NEW "RIGHT TURN ONLY" lane at the Five-Points-North-Blue-Lakes-Blvd. N., and Addison Avenue to accomplish the additional lane. State workers have just completed painting turn arrows and other traffic directions on the new intersection. City and state crews cooperated in the widening of both

## Air Force Jets Hammer Near Center Of Hanoi

SAIGON (AP) — Striking U.S. Air Force jets hammered today at the Doumer highway and railroad bridge linking the North Vietnamese capital with suburbs across the Red River. The U.S. Command said they wrecked it.

Four direct bomb hits were reported to have dropped the center span over the east channel. The mile-long bridge, linking Hanoi with railway lines running into Red China, runs from the city's edge northeastward to the island of Co Xa and then to the Gia Lam district on the far bank.

A U.S. Command spokesman said that "to the best of my knowledge" it was the first time the Doumer bridge had been attacked. A power plant within the city itself, little more than a mile from Hanoi's heart, has been bombed twice. U.S. Navy planes blasted this plant May 19 and staged a follow-up raid on it June 10.

The attack on the Doumer bridge came in a week in which the Preparedness subcommittee of the Senate Armed Services Committee in Washington has been questioning theater commanders about bombing policy. Sen. John Stennis, D-Miss., the subcommittee chairman, said Adm. Ulysses S. G. Sharp, over-all commander of U.S. forces in the Pacific, testified Thursday that "many additional lucrative targets" in North Vietnam have not been bombed.

The long bridge over the Red River is a vital link in the Hanoi-Haiphong transportation system that joins up with the railroad facilities leading to China, spokesmen said.

The raids were carried out by U.S. Air Force F105 Thunderchiefs and F4C Phantom pilots. The command said complete bomb damage assessment was not yet available. There were no other details.

A U.S. Air Force Phantom jet returning from a combat mission was destroyed in a crash landing at the Da Nang Air Base. It surged out of control and smashed into two houses at the end of the runway, killing the navigator and two elderly Vietnamese civilians. The pilot survived. It was not announced whether the plane had taken part in the Hanoi raid.

On Thursday, U.S. fighter-bombers streaked through heavy Communist anti-aircraft fire and damaged heavily two big North Vietnamese railroad yards north of Hanoi and Haiphong. Ground action was generally light, despite 34 continuing allied operations.

## More Mideast War Said Inevitable

By The Associated Press  
President Gamal Abdel Nasser's closest confidant predicted today that renewed war with Israel is virtually inevitable, and King Hussein warned that Jordan would fight again unless the Israelis give back Old Jerusalem.

The belligerent notes were sounded as Yugoslav President Tito opened talks in Cairo with Nasser in an effort to sell the Egyptian leader a peace formula for the Middle East.

Mohammed Hassanein Heikal, editor of the semi-official Cairo newspaper Al Ahram, said in a signed editorial: "Only a miracle will prevent a return to the battlefield, and I do not think we live in an age of miracles."

Heikal, generally regarded as Nasser's spokesman, said the first task facing Egypt is "restoration of the army to its fighting readiness."

Hussein declared in Amman that Jordan "is determined to die" before it surrenders the Arab sector of Jerusalem to Israel.

"We are determined not to cede any part of our beloved land nor any stone of our sacred Jerusalem," Hussein said in a speech Thursday on the eve of the 15th anniversary of his becoming king.

The Jerusalem Post reported Wednesday that Jordan's former development minister, Ismail Hejazi, had told one of its reporters Jordan plans to negotiate soon with Israel. Hejazi, known to be close to Hussein, said plans for such talks should be made public "within 10 days."

Tito planned to spend three days conferring with Nasser, an old personal friend and associate in the nonaligned movement. Informants said Tito has evolved a plan calling for Israeli withdrawal from territory wrested from the Arabs in the June war in return for guarantees by the big powers of the U.N. Security Council of Israel's prewar borders. But the Israelis have insisted they will not give up the Old City of Jerusalem and have given no indication they would consider any international guarantees sufficient to protect them.

## Panel's Call For More Negroes In Guard Gets Mixed Response

By The Associated Press  
A presidential panel's call for greater Negro participation in the National Guard has gotten a mixed response. Republican governors have urged prompt law enforcement to head off potential riots, and 16 Negro leaders, including Black Power advocates, have called for a political alliance with "progressive whites."

This was the major activity on today's racial scene as specific proposals to deal with disorders and their causes began to flow from meetings and hearing rooms in New York, Washington and Chicago.

On a call Thursday by the President's Advisory Commission on Civil Disorders for more Negroes in the Guard, a panel member, Sen. Fred Harris, D-Okla., said, "If there was a more realistic percentage of Negroes in Guard units called to handle riots in Negro areas, the Guard units would be more effective in doing so."

But Maj. Gen. James F. K. Cantwell, president of the National Guard Association, said, "How can you beat the bushes when you have a waiting list?"

Secretary of Defense Robert S. McNamara was giving the special commission's recommendations "immediate attention."

Eight Republican governors who met in New York dealt with a 60-point program to deal with social injustice and lawlessness, but stressed the need for quick law enforcement in volatile situations.

The governors' proposals included pooled police and fire-fighting manpower to be made available to cities where trouble has broken out.

In Chicago, 16 Negro leaders including Floyd McKissick, national director of the Congress of Racial Equality, proposed "cooperation between black militants and white progressives."

In a letter sent to several thousand members of Negro organizations, they said, "There are whites who are still committed to the struggle for freedom and justice. We feel that political alliances, without compromising one's political or organizational integrity, are necessary and crucial at this point."

In Mississippi, Negroes were cheering the victories of almost half the Negroes who ran for office in Tuesday's Democratic primary. Negroes won 15 county offices outright, and 19 others gained places in an Aug. 29 runoff election. The Democratic nominees probably will not be opposed in the November general election.

## Castro Says Revolution Will Sprout

HAVANA (AP) — Fidel Castro said Thursday night a new revolution in the United States will sprout from the Negro sector "bent by daily oppression" and called on the world's revolutionaries to support that revolt.

"Rapprochement of the revolution of the United States and those of Latin America is the most natural thing. The revolutionary movement of the entire world should give it (the U.S. Negro revolt) its support," Castro said.

Speaking for 3 hours and 40 minutes to the closing session of the Organization of Latin American Solidarity—OLAS—the Cuban prime minister also charged that President Johnson was responsible for a plot to kill him that failed.

He referred to statements by two of eight captured-Cuban exiles paraded at two news conferences in the last week that an anti-Castro military force in Florida had sent them on a mission that included assassination of top Cuban government officials. They said they had received training from the U.S. Central Intelligence Agency.

The 11-day OLAS conference ended without making public a resolution which delegate sources said condemned Communist countries that have financial agreements with non-Communist Latin American governments.

## Governor Will Attempt To Remove Two From Prison Board; New Man Named

BOISE (AP) — Gov. Don W. Samuelson said today he will attempt to remove members of the State Board of Corrections if they fail to resign but will wait for a preliminary audit report before taking action.

But he told his news conference "we have enough right now" to justify their removal. Under state law he must inform the members of the board in writing of the grounds for removal.

Samuelson said his reason for removal is that "we are trying not to hurt anyone."

The governor announced he has appointed C. L. House of Boise, a former Ada County sheriff, as the Democratic member of the board, replacing James Nally, who submitted his resignation earlier this week.

Other members of the board are Mark Maxwell, the chairman and prison warden, and Saul Clark, the secretary. Both have said they will not resign.

Samuelson said he still is hopeful they will change their minds, but he made it clear that if they do not he will attempt to remove them.

The governor said he expects a preliminary report of the audit being made by the Bureau of the Budget within 10 days or two weeks. He said a final report due within four to five weeks.

But he said instructions he has given Board of Corrections members since he became governor in January have not been carried out and he considers that to be reason for making a change.

"You can't run an efficient operation," he said, "unless the people in-charge have control and can ask and demand efficiency."

He said he asked Maxwell early in January to terminate the practice of Board of Corrections members obtaining food from the prison commissary but he said the chairman had not done so.

Other changes he said he thinks should be made include: —Expansion of the prison industries to keep more inmates at work. —Better education facilities. —Providing psychiatric help. —A better program of rehabilitation.

## De Gaulle Assails Critics As "Apostles Of Decline"

By DAVID MASON  
PARIS (AP) — President Charles de Gaulle assailed his critics at home Thursday night as "apostles of decline" who renounce French independence and "experts in disparagement" who oppose the development of France.

In a 20-minute radio-television defense of his policies, the 76-year-old leader retreated on none of the domestic and foreign stands which this summer have aroused increasing opposition in France as well as abroad.

He enumerated his recent foreign policy stands—on Vietnam, the war in the Middle East, the European Common Market, relations with Communist nations and his support of French-Canadian separatism—and said "the fact that France is taking a position appropriately French... stupifies and exasperates the apostles of decline."

De Gaulle said nothing is more important than for France to rebuild its influence and power.

He said this is why his government recognized Communist China in 1964, and why "we condemn in regard to all states, any armed intervention in the territory of others such as indeed took place in Southeast Asia and in the Middle East, because nowadays a fire is de-

## 1,500 Take Part In T.F. Parade

More than 1,500 costumed and excited youngsters paraded through downtown Twin Falls during the annual Back-to-School Parade Friday morning, and competed for prizes offered for outstanding entrants.

Holly Houbfurg, parade marshal, presented the awards. The parade was sponsored by Twin Falls Park and Recreation Department and the Downtown Merchants' Association. Mr. Houbfurg rode in the parade in an old makeshift car, which was one of the main attractions of the parade.

First place winners in the bicycle division were Cindy Sterling and Kevin Mowry for "Tiger in the Tank," and Perry Van Patten took top prize in the tricycle division as "Bozo the Clown."

First place winner in the western costume division was John Hartwell as Chief Crazy Horse; nursery rhyme division, Debbie Lee as Snow White; unusual pet division, a pig, owned by Douglas Hartwell; Back-to-School theme winner was Tina Parrott as a notebook, and David Sears as Lawrence of Arabia, miscellaneous division.

Four cash awards were presented in each of the eight entry divisions, according to Howard Johnson, parade manager. Judges for the event were Mrs. Constance Leiser, city clerk; Mike Gray, and Allen Betz, manager of Woolworth's, Inc.

Harrison Park won the prize for best float. Theme of the float was "Harrison Hippies," and it featured youngsters holding signs with names of school supplies and school-related thoughts. Counselors at the park are Shirlee Ball and Jan Ashenbrenner.

## Premier Ky Ignores Candidate Charges

SAIGON (AP) — Premier Nguyen Cao Ky today brushed off charges from South Vietnam's civilian presidential candidates that he has failed to provide them adequate security and transportation for campaigning.

"What do we have to answer? I have said many times we are ready to provide them everything necessary for their campaign," Ky told a reporter.

Seven of the 10 civilian candidates announced Thursday they would not participate in a tour of the provinces arranged by the government until Ky and Chief of State Nguyen Van Thieu answered a letter they wrote Tuesday demanding assurance of "adequate security and transportation."

A 22-stop trip began last Sunday, but was called off in Quang Tri, the first stop, because a reception committee and government cars were not on hand to greet them. The candidates returned to Saigon and charged that Thieu and Ky, the military candidates for president and vice president, were trying to sabotage their campaign.

The civilians have not campaigned since then.

Most of the civilian candidates were reported discussing pulling out of the Sept. 3 election and uniting behind the ticket of former Premier Tran Van Huong.

Informed sources said the mass pullout, if it happened, would be accompanied by a denunciation of Ky and Thieu, charging the government with police harassment of civilian candidates and sabotage of the election process.

The civilian candidates and their representatives met in small groups all over Saigon today, discussing what action they should take and jockeying for position. But in view of Ky's refusal to reply to their protest note, there appeared little likelihood the group campaign tour would be resumed.

The election has stirred little enthusiasm in a country accustomed to living under emperors or dictators. Although billed as the first meaningful and free election in the republic's history, it has been ridiculed by some civilian politicians as a mere sham.

The Thieu-Ky military ticket controls the government down to the village level and is considered a virtual certainty to win.

## Firm Hopes Depositors Lend Support

BOISE (AP) — The chief executive of an Oregon savings firm said he hoped at least 50 percent of Idaho Savings and Loan depositors would leave their money in his institution after it opened in Idaho.

The Equitable Savings and Loan Association will purchase nearly \$8 million in Idaho Savings and Loan assets, in effect taking over the closed Idaho institution.

Fourth District Court approved Thursday the sale and the Equitable chief executive officer Ralph Calk, said his firm would open a Boise office by Sept. 1.

Offices would open later in the fall at other Idaho Savings and Loan locations — Pocatello on Sept. 22, Idaho Falls on Oct. 13 and Twin Falls on Oct. 27.

Idaho Savings and Loan was uninsured and closed in July of 1966 with more than \$20 million in deposits after financial difficulties.

## Winners Of Parades At Gooding Fair Listed

GOODING — Winners of the first; David Boyer, second, and Mollie Brown, third.

In the pets division, first place went to Billy and Joanne James; second to Becky Elsing and Tim and Ted Pierson; and third to Gordon Tronson.

In tricycles and doll buggies, Terry and Joe Bleazard were first; Peggy, Donna and Georgia Brown, second, and Christy Clark, third.

In decorated floats, first place went to Kathy Lorraine and Tracy Shaver and Pam, Marianne and Tania Durfee; with Nadine, Melody, Rex, Vonda and Joy Thornock, second; Rena Scott, Karen Scott, Darren Exon, Joy Standal and Carma Bray, third.

Adult parade winners included In the commercial division, Carico Ski Shop, first; Gooding See PARADE, Pg. 2, Col. 4

## Highway Engineer Defends Decision On Interchange Construction

By O. A. (GUS) KELKER  
Times-News Executive Editor  
Expressing concern about critical comment on the interchange at the junction of Highways Interstate 80N and US 93 north of Twin Falls, B. E. Sessions, district engineer, Idaho Department of Highways, Friday defended the decision which resulted in construction of a diamond from rather than a loop type interchange.

Public criticism of the interchange at that location has been heard for some time and several months ago the Times-News, in an editorial, termed the situation a "death-trap."

It was this editorial comment that prompted Mr. Sessions to protest to the newspaper that the situation was not dangerous to the motoring public.

At that time Mr. Sessions and the editor of the Times-News agreed that it would be proper for the department to discuss the background having to do with the construction selection. It was also agreed that a traffic count should be made at that point.

This traffic count has been completed "and the various reasons for construction have been outlined by Mr. Sessions. He asked the assistance of the Times-News in bringing this information to the attention of the public and this request is met at this time.

"A question has been raised as to why loop or free-running service was not built into the interchange," Mr. Sessions told the newspaper. "The answer to this question lies in the fundamental considerations involved in the design.

"Since these factors are not generally known, we feel it would be helpful to explain them to the public. Therefore, we take this opportunity to review some of the more important items which were considered in selecting the interchange form to be used at this important junction."

Mr. Sessions explained that to predict the amount of future traffic to be served, existing traffic is counted. These volumes, he said, are extended into the future by applying factors related to area population growth, economic expansion, local highway and street network, vehicular registration trends and other influences.

He further explained that the resulting projected volumes are then applied to a number of interchange layouts to determine the most suitable design. Selection is based on operation and economics. The designer considers such things as safety, driver convenience, time required to travel through the interchange, vehicular operation costs, service to the area and relative costs of each plan.

"The diamond form was selected for the interchange between I-80N and US 93 because, for the estimated volumes to be served, it provided good operational characteristics at optimum cost. This becomes more evident as we consider other conditions.

"The traffic move most frequently discussed is northbound on UE 93 turning west onto the interstate. This presently involves a left turn bay, a near right-angle turn and an easily negotiated ramp and acceleration line. The left turn may be made without a stop if there is no opposing traffic.

"An alternate would be a loop in the northeast quadrant of the interchange. A vehicle negotiating such a loop would pass under the interstate, exit to the right on a wide-sweeping circular roadway that would continue turning to the right until it merged with the interstate westbound. It would provide a smooth, uninterrupted move but, for a 50-mile-an-hour design, would be about 0.8 miles longer than the present facility," Mr. Sessions said.

He pointed out that the traffic count taken on June 6 and June 8, showed 1,378 vehicles turning onto the Interstate westbound each day. This, he said, is approximately 580,000 cars a year.

"At 10 cents per vehicle mile it would cost the road users an estimated additional \$40,400 per year to travel on a loop ramp designed at 50-miles-per-hour. Comparing this with an average stop time of 10 seconds and a cost of .035 per stop, the public saves approximately \$26,100 per year in operational costs with the existing facility," Mr. Sessions pointed out.

Studies indicate, he said, that during peak hours there must be some conflict with turning movements.

"However, a long storage bay. See ENGINEER, Pg. 2, Col. 1

# Kennedy Views Interference In South Vietnam Election

WASHINGTON (AP) — Sen. Robert F. Kennedy said today there is "mounting and distressing evidence" South Vietnam's military regime is interfering with free choice in that nation's coming presidential election.

The New York Democrat said such interference would be a betrayal of the cause for which 12,000 Americans have died. Presidential elections are scheduled in Vietnam Sept. 3.

Eleven tickets are entered, including a military pairing comprised of Lt. Gen. Nguyen Van Thieu, chief of state, and Nguyen Cao Ky, now premier. Kennedy charged that would-be candidates have been barred from the election because their views were deemed unacceptable; that opponents of the Ky regime have been jailed; that the presidential campaign is being hampered by harassment; that the military government is moving to perpetuate its power whatever the election outcome.

"If free elections are not possible there," Javits said, "we have every right, once the elections take place, to begin to consider phasing out our commitment."

Kennedy charged that barred from the election because their views were deemed unacceptable; that opponents of the Ky regime have been jailed; that the presidential campaign is being hampered by harassment; that the military government is moving to perpetuate its power whatever the election outcome.

Sen. Clifford P. Case, R-N.J., said tactics employed by the military government in the current election campaign render "incongruous, at the very least," President Johnson's recent decision to send at least 45,000 more American troops to Vietnam.

Kennedy, Case and Javits talked of the Vietnam political situation in Senate speeches prepared for delivery today in anticipation of debate on a \$70-billion defense appropriation bill. It is expected to come up for action next week.

She was born Oct. 20, 1878, at Cameron, Mo. She attended schools at Moreland, Kan., and taught schools there for several years. She married Joseph E. Palmer, March 15, 1900, in Moreland. They resided there until 1909 when they moved to Gooding and operated a restaurant and hotel for 35 years. Mr. Palmer died in 1951.

She was a member of the Gooding Marguerite Rebekah Lodge No. 98 since 1912. She was also a member of the First Christian Church, American Legion Auxiliary and the WCTU, Social Hour Club and Sorosis Club.

Surviving are three nephews, Blythe Clemons and Emmett Clemons, both of Gooding, and Dale Clemons, Boise, and five nieces, Mrs. Bernice O'Dell, Moreland; Mrs. Helen Conrad, Hoxie, Kan.; Mrs. Nettie Landon, Denver; Mrs. Rosie Perkins, Anaheim, Calif., and Mrs. Marie Pettey, Ogalah, Kan.

Funeral services will be held at 10 a.m. Monday at the Gooding First Christian Church by Rev. Harold Hake. Final rites will be held in Elmwood Cemetery.

Friends may call at Thompson Funeral Chapel from Saturday until time of services. The family suggests contributions to the building fund of the Gooding First Christian Church.

He pointed out that "since the interchange was placed in operation, we have gathered data to determine its adequacy in handling the traffic safely and efficiently." He continued:

"One accident has occurred wherein a southbound vehicle collided with a westbound vehicle on a left turn movement. This, of course, is a careless accident and cannot be properly credited to poor design even though an alternate design may have avoided that particular accident."

He said that it is evident that loop type interchange ramps may not always be desirable. In fact, he declared, they cannot compete with the diamond until traffic volumes exceed the capacity of the diamond to the extent that congestion and collisions result or the time required to traverse either type is equal.

"Presently, the interchange handles traffic more efficiently than it would if loops were provided and will continue to do so for some time," Mr. Sessions said. "However, the time will come when the growth of Twin Falls will generate traffic volumes that will overload the existing facilities. With this in mind, we have acquired right of way for a loop in the northeast quadrant and plan to provide a free flowing lane from the southbound off ramp to US 93. These features will be constructed when the need develops."

He said that the Master Transportation Study within the City of Twin Falls is deeply involved in planning for Highway 93 in the area.

"This study has not yet been concluded," Mr. Sessions declared. "There is no practicable substitute for the information assembled in such a study."

"It is essential to the orderly planning of future streets and highways. Study data is needed if the city and state are to confidently plan for an improved connector to Twin Falls central business district from the U.S. 93 interchange."

"Construction of the connector in the future will include the free-running right lane for southbound traffic leaving the interstate and a loop ramp for westbound traffic entering the interstate. Right of way has been provided from the US 93 interchange to Snake River according to our present best judgement of future traffic requirements."

"The department is cooperating with city officials and their advisory committees who are doing an outstanding job in attempting to reach decisions on traffic facilities within the city adequate to serve local and through highway needs.

"Needless to say this is a very difficult task."

Word has been received of the birth of a son to Almer J.C. and Mrs. Ray E. Clark at Ellsworth Air Force Base, S. D., Thursday. Almer Clark is the son of Mr. and Mrs. James R. Clark, Twin Falls.

The YMCA-YWCA office in Twin Falls will be closed from Aug. 21 through Sept. 5, Chet Bartlett, executive director, announced Friday.

Mrs. Pauline Chugg, former resident of Twin Falls, is visiting at the E. V. Ericson home at the Grand View Trailer Villa, Mrs. Chugg is en route to Montana to visit her brother.

Funeral services will be announced by Payne-Mortuary, Burley.

The accident occurred at the Blaine Olson ranch three miles east of Gooding where Mr. Jackson was employed.

He was born May 1, 1913, in Dennison, Ohio, and attended school there. He had worked as a coal miner before moving to Logan, Utah, where he did landscaping and also worked at the VA hospital there.

He was employed for the Civil Service Commission for 20 years and moved to Gooding in 1963 and was employed by Mr. Olson. He belonged to the LDS Church.

Survivors include his sisters and two brothers.

Funeral services will be conducted at 10 a.m. Tuesday at Thompson Chapel by Bishop Bob L. Rogers, Gooding LDS Church. Friends may call at the chapel Sunday until time of services.

# Seen In Passing

Bonnie Jones—promising Ray Rostron, Chamber of Commerce manager, that the picture she took of the flag flying upside down on the Chamber pole would not be used in the Times-News... Joe Salisbury paying for three extra lunches... Darrell Smith commenting on caller's paper dress while searching for his cigarette lighter... Chet Hillman answering bumbling question... Marvin Strope helping prospective College of Southern Idaho students... Ron Scheuffele handing out pop-sicles... Ed Hansen anticipating class reunion... Fran Tanner driving small foreign car... Jim Rosenbaum pointing out caller's bitten fingernails... Dale Wildman explaining cause of plumbing problem... Charlie Sieber lighting cigar... Roger Harris, Jackpot, Nev., arriving in Twin Falls at early hour... Mrs. Wiley Dodds discussing visit of husband's boss... Gary Corder operating copying machine... Matt Vice reading city directory... And overheard: "My husband is still romantic... when there's nothing good on TV."

# Kiwanis Night Held At Crusade

An estimated 1,024 persons were instructed to "walk in the light" by Dr. John Wesley White at the fifth night of Magic Valley Crusade in the Twin Falls High School stadium.

Using John 12:35 at his text, Dr. White emphasized that Jesus is the light of the world, and through Him, we can walk out of darkness.

The Singing K's from Burley, directed by Cliff Jackson, sang "Battle Hymn of the Republic" for the Kiwanis Night service. The Singing K's are widely known throughout Magic Valley and the West for their performance at the New York World's Fair in 1965.

Friday's program will be a regular service. Saturday's program, a Youth Night, will feature Cheryl Cough Biggart, Miss Idaho, 1966. All youth in the area are especially invited to attend.

# Parade

(Continued From Page One) Seed, second, and Skages Furniture, third. The Gooding Community Leader won honorable mention.

In organization floats, the Chamber of Commerce was first; the Gooding LDS Church, second; and the Liberty Belles were third, with honorable mention going to the Junior 4-H leaders.

Comedy division winners were the Wendell OK Tire store, first; Elks Lodge, second, and Smokey the Bear, third.

The Eh-Capa Riding Club, Boise, won first place honors at the Southern Idaho Mounted Drill Team Competition Thursday night.

Local residents will have an opportunity to see this unusual act at the evening performance of the rodeo Friday night.

Thirty-four members of the 99-member riding club performed on horses with no saddles, bridles or halters.

Their performance includes precision drill-and-jumping, this done with "no hands." Members of the riding team dress in typical Indian dress, including wig and clothing.

Other winners in the Thursday night performance included the Jerome Square Dancers in second place, and the Liberty Belles, Gooding, third.

At Glens Ferry, it was reported Leonora Anderson was named the outstanding girl in 4-H home economic projects, winning top honors in all divisions she entered.

She was first in the judging contest, style revue top model and first in clothing projects, preservation, senior division demonstration, Foods IV and Junior leadership.

Open class judging of horses is slated for Saturday morning with the 4-H fat stock sale at 1 p.m. Saturday. Horses and livestock entered in the fair will be paraded Friday night prior to the miniature rodeo and Thursday night 4-H horses were shown.

The fair will conclude Saturday night with a queen's dance and crowning of the 1968 queen.

# Man-Caused Fire

BURLEY — A three-acre man-caused fire along a roadside in the Howell Canyon, about 25 miles south of Burley called for the firefighting services of 12 men before being brought under control Thursday evening.

According to Sawtooth National Forest fire dispatcher Darrell Smith, the fire was reported at about 5 p.m. Thursday. Five men and a tanker from the Bureau of Land Management, four Forest Service firefighters and another tanker, and three men from Albion were called to the blaze.

The fire was controlled at about 7:30 p.m. Mr. Smith said investigation is continuing, but reports indicate the fire was caused by a match or cigarette thrown from a passing car.

# Henry Klegg, 83, Taken By Death

BURLEY — Henry K. Klegg, 83, Burley resident, died Friday at the Burley Nursing Home of a long illness.

He was born March 24, 1884, at Downey and married Rose May Harris, who died March 19, 1959. Mr. Klegg was a construction worker and was an active member of the LDS church. He worked with the Boy Scouts for 25 years in the Salt Lake City LDS Stake.

Survivors include one niece, Mrs. James (Leona) Campbell, Rupert, and one nephew, Clifford L. Klegg, Burley, and several other nieces and nephews. Funeral services are tentatively set for Tuesday in the Desert Mortuary, Salt Lake City, under the direction of the McCulloch Funeral Home, Burley. Final rites will be held in the Salt Lake City Cemetery.

## Synopsis, Farm Summary

The warming trend continued in the valleys of Southern Idaho yesterday. However, a minor disturbance aloft moving from the coast of Oregon into Southern Canada is forecast to halt this warming trend. Some further warming is possible in Eastern valleys today but in western valleys temperatures are not expected to change much from yesterday's readings. Only small daytime changes are expected for all valley areas on Saturday. The cooler air associated with the minor disturbance aloft will favor the development of afternoon and evening cloudiness. Otherwise mostly fair weather with a good deal of sunshine.

## Five-Day Forecast

Only minor changes are indicated in weather patterns over the western states during the next few days. High pressure aloft will remain over the Intermountain Region. Temperatures Saturday through Wednesday will average from two to five degrees above normal in the valleys of Southern Idaho and eastern Oregon. Day to day temperature changes will be small until some cooling indicated for Monday and Tuesday. Maximum temperature will be in the mid 80s into the 90s through the week-end but lower into the 80s the first part of next week. Some normal maximum and minimum temperatures for this period are Boise—90-56, Gooding—80-57.

## Rail Freight Rates Will Be Increased

BOISE—Robert L. Henry, administrator of the Idaho Transportation Council, announced Friday that rail carriers are filing tariffs to make freight rate increases effective Aug. 19, as authorized by the Interstate Commerce Commission.

Commodities that are shipped in full carloads, including dry beans, wheat, barley, fruit, vegetables and machinery, will be increased about three per cent. Increases per hundredweight will be one-half cent on current rates of up to 10 cents; one cent on rates from 10-30 cents; two cents on rates from 30-80 cents, and three cents on rates over 80 cents.

Switching charges and other assessments generally will be raised five per cent, he said.

According to Mr. Henry, the Interstate Commerce Commission is continuing its investigation of freight rates, but as it now stands, the increase will be effective Aug. 19.

## Rushes Back

WASHINGTON (AP) — Ambassador William Foster disclosed today that he is rushing back to Geneva in expectation of a prompt agreement with Russia on a draft of a nuclear nonproliferation treaty and its presentation promptly to an 18-nation disarmament conference.

REMEMBER WHEN? EVENTS IN TWIN FALLS 50 and 30 YEARS AGO as recorded in The Twin Falls Chronicle, Twin Falls News and Idaho Evening Times. Brought to you each week by... Bob Reese

50 YEARS AGO PLEASE FIX IT! This referring to the last 1/2 of a mile of the road from the city to the great Shoshone falls. It is certainly the greatest scenic wonder of the state and as far as tourists are concerned a great asset. So please Mr. County Commissioners if it is up to you let us have an improvement. A number of members of the auto club met this noon and determined to push the organization and secure membership with all the 2500 auto-owners in the county. The organization has been moribund since the death of its President W. W. Mickelwait. A. L. Swim was selected to look after the membership for which will be \$2.50. TWIN FALLS COUNTY MUSICAL FESTIVAL CITY PARK - AUGUST 9 & 10, 1917 Beginning at 8:15 each Evening Reserved Tickets 50c Benches 25c No other admission charges. CHORUS OF 120 VOICES ORCHESTRA OF 25 PIECES

30 YEARS AGO Among the newest styles for Fall in Oakland at the Annual Fall Merchandise Week and Fashion show, here—A new Fall fur trimmed costume (one piece dress with jacket trimmed in Baronduke, the hip length jacket had a box back and novelty zipper trim at neckline), also angora sweaters with trim at neck and long sleeves and gored skirts with a slight flair. IDAHO FALLS—Former President Herbert Hoover left early today for West Yellowstone, Mont., where he will engage in his favorite sport—fishing. The only living president of the U.S. and his party stayed at a hotel. Mrs. Hoover was not in the party. 9 Year Record broken by pool. Top Price of 0.34 for Fat Lambs, highest since 1928, said County Agent Harvey S. Hale.

# Viennese Ball Concert Set At Sun Valley

SUN VALLEY — A combined student-faculty concert will highlight the second annual Viennese Ball, to be held at 7:30 p.m. Friday at the Opera House, according to Mrs. Donald Youtz, Twin Falls, Sun Valley Music Camp administrator.

Because of the concert Friday, there will not be a concert at 4 p.m. Saturday, as is usually scheduled, she said.

Friday's program will feature student soloists during the first half, and faculty soloists will perform for the second half. The Sun Valley Festival Orchestra will open the program with Mendelssohn's Overture to "A Midsummer Night's Dream," conducted by Jacques Brourman.

Joseph Ries, pianist from Tulsa, Okla., will perform "Etude-Tableaux Op. 33, No. 7" by Rachmaninoff; "Dorniro sol," from the opera Don Carlo, by Verdi, will be sung by Christopher Lindbloom, bass-baritone, Boise, accompanied by Susan McKeever, Nampa; "Etude, Op. 25, No. 7," by Chopin will be played by Paul Kent, pianist from San Rafael, Calif., and "Praeludium and Allegro," arranged by Fritz Kreisler, will be played by Denise Ayres, violin, Los Angeles, and Susan McKeever.

The Chamber Choir, directed by Elmer Thomas, will sing "Komm, du susses Todesstunde" by J. S. Bach, to open the second half of the program.

"Marche Caractéristique," by Schubert, will be performed by Milton and Peggy Salkind, pianists; "Zapateado," by Pablo Sarasate, will be played by Barton Frank, violoncello, assisted by Carol March, pianist, and Aldo Mancinelli, pianist, will play two Chopin etudes, "Etude in A flat," Op. 25, No. 1, and "Etude in A Major," Op. 10, No. 8.

The program for Sunday, which will be held at 4 p.m. at the Opera House, includes "Sonata in E flat," by Muzio Clementi, and "Six Epigraphes Antiques," by Debussy, to be performed by Milton and Peggy Salkind, pianists.

Following intermission, a trio composed of Harold Wolf, violin; James Hopper, clarinet; and Peggy Salkind, piano, will play Bartok's "Contrasts," followed by a string quartet composed of Oscar Chausov, violin; Harold Wolf, violin; Sally Peck, viola; and Barton Frank, violoncello, who will play Ravel's String Quartet.

The public is invited to attend both concerts.

## Prowler

HOLLYWOOD (AP) — Police say a 42-year-old man who climbed a 200-foot television tower and became trapped in the huge station call letters atop it was booked for prowling after being rescued by fire officials Thursday night.

Officials said John Robert Stewart climbed the KTLA tower on Sunset Boulevard. A rescue unit lifted a ladder to him and, when the man became entangled in the letters, firemen grabbed him. Police said Stewart was sitting on a tower crossbar for more than an hour threatening to jump and that his estranged wife Janet, in her 20s, was unable to convince him to come down.

## DANCE SLATED

JEROME — A teen-age dance will be held from 9 p.m. until midnight Saturday at the Jerome High School sponsored by the Jerome Student Council. Music will be by the "Wanderin' Kind."

## LEGAL ADVERTISEMENTS

NOTICE TO VEHICLE DEALERS  
The University of Idaho will purchase one (1) 1967 or 1968 1/2 ton pickup to be delivered to the Twin Falls Branch Station.

For official bid forms and specifications, interested persons should write or telephone Mr. C. O. Dye, Purchasing Agent, University of Idaho, Room 205, Administration Office Building, Moscow, Idaho, telephone number TU 2-3511, extension 6254. The identification of this invitation is 7785 532.

The University reserves the right to refuse any or all bids and to choose the bid which, in our opinion, is to the best interest of the University of Idaho.

Bids close 23 August 1967.  
Signed: C. O. Dye,  
Purchasing Agent  
University of Idaho

# Some Congressmen Edgy About Safety During Deliberations

By JOSEPH E. MOHBAT  
WASHINGTON (AP) — Some members of Congress are getting edgy about their own safety during deliberations wide open to the public.

In the Senate, its 100 members sit and stroll about in a pit 113 by 80 feet, within easy lobbing distance of the 611 gallery seats above and surrounding them.

In the House of Representatives,

at the other end of the Capitol, up to 435 legislators at a time sit and mill about in another pit, 139 by 92 feet, wide open to the 624 gallery seats above and about them.

No protective barriers intervene in either chamber. Cameras are checked outside. But although a handful of plainclothes detectives sit casually among the visitors, ladies clasp handbags in their laps; gentlemen roach, unmolested, into their pockets.

"When will it be?" Rep. Andrew Jacobs Jr., D-Ind., asked his House colleagues this week. "A year from now? Next week? Later this afternoon?"

"Does anyone doubt that it is only a matter of time before the odds catch up with this chamber and violence visits us again?" he asked.

The event that agitated Jacobs was the intrusion into the House gallery Monday of 75 to 100 Harlem demonstrators demanding rat control legislation. Some battled fiercely with Capitol police—one of whom remains hospitalized—before being ejected. The House had adjourned minutes earlier.

One demonstrator promised the group would return next week—with rats. Jacobs and Rep. Ken Hechler, D-W.Va., among others, want some protection.

Rep. H. R. Gross, R-Jowa, went Hechler one better. "There ought to be a plexiglass shield around the gallery," Gross told a newsman, "and there ought to be a wire mesh dropped from the ceiling so you couldn't throw grenades down into the House."

But there are other members of Congress who take a cooler view—and one, Rep. George H. Fallon, D-Md., speaks with some authority.

Fallon was wounded March 1,

1954, when Puerto Rican fanatics opened fire with pistols from the southwest gallery into a nearly full chamber. Five congressmen were wounded—one seriously. Fallon, who was shot through the hip, is the only one of the five still in Congress.

"They talked about this glass shield then, too," Fallon recalled to a newsman. "But I just don't like the idea of separating the people in the galleries from the members of Congress."

Why, at that time, Congress had met for 150 years without a disturbance. We take so many risks in our everyday lives much greater than sitting in the House of Representatives.

## Mrs. Campbell To Manage New Business

Manager for the new Sweetbriar Shop which will open later this month in Twin Falls will be Mrs. DeEtta Campbell, it was announced Friday by John L. Sneed, executive vice president and personnel director for Sweetbriar Shops, Inc.

The Twin Falls shop is presently being readied for opening at 134 Main Ave. N., by Jack Radtke, contractor.

Mrs. Campbell is the wife of Roger T. Campbell and has resided in Twin Falls for a number of years. She has attended Idaho State University, Pocatello, and is a member of the Twentieth Century Club and the Business and Professional Women. Mrs. Campbell, who formerly managed Carroll's Inc., in Twin Falls, has served as a member of the state board of the Arthritis Foundation for 12 years.

After a few days in training in the Idaho Falls Sweetbriar Shop, Mrs. Campbell will return to Twin Falls to ready the local store for opening.

## SUED FOR DIVORCE

SANTA MONICA, Calif. (AP) — Conrad "Nicky" Hilton has been sued for divorce by his oil heiress wife who charged him with "repeated acts and threats of physical violence."

FIRST MAJOR FIRE of the season in the Salmon National Forest near the Idaho-Montana border was brought under control at about 10 a.m. Thursday. Among the 250 men fighting the blaze were 25 members of the Fairfield-based interregional fire suppression crew.

## "Hot Shot" Crew Is Home After Week Of Fire Fighting

Cheerfully grumbling about having to fly from Salmon to Twin Falls without benefit of soap and water, the 25-man Fairfield-based interregional fire suppression crew arrived here Friday for its first rest period in more than a week.

The crew was hustled from the fire lines at the now-controlled Reynolds Creek blaze, located about 40 air miles northwest of Salmon, for the plane trip home and arrived at the Twin Falls Airport at about 2:15 p.m. The crew members, mostly college students from the Twin Falls and Fairfield areas, were unable to clean up before flying home.

Informally known as the "Hot Shots" from Magic Valley, the IR crew has worked on three fires since its organization this year. Since Wednesday, the team had been on the Salmon fire, which burned in Alpine and sub-Alpine forest for three days and charred more than 75 acres before being brought under control.

Equipment used on the fire included two TBM tanker planes from Twin Falls.

Earlier, the IR crew had joined more than 200 other men in

## Winners For Art Contest Are Reported

SHOSHONE — In the Wood River Soil and Water Conservation District Art Contest, exhibited at the county fair, Frank Lane won first place in the senior division.

Mrs. June Rawson won second place and Lona McGhee received third place. Wanda Paulson was the honorable mention winner.

In the Junior division, Kay Sorensen won first place, Shirley Gaskill, second, and Jay Gaskill, third. Honorable mention went to Russell McCrea.

The prizes and awards will be presented at the formal program which is held on an annual basis in December. Mr. and Mrs. Lawrence Culver, Twin Falls, were judges of the contest this year.

## COAST IS BLACK

LONDON (AP) — Seventeen miles of England's southern channel coast were black, spelly and sticky today from a huge new oil slick that settled on the beaches and drove thousands of vacationers away.

# Preparation Vast For Magic Valley Crusade

By JAN SAINSBURY  
Times-News Feature Editor  
If you're a minister of pastor, and your business starts dropping off... what do you do about it?  
If you can plan ahead for years... one answer might be an evangelistic crusade.  
The Magic Valley Crusade started in essence over a year ago. It has come to involve over

1,200 people, 11 working committees, 75 people from each Magic Valley Community, all doing their part toward making those who attend more aware of Christ, and of the part religion plays in the life of modern man.  
Actual plans began to be formulated for the Magic Valley Crusade last February.  
Tons of paper eventually were consumed in an effort to com-

WORKERS PREPARE bookstand before evening Crusade. In charge of selling the devotional material, including phonograph records, is Mrs. Glenn Roach, far right. Helping her arrange the table, left to right, are Cheryl Hammer, Bobby Roach, and Mrs. Bob Sievers.

unicate the extensive detail needed to successfully produce a crusade under the guidance of the Billy Graham Evangelistic Association Team Office, in Atlanta, Ga.  
Instructions were given, committees were formed, volunteers were recruited, more letters sent out, advance visits were planned, and all for the purpose of making sure that for two weeks, nothing went wrong in the quest for Christianity.  
Over 100 ushers would be needed. They could make do with 50. They settled for 28.  
Boxes of books were ordered and sent to Twin Falls. Five major books have been written by Billy Graham, including "The Secret of Happiness," which since its issue in 1953 has sold over 700,000. His new book, "World Aflame," also was ordered by the case. Shorter works by Mr. Graham were sent in numbers estimated by previous experience. And phonograph records of Billy Graham and soloist Lee Robbins, were stacked in storage waiting for the crusade to open.  
An Official Glossary was sent out under a letterhead designated "Crusade Information Service," so that workers in the local area might better understand the words used so often by the Billy Graham Evangelistic Team.

The Glossary pointed out that it was "to avoid possible confusion with terms used in various religions." The list included 123 words.  
More instructions came: Crusades last from one to three weeks... A rally lasts less than a week... The crusade cost is paid for by offerings at the meeting, sympathetic individuals and organizations... Follow-up teams are to be organized... "Decision cards" are sent to an inquirer's church within 24 hours after he has made his decision for Christ.  
Area ministers were asked to submit names of key members of their churches for Counselor Training Classes. They were interviewed, individually graded, and trained for five weeks.  
Counselors contact the inquirers... letters are sent to them encouraging him in his new life and to urge him to apply four basic rules to his Christian life: pray daily, read the Bible daily, give evidence of his new faith to others around him, and find his place in the work and fellowship of the local church.

The Billy Graham Crusade calls these people, "newborn Christians," and encourages them to "grow in grace and in the knowledge of our Lord and Savior Jesus Christ" through Bible study, personal devotion and effective work in the local church.  
Everyone works at an evangelistic crusade.  
Lee Robbins, a handsome and effective singer with the Billy Graham organization and one of the largest attractions at the Magic Valley Crusade, judging from his record sales, is in charge of the choir.  
Privately he admits that "Every now and then I even put up chairs."  
Local people are trained as ushers, such as William Boyd, of the Twin Falls Mortuary. He is chief usher for the organization's stay in the Magic Valley, and has five captains under his authority.  
Others are in charge of selling books, records, passing out songbooks, cleaning up, setting up, and reserving seats.  
All in all, the Magic Valley Crusade, with still another week to go, is not a usual happening. In this day of sit-ins, love-ins, and stand-ins, it is nice to see religion in, for a change.

ELDER WILLIAM J. CRITCHLOW, JR., an assistant to the Council of Twelve Apostles of the LDS Church, will represent church headquarters in Salt Lake City at the Twin Falls Stake Conference Aug. 19-20.

## Local LDS Stake Plans Conference

Elder William J. Critchlow Jr., an assistant to the Council of Twelve Apostles of the LDS Church, will represent church headquarters in Salt Lake City, at the Twin Falls Stake Conference, to be held Aug. 19-20.  
A former utilities executive and civic leader from Ogden, Elder Critchlow is noted for his work with the Red Cross and Boy Scouts of America. Prior to his present church appointment in 1958, he was president of the South Ogden Stake of the LDS Church.  
Other visitors representing church headquarters will be Elder Arthur S. Anderson of the Priesthood Home Teaching Committee, and Elder A. Lawrence Lyon of the Sunday School General Board.  
Elder Anderson served from 1960-63 as bishop of the University Seventh Ward, Salt Lake City, and is president of Sales and Marketing-Executives of Utah. He also is a member of the executive board of the Salt Lake Council of Boy Scouts, and vice president and director of David W. Evans and Associates Agency.  
Elder Lyon is a traveling music teacher for Ogden School District, and filled a mission to the Netherlands.  
Sessions will begin at 10 a.m. and 2 p.m. Aug. 20 with Stake President Lloyd A. Hamilton in charge of services. Visitors are welcome to attend.

## T.F. Group Attends "Y" Leaders Meet

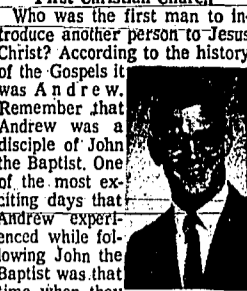

HANSEN - Janice Boyer, daughter of Mr. and Mrs. Mont S. Boyer, left for 11 days to act as an adviser for the annual youth leadership development camp in connection with the YM-YWCA. The camp is being held at Warm Beach Conference Grounds, Stanwood, Wash., from Aug. 13 to 19.  
The delegation from Twin Falls left Wednesday and will spend time at Pendleton, Ore., Mt. Rainier National Park and Seattle, visiting the space needle restaurant.  
The conference is a training program for those interested in giving leadership to Y Clubs. Miss Boyer has been working for the YM-YWCA all summer as office manager, and will continue working there this fall as director of the junior high program. She also will attend classes as a fulltime student at the College of Southern Idaho.  
The Twin Falls delegation is accompanied by the YMCA executive director, Chet Bartlett.

## DAMAGE TOLD

NEWARK, N.J. (AP) - P. Bernard Nortman, chief of the city's Office of Economic Development, said in a television interview Wednesday that \$9.7 million in damage loss was incurred in Newark riots last month.

## AS YOUR MINISTER SEES IT

By DOUGLAS R. GRILLS  
Assistant Minister  
First Christian Church

Who was the first man to introduce another person to Jesus Christ? According to the history of the Gospels it was Andrew. Remember that Andrew was a disciple of John the Baptist. One of the most exciting days that Andrew experienced while following John the Baptist was that time when they saw Jesus and John said, "Behold the Lamb of God." Upon this Messianic declaration Andrew left John and from that time on followed Jesus.  
The first thing that Andrew did was spend several hours with Christ. The second thing he did was a natural outgrowth of those precious hours; he found his brother Simon and said to him, "We have found the Messiah." And he brought him to Jesus.  
"Operation Andrew" did not end with his brother. He went on to bring many others to Jesus. And down through the

ages consecrated Christians have been bringing their brothers and sisters, neighbors, friends at work, casual acquaintances; and "whoever will" to Jesus Christ. This tradition is being multiplied here in Magic Valley through the Crusade that we are presently engaged in, and the same thing that happened with Andrew's brother

## Utah And Idaho Crime Rates Jump Between 1965, 1966

SALT LAKE CITY (AP) - The crime rate in Utah and Idaho jumped sharply between 1965 and 1966 and continues to spiral upward, the FBI's Uniform Crime Reports showed today.  
In the crime index for cities, the Salt Lake-Davis County metropolitan center ranked high up on the list for the number of serious crimes committed per 100,000 population.  
A total of 16,655 major crimes - ranging from murder to auto theft - were committed in Utah in 1966, an increase of 2,852 above the previous year, the report said.  
In Idaho, the number of crimes increased slightly, from 6,417 in 1965 to 6,659 in 1966. Crimes per 100,000 population jumped from 1,394 to 1,652 in Utah and from 927 to 959 in Idaho. The report listed the national average at 1,656, only slightly above the Utah figure.  
The rate for the Salt Lake-Davis County metropolitan area, however, stood at 2,349 crimes per 100,000 population in 1966 - a marked increase over 1965's 1,948.  
The 1966 crime rate for the Salt Lake metropolitan center ranked it among the top crime leaders in the nation, ahead of Chicago's 2,172 crimes per 100,000 population and Denver's 2,062, but behind New York's 3,205 and Los Angeles' 3,780.  
Boise's crime rate was far below the national average, with 1,230 crimes per 100,000 population.  
Of the 16,655 major crimes committed in Utah in 1966, Salt Lake City accounted for 6,512 of them and Salt Lake and Davis

## Copper Strike Is In Its 25th Day

SALT LAKE CITY (AP) - The nationwide copper strike enters its 28th day today with officials reporting "nothing new" in negotiations with Kennecott Copper Corp. and a lawsuit pending against Anaconda Co.  
Meetings continued today in Salt Lake City between Kennecott and union representatives. But S. Lyle Johnson, federal mediator, said Thursday, "There is nothing new to report."  
Meanwhile, a Montana official said Thursday Anaconda Co. officials and the unions involved in the strike have failed to reach agreement on means for halting further copper waste pollution of the Clark Fork River.

## FEES PROBED

WASHINGTON (AP) - The Senate ethics committee is probing legal fees shared by Sen. Edward V. Long and St. Louis lawyer Morris Shenker, a defender of jailed Teamsters President James R. Hoffa.

## TAKES VACATION

ST. THOMAS, V. I. (AP) - Supreme Court Justice-designate Thurgood Marshall is on his way to an "unannounced destination" for at least two weeks of "rest and relaxation."

## Filer Pastor Receives New Appointment

Appointment of Rev. Allen R. Reesor to St. Paul's Methodist Church of Idaho Falls was confirmed this week by Bishop A. Raymond Grant of the Portland Area of the Methodist Church.  
Rev. Reesor will begin his new pastorate about the middle of September at Idaho Falls, following six years of service at the Filer Methodist Church.  
During his ministry at Filer, church attendance at worship services has increased some 200 per cent, and the church's financial budgets have tripled. Also during his six-year ministry a new sanctuary and a social-education addition to the church facilities were added.  
Rev. Reesor will succeed Rev. Willis Ludlow, who was recently appointed to the ecumenical student work at Idaho State University, Pocatello.  
Rev. Reesor married the former Ethel Claire Beatson, Winnipeg, Canada, and they are the parents of one son, Robert John, II.

## Investiture Is Scheduled At Gooding

GOODING - An Investiture of the Degree of Chevalier, Cross of Honor and Honorary Legion of Honor will be held at 8 p.m. Wednesday, Aug. 16, in the Masonic Temple.  
Designates, expected for the investiture include Charles Richard Sams, Gooding Chapter, Pete Penagos Stamos, Lost River Chapter; Carm Walgamott, North Side Chapter, and Pat Woodworth, Mt. Harrison Chapter, all to receive the Chevalier Degree.  
Receiving the Cross of Honor will be Lawrence Hall, Twin Falls Chapter, and James A. (Bud) Felton, Hansen, will receive Honorary Legion of Honor.  
Speaker at the Investiture will be former judge James Gossett. Refreshments will be served by the Mothers' Club.  
The public is invited to attend.

chusetts and Nils A. Boe of South Dakota. Their program urged a number of measures to deal directly with mob disorder, including pooling of police and firefighting manpower and equipment to make it available to a city hit by riots. Other proposals ranged from establishment of an urban action center to advise the states on urban programs to specific measures for improving life in slum neighborhoods.

Red Cross At Buhl Readies 25 Gift Bags

BUHL — The Buhl Red Cross chapter is soliciting help from the public in completing gift bags for Christmas for members of the Armed Forces serving in Vietnam. The deadline for shipment of the bags is Aug. 30 and the local chapter has a quota of 25 bags, chapter officials said Friday. A list compiled by the Red Cross lists the items most wanted by the servicemen. These include ballpoint pens, new paperback books, plastic soap cases, small package of writing paper with self-sealing envelopes, small address books, plastic toothbrush holder, dark color Terry cloth wash cloths, nail clipper, plastic cigarette case, comb, windproof type cigarette lighters, small plastic snapshot holders, and pocket games. The chapter urged immediate action to provide emergency ambulance service to the West End. It was announced that the chapter had purchased the kick board for use in swimming lessons at the Buhl pool, a ring buoy, jackets for the lifeguards and rope for the kick boards and buoy. Bob Bailey, finance campaign chairman, announced the fund drive in the Buhl and Castleford area will begin Oct. 1 and continue through October. Ron Wolf proposed that the chapter try to encourage the sale of United States savings stamps in the schools. The sale of stamps in the school is allowed if someone other than the faculty members do the selling. The next meeting will be held Sept. 12.

Furniture Is Being Moved Into School

FILER — Furniture is being moved into the new elementary school building in Filer and several projects still to be completed are expected to be finished in another 10 days. Trustees of Filer School District No. 413, Ted Probart, architect, and Dick Miller, contractor, inspected the new structure Tuesday. Mrs. Lura Lee Farmer, clerk, was instructed to re-invest \$55,000 in government 90 day bonds. Mrs. Farmer also was authorized to purchase \$750 worth of hot lunch equipment. Tentative plans are to serve hot lunches beginning Aug. 29, the day after school opens. High school students will register Aug. 23-24. Further notices will appear concerning school opening. Tentative plans were made by the trustees for the dedication and open house of the new elementary school from 7-9 p.m., Sept. 16. Trustees will complete final plans at a special meeting at 9 p.m. Aug. 22. Three bids were opened on a water softener for the new building and Robert Hopkins of Culligan's explained use of their equipment. Architect Probart will present the plans to the firm's engineer to see if they will fit the plans. Warren Barry, Harold Hope, Bill Moore and Tom Shouse, members of the Twin Falls County Fair board, and county commissioners, Heber Loughmiller and Morris Carlson, met with the trustees to discuss the joint usage of the Victory School grounds.

Valley Traffic Courts

Jack D. Martenson, 23, 1501 Miller Ave., Burley, was fined \$35 by Heyburn Police Judge Roy Skinner for speeding. William G. Neibaur, 16, Route 1, Paul, was fined \$15 by Judge Skinner for speeding. James M. Thompson, 17, 950 Burton Ave., Burley, was fined \$50 by Judge Skinner for reckless driving. Joe F. Ortiz, 20, Route 1, Burley, was fined \$105 by Judge Skinner for drunken driving. David H. Hill, Route 3, Rupert, was fined \$15 by Judge Skinner for speeding. Ronald V. Moline,

**DECISION DELAYED**  
ST. ANTHONY, Idaho (AP) — The Idaho Board of Health delayed making a decision Thursday on an offering of \$1.2 million in Federal Hill-Burton Act funds until after the next meeting of the State Advisory Council on Hospitals. The board met at the State Training School at St. Anthony but declined to take action on the funds until it receives recommendations from the advisory council. The next meeting of the board will be Nov. 2-3 in Pocatello and Blackfoot.

**MAN KILLED**  
COEUR D'ALENE, Idaho (AP) — Charles Holmes, 28, president of the Coeur d'Alene Junior Chamber of Commerce, was killed early Friday when the small boat in which he was riding struck a log boom on Lake Coeur d'Alene. The boat jumped three or four banches of logs, crushing Holmes underneath, according to sheriff's deputies. He was dead on arrival at a Spokane Hospital. Four other members of the Coeur d'Alene Jaycees also were in the boat. They had been at Arrow Point, making arrangements for a scheduled Jaycee party Friday night.

**ONE MAN HELD**  
CALDWELL (AP) — A resident of the Wilder area was being questioned Friday in connection with the death of a young farm worker. Ricardo Castillo, 21, a resident of the labor camp at Wilder, died of a bullet wound en route to a hospital after being found lying alongside a road in the Wilder area west of Caldwell. Sheriff Dale G. Halle said no charges have been filed, but one man is being held for investigation.

**PROTESTS ACCEPTED**  
BOISE (AP) — The Idaho Public Utilities Commission set Friday a 20-day period during which it will accept protests to proposed closing of three offices of the railway express agency. The agency asked authority to close the offices, the RUC said, on grounds the volume of business does not justify their continuance. The offices are at Cascade, In Valley County; Wendell, in Gooding County and Hazelton, in Jerome County, all in Southern Idaho.

**EFFECTIVE DATE**  
BOISE (AP) — Higher freight rates, authorized recently by the interstate commerce commission, will be effective Aug. 18, Robert L. Henry, administrator for the Idaho Transportation Council, said Friday. He said rail carriers have filed tariffs making the rate boosts, averaging about 3 percent, effective at that time. Henry said the tariffs show that switching charges and other assessments generally will be increased about 5 percent.

**BID DATE SET**  
BOISE (AP) — The State Highway Department listed Friday bid opening dates on two construction projects in Southeastern Idaho. Bids will be opened Aug. 29 on reconstructing and widening shoulders and surfacing with roadmix bituminous materials and seal coating about 8.1 miles of U.S. 30N between Pebble and Bancroft, in Caribou County. Bids will be opened Sept. 12 on constructing the roadway, 70-foot and 84-foot concrete bridges, drainage structures and a roadmix bituminous surface on 4.789 miles of the Camp Lifton road east from the junction with U.S. 89 in Bear Lake County.

**6 SENTENCED**  
SACRAMENTO, Calif. (AP) — Six Negroes who entered the chamber of the California Legislature May 2 armed with loaded guns were sentenced to jail Thursday.

1054 Overland Ave., Burley, was fined \$15 and given three demerits by Judge Skinner for driving without a license on his person. William C. Caldwell, 17, 1451 Oakley Ave., Burley, was fined \$15 by Judge Skinner for speeding. Marlon N. Norton, 41, 558 Hansen Ave., Burley, was fined \$10 by Judge Skinner for stop sign violation.

**ARTICLES FILED**  
BOISE (AP) — Articles of incorporation were filed Thursday in the office of Secretary of State Pete T. Cenarrusa for the McIntosh Veterinary Clinic, Lewiston, and the South Central Community Action Agency, Inc., of Twin Falls. The northern Idaho veterinary clinic was incorporated by Gary I. McIntosh and Ray D. Turner, both of Lewiston, with \$200,000 capital stock listed.

**SPEAKER NAMED**  
BOISE (AP) — Idaho State Rep. Ed Williams, D-Lewiston, was named Thursday as keynote speaker at the Aug. 18-19 State Young Democrats Convention at McCall, Idaho. Leo Krulitz, retiring state YD president, announced that the House assistant minority leader would speak. Williams, a Lewiston teacher and football coach, was a campaign worker last year for unsuccessful gubernatorial candidate Cecil Andrus. Also expected to address the convention is Sen. Frank Church D-Idaho.

**MEET SCHEDULED**  
BOISE (AP) — Regional Director Harold T. Nelson of the U. S. Bureau of Reclamation said two bureau officials would meet Aug. 20 in Spokane, Wash. The meeting, including Reclamation Commissioner Floyd E. Dornay, is to be for review and coordination of the bureau's fiscal 1968 program, Nelson said Thursday.

Attending will be representatives of the commissioner's office in Washington, the chief engineer's office in Denver and seven western regional offices, he said.

**COULDN'T AGREE**  
LEWISTON, Idaho (AP) — Participants at a northcentral Idaho air transportation seminar here Thursday couldn't agree on whether Idaho should stress airports for single-engine aircraft or jet airstrips for the state's major cities.

But all agreed that a step in the right direction in resolving the two programs would be merging the State Department of aeronautics into a new state department of transportation. Such a department would include the present Department of Highways.

**12 IN CUSTODY**  
BOISE (AP) — A dozen persons, including two women, were reported in custody Friday for narcotics investigation.

Ada County sheriff's officers raided one home in the Eagle area, a few miles west of Boise, and another in Boise, after receiving information from various sources. Those arrested will be charged with the illegal use of marijuana, a felony in Idaho, officers said. Officers said they are investigating possible connection with marijuana distributors in other areas.

**NEW YORK (AP) —** Eight Republican governors say prompt, firm law enforcement is needed in preventing riots and they outlined a 60-point program for dealing with social injustice and lawlessness. In presenting their "action program" to deal with "the tragic epidemic of riots," the

Gymkhana Is Set Aug. 16 By Buhl Club

BUHL — A gymkhana has been scheduled for 8 p.m. Wednesday at the Alma Morrison arena, located one-half mile north and one-half mile west of the southwest corner of Buhl. The event is being sponsored by the Buhl Knight Riders and will include such events as a keyhole race, scurry race, clover leaf barrel race, egg race, flag race, pole bending, and a 7 barrel race. In addition, goat tying contests will be held for both boys and girls. Trophies and ribbons will be awarded. Knight Riders officers for the coming year are Judy Cramer, drill master, with Ken Cramer serving as assistant drill master. Other officers include Willie Price, president; Charles Ragsdale, vice president; Sue Vitek, secretary; Dorothy Evans, treasurer; Janice LaPray, reporter, and Buzz Lyons, Hoyt Miller, Carl LaPray, Dennis Cramer and Beverly Bartlett, directors.

Convicts Tour

LANSING, Kan. (AP) — Two dozen convicts will get out of the Kansas penitentiary for two weeks in October. Under auspices of the Kansas Junior Chamber of Commerce, the prison choir will tour the state by bus and give three performances a day at high schools. Between numbers, some of the singers will tell the youngsters how not to get where they get. The itinerary is being set up so each day's final concert will be in a town which has a jail large enough for the choir.

governors charged Thursday the federal government had failed to provide adequate solutions for the nation's urban racial problems. The governors were summoned by Gov. Nelson A. Rockefeller as chairman of the policy committee of the Republican Governor's Association to discuss means of easing racial tensions in American cities. Their report, issued after a day-long closed session, said the action program was designed to "inaugurate a new era of creative state leadership to meet a national crisis of social injustice and lawlessness." Michigan Gov. George Romney said he felt the most important recommendation was that dealing with prompt law enforcement. The governors also recommended that the federal government "emphasize now the National Guard's responsibility to serve as a tactical force for maintaining order within the states as well as its responsibility in national defense." Besides Rockefeller and Romney those attending were Govs. John Love of Colorado, Spiro T. Agnew of Maryland, John H. Chafee of Rhode Island, Raymond P. Shafer of Pennsylvania, John A. Volpe of Massa-

Dear Abby

By ABIGAIL VAN BUREN

DEAR ABBY: My 16-year-old daughter does nothing but sit and plunk on her guitar, watch TV, and listen to rock 'n' roll records. She's even too lazy to empty the waste basket in her room.

She's overweight, but the doctors say there's nothing wrong with her. She gets no exercise whatsoever and eats junk all day—candy bars, potato chips, and soft drinks.

She still has childish tantrums, yelling, slamming doors, and throwing things when she doesn't get her own way. She has no respect for her mother or me, talks back and won't take criticism.

Right now she's throwing a fit because I won't let her drive my car. A kid who still has tantrums isn't driving my car.

If she doesn't respect her parents, she certainly won't respect pedestrians or other drivers. Am I right or wrong? What do you say about an irresponsible kid like this driving a car?

DADDY

DEAR DADDY: If you're asking whether or not an irresponsible kid should be permitted to drive a car, the answer is no. But be honest. Isn't this your way of punishing your daughter for being disrespectful, uncooperative, and generally obnoxious?

Your problem child needs desperately to tell her troubles to someone who understands her. Her unlovely, lazy, rebellious attitude is a cry for help. There are many fine therapists in your area. Ask your family doctor to recommend one who specializes in helping adolescents establish communication with their parents.

MR. AND MRS. CARL BRALEY  
(Leedom photo)

Miss Seefried, Braley Are Wed In Twin Falls

Linda E. Seefried, daughter of Mr. and Mrs. Milton I. Seefried, Twin Falls, and Steve R. Braley, son of Mr. and Mrs. Carl R. Braley, Rupert, were married June 3 at the Immanuel Lutheran Church.

The double ring rites were performed by Rev. Harold Iben before a background of lighted candelabra and baskets of blue chrysanthemums and white gladioli.

The bride, given in marriage by her father, wore a floor-length fitted gown of white peau de sole and chantilly flounce lace. The gown featured lily point sleeves and a chapel length train fashioned from the waist with a bow in front. Her shoulder length veil was held by a pill box hat. She wore a rhinestone-heart-shaped necklace belonging to her grandmother, Mrs. C. H. Hammond, and a ruby ring belonging to her grandmother, Mrs. Matilda Seefried.

Terry Jean Radtke was maid of honor and bridesmaids were Vicki Seefried, sister of the bride, and Connie McDrummond, cousin of the bride. Tammy Lefler, cousin-of-the-bride, was flower girl.

Larry Dean Yarbrough was best man and ushers were David Annus and Daniel Cress. David Braley, brother of the bridegroom, was candle lighter and ushered for the family. Douglas Braley, brother of the bridegroom, was ring bearer.

H. Miskimen was organist. A reception was held following the ceremony in the reception hall. Iris Ravall was in charge of the guest book and Carol Seefried, Candy Braley, Sherry McDrummond and Beth Lefler assisted with the gifts. Kathy Metzler was in charge of the gift table.

The bride's table was covered with a white lace cloth over blue and centered with a four-tiered wedding cake decorated with blue roses.

Mrs. William McDrummond, aunt of the bride, served and Iris Reval poured punch and Evelyn Meyers poured coffee.

Guests attended from Caldwell, Rupert, Jerome, Kimberly, American Falls, Pocatello and Buhl.

The bride was honored with a shower given by Kathy Metzler, Iris Reval and Terry Radtke at the Metzler home.

The couple took a trip to the Ketchum area.

Magic Valley Favorites

ELSIE MAE FREEMAN  
Box 7, Rupert

Raspberry Pineapple Salad  
1 package raspberry jello  
1/4 cup boiling water  
1 package frozen raspberries  
1 small can crushed pineapple with juice  
1 diced banana  
1-3 cup pecans or walnuts, chopped  
Combine ingredients and chill until set.

(The Times-News will pay \$5 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.)

New Members Of Blazer Class Are Welcomed

DECLO — New members of the Blazer class of the Declo LDS Ward Primary were welcomed at the Trailbuilder's Roundup held in the Cultural Hall of the church.

Mrs. Ray Hess, president of the primary, welcomed the guests and the opening prayer was given by Danny Phillips. The Blazer course of study was explained by Mrs. Donald Barrows, Blazer teacher, and the bandito was explained by Jimmy Darrington.

Banditos were presented to Randy West, Wayne Hurst, Randy Hess, Max Darrington, David Lewis, Brent Gillett, and Allen Osterhout, by Mrs. Hess. Lap boards and Article of Faith cards were presented to the boys by Jerry Ivy and Ross Hurst.

Bishop Joseph Preston paid tribute to the boys in the Trailbuilder group.

Display tables, exhibiting articles and supplies to be used throughout the year in classes, were prepared under the direction of Mrs. Eldon Lind, Trekker teacher; Mrs. Kelly Matthews, Guide Patrol leader, and Mrs. Barrows.

Following the welcoming ceremony a barbecue supper was held outside. The closing prayer was given by Gale Gillett.

Family Picnic Is Sunday At Wendell Park

WENDELL — The annual family picnic sponsored by Wendell lodge No. 54 AF & AM and Star of the West chapter No. 95 Order of the Eastern Star, will be held at 1 p.m. Sunday at the Wendell city park.

The joint committee on arrangements include Mr. and Mrs. Joe Klimes, Mr. and Mrs. Charles Callen and Mr. and Mrs. Ronald Lancaster.

Those attending are to bring their own table service and picnic lunch. Watermelon, ice cream, pop and coffee will be furnished by the sponsoring organizations.

Recreation for the afternoon will be arranged by the committee.

WORRIED

DEAR WORRIED: It's inconceivable that an aunt would be more concerned about the health of a child than the child's mother, but it's not impossible. You may not have all the facts, but on the chance that your sister is procrastinating needlessly, and the doctor is unaware, by all means, mention it to him.

DEAR ABBY: I read in your column that "in addition to teaching daughters how to cook, iron and keep house, mothers should teach them to cuddle a man, listen to him, entertain him, laugh with him, forgive him, and make his home a happy one to come home to. If they want a happy marriage."

I have always felt that way, but you put it so directly and simply.

I have three daughters and three sons. Have you similar advice for sons to follow if they are to have happy marriages?

MOTHER OF SIX

DEAR MOTHER: If a man kisses his wife good-by when he goes to work, returns sober and kisses her hello, doesn't ask her what she's been doing all day, and keeps reminding her that she is loved and appreciated, no matter what he lacks, she won't even notice it.

How has the world been treating you? Unload your problems on Dear Abby, Box 69700, Los Angeles, Cal., 90069. For a personal, unpublished reply, enclose a self-addressed, stamped envelope.

Lihoma Classes At Declo Are Feted At Party

DECLO — "Homemaking is the most rewarding career of all," stated Mrs. Melvin Darrington, Declo homemaker, teacher and mother, when she spoke to the Lihoma classes of the Declo LDS Ward Primary at their annual Lihoma Holiday.

Guests were welcomed by Mrs. Brent Peterson and the opening prayer was given by Debra Kelsey. Talks were given by Rayleen Hammond, "The Greatest Power on Earth," Sheila Bywater, "The Lihoma Bandito and What It Means to Me," and Janet Matthews, "The Origin of the Articles of Faith."

Mrs. Ray Hess, primary president, paid tribute to the graduating class and presented scrolls to Daria Hurst, Tamara Turner, Gail Lewis, Rosalie Taylor, Corinne Sanderson, Debra Kelsey, Debra Osterhout, Kristee Adams, Dena Schrenk, Rosalee Koyle, Janet Matthews, Sheila Bywater and Rayleen Hammond.

The advancement ceremony was under the direction of Mrs. Mike Matthews, Mrs. Lorn Ivy, Mrs. Colon Peterson, Mrs. Jay Kidd and Mrs. Brent Peterson.

Among the 85 girls and their mothers attending were Mrs. Jay Haskell, Burley Stake primary partner, and Gale Gillett, counselor in the Declo Ward Bishopric.

Display tables featured articles of sewing the girls had made during their past year in the Primary program, and they were centered with bouquets of pastel chrysanthemums.

Games were played under the direction of Mrs. Matthews and Mrs. Ivy.

Guests were served at tables centered with pink and yellow streamers and replicas of the New Testaments and ensigns of the classes.

Closing prayer was given by Gale Gillett.

Hillandale Club Elects New Officers

WENDELL — Newly installed officers of the Hillandale club, Mrs. Ivan Miller, president; Mrs. Ray Evers, vice president; and Mrs. Charlie Lusk, secretary-treasurer, hosted the Thursday afternoon meeting held at the civic club rooms. Bouquets of dahlias and gladioli were used as room and table decoration.

Mrs. Miller presided and welcomed the members and Mrs. Hazel Hawbecker, Manhattan, Kan., a guest.

Mrs. Everett Lawton presented the program of poetry. Mrs. Adda Lawton received a gift.

The theme of the September meeting at the hall will be "School Days." Members are to come dressed in appropriate school clothes. Mrs. Evers, Mrs. Miller and Mrs. Jusk will be in charge of the program. Mrs. J. M. Morgan, Mrs. Ralph Requa and Wanda Fitzsimmons will be in charge of the social hour.

Relief Society At View Meets

VIEW — The homemaking meeting of the View LDS Relief Society was conducted by Mrs. Raymond Searle.

Mrs. Scott Loveland presented a demonstration on the correct hemming procedures in sewing.

Mrs. Wayne Reddekopp, Rupert, spoke and gave a demonstration on personal grooming.

Mrs. William Kunzler supervised sewing and refreshments were served by Mrs. Jesse Searle, Mrs. Gaylin Patterson, Mrs. James Nowland and Mrs. Edwin E. Anderson.

Special guests were daughters of Relief Society members. Another guest was Mrs. Louella Snow, Burley, grandmother of Mrs. Searle and former ward member. She presented the society with an oil painting.

DOWNTOWN TWIN FALLS

EXPERT USE of controls results in a quick start for the steam engine used in threshing operations at the Ed Vogel farm near Buhl. The engine is one of several owned by Mr. Vogel.

"NEVER SAW anything like this in my life," could be stated this mule was making as he viewed harvest operations at the Ed Vogel ranch. Probably his great-great-granddaddy helped in like operations but this was this mule's first time around.

## Along Fences And Canals

A lone bull has menaced stockmen checking cattle and fishermen in the Trolley and diversion area of Richfield. The black Angus reminds some men of a lone buffalo on the prod. It has strayed from one of the cattle men's allotment ranges and crossed the river to land near the Jack Hubsmith farm land. Bev Flora and Rupert Golcochea are two cattlemen having encounters with the bull. Children or fishermen are warned to give the animal a wide berth and be alert.

Mr. and Mrs. Lewis Masterson have returned from Caldwell to their ranch east of King Hill and are remodeling their ranch home. Mr. Masterson has been working at the Caldwell Livestock sales yard at Caldwell.

Mr. and Mrs. Charles Kast who live at Fir Grove Ranch near Fairfield spent a few days at their 101 Ranch east of King Hill on farm business. Mrs. Kast reports their new ranch home will soon be completed and they expect to move in this fall. The Green Giant Corn Co., Buhl, has been harvesting their corn at the Kast ranch.

Sweet corn has been harvested at the farms of Theodore Gardner, Floyd Marsh, Dencl Gold and Ronald Hoskins at Tuttle.

Wesley Fink and son, Donnie Fink, are harvesting their potato crop at their ranch south of King Hill. The potatoes are being hauled by truck to stores throughout Magic Valley.

Harvesting of grain in the King Hill area has started. Lee Trail is harvesting wheat and mixed grain at the Karl Anderson ranch south of King Hill.

## The Old Steam Engine Puffs Away In Harvest Task Just Like Old Days

By O. A. (GUS) KELKER  
 They came from miles around to see how it was done in the old days and they were not disappointed. The scene was at the Ed Vogel farm near Buhl and Mr. Vogel was directing grain harvest operations featuring an ancient steam engine which snorted and

## Boundaries Listed For ASC Elections

SHOSHONE — Eugene Alexander, chairman of the Agricultural Stabilization and Conservation County Committee, has announced the designation and boundaries of each community within the county for the ASC elections.

Elections will be by mail. Sept. 22 is the final date for ballots to be postmarked or personally delivered by voters to the place designated by the county committee.

Boundaries for each community within the county are Richfield Community, those persons served or who own property served by the Richfield postoffice and including those farms in Township 35-Range 18 E.B.M. served by the Shoshone Post office.

Shoshone Community is for all those persons served by the Shoshone Postoffice and persons served or who own property served by Route 1, Gooding, within the confines of Lincoln County, Route 1, Jerome within the confines of Lincoln County, Star Route, Richfield including those persons living in sections 7, 17, and 20 of Twp 6S-Range 18 E.B.M. served by Route 1, Dietrich.

Dietrich Community includes those persons served or who own property served by the Dietrich Postoffice excepting those persons living in Sections 7, 17 and 20 of Twp 6S-Range 18 E.B.M.

Kimama Community includes those persons who are served or

## Quadruplets Born To Hereford Cow At Tuttle

TUTTLE — A Young Hereford cow is the proud mother of four calves at the Gordon Adams ranch at Tuttle.

A veterinarian called to check on the cow and her offspring said there is about one-in-a-million chance of quadruplets being born. The calves are doing well and are given supplementary feeding with bottles. A pop bottle with a lamb nipple was used at first. They are also given vitamin shots.

Mr. Adams says the calves are quite small and get out of sight easily in the grass in the pasture or go under a fence and have to be hunted for sometimes at mealtime.

The calves include three bulls and one heifer. Adams said the multiple birth was verified as the cords on three of the calves were still attached and the other calf was not yet dry and was lying near the mother cow when he found them.

No other cows were in that part of the pasture. The cow was purchased this year.

## Weed Control Group Elects

BOISE — Gerald Ingle, Kendrick, is new president of the Idaho Weed Control Association, succeeding Ed Middlemist, Boise. He was elected at the annual meeting in August at Mack's Inn where nearly 100 men concerned with the job of fighting pest plants reviewed progress and planned campaigns for 1968. Ingle is a Latah County commissioner.

Wallace Savage, Twin Falls County weed control supervisor, was elected vice president. Robert Higgins, Boise, agronomist of the University of Idaho extension service, was re-elected secretary. New directors are Dean Boyle, Boise, bureau of reclamation, and Ralph Welch, Emmett, Gem County weed control supervisor.

The 1968 meeting will be at Twin Falls next summer. "Probably the most important phase of weed control is education," Middlemist told the group. "This is education of the public regarding the danger of weeds infesting their lands, public lands, and all lands — education on the methods of meeting this threat to our food production program."

"The problem becomes increasingly acute because of the very nature of the work. There is very little glamor in pulling or hoeing weeds. There is some in using chemicals. But the work must be done. Our primary goal could well be to awaken the public to the necessity of moving forward in our weed control programs through-

## Exports Said Increasing

WASHINGTON (AP) — The Agriculture Department reported today U.S. agricultural exports totaled \$6.23 billion during the 11-month period ending June 30 — a two per cent increase over the same period a year earlier.

It said substantial increases in cotton and tobacco exports, and lesser increases in oil seeds and products and vegetables and vegetable preparations more than offset declines in animal products, fruits and grains.

Exports of farm products to the European Economic Community during the 10-month period ending May 1 amounted to \$1.28 billion, down six per cent from a year earlier. The department said this decline reflected the effects of the community's trade barriers.

U.S. agricultural imports during this same 10-month period rose one per cent over a year earlier and totaled \$3.75 billion. Meats and meat products, sugar, dairy products, oil seeds, products, and fruits and vegetables accounted for most of the

## Idaho Calf Crop Below Last Year

BOISE — The 1967 Idaho calf crop is expected to total 622,000 head, according to the USDA Crop and Livestock Reporting Service for Idaho.

This represents a one per cent decrease from the 1966 calf crop of 629,000 head, but is 14 per cent above the 1961-65 average number of calves born.

## POTATO PILER

Self-Propelled — Swinging Boom

- Designed especially for your area.
- Durable construction for longer life under maximum usage makes this piler the best buy on the market.

- Boom swings in 180° arc
- Flattened hopper allows loading from side
- Double drive on boom eliminates belt slippage
- Live hydraulics "height control" for boom and elevator
- Cleated rubber baling 18" wide with 1 1/2" uprights on 12" centers
- 24" wide rubber covered elevator chain with molded rubber uprights
- Electric motor self-propelling kit with reversing switch for one or both front wheels (optional)
- Boom support for protection while towing
- Available with 14', 18' and 22' booms
- Retractable tongue

## Grain Storage Short For Big 1967 Harvest

BOISE (AP) — A predicted record crop of wheat in Idaho is expected to lead to a shortage of grain storage facilities; the Idaho Wheat Commission said today.

Harold West, Commission administrator, said the expected lack of storage facilities, particularly in Southern Idaho, is based on U.S. Department of Agriculture estimates that crop yields in the Pacific Northwest will increase more than 78 million bushels over the 1966 crop.

West said a record crop of 58 million bushels of wheat in Idaho was expected. The 1966 harvest yielded 33 million bushels.

"There was barely enough space available to store the wheat last year," West said, "even though a portion of the crop was already moving into marketing channels before the end of harvest."

## Shadows

COPENHAGEN — A machine manufactured in Denmark can speed up analysis of milk for butterfat content.

The machine passes a beam of light through a milk sample and the fat droplets cast shadows which are recorded on the machine's meter.

## Buhl Grange Has Program On Safety

BUHL — Members of the Buhl grange held a program on farm safety measures when they met Friday for their regular meeting at the grange hall. Mrs. Dean Mickelwait, lecturer, introduced Carl Leth, agriculture instructor and adviser at the Buhl high school, and FFA members Danny Cope and Marshall Schroeder. The guests presented charts on fires which might occur at home or on the farm and explained methods of extinguishing the fires. They also conducted a safety quiz and passed out questionnaires to be taken home, filled out and returned at the next meeting.

Master Don Dietz requested members help on the exhibit for the fair booth. Two work parties were scheduled. It was reported that D. W. Rowe was hospitalized in Twin Falls.

It was announced that the Pomona grange would meet Aug. 12 at Knoll Grange. The Buhl grange picnic will be held Aug. 13 at the Don Dietz home.

Mrs. Don Dietz, acting as home-economics chairman, announced the winners of the needlework contest. Mrs. Henry Lehman won first place in both the pillowcase and embroidery lunch cloth divisions. Mrs. Blanche Smith took first place for her lace doilies.

Mrs. Henry Lehman won first place and Mrs. T. L. McBroon second place for their towels. Mrs. Arthur Bell won first place for knitted baby things, and she also won first place for her embroidered apron. Mrs. El Borning won second place in the apron division.

Mrs. Marie Latham won first in the knitted sweater division, with Mrs. Bethel Moore placing second. First place winner for a crocheted afghan was Mrs. Wes Fuller, sr. Mrs. Arthur Bell took first place honors and Mrs. D. W. Rowe took second place for their lace edged handkerchiefs. Refreshments were served by Mr. and Mrs. Rex Gainsforth.

## Seeding Is Planned By BLM Crews

SHOSHONE — The seeding of depleted areas of land to improve grasses and the development and protection of wildlife habitat on federal lands highlight the program of the Bureau of Land Management's Shoshone District for the fiscal year which began July 1.

Seedings of crested wheatgrass, intermediate wheatgrass and dry land alfalfa are planned on important watersheds near Gooding, Shoshone and Carey and on trail sandy areas near Dietrich, Jerome and American Falls.

Wildlife projects include the development of ponds and marsh areas southwest of Magic Reservoir for waterfowl nesting and study enclosures north of Gooding and on the Picabo Hills to supplement studies made by the Idaho Fish and Game Department.

Stock water reservoirs are to be constructed in several areas and four miles of pipeline are planned for the Star Lake area, southeast of Dietrich. These will distribute water from two wells to automatically controlled troughs.

Twenty-five miles of fence will be constructed by range users with materials furnished by BLM. An additional four miles will protect important wildlife areas.

## Farm Chickens Said Decreasing

BOISE — The number of chickens raised during 1967 on Idaho farms is estimated at 948,000, reports the USDA Crop and Livestock Reporting Service of Idaho.

This is a decrease of five percent from last year and compares with 1,369,000 chickens raised on the 1961-65 average. The farm chickens raised estimate does not include commercial broiler production.

Egg-type chicks hatched during the January-June period totaled 673,000 chicks compared with 773,000 during the comparable period in 1966 — a 13 percent decrease.

SIGNING CONTRACTS with USBMA are two Murtaugh bean growers. They are Howard Conrad, center, and Mark Moorman, right. Explaining USBMA to the two farmers is Jack P. Smith, left, USBMA manager for Idaho. The United

States Bean Marketing Association will market these two farmers' beans directly or as close to the retailer as possible, thus eliminating the middleman and speculators which in turn mean high prices for the growers' beans.

## Fire Chief Addresses Buhl Grange

BUHL — Fire Chief Lee Monroe spoke to the members of the Buhl Grange on fires and their prevention during the regular grange meeting held recently at the grange hall. Ed Harper, Pomona master, spoke on the insurance rates of the grange building.

Other guests at the meeting, in addition to the guest speakers, were Mrs. Monroe and family.

Dan Smith, fair chairman, reminded members to be thinking about their products for the fair.

Mrs. Blanche Smith, home economics chairman, asked that all needlework entries be ready for local judging by the next meeting. Mrs. Smith also noted that the Pomona judging would be held Aug. 15 at the home of Mrs. Don Dietz.

Baked breads brought by the members were judged by Mrs. Ray Cartee. In the novelty bread contest winners were Mrs. Henry Lehman, first; Mrs. Blanche Smith, second, and Mrs. Arthur Bell, third.

Mrs. Blanche Smith took first place in the Idaho fruit bread division, with Mrs. Rex Gainsforth, second, and Mrs. El Borning, third. Mrs. Boring also placed first in the potholder division.

It was decided to have May as the regular meeting month of Pomona grange. It was also decided to order the Centennial bumper stickers. The building committee was asked to obtain bids for painting the building.

The Centennial candlelighting program was conducted under the direction of Mrs. Dean Mickelwait. Assistant stewards, Mr. and Mrs. Al Kleinkopf, lit the centennial candle, and Mrs. Elmer Latham, chaplain, gave the prayer.

A skit, "To National Grange or Bust" was presented by Mr. and Mrs. Arthur Bell, Mr. and Mrs. Harry Hill, Lynn Harmon, Mr. and Mrs. Henry Lehman and Dean Smith.

The grange picnic will be held Aug. 13 at the Don Dietz home. Mr. and Mrs. Bell served refreshments.

## 2 Murtaugh Farmers Sign Contracts With USBMA For Marketing Beans

Farmers throughout Idaho as well as throughout the nation are facing a serious problem today. This problem is the decline of prices paid to farmers for their commodities.

This problem is enlarged by the increase of costs to farmers in producing the commodities.

One of the products that is affected is dry beans.

To help combat this situation, a grower-owned and controlled marketing system for dry beans is gaining momentum in Idaho. And if enough production is contracted this year, it could mean better farm prices for this nonperishable, high protein commodity.

Two area farmers realize this serious problem and have started doing something about it. They are the first to sign agreements to market their beans through the United States Bean Marketing Association.

This association is attempting to establish a pricing mechanism for beans.

USBMA would then sell the beans directly to the retailer, thus eliminating many of the middlemen and speculators. By eliminating the middlemen and speculators, USBMA hopes to increase the bean price to growers considerably above the \$8 or so per hundredweight they received last year.

The first two farmers to sign with this organization are Howard Conrad and Mark Moorman, both Murtaugh. They have signed over to the association 100 per cent of their dry edible beans. The beans are pinto and great northern.

According to Jack P. Smith, Twin Falls, USBMA manager for Idaho, those signing with USBMA will receive the average price sold through the association. He added that this could even be as high as 12 cents per pound.

Mr. Smith said this set-up will be similar to the sugar beet plan.

Under the marketing system, bean growers would be paid an initial payment at harvest time and two more payments within a year from harvest time.

USBMA intends to, in achieving its goal of establishing a

pricing mechanism for beans, contract with growers for their beans, retain control of beans in purchased and leased elevator facilities and hire a strong, imaginative marketing organization to sell the beans to the best advantage to the growers.

Bean growers in the area are being asked to purchase dividend-producing common stock to finance these storage and processing facilities. Beans would be sold by USBMA to retailers or their wholesalers.

It is pointed out by USBMA officials that even though higher prices may be asked for the beans, it may not necessarily mean higher store prices for consumers. Beans could be processed cheaper and the "in-between" profits could be eliminated.

Contracting is well under way in this area and farmers who want to sign up with USBMA or want further information are asked to call Jack P. Smith, 733-4534.

## NFO Meeting Is Scheduled

JEROME — Love Spencer, Jerome County, State National Farmers' Organization president, announced that Jerome County is making preparations for a large group of NFO members to attend the NFO "Meeting for Action" at Des Moines, Iowa, Wednesday.

Spencer stated, "The meeting is being called because the NFO feels that low prices are seriously jeopardizing the future of the family-type farm and the future food supply of the nation. Therefore, it is time to see what farmers want to do about taking action to stop low farm prices."

The committee of agriculture has just issued a statement that prices received by farmers dropped to the lowest level in

33 years, in relation to the rest of the economy. These prices declined 10 per cent between August, 1966, and April, 1967. Although there was some recovery in May and June, the parity ratio dipped in April to 72 per cent, the lowest for any month since 1934.

In other words, the prices received by farmers, in relation to the prices of things they must buy to produce their crops and livestock and to live on a farm were, in April of this year, at the lowest point in 33 years, Love said.

A statement from the national office of the NFO to county leaders stressed that practically all of the youth has left or is planning to leave the farm because of low farm prices, and that it is becoming more evident all the time that no one else is

going to meet the farmers' problem but the farmers themselves. As long as the farmers are willing to sell their products at the present prices, they can expect the low prices to continue.

The statement predicted that a show of determination on the part of farmers will bring about unexpected price increases and promises of more income to farmers, but that farmers cannot live on promises, and that they must have justice at the market place, and fair prices.

The meeting is being called to see if farmers are ready to adopt and back up a policy of "no price - no production."

The Jerome County NFO is lining up cars so that transportation will be available for all NFO members planning to attend the Meeting for Action at Des Moines, Iowa, Wednesday.

## Grain Storage Facilities To Be Improved

RUPERT — Grain storage facilities will have to be improved if they are to meet the new standards, according to Vance Smith, county agent. He noted that state and federal laws regulating the sale of food and feed are becoming more strict.

Food and feed used for man or other animals are included in the regulations, which prohibit holding for sale or offering for sale any food that is adulterated.

Food is considered adulterated if it consists in whole or in part of a diseased, contaminated, filthy, putrid or decomposed substance.

This means that feed as well as food can be condemned if any rodent or bird filth appears in it, Smith warned.

"Warehouses have been schooled and warned to refuse acceptance of grain which has become contaminated with bird or rodent filth," he noted.

If they really clamp down on this act, Smith continued, much of our conventional storage will not be satisfactory. He suggested growers may wish to contact grain dealers and to improve storage facilities to meet the new criteria.

## Index Down

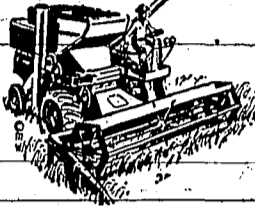

BOISE (AP) — The index of prices paid by Idaho Farmers for all commodities and services declined one point in the three-month period ended June 15. The U.S. Department of Agriculture reported today. But the index was up two points from that a year earlier.

The department put the June 15 index at 138 per cent of the 1947-49 average.

## One of these Fox Harvesters is "just right" for your farm

### Self-Propelled SP-F

You get more harvesting done in shorter time with this SP-F. It gobbles up to 70 or more tons of heavy corn per hour.

Big up-front drive wheels float the SP-F over wet fields where others get stuck — saves the crop. Opens up corn fields without flattening rows.

You sit up front, high, out of dust. Reach all controls easily without straining and craning. Use less muscle with power steering.

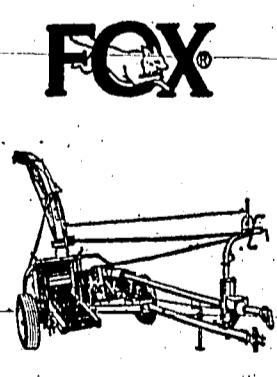

### Hevi-Duty Custom-7

You get big capacity and low operating cost with this dependable pull-type harvester.

It's a big favorite with large-scale dairy-men, cattle feeders, custom operators. Has earned a reputation for withstanding round-the-clock use in toughest crops, roughest terrains.

Gives you nine lengths of cut. Designed with heavy-duty roller chains, universal joints, shafts, pulley and frame. No weak spots. Gives you dependable service after other harvesters have seen their days.

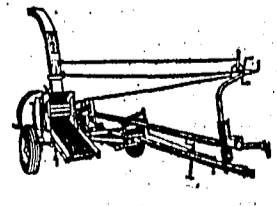

### Low-priced Super-6

A lot of machine for the money. Loaded with advanced engineering features and safety devices you'll find only on higher-priced harvesters.

Wades through heaviest corn at a 60-ton-per-hour clip without choking.

Compare the Super-6 with other makes and you'll see the difference.

Quick-change corn, mow and pick-up units to fit all three.

## Judging Is Held By 5 4-H Clubs

MURTAUGH — The Better Feeders and Fitters 4-H Clubs of Milner and Murtaugh held a joint meeting for the purpose of practice judging livestock Sunday afternoon at the F. V. Morrison farm. Morrison is leader for the Murtaugh Club and Farnum Warr is leader for the Milner group.

Three other 4-H Clubs and their leaders and parents were invited to participate in the judging. They were The Foothill Lads and Lassies of Murtaugh, Robert Howard, leader, The Hansen Hustlers, Mr. and Mrs. Terry Sobotka, leaders; and The Town and Country Lads and Lassies, Mrs. Walter Larson, leader, Hansen, Between 50 and 60 4-H club members attended.

Acting as judges for the classes of beef, dairy, sheep, swine and horses were Gene Rinebold, Cassia County agent; Butch Garrard, Oakley - Deco Vocational Agriculture teacher, and Farnum Warr.

Ribbons were presented by the Murtaugh club to clubs and individuals having high scores in the various classes.

Individuals tying for first place were Russell Brill, Milner Better Feeders and Fitters, and Kate Rasmussen, Hansen Hustlers. Tying for second place were John Kirk, Milner Better Feeders and Fitters, and Marlene Latimer, Murtaugh Better Feeders and Fitters.

Clubs placed as a unit with Better Feeders and Fitters, Milner, first; Hansen Hustlers, second, and Better Feeders and Fitters, Murtaugh, third.

The Better Feeders and Fitters, Milner, placed first in judging swine and the Hansen Hustlers, second.

The Better Feeders and Fitters of Milner took first place in judging both dairy and sheep classes and the Hansen Hustlers placed first in judging horses.

The Foothill Lads and Lassies placed first in judging beef and the Murtaugh Better Feeders and Fitters were second.

Refreshments furnished by the clubs attending were served by Mrs. F. V. Morrison assisted by Mrs. John Silvers, Mrs. Elwyn Brill and several club members.

## Better Feeders Plan For Fair

MURTAUGH — The Better Feeders and Fitters 4-H Club met Friday at the Morris Lattimer home and fair decorations and choice of colors were decided.

Preliminary work on decorations for the fair will be done Aug. 11 at the John Silvers home.

Demonstrations were given by Carol Lattimer, sewing equipment and its uses; Marlene Lattimer, how to tell the hardness of rocks, and Wilma Silvers, identifying rocks while on a field trip.

The Club's Aug. 18 meeting will be held at the home of David Jensen. Demonstrations will be given by Timmy Morrison, Dana Silvers and Jim Lattimer.

## Achievement Day Held By Hansen Club

HANSEN — The Hansen Hustlers 4-H Club held their Club Achievement Day recently at the home of Karen and Bud Koenig.

Club members assembled their animals, and then worked at trimming, clipping, weighing and fitting them.

A potluck lunch was held at noon for members, their parents, and special guests, followed by a demonstration by Jack Robinson, Hazelton, on the proper method of hoof trimming and corrective shoeing. He showed several types of corrective shoes for horses.

There were classes for each animal there — first, dairy cattle; second, halter class for horses, and third, fat lamb class.

Special member guests were Kelly McIntire, Preston; Grant Cicerelli, Colorado; David Russell, Veri Butler, Ricky and Jeff McGuire, all Hansen, Club leaders are Larry Sobotka, Eldred Bodily and Shirley Rasmussen.

## 4-H Club Has Final Meeting

The Happy-Go-Lucky club held its last regular meeting Wednesday at the home of Beth Britt with Karen Roberts as hostess.

Final plans were made for the Mothers Tea and Style Show to be held Wednesday at 7:30 Aug. 21 at the home of Beth Britt.

A swimmer is planned for Wednesday if the sewing is finished.

Demonstrations were given by Mary Knefel on putting in a dart, Marlene Knefel on putting in a zipper and Beth Britt on cutting seed potatoes, making a bound buttonhole and sewing on snaps and hooks. Illustrated talks were given by Edward Britt on outdoor safety and Beth Britt on light and motion in photography.

ROBERT ESCHBACH, second from right, Chairman of the Joint Meetings of the Western Seed Certification and Western Seed Control, sits with other officials of the two groups. Eschbach is currently the Chief of the Washington State Department of Agriculture at Yakima. The meetings were attended by nearly 30 officials from nine Western states.

## Demonstration Given By Girls

CASTLEFORD — Demonstrations were given by Peggy Lott on how to make a tepee fire at a meeting of the Castleford Eager Beaver 4-H club at the home of Peggy Lott.

Sandra Kinyon showed how to make a hunter and trapper fire, Mavis Paterson, how to miter a corner; Patty Helsley, parts of a sewing machine, Debbie Cox on after school snacks, and Patti Quigley on how to make a buddy burner.

The girls practiced their skill for talent night with their junior leader, Susan Conrad, in charge. The girls decided to clean up the Balanced Rock Park for their community project. Susan Conrad will head the committee for this project and the group will cook out the same evening.

## Skit Discussed At Castleford

CASTLEFORD — The Castleford Eager Beaver Boys 4-H club met at the home of their leader, Mrs. Ted Quigley. The skit for talent night Aug. 9 was discussed.

Rickie Kaercher gave a talk on lawn mowing safety. Tim Quigley gave a demonstration on how to make a hobo stove. Patti Quigley talked on the characteristics of a healthy chicken. Tim Quigley gave a demonstration on the care of tools. Rex LaGrone gave a demonstration on how to make a bulletin board.

The group toured the Michael Heath's rabbitry and also saw Richard Heide's 4-H rabbit project.

## Dinner Held

CASTLEFORD — The Flying Saucers 4-H club held a Father and Mothers dinner Monday evening at the home of Mr. and Mrs. Jose Barinaga.

Decorations were pink roses. Dena Herzinger welcomed the members and parents and a swimming party followed.

TRY TIMES-NEWS WANT ADS FOR FAST SELLING RESULTS

## Poems Read At Filer's Grange Meet

FILER — Two original poems written by Mrs. Loren Drake were read by Mrs. Ted Glassinger at the Filer Grange meeting.

Mrs. Glassinger also told the story of Patrick Henry defending the Baptist clergyman in a speech entitled, "A Crime of Great Magnitude."

Paul Hash, agriculture chairman, reported there is a new strain of wheat called "moron." Clyde Vanauelsen warned farmers to watch for thrip and red spiders in bean fields. If they are in doubt, he said to call qualified personnel to investigate.

Members voted to accept resolutions of other granges concerning gun control, opposing a hike in postal rates and also opposing stopping for funeral processions. It was explained members oppose this because of the danger of accidents it might cause.

Mr. and Mrs. Joe Krepcik served refreshments.

## Achievement Day Held At Milner

MILNER — Members of the Milnerettes 4-H Club held their annual Achievement Day Monday afternoon at the home of their leader, Mrs. Edwin Brune.

Joyce Klier led the 4-H pledge and Brenda Brill the pledge of allegiance. All of the girls participated in a program and displayed their finished projects. The members taking sewing in the various years modeled their outfits.

Mrs. Burke Scholer, Cassia County extension agent, gave the girls pointers for the fair and checked all projects and told the girls if there were any changes to be made on their finished articles.

The girls prepared and served a luncheon to the guests.

## Matkins Greeted

WENDELL — Mr. and Mrs. LaVar Matkin were received as members of the Wendell Grange No. 82. C. T. Crow, master, was in charge of the obligation ceremony.

The centennial candle was lighted by Mrs. C. T. Crow, acting lecturer. Mrs. Delbert Wilcox, chaplain, offered prayer.

The lecturer's program consisted of readings by Mrs. Lyle Lower and Mrs. Wilcox. The sick and visiting committee reported a card sent to Mrs. Henry Schmidt and a gift taken to Mrs. Harold Knight and baby. Mr. and Mrs. Lyle Lower and Mrs. Bertha Stickle were in charge of the social hour.

## Onion Seed Is Cut On Saylor Farms

GLENN'S FERRY — Saylor Creek Farms are cutting onion seed right now on 35 acres, and hauling to Crookham Brothers in Caldwell.

The grain harvest there on 2,000 acres is about half finished. Barley is the grain being raised this year, and it is stored on the farm.

Beets are being weeded on the John Sanborn place in Pasadena Valley, some 350 acres under sprinklers now. Grain combining is in full swing in Pasadena, as well as second cutting of hay.

Farmers on the Cold Springs creek are haying now on their second cutting, and grain combining going on simultaneously.

In the Hammett area, barley and oats are being finished up and second cutting of hay is about done. Field corn is growing well this hot weather for its November harvest.

Grigg and Anderson Farms, Inc., are harvesting barley now, and readying machinery for the potato harvest in September.

## Seed Boards Conclude Sessions Here

A three-day meeting of nearly 30 officials of the Western Seed Certification and Western Seed Control boards closed Thursday with policy statements, an election of officers, and a vote of confidence for Twin Falls.

Thursday's meeting was held between officials of the Western Seed Control board. The first meeting, held Tuesday, was the business meeting for the Certification Group. Wednesday's meeting was a joint session of the two organizations.

According to Robert Eschbach, chairman of both groups, "We have been concluding our talks concerning the handling of our own offices in our own states. Thursday's talks between Control officials are concerned with topics relevant to seed control, such as testing for effective seed treatment, breeders' rights, tolerances, and the problems of seed sampling."

An election of officers was held by the Western Seed Control Board, and Richard Countryman, of Arizona, was elected president; George Moose, of Oregon was named vice president, and William Hay of Sacramento, Calif., was reelected secretary-treasurer.

"We have been very much pleased with our reception in Twin Falls," said Mr. Eschbach, "and it is very possible that we will meet here again."

Members of the Western Seed Certification board who stayed in Twin Falls Thursday after their meetings ended Wednesday, visited several seed and alfalfa plants in the area.

Nine western states were represented at the annual meeting, which, according to Eschbach, had excellent representation from the various states.

The grain is being hauled to Nyssa.

## Land Laws Need Review, Says Rancher

SALMON — A Lemhi Valley rancher told the Land Law Review Commission at a public hearing in Billings, Mont., that it should write the necessary amendments to the nation's land laws to establish a more secure position for the livestock industry using government lands.

Ralston Adams, Tendoy, in testimony, said that because of the rancher's investment over the years on federal ranges the rancher should have a more secure position on the ranges than he has now.

Adams, president of the Lemhi County Farm Bureau, said that some 90 persons testified before the commission which is charged by Congress with reviewing the nation's land laws.

Adams said he felt that since 65 per cent of Idaho's acreage is owned or managed by the Federal government, that Idaho deserves a meeting.

The commission will meet Sept. 1 at Seattle and Sept. 2 at Spokane, Wash.

## Officials At Gooding Fair Announced

GOODING — Officials for the Gooding County Fair Thursday through Saturday are announced.

Department supervisors are: Drs. Stapp and Stapp; official veterinarians; Vance P. Butler, Buhl, dairy cattle; James Benson, Wendell, beef cattle; Darrell Schmitker, Gooding, swine and sheep; Clarence Wells, Gooding, horses; Wayne Hils, Hagerman, p-o-u-l-t-r-y; Harold Bown, Wendell, agriculture and horticulture; Gooding County Garden Club, flowers; Gooding FHA chapter, women's department; Mrs. Bob Rice, Gooding, art; Dale Walton and Ruth Shane, boys' and girls' club work; Schmitker, Benson and Hils, future Farmers of America.

Judges of the event will include LaMont Smith, Rupert, dairy and 4-H dairy; Lee Sharpe, Twin Falls, 4-H horses; Les Jackson, vocational agriculture instructor of Castledorf, open class beef and 4-H beef; Gene Rinebold, county extension agent, Burley, swine and 4-H swine; Mickey Marshall, Twin Falls, art; Mrs. M. R. Pleistick, Jerome and Mrs. Paul Hainline, Filer, women's division.

Mrs. T. F. Lamm, Jerome, flowers; Robert R. Loucks, Jerome County extension agent, Raymond Alzola, Camas County extension agent; Olen Genn, Twin Falls County Extension agent, and Ivan Hopkins, Lincoln County Extension agent, all miscellaneous exhibits.

Don Youtz, Twin Falls County Extension agent, and Glenn L. Bodily, Cassia County Extension agricultural agent, crops and horticulture; Carter Luther, Jerome, poultry, and Max Roberts, Mountain Home, open class horses.

4-H Home Economics projects will be judged by Wanda Nix, extension home agent of Jerome County; Annjean Scholer, extension home economics agent of Burley; Mrs. Mary Lou Ruby, extension home economics agent of Shoshone; Renee Alder, extension home economics agent of Rupert; Helen Walker, Idaho Power Co., Twin Falls; Mrs. Fern Manning, Shoshone; Mrs. Robert Haslam, Jerome, and Connie Meyer, assistant state 4-H leader, Moscow.

## Outlook On World Wheat To Be Big

WASHINGTON (AP) — The Agriculture Department says the current outlook indicates world wheat production this year will be large, but possibly not quite as large as last year's record 8.3 billion bushels.

The department says this could mean keen competition for export markets and a need for aggressive U.S. marketing.

The U.S. export goal from the prospective record crop has been set by the USDA at about 750-million bushels, about the same as exports from the 1966 crop supply.

FIELD OF GRAIN near American Falls, an area noted for wheat production, makes an interesting pattern in this Times-News aerial picture. Farmers in that area report good yield for the growing season. This particular field almost has the same outline as does the State of Idaho when viewed on a map.

## Course On Sewing Is Available

SHOSHONE — An accelerated course on "Your Sewing Machine" prepared exclusively for volunteer adult and junior 4-H leaders copes with the handling and sewing of the various man-made fibers and the natural fibers as well, Mrs. Mary Lou Ruby, county home economics agent, reports.

In the 12 years that the course has been offered, in excess of 75,000 women have learned about correct use and care of the sewing machine. They in turn have instructed nearly one-half million 4-H girls engaged in clothing, home improvement, child care and other projects where machine sewing is involved.

The course is supervised by extension clothing specialists and personnel from the Singer Co., sponsor of the program.

Value of the course is demonstrated in the need for being able to sew on some 20 man-made fibers, plus innumerable blends, found on yard goods counters today. New methods and sewing equipment have been developed to work with modern materials. Care of the sewing machine is also taught.

Jessie Hutton, educational director for Singer and co-author of the 4-H leaders' manual "Your Sewing Machine" used in the course, points out some of the techniques for handling new materials.

For example, stretch fabrics, filmy sheers, knits, tricot and crepes need to be guided both in front and behind the machine pressure foot. For stretch fabrics, firm tension is applied, but for sheers, knits and tricot, gentle tension is needed. Old standbys such as napped wool, corduroy, velveteen and velvet must be stretched in the direction of the pile or nap.

Knowing the right needle and thread and tension to use can make the difference between sewing smooth seams and

puckered or broken thread seams.

For information about the course, contact the county extension agent's office. The only requirement is that the person be an adult or junior 4-H leader. All participants get a set of sewing guide books.

## Grange At K. H. Has Yearly Fete

KING HILL — Approximately 40 Grangers attended the birthday and annual potluck picnic held at F. C. Anderson's park east of King Hill Tuesday night.

Mr. and Mrs. Joel Young were in charge of arrangements. Mrs. Young was in charge of program with Mr. Arthur Greer and Gloria Woodward presenting readings.

Sheri and Carla Ruberry sang a duet and Mrs. Wesley Fink sang a solo. Mrs. F. C. Anderson baked and decorated the birthday cake for members who had birthdays in July, August and September.

Guests included Mr. and Mrs. Loyal Peak, Nampa.

## Hansen Starts Potato Study

Congressman George Hansen is exploring the possibility of potatoes being included in the agriculture products exported under Public Law 480.

Following an earlier exploration of the possibilities with the administrator of USDA Foreign Agricultural Services, Hansen this week made a formal request to Raymond A. Toan as to what might be done to have potatoes included in the program.

"About one fourth of all U.S. agriculture exports are moved under PL 480 operations," said Hansen. He noted that the rapidly expanding potato processing industry has created vast new possibilities for potato marketing which should be exploited.

## Dairy Cows On Testing Plan Listed

Dairy cows on production testing in Unit 2 of the Twin Falls County Dairy Herd Improvement Association during July averaged 42 pounds of butterfat per cow and 1,198 pounds of milk, reports County Agent Donald Youtz. Production figures include all cows on test, including dry cows. The July report of Testing Supervisor, Thomas Bergstrom, Twin Falls, showed that 1,277 cows were on test, with 1,142 in production, and 135 dry cows.

In the large herds of over 50 cows, Clyde Wright, Filer, had the high production average of 61 pounds of butterfat, 1,766 pounds of milk, with 60 cows milking of a total of 62. Other large high producing herds with butterfat, milk, total cows, and number in production are T. W. Richmond, Buhl, 48, 1,455, 83 and 75; Irvin Ehlers, Twin Falls, 46, 1,334, 70 and 68; and Blair Hall, Twin Falls, 41, 1,237, 53 and 47.

In the medium size herds of 25-50 cows, Dale Williams, Filer, was high with 50, 1,404, 36 and 35. Next in line is Roger Stafford, Kimberly, 49, 1,401, 43 and 36; Earl Walls, Murtaugh, 48, 1,392, 26 and 25; Everett Andrews, Filer, 47, 1,350, 33 and 30; Gaylord-Drown, Filer, 47,

1,361, 37 and 35; Marion Tanner, Hansen, 47, 1,338, 38 and 34; Gary Custer, Twin Falls, 45, 1,421, 39 and 35; Russell Riggs, Murtaugh, 44, 1,194, 47 and 43; Vernon Lassen, Filer, 42, 977, 48 and 46; and Gene Randall, Kimberly, 42, 1,204, 44 and 37.

In the small herds, under 25 cows, Mike Holloway, Twin Falls, was high with 55, 1,730, 3 and 7, and was followed by Carl Leonard, Filer, 45, 1,198, 19 and 15.

## Bee Colonies In Idaho Increasing

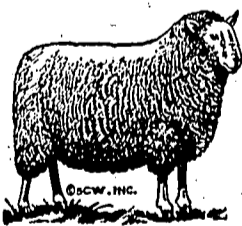

BOISE — Beekeepers in Idaho have an estimated 220,000 colonies of bees on hand, according to the USDA Crop and Livestock Reporting Service for Idaho.

This is five per cent above last year and the largest number of record dating back to 1939. Condition of the colonies was reported at 93 per cent, compared with 75 per cent a year ago.

## Kimberly Hosts Pomona Grange Meet

The July meeting of the Twin Falls County Pomona Grange was held at the Kimberly Grange Hall.

A report on the special session of the legislature was read by Thomas E. Speedy.

Will Beck read the article which appeared in the special issue of the Boise-Idaho Statesman recently written by the State Grange Master, Ermlil Jerome, telling of the many issues and projects supported by the grange in the past 100 years.

As a member of the Board of Directors for the Idaho Youth Ranch, Mr. Beck also announced the ranch is ready to start their third housing building as soon as they have the materials.

Mrs. John Moyer announced that all needlework, state projects and baking entries will be judged at the Don Dietz home Aug. 16 and should be in the hands of the Pomona home economics committee by Aug. 15.

Special recognition was given to Mrs. Lee Mathews and Mrs. Henry Dahlquist, both from Cedar-Draw, for being national winners in the all-cotton sewing contest. Mrs. Mathews won first in Class A and Mrs. Dahlquist won second in Class C.

Mrs. Ed. Schwaegler, Burley, state home economics chairman had written her and said this is the first time there have been two national winners from the same state and two from the same grange was unheard of so this county should be doubly proud of such an honor.

A. E. (Ed) Harper, master, explained about the Centennial Booth which Pomona will have in the Agricultural building at the county fair this year. He appointed the three graces of each subordinate grange as a committee to work on the plans for this booth. Also, plans were made for the bingo stand with Mrs. Gainsforth, Buhl, as co-chairman with Kenneth Poe and Ed Harper assisting. Anyone interested in helping please contact Mrs. Gainsforth.

The annual county-wide Pomona picnic will be held at 1 p.m. July 23 in the Buhl park.

Mrs. Clifford Davis, lecturer, announced this is "Grange Caravan Month" in celebration of this centennial year. She was assisted by Mr. and Mrs. Kenneth Poe and Mrs. John Moyer in lighting the centennial candle. Peggy Davis played a piano selection. Henry Riedeman played and sang several guitar num-

bers and Burton Harmon gave a reading.

Guests were Mr. and Mrs. Ed Schwaegler, Burley.

The August meeting will be held at the Knoll Grange Hall.

## Total Harvested Acreage Of Field Crops To Be High

BOISE — Total harvested acreage of all field crops, excluding seeds, in Idaho this year is expected to be six per cent above 1966, according to the USDA Crop and Livestock Reporting Service for Idaho.

Acreage increases for both winter and spring wheat, corn, sugar beets, dry peas, lentils and all hay more than offset declines in acreages of oats, barley, rye, mixed grains, dry beans, hops and potatoes.

All above average yields are expected for all field crops except corn, dry beans and sugar beets. A new record high production is noted for all wheat.

## Range Condition Shows Big Gain

BOISE (AP) — Range feed conditions in Idaho are better than last year and above the five-year average, the U. S. Department of Agriculture said today.

Grass growth, prompted by spring rains, is rated as the best in several years, the department's statistical reporting service said.

There will be an ample supply of hay for winter feeding, the service said, although the rains have somewhat hampered hay harvesting.

bers and Burton Harmon gave a reading.

Guests were Mr. and Mrs. Ed Schwaegler, Burley.

The August meeting will be held at the Knoll Grange Hall.

## Invasion Of Face Fly May Become Major

SHOSHONE — "Face fly is spreading in Idaho," states Ivan Hopkins, county extension agent. He said the fly has gained a foothold and has the potential of becoming a major livestock and household pest throughout the state.

Tips on what to do about the fly are given in a leaflet by L. E. O'Keefe, entomologist of the University of Idaho Extension service, available at any county agent's office.

The insect causes extreme annoyance to livestock. It clusters on faces of cattle, horses and open-faced sheep, feeding on fresh wounds and saliva deposits. It causes increased fear production, swelling and high incidence of eye trouble. Infestations are associated with severe outbreaks of pinkeye.

Large numbers enter buildings in the fall to hibernate. They come out on a warm day.

The face fly looks like the common house fly. Eyes of the male face fly almost touch, while those of the house fly are separated by a dark, hairy patch.

Control in and around homes becomes necessary when face flies start to migrate in mid-August. It is important to prevent the migrants from getting inside. Tight screens are recommended, as for house flies. A residual spray of DDT, diazinon, dieldrin, or ronnel can be applied on outside walls where face flies congregate. A wettable powder spray gives the best control on porous outside walls.

**40 ACRE FARM**  
TO BE SOLD AT  
**AUCTION**  
Mon., Aug. 14, 10 a.m.

# The Green Thumb

by GEORGE ABRAHAM

**POISON IVY NOTES:** Poison ivy vines lurk in many campsites, parks, beaches and even on home grounds.

First, learn to recognize poison ivy. The old saying, "leaflets three, let it be; leaflets five, let it thrive," is a wise reminder. Not all plants with three leaflets are poison ivy.

It's a handsome vine and in some countries you find it listed in nursery catalogs. The skin irritant of poison ivy is called urushiol and is found in all parts of the plant, including root and fruit.

Poisoning may result from direct contact, or indirectly by touching contaminated clothing, tools, equipment, handling dogs and cats or by getting into the smoke from a brush fire in which there are poison ivy plants.

If you think you've touched a poison ivy leaf, immediately wash with hot water and a non-oily soap to reduce or prevent a skin irritation. Contaminated clothing should be laundered.

How to kill the vines: In ornamental plantings, flower beds and home gardens, digging out the roots is the safest method. In large areas you can use chemical means for control.

One trick is to spray the area with old motor oil. Other materials: Amltrole, also called Amino-triazole, comes in aerosol cans, for small areas. If you treat a large area, use three level tablespoons of 50 per cent amltrole in 25 gallons of water. Do not let it touch desirable plants. Another chemical to try is ammonium sulfamate ("am-mate"). Or you can try 2,4,5-T, at the rate of two pounds per 100 gallons of water. A combination of 2,4-D and 2,4,5-T (it's a shame these don't have better common names!) can be used at the rate of two pounds of each per 100 gallons of water for large areas. Borax will eradicate poison ivy, applied dry to the soil at the rate of four pounds per 100 square feet. Borax is absorbed by the plant through the roots.

**RUBBER PLANTS:** This is one of the most sensitive items we know when it comes to watering. Poor drainage or over-watering will cause the bottom leaves to turn yellow, then black and drop. If the soil lacks humus and sand for good drainage, or if the pot is a glazed one, air is shut off to the roots and the leaves turn yellow. Incidentally, if your rubber plant starts to stretch up and get too tall, don't hesitate to cut the tip out. Root it in a gallon jug full of water, and you'll have a new plant within a couple months.

**FREE:** Send me a self-addressed, stamped envelope for my bulletin, How to Care for Rubber Plants and Palms in Your Home. This guide will help you grow better palms and ferns, two old standbys which can be cantankerous at times.

**EARWIGS A NUISANCE:** In some areas, earwigs are worse than ever. This pest gains entrance into homes via flowers cut from the garden, laundry, newspapers and cracks in doors and windows. You can tell an earwig by the pincer-like attachment on the rear of its body. Earwig gets its name from the fact that it was once believed that the insect crawled into ears of people sleeping.

**CONTROL:** It's a tough pest to check. Earwigs hide inside flowers—and spraying them is difficult. Spray the area with chlordane or dieldrin. This may not do much good, since the pests often hide in bark cracks, crotches and other places. The best antidote for earwigs we've ever seen is the bantam chicken. They'll clean up earwigs when everything else fails.

**WHICH KIND OF MOWER?** Many have asked me if it's sensible to change back to the reel type mowers. If you're a rough and ready gardener, my advice is to stick with the rotary mower.

To me, this is the greatest piece of machinery the home owner ever had. America's lawns have never looked better, thanks to the rotary mower. Before we had them, tall weeds such as plantain, and tall grass were impossible to mow. Now we can enjoy our lawn without having weeds staring at us, fresh after a mowing. The rotary cuts everything. Rotary mowers are less expensive and more versatile. They can be easily sharpened.

Since the reel mower cuts with scissors-like action, there is less likelihood to fray leaf tips than you get from a whirling rotary blade. There is generally less "gray hair" with reel mowing. Fine lawns may look better mowed with reel mowers, but if your mower is sharp and in good shape, you can get a fine job with a rotary.

More and more reel mowers are being sold today, but I'm keeping my rotary mowers because they can do a better job for my particular lawn.

**TRANSPLANTING ROSES:** From time to time, gardeners often want to move a rose bush. Spring or fall are best times to do this job. Try to get as many roots as possible, with soil (if you can). The top should be cut back at least one-half to compensate for loss of roots. Keep the plant watered well; also apply a mulch of sawdust, peatmoss or whatever material you have available.

Incidentally, if you've started new roses under glass jars, you can leave them under there all winter. Next spring you can remove the jars and transplant the roses to a new location. They'll have nice roots by

**BLM RANGE CREW** from Salmon is shown installing a water trough for livestock grazing on the South Carmen Creek unit. Plastic pipe is laid just below surface of ground by machine in background. Water is piped from nearby spring.

spring. Winter won't hurt them a bit.

**QUESTION OF THE WEEK:** — R. D. of Twin Falls: "We raise several peach trees and in the past we have lost many due to borers. An old gardener told us how to lick the problem.

Buy some PDB crystals in the drug store and in September dig a trench around the trunk, about four inches away, two inches deep. Put two ounces of the crystals in the trench, cover with soil and let stand for six weeks. Fumes from the crystals will kill the borer, and after six weeks you can pull the soil away from the trunk. Since we've used the crystals no more gum bubbles on the trunks."

**Green Thumb note:** Para crystals (Paradichlorobenzene), also called Para Nuggets are available in garden centers and drug stores. It has long been used to control clothes moths in homes and is still used by many for gassing the peach tree borer. Commercial growers spray their trees with malathion and DDT, especially the trunks to kill the borers.

A. C. of Alameda: "Year after year, we have trouble with wild morning glory or bindweed. This weed crawls up plants and bushes and will even cover them. Is there a control?"

If I had to put my finger on the world's toughest weed, it would be wild morning glory. It's tough, aggressive and mean to kill. Some gardeners tell us they spray white distilled vinegar on it with great success. It's difficult to use weedkillers on it because of danger of killing closeby plants.

In a lawn, it cannot take the competition from a lawn mower and will eventually die out. Handpulling, while a very tedious job, will eventually

## Troughs For Livestock Installed

**SALMON** — The Bureau of Land Management is undertaking a program to provide water for livestock grazing the ranges in the Salmon area.

Pipelines are being installed to serve watering troughs in places where cattle haven't been able to graze in the past because of the distance from water.

Harold Elg, chief, division of operations for the BLM at Salmon, said the water troughs will tend to provide a better distribution of cattle using the ranges and thus cut down on overgrazing.

Springs are being developed and the water is carried through plastic pipes laid by machine just below the surface. Troughs to hold the water are spaced at intervals along the line.

During the past year, the Salmon District has installed 18,750 feet of pipeline while stockmen have placed 24,514 feet to serve livestock on the ranges.

weather bureau said weather during the past week "was generally ideal" for crop growth and development.

Soil moisture supplies were reported short in dry farm areas of the north but adequate elsewhere.

## Regulations Given On FFA Entries At T. F. Fair

**FILER** — Future Farmers of America entries in the Twin Falls County Fair, Sept. 6-9, are limited to FFA members in Twin Falls County.

All livestock entry applications must be entered before 6 p.m., Sept. 2, and produce and all other livestock FFA exhibits must be entered before 6 p.m., Sept. 4, according to F. V. Morrison, Murtaugh, superintendent.

Agriculture teachers in Magic Valley will assist the superintendent. Judging contests will be in charge of Castleford exhibits; Kimberly; sheep and swine, Twin Falls; dairy and beef, Buhl; produce booth, Filer, and fitting and showing, Murtaugh.

No entry fees will be charged for exhibits in the FFA division, stated the superintendent. All winners will receive ribbons and place cards as well as cash awards.

The FFA fitting and showing contest shall be divided into junior and senior divisions. The Junior division will include boys enrolled in agriculture one and two for this year, and the senior division shall include boys in agriculture four or any other active FFA member.

One winner from each class of livestock will be selected in each division by the judge and these winners will then compete with each other to determine the champion fitter and shower in each division.

In the judging contest, each school team may consist of three judges and one to three alternate judges. No boy can compete in the contest as a regular team judge more than once without disqualifying his team.

Each FFA member may exhibit as many different crops as he wishes, but these exhibits must be grown on a farm owned or rented by himself and raised as his own project.

First, second and third place premiums will be given for threshed grains and legumes, sheaf grains and legumes and other crop exhibits. The Amalgamated Sugar Co. will award 50 pounds of sugar for the best five beets and 25 pounds of sugar for the largest beet.

Premiums for livestock exhibits will be given for sheep, fat lambs, swine, fat hogs, dairy cattle, fat beef cattle and beef breeding class. There is also a poultry class.

Open class judging of FFA exhibits is set for Sept. 5. An Angus-futurity show will be held at 9 a.m., Sept. 6, with sheep and swine quality and showing and fitting also set for 9 a.m. The Junior Angus show will take place at 10:30 a.m.

Sept. 8 will see a dairy beef breeding and quality contest at 9 a.m.; judging contest at 10:30 a.m.; fat beef contest at 1 p.m., and fitting and showing of all dairy and beef classes at 2 p.m.

Special awards in the FFA department include a belt buckle given by the Idaho Cattlemen's Association for outstanding beef project; a trophy by Magic Valley Cattlemen's Association for best beef breeding project; a trophy to the highest placing Angus shown by a FFA member given by Western State Angus Auxiliary.

Trophies for livestock judging team and individuals will be given by General Building Sup-

PAUL KIMBERLY

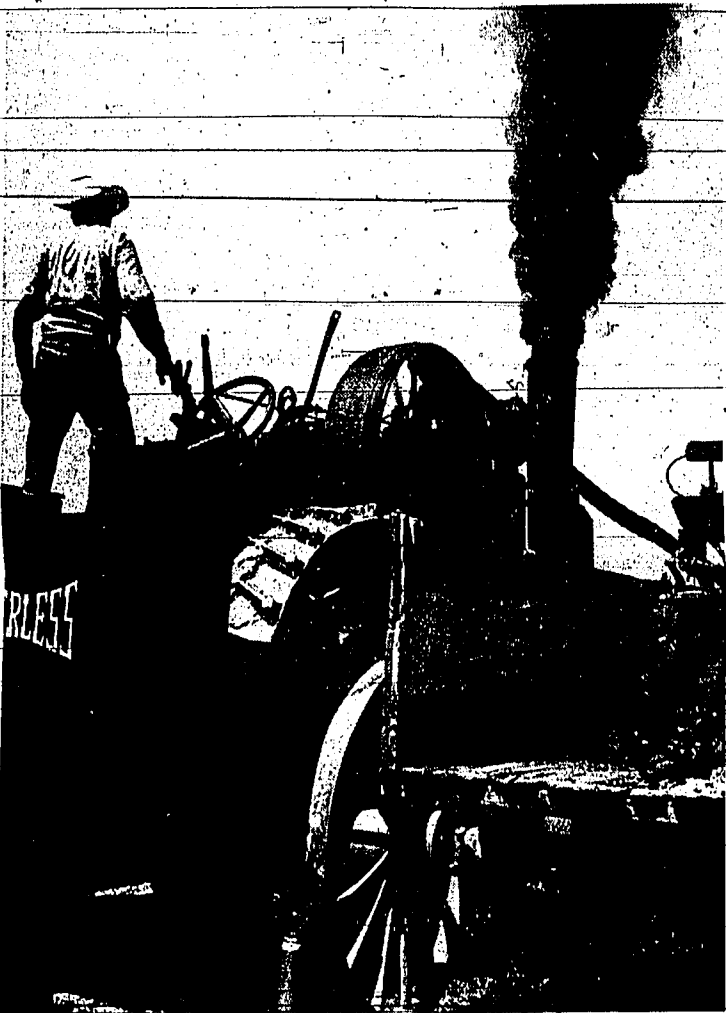

HAY WAGON drawn by two mules comes into the threshing area and joins other wagons of grain ready to "go through the mill." The grain threshing operations at the Vogel ranch

are carried on just as they were when the tract first started. Hundreds of people view the two-day harvest each year. A select crew of workers handles the tasks.

LOADING HAY wagon was just like it was years ago. A pitchfork in a couple of strong hands and a heave upwards and the grain lands on the wagonbed for the trip to the thresh-

ing site. The clock was turned back to the early days of the Twin Falls Tract when harvest operations took place at the Ed Vogel farm near Buhl.

PIECES OF GRAIN mix with smoke from the boiler as the "snorting steamer" gets going in earnest. Ed Vogel, owner of the equipment, stands ready for the next move. The coal wagon stands to one side.

### Old Steam Engine Huffs And Puffs

(Continued from Page 9) ryone. Mr. Vogel harvests just as they did in the old days. The steam engine, the old threshing machine and the hand workmen are joined by several hay wagons which bring the grain to the work site after it is thrown on by men with pitchforks. The locomotion for the wagons is furnished by teams of mules.

"What with modern machinery available, this might not be the best way to get the job done but it is fun and people seem to enjoy it," Mr. Vogel said. He indicated that he would follow this method on his farm every year "until I get too old to do it."

Never fear, Mr. Vogel collects these old "monsters" and has several on hand. They all work, too.

### Some Bean Problems Explained

Twin Falls County Agent Donald Youtz reports that his office has received numerous calls regarding bean fields which have been showing a stress condition in some varieties as a bronze leafed condition.

Other varieties are showing a distinct yellowing and browning of the lower leaves, and in many cases the lower leaves are dropping.

Youtz said that numerous fields have been examined by University of Idaho specialists in disease, insects, and beans, and it has been determined that the problem is not one of insects, mites, or more than normal incidence of disease.

The problem is believed to be one of stress caused by hot weather during late July and it is important that adequate moisture be maintained between now and harvest.

### Books Reviewed

RICHFIELD - Leaders reviewed record books for Linda's Lassies 4-H Club at a meeting at the home of Susan Kelly.

Demonstrations on caring for clothes and using a thimble were given by Lorle Pridmore and Rosalie Behr.

## Records Set By Dairy Food Consumption

CHICAGO—Some dairy foods were consumed in record quantities last year, others were down slightly. This is reported in "How Americans Use Their Dairy Foods," an annual statistical review published this month by National Dairy Council, Chicago.

Cheese consumption in 1966 was at an all-time high of 9.9 pounds per person, up nearly one-half pound from a year earlier.

Sales of fluid nonfat and low fat milk also were at a record high during 1966, averaging 17.6 quarts per person, or nearly two quarts above the 1965 level.

Ice cream and other frozen dairy foods, such as ice milk and milk sherbet, were consumed at the same record-breaking level of 21.3 quarts per person recorded in 1965.

Sales of fluid whole milk were down slightly during the year, averaging 242 pints per capita last year as compared to 246 pints in 1965. Per capita fluid milk sales appear to have leveled off in recent years at 90 to 92 per cent of the rate of sales during the last 1950's.

Consumption of several other dairy foods inched downward last year. Butter consumption was down to 5.7 pounds per person, off more than half a pound from a year earlier. Sales of fluid cream and evaporated milk also were somewhat lower in 1966 than in 1965.

The nation's dairy farmers established some new records last year. Cow numbers totaled slightly over 14 million head, representing the smallest cow herd kept on U. S. dairy farms since reports on cow numbers were started more than 40 years ago.

The second record in milk production was the quantity of milk per cow. Production per cow in 1965 rose to an all-time high of slightly over 8,500 pounds. This increased productivity per cow, however, was not sufficient to offset the sharp decline that occurred in cow numbers during the year. As a result, total milk production fell by almost four billion pounds to a

little more than 120 billion pounds in 1966. This was the lowest national output of milk in more than a decade. The decrease in milk production last year was reflected in higher farm prices for milk and higher retail prices of most dairy foods.

The significant contribution of milk to America's physical fitness and overall health is emphasized in "How Americans Use Their Dairy Foods." Of the nation's food supply, milk provides:

"Nearly one-fourth of the protein. Protein is the basic food nutrient — needed throughout life — for growth and repair of body tissues."

## MAN IN TRANCE GUESSES RIGHT

It is fine to be a good guesser and all good players are good guessers. On the other hand the really good player tries to avoid guessing whenever he can.

South won the heart lead in dummy and drew trumps with two leads. Then he looked over

South was radiant! "I sure guessed that jack of diamonds," he chortled.

We hate to be killjoys and spoil South's pleasure. He had made a good guess but if he had put about 10 per cent of the brain power he put into the guess into planning his play earlier, South wouldn't have had to do any guessing at all.

After drawing trumps, South should have played out the rest of the hearts. Then he should have led a club toward dummy's king. That king would fall to East's ace and the defense could take a second club. Then it would be up to whichever one took that second club trick to lead again.

He could lead but he would take care of South's diamond problem when he led. A heart or club lead would allow a ruff in dummy and a diamond discard from South. A diamond lead would trap the jack.

Q—The bidding has been:

West	North	East	South
1♣	1♠	Double	Redbl.
Pass	Pass	Pass	2♣
Pass	2♠	Pass	?

You, South, hold: ♠K9♥AJ54♦432♣K1076  
What do you do?  
A—Bid two no-trump. You don't know what your partner is heading for as yet but you do have a spade stopper.

**TODAY'S QUESTION**  
You do bid two no-trump and the bids three clubs. What do you do now?

Answer Next Issue

the club and diamond suits carefully. Then he played Dummy's nine of diamonds. East played low and South went into one of those bridge trances. He looked at both opponents, the ceiling, a spot on the opposite wall and finally closed his eyes. Eventually, he played his six of diamonds. West took his ace and led a club. The defense cashed two club tricks and South claimed the balance.

ELE AND WALT DULANEY

## Give Them The Facts And They Won't Laugh

Dear Ele and Walt: I go to a psychiatrist. I am not ashamed of this but when my friends find out they tease me about being out there in an institution. When I'm teased I go along with the kids but I'm running out of things to come up with when they make remarks. Can you give me a few suggestions? I'm sure I'm not the only one with this problem, so help us all out, please.—Sane.

Dear Sane: It's ignorance that prompts your classmates' jokes. Instead of going along with the gag, why not ask, "Would you like to know what happens at a psychiatrist's office?" And if they show interest, explain about the "talking cure." They need to know that it's no hocus-pocus art, but rather calm, rational exploration of what makes us tick, with an aim of self-growth.

Your wisest move would be to discuss this first with your psychiatrist. He can help you educate your friends.—(And who knows, it might give one of them the courage to seek help himself when need arises!)—Ele and Walt.

**SHE HAD NO ADVENTURES**  
Dear Ele and Walt: I think I have a pretty dull personality for a girl, because I have nothing to talk about. Nothing happens to me. Sure, I go to dances and parties and things, but I always sit in the corner because I have nothing to say.

If I ask someone else what they did or something, they always answer short and leave me hanging. And if I ask a something did happen that everybody puts it down like it's the dumbest thing in the world.

How can I liven up my life and my conversation so as to keep everyone from falling asleep? (And to keep me from getting too lonely?)—Dull.

Dear Dull: It just might be that you're in a catty group that has type-cast you as Miss Yawn, crazy. I am not crazy or I would not be in an institution. When I'm teased I go along with the kids, but I'm running out of things to come up with when they make remarks. Can you give me a few suggestions? I'm sure I'm not the only one with this problem, so help us all out, please.—Sane.

Dear Sane: It's ignorance that prompts your classmates' jokes. Instead of going along with the gag, why not ask, "Would you like to know what happens at a psychiatrist's office?" And if they show interest, explain about the "talking cure." They need to know that it's no hocus-pocus art, but rather calm, rational exploration of what makes us tick, with an aim of self-growth.

Your wisest move would be to discuss this first with your psychiatrist. He can help you educate your friends.—(And who knows, it might give one of them the courage to seek help himself when need arises!)—Ele and Walt.

**TO SHAVE OR NOT TO SHAVE**  
Dear Walt: Do you believe the saying that if you start to shave very young you will have to shave very often when you grow up?—Fuzzy.

Dear Fuzzy: Shaving does not increase the amount of hair, although it does make each hair coarser and stiffer. Nevertheless, it's my personal opinion that once a guy's chin or lip looks dirty, he'll shave on 10, 15 or 20 (not forgetting to yawn.) And if he should start shaving, I consider it worth talking about.

# Knobelina Sprints To Set New Record During Races At Glenns Ferry

GLENN'S FERRY—Knobelina, ridden by D. Bailey and owned by Oel E. Parish, broke a track record in the eighth race during the first night of racing at the Elmore County Fair in Glenns Ferry.

The previous record for the 350 yard run was 18.40 set last year.

Knobelina's time was 18.21 seconds.

Approximately 500 persons were in attendance during the first day of racing at Glenns Ferry.

The total handle, \$6,224, was about 25% larger than the first day of racing last year.

Local jockey Steve Parke guided two horses to victory and Dave Schiewe also jockeyed two horses to the winners circle with Dave Bramble putting seven horses in the money.

The biggest quinella of the night was \$33.60 in the eighth race.

First race, 400 yards in time of 21.04 seconds with Daily Double of \$4.80 and \$18.60, Diamond Barff, ridden by Steve Parke, owned by R. M. Funk, \$8.00, \$4.80 and \$2.60; Testme, ridden by Dave Bramble, owned by Joseph Hansen, \$4.80 and \$2.60; and Tig Bar, ridden by Dave Schiewe, owned by Bert Sumner, \$2.80.

Race two, five furlongs, in

time of 1:03.6, with a quinella of \$22.00; Just Arlington, ridden by Steve Parks, owned by L. O. Watson, \$17.20, \$4.60 and \$2.20; D. A. Kai, ridden by Dave Bramble, owned by J. and K. Hansen, \$3.00 and \$2.40, and Joe From Idaho, ridden by Dave Schiewe, owned by George Smith, \$2.20.

The third race, 350 yards in time of 19.35 seconds, with a quinella of \$8.40, Chanta Ann, ridden by C. Huston, owned by C. and V. Kendall, \$14.80, \$8.40 and \$3.80; Balmly Vee, ridden by G. Wall, owned by Keith Galbraith, \$2.80 and \$3.80, and Wise Bet, ridden by Dave Bramble, owned by Glen Wright, \$3.80.

Fourth race, four and a half furlongs in time of 58.2 seconds, with a quinella of \$11.40, Can O Fire, ridden by J. Ward, owned by Vaughn Shriver, \$9.60, \$3.20 and \$2.80; Todrai Jr., ridden by Dave Bramble, owned by Joe Hansen, \$3.20 and \$2.60, and Blue Setee, ridden by Dave Schiewe, owned by Lynn Hart, \$5.00.

Fifth race, 350 yards in time of 18.70 seconds with a double quinella of \$14.40 and \$7.60, Hen House, ridden by T. Hunter, owned by Bert Callen, \$7.20, \$2.60 and \$3.40; Miss War Chic, ridden by G. Wall, owned by Jerry Krajcink, \$4.00 and \$4.60, and Nellie Nap, ridden by C. Brown, owned by Colson and Goicoechea, \$2.60 and \$3.40.

Sixth race, five furlongs in time of 1:03.4 with a quinella of \$21.40, Persian Visitor, ridden by J. Ward, owned by W. R. Harris, \$15.00, \$9.20 and \$6.20; Lord McCaw, ridden by Dave Bramble, owned by Eugene Thompson, \$3.00 and \$2.40, and Bahama, ridden by W. Malsenbach, owned by Harold Drake.

Seventh race, 350 yards in time of 18.45 seconds, with a quinella of \$16.00, Fix Charge, ridden by Dave Schiewe, owned by Charles W. Casperle, \$6.20, \$5.80 and \$3.00; Great Deth, ridden by K. Storey, owned by Have Lane Enterprises, \$6.00 and \$3.40, and Kastencha Boll, ridden by Dave Bramble, owned by Willard Smith Jr., \$3.20.

Eighth race, 350 yards in time of 18.21, which broke a track record, with a quinella of

\$33.60, Knobelina, ridden by D. Bailey, owned by Oel E. Parish, \$10.20, \$5.00 and \$4.00; Rap Bar, ridden by J. Ward, owned by Ronnie Keller, \$9.00 and \$6.20, and Rusty Neilson, ridden by G. Wall, owned by Coa Kowitz, \$3.20.

Ninth race, four and a half furlongs, in time of 57.2 seconds, with a quinella of \$6.80, Active Duty, ridden by C. Huston, owned by Earl Huston, \$3.80, \$3.60 and \$2.40; Flying Wabbit, ridden by Dave Bramble, owned by Z. Roberts and Son, \$7.00 and \$2.60, and F. H. Bob Check, ridden by W. Misenbach, owned by Frank E. Patterson, \$3.60.

Tenth race, five furlongs in time of 1:02.4, with a quinella of \$6.20, Hoop Time, ridden by D. Schwiewe, owned by Mack Sommer, \$4.40, \$2.20 and \$2.20; Paganette, ridden by W. Malsenbach, owned by John Finch, \$3.20 and \$2.40, Mr. Vista, ridden by G. Wall and owned by Morris Waddell, \$2.40.

Races will continue through Sunday.

## Allison Bats Twins Past Senators 5-0

MINNEAPOLIS—ST. PAUL (AP)—Bob Allison slammed two towering home runs and a double to drive in three runs and Jim Perry cut down Washington on five hits as Minnesota beat the Senators 5-0 Thursday.

The victory moved the Twins into a third-place tie with Detroit, two games behind first place Chicago in the American League — pending the outcome of the Tigers-White Sox game Thursday night at Detroit.

Allison belted a hanging changeup from Senator starter and loser Barry Moore 417 feet to left-center field leading off the fifth inning.

Allison also tagged Moore, now 7-10, for a 412-foot homer, his 18th, after Harmon Killebrew singled in the seventh. He also doubled in the eighth.

Jack Hernandez singled home two more Twins runs in the seventh.

Washington, 000-000-0-5-0 Minnesota, 000-010-40x-5-8-0 Moore, Cox (7), Humphreys (8) and Camilli, Casanova (7), Perry and Izuldero. W—Perry, 4-3. L—Moore, 7-10.

Home runs — Minnesota, Allison, 2 (18).

## Trade Causes Scramble For Backup Job

HRAM, Ohio (AP)—The trade of quarterback Jim Nino to the Washington Redskins opens up a three-way scramble for the backup job behind Frank Ryan, the Cleveland Browns' regular signal caller.

"Frank Ryan and Nino are about the same age," Browns' owner Art Modell said Tuesday after the trade was announced.

"Now we will have a number of young quarterbacks who will battle it out."

The Browns swapped Nino, 31, for quarterback Dick Shiner, 25, and a draft choice of a player to be named later.

Cleveland already has two young quarterbacks in Archie Roberts and Gary Lane.

Graham has Sonny Jurgensen in the No. 1 spot and said Tuesday "an experienced backup man is essential."

"Shiner's future is bright, but he hasn't had much to do in the past three years and we wanted someone with experience," Graham added.

Nino, drafted fourth in 1958, will be starting his 10th season in the National Football League. He played behind Milt Plum the first two years, then was traded to the Detroit Lions where he alternated with Earl Morrall in 1960. He won the regular job in 1961.

Nino was traded back to Cleveland in 1962 and started that year until he suffered a fractured collarbone against the Pittsburgh Steelers. Ryan has taken charge since then.

Shiner was drafted seventh by the Redskins in 1964 after playing at the University of Maryland.

## Jones Leads Braves Past Houston 10-2

ATLANTA (AP)—Mack Jones, back in the Atlanta lineup for the first time in a week, hit two home runs and drove in five runs to lead the Braves to a 10-2 victory over Houston Thursday night.

Jones' home runs, his 12th and 13th of the season, drove in three of Atlanta's runs and three more scored on a home run by Rico Carty.

Jones' second homer, a two-run shot, and Carty's three-run blast over the centerfield fence came in the five-run seventh inning. He drove in two more with a double in the eighth.

The victory was the 13th of the season for right-hander Pat Jarvis who has lost four. The loss left right-hander Don Wilson with an 8-8 record.

Houston 000 100 010—2 10 1 Atlanta 001 001 53x—10 10 0 Wilson, Sembera (6), Latman (7), Sherry (7) and Brand; Jarvis, Hernandez (7) and Torre. W—Jarvis, 13-4. L—Wilson, 8-8.

Home runs — Houston, Wynn (28), Atlanta, Jones 2 (13), Carty (12).

## Error Gives Cubs 3-2 Win Over Phillies

CHICAGO (AP)—A two-base error by John Briggs in the eighth inning paved the way for the tie breaking run Thursday and the Chicago Cubs went on to defeat Philadelphia 3-2, snapping the Phillies' eight-game winning string.

Briggs dropped Adolfo Phillips' fly leading off the eighth, and the Cub center-fielder trotted into second. One out later, Don Kessinger's third hit of the day sent him to third and he rode home on a single by Glenn Beckert.

The Cubs jumped out to a 2-0 lead in the first. Kessinger led off with a single and raced to third on Beckert's hit and run single. Billy Williams drove in one run with a single, and Ron Santo sent the other across with a sacrifice fly.

The Phillies came back with one in the seventh, on singles by Rich Allen and Gene Oliver and Billy White's sacrifice fly, and tied it in the eighth on doubles by pinch hitter Doug Clemens and Tony Gonzalez.

Dick Hall, victim of Beckert's game winning hit, took the loss, his seventh in 15 decisions.

Chuck Hartenstein, second of the Cubs' three pitchers, got the victory, putting him at 6-2.

Philadelphia 000 000 110—2 7 1 Chicago 200 000 01x—3 6 0 L. Jackson, Hall (8) and Oliver, Darlymple (8); Gardner, Hartenstein (7), Stoneman (9) and Hundley. W—Hartenstein, 6-2. L—Hall, 8-7.

## Europe Tops Americas In Two-Day Meet

MONTREAL (AP)—Europe, scoring heavily in the field events and getting solid performances from the women, rallied Thursday and beat the Americas' team—heavily United States—169-155 in their two-day track and field meet.

The European team entered Thursday's final events trailing the Americas by five points, 79-74.

The Europeans had one-two finishes in the triple jump, the 800 meters, the hammer, the discus, the 5,000-meter run and the women's shot to pull ahead.

An upset in the pole vault helped the Europeans. Herve D'Encasse of France won it at 17 feet, three-quarters of an inch; Bob Seagren of Los Angeles passed several times and then failed and finished fourth.

The Americas took the 1,600-meter relay in 3:03.6, anchored by Lee Evans, San Jose, Calif., but the Europeans were just too

far in front in the total points. Ludvik Danek of Czechoslovakia led the European sweep in the discus with a throw of 200-1.

Ron Whitney got the Americas off to a fast start, scoring by six yards over John Sherwood of England in the opening event.

## Pirates Down New York By 3-0 Victory

NEW YORK (AP) — Tommie Sisk handcuffed the New York Mets on three hits Thursday night and Bill Mazeroski's homer helped Pittsburgh to a 3-0 victory.

Sisk, 9-9, gave up a single to Tommy Davis in the second inning, then retired the next 12 batters in a row before Met starter Jack Fisher singled in the sixth inning. Jerry Ruckel singled in the eighth. Mazeroski led off the fourth inning with his eighth homer of the season, which sailed into the bullpen in left field.

## Davenport Takes Win As Meet Opens

MONTREAL (AP) — Willie Davenport of Southern University captured the 110-meter hurdles Wednesday as the two-day Europe vs. the Americas track meet opened on a soggy night at Montreal's Expo Stadium.

Davenport, the AAU hurdles champion from Warren, Ohio, turned in a winning time of 1:6.0, one-tenth of a second better than teammate Earl McCulloch of the Long Beach (Calif.) 49ers. Eddie Otzoo of Italy was third in 1:3.8.

Vince Matthews of Johnson C. Smith College, won the 400-meter dash in 4:5.0, one-tenth of a second off the world record. Lee Evans of San Jose State was second in 4:5.2.

Wyomia Tyus, the veteran sprinter from Tennessee State, won the women's 100-meter dash in 11.3, although Poland's Irena Kerszenstein was clocked in the same time.

The first European victory came in the 100-meter dash when Roger Barnback of the French West Indies island of Guadeloupe, handily beat two Americans in 10.2. Willie Turner of Oregon State was second in 10.3 and Jerry Bright of Arizona State was third in 10.5.

## Golfers Are Ready For Opening

AKRON, Ohio (AP) — Leading pro golfers got in their last practice licks on a damp Firestone Country Club course Wednesday in preparation for Thursday's opening round in the \$100,000 American Golf Classic.

There was a light rain Wednesday morning, but the weather cleared later, and the forecast for the four-day tournament was clear and cool.

The players generally agreed that the 7,180-yard course is in fine condition. "It's probably in the best condition it's been in since I started to play here," remarked Arnold Palmer.

Al Geiberger, who is defending his 1965 Classic title, noted that the rough isn't as deep, which he said makes things fairer for such a long course.

Geiberger won \$20,000 in the 1965 Classic and walked off with the \$25,000 top prize in the PGA championship here last year. There was no Classic in 1966 because of the PGA tournament.

About 120 professionals and amateurs are entered in the 72-hole tournament. They play 18 holes Thursday and Friday, with the low qualifying for the final 36 holes Saturday and Sunday.

## Mrs. Undhjem Is Early Leader In Times-News Meet

Mrs. Virginia Undhjem, defending champion from Twin Falls, fired an 80, to take the first round lead in the Times-News Magic Valley Women's amateur golf tournament in Gooding Thursday.

One stroke behind Mrs. Undhjem is Sergene Sorenson, Burley, with an 81.

Helen Priluck and Helen Spradling, both from Buhl, were tied for third place with an 87.

In the first flight, Whanda Henderson, Gooding, has hold of first place with an 87.

Sharon Peterson, Buhl, is in second place with a 90, and Verda Larsen, Gooding, has possession of third place with a 94.

Barbara Harder, Buhl, is on top in the second flight with a 97.

Oleida Hahan, Buhl, and Lera Bruce, Jerome, are both tied for second place with a 97.

Maxine Meadows, Twin Falls, is in third place with a 98.

Louise Hatch, Twin Falls, is in the first position in the third flight.

Louise Anderson, Rupert, is in second place with a 105 and Thelma Webb, Gooding, is in third place with a 110.

In the fourth flight, Justine Messersmith, Jerome, is in first place with a 110.

Ethel Martin, Jerome, fired a 115 to take second place and Lolly Kulm, Jerome, is in third place with a 122.

The final round will begin Friday morning with tee offs beginning at 8:00 a.m.

The tournament will conclude with a ceremony at 2 p.m. at which the trophies will be handed out.

McCormick scattered six hits and locked up his 15th victory in the opener of the four-game series. The third-place Giants are eight games out and cut the Cardinals' lead to 7 1/2 games over Chicago.

McCovey's fifth-inning homer, his 19th of the season, was off loser Ray Washburn.

Hart ripped his 26th homer of the year in the eighth inning.

The Cardinals scored a run in the fourth but blew a chance for a big inning. Curt Flood singled and Alex Johnson walked.

Mike Shannon singled off Jim Davenport's glove, but Davenport recovered the ball and trapped Johnson off second.

Johnson raced for third and Flood was out trying to score. Phil Gagliano got Johnson home with an infield out.

St. Louis 100 100 000-2 8 1

McCormick and Haller; Washburn, Lamabe (9) and McCarver. W—McCormick, 15-5. L—Washburn, 7-5.

Home runs — San Francisco, McCovey (19), Hart (26).

## First-Place Cards Topped By Giants 5-2

ST. LOUIS (AP) — Willie McCovey blasted a three-run homer and Jim Hart a solo smash to back up clutch pitching by Mike McCormick as the San Francisco Giants beat the first-place St. Louis Cardinals 5-2 Thursday night.

McCormick scattered six hits and locked up his 15th victory in the opener of the four-game series. The third-place Giants are eight games out and cut the Cardinals' lead to 7 1/2 games over Chicago.

McCovey's fifth-inning homer, his 19th of the season, was off loser Ray Washburn.

Hart ripped his 26th homer of the year in the eighth inning.

The Cardinals scored a run in the fourth but blew a chance for a big inning. Curt Flood singled and Alex Johnson walked.

Mike Shannon singled off Jim Davenport's glove, but Davenport recovered the ball and trapped Johnson off second.

Johnson raced for third and Flood was out trying to score. Phil Gagliano got Johnson home with an infield out.

McCormick and Haller; Washburn, Lamabe (9) and McCarver. W—McCormick, 15-5. L—Washburn, 7-5.

Home runs — San Francisco, McCovey (19), Hart (26).

**Hinton Drives Indians Over Orioles 2-1**

ry, allowed only five hits, walk-Hinton slashed a two-out double into right field in the 13th inning Thursday night and drove in the winning run in Cleveland's 2-1 conquest of Baltimore.

Vorn Fuller led off the Indians' half of the 13th with a single to left, and the next two went out routinely before Hinton delivered the game winning blow.

Cleveland's Stan Williams went the distance for the victory, allowed only five hits, walking three and striking out 14.

High in the American League this year. It was his second victory against one loss.

Hinton's homer, on Dave McNally's first pitch in the first inning, gave the Indians a quick 1-0 lead, but Dave Johnson of Baltimore matched it with two outs in the second.

The two teams then struggled through 11 scoreless innings before Hinton settled it.

Baltimore 010 000 000 000 0-1 5 0  
Cleveland 100 000 000 000 1-2 8 0

McNally, Drabowsky (9) and Roznovsky; Williams and Sims. W—Williams, 2-1. L—Drabowsky, 7-2.

Home runs—Baltimore, Johnson (6). Cleveland, Hinton (6).

SINKING A BIRDIE PUTT is Rex Baxter Jr., Houston, Texas, on the 18th green during the first round of the American Golf Classic. Baxter took the lead after the first round with a four under par 66. (AP wirephoto)

## U.S. Swimmers Likely To Smash Records At National AAU Meet

By JERRY LISKA

Associated Press Sports Writer CHICAGO (AP)—America's Olympics — pointing aquatic forces, who nearly boiled the water out of the Pan-American Games pool at Winnipeg, launch another likely record-smashing foray in the National AAU men's outdoor swim championships Friday.

A huge field of more than 400 mermen, headed by world record holders Mark Spitz and Don Schollander of the Santa Clara (Calif.) Swim Club, will compete in the three-day, 18-event program at suburban Oak Park's new 50-meter pool.

Among the defending champions in 14 events, 17-year-old Spitz and 1964 Olympic star Schollander arrive fresh from world record performances at the recent Pan-Am Games in which the USA copped 14 of 17 men's gold medals and accounted for five World Records.

"We were just peaking up for the AAU meet," said Spitz, who topped the world 200 meter butterfly record with 2:06.4, equalled his pending 56.3 world mark for the 100 butterfly and won three other gold medals in relays in the Winnipeg Show.

"We may not break world records in the high-altitude Olympics at Mexico City next year, but they sure could fall in this meet and the Olympic trials."

Spitz, who beat Schollander in the 100 meter free style tests to determine a Pan-Am relay team berth, makes no secret of the fact he hopes to outshine Schollander as swim-king of the 1968 Olympics. In the meet here, Schollander is seeking his third AAU triple.

Schollander, Yale ace who won four gold medals in the 1964 Tokyo Olympics, is the AAU's defending 100, 200 and 400 meter champion. At Winnipeg, the 21-year-old powerhouse from Saratoga, Calif., slashed

his own 200 free style world record to 1:56.0 and added two more Pan-Am gold medals in relays.

In the 400 meter free style which neither swam at Winnipeg, Spitz holds a pending 4:08.8 World Record against Schollander's listed 4:11.6.

Pan-Am winners who also will defend AAU titles include Charles Hickcox of Indiana U in the 100 and 200 backstroke and Mike Burton of UCLA in the 1,500 meter.

## Baxter Takes Early Lead In Golf Meet

By JOE MOOSHIL

Associated Press Sports Writer AKRON, Ohio (AP) — Rex Baxter Jr., who has only one tournament victory to his credit in 10 years as a pro, conquered treacherous winds Thursday to shoot a blazing 34-32-66, and take the first round lead in the \$100,000 American Golf Classic.

While his more illustrious opponents were struggling over the 7,180-yard Firestone Country Club course, playing longer than usual because of a brisk north wind and recent rains, Baxter dropped six birdie putts, including a pair of 40-footers on successive holes.

The 31-year-old Texan, surprised at his own showing, needed only 28 putts and missed tying the course record by one stroke.

Baxter's only tournament victory came in 1963 when he won the Cajun Classic. He also won the NCAA championship as an amateur in 1957 and was a member of the Walker Cup team last year.

Baxter's brilliant round put him three strokes ahead of the field, of which only five others managed to crack par of 35-35-70.

Bunched at 69 were George Archer 35-34, Billy Martingale 36-33, Jack McGowan 34-35, Bill Collins 38-33, and Randy Glover 36-33.

U.S. Open champion Jack Nicklaus and the great Arnold Palmer matched par with 70s.

Following Friday's second round of the 72-hole tournament which ends Sunday, the field of 124 will be cut to the top 70 professionals and ties. Top prize in the classic is worth \$20,000.

**ELECTED**  
SARATOGA SPRINGS, N.Y. (AP)—George D. Widener, honorary chairman of the Jockey Club and the New York Racing Association was elected to another term as president of the National Museum of Racing.

### Hansen Joins Rep. Ford In Criticism

WASHINGTON, D.C. (Special) — Congressman George Hansen said Wednesday that Defense Secretary Robert McNamara's reply to House Minority Leader Gerald Ford's criticisms of our "no-win policy" in Vietnam was no reply at all.

Hansen had joined Ford yesterday in Ford's major address before the House of Representatives, in which he strongly criticized the administration's handling of the war in Vietnam.

Hansen said McNamara's statement that Ford's speech "completely ignores the basic objectives of the air campaign against North Vietnam," completely evades the fact that Mr. Ford's entire speech was devoted to questioning those objectives.

He added, "Rep. Ford raised some very valid questions as to our conduct of the war—questions that have been building in the minds of the American people for some time. He and the citizens of this nation deserve a straight answer, not a mere restatement of the procedures to which he was objecting."

The convention opens Friday, Sept. 8, with registration, golf tournaments, swimming and other sports. The annual Governor's Banquet will be held that evening.

The business session will be held the following morning, and at night a "Dress Western" old-fashioned barbecue is planned at Trail Creek Cabin, with music provided by the Hap-Miller Orchestra.

The convention will end Sunday, Sept. 10, with non-denominational memorial services and the Idaho Fellowship Luncheon.

Roy Haley, Pocatello, and Harry DeWalt, Alameda, presidents of the two host clubs, will work with Russell Humphreys, past president of the Pocatello club, on the convention committee.

The convention executive committee includes District Governor John Clawson, Mr. Humphreys, Mr. DeWalt, Mr. Haley, Leroy Olsen, Provo, district secretary; Horace Nelson, Pocatello club secretary, and Lt. Gov. Karl J. Ferrin, Blackfoot.

### Utah-Idaho Kiwanis Meet Is Scheduled

SUN VALLEY—The 48th annual Utah-Idaho District Convention of Kiwanis International will be held Sept. 8-10 here, it was announced Wednesday by the Pocatello Kiwanis Club, co-host with the Alameda Kiwanis Club for the event. Over 700 delegates and their wives from the two states are expected to attend.

The convention opens Friday, Sept. 8, with registration, golf tournaments, swimming and other sports. The annual Governor's Banquet will be held that evening.

The business session will be held the following morning, and at night a "Dress Western" old-fashioned barbecue is planned at Trail Creek Cabin, with music provided by the Hap-Miller Orchestra.

The convention will end Sunday, Sept. 10, with non-denominational memorial services and the Idaho Fellowship Luncheon.

### Arguments In Perjury Trial Nearing End

NEW ORLEANS (AP) — Dean Andrews, charged with perjury in Dist. Atty. Jim Garrison's investigation of the Kennedy assassination, prepared to fight for final arguments in his fight to oust Garrison as prosecutor in his case.

Andrews, 44, summoned as witnesses three major probe figures: insurance salesman Perry R. Russo; Dr. Esmond Fatter, a specialist in hypnotism; and coroner Nicholas Chetta.

"I hope to bust something loose someplace," said Andrews, a lawyer who is handling his own defense. "Fat man's got to go to the whip!"

If the motion to oust Garrison and his assistants fails, Criminal Dist. Court Judge Frank J. Shea planned to get started as soon as possible on picking the five-man jury.

Since the trial started Wednesday, Andrews has had a difficult time.

Time and again his questioning of the some 20 witnesses he called was cut off as irrelevant, leaving Andrews in blank frustration.

### F11H Airplane Develops New Problems

NEW YORK (AP)—The controversial F11H airplane, about to be deployed in Vietnam, has developed new technical problems, including excessive vibration, the New York Times reported today.

The Times, citing military, congressional and industrial sources, said the F11H, the Air Force version of the two-service plane, had experienced an excessive vibration problem, particularly as it approached the speed of sound in flight.

One source told the newspaper the vibration was so severe under certain conditions that the pilot had difficulty at about nine-tenths the speed of sound in reading his instruments, and in some cases, he said, "they were shaking the shackle pins of the bombs."

But the Times article by Hanson W. Baldwin reported an engineer familiar with the swing-wing plane's development problems said the vibration difficulty had nothing to do with the aircraft's basic structure or design, but the lack of stiffness and bracing of certain racks.

In Washington, the Times said, an Air Force source maintained that the plane had no problems that would handicap its tactical performance. And fliers insisted it will become a good combat aircraft although it may not meet all the original specifications, the newspaper said.

The Times reported that December or January appear to be the target dates for putting the planes in Vietnam if present alterations are successful. It had been hoped that the planes would be in use this fall.

### Saturday, August 12 BEST BETS FOR MOVIES

7 p.m., 25L, 2B, 8—"Wings of Fire" (1967) A slick, made-for-television sick flick, this film about daredevil pilots is remarkably lacking in anything that would connect plot and title. Alas, not even sparks fly, not to mention fire, as we watch a "headstrong" lady pilot enter an international air race to (1) win money and (2) soothe the hurt caused by an old boy friend who has returned home a married man." Suzanne Pleshette and James Farentino star.

### HERE AND THERE

Pistols 'N' Petticoats—A lightly amusing, generally enjoyable series featuring tough-eyed grandama, sleepy-eyed grandpapa, doo-eyed granddaughter—and blank-eyed-boy-friend-sheeriff. The performances of Douglas V. Fowley and Ruth McDevitt as the older Hatfaks are purely delightful, aided and abetted by Carole Wells as the proper granddaughter. Only one complaint: the bumbling antics of the blank-eyed sheriff wear thin with even the most devoted of viewers. And a jolly "Oh, Harold!" to you, too!

### Boys' Staters Address Filer Club

FILER—Boys' State representatives, Steve Ryals and Richard Pedrow, spoke of their experiences at the spring sessions in Boise to Kiwanis Club members at their Tuesday luncheon meeting at the Methodist Church.

Ryals told of the elections held during the assembly and Pedrow explained the mock legislation sessions at which he had served as one of the representatives.

Tom Chandler, the third Boys' State delegate, was unable to be present at the Kiwanis meeting. Col. E. O. Harshbarger introduced the boys.

Lee Robbins, soloist, and Edward Thomas, accompanist at the Magic Valley Crusade now in progress, were introduced to members. Rev. Glen Parish, pastor of the First Baptist Church, announced Thursday is Kiwanis night at the Crusade and the "Singing K's," Burley, will sing.

Next Tuesday will be the annual family picnic of the Kiwanis and there will be no noon meeting of the club. The picnic will be at 7 p.m. at Nat-Soo-Pah and transportation will be furnished by a LeRoy Fleenor bus which will leave Central School at 4 p.m.

Interclub guests from Twin Falls were Gene Hull, Jack Threlkeld, Harold Cook, Tim Spanbauer, and Armour Anderson. Other guests included Gene Todd, Othello, Wash., Ted Probert, Terry O'Rourke and John Kennedy, all Boise, and Lynville Brown, Terry Thurman, C. J. Boss, Dick Miller, R. W. Wilson and Duane Hardesty.

DAMAGE SET  
JERUSALEM (AP) — Damage to civilian buildings in Israel in the June 5-10 Arab-Israeli war amounted to \$2.5 million, Housing Minister Marcel Ben-Dov told newsmen, and a considerable part has been repaired.

Recent activities of the local club include the first kids' night held at Connor's Cafe with 60 attending, and the annual family night held at the new Heyburn park.

### Masterpoint Is Played By Club

Masterpoint was played at the Wednesday afternoon meeting of the Magic Valley Duplicate Bridge Club.

North and south winners were Mrs. Don Ransom and Mrs. Herb Burgess, first; Mrs. H. G. Lash and A. W. Frantz, second; Mrs. L. M. Hall and Mrs. Artell Kelly, third.

East and west winners include Mrs. C. H. Welther and Mrs. W. C. Kays, first; Mrs. John Hahn, second, and Mrs. A. D. McMahon and Mrs. N. R. Towle, third.

East and west winners include Mrs. C. H. Welther and Mrs. W. C. Kays, first; Mrs. John Hahn, second, and Mrs. A. D. McMahon and Mrs. N. R. Towle, third.

### Hard Way

MERCER, Pa. (AP) — "I wanted to cross the country in the toughest way I know how," says muleskinner Jean DeHaven.

So the 38-year-old South Dakota rancher is traveling behind a 20-mile team. They're headed for Expo '67. He set out from Death Valley, Calif., on April 1 last year with his wife, son, four daughters and seven other men.

"We cover about 20 miles a day and put in about 16 to 20 hours," he said. "The aggregation wintered in Westington, S. D., and moved out again this spring."

### Glenns Ferry Lions Club Slates Meet

GLENN'S FERRY — The Glenns Ferry Lions Club set the next dinner meeting for 7 p.m. Aug. 22, when they met in the Hanson's Cafe Tuesday.

At 8 p.m. the meeting will adjourn to the Glenns Ferry City Hall to attend the city council meeting where the forthcoming sewer bond election will be explained.

George Soto reported that Simplot-Solbuilders will furnish two new tires for the community ambulance, and Chem Carpenter reported that the Glenns Ferry Insurance Agency will furnish two more.

According to Brent Taylor, the Lions will donate coolers for the feature race winners during the Elmore County Fair. Winning horses of the feature races each day will be sporting the new blankets.

This fall the Lions will be selling Live, Inc., products again, early in October. This project alternates with the light bulb sale, Taylor said. Along with the Live articles, the Lions will have for sale a zip code booklet containing U.S. Post Office zip codes for the convenience of local residents.

## LEO RICE'S CHEVYLAND GOODING

Open Evenings & Sundays

# NOTICE! WE WANT TO BE THE LEADER

We believe Twin Falls should be the home of the largest volume automobile dealer in Idaho. To do this, we must sell more cars and trucks than any other dealer. Therefore, our prices must be lower and our service better than the others. This will mean greater savings to you — the buying public — as our overhead is low and we need less profit per unit sold.

Our pledge to you: Our personnel will be more willing to co-operate with our customers — to be honest at all times in our dealings with the public. We will not hide finance charges, balloon payments, or down payment loans.

If there is any possible way to make you a deal on the automobile of your choice, we will be more than happy to oblige.

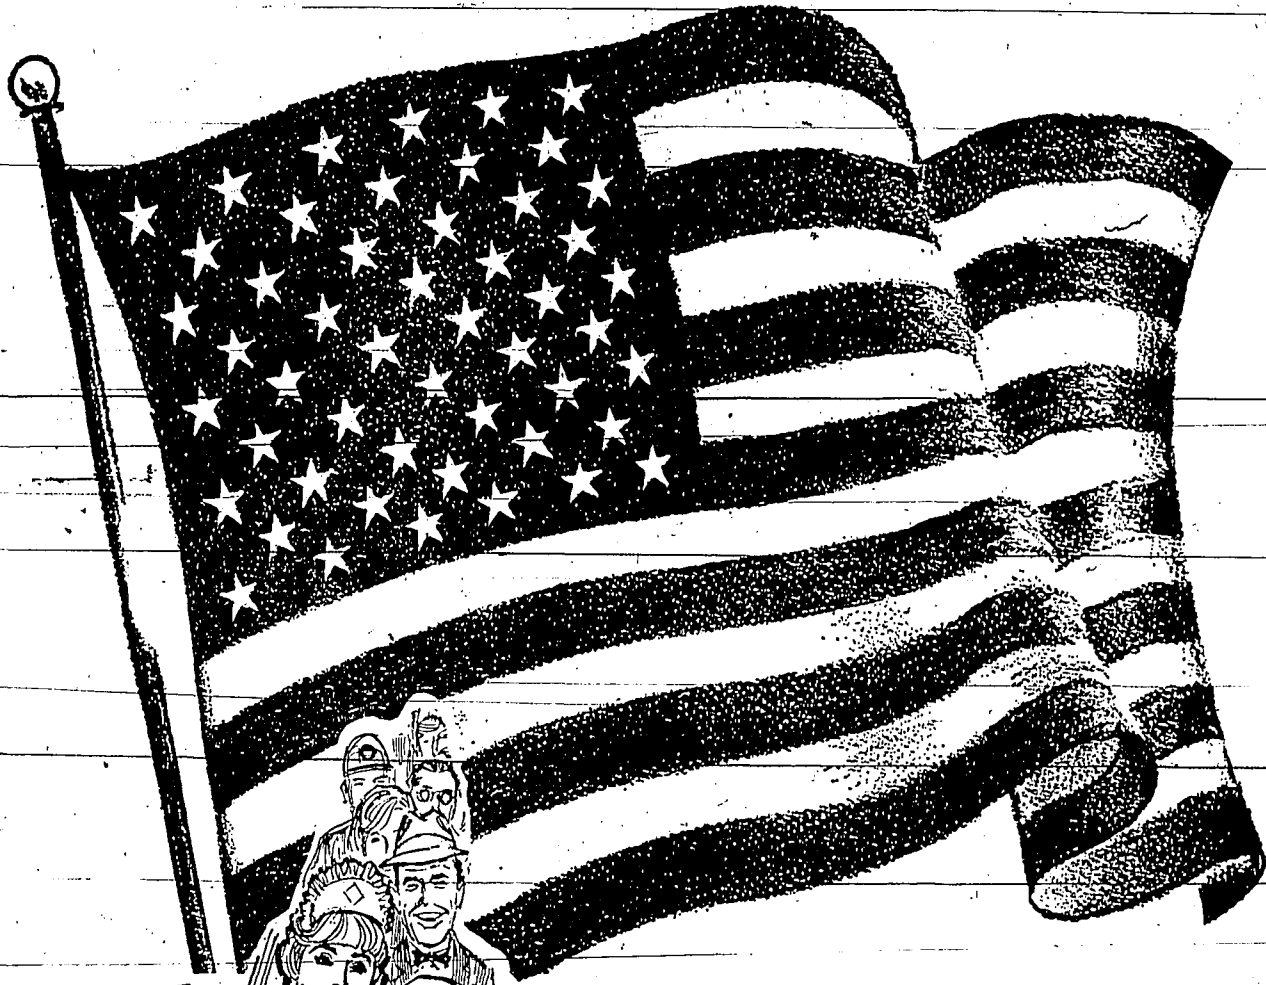

It is our sincere desire to make Glen Jenkins Chevrolet the best place to buy a new or used car.

Deal with the leader. For 38 years your local Chevy dealer.
