TEN CENTS

Giant Spoon Was Valentine Gift

NEW YORK (AP)—Girls, what would you think of receiving a giant, hand-carved wooden spoon with engraved hearts and your initials for Valentine's Day today?

That's the way the Welshmen did it in the 18th and early 19th centuries. The spoon symbolized housekeeping. The idea was to express the boy's earnest desire to win the girl's interest in a common household item.

"I think it's a very touching custom," said Ellen Schaut, a 19-year-old student at the Pittsburgh Art Institute. She commented on a sampling of opinion on the practice by The Associated Press.

"It's no sign of household drudgery," said DeWitt Smith, 17, a Los Angeles high school senior. "Any way I think a wooden spoon is in the home. It's kind of like an engagement ring. I wouldn't mind getting one myself."

"What? A big spoon?" exclaimed Margaret McDonough, of Miami, Fla., an airline stewardess. "Well, it's a fine idea, I guess, but it wouldn't work so well now. It's the thought that counts and it depends on who sends something. Just send her a card—not a card, then a phone call."

New York City's Museum of Courtship, Love and Marriage, a nonprofit organization dedicated to showing customs around the world, has on display wooden replicas of the Welsh Valentines from the Cardiff Museum-in-Wales. Some are 12 inches long and up to 10 inches wide.

ROSES ARE RED, Buttercups Are Yellow, You Be My Valentine and I'll Be Your Fellow. With sentiments such as these how can LuAnn Giltner help but melt under the attentions of Dane Bourquin. This scene, which took place in the First Grade room at Lincoln School, was duplicated dozens of times in schools throughout the area as Valentine Day was observed Tuesday. And, golly knows, what with war, crime and troubles throughout the world, this was welcome news today. LuAnn is the daughter of Mr. and Mrs. Ted J. Giltner, Flier Avenue West, and Dane is the son of Mr. and Mrs. Ross M. Bourquin, north of the city. (Times-News photo)

Legislature Gets Personal Property Tax Phaseout Bill

BOISE (AP)—A bill proposing a four-year phaseout of personal property tax on inventories, livestock and timber products was introduced today in the Idaho Legislature. The bill would allocate sales tax monies to make up revenue lost to counties, cities and school districts from the decrease in property taxes. Beginning Jan. 1, 1968, the measure would exempt 25 per cent of inventories, livestock and timber products in the first year. In the second year 50 per cent would be exempt, in the third, 75 per cent, and after the fourth year the tax would be removed.

Communists Rush Supplies To South

WASHINGTON (AP)—The North Vietnamese used 3,770 trucks and vessels to rush at least 25,000 tons of ammunition and equipment toward South Vietnam during the bombing pause, the Defense Department said today. This was calculated to be enough to support a 10,000-man division in combat for 250 days, a spokesman said. In the 96 hours of the Tet truce, the Communists were able to transport more war material southward than they had in any previous 30-day period, the spokesman said. Meanwhile, Vietnam peace prospects appeared at their lowest level in two months today as Monday's resumption of the U.S. air war against the North ended weeks of optimistic speculation.

Beckwith Announces Candidacy

JACKSON, Miss. (AP)—Byron De La Beckwith, who was twice tried for the ambush murder of civil rights leader Medgar Evers, today announced his candidacy for lieutenant governor of Mississippi. In announcing his candidacy, Beckwith, 45, said "I feel that this campaign will provide me with the opportunity to repay the many kindnesses which I have received from my fellow Mississippians by offering myself as a candidate whose political position has already been clearly established."

Posters Indicate Military Purge

TOKYO (AP)—Wall posters in Peking indicated today that a sweeping purge of Red China's leading military men is under way in Mao Tse-tung's drive to weed out supporters of President Liu Shao-chi. They also reported a big step up the power ladder by Mao's wife. A correspondent of the Japanese newspaper Sankai Shim-bun said 25 top military men have come under fire as followers of the bourgeois, reactionary line. Wall posters put up by the postal and telegraph workers said that Mao's aggressive third wife, Chiang Ching, has been named chairman of a new committee formed to press Mao's purge in central party and government organizations.

Evidence Sought On Stowaway

LOS ANGELES (AP)—Police searched for evidence today that a young Mexican stowaway, huddling inside the wheel well of an airliner, fell to his death at 5,000 feet.

The crushed body of Humberto Garcia Gutierrez, about 17, of Chihuahua, Mexico, was found Monday on an empty school playground.

Investigators said the youth apparently stowed away before the airliner left Mexico City and fell when the wheels were lowered for landing at Los Angeles International Airport. The task of checking for evidence became more difficult as airliners departed later in the day.

Police said Gutierrez may have died from lack of oxygen or the cold prior to the plunge since the wheels were not pressurized or heated.

Da Vinci Manuscripts May Enlighten

By JAMES F. DONOHUE
BOSTON (AP)—A scholar says two lost manuscripts of Leonardo da Vinci discovered in Spain may result in several inventions being attributed to the Italian master for the first time.

Dr. Ladislao Reti of the Elmer Belt Library of Vinciana of the University of California in Los Angeles told a news conference Monday.

Until now we had only 5,000 pages of Da Vinci in the world. These manuscripts contain 700 pages, so this adds about one-sixth to what we have of the master."

The discovery was announced at a news conference by Dr. Jules Piccus, professor of romance languages at the University of Massachusetts, who said he found the works at the National Library of Madrid, Spain.

Reti, an expert on Da Vinci's scientific works, said the manuscripts were produced between 1485 and 1495, and contain notes and 200 drawings.

"We feel that these manuscripts will result in several new inventions being attributed to Da Vinci," Reti said.

For example, the chain drive like that on bicycles. We first know this in the 18th century. But careful drawings of the chain drive appear on these pages.

"And there are drawings of a corn mill with an automatic metering mechanism, we first know of from the 18th century. There are many other examples of early automation.

Piccus said he was making a "systematic search for Spanish medieval poetry" when he came upon the works.

Piccus asked Reti to authenticate the manuscripts. This was completed, two weeks ago, he said.

Reti said the writing in the manuscripts is backward and can be read only in a mirror.

"Only Da Vinci did that sort of writing in that way," Dr. Reti said, "and it cannot be faked."

5 Negroes Face Murder Charges

GRIFFIN, Ga. (AP)—Five Negro brothers faced murder charges today in the death of a white man shot on a country road near here.

Authorities said the five brothers and four white men were involved in a gun battle before dawn Saturday in which another white man was wounded.

The brothers were held without bond. Sheriff Dwayne Gilbert said the incident apparently was prompted by a truck stop argument. No racial issues seemed involved, he said.

Gilbert, who released a report of the shooting Monday, said John Allen Grant, 35, a truck driver from Miller, Ga., a few miles south of Griffin, was killed. Henry Floyd Parker of Atlanta was wounded in the right hand when his own gun went off, Gilbert said.

4 Gooding Scouts Receive Eagle Badge At Ceremony

GOODING — Four Gooding Boy Scouts received scouting's highest award at a court of honor this week, when they were presented with their Eagle Badges. Honored were Owen Scanlon, John Greive, Roger Stone and Pat Bishop.

Greive, a member of Explorer Post No. 33, led by Fred Locke, has been a scout for nine years. He is explorer post president, and also attended the National Scout Jamboree in Valley Forge in 1964.

He is a member of the Lutheran Church, on the student council, in high school, past president of the honor society, and a member of the football and track teams, "G" Club, and Pep Band and High School.

He is the son of Mr. and Mrs. J. Leon Greive.

Bishop, son of Mr. and Mrs. Paul Bishop, is a member of Troop 33, sponsored by the Lions Club and led by William Peterson. He received his God and Country award last year, is a 4-H member, belongs to the Ski Club and Pep Band in High School.

Scanlon is in his eighth year of scouting, starting in Pack 93. He is a member of Troop 33 sponsored by the Lions Club. He served as assistant patrol leader, and senior patrol leader and troop scribe.

He is active in 4-H, an honor student in high school and is the son of Mr. and Mrs. Claude Scanlon.

Stone, the son of Mr. and Mrs. Frank Stone, is a member of the scout troop sponsored by the Methodist Church, with Eugene Heller as scoutmaster. He served as patrol leader, senior patrol leader, scribe and junior assistant scoutmaster and earned his God and Country Award.

He is an honor student, plays in the concert and pep bands of the high school, and is assistant manager of the football team.

The boys were escorted to places of honor by their scout leaders, and parents were brought forward by members of the scout troop. The Eagle badges were presented by Bob Art Erkins, president of the Snake River Council.

Don Wike, Northlodge District executive, awarded life badges.

Shoshone And Gooding Hold Lenten Rites

SHOSHONE—Lenten services are continuing at 8 p.m. Wednesday and Sundays at the Shoshone and Gooding Methodist Episcopal churches.

Wednesday services are at Shoshone, with the meeting this week at the Methodist church. Sunday services are held at the Gooding churches, alternating between the two congregations.

A study of the Gospels is being held. Rev. Warren McConnell, Gooding Methodist minister; Rev. John F. Tulk, Shoshone Gooding Episcopal, and Rev. Ralph Cairns, Shoshone Methodist minister, take turns conducting the services.

Collectors

TOKYO (AP)—Tokyo's bar hostesses learned today they're soon going to have tax collectors in disguise among their customers.

The Tax Department reported that it doesn't collect \$2.8 million annually from hostesses who do not report their total earnings.

The department estimates that hostesses earn between \$5 and \$27 plus tips a day. It estimates that in the Giza alone, where some of Tokyo's gaudiest bars are located, there are 12,000 to 15,000 hostesses.

Oratorical Contest Set Wednesday

Pershing PTA Has Carnival At Rupert

RUPERT — Chili supper was served to about 700 persons at the Pershing-PTA support-carnival Friday night at the school all-purpose room.

The \$402 which the project netted added to the organization funds will be used for operation of the PTA, and to make a donation to the school library.

The exceptional class from the school conducted a separate carnival, selling items they had made as well as candy and cookies.

PTA President and general chairman of the evening, Mrs. Joan Tracy, thanked those who attended and donated food and other items, or assisted with the serving.

Mrs. Tracy was assisted by Mrs. Jerry Fredrickson, chairman of the Barbecue and auction; Mrs. Jim Rudolph, booth; Mrs. Dale Donner, kitchen; Mrs. Bill Hammons, ordering; and Mrs. Alfred Ralls, publicity.

Many Defeated Democrats Are Back On Federal Payroll

WASHINGTON (AP)—A good many Democratic congressmen beaten in the Republican election sweep last November are back on the federal payroll.

Half have landed federal positions, are looking for them, or have been named to high positions in their states.

Former Rep. David S. King of Utah was appointed by President Johnson as U.S. ambassador to the Malagasy Republic off the southeast coast of Africa.

Half a dozen others have become high-level administrators in scattered federal agencies. More are consultants and lesser officials in a variety of federal programs.

Fifty-two Democratic congressmen were defeated in last year's primaries and general elections. So far 17 have federal appointments and jobs, at least in federal agencies.

They are looking and are in line for positions in states and the Democratic party.

The other 26 defeated Democrats were defeated in home states, retired or are still in Washington but plan to return home soon.

Twenty-seven of the Democrats who rode into Congress on the Johnson tide in 1964 went right back out on the Republican resurgence last fall. But they generally have fared well.

Nine have federal jobs, four more are looking and three have state positions or are leading contenders for them.

Patrons? A Democratic congressional staff member says it's no such thing.

"We help them make contact when we can," he said, "but they have to rely on their own merit when they go down for the job."

"We're certainly not in a position to say 'hey, look or maybe' on whether they're hired."

But he added that congressional experience with federal programs often gives ex-officers an advantage over other applicants for the same jobs.

It would seem a congressional

Dear Abby

By ABIGAIL VAN BUREN
DEAR ABBY: I hope you can put my mind at ease and help me with a problem no one else seems willing to help me with. I would like very much to have my son's footprints taken again to compare them with the ones taken at the hospital where he was born. I am not saying for sure that he is not my own child, but I keep thinking that somewhere along the line they could have mixed up, my baby with someone else's.
 My son is a year old now, and it still bothers me. I have contacted the hospital where he was born, asking if they would take another set of footprints for comparison now, and they laughed at me and said this was never done. Someone suggested I hire a lawyer. What for? I don't want to sue anyone. I just want to be sure they gave me the right baby.

"TROUBLED MIND"
DEAR TROUBLED: Your request does not strike me as being so outlandish. Discuss this with your family doctor. He will not laugh at you. Even the worst fears are probably unfounded, the proof you seek is not difficult to obtain.
 P. S. Lawyers are "hired" for reasons other than "bludge" they advise one of his legal rights.

DEAR ABBY: First I want to tell you that I have not missed reading a single one of your columns since it started to run in our newspaper. When I go out on vacations I leave instructions with my housekeeper to cut out all the DEAR ABBY'S and save them for me. I only tell you this so you will know how much I respect your advice.
 Now for my question: I would like to have your thinking on some extremely important matters, both social and business, but this must be strictly confidential. I don't want any of your secretaries reading my letters.
 If I send you the money, will you please rent a post office box to receive my letters. I would like to be assured of absolute privacy. Thank you.

FINESSE BETTER THAN DROP PLAY

The advantage of the drop play against the finesse play when you are able to wait until the second round for your finesse isn't large. Actually, the drop play under those circumstances will succeed only 18 times more than a finesse in

hand that he contracts for seven no-trump after finding out that his partner holds the missing ace king.

He gets the same opening lead of the club jack and leads a spade to dummy's king at trick two. Then he leads the second spade and after East follows East South is apt to think quite while. After all, more than 2,000 points are riding this time instead of a mere 30-point over-trick.

If he is a real expert, he won't think long because he is going to finesse. The club bid has marked West with a lot of clubs. At this time of decision South will know that East's ten remaining cards won't include many clubs while West's 11 remaining cards will include a lot of clubs. Hence East will be more likely to hold the queen of spades than West and South will know that on this occasion the finesse offers a better chance of success than the drop play.

CARD SENSE

Q—The bidding has been:

Pass 3 N.T. Pass ?
You, South, hold:
♠ 7 8 4 ♠ 10 8 3 ♣ K 5 ♣ K 7
What do you do now?
A—Pass. You have no trump distribution.

TODAY'S QUESTION

Instead of bidding three no-trump your partner bids four diamonds. You go to trumps hearts and he bids five clubs. What do you do now?

I Don't Dance -- Don't Ask Me

Dear Ele and Walt: I'm having trouble at home. A year ago I joined this church and we believe that dancing is wrong. My parents know my stand, but no still they try to tempt me. My father even said he'd buy me a tuxedo if I went out to school's junior prom, and my brother offered to pay for a post-prom dinner for a date and six friends. I don't care if I get them to stop tempting me—Warren.

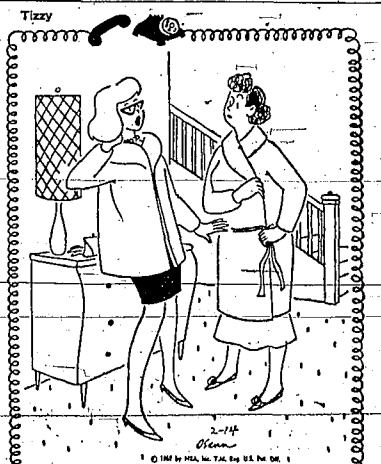

Dear Warren: Reading between the lines, we'd suspect that since afflicting me with the church you've been wearing long face-at-home. Your parents want you to become socially developed as you are religiously strict. As your minister how you might give better witness to your family as to the positive aspects of your faith. Can't the "thou shalt not" frowning a bit.

Idea: See if you can give a good fun party at home for your church friends. If your parents can see you having a ball again but they'll lessen the prodings to "go dancing."—Ele and Walt.

Dear Warren: I like this girl who lives in the South; she's a high school cheerleader, and is very cute. This summer she visited her brother and his wife whom I've known for a long time, and I dated her a number of times before she went back home. Well, then I wrote her a letter and told her that I think a lot of her. She read it the wrong way, and got the idea that I was trying to say I loved her. But I wasn't.

Dear Warren: I shouldn't write her any more, because she does not feel the way I do. So how can I make her see what I mean and reopen our friendship? I write.

Dear Jerry: Why don't you relive "the things we did last summer," but be a gazette of fun things that are happening in your school and community. If she catches the casual note she may respond. If not, face the fact that she's got other things but he just can't stop summer memories.—Walt.

CSI Is Out For Revenge In Game Against Broncos

College of Southern Idaho will be out for revenge Tuesday night when the Eagles meet the Boise College Broncos in Bronco Fieldhouse. The Broncos handed the Eagles their second loss of the season Jan. 31, dropping CSI 87-72 in Twin Falls. Key to the Broncos' victory was the 90 per cent shooting of Wendell Hart in the second half after the Broncos had caught the Eagles off guard in the first to take a big lead.

Chamberlin Scores 58 In 76er Victory

PHILADELPHIA (AP)—Walter Chamberlin set the individual high for the 76ers Monday night as he led the Philadelphia 76ers to a 131-123 victory over the Cincinnati Royals in National Basketball Association game.

Chamberlin collected 28 field goals and six free throws to top the previous 1966-67 high of 57 set Rick Barry of San Francisco Oct. 29 against Cincinnati. Chamberlin, devastating beneath the hoop with his patented dunk shot, scored 12 in the first quarter, 16 in the second, 11 in the third and finished with a 19-point flourish in the final 12 minutes.

It was the 113th time in his pro career that the 7-foot-1 Chamberlin topped the 50-point mark in regular season play.

CSI boosted their Eastern Division lead to six games over runner-up Boston, idle Monday night.

In defeating Cincinnati for the sixth time in seven meetings this season, the 76ers took the lead with 37 seconds left in the first quarter and never trailed.

Lucy, with 30 points, Oscar Robertson and Smith, each with 23, were high for the Royals.

Cokes Offers Challenger Title Chance

DALLAS, Tex. (AP)—Welterweight champion Curtis Cokes will offer a \$25,000 guarantee Monday to meet Ted Whitfield in a title fight if the Boston bantam can whip the champion Feb. 20 in a non-title match in Dallas.

Donny Lord, Cokes' manager, said "We definitely will give Whitfield a title fight if he beats Curtis, probably as early as May." Norm Levinson, promoter, said if such a match develops he would like to have it in Dallas.

Paul Mirano, Whitfield's manager, guaranteed the \$25,000 and made out a check to Cokes for that amount, hanging on a Whitfield victory.

"I'm real tickled to hear about that guarantee," Lord said. "If Whitfield beats Cokes we definitely will be obligated to give him the title bout."

Lord said Cokes already has another non-title bout signed for March 31 against Joe Harris in Madison Square Garden and "he's more in the mood."

He said there was a strong possibility Cokes will meet No. 2 contender Willie Ludick of South Africa sometime this spring.

Cokes' last title defense was against Jean Josselin of France last fall in Dallas. Cokes won a unanimous decision. Recently he was held to a draw by 10th-ranked Francis Pavilla of France in a non-title bout.

Whitfield is ranked No. 10 by Ring Magazine but unranked by the World Boxing Association.

Studies Underway To Maintain Future Salmon, Steelhead Runs

SALMON — Reports of fishery biologists of the Idaho Fish and Game Department working to determine the survival and production of steelhead trout fry in an incubation channel, the changes in abundance of species and age groups of fish in the study stream, the number, species, and age of fish which emigrated from the study stream, the growth of fish in the study stream under varying levels of abundance, and the number of steelhead trout smolts produced as a result of the egg planting program.

The study now is entering a new phase. Chinook salmon eggs have been planted in the hatchery biologists of the Idaho Fish and Game Department seeks to determine the survival and production of steelhead trout fry in an incubation channel, the changes in abundance of species and age groups of fish in the study stream, the number, species, and age of fish which emigrated from the study stream, the growth of fish in the study stream under varying levels of abundance, and the number of steelhead trout smolts produced as a result of the egg planting program.

Huskies Come From Behind, Tip Stanford

SEATTLE (AP)—Washington, run ragged by Stanford most of the way, came from behind in the last five minutes to beat the Indians 78-73 in a Pacific-8 Conference basketball game here Monday night.

Washington started slow and dropped behind during the first four minutes, then exchanged the lead with Stanford several times. The first half ended with Stanford leading 36-28.

The Indians, bolstered by Don Griffin's 33 points, led by six points until the final five minutes. Then Gordy Harris put Washington ahead 63-61 and from there on out, it was Washington's ball game.

Griffin was high scorer in the game. Harris led the Huskies with 21.

Fish House Tops Stakes At Arcadia

ARCADIA, Calif. (AP)—Fish House, Calif., won the 1966-67 Mira Fennee Monday to win the \$45,800 Santa Susana Stakes in a battle of 3-year-old fillies before a Lincoln holiday crowd of 29,041 at Santa Anita Park.

Jockey Bill Shoemaker, registering his 100th stakes victory at the track, piloted the brown filly from the C.V. Whitney stable in by 3/4 lengths while Mira Fennee, the even-money favorite seeking her fourth stakes triumph of the meeting, finished in a dead heat for second with a long shot, Spinning Around.

Mira Fennee, a California filly owned and bred by Verne Winchell, 7-1, defeated Fish House earlier in the Santa Anita meeting but the Kentucky-bred daughter of Porthouse twice defeated Mira Fennee in 1965.

The time for the 1-1/4-mile feature was 1:44 1/5.

Mira Fennee was ridden by Jerry Lambert, who replaced the temporarily suspended Walter Blum.

Steelhead Trout Population in Lemhi River

Some 180,000 fingerling steelhead were planted in the ponds and fed a dry food diet. The juvenile steelhead have exhibited an excellent growth rate and will be large enough to migrate to the sea this spring.

An experimental program to re-establish a steelhead trout population in the Lemhi River through the planting of steelhead eggs in an incubation channel adjacent to Big Springs Creek was initiated in 1967.

The study by the department seeks to determine the survival and production of steelhead trout fry in an incubation channel, the changes in abundance of species and age groups of fish in the study stream, the number, species, and age of fish which emigrated from the study stream, the growth of fish in the study stream under varying levels of abundance, and the number of steelhead trout smolts produced as a result of the egg planting program.

France May Stage Winter Olympics But Without Own Skiers Involved

COPENHAGEN (AP)—Olympic officials left town today warning the French they could find themselves staging a next year's winter Olympics in Grenoble without a Frenchman involved.

"There are troubles with the French government and the French Olympic Committee," said Avery Brundage, Chicago, president of the International Olympic Committee.

The problems stem from the fact that the French government demand two officials on the French Olympic Committee. "This is political interference in sport," Brundage maintained. "We're dead against it."

"This problem—might affect the participation of the French team" in Grenoble.

In other words, Brundage meant that if the French government continued to demand two representatives on the French Olympic Committee then the French could find themselves without Olympic recognition—and so out of the games in Grenoble and Mexico next year.

The Olympic officials met for two days in Copenhagen. It was an executive board affair and important problems—like the USE TIMES-NEWS WANT ADS FOR FAST SELLING RESULTS

Weather Is Blamed For Auto Sale Lag

DETROIT (AP) — Wintry weather here has revolved much of the blame in the latest sales slump and production lag reported by the nation's auto industry.

Industry executives Monday reported a 20.6 per cent drop in sales for the first 10 days this month and said snowstorms and zero or subzero temperatures that hit large areas of the United States were a major cause.

While fierce weather apparently kept some buyers away from auto showrooms, it also prevented many auto workers from reaching their jobs.

The report of sales losses dovetailed with simultaneous losses or cutbacks in production and the highest inventory of unsold new autos for any Feb. 1 in history. One firm, American Motors Corp., closed its plants Monday for two weeks to bring its production in balance with sales and inventory.

All the major carmakers — General Motors, Ford, Chrysler and American Motors reported drops in sales for the first 10 days of the month as compared to the same February period last year. The difference averaged 20.6 per cent.

So far this year not one 10-day sales period has equaled its counterpart of last year.

Sales for all of January were 17 per cent below those for January 1966.

The manufacturers reported combined sales of 170,788 for the Feb. 1-10 period this year. For that period last year the total was 210,116.

General Motors, which usually commands more than 50 per cent of the car market, reported it sold 85,530 passenger cars in the Feb. 1-10 period, a year ago the GM sales were 110,863.

Ford sales were 50,441 as against 63,319. Ford Division said its combined sale of cars and trucks — 55,533 — was the third highest in history for the Feb. 1-10 period. Its record of 68,863 was set last year.

Chrysler's Feb. 1-10 sales were 30,272, compared with 34,728, and American Motors' 4,545 as against 6,206.
