Jerome Sets Ordinance Numbering

JEROME — First reading of proposed Ordinance 414, which will require numbering of all residences and business houses within the city limits, was heard at the Tuesday meeting of the Jerome City Council.

Adoption of the ordinance will automatically mean adoption of the numbering system set forth on a master grid of the city drawn up by Bill Ogermout, city engineer. Mr. Ogermout explained to the council that actually very little renumbering will be required. Slightly affected by re-numbering will be recently developed subdivisions in outlying areas.

Mayor Earl Greenawald reported on two tentative provisions in the new state code for cities, not yet formally adopted. One would provide legal measures for cities to force removal of unsightly or hazardous buildings. The other would do the same for abatement of nuisances.

Overgrown, rubbish-strewn or generally unneeded properties would come under this category.

Mayor Greenawald announced that within the next two weeks, all old cars showing standing on the streets which are unlicensed or have outdated license plates will be towed to the city barn. He emphasized that such cars violate a city ordinance, and that owners will be charged towing and storage fees. If these are not paid, the cars may be sold for junk after a 30-day period without advertisement.

Councilmen approved payment of a \$15,204 interest and service fee for six months due on outstanding water bonds. Building permits for improvements totaling \$9,850 also were voted.

An application for summer sprinkling rates by Crystal Auto Courts was denied by the council, since it comes under the category of commercial institutions, which are excluded under the sprinkling ordinance.

Mayor Greenawald reported to the council on a meeting he had attended with mayors and councilmen of neighboring cities to make plans for the annual convention of the Idaho Association of Cities.

The convention will take place in Twin Falls the latter part of June and will be hosted by the fourth district, which includes cities in the Magic Valley area.

A hearing on the budget and passage of an adoption order are scheduled for the next council meeting on March 31. A total budget of \$384,474.88 is proposed. This includes proposed expenditures of \$10,555.88 in general funds, \$189 in special funds and \$107,000 in water department funds.

TROPHIES FOR GRAND and reserve championship honors in the 28th annual Idaho Cattlemen's Association bull sale at Filare are presented by sales committee officials. Ralph Steele, chairman, left, presents championship trophy to top

bull held by consignor Van Jensen, Manipeller and Logan, Utah. Vice Chairman Pat Allen, Cascade, makes presentation to Tom Shaw, Caldwell, consignor of the reserve champion, right.

Methodist Men's Banquet Is Highlighted By "TV Capers"

"TV Capers" was the title of the program presented at the Methodist Men's 11th annual banquet Tuesday evening in the Fellowship Hall of the First Methodist Church.

The program, most of which was presented by members of the Men's Club, was interspersed between "TV commercials" lampooning church members and ministers. The clever dialogue was written and produced by Dr. Orin Butler and featured advertisements for such items as "Willis' carrot juice."

The program numbers were primarily takeoffs on current television programs and included a "Fat Man" version of Noah's Ark by Hugh Coates and Orin Fisher and a news broadcast by Rev. Robert Gibbon and Dr. Howard Ronk.

Robert Thompson, a Twin Falls high school senior and also church organist, drew enthusiastic applause for a convincing portrayal of Joan Castle at the piano. He was introduced by Lawrence Welk, impersonated by Rev. Harold Nye.

"Name That Show" featured E. R. Basom as Groucho Marx and Carl Boyd, Bill Boyd, Bill Deasley and George Wubker as panelists. Pantomiming various TV shows were Cliff Snyder, Elmer Little and Bernard Barker. The program opened with a "Beatles" presentation by John Reynolds, Jerry Pederson, Bill Barton, Larry Crookham and Greg Wills, all ninth graders at Robert Stewart Junior High School.

Concluding number was a takeoff on Ben Casey, with George Crowser and Clarence

Budley as doctors, Vern Snodgrass as the "patient patient" and Al Dougherty as ambulance driver.

The meal was prepared by the men under the direction of Dick Wise and Vernon Smith. Table decorations were handled by Bob Miller and Carl Boyd. Harold Brown and Mr. Dudley were in charge of ticket sales and Dr. Ronk arranged for waiters.

Proceeds from the annual event are used for church extension projects, youth work and Camp Sawtooth, reports Mr. Snodgrass, president.

Peace Officer School Given House Okay

BOISE (AP) — The House of Representatives voted Thursday to establish a commission charged with providing training for county and city peace officers.

Rep. Terry Crapo, R-Idaho Falls, floor sponsor of the measure, said that lack of training for employees of sheriff's offices and police departments "is a real problem" in the state.

He said the commission would conduct as many as three six-week courses for peace officers in different areas of the state each year, with half the cost of the courses being borne by the city or county which employs the officers.

He said an appropriation of \$135,000 would be sought for the school. The appropriation was not included in the Senate-approved measure, passed 42-16 by the house.

Crapo said that recent Supreme Court decisions dealing with the rights of defendants and technological advances in crime detection and investigation were not being assimilated

by peace officers on the job.

Rep. Jay Webb, R-Boise, said two-week courses currently being conducted by the Federal Bureau of Investigation were not sufficient to thoroughly orient law peace officers to Idaho criminal law and rights of accused persons.

Crapo estimated that 230 officers in the state need the training which he said could be provided by the commission courses.

Gooding County Voters VOTE NO ON HOSPITAL BOND ISSUE

1. Present building average barely over half full in 1966 including a good number of nursing home type patients.
2. Present building can be made safe and adequate for \$50,000. The new building would cost at least \$775,000.
3. One-third of Gooding County is closer to Jerome than to Gooding and uses Jerome's hospital and will continue to do so.
4. General Practitioners are getting fewer each year and new graduates are going to larger cities.
5. A new building will not increase medical services such as a radiologist, pathologist or other specialist.
6. The present hospital operation failed by \$19,000 in 1966 to make expenses. This amount was paid by taxes. A new hospital increases this tax load.
7. Hospital bond proposal asks you to pay 20 years for an unnecessary new structure that will likely be used less and less as a hospital.

Realtors Hear Canal Firm Officer

SHOSHONE — Leon Grieve, manager of the Big Wood Canal Co., was guest speaker at the North Side Board of Realtors meeting held Wednesday night at the Manhattan Cafe.

Grieve was introduced by Harrell Thorne, Shoshone, program chairman.

After giving a history of how present canals in the area were developed, Grieve noted that 400,000 acre feet of water is drawn from American Falls dam for this area. He reviewed the proposed rebuilding of American Falls dam, and answered questions.

He said the American Falls dam should be filled by the middle of March, but stated it was impossible as yet to say whether or not Magic Reservoir will fill.

Members voted to give \$25 to the State Board Scholarship fund for scholarships to the University of Idaho. After discussion, the members voted on record in favor of recommending the scholarships be extended to other colleges in Idaho.

Phil Hirrel, Wendell, and Edgar Dryden, Jerome, reported on a meeting they recently attended where the raise in state dues and tax to replace revenue taxes were considered. The North Side Board will hear a special speaker from the Idaho Real Estate Brokers Board at the April meeting in Jerome regarding these subjects.

Harley Williams was introduced as a new salesman with the Leon Stockton agency in Jerome.

Burley High School Slates "Annie Get Your Gun" Soon

BURLEY — Western history, rivalry and romance will share the spotlight with Burley High School students during the school's production March 16 and 17 of "Annie Get Your Gun" at the high school auditorium.

Lora Kidd will portray the lead role of Annie Oakley, and Dennis Yarrington will be playing "Daddy".

The play is based on the book written by Herbert and Dorothy Fields, with music and lyrics by Irving Berlin. It features the tale of Annie Oakley, who joined Buffalo Bill's Wild West Show in competition with Frank Butler, later outshoots him and still later wins his heart.

Student actors, and the roles they portray, are June Sorenson, Dolly Tate; Nann Thornton; Winnie Tate; Wayne Bell; Foster Wilson; Paul Coltrin; Charlie Davenport; Robert Sutton; Chief Sitting Bull; Dennis Erickson; Buffalo Bill; Keith Ramsey; Tommy Keefer; and Orrie Runyon-Pawnee Bill.

Also in the cast are Dennis Crane, Lyndell Larsen, Rozina Elmer, Linda Hoveck, Lynn Bodilly, Loretta Bingham, Judy Taylor, Gary Smith, Danna Rodriguez, Linda Adams, Doreen Cheney, Kenny Sechter and Karma Kidd.

Mrs. Billie G. Kidd is general manager of the production, which is directed by Robert Cooper. Choreographer is Mrs. Lila Turner. Costumes are un-

Sergeant Given Air Force Medal

Staff Sgt. Gary C. Bates, son of Mrs. H. G. Bates, Twin Falls, has been decorated with the U. S. Air Force Commendation Medal at Newark Air Force Station, Ohio.

Sgt. Bates was awarded the medal for meritorious service at Clark Air Force Base, Philippines. He was cited for his support of an important construction program.

The sergeant is at Newark as a purchasing supervisor with the Air Force Logistics Command. He attended Twin Falls High School.

FORMS CRITICIZED

POCATELLO (AP)—The forms prescribed by the state for the stand expressed by Bannock County officials Thursday on the grounds of the county commissioners that they do not wish to use the county's new prescription drug forms for county indigents.

The County Commission recently ordered distribution to the doctors of newly-printed forms which would reduce the price of each prescribed drug to be written. The commissioners took the action in an effort to obtain a closer check on drugs for which the county pays.

Objections to the new forms were made by doctors to Commission Chairman Boyd Henderson in two letters and two telephone calls. Henderson said the letters were signed by five doctors. He declined to name the doctors. The doctors complained they already have too many governmental forms to worry about.

BID OPENING

POCATELLO (AP)—Sealed bids for the purchase or lease of the abandoned city fire station at 228 North Adams are to be opened by City Manager William Webb on April 6 at 2 p.m.

That station and the one at 225 South Second were vacated when the city moved into new stations March 2. The two-story station on Arthur is the former fire department headquarters.

Estimated value of the Arthur Street station is \$20,000. The building is to be moved back to the line of horse-drawn fire wagons.

STAMP PLANS

BOISE (AP)—Plans for the issuance of a commemorative stamp honoring the World War Stamp Jubilee in Idaho's Farther State Park were announced Thursday by Gov. Don W. Samuelson.

In a letter to Postmaster General Lawrence F. O'Brien, Samuelson said the stamp next August will mark the first time the world event has been held in the United States. "It is desirable for me to conceive of any more worthy subject than the world jubilee," Samuelson said.

ORE PROFITS LOWER

RELEGGED Idaho (AP)—Twin Hills Idaho mining companies Bunker Hill and Hecla, forecast lower profits this year because of dropping lead prices.

Charles E. Schwab, Bunker Hill president, said in a report this week, net income of Bunker Hill last year was \$37.7 million. This year, earnings probably will be between \$40 million and \$45 million.

Schwab said a further drop of about two cents a pound in lead is possible this year.

WEEKS PROCLAIMED

BOISE (AP)—Proclamations designating the period beginning March 12 at both Deming Week and Journalism Week in Idaho were issued Thursday by Gov. Don W. Samuelson.

Richfield Sets Senior Class Play April 7

RICHFIELD—The senior class play, "No Men Allowed," will be presented April 7 at the high school auditorium. The comedy is directed by Neil Anderson.

The cast is composed of Marilyn Swainston, Janene Priddy, Marjory Lopez, Carole Taylor, Diana Dwyer, Phyllis Flavel, Sharon Apple, Connie Golzocher, Janet Morgan and Kay Jones.

The senior class will hold a car wash at the Texaco service station and a cooked food sale at Rex's Chevron station, both this Saturday.

SUPPER SET

SHOSHONE—A spaghetti dinner will be served from 5:30 to 8 p.m. March 18, at the Lincoln School cafeteria, sponsored by the St. Peter's Catholic Church.

Liquidation Delayed

BOISE (AP)—Liquidation of the closed Pioneer Savings and Loan Association in Boise has been ordered delayed for further court hearings.

The order was issued Thursday by Judge Merrill S. Young, who ruled in Third District Court that stockholders of the Association should be given time to present their side of the case.

Idaho Finance Commissioner John D. Silva said Thursday the firm, which was closed on order last January, would be liquidated. But Judge Young said no steps toward liquidation may be taken immediately.

He gave the Idaho Investment Corp., which owned all of the stock of the closed association, an uncompleted sale agreement, ten days to reply to the court's order.

Pioneer Savings has about 1,500 shareholders with total savings of about \$75,000.

YOUTH BOUND OVER

POCATELLO (AP)—A 19-year-old youth, bound over to District Court Thursday on a second degree murder charge in connection with the shooting death of a friend.

David Charles Munn, was shot and killed in the Cedar-Go-Go Night Club south of Pocatello Jan. 21.

ELK TRANSPLANT

BOISE (AP)—Killing elk in the Yellowstone National Park was described Thursday by Gov. Don W. Samuelson as a "desperate and unwise" attempt to trap the animals and transplanting to mountain areas of Idaho, Montana and Wyoming.

"The work could be done," the Governor said in a statement, "if representatives of each of the three states involved, under supervision and control of the Park Service officials and Fish and Game personnel of each state. Park officials could designate how many each state would take."

Samuelson said he talked with Gov. Tim Babcock of Montana and Stan Hathaway of Wyoming, and they agreed with his ideas.

ASSEMBLY ENDS

POCATELLO (AP)—Personal Involvement in Politics and a Greater Understanding by business and industry. Each of the concluding sessions of the one-day Action Assembly on Economic Problems was held at Idaho State University.

More than 350 persons, many of them attending for the first time, attended the assembly, which was sponsored by the National Chamber of Commerce.

Panelists pointed out approaches which could be made to more effectively enlighten the people on basic economic problems as related to national affairs, the government and private business.

"Nils—Edmund—Oakland, Cal.," said the number of people in the country who do not understand basic economics is starting to change.

AGENCY OFFERS

POCATELLO (AP)—The City Urban Renewal Agency has offered to work in any way possible with the Chamber of Commerce to bring about formalization of a local improvement district for repair of sidewalks, curbs and gutters in the downtown area.

The agency instructed Todd Tracy, director of Community Redevelopment, to meet with the Chamber committee responsible for the LID project and offer its services. The agency also discussed the possibility of including other downtown improvement in the LID.

Last week the City Commission criticized the Chamber and downtown merchants for following through with the LID for curbs, gutters and sidewalks. Agency members noted that formation of an LID takes 90 days. They said that if some work is done during the construction season, the LID must be formed soon.

FIRST NIGHTERS at the showing of "Finian's Rainbow" were Mr. and Mrs. Fergus Kilmarin, Burley. The Kilmarins are greeted as they arrive by publicist Director Mrs. Larry Hovey. Left, The Kilmarins are natives of Dublin, Ireland, and were guests at the premier showing of the Irish-hilbilly musical comedy. (Times-News photo)

"Finian's Rainbow" Draws Opening Night Accolades

By Mrs. JAMES S. KINNEY
A great night for the Irish when the Dilettante Group of Magic Valley presented "Finian's Rainbow" to an enthusiastic opening night audience Thursday evening at the Filer High School Auditorium.

Director J. Paul Kils said that a masterful job of integrating story, songs, dances, scenery and special effects with such skill that the musical became real, and the audience actually could believe this whimsical Irish fairy tale.

"This 'Finian's Rainbow' was with its intermingling of fantasy and social comment, could do here so smoothly into a unified musical play. It is a remarkable skill brought to it by all those responsible for its production—Phillip Keeler, choreographer; Mrs. Robert Kils, director; and Gilbert DeKloiz, lights and special effects manager, and all the other doers who have worked countless hours to achieve a professional-type production.

One of the principal assets of the production is its remarkable score, and the orchestra was in rare form opening night. This is Larry Christopher's finest line as musical director, and he did an outstanding job with his fine group of instrumentalists. The orchestra combined an almost perfect balance with the soloists and chorus, and Mr. Christopher kept the music moving smoothly through the fast-paced tempo that denotes an outstanding production.

A very simple, almost austere, set was used throughout the entire musical in marked contrast to some of the more spectacular musicals the Dilettante has produced in past years. This in itself was a refreshing change and well-suited for a production such as "Finian's Rainbow."

The cast of characters presented many new and interesting talents, for many of the leading roles were played by newcomers to Dilettante musicals.

Mrs. Ernie (Barbara) Willis as Finian's lovely daughter, Sharon, was a true Irish beauty, and her bridge scene with the "old son" she sang many of the hit songs of the musical and was anchoring throughout the evening.

Richard Reed played the romantic lead of Woody Mahoney, and his baritone voice was a great asset. His hit number, "Old Devil Moon," was excellent. Reed was clearly at home on the stage and display.

There was rather a magic exchange that passed from cast to audience Thursday night, and the "first-nighters" seemed to agree that the Dilettante Group had come up with a wonderful surprise—Precious—few—musical comedies are so packed with hit songs and Magic Valley residents will probably be humming many of them the next few weeks.

All in all, "Finian's Rainbow" is a fresh and charmingly different musical produced in a joyous manner by an enthusiastic, talented group of performers.

The spectacle, as Susan—The Girl On Finally chooses—dancer, way into the heart of the audience as she portrays a most difficult role, said to be the only part ever written solely for the feet. Miss Keeler's dancing is a visual delight.

Van Squires, a true Dilettante veteran with six past musicals to his credit, plays the roughish Finian with authentic Irish brogue and a great deal of Irish authority. He works—hard—adding the timely plot together, and the story makes sense in due to the mastery of his excellent character actor who, grins, grimaces, pantomimes and sings all the tricks of the trade to make his role of Finian—exceptional.

Jim LaGrone, in the part of Sen. Billboard Rawkins, has some of the funniest speeches in the whole musical, and he makes the most of every line. As the pompous senator who is changed from white to black and back again, he prompts some of the most uproarious moments of the evening.

"Perfect foil" for the senator are Senoah Ward playing Duzza Collins and Roy Nicholson as the sheriff. One of the most hilarious scenes of Thursday's production was the delightful exchange of the "old son" and the young colored valet Howard—a part excellently played by Jerry Higgins.

The Paston Pilgrim Gospelers—Paul Grillos, Larry Harvey and Jim Bennett—joined by Senoah Rawkins, play a comedy that can't be equalled for comedy and old-time Negro gospel singing.

There are many other cast members, chorus members and dancers who should be singled out for praise; every individual was an integral part of the whole show. Space does not permit mention of all those who did so much to make this musical so entrancing, but without them, such a show as "Finian's Rainbow" would not be possible.

There was rather a magic exchange that passed from cast to audience Thursday night, and the "first-nighters" seemed to agree that the Dilettante Group had come up with a wonderful surprise—Precious—few—musical comedies are so packed with hit songs and Magic Valley residents will probably be humming many of them the next few weeks.

Buhl Eyes Self-Service Gas Stations

—BUHL—An ordinance pertaining to the installation and operation of self-service gasoline stations was read for the first time when the Buhl City Council met Tuesday evening.

The ordinance will be read two more times before the council and will be voted on at the third reading.

Gene Christofferson made application for three self-service gas stations at the Twin Falls Canal Co. This would net the city \$10 per hour.

A petition for the rezoning of lot 1 and part of lot 2 of the McColburn addition signed by Edwin W. Butterfield has been presented to the council. The petition was turned over to the Planning and Zoning Commission for consideration.

It was noted that the McColburn addition was brought into the city as a residential zone. The Planning and Zoning Commission recommended that the lots in question be rezoned for business.

The city is calling a public hearing for anyone who wants to enter protest at 8 p.m. on March 2 at the City Hall. Written protests may be submitted.

Mayor Reed Maughn swore that Glen Taylor as an auxiliary policeman for the city. Mr. Taylor will operate a merchant police patrol—and is not on the city payroll.

A milk license was issued to Watson Dairy for 1967.

Building permits were approved by the council for the Methodist Church to move a building to the rear of the lot at 428 11th Ave.; Rango, Inc., to construct a 40 by 20 foot cement slab and two steel tanks at an estimated cost of \$15,000; Dan's Big O to install on electric illuminated sign, \$600; Luke Parole to construct a 16 by 24 foot house at 209 13th Ave. N.; \$750; Buht Imp. to construct a 16 by 24 foot house at 8th Ave. S., \$300.

Frank Lintz to construct a 26 foot garage at 303 2nd Ave. S., \$400; Hal and Rita's Cafe to install illuminated sign, \$350; Earl Mertz to construct 16 by 24 foot garage on rear of lot and 12 by 26 foot addition to his home at 808 9th Ave. N., \$2,500; Del W. Westhorst to shingle roof at 822 Allen Ave. and 217 Condensary Road, \$125; and to Ola H. Taylor to repair ceiling.

Application received for the positions of fire chief and paid firemen were reviewed but no decision was reached.

2 New State Commissions Are Proposed

BOISE (AP)—Creation of two state commissions was proposed in bills introduced Thursday in the Idaho Senate.

One bill establishes a five-member Aeronautical Commission which would serve as the Idaho State Board of Health, Department of Aeronautics.

The other measure creates a five-member Air Pollution Control Commission which would operate as an agency of the State Board of Health. Already under consideration in the legislature is a bill eliminating the present commission and giving the State Board of Health responsibility for controlling air pollution.

LEGAL ADVERTISEMENTS

CHIEF No. 2183 SECOND ANOTHER SUMMONS. THE ELEVENTH JUDICIAL DISTRICT OF THE STATE OF IDAHO IN AND FOR THE COUNTY OF BANNER LARRY HARVEY, Plaintiff vs. BARBARA ANN PIERCE, Plaintiff vs. BARBARA ANN PIERCE, Defendant. YOU ARE HEREBY NOTIFIED that the above named defendant has been named defendant in the District Court of the State of Idaho, in and for the County of Banner, Idaho, and you are hereby notified that you are to appear and defend the said complaint within twenty days of the date of this summons, and you are further notified that if you fail to appear and defend the said complaint within the time specified herein, the plaintiff will take judgment against you as prayed in and for the grounds of the said complaint. WITNESS my hand and the Seal of the District Court this 9th day of MARCH, 1967. LANCASTER, I.D.

MAYNARD RAYBORN, WEBB & PIERCE, Attorneys for Plaintiff. Residence: Twin Falls, Idaho. Telephone: 733-2179. Filed 3/9/67.

HEALTH GRANT NOTED WASHINGTON (AP)—An \$840 grant to the Idaho Department of Health was reported Thursday by Sen. Len B. Jordan, R-Idaho. He said the funds, made available by the Public Health Service Division of Mental Retardation, will finance a student work experience and training program.

Dear Abby

By ABIGAIL VAN BUREN

DEAR ABBY: Our daughter, Debbie, is not quite 16, but most of her classmates are 17, and some are 18. She has been invited to a boy-girl party next Saturday night at the home of a classmate (boy) whose parents are divorced.

When we asked Debbie why she was going to chaperone this party she wasn't sure, but it would be "well chaperoned." Abby—this boy lives with his father, who has the reputation for being quite a "swinger," and somehow we can't see this father staying home on a Saturday

Clip coupon in catalog—choose one pattern free. Send 50 cents now.

HER PARENTS

DEAR PARENTS: No! Sit with your guns. There should be more parents like you.

DEAR ABBY: Here's the story: Bob and Helen were married when they were both very young. Helen had 8 miscarriages in 10 years, and Bob had 4, so we don't need a moral lecture. But when people ask me, "When are you two getting married," what do I say?

"NOT ASHAMED"

DEAR NOT ASHAMED: If you're "NOT ASHAMED," tell them the truth.

DEAR ABBY: Here is part of a letter my friend of four months received from her mother:

"Darling, if Jim doesn't treat you right, remember your room is waiting for you. Daddy and I love you very much and will welcome you home with open arms, so don't put up with any nonsense or you will be dirt under Jim's feet for the rest of your life.

Abby: I don't mind telling you that I am shocked and infuriated. My wife and I have never had an argument over anything more serious than how long to cook a soft boiled egg. My wife insists that she cannot imagine what provoked this kind of letter. What should be done, if anything?

INFURIATED

DEAR INFURIATED: It would appear that your mother-in-law is suffering from an unhealthy loneliness, and would like to have her little girl home again. Don't do anything. Just tell your wife to assure her mother that she is perfectly happy and let it go at that. Meanwhile watch for other signs of "sewing trouble" when there is none—your wife's mother could be developing an illness.

How has the world been treating you? Unload your problems on Dear Abby, Box 6700, Los Angeles, Cal. 90028. For a personal, unpublished reply, enclose a self-addressed, stamped envelope.

Social Events

HAGERMAN — St. Catherine Altar Society members will serve a fish dinner from 5 to 8 p.m. Saturday at the 100F Hall. This is an annual event for the public.

Magic Valley Hairdressers Association, Affiliate No. 4, will meet at 8 p.m. Monday at the Holiday-Inn, Room No. 112. Officers will be elected.

Magic Valley Sainipaula Club will meet at 2 p.m. Monday at the home of Mrs. Herman Paulsen. Members are asked to bring sick and experimental plants.

Twin Falls County Homemakers Council will meet at 1:30 p.m. Monday in the Green Room of the old hospital building. All club president's reports, council officers and standing committee chairman's reports are to be given at this time. Leader training program ideas for 1968 will be discussed. The program will be presented by Mrs. Maurice Allen, council safety chairman.

National WMC Day Services Are Scheduled

SHOSHONE — Women's Missionary Council for the Assembly of God Church will conduct services at the church at 8 p.m. Sunday in observance of National WMC Day.

Mrs. Frank Lane presented the devotional service at the recent meeting.

A card from a missionary in Korea was read. Members decided to send her cash for her birthday anniversary gift this year.

Discussion was held regarding the pattern to use for the district council presentation April 6 at Boise.

There were 19 get-well-and-sympathy cards sent the past month, 42 calls made and 23 pieces of gospel literature distributed.

Husbands Night Is Observed

Husbands night was observed by members of the Emmonson Club at the Knoll Community Center. Mrs. V. Grieve was general chairman of the event.

Pinchle prizes went to Mrs. Glenn Dosssett, Glen Ward, Mrs. John Gilson and Wilbur Ulrich, with Mrs. Glen Ward receiving the traveling prize.

Guests included Mr. and Mrs. Ted Triplett, Mr. and Mrs. Ulf, Mr. and Mrs. Carl Davis and Mr. and Mrs. Richard Keenan.

Refreshments were served by members of the menu committee.

Today's Market and Financial Report

Stocks

1:30 P.M. SUMMARY NEW YORK (AP) - The stock market held a substantial gain late this afternoon despite profit taking. Trading was among the heaviest days in history.

Volume for the first four hours was 11.54 million shares compared with 7.55 million Thursday.

The market climbed on news that President Johnson had requested Congress to restore the 7-per-cent investment tax credit.

First-hour volume was a record 5.14 million shares. The ticker tape was as much as 27 million behind the actual transactions, a record for the new, high-speed tape.

Prices reached their crest by the end of the first hour when the Dow Jones industrial average was up 13.70. This gain was cut to 8.51 by 2 p.m. Earnings were higher, heavy trading.

IBM held a gain of half a dozen points. Up 3 or so were Johnson & Johnson, Boeing and Worthington, a maker of railroad equipment, also a maker of railroad equipment, can't you see more than 3 points.

The investment tax credit program is expected to benefit manufacturers of capital equipment, including machine tools, railway cars, machinery and airplanes, which have embarked on a heavy plane buying program.

The news also had an immediate psychological effect on business as a whole.

Up 1 or 2 points were a wide range of stocks. Prices rose in heavy trading on the American Stock Exchange.

Grain

CHICAGO (AP) - Grain futures were generally lightly traded but held their firmness.

Estimated carlot receipts were wheat 1, 000,000; corn 300,000; soybeans 100,000.

Wheat was firm from the outside. An extended weather forecast for the wheat-producing area of the Southwest indicated no moisture of any consequence.

Good carlot support also helped sustain wheat prices. Soybeans were lightly traded but showed some early strength which collapsed as the session developed.

Estimated carlot receipts were wheat 1, 000,000; corn 300,000; soybeans 100,000.

Fed Steers Sell Strong At T. F. Sale

Fed steers were strong to 50 cents higher; heavy to low grade utility heifer calves sold to one dollar lower, and other classes steady during the Wednesday sale at the Twin Falls Livestock Commission Co.

Sellers with average weights and prices were: top steer, 23.00; 1089, 23.00; 1094, 23.00; and 1151, 21.00. Lincoln and Heibichler, filler, 1078, 22.00.

Elmer Sande, Twin Falls, 1083, 23.40; Charles Zach, Filer, 1083, 23.80; and E. W. Suggs, Hazelton, 1077, 23.35.

Feeder steers: Sully W. Hoxton, Shoshone, 575, 21.00; 599, 25.00; 655, 26.40; 715, 25.50, and 958, 25.00. Filler, Jerome, 20.00, 20.75; H. E. Wilson, 24.40, 24.25.

Clarence Greene, Twin Falls, 25.25, 25.25; Kempton and Felton Ranch, Buhl, 61, 23.25; Tammie Clark, Castleford, 539, 23.10; D. Burke, Rupert, 755, 24.00; E. J. Bowers, Wendell, 106, 23.00, 21.00, 24.40; Louis Reiter, Twin Falls, 880, 23.75, and Charley Cantrill, Buhl, 659, 23.70.

Feeder calves: H. E. Wilson, Jerome, 612, 22.80; E. M. Tvedby, Buhl, 912, 22.80; John Allreder, Rupert, 370, 22.80; John Allreder, Jerome, 370, 22.80, and 907, 20.50; G. J. Filer, Filer, 791, 20.70; Harvey Mason, Filer, 856, 20.40, and Calvin S. Johnson, Castleford, 715, 18.50.

Feeder heifers: Smiley-Tyler, cow, 568, 23.70; 21.50; 677, 22.80, and 774, 22.25; 530, 20.10, 20.10, 21.10; Roy Quigley, Buhl, 586, 23.10; Colner and Long, Hansen, 611, 22.00, and E. R. Robertson, 311, 22.00.

Steeer calves: Bill Lear, Elko, Nev., 235, 23.30; 310, 22.25; 315, 23.50; 317, 23.50; 318, 31.50; 319, 31.50; 320, 31.50; 321, 31.50; 322, 31.50; 323, 31.50; 324, 31.50; 325, 31.50; 326, 31.50; 327, 31.50; 328, 31.50; 329, 31.50; 330, 31.50; 331, 31.50; 332, 31.50; 333, 31.50; 334, 31.50; 335, 31.50; 336, 31.50; 337, 31.50; 338, 31.50; 339, 31.50; 340, 31.50; 341, 31.50; 342, 31.50; 343, 31.50; 344, 31.50; 345, 31.50; 346, 31.50; 347, 31.50; 348, 31.50; 349, 31.50; 350, 31.50; 351, 31.50; 352, 31.50; 353, 31.50; 354, 31.50; 355, 31.50; 356, 31.50; 357, 31.50; 358, 31.50; 359, 31.50; 360, 31.50; 361, 31.50; 362, 31.50; 363, 31.50; 364, 31.50; 365, 31.50; 366, 31.50; 367, 31.50; 368, 31.50; 369, 31.50; 370, 31.50; 371, 31.50; 372, 31.50; 373, 31.50; 374, 31.50; 375, 31.50; 376, 31.50; 377, 31.50; 378, 31.50; 379, 31.50; 380, 31.50; 381, 31.50; 382, 31.50; 383, 31.50; 384, 31.50; 385, 31.50; 386, 31.50; 387, 31.50; 388, 31.50; 389, 31.50; 390, 31.50; 391, 31.50; 392, 31.50; 393, 31.50; 394, 31.50; 395, 31.50; 396, 31.50; 397, 31.50; 398, 31.50; 399, 31.50; 400, 31.50; 401, 31.50; 402, 31.50; 403, 31.50; 404, 31.50; 405, 31.50; 406, 31.50; 407, 31.50; 408, 31.50; 409, 31.50; 410, 31.50; 411, 31.50; 412, 31.50; 413, 31.50; 414, 31.50; 415, 31.50; 416, 31.50; 417, 31.50; 418, 31.50; 419, 31.50; 420, 31.50; 421, 31.50; 422, 31.50; 423, 31.50; 424, 31.50; 425, 31.50; 426, 31.50; 427, 31.50; 428, 31.50; 429, 31.50; 430, 31.50; 431, 31.50; 432, 31.50; 433, 31.50; 434, 31.50; 435, 31.50; 436, 31.50; 437, 31.50; 438, 31.50; 439, 31.50; 440, 31.50; 441, 31.50; 442, 31.50; 443, 31.50; 444, 31.50; 445, 31.50; 446, 31.50; 447, 31.50; 448, 31.50; 449, 31.50; 450, 31.50; 451, 31.50; 452, 31.50; 453, 31.50; 454, 31.50; 455, 31.50; 456, 31.50; 457, 31.50; 458, 31.50; 459, 31.50; 460, 31.50; 461, 31.50; 462, 31.50; 463, 31.50; 464, 31.50; 465, 31.50; 466, 31.50; 467, 31.50; 468, 31.50; 469, 31.50; 470, 31.50; 471, 31.50; 472, 31.50; 473, 31.50; 474, 31.50; 475, 31.50; 476, 31.50; 477, 31.50; 478, 31.50; 479, 31.50; 480, 31.50; 481, 31.50; 482, 31.50; 483, 31.50; 484, 31.50; 485, 31.50; 486, 31.50; 487, 31.50; 488, 31.50; 489, 31.50; 490, 31.50; 491, 31.50; 492, 31.50; 493, 31.50; 494, 31.50; 495, 31.50; 496, 31.50; 497, 31.50; 498, 31.50; 499, 31.50; 500, 31.50; 501, 31.50; 502, 31.50; 503, 31.50; 504, 31.50; 505, 31.50; 506, 31.50; 507, 31.50; 508, 31.50; 509, 31.50; 510, 31.50; 511, 31.50; 512, 31.50; 513, 31.50; 514, 31.50; 515, 31.50; 516, 31.50; 517, 31.50; 518, 31.50; 519, 31.50; 520, 31.50; 521, 31.50; 522, 31.50; 523, 31.50; 524, 31.50; 525, 31.50; 526, 31.50; 527, 31.50; 528, 31.50; 529, 31.50; 530, 31.50; 531, 31.50; 532, 31.50; 533, 31.50; 534, 31.50; 535, 31.50; 536, 31.50; 537, 31.50; 538, 31.50; 539, 31.50; 540, 31.50; 541, 31.50; 542, 31.50; 543, 31.50; 544, 31.50; 545, 31.50; 546, 31.50; 547, 31.50; 548, 31.50; 549, 31.50; 550, 31.50; 551, 31.50; 552, 31.50; 553, 31.50; 554, 31.50; 555, 31.50; 556, 31.50; 557, 31.50; 558, 31.50; 559, 31.50; 560, 31.50; 561, 31.50; 562, 31.50; 563, 31.50; 564, 31.50; 565, 31.50; 566, 31.50; 567, 31.50; 568, 31.50; 569, 31.50; 570, 31.50; 571, 31.50; 572, 31.50; 573, 31.50; 574, 31.50; 575, 31.50; 576, 31.50; 577, 31.50; 578, 31.50; 579, 31.50; 580, 31.50; 581, 31.50; 582, 31.50; 583, 31.50; 584, 31.50; 585, 31.50; 586, 31.50; 587, 31.50; 588, 31.50; 589, 31.50; 590, 31.50; 591, 31.50; 592, 31.50;

Along Fences and Canals

Mr. and Mrs. Evan Gührle and Mrs. Claire Betty have moved to the Flying Bee Dude Ranch on the North Fork River, where they are employed. They are former north Shoshone residents.

Larry Edwards, Eba, is working at the Owen Jones ranch.

Mr. and Mrs. El Bennett, Tuttle ranchers, have returned home after a vacation trip to Florida and Springfield, Va., to visit their daughters for six weeks.

The winter wheat fields are doing very well in the Tuttle area and though dry, fields are being prepared for spring planting. The farmers feel that if more moisture doesn't come the grain will have to be watered.

Mr. and Mrs. Victor Gallo, Tuttle, have bought 40 yearling calves to pasture for the summer.

North Shoshone farmers are preparing machinery for spring work. Some ditch cleaning has been done, fertilizer hauled and a few have even done some plowing.

Too much mother love killed a calf at the Albert Pelley ranch at Richfield last week. Too much licking of the wet calf within five hours more caused the calf to die. The Pelleys report this is the first time they have had this happen in 23 years in the cattle business at Richfield.

Signs of spring reported by the Albert Pelleys include 30 Canadian geese flying over the Pelley ranch at Richfield Monday, Mallard ducks back, a meadow lark singing, yellow and red winged blackbirds, and yellow crocus blooming. Albert and Jean Pelley also have a goose-pool for a cow that shows up about mid-morning often between two bunches of cattle. 'Abie' is usually ready to snap off a shot at the marauder.

Harold Ward, Wallace Taylor and Wesley Ward trucked calves for Charles Ward, Malta, to Burley where they were sold at the weekly livestock sale.

Mr. and Mrs. Oden Hutchison are remodeling a home north of Malta. They plan to move soon from their house on Conner Creek.

A large red barn, long a landmark on the road between Hansen and Kimberly, has been removed. The lumber was salvaged and Lanny Woolen, the owner and who is living on the farm, plans to use it later in some other type building. The farm was owned more recently by the late Mrs. Helen Woolen, who remembered it was built about 1910 by a S. C. or J.J. Dunn, who owned the farm at that time.

Certified Seed Urged For Successful Potato Yields

"The potato industry and its success or failure has its foundation in certified seed."

This statement was made by H. E. Finn, manager of the Idaho Crop Improvement Association, in urging growers to start with the best to produce better yields. He said that certified seed is the key to successful crops. Mr. Finn goes on to say that all other efforts and progress from research and its application would be greatly reduced if it were not for the ready availability and use of certified seed.

Good seed doesn't just happen. It is the result of long time planning and action by many people. The potato plant is complex in nature and subject to a number of infectious diseases. These diseases can spread through a field of potatoes inflicting heavy losses in a hurry or gradually destroying a stock through a type of slow-kill that causes losses which become greater year after year. These losses caused by potato diseases were recognized in the industry a number of years ago and resulted in the formation of state certification plans such as we have in the Idaho Crop Improvement Association.

Good seed must be as free as possible from disease. It must be true to variety and type, of sound quality and of the size and character that fits the needs and operations.

It must have, too, a built-in vigor that is a result of the area of production and the way it is stored and handled. It takes real ability to produce certified seed potatoes. It is only natural that certain growers become the leaders in seed production in their own area.

These people have taken advantage of the risks and the tension-services information and have put the latest and best methods into practice. Many families in the Idaho Crop Improvement Association are now in their second and third generation as certified seed potato producers.

The Idaho potato seed directory is available free at any county agent's office or through

World's Championship APPALOOSA PERFORMANCE SHOW

SPONSORED BY CHAMBER OF COMMERCE SWEET WATER TEX. INC.

PRIZE CUTTING HORSE Boomer Britches, owned by Bob Harney, Twin Falls, and ridden by trainer Don Waugh, Twin Falls, will be one of 50 stallions up for service auction at the 3rd Annual Jerome Recreation Association's Benefit Stallion Auction at 7 p.m. Thursday in Jerome.

Fifty Stallions Listed For Jerome Stud Service Auction

More than 50 prize stallions have been listed for service auction during the Jerome Recreation Association's 3rd annual Benefit Stallion Auction at 7 p.m. Thursday at the Producers Livestock Marketing Association's sale yard in Jerome.

According to Bob Harney, Twin Falls, Appaloosa Quarter Horses, Thoroughbreds and Arabians will be available for stud service to be auctioned.

"Brooders can buy this service at this time for a much reduced price than they could any place else," he said. "However, it also works the other way and a few stallions will bring higher prices."

Proceeds from the auction will be used for the betterment of racing, cutting and community recreation programs. Mr. Harney said, in the five years of its existence, the recreation association has built a 75-stall horse barn in Jerome at the

Paul Family To Join Farm Testing Unit

PAUL — Mrs. Dale Cribb, Route 2, Paul, has been named a member of the Family Test Group of the Farm Journal magazine, Gertrude Dieken, women's editor, announced recently.

Mrs. Cribb and her family are one of 500 member-families in the group. The families are selected for their special skills and interests in farming, homemaking or community work.

Test group members help the editors of the magazine by acting as a sounding board for editorial ideas and by reflecting local conditions, problems and customs. They also test products, both on the farm and in the home.

Horse Show Set

Jerome — The University of Idaho Horseman's Short Course for 1967, sponsored this year by the Jerome County Mounted posse, will be held Thursday and Friday at the Twin View Training Stables, Jerome.

Techniques on gentling, training, care and showing of horses will be demonstrated during the show. A special demonstration on handling and gentling of green horses will be presented by R. A. Long, Ft. Rock, Ore.

The program will include some of the better-known horse authorities in the Pacific Northwest. The registration fee includes a copy of the proceedings and two noon meals. Events begin at 10 a.m. on both days, and continue until about 7:30 p.m.

DECLINE NOTED

BOISE — Prices paid by farmers for feed in mid-February averaged 1 per cent lower than a month earlier. Most types of feed averaged lower in price, with mixed poultry and dairy feeds and grains showing the sharpest declines, according to the USDA Statistical Reporting Service.

Brown-Seeded Onions Aid Reduction Of Hybrid Cost

MOSCOW — Two lines of brown-seeded onions developed in Idaho hold promise of reducing the cost of growing hybrid onions, the University of Idaho and the U.S. Department of Agriculture reported today.

Limited amounts of seed are available to qualified seed producers. The brown-seeded lines are recommended as sources of germ plasm of the seed-color trait regarded useful as a marker for pollinator lines.

The two lines, designated by number only, were developed at the Parma branch experiment station of the college of agriculture by the Idaho agricultural research service in cooperation with Delance Franklin station superintendent, and the Iowa agricultural experiment station.

All normal onion seed is black. Hybrid onion seed fields are usually planted so that eight, 10 or 12 rows of male sterile plants alternate with two rows of pollinator plants. To prevent contamination of hybrid seed during harvest, the pollinators are removed after they have done their job.

If either the pollinators or the male sterile plants are not removed, however, this separation

might not be necessary. The seed-color would distinguish hybrid seed from pollinator seed, and it might be possible to separate the seed electronically by color. By this method, pollen parents and the male sterile parents could be mixed throughout the seed field. The increased effectiveness of pollination from random mixing is expected to produce greater yields of hybrid seed and lower production costs.

Regulatory Bill Introduced On Dairy Imports

WASHINGTON (AP) — Rep. George Hansen, R-Idaho, has introduced legislation to require the importation of milk and dairy products.

He said it would correct what he called "certain circumvention of import quotas."

He cited Cheddar and Colby cheeses as an example, noting that while the cheeses are very similar, Colby is not regulated while Cheddar is.

USE-TIMES-NEWS-WANT-ADS FOR FAST SELLING RESULTS

Fertilizer grow-how for Northwest crops

Attention potato growers!

At the sign of the Circle P you get the right Golden Harvest fertilizers and chemicals for your crop and your soil... plus the kind of technical advice and Grow-How you would expect from a farmer-dedicated business like Pacific.

FORMULATED FOR NORTHWEST SOILS... a complete line of liquid, simple or mixed dry fertilizers permits the best possible soil nutrient and chemical combination for your local conditions.

CONTINUING RESEARCH and planning with the most modern equipment is part of the Pacific program to keep Northwest farmers abreast of latest technological developments.

THE TIMELY AVAILABILITY TO FARMERS is a prime concern of Pacific, the Northwest's leading supplier of fertilizers and farm chemicals.

HONEST PRICING is a Pacific policy guaranteeing the same fair price to the buyer of the same service and the same quantity of Golden Harvest fertilizers or chemicals.

"We believe that the agricultural industry, which can be victimized by nature, should not be plagued by problems over which man has a degree of control — namely services, prices and availability of necessary supplies."

PACIFIC SUPPLY

— COOPERATIVES —

for farmers

Dig Big!

You'll "dig big" if you prevent hidden soil insect damage with Chlordane. Both yields and quality will be improved. Better stands, healthier plants and fewer culls will give you bigger profits at harvest time!

increase potato yields with VELSICOL Chlordane insecticide... get higher quality potatoes!

APPROVED Chlordane has an approved label registration for the control of wireworms, cutworms, beetle larvae and other major soil insects attacking potatoes. Residue tolerances of 0.5 ppm are allowed on potatoes and 40 other raw products. You can use Chlordane and rotate to other crops.

PROVEN Chlordane, through years of testing and commercial use, has proven to be the most effective insecticide now permissible for use as a soil insect control in potatoes.

PROFITABLE Chlordane gives your crop complete protection for just a fraction of the in-

crease in yield and quality that result from its use.

CHLORDANE CONTROLS: Wireworms • Mole crickets • Cutworms • Seed corn maggot • Tuber flea beetle larvae • White grubs • European chaffer larvae • White fringed beetle larvae • Earwig's • Fire ants • Other insects.

Protect rotation corn, too, from the soil insect complex. Chlordane is economical.

MORNING GLORY SEEDS: I've had parental visits and tell me they will not grow morning glories again because of the children having so many glories in the garden. It's been known for some time that morning glories seeds are definite healthful ingredients in a variety of products similar to that of marijuana. They are being much used on the West Coast and recent accounts of it being used in Ontario, Canada.

Two varieties used as a substitute for marijuana are Pearly Gates (pure white) and Heavenly Blue (midsummer sky blue). Information on the seed is used is scant. I've written to several pharmacologists and got zero replies so I can tell you much about the active ingredients and how it produces the same effects as marijuana, or how it is producing them. I state that the seed is ground into a powder and eaten with food.

Should home gardeners give up growing morning glories because some members of the human race use them for a purpose other than what nature intended? Definitely not. Nothing is changing the character of these flowers or their effects on herbivores, arbors and fences.

It's foolish to outlaw or avoid morning glory seeds, cough syrup, airplane jugs or tire patch cement. There's a definite need for these materials in our way of life. The best we can do is to tell our children about the harmful effects of these items and they'll avoid the temptation.

MOVING ROSES: A good time to move roses is in early spring, before growth starts. First, cut the rose back within 1 or 1 1/2 inches tall, pot them into peat or clay pots and grow on until shriveling weather, when you can take it as seedlings with damp-off. Best temperature for germination, 72 degrees or higher. After seedlings are 1 or 1 1/2 inches tall, pot them into peat or clay pots and grow on until shriveling weather, when you can take it as seedlings with damp-off.

FAST GROWING VINES: If you're looking for fast growing annual vines, try these: Morning glory, Canary Bird flower (Tropeolum pergrinum), Cardinal Climber, (Ipomoea pes-caprae), Moonflower (Calonyction alocatum), and you might try the Trumpet vine spring. Put the plants in a pot and let it blossom all summer. I started a broken stem in a pot of soil. I put a glass jar over it and watered it. It grew and developed. I even start rose bushes indoors by placing fruit jars over the cuttings. They act like a tiny greenhouse and make the woody cuttings root. Hope this will help some of your readers.

HOUSE PLANT SOILS: If the soil surface has a greenish growth on it, that's a sign of poor drainage. Repeat by the plant, using a mixture of 1/2 each of sand, peat and loam. That sandy white coating you see on the soil surface and outside of the pots is either fertilizer salt or hard water residue. Take an old coffee can, knock up the soil, and pour the water. This will cause the salts to go back down into the soil where they belong. The green mold can also be discouraged by placing pieces of rocks in the bottom of the pot to increase drainage.

GERANIUM FROM SEED: If you want a new experience, grow geraniums from seed. Sow seed in a pot of sand, peat and loam (with a little vermiculite or peatite added). Cover seeds lightly and keep moist and in full sun. Best temperature for germination is 65 to 72 degrees.

That's because farmers have made use of technological know, scientific methods and long range capital. These are the important tools of progress. America's farmers are producing enough food to feed 100 million people. And they're doing it on less land, and with fewer farm hands.

The Federal Land Bank through the Federal Land Bank Association has provided the much needed long term mortgage credit that has provided the means for the land to be developed and the role we've played in our progress. We thank you... the Providers of Plenty.

to you can get lots of fruit from small space. W. O. of Alameda—We bought a Hawaii Ti plant. It's like a little dry log about 5 inches long and 2 inches in diameter. Please tell us something about it.

The Hawaii Ti (pronounced Tea) is sometimes called "good luck" plant (Cordyline terminalis) a durable foliage plant. Start it in a shallow pan of water until it sprouts, then pot it in a planter of soil (1/2 each of sand, peat and loam). New leaves will soon appear with a crown of palmlike leaves atop a trunk.

Ti plants grow quite fast and soon become pebbling, in a couple years you should report it, using a larger pot or planter. Plants will send out sprouts and you can start new plants by rooting the sprouts, or by root division.

Take a sharp knife and cut the original "log" into two plants and repeat or you can cut the stem into small sections and root each in a pot of sand and peat moss.

CULTURE: Light, semi-sunny window. Average room temperature and soil equal parts sand, peat and loam. Keep leaves sprayed once a month or so. Care for this plant is same as for Dracaena ("corn plant") grown by florists. If tips of leaves of Ti or Dracaena turn brown it's a sign of dry air or dry soils.

GLENN NELSON who will be in charge of arrangements for the annual spring meeting of Division IV of the Idaho Association of Soil and Water Conservation Districts has been scheduled for 7 p.m. March 13 at the Rogerson Round room.

INSPECT PLANT PAUL — An open house was held at the new United States Steel Farm Service Center Tuesday. Local residents inspected the plant's bulk fertilizer handling equipment and talked with soil fertility and plant nutrition experts.

Spring Meet Scheduled By Soil Groups

The annual spring meeting of Division IV of the Idaho Association of Soil and Water Conservation Districts has been scheduled for 7 p.m. March 13 at the Rogerson Round room.

The program will include a report on the women's conservation work and an illustrated talk by Dick Sanford on his recent trip to Egypt.

All farmers, business people and their wives are invited. The newly organized Snake River Soil and Water Conservation district will host for the meeting.

Student Named

MOSCOW, Idaho (AP)—David Leroy, a sophomore business and law student from Lewiston, has been elected president of the University of Idaho Associated Students.

Agent Notes Problem Of Cattle Lice

SHOSHONIE — "Lice prevent cattle from making maximum gains," according to County Extension Agent Ivan Hopkins. On dairy animals they reduce milk production. Severe infestations can weaken animals so they are more likely to catch a disease. For treating infested stock, the county agent points out, rotenone is the only recommended insecticide.

Use of other products may result in residues that are not allowed in milk. For beef animal, chemicals are available, such as benzene, malathion, and methoxychlor.

The insecticide may be applied by spraying, dusting, pouring, dipping, or with rubbing devices. The method depends on the number of cattle to be treated and preferences of stock growers.

Weed Burn Is Cause Of Many Fires

JEROME—Weed burning was again the cause of over half of all fires in Jerome Fire Control District No. 1 in 1966, according to a report issued by the rural fire commission secretary.

Of a total of 54 fire calls, 25 were caused by burning weeds. This compares with 1965 in which 29 of a total of 53 fire calls were caused by burning weeds.

Using this as a guide, farmers and residents of the area are again urged by the department to take extreme care and caution as another weed burning season approaches.

Six homes were involved in fires in 1966, for causes listed as hot chimney, fu, electric blanket, and exploding stoves. Two were of unknown cause. Other major property involved were 12 haystacks, 10 sheds or barns, 4 vehicles, 4 straw-stacks and 1 vacant country schoolhouse.

Miscellaneous causes of fire calls were children playing with matches (3), arson (2), electric fence (1), false alarm (1) and several unknown.

There was a total of 815 man hours involved in fighting the fires.

Members of the rural department are: Don Rupert, chief; Charles Hansen, secretary; Francis Boyd, secretary-treasurer; Hebe Prescott, Fred Clubb, Wayne Hill, Dan Smith, Bruce Bragg, Wayne Martin, Cecil Moore, Don Williams and Doyle Hillier.

Other fire-fighting equipment consists of a 1963 American LaFrance 1,000 gal. per-minute pumper, with a 500 gallon water tank, a tank truck with a 1,500 gallon capacity, and a pack truck used to carry miscellaneous equipment.

Wooden Posts Last Longer When Treated

CHICAGO — Fence and field posts can be made to outlast the perennial mortgage on the farm by simple chemical treatment, according to L. W. Neubauer, professor of agricultural engineering at the University of California.

Neubauer, reporting on a 40-year study of wood treating, said that simple treatment can increase wood life as much as 13 times. Commercial pressure treatment, he found, extends wood life much more.

The agricultural engineering researcher, who has directed the project the last 26 years, worked with posts, poles, and stakes made from ten species of western woods.

Seven different treatment chemicals were applied in various ways. "In general, each treatment was of some value, and usually in proportion to the amount of chemical absorbed by the wood," he concluded.

In one instance when post bolts only were treated, durability seemed so much that the exposed portion above ground began to fall before that below ground.

Among the woods tested was Douglas fir. "The four-year average expected for Douglas fir under our local conditions was increased to 33 years with thorough hand treatment," Dr. Neubauer reported. "But with pressure treating the group had an average expected life of 83 years. Statistically, some posts could be expected to last over 100 years."

AS CHAIRMAN OF THE Beef Cattle Field Day recently held in Twin Falls, Gene Hull, left, introduced Morris Hemstrom, University of Idaho Extension Animal Husbandman, center, and Louis Reinke, local cattle feeder, right, as speakers for the program. Mr. Hemstrom spoke on freeze branding.

"Freeze Branding" Promises To Oust Traditional Hot Brands For Stock

By PEGGY LALEY
Times-News Staff Writer

It is possible that a bucket of dry ice and alcohol will replace the traditional campfires and hot branding irons of the West.

Morris Hemstrom, University of Idaho Extension Animal Husbandman, discussed this new method for local cattlemen at a recent Beef Cattle Field Day in Twin Falls.

Called "freeze-branding," this new freeze method evolved from a study made in 1954 by Dr. Paul Farrell, Washington state research veterinarian.

It is painless and leaves no scars, scratches or thickened areas to discount hides. This in itself could save \$20 million annually in hides that are ruined by hot brands.

Although researchers are not positive, they feel that the brands will be permanent. There has been opportunity to observe two half growth cycles.

This freeze technique destroys the pigment producers in the hair follicles and causes the hair to come in white.

The area to be branded is first clipped because the hair acts as an insulation and decreases the effectiveness of the brand.

The area is then wet with alcohol and the branding iron is applied after being dipped in a mixture of dry ice and 95 per cent denatured alcohol. The iron comes out of this bath at a minus 55 degrees Fahrenheit.

A 30-second application is sufficient on cattle; smaller animals take less.

Longer contact will destroy hair follicles effecting a hairless brand. This is the method used on white coated animals.

The results of freeze branding are just as legible as hot branding and have recently been accepted by the Idaho State Brand Inspection office, according to Donald Youst, Twin Falls County agent.

The usual steel branding iron can be used with this method, however, thick copper irons are recommended. Copper is a better conductor of cold and therefore a shorter contact with the animal and the alcohol mixture is necessary.

These copper brands are from 1/4 to 3/4 inches thick, 1 to 1 1/2 inches from front to back and four inches high.

The super cold liquid produced by the methyl or ethyl alcohol and dry ice should be handled carefully, but the danger is not extreme if ordinary caution is used.

The proportions of the liquid are not critical so long as an adequate amount of alcohol is used to cover the brands sufficiently and enough dry ice is used to adequately chill the alcohol.

When the copper iron is first placed in the liquid it will boil, when bubbles from the iron are being produced at the same rate as bubbles from the liquid, a matter of a few minutes, it is cold enough.

According to Dr. Farrell this method is inexpensive, about five cents per brand, perhaps less.

So far experimentation has been primarily on cattle but research is continuing on other animals to determine the most efficient, inexpensive method of branding.

During this cattle meeting, Mr. Hemstrom also spoke on cross breeding practices which have been important in the Idaho cattle industry.

Edwin (Ted) Young, sales manager for the Intermountain Division of Northrup King and Co., and Dave Casady, district manager of DeKalb Agricultural Association, Inc., both Boise, spoke on sorghum and Sudan forage crops.

During the luncheon Ralph Olmstead, local cattle feeder, was the speaker. Following this program a panel of the speakers and Dr. Charles Donnelly, veterinarian, discussed questions asked by members of the audience.

Gene Hull was chairman for the day with Don Silvers, Earl O'Brien, Mr. Youst, Edgar Olmstead, Ralph Olmstead, Gene Champlin, Don Ramseyer, Frank Glise and Ed Shaif, all Twin Falls, Jay Cobb, Filter, Lloyd Stewmaker, Kimberly and Dean Moore, Hansen, on the arrangement committee.

LOUIS REINKE and Cecil Brim, both local cattle feeders, discussed the advantages of farm-raised feeding calves to the 500-700 pound stage and then turning them over to commercial feeders.

Edwin (Ted) Young, sales manager for the Intermountain Division of Northrup King and Co., and Dave Casady, district manager of DeKalb Agricultural Association, Inc., both Boise, spoke on sorghum and Sudan forage crops.

Idaho Ranks Top In Seed Bean Acreage

BOISE — Idaho ranked first in the nation last year in acreage of bean seed produced for certification, H. E. Finell, manager of the Idaho Crop Improvement Association, announced today.

Ten states and Canada were listed in the annual report. Idaho had 24,969 acres of the 68,000 total.

California was second with 15,375; and Michigan was third with 11,447. Canada reported 12,817 acres. Only one state other than the leaders had more than 1,000 acres. That was Washington, which had 1,082.

Fifty-four varieties were in the certification program. Pinto U-11, a variety developed by the University of Idaho, topped the list with nearly 11,000 acres, Idaho produced 14 varieties and was the leading state in acreage for 12 of them.

Discouraging Water Report Forecasted

Farmers of the Twin Falls Soil Conservation district are expected to hear some discouraging reports March 31, in the annual water forecast meeting. Soil Conservation Service officials said Wednesday.

Marian Nelson, state snow survey director, SCS, will present a report based on the snow and water measurements taken during December, January and February on water sheds serving the area.

Ellis Fuller, chairman of the local district, said at present snow has gone down considerably during warm weather but most of the melting has been absorbed by the dry soil.

February, he said, was one of the driest on record on district watersheds. Because of last season's extreme dry condition and cold weather without rain during late fall, the soil is extremely dry.

Spring weather conditions, he said, will probably be the key to the coming season's irrigation supplies.

Should a spring months be warm with a good rainfall, he said, the snow would melt rapidly and be carried into the reservoirs. But if it melts slowly, reservoirs will probably not fill. The annual water forecast meeting will be held at 7:30 p.m. March 31 in the Hollister Gymnasium. All interested farmers are invited to attend.

How to get effective wireworm control in potatoes with Diazinon.

You can use either a band or broadcast application of Diazinon® insecticide and get sure, effective control of potato wireworms, including strains which are resistant to some other insecticides.

The broadcast application should be applied within one week of planting and worked into the top 4 to 8 inches or more of soil. Or you can band Diazinon when planting your crop, again working the Diazinon in with a fertilizer attachment to a depth of 3 to 6 inches along both sides of the row. Either way, you'll get dependable control of wireworms without residue problems in your potatoes, or in crops like sugar beets.

With Diazinon restrictions on all center treated fields have to wear clothing or dress with Diazinon cides, read and tions.

See your supplier or write us for more information. Gelzy Agri. Division of Geigy, Raridley, S.C.

New Manager Takes Over ASC Office

Twin Falls County Agricultural Stabilization Committee has announced the appointment of Kent Kirk as office manager.

Mr. Kirk will succeed Osmer J. Lowe who has taken a medical retirement because of ill health.

Mr. Kirk took over the Twin Falls office he was ASC office manager at Mountain Home. Prior to this he has been near Payette where he was a member of the Beet Growers Association, the school board and Toastmasters.

Mr. Kirk is married and has four children. His family will move to Twin Falls when school is out.

TAKING OVER managerial duties at the Twin Falls County Agricultural Stabilization office last week was Kent Kirk, former Mountain Home resident. Mr. Kirk replaces Osmer J. Lowe who has taken a medical retirement. (Times-News photo)

Chemicals In Soil Blamed For Pollution

CHICAGO — Erosion may be the principal means of water pollution from chemicals used on farms, Dwight W. Smith, assistant director of water management for the Agricultural Research Service, U.S. Department of Agriculture, told the 1966 National Meeting of the American Society of Agricultural Engineers.

Uncontrolled erosion in the United States produces nearly four billion tons of sediment annually, from farm fields, gullies, streambanks, highways and construction sites around urban areas, he added.

"There is evidence that erosion may be the principal means of water pollution from chemicals that are an accepted and necessary part of the production processes on modern farms," Smith said.

"Many of these chemicals are absorbed on the clay or the organic fraction of the soil. When the particles are detached and transported during erosion processes, the chemicals ride along to streams and lakes."

Two-thirds of the annual average erosion is caused by storms that repeat every two to three years, he pointed out.

Mulching with crop residue and topographic modification, which may involve land forming, have high potential for erosion control on modern grain farms, Smith advised.

Nearly four million dollars a year is now being spent on research on erosion, sedimentation, and control practices, he observed.

Burley Man To Demonstrate Safety At Horseman Clinic

BURLEY — One of the demonstrators at the Horseman's short course, to be sponsored by the University of Idaho, will be given by Dick Griffin, Burley, nationally known for his riding and training ability.

As a trick rider he has appeared in major shows throughout the country. Mr. Griffin will demonstrate safety around horses, proper mounting and dismounting and how to fall to prevent injury.

Other specialists on the program will be Dr. Bob Carlson, D.V.M., Boise, equine specialist; Dr. Carlson will discuss internal parasite control and recommend a vaccination program.

Wayne Peterson, Jerome, horse trainer, will show how to fit and show a horse at halter; R. A. Long, Ft. Rock, Ore., breeder and author, equine photographer, will demonstrate his method of handling and gentling a green horse; Joe Johnson, WSC Extension Livestock Specialist, will speak on basic and applied nutrition for the horse.

A judging clinic will be held, conducted with official placings and reasons given by a panel. Lunch will be served each day on the grounds. A registration fee of \$10 will be charged and no pre-registration is required. Everyone is welcome.

The Twin View Training Stables is owned by Wayne and Jan Peterson, located 2 1/2 miles south of Jerome on Highway 19 where the two-day course will be held. Co-sponsors of the course are the Jerome County Mounted Sheriff's posse.

Re-Elected

ELBA — Leonard Hall, Malta, was re-elected watermaster for the coming year at the annual meeting of Water District No. 5C, Cassia creek, held at the Elba LDS church.

Reuben Ward acted as chairman with Jay Cottle as secretary.

FBI Agent Tells Cattlemen Difficultly Of Convictions

FAIRFIELD — Jack Newell, Twin Falls, FBI director, was the principal speaker at the 13th annual meeting of the Elmore Cattlemen's Association, 1-4-4 week at Glens Ferry.

Newell stated that convictions of cattle rustlers are tough to get. "It is difficult to convict someone only on circumstantial evidence. Laws were made to protect the innocent and cattle rustlers and criminals hide behind the laws."

He urged all cattlemen to keep better records as to cattle numbers and dates involving cattle movements. He pointed out that suspicion is not enough; the FBI needs some evidence before it can start procedures.

Allen Baucher, association president, stated that during the past year there have been over 200 head of cattle unaccounted for in the three county area according to reports by cattlemen. Cattle thefts and related subjects were covered during the meeting of the association members from Camas, Gooding and Elmore counties.

Judge Charles E. Donistott, Boise, stated that the statutes pertaining to cattle thefts and explained the procedures of a criminal court.

Steve Michalfy, T. E. D. O., chairman of the State Brand Board, reported that there were 884,000 brand inspections in the state. He stated that one of the main problems facing the brand department is the lack of communications between the department and the cattlemen. He stated that their respective actions are not reported enough.

luncheon was furnished by the Glens Ferry high school and the Towne Shop of Mountain Home and Glens Ferry.

Rep. Venita Palmer, Malad, current president of the Idaho Cattlemen's Association, was the banquet speaker. She spoke of the various legislations that will affect the cattlemen. He pointed out that the proposed budget for the universities does not look too favorable for research and education in areas affecting the cattle industry of Idaho.

The banquet and dance were held in the City hall. Most of the dance was furnished by the Saints. Entertainment was furnished by the Glens Ferry high school choral department.

Vince Hecker, Boise, of the BLM state staff, covered the subject of the reclassification of BLM lands.

Bob Henderider, secretary of the Idaho State Cattlemen's Association, reported on activities of the association.

William Trail, King Hill, was elected president to succeed Allen Baucher. Larry Hall, Bliss, was elected vice president; Dan Wheeler, Glens Ferry, secretary; and Arlin Ashmead, was elected as a director to represent Camas County; Charles East and Lee Trail, both King Hill, are hold-over directors.

The men's meeting was held in the Moose Hall and concluded with the election of officers and the presentation of resolutions.

The Purple Sage CowBelles under the direction of Mrs. Bill Walker, Glens Ferry, hosted the women's activities for the day. Mrs. John Lamb, Grandville, state president of the CowBelles, addressed the group and complimented the local CowBelles on their activities. She stated that many of the other groups around the state look to the Purple Sage CowBelles as an example to follow.

Mrs. J. Wilton Steen, Glens Ferry, was elected president to succeed Mrs. Walker. Mrs. Harold Wilson, Hill City; and Mrs. Clifford Toone, Gooding, were elected as vice presidents. Mrs. Sam H. Hill, Glens Ferry, secretary; Mrs. Raymond Aloha, Fairfield, treasurer and Mrs. Forrest Kinney, Gooding, historical entertainment at the noon

CASE W-7 LOADER

LEADER OF THE LOADERS

This is a loader that will make more money for you! A real producer — Priced along with several "big" 2-wheel drive units but a world of difference in performance and production. Features power shift, power steering, power brakes, torque converter drive. Available as a big production loader, dozer, fork lift, backhoe. We have all the details. Call for a demonstration.

FAST FACTS ABOUT YOUR W-7 LOADER: Loader buckets to 2 cu. yds., 4-wheel drive, front/rear differentials, 80 hp Case-built gas or diesel engine.

Signup Urged For Wheat Price Project

SHOSHONE — Many farmers who have small acreages of wheat may be overlooking the need to sign up in the wheat program to get the wheat price on their share of the wheat used for domestic food.

Chairman Alexander explained that under the Wheat Certificate program, producers get returns for their wheat from certificates as well as from the marketplaces. The certificate payment for 1967 will be the difference between the 1967 crop price-support loan rate of \$1.35 per bushel and the wheat parity price next July 1. Currently, the wheat parity price is \$2.28 a bushel. For the 1966 crop, the certificate payment was \$1.33 per bushel.

For 1967, farmers will receive the certificate payment on the projected yield per acre of 23 per cent of their wheat allotment. This is each farmer's share of wheat used domestically for food.

To be eligible for the certificate payment, farmers need to sign up in the program before March 17, and harvest within their wheat-acreage allotment. Small acreage allotments for both small and large farms for 1967 were increased 35 per cent over the National average over the 1965 level.

Farmers to earn their full wheat certificate payment need only plant 35 per cent of their wheat allotment to maintain their conserving base, but do have the opportunity to plant up to an additional 10 per cent of their 1967 allotment if they wish.

Deadline For ASCS Wheat Plan Noted

Only those wheat growers who have signed up to date of their 1967 Wheat Program will be eligible for price support, loans and marketing certificates on their 1967 wheat crop. The signup deadline is March 17.

Many farmers who have small acreages of wheat may be overlooking the need to sign up in the Wheat Program to get their wheat parity price on their share of wheat used for domestic food. Carl Boye, chairman of the Twin Falls ASCS committee, pointed out:

Chairman Boye explained that under the Wheat Certificate program, producers get returns for their wheat from certificates as well as from the marketplaces. The certificate payment for 1967 will be the difference between the 1967 crop price-support loan rate of \$1.35 per bushel and the wheat parity price next July 1.

Currently, the wheat parity price is \$2.28 per bushel. For 1967, farmers will receive the certificate payment on the projected yield per acre of 23 per cent of their wheat allotment. This is each farmer's share of wheat used domestically for food.

Signup so far indicates that some farmers who said earlier they might sign up to date of their 1967 Wheat Program have not yet signed up. ASCS county offices may not issue certificates under the program for accidental compliance. The farmer must declare his intention in advance by signing up to date of the program prior to the deadline date.

Index Down

BOISE (AP) — The February 15 index of prices received by Idaho farmers was 15.5 points from the January average and down 28 from the corresponding 1966 figures, according to the U.S. Department of Agriculture.

The All Crops Index was down 20 points, the USDA said in a statement.

Farm Bureau Seeks Action On U. S. Dairy Import Quota

CHICAGO — The American Farm Bureau Federation has asked Secretary of the Treasury Henry H. Fowler and Secretary of Agriculture Orville L. Freeman to take appropriate action under existing laws to counter rising dairy imports.

The requests were made in letters to the two cabinet members by Charles B. Shuman, president of the American Farm Bureau Federation.

Farm Bureau recommended that investigations be made of the circumvention of import quotas under Section 22 of the Agricultural Adjustment Act, and possible violations of the U.S. anti-dumping statute.

Section 22 provides a procedure for imposing import fees or quotas where necessary to protect a domestic farm product from being disrupted by a flood of imports.

"A substantial part of these increased imports is in the form of butterfat-sugar mixtures which are being imported in violation of the import quotas established under Section 22, according to the Farm Bureau communication to Secretary Freeman."

Shuman asked that the import quotas be made effective. He said, for example, that all butterfat which is imported in the form of butterfat-sugar mixtures, should be covered by the same import quota.

Livestock Marketing Group Elect Area Man

PHOENIX — Producers Livestock Marketing Association recently held its annual board of directors meeting at the National Hotel in Phoenix. The meeting was attended by eighteen members of the board from the 10 Western states and eleven managers from the various offices of the association.

J. W. Swan, Rogerson, Idaho, was re-elected as president of the association. Mr. Swan is the owner of the House Creek Ranch. Also re-elected were Harry Bollinger, Colorado, vice president; Harold Ballston, Salt Lake City, treasurer; Joseph Jacob, Salt Lake City, secretary-general manager.

J. L. (Doc) Muir, manager of the Jerome Producers Livestock Marketing Association, reported that the volume at Jerome since last August has exceeded his expectations and projections of future business are excellent.

General Manager Joseph J. Jacob reported that earnings for the association for the past year were satisfactory and that the overall volume held up exceptionally well.

He stated that last year Producers Livestock Marketing Association handled over 70,000 cattle, 144,000 calves, 57,000 hogs and 241,000 sheep for a total dollar volume of \$187,325,000. Producers is a member of the National Livestock Producers Association of Chicago, Illinois, the largest association in the United States.

Producers Livestock Marketing Association now has offices at North Salt Lake City, Utah. They employ over 125 full time people with a total of over \$72,000.00 per year. Members of Producers Livestock Marketing Association are guaranteed payment for their livestock under a bond carried by the association in the amount of \$375,000.

Caldwell Man Elected By Cattlemen

BOISE — A well known Caldwell cattle feeder was named as the new president of the Idaho Cattlemen-Federators Association at the conclusion of the cattle feeders annual convention.

Wayne Bower Caldwell will succeed Job Frey, Reubing, as the top officer of the group. At the 1966 convention, the cattle feeders honored Mr. Bower by naming him cattle feeder of the year and presenting him the Charles Gasser trophy.

Henry Jones, Eden, was named as the Cattle Feeder of the Year during the annual banquet of the Cattle Feeders this year.

Bower operates a large feed lot south of Caldwell on the farm he and his wife, Veta, first settled on their marriage in 1940. The lot has grown and developed each year until the Bowers today handle several thousand head of fat cattle each year.

Wolverton Herd Tops Dairy List

RICHFIELD — Dee Wolverton topped the Richfield Dairy Herd Improvement Association record for the past month with an average of 142 pounds of milk and 57 pounds of butterfat.

Harold Fridman's herd was second with 1248.46 and A. J. Johnson and Sons, third with 1021.41.

The three highest test cows were owned by Fridman, Lolly 2375.95 and Midge 2009.93, and one owned by Wolverton, Dora, 2015.94.

General Manager Joseph J. Jacob reported that earnings for the association for the past year were satisfactory and that the overall volume held up exceptionally well.

He stated that last year Producers Livestock Marketing Association handled over 70,000 cattle, 144,000 calves, 57,000 hogs and 241,000 sheep for a total dollar volume of \$187,325,000. 4,500 Visit Fun-O-Rama At Jerome

JEROME — More than 4,500 people toured the Fun-O-Rama exhibit presented at the Jerome Armory last week by Volco Builders.

An even larger crowd is expected to attend the second showing from 9 a.m. to 9 p.m. this Saturday at the Mead family building at the Burley Fair grounds.

The first of its kind ever presented in Idaho, the Fun-O-Rama features hundreds of the most recently developed items and materials used in home building and decorum. Displays have been prepared by manufacturers from all over America and many articles which have not even been seen by lumber dealers before now.

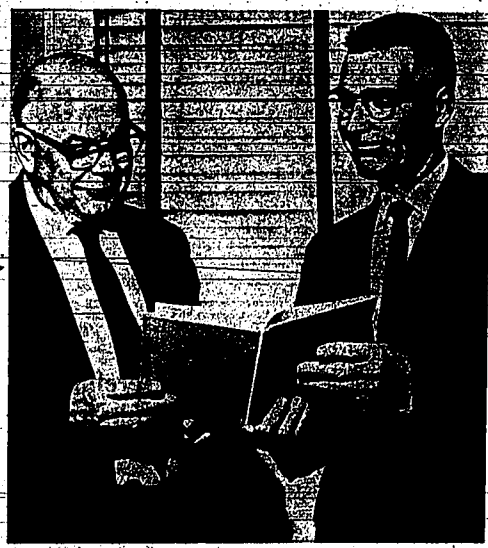

The enthusiastic crowd at Jerome consumed 100 pounds of peanuts and 100 pounds of popcorn, according to Vic Camozzi, general manager of Volco. A variety of games and prizes were offered for those attending.

Among them were a fishpond, especially for the youngsters, and a baseball game, which was used to demonstrate the virtual indestructibility of a new type of house siding.

A steady stream of visitors also viewed several pre-built homes at the Volco yards along the Jerome showing. These were in varying stages of completion and amply demonstrated the uses of many of the materials exhibited at the show.

Volco employees will be at the Burley showing to serve as guides to the exhibit.

Persons who missed the Jerome showing are invited to take advantage of the second showing and bring a family to join the fun and games on Saturday.

PRESENTING A COPY of a concise history of the grange movement, entitled "The Grange," and written by William L. Robinson, to Twin Falls Public Librarian Robert Bruce, left, is Kenneth Poe, representative of the Twin Falls Pomona Grange. Mr. Poe donated books on behalf of the grange to the Twin Falls Public Library and the Magic Valley Library-Demonstration Bookmobile by Kenneth Poe, representative of the Twin Falls Pomona Grange.

Exact Grange History Book Presented To Area Libraries

A concise, readable 100-year history of the Grange, written by William L. Robinson, was presented to the Twin Falls Public Library and the Magic Valley Library-Demonstration Bookmobile by Kenneth Poe, representative of the Twin Falls Pomona Grange.

Local Grange also have presented copies of the book to the Robert Stuart Junior High School, O'Leary Junior High School, Twin Falls High School, Filer High School, Castleford High School, Filer City Library, Buhl High School, Buhl Public Library, Kimberly High School, Hansen High School and the Murtaugh High School.

The book, entitled "The Grange," should be of particular interest to students studying organization and history of the Grange movement.

The Grange was conceived for the benefit of rural people, both farm and non-farm, and to lighten their labor by diffusing knowledge and expanding the human hand. Herschel D. Newsum, national master, said in the book's foreword.

The organization was founded in 1867 by Oliver Hudson Kelley and six other foresighted men who sought a way out of the then-isolated existence of the American rural family.

The post-Civil War reconstruction (turmoil) and an ever-present sense of futility marked the life of the average farmer, the book contends.

Further examination of the conditions contributing to the organization of the Patrons of Husbandry, outlining of the Grange as it functions today, objectives of the association, Grange ritualism and evolution of legislative programs and positions are features of the book.

4-Way Stop Is Urged Near Wendell

WENDELL — Wendell Lions club members are urging the State Department of Highways to install a four-way stop or full cloverleaf at the intersection of Highways 46 and 25 at the south approach to Wendell.

J. H. Freeman, club president, named Dr. Harold F. Holsinger, J. H. Freeman and Wilbur Whitehead to the nominating committee at a meeting at the Motor Inn this week.

"It was decided the club will sponsor a child in the kindergarten session planned for Wendell. Delegates to the convention to be held in Sun Valley will be selected at the next meeting."

Charles Fretton, program chairman, will arrange the program for Ladies night March 20.

Local Leader Will Attend 4-H Forum

Mrs. John Burkhardt has been selected as one of Idaho's participants in the Western Regional 4-H Club Leader Forum.

Orlan Gann, Twin Falls County 4-H club agent, announced the selection of one of over 200 volunteer 4-H leaders from the thirteen Western states at the Forum March 8 to 9 in Salt Lake City.

"The sessions will revolve around the theme 'New Dimensions of Leadership in Expanding 4-H'."

Following 4-H leaders to train others when they return home and to serve more youth through 4-H are the primary purposes of the 4-H Leader Forum.

The program features a unique combination of speakers, group discussions and field trips.

The Forum is conducted by the National 4-H Club Foundation for the State Extension Services of the Land-Grant Universities in the Western Region.

The J. C. Penney company is financial sponsor for the event, in behalf of its 443 local stores in the region.

After Mrs. Burkhardt's return from Salt Lake City, she will take part in training local 4-H leaders on March 26 and 27.

Aides Elected

ALMO — Floyd Knight was elected watermaster for the current year by members of the Almo Water Co. at the annual meeting at the schoolhouse.

Board members elected include David Elden, Harold Ward, Wallace Taylor, Robert Durfee, president, and Levi Lloyd, secretary.

Cassia County 4-H Leaders Recognition Banquet Held

BURLEY — Cassia County 4-H Leaders Recognition Banquet was held Monday evening at the Burley Elks Lodge hall with Wilma Haskali, Sigua City, as guest speaker. About 200 4-H leaders from throughout the county attended.

Welcomes were given by Jess Varrington, president 4-H council. Ernest Blauer was master of ceremonies. Pledge to the flag was led by Bonnie Harper. The 4-H pledge was led by Linda Walker. Tollefson gave the invocation.

Farum Warr, leader-of-the-Better Feeders and Filters 4-H Club, presented the trophy award to Dawn Hunt, a member of the Needles 'n Spoons 4-H Club.

John Raifler, leader of a 4-H Dairy Club, presented the dairy award to Dale Gregerson and David Adams, both trophies; David Gregerson, a halter and Randy Poulton, comb and brush.

Cattlemen's Association awards, silver 'r' belt buckles, were presented by Glenn Parker, Lyle Harper and Loren Bingham.

Doc Rex Bingham presented a 10-year memorial trophy to Sharon Antevic, member of the Domestic Kites 4-H Club.

Mrs. Roy Hondo, leader of the Little Homestead 4-H Club, presented a five-year leader's pin to Doug Harper, leader of the Falls 4-H Club.

Mrs. Betty Walker, leader of the Leading Lassies 4-H Club, gave a 10-year leader's pin to Linda Adams. Brune, leader of the Millenettes 4-H Club.

Mrs. Varrington, president of 4-H Council, presented a trophy to William Beck for his outstanding work in the Cassia County 4-H Club during the past 21 years. This was the first year the council has ever awarded a trophy in this category.

The 4-H Girl of the Year was Judy Duncan, presently attending college at Pocatello. She is a building order member of First Security Bank from Anjlejan Coltrin, Cassia County Extension Home Economics Agent.

Randy Bingham, 4-H Boy of the Year, presently away on a mission, won a watch donated by First Security Bank.

Guest speaker, Tommy Missaki, Sugar City, spoke on "Leader's Responsibility."

"We are very fortunate to live in this great land where the country grants us the opportunity to build our homes, work and worship as free men and women," stated Missaki.

"Our country was God inspired by our forefathers. Today we have the responsibility to instill in the minds of our youth God's importance," Missaki said.

"Trust in America as she trusts in us, support the con-

Several Factors Blamed For Weak Potato Market

BOISE (AP) — Potato stocks in eight western states growing full potatoes are 25 per cent higher than 1966 and at their highest level since 1961, according to a publication of the University of Idaho.

"Economic Facts for Idaho Agriculture," a publication of the Idaho Agricultural Experiment Station, said weather, transportation problems and other factors resulted in weaker than usual demand for fresh potatoes in midwestern and eastern states.

Fluctuating demand, there, competition from other potato areas and higher shipping rates have caused confusion in potato markets, said University Marketing Information Specialist Quentin D. Banks.

Annual Meet Held By Unit At Shoshone

SHOSHONE — Shoshone Unit and Thorn Creek Catt Association held their annual banquet meeting at the Star Memorial hall, Gooding, Tuesday.

Dr. Floyd Frank, with the experimental station at Caldwell, spoke on diseases of cattle. Special guests who spoke briefly were Noy Brackett, Hagerman, state vice president of the cattle association; Manning Patterson, Gooding, first secretary of the Thorn Creek Association; Donald Sandy, north Shoshone, president of Thorn Creek Association, Sandy gave the history of the two groups.

Don Frederickson, Gooding, was master of ceremonies.

Winning prizes were Oscar Kerney, Mrs. Richard Haga, Mrs. Bill Varin, Mrs. Charles Pendleton, Mrs. Lawrence Renner, Mrs. Jack Giese and Mrs. Bob Frederickson.

Hagerman Hotel served a smorgasbord dinner and the social hour was hosted by Shoshone and Gooding Sales Yards. Mrs. Don Frederickson, Gooding, Mrs. Charles Adams were in charge of decorations. Recipes of beef were given, the women and other table decorations followed the beef line.

Licenses Approved At Richfield

RICHFIELD — Richfield Village board approved beer and liquor licenses, trimming trees, installation of a new water line and tile pipe, and awarding an insurance contract at the Monday night meeting held in the highway district office.

Mrs. Lois Rubock was granted approval for a beer, liquor, and bartender's license after telling the board she had leased the Phoenix Club and Hotel, and beer licenses were granted. Peterson's Food Market and Peterson's Shopping Center.

Tree trimming and some tree removal in north Richfield was approved. Douglas Sluder will do the work. A new water line to the edge of Donald Riley's and south Lincoln avenues.

Fire insurance on both pump houses was purchased from the Snake River Mutual Insurance. Trustee James Brown Jr. was named to contact owner of a building ordered removed on Blaine avenue and make arrangements with owner. David Whitesell, for keeping road open for use.

Elmo Patterson was named to circulate a petition regarding the village for formation of a library district.

Harold Williams, village marshal, reported town water in full of contamination. A report was read from Gordon Beckstead, Twin Falls, recently hired to represent the village as a certified public accountant.

4th Degree Conferred At Wendell Meet

WENDELL — Wendell Grange 4-H Council conferred the fourth degree on 12 candidates from Hagerman, Gooding and Wendell at a meeting Tuesday.

U. S. Gov. Grange master, reports guests attended from Orchard Valley, Hagerman, Gooding and Murtaugh Granges.

Lunch for the March 12 visit of the blood bank will be served by the Grange. Mrs. Elmer Johnson and Mrs. Leslie Ruby were appointed to the committee on arrangements.

The "candle" was lit by Mrs. Kirk Hays, lecturer, in honor of Grange service month (March). Mrs. Hays announced that Sale Grange master Ernie Jerome, is an executive commissioner of the Grange Credit Union.

Short readings were given by Mrs. William Pyle, Gooding; Mrs. Ray Ruby, Mrs. Arlene Byer, Mrs. Wayne Mathews, Mrs. Johnson, A. F. Holmquist, Ray Ruby.

Mrs. and Mrs. J. H. Freeman and Mrs. Delbert Wilcox, Mr. and Mrs. Henry Schmidt and Mr. and Mrs. Kirk Hays, are in charge of the social as a certified public accountant.

Unloading a big one for the Annual Spring Range Bull Sale are John Techick, Arco, and Orson-Zollinger, Malia. The sale, which is sponsored by the Idaho Cattlemen's Association, was held today at the Twin Falls County Fairgrounds, Filer. (Times-News photo)

Buhl Grange Has Program On Tomatoes

BUHL — Arthur Bell presented the topic, "Tomatoes" at the recent meeting of the Buhl Grange. The topic, taken from an article in the Farm Journal, dealt with planting tomatoes in paper sacks.

Mrs. Rex Falnsforth announced that there would be a meeting of the membership committee soon in Twin Falls. Dean Mickelwell, resolutions chairman, read a resolution on collective bargaining. Mrs. Milo Davis, hostess chairman, reminded members that the next meeting March 17 would be the quarterly pollock birthday dinner. After the dinner there will be a closed meeting and obligations will be given to the new members. Blanche Smith, home economics chairman, reported on the home economics meeting, which included all the subordinate chairmen in Twin Falls County. Special guest at the meeting was Mrs. Ed Schaeffler of Burley, state home economics chairman.

The meeting was set up the program for the coming year. Mrs. Smith also reported she was the guest for the Buhl Grange would be six new members.

Master Don Dietz announced that a Twin Falls County Grange banquet would be held March 21, at the Elks Building basement in Twin Falls, and that the Pomona Grange will meet in Kimberly, Saturday. It was decided to make a donation to the Idaho Youth Ranch.

Three new members were received by ballot at the meeting. Master Don Dietz lit the ceremonial candle on the altar and Mrs. Marie Latham, chaplain, led the prayer.

Gerrald Karel and Dave Thomas presented the program, a series of slides entitled "Conservation of Material Resources." The boys took part in the conservation program during the summer. After the slides a movie was shown which dealt with life in the forest as seen through the eyes of a fox.

Wolfelet, Meridian, a purebred Hereford breeder, and Dr. Joe Dohman, superintendent of the Caldwell experiment station of the University of Idaho, Dr. D. A. Jackson, deputy state veterinarian, Twin Falls, inspected the bulls for visual defects during the grading at the fairgrounds.

JACK SMITH, RIGHT, is presented a certificate after attending the 1967 Pacific Supply Cooperative's Managers' Conference in Portland, Ore. by Ray Whitcomb, director of staff services for the company. Mr. Smith represented Bean Growers Warehouse Assn., Twin Falls, at the conference, which covered budgeting, controlling, auditing and employee relations.

Hale, Agee Re-Elected By District

JACKPOT — Billy Gibbs and Harvey Hale were re-elected to the board of supervisors by the Northwest Elko Soil Conservation District Tuesday at a meeting at Cactus Pecos.

E. P. Messner and Victor Nelson, both Twin Falls, were named alternate supervisors.

Mr. Hale was re-appointed chairman of the board with Dick Agee, vice chairman; Eyor Boies, treasurer, and Clark Terrell, secretary.

Awards were given to the two outstanding cooperating ranchers, J. K. Wheeler, from Good-year-Corporation, and to Mr. Agee from the First National Bank of Nevada.

Tom Ballou was the featured speaker and discussed the world food situation, stressing the tremendous amount of effort that must be made by farmers and ranchers in future years.

The Elko district was established originally as a pilot district to promote cooperation between the various government agencies and the rancher to achieve more successful programs of soil and water conservation.

Reports were made by officials of these cooperating agencies during the meeting Tuesday. The agencies included the Nevada Fish Game department, Federal Fish and Wildlife Service, Forest Service, Bureau of Land Management, Extension Service of the University of Nevada, the Knoll Creek Experiment Station, and the Agricultural Stabilization Committee.

Tremendous Improvement Of Herefords Shows At Sale

Over two hundred head of Hereford range bulls were consigned to the Idaho Cattlemen's Association Spring Range Bull Sale today at the Twin Falls County Fairgrounds, Filer.

According to Ralph Steele, Idaho Falls, chairman of the association bull sale committee, they are all big, rugged bulls showing a tremendous improvement each year.

These bulls are being bred by purebred breeders in Idaho for commercial cattle herds and as a consequence, Idaho has become one of the top producing states of exceptional feeder cattle.

An important factor in the overall improvement of quality in Idaho cattle, Mr. Steele says, is the grading program developed by the I.C.A. bull committee at the beginning of the sale in 1929.

All of the bulls were graded Thursday into classes of A, A minus, B plus and B by Roy Brackett, Ferguson, a commercial cattle producer; Albert

Group Elects New Leaders

LAGRANDE, Ore.—The Oregon Hereford Association at its annual meeting recently elected Don Bradshaw, Central Point, as the new president.

Bradshaw served the 70-member group as vice-president during the past year and succeeds John Osborn, Baker.

The new vice president is Frank Anderson, Heppner, and continuing as secretary-treasurer is Ruth Adams, Enterprise.

Newly elected to the board of directors were J. R. Brown, Prineville; Leonard Forster, LaGrande.

Other directors are John Osborn, Baker; Brent Horn, Echo; R. A. Drogott, LaGrande; and Rod Wright, Klamath Falls.

Plans were discussed at the annual meeting for the Far Western Hereford Heller Sale April 5 at LaGrande and for the Hereford Congress to be held May 19 in Pendleton. This will be followed by a two-day tour in several counties in the north central part of Oregon, visiting a number of Hereford herds.

Hazelton Scout Troop Meet Set

HAZELTON — The Boy Scout Troop will be re-organized with Scoutmaster Ron Jarvis March 15, it was reported to the Hazelton Lions-Club-at-a meeting Tuesday evening.

Lester Saunders reported on the American Falls Dam project. He explained the need for building a new dam and said approval for doing so has been granted.

Discussions were held on making tennis courts for the city park. Joe Wagner was appointed to look into the possibilities.

Members of the group decided to hold a "trunk" auction at their next meeting—with proceeds going to support the CARE program. Arthur Henry, Jerome County Waterways Commissioner, will speak at this meeting to be held on March 21.

Legislative Log

Passed by House
HB17 (State Affairs)— Requiring that at least 20 per cent but not more than 40 per cent of members of county planning commission members be residents of municipality. 42-19.
HB20 (State Affairs)— Requiring annual vehicle inspection with \$2 fee. 46-16.

Introduced in House
HB368 (Revenue and Taxation)— Requiring that revocation of producing capacity of property be considered in its assessment for tax purposes.
HB369 (Revenue and Taxation)— Increasing Idaho Tax and Union Commission levy on potatoes from two cents to two and one-fourth cents a bushel weight.
HB370 (Revenue and Taxation)— Increase maximum service charge on loans where interest is less than \$750 from \$7.50 to \$7.50.
HB371 (Revenue and Taxation)— Relieving halves of liability for goods lost or damaged due to other causes than negligence on holder's part.
HB372 (Revenue and Taxation)— Amending school equalization formula to provide for application of a 22-mill equalizing levy.
HB373 (Appropriations)— Providing for special purges for funds limited to Idaho bred horses.
HB374 (Revenue and Taxation)— Requiring that stock in trade, wares, merchandise or material be assessed as personal property.
HB375 (Revenue and Taxation)— Removing exemptions from assessment on motor vehicles which are held in stock by owners or dealers for sale or change if operating fees for current year have been paid by June 30.
HB378 (State Affairs)— Creating a special surplus fund.
Passed by Senate
SB232 (Judiciary and Rules)— Providing that there shall be no election of probate judge at 1968 election. 7-8.
SB233 (Judiciary and Rules)— Providing administrative procedure for assignment of judges by senior judge of district court. 25-5.
SB24 (Judiciary and Rules)— Creating new claims department in magistrate's division of district court. 25-5.
SB25 (Judiciary and Rules)— Providing for appointment of magistrates by judges of district court. 25-9.
SB232 (Judiciary and Rules)— Authorizing member of legislative district to examine district's financial records. 31-9.
SB175 (State Affairs)— Giving regulations of United States Veterans' Administration to define "veteran" in Idaho law. 24-5.

SB109 (Agriculture and Live Stock)— Providing for election rather than appointment of members of Idaho grower's commission. 33-0.
SB17 (Judiciary and Rules)— Providing guidelines for handling of paternity cases by district courts. 31-1.
SB225 (State Affairs)— Providing for payment of \$25 per day, plus expenses, to members of constitutional revision commission while in session. 32-0.
HB298 (State Affairs)— Limiting powers of department of law enforcement in regulating occupations and professions to those not assigned specifically to other agencies. 25-0.
HB211 (Appropriations)— Appropriating \$23,000 from general fund for investigation, under direction of governor's office, of closing of Idaho Savings and Loan Association. 17-15.
HB288 (Appropriations)— Appropriating \$75,894 in dedicated funds to state insurance fund administration. 27-1.

Opening lead—♥ 2	

Alphonse Moysa took over as editor and publisher around 1946 and this year Edgar Kaplan, one of our great players and writers, has taken over.
Today's hand is taken from Edg's book on duplicate bridge and we will quote directly from Edg in reference to South's two-spade bid.
"You should bid two spades with the South-hand. Partner must have a considerable strength. The whole hand is probably like this. (See hand in box.) East and West can make two hearts. You, as South, will not be down more than one trick."

Today's Question
Instead of rebidding two diamonds your partner goes to clubs. What do you do now?
A—With three no-trumps, you aren't too happy about this contract but you are ready for a heart lead and your last-of-spades may turn out to be a very valuable card.

Answer Next Issue
Tizzy

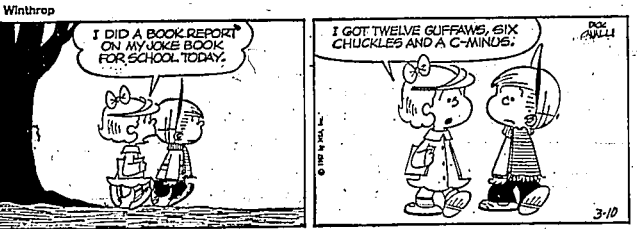

"The real risk in telling somebody you're over your crush on him is that he may not be the least bit heartbroken!"

What Do You Learn When Teacher Cheats?

Dear Ele and Walt: What can bad manners teach about a teacher who cheats—some cheats? No one wants to take lines of "I part in sports when he plays, seat to little and get this—he is not only pregame, but a school teacher. But also, Sunday school teacher and in charge of a boys' club. He's had ended at double dribble and when some one accuses him—he says "who me?" In volleyball he'll pull the net down over the cover on his side can get the ball over. And even in tug-of-war he arranges things so his boys have the advantage. How can a male like this say he's helping teach right from wrong?"—Lyle.

Dear Lyle: We'll make no defense of this teacher's conduct. But in a way, he is teaching you, isn't he? Because of your conduct he'll know that acting the part isn't enough. If you're to teach others you must live the life you preach. Will you?

P. S. If you feel some sort of action is necessary, talk to another teacher at your school, and ask him to counsel with the offending guy. Doing the job yourself would be scholastic suicide!

IN SHOCK
Dear Ele: You won't believe this is true, but look at the names on the reverse of our contest. Ele and Walt—see the signatures of 10 friends who heard it happen. At a party a boy walked up to ask them impolitely demanded that I get up. Then he took my chair, and it was the next morning in my room. I couldn't believe it, and I didn't know anything to say, school areas—kept asking—Should I have done something else?—Standing in Shock.

Dear Standing: Monumental study.—Walt.

KIMBERLY BREEZES TO A-3 TOURNEY WIN

Eller Hits 31, Bulldogs Smash New Plymouth To Advance To Semi-Finals

MOSCOW, Idaho (AP)—Sugar-Salem humbled Fruitland 62-38 in the final game Thursday night of the opening day of play in the Class 3 Idaho High School Basketball Tournament here. IHM Academy downed North Gem 60-34. Kimberly defeated New Plymouth 77-47, and Highland of Craigmont romped past Teton 50-38. In second day play Friday, bracket game while Kimberly tangles with Highland in a winners' bracket game at 3 p.m. North Gem competes with Fruitland at 7:30 p.m. in a losers' division match and IHM goes against Sugar-Salem at 9 p.m. in the winners' division title.

Semi-Finals Set For AAU Hoop Tourney

RUPERT — ISU All-Stars, Clearfield Job Corps and Buhl All-Stars each won quarter-final games Thursday night to join College of Southern Idaho in the semi-finals of the Intermountain AAU Championships. ISU dropped O. W.'s Cafe of Burley 105-90 in the first game, Clearfield 102-87 in the second and Buhl edged Blackfoot AMPCO's 75-68 to wrap up the night. ISU will take on CSI at 7:30 p.m. Friday at the Intermountain High School gym and Buhl will test the tough Clearfield team at 9:30. Thinner, will play Saunders for the championship while the losers will square off to decide third and fourth place.

Davis Says Wills Is No Loss To L.A.

VERO BEACH, Fla. (AP)—Center fielder Willie Davis of the Los Angeles Dodgers said Saturday that the departure of Maury Wills could help rather than hurt the Dodgers this year.

Wills went to the Pittsburgh Pirates this past winter in a trade for Bob Bally and Gene Michael.

"Losing Maury is no big loss," Davis said while waiting for the rain to stop. "It might even help us more. He wasn't a bad guy, but a lot of the guys on the team didn't like him. I was one of them."

"I think Maury got a little too big for his pants. He always was trying to exert more power than he should have. In a way—maybe he wanted to get to the ways we might not be so bad. I might be saying these things because I don't like him. I never did."

"I imagine a lot of the other fellows felt the same way—it is just that nobody else has said it. He knows I didn't like him. I told him so. I am not knocking him as a ball player. You got to give the guy credit. He made himself a major leaguer. But as a person I don't see him."

Wills was traded to the Pittsburgh Pirates this past winter in a trade for Bob Bally and Gene Michael.

Favorites Advance In A-2 Tourney; Buhl Bows To American Falls 79-56

POCATELLO (AP)—The Shelley controlled the rebounding to edge Emmett, but it was Buhl pressed in beating the Post Falls, 63-60, and Shelley had to come back to defeat Emmett, 55-54, in the Class 2 state tournament.

Rigby High School and American Falls also went to advance for 40 rebounds in guiding the Blazers. They were also the most prolific scorers with 10 points in the first quarter by Rigby, making it his first appearance in eleven years, called to beat Grangeville, 89-82, and American Falls downed Buhl, 79-56, in the opening game.

Gene Lewis, 6-4 center, had controlled the boards for Post Falls making 15 rebounds and scoring 12 points. But he fouled out with three and a half minutes remaining.

Soda Springs, with Preston Phelps hitting 24 points and Ted Larsen 17, handled the Trojans before running into four trouble scorers. They were also the team's high scorers with 18, 16 and 16 points respectively.

The Soda Springs Cardinals took an early lead, but the Trojans tied the score five times in the last half.

ISU encountered more trouble than it expected with Kent Woodhouse tossing in 10 points in the first quarter to get O. W.'s to a 22-19 edge, but Buhl that didn't last long as the All-Stars started finding the range and controlling the boards.

ISU started pulling ahead in the second quarter, leading by as much as 10 points. The time the third quarter ended ISU was holding a 22-point edge. O. W.'s managed to cut that come, but the All-Stars from Pocatello couldn't be stopped.

Darnell Horton hit 14 points in the first quarter to get Clearfield off to a 25-18 edge, but Wendover took advantage of a couple of bad passes and missed shots to pull within one point about midway in the game.

The score remained close until early in the third when Clearfield started hitting a better percentage and moved the ball better. The Job Corps widened the gap to 10 in the third and made it 29 in the fourth before Wendover went on a late spurge to close the gap to the final score.

The Buhl All-Stars got 11 points from Milt Horton in the final quarter to nip the Blackfoot team. With the score tied at 60-60 Horton came up with a three-point play to put the Buhl team ahead to stay.

Four quick points by Horton with about three minutes left put Buhl ahead by 69-63 and the closest the Blackfoot team could come after that was 69-66 before Horton hit a jumper from the top of the key and Fred Samples came up with four points.

Reds' Pitcher Shot By Woman

TAMPA, Fla. (AP)—South-paw hurler Ted Davidson of the Cincinnati Reds was shot twice Thursday night by a woman identified by police as his estranged wife.

Shot in the abdomen and the right shoulder, Davidson was listed in fair condition at Tampa General Hospital where he underwent emergency surgery.

Officers reported the shooting outside a lounge was preceded by a violent argument between the two. They, police said, Davidson began to leave the lounge and was hit by bullets from a 22-caliber automatic while he was walked out the door.

tomorrow, used accurate shooting at the free-throw line to defeat the erratic Bulldogs.

Grangeville led 12-3 before Rigby's hand led the game 13-13, and then took the lead for good in the third quarter breaking a 23-23 tie.

Junior-forward John Mürdösch scored 16 points for the winners and Jim Smith, another junior, got 16 for Grangeville.

Rigby hit 24 for 33, from the free throw line for the difference.

American Falls won past over Buhl High School in the tournament's opening game.

The tall Beavers used two variations of the tricky zone defense to turn the game into a rout.

Buhl managed to stay close only in the first half, largely on the shooting of Chuck Cullings who was the game's high scorer with 25 points.

The Beavers began to jell after taking a 41-33 half time lead. Guard Ken Groon scored 24 to pace the Beaver scoring.

The Beavers began to jell at now 22-3. Buhl moves to the con-

DIETRICH LEADS FOUR INTO SEMI-FINALS

Murtaugh, Nezperce And Mullan Join Devils In A-4 Championship Chase

BURLEY — Defending champion Dietrich led Nezperce, Murtaugh and Mullan into the championship semi-finals of the state A-4 basketball tournament Thursday with the Devils showing the field-why it won last year. With only four mistakes, Dietrich, returning four starters off last year's championship club, polished off Carey 85-60. The other games showed Murtaugh, getting a 10-point push from sophomore Gary Quesnell, in the final three minutes, beating Midvale 73-65; Mullan pulling away in the final four minutes to drop Carey 62 and Nezperce taking a scrappy bunch of Roberts Mustangs 59-53.

Probe Into NFL Betting Is Rumored

NEW YORK (AP) — The New York Post reported Thursday that Nassau County Dist. Atty. William Cahn and officials of the National Football League are "investigating reports that bets in at least 18 NFL games last fall were rigged."

The newspaper said Cahn and William G. Hundley, a special assistant to Cahn and Hundley met for lunch at a New York restaurant Wednesday.

There was no comment from Cahn's office on the Post's report, but a spokesman did comment that Cahn and Hundley are conducting a "general exchange of information."

Rozelle was out of town and not available for comment. An NFL spokesman said it is routine for Bill Hundley to have lunch and conversation with investigative officers in various levels of government.

Cahn, who has been investigating what he calls a \$100-million sports gambling ring, went to Miami, Fla., and New Orleans, La., late last month.

On his return from New Orleans Feb. 26, '56, the district attorney said he found that one of the two biggest bookmakers and bettors in the United States operated out of New Orleans.

He declined to name the operator, but said that the man was so good that "he picked 19 out of 20 winners" in professional football games last season.

Cahn said the bettor even was able to pick the point spread of the games.

SPORTS

Caldwell, CDA, Kellogg And Pocatello Take A-1 Victories

BOISE (AP) — Caldwell's Cougars marched into the Friday semi-finals of the state class A-1 prep basketball tournament by beating Idaho Falls 74-65 after the Tigers put an early-game scare into the second regional champions. Other Thursday games saw Kellogg upset Minico 67-59, Coeur D'Alene beat Capital 64-51 and Pocatello beat Boise 59-51. Stunned by a sudden first quarter surge that found Idaho Falls hitting 48 percent from the field, the Cougars trailed 24-14 at the end of the first eight minutes. Mike Garman, a 6-7 center, sparked the Cougars in the second quarter and Caldwell picked up the scoring pace by closing the first half with a 33-32 lead. Then the contest settled down to a free-throw shooting contest in the final few periods. Caldwell shot 26-46 and Idaho Falls only 21-38.

A total of 70 fouls were whistled in the contest and Idaho Falls lost three players by fouling out — Caldwell lost two Friday's first game was to Idaho Falls versus Capital in the losers bracket, Pocatello against Coeur D'Alene in the afternoon championship bracket and Minico against Idaho Falls Friday night and Caldwell against Kellogg in the night championship bracket game.

Taking advantage of a "million" press in the fourth quarter, the Kellogg Wildcats advanced into the state class 1 semi-finals with their 37-39 triumph.

Shorter Minico was out-rebounded throughout the contest. With Gary Morgan and Dave Corbitt hitting from underneath Kellogg broke the game open with a 22-point fourth quarter streak.

With Gary Morgan and Dave Corbitt hitting from underneath Kellogg broke the game open with a 22-point fourth quarter streak.

Morgan topped the Wildcats with 15, while Corbitt and Doug Yjanna each hit 14.

Minico was led by Bob Seamon with 17.

The Vikings of Coeur D'Alene shot a quick 12-6 lead and never trailed.

Jim Wilund, a workhorse on the defense, also turned scores to lead the northerners with 18 points. John Pegg pitched in with 14 and Chuck Peterson added 12.

Capital was paced by John Grant with 18 points.

Parlaying a command of the boards, with an 18-point production by center Nick Taskiris, Pocatello never trailed Boise in the first game.

Ferry Brower scored 15 and forward Craig Sanborn chipped in 12 for the Pocatello five.

Lindgren Has Pain In Foot

DETROIT (AP) — Washington State University Track Coach Ken Wells was high for the Braves with 18, and Jerry Dunns added 15.

Jack Mooberry said here Thursday night "We don't know what is bothering Gerry Lindgren. Mooberry said "There is no swelling and no discoloration but pain."

Lindgren, who turned 21 Thursday, said he noticed the pain in his right foot while walking Wednesday.

Lindgren said he hoped proper taping might enable him to run in Friday night's NCAA Indoor Track Championships here.

Lindgren was scheduled to defend his title.

Mooberry said Lindgren will not run if the pain continues.

Lenten Guideposts

Most Important Voice

By MEL BLANE
 Filmmaker's Man of a Thousand Voices

In Hollywood, they tell me that the "most important voice" of the thousand voices is like most Hollywood labels, this is an exaggeration, but where voices do have quite a few. Such cartoon characters as Bugs Bunny, Daffy Duck, Woody Woodpecker, Porky Pig and Tweedledee and Tweedledum are all close friends of mine for the very good reason that they have borrowed my vocal chords before they can say anything. It's one of those slightly nasty jobs that I do for people who are innocent pleasure, and I wouldn't change it for the world. But a few years back the man I had the most fun with was self-listening to one small voice that he had never paid much attention to. The voice was inside him.

I believe this same small voice is inside every one of us, but we're too busy or too busy or self-satisfied to listen. Sometimes it takes a terrific jolt, and the silence that follows that kind of jolt before the voice can make itself felt. In my case, the jolt was near the end of the night of my car going "curve" in my little sports car, an automobile coming the other way went out of control. I was driving at a combined speed of about 80 miles per hour. I was in the middle of the wreckage and I rushed me to the hospital, they said I had only been in my car that I wasn't broken was my left arm.

When I finally came out of the land of anesthetics, I found a world of pain, the first thing I saw was Jack Benny sitting in my bed, looking miserable. I had worked with Jack for years; we were close friends. I summoned all my strength and when I opened my eyes, I made it, Jack. He said, "You'll have to make it because I can't do any more. I've collected the sound tracks that kept me from going to the hospital. I think I survived chiefly on the power of prayer—other people's prayers. I had never realized how much goodwill my cartoon characters had built up for me. I was thinking of going to all over the world with prayers for my recovery. They came from Catholics, Protestants, Jews—even from Buddhists and Mohammedans. Children sent cards and coins—and their favorite prayers.

It was like being supported and sustained by a great flood of affection and concern for me. I'm convinced that it helped my shattered body begin to slowly heal itself. I also think that before my accident I was serene that made it possible for me to hear a small, quiet, inner voice that did not speak to me in words; it was more like a sudden awareness of truth that had been around me all the time, truths that I had been too impatient and too self-centered to hear.

For example, I had always taken my talent for voice characterization pretty much for granted. After all, I had been using it for fun ever since grammar school, and professionally since 1938 when I signed a contract with Warner Brothers.

LEGAL ADVERTISEMENTS
 ANOTHER SUMMONS
 IN THE DISTRICT COURT OF THE STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS, ROYAL PALM HOTEL, Plaintiff, vs. ELLIS VEDELL SANFORD, Defendant.
 The STATE OF IDAHO, Sheriff, by and through the undersigned, hereby notified that a Complaint has been filed against you in the District Court of the Elmore Judicial District of the State of Idaho, and you are hereby directed to appear and plead to said Complaint within twenty days of the service of this Another Summons upon you, or a default shall be entered against you as prayed in said Complaint. This is a suit for divorce on the ground of extreme cruelty.
 Witness my hand and the seal of the District Court this 21st day of February, 1967.
 J. H. LANCASTER, Attorney for Plaintiff.

- MEET SLATED**
 SHOSHONE — Lincoln County Commissioners will meet at 10 a.m. Monday at the courthouse to consider a petition presented by Lincoln County taxpayers asking that the revenues program be eliminated from this year's budget.
 As it turned out, I didn't have time to make sure that I was immobilized in a full cast, but to Jack Benny I said, "I want to know how much I advertise from this year's budget. As it turned out, I didn't have time to make sure that I was immobilized in a full cast, but to Jack Benny I said, "I want to know how much I advertise from this year's budget. As it turned out, I didn't have time to make sure that I was immobilized in a full cast, but to Jack Benny I said, "I want to know how much I advertise from this year's budget.

BARBARA TROUNSON **EVETTE COX**
Wendell, have been selected as Girls' State citizens to represent Wendell at Springs-Girls State June 11-17 at Northwest Nazarene College, Nampa. Miss Trounson is the daughter of Mr. and Mrs. Wiles Trounson and Miss Cox, the daughter of Mr. and Mrs. Everett Cox.

Barbara Trounson, Evette Cox Are Wendell Delegates

WENDELL—Barbara Trounson, daughter of Mr. and Mrs. Wiles Trounson, and Evette Cox, daughter of Mr. and Mrs. Everett Cox, Wendell, have been selected to represent Wendell at Springs-Girls State. The annual event will be held June 11-17 at Northwest Nazarene College at Nampa.

The delegates were chosen at an afternoon tea, sponsored by the American Legion Auxiliary Unit 41 at the Legion hall. The delegates are sponsored by the auxiliary unit.

Assisting with finances are sponsored by the auxiliary unit. Assisting with finances are Wendell Grange No. 82; Hub City PTA; Hillandale Club; Idaho Rebekah Lodge No. 96; West Point Grange, No. 208; PEO; Order of the Eastern Star No. 35; LDS Relief Society; Lutheran Women's Missionary League; Pollyanna Club; St. Anthony Altar Society and the Women's Society of Christian Service.

Miss Trounson is musically talented. She plays the clarinet in the high school band and takes piano lessons. In high school she is a member of the drill team and pep club. She holds offices in the Spanish, Science and Ski clubs. She is a member of the United Presbyterian church and is a commission chairman for the youth group. She has been active in 4-H for several years and is interested in sports, in the summer she swims and plays soft ball in the winter she skis.

Miss Cox is also musically talented. She plays the piano and organ and sings in the youth chorus and with a girls' quartet. In high school she has been cheerleader, member of the pep club and drill team. She is a member of the National Honor Society, member of the Spanish

Students At Heyburn Get Fair Awards

HEYBURN — RaNac Alder, home extension agent, presented \$131.70 in small checks to 76 Heyburn school students who received 4-H awards during the 1966 county fair. The presentations were made during a special award assembly Tuesday at the school.

Heyburn students had received 59 blue ribbons and 17 red ribbons. Checks for \$1.50 were presented for blue ribbons and \$1.50 for red.

Opening remarks were presented by Lund Christensen, principal, and Gary McLaughlin, the pledge to the flag. Kim Croft was accompanist for community singing.

Special musical numbers were by a saxophone trio composed of Dennis Andrew, Gerald Bair and David Justesen. Suzanne Cheney played a piano solo and poems were given by Vaughn Heiner and Paula Coler.

Mrs. S. K. Bungum, Guests from the Shoshone Auxiliary included Mrs. H. H. Love, Mrs. Luella Kinsey, Mrs. Mary-Petlick and Mrs. O. N. Shook. They were introduced by Mrs. Zollinger, president. She presented each guest with a gift from the Auxiliary.
