Red Chinese Leader Humiliated In Park

TOKYO (AP) — Mao Tse-tung's Red Guards have submitted President Liu Shao-chi and his wife to humiliation in Peking, forcing him to recite from the book of Mao's thoughts while standing on a table in a government park. The development, as reported by Peking wall posters, suggested Mao held the upper hand, at least in the capital. Japanese dispatches from Peking said the wall posters reported the incident as taking place Jan. 26 in Chung Nan Hai Park where the state council and the Communist party headquarters are located. The park normally is restricted. At the same time, Chinese Communist news media reported Mao met a visiting Albanian delegation presumably in Peking. A Yugoslav dispatch said photographs of Mao showed him looking well. The exact whereabouts of both Mao and Liu had been a mystery to the outside world for months. Liu had been reported to have stayed in Mao's quarters at Sikkhachwang, about 150 miles south of Peking. There had been other reports that he was under virtual house arrest in Peking. The wall posters and the reports on the Albanian functions indicated both Mao and Liu may be in the capital now. Japanese analysis said the accounts of the humiliation of Liu make it appear that his days are numbered as China's leader in the capital now. See RED CHINA, Pg. 2, Col. 6

Withholding Of Milk Is Slated

EAU CLAIRE, Wis. (AP) — The president of the National Farmers Organization yesterday in his nationwide milk withholding action is "imminent" and can be avoided only if processors agree to raise prices. The withholding action is going to be necessary otherwise dairy farmers will be taking from processors 10 to 15 percent from now on. Oregon Leo Stanley of Corvallis, Iowa, NFO president, told newspaper.

Everyone Favors Reorganization, But ...

Associated Press Writer. **BOISE (AP)** — Nearly everyone is in favor of reorganizing Idaho's state government. It would eliminate waste, cut out duplication, provide more efficient operation of government. But no one, it seems, wants to be reorganized out of business. Legislators and department personnel apparently think government reorganization is better in theory than practice when a fact. With the 23-bill package creating departments of administrative services and personnel. The department of administrative services would encompass most of the "housekeeping" functions of the state government while the personnel department would include the civil service, payroll division, and merit and retirement systems. They are two of a proposed 12 departments which would result from an overall reorganization of Idaho's present 128 agencies, departments and commissions. The overall plan by a committee on state government, according to David N. Easton, prime architect of the proposed housekeeping structure, is to achieve a "leaner government" by eliminating "non-productive" work of state government. "We have simply attempted to present an organiza-

Drought In India Poses Food Threat

NEW DELHI, India (AP) — Indian officials have breathed a sigh of relief at President Johnson's announcement of continued food aid, but at the same time an unrelenting drought is heightening the danger of eventual starvation and death. No sign of relief has appeared, and India's winter is beginning to give way to what will be scorching dry days ahead without any of the usual winter rains. Reports from some hard-hit areas say that if rain does not fall in the next two weeks there will be no chance of sowing the summer crop, the country's major one. Drought last fall ruined the lesser winter crop. The Bihar Relief Commission reported Saturday that people in some hill regions of that drought-stricken state are living on roots and grass. A report in Saturday's Times of India from Patna, Bihar's capital, said wells have begun drying up in about 24,000 villages of south Bihar, which export a population of 12 million people. The report said the water table is "fast receding" and government relief crews are attempting to dig deeper wells as rapidly as possible. Light army drilling rigs have been placed at the state's disposal. The United Nations and many foreign church relief organizations have rushed drilling rigs, food distribution units, clothing and shelter supplies to Bihar. A Roman Catholic relief worker coming to New Delhi from Bihar said the incidence of death in Bihar was increasing but it was difficult to say any starvation deaths were occurring. He said at this point there is a fine line between hungry people dying of disease with weakened bodies, and actual starvation.

U.S. Jets Tangle With MIGs Near Hanoi Facilities

By BOB GASSAWAY
SAIGON, South Vietnam (AP) — U.S. fighter-bombers tangled with Communist MIGs on Saturday during a second day of raids on installations north of Hanoi, the U.S. Military Command reported Sunday. At the same time, headquarters announced that nine troop-carrying U.S. Army helicopters were hit by Communist ground fire during an ambush assault by South Vietnamese troops only 21 miles west of Saigon. A spokesman said 10 American servicemen were wounded in the action. One of the helicopters was destroyed and the other eight sustained "moderate damage" but were able to fly to safety, headquarters said. Headquarters gave few details of the action except to say it occurred while the helicopters were lifting South Vietnamese troops to a landing zone. A spokesman said the landing zone had been shelled in advance by U.S. artillery and three air strikes to suppress enemy fire, but that heavy small arms fire was encountered in the landing zone. Elsewhere in South Vietnam, ground action continued light and scattered. U.S. B52 bombers staged two raids before dawn Sunday on an enemy helicopter complex 94 miles east-northeast of Saigon. In the air raids over the North, U.S. Air Force pilots during forays north of Hanoi. One flight of F105 Thunderchiefs encountered two MIGs as the flight was returning from a strike in Laos. The Thunderchiefs were loaded with 38 miles north of Hanoi. One of the U.S. planes fired an air-to-air missile at the MIGs and the pilot reported that the missile followed the MIGs as they disappeared into haze.

Travel Agent Freed From Czech Prison

(See Photo On Page 6)
NEW YORK (AP) — An American travel agent, sentenced to eight years in a Czech prison for operating a cold war spy ring here, was freed from his life Saturday, his freedom apparently won by a series of diplomatic maneuvers. "I don't know why I was released," said Vladimir Kazan-Komarek, as he told newsmen of being on a clean-up detail of washing the floors at 5 a.m. Saturday when he was told he would be set free. Kazan-Komarek, 42, was reunited with his wife Dorothy in a private plane at Kennedy International Airport. Holding the dark-haired woman in his arms, he cried, "This is my greatest moment."

Orbiter To Photograph Moon Sites

CAPE KENNEDY, Fla. (AP) — Lunar Orbiter 3 took its moonward Saturday night to photograph the lunar sites of Apollo 14 and 16. The orbiting spacecraft, which is scheduled for a mission to photograph the Apollo 17 landing site, is expected to complete its mission by the end of the month. The mission is part of a series of lunar orbiting operations planned for the next few months. The spacecraft will orbit the moon at an altitude of about 31 miles and will take 2.5 hours to complete each orbit. It will take 24 orbits to complete a full moon orbit.

Cold Elephant Auction Set

PORTLAND, Ore. (AP) — A frozen elephant in a cold storage plant scheduled to be auctioned Monday. "One way or another, we have to get rid of her," said Red Mercereau, a plant employee. Circus operator Stan Kramien had her put in cold storage after she died in 1962 as evidence in a planned legal action against the animal dealer who sold her to him. The plant hasn't heard from Kramien in two years and there is \$50 due in storage fees. The auction will be held in the storage plant. "But, when you think about it, it's probably not too many people who would want a frozen elephant," Mercereau said.

Sugar Beet Price Hike Is Predicted

POCATELLO (AP) — Idaho Beet Growers Association president Glen Claborn predicts an improvement in the 1967 sugar price and a return to full production for the industry. Claborn, who is addressing the association's annual meeting Saturday in Pocatello, said production was down in all areas because of the weather, he said, but "without acreage allotments this year, it is expected growers will produce more to supply the factories with their full market allotments and provide for necessary inventory." Claborn, who was re-elected as president, has been president since 1957. "Production was down in all areas because of the weather, he said, but "without acreage allotments this year, it is expected growers will produce more to supply the factories with their full market allotments and provide for necessary inventory." Claborn, who was re-elected as president, has been president since 1957.

Hanoi Still Demands Halt To Bombing

WASHINGTON (AP) — A high government source reported Saturday Hanoi is still demanding a permanent halt in North Vietnam bombings. Johnson's offer to "go more than halfway" to end the war. This source said so far there had been no indications in subsequent delicate diplomatic probes of any Communist response to Johnson's Thursday news conference statement that

Johnson To Seek Crime Control Law

WASHINGTON (AP) — President Johnson will seek Congress a special message Monday asking for a new "safe streets and crime control law." The White House announced Saturday the president's plan to submit the document, promulgated in his State of the Union address. Some of the major items which Johnson has said will be encompassed in the proposed legislation include:

- Federal contributions covering 90 percent of the cost of developing state and local crime plans.
- Additional police units, developing better communications and alarm systems and introducing the latest police equipment on the largest police equipment.
- Federal payment of 50 percent of the cost of building crime laboratories and police academies.

Johnson also will ask for "strict controls on the sale of firearms," and a new anti-drug program.

Legislators Leave Halls For Tours

BOISE (AP) — Lawmakers deserted Idaho legislative halls Saturday, spending the day at their homes or on tours, but plenty-of-business awaits them upon their return Monday. A check of legislative records showed that the number of bills introduced so far in the 1967 session is almost identical to the total at the corresponding time in 1965. In the House, 174 bills have been introduced compared with 159 at the end of the 32nd Legislative day two years earlier. In the Senate, the total this year is 87 compared with 106 in 1965.

Consternation Caused By Court Action

By EARLE L. JESTER
Associated Press Writer
BOISE (AP) — The Idaho Supreme Court, which outlawed variation in Idaho's property tax assessment has caused consternation among legislators and officials. But some believe the ruling may be of value in developing an equitable tax base. "Until the 1965 Legislature enacted the Uniform Tax Assessment Act, Idaho law required that property be assessed at 100 percent of value. That requirement never was followed. Property was assessed at varying rates of 100 to 300 percent of value. The 1965 law specified Idaho property should be assessed by 1970 at a uniform rate — 20 percent of full cash value. There was no exception. Property owned by public utilities should be assessed at 40 percent of value. This exception caused the Supreme Court to order the utility taxation provision unconstitutional. There were two reasons for the court's decision. — Throughout the year, utility property has been assessed at a higher rate than other property. It is difficult to determine cash value of utility property. — Members of past legislatures made no secret they believed utility rates were making more money than they should. That they should be forced to pay high taxes. Lawmakers who felt that way resisted if they were to support the uniform assessment act. The law had to include keeping utility value of utility property at a higher level. Difficulty of determining value of utility property or a natural gas transmission pipeline are not commodities common to the open market. A day-to-day market test is used to determine value of property such as houses or farms.

Woman Dies After Fall From Bridge

(See photo on page 10)
Federal services for Mrs. Jeanne S. Key, 42, of 828 Willow Lane, who reportedly jumped from the Perrine Memorial Bridge about 6:30 p.m. Friday, will be held at 1:30 p.m. Wednesday in Reynolds General Chapel by Rev. Robert Huxley.
The body of Mrs. Key, a mother of three, was recovered by Twin Falls County Sheriff's officers 400 feet below the Snake River Canyon rim and under the bridge about 10 p.m. Friday. The body was recovered after the sheriff's office was notified that a woman had been seen jumping from the span at 6:30 p.m. With the aid of spotlights, the body was located about 100 feet from the edge of the water and a host was launched from the Reynolds County side of the river. After a search among the rocks at the bottom of the canyon, the body was removed from the water. A body bag was used to transport the body to a Western funeral home, where it was held pending the reading of the 23rd degree above zero.

Northeast Has Biting Cold Weather

By The Associated Press
Biting cold in the Northeast this weekend is being supported by the National Weather Service's weather picture today. The frigid arctic air settled in the Northeast in the wake of the recent snow storm. Minimum temperatures were below zero across most of central and northern New England with readings as low as 10 below zero. The snow plume to more than 50 in parts of northern New England during the night. In the Midwest, brisk southerly winds under a cover of clouds brought much warmer weather to the upper Great Lakes. Pullman, Mich., reported -14 early on Saturday morning. At the same time the mercury on the reading was 23 degrees above zero.

Man Jailed

BOISE (AP) — U. S. Army Sgt. Alvin Turner, 34, of Boise, Idaho, was jailed for 10 months by a West German court after being convicted of drunk driving and causing the death of a 23-year-old woman. Turner was arrested in Adenau, West Germany, after striking Otto Bohla of nearby Adenau with his car in October last year after drinking whisky. The car was piled into a flooded stream running alongside the road.

Weed Control Group Studies Bean Plants

RUPERT — A weed control school under sponsorship of the extension service in Cassia and Minidoka counties continued with a study of specific weeds connected with beans at a meeting of this week in the civic building.

Marshall LeBaron, superintendent of the University of Idaho Branch Experiment Station at Twin Falls, was the authority who instructed students on weed control methods. He stressed seeding rates and preparation of the land to get a good stand of beans.

Mr. LeBaron said quack grass can be controlled best with dry cultivation, where possible, and he also recommended the use of dalapon approximately five weeks before seeding.

He went into detail regarding the use of zinc, phosphorus and nitrogen on beans.

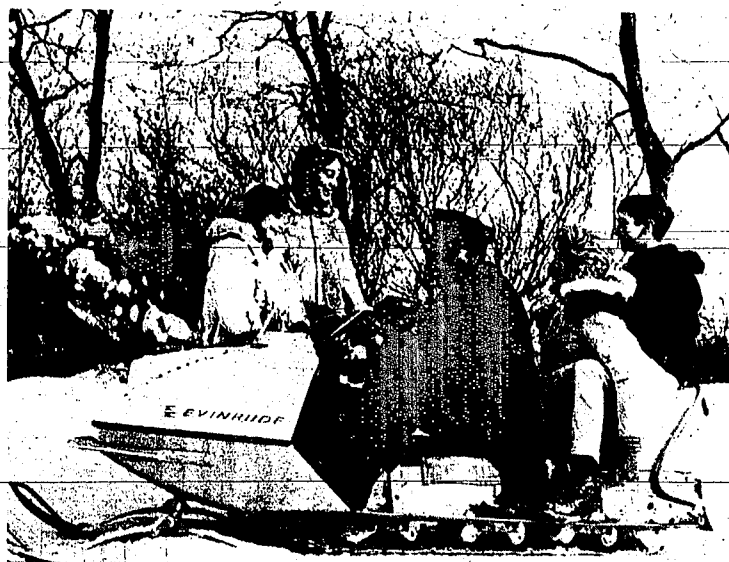

The visiting expert pointed out that beans seeded in fields following beans have not produced good yields in the past. Authorities now report that this has been due to a deficiency of zinc in the soil, brought on either because the beans tied up the zinc or the heavy application of phosphate usually used with beans tied up the zinc.

Mr. LeBaron recommended the use of 10 pounds per acre of zinc sulphate and zinc sulphate to alleviate this condition. The use of zinc will often improve yields and in many cases hasten maturity of the beans, he said. He also discussed the use of 2,4-D and tordon for control of perennial noxious weeds, stressing the need for caution with use of tordon.

He spoke of the use of epinat and treflan for control of annual weeds, and reminded growers that treflan will not control nightshade.

He also urged the use of bedding to improve the stand of beans and for control of weeds. He urged farmers not to wait until the beans are dry before the first irrigation, stating that early irrigation hastens maturity.

The weed control school will continue from 2 to 4 p.m. Tuesday in Burley at the courthouse, when control of weeds in sugar beets will be the topic.

Shoshone Boy Scouts Plan Pancake Feed

SHOSHONE — Boy Scout Troop 103, sponsored by Christ Church, will hold a public pancake supper from 5:30 to 7:30 p.m. Tuesday at the Shoshone Lincoln School cafeteria.

Regular and sourdough pancakes will be served with pork sausage and trimmings. As a community service project, one-half the proceeds will be donated to the Muscular Dystrophy Fund. The other half will help support the troop's camping program.

Shrove Tuesday, as the day before Ash Wednesday is traditionally called, was the day when housewives cleaned out their pantries of food from which ancient Christians fasted during Lent. These included animal fats and eggs, which were easily served up as pancakes, thus giving rise to the traditional eating of pancakes on Shrove Tuesday.

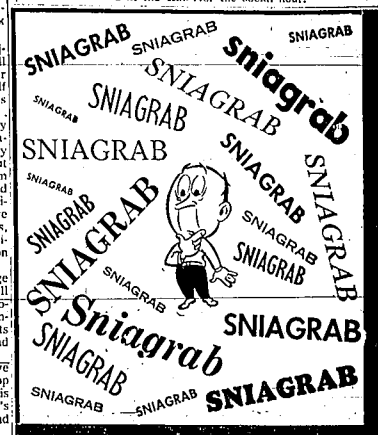

The troop committee in charge of arrangements include Russell Sweet, chairman; William Matt-butt, Elmer Terry, Charles Hansen and Doyal Bennett. Scouts will assist in the kitchen and wait on tables. As many as 175 persons have been served at previous troop pancake suppers. The public is invited to support the troop's Muscular Dystrophy effort and their camping program.

Man Bound Over For Court Action After Hearing

Thomas W. Garbutt Jr., Lawton, Okla., was bound over to district court Friday by Twin Falls Police Judge Harry Turner on a charge of first degree burglary.

Bond was set at \$1,000 and Garbutt was remanded in county custody in lieu of payment. Judge Turner conducted the preliminary hearing for Garbutt who is charged with burglarizing Volcan Bullets Supply Co. Jan. 15. He was arrested by officers shortly after the burglary was discovered at the building supply center.

Two men were flushed from the building and officers said they found Garbutt hiding in a nearby gravel pit a short time later. Another man escaped.

WASHINGTON There is now absolutely no doubt that the United States and the USSR are conferring regularly on the chaotic situation in Communist China and on what Secretary of Defense Robert McNamara has called "several major problems" between Moscow and Peking.

"People in the State Department, Pentagon and White House who know what's really going on there have been discussing since last summer on the two related subjects. These have included an exchange of proposals between President Johnson and Soviet Premier Leonid Brezhnev and between Secretary of State Dean Rusk and Soviet Foreign Minister Andre Gromyko.

Only Thinkers

If partisan politics actually is the cause of dismissal of Clark Kerr as president of the University of California, it is no distinction for the state or for Gov. Ronald Reagan.

A DIRECT HIT - There were two examples of this switch in the last week. In a little-noticed exchange, Under Secretary of State Nicholas de Kotelowski told Senator J. William Fulbright, "We couldn't close our minds in any kind of combinations, any kinds of alliances,"

When asked about a joint U. S.-Soviet effort to check the Peking military. And Secretary McNamara told Congress that Russia is "strengthening its military posture in response to serious border problems with China."

The statements marked the first time the United States had commented officially on the U.S. policy of silence which has been maintained partially because of a reluctance to give unjustified emphasis to the discussions between the U. S. and Moscow, and partially to avoid furnishing news to Communist countries.

However, it is now becoming increasingly clear that President Johnson's plan for a peace-keeping partnership with the Soviet Union is making progress. Glibly, Secretary McNamara or Katzenbach would have said what they did if there were no grounds for believing that something was being accomplished along that line.

It is, of course, the Soviet Union that is nervous about the project. The Russian leaders are extremely reluctant to give the impression that they are conspiring behind Red China's back for all but a few Communist countries and Moscow cannot be blamed for hoping for some kind of rapprochement with Peking once the civil war dust settles.

At Moscow, however, there has been a willingness to go along with a policy, urged by Washington, of gradually leaking news of the Soviet-U. S. talks on Red China. When Gromyko was here last fall he agreed to a suggestion that the New York Times could publish news of his talks.

At the same time, however, other Washington news leakers leaked the same information to a number of other correspondents on the condition that it not be attributed to official sources.

Views Of Others

HOW ABOUT A STATE BANANA TAX? Idaho imposes a 10-cents-a-pound tax on oleomargarine. It raises some revenue, but it is not its intent. It is meant to be a tariff, a tariff to make the butter from Idaho dairy herds more competitive.

On that score, it is a failure. Butter, even with the tax, is so much more expensive than oleo that there can be very few who do not choose butter over its imitation because of flavor, not price.

But the illusion of a successful tariff makes Idaho dairy farmers as contented as their cows. However, they grow very uncontented when anyone suggests that the illusion be removed.

The inequity is that oleomargarine is the only one of these products that is taxed. It is the only food on which Idaho consumers are asked to pay an artificially inflated price.

There was a bill before the Idaho Legislature to repeal the tax on oleomargarine. But the dairy farmers were very upset about it, and the bill was dropped. Perhaps the proper approach is not to deny the dairy farmers their feeling of contentment, but to give the same relief to the producers of Idaho goods.

Why shouldn't the consumers of this state have to pay for the emotional well-being of other industries as well? Idaho is a word producing state. A tax must be placed on steel.

Idaho grows apples, plums and cherries. Let's tax bananas.

Idaho has a wood producing state. A tax must be placed on steel.

SAIGON (Delayed)—This war is being fought with one hand tied behind our back. The enemy has been given a sanctuary in enough political advantage to make it worth his while to keep the fighting going, perhaps indefinitely.

The Yugoslav consulate bombing during Tito's visit to Washington last week was the most dramatic incident in the history of the most hated man in Yugoslavia.

We've always been sold a bill of goods, including the fact that this man—Tito has never had any more than a few thousand of his own people, and that he has been the free world side than John Henry J. Taylor—Dwight D. Eisenhower.

Trade gives aid. Arms-giving to Communist countries is giving. If it were war we'd be lucky if it didn't use our tax dollars in billions in aid and arms attack Italy!

In 1922 the new unitary state of Yugoslavia brought together for the first time in history the Serbs, Croats and Slovenes—a unit which ended in 1941 with the Axis controlled "Independent State of Croatia."

The Serbian resistance leader was a man named General Mihailovich, Tito, a renegade Croat, was Stalin's stooge. By murdering Mihailovich in a trumped-up trial, Tito seized postwar Yugoslavia for the Soviet Union.

The twist we've always been given about Tito is built on the myth that he broke with Stalin. On the record, this is simply not true. Stalin broke with him.

When Soviet-equipped Tito attacked neighboring Greece in 1948 it is obvious that Stalin's policy has been to lead Greece before our aid reached Greece if the U.S.S.R. had followed through.

But the developed delusions of grandeur, Moscow really intended to become a king of the Red Balkan federation based on Macedonia and stretching from the Balkans to the Pacific. Powerful, ambitious to go or never quit, Moscow's plans.

Every such sanctuary is exploited by the enemy toward a direct purpose of prolonging the war, wearing us out, grinding us down and exacting a bloody, costly price for such sanctuary, and the gains are all on the other side in net effect.

Today And Tomorrow

By WALTER LIPPMANN

There are reasons for thinking that the Vietnam conflict will come into a new phase when new opportunities present themselves. There are new indications that at least for a time the Americans will be able to get out, to flatten Hanoi or to withdraw better "skelter."

Such a change in the situation is the spreading disorder inside mainland China. It is bound to mean a reduction in the military and political influence of Peking or Hanoi and a corresponding increase in the influence of the Soviet Union.

It means a reduction, also, in the military and political Chinese threat to her neighbors. Second to what is happening in China, a long way second to the fact that the United States has now established a military position in South Vietnam and Thailand which for the foreseeable future is invulnerable.

Third, the counterrevolution in Indonesia has made it quite evident that Chinese military power cannot be carried across the sea. They are landlocked, so to speak, in continental China.

These three developments have created a new situation and have opened up new opportunities. Nothing may come of it all. Indeed, a surprise without that the favorable opportunities created are canceled suddenly. We need only take the advice of Barry Goldwater.

By the time the situation could be destroyed in a few hours. All that would need to be done is to attack China from the south. The attack is the first step of the plan.

Below that cave, the rumbling of prayers from tens of thousands of devotees from all over Malaysia was heard in the carnival-like noise of celebration.

The vendors called out their wares, India love without that the favorable opportunities created are canceled suddenly. We need only take the advice of Barry Goldwater.

Will Enforce Building Code

Beginning March 1 the uniform building code, as in force in the city of Twin Falls (the past 25 years) and as adopted by most cities and counties across the country, will be enforced in Twin Falls County.

George Ottens, county zoning administrator, said the code has been under study the past year by the county Planning and Zoning Commission.

Commissioners signed the ordinance adopting the code by reference. No public hearings are required on the code as were on the zoning ordinance, they explained.

Mr. Ottens said this is one area of county administration where taxpayers will not be paying the bill as a general group. Only the people using the code's regulations will pay for its administration, he explained.

After March 1, Ottens said, building permits will cost on a basis of the structural value of the building for which the permit is issued. He said an average \$10,000 to \$12,000 home will cost approximately \$39 for a permit but it will now assure the owner against faulty construction and material.

Four inspections will be made during the construction of a building and builders will be required to meet minimum standards set by the building code. It does, Mr. Ottens said, supplement the present county zoning ordinance.

He estimated no additional employees will be required by his office to handle necessary inspections.

Thus far, he said, the only objection to a county building code was mild. Only one person, Nolan Victor, has voiced opposition, he said.

Surveyor Speaks At Fairfield

FAIRFIELD — Forrest Clouser, Boise, leader for the Idaho State River Basin Survey party, was present at the first meeting of the Camas County Conservation inventory meeting Thursday afternoon in the county courthouse.

Conservation needs in the county were studied. The 12 watersheds in Camas County, flood, erosion control and damage were discussed at the meeting. Projects for two of the watersheds were proposed and the others will be considered at a future meeting to be held at 2 p.m. Thursday at the courthouse.

Federal, state and local agencies are cooperating in the survey. Representatives were present from the forest service, cattlemen's association, wheat growers, ASCS and ASCS committee, soil conservation, Camas County agent and the Gooding FFA. Leo Senten, Camas County Soil Conservationist, is chairman.

Speaks With Pope Paul

VATICAN CITY (AP)—Sen. Robert F. Kennedy, D-N.Y., and Pope Paul VI exchanged information and views on Vietnam Saturday at the end of the senator's meetings with Western European leaders.

Before flying home from a private, 10-day European tour, Kennedy told reporters he talked "in great detail" with the Pope about ways of achieving peace in Vietnam.

Kennedy said he and the Pope had discussed the entire Southeast Asian situation during his 35-minute private audience in the Pope's library.

Kennedy came to the papal audience from talks on issues including Vietnam with Prime Minister Harold Wilson of Britain, President Charles de Gaulle of France, Chancellor Kurt Georg Kiesinger of West Germany and Premier Aldo Moro of Italy. Only five days before, Pope Paul had discussed Vietnam with Soviet President Nikolai V. Podgorny.

Boise Meet Is Held By Engineers

The 57th annual convention of the Idaho Society of Professional Engineers was held in Boise Thursday through Saturday.

Those attending from the Magic Valley were Earl Haroldson, J. P. O'Connor, Paul Newstrom, Fred Powers, Charles Brockway and Al Robinson, all Twin Falls; Donald Morse, Burley, and Jim Pline, Gooding.

Mr. Haroldson was elected president of the state society and Mr. O'Connor president-elect of the Magic Valley Society of Professional Engineers.

The convention theme was engineering for human environment.

Special guests at the convention were Gov. Don Samuelson and Thomas Linville, president of the National Society of Professional Engineers.

Counties Get Home Agent

SHOSHONE — Mrs. Kenneth (Mary Lou) Ruby began work Wednesday as extension home economics agent for Lincoln, Blaine and Camas counties.

She is a part of the University of Idaho Extension Service personnel, with part of her wages being provided by the three counties involved.

Mrs. Ruby's office will be located in the Lincoln County secretary's office, Shoshone, which has had a free-living this week by way of painting and rearranging.

She will be available either herself or through the office secretary, Mrs. Raymond Bernard, from 8:30 a.m. to 5 p.m. Mondays through Fridays. Her time will be divided among the three counties and she will serve homemakers in the three counties as well as the 4-H economics work involved.

Mrs. Ruby has been home economics agent for Elmore County since 1960. She is a graduate of the University of Idaho.

She and Mr. Ruby will make their home at Gooding where he works through the branch office of the Southern Idaho Production Credit Association. He spends one day a week working in the Shoshone vicinity also.

Preliminary work for securing a home agent began in the three counties many months ago with county extension agents promoting such a program and county commissioners in the three counties voting to appropriate funds for their share of her salary.

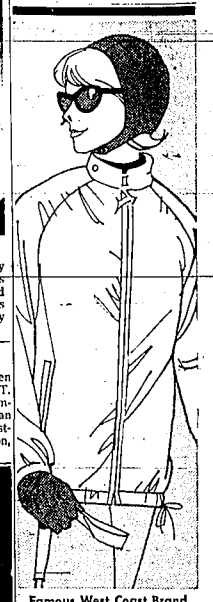

MRS. MARY LOU RUBY began work Wednesday as extension home economics agent for Lincoln, Blaine and Camas counties. Her office is located in the Lincoln County Agent's office, Shoshone.

Auto Workers Eye Break With AFL-CIO

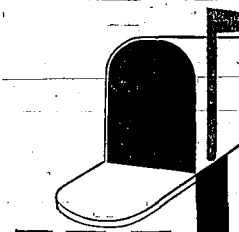

By A.F. MAHAN
DETROIT (AP) — The hyphen in "AFL-CIO" has served since its founding as a reminder that the two major houses of labor never have completely resolved their differences. Now the AFL-CIO's largest union, the United Auto Workers, is threatening to erase the hyphen, which also has welded two bitter enemies into the most powerful labor force in history.

The International Executive Board of the UAW Friday directed its four top officers to resign their positions with the AFL-CIO Executive Council, but stopped short of a final break. However, it amended the AFL-CIO agenda for an April 26-27 pre-bargaining convention to include discussion and action on the AFL-CIO, with the UAW's International Executive Board is no doubt the UAW convention

These UAW actions climaxed a month of stormy debate on policy within the AFL-CIO's governing Executive Council between George Meany, 73, president of the AFL-CIO, and Walter P. Reuther, 60, president of the UAW. The threat of Reuther's 1.4-million member union to disaffiliate, however, was held by several in the top councils of the AFL-CIO Executive Council, but stopped short of a final break. However, it amended the AFL-CIO agenda for an April 26-27 pre-bargaining convention to include discussion and action on the AFL-CIO, with the UAW's International Executive Board is no doubt the UAW convention

Bliss Grange Holds Dinner, Dues Night

BLISS — An Idaho products potluck dinner and dues paying night was observed by members of the Bliss Grange, Thursday evening.

Mr. and Mrs. John LeMay, Hagerman, were guests. LeMay, a member of the board of directors of Gooding County Memorial Hospital, talked on the need of a new hospital for Gooding County.

Master James Ascuena conducted the business meeting and Mrs. Verne Carson, insurance agent, stated that when policies lapse on household furnishings, an inventoried list will be required for the new policies issued.

Doran Butler announced an irrigation school will be held in Weid, under the direction of the county agent, next week.

It was decided to write letters to other Granges in the county urging them to have speakers visit their groups to learn about the needs for a new hospital.

Members voted to hold a Bingo party to assist with the March of Dimes drive. This will be following the basketball game, at the school, Feb. 18. Those on the committee are Mrs. Arthur Daniels, Mrs. Frank Lenker, and Mrs. Fred Hainline.

The next meeting will be a card party with each lady bringing a pin. The card party committee include Frank Lenker, Mrs. Viola Hainline, Mrs. Robert Butler and Mrs. Harold Butler.

Daughter Named

WENDELL — Mrs. Gary Nicholson, the former Laura Hargreaves, was named to the dean's list for the first semester of her senior year at the College of Idaho, Caldwell.

Mrs. Nicholson is the daughter of Rev. and Mrs. Edward V. Hargreaves, Wendell. The Nicholsons are now in Bloomfield, Ind., where Nicholson is working on his master's degree in physical education. Mrs. Nicholson is vacationing for a semester.

BATON IN HAND, Larry Christopherson conducts one of many rehearsals for the Dilettante orchestra as it prepares for the forthcoming production of "Finlan's Rainbow." (Times-News photo)

Orchestra Is One Important Part Of Dilettante Group's Production

There's more to putting on a musical-comedy than just casting parts, memorizing lines, dressing up in clothes borrowed from someone's attic, and collecting the proceeds—at least when the Dilettante Group of Magic Valley is involved.

This group is a many faceted one. It is split into several separate units which function separately for many long weeks. The actors, actresses, singers and dancers, wardrobe, scenery, properties, makeup, publicity and various other department personnel rehearse and rehearse carry out their tasks until they begin to "put the show together" about the first of March.

One of these groups is the orchestra, conducted for the first time this year by Larry Christopherson. He takes over the baton from Del Slaughter who

conducted the orchestra for many years.

The group averages about 25 musicians a year, according to Mr. Christopherson. He said all are trained musicians and some are even professional so a great deal of practice is not required.

This group meets once a week about six weeks prior to opening, and then works with the whole cast and crew several days before opening night.

Mr. Christopherson, who teaches music at four Twin Falls schools, is quite enthusiastic about the score of "Finlan's Rainbow," this year's production. He noted that songs from the show are not as well known as those from others the group has done, but that they are "light, catchy and cute."

Some of the more familiar songs are "Devil Moon," "How Are Things In Glocca Morra," "How

and "If This Is Love." Mr. Christopherson said the tunes are relatively easy and lend a great deal to the plot of "Finlan's Rainbow."

He said, most are of the 1930 jazz variety and fit perfectly to the tempo of the show.

Christopherson's wife, Ginny, who also teaches music, will be playing violin in the Dilettante orchestra.

They both graduated from the University of Montana at Missoula and are in their third year of teaching. All three of those years have been in Twin Falls where they have also been active in other musical endeavors.

They have been active in the civic symphony and arranged the music for the Children's Theater production of "The Reluctant Dragon." Mr. Christopherson recently received a Jaycee Distinguished Service

5 Drivers Feted By Trucking Firm

Five drivers for Consolidated Freightways, Twin Falls, were feted Saturday night during a dinner at the Holiday Inn. The five men have completed two years without any accidents.

The five were P. R. Carlson, 1831 Heyburn Ave. E.; J. G. Kerbs, 214 Alexander St.; H. T. Rene, Route 3; E. J. Yragui, Route 2; and E. E. Routt, 473 Eastland Drive.

Carlson received the top award, the equivalent of \$112.50 in Consolidated Freightways stock for 15 years of safe driving while with the firm.

Twin Falls Chief of Police M. Frank Barnett addressed the group and A. F. Green served as master of ceremonies.

Award for being the outstanding young educator in Twin Falls. Dates for the production are March 9 through 12 and 16 through 19 at the Filer High School Auditorium.

Carey PTA Celebrates Founders Day

CAREY—Founders Day was observed at the Carey PTA meeting Thursday.

President Barbara Peck conducted the meeting and Ross Young gave the prayer. The next meeting was announced for March 2.

Mrs. Lula Thatcher, Founders Day chairman, directed the Candle Lighting Ceremony in which 11 women participated. Mrs. Eula Leazenby, Mrs. Judy Carrara, Mrs. Trenna Day, Mrs. Mary Eldredge, Mrs. Ruth Briggs, Mrs. Reed Weaver, Mrs. Gordon Albreiten, Mrs. Verne Woodbury, Mrs. Gayle Kohne, Mrs. Phyllis Bame and Mrs. Marlene Peterson.

Rhonda Hunt, master of ceremonies, made a special presentation to Don Patterson. Mrs. Muriel Sparks was presented with a PTA Life Membership Pin. A past president's pin was received by Cloyd Mecham.

The high school Girl's Chorus, under the direction of Ronald Peck, sang two numbers. A combo consisting of Edward Thatcher, Karl Bame and Bill Hunt played two selections, "Louise" and "The Crooked Man."

Mrs. Arlene Kisting, Dietrich, state second vice chairman, and Mrs. Helen Mahbut, Shoshone, state program chairman, were the visiting speakers.

Mrs. Phyllis Bame, Mrs. Bonnie Justeson, Mrs. Ruth Briggs, Mrs. Yernetta Woodbury and Mrs. Nettie Baird served refreshments of punch and Founders Day birthday cake, which was baked and decorated by President-Barbara Peck.

Several Scholarships Are Available For Six-Week Sun Valley Music Camp

Several scholarships for the six-week 1967 Sun Valley Music Camp are available to students interested in attending the summer session, according to Mrs. Donald Youtz, chairman of the scholarship board.

Scholarship auditions will be conducted at 1:30 p.m. Feb. 26 at O'Leary Junior High School and Mrs. Youtz and Mrs. Douglas Trull, executive secretary of the music camp, will be in charge of auditions.

The camp, which will be in its fourth year this year, has tripled in size since its inception, and students from 20 states and several foreign countries have attended.

Students in college, high school or junior high school are eligible to audition. Five minutes will be allowed each contestant and selections played during must be from a standard repertoire.

Five new artists will join the camp faculty for the 1967 session. They include:

- James Hopper**, another civic symphony guest artist, is also returning for his fifth year at Sun Valley. He received his education at Juillard and the University of Iowa and has studied with Corrado Sarri in Florence, Italy. He is now serving on the faculty of Boise College and has won acclaim for his performance in Brahms and Mozart string quartets.
- Gaylon Hatton**, returning for his fourth year, received his early French horn training with Marie Mariani of Los Angeles; Edmund Steyer of the Frankfurt Opera, Germany, and with Joseph Slinger of the New York Philharmonic. He was a member of the Utah Symphony for eight years and served as a member of the Utah Symphony Woodwind Quintet. He recently accepted a position on the faculty at Sacramento State College.
- Harold Wolf** was admitted to the Curtis Institute at eight and went on to study with Michel Piastro. He served 12 seasons as concertmaster with the Utah Symphony under Maestro Maurice Abraham. Before assuming the post at Salt Lake City, Mr. Wolf served six seasons as a member of the Los Angeles Symphony Orchestra. His conducting positions include the Utah Theater Ballet and the Summer Symphony at the University of Utah. He is now concertmaster of the Mobile Symphony and is returning for his fourth year at the music camp.

Gordon Paxman began his professional career as a corps member with the San Francisco Ballet and in two years had advanced to Premier Dancer and later ballet master of that ballet. He has made tours of the Far East, South and Central America and the Near East. In 1959 he joined the University of Utah faculty and was recently named chairman of the Department of Ballet. He is currently associate director of the Utah Civic Ballet and is returning to Sun Valley for his fifth year.

Elmer Thomas was recently appointed as one of the head choral directors of the Cincinnati Conservatory of Music, an affiliate of the University of Cincinnati. He received his masters degree from the University of Michigan and is a doctoral candidate at the University of Illinois. He is considered by many, including Robert Shaw, to be one of the outstanding chorus directors in the country. He, too, will be returning for his fifth year at the music camp.

Beverly Hackney will be returning for her third year as dean of women at the Sun Valley Music Camp. She has married a ballet studio for nine years in Twin Falls. She attended Idaho State University and studied ballet with Harold and William Christiansen in San Francisco, and attended the American School of Ballet in New York City.

Jacques Brouman, music and general director of the Sun Valley Music Camp, holds a B.A. Degree from Carnegie Tech and a post-graduate degree from Juillard. He has served as assistant director under Dr. Frederick Dorian and for two seasons played violin under Leopold Stokowski. He was conductor of the New Orleans Symphony and led that orchestra on two tours of the United States.

He has served as guest conductor for symphonies throughout the world and is now conductor of the Boise Philharmonic. Mr. Brouman said he feels the faculty which will be at Sun Valley this summer is "one of the finest ever assembled at any summer music camp in the nation."

Appreciation has been extended to Mr. Brouman for his organization of the Sun Valley camp and for his assemblage of the outstanding faculty.

For further information on auditions for scholarships con-

Firm Asks How To Get Minerals From Dirt

By JERRY CURRY — A ST. LOUIS, MO. (AP) — A Chicago firm has bought 100,000 tons of slightly radioactive African dirt dating back to World War II that chemists say may contain minerals valued at \$7.5 million.

But there's a hitch: How to get the minerals out economically.

"Truthfully, we do not know at this time what we will do with the dirt," said Robert Stoneburg, a vice president of Commercial Discount Corp., which paid \$880,000 for it.

The sale at a public auction Friday on the St. Louis County court house steps in suburban Clayton was for the assets in St. Louis County of the Continental Mining and Milling Co. Besides the ore, the purchase included several buildings and 3 1/2 acres of land.

Commercial Discount, one of the creditors of the Continental firm, had instituted foreclosure proceedings against Continental after that firm failed to make installment payments on a loan.

The result was the public sale. Commercial Discount made the AEC but some low-quality uranium ore remained. A chemist's report says there also was copper, nickel, cobalt and selenium in the dirt.

The residue was dumped on vacant land in St. Louis County where the AEC retained ownership.

After the first A-bomb test, the Atomic Energy Commission rushed to build uranium stock piles. So in 1945, the AEC shipped the ore in metal drums to Mallinckrodt Chemical Works in St. Louis from the Belgian Congo.

Calvin Wright Will Speak At Burley Chamber Event

CALVIN E. WRIGHT, former Burley resident, will be guest speaker at the Burley Chamber of Commerce annual dinner at 7:15 p.m. Thursday at the Ponderosa Inn. Mr. Wright is director of the Internal Revenue Service for Idaho.

BURLEY—Calvin E. Wright, former Burley resident and director of Internal Revenue Service for Idaho, will be guest speaker at the Burley Chamber of Commerce annual dinner at 7:15 p.m. Thursday at the Ponderosa Inn.

Mr. Wright attended Burley schools, the University of Idaho and graduated from Stanford University in 1930.

He began his career in the public service as a teacher and a newspaperman in Burley, Rupert and Boise. He has served as auditor in Cassia County as well as state auditor for three terms. In 1950 he capped his political career as Democratic candidate for governor. He then entered the federal service and has served for almost 16 years in his present position.

He is a member of the Christian church, Boise Rotary Club, Sigma Chi fraternity, Elks and Masonic lodges, Boise Federal Executive Council and American Society for Public Administration.

He was active in organizing the Idaho Jaycees, served on the Idaho Territorial Centennial Commission, and is a member

of the Boise United Fund board and Governor's Committee for the Employment of the Handicapped.

He is also Idaho chairman for the International Service Agencies—Radio Free Europe, CARE, Project HOPE and the American-Soviet Foundation. In October he toured both sides of Berlin's "Wall of Shame" and the Iron Curtain borders as a member of the Radio Free Europe inspection delegation.

He has three sisters well known in Burley, Mrs. Casilda Steelman, Boise, a former Burley newspaperwoman; Mrs. Marjorie Maggart, Walnut Creek, Calif., who taught school in Declo and Burley, and Mrs. Dorothy Connell, now residing on a ranch near Shoshone. Two brothers, Leo and Homer Wright, are graduate engineers in Dayton, Ohio.

Mr. Wright's subject will be, "Taxes, Hogs and Women." He reports his talk will be light and strictly "after dinner" type, with a mixture of reminiscence with old friends. Mrs. Wright will accompany him to Burley.

The Bel Cantos singers of the Burley High School, under the direction of their instructor, Robert Cooper, will entertain with musical numbers after dinner.

Lloyd Hollinger, chamber president, will preside at the meeting. The public is invited as long as tickets last, according to Hollinger.

Salmon Woman Is Chamber Official

SALMON—Mrs. Helen McKinney, Salmon, has been elected a vice chairman in the North Idaho Chamber of Commerce for Lemhi County.

The local state representative succeeds the late Charles Herndon. Her selection was made by the chamber's board of directors.

She becomes the first woman vice president in the group's history. The chamber has set April 27-29 for its spring meeting at Sandpoint.

DISMISSAL

Seven appointments and personnel changes in the fourth district staff of the Idaho State Police were announced Thursday by Lt. Dean Bennett.

Bob Brown and John Brewer, formerly with the roving port of patrolmen positions, Officer Brown will move to Burley as a patrolman and Brewer will join the Twin Falls staff.

Everett Waddell, formerly with the Port of Entry, Hollister, will also become a patrolman in the Twin Falls area.

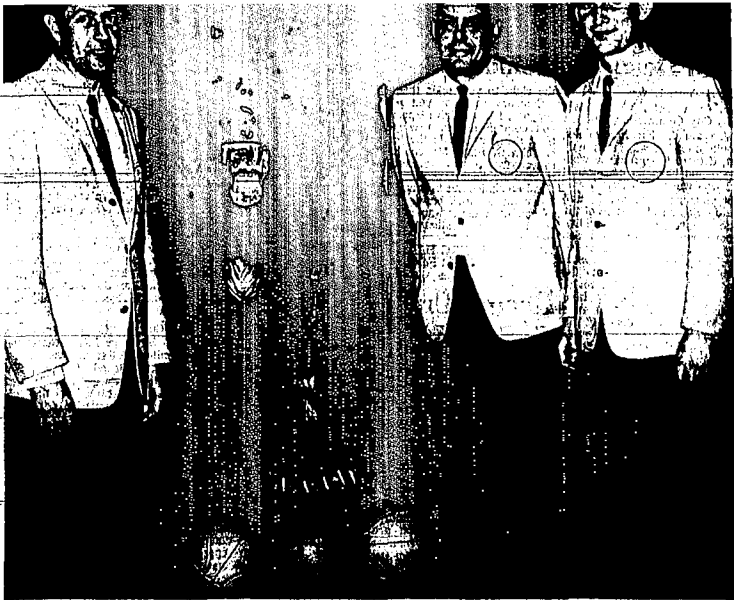

Ronald Jolley, with the Caterel port has been elevated to the post of patrolman and will be assigned in the Rupert area.

Dwayne Owen, a patrolman in Twin Falls, will be transferred to Buhl to fill the vacancy left by the transfer of Richard Burris to Boise last year.

Replacing Mr. Jolley at Caterel will be Leslie Paulin, formerly of the Boise area where he worked in a roving port of entry car.

Another new man in the area will be Dale Merrill, now with the Mountain Home police department and a graduate of the College of Southern Idaho police academy. He will replace Mr. Waddell at Hollister.

Under new regulations all roving ports of entry with the Idaho State Police are being abandoned. The car used for roving port work in District Four will become a patrol car via Burley, Lt. Bennett said.

A LARGE Fiberglas Bruin was presented to Twin Falls High School during an assembly Friday afternoon. From left are George Staudaher, principal; Richard Baun, dean of men, and Bill Van Engelen, representing the Interact Club, which donated the large replica to the school. (Times-News photo)

By Idaho Professional Engineers

The Idaho Society of Professional Engineers, at its annual meeting held in Boise Wednesday through Friday, elected Earl E. Haroldsen, president of the state organization and J. P. O'Connor, president of the Twin Falls chapter. Both are of Twin Falls.

Haroldsen, Idaho Power Company's southern division manager here, served the society last year as vice president and as a member of the board of directors. O'Connor is Idaho Power Company's division sales manager here. He previously served the society as chairman of a subdivision, the industrial engineers of Idaho.

Both Haroldsen and O'Connor are electrical engineer graduates of the University of Idaho.

EARL HAROLDSSEN and J. P. O'CONNOR were elected to state and local posts with the Idaho Society of Professional Engineers during its annual meeting this week in Boise. Haroldsen was elected president of the state organization and O'Connor, president of the Twin Falls chapter.

Late Free Tosses Carry Idaho Past Oregon Staters

MOSCOW, Idaho (AP)—Dave Schlottbauer converted both ends of a one-and-one foul situation with 15 seconds to play to provide Idaho with a 57-56 edge over Oregon State in a non-conference college basketball game here Saturday night. The Vandals led 53-52 with 2:30 to play and stalled until Schlottbauer was fouled. Vince Fritz came back with a driving layin for the Beavers.

Idaho's Ron Bohman was fouled four seconds left and his conversion put it away for the Vandals. Oregon State fired a full-court pass to Roy Peterson who hit a jumper at the gun.

Idaho held a 28-21 halftime advantage.

UCLA Edges Stalling USC In Overtime

LOS ANGELES (AP) — The No. 1-ranked UCLA Bruins survived a 44-minute stall by the Southern California Trojans and retained their undefeated record with a 49-35 overtime victory Saturday night in Pacific Conference basketball.

The overtime period was as slow as regulation play until substitute Bruin forward Bill Swook stole a USC pass and drove in for an easy layup to give UCLA a 36-33 lead.

Swook then stole an inbounds pass, and the resulting foul shot by Mike Warren gave UCLA an almost insurmountable 38-33 spread with 50 seconds left.

UCLA's 7-foot-11 Lew Alcindor was contained by a collapsing two-man defense but still managed 13 points, including the tie breaker in overtime.

Following a typically fast Bruin start, resulting in a 7-2 lead in the first minute, USC called a time out and went into a stall for the remainder of the night.

The Bruins had trouble breaking the slow-down play as the Trojans made seven of seven field goal attempts in the first half to take a 17-14 halftime lead.

Wyoming Downs Arizona State In WAC Action

LARAMIE, Wyo. (AP) — Despite the loss of 6-foot-8 center Ken Collins and an injury to Harry Hall, Wyoming downed Arizona State 97-78 in a Western Athletic Conference basketball game Saturday.

Collins was fired for disciplinary reasons earlier in the week. Hall sprained his ankle in practice Friday.

Arizona State played a zone defense in the first half which actually helped Wyoming as Hall scored 12 points from outside.

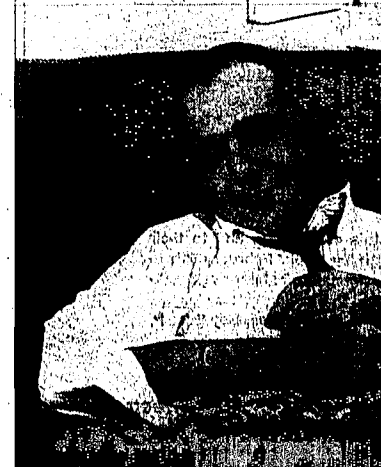

Texas Western Outlasts Tulsa

TULSA, Okla. (AP) — Nevil Shed came off the bench to score 18 points, seven in a two-minute span, as Texas Western defeated Tulsa 61-58 in Intercollegiate basketball Saturday night.

Shed's outburst broke a 27-27 deadlock and pushed the Miners into a 10-point lead with 12:41 left. Tulsa never recovered.

The victory raised fourth-ranked Texas Western's record to 15-3 and stood for an upset at the hands of New Mexico State Wednesday.

The loss left Tulsa with a 14-1 record.

Kimberly Slips Past Glenns Ferry

GLENN'S FERRY—Larry Eller came up with two three-point plays with about three minutes left Friday night to settle a tight game and send the Kimberly Bulldogs past the Glenns Ferry Pilots 65-59.

Kimberly, leading the Big Six Conference by a game, saw that lead threatened throughout as the winless Ellits stayed within four points through the first three quarters.

The Pilots were still well within contention when Eller, who wound up with 25, came up with his deciding plays.

Minico Cops Series Over

RUPERT—Exploding for 48 points in the final half, the Minico Spartans completed a season's sweep over Burley Friday night by beating the Bobcats 86-58.

With this being the pressure game of the year, both teams started slowly. Minico managed a 13-8 edge. But in the second quarter the Spartans racked up 25 points to assume a 38-23 halftime margin.

The second half attack was highlighted by 27 more points in the third quarter.

Three Dietrich players hit in double figures with Ron Knowles leading the way with 20.

Jim Murdock also hit 20 points for Carey, but he didn't have as much help from the other Panthers.

The Panthers outscored Dietrich in the second and fourth quarters, but not enough to make up for the first.

Sanders Takes Hope Classic Lead With 67

Associated Press Sports Writer

PALM SPRINGS, Calif. (AP) — Doug Sanders knocked five strokes off par for a 67 Saturday in a crowded bid to win the \$10,000 Bob Hope Desert Golf Classic for the second-straight year. As Sanders' rival big-name professionals fired and fell the Bermuda Dunes Country Club course in 33-34—67 to post a 72-hole total of 279, nine shots under par for the route.

The 30-hole grind ends Sunday.

Tom Nlepotic, a 37-year-old club pro from Locust Valley, N.Y., scored his third straight 68 for 280, while Frank Boynton, another club pro from East Euclid, Ohio, registered a 65, the lowest round thus far, giving each a 281.

Play over the four par 36-37 courses was blessed with ideal weather — sunny, warm and virtually windless.

Jack Nicklaus played the first nine in 37 and then put together a string of three straight birdies on the 11th, 12th and 13th holes. But he hit out of bounds on No. 14 and took a double bogey six. He finished with 34 and 71 for 283.

Arnold Palmer, two-time winner of the Hope event and loser to Sanders in a playoff last year, never did get untracked.

Murtaugh Roars Past Hansen 74-51

MURTAUGH 74, HANSEN 51

HANSEN — The Murtaugh Red Devils pulled away with a 72-point second quarter Saturday night and defeated the Hansen Huskies 74-51.

Hansen stayed within a point over the first eight minutes, thanks largely to the scoring of Ferris Frestone who had 23. But in the second period the Red Devils mounted a 35-24 edge and were never threatened.

Murtaugh led 11-10 at the end of the first quarter. Hansen scored 14 points in the second quarter, but Hansen was unable to get back into the game.

Frestone scored 23 points, including a 10-point run in the second quarter. Hansen's Fredrick scored 12 points.

17 Hagerman Slips Past Richfield

HAGERMAN-Hagerman, behind the 25-point shooting of Pat Madarita, whipped to a 61-51 decision over Richfield in a Northside Conference game that ended with two players from each team on the floor.

It all started when four Richfield players fouled out, leaving four. Hagerman coach Jack Martin then pulled one of his players over for a foul.

The last minute of the game was played with two players from each team. Richfield, in foul trouble early, managed to stay close through the first three quarters.

MURTAUGH - Oakley rode some hot foul shooting in the last quarter to a 70-61 upset victory over Murtaugh Friday night to hand the Red Devils their first Magic Valley Conference defeat.

Doug Cranney led the Hornets' last quarter rally, hitting seven of eight attempts from the line. Murtaugh had taken a 52-47 edge into the last period, but managed only nine points to Oakley's 23.

The loss dropped Murtaugh to a 2-1 conference record while Oakley is now 4-4. The Red Devils, however, remain atop the conference standings, one game ahead of the Rockland Bulldogs.

Buhl Nips Gooding 75-73 In Overtime Tilt

By BOB MAGEE Times-News Assistant Sports Editor. BUHL-Pete Anderson hit one under the basket with 12 seconds left in an overtime Friday night to give Buhl a 75-73 South-central Idaho Conference victory over Gooding.

Gooding managed one shot after that, but Larry Larson came on Buhl's next trip down the jumper from the top of the key bounced off the rim into Buhl's hands and time ran out.

Charles Cullings had tied the game at 67-67 for Buhl with 19 seconds left in regulation play on a long shot from the corner.

Buhl got off to a 71-67 lead in the first minute of the overtime on baskets by Bickford and Anderson.

Gooding took charge in the next minute with Anderson hitting two free throws and Chris Oakley getting a field goal to tie it at 71-71. The two teams then traded baskets, Bill Baggs hitting for Buhl and Larry Larson for Gooding.

Anderson's score came on Buhl's next trip down the court. The teams traded the lead through the first half of the first quarter, but two quick field goals by Anderson put Gooding into a two-point lead that the Seniors held until Ian Von Lindern and Anderson teamed for six points early in the third quarter.

Buhl held that lead until Anderson, Larson and Hobdy teamed for seven points late in the period. Two points by Cullings and a free throw by Duane Unzieker with seconds left cut the margin to two going into the fourth quarter.

Buhl didn't take the lead again until Unzieker and Cullings again teamed for four points, Unzieker with 3:36 left and Cullings with 2:21 left.

The Indians then led by three points until a minute left when Larson hit his first free throw and took the rebound for a field goal to tie the game at 65-65.

Larsen followed 24 seconds later with another field goal and Cullings hit his tying shot after Buhl's trip down the court.

Women Voters And Legislators Meet For Day At State Capitol

By PEGGY LALEY
 Members of the League of Women Voters descended upon the state capitol building in Boise Tuesday to visit with legislators from their districts and to view the state's governing body in action.

This organization, which is non-partisan in nature, is designed to give women from all sections of each community to understand and study pending legislation on municipal, state and national levels.

The women met to discuss proposed law changes and new bills which are due to be acted upon by state legislature. They then, on a local, state and national level, work toward the passage or rejection of this legislation.

Tuesday in Boise, the women had the opportunity to meet and talk with legislators concerning areas in which the league interest lies.

At noon members of the legislature were guests of the league at a luncheon and panel discussion at the Hotel Boise.

Mrs. Eugene Smith, Idaho Falls, state president, introduced John Corlett, political writer for the Idaho Statesman, Boise; R. D. Hansberger, prominent Idaho businessman and

These three speakers spoke briefly about the legislative process of the state. Mr. Corlett, who has been covering the legislative structure of the state for a number of years, stressed the importance of the state.

Mr. and Mrs. Merritt decided to produce the shows because they both like music and feel that there should be some recognition of the talent that is available here in the Valley.

Lorray Carter, Adirich Bowler and Mr. and Mrs. Leonard Vitke are assisting the two couples with the many details involved in the productions.

Although the performers so far have been predominately teenagers, the competition is open to anyone who has not carried over \$50 in any one week as an entertainer.

First, second and third place winners are awarded each show with the first place winner appearing on the program of the next show. These first place winners can not compete again, however the second and third place winners may enter the competition as often as they wish unless they are awarded first place.

At the conclusion of the series of eight shows there will be a grand finale with all the first place winners competing for the grand championship.

There is an audience admission charge and a percentage of the receipts are divided among the winners of each show with the balance reverting to a fund to provide the prize for the grand finale winner.

So far, there have been contestants from Jerome, Buhl, Twin Falls, Blaine and Castleford. The next show will feature a group of 15 girls from Shoshone.

First place winners for the first show were the Robin Sisters from Buhl, who sang country and western music.

Second show winners were The Gatekeepers, a combo of young fellows who play "pop."

At the last show The Ford Sisters, who sing religious songs, were named first; Penny Callen was second and Betty Jane Correll was third. The Ford Sisters will be featured on the next show.

The judges for the last show were Warren Saunders, Gary Westergard, Lorray Carter, Murray Stuttgart, and Mrs. Arlene Ryles. Mr. Merritt is the master of ceremonies.

Sunday (today) KART Radio in Jerome will feature past and future contestants in an hour long program at 8:30 p.m. Listen, then go to the Ramona Theater in Buhl Tuesday evening at 8:30 to lend your support to the talented people of our area, both young and old.

Life in MAGIC VALLEY

Celebrating one's 90th birthday anniversary is quite an event and members of the Dan McCook circle of the Grand Army of the Republic in TWIN FALLS helped make the occasion an even more special one for Mrs. Phoebe Snodgrass, who was guest of honor at a party Jan. 28 at the Sky View Manor. GAR members who planned the birthday celebration were Mrs. B. E. Commons, Mrs. Martha Smith, Mrs. C. V. Jones and Mrs. Viva Lawson. Mrs. Snodgrass, who was born Jan. 28, 1877, in Texas, is past president of the Dan McCook circle and has held all offices in the organization. She also is a past noble grand of the Rebekah Lodge.

She joined the GAR in 1913 and has been a continuous member for 54 years. One of her close friends, Mrs. Marjorie Smith, joined in 1912. Mrs. Snodgrass was married in the Oklahoma Indian territory in 1895. Her husband, who was a gunsmith and inventor, died in 1930.

She has lived in Twin Falls since 1912 and belongs to the Christian Church. Mrs. Snodgrass is spry beyond her years, except for a broken hip which confines her to a wheelchair. But she says she'll be "walking soon."

She has four daughters, Mrs. Maxine Huff, Salmon; Mrs. Gladys Allen, Corvallis, Ore.; Mrs. Clarice Gilson, San Juan, Tex.; and Ruth Snodgrass, Sky View Manor.

Now she is looking forward to her 100th birthday party because she has "enjoyed every single minute of the past 90 years."

Dr. Fred Tanaka, son of Mr. and Mrs. Eddio Tanaka, SHOSHONE, is serving as chief chemist in one of the best equipped and best staffed pesticide laboratories in the country, located at Wenatchee, Wash.

The lab is one of more than a dozen federally financed pesticide research centers in the United States.

Dr. Tanaka recently returned from a two and one-half month training program at the U.S. Public Health Service Office of Pesticides lab in Perrine, Fla.

The training at the Florida lab included the most up-to-date methods for analyzing the tissues of man, animals and man's environment for pesticide residues.

About 60 per cent of the lab's work involves samples of human tissues. Tissues from spray pilots killed in air crashes will be tested to determine the pesticide residues.

The lab may become the first in the country to develop brain tests to determine if pilots killed in crashes while spraying

Dr. Tanaka notes that his is a new field, requiring very specialized instrumentation and the development of techniques, most of which are not being taught on the university level yet.

When Dr. Tanaka was a senior at Shoshone High School, he was student body president. His picture appeared in the paper as such and was picked up by a news service in Japan and ran with an article praising the fact that this Japanese boy was so well received and noting that the Japanese race could so excel in the American school.

He is one of four children in the Tanaka family, with two daughters, and the two sons. The other son, Clarence, is a drugist at the Grosse Drug Store, Shoshone.

TRUSTEES TO MEET
SHOSHONE—Shoshone school trustees will meet at 8 p.m. Monday at the high school building.

Other pesticides analyses involve samples of water, soil, food and other items. So precise is the measuring that even the distilled water used in the testing has caused a problem because it isn't pure enough.

Currently, Dr. Tanaka is working on equipment to redistill the previously distilled water so it will be even purer.

Snowslides And Mudholes Keep Highway Crews Busy

By MELBA THORNE
Times-News Correspondent
SHOSHONE—At this time of the year, work by district 2 maintenance men in the State Highway Department at Shoshone is extremely varied from day to day, because of weather conditions and difference of climate within the district.

The mildness of the winter and the sudden change of temperature have caused all kinds of unexpected problems. One of these, the most unusual, is the laying of a section of oil mat 1,500 feet long and two feet wide in 20 degree weather in the vicinity of Leslie. Damage was caused—one very warm day when the frost melted in the ground, causing water to collect between showbanks and an overweight farm truck traveling on the extreme edge of the oil mat. The farm truck would not have caused damage either the day before or the day after this one particular day because the ground was frozen.

Idaho Scores High Sales In E Bonds

U.S. Savings bond sales in Idaho during 1966 helped the nation score one of the highest Series E Bond sales in 20 years, according to James S. Kinney, chairman of eight-county District No. 3.

The state's contribution to the national sales record during 1966 was \$4,727,372, compared to \$7,359,449 for the previous year.

Increased savings bonds sales will be of special significance during 1967, Mr. Kinney said. While 1966 was a banner year, every effort is needed during the "Share the Freedom" campaign these coming months to offset inflationary pressures stimulated by Vietnam, he concluded.

District No. 3 exceeded its 1966 quota of \$320,000 by nearly \$250,000. Each of the eight counties involved in the district exceeded their quotas.

The counties and amounts of bond sales were: Blaine, \$37,742; Camie, \$20,322; Coosy, \$109,246; Gooding, \$51,650; Jerome, \$81,994; Lincoln, \$32,768; Minidoka, \$124,968; and Twin Falls, \$586,956.

County chairmen are Blaine, Everett B. Taylor; Camas, Judge Charles Scoggins; Cassia, Gerald V. Anderson; Gooding, Adam Schubert, Jr.; Jerome, C. E. Harder; Lincoln, D. Sid Smith, and Twin Falls, Patrick J. Hamilton. Minidoka County has no chairman serving at present.

To explain what it takes to repair this section of road, highway officials report a motor grader and a loader is used to dig out the broken oil mat; 50 gallons of gasoline, poured in the damaged section and ignited to warm up the ground; one tar kettle to heat the prime oil to 200 degrees; one heat-a-mixer to heat the road mix as hot as possible; trucks to haul old oil mix away and new road mix in; five men exercising close timing to get the new oil mat down as hot as possible.

Results are a temporary repair, that will make this section of highway safe for travel. Next summer, when the road bed has dried out, the temporary repair will have to be torn up and redone to correct specifications.

Warm days also cause snow slides in a number of places on Highway 93 from Ketchum to Clayton. These slides are unpredictable and dangerous. They may temporarily close the road at anytime. One slide just below the Galena Store had two state equipment operators and their V-flow truck blocked from coming down off the summit until the rotary trucks dispatched from Ketchum could clean out the road.

In the southern part of the district, there is very little snow but a lot of water. Culverts have to be cleaned repeatedly to take care of the running water. The shoulders of the highways are very soft and muddy. Roadway surfaces are breaking up due to moisture under the oil mat.

Maintenance men are continually filling small holes and

cracks that appear on the travel surface.

Mud splattered signs have to be washed and damaged delineators replaced. All of this may stop tomorrow if it turns cold the roadbeds dry-out enough to prevent further damage to the travel surface.

Due to the moisture, load limits were placed on some sections of highways beginning Saturday. They will continue until the ground is frozen again or until the roads are dry-out enough to prevent further damage to the travel surface.

Police Praise Record Of Area Drivers

Magic Valley residents set something of a good driving record during the month of January, law enforcement officers said Thursday.

There was not a single traffic fatality recorded during the month of January, 1967, in Magic Valley's eight counties.

This is the first time since 1969 that at least one county has not been on the books during the first 31 days of the year, Lt. Denn Bennett of the Idaho State Police, district four, reported.

Two deaths were recorded in 1966 during January and in 1965, one of the worst years on record traffic-wise, there were four deaths in the first month alone. In 1963 and 1964 two persons died on Magic Valley highways during January and in 1962 the number increased to three. In 1961, the record was perfect until the final day of January when one traffic death went on the record.

Lt. Bennett said he hopes the good record will continue through the entire year of 1967 and urged motorists to try for another perfect record in February. During 1966, February had a perfect record with no traffic deaths.

Dan Cupid Takes Sideline For Electronic Computer

BY NORMA HERZINGER
Women's Page Editor

The boy ask girl date system has been in existence for many, many years, with the occasional "girls choice" event, when the girls invite the boys, but something new has been added—a computer does the selecting.

The Twin Falls High School Sophomore Dance, with the theme, "Automation A Go-Go," was such an event, where a computer was substituted for Dan Cupid.

Approximately three weeks prior to the dance, more than 580 tickets were sold to high school students. When they purchased the tickets they filled out information sheets that were sent to Boston and put through an electronic computer, thus selecting the ideal dates. The computer tested every possible boy-girl combination at the school and automatically selected the two or more people who best paired with an individual.

Each boy and girl had his computer number written on his answer card and on his ticket, with the computer number always being used in place of the individual's name. At the dance, each student exchanged his ticket for a list of the computer's numbers of his ideal dates. Then the hunt began, as each student strove to match numbers to find out who was selected as his ideal date.

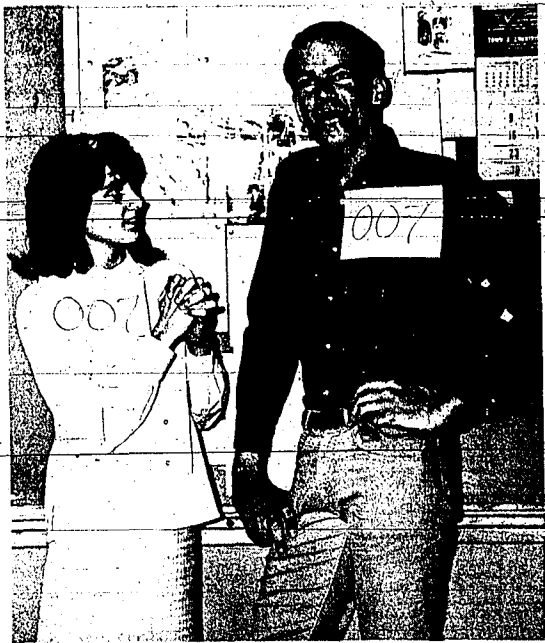

The result was amazing, with only two unhappy souls — boys — finding their numbers corresponded. The remark was overheard, "Oh, no! Would you believe I got him?"

There could be several reasons for this mix-up, but the most logical one is that the original infor-

Dr. Tanaka notes that his is a new field, requiring very specialized instrumentation and the development of techniques, most of which are not being taught on the university level yet.

When Dr. Tanaka was a senior at Shoshone High School, he was student body president. His picture appeared in the paper as such and was picked up by a news service in Japan and run with an article praising the fact that this Japanese boy was so well received and noting that the Japanese race could so excel in the American school.

He is one of four children in the Tanaka family, with two daughters and the two sons. The other son, Clarence, is a druggist at the Grosse Drug Store, Shoshone.

Idaho Scores High Sales In E Bonds

U.S. Savings bond sales in Idaho during 1966 helped the nation score one of the highest Series E Bond sales in 20 years, according to James S. Kinney, chairman of eight-county District No. 3.

The state's contribution to the national sales record during 1966 was \$8,478,254, compared to \$7,359,449 for the previous year.

Increased savings bond sales will be of special significance during 1967, Mr. Kinney said. While 1966 was a banner year, every effort is needed during the "Share the Freedom" campaign these coming months to offset inflationary pressures stimulated by Vietnam, he concluded.

District No. 3 exceeded its 1966 quota of \$820,000 by nearly \$250,000. Each of the eight counties involved in the district exceeded their quotas.

The counties and amounts of bond sales were: Blaine, \$57,742; Camas, \$20,322; Cassia, \$109,246; Gooding, \$51,650; Jerome, \$81,994; Lincoln, \$32,768; Minidoka, \$124,908; and Twin Falls, \$586,956.

County chairmen are Blaine, Everett B. Taylor; Camas, Judge Charles Scoggins; Cassia, Gerald Y. Anderson; Gooding, Adam Schubert Jr.; Jerome, C. E. Harder; Lincoln, D. Sid Smith, and Twin Falls, Patrick J. Hamilton. Minidoka County has no chairman serving at present.

In the southern part of the district, there is very little snow but a lot of water. Culverts have to be cleaned regularly to take care of the running water. The shoulders of the highways are very soft and muddy. Roadway surfaces are breaking up due to moisture under the oil mat.

Maintenance men are continually filling small holes and cracks that appear on the travel surface.

Due to the moisture, load limits were placed on some sections of highways beginning Saturday. They will continue until the ground is frozen again or until the roadbeds dry out enough to prevent further damage to the travel surface.

Two deaths were recorded in 1966 during January and in 1965, one of the worst years on record traffic-wise, there were four deaths in the first month alone. In 1963 and 1964 two persons died on Magic Valley highways during January and in 1962 the number increased to three. In 1961, the record was perfect until the final day of January when one traffic death went on the record.

L. Bennett said he hopes the good record will continue through the entire year of 1967 and urged motorists to try for another perfect record in February. During 1966, February had a perfect record with no traffic deaths.

Police Praise Record Of Area Drivers

Magie Valley residents set something of a good driving record during the month of January, law enforcement officers said Thursday.

There was not a single traffic fatality recorded during the month of January, 1967, in Magie Valley's eight counties.

This is the first time since 1960 that at least one death has not been on the books during the first 31 days of the year. Lt. Dean Bennett of the Idaho State Police, district four, reported.

Dan Cupid Takes Sideline For Electronic Computer

BY NORMA HERZINGER
Women's Page Editor

The boy ask girl date system has been in existence for many, many years, with the occasional "girls choice" event, when the girls invite the boys, but something new has been added—a computer does the selecting.

The Twin Falls High School Sophomore Dance, with the theme, "Automation A Go-Go," was such an event, where a computer was substituted for Dan Cupid.

Approximately three weeks prior to the dance, more than 580 tickets were sold to high school students. When they purchased the tickets they filled out information sheets that were sent to Boston and put through an electronic computer, thus selecting the ideal dates. The computer tested every possible boy-girl combination at the school and automatically selected the two or more people who best paired with an individual.

Each boy and girl had his computer number written on his answer card and on his ticket, with the computer number always being used in place of the individual's name. At the dance, each student exchanged his ticket for a list of the computer's numbers of his ideal dates. Then the hunt began, as each student strove to match numbers to find out who was selected as his ideal date.

The result was amazing, with only two unhappy souls — boys — finding their numbers corresponded. The remark was overheard, "Oh, no! Would you believe I got him?"

There could be several reasons for this mix-up, but the most logical one is that the original information was not filled out accurately. Jack feels that Sandy is a little too tall for him. (Times-News photo)

"COULD IT BE THAT the computer will select you as my ideal date?" says Jessie Mallory as she visits with Tim Soren after purchasing tickets to the computer dance. More than 580 tickets were sold for the dance. (Times-News photo)

"REALLY NOW!" says Jack Eldredge as he poses with Sandy Showers after they purchased tickets and filled out information sheets prior to the computer dance. A couple of good sports, these students show what could happen if the computer is fed the wrong information with the sheets not filled out accurately. Jack feels that Sandy is a little too tall for him. (Times-News photo)

Valentine Theme Used At Club Meeting

WENDELL — A Valentine's Day theme was used for room and table decoration for the afternoon meeting of the Hillandale Club at the Civic Club Rooms.

Hostesses were Mrs. Lucia Asmusen, Mrs. Louise Hguberg and Mrs. John Jackson. The theme of the program was "Superstitions."

Other numbers included readings by Mrs. Ralph Newberry, Mrs. Raymond Ruby, Mrs. Charles Young and Wanda Fitzsimmons. Group singing was accompanied by Mrs. Newberry. The program was arranged by Mrs. Charles Lusk, Mrs. James Lee and Mrs. Ruby. Mrs. Asmusen received a gift.

Mrs. Chester Rice, president, appointed the committee for the annual men's party to be held Friday at the Civic Club Rooms. Mrs. Newberry, Mrs. Lusk and Mrs. Glenn Bright are in charge of program and game tables. A collection of \$6.35 was taken to be given to the Girls' State Fund. Club members were invited to attend a demonstration at the Civic Club Rooms at 1 p.m. Feb. 13 to be given by Charles Galinsky, Boise, on plaster casting and finishing. There will be a film shown.

Mrs. Ruby and Mrs. LeRoy Gibbs displayed 15 colorful bibs they made to be taken to the Magic Valley Manor.

Reports of illness included Mrs. Ralph Regue, John Evers, Jerry Evers, James Lee, a patient at Boise Veterans Hospital, and C. H. Brevick, a guest at Magic Valley Manor. Carol Almborg, who had been a patient at a hospital in California is now able to be at home.

A letter was read from Mrs. Larry Blackburn concerning her trip to Germany. She and her infant son went there to join her husband who is stationed there. The all-day club day, sponsored annually by the seven clubs in the Wendell area, was discussed. The Hillandale Club is in charge of registration; Pollyanna, hostess club; Merry Maker, decoration, and Home Improvement West Point Ladies, Mountain View and Hobby Clubs will provide the door prizes.

Hostesses for the March 1 meeting are Mrs. LeRoy Gibbs, Mrs. Glenn Bright and Mrs. LaVar Petersen.

PREPARING DECORATIONS for the 15th annual Sweetheart Ball hosted by the Ladies of Elks, BPOE No. 1183, are Mrs. Mike Stover, left, and Mrs. Ray McBride, co-chairmen of the event. The ball is scheduled for Feb. 11, with

Sweetheart Ball Scheduled By Ladies Of Elks

"Dear Heart" has been selected as the theme for the 15th annual Sweetheart Ball presented by the Ladies of Elks, BPOE No. 1183. The annual ball has been scheduled for Saturday. Colors to decorate the ballroom are pale pink and American Beauty red. The ceiling will be draped with the contrasting colors and will be highlighted with a large, three-dimensional heart with a cupid revolving in the center. Valentines, hearts and cupids will be used to decorate the side walls of the room

and the background for the orchestra will feature an extra large, pale pink heart. Mr. Allan DeVries Orchestra will furnish music for the event.

Dancing will start at 9 p.m. and end at 1 a.m. At the conclusion of the dancing, a breakfast will be served in the cafeteria.

Mrs. Michael Stover and Mrs. Ray McBride are co-chairmen of the ball. Designer Is Experimenting With Fashions

By EDDY GILMORE

LONDON, (AP) — Carnaby Street — home of the thigh-high miniskirt — dropped hemlines eight inches below the knee today.

"I'm experimenting," said Irvine Sellars, 27. "A surprise move, you might say."

Sellars is one of the more successful clothes designers of Carnaby Street, the fashion arbiter for London dotties and their longhaired boy friends.

"In dropping the hemline, I'm being both practical and sexy too," he said.

"Practical because in our chilly, wet English weather, the windy blasts hit hardest where the skirts are shortest, so to speak."

Dress designer Susan Delfont, 19, who works for Sellars, commented: "Come summer and I suppose they'll be back where they were — way up above the knees."

Dear Abby

BY ABIGAIL VAN BUREN

DEAR ABBY: I am in my early 40's and have been married 20 years. For some unknown reason my husband has stopped treating me as a wife recently when I told him I had missed his love and attention he said that he had his work and I had mine, and he was all through with "that kind of stuff." We have two children away at school and two at home. He has been acting rather peculiar lately. I am 89 per cent sure there is no other woman involved yet I just can't understand his indifference. I keep myself neat and clean and I always bow to his wishes. I would like to keep my marriage intact for the sake of the children, but if this is any sample of what life will be like after all the children are gone, it won't be worth living.

BUTTERFLY
DEAR BUTTERFLY: Please read the following letter.

DEAR ABBY: How do you convince your husband that you still love him but you aren't as young as you used to be, if you get what I mean?

After 20 years and 5 children, shouldn't there be more to marriage than sex? If I am not as affectionate as he is, he pouts and says I don't "love" him anymore.

Am I abnormal or is he? I always thought a man got less passionate after 40. Mine is unbelievable.

Please help me, Abby. I do love him, but I think he is ceasing to touch from a 41-year-old woman.

TIED
DEAR BUTTERFLY AND TIED: I don't know what's "Normal" and neither does anyone else. Each person has his own emotional temperature, and what is "normal" for one could break someone else's thermometer.

Communication is the most important factor in marriage. As long as a man and wife are able to express their feelings, desires, frustrations, likes and dislikes frankly, their problems will be little ones.

Both of you, "TIED" and "BUTTERFLY" make your husbands to a doctor, and all four of you should have physical examinations to rule out the possibility of physical deficiencies. Then hopefully the doctors will give you some helpful tips on how to adjust to what ails you.

Too bad "TIED" isn't married to "BUTTERFLY'S" husband and vice versa. But that is just another of life's inequities.

The bride is the daughter of Mr. and Mrs. B. O. Larkin, and was escorted to the altar by a brother. The bridegroom is the son of Mr. and Mrs. A. H. Haigh.
The bride wore a peacock blue suit with three-quarter length sleeves. Her headpiece was a circlet of blue velvet and net. Her wrist-length gloves and pendant necklace were of gold, and she wore a single large white orchid corsage and carried a small white Bible.
Mrs. Dennis Smith, Penryn, Calif., was matron of honor. Pastor Robert Lehn, North Highlands, Calif., was best man. Ushers were John Gould, Orangevale, and Robert Sigfridson, Roseville.
Mrs. Marvin Jones, Orangevale, was pianist and Robert Currey, North Highlands, was soloist.
Decorations were arrangements of yellow Spider and white chrysanthemums, with pale yellow ribbon bows.

After the ceremony, a reception was held. The serving table was covered with white crepe, bordered with silver wedding bells and bows. The three-tiered wedding cake was topped with white wedding bells. There were silver pillars and yellow-edged white bells between each tier.
Mrs. Betty Wood, Roseville; Mrs. William Smith, Orangevale, and Mrs. Ed Wulbern, Citrus Heights, Calif., cake and poured punch. Mrs. Charles Davidson and her daughter, Leona, and Margaret Wulbern were in charge of the gift table which was covered to match the bride table. Mrs. Davidson was in charge of the guest book.
After a wedding trip, the couple will reside at 7372 Circuit Drive, Citrus Heights, Calif.

Plans Made By Chapter To Serve Dinner

WENDELL—Plans were made for serving the Past Masters dinner March 6 at the evening meeting of Star of the West Chapter No. 35, Order of Eastern Star.

Other activities discussed included dinner for the Masons March 30 at the time of the district No. 13 meeting and for the Chapter Friendship Night set for March 1.

Roger Brown, worshipful master of Wendell Lodge No. 54, AF and AM, was welcomed at the meeting. He announced Feb. 16 is the annual Washington's Birthday observance. The meeting will be a potluck dinner, with turkey and coffee furnished by the Masonic Lodge. Entertainment will include a talk, highlighted with pictures, by Dr. Lauren M. Neher, Jerome.

Plans for a dance to be held at the temple Feb. 26 were announced by Mrs. James Dunn, worthy matron.

Invitations were read from Lincoln Chapter, Shoshone, for Friendship Night Tuesday, and the worthy grand matron's visit March 7, from Cosmopolitan Chapter, Gooding, for Friendship Night March 7, and from Victory Chapter, Glenns Ferry, March 1 for Friendship Night.

Mrs. Thomas Frith gave the sick and visiting report. Letters were read from Mrs. Maynard Weich and Mrs. Carole Haynes, non-resident members, and Mrs. Mary Pierce, Florin. Action was taken to contribute to the Girls' State Fund. A communication was read from Mrs. Blanche Bungum, district chairman of the worthy grand matron's project, "Sharing With Others." Contributions were made.

Mrs. Denton Adams was appointed to buy new curtains for one of the temple rooms.

Mrs. Bill Bunn and Mrs. Faeth Eaton volunteered to represent the chapter in the Mothers March. Mrs. John Wert was recognized for being one of the outstanding women in the United States. Mrs. Wert is the associate conductress of the chapter.

Mrs. G. C. Weinberg gave a report of the traveling basket for ESTARL. Mrs. Faeth Eaton, secretary, read the annual report of the chapter.

Hostesses were Mrs. T. H. Boyd, Mrs. R. F. Dean, Mrs. H. S. Lamb and Mrs. Eaton.

THE LATE QUEEN SALOTE of the Tonga Islands was the author of the World Day of Prayer service for 1967, using the theme, "Of His Kingdom There Shall Be No End." Queen Salote ruled her independent kingdom for 47 years. The first observance of the World Day of Prayer each year is held in Tonga and the Queen always led her people in this observance. Local World Day of Prayer services are set for 2 p.m. Friday at the Church of the Brethren. (Wide World photo)

Local Christian Women Slate Observance

Every year on the second Friday in February, Christian women meet in 127 countries all over the world to participate in a service of prayer and worship.

The Service for 1967 was prepared by Her Majesty, Queen Salote Tupou of the Tonga Islands. A few months after completing the Service, Queen Salote died after ruling her islands for 47 years. This service reflects her dignity and her sense of the majesty of God. Since 1949 World Day of Prayer services have been held in Tonga, these being the first services of the day as this is the country closest to the international date line.

The local observance will be at 2 p.m. Friday at the Church of the Brethren. Mrs. Warren Howell is in charge of program arrangements. Prelude and offertory music will be by the Christina Winstrels, Gloria Sayre, Becky Read, Mary Ellen Penton and Bill Hoffman.

Mrs. Francis Rider will lead the hymns and there will be 14 women from the various churches who will have a part in the service.

Chet Bartlett, executive secretary of the YMCA, is the speaker. The service will be one hour in length and an invitation is extended to all who would like to attend.

Rehearsals Started For Dance Event

SHOSHONE — Rehearsals for festival dances were begun at the LDS MIA, under the direction of Mr. and Mrs. Florin Rose.

The dances will be taught to any interested youth of the church or their friends, then a selection will be made for the number allowed to participate in the festival in Salt Lake City in June.

Several thousand youth of the church will be participating in the festival, all having learned the dances in their wards and regions such as this. The dance festival is one of the highlights of MIA June conference, held at the University of Utah Stadium in June.

Other activity at the MIA meeting was singing practice for the entire group for stake conference in March, special song practice for Beghivie girls for their Standards Night next week at Halley, and a speech class under direction of Mrs. E. Iva Knowles for first year Beghivie girls. Gary Sturms gave a talk during opening exercises.

Double Ring Wedding Rites Unite Couple

EDEN — Ruth Elaine Langbecker became the bride of Gerald W. Huetig in a candle-light wedding service Dec. 23 at the Mount Calvary Lutheran Church, Flagstaff, Ariz.

Performing the double ring ceremony was the bride's father, Rev. Roland Langbecker, pastor of the church, before an altar decorated with red poinsettias, white ribbon and holiday greenery.

The bride is the daughter of Rev. and Mrs. Langbecker and the bridegroom is the son of Mr. and Mrs. Herman Huetig, Hazelton. The Langbeckers were formerly of Eden, where Rev. Mt. Langbecker was pastor of the Lutheran Church.

The bride wore a floor-length, empire-styled gown of white brocade and velvet with a white velvet train. Her shoulder-length veil of silk tulle was held in place by white velvet roses. She carried a bouquet of white and red roses.

Mrs. Kathleen Huetig, sister-in-law of the bridegroom, was matron-of-honor. Ann Billingsly, a college classmate of the bride, was bridesmaid.

Keith Huetig, brother of the bridegroom, was best man. Dick Jeremy, Flagstaff, was an usher.

After the ceremony, a reception was held in the church parlour hall.

Mrs. Gilbert Sechrist and Mrs. Patrick Peppard, both Flagstaff, and Mrs. George Jackson, Soda, attended the bride's table.

The couple toured Idaho, Oregon and Washington on their wedding trip and are residing at Ft. Ord, Calif., where the bridegroom is stationed with the Army.

A reception honoring the newlyweds was held Dec. 28 at the Eden Lutheran parish hall.

Presiding at the reception table were Mrs. Edgar Huetig, Mrs. Elmer Ehter and Mrs. Veryl Askew, aunts of the bridegroom.

Carole Huetig, sister of the bridegroom, registered guests. The gift table was arranged by Pamela Huetig and Jane Holdbrook.

MR. AND MRS. DAN R. MAHONEY

Miss Coulam, Mahoney Wed In LDS Ceremony

Geraldine Coulam, daughter of Mr. and Mrs. Reed Coulam, Twin Falls, and Dan R. Mahoney, son of Mr. and Mrs. Bob Mahoney, Anna, Calif., were united in marriage in an evening ceremony Jan. 5 at the Twin Falls LDS Church First Ward.

Bishop Howard Arrington performed the double ring ceremony.

The bride, given in marriage by her father, wore a white tulle and lace floor-length gown enhanced with beads and pearls. The gown featured long sleeves with pearl buttons and a detachable train of tulle and lace which fell from the crown. The pearls she wore around her neck matched the pearls on her gown, crown and veil. She carried a bouquet of carnations and poinsettias.

Georgia Coulam, twin sister of the bride, was maid of honor. Bridesmaids were Claudia Coulam, sister of the bride, and Suzanne Mahoney, sister of the bridegroom.

Tom Valasek, Twin Falls, was best man, with Jim Ross and Joe Valasek, Twin Falls, as ushers.

Flower girl was Tammy Anderson and ringbearer was Eric Egbert. The traditional organ introduction music was played by Lois Johns.

Immediately after the ceremony, a reception was held in the LDS Central Hall.

Mary Corbett, Provo, aunt of the bride, was in charge of the guest book.

The bride's table was covered with white and centered with a white and red wedding cake. White bells, poinsettias and red bows enhanced the table decor. Shirley Egbert cut the wedding cake and Rose Kinsey, Hazel McCandless served punch. Serving were Lynn Havner and June Havner, Giftbearers were Julie Valasek and Kathy Valasek.

The couple took a honeymoon trip to Sun Valley. They welcome friends at their new residence at 1001 Monte Vista Drive, Vista, Calif. The bridegroom is serving four years in the Marines, stationed at Camp Pendleton.

Receptional showers were hosted for the bride by Mrs. Leslie Shobe and Mrs. Ray Valasek.

Ralph Morgan Is Honored

WENDELL — A surprise party was held honoring Ralph Morgan given by Mrs. Richard Morgan on his 70th birthday anniversary and the 20th wedding anniversary of Mr. and Mrs. Morgan. The event was held at the Morgan home.

The cake was baked and decorated by Mrs. Chester Rice. A large box of homemade candy was presented to the honoree. The arrangements were made by the 16 self invited guests. Pinocle was played.

Mrs. Charles Lusk and Chester Rice were high score winners, competing in Twin Falls. Morgan, low scores winners.

Home Club Lesson Given

DECLO — "Dining Adds the Gracious Touch" was the lesson given by Mrs. Richard Wolf when the Declo Domestic Club met at her home, with Mrs. Gale Gillett as co-hostess.

It was decided the club will have a cake sale each Saturday in February at Gillette's Market, Declo, to raise funds for the club projects.

Mrs. Bruce Turner will host the Feb. 21 club meeting. She will present the lesson, "Clean-Up, Clean-Through." The lesson will include tips on cleaning upholstery and carpets.

Winners Named

DECLO — Mrs. Neva Dalton and Mrs. Leyland Preston received high scores when N and S Bridge Club members were hosted by Mrs. Lillian Matthews at the home of her daughter, Mrs. Loren Nelson, Burley.

Special guest was Mrs. Zelma Whitte.

Refreshments were served at tables centered with lighted candles in milk glass holders.

Teen Knitters Like Snappy, Sleek Sweaters

By JUDY LOVE

Have you had a good talk with a teenager lately? Today's attitudes really wig out a lot of adults towards all kinds of subjects and solid, sensible ideas, too. Teens are doing things with that wonderful intense involvement that's part of being young. One thing teens are doing is knitting — six million strong. And they're as definite about what they knit as they are about their convictions.

Sweaters are in — not the shapeless bulks knitted so furiously by yesterday's teens — but snappy good-looking sweaters that stay simply sweaters or are "knit" down to become above-the-knee sweater dress.

If you're a teen, or the mother of one, you know that today's young knitter started early. Twelve seems to be the magic number of years for most young knitters to begin.

A leading magazine for teenage girls did a survey on knitting not long ago. After reading it, I took my own straw poll in and around the neighborhood. The results were the same. When a teen knits, she's almost sure to be clicking her needles on a sweater.

Which sweaters are most likely to succeed with teens? Pattern is important — either knit-in or by working with two or more colored yarns. "Something should be going on at the neckline," one girl pointed out. "And the total look must be trim. You know — neat Turned on!"

My hand-picked panel of teenage knitters looked over several dozen sweater candidates and decided to go with the chevron sweater I'm featuring today. It's a far cry from the loose and limp sloppy Joe that became a campus craze in the late '40s.

Today's teens voted for a turtleneck, action-ready raglan sleeves and a new twist in stripes. They decided to bolt the sweater low on the hip for extra fashion power. And the price was right. This chevron sweater, easily made from five skeins of Coats and Clark "Red Dawn" knitting worsted, can be knitted for about \$6.

Sale, Party Are Scheduled

HANSEN — The annual card party and cooked food sale will be held Feb. 15 at the Pleasant Valley Grange Hall, according to plans made at the Rock Creek Worthwhile Club meeting at the home of Mrs. John Bertie, Twin Falls. Mrs. Wayne Smith was hostess.

Proceeds from the party will be divided among the March of Dimes, Cancer and Heart funds.

The opening exercise was the Lord's Prayer. Guests were Mrs. Dennis Bolton and Mrs. Tod Bolton. Members were urged to save their Christmas and greeting cards to be sent to Korea or use there.

Mrs. Tod Bolton, the former Linda Hill, was honored with a miscellaneous shower. Mrs. Capitola Larsen was program chairman.

Mrs. Earl Baker is hostess for the next meeting.

Special World Day Of Prayer Services Set

WENDELL — World Day of Prayer, observed each year on the first Friday in Lent, is sponsored by United Church Women of the National Council of Churches.

It has a meaningful history dating from 1887. Prayer and giving for the world wide mission of the church are its primary purpose. It has traditionally brought people together across denominational, racial, national and cultural boundaries to pray for the needs of the world and to make an offering for carrying out the mission of the church.

The Wendell United Presbyterian Church will host the World Day of Prayer at 2 p.m. Friday, Churches of Bagerman and Wendell will meet together.

"Of His Kingdom There Shall Be No End" is the program theme for the worship service, with Mrs. Neal Ambrose as leader.

This service of prayer and worship was prepared by Her Majesty Queen Tupoo of the Tonga Islands. A few months ago she was crowned in the Queen Salote died after ruling her islands for 47 years. This service reflects her dignity and her sense of the majesty of God.

All residents of the area are invited to attend the service. The UPW will host the tea.

Attend Luncheon

FILER — Members of the Past Matrons Club attended a luncheon in Twin Falls. Mrs. F. E. Beem is hostess for a luncheon meeting Feb. 17.

Old age: Is it a disease? A state of mind? Or just a natural condition? Old age should be the best part of life. As a rule, family responsibilities and financial worries have ceased to exist.

Perhaps one of the most prominent symptoms of old age is a settling of the spinal column. It actually decreases in length from one to several inches due to the thinning of the cartilaginous cushions between the spinal segments.

This condition may interfere with the flow of energy, supplied by the spinal nerve to the various organs and parts, greatly diminishing their efficiency.

Spinal manipulations and adjustments as performed by your Chiropractic Physician together with proper nutritional supports and guidance are of great assistance to avoid diseases peculiar to the aged.

American Red Cross Girls Can't Escape 'Doughnut Dolly' Designation

By HUGH A. MULLIGAN
It is not surprising to advance PLEIKU, South Vietnam (AP)—It has been two wars since American Red Cross girls in Glenn, Shannan served those soggy doughnuts and awful coffee to the troops, but they still can't escape the designation "Doughnut Dolly."

In Vietnam, the Dollies are still on duty. The doughnuts with the line outfits. As recreation specialists they carry on a rigorous schedule of entertaining the fighting men in their base camps and, when security permits during combat breaks in the field.

Glenna, a blue-eyed, brown-haired charmer from New York City, came to Vietnam five months ago and already has won the hearts of two of the biggest line outfits: the 1st Infantry Division and the 1st Cavalry Division (Airmobile) in An Khe.

YOUR BIRTHDAY and HOROSCOPE

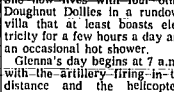

SUNDAY, FEBRUARY 12 — Born today, you are always alert and ready to take on the world yourself either professionally or personally. No one has to call you twice to inform you of an opening that might suit your talents. You are a natural leader and are persuaded to take on added responsibilities.

You will have to take care, however, that in your eagerness to get on with the various levels of life you do not begin to take on activities or make decisions that will compromise your own well-being. Your behavior and thought must remain high or all the success in the world will not make you happy.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

Monday, February 13 — AQUARIUS (Jan. 21-Feb. 19) — Don't allow a new contact to sell you a bill of goods about a new position that may be up for grabs. Look into it yourself.

Tuesday, February 14 — PISCES (Feb. 20-March 21) — Be cautious but not fearful when it comes to acting according to a new plan. You should progress rapidly once you've caught on.

FCC May Alter Walkie-Talkie Frequency

WASHINGTON (AP) — The Federal Communications Commission is considering plans to shift millions of walkie-talkie frequencies to the present frequency space to a segment of frequencies used by government agencies, officials said today.

TAURUS (April 21-May 21) — Meet an opportunity for personal gain with enthusiasm. The Taurus who hesitates may not get the job.

GEMINI (May 22-June 21) — The week should start with an upswing in both professional and personal life. Don't spoil things by hesitating to act.

CANCER (June 22-July 23) — Be sure of a clear profile in whatever you undertake today — or postpone undertaking it.

New stationed in the Central Highlands at Pleiku, the 22-year-old economic and health advisor of a tent for the first time. She now lives with four other Doughnut Dollies in a rundown villa that had been commandeered for a few hours a day and an occasional hot shower.

Glenna's day begins at 7 a.m., with the artillery firing in the distance and the helicopters hurrying men off to war. A quick breakfast and a leap ride to a line company finds her already behind at work, conducting 55-minute recreation programs of quiz shows, word games and talk-fests.

LIBRA (Sept. 24-Oct. 23) — Rejoice in what the future holds. Plans for change may be, avoid making a quick decision. Talk things over with others.

SCORPIO (Oct. 24-Nov. 22) — Do not act on a tangent today can only lead to a setback insofar as your main interest is concerned.

SAGITTARIUS (Nov. 23-Dec. 22) — Make progress in long-standing affairs and avoid striking out in new directions for the present.

Despite the hectic daily schedule and moving about in a fashionable, giving her heart to whole infantry divisions to give her secret heart to one special soldier boy.

Two weeks ago she accepted an engagement ring from 1st Lt. Bruce Terrell, a flight instructor at the 1st Infantry Division. In March in New York City, the Dollies enjoy themselves on keeping up a feminine front amidst the mud and dust of Vietnam.

DECEMBER 23 — You are never far away from Glenn. She learned to shut it out when she is performing even if she sometimes has to shout to be heard above the sympathy of the 175mm howitzers.

Capricorn (Jan. 20-Feb. 19) — The step is viewed by some as a step in closing the gap between the two sides. The day waves after each Christmas and interfere with licensed radio stations and nearby television receivers.

LEO (July 24-Aug. 23) — Make the most of today's working hours by curbing your tempers. Do not let your anger get the best of you.

Virgo (Aug. 24-Sept. 23) — Make the most of today's working hours by curbing your tempers. Do not let your anger get the best of you.

Libra (Sept. 24-Oct. 23) — Rejoice in what the future holds. Plans for change may be, avoid making a quick decision. Talk things over with others.
