U.S. Economy Troubled By Many Labor Disputes

By The Associated Press
A huge segment of the U.S. economy — from the mass communications media to agriculture, the transportation industry and some city employees — finds itself embroiled today in labor disputes.

Broadcasting System and the Mutual Broadcasting System. Supervisory personnel continue to substitute for striking broad casts and announcers, although most of the live or videotaped programs have been knocked off the air in the dispute over wages and fees. Representatives of both sides meet Saturday in Washington with a federal mediator.

Guarded

ROME (AP) — Italian police maintained a tight guard around U.S. Vice President Hubert H. Humphrey today after opponents of the Vietnam war threw yellow paint at him.

Long Legislature Nearing Close After Government Revision Plan Approved

By EARL L. JESTER
BOISE (AP) — A government reorganization plan which stirred heated debate earlier was rejected today by the House of Representatives and approved by the Senate.

There also was wrangling over a final effort to delay the effective date of phaseout of the personal property tax on merchandise, livestock and timber products.

Governor Defends Legislature's Appropriations For Education

By The Associated Press
Gov. Don W. Samuelson defended the State Legislature's education appropriations Thursday and a Pocatello teacher said she was having a petition drawn up to recall the governor.

Teachers have told the IEA that the legislature has been using the sales tax revenue for educational purposes.

Petition Filed In Slaying

A petition for waiver of juvenile jurisdiction was filed Friday in Jerome County Probate Court by Prosecuting Attorney Richard Seely in the case of a 17-year-old youth who is being held in connection with the March 14 slaying of a Jerome woman.

The House, with only one bill, the permanent budget, is a proposition measure, on its calendar, delayed its start until 10:20.

CRUSADER
KELLOGG CHAPTER DEMOLAY representative Dale Fetter, left, and Charles Fetter, right, in Friday morning for the 19th annual Idaho State Conclave for the Order of the Demolay. A full schedule of events is planned for the nearly 400 boys registered. (Times-News photo)

5 Colleges Compete At DECA Meet Here

Market-related contests continued Friday during the second day of the Distributive Education Clubs of America (DECA) Convention at the Holiday Inn, more than 50 representatives from five Idaho colleges demonstrated their talents.

Teachers Are Suspended At Kimberly

KIMBERLY—A Kimberly couple who last week were fired from their teaching positions at the Kimberly-Junior high school, now have been suspended without pay.

The action was taken by the Kimberly school board Wednesday to suspend Mr. and Mrs. Sherman E. Miller.

The Millers, who are represented by S. A. Kolman, Twin Falls attorney, claim the dismissal was because of a personality conflict between them and a school authority.

A copy of the resolution discharging the Millers is being sent to the executive secretary of the Idaho Education Association to enlist aid in protecting the teachers' rights, Mr. Kolman said.

The Millers will request a formal hearing before the trustees and the board has 30 days to set the meeting, the lawyer said.

The teachers are asking the board for a commendation as to their teaching ability to protect their professional status.

Practice Set On Burley Oratorio

BURLEY—Rehearsal for the oratorio "Elijah" has been scheduled from 3 to 5 p.m. Sunday in the Burley High School Auditorium.

"With the production just a month away, all persons participating are urged to attend this rehearsal," stated Clio Eldred, director.

Guest soloist for the oratorio is Dick Dalzell, Ontario, Ore. Other soloists are Mrs. Darle Robinson, Rupert, and Mrs. Precala Wood and Alfred Thaxton, both Burley. The combined choir of mixed voices includes singers from throughout Magic Valley.

The production will be presented May 5 and 6 in honor of National Music Week, sponsored by the Burley Music Club, affiliate of The National Federation of Music Clubs.

Mr. Eldred is music instructor at Magic Valley Christian College, Albion.

Worth It?

GRAND RAPIDS, MICH. (AP)—Jerry B. Bauman Jr., 35, nearby Belmont was fined \$55 Thursday for driving an over-weight vehicle without a permit, driving with no license plates and driving a vehicle with defective equipment.

Bauman's vehicle, which he bought for kicks last year, was found by officers after it broke down under Bauman's handling on nearby road.

The vehicle is a 32-ton Sherman tank.

Parish Fete Set April 9 At Rupert

RUPERT — The St. Nicholas Catholic Parish will hold their "Parish Review" April 8 under chairmanship of Steve Balliet, according to plans completed by the Parents Club.

The public is invited to the variety show which will feature members of the parish. Admission will be charged.

Chuck Friberger presided at the Parents Club meeting, with prayers led by Sister Mary Constance.

Robert Larson, vice principal at Minico High School, discussed what students may expect at the high school.

Mrs. Jim Goodman reported on the cooked food sale and announced a second sale will be held Saturday at Safeways, starting at 11 a.m.

Mrs. Martin Hoebelbeinrich announced the parish spaghetti supper scheduled for Thursday, April 11.

Mrs. Ernest Giraud announced that the first, second and third grades will hold a combined dessert sale to be held following the 9 and 11 a.m. masses on April 16.

The eighth grade won the room count.

The April 26 meeting will feature a film, "Don't Ride With a Stranger," shown by the Idaho State Police Department.

ATTEND FUNERAL ALMO—Mr. and Mrs. James Sheridan attended funeral services for her uncle, Mark Warburton, in Utah.

Magistrates Slate Confab At Gooding

GOODING — The Idaho Magistrates Association will hold a Magic Valley region training session at the district courtroom in Gooding April 6, Glenn A. Phillips, Arco, president, reported.

Cecil Hobbey, Gooding attorney, will address the judges attending on the subject, "Immaterial, Irrelevant and Incompetent Evidence and Judicial Notice." After the talk, a question period will be held.

Mrs. Mildred Callen, Wendell, director of the association and justice of the peace for Gooding County, is in charge of the training session which opens at 9:30 a.m. with a no-host luncheon at 11:30 a.m. for the judges attending.

Theron Ward, 11th district judge, Twin Falls, will speak at 1 p.m. on proper procedures to use, decorum and ethics of judges in the courtroom as well as in public.

Judges from 12 counties are expected to attend the training session. The Idaho Magistrates Association is sponsoring the training sessions in six different locations in Idaho with the next one slated May 4 in American Falls.

LEGAL ADVERTISEMENTS NOTICE TO CREDITORS IN THE PROBATE COURT OF THE COUNTY OF TWIN FALLS, STATE OF IDAHO WILLIAM MCCARTY, DECEASED.

Notice is hereby given by the undersigned administrator of the estate of WILLIAM MCCARTY, deceased, to the creditors of and all persons having claims against the said decedent, to exhibit them with proper vouchers, within four months after the first publication of this notice, to the said administrator, for 1180, County of Ada or 225 W. Jefferson, Boise, Idaho, 83702, this being the place fixed for the transaction of business of said estate.

Smoking Film Will Be Shown

"One in 20,000," a film showing the relationship of smoking and lung cancer, and an actual surgery sequence for removal of a cancerous lung, will be shown at 7:30 p.m. Sunday at the Five-Day-Plan to Stop Smoking, to be held at the Twin Falls YMCA.

The Five-Day Plan, directed by John W. Boyd, will be held for the five evenings April 2 to 6, and consists of such topics as the psychological and physical aspects of the habit, how craving can be lessened, how will power can be strengthened, physical effects of smoking, organization of a Buddy System and many other techniques designed to break the habit within a five-day period.

There will be a registration

Speaker Set

WENDELL — Representatives from the Idaho Narcotics Alcohol Education Foundation, Inc. will be at Wendell high school at 8:30 a.m. Wednesday to present a film and discussion concerning narcotics and alcoholism.

SEARCH CONTINUES KUALA LUMPUR (AP)—Police at Cameron Highlands resort say they expect the search for Jim Thompson, 61, the American "silk king" of Thailand missing since Sunday, to continue for two or three more days. But they have virtually given up hope of finding him.

NO INQUEST SET
BOISE (AP) — County Coroner E. D. Paris said no inquest would be held into the shooting death of a 15-year-old Boise youth Wednesday.

Paris said Richard T. Reed apparently shot himself in the forehead with a high-powered rifle.

The coroner said the youth left a lengthy note and that he had been despondent for some time.

CASH RECOVERED
POCATTELLO (AP) — Cash totaling \$24000 has been recovered from last Friday's burglary at the Okay Food Store, 139 Jefferson, and a burglary apparently has been solved, Detective Chief Earl Boyce said Thursday.

The money was found, police said, in the pickup truck of two Wyoming men arrested in Boise for a burglary there last week.

All but about \$100 of the loot was believed to have been recovered, Lt. Boyce said. He said no means were available to identify the alleged burglars. Burglary charges will be filed here, Boyce said.

NO CHARGES FILED
POCATTELLO (AP) — No major charges will be filed against the driver of a car which struck and fatally injured a pedestrian Friday night in Cardiff and Lander, Police Chief John Perkins said Thursday.

The only charge pending against Driver Richard Paul Evey, 21, 426 West Carson, is failure to yield to a pedestrian at a crosswalk.

The pedestrian, Mrs. Irene Dye, 68, 1228 North Hays, died Saturday morning of a basal skull fracture. Her husband, William Dye, 66, died two weeks ago down by the car but was not seriously injured.

A follow-up investigation of the accident indicated "no gross negligence," Chief Perkins said.

AIRPORT CLOSED
BOISE (AP) — Idaho Aeronautics Director Chad Moulton said Thursday the Garden Valley Airport built by Fred W. Glavin and his sons is closed to air traffic until June 1 to permit growth of newly-planted turf.

The dispute between the Alder Creek Road and Garden Valley Ranger Station, he said.

INDIAN MEET ENDS
BOISE (AP) — Tribal delegates from Idaho's five Indian Tribes concluded their meeting Thursday after hearing the special speech by Bureau of Indian Affairs assistant commissioner William T. Carmack Jr. and Gov. Don W. Samuelson signed an executive order earlier Thursday creating an Indian Advisory Committee.

Tribal representatives also chose Arthur T. Manning, Owyhee, Nev., as chairman of next year's meeting. Manning is chairman of the West Shoshone and Paiute Tribal Council.

Richfield PTA Officers Named
RICHFIELD—New slate of officers is announced for the Richfield PTA.

Mrs. Everett Ward, president; Mrs. Kenneth Dixon and Mrs. Bruce Sorenson, vice president; Mrs. Ralph Riley Jr., secretary; and Mrs. James Powell, treasurer.

Mrs. Ronald Rails, unit president, named Mrs. Lester Mott, Mrs. Carl Robinson and Mrs. Donald Riley to the auditing committee.

The second grade class of Mrs. Harold Williams presented a medley of song numbers with each student also taking a solo part in either song or narrative.

Refreshments were served by fourth grade mothers, Mrs. Lorraine Brown, Mrs. Louis Vaughn and Mrs. Cleo Brunauer.

Second 5-Day Plan To Stop Smoking Set

A second five-evening program will be offered for those in the Twin Falls area who wish to quit smoking. This will be held in Club Room 4 of the YMCA building, 1511 Elizabeth Blvd., Twin Falls, starting at 7:30 p.m. Sunday.

The Five-Day Plan to Stop Smoking consists of group dynamics, lectures, films, and a daily Personal Control Booklet given each participant, enabling him to easily follow the plan while at home or work. The Five-Day Plan is not a religious program, although it is brought as a public service to Twin Falls, through the efforts of the Psychological and Physical Effects of Smoking, sponsored by the Seventh-Day Adventist Church.

There will be a one dollar registration fee to cover the cost of materials each participant receives.

This is the second Five-Day Plan to be held in Twin Falls, and features such topics as the psychological and physical effects of the habit, how craving can be lessened, how will power can be strengthened, physical effects of smoking, organization of a Buddy System, and many other techniques designed to break the habit within a five-day period.

Under the direction of John W. Boyd, pastor of the Seventh-Day Adventist Church, the course is a strictly non-denominational community service. For smokers who wish to become nonsmokers, this Five-Day Plan offers expert help. For further information one may call 737-9933.

Valley Traffic Courts

Eight persons were fined by Valley Traffic Courts in the area south of the Cottoner Port of Entry, and five miles north of Malin.

It was first reported that two large van-type trucks and trailers were overturned, but Idaho State Police reported that the two trucks were crossings on the highway, blocking traffic until the highway could be cleared.

The snow fell late Tuesday night and early Wednesday morning, the area a high wind blowing the snow across the highway made it impossible to see at times.

Charles Fough, State Police, Burley, reported that only two auto sleds and touched bumpers of all the autos in the borrow pit.

25 Cars Slide Off Slick Road

BURLEY—About 25 cars, two large van type trucks and trailers and one 10-foot trailer were in the borrow pit Wednesday morning because of slick roads in the area south of the Cottoner Port of Entry, and five miles north of Malin.

The snow fell late Tuesday night and early Wednesday morning, the area a high wind blowing the snow across the highway made it impossible to see at times.

Charles Fough, State Police, Burley, reported that only two auto sleds and touched bumpers of all the autos in the borrow pit.

Wall were Jane C. Flood, 18, Rupert, \$12; speeding; James L. Cofer, 17, Rupert, \$11, stop sign violation; Lacey L. Jarrold, 18, Paul, \$12, driving without due regard; and Jesus Martinez, 34, Rupert, \$10 for driving while his license was suspended, and James Lee, 140 Blue Lakes Blvd., S., \$5, disorderly conduct with an automobile.

Also fined by Judge Wall were Dennis L. Dilsen, 17, Rupert, \$18, driving without due regard, arrested on a citizen's complaint; Zenada Martinez, 42, Rupert, \$13, illegal backing; Melvin E. Barendrecht, 16, Rupert, \$17, speeding; Terry L. Garner, 18, Rupert, \$19, stop sign violation.

Dear Abby

DEAR ABBY: I am new in the community and have made many lovely new friends. I met a lady at church and invited her to my home for coffee and cake. It was then that I discovered that she is either a thief or kleptomaniac, for when I went into the kitchen for a moment and suddenly returned, I saw her open her large purse and drop my silver spoon and fork into it.

You can't imagine how shocked I was! Now I do not want to make a big issue of it by preferring charges against her, but I do want my silverware back as those pieces are sterling silver and are part of my return. Do I dare ask her to set them? And if so, how? I have told no one and do not intend to.

MRS. NEWCOMER: DEAR NEWCOMER: You are considerate, compassionate, and wise. Telephone the lady and tell her you saw her take your silverware and would appreciate her returning it. Then tell her that you know there are people who have a compulsion to take things, which is an illness, so you "understand" it. Tell her you are sure she will tell you one, and hope that she will seek professional help.

DEAR ABBY: I am 14 years old and have always lived in a small town in South Carolina. Last summer my family and I spent our summer vacation in New York and Philadelphia. Down here in South Carolina everyone is friendly to everyone else and when you pass a person on the street you say "Hi." This isn't just in my area.

Miss Clayburn

Tupper State August Rites

HAGERMAN—Mr. and Mrs. Jay Clayburn, Heber, Utah, announced the engagement of their daughter, Frances, to Michael Robert Tupper, son of Mr. and Mrs. Robert Tupper, Hagerman.

The bride-elect is a senior at Wasatch High School, Heber. She will be a four year seminary graduate.

Mr. Tupper is a graduate of Hagerman High School and is employed at the Federal Fish Hatchery, Hagerman.

An August wedding is planned.

Social Events

Canton Colfax No. 13 and Ladies Auxiliary Patriarchs. Luncheon will meet at 6:30 p.m. today at the Jerome Odd Fellows Temple for a potluck dinner honoring the official visit of Mrs. Ellie Ryman, president of the Department Association LAFM.

April Fool Surprise Set

An April Fool surprise will be featured at the Magic Valley Christian Women's Club luncheon set for 1 p.m. Wednesday at the Twin Falls YWCA.

All women are invited to attend. Mrs. Martha Squires, soprano, will sing for the occasion. One of the village missionaries, Jim Post, Fairfield, will be guest speaker.

Luncheon reservations must be obtained by 11 a.m. Tuesday. Nursery service is available by reservation only. Twin Falls YWCA, 202 E. 20th St., call 326-2985.

For luncheon reservations in Twin Falls call 733-8840. Luncheon or nursery reservations can be obtained in Filer by calling 326-5180; Buhl, 542-4523, and Jerome, 324-3256.

Past Matrons Meet

FILER—A luncheon and meeting of Past Matrons Club members was held at the home of Mrs. Earl Laithe.

Margaret Peck, Schlunegger Replant Vows

HAILEY—Margaret Gay Peck, daughter of Mr. and Mrs. Gaylord Peck, Hailey, and Bill Schlunegger, son of Mrs. Doris Schlunegger, Beaver Creek Store on the Salmon River, and Conrad Schlunegger, Escondido, Calif., were united in marriage at a double ring ceremony performed March 25.

Rev. Eric Jungbauer, pastor of Hailey Community Church, officiated.

The bride was given in marriage by her father. She wore a street-length gown of white satin, with a face bodice featuring a rounded neckline and long sleeves. Her shoulder-length veil of silk illusion fell from a halo tizra of rhinestone and white flowers.

Her bridal bouquet was a crescent arrangement of dark pink ranunculus interspersed with light pink fringed carnations, with tiny rosebuds tied into narrow pink shawl ribbons.

Patricia Waller was bridesmaid.

Steve Rayborn was best man and white was Herbert Dreiker, nephew of the bridegroom.

Miss G. E. Arndt was organist.

The reception was held in the church annex immediately after the ceremony. The bride's table was covered with an ecru handmade lace cloth over white satin. Mrs. Kenneth Peck, sister-in-law of the bride, and Dana Rayborn served the cake. Cheryl Burrell poured punch.

Today's Market and Financial Report

The Daily Investor

By WILLIAM A. DOYLE

Stocks

NEW YORK (AP)—The stock market headed lower this afternoon in fairly active trading. Gainers were outnumbered by losers and averages declined as the market decided a virtual standoff in favor of the bears. Shrout, down about 2, was leading the list on volume as it was unloaded in disappointed selling which followed detail of merger rumors. Pacific Petroleum, up a fraction, was a close second. Montgomery Ward and Schenley, up ahead more than 2, were actively traded. Gainers holding their own despite the general downturn. A five-point plunge by Dico phone followed a company prediction that first-quarter profits are expected to be lower than last year's point. Down about a point were Douglas Aircraft, General Motors, Phelps Dodge, Filizer, World Wide, American Airlines, Pennsylvania Railroad, Eastern Air Lines and New York Central. Illinois Central dropped a couple of points. Gains of about 1/2 were secured by Central Enix, Swift & Co. and U.S. Smelting. Prices were mixed on the American Stock Exchange.

MARKETS AT A GLANCE

NEW YORK (AP)—Markets at a glance: Stocks—Lower; active trading. Cotton—Quiet. Corn—Higher; good late demand. Soybeans—Mixed; light trade. Hogs—Mostly steady; top \$19.60. Slaughter steers—Strong to 20 cents higher; top \$26.25.

Dow-Jones, 2 p.m.

Industrial 869 1/2 down 0.70, 20 1/2 Utilities 136 1/2 down 0.22, 65 Stocks 207 7/8 down 0.81

Table with columns for various stock indices and individual stock prices, including Industrial, Utilities, and Stocks.

Grain

CHICAGO (AP)—Weather influenced a decline of more than 4 cents a bushel in prices on the Chicago Board Trade today and affected virtually all other futures. There was some indication of precipitation in the Southwest winter wheat-producing area in May and this influenced a rash of selling in wheat. Prices fell 1/4 to 4 cents a bushel in the first hour of the session and came back later in the day. The highs, however, were still under the previous close. Estimated carlot receipts were wheat 3, corn 118, oats and rye none, barley 8 and soybeans 35.

Table of grain prices including Wheat, Corn, Oats, and Soybeans.

Livestock

OGDEN (AP)—Cattle and calves 1.00; feeder steers average choice 542 1/2 short yearlings 27.00; feeder hogs choice 24-41 1/2, 24-22 1/2. OMAHA (OMAHA)—Hog 7.00; barrows and gilt steady to 25 higher; sows steady, some 25 higher; 12 190-230 lbs 18-25 1/2; 240-260 lb 17.50-18.00; 330-650 lbs 15.50-16.50. Cattle 600; calves 10; steers heifers and cows steady; choice steers 23.00 and low choice 21.50-23.25; choice heifers 21.25; good and low choice 20.50-22.50; utility and commercial cows at 17.25-18.00; canners and cutters 16.00-17.00. Sheep 100; cull and utility short ewes steady at 4.00-5.50.

Table of livestock prices including Cattle, Sheep, and Hogs.

Q. In writing about the over-the-counter market you stated, "Actually, the big question is the price of the stock. And the higher asked quotation is the price range which you would hope to..."

Business Mirror

By JOHN CUNIFF AP Business Analyst NEW YORK (AP)—Britain's stock attempt to recover from its slumped position of oil that stretched its coastal defenses was more than a symbol of market's will always lick scold and slime. What is demonstrated also is that the market is not a ship. Such an unlikely disaster to Britain from the seas it could not have happened. The market is not a ship. It is a collection of people who are not a ship. It is a collection of people who are not a ship. It is a collection of people who are not a ship.

Along Fences and Canals

An all metal machine and storage shed and shop were completed at the Alex Billbo farm, north of Shoshone. The structure measures 38 by 50 feet. Vern Schulte & Son, Edgewood, were contractors.

F. J. Frahm, Hansen, reports that vibriosis in his 500 yearlings caused a loss of lambs this season. This is the first time he had this occurrence. There were over 110 dry and fewer twin births than usual. He stated, however, that his average would be over 100 per cent. He owns 1,300 ewes.

Naion Taylor, Declo, feedlot operator, recently sold a hundred head of fat steers to Darrell Peck, Burley livestock buyer, and a load of fat hollers to Otto Florence Jr. of Independent Meat Co., Twin Falls.

Potato cutting crews are at work at the Wesley Fink ranch south of King Hill. Mr. Fink and his sons will plant several acres of early potatoes this spring and have the ground ready to plant. Mr. Fink sells potatoes at the many stores in the area.

Oscar Stubbler, foreman of the H. McCoy Jones ranch on King Hill Creek, reports ground is ready for planting of 30 acres of corn for silage.

Mr. and Mrs. Charles Kast has leased their 101 Ranch land in Green Glen Co., Buhl, and Mr. and Mrs. Norman Stombaugh and family, Buhl, will be employed at the ranch this year. They are living in a trailer home occupied by Mr. and Mrs. James Blevins and family, who moved to Boise recently to make their home.

Mr. and Mrs. Jack Heffen and family, Glenns Ferry, have moved to the John Johnson ranch in Pasadena Valley, south of King Hill, and will be employed by George Lake who has the ranch leased and will raise beets this year. Mr. Lake also has 300 acres of land belonging to Mr. Sanborn near the Black Mesa that will be planted into sugar beets. Approximately 800 acres of sugar beets will be raised on the two farms.

Lee Trull, William Trull and Don Carshnan are planting sugar beets at their ranches in Pasadena Valley south of King Hill.

Mr. and Mrs. Fred Miller have sold their 71 acre farm near Tuttle to Mr. and Mrs. Floyd Marsh. Mr. and Mrs. Miller and family will continue to live at the ranch for the present but Mr. Marsh will carry on the farm operation.

Arrowhead hunting recently gave Leslie Bushby, Richfield, artificial expert, and Ronald Bell some lucky finds. Both men found a number of arrow heads and Bushby found half of one arrow which is made in two pieces to fit cloven hooves. This makes Bushby's third piece of an ox arrow. He found this most recent one at an old stage coach station on the former Bob Brown ranch.

A gentle riding mare died at the Lem Molt ranch at Richfield of old age. The animal was one which Mrs. Molt learned to ride while a child in Emmet. Her children also learned to ride the same way. The Molt's had the mare the past two years at their Marley area ranch after getting it from an uncle, Jess Roland, Nampa. She had it 22 years. Lem Molt learned to ride by climbing a step ladder to get on the mare and sliding down the neck to get off. Mrs. Molt rode the mare on the descent and fell to round up cattle.

Sterling King has leased the Fred McRoberts ranch, in north Richfield, Earl Huser, Richfield, has leased the Alex Anstegall place on the W. W. Wills family. Jerome, has moved to the property of one of the Mortgage Insurance places.

William D. Smith has returned to his farm on Camas Prairie from an expedition by plane and ship that included Australia.

Fields on Camas Prairie are still snow covered but creeks started to run this week from the melting snow. Bare spots are beginning to appear on south slopes and in the southeast end of the valley.

U. S. Dairy Exports Said On Decline

WASHINGTON—As importers continue to flood the American market with dairy products, dairy exports are dropping.

Economic Research Service states that dairy exports in 1966 were worth \$128 million, down from \$196 million a year ago.

"Much of the decline reflects reduced shipments of butter as well as nonfat dry milk," ERS says. "Exports of nonfat dry milk totaled only 343 million pounds in 1966 compared with 863 million in 1965."

However, the value was \$63 million as prices advanced one-third from a year earlier. Most of the decline in dairy products resulted from the sharp drop in U.S. dairy production in the past two years.

CCC stocks have been nearly depleted from the high level in 1964-65. The report also stated that dairy production has increased substantially in Western Europe, cutting U.S. export markets.

Maturity Date For Bean Loans May Be June 30

By ROBERT VANAUDELIN
Times-News Farm Editor

The maturity date for bean loans offered by the Commodity Credit Corp. will be June 30 if the feeling of those attending a recent hearing in Twin Falls has any bearing.

The majority of the 64 representatives of bean organizations who attended the hearing, conducted by the state Agricultural Stabilization and Conservation Service, wanted the maturity date set at June 30.

The majority of them also wanted the option of resale or extension of the loans.

Prior to 1961, the loan maturity date was April 30 and since that time has been extended to June 30. Many producers in the bean industry feel that the June 30 date is too late and increases storage costs.

Others say the earlier date shortens the time during which the producers have price protection.

A representative of the National Farmers Organization said he objected to the April 30 maturity date and recommends that the date be no earlier than June 30 with an option to extend the loan period from six months to one year. The NFO also recommended higher support price for beans — citing increased production costs.

Giving testimony during the hearing was Monroe Hays, Twin Falls state chairman of the Farm Bureau Federation.

The major recommendation of the Farm Bureau was to have the government get out of the bean business since they feel that the price support loan rate was acting more as a ceiling of bean prices rather than a floor as the support was intended.

The second recommendation of the Farm Bureau was that if the loan program was to continue, the loan period be six months from the date the producer took the loan without a common maturity date.

The recommendations of the Farm Bureau were basically the same as the NFO. A representative of the Farmers Union also mentioned a non-maturing loan.

This would be that the producer could keep the loan as long as he wished so long as the storage was paid and the producer being responsible for any loss because of shrink or deterioration.

The grange recommended a common maturity date for all states with a June 30 date for loan-maturity with the option for extensions if the producer desired. There was some mention of a one-year loan which would provide for a staggered maturity date depending on when the loan was taken.

After all the opinions were given a show of hands was taken from those attending the hearing on three resolutions.

The three resolutions are: (1) The resale price of CCC owned beans be increased to

120 per cent of support price plus reasonable handling charges. (It is now 105 per cent.) (2) That the parity of bean be increased from 90 to 100 per cent of parity in a recent hearing in Twin Falls has any bearing.

Chairman of the hearing was Paul Barr, Rupert state ASCS Committee member. Assisting him was Orvil Snow, Moscow committee man; Lloyd Brown, Boise, loan program specialist;

Don Albin, Filer, president of the Western Bean Dealers Association; Bert Kelly, Washington, D. C. Deputy area ASCS director, and Harland Blackburn, Twin Falls district ASCS farmer fieldman.

Mr. Blackburn noted that the majority of those attending a hearing in Caldwell also favored a June 30 date as did the state of Colorado.

After the bean producing states had heard the recommendations will be sent to Washington to the Department of Agriculture which will then either make June 30 the maturity date or April 30.

After the bean producing states had heard the recommendations will be sent to Washington to the Department of Agriculture which will then either make June 30 the maturity date or April 30.

Chicks Are Up

BOISE (AP) — Idaho's commercial hatcheries produced an estimated 535,000 chicks in February, 14 per cent more than in February last year, the U.S. Department of Agriculture reported today.

The total also exceeded by nine per cent average production in February in the preceding five years.

NEW YORK CREATED MINNEAPOLIS — Frank L. Tenney, director of distribution for the Grocery Products Division of General Mills, has been named to the newly created position of corporate distribution consultant for the company. It was announced today, in his new position, Tenney will work on distribution assignments for all divisions of General Mills, its subsidiaries and staff departments.

400 Licks

SAN FRANCISCO — How many times will a cow lick a salt block?

A college investigator actually went out into the field and counted 409 licks, with the feet of Leslie Salt Co., reported today.

"He found one persistent cow that made more than 400 licks in succession across the face of a salt block before she gave up."

Dr. Neher Is Speaker For Grange Meet

WENDELL — Dr. Lauren Neher, Jerome, was guest speaker for the Farm and City night sponsored by Orchard Valley Grange at their hall. His talk on "How to Work with the Feed Division of Leslie Salt Co.," reported today.

Featured on the program with Dr. Neher were Katty Louides, Sor the Farm and City night sponsored by Orchard Valley Grange at their hall. His talk on "How to Work with the Feed Division of Leslie Salt Co.," reported today.

We Sell MICHELIN 'X' RADIAL TIRES

SAFETY Cornering
The Michelin 'X' Radial responds to "cornering" forces differently. It has very flexible sidewalls which yield laterally to absorb this extra strain.

SAFETY Braking
The Michelin 'X' Radial features flexible sidewalls allowing a larger contact area that clings to the road at every point. The tread pattern does not suffer any lateral distortion, thanks to the layer of steel cords.

SAFETY Cooler Running
The Michelin 'X' Radial, thanks to its special construction, runs cooler—therefore, RADIAL tires are much SAFER, for lower temperatures means that chances of casing failures or blowouts are greatly reduced.

Michelin 'X' Radial is a major contribution to Detroit's latest advances in car engineering.

Who-around shoulders for safer cornering.

Smart whitewall, too!

No levels. No grades. Just one Quality Line. The MICHELIN 'X' RADIAL

Ways Listed To Control Clover Mites

Numerous clover mite "invasions" of homes have been reported in recent weeks, according to Twin Falls County Extension Agent Donald Youitz.

These mites are ubiquitous in buildings and on warm spring days crawl over windows, walls and floors. The mites are plant feeders and do not attack man but they are a nuisance in homes. If crushed they leave blood-red spots and, therefore, deface walls, drapes and other surfaces.

Control of the clover mite in the home is suggested by University of Idaho Extension Entomologist L. E. O'Keefe, consisting of the following: 1. A solution containing two percent chloroform and two percent malathion and spraying or painting around doors and windows and other places where mites may enter. A vacuum cleaner can be used to remove mites from surfaces without crushing them.

Controlling the mites outside the home is also a necessary step. Spray the lawn, shrubbery and outside walls with .5 per cent malathion or .1 per cent dicofol (Dithane) as soon as the mites become active. Adequate coverage is essential.

Make a second application in the fall about the time of the first frost. A six to twenty-four inch grass-free band all around the house will act as a barrier and discourage river mite invasions.

Delayed dormant spraying of trees and shrubs for control of aphids or mites is an excellent practice. Oil-emulsion sprays of superior oil type or lime sulphur (calcium polysulfide) or a combination of the two are highly effective.

The addition of one pint of 57 per cent malathion emulsifiable concentrate per 100 gallons (a teaspoon per gallon) of the finished oil spray will improve control.

Some plants are susceptible to oil injury under certain conditions. Oil sprays should be used only when the temperature is above 35 degrees Fahrenheit and will remain above 35 degrees Fahrenheit for two to three hours.

Complete coverage is essential; only those insects covered by the spray will be controlled.

MAKING SUGGESTIONS on ways to have a better 4-H camp are Maurice Johnson and Connie Meyer, both assistant state 4-H leaders, University of Idaho. These two made the suggestions during a 4-H camp training session this week in Jerome at which 4-H agents and home agents from throughout Magic Valley attended. (Times-News photo)

Dietrich Man To Address Board Meet

SHOSHONE — John P. Dietrich, will speak at the Wood River Soil and Water Conservation District Board of Supervisors meeting to be held at 8 p.m. April 4 at the courtroom of the local court house.

He will discuss a managing soil to prevent loss by wind erosion, preventing the loss before it takes place.

Mrs. Robert Gaskill, Shoshone, will report on the district supervisors' progress in artwork; and the value-to-a community in this type of program.

Mrs. Gaskill conducts a class in Shoshone and in the annual art contest is shown in the county and there are many who participate. Young and older persons of Jay Gaskill's paintings hangs in the State Capitol Building in Boise.

The 1967 art program, and contest will be conducted again as in the past, with \$35, \$25 and \$10 first, second and third place awards to be presented in the senior division. The prizes will be given by the Wood River Soil District, Shoshone Chamber of Commerce and Bergin Funeral Chapel, first, second and third prizes, respectively.

In the Junior division, Martin Motor Co., Hansen's Department Store and Idaho Game Wholesale sale will give the first place award of \$25 while Bank of Idaho, Richfield, will give second of \$15, and the Soil District will give the third prize of \$10. Depending on the number of persons participating, other awards will be set up as needed.

Paintings must be 16 by 20 inches, oil on canvas or other durable material, of natural scenes or works of art, in which conservation of resources is the theme.

Hearing Set

POCATELLO — The Idaho Water Resource Board will have an informational meeting in Pocatello on April 8 to hear views on the proposed replacement or enlargement of the American Falls Dam by the U. S. Bureau of Reclamation.

The meeting will begin at 10 a.m. in Room 408 of the Idaho State University Student Union Building. Persons or organizations wishing to make statements should notify the director, Idaho Water Resource Board, Statehouse, Boise, so appearances can be scheduled.

Those wishing to make presentations are requested to furnish at least one copy of their statements for Idaho Water Resource Board files.

4-H Camp Activities Are Discussed At Jerome Meet

JEROME — New ideas for operating a better 4-H summer camp were discussed during a meeting this week of Magic Valley 4-H Club agents and home agents in the Jerome American Legion Hall.

Conducting the one-day meeting were Maurice Johnson and Connie Meyer, both assistant state 4-H leaders, University of Idaho.

Discussed at the meeting were objectives of summer camps and the part the junior leaders and leaders perform as leaders of the camp. Everything was covered at the meeting pertaining to summer camp — covered everything from the time you arrived to the time you got home, states Olan Genn, Twin Falls County 4-H agent.

About 25 good suggestions were made on conducting camp on rainy days. Genn said there is no such thing as wasted time at 4-H camp. There is constant learning and fun.

Genn said everything was so detailed at the meeting that "things to do during mealtimes" were discussed.

Special emphasis was given to the role of the camp director. It was stressed that the camp director must be available at all times for an emergency. Health and safety were stressed for all 4-H camps.

Genn said the suggestions made at the training meeting will be put into effect when the camps start this year. The Magic Valley 4-H camps are scheduled to start July 5 and continue through July 23. The 4-H camp for Magic Valley clubs is located 20 miles north of Ketchum — west of Russian John Ranger Station.

Third Annual Stud Service Auction Held At Jerome

JEROME — A capacity crowd filled the Jerome livestock Commission yards for the third annual Stud Service Auction held there recently.

Sponsored by the Jerome County Recreation Association, the auction featured outstanding Quarter horses, Arabians, Appaloosas and Thoroughbreds. Money received will go, in the past, to promote interest and participation in the horse industry and to improve facilities at the Jerome County Fairgrounds.

Fun also was used to help support the Little League Baseball Commission and youth horse activities through the summer.

All labor and services, including the stud services to be auctioned, are donated.

The Recreation Association is made up of local businessmen, with Tom Prescott serving as president. Co-chairmen for this event were Ray Chugg and Bob Walton, both Jerome men. Other members of the committee were Bill Harris, Shoshone; Thane Lancaster, Filer; Denny Larsen, Jerome, and Bob Harney, Twin Falls.

The price of \$210 was paid for Rocket War by Tom Dickerson. Other top fees paid were \$175 for Wayward Rod by Bill Walton, \$170 for Smokey Move by Joe Rowe and \$170 for Count Chic by Andy James.

In the next range were Gaze Time by Clifford E. Malone, Boomer Britches by Cliff Peterson, Reedy by Ted Peterson, Early Tink by John Noble and Into Glory by Joe Hansen. Bringing fees of \$150 to \$100 were Juniors Son by Tom Prescott, Bang Away by Gary B. Swain, Charwick by the Jerome Merchants, Fowler Deck by Gary B. Swain, Peo Towe by Joe B. Johnson, Tinkyspade by the Jerome Merchants and Tiger Music by Ken Rice.

Others standing were Sassa Thomas, purchased by Larsen Brothers, State Bar by Tom Arbolita Inc. by Ed Stubbs, Navajo King by Gary Hill, Jag's Reckless by the Jerome Merchants and Rel Van by Warren Jerome Merchants, Bangaway Blumer.

by Wayne Clark, Mr. Energy of B. By Bob Schutte, Boomer Geronimo by Dr. Wesley Rosen Seven-Eleven, Junior Jigg, Tayseddyer, Duster Burns, Nagabond King, Spec Bar and Vaggy Reed, all by the Jerome Merchants.

Night Watch was purchased by Bob Walton, Hi Apache by Chell C. Wier, Chester White by D. C. Fulmer, Lakotas Dummer by the Jerome Merchants, Dixie Crat by Jim Gibbs, Idaho Skipper by the Jerome Merchants, Navajo King by Gary Hill, Jag's Reckless by the Jerome Merchants and Rel Van by Warren Jerome Merchants, Bangaway Blumer.

Sugar Firm To Pay Dividend

SALT LAKE CITY — The Board of Directors of Utah-Idaho Sugar Co. declared a regular semi-annual dividend of 20 cents a share today and also declared an extra dividend of 15 cents a share.

The action, which continued the annual dividend rate of 60 cents a share, duplicated the regular and extra dividends declared in March of 1966.

T. W. Cockayne, vice president, secretary and treasurer of the pioneer sugar firm, said both the regular and extra dividends will be payable April 20, 1967, to stockholders of record at the close of business April 9, 1967.

The chapter has three guitars for sale. A committee has been appointed to set the price for the guitars. A slave auction will be held on July 13. All members will be sold to the highest bidder for one day's work. The proceeds will go into the chapter's fund.

Ron Estco, vice president, and Gary Roach, reporter, will represent the chapter at the state convention.

Ken Marshall To Head 4-H Club

Ken Marshall was elected president of the Hightler 4-H Club which met for the first time recently at his home.

Other officers elected at the meeting are Nancy Brooks, vice president; Shirley Sommer, secretary; Valerie Kinsey, treasurer; Bob Billington, chairman; Pete Turner, historian; and Jon Taylor, sergeant at arms.

Mrs. Leona Crane is leader of the group, and Jo Cole and Linda Crane, assistant leaders. She is a Billington, called the meeting to order.

Games were played and refreshments were served by Mrs. Rowland Marshall after the meeting.

The next meeting will be held April 21 at the home of Mrs. and Mrs. A. T. Billington.

Director Named

MINNEAPOLIS — Louis W. Monk, President and a member of the Board of Directors of the Northern Pacific Railway Co. St. Paul, Minn., today was elected a member of the Board of Directors of General Mills at the board's monthly meeting in Minneapolis.

Events Planned

EDEN — HAZELTON — The Valley Future Farmers of America chapter discussed the guitars sale, slave auction, state convention and a banquet during a recent meeting.

The chapter has three guitars for sale. A committee has been appointed to set the price for the guitars. A slave auction will be held on July 13. All members will be sold to the highest bidder for one day's work. The proceeds will go into the chapter's fund.

Ron Estco, vice president, and Gary Roach, reporter, will represent the chapter at the state convention.

4 Inducted By Minidoka Grangers

RUPERT — Minidoka County Pomona Grange inducted four new members at their meeting with the Emerson Grange.

New members who received the fifth degree from the state grange executive committee, Tom Speedy, Twin Falls, were Dan and Mrs. Delia Getman, Marjorie King and Mrs. Roger L. Brown.

Speedy gave a short talk on "Benefits of the Grange" on state and national levels.

A few years ago local granges were donating to the state grange to accumulate funds for a building at the Idaho Youth Ranch. However, sufficient money was not collected to complete this project, and donations were directed to the individual granges.

A discussion of uses for this fund was held, but no decision was reached. The executive committee agreed to study the matter and make recommendations at the next meeting.

Mrs. Ed Schwargier, Declo, state home economics chairman, was in attendance, and reported on the state grange sewing contest, urging members to enter.

She also announced preliminary plans for a centennial dinner for grange members in Minidoka and Cassia counties to be held April 22 at the Burley Masonic Temple.

Mrs. George Sullivan, lecturer, introduced dance numbers by Linda and Rita Hinkle, Leona Ketterling and Penny Welmer, directed by Mrs. Caroline Weimer; readings by Mrs. Hylak Weaver and Mrs. Wilford Howard.

The candlelighting ceremony and a listing of several worthy projects of the grange over the past 100 years was given by Russell Acock.

The prayer was by chaplain Virginia Stuart. Subordinate members attended from Emerson, Pioneer, Paul and Rupert Granges.

Members of the Emerson Grange served luncheon.

Castleford Club Elects New Officers

CASTLEFORD — The Castleford Eager Beavers 4-H Club met at the home of Mrs. Ted Quigley to re-organize and elect officers for the coming year.

Elected were Patti Quigley, president; Maureen Curry, vice president; Peggy Lott, office reporter; Linda Ripps, paper reporter; Nancy Riess, field reporter; Barbara Conrad, roll call; Elvina Hetsley and Terry Griggs, phone callers; Susan Conrad, music and recreation; Debbie Cox, scrapbook; Patti Hetsley and Sandra Kinyon, cleanup committee.

New projects were discussed and those taking knitting last winter brought their slippers they were knitting.

Patti Quigley served refreshments. Next meeting will be April 8 at the home of Elvina and Patti Hetsley.

GIRLS ELECT

HAGERMAN — Kathy Lawson was elected president of the Future Homemakers of America, local chapter, at an election of the unit Thursday. Other officers are Patti Gold, vice president; Rutvik, secretary; Peggy Hendrickson, treasurer; Robin Lemmon, degree chairman; Nancy Sandy, and Kelly Strawser, parliamentarians. Unit advisor is Mrs. Leon Grieve.

Cassia County Farmers Getting Ground Ready For Spring Planting

BURLEY — It has been said that spring is the time for farmers to go to work in the fields, preparing the ground to plant crops. Farmers in Cassia County are true to the old saying for they have been working the fields, preparing for spring planting.

However, up until the snowstorm which came two weeks ago, things were somewhat backward. The land was so dry that many farmers were planning to irrigate their fields so the ground could be worked properly. The snowstorm of from seven to 10 inches of wet snow fell across the valley followed by three days of rainy weather, saved the valley. Some farmers call the snowstorm a million-dollar storm.

The soil can now be plowed and worked properly and farmers are taking advantage of the spring weather by putting all available equipment into the fields to take advantage of the almost perfect soil conditions.

One of the larger farm operations in Cassia County is the Golden Valley Land and Livestock Co., owned and operated by Merle Wolverton and sons. The property is located 18 miles southwest of Burley and was formerly owned by the late K. C. Barlow.

Irrigation water for the farm is from 14 deep wells and a pumping operation. Mr. Wolverton is steadily improving his farm and adding concrete ditches, waste water sumps and a well-planned crop rotation system to preserve the fertility of the soil.

Water is the life blood of the country, every drop is preserved and kept on the farm. As the waste water runs off the bottom of the fields it drains into a pond or sump. A water lift pump of from 10 to 25 horsepower pumps the water from the sump into a ditch to water the next field below or the water is pumped through an underground pipe of concrete or steel buried deep enough so it does not interfere with farming preparation and crop cultivation.

326 Lincoln Farmers Sign In Program

SHOSHONE — A total of 326 farm operators in Lincoln County have signed up to take part in the 1967 wheat and feed grain program, according to Eugene Alexander, chairman of the County Agricultural Stabilization and Conservation Committee.

Operators have signed up a total of 67 farms or 45 per cent of the eligible farms with 1,042 acres of corn sorghum base acreage. Estimated total diversion intended on the signed farms is 431 acres, or 25 per cent of their total corn-sorghum base acreage.

A total of 325 farms or 87 per cent of the eligible farms have signed up for the wheat program. These 325 farms have a total wheat allotment of 10,700

How to get effective wireworm control in potatoes with D

You can use either a band or broadcast application of Diazinon® insecticide and get sure, effective control of potato wireworms, including strains which are resistant to some other insecticides.

The broadcast application should be applied within one week of planting and worked into the top 4 to 8 inches or more of soil. Or you can band Diazinon when planting your crop, again working the Diazinon in with a fertilizer attachment to a depth of 3 to 6 inches along both sides of the row. Either way, you'll get dependable control of wireworms without residue problems in your potatoes, or in crops

Grazing

BOISE — The Bureau of Land Management announced today that Devil Creek units will be open to spring grazing Saturday.

The BLM also said the Snake and the Hagerman units will be open April 5.

Chairman Is Named For Desert Unit

RUPERT — Dale Stoller has been named chairman of the youth committee by the Desert Grange.

Mrs. Ed Schwagler, Declo, state home economics chairman, and deputy of the Idaho State Grange, and Mr. Schwagler, were guests at the meeting. Mrs. Schwagler explained the ceremonial achievement deputy contest, which is set up for each of the local granges in the nation. The contest is being conducted on a point system, with credit for local achievements in community service, reporting, attendance, sale of souvenir books, and signing new members.

Jake Eilers, Rupert Grange Master, and Mrs. Eilers were also guests at the meeting held at the home of Mr. and Mrs. Ed Hoyle.

The April 28 meeting will be at the Dale Stoller home.

Plant Population Per Acre In Corn Fields Increases

WASHINGTON — Plant population per acre in fields of corn grain has increased steadily in the past four years while yield between rows has narrowed slightly, according to the Crop Reporting Board of the USDA.

A survey of sample fields found that the Corn Belt averaged 14,900 plants per acre in 1966, an increase of 15 per cent during the past four growing seasons.

Rows narrowed about an inch; the chamber will set up a committee to study the interests of the merchants in the state, and if the merchants are not interested in the fair plan, it is felt that the complete building could be financed this year.

Chamber members were appointed of the employment office to be opened in Rupert by April 1, according to a directive from Gov. Donald Samuelson, and office space is being sought at this time. No manager for the local office has been named.

The office will be opened on a trial basis during this year's planting and harvest season, and the possibility of it becoming permanent to Rupert will depend upon the use employers and employees make of the service.

Guests at the meeting were Ronald Kiebe, city engineer, and Dick Armstrong of Kelly Springfield. The invocation was by Rev. E. O. Davis, with Claude Bowman conducting.

Role Of Fair Is Topic Of Banquet

DR. CECIL HARRINGTON, quality control department manager for Agrisec Seed Co., Twin Falls, will appear at the program of the 16th Annual Short Course for Soodamen on April 13 at Mississippi State University. Dr. Harrington has been associated with Agrisec for 25 years. He will speak on "An Effective Quality Control Program."

Talks Given

Illustrated talks were given by Marlene Kniefel on "Living Room Hazards," and by Beth Britt, "Family Safety," at a meeting of the Happy-Go-Lucky 4-H Club held at Miss Britt's home.

The next meeting will be held Wednesday with Karen and Anita Roberts as hostesses.

The average is now 33.6 inches for the area. Interesting enough, row spacings in Illinois, Indiana and Iowa did not differ greatly from the rest of the Corn Belt, although plant population for these three states was significantly higher at over 18,000 per acre.

Farmers Explain Actions On Milk To Rupert C. Of C.

RUPERT — Dan Walton, Milwaukee Country president of the National Farmer's Organization, and NFO Members Richard May and Joe Flood were guests at the Rupert Chamber of Commerce luncheon meeting Thursday, explaining their positions in the milk holding action which is being staged by the farmer's organization.

May explained aims and purposes of the NFO, which is organized in 24 states with 10,000 voting delegates listed at the annual meeting. Membership in the organization is limited to those who make the majority of their income from farming.

Because of the small income many farmers receive, May said, Wisconsin dairymen are leaving the farming industry at the rate of almost 14 per week.

"We have tried negotiating and couldn't seem to accomplish anything so now we are trying this dumping and holding action," May said.

Flood discussed the farmer's share of milk income, and the plight of the dairy farmer. He said that for his grade B milk the farmer is receiving eight cents per quart, from which he pays one half cent for hauling. Flood is in a dairy partnership, and reported the six months average income for cows in his herd was \$150.00 per cow per month.

A person who is buying his dairy herd wouldn't be making enough to make payments and have any left over for living, he asserted.

He said his operation is in a Grade A milk barn, which cost about \$20,000 to build, and the higher grade of milk brings only two cents per quart more income for a total of 10 cents.

The program at the meeting was presented by the Minico High School students, directed by Grace Kraus, student body president, who reported on the girl's debate team trip to Stanford University, on the basketball team's participation in the state tournament, and on math

examinations in progress at the school.

Juile Rasmussen discussed the art department at the school and displayed pictures from the different grades.

Susan Whitaker reported on the Spartan newspaper, with 15 staff members. She said Loyola, Loveland is this year's editor, with the paper publishing once every two weeks.

Miss Kraus further reported on the band's participation in an exchange band program at Caldwell, the debate team's open class and girls' team will participate in the regional meet. The Youth Legislature to be held in April in Boise, and 18 high school students will be in Twin Falls provisionally for legislative training.

Delmer Hollinger reported on the Columbia River Regional Council which has been formed on a county level, with Burn Van Every as temporary chairman and Vance Smith as executive secretary-treasurer. He said Roger Ling has been appointed Idaho state representative on the council which is a group devoted to studying needs and uses of Columbia River resources and dedicated to keeping the water for the states it serves. The chamber has been asked to appoint two members to serve on the county board.

Hollinger also reported on the board's progress toward construction of a building at the fairgrounds this summer. The board will be able to finance a building about 48 by 50 feet in size, according to one bid which is for \$7,237.

They would like to build a larger building, 86 by 30 feet, which has been bid at \$12,780. To build the larger building at this time, rather than attempting to enlarge a smaller building, would be less expensive and more satisfactory in the long run, the board feels. Merchants have been invited to lease stall space in the pro-

For better yields... CLEAN UP QUACKGRASS BEFORE PLANTING CORN

Cytrol gives quick, economical control of grasses and weeds

Quackgrass can cut into corn yields and profits by competing with corn plants for water and nutrients in the soil.

The most practical way to lick the problem is by spraying the area to be planted — with Cytrol Amitrole-T. With its systemic action Cytrol gives a thorough kill of the entire weed plant — leaves, stems, roots and all. Yet Cytrol will not sterilize the soil. Where Cytrol is used on corn land it is possible to plant to a different crop the following year. Or the land can be re-treated and planted to corn again.

Cytrol should be applied to corn land when quackgrass is 4" to 6" tall and actively growing. Wait two weeks, then plow and prepare a seed bed. Plant corn immediately. Cytrol is convenient to use. It prevents no hazards to those handling it... requires no mechanical sprayer agitation. And — unlike some materials — causes no injury to following crops such as sugar beets, beans, etc.

NON-CROP LAND AREAS. Many growers are using Cytrol along with a soil sterilant for a spring clean up of weeds around edges of fields, fence rows, ditch-banks, around buildings and other areas.

NW! If you prefer a soluble powder in your spray mixes — ask for Amino Triazole Weedkiller 50, a highly concentrated soluble powder. It's available in 2 lb., 10 lb., 50 lb. and 100 lb. containers.

Consult your local agricultural authorities or herbicide supplier for further information.

Available in 7.5 and 5 gallon polyethylene containers.

APPLE TROUBLES: Home gardeners who grow their own apples often become discouraged to find their big crop of apples are full of "meat," grower's term for worms to spray regularly during the summer.

"Don't let this discourage you because some of the apples will be edible, and to me it's better to have some wormy fruit than none at all. Try using a purpose spray which can make yourself, and use on fruits and ornamentals alike: Capin (50 per cent wettable powder), malathion, 25 per cent (W.P.), and methoxychlor (50 per cent W.P.) at the rate of two tablespoons per gallon of water. Apply this every two weeks from mid-June to mid-September. You can also add three tablespoons of Sevin to the mixture starting in August.

Some gardeners dig shallow holes and bury their materials, eliminating the eyesore of a compost pile. So with a busy spring coming up, resolve to tarre your problem soils. You'll be surprised to see what nice things you can grow from hand-made soils.

FIRM APPLES: Ever wonder why it is you can buy good, solid apples even at this time of year? It's due to a process known as controlled-atmosphere (referred to as C.A.). Commercial growers find this procedure lengthens the life of storage apples and fruits and that's why apples are so firm and fresh even at this time of year.

Home owners who have a few apples find that they keep well if anything which encourages overly vigorous growth encourages the formation of bitter pit. Trees get older and carry heavier crops, bitter pit is much less serious.

SHRIMP PLANT: This handsome fern does best outdoors, although it will produce the showy brick-red, or yellow bracts ("shrimp") which are usually grown in a sunny window. It's a wiry-stemmed plant which needs rather frequent nipping to keep it from becoming gangly.

Just take a pair of clippers and snip out the tips of shoots now. Best soil mixture is a mixture equal parts sand, peat and loam. Soil should be uniformly moist at all times.

Start new plants from the cuttings you take from the tips. Root them in sand-peat mixture, or plain tap water. When slight-sleeve weather rolls around set pot and all outdoors in a sunny spot and keep it well watered. Drooping of leaves, is due to dry soils. Failure to flower is due to lack of light or overly vigorous growth resulting from too much plant food (mainly nitrogen).

Shrimp plant has few if any insects. Once in a while red solder mites will trouble it. Use Koltane to check this pest. Aphids are prevalent use malathion or nicotine sulfate, one teaspoon to two quarts of water.

PLANT LABELS: A reader sends us a good tip. She makes

in a pan in the bottom of their refrigerator.

HOME GROWN OLIVES: Our readers, as long as you use seeds indoors brought in a sack of lettuce. Start the pits from black olives only. Those which come bulk at stores are more apt to germinate than those in cans because they are usually fresh.

However, it's even possible to start them from the canned olives, as long as you use seeds from the black ones. Olive seed is hard and boney so it's a good idea to nick each with a file before sowing it in a pot of sand and peatmoss.

Germination takes anywhere from one to three months. Once you get a tree started you can start new plants for you if you'd like, merely by inserting cuttings in a pot of moist sand. I hope readers will write and tell me of their experience in growing olive trees indoors.

QUESTION OF THE WEEK: S. E. of Mindoka: "We tried to grow tomatoes in our window, paid \$3.98 for the plants and never got anything but disappointment from them. The firm tells us it will produce 60 pounds of fruit a year and the plants bear seven or eight months in our window. It would be nice if we could raise tomatoes from a tree in our window. Don't you agree?"

I agree, but don't think it's that easy. The so-called "tree" tomato (Cypomandra batatas) in our window, I have yet to have a gardener tell me of raising a bumper crop of fruit from them, either indoors or outdoors.

Indoors, the tree tomato plant will grow to the ceiling if you don't cut it back. It sets blooms and fruit (if you're lucky) in late spring. Only one tree is needed as it is male and female flowers on the same plant.

More Control Is Urged On Dairy Imports

WASHINGTON, D.C. — Sen. Jordan spoke out before the Senate recently asking greater control over dairy products imports.

Jordan called attention to the continuing decline in the number of dairy farms in the U.S. "The reason these farmers are going into other industry couldn't be simpler," he said. "They are not making enough money on the farm. Unchecked imports are the large part of the cause of this problem."

The Idaho Senator pointed out "this is not just a farm problem. The consumer will, in the long

run, have to pay more for his dairy products if farmers keep leaving the farm, because there will be a shortage of milk."

"We cannot on supplies from importers only where there is a surplus market," he said.

"Under the present situation, the government has had to increase Commodity Credit Corporation purchases of butter and cheese, while at the same time allowing imports to flood the country."

Jordan urged passage of the Dairy Import Act of 1967, tightening import quotas on dairy products. He is a co-sponsor of the measure.

Livestock Group Has Annual Meet

JACKPOT—The annual meeting of the Twin Falls Livestock Association was held at Jackpot with a dinner preceding the business meeting. Approximately 113 members attended. Election of officers was held with Ed Lierman being elected president for the coming year. Roland Patrick was elected vice president and Frank Gliese was elected secretary-treasurer. R. H. Callen, immediate past president, presided over the meeting. A motion was made and passed by the group to change the name of the organization to the Twin Falls Livestock Association to the Magic Valley Livestock Association, as the group includes all the surrounding communities. New board members elected are Virgil Lickley, Jerome, Rolland Patrick, and L. P. Larsen. Other members are Tom Callen, Victor W. Nelson and Gerald Turner. Special speaker of the evening was Don Fredrickson, Gooding, president of the Idaho Equality Association, and a state director of the Idaho Cattlemen's Association. He reported on special legislative bills pertinent to the cattle industry of Idaho. Don Weeks Boise, executive vice president of the Idaho Cattlemen's Association also spoke on legislative bills current. Fredrickson, president of the Idaho Equality Association, and a state director of the Idaho Cattlemen's Association, also spoke on legislative bills current. Fredrickson, president of the Idaho Equality Association, and a state director of the Idaho Cattlemen's Association, also spoke on legislative bills current.

SPEAKING BRIEFLY at the annual Spring Lamb Banquet in the Filer Methodist Church is Robert Blasiak Jr., Filer, emcee for the banquet. Listening are Max Leonard, left, president of the Filer Kiwanis Club, and Paul Brown, right, chairman of the Filer Sheep Commission. The annual event was given for the Filer Kiwanis Club by area sheepmen. (Times-News photo)

Area Sheepmen Give Lamb Dinner To Filer Kiwanians

FILER — The Filer Kiwanis Club enjoyed a delicious lamb banquet Tuesday night in the Filer Methodist Church. The banquet was sponsored by area sheepmen. According to Robert Blasiak Jr., banquet emcee, and Joseph M. Leonard, member, this annual Spring Lamb Banquet was a banquet of appreciation for a banquet which the Filer Kiwanis Club gives for sheepmen the night before the annual ram sale held each August. The banquet, prepared by the Filer Methodist women, was well received by about 100 persons. The lamb for the banquet was donated by Archie Colver and Bob Colver, both Twin Falls, and Lynville Brown and Paul Brown, both Filer, and potatoes were donated by Ralph Lierman, Filer. Guest speakers at the banquet were Dr. Lauren M. Neher, Jerome. He talked and showed pictures of his tour of duty in Vietnam. Also attending the banquet besides area sheepmen were Gene Wheeler, representative of the Ogden Stockyards; Del Dickerson, representative of the

300th

BRATTLEBORO, Vt.—The 300th registered Holstein cow to exceed 100 tons of milk produced an official test in her lifetime has been announced by Holstein-Friesian Association of America. The milestone bucket-seat "er" is Swampy Hollow, a daughter of Molly 351275 (VG), owned by John M. Umbie, Angles, Pa. "Molly's" actual lifetime credits stand at 204,848 pounds of milk and 7,432 pounds of butterfat, produced in 4,822 days since she became two years of age.

Bulletin On Heat Lamps Is Available

Heat lamps can solve the problem of warming a small greenhouse according to a leaflet just published by the Farm Electrification Committee and the Agricultural Engineering Department of the University of Idaho. Copies of the leaflet called "Heating With Plastic-Covered Greenhouses with Heat Lamps" are available at the Twin Falls County agent's office. The information was prepared by D. W. Works, director of the farm electrification project; J. W. Guthrie, plant pathologist, and R. C. Haynes, associate professor of agricultural education. "One of the applications of plastic film has been in the construction of inexpensive greenhouses," the leaflet points out. "A small home greenhouse appeals to most people interested in growing flowers. However, conventional means of heating the air within a greenhouse may mean considerable investment in heating equipment and late fall.

Miss Hinton Idaho's Junior Holstein Champion Girl

HAZELTON — Vickie Hinton, daughter of Mr. and Mrs. Verli Hinton, Hazelton, has been named Idaho's Junior Holstein Champion Girl and her contest entry has been submitted to the national headquarters of the Holstein-Friesian Association at Brattleboro, Vt., to be judged in the national contest. Miss Hinton, 19, lives on a 120-acre dairy farm with her parents. Besides helping with the dairy herd, she helps with the other good work. She has been a 4-H club member for 10 years, carrying a dairy project every year, in addition to 25 other projects including foods, freezing, home improvement, sewing, knitting, canning, home and junior leadership. She purchased her first registered heifer from the late Grant Richler, well-known Holstein breeder American Fork, Utah. She now has 13 registered Holsteins and eight eligible to register in her own name. She has been a junior member of the National Holstein Association for seven years and has had her cow classified in the association's type classification program. Miss Hinton won a 4-H of the National 4-H Congress at Chicago last November with her dairy project. Her expense-paid trip was sponsored by the 4-H Corp. She also has attended Idaho 4-H Congress at Moscow, 4-H camp, and has participated in the youth activities of the Presbyterian Church as well as school and community service activities.

VICKIE HINTON

Sheep, Lambs On Feed In 7 States Drop

WASHINGTON — Sheep and lambs on feed March 1, in the seven major feeding states totaled 1,014,000 head. This was 20 percent less than the number on feed in these states a year ago, according to the USDA Crop and Livestock Reporting Service. The March 1 number of sheep and lambs on feed showed a 41 percent seasonal decline from the 1,728,000 head on feed Jan. 1. A year ago the seasonal decline was 42 percent from Jan. 1 to March 1. The number of sheep and lambs on feed March 1 was lower in all of these states except Texas which showed a 10 percent increase. The largest percentage decreases were in Kansas and California which were down 57 percent and 43 percent, respectively. Compared with March 1 a year ago, Iowa decreased 33 percent, Nebraska 17 percent, and Colorado and South Dakota, each 10 percent. Robert Rowe reported on the annual scouts banquet and said five new boys have joined Troop 62. Other reports were given by Glenn Dossart and Elmer Anals, agriculture committee, and Mrs. Harry Sharp, about the Grange serving lunch at the Fred Smith farm site. The Grange will give the program on April 7 to the Deep Creek Grange and will entertain the Pomona Grange on April 8.

Capt. Driver Speaks To Knoll Grange

Capt. George H. Driver, commander of the Twin Falls Salvation Army, was guest speaker at the Knoll Grange recent meeting. He showed color slides and explained the work that is being done by the Salvation Army in Twin Falls and other parts of Idaho. The Grange will give the program on April 7 to the Deep Creek Grange and will entertain the Pomona Grange on April 8.

Worming Pellets

WASHINGTON — Merck Chemical Co. has developed a pellet for use in worming sheep. Though this has been used in cattle, it was only recently found to be effective in sheep. This more flexible way of treating sheep makes it possible for pellets to be used with regular feeds. Recommended procedure is to use them for one day only.

Cattle On Spring Grass Crave Salt

SAN FRANCISCO — Cattle grazing on lush spring grass crave salt more than they will at any other time of the year. Jean L. Ruble, feed specialist with the Leslie Salt Co., said today. The bright green range that looks so inviting to cattle actually can be a threat to stock. High in moisture, it has been described as a "soft, slushy" type of feed. Ruble explained. Such feeds predispose animals to bloat. "So we actually have two reasons for urging salt in the spring—the stock crave it and feeding salt is one of the many good management practices that will contribute to the control of bloat in cattle," Ruble said.

PRESIDENT NAMED
DAVENPORT, Wash. (Special) — H. J. (Bud) Holliday, Benge, was elected to the post of president of the Washington Hereford Association during their recent annual meeting. He replaces Robert Andrews, Prosser, at the helm of the organization. Holliday had served the post year as vice president.

Government Is Keeping Quiet On NFO Actions

By OVID A. MARTIN AP Farm Writer
 WASHINGTON (AP) — The Agriculture Department is maintaining silence on actions by the National Farmers Organization (NFO)—including dumping of milk supplies — to try to force higher producer prices. But the agency says in the latest issue of its monthly "Agricultural Situation" report that milk prices are "relatively favorable to farmers this year." This comes from the department's economic research service. It is not known whether it reflects the opinion of Secretary of Agriculture Orville L. Freeman.

Freeman has been under pressure for several months by some dairy groups and members of Congress to take administrative action to raise milk prices. They urged him to raise price supports for manufacturing milk from the current 4¢ a hundredweight to the legal maximum of 4.16¢.

They also have sought his support for legislation authorizing payments to dairy farmers to supplement income from sale of milk. They further have urged him to act to cut down on competitive dairy products. Freeman is not expected to act on any of these proposals so long as the NFO withholding and dumping action continues. To do so, his associates say, would be to give the impression he had bowed to pressure.

The "Agricultural Situation" report said: "The relatively favorable milk prices to farmers this year and the near record milk-feed price ratios favor

Bids Noted At Kimberly Grange Meet

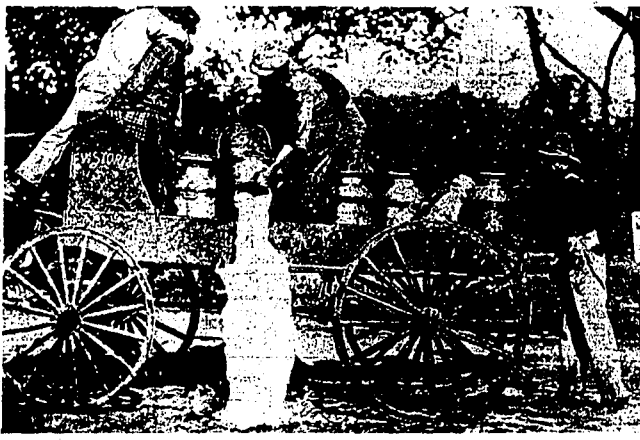

KIMBERLY—Members of the Kimberly Grange discussed bids on building improvements during their meeting Monday night. The group voted to paint the kitchen and dining room floors, with the home economist and building committees directed to select the type and color of paint used. Members decided to install an outside hydrant during the coming work-day so shrubs might be planted on the grounds and watered. Plans for the exterior of the building was discussed with no definite plans made. The grangers decided to contact the Chamber of Commerce and the Lions Club to ascertain whether these organizations would be interested in erecting signs along with the Grange sign, which will be erected on the edge of the village limits. Mrs. Burton Harman, chairman of the Youth Safety committee, spoke to the group about the slow moving equipment emblem, and suggested they might be good projects for youth groups.

A letter from the county fair board revealed the Centennial theme will be used for the Grange booths this fall. They recommended the various granges register for displays early, if assured of adequate space. The fair board also asked for suggestions to help make this coming fair the best agriculture fair in the state.

Mrs. Leslie Lowe, home economics chairman, reminded the women of the Grange sponsored sewing contest. She also stressed that non-members desiring to enter the contest be invited to enter their entries under grange sponsorship. The group was asked to remember the dates for the coming events in April, the Pomona Grange meeting April 8 in the Knoll Grange Hall, the special Operating Forwarding meeting and potluck supper 7 p.m., April 10 in the Kimberly hall and the meeting April 12 with the Mountain Rock Grangers where the Kimberly group will present the program. Mrs. Jean Britt, lecturer, opened the program with the Centennial candle lighting ceremony and read an article on March, the Service Month. Roll Call was answered with memories of past Easters or how the members spent this Easter Sunday. Hostesses for the evening were Mrs. Dora Nall, Mrs. Edith Patterson, and Ella Thomas.

PROGRAM TO START
 The next week program will be April 11. Applications must be made in the county ASCS office before the work is started or the cost share payment cannot be made.

MILK STRIKES in the United States are not a modern thing. This old photograph, which appeared in the 1917 edition of "Around the World With a Camera," shows milk producers near New York dumping their product because of a price

Panel Named For Lincoln Farm Projects

SHOSHONE — New steps are announced to insure that rural communities don't miss out on help available from any source in the rural aid program. Chairman of the Technical Action Panel for Lincoln County, Frank Dallas, said the panel has been designated as the central source of information here and there will be a "concerted" service in Lincoln County. The plan results from an order by President Johnson that all Department of Agriculture field offices be put at the disposal of other federal agencies to help make their programs effective in rural areas. Local organizations will be able to find out through the county TAP whether agriculture or some other federal department or some state, county or private agency, has a program to help that could be carried out with local resources alone. Technical Action Panels include the local officials of Department of Agriculture agencies, such as the Farmers Home

Administration, Soil Conservation Service, ASCS and Forest Service, plus the Extension and Vocational Agricultural services and any other agencies that have services to offer toward rural development.

Lincoln County the TAP panel also includes the Agriculture Research Service. Dallas, who is county supervisor for the Farmers Home Administration, said inquiries can be submitted through his office in Shoshone or the office in any other agency on the County.

Idaho Grassman Program Will Continue This Year

BOISE—The Idaho Grassman program will be continued in 1967, the state committee unanimously decided at a meeting in Boise.
About 20 representatives of sponsoring agricultural, industrial and civic organizations launched the 17th annual effort to strengthen grasslands farming as a vital factor in the agricultural economy and select Idaho Grassman winners. Richard Rothwell, Darlington, and Don Peterson, Graceland, were selected chairman and judge for 1967. Other officers reviewed were Hugh Hough, assistant chairman, and Robert Hendelider, secretary. All are of Boise. Marzine, Marzine, state Grassman of 1966, attended the kickoff luncheon. He said farmers are interested in the program and appreciate the knowledge they gain as well as the prizes.

Appointments To Credit Boards OK'd

WASHINGTON—The Senate has confirmed President Johnson's appointments of 15 eminent farmers to the Federal Farm Credit Board. They are Milton P. Dalley, Twin Falls; Minn. and Paul Arthur Dobson, Exeter, Calif.

Solon Urges Curb On Dairy Imports

WASHINGTON—Passage of the Dairy Import Act of 1967 would solve the number one problem of the dairy farmer, says Sen. James O. Eastland of Mississippi in a Senate speech. "We all know that the dairy farm industry must be kept at a production level high enough to meet the needs of our consumers," he said. "The flow of imports is cutting into market for our dairy farmer has counted on for many years and this is one major reason prices paid dairy farmers are not in line with the rest of the economy."

MANAGER NAMED

MINNEAPOLIS — David H. Henry has been named general manager of Land Lanes Creamery in Minneapolis. He succeeds Frank D. Stone who retired.

ISU Expects 66 To Turnout For Spring Football

POCATELLO — Spring drills will start Saturday in Pocatello for 66 candidates for the 1967 Idaho State University football team directed by head coach Leo McKillip. McKillip, getting ready for his second season at the Bengal helm, will greet 23 letterman back from last season's team which compiled a 3-6 record. The Bengals will practice five days a week for four weeks with a full scrimmage week set for each Saturday. The last Saturday, April 29, which is usually the varsity-alumni game, may be switched to the following weekend, McKillip stated.

Takes Lead

SAN FRANCISCO (AP) — Staked to a 22-point lead by great shooting from Rick Barry and Nate Thurmond, the San Francisco Warriors held off a determined fourth quarter rally by St. Louis to beat the Hawks 117-115 in the first game of their playoff for the National Basketball Association Thursday night.

Soccer Seen As Top Draw In 5 Years

LOS ANGELES (AP) — Prediction that major league soccer will catch on in this country within five years was made Thursday by Ken Macker, commissioner of the new National Professional Soccer League.

Macker, making a personal tour of the 10 league cities, said at a press conference, at least half facetiously.

"The first year of the league will be an educational one. We will take the public by the hand, lead them to the stadium and tell them this is a soccer ball. This is the playing field and there are the goals."

Macker is here to meet the personnel of the Los Angeles Toros, including the players. "We went into this league because we feel soccer will be a tremendous success. It won't be half-way," said Macker. "Soccer has always been here, but the public has passed it up. Properly because of the caliber of the game."

Macker is scheduled to visit the San Francisco Clippers Friday. The Clippers and the Toros play here Sunday.

Junior Skiing Teams Arrive At Sun Valley

SUN VALLEY, Idaho (AP) — Ski teams from 10 western states have arrived at Sun Valley for the Western States Junior Championships. They made practice runs down Warm Springs International Thursday for the downhill scheduled Friday morning and the slalom Saturday.

The courses will be set by Christian Pravda, former Austrian world champion skier. States represented are Idaho, Utah, Nevada, California, Colorado, Wyoming, New Mexico, Washington, Montana and Oregon.

Sun Valley's lifts will run Sunday for the last time this season, although snow conditions are still excellent.

RECOVERING

PITTSBURGH (AP) — Ernie Terrell, former WBA heavy-weight boxing champion who lost a decision to Cassius Clay in Houston on Feb. 6, said Thursday he was recovering rapidly from the injury to his left eye suffered in the bout. He was operated upon three days later.

Clay Doesn't Plan Title Bout In Houston; Suggests Patterson Rematch

CHICAGO (AP) — Cassius Clay's manager said Thursday night there are no prospects of the heavyweight champion will defend his title in Houston, Tex., in the near future, but that Clay definitely is interested in a match with Floyd Patterson in Detroit.

Earlier, it was reported that Clay — raising Army induction April 28 — was considering a Houston rematch with Patterson. Clay's manager, Herbert Muhammad, said an offer has been made for a match in Detroit April 25 and that Clay, who prefers to be known as Muhammad Ali, was willing under certain conditions, to meet Patterson.

Four Teams Cop Baseball Victories

By The Associated Press

Big State Conference entries Idaho State and Weber State and Spokane College joined Treasure Valley College in the semifinals of the second annual baseball classic in Boise and Caldwell after Thursday games.

Spokane opened the tourney with a 2-0 victory over Boise college in the aid of five Bronco errors and the veteran right-hander Tom Lundy (twisted a one-hitter as Idaho State blanked Northwest Nazarene 3-0.

Treasure Valley handed Ricks College a 2-1 setback and Weber completed the day by scoring a 2-0 victory over College of Idaho at Caldwell.

Lundy, helped to a two-run cushion in the first inning, gave up a single to NY's Gary Tipton in the first inning and then tossed six innings of hitless ball at the Coward.

Jumping on starter Jim Lawson for three runs in the first inning, Weber rode the one-hit pitching of Dick Wilton to victory. The Wildcats added a single run in the third and two more in the seventh off relief pitcher John Hill, Twin Falls.

Liston Wins On First-Round KO

GOTEBORG, Sweden (AP) — Sonny Liston, the former heavyweight champion from Las Vegas, Nev., knocked out Dave Bailey of Philadelphia in 2:22 of the first round of a 10-round bout Thursday night.

The 34-year-old Bailey, winner of only one of his last 12 fights, was dropped for the count from a right to the temple.

It was the 34-year-old Liston's first fight since he flattened Amos Johnson, another American, in this city last August.

Liston weighed 221 pounds, Bailey 214½. Bailey made little attempt to fight the massive ex-champ, and concentrated on staying away.

Anderson To Be Featured Speaker At Area Basketball Recognition Banquet

Wayne Anderson, head basketball coach at the University of Idaho, will be featured speaker Monday night at the first annual College of Southern Idaho basketball recognition banquet. The event will be held at 7 p.m. at the Holiday Inn and will honor the Golden Eagles, state A-4 champion. Murrough and all the other high school basketball teams in Twin Falls and Jerome county.

Slam Olson, president of the sponsoring Golden Eagle Boosters, said all the high school teams have been invited but some may decline the invitation. The schools are asked to find sponsors for each of the team members.

Anderson has just completed his first year at the Vandell helm and had a winning season despite gloomy predictions from the "experts" before it started.

Anderson expects to sign Clay to meet Patterson April 25 at Detroit's Cobo Arena. He would give no other details.

Clay, or Muhammad Ali as he prefers, has implied that he would prefer to go to jail "for my beliefs" than the Army.

Patterson, resting in seclusion before his fight, could not be reached for comment. But a source close to the former champion confirmed the report.

"There have been talks, and Patterson is expecting final word soon," the source said. He asked he not be identified.

The source said Detroit and Pittsburgh also were being considered as possible sites. He mentioned April 30 as the likely date.

Mrs. Jeanne Wilson, who operates the EAJ Sports Club, said in Detroit she expects to sign Clay to meet Patterson April 25 at Detroit's Cobo Arena.

The 6-foot-8 Kerr won the honor over his former Syracuse

Patterson Ready For Clay Fight

PITTSBURGH (AP)—Former heavyweight champion Floyd Patterson turned up to meet Cassius Clay by knocking out Bill McMurray Thursday night in the first round of a scheduled 10-round bout.

Patterson didn't even give his opponent time to get up after he started before lowering the boom.

Patterson stung McMurray with a left jab that landed in Sacramento, Calif., fighter to his knees, then finished him off moments later with a lightning combination.

Patterson weighed 197, McMurray 209.

Patterson is expected to meet Clay in the second round of a scheduled 10-round bout.

"I'm going to do the best I can," Patterson said. "I hope it is good enough to bring me out victorious."

Pappas Pegs Redlegs Past Dodgers 3-1

By The Associated Press

Milt Pappas gave up just three hits in eight innings Thursday at Cincinnati beat Los Angeles 3-1 in an exhibition baseball game.

Pappas, who went to the Red Sox in the trade with Baltimore for Frank Robinson last season, allowed the Dodgers their lone run in the fourth inning when Jim Lefebvre's home run. The Reds scored all three runs off Claude Osteen.

Harmon Killebrew hit his 30th home run of the exhibition season as Minnesota edged the New York Yankees 2-1. Dean Chance pitched six innings for the Twins and Ron Klince pitched two perfect frames in relief.

Leo Stange and Hank Fischer stopped Baltimore on first in his Boston beat the Orioles 1-0. A double by Tony Conigliaro drove in the winning Red Sox run in the sixth.

St. Louis picked up six runs in the first inning and Dick Hughes allowed just one hit in five innings, striking out seven as the Cards beat the New York Mets 6-3.

Penn Denies Existence Of Slush Fund

PHILADELPHIA (AP)—John Odom pitched five scoreless innings for Kansas City as the Athletics nipped Houston 3-2. Odom, aimed there via an unsatisfactory, Dr. Harry Fields said Thursday.

Fields said Wednesday night he had been fired because he challenged the use of an alleged slush fund to tutor athletes and charged football Coach Bob Odell with violating Ivy League rules.

Fields, assistant to the president in charge of Penn athletics, denied the slush fund accusation. He said the varsity club a year ago started a fund amounting to \$5,000, out of which varsity sweaters and other awards were purchased.

An Intercollegiate wrestling champion at Haverford College and a graduate of the Penn Medical School, Fields was named to revamp Penn's athletic program in July 1965. He was placed in charge of intramural as well as intercollegiate athletics.

Fields said a special committee be appointed by Dr. Guyford P. Harwell, Penn president, would be assigned the task of finding a new athletic director. He said "we have no one in mind right now."

Fields, who financed his medical wrestling professionally, said the fund referred to by Ford was in the hands of the university treasurer. Disbursements made from the fund are made by the treasurer, he said.

Dodd Reported In Good Condition

ATLANTA (AP)—Georgia Tech Athletic Director Bobby Dodd was reported in good condition Thursday at an Atlanta hospital after surgery.

Dodd, 57, who resigned as football coach earlier this year listed his health as one of the reasons he stepped down after 22 years.

He had been bothered for more than a year by a kidney ailment and had said when he quit as coach he might need an operation. He kept the Atlanta athletic director.

Pott Fires 65, Leads At Greensboro

GREENSBORO, N.C. (AP)—Johnny Pott took advantage of a late starting time to take an early spin Thursday around the Seaside Country Club course in 65, six under par, to take the first round lead in the \$15,000 Greater Greensboro Open, Golf Tournament.

Pott, 34, a long driving, crosshand putting 3-year-old, who has won four tournaments since turning professional 11 years ago, held a two-shot lead over defending champion Doug Sanders and two young Californians, Archer and Dave Stockton.

In fifth place, another stroke boy, Fred West, who had a surprising array of NBA castoffs in the league's playoffs.

Most rival coaches had predicted the Bulls would be lucky to win 20 games at most in the 81-game NBA regular season.

"The Coach of the Year honor makes me very happy, it was most gratifying," said Pott, who Thursday officially rejected a call to succeed his former college coach, Harry Combes, at Illinois.

"But it really should have been a dual award with Al Bianchi (Bull assistant coach) sharing it. I couldn't have done this without Bianchi, who more or less was the whip of our club."

"And I have to say also that the 12 boys on our roster gave out 200 per cent for us. I hope Bianchi returns next season, because nobody in the NBA has a finer coaching mind."

Pott had six birdies in his bogey-free 10-33 round, with his longest putt a 20-footer on the fourth hole. He had 31 putts and missed only two fairways, one by a foot.

Robinson Plays After Knee Drains

MIAMI, Fla. (AP)—Outfielder Frank Robinson played his first game of the baseball exhibition season.

The \$100,000 outfielder underwent surgery last Nov. 22 to have cartilage removed from his knee, and recently had complained of pain.

Robinson failed to hit the ball out of the infield in four tries Thursday, but he handled four outfield chances, including a rolling shoestring catch of a blooper from Boston's Reggie Smith. He had played only four innings in the past four games.

"It feels better now," Robinson said after a physician drained the fluid and said it would likely build up in the knee again.

"I've never had anything like this before, so I can only go by what they tell me," Robinson said. "I could get through the year having it drained every once in a while, but I hope I don't have to."

Escapes Injury

FORT MYERS, Fla. (AP)—Paul Casanova, first-string catcher of the Washington Senators, escaped with a sprained ankle Thursday when he jammed his leg sliding into second base in the fourth inning of a game against the Pittsburgh Pirates.

Pre-Season Injuries Hit Los Angeles Outfielders

LOS ANGELES (AP)—The Los Angeles Dodgers have added a new twist to the old comedy routine of who's on first. Now it's not only who's on first, but who's on third and in the outfield.

No strangers to pre-season problems, the National League champions flew two regular outfielders, Willie Davis and Lou Johnson, to Los Angeles Thursday for medical treatment.

Davis, the centerfielder, suffered a broken bone in his left ankle in the eighth inning at Bradenton, Fla., against Kansas City Wednesday.

At first it was believed to be only a bad sprain that would keep him out of action for a week or more. But Dr. Don Kannel, the team's physician at Vero Beach, Fla., discovered the more serious injury when the team flew back to its training base Wednesday night.

So off to Los Angeles went

Friday, March 31, 1967

Young Jim Lefebvre, who starred at second base as Rookie of the Year in 1965, has been switched to third — and Jimmy has made it abundantly clear he'll give it all he's got — but he isn't happy at third.

Coincidentally, Thursday was the anniversary of an epic event in the history of the Dodgers. It was a year ago to the day that baseball's most fantastic holdout came to an end as Kousser and Don Drysdale signed their 1966 contracts.
