sled driver with Tycoon Bull Whipnade.

BOND HOME 11-27

MAKE YOURSELF COMEY MR. WHIPNADE!

IN 60 DEGREES BELOW ZERO?

SIR HARRY VULGARIAN! IF HE'S MIXED UP IN THIS, THE AURORA IS IN TROUBLE!

CHATTER!
BOOM!
CHATTER!

PERHAPS A GUMDROP WILL WARM YOU, SIR! ESKIMOS LIKE THEM, YOU KNOW!*

LITTLE DOES HE SUSPECT IT CONTAINS A KNOCKOUT DROPI.

*Robert E. Peary introduced gumdrops to Eskimos in 1909

WHISH!

ARCTIC TELEVISION MAKES ME DROWBY, JUST LIKE THE OTHER KIND!

MISS IRIS TOTTLE? I'M JOE THUNDER—

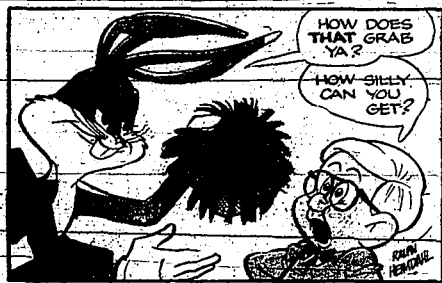

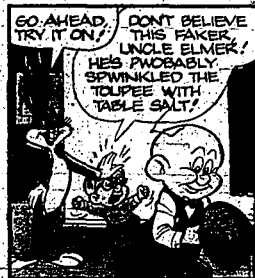

OH, OF... THE GOOD GUYS! GRANDMA WANTED A TV REPAIRMAN, I WANTED AN ASTRONAUT, SO WE COMPROMISED ON A DETECTIVE!

REST IN PEACE, MR. WHIPNADE! NOW I'LL FILCH DR. A. R. MUGSDON'S ELECTRONIC AURORA BOREALIS CONTROLLER!

Separate
Prices Total
\$170.39

149⁸⁸

Easi-Load is just that. The film is in a cartridge so you never touch it or thread it. Just insert the cartridge into the camera and take movies. The electric eye takes care of the exposure automatically. Have fun with zoom lens. Get portraits or landscapes.

\$69.95 Easi-Load Camera with Electric eye exposure controls.

\$84.95 Zoom lens, self-threading projector shows forward, reverse, still.

\$4.95 Movie Screen stands on a table top, or hangs on a wall. 22x30-inch size.

\$6.95 Movie Light attaches to camera for indoor shooting with outdoor film.

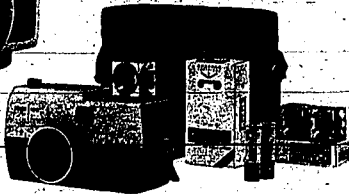

\$3.59 Easi-Load Super 8 drop-in camera color film, 30-ft. Processing included.

EASI-LOAD Cameras with Flashcube, Electric
Eye and Automatic Film Advance!

SAVE \$10.07 Regular \$59.95

49⁸⁸

Easi-Load means cartridge film that loads in seconds without threading. Flashcube gives four quick shots without changing bulbs. Electric eye sets correct exposure automatically. Automatic film advance lets you capture all the action without stopping to wind between each shot.

EASI-LOAD Kits with Film Advance!

An automatic no-wind film advance for less than \$20. Kit includes camera, color film cartridge, 3 flashcubes, two batteries, and a gadget bag. Shown at right.
