## Walt Disney Was Known In Hollywood As Taskmaster Who Seldom Relaxed

By BOB THOMAS  
AP Movie-Television Writer  
HOLLYWOOD (AP) — What kind of man was Walt Disney? Everyone knows the public image. It shone forth every Sunday night on his television show as he gently introduced the entertainment that his studio had concocted. He was folksy, downearth, the perfect picture of anyone's favorite uncle.

The Disney image was also projected in the films he made over a 40-year period. Almost invariably they were sunny, optimistic and wholesome — completely suitable for family audiences.

Rarely did he swerve from that formula. Parents gasped when a modern couple slipped married in a Disney film, "The Parent Trap." His venture into sexy scenes began and ended with a sequence in "Bon Voyage" when a Parisian prostitute engaged Fred MacMurray in a

bit of banter in front of his teenage son.

"That was a disaster," Walt admitted later. "You should have seen the mail I got over it. I'll never do that again."

His public appearance and his movies tended to create a somewhat antiseptic image of Walt Disney. Behind the image was a human being, a man of rare talent but possessed with normal feelings and frailties.

He was no prude. His boyhood on a Missouri farm provided him with a realistic attitude toward sex. But he felt that it had no place on the screen.

He was a taskmaster. He expected of his employees the same loyalty and zeal that he applied to the studio; when they failed him, he fired them.

Yet Disney was quick to reward merit and achievement. Many of his employees continue on the staff for decades; one of them, Ub Iwerks, began

trains, and he plunged into a hotel railroad with his usual vigor. Out of it came his ideas for Disneyland.

Like many great men, Walt Disney was a loner. He knew each day the loneliness of making command decisions that might require the outlay of millions and perhaps place his whole enterprise in jeopardy.

His personal life was solitary. He had a few close friends, mostly businessmen of a conservative nature. He and his wife Lillian seldom appeared at Hollywood parties. On rare occasions he attended a banquet, often to receive an award. But such gatherings made him uncomfortable, and he was always happy to leave.

His favorite retreat was the Smoke Tree Ranch near Palm Springs, where he liked to retire for long weekends whenever his work schedule permitted. There Lillian tended her flower garden while Walt rode horseback through the desert hills. He returned to the studio refreshed and brimming with ideas to please and delight the world's audiences.

## Russian Man In Street Suspects He Must Put Aside Some Dreams

By WILLIAM L. RYAN  
Ivan Ivanovich has had a bit of bad news.

The Russian man in the street suspects he must put aside some of his dreams.

He will be given to understand "the U.S. imperialists" in Vietnam are mostly to blame. He also will get the idea that Red China is partly to blame; too, and he will resent that even more.

Those who know Russians well say that when the Soviet regime announces an increase in the military budget, Ivan can only feel a pang of dismay. This reaction is instinctive. Higher pay and social and educational ladder there is more sophisticated knowledge of what goes on. This generates a clash between intellectual elements and the conservative faction of the Communist bureaucracy, and division along these lines appears to extend all the way up

to the summit of the leadership. Thus, the Soviet budget announced last week can cause new strains.

The budget includes the biggest increase in defense spending in four years and the highest military spending rate in more than a decade.

The government concedes there will be shortages in some raw materials, which probably means military industry will get a bigger share.

There may be fewer television sets, radios, refrigerators and the other things Ivan was buying or planning to buy.

Ivan will suspect that gradually things will cost more, too, despite a government effort to keep the lid on retail prices. It is decreed now that industry must be profitable. Somebody has to pay.

Recent visitors to the Soviet Union report a widespread awareness that high pay and

perhaps that will be slowed down, too. Installment buyers' lists reached about three billion rubles worth, and since there is a shortage of quality goods, there is additional danger of inflationary pressure.

Prices probably will be going up in any event.

Ivan is not interested in figures. He knows from public announcements that something is being done and that the money will come from his pocket. It must make him sad.

## Bomb Was Designed To Destroy Plane

ST. LOUIS, Mo. (AP) — A homemade bomb that exploded in the terminal building of Lambert-St. Louis Municipal Airport Saturday night probably was designed to destroy an airplane.

St. Louis County detective said Sunday.

"We're pretty certain someone was going to put it on a plane and then chicken out," said detective Hugh Hodges.

James Williams, a custodian, found the bomb, four sticks of dynamite wired to two batteries and an alarm clock — near the O'Hare Airlines counter under a row of seats.

More than 1,000 persons were evacuated within 10 minutes and passengers on incoming flights were told to remain aboard their planes.

No one was injured when the device exploded, shattering seven large window panes, destroying a display case and several chairs.

Major F. J. Vasek said his detectives and the FBI were told there had been no other bomb threats at the airport last week.

## Soldier Gets Award For Heroism

WASHINGTON (AP) — Army Walter J. Marm Jr., whose family had wondered what kind of soldier he would make, receives the nation's highest award for heroism today.

Sixteen relatives and members of Marm's family were to be present today when Secretary of the Army Stanley R. Resor presents him the Medal of Honor for courage during the battle of Ia Drang in November 1965.

Marm, 25, of Washington, Pa., is credited with killing 18 North Vietnamese soldiers firing on his platoon at the foot of Chu Pong — Mountain.

He was wounded in the battle.

"To tell you the truth, I didn't know what kind of soldier Joe would be," Marm's father, Walter J. Marm Sr., said when President Johnson signed the citation last Nov. 16.

"I'd never been in a fight in my life," said the retired Pennsylvania state policeman. "I never knew him to be mad at anybody."

The day of the battle, Marm's platoon had joined a battalion assault into an open grassy, cluttered field near the Ia Drang River. As they advanced to their position, they came under a clearing and suddenly were blasted by mortar shells.

One machine gun was firing from the side of a big hill 50 yards in front of the platoon.

"The first thing I did," Marm recalled, "was fire a rocket launcher at the bunker. Then I took two grenades and an M16 rifle and went straight up."

"The enemy kept firing back and I told my men to hold their fire and kept advancing until I got close to the bunker."

"I pulled the pin of a grenade and just lobbed it over. After it went off I went around to the left, saw some movements and fired. I fired six times, but didn't know they were there. They told me there were 18, but I didn't know."

Marm, wounded by a bullet that shattered his jaw, spent the next three months at a Valley Forge, Pa., hospital. He now is an instructor at the Ranger department of the Ft. Benning, Ga., Infantry School.

## Christmas Death Toll Estimated

CHICAGO (AP) — A Christmas weekend traffic death toll of between 650 and 700 persons is being estimated today by the National Safety Council.

The holiday period covered is from 8 a.m. Friday through midnight Monday, Dec. 23.

The council said that in a non-holiday period of equal length at the same time of year the toll would be about 525.

Most of the nation's drivers will be on the roads at some time during the weekend, the council said. This will raise the travel volume to 7.6 billion miles per day, or 1.3 billion for a nonholiday period.

## Idaho's "New Day" Brings New Gains In 1966 With More Jobs, Higher Pay

By JIM ADAMS

BOISE (AP) — Idaho's "new day" brought new gains in 1966 — notably more jobs and higher pay — as the state's economy continued to expand.

Construction of the mammoth Dworshak Dam got underway in north Idaho, the phosphate industry took a significant jump in the southeast and the pulp and paper processing industry continued to expand.

An all-time record 283,300 Idahoans were working in August. Their paychecks were up an average \$133.64 for the year to \$6,244.16.

Unemployment, meanwhile, dropped sometimes below 3 percent of the labor force, said Lloyd Howe, state economic analyst.

"That's almost a labor shortage," said Howe. "When you get below 3.3 percent, there isn't much to choose from — men between jobs and housewives who only work part of the year."

Higher wages meant more buying, said Roy Nelson, First Security Bank economic analyst. Estimates sales will total nearly \$1.6 billion, 6 percent above 1965.

Nelson says about half the increase will reflect higher prices. The growing phosphate industry in southeast Idaho, to meet national and international demands for fertilizer, is expected to help set a record of \$110 million in Idaho mining production.

El Paso Products Co. put a \$20 million phosphate plant into production this year. Monsanto added the world's largest electric furnace to its operation and AMFC completed a major phosphate plant expansion.

Half the nation's silver came from Idaho mines this year. Silver production is expected to total 5.8 million troy ounces, a 5 percent increase over last year.

The potato food processing industry added new plants and expanded others. But no one is saying how high production will be this year until frost damage to the potato crop in the Idaho Falls area is determined.

Construction contracts for dams, highways and buildings during the first 10 months of the year were \$235.7 million — a 10 percent increase over the same period for 1965.

Most of the increase is credited to the \$121.2 million contract to get Dworshak Dam construction underway near Orofino. It is the largest single contract the Army Corps of Engineers ever awarded.

But one of the severest setbacks for the year outside agriculture was in the realm of construction: homebuilding.

Some 268 fewer homes and apartments were built in the first 11 months this year than in the same period last year.

## Youth's Severed Leg Is Sewed On

ST. LOUIS, Mo. (AP) — A youth's leg was sewed on in a traffic accident Sunday night, and surgeons sewed it back on.

Edward Cissell, 17, lost his left leg below the knee. He was in a car that crashed into a pole in North St. Louis, police said.

The car driver, Theodore Adams, 17, suffered multiple head and body injuries and was in critical condition.

A spokesman at Hanger G. Phillips Hospital said Cissell was in satisfactory condition after his leg was restored.

Howe says expanding jobs and increasing salaries as the brightest spot in Idaho's economic picture.

"When we don't have people on the streets looking for work," he said, "we're in pretty good shape."

Potato loss from frost in the Idaho Falls area is estimated as high as \$30 million — although growers groups call that a guess — and the state's potato crop is expected to be 10 million hundredweight below that of 1965.

Sugar beet production is estimated down 26 percent and the wheat carryover is the smallest in years.

In all, crop production through September was reported down 26 percent from the records in 1965 for the same period.

Labor strikes were another setback.

Operating engineers shut down an estimated \$100 million in construction for nearly a month this summer and there were half a dozen strikes at the Atomic Energy Commission's National Reactor Testing Station near Idaho Falls.

What about prospects for 1967?

Howe predicts modest gains but says tight money probably

## Democratic Governors Want To Help Run 1968 Presidential Campaign

WASHINGTON (AP) — Democratic governors are planning to help President Johnson to make the decisions on how to run the 1968 presidential campaign.

This was the nearly unanimous verdict of about a score of state executives who heaped their political voices on the absent President's shoulders at the National Governors' Conference in White Sulphur Springs, W.Va., last week.

Privately, the governors complained to each other that politically Johnson is a one-man band who doesn't even invite them to sing in the background chorus.

There is likely to be some pointed conversation about reorganization of the Democratic National Committee at a projected post-Christmas meeting between the President and a delegation headed by Gov. Harold E. Hughes of Iowa.

Before the conference adjourned Saturday, some Democratic governors had softened their original stance that President was traveling the "Great Society" road too fast in a period when Vietnam war spending is skyrocketing. But nearly all said that if Johnson hopes to win in 1968 he is going to have to reorganize the party machinery.

The President's friend, Gov. John B. Connally of Texas, said in an interview the 25 Democratic governors will have to form the base of this campaign organization.

Gov. Otto Kerner of Illinois suggested there may be a "civil war" if National Chairman John M. Bailey isn't replaced.

Bailey has denied he is on the way out and said he expects to preside over a February meeting of the Committee. But some of the governors think Johnson may have other plans after he leaves the governors.

Gov. Richard S. Hughes of New Jersey, who said the governors were blaming the President for doing what he was elected to do, cautioned his colleagues not to "push the panic button" because the party suffered setbacks in the November election.

He predicted, as did Kerner, that Johnson will be re-elected.

If Johnson seeks a second term, most Democratic governors expect Michigan Gov. George Romney to be his opponent. They generally look upon Romney as a much more dangerous foe than former Vice President Richard M. Nixon or any other potential GOP nominee.

## Stitches Are Taken Out Of Eisenhower

WASHINGTON (AP) — Surgical stitches were taken out of former President Dwight D. Eisenhower today, one week after removal of his gall bladder.

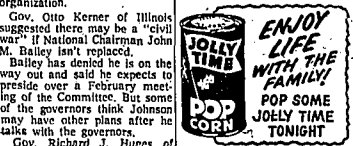

"The incision has healed nicely," Walter Reed Army Hospital reported.

Eisenhower was reported to be "progressing very well" and on a selective diet. "Anything he wants to eat under his doctors' guidance."

However, the hospital said, the doctors still are limiting the general's visitors.

There was no word on when Eisenhower would leave the hospital. He has said he hoped to be back at his Gettysburg, Pa., home for Christmas.

Twin Falls received a coveted honor late last week by means of the U. S. Postmaster General's "Citation for Excellence." The award was presented to Twin Falls Postmaster, Fred Sanger who accepted on behalf of the townspeople.

## Red Guards Distribute New Posters

BELGRADE, Yugoslavia (AP) — New Red Guards posters appearing in Peking today attacked Lu Ning-yi, president of the Chinese Trade Union Federation, the Yugoslav news agency Tanjug reported from the Communist Chinese capital.

The posters, which criticized a number of high officials, condemned a speech Lu made Nov. 25. Tanjug said it was believed the Red Guards opposed his statement that workers should more or less stay out of China's cultural revolution.

New posters distributed by the Chinese Communist party's Central Committee said that, except in special cases requiring them to be excused, workers should carry on revolutionary activities after their regular eight-hour shifts.

The Central Committee also said special Red Guards units should be formed to spread the cultural revolution to villages by fighting farmer-landlords and "harmful" rightist elements."

# Black Africa Problems Dominate U.N. Meet

By TOM HOGUE  
UNITED NATIONS, N.Y. (AP)—Problems of black Africa dominated this year's sessions of the General Assembly, now in its final hours, but the continuing war in Vietnam cast a pall over the session.  
Apprehension over the future in Southeast Asia was offset somewhat by signs of a thaw in relations between the United States and the Soviet Union and by their attempts to reach a measure of agreement on disarmament.  
The mounting clamor for world peace resulted in a ringing vote of confidence for U. Thant and a move to broaden the role of the secretary-general in dealing with the formidable obstacles blocking the path to international understanding.  
As the session opened, the 38-nation African group cut in on the traditional policy debate to protest the World Court's refusal to rule on the merits of the South-West Africa case.  
For four weeks, the assembly has echoed with charges that the white supremacist government of South Africa had violated its mandate over South-West Africa by introducing race segregation there.  
In an unprecedented act of reprisal, the Africans mustered enough votes in the assembly's

arms allegedly used to control a Lisbon's African territories. Most of the NATO nations voted against it.  
While the Africans dominated the debates, attention was diverted by an act of U.S.-Soviet cooperation that could have a far-reaching effect on the disarmament issue.

**BY ABIGAIL VAN-BUREN**  
**DEAR ABBY:** I know that Christmas is nearly here. I want to air something that has irritated me for a long time. It's people who don't send Christmas gifts anymore. Instead they send you a tacky card informing you that "a gift in your name" has been sent to their favorite charity. That way they don't have to bother shopping for Christmas gifts, and all their "gifts" are listed as a deductible expense on their tax return. Pretty cute, if you ask me.

**DEAR WISE:** Sorry, but I disagree. I think one of the more civilized practices of recent years is donating to charity instead of sending extravagant gifts to people who already have more than they need.

Knowing that a contribution to a worthy cause has been made in my name would be "gift" enough for me. He who takes but never gives may last for years, but never lives.

**DEAR ABBY:** Seven years ago I did a terrible thing. I had an affair with a man, his wife sued him for divorce, but they went back together again, thank God.

My wonderful husband forgave me, and we moved out of town. I have found God now and am leading a good life.

I am a teacher's aid at school. When school started last fall I found out that the wife of the man I had the affair with is our student counselor. She can ruin my whole life by telling the other teachers about my past.

Should we move again? The dear Lord knows I have suffered enough for my sins. I am getting very nervous over this. Please answer soon.

**DEAR DESPERATE:** Hands off the panic button. Stay where you are for the present. In all probability she will not disclose your past because of her husband's role in it. Forget it and continue to lead the good life.

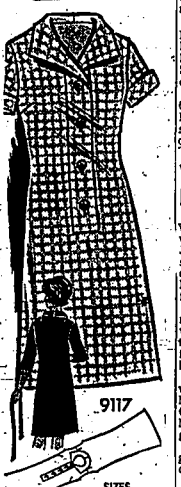

**DEAR ABBY:** We have some friends whose teen-aged son was killed recently. Wanting to be of some help, I felt three chickens, wrapped them in aluminum foil and sent them to their home in a large cardboard box. I thought that poor mother would be so glad to have something to eat, but she never returned my letter. I was wrong.

**DEAR WONDERING:** I am very sorry you were extremely considerate to have sent the chicken in a disposable container. But I am wondering what kind of "friend" would be so unkind as to plant such a preposterous onion in your mind?

**CONFIDENTIAL TO PAMELA P.**— wherever you are. Please contact your mother to let her know that you are well. She is sick with worry. No questions will be asked.

**Troubled?** Write to Abby, Box 6700, Los Angeles, Cal. 90029. For a personal reply, enclose a stamped, self-addressed envelope.

## Advertising Standards Are Issued

WASHINGTON (AP) — The federal government has clamped advertising standards on banks and savings associations to bar what it called misleading claims on rates of interest paid depositors.

The Federal Reserve Board today described the standards as voluntary but noted in a letter to state banks which are members of the system that deposit accounts are subject to the antifraud provisions of federal securities law.

Similar letters were sent to banks and savings and loan associations under their jurisdiction by the comptroller of the currency, the Federal Deposit Insurance Corp., and the Federal Home Loan Bank Board.

The agencies said they regard the four standards they outlined as minimum principles to be followed in advertising for savings.

The standards are:

1. Interest and dividend rates should be stated in terms of annual rates of simple interest with the advertisement listing the basis for compounding. Neither the total percentage return, if held to maturity nor the average annual rate achieved through compounding should be given unless the simple annual rate is equally prominent.
  2. No reference should be made to profit to the investor for use of his money over a specific period of time.
  3. If the advertised rate is payable only on deposits of a time period or fixed amount, this should be stated in the ad.
  4. No statement should be made implying that more than \$15,000 in federal insurance is provided for each depositor.
- In his letter to state banks which are members of the Federal Reserve System, Vice Chairman V. L. Harrison said intense competition for savings has prompted "a few institutions" to use advertising practices which could be detrimental to the public and the financial system.

NEWLY INSTALLED OFFICERS of the Twin Falls Lodge No. 45-AM and AF, are, from left, George Doolittle, junior warden; James Clark, master, and Hal Hill, senior warden. The men were installed at ceremonies held Saturday at the Masonic Temple. (Times-News photo)

## Britons To Investigate Hole Problem

LONDON (AP) — A high-level committee consisting of a government minister and 14 experts has been set up to get to the bottom of the hole problem.

Millions of pounds of taxpayers' money is spent every year, it seems, on digging holes and filling them up again.

All the nationalized public utilities are in the hole-digging business. And they all want to dig their own holes.

The men from the water board come along and dig up

the road, lay their water pipes and fill up the hole.

Then the men from the gas board come and dig it all up again, lay their gas pipes, fill in the holes and go away.

They are followed by the men from the electricity board, laying cables.

Then comes the men from the post office, laying telephone lines.

By this time, the water board men usually come back for a second time. It goes on and on.

It has become a sort of national joke. A movie company even made a slapstick silent film about it called "A House of Your Own."

But with a big economy drive under way and the prime minister calling for greater productivity, it didn't seem so funny to

the minister of public building and works, Reginald Prentice.

He wants all the people who dig holes to coordinate their work so that they can all use the same holes. That way, he contends, instead of having to dig the hole four or five times and fill it in each time, they need only one hole—with a considerable saving in money and manpower.

So, in the best civil service and government tradition, he has appointed a committee to investigate the problem of holes.

## GIs Prepare For Invasion Of Bob Hope, Graham, Officials

By BOB GASSAWAY

SAIGON, South Vietnam (AP) — The GIs in Vietnam are getting ready for a Christmas invasion, and some of it should be fun.

Bob Hope commands the largest task force of invaders, but the bare legs and jokes of his troupe "will share the spotlight with Billy Graham, Francis Cardinal Spellman and several congressmen.

Evangelist Graham and the Roman Catholic archbishop of New York both have scheduled trips to military installations and will conduct some religious services.

Hope left Los Angeles Friday with his 88-member fun company for his 15th annual Christmas tour and his 24th journey to en-

terial American servicemen.

Hope's troupe also includes Payella Diller, Joey Heatherton, Anita Bryant, Les Brown and his band, and the Korean Kitem. They will perform in Vietnam, Guam, Thailand and the Philippines.

Gen. Earle Johnson, U.S. Army chief of staff, also will be in Vietnam this week. But he is more interested in Chris Noel, a 26-year-old disc jockey who is in Saigon to attract attention for her program. Her 36-24-36 dimensions, mini-skirt eight inches above the knee, green eyes and blonde hair attracted considerable attention on the street Sunday. She will be on the armed forces radio all this week.

Author John Steinbeck also is visiting with troops and four members of Congress are expected to remain for the holiday.

Sen. Stuart Symington, D-Mo., and Reps. Joseph V. Resnick, D-N.Y., George W. Grider, D-Tenn., and Lora Thomas, D-Tex.

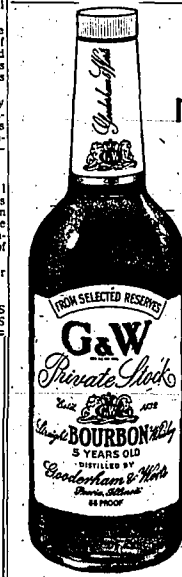

Although both sides have proclaimed 48-hour cease-fires for Christmas and New Year's, the GIs will miss the on-watch-posts with eyes peeled for an unwanted Viet Cong visitor.

## 5 Die After Fuel Truck Blast, Fire

INDIANAPOLIS, Ind. (AP) — An explosive collision of a fuel truck and two automobiles followed by a roaring fire that engulfed six vehicles, left at least five dead today on one of Indianapolis' busiest streets.

Police Inspector John Foran said he believed the five bodies were all that would be found in the twisted, charred wrecks. Two persons reportedly were severely burned and removed to hospitals.

The semitrailer truck jackknifed and two autos, crashed into the truck which instantly exploded in a gush of flame. Ralph Smith, 19, an eyewitness said.

The blinding fire engulfed the truck and five autos.

Traffic was backed up for miles.

Children from a nearby school swarmed around the blazing wreck, worrying police almost as much as the danger of exploding fuel tanks on the passenger cars.

Danger in the area persisted after firemen brought the fire under control. Thousands of gallons of blazing fuel had poured into a storm sewer. Smoke came from manhole covers almost a mile away.

Three of the dead apparently were a man, a woman and a young child in a station wagon.

One of the survivors was the tanker driver but he was reported near death at Marion County General Hospital with severe burns.

## Tall, Wooden Angels Draw Jerome Crowd

JEROME—Christmas shoppers in Jerome this week have been drawn to a beautiful decorative display in the windows of the North Side Lumber Company.

The work of Bob Karns, a twenty-year employee of the Mountain States Telephone Company, the display consists of four panels, alternating colors of dark blue and royal purple, each mounted with an angel figure.

The panels are about eight feet tall and the figures about five feet. The figures were made from 1/4 inch strips of birch plywood in a natural finish. The faces are unfinished ovals of birch, and the lines of the robes, having a faintly striped effect, are delineated by gold pick-rack braid. Two gold candles and two have hands folded in prayer.

Mrs. Karns helped apply the "hair," which is made from thick strands of yarn glued on a stylized collure.

Creative artistry in wood has

long been a hobby of Mr. Karns, who has a fully equipped cabinet shop in the basement of his home. Also an avocation of many years has been painting and sketching, although he says he has not had much time to give to it lately. However, he has been invited to present a one-man show of his work in the gallery of the new Library here, and hopes to be able to do so soon.

It is a rare pleasure to see such a display as Mr. Karns has created for this Christmas season, and residents of neighboring communities might find it well worth their time to come and look for themselves.

## Castro Has Praise For Vietnam Reds

HAVANA (AP)—Prime Minister Fidel Castro declared Sunday night that Communists in Vietnam are showing the world that it is possible to resist and conquer "imperialist" aggression.

Addressing a graduating class of 425 agricultural and ranching technicians at Havana University, Castro said, "Few small countries like ours, also threatened only 50 miles away by the imperialist monster, can appreciate the extent of the Vietnam example."

He accused the United States of intensifying the Vietnam war

by bombing residential areas of Hanoi, a charge repeatedly denied by U.S. officials in Washington and Saigon.

"Our own embassy located in the center of Hanoi informed us that only a few hundred meters from the embassy bombs fell from capitalistic planes," he said.

# Jack Ruby Insists There Was No Conspiracy In Killing Of Oswald

By BERNARD GAVZER

DALLAS, Tex. (AP) — Jack Ruby in his dying days still insists there was no conspiracy involved in his killing of Lee Harvey Oswald, named by the Warren Commission as the assassin of President John F. Kennedy.

Ruby, fully aware he is dying of cancer, wants to take any scientific test to prove for history there was no conspiracy.

"Jack has told me a dozen times or more he prays he be given a final lie detector test so people will be convinced that there was no plan on his part or conspiracy of any kind to kill Oswald," said Ruby's brother, Earl, a Detroit businessman.

"It is his last wish," said Earl Ruby and Elmer Geritz, Chicago lawyer and member of the legal team which on Oct. 6 won a reversal from the death sentence for Ruby, described Ruby's plea to do anything to ease any doubts that he acted alone in shooting Oswald.

They had seen Ruby an hour earlier in Parkland Memorial Hospital where Ruby, under guard, is undergoing treatment. This is the same hospital where the mortally wounded president and Oswald were taken.

Geritz and Earl Ruby were asked whether Jack Ruby had any regrets about killing Oswald and thus making impossible a trial, perpetrating for all time the feeling that the full story of the assassination will never be known.

"He has regrets, but they are not so much about Oswald," said Geritz. "These are regrets about the havoc caused to his people."

Ruby, a Jew, is known to feel that his action reflected poorly upon the Jewish people.

"Jack reads the newspapers and magazines and watches television and is aware of the controversy about the Warren report and all the books and articles which are constructing incredible stories of a conspiracy in which he is claimed to have had a part," said Geritz.

"He says, 'How can they think I am hiding anything or protecting anyone else? There is nothing to hide; there was no one else.'"

As he lies gravely ill, he still maintains — according to Geritz and Earl Ruby — that "I never met or knew or saw Oswald until I saw him in jail, and I never knew Officer Tippit."

The Warren report said Dallas policeman J.D. Tippit was slain by Oswald when Oswald fled to the Oak Cliff sections of Dallas after assassinating Kennedy.

Geritz and Ruby said that Jack Ruby today acts like a man who wants to remain alive long enough to be convinced that others believe beyond question that he "acted out of overwhelming exaltation and without malice and without premeditation."

They said Jack Ruby keeps referring to his movements the morning of Sunday, Nov. 24, 1963, when drawn by curiosity, he entered the basement of the police and courts building, and, on impulse, and the purest of chance, shot Lee Harvey Oswald.

"And he is bewildered that it is not plain to every one that it was a million-to-one chance that he would stumble into a situation in which it was even possible that Oswald could be shot," said Geritz.

Geritz and Earl Ruby said Jack Ruby has no recollection of the moment he shot Oswald.

"That is a complete blank in his mind," said Geritz. "When he goes over every detail of his movements, he comes to that point and it is a blank for him. He does not deny he killed Oswald, but he has no memory of it."

Geritz said one of the ironies

of the case was that police, were absent from the street, allowing Ruby to commit a minor traffic offense to get to the Western Union office.

"If Jack hadn't made an illegal turn on Main Street to go into a parking lot in order to be closer to the Western Union office," Geritz said, he couldn't have been in the basement at the precise moment police were transferring Oswald.

"He was going east on Main and made the illegal turn rather than go around the block. He was going to the only Western Union office open that morning."

"He says he just started walk-

ing down the ramp."

Could Ruby have known Oswald was being transferred at that moment?

"No. He swears to this day he did not. And the fact is that no one knew," said Geritz.

"The transfer had been announced for 10 a.m., but no one knew — not anyone in the police or the press — because Capt. J.W. Fritz was still questioning Oswald. To say that someone informed Ruby of the time of transfer suggests that there was complicity on the part of the police or other law enforcement people."

"But the fact is that no one knew nor did anyone have any set time to make the actual transfer except for the announced time of 10 a.m. As the record bears out, the change in transfer time occurred when Capt. Fritz decided to interrogate Oswald again. Only Capt. Fritz knew when he would be through with the examination."

"He keeps going through these steps, telling how he went into the Western Union office and waited his turn to send the money order. The receipt for it was timed off at 11:17 a.m., then he walked at normal pace about 350 feet back to the ramp where he had seen all the people."

**BUFFALO (AP)**—The Buffalo Bills, given an 11th hour reprieve, clinched their third straight Eastern Division championship in the American Football League Sunday by battering error-prone Denver 38-21. The victory lifted the Bills' record to 9-4, and sent them into the AFL Championship game against Kansas City here Jan. 1, 1.

SOME CALL IT FOOTBALL and that is exactly what it looks like when several players meet on the gridiron. In this case, Baltimore Colt Jimmy Orr, with two stripes on his stockings, caught a Johnny Unitas pass for 15 yards in the third quarter Sunday at San Francisco. ### Unitas Leads Colts Over 49ers 41-30

**SAN FRANCISCO (AP)** — Johnny Unitas threw four touchdown passes ranging to 51 yards in propelling the Baltimore Colts to a 30-14 victory over San Francisco Sunday.

Coupled with Green Bay's 27-21 triumph over Los Angeles the win gave the Colts undisputed second place in the National Football League's Western Conference and an assignment to Miami's Playoff Bowl on Jan. 6. In the rugged clash before 40,000 chilled fans in Kezar Stadium, Unitas opened the scoring with an 11-yard toss to veteran end Ray Berry.

### 'Papa Bear' Halas Ends 40 Years Of Coaching With Eighth Losing Season

By JERRY LISKA  
Associated Press Sports Writer  
**CHICAGO (AP)** — George S. Halas, pro football's swinging scoundrel, closed his 40th Chicago Bear coaching season Sunday with something less than an explosion of glory.

Halas, who turned 72 on Feb. 2, witnessed only the eighth losing Bear season in the club's almost half-century existence. The local press has been filled with what's wrong with the Bears' disintegration in the wake of a season's current 5-7 record, including the suggestion that Halas turn over the club to younger hands.

who can't be fired from the club he founded in 1920 as the Decatur, Ill., Staleys.

"I wouldn't quit now, not after this season for which I alone, as head coach, am responsible," said Halas, "and I heard this song before — not so long ago the season before we won the championship in 1963 and the season before we made such a great comeback just a year ago, in 1965."

In 1963, when the Bears broke the New York Giants' record for the National Football League title, and in 1965, when the Bears rallied to win nine of their last 11 games, Halas was voted NFL coach of the year in The Associated Press poll.

In 1964, that was two years ago, commented Halas. "There also was a hue and cry after we finished 5-9 in 1962."

"So you see, we're used to running the gamut and there's no accurate pattern for our years which is making me look forward to 1967."

What the record book doesn't show is the fact that Halas is reluctant to mention is that 1966 was a year of bitter and sad memories for the planner of pro football, who has won eight NFL titles and whose Bears have topped the standings 12 times.

His beloved wife, Edna, died of a heart attack last Feb. 14 when Halas was at a league meeting in St. Louis, Mo.

A month earlier, Halas' top aide, George Allen, quit the Bears to become head coach of the Los Angeles Rams. Halas made his point in a court suit.

The Bills rallied to victory with the aid of a short punt by Denver's Bob Scarpitto, an aborted onside kick attempt by the Broncos, a fumble recovery by Mike Stratton and two key interceptions by Tom Janik, who was cut by the Broncos last year.

Denver's lone effective counter was the John McCormick-Bob Scarpitto aerial combine which accounted for all three Broncos touchdowns on plays covering 62, 28 and 10 yards.

The Bills spread their scoring with Wray Carlton and Jack Spikes going over on short runs, Bobby Crockett taking a Jack Kemp pass 33 yards for a touchdown, Janik returning an interception 25 for another, Stratton going 22 with the fumble and Booth Lustig kicking a field goal.

Janik's first interception led to Lustig's field goal and a 17-0 lead. His second, on a 14-yard pass to Willie Richardson, brought him his touchdown and a 31-7 lead.

### Nelson Paces Steelers Past Atlanta 57-33

**ATLANTA (AP)** — Bill Nelson passed for 344 yards Sunday in leading Pittsburgh to a 57-33 victory over Atlanta as the Falcons' first loss in the National Football League campaign.

The sharpshooting Steelers quarterback tossed touchdown strikes of 12 yards to Gary Ballman and 65 yards to Roy Jefferson. He hit on 17 of 25 throws.

Atlanta's error-ridden offense heavily to the Pittsburgh outburst, with the Steelers converting two Falcon fumbles and pass interceptions into 27 points.

Rookie halfback Preston R. Dierker, making his first offensive appearance, scored twice, on pass catches, taking 53 and 18-yard tosses from Randy Johnson for touchdowns.

Reserve quarterback Dennis Clardie tossed 62 and 12 yard touchdown throws to Gar Anderson in the final minutes to cut Pittsburgh's lead.

Jim Butler scored twice and Amos Bullock and Bill Asbury scored for Pittsburgh. Clendon Thomas carried an Atlanta fumble 23 yards for another Steelers touchdown, and Mike Clark kicked field goals of 12, 19 and 22 yards.

CHECKING OVER THE CHECK are Gary Mortenson of Twin Falls and Mrs. LaPage (Georgia) Layton of Burley. Mrs. Layton, in behalf of the XI Omega chapter, Beta Sigma Phi, presented Gary with the check for his fund drive to participate in the VI Winter Games for the Deaf Feb. 20-25 in Berchtesgaden, West Germany. The goal of \$300 was reached last week. (Times-News photo)

### Fund Drive Ends, Mortenson Is Sure Of Skiing Trip To Europe

It is now absolutely certain that Gary Mortenson of Twin Falls will compete for the United States in the VI Winter Games for the Deaf Feb. 20-25 in Berchtesgaden, West Germany.

The check was presented by Mrs. LaPage (Georgia) Layton, member of the chapter and Burley correspondent for the Times-News. She was asked to do this when it was learned that she would be in Twin Falls Saturday.

Donations from community organizations such as the XI Omega chapter, Beta Sigma Phi, were the main building blocks of Gary's fund. Both large and small donations were received from throughout Southern Idaho, each one playing its part to send Gary to West Germany as Idaho's representative in the first of these games that the United States has participated in.

Gary's mother, Mrs. Al (Zella) Mortenson is a past president of the chapter and now is continuing her work with the fraternal organization in Pocatello, again as president.

### Dolphins Nip Houston, Tie For Cellar

**MIAMI, Fla. (AP)** — Rookie John Stofa, making his first start for Miami, hurled four touchdowns passes Sunday and the Dolphins escaped solitary confinement in the American Football League's Eastern Division cellar by beating Houston 23-28.

Stofa, brought in from Lakeland of the North American Football League when injuries wiped out the Miami quarterback corps, threw his last scoring pass to Joe Auair on a 34-yard drive with 33 seconds left.

Gene Mingo booted the decisive extra point, and Miami, trailing Houston for the second time this year, tied the Oilers for last place in the AFL's Eastern Division.

The magnificent performance of Stofa, a 6-3, 210-pounder from the University of Buffalo, just barely overshadowed that of Don Trull, who got three touchdowns by air and one on the ground for Houston.

Trull hit Hoyle Granger, Lawrence Elkins and Bob McLeod with touchdown passes in the first half as Houston went into a 21-8 lead.

Miami had scored in the second on a 27-yard aerial from Stofa to Auair, and the Dolphins cut the margin to 21-15 when Stofa hit Trull for a 48-yard bomb in the third.

Only six minutes were left when Trull sneaked a yard for a fourth quarter touchdown, but it was all the time Stofa needed. He hit Bill Cronin with a four-yard scoring pass with 3:11 to go before losing the clincher to Auair.

Thursday, Aberdeen will be at Jerome.

### Royals Smash Bullets 138-114

**CINCINNATI (AP)** — Happy Hairston scored a career high of 31 points as the Cincinnati Royals smashed the Baltimore Bullets 138-114 in a National Basketball Association game Sunday night.

All the Cincinnati starters scored in the high double figures and got plenty of rest on the bench. The lead changed hands three times in the first period as Cincinnati went ahead to stay 11-10.

The Bullets were cold on the floor and never really threatened after the first period. Cincinnati led 64-49 at halftime, and the closest Baltimore came off that was 11 points as the Bullets lost their second game in a row.

## Javits Pleads For Soviet Relations

NEW YORK (AP) — Sen. Jacob K. Javits, R-N.Y., has called for "the most liberal effort" to solve U.S.-Soviet differences because of what he sees as "the new spirit of relaxation between ourselves and the Soviet Union."

The Soviet Union has decisively beaten Communist China for leadership of the Communist nations and this has led to the new spirit, Javits said Sunday. He said he had information that the Soviet Union is "ready to do business with the United States in every area." He did not say where he got the information.

The Middle East is the "No. 1 tinderbox of the world" and Arab-Israeli hostility should be the leading item of discussion between the Soviet Union and the United States, Javits also told the American Israel Public Affairs Committee.

# THE STORY OF THE NATIVITY

By JOHN J. STEWART

"Good Tidings of Great Joy"

"And there were in the same country shepherds abiding in the field, keeping watch over their flock by night."

It was a warm spring night there on the Judean hillside near the little town of Bethlehem.

All was calm and peaceful. The sheep were bedded down, quiet and content. The shepherds, seated on a grassy knoll, looked at the star-filled sky and pondered the mysteries of the universe.

Through the night air drifted the fluted, soothing melody of a well-loved psalm of David:

"The Lord is my shepherd; I shall not want. He maketh me to lie down in green pastures: He leadeth me beside the still waters."

It was a favorite refrain of the shepherds, who sought to emulate the virtues of the Good Shepherd, whom scriptures prophecy told them would one day come to earth.

In a humble way, their life was a similitude of what He would be: a shepherd of the flock, watchful, faithful, concerned; night vigil in lonely vigil.

As the shepherds sat in meditation there in the darkness of the night, "Lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them, and they were sore afraid."

"And the angel said unto them, Fear not, for behold, I bring you good tidings of great joy, which shall be to all people."

"For unto you is born this day in the city of David a Savior, who is Christ the Lord."

"And this shall be a sign unto you: Ye shall find the babe wrapped in swaddling clothes, lying in a manger."

As the angels and shepherds gazed in amazement, the veil of heaven was parted and they were enraptured in a vision of ethereal beauty and grandeur. A celestial choir gave voice to this message of the ages, in a glorious outpouring of the most sublime music.

"And suddenly there was with the angel a multitude of the heavenly host praising God, and saying,

"Glory to God in the highest, and on earth peace, goodwill toward men."

"The Lord is my shepherd; I shall not want. He maketh me to lie down in green pastures: He leadeth me beside the still waters."

"The Lord is my shepherd; I shall not want. He maketh me to lie down in green pastures: He leadeth me beside the still waters."

## U.S. Economy Is Still Going Strong, But With Some Major Headaches

By JOSEPH R. COVNE

WASHINGTON (AP) — The nation's economy, subjected this year to its first big taste of inflation since the current boom began in 1961, moves into the new year still going strong but with some major headaches.

The past year was one of higher prices, higher interest rates, higher taxes, higher defense spending brought on by escalation of the Viet Nam war, and a business investment boom that had more than a few economists jumpy.

Government experts predict a continuation of the boom in 1967 but without the unusual price increases of 1966.

Some forecast a slight slackening in economic activity during the second half of the year.

"The entire year should be good but the first half will probably be better than the second," says one economist.

The over-all rise in economic activity, however, could be the second largest in history, second only to 1966 when inflation averaged 5.8 percent.

Government economists have used such terms as "healthy," "robust," and "strong" to describe the over-all economic growth expected to continue into 1967.

As 1966 moved into December, the biggest uncertainty of the year was still unresolved — when President Johnson would request a tax increase to help meet the cost of the Viet Nam war.

Johnson indicated a decision might not come until January.

and management in forthcoming wage and price decisions. We can also begin to move along toward the re-establishment of the current boom.

Acquiescing the cost of living can't be expected to return to the 1962 level of 1.5 percent but it shouldn't repeat the 3.3 percent rise of 1966.

A top private economist agrees that a real economic growth next year should approximate four per cent but prices a greater increase.

Even short-term Treasury bills — which normally carried the lowest interest rate of the U.S. Chamber of Commerce, is linked to further acceleration of the Viet Nam war.

Some government economists, although not so bullish, believe the four per cent goal in real economic growth, have said a 4.5 per cent rate is needed to prevent a rise in unemployment and to prevent an erosion of job opportunities for Negroes.

An average 3.5 per cent rise in real growth last year was dropped the unemployment rate to less than four per cent of the total labor force during 1966.

Production of goods and services produced in the economy — valued at \$212.3 billion in 1965 and was expected to reach about \$240 billion in 1966, a record rise of almost \$30 billion.

The rise in real growth was the council at about \$50 billion, the second largest in history.

But the big increase in real growth was the Viet Nam war, and on that rested the economic decisions that will ultimately shape the economy for 1967.

 "How was I to know?" asks a Jackson, Mich., reader. "South held off until the third spade lead and discarded clubs from dummy. Then he ran off dummy's diamond suit. chucked a spade and South a heart. I let the three clubs go whereupon South made three club tricks and his contract." West really had no way to know in the ordinary bridge game but he should probably have hung onto all his clubs on the theory that South was trying to coax him to throw a club away.

In the expert bridge game West would have had no problem at all. That is if East were right up on his toes and not just

following suit and discarding. There is a general play known as the suit preference signal in which a low card shows a low suit and a high card a high suit. Expert East would play the low of spades at trick one. When that held he would continue with the king and the queen. This alone should have been enough to tell West that East held the ace of hearts and not the ace of clubs. East could have played the queen of spades before the king to show the club ace.

However, when it came time for East to discard on the fifth diamond—he could have really confirmed this heart ace! He would discard the nine of spades! This discard of the highest spade would confirm the previous suit preference signal and expert West would have had no problem.

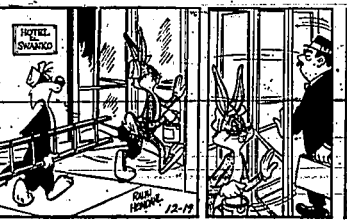

**CARD SENSE**

What do you do?

A—In spite of the fact that your partner has asked for spades, you should pass. You overbid when you jumped to three, no-trump. Apparently your partner has one spade, four hearts, five diamonds and three clubs and your king of spades will be worth very little at a slam contract but will be valuable in no-trump.

**TODAY'S QUESTION**  
 Instead of responding one diamond your partner responds one spade. What do you do now?
