Charges Filed In Loan Case

By The Associated Press
Ada County Prosecutor Wayne Kidwell said Wednesday he expected more developments within the "next few days" regarding criminal charges filed against a former Pocatello manager of the closed Idaho Savings and Loan Association.
Kidwell said he expected a grand jury investigation would be requested within 50 days in connection with the association's July 6 closing.
Edward A. Garrett was charged with obtaining money under false pretenses by a former FBI agent investigating the association's operations.
The prosecutor said the complaint filed in Pocatello against Garrett charged the defendant on or about Jan. 1964, did represent to Herman A. Dietrich, Chelan, Wash., that all savings accounts in Idaho Savings and Loan were insured up to \$20,000 by the American Savings Insurance Co. of Jackson, Miss.
Dietrich deposited \$16,000 in the association, the complaint alleged, and allegedly deceived and defrauded by false representations.
Idaho Savings was neither federally insured, said Kidwell, nor insured for \$20,000 per account by the American Savings Insurance Co.
The firm closed its doors and turned its operations over to the state July 6 after directors found they could not meet all their financial obligations.

Rep. Powell Sees Opposition As Conspiracy Against U.S. Negro

WASHINGTON (AP)—Rep. Adam Clayton Powell charges the attempt to remove him as chairman of the House Education and Labor Committee is a political conspiracy aimed at U.S. Negroes. From his island retreat in the Bahamas, the Harlem Democrat issued a statement Wednesday night blistering his attackers and promising an all-out fight to retain his chairmanship. "A political conspiracy of enormous dimensions has not only been mounted against Adam Clayton Powell, but against black political leadership, black people and black progress," he said.

Hopper Says He Was Asked To Resign

BOISE (AP) — Gov. Don Samuelson announced Wednesday he had accepted the resignation of E. R. Hopper, who resigned effective Jan. 15. Hopper said he was asked to resign. "A statement released by his office, Samuelson said Hopper will leave the post he has held for nearly eight years and will receive a full commendation from the governor," Hopper said. He also said Hopper had offered to "stay on if necessary to train his successor."

Pilots Claim Score Of 188 Barges

SAIGON, South Vietnam (AP) — U.S. Navy pilots claimed a two-day score today of 188 North Vietnamese supply barges sunk, destroyed or damaged and reported sinking two carrier planes in their latest raids.
The Navy pilots reported hitting 134 barges, 100 of them in four days along the North Vietnamese coast Wednesday to add to 11 reported destroyed or damaged the previous day.
Other American planes, however, lashed with 2.2 million psychological warfare leaflets Wednesday and scattered 2.6 million more on other areas of North Vietnam.
The leaflets dropped on the North Vietnamese capital warned that the Communists continue the war in the South, destruction will follow in the North, a U.S. spokesman said.

Businessmen Told To Abide By Sanctions

WASHINGTON (AP)—President Johnson ordered American businessmen today to abide by United Nations economic sanctions against Rhodesia or face criminal penalties. Johnson signed an executive order implementing a Dec. 16 resolution of the U.N. Security Council which will have the effect of ending 80 per cent or more of American imports from Rhodesia. The order will have little or no effect on exports to that country, which ran about of the United Nations after its white minority government refused to agree to British demands for an early takeover of power by the Negro majority.
Exports to Rhodesia were virtually halted last spring under provisions of the Export Control Act.
Maximum penalties for violation of Johnson's executive order would be 10 years in prison and a \$100,000 fine.

Bean Case Settlement Reached Here

An out-of-court settlement, reportedly in the amount of \$140,000, has been reached in the case of six Mexican bean farmers against a Buhl seed firm.
A representative of the plaintiffs said Thursday the settlement was reached this week, ending the two-year-old case. The beans growers brought action against James T. Maude, James H. and Jane Shields, all Buhls, and the Morton Chemical Co. and C. K. Lewis and Associates, Inc. in Idaho. They asked approximately \$300,000 in damages, alleging beans seed purchased from the Shields Warehouse of Buhl failed to germinate. They paid \$140,000, 77 per cent of the beans, mostly Idaho certified plants.

Germination of the seeds, the farmers contended, was less than 40 per cent. The crop losses as a result, they said, amounted to \$287,000.
Named as co-defendant in the case was the Manufacturers and Wholesalers' Indemnity Exchange, insurers of the Shields firm.
The beans were shipped from Mexico to Arizona and then to Idaho after a purchase order by telephone from Mexico to Buhl.
Kramer, Walker, Pope and Pines of Twin Falls, represented the six farm owners of Mexico. Hopper and Ningsetter represented the defendants.

One Teacher Strike Delayed While Another Is In Making

CHICAGO (AP) — A strike by about 850 teachers at eight Chicago junior colleges was postponed into Wednesday night, but another walkout by elementary and high school teachers appeared to be gaining momentum.
Norman G. Swenson, president of Local 1000 of the Cook County Teachers Union, announced the junior colleges would not go on strike today, but a meeting to set a date for the strike was delayed at least one day.
Swenson said he received a letter from the Chicago Board of College Board that an increase was being considered. Negotiations for the strike were begun after a similar meeting between Swenson and the board failed to come to terms Wednesday.

March Induction Calls For 11,900

WASHINGTON (AP) — The Pentagon called today for the induction of 11,900 men in March, keeping its induction rate at a reduced level for 1967. All will go to the Army.
The March call is 1,000 higher than February's but short of the 15,000 being announced for duty this month.
The March call of 11,900 compares to 22,400 in March 1966. Last February 29,400 were announced and last January 38,200.
Secretary of Defense Robert S. McNamara said in late January that draft calls in early 1967 would be lower than in 1966 as the Vietnam buildup reached a leveling off point.

Snow

Five inches of new powder snow are reported at Soldier Mountain ski area near Fairfield. This makes 29 inches on the ground, according to Robert Prossner.
All runs will be open Saturday, Sunday and Wednesday. Six weeks series of skiing lessons have started but students still can enroll within the next two weeks, he said. The lodge and snack bar are open. The road to the area is snow covered, but in good condition.
Eight inches of new snow were reported Thursday at Magic Mountain.

State-Financed Units Toured By Committee Aides

By MARK BROWN
BOISE (AP) — Members of Senate and House appropriations bodies left today on a four-day junket to state-financed institutions throughout Idaho. It was the first tour by members of the Idaho Legislature since the season began Monday. Committee members will hold formal hearings on budget requests of 10 institutions during the trip, then return to Boise Sunday. They will visit the State Tuberculosis Hospital and State School for the Deaf and Blind at Gooding, Lava Hot Springs Health Resort, Idaho State University at Pocatello, State Hospital—South at Blackfoot, Youth Training Center at St. Anthony, University of Idaho at Moscow, Children's Home at Lewiston and Lewis-Clark Normal School at Lewiston.
Rep. Jenks Palmer, R-Mald, chairman of the House Appropriations Committee, said the trip will familiarize committee members with the institutions.
"Most of the members have visited some of the institutions," Palmer said, "but they have not been looking in the paragon of investigating the operations."
During a brief morning session of the House, the appropriations bill for expenses of the session was referred from the Printing Committee to the Appropriations Committee. The measure provides \$600,000 to pay legislators' salaries and expenses during the session.
The Senate also received its first bill today, a measure proposing a regulation change governing absentee voting in school district elections.
Introduced by Sen. Orval Hanson, R-Idaho Falls, it would increase from five to 10 days prior to an election the time in which the school board clerk must deliver a ballot to an absentee voter.

T.F. Man To Begin Ambulance Service

A county-wide ambulance service operated by Cloyce Edwards, who resigned Thursday as a city police officer, was approved Wednesday afternoon by the board of Twin Falls County Commissioners. Morris W. Carlson, commission chairman, said the service will begin Jan. 15 or Feb. 1, depending on when Mr. Edwards can have his equipment and staff ready for service. Under terms of the agreement between the county and Mr. Edwards, the county will be required to pay only for indigent cases or others unable to pay for the services.
Mr. Edwards said he expects to be able to begin the service by Jan. 15 in both Twin Falls and Buhl. "Charges," he said, "will be a minimum of \$25 per call and cost one mile on a one-way basis for calls outside of the city limits of Buhl and Twin Falls."
At present Mr. Edwards said he will operate with three ambulances, adding a fourth as soon as possible. Two ambulances will be maintained in Twin Falls for 8000 miles of the county and one in Buhl for emergency calls. Another will be added in Buhl.

Ruby's Body Is Guarded By Police

CHICAGO (AP) — Police maintained a vigil today at the hospital which houses the body of Jack Ruby, who killed the accused assassin of President John F. Kennedy.
Ruby, 35, died in a Dallas hospital Tuesday after a massive blood clot. Cancer was listed as a contributory cause of death.
Four policemen were stationed at the chapel Wednesday after the funeral home received many calls concerning Ruby. A police officer said that only one patrolman would continue the vigil today.
The operator of the chapel, Hesterly Weinstein, told news men he received an anonymous call from a man who asked what security plans had been made.

Search Party Finds Plane On Mountain

FAIRPLAY, Colo. (AP) — A search party was reported today to have located a missing plane high on the slopes of Mt. Sherman in the Colorado Rockies and two injured persons were lifted out by helicopter.
There were five persons aboard the craft, including an Illinois family of three and another Illinois man.
The passengers evacuated by helicopter were being identified immediately. The report said the state patrol helicopter landed close to the downed plane, then injured passengers were placed aboard and the helicopter then headed for Leadville, where they could be hospitalized.

Hearing Set On Picketing

YOUNGSTOWN, Ohio (AP) — A court hearing will be held Friday on a request for an injunction to help picketing at Goodyear Memorial Hospital, where pickets interfered with deliveries of oxygen, food and drugs.
An oxygen truck finally moved through the picket line Wednesday under police guard, giving the hospital a week's supply.

3 Local Legislators Get Chairmanships

BOISE (Special)—Twin Falls County representatives fared well in committee appointments as the Legislature's House of Representatives completed organizing Thursday.
Three of them, Jack Callahan, William Lanting and Ray Lincoln, were awarded chairmanships and the fourth, William Hollister, was given a post on the powerful appropriations committee.
Callahan was named chairman of the agriculture committee, Lanting chairman of the insurance and banking committee and Lincoln chairman of the counties and municipalities committee.
In addition, Callahan was named a member of the state affairs committee, Lanting was put on the revenue and taxation committee, Lincoln is on the education and resources and conservation committee, and Roberts is on the transportation and defense committee. Lincoln asked about the con-

Missile Drops Into Caribbean Near Cuba

WASHINGTON (AP)—A target drone, was routinely toward Cuba.
away unarmed U.S. missile apparently "zoomed over" Cuba and headed over the Gulf of Mexico for a test chase by U.S. jet plane and destruction Cuba. Air Force calculators reported.
The missile, modified into a target drone, was routinely launched from Eglin Air Force Base, Fla., Wednesday morning and headed over the Gulf of Mexico for a test chase by U.S. Phantom jets.
But it made a wrong turn and a took off at 25,000 feet altitude toward Cuba.
An F-4 which can fly 1,600 miles an hour — caught up with the missile about 100 miles at sea. Officials at Eglin AFB tried to trigger the missile's own explosive destruction mechanism.
The F4 pilot hit the missile with cannon fire.
He fired two air-to-air missiles of a type now under development.
Nothing stopped the missile.
The F4 pilot gave up and came home.
So far, Cuba has not commented publicly.

New Moves To Desegregate Pondered

LYNCHBURG, Va. (AP) — Attorneys for Sweet Briar College pondered new moves today after the latest federal court rebuff in the school's battle to desegregate.

A 2-1 decision from a three-judge U.S. tribunal denied the college a new trial in its efforts to remove racial restrictions imposed by the will of its founder, Indiana Fletcher Williams. The special court's ruling followed its December decision that state courts should be given first chance to rule on the case.

But lawyers for the school announced when they asked for a new trial, that they intend to appeal the December ruling to the U.S. Supreme Court.

It is their contention that the founder's will — which said the college would be for "white girls and young women" — has been superseded by the 1954 Civil Rights Act.

Actually, Sweet Briar already has one Negro student, admitted last fall under a temporary injunction restraining the state from enforcing the contested provisions of the will.

Jack Benny Entertains Gov. Reagan

SACRAMENTO, Calif. (AP) — Jack Benny brought a violin full of fun as well as music to Sacramento for Gov. Ronald Reagan Wednesday night.

Benny's mixture of serious violin, funny fiddle and jokes provided a light hearted topping to the governor's inaugural concert by the San Francisco Symphony Orchestra.

It was the first big social event of a busy inaugural week which includes the inaugural ball tonight.

Benny had orchestra members in stitches as he provided exaggerated imitations of four master violinists.

And the audience broke into applause when Benny and the orchestra switched unexpectedly from a lively gypsy air and eased into Benny's theme song, Love in Bloom.

Later, Benny jokingly struggled to keep up with the orchestra in a sprightly Spanish number and shouted, "not so fast!"

"A lot of people — and some critics — believe I really can play better than that. Honest, what you heard tonight is the best. The only difference is he kept playing faster and longer."

Tickets for the concert, which drew an estimated 2,500, ranged from \$3 to \$100 each.

T.F. Youth Home From Hospital

Young Denis DeRouen will end his somewhat extended holiday vacation next week and return to school with his classmates.

The 15-year-old son of Sgt. and Mrs. W. L. DeRouen, 423 Jackson St. N., was hospitalized Dec. 27 after he slipped while hunting in Rock Creek Canyon north of Twin Falls and spent more than five hours trapped on a snow-covered ledge awaiting rescue.

Sgt. DeRouen said Thursday his son was released from the hospital Monday and is recovering from a collapsed lung. The lung is now functioning and the boy will be able to resume school next week but his paper plans will have to wait a little longer. Denis is a carrier for the Times-News.

NATIONAL WHIRLIGIG

By ANDREW TULLY

WASHINGTON—The revolt by Democratic governors over what they term too rigid federal control of the anti-poverty program illustrates the dilemma facing President Johnson as he seeks to regroup his political forces for the coming year. The campaign is, quite simply, a case of damned if he does and damned if he doesn't.

Johnson is so a himself probably would not deny that it is better "politics to let the governors and state and local machines handle the anti-poverty program. After all, that's where the votes are."

Unfortunately, however, that is also where the waste and inefficiency are. Johnson, a vigorous advocate of economy in government since his Senate days, willingly bought tight federal control from Sargent Shriver, his anti-poverty chief. Shriver, a crusading type always resisted attempts by local politicians to make a good personal thing of the anti-poverty program, and he convinced Johnson that the country at large would appreciate—in terms of votes—a federal policy of strict standards.

WASHINGTON CONTROL BLAMED—But it hasn't worked that way. The American voter, a most contrary cuss, had decided that failures in the program are due to Big Government, not Washington. That is what the governors have told Johnson, anyway, in their bid for more local authority. And yet even in doing so, they contradict their own argument that it's all Washington's fault.

Take Gov. Hulett Smith of West Virginia, for example. He told Johnson he had "detected dissatisfaction" with penalties imposed by the federal government for not meeting federal standards. Smith seems to be saying that the citizens of his state don't want Washington to try to save them.

SPOILING THE SPOILS—Philadelphia is another glaring example of this curious local attitude. When Shriver's boys in Washington stepped in several months ago to investigate charges of mismanagement, they found a change in policy which was open neighbors hood poverty councils meetings to the public—neither of which possibly could be interpreted as damaging to the public interest.

Johnson's advisers of this kind of situation, at the local level, seem to have a policy of spoiling the spoils. They have opened up local anti-poverty patronage systems. They have made Washington's anti-poverty program, which was merely of doing things their own way, in the end, Lyndon Johnson's political "punch" in this field will rest on the spoils of the program.

MODERATE REFORMS—The Philadelphia committee was appalled when Washington set forth several modest reforms it would insist upon before releasing some \$20,000 in funds. These reforms included centers for job training and job placement. Among these reforms were an upgrading of qualifications for the position of deputy executive director and other posts, and a change in policy which would open neighborhood poverty councils meetings to the public—neither of which possibly could be interpreted as damaging to the public interest.

AMERICAN HISTORY is full of examples of presidents who either timidly shunned unpopular policies or boldly shouldered them.

The now-revered Jefferson left office well-hated by his contemporaries because of his unpopular embargo on shipping which ruined New England but prevented war with Britain.

FEWER UNWANTED CHILDREN

RETURN OF THE BUGS?
A normally sober-sided citizen of our acquaintance has got to worrying about the astrological signs of earth. This is the capsule carrying 10 million tons of space trash, plus specimens which are being returned to earth by parachute. NASA says it is "lost in space."

UNBUCKLED SEAT BELTS
Here's something to contemplate when you hear of Idaho's traffic toll.

A nationwide poll of 2.1 million motorists indicates that more than twice as many cars have seat belts today than on Jan. 1, 1965. The ratio is about 26 percent as compared to 11 percent.

OMIT SUGAR-COATING
It is the irony of ironies that the man who writes for the Popular President should find himself in the beginning of his fourth year in office at one of the lowest ebbs of popularity ever experienced by any of his predecessors—not because of unpopular decisions he has made but because of his distaste for making decisions that might be unpopular.

MARQUIS CHILDS WRITES ON WASHINGTON

WASHINGTON—About a year ago, exactly in the early 1960s, I remember a demand upon our dwindling gold supply. It is a column said Americans should refuse to buy French champagne. Apparently some of you did not understand me. That was not a suggestion, it was a COMMAND!

WASHINGTON—The smallest consumer of the French bubbly was Burma, which has no domestic champagne industry. Yet it bought 426 bottles in 1966. (God that Truman Capote's party!) Maybe you folks had a non-flag-waving reason to guzzle French champagne. Very well. The report reveals that 1966, for the grapes, was only a "water year," that is, far down the scale from "Great!" "Exceptional!" "Very good!" and "Good!"

MICROSCOOPS
George Wallace says he could win a Presidential race with only 40 per cent of the vote. Actually, that would amount to 100 per cent, because if he won 50 per cent of us would leave the country.

WASHINGTON—I must say, comes of it. The French report discloses that, "O'd'dly enough, despite all the foreign embassies and formal dinners in Washington, the American residents are not the most numerous buyers of French champagne in the U.S. Boston, Chicago, Los Angeles and San Francisco rank in order of importance."

WASHINGTON—Thoughts on the Duke of Windsor: "I was thinking of interviewing RSP members. She said, 'No, she probably has sensed that.'"

Pastor Who Escaped From Reds Will Talk In Burley

BURLEY — Oscar E. Bonny will be guest speaker at 7 p.m. Tuesday during a dinner meeting of the Burley-Rupert Knife and Fork Club in the Driftwood dining room at Ponderosa Inn.

Bonny was born near Warsaw, Poland, the son of a German Baptist minister who, with his family, was caught up in the refugee movement and spent six years in Siberia.

Escaping from there, the family made its way to the Ukraine. That was about the time of the Russian Revolution and during the next six years the life became unbearable, but they reached England and then went to Canada.

In 1931, Mr. Bonny came to the United States on student visa, enrolling first in St. Louis Falls College. Later he attended Oberlin University of Kansas and the University of Kansas.

From his early experience in Communist Russia, Mr. Bonny gives his audience a picture of the early Russian days. From a trip to the Soviet Union, he has seen Poland, East Germany, Russia and Czechoslovakia, he forecasts the Russia of Tomorrow. Hence the subject of his address, "Russia Yesterday, Today and Tomorrow."

Frequently called upon by universities, Mr. Bonny makes dozens of addresses annually, but is in his element on Sunday mornings at the Seaman Congregational Church, Topeka, Kan.

Gravediggers Union Strikes In New York

NEW YORK (AP) — Several families dug graves for dead Wednesday at Jewish cemeteries because of a strike of 1,700 union gravediggers.

Jews, customarily bury their dead within 24 hours.

Five families dug graves at Beth David Cemetery in Elmont, Long Island. Each family had to pay a \$10 deposit for two shovels and a pick, but the money was returned by the cemetery management when the tools were returned.

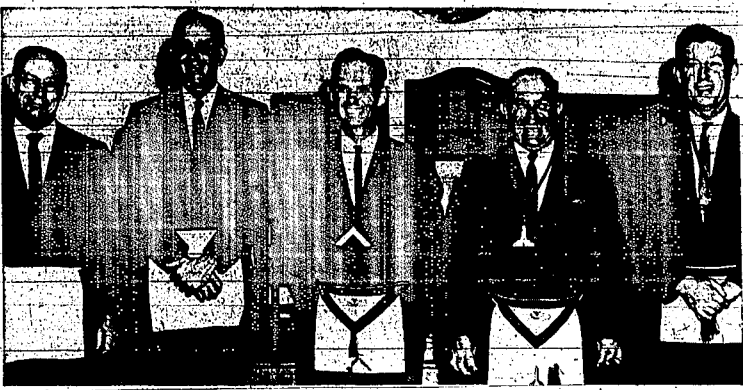

"We're not happy about it, they're not happy about it, but what can you do?" said Warren Rosen, office manager at Beth David.

The strike is in its third day today, and another round of bargaining sessions was on tap.

The gravediggers struck 39 Jewish, Catholic and nonsectarian cemeteries in a demand for higher wages.

Bodies were placed in vaults at the 14 nonsectarian and 12 Catholic cemeteries to await burial.

Most graves are dug with grave-digging machines, except in other cemeteries where the headstones are close together and the digging has to be done with pick and shovel.

MINIDOKA COUNTY State Police Blotter

The second accident was at 11:30 a.m. Sunday 2 1/2 miles south of Burley at Highway 30 South and a county road. Charles Francis Dial, 32, Des Moines, Iowa, driving a 1963 Plymouth towing a U-Haul trailer, lost control of the car when the trailer started to slide and the two went into the borrow pit. Damage to the car and trailer was estimated at \$200 each.

Bernard Dietz, 41, Paul, hit slick spots and ran in the road with his pickup truck which slid sideways into the path of a car driven by Oliver Warrick, 43, Rupert, at 8:50 a.m. Tuesday on Meritman Road and 100th North.

Powerful Quake Rocks Mongolia

MOSCOW (AP) — A powerful earthquake rocked the Mongolian news agency, Montseme said there were no deaths. The quake hit hardest in a sparsely populated area of cattle and wheat farms.

Montseme said the quake had a force of 9 on a 12-point scale and the epicenter was near the Hanguan Mountains around the junction of the Eglin and Selenge Rivers.

The Mongolian Academy of Sciences said the first and strongest shock was registered at 8:14 a.m. (7:14 p.m. EST Wednesday).

"Small fissures have appeared in the area of the epicenter," Montseme said. "No human life was lost."

Tremors of 5 to 6 strength were reported in Ulan Bator, the Mongolian capital, and in the Soviet city of Irkutsk, but no damage was reported in either city.

On the other side of the Soviet bloc, in Poland, an earth upheaval in the chief Polish coal-mining area broke the rail line between Torunow and Gdynia Tuesday. The Polish Press Agency said the earth rose about 17 feet over a 110-yard stretch and was still rising today.

Dear Abby

BY ABIGAIL-VAN BUREN
DEAR-ABBY: We are just ordinary people. My husband has a 9 to 5 job and I am only a housewife. We have been married for 10 years and in all that time we have never gone anywhere—without taking our children. (We have three.) I have never had one night away from home except those few times when I went to the hospital to have another baby.

We have never hired a sitter. Never needed one. My husband said the children grow up so fast we should enjoy every moment we can with them—I love my children, Abby, but don't you think I deserve a night out without the children just once a year?
STALE MATE

DEAR MATE: Your husband forgets that you "enjoy" your children all day, every day when he's at work. Remind him; I think you not only "deserve" an occasional night out, but you NEED one.

DEAR-ABBY: My mother passed away early in November after a lingering illness. She knew she was dying and her last wish was that my sisters and I take place in about three weeks. My question: Do you think my three sisters and I should attend the wedding in our mourning clothes? And should we dance?
IN MOURNING

DEAR IN: Don't sadden an otherwise happy occasion by appearing in mourning clothes. (Your mother wouldn't have wanted you to.) Dress as you normally would for a wedding, but don't dance.

DEAR-ABBY: Last Sunday my husband and I were at my mother's when my in-laws dropped in unexpectedly on their way home from church. My husband was watching something on TV. Everyone guffawed in the living room and started talking. My husband's mother asked him to turn down the TV. He turned it down a little and drew his chair up closer to it and continued to watch while his parents, my mother and I shouted to make ourselves heard above the TV program. Finally,

his mother walked over to the set and turned it off. With that, my husband stomped out of the house in a huff and took off in his car. What do you think of a 24-year-old man acting like that?
ASHAMED

DEAR-ABBY: I would say that in his case rudeness was an inherited trait.

DEAR-ABBY: I became widowed suddenly and have suffered severely from the shock of losing a truly perfect partner after nearly 50 years. What upsets me more than I can say is having someone come up to me in a public place and say, "I am so sorry about your loss. I meant to send you a note, or I have been meaning to pay you a visit, but I just didn't have time." I have a long list of these excuses follow.

If people don't think enough of you to write a note, or to pay a call, they should just say "hello," and not mention your "loss," or their good intentions at all.

Church Yule Program Given

FILER — Lawrence "K" A. Bielecki gave the welcoming address and presented the Church of the Nazarene children and young adults in a Christmas program at the church. The small children portrayed "Life in Christ" and the teenagers presented a play, "Birthday of Hope."

Mrs. Charles Sheridan and Mrs. Russell Sheridan were in charge of the program. Mrs. Garth Kirkman directed the choir and Linda Sharp was organist. Russell Sheridan Jr. and Charles Sheridan were scene and stage managers.

PARTY HELD

SPRINGDALE — The LDS MIA Laurel girls and Ensigns normally hold a dinner-party-at-the-church, with teachers. Mrs. John Williams and Burke Scholten were in charge of arrangements.

Installation Held By Area Job's Daughters

JEROME — At a public ceremony at the Masonic Temple, Chris Thomas, daughter of Mrs. and Mr. Jack Thomas, was installed-honored queen of International Order of Job's Daughters, Bethel No. 14.

Marilyn Hite, retiring honored queen, was installing officer for the "Book of Gold" ceremony, which was narrated by Jack Thomas, the new queen.

Installing officers assisting Miss Hite were Lynn Vandiver, installing guide; Teresa Hagler, marshal; Mrs. Steve Van Ocker, recorder; Loretta Kohntopp, chaplain; Shirley Sheppard, senior custodian; Mrs. Ted Peterson, junior custodian, and Karlene Dellinger, musician.

Elective officers installed include Mary Sloan, senior princess; Marilyn Manning, junior princess; Karen Stromdore, guide, and Shelly Davis, marshal.

Appointive officers included Kathy Thomas, chaplain; Marilyn York, treasurer; Judy Bolch, recorder; Connie Stone, musician; Kathleen Messenger, librarian; Debbie Bragg, senior custodian; Marsha Lickley, junior custodian; Marion Darling, inner guard, and Charlene Bragg, outer guard.

Messengers are Janet Kofod, Paula Malone, Pamela Stone, Judy Gimes and Donna Vinyard.

Other officers installed included Jane Freeman, historian; Cathy Rash, flag bearer; Ann Kennedy, assistant musician; Beth Searle and Vicki Ustick, pages, and Karen Vining and Kathy Simons, choir cantors.

Salmon Miss; Barron Reveal Wedding Date

SALMON — Mr. and Mrs. Edgar W. Smith announce the engagement of their daughter, Ann to Lee Barron, son of State Sen. and Mrs. Lloyd F. Barron, Fairfield.

Miss Smith is a 1963 graduate of St. Patrick's School of Nursing, Missoula, Mont., and has been employed the past year at St. Alphonsus Hospital, Boise.

Mr. Barron was graduated from the University of Idaho in 1960 and is engaged in ranching with his father at Fairfield. A Feb. 12 wedding is planned.

FLIRTATIOUS EYES

NEW YORK — Eyes are made to flirt with. And to help them misbehave there is a bounty of beautiful new, pressed powder eye shadows that are designed to give the eyes a subtle, young look. This season's eyes are more natural and softly in focus because they're made up in powdery pastel colors that make them all flutter and shimmering.

Joint Services Set By Lodges

SHOSHONE — Joint installation of officers for Opal Rebekah Lodge and Odd Fellows will be held Jan. 17 at the local IOOF Hall. A team from lodges in the district will act as installation officers.

Mrs. George Horn, noble grand, presided at the recent lodge meeting. Mrs. Bennie Ray Webb was elected vice grand.

Bridge Played

KING HILL — Mr. and Mrs. Karl Carmahan hosted two tables of bridge at their home in Pasadena Valley.

Invasion Is Foiled By Informers

KEY WEST, Fla. (AP)—The leader of a communist strike force, Rolando Masferrer, says "paid informers" scotched his plan to invade Haiti and move against Fidel Castro from there. He vows he'll try again.

"They were United States informers, not Castro agents," said Masferrer after his release Wednesday with 24 followers who had been arrested on charges of conspiring to export arms without license.

The battle-clad commandos, appearing before U.S. Commissioner William Albury, were freed on their own recognizance, on bonds from \$100 to \$5,000. Arrangements were set for Jan. 25.

But Masferrer still faced charges of violating immigration orders not to leave New York City, where he lives. As a U.S. marshal took him to Miami, members of his invasion army shouted insults and kicked the car.

The former Cuban senator, called "The Tiger" because of his role in the overthrow of Fulgencio Batista, had a private army called "The Tigers," said in an interview: "We would welcome the help of the United States, which is the policeman of the hemisphere. The United States sends men—Cubans as well as Americans—to Vietnam, 10,000 miles away. They shouldn't stop us from fighting communism 50 miles away."

Masferrer, 48, said his invasion force numbered 350. Seventy-nine persons were arrested.

Masferrer said an invasion boat carrying 50 men got away. He added "I don't know what happened to it. I've been out of touch with things—in jail."

His invasion battalion, Masferrer said, was big enough to topple Haitian President Francois Duvalier and then, with the help of the Haitian army, Fidel Castro.

Idaho Prison Inmate Hangs Self In Cell

BOISE (AP)—An inmate of the Idaho State Penitentiary was found dead in his cell Thursday, Warden Mark Maxwell reported.

He identified him as Robert Lewis Brink, 21, who entered the prison Feb. 16, 1965, to serve a nine-year sentence for second-degree kidnapping.

He also faced a charge of assaulting a prison guard with a pair of scissors in an incident last fall.

Maxwell said that a prison guard found Brink hanging from the ceiling of his cell at the first morning checkup. The warden said Brink apparently tied a towel around his neck, attached it to a conduit in the ceiling, then stepped off the edge of his bed.

Rooney Files Divorce Suit On 6th Wife

LOS ANGELES (AP)—Actor Mickey Rooney has filed a cross-complaint in Los Angeles Superior Court seeking annulment of his three-month marriage to the former Margaret Lane, his 6th wife, on grounds she used "premeditated fraud" to get him to marry her.

Mrs. Rooney, 45, of Beverly Hills, filed for divorce Dec. 23 charging "great mental and physical suffering."

In his action Wednesday Rooney requested a divorce on grounds of mental cruelty if he is unable to get an annulment.

His suit claims that Mrs. Rooney did not want the actor's four small children near her, although before the marriage she had agreed to help raise them.

Smuggling Plot Broken By Cubans

HAVANA (AP)—Fidel Castro's government announced Wednesday night it had broken up a plot to smuggle 20 Cubans to Miami by capturing four infiltrators from Florida, and killing a fifth who resisted arrest.

An Interior Ministry communiqué said the group's leader was Enrique Gonzalez Redriquez, captain of a boat that sank with 44 Cuban refugees on an illegal crossing to Florida last September during Hurricane Inez. Gonzalez, a Cuban exile from Miami, was the only survivor then.

The communiqué said Gonzalez and a member of his group, Francisco Cordoba, admitted they were agents of the U.S. Central Intelligence Agency. It said equipment was seized that proved CIA involvement in the plot, including a rubber raft, radio, arms and ammunition.

The ministry said Gonzalez also admitted that he had operated prowler boats for U.S. intelligence officials on previous missions to Cuba.

The four were captured near Remedios, in Las Villas Province, on the northern coast. While Cubans were celebrating the year-end fiestas, the communiqué said. It did not specify a date.

Heavy Fare Of Televised Football Credited With Holding Down Deaths

CHICAGO (AP)—The heavy fare of televised football on Christmas and New Year's holiday weekends was credited by one safety expert today with holding down the nation's traffic death tolls.

Eyes glued to the tube meant that cars were in garages and on the road.

It may be just a theory but the fact is that during both three-day holiday weekends the death tolls broke no records.

This reversed an upward trend of the preceding eight holiday periods.

Nevertheless, it appeared that the nation's 1966 traffic toll would break the 965 record of 49,000 deaths.

No final count of 1966 deaths will be available until late January or early February, the National Safety Council said. But its 10-month toll, through October, was 43,110 or a 6 per cent more than in 1965. One official said—the final count could go above 52,000 for 1966.

Tentative final figures for 1966, showed a record traffic death counts for last year.

The television football theory for low Christmas and New Year death tolls was advanced by Warren C. Nelson, Ohio's highway safety director.

"The big roundup of bowl games on TV over the weekend night have kept many home viewers near their screens and not on the roads," he said.

The nation's three-day Christmas traffic toll was 584, well below the safety council's holiday estimate of 650 to 750 deaths. The toll for the three-day New Year weekend was 463, 210 below the estimated toll of 540. A year earlier, the New Year toll was 564 for a three-day period, a record. The 720 toll for Christmas, 1965, was a record, piled up during a four-day holiday.

Traffic volume was reported higher than usual in many sections of the nation, especially during the Christmas weekend when heavy snowstorm immobilized much of the nation's heavily populated eastern half.

But the travel for the entire year of 1966 throughout the nation was about 930 billion miles, up substantially from 880 billion miles in 1965. The country's motor vehicle registrations rose from 91.3 million in 1965 to 96 million last year.

Incomplete figures showed record traffic tolls for the year in 18 states.

Among states with record tolls last year were California, where a preliminary count of 4,474 was reported, topping the record of 4,743 set in 1964, and Texas where an incomplete toll of 3,877 for 1966 was expected to come to around 3,400 after an outing for deaths resulting from accidents but occurring days-to-weeks later. The Texas record formerly was 3,026 in 1965.

Quick Sale

NASHVILLE, Tenn. (AP)—Mrs. J. C. T. Sneyd ran a newspaper advertisement recently which read:

"Husband and TV set cheap for quick sale."

She said she had become fed up with both after the rash of television football games at the start of the year.

Rail Car Rolls Through Denver

DENVER, Colo. (AP) — A runaway railroad freight car rolled through Denver at speeds up to 40 miles an hour, Wednesday night while more than 25 police cars raced ahead to block crossings.

The gondola car, loaded with scrap iron, came to a stop after switches were thrown to send it up a siding in a switching yard in the north part of the city.

Officers said the car broke free at Loviers, an industrial town 5 miles south of Denver.

"Thank God we got it through with no incidents," said Al Crow, a patrolman.

FBI Probes Lead To Conviction Of 450 Accused Of Violating Draft Laws

By STEPHEN M. AUG WASHINGTON (AP) — The FBI reported today its investigations led to conviction last year of 450 persons accused of violating military draft laws—almost double the 262 convicted in 1965.

The greatest number of convictions in any previous year for which records were immediately available was in 1954 when 434 were found guilty. But this figure is for a fiscal year—July through the following June—and the 450 figure is for calendar 1966—January through December.

In the FBI's annual year-end report to the attorney general, Director J. Edgar Hoover traced the increase in the number of draft law violations to the nation's larger military commitment.

Other figures from the Justice Department showed that the number of draft law violations had remained relatively steady since 1962. In that year, there were 234 convictions. In 1963 there were 251 and in 1964 there were 227.

An official said the big in-

crease in 1966 was due partly to larger draft calls and partly to strengthening of draft laws. This included a 1965 law that made destruction or mutilation of a registration card a crime.

The FBI did not have figures showing the number of investigations it had made into alleged draft law violations. A spokesman said hundreds of investigations were handled last year by the FBI's 57 field offices and much of the material never reached the bureau's Washington headquarters.

Hoover said the FBI, in investigating Selective Service Act violations had "encountered virtually every type of draft dodging."

Hoover devoted 6 of his state-mens 19 pages to the Communist party in this country.

He dealt with last year's anti-war demonstrations in a section of the report titled "Communist Party, USA — Front Activities." But he did not call that had remained relatively steady since 1962.

Hoover said "the moving forces behind these demonstrations are pacifist, student and ad hoc 'stop the war' groups."

2 U. S. Civilians Weren't Mistreated In Prison Camp

By HUGH A. MULLIGAN LONG BINH, South Vietnam (AP) — Two American civilians said today that during seven months as prisoners of the Viet Cong they got bad food but were not mistreated, sang songs for the Communists, were given a Christmas party and were almost killed by an American air raid.

The Viet Cong were impressed by our cheerful attitude," said Thomas R. Scates, 44, of Matamoras, Pa. "We sang and whistled all the time. They asked us to sing and we sang 'Hallelujah' and 'My Wild Irish Rose.' We're both lousy singers, but the Viet Cong seemed to like it."

Scates and Robert W. Monahan, 41, of Belpoint, Long Island, were captured May 27 on a road near Vung Tau, 40 miles southeast of Saigon. When they were employed as supervisors for Pacific Architects and Engineers, an American firm working in South Vietnam under military contract.

"They appeared before a large group of newsmen at a U. S. hospital to which they were released following their release Wednesday near Xuan Loc, 40 miles northeast of Saigon.

Since their capture May 28, Scates had lost 55 pounds and now weighs 122; Monahan lost 75 pounds and now weighs 141. But except for malnutrition, they were pronounced in fair condition by Army doctors.

Wearing blue Army hospital pajamas, the pair said the Viet Cong told them they were released because they finally had shown repentance.

"We don't know what we repented for," said Scates. "They told us we didn't repent but would spend five years in prison."

2:30 P.M. SUMMARY NEW YORK (AP)—The stock mounted an outsize rally late this afternoon. Trading was fairly active. Volume for the day was estimated at 7.1 billion shares, compared with 6.15 billion Wednesday and was the heaviest this week. Xerox rose 4 1/2 points to 107 points, while glamor stocks gained 3 or more. The advance evented the list on a broad front, taking in autos, stocks, oils, chemicals, rails, nonferrous metals and other sectors of the list. Xerox rose 4 1/2 points to 107 points, while IBM, Polaroid, New York Central, Scientific Data, Chicago Great Western and Fairchild Camera, all advanced. Control Data was swarmed with orders, opened late on a block of 80,000 shares, up 1 1/2 points, then doubled its gain. Marian Associates also was delayed, opening on 79,000 shares, off 1/2 point and trimming its loss to a fraction in late trading. Gains of about 2 points were made by Corning Glass, Itek, Northern Pacific (ex-dividend), Pflizer and United Aircraft. A followthrough in oil stocks recovery-of-late Wednesday was credited for some of the strength. Industry investors were attracted as the Dow Jones industrial average boosted a 10-point rise which put it over the magic 800 level once again. Gains of 1 1/2 points were made by U.S. Steel, General Dynamics, International Text, Phone and many others. Jones & Laughlin gained 3, Bethlehem 2 1/2, and Inland 2 1/4. Prices rose in active trading on the American Stock Exchange.

Northside, Magic Valley Loops Have Major Tilts; Minico To Invade Burley

Games with championship overtones strike immediately this weekend when Magic Valley high school teams steam through 23 games, just about all of them conference. The highlights find Minico at Burley, one that always is too much, while Rockland is at Murrtaugh in a Magic Valley Conference battle and Dietrich travels to Camas County. Twin Falls is out of the area, hitting Nampa Friday night and going against Borah Saturday. The Bruins are underdogs in both. Minico has cause to worry Saturday night when it invades Burley because the Spartans are favored. The underdog usually is in either the Bruins or dominated by juniors. Minico has the more impressive team statistics, piling up a lot of points on its last-break-offense particularly since the last week of the season and then were hit by the holidays. The Bobcats shouldn't hit their stride for another couple of weeks at least.

CSI Sets Games At Twin Falls, Jerome

College of Southern Idaho's Golden Eagles returned to the practice floor Tuesday night and showed some of the effects of the long holiday. The Eagles are prepping for a pair of home games with the Northwest Nazarene junior varsity. The first game is set for 8 p.m. Friday at Twin Falls and the second will be played at the same time Saturday in the Jerome High School gymnasium.

Sports

FROM ALL ANGLES

By LARRY HOVEY
Times-News Sports Editor
Conference basketball races begin in earnest this week and it appears there's a chance for some pretty good competition.

The competition may be a little more from a standstill point of view but from this angle, it appears the overall caliber of basketball in the fourth district is down. The "Big Three," the A-1 bracket, Twin Falls, Minico and Burley, are dependent on juniors and that seldom means championships. Burley has only one senior on the club of 11 men. Minico has one senior in the top seven or eight boys. Twin Falls has three seniors but they form a good nucleus but everything that Coach Chuck Farmer reaches for on the bench is green.

They are, however, the type of teams that can improve and might be respectable by tournament time. In the meantime, all three figure to take some lumps along the conference trail, but in basketball it's pretty hard to get shut out.

The South Central Idaho Conference could be a pretty good race, based on the assumption that Mountain Home and Jerome are largely responsible for the Tigers' good early showing. If it isn't, then the Tigers should wrap this up by now.

Gooding isn't the strongest it was but the Senators remain enough punch to finish up near the top. But, hurting badly for a sixth man to find some consistency, particularly in defense, but on a given night, the Indians can be the best in the conference. With the winners of some of the games with relatively few nights. So the trick will be to hit the toughies on the good nights.

Eller is just too short to win championships and the Wildcats could use a little more scoring punch. It appears Jerome and Eller will have to scrap each other to stay out of the bottom. The Tigers are depending a lot on a couple of sophomores and that, one lack of experience is enough to cost them a lot of the close ones.

In the Big Six it appears a matter of Kimberly. The Bulldogs have a lot going for them with good outside quickness and shooting in the Eller boys and good height underneath. Kimberly's biggest problem seems to be availability to play with big lead. The Bulldogs have managed early commanding leads in several instances but haven't been able to close games. Fortunately, they are talented enough to have won most of those games twice that is with a strong closing effort. In between they seem to ease a little, particularly defensively.

Behind the Bulldogs it appears a real battle. Wood River will be returning to form. The players who were suspended for lack of hustle in November. Shoshone will win with good outside shooting and speed—until they run into the big team that can get the second and third shots. Wendell has tipped into the sophomore ranks in an effort to find some points. Defensively and on the boards the Trojans generally are adequate. But they don't score.

Valley is short but it has a punner and it will be a speller in a home game along the line. Glenns Ferry is at a low. Anything the Pilots can win will be judged an upset in most quarters.

The Northside is a matter of one thing — Dietrich. There's a kicker in Camas County which is always a kicker. Of course, there's Grand View — a team that toppled Carey in overtime. Dietrich rates the edge but it may lose another big game and has to go back to Grand View. Carey, once a real contender, has been flattened by training rule violations.

Bills will have good nights when the Roblins boys are clicking and Hagerman has pretty good height. Enough to make a first-class run. Fitch field doesn't score — to break even and Luckless Gooding State probably won't win a game. It'll be freshmen and sophomores at the state school this year. On the Southside — everyone in

just about all of them conference. The highlights find Minico at Burley, one that always is too much, while Rockland is at Murrtaugh in a Magic Valley Conference battle and Dietrich travels to Camas County.

Coach Eddie Sutton watched his charges for a while and noted "we've lost the edge. The surprising thing is that some of the conditioning was lost during the holidays." So it was back to running for the Eagles. Coach Sutton had the boys working full court 45-minute games and working on fast break.

Northwest Nazarene is another of the unscooted foes CSI will meet. The one thing known about this weekend foe is that they defeated the Idaho State Frosh who hold the only decision over the Eagles this far.

The Eagles are in the unlikely position of losing the "home court" advantage since additional demands on the high school gymnasium are coming down. The "Big Three," the A-1 bracket, Twin Falls, Minico and Burley, are dependent on juniors and that seldom means championships.

The Eagles currently are working out at the Robert Stuart Junior High School but Coach Sutton believes the shift will affect his charges much.

The Indians carry a 9-1 record into the fray. They have 20 games left but after this week's game only 12 of them will be on the home court. When Idaho State frosh comes to town.

Indians And
Astros Swap
Outfielders

CLEVELAND, Ohio (AP) — The Cleveland Indians obtained Leo Mayer and Jim Landis from the Houston Astros Wednesday in an exchange of 32-year-old outfielders by the two clubs. Three minor league players also were involved in the deal. Houston sent catcher Ken Retzer from its Oklahoma City club to the Indians. Ford and farm team in exchange for pitcher Jim Weaver and catcher Doc Edwards.

The trade was completed after Mayer and Landis had been waived out of the National and American Leagues, respectively, as the inter-league trading deadline was Dec. 15.

Landis left the Indians after only one season with the club, in which he batted .222 in 82 games. The Indians obtained Mayer from the Kansas City Athletics for catcher Phil Roof.

Maye, who bats left-handed, had a 2.88 batting average in 115 games with the Astros last season. His best average in the majors was .304 with the Milwaukee Braves in 1964, when he also led the National League in doubles with 44.

Faux Clark Store pummeled Shild's 67-33 with Tom Moreland leading the way with 24 points. Froustak had nine for the losers.

Don Janak's 18 points pointed Valley Nursing Home to a 65-18 romp over American Oil. Bill Watson had eight for the losers.

bolting at Rockland. Murrtaugh may lose another big game and has to go back to Grand View. Carey, once a real contender, has been flattened by training rule violations.

Sellout Is Expected For Coliseum Super Bowl Game

LOS ANGELES (AP) — A super debate is developing over whether the Super Bowl football game, first clash between the champions of the American and National Football leagues, will be a super success.

Pro-footbal Commissioner Pete Rozelle clung Wednesday to the prediction that the clash between the Green Bay Packers of the NFL and the Kansas City Chiefs would sell out the \$9,000 seats in Memorial Coliseum on Jan. 17.

The stadium's general manager, Bill Nicholas, regarded as an expert in the art of gate estimating, agreed with Rozelle.

There were other less optimistic however, and there were no doubt that thousands of fans are red over the television blackout in this vast metropolitan area.

There was also grumbling that choice seats would not be available for such patrons as the Los Angeles Rams—regular customers.

Out-of-town and state applications for tickets undoubtedly have been heavy but local reaction to the ticket scale—\$12, \$10 and \$6—has been anything but happy.

If a busy telephone switchboard is any indication, fans' interest has quickened in the past two days.

"We were flooded with calls all day Tuesday when we opened after the holidays and it's been the same today," said Mike Garrett, the Coliseum's main bag of ticket selling operations.

"We sold some 26,000 tickets last week even before the fans knew which team would be in the game," said Rozelle.

Identity of the opponents was not decided until last Sunday.

Barry Is
First To Get
1,000 Points

NEW YORK (AP) — Rick Barry, San Francisco's hot shooting sophomore, is the only player in the National Basketball Association to have passed the 1,000-point plateau this season but he is about to get some company.

Cincinnati's Oscar Robertson and Philadelphia's Wilt Chamberlain are on the 1,000 point threshold, figures released by the NBA and shown today.

Barry led the league with 1,312 points through Sunday's games. Robertson was second with 923 and Chamberlain third at 928. Both should pass the 1,000 point mark this week with the Royals playing two games and the 76ers three.

Chamberlain, Barry and Chicago's Guy Rodgers led the other individual categories.

Green Bay defeated the Dallas Cowboys and Kansas City routed Buffalo.

The 28,000 included options to buy for Ram fans. An additional 3,000 tickets are out on assignment to the 18 clubs in the two-leagues and the commissioner's office.

"We firmly believe the game will be a sellout," Rozelle continued. "Green Bay is certainly well known here and you can't underestimate the appeal of the Kansas City Chiefs here."

He referred to the Chiefs' rookie halfback who dazzled fans when he played for Southern California's Trojans and earned All-America and Heisman Trophy honors as a senior in 1965.

Rozelle defended the television blackout. He argued that the telecast of a World Series baseball is no parallel, because fans have a home team to root for and watch in person, whereas in the Super Bowl, two far

non-resident teams are involved.

He said there has been no discussion about the site or sites of future Super Bowl games. The Kansas City crowd, meanwhile, arrived at nearby Long Beach to continue preparations for the contest. The weather was sunny and warm. The Chiefs are quartered at the Edgewater Inn and will work out at Veterans Stadium.

The Packers are staying in Green Bay until next Sunday when they plan to fly to Santa Barbara, Calif., for further training.

Pride In AFL To Spark Chiefs Against Packers

BY JIM VAN VALKENBURG Associated Press Sports Writer
KANSAS CITY (AP)—The Kansas City Chiefs say they won the AFL title game for owner Lamar Hunt and they are playing the Super Bowl week with Green Bay's NFL champs for the entire AFL, past and present. Pride was the word Tuesday as the Chiefs were given a rousing sendoff by their enthusiastic fans at their departure for training camp at Long Beach, Calif., their home until the world title game Jan. 15.

Co-Capt. Jerry Mays said the Chiefs beat Buffalo 37-7 in Sunday's title game particularly for Hunt, founder of the AFL and prime mover of the AFL-NFL merger leading to the long-awaited playoff.

"It's because of Lamar we're here," Mays said. "They're wouldn't be the Chiefs, or the AFL, or even the Super Bowl if it wasn't for Lamar. Hell, there wouldn't even have been a Dallas Cowboys without Lamar."

Hoopie Dubs Champion In Grid Contest

By MAJOR AMOS B. HOOPLE
At last it is over. The football season and the bowl season are past. To leave us with only something called the Super Bowl, a cliché inspired, I assume, from the advertising of some petroleum company.

I feel I have been toyed in missing three this year. I usually can depend on the southern selecting committees to come up with a northern roster just poor enough to lose these Blue-Gray, North-South types games. Either I was betrayed or the selecting committees were incompetent. Harumph!

Of course, had I known Georgia Tech was going to three-year and cloud of dust of defense once it had fallen behind by eight points, I wouldn't have given them the same confidence I've displayed in them.

However, on to happier things. Our champion is David E. Vincent, Twin Falls, who receives the diamond-encrusted crown as the prognosticator of the year and \$20. He missed out on one. Second place of \$10 went to Rachel Alvord, Twin Falls, who missed two and outpointed Jeff Hopworth, a TV point predictor. Hopworth will receive \$5. All the rest missed at least three.

Alcindor Drives WSU To Boards

PULLMAN, Wash. (AP)—Boards of tennis and basketball were the weapons Washington State Coach Marv Harshman used Wednesday to prepare for the opening Pacific-10 conference basketball game Saturday against UCLA and Lew Alcindor.

The 14-inch stool, with 6-foot-6-inch Alcindor sitting on it, was Harshman's way of approximating in practice what the Cougars must cope with when the 200-lb. Alcindor moves into the play.

To show the WSU offense what it's like when Alcindor gets his long arms working for UCLA's press, Harshman strapped boards to 6-foot-7 Dick Jacobs' hands. The tennis racquets were used for the same purpose.

"The idea is really out as crazy as it might appear," Harshman said. "Many of the kids on our team haven't seen Alcindor. They can't imagine how much area he covers, how agile he is and how much damage he can do."

Harshman said steel-encrusted padding gives the team an idea how quickly they have to move in on him and back out when he gets the ball and taps it back outside a quick jump shot.

He said the big difficulty in playing against someone of Alcindor's size "is the psychological effect he creates, particularly in the shooting department where he makes you shoot the ball with a higher arch than you normally would. This makes the jump shot poorer."

The Washington State players laughed at Harshman's scheme at first. "But when they saw how we could hold the ball out of reach and hurt the defense so easily, and how Jacobs could bat away passes all over the court, they soon realized that they would be faced with," Harshman said.

PACKERS FAVORED—RENO, Nev. (AP)—Green Bay is a 13-point favorite to defeat Kansas City in their Super Bowl match, according to a poll of Los Angeles, legal odds-makers and writers.

Namath Says Knee Feels Great, Notes Proof To Come On Field

By MIKE RATHET Associated Press Sports Writer
NEW YORK (AP)—Joe Namath's celebrated right knee is running ahead of schedule, but doesn't want for things to come his way.

Despite the fact that the room has "only a black and white television, a single bed and no-lama rug," Namath probably doesn't want for things to come his way.

He can open the rest of the big box of cards and letters from well wishers, nibble on some mutton sent by a friend or test his skill at the game that sits on his window sill — Pro Quarterback.

But Wednesday he gave a progress report on the knee. "Right now the way the doctor figures things I might be able to start working in March instead of April, and I'm out of here Saturday."

So Saturday Joe Namath will pick up his gear, slip the boot without the cast into the white boot with black JYN initials on it, pick up the crutches that lean against the window sill and hobble home to his color television, circular bed and llama rug.

But he'll still have some doubts. "I can't afford to have my truck tied up for repairs... I bought a SEARS REPLACEMENT ENGINE"

Time is money to a business firm — that's why Jim bought a Sears Factory-Replace-ment Engine. Best investment he ever made... Cost less than an overhaul... and no lost time from the job. You, too, can save and get now car power whether you drive a car or a truck, 304 Engine Models available.

Workshop On Red Cross Drive Set

JEROME — A workshop for Red Cross drive chairmen from throughout Magic Valley will be held Saturday in the main floor conference room at State hotel's Ballroom.

Laird Noh, Twin Falls, special representative for fund-drive, will lead the session, which will be from 10 a.m. to 12:30 p.m. There will be a no-host luncheon served in the cafeteria.

Amos Watson, Jerome County Red Cross chapter chairman, announced that Mr. Noh will be available to any chapter chairman for help in planning local drives.

Watson also urged anyone interested in assisting with any phase of the work of the 1967 fund-drive, which will be held during March, to attend the workshop.

Credit Group Sets Annual Meet Monday

WENDELL — Annual dinner meeting of the Gooding County Credit-Federal Credit Union will be held at 7:30 p.m. Monday at the Orchard Valley Grand hotel.

Credit Union members are urged to attend and participate in the business of their financial institution. A group of members are urged to come and learn about this service offered with their Grange membership.

The Grange Credit Union was organized in 1954 by the Pomona Grange while Ira Kistler, Gooding, was Pomona master. Nineteen grange members signed the original charter and 17 still are members, with the other two being withdrawn because of death.

Over 200 grange members have placed their savings in the Credit Union and borrowed during the 12 years of operation. Present membership is 127.

Featured speaker of the evening will be Ernie Jerome, Kuna, state grange master, who is chairman of the annual meeting of the International Credit Union Association held at Madison, Wis.

Reports of the officers will be given during the business session and the plans for 1967 discussed.

Trustee-recruiting will be elected. A member to the credit committee and a supervisory committee member will be appointed.

Present officers of the Credit Union include Elmer Hanson, West Point chairman; Howard Niccum, Orchard Valley, vice chairman; and J. V. Brunson, Gooding, secretary-treasurer. Board members are Vay Cook, Hagerman; Gene Miller, Bliss; and Jim Reed, Tuttle.

THE JUNIOR REALM

with MARTHA LEE

Q. Our children seem to have adopted selfish expediency as their guide to life. They are forming habits of doing just those things which will enhance or secure their own selfish interests. What can we do to help them prepare for fuller and more useful lives? Mr. and Mrs. D. S. M.

A. Panelists: Diancé Daniels, high school, Utah; Marilyn Greenwood, high school, Texas; Linda Humble, college, Mississippi; Byron Winters, college, Maine.

Primitive man had to look to his own interests in order to survive. In this space age we are fortunate in that our primitive instincts are not as strong as they once were. Most children are generous and less concerned about their own welfare as long as they have their needs.

Unfortunately, a certain amount of selfishness seems to be present in all of them, and it probably constitutes one of the safest of human laws. Yet, the selfish don't usually fear that they are that way.

Parents should be sure to look to "us-like you" who will have to take them through high school of selfishness, because if they go only a part of the way, they will revert to it from time to time and leave themselves in constant trouble.

If the parents of these children are in an economic bind and are not tactful in discussing their problems with their children, this influence and fear could have rubbed off on them.

Children can be disciplined out of some habits, but on one of this nature, they are more likely to respond effectively if they are educated and led out of it.

Most of your children could be educated to meet the responsibility which gives a hand to those who need our help. When we say "giving a helping hand" we don't mean over-generous or unwise hand-outs, what we mean is providing for ourselves, but in that provision doing something for the worthy-less fortunate.

If there is no economic pressure in your family, the attitude of your children could have developed from a lack of attention and understanding from their parents, which would give them a feeling of insecurity and a desire to look out for themselves. This frequently happens unintentionally where parents are so busy or worried that they become thoughtless and neglect of their children.

Take your children to inexpensive places of entertainment and enjoyment. You might encourage their regular attendance at church youth groups. Almost all of these groups have a benevolence program which will introduce your children to the serious problems of underprivileged. It will probably

Computer Dance Slated Jan. 28 Here

A computer dance, for the first time in Twin Falls, will be held Jan. 28 at the Twin Falls High School Gymnasium.

Students buying tickets to the dance will be asked to fill out a questionnaire. These questionnaires, regarding personality traits and their likes and dislikes, will be sent to Boston to be fed into a Honeywell 200 computer at MIT.

The computer then will choose two dates for each ticketholder. Sponsoring: The modernized dance is the sophomore class. Tickets will be sold this week only. Tickets may be obtained from any English class and before school-in-rooms E-8, C-3, D-8, E-3 and the metals room.

Only ticketholders will be admitted to the dance, which starts at 8 p.m. Jan. 28. Music will be by "The Disciples."

MINIDOKA COUNTY

Slick roads were blamed for four weekend accidents investigated by the Rupert police.

A car driven by Raymond Lounsbury, 40, Hamer, Idaho, and a truck driven by David L. Hill, 19, Rupert, collided at the intersection of 2nd and C Streets at 4:35 p.m. Friday.

Hirschel R. Loney, 28, Paul, applied the brakes to slow down for a car in front of him at 11:05 p.m. Saturday on E Street near 4th Street, and collided with a parked car owned by J. E. Nielsen.

Bety R. Ashcraft, 37, Burley, turned her station wagon into the divider at Highway 24-25 and F Street at 10:55 a.m. Friday and skidded into the rear of a car driven by Frank M. Deady, 51, Burley, which was backed in the divider.

The fourth accident occurred at 10 a.m. Sunday when cars driven by Ray E. Johnson, 36, and Frederick Tolman, 73, both Rupert, skidded into each other at the intersection of South 5th and South C Streets.

Slick roads were also the cause of an intersection collision between cars driven by Ferrell Kump, 32, Rupert, and Yvonne Hobbs, 16, Rupert, at 1:25 p.m. Monday at 4th and B Streets.

State Police Blotter

High winds and slick roads were blamed for two accidents in the Malta area Sunday. A truck was damaged an estimated \$1,000 when it blew off the truck across the road and into a tree at 11:45 a.m. Sunday 21 miles south of Burley on Highway 24 South. Owner of the vehicle was Richard Nell Owens, 32, Hammond, Wash. The truck was forced into the borrow pit and damaged \$200 when the camper blew off.

Pilot Shortage Is Driving Air Force To Recruiting 2,300 Older Airmen

WASHINGTON (AP) — A pilot shortage has driven the Air Force into restoring 2,300 older airmen to the cockpit they had abandoned in 1960-61, a Pentagon source said today.

Even so, the Air Force announced Tuesday a program to train 3,247 pilots annually, an increase of 487 over the present total. The source said the reactivation of Randolph Air Force Base near San Antonio, Tex., as the main pilot training base.

To meet the need, the Air Force has authorized an additional 891 officers, 2,472 enlisted men and 766 civilian aircrew. The program will cost more than \$1 billion over the next five years.

All of the Air Force's 2,300 aging airmen — most are on their third year — are 45 years old or older and hold flight status for 22 years, or longer, before stepping down in the big pilot curtailment program of 1960-61.

The Air Force spokesman said some granddaddies — among these older airmen. He told of one who is flying a twin engine C47 cargo plane in the Mexican while his son flies an F4 Phantom fighter from the same airfield.

To meet pilot needs, especially for the transport plane, the Air Force reportedly has stripped its middle-management echelon of nearly all men who once held a pilot rating and who can still pass a physical.

This had left the support of air operations in many of the hands of nonfliers. Some of these new managers, the spokesman said, are first lieutenants.

In 1953 his part of its career management program, the Pentagon set up the special 45-52 club. Members of this club could at age 45, and after 22 years of flogging aircraft, step into a job — and still — retain their flight pay.

Whether the Navy is to get an increased pilot training program still is uncertain. Navy sources have reported the training of only 275 carrier qualified pilots annually, but say the need is around 750.

The subject of pilot shortages is to be investigated by the Senate Preparedness subcommittee, headed by Sen. C. John Stennis, D-Miss., shortly after Congress reconvenes.

The subcommittee already has in hand reports that the Army is short of helicopter pilots.

The overall pilot need in all the services has been placed by some sources as high as 8,000. It takes about 18 months and \$300,000 to turn out a fully qualified jet pilot.

Jockeying Over Senate Seats In 1968 Likely To Effect Presidential Race

WASHINGTON (AP) — The 1968 elections will involve 24 Senate seats, and the jockeying over them will unlose political pulling and hauling likely to have considerable effect on the presidential race.

Among 11 Republican senators whose terms expire two years from now are two who have been leaders in what is commonly called the liberal wing of the party — Thomas H. Kuchel of California and Jacob K. Javits of New York.

Kuchel did not support GOP presidential nominee Barry Goldwater in 1964 nor did he want to help Gov.-elect Ronald Reagan in California.

Yet any attempt by conservative Republicans to cut him down could bring trouble to the party in California. Kuchel has a substantial personal following. There has been speculation that he might, if he thought the right, run as an independent.

Javits, with backing from Gov. Nelson A. Rockefeller, has made himself available as a vice-presidential nominee. This has to be linked with the possibility that Gov. George Romney of Michigan will get the presidential nomination.

Former vice-presidential Richard M. Nixon, a leading possibility with Romney, is a resident of New York and a Nixon-Javits ticket would violate the presidential politics.

Goldwater, himself, is expected to be a 1968 Senate candidate. The Arizona senator's term ends in 1968, but Democrat Carl Hayden, Hayden is ill and turned 89 last fall.

Merger Plan By Sierra Explained To Exchange Club

The proposed merger by Sierra Life Insurance Co. and an Arizona insurance firm was explained to the Twin Falls Exchange Club during its weekly luncheon meeting Tuesday afternoon in the Elks cafeteria.

Jim Penton, public relations director of Sierra Life, explained why the local company wants a merger and what has occurred so far on the proposed merger.

The Idaho law on insurance firms in relation to other states, also was outlined by Penton.

It was announced that a board of directors meeting will be held Thursday noon and the club's volleyball team will play at 9:30 p.m. Thursday.

Former T.F. Man Hurt Sledding

FAIRFIELD — Donald Voeltzel, former Twin Falls truck driver, was seriously injured New Year's day in Pocatello during a sledding accident.

He received internal injuries when the inner tube he was riding on slammed into a tree. Voeltzel was with his family and friends at a park near his home and was being pulled by a Honda when the accident occurred.

He underwent surgery at Bancklock Memorial Hospital where his condition is reported as fair. Voeltzel is the son of Mr. and Mrs. George Voeltzel, Fairfield, and just recently moved to Pocatello where he is employed by Garrett Freightlines.

Three weeks old and still "sweet-cream" fresh!

Now you can enjoy the old-fashioned goodness of cottage cheese with a brand new convenience: this one is a refrigerator staple. Open it any time within three weeks and it's as fresh-tasting as the day you bought it.

A new process gives it extra long life — protecting the fluffy, moist curds from ordinary deterioration. No preservatives are added. It's hermetically sealed in aluminum and refrigerated, so it stays "sweet-cream" fresh till you open it.

Try it soon. Freshness is guaranteed or your money back — from Kraft.

YOUR BIRTHDAY and HOROSCOPE

THURSDAY, Jan. 5 — Born today, you are progressive in your ideas and faithful enough to those ideas to be progressive in your actions, too. Efficiency and determination join to make you successful in almost anything you undertake but take care that you don't become overconfident to the point of taking on more than you can accomplish.

You have great personal courage and can be relied upon to act in accordance with your principles and high standards of behavior. Friendships mean a great deal to you, but if it is a rivalry-between-principles-and-friends, friends had better be prepared to take second place every time.

All signs point to an early marriage for you born on this date. The ties of family and the responsibilities of domesticity should hasten your maturity by some years and bring success in your career outside the home that much sooner. This is true for you women as well as you men, for a career outside the home is as possible for one as the other.

Legislators Get Report On Tax Base

BOISE (AP) — Idaho legislators have been given a preliminary report containing statistics on state property tax base and eight proposed tax-law changes by the Idaho Tax Commission.

Among recommendations by the commission are:

- Change of assessment and lien date to Jan. 1, rather than the second Monday of January.
- Change of date to April 15 for filing reports with tax commission by utilities. The due date for such reports now is the second Monday of May, except for Pullman, where the date is the second Monday of August.
- Extending from 1967 through 1969 the rebates of tax revenues assessment rates go up under the equalization law.
- Clarification of whether the legislature wants real property categorized under the tax equalization law. A tax commission ruling establishing three categories of real property during the adjustment period was recently reversed in district court.
- The report asks the legislature if it wants the three categories to revise the new law.
- Broaden the scope of Class III or utility property to include commercial aircraft and equipment. Airlines now do not pay property tax in Idaho.
- Enact a measure to continue documentary stamp requirement on real-estate transfers.
- Federal law requiring documentary stamps of the amount of 55 cents for each \$500 on real estate transfers expires in 1968. A state measure would provide Idaho with the money now going to the federal government.
- Clarify the code for exemption of growing crops from assessment. The commission wants specific directions covering crops stored from a prior year's harvest.
- Imposition of a 5 per cent severance tax on the cash market value of timber at harvest.
- The commission also asks clarification of existing laws determining cash value of forest lands.

Deliberate Attack Denied By Pentagon

WASHINGTON (AP) — The Pentagon has officially denied that U.S. planes deliberately bombed civilian areas in North Vietnam, North Vietnam's third largest city.

The statement was contained in a Defense Department letter to Rep. Ogden R. Reid, R-N.Y., that amounts to an official rebuttal of some portions of a New York Times dispatch about U.S. bombing of the city.

Dated Dec. 30 and made public Tuesday night, the letter was signed by Phil G. Goulding, deputy assistant secretary of defense for public affairs. It came in response to Reid's request for a restatement of U.S. policy on bombing and targeting in North Vietnam in light of recent Times' dispatches reporting widespread civilian deaths and damage.

Harrison E. Salisbury, a Times' assistant managing editor, said in one dispatch from Hanoi last week that U.S. planes have systematically attacked nonmilitary targets including textile plant and dikes in Nam Dinh, killing 89 persons. He added: "No American communiqué has asserted that Nam Dinh contains some facility that the United States regards as a military objective."

Goulding said this statement "is without accuracy." He added: "The New York Times simply did not take the time to research the matter themselves or, indeed, to ask our assistance."

The Times, however, said in today's editions that before Salisbury's dispatch was published Dec. 27 "it was read to Defense Department officials."

"In a statement printed in the same issue of the New York Times," the newspaper said, "administration officials concede for the first time that American bombing raids against North Vietnam were in fact civilian causing damage to civilian areas."

"The officials also said that there were military targets in Nam Dinh and that American aircraft had repeatedly bombed them."

Bishop To Visit Local Church

The Rt. Rev. Norman L. Foote, Bishop of Idaho for the Episcopal Church, Boise, will make his annual visit to the Church of the Ascension, Twin Falls, Sunday.

The Bishop will celebrate the Holy Eucharist at 8 and 10:30 a.m., assisted by Rev. W. W. Howell, pastor of the Church of the Ascension. A breakfast will be served at 8:40 a.m. in the Bishop Rhea Auditorium for the vestry and parish leaders and members, with a discussion by the Bishop from 9:15 to 10:15 a.m. on the work of the church in Idaho and plans for the coming year.

TWIN ERRORS CANCEL OUT
An expert playing at his worst doesn't have to make a glaring mistake. Sometimes he will make a mistake so small that it might not be noticed.
South's five club contract was a good one. He and his partner held a total of 22 high card points between them so it also represented very strong bidding. Dummy's ace won the first spade trick and South led a diamond to his queen. West won with the ace and played jack ed another diamond with his queen of clubs.
—He finessed dummy's 10—of trumps and made the rest of the tricks with dummy's diamonds and his ace of hearts.
—Where were the mistakes? West should have beaten the hand by playing his eight clubs instead of the six spot. This would have forced dummy's 10. Later when South led the nine of clubs West would have played the six. South could let the nine ride but in that case he would be stuck in his own hand, with no way to pull West's last trump and run the diamonds.
So West had made a serious mistake but he wasn't the only expert who went wrong. South could have made the contract had he ruffed the third spade with his nine of clubs. Then he would have been able to finesse eight West's clubs and win in dummy each time irrespective of the order in which West played his jack, eight, six and four.

CARD SENSE
Q—The bidding has been:
West—North—East—South
1 ♠ Pass 1 ♠
Pass 2 ♠ Pass 3 ♠
Pass 4 N.T. Pass 4 ♠
Pass South, hold:
♠ A K 7 ♠ W A 2 ♠ A K 8 ♠
What do you do?
A—Bid five spades. Your partner has asked you about ace and this response shows three aces.
TODAY'S QUESTION
You bid five spades and your partner bids five no-trump. What do you do now?
