The Magic Valley Newspaper Dedicated to Serving and Promoting the Growth of Nine Irrigated Idaho Counties

Final Edition

VOL. 84, NO. 61 TWIN FALLS, IDAHO, THURSDAY, JUNE 15, 1967 TEN CENTS

DISCUSSING PLANS for a special meeting of Idaho city-clerks during the convention next week for the Idaho Association of Cities are two of the Magic Valley area meeting hosts, Constance Lelsler, left, Twin Falls, and Loretta Klingenberg, Rupert, discuss nominating committee duties for the election of officers of the Clerk's Association. Clerks meet June 22 in a one day session with the remainder of the convention in full swing June 23 and 24 in Twin Falls.

## Cincinnati Race Rioting Eases; One Youth Shot

By The Associated Press  
A white teenager was shot by Negroes in a rioting car although racial rioting was eased generally Wednesday night in Cincinnati, Ohio. Violence hit another Cincinnati neighborhood late Monday and Tuesday, but rioting was broken up by police. One youth was arrested in spots as far as 11 miles apart although trouble came at a slower rate than the rioting and reports of injuries were fewer.  
Meanwhile, vandalism, at least two arson fires and windows broken, were reported in Dayton, Ohio, where three white persons were beaten when pulled from their cars.  
The violence followed a militant civil rights meeting when H. Rap Brown, who recently rejected Stokely Carmichael as head of the Student Nonviolent Coordinating Committee, asked Negroes, "How can you be non-violent in America, the most violent country in the world?"  
"You have to be ready to die; that's what he's doing to you," Brown said.  
Afterwards, Willie Ricks, Stokely Carmichael's brother, said rioting broke out in Dayton to "make the white men get on their knees."  
National Guardsmen patrolling Cincinnati were under order from their commander, Lt. Col. Francis B. Folk that "if fired upon, return fire and shoot to kill."  
Damage from looting, fires and smashed store windows Tuesday night was estimated at more than \$1 million.  
In contrast, more than 120 young Negroes in Tampa, Fla., apparently ended the violence which has disrupted Florida's second largest city for three nights.  
Striving to maintain an orderly situation, National Guardsmen and police reinforcements held out, while local members of the "City Youth Council" popped up in front of bars, on troublesome corners and in restaurants to urge that Negroes "cool it."  
National Guardsmen were moved to a baseball park to stand by after a fire in a two-story frame home and grocery store, but these were the only two blazes compared to 15 Tuesday night.  
Elsewhere, Negro leaders in New York, Negroes marched on the Alabama capital at Montgomery and violence and rioting broke out in Chicago for Negroes in an affluent Chicago suburb.

## Shrine Circus

The Shrine Circus has rescheduled performances for 8:15 p.m. Thursday and 2:15 p.m. Friday, according to circus promotional director Bob Sands.  
All performances of the circus were canceled Wednesday due to rainy weather, and Thursday morning's performance also was postponed.  
Buses transporting children to the circus Friday will leave Ketchum at 11:30 a.m., Castleford and Hatley at 12:30 p.m.; Bush, Shoshone and Gooding at 1 p.m., and Ellettsville and Wendell at 1:30 p.m.

## Extra Fund Use May Aid Department

BOISE (AP)—Use of surplus funds from the current biennial budget may help the state department to cut back their spending, appeared today the most likely method of providing additional money for the Department of Public Assistance.  
The legislature meets in special session Monday to consider the problem.  
A report from Budget Director James A. DeFenbach at a meeting of legislative leaders with Gov. Don W. Samuelson Wednesday put the anticipated surplus at \$16,677,000 at the end of the present biennium, June 30.  
Estimates used by the regular session of the legislature last winter ranged from \$10 to \$12 million.  
The regular session committed \$89,019,000 that surplus—most of it for state construction—leaving nearly \$7.5 million available.  
Samuelson has opposed use of surplus funds to finance continuing expenses of state government but he told the legislative leaders his proposed 4 per cent cutback in spending by all agencies except public assistance and public schools appeared unfeasible.  
He said some departments would operate under a 4 per cent holdback.  
The special session is primarily to provide an additional \$3 million in public assistance and to correct an error which removed the state's authority to accept Title 19 funds from the federal government.  
Samuelson listed 13 items for the special session to consider but said some of them are tentative and some of them will be given the legislature Monday.  
Correction of an error in the bill creating the Idaho Commission for the Blind was another definite topic to be considered by lawmakers, Samuelson said. See Legislature Pg. 2, Col. 4.

## Negro Squads Bring Peace To Tampa

TAMPA, Fla. (AP)—Squads of white-helmeted young Negroes—some of whom threw rocks at police when riots erupted in Tampa have brought peace back to the riot-torn city.  
"I think we have passed the critical point," Sheriff Malcolm Beard said as he went home in early morning hours to his own bed for the first time in four nights. "Those boys in white hats did a marvelous job."

## 2 Die In Separate Valley Accidents

Magie Valley's 1967 traffic toll increased by two when a 40-year-old Minidoka man and a 17-year-old Buhl youth died two hours apart in separate accidents.  
Walter S. Butler, Minidoka, died in a one-car mishap at 10 p.m. Wednesday on state highway 24 about two miles north of Buhl.  
The 18th and 19th traffic deaths of 1967 in Magie Valley occurred June 14 and June 15 the result of an accident in Minidoka and Gooding Counties.

## Mariner 5 Locks Onto Star's Light

PASADENA, Calif. (AP)—Locks firmly onto the light of Canopus, Mariner 5 soared on toward Venus today on its 212-million-mile journey through space.  
The spinning spacecraft, launched early Wednesday from Cape Kennedy, Fla., settled into the jet propulsion laboratory said, after Mariner had found its guiding star.  
The 540-pound craft by error latched onto the sunlit face of earth before its sensors picked out Canopus as ordered by its tracking station in California.  
"It was still so close to earth that it looked on the earth's bright reflection," a scientist explained.  
When it was blasted aloft by an Atlas-Agena D rocket, Mariner was aimed within 47,000 miles of Venus, a miscalculation correction maneuver, however, in to fly the spacecraft within 2,000 miles of Venus by Oct. 19.  
Two days before Mariner's blastoff, the Soviet Union fired its heavier Venus 4 probe for a four-month flight.  
In Moscow, a Soviet astronaut intended Venus 4 was to fly near Venus rather than at the debate about the probe.  
A spokesman at the Jet Propulsion Laboratory said.

## Airline Defends Jet Flyover Plans

Saying that "the time is now," Ed Altman, vice president of West Coast Airlines in charge of industrial and community relations, Thursday told local businessmen and city officials the requested flyover of Twin Falls by the first company jets through this area would in no way change the scope of present jet service.  
"Mr. Altman" made the statement at an early morning session at the Regerton Hotel after the local leaders expressed concern that jet service flyover might create a pattern for future airline scheduling.  
Although the West Coast executive said that present jet-

## City Clerks Plan Annual Meet In T. F.

City clerks of Idaho will hold a separate one-day meeting June 22 in conjunction with the annual convention of the Association of Idaho Cities scheduled for Twin Falls.  
Mrs. Constance Lelsler, Twin Falls city clerk, said clerks will meet in the city hall at 8 a.m. June 22. A number of seminar sessions will be held with the first covering tax roll-back measures with Harold Johnson, secretary, Idaho Tax Commission, as speaker.  
Others include public relations with Harry Bruno, political editor-director, Treasure Valley Community College, Ontario, Ore., speaker; city reclassification with Dan Slavin, Idaho legislative committee member; and other speakers.  
Members of the nominating committee include Mrs. Lelsler, chairman; Bernard Lee Starr, secretary; and other members.

## War's Tempo Increases As Marines Fight

By GEORGE MCARTHUR SAIGON (AP)  
Marines battled Communist troops today at two points south of Da Nang. The war's tempo rose again after a hill riddled with American combat casualties last week were lost in nearly two months.  
"A Marine spokesman said, 'The war's tempo has increased. The Marine Regiment fought a Communist force of undetermined size that had a heavy mortar and automatic weapons mortar and automatic weapons force of 25 miles south of Da Nang. There was no announcement of casualties on either side."  
Elements of the 7th Marine Regiment battled about 60 undisciplined Viet Cong in Operation Mole 14 miles southwest of Da Nang. The Marines, saying nothing about any losses of their own, reported killing 15 of the Viet Cong.  
A Communist battalion of about 500 men cut to pieces in the Mekong River delta Wednesday as they repelled gunships and artillery.

## Mini-Liner's First Flight Observed

HAILLEY—Gov. Don W. Samuelson was among dignitaries taking part Thursday in ceremonies marking the first Mini-Liner flight servicing the Sun Valley Resort.  
The ceremony, held on the Hatley Airport runway, was highlighted by sunny skies and perfect flying weather.  
West Coast Thursday began a new schedule of non-stop flights between the Hatley Airport and Salt Lake City, Utah. The flight, piloted by Clyde Miller, was on hand, as was his Idaho counterpart, Pete Carrara.  
Gov. Samuelson noted pleasure in the inauguration of the new flight scheduled, noting See MINI-LINER Pg. 2, Col. 1.

## McNamara's Trip Expected To Bring Increase In Forces

By FRED S. HOFFMAN WASHINGTON (AP)  
U.S. Ambassador Arthur J. McNamara's ninth trip to South Vietnam next week is expected to bring a further increase in U.S. forces in Vietnam.  
The question of boosting U.S. forces in the war has been under study for months, but no final decisions have been made, Pentagon sources said.  
"The U.S. commitment in Vietnam now stands at better than 492,000 men. This is close to the 470,000 which officials have indicated as the currently planned build-up level."  
Gen. William C. Westmoreland, the U.S. commander in Vietnam, reportedly has submitted proposals for varying numbers of additional troops. These variations, it is understood, are based on different levels of military campaigning in the months ahead and different time periods in which to seek certain military objectives.  
Possible U.S. troop reinforcements under alternative proposals.  
See McNAMARA, P. 2, Col. 3.

## 2,000 Phones Temporarily In Service

Approximately 2,000 Twin Falls telephone customers were taken off service Thursday at 3:30 a.m. after some 20 hours without telephone communication because of heavy rain damage.  
Art Davis, Twin Falls manager for the Mountain States Telephone Co., said the repairs at this time are still under way. Disturbance from several days of continuous rains soaked into underground cables along Shoshone Street cutting the service in much of the north and northeast parts of the city.  
Mr. Davis said the moisture brought to light defects in about 1,500 feet of the main cable, which was replaced in trenches to dry out the cable, officials decided to replace it at this time.  
Cable was rumbled in Thursday morning from Coocleto, and crews were sent to Twin Falls from Boise to install the new 1,500-foot section.  
Although continued showers were hampering repair work Thursday, telephone officials said they expect to have the new cable installed and the service completed before the weekend.  
Traffic during slack hours is being routed along two lanes of the foot of street to facilitate equipment and crews.

east of Acquia. Paul Bradley Francis, Buhl son of Mr. and Mrs. William T. Francis, died in a truck mishap at 12:15 a.m. Thursday, four and a half miles east of Gooding on Highway 20 and 26.  
Mr. Butler died after his 1964 Ford pickup truck went off the left side of the roadway, traveled along the borrow pit for 247 feet, then rolled four times. Mr. Butler was thrown from the car and it rolled over him; State Patrolman Roy Thomas said. This was the third Minidoka County traffic fatality in two weeks.  
Young Francis died instantly after he swerved the 1964 GMC truck and semi-trailer he was driving to avoid a curve on the highway, and the truck overturned. His father, William (Tony) Francis, riding with him, was not injured.  
According to the father, the empty trailer jackknifed, turning the truck over. The boy died instantly of chest and neck injuries. Investigation is continuing by Gooding County Sheriff Vern Royce and Chief of Police Cliff Floyd.  
Mr. Butler was born Dec. 1, 1923, at Kimberly, and was grad-

## Selection Of Speaker First On Agenda

BOISE (AP)—Before legislation can be introduced in the special session of the Idaho Legislature which convenes June 19 a speaker of the House of Representatives must be chosen.  
Former Speaker Peter C. Carreras resigned last spring to become secretary of state.  
"A group of Republican-House members has introduced legislation to elect Rep. Harold Snow of Moscow.  
Two other representatives also have declared their candidacy for speaker—H. Ford Koch of Boise and Harold Snow of Moscow.  
Koch, however, may lose some support because if he is elected both the majority leader and the minority leader would be from Ada County.  
Rep. Robert Green, R-Boise, is the majority leader and has said he has no intention of resigning.

## U.N. General Assembly Will Probably Hold Emergency Meet This Weekend

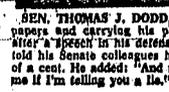

By WILLIAM N. OATIS UNITED NATIONS, N.Y. (AP)  
The U.N. General Assembly probably will begin an emergency session this weekend to debate a Soviet demand that Israel withdraw from the Arab territory it conquered.  
Secretary-General U Thant began polling the 123 U.N. members on the Soviet request for the session after the Security Council refused Wednesday to approve a Soviet resolution condemning Israel's "unjustified occupation of Egyptian, Jordanian and Syrian territory taken in the war last week."  
The Russians wanted the council also to demand that Israel troops pull back to the lines they held before fighting began June 5.  
There must call the assembly session within 24 hours after receiving affirmative responses from a majority of the members of 62 nations. Diplomats generally believed that a majority would agree by Friday and that the session would begin Saturday.  
Speculation continued that Soviet Premier Alexei N. Kosygin was attending the session. Foreign Minister Andrei A. Gromyko in his letter requesting the meeting said the Soviet delegation would include "the statement of the Soviet Union and AP Correspondent Henry S. Bradsher reported from Moscow that Kosygin was likely to be among them.  
The Soviet Union based its call for the emergency session on the "Uniting for Peace" resolution which the United States pushed through the assembly in 1950 to circumvent the Soviet veto in the Security Council.  
The procedure permits a majority action on a threat to international peace and security which is paralyzed by lack of unanimity among the big powers. The Russians in the past called the procedure illegal.  
U.S. Ambassador Arthur J. Goldberg told the Security Council during its debate Wednesday that his government was "not interested in maneuvering" such as the Soviet move to the assembly but rather wanted to work in the council for real peace in the Middle East.  
He said "the council has far from exhausted its possibility of contributing" to that end.  
Possible U.S. troop reinforcements under alternative proposals.  
See McNAMARA, P. 2, Col. 3.

## Tornadoes Turn Into Showers

By The Associated Press  
Tornadoes in the midcontinent dwindled to scattered thunderstorms by sunrise today.  
Overnight showers, mostly over the foot of the Snake river, Upper Mississippi Valley and the Central Plains.  
Denver reported rain for the first straight day in the rain fall for the period was 1/2 inches. Normally during June Denver has 1.4 inches and nine days of measurable rainfall.

## Sen. Dodd Testifies On His Own Behalf

By JOHN CHADWICK WHASHINGTON (AP)  
Sen. Thomas J. Dodd insisted today there were 80 or more trips for which he could have double billed his expenses last year, but he said he reported by the Senate ethics committee.  
He said the bipartisan committee had acted on erroneous assumptions in concluding he was embezzling or collecting air fares both from the Senate and private organizations in seven instances from 1961 through 1965.  
"This was one of two counts on which the committee proposed the Connecticut Democrat's censure for conduct that tends to bring the Senate into disrepute." The second count was that he had converted \$110,083 in political funds to personal use.  
"At the start of the third day" of Senate debate on the censure resolution, Dodd said it was only Wednesday that he learned of the count on which the committee decided the seven double billings represented a course of conduct deserving of censure.  
He said the count was mistakenly assumed he had only 10 opportunities for double billing. Dodd said today that in the 1965 period he made 26 trips for which he was reimbursed by the Senate for his travel expenses and 84 for which he was reimbursed by private groups.  
If he wanted in anyone in double billing, he said, he would have "invented a government agency or a state or city or private group and have developed a private engagement for the 26 trips made on Senate business."  
Dodd says he knows of no surprises planned in his defense, but his self-appointed defender, Sen. Russell B. Long, is hinting that new facts may be unveiled.  
Long, D-La., has said his own "what is it all about" and hinted that in time he will disclose new facts in the case.  
But when Dodd was asked about this, he said "I am not privy to it."  
Questioning of Dodd by Chairman John Stennis, D-Miss., of the Senate ethics committee was put off until after the Senate session.  
The bipartisan ethics panel recommended censure after a 14-month investigation that Dodd be censured for conduct that "tends to bring the Senate into dishonor and disrepute."  
It found the white-haired, two-term senator converted to his personal benefit at least \$110,000 in political funds and that he double-billed the Senate and private organizations for travel expenses on seven trips.  
Long has appeared to irritate other senators with his tactics, including his statements that any senator who doesn't hear all the debate should vote on the censure resolution.  
But Dodd said he thinks Long has been helpful. "I'm sure that the Senate will give me most grateful to him," he said.  
Asked about his relations with Long, the assistant Democratic leader, Dodd said the two never have been particularly close. "I haven't had any close friends," Dodd said, "but I have been too busy I wish I had."  
However, after his three-hour defense speech he reported fellow senators had been "friendly," courteous and some of them "complimentary."  
Long has said he plans to ask the Senate to discard the censure resolution. Dodd has said he would submit a motion to urge the ethics committee to draw a code of conduct for future guidance of senators.

SEN. THOMAS J. DODD, D-Conn., his arms loaded with books, today defended his Senate ethics committee charges. Dodd told his Senate colleagues he never cheated the government. He added: "I am the vengeance of God strike me if I'm telling you a lie." (AP wirephoto)

IF WISHES WERE FISHES each boy and girl entering the Twin Falls Fish Derby Saturday would catch several large enough to live up to the wildest fish story. Virgil Malone, left, and Bob Hanson check over water conditions in the Perrine Coulee, running through Harmon Park, where the derby will be conducted from 9 a.m. to noon. The Moose Lodge and the Twin Falls Recreation Department are co-sponsors of the contest open to children up to 12 years old. Greene's Trout Farm, Canyon Trout Farm and Frame Trout Farm are donors of the fish and the State Fish Hatchery will donate the truck and driver to transport the fish. Various sporting goods stores will furnish prizes for different categories.

### Astronaut Is Consultant On Fitness

WASHINGTON (AP) — Physical fitness says astronaut James A. Lovell Jr. is important "whether we are trying to reach the moon or merely running to catch a bus."

Lovell, veteran of two-space rides, is President Johnson's new consultant on physical fitness. He told a news conference everyone regardless of age should be in good shape so they can do their jobs better.

"That's why we're going to be talking to their health, longevity, appearance and performance."

That doesn't mean everyone has to be a Hercules, though, Lovell, who has to be in good condition as an astronaut, reported he can do only 25 push-ups.

Lovell, 39, was named to the physical fitness post to succeed former baseball star Stan Musial, but will also continue his work in the space program.

LINDA WATSON, 18, daughter of Mr. and Mrs. Don Watson, Buhl, was crowned Miss Buhl at the 1967 coronation at the Buhl Auditorium. Miss Watson will compete with other town winners at the Miss Idaho Pageant at Boise in June of 1968.

### Small Holdup

LOS ANGELES (AP) — It was only a small bank holdup — \$41.98.

Police said the bandit was a customer, who told a teller Wednesday that he had a complaint.

A court order delivered earlier in the bank attached the man's account and the bank deducted a check for \$41.98 as a result.

"I want my money back," the man demanded.

When the teller refused, he left but returned with a pistol, took the \$41.98 at gunpoint and fled.

## Luci Nugent Ready For Baby

By FRANCES LEWINE

AUSTIN, Tex. (AP) — Luci Nugent shopped at a supermarket for a family grocery list and her mother said she's "singing like a lark" as the birth of her first baby approaches.

Luci has everything in readiness. Mrs. Lyndon B. Johnson said today:

She said her 19-year-old daughter even went shopping for Father's Day presents.

Luci's father, the President, is expected here this weekend to join members of the family who are stork-watching. And, of course, there was Luci's husband, Patrick J. Nugent, 23, expecting to be a father by Father's Day, June 18.

The date the baby is expected to arrive recently at the Buhl Auditorium, Miss Watson will compete with other town winners at the Miss Idaho Pageant at Boise in June of 1968.

Luci isn't acting as though the birth is imminent and she's beginning to suggest a later date for the birth.

A steady stream of cars at the Nugent's fashionable pink brick home at 2706 Macken Drive Wednesday brought workmen.

### South Vietnam's Militant Buddhists Weak, Divided Force Without Cause

By BARRY KRAMER

HUE, South Vietnam (AP) — South Vietnam's militant Buddhists, who once could put tens of thousands of demonstrators into the streets, are now a weak, divided force without a cause.

The opinion of Vietnamese and Americans who have been watching the Buddhists is that the militant segment never covered from the loss of face last year when an all-out effort failed to topple the regime of Premier Nguyen Cao Ky. They have become even more fragmented since then.

The leader of the militants, Tri Quang, is now virtually powerless.

His attempts to stir up trouble during Buddha's birthday celebration in May, which included a parade and the demolition of a Buddhist school teacher, drew scant attention.

"For the first time since 1963, when the Buddhists organized the first 'struggle movement' that led to the overthrow of the Ngo Dinh Diem regime, Hue University is finishing an uninterrupted school year."

Hue, the ancient capital of imperial Vietnam, remains the center of militant Buddhists, with other pockets in Saigon and Da Nang.

The roiled honzes who are followers of Tri Quang are shunned by government police and are not allowed to travel between the major Buddhist centers. Some have been stopped at airports and sent back to the city from which they came.

Tri Quang, a native of Hue, has been at the An Quang pagoda in Saigon for almost a year and has been forbidden by the government to return to Hue.

There are also divisions among the leadership of the militants.

Tri Quang and the leader of the "moderate" Buddhists, Tam Chau, joined in the opposition to Ky last year but are now at each other's throats. Tam Chau calls Tri Quang "Communist-inclined," and Tri Quang accuses the Tam Chau Buddhists for "treason and open collusion with U.S. dollars."

Tri Quang's group remains vehemently antigovernment.

## Music Classes Start Monday At Hazelton

**EDEN-HAZELTON**—Summer music classes for the Eden-Hazelton School District No. 268 will be held Monday through July 28 at the Hazelton School gymnasium.

Students may register by coming to the regularly scheduled classes Monday through Friday. Materials to be used will be distributed during the first class session. No classes will be held July 4.

The recorder class will include activities using percussion, bells, piano and recorders. This class is designed to prepare students for music class activities in the fall, and to provide basic instruction in instrumental playing and music writing. Only third-graders may attend this class.

Four beginning band classes will be divided according to instruments so that more individual instruction can be given. Fourth to seventh graders who have not previously enrolled in band are invited to attend. Arrangements for an instrument may be made during the first day of class.

Music writing and appreciation will include instruction in writing in various styles. Fourth to seventh graders may attend. The beginning guitar class will concentrate on the fundamental techniques of guitar playing while the modern guitar, modern piano and modern drum classes will emphasize techniques necessary in playing folk and modern music, and will provide opportunities for students to write original arrangements. Students from fourth grade and above are invited to attend these classes.

The class schedules are as follows: Beginning band, clarinets and saxophones, 8 to 8:30 a.m. daily; trumpets, trombones and horns, 9 to 9:30 a.m. daily, and flutes, 11 to 11:30 a.m. daily.

Recorder class, 9:30 to 10 a.m. daily; music writing and appreciation, 10 to 11 a.m. Mondays, Wednesdays and Fridays; beginning guitar, 11:30 to 12:30 p.m. Mondays, Wednesdays and Fridays; modern guitar, 11:30 to 12:30 p.m. Tuesdays and Thursdays; modern piano, 12:30 to 1:30 p.m. Mondays, Wednesdays and Fridays; and modern drums, 12:30 to 1:30 p.m. Tuesdays and Thursdays.

Anyone who has questions regarding the summer music program should attend classes in which they are interested Monday or Tuesday to have them answered.

# Disney Empire Moves Forward

**By BOB THOMAS**  
AP-Movie-Television Writer

HOLLYWOOD (AP) — Six months ago today, Walt Disney died. In many ways, his empire without the creative force that shaped its destinies for 40 eventful years.

Walter Elias Disney had been the innovator and driving genius behind an enterprise that grew from Mickey Mouse cartoons to diversified entertainment for untold millions in almost every nation.

To many observers, his loss seemed crucial to the company that he and brother Roy had built. Yet such was his restlessly forward-looking nature that his plans continue to propel the Disney empire, and will for years.

There have been changes, of course. Key decisions do not come with the crackle of finality, as when Walt was in charge.

Now, policy matters go to committees for approval.

Yet top executives are still so attuned to Walt's way of thinking that decisions flow in his philosophy. Brother Roy, 74 next week, is the committee system has faults:

"It is not logical for the long pull, but it is logical for this period. We are going through. The system is working, and every one is in perfect harmony. As long as that continues, we're all right."

But some day one of the guys may grab a project and skyrocket with it. Then we'll turn and make his leader, but he won't be another Walt; he won't think anyone will ever be."

Roy continues as president and board chairman of Walt Disney Productions, and makes command decisions that once were Walt's. Roy was always

the moneymen, content to remain in the shadow of his spotlighted younger brother. His position as sole head has required adjustments.

"I've tried hard not to do anything that I didn't do before, but it hasn't always been easy," said the bespectacled balding Roy.

"I want to stay out of the show world; that's not my field; that could possibly fit in Walt's shoes."

The committee on which he relies for decisions in the show world field consists of eight men. All studio bred. During most of their adult lives they worked closely with Walt; all are passionately devoted to the Disney cause. Two are related to the Disney family.

The committee:

Bill Anderson, long No. 1 aide in the movie field and now vice president in charge of production.

Roy E. Disney, son of the president and well-versed in studio departments.

Ron Miller, husband of Walt's daughter and now a producer.

Winston Hibler, expert in nature films, which he narrates.

Bill Walsh, who assisted in creation of the Mickey Mouse character, "Shaggy Dog" and "Mary Poppins."

Jim Algar, a cartoonist turned producer.

Tyler, a 30-year veteran, an now producing television shows.

Card Walker, marketing vice president. He has the knowledge of what will and will not sell.

"The system is working well," says Bill Anderson, the production chief.

"We've had a couple of knock-down, drag-out fights, but that's healthy. We've had 'em with Walt, and we'll have 'em with Roy and go along."

"There is no back-biting here, there are no cliques. That's something Walt would never allow."

"The loss of Walt as a decision maker is felt by many of the staff."

"We all miss the man," remarked Ron Miller, who has the size of a professional footballer which he has the profile of an actor which he wasn't.

"If any of us had a major problem, we could take it to Walt and all of a sudden we had no problem. He solved it."

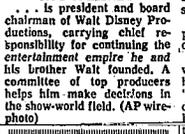

"In another office of the animation building you can find sketches of the great issues of Robert Stevenson and story man Don DaGradi working on a new fantasy, 'Boy-Cat-Girl.'"

DaGradi says he recalled how Walt stayed ahead of his film creators: "We used to be puzzled that he seemed to understand the movie market and pinned-up sketches of proposed scenes before we could explain them—or he would ignore whole sections of them."

"Finally he admitted that he would come into our offices the night before and look at the storyboard in the way that we were up to. He even went through the wastebaskets!"

"Walt had the habit of coming up with properties that nobody had ever heard of," continued British-born Stevenson. "Just when it seemed that we had nothing to do with, he'd reach into his bottom drawer and produce something worthwhile."

Walt's office, at the far end of the third floor, remains unchanged since his death last Dec. 15. Likewise the studio he built is unchanged in form and operation. That situation is likely to continue until a strong new leader emerges to take charge of the empire that started with a mouse.

## Billboards

**LAS VEGAS, Nev. (AP)** — Three years ago Susan Reese of Las Vegas forgot her husband's birthday.

The next year Kaye Reese took out ad in a newspaper to remind her. Last year he used radio commercials.

"This year friends heard him say he had run out of ideas. So they added a new feature."

Portable billboards have been set up at several major intersections reminding Susan that "Kaye Reese announces his birthday this Thursday."

## Issues Of "Awake" Are Distributed

Mr. R. V. Shaw, presiding minister of the Jehovah's Witnesses, announced Thursday that members of the congregation have been distributing copies of their journal, "Awake," to many prominent, professional Magic Valley residents.

"An interesting feature of the danger threatening one's freedom to choose medical treatment," said Mr. Shaw, "is that many prominent doctors, lawyers and other professional people involved in this issue, and hopes to enlighten all readers as to the threat posed now in many states concerning one's right to choose medical treatment."

One of the articles states, in part, "The witnesses of Jehovah do not reject blood transfusions or object to coercive blood transfusions primarily on the grounds that they are hazardous. However, the fact that transfusions are a part of us should stop physicians and judges from forcing them on patients who have conscientious scruples against such use of blood."

"All lawyers, doctors, law enforcement persons, state representatives and others are being called on to stand up for the journal. We have received many encouraging replies and comments thus far," commented Mr. Shaw.

All interested persons may obtain a copy of this issue from members of the congregation.

## New Rules On Well Drilling Are Aired

**BOISE (AP)** — Proposed regulations governing drilling of water wells under new Idaho legislation were aired Thursday at a public hearing conducted by State Reclamation Engineer R. Keith Higginson.

The regulations were discussed informally earlier at a series of hearings throughout the state and after their adoption four follow-up sessions are planned.

Higginson said the latter are intended to acquaint drillers with requirements for licensing under the new law, which goes into effect in the legislature. Each of the meetings will conclude with an opportunity for drillers to take any amendments required under the new law.

Higginson said the primary purpose of the regulations and licensing procedure is to be certain that a driller is qualified and knows Idaho law regarding water usage.

The regulations require posting of a \$1,000 bond to obtain a license. Licenses may be obtained by an individual, well driller, partnership or corporation by a firm. In the latter event, individuals associated in the firm need not obtain separate licenses but must be qualified as drillers.

The old law provided for licensing of drillers, Higginson said, but established no qualifications for obtaining such a permit.

The new law also authorizes establishment of minimum standards in the drilling of a well and Higginson said they will be developed later in the year. Public hearings will be conducted before they become effective.

The seminars planned as follows in the licensing process are scheduled June 28 in Coeur d'Alene, Higginson said, June 30 in Boise, July 5 in Twin Falls and July 8 in Idaho Falls.

## 2 Named To New Forestry Division

**BOISE (AP)** — Two appointments in the reorganized State Forestry Division were announced Thursday by Land Commissioner Gordon Trumbley.

Fred A. Kisabeth, Orofino, was named deputy assistant land commissioner for forestry and Donald D. Jones, Sandpoint, was named chief of timber management.

Both appointments are effective immediately, Trumbley said.

Kisabeth, 35, has been area forester for the Clearwater area since June, 1962, and has been a state employee since 1958. His headquarters in his new job will be in Boise.

Jones, 41, a state employee since 1937, has been district forester in the Kankana area since July, 1960. In his new assignment, his headquarters will be in Coeur d'Alene.

The 1967 legislature reorganized the land and forestry departments, making the land commissioner, also the state forester. He is aided by two assistants, one for forestry and fire and another for land minerals and leases. Kisabeth will serve as a deputy to Jack Gillette, the assistant for forestry and fires.

## 4-H'ers Hear Director Of Foundation

**MOSCOW, Idaho (AP)** — The brother of the late Dr. Tom Dooley Wednesday challenged Idaho 4-H members to always work for new goals. Malcolm Dooley, director of the Tom Dooley Foundation, told some 700 high school students attending the state conference that his brother worked and strived to improve service to others by telling himself, "I must always go to the next level."

The Tom Dooley Foundation currently has three clinics operating in Laos and one in Thailand. The organization carries on the work of Dr. Dooley, who both worked and strived to help the rural people of Laos, Cambodia and Vietnam.

The foundation has inaugurated a new river boat program on the Mekong River. Dooley told the 4-H'ers. He said the mobile health units are "serving the Thai and Lao sides of the river."

## 600 Sign Up For Swimming Instruction

**RUPERT** — More than 600 young people signed up for Red Cross swimming instruction this summer at the opening day of registration Saturday.

Mrs. George Burton, water safety director, said 227 will participate in the opening session from June 19 to July 1, 194 are registered for the second session from July 3 to 15, and 128 indicated plans to take the lessons from July 17-23.

Private and semi-private lessons started this week, with 59 children, some of them preschool youngsters, in this group. Cross swimming instructions have had to be cancelled because of the stormy weather. Announcement of the daily schedule is made at 7:45 a.m. and 9:45 a.m. on KAYT Radio. The radio is also making noon announcement of regular pool hours during the cool weather. According to the recreation director, Paul McCloy, registration will continue from 2 to 5 p.m. Saturday for those who didn't get signing up at the first session.

Last year over 800 were involved in the water safety program. Mrs. Burton said she also noted that six water safety aides are enrolled in the program as instructors.

## REGISTRATION ENDS

**IDaho STATE UNIVERSITY, Pocatello** — Monday is the last day for full registration of adding courses for the 1967 summer session at Idaho State University. Classes began June 13, but students are allowed to complete registration for the full-eight-week session through Monday.

PASSING THE GAVEL is Mrs. J. L. Driskell, left, installing officer of the Burley Toastmistress Club, to newly elected president, Mrs. Howard Donaldson. Looking on are

Mrs. Spencer Black, vice president; Mrs. Eva Hatfield, secretary, and Mrs. Clarence Barkes, treasurer. The officers were installed recently in Burley.

### New Officers Installed By Burley Toastmistress Club

BURLEY—New officers were installed for the Burley Toastmistress Club Tuesday evening during a meeting in the conference room of the Idaho Bank and Trust Co. building.

Members and guests were welcomed by Mrs. T. Wayne Woodland, president. Mrs. J. L. Driskell gave the invocation and led the pledge to the flag.

Tables today were directed by Mrs. Clarence Barkes using the theme, "What have I gained from Toastmistress during this year?" Mrs. Key Guiles was table topic winner.

Reports were given by Mrs. Woodland and Mrs. Olin Baker on the Snake River region Toastmistress Conference they attended June 9-11 at Yakima, Wash. Mrs. Baker was elected as the treasurer for the region.

It was reported that Mrs. Lurie McCaution has had surgery in Salt Lake City and now is at home.

Education lesson was given by Mrs. Freida Manning.

General theme of the evening was "A Tribute to Old Glory." Toastmistress was Mrs. LePage Layton.

Speakers were Mrs. Eva Hatfield, using the title of "Our Plans" and Mrs. Spencer Black spoke on "But We're Alive." Blue pencil was awarded to Mrs. Black.

Evaluators were Mrs. Guiles and Mrs. Glenice Stevenson. Timer was Mrs. Woodland and general evaluator was a round table discussion.

New officers installed were Mrs. Howard Donaldson, president; Mrs. Spencer Black, vice

### One Big Goal

LONDON (AP) — John Mostley, Turner Britain's oldest man, is 111 today.

He said he has one main ambition left—"I want to celebrate my 112th birthday."

### Idaho Pilot Praised For War Action

SAIGON (AP) — Capt. Keith E. Killmann, of Kellogg, Idaho, and W. O. William Koch, of Philadelphia, drew praise today for their helicopter evacuation of three wounded army men.

Killmann, pilot of the Army helicopter, and Koch, the copilot, flew over dark, fog-shrouded jungles of Kuan Loc, 40 miles east of Saigon, early Wednesday trying to locate the wounded men who were part of a patrol.

While Killmann and Koch tried to find the patrol, two armed helicopters orbited overhead to protect them.

"It was so completely dark, we couldn't even see the horizon," said Killmann. "They fired flares to mark their location, but then we had some heavy clouds, and the ground was covered by fog."

First Lt. Robert W. Higgins, of Tuscaloosa, Ala., leader of the patrol, guided the helicopter into a secluded landing zone by radio.

"Said Killmann: "I was finally able to touch down near the patrol after several passes. It's not the kind of flying I'd want to do every night, but if we got called for the same thing again, I would certainly give it a try."

### Shoshone Rotary Club Has Meeting

SHOSHONE — D. G. Mitchell presented the program at Rotary club Wednesday noon, giving his version of favorite poems.

During the business meeting, members decided to assist the Methodist Church with a project to entertain Bureau of Land Management employees and college students home for the summer with a coffee cup hour each Tuesday night. The event will be held at the Church Fellowship Hall. The Rotary will print the cards on which rules and regulations for those attending will be printed.

Coffee and probably cookies will be served and pop will be made available for purchase by those wanting it. Two boys and a girl will be selected to write the rules.

The birthdays of members of the Cecil Cope family, Julie Schmidt and Tom Lenam, Gooding, were observed with the birthday song. Also visiting from Gooding was Alan McCombs.

### Crowded

TOKYO (AP) — Pigeons as well as people present crowding problems in popular Tokyo Park officials in the world's biggest city lament that the fast-multiplying birds are ruining flower beds. They plan to repeat a cull that worked pretty well three years ago—about 1,400 pigeons were caught and presented to other Japanese parks and zoos and, as a good-will gift, to Seoul, South Korea.

**BEST BETS FOR MOVIES**  
 8:00 p.m. - 5:00 p.m. - "Escape from Zahrain" (1961). Yul Brynner and Sal Mineo are completely incredible as two Arabs in this Hollywood-type B-movie which depicts the "daring" rescue of a revolutionary leader and a "treacherous" drive across a "vicious" desert to the border. "The border" is never fully closed down, reason for the "daring" rescue is not outlined—other than that the film's moral is well put. Stay away from deserts.

## Los Angeles Area Rocked By Tremor

By WILLIAM F. ARBOGAST — WASHINGTON (AP) — New draft legislation requiring debarments for most college undergrads who request them and directly recommending that 19-year-olds be inducted first is should decide to travel by the two short steps from becoming law.

The compromise measure cleared the Senate Wednesday and shared priority in the House with a bill aimed at halting a railroad strike scheduled to start next week. House leaders hoped to pass both measures today with the President's signature. The strike bill having the right of way. If the draft bill wasn't acted on today, the leaders said it would be considered next week.

After passage it would go to the President for signature. The draft proposal would go into effect for four years starting July 1 and would make several basic changes in the Selective Service Act of 1948. It would require local draft boards to grant deferments to undergraduate college students requesting them and meeting above her knees, she told an straggling crowd of 500 to 600 people.

The deferment would end when the student reached age 24, left school or completed his undergraduate work, whichever came first. The student would then go to the top of the group available for induction, ahead of the 19-year-olds.

Student deferments are discretionary with local draft boards under the present law. While the legislation does not repeal the induction of 19-year-olds ahead of all others, Congress has endorsed in formal reports the President's announced plan to put them at the top of the priority list. This would be a reversal of the present system of 19-year-olds.

They are now at the bottom of the list. **Dear Abby**

By ABIGAIL VAN BUREN  
**DEAR ABBY:** I must write you while I am still in a state of near hysteria.  
 My husband eats so fast, it's ridiculous. Abby, I spend hours preparing a tasty meal, setting a nice table, and it's practically wasted because he's finished with his meal in five minutes. It's not due to boredom, either. We always have plenty to talk about, but he races through his meal and rushes me so that he can have his coffee.

It finally got my goat so I asked him to wait till the problem was and he said to ask Abby. So I'm asking you. MRS. P.

**DEAR MRS. P.:** It's probably due to habit. At one time your husband acquired the habit of bolting his food, and you continue to do so to even this day. You need for it. If you can subtly remind him to slow down without starting a civil war, do so. (It will be better for his digestion.)

And for Father's Day, get Old Speedy an electric coffee maker, set it on the table and let him help himself to coffee while you're still cooling your soup.

**DEAR ABBY:** Since most of the younger set are preoccupied with sex, here's an old timer's rating of the facts of life after 21 years of marriage and a slew of kids.

Sex . . . 0  
 Comfort and companionship . . . 100  
 Guys find a girl you enjoy talking to, one who likes to cook and keep house, and if she looks like a gummy sack full of pumpkins, so what? To coffee while you're still cooling your soup, they tell me. I shouldn't know, and I'm glad of it.  
 HARRY (VALLEY CITY, N.D.)

**DEAR ABBY:** I have a very nice electric clock. It's a small one in an attractive wooden case and I keep it on a drum top table in the living room, but my wife says that according to Emily Post, it is not permissible to put a clock in the living room. I enjoy it for my own pleasure, and it's handy so I don't have to go elsewhere for the

**Migrant Camp Project Set By Area WSCS**

HANSEN—It was decided to make up a box of sewing materials and used clothing to be sent to the migrant camp, at the Hansen Circle of Woman's Society of Christian Service meeting at the home of Mrs. W. I. McFarland.

Other items such as Reader's Digests, used jewelry and plastic bottles can also be used by the YM-YWCA who are also helping with projects at the camp.

The group decided to have a tea for the wife of the new minister at the general meeting to be held Wednesday.

Mrs. Kenneth Naylor presented the lesson study, "The Church is Going There," letters from servants working around in the world. All members participated and a guest, Mrs. Ruby Hill, a former member, also participated.

Mrs. Hugh Sanderson will have the July 5 program, which is a 1 p.m. luncheon at the home of Mrs. W. C. Klutz.

Mrs. Bryan Harris Sr. and Mrs. Thomas Steelsmith were asked to help Mrs. Urban at the Wednesday meeting in serving the tea.

time. I am 78 and my wife is 74. May I have your opinion? I thank you.  
 F. A. W.

**DEAR F. A. W.:** A clock belongs where it affords the most convenience. Leave it in the living room and tell your wife that Abby says it's all right.

**DEAR ABBY:** People who crab about television commercials give me a royal pain in the neck.  
 Don't they realize that it's the commercials that make it possible for us to get all that entertainment on television for free? Those complainers would really howl if they had to put a quarter in the slot every time they wanted a few hours of television.

So tell those grumblers if they don't like the commercials, to get their own, but not to stir up something that might make it tough for the rest of us.

Doris Ione Betts was married to Michael Timothy Bailey, son of Mr. and Mrs. Robert E. Bailey, Pocatello, in rites June 3 at the Lutheran Church of the Good Shepherd, Pocatello, with Rev. C. H. Anderson performing the nuptials.

The bride, given in marriage by her father, Ernest L. Betts, Twin Falls, wore a floor-length empire-style gown of decorated ivory satin. Her floor-length train was attached at the shoulders; her shoulder-length veil of bridal illusion was held by a pillbox headpiece trimmed with dusted ivory satin. She carried a bouquet of white daisies, and Baby's Breath.

Bridal attendants included Mrs. Janet Anderson, sister of the bride, as matron-of-honor, and Mrs. Janet Welch and Donna Bayhouse, Boise, bridesmaids.

Matthew Bailey, Pocatello, brother of the bridegroom, was ushers were James C. Roberts, Pocatello and Houston, Tex., and Fred A. Choate, Twin Falls, fraternity brothers of the bridegroom.

Organ music was provided by Craig Hulvey.

A reception was held immediately after the ceremony in the church basement. The bride's table was covered with a broadecade tablecloth in green and silver which was used at the wedding of the bride's parents. The cloth was made by Mrs. Angeline Wright, Buhl, grandmother of the bride.

The table was centered with a three-tiered wedding cake trimmed with yellow roses and topped with a ceramic bride and bridegroom which was also used at the wedding of the bride's parents.

Cindy Mayo, Salem, Ore., college roommate of the bride, attended the guest book. Mrs. Deanna Mendiola, Boise, served the cake and pouring were Sharon Voorces, Boise, and Sandra Drake, Twin Falls, roommates of the bride.

Out-of-town guests attended from Iowa, California, Montana, Utah, Idaho Falls, Buhl, Rupert, Gooding, Nampa, Blaine and Melba.

After the wedding, the newlyweds were honored at a wedding party at the home of the bridegroom's parents, which included a serenade by the bridegroom's fraternity brothers. The couple took a wedding trip to Yellowstone National Park.

The newlyweds have departed for Salem, Ore., where they will reside for the next three years.

**Valley Woman Honored At Wedding Party**

SHOSHONE — Mrs. Eugene Rawson, the former Velma Allen, was honored at a joint farewell and wedding party recently at the local LDS Church Recreation Hall.

Seasonal flowers were used to decorate the hall.

As a special feature the Music Auxiliary scrapbooks, kept by Mrs. Rawson during the 10 years she taught in the Shoshone school system, were on display.

A scrapbook was also made by those attending the event, with pictures taken by Mrs. J. O. Stimpson, and each person present contributing thoughts, wishes and giving personal messages for the book. Mrs. Burton Thorne, who was in charge of the book, gave the welcome address and introduced program numbers.

A group of boys from the church-sponsored Scout troop, who have been instructed for musical numbers the past year by Mrs. Rawson, sang and expressed appreciation to her for her help. Jaunita Harris, representing the teenage youths of the community, played an accordion solo and thanked Mrs. Rawson for help to her group.

Mrs. Burton Thorne and Mrs. Harold Thorne presented a narration of Mrs. Rawson's activity in the school and community over the years. Colleen Allen, Mrs. Rawson's daughter, assisted.

Miss Lamb was graduated from Buhl High School and completed a medical secretarial course at Kinnman Business University. She is employed in the offices of Drs. Robert and Elizabeth Welty, Spokane.

Mr. Heard is a graduate of Stevenson High School, Stevenson, Wash. He served three years in the Air Force, including a tour of duty in Thailand, and is stationed at Fairchild Air Force Base, Spokane.

Vodka's growth—from zero to 10% of the liquor market in 15 years—has left the industry breathless. Heublein's Smirnoff Vodka started it all; it's still the leader. Ralph Hart explains why: Smirnoff's success was given its impetus by newspaper advertising. For two years our advertising appeared in newspapers only—and newspapers still claim the largest share of our budget because we know newspaper advertising works.

# Concrete Idea Doesn't Work Out

**RICHMOND, B.C. (AP)**— Curtis Eystone decided replacing some of his lawn with concrete would cut down on his mowing. Now he has a big chunk of his half-acre lawn with a large, curved driveway which he had some lawn left to mow.

Eystone planned to fill in a big chunk of his half-acre lawn with a large, curved driveway leading from a new bridge over a ditch in front of his property.

As the last load of concrete arrived Tuesday, the old wood-on-bridge collapsed under the 21-ton truck.

Firemen arrived and began trying to wash out the six tons of hardening concrete.

A crane tried to lift the truck and the cable snapped, plunging the truck, nose-down, deeper into the ditch.

Two more cranes came and moved the truck. But in the process they chewed up the driveway—knocked down—fences, uprooted trees and broke the water main leading to the house, creating the lake.

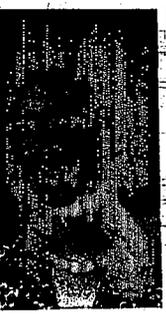

When Eystone's wife and 2-month-old son, Michael, got home, they found about 200 spectators outside and no water inside. They moved to a hotel.

The lake in Eystone's front yard still was growing Wednesday night, fed by water from the main flowing down foot-deep ruts.

"I don't know where the main broke," Eystone said, "so we're going to have to dig about 170 feet from the main to the house, and there goes what's left of the lawn."

"My yards looks like a second world war battlefield. Damage is about \$5,000 to the place, and \$25,000 to the truck, but the trucking firm says to go ahead and have repairs made, so that's one problem off our minds."

"I don't like mowing grass, and I don't like concrete any more, either, but I haven't figured out which is worse."

# LBJ Bypasses Leaders In Reviewing Policy

**By JACK BELL**  
**WASHINGTON (AP)**— President Johnson apparently is bypassing Senate leaders in the first stages of reassessing U.S. policy in the Middle East.

The State Department's announcement Wednesday that it was asking two panels of private citizens to consult today on the course—the United States should take in the Israel-Arab crisis found senators wondering when and if they are going to be asked for their opinions.

Chairman J.W. Fulbright, D-Ark., of the Senate Foreign Relations Committee said he hadn't been advised of any prospective policy changes and did not know the tack being taken by a special National Security Council committee. Johnson named last week. McGeorge Bundy, former presidential assistant, is its working head.

Fulbright said in an interview that as soon as the Senate acts on a pending Senate resolution against Sen. Thomas J. Dodd, D-Conn., he plans to call together the Foreign Relations Committee to take a penetrating look at the Middle East situation.

Senate Republican Leader Everett M. Dirksen, frequently consulted by Johnson on Vietnam war decisions, said he expects a discussion on Middle East policy decisions at a bipartisan White House meeting before any action is taken to put them into effect.

But Dirksen said he has no idea when such a meeting will materialize.

Senate Democratic Leader Mike Mansfield said he hasn't been told such a conference will be held and isn't being consulted at this point about possible policy decisions.

Included on the special citizens committee named by the State Department were former ambassadors John Kenneth Galbraith, Raymond A. Hare and Charles Yost.

State Department press officer Carl Bartch said the panels would meet chiefly with Asst. Secretaries Lucius D. Battle, who runs the Middle East bureau, and Joseph J. Sisco, who handles United Nations affairs. On the agenda, said Bartch, are discussions on "existing problems—raised by the crisis and

# Students Of Seoul Demand New Voting

**SEOUL, South Korea (AP)**—Thousands of students swarmed through the streets of Seoul again today demanding new parliamentary elections. Police picked up 515 of them for questioning.

Demonstrations and rallies charging irregularities by President Chung Hee Park's Democratic Republican party in the June 8 election also continued for the fourth day in other major South Korean cities.

Eleven more colleges and universities throughout the country closed their doors, arising to 23 the number that have suspended classes. In addition, 55 high schools declared temporary holidays to try to curb student disturbances.

# Lawyer In Ruby Trial Is Charged

**AUSTIN, Tex. (AP)**—A federal grand jury indictment unsealed in open court today accused Jasper, Tex., lawyer Joe Tonahill, one of the lawyers in the Jack Ruby murder trial, of evading \$125,732 in income taxes.

Tonahill pleaded innocent before U.S. District Judge Jack Roberts.

The three-count indictment was returned last April 14 and then sealed by agreement of both the government and defense attorneys, Roberts said.

The judge said the indictment was unsealed today "because the interests of the parties and of justice will be served by the unsealing."

Tonahill was one of the lawyers defending Ruby against the charge of murdering Lee Harvey Oswald, identified by the Warren Commission as the assassin of President John F. Kennedy.

Ruby was sentenced to death in the electric chair, but died of cancer last January while awaiting a new trial after his conviction was reversed and a second trial ordered.

### Illinois Gains New Hold On Giant Atom Smasher After Design Approval

By JIM ADAMS  
WASHINGTON (AP) — West on, Ill., has a new hold on the giant \$375 million atom smasher following House-Senate Atomic Energy Committee approval of a \$1.1 million design authorization for the project.

The 11-3 committee vote Wednesday reduces the chances that Weston could lose the proton accelerator over the question of open housing.

The authorization tying the project to Weston in a \$1.1 billion atomic energy project bill, a vote is scheduled next week in the House and little opposition is expected.

PHUOC VINH, South Vietnam (AP) — The wounded GI pressed his body into the thick mud behind a log, his bandages smeared with mud.

Fifteen men took cover in a huge mud hole left by bombs dropped from U.S. planes supporting the infantrymen. Others dragged the wounded through the mud on ponchos to the rear of the line.

Big Chinook helicopters had to carry both of the damaged helicopters back to Lai Khe.

### Mr. Hicks Named To Legion Post

PAUL — William Hicks was installed as commander of the Wilbur Hall Post, American Legion, at ceremonies conducted by the Fifth District Commander, Don McDonald, Eden.

The men fell into foxholes and quickly sank knee deep into the mud, jumping off assault helicopters, many stumbled into mud holes cratered by bombs.

Half an hour before midnight, the company reached the command post. Helicopters were there waiting to take the U.S. Command in Saigon said 60 Viet Cong were killed, but 20 Company saw no enemy bodies on the battlefield.

### Rights Leaders See Summer Effort As Boost For Plans

CLEVELAND (AP) — Local civil rights leaders view the announcement that national rights leaders will, in a joint summer effort to calm racial tensions in Cleveland as a probable boost for programs already in effect.

Leaders of nine national rights organizations announced Wednesday, following a secret summit conference near New York, the plan for concentrating their full powers in one city at a time across the nation.

By then it was 7:30 p.m., and the men were hit and barely made it back to the command post.

Ernest Cooper, director of the Urban League here, said he welcomed any constructive help the city can get but added it would not change the local program.

Other officers include Phillip Rahn, first vice commander; George Abo, second vice commander; Forrest McCarty, adjutant; and Otto Riedinger, sergeant-at-arms.

The retiring commander, Donovan Webster, conducted the meeting and announced a public dance to be held June 21 at the Legion Hall in connection with the Paul Farm Festival.

Other guests at the meeting were Leroy Lowell, past district commander, and Austin McPenney.

The auxiliary also held election of officers, with installation ceremonies scheduled for September.

Mrs. Marie McGregor was elected president; Mrs. Leola McGregor, first vice president; Mrs. Hannah Hicks, second vice president; Mrs. Alvin Stimpson, secretary-treasurer; and Mrs. Don Heald, historian.

Mrs. Marvin Looie, Fifth District president, will be the installing officer.

Elected as delegates to the department convention to be held in July in Mountain Home were Mrs. Leroy Leback, Mrs. Otha McGill and Mrs. Looie, with alternates Mrs. Leola McGregor and Mrs. Marie McGregor.

Mrs. David Krous and Mrs. Heald were appointed as auditors. Mrs. Looie reported a successful poppy sale. The group voted to add more strings, as well as flag pins for both men and women.

Mrs. U. Locander and Mrs. Juanita Padra served refreshments to both the legion and auxiliary following the separate meetings.

# Utah, Oregon, Payette Teams To Compete In T.F. Legion Meet On Weekend

Three American Legion teams, two from out of state, will move into Jaycee Park this weekend to help the Twin Falls club stage its second annual round-robin baseball invitational tournament.

Tooele, Utah; Hillsboro, Ore., and Payette will join with Twin Falls in producing three sessions of doubleheaders Friday through Sunday night. In the opener at 7 p.m. Friday, Hillsboro meets Tooele at 7 p.m. with Payette (testing Twin Falls) at 9 p.m. In the concluding twin bill Sunday evening, Payette meets Tooele at 7 p.m. with Hillsboro and Hillsboro winding it up.

Hillsboro tentatively has been selected the favorite since the Portland area community won the Oregon state Class A high school championship this spring. Little else is known of them to date.

Tooele will be bringing Brad Shields, a pitcher who won all-state honors in Utah last spring.

Payette brings a strong 4-1 record, losing its first game to the Boise area league leader in a 2-1 decision to Capital Monday night. Phil Meador is the Payette pitching ace, backed by C. R. Scott. Meador is also rated a top hitter. Payette's infield, turning in two and three double plays per game, has been a major factor in its success.

Host Twin Falls enters the tournament with the poorest record at 3-5, a record that reflects more on defense than on pitching. Twin Falls' hitting has been sporadic at best, but runs, has been a major factor in its success.

## Astros Hit Early, Drop Giants 7-4

HOUSTON (AP) — Houston greeted Gaylord Berry with five straight hits, including Jim Wynne's two-run triple and Bob Aspromonte's, two-run single, for five runs in the first inning and then held off San Francisco for a 7-4 victory Wednesday night.

Perry, 38, never retired a man as Julio Golay and Sam Jackson singled, Wynne tripled, Rusty Staub singled, Wynne home and Eddie Mathews singled. Ray Sadecki relieved and Aspromonte singled for two more runs and a 5-1 lead.

Three of the Giants' runs were unearned as one scored on a passed ball in the first inning and two came home in the sixth on Golay's error, Willie McCovey's single, a double by Jim Hart and a balk. Wilson struck out pinch hitter Willie Mays with the bases loaded to end that inning.

## Still Roily

BOISE (AP)—Lakes and reservoirs continue to provide the best fishing as cool temperatures slowed the snow melt, the Idaho Fish and Game Department said Wednesday.

In its weekly summary, the department said that after a better-than-average opening of the general fishing season, sportsmen are finding that most streams "continue to run high with many too roily to be fishable."

The department advised a careful check of road conditions before driving into the higher areas.

## Three Homers Send Twins Past Detroit

ST. PAUL-MINNEAPOLIS (AP)—Harrison Kilbreth, Jerry Zimmerman and Rod Carew paced two-run homers behind Jim Kaat's five-hit pitching Wednesday night, leading Minnesota to a 7-0 victory over Detroit.

The three-homers came off loser Earl Wilson, 8-6. Kilbreth belted his 18th after Cesar Tovar singled in the first. Zimmerman's first homer followed Zolo Versalles' leadoff home run and Tovar singled again before Carew hit his fourth later in the second.

Detroit got only two runners to second base against Kaat, who posted his 18th after Cesar Tovar singled in the first. Zimmerman's first homer followed Zolo Versalles' leadoff home run and Tovar singled again before Carew hit his fourth later in the second.

## Catcher Bats Cards To Win Over Pirates

PITTSBURGH (AP)—Tim McCarver closed a best-inning grand-slam home run Wednesday night, spurring the St. Louis Cardinals to a 4-1 conquest of the Pittsburgh Pirates.

The Pirates walked Mike Shannon with two outs to get to McCarver, but the Cardinal catcher crossed up the strategy by pulling Sherry O'Dell's 6-1 pitch into the right field stands.

The homer, McCarver's sixth of the season and third grand slammer of his career, scored Shannon, Julian Javier and Curt Flood, who had doubled.

The Cardinal advantage swelled to 6-0 in the second on Flood's sacrifice fly and Orlando Cepeda's run-scoring single. Cepeda added another run with a seventh inning sacrifice fly.

A pinch-hit single by Andre Rodgers and Marty Alou's two-run single helped the Pirates to three runs in the second. Manny Mota singled home Roberto Clemente in the eighth.

## Dodgers Snap Eight-Game Losing Streak

CHICAGO (AP)—The Los Angeles Dodgers snapped an eight-game losing streak with a 4-3 victory over the Chicago Cubs Wednesday, ending a five-game losing streak.

Ron Perranoski, fourth Dodger pitcher, made pinch hitter Leo Thomas ground into a double play with the bases loaded in the last of the ninth.

After Ron Santo's homer, a single by Ernie Banks, a sacrifice by Ray Hundley and an error by Ron Hunt and an intentional walk to Adolfo Phillips had loaded the bases.

Leo Gabrielson started the fourth with a homer off loser Ray Culp, and Dodger pitcher Claude Osteen also homered in the same inning, chasing Culp.

Ernie Banks slammed his 10th homer of the season and 42nd of his big league career, in the seventh inning. Phillips' third single, a single by Paul Popovich, an error by Willie Davis and Norm-Gigon's sacrifice fly produced a Cub run in the eighth.

## New League Claims TV Money

PITTSBURGH (AP)—The American Basketball Association said Wednesday it has received a "healthy and substantial" network television proposal.

Commissioner George Mikan said the proposal would put the ABA on a financial par with the established National Basketball Association.

Mikan, former all-time NBA great, told a news conference prior to the league's three-day meeting that the 11 member board of trustees will consider the television offer Wednesday night or Thursday.

### Water Group Is Approved By Committee

WASHINGTON (AP) — A National Water Commission described as a political forum for tackling controversial river basin water-sharing issues was approved Wednesday by the House Interior Committee.

The committee voted down, 12-5, a proposal to seat four Congressmen on the seven-member commission and sent the measure to the House floor. It has passed the Senate.

The commission originally was proposed to study diversion of Pacific Northwest water to supplement water supplies in the populous Southwest.

As approved its duty would be to study national water needs and find ways to meet them, including water conservation, weather modification, sea water desalting as well as interbasin water-sharing.

The commission, appointed by the President, would report its findings to the President and Congress in five years.

Rep. Thomas Foley, D-Wash., said Congressional members would weaken the commission's reputation for objectivity because Congressmen are committed to regional interests.

"If the commission," he said, "reports back in five years in favor of transferring water from the Pacific Northwest to the Southwest — and that's a very real possibility — I don't think (Northwest Congressmen) should be in a position to cast aspersions on the decisions."

## Organic Chemistry Paves Way For Study Of Cancer Causes

By MICHAEL GIRDANSKY  
NEW YORK (NEA)—Perchlorated Potassium in 1975, that cancer of the scrotum was unusually common among London chimney sweeps led to no immediate reform. The science of chemistry was still in its infancy and no one as yet had any idea of the various reactions which take place within the living cell.

Strangely enough, it was the very development of organic chemistry during the 19th century which began to focus attention on factors in the environment which might cause or promote cancer. It was in the years following the Civil War that German chemists reported the first time in man's history, certain individuals were coming into daily and prolonged contact with substances the rate of even unknown in nature.

As we now know, many chemically induced cancers do not develop quickly, some requiring decades before they make their presence known. So it was among the German chemical workers. It was 1895 before the first of what became known as "anilin" tumors came to medical attention.

It was in another part of middle Europe — the then German speaking region of Joachimsthal in present-day Czechoslovakia — which witnessed another example of occupational cancer. Here, the rate of deaths from lung cancer among the area's lead miners was found to be suspiciously high. Why this was so had to wait for further ad-

vances in science, until the day when radium was discovered and the phenomenon of radioactivity understood.

It was then found that the lead deposits of Joachimsthal were accompanied by significant amounts of pitchblende (the ore from which radium is refined) and of uranium — a heavy metal whose only use at the time was in producing a bright-orange glaze on pottery.

Indeed, as radium began to be used in medical therapy, isolated cases of cancer among therapists were noticed. And among the first users of X-ray apparatus (invented at about the same time as the discovery of radium, close to the turn of the century), there came to be mentioned something called "radiologist's hand." This was destruction of tissue, frequently cancerous, in the hands of physicians constantly using X-rays. Radioactivity was also vital in another "epidemic of cancer" — one that occurred within the United States — itself. It was also a tragedy that marked a milestone in the history of industrial safeguards.

It began when it was discovered that radium would glow of its own accord in the dark. Thus, during the early part of the century, radium-containing ores were commonly used to coat the hands of watches and clocks for use during the night. Unfortunately, too little was still known of the hazards of the material employed, and the workers who applied the self-luminous paint mottled the tips of their brushes with their so had to wait for further ad-

ers and the lead miners, the consequences were not immediate — but eventually they did project at the Bliss Chamber of Commerce meeting Monday evening at the Silver Bar Cafe.

Mr. Thorson told of the progress being made on the irrigation project which lies across the Snake River from Hagerman and Bliss.

The next meeting will be held July 10 at the Oxbow Cafe, Bliss.

### More Clothes Needed For Divorce Grant

**LOS ANGELES (AP)** — A judge refused to grant a divorce Wednesday to a 23-year-old woman who came to court in a micro-mini skirt.

"I'm not going to be insulted like this—a woman coming down here half naked," said Superior Judge A.A. Scott.

"Go home and get another dress and I will hear your case," he told Mrs. Gwynne Schaffer.

Mrs. Schaffer's attorney explained that she sells mini-skirts for a living.

The judge relented enough to hear Mrs. Schaffer testify that her husband, Rod, 24, a drummer, verbally abused her, had a bad temper and made her "sick and upset."

Judge Scott took the case under submission.

### Deadline Set For Changing Land Filing

**BOISE (AP)**—Wednesday was the deadline for amendment of desert land applications pending under criteria set earlier this year by Secretary of Interior Stewart Udall.

The April 14 deadline was extended to June 14 by Udall to allow the 1,200 applicants to file amendments to applications to meet the criteria.

Udall's new requirements are a result of a group of southwest Idaho Desert Land Entries being operated as a single unit by a corporation—the Indian Hill Case—instead of by the entrymen.

New criteria said applications pending on Jan. 1, 1967, had to be amended to show:

- Good-faith intent to reclaim the land for the entryman's own benefit.
- Assurances that the entry would not be assigned to a corporation.
- Assurances of no prior title transfer agreements.
- No agreements allowing anyone to hold more than 320 acres of desert entry land.
- Assurances that the entryman's own money was spent on the irrigation, reclamation and cultivation necessary to prove up the entry.

Orval G. Hadley, land and office manager for the Bureau of Land Management, said 808 of the 1,200 applicants had responded by the deadline Wednesday.

Hadley said if amendments were not received by the 4 p.m. Wednesday deadline, applications would be re-considered on the basis of their original proposals.

The largest of the group proposals being considered now involves 23,500-acre-southwest of Dills in the-Bell Rapids project.

### Ohio City Is Chosen For Project

**NEW YORK (AP)** — Nine top civil rights leaders announced Wednesday that for the first time in the movement's history they are backing a project to concentrate their full power in one city at a time.

The city they chose was Cleveland, Ohio.

Previously efforts had been scattered around the country with no coordinated effort at any one spot. The project was formulated at a secret meeting of the nine leaders in a country motel.

Dr. Martin Luther King Jr., Floyd McKissick, head of the Congress of Racial Equality; Whitney Young Jr., director of the National Urban League; and Roy Wilkins, head of the National Association for the Advancement of Colored People, were among the leaders who traveled without public announcement to the unprecedented meeting in Suffern, N.Y.

Dr. Kenneth B. Clark, president of the Metropolitan Applied Research Center, said it was decided to give priority to Cleveland, but that lessons learned there would be applied in other cities later.

In a statement, the civil rights leaders described Cleveland as "an example of many communities in which racial tension and the probability of renewed violence are increased." They also charged the Cleveland city administration was being uncooperative.

### Rupert Business Has Opening

**RUPERT** — Catmull Brothers one of the oldest business names in Rupert, celebrated 62 years in the electric business and 49 years in the plumbing business when they held a grand opening last weekend in the newly-re-modeled and expanded Rupert Electric on the east side of the square.

Included in the newly remodeled business are a complete line of electrical appliances, light fixtures and general electrical items, as well as television sets and patio furniture. The garden center in the rear of the store has also been developed and expanded.

### Tour Set By Reclamation Committee

**KIMBERLY** — A tour of the Snake River Conservation Research Center here will be featured during a two-day meeting for members of the research committee of the National Reclamation Association Thursday and Friday.

The committee, which serves in an advisory capacity on research for water and agriculture, is made up of agricultural and water resources leaders from throughout the western states.

According to a spokesman, "One purpose of the meeting at the center is to tour the facilities and see the operation of a large research center devoted entirely to basic and applied research in the soil and water field."

Chairman of the committee is George D. Clyde, former governor of Utah and presently a consulting engineer in Salt Lake City. George Crookham, Caldwell, chairman of the Idaho Water-Resources Board, is a member of the committee.

## Deck Officers Strike, Tie Up Shipping

NEW YORK (AP)—A deck officers' strike that could tie up dozens of American ships from Maine to Texas started Wednesday.

The stoppage by the AFL-CIO Masters, Mates and Pilots Union hit hardest in New Orleans and Baltimore, but was spreading to other Atlantic and Gulf ports, a union spokesman said.

The union was demanding "parity" with wage increases which arbitrators recently awarded two other shipping unions—radiomen and marine engineers.

A union spokesman said ships carrying military cargo to Vietnam will be exempt from the strike.

## AP, Union Ink Two-Year Agreement

NEW YORK (AP)—The Associated Press and the Communications Workers of America inked a two-year labor agreement Wednesday retroactive to May 14.

The wage increases for journeyman teletype operators and maintenance technicians amounted to \$7.50 weekly in the first year and \$7.00 in the second.

The signing of the agreement followed a ratification vote by the CWA membership whose jobs in the news cooperative involve transmitting news and pictures to more than 4,000 newspapers, radio and television stations in the United States.

The agreement followed approximately four weeks of collective bargaining.

## Write-In Is Governor Of Girls State

NAMPA, Idaho (AP)—Syringa Girls State delegates Wednesday conducted their election campaigns and elected a write-in candidate as Girls State Governor.

Paul Powell, Boise, was elected as a write-in candidate under the Federalist Party banner. The new Girls State Governor is a Boise, High School senior.

Elected Lt. Governor Wednesday was Linda Durechsel of Coeur d'Alene, of the Nationalist Party.

Girls State delegates spent most of the afternoon preparing bills for the legislature which begins Friday in the Idaho Capitol in Boise.

Other officers elected from the Federalist Party were U.S. Rep. Melvin York of Boise; U.S. Sen. Mary Taggart of Idaho Falls; Secretary of State Janet Anderson; Auditor Joanne Miller of Rigby, and Inspector of Mines Sue Garatin of Mountain Home.

Nationalist Party members elected were Alison Price of Coeur d'Alene as U.S. Senator; U.S. Rep. Jan Nell Westover of Cottonwood; Treasurer Ann Woodland of Idaho Falls; Atty. Gen. Carla Nuxoll of Grangeville, and Holly Aldridge of Bonners Ferry.

## Governor Notes Use Of Funds

BOISE (AP)—Use of part of a projected \$7,400,000 general fund surplus to provide additional funds for the Idaho Department of Public Assistance was mentioned Wednesday by Gov. Don W. Samuelson.

In a news conference following his meeting with legislative leaders to decide on issues for discussion in the coming special session of the legislature, Samuelson suggested the use for the surplus.

The governor listed 13 topics tentatively agreed upon as an agenda for the session by him and the lawmakers, but said some changes may be made in the list before the session begins Monday.

## Idea Of Being Centenarian Is Becoming More Popular

By SALLY RYAN

NEW YORK (AP)—There are 14,000 centenarians in the United States — or are there? Maybe 3,700?

Nobody seems to know for sure, least of all some of those who were born during or before the Civil War, when birth records weren't kept as accurately as they are today.

If you can't be a teenager these days, the next most popular thing seems to be to skip all the ages to 100. And if you're not quite 100, well, fudge a bit.

Perhaps the popularity stems from the centenarians' reputation for getting to be 100 by drinking bourbon for breakfast, eating chitlings for dinner, smoking a pipe a day and enjoying the company of the opposite sex.

"We counted 10,369 persons who claimed to be 100 or over in 1960," said Mrs. Halcyon Hayden of the Census Bureau's population division. "But we believe that is too high. About 3,700 sounds more logical. In the 1960 census there were 3,530."

But Herman B. Brotman of the Administration of Aging says, "If the trend between 1950 and 1960 continued into the 1960s, and we have no reason to doubt that it did, the number of centenarians must be at least 14,000."

We take these figures with a grain of salt," says a Metropolitan Life Insurance Co. spokesman. "We think when someone is 97, he may boast his age."

"He hawks in the glory of being this age," says Dr. Norvin C. Klefer, chief medical director for the Equitable Life Assurance Society of the United States. "He discovers he and his family are getting a great deal of attention. It is now an honor to be old. It makes him quite a person in his community."

Dr. Klefer says there is no reason to believe the likelihood of living to 100 is increasing. "The only really significant difference has been the saving of lives at younger ages," he says. "More people possibly survive to be 65 or 70."

Some gerontological experts have expressed a belief that man's potential life span is 150 years, and that the immediate goal should be 120.

Dr. Klefer disagrees. "These predictions of greatly extended life span cannot be substantiated either by interpretation of current knowledge of biological processes or extrapolation of current mortality rates," he says.

## Navy Pilot To Speak In T.F. Tuesday

Lt. Norde Wilson, U. S. Navy, who has flown 125 bombing missions over North and South Vietnam, will speak at 8 p.m. Tuesday at O'Leary Junior High School, Twin Falls. This program is sponsored by the Magic Valley TACT Committee (Truth About Civil Turmoil).

Born in Sebring, Fla., and a graduate of Baldwin Wallace College, Berea, Ohio, Lt. Wilson went through pre-flight training at Pensacola Naval Air Station, Fla., and later served as public intelligence officer and public affairs officer in Fighter Squadron 92. He has earned the Navy Commendation Medal, the Air Medal, one Silver Star and two Gold Stars.

In August, 1966, he completed a four-year term of service as a flying officer, which included 167 missions of combat duty in Vietnam.

Lt. Wilson gained national prominence when a letter he wrote to Congressman William E. Minshall, Ohio, was published in the Oct. 24 issue of Aviation Week and Space Technology, and in the Oct. 31 issue of U.S. News and World Report.

In this letter, entitled "Give Us Half a Chance to Win," he issued a strong indictment of the United States "no win" policy in Vietnam, the useless sacrifice of American lives, the true bomb shortages, the worthless targets and pattern of deception now being practiced by high American civilian officials.

He charges that "The enemy in Hanoi capitalizes on our weak points in Washington. We grant them concessions that kill our soldiers."

Sponsoring members of the local TACT Committee are Mr. and Mrs. Al Kraiz, Mr. Jack Morley, Mr. and Mrs. James Penland, Mr. and Mrs. Dee Pace, Mr. and Mrs. Ben Mauldin and Mr. and Mrs. LaMar Egbert.

The public is invited to attend the program.

LT. NORDE WILSON, U. S. Navy, who flew 125 bombing missions over North and South Vietnam, will speak at 8 p.m. Tuesday in the O'Leary Junior High School Auditorium. His topic will be "Give Us Half a Chance to Win," which is the title of a letter he wrote that helped him gain national prominence.

## Units Won't Change Until Late Summer

WASHINGTON (AP)—The Defense Department said Wednesday it will not make any changes under its now-plan to streamline the Army National Guard and Reserve at least until mid-August.

The Defense Department will not activate or deactivate any reserve force units for eight weeks, it said in response to a question.

The Pentagon announced nearly two weeks ago its intention to eliminate some 1,000 guard and reserve units as part of a six-year campaign to reduce the size and increase the readiness of the Army's backup forces.

## Unity Is Urged

POCAHELLO (AP)—Closer cooperation between members of the National Retired Teachers Association and the American Association of Retired Persons was urged here Wednesday at the area eight conference of the two organizations near its conclusion.

The three-day meeting, which has drawn several hundred delegates from five western states, will end Thursday with a luncheon and address by Dr. Ethel Percy Andrus, Long Beach, Calif., founder and president.

## Idaho Elks Will Join Auto Caravan

COEUR D'ALENE, Idaho (AP)—Members of Elks Clubs throughout Idaho will join an auto caravan here Thursday to tour Farragut State Park, site of the Boy Scout World Jamboree, during their 43rd state convocation.

The meeting, expected to attract some 425 Elks and their ladies, began here Wednesday with registration.

The first business session is scheduled Thursday morning, before the Farragut tour. Municipal services are scheduled Friday morning, and a Flag Day observance is planned Saturday morning.

Among those attending will be two past grand exalted rulers—George L. Hall of Lynbrook, N.Y., and William S. Hawkins, Coeur d'Alene.

## Golf Tournament Held In Rupert

RUPERT—Winners of the Ladies Country Club Golfing Association string tournament held Tuesday were Barbara Larsen in the first flight, and Lucille Wakewood in the second flight.

The women meet each Tuesday at 9:30 a.m. for golf following lunch at the Elks Club.

There were 20 women participating in Tuesday's tournament.

## DANCE SCHEDULED

JEROME—The Syndicate, a popular music band from Jerome, will play at the Jerome High School from 9 p.m. to midnight Saturday. Students from all Magic Valley are invited to attend. Admission will be charged.

# Miss T. F. 1967?

**VELMA KAY GUYER**  
 is, at 18, one of the oldest entrants in the Miss Twin Falls pageant. A daughter of Mr. and Mrs. Max H. Guyer, she was graduated from Twin Falls High School in 1964 after transferring here from Kansas City just before her senior year. She will present a vocal solo during the talent portion of the competition. A College of Southern Idaho sophomore, she has studied voice for four years and plans for five years and attended 566 seven-week sessions at the Sun Valley Music Camp. Her hobbies include singing, knitting, writing and participating in community musical productions.

# Homes For Negro Families Are Sought In Chicago

**CHICAGO (AP)**—Seventy-six business and professional men who live in Chicago's affluent, North Side suburbs spent a morning canvassing their communities for homes for five Negro families.  
 They found 32, including 23 at the desired price levels, \$25,000 to \$40,000.  
 Three of the participants in Saturday's house hunt, told about it at a news conference Wednesday.  
 One of them, Richard S. Lopez, of Highland Park, a mortgage consultant, said a turnout of 76 men was impressive in itself. Another, Lemuel B. Hühner, of Winnetka, a vice president of Inland Steel Co., reported they found some real estate dealers who "like to be helped to move ahead on this integration front."  
 The Rev. Emory Davis of Evanston, executive director of the sponsoring agency, the North Suburban Organization for Fair Housing, was asked if

# Idahoans Are Appointed To School Staff

**BOISE (AP)**—Four Idahoans have been appointed to the directional staff of the Rocky Mountain Education Laboratory, A. D. Luke, chief of special services for the State Department of Education, reported Wednesday.  
 They are Darrell Dorman, Boise, past president of the Idaho AFL-CIO; Rex Engkeling, superintendent of schools, Buhl; Dr. Richard Willey, dean of the education department at the State University; and A. D. Luke, who represents D. F. Engkeling, state superintendent of public instruction.  
 Idaho is cooperating with seven other states — Arizona, Colorado, Kansas, Nebraska, Wyoming, Utah and Montana — in the project. Great Britain has been a designated permanent headquarters site.

# Jews Flock To City In Pilgrimage

**JERUSALEM (AP)**—Tens of thousands of Jews flocked to the Walling Wall in the Old City Wednesday in possibly the greatest pilgrimage ever seen in 3,000-year-old Jerusalem.  
 The gates to Jerusalem's Old City had been closed by the Israeli army because of the danger of mines since Jordan's Arab Legion was driven out last week in savage fighting.  
 But they were thrown open for the ancient harvest feast of Shavuoth, and all Jews wanted to celebrate it at the 80-foot high wall, Judaism's most sacred place. The wall is all that remains of the Jewish temple destroyed by the Romans in 70 A. D.  
 Blue and white Israeli flags with the Star of David fluttered over the crowd as they pressed into the Old City.  
 A young Jerusalem-born soldier, Moshe Carasso, who last week fought the Arabs, had his first chance to pray at the wall together with his parents.  
 "You don't know how happy I am, what all this means to me," he said in an emotion-choked voice.  
 Jerusalem police and Israeli border police in green berets entered the vast mass of humanity along a road on Mount Zion, built two years ago for the visit of Pope Paul VI to the Holy Land.

**STUDENTS ENROLL**  
**POCATELLO (AP)**—With registration remaining open until next Monday, more than 1,000 students are enrolled for the summer session at Idaho State University, Registrar Alton D. Jones said Wednesday. The session will run eight weeks.

# Fast Work

**LOS ANGELES (AP)**—One year and 24,000 miles ago Louis V. Erdle started work on his masters degree. Today he gets it, at the University of California at Los Angeles.  
 The key to his success, besides perseverance, is Erdle's light plane which he flew the 400 miles weekly to Los Angeles from his office at the Littan Scientific Support Laboratory at Ft. Ord, Calif.  
 Erdle, 42, says he may use his plane later to make it to classes for a doctorate.

# Former Shoshone Resident Dies

**SHOSHONE**—Word has been received here of the death of a former resident, Lorenzo A. Dennison, 81, Redmond, Ore.  
 He was owner of the Shoshone Variety Store for a number of years and is survived by his wife and many other relatives. Mrs. Edna Peugh, Shoshone, and Mrs. Sidney Edwards, Dietrich, and Ward Mills, north Shoshone, are sisters-in-law and brother-in-law of the deceased.
