## U.N. Approves Measure To Station Observers On Cease-Fire Border

By WILLIAM N. OATIS  
UNITED NATIONS, N.Y. (AP)—The U.N. Security Council early Monday approved Secretary-General Thant's proposal to station observers on both sides of the shaky Israeli-Egyptian cease-fire line along the Suez Canal.

No vote was taken in the 15-nation council, but its president, Endelkacaw Makonnen, of Ethiopia, said it was the consensus of the council that Thant should try to station observers in the area.

Consent of both Israel and Egypt is necessary, Dineen, but sources expressed belief it would be forthcoming.

Thant told the council that U.N. Gen. Odd Bull, chief of the U.N. Palestine Truce Supervisory Organization, had informed him he would need 25 additional observers for the area. The United States now has 400,000 men in South Vietnam.

but the details were not worked out until hours later. The council recessed for more than three hours of private talks.

A hitch developed over the number of observers needed for the task, with the Soviet Union insisting on strict control by the council over the entire operation.

Both the United States and Britain endorsed Thant's plan, which met in urgent session at 12:15 a.m. Monday, without setting a new meeting date.

ident Noureddin Atassi of Syria and President Abdel-Rahman Aref of Iraq are expected in Cairo shortly.

## King Hussein Arrives For Summit Conference

By ALEX EFTY  
CAIRO (AP) — King Hussein of Jordan arrived in Cairo today and was embraced by President Gamal Abdel Nasser at the airport.

His surprise visit, announced officially only three hours before his plane touched down, strengthened speculation that he was coming for a five-country Arab summit conference in Cairo.

# Reflective Rocks Blamed For Craft's Bounce

By RALPH DIGHTON PASADENA, Calif. (AP) — Mysteriously reflective rocks were blamed Sunday for Surveyor 3's nearly disastrous double bounce in landing on the moon last April.

Officials of the Jet Propulsion Laboratory said the radar system of the spacecraft—which scouted history's longest hole-in-one by hopping into a crater at the end of its quarter-million-mile flight—was confused by unexpectedly high reflectivity at a critical point in the touchdown.

First official explanation of the accident, originally attributed to electronic failure, came with release of plans for

the flight of Surveyor 4, scheduled for launch Thursday from Cape Kennedy, Fla.

Like its predecessor, now sitting inactive on the moon's dry Ocean of Storms, Surveyor 4 will carry a trenching scoop and a television camera—plus a device to detect any iron in the lunar crust.

It is scheduled to land Saturday night in an astronaut target area of the Sinus Medii—Central Bay—near the center of the lunar disk, about 400 miles northeast of Surveyor 3.

Radar engineer Charles Kirsten gave this explanation of Surveyor 3's troubles and the preventive steps planned for Surveyor 4:

"Surveyor 3's radar altituded-

sensing system—fore-runner of present techniques being tested for manned craft—was designed to cut off its braking rockets 14 feet above the surface and let the vehicle settle down on its shock-absorbing legs.

As the craft neared the surface, however, the radar beams struck some unusually reflective rocks—which bounced back the beams as a field of broken mirrors would reflect a searchlight.

This so confused the craft's electronic brain that it broke radar lock on the lunar surface and thus the radar was unable to cut off the engines at the proper height.

The three-legged craft rocketed 35 feet into the air after the

first impact, 20 feet after the second. A radioed command from earth cut off the rockets after the second touchdown and the craft came to rest about 30 feet away on the inner slope of a crater, luckily upright. It survived to dig several trenches and televise pictures showing the lunar soil was stickier than supposed.

The rocks that caused the confusion have yet to be identified and there is no way of knowing how abundant they may be on the moon or whether they are a potential hazard for future landings. Nonetheless that part of Surveyor 4's computer which can break radar lock will be bypassed in the final stages of its landing.

### Electrocuted

MIDDLE RIVER, Md. (AP) — Douglas Alt was using an electric probe to search for fishing worms Sunday when his son Douglas, 3, ran across the wet lawn of the family's suburban Baltimore home.

The boy grabbed the 26-inch steel probe and was electrocuted immediately, police said, as his father held the wooden handle of the device.

### Scouts Travel To Jamboree At Farragut

NEW BRUNSWICK, N. J. (AP) — Boy Scout groups from many nations will be traveling through the United States during the next few weeks en route to and from the World Scout Jamboree at Idaho's Farragut State Park.

The event is Aug. 19 with 1,000 scouts from more than 100 nations attending.

But the first group is scheduled to reach the United States July 16, National Scout Headquarters said today, and the last will not leave until Sept. 4.

"During the time that the representatives of Scout associations are in the United States," Scout officials said, "they will tour nearly every state, visit major cities and national parks and take part in Boy Scout camps and homes and western ranches."

### News Of Record

TWIN FALLS COUNTY Probate Court

Sentenced were Carmen Garrison, 20, 43, expired driver's license; Rex Doyley, 18, 41, basic rule violation; and Bruce E. Smith, 18, 916 Blue Lakes Blvd., \$35, illegal consumption of beer.

MINIDOKA COUNTY District Court

John Blankenship entered a plea of guilty on a charge of first degree arson, and District Judge Sherman Bellwood ordered a pre-sentence investigation. Bail was reduced to \$1,000 on a cash or property bond, and he was ordered held in custody until bail was posted.

Kent Klosterman, 17, on an appeal from the probate court, was found in violation of the youth rehabilitation act, and Judge Bellwood ordered a six-months' self-supervising probation and assessed a 30 day detention, with all but three days of this suspended. He was ordered to spend the three days in the juvenile ward.

Clerk's Office

Marriage licenses were issued to Ron J. Carraway and Belinda Sue Noble, both of Rupert, and Dwight Leonard Cranney and Betty Jane Abo, both of Heyburn.

### Story-Hour Set At Area Library

SHOSHONE—The annual library board story hour will begin at 10 a.m. Tuesday at the city library, according to Mrs. Marz Nielsen, librarian.

The story hour will be held each week at that hour, for about eight weeks in a row. There will be adult guest readers.

The project is sponsored primarily for pre-school to third grade children; however, all children are welcome. The reading program for older children is being worked out this week and details on that will be announced soon.

### Soviets Show Display Of Jet Fighters

MOSCOW (AP) — Seven new types of Soviet supersonic jet fighters flashed through an air show Sunday, including vertical takeoff and swing-wing planes that looked as good as the West's best.

Four new twin-tail fighter-bombers with claimed speeds three times the speed of sound appeared in the first Soviet air show in six years. But only one example was seen of each of the other six new types.

This suggested to expert observers that the Soviet air force might have been displaying mostly experimental models rather than planes already in mass production and serving with combat units. Past air shows here have done this.

The absence of any big new bombers suggested that the air force is concentrating on fighters for aerial defense and short-range attack while leaving long-range striking power to surface-launched, intercontinental missiles.

But an article in Pravda on Sunday by the air force commander in chief, Air Marshal Konstantin A. Vershinin, claimed the air force is built around long-range planes capable of carrying air-launched missiles anywhere in the world.

The vertical takeoff and landing—VTOL—plane and two versions of swing-wing or variable geometry planes attracted the most attention by Western military attaches in the invited crowd at the air show.

### Mrs. Kennedy Travels To Rome

SAO PAULO, Brazil (AP) — Col. Americo Fontenele, 46, the terror of traffic law transgressors in Sao Paulo and earlier in Rio de Janeiro, died Saturday night while appearing on a television program.

NEWEST BUSINESS ready for opening on Blue Lakes Boulevard North is the Burger Chef drive-in eating place. One of a chain which operates extensively east of the Mississippi River, it is expected to open in about 10 days. The Twin Falls facility will be the second in Idaho, another having just been completed in Boise.

## Business Activity Picks Up Along Blue Lakes Boulevard

Business activities along Blue Lakes Boulevard North have picked up speed this summer with several new businesses or expansions under way and in the planning stage.

Scheduled to open within approximately 10 days is the new Burger Chef drive-in, 703 Blue Lakes Blvd. N. The local drive-in is the second in Idaho, with another just completed in Boise, and part of a chain which operates extensively in Indiana and other Mid-Western and Eastern states.

The firm also is in the process of expanding into the Seattle and Portland areas.

Facilities in Twin Falls for Burger Chef customers include both indoor and outdoor eating areas. All customers will be served from a walk-up counter and may select a booth or table from glass enclosed indoor areas or may pick up orders at the service bar for take-out or auto service.

George Lick, installation engineer for Burger Chef, Indianapolis, Ind., and George Howie, Boise, superintendent of the Matfex Construction Co., are currently completing installation of equipment.

Mr. Lick said the drive-in will be the most automated such facility in Twin Falls. Hamburgers will be broiled, not fried, and each will cook in just 60 seconds by means of equipment designed by the Burger Chef firm.

Meat patties are placed on a metal belt similar to a potato peeler. The belt carries the meat through a gas broiler designed in two sections for quick cooking. At the end of the broiler, the meat is steamed and heated in a similar arrangement and both drop onto the work table beside push button mustard, ketchup and relish dispensing equipment.

Shakes and malts also are dispensed by push-button methods after mix goes through a process which cools and thickens and the attendant simply pushes a flavor button.

On the adjoining property, owned by J. J. Winterholler, the irrigation coulee has been moved and the home sold for moving in order to make way for business development. Mr. Winterholler said the property has not yet sold but by moving the irrigation coulee, about 50 feet of frontage has been gained.

At 950 Blue Lakes Blvd. N., the property owned by L'Herrison Furniture Co., Jerome, has been sold to Western Motels, Inc., owners of the Fairway Motel.

Motel operators say they understand the property was purchased for future construction of a coffee shop-dining room facility to accompany the motel.

Just how far in the future the addition is planned is not yet determined, they say.

Employees of L'Herrison's say they must vacate the property by July 15.

Madonna Stamp Protests Idiotic

Official City and County Newspaper... Member of Audit Bureau of Circulation and AP... Published daily and Sunday at 130 Second Street West, Twin Falls, Idaho, 83301...

WASHINGTON—Pursuing The Truth, or a cold bottle of beer, from Southridge, Mass., to Port Said, I have always been a little suspicious of organizations with a cause. Their trouble is they become so churned up they lose their awareness of the ridiculous.

This is like saying that Lincoln's portrait on a penny infringes on the rights of the South, or that Franklin D. Roosevelt's face on a dime undermines the citizenship of Republicans.

The argument can be successfully mounded, I believe, that in a sense the nation on a Judeo-Christian principles it is not outrageous to suggest on a stamp that their nation was not originally devised to leave husbands and wives penniless every Jan. 1.

"I Hear They're Still Arguing About Who Fired The First Shot?"

Whipping For Chronic Punks

New York City streets were "unsafe" for the visiting Premier of Russia; his own security men and our police warned against a visit to Times Square. Congressmen Glen Cunningham is reluctantly advising his constituents, "I cannot tell you that it is safe to visit Washington, D.C."

While we are contemplating a systematic return to the authority of the policeman and the objective integrity of the court, let's consider resuming public whipping for chronic punks. One out of six boys under 18 has been at least once in juvenile court; many are there regularly.

Children want and need firm, fair rules. FBI Director Hoover says most troublemakers "are victims of a society where discipline has been replaced by indulgence." The several states which have revived the practice of permitting students report misbehavior to school authorities in the days of its creation in 1945 when the big powers insisted upon the right to veto any action the other nations might take.

A City Of Peace

Jerusalem, the many-storied Holy City of the Bible, has known little but constant war and destruction during its 3,400-year history. Once again, as a result of the Arab debacle in the Mideast war, the Holy City has a new ruler—Israel. The Jews have proclaimed their "annexation" of the city. By this action Israel has alienated many nations otherwise supporting her in the current United Nations sessions on Mideast issues.

Other faiths, however, have claims which, to them, are equal to those of Israel. Here is the Christian shrine, the Church of the Holy Sepulchre, believed to be the site of Golgotha. Here is the Via Dolorosa, the road upon which Christ bore His cross. Nearby is the Garden of Gethsemane and the Mount of Olives. To Moslems the Mosque of Omar is most holy. Built on the Dome of the Rock, it occupies the site upon which Solomon's Temple once stood. It is named for Omar, the chieftain who led the Moslems to their conquest of the city in A.D. 636 and who established a 1,300-year-old rule except for two brief periods of occupation by Christian Crusaders.

Number Two Man?

When Premier Nguyen Cao Ky announced his candidacy for president under South Vietnam's new constitution, he said he'd gladly defer to Chief of State Nguyen Van Thieu. Now Saigon's Armed Forces Council has taken him at his word and made Gen. Van Thieu its No. 1 candidate.

hinst. Marshall Ky is a Buddhist, but he's also an emigre from the north, whereas Gen. Van Thieu is a native to South Vietnam. By sharing the same ticket, they can keep intact the military vote, estimated at upward of 600,000. Divided they would have split the military, inviting unpredictable consequences.

PAYING THE TAXES, BUT NOT GETTING THE ROADS People don't object to gasoline taxes—they get the roads. Talk to any person who has left the state recently. Ask them about gasoline prices; gasoline taxes and the quality of the roads on which they traveled. You'll find that they say the taxes were as high or higher; taxes were higher and that out-of-state roads were much, much better than those we have in northern Idaho.

Curbing Unfair Competition Periodically the Federal Trade Commission (FTC) clamps down on one or another of the nation's industries for "recurring industry-wide anticompetitive practices." This time it is the many oil companies, independent refiners and marketing concerns and dealers' associations have repeatedly complained of unfair trade practices.

BARRY GOLDWATER

Word For Peace Is Blackmail

Blackmail, pure and undorered, is the only word to sum up one approach to Middle Eastern peace that is being tried in the United Nations. The approach is exemplified by the statement of the French foreign minister when he addressed the United Nations, set up this equation: 1—There can be no peace in the Middle East so long as there is war in Vietnam.

French should serve as an unworthy boys for such an unscrupulous, ill-considered act. The incredible thing about this heavy-handed attempt at blackmail is that so many have fallen for it, accepting it as a legitimate, even honest way to make peace. It would seem that anyone who had common sense would, instead of giving this outrageous demand, he able to construct an equation of his own to sum up the Middle East peace problem. This equation would read like this: 1—There would be no war in the Middle East, nor war in Vietnam, if it were not for the active intervention of Communist forces and supplies.

JAMES MARLOW Showdown Zero

WASHINGTON (AP) — After weeks of getting ready, the United Nations this week faced its showdown on the Arab-Israeli tension and the result was zero. That there was a lot of wheeling and perhaps dealing, with United States on one side and the various members by the other, is not in doubt. But the other can be taken for granted. But, like Premier Johnson's meeting with Soviet Premier Alexei Kosygin, the U.N. knows what went on behind the scenes. All that is known is that when the test came neither side had enough votes to win the war.

For 10 years the force, by permission of Egyptian President Gamal Abdel Nasser, has been stationed on the border with Israel. The latter would not allow U.N. troops inside Israel. It was only when the peak of his war buildup, he told U.N. Secretary General U. Thant to pull his peacekeepers out immediately. And Thant did so. The U.N. troops, which had been in Egypt a decade, weren't there when needed most.

Key To Defects?

When a baby is born the doctor ties, then cuts, the umbilical cord, applies a sterile covering and permits the mother to nurse. He gives it a second thought. Now Dr. Solnitzyk at Georgetown University in Washington has announced that the normal condition of the severed cord may give important clues to possible congenital defects. On the cut surface of the normal cord, arteries and one vein are plainly visible but on about one per cent of cords only one artery and vein are seen.

When this is the case a careful search for birth defects would be made because early recognition leads to prompt application of corrective measures. The earlier such measures are started the better the final results. Often the defects seen in these infants involve the intestines or the urinary tract and cannot be detected without special tests. The connection is usually apparent on birth, but in some cases it occurs later in life and the infant. The cause of this defect is not known, but the abundance of the supply of blood delivered through the cord, but the cause is not known. It can be safely stated, however, that it is not hereditary.

Q—My son, 9, has hair growing on her upper lip and is very hairy in other places. Is there anything we can do to get rid of it? A—If your daughter comes from an swarthy Mediterranean stock, this condition is probably hereditary. Otherwise, she may have an endocrine imbalance of internal secretion. A thorough study should be made to determine the cause of her unwanted hair. The hair should be removed with an electric needle. Each hair root must be killed separately and this is a tedious and painful procedure, and assurance that the hairs will not grow back, this should be done by a skin specialist.

# Boy Burned By Explosion Of Gasoline

HEYBURN—Terry Gibson, 15, son of Mr. and Mrs. Douglas Gibson, was listed in good condition Monday morning at Cassin Memorial Hospital with first and second degree burns over 20 percent of his body, as a result of a gas explosion about 7 p.m. Sunday at his home in the Rose addition.

According to his mother, Terry and three other boys were attempting to burn an underground fort they had made. They had dug a hole and made a tunnel and covered the top with wood and dirt. After playing there awhile, they attempted to burn it.

The Gibson youth had a container of white gasoline, and he scattered it into the hole and threw a match in. The gas exploded and the flash from the explosion burned his face, both arms and legs and the lower part of his body. His parents rushed him to Cassin Memorial Hospital for treatment.

# Planes Lost

SALICON (AP)—United States has lost 1,486 planes over North and South Vietnam so far during the war, U. S. Command reported today.

Of these, 602 were bombers and other combat planes lost to enemy action while fighting misadventure over North Vietnam, and 191 went down in combat over South Vietnam.

The remaining 887 planes were combat planes which went down because of mechanical troubles and accidents. The majority of the combat planes such as transports and cargo planes which went down from either enemy action or nonhostile causes.

# Airline Pays Landing Fees Despite Strike

The Twin Falls Municipal Airport is not being penalized financially by the eight-day-old strike by West Coast Airlines, according to Ronald (Hap) Masoner, the firm's local manager.

West Coast, according to Mr. Masoner, pays a minimum landing fee of \$400 a month and is continuing payment, despite the strike. Facilities for ticket agents, offices and other space used by West Coast also are rented from the airport.

All flights from Twin Falls were suspended when West Coast ground employees went on strike a week ago, and since then Sun Valley Airlines has taken over and is running flights to Boise and Salt Lake City.

Jim Wilkins, Gooding, president of the airline strike, said a late evening flight which he said the postal department consents to the airline's transportation of mail.

# Advertising Agencies Are Adding "Ethnic Group"

By KAROL STRONGER AP BUSINESS WRITER  
NEW YORK (AP)—Should every woman be a blonde? No, says an advertisement in a Negro publication.

The ad was written for Clairol Inc., a hair coloring maker which often shows a fair-haired woman in its advertisements, on the subject of an "ethnic group marketing specialist."

"The firm's specialist is among a growing number of Negroes hired by large corporations to help them win Negro customers for their products."

Advertising agencies also are adding "ethnic groups" specialists to their staffs. More Negroes are opening their own public relations firms. And what is claimed to be the first all-Negro advertising agency has just set up shop on Madison Avenue.

All are vying for the Negro's dollar by means that range from trying to upgrade his image of himself by trying to improve the company's image in his eyes.

"With the growing influence of the Negro market and the increasing middle-class growth within it," says D. Parke Gibson of a New York public relations agency which bears his name, "more consideration is needed by marketing executives. Gibson is a Negro."

The purchasing power of the nation's 22 million Negroes amounts to billions of dollars annually.

William Kodak Co., which has been involved in a controversy with civil rights groups over its hiring practices, recently set up a New York public relations firm. Uptown Associates, Kodak said there was no connection between the controversy and the hiring of Uptown.

"This definitely more of a demand for this type of work because of the civil rights movement," said Ruben J. Patton, head of Uptown. "And let's face it, we're better accepted in the Negro community than an 'outsider' organization."

Patton, who at NAACP national convention, Uptown Associates would set up a Kodak office with pretty colored girls trained to use cameras.

"I like to come up always with an advertising promotion which provides a service and in the meantime promote a product," said Clarence Holte, another Negro marketing specialist.

# Congress Faces Prospect Of Long Session

WASHINGTON (AP)—Congress returned from a 10-day recess today facing the prospect of a long session well into autumn if it is going to clean up the work laid out for it.

All the problems put aside for the extended long session today are likely to be solved and a new and tougher one is likely to be added to the list.

Despite claims of Democratic leaders that the first six months of the session produced significant achievements, little that was not done in the Vietnam war was accomplished and the bulk of President Johnson's program is still to be voted on.

Neither the House nor Senate planned to deal with major bills until later in the week.

In the House, a bill aimed at curbing riots is to be taken up Thursday and its sweeping approval is expected. The Senate should get to a truth-telling bill during the week after depositing bills authorizing funds for the Atomic Energy Commission and appropriating money to run Congress.

The truth-telling bill, finally making it to the floor after six years of battling in committee, would require the disclosure of the true interest rate and the total interest in dollars on all consumer debt in continuing payment, despite the strike. Facilities for ticket agents, offices and other space used by West Coast also are rented from the airport.

House Ways and Means Committee, which was expected to bring out a Social Security revision bill last month, is talking out of needing two or three more weeks to work on it. The Senate won't begin hearings on it until the House passes it.

Hearings are still under way in the House on the administration's anti-poverty program and will probably last all month. The Senate has yet to begin hearings on a House-passed House Ways and Means Committee bill.

Johnson's requests for an \$825-million increase in postal rates and a 4 1/2 per cent pay raise for government workers are still in committee and not likely to emerge before the end of July. His bill to beef up local law enforcement agencies should reach the House floor soon.

One pressing problem to deal with is a bill to head off a threatened nationwide rail strike.

House and Senate conferees held three fruitless sessions just before the recess in an attempt to reconcile differences in bills passed by each body. Six unions involved in the dispute have agreed to hold off a strike as long as the matter is in conference.

Also in conference is a bill that would prescribe standards of "population" variation in congressional districts. The conferees reached an agreement to hold off a bill but the House rejected it and ordered another try.

# Car Almost Hits Heyburn Boy, 5

HEYBURN—The Minidoka County Sheriff's office Monday was investigating a report that a speeding car almost ran down a 5-year-old boy here.

Mr. and Mrs. Everett Savage told officers their son, Michael, was standing beside the road on 300 S., one mile north of Heyburn, about 8 p.m. Sunday when a light-colored car swerved to avoid him and forced him to jump to the borrow pit.

The boy's two teen-age sisters said the car only missed him by inches and was traveling at a high rate of speed. They could not get the license number because the car was going too fast, they said, but they did give a description of the car and its occupants to the sheriff's office.

# Defective Cars Are Recalled

WASHINGTON (AP)—More than a million U.S. cars and 85,000 foreign cars have been recalled by manufacturers to correct defects since the auto safety law became effective last September. The Federal Highway Administration has told a House Appropriations subcommittee.

William Haddon Jr., director of the safety program, said in testimony released Sunday that defective braking systems were the most common cause of recalls, accounting for 38 per cent of the total. Nineteen per cent of the defects concerned steering systems and 14 per cent throttle linkage.

# Meets Planned

WARSAW (AP)—Poland plans a week of mass meetings starting Monday to demonstrate solidarity with the Communists in Vietnam, the press agency PAP recently said. The meetings from the North Vietnamese Embassy and the Viet Cong mission in Warsaw will attend rallies.

# I HAD A TALK WITH SANTA

By NORMAN HERRETT

What? you exclaim, you mean you had a talk with Santa in July? Yes, that's right. I had a talk with him the month of July and no one ordinarily is thinking about Santa. But I had a new idea.

I said to myself, "Why not get on the long distance phone and talk to the jolly old fellow about gifts that people ought to give one another that year? Not just at Christmas time?"

You know what Santa Claus said and I'm afraid I can't understand what most folks down there think about gifts. He said, "I'll be glad to give you gifts, and only a December 25th affair. Why, every month in the year you should be getting someone with a nice present - and how happy you would make that person!"

I consider this an excellent idea. So I'm passing it on to you. We have one of the largest and most beautiful stocks of jewelry to be found anywhere in the Northwest. We have a complete line of gifts for men, women, children, for manfolks. Jewelry for youngsters. Jewelry for Christmas gifts.

You can choose a gift of jewelry from our tremendous selection that will be a token of your love. Whatever you buy here will be smart, modern and of finest craftsmanship. Easy terms too. Come in today. HERRETT'S JEWELERS, 1220 Broadway, Twin Falls, Phone 733-0808.

**ATTEND SESSION** — The five elected officials who made up the State Land Board were away from the Statehouse today, attending a conference with problems resulting from construction of Dworshak Dam.

The five met with officials of the Army Corps of Engineers and the Clearwater-Politch Timber Protective Association at Boehl's Cabin, on the North Fork of the Clearwater, about 20 miles upstream from the dam site.

Relocation of highways, bridges and airplane landing strips necessary because of the dam was on the agenda. Board members planned to return to Boise Tuesday or Wednesday.

Taking part in the meeting were Gov. Don W. Samuelson, Secy. of State Peter W. Hatfield, State Sen. J. R. Williams, Atty. Gen. Allan G. Shepard and State Supt. of Public Instruction D. F. Engelking.

**PROTESTS BEAUTY** — PAYETTE, Idaho (AP) — A Payette restaurant closed its doors today in protest to a proposed downtown beautification project.

Bert Owens, owner of Maudie's Cafe, posted in the window of his restaurant a sign reading: "Closed in protest of the radical beautification plan."

Other signs said the place was not for sale either.

The beautification project was approved by a majority of the property owners along Main St. and is planned as a local improvement district undertaking.

Owners of property will be assessed \$1.15 per front foot per year over a 10-year period, with the public hearing on the proposal is scheduled Tuesday.

**FORD DIFFERS** — With Party On Tax Hike

WASHINGTON (AP) — House Republican Leader Gerald R. Ford said today he doesn't think President Johnson's request for a tax hike is justified — a view that puts him in some disagreement with two top GOP lieutenants.

Ford said if the bill came up now the House probably would defeat it.

Two other leading House Republicans, Melvin R. Laird and John W. Byrnes, both of Wisconsin, have indicated support for Johnson's proposed income tax hike.

Laird, chairman of the House Republican Conference, recently said that while he isn't enthusiastic about the tax hike, he probably would support it. He cited as his reason the administration's "failure to be responsible in the field of fiscal management."

Byrnes, senior Republican on the tax-writing Ways and Means Committee, led the nine other GOP members of the conference in fighting Johnson's request to increase the debt limit by \$23 billion. Byrnes contended a tax increase must be enacted in efforts to reduce the deficit and to reduce the need for increasing the Treasury's borrowing authority.

Ford said in an interview that Johnson has not made a case for his tax hike request.

**JORDAN SPEAKS** — CALDWELL, Idaho (AP) — Sen. Len B. Jordan, R-Idaho, told a Republican Party picnic Sunday night there is a good chance he will be chosen by the House of Representatives.

He said it is possible former Alaska Gov. George Wallace may get enough presidential electoral college votes to keep either major party candidate from the White House.

In such a situation the House of Representatives names the president.

**BOISE FIRE VICTIM DIES** — (AP) — Mrs. Edward R. Quinlivan, 36, Boise, died Sunday in a fire at her home.

Her 41-year-old husband has been charged with first degree murder.

Ada County Prosecutor Wayne Kidwell said Sunday he is "considering additional charges against Quinlivan in view of his wife's death."

Police said a neighbor pulled Mrs. Quinlivan from her burning home after she saw her husband flee the front door.

Quinlivan, who was indicted for arson by an Ada County grand jury, also was burned in a fire at his home in the county jail in lieu of \$5,000 bond.

**U.S. Leaders Seek Halt Of Obstacles**

CANBERRA, Australia (AP) — U.S. political leaders have urged Australia's Prime Minister Harold Holt privately that they favor a breaking down of barriers between the United States and Communist China, Holt said Sunday.

In a television interview, Holt said there has to be an accommodation with China at some point.

"It is unrealistic to imagine the world going on indefinitely with 700 million people in China," he said.

Cultural exchanges, exchanges for sporting events, visits by journalists and things of this nature are "in vogue" in the West, but nothing more effectively than trade," he added.

"The phrase, 'In Covertis' is being used for protection."

Asked whether American leaders talked about a need for closer experience between their countries, Holt replied: "I find they do privately but the official policy of the government up to the present time has not been to do this. I think there is a trend among them in that direction."

**Green Beret Will Attempt Survival Trip**

JACKSONVILLE, Fla. (AP) — A "Green Beret" soldier from Vietnam leaves Jacksonville Monday to try his survival training on a 6,300-mile round trip to California on horseback.

John Mariner says he wants to prove today's young Americans are as tough as their ancestors, or "maybe even tougher and more self-reliant."

With this in mind, he will strike out with a traveling kit of two guns, a knife and four sets of horseshoes.

He expects to make the round trip in four months, living on fish, prairie dogs, "good-bird" and little "wee" berries, dandelion leaves, asparagus and any other natural edibles he runs across.

The handsome 21-year-old learns survival techniques the hard way. He is a Purple Heart veteran of 18 months in the Vietnam war as an Army Special Forces — Green Beret — fighter. He was wounded in the back and injured in a parachute drop.

He accomplishes the trip, Mariner said, it would be a world record horseback journey. Mariner says his earlier years showed the longest recorded ride was 4,100 miles in 1882.

"I'm tired of constantly hearing people say America's young can't measure up to the rigors of life as our forefathers did," he said.

## Computer May Broaden World Peace Hopes

GENEVA (AP) — A single computer could enhance the prospects of world peace under a project being planned here.

The world's first computer would be the computer, but its memory store would be unique — the legal codes and laws of every nation.

The computer would be offered to jurists throughout the world working international law.

Information to prepare a case. A lawyer anywhere in the world could dial the computer and in 15 seconds or less be given all the references he asked for.

Using conventional methods, it could take days or even weeks to get the same information. Court procedure could be speeded up, since a lawyer could prepare his case in a fraction of the usual time.

Although primarily intended for day-to-day legal cases, backers hoped governments involved in a legal dispute threatening world peace might be persuaded to use the computer.

For example, two nations squabbling over a boundary dispute would be able to get from the computer references to every other similar type of dispute which has taken place throughout the world. The two nations might then be persuaded to use these precedents as a basis for settling their quarrel.

The "Computer for Peace" project is one of the main resolutions before the conference of the World Peace Through Law Center opening in Geneva on Monday. About 2,500 lawyers from more than 100 nations have accepted invitations to attend. They are almost certain to approve setting up the computer and officials believe it could be operational in Geneva within six months.

The computer will be modeled on one already working in New York City where, for a fee of \$10

per search plus \$2 line charges, lawyers have access to more than three million U.S. cases stored by the machine. It costs roughly \$15 million to build and cost \$1 million a year to run. But it is showing a small profit after three years.

## Welcome Is Given For Lady Pilot

NEWTON, Kan. (AP) — Thousands of persons turned out for the Newton Municipal Airport Sunday to greet Mrs. Ann Pellegrino, who recently completed a globe-circling flight.

Ann Pellegrino, 37, Pauline, 32, and Amelia Earhart's ill-fated flight of 1937.

The 30-year-old Saline, Mich., housewife and her three-month-old son, Larry, 10, were on the plane. Mrs. Pellegrino said she flew around the world in 39 days, 15 hours, 20 minutes, and 14 seconds.

Mrs. Pellegrino, who completed her 28-day flight in Oakland, Calif., Friday, told the airport crowd that the weather around Howland Island, in the Pacific may have been a factor in Miss Earhart's disappearance 39 years ago.

"We ran into tremendous rain squalls that obscured the island," Mrs. Pellegrino said. "They just couldn't see the island with the navigation equipment they had at that time."

Mrs. Pellegrino said Miss Earhart also would have experienced difficulty with the type of landing field available on the island at that time and with the weight that her plane carried.

## Evangelist Preaches In Yugoslavia

ZAGREB, Yugoslavia (AP) — Billy Graham's first evangelistic tour in Europe ended Sunday as he reached his climax Sunday in pouring rain before a soccer field crowd that was small for him but significant as enemies under Yugoslav political conditions.

The gathering of 2,000 Yugoslavs, many of them Protestants, in the Marxist nation, heard the American preacher cry out for them to find Christ and turn from sin.

"I think if someone were to ask me what was the greatest meeting in my life, I would say that one in the pouring rain in Zagreb, Yugoslavia," Graham told the throng through a translator.

Graham preached almost 10 years ago before 130,000 in Los Angeles and 100,000 in New York's Yankee Stadium.

# Back-War Parade Erupts Into Combat

HOUSTON, Tex. (AP) — An American Legion back-the-war parade Sunday escalated into hand-to-hand combat between 150 uniformed, off-duty Marines and 30 sign-carrying peace demonstrators who fell in behind the John Birch Society.

No one was hurt seriously, and only one person, a peace picket, was arrested by the police who arrived after the fighting was almost over.

Some 5,000 persons, most waving American flags, marched out from the big statue of Sam Houston in the parade inspired by a letter from a Marine in Vietnam. He had written that peace demonstrators began giving comfort to the enemy.

The peace pickets formed behind the contingent of the John Birch Society, whose signs said, "The John Birch Society Asks, Why Fight 'em in Vietnam and Help 'em Everywhere Else?"

The peace pickets signs included an "LBJ Menu" featuring "Roast Potent and Under Cass" and "Fried Baby Bushidai."

At the suggestion of Marine Maj. Bill Shurbo, an organizer of the parade, but not a member of his unit, the Marine-clad troops from the Marine Reserve 1st Battalion, 23rd Marines, stepped between the Birchers and the peace demonstrators and walked slowly in an apparent effort to separate the drivers from the hawks.

An initial skirmish broke out when one of the Marines pulled down a peace picket's sign, but it was stopped by the two policemen on hand.

Larger-scale fighting broke out as the parade moved onto Main Street. There, civil rights leader Les Oles Johnson began shouting taunts at the Marines, and Marines and pickets began swinging. Both sides broke signs and used the sticks as clubs.

No one was badly hurt in the fighting which continued for five minutes, slowing by the time police arrived. The police took into custody one of the peace demonstrators, 22-year-old Daniel J. Schacht of Houston, who was released on \$100 bond after being charged in corporation court with "failure to move on."

MR. AND MRS. BRADLEY A. BIEGERT

Cheryl Couch, B. A. Biegert Say Marriage Vows in Boise

Cheryl Elaine Couch, daughter of Mr. and Mrs. James H. Couch, Twin Falls, and Bradley Allen Biegert, Boise, son of Mrs. Viola O'Hara, Lewiston, and Ernest—Biegert, Grangeville, were united in marriage June 18 at the First Methodist Cathedral of the Rockies, Boise.

The ceremony was performed by Rev. Meredith Groves and Rex Newell Morgan, officiating.

The bride wore a pearl- and scalloped Chantilly lace gown with an oval neckline which accentuated the yoke neckline from the revealing the demilune Al-rayon organza gown. The lace cape effect swept into a wateau chapel train. Tiny miniature self-covered buttons caught the long lily-point sleeves at the wrist.

Organza flowers and lace,

Miss Freeman, Torres Wed In June Ceremony

WENDELL — Susan Lucille Freeman, daughter of Mr. and Mrs. J. H. Freeman, Wendell, and Julian J. Torres Jr., son of Mr. and Mrs. Milton Torres, Hazelton, were united in marriage June 3 at the Wendell Methodist Church.

Rev. Edward V. Hargreaves officiated at double ring ceremony. The church was decorated with white carnations and pink roses.

Mr. Faeth Eaton, organist, played the traditional wedding music. Mrs. Robert Blastock, filter, soloist, was accompanied by her daughter, Carla Blastock.

The bride, given in marriage by her father, wore a floor-length gown of Chantilly lace over white satin. The train of Chantilly lace was bordered with white carnations and pink roses. She carried a bouquet of white carnations and pink roses. She wore a small gold cross and chain.

Sandra Freeman, sister of the bride, was bridesmaid. Mrs. Brent Stansney, Pocatello, cousin of the bride, Janice Scheel, Wendell, and Nita Stansstreet, Winnemucca, Nev., were bridesmaids.

Mike Altherton, Murtaugh, was best man. Serving as ushers were Ken Powers, Sun Valley, Calif.; James Wallace, Corvallis, Ore.; Dennis Brandon, Eden, Lupo Torres and Nick Freeman.

Merrilee Callon was flower girl. Johnny Torres, brother of the bridegroom, was ringbearer. The reception was held in Holbrook Hall, Patty Kay Nicholson, Boise, cousin of the bride, and Lana Torres, sister of the bridegroom, were in charge of the guest book. Gifts were arranged by Sherry Meyers, Vale, Ore.; Mrs. James Schutte, Twin Falls, cousin of the bride, and JoAnne Miranda.

The bride's table was covered with white lace over pink. The tiered wedding cake centered the table and was flanked by lighted white tapers in crystal holders. The cake, baked and decorated by Mrs. Raymond Ruby, was white with cascading pink roses and topped with a miniature bride and bridegroom.

Mrs. Gerald Nicholson, Twin Falls, aunt of the bride, and Mrs. M. E. Scheel cut and served the cake. Mrs. Delmer Nicholson, Halley, and Mrs. Jennie Olson, Emmett, aunts of the bride, served coffee and punch. Others assisting with the reception were Mrs. Arthur Rice, Mrs. Peter Anderson, Mrs. Marvin Anderson, Jeanne Miranda and Ann Schrouder.

The couple will reside at 1420 Ash St., Caldwell, for the remainder of the summer.

Crazy Legs Are Root of All Fashions

NEW YORK (AP) — Current superhot styles stem from gaudy stockings, a fashion trend that has been thought of as years ago. Once stockings were necessities. Now they are the costume accessories.

At the fall collection preview Wednesday, the first of a four-day schedule arranged by the New York Costume Group, designers who follow trends or anything new in unison in halting the crazy leg as the root of all fashion.

As if to prove that diverse backgrounds means nothing, makers of banian fabrics from Milan, from Milan and Italian-born Ferrero (Itzhak) from his posh mansion in Palm Beach and Gayle Kirkpatrick from the garment district, all show off their wares. Most of their offerings had to do with stockings.

Alcohol-loving Ferrero believed that the curvy gams of girls should be covered with swirls of purple, pink and green. Ken Scott set his stockings.

Sylvia Bott, Prettie Repeat Nuptial Vows

RUPERT — Sylvia Bott and Jack William Prettie were married in an afternoon ceremony June 3 at the Saint Nicholas Greek Church, with Rev. Kevin McArdie performing the double ring ceremony.

The bride, who is the daughter of Mrs. Lena Bott, Rupert, chose a pink and white color scheme for her wedding. The bridegroom is the son of Mr. and Mrs. William I. Prettie, Ogden, Utah.

Given in marriage by her brother, Mario Dalry, the bride walked down the aisle in a floor-length gown of white nylon organza. The bodice and front panels in the skirt were of lace and the bodice was finished with a scalloped neckline and lily point sleeves. The organza train was bordered in lace and fell from a bow at mid-bodice. A lace crown accented with seed pearls and sequins held her elbow-length bouffant veil. She wore a diamond pendant, a gift of the bridegroom.

Her bridal bouquet was formed of a white orchid surrounded with stephanotis and pink net and entwined with a crystal spray belonging to the bride's mother.

Matron of honor was the bride's triplet sister, Shirley Cole. Her other triplet sister, Sharon Johnson, and the bridegroom's sister, Diane Prettie, were bridesmaids. The flower girl was the bride's niece, Gabrielle Dalry, and she and the ringbearer, Daniel Dalry, nephew of the bride, carried large white chrysanthemums in which the rings were concealed.

The bridegroom was attended by his brother, Mike Prettie, as best man, and ushers were John Suttley, cousin of the bridegroom, both from Ogden, and the bride's brother-in-law, Cliff Johnson, Boise.

Alar boys were Robert Prettie and Richard Prettie, twin brothers of the bridegroom. —

Victoria Balliet was soloist and Betty Rausch was the organist.

Alar bouquets of large white chrysanthemums and pink carnations were in gold vases. Similar bouquets were placed before the statue of the Virgin Mary and at each statue surrounding the altar.

Smiles and white flowers were entwined on the candles at the altar. Special guests were the bridegroom's grandmother, Mrs. Dyre Johnson, and his aunt Mrs. Jo Suttley, both of Ogden.

Also posts with floral markers formed a path to the receiving line at the reception which followed in the parish hall. The hosts stood on a red carpet, backed with pink chiffon swag and decorated with flowers and floral bouquets were on each side of the bride party.

Doris Hitt registered the gifts and Dorothy Robinson, Verla McLaw, Marilyn Hall and Connie Wilfirth were in charge of the gifts. The gift tables were skirted to the floor and decorated with floral pieces and a floral swag.

The three-tiered wedding cake was displayed on a round table covered with a floor-length full skirt with pearl trim, and a crystal chandelier was hanging above the cake. Pink roses and a miniature bride and bridegroom decorated the cake, and silver candelabra was entwined with fern and flowers, which also encircled the cake, completing the decor at the bride's table.

The serving area was backed with a pink lace-covered backdrop. The cake was cut and served by Lucille Ketterling, the bride's sister and Barbara Dalry, sister-in-law of the bride.

Guests were served at round tables covered with satin and white lace by Diane Schow and Beverly Decker.

The couple took a wedding trip to Niagara Falls and the World's Fair in Canada.

The rehearsal dinner was held at the Rupert Elks Club.

Try something different! Add ferny seed to a tomato-beet sauce for spaghetti, inspired by Italian cuisine. This combination is delightful if you don't overdo the fennel.

The Chiropractor

By Dr. Ludwig C. Landwehr

The kidneys in an average adult person filter and purify in 24 hours close to 50 gallons of water from the blood and return it again. The extracted waste is what forms the urine.

All the contents of the bladder are carried out by the response of muscles. If a waste product is not completely eliminated, it is carried through a venous system of nerves.

If impediment occurs to those nerves, a variety of ailments may result by a variety of displacement, the capacity of the kidneys to carry out their work may be reduced and a continued discharge wastes into the blood stream, can rapidly infect the entire body.

Your doctor of chiropractic has studied the nervous system from its origin at the brain, through the spinal trunk following the spinal cord and its branches, emerging from between the various spinal segments to its terminals at some vital organ.

He knows where an impediment to the free flow of vital energy to particular parts of the body may exist and he knows how to remove such impediment, so that nature may resume its normal course and the organs regular function.

MR. AND MRS. DENNIS BODRERO (Nobles photo)

MR. AND MRS. ALBERT J. BOUNOUS JR.

### Bette Larsen, Bodrero Wed In Temple Rites

**BURLEY** — Bette Larsen, daughter of Mr. and Mrs. Lamar Larsen, Burley and Dennis Bodrero, son of Mr. and Mrs. Floyd Bodrero, Lovell, Utah, were united in marriage June 14 at the Logan LDS Temple.

The couple greeted guests that evening at the First Ward Cultural Center. The hall was decorated with a wishing well, adorned with red geraniums, beauty bags of yellow gladioli, and a lattice fence accented with seven-foot trees decorated in pastel colored paper flowers.

The bride wore a floor-length gown of bridal peau de soie, fashioned with a rounded neckline, long lily point sleeves and an empire waistline. The chapel train was enhanced with embroidered lace.

Her bouffant shoulder-length veil of illusion was held by a rose crown. Cascading yellow roses and yellow lily point streamers formed her bridal bouquet.

Vivian Larsen, sister of the bride, was maid of honor. Bridesmaids were RoseAnn Daltge, Karen Thaxton, Shilene Bodrero, RoseAnn Hamblin and Marsha Hudson.

Lynna Bodrero was best man. Ushers were O'Dell Bodrero, and Bruce Pilcher.

Robert Hamblin played background music during the reception.

The bride's table, covered with a light beige lace cloth over a yellow damask, was accented with a three-tiered white and yellow wedding cake. Yellow roses in crystal bud vases flanked the wedding chairs.

Receptions were served by Joan Owens and Konna Owen, Montana Butterfield, Logan, registered the gifts. Gifts were displayed by Peggy Bailey and Darlene Larsen.

The couple took a wedding trip to Sun Valley and Red Fish Lake.

The newlyweds will reside in Logan.

A wedding dinner was held at the new Grand View, Logan. Pre-nuptial showers were hosted for the bride by Miss Thaxon, Shilene Bodrero and Miss Daltge.

### Sandra Gose, Askew Recite Nuptial Vows

Sandra Lee Gose, daughter of Mr. and Mrs. Charles Gose, became the bride of Gary Duane Askew, son of Mrs. Mona Askew and the late Myron Askew, in rites June 2 at the First Presbyterian Church.

The double ring ceremony was performed by Rev. Robert Harter before a background setting of pink gladioli and pink chrysanthemums accented with greenery and tied with white satin bows.

Prayer books completed the arrangement. The bride, wearing a white tulle and white tapers and tied with white satin bows.

She carried a bouquet of deep pink roses and lilies of the valley. She wore a single pearl necklace, gift from the bridegroom, and carried a handbag of white which had belonged to her great-grandmother.

Mrs. Jerry Reis, friend of the bride, was matron of honor. The bride, given in marriage by her father, wore a Bridal Original of Chantilly lace and nylon organza veiled over tulle.

The gown featured a crescent waistline with a fitted bodice and a Sabrina neckline outlined with seed pearls and sequins.

Chantilly lace paneled the center front of the gown. The watered chapel train flowed from the back.

A queen's crown of Chantilly lace, pearl and crystal trimmed, held her elbow-length veil of tulle.

Chantilly lace held her elbow-length veil of tulle silk luncheon which was total ear ornament that conceals a hearing aid.

Other diamonds were enormous tortoise buckles through which neck scarves could be threaded.

## Buhl Women Score High In Sewing Contest

Top placers in the National Grange All-Cotton Sewing Contest include two Buhl women.

Mrs. Lee Mathews, Buhl, a member of Cedar Draw Grange No. 184, placed first in this 10th annual event sponsored by the nation's oldest farm organization.

The three class winners and the second and third place winners in each class were selected in New York at McCall's Patterns by nationally-known fashion designer Mrs. E. M. Jones from more than 50,000 entries representing 35 states.

The second and third place winners in each class, according to Mrs. Alta F. Peck, chairman of the National Grange Home Economics Committee in attendance, are Mrs. S. C. Beckham, Hylhewend, S. C., second, and Mrs. Corrine Morgan, Marietta, Ohio, third.

Class C winners include Nancy P. Andrews, Holbrook, Neb., second, and Ann Marra, Buhl, Wash.

Mrs. Henry Dahlquist, Buhl, a member of Cedar Draw Grange No. 184, placed second in the national event in the Class C division, with Mrs. Tom Nichols, Knoxville, Iowa, third.

Buhl, with Class A first-place winner Mrs. Mathews and Class C second-place winner Mrs. Dahlquist, was the only community with two winners.

Kimberly Miss, Holmquist Says Nuptial Vows

KIMBERLY — Patricia Elaine Pierce, daughter of Mr. and Mrs. A. W. Pierce, Kimberly, and Larry E. Holmquist, son of Mr. and Mrs. Don Holmquist, Hansen, were united in marriage May 27 in rites of the Kimberly LDS Church.

The ceremony was performed by Bishop E. D. Crockett, before baskets of white gladioli accented with blue bows.

The bride, given in marriage by her father, wore a red-velvet styled gown of white lace, which was made by her mother. Her elbow-length veil was held with a crown of pearl encrusted flowers. She carried a colonial bouquet of blue and white carnations, accented with white satin streamers, and wore a small gold locket, borrowed from her sister, Mrs. David Harden.

Mrs. Melvin Van Buren, attended her sister as matron of honor.

Jim Glenn, uncle of the bridegroom, served as the groomsmen. Ushers were Russ Cole and Gary Murr.

Traditional music was played by Carol Bastian, who also accompanied the soloist, Joe Goss.

The bride's table was centered with the traditional white three-tiered wedding cake accented with blue roses. Spring flowers decorated the bride's table and the reception tables which were covered with blue.

Wedding gifts were displayed by Dianne Vawser, cousin of the bride, and Susan Holmquist, sister of the bridegroom.

Cake and punch were served by Mrs. Jim Glenn, aunt of the bridegroom, and Mrs. Russ Cole, sister of the bridegroom.

Guests were registered by Joyce Mason, which included grandparents of the bridegroom, Mr. and Mrs. W. Glenn, Mr. and Mrs. Alton Holmquist, and grandparents of the bride, Mr. and Mrs. Robert Vawser.

Other guests were registered through throughout Magic Valley.

By ABIGAIL VAN BUREN  
DEAR ABBY: I think something is wrong with my husband. He hasn't kissed me since Jan. 10, 1964. That's the day we were married. I am 22 and Le Roy is 23, and we have two adorable children.

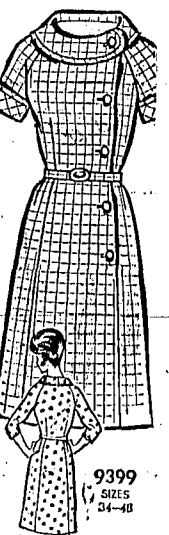

Everybody in our whole family knows about how Le Roy never kisses me, and it's just terrible. Yesterday I went to kiss him, and he turned his head away and said, "I don't kiss anybody."

"His mother said, 'Le Roy, your wife isn't just anybody.' He shrugged his shoulders and said, 'I just don't like to kiss, so sue me,'" and that was the end of it.

I keep myself immaculate, Abby, and my mouth is always clean, so that's not it. He doesn't seem natural for a married man not to want to kiss his own wife. I am almost at the end of my rope. I'll do anything you say. Please-help me.

UNKISSED: Le Roy is the one who needs the help. Ho

Job's Daughters Of Rupert Attend Sessions In Moscow

RUPERT—Attending the 33rd annual grand session of the Grand Guardian Council of Idaho, International Order of Job's Daughters, were 15 members of Rupert-Booth-No. 39.

The council was held late in June in Moscow, with headquarters at the University of Idaho Memorial Gymnasium.

Chaperones were Mrs. Russell Lindstrom, Paul, and Mrs. Edwin Miller, Rupert. Mrs. Olga Ebb, past grand guardian of Idaho, also attended and served as chairman of the registration committee. Mrs. Charles Creasman served as grand organist.

According to a report to the local booth, approximately 1,000 Job's Daughters and Grand Council members were registered for the three-day event.

Mrs. Margaret M. Jobe, Idaho Falls, grand guardian of Idaho, presided at the meetings.

Mrs. Jobe was assisted by Anna Carter, Boise, honored queen of the Grand Council, and Mrs. William Shaffer, the grand association guardian, Ray Nissula, Cascade.

Janet Smith, Christensen Repeat Vows

VIEW—The View LDS Chapel was the setting for the June 23 wedding of Janet Ellen Smith, daughter of Mr. and Mrs. Waide Smith, View, and Niel C. Christensen, Oakley.

Bishop Deloss Stoker officiated at the double ring ceremony before a background of baskets of pink and yellow roses.

The bride, given in marriage by her father, wore a floor-length Bridal Original gown of scalloped Chantilly lace forming a redingote effect on imported rayon organza. The gown featured a crescent waistline, an oval neckline encircled with pearls, long lily point sleeves and a chapel train.

Her buffant shoulder-length veil of lace was secured with a pillbox crown accented with lace flowers. She carried a cascade bouquet of yellow roses.

The miniature bride and bridegroom nestled in tulle and lace enhanced with yellow satin ribbon and lace streamers.

Debra Smith, sister of the bride, was maid of honor. Bridesmaids were Connie Smith, sister of the bride, Bonnie Jaromir, Mary Lee Cottingham, Anna Young and Julie Duncan.

Gary Haycock served as best man and ushers were Larry Hayner and Orvil Koyke.

A reception was held after the ceremony in the LDS Cultural Hall, with Carolyn Martindale, friend of the bride, registering the guests.

The couple greeted their guests before three pillared aisles decorated with miniature lights, angled hair, fern and awning bells, flanked by beauty bushes of yellow gladioli and white chrysanthemums.

Cake was arranged by Mrs. Derold Mabey, Mrs. Percy Christensen and Mrs. Marlon Studt. Gift carriers were Reid Smith, Duane Mabey, Milford Mabey, Dennis Christensen and Ted Christensen.

The bride's table was centered with a three-tiered wedding cake, decorated with pink and yellow sugar roses and topped with wedding bells. The cake was made and decorated by Mrs. Ellis Jensen, aunt of the bride.

Guests were served at quarter tables covered with lace and centered with brandy snifters containing yellow feather flutes.

and decorated with green and white feathers.

The cake was cut by Mrs. Jensen and punch was poured by Mrs. Grant Saxton, Mrs. Deann Saxton and Mrs. Gale Seagle.

Assisting with serving were Terry Christensen, Kelly Christensen, Kristine Searle, Peggy Judd and Karra Savin.

Master of ceremonies for the program was Gary Haycock. John Stone's Orchestra furnished music for dancing. Prayers were given by Derold Mabey and Bishop Milton C. Payne.

After a honeymoon trip in Oregon and Washington, the newlyweds will reside at 1250 Normal Ave., Burley.

A miscellaneous shower was given for the bride by Miss Jaromir, Miss Cottingham, Miss Duncan and Miss Young.

# Team Starts Figuring Cost Of Future Cars

**-DETROIT (AP)**—A group of men will start figuring behind closed doors Monday, at least indirectly, what you'll be likely to pay if you buy a 1968 or 1969 or even a 1970 model car.

They also may determine when you can get a 1968, unless you're an early bird purchaser.

United Auto Workers President Walter P. Reuther leads his contract bargaining team to General Motors Corp. on Monday. He will go to Ford Motor Co. on Tuesday and to Chrysler Corp. on Wednesday.

The 1968s will just be starting to roll full fit of assembly lines when current three-year con-

tracts expire at the Big Three on Sept. 6. A strike could stop any of them cold.

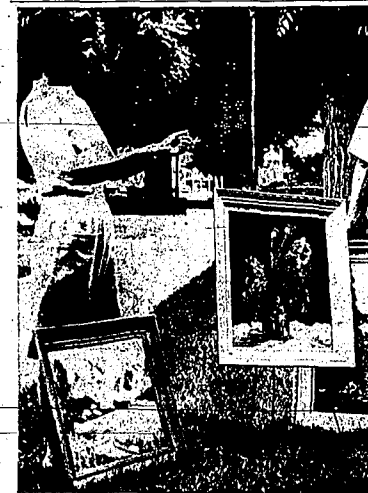

The automakers have indicated costs of newly ordered government safety features will be reflected in new model prices along with at least a portion of any substantial added labor costs.

Reuther concedes he is taking the bargaining tables, the longest and most ambitious list of demands ever laid out by his union. The automakers heartily agree.

Reuther repeatedly has said, "We're not trying to take anything out of the consumer's pocket." He insists union demands could be met without the necessity of a price increase.

While none of the automakers likes to get left at the starting gate by a strike on new model runs, all three raise objections "in principle" to some demands already outlined. A union source concedes strikes normally don't erupt over a few cents per hour, but on principles.

While 1967 sales and profits have been running behind those of 1966, auto executives confidently have been forecasting a 10-million sales year by 1970, when any new three-year pacts would be running out.

## Annual Art Market To Be Held Sunday In City Park

Approximately 100 paintings by 20 artists will be displayed at the eighth annual art market, sponsored by the Art Guild of Magic Valley, at 10 a.m. July 16 at the Twin Falls City Park, according to Mrs. William Grange, president.

The art market, begun in 1959, is held each year in the City Park, and all media of paintings, such as oil, water color, acrylic and velvet painting, are shown.

All paintings will be available for sale by individual artists, Mrs. Grange reported.

Officers of the Art Guild of Magic Valley are Mrs. Grange, president; Dr. George Becker, vice president; Mrs. Gladys Knight, secretary, and Mrs. Bonnie Klein, treasurer.

Several members of the Guild have sent their paintings to Wynona, Star Lake City and Nevada for art shows, as well as to Pocatello and Boise.

The Guild sponsors a continual competitive exhibit at the Twin Falls YMCA Building, where the pictures are changed and judged every two months. A new exhibit will be judged shortly, said Mrs. Grange.

The Art Guild of Magic Valley and the Buhl Art Guild sponsor the Art Building at the Twin Falls County Fair each year.

The public is invited to attend the art market.

## Pony League Games Set In Rupert

**RUPERT**—Opening games in the Pony League baseball tournament to be hosted by the City Recreation Department were set at Thursday's meeting of the Chamber of Commerce when Chamber President Claude Bowman drew for the positions.

The 16 teams will be playing at Memorial and Nopuna fields with games set for 5, 7 and 9 p.m. Play will be two hours or seven innings, with finals to be staged Saturday night at Memorial field No. 1.

The opening round of play will see Twin Falls McClain's in the first game with Shoshone; Jerome Gas and Oil opposing Ogden; the Buhl Cowboys meeting Hancock; the Rupert Spartans (Kimberly); Twin Falls Springs vs. Filer; Jerome C and D McManey vs. Idaho Falls; The Buhl Indians meeting Soda Springs; and the defending champion Rupert Mustangs slated to play Rexburg.

Claude McCloy, city recreation director, reported on progress of the baseball and softball programs in the city, and informed chamber members that the Mustangs won the Idaho Falls Pony League tournament last week, and it displayed their first-place trophy.

Catches of the championship team are John Fennell and Ed Schab. Mr. McCloy classed the championship game, in which the Mustangs defeated the Idaho Falls team, with big league play, noting that the score was 32 in 10 innings.

Rupert will be hosting this week's tournament for the second year, with the 16 teams representing their participation.

Boyle Lawler will be chairman of housing for the visiting teams.

Also assisting Mr. McCloy with arrangements for the tournament are Bob Maggart and Judson Van Every in charge of prizes for home runs, winning pitchers, stolen bases and other outstanding plays. The boys in the Pony League are not allowed to accept cash prizes, so merchants were asked to notify them of two men if they have merchandise to donate.

Kenneth Bell is in charge of the program at the chamber luncheon during July. He also gave the invocation. Guests were Raymond Coats, associated with Bishop Reed-Mix; and Eugene Winnemeter, Burley, with Colbyville.

Mr. Bowman thanked the members for their assistance and support in the July 4 week

## Rare Whooping Crane Is Born

**SAN ANTONIO, Tex. (AP)**—A second baby whooping crane hatched from its egg at the San Antonio Zoo, and zoo keepers separated the rare little bird from its angry parents.

It hatched early Sunday in the cage of Rosie and Cipr, two of only 88 whoopers known to exist.

Fruity the protective wing of Rosie smothered the first baby to emerge from the two eggs in her nest. It had been left there for fear the adult birds might smash the remaining egg.

Zoo Director said the infant whooper soon will have the run of a small outside pen, feeding on a high-calcium diet of fish and meal.

## China Says U. S. Planes 'Intruded'

**TOKYO (AP)**—Communist China charged Monday that two U.S. military planes "intruded" into its air space on two separate occasions Sunday.

Peik's official New China News Agency said a spokesman of the Chinese Foreign Ministry has been authorized to issue the "strong" warning against the United States "in relation to the provocations by the U. S. military aircraft."

The broadcast, monitored in Tokyo, said one plane flew over Chinese territorial waters northeast of Menehough County on Hainan Island in Kwangtung Province.

The other plane, the agency said, flew into China's territorial airspace over Tung Island of the Hsisha Islands in Kwangtung Province.

## Woman Is Honored For Publication

**BURLEY**—An arrangement of white and purple chrysanthemums were presented to Mrs. Donald Mabey Thursday morning by the Burley Credit Women's Breakfast Club for International honor given to the club publication, "The Crier," during a meeting at Stampede Cafe.

Mrs. Mabey, a member of the Burley Credit Women's Breakfast Club, is editor of "The Crier," which represents the Pacific Northwest Council of Credit Women's Breakfast Clubs in district 10.

District 10 includes Idaho, Oregon, Washington, Montana, Alaska, British Columbia, Alberta and Saskatchewan, Canada. This is the first time the district has ever received the first place trophy for the official magazine of this district.

The trophy was given by Mrs. Jasper Kidd, club chairman. Members and guests were welcomed by Mrs. Fern Peterson, president.

Reports on the district and international conference held recently at Vancouver, British Columbia, were given by Mrs. Alpha Moulter; Mrs. Mabey and Mrs. Peterson. At the conference Mrs. Mabey was elected district managing secretary.

Ralph Kruse, manager of the Burley Co-Op, reported on the ICCA meeting held during the week.

Mrs. Kruse is president of the newly formed Burley chapter.

"Effective Communications" was outlined as the main subject covering the lesson in the club's study manual.

**BOMBAY (AP)**—In an area marked by industrial development, this Indian city has had enough of it. A special planning

## Nigerian Forces Move Near Capital

**LAGOS, Nigeria (AP)**—The federal Nigerian government says its forces have moved 15 miles into the breakaway Eastern region of Biafra in their effort to capture Eastern rebel capital, 40 miles farther south.

Each side continued to claim inflicting heavy casualties on the other as the civil war entered its fifth day in hilly border country.

The federal announcement said Nigerian forces have surrounded Urueta, home of the former University of Nigeria, where Michigan State University operated a large aid mission. The mission has been evacuated. The town commands the approach to Enugu.

Major Gen. Yakubu Gowon, head of the federal military regime, claimed the army's aim is to capture Lt. Col. Odumegwu Ojukwu, who proclaimed the new state of Biafra May 30, 1966, and who the federal government had treated the Eastern region unfairly.

## Shoshone Class Of '57 To Meet

**SHOSHONE**—The Shoshone High School senior class of 1957 will hold its 10 year reunion, Aug. 20, at the Shoshone Fairgrounds beginning at 11 a.m.

Sharon Hill, Shoshone, and Marjorie Hughes, 304 North 11th, Pocatello, are committee members in charge.

Those planning to attend should notify committee members by July 20.

The event will include the family picnic.

**Shot Kills Woman At Courthouse**

**MENA, Ark. (AP)**—A single blast from a 20-gauge shotgun killed Charlene E. Whitte, 19, as she was being escorted from the Polk County courthouse by a state trooper and a Mena policeman.

Her estranged husband, Darrell Whitte, 23, was held later Sunday in the county jail pending charges. Their divorce was to become final today.

"He just shot her out from between us," said Trooper Ken Hendrix. "He slipped up behind her before we knew what was going on."

Hendrix said he and officer Floyd Phillips of Mena were on their way to arrest Whitte when they left the courthouse with his wife.

Mrs. Whitte had sworn out a complaint charging that her husband pulled a knife on her earlier in the evening, Hendrix said.

Whitte was knocked unconscious with a blow from the butt of Hendrix's pistol after the shooting. His pockets were filled with shotgun shells, Hendrix said.

# Elite Of Baseball World Travel To Anaheim For Annual All-Star Contest

By BOB MYERS  
**ANAHEIM, Calif. (AP)**—The elite of baseball packed and headed here Sunday for the game's classic midseason exercise, the annual All-Star Contest. The setting is Anaheim Stadium.

# Mrs. King Is Queen Of Amateur Tennis

**WIMBLEDON, England (AP)**—Billie Jean King, the California fireball, stood supreme in the world of amateur tennis Sunday and Wimbledon organizers expect the leading star to be champion for years.

This was her assessment after one of the strongest All-Australia tennis events— a tournament that lurches through a string of stunning upsets, threw up a flock of unlikely winners and yet attracted bigger crowds than ever before. No American man emerged from the fray with anything like the authority and prestige of Billie Jean, the 23-year-old housewife from Long Beach who collected Wimbledon's triple crown by defeating the leading doubles and mixed doubles titles.

**PHILADELPHIA (AP)**—Tony Gonzalez lined a leadoff pinch homer over the right field wall in the 13th inning, giving the Philadelphia Phillies a 4-3 victory over St. Louis Sunday.

Gonzalez, swinging for Billy Conzalez, who had homered earlier in the game, struck the ball to left fielder Ron Willis, who came in at the start of the inning.

The Phillies' victory snapped a three-game losing streak for the National League leader.

Larry Jaster, the Cardinal starter, was working on a two-inning lead and leading 3-1 in the eighth inning when Mike Shannon booted Conzalez's grounder.

Home runs—Gonzalez, 2; Shannon, 1; Conzalez, 1; and Rich Allen, who hit a double home run, tying the score.

Jaster, Willis and McCarron, Ricketts (10), Bunning, Jackson (6), Wise (10) and Oliver (W), 4-6. L—Phillips, 10-12. G—Conzalez, 2; Allen, 11; Gonzalez, 11.

**FRANK BEARD** led through the final two strokes ahead of Bear and finished six under par at 23.

McBee, starting the final round five strokes behind Franch and three behind Beard, finished Beard's record at 34-69 to the Funsteth for second money.

**SAN FRANCISCO (AP)**—Mike McCormick hurled a five-hitter and Willie Mays delivered a bases-loaded, two-out single in the 10th inning, giving the San Francisco Giants a 1-0 victory over Los Angeles and Claudio Ostera.

McCormick started the Giants' winning rally with a single, opening the 10th. After Thigpen's sacrifice bunt, Dick Groves batted for McCormick and forced Lanier.

Then the runners advanced on the hit. Jim Davidson was intentionally walked, leading the bases, Osteen got Ollie Brown on a short fly but Mays drew a bases-loaded walk. The runner with the game's only run.

# Youngsters Set World Records During Santa Clara Swim Meet

**SANTA CLARA, Calif. (AP)**—There is no limit to what kids can do.

Three 17-year-olds have broken four world records and another held fifth in the first two days of the Santa Clara International Invitational swim meet. And they're far from satisfied. They're looking ahead to

Monday morning the respective managers of the American League's Hank Bauer of the world champion Baltimore Orioles and the National's Walter Alton of the Los Angeles Dodgers, will announce their pickers and batting orders.

The starting line-ups are practically set as a result of the juggling by the players themselves. There is speculation on the starting pickers.

The general prediction is that Alton will open up with Juan Marichal of the San Francisco Giants, now 12-7, and Bauer will lead off with Sandy Koufax of the Los Angeles Dodgers.

But, however, may go with Jim Horton of the Chicago White Sox, Jim Lonborg of Boston or Anaheim's newest hero, rookie Jim McGlothlin of the Angels.

The Americans are favored to lead off, can also consider, along with Marichal, Ferguson Jenkins of the Chicago Cubs, Jim Lonborg of the White Sox by 2 1/2 runs.

So the Nationals are favored to win the game, then slammed a two-run homer in the sixth.

Boswell rapped out two hits in the second game, including the two-run single in the fourth inning which broke a 1-1 tie and put Minnesota ahead to stay.

Tom Edman gave a run-scoring single in the second but the Sox tied it in the third when Tommie Agee, who had been held scoreless in his first four at-bats, hit a home run off reliever Ron Willis.

Claudia Kolb, a freckled, 5-foot-11, 130-pound brunette from the Santa Clara Swim Club, set world records in the 200 medley relay, 2:27.5, Friday and the 400 medley relay, 5:17, on Tuesday.

Of the longer race, she said rather casually, "I believe I can beat that by two seconds. I hope to be in 5:12."

Two other double winners set a record each.

Mark Spitz, another Santa Clara resident, set a 200-meter freestyle record at 4:08.8 Friday and won the 200 butterfly Saturday in 2:07 flat, missing the latter record by four-tenths second.

Pam Kruse, another record holder, set a 200 butterfly record of 2:11.5 in the 200 freestyle.

Carl H. Ball, unattached since he finished fifth at the California State Meet, is reported to have disbanded, tied the world record of 1:15.7 for the 100-meter breaststroke last year by 1/100th of a second.

Prozmyznikova of Russia.

Mills Ball wanted to challenge the Russian hero, but the Soviet swimmers weren't invited because Russia won't accept the AAU for failure to keep its contract to join the track team to California last year.

# Keino Beats Clark As U.S. Cops Meet

**LOS ANGELES (AP)**—Kenya's Kip Keino maintained his 5,000-meter mastery over Australia's world record holder, Ron Clarke and beat him by 20 yards in the United States-British Commonwealth Track Meet Sunday.

The 27-year-old Keino, who placed second in the 1,500 meters on Saturday, ran the grueling race in 13:58 after passing Clarke with only one-half lap to go. The Aussie finished in 13:40.

America's Jerry Lindgren finished a well-beaten third at 13:47.8.

Although the Aussie holds the 5,000-meter record at 13:16.6, Keino has won six of the seven meetings at three miles or the slightly longer 5,000 meters.

The United States men's team captured the meet with 254 points to 170 for the Commonwealth before the crowd of 21,763. The Commonwealth won the women's competition 125-102.

Jackie Brandt drove in three runs with three hits and Jimmy Wynn pitched his major league debut as the Astros dropped the Cubs 8-0 Sunday.

An inning later, Wynn walked, Rusty Staub doubled and Morgan was intentionally walked. Brandt singled sharply to right knocking in two more runs.

Chicago 000 000 0-0 2 2 Detroit 000 013 2-6 11 1 Wynn, Hostenstein (8), Hands (7), Gardner (7), Niekro (8) and Stephenson; Wilson and Brandt; W-Wilson, 5-5, L-Nye, 7-5.

The Tigers won the opener 10-4 before Jim Lonborg and reliever John Wyatt blanked them on four hits in the nightcap as Boston snapped a five-game losing streak.

Jerry Adair led off the second inning with a triple off Detroit starter Dave Wickham and Smith followed with a two-run homer. Yastrzemski had a bases-empty homer—a 13th of the season—off reliever Pat Dobson in the eighth.

Dick McCallie and pitcher Earl Wilson clubbed homers for Detroit in the opener, and Jim Northrup's two-run single capped a decisive four-run rally in the third inning.

Dear Walt: Do you think a young man's nerves (1) do not discuss 14-year-old boy should have the right to pick his own clothes? I don't want to dress like a girl, but I would like the same as you drive; (2) pick the friendliest boy at the dance to invite like either. Please answer in most popular guy; and (3) promise yourself that if you chicken out, you'll return to your seat rather than ask a girl to do your own thing (like shopping if (1) they stay within the established clothing budget (and this means not blowing everything on boots to the exclusion of socks and underwear); and if (2) they don't embarrass their parents and themselves with inappropriate attire. Dear Laurie: It is scary crossing a dance floor, going up to a person and inviting him to dance. But unless you conquer your fears, the boys will soon decide you're not interested in going to the dance. Three hints to ease your mind: (1) Go to the dance with a group of friends. (2) Practice your dancing moves at home. (3) Don't be afraid to ask a boy to dance. If you're currently missing a copy of do-it-yourself summer jobs. Dear Ele and Walt: We're sending along a list of more than 45 ideas for "be your own boss" summers. To get a copy send your names, a long stamped, self-addressed envelope to us at: P.O. Box 7055, Honolulu 96821.

**B A R B S**

Dear man in the American Revolution! You may need more service than the Internet tax system works because the American taxpayer is fundamentally honest. A nice tribute, soon decide you're not interested in going to the dance. Three hints to ease your mind: (1) Go to the dance with a group of friends. (2) Practice your dancing moves at home. (3) Don't be afraid to ask a boy to dance. If you're currently missing a copy of do-it-yourself summer jobs. To show you've become responsible, you don't start your own business this summer, or go to work as a route boy for your favorite paper? If you earn the money to buy some of the things you're currently missing, you're a true man. Write your parents' image of you. —Ele and Walt.
