## Africans Seek Oil Embargo On Rhodesians

UNITED NATIONS, N. Y., (AP)—African members of the U. N. Security Council planned to propose today that it order an oil embargo and a broader trade boycott against Rhodesia's white-minority government. Mali, Nigeria and Uganda were working to get in the formal proposal before the council, continued its Rhodesian debate this afternoon. At that meeting, Ambassador Arthur J. Goldberg was expected to announce U. S. support for Britain's position that the Rhodesian rebellion should be ended by peaceful means alone, through selective mandatory U. N. economic sanctions.

## Mu Gia Pass Bombed By U. S. B52s

SAIGON, South Viet Nam (AP)—Striking at Communist forces believed readying another drive south, U. S. B52 Stratofortresses bombed the Mu Gia Pass in North Viet Nam today and the demilitarized zone between North and South Viet Nam Sunday.

The giant eight-engine bombers, each carrying up to 27 tons of bombs, struck at a 10-mile stretch of the mountains pass through which the North Vietnamese supply route runs from Laos and down to South Viet Nam.

The B52s attacked Communist concentrations Sunday in the demilitarized zone seven miles north of the U. S. Marine stronghold known as the Rockpile. The attack on the Mu Gia Pass was the eighth B52 raid on North Viet Nam and the first since Oct. 10. The B52s had not hit the demilitarized zone in at least two months, although other U. S. planes have pounded it repeatedly.

## Kennedy Vs. Hoover Dispute Is Viewed

WASHINGTON (AP)—Sen. Roman L. Hruska said today he feels the dispute between Sen. Robert F. Kennedy and FBI Director J. Edgar Hoover over FBI eavesdropping might come up in the Senate Judiciary Committee. The dispute erupted Saturday and brought a challenge from Kennedy to Hoover to make public his entire file on who authorized what electronic eavesdropping while the New York Democratic senator was attorney general. Hruska, a Nebraska Republican who serves on the Judiciary Committee, was asked by Kennedy to let the issue attempt to resolve the controversy.

While not advocating a committee investigation as Kennedy said he felt the issue was bound to come up if legislation is proposed again to permit use of evidence obtained by wiretaps in the prosecution of national security and major crime cases.

Kennedy declined any comment on this, telling reporters he didn't have anything to add to what already has been said. Measures to permit limited use of wiretap evidence, obtained under court order, have been introduced in the past. They have proved highly controversial at Judiciary Committee hearings and no action on them has been taken.

## Sick Or Hurt Prisoners To Be Returned

MADRID (AP)—U. S. presidential envoy W. Averell Harriman said Sunday night that the United States will send sick or wounded former Vietnamese prisoners of war home.

Harriman indicated that the U. S. plan was not conditional on any reciprocal action from Hanoi.

He did not say when the repatriation would be done nor the number, location of the release. The release would be undertaken through the International Red Cross and not by direct approach to North Viet Nam.

Harriman, who arrived Sunday from Algeria, told newsmen of the plan in conversation during a reception at the U. S. embassy. He is on a tour of various nations to explain the U. S. position on Viet Nam and the decision of the recent Manila conference.

The only North Vietnamese known to be held by the United States are 12 seamen pulled from the Gulf of Tonkin when their torpedo boats were sunk.

## Search For Missing Girl Continuing

B L I S S — Search continued Monday for Emmaline (Bliss) Race, 15, daughter of Mr. and Mrs. Donald Race, Bliss, after her disappearance Thursday noon from in front of a Twin Falls store.

Gooding and Twin Falls Sheriff's officials continued the investigation Monday into her disappearance, as her father sought out friends and relatives who might know of the girl's whereabouts.

Miss Race skipped school Thursday to come to Twin Falls to do some Christmas shopping with her friend, Janis Previtt.

Bliss, the girl's father said, the girls separated in front of a variety store to go their separate ways.

## Legislature Given Power To Select Georgia Governor

WASHINGTON (AP)—The Supreme Court ruled today that the Georgia Legislature has the right to pick the state's next governor by choosing between Republican Howard H. Callaway and Democrat Lester G. Maddox. "There is no provision of the United States Constitution or any of its amendments which either express or impliedly dictates the method a state may use to select its governor," Justice Hugo L. Black said in delivering the high court's 7-2 decision.

## Kennedy Vs. Hoover Dispute Is Viewed

WASHINGTON (AP)—Sen. Roman L. Hruska said today he feels the dispute between Sen. Robert F. Kennedy and FBI Director J. Edgar Hoover over FBI eavesdropping might come up in the Senate Judiciary Committee. The dispute erupted Saturday and brought a challenge from Kennedy to Hoover to make public his entire file on who authorized what electronic eavesdropping while the New York Democratic senator was attorney general. Hruska, a Nebraska Republican who serves on the Judiciary Committee, was asked by Kennedy to let the issue attempt to resolve the controversy.

While not advocating a committee investigation as Kennedy said he felt the issue was bound to come up if legislation is proposed again to permit use of evidence obtained by wiretaps in the prosecution of national security and major crime cases.

Kennedy declined any comment on this, telling reporters he didn't have anything to add to what already has been said. Measures to permit limited use of wiretap evidence, obtained under court order, have been introduced in the past. They have proved highly controversial at Judiciary Committee hearings and no action on them has been taken.

The furor opened with publication of a Hoover letter which Kennedy knew all about. Kennedy said he didn't, that Hoover "has been misinformed." Hoover said Kennedy's report was "absolutely inconceivable." Hoover produced a document backing his stand from the same FBI office Kennedy had quoted for his side.

Then Kennedy called for Hoover to make his entire file public. "There is no indication that Mr. Hoover ever asked me for authorization for any single thing," said Kennedy.

Another former attorney general, Kennedy successor Nicholas Katzenbach, emerged as a sort of would-be peacemaker, with a terse statement giving credit to each side and in essence challenging the dispute up to misunderstanding.

Meanwhile, the practical effects of hidden surveillance were scored in New York by Rep. Emanuel Celler, D-N.Y., chairman of the House Judiciary Committee.

## Seven Seek Positions On College Board

Seven men have filed nominating petitions for College of Southern Idaho Board of Trustees by the Saturday filing deadline and it appears that the uncontested position is held by John Coleman, incumbent.

Mr. Coleman, currently serving as secretary of the board, had filed for the five-year term. Two two-year terms also are open.

Robert Blackstock, Jr., and Eldon Evers both incumbents, and D. L. Pace have filed for the four-year terms. Mr. Blackstock is the current chairman of the board. All men are from Twin Falls.

Competing for the two-year terms are James H. Shields, Buhl, and W. D. Wiseman, Hansen, both incumbents, and Rev. John N. Garabrandt, Jerome. The incumbent trustees were appointed in Dec. 1964.

The trustee election will be held Dec. 21 at regular polling places throughout the city. Electors must live within the junior college district, must either have a child or children under the age of 21 or must own property within the district.

## Romney Carries Presidential Ambitions Into New Forum

WASHINGTON (AP)—Michigan's George Romney carries his presidential ambition into a new forum today after what one colleague called "some hard-sells and some soft sells" aimed at other Republican governors. The Michigan governor is a center of GOP presidential attention as the Republican Coordinating Committee meets to rejoice in the party's election comeback and talk about the political road ahead.

Two men who could stand in Romney's presidential path are due at the session, too. One is former Vice President Richard M. Nixon, trailing Romney in postelection polls but rated a likely rival to head the next GOP ticket.

The other is Barry Goldwater, still disaffected with Romney's explanation of his refusal to endorse the 1964 Republican ticket the Arizona led.

On the eve of the meeting, the Washington Post reported that students and political leaders listed as temporary officers of a "Youth for Romney" organization knew nothing about the group and had not authorized use of their names.

Formation of 111 Youth for Romney groups has been announced at the Colorado Springs, Colo., conference of the Republican Governors Association by Merle K. Gates, an untested candidate for the State Legislature from Wichita, Kan., who identified himself as chairman of the youth group.

But the Post quoted five of the 13 asserted temporary officers as saying they didn't know about the group. Several indicated the names had come from a list of sponsors of a national student leadership seminar organized in May 1966.

Pennsylvania's Sen. George William W. Scranton described the hard sell-off still in the "Romney for President" campaign Saturday at Colorado Springs.

Romney insisted, privately as well as publicly, that he had not made up his mind about a presidential bid, and wouldn't, for about six months. But one Romney associate said it would be naive to deny that the governor is testing the political climate for a White House bid.

Scranton said Romney had picked up strength at the conference, although no commitments were claimed.

"I think George probably went out stronger than he came in," said Scranton, who made a futile nomination bid of his own at the 1964 GOP National Convention.

"I can tell you that there were some soft sells and some hard sells," Scranton said in an interview.

## Smylie Undecided On Candidacy

COLORADO SPRINGS, Colo. (AP)—Gov. Robert E. Smylie says he hasn't decided whether to run against Democratic Sen. Frank Church in 1968—and doesn't know whether the Republican Party wants him to. "I frankly haven't made any political decision," Smylie said Sunday. "I don't know whether or not I would or for that matter—learned to my sorrow—if the party would accept me as a candidate."

Smylie was interviewed by CBS' John A. Love on CBS' "Face the Nation." Smylie had turned chairmanship of the Republican Governors Association over to Love at a meeting at Colorado Springs.

The Idaho governor was defeated in the state's gubernatorial primary by Gov. elected Don Samuelson.

Church now is the only Democrat in Idaho's congressional delegation. Republican James A. McClure defeated Democrat incumbent Rep. Compton I. White Nov. 8 and incumbent Rep. Sen. Len Jordan was re-elected.

Smylie also speculated Sunday President Johnson may not seek a second full term in office due to his health and what Smylie called the "mood of discontent" in the country.

"It's entirely possible," he said, "that if a way to prevent Sen. Robert F. Kennedy's nomination can be found, he (Johnson) may go to Texas secure in history."

Smylie also said he doubted the John Birch Society had a major influence in Republican gains Nov. 8 as it claims.

STOPS IN NEW DELHI (AP)—U. S. Secretary of State Dean Rusk stopped in New Delhi today for a 40-minute meeting at the airport with Foreign Minister M. C. Chagla. Rusk said he told newsmen what was discussed.

## James Hoffa's Conviction Is Upheld

WASHINGTON (AP)—The Supreme Court upheld today the 1964 conviction of James R. Hoffa, Teamsters Union president, on jury tampering charges.

"The use of secret informers is not per se unconstitutional," Justice Potter Stewart said in delivering the court's divided decision.

In his appeal Hoffa claimed his rights were violated by use of a paid government informer to gather information against him.

Stewart swept aside this and other of the union leader's constitutional claims in affirming his conviction.

## Legislature Given Power To Select Georgia Governor

WASHINGTON (AP)—The Supreme Court ruled today that the Georgia Legislature has the right to pick the state's next governor by choosing between Republican Howard H. Callaway and Democrat Lester G. Maddox. "There is no provision of the United States Constitution or any of its amendments which either express or impliedly dictates the method a state may use to select its governor," Justice Hugo L. Black said in delivering the high court's 7-2 decision.

With the ruling the Supreme Court upheld the validity of a 142-year-old section of the Georgia Constitution which provides that when no candidate for governor gets a majority of the popular vote in an election the state legislature is to choose between the two top vote-getters.

That section had been held unconstitutional Nov. 17 by a three-judge federal court in Atlanta. Today's decision reverses the lower court.

Black said the Georgia House can now go ahead and pick between Callaway and Maddox.

When Georgians voted for governor Nov. 8 they gave Callaway a plurality but not a majority. The final unofficial count, Callaway 451,002 votes, Maddox 448,588 and former Gov. Ellis Arnall 57,832. Arnall was a write-in candidate.

"The vote for Arnall, about 6 per cent of the number cast, prevented an election by majority."

Black said it is Georgia's duty under its constitution "to proceed to have the General Assembly elect its governor from the two highest candidates in the election."

That is, Black went on, "unless, as some of the parties contend, the entire legislative body is incapable of performing its responsibility of electing a governor—because it is 'malapportioned.' However, Black has refused to add, "this is not correct."

He said under an earlier Supreme Court ruling the Georgia Assembly is permitted to continue to function as presently apportioned until May 1, 1968.

"Consequently, the Georgia Assembly is not disqualified to elect a governor as required by Article V of the state's constitution."

Salmon and Laurel, Mont., and the river, to be called, "By the River of No Return," is scheduled for publication in the spring.

His daughter, Mrs. Lynn Thomas, authored the book, "A Horse in Your Life," which reached the bookshops, this month. It was written while she was attending college in 1964.

Now the two writers are collaborating on a book dealing with their exchange of letters while Mrs. Thomas, then Heather Smith, was attending the University of Puget Sound at Tacoma, Wash.

Mr. Smith, who gave up the ministry to return to Salmon to teach school and ranch, and Mrs. Thomas, who with her husband moved to Salmon last week to operate a ranch in the Lemhi Valley, both have written magazine articles as well.

## Soupy Sales Hopes For Hit On Broadway

By WILLIAM GLOVER

NEW YORK (AP) — Soupy Sales, television's eminent pig-and-mouse man, hopes Broadway is ready for him — and vice versa.

"What I really want to do," the words pile up in a headlong slur, "is just make people say, 'Hey, he's a pretty good actor.'"

And if Soupy has known this through 5,370 video tapes, realizing the secret has been buried beneath 18,000 custody — really shaving suds-smacks in the face and an adult manner that leaves viewers either absolutely entranced or utterly chilled.

"You get stapled if you put on a costume and get called a kid show," he briefly broods. But the teen-agers buy all those records, and down at Atlantic City's Steel Pier everyone was surprised that there were eight adults to every kid in the audiences.

"Soupy could still be on television regularly if I wanted," he says in a side helpfully. Soupy's contract ended in September, which enabled the current shift to the stage.

"Yeah," the star comments, "and I've got 750 shows in my syndication in 35 cities here, plus five in Canada and Australia and New Zealand." In addition, "I'll be back on TV in the fall."

Most avid show-biz fan is planning further television guest shots between stage performances. "My big complaint about TV is very few creative people are left," he says, wrapping up, "17 years of sustained action on the airwaves. During that period, the show-biz world had a boom, in Detroit, Los Angeles and recently New York."

## Church Rings With Joyful Sounds of "Messiah"

By LORAYNE SMITH

The Twin Falls First Presbyterian Church Sunday night resounded with the triumphant musical composition, Handel's "Messiah" before a capacity audience.

In honor of the Christmas season, portions from this glorious oratorio were presented by a 60-voice choir composed of Magic Valley singers, sponsored by the Magic Valley Council of Churches and the Twin Falls Ministerial Association.

From the opening "And the Glory of the Lord," to the closing "Hallelujah Chorus," — described by Handel's contemporaries as "a noble structure of song," the sanctuary was filled with an expression of deep religious feeling.

With words taken from Isaiah, the Gospels and Revelation and the music, inspirational and stirring, — the complete oratorio (which requires nearly four hours to perform) was regarded by the composer as his own religious experience, written for the moment.

Never did he dream that his work would be revered centuries later as a masterpiece. The result, however, is an oratorio of such ineffable beauty that it brings a spiritual experience to listeners.

The choir, under the able direction of Roger Vincent, Elder, masterfully depicted a scene from the three parts of the oratorio. Without the aid of costumes or props, the chorus unfolded the prophetic of Lord's birth, the crucifixion and everlasting glory. There was grandeur and at the same time sublimity conveyed by the Magic Valley singers.

The soloists, each an artist in his own right, gave sincere, inspiring interpretation of their parts.

Robert Caron, Gooding, who sang the complete program from memory, gave a power of warmth and richness to the recitative "Comfort Ye My People."

Rev. Robert Harvey, Twin Falls, presented "Every Valley" with a lyric tenor voice most pleasing and full of exultation.

Mrs. Ivan Squires, also Twin Falls, added a gentle tone to the oratorio with her resonant "He Shall Feed His Flock." One of the highlights of the production is the transition in this aria from the low register to the high which repeats the melody as the message becomes "Come Unto Him."

This soprano aria was sung by Mrs. Richard Reed, newcomer to Twin Falls who already has identified herself with fine musicianship.

Two sopranos well known for their excellence are Mrs. Oren Boone, who presented the glorious "Rejoice Greatly" and Mrs. Myrtle Carr, who sang "How Beautiful Aro the Feet." Two such sopranos in one production are reason enough for choosing the finest of musical literature for this occasion.

Clio Eldred of Magic Valley Christian College, Abilene, sang "The Trumpet Shall Sound." His rich, embracing quality added to the professional quality of the performance.

**Gets In Spirit**

BUFFALO, N. Y. (AP) — Police are looking for a thief filled with the Christmas spirit.

The culprit entered the apartment of Miss Janita Richardson recently and departed only with a Christmas tree, valued at \$2.

Mrs. Charles Allen and Mrs. Robert Bellini accompanied at the organ and piano, respectively. It would be difficult to describe adequately their integral place in the production. Because of the boldness and strength of style combined with vigor, spirit and invention of "The Messiah," the superb musicianship of Mrs. Bellini and Mrs. Allen was particularly apparent.

"Music lovers in past years have been most receptive to the production which is a highlight of the Christmas season. This year was no exception. The community can well be grateful for the dedication as well as talent so necessary for such an outstanding musical masterpiece."

**Green Giant Adds More Facilities To Buhl Plant**

BUHL — Additional facilities for cream style corn will be added to Buhl plant during 1967. William Dietrich, regional production manager announced Monday.

The added equipment is part of the near \$10 million capital budget recently approved by the company's board of directors.

Other capital items in the area include a new light snapper bean plant at Walsburg, Wash., and asparagus expansion at Dayton, Wash.

Also included in the 1967 capital budget is the construction of a new product research building at Green Giant's Le Sueur, Minn., headquarters complex.

bloody battlefield, he wasn't scared.

"It was sort of elated I was shaping up so well, that my reaction to fire was so good," Hicks recalled, remembering back to Sunday morning when his 30-man platoon stumbled on a large Viet Cong force, engaged them, and took heavy casualties.

Hicks, from Chicago, Ill., didn't realize until he crawled across the battlefield afterward how bad it had been.

"I just thought the men were lying down there to keep out of the way of our own artillery that had been coming in pretty close and even spraying dirt across my back," Hicks said.

"But then I saw the blood, the head wounds, the bodies all twisted. Those men weren't alive. Oh it was Black Sunday."

Like others in the ill-fated Platoon from C Company, 1st Battalion, 15th Regiment, Hicks had been wounded before in Viet Nam, the first time in the thigh with mortar fragments on his first day in the field.

"The first time I was in action, and he, I was so scared. But this time, I don't know why, but I reached good," Hicks said.

The machine-gunner's platoon, patrolling Indian file three miles north of this Special Forces camp in Communist War Zone C, spotted four or five uniformed Viet Cong 50 yards away bolting into the jungled edge of a clearing.

"The platoon sergeant shouted, 'The enemy force proved to be at least a Viet Cong company eager for battle and vastly outnumbering the American group. The forward artillery observer, 1st Lt. Alfred J. Carter Jr. of Scranton, Pa., tried to even the sides by calling in immediate artillery fire. He pestered even though a hand set was shot out of his hand and a radio blown up."

The battalion commander, Lt. Col. Rufus C. Lazell of Springfield, Va., was overheard in minutes in his bubble-topped helicopter. He started correcting the fire, twisting and turning over the battlefield.

The fire fight on the ground lasted about 12 minutes. The Viet Cong surged toward the fallen tree behind which most of the U.S. platoon were hiding.

Covered by intense machine-gun fire, 11 Viet Cong soldiers swarmed across the tree trunk. But there were enough Americans alive to kill every one of them.

When the assistant 1st Division commander, Brig. Gen. Bernard W. Rogers of Lawrence, Kan., touched down in his helicopter soon after he found American bodies twisted over those of the Viet Cong.

Hicks kept fighting to keep his machine gun firing during the battle. His ammunition bearer was hit in the arm beside him and bullets whizzed by, but I guess I was lucky," he said.

"The constant artillery pounding was driving the enemy main force away. In all 67 rounds were thrown into the little battlefield in the first 19 minutes.

A full settled over the jungle, and Capt. Luther L. Friend of Monroe, La., responding to a frantic call for help, landed his helicopter in a clearing.

"It was a bloody sight," French recalled. "The wounded who were waving to me were covered with blood. There was still small-arms fire."

Hicks, dated with the realization that most of his friends were dead, staggered to the helicopter.

Rogers stepped out of the next helicopter, his star glinting in the moonlight, sun.

The general's aide, 1st Lt. Christopher J. Needles of Accomac, Va., with automatic rifle at the ready, began helping the general to police up the battlefield.

A medic, his medical bag open, lay dead amid the bodies of five soldiers who had been wounded and were awaiting treatment.

By noon, the American dead and wounded had been lifted out by helicopter, the bodies of 28 Viet Cong counted, and about a dozen assorted weapons collected.

Then the area was left to the artillery. Heavy shells raked the area all afternoon and evening, seeking the fleeing Viet Cong force.

Hicks was the only member of the platoon at Suoi Da Monday. He had been assigned to another platoon.

**BRITON IS CONVICTED OF POLICE KILLING**

LONDON (AP) — Harry Roberts, 30, an ex-convict who was Britain's most-wanted man, was convicted today along with two associates of the murder of three London policemen last Aug. 12. They were sentenced to life imprisonment.

Judge Alan Glyn-Jones recommended they should be held at least 30 years. Britain has abolished the death sentence for murder and a life sentence depends on the government's discretion.

Sentenced with Roberts were John Edward Witney, 36, and John Duddy, 37.

The shootings shocked Britain where policemen are unarmed.

# Utah Colonel Praises U.S. War Fliers

**SAIGON (AP)**—Alfred J. "Al" Force, 40, of Twin Falls, Idaho, who has been shot down on three occasions while flying 283 combat missions in three years, has high praise for the way American fliers are rescued in Viet Nam.

The 45-year-old pilot was shot down over New Guinea in World War II and remembers "I had to float down a river for nine days before I could be rescued."

He noted rescues sometimes take only minutes in Viet Nam.

"These jungles we fly over here in Viet Nam look just the same as that one I went down in years ago," he said. "But rescue has really come a long way since then. Helicopters play an important role now and we did not have them at all in World War II."

Force, who flew 186 combat missions in World War II, destroyed three Japanese Zeros in aerial combat and was credited with the probable kill of a fourth.

After several years of postwar instructor pilot and jet test flight assignments, he flew combat missions over Korea. Since coming to Viet Nam he has flown more than 20 strike missions.

# Death Takes Roy Simpson At Age Of 64

**BURL**—Roy L. Simpson, 64, former Burl and Castelford resident, died Sunday morning at Skyview Manor, Twin Falls, after an extended illness.

He was born May 22, 1902, at Rule, Ark. He was married to E. E. Fryer, Jr., of Twin Falls, on Oct. 21, 1921. They came to this area from New Mexico in August, 1946, and farmed in the Burl and Castelford areas, and later lived in Burl. They moved to Twin Falls in July, 1963. Mrs. Simpson preceded him in death Sept. 21, 1965.

Surviving are two daughters, Mrs. Lena Breckenridge, of Twin Falls, and Mrs. Evalene Welch, Grandview; four sons, Lee Simpson, Stockton, Calif.; William Simpson, Parma, Calif.; Marvin Simpson, Reno, Nev.; two brothers, Leonard Simpson, Greer, Ark.; and Fred Simpson, Buhl, Idaho. Five sisters, Mrs. Lula Bailey, Clovis, N. M.; Mrs. Janice Taylor, Woodland, Calif.; Mrs. E. E. Foster, of Buhl, Idaho; Mrs. Edna Forest, Greer, Ark.; and Mrs. Mary Ellen, of Buhl, Idaho.

Funeral services will be conducted at 3 p.m. Tuesday at the Albertson-Dickel Funeral Home, Buhl, by Rev. Ernest Hasselblad, pastor of the Twin Falls First Baptist Church. Burial will be at the Buhl Cemetery.

**INJURIES ARE FATAL**—EMMETT (AP)—A 30-year-old man, identified as a car-peddler, died Monday from injuries received in a car-peddler accident Sunday night.

Officers said Clarkson was struck by a car as he was walking across state highway 15 in Horseshoe Bend.

State Police Officer Jack DeWald identified the driver of the car as Neil F. Rowe, 32, of Boise.

**ASK HIGHER PAY**—BOISE (AP)—The Idaho State Employees Association says it will press the 1967 Legislature for salaries comparable with higher pay in private industry and other levels of government.

President Marvin Snyder said Twin Falls said ISEA directors gathered at a meeting this week to discuss legislative goals that low pay is the greatest cause of dissatisfaction among state employees.

**MEET WITH SHOPPERS**—BOISE (AP)—Gov.-elect Don Samuelson and 14 legislators are to answer questions from housewives Tuesday night about household issues.

Discussion items will include supplemental aid to farmers, repeal of Idaho's inventory tax, minimum wage law, and Mrs. O. J. Jones, chairman of Housewives for Lower Food Prices, which will sponsor the meeting.

Mrs. Jones said the meeting is the third in a series to investigate—reasons for high prices, and ways to cut them.

**BOY KILLED**—IDAHO FALLS (AP)—A 3-year-old boy was killed when his mother's car skidded under a small plane at an intersection with Idaho's 28th Street.

Killed was Brett Fife, State Police Capt. Vance Richards said, a car driven by the boy's mother, Mrs. Shirley Fife, 28, skidded east a short distance and struck Saturday night at an intersection one mile east of Idaho Falls.

Richards said it was snowing at the time of the accident.

**VOTE ON BONDS**—Caldwell, Idaho (AP)—Caldwell voters will decide Tuesday whether to issue \$14 million in bonds for elementary school expansion and a new city library.

The school bond issue would be for new construction, site acquisition and remodeling of the city's 11 grammar schools, said Supt. Earl Williams.

Also on the ballot will be a \$28.25 bond issue for construction of a modern design concrete block library with stone veneer on Clayland Boulevard.

**BILL PLANNED**—NEW PLYMOUTH, Idaho (AP)—Trading stamps would be worth money as well as merchandise if the 1967 Legislature approves a bill Rep. Walter Little, R-New Plymouth, says he will introduce.

Little said trading stamps would have printed values on their face and could be redeemed for cash or saved for merchandise. A compromise between trading merchandise for books of stamps or outlawing the trading stamps entirely.

# Viet Nam Vets Have Lots To Recall, Forget

**By BRENT KEITCH**  
PHOENIX, Ariz. (AP)—The "Christmas Company"—54 Viet Nam veterans straight from the battlefields—have dug in at a plush hotel in Phoenix for a week of relaxation and forgetting.

The relaxing was difficult. "Then a good buddy gets hit, you want to cry. But you can't," said one. "You've got to work to do it."

Army Spec. 5 Ives Mosley, 21, of Redville, Cal., was looking up at the 10-foot Christmas tree he and some of the other men were decorating and the former medic with the 101st Airborne Division shook his head.

"The war seems a long time ago, as long as way away," said Mosley, who left Viet Nam about a week ago.

"I've seen enough action for a lifetime, for a dozen lifetimes," said Pfc. Michael Passaro, 19, of Redville, Cal.

"In Viet Nam you got so that you don't have any feelings. A buddy gets hit, but you've got to watch out for your own skin," said Passaro, who was with the Army's 1st Cavalry, Airmobile Division.

Looking from windows of the Camelback Inn, Mosley, Passaro and his buddies studied the city as the bright Arizona sun reflected from leaves of a palm tree and the glimmering swimming pool beneath it.

A golf course provided a deep green background for the riding stables. It seemed unreal to the men, who only a week ago were plodding through Viet Nam rice fields.

"Pretty girls served drinks and hors d'oeuvres. Some of the men tried to get into the swing of things by decorating the Christmas tree."

Some succeeded, but others smiled for a while and went back to work. For them there was still too much to remember—and forget.

The men are the guests of hotel owner Jack Stewart, who invited a similar number of men from Viet Nam last Christmas.

"This is one way we can express our appreciation for the sacrifices these fighting men have made for us," said Stewart, who with some 30 other Phoenix businessmen sponsored the affair.

**FORMOSA GROWS**—TAIPEI, Formosa (AP)—At its present rate of growth, the population of Formosa will pass the 13-million mark in February.

# Lawmakers Lack Definite Solution To Revising Idaho's Constitution

**By EARLE L. JESTER**  
BOISE (AP)—Revising Idaho's constitution continues to be a problem for which lawmakers lack a definite solution.

The 1965 Legislature created a constitutional revision commission, after a plea to call a constitutional convention failed to generate much support.

The commission, as its first step, proposed a change in the amending procedure itself. It suggested that when a constitutional change involved amendments to a number of sections, they should be submitted to voters as one unit.

# Personal Income Rises \$3.2 Billion

**WASHINGTON (AP)**—Personal income rose by \$3.2 billion at an annual rate during November, its smallest advance in four months but still considered a healthy increase by government economists.

Although the slackened rise should lessen inflationary pressures, Federal Reserve Board officials said the rise would not be enough to offset the rise in prices.

But this was the third major economic indicator to decline during the month. The government last week reported that retail sales dropped about 1 percent during the month, while wholesale prices fell for the second straight month.

Johnson has indicated he will wait until January before deciding whether a tax increase is needed.

The Commerce Department said pay by rising wage and salary payments, rose to a seasonally adjusted annual rate of \$59.6 billion last month, another record.

But the November advance of \$2.2 billion was the lowest since July and well below the average \$4.8 billion monthly advance of August, September and October.

All types of income advanced during November except for farm income, which declined for the eighth straight month, and dividends income, which was unchanged, the department said.

Personal income, which reached \$1.7 billion at an annual rate, was down to \$1.6 billion in November, the department said.

# Auto Industry May Be Off For Big Year

**DETROIT (AP)**—The nation's auto industry may be headed for its best year in history in 1967, Fredric G. Donner, chairman of General Motors Corp., said today.

In a year-end statement on the U.S. economic outlook, Donner predicted that total retail sales of motor vehicles "would well exceed our long-term" estimate of 10 1/2 million cars and trucks in 1967.

But the chairman of the nation's biggest auto firm added: "Economic developments in 1967... will be influenced by the magnitude of the resources required for Viet Nam and the nature and extent of government action in the areas of monetary and fiscal policy."

Donner's prediction holds true, 1967 would rank third in total vehicles sold.

The GM chief said motor vehicle sales in 1966 totaled only 10.6 million in 1965, second only to 10.8 million in 1962.

The 1967 model cars went on sale late in September, and the 1968 models in October and November "the annual rate of sales is above the normal trend estimate for 1967 and, is strong evidence that the industry's 1967 line of cars and trucks have been well received."

## Dear Abby

By ABIGAIL VAN BUREN

**DEAR ABBY:** My husband and I have been separated for three months. We have five children under 6 years old, and I am seven months pregnant now. There is this tramp in town who has been spoiling my husband. She bought him about \$300 worth of new clothes, a new rifle, a fishing rod and reel, plus she keeps him in liquor and cigarettes, and has furnished him with a car and gas. He hasn't even been working because she gives him spending money.

He is 37, and she is 26. His mother is all for it. She says he is lucky to have a woman who is so good to him, and besides, now that he isn't working he has time to see her. I can't compete with this woman, Abby. I still love my husband, no matter what, and want him back. Please help me.

### CANT COMPETE

**DEAR ABBY:** You are fighting a losing battle over what appears to be a doubtful "prize." You can't force a man to love you, but the law can make him support you and your children. The apple (your husband) didn't fall far from the tree (his mother) and your acts as though he was bruised in the fall.

**DEAR ABBY:** I may be old-fashioned, but I think it's in very poor taste to give money for Christmas. My mother-in-law gave my child a check every Christmas, and I get furious with her. I have been so tempted to send it back or to send HER a check in the same amount.

I feel if she can't take the time (of which she has plenty) to shop for her grandchild, she can just keep her money. My child would be more impressed with a candy bar sent by mail than he is with grandma's check. Should I tell her to forget it?

### NO NAME, NO CASE

**DEAR NO NAME:** No. You could explain to your child that the check is his to be saved or spent for something he wants. I think it's preferable to giving a child a gift he neither likes nor can use, but feel free to do as you wish. If you want the color is always right, and you don't have to worry about "it." It fits into any pocketbook.

**DEAR ABBY:** In referring to "HURT," whose husband went to an office party after telling her that no wives were invited, but she later learned that wives HAD BEEN invited.

For a long time I believed those stories about office parties, retirement parties, picnics, and outings where no wives were invited, only to find out that not only were they invited, but my husband had been escorting another man's wife and introducing her as his own.

My "HURT" to check to see if her husband didn't take some other "wife."

### EXPERIENCED

**CONFIDENTIAL TO "NO SAINT" IN LONG ISLAND:** If you're not, your letter reminded me of the prayer St. Augustine addressed to heaven when he was a young man: "O Lord, make me chaste—but not yet."

"LIFTLINER" Parkoat is tailored to a T for men and women in rich oxford weave nylon. It swoops to skirting's long length and two-way front zipper, ends in a collar that slips high against the storm. This White Stag Parkoat is typical of those to be seen at the ski lift this winter.

## Turkey Is Recommended By Home Agent

**JEROME** — Even though Thanksgiving is over, turkey is always good and right now is a good buy. Wanda Nix, county home economics agent emphasized this week.

She recommends boneless turkey roast as a change from the standard bird. Turkey roasts or rolls are excellent for either oven roasting or cooking over coals on a spit.

Because there is no waste, one-third of a pound is enough to allow per person. You can choose white or dark meat to suit taste of the diners. The roasts come all dark, all white, or in combinations.

Food experts of the department of agriculture suggests roasting in a 325 degree oven for three to four hours, or broasting at 350 degrees for one and one-half to three and one-half hours for thawed roasts weighing three to 10 pounds. Recipes vary, so follow directions for the equipment used.

Allow about one-half hour more for roasts cooked from the frozen state. Temperature of the center will be about 170 degrees when done. Carving will be easier if you let it stand about 20 minutes before serving.

Plan to cook the dressing in a separate pan. Make a loaf of dressing about three times desired in a roasting pan. Make gravy from pan drippings, etc., or make giblet gravy from frozen giblets. The usual cranberries and other standard trimmings go as well with turkey rolls as they do with the regular bird.

## Social Events

Mentor Club will meet at 7 p.m. Wednesday at the home of Mrs. H. A. Giese. Mrs. T. C. Bucklin is co-hostess. A gift exchange will be held.

**GOODING** — Canton and Ladies Auxiliary Patriarchs Millant, Wood River Valley, No. 22 will meet at 7 p.m. Wednesday at the Gooding 100F Hall. Dinner is scheduled for 7 p.m. Meet and rolls will be furnished by the auxiliary. Members are asked to bring a covered dish. The annual review is set, with Mrs. Fern Porter as inspecting officer.

**BUHL** — The annual Christmas dinner for the Buhl Rebekah Kensington will be held at 1 p.m. Tuesday at the Buhl Odd Fellows Temple. Each member is asked to bring a covered dish. Meat will be furnished. Mrs. Russell Lively is general chairman. Officers will be elected, and Mrs. A. G. Biswell, Shoshone chapter president, will honor all new members.

**Lesson Topic Is Presented**

**SHOSHONE** — Lesson topic for the LDS Relief Society spiritual living lesson was "Light and Truth," with Mrs. Ross Boyd as the teacher.

She stressed the necessity for women of the church to live in accordance with revealed truth. The teacher topic was led by Mrs. Cecil Cope, assisted by Mrs. Burton Thorne, Mrs. Elizabeth Thorne, Mrs. Lawrence Rande, Mrs. Eric Hubert and Mrs. M. J. Dille.

## Miss Stewart, Payton Repeat Wedding Vows

**RICHFIELD** — A ceremony at the Richfield Methodist Church resulted in marriage Annetta Brush Stewart and Richard Guy Payton, North Shoshone. The bride is the daughter of Mrs. Thelma B. Brush, Richfield, and the late Theo B. Brush, Payton is a son of Mr. and Mrs. Guy Payton, North Shoshone.

Rev. Ralph Cairns performed the double ring ceremony Nov. 19, before a setting of baskets of chrysanthemums.

The bride, escorted by her brother-in-law, R. C. Calvert, Twin Falls, wore a princess styled gown in blue brocaded satin. Her bouffant face veil of blue net was held by a beauty bow of brocade. She carried a bridal bouquet of white feathered carnations and a silk handkerchief brought from the Philippines Islands by her great uncle, Samuel D. Briggs, when he was in the Spanish American war.

Mr. and Mrs. Howard Dewitt, Richfield, attended the couple. The newweds reside at the bridegroom's ranch in North Shoshone.

Report was made on success of the recent bazaar and cooked food sale.

## Educational TV Gets Grant From Ford

NEW YORK (AP) — The Ford foundation announced Sunday a \$10-million grant to show what educational television could do with network satellite facilities.

The grant would be for a series of programs designed to demonstrate on the air the potential of a coast-to-coast educational television network. The series would start next fall.

The huge grant was disclosed by Megorger Bundy, foundation president, in a 300-page brief to be filed Monday in Washington, D.C., with the Federal Communications Commission.

The brief is part of the foundation's support for a plan announced last August to establish a nonprofit communications satellite system whose income would go to support educational television.

The bulk of the \$10 million would be spent on renting TV relay facilities on the ground. But substantial sums would be spent on productions of professional caliber, it was understood.

## Allergic

LIBERTY, Ky. (AP) — One of the students in an art class begun by a group of women in this farming community had to drop out recently. She is allergic to turpentine.

## Explosions

MOSCOW (AP) — Two home stills for making vodka exploded in a Siberian town within the last month, the Soviet labor paper-Trud reported Sunday.

It said a metal worker named Bychkov failed to open a valve in his apparatus of pipes and jars and the resulting explosion heavily damaged his apartment in Novosibirsk. Trud said another home-brewer named Bobrovsky was sent to a prison camp for 19 months after his still exploded.

## Soviet Space Pact Fails To Square With Plans On Earth

By WILLIAM L. RYAN  
Special Correspondent  
What the Soviet Union says it is willing to do about outer space somehow fails to square with what Moscow repeatedly says it intends to do on earth.

Moscow has agreed on terms of a treaty barring mass destruction weapons from outer space, but Soviet propaganda pursues the theme of "liberation struggles" aimed at world domination by the "working class," by which the Communists mean themselves.

Even as the space agreement was being hammered out, Pravda, the Communist party paper, was carrying instructive articles for Communists, harking back to the "historic significance" of the 1957 and 1960 Moscow declarations.

Those two world Communist conferences laid down a blueprint for Communist expansion by use of the "liberation struggle" device.

Last week, Pravda's editorial noted that the Soviet line was

space has less meaning than liberation from Washington might suggest. The Soviet line, as sketched by Pravda, implies that peaceful coexistence and lessened tension in the West are components of plans to quicken violent revolution.

Soviet statements, however, must also be examined against Moscow's current problems in the Red world. The expressed determination to pursue "liberation struggles" by all means, including wars, can be defensive, in the light of Red China's hostility to the Kremlin and the contest for influence within the Communist world itself.

## Kennedy Book May Arouse Anger

CHICAGO (AP) — A book commissioned by the family of John F. Kennedy to describe the aftermath of his assassination has aroused their anger, the Chicago Daily News says.

The family "is engaged in a strange and bitter struggle to delete 'Jackie' now regretful of her role in the death of a President" written by William Manchester, according to Peter Lisagor, Daily News Washington bureau chief.

Lisagor quoted one person who had read the manuscript as saying, "Jackie now regretful having poured out her soul to Manchester as if he were a psychiatrist." Manchester was selected by the Kennedys to write the book.

The Daily News story said: "The manuscript is understood to contain hitherto unpublished material involving President Johnson and the Kennedys. These details are likely to increase existing tension between Mr. Johnson and the Kennedy family."

The book is to be published by Harper and Row and serialized in four installments in Look magazine starting Jan. 10.

## Iraq Oil Flow Across Syria Is Cut Off

DAMASCUS, Syria (AP) — Damascus Radio announced today the Iraq Petroleum Co. (IPC) has cut off the flow of Iraq oil across Syria to the Mediterranean.

The broadcast said the IPC representative in Tripoli, Page, had ordered the valves at the port of Banias closed because storage tanks there had been filled to capacity.

Last Thursday the Syrian government impounded assets of the IPC in the country until the company paid it \$11 million in disputed back royalties. It also ordered the company to stop leading oil into tankers from Banias.

The IPC produces its oil in Iraq and pipes most of it across Syria to ports on the Mediterranean. Syria demanded an increase in royalties for the passage, but the IPC refused to pay more.

Over the weekend, Syrian Minister-Rashid-Rakha said the government would be willing to refer its demand to international arbitration, and observed that it is now up to the IPC board in London to make the next move.

It was not clear whether the stoppage of oil to Banias might be extended to the other IPC loading port at Tripoli, Lebanon, which is fed by pipelines crossing Syrian territory. A spokesman for IPC in Beirut said the oil flow at Tripoli was normal today.

Middle East oil countries supply about 75 per cent of Western Europe's crude oil needs, and any situation that imperils the flow is of vital concern to the West.

## 700 Starfighters Are Grounded

BONN, Germany (AP) — West Germany's F104G Starfighters will be grounded at an official said today.

The air force and navy have over 700 of the American-made fighters.

Lt. Gen. Johannes Steinhilber, head of the air force, ordered the Starfighters grounded Dec. 10 because of trouble in the engine.

The German Starfighters have had 60 serious accidents in the five years they have been operating, 30 of them fatal.

## Rupert Chamber Hears 3 Guest Speakers at Meeting

RUPERT—Guest speakers at the Chamber of Commerce luncheon meeting last week at Hiram's Cafe were LaMont Smith and Renee Alder of the county agents' office, and Mayor Wendell Johnson.

Mr. Smith and Miss Alder met with the chamber to discuss functions of their office, and to gain support of members' for retention of the present staff of three agents in Rupert.

County Commissioners are considering reducing the number of agents in the local office to two. Presently Vance Smith is the agent over crops; Mr. Smith administers the livestock and 4-H programs, and Miss Alder is the home economics agent.

Commissioners have said some residents are questioning the need of three agents, and there has been some discussion of the cost of maintaining an office of this size.

The commissioners were represented at the meeting by Alex Roemer and Lloyd Knodel. Smith pointed out that only \$100 of each agent's salary is paid by the county, with the state supplying the remainder of the money. He said loss of an agent will not only mean a great reduction in the efficiency of the office, but the economic loss will be felt in moving one of the agents to another county.

He said that at least six counties in the state are presently asking for second agents, and some have been trying to get such an officer for as long as six years. He said removal of one of the agents from the county at this time would doubtless be a fairly permanent arrangement.

Appointment of the agents is handled through the University of Idaho, Moscow, since the county agent program is an extension service of the land grant colleges in each state, and by the United States Department of Agriculture.

The state portion of the salaries is 60 per cent, while the USDA pays 30 per cent, Smith said.

Mr. Smith stressed the growth of the 4-H program in the county since 1938 when 22 county youngsters were enrolled compared with the 1966 enrollment of 1,013 in 63 clubs with 85 volunteer leaders.

Other areas of his work include work with the Wool and Lamb pool, DREA milk testing and similar projects, work with the beef and swine committees, and work with the county fair board for yearly improvements in the county fair.

He said that under Vance Smith's direction Minidoka County has become the leading county in the state in the soil sample testing program. Other areas of Vance Smith's work include all crop related subjects,

ment leaders, as well as a vice-president: Bob Caldwell, meeting of the Idaho Cities Association.

Action the association will recommend to the state legislature would be a request for 10 per cent of the sales tax for city government; one cent a gallon added tax on gasoline; revising of the municipal code; opposition to the fire marshal bill as presently outlined, since it calls for supervision rather than education; retention of the police judge even though court reforms are initiated.

Mayor Johnson also reported on two projects recently initiated by the city, creation of a local improvement district for new curbing-around-the-city square, and installation of a secondary treatment plant at the city sewer. State law now requires that all using the Snake River for dumping waste must have secondary treatment plants, he said.

## Former Army Private Is Busy Man Preparing U. S. Budget

By JOSEPH R. COYNE  
WASHINGTON (AP) — One of the busiest men in Washington these days is a former Army private first class now presiding over one of government's most exacting jobs — preparing the nation's budget.

Charles L. Schultz, a slightly graying economist who celebrates his 42nd birthday today, is officially known as director of the Bureau of the Budget.

A native of Alexandria, Va., Schultz takes in stride decisions which could make even the most hard-headed official shudder.

"A small decision here is measured in millions," he said in an interview, "but you sometimes find yourself arguing and worrying about the smallest amounts, even a few thousand dollars."

Schultz, backed by a staff of 300 housed mainly in the Executive Office Building just down the White House, is now putting the finishing touches on the budget which is expected to approach a record \$140 billion in spending for the fiscal year which begins next July 1. This does not include the trust accounts such as Social Security and highway funds.

Schultz views his role as that of a coordinator and screen or funnel-between-the-President and the rest of government.

"We have to settle things which don't need the President's attention and we must make sure the items which do need his attention get to him in proper form," Schultz said.

He also works on Saturdays, tries to avoid going to the office on Sunday, but isn't always successful and always brings some work home with him.

The President's budget will be presented to Congress about Jan. 20.

Grange Master Harold Smith said the group will meet with the Rupert Grange in January to hold a debate on the resolution.

Russell, Coray, representative for the Grange Insurance, discussed the resolution at the meeting.

A card party followed the business meeting at the home of Mr. and Mrs. Dale Stoller, guests were Mr. and Mrs. A. C. and Mr. and Mrs. Wesley Stoller.

## Former Area Woman Dies In California

JEROME — Funeral services for Mrs. Leslie H. Nims, 60, former area resident, have been conducted at the Yuba City LDS Church, California, by Bishop Jack Zeigler, with final rites at the Sutter Cemetery.

Mrs. Nims died after a heart attack at her home in Marysville, Calif., on Nov. 28.

Mrs. Nims, who before her marriage was Larene Robinson, was a former resident of Twin Falls and Jerome.

Survivors besides her husband, include three daughters: Mrs. Janet Limburg of Urbana, Ill.; Mrs. Carole Baker of Palo Alto, Calif.; and Mrs. Russell of Berkeley, Calif.

Mr. Nims, a brother of Odell Robinson of Long Beach, Calif., and Mrs. Russell Woolley of Jerome, and three grandchildren.

## Dogs Live On Roof, Guard Warehouse

ALBUQUERQUE, N.M. (AP) — For Rusty and Najo, a couple of big himps doing with a purpose, life sometimes is confusing. But it keeps them off the streets.

The dogs make their home 25 feet above ground on top of a large flat-topped warehouse in Albuquerque. They roam over about one-half acre of roof, keeping away burglars and providing somewhat of a tourist attraction.

"They, mister, you got some dogs on your roof," is commonly heard by employees of Southwest Distributing Co.

Rusty, a 7-year-old male Weimaraner, has been on the roof since he was six months old except for brief visits with a company employee charged with his care.

A few months ago, Carlo Bacchi, president of the corporation, decided Rusty needed some company so he put Najo, a 3-year-old German shepherd, on the roof.

"The dogs live inside a 20-foot fake can advertising beer. Workers cut down one side of the can for the dogs to go in and out."

"I've never had a burglary since the dogs have been there," said Bacchi.

## Miss Schenk Is Honored As Top 4-H Girl At Minidoka

RUPERT — Barbara Schenk was named the outstanding 4-H girl in Minidoka County at the annual Leader's Association and Builder's Club banquet last week at the Rupert Elks Lodge.

A girl and a boy are chosen alternate years for the award, the First Security Bank, which each year honors the outstanding 4-H Girl or Boy in the County.

Barbara Schenk, 15, of Rupert, was presented the winner with a wristwatch. Ralph Smith, representing the First Security Bank, presented the award.

About 45 young people and adult 4-H leaders attended the smorgasbord dinner furnished by Sears Roebuck Co.

Five-year leader awards issued by extension agent Lamont Smith went to H. A. Harrison, John Chase, Mrs. Ralph Jurgensmeier, Mrs. Dale Cribb, Reed Lewis and Devon Smith.

Receiving 10-year awards were Mrs. Paul Pederson and Mr. Jurgensmeier. Mrs. Pederson is presently vice-president of the county organization.

"G. F. Tolman and Mr. Jurgensmeier each addressed the gathering, urging support for the county agents."

Commissioners will meet Monday for the decision regarding keeping the three agents or letting one go.

Red Horner, president of the leader's group, was master of ceremonies. Program numbers included a vocal solo by Sally Gibbs, accompanied by Shirley Hondo, and two piano selections by Miss Hondo.

Special guests were Mr. and Mrs. Bob Hillard, Mr. and Mrs. Boone Hanchett, Mr. and Mrs. Hylak Beaver and Mr. and Mrs. Arlo Montgomery.

Mr. Montgomery, advisory committee to the 4-H program; county commissioners Burt Van Every and Alex Roemer; and Mrs. Roemer, Ralph Smith, First Security Bank, and Mr. and Mrs. Vance Smith, and Mr. and Mrs. Ted Gibbs from the county agent's office.

Paul White suggested the county consider sponsoring a call scramble as a means for some boys to obtain calves for 4-H projects. The calves caught by the youngsters are kept for a year and entered in the fair.

Appointed to a committee to study possibilities of such an event were Mr. White as the chairman, with Mr. Beaver, Mr. Montgomery, Richard Hanchett, and Mr. Gibbs. The committee will report to the spring dinner meeting of the group.

## Bob Hope Will Head Entertainment Escalation For Viet Nam Soldiers

By JERRY BUCK NEW YORK (AP) — As Christmas draws near a different sort of holiday is taking place in Viet Nam. It's an entertainment-escalation—and the "entertainment" is the Viet Nam combat zone include Bob Hope, Martha Raye, Frances Langford, Anita Bryant and Johnny Grant.

Hope, who ought to rate as many high marks as a 30-year veteran, is making his 10th Christmas tour. "You should have seen me at Appomattoch," he said, "it was a small theater."

Phyllis Diller, making her first trip to Viet Nam as a member of the Hope entourage, said she is helping Lady Bird Johnson's "Keep America Beautiful" campaign by leaving the country. She is taking along a half-million dollar bubble gum, which ought to set a few jaws to wagging.

Other troupes — including two college groups — will entertain American servicemen in Europe, the Pacific, Caribbean, Alaska, and Greenland.

Hope leaves Hollywood about Dec. 18 for two weeks, but his exact itinerary covers a military secret. The American high command in Viet Nam figures the Communists wouldn't pass up an opportunity to ambush the entertainers if they knew their schedule.

Despite all personal qualms some entertainers may have about American involvement in Viet Nam, there have been no difficulties recruiting performers for the tours.

We offer the performers the motivation that a lot of young Americans are over there and they need help, regardless of any personal feelings about the war.

## Briton Ends 13,750-Mile Ocean Trip

SYDNEY, Australia (AP) — A 65-year-old Briton sailed his 53-foot ketch into Sydney harbor today to complete a 13,750-mile nonstop solo voyage from Plymouth, England.

Francis Chichester had hoped to make the trip in 100 days, but the average time slipped ships used to take. Adverse winds and currents stretched the Gypsy Moth IV's voyage to 107 days.

Forty-three yachts, speedboats and launches escorted Chichester through the harbor entrance as boat whistles tooted and ship's bells rang.

Chichester's wife and son, Giles, 20, who had flown from England, joined him during the voyage. He had been at sea for 227 days when he approached his berth. Mrs. Chichester came on deck with two full glasses and she and her husband drank a toast and waved to the thousands on shore.

Before he left England Aug. 27, Chichester said he would spend a month in Sydney and then set out on a longer solo trip home — 14,750 miles around South America and Cape Horn.

"I don't feel very different from how I normally feel," said Chichester after landing. "But with this voyage I have had a tremendous strain. I appear to have gained about 40 pounds in weight."

Disc jockey Johnny Grant, making his 10th Christmas tour, is taking along actresses Tippi Hedren and Diane McBain to cheer up servicemen from Saigon to Da-Nang. "The soldiers call me the GI Santa Claus who brings them pretty girls," Grant said.

turn calling the families of servicemen he met.

Other stars also combine visitations with performing. "We spend as much time talking to the boys as entertaining," Miss Bryant said.

Coray said the visitations had proved so popular that after the first of the year five entertainers a month will be going over, including sports stars.

## Rebounds Hold Key To Eagles' Victory Chances

Rebounding is expected to be the key tonight when the College of Southern Idaho entertains North Idaho Junior College of Coeur d'Alene in the biggest test of the yet-young school's history. North Idaho brings along a number of skygraspers plus

## 49er Defense Sparks 41-14

### NFL Victory

SAN FRANCISCO (AP) — Rookie Alvin Randleph traced an intercepted pass 94 yards, setting a 49er record, and his defense, led by Coach Alex Anderson, contributed two touchdowns Sunday, firing San Francisco's 41-14 rout of the Chicago Bears.

Alexander sped 14 yards with a fumble and 44 on a punt return for scores in the National Football League battle which left San Francisco with a chance for a second place finish in the Western Conference.

The 49ers jumped into a 30 lead on Tommy Davis' 15-yard field goal. The Bears whiffed back to go ahead for the only time when Gale Sayers returned the kickoff 52 yards and two plays later Rudy Bukich hit Jim Jones on a 45-yard scoring pass.

Quarterback John Brodie and fullback Ken Willard promptly teamed up on a 57-yard touchdown pass which put the 49ers ahead 30-0 before the crowd of 37,000 on a sunny afternoon in Kezar Stadium.

**T.F. To Test Minico-In Mat Feature**

Twin Falls draws the tough chore of testing the Minico Spartans at Rupert Monday night in the feature of the night game for Magic Valley high school wrestlers.

Minico's seven-year-long winning streak in the fourth district is the prime object of the Bruins but Twin Falls Coach Roger Michener says "we're too young to beat them. We can only give them everything we've got and hope for the next time."

In addition to that match, two others are slated for Monday night. Wood River will travel to Buhl where the Indians have won a pair of dual meets plus a tournament while Burley, which lost to Minico, will be at Jerome. The lone Tuesday program will find the Valley Vikings at Filer.

Four matches are on tap for Thursday. Wood River will return to the south part of the district to test the Wildcats at Pocatello. Minico will travel to Valley for an intra-county match. Minico's jayvees will be home to the Kimberly Bulldogs while the Twin Falls jayvees will entertain the Castelford Wolves.

**License Sales Up This Year**

BOISE (AP) — Idaho fishing and hunting license sales were up more than eight per cent for the first 11 months of 1966, the State Fish and Game Department reported Sunday.

Kay Belpap, administration chief, said all types of licenses except those for resident hunters showed increases.

Belpap said the total this year was 221,380 licenses, compared to 213,448 for the same period last year.

### Parilli And Nance Pace Pat Victory

HOUSTON (AP) — Babe Parilli's passing and Jim Nance's running powered Boston to a 35-14 victory Sunday over the hapless Houston Oilers and gave the Patriots an even stronger claim on the American Football League's eastern division lead.

Nick Buonicontini, Dick Fells and their mates on the Patriots' defensive line terrorized Oilers' understudy quarterback Buddy Humphrey, who was making his first start.

He completed 11 of 20 for 109 yards and Houston's first touchdown, on a 10-yard toss to Charlie Frazier.

Later in the first quarter, Boston's Gino Caporale kicked a 13-yard field goal and supplied the extra points after the first Patriot touchdowns that followed.

The Patriots' scoring surge began in the second quarter when Art Graham took a one-yard pass from Parilli across the goal.

Later in the second, Larry Garrison took a 61-yard touchdown pass and Jim Whalen a 21-yard scoring pass from Parilli.

Nance, who churned out 146 of Boston's 185 yards on the ground, made 37 of them on a touchdown run early in the third.

His game was played this year and it's for sure it is up to now," Coach Sutton concluded. "The boys are ready and I expect us to play the best game of our lives."

**Outdoor Meet**

The Southern Idaho Fish and Game Association will hold a regular meeting at 3 p.m. Tuesday in the Idaho Power auditorium.

All interested persons are invited to attend.

### Hudspeth To Remain As BYU Coach

PROVO, Utah (AP) — Brigham Young head football coach Tom Hudspeth said Sunday he would remain at the Provo school next year in his present capacity.

Hudspeth's statement came after BYU athletic director Floyd Miles informed the Associated Press the 35-year-old Cougar football coach would stay in Provo next year.

"I'm very happy to stay here," Hudspeth said Sunday. "We're happy here and I'm happy we made the decision."

Reports were circulating around the BYU campus Saturday that Hudspeth would take the head coaching position at Kansas State University when Kansas State's coach, Bill Snyder, was fired.

Hudspeth said any other statement other than his announcement of not leaving BYU would have come from Williams. The BYU president was unavailable for comment immediately.

### Hadl Leads San Diego Over Jets

SAN DIEGO, Calif. (AP) — John Hadl tested for two touchdowns and ran for another Sunday, leading the San Diego Chargers to a 42-27 victory over the New York Jets in an American Football League game.

Hadl got running help from Paul Lowe and leaning catches from Lance Alworth.

New York's Joe Namath threw three interceptions, each leading to a Charger score.

The fired up Chargers broke away from the Jets in the second half when Lowe churned 57 yards to the Jet one. Lowe scored on the next play to put San Diego ahead 21-12.

Then Hadl put the game out of the Jets' reach by gaining 20 yards on a rollout and 11 more on a touchdown run. It was set up by Baker Turner's fumble of a Charger punt on the Jet 41.

Rich Redman stole a Namath pass to stop a Jet drive and the Chargers then marched 80 yards for their next touchdown, a three-yard toss from Hadl to Jacques MacGinitie.

Lowe led the victory with his second score, a nine-yard run, following Les Duncan's interception of a Namath pass.

## Eagles Halt Browns' Division Title Hopes

PHILADELPHIA (AP) — Al Nelson's 100-yard return of a missed field goal helped the Philadelphia Eagles to an upset 33-21 victory over the Cleveland Browns Sunday, eliminating the defending National Football League Eastern Conference champions from title contention.

Nelson, a defensive back, took Lou Groza's short field goal effort within one foot in the end zone and raced the length of the field for a touchdown that gave the Eagles a 21-7 lead on the last play of the first half.

Jimmy Nettes, a 177-pounder, applied a crushing block on the 36-pound Groza to clear the way for Nelson, who broke the record of 99 held by teammate Timmy Brown. Carl Taseff, formerly of the Baltimore Colts, and Jerry Williams, onetime Los Angeles Ram.

Cleveland rallied in the second half and with the help of two pass interceptions scored a pair of touchdowns to cut the Eagles' lead to 27-21. But Baker's third field goal, a 42-yarder in the fourth period, thwarted the Browns' comeback.

With Jack Concannon at quarterback for the second straight week, the Eagles jumped to a 6-0 lead on 37 and 39-yard field goals by Baker and trailed only once as the Eagles bested the Browns for the first time since 1962.

Cleveland's only lead came in the second period when the Browns faked a field goal and Jim Ninowski, holding the ball, passed 10 yards to linebacker Jim Houston for a touchdown.

run by Concannon, another on a 44-yard pass from Concannon to Tom Woodeschick, and Nelson's sensational run.
