TEIXEIRA DE SOUSA, Angola (AP)—More than 300 of a 500-man rebel force were killed Christmas Day when they crossed from the Congo into Angola's eastern border, Portuguese military authorities said today. Portugal closed the Angola-Congo border this month after rebels killed 25 soldiers in an ambush near the frontier. This town of fewer than 1,000 persons is a main stop on the British-owned Benguela railway over which the Congo exports more than 70 per cent of its copper. Portuguese authorities have threatened to halt the ore movement in reprisal for raids by rebels who hit and run back across the border.

Cuba Has Shock Troops Major Examination Of Great Society Programs Planned

By THEODORE A. EDIGER
MIAMI, Fla. (AP)—Recently created shock troops described by critics as similar to China's Red Guards are reported on the move in Cuba.

The units, officially called "Youth Technical Brigades," reportedly have the dual role of serving as technicians in industries and on farms and making certain the workers are good producers and good Communists. The official Havana newspaper, Granma, said some exiles, quoted Cuban Labor Confederation Secretary General Miguel Martin as describing the brigades as "a shock troop against indolence, disorganization and lack of discipline." Mario Fontela, secretary general of the Miami-based Democratic Revolutionary Labor Front, an anti-Castro labor organization, said brigade members wear blue shirts, work trousers and a holster with a revolver.

"Fidel (Castro) imitated the Chinese in forming the same type of groups as the Guards," Fontela said. "The functions are the same—overcome the rebellion of the work force." Castro said in a speech Monday night he would need more troops to fight the war there. Westmoreland said in ABC-TV's "Peter Jennings with the News" program that "the tide had turned in our favor during the year 1966." But he cautioned that the length of the war must be measured in years and that "more troops will be needed from our country and, hopefully, from the free world allies."

Father Shoots And Kills Girl Accidentally

GRiffin, Ga. (AP) — Denise Marie Sanders, 7, ran up to her father and said teasingly, "Shoot me, Daddy."

A few hours later she was dead. The gun her father had held was not a weapon loaded with blanks, as he had believed, but a similar gun, loaded with live ammunition.

Sheriff Dwayne Gilbert said the coroner ruled that the slaying was an accident, and no charges will be filed.

The holiday tragedy occurred Monday at the home of Chester Wright, where Mr. and Mrs. LeRoy Sanders of Griffin, and their daughter, Denise, were visiting.

Spalding County Deputy Sheriff Gray Pison said Wright had two 22-caliber pistols one loaded with cartridges and the other with blanks.

Sanders picked up the live ammunition weapon, thinking it was the one with blanks, the deputy said. The girl ran to her father and said, "Shoot me, Daddy," Pison related.

Wright, realizing that Sanders had the wrong gun, shouted and attempted to grab Sanders' arm, said Pison. But the gun discharged, the bullet hitting Denise in the chest.

The girl was taken to a hospital but efforts to save her were futile. She died a few hours after the shooting.

Criminologist Sees Careless American

WASHINGTON, (AP) — America's increasingly affluent society has produced the "Careless American" and made easy pickings for an overlooked, "norm" type of crook, a New York criminologist said today.

Michael Fooner, chairman of the metropolitan crime prevention project of the American Society of Criminology, offered the view in a report to the 132nd meeting of the American Association for the Advancement of Science.

He said that while it has always been assumed that poverty is a primary cause of crime, the facts are that crime is growing at an unprecedented rate in the United States where "prosperity has reached unprecedented heights, and poverty is decreasing."

There is growing evidence to suggest, Fooner said, that there is a pattern of criminality "that seems to correspond to affluence rather than poverty." Specifically, he indicated, the victims and potential victims have been lulled into carelessness as regards guarding their growing bounty—such as carrying a lot of cash negligently in a handbag or leaving keys in their automobile—and are increasingly offering temptation and opportunity to thieves.

Moreover, he said, most of the persons taking advantage of this appear to be a largely overlooked breed of seemingly normal citizens who themselves are motivated to crime by their own past experience "in substantially sharing the rewards of our national economic progress."

Burglary and thefts of various types constitute some 90 percent of all crime on the national index, Fooner said.

Pentagon Acknowledges Civilian Damage

By SEYMOUR M. HERSH
WASHINGTON (AP) — The Pentagon has acknowledged that civilian areas in North Vietnam have been damaged during U.S. air raids but declared that only military targets have been scheduled for attack.

The Defense Department statement said, in part: "It is impossible to avoid all damage to civilian areas, especially when the North Vietnamese deliberately employ their air defense sites, their dispersed POL—petroleum, oil and lubricants—sites, their radar and other military facilities in populated areas, and indeed sometimes on the roofs of government buildings."

Pentagon officials said the statement was issued in response to questions from the New York Times.

The U.S. statement emphasized that American "policy is to target North Vietnamese military targets only, particularly those which have a direct impact on the movement of men and supplies into South Vietnam."

These targets include roads, railroads, bridges, railroad junctions, POL facilities, military barracks and supply depots.

They also include those aircraft and SAM—surface-to-air-missile—sites which endanger the lives of American pilots.

The Air defenses surrounding Hanoi, the North Vietnamese capital, are considered by U.S. military men to be the most sophisticated ever faced by American fliers. Some pilots call Hanoi "Dodge City."

A New York Times story published Sunday and written from Hanoi by Harrison E. Salisbury, assistant managing editor, said that "on-the-spot inspection indicates that American bombing has been inflicting considerable civilian casualties in Hanoi and its environs for some time past."

U.S. intelligence experts credited the North Vietnamese with more than 70 SAM sites, most of them ringed about Hanoi, and thousands of antiaircraft batteries, many of them scattered throughout that city.

The Pentagon statement did not mention Hanoi, where Communists claim more than 100 civilians were killed or wounded by U.S. bombs falling inside the city limits Dec. 13-14.

Pentagon officials Dec. 15 denied these charges.

Bombings

WASHINGTON (AP)—Twelve church leaders have written President Johnson that U.S. bombings "in or near Hanoi" have sabotaged chances for a longer cease-fire to get peace negotiations started.

"Worst of all, Mr. President," said their letter, "is the fact that the actions of your own government now clearly appear to contradict your own words as its chief spokesman.

"How can your call for negotiations and a peaceful settlement be taken seriously when the U.S. forces in Vietnam continue their actions at a time like this?"

The churchmen, representing various faiths, urged that the United States "on its own initiative act for peace without requiring any prior commitment or act by its adversaries and thus prove our sincerity beyond a doubt."

Man Charged With Slaying 3 Teen-Agers

BIRMINGHAM, Ala. (AP)—The bodies of three teen-age boys — two brothers and their friend — have been found by police in a holiday camp near their homes in three counts of murder.

Vaughn Murphy, 15, his brother, Steve, 13, and Will Blinn, 14, all of nearby Homewood, were last seen Christmas Night as they went to purchase supplies for a holiday camp trip. Their bodies were found Monday.

Shelby County Sheriff C.P. Walker said David McCarter Jr., 25, also of Homewood, had been charged with three counts of murder in connection with the deaths.

Authorities, who had said earlier the boys apparently were slain by a sex addict, were non-committal about the arrest.

"It's too early to release anything concerning the findings — anything would be studied closely and at length before we would be sure of our facts," said State Toxicologist Robert Johnson said following his post-mortem examination.

Witnesses said the youths had severe head injuries. Sheriff Walker said it appeared the three were killed in another location — their bodies dumped from a vehicle.

Investigators said McCarter was arrested at his home in Homewood a few blocks from where the three boys lived. He was convicted recently in Jefferson County Court on morals charge and fined \$250, authorities said.

State Of Alabama Will Soon Have Two Governors For Price Of One

By REX THOMAS
MONTGOMERY, Ala. (AP)—In just 29 days, the State of Alabama will have two governors for the price of one — give or take a dollar.

Gov.-elect Lurleen Wallace insists on it. On Jan. 16, she succeeds her husband, George, in the \$25,000-a-year job as the state's chief executive.

But from then on, he'll be at her right hand, her No. 1 adviser, a promise she made to the voters in her whirlwind campaign.

"I'm going to be at the capital fulltime," Mrs. Wallace said, relaxing behind a desk piled high with mail from well-wishers. "I'm going to be active, but the governor (that's the way she expects her husband to be addressed when he leaves office) will be there with me. We'll be together."

So far there's no provision for payment of a gubernatorial adviser, but she has half-jokingly called him a "dollar-a-year man." And if the state doesn't pay it, perhaps she will.

A 40-year-old mother of four, Mrs. Wallace has never been a stickler for formality or protocol. But she is dealing with the fact that she will be working with a former governor, and he is her husband. That presents some problems.

How do you address her? "It is the Honorable Gov. Lurleen B. Wallace, if you want to be real strict and stick to protocol," the governor-elect volunteered. "During my administration, however, everything official will be Lurleen B. Wallace."

If you want to get her dander up, try referring to them as "If There Was One . . ."

Just Dial 733-0931

By HENRY S. BRADSHAW

WASHINGTON (AP) — Buel Ray Wortham Jr. is physically tough. He seems to be emotionally hardened.

These are the two qualities most needed to get through a three-year sentence in a Soviet labor camp.

The last American to be sent to a Soviet labor camp, Newcomb Holt, died mysteriously en route on a prison train. He and Wortham are entirely different types of people.

Wortham, a 25-year-old former U.S. Army officer from North Little Rock, Ark., is now sitting in a tiny, solitary cell in Leningrad prison awaiting action on an appeal.

He was sentenced Wednesday to three years for changing illegally three times with Soviet black marketeers and stealing a 200-ruble (\$333.33) statue of a bear from a Leningrad hotel.

Appeals of other foreigners convicted here in recent years have been rejected, creating little hope of success for Wortham's appeal. He will be eligible for parole after serving half the sentence, on April 1, 1968.

There is a possibility a general amnesty will be granted on the 50th anniversary of the Bolshevik Revolution, such as the one in 1957 for the 40th anniversary. If this comes, it would mean Wortham's release next November after 13 months.

Wortham has been a hunter and fisherman since his childhood days in Arkansas. He played football and he helped to

pay his way through college doing construction work.

In the Army his primary job was flying a small observation plane. He also volunteered for paratroop training and made a number of jumps in West Germany and in Scotland.

A lean, hard man, Wortham did pushups and other exercises every morning on the European car trip that he was taking with Graddock M. Gilmour Jr., when Soviet border police arrested him. Gilmour was fined \$1,000 (\$1,111) for driving over a speed violation and allowed to leave the Soviet Union.

The plane had a normal landing Monday and all passengers and seven crewmen aboard the Delta Air Lines flight escaped injury. The DC-8 jet was en route from Detroit, Mich., to Tampa, Fla., with a stop in Atlanta.

A Delta spokesman said the landing gear light indicated the gear was not down and locked. He said the pilot, Capt. Jack McMahon of Atlanta, flew by the tower to have the gear checked visually, then made a brief touchdown to make certain the gear was solidly locked.

The fire department spread foam on the 4,000-foot runway while the plane circled again. The landing was normal.

Foam-Covered Runway Helps Airliner Land

ATLANTA, Ga. (AP) — A jet airplane with 128 passengers aboard made a safe landing on a foam-covered runway after circling for nearly two hours when a signal light indicated the landing gear had malfunctioned.

The plane had a normal landing Monday and all passengers and seven crewmen aboard the Delta Air Lines flight escaped injury. The DC-8 jet was en route from Detroit, Mich., to Tampa, Fla., with a stop in Atlanta.

INQUEST SET
NAMP, Idaho (AP) — A coroner's inquest was scheduled for Thursday in connection with the fatal shooting of Felancia de Luna, 40, whose body was found Sunday night in a Nampa residence.

A 40-year-old Nampa man was being questioned, according to Police Chief Buster Baker, but said the Luna's body was found in the home of Pablo Banuelos.

Baker said an autopsy Monday showed de Luna was shot in the chest between 9 and 9:30 p.m. Sunday.

A neighbor notified the police of the shooting, Baker said.

SAMUELSON WORKS

BOISE (AP) — Gov. elect Don Samuelson sets to work this week on the final draft of his State of the State Message—his recommendations to the 1967 legislature—with no advance word on what they include.

Samuelson is to deliver the message to a joint legislative session "next Monday," shortly after his inauguration.

He probably will announce no further department head appointments until after the legislature convenes, Dick Hughes, a Samuelson aide, said Tuesday.

"What we're concentrating on this week is the legislative end of this thing," Hughes said.

"The legislature just won't wait."

Cardinal Is Accused Of Contradiction

MOSCOW (AP) — Communist commentators are leveling heavy barages at Francis Cardinal Spellman, accusing him of contradicting the words of Pope Paul VI by the statement he has been making to U.S. troops in South Vietnam.

Cardinal Spellman, the Roman Catholic primate of the U.S. armed forces and archbishop of New York, was traveling in South Vietnam today and could not be reached for comment on the accusations.

A taped recording of the cardinal's sermon at a Mass at Tan Son Nhut airbase near Saigon Saturday called the Vietnam conflict a "war for civilization."

"We do hope and pray," the sermon continued, "through the valor, the dedication, the service of our men and women of our armed forces, we shall soon have the victory for which all of us in Vietnam and all over the world are praying and hoping."

For less than victory is inconceivable.

The Soviet government paper Izvestia said Monday the cardinal was neglecting the Biblical commandment, "Thou shalt not kill." It added that "militant sermons" by the cardinal to U.S. troops were "in sharp dissonance with recent statements of Pope Paul VI, who appealed for an end to the bloody killing."

In the same tone, Communist North Vietnam followed up to day with an attack on the cardinal, calling him "a reactionary."

"We do hope and pray," the cardinal said, "through the valor, the dedication, the service of our men and women of our armed forces, we shall soon have the victory for which all of us in Vietnam and all over the world are praying and hoping."

DEAR ABBY: What is your opinion of a young-mother who would rather go to work than stay home and take care of her 6-year-old son? I think it's terrible the way she drops the child off at a nursery every morning. Just like you would put a dog in a kennel. She doesn't have to work as her husband makes good money.

And do you think a husband who really loved his wife would let her go out to work? Your opinion of such people will be appreciated. Don't reveal the town, this letter is from, and please sign it.

"A FRIEND"

DEAR FRIEND: My opinion of a "friend" who appears to be inordinately concerned with somebody else's business is what comes to my mind at the moment. Would you like it?

DEAR ABBY: A little over 5 months ago my wife passed away after 42 years of married life. It was a very happy marriage in heart and mind. She had gone to work and I was left alone. I will know that what follows indicates no lack of love or respect for her.

Recently I have been seeing a neighbor. I have taken her out for dinner a few times. She is single, and I have known her for many years. She is 60 and I am 64, but we could both pass for much younger as we are young in heart and mind. She has gone with me reluctantly because she is sensitive about what people might say. She thinks it is too soon for me to be taking anyone out.

To be honest, we are in love. Naturally, I wouldn't consider marriage a full year has passed, but is there anything wrong with our seeing each other and making plans?

MR. X: Dear Mr. X: No. Providing you aren't silly about it and go out kicking up your heels in the bright lights.

DEAR ABBY: You might think this a stupid question, but we have been discussing it for a long time and would like an answer. When a girl bends her leg at the knee while being kissed, what meaning is she trying to put across?

You see it in the movies and on TV quite often. We have heard many different versions.

3 Photographers Saved From Peak

ESTES PARK, Colo. (AP) — Three stranded Boulder, Colo., photographers were rescued from 14,235-foot Longs Peak, south of here, Monday just before a blizzard pounded—the mountain.

The three — Gerald Brown, 17, John Squires, 15, and Bill Pruttkin, 15 — spent a day and a night on the mountain in sub-zero cold.

They had traveled to the area Sunday in hopes of photographing two other men who were scheduled to climb the sheer, 1,000-foot-east-face of Longs Peak.

The climb was postponed because of poor weather.

How You May Never Take a Laxative Again!

New Miracle Regulator Keeps Waste Soft—So Bowels Move Naturally

New York, N.Y. (Special) — After 12 years' research, scientists have discovered a wonder-working substance that corrects constipation entirely without laxative.

Substances that most constipation occurs when waste loses moisture in the colon—becomes dry, hard, difficult to move. To give relief, laxatives have to force action by flushing, irritating or distending the intestine.

The new miracle substance—known medically as dicyclo-silium sulfonate—works in a completely different way. It is not a laxative! It simply makes natural moisture in the colon moist and softens dry, hard waste more effectively. Then normal elimination follows naturally. Thus by working only on waste, not on you, the substance corrects constipation and restores regularity as no laxative can.

This new discovery has now been made available at drugstores under the name Regulator. It is safe—no habit-forming. No warning on the label—no prescription needed. Try Regulator—discover for yourself that you may never need to take a laxative again!

Linda Larsen, Dombeck Repeat Nuptial Vows.

HANSEN—Linda Lee Larsen, daughter of Mrs. C. W. Hansen, Hansen, and David A. Dombeck, son of Mr. and Mrs. Raymond Dombeck, Paul, were united in marriage in Twin Falls in the First Christian Church, Kimberly.

Rev. Howard Larsen officiated at the double-ring ceremony. The rostrum was decorated with baskets filled with pink gladioli and white pompano chrysanthemums and candelabra with pink and white tapers.

The bride, escorted by her grandfather, Lars Peter Larsen, wore a floor-length Bridal Original gown of white Chantilly lace, fashioned with a sabrina neckline accented with seed pearls and sequins. The skirt was styled in tiers of lace flounces flowing into a chapel train.

Her veil was an elbow-length mantilla; the front edged in a panel of Allencox lace applique. A tiny queen's crown etched with pearls and crystal beads gave it a chapel effect.

She carried a colonial bouquet of white Starburst chrysanthemums surrounded by pink Brier-cliff roses with a cascade of pink velvet foliage and lilies of the valley.

Lina Shurver, Jerome, classmate of the bride, was maid of honor. Sandra Brown and Melody Brown, cousins of the bride, were bridesmaids. Karen Denny and Calvin Johnson, cousin of the bride, were candlelighters. Julie Brown and Roxanna Johnson, cousins of the bride, were flower girls. They carried baskets filled with red roses. Brent Loozil, cousin of the bridegroom, was the ringbearer.

Dennis Loozil, cousin of the bridegroom, was best man. Ushers were Douglas Larsen, brother of the bride, Eddie Lineard and Malcolm Johnson. Mrs. Douglas Gee was the organist and Rev. Howard Larsen was soloist.

The three-tiered wedding cake, designed with lattice hearts and pink and white roses and topped with a miniature bride and groom, centered the bride's table. A white satin cloth with a floor-length organly skirt covered the table. Pink bows accented the skirt front.

Mrs. June McCarty, aunt of the bride, and Mrs. Sterling Johnson, Rupert, cut and served the cake. Mrs. Birche Brown served punch and Mrs. Lloyd Johnson poured coffee. Both are aunts of the bride. Mrs. Radford Walker, Mrs. Hal Hill, Mrs. Gene Johnson, Mrs. Larry Priest and Mrs. Ogle Wall also assisted at the reception.

Guests were registered by Mrs. Monte Jenkins. Pocuttello, cousin of the bride, was the bride's mother. Gifts were arranged by Ruth Ann Sanders, Nida Oberberry and Donita Libbrecht, schoolmates of the bride.

Giftbearers were Anna Louise Summers, Leslie Ann Summers and Rocky Johnson.

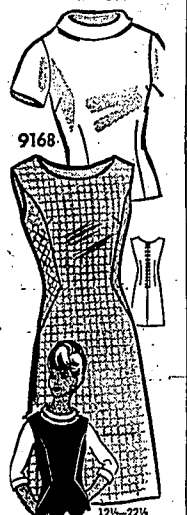

The couple took a wedding trip to Salt Lake City.

The bride's mother hosted members of the wedding party at a dinner on the evening of the rehearsal.

Printed Fabric—Is Big News In Fashions

BY HELEN JENNESS

NEW YORK — (NEA) — Printed fabrics are the biggest fashion news to come down the pike for winter cruise, resort and even the spring season.

For cruise, Hawaiian fashions and splashy prints are making the scene in a big way. Their bright colors are at home anywhere under the sun. And with the current noncrushable, easy-care printed fabrics, you can have a complete cruise wardrobe without breaking the budget.

If you plan carefully and choose things that will wash and drip-dry, you won't need the family trunk to hold your vacation clothes. Either there will be no need to pack as though you were off on an around-the-world jaunt.

Get wild prints. Since holiday shifts in cotton jersey or blends will do the trick. And for sightseeing you will find a printed, sleeveless waistcoat and wide-legged pajamas a good bet.

Italy Prepares to Knock Out Props From Latin Husband

By JAMES M. LONG
ROME (AP)—Italy's government is preparing the final touches on a new law to knock the props out from under the Latin husband as lord and master of his home.
The law, changing Italy's ancient code on family rights, would:
Jail the adulterous husband as well as the wayward wife;
Abolish the dowry custom as undignified;
Allow the wife to keep her maiden name instead of using her husband's;
Give the wife a say, for the first time, in where the family will live;
Give her equal rights to wealth or property the family acquires during marriage and let her keep as her own what ever she had before marrying.
This is the greatest change in the status of women since Italy's constitution guaranteed them equal rights 20 years ago. Even with the constitution guaranteeing equal rights, little had changed. The law of the equality spelled out in the new law.
Premier Aldo Moro's cabinet has agreed to submit the law to Parliament with government backing.
One question to be worked out is the exact phrasing of the change in civil code that would allow an adulterous husband to be sent to prison. Previously only wives could be jailed for adultery.
The new law calls the dowry a custom which lowers the dignity of the bride. Under the law, property or gifts which the wife brings to marriage would remain her personal possession and not become the husband's as in the past.
Although the law says the goods and property which the family acquired during marriage become common property, it specifies that the husband or wife retains as his or her own any wealth or goods possessed before marriage. Now the wife's goods came under her husband's control.
Previously a husband could obtain legal separation for fault of the wife if she refused to follow him wherever he chose to live. She would be permitted to refuse if she had any legitimate objection to moving there.

Post Office Corner Filled With Parcels

DETROIT (AP)—A bottle of 59-cent wine, with a card: "Here you go, Charlie."
A punching bag with a note: "To the champ."
And above them, a sign: "Heartbreak Corner."
The corner is in the Detroit Post Office and it is jammed today with wayward dreams, Christmas presents that didn't get there.
Most of this comes from carelessness," said Supt. C.R. Slongo, who heads the claims and inquiry section of the Detroit office. "If only people would put an address slip inside their packages as well as outside."
The packages lacked outside addresses or the outside addresses were lost, or the packages were misdirected or came unwrapped completely.
"Of course, some of the mistakes are ours," Slongo said. "But we do our best to prove we're not a bunch of heartless bureaucrats."
He said the office puts 10 extra employees on duty to help the "detective division."
They check labels, trade names, serial numbers, post marks and anything else that might provide a clue as to where the package was intended, or to whom it should be returned.
About 80 per cent of the time, the unaddressed or misaddressed packages eventually are delivered or returned to the sender.

Solon Plans Bill To Cure Air Pollution

NEW YORK (AP)—Rep. Benjamin S. Rosenthal, D-N.Y., said today he would introduce a bill in Congress to establish a nationally coordinated program of air pollution control.
He said in a statement that the bill would transfer from local and state agencies to the federal government final responsibility for enforcement of pollution-emission standards.
Rosenthal said his bill would empower the secretary of health, education and welfare to establish an interstate system of regions on which to impose improved air pollution control, set appropriate emission standards through the courts compliance with these standards by the appropriate local, state or interstate air pollution agencies.

Liu Is Denounced By Red Guards

TOKYO (AP)—A rally of 100,000 Red Guards in Peking denounced President Liu Shao-chi and party General Secretary Teng Hsiao-ping today as leaders of the "bourgeois reactionary line," Japanese correspondents reported from the Chinese capital.
The Yugoslav news agency Tanjug reported from Peking Monday that Liu and Teng were the highest targets of the purge led by Mao and his heir apparent, Defense Minister Lin Biao.

Soviet Agriculture Makes Records In Several Areas

MOSCOW (AP)—Soviet agriculture made records in several areas in 1966, farmers in the production of foodstuffs and concentrated feedstuffs increased more sharply than ever before under Communism.
A commentator for Tass, Ivan Artemov, claimed this today in an assessment of the Soviet agricultural situation, noting problems as well as achievements.
He attributed the achievements to policies of the Soviet Communist party, with no mention of the year's good weather.
"An all-time high in production of grain, meat, milk, eggs, cotton, sugar beets and fruit," the income of the average Es-

tonian collective farm family has equaled that of a skilled factory or office worker."
The factory and office average for the country is \$108.22 a month.
Artemov said Soviet agriculture had developed dynamically this year but was still short of its potential. He noted that animal husbandry did not meet demand and the problem of mechanizing it "has not yet been solved, by far. There is still a shortage of good facilities for cattle, and the industry processing farm products, notably milk and meat, is still lagging."
Raising soil fertility also remains a vast problem, Artemov said.

Mrs. Gandhi Averts Fire Suicides Of 6

AMRITSAR, India (AP)—A last-minute agreement by Prime Minister Indira Gandhi averted the suicides by fire Monday of six Sikhs, ended the 10-day fast of Sikh leader Sant Fateh Singh and removed a grave threat of communal violence.

Fateh Singh sipped orange juice offered by Hukam Singh, Mrs. Gandhi's emissary, after they conferred on Sikh state of Punjab.

"Everything has been amicably settled," Fateh Singh said. Hukam Singh, speaker of the lower house of Parliament and a Sikh, came to this walled city in northwestern India only two hours before the Sikhs planned to set themselves afire. The six waited nearby as the talks went on past the deadline.

Fateh Singh had threatened to burn himself today.

Mrs. Gandhi agreed to arbitrate the disposition of Chandigarh, now the capital of both Punjab and the adjacent northeastern state of Haryana. Both states were formed from the old state of Punjab. The Sikhs want Chandigarh all to themselves.

North Jumps Into 20-0 Lead, Rolls Over South 27-14 In All-Star Game

MIAMI, Fla. (AP) — A rugged North team rolled to a 20-point halftime lead, then coasted behind a stout defense Monday to a 27-14 victory over the South in the college all-star game. Carroll Williams, record breaking passer from Xavier University of Ohio, directed the Yankees to their seventh victory in the series against 11 defeats and a tie. St. John's Enters College Rankings

Associated Press Sports Writer
NEW YORK (AP) — The nation's top four teams, led by the UCLA powerhouse, moved serenely through another week without change while St. John's of New York provided the big shakeup in the weekly college basketball ratings. The unbeaten Redmen flayed Kansas, then ranked No. 9, 68-44 in a major upset last week. The performance so impressed the nationwide panel of sports writers and broadcasters voting in The Associated Press weekly poll that St. John's came from out of the pack to the No. 8 position.

Kansas dropped out of the Top Ten. UCLA, sparked by sophomore phenom Lew Alcindor, won two more games last week and remained in the No. 1 position it held all season. The Bruins were 50 through games of last Saturday and the last games on which the poll is based — and came within one vote of again being a unanimous choice. Coach Johnny Wooden's untouchables held first on the points of 21. St. John's, voting on the holiday weekend and gained 31 points on the basis of 10 for a first place vote, nine for second, and so on. Louisville, which beat St. Louis and LaSalle last week, moved second while North Carolina and defending national champion Texas Western held third and fourth spots, respectively.

North Carolina, which scored over Columbia and Florida State last week and held 22nd place, moved up to 11th. Texas Western, 74-41, beat Wichita in its only game last week. Michigan State, No. 5 a week ago, suffered a 74-70 upset at the hands of Northern Iowa and dropped to 10th. Texas Western, sixth a week ago, won two more games and moved up to the No. 5 spot. Houston, which won over Washington in its only outing of the week, vaulted from eighth to sixth. Cincinnati scored two more victories and held the No. 7 position with a 74-67 win. Vanderbilt moved up one notch to ninth after beating Florida and Northwestern. The Top Ten, then, place votes in parentheses, season records and points on a 10-20-30-40 basis:

- 1. UCLA (31) 50 319
- 2. Louisville 60 272
- 3. North Carolina (1) 70 248
- 4. Texas Western 71 244
- 5. New Mexico 71 134
- 6. Houston 81 116
- 7. Cincinnati 70 89
- 8. St. John's N.Y. 81 65
- 9. Vanderbilt 61 65
- 10. Michigan State 51 53

Perkins Proves Doctors' Wrong With Hard Work

By BEN THOMAS
Associated Press Sports Writer
NEW ORLEANS, La. (AP) — When Ray Perkins suffered a head injury in spring practice as a freshman football player at Alabama in 1963, doctors said the Petal, Miss., youth would never play again. Ray was determined that he would play. A plate was inserted in his skull to protect the spot where he received a concussion. Then Perkins began working out on his own. At the start of the 1964 season, he asked Coach Paul (Bear) Bryant to let him play. Perkins checked with the doctors, and they gave Perkins permission. Now Perkins is an All-American end-and-will play Alabama into the Sugar Bowl game here next Monday against once-beat-of-Vanderbilt. The 24-year-old Perkins, drafted as a redshirt future a year ago before the two profes-

sional football leagues decided to merge, is likely to attract spirited bidding between the National Football League, the American Football League and the AFL-Boston Patriots, too.

The fleet Perkins — he is lettered for the Red Elephants in track last spring — Bryant's top receiver during Alabama's undefeated regular season. He has led 33 passes for 490 yards and seven touchdowns.

In the 1965 Orange Bowl, which matched the 1967 Sugar Bowl teams, Perkins grabbed a record nine passes for 158, all in the first half. The Crimson Tide whipped the Cougars 39-28 in that postseason thriller. A sellout crowd of 82,000 will see Perkins and Alabama clash here next Monday night in the Sugar Bowl. The game, which begins at 12 noon, EST, will be televised by NBC but will be blacked out in the New Orleans area.

SMU Coach Views Movies Of Georgia

DALLAS, Tex. (AP) — Being an old movie fan, Hayden Fry, coach of Southern Methodist University's football team, is appreciative of the excellent photography in films of Georgia Tech.

They not only are artistic successes, but also are most informative to the coach. Fry's formation makes him perhaps slightly ill. "Georgia has the best football I have seen this year," he said of Southern Methodist's Cotton Bowl opponent here Saturday.

"It is as balanced as any I ever have seen," Fry has viewed films of all 10 of Georgia's games, of which the Bulldogs won nine and lost a chance for the other against Miami when a bad snap from center prevented a field goal try. He also had the benefit of Assistant Coach Curtis' scout-

ing the Georgia-Georgia Tech game. The Southern Methodist coach said Georgia definitely should win. "We have to play our best game of the year to win."

But Fry, thinking of the many comebacks made by his own team in the recent Southwest Conference, said he was not ready to concede the game to Georgia.

The pro tour next month. Perkins is the son of seven U.S. Davis Cup teams, is ranked No. 1 in the United States by the Associated Press, and fifth in the world by the International Lawn Tennis Federation.

76ers Set Home Court Win Record

PHILADELPHIA (AP) — The Philadelphia 76ers established a National Basketball Association home court consecutive victory record Monday night by defeating the Cincinnati Royals 134-119 with Walt Chamberlain and Hal Greer scoring 73 points between them.

This was the 30th straight regular season home victory for Philadelphia — 14 last year and 16 this season, breaking the old record of 25 set by Minneapolis in the 1949-50 season.

Sparkling defensive play on both sides led to selection of two defensive tackles, Eugene Trosch of Miami and Duranko, as the game's most valuable players.

Mexico Plans Bigger Little Olympics

MEXICO CITY (AP) — Mexico plans a bigger and better Little Olympics in 1967 to serve as a dress rehearsal for the 1968 Olympic Games.

For the past two years there have been international Olympic-style competitions in Mexico City during the month of October. Their success was limited. But Mexican Olympic Organizing Committee officials say 1967 will be different.

The first two events were arranged by the Mexican Olympic Committee and the Mexican Sports Federation at the request of several countries to test the city's 7,541-foot altitude.

Mexico complied, with the hope of putting an end to the controversy over athletic competition in thin air and to give officials here experience at organizing international meets.

In 1967, the pre-Olympic competition will be under the patronage of the Mexican Olympic Organizing Committee and the International Olympic Committee.

The Little Olympics proved their worth in one way. They put to rest, at least for a few years, the altitude controversy. Scores of doctors and other 500 foreign athletes who participated last year. They made all sorts of studies — including wiring some competitors for hours to monitor heart action and stress — on high altitude competition.

The consensus was that any well-conditioned athlete who trains at a similar altitude for three weeks can compete in Mexico City with no physical danger.

Chiefs Prepared For All Weather

KANSAS CITY (AP) — Coach Hank Stram of the Kansas City Chiefs said Monday his team will be prepared to cope with all kinds of weather in the American Football League championship game at Buffalo.

Stram believes the Chiefs are versatile enough to meet any situation presented by either the weather or the Buffalo Bills next Sunday.

Contrary to what most football fans think, Stram said "a slippery field favors the passing game."

Komives, Knicks Defeat Pistons

DETROIT (AP) — A hot final period by Howard Komives enabled the New York Knicks to defeat Detroit 114-109 Monday night.

Komives drilled 17 of his 29 points in the closing 15 minutes to push the Knicks in front by as many as six points after the teams had fought on even terms for three quarters.

The score had been tied 17 times before Dave Stallworth hit a basket that gave New York an 88-88 edge going into the last period.

U.S., Aussie Net Policy Is Explained

MELBOURNE, Australia (AP) — A U.S. tennis official explained to Australian newsmen Monday financial arrangements under which Australian and American teams make tours of each other's country.

Some Australian officials were unhappy because top American players did not arrive in time for the first two tournaments of the Australian circuit — the Queensland and New South Wales championships.

There was talk that Australia should reduce the minimum guarantee of \$10,000 toward their expenses.

"There is no dispute between the two national associations," said the president of the U.S. Lawn Tennis Association Martin Tresselt.

Tresselt said that on a tour of Australia a year ago the U.S. association suffered out of pocket expenses of \$7,580 — it received \$14,784 from the Australians and the trip cost \$22,564.

He said that on a reciprocal tour of the United States the Australian team received \$27,300 or so and "I suspect you came out of the United States with a few bucks in your pocket."

He explained the \$27,300 included an estimated \$6,000 worth of hospitality in the United States. Australian players spend most of their time as guests in private houses. Australia, the Americans live in hotels.

Cotton Bowl To Test Talents Of 2 Quarterbacks

DALLAS (AP) — A couple of quarterbacks who would rather run than pass, and do well at both, head up the opposing teams in the Cotton Bowl football game Saturday. Kirby Moore, the man in charge for Georgia, and Mac White, leader of Southern Methodist's gridiron forces, have similar records.

East Can Expect West Surprises

SAN FRANCISCO (AP) — It seems as if the West will pull the surprises for the 42nd San Francisco Shrine football game Saturday.

Coach John Ralston of Stanford was given two top passing quarterbacks for the West squad—Don Horn of San Diego State and Tim VanGilder of Iowa State.

But so far Stanford's Dave Lewis has been calling most of the signals in practice. This is interesting because Lewis had been removed from the quarterback position and placed at halfback for most of the past season by Ralston. Lewis, who is listed as a halfback on the West roster, finished for Stanford at quarterback, however.

That isn't all the news down at the Stanford training camp where the West continued work today. Idaho fullback Ray McDonald, considered one of the top running backs in the nation, has been playing defensive end.

That's because All-America Tom Greenlee of Washington pulled a muscle Saturday in practice and Lloyd Phillips, the other All-America end from Arkansas, hasn't arrived yet. McDonald weighs more than 260 pounds.

Redmen Are Upset In Hoop Meet

NEW YORK (AP) — Dan Davis last second field goal and free throw boosted Northwestern to a 62-50 victory over St. John's, N.Y., Monday in the opening round of the Holiday Festival Basketball Tournament.

In an evening encounter, St. Joseph's, Pa., edged Brigham Young 67-61.

Bart Stephenson poured in 40 points as Rhode Island crushed St. Bonaventure 109-79 in the second game.

Northwestern, the highest scoring team in the country, never led in the game until Jim Burns put the Wildcats ahead 59-58 on a layup with 61 seconds to play. But the Wildcats fell behind again as St. John's Sonny Dove converted two free throws with 23 seconds left.

Northwestern took the ball but couldn't get anyone open for a shot. Then, with just a few seconds remaining, Terry Gamber took a desperate jump shot that bounced off the rim.

Davis, who had come into the game for the first time 3 1/2 minutes before, leaped high, grabbed the ball and put it in for a one-point Northwestern lead.

He was fouled on the play and added the free throw.

Burns and Mike Weaver finished with 15 points each for Northwestern, while Dove had 20 for the Redmen.

OUTNUMBERED AND OUTDANCED, Brigham Young's Jim Jimas (25) goes after a loose ball in the first half of the 1966-67 Holiday Festival Basketball Tournament, but finds himself surrounded. At left is St. Joseph's William DeAngelis (12), and at right is Harry Gardler (22). The Cougars lost 67-61 in the opening round of the tourney in Madison Square Garden Monday night. (AP wirephoto)

The 182-pound Moore has hit the line 130 times for 469 yards and five touchdowns. He also has done much of the punting, averaging 37 yards on 27 booms.

White has handled the ball 218 times for 1,131 yards and 12 touchdowns, averaging 5.2 yards per touch.

The 173-pounder has rammed into the line 135 times for 696 yards and six touchdowns. He tried 24 rushes against Texas A&M and had his most net yards carrying the ball against Rice, with 141, both highs for Southern Methodist.

White has passed 81 times and completed 37 for 525 yards and six touchdowns.

Moore passed for a touchdown and ran 19 yards to set up the winning field goal in a 20-17 victory over Mississippi State; ran 29 yards for a touchdown and passed 16 for another in a 4-7 trouncing of VMI; scored the only touchdown as Georgia beat South Carolina 7-0; punted 47 scored himself and passed for a touchdown in a 22-15 triumph over Kentucky.

White made 45 of 55 yards in a touchdown drive, passed for a touchdown and ran for another as Southern Methodist beat Illinois 26-7; passed for a touchdown and scored a touchdown drive in a 21-3 triumph over Navy; got a touchdown with his patented rollout as SMU lost 45-23 to Purdue; led a 74-yard touchdown drive and passed for the two points, moved the team 90 yards climaxed with a knee down pass that won over Rice 22-24.

Vols, Minus One, Begin Bowl Drills

JACKSONVILLE, Fla. (AP) — Tennessee minus one arrived Monday afternoon for the Vol's final week of practice before the Sugar Bowl football game against Syracuse Saturday.

The missing one is Ron Widby, the nation's leading punter and a vital cog on Tennessee's basketball team. Basketball, in the form of the Sugar Bowl Tournament at New Orleans, is claiming Widby's attention through Friday night.

A private plane is scheduled to fly him here in time for the football game at noon Saturday.

Widby's basketball teammates also plan to fly here, by commercial plane to cheer for the football Vols.

Syracuse, chased south earlier by cold New York weather, has been at St. Augustine, 39 miles south of Jacksonville for a week.

Tennessee worked out in Knoxville several days before taking a brief Christmas break.

India Keeps Davis Cup Hopes Alive In Doubles

MELBOURNE, Australia (AP) — India is back to the wall after two straight singles losses, kept its Davis Cup hopes alive Monday with an amazing doubles victory over heavily favored Australia.

The Indian team of Ramanathan Krishnan and Jaideep Mukerjee dropped the first set 4-6 but then roared from behind, whipping Tony Roche and John Newcombe 7-5, 6-4, 6-4.

That left Australia holding a 2-1 lead in the best-of-five series for amateur tennis' top prize. The final two singles matches Wednesday will decide the Cup. It took Fred Stolle and Roy Emerson 75 minutes each to race through the singles matches before a near capacity crowd of 11,288.

Stolle, at the top of his game and hitting with tremendous power, scored 12 service aces in routing Krishnan in the first match, 6-3, 6-2, 6-4. Emerson then trounced the nervous and inexperienced Mukerjee, 7-5, 6-2, 6-4.

India's slim hopes vanished with Stolle's devastating victory.

Celts Overpower Lakers 121-106

BOSTON (AP) — The Boston Celtics overpowered Los Angeles in a first half blitz triggered by K. C. Jones and John Havlicek Monday night and breezed to a 121-106 National Basketball Association victory over the Lakers.

The Celtics stormed to a 60-41 halftime lead as the Lakers were caught unusually cold, and Boston was in command the rest of the way en route to its 25th victory in 32 starts.

ry, Krishnan had to win his two singles matches to give India making her first appearance in the Challenge Round, a ghost of a chance against the talented and experienced Australians.

On Wednesday, Emerson will meet Krishnan in the first match and Stolle will take on Mukerjee in the second. By then the singles were expected to be mere formalities in the best-of-five competition.

Australia has won the Cup six times in the last seven years and 13 times in the last 16 years. The Aussies lost the Cup to the United States in 1953, regained it in 1961, and beat Spain 4-1 last year.

Bryant Says Huskers Have Advantage

NEW ORLEANS, La. (AP) — The Bear says he figures Nebraska will have a decided psychological advantage in the 1967 Sugar Bowl classic.

"Nebraska," says The Bear, Paul Bryant, Alabama football coach, "is stronger defensively than a year ago and larger than a year ago — if that's possible."

A year ago, Bryant's Red Elephants from "Bama" defeated the Big Red from Nebraska 39-28 in the Orange Bowl.

They are matched again for the 1967 Sugar Bowl Jan. 2. Bryant's players came to town Sunday night amidst cacophony and bedlam. A Dixieland band met the 67-man traveling squad at New Orleans International Airport.

Alabama wound up the regular season as the only unbeaten major college team.

The Nebraska team is training at Brownsville, Tex., and is due here Tuesday.

Alabama took a brief break for the holidays and resumed drills Monday.
