School Aides From Oregon Visit T. F.

Recent visitors to Twin Falls were two representatives of the Vocational Rehabilitation department in Oregon. They were in Twin Falls to view and examine the local vocational rehabilitation project, one of two in the state. Pat Young, Vocational Rehabilitation Counselor for the State of Idaho and School District No. 411, said Oregon is considering instituting a similar project. The two men were Marvin Janzen, regional supervisor, and Tom Cowen, vocational counselor for the Oregon department. While here they viewed the 21 students attending a half day of vocational training at the special education building at Robert Stuart Junior High School. The also observed the students, ages 16-21, at half a day on the job training. Mr. Young said the success of the Twin Falls project is directly attributable to the cooperation of Twin Falls businessmen in placing the trainees.

OREGON VOCATIONAL rehabilitation personnel visited recently in Twin Falls where they viewed one of two Idaho projects for training the employable handicapped. From left are Pat Young, their host from Twin Falls who is vocational rehabilitation counselor for the State of Idaho and School District No. 411; Marvin Janzen, regional supervisor for the Oregon system, and Tom Cowen, vocational counselor for Oregon. Oregon is thinking of instituting a program similar to Idaho's. (Times-News photo)

Depositors Urge Court Ruling In Loan Case

SHOSHONE — Depositors in the former Idaho Savings and Loan Association were urged Thursday by Mrs. Myrtle Burdett, Shoshone, to contact the governor and the legislators in an effort to obtain a court ruling soon in the case. She points out that three plans regarding the future of the closed company now are before the third district court awaiting decision. "Local depositors don't want to tell the judge how to rule, but we do urge that he rule soon, not take the 180 days allowed by law to act upon the matter," she declared. The formation of a second depositors committee in Boise last week, which has presented a plan to liquidate, not reopen the closed institution, has given rise to many new questions in the minds of depositors, Mrs. Burdett said. The newest committee calls themselves "The Depositors Recovery Committee." They have not clarified their entire program to the majority of depositors in the organization; however, and at this point many depositors think this is another reorganization plan while the circular defining their purposes is called "Controlled Liquidation" plan. They listed five basic faults to the original plan for reorganization and reopening as presented by a committee representing the depositors. The first came from four firms owned by D. Spencer Groves of Provo, Utah, who owned most of the stock in Idaho Savings. The pros and cons of the various plans may be argued and continue to hold up settlement and retribution to the thousands of depositors caught in the middle. Shareholders, or depositors in this community are writing Gov. Don Samuelson and legislators urging their support of a quick settlement of this latest controversy and some long overdue action in this matter, the Shoshone woman added.

WASHINGTON. — To their utter consternation, Republicans in both the Nixon and Romney camps suddenly have discovered that they will undertake California's Gov. Rommie Reagan at their own peril. WHIRLIGIG

WASHINGTON. — To their utter consternation, Republicans in both the Nixon and Romney camps suddenly have discovered that they will undertake California's Gov. Rommie Reagan at their own peril. At the very least, Reagan now looms as the proprietor of a large bloc of Western votes at the 1968 convention.

But whatever his opinion of Reagan's qualifications, Republicans will have to take this factor into account. Let's see the month after he assumed his first political office, Reagan has made it clear he will be a candidate as a favorite son of the West. He undoubtedly will have a heavy and primary consideration in any primary that will run in the Oregon and Nebraska primaries. There is an even chance he will give it a go in New Hampshire and Wisconsin.

BLOOMS IN CONSERVATIVE GARDENS — Nor is this all the Romney and Nixon boys have to worry about. As the heir apparent of Barry Goldwater's conservative support, Reagan also has considerable strength in such states as Alaska, Wyoming, Arizona, Montana and Idaho, where conservative Republican governors were elected last November. He can expect to benefit from the favorite son candidacy of his political pal, Sen. John Tower. Not only in Tower's Texas but throughout a Southland which went big for Goldwater in 1964.

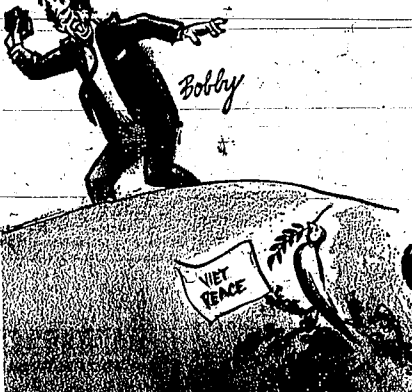

REAGAN'S POWER — But even if Reagan is modest enough to announce Presidential ambitions this time around, he is sure to wield considerable power at the 1968 convention. It is now clear that Reagan, Tower and Ohio's Gov. Jim Rhodes are using their favorable standing to prevent either Romney or Nixon from winning the nomination before the convention. And, of course, in the event of a Romney-Nixon deadlock, Reagan could be in a good position to take it all.

POPULAR THEMES — During his campaign in several states, Reagan has reflected the irritation of millions of voters. He is the candidate of those who are fed up with scandal in high places, crime in the streets, wild rights excesses and disorder on the campaign trail. He is the candidate of those who are fed up with the University of California, Reagan was hailed as a hero in thousands of letters from voters throughout the country, although in fact it was the University of California, Reagan was hailed as a hero in thousands of letters from voters throughout the country, although in fact it was the University of California, Reagan was hailed as a hero in thousands of letters from voters throughout the country, although in fact it was the University of California...

FEMINE 'PROS' — Many can remember the time when the appointment of a woman to a high government office was occasion for a burst of publicity. Not so today.

TRAGEDY OF THE SPACE AGE — The tragic deaths of the three Apollo astronauts, Virgil Grisson, Edward White and Roger Chaffee, serve to underline the incredible record in its program to conquer space. Men have been hauled into orbit and have walked in the void, and they have come back unharmed time after time. Virgil Grisson once said to accept it. It was a risky business and we hope that if anything happens to us it will not delay the program. The conquest of space is worth the price.

With One Stone?

WASHINGTON (NEA) — At a recent Fresno meeting of Mexican-American leaders, a young militant turned to some hard veterans and said: "If you don't move fast, you're going to find footprints on your backs." The comment reflected perfectly the rising frustration of the Mexican-American community over what the leaders consider the gross neglect by government and by private enterprise of problems of poverty, education, health and welfare which affect many of the nation's 5 million Mexican-Americans.

Breezin' Around

The Spectator: "We saw the giant Lynx Cat" two Twin Falls hunters had bagged. When the hind duffed the 37-inch cat (from ears to tail) stretched to five feet, four inches long! We will allow it was a real nice cat but what is known in these parts as a Bob-Cat.

UP-UP — Dear Spectator: See where Idaho's Governor is in the news again. Said he wanted to raise his general budget figures a couple of million. This sure brought the howl all around. Poor Donald, he sure rushes in where angels fear to tread.

Views Of Others

WASHINGTON (AP) — The Johnson administration has put itself in a position where it can neither "have it both ways" nor "do the doves" if it should decide to call off the bombing to get peace talks started in Vietnam. Secretary of Defense Robert S. McNamara laid the ground work for it, intentionally or not, in testimony he gave senators last month although he wasn't made public until this week.

Interpreting The News

WASHINGTON (AP) — The bombing as a condition for peace talks, it can't tell the "hawks" it wasn't giving up since the bombing didn't cripple the north anyway.

Q — I have a painful bone spur in my left heel. Cortisone doesn't relieve it but Indochin does. How long can I take this drug? What is the best treatment for a spur? A — This is a common complaint in persons who are over 50 and are overweight, wear poorly fitted shoes or have to spend a lot of time on their feet.

Childs Views Today's Issues

OTTAWA, Canada — From Hanoi relayed by one of Canada's senior diplomats came a message nearly a year ago that an ultimatum in North Vietnam should be issued. The message was: If the United States will stop bombing in North Vietnam talks looking to peace can begin. Chester King, with 20 years' experience in China and South East Asia, had sent this word. He was convinced, and this was true, that Hanoi would not be State Department in Washington, that if the bombing could be halted unconditionally the first step in a long and difficult road peace would be taken.

Washington Viewpoint

WASHINGTON (NEA) — At leaders of five top Mexican-American organizations. Rumor of a big conference followed. Last fall three conference planning sessions were held in Washington. Key Mexican-American spread the word through the five-state area—California, Arizona, New Mexico, Colorado and Texas where 80 percent of this population lives.

Poor Man's Plato

NEW YORK (AP) — One of the problems everyone has to solve today is whether the world is getting better or worse. The best way is to make periodic checkup on yourself. To determine whether you have retained or lost your marbles, here are some sane, sane quality questions. How can you do it? For example, here is a sample quiz by which you can rate yourself. Are you able to sit down and reason with your own children intelligently, thus helping them to improve their way?

The Doctor Says

Q — My doctor says I have osteoporosis. What causes it and what treatment is best? A — This disease, also called osteoneuritis, is characterized by thinning of the bone. It follows following only slight trauma. The disease usually improves after puberty and, in some cases, it may disappear. This suggests that overactive hormones hold the disease in check. Carefully regulated doses of the available hormones offer the best chance of controlling it.

Richfield Depot Being Moved, Fate Undecided

By NINA BRUSH
Times-News Correspondent

RICHFIELD — A 58-year-old landmark is being moved from Richfield with the closing of the Richfield Union Pacific railroad agency.

The depot was recently sold to Charles (Chuck) Sluder who partially dismantled the upper story by leasing the structure on a moving truck. Exact location of the new site depends on sale of the building or Sluder's first choice in planning to move it to highway 93 where he owns land and may make a tourist attraction.

The depot building is a far cry from Richfield's very first box car depot set up in 1907. The box car was located near the present home of Mrs. Agnes Powell. The station agent, Frank Wilcox, his wife and son, also lived in the box car. Richfield's first post office, a letter box nailed on a post, was also nearby.

Richfield's second depot agent was also named Wilcox, but was no relation to the first. He was D. E. (Dewey) Wilcox, who had the job about a year and later returned for a long period of serving as agent.

Dewey Wilcox married while first agent at Richfield, his bride being Agnes Dew, one of Richfield's first school teachers in the new rock school house.

Another agent named Wilcox is also remembered but his first name is forgotten.

Some of the Richfield people recalling the early days of the depot, however, said that one of the one now being razed, include Mrs. C. A. Johnson, widow of one of the early day ranchers homesteading C. A. & A. land in S. McIntosh, Richfield's earliest resident living near here in 1906, and Mr. and Mrs. R. J. Lemmon, who came in 1908, but know Dewey Wilcox served longer than any other.

Douglas, Dale and Gilbert Sluder helped their father dismantle some of the depot and helped get it on the moving truck. It now is sitting north of the railroad right of way, waiting to have its fate decided as to whether it will serve the next generation as a granary or a wayside stop.

Residents lost count of the number of agents stationed at Richfield, but know Dewey Wilcox served longer than any other.

LANDMARK AT RICHFIELD for the past 58 years, this old Union Pacific Railroad depot is now awaiting its fate settling north of the railroad right of way. It was purchased recently by Charles Sluder who, with his sons, partially dismantled the upper story before loading the structure on a moving truck. He is undecided if he will move it to Highway 93 where he has land and make it into a tourist attraction. The depot was built in 1908 and later improved to provide living quarters in the upper story. Oldtimers recall several different depot agents. (Glen Ross photo)

British Face Problem In Enforcing Economy Rules

By LAWRENCE MALKIN
LONDON (AP) — The chief of one of Britain's biggest unions has urged the government officials across the table with a stare.

"All right," he said, "how long are you going to keep me in jail?"

That challenge illustrates the government's chief dilemma if it tries to put the force of law behind a new appeal for restraint on wages and prices after the austerity freeze ends in July. Some union leaders would sooner be martyrs than surrender hard-won rights of bargaining.

From Prime Minister Harold Wilson down, the government is hard at work persuading both sides of industry they can never return to what Wilson and his ministers call "the old free-for-all" in wages and prices.

The problem is balancing the national interest against private demands for more money.

The one-year freeze imposed last summer to save the pound from devaluation stopped an inflationary spiral, but at heavy cost in economic growth. The government took power to stop increases by law.

This power was rarely used and has ever been in court. It remained in the background as an ultimate deterrent — the kind of threat that works best when it's not used. Most officials agree the real reason the freeze worked is that the country was behind it and industry cooperated.

But the British are not willing to pull in their belts forever, and the government realizes economic expansion must start again.

Leaders of the Trades Union Congress (TUC) and the Confederation of British Industry (CBI) maintain they can work out a voluntary system without government intervention.

They already have held the first joint meeting in their history, without government representatives, to discuss a scheme for voluntary restraint.

Management has just as little taste for government control as labor.

Wilson has warned that unless both sides key wages and prices to what the nation produces, something worse may be in store — another dose of austerity stopping the economy cold.

Is Anthem Tavern Song, Irish Tune?

WASHINGTON (AP) — Francis Scott Key wrote the words to the "Star Spangled Banner," but a controversy has erupted concerning the composer of the American anthem's music.

A London dispatch contended Wednesday the music is that of an old English drinking song, composed by John Stafford Smith in 1758 in a now-demolished London pub.

But William Lichtenwanger, head of the reference section of the Library of Congress music division, countered that the song is of Irish origin, "probably brought to this country by an Irish regiment in the British army."

Key, a lawyer and amateur versifier, wrote the words to the anthem after watching the British fleet bombard Ft. Mifflin in Baltimore Harbor in 1781.

Councilman At Burley Resigns

BURLEY — Lamar Craner, Burley city councilman, has resigned his position because he has moved from the district. He stated that he has served under three mayors and had found the councilman work enjoyable and rewarding experience.

Rex Stanley, 1435 Conant Ave., Burley, was appointed to fill the vacancy of councilman. Mr. Stanley has been safety director for ever since he was eight years. He will officially begin his duties as councilman in March.

Reversal Of High Court Award Asked

WASHINGTON (AP) — The Associated Press asks the Supreme Court today to reverse a \$500,000 libel award to former Maj. Gen. Edwin A. Walker as an oppressive inhibition on constitutionally protected free speech and free press.

"If such awards are permitted to stand, free discussion of major public events will necessarily be substantially and unconstitutionally inhibited," attorneys for the worldwide news service said in a brief submitted to the court prior to today's hearing.

The libel judgment, won by Walker in a Fort Worth, Tex., state court, was based on AP's account of his activities during rioting at the University of Mississippi in 1962. The disorder was occasioned by admission of a Negro, James Meredith, into the university.

Only 3 Guns

SEATTLE, Wash. (AP) — Send Point Naval Air Station fired a three-gun salute Wednesday in honor of George Washington's birthday anniversary.

"We had a little gun trouble. After the first three volleys, the breech jammed on one and we had a hung fire on the other."

"By the time we got everything fixed and put back together, it was too late to fire any more."

Better Growers... Here's your Spring fertilization headquarters

USS Farm Service Centers offers the best in Fertilizer services:

To start your Spring fertilization out right, your United States Steel Soil Fertility Specialists will work with you in developing the correct soil fertility program for each of your fields. Assistance in soil testing, planning and recommendations can assure you of the right fertilization program. And to make sure your program works, you can take advantage of the many EXTRA MEASURE SERVICE benefits available at your USS Farm Service Center:

CUSTOM BLENDING — Bulk mixing units that can blend up to six tons of fertilizer in minutes... to your specifications. You can also get specific micronutrient counseling... be careful of "general" recommendations.

ANHYDROUS AMMONIA — The latest and most complete anhydrous ammonia tanks and application facilities.

SELF APPLICATION — Efficient pull-type spreaders and bulk bins for farmers' own use.

FLOATION TIRES — Low pressure tires on spreading equipment that greatly reduce soil compaction.

AERIAL PHOTOGRAPHS — "Program That Pays" planning with an aerial photograph of your farm.

Make your USS Farm Service Center your Spring fertilization headquarters. You will find the know-how, the fertilizers, and the equipment to help boost yields and profits on your farm.

Better growers grow Better!

Auto-Train Mishap Kills 9 Of Family

SACRAMENTO, Calif. (AP) — A freight train hurtled into a station wagon at a crossing Wednesday and killed nine members of a family.

With the train horn blowing and signals working at South Sacramento area crossing, a Southern Pacific train going 60 m.p.h. rammed broadside into the vehicle, scattering bodies and debris as far as 200 feet.

Killed instantly were all nine occupants of the station wagon. They were retired Air Force Sgt. Herbert Hill, 42, of nearby Broderick; his wife, Annie Laurie, 38, and children Deborah, 3; Michael, 4; Timothy, 8; Edward, 7; Caroline, 5; Herbert Jr., and Douglas, both 10.

Train engineer Calvin C. Scarely, 58, of Tracy, said he did not see the station wagon before the crash.

The five other members of the Hill family, all daughters, were elsewhere.

PARTICIPATING IN AN Invitational high school forensics meet at Stanford University in Palo Alto, Calif., this week are four Minico High School students, who were accompanied to the meet by Mrs. Val Toolson, their teacher, right. Standing are Carol Gibson, left, and Grace Kraus, student body president. Seated are Shirley Hondo, left, and Pam Abo. The four Minico students will enter both debate and individual events, including oratory, extemporaneous speaking, interpretive reading and impromptu speaking. (Times-News photo)

Directors Of Hospital Talk In Hagerman

HAGERMAN—John LeMoine and Verne Carson, members of the Gooding County Memorial Hospital board of trustees, spoke to Hagerman Grange members Monday evening on the need of a new hospital in Gooding.

Stanley Hoskovec, master of the Hagerman Grange, introduced the exemplification of the second degree.

He was assisted by members of the Bliss, Tuttle and Hagerman Grange. Receiving the degree were Mr. and Mrs. M. N. Henley, Mr. and Mrs. Don Peterson, Margaret McClung, Mr. and Mrs. Albert Cortez, Mr. and Mrs. Bob Laurason and Harry Giesler.

The centennial candlelight ceremony was conducted by Mrs. Henley and Mrs. Percy Pollard. Mrs. Hoskovec reported the yearbooks are completed and the saving contest rules may be obtained from Mrs. Hoskovec.

Vernon Baumgartner reported no changes had been made in the insurance program. The next regular meeting will be held March 6. Hagerman Grangers will present an exchange program at Wendell March 21.

Don't Run

BEAUMONT, Tex. (AP) — One man walking a picket line has lured 600 workers at a big chemical plant.

Roy Farrell picketed the plant Wednesday protesting his dismissal for allegedly running — instead of walking — in the parking lot of the plant in violation of safety regulations.

A sign lettered in 10-inch-high figures near the Beaumont Dupont works parking lot says: "Walk—don't run."

Four Minico Coeds Attend Speech Tourney At Stanford

RUPERT — Four Minico High School coeds are participating in a high school invitational debate and speech tournament at Stanford University in Palo Alto Calif., this week.

The four, who are students of Mrs. Val Toolson, are Carol Gibson, student body president; Grace Kraus, Pam Abo and Shirley Hondo. Mrs. Toolson drove a school car and accompanied the students to the meet.

Mrs. Toolson received the invitation from Kenneth E. Mosler, director of forensics at Stanford, upon a recommendation of Dr. Mahafey of Linfield College in McMinnville, Ore. Three of Mrs. Toolson's former students, her daughter, Carmel Toolson, and two former Minico Student Body presidents, Dennis Rupard and Kathie Wheeler, are attending Linfield College.

Mosler's letter said, in part, "Dr. Mahafey has recommended your school as outstanding in forensics in the Northwest. We would like to have you as special guests for our large high school invitational debate and speech tournament.

Because of the travel distance involved for you in attending we will waive fees and provide free lodging for you and your students at a motel adjacent to the campus. More than 30 top forensics schools in seven states have already registered this year."

The four Minico students will enter both debate and individual events, including oratory, extemporaneous speaking, interpretive reading and impromptu speaking.

The group left Wednesday and expect to return home Sunday.

Miss Gibson and Miss Kraus were runners-up in the Idaho State University tournament held recently at Pocatello, where the Minico team won the sweepstakes and other first place trophies.

Last week the two were runners-up at Weber College, Ogden, in competition with 136 schools. In Ogden the two were entered in debate, Miss Kraus was an interpretive speaker and Miss Gibson entered the oratory division.

Mrs. Toolson said that in her 16 years of speech teaching experience in Idaho she has never known another Idaho school to receive an invitation to Stanford. She has been at Minico for six years, and she is serving her second term as president of the Idaho State Speech Arts Teachers Association.

Soviet Flotilla Noted By Guard

SAN FRANCISCO (AP) — The Coast Guard is watching a flotilla of Soviet fishing trawlers transferring their catch to a mother ship off Drakes Bay, 25 miles northwest of San Francisco.

The Coast Guard said the skipper of the Delastari, mother ship for the trawler group, requested permission to make the two-day cargo transfer in calm water just outside the three mile limit.

SHOTS FIRED MOSCOW (AP) — Chinese along the frozen Amur River, which forms part of the boundary between Siberia and Manchuria, fired shots recently at Soviet police, the youth newspaper Komsomolskaya Pravda said today.

Dear Abby

By ABIGAIL VAN BUREN
DEAR ABBY: What is your opinion of this situation? Elsie is 34. Her mother is 52. Herman is 37. Herman has been dating Elsie for 10 years. Elsie lives at home with her mother and Herman has a room somewhere, but he practically lives at Elsie's.
The three have gone on long trips together, and have been seen at movies and all over town together, but get this: Herman has been seen with Elsie's mother ALONE (marketing and driving around) nearly as much as he has been seen with Elsie. There is something peculiar going on here.

At present Herman is unemployed and is mooching off these two women. The mother is a widow and should be looking out for herself. As a friend of the family, I would like to see this relationship terminated. But how? INTERESTED PARTY.

DEAR INTERESTED: If Elsie, her mother and Herman are happy, I can't see why the relatives should concern anyone else. As I see it, what should be "terminated" is your preoccupation with somebody else's business.

DEAR ABBY: What would make a 36-year-old man suddenly start wearing elevated shoes? FLABBERGASTED

DEAR FLABBERGASTED: He probably wants to be on "the" level.

DEAR ABBY: When a boy is visiting a girl at her house and the girl walks him out to his car, should he walk her back to the door? My boyfriend thinks he should, but I don't. CURIOUS

DEAR CURIOUS: If you want to be absolutely proper, say

MR. AND MRS. HAROLD R. BENNION (Laysan photo)

Newlyweds Are Honored At Area Reception

KIMBERLY — Mr. and Mrs. Harold Richard Bennion, Kansas City, Mo., were honored at a wedding reception Jan. 28 in the Murtaugh LDS Church. The newlyweds were married in the Salt Lake City LDS Temple Jan. 27 in a ceremony performed by Apostle Monson.
The bride is the daughter of Mr. and Mrs. L. Ray Stanger, Kimberly, and the bridegroom is the son of Mr. and Mrs. Melvin Bennion, Independence, Mo.
For the reception, the bride wore a gown of rayon organza accented with a lavish tracing of Venise lace on the panel skirt and the crescent waistline. Self-covered buttons down the back caught the large bow at the waist from which the chapel train flowed. The bodice featured a ruffled sweetheart neckline and long fly point sleeves.
Her elbow-length veil of illusion was held with a queen's crown of pearl and lace. She carried a crescent-shaped bouquet of carnations and Sweetheart roses.
Mrs. Stanley Earl, Murtaugh, sister of the bride, served as maid of honor. Miss Stanger, sister of the bride, and Carol Dillon, Twin Falls, were the bridesmaids.
Janelle Earl, niece of the bride, was the flower girl. Lonnie Stanger, daughter of the bride, was best man. Ushers were Stanley Earl and Don Perkins, both Murtaugh.

The reception hall was decorated with baskets of pink and burgundy carnations and bouquets of carnations on the tables. The bride's table was centered with the traditional wedding cake constructed of square tiers decorated with pink and burgundy and pink roses topped with a pair of wedding doves. The table, covered with lace, was scalloped with fern and accented with a bouquet of carnations.
Guests from Utah, Wyoming and throughout Idaho were registered by Mrs. Allen Cummins, Murtaugh. Thank-you cards were distributed by Donna Larsen, Twin Falls.
Mrs. William Pearson, Hansen, cut the cake. Reception hostesses were Mrs. Lewis Dillon, Burley; Deshae Fiedler, Ririe; Turner, Mrs. Ivan Moves, and Mrs. Earl Watts, all Murtaugh, and Mrs. F. C. Dillon, Twin Falls.

Randy Stanger and Tracy Stanger, brothers of the bride, were the gift bearers. Mrs. Earl Wright was in charge of the gift tables, assisted by Mrs. Kent Carter, Twin Falls; Linda Ross, Provo; Linda Howe, Arden; Debbie Perkins, and Mrs. Alan Ward, all Murtaugh, and Dianne Pearson and Rita Watts, both Hansen.
Guests were greeted at the door by Kay Wright. The bride's parents hosted a wedding breakfast at a Salt Lake City cafe for the bridal party, friends and relatives attending the wedding ceremony.
A second reception was held Feb. 2 in the LDS Church at Independence, Mo., with the bridegroom's parents, sister Anita, and brothers John, Jerry and Robert, assisting in the reception line.
The newlyweds were also honored at a wedding supper. The couple will make their home in Kansas City, where the bridegroom attends the University.

Slides Shown For Auxiliary

BHUI — Dr. and Mrs. Vern Anderson were special guests at the February social meeting of the Duhl VFW Auxiliary. Dr. Anderson showed and narrated slides of their recent trip to Europe. Busby's Iron Curious guests at the meeting included members of the Duhl VFW Thurston Post No. 3604.
After the meeting, a potluck dinner was held. Mrs. Lawrence Johnson was in charge of the dinner.

OES Addenda Given Honoring Unit Marthas

RUPERT — Chapter No. 39, Order of Eastern Star, convened at the Masonic Temple, with Mrs. Edwin Miller, worthy matron, presiding. One of the star points, "Martha" received special honors in an addenda paying tribute to past Marthas as well as the present Marthas, Mrs. Olga Lish.
Past Marthas honored include Mrs. Elmer Schenk, Mrs. Thomas Cook, Mrs. Ruby Gilmore, Mrs. Zula Gregory, Mrs. M. E. Willis, Mrs. Reed and Mrs. Herbert LaBus.
The worthy matron began the ceremony with a talk on the heroine, Martha.
Taking part in the addenda were the star points, the chaplain and Mrs. Gilmore, with each presenting Mrs. Lish a crocheted key in the color appropriate to her station. A poem, "Martha" was given by the worthy matron closed the ceremonies.
Each of the honored guests received a gift from Mrs. Miller.

Men's Party Is Scheduled

Plans were made for a men's party when members of the Emmonon Club met at the Knoll Community Center.
The party is set for 8 p.m. March 3 at the Knoll Community Center and all community members are invited to attend. Yearbooks were distributed.
Mrs. Warren Williams, program chairman, introduced Mrs. Ben Eldredge who installed the new officers.
Mrs. Walter Miller and Mrs. Homer Ramseyer showed colored slides and told of their trip to the Orient.
Guests were Mrs. George Benham, Mrs. Leslie Anderson and Mrs. Eldredge. Hostesses were Mrs. Uba Allen and Mrs. Glenn Ward.

All-Day Meet Scheduled By T.F. Deanery

JEROME — A Day of Recollection-for-women-of the Twin Falls Deanery will be held March 1 at St. Elizabeth's Catholic Church, Gooding.
The day will begin at 10 a.m. with talks by Rev. Dennis Falk on the day's theme, "Christ in the Gospels," which will be followed by celebration of the Mass at noon.
A potluck salad buffet will be shared by those attending, with coffee and rolls furnished by the Gooding unit of the Idaho Council of Catholic Women.
In the afternoon there will be two more meditations offered by Father Falk, and the day will end with a service of the benediction of the blessed sacrament.
Rev. Method Korn, O.S.B., Jerome, will assist Father Falk throughout the day with hearing of confession and conferees.

PARADE COMPLETED

SPRINGDALE — The Penny Parade, sponsored by the Primary officers during February, has been completed. The proceeds go to the Primary LDS Children's Hospital, Salt Lake City.

New Member Is Welcomed

Mrs. Lynn Owens was welcomed as a new member when members of the Goodwill Club met at the home of Mrs. Hankel Carr.
Mrs. May Meader led the flag salute and Mrs. Lloyd Kelly led the prayer.
The thought for the day was given by Mrs. Otis Scherbinas. Guests were Mrs. Lillian Brownfield and Mrs. Mable Arment.
Pro tem leaders were Mrs. Carr, parliamentarian; Mrs. Emory Treat, president; Mrs. Kelly, secretary; and Mrs. Scherbinas, treasurer.
Club members worked on a layette. Members are going to repair and dress dolls and stuffed toys for the fireman's Christmas project.

Magic Valley Favorites

WANDA HOFFA
Box 103, Alkton

Skillet Macaroni and Beef
1 1/2 pounds ground beef
1/2 pound uncooked elbow or
spiral macaroni (2 cups)
1/2 cup minced onion
1/2 cup chopped green pepper
1/2 cup chopped celery
1 5-ounce cans tomato sauce
1 cup water
1 to 1 1/2 tablespoons
Worcestershire sauce

Cook beef in large skillet until
it loses its redness. Remove
from skillet and cook macaroni,
onions, green pepper and celery
in meat fat until macaroni is
yummy.
Return meat to skillet along
with tomato sauce, water, salt
and Worcestershire sauce. Cover
and simmer 25 minutes or
until macaroni is cooked to suit
taste.
Makes six servings.

Hailey Couple
Celebrates 50th
Anniversary

HAILEY— Friends and relatives
of Mr. and Mrs. Angus
Brooks attended the open house
in honor of their 50th Wedding
Anniversary at their home.
The couple's two sons, Raymond
Brooks and Melvin Brooks, and
their wives hosted the event.

Mrs. Brooks' ensemble was
accented with a corsage of red
roses and gold leaves.
The refreshment table, covered
with a gold lace cloth, was
centered with a four-tiered wedding
cake topped with a miniature
bride and bridegroom silhouette
in gold. Floating in golden punch
in a cut-glass bowl was an orchid
fringed in gold. Golden tapers
flanked the table appointments.

Pouring coffee and punch
were the couple's two daughters-in-
law, Mrs. Newell Brooks, Mrs.
Harold Brooks and Mrs. Jerry
Ernsbacher served cake.
Friends from the Camas Prairie,
Nampa and California at-
tended.
A long distance telephone call
from Hermitage, Mo., and a telegram
from Billings, Mont., sending
best wishes, added to the joy of the occasion.

PROGRAM PRESENTED
A patriotic program was
presented by Mrs. Clifford Davis at
the MS and S Club meeting at
the home of Mrs. Walter Hall.
Refreshments were served by
the hostess, assisted by Mrs.
Merle Stansbury and Mrs.
Lloyd Mitchell. The next meeting
is March 15.

Treit presented the topic, "How
Do I as a Christian, Keep
Lent?"

A card of appreciation from
the Graesch family was read.
The treasurer's report and committee
reports were given. Members
were reminded that March is
Mite Box Month. Mrs. Treit
explained the savings stamp
bonus plan.

New yearbooks were distributed.
Meetings will be held the
second Thursday of the month
during Lent.

Birthday anniversary wishes
were extended to Mrs. Claxton
and Mrs. Ray Hahn.

Food Picture
Shows Fish Tops
For Lent, 1967

SHOSHONE — "Fish is very
much in the picture with the
arrival of Lent," according to
Mary Lou Ruby, University of
Idaho extension home
economist for Lincoln, Blaine
and Camas Counties.
One of the first questions is
about supplies in general.
What's the fish situation? In the
broad view, about the same
amount of fish and shellfish as
last year will be available in
1967. Total catch in the U.S.
has been running around 2.5
billion pounds per year for the
last couple of years. No in-
crease is expected, but imports
may supplement domestic production.

Per capita consumption of fish
and shellfish is about 11 pounds
per year. The same rate is ex-
pected to continue.
There is an excellent supply of
canned salmon this year, the
industry reports. This is a
particularly true of the pink type.
The Alaskan catch was un-
usually good in 1966, making it
likely there will be a drop in
price for this kind of fish. Canned
red salmon is in fair supply.
The varieties that are deep red
in color and have higher fat
content are priced higher than
the pink.

The home agent also reminded
that this season is an ex-
cellent time to serve eggs frequently.
Egg production is up
from a year ago because of
more layers and more eggs per
hen. Cheese is also a good protein
choice. Supplies are somewhat
smaller than last year. Imports
are meeting some of the demand.

Eather Wilson, food and nutrition
specialist for the University of
Idaho, advised some economic
agent on "Food for Lent," as
contained in the release.

Unit Education
Program Given

The program, "Education for
Creativity," was presented by
Mrs. Ellen Brinkman and
Mrs. Ellen Foster at the February
meeting of the Delta Kappa
Gamma Society, International
honorary organization for women
educators, at the Rogerson
Hotel Colonial Room.

Mrs. Bertha Maxwell and
Mrs. Beas Weaver were in
charge of the decorations and
the tables were centered with
arrangements of carnations and
chrysanthemums.
Elsie Lindgren presided in
the absence of Mrs. Helen Payne,
president.

A special donation was given to
the World Fellowship Fund
of the society, which empowers
women teachers in foreign countries
to come to the United States
for a year of advanced study.

the book review.

MR. AND MRS. ALVIN A. MEYER
(Leyson photo)

Vivian Will,
Meyer Wed In
Catholic Rites

Vivian Jean Will, daughter of
Mr. and Mrs. Walter Will, Eden,
became the bride of Alvin A. Meyer,
son of Mr. and Mrs. Albert Meyer,
Hazleton, Jan. 28 in rites performed
at the Twin Falls St. Edward's Catholic
Church.

William R. Gould performed
the double ring ceremony before a
setting of candles and baskets of
white baby chrysanthemums and
larger chrysanthemums.

The bride, given in marriage
by her father, wore a floor-length
gown of silk organza enhanced
with long sleeves trimmed
with lace and a chapel-length
train. She wore a fingertip
veil of bridal illusion held
by a pearl and rhinestone tiara,
borrowed from a close friend,
Mrs. Conrad Ehresman. Her
only jewelry was a pair of
pearl and diamond earrings given
to her by the bridegroom.
The bride carried a cascade
bouquet of white roses and
chrysanthemums and a white
crocheted handkerchief made
by her great-grandmother in
Germany.

Matron of honor was Mrs. Arthur
Wood Jr., a friend of the
bride. Donna Will, sister of the
bride, was maid of honor.
Bridesmaids were Karla Will,
sister of the bride, and Merry
Ann Malone, cousin of the bride.
Junior bridesmaids were
Marie Will and Bette Will, sisters
of the bride. Flower girls
were Linda Childers and Bonnie
Childers, cousin of the bride,
and Korena Bates, niece of the
bridegroom.

Kevin Childers, cousin of the
bride, was ringbearer and carried
the rings on a white satin
pillow. Candlelighters were
Robin Childers, cousin of the
bride, and Melvin Meyer, brother
of the bridegroom.

Evan Black served as best
man, with Roger Race, Larry
Reynolds and Kent Perrenoud
serving as ushers.

Mrs. Jack Cahill played the
traditional wedding music and
accompanied Robert Fries, soloist.
After the ceremony, the newly-
weds greeted guests at a reception
in St. Edward's Parish Hall.
The bride's table was covered
with a white lace cloth and
centered with a three-tiered
wedding cake flanked by four
bush candles. The cake was
decorated with blue and white
icing and blue flowers and topped
with a miniature bride and
bridegroom.

Cake was cut and served by
Mrs. Kent, Mrs. Perrenoud and
Mrs. Dale Childers. Serving
punch was Lou Fries, a friend
of the bride. Mrs. Erla Bates
was in charge of the guest book.
Gifts were displayed by Judy
Johnson, Wilda Baldwin and
Candy Carr, friends of the
bride. Serving in the kitchen
were Mrs. Roy Coulson and
Mrs. Everett Malone.

The couple took a wedding
trip to Sun Valley and are re-
turning at 4:44 Yellowstone. Po-
tential out-of-town guests at-
tended from Twin Falls, Piller,
Jerome, Eden, Hazleton, Caldwell,
Idaho Falls and Pocatello.
A pre-nuptial shower was
hosted for the bride by Mrs.
Arthur Wood Jr. and Mrs. Marvin
Baldwin.

Excelsior Club
Meets In T. F.

HANSEN — "New Books and
Articles Read" was the discus-
sion topic at the Excelsior Social
Club meeting at the home of
Mrs. J. C. Poo, Twin Falls.
Mrs. Poo's daughter, Mrs.
Franklin Miller, was a guest.
The group made plans for the
annual Spring Luncheon to be
held at the Depot Grill Caboose
at 1:30 p.m. March 19, instead
of the Holiday Inn as originally
scheduled.
Mrs. W. P. Anderson was pro-
gram chairman and presented
current notices. Mrs. Richard
Brown received a special gift.
Mrs. Anderson will host the
March 2 meeting.

2:30 P.M. SUMMARY NEW YORK (AP)—The stock market moved irregularly with active trading early this afternoon. Volume for the first four hours was 7.3 million shares compared with 8.6 million shares Tuesday. Anacosta spurred about 10 points on news of its plans for a 10-cent stock split and a dividend boost. In the over-all list, gains and losses were pretty evenly divided. Gains of about 2 were posted for General Electric, Procter & Gamble and Swift & Co. Up a point or so were Merck, U.S. Gypsum, New York Central, Xerox and Zenith. Gains of about 2 were made also by Raytheon, Boeing and United Aircraft. A sharp dip about a point was the most active stock. Also heavily traded, Ethyl, Corning and Ling-Temco-Vought advanced more than a each. Gains of about a point were made by Douglas Aircraft and Pean-Dixie. Gulf & Western Industries led about 1 1/2. Burlington Industries nearly 2. Prices were mostly higher on the American Stock Exchange.

The Daily Investor

By WILLIAM A. DOYLE Q. I was shocked at the fallacious reasoning you employed in reply to the old man who purchased stock at \$3 a share, which is now worth \$20 a share, on which he is collecting dividends of 40 cents a share plus stock dividends. That is a yield of five per cent—not two per cent, as you imply. He may follow your advice, sell and invest his money where he will get only four per cent. Did I miss something or am I correct? A. You missed a whole lot—so much that you should have really read the previous column you complain about and which you claim was so unsound. It could be that you just don't understand the word "yield."

I wrote that the current yield on that stock is two per cent. Current yield is figured by the amount of new housing if only the mortgage rates remain high. We are still at war in Vietnam, and was generally is a current to new housing, if only for the fact that it keeps potential buyers in uniform and out of the reach of real estate salesmen. These young couples who have their military obligations behind them aren't going to run out and buy homes, either, just because of a tiny reduction in mortgage rates. In addition, with the consumer showing a very guarded attitude toward using his money, why should he suddenly loan the purse strings for what is likely to be the biggest single expenditure of his life? A new housing program in January the number of housing starts rose sharply for the third straight month. Builders were erecting them at the rate of 1,243,000 a year. Few analysts doubt that housing eventually is in for a boom. It is almost a certainty that there are undoubtedly many young married couples entering the market in the next few years. This factor, the demographic factor, isn't making itself felt yet, however, and probably won't until 1963. Meanwhile, where is the demand coming from? First, there has been a tremendous pent-up demand. Apartment houses have been filled with couples who postponed their marriages because of the underbuilding private dwellings at an annual rate in the hundreds of thousands. Many of these are undoubtedly young married couples who have waited as long as they can. These buyers are compelled to buy because of family demands rather than induced to buy because of favorable market conditions. Third, the federal government has pumped millions of dollars into the mortgage market, and has pumped millions of dollars on the interest rates competitor could offer. Some savings and loan associations, traditional mortgage lenders, now have money to lend and are aggressively lending it. Heavy Snows Hit Coast, Great Plains

By The Associated Press Heavy snow hit sections of the East today closing schools and stalling hundreds of cars while a near blizzard spread bitter cold over the Great Plains. A mixture of rain and snow fell in New York City as a storm off the coast gathered strength. Four to six inches of snow were expected in New York City suburbs and across inland sections of the middle Atlantic states. Northern New England braced for six inches of new snow. Rockland County in New York had a 4-inch fall by 7 p.m. About 400 cars were stalled along a four-mile stretch of one of the main roads leading to the city. Whipping northerly winds blew snow into blinding white clouds producing local blizzard conditions in portions of Iowa, Wisconsin, Nebraska and the Dakotas. South Dakota clocked wind gusts up to 60 miles an hour. A blast of arctic cold moved behind the snow in the Plains, and parts of the Dakotas, and Minnesota braced for overnight temperatures down to 30 below zero.

NFL Continues Team Limit At 40 Players

HONOLULU, Hawaii (AP) - The 40-man player limit was continued for one more year by the National Football League Wednesday and steps were taken to help the weaker clubs. The owners have operated with 40 players since 1964 although they reopen the matter each year. Once again, the limit was continued for one year only. Squads must be down to 49 by August 43 by Sept. 4 and 40 by Sept. 11.

Aaron Signs Lucrative 2-Year Pact

By JACK HAND Associated Press Sports Writer ATLANTA, Ga. (AP) - Outfielder Henry Aaron has agreed to a two-year contract worth \$1,000,000 with the Atlanta Braves, making him the highest paid player in major league baseball, the Atlanta Journal said Wednesday. The five-year pact, which would have put Aaron's salary at \$1.5 million a year, was reduced to two years and \$1 million a year because of the owners' decision to restrict salaries to \$1 million a year, starting with the period after July 31. In the past, the 24-year-old slugger has been on the verge of leaving the Braves just before the regular season.

It is expected that the New Orleans club, latest entry in the NFL, will first sign on an all-star list as was the case for Atlanta last year. Normally, the clubs' waiver selections are in reverse order from their finish in the previous season. Late cuts last year included men such as Red Mack, slashed by Atlanta but grabbed by Green Bay where he formed a 44-10 record for being on the roster in the NFL title game and the Super Bowl game. Bill MacPhail, vice president of the Columbia Broadcasting System in charge of sports, reported to the league on plans for the 1967 season. CBS will pay a total of \$22 million for television presentation games, regular season, the two division playoffs, Dec. 23 and Dec. 24, and the NFL title game.

Rising Market Cops San Felipe

ARCADIA, Calif. (AP) - Rising market won the \$62,850 San Felipe Handicap in a routing of 3-year-old Derby horses which was decided by a nose. It was only a nose before Washington's thrice-crowned Jockey Laffit Pincay Jr. moved the Kentucky-bred chestnut out into the lead a few strides out of the gate and hung on to win \$40,000 for owners Mr. and Mrs. Bert W. Martin, of nearby San Marino, in the third quarter Rockland race against Hansen's son. During the eight minutes Rockland hit four points while Hansen went scoreless.

L.A. Overhaul Royals 103-102

LOS ANGELES (AP) - Jerry West led a Los Angeles charge down the stretch to give the Lakers a 103-102 victory Wednesday night in the Cincinnati Royals in National Basketball Association play. The Royals played most of the second half without Roberson, who was ejected for abusive language by official Red Oates.

WINN BIKE RACE MILAN, Italy (AP) - Italy's Gianni Petrusio and Dutchman Peter Post won the six-day bicycle race for Milan for the second successive year Wednesday night. Swarner's Shot Sinks Favorites; Castelford Wins

GLENN'S FERRY — Dave Swarner's long shot that swished after the final buzzer had sounded lit the inspired, pesky Shoshone Indians over co-favored Wood River and Castelford just ousted a fourth-quarter rally to nip Glenn's Ferry 43-41 in the fourth district A-3 basketball tournament Wednesday night. Play will continue at Glenn's Ferry Thursday night with the losers meeting at 7:30 p.m. and Wendell taking on Shoshone in the nightcap. The eastern division of the field will begin at the Valley High School gymnasium where Valley will meet Oakley in the first game and Kimberly, the other second, taking on Decio in the second.

Garman Tops Voting For All-SIC Club

Caldwell senior Mike Garman was a unanimous choice for the all-Sioux Idaho Conference first team and was voted the player of the year by sportswriters-casters in the metropolitan area. In results of the balloting released today, Boise high men Ron McNeley was named coach of the year, Twin Falls saw senior guards Dennis L. Larence and Fred Cantrell pick up honorable mentions but the Bruins placed no one in the top 10.

Joining Garman on the first team were Keith Hesting, Capital; Al Blacklock, Nampa; Jerry Dunne, Boise, and John Grant, Capital. Grant is the only junior on the five-man team who averages 6 feet, 3 inches in height and boasts a combined average of 81 points per game. On the second team are Rick Heston, Capital; Bob Van Horn; Bob Van Hooser, Nampa; Ken Wells, Boise, and Terry Brower, Pocatello. Picking up honorable mentions with Cantrell and Larence were Mark Litterer, Borah; Harry Angeles, Boise; Dan Steward, Nampa, and Greg Cuolo, Highland. Hesting was a distant second in voting while Nampa coach Art Bull trailed McNeley 8-5 in coach of the year balloting.

Grazing Aids In Wildlife Research

NOISE (AP) — The Idaho Fish and Game Department says live-stock grazing on the Snake River by the department often helps make the land more attractive for game animals or helped to finance game research. Game Management Supervisor Gene De Ruess said the department took in nearly \$1,000 in 1966 from licensed live-stock grazing. Other ways in which cooperation with stockmen helps the department are use of non-critical land such as waterfowl units for grazing in return for keeping grazing animals off critical winter big game ranges. De Ruess said many acres were fenced a shared agreement, with the state's share being left for game forage. He said live-stock grazing often encourages shrub growth needed by deer in winter by reducing competing grasses, and may be used to clip grasses to make them more attractive to ducks and geese.

Gooding And Buhl Expected To Fight For District A-2 Basketball Crown

JEROME — A little more experience underneath the backboards could swing the Fourth district A-2 basketball championship to the Buhl Indians but the two-time defending champs Gooding Senators should be able to make a strong bid for a third. The tournament opens Friday night at the Jerome High School gymnasium with Gooding meeting Pinar and Buhl taking on Jerome. Gooding had never won a district championship until two years ago and now doesn't like the idea of giving up the habit. The four-team tournament will have one representative from the state playoffs in Pocatello. Two of the top scorers in the preliminary are the top two contributors, Buhl is paced by 64

Big Ten Directors Tell Illini To Fire Coaches Or Be Banned

CHICAGO (AP)—Big Ten Athletic directors Wednesday called for the University of Illinois to dismiss football coach Pete Elliott, basketball Coach Harry Combes and assistant basketball coach Howard Braun or show cause why the school's membership in the conference should not be suspended or terminated. The University has five days to decide whether to appeal the ruling in its athletic slush fund scandal to faculty representatives. There was no immediate word from Illinois other than a prepared statement by U. of I. president Dr. David D. Henry, which said: "The university's special representative in this matter will make a complete report to me and other university officials and after a complete and thorough analysis, a statement will be issued by this office."

Illinois To State Stand On Coaches

CHAMPAIGN, Ill. (AP)—The president of the University of Illinois said Wednesday night he would issue a statement "no later than tomorrow" on the Big Ten athletic directors' demand the school should show why three Illinois coaches should not be dismissed. Dr. David D. Henry said he would await a full report by James Costello, his special representative and personal representative, who attended the athletic directors' meeting in Chicago Wednesday.

"I'm sure we'll have something to release on the subject and it won't be later than tomorrow," said Dr. Henry, adding "It's not a very pleasant situation that's for certain."

Austin Cited For Coaching Of Stealers

HONOLULU (AP) — Bill Austin is taking jobs for one of the better coaching jobs of the year in the National Football League after leading the Pittsburgh Steelers out of the cellar. "I think Bill did an outstanding job," said Art Rooney, owner of the Steelers. "No matter what went wrong, and we had lots of injuries, I never heard Bill whimper. He just made the best of what he had and kept on working."

The directors voted unanimously to invoke the penalty prescribed in this conference rule: "Any member university which employs or retains on its athletic staff anyone who has violated, or who has been a party to a violation of the provisions of this rule (recruiting regulation), or who encourages others to violate this rule shall be required to show cause why his membership in the conference should not be suspended or terminated."

In the absence of any appeal, the recommended penalty will necessarily be referred to the faculty representatives for implementation since only that group can act upon membership rules," said Commissioner Bill Reed.

Louisville Cops Conference Title

LOUISVILLE, Ky. (AP) — Second-ranked Louisville stormed into the Missouri Valley Championship by defeating Drake 86-63. The victory, Louisville's 23rd this season, gave the Cardinals a 12-1 MVC record and moved them into the Midwest regional tournament in the NCAA playoffs at Knoxville, Tenn.

German Beauty Claims Millionaire Reneged On Promises To Marry Her

By ROBERT MCCALL
TUCSON, Ariz. (AP) — A German beauty claims that an American millionaire who met her at a nudist colony reneged on promises to marry her. He contends she only leaped from her husband.

Who is right must be decided by a U.S. District Court jury of seven men and five women hearing a case involving a \$2.5-million breach of promise suit filed by Beate Leber.

Mrs. Leber, 30, claims she left her husband, Ralph Leber of Heidelberg, Germany, in 1955 to marry William Brown, 63, a wealthy Arizona rancher and sports car racing buff.

Brown, through his attorney, said he leased the shapely auburn-haired Mrs. Leber for \$3,000 a month, but that the agreement with the husband made no mention of marriage.

Brown, who said he was one of the original investors with Henry Luce in Time magazine, estimated his fortune Tuesday at \$5.6 million. He claims he is the victim of a conspiracy to defraud him.

The trial opened Tuesday before U.S. Dist. Judge John C. Bowen and centered around a series of letters Brown allegedly wrote to the Lebers.

They trace the relationship between Brown and the Lebers from the time they first met at a nudist resort on the Isle of Sylt in northern Germany.

The letters were introduced as evidence by Roy Hayes, attorney for Mrs. Leber, and were read aloud by Brown from the witness stand.

The letters recounted how the Lebers spent about a month with Brown on his yacht, in his New York apartment and later on his ranch in Arizona, and that Brown sent the money for the Lebers to fly from Germany to the Bahamas to join him on the yacht.

Brown, who lists his home address as Pittsburgh, Pa., follows the grand prix sports car racing circuit in Europe.

Other testimony Tuesday disclosed that Brown and Mrs. Leber traveled widely in Europe, at times being joined by her husband.

Mrs. Leber claims Brown proposed marriage twice.

During the early months of the friendship between the Lebers and Brown Mrs. Leber posed for Brown in the nude for several photographs, Brown said.

Cassia Area Defense Head Talks To Club

DECLO — Lyman Martin Dale, Cassia County Civil Defense director, stressed the importance of being well informed on civil defense practices and procedures when he addressed the Declo Kiwanis club meeting Monday at Min's cafe.

He introduced Elwood Allred who will instruct a course in shelter management at the Burley High School Tuesday and Thursday evenings, beginning at 7 p.m. and Saturday, with the hours to be announced at the Thursday meeting.

Mr. Allred has received training at the University of Idaho in this field of civil defense.

Joseph Gillett, president, announced there will be a training conference for all Kiwanis Clubs in Division 5 on Friday

Brown's attorney, Norman Hull, said his client and Mrs. Leber had numerous sexual relations, and were encouraged by her husband. The attorney said she came to Arizona once by herself to stay with Brown.

Hayes, in his opening statement, said Brown had helped Mrs. Leber arrange a Mexican divorce from her husband. At the time, he said, Brown agreed to pay her husband \$39,000 at a rate of \$3,000 per month.

The trial resumed Thursday morning when Brown will return to the stand.

at the Burley Elks Lodge. Gov. John Clawson, Pocatello, will be in charge of the meetings.

A Ladies Night Dinner will be held at 7 p.m. with Clawson as guest speaker, with the Burley Kiwanis Club as the host club.

A new member, George (Bud) Davis, assistant president at Mingle Valley Christian College, Albion, was inducted into the club. Jim Smith was a guest speaker of Everett Pardee.

U.S. Blasted

CAIRO (AP) — President Gamal Abdel Nasser blasted the United States on Wednesday as "the guide of all reactionary forces in the Middle East."

In one of the most sweeping indictments of U.S. policy since he told the Americans to "jump in the lake" in 1954, Nasser declared in his 2 1/2-hour speech that Egypt will never bow to what he termed American threats and pressure.

Speaking on the ninth anniversary of the defunct Egypt-Syria union, he called the United States the architect of the state of Israel and ridiculed Washington claims that U.S. arms for Jordan and Saudi Arabia are designed to maintain a balance of power in the Middle East.

Sales Drop Told

DETROIT (AP) — Dealer sales of U.S.-built automobiles fell 21.4 per cent in the middle 10 days of this month, compared with the same period a year previous.

The new slump came on the heels of a 20.8 per cent decline for the Feb. 1-10 period.

Winter storms still could be blamed in part, as in the month's first 10 days, but bad weather was neither as widely spread nor as severe in the second 10 days.

Sales in every 10-day period thus far in 1967 have run behind corresponding days of a year

325 California Students Attend Class In Tents

CALIPATRIA, Calif. (AP) — What's it like to go to high school in a tent?

On the California desert, it's breezy.

Winter winds are obviously going to be a problem for the 325 students of the Calipatria Unified High School District — or "Calipat" as it's called.

Come late May, desert heat will take over. The canvas classrooms will become portable steam baths.

How did the youngsters of this Imperial Valley farming community get into such a predicament?

It began when a two-story frame and stucco structure — was ruled unsafe in the event of an earthquake. Then, Feb. 14 a \$1.3-million bond issue to rectify the situation failed by 27 votes.

District trustees — advised they would be personally liable for damages if an earthquake should hit — ordered the building evacuated.

State aid may produce portable classrooms.

Photos Curtailed

PASADENA, Calif. (AP) — The National Aeronautics and Space Administration cut short Wednesday night the picture-taking chores of Lunar Orbiter 3, still circling the moon every 3 1/2 hours.

previous January sales of U.S.-built cars were off 17 per cent from those of 1966's opening month.

Harriman Notes Anti-War Faction

NEW YORK (AP) — U.S. Ambassador W. Averell Harriman said Wednesday night there are indications a group exists in North Vietnamese governing circles that wants the hostilities in Vietnam to end.

Harriman, who appeared on the National Education Television Network program "Great

Decisions 1967," said varying points of view were emerging in Hanoi about which peace terms to consider.

He said he did not believe Hanoi would change its position on the hope for unification of North and South Vietnam.

Awards Are Presented To Local Scouts

Scout Troop 69 and Cub Pack 69 of the First Baptist Church observed Boy Scout Month with a potluck dinner and awards presentation recently at the Fellowship Hall of the Church.

These are some of the dangers foreseen by Dr. Ralph E. Fadum unless the United States sharply increases its number of graduating engineers.

Fadum is dean of the School of Engineering at North Carolina State University, vice chairman of the U.S. Army Scientific Advisory Panel, and has served in various capacities with the Department of Defense, the U.S. Bureau of Public Roads and the Ford Foundation.

The refusal of many high school graduates to seek engineering careers, Fadum explained, is prompted by several factors, including:

1. "Engineering is recognized as a rather difficult field, and many youths today refuse to accept a challenge as they did in bygone years."

2. "The layman, the parent, the high school counselor, have a misconception of engineering. They picture a man in boots looking through a transit, but an engineer is a man with a knowledge of math and the natural sciences who applies it with judgment to develop ways to utilize, economically, the materials and forces of nature for the benefit of mankind."

3. "And, there are some who believe the youth of today, in an effort to insure his college education without interruption by the draft, selects a course of study in which he can maintain good grades."

To solve the shortage, Fadum said, the public must be made aware of the advantages "and excitement of engineering."

A graduate with a bachelor degree in engineering, Fadum said, can receive an average of \$572 a month to start, with an unlimited future. With a master's degree, the pay scale rises to \$800 a month, and with a doctor's degree to \$1,000-\$1,100.

Danger Foreseen Unless Number Of Graduating Engineers Increased

By ROB WOOD... man of the U.S. Army Scientific Advisory Panel, and has served in various capacities with the Department of Defense, the U.S. Bureau of Public Roads and the Ford Foundation.

The shortage of engineers, Fadum predicted, will be reflected in the nation's missile and rocket systems, in the production of jet airplanes, in the launching of satellites.

Even more important, he continued, it will be mirrored in the way of life Americans not only expect but demand; in the availability and sound operation of washing machines, stereophonic record players, refrigerators; in the safety and speed of construction of highways and bridges that span the rivers and the skyscrapers that house the office headquarters.

"If the shortage of engineers grows, as the public consumption and governmental programs increase, there must necessarily follow a decline in the availability of certain items and a regression in the standard of work performed. In other words, there will not be many washing machines as now and they won't work as well," Fadum said.

As a comparison, Fadum returned to the 1950 figure when the United States produced 48,160 engineers. That same year the Soviet Union had 37,343

graduating engineers. A decade later, the United States reported 33,173 engineering graduates; the Soviet Union 150,112.

Jerome Lists Top Winners In Contest... JEROME - Top winners in the Jerome School Oratorical contest, sponsored by the Jerome schools, are announced.

More than 300 persons attended the event as 9th grader Sharon Davis captured first place in the senior division for her reading in the serious category of Patrick Henry's famous speech urging signing of the Declaration of Independence.

Debbie Malone, a 7th grader won first place in the junior division for her recitation of "The Creation," a sermon by the Negro minister. The two top division winners received miniature gold cups and school fee scholarships.

Other winners, each of whom was awarded a gold cup, were in the senior division, Juliette Van Waggoner, 8th grader; Fred Barga and Nancy Reid, 8th grader; and Debbie Jernigan, 8th grader.

Junior division finalists winners were Jeff Peterson, 5th grader from Washington School; Lou Ann Onedia, 6th grader, and Reed Crozier, 5th grader, both of Appleton School.

Judging the finalists were Mrs. William A. Peters, LeRoy Craig and Rev. John Garrabrando. Jay Van Waggoner, 8th grade English teacher, served as chairman of the Oratorical committee.

Reported Critical... NEW DELHI, India (AP) - The Nizam of Hyderabad early Thursday was reported in extremely critical condition in his palace at Hyderabad in southern India.

He spent the night under an oxygen tent and doctors reported he was breathing feebly.

The 80-year-old Nizam was once rated as the world's richest man.

One early morning report said police guarding the palace announced the Nizam died at 1 a.m. This was denied 90 minutes later.

Homemakers Find Meat Is Priced Lower Than 1966

By SALLY RYAN... NEW YORK (AP) - Remember last year, when bacon was \$1.19 a pound?

It is now 48 cents at a supermarket in Lake Oswego, Ore., for example, and 79 cents at a New York area supermarket chain.

The nation's homemakers are finding larger supplies of pork, beef, lamb, poultry and eggs this winter—and at lower prices than a year ago.

The Agriculture Department predicts retail prices will rise 1 to 2 cents on every food dollar this year.

Now beef output is approaching record levels and pork marketings are running ahead of a year ago. Growers are raising more chickens and turkeys and egg production has soared so high that eggs are selling for 5 to 10 cents a dozen less than a year ago.

Citrus prices have tumbled with the huge orange crop in Florida and the heavy harvest of navel oranges in California.

Most fresh vegetable prices are lower than a year ago when a freeze in Florida cut supplies.

Vegetable prices generally are higher—a freeze again, in Idaho late last fall. But there are big supplies—and frequent specials—on frozen french fries. Shoppers generally can expect to find more canned and frozen fruit juices but less dried fruit than a year ago. Supplies of canned and frozen vegetables are about the same, but prices may edge up because of processing costs.

There are bigger stocks than a year ago of frozen apples, blackberries, blueberries, boy-senberries, strawberries, asparagus, broccoli, brussels sprouts, carrots, corn, baby lima beans and spinach.

Third Indian War Veteran Discovered

By ROBERT W. PETTY Spokane Daily Chronicle SPOKANE (AP)—Until recently it was thought there were only two living Army veterans of the Indian wars.

That was before a third name—Frederick Wilhelm Schwartz of Spokane—was added to the list.

The long standing oversight came to light when Schwartz, 84, after 70 years of anonymity asked for admittance to the Spokane Veterans Administration Hospital.

To prove his point, Schwartz produced a well-preserved honor discharge which showed he served from 1874 to 1877.

As a young man of 21, Schwartz was among those who enlisted to help catch the Indians that took part in the Custer Massacre.

His early recollections of those events today are somewhat dimmed by time and age but he does recall hiding from the Indians, Indian burials on poles and lights between soldiers and Indians over squaws.

For a time he was stationed at the outpost of Ft. Nebraska, Neb., where Indians were being fed and confined on a nearby reservation. He also served in North Dakota and South Dakota.

Frederick W. Raske, 84, Chicago and Reginald A. Bradley, 89, Grass Valley, Calif., are thought to be the only other surviving Indian fighters.

Despite his proven Indian War veteran status, Schwartz has been denied benefits of the Indians, Indian burials on poles and lights between soldiers and Indians over squaws.

After he was discharged he worked his way west with the Great Northern railroad as a section house carpenter. He first came to Spokane 60 years ago and moved his family here from Minnesota a year later.

Hope Flayed

MOSCOW (AP)—The Soviet government paper Izvestia on Wednesday night attacked Bob Hope for the second time, saying he was hopeless.

A week ago Izvestia lashed at Hope for his performance in Vietnam. It called him a "promoter of aggression."

Izvestia, in an article whose humor was perhaps not always intentional, said the "dirty war in Vietnam... Hope to the wall and forced him to make several admissions."

According to the Soviet newspaper, Hope "admitted" that, "Of course it's a dirty war in Vietnam. But I never heard of a clean war."

The paper also said the comedian "screamed hysterically" that he was not a clown of the Pentagon, as it had charged.

work his way west with the Great Northern railroad as a section house carpenter. He first came to Spokane 60 years ago and moved his family here from Minnesota a year later.

Although he had his only formal education as a boy in Germany, he was an active reader and was a carpenter and paper hanger before he was poisoned by pain.

"I don't hear very good, otherwise I am as good as when I was young," Schwartz said. He and his wife, Bertha, raised seven children before she died in 1938.

Buhl Housing Authority Gets Federal OK

Buhl — The Buhl Housing Authority has received a certificate stating that the commission could apply for federal aid upon approval of local housing development plans, according to Mrs. Deo Gilne, commission chairman.

Named to the commission in addition to Mrs. Gilne were Warren Saunders, vice chair-

man; Ken Beecher, Mrs. Ralph Lamb, and Rev. Delmar Talley. The law firm of Heworth, Nonington and Felton represents the commission.

The housing unit will consist of 40 apartments. They will be designed especially for the senior citizens, with many utility safety features.

L. B. Harper, executive director of the Twin Falls housing development, will act as the director of the Buhl unit. Mr. Harper will be retained on a monthly basis.

The site for the housing project, located on the 100 block between 13th and 14th Avenues, was purchased from Elmo Ford. The architect for the develop-

ment is Harold Gerber, Twin Falls. Work on the project began a year ago when a survey was conducted in the area to determine the need of such a housing development. The Buhl High School, under the direction of George Goodner, helped with the necessary paper work.

The survey was conducted by the Lady Lions and Mrs. Gilne. Mr. Harvey Crow, regional director of the Federal Housing Authority, San Francisco, spoke to the city council and explained the program.

Application forms are available from Mrs. Gilne and at the City Hall. Castleford and Hagerman residents also are eligible to sign up for the program. The first persons signing up for the program, will be the first to be considered as occupants.

YOUR BIRTHDAY and HOROSCOPE

THURSDAY, February 23 — Born today, you have been gifted with a number of talents, but must learn to cultivate them before you will be able to do anything with them.

GEMINI (May 22 - June 21) — Stick strictly to the hard line of duty today. Morning hours are best for taking care of important business.

CANCER (June 22 - July 23) — Don't blame others for your failures this morning, should there be any. You may be paying through to several dead ends in other fields before you find the one meant for you all along.

LEO (July 24 - Aug. 23) — New propositions need mulling over; don't be hurried into making a premature decision. Use past experience as a guide.

VIRGO (Aug. 24 - Sept. 23) — Call on the wisdom at your disposal to deal with personal problems today. Morning hours are good.

LIBRA (Sept. 24 - Oct. 23) — You may find yourself fighting against being high - pressured into a decision this morning. Keep up the fight until afternoon.

SCORPIO (Oct. 24 - Nov. 22) — Don't allow over - optimism to rob you of your natural caution. Think over a proposed deal very carefully before acting.

SAGITTARIUS (Nov. 23 - Dec. 22) — Make it a day worth remembering insofar as professional concerns are concerned for fun and relaxation.

CAPRICORN (Dec. 23 - Jan. 20) — Try not to stretch the budget too far regardless of temptation. There may be a rainy day ahead.

AQUARIUS (Jan. 21 - Feb. 19) — Postpone the execution of new plans until the consular date. Now is the time for keeping to regular routine.

Snowmobile Races Held In Hailey

HAILEY—It was "fun in the sun" (even if the temperature did dip to -32 that night) at the annual snowmobile races and carnival sponsored by the Sawtooth Association Sunday.

The snowmobile races started at 10 a.m. and lasted until the sun was low in the heavens that afternoon.

E. W. Nichols, president of the Association, said the races were a hired mano mano for the first time. Spectators were served by wives of members of the association.

Judges were Myrl Schroeder, Alvin and Paul Gibbs, Phil Sullivan, Cliff Hansen, Ted Williams and Morgan Williams, all of the Stanley and Sawtooth Valley areas.

In the "A" class Wayne Hinch, Piler, took first place in the sprint, oval and cross country. Max Peck, Ketchum, won second place in the sprint.

In the modified class, Fred Fairbanks, Stanley, took first place in the oval and cross country and Max Peck took first place in the sprint. Mr. Peck also took second place in the sprint.

In the kids races Jeff Schroeder, Piler, took first in the "B" modified and the sprint. Earl Peck, Ketchum, took first place in the oval.

WHEN FINESSE IS BEST BET
Today's hand illustrates a principle of play that was almost unknown as late as 25 years ago.
This hand was played by Oswald Jacoby at New York's Cavendish Club in 1941. He won

played the jack, it meant that he had started with either the singleton jack or a doubleton queen-jack. The odds would be slightly in favor of the latter as a matter of plain probability. Specifically when you miss four of a suit the chance that a specific opponent will hold a specific singleton is .02; the chance that he holds a specific doubleton is .068.

However, we have to go into inverse or comp'd probability here. If West held the singleton jack, he would have to play it; if he held the doubleton queen-jack, he would have a choice and would be just as likely to play one as the other. At least, a good player will fob about about half the time in this situation, hence the .068 chance of doubleton QJ is cut in half and becomes .034, so that the actual odds in favor of the finesse are 62 to 34, or almost two to one.

Of course, if you were playing against a man who always fobbed over you would be a sure thing finesse. He would not play the jack from queen-jack under any circumstances. There may be such players somewhere but we have never found one.

the diamond lead and played four rounds of clubs. Then he cashed the ace of spades, went over to dummy with a heart and finessed successfully against East's queen.

His partner, one of the great players of all time, was mighty pleased with the result and asked, "How did you figure out that spade play?"

The answer to the question is that the play was correct. If Jacoby had missed Qxxx in spades instead of QJxx, the correct play would have been to try to drop the queen, but this do now?
